MRS. ROOSEVELT DISPUTES WIRT

THE NEW PAMPA Fastest Growing City in Texas Panhandle Oil and Wheat Center

Twinkles Understanding the stripping-waste hearing in Amarillo is not easy. And it has nothing to do with nudism.

Contrary to reports, the senators are not investigating recent Amarillo murders. But the hearing may get warm enough to add a murder or two before the week ends.

Nor is the "sour gas" investigation in any way related to the customary manner of utterance of a certain Amarillo celebrity.

It is a typical meeting of experts, some of whom say the "world's largest gas field" will last 5 years, some say 10 years, and the strippers say it is good for 75 years.

If senators can solve the problem satisfactorily to as many as 60 per cent of those interested, they should be sent on up to Washington to supplant the brain-trusters.

Brevitorials Musings of the moment: Wonder if the Pampa man we registered for the oil association banquet as being from Amarillo suspects that we were making a sobriety test as well as having a little fun?

MEMBERS of the League of Nations would feel much at home at a Panhandle gas investigation—especially the Colonel Ernest O. Thompson of the railroad commission entered a general admission of the waste at the outset of and, indeed, before the senatorial investigation.

WHO WAS FIRST? IN AMERICA By Joseph Nathan Kane Author of "Famous First Facts"

BYRON BANCROFT JANSON, FIRST PRESIDENT OF THE AMERICAN LEAGUE 1900-1927

FIRST HOME FOR THE INSANE WAS BUILT IN 1709 AT PHILADELPHIA

Daring Red Fliers Rescue 62 Marooned On Ice

SOVIET FEAT ACCOMPLISHED IN 24 HOURS

MOST OF 90 PERSONS TAKEN TO SAFETY BY AIRMEN

By STANLEY F. RICHARDSON Associated Press Foreign Staff MOSCOW, April 11. (AP)—Three daring Soviet aviators wrote a new illustrious page in the history of Arctic endeavor today by rescuing, within 24 hours, 62 members of a party of 90 Russians, marooned for two months on a drifting ice floe in the remote Bering sea.

Among those brought to shore was Prof. Otto Schmidt, leader of the scientific expedition to Wrangel Island which came near disaster when its vessel, the Cheluskin, was crushed by ice and sank February 13 on the return trip.

Despite his protests, Schmidt was ordered into an airplane. He is ill with a bronchial ailment. While a brief spell of favorable weather lasted, the fliers, Kamalin, Molokov and Stepanyev—the latter in an American plane—brought off 29 more castaways this afternoon, in addition to the 33 rescued last night and early today.

All were landed safely on the mainland at Cape Van Karem, Siberia, after hazardous flights over hitherto unexplored territory. An official announcement, following radio dispatches to Moscow, said only 28 members of the party remain on the floating ice, which apparently accounts for 12 women and children and five men previously taken off.

The fliers have been trying for weeks to reach the party, while ships were also heading to the rescue. Kamalin and Molokov flew to the icy camp from Cape Van Karem, while Stepanyev was already there with a plane which was slightly damaged in landing several days ago.

The approximate position of the castaways was 350 miles northwest of Nome, Alaska, where a Russian air relief expedition departed for Cape Van Karem last week.

Laketon School District Trustee Vote Necessary A special school trustee election is to be held in the Laketon district, where a tie resulted between Jay Evans and Charles Talley. Ennis Jones was elected, having received a majority of the votes cast.

Senate Passes Grass Measure WASHINGTON, April 11 (AP)—The Taylor grazing bill to give the interior department control over 173,000,000 acres of public domain in 11 western states was passed today by the house. It now goes to the senate.

LATE NEWS

HAVANA, April 11 (AP)—Dr. Alfredo Zayas, former president of Cuba and widely known historian, died today. He was 73 years old.

DETROIT, April 11 (AP)—Representatives of 62 shops employing tool and die workers in Detroit today refused to entertain wage and hour demands of the Mechanics Educational Society, which has threatened to walk out at midnight Thursday unless "satisfactory answers" were received.

BANK ROBBED STERLING, Colo., April 11 (AP)—Five machine gun bullets who smashed their way into the Security State bank here this morning and fled with about \$25,000 in loot and three bank officials as hostages were sought over a large area in eastern Colorado and western Kansas and Nebraska today.

The robbers, all wearing masks, fled in a small (Chevrolet) coach, which had no license plates, driving in an easterly direction. About 2 miles from Sterling they released their prisoners unharmed.

Board Requests Local Payment Method Changed The Gray county relief board during a business session yesterday morning, urged the state relief commission in Austin for permission to change the Gray county method of paying men who work through the relief board. No answer to the telegram has been received today and the board is taking the silence as a refusal of their request.

Alex Schneider, chairman of the board, made the following statement this morning: "We are absolutely helpless to change the situation here. The state relief commission has informed us that workers are to be paid two-thirds in groceries and one-third in cash, and we cannot do otherwise. The money to pay the men is placed in our hands and we must dispense it as instructed as is done in every other county in the state, regardless of whether in a drouth-stricken area or not."

Workers who refuse to accept the part payment in cash and the balance in groceries will be automatically placed on the direct relief rolls and will receive nothing but groceries. These are state orders and we must abide by them."

Representatives from relief boards in Roberts and Hemphill counties visited the Gray county committee yesterday and discussed the situation in this section of the Panhandle.

Attendance Grows At First Baptist Revival Meeting Tonight's subject at the First Baptist revival will be, A Question That Cannot Be Answered, the Rev. J. D. Brannon, evangelist, has announced.

Growing attendance has marked services this week to hear the young preacher and his assistant, Ira M. Powell, who is in charge of song services. The Rev. C. E. Lancaster, pastor, invites everyone to attend concluding services. The revival will end Sunday, after two weeks.

Night School Is Low in Cost But Instruction Good Attendance at night school yesterday was not as large as previous interest had indicated it would be. To assure continuance of the plan, which is similar to schools of the type in most of the larger cities, everyone interested is urged to enroll this week.

I HEARD DeLea Vicars admitting he had a big day in golf recently and wiped out some old scores with a few pals. Deputy Bud Cottrell asking if anyone had found a state license plate No. 29-153, lost from a sheriff's department car last night.

NEW REVISION OF OIL CODE IS REQUESTED

WORKERS' CHIEF SAYS EMPLOYERS ARE 'BARBECUED'

WASHINGTON, April 11. (AP)—An assertion that employees in the petroleum industry were being "barbecued" through the use of cheap equipment and lack of safety devices was made to the petroleum administrative board today by Harvey Freming, president of the international association of oil field, gas well, and refinery workers of America.

In a surprise move, the major oil companies which represent more than 80 per cent of the gasoline production in the United States placed before the board a new revision of the refining article of the oil code.

In brief, the major companies' plan provided that a federal agency designated by the president should divide the company in refining districts in collaboration with the planning and coordination committee with a national coordinator and district allocators, subject to approval of the planning and coordination committee to determine proper inventories of gasoline for each district and the production in each district to meet demand.

Appeals from allocations by the district allocator to the board of review would be permitted. Charles Fairly, vice chairman of the PAB, who presided at the session, said that all sections of the industry had "demonstrated a spirit of cooperation" which was "most pleasing" and predicted that a refinery control agreement would be reached.

The statement issued said the "interests he represented naturally view very seriously control of their refining operations by other authority than their own and are constrained to consent only because of the relief of this board and some members of the industry that such a step will be helpful."

In this connection, however, "the statement continued, "they feel, as a matter of frankness, that they should express the opinion that such control of very little value, or at most, of very little value, in the absence of effective control of crude oil production, and that if such crude control is obtained this program will doubtless become unnecessary."

COUNTRY CLUB NAMES DR. HICKS PRESIDENT; PRO MAY BE HIRED Dr. H. H. Hicks, local dentist, was elected president of the Pampa Country club for this year at a meeting of stockholders yesterday afternoon in the White Deer Land building. Lynn Boyd, retiring from the presidency after serving two years, became vice-president. C. P. Buckler was re-elected secretary.

Youth Confesses He Lured Girl to Crumbling Attic, Stripped Her, Left Her. CHICAGO, April 11 (AP)—Little Dorthe Zietlow, two years old, died today of cold and starvation a short time after a 13-year-old boy confessed holding her captive for two days in a crumbling attic.

A Sacrifice

If little Theodora Aloisi is to die, as the doctors fear, it is the hope of her father that she shall not die in vain. He has offered his 4-year-old daughter, shown here in a Jersey City, N. J., hospital, for treatment in the hope that science may effect a cure of the rare blood disease—leukemia—from which she is slowly wasting away.

ANOTHER WELL STRIKES PAY IN WHEELER AREA

Piney Test Good For 200 Barrels of Oil Daily THE PINEY OIL & GAS company's No. 1 Mankins in section 54, block 13, Wheeler county, was drilled into the pay at a little below 2,100 feet yesterday afternoon. As it now stands, the test appears good for nearly 200 barrels of oil, but there is promise of a better well when completed.

Fighting a bad cave has been in process for more than a week. The first attempt to cement the cave was unsuccessful but the second try was good. Gas encountered before the cave has been partially shut off by cement and fluid, but it

YMCA Proposal Is Given Study—Speaker Heard

How Pampa could establish a Y. M. C. A. was explained to members of the Junior chamber of commerce yesterday by Grover C. Good, state Hi-Y executive. Mr. Good made a frank talk about the proposal, pointing out the many recreational advantages but warning those interested that Y. M. C. A. projects are locally controlled and no better than those who participate.

A further investigation will be made by a number of young men who are interested. Visitors yesterday included Ely Fonville, Coleman Williams and Ernest Medkief, the latter of Hereford.

Kidnaped Babe Dies Of Cold

hlm last Sunday, his statement said, by promising her some candy. Then police quoted him as saying: "I took her to the building, jumped through a window, helped her down, and carried her to the attic. The stairs had been wrecked and I had to climb up the wall, getting a foothold in the plaster. "When I got her there, I took off her clothing and looked at her. I went away and returned later. Then I left and did not go back Monday, because I went to school. Tuesday afternoon I went back, and I thought she had been moved. I was scared. No one was around so I wasn't so scared. "I thought she needed food, but I was afraid to let my parents know. I looked out a hole in the building and saw some kids staring up. I chased them away. Then I left and went home."

