PRICE FIVE CENTS

Railway Workers And Managements Finally Agree On Full Pay Restorations

U. S. ENVOY QUESTIONS JAP

Twinkles

Tear gas pencils may be all right for policemen, but reporters will just have to worry along with the lead variety.

Still, a gas pencil might come in handy if somebody wanted to whip the reporter.

Tear gas in pencils is new, but pencils have written many persons to tears for generations. The ordinary pen is mightier than the sword, but not in handling a drunk.

After hearing a few baseball crowds this season, we judge that the old-time vociferousness of the players and fans are newly forgotten, and no better substitute has been found.

Maybe the influence of the movies isn't as great as many of us have assumed. Despite the frequent showing of bathroom scenes, sales of bath-tubs in the "sticks" have not greatly increased in recent years.

Brevitorials

Musings of the moment: Back home we're glad to exchange views of scrub cedar and mesquite for the cool, green, wheat lands. Somehow, we've always had a distaste for red sand and scrub timber. We'd rather have no timber than that of the scrubby variety.

A reward ought to be offered to somebody who will devise something new in conventions. The old types were and are good in their way, but all conventions now are too much alike. Conventions are all alike, and the same thing is said of them, which may account for much of the whoopee generated to "pep things up." Just when a speaker warms up to his subject—after nonsensical preliminary—he is shut off and some silent entertainers are presented. However, many speakers cannot be too quickly silenced. What we don't like is the formally and lack of down-to-brass-tackness in conventions.

BACK home

We've been conventioning in Colorado, which is a nice, lively town of 5,000 about 300 miles west. The Lions of West Texas met, dined, danced, and roared. There were good speakers, excellent amateur entertainment, and profit and fun for all. But it was "just a convention" as conventions go and was inspirational chiefly through furnishing the information that business men are genuinely interested in the unfortunate and in the welfare of their fellow men.

WHO WAS FIRST IN AMERICA?

By Joseph Nathan Kane
Author of "Famous First Facts"

What president was first to protest an action by Congress?

Where was the first vaudeville house built?

When was the U. S. naval uniform first standardized?

Answers in next issue.

Settlement Of Two Strikes Is Sought Directly

By The Associated Press.

Settlements of two of the nation's major labor disputes, in the railroad and automobile industries, were approached today through direct negotiations.

The deadline for reference of the railway wage controversy to federal arbitration was extended to midnight tonight by agreement of union leaders and managers. They continued their own conferences.

An early end to strikes and disorders at the Fisher Body company plants in five cities was seen as a possibility by E. S. Johnson, NRA administrator, announced.

"The Fisher body people have assured me that they are willing to deal with the representatives of their employees."

Nearly 12,000 are out at Fisher plants in Cleveland, St. Louis, and Tarrytown, N. Y., while disturbances have affected the plants at Kansas City and Janesville, Wis.

Cleveland's gasoline pumps, serving the tanks of 250,000 motorists, ran dry as filling station attendants and independent dealers lightened their strikes lists.

The front lines of the 21,000 Birmingham, Ala., coal miners were back at work under the new NRA scale of wages and hours.

Every large mine in western Kentucky, however, was shut down and operators, protesting that they could not afford the new scale, estimated 15,000 miners were idle.

Answers to Previous Questions

MRS. KEPLER was graduated from the Union College of Law, Chicago, on June 30, 1876. The idea of motorcars shall originate in 1809, but was not approved by the Post-Office Department until 20 years later. About \$2,000,000 was spent in developing the machine. "Old No. 9" was rebuilt by a reconstructed day coach, about half the original length.

DEDUCTION TO BE RESTORED BY JUNE 1935

FIRST BOOST IN WAGES WILL TAKE PLACE ON JULY 1

WASHINGTON, April 26 (AP)—Railway labor and management agreed today to a restoration of the full pay of the workers on April 1, 1935.

In compromise agreement after a long series of conferences between the railway labor executives association and the conference committee of managers it was agreed that the ten per cent deduction from checks of the workers which has been made for the last two years should be gradually restored during the next year.

The employees will receive a restoration of 2 1/2 per cent on July 1 of this year; 2 1/2 per cent on January 1, 1935, and the remainder on April 1, 1935.

The agreement came after negotiations started March 1 apparently failed and Joseph B. Eastman, federal coordinator of transportation had announced that his efforts at mediating the situation had failed. Eastman withdrew last Saturday and on Monday the managers and labor got together unexpectedly and worked out the compromise.

Buckingham, Son And Father, Out On Their 'Pins'

The members of the Howard Buckingham family are hors de combat (out of battle) for the time being and Mrs. Buckingham is the busiest woman in Pampa. Her two men, Howard Sr. and Howard Jr., are on crutches and purportedly as cranky as a couple of bears that woke up too early in the spring.

Howard Jr. suffered a leg fracture while playing at school a couple of weeks ago. "Papa Howard," not to be outdone, duplicated the feat Monday. Mr. Buckingham was climbing to the top of a gasoline car when the ladder pulled loose, throwing him to the ground. He suffered an ankle fracture and bruised side. He was able to be down to the office this morning.

Mrs. Buckingham reports that her hardest job is "keeping track" of the two pair of crutches. Her two "bears" try hopping about and forget where they leave their "limber."

Was It Prank?

Arrested for writing threatening letters to Mrs. Sarah H. Joslyn, above, richest woman in Nebraska, demanding \$1,000, two Oklahoma university students, Edward Mayfield, 18, Omaha, left below, and John E. Flanagan, 17, New York, right, declare it was all a prank. They were trapped with a dummy package.

WIRT'S CLAIMS HELD BASELESS BY COMMITTEE

3-2 Majority Hold Opinions Were Not Proved

WASHINGTON, April 26 (AP)—The Bulwinkle committee today adopted a report to the house holding unfounded the claims of Dr. William A. Wirt that administration "brain trusters" were working for a "revolution."

The vote was 3 to 2, the majority of democrats agreeing to the conclusion that Wirt, a Gary, Indiana, teacher, had not proved his contentions.

The two republican committee members, Representatives McGugin of Kansas and Leitch of New Jersey, reserved the right to file a minority report contending the committee had not made a thorough investigation of Dr. Wirt's allegations.

Both reports are to be submitted to the house next Wednesday. Chairman Bulwinkle (D., N. C.) said, adding that they would not be made public before then.

It was understood, however, the majority opinion reviewed Wirt's assertions and told how they were based largely on conversation at a dinner in Virginia last September 1. Then, the majority report will point out, the other six guests at that dinner denied quotations attributed to them by Wirt.

No FERA Labor Can Be Used on Private Premises

Although no FERA aid is expected to be available for consideration of leasing spaces about the city, subscriptions now being taken will make the project possible on a revised scale.

It was learned today that no FERA labor will be permitted on private property.

It is planned that free parking spaces will be leveled, calched or graveled, and markers placed. The congestion in the business district with respect to parking will be eased considerably under the arrangement.

the Weather

WEST TEXAS: Partly cloudy, colder in west and north portions tonight. Friday, partly cloudy, colder in southeast portion.

BANK LOOT IS RECOVERED IN BANDIT'S CAR

'FRESH OUT OF MONEY, WHISKEY, WOMEN,' SAYS RAY

DALLAS, April 26 (AP)—Clanging jail doors slammed shut here today on Raymond Hamilton, abruptly ending the dapper outlaw's futile efforts to make crime pay and confronting him with a possible death penalty in his impending trial for looting the Grand Prairie State bank of more than \$1,500 on March 19.

The robbery with firearms charge against him for that hold-up carries a maximum penalty of death in the event of conviction and state authorities say they will seek to have the capital sentence imposed at his trial Monday on the 20-year-old Dallas gunman, whose activities with the Clyde Barrow gang of desperadoes made him one of the most-wanted fugitives of the nation.

When two deputy sheriffs and another man blocked his road late yesterday at Howe, seven miles south of Sherman, and ordered his surrender for his latest offense against society, Hamilton and his accomplice in the hold-up two hours before of the First National bank of Lewisville gave up without a sign of resistance.

Acting quickly after Hamilton's capture, officers took into custody at Amarillo his alleged woman companion of more affluent days—Mary O'Dare—she was occupying a hotel room there with another man. Officers rushed her to Dallas and will question her closely concerning Hamilton's activities.

The capture of Hamilton accidentally cost the life of Howard Gunter, special deputy, whose skull was fractured in an automobile accident as he was driving the stolen car Hamilton had used in the Lewisville robbery, into Sherman. Gunter had been driving behind a car load of officers, which halted suddenly. Gunter lost control of his machine and crashed into the car ahead and careened into a road-side railing, being thrown headlong to the pavement.

Judge Noland D. Williams ordered a special venire of 300 men to report Monday morning for jury service for Hamilton's trial. District Attorney Robert Hurt announced he was ready to demand, and expected a jury to assess in short order, the death penalty against the fugitive bandit who has challenged the whole law enforcement agencies of the southwest in recent months.

Denton Holding Brooks, Denton county authorities acquiesced in the request of Dallas county officials to bring the fugitive here. However, they held in custody there for trial T. R. Brooks, who sat in a stolen automobile waiting for Hamilton while he alone rifled the cages of the Lewisville bank of approximately \$2,200 and who fled in the same car and

Recall Sought

BOY SCOUTS TO HOLD ROUNDUP HERE SATURDAY

Athletic Program Is To Be Feature of 'Circus'

TENNIS, archery, and baseball will open the annual Boy Scout roundup and circus as troops arrive Saturday at the school campus at 12:45 p. m. and will go in a body to La Nora theater, where they will give of the management at a free party.

A big parade led by the McLean Scout band will begin at the school campus at 7:30 p. m. and will go in a body to La Nora theater, where they will give of the management at a free party.

Various troops will have exhibits of their work in local vacant buildings and in show windows.

Troops are to register at Boy Scout headquarters in the city hall as they arrive. Movies of Scout activities during the day will be taken by Lawrence Myers for later showing.

Late News

BOSTON, April 26. (AP)—The Boston Globe says that a large quantity of the money which Colonel Charles A. Lindbergh paid to the kidnapers of his 16-month-old child, who later was found dead, has been recovered in New England. The amount recovered totals more than half of the \$50,000 paid and was found in blocks of \$4,000 and \$5,000, the Globe says.

QUAPAW, Okla., April 26 (AP)—A youth whose victims said he "behaved very nicely, for a robber," took an undetermined sum of money from two women employees in the bank of Quapaw today.

WASHINGTON, April 26 (AP)—In a final argument before the case of Bishop James Cannon, Jr., was given to a jury, his attorney today declared there had "grown up during the last three years a hatred" on the part of government counsel and "a desire to unfrock him, humiliate him, break him like a chaff from the clouds."

TUCSON, Ariz., April 26 (AP)—A second ransom note was delivered shortly before noon today to Bernabe Robles, grandfather of six-year-old June Robles, kidnaped yesterday, offering to reduce the abductors' demand from \$15,000 to \$10,000 "if you act quickly."

GIRL KIDNAPED AND HELD FOR CASH RANSOM

DAUGHTER OF NOTED SPANISH FAMILY IN ARIZONA HELD

TUCSON, Ariz., April 26. (AP)—Kidnaped and held for \$15,000 ransom, six-year-old June Robles was sought today by the same police officers who captured John Dillinger and they were aided by scores of ranchers and grim-faced cowboys with six guns.

The little girl was abducted yesterday afternoon as she was returning from school. A man drove up beside her in an automobile, called to her and then sped away when she entered the car.

Two hours later Rosalio Estrada, a small boy, brought to the girl's father, Fernando Robles, member of a wealthy old Arizona family, a roughly printed note which demanded \$15,000 for the release of his daughter and warned the father not to report her abduction to authorities.

Disregarding the threats, Robles called in authorities and word of the girl's kidnaping spread quickly. Ranchers and cowboys quickly offered their services in the search for the granddaughter of Bernabe Robles, wealthy Spanish rancher of a family that has lived in this vicinity since the Spanish land grant days. His ranch nearby has been a landmark for 50 years.

The Morgan McDermott Post of the American Legion was ready to mobilize its members to aid in the far-flung search for the little girl.

Late last night three unnamed police officers were taken into custody after a newsboy said they resembled the trio who offered him \$10 to take a note to June's father. Police said the men admitted accosting the newsboy, Leon Castor, but declared their actions were a "practical joke." Two of them were released by police, who indicated the third would be freed later.

With every road in this vicinity watched, authorities searched every corner of the city with the same determination that a few months ago they captured Dillinger, notorious mid-western desperado, and three of his companions.

Pampans Will Go To Skellytown's Program Tonight

Hamilton's Girl Got No 'Dough' And They 'Blew'

Pampans tonight will furnish a program at Skellytown high school for the benefit of the Girl Scouts of that community.

The Woodrow Wilson Kid band will play a concert and the prize-winning cast of Pampa high will present the one-act play, "Smoke-screen." Alvin Rothschild will be heard in novelty numbers.

Admission for the program will be 10 and 25 cents. There will be no other expenses to trippers and others in the audience. Business men of Pampa and other citizens are urged to have their cars at the city hall at 7:30 o'clock tonight to provide transportation to Skellytown.

