

RAIL DRIVES LAUNCHED

Amelia Earhart Is Reprimanded for Mishap to Her Plane

LETTER SENT TO HER WILL CITE BLAME

Carelessness and Poor Judgment Pointed Out; Inspector of Commerce Department Saw Accident.

HIT FLOOD LAMP

Recommendation for Grounding Her For 90 Days Not Accepted, Since She Is Making Tour.

WASHINGTON, June 19. (AP)—The commerce department announced today that Amelia Earhart Putnam had been reprimanded for carelessness and poor judgment in handling her autogiro when it crashed at Abilene, Texas, last week.

Mrs. Putnam, who was making a transcontinental flight, is reported to have struck a flood light in taking off from the airport at Abilene, turned her machine over and struck an automobile. At the time, she said she had misjudged her height. Reports reaching the department recently have been that the inspector on the field at the time had recommended that she be grounded for 90 days.

G. G. Budwig, in charge of the operations section of the aviation branch, today telegraphed R. W. Delaney, inspector at Dallas, for a report. Delaney telegraphed a recommendation that Mrs. Putnam be reprimanded.

It was announced that a letter was being forwarded to Mrs. Putnam today officially reprimanding her.

TULSA, Okla., June 19. (AP)—An assertion she had exercised her "best judgment" in landing her autogiro at Abilene, Tex., was Amelia Earhart Putnam's reply here today to the reprimand given her by the department of commerce for carelessness and poor judgment in the handling of her craft.

She said she would telegraph the department for further details of the charges.

"The crowd was desirous of seeing the autogiro closely," she related, "and I was taking off closer to the crowd than that account."

"I had gained some height when suddenly by giro began losing altitude. I brought it down in the only open space available to prevent hitting any cars or hurting any people. It is true that one of the rotors struck a car but I don't believe it did any serious damage."

She said she was not aware that she struck a floodlight in taking off, as was reported to the commerce department.

Ruth Nichols Plans To Leave Sunday

NEW YORK, June 19. (AP)—Damage to Ruth Nichols' plane in landing at Floyd Bennett airport from Jersey City yesterday on the first leg of her projected solo flight across the Atlantic will prevent her leaving before Sunday.

Mechanics worked all night on the plane but it was said this morning that two days work was still ahead of them. Not only was the tail skid broken and struts strained but a bulkhead in the bottom of the fuselage was cracked and the gasoline tanks had to be re-approved preliminary to repairing this.

Johnny Torriols Climbing on Al Capone Throne

Pie Eating for Mickey Mouse Club Is in Store

A big pie eating contest is in store for boys and girls of the Mickey Mouse club at the Rex theater Saturday morning. Songs and dance numbers will add to the fun.

Mickey Mouse himself will be represented in "Fiddling Around." He will also lead the Mickey Mouse theme song. Other pictures will be "Spell of the Circus" and Buck Jones in "The Texas Ranger."

Lots of surprises await the club members.

Western Ranchman Who Started Scarface in Big Racket Said to Have Ordered Him 'to Take Rap.'

CALLED IMMUNE

New Overlord Escaped Numerous Attempts to Kill Him; Late Bugs Moran Was Hot on Trail.

CHICAGO, June 19. (AP)—Today's Herald and Examiner said Johnny "The Immune" Torrio has succeeded Alphonse Capone. The proclamation that Torrio had invested himself with the dual robes of gangland leadership, the newspaper said, was posted last night in the haunts of the half-world.

Rumors have been persistent for weeks that the protégé of "Big Jim" Colosimo had abandoned his western ranch to re-emerge once more in underworld activities.

Bullets from George "Bugs" Moran gang guns hastened Torrio's decision several years ago to quit Chicago's gang warfare. Twice before attempts on his life were unsuccessful. Thus he gained the sobriquet of "The Immune."

It was Torrio who brought Capone west from Brooklyn a decade ago to manage Colosimo's Twenty-second street vice district. And when Torrio abdicated, Capone climbed onto the throne.

The newspaper said it was Torrio who ordered Capone to "take the rap" against him and plead guilty to the government's indictments charging liquor law and income tax violations.

On this plea, Capone will be sentenced June 30.

BURGLARS IN FUTILE RAID

White House Lumber Firm Safe Knob-Knocked in Obvious Disgust.

The knob was knocked off a safe at the White House lumber company but the attempt to open it was unsuccessful last night.

Glass in two windows and a door was smashed to gain entrance. Stray scraps of steel picked up in the vicinity of the lumber yard were used to knock off the knob. These were found at the yard this morning where they had been thrown down in apparent disgust. The battered condition of the knob and lock indicated that the burglars spent an unusual length of time in battering at the safe.

Chief Deputy and Helper On Guard Over Much Booze

Harris King, chief deputy, and a loyal assistant never slept a wink last night. They stayed up all night guarding the huge store of confiscated liquor at McLean, a total of 1,346 gallons.

Yesterday afternoon, excitement seethed in McLean as a report was circulated that the owners of the whiskey were going to stage a raid to recover it. The whiskey, valued at more than \$21,000, is stored in the McLean jail. Deputy King and another guard, heavily armed, kept a sharp lookout last night.

Some heavy trucks with suspicious looking Oklahoma licenses rumbled slowly by but did not stop. Sheriff Lon L. Blansett is planning to dispose of the liquor as soon as possible. He will destroy most of it after saving enough for evidence. He may ask prohibition agents at Amarillo to investigate possibilities that the large store of whiskey involved a conspiracy.

Mr. and Mrs. Luther G. Pierson have returned after a two-week vacation trip. They visited relatives at Burk Burnett, Gorman, Corsicana, Blooming Grove, and Dallas.

The Home Newspaper in Pampa Since April 6, 1907

Pampa Daily News

Official Newspaper—PAMPA—City of Oil, Wheat, Homes

PAMPA, GRAY COUNTY, TEXAS, FRIDAY EVENING, JUNE 19, 1931.

Many Indictments Ready

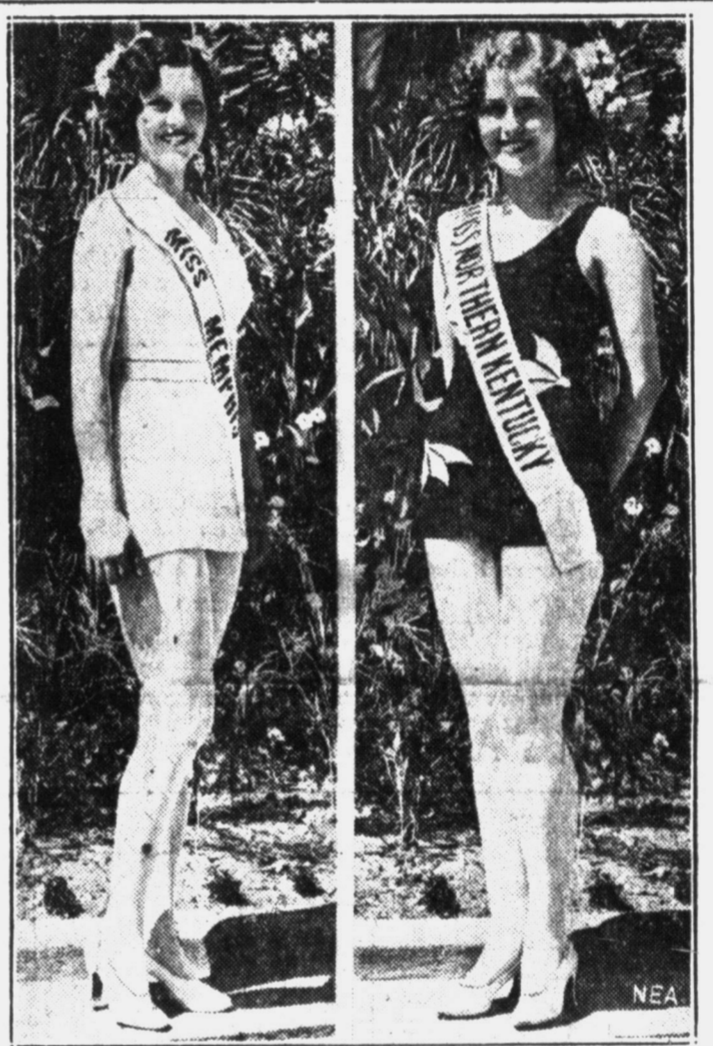

Gray County Residents Are Said to Be Involved in Federal Action.

Forty-eight indictments, of which 21 are based on Pampa offenses and 15 LeFors cases, have been returned by the federal grand jury in Amarillo and will be reported at 5 o'clock this afternoon. It was said today. The remainder of the indictments involve Amarillo residents.

Judge James Wilson and Alex Moody, assistant federal district attorney, were to issue warrants based upon the indictments late today. If the findings are similar to those announced some time ago involving Amarillo citizens and public officials, they will include conspiracy to violate the prohibition laws.

Investigations resulting in the indictments are said by court attaches to have been carried on for nearly two years. Some of the evidence will be sensational in character, it was said. Names of those indicted will not be divulged until the arrests have been made.

Most Beautiful Girls in U. S.

Dixie, famed for its beautiful women, upheld the honor when its representatives won the two highest places in the national judging at the international beauty contest at Galveston, Texas. Anne Lee Patterson, right, blond, blue-eyed and 18, representing northern Kentucky, was selected "Miss United States," and Lena Thomas, left, "Miss Memphis," was runner-up.