ATTORNEY OF TEXOMA FIRM MAKES CHARGE

SHEERIN BLAMES PIPE-LINE COMPANIES' GAS PRICES

AMARILLO, April 11. (AP)—A charge that the Texas railroad commission "has never concerned itself with the prevention of waste in the Panhandle" was made by S. A. L. Morgan, attorney for the Texoma Natural Gas company, who testified today before a senate committee investigating waste.

The charge was contained in a statement which Morgan read into the record. It bore the signatures also of attorneys for the Canadian River Gas company, Cities Service Gas company, and the Panhandle Eastern Pipe Line company.

"The constitution and statutes place upon the railroad commission the duty to conserve natural resources," the statement continued. "No serious effort has been made to perform its duty so far as the Panhandle gas reservoir is concerned. The commission issued one order undertaking to establish a maximum oil-gas ratio, which was exceedingly high, but the order was issued in December, 1932, and its enforcement suspended in March, 1933."

"No hearing" had been held by the commission for the purpose of stopping the flagrant waste of gas, which began in 1925 and has continued without abatement down to the present time... no more inaccurate, unfair, and unjust statement could be made than the assertion of the commission in its report that these stripping operations have been forced by the refusal of the pipelines to purchase gas. The total takings of the pipeline companies is infinitesimal as compared with the takings which have gone entirely into the air, either as unstripped or stripped gas."

Morgan said the pipelines were the victims of drainage rather than the "villains." He introduced records to show that the stripping plants have recovered up to 13 times the amount of gas under their leases, and that some of the acreage has been drained in five months.

Morgan's testimony was in answer to the statement of the railroad commission, which was reported in G.A.S., Page 8.

Not Afraid

Hoodlums hold no terror for Martin Insall, fallen utilities magnate. He gave smiling assent when Friday, April 13, was chosen as the date for opening his trial on embezzlement charges. He is shown here in court in Chicago as his hearing was set.

CLAIMS HOME PROJECT NOT 'RED' EFFORT

WASHINGTON, April 11 (AP)—Mrs. Franklin D. Roosevelt today contradicted the contentions of Dr. William A. Wirt that the substance homestead project at Reedville, W. Va., is "a communistic effort."

"The wife of the president gave her views in response to questions at a White House conference with newspaper women. A while before, Dr. Wirt—on a visit to the capital—had been told the house investigating committee sired no further testimony from him and he was free to return to his home, Ind., home. The inquiry will resume next week with the appearance of the persons named by Wirt as having attended a September dinner in Virginia at which he testified he heard talk of a revolutionary plotting.

Some of those named by him have denied that conversations related by him took place. "Never in this country to my knowledge has it been considered uncommunist for an opportunity to be given to people to earn their own living and own their houses," Mrs. Roosevelt said.

She added that while it is a fact that the government will provide the initial capital on this particular project, any private enterprise that wishes to do so may establish the same sort of communities. "It is hoped that many private enterprises will wish to do it," she declared. "The government is just pointing the way."

Mrs. Roosevelt said that quite a number of private industries were even now willing to go into Reedville. Mrs. Roosevelt also answered Wirt's statement that 200 families now paying rent in Morgantown would be taken from that community by the project, which she is interested in making taxes even harder to collect.

"I question very much if any people will eventually move into the 125, not 200, homes at Reedville who have paid any rent in quite a long time," she said.

"Most of these families were on relief or they would not have opportunity to go out there."

WAR TALK WILL BE HELD TONIGHT AT M. E. CHURCH

Is war ever justifiable? That is a question which will be discussed directly after a covered dish luncheon is served at the "food-fair-and-fun" program tonight at the First Methodist church, the Rev. Gaston Foote, pastor, announced. The weekly gathering will convene at 7 o'clock this evening, instead of at 6:45 p. m. The pastor will also open a question box and entertain a discussion on titling and stewardship.

A large crowd is expected this evening and places for over 125 have been arranged. Members and friends of the church, also interested strangers and visitors are invited. "Come if you are hungry or lonesome or frustrated or triumphant," said Rev. Foote. Classes for young people and children are conducted.

WEST TEXAS: Fair, colder in west and north portion tonight; Thursday fair, warmer in north portion.

I SAW—Those Wood twins, Bunyan and Barney, of the Gullum Motor company, standing side by side, and became aware that after knowing them for four years I was still unable to say which was Barney and which was Bunyan.

A stranger in town, S. F. Hussey of Clifton City, Mo., avidly reading Alley Cop. "You used to send the paper to Doc Blythe (his brother-in-law) and I read Alley Cop. It became one of my favorite comic strips." Alley is not published in any paper in Mr. Hussey's section.

County Agent Ralph Thomas and P. B. Farley made a business trip to Canadian today.

MARSHAL NAMED WASHINGTON, April 11 (AP)—President Roosevelt today sent the nomination of John B. Ponder to the senate for confirmation as United States marshal for the eastern district of Texas.

WHAT IS DEARER THAN LIBERTY?

More to be desired than human liberty—when liberty is plentiful, is economic well being. It has not always been so; men have been willing to fight and starve for liberty. But the popular idea of freedom has moved around to mean economic liberty—the right to a job, to a good salary, even if these come from and through a dictator.

Briefly, the shift can be explained by saying that we are beginning to demand economic freedom rather than political freedom.

Once we demanded freedom from the oppression of rulers—freedom to talk, write, and worship as we pleased—abolition of inherited caste distinctions, formal recognition of the fact that, as far as rights are concerned, all men are created equal.

Now we are beginning to demand freedom from economic disabilities; freedom from poverty, for instance and from the fear of poverty.

We are beginning to insist that political equality be balanced with economic security.

It is this demand which is back of such pending bills in Congress as the Wagner-Lewis unemployment insurance law and the Connery 30-hour week bill.

Now the thing to notice is that never before, in all the world's history, could a demand for economic security have been made sensibly.

In all former times it was inevitable that insecurity be the lot of the average man. There simply wasn't enough of everything to go around. Somebody had to be left out.

Population, as Malthus pointed out, tended to increase faster than the means of subsistence. Poverty was inescapable.

But today our troubles come because there is too much of everything. For the first time since this old planet started spinning, every man can get a fair whack of things.

Insecurity is no longer necessary. The abolition of poverty is perfectly possible.

The ordinary man has come to realize this. He knows there is enough of everything to go around and he wants his share; and—which is a point worth remembering—he doesn't care very much how he gets it.

Nila Cram Cook And New Hubby Are Separated

NEW YORK, April 11 (AP)—Nila Cram Cook, former disciple of Gandhi, and her new husband, Albert W. Hutchins, whom she married after a whirlwind courtship on an ocean liner, are separated on their honeymoon.

Hutchins, a former mess boy on the liner, is in Wilmington, Del., visiting his parents. "He is away for only a few days," Miss Cook said today. But she indicated it may become a permanent rift "if I have to travel about a good deal."

C. A. McManus of Skellytown transacted business here yesterday. Mrs. W. C. Stewart and baby son left Pampa hospital today.

For District Attorney—LEWIS M. GOODRICH. State Representative—JOHN PURYEAR, Wellington, EUGENE WORLEY, Shamrock, PHILIP WOLFE, Pampa.

WORLD 'CHAOS' PLOT CHARGED BY NEW GROUP

WASHINGTON, April 11 (AP)—Word of a "political" plot designed to bring "chaos" in the United States, but with the accused parties unnamed, today came from the leader of a newly re-organized feminine prohibition group.

Mrs. F. I. Johnson of Ohio and New York made the assertion in a statement. She issued it just before accepting the presidency of the "New Woman's National Committee for Political Action."

Taking from Mrs. Henry W. Peabody, a dry leader for 12 years, the gavel of the Women's National Committee for Law Enforcement, from which the new organization was formed, Mrs. Johnson said: "Nothing short of a thorough house-cleaning followed by an active organization to preserve active representative government will satisfy the people."

PRODUCTION IS FAR BELOW 10-YEAR AVERAGE

ACREAGE OVER TWICE AS LARGE AS LAST YEAR

AUSTIN, April 11. (AP)—Texas wheat production of 24,018,000 bushels from 4,922,000 acres planned was forecast today by the United States crop reporting service.

The condition of the crop was estimated at 62, compared to a 10-year average of 78. The low condition was attributed to a drought which prevailed in northwest Texas until recent rains and snow improved moisture conditions. Heavy abandonment of planted acreage was reported before moisture conditions improved.

Last year 13,022,000 bushels were harvested from 1,973,000 acres, while 1933 production was 28,293,000 bushels and the 1931 yield was 68,067,000 bushels.

Based on conditions as of April 1, the current United States wheat crop was estimated at 41,793,000 bushels, a condition of 74.3 compared to a 10-year average condition of 79.2. At the same time last year the condition was 59.4.

Pioneers Are To Meet in Banquet On Friday Night

CANYON, April 11.—Indications are that pioneers from far and near will make an effort to be in Canyon Friday evening to attend the Panhandle-Plains Historical banquet which is to be held at Cousins Hall on the campus of the West Texas State Teachers college.

Ray H. Nichols, editor of the Vernon Record, will give the principal address of the evening while there will be short humorous talks by such well known plainmen as Judge Gough, of Amarillo, H. E. Hoover, of Canadian, and J. M. Russell of Amarillo.

The business meeting of the society will be held at 3 o'clock Friday afternoon in the auditorium of the education building with Judge Gough presiding. R. C. Crane of Sweetwater, president of the West Texas Historical society, will address the group at this time on "The Growth and Development of West and Northwest Texas from the Legal Standpoint."

Panhandle-Plains Historical Society museum will be open Friday afternoon with Dr. Angie Debo, curator, in charge. A special feature being shown in the museum at this time is the art exhibit of the paintings of Harold Bugbee of Clarendon which are now hanging in the Mary E. Hudspeth art gallery.

Cuba Announces Debt Moratorium

HAVANA, April 11 (AP)—Cuba has declared a two-year moratorium on about \$60,000,000 in loans from American and British houses and leaders said today it may be extended even longer.

It was a case, government officials explained, of letting national obligations, including salaries of public employees, go unpaid, or of suspending payments on certain international obligations. Cuba chose the latter course.

Under the moratorium, approved by the cabinet of President Carlos Mendiolata last night, nothing will be paid on the principal of bonds floated through Speyer and Morgan from 1904 to 1927, as follows: Speyer, 5 per cent, 1904, \$10,000,000. Speyer, 4 1/2 per cent, 1909, \$10,000,000. Morgan 5 1/2 per cent, 1923, and 1927, \$23,000,000 and \$3,000,000 respectively.