It will be a thoroughly enjoyable program, and one that has been well advertised by Skellytown people.

Numbers by the Kid band have been announced as follows:
Good-bye Blues, theme song.
Vagabond March.
Song of the Rose.
Tap dance, Frankie Lou Keehn.
Transcontinental March.
Throw Another Log on the Fire.
Adagio dance, Lela Pearl Baldwin.
Fuddin' Head Blues, solo by Betty Cree.
Neptune Overture.
Tombone Toboggan.
Good-bye Blues.

Convention Tales Related to Lions

Pampa Lions today heard varied reports of the district convention attended at Colorado Monday and Tuesday by eleven members of the club.

Reports were made by R. J. Hagan and Olin E. Hinkle. Lion J. S. Pittman of Wichita, Falls, entertained the clubmen with well executed piano solos. Dr. R. A. Webb was program chairman.

Faces Charge

'MOLL' CAUSED RAY TO 'SHAKE' CLYDE BARROW

Charged with exacting political contributions from persons forced to ask for federal relief work, Gov. William Langer of North Dakota, indicted on two conspiracy charges with eight of his aides, is shown here as he left the Fargo federal building, after pleading not guilty on his arraignment.

AMARILLO, April 26 (AP)—Raymond Hamilton and Clyde Barrow "split up" when Barrow refused to give Mary O'Dare, admittedly Hamilton's "moll," a share of the loot from the Lancaster bank robbery, according to the girl's story to officers.

Hamilton's Girl Got No 'Dough' And They 'Blew'

Sheriff W. N. Adams said two Texas rangers who spent three days and two nights in a hotel room with the O'Dare woman and her husband, waiting for Hamilton to put in his appearance, told him the girl talked freely of her adventures with the bandits.

She told the rangers, Adams said, that she and Hamilton traveled with Barrow and Bonnie Parker until the disarrangement. She said Hamilton sent her to Amarillo last Saturday when she refused to "live on the highways with him like Bonnie Parker is doing with Barrow."

"Barrow is yellow, and will kill anybody without warning or reason," Adams quoted the girl as saying. "Hamilton wouldn't kill anyone unless he had to do it."

Besides the two rangers who stationed themselves in the room with Mrs. O'Dare last Monday, another ranger and a special investigator rented a room across the hall, and still another officer obtained the room just above the one occupied by the girl. The vigil of three sleepless days and nights was ended when Hamilton was captured near Sherman yesterday.

Informed that Hamilton intended to rob "another bank," the officers surmised that he led the robbery at Levelland, Texas, yesterday afternoon. Amarillo and Potter county officers were watching the highway for him when word of his arrest was received here.

The rangers then came out of hiding, bringing the girl with them.

DRAKE ESTATE AGAIN LONDON, April 26 (AP)—The assertion that "an American racket" in connection with the so-called Drake estate was being worked in England was made in the House of Commons today.

UNITED STATES TO STUDY NEW 'YELLOW PERIL'

AMBASSADOR CALLS ON FOREIGN MINISTER IN TOKYO

By GLENN BABB
Associated Press Foreign Staff

TOKYO, April 26. (AP)—American concern over Japan's declared intention to oppose occidental dealings with China which from Japan's own viewpoint "endanger the peace of Eastern Asia" found official expression today.

The United States attitude was carried to Foreign Minister Koki Hirota by the American ambassador, Joseph C. Grew.

Although the ambassador, according to the foreign office version of the interview, delivered no note and made no representations, merely requesting an authoritative version of Japan's restatement of policy toward China—the visit profoundly impressed Japanese officialdom.

Tokyo government leaders were impressed particularly because Grew's visit indicated Washington intends a further thorough study of the declaration, necessary in April 17, before deciding on its course.

Additional significance was attached to the call in high circles here because it followed close upon a visit made yesterday by Sir Francis Lindley, British ambassador.

There was wide speculation in Tokyo on whether an Anglo-American understanding exists concerning Japan's intentions under her restated policy toward China, although dispatches from London said Great Britain had no intention of acting with any other power in connection with the situation in the far east.

Ambassador Grew asked whether the English translation of the April 17 declaration and restatement of policy as published in Tokyo was accurate.

Hirota countered that the declaration was no official and hence there was no authoritative translation was no official and hence no side supplying an accurate version. The interview lasted 15 minutes.

Expect Spanish President Will Resign Office

MADRID, April 26. (AP)—President Alcala Zamora, fighting to avert civil war, will resign today, it was indicated, if such a drastic step is deemed necessary in the governmental crisis gripping Spain.

With a state of alarm in effect throughout the nation, threats of strikes and riots flared among extremists on many sides.

Orles came from both leftist and rightist elements demanding the president step out on the heads of the cabinet, which resigned yesterday.

In this situation, the president was confronted by almost insuperable difficulties in his attempts to form a government so succeed that of Alejandro Lerroux.

I SAW--

An letter to Jimmie Weir, which stated, "... will sell clubs but would prefer to sell to one who can use same, however will be pleased to give you instructions at 25c per hole. ... hope by middle of summer you will be able to break the 100 mark."

Call NEWS If Your Paper Is Not Received

MUNITIONS PROBE TIMELY

The part that makers of arms and munitions of war have in encouraging strife in various countries might well be investigated by all countries. War should not be encouraged for private gain. Making of weapons is something which must no longer be an entirely private enterprise. From machine guns to war tanks, it must be kept in hand.

Modern warfare, which uses munitions at an almost infinitely greater rate than was the case a generation ago, simply increases those profits to astronomical proportions.

Everybody has known this all along. But so far no government has taken any very definite step to find out just how this relationship of public fighting to private profit may affect a nation's chances for keeping the peace.

An article in the current issue of Harper's Magazine by John Gunther touches up a few of the highlights of this situation.

He points out, for instance, that when the Japanese fought the Chinese at Shanghai a couple of years ago, the Japanese soldiers "took a one-in-three chance that if they were killed or wounded, bullets made for profit by their own countrymen would do the job."

He points out, also, that German munition makers helped finance the rise of Hitler—because, obviously, Hitler in power meant more business for the munition arms.

As a matter of fact, munition makers in France and Czechoslovakia are strongly suspected of having contributed to the Nazi campaign funds—for the same reason.

What all this comes down to, of course, is that there is a strong vested interest in the world which derives vast financial advantage from war and preparation for war.

Continued peace means bad business for these people; real disarmament would almost ruin them. Mr. Gunther puts it bluntly as follows:

"Two hundred-odd firms in the world earning cold cash profits on smashed brains or smothered lungs make it clear that disarmament, fundamentally an industrial problem, is impossible to achieve under the present economic system."

Maybe that language is a trifle strong. In any case, the senate will do the nation a vast service if it looks into the whole subject very thoroughly.

Minister Saved From Bandit By Prayer, He Says

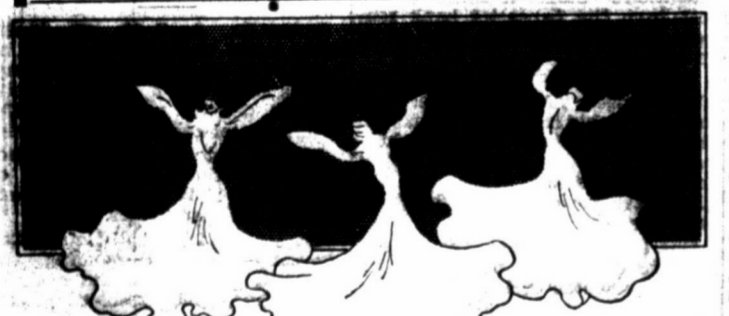

AMARILLO, April 26 (AP)—The Rev. B. R. Oppor, missionary to the Cuban and India general mission, was late for service in Amarillo last night, having been detained by a bandit, in Colorado.

Prayer saved his life, the minister said. "Just out of Pueblo I picked up a hitch-hiker," the Rev. Oppor said. "After we had gone about 10 miles, he drew a gun and commanded me to drive up a side road. When we came to a gate he got out and commanded me to follow. But I refused."

"Before he counted ten he stopped and said, 'I can't kill you. I offered to throw away his gun if I would not report him to officers. I let him out at Walsenburg.'"

A portable rooster for turkeys, mounted on wheels so that it can be moved by horses, has been constructed by a Colorado turkey raiser to keep his birds healthy.

SALMON
RETURN TO THEIR INLAND STREAM WEEPING GROUNDS TO A SWIM BECAUSE THERE IS MORE OXYGEN THERE FOR THEM YOUNG.

DISSOLVED oxygen is necessary to every individual of the waters of the globe, and the young salmon requires a greater amount than is found in the water of the ocean. It is for this reason that the salmon tribe fights its way back over seemingly insurmountable barriers to fresh water.

OUT OUR WAY By WILLIAMS

Chevrolet Outsell Other Cars

The Culbertson-Smalling Chevrolet Co. which has operated in Pampa for several years is offering the new 1934 Chevrolet Master and Standard Six's "The Great American Values." The Chevrolet has in 3 of the last 7 years outsold all other cars. The 1934 model, which is being shown by the Culbertson-Smalling Chevrolet Company, is still a greater value, being a model of engineering, finish, style and appointments for its price class, as only a competitor with the resources of General Motors could present to the public. It has met with ease and brilliancy every test to which it has been subjected in the 1248 acre proving ground which is a part of the General Motors Corporation. Some of the many features in the new Chevrolet which are not included in any other car of this price class is their free wheeling, synchro-mesh transmission, silent second gear and above all the new Fisher no-draft ventilation body and knee-action front wheels. The Culbertson-Smalling Chevrolet Co. also offers fine Chevrolet trucks in either the one-half or the one and one-half ton sizes with a truck body for every need as well as some good buys in used cars and trucks. This firm also carries a full line of Chevrolet parts and accessories and renders an unexcelled repair and overhaul service. They employ only factory trained Chevrolet mechanics and the fixed price charge for every repair service insures satisfaction. This firm has one of the largest repair shops in Pampa, with a business house. At present they have 41 employees, 30 of which are married, making a total of approximately 150 people in Pampa, who are dependent upon them for their livelihood. If you are not already familiar with the service and products which this firm makes available, then you will find a most surprising visit to their show room a delightful experience. Miss Bee O'Reilly of Pampa had been a visitor in Pampa last night.

PANTHERS WIN ANOTHER FROM SOONER TRIBE

OKLAHOMA CITY AND GALVESTON STILL LEAD LEAGUE

By Bill Parker, Associated Press Sports Writer.

The Oklahoma City Indians and the Galveston Buccaneers are upstarts looking down on the six other teams in the Texas league pennant marathon. They are tied for the pinnacle with six victories and three defeats. But if combats continue to go in reverse the Indians will not be at the top long. They dropped their second consecutive game to Fort Worth yesterday, 6 to 0.

Hits by Harry Moore and Fred Tauby in the ninth frame with none out broke a 5-5 deadlock and won for the cats. It was a game of free transportation to first base. The Indians used five pitchers who issued ten walks. The Cats used two hurlers who issued eight walks. Ed Lowell, Fort Worth first sacker who may not be with the club much longer because of the purchase of Art Shires, drove in three runs with two hits.

The Buccaneers not only made the Beaumont Exporters walk the plank but also poured the white-wash on them, 3 to 0. Ira Hutchinson, young right-hander, limited the Exporters to a pair of singles, both off the bat of Hugh Shelley. Manager Lorber was chased by Umpire Fate in the first inning for protesting a double play decision. Jake Wade pitched great ball for eight innings when he held the Bucs to one unearned run. Albers hurled the ninth and allowed three singles and two runs.

The combined efforts of five Sap Antonio pitchers could not stop the rampaging Houston Buffaloes, who smacked the ball around the lot for a 20 to 8 victory. In competition with the horse races at Alamogordo, the Buffaloes and the Missions made a race track and held their own race meet at Eagle field. Houston pounded out 21 hits against 18 for San Antonio. Bettencourt and Mazzera big home runs for the Missions, the former getting his in the first inning with the bases loaded.

Hank Thormahlen, chunky Tulsa southpaw, lost a tough 2 to 1 game to the Dallas Steers.

CHIEF PARRIS TO APPEAR ON 26-ROUND CARD HERE TONIGHT

Indian To Fight Kanzen In 6-Round Event; Ryan and Thompson in Main Event.

Chief Eugene Parris of Oklahoma City and Harry Averdon, Wichita, Kan., will fight the six-round special event on Promoter B. W. Kelley's big card at the Pla-Mor auditorium tonight, replacing Joe Vernon and Hershel Howarth. Howarth was unable to get here in time, but the promoter is well pleased with the substitution.

It has also been found necessary to change the preliminary. Speedy Haynes, little Borger sensation, will meet Joe Falocio of Roswell, N. M., in the four-round preliminary. Bill Gay and Red Davis were matched but Gay substituted in Borger last night and received a blow on his jaw which smashed several teeth.

Speedy Ryan of Melrose, N. M., will meet Jack Thompson, sensation from Marietta, Okla., in the 10-round main event. The two boxers have risen from obscurity in the last few months until they are among the most popular middleweights in the southwest. Both boxers will weigh about 160 pounds.

