Nixon Says Heat Needed On Hanoi

U.S. Chief Speaks To 126 U.N. Members

UNITED NATIONS (UPI) — President Nixon today urged 126 United Nations member countries to put diplomatic heat on Hanoi for productive peace negotiation in Paris.

"In the name of peace," Nixon said in his first presidential address to the U.N. General Assembly, "I urge all of you here — representing 126 nations — to use your best diplomatic efforts to persuade Hanoi to move seriously into the negotiation which could end this war."

Clod-Soaking Rain

Deluges Pampans

Unsuspecting Pampans since most of them were asleep, were deluged with a "clod-soaking" rain that began shortly after 2 a.m. today and continued until rain gauges had measured a total of 1.20 in. town. Frank M. Carter, reported a wet 2 inches fell on his ranchlands east of town.

Throughout the state widespread flooding was reported. Lubbock rains totaling nearly three inches fell in less than two hours. College Station received the biggest downpour collecting 3.66 inches. Palacios had 1.68 inches while other measurable amounts were reported in Austin, Brownsville, D'Arhart, Houston, Laredo, Lufkin, San Angelo, San Antonio, Victoria and Waco.

A tornado alert was issued for Dallas and Sherman counties but no twisters were sighted. Slightly cooler temperatures are expected by the weekend in the Panhandle thanks to a stronger push of mild air from the Rocky Mountains.

Haynsworth Has New Conflict Of Interest

WASHINGTON (UPI) — whether to confirm Haynsworth, 56, as a Supreme Court justice. He now is Chief Justice of the 4th U.S. Circuit Court of Appeals in Richmond, Va. President Nixon picked Haynsworth for the Supreme Court seat vacated when Abe Fortas resigned under criticism.

Sen. Birch Bayh, D-Ind., leader of Senate Judiciary Committee liberals who kept Haynsworth on the witness stand for most of the two days, raised the question late Wednesday after Haynsworth left for the day. Bayh said he would demand an answer today.

Haynsworth owns about \$18,000 worth of Brunswick Corp. stock. The question was whether he owned it when he joined two other judges last year in a unanimous decision giving Brunswick the right to seize 10 bowling lanes and pinsetters from a South Carolina bowling alley proprietor who had defaulted on his payments.

If he did, Bayh said, he clearly had a conflict of interest, especially under the Supreme Court's interpretation that judges should "avoid even the appearance of bias" no matter how honest they are. The committee today went into a third day of hearings on

SOUTHERN STATES

Maryland Ready To Secede From Group

WILLIAMSBURG, Va. (UPI) — Good humored disharmony. That was the 35th annual Southern Governors Conference. But it may have repercussions. Maryland is reported ready to secede from the 17-state organization. Georgia Gov. Lester Maddox suggests, perhaps tongue-in-cheek, that a conference of southeastern states be formed.

The conference spent a good deal of its time in squabbling over the controversial busing of children to integrated schools to achieve racial balance. Shoved into the background were such matters as economic development, marine research and nuclear power.

Governors from three border states — Arch Moore of West Virginia, Marvin Mandel of Maryland and Russell Peterson of Delaware — brought about the defeat of a strong-willed Michigan condemning busing. With Gov. Winthrop Rockefeller of Arkansas abstaining, the resolution failed to get the three-fourth majority necessary for passage despite an 8-3 favorable vote.

The conference then adopted, by a 9-3 vote, a compromise resolution urging "restraint and good judgment" in busing. Gov. Albert Brewer of Alabama led the opposition, stating the resolution may be interpreted as implying "some sort of

Loop 171 Hearing Set For Tonight

A public hearing to discuss the construction of Loop 171 in northeast Pampa that would link U.S. Highway 60 on the east to Texas Highway 70 on the west is set for 7:30 p.m. today.

The meeting directed by Texas Highway Department representatives, will be held in the County Annex located on east Highway 60.

T.R. Kelley, senior resident engineer, said three proposals will be outlined in detail and the department's recommendation will be presented tonight.

Kelley said the three routes are "pretty close together and there is not much change in the route."

City and county officials, as well as chamber officials and interested individuals are expected to attend tonight's hearing.

Kelley said construction of the proposed loop would begin in late 1970.

Goof Designates Wrong Night For Boy Scout Meets

—Ooops! We goofed, but good! The front page story and picture in Wednesday's edition of the Pampa Daily News prominently proclaimed "School Night for Scouting" would be held Wednesday night.

"School Night" is scheduled for tonight at 7 in each of Pampa's seven elementary schools.

The same schedule of speakers and program will be followed, according to Boy Scout Roundup Chairman Darrell Coffman.

Parents and their sons, interested in Cub Scouting and Boy Scouting, are asked to attend meetings in the school. Their sons attend daily. Speakers will outline the Boy Scout program in a general assembly; then parents and sons will be directed into meetings to discuss the programs on an individual basis.

"We are interested in seeing the Boy Scout program made available to every Pampa youngster," Coffman said.

Cigarette Ad Disrupts TV Show

HOLLYWOOD (UPI) — Debbie Reynolds canceled production today of her new television series because a cigarette commercial was broadcast during the debut of the show.

Miss Reynolds, who often played the girl-next-door roles in motion pictures, reportedly is the highest paid female performer on television at \$25,000 weekly. In addition to losing her salary, she has a 50 per cent interest in the show.

Closing Livestock Report with Jack Tompkins, 5:05 p.m. on KGRO. (adv.)

A BULLDOZER in a grocery store has been an unaccustomed sight for the past week and a half as workmen removed fire-blackened merchandise, destroyed in the half-million dollar fire which ravaged Purr's Food Store, 1420 N. Hobart in the early morning hours of Sept. 5. Complete leveling of the building is expected to be complete by Friday. (Staff Photo)

Court Martial Set For Berets' Murder Charge

SAIGON (UPI) — Six of the eight U.S. Special Forces men who have been under investigation in the alleged murder of a Vietnamese national will be court martialled, the Army announced tonight.

The decision was announced at a news conference in Saigon and followed a two-month investigation which attracted worldwide headlines.

Among those charged in the case was Col. Robert Rheault, 43, of Vinyard Haven, Mass., former commander of all U.S. Special Forces (Green Beret) troops in Vietnam.

Rheault was ordered held on charges of murder and conspiracy to commit murder. Also held on the same charges: —Maj. David E. Crew, 33, Cedar Rapids, Iowa.

—Maj. Thomas C. Middleton Jr., 29, Jefferson, S.C. —Capt. Leland J. Brumley, 26, Dunecan Okla. —Capt. Robert F. Marasco, 29, Bloomfield, N.J. —Capt. Eugene E. Williams, 27, Athens, Ga.

The Army said the charges against two other Green Berets involved were being "held in abeyance" pending the trial. These two were Sgt. Alvin L. Smith, 41, Naples, Fla., and CWO Edward M. Boyle, 26, New York City.

The investigation involved the alleged murder of a Vietnamese national in the Nha Trang Area, 188 miles northeast of Saigon and near the Cambodian

border, last June 20, allegedly for refusing an assignment.

Defense attorneys for the Green Berets have described the alleged victim as a North Vietnamese double agent employed by the U.S. Central Intelligence Agency (CIA).

Congressmen who have investigated the incident on their own charged the Green Berets were being made scapegoats for others in the mysterious case, which has been shrouded in secrecy since it broke early in the summer.

Even the identity of the alleged victim was a matter of mystery for months and investigators noted that his body had never been found. A large-scale search for the missing body was undertaken in the South China Sea below Saigon but nothing was found.

The decision to court martial the men was handed down by Maj. Gen. G. L. Mabry,

South Viets To Take Over Saigon's Defense

SAIGON (UPI) — U.S. headquarters said today it was turning over the defense of Saigon to the South Vietnamese. The Saigon soldiers last week took their heaviest losses in a year in virtually going it alone for three days on the battlefield.

The announcement that the 82nd Airborne Division's 3rd Brigade, now guarding Saigon, would be pulled out in President Nixon's withdrawal plan meant the removal of the only U.S. unit still involved in the defense of the capital.

It would leave the job to the South Vietnamese, who lost 529 men killed last week. The period included three days in which they fought on while U.S. troops tacitly were honoring a Communist-declared truce in honor of Ho Chi Minh.

Government spokesmen said the 529 deaths were the highest since 642 Saigon soldiers died in the week ending Aug. 24, 1968. American losses last week were put at 143 killed and 1,343 wounded — an increase of six dead and 16 wounded over the previous week.

