3 Chinese Killed In Shanghai Battle

SHANGHAI, Oct. 22 (Sunday)—(AP)—Three Chinese, one of them a policeman, were killed and an unidentified number of men were wounded today in a miniature battle along the border of the international settlement.

I Saw - - -

That E. A. Shackleton, farmer living east of Pampa, pulled a Don Quixote and lost, too. It seems that "Cena" was on top the windmill when the wind started to blow. He dropped to the "run-around" and started crawling to the man hole but the fan got in his way, tearing the clothes off one leg and arm. He finally got loose, and his yells attracted Mrs. Shackleton who shut the windmill off.

Four Ships Sunk In Saturday's Sea War

(By The Associated Press) The war on the seas, after a two-day lull, was renewed suddenly and furiously yesterday (Saturday) as four ships were reported sunk by torpedoes, mines and unexplained explosions and German planes attacked a British North Sea convoy.

Garner Will Demand Vote On Embargo

By WILLIAM B. ARDERY WASHINGTON, Oct. 21 (AP)—Vice-President Garner, impatient over long-drawn-out speechmaking on the administration neutrality bill, was reported today to be exerting his influence to secure a final vote next week.

French Continue To Shell Nazis

By H. TAYLOR HENRY PARIS, Oct. 21 (AP)—Military observers tonight reported French heavy artillery had methodically shelled an area of 20 square miles on the extreme northern sector of the western front, hoping to drop a big shell on German general headquarters.

Linier Bowled Over In Hectic Ocean Storm

By JOHN A. MOROSO, 3RD NEW YORK, Oct. 21 (AP)—Battered by a hurricane in a bizarre voyage marked also by the rescue of the crew of a torpedoed British freighter and a front-row view of a blazing French oil tanker, another U-boat victim, the American liner President Harding made port today.

Oil Production For November Announced

AUSTIN, Oct. 21 (AP)—November production of Texas oil will average 1,396,225 barrels daily on the basis of a statewide production order announced today by Jerry Sadler, member of the Railroad Commission.

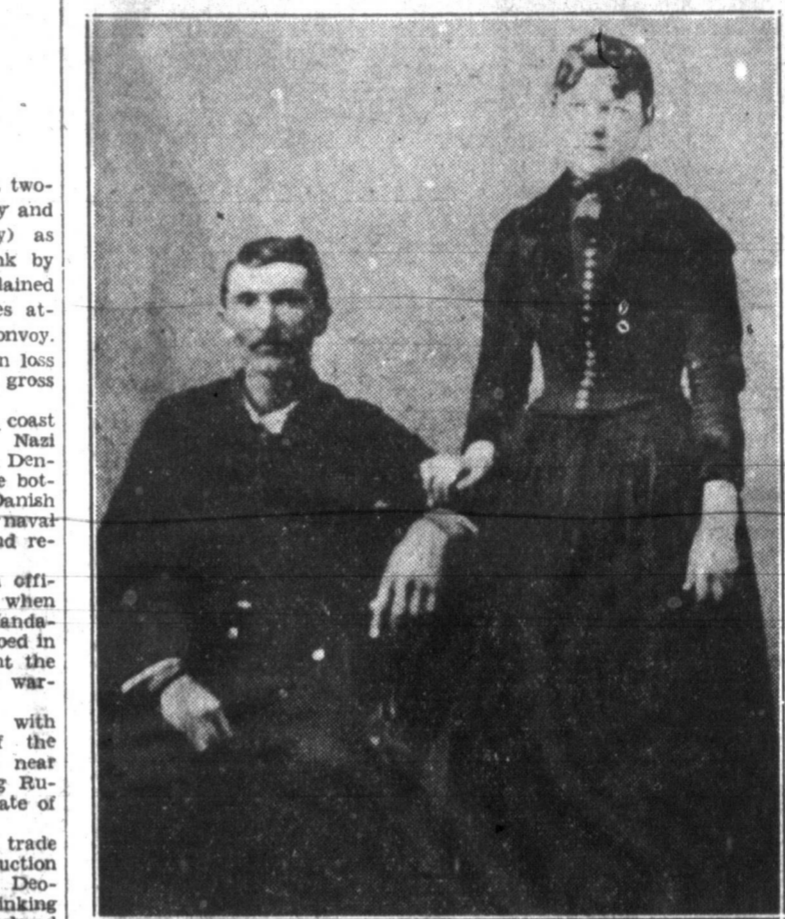

3 Chinese Killed In Shanghai Battle

Capra Picture Opens Week At LaNora

'Mr. Smith' Stars Stewart, Arthur; Air Film At Crown

Columbia marks the beginning of its fifteenth year with the latest Capra picture, "Mr. Smith Goes To Washington," the story of a young American suddenly catapulted in public affairs as a senator, who goes to the nation's capital, full of idealism, only to be made a dupe of scheming grafters. How he fights back and wins is the basis of the action. James Stewart and Jean Arthur are featured in the picture, which was released Thursday. Today thru Wednesday at the LaNora.

Tailspin Tommy comes to the Crown screen in the third of a series of exciting air adventures, "Sky Patrol," featuring John Trent, with Marjorie Reynolds, Jackie Coogan and Milburn Stone, showing today through Tuesday.

Gene Autry in "Mountain Rhythm" opens the week at the Rex. Janet Gaynor and Fredric March are featured in the Selznick International-United Artists film, play "A Star Is Born," at the State today and tomorrow.

"Forged Passports," an adventure story of the U. S. Immigration Service, three westerns, "Prairie Moon," "Chip of the Flying U," "Black Bandit," and a Charlie Chan detective yarn are other film offerings of the week.

Movie Washington—Columbia had 45 sets to film "Mr. Smith" . . . including full scale replica of Senate chamber . . . many photographs used in building sets taken by Capra during visit to the capital last autumn . . . at first, red tape reduced he and scenarist Sidney Buchman to sneezing city from sight-seeing bus almost started spy scare by ransacking book shops for capitol's floor plans.

A one-man "Bureau of Washington Standards," James D. Preston, assistant administrator of the archives of the United States, and before that superintendent of the Senate press gallery for 35 years, was technical adviser of the picture.

Examples of his expert knowledge . . . had lack put on Senate clock in Columbia set to conform to the one in the real Senate . . . said 10 years ago "the boys sneaked up to the clock and pushed the hands ahead, so they could adjourn early and catch a ball game" . . . his "boys" are the 2,000 newspapermen and 65 newspaper women he has known in his 40 years at Washington.

Columbia's zeal for accuracy included duplication of inkwells, the pencils and papers used by the senators, a copy of "Jeff" Davis' historic desk that bears the marks of the hole made in the side of the original by an irate Union soldier.