The New Mexico slugger has been seen here before but Thompson will be making his first appearance. Ryan is a real favorite and does not need to be lauded to Pampa fight fans. Thompson's stock received a big boost recently when he made a name for himself in Dallas, where fans are particular about their fighters.

Jack Hedgespeth of Perryton, and Jim Perry, Fort Sumner, N. M., will meet in the semi-final, which is doped to be a slugging match equal to the main event. The two fighters use a similar system and enjoy a battle where neither backs away. Parris is a favorite of Pampa fans, who will be glad to see him back again. Averdon is an old-timer and a fighter. He is clever, crafty and still retains his speed.

The card will open at 8:15 o'clock.

Much Smoke But No Fire at Store

Smoke from an electric motor filled Pampa Drug No. 2 about 1:30 o'clock this morning and the fire department, answered a call. The smoke was seen issuing from the building by City Officer G. D. Holmes, who was making his rounds of the city.

The firemen broke in a side door but upon finding no flames, cut off the electric power and the smoke soon was thin enough for the firemen to find the cause. Little damage resulted, Chief Clyde Gold said this morning.

By The Associated Press

Milwaukee: Tony Bruno, 160½, Milwaukee, outpointed Karl Ogren, 164, Kenosha, Wis., (8). Billy Miller, 146, Milwaukee, outpointed Frankie Misko, 149½, Saginaw, Mich., (6). George Black, 150½, Milwaukee, outpointed Mickey O'Shea, 150½, Chicago, (6). North Gerarden, 143½, Green Bay, Wis., outpointed Bob Crowley, 138½, DuBuque, Ia., (6).

Rod Fenton to Grapple Billy Hallas Monday

It was a wild night in Pampa three weeks ago when Otis Clipping and Rod Fenton met on the mat at the Pla-Mor auditorium, but that occasion was only a pink tea affair to what is scheduled to happen Monday night when Fenton meets Billy Hallas in the main event.

There are two wrestlers in the country who more strongly believe the entire world is against them than Hallas and Fenton, they've never been here. They turn wolf when on the mat and snarl and yip like caged wolves. They are rough, they are tough, and they are sly. Hallas may be smarter, but Fenton is considered the tougher. The rougher. The roughness is about even.

Pat Garrison, Pampa, will meet Eddie McMillian of Greeley, Colo., in the semi-final. The match promises to be clean and fast. Garrison has promised to be good. Fans learned last week that McMillian can wrestle. He met Fenton last week but looked bad because the going was rough. When it comes to wrestling, McMillian is one of the best in his class.

The evening's entertainment will open at 8:15 o'clock with Wildcat Willie of LeFors meeting Sailor Morgan of Amarillo in a one fall, time limit, affair. Morgan defeated Kid Hill here last week.

Tickets are on sale at Pampa Drug No. 1. Women and children will be admitted for 20 cents.

NEGROES WILL PLAY LOCALS ON WEEK-END

BLACK SPIDERS WILL BE HERE ON SUNDAY SATURDAY

The Amarillo Black Spiders, negro baseball team, will provide the opposition for the Danciger Roadrunners Saturday and Sunday afternoons at Danciger park. The games will be called at 3 o'clock.

The Black Spiders are a group of Texas negroes assembled in the south early in the season for spring practice. They come north every year and are headquartered this spring in Amarillo. The team has talented players on the roster and gives a good exhibition of the national sport.

Besides being good ball players, members of the nine are reported to be "screams" on the diamond. Fans who have seen negro ball teams in action need no telling about the fun and good baseball to be witnessed. This writer had the luck to oppose the Pullman Giants of Buffalo, N. Y., on several occasions, and that team was the toughest to compete against of any on the schedule.

The negro usually has no set way of fielding, batting, or running bases. He hits all kinds of balls and a pitcher seldom knows how to out-guess him. He will hit a waste ball about as readily as a clean one across the plate. He will steal a base at the most unexpected time and will play out of position successfully.

Manager Aaron Ward will have four pitchers ready for mound duty Saturday and Sunday. He has not named his starter for the opening game. Hardin, Bulla, Tate, and Gildwell will be the hurlers ready for work.

The Roadrunners are working out every afternoon, ironing out some of the kinks which showed up in the opening games last week-end. The team must play steady ball against the Spiders, who were nosed out 5 to 4 by the Phillips team in Borger two weeks ago. Since then, the Spiders have defeated Tucumcari, Dalhart, and other strong clubs by large scores.

Carnegie Institute scientists have estimated with the aid of recently developed apparatus that all the hearts beating in the United States develop a total of about 70,000 horsepower.

MAX BAER TO CHOOSE CAMP

Fighter To Arrive In New York Monday, Is Confident He Will Win.

By EDWARD J. NEIL, Associated Press Sports Writer

NEW YORK, April 26. (AP)—The whereabouts and plans of Maximilian Adelbert Baer, who is about as easy to catch up with as John Dillinger, are no longer a mystery to Madison Square Garden.

It cost something over \$20 in long distance calls to track down the leather lugging lothario in Des Moines, Ia., and relieve the blood pressure that was starting Jimmy Johnston's safety valve to popping. Baer was due here two days ago. The Garden's boxing manager had not heard from him since he signed to fight Primo Carnera for the heavyweight championship here June 14.

Johnston discovered from the conversation that Baer will arrive here Monday, that he is in fine condition and will choose a training camp from sites that have been offered him at Atlantic City and Asbury Park, N. J., Speculator and Saratoga, N. Y.

"You'd better get in good shape," Johnston shouted over the telephone. "That Carnera's up in the Maine woods working hard."

"He might just as well save his strength," Baer yelled back. "I'm going to smack him flatter'n a table cloth in about five rounds."

After suggesting diplomatically that the busier Baer kept on his trans-continental exhibition tour, the less likely he was to get into mischief, Johnston hung up.

"Now," he sighed, "all I've got to find out is if that Carnera really is working up in Maine, and if he's here at all. He was due back here a couple of days ago. This business gets tougher all the time."

WHAT IF THIS CORD BROKE IN YOUR TIRE?

only GOODYEAR combines Supertwist Cord safety with All-Weather grip

WHEN one tire outsells any other for nineteen successive years, it must be a better and safer tire and a greater value!

That's the undisputed record of the famous Goodyear All-Weather—and we can show you why.

One big reason is Supertwist Cord in every ply—extra resilience with longer-lasting strength—assuring greater safety from blowouts.

Another big reason is All-Weather traction—long-lasting grip centered where tread and road meet—assuring quicker stops and starts.

Let us demonstrate both these superiorities.

Buy no tire this Spring until you see how tires differ and why more people ride on Goodyear All-Weathers than on any other tire.

Let us show you this simple test of safety described on the center pages of The Saturday Evening Post, April 28, under title of "The cord that BROKE—and the cord that DIDN'T"

WARM WEATHER SCHOOL CLOTHING IS NEEDED IN THRIFT ROOM

GARMENTS FOR PUPILS OF ALL AGES WANTED

SPRING MEANS A NEW PROBLEM FOR PTA WORKERS

SPRING clothes, a thrilling subject to most women, is just another problem to those in charge of the thrift room which outfits underprivileged school children.

Clothing drives sponsored by schoolrooms, Parent-Teacher associations, and Boy Scouts furnished the thrift room with needed garments through the winter, but the coming of warmer weather has revealed a dire shortage in spring clothes, workers report.

Especially needed are girls' dresses and bloomers. Any wearable garment that will fit a child of school age is wanted, however, and quickly. Donations of suitable clothes may be sent to any school in the city, to be taken to the thrift room.

For the first time since the thrift room was opened last fall, children come hoping to find clothing to wear to school only to find that there is nothing suitable. Parent-Teacher association members who are sponsoring the room expect that Pampans will respond with all the needed garments as soon as the lack is known.

Women from Horace Mann association are in charge of the room this week. Mrs. A. C. Green and Mrs. J. M. Turner worked Tuesday afternoon; Mrs. J. D. Lawson and Mrs. E. O. Smith will be in charge from 2 to 5 p. m. Friday.

Next week workers from another association will keep the room open on Tuesday and Friday afternoons.

A new British army airplane has been equipped with a machine gun turret that can be lowered from the fuselage for use and withdrawn to lessen air resistance.

PROGRAM ADDS LARGE SUM TO SCHOOL'S FUND

Sponsors Thank The Pupils, Others Who Helped

Reports from the program presented by Horace Mann pupils Tuesday evening with Horace Mann Parent-Teacher association as sponsor, show proceeds of \$94.11 were received for the school equipment fund.

A crowd filled the city auditorium to see the spring operettas, playlets, and pageants that made up the program with musical numbers and readings between acts.

Appreciation of Miss Josephine Thomas, principal, and Mrs. J. B. Townsend, P-T. A. president, was expressed today for the willing cooperation of teachers and pupils who produced the entertainment, for the assistance of mothers in making costumes and giving other aid, to Malode Funeral home and Texas Furniture company for stage furnishings, and to Miss Hermine Stover for assisting with musical numbers.

CARD OF THANKS
We wish to express our appreciation for the many kindnesses and sympathy shown us during the brief illness and death of our brother and nephew.

Mrs. Ora Thompson,
Mr. and Mrs. W. W. Hughes,
Mr. and Mrs. Lee Hughes,
Mr. and Mrs. Joe Hughes,

Ike Hughes.

A Body Builder
Mr. P. N. Barnes of 1017 E. Cannon St., Fort Worth, Texas, says: "I have had much experience with Dr. Pierce's Golden Medical Discovery as a family tonic. There is nothing like it for a builder of good health."

This tonic was originally prescribed by Dr. R. V. Pierce for his patients, 60 years ago. Write Dr. Pierce's Clinic, Buffalo, N. Y. New size, tablets 50 cts., liquid \$1.00. Large size, tabs. or liquid, \$1.35. "We Do Our Part."

JUNIORS WILL GIVE TONIGHT'S REVIVAL MUSIC

CHURCH IS VITAL TO CHRISTIAN LIFE, MINISTER SAYS

TONIGHT is Junior night and Friday night the men have charge of services in the First Christian revival. Either the Horace Mann band or the band from the Sam Houston school will play tonight before the services was the announcement. The people have appreciated very much the music of the boys and girls of the public school and the cooperation of the schools in furnishing this music.

Last night the chorus was composed of young people. The music has been a very pleasing and helpful feature of the meeting. Billie Reaves has proven himself to be a master hand in the leading of the singing. Mrs. R. C. Wilson has been the pianist of the meeting. Mrs. Dorothy Mae Nelson, as violinist has accompanied Mrs. Wilson.

The public Bible drill of the boys and girls is announced for Friday night. The last two practices for this drill will be Thursday and Friday after school, was the announcement of Mr. Reaves. He also told the boys and girls that a picnic was arranged for them, probably Saturday morning.

Sermon on the Church
John S. Mullen preached a sermon last night on the subject, "The Church." He asked the question: "Is it necessary to be a member of the church to be a Christian?" He asserted that it is not what anyone thinks about it but what the New Testament teaches concerning this subject that will be the true answer.

Then the speaker asserted that the same things that make a man a Christian makes him a member of the church and he used the New Testament to prove his assertion. "The Bible says that the way is so plain that a wayfarer man though a fool can understand," the

Still Prominent in Capital

Rarely photographed together in capital society, recently, former Vice President Curtis and his sister, Dolly Gann, are shown in this striking closeup as they appeared at the Pan-American Day celebration in Washington.

MEETINGS OF CHURCH SOCIETIES ARE RECENT EVENTS IN McLEAN

McLEAN, April 26.—Members of the Presbyterian Ladies' Aid held an all-day meeting at the home of Mrs. Eva Rogers Tuesday. At noon a lovely covered dish luncheon was enjoyed.

The program for the day was "The American Indian." Mrs. Donald Bell had charge of the program. She was assisted by Mrs. Ed Dishman and Mrs. N. E. Poase. Reports on the Presbyterian which was held at Plainview last week were given by Mrs. S. D. Sheiborne and Mrs. Arthur Erwin, who were delegates to the meeting. Others attending the convention were Mrs. J. B. Hembree and Mrs. J. B. Coffey.

Those attending the all-day session were Mrs. Roy Machee and little daughter, Patty; Mrs. L. B. Edget, Mrs. J. E. Coffey and little daughter, Marlene; Mrs. Donald Bell and little son, Bobbie; Mrs. Claude Williams, J. W. Williams,

minister said. "Some people think one can be saved by good works but we are not saved by good works but by the blood of Jesus Christ." Then he answered the question how this is done. He asserted that the Bible never tells a man who is not a Christian to pray for forgiveness. That is the Christian's privilege, not the sinner's.

"But the Bible does tell a man to believe that Jesus is the Christ and that he died on the cross for him. Again it does teach repentance," said he. "The Bible commands that men confess Jesus as the Saviour. It further commands obedience by baptism."

Rev. Mullen told the audience that the Christian church is often accused of teaching that the water saves, but that is not true. It is the obedience to Christ that saves, and he further asserted that when a man is baptized then is the blood of Christ spiritually applied, for as many as has been baptized into Christ has put on Christ.