Another 'Dead Sea' Discovered

CAMBRIDGE, England, April 11 (AP)—Another "dead sea" has been discovered. Unlike the one in Palestine, it is not open to the sky and in its murky depths no living thing moves.

It is far down in the ocean between Arabia and India. To depths of from 50 to 100 feet below the surface, the water teems with marine life. Below those levels life does not exist.

The discovery is due to the research of the expedition financed by the late Sir John Murray. The commander has sent a fresh report to Prof. Stanley Gardiner, expedition secretary.

Prof. Gardiner expressed the opinion that the lack of life in the depths may be laid to the petroleum which has been seeping for ages from the land into the sea, producing an effect similar to the familiar "Phlebotan Dead Sea." The expedition made further soundings and explorations which are held to confirm a previously reported identification of this ocean area with the vanished continent of Gondwanaland or Lemuria, the home of monstrous, scaly reptiles which vanished when the earth there sank—probably owing to volcanic action—millions of years ago.

ILLINOIS ELECTS RAINEY TO CONGRESS BY TWO TO ONE VOTE

Many Towns in Beauty Contest

SAN ANGELO, April 11.—Coincident with the observance of Texas Conservation and Beautification week, April 15-21 as officially designated by Gov. Miriam A. Ferguson, local beautification committees in the cities affiliated with the West Texas chamber of commerce are being asked to report upon their activities for the past year by Houston Harte, chairman of the regional chamber's beautification committee.

The second year of the West Texas chamber of commerce Inter-Community Beautification Contest closes with the San Angelo convention May 14-16, and Chairman Harte is calling upon the contesting towns to make their report of activities for the judging. The town that shows the greatest progress in town beautification will be awarded a silver loving cup at the convention. One hundred and fifty West Texas towns are entered in the contest.

FAVORITE OF ICKES BEATEN BY REPUBLICAN

ONLY NEGRO MEMBER OF CONGRESS REELECTED

CHICAGO, April 11.—Leaders of organized democracy in Illinois whose candidates won nomination in yesterday's state-wide primary almost as they pleased labeled "the tremendous democratic vote" today as a "tribute and a compliment to the democratic administration, both national and local."

The significance of the election lay largely in the fact that it was the first in which an entire state was afforded opportunity to register its opinion of its congressmen since the democratic landslide of 1932.

Henry T. Rainey, congressman from the 20th district and speaker of the house of representatives, with little more than perfunctory reference to the "new deal."

The possible nomination of a republican candidate in the tenth district came closer to having administration significance, perhaps, than did the wide victory of Speaker Rainey. That was the apparent success of Ralph E. Church who contested for the republican congressional nomination against the incumbent, James Stimpson, Jr. Church was endorsed by a Roosevelt cabinet member—Harold Ickes, secretary of the interior, who said Stimpson's polo playing did not qualify him for congress.

Oscar De Priest, only negro member of congress, was renominated by republicans in the first district.

Michael Igoe, long a figure in Chicago and state democracy, was nominated for congressman-at-large, together with Martin A. Brennan, incumbent. The Igoe victory was scored at the expense of an incumbent congressman, Walter Nesbit, who for years has been prominent in southern Illinois labor circles.

Republicans viewed the primary with an optimism that equaled that of the democrats. Chairman William H. Weber of the republican Cook county (Chicago) central committee, said the vote was gratifying particularly to republicans who believed in a "united and rehabilitated republican party." No special effort was made to get out of the republican vote, he said.

With the exception of Stimpson in the tenth, republican incumbents appeared safely nominated.

In Cook county the democrats, on the basis of incomplete returns, polled an indicated vote of around 400,000, or slightly less than double that of the republicans.

THIRD GRADE GASOLINE UP A FULL CENT

Marketeters Attribute Rise in Prices to Closing of 30 East Texas Refineries.

By WILLIAM VOIGT, JR. Associated Press Staff Writer TULSA, Okla., April 11. (AP)—A strong gasoline market, making its appearance for the first time this season, helped keep Midcontinent oil men in good spirits this week.

In the past three days the third (low) grade gasoline has increased a full cent to 3 1/2 to 4 cents. Early in February the market reached 3 1/2 cents but had been slipping steadily since.

The listless attitude of jobbers was changed almost overnight to a definite buying mood.

Without exception, marketiers in this area attributed the change to the closing of 30 oil field East Texas refineries for alleged violation of the new refinery reports law.

This resulted in the removal of the last of the several hundred tank cars of distress gasoline that had been on sidings waiting for buyers.

Movement of crude oil in the area was reported at more than a half million barrels daily by the Oil and Gas Journal last week, but if this pace was continued this week it would be chiefly in out-state shipments, as most of the plants there have little storage space.

Whether the upward trend will have any permanence is believed here to rest, first, on an expected ruling of Federal Judge Randolph Bryant of Tyler, Tex., on the reports law and second, on the presentation in Washington to the oil administration today of a purported refinery control.

F. W. Fischer of Tyler, attorney, attacked the penalty clause of the Texas law, which a three-judge federal court two years ago held was "burdensome," but did not at the time specifically rule out Judge Bryant as a member of that court.

The local view is that if the Texas law is held valid and the Washington conferees reach agreement on a workable plan, the refinery industry should get on its feet economically without undue delay.

WHAT IS HOME WITHOUT A GARDEN?

SPRAY AND FEED ROSES

By Pampa Irish Farmer

Hello Sonny. Whose boy are you? So Tom Close is your Dad. Yes, I have known him a long time.

Is this a squirt gun? Yes, you can call it that. I call it a spray can. What is in it? Smell and guess. Oh you think it smells like Dad's pipe. Well it does. That liquid in the can is made from tobacco, and it is poison. No, I didn't make it. I bought it at the drug store last year, and it is about all gone. Guess we better ask the druggist, or florist, or somebody if they have some more for us. What am I doing with it? Why, I am killing these little bugs that are eating on my roses, and pansies, and all these little tender plants.

Just look at them on this leaf. Big Daddy and scads of little fellows. They don't bite the plant, they just suck all the juice out, and then go to another plant. Sure, you can help me. Turn that leaf over, I can shoot this poison on that bottom side. Watch 'em tumble on the ground Sonny, they sure want to get away, but we are going to shoot some of this on everyone. Yes sir, kills 'em dead. You know if we don't kill them right now, they will have such a big family in a few weeks, that they will kill most of our plants.

My goodness, you are such a fine boy, I think I will have to borrow you from your Dad. Dad thinks it is foolish to plant flowers in Pampa, and let the wind blow them away, and have to buy water for them. But Mother and I don't suppose you ask Dad to come over with you, and let's see if we can figure out some way for you to get some flowers. Just keep on asking and asking till you get him to listen to you.

Why we are through killing those little rascals, so we will get us a stick and sharpen a point on one end, to scratch around the plants, and see how many cut worms we can find. Now go easy, and don't bruise the little rascal, or break its roots. No not any by that plant, must be one here, for here is a little sweet pea all wilted. Yes, there is the greasy rascal, sound asleep after making his breakfast on sweet peas. Take him in your hand; he won't hurt you. Take him home with you, and show him to Dad and Mother. Good-bye, Sonny. Wish you could stay all day. Bring Dad over.

Well neighbor, we have two bountiful crops the frost and wind won't hurt. That is, they will be bountiful soon, if we don't get busy and stop them now. The cut worms and aphids (green lice) are just flourishing, if you go over evening and find the cut worm, that will save a plant which would be eaten before you get out there the next morning. Some books say scatter poison, but the plant may be cut before the poison is eaten, so I scratch around the plants every day or so to be sure there is no worms left.

Guess we better go to town and see who has some bone meal and Vigoro now and give these roses, and delphiniums something to eat. Don't feed too much at once, plants are like people, they get sick, if fed too much. A little now, and more later, is a good way.

Listen, I hear spurs jingling. Why there is Bill Rancher's foreman, with the truck. Look at his face, so white, he must be sick. Steady neighbor, that cow boy is mad. See how he steps.

Hello, partner. Got lots of little calves at the ranch? How's that? You want to see the color of the man's eye who thinks he can make an ass of you? I don't understand partner, what's gone wrong? Do you have the pleasure of addressing the person who was instrumental in causing you to haul cow chips to the city gardeners? Yes, No. Why, pawaw. Let's see now. Well, I did ask Bill Rancher to send in some fertilizer, and he said he would get a boy in town to do the work, as he would never think of letting a cow boy leave the cattle to do such work as hauling manure.

Sit down here on this box. Oh, no. You wouldn't think of doing that. Quit Bill today, after working twenty-five years for him, and leave him with no one to take care of those cows and little calves. Why you know he never could get any one he would trust like you. Here whistle on this stick, and let's figure this out.

Oh you were so busy repairing the fence, after the wind Horn that Bill did not get in to hunt a boy, and last night he told you boys to haul the fertilizer and repair the wind mill today? What? You played cards all night to see which one would have to haul the cow chips. And of course old Slim Kraus won. I don't wonder you look tired, if you had no sleep last night.

INSULL WILL START RETURN NEXT FRIDAY

TRIP WILL REQUIRE A MONTH TO REACH NEW YORK

ISTANBUL, April 11 (AP)—Samuel Insull will be placed aboard the S. S. Exilona Friday at Smyrna and started on his return voyage to the United States in custody of American authorities.

Burton V. Berry, 32-year-old third secretary of the American embassy, will accompany Insull on his trip to face charges of embezzlement and fraud in Illinois.

United States Ambassador Robert P. Skinner, who designated Berry to make the trip, previously had indicated Insull might be placed aboard the American export line ship, the S. S. Executive, leaving Istanbul today.

The formalities of actually handing him over to the United States will take place aboard the Exilona.

The export ship, which was in port at Makri today loading ore, was ordered to return to Smyrna especially to pick up the famous fugitive. She will follow the regular route to the United States, stopping at Sicily, Algiers, Casablanca, Boston and New York.

The Exilona, 5,000-ton ship with accommodations for 35 passengers, will require perhaps a month to reach the United States—depending upon the loadings.

A doctor will be aboard and Insull will be assured of medical attention should he need it.

Mr. and Mrs. Jimmie Wheeler returned yesterday from a visit to relatives in Dallas and McKinney. They were accompanied home by Mr. Wheeler's parents, Mr. and Mrs. T. C. Wheeler of McKinney who will visit here for several weeks.

Lem Guthrie of Wheeler transacted business here yesterday.