The government losses reflected their increasing combat role as American troops are being pulled out, and served as an indicator of their ability against the Viet Cong and North Vietnamese. A total of 2,361 Communists died in fighting last week, spokesmen said.

The 4,500-man 3rd Brigade of the 82nd Airborne Division joins the remaining 18,000 Leathernecks of the 3rd Marine Division and portions of the 1st Marine Air Wing as units designated for withdrawal under President Nixon's 35,000-man second cutback.

Removal of the 3rd Division Marines from along South Vietnam's northern tier leaves that volatile Demilitarized Zone area almost wholly in the hands of South Vietnamese troops, too.

The announcement today said the airborne brigade was going home while some of the Marines would be sent to Japan or Okinawa and others to the United States. More units to be pulled out will be announced later.

Some of the Marines were locked in their heaviest DMZ-area combat in seven months Wednesday. It cost them 22 men killed, headquarters said.

Another 47 Leathernecks were wounded in the two battles three to four miles south of the DMZ since February when North Vietnamese army attacks on two Leatherneck artillery bases killed 36 GIs and wounded 97 others.

This time, the command said, the fighting involved one North Vietnamese attack that carried inside a Marine camp, and one Marine attack against dug-in Hanoi troopers.

CITY MANAGER Charles Hill and members of the PTA steering committee for Pampa's PTA Safety Campaign are shown as they met Wednesday to coordinate activities with the city in the project's multi-plan to make Pampans safety conscious. Left to right in the photo with Hill are Mrs. Alvie French, PTA Council president; Mrs. B. M. Diddle, Mrs. Paul Howard Mrs. C. L. Farmer and Mrs. Melvin Watkins. (Staff Photo)

Mainly About People

The News invites readers to phone in or mail items about the comings and goings of themselves or friends for inclusion in this column. A indicates paid advertising.

Mr. and Mrs. H. M. Gibson, 716 Magnolia, have returned from a 5-day trip to Phoenix, Ariz., where they visited relatives.

New 500 gallon Septic Tank for sale, 933 Wilcox 665-8705.

Civic or church groups needing informational material or films on cancer research for meetings may contact Mrs. Sam B. Hulsey, co-chairman of the education committee for the Gray County Unit of American Cancer Society. Mrs. Hulsey may be reached at 9-6669.

Garage sale - 9 a.m. to 5 p.m. 2331 Navajo, Avon bottles.

Fishing floats and camping items for rent, Pampa Tent and Awning, 665-8541.

Deputy Sheriff Questions Man In Gibson's Burglary

Gray County Criminal Deputy D.L. Day questioned a suspect today in the burglary Tuesday night of Gibson's Discount Store.

Day and deputy C.L. Wallace said the man was just being questioned and no charges had been filed. "We simply wanted to ask him some things and find out what he knew," Day said.

The man is currently out on bond for five other burglaries in Pampa.

Day and Wallace spent about two hours this morning searching through abandoned vehicles in the city for the missing merchandise taken in the burglary.

Known taken in the burglary was \$199 in cash from the pharmacy, 14 watches, valued at a total of \$800, cameras, tape recorders, radios and electric razors.

RAILWAY FREIGHT SERVICE

CofC Undecided On Protesting Pullout

No decision was reached yesterday at the Chamber of Commerce executive board's meeting with rail and city-county officials on the possibility of filing a protest against the Ft. Worth & Denver Railroad's petition to abandon freight service into Pampa.

The railroad has asked to stop service on the line from Childress to Pampa and currently is re-routing freight via the Santa Fe Ry.

The Interstate Commerce

BSP Area Meeting Set Here

Bill Ross, son of the founder of Beta Sigma Phi Sorority, the late William W. Ross, will be keynote speaker at the area convention slated in Pampa's Coronado Inn Oct. 4-5.

The six BSP chapters in Pampa will be hostess for the area convention, which includes 85 chapters from Texas, New Mexico and Oklahoma.

The junior Ross is currently president of the cultural organization for young women, whose membership now totals over 200,000.

Registration will start at 4 p.m. Saturday, Oct. 4 in the Coronado Inn.

Convention theme "Under the Big Top" will be carried out in entertainment with games, Bridge, door prizes and fun for all.

Sunday's events includes a Coffee Hour and three forums on Ways and Means, Socials for Sorority, and programs presented by Pampa sorority members.

Also on Sunday, there will be an hour for church worship and transportation provided to the church of the convention's choice.

Commission has not yet set a hearing date on the railroad's request.

It was decided at yesterday's meeting that more information was needed before the chamber could take any action.

C. R. Nelson, assistant manager of the Ft. Worth & Denver at Amarillo, and C. B. Huerner, local agent, attended the conference with executive board members George B. Cree Jr., Don Lane and E. O. Wedgeworth, chamber manager. The city was represented by Mayor Milo Carlson and City Manager Charles Hill. Also attending the session was Vernon Watkins.

Chamber and city officials said before taking action they wanted to know if Pampa could be assured that continued service would be available, particularly to businesses and industry located along the railroad.

They stated they would need to be assured, too, that there would be no increase in freight rates for other transportation in event the line was abandoned, and that the present rail trackage would be left intact.

Nelson stated he would obtain the additional information needed and report back to chamber officials.

City's Cash Needs Told To Rotarians

The need for additional revenue to operate the city of Pampa for the new fiscal year, which begins Oct. 1, was emphasized in a talk by Ben Sturgeon to the Pampa Rotary Club at its Wednesday luncheon meeting.

Representing the Citizens Information Committee, appointed by Mayor Milo Carlson, Sturgeon said, "Our city needs additional revenue."

He detailed the three areas causing the city's current financial crisis: inflation, the payment to the Canadian River Municipal Water Authority, and the recent need for the purchase of landfill equipment to comply with a state edict regarding the disposal of trash and garbage.

United Fund Campaign chairman Frank Culberson shared the program with the local attorney, Culberson introduced Warren Hasse, who spoke briefly about his recent trip to the Gulf Port area.

Hasse, as guest of the American Red Cross, was able to see in person the damage caused by Hurricane Camille.

Last week, Rotarians heard Rev. Dan Cameron, pastor of the First Baptist Church, talk on the position of the church in this day and time.

Next Wednesday, Hospital Administrator Wes Langham, as luncheon speaker, will discuss the proposal from county government to district governing of Highland General and McLean Hospitals.

Tiny Tim 'Tiptoes' Into Teenage Vows

TRENTON, N.J. (UPI)—Tiny Tim, who tiptoes through the tulips on television, announced Wednesday he will marry a teen-age fan he met while signing autographs in a Philadelphia department store.

The singer, in his mid-40s, said his bride-to-be is tall, blonde, 17-year-old Vicky Budgeger of Haddonfield, a recent high-school graduate.

Tiny Tim, who refused to divulge his exact age, said he does not think the difference in their ages matters.

The singer, noted for his shoulder-length hair and a voice which ranges from shrieking falsetto to baritone, said: "I'm 16 years old at heart."

He made the announcement at the New Jersey State Fair, at which he is appearing.

He said he met Miss Budgeger while signing autographs at Wanamaker's department store in Philadelphia last spring.

"I reached out my hand for a piece of paper, and instead she put her hand in mine. One

touch and I knew it was true love," he said.

Mrs. Allan Budgeger, mother of the bride-to-be, said in a telephone interview that she and her husband are "elated" over the match.

Details On Sales Tax Election Up For Explanation

Details of Pampa's Sept. 24 sales tax election will be explained by Floyd Watson at the membership luncheon of the Chamber of Commerce Monday noon in Coronado Inn.

The session will be open to the public and reservations should be made before 5 p.m. Friday by calling the chamber offices in the Hughes Bldg.

Other items on the program will include the presentation of awards to winners in the recent "Pampa Beautiful Yard Contest" by Warren Fatheree, chairman.

Seen

Erma Lee Barber in The News' office on Pampa Art Club business. Vera Plunk talking enthusiastically about the upcoming Silver Tea for muscular dystrophy. Derrell Coffman, bewildered but undismayed, by pre-mature news report of "School Night For Scouts."

Mrs. Leon Holmes leaving the hospital after visiting her aunt, Mrs. Ruth Adams from Shamrock. Rowdy Bowers getting into his car parked in front of a 7-11 store on North Hobart. The Rev. Sam Hulsey turning left onto North Hobart from Kentucky St. Mrs. Marjorie Penn, school nurse, talking with Highland General Hospital nurses at the first nurses' station. Wes Langham in his office talking on the phone. Overheard: From a man passing by the 10 foot deep water-covered excavation around Highland General Hospital—"You building a swimming pool?" "Yeah."