"The people in the New Testament continued steadfastly in the apostle's doctrine, the fellowship, the breaking of bread and prayers," said he. "The man who claims to be a Christian outside of the church, does not follow the custom of the early church. The man who stays on the outside is selfish, he misses the spirit of Jesus Christ. He does not share in the fellowship of money or in helping save souls, for the gospel is preached through the church. The church is the body of Christ, and we cannot be saved outside of the body of Christ."

BOX SUPPER IS ANNOUNCED IN BACK DISTRICT

Community Doings of Past Week Are Reported

BACK, April 26.—A box supper will be given at Back school building on the evening of May 4. An invitation is being extended through the Pampa chamber of commerce to all Pampa residents. All county candidates are also invited.

Visiting women, as well as those in the community are asked to bring boxes. The program will start at 8 o'clock.

Pupils Examined.
School children and pre-school children of the community were given physical examinations at the school Wednesday by Miss Cockerell, nurse, and Dr. Finley.

Sunday school was attended by 66 Sunday morning. Several visitors from Pampa have visited the services, and all visitors are always welcome.

Mr. and Mrs. Jack Farris shop-

ped in Pampa last Saturday.

Mr. and Mrs. Neville Back, Peggy Lancaster, and Homer Wilkins were in Pampa Saturday.

Club Meets Friday.
The 4-H club of Back community will meet at the teachers' Friday. Mrs. Lawrence Watson is club president.

Mr. and Mrs. Ernest Dowell, Mr. and Mrs. Vester Dowell and families shopped in Pampa Saturday.

Mr. and Mrs. Frank Winsett, married last week, were given a charivari party by friends in this community Tuesday night.

Mrs. Lancaster and Ruth Russell were in Pampa Saturday.

Injured Man Better.
Mr. Lancaster, who has been in Worley hospital at Pampa, returned home Saturday. He is recovering from an operation for a head injury received when a mule kicked him April 14.

Ernest Dowell, Chick Humphries, and Ansel Back were in Pampa Tuesday on business.

Mrs. Otto Gross recently visited a friend in a hospital at Pampa.

Eva Dowell, Ruth Russell, and Clarence Lester visited in Pampa Saturday.

Ernest Dowell took Mrs. Frank Forester and son, Richard, to Roswell, N. M., Wednesday.

Mrs. W. H. Roberts of Mobeetle is visiting her son, Jesse Roberts.

County Supt. John Hessey, with school trustees from Webb and Back communities, met Monday morning at Webb school.

Mr. Foster of Memphis was here on business last week-end, and stayed to visit Sunday school here.

The Square Neckline Is Good for Sports

The new square cut makes the simple neckline required for sports more interesting than it has been. This one is cut high enough so that you can wear your sports handkerchiefs about it, when they are chosen, without any gaps of neck showing through.

The comfortable sleeves are cut half in one with the shoulder yoke, and half in one with blouse itself. Large buttons make the most of yoke, the full blouse, and the pointed waistline. Inserted pleats give the skirt all the fullness necessary.

Size 16 requires 3 3/4 yards 36-inch material. Width about 43 1/2 yards.

Pattern No. 5527 is designed for sizes 14, 16, 18, 20, years 32, 34, 36, 38, 40, 42 bust.

MACHADO, FORMER PRESIDENT OF CUBA, FLEES FROM ARREST

LEAVES HOUSE IN NEW YORK LAST SUNDAY

U. S. OFFICERS WANT TO HOLD HIM FOR EXTRADITION

By Bennett Wolfe

NEW YORK, April 26 (AP)—Gerardo Machado, deposed president of Cuba, who fled from the death threats of his countrymen last August, was a hunted man again today—hunted by American authorities on Cuba's request for his extradition on murder charges.

A general police alarm was sent out after United States marshals failed to find Machado at his New York apartment. They were told by his secretary, Julio Fernandez, that the former Cuban president had left Sunday without saying where he was going.

Federal port authorities and border officials were asked to watch for Machado.

The criminal charges against him are based on wholesale shootings which occurred a few days before his flight from the troubled island.

A warrant for his arrest was issued yesterday afternoon by United States Commissioner Garrett W. Colyer. It was asked by a representative of the Cuban consulate, accompanied by Robert E. Manley, acting as counsel to the Cuban government.

At Havana, Cuban officials explained they had asked Machado's provisional arrest pending transportation of the extradition petition by the state department at Washington.

The Cuban state department indicated its intention to seek extradition also of Machado's former chief of staff, General Alberto Herrera, minister of the war-landed Machado regime, who likewise fled to America.

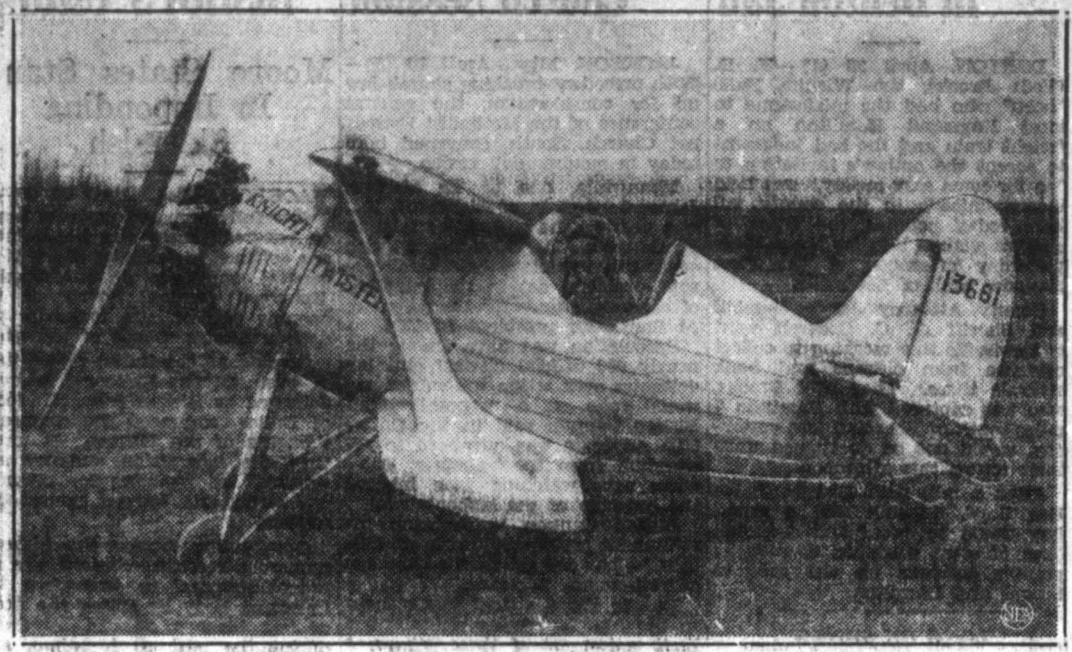

Colonel Fulgencio Batista, head of the Cuban army, said at Havana the report of the attempt to arrest Machado was "great news."

"I am confident," he added, "that the spirit of justice among the American people will prevail and that the government at Washington will accede to the petition for Machado's extradition."

Machado is accused of responsibility for the deaths of 17 revolutionaries in Havana August 7, 1933, after a false report that he had resigned. Herrera is charged in the same connection.

Mrs. J. B. Hanks of Miami shoppe here yesterday afternoon.

Tinymite Plane Is Craft for Thrifty Flying

A midget of the air, heralded by its designer as the answer to economy flying, is this "Knight Twister," piloted by Thomas Cushman.

Safe Pleasant Way TO LOSE FAT

How would you like to SAFELY and HARMLESSLY lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?

How would you like to lose your double chin and your too prominent hips and abdomen and at the same time make your skin so clean and clear that it will compel admiration?

Get on the scales today and see how much you weigh—then get a bottle of Kruschen Salts that costs next to nothing and which will last you 4 weeks. Take one half teaspoonful in a glass of hot water in the morning—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—and when you have finished the contents of this first bottle weigh yourself again.

After that you'll want to walk around and say to your friends "One bottle of Kruschen Salts is worth one hundred dollars of any fat person's money."

But refuse imitations—safeguard your health—you lose fat SAFELY with Kruschen.

Leading druggists America over sell Kruschen Salts—you can always get at at Richards Drug Company, Inc. (Adv. P-4)

Parents Invited For Chapel Hour

Parents are specially invited to the chapel program of Horace Mann school tomorrow at 9 a. m. when awards will be presented to the large number of pupils who won places in the recent city interscholastic meet.

These ribbons have not been given sooner as pupils omitted chapel periods lately to practice for the public program they gave this week.

Numbers by the school band will open the program, followed by a piano solo by Marlene McClements, songs by the Glee club, and operetta, Mary Ella's Flower Garden, by first grade pupils of Mrs. J. L. Lester, and a devotional exercise by John S. Mullen, First Christian minister, and Billy Reaves, assistant in the revival there.

More than 40,000 acres of national forest lands in the United States were planted to trees in the last six months last year, a greater acreage than in any previous entire year.

Inventions patented in Argentina from the establishment of that country's patent office in 1884 to the close of last year numbered 40,994, 3681 patents being granted in 1933.

Brunk's Playing To Large Crowds During This Week

Fred G. Brunk's Comedians have been playing to a large house all week on the vacant lots north of the Schafer Hotel, and much appreciation has been shown by the patrons of the show.

Plays are well selected, and those taking the different parts are real artists, which is evidence that Mr. Brunk endeavors to give the people high class entertainment.

The vaudeville acts are above the average, and are well received by the large audiences. Among the features are the Wolf Twins and Irene, who are a whole show in themselves. There are others with the company that come on for specialties.

Otto Schick and his orchestra furnishes music before and during the show, and that is by no means the most unimportant feature of the show.

Tonight a big double program, "Sugar Daddy" and "Big Jamboree." The play Friday night is "How Hearts are Broken."

Friday afternoon there is a merchant's matinee, starting at 3 o'clock, and tickets can be secured from any of the merchants who are advertising at the tent theater. There will be plenty of tickets.

Brunk's will close the week's engagement Saturday night with "Mother 'o Mine," and Brunk's bride themselves on this play, one of the best they present.

The show is appearing in Pampa under the auspices of the Fire department.

Care of Clothes Affects Personal Life, Club Told

Careful care of clothes reacts on personal life, said Miss Ruby Adams, home demonstration agent, during a demonstration at the Hopkins club Tuesday afternoon with Mrs. Grady Enoch as hostess.

Miss Adams gave a demonstration of cleaning clothes with naphtha, and listed the six following rules governing care of clothes:

First, careful brushing after cleaning. Use of soft brushes for silks, velvet mittens for satins, hard brushes for woolsens, and medium brushes for hats.

Second, careful hanging, which is one way of preserving dresses.

Third, airing. Clothes should be aired every day, by leaving the closed door open.

Fourth, protection. Better dresses should be cleaned by a dry method.

Fifth, mending. All missing buttons, snaps, or snagged places should be mended at once.

Sixth, pressing. Iron always on the wrong side of the garment.

Mrs. G. Pinnell conducted the business meeting following the demonstration. Iced tea and coffee, two kinds of sandwiches, and cookies were served in a social period.

Visitors were Mrs. Ella Terry, Miss Mattie Lou Harrison, Miss Opal Pinnell, Mrs. Marion Huestage, and Mrs. John Thompson. Members present were Mrs. Leonard Darnell, Mrs. Pinnell, Mrs. Enoch, Miss Pae Davis, a new member, Miss Pearl Thompson, and Miss Adams.

The next meeting will be with Mrs. J. R. G. Byrd on May 8, 2 p. m.

Date of Junior Follies Changed

A change of one day in the date for the annual junior follies is announced by the Vincent school of dancing, because of a conflict of attractions. It will be presented on Wednesday, May 2, at city hall auditorium.

Many See Class Play at Lefors: Lefors, April 26.—The senior class play, "Beds on a String," was presented in high school auditorium Tuesday evening with Stansell Hall in the leading role.

The play, a 3-act comedy under direction of Mrs. Imogene Wood, was attended by a large crowd.

M. W. Graves and Mr. and Mrs. J. H. Duncan attended the regional track meet in Canyon last Saturday.

DOGAS CLASS GIVES CLEVER 'NEWSY' PARTY

Turned reporters for the afternoon, members of the First Baptist Dogas class wrote newspaper copy at a clever newspaper party yesterday afternoon in the home of Mrs. Howard Giles, 1003 E. Fisher.

They registered in a book covered with a newspaper, and after a devotional by Mrs. W. G. Phillips, of Burk Burnett and a reading by W. G. Crawford, enjoyed contests and stunts.

Partners were chosen and each dressed the other in a costume of newspaper, with a prize offered for the best dress. Then duties were assigned and members became busy at a clever newspaper party yesterday afternoon in the home of Mrs. Howard Giles, 1003 E. Fisher.

They registered in a book covered with a newspaper, and after a devotional by Mrs. W. G. Phillips, of Burk Burnett and a reading by W. G. Crawford, enjoyed contests and stunts.

Club Women Are Selling Tickets In Fund Benefit

Ticket sales for motion pictures Friday are being sold this week by women of federated clubs here, cooperating in a state-wide Woman's Day sponsored by the state club federation.