'Tribby' Author Dies in London

LONDON, April 11 (AP)—Sir Gerald Du Maurier, noted actor, died in a nursing home today after an operation for an intestinal disorder.

He was 61 years old.

Famed as an actor, producer and manager, Sir Gerald was born at

Hampstead, England, March 25, 1873. He was the son of the late George Du Maurier, who won renown as an artist on the staff of Punch and as author of "Tribby." He was knighted in 1922.

4-Year Old Boy Sent as Baggage On Bus to Texas

MEMPHIS, Tenn., April 11 (AP)—A live piece of "baggage," four years old, but brighter looking than the newest Gladstone bag, was on a bus somewhere between Memphis and Houston, Texas, today.

Carried as regulation luggage, Little Donald Scouter left here last midnight.

In the check room of the Union Bus terminal he was found by reporters—a baggage check attached to the label of the neatly tailored polo coat he wore. He had been checked at Erie, Pa., and was bound for Houston.

A ticket agent had an envelope containing his half fare ticket, a way bill and \$2.65 in cash.

Just why Donald was making the trip and the reason for his method of travel, he could not explain.

"I'm going to see my mommer," he replied to queries.

And then in the next breath: "I've been to see my mommer."

His home? "I live in a white house." But he would not elaborate on the subject.

The human handbag left Erie Sunday night. He transferred buses at Cleveland, Columbus, St. Louis and Memphis. Today he was scheduled to transfer at Texarkana and Shreveport, and is due in Houston at 11:30 o'clock tonight.

During his five hours here, Donald was required to remain in the checkroom.

PUBLIC NOTICE

Notice is given to the public that all connections are severed between the Oil Field Local No. 235 and the Panhandle Oil Field Journal.

The Journal will be run on its own merits, covering the entire Panhandle under a subscription plan. It is the aim of The Journal to continue to operate in the interest of union labor. It was indicated that the entire personnel of the Oil Field Journal would continue to take the Oil Field Journal.

FAIR PRICE begins where your Telephone is made

In the telephone service, economy begins at Western Electric Company, supply unit of the Bell System, where the savings of mass production and quantity buying help hold the cost of telephone equipment low. Without the aid of the Western Electric, the men and women who furnish your telephone service here could not serve you so well.

Buying from the far corners of the earth . . .

Manufacturing telephone cable . . .

Saving by standardization . . .

Sumatra rubber plantations, Chinese antimony mines, and the pine forests of this country and Canada contribute some of the raw materials for your telephone service. Long ago, for instance, the operating companies of the Bell System learned that they could buy in the world markets through Western Electric cheaper than if each company made its own purchases.

A popular-priced automobile has about 3,000 parts . . . but workmen at the great lathes and furnaces of Western Electric must turn out, economically, more than 100,000 different parts and appliances needed in the telephone service. As a further saving, many of these are assembled into units ready to slip into place in the telephone switchboard or plant.

Because they are standardized, Western Electric parts fit equally well into a telephone or switchboard in San Francisco, San Antonio or St. Louis . . . operate in the same manner and give the same high quality of service. This uniformity means an incalculable saving in operating costs. If each of the 24 Bell operating companies used different equipment and different methods, the fast nation-wide telephone service we know today would be well-nigh impossible.

Good telephone service for you . . . at Fair Cost

THE person who profits most from Western Electric's savings from mass production and quantity purchasing is . . . the telephone user.

Telephone service here shares in the economies that result from the effort to keep costs low.

This policy has been chosen deliberately as the course that will in the long run prove soundest for the telephone company. We believe that in an undertaking planned, like the telephone service, for the long pull, what is best for you as a telephone user will in the end bring us the surer, more enduring success.

SOUTHWESTERN BELL TELEPHONE COMPANY

BUSINESS CONDITIONS ALL OVER TEXAS SHOW IMPROVEMENT

NEW RULES FOR VETERANS' PAY ARE LAID DOWN

Blind Vet To Receive \$200 Per Month Under Law

WASHINGTON, April 11 (AP)—The veterans administration laid down a rule today that blind veterans of the world war are entitled to nearly twice the relief given a soldier who lost a leg in action.

In answer to a written question, it said that a blind veteran restored to the rolls by the new veterans legislation is entitled to \$150 a month plus \$50 for a nurse or attendant, even though the blindness resulted from "willful misconduct."

"A world war veteran with a disarticulation of a leg as a result of combat with the enemy can receive a maximum of \$119 per month," the ruling said.

The bureau then outlined the status of other cases as follows:

"A world war veteran who, as the result of gunshot wound received in action, has lost both hands, or one foot and one hand, or one foot and one eye, or one hand and one eye, or is helpless or bedridden cannot receive in excess of \$175 per month even though granted the rate for permanent total disability, \$100 per month, plus \$50 for nurse or attendant, plus the statutory allowance of \$25 for the loss of one or more feet or hands."

The interpretation added that "for disability less than that described but nevertheless serious injury resulting from gunshot wound, the veteran would receive proportionately less, depending upon the degree of disability."

Should the veteran have suffered injuries additional to the loss of his right arm, it is graded up to \$250 a month.

With the sole exception of world war cases pension and for disabilities resulting from misconduct is not allowed.

"It was explained further that in all other cases if it could be shown the injuries clearly were not 'service-connected' the government need not pay for them, but that 'blind cases' are restored to the rolls without any authority on the part of the government to apply this principle."

PLAINS CITIES REPORT BOOM TIME BUSTLE

ONLY UNEMPLOYMENT AND CONSTRUCTION ARE LAGGING

By The Associated Press

A rosy-hued picture of improved conditions, stated with concrete figures and examples, unfolded itself before the Texas business man today as he saw his accounts down in black.

He finds in the center of the picture the figures which reveal increased bank deposits, both time and saving accounts; a more rapid turnover of stocks; a slowly-mounting total of building permits, a gradual decrease in business failures, more sales, both from the dollar and unit standpoint, and an increase in credit collections.

Specifically he sees unemployment reduced by about 20 per cent, has a larger personal bank account, sees new homes going up and feels that the frown of worry he wore so long has been dissipated in part.

Two clouds on the recovery horizon, however, have kept conditions from improving on all fronts. They are unemployment and construction of buildings.

With the gradual diminution of federal aid, the ranks of the unemployed have been swelled, but private business and industry have started to absorb some of those jobless and the shock has not been as bad as expected. While carloadings, bank deposits, prices and other indices in the business chart have risen, construction of buildings and other projects has lagged behind the spur of other factors.

Here is a summary of conditions in centers of Texas:

Lubbock—Automobile dealers reported greatly-increased sales in new and used cars while farm implement men said their business in the first quarter of the year was double that of the same period in 1933. Store rooms in the business sector and houses and apartments have been filled and unemployment was fast disappearing. Utility meter totals jumped, telephones gained 200, postal receipts were 21.5 per cent higher than in the first quarter of 1933 and bank deposits increased \$162,000.

Greenview—More jobs for the idle of six months ago, higher volume of sales, decrease in empty buildings, increase in local county tax receipts and postal receipts were noted. NRA was credited with creation of more jobs. New firms moved to Greenview and others raised pay schedules and ran day and night. Survey indicated a population increase.

Fort Worth—Department stores reported a gain in business of between 50 and 60 per cent during March as compared with the same month last year. Easter business, as elsewhere, was termed "very satisfactory." February business showed an increase of 30 to 35 per cent over February, 1933.

Plainview—Elements contributing to the best business in three years were refinancing of farm capital debts at lower interest rate, payment within the last eight months of \$3,250,000 to farmers in Hale and four other counties, adjustment administration as to benefit payments for co-operation in cotton and wheat production programs; advanced price of butter fat, best per-acre yield in recent years, good prices for fed lambs. Rent houses were at a premium and business rental contracts were higher, with diminishing vacancies.

Longview—Building permits for the first quarter were \$150,000 and one department store reported it led the state in volume sales in January and was second in February. Refrigerator dealers said last year's sales volume was 85 per cent above that of 1933. A common refinancing program was under way, along with \$1,500,000 county-wide highway plan.

Houston—Bank deposits of \$175,621,672.63 were the largest in history. Shell and Humble refineries raised wages and salaries of 1,000 employees of the Hughes Tool company were hiked to 1929 levels. Nine large department and clothing stores reported February sales 41.3 per cent more in dollar volume than in same period of 1933. Building permits were increased and Humble planned a large addition to headquarters building.

Dallas—Building permits showed that construction was gradually rising above the lethargy of recent months. Bank deposits established a record, gains in department stores starting with the holidays have held and the turnover of articles in the so-called luxury class have increased.

Pampa—A snow which left 1-2 inches of moisture in the wheat belt will mean the possibility of a crop of nearly normal proportions. Wheat farmers are smiling. Cattle men looked to the domestic allotment plan to give them vital assistance in marketing. Oil drilling increased rapidly. Cotton plans have raised the price of cottonseed cake fed to cattle, however, and increases in the price of corn have been a blow to feeders. Cattle as a basic commodity will provide the first help from the government.

Seventy-five members of the Oxford School Dads club in Oakland, Calif., volunteered their services free of charge to make any necessary alterations at the school to comply with building safety regulations.

Judith Lane

by JEANNE BOWMAN

SYNOPSIS: Slim Sanford and Justin Cunard have come to the Rio Diablo dam to tell Judith Dale that Morton Lampere's trickery is temporarily checked. Lampere is trying to break Big Tom Bevins' will, which has given Judith 5 million dollars with which to complete the dam. Judith's husband, Norman, has sided with Lampere and the Bevins heirs. Cunard and Sanford have gone with Judith on an air tour of the dam site.

Membership Of PTA Sets Record

BY MRS. JOHN M. FOX, Wichita Falls, State Publicity Director Texas Congress of Parents and Teachers.

The fiscal year of the national congress closes April 1.

Has every member in the state of Texas been accounted for?

In 1931 the membership of the Texas branch was 71,117. In 1932 the membership dropped to 58,323 because of economic circumstances during that year.

In 1933 the survey showed a membership of 68,150 for the state of Texas. This was a remarkable gain because it showed a percentage gain of more than 13 per cent over the preceding year, and Texas was the only state among the 47 in membership showing such a high percentage of increase.

Reports from the national congress show that the year 1934 has scored the largest list of members from the Texas branch that it has ever had, and this is cause for much pride and rejoicing among the membership and officials. Official membership for Texas now stands at 81,408.