Trent is one of the few actors depicting aviator roles on the screen who can really fly. He was a transport pilot before entry into the films, has 3,000 hours in the air.

"Sky Patrol" is a story of a boy, Carter Meade (Jackie Coogan), who hated to kill, even in line of duty, and of how he overcame his phobia.

SECRETARY AIDS NEW SOLON

Rocket power behind Senator Smith's flight to fame is Saunders, the attractive, efficient, and political-wise secretary who guides the neophyte scion thru intrigue that threatens to ruin him in vindication and triumph. Jean Arthur, Capra's most consistent star, has the "rocket power" role, with James Stewart, playing the part of the chief of the Boy Rangers, suddenly appointed a senator. At the LaNora, today through Wednesday.

GHOSTS STAY 'WAY!

Right in line with the Halloween season is Columbia's "Beware, Spooks," with cavern-mouthed Joe E. Brown, Mary Carlisle, above, and Clarence Kolb in the featured roles. The film abounds in ghosts and goblins, apropos of the season. At the LaNora theater Thursday, Friday and Saturday.

FAMOUS CARTOON STRIP ON SCREEN

John Trent as Tailspin Tommy and Marjorie Reynolds as Betty Lou crack down on the sky smuggler, Bryant Washburn, in Monogram's "Sky Patrol," now at the Crown this yr.

In the course of a series of events that occur in connection with the training of an air squadron at an army post near the border, organized to protect the U. S. against smugglers and spies.

Bryant Washburn, one of the screen's most romantic idols, has the part of the villain of the picture showing today, tomorrow and Tuesday.

A very active young member of the U. S. Immigration patrol becomes involved in financial difficulties and in attempting to clear himself, discovers important smuggling activities in Republic's "Forged Passports." Exciting melodrama, directed in fast tempo and ending in an unexpected climax. Paul Kelly, June Lang, Billy Gilbert and Lyle Talbot are principals in the cast. Directed by John H. Auer. On the screen Wednesday and Thursday.

Scraggs Boys Plan Foul Deed At Pampa Auditorium

By LUKE, LEM and ROMEO
SCRAGGS
Which o' us is a-writin' this? Well, we reckons everybody craves t' know. But nobody ain't goin' t' know. 'Cause we has plans t' commit some foul play at the Pampa high school auditorium on Sade Hawkins Day, Thursday, Nov. 2, and we ain't givin' away who's t' be th' committer. Mebbe we is all three goin' t' be in on it. Mebbe only two o' us. Mebbe only one. We ain't sayin' 'An' if we ain't sayin' how's anybody goin' t' pin th' dark deed on any one o' us? 'An' if they can't pin it on any one o' us, they can't pin it on nobody. Enyway younsgens hed bettah kum see what weingens is goin' t'uh dew.

Is we goin' t' be in th' race? Well, Luke an' Lem is, they bein' single. But we ain't none o' us worryin' about them bein' ketch'd. They is gal-proof. Every gal in Dogpatch thinks they is pizen. Which they is glad of. Lem an' Luke don't want no gals a-clutterin' up their lives, a-askin' fo' dresses an' ribbons an' wantin' to eat right wif th' men folks in our shacke an' a-cryin' an' a-sneevin' does a man do no more'n

mander of district 9. Veterans of Foreign Wars, while Mrs. Kenney is district president of the V. F. W. auxiliary of the same district.

Purpose of the meeting was to inaugurate the idea of the Legion post working with other Borger organizations for civic improvement.

Post Commander B. T. Brinton opened the meeting. Mayor L. M. Davis was appointed as honorary membership chairman of the post, with Sol Morgenstern as assistant chairman. A. L. Morrison, commander of the V. F. W. post of Borger was among those attending the meeting, at which the Hutchinson county attorney was the master of ceremonies.

Representatives of Borger civic and women's clubs, and four Pampans, Mr. and Mrs. I. J. Huvall and Mr. and Mrs. E. J. Kenney, met with the Borger Legion. A supper was served those attending by the Hutchinson county auxiliary.

Huvall is chief de gare of Pampa vouture 953 of the 40 and 8 of Pampa. Kenney is district commander of the post.

Technological college, Lubbock, following a week-end visit with his parents here. James is a pre-med sophomore at the college.

Boys Relate Experiences Over Radio

Experiences of Gray County 4-H boys on trips to the state fair awarded them for their proficiency in farm work was the theme of a program presented at 11:45 o'clock Saturday morning over the Pampa News radio station KPDN.

The program was one of the regular semi-monthly broadcasts of Gray county 4-H club members.

Ed Vincent of LeFors, one of the three Gray county boys who were taken to the Texas fair in Dallas last week, told of the trip in an interview with County Farm Agent Ralph R. Thomas. Vincent won fourth place in the junior show at the fair on his exhibit of hegar.

The county farm agent, Vincent, Conrad and Sam Bass, the latter two both of Alanreed, with Mr. Thomas returned home Friday night. The quartet departed for Dallas in Mr. Thomas' car Monday.

A state-wide encampment of 4-H club boys was held at the fair Wednesday, Thursday and Friday. Attendance was 275. Boys attending the encampment were guests of the fair association, saw the fair's attractions, and were conducted on trips through the Ford Motor company assembling plant, Sears, Roebuck & Co., and other parts of Dallas.

Curtis Schaffer and Gordon Schaffer, both of whom have been presidents of the Grandview 4-H club, told of trips they had been awarded in the past. Curtis had won

trips to Chicago, Dallas, and College Station. They were interviewed by the county agent on the program yesterday.

Mr. and Mrs. Curtis Schaffer and Mr. and Mrs. Gordon Schaffer, composed an orchestra that played on the broadcast.

Expenses of the three Gray county boys at the state encampment last week were paid by the Pampa Chamber of Commerce.

Officers Named By Shamrock Voyagers

SPECIAL TO THE NEWS

SHAMROCK, Oct. 21—Election of officers was the order at the regular meeting of the Shamrock 40 & 8, at the Legion hut on Tuesday night.

Dick Craig of Wheeler was elected chef de gare; Louis Goodrich, chef de train, Carl McPherson, conductor; Bob Roach, commissaire incident; H. H. Reeves, garde de la portee; L. E. Davis, lampiste; M. W. Burcham, commis voyageur and Cecil Reeves, amonieu.

The 40 & 8 was organized a year ago, when the local post was granted a charter, and has been an active organization since that time. Last year they were instrumental in securing vaccine and having it administered to over six hundred Wheeler county school children in a drive to prevent diphtheria and typhoid.