BOTTOMS UP—UPPED

WARSAW (UPI)—Poles today paid 15 per cent more for vodka and 35 per cent more for beer after the fourth price increase on alcohol in the last 15 years.

The prices were raised Sunday by the government in an effort to check a steady rise in drinking in the country.

Dear Abby Your Horoscope By Jean Dixon

DEAR ABBY: My husband who now is in Viet Nam brought me and our little boy to his parents' home to live for a year while he is away. I am from the Philippines and have no friends or relatives in this country. My in-laws have been very kind to me and seem to like me very much.

DEAR ABBY: My husband has a 19-year-old brother who made me feel at once like a sister. On his days off he has taken me and my little boy to the beach, and to the park, and for drives. We were so happy. But last night a terrible thing happened. Around midnight when I was undressing for bed I heard my doorknob turn, and before I knew it Brother was inside my bedroom. I didn't scream because I didn't want to wake my little boy who sleeps with me, but I angrily motioned for Brother to get out and I opened the door. At that moment I saw my mother-in-law going from her bedroom to Brother's room. Seeing he was not there she went in and waited for him. Brother and I were frightened and just sat on my bed waiting for her to go back to her room. She didn't, instead she came into my room and when she saw us sitting there she started to yell terrible things at me (See ABBY, Page 7)

FRIDAY, SEPT. 19
Your birthday Friday: The fascination of progress in motion promises incentive for a strong drive in the coming year. As efforts bring results more opportunities are created — the challenge is to stay up with the frontiers of probability. Friday natives are often either writers or strongly interested in reading serious literature.

ARIES (March 21-April 19): Use your social grace for advancing your career. Go with a younger companion or a group to a meeting of people with similar interests. Be alert for new ideas. Romance is near at hand!

TAURUS (April 20-May 20): Self-improvement, creative activities are strongly featured Friday. Make every effort to concentrate on a single important direction. Rearrangement of group finances is feasible — with proper advice.

GEMINI (May 21-June 20): For once almost everyone is apparently willing to heed your advice. Get authentic guidance yourself in order to settle your savings and investments in a reliable manner. Have a good time at night with friends.

CANCER (June 21-July 22): Friday and at night abound with people striving for advantage. Your energies rise so you cope and compete well. Tact at this time is valuable beyond price.

LEO (July 23-Aug. 22): Put on your finest attire and your most attractive manners Friday. Wind up the week

with good style. Find or give a party in the evening, invite colleagues.

VIRGO (Aug. 23-Sept. 22): If you have found what you want to concentrate on for a sustained period, begin a course of study now. Look carefully at an unusual invitation — it may have a feature in it you would not like. Consider your loved ones first in the evening.

LIBRA (Sept. 23-Oct. 22): Cosmetics, art materials are always available, but Friday you have luck in finding just the right thing. Your mail brings social news that interests you or adds to some

progress. Seek a chance to negotiate matters of policy regarding your career.

SCORPIO (Oct. 23-Nov. 21): The urge is to make hasty changes in the morning — and muddle things beyond ready salvage. Stick to earlier plans, especially those cleared with authorities. Your friends bring you a pleasant surprise.

SAGITTARIUS (Nov. 22-Dec. 21): Your most stubborn streak appears and you are tempted to balk at doing the things most important to your welfare. Stay with your diet and any prescription you're

LETTERS TO ABBY

God knows, nothing happened, but she blamed me, saying Brother was only 19, and I must have encouraged him. That is a lie, Abby. Then she said she wanted me out of the house by morning. My father-in-law got up and he said I was staying and nobody was to write my husband anything about it. Meanwhile Brother didn't say that it was all his fault, he just cried like a baby.

Abby, I am so upset. How can I stay here now? Yet, how can I go home without upsetting my husband? He is sure to find out if I leave. What shall I tell him? Please tell me what to do. I am so lost and confused.

INNOCENT Well, it just so happens, I haven't but if I am asked that question I intend to tell the census taker that it's none of his business, and furthermore I regard such personal questions as an invasion of privacy. Am I compelled by law to disclose such personal information?

PRIVATE CITIZEN Statistics on illegitimacy can be obtained from other sources.

DEAR ABBY: I understand that when they take the 1970

West German Elections Subject Of Close Soviet Attention

MOSCOW (UPI)—The forthcoming elections in West Germany have been the subject of close Soviet attention and evoked increasing criticism of Bonn's current policies.

nan propaganda has not gone so far as that of the earlier period when the former Soviet premier publicly and repeatedly said that Konrad Adenauer was another Hitler.

The Nazi brand has now been reserved for Adolf Von Thadden, leader of the National Democratic Party, whom the Russians consider potentially no less dangerous than Adolf Hitler.

At a recent public lecture, a member of the audience

pointed out the small number of members and the little influence of the NDP.

The lecturer answered glibly: "Five years before Hitler assumed the dictatorship of Germany his party was considered very much of a joke and had fewer votes than Von Thadden has now."

The fact that the NDP has not been outlawed is, of course, blamed on the ruling Christian Democratic and the Socialist parties.

The Soviet press does not spare the CDU.

Hardly a day goes by without some Soviet periodical attacking the CDU for:

- Refusing to recognize the Oder and Neisse frontier and other post-war borders.
- Refusing to sign the treaty on non-proliferation of nuclear weapons and allegedly developing a nuclear capability in the Federal Republic.
- Supporting American and NATO policy and aiding the

state of Israel who it allegedly helps in the development of nuclear weapons.

"There have even been accusations that the West Germans are not only increasing their trade with Communist China but are giving the Chinese their nuclear know-how."

"The election campaign is first of all a cascade of promises," a recent number of Izvestia, the official newspaper of the Soviet government said. The paper then proceeded to

question the sincerity of the socialists in their affirmations that they seek "modernization of policy and normalization of relations with the Soviet Union." They were blamed for sharing responsibility with the CDU for presidents foreign policy.

...LAMB SURE TO GO

STERLING, Mass. (UPI)—Fire has destroyed the replica of the schoolhouse that inspired the children's poem "Mary had a Little Lamb."

The small wood building known as the Mary Sawyer School burned Saturday. It was a replica of the original redstone school moved to Henry Ford's famous Wayside Inn in Sudbury in 1926.

John Roulstone, a Harvard College student who wrote the famed poem in 1877

Wall Street Chatter

NEW YORK (UPI) — The stock market's midweek rebound appeared to support the thesis that the market is in a trading range, according to Shearson, Hamppill & Co. Most of the bad news that comes out of vanishing almost as rapidly as it appears, the firm said.

The absence of new developments on Vietnam and the lack of progress in controlling inflation provide no reason for expecting a sustained rally in the present time, according to Alexander Hamilton Institute. Last Wednesday's upward turn was based on "a burst of uncharacteristic strength" for recent markets, and although the ensuing rally could run as high as 850 on the DJ before running into resistance, this is a time for selling "dubious" stocks and holding the cash for reinvestment later in the fall, the firm said.

Continued progress in Vietnam peace maneuvers suggests that "Dame Fortune's" creative wheel is turning slowly in favor of the bulls, according to Spear and Staff Inc.

Cancer Crusade Set For April

New committees were named and plans made for an April Crusade at a Tuesday meeting of the Gray County Unit of the American Cancer Society.

Gerriell Lyda will head the campaign in the April Crusade, according to Dr. Robert Lyle, unit president.

Serving with Lyda will be Mrs. Bob Andis, Don Lane, Dick Stowers, Jack Skelly, Guy Clements, W. C. Fry, R. A. Mack, Mrs. J. P. Osborne.

The first meeting to plan the crusade is slated for 7 a.m. Wednesday in the Coronado Inn. Heading various committees for the crusade will be Paul Keim, chairman, Mrs. Maynard Johnson, Mrs. Rufe Jordan.