Mayor Declares Liquor Ring at McLean Impossible

"Impossible" and "silly" were the words used by Jot Montgomery, mayor of the city of McLean, and M. M. Newman, commissioner of Gray county precinct No. 4, in characterizing a story that appeared this morning in the Amarillo Daily News.

The story, under a McLean date-line, told of a large liquor raid made early Thursday at McLean when 1,346 gallons of "moonshine" whiskey was confiscated. The raiders were led by Lon L. Blansett, sheriff of Gray county, and the value of the contraband was estimated at \$21,000, on a basis of current bootleg prices.

The News story went on to say that by this raid the powerful McLean liquor "ring" had "been broken up." "And that evidence pointed to the garage in which the cache was found" having been used as a distributing warehouse for the district.

The story also pointed out that the McLean "ring" was engineered from Kansas City and was a branch of the infamous "Al" Capone business.

The McLean officials laughed at the thought of there ever being a liquor ring there. The liquor, Mayor or Montgomery said, had been placed in the garage the night before the raid. The garage was not used as a warehouse, and never had been put to such a purpose.

"I don't believe," Mr. Newman said, "there is a bootlegger in McLean. There isn't enough business for one."

Both of the McLean men ridiculed the thought of "Al" Capone having anything to do with a liquor "ring" in McLean. "The thought that a man who recently testified in federal court that he was engaged in a \$200,000,000 beer ring, to have had anything to do with bootlegging in a round McLean, a city of 2,000 persons, is not only impossible but silly."

The liquor cache discovered Thursday by Mr. Montgomery believed to be destined to some other point rather than McLean and its vicinity.

Country Boy Is "Not So Dumb"

Country boys "ain't what they used to be." They're not half as dumb as they used to be. That's an opinion of the night police force.

The reason: This morning a youth of 19 was brought before Judge Elythe. As an officer said, "the country was sticking out all over him." Any minute one expected him to pull cotton seed or hay out of his hair.

Then the police related how they found him pounding on the door of a locked automobile about midnight in an effort to open it. The youth pleaded not guilty, declared he-bugs had run him out of a "Hoop house" and he was hunting a place to sleep. He is being held without bond.

MEXICAN IS PUT TO DEATH IN HUNTSVILLE HOT CHAIR

Bonham Man Is Held in Kidnaping

AMARILLO, June 19. (AP)—John M. Riggs, 42, arrested by Amarillo police, this morning was on his way to Bonham in custody of Bud Hughes, sheriff of Fannin county, to face charges of kidnaping and car theft.

A 16-year-old girl also is being returned to Bonham, though officers said no charge had been placed against her.

Riggs is under grand jury indictments, according to Sheriff Hughes, who asked Amarillo police to hold the pair.

The man was arrested in the lobby of the Amarillo postoffice. For hours he refused to reveal his identity. The girl was found a short time later.

Old Sol Knew It Not But Panhandle League Was Quite Dead On Opener

AMARILLO, June 19. (AP)—Today scheduled as the opening day of the Panhandle Baseball league rolled around with old Sol beating down from his high throne with an expectant gleam on his face.

How could the sun know the Panhandle league had died the unnatural death of passing out of existence before being completely born? How could it know that for the past week the feeble efforts to get the league started were growing feebler each day, until today, as a perfect opening day came about, there was not left even a ripple of

the big splash of a few weeks ago. John J. McCloskey, most active in the work to put over the loop, declared the failure of the league to start was due to the lateness in beginning the plan. The first hitch occurred when Clovis, N. M., failed to put up the \$1,000 forfeit last week. The next came in an announcement from Lubbock that that town would transfer interests to semi-pro baseball.

Pampa and Amarillo had teams ready to go, and had made arrangements to light their baseball fields for night play.

NEARLY \$10,000 RAISED IN BRIEF CANVASS AT MEETING TODAY—CAMPAIGN GOES ON

Business Men Declare Fort Worth & Denver Northern Project Would Stabilize Values and Provide Work for Many (de Men—Goal of \$60,000, Has Been Set By Committee Members.

Farsighted Pampa business men took the future of their city in their hands this morning and launched a drive to raise \$60,000 to be used in purchasing right-of-way in Gray county and terminal facilities here for the Fort Worth & Denver Northern railroad.

Pledges started at the close of a mass meeting in the city auditorium presided over by Mel B. Davis, chairman of the right-of-way committee, reached \$9,035 in a few minutes and large sums were assured in addition by promises of executives of utilities and corporations, who said they were taking the matter up with their superiors.

With the intention to spread the burden widely among the citizenship, committees will continue the drive briskly in the next few days through their calls. Chairman Davis said he was well pleased with the result of today's meeting, although disappointed in the small crowd of executives. The audience was fairly large, with many working men attending.

Started by J. G. Christy with donation of lots in the Talley addition to which small houses on the proposed right-of-way can be moved, the list of donations was swelled by J. N. Duncan's \$1500 ("or more if you need it"), \$1,000 by C. C. Cook, \$500 by Alex Schneider, \$500 by Ivy Duncan, \$500 by Tom Rose, \$250 by Gordon-Benebise, \$250 by August A. Gordon, and so on down the list.

The entire railroad committee will meet at 8 o'clock this evening to plan the completion of the drive.

Denver Stands Pat

In opening the meeting, Mr. Davis said that many propositions had been made the Denver railroad, but that the directors of the line stood pat on their request for right-of-way and terminal facilities. He said he considered they had just reason for taking this stand. He termed the project as one to which Pampa had looked forward since 1902, when there was a boxcar depot. He declared that the road would not build without a guarantee, and that delay might mean that it would never be built. His opinion was that Pampa had a chance to do something for the entire North Park handle, since the Burlington system plans on later extension of the line northward.

Tom Rose asserted that he never saw a good city built without trunk-line railroads. He urged meeting of the Denver's demands as a means of stabilizing local values. He praised the work of the B. C. D. and Attorney Chas. C. Cook in bringing the project to its present form.

"Not So Keen"

J. N. Duncan declared that the Denver was "not so keen to build as you might think." He urged everyone of whatever job, to consider the project as vital. He called the project the best ever placed before the city.

That the need for immediate construction is a strong factor was asserted by Lynn Boyd. He said it was right for the city to furnish the right-of-way, the route of which he said could be changed so as to save \$15,000, he believed.

B. E. Finley said that everyone seemed eager to help and that the major point was ability to help. He said that those who could afford to give liberally should do so.

One of the keynotes of the meeting was struck by Judge Ivy Duncan, who said that "we will pay for the road whether we raise this necessary money or not. We will pay for it in decreased values and a crippled future if we do not get the railroad." He regarded the project as involving an investment which would pay good dividends through the years.

"We get what we pay for," Travis Lively remarked. "We cannot depend on accidents to build our city." He pointed out how Lubbock let the Santa Fe shops go to Slaton.

Chas. C. Cook, most active citizen in the legal fight to obtain the I. C. C. permit, gave a history of the uphill battle and termed present developments as virtually a "fortuitous opportunity which the city cannot afford to let slip." He said that \$600,000 or more would be spent for local labor and supplies in Gray county should the line be built.

Glites Man-Built

Tom Rose, in endorsing the proposed plan, said that "cities are not God-built but man-built—we will have to work out our own future."

The motion to secure pledges on which a guarantee to the Denver may be based was made by P. O. Sanders and seconded by C. P. Buckler. On motion of August Gordon, the pledges were announced as made. Should the entire sum not be raised, and should other communities fail to reach their quotas, causing abandonment of the proposed construction, the amount of the pledges will be refunded. Should all of the sum raised not be used, the surplus will be refunded on a pro rata basis. Some of the money will be needed at once, and some perhaps not for 60 days.

A Good Start!

Railroad pledges made this morning follow:

J. N. Duncan, \$1500; Chas. Cook, \$1000; Schneider hotel, \$500; I. E. Duncan, \$500; Tom Rose, \$500; Merrick & Boyd, \$500; A. Gordon, \$250; Gordon-Benebise, \$250; J. G. Nat, \$10; B. W. Rose, \$500; George Briggs, \$50; Lewis Cox, \$200; Koss & Thomas, \$250; Glen Rasgale, \$100; W. H. Curry, \$50; J. W. Garmann, \$50; Pampa News-Post, \$250; J. Lazarus, \$25.

Thompson Hardware company, \$100; Frank J. Gill, \$25; W. R. Campbell, \$100; Pampa Bowling alleys, \$50; Olin E. Hinkle, \$15; Philip Pond, \$15; John Bradley, \$15; Hester's studio, \$5; Murray Fruehlich, \$15; C. & C System, \$25; P. E. Maynard, \$25; George Rainwater, \$100; C. E. Lancaster, \$10; Stark & McMillen, \$100.

W. G. Irving, \$10; C. H. Walker, \$50; F. E. Leech, \$50; C. E. Ward, \$25; Ed Vicars, \$25; DeLes Vicars, \$100; F. C. Workman, \$25; N. Dodson, \$10; Mel Davis, \$400; C. P. Buckler, \$250; P. O. Sanders, \$250; J. N. McDonald, \$50; Sam Fenberg, \$100; L. N. McCullough, \$150.

C. T. Hunkapillar, \$100; Minter Lumber company, \$50; E. Bechtelheimer, \$25; W. H. Wemple, \$5; Gray County creamery, \$50; Sam McCullough, \$25; F. M. Gwin, \$50; C. G. Atterberry, \$50; Jim Devoy, \$10; T. W. Sweetman, \$50; Morris Hanson, \$25; C. T. Harris, \$10.