This year they intend to carry on their fight against these dread diseases and to include in their list vaccines for diphtheria, scarlet fever and smallpox. Children who have not been inoculated may secure vaccines free of charge from the 40 & 8 organization.

The business session was taken up mainly with the discussion of plans to aid in the district American

Asbestos Heir Toasts 5th Wife In Champagne

By JOHN FERRIS

NEW YORK, Oct. 21 (AP)—Tommy Manville, the asbestos heir who up to this time had preferred blondes and old brandy, entered a new phase of his tempestuous career today by toasting in champagne his new love—raven-haired Elinor Troy, the beauty whose fists once ruffled the handsome Phiz of Jack Doyle, the Irish thrush.

There were great doings in the Manville suite on the 37th floor of the Waldorf-Astoria whither the squire of Bon Repos had brought his new love after she arrived at Newark airport from California in a chartered plane that cost Tommy \$3,000—not to mention the money he spent on orchids, champagne, automobiles, tips and long-distance telephone calls.

Tommy, having spent a sleepless night by a telephone waiting for his love to call—she will be his fifth wife, Tommy said today—reversing himself overnight—had become somewhat philosophical. He was thinking of the pastoral life and hints for the asbestos heir.

Yesterday he had denied they would be married.

It was time, he remarked today, for the stork to visit him at his New Rochelle, N. Y., home.

Elinor, too, he suggested would like the pastoral life.

"Oh, sure," agreed the 23-year-old lovely, "only I want to do my hiding out in the stork club."

This all began a couple of months ago when the lovers quarreled and Elinor went out to Hollywood to play minor roles in a couple of movies and live with her mother, Mrs. Elsie Edmonston, formerly of Washington, D. C., where Elinor was born.

For several nights Tommy had been burning up the long distance wires, trying to get Elinor. Last night he called his fourth ex-wife, Mrs. Marcelle Edwards Manville Carlisle who was in Hollywood, and asked for Elinor's phone number. Then called Elinor's home. She was at a movie. Tommy called the movie and had her paged.

"Sweetheart," he said, "you gotta come back to old Pappy Manville. I'm chartering a plane. You'll have champagne and orchids for breakfast."

So Elinor, alone, except for the crew, in the 28-passenger ship, flew out of the west to her Lochinvar, but he had a tough time waiting at Newark for the plane which was overdue because Elinor had wanted to stop at Washington to put on some make-up.

Booth Of Panhandle FFA Ranked Fifteen At Texas State Fair

SPECIAL TO THE NEWS

PANHANDLE, Oct. 21—Out of 32 teams competing at the Dallas Fair, the Panhandle F. F. A. boys placed 15th with their booth.

Marshall won 927.5 points won first place. The exhibits were judged according to products, educational feature, neatness and attractiveness.

"Hungry Five" Play For Shamrock Club

SPECIAL TO THE NEWS

SHAMROCK, Oct. 21—The Regular luncheon of the Shamrock Rotary club was entertained Thursday by a group of musicians from the Shamrock band, who have formed a German band and call themselves the Hungry Five. This band is composed of Clarence Harvey, bass; Bennett Clark, trombone; Huey

don's pasture Monday evening, Oct. 23th, leaving the school house at 7:30.

Charles Smith had charge of the program and introduced Glen Truax, who told something of the history of this German band and introduced the members.

The new Junior Rotarian, for the next six weeks period, was introduced by W. O. Morrow, assistant superintendent of schools. He is Gene Lanford, outstanding student and half back on the Irish football team.

Visiting Rotarians were Sam Allison and John Caylor of Canadian.

An acre of ground contains 49,560 square feet.

Small European States Watching Neutrality Feud

WASHINGTON, Oct. 21 (AP)—The small neutral states of Europe are watching the senate debate on neutrality perhaps as closely as the large belligerents.

Their interest centers on two main points—the arms embargo and shipping restrictions.

The northern neutrals like Norway, Denmark, Holland, Sweden, Belgium, and Finland, together with

Switzerland, already have an embargo on the shipment of arms to belligerents. Two, Sweden and Denmark, are in proportion to their size, important arms manufacturers. The neutrals' embargoes arise not from legislative action but from the fact that export licenses are required for arms shipments and such licenses are not now being granted for shipments to belligerents.

If the United States lifts her embargo, will the small European neutrals do likewise? They are not in the happy situation of the United States, 3,000 miles from the belligerents.

22 Important Improvements in THE NEW FORD CARS for 1940

NEW FINGER-TIP GEARSHIFT on steering post in all models at no extra cost. Smooth, simple action. Shifting is easier and quieter.

MORE COMFORT, MORE QUIET Added room. Softer springs, improved suspension,* improved shock absorbers. New "Floating-Edge" Seat Cushions.

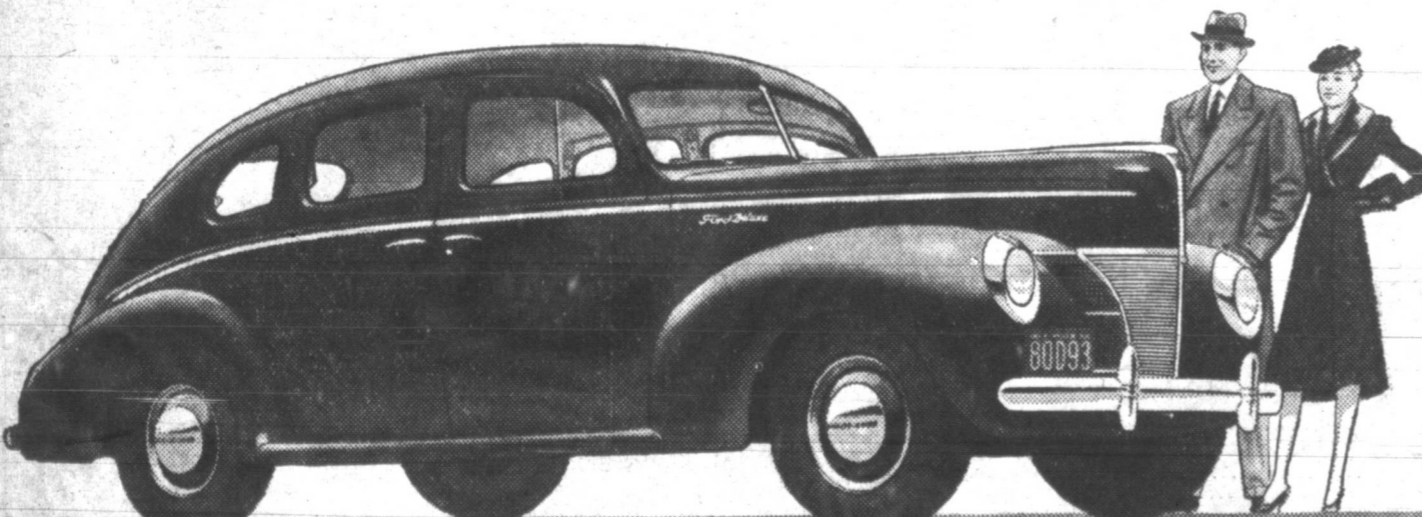

For many years, the Ford Motor Company made only one car—the Ford. Then, in turn, companion cars were developed—the Lincoln, Lincoln-Zephyr and Mercury. Each, a fine-quality car in its class, has made notable contributions to the quality of the Ford. This constant progress—under a unified management—reaches a new peak in the new models for 1940.