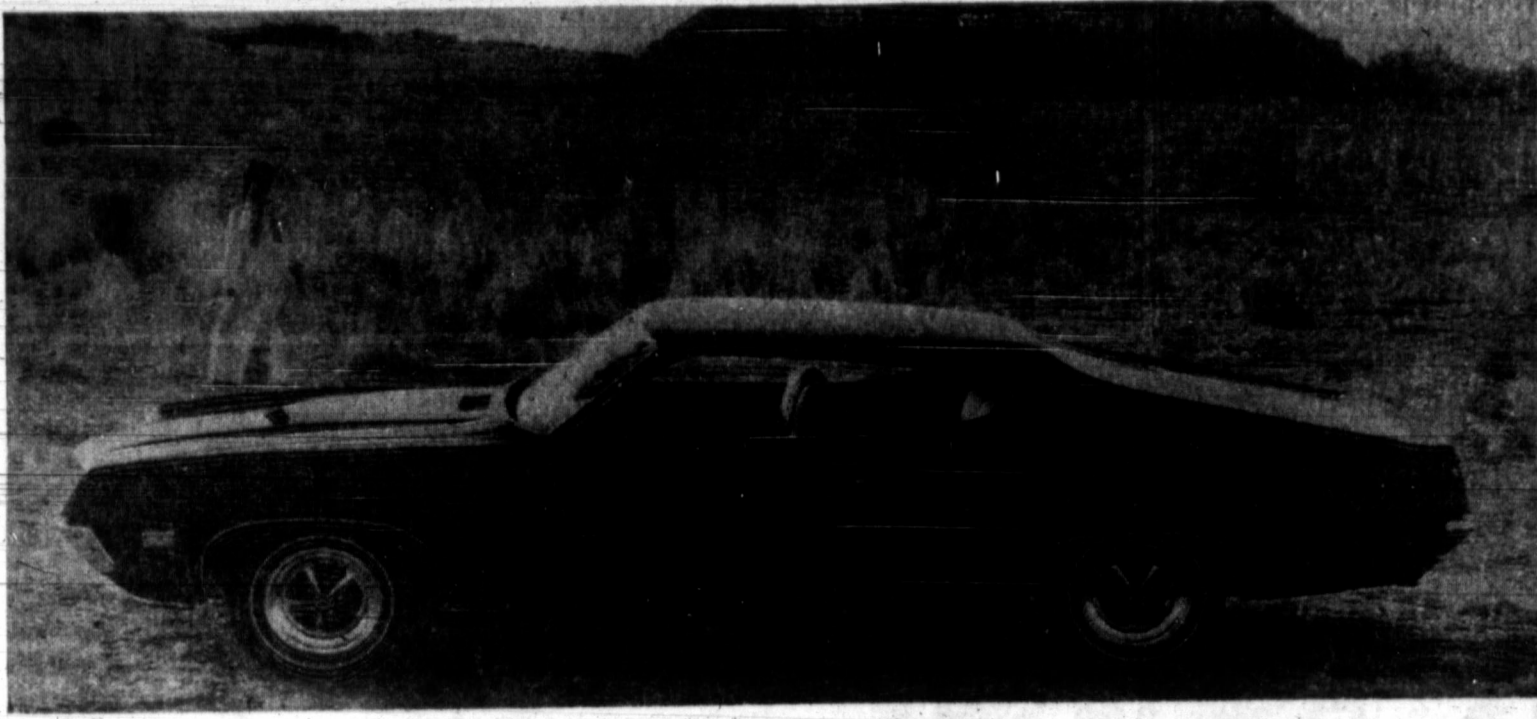

Legacies: David Bell, advance gifts.

In other business, Dr. Lyle named Dr. Royce Laycock to the medical committee as chairman to serve with him are Dr. W. R. Whitsell, Dr. Fred Elston.

Horace Mann Elementary School principal Sam Begett will head the Public Education Committee. Serving with him will be Mrs. Sam Hulsey, Mrs. A. D. Hills, Dr. H. DeWitt Seago, Mrs. O. C. Penn, Mrs. Kermit Lawson, Dr. Monroe Woods, Miss Jimmie Lou Wainscott, Mrs. Jess Hatcher, Bob Johnson, D. V. Biggers.

On the Service Committee, Mrs. Jack P. Foster will be chairman with committee members, Roy Bourland, Dr. Monroe Woods, Mrs. Roy Kretzmeier, Dr. Laycock.

Serving as publicity co-chairman are Pampa News Publisher Al Bassett and KGRO Radio owner Jim Hughes.

1970 FORD TORINO

Torino, Thunderbird Highlight Ford's Line In '70

DETROIT—Ford Division passenger cars for 1970 are highlighted by all-new Torino and Thunderbird lines, a new ultra-luxurious LTD Brougham series, a new mid-range engine, premium quality tires standard on most car lines and more comfort, convenience, safety and security features.

"The 1970 model year may be the standard-size market," said John Naughton, Ford Motor Company vice president and Ford Division general manager. "This may be the year of the intermediates, and Torino is our most dramatically redesigned car. Torino is longer, lower and wider with aerodynamic styling, hot performance engines and options, and our first intermediate — size four-door hardtop models," he said.

Thunderbird also has an all-new look with a bold front-end design with longer, lower hood, a forward-thrusting grille and exposed headlights.

More quiet-car luxury is offered in the standard-size Ford. The entire Ford line presents a more formal appearance with new grilles, ornamentation and rear-end designs.

"Mustang comes on stronger and sportier than ever with design changes, hotter engines, bright "Grabber" colors, and interiors with upbeat stripes and hood-tooth checks.

"Maverick, introduced in April as the first car of the Seventies, will remain our 'simple machine' with very few changes. Mavericks produced after September 30 will have side marker lights which flash with the turn signals, and a three-way locking steering column.

"Falcon moves into the 1970 market with the proven features of fuel economy, roomy interior and durable performance," Mr. Naughton said.

Several new security, comfort, convenience and performance features are included in Ford Division's 31 models for 1970.

Standard tires on Fords, Torinos, Mustangs and Thunderbirds will last longer, have greater resistance to puncture and provide better traction. Radial-ply tires will be installed on all 1970 Thunderbirds, and fiberglass belted bias-ply tires will be standard on all Fords, Torinos and Mustangs.

An all-new 351-cubic-inch-displacement V8 engine, developed with the latest computerized technology and assembled on the auto industry's most advanced production line, will be offered on 1970 Mustangs and Torinos. The engine is compact, relatively lightweight and delivers excellent performance and economy.

All bucket seats offered on

Ford Division cars are of high-back design. The higher seat backs incorporate integral head restraints and provide added comfort.

For the performance buffs, all optional four-speed manual transmissions feature the competition Hurst Shifter, known for fast, smooth shifting.

An automatic release for the two-door safety latch is available on Ford Torino, Mustang and Thunderbird models. Both front seat-back latches are automatically released when either door is opened, thereby making it easier to get into and out of the back seat.

New steering wheels on Ford Torino, Mustang and Thunderbird models are semi-oval in design for easier driver entry and exit and better visibility of the instrument cluster.

On all models except Falcon, odometers are tamper-resistant and non-reversing. A new three-point Uni-Lock column on all models except Falcon is designed to deter car thefts by locking the ignition, the transmission linkage and the steering wheel with the ignition switch.

A new three-point Uni-Lock Safety Harness lap and shoulder belt system — available on all models except Mavericks, Falcons and convertibles — per-

mits outboard front seat occupants to "buckle-up" faster. The separate buckle for the shoulder belt has been eliminated and the three remaining front seat buckles are only half the previous size. The result — a neater, more convenient, more comfortable system that is as safe as ever.

Externally adjustable headlamps on Ford Torino, Mustang, Maverick and Thunderbird make it unnecessary to remove the headlamp rims to adjust the beams.

On the same models, standard front and rear side marker lamps — amber in front and red in the rear — flash with the turn signals to provide side visibility of the driver's intention to turn.

Today is 1970 at your Ford Dealers!

Ford leaps into the '70s with newer, bolder, better ideas. They are ready and waiting at your Ford Dealer's now. Come in and see the look of tomorrow... today!

1970 Torino.
All new clear through. No matter which 1970 Torino you choose, you'll be driving the most completely changed car of the year. New shape. New size. New style. New power. There are 14 models in all. And you're sure to find one that gives you the value, performance or luxury you want.

1970 Ford.
Take a Quiet Break. Move into the quieter world of the sleek new Fords for 1970. Take your choice of five great V-8's and 21 different models including the elegant LTD and popular Galaxie 500. The new Ford gives you a ride so smooth and vibration-free that you have to test-drive it to believe it.

1970 Mustang.
Run with Number One. No doubt about America's favorite sporty car: it's Mustang all the way! Take your choice of six different models. Three different rooflines. Nine different engines. Mustang's designed to be designed by you. Find out why Mustang's really Number One for so many drivers.

Ford gives you Better Ideas. It's the Going Thing!

TEST-DRIVE A 1970 AT YOUR FORD DEALERS NOW!

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

Why Taxes Hurt Everyone

Every dollar the government takes away from business and industry is a dollar less left to them to improve and expand their facilities and, thus, provide productive jobs and goods and services for an increasing population.

And, in the same way, every dollar taxed away from the individual earner is a dollar less left to that individual to save and, thus, provide for the future security of himself and family.