Total, \$9,035.

McLean Youth Sustains Broken Neck In Dive

AVONDALE, Colo., June 19. (AP) Falling to test the depth of water in an irrigation ditch, Ed Mann, 19, McLean, Tex., dove into the stream last night and suffered a broken neck which caused his death. Mann, with two companions, hitch-hiked to Denver, stopped for a swim. The coroner said no inquest would be held.

Jury Waits On Starr's Letters

NEW YORK, June 19. (AP)—Grand jury proceedings in the investigation of the death of Starr Faithful were postponed today until Tuesday pending the arrival of Dr. G. James Carr, Curand line ship's surgeon, who is en route from England with letters he received from the girl, written shortly before she disappeared.

Dr. Carr is due in New York Monday on the steamship Laconia. One statement from the letters he has with him has been made public—a sentence which reads "when you receive this I will be dead." Dr. Carr received the letter after her death.

Welfare Work Is Still Very Urgent

Mrs. W. H. Davis, manager of the Welfare Board, returned yesterday from Mobile, Ala., where she recently attended the funeral of an aunt, Mrs. Mary S. Crawford, 58. Mrs. Davis was called to Mobile, her former home, two weeks ago by the illness of her aunt. She was accompanied on the trip by her son, Mrs. Davis said that the condition of the needy had not improved much during her absence. The Welfare Board has more cases now than at any time since it began functioning, she said. The welfare agency is unable to care for any except the sick and the starving, she said.

Al Capone Pleads Guilty

His gigantic underworld empire crushed by U. S. sleuths, Al Capone, center, is shown here arriving at the federal building in Chicago to plead guilty to defrauding the government of \$200,000 in income taxes and conspiring in a \$200,000,000 beer syndicate to violate the liquor laws. Capone faces a possible penalty of 30 years in prison and \$50,000 in fines.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor. It is not the intention of this newspaper to injure any individual, firm or corporation, and corrections will be made, when warranted, as prominently as was the wrongfully published reference or article.

NO PATENT ON ART OF THINKING

Millions of dollars has been spent on motor research. The best brains of the industry did not beat a young Shamrock man to a patent on a rotary valve which promises to revolutionize motor manufacture.

Earl William Griffin, 21, is the inventor. He conceived the idea one night while pondering over the trouble of grinding and seating valves now in use. The device will eliminate the cam shaft, valve tappets, and springs and all but one long intake and one long exhaust manifold. It is really a new form of cylinder head, with moving slotted parts actuated by the crank shaft. It will be easy to install the super-chargers used for racing and airplane enterprises.

Records of the patent office show that the inventive brains of the country do not always appear from the ranks of scientists.

Says the Borger Herald: "There's nothing more distasteful to the average male than the roll at the top of a woman's stocking." But what has that got to do with modern styles?

Borger may be depressed, but the Plateau singing convention over there is estimated to be an 8,000-voice affair. A singing people isn't a hopeless people. You may not have a full stomach but if you make the best of it and make music your digestive apparatus will function properly on what you have.

Despite the interest in all maps of new motor contraptions, including flying windmills, stratosphere balloons, arctic submarines, and rocket planes, this ter-

ritory of ours is going to get a kick out of seeing cowboys and alleged cowboys on the hurricane decks of wild horses.

It is hot weather to play golf, but golfers get warmer in arguments than in play.

No wonder they have trouble in East Texas. Every oil plan concocted has to work 100 per cent to last, and East Texas weather never was conducive to unanimity.

Polo is not played much in this section, but if we could get some of these cowboy golfers to combine their arts we would have a good substitute.

Gangsterism flourishes where crime pays. By making it unprofitable, Gray county officers will assure respect for law.

Hardest question directed to us today: "Where is record-buster Frank Hawks at this moment?"

Barbers to Play Panhandle Sunday

The Pampa Barbers will play Panhandle on Gulf field at 2:30 o'clock Sunday afternoon replacing the Pampa Jermos in the Gray-Carson baseball league. The Panhandle team has been invited into the league and will give their answer Sunday. The team from Carson county has had a successful pre-season series of games.

young material to make a balanced nine. The team has lost only two games this season.

Manager Barnes Samuel says he will probably use his new hurler, Farley, with McWright catching. Komer and Warren, two more new men will occupy second and third base respectively. Both have played in fast company.

The Panhandle line-up was not available last night.

The Barber-Panhandle game will be the only game in Pampa Sunday. The other Pampa teams will play away from home.

Pampa All Stars in Need of Players

The Pampa All Stars, managed by Murray Freundlich, have been held hard during the week when several star players left the city. Manager Freundlich is frantically searching for additional material to bolster his team for a league game Sunday afternoon in Skellytown.

The Skelly-boys have been playing heads-up ball the last two weeks and are gradually creeping up in the league race. The team plays a hard brand of ball and a let up in the opposing defense means the loss of a game.

Skellytown has won two games and lost one while the All Stars have won one game and lost two.

PICNIC IS GAY EVENT FOR MEMBERS OF AMUSU GROUP

SWIMMING AND LUNCH ENJOYED LAST EVENING

A swim near LeFors, followed by the spreading of elaborate picnic lunches made the afternoon hours pleasant one Thursday evening for members of the Amusu Bridge club and their families.

The gaiety was the climax of a contest held in the club, with the members making high scores acting as hostesses to the rest of the club. The honor of making the highest individual club score goes to Mrs. J. M. McDonald.

The crowd met at the home of Mrs. George Walstad at 4 o'clock and went in a group to LeFors.

Following are the members, who, together with their husbands and children, attended: Mesdames Lynn Boyd, J. M. Dodson, Dick Walker, J. M. McDonald, Siler Faulkner, C. F. Hunkapillar, George Walstad, C. F. Buckley, C. M. Bryson, R. W. Mitchell, I. N. McCullough, and John Ross.

It is planned to have an evening party some time during the next week.

CHURCH WOMEN TO COMPLETE REDECORATION

The Rev. and Mrs. Ray Johnson, upon their arrival tomorrow, will find the First Methodist church in a more comfortable and ready for their occupancy.

The work, which will be completed today, has been done under the general direction of Mrs. W. Purviance, assisted by Mesdames Roy Tinsley, Lee Harrah, Albert Wood, D. W. Ferguson, and W. R. Campbell.

A complete new bedroom suite has been bought for the parsonage, which is a five-room bungalow next door to the church. All floors have been re-varnished and a new blue and white linoleum has been placed on the kitchen floor. Rose and gold draperies and new curtains have been hung in the living room, and yellow curtains have been selected for the bedroom.

New dishes and cooking utensils have been bought.

The yard also has been put in first-class condition. Grass has been mowed and flowers tended. There are roses, chrysanthemums, four o'clocks, and marigolds on the lawn.

Vanderbilt Faces Rift With Arno

RENO, Nev., June 19. (AP)—Cornelius Vanderbilt Jr., already troubled by family affairs, faces the possibility today of having something still further to worry about.

Peter Arno, New York caricaturist here for a divorce, announced last night that he was considering the desirability of bringing Vanderbilt and his attorney, Samuel Platt, to account for "absurd" statements blaming him for troubles in the Vanderbilt household.

Arno's attorney, Clyde D. Souter, also issued a formal statement in which he said the question of whether a suit for slander would be brought was being debated.

"When informed last night of the contemplated action, Platt would say nothing other than that he was 'not interested.'" Vanderbilt could not be reached.

Meanwhile, Reno's divorce colony was awaiting the outcome of a conference between attorneys representing Mr. and Mrs. Vanderbilt at which it was expected some solution of their marital difficulties would be reached.

Magnolia to Meet LeFors on Sunday

LeFors will attempt to remove the Magnolia Mags from the top of the Gray-Carson league when the two teams meet in LeFors Sunday afternoon. Both nines are candidates of a win. It will be the first meeting of the two teams this season. The Mags have played only two games.

Bosart or Edwards will be the choice of Manager Rayburne Burke to hurl for the Mags. Ross will probably get the call from Manager Joe Duby of the LeFors nine.

LeFors will be without the services of their first string catcher, Tommy Thomas. Thomas suffered a broken leg last week in a practice game.

White Deer Due For Good Baseball

White Deer is due to hit its winning stride Sunday afternoon in a league game with the Phillips Oilers, league leaders. The Bucks won everything until the league season opened and since that time have failed to break into the win column.

Manager Charlie Austin claims his team has come out of their slump and will take the Oilers from the top of the league Sunday. Manager Austin will probably start in the box for the Bucks.

TRUCK DRIVER KILLED

NACOGDOCHES, June 19. (AP)—Eouis White, 29, was killed early today when a lumber truck he was driving plunged from the highway as it descended a hill east of Nacogdoches, and overturned. White was believed to have fallen asleep while driving.

BITS OF NEWS FROM LEFORS

Mr. and Mrs. R. S. Jones and family were visiting Mrs. Ava Lowe last week.

Mrs. Raymond Willard of LeFors is visiting her sister, Mrs. Burgess of Amarillo.

Mrs. Lowe and Mrs. Husband were shopping in Pampa, Friday.

Mrs. George Bailey has as her guest her sister, Mrs. Shallors, of Houston.

Mrs. E. Bacchus left Tuesday morning for Borger, where she will nurse her sick daughter, Mrs. E. O. Van Winkle. She expects to be gone five or six weeks.