YOU'LL find that the new Ford cars include every worth-while modern feature. Many of these 22 important improvements give you greater comfort in riding—more room, more ease, more quiet than you have known before. Other improvements are for increased safety, convenience, and for style and beauty which give you pride of ownership.

Underlying all these improvements are the basic advantages

which Ford owners already enjoy. Smooth V-8 engine—the only V-8 in its price class. Powerful hydraulic brakes. Steady, stabilized chassis. Triple-cushioned comfort. All-around economy.

When you look at the big, beautiful car below—when you check features and compare prices—you'll realize that here is the best car investment you can possibly make in 1940.

THE DE LUXE FORDOR SEDAN

- 22 IMPORTANT IMPROVEMENTS**
- FOR COMFORT:**
 1. More room inside
 2. New Controlled Ventilation
 3. New torsion bar ride-stabilizer*
 4. Improved spring suspension*
 5. Self-sealing shock absorbers
 6. Two-way adjustable driver's seat
 7. New-type resilient front seat backs
 8. New "Floating-Edge" Seat Cushions
 - FOR CONVENIENCE:**
 9. New Finger-Tip Gearshift
 10. Engine more accessible
 11. Two-spoke steering wheel
 - FOR SAFETY:**
 12. New exterior beauty
 13. New interior luxury
 14. New instrument panel
 - FOR SILENCE:**
 15. Improved soundproofing
 16. "Easy-shift" transmission
 17. Curved disc wheels
 18. Improved drums for big Ford hydraulic brakes

Aggies Smash TCU, Texas Mines "Steppers" Harvesters Crush Van Buren In 30 To 6 Rout

Jarrin' John Takes Weak Frogs Apart

By FELIX R. MCKNIGHT

FORT WORTH, Oct. 21 (AP)—Power seeping from its every thrust, unbeaten Texas A. and M. rumbled on today with a jinx-breaking 20-6 rout of the battered shell of once mighty Texas Christian.

Ganged around Jarrin John Kimbrough, a hulking son of the West Texas cow country, the Aggies overpowered and outclassed the ghost of last year's great Christian team—further weighted down today with injuries to its key men.

Pullback Kimbrough, the legs bearing his 210-pounds incased in bulky splints, splintered everything in sight to break down Christian resistance and then watched fleet Bill Conaster amble 95 yards for the clinching touchdown on the bench as dog-tired enemy deep in the final period.

It was the Aggies' second triumph over Texas Christian in 15 years and the first on Fort Worth soil since 1919. For Texas Christian, a meek foe today with its crippled offensive slumped on the bench in civilian clothes, it was the fourth straight licking.

Line Stops Frogs

Shackled by a rugged Aggie line, Texas Christian gained only 28 yards net on runs and 60 yards with its renewed passing game. Its total gains for the day numbered only 88 yards, as compared to the Aggies' 70. First downs stood 13 and 3.

The Christians scored in the first two minutes of the ball game after snatching an Aggie fumble down on the 28 stripe, but the minute the Aggies laid their hands on the ball for the first time it was plain they meant business.

Kimbrough, a driving, butting old-fashioned fullback with plenty of speed, started moving and finally picked up 84 yards for the day.

Moser Runs Wild

Sophomore Derace Moser, a feared runner, chipped in 51 more on sweeps. The TCU line leaked badly but held up in the clinches toward off the Aggies' real drive until the second half.

It was 6-6 at half-time, but the Cadets marched on in the third period. Down on the Aggie 26 after Durwood Horner had raced 50 yards with an interception, the Christians lost control when Moser intercepted a pass and lateraled to Kimbrough, the big-man lumbering 28 yards to the Aggie 40.

Kimbrough, Walemon Price and Moser powered outside the tackles to the TCU 13 and Moser kicked right end for the score. Bill Audish added the point.

The crippled Christians weren't through, however. They bobbed up on the Aggie 33 after a punt exchange but Coward's long pass down to the five was pulled down by Conaster. He shook off a couple of tacklers, dropped in behind great blocking to midfield, then hurried on to complete a 95-yard scoring jaunt.

Texas Mines "Steppers"

Drum majors of the Texas Mines band and Gold Diggers are Ernestine Grant (left) of Ysleta, Texas, and Donive Purkey of Odessa, Texas.

Harvesters Crush Van Buren In 30 To 6 Rout

The Pampa Harvesters ran wild here Friday night in defeating the Van Buren, Ark., Pioneers 30 to 6. So potent was the Harvesters' offense and so deadly the defense that first downs were 21 to 2 for the Harvesters.

The game was played before 2,191 adult paid admissions and 525 student paid admissions according to Roy McMillen, school business manager. Weather was ideal for a Aubrey Green led the Harvesters' attack, stepping for two touchdowns. Pete Dunaway scored once, kicked a 17-yard field goal and had a perfect night on points after touchdowns.

J. Alfred, Flashy Little Van Buren Quarterback who was injured in the game here Friday night and taken to Worley hospital in an ambulance, was able to make the trip home with his teammates yesterday. Attending physicians pronounced his injury as torn ligaments of the left shoulder. It was at first thought Alfred had suffered a broken collar bone.

Pampa's Glover Heiskell injured an ankle but he will be able to play in Lubbock Friday. Kenneth Mullings was kayoed by a blow in the face which cut his lip but he also will be ready for the Lubbock battle.

downs with three. Clarence Matthews added the last touchdown to the Harvesters string, but missed the extra point.

Van Buren was bottled the entire game with the exception of the first play in the third quarter when Parker, fleet halfback, took the pass from center, cut between his own right tackle and right end and raced 72 yards down the sidelines for a touchdown. It was his running mate, Collier, who made the touchdown possible, however. After Parker had gotten in the clear, Collier caught up with him, blocked out two Harvesters in a row, and then raced on to take another Pampa player out of the play near the goal line. He was unable to get Matthews, however, but Parker fell over the goal line when hit by the Pampa.