These two harmful effects of taxation, being almost self-evident, are fairly well understood by the general populace. However, there are other, more far-reaching, ill effects that are not generally understood and, consequently, need to be clarified and emphasized again and again.

Take the dollar taxed away from the individual, for example. As noted above, a dollar taxed is a dollar not saved. But, in addition to the harm done to the individual and his family, this, also, has a detrimental long-range effect upon the business world. This is so because business and industry are dependent, to a great extent, upon the savings of individuals for expansion capital.

The expansion capital, over and above net profits companies and corporations are permitted to keep after taxes, is derived from essentially three sources: from bank savings accounts of individuals which, in turn, are loaned by the banks to business and industry; from savings of individuals invested in business and industry by the insurance companies concerned; and from individual savings invested directly in business and industry via the purchase of stocks.

Moreover, as should now be becoming increasingly plain, this dependence of the business

world upon the savings of individuals increases in direct ratio to the extent that government taxes business and industry themselves. The heavier the tax imposed upon the business world, the more it is forced on individuals. With the profits, needed for research, better tools and machinery, and expansion of plant facilities, taxed away by the government, there is nowhere else for businessmen and industrialists to turn.

"But," it will be argued, "business and industry could still borrow investment capital from the government, couldn't they?" And, indeed, they could and do. But the question, if asked, would reveal appalling ignorance of a basic economic fact: No government has anything to lend, or give, that it has not first taken from someone. So our argument still stands. Investment capital for business and industrial improvement and expansion must either come from untaxed profits or from the untaxed savings of individuals.

"But," it may also be offered, "some people are not inclined to save. Even if they were not taxed at all, such people would spend every cent they made. So far your argument against taxation has tended to point up the double impact of taxes upon the business world and the individual saver. Admittedly, such nonsavers are denied the right of spending their own earnings by taxation, but where is the double harm, if any, to them?"

Aside from the fact that we have no way of knowing who would be savers and who would be non-savers if everyone were allowed to keep everything they earn, we believe we answered that hypothetical objection in the initial sentence of this editorial.

The 'Best-Laid Plans ...'

In 1931, an important Communist book was translated and offered for sale in this country. This wasn't one of those philosophical tomes on Marxism, nor was it a directive to the comrades to guide them in their dirty work in behalf of Mother Russia.

It was a book written for Russian children to tell them what communism was all about, and the brave new world of the future that socialism opened up for them. So clearly did it show what the Communists expected to do that it was published in this country under the title "New Russia's Primer."

At the outset the book made a distinction between the way things are done in the Soviet Union and the way capitalist nations do them. What it boiled down to was planning; they planned, we didn't. So our production was aimless, much of it wasted, and competition was such that the worker suffered from economic nonsense in the capitalist countries.

In Communist U.S.S.R., of course, things were different. A lot of diabolically clever commissars in the Kremlin figured

Soviet-Ruled Asia Stirred Up By China

By LEON DENNEN
Foreign News Analyst

UNITED NATIONS, N.Y. (NEA)—Red China's continuing attacks on Russia's nationalities policy focuses new attention on the key role of ethnic groups in the escalating conflict between Moscow and Peking.

Mao Tse-tung's exploitation of the ethnic problem comes at a time when mounting evidence from other quarters suggests that this is increasingly an area of extreme delicacy for the Kremlin's uneasy rulers.

They are discovering belatedly that man's desire to be independent is a more powerful force in the world today than communism or capitalism. Whether in Czechoslovakia, the Soviet Ukraine or the "socialist republics" of Central Asia, nationhood, like personal freedom, is an absolute value that cannot be "abolished" by terror and suppression. It is merely driven underground.

It was, in fact, Leon Trotsky, one of the leaders of the Communist revolution, who first warned that Moscow's Central Asian satellites were Russia's soft and vulnerable underbelly. He recognized this in Alma-Ata, capital of Soviet Kazakhstan bordering on China, where he lived in internment before his exile from Russia by Stalin in 1927.

Trotsky was murdered by one of Stalin's agents in 1940, but his ominous prophecy has become a reality to plague the Kremlin.

Ironically, it is the Chinese Communists who are today wielding the nationalist-weapon in an attempt to cut off the Russians from the non-Russian ethnic groups in the Soviet Union.

Though Mao also claims to be a Marxist-Leninist internationalist, he fans the flames of nationalist hatred and revolt in Russian-dominated Central Asia.

He castigates the Kremlin rulers as "new czars." Each day Peking's mass media spread charges about arrests and executions by the Soviet KGB, concentration camps and other forms of nationalities' oppression.

"The struggle of the oppressed nationalities against the Kremlin's new czars is a reflection of the deepening political and economic crisis that plagues the Soviet Union," said a recent editorial in Peking's People's Daily.

"The new Soviet czars are resorting to counter-revolutionary dual tactics — barbarous persecution and suppression on the one hand and dispicable lying and deception on the other."

"There is no doubt that Peking's propaganda is potentially dangerous for Moscow, since the Chinese claim Russian territories in the Far East inhabited by nationalities whose sympathies may be swayed by clever anti-Soviet propaganda."

The Russians themselves never miss an opportunity to exploit to their advantage ethnic or minority unrest in the United States and elsewhere by posing as the champions of the oppressed. But in Mao's view they are merely ruthless imperialists, as bad, if not worse, than the United States.

The Soviet Union is a country of some 100 nationalities. The next Soviet census slated for January, 1970, may well show that ethnic groups outnumber the dominant Russians.

The demographic shift arises from the fact that the birth rate of the non-Russians, especially in the Caucasus, greatly exceeds the birth rate of ethnic Russians.

Thus, in the context of widespread demands for self-determination being made today, it does not seem surprising that the nationalities of the Soviet Union, especially in the Ukraine, the Baltic states and Central Asia, continue to show signs of dissatisfaction with their national enslavement.

Lenin once described Czarist Russia as "a prison of peoples." Now the Red Chinese, in an effort to stir revolt against the Kremlin rulers, are exploiting Lenin's statement to castigate the new Red czars.

WIT AND WHIMSY
Mrs. Brown—Good news! I've saved enough for us to go to Europe.
Mr. Brown—Wonderful! When do we leave?
Mrs. Brown—As soon as I've saved enough for us to come from Europe.

Out with the bath water

CAPITOL EYE

What Really Is 'Sympathy' With Student Rebel Aims?

By BRUCE BLOSSAT
WASHINGTON (Nea) — As the country's college students stream back to school, the most fearful observers worry over public opinion poll figures which show that perhaps two-fifths of the students "sympathize" with the goals of the revolutionaries and radicals.

Since three or four polling agencies agree on the proportion of college youth expressing such sympathy, the figures themselves can hardly be questioned. Nevertheless, the impression left by these findings could be grossly misleading.

At the outset, it has to be noted that—at least in the radical world—the contriving of goals is a very special art. To dispose first of the easy part of the matter, it is well-established that revolutionaries and radicals deliberately include in their goals some widely felt but minor grievances. This assures an automatic measure of support—"on the cheap."

The larger point, however, is that revolutionaries—Communist, socialist, fascist or whatever—inevitably state major goals which are bound to be broadly acceptable in their general terms.

Douglas Pike, a specialist on the Hanoi-inspired National Liberation Front, notes that the Viet Cong's political objectives include building an "independent, democratic, peaceful, neutral and prosperous Vietnam."

Insupport of that aim, the NLF would promote the economy, education, culture, science, technology, public health, improved working conditions, veterans' and welfare benefits, integrated minorities, religious freedom and the rights of foreigners.

As he notes in his book, "War, Peace and the Viet Cong," these goals are almost "meaningless for political assessment." They are also the aims of the established South Vietnamese government. For that matter, adds Pike, that government anywhere in the world does not claim to stand for such things?

What it comes down to, in Vietnam or on college campuses or the American political arena, is what is to be done, specifically, in the name of such unchallengeable goals. And, most importantly, how it is to be done.

The opinion sampler's job is not finished when he reports that 40 per cent of U.S. college youths have "sympathy" for radical goals. What does that sympathy mean?

Are the presumably millions of student sympathizers prepared to follow the revolutionaries all the way in their violent "search-and-destroy" missions on the campuses? If not, where do they draw the line and why?

Inside Washington

JOHN GOLDSMITH
CIA Story Now Official—But 'Beret' Case Still Sticky
ROBERT ALLEN

WASHINGTON — The Central Intelligence Agency (CIA) has formally advised Congress that it neither ordered nor condoned the murder of a Vietnamese double agent in the much publicized "Green Beret Affair."