Mr. and Mrs. C. S. Meares were visiting friends in Mobeetie Sunday and Sunday night.

C. L. Pettit of McLean was a visitor in LeFors Monday morning.

Mrs. Velora Hart and baby, Deborah Ann, left Wednesday after a two-week visit with her sister, Mrs. J. D. White.

Mrs. Stella Shepherd of Stigler, Okla., who has spent three weeks visiting here with her parents, Mr. and Mrs. C. C. Warford, left Tuesday morning for her home.

Tommy Thomas is home after spending several days in the Worley hospital, Pampa, where he received treatment for a broken leg.

Mr. and Mrs. Floyd Bull are the proud parents of an 8-pound girl, born Wednesday morning at 3:30 o'clock.

Mack Reece of Alameda was in LeFors on business Tuesday.

Paul Bruce of the Eldredge community, and owner of the Bruce nursery, was transacting business in LeFors Wednesday.

Mr. and Mrs. Ray Balkum returned a few days ago from points in Louisiana, where they were visiting Mr. Balkum's parents.

Mrs. A. A. Simpson of Sapulpa, Okla., is visiting here with her son, A. R. Simpson, an employe of the Texas company, and daughter, Mrs. E. Clifford West. She will probably remain here until after the fourth of July picnic.

Mr. and Mrs. Ray Balkum and Mrs. Gordon Hall were shopping in McLean Wednesday.

Mr. and Mrs. Gordon Hall are now living at the Coltex No. 3. Mr. Hall was transferred last week.

Mr. and Mrs. E. A. Vance have as their guest this week, Mr. Vance's mother.

Mr. and Mrs. Bill Salonka were visiting Wednesday night in Skellytown.

Those who attended the funeral service of Mel Davis' father in Pampa Monday evening were: E. A. Vance, George Thut, R. C. Ogden and A. M. Clardy.

Billy John Salonka spent last week in Skellytown.

Harold Combs and A. Carpenter were in McLean Tuesday, to transact business.

E. A. Vance and R. C. Ogden went to New Mexico the first of the week to clear a land title for the railroad company.

Mrs. Joe Duby was taken to a Pampa hospital Tuesday afternoon, where she will undergo an operation.

Mrs. George Thut and son, George Jr., are visiting in McLean this week.

Mr. and Mrs. E. O. Van Winkle

OUTING HELD FOR CLASS OF LOCAL CHURCH

Mrs. Raymond Harrah entertained members of her intermediate Sunday school class, First Methodist church, with a picnic at Miami Thursday morning.

The girls met at 10:30 a. m. at the local church and motored to Miami for a swim. Supper was spread later at a nearby picnic ground.

Class members are Dorothy Adams, Isabel Baer, Pauline Barker, Margaret Beck, Dorothy Cheney, Dorothy Dodd, Jacque Downs, Kathleen Gwinn, Mildred Haggard, Lola Hill, Francis Hodge, Bernice Moss, Loraine Noel, Ruth Reynolds, Louise Walstad, Ruth Young, and Beulah Stephenson.

YOUNG PEOPLE OF CHURCH TO MEET TONIGHT

Miss Mary Burks and a number of other members of the First Methodist church will go to Clarendon to attend a meeting of the Methodist young people's division, Clarendon district, this evening at 8 o'clock.

Installation of officers will be one of the principal features of the gathering.

AMARADA MISSION

The Rev. Milton Leach of Fort Worth closed a 10-day's meeting at the Amarada mission last evening with many professions of faith and additions to the church, both by letter and by baptism. The crowds grew during the entire meeting, and the best attendance was the last service.

For a week a meeting has been in progress at the Cabot plant west of town. Rev. Leach will begin the preaching at these services there Friday evening and will continue there until the meeting closes, which probably will be in another week. He will preach at the First Baptist church, Sunday evening.

YALE FRESHMEN WIN

NEW LONDON, Conn., June 19. (AP)—Yale's freshman crew conquered Harvard by three lengths in their two-mile brush on the Thames today.

MRS. FISCHER ILL

Mrs. F. C. Fischer is ill in her home here.

QUAKES FELT

LIMA, Peru, June 19. (AP)—Strong earth shocks were felt here today. They lasted for five seconds but did no serious damage.

MRS. N. B. ELLIS IS HOSTESS AT BRIDGE PARTY THURSDAY

A harmony of pastel tints in flowers and appointments contributed to an attractive bridge party given Thursday afternoon by Mrs. N. B. Ellis in her home here.

Hand-painted articles for kitchen use were given Mrs. R. A. Webb for high score. Mrs. Ellen Smith for the first grand slam, and Miss Lela Bell Gibson for low score.

A dainty ice course, furthering the pastel color scheme, was served at the close of the games to Mesdames C. M. Cariock, S. A. Burns, J. M. Saunders, Charles Hickman, O. K. Gaylor, W. C. de Cordova, Clyde Oswald, R. A. Webb, Tom Eller, W. F. Sumner, Elbert Thomas, W. F. Sumner, Elbert Thomas, Lennis Anderson, Ellen Smith, Edward brought, and Miss Lela Bell Gibson.

The Tank on my farm, Section 64, Block B-2, is the only watering for cattle. It is necessary that this be protected and trespassers will be prosecuted.

Mrs. Myrtle Davidson

OUR GANG BRIDGE CLUB WILL HAVE PICNIC NEXT THURSDAY; IS TO SPEND DAY AT LEFORS

When members of Our Gang Bridge club met Thursday afternoon in the home of Mrs. J. E. McCall, they made plans to attend a picnic near LeFors Thursday of next week. They are to gather at 9:30 a. m. in the home of Mrs. F. C. Fischer and go in a group to LeFors to spend the day.

Games of bridge also were played Thursday, with the favor for high score going to Mrs. W. W. Wilks and favor for low going to Mrs. J. J. Husak.

The following were present: Mesdames B. L. Moore, Roy Showers, Bert Webb, J. I. Hull, J. J. Husak, J. E. McLaughlin, W. Wilks, Dewey Boyles, B. B. Oats, Carter, J. E. McCall, and Miss Betty James.

Mrs. Harriet Carter and Mrs. W. F. Redding, both of Checotah, Okla., who have been visiting Mr. and Mrs. Tom Morris, left today for Amarillo, where they will visit Mr. and Mrs. A. D. Hughes.

Another Victim of Fire Succumbs

Mrs. A. C. Ayer, 36 years old of McLean, died at a local hospital yesterday afternoon at 5:30 o'clock as a result of burns suffered two weeks ago in a gas explosion at McLean. Her husband died June 5, from burns received in the same explosion.

The condition of Mrs. Ayer had improved during the last week and she was to have been taken home yesterday but took a turn for the worse and died shortly after. The body is at the Stephenson Mortuary. Funeral arrangements had not been completed last night pending arrival of relatives from Oklahoma City.

Mr. and Mrs. Ayer were burned when gas in their home exploded. They had returned to McLean from an interrupted journey to New Mexico and when Mr. Ayer lighted a match in the kitchen the explosion followed.

Mrs. Ayer is survived by five children.

No Sailors Can Manipulate "Old Ironsides" Now

WASHINGTON, June 19. (AP)—A plan to have "Old Ironsides" take to sea under canvas again was discarded today because Uncle Sam's navy has no men who can sail the old frigate.

Answering the appeals of Representative Sol Bloom of New York and others, Assistant Navy Secretary Jahncke said there were several reasons why the rebuilt U. S. S. Constitution would have to go in lieu of a tug when the 16-year-old ship is recommissioned July 1 at Boston and starts on an exhibition cruise.

"The Constitution, as restored," he said, "hasn't any sails except one or two that are carried for show purposes. A full set would cost \$6,000 or \$7,000.

"Furthermore, I doubt whether you would find any sailors in the navy who would know how to furl and unfurl them. You won't find them in the British navy. The only place you would find them would be in merchant ships of Norway and Sweden."

Regarding a suggestion that the crew dress as they did in 1812, Jahncke said smilingly that it would be inviting a mutiny to try to tog out modern sailors in the queer-looking and uncomfortable uniforms of that period.

Ruth's Plane Being Repaired

NEW YORK, June 19. (AP)—Repairs were being made to Miss Ruth Nichols' plane today in the hope she could start for Paris this evening or tomorrow.

She was ready to start for Portland, Me., and Harbor Grace, N. F., when the struts of the landing gear were found broken at Floyd Bennett airport after a flight from Jersey City yesterday.

Clarence D. Chamberlin, her technical adviser, flew back to Jersey City for new parts. Several mechanics worked with him through the night.

Harold Gatty and Wiley Post, who hope to make a non-stop flight to Berlin or Moscow, said they would try to get away tomorrow for Harbor Grace.

More Charges in Pollution of River

Charges against five more persons were filed this morning in the county court on complaints of polluting the waters of the North Fork of the Red river.

The complaints were signed by T. A. Strubling, state game warden. Charges were filed against N. A. Drain, Burton Fitzsimmons, C. E. Swafford, Lamar Jones, and H. B. Bradley. Wednesday charges were filed against R. Freeman, E. C. Willis, and D. J. Gibbon.

The complaints state that the waters of the North Fork of Red river have been unlawfully polluted by having discharged in them "sulfur water, salt mineral water and other polluting matter."

Italy and Vatican Are Conciliatory

ROME, June 19. (AP)—Search for a formula to satisfy the Pope's demand for "an apology" and the question of the church's alleged political activity were stated officially today to be two of the points at issue between Italy and the Vatican.