Harvesters Right

The Harvesters did everything right against weak opposition. Van Buren presented two of the fastest backs to trot Harvesters turf this year, but only once were they able to break loose. Collier, halfback, must have chased rabbits all over Arkansas to gain such speed. In Davis, Van Buren had a punter of college caliber but his line work was erratic. The other standout in the Van Buren lineup was Sagely, a guard, who with Collier, made up the majority of the Van Buren backs.

Every Harvesters shone, at times with Aubrey Green and Clarence Matthews playing their best games of the season. Green scored twice and was away for at least three more counts when Collier appeared on the scene. Matthews' running and passing was exceptional. He had a story-book catch of a heave from Glover, passing, and kicking most on a par with that of Dunaway. They had plenty of time, however. Mullings took the ball on his finger tips after a jump and came down nursing the ball into his arms.

The Harvesters' line was a stone holding. Van Buren had 126 yards from scrimmage, and 72 of those yards were gained on Parker's touchdowns. Coming up with their feet around the Van Buren ball carriers on many occasions were Fide, Bailey, Maynard and Phillips. Carlisle missed.

Harvester reserves had their chance, everyone of them getting in the game. Isbell, Giles and Warner Phillips carried the ball to the Van Buren 2-yard line but fumbled a holding. Van Buren took over on the 6-yard stripe.

"Chief" Carlisle was still missed as a driving power and in backing up the line. Coach Odus Mitchell said yesterday that he would spend most of this week developing line backers.

After the kickoff Pampa marched to the Van Buren 40 before Dunaway punted to the 1-yard line. Heiskell returned a Van Buren punt from his 15 to 38 to set up the next Harvesters touchdown. Heiskell roared 24 yards on a lateral from Dunaway. Green picked up 11 paces mofe and Heiskell and Green made to the Van Buren 8 from where Green went over at the whistle. Dunaway added the extra point.

The third Harvesters touchdown came early in the second quarter on a 64-yard march. Dunaway passed to Heiskell who raced to the Van Buren 20 before being caught from behind by Collier. Heiskell suffered an ankle injury and was replaced by Isbell who immediately called Green off tackle and he went for a touchdown. Dunaway added the extra point.

Team Scores

With the Harvesters second team in the game, passes from Giles to Mullings and Giles to Matthews, mixed with tricky ground plays, the Harvesters got to the 2-yard line where fumbles set them back.

Van Buren opened the second half

Amarillo And Borger Win; Lubbock, Plainview Lose

Three district 1 football teams—Pampa, Borger and Amarillo—won week-end football games to give the district more than an even break. Lubbock and Plainview were on the losing end.

Pampa's Harvesters looked impressive in defeating a weak Van Buren, Ark., team, while the Amarillo Sandies were equally impressive in downing a weak Norman, Okla., team. Borger's Bulldogs broke into the win column by dropping Hobbs, N. M., 27 to 13, coming from behind to turn the trick. Breckenridge downed Lubbock 26 to 0 and Electra beat Plainview 15 to 0.

The big game this week sends the Pampa Harvesters to Lubbock for a one-game battle Friday afternoon. On Friday night Amarillo will invade Plainview for a conference tilt. Borger is not scheduled.

On paper the Westerners hold a slight edge over the Harvesters. They have eight first string lettermen back from last year's team while the Harvesters have two, injuries took one of the mainstays from each team so in that department the eleven are even.

Amarillo ranks over Plainview chiefly through the big weight advantage the Sandies will field.

Robrir let go the first time from the 25 yard line to Prochaska who was alone in the end zone. His second touchdown aerial gained only four yards but was more spectacular. The receiver taking the ball on his knees surrounded by Bears, both were in the first eight minutes after the rest period.

Robrir didn't start because of an injury suffered a week ago. That was the case with Hopp who had a chance to star in the manufacture of the first touchdown.

After being held without a gain in their first three plays, Nebraska marched 48 yards for the pay-off when he took the ball on the 10 yard line. A lateral-forward gained 16 yards and Mike Francis blasted his way for 10 more but Hopp bounced the final yards with virtually every one of the Eagles' tackling him in the short sprint.

Baylor, with Jack Wilson spending most of the day on the bench, presented a potent line which twice broke through to block Nebraska. Wilson handled the ball only four times, and was thrown for losses totalling 18 yards.

Center Bob Nelson did a terrific job of backing up the Baylor line until he suffered an arm injury in the third period.

James Witt and Malcolm Linder took up the offensive burden for the Bears when Wilson was kept on the bench in a protective move. The Bears' offense almost three yards every time he crashed into the Nebraska forward wall.

Huskers Pass For 20-0 Win Over Baylor

LINCOLN, Neb., Oct. 21 (AP)—Nebraska rolled out a barrel of night in the person of Fudge Hermie Rohrig today, and blasted the formerly unblemished Baylor Bears of Texas into the ranks of the defeated, 20 to 0, in an inter-sectional contest today.

The Huskers, who had passed but twice in their two previous victories, filled the air so full of football for a few minutes in the third quarter the 27,000 spectators could scarcely see across the field, with Rohrig doing all the tossing.

He tossed both passes which Raymond Prochaska caught in the end zone for touchdowns in the third quarter and added the extra points on both. He was denied a third lateral to take a lateral from Roy Petch in the second period and hurried to Robert Ludwig, who stumbled as he reached for the ball.

Robrir let go the first time from the 25 yard line to Prochaska who was alone in the end zone. His second touchdown aerial gained only four yards but was more spectacular. The receiver taking the ball on his knees surrounded by Bears, both were in the first eight minutes after the rest period.

Robrir didn't start because of an injury suffered a week ago. That was the case with Hopp who had a chance to star in the manufacture of the first touchdown.

After being held without a gain in their first three plays, Nebraska marched 48 yards for the pay-off when he took the ball on the 10 yard line. A lateral-forward gained 16 yards and Mike Francis blasted his way for 10 more but Hopp bounced the final yards with virtually every one of the Eagles' tackling him in the short sprint.

Baylor, with Jack Wilson spending most of the day on the bench, presented a potent line which twice broke through to block Nebraska. Wilson handled the ball only four times, and was thrown for losses totalling 18 yards.

Center Bob Nelson did a terrific job of backing up the Baylor line until he suffered an arm injury in the third period.

James Witt and Malcolm Linder took up the offensive burden for the Bears when Wilson was kept on the bench in a protective move. The Bears' offense almost three yards every time he crashed into the Nebraska forward wall.

Colorful Court

CLEVELAND, Tenn., Oct. 21 (AP)—City Judge James F. Corn described the court session as routine, but colorful.