CIA Director Richard Helms testified on the events which led to the arrest of eight members of the Special Forces (Green Berets) before a Senate intelligence subcommittee. He appeared at an unannounced session on Friday, Sept. 5, before the group which includes top-ranking members of the Senate Appropriations and Armed Services Committees.

The account given by Helms followed closely the unofficial CIA version of the affair as it had filtered into the public domain a couple of weeks previously. He told the subcommittee that:

—The victim in the case, a rather low level military intelligence agent, was engaged in trait watching, truck counting and the like for the Green Berets.

—He was not connected with the CIA, but agency officials were asked for advice when Special Forces began to suspect that he was also doing chores for the North Vietnamese.

—CIA officials did not recommend his liquidation but suggested that his case be turned over, in the regular way, to South Vietnamese authorities.

—Gen. Creighton Abrams ordered a full and exhaustive inquiry after the incident had been reported to his command and when the spy's disappearance was being explained by the Green Berets, with the assertion that the agent was on a secret mission from which he could not be recalled because of communication difficulties.

As to relations between Special Forces and the CIA, Helms recalled that it was the same Senate subcommittee which insisted more than three years ago that the CIA withdraw from the clandestine military intelligence operations into which it had been drawn before the United States sent combat troops into South Vietnam.

STICKY PROBLEMS—The CIA version of the incident has quieted a good deal of the furor which was developing here about the case. Some sticky problems remain, however, both here and in Saigon.

Top CIA officials here are clearly annoyed at the Army's failure to publicly disassociate CIA from the incident. The spy agency's officials expect to be falsely blamed in other nations' intelligence-related activities.

—Gen. Creighton Abrams ordered a full and exhaustive inquiry after the incident had been reported to his command and when the spy's disappearance was being explained by the Green Berets, with the assertion that the agent was on a secret mission from which he could not be recalled because of communication difficulties.

As to relations between Special Forces and the CIA, Helms recalled that it was the same Senate subcommittee which insisted more than three years ago that the CIA withdraw from the clandestine military intelligence operations into which it had been drawn before the United States sent combat troops into South Vietnam.

STICKY PROBLEMS—The CIA version of the incident has quieted a good deal of the furor which was developing here about the case. Some sticky problems remain, however, both here and in Saigon.

Top CIA officials here are clearly annoyed at the Army's failure to publicly disassociate CIA from the incident. The spy agency's officials expect to be falsely blamed in other nations' intelligence-related activities.

—CIA officials did not recommend his liquidation but suggested that his case be turned over, in the regular way, to South Vietnamese authorities.

1970 LINCOLN CONTINENTAL

Mercury Redesigns Lincoln For First Time In A Decade

The first completely redesigned Lincoln Continental in nearly a decade and an all-new expanded line of intermediate-size Montegos and Cyclones tonight Lincoln-Mercury Division's automobiles for 1970.

Thirty-nine new models ranging from the classic Mark III to the muscular new Cyclone Spoiler give Lincoln-Mercury the broadest market coverage ever," said M.S. (Matt) McLaughlin, Ford Motor Co. vice president and division general manager.

During the Sixties American car buyers showed an ever-increasing appetite for variety and premium quality. We expect that trend to continue, and accelerate during the Seventies and our new models for next year are designed to meet this demand.

There are new power teams and a host of comfort, convenience and safety features standard on all car lines, including a more convenient three-point seat-shoulder belt system, locking steering wheel and door panels. All Mark III's will have as standard equipment Michelin steel-belted radial tires with a warranty of 40,000 miles.

Among the new features standard on the Mark III and optional on all other two-door models is an automatic seat back release. With this new feature, front seat backs are automatically released when either door is opened, making rear seat entrance or exit much easier.

While the Mark III will be equipped with Michelin steel-belted radial tires, all other Lincoln-Mercury Division cars will have as standard equipment new fiberglass belted tires which offer increased mileage, better puncture resistance and improved handling.

A convenience feature standard for all car lines is a modified oval steering wheel. It offers increased wheel-to-seat room, while affording an unobstructed view of the instrument panel.

All models, except convertibles, will have as standard equipment a unique three-point lap and shoulder belt restraint system featuring a "mini buckle." The buckle is nearly half its former size. The new restraint system eliminates the need for inboard shoulder buckles while providing the same degree of protection as the former method.

New safety and security features on all car lines, in addition to the three-point seat belt, include side marker lights that flash with the turn signals, a tamper-resistant odometer and a three-way locking steering column. The three-way locking column is designed to deter car thefts by locking the steering wheel, transmission linkage and ignition switch when the key is removed.

Following are the product highlights by car line:

Lincoln Continental is an all-new car for 1970, yet still bears a strong kinship to its elegant predecessors. Completely redesigned inside and out, this fine motorcar continues to offer the maximum in luxury and performance in the Continental tradition.

The exterior design is highlighted by a new die-cast grille with concealed headlamps, new ventless side windows, concealed windshield wipers and full width rear lighting. The smooth flowing and lightly sculptured side sheet metal contributes strongly to the car's clean appearance and emphasizes the overall length of 225 inches. Rear wheels are partially covered with removable skirts, adding further to the long, sleek appearance.

The traditional high level of interior, luxury, comfort and convenience is perfectly executed in the new Lincoln Continental. The standard bench seats offer armrests front and rear and are covered with thick molded foam padding for the utmost comfort. Two-way power seats are standard.

The Cyclones have a racy look with a forward-thrusting grille and unique European-type running lights. Montegos share the same contemporary profile, with the addition of a luxurious full-width grille.

Wheelbase on all models has been increased one inch to 117 inches (114 inches on wagons) and overall length has been increased nearly four inches on sedans and hardtops and eight inches on station wagons.

The most completely equipped personal sports car in its class, Cougar for 1970 features an entirely new front end appearance with a vertical textured grille. Overall length has been increased to 196.1 inches, nearly three inches longer than

Roth Honored, Pampa Hones Defense, Punting

By RON CROSS
 Jay Roth, Pampa's 212 pound offensive guard who couldn't get into a game last year, was named "Harvester of the Week" yesterday by Pampa football coach Swede Lee.

Lee pointed out that Roth played an outstanding game on both offense and defense for the Harvesters Friday against Hereford.

"Jay carried out his blocking assignments well on offense and did a real good job on defense," Lee said.

Roth is the Harvesters' starting right guard on offense and moves over to the left tackle position on defense.

The senior assisted on seven tackles and made two against the Whitefaces.

"Roth is very much improved over last year. He's turning over a fine football player," Lee said.

Lee said he was contemplating some lineup changes for the Friday night home contest against Dumas but said he wasn't sure yet what they'd be.

JAY ROTH
... good job

"I'm thinking about some changes but I'm not sure what they'll be if there are any," Lee said.

One change Lee made Friday night shortly after the ball game was under way was putting junior Johnny Clark on

defense. Clark entered the game in the first period and led both teams in tackles, assisted and unassisted.

The non-conference clash Friday is expected to be a sellout and Pampa fans are being asked to get their tickets early and get to the game early for adequate parking and seating.

The Harvesters are a two touchdown underdog to the powerful demons, who are expected to be one of the class teams in AAA ball.

Dumas was bombed Saturday night by powerful AAAA foe Palo Duro but still was ranked fourth in triple-A by a survey of coaches.

The Demons returned seven offensive and eight defensive starters from last year's 5-5 team. Dumas popped the Harvesters, 29-7 in 1968 but four Pampa fumbles helped pave the way to victory.

Lee said the Harvesters had worked the past three days on polishing their offense, the punting game and making less mistakes.

Landry Praises Cowboy Rookies

DALLAS (UPI)—Dallas Cowboys Coach Tom Landry says that Otto Erown, who "will strike anything that moves," is indicative of "the best rookie crop" the Cowboys have had since 1965.

The overall accolade is impressive because Landry was comparing the present crop with the one that brought wide receiver Bobby Hayes, quarterback Craig Morton, running back Dan Reeves, tackle Ralph Neely, defensive tackle Jethro Pugh and center Dave Manders to the Dallas roster.

"I feel we are ready to go," Landry said in summing up his team's situation going into Sunday's National Football League opener here against the St. Louis Cardinals.

"I feel we had one of the better pre-seasons as a team. The attitude has been great hardly any complaints and I know it was the toughest training camps we've ever had," Landry said.

"And, we have the best rookie crop since 1965," he added.

He cited running back Calvin Hill, the club's No. 1 draft choice from the Ivy League, as "obvious." Hill has already won a starting role.