Other matters, such as the reopening of many clubs for Catholic laymen and various mutual grievances, are on the road to settlement.

The government's firm position regarding Catholic action and the clubs for young people, it was announced, remains unshakable, but as the Vatican is said to be willing to discuss these points, the situation is described as "one of positive conciliation."

The government already has permitted the reopening of many clubs which are assumed to be free from politics and which never conflicted with the Fascist theory that youths should be trained and supervised in play by the Fascist party. The Vatican insists that none of the clubs were political but unofficial indications are the Pope is willing to safeguard others from any possible tendency toward politics.

Negotiations are continuing thru diplomatic notes but officials refuse to discuss unofficial conversations although it is assumed they also are proceeding.

Hoover Appoints Power Commissioner

WASHINGTON, June 19. (AP)—President Hoover today reappointed Claude L. Draper of Wyoming to be a member of the Federal Power Commission for the term expiring June 22, 1936.

Draper was appointed for a one-year term when President Hoover reorganized the power commission under an act of congress last year. He was one of the three members whose nominations were approved by the senate and later reconferred, resulting in a conflict with President Hoover over the senate's jurisdiction. His nomination was later reconfirmed by the senate.

John J. Raskob has advanced \$40,000 more to the Democratic National committee, of which he is chairman, under the head of "Unpaid Obligations." The committee now owes him a total sum of \$295,250.

Easterwood To Contest Results

DALLAS, June 19. (AP)—Court action over the awarding of the title of "Miss United States" to Miss Northern Kentucky loomed today following announcement by Col. William E. Easterwood Jr., Dallas millionaire, that he had secured legal counsel to contest action of the judges.

At Galveston, Martin Starr, managing director of the beauty pageant, advised of Colonel Easterwood's action, expressed surprise, stating he understood the Dallas millionaire had withdrawn his complaints before leaving Galveston. Easterwood said one of the first telegrams he opened upon arrival here yesterday came from a Dallas woman who charged friends of the beauty pageant judges gave out the information there should be no awards made to Texas girls for fear Galveston would lose the annual beauty contest.

The American Federation of Labor has estimated that a combination of wage cuts, part time employment, and unemployment has cost American workers more than \$2,500,000 in wages during 1931.

Police Slayer Asks For New Trial

ORANGE, June 19. (AP)—Attorneys for N. E. Perkins, ex-peace officer and world war veteran, given life imprisonment late yesterday by an Orange county jury on a murder charge growing out of the fatal shooting of W. C. White, Orange policeman here last year, had filed motion for a new trial today.

Perkins, visibly shaken when the verdict was announced, said he was surprised, thinking he had been punished enough with 16 months of confinement in the jail here.

Two New York financial houses have offered to loan the city of Chicago \$10,000,000 to tide that city's treasury over until Sept. 1.

FORT WORTH IS BEATEN IN LATE RALLY

Beaumont's First Win Over Cats Comes At Very Fortunate Time.

By The Associated Press.
The Beaumont Exporters demonstrated one good reason why they are leading the Texas league pennant chase Thursday night when they put across a run in the last of the ninth inning to beat Fort Worth, 5 to 4. It was the Exporters' first win over the Cats this season, but it could not have arrived at a more opportune time. The Exporters, only a half game in front of Houston, had to win to stay on top since the Buffaloes also won Thursday.

Houston insisted on staying within a step of the league pinnacle, and in order to remain there, the Buffaloes dropped Wichita Falls Thursday night, 4 to 2. George Washington Payne, although he allowed 14 hits, won his tenth game this season for the Buffaloes.

Pitcher Walter of Shreveport enjoyed a big night against the Galveston Buccaneers. He got three hits and pitched shutout ball against Galveston, 8 to 0. Plus all this, Miller held his foes to seven hits.

Hap Morse and his Dallas Steers opened their short series at San Antonio Thursday night with a 9 to 5 decision. Lou Garland, husky right hander, pitched seven innings of runless baseball for the Steers, but weakened in the eighth and let five runs across the plate. Murray went to the rescue and pulled the Steers across.

California Gas Price Is Raised

SAN FRANCISCO, June 19. (AP)—The tank wagon price of gasoline on the Pacific coast was raised 5 1/3 cents today by the Standard Oil company in an effort to lead to rehabilitation of the California Oil industry and end 113 days of price cutting which brought prices to the lowest levels in years.
Simultaneously the company increased the figures it will pay for refinable crude oil in California, the boost varying from 20 to 40 cents a barrel.

FIGHTS LAST NIGHT

By The Associated Press.

Young Corbett, Fresno, Cal., outpointed Meyer Grace, Philadelphia (10).

CARD GAMES TAKEN WITH LITTLE WORK

League Champs Collect Five Hits, Yet Take Win Off Boston.

BY GAYLE TALBOT JR.
Associated Press Sports Writer.
Gaby Street's St. Louis Cardinals have developed an extraordinary facility for winning ball games with a minimum of effort. Their ability to take advantage of every bunter rather than their batting punch, has them three games in front of the National League field today.

For example, the league champions collected only five hits off two Boston pitchers yesterday while their own curving curve was being nicked for 11, yet they took the Braves into camp, 5 to 4, in opening their latest eastern tour.
The Giants, meantime, continued to win behind great pitching, but they couldn't gain an inch on the flying leopards. Carl Hubbell gave them their sixth successive win at the expense of Pittsburgh, 3 to 1, allowing only six hits and striking out five.

Chicago lost ground, getting no better than an even break with the Brooklyn Robins. Dazzy Vance, the veteran spearhead, was his old self in the first game as he turned back the Hornsby clan, 7 to 5.
Pat Malone took charge of things in the nightcap, letting the Robins down with five scattered hits and banking them, 8 to 0.
Hubbell's bid and the wildness of Cincinnati's pitchers were prime factors in the Phillies' 5 to 4 victory over Col. D. ...
pupils. Hurst drove in four runs with a homer and single to tie the score. Four successive walks by the Cincinnati pitchers shoved the winning run across in the ninth.

Telephone Firms Back in Rate War

OKLAHOMA CITY, June 19. (AP)—Auditors for telephone companies serving more than 600 towns and cities in Oklahoma began today the task of assembling records for presentation at a hearing on toll and exchange rates called by the Oklahoma Corporation Commission.
No date for the hearing has been set. Chairman Paul Walker of the commission indicated the date would be fixed after it was learned when records could be produced.
The principal defendant in the commission action, a continuation of Governor Murray's war on utility rates, is the Southwestern Bell Telephone company. The governor also indicated suit would be instituted immediately for \$500,000 penalty for alleged failure to report increases in capitalization from \$10,000,000 in 1929 to \$200,000,000 this year.
The Oklahoma-Arkansas Telephone company and the Southwestern Associated companies will, with the Southwestern Bell, be the first companies whose rates will be scrutinized.

WITH SPLIT SEASON SURE, TEXAS CLUBS REMODEL FOR SECOND HALF OF CAMPAIGN

Fort Worth Cats Will Have Lil Stoner and Likely Additional Talent.

By BILL PARKER.
Associated Press Sports Writer.
DALLAS, June 19. (AP)—If a split season is voted in the Texas league this year, the second heat will start July 1, and since anything can occur in baseball with a split about the easiest thing of all, several Texas league clubs are not going to be found wanting when Mr. Opportunity knocks for the second time since April 15.

Even Beaumont and Houston, co-pose setters, are cementing their pennant foundation with a sprinkle of new talent. A right-hand pitcher is to enter the Exporter fold. He is George Hollerson from the Hollywood club of the Pacific Coast circuit. Last year he won 13 and lost 10 games.

The Buffaloes, trying desperately to win the first half, have started remodeling for the predicted second half.

Art Phelan at Fort Worth spiked a few games for the old win column now on when the Philadelphia Nationals returned Lil Stoner, a man who has always been a big winner in the Texas league. If there is a second half, don't feel shocked if the Cats open with another pitcher beside Stoner, and another catcher.

Providing he can get several injured players into condition, Manager Carl Williams probably will let his team remain intact. The Spudgers, slow starting, are packing one of the biggest wallops in the league today even with Hubbell, Eading and Gullif out of the lineup with injuries and sickness.

"None that I know of," were the words of Manager Claude Robertson of the San Antonio Indians when quizzed concerning new players for the remainder of the season. "My boys have hit their stride, and so long as they play hustling baseball and get their share of wins, we will stay intact."

As for the Dallas Steers, they have started rebuilding their infield. Manager Hap Morse is through with pennant depression if new players will remedy the situation. Thursday, the Steers purchased Joe Benes from the St. Louis Cardinals. Benes will play shortstop, a position that has been weak where Dallas is concerned.

Jack Atz, at the helm of the Shreveport Sports, has finally put a team on the field that is almost a hundred per cent stronger than the one that opened the season, and Jack, discussing the second half, said he probably would open with the same club now in seventh place.

Galveston, through Manager Del Pratt, is after players galore. Lefty Martin, first baseman, is due to join the Buccaneers within a day or two. Gene Bailey, veteran outfielder and former manager of the Houston Buffaloes, joined the Buccaneers this week, replacing Gene Rye who has retired with an injured wrist. Pratt is also after a third baseman.