A patrolman named Green cited a motorist named Green for passing a red light. Motorist Green admitted he felt blue as he paid a \$2 fine.

with Parker's sensational run. The Harvesters roared up the field, after the kickoff, to the 17-yard line from where Dunaway placed an angle shot between the uprights for a field goal and three points.

It was after the kickoff that Van Buren's only first-down of the game was registered. A pass interception also set the Harvesters back at the end of the quarter.

A screen pass for the other Van Buren second first down opened the last quarter and a completed pass on interference helped the Pioneer cause but the Harvesters held.

With two or three regulars and the rest reserves in the game, Isbell, Warner, Phillips and Matthews staged a 67-yard march for a touchdown. A pass, Giles to Matthews, helped and Matthews made the final yard but he failed to kick the extra point.

Starting Lineups:

Pampa Position Van Buren
Nichols L.E. Thurston
Candler L.T. Davis
Bailey L.G. Molley
Maynard C. Haggard
Fide R.G. Sagely
Phillips R.T. Love
Mullings R.E. Patton
Heiskell Q.B. Alfred
Matthews L.H. Collier
Green F.B. Vandegriff
Dunaway F.B. Vandegriff
Substitutes: Pampa, entire squad; Van Buren, D. Love, D. Alfred, Keeton, Johnson.

Higgins Drubs Mobeetie 24-7

SPECIAL TO THE NEWS

HIGGINS, Oct. 21—The Higgins Coyotes met the Mobeetie football team on the turf of the Higgins grid Friday afternoon and came out victorious by a score of 24 to 7.

Although the teams were well matched, as to physique, the Coyotes' backfield showed plenty of power, speed and smartness against Mobeetie.

Higgins' Coyote Captain Forbau made a spectacular play when he ran 70 yards for a touchdown.

To Hauser was accredited three touchdowns.

Mobeetie's gains were made chiefly in the second quarter.

Hauser, Forbau, Henderson and Erice, Higgins, were injured during the game.

Pampans Bag Elks In Colorado Trip

Three Pampa hunters returned Friday from Colorado with an Elk each and Elk steaks and roasts are the order of eating in many Pampa homes.

Ben Garber was the first to return. He bagged a 522-pound Elk in the Rocky mountains west of Denver. Mr. Garber is with Clayton and Dwyers.

Dr. W. Purviance and W. M. Oastleberry got their Elk in the Soap Creek basin in Colorado. The animal brought down by Dr. Purviance weighed 1,000 pounds while the Oastleberry Elk weighed 900 pounds.

McLean Outscores Memphis 24-13 In Conference Win

SPECIAL TO THE NEWS

McLEAN, Oct. 21—Big John Bond, McLean fullback, scored four touchdowns to pace the Tigers to a 24 to 13 conference victory over the Memphis Cyclones Friday night in Memphis. The Tigers made 13 first downs to 9 for Memphis and rolled up 382 yards to 151 for Memphis.

McLean scored on the kickoff, Bond taking the ball on his 40 and racing 60 yards. McLean scored suddenly after an exchange of punts, Mantooth returning a punt 35 yards to the Memphis five from where Bond went over.

Memphis then came into the scoring. George going over from the 1-yard line where the ball had been placed by a McLean penalty. Memphis passes featured the march.

There was no more scoring until the third quarter when McLean juggled the ball 70 yards. Bond carried to the Memphis 46 and Mantooth marched to the 20. Back added three yards and Mantooth roared to the 1-yard mark from where Bond crashed over.

A Tiger fumble on their own 26-yard line set up Memphis' second and last touchdown, Lester carrying the ball the last 4 yards after George had gained 16 yards.

Bond's last dash for a touchdown was 26 yards, the ball being placed there by Mantooth who picked up 40 yards on two plays.

The Tigers failed to show their usual snap and fire. Coach Cricket Christian announced He plays stiff workouts for the week coming up when Clarendon invades McLean next Friday night.

Bond, Mantooth, Bonner, Glen and Jones were standouts for McLean.

Mustangs Bury Marquette 16-0

By HAROLD V. RATLIFF

DALLAS, O., 21 (AP)—Southern Methodist University buried the Golden Avalanche of Marquette University 16-0 here today in a game of glittering runs and long passes—all on the side of the victors.

Marquette's offense was imposing. The Avalanche failed to make a first down and netted only 23 yards from rushing and passing—with a stubborn line that gave grudgingly the only reason the score was no higher.

Bob Belleville led the scoring parade with a touchdown and field goal with Wally Bearden ringing up the other Methodist counter. Sanders kicked one point after touchdown.

The game, played in stifling heat—it was around 90 degrees and the sun was blazing—was a feature of the state fair drawing 8,500 fans. It wound up the inter-sectional schedule for the Mustangs who next week drive into the conference campaign, with six tough opponents ahead.

The Methodists rolled up 15 first downs and netted 359 yards running and passing while doing it. The Mustangs played without the services of Preston Johnston, their sensational sophomore. Johnston went out of the game early in the first quarter with a bruised hip but he wasn't missed, with Belleville, Johnny Clement, Gerald Geise and Dandy Dick Miller running the Marquette ends and tackles dizzy.

Rangers Run Over Phillips 21 To 0

PHILLIPS, Oct. 21—Perryton's undefeated Rangers downed the Phillips Blackwings 21 to 0 here Friday night. The highly touted Ranger ball totting quartet lived up to its advance reputation.

Flowers opened the scoring for the Rangers, going 3 yards after a long downfield march.

Morris took a long pass from McClung to add another touchdown in the second quarter.

McWilliams skirted end for 10 yards and the last touchdown in the third quarter.

Birdsong, despite injuries, led the Blackhawk attack.

Panthers Beat Spearman 32-7

SPECIAL TO THE NEWS

PANHANDLE, Oct. 21—Panhandle's Panthers took a 32 to 7 game from the Spearman Lyons Friday night in Spearman. The Panthers of Jack Atkins powered on the ground and used the air to score. Panhandle ran up 12 first downs to 7 for Spearman and gained 272 yards to 152 for Spearman.

Panhandle drew blood twice in the first quarter, the first time when Spearman punted short from the 1-yard line and Pruitt went over. Robertson passed to Richmond for the other Panther touchdown.

Touchdowns were even in the second quarter, Hammond's interception a Panther pass and returning 17 yards for a touchdown. Harrison kicked the extra point. Panhandle's Lee scored from the two-foot line after a long march. Robertson added the extra point.

There was no scoring in the third quarter but Pruitt going over twice.