Mrs. A. F. Wood, president of the Texas congress, desires to commend each and every local president and official who has cooperated so capably in arranging to secure the count so that it could be turned in to the national promptly.

In a five-mile area near Bakersfield, Calif., farmers who conducted a rabbit drive netted 2,000 jack-rabbits.

"Jude, will you hate me if I ask you a question?"

"I—Id find it a bit difficult to hate you, Slim."

"What are you going to do about Norman?"

"I don't know, Slim."

"And what is he going to do about you?"

"I don't know that either. It's all so indefinite. We couldn't seem to discuss things when we were together and now—"

"Now?" he prompted.

"Now we're as far from each other physically as we were in understanding. I guess we'll just let time make whatever adjustments must be made."

"I suppose it isn't necessary for me to tell you I love you, you know it. Sometimes I feel like a sandwich man running around with signs on all sides, saying 'I love Small-Jude, I do, I do.'"

Judith looked up to smile and her breath caught in a gasp. A Spanish girl was dancing in the arms of the man she had been beguiling. The man was J. C. Scatborne, the one whom Lampere had tried to plant in her board of directors.

Tomorrow, Judith finds an alarming situation on the Rio Diablo.

Experts Seek To Agree On Wheat Price

DELEGATES CONCUR ON FOUR WORKING POINTS

BY ANDRUE BERDING, Associated Press Foreign Staff.

ROME, April 11 (AP)—Eight experts with their elbows on one table in a closed and guarded room of the International Institute of Agriculture, sought today to agree on a minimum wheat export price plan to lift the price of the grain.

Despite a long morning session, the sub-committee of the World Wheat Advisory commission was expected to extend its session into tomorrow.

Although an agreement was not reached on which of four methods for a minimum export price is to be employed, it was learned delegates were agreed on the following four points:

1. Exporters are to have the choice of whether to make sales on a basis of quotations based on cost, insurance and freight to importing markets, or on a basis of freight on board from ports of export.
2. Wheat flour, whole wheat, meal and semolina are to be supervised by the government in a manner similar to that employed on wheat and grain exports.
3. The schedule of prices for flour is to be drawn up on a percentage basis with reference to corresponding types; wheat patent flour, to be priced at approximately 145 per cent of the minimum price of the corresponding type of wheat; bakers or clears at 135 per cent; low grade at 125 per cent, and other grades, including whole wheat flour or meals at 120 per cent.
4. Governments are to agree not to

Newsman Decide President Didn't Catch Big Whale

MIAMI, Fla., April 11 (AP)—President Roosevelt went out today to do some real fishing, still over in Bahamian waters, after White House correspondents had sided with his son Elliott that he had been an unlucky fisherman so far.

General Hugh S. Johnson, industrial administrator, with Donald Richberg, general counsel of the NRA, was nearing the base here to join the president upon his return to land Thursday morning.

Johnson and Richberg will ride back to Washington with Mr.

participate in any transaction of a commercial nature, such as barter accounts or deals resulting from frozen credit, which might kill or hinder the system of minimum wheat export prices.

If wheat is sold under barter arrangements or through liquidation of frozen credit, it must be at prices not less than the minimum agreed upon by the government.

People of the Panhandle Know What Jarett's Dollar Day Means!

what it means

70 million dollars worth of tobacco

— 4 1/2 miles of warehouses

Everything that Science knows about is used in making Chesterfields.

One thing we do is to buy mild, ripe tobaccos and then lock up these tobaccos in modern storage warehouses to age and mellow like rare wines.

It takes about 3 years to age the tobaccos for your Chesterfield, for Time does something to tobacco that neither man nor machine can do.

It means something to keep 70 million dollars worth of tobacco in storage. It means just this:

We do everything possible to make Chesterfield the cigarette that's milder, the cigarette that tastes better.

the cigarette that's MILDER

the cigarette that TASTES BETTER

TRACK AND FIELD TEAMS OF 10 COUNTIES TO COMPETE HERE IN WEEK-END

NATIONAL LEAGUE HAS WON MORE GAMES THAN AMERICAN

Margin Is Due To Defeats Handed Giants By Cleveland Indians Recently.

BY HUGH S. FULLERTON JR., Associated Press Sports Writer. NEW YORK, April 11 (AP)—With only a week to go before the big show opens, the National league clubs still held a comfortable margin over their American league rivals today in the Grapefruit league competition.

The margin, however, was smaller than it was a week ago, due largely to the consistency with which the Cleveland Indians have beaten the world champion New York Giants in their spring series. To date the National league clubs have chalked up 42 victories in inter-league competition against 35 for the American league entries.

Last week the National had a 9-game margin. But since then the Indians have beaten the Giants four times in five clashes to climb up among the leading teams in the competition and a couple of other American league teams have shown signs of improvement. The results, which will be wiped out as soon as the regular season opens, points to the St. Louis and Chicago National league clubs as a couple of dangerous customers and Cleveland as a stand-out in the junior circuit. The Giants, despite their trouble with Cleveland, have been the heaviest winners in the inter-league competition with 9 victories. But they also have the largest loss figure. The Boston Braves, with

By The Associated Press

Duluth, Minn.; Frankie Knauer, 444, Eagle River, Wis., outpointed Izzy Levine, 146, Duluth, (6). Sherard Kennard, 147, Fargo, N. D., outpointed Jackie Leibgott, 141, Minneapolis, (6). Alexandria, Va.; Natie Brown, 187, Washington, D. C., won decision over Marty Gallagher, 200, Washington, D. C., (10). Fargo N. D.; Max Kalbrenner, 142, Moorhead, Minn., outpointed Al Curtis, 138, Fort Dodge, Ia., (6). Los Angeles; Pete Jackson, 137, California, knocked out Ciferino Garcia, 142, Manila, P. I., (3).

TRAINING WITH THE MAJOR LEAGUES

By The Associated Press.

OKLAHOMA CITY — Arky Vaughan, youthful Pirate shortstop, will burn up National league pitching this season if he continues his training camp performance. His record is:

Leads Pirate regulars with a batting average of .390; leads in runs scored with 22; leads in hits with 33; leads in doubles with 7; leads in triples, 3; homers, 8, and also has batted in the most runs, 23.

GIANTS

ATLANTA—The New York Giants gained at least one new fan and an important one during their visit to Atlanta. He is "Uncle" Wilbert Robinson, former Brooklyn manager who now is president of the Atlanta club. He was seen rooting hard when the Giants lost to Cleveland yesterday and when accused of going over to the enemy he explained:

"Well, I've been around New York a lot."

TIGERS

BIRMINGHAM, Ala. — Detroit's Tigers will wind up their minor league exhibition games today against the Birmingham Barons. They defeated the Barons yesterday, 13 to 6, in a free-hitting game that saw Detroit display both good and bad baseball. The Tigers were heavy on the bat, getting 15 hits, but also made five errors.

ATHLETICS

PHILADELPHIA — Frank Hayes, whom the Athletics obtained from Montreal, has an enviable record of victories. The A's have won five of the six games against major league opponents in which their catcher has been the rookie from Trenton, N. J.

INDIANS

ATLANTA, Ga.—Mel Harder appears to be the most likely choice as the hurler for the Cleveland Indians in their first American league game in less than a week. The veteran Sam Rice, originally intended for use as a pinch hitter, has an even chance to replace Dick Porter in right field.

DIES IN CHAIR

BELLEFOUNTE, Pa., April 11 (AP)—Richard (Big Slim) Bach, six-foot, six-inch youth, died in the electric chair at Reekview penitentiary today for beating 19-year-old Rose McCloskey to death in Fairmount Park Philadelphia after he had stormed her escort into unconsciousness. The towering, 24-year-old Philadelphian walked calmly to the death chamber, maintaining silence.

THIRTY-EIGHT SCHOOLS WILL BE ELIGIBLE

CLASS A AND B TEAMS MUST COMPETE IN SAME CLASS

Talented track athletes from 10 Panhandle counties will invade Pampa Saturday to compete in the District 2 track and field meet. Winners here will be eligible to attend the regional meet in Canyon. Tennis stars, boy golfers, and volley ball teams will also compete.

Contestants from 38 schools are eligible to take part in the big meet, but it is probable that some of the schools will not send entries. Class A and B schools must compete in the same class under the new system of elimination.

Although it is impossible to select favorites, the starting teams from Perryton, Shamrock, Panhandle, Spearman, Clarendon, Hedley, and Berger appeared outstanding in county and invitation competition this season. The Harvesters are not strong and are not depended upon in the state. Bill Haner and Monroe Owens are "crispies."

Track and field events will begin at 10 o'clock at Harvester field, where a track has been laid out for the occasion. Preliminaries will be necessary in nearly every event. The finals will start at 2:30 o'clock in the afternoon.

Some of the crack junior golf teams of the Panhandle will be here to compete. Play will begin at 1 o'clock Friday afternoon. Teams are eligible from Pampa, Shamrock, Miami, Panhandle, Berger, Perryton, McLean and probably one or two more towns. The Pampa entries will be Buck Talley, John Austin, Wilbur Irving and Elmer Watkins.

Tennis is scheduled to be closely contested. Play will begin Friday at 10 o'clock. Winner of the Amarillo invitation meet last week, has the inside track although teams from Pampa, Perryton, Panhandle, Berger, and one or two other schools will be in the battle. Pampa tennis stars are Donnie Dain, Anne Shields in the girls' singles, Harold Gregory in the boys' singles, and Harriet Hunkapillar and Jo Flanagan in the girls' doubles. C. A. Clark, Roy Webb and Frank McLaughlin are still battling to see who will compose the boys' doubles team.

Some of the strongest volley ball teams in this section are eligible to compete. Play will start in the high school gymnasium at 2 o'clock Friday afternoon. Pampa, Hope, Berger, LeFors, Panhandle, Spearman, Perryton and other schools have strong teams, according to reports.

Schools eligible to send contestants are Perryton, Shamrock, Kelton, Magic City, Wheeler, Mobeetie, Briscoe, Twitty Waka, Octavia, LeFors, Pollock, Higgins, Booker, Panhandle, White Deer Groom, Spearman, Gruver, Morse, Clarendon, Hedley, Lela Lake, Chamberlain, Pampa, LeFors, Canadian, Allison, Hopkins, Berger, Stinnett, Fritch, Flemings, Sanford, Phillips, Weatherly, Ingerton and Holt. McLean and Miami will not enter track and field teams.