Jazz Mayor Is Fifty Years Old

NEW YORK, June 19. (AP)—Mayor James J. Walker, whose favorite activity, he says, is answering critics, was 50 years old today, but regarded his birthday as just another day.
The dapper, youthful-looking executive of America's metropolis, whose \$40,000 salary makes him only second to the president as the second highest paid public official in the United States, said he felt "very fine." "But by the time this is printed I may be wiser. You can't tell. It's a fast world."

YESTERDAY'S STARS

By The Associated Press.
Dazzy Vance, Robins—Struck out eleven batters in beating the Chicago Cubs, 7 to 5.
Pat Malone, Cubs—Shut Brooklyn out with five scattered hits in second game of double-header.
Don Hurst, Phillies—His home run and two singles drove in four runs to help beat the Reds, 5 to 4.
Carl Hubbell, Giants—Held Pittsburgh to six scattered hits and was invincible the last eight innings.
Chick Hafey, Cardinals—His home run in the eighth gave the leaders a 5 to 4 victory over Boston.

Real Boat Race in Prospect Tonight

NEW LONDON, Conn., June 19. (AP)—Today, for the first time in years, the partisan and colorful crowd that floods this little seafaring town on Harvard-Yale regatta days appeared assured of a thrill in the shape of a real boat race.
Although Harvard hopes soared high over the prospects of its undefeated varsity crew, the only such college aggregation in the country, the Elis and admirers of Ed Leader, great Yale coach, were confident that today would end, as similar days have done for the past four years, with victory crowning the blue-tipped oars.

Tonight's four-mile sweep up the Thames from the railroad bridge to Bartlett's Cove promised to be a thrilling spectacle as well as a gripping duel between two great strokes, the dominant figures in each varsity shell.

Yale opened the regatta with a loud bang last night when its combination eight, made up of its three crews' substitutes, defeated a crew of Harvard spars by a length and a half. Matters were squared by the Harvard graduates' eight, stroked by Jack Watts, which won a two-length victory over a crew of former rival oarsmen, stroked by Woody Tappan, in a race that was just under 200 yards.

WILL PLAY CANADIAN

CHICAGO, June 19. (AP)—Herbert L. Bowman of New York, whose collection of eastern tennis titles number 13, and Marcel Rainville of Montreal, ace of Canada's racquet swingers, will meet tomorrow in the top bracket semi-final of the Western singles championship fight, and Harris Coggeshall of Des Moines, Ia., and George Jennings Jr. of Chicago, will tangle in the lower set.

Kansas City and Tulsa in Finals

ST. LOUIS, June 19. (AP)—It's Kansas City and Tulsa against St. Louis in the semi-finals of the fifth annual Women's Trans-Mississippi golf tournament here today, mostly Kansas City.
Mrs. O. S. Hill, from the western Missouri metropolis, was matched with Mrs. Mahlon B. Wallace Jr., St. Louis Country club star, in one semi-final match and Mrs. J. Walter Beyer of Tulsa, Oklahoma champion, meets Mrs. I. S. Hynes, St. Louis, in the other.

The Kansas City woman, who has gone to the semi-final round without being pressed to win, had the better of par by one stroke in the quarter-finals yesterday, equalling her qualifying round medal of 76, one over the course record made by Gienna Collett.

HAIG COMES BACK TO SET COURSE AFIRE

Sparkling 68 in Yesterday's Play Marks Return to Oldtime Form.

DAYTON, Ohio, June 19. (AP)—The Haig is back!
Sir Walter Haig, the master shot of a few years ago, but uncrowned in the past two seasons, came back yesterday in the first round of the Western Open tournament to shoot a sizzling 68, leading the field of more than 100 at the end of the first day's play.

It was in this same tournament 16 years ago that Haig flashed upon the golfing world with the then sensational score of 286. Three more years the western crown rested on the brow of the Detroit shot maker, and on two other occasions he was listed as runner up.

Yesterday the old master attracted his usual gallery and started out on the first nine in erratic fashion, hitting a galleryite at the first tee and was away to a bad start but he finished the first nine in 36, one over par.

But at the tenth hole Sir Walter started to display his old time form, burning up the Miami Valley fairways and greens to come home with a dazzling 32, four strokes under par.

Hagen's score allowed him to hold a one stroke lead over Ed Dudley, Wilmington, Del., who slipped in with a 69 late in the afternoon.
Two other par shattering rounds were turned in during the first round. Charles Garringer of Indianapolis and Olin Dutra of Long Beach, Cal., were tied for third place with cards of 70, one under perfect figures.
Gene Strazen, defending champion, was forced to share the next place with Lew Waldron, Celina, Ohio, and Gene Marchi, Dayton, each carding par.

English Team in Severe Discredit

LONDON, June 19. (AP)—No British sportsman entered for an international event ever suffered from the lash of criticism, abuse and even ridicule as has the British Ryder Cup golf team which meets the American team at Scioto June 28 and 29.

The selection committee found its team billed in some newspapers as a bunch of "has-beens"; a group of "amiable middle-aged golfers" who have no earthly chance.
British chances at Scioto are, perhaps, sadder than at Leeds when the trophy was won two years ago, but Captain Charles Whitcombe's men are out not only to hold onto the international cup but to confound the critics among the folks in the homeland.

Little Hope In Faithfull Probe

NEW YORK, June 19. (AP)—Theories before Nassau county authorities in their investigation of the death of Starr Faithfull centered on suicide today as the grand jury was called to give the case attention again.

District Attorney Ervin N. Edwards had little hope of solution of the mystery until the arrival Monday of Dr. G. Jameson Carr, surgeon of the trans-Atlantic liner Franconia.

Dr. Carr is on his way from England on the steamship Laconia with a letter written him by Starr, in which she said, "when you receive this I will be dead."

General Gomez Elected President of Venezuela

CARACAS, Venezuela, June 19. (AP)—General Juan Vicente Gomez, former president and dominating figure in Venezuelan politics for more than 20 years, was unanimously elected president of Venezuela today.

It never has been any secret that golfers know a great many flamboyant phrases that would have made Queen Victoria's face red. But since the new ball has been adopted by the U. S. G. A., the divot-diggers' average budget of naughty terms has gone up like steel during the war days. These times may be hard but bad words are booming.

The golfer who used to break 100 and finds that he cannot do it with the larger-lighter ball seems to be making the most poised judging by replies to a poll in many newspapers throughout the country. The chief fault seems to be that the new apple simply will not put it. It runs the cup or goes straight on across.

Even the experts report this fault. Club golfers who used to break 80 find that they are taking two putts where they used to take one.
I talked to one Cleveland golfer who says that despite the set-back the new ball has placed upon his putting game, his scores this year have been lower than last. He ascribed the difference to an improvement in iron play. He has carefully analyzed his putting game and discovered that where he used to putt in par, he is now taking three or four strokes above par in an 18-hole round. But his score averages three lower than last year. He must have picked up several

Protest Says Negro Lynched

HUNTSVILLE, Ala., June 19. (AP)—The lynching of Thomas Jasper, negro, has been protested by the International Labor Defense, but Chief of Police H. C. Blakemore says Jasper escaped from his abductors and is now at liberty.

Jasper, under conviction of annoying a young white girl, was removed from his jail cell by two unidentified white men and has not been seen since, but the police said a woman living near the prison reported he escaped the kidnapers and fled.

The International Labor Defense protest came from its southern district office and said that the "police officers and deputies responsible for leaving the jail unguarded are equally guilty" with the "murderers," adding that "cooperation of police and lynchers clear."

Blakemore telegraphed back that "Jasper was not lynched but made a getaway" and "we resent your implications that this department is cooperating with law violators."

CHICAGO, June 19. (AP)—For half an hour Walter H. Brandenburg, school trustee and wealthy contractor, sat on a window ledge 16 stories above the street to escape flames that swept his apartment before dawn today. He was only slightly burned when rescued.

Sport Slants

STROKES on his iron play to make up for the putting deficiency. The complaints over drives have been loud and interesting. The new ball mounts into the wind and has very little bounce and roll. Golfers with a tendency to hit curves find that their slice or hook is more pronounced than ever.

From Here and There
St. Louis golfers voting against the new ball, declare it is more difficult to control on the green and is more susceptible to air currents in flight.
A sportsman and judge in Racine, Wis., declares that for the average golfer the new ball magnifies all his faults. "To the professional or expert amateur," says the judge, "this means little, but for the great majority of golfers it is spoiling the game."

One of the leading amateurs of Saginaw, Mich., declares that par is impossible on holes of 400 to 450 yards when there is any breeze about.
Chick Evans says the new ball is harder to play in the north than in the south because the northern courses are visited by more winds. Professionals at Knoxville, Tenn., were reported about evenly divided over the new and old ball. One pro, voting for the return of the old ball, says the "lighter ball can do more tricks on the green than a monkey can do with a bag of peanuts."

Pros Organize To Elect Dry In 1932 Campaign

WASHINGTON, June 19. (AP) - Prohibition organizations stood agreed today on the membership of a combined "board of strategy" that will direct the dry forces in 1932 in their fight to elect a president favoring the eighteenth amendment.

As the partial membership of this board became known today, it disclosed that not only the old line dry organizations but also the recently created allied forces had contributed to its makeup.

Led by the Rev. Daniel A. Poling, head of the World Christian Endeavor movement, and Dr. Oliver W. Stewart, president of the Flying Squadron, the allied forces mapped plans for a series of 1500 non-church meetings throughout the country, in a drive to obtain 2,000,000 pledges.