Starting Lineups:

Panhandle: Sterling and Richmond, ends; Cox and Hayden, tackles; Howe and Tove, guards; Lewis, center; M. Pruitt, quarter; B. Pruitt and Robertson, halves; Doby, full.

Spearman: Daniel and Reynolds, ends; Easley and Fields, tackles; Larson and Otter, guards; Perry, center; Reed, quarter; Hammond and Printzman, halves; Harrison, full.

Crain Races 61 Yards In Last Minute

By RAY NEUMANN

AUSTIN, Oct. 21 (AP)—Twin-tailed Jack Crain, University of Texas sophomore, amazingly ripped off a 56th minute 61 yard gallop and booted the extra point here today to give the embattled Longhorns a 14-13 triumph over a burly Arkansas aggregation in the Steers' first Southwest conference clash.

Texas apparently had lost the game when the low-headed, 160-pound youngster, who had set the stage for the Longhorns' first marker with an 86 yard scamper, fought his way through the bulky Razorback line, twisted and squirmed through several tacklers, was all but stopped several times but finally broke loose and outran the secondary to score.

Sixteen thousand spectators went wild and a frenzied crowd poured onto the field after the "Noona Nugget" clearly kicked the winning point from placement. After the field was cleared, time was left only for Texas' kickoff and one Arkansas play, which was smeared.

Besides Crain, Texas had little to brag on with the exception of an unquenchable fighting spirit. Throughout, the husky lads from the Ozarks held the lighter Steers in check. The Arkansas earned their touchdown the hard way. Kay Eakin, Floyd Lyon and several wing-men repeatedly slashed their way through a sturdy Texas defense.

Statistics revealed the Razorbacks made 21 first downs to the Longhorns' four, gained 283 yards on the ground to the Steers' 64, and 62 overhead to their opponents' 76. Crain's first spectacular run figured in Texas' kick returns, giving the Longhorns 151 yards to the Purkers' 61.

to the basket, their scores primarily coming on long throws and free shots.

The girls are coached by Orville Cunningham, principal of the high school, and Joe Gwinn, an instructor.

McLean Girls Lose To Exes 16 To 10

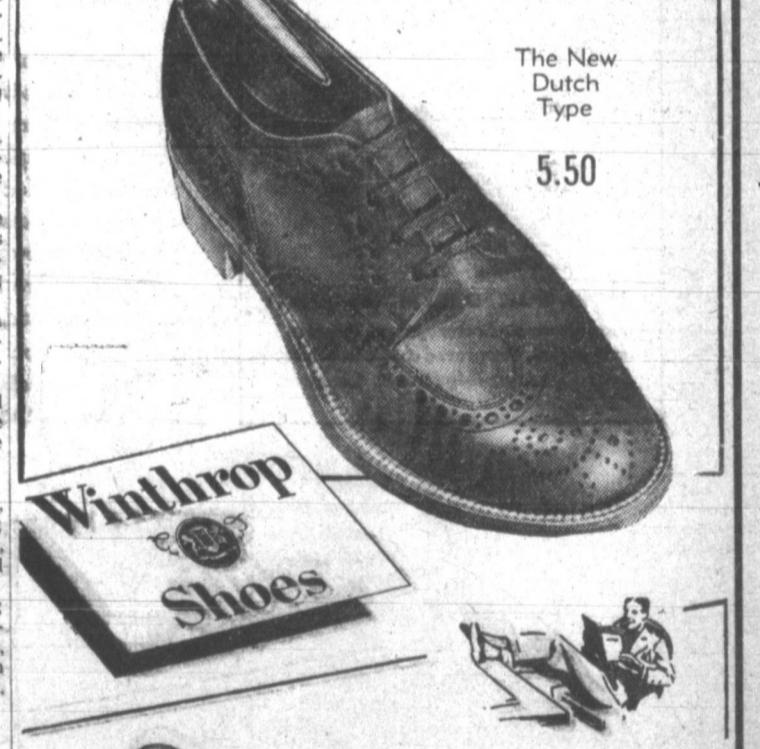

SPECIAL TO THE NEWS

McLEAN, Oct. 21—Maybe they were hiding their lights under a smudgepot, or maybe the girls were just weary, but the McLean high school girls' basketball team looked most unimpressive as they lost to last year's exes 16 to 10 in a pre-season game here Thursday night.

A pair of sisters, Marietta and Dorothy Sue Young, helped dish out the poison, and did some scoring of their own. The high school shots

Winthrop Does It Again!

True to the Winthrop tradition of style leadership is the new Dutch-type pattern shown below. Note in particular the wing top, neavy perforations, thick "rocker" sole and Dutch-type heel in leather, hand-stained finish and blucher tie. For all outdoor activities and leisure wear—a super-value at an amazingly low price.

An All-American Favorite!

Sketched above is the shoe that sets the patterns for all leisure shoes—the Slack-famous Winthrop original. Now it's smarter than ever in Creole brown Buffalo-hide with the finest crepe sole obtainable.

Pitt, Carnegie Tech Fall Off Band Wagon

Carolina And Tulane Fight To 14-14 Tie

By HERB BARKER
NEW YORK, Oct. 21 (AP)—Bob Neyland's Tennessee Volunteers proved their right to top football ranking with Notre Dame, Texas A. & M., Michigan, Ohio State and the rest of the unbeaten brigade today as Pitt and Carnegie Tech fell off the band-wagon in major upsets.

Previously untested by major competition, Tennessee punched out a decisive 21-0 victory over Alabama's Crimson Tide and demonstrated conclusively that pre-season hope on the Vols was founded strictly on fact. A 56-yard touchdown run by sophomore Johnny Butler in the second quarter started the Vols on their way. Two more touchdowns in the final quarter sealed the win.

Meanwhile, Pitt, No. 1 ranking team in last week's Associated Press ranking poll, was blasted into defeat by a game rally by Duquesne which spotted the Panthers two touchdowns and came on to win, 21-13. Georgia Tech, generally recognized as eastern champion a year ago, fell before New York University, 6-0.

Notre Dame, after winning three close ones, stopped Navy handily before a crowd of 81,000 in Cleveland, winning 14-7 on touchdowns by Ben Sheridan and Milt Pipal. Michigan gave another awesome demonstration of scoring power in an 85-0 rout of hapless Chicago. Ohio State knocked off Minnesota, 22-20, and became the first Big Ten team to whip the Gophers at Minneapolis since 1922. Charles Maag's field goal furnished the margin of victory. Texas A. & M., powerhouse of the Southwest, topped Christian a touchdown but came on to win easily, 20-6.