"But, the others all have the potential to become starters," he said of the six other first-year men who were still on the active roster just four days before the opener.

One of the six, Roger Staubach, of course is almost

SPORTS

certain to join Hill as a starter against the Cardinals, but mainly because the No. 1 quarterback, Morton, is nursing a dislocated finger.

The other five are linebacker Tom Stincic, a third round draft choice from Michigan; Richmond Flowers, a second round draftee from Tennessee who is a wide receiver and the kickoff return man; Halvor Hagen, another third round choice from Weber State at defensive end; Bob Belden, a third string quarterback at

Notre Dame who was picked in the 12th round, and Brown, a free agent from Prairie View A&M.

"I think Brown has shown us he's a real competitor," Landry said after letting him play the whole game against Baltimore at safety last Sunday night.

"He really doesn't know what he's doing."

"But, he'll strike anything that moves and that is important for a defensive man,"

He said Stincic, Erown and

Hagen "have a lot of work ahead of them and are not at the same stage as Hill, but they have a future ahead of them."

Landry said the situation that forces starting a rookie quarterback "is not ideal."

"But, I have a lot of confidence in Staubach, he's not an ordinary rookie just out of college," Landry said in reference to the five years the former Heisman Trophy winner from Navy spent in service.

Asked if Staubach would run as much against the Cards as he did against the Colts when he scrambled for 118 yards on 11 trap evasions.

"No, not as much," Landry said, then chuckled and added: "But the Cards better be ready to run a lot on a warm afternoon."

Suspense Ends For U.S. Davis Cuppers

CLEVELAND (UPI)—Donald Dell, non-playing captain of the U.S. Davis Cup team, today ends four weeks of rather contrived suspense.

At noon, during the official draw for position, Dell will make known his line-up.

It's expected to be Arthur

Ashe and Stan Smith at singles; Smith and his long-time partner Bob Lutz at doubles; and a bench seat for Cliff Richey, against Romania in the three-day test which begins Friday.

Smith and Lutz comprise the only experienced doubles combination possible among the

four players. They have slipped a little in doubles this year, however, partly because both have done better in singles, specially Smith who won the U.S. Amateur at Brookline, Mass., earlier this summer.

Ashe, however, advanced farther than any American in the Australian dominated U.S. Open.

Dell, a Washington attorney, delayed the naming of his selections until the last possible moment, partly it was believed, for the strategic reason of hindering the planning of the Romanian team.

Sooners Slack Off, Wait For Wisconsin

By United Press International
 Big Eight coaches appeared to have nearly decided today who would be in their starting lineups for season openers Saturday.

In Columbia, Missouri coach Dan Devine hoped for something new—a dry day so his Tigers could go outside to work on Air Force formations.

Missouri head scout Prentice Gault, former St. Louis Cardinal, great, told Devine and his footballers he was particularly interested in three Falcon players.

Gault singled out quarterback Gary Baxter, place kicker Dennis Leuthauer and end Charlie Longnecker as three of the Air Force's top players.

Coach Vince Gibson gave his Kansas State Wildcats a clean bill of health Tuesday before conducting a short workout which emphasized K-State's passing attack for Saturday's game at tbbw.

Cross-state rival, Kansas University will practice under the lights tonight in preparation for Saturday night's opener against a tough Texas Tech

team at Lubbock.

Coach Pepper Rodgers said the Jayhawks appeared sluggish Tuesday but attributed it to the damp, rainy weather.

Oklahoma's two entrants in the Big Eight conference today tried to smooth out the corners before meeting worthy opponents.

"The hitting is over until Saturday," Oklahoma University head skipper Chuck Fairbanks announced Tuesday in making ready for Wisconsin.

The OU mentor pointed out Tuesday that his players would be traveling to Madison with two pairs of football shoes. The Badgers' field is made of a synthetic material.

"One is regular shoes with shorter cleats," Fairbanks announced. "The other is a soccer type shoe. We will decide after we get there, which feels best."

At Stillwater, Oklahoma State coach Floyd Gass said Tuesday's practice was spirited and had a lot of enthusiasm.

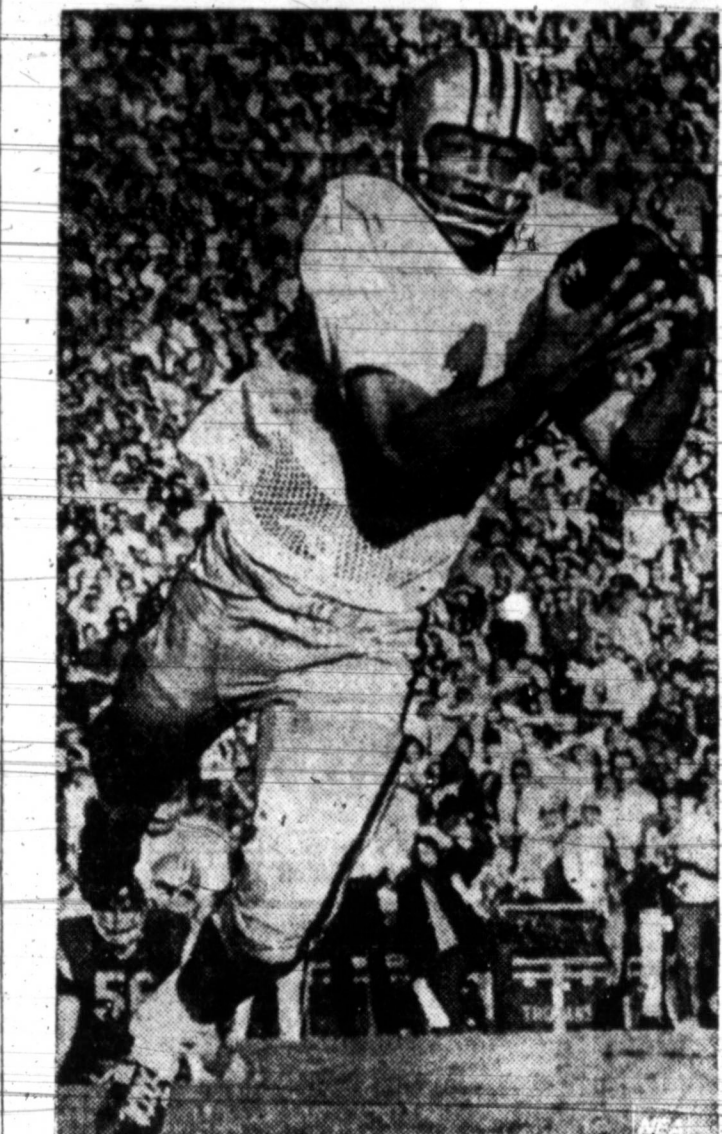

The Cowboys were expected to work on Arkansas patterns today for their Saturday clash with the Razorbacks.

Romania's line-up has been known for a month—since Ilie Nastase and Ion Tiriac, playing two singles matches apiece, and teaming in doubles, defeated England at Wimbledon to become the first Communist country ever to reach the challenge round of the Davis Cup.

Nastase, 23, an officer in the Romanian Army and a teaching pro at a Milan, Italy tennis club, is considered the superior talent of the two.

Nastase personally ended any problem of complacency on the U.S. team by upsetting Smith in the second round of the U.S. Open—hard on the heels of a Smith's victory in the amateur.

But Tiriac, 30, a physical education instructor who speaks eight languages and has been an informal interpreter for his team mates, is regarded the steadier player. The consensus of most of the tennis players who saw their games at the U.S. Open championship at Forest Hills was that Tiriac lacked the power to defeat American exponents of the "big game."

ONE OF THE reasons Ohio State figures to repeat as the No. 1 team in college football is a veteran backfield, which includes pass-catching halfback Ray Gillian (above).

Dierker, Bouton End Astro Losing Streak At Eight Games

SAN FRANCISCO (UPI)—Larry Dierker got his 20th win of the season Wednesday with a little help in the final two innings from Jim Bouton and the Astros squeaked by the San Francisco Giants, 2-1.

The victory knocked the G out of first place in the National League Western Division. It also moved the Astros to within 5 1/2 games of first place.

Dierker, who pitched 12 innings in his last start without a decision, finally got credit. He and Bouton held the Giants to five hits. Only rightfielder Bobby Bonds got to him twice. Bonds went two for two at the plate.

Dierker started rough but got out of the first inning after the Giants loaded the bases. Trouble

hit again in the sixth and San Francisco scored its only run on consecutive singles by Willie Mays, Willie McCovey and Bonds.