A part of the proceeds from the sales all over Texas will reward them for their efforts, as a contribution to the state club building fund. All club women of the state are working to lift the debt on this building, erected at Austin a few years ago.

Mrs. Dick Walker is local chairman of the program. Theater managers here are cooperating, as are others throughout the state. Federated clubs here, in meetings this week, received tickets which all members have for sale to the benefit movies.

Mrs. Albert Brannon gave a one-minute talk on "Why you should read your home newspaper." A dialogue by Virginia Bass and Wanda Lee, Giles closed the program.

Said, water, and tea were served with dollars and napkins made from newspapers, and miniature papers as plate favors, to Mmes. Brannon, Phillips, M. E. Donnell of Paso, all guests, and Mmes. Van Zandt County Sheriff Is Killed

TERRELL, April 26 (AP)—Ira Burnett, about 45, sheriff of Van Zandt county, was instantly killed early today when the car in which he was driving collided with an oil truck on the highway nine miles east of Terrell.

Both cars were demolished. The truck caught fire and all combustible parts were consumed. The driver of the oil truck was said to have been W. D. Ambrose of Dallas.

Burnett was survived by his widow and several children. The body was removed to Canton, his home. He was serving his first term as sheriff, but had served many terms as a deputy.

INJURED IN ACCIDENT

Harley Wallin received a cut artery on one arm and other cuts and bruises last night when his car crashed into the curb and overturned on South Cuyler street. A tourniquet was placed around his arm and he was taken to police headquarters, where his cuts were dressed.

M. M. Newman of McLean was Pampa visitor yesterday

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Karin to Go

If you feel sour and sick and the weight looks pink, don't swallow a lot of saline, laxative water, oil, laxative candy or chewing gum. Get a bottle of Little Liver Pills. You'll feel better and your stomach will be happy.

For they can't do it. They only move the bowels and a mere momentary relief. Get the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blows up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blotches.

Canyon Seniors Start Round of Class Functions

CANYON, April 26.—Last evening brought the second function for the senior class of 34 of the West Texas State Teachers college, with Prof. and Mrs. S. H. Condon, sponsors, entertaining with a party at Cousins hall.

The presentation of the class play, "The Gossamer Sea," Tuesday evening opened the round of activities for the class. Playing to a crowded auditorium, the seniors gave an admirable performance of this fast-moving and difficult comedy drama by Lawrence Gratton, Alfred Duncan, and Dr. E. M. Waits, president of the class.

Events for the graduating class come thick and fast, reaching a climax in commencement week, which begins Friday evening, May 25, with the annual commencement play. May 26 is senior class day, with the class day exercises at 10 o'clock and President and Mrs. J. A. Hill's reception at 8:30 that evening.

May 27 is Baccalaureate Sunday. Services will be held at 11 o'clock with Dr. E. M. Waits, president of Texas Christian university, delivering the sermon. At 8:30 that evening the commencement sermon for the college training school will be given by the Rev. J. O. Quattlebaum of Canyon.

The annual outdoor band concert will be given Monday evening, May 28, at 7 o'clock, and on the following evening, at 8:15 the commencement concert will be given.

At 8:15 o'clock Wednesday evening, May 30, the high school will hold their graduating exercises.

Thursday, May 31, will bring the climax, commencement day itself. The Honorable R. A. Stuart, attorney and former state senator of Fort Worth, will deliver the address at 10 o'clock. The alumni banquet will take place at 12:30.

300 Horses And Mules Killed By Arkansas Plague

LITTLE ROCK, Ark., April 26 (AP)—The buffalo gnat plague spread over Arkansas today, killing off hundreds of head of livestock and retarding farming operations.

Within a 10-mile radius of Cabot, near here, 300 horses and mules were reported by Mayor C. W. True of Cabot to have died in the last 48 hours.

More than 100 mules were victims of the deadly insects in the vicinity of Marvell, Phillips county.

The plague was reported from various sections as the greatest in many years. Thousands of dollars worth of livestock already has been lost.

Good News for Kidney Sufferers

Medical authorities agree that your kidneys contain 15 MILLION of tiny tubes of filters which help to purify the blood and keep you healthy. They should pour out their burden 5 pints of fluid a day and contain 4 pounds of waste matter.

If you have trouble with too frequent bladder passages with scanty amounts of kidney tubes need washing out. This danger signal may be the beginning of serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S KIDNEY PILLS.

But don't take chances with strong drugs unless you are sure they are safe. Doan's Kidney Pills are safe. They give quick relief and will help you wash out the 15 MILLION of kidney tubes.

If a doctor's prescription, which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help you wash out the 15 MILLION of kidney tubes.

Advocating a revision of the disciplinary so as to permit removal of Episcopal officers for inefficiency, the bishops asserted "the church

MARKET BRIEFS

NEW YORK, April 26 (AP)—Stocks weakened after rather feeble efforts to rally in the earlier dealings today, and turned decisively downward in the last hour, when persistent selling developed. The closing tone was heavy, with numerous issues off fractions to a couple of points. Transfers approximated 1,700,000 shares.

CHICAGO GRAIN

CHICAGO, April 26 (AP)—Fears of renewed liquidation of May contracts did a good deal to make grains average lower today but did not prevent rallies at the last.

Late rallies were ascribed largely to persistent dry weather complaints. On the other hand, disappointment was expressed over a conference agreement at Washington to enforce 3 cents tax per \$100. Valuation on commodity exchange futures transactions, the senate had proposed a reduction to 1 cent from 5 cents.

Wheat closed nervous, unchanged to 1/4 lower compared with yesterday's finish, July 75 1/2-76, corn 1/2 to 1 cent down, oats unchanged to 1/2 off, and provisions unchanged to 2 cents.

BUTTER

CHICAGO, April 26 (AP)—Butter, firm; creamery specials (93 score) 24-24 1/2; extras (92) 23 1/2; extra firsts (90-91) 22-23 1/2; firsts (89-89) 21 1/2-22; seconds (87-88) 20-21; eggs (90) centralized carlots 23 1/2. Eggs, firm, unchanged. Butter sales, 214 tubs extras, 23 1/2. No egg sales.

POULTRY

CHICAGO, April 26 (AP)—Poultry, chickens firm, others steady; hens over 5 lbs 15 1/2-5 lbs and under 16; leghorn hens 14 1/2; rock fryers 24-25 1/2; colored 24; rock spring 24-25 1/2; colored 24; rock broilers 22-23 1/2; colored 22; leghorn 21; bare backs 18; roosters 8 1/2; turkeys 12-13; ducks 13-16, old ducks 11-13; geese 8.

NEW ORLEANS COTTON

The market was very active all morning and prices after the early bulge declined sharply. There was active long liquidation and selling in the ring, reflecting weakness in wheat and continued favorable weather in the cotton belt. July dropped to 10.95, October to 11.05 and December to 11.25, or 23 to 26 points under the early highs and 15 to 17 points below yesterday's close.

Trading in May fell off considerably.

BANK LOOT

(Continued from Page 1)
was captured with Hamilton. Hamilton and his associate whom, he said, he had picked up on a freight train journey, were captured two and one half hours after the bank stick-up. They were fleeing northward in a (Plymouth) sedan, which the pair had stolen at Henrietta Tuesday.

Credit for their capture and apprehension of any kind sounded like an economic conference. There are still plenty of problems, including unemployment, but West Texas is coming back strong and where oil has not attracted new population the conditions are nearing normal.

ASSOCIATED PRESS STATISTICAL

tell us that general business activity in the United States increased strongly in March and early April. Production of automobiles and trucks in this country and Canada increased 40 per cent over February of this year and 173 per cent over March of last year. Building and engineering construction, with an increase in March of 65 per cent over February, had almost double the usual seasonal gains. Steel production continued to expand last month after recording a sharp increase in February. Electric power consumption jumped unexpectedly. Department store sales increased 26.3 per cent over the previous month in dollar value of turn-over, reaching a point 44 per cent over March of 1932. Prices moved up 4 per cent in March compared with February and were 2.4 per cent over March of last year.

Alleged Robber Held at Clovis

SHERMAN, April 26 (AP)—Sheriff J. Benton Davis, whose deputies captured Raymond Hamilton and T. R. Brooks here yesterday, planned to leave for Clovis, N. M., tonight to assume custody of a man held for a bank robbery in this county.

Davis reported that Chester Deliste of Roff, Okla., who faces charges of robbery with firearms in connection with the \$13,220 robbery of the Whitefish National Bank March 9, had been caught there with a quantity of currency. Charles Fraser, Sulphur, Okla., and Calvin H. Smith, Roff, Okla., are in jail now in connection with the robbery.

APPROVE POLICY

WASHINGTON, April 26 (AP)—Over the protest of Representative McFarlane (D., Texas) and two other members, the house naval committee today approved the airplane and engine procurement policy used by the navy since 1926.

Brooks Is Held Incommunicado In Denton Jail

DENTON, April 26 (AP)—T. R. (Ted) Brooks, the Wichita Falls "hobo" who had the misfortune to meet Raymond Hamilton on a freight train and the bad judgment to accept the outlaw's invitation to "go for some easy money," was held here today pending the filing of charges against him for the robbery yesterday afternoon of the First National bank of Lewisville.

County Attorney Judge Gambill and Sheriff C. C. Cockrell went to Lewisville this morning to collect evidence from citizens and bank officials there. They said Brooks, who was captured with Hamilton 7 miles south of Sherman late yesterday, would not be questioned until their return this afternoon.

After a talk with District Judge Ben Boyd, Gambill said a grand jury would be called and a special term of court convened as soon as possible to take up the case of Brooks and Hamilton.

LONG ON SILVER

WASHINGTON, April 26 (AP)—Everett Sanders, chairman of the Republican national committee, was disclosed as the holder of long contracts for 75,000 ounces of silver, in a report to the senate today by Secretary Morgenthau.

Frank A. Vanderlip, one of the recent dinner to members of congress interested in silver, was listed as the owner of long contracts for 300,000 ounces.

and there. Broke mostly during the last two weeks. Not like it was before I went to prison. I had 12 grand ones. Since I've been out I got together \$6,000 once. I blowed it in short order.

"How?" he was asked.

"Oh, now, don't get too personal," the Dallas bandit replied. "You know it costs a lot to travel my pace. Lots of friends, folks who stand ready to help you. I just gave it away. That's the truth. But I'm not telling you I gave it to. No, the lawyers didn't get most of it."

Hamilton wouldn't admit he was in any of the recent bank robberies except the Lewisville affair.

Told that John Basden, Dallas truck driver, made a confession admitting he (Basden) and Floyd and Raymond Hamilton robbed the Grand Prairie bank, Raymond said: "Who is Basden? Never heard of him."

"Where did you get all the money you talk about having?" he was then asked.

"Oh, you know the answer to that," he said. "Of course, I stick up banks, but I ain't saying where they were and all that. You know I ain't getting any salary from the state for working up evidence for the district attorney—or handing him my conviction on a silver platter through the newspapers."

Bishop Squabble Holds Interest at Church Session

JACKSON, Miss., April 26 (AP)—With precedent-breaking church law up for consideration, the general conference of the Methodist Episcopal Church, South, convened here today in quadrennial session.

Meanwhile, one of its bishops, James Cannon Jr. of Richmond, Va., was nearing the end of his trial in Washington, D. C., charged with conspiracy to violate the federal corrupt practices act in the handling of campaign funds for the defeat of Al Smith for president in 1928.

Speculation was alive among the nearly 500 official clerical and lay delegates over action the conference would take on a proposal which Bishop Cannon said in the Christian Advocate was advanced to retire him from the bishopric. Delegates were watching with interest the outcome of the bishop's trial.

Bishop Cannon is opposing his retirement principally on the grounds that he has not yet reached the age of retirement, 72 years.

Due to the death of two bishops in the past four years and the age limit retirement of three others at this conference, the session will select five new bishops or redistribute existing bishoprics.

Bishop Warren C. Gandler of Atlanta, senior member of the college of bishops, was the presiding officer for the opening session. He is one of those slated for retirement.

Bishop John M. Moore of Dallas, Texas, selected by the college to deliver the episcopal address, has favored a movement to elect new bishops, while W. P. King, editor of the Christian Advocate, is the leader of a group seeking redistribution of the bishoprics.

This question is to be decided from the floor along with another proposal to give women equal rights with men in the ministry.

DISCIPLINARY MEASURES FOR BISHOPS URGED

Moore States Stand In Impending Skirmish

JACKSON, Miss., April 26 (AP)—A carefully prepared program based on progressiveness and hopefulness was outlined to delegates of the 22nd general conference of the Methodist Episcopal Church, South, at the opening session here today by the denomination's college of bishops.

Coming as the initial major item of business, the Episcopal address, delivered by Bishop John M. Moore of Dallas, embraced the composite thoughts of the bishops. It urged "new life, new vision, and new adventure" as remedies for present-day strife, and warned against defeatism.

Outstanding among the bishops' numerous recommendations was an urgent proposal to strengthen the Episcopal body by filling the posts of two bishops claimed by death during the past quadrennium, and three others who will be retired during the current conference by reason of the new automatic age limit.