Season tickets to all events, athletic and literary, will be available at 25 cents. Admission to the track and field meet will be 25 cents if not purchased as part of a season ticket. Finals in literary events will be 10 cents unless part of a season ticket. Money will go to defray expenses of the meet and pay transportation.

New-Comer To Wrestle Hill

A new-comer to the Panhandle will appear on the mat Monday night with Don Hill, Hollywood favorite, furnishing the opposition. The new force is not a stranger to wrestling fans who keep an eye on the sport in other parts.

Danny McSpain will be the second man in the ring for the main event. He hails from Seattle, Wash., and is head-seeking Fishmar who asks favors of no one and figures he can take care of himself. The semi-final will be more of a main event than a match leading up to the climax. Joe Bauer, German clown, and Pat Garrison, Pampa bad man, will go to a finish. Andy Gump, the boy who defeated Farmer Miller, will get another chance at Lobo Brown of Amarillo in the opening match.

NOTICE You are hereby notified that all connections have been severed between Oil Field Local No. 236 and the Panhandle Oil Field Journal. And that we are not sponsoring or in any way responsible for the publication of this Journal. Mr. Ray Rucker the editor of this Journal has no authority to transact any business for said Local.

EXECUTIVE COMMITTEE, Pampa Local No. 233, (April 10-11-12)

AND THEN IT RAINED LIKE THUNDER

CLARION, Pa.—Lightning struck a transformer outside the junior high school last night in the midst of a student play, shattering a score of windows and bringing the 350 spectators to their feet. Thirteen-year-old Mary Belle Baker kept on with her piano playing without missing a note. "That's all that saved a panic," said the school officials.

He Meets Ryan Tomorrow

Left-handed, tough, and faster than a hard punch, Mickey Dunaway, above, will meet Speedy Ryan of Santa Rosa, N. M., in a return bout at the Pla-Mor auditorium tomorrow night. The two are scheduled to go 10 rounds. Ryan won a shade decision last week but ran nowled for a return engagement. Joe Vernon will also be seen in a return bout with Jim Perry of Fort Sumner, N. M. They are matched for six rounds again. Good preliminaries will open the card.

JUNIOR TRACK MEET IS HELD ON SATURDAY

COMPETITION IS KEEN IN NUMEROUS EVENTS

The Pampa junior high school track and field meet Saturday was keenly contested by both boys and girls of the school. Students of the sixth and seventh grades were eligible for competition.

Room 73 won the seventh grade championship with 44 points. Room 75 followed with 48 points and Room 72 took third with 38 points. The sixth grade championship was won by Room 78 with 53 1/2 points. Room 65 was second with 36 points and Rooms 63 and 67 tied for third place with 27 points.

Winners in the sixth grade events follow: Boys' 50-yard dash, Walter Scott. Girls' 50-yard dash, Daisy Cooper. Boys' 100-yard dash, Cecil Lewis. Boys' potato race, Frank Brown. Girls' potato race, Billie Suttle. Boys' 3-legged race, Douglas Stark and W. H. Francis. Girls' 3-legged race, Ruby Harsh and Roberta Bell.

Boys' sack race, Leonard Hall. Girls' sack race, Betty Jo Anderson. Girls' high jump, Daisy Cooper. Boys' high jump, Willie Stille. Boys' chinning toe bar, Roland Parker. Girls' standing jump, Sybil Canfield. Boys' standing jump, Walter Scott. Girls' playground ball throw, Pauline Adair. Boys' playground ball throw, R. B. Wilson. Girls' running broad jump, Ella Ray Durham. Boys' running broad jump, Cecil Lewis. Girls' 220-yard relay team, Betty Jo Anderson, Mildred Pearce, Ruby Harsh, and Gene Edelson. Boys' 440-yard relay, Roland Parker, Melvin Watkins, Lewis Stark, and J. W. Graham.

Winners in seventh grade events were: Boys' 50-yard dash, W. M. Mumford. Girls' 50-yard dash, Muriel Glen. Boys' 100-yard dash, Floyd Stevens. Boys' potato race, Don Smith. Girls' potato race, Wanda Lee Dunlap. Boys' 3-legged race, Raymond Coons and Wesley Fleming. Girls' 3-legged race, Etha Wilder and Annie Johnson.

Boys' sack race, Don Smith. Girls' sack race, Dorothy Burton. Girls' high jump, Doris Gee. Boys' chinning the bar, John King and Walter McDaniels, tied. Boys' standing jump, Dyke Miller. Girls' standing jump, Martha Martin. Girls' playground ball throw, Martha Martin. Boys' playground ball throw, Arthur Dunaway. Girls' running broad jump, Leta Mae Fitch. Boys' running broad jump, Claude Oliver. Girls' 220-yard relay team, Colleen McMahan, Edith Beck, Ruth Sullins, and Zelpha Spencer. Boys' 440-yard relay team, Floyd Stevens, Claude Oliver, Tommie Bicknell, and W. M. Mumford.

An Independence, Kan., taxpayer returned an assessment blank listing household goods at \$20 and two dogs at \$300.

North Carolina has an unwritten law, rigidly observed, that its governors must come alternately from the eastern and western sections of the state.

TULSA'S PITCHING MAY PUT TEAM INTO FIRST DIVISION

Offers Have Thormahlen Who Won 16, Lost 11 Games For Galveston.

BY BILL PARKER, Associated Press Sports Writer. TULSA, April 11 (AP)—The Tulsa Oilers finished sixth in last year's Texas league pennant race. They ranked seventh in batting and sixth in fielding. Manager Art Griggs saw room for improvement and believes he has plugged several weak spots.

On their last year's record, the team's pitching appears strong enough to hurl their team into the first division. Augustus "Lefty" Johns, William Poseedel, James Bivin, Andrew Bednar, and Edward Selway are holdovers who should be better hurlers this season. Johns won 17 and lost 14 last year, Poseedel won 11 and lost 11, Bivin won 11 and lost 13, and Bednar, who joined the club late, won 2 and lost 1.

In addition, Griggs this year has Henry Thormahlen, southpaw, who last season won 16 and lost 11 for Galveston. Thormahlen is one of the leading strikeout artists of the league. Frank Tubbs, who won 11 and lost 10 for Galveston, and Jimmy Walkup, diminutive southpaw curve ball artist who won 8 and lost 13 last year for Birmingham, round out a commendable mound staff. The catchers will be Horace Powers, a hustling youngster, and John Berger, a veteran with a lot of good baseball left in him. Powers played with Tulsa and Oklahoma City last year. In 95 games he batted .292 and fielded .980. Berger caught for Memphis where he batted .247 and fielded .977.

Alexander Hooks, who is a lefty at throwing and batting, retains first base. Hooks promises to be an improved hitter this season. Jimmy Cronin, a turn-around hitter, is slated for second base although he can play shortstop. In 123 games last year for the Kansas City Blues he batted .283 and fielded .968. Lamar Newsome, another switch hitter, probably will retain his shortstop job. In 102 games last year he batted .282 and fielded .939. Sammy Hale, a veteran of '37, who was young enough last year to play in 147 games, batted .271 and fielded .927, is again on third base. Russell Rollins, a left-handed batter, is another infielder who seems sure to stick. He played in 137 games last year for Atlanta, batted .324 and fielded .948. He is a third baseman by trade. Pete Monahan, who posted last year with Chattanooga, Atlanta, and Kansas City, is on the ground battling for an infield job.

John Stoneham will again be in right field. Charles Hostetler will probably be in center field. These two pasture guardians are holdovers. In last year's pennant marathon, Stoneham batted .304 and Hostetler .260. Herbert Kelly, who played 101 games last year with Tulsa and 18 with Kansas City, and Paul Easterling, former Beaumont star, are competing for the vacant outfield position. Both are consistent hitters and capable ball hawks.

TWENTIETH CENTURY CLUB GIVES GUEST DAY BOOK SHOWER

48 BOOKS ARE DONATED FOR CITY LIBRARY

REVIEW OF NOVEL BY MISS MAY IS ON PROGRAM

THEIR sixth annual book shower for the city library which they were instrumental in starting was given by members of the Twentieth Century club yesterday afternoon.

Books were piled upon a table at the entrance by members and their guests for the afternoon. The 48 volumes will be placed on the library shelves this week.

"We feel that the library is a club child, that we saw grow from a helpless infant to be able to stand on its own feet," Mrs. W. R. Campbell, president, said in her brief welcome address.

Table Laid in Yellow.

Mrs. W. R. Harrah greeted the guests and showed them to the tea table. It was laid with lace over yellow, lighted with yellow tapers in silver sticks, and centered with a bowl of pansies. Pansies were given as plate favors.

Mrs. Campbell and Mrs. R. B. Fisher, poured tea, and were assisted by Mrs. F. M. Cuberson and Mrs. John Sturgeon in serving.

Mrs. Fisher was in charge of the program. Violin solos, Love's Dream and The Old Refrain, were played by Roy Wallbratenstein, accompanied by Mrs. Mae Foreman Carr.

Miss May Speaks.

Miss Fannie May gave a vivid review of John Galsworthy's famous series of novels on the Forsyte family, and an estimate of the author's place in literature.

The Triple Trio, composed of Mmes. J. M. Dodson, Charles Thut, W. A. Bratton, Tom Rose, Harrah, T. F. Morton, A. H. Doucette, directed by Mrs. Philip B. Huggins, accompanied by Mrs. Frank Perry, sang Rain, and When Twilight Comes.

Club guests, introduced by members in response to roll call, were Mmes. Siler Faulkner, John Hesse, Earl O'Keefe, Joe Gordon Jr., E. C. Will, A. G. Fisher, Dow King, J. B. Townsend, T. H. McDonald, S. C. Evans, E. C. Charles, Gus Field Roberts, Farris Oden, Wallbratenstein, C. O. Wilson, A. N. Diley, Wolfe, P. O. Saunders, Harrah, M. C. Overton, L. B. Huggins, Paul Kashiike, Rose, A. R. Sawyer, W. J. Smith, Sturgeon, Edwin S. Vicars, B. C. Low.

Members present were Mmes. Clifford Braly, Bratton, Campbell, Cliberson, Doucette, Ivy Duncan, Fisher, J. M. Fitzgerald, Harrah, H. H. Hicks, L. B. Huggins, Paul Kashiike, Rose, A. R. Sawyer, W. J. Smith, Sturgeon, Edwin S. Vicars, B. C. Low.