Thus far, 35 members have been chosen for the board. Among those so far named are: Thomas B. Love, a leader of the anti-Smith democrats in Texas; the Rev. A. C. Millar, editor of "The Arkansas Methodist" and Bishop John M. Moore, Dallas, of the Methodist Episcopal church, South.

Government scientists peering through powerful microscopes have discovered that the copper shield credited to the Italian sculptor, Benvenuto Cellini, and offered to the Metropolitan Museum of Art in New York, is an art fake. It is a skilled electrolyte reproduction.

Keen Vision Is So Vital! No organ of the human body is so taxed, or put to such strain as the eye. Your eyes are under constant use for the most part of every day. It is imperative then that your eyes be guarded carefully. Have them examined today.

Candidacy of Gland Specialist Not Yet Decided

AUBURN, Kans., June 19. (AP) - Dr. John R. Brinkley "may run for president or dog catcher next year. He made the statement yesterday in an address at the 54th annual Stahl picnic.

Frank Stahl, 90-year-old prohibitionist and organizer of the picnic, introduced the Milford, Kans., goat gland specialist as the man whose name was written in-on the ballots last year by more than 183,000 voters "and if all the ballots marked for him had been counted, would have been our governor."

Markets

COTTON QUIET NEW ORLEANS, June 19. (AP) - Cotton had a quiet but steady opening today. Liverpool cables were better than due and first trades here showed gains of two to five points. The market soon turned easier, however, on a renewal of long liquidation and in sympathy with an easier opening in stocks. July traded down to 8.48, October to 8.87 and December to 9.10, or 3 to 4 points down from the opening and about unchanged from yesterday's close.

Tax Payments Lower Deficit

WASHINGTON, June 19. (AP) — The federal deficit eased below the billion dollar mark today as second quarter income tax payments continued to pour into the treasury.

The income tax receipts tabulated for June 17 totaled \$99,910,855 and caused a drop of \$71,263,000 in the preceding day's red ink figures.

On the close of business that day, the deficit stood at \$945,956,000. It was the first time in several weeks the deficit had been below the billion mark.

Latest figures place the federal deficit at nearly \$5,000,000 below the administration's year-end estimate of \$950,000,000.

Wilson Funeral Is Being Held Today

Funeral services for M. Paul Wilson, 30 years old, who died early yesterday morning after falling beneath a Santa Fe freight car, were to be conducted this afternoon at 2 o'clock at the family residence, 625 East Browning avenue. The Rev. A. A. Hyde, pastor of the First Presbyterian church was to officiate. Funeral arrangements were in charge of the Stephenson Mortuary.

The body will be sent to San Angelo this afternoon. Mr. Wilson moved to Pampa nearly two years ago from San Angelo. He was an engine foreman in the local Santa Fe yards.

The accident occurred about 1:10 o'clock yesterday morning in the yards east of the depot. Although no one saw the accident it is believed Mr. Wilson slipped as he was dropping from a freight car. The wheels passed over the right side of his body. He was rushed to a local hospital but died yesterday morning at 10 o'clock.

Mr. Wilson is survived by a widow two small children, his mother and father L. R. Stewart of San Angelo, and one sister Mrs. A. Cox of San Angelo. Relatives arrived here from San Angelo late last night.

SUBMARINE IS REPAIRED
CORK, Ireland, June 19. (AP) — Shipping agents have been informed that Sir Hubert Wilkes' submarine Nautilus probably will reach Cobb under her own power late Sunday night or early Monday morning.

Baker Challenges Commission Status

WASHINGTON, June 19. (AP) — Newton D. Baker, first chairman of the Federal Power Commission is preparing to challenge the constitutionality of the law under which the reorganized commission functions.

He is one of counsel for the Appalachian Electric Power company in a suit to free the company's 11,000,000 New River power development in western Virginia of the jurisdiction claimed by the federal agency.

The Appalachian company claims either the law under which the commission is operating is unconstitutional or else the power group exceeded the authority conferred upon it by that law.

The Ohioan became chairman of the old commission by virtue of his post as secretary of war when the power act was passed in 1920 and held the office for nine months. Prominent among his acts was the issuance of the Niagara Falls license which led to a valuation dispute not yet settled.

The Appalachian suit is the result of a commission order warning the company not to build without first accepting a federal license. The license it offered contained provisions for resurvey at the end of 50 years and for valuation of the plant by the commission.

The company contends the New River is not navigable and that the commission has no jurisdiction, or at the most, a very limited authority to protect the flow into the Kanawha and Ohio rivers.

The commission must answer by July 10, but the case probably will not be heard until fall.

FIFTH COMES IN
GLADEWATER, June 19. (AP) — The Cherokee Chief, fifth producer within the limits of Gladewater, has come in at an estimated flow of 25,000 barrels per day.

Mr. Albert Dugger and Mrs. Margaret Dugger and children of Los Angeles, Calif., arrived Thursday for a visit with Mr. and Mrs. Louis Behrens.

Need Honest Men Against Gangsters

WASHINGTON, June 19. (AP) — Attorney Gen. Mitchell believes the government's success in its campaign against Al Capone shows that gang leaders can be eliminated "if you have honest men on the job and a real purpose."

Mitchell said today the justice department intended to "hit out at the gangsters problem wherever it becomes particularly onerous" but that his branch of the government was not now planning any nationwide drive throughout the larger cities.

From other government agencies word has come during the past week that gangster activities would be investigated not only in New York but also in such cities as Philadelphia, Detroit, Cleveland and St. Louis.

More Amendments For Cranfill Plan

LONGVIEW, June 19. (AP) — More recommendations for the Cranfill 20-acre unit-plan of oil production were on their way to the railroad commission today following a meeting here yesterday of the East Texas proration and advisory committees.

Ratification of the Cranfill unit plan came in the form of recommendations that the railroad commission adopt the plan and put it into effect as soon as possible.

Pipeline men, attending the meeting, pledged their cooperation, and urged adoption of the plan, claiming it to be the only solution of the controversy over proration.

Professors Startle Scientific World

PASADENA, Cal., June 19. (AP) — Two German professors who four years ago adopted Benjamin Franklin's idea of trying to harness the thunderbolt have built an X-Ray tube that has surprised the scientific world.

By disregarding most laws for building X-Ray tubes, they took some rubber, some paper, some aluminum and some used crank-case oil, and built a little three-foot instrument more powerful than all the radium in the world, and infinitely greater than the most powerful X-Ray tubes that other scientists considered feasible.

The story of the big tube built by Professors F. Lange and A. Brusch of the University of Berlin was unfolded dramatically before the American Association for the Advancement of Science here yesterday.

The main problem hinged on the destructive effect of electron glide currents on the inside of the glass that destroyed costly high power tubes.

Former Sheriff of Upton Is Indicted

SAN ANGELO, June 19. (AP) — J. O. (Bud) Barfield, former Upton county sheriff, made bond of \$10,000 at Rankin last night. He was named in a grand jury indictment charging murder in connection with the deaths of two men in an at-

tempted Rankin bank robbery of Jan. 12, 1928. Clarence Spannon and Hugh Gillespie were also indicted in the same case but had not made bond late last night. Shanon is a deputy sheriff of Lovington, N. M., now. Gillespie is a former chief of police at McCamey.

The indictments charged murder of W. M. Miller, alias Blackie, and one "Whitey," name unknown. One

of the indictments was on a charge of conspiracy. A reward was paid by the Texas Bankers association for dead bank robbers. J. H. (Bill) Dumas and Carl (Red) Wood were also named in the conspiracy indictment. They had both been indicted previously. Dumas is in jail here while Wood has been out on bond. Frank Hamer, ranger captain, appeared before the grand jury.

JUSTICE SUCCEUMS
 WASHINGTON, June 19. (AP) — Justice Frederick L. Siddons of the District of Columbia Supreme Court died suddenly today from heart disease. He was 66 years old and a native of London. Justice Siddons presided at the trial of Harry F. Sinclair on jury-shadowing charges in the celebrated senate contempt case and sentenced the wealthy oil man to jail.

CONSTIPATION BRINGS MANY ILLS

Do you know that constipation often brings despondency? Poisons spread through the system. You lack pep. Headaches become frequent. No wonder you have the "blues."

Yet constipation can be overcome by having sufficient roughage in your diet. A pleasant way to obtain this roughage is through eating Kellogg's ALL-BRAN.

You will enjoy this delicious cereal. And how much better for you than taking habit-forming laxatives.

Two tablespoonfuls of ALL-BRAN, eaten daily, will relieve and prevent both temporary and recurring constipation.

ALL-BRAN also contains needed iron to build up the blood. At all grocers. Made by Kellogg in Battle Creek.