The recommendations counter strong sentiment manifest by many delegates, to allocate the duties of the deceased and retiring bishops to other members of the college.

Much of the address was devoted to the office and work of the episcopacy. "The life tenure of the episcopal office was defended. This recommendation also was viewed in some quarters as an effort to offset a movement to elect bishops for four-year terms instead of for an indefinite tenure governed by their physical fitness to discharge their duties.

"Efficiency should be the door into the episcopacy, and essential to its continued occupancy, and when this is not so, the choosing body is at fault," the bishop declared, adding that "bishops should be as subject to retirement from service for unacceptability and inefficiency as are ministers in any other relations in the church."

Advocating a revision of the disciplinary so as to permit removal of Episcopal officers for inefficiency, the bishops asserted "the church

Merchants Are Asked to Reply To NRA Letters

Business men who lately have received letters from the Washington NRA office are requested to answer them at once, according to information received by the B. C. D.

The new eagle code certificates will not be sent out to individual firms until the letters are answered and the information sought is furnished. The new certificates will bear the familiar words, "We Do Our Part," but instead will have a code number, which will be the same as the registration of the firm. The name of the industry also will be shown.

Stricter enforcement of the permanent codes is promised as the new Eagles take their places in American business.

EGG HURLERS SHOT

GUTHRIE, Okla., April 26 (AP)—A charge of assault with intent to kill was filed today against the Rev. M. Meeker of Coyle in connection with three shotgun wounds suffered by three 17-year-old youths in a reported "rotten egg" episode last night. Investigators said the boys were shot after they had thrown rotten eggs on Mr. Meeker's porch.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep... Vigor... Vitality

Medical authorities agree that your kidneys contain 15 MILLION of tiny tubes of filters which help to purify the blood and keep you healthy. They should pour out their burden 5 pints of fluid a day and contain 4 pounds of waste matter.

If you have trouble with too frequent bladder passages with scanty amounts of kidney tubes need washing out. This danger signal may be the beginning of serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S KIDNEY PILLS.

But don't take chances with strong drugs unless you are sure they are safe. Doan's Kidney Pills are safe. They give quick relief and will help you wash out the 15 MILLION of kidney tubes.

If a doctor's prescription, which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help you wash out the 15 MILLION of kidney tubes.

Advocating a revision of the disciplinary so as to permit removal of Episcopal officers for inefficiency, the bishops asserted "the church

ONLY PONTIAC

in the low-priced field

GIVES YOU ALL THESE FEATURES!

Read this list of 15 advanced features. It tells you at a glance why Pontiac is the undisputed quality leader of the low-priced field.

- Smooth, powerful, economical Eight-Cylinder Engine.
- Equipped Knee-Action front springs, with Elastic Stabilizer.
- Beautiful, roomy, safe Fisher Bodies; colour or cloth trim without extra charge.
- 117 1/2-inch wheelbase.
- Genuine Fisher No Draft Ventilation.
- Perfection Steel-Cable Bendix Brakes.
- Easy starting.
- True-Course steering.
- Cross-Flow, positive-cooling radiator.
- Full-Pressure, metered lubrication.
- Guaranteed valve cooling.
- Electro-plated long-wearing pistons.
- Extra size and strength in vital parts.
- Lowest depreciation.
- Product of General Motors.

Be sure to see the great new Pontiac before you buy any car... ride in it... drive it! You will agree, before you have spent a half-hour with the Pontiac Eight, that here is absolutely—

THE WORLD'S GREATEST VALUE—only \$715

AND UP

Illustrated, the 4-Door Sedan, list price at Pontiac, Michigan, \$715.00. White bumper, spare tire, metal tire cover, tire lock and spring covers, the list price is \$2,100.00, additional. List price of other models at Pontiac, Michigan, \$715 and up.

800 MILES... 50 MILES AN HOUR... 17 MILES PER GALLON

Here's a typical letter from the many best auto-elastic owners of the 1934 Pontiac. Read it!

"On my longest trip, which was a little over eight hundred miles, I averaged seventeen miles per gallon of gasoline at a speed which averaged fifty miles per hour. I changed oil one time but did not have to add any. I think this is an excellent average, considering the high speed at which I am driving. The 1934 Pontiac is even more than claimed by the manufacturer."

PONTIAC
Get a Pontiac Eight for your money

4,000 people voted at the New York Automobile Show. They decided... overwhelmingly... that Pontiac was the handsomest car in its price class. Private opinion went farther. It proclaimed Pontiac one of the two most beautiful cars in America... regardless of price!

HIGH TAXES WIN AS SENATE AND HOUSE CONFEREES AGREE

JOHNSON SAYS HE HAS SPEECH IN HIS SYSTEM

TALK WILL PROBABLY COME OUT AT COLUMBUS

BY JAMES COFE.

WASHINGTON, April 26 (AP)—The nation soon will hear more from Hugh S. Johnson about the blue eagle and NRA's experiment at industrial reconstruction.

"I've got a speech in my system that I've got to get out," Johnson said today, grinning. "Probably the speech will come out next week at Columbus, O., where the NRA chief has been invited to address an industrial gathering."

For nearly two months the country has heard little of the brusque Johnson oratory, with its sharp-edged phrases and drastic onslaughts on the opposition. Critical developments in the automobile and other industries have kept him tied down.

One of his last speeches was occasioned by industrial battling against his higher wage-shorter hours plan. "This program will wait awhile for the adjustment of many difficulties," Johnson warned yesterday. "It has not gone to sleep." However, new things are in the making.

Next week is to see the rebirth of the blue eagle as a code bird, identifying its display by industry and number.

To stimulate demand and support for the 1934 model eagle, Johnson's ideas have mapped out a systematic publicity campaign, which according to advance notice, will have lists of the drum beating, parading, sur-minute speech quality which marked the big blue eagle drive of last August.

Then, too, the results of a number of codes have indicated to officials several changes which they intend to make quickly.

Steel may be one of the first industries to undergo important revision. Johnson will meet with its directors Friday in New York.

A weighted device has been invented to decrease the vibration of airplanes elevators, which become dangerous at high speeds.

KENTUCKY DERBY WILL HAVE CLASSIEST FIELD SINCE 1931

Dozen Horses Are Named as Favorites But Cavalcade Is at Top of List.

LOUISVILLE, Ky., April 26. (AP)—Here are the horses to beat in the Kentucky Derby May 5—Cavalcade, Mata Hari, Sir Thomas, Singing Wood, Peace Chance and Discovery. Nominations conceded good chances to score an upset are Bazaar, Sgt. Byrne, Riskulus, Spy Hill, Time Supply and Agrarian.

If these twelve horses go to the post, it will be the best derby field for quality standpoint since Twenty Grand set the record of 2:01 4-5 for the mile and a quarter in the 1931 event.

The stock of Mrs. I. D. Sloan's Cavalcade scored when the English-bred colt equalled the track record in the Shenandoan purse at Harve de Grace yesterday, doing a mile and 70 yards in 1:41 4-5.

Charles T. Fisher's filly, Mata Hari, Alex Gordon's Sir Thomas and Joseph E. Widener's Peace Chance are the derby nominees training at Churchill Downs considered in best condition at present. Excellent workouts also have been recorded by Mrs. John Hay Whitney's Singing Wood and Alfred G. Vanderbilt's Discovery, both training in the east.

Col. E. R. Bradley will rely on his fleet filly, Bazaar, and his well-bred colt, Blue Again, in his attempt to win the third derby in a row for Idle Hour farm.

John Simonetti's Sgt. Byrne, winner of the Paumonok handicap at Jamaica Saturday, was expected today. Other probable starters that are not already on the grounds will arrive by next Tuesday.

Sir Thomas, the only maiden future book favorite in history, may not be a maiden on derby day. Horses that never have won a race will be allowed 13 pounds under the 116-pound scale in the South Louisville purse over six furlongs at Churchill Downs Saturday.

Carrying only 103 pounds, Sir Thomas would be conceded an excellent chance is entered for this 8000 purse, which would more than pay his entry fee in the derby.

Fred McCarty of Roxana transacted business in the city yesterday.

Mrs. Hank Breining of LeFors was a shopper here yesterday afternoon.

Birth Rate Is High in Pampa, Report Shows

AUSTIN, April 26. (AP)—Births in Texas decreased 1,382 compared to the previous year although 12 of the 36 largest cities reported an increase. The birth rate in the 12 cities increased from 19.6 to 21.1 per 1,000 population. In the other 24 it decreased from 19.6 to 18.9 births per 1,000 population.

Dr. W. A. Davis, state registrar of vital statistics, attributed the decrease to "failure to enforce the birth registration law or a decrease in population."

Laredo and Del Rio topped all other Texas cities in the rate of births while Palestine had the lowest. In Laredo and Del Rio the rate was 30 per 1,000 population; in Palestine, 7.9.

Other cities with high birth rates were Brownsville with 27; Corpus Christi, 24; El Paso, 23; and San Antonio, Lubbock and Pampa, 22.

Twelve Texas cities which reported 5,103 births in 1932 and 5,493 in 1933, were Abilene, Brownwood, Corpus Christi, Del Rio, Laredo, Lubbock, Marshall, Pampa, San Angelo, Sweetwater, Temple and Waco.

The 24 cities which reported a decrease, 30,232 in 1932 and 28,460 in 1-933, were Amarillo, Austin, Beaumont, Big Spring, Brownville, Cleburne, Corsicana, Dallas, Denton, El Paso, Fort Worth, Galveston, Greenville, Harlingen, Houston, Palestine, Paris, Port Arthur, San Antonio, San Benito, Sherman, Texarkana, Tyler and Wichita Falls.

Week-End Program For Rainbow Girls Has Been Changed

A meeting of the Order of Rainbow for Girls with the former assembly, scheduled for Saturday evening, has been indefinitely postponed, it was announced this morning by Mrs. W. A. Seydler, advisor.

Instead, members of the Pampa assembly will meet for a covered dish dinner at the home of Miss Lorraine Noel at 6:30. All girls of the order are invited to be present then.

INCREASES IN ESTATE TAXES ARE APPROVED

ONLY ONE POINT MUST BE ACTED UPON BY HOUSE

WASHINGTON, April 26. (AP)—A \$477,000,000 new revenue bill, representing a surprising conference victory for the senate's high-tax bloc, is on its way today toward final congressional enactment.

Senate-house conferees on the budgeting tax measure came to agreement last night after two days of nerve-racking work.

Their report accepted virtually all the senate increases in estate and gift taxes, the capital stock and excess profits taxes, and liberal compromises over income tax publicity and consolidated returns.

The conference agreement as complete except for the senate amendments, adding 10 per cent to all individual income tax returns next year.

The house will take a separate vote on this. That chamber also will be the first to act on the conference report.

House democratic leaders do not look for floor consideration before Monday. Should the house reject the 10 per cent "recovery" tax proposed by Senator Coughens (R., Mich.) and accept the report, only senate approval of the report would be required to send the measure to the White House.

It was generally believed the senate would not insist on the 10 per cent Coughens proposal if the house disapproved it.

Agreement on the bill cleared the way for early action on another major measure—the reciprocal tariff proposal which the house has already passed.

The senate finance committee will begin public hearings on this controversial administration proposal tomorrow with three cabinet officers—Secretaries Hull, Wallace and Roper—leading off for the proponents. The opposition will be heard Monday.

Senate tax bill conferees were highly jubilant over their numerous victories across the adjustment table.

Part of this across from inclusion of the most liberal income tax publicity provision ever to escape conference shears. The La Follette amendment, subjecting entire returns to public inspection, was modified to make only part of the returns public. But even this was more than the independents looked for.

Under the new provision, a taxpayer will be required to file a separate statement with his return giving his name and address, total gross income, total deductions, net income, total credits against net income and tax payable.

The senate estate taxes, ranging from one per cent on net estates of \$20,000 to 30 per cent on those above \$10,000,000, were accepted. The house, group, however, won restoration of the existing \$50,000 gross estate exemption as against the senate's \$40,000.

The senate's provision abolishing the privilege of corporations to file consolidated returns was retained with a modification to permit railroads to continue to file single returns.

Plight Wins Texas Derby

Leaving the favored Riskulus, Kentucky Derby prospect, running back in the show spot, and beating Hickory Lad in the stretch run, Plight, of the William Sackmanier stables, topped the rich Texas Derby at Arlington Downs, Fort Worth. The above photo shows the horse, with Jockey Riskulus up, and Josephine Walker of Fort Worth, presenting the winning trophy to Josephine Reuter, daughter of Plight's trainer.

High Court May Delay Decision On Oil Question

WASHINGTON, April 26. (AP)—A supreme court decision on the constitutionality of the petroleum code, urgently sought by the oil administration, may be delayed until the fall term because counsel for the recovery administration is not ready to try the case.

It was learned today Secretary Ickes' administration was impatient to return public. But even this would leave authority to control production still in doubt and make enforcement of the code problematical meantime.

The case involves the validity of the oil code as well as the national recovery act. It rests on criminal indictments against several Texans accused of violating regulations curtailing oil production.

The indictments were brought directly to the supreme court to furnish a test case after Federal Judge Randolph Bryant had ruled against the code in the Amazon and Panama cases in Texas.