WORK DONE BY LOCAL ARTISTS SEEN BY MANY

Music Adds To The Enjoyment of Exhibit

Evidence of talent in painting was seen in the art exhibit by pupils of Mrs. John V. Andrews at the Presbyterian annex yesterday. Ability of local artists was shown in the attractive array of pictures, both originals and copies of masterpieces.

Work was shown by Mmes. Ralph Thomas, Ray Wilson, M. L. Sellers, Miss Ruth Clay, Edwin McConnell, and Jack Johnson, all of Pampa, and Mrs. Josephine Sparks and Miss Ila May Hastings of LeFors.

Many visitors viewed the exhibit through the day and evening. Music by pupils of the Pampa conservatory added to their enjoyment. Dorothy Bramley, Pauline Stewart, Marie Tinsley, Frances Thompson, Byron Dodson, Mary Lynn Schofield, and Marcene McClements played piano numbers, while Misses Dorothy Dodd and Doris Price sang.

LeFors Seniors Get Class Rings

LEFORS, April 11.—New class rings ordered by the seniors were received Monday morning. The rings are of a new design, and were ordered by 20 members.

Senior class pictures also arrived recently.

S. P. Higgins was called to Merkel last week by the serious illness of a relative.

The Rev. M. S. Leach filled the pulpit in Quitaque Baptist church Sunday.

Elbert Land of Amarillo transacted business here last week.

Miss Alice Maltson entertained members of the Sub-Deb club and their guests with a party in her home Thursday evening.

Vaughn Warford returned last week from Alamogordo, N. M., where he has been in a CCC camp.

The Rev. Neal Greer was the dinner guest of Mr. and Mrs. E. A. Airington.

Revivalists Give Chapel Program

Rev. J. D. Brannon and Ira Powell, who are conducting a revival at First Baptist church, were chapel program guests at Woodrow Wilson school yesterday afternoon. Both talked, and Mr. Powell entertained with songs.

After the flag salute and Texas song, the Rev. C. E. Lancaster led the Lord's prayer. The Kid band played a school chorus song. Billy Green gave a declamation and the Murphy sisters played piano duet numbers.

A physical culture class presented stunts, and Gene Ward sang. The band is preparing to go to Amarillo Tuesday evening to play in the annual fine arts program of the district women's club federation.

Wilson students are reporting daily that the seedling trees given them by the Garden club are budding and putting out leaves. All the children have set their trees and are caring for them.

Pampa Student Is T. W. C. Queen

CLOTILDE McCALLISTER CROWNED CLASS QUEEN AT TEXAS WOMAN'S COLLEGE IN LOVELY CEREMONY

FORT WORTH, April 11 (Special to The News)—Amid the quiet and simple beauty of a lily pond, Clotilde of the house of McCallister, was crowned queen of the class of 1937 of Texas Woman's college, Fort Worth, Wednesday morning at 10 o'clock. Queen Clotilde is the daughter of Dr. and Mrs. John V. McCallister of Pampa.

Green grass surrounded the pond, centered with a bird bath, where delicate lilies basked in the sunlight. A sleepy-eyed frog croaked on a lily pad. Two nymphs, little Misses Lucy Ray Answorth and Virginia Marie White of Fort Worth stepped from small lilies to discover what was in the large lily. Hidden in a large lily the nymphs discovered the queen-elect, who was heralded by two mermaids, Misses Mary Catherine Cowan of Fort Worth and Jeanette Clark of Hedley.

The queen-elect, regally clad in shimmering white satin and lace, stepped from the lily. A halo of color spread over her long white satin train as the lights fell upon the vari-colored jewels and needle-point that trimmed the train. Beaded fringe surrounded the train which had a stand-up collar. As the queen-elect knelt at the foot of the lily bath, her throne, Mrs. Lillian Phillips, sponsor of the freshman class, placed the lace crown, which was taken from a small lily, upon her head and crowned her queen of the class of 1937.

Queen Clotilde ascended her throne overhung by a lily from which dropped showers of water. Her subjects appeared to pay tribute to their ruling power for the day.

The flowers in the garden wished to pay tribute to the glamorous queen who had graced their lily pond. Misses Maxine Fuller of Newitz, Johnny Kellis of Canton, Ruth Key of Verston, Wilma Goodman of Fort Worth, Betty Bennett of Gorman and Vernabel Cowan of Fort Worth danced for her pleasure, dressed as flowers.

Even the frogs in the pond sought to find favor with the queen. Misses Frances Beddow of Midlothian, Aveland West of Abilene, Eloise Roddy of Corpus Christi and Martha Jane Duncan, dressed as frogs, interpreted a dance for the queen.

The dedication of a song to the queen was a fitting tribute to the dancers-kneel around her throne.

Freshman class activities were begun Tuesday night when the class flag was raised. On one day of the year, fish day, meek freshmen may be masters of all of the classes in the school, and each class is subject to the bidding of the freshmen.

Activities of the young people's department will benefit from proceeds of a dinner at the Presbyterian church Friday evening. Women of the church auxiliary will serve the meal.

They have announced that the menu will include turkey with dressing and cream gravy, mashed potatoes, green beans, peas, salad, home made rolls, ice cream, cake, and coffee. Tickets are on sale by the young people, and the public is invited to purchase them.

O'KEEFE IN COLLEGE PLAY—EVANSTON, Ill., April 11.—Winston O'Keefe, of Pampa, Texas, a graduate in the Northwestern University school of speech, has been awarded a part in "Much Ado About Nothing," which will open a 4-night run here April 24. The play is being produced by the university theater.

C. B. Morris of Roxana was a Pampa visitor last night.

MRS. LEECH IS DELEGATE FOR CULTURE CLUB

MEMBERS PLAN FLOAT IN PRE-CENTENNIAL PARADE

MRS. F. E. LEECH was elected delegate from Twentieth Century Culture club to the annual meeting of federated women's clubs in Amarillo next week. She was named at a meeting yesterday, when Mrs. E. M. Conley was hostess.

Members voted to enter a float in the parade that will be an event of Pampa's Pre-Centennial celebration in June.

The program yesterday continued a study of Mexico. Roll call was answered, with interesting Mexican characteristics. Mrs. Clyde Gold read a paper prepared by Mrs. J. E. Cunningham, on the bull fight as a Mexican institution.

Mrs. Marvin Lewis discussed Food and Drink Under the Rio Grande. Mrs. K. I. Duman read a paper on Window Courtship and Marriage Bargains, written by Mrs. A. M. Martini.

Mmes. Martini, Cunningham, and J. E. Burrows, all kept at home by illness, were the only absentees. The hostess served frozen salad, a delicious fruit punch, olives, and cheese fingers.

Baker PTA Board Meeting Called

An important meeting of the executive board is called at 2:30 tomorrow to precede the regular program of B. M. Baker Parent-Teacher association. Mrs. Roy Holt, president, urges all members to be present on the day.

Officers will be installed in the program hour, and Miss Ivan Mayfield, school nurse, will discuss the summer health roundup.

Miss Fuller and Miss Shackelford's pupils will present entertainment.

Canyon College to Entertain Conclave of Honor Society

CANYON, April 11.—Honoring 50 delegates from 14 colleges and universities, the local Zeta chapter of Kappa Omicron Phi, national honorary home economics sorority, will entertain the fifth national conclave of that organization here Thursday, Friday, and Saturday, April 12, 13, and 14.

Opening Thursday with a luncheon at the college cafeteria, the address of welcome will be given by Dr. J. A. Hill, president of the West Texas State Teachers college, and the response by Miss Julia Hatz of Warrensburg, Mo.

Colleges and universities to be represented are N. W. M. S. T. C., G. M. S. T. C., Fort Hays Kansas college, S. E. M. T. C., Marshall college, West Texas State Teachers college, University of Arizona, Santa Barbara State Teachers college, Texas College of Arts and Industries, College of Emporia, Oklahoma college for Women, Southwestern college of Winfield, Kansas, Peru State Teachers college, Peru, Neb., and Ohio Wesleyan college.

Revival of Colored Baptists to Start

The Progressive Baptist church, colored, will start a revival this evening in the old drug store building at the corner of South Gray and Maple streets.

Rev. E. D. Reed of Dallas will preach at daily services. The public is cordially invited by the evangelist and local members to hear the messages.

J. M. Williams of Bryson is visiting friends in Pampa this week.

City P-T. A. Gives Life Membership To R. B. Fisher

A life membership in the Parent-Teacher association was presented this week to Supt. R. B. Fisher, in appreciation for the assistance he has given the organization. Presentation was made at the city-wide Parent-Teacher rally Monday evening by the City Parent-Teacher council.

Life memberships are given by local organizations in token of special service. In Mr. Fisher's case, association officers praise his ready cooperation in all projects, and his valuable aid to programs. He expressed his appreciation for the award.

Club Women Asked To Make Convention Lunch Reservations

Delegates and visitors who plan to attend the Every Woman's luncheon during the federated club convention in Amarillo next week have been reminded in a message from Mrs. F. M. Neal, general chairman, that reservations must be made not later than Friday of this week.

This luncheon, to be given at the Amarillo Country club, is open to all members of federated clubs. Reservations are to be made with Mrs. J. L. Scott, 913 Tyler, Amarillo, by card or telephone.

Official delegates from federated clubs are asked to send their names to Mrs. J. T. Ward, 1809 Tyler, advising her when they expect to arrive.

PARTY POSTPONED

A party at which husbands of Child Study club members were to be guests of the club Thursday evening has been indefinitely postponed. It was announced today.

MERTEN P-TA DELEGATES TO MEET CHOSEN

OFFICERS INSTALLED TO SERVE NEXT YEAR

OFFICERS for next year were installed, and delegates were elected for the district conference in Shamrock next month, when Merten Parent-Teacher association held a business meeting and program at the school yesterday.

Members planned for an old-fashioned basket picnic for all pupils and their parents, to be given April 18 at 4:30, on the river at LeFors.

Delegates named for the conference were Mmes. E. N. Hope, C. R. Nelson, Charles O'Connor, and T. L. Sirman.

Mrs. Claude Lard, city Parent-Teacher council president, installed the following officers: Mrs. Nelson, president; Mrs. Hope, vice president; Mrs. H. Treary, secretary; Mrs. O'Connor, treasurer; Mrs. John

Brandon, historian.

Mrs. Lard also spoke briefly on cooperation of units with the city council. Mrs. Roy Holt, Baker P-T. A. president, spoke of the work of P-T. A. units.