NOTICE TO PAVING CONTRACTORS
Sealed proposals will be received by the City Commission of the City of Pampa, Texas, at the City Hall, up to 2:30 p. m., Tuesday, July 7th, 1931, for the construction of certain street improvements on Ripley street and Hobart street in the City of Pampa, Texas; such improvements to consist of grading, raising, and paving upon such streets. Some approximate quantities are as follows:
Pavement—12,228.04 square yards.
Curb—5,481.58 lineal feet.
Gutter—5,017.42 lineal feet.
Concrete headers—622.46 lineal feet.
Earth excavation—2,631 cubic yards.
Culverts—39.69 cubic yards Class A concrete.
Culverts—1917 pounds re-inforced steel.
Culverts—96 cubic yards structural excavation.
Proposals will be considered on plain concrete pavement and vibro-lithic concrete pavement. Plans and specifications may be seen and forms of proposals obtained at the office of C. L. Stine, engineer, City Hall, Pampa, Texas. A certified check in the amount of 5 per cent of bid must accompany proposals. The successful bidder will be required to give good and sufficient bond in the full amount of the contract price for the faithful performance of such contract, executed by some Surety Company authorized to do business in the State of Texas in accordance with the provisions of Article 5160 Revised Statutes of 1925, and amendments thereto.
It is also proposed that the City will pay one-half of the total cost of such improvements exclusive of curb and gutter.
It is the intention of the City Commission to issue time warrants of the City of Pampa in a total amount not exceeding \$20,000.00 to pay the contractor for the city's part of the cost of such improvements; such time warrants to bear interest at the rate of 6 per cent per annum and to mature serially over a period of time not exceeding 20 years.
In the event bids submitted shall make it appear to the best interest of the city to make payment of the city's part of such cost in cash, the right is reserved to make payment in cash, and bidders are requested to submit bids on such basis of payment in addition to proposal to accept time warrants.
The commission reserves the right to reject any and all bids.
D. W. OSBORNE, Mayor.
F. M. GWIN, City Mgr.

Plan Court Suit On Beauty Pageant

DALLAS, June 19. (AP)—Returning to Dallas today, Colonel William E. Easterwood, Jr., announced that he had employed legal counsel to contest the award made to Miss Northern Kentucky, ranking her as Miss United States, and to fight what he termed to be an injustice to all the nine Texas girls who entered the annual International beauty pageant at Galveston earlier in the week.
Colonel Easterwood said one of the first telegrams he opened upon arrival here came from a Dallas woman who charged friends of the judges had given out the information that judges were instructed to make no awards to Texas girls for fear it would result in Galveston losing the annual beauty contest.
"The friends of the Texas beauties have no objections to Miss Northern Kentucky receiving the award of \$500, but we do insist that they receive justice in the honors," Colonel Easterwood said.
The decision of the judges will be contested, first on the fact that the judges were instructed against a Texas girl, secondly, that all the entrants received letters advising them not to use cosmetics, and that the violation of this rule was permitted only by the winner, and third that Miss Northern Kentucky

was disqualified by reason of the fact that she had been in commercial movies in Cincinnati," Colonel Easterwood said.
Easterwood said another point for contest was that every contestant, except Miss Northern Kentucky, was required to pay \$100 for a float.

IN SUMMER HOUSE
LAKE GENEVA, Wis., June 19. (AP)—"Amos 'n' Andy," nationally known radio team officially named Freeman F. Gosden and Charles J. Correl, today planned to move executive offices of the "Fresh Air Taxi company" here for the summer. They have rented two cottages on Lake Geneva and will vacation here with their families. Their regular broadcasts will be handled by remote control.

One MELODY GIRL

by RUTH DEWEY GROVES
AUTHOR OF "THE HUSBAND HUNTER," ETC.

BEGIN HERE TODAY

Beryl Borden, secretly in love with Tommy Wilson, delays his elopement with her half-sister, Irene Everett, but fails to convince him that it is his duty to finish college.

Irene wants to be a radio singer and is furious when she fails and Beryl succeeds in securing a contract. Beryl's debut wins applause and new friends but she cannot forget her hopeless love, though she goes to gay parties with the wealthy Prentiss Gaylord. Irene tries to win Prentiss' interest when Beryl becomes ill. He is deceived by her pose of childish innocence. Irene uses every wile to force him to a declaration as she has promised to marry Tommy in a week.

Tommy's aunt dies and leaves him less money than he had expected from the family estate. Her husband loses some of this by unwise investment but permits Tommy to keep his job as manager of his theater. Then Hoffman sells the theater and tells Tommy to look for another job. When Tommy tells Irene his bad luck, she breaks their engagement.

Prentiss asks Irene to marry him, and she half agrees.

NOW GO ON WITH THE STORY

CHAPTER XXVII

Tommy walked by the gate, looking for a glimpse of Irene, seeing lights in the house and trying to believe that she might be there, wishing he'd come, late as it was, or writing a note to him perhaps. A note to tell him that she didn't want their engagement broken and would marry him as soon as he liked.

It was a ray of hope, but Tommy wrapped it around himself and endeavored to imagine it a warm cloak. Should he go boldly up to the door and ring the doorbell? No, he had not that much courage. Irene might come out to him if she knew he was there. He whistled softly, very softly, then a little louder.

Behind the curtain of an upstairs room a girl peered out at him. It was not Irene, and he did not see her. The girl's heart was pounding like a trip-hammer as she knelt on the floor beneath the window, the better to see him.

Didn't he know... couldn't he see...?

Then Beryl saw that Prentiss had parked his car a little beyond the Everett gate. And it was the limousine. Perhaps Tommy did not know that it belonged to the Gaylords. Beryl thought that perhaps she wouldn't have known it herself if it hadn't had the same motor as that in Prentiss' roadster. It was too dark under the trees for her to see distinctly.

But surely Tommy could see — and know that it was not a car that belonged to the neighborhood. Could he see Irene and Prentiss? Beryl shivered with anxiety as she knelt and watched. No, Tommy couldn't know yet or he would not

be whistling there in the dark. But at any moment Irene might get out of the car with Prentiss and start for the house. What would happen then?

Beryl was thinking less of the scene that might take place than of the hurt that would follow for Tommy.

Would Irene care enough not to cause it? Would she wait with Prentiss until Tommy had gone away? Surely she had heard him whistling?

Beryl prayed that Tommy would go away. But he didn't. He stayed and she could see the glow of one cigarette after another as he lighted them and threw them away after a puff or two at each. Poor kid, what an awful state he must be in! She wondered if Irene had not told her of the breaking of her engagement to Tommy, but Tommy hadn't been around all that day, or telephoned, and Beryl was puzzled.

Then it came to her that Irene too was praying he would leave.

"This was true enough, except that Irene was turning the occasion to her advantage. When she saw Tommy at the gate she had been fairly perturbed for a moment. Before she could think of what to say or do Tommy's whistle broke the stillness around them.

It startled Prentiss. Nervous, he asked sharply: "What the deuce is that?"

Irene sank back in his arms. "It's that silly Tommy Wilson," she said in disgust, in a minute he'll be serenading her."

"Serenading who?"

"Why Beryl, of course," Irene sighed. "If he only knew how she makes fun of him!"

Prentiss' brows knitted in doubt. "I thought you said she's crazy about him," he reminded Irene.

Irene hesitated, seeing she'd made this error, but excuses, alibis and explanations were second nature to her. She was soon ready to explain the apparent discrepancy in her statements.

"Yes," she said lightly, "but you see Beryl is a level-headed person. She calls most... most demonstrations of affection nonsense."

And Prentiss, remembering that he had been unable to fall in love with Beryl, thought that it might have been because she was cold. Not at all like the warm little kitten in his arms.

He lightened his arms and Irene snuggled closer to him. Her sudden melting, which made her safer from discovery by Tommy, seemed fully warranted now that a girl like Beryl had been painted as harsh and unfeeling.

Irene was well pleased with herself. She had said that Beryl made fun of Tommy because she herself was exasperated with him at the moment. It was the first thing that popped into her head. But the way it had succeeded in making her

Beryl said bluntly.

Irene got to her feet. "I've half a notion not to tell you now," she declared, "but I don't have to be mean. Just because you are," she added, unwilling to forego the pleasure of giving Beryl a jolt.

"No?" Beryl said, and now she was beginning to be amused. Irene could be so unwittingly funny at times, she thought.

"And I guess you'd sleep better too if you knew it," Irene returned with a smirk that gave the remark a catty meaning.

"Then you'd better tell me," Beryl replied. "I'll need a good sleep after this."

Since she would not take up the lead thrown her Irene came out in the open. "I know you'll be relieved on Tommy's account," she said tartly, "since you've made it plain enough that you don't think I'm good enough for him. But I'm not sore about it. I think you're right about one thing. I'm not meant to be a poor man's wife. I'd hate it, and poor Tommy hasn't even a job..."

She stopped. Beryl was staring at her with a fierceness that frightened her.

"What do you mean — no job?" Beryl demanded.

"Well, don't blame me," Irene said, shrinking back. "I had nothing to do with it. His uncle fired him."

"Fired him?" Beryl cried. "When and what for?"

Irene shrugged. "I guess he didn't exactly fire him," she corrected, "but it's practically the same thing. Mr. Hoffman sold the theater and Tommy is just naturally out of luck."

Beryl laughed, a broken, mirthless series of sound. "Just naturally out of luck," she repeated. "And you're throwing him over because of that — out of luck. I wonder!"

"You would say something like that," Irene replied, jerking her chin into the air.

"Yes, I would," Beryl flared back at her, "and if you don't get out of here I'll say it a lot more."

She was thinking of Tommy whistling at the gate while Irene hid in another man's car a few feet away. It might have been a protective act if Irene had meant it that way, but Beryl knew she had done it because she was as scared as a rabbit.

She'd like to tell Prentiss Gay-

WILL BEGIN COUNT

AUSTIN, June 19. (AP)—The highway department will start its annual four day census traffic count on all state highways Saturday, J. B. Early, chief maintenance engineer, announced today. By the traffic count the department will determine the relation between heavy and light traffic and the information will be used in the design department in determination of the method of construction on various highways.

Miss Vela Chaffin left Pampa Thursday to visit friends and relatives at Clayton, N. M.