Attorneys for Ickes were represented as having insisted, in conference with lawyers for the NRA and justice department, that the trial begin within two weeks. The latter were understood to have overridden the plan to press for an early decision.

Mrs. Frank Winsett was in Pampa Sunday.

Potash Mining To Be Begun in Midland County

SAN ANTONIO, April 26 (AP)—A shaft for mining potash—highly valuable as fertilizer—is to be started soon in extreme southwestern Midland county by a corporation which holds the development rights to approximately 9,000 acres.

The shaft will be located on land belonging to F. Jones near the first of two core tests drilled several years ago. In these tests polyhalite containing potash was found, the best stratum being about six feet thick. It was encountered at a depth of 300 feet in the shaft to be sunk by the corporation will go that deep or deeper if necessary. By a new process potassium sulphate will be refined from the polyhalite, which also contains the sulphates of calcium and magnesium.

The shaft will be located 10 or 12 miles southeast of Odessa, the nearest town on the Texas and Pacific railroad, and 18 to 20 miles southwest of Midland.

The potash in sight on the corporation's block has been estimated at 57,000,000 tons. Potash has been found in many tests for oil drilled in west Texas, most of it on lands of the university of Texas. It is being studied closely by the university's land geology staff at San Angelo and by the bureau of economic geology at the university of Texas.

Germany held virtually a monopoly of potash when the world war started and this caused extensive exploration in the United States, congress making an appropriation for the drilling of test holes in west Texas and New Mexico. Most valuable information about potash deposits in the two states was obtained in this drilling.

Miss Bobbie Lynch entertains the members of the home economics classes of the local high school with a lovely party Tuesday evening at the home of her parents, Mr. and Mrs. Bob Lynch.

Hatchery Valuable to Community

The Cole Hatchery on West Foster Street in Pampa has modern equipment and furnishes chicks from rigidly culled flocks of R. W. Cole, Prop.

The business of farming profitably has in the past five years become a problem in every agricultural community. The successful farmer of today has found it necessary to change his methods and adopt new practices in every field of activity. As a result of constant urging by agricultural colleges and our national department of agriculture we now find more and more farmers relying on a variety of industries where in other days practically the entire population of many communities were dependent upon the production of one crop or industry.

Many farmers, not only in Gray county, but throughout the U. S. have turned to poultry raising as a sure way of providing a steady income.

In connection with this unusual activity in poultry raising we have seen the development of the specialized hatchery such as the Cole Hatchery in Pampa. This concern with a 25,000-egg capacity does custom hatching wherein the grower furnishes eggs which they hatch for a sum so nominal as to be cheaper than the cost where the grower does it himself. They also hatch and furnish chicks to growers, both local and distant ones, from eggs which come from carefully selected and rigidly culled flocks. Their rates for these chicks are \$0.50 per hundred and up and

you may be sure that when you buy these chicks you get the best obtainable. Their business has shown a steady annual increase since first established. It is an institution of distinct value to Gray county for it not only provides premium market for eggs from carefully graded and blood-tested flocks but in doing so it encourages the development of higher class poultry in this section. They invite farmers and poultry growers to call, write or visit them at any time for detailed information regarding their prices, methods and quality and breeding of their chicks.

Mrs. J. T. Hill of Allison shopped in the city this morning. W. H. Williams of Skellytown was in Pampa last night. Bob Thomas of McLean was a Pampa visitor last night.

Every bottle is Brew-Dated

Blatz Old Heidelberg Beer

EVERYONE has always known—that to be good—beer must be aged.

Many indefinite claims have been made as to the age of beers—but now Blatz announces the greatest advancement in the brewing industry in 20 years—and guarantees the exact age of every bottle of Blatz Old Heidelberg Beer.

It requires millions of dollars in equipment—row upon row of huge ageing vats—to make this guarantee possible.

Every one of these vats carries the date on which its contents was brewed. When fully aged, when it has reached that exact time when the beer has all that is best—the satisfying richness of flavor—the full body and strength—then it is bottled, and there is shown on every bottle the exact date that beer was brewed.

It is your guide and guarantee that Blatz Old Heidelberg Beer is fully aged.

New Studebakers

\$155 to \$620 lower than last year!

\$685 Finer than the finest Studebakers ever built before

ALMOST every other car on the market is selling at substantially higher prices today than last year. But Studebaker prices are \$155 to \$620 lower! And the new 1934 Studebakers are finer cars in every way than the finest that Studebaker offered in former years.

They're magnificently streamlined. Built like battleships—of seamless steel reinforced by steel. They're so roomy that six grown-ups are easily accommodated in the sedans.

Studebaker's own million-dollar development, Quadrupole Suspension, cradles the action of all four wheels at all speeds and on all roads.

DICTATOR . . . \$685
COMMANDER . . . 920
PRESIDENT . . . 1170

Inequalities In Taxes Are Claimed By Tom Hunter

CLIFTON, April 26 (AP)—Tom Hunter's second campaign for the governorship of Texas got under way Saturday with an address to Bosque county citizens, in which he recommended that Texas devise and carry out a recovery program of her own, which is in step with and supplements the plans of President Roosevelt for the nation.

Hunter, who in the last gubernatorial campaign ran a strong third in the race for the democratic nomination, spoke here on the occasion of Sam Jackson day rally.

Hunter cited data which he said was on file at Austin, which reveals, he said, that the gas companies are valued at \$387,000,000 and that their books reflect receipts in a depression of \$67,000,000. Tax records show, he said, that these companies paid only \$442,000 in state ad valorem, or only one-ninth of one per cent of their state value.

Turning his attention to the oil industry, Hunter pointed out that under the present arrangement the major companies, through integrated holding set-ups, control production units, pipe line facilities and retail filling station outlets "to the degree that they hold a monopoly and are successfully throttling independent competition."

"By controlling ninety-five per cent of the filling station outlets, these major companies are able, have in the past and do now manipulate prices to the undoing of independent competitors," Hunter charged. "They are taking profits in another section where competition no longer exists to make up their losses in this price war against small independents elsewhere."

In addition, he suggested a registration fee as a substitute for the poll tax, a reduction of the automobile license rate to from \$3 to \$5, and a franchise or privilege tax on chain stores.

He likewise recommended a tax on aliphatic, because of it being a natural resource. He expressed the belief that such a tax would give sufficient revenue to retire the 20-million dollar state relief bond issue.

NATURE LESSON

COLUMBIA, Pa. (AP)—Rather than disturb a mother robin sitting on her nest, 100 pupils in the Minor Street school are using the back door exclusively. The nest was built on a fire escape beside the front door.

So completely streamlined is a new steam locomotive that its builders claim it will exceed a speed of two miles a minute.

5,000 Chicago Teachers Protest Payless Months

School teachers, some unpaid since last May, brought the school crisis vividly before Chicago's downtown section, as shown here.

5,000 of them paraded through the protesting delays in state legislation to enable payment of back salaries.

New Trap Catches Fish-Eating Gars

MARSHALL, April 26 (AP)—Killer gars, the nemesis of most fishermen, are being weeded out of Caddo Lake, Texas, and Louisiana fisherman's paradise, at the rate of several tons a week with a newly-invented trap.

The fish can be caught in this manner only during the spawning season and the state game, fish and oyster commission hopes eventually to rid the lake of these finny cutthroats, which annually destroy millions of bass, white perch, bream and other game fish.

The trap being used was invented by B. E. Oldham of Natchitoches, La. It is built upon the principle that a gar is rigid, and cannot negotiate a V-shaped bend in its exit. Bass, bream and white perch are flexible. One recent day's haul netted 2,000 pounds of gar, but not one game fish.

The game, fish and oyster commission has installed four of these traps in spawning beds in the lake.

Material from the United States is being used in the construction of the first steel truss suspension bridge in Arabia.

HOW TO SEND PICTURES BY WIRE IS TOLD

24 CITIES SUBSCRIBE TO A. P.'S NEW SERVICE

NEW YORK, April 26 (AP)—Operation of the revolutionary telephotographic service which the Associated Press will give its members was explained today by N. A. Huse, executive editor of the A. P. news photo service.

At the transmission point, this will happen.

"A positive photo print will be wrapped around a cylinder which may be 11 by 17 inches in size, or half the size of a newspaper page," said Huse. "The motor starts. It travels horizontally at the rate of one inch a minute. Thus, this picture, if it is the maximum size of 11 by 17 inches, will be sent in 17 minutes."

"A light which falls on the surface of the print at an angle of 45 degrees will allow the reflection of the print's lights and shadows through a light valve which opens and shuts at the rate of 1300 times a second. This light valve is an invention in tele-photography."

"This reflection falls upon a photo-electric cell whose impulses are transmitted over the wires simultaneously to all receiving points."

"These impulses strike another photo-electric cell of the receiving machine. This cell's impulses in turn pass through a light valve to a sensitized photographic film."

"This film is encased in a cylindrical light-proof holder, wrapped around a cylinder identical in size with the sending cylinder. It is propelled by a motor synchronized to the one-millionth of a second with the sending motor. This synchronization is one of the keys to the success of the apparatus."

"In the case of a picture 8 by 10 inches in size, the reception is completed at the end of 8 minutes. The film is then taken off the machine and developed like any negative. Any number of prints may be made."

"Both the sending and receiving machines operate in full daylight. When the wire is not being used to transmit pictures, it will broadcast every telephotographic bureau in the United States the human voice, thus permitting instantaneous coordination of the service."

"The equipment requires a room 12 by 20 feet. It requires nine months to build the machines. Twenty-four machines have been in the process of manufacture now for six weeks so there is every expectation that the new service can start by January 1, 1935."

"Twenty-four cities already have contracted for the service, involving wire mileage of some 10,000 miles and covering all portions of the United States, including the southeastern tip at Miami for picking up important news pictures from Cuba, the West Indies and Central and South America."

"In the twenty-four cities, 35 Associated Press members already have subscribed to the service. It represents a radical forward step compared with previous picture transmission methods."

First, transmission of a picture may begin the instant a print is received in any bureau. Previously, one hour was required at the start to prepare a special transparency before sending.

"Second, the maximum size picture that could be sent was seven by five inches with the result that when it was enlarged to a one-half page size the imperfections were magnified. This new process will send half page picture requiring no enlarging."

"Third, transmission of news pictures will be substantially speedier than before."

"Fourth, as a result of the effect of the light valve, the 100 lines an inch on the print are so diffused and absorbed as to be almost imperceptible to the naked eye."

Plaintiff Moran Makes Defendant Mack Shed Tears

LOS ANGELES, April 6 (AP)—Two comedians, who have carried laughter to thousands, moved a courtroom to tears in the trial of a damage suit against Mrs. Myrtle Mack, widow of another comedian, Charles Mack.

"He seemed to recognize me from the touch of my hand—you know we'd been together a long time," it was George Moran testifying. He and Mack had teamed together the country over. Row Moran, charging negligent driving by Mrs. Myrtle Mack in an automobile accident which brought death to Mack and injuries to him, is suing the widow for \$34,500 damages.

"I was in the operating room where Charley was on a table and I took hold of his hand," said Moran.

"Partner, this is the end," he said. "And then I didn't know what I was doing. I just went goofy."

Mrs. Mack sitting nearby, burst into sobs, and women jurors dabbed at their eyes.

A few minutes before, Mack Sennett, producer of screen comedies and former film actor, had testified in this fashion:

"We were making 70 miles an hour. The lady was driving. There was a bang—a hissing noise. She holds the wheel tight, she doesn't know what to do, then she puts on the brakes. The car begins to sway and over it goes."

The fatal accident occurred near Mesa, Ariz., last January 11.

Some of Belgium's railways are replacing steam traction with motor cars for passenger service at half the cost of operation.

Cattlemen Told They Must Agree On Control Plan

CHICAGO, April 26 (AP)—The federal government, losing a rescue rope to harassed cattle producers today, but told them they would have to figure out a way to use it.

More than 400 cattlemen from all parts of the country gathered at the invitation of Secretary of Agriculture Wallace to work out a cattle production control program made possible by recent legislation naming cattle as a basic commodity.

Chester C. Davis, agricultural adjustment administrator, told the cattlemen that any plan agreed upon must be unified and fair to all sections and should have the general support of all groups.

Asserting that the processing tax on hogs has sometimes been held before cattlemen as a horrible example and an argument against any similar levy on cattle, Davis said there was a failure to appreciate that every dollar collected is paid back to the co-operating producers of the taxed commodity.

The problem, the administrator said, was not a clear-cut, easy choice between adjustment and no adjustment. Rather it is a choice between orderly adjustment under the act or letting things go until top-heavy production forces prices low enough to precipitate a liquidation of surplus stock breeding.

Orders Electric Rate Probe

The gay mood that characterized President Roosevelt's return from his southern vacation cruise gave way to a serious one as he tackled a formidable legislative program. He is shown here signing a measure ordering a country-wide investigation of rates charged for electricity while authors of the bill, Representative John E. Rankin, left, and Senator George W. Norris, witness the ceremony.

ure ordering a country-wide investigation of rates charged for electricity while authors of the bill, Representative John E. Rankin, left, and Senator George W. Norris, witness the ceremony.