Principal J. B. Mims's subject was The Changing Curriculum. Pupils of the school presented story dramatizations. After the program members enjoyed a social period.

HOPKINS S. S. GROWS—Increased attendance marked the Sunday school services at Hopkins this week. A total of 75 were present Sunday, when John Shannon gave an interesting talk on Jesus' Love for Children. Two duets were given by Miss Mattie Fou Harrison and M. L. H. Baze, who sang "Lead Me Gently Home," and "The Ninety and Nine."

ANYTHING TO OBLIGE—PEMBERTON, N. J.—Geo. Riley, former constable and traffic policeman who was arrested on a charge of beating up a brother-in-law, told Justice of the Peace Emil T. Speitz that he had no money for bail. But, said the magistrate, he had no officer to take the prisoner to the county jail at Mt. Holly. "What's the matter with taking myself to jail?" asked Riley. The court consented and the prisoner went to jail unescorted.

Mrs. W. W. Boyd of McLean chopped in the city yesterday afternoon.

Murder, Suicide Are Fatal to 6

MINNEAPOLIS, April 11 (AP)—Money worries were blamed today for a six-fold tragedy in which a crazed insurance broker killed his wife, his three children and mother-in-law, and then took his own life.

The six, all found dead in bed with bullet holes in their heads, were:
Mr. and Mrs. A. J. Freudenfeld, Janet, 14,
Carol, 11,
Richard, 8,
Mrs. Cora de Haven.

Panhandle Medics Elect Officers

AMARILLO, April 11 (AP)—Election of officers who will assume their posts in 1935 featured today's session of the Panhandle Medical society's two-day party which opened here yesterday.

Dr. E. W. Jones of Wellington is the president-elect, and Dr. E. O. Nichols, Plainview, is the vice president elect.
Dr. Richard Keys, Amarillo, veterinarian secretary-treasurer, was re-elected.
Dr. R. L. Vineyard, Amarillo, who was elected a year ago, became president today, succeeding Dr. F. B. Malone of Lubbock.

PAMPA TOPICS OF OUR CITY By O.E.H.

(Continued From Page 1) stopped within 30 days after another market is obtained for the fuel. The now famous "sour gas" law, which actually is misnamed and includes gas usable for fuel and light purposes, is a legislative act and can be repealed only by its originators.

PANHANDLE residents in general know little of "ghost towns" in the areas where gas and oil have been exhausted. But they can feel a bit apprehensive when oil and gas men begin to talk about exhausting the Panhandle field in 5 or 10 years and leaving empty buildings to mark the once proud area of huge natural resources.

THE fight to conserve the Panhandle gas has been a long one of many contradictions. It began with strong opposition to the entrance of carbon black manufacturers. But it was seen that landowners needed a market above the relatively small demands of the big pipelines to other centers. Indeed, it was a blow to the hopes of Panhandle people when the big pipelines began to carry gas to industrial centers instead of bringing industry to the source of the fuel.

NEW WELL

(Continued from Page 1) is expected to return and flow the well.
Pay is coming through 8-inch casing which will reduce the flow somewhat. The Piny well is a north offset to the R. R. Osborne discovery well on the Admire lease which was brought in last month for a good producer. The two tests are about eight miles east of Shamrock in wildcat territory.

GAS

(Continued from Page 1) leased last week, placing the blame on the pipelines. The commission's statement was introduced into the record of the hearing.
A gasoline stripping plant must process 6,400,000 cubic feet of gas if the landowner is to receive one dollar in royalty, with natural gas selling at present market prices, according to testimony.
Figures introduced into the hearing show that the average family consumes about 80,000 cubic feet of gas a year. The cross-examination of John J. Sheerin, president of the Shamrock Oil and Gas company, operator of two gasoline plants, brought out that it was necessary to strip 64,000 cubic feet, or almost a year's fuel supply for one family, to bring the landowners one cent in revenue.

SCOUT NEWS

Our courts of honor held 28 sessions throughout the area last year, ending December 31, 1933, at which 526 boys were made Tenderfoot scouts, 187 were advanced to second class, 78 to First class; 40 to Star rank, 15 to Life, 6 to Eagle, and 3 to Eagle Bronze Palm, 1 to Silver Palm, 1 to Gold Palm, and 8 Scouts were awarded the 8-year Veteran badge, and 1-15 yf; badge. In addition to this there were 470 merit badges awarded ranging from 2 in agriculture thru the alphabet to 2 in zoology.

I wish to thank all the doctors, teachers, firemen, and business and professional men who acted as Merit Badge Counselors to these various boys in passing so many different and distinct subjects covering the entire range of the alphabet, and I anticipate that there will be many boys find their life's work through this means of occupying their leisure time in a worthwhile subject that will not lead to a blind alley occupation.

NEW ORLEANS COTTON

NEW ORLEANS, April 11 (AP)—Cotton continued very quiet all morning. Prices fluctuated within a 3-point range. The market eased slightly late in the morning to 12.00 for May, 12.14 for July, and 12.27 for October, off 3 points from the early highs and net one point up to one down compared with yesterday's close. Traders appeared to be awaiting further Washington developments.

Basis of Grocery Pay in Relief Is Not Satisfactory

Dissatisfaction with the grocery pay basis of PERA, which leaves very little cash for those assisted, extends to the Gray county administration, it has been learned by The NEWS.

Although the budget plan admittedly has its merits, the grocery basis is regarded as too rigid and a number of telegrams were sent to the state commission yesterday asking for a revision of the rules. The plan is not of local origin, as some of the men benefited continue to believe.

Penny Store Will Observe Birthday

Thirty-two years ago tomorrow J. C. Penny established his first store in the United States. The anniversary will be observed at the local store on North Cuyler with a birthday event, featuring bargains. The Penny store has enjoyed satisfactory business since its establishment here, and satisfactory response has been given all sales, according to H. D. Keys, manager.

UNION NOTES

Retail Clerks local No. 745 will meet at the union hall Thursday night, it was announced today. Several new union cards are reported on display, with prospect of adding others.
The meat cutters' local No. 496 was organized Monday night. There are 22 charter members. Others are to join next Wednesday night, April 18, at a regular meeting.

CHICAGO GRAIN

CHICAGO, April 11. (AP)—Sharp breaks in rye quotations carried the rye market down 2 1/2 cents a bushel today, and had some bearish effect on other grains.
Rye closed nervous, 1 1/2-1% under yesterday's finish, with an underlying 1/4-1/2% down, May 86 1/2-1/2, corn 1/4 off to 1/2, oats at 3/4-1/2 decline, and provisions unchanged to a setback of 10 cents.

GRAIN TABLE

| Wheat: | High | Low | Close |
|--------|--------|--------|------------|
| May | 87 | 86 1/2 | 86 1/2-1/2 |
| July | 87 1/2 | 86 1/2 | 86 1/2-1/2 |
| Sept. | 88 1/2 | 87 1/2 | 87 1/2-1/2 |

MARKET BRIEFS

NEW YORK, April 11 (AP)—Stocks turned spotty after earlier firmness today and a number of issues, up fractionally to a point or more at one time, yielded major portions of their gains or transformed them into losses. While the rails were resistant, the motors and metals lagged coincident with renewed strike fears. The close was irregular. Transfers approximated 1,500,000 shares.

Estes Denounces Holiday Ouster

AUSTIN, April 11 (AP)—Carl Estes, Tyler newspaper publisher and member of the Texas relief commission, today denounced ouster of R. L. Holliday of El Paso from the commission and dismissal of Adam Johnson as state relief director.

Estes said he planned an exposure of the influences that resulted in removal of Holliday and Johnson. Holliday is preparing suit to contest his ouster and Estes said he would make no formal statement until the courts had decided if it was legal.

F. E. Townsend, local F. of L. organizer, expects to have the cooks, waiters, and beer dispensers' charter within a few days. All cafes and beer gardens are requested to display their union cards.

Whose Fault?

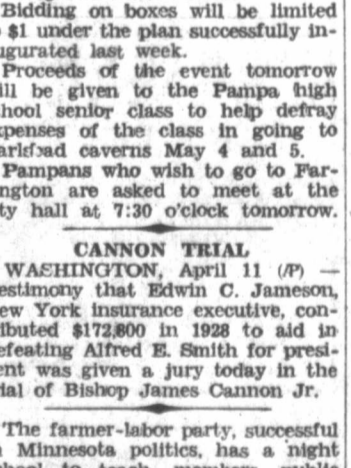

When a Child Won't Study

"Kept after school!" And it isn't the child's fault, or the teacher's. His mother is to blame. How can a boy get his lessons when his senses are dulled day after day by dosing with sickening purgatives? When a child's bowels are stagnant they need help, of course. But not some drastic drug to upset the stomach, perhaps weaken the entire system, or form the laxative habit. On the right, parents will find a happy solution of this problem: Be sure bottle says "California".

FIFTH AVENUE FASHIONS

By ELLEN WORTH
Winged Shoulders
And a Wide Sash
Winged shoulders and a wide "party" sash lend this frock a festive air. In silk with a ribbon sash, it will be so attractive for "best," and in printed linen with an organdie sash, it would be quite perfect for summer Sundays and little parties.

THINK OF IT!

FEDERAL GASOLINE TAXES COST \$180,000,000 A YEAR.
ONE YEAR'S TAX WOULD BUY 300,000 MOTOR CARS AT \$600 EACH!
BUILDING THE CARS WOULD PUT 1,000,000 MEN TO WORK FOUR NRA WEEKS!
SERVICING THEM WOULD KEEP 10,000 MEN IN JOBS FOR A WHOLE YEAR!
DRIVERS OF THE CARS WOULD SPEND \$300,000,000 IN TRADE!
STATE TAXES PAID ON THEIR FUEL WOULD MAKE \$7,200,000 AVAILABLE FOR ROADS!
ROAD CONSTRUCTION WOULD KEEP 106,000 MEN WORKING FOR FOUR NRA WEEKS!
REPEAL THE FEDERAL GAS TAX

Sloan Elected Katy President

NEW YORK, April 11 (AP)—Matthew S. Sloan, former president of the New York Edison company, was today elected chairman of the board of the Missouri-Kansas-Texas railroad company, following the board's acceptance of the resignation of M. H. Cahill as chairman and president.

The board in a statement said the position of president "will be filled later." All existing vice presidents and appointive officers were reappointed.

Sloan was elected to the M-K-T board a year ago, and since then, as a member of the executive committee has kept in close touch with the property and the territory it serves, the statement said.