The Astros took the lead 1-0 in the fourth on Jim Wynn's homer, his 32nd of the year. Doug Radar slammed another in the eighth to put the Houston club ahead of the Giants again for the win.

Dierker was pulled for a pinch hitter in the seventh and Bouton came on to pitch hitless ball for the next two innings.

Gaylord Perry lost his fifth straight decision to Houston in going the distance for the Giants. He allowed only five hits but two of them were homers. He struck out eight and didn't walk a man.

Texas Tech Workouts Okay After Sickness

By United Press International
 The Texas Tech Red Raiders showed signs of bouncing back Wednesday after a 24-hour flu bug hit 11 players, eight of the first stringers.

Coach J. King said he was encouraged by the Raider workout and thought the 11 players looked pretty good in a pads practice, though they were a little weak.

How strong they would be in Saturday's opener against Purdue is the question, King said. King said he probably would

start sophomore Larry Molinare and Dennis Lane. Both of them were hit by the bug and if one can not start he will be replaced by sophomore Mike Watkins.

King said he would not decide on the starting quarterback until gametime. He did hint that it would be a senior, eliminating sophomore Charles Napper and narrowing the choice to either Tom Sawyer or Joe Matulich.

Texas coach Darrell Royal has been convinced James Street is his quarterback for more than half a season and is working his team accordingly.

The Longhorns had a spirited practice for the first time on the Astro turf inside Memorial Stadium. They ran through basic plays without pads with the defense concentrating on the offense of first game opponent Austin-Friday for Berkeley, Calif., and the televised game against the Golden Bears.

At Rice, Owl coach Bob Hagan appointed his game captains for the opening contest Saturday against Virginia Military Institute. End Larry Davis and linebacker Ronnie Marsh will head the team.

The Owls worked out briefly with the defense concentrating

on the passing attack of VMI. Things were not so happy in Mustang land. Coach Hayden worked his Southern Methodist team polishing plays and he said there still were a lot of mistakes to solve.

"We are still correcting the mistakes we made in the Air Force game," Fry said. "At this point we still have a long way to go if we are going to beat Georgia Tech."

The Mustangs leave for Atlanta and their second game of the season Friday.

Not every team in the conference can count on experienced players but Arkansas can and coach Frank Broyles knows it.

Broyles said he will be depending on the experience of his defensive unit to help his team over possible early season disorganization. He said the confusion may become evident in the season opener Saturday against Oklahoma State in Little Rock.

Broyles said he still does not know if fullback Bill Burnett and linebacker Cliff Powell will play. Both are out with injuries and missed practice all week.

The Razorbacks ran signal drills for more than an hour Wednesday in sweat clothes.

Texas Second In Winning Football

NEW YORK (UPI)—The University of Texas ranks second in the nation for winning football in the last 10 years and Arkansas ranks fourth.

The Longhorns under coach Darrell Royal have a won-lost record of 79-19-2 for an .800 percentage and rank behind only Alabama under coach Paul "Bear" Bryant who in the last decade compiled a record of .86 wins against nine losses and five ties for a .885 percentage.

Coach Frank Broyles ranks behind Alabama, Texas and Bowling Green with a 79-20-1 record.

Bryant, though he leads the nation in the past 10 years, ranks only third best among active coaches.

The Alabama mentor follows Nebraska's Bob Devaney and Mississippi's Johnny Vaught. He has compiled a 187-56-15 mark for a .754 percentage over 24 years at Maryland, Kentucky, Texas A&M and Alabama.

Over the past five years, Alabama has a 44-4-2 record to lead Arkansas with 41-8-1 and Notre Dame with 40-7-3. The Crimson Tide had scored in 99 consecutive games and will go for No. 100 Saturday against Virginia Tech.

Going into the 1968 season, Ohio State has the longest winning streak with 14 victories, followed by Penn State with 11, Texas with nine consecutive wins and Arkansas with six.

Goldman Leads Senior Men's

WICHITA, Kan. (UPI)—Dave Goldman entered today's match play with a two-stroke lead over his nearest competitors on the rain-soaked Wichita Country Club course—the site of the 15th annual U.S. Golf Association Senior Men's Amateur tournament.

The Dallas Texan fired identical 73s for a 36-hole total of 146—four above par.

Alan Howard of Davenport, Iowa and George Beechler of Painesville, Ore., trailed the tournament leader with 148s.

Bob Cochran, of Normandy, Mo., the tourney's first-round co-leader, fell off the pace Wednesday and dropped five strokes back of Goldman with a 151 total.

Curtis Person, last year's

champ, toured the soggy course Wednesday in 74 swings and stood at 154.

Tournament representatives said that contestants would compete in double rounds of match play today and Friday to make up for the time lost because of the heavy rains which forced early week delays. The lengthy days were scheduled so a championship match could be held Saturday.

By United Press International
NEW YORK (UPI)—Madison Square Garden will resume weekly Friday night boxing programs starting in December. Negotiations are underway for national and international television.

Pampa Cyclists Win Top Honors

Pampa motorcyclists capped honors this past weekend in Amarillo and Lubbock.

Wayne Caswell stole the show at the Amarillo races by winning first place in the Moto-Cross and T.T. Caswell was third in the short track and won the trophy for outstanding performance by motorcycle and rider.

Another Pampan, David Enlow, won first place in the 250 cc class.

At Lubbock the Caswell brothers won the Moto Cross races. Junior Caswell was second in the Moto Cross riding a 125 cc Yamaha and Ronnie Meers won honors in the 250 class.

Cyclists ride again in Lubbock, Sept. 28.

Major League Roundup

Atlanta Takes Lead In National L. West

By United Press International
This is the time of the baseball season when the stars are showing why they are stars.

On Tuesday night, it was Juan Marichal who pitched the San Francisco Giants into first place, into the topsy-turvy Western Division race. Wednesday night, another old pro, Hank Aaron, moved the Atlanta Braves into the top spot.

The Giants were knocked down by a 2-1 afternoon loss to the Houston Astros that put the Los Angeles Dodgers temporarily in the lead. Several hours later, Aaron led off the 12th inning with his 42nd homer and the Braves were first by half a game with a 6-4 victory over the Dodgers.

With the regular season ending two weeks from today, and with three teams trading the lead in a single day a two or three team tie, is a real possibility. Four clubs, Atlanta, San Francisco, Los Angeles and Cincinnati, are even in the loss column at 67. In victories, it's Atlanta at 83, San Francisco 82, Los Angeles 81 and Cincinnati 80.

Aaron, who claims he wants to reach the 3,000 hit mark before he retires, batted out three hits to boost his career total to 2,945. He now has 552 homers.

Each team scored two runs in the eighth inning and then each club was blanked for three innings before Aaron snapped the tie by connecting against rookie Ray Lamb. Cecil Upshaw got the victory in relief.

In other games, Cincinnati clubbed San Diego 10-5. New York blanked Montreal 5-0. Chicago edged Philadelphia 9-7 and Pittsburgh topped St. Louis 4-2.

In the American League, Chicago swept a doubleheader from Seattle 6-4 and 2-1. New York topped Washington 2-1 in a game called by rain after five innings. California edged Minnesota 6-4. Detroit blanked Cleveland 5-0. Oakland defeated Kansas City 3-2, and the Baltimore-Boston game was rained out.

Dierker, who sent seven innings, and Jim Bouton stopped San Francisco on five hits. Dierker who pitched 8 2-3 innings of no-hit ball against the Braves in his last start and

SPORTS

Former West Texas Star Shows Pros Why He's Named "Mercury"

NEW YORK (UPI)—It didn't take Eugene Morris long to show the American Football League why he's nicknamed "Mercury."

Morris, a third-round draft choice of the Miami Dolphins from West Texas State, ripped off a 105-yard kickoff return in the first quarter of Sunday's loss to the Cincinnati Bengals.

Morris added a 27-yard return and leads the league with a 66.0 average, according to official AFL statistics released today.

Three members of the world champion New York Jets lead individual offensive categories after the first week of play. Placekicker Jim Turner, who had four field goals in the Jets' victory over Buffalo Sunday, is the AFL's top scorer with 15 points.

Matt Snell, with 106 yards, leads in rushing and rookie Steve O'Neal is the leading punter with a whopping 55.5 average. Also, reserve linebacker Paul Crane's two interceptions put him a four-way tie in that department.

Steve Tensi of Denver, who hit on 10 of 15 passes for 205 yards and three touchdowns, is the leading passer while Mike Garrett of Kansas City is the top pass receiver with seven.

Denver's Bill Thompson leads in punt returns with a 22.0 average.