Class in Voice Being Conducted At Carr School

Emil F. Meyers, well known Amarillo music college head and teacher, is conducting a class in voice with the May Foman Carr school of music here. He conducts his class on Wednesday at the local school, 310 North Cuyler street.

Mr. Meyers, who holds a degree from Kansas Wesleyan university, has studied under many world-famous teachers of voice, and has taught for 21 years.

He trains the voice, according to officers of the local school, carefully and cautiously because it is the most delicate of musical instruments.

BRAVES STAND IN 4TH PLACE IN NATIONAL

WINS OVER BROOKLYN FOLLOW GIANT VICTORY

BY HUGH S. FULLETON JR., Associated Press Sports Writer. Despite the manifest difficulties of having to get along without Rabbit Maranville, who is something of an institution as second baseman and "sparkplug" of the Braves, Bill McKechnie and his club are acting as if they intended to go places in the National League.

The Braves swung into their stride Sunday when they gave the Giants their first defeat of the season, and since then they have added a pair of victories over the Dodgers to go into a tie with Brooklyn for fourth place in the standing. They spotted the boys from Flatbush four runs in yesterday's encounter, then rode up from behind on Hal Lee's slug to win 9-4.

Lee made it almost a personal triumph. He smacked Van Mugo for a homer with two mates aboard in the fourth to tie the score, then pounded in two more runs with a two-bagger in the seventh.

The Chicago Cubs continued their perfect start-of-the-season by downing the Cincinnati Reds, 6 to 1, for their seventh consecutive triumph. Except for Pat Malone, who hurled 6-hit ball, the Cubs didn't do a lot to help themselves but the Reds made sure of losing by committing five errors.

The New York Yankees, still in the unfamiliar role of a "hitless" club, continued to furnish the American league headlines by trimming the Athletics, 3 to 2, and going to the top of the standing. The Yanks got only six hits off young Alton Benson and Bob Kline but he speared Danny McFarland hurled expertly and Benson's wildness in the fourth started a two-run rally.

Detroit and Cleveland wound up in a second place tie as the Indians defeated the St. Louis Browns, 5-1, and Chicago's White Sox handed the Tigers a 3-2 setback. Cold weather forced postponement of the Boston-Washington clash in the league and the St. Louis-Pittsburgh and New York-Philadelphia games in the National.

Erie Van Wrinkle of Berger was a Pampa visitor yesterday afternoon.

Senator Will Be Tried April 30 On Bank Charge

HOUSTON, April 26. (AP)—Witnesses have been subpoenaed and the government has announced that it will be ready when the case charging Gus Russek, veteran state senator from Schulenburg, with misapplication of bank funds is called for trial in federal court here, April 30.

Russek, who is up for re-nomination this summer, will be defended by Jim Ragsdale of Victoria and Sen. Walter Woodul of Houston, candidate for lieutenant governor. Albert Thomas, assistant United States district attorney here, will direct the prosecution.

Russek was indicted late in February along with two other former officials of the First National bank of Schulenburg, Charles A. and Otto C. Vogt. They were alleged to have misapplied approximately \$1,000 of the bank's funds. Trial of the trio was set for April 30.

The defendants were accused of misapplying the money between October, 1931, and September 13, 1933 by means of "skiting" drafts. Russek has stated that the alleged irregularity did not "involve the loss of money to anybody" and that the bank was in sound condition.

The trial will be of particular interest in view of the likelihood that it will affect the senatorial campaign in Russek's district. The senator is opposed by L. J. Sulak of Lagrange, member of the board of regents of the university of Texas and former member of the state democratic committee.

Russek, once mayor of Schulenburg, has been in the state senate since 1925. He was appointed chairman of the banking committee of the present senate.

Oil Development At Laredo Booms

LAREDO, April 26. (AP)—Oil development this year in the Laredo district has assumed the proportions of a boom.

From April 13 to 20, inclusive, ten new oil producers and three gassers were added to fields of the district and 17 new locations were made. Only three abandonments were reported two of these being in wildcat territory.

The Sun Oil Co. continues to lead in the number of new producers and of the eight wells completed in government wells field of Duval county for the week three were Sun wells. Sun Oil Co. also led the past week in the list of new locations, and of the 14 in government wells field four were made by that concern. Two major concerns, Sun and Magnolia, have an intensive development campaign in progress.

FDR'S NAVAL PLANS LINKED WITH NIPPON

PRESIDENT ALSO PLAYS AT GAME OF INDIRECT STATEMENT

WASHINGTON, April 26. (AP)—President Roosevelt's move to expand the navy was linked today with Japan's "hands off China" policy.

Although officials gave no basis whatsoever for the connection, administration aides were informed that in London and other world capitals the two developments were mentioned in the same breath.

The state department, however, held to the strict silence it has maintained since the Japanese semi-official pronouncement was issued nine days ago. In this deliberate silence, the best informed observers found intimation that the United States plans no immediate diplomatic move in far eastern affairs.

In accordance with the plan to increase the navy to full treaty strength, the White House looked to the drafting of a \$1,500,000,000 request to congress, a "carry-all" appropriation, which informed quarters said start construction within four months of 20 ships of war.

Recalling that President Roosevelt, in signing the Vinson bill authorizing construction of 100 navy ships, said he still favored "limitation of naval armaments," the Washington Post added that:

"Observers saw in the change of policy a hint to Japan that two could play at the game of indirect statement."

There was complete lack of any authoritative hint that the United States planned to enter into formal diplomatic correspondence or conversations with Japan or any of the nine-power treaty nations concerning the Nipponese statement.

Nevertheless, Alfred Seo Ke See, the Chinese minister, and Ambassadors Rosso of Italy, Sir Ronald Lindsay of Great Britain, and De La Boulaye of France, all have conferred within recent hours with either Secretary Hull or Undersecretary Phillips.

Similarly there was no doubt that President Roosevelt's desire for a large fund into which to dip at will be strengthened the navy had caught the interest of international circles.

Mortgage Loan Interest Is Cut

Federal Land Bank and Land Bank commissioner's farm mortgage loans in Texas have refinanced farmers' indebtedness upon which annual interest charges formerly ran from 5 per cent to 9 per cent in most cases, it was shown in an analysis by the Farm Credit administration of more than half the loans closed from June 1, 1933, thru March 31, 1934.

The highest rate farmers now pay on the mortgages into which these debts have been refinanced is 5 per cent and on a large proportion it is only 4 1/2 per cent. The savings resulting from reduced interest charges applies, of course, not merely to one year but to the life of the loan.

The analysis dealt only with interest rates paid on first and second mortgages, and upon short-term commercial bank loans. It did not deal with other classes of debt or many other untraceable items bearing upon the cost to farmers of carrying their debts, such as loan and renewal fees. The total of loans closed from June of last year thru March of this year in Texas was about \$67,400,000.

While the bulk of the loans refinanced carried rates from 5 per cent to 9 per cent, in a number of localities and in the cases of a number of loans, interest rates of 10 per cent were paid by farmers on their debts.

Ace of Clubs Is Entertained By Mrs. Jack Hysmith

Ace of Clubs members were entertained at the home of Mrs. Jack Hysmith Tuesday, with two tables of bridge in play. Mrs. M. W. Andrews made high score in the games. Delicious refreshments were served to Misses E. E. Chapman, Doug Wilson, W. H. Nelman, B. F. Rens, N. T. Elkins, H. H. Threat, E. P. Curry, and Andrews.

New Air Liner to Fly U.S. - Buenos Aires Route

A new colossus of the air is this "super-clipper" ship of the Pan-American Airways, to be placed service at once on the mail-passenger route from the U. S. to Buenos Aires. Its enormous size is illustrated strikingly in comparison with the men shown extreme right. This 19-ton, 3000-horsepower aerial giant can fly 3500 miles, non-stop, with mail, and 1200 miles with a full passenger complement, 1000 pounds of mail and express, and a crew of five. It is the first of six such planes ordered by Pan-American.

PAMPA CHORUS WILL ASSIST AMARILLO GROUP IN PROGRAM

Members of the Philharmonic choir will have their pictures made for publication in newspapers of this section when they meet at the Methodist church this evening for rehearsal of "Trial by Jury," the breach of promise suit in music they will present at the district courtroom May 9.

Tonight's practice will begin at 7 p. m. Members of the civic choir who'll go to Amarillo May 6 to assist the Amarillo Civic chorus in presenting Rossini's "Stabat Mater" will meet tonight at 7 p. m. The local choir also will open the Amarillo program with a short number.

On May 12, "Stabat Mater" will be sung here by the local and Amarillo choruses, and the visitors will open the program. Mrs. May Foreman Carr is director of the Pampa chorus.

Members of the choir are asked to bring copies of "Holy City" to the rehearsal tonight, and everyone is asked to be present promptly at 7 p. m.

ATTENDS SESSION

Mrs. W. H. Davis, administrator of the Gray county relief board, returned yesterday from Mobile, Ala., where she has been at the bedside of her mother, who has been critically ill. Mrs. Davis attended a meeting in Amarillo yesterday afternoon and is optimistic that some relief action will be taken soon.

DUST STORMS ARE MENACING WHEAT CROPS

'SNOWDRIFTS' OF SOIL PILE UP EAST OF MISSISSIPPI

BY GILES FINDLEY. CHICAGO, April 26 (AP)—Black blizzards sweeping over the middle-west are menacing crops in huge areas of the "world's bread basket." Dust or sand storms are common and prosaic events in many states west of the Mississippi river, but are generally a phenomena east of that stream. However, vast clouds of flying dust recently have dimmed sunlight and cast a peculiar haze over many localities far east of the river.

Disastrous storms have been sweeping the wheat country blowing dust and dirt for many miles, piling it up against snow fences until they were buried.

Meteorologists have been asked to explain these storms and tell of the probable damage that either has or might result.

Eric Miller, federal meteorologist at Madison, Wis., attributes the "blizzards" to the past two or three years of drought. Strong winds are now picking up fine particles of soil pulverized by the hot sun. This dust, he said, falls when it becomes moist while traveling over areas where evaporation of lake, river or swamp waters is taking place. He said little crop damage results from such a storm because as much dust is blown out of a state as comes in.

Other meteorologists are not altogether agreed with Miller as to the crop damage. H. L. Walker, dean of the agricultural college at Bismarck, N. D., said the situation was "undoubtedly serious." Some seed may have been blown out of the ground, he said, in light soil regions where seeding was early and in other places the seed had been left on top of the ground and may not germinate.

Other authorities agreed that much damage would result from the storms. As a result of the drought, storms

and heat a lake near Richmond, Mo., normally 1,800 acres in extent, has been reduced to three acres. Des Moines, Iowa, reported wind making "snowdrifts" of soil. Aviators reported soil blowing at the altitude of a mile.

Finklesteins To Open Shop Friday

Mr. and Mrs. David Finklestein will open "The Vogue," a ladies' ready-to-wear store here tomorrow at 107 South Cuyler. Mr. and Mrs. Jack Kinse will manage the store. The building has been remodeled and redecorated and new fixtures installed. Merchandise is being unpacked and arranged for display today.

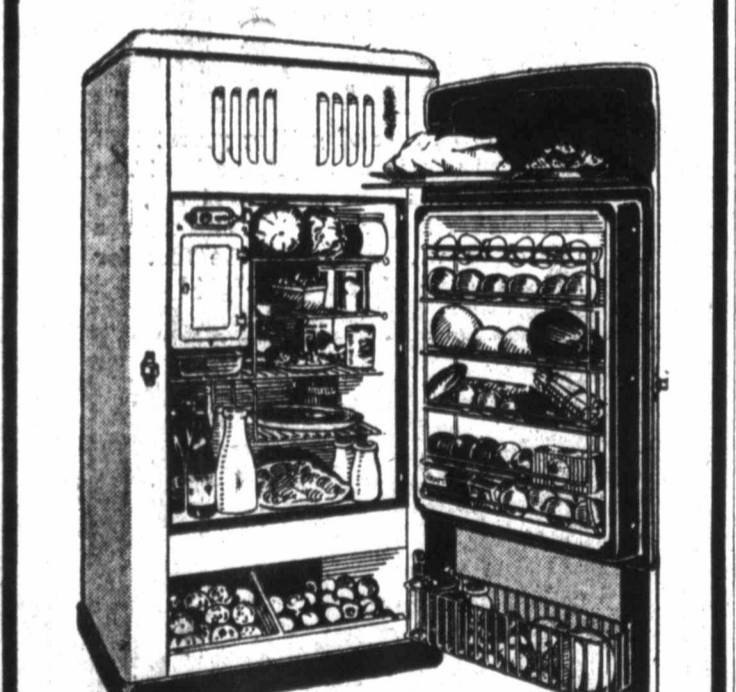

A color scheme of green and black is carried out in the furniture and fixtures.

Summer Round-up. Under the direction of Mrs. John Harris, health chairman of the local Parent-Teacher association, the annual summer round-up for pre-school children will begin May 2 at the basement of the Baptist church. The actual work will be done by Miss Ethel Cokerell, Red Cross nurse, and the local doctors and dentist.