Tulane Tied
 In New Orleans, two unbeaten outfits, Tulane and North Carolina, fought to a 14-14 draw as Jim Lallane's passes for North Carolina overcame a two-touchdown deficit. Kentucky hopped up Georgia, 13-6, and Georgia Tech halted Vanderbilt, 14-6, in Southeastern conference games.

Duke rolled up a 33-6 count on Syracuse, Washington & Lee checked West Virginia, 9-0, and Edmond Hirschman topped Michigan in inter-sectional games, but Auburn, of the Southeastern group, dropped a surprising 7-0 decision to Manhattan; North Carolina State was beaten by Detroit, 21-6, and Maryland bowed to Rutgers, 25-12.

Rounding out the inter-sectional program, Nebraska ran up a decisive 20-0 count on Baylor and Southern Methodist held Marquette without a first down in punching out a 16-0 triumph.

Cornell continued to impress in the east, rolling up a 47-0 count on Penn State as favorites otherwise performed about as expected. Army gave another disappointing exhibition, bowing to Yale 20-15 as the Cadets' running attack bogged down pitifully. Harlan Gustafson caught two touchdowns as Penn routed Harvard 22-7, and Dave Ardler's passing skill carried Princeton to a 14-7 verdict over Columbia.

Holy Cross stopped Brown easily, 20-0, and Dartmouth topped Michigan and Northwestern finally woke up long enough to halt Wisconsin, 13-7, with Bill De Corvont playing well. Mike Byelene led Purdue to a 20-7 conquest of Michigan State. Oklahoma opened defense of the Big Six crown and crushed Kansas, 27-7, as Missouri barely got past Kansas State, 9-7, on Lill Cunningham's field goal. Iowa State surrendered to Drake of the Missouri Valley conference, 7-0.

Jack Crain's 61-yard run for touchdown in the final minute carried Texas to a 14-13 decision over Arkansas.

In the Pacific Coast conference, Oregon State remained unbeaten, stopping Washington, 13-7. California won one, a 13-7 verdict over Washington State. UCLA won from non-conference Montana, 20-6, but previously unbeaten Oregon took a 12-7 beating from Gonzaga.

Tennessee Wins 17th Straight

By KENNETH GREGORY
KNOXVILLE, Tenn., Oct. 21 (AP)—The golden-shirted Volunteers of Tennessee, displaying the precision and power of a great football machine, overwhelmed Alabama's Crimson Tide 21 to 0 today before a crowd of close to 40,000.

It was Tennessee's 17 consecutive victories in a triumph. Few were accomplished with such an exhibition of power and speed as that which blasted a robust Alabama team that had removed Fordham from the national spotlight.

A great share of the glory was handed to a mite of a substitute half back sophomore Johnny Butler, who broke up a duel of punts to race 56 yards for the first touchdown.

That great second-quarter run of the 100-pound "scat" back broke the ice and then the Volunteers, defending champions of the Southeastern conference, roared to a pair of touchdowns in the final period.

Tennessee made no sustained drives for its scores. After Butler's sensational run on which he dodged and sidestepped practically the entire Alabama team, halfback Bob Fox took the ball on a reverse to score from the Alabama 11 and substitute Bust Warren ran for the third on an off-tackle sneak from the Tide's 12.

Alabama managed but one luke-warm scoring threat just after the second period opened. A short punt by Tennessee's field general, George "Bad News" Cafego, gave Alabama the ball on the Volunteers' 43. A 15-yard penalty and runs by halfback Paul Spencer carried to the 28.

Biggest Bluefin

John Manning of Los Angeles sets world record with 890-pound bluefin tuna landed off Wedgeport, Nova Scotia.

Sam Houston Upsels Rice

By WILLIAM T. JEVES
HOUSTON, Oct. 21 (AP)—A band of unsung youngsters from Fourth Texas Teachers college, set to take a beating in a sparring match with the Rice Owls, chopped down the Southwest Conference bluebonnet 9 to 8 tonight in a thrilling football upset.

A stunning fourth period offensive bowled over the Owls for the Teachers' story book victory over a team the experts had figured before the season started as the potential conference flag wavers.

That was the unvarnished version of the game, but it doesn't begin to tell the brilliant battle the Teachers put up to do the impossible.

Twice in the first period they beat back the heavier Owls when the enemy was breathing hard down about the 10-yard line. All through the first half Sam Houston's Warriors were on the defensive—they never got past the Rice 45-yard line.

They were working desperately, to keep down the score. About midway of the second period Don Sumner, sophomore halfback, had blitzed 40 yards off left end to put the Owls ahead 6-0.

But the Teachers kept plugging, and after the rest period they came out with new life and kicked the Rice Birds with a spectacular 78-yard drive that just failed of a touchdown. Starting from the 5, they passed and ran to the 17 before the Owls could collect their wits and defense.

The fourth period was a gem, with three scoring plays and a wild sequence of events compressed into it.

Starting from their 34, the Teachers, with Bob Barfield and Cullen Barnett passing and running, went on the right yard line, where Barfield pitched to Clark Tippen, range end, for a touch-down. That tied up the score, and the Teachers went back to their chore.

Heads A. A. U.

Louis di Benedetto of New Orleans became the first southerner to head the National A. A. U. in its 50-year history, when he succeeded Judge Samuel E. Hoyt of New Haven, who was killed in an auto crash.

Special Train To Leave Friday At 9 For Lubbock

A special train carrying Pampa football fans will leave for Lubbock at 9 o'clock next Friday morning for the annual clash of the Pampa Harvesters and Lubbock Westerners at 2:30 o'clock on Texas Tech field. Round trip fare will be \$2.65.

The train will be sponsored by Pampa merchants but will be operated under school supervision. The high school band and pep squad will ride the train, which will arrive in Lubbock at 12:20 p. m., in plenty of time for fans to have dinner before going to the field.

Blocks of tickets for both the Pampa-Lubbock and the Amarillo-Plainview games will be on sale at the office of the school business manager in the city hall.

Train tickets are also available at the office of the school business manager in the city hall and at the Santa Fe ticket office. Fans are urged to purchase their tickets early so that sponsors will know how many coaches to order.

Pampa merchants who are making the train possible include: Warner Tire Co., Jones Roberts Shoe Store, Central State Power and Light Co., Southwestern Public Service Co., Levins, Murfrees, Thompson Hardware, Northeast Dairy, Martin's Motor, Tex Evans Buick Co., McCarley's Jewelry, Friendly Men's Wear, Buckingham Service Station, Rochards, Furr Food Stores, Hertz Theater, LaNora Theater, State Theater, Crown Theater, Christopher Motor, Pampa Brake and Electric, F. E. Hoffman, Plains Maytag, City Drug, Dilly's Bakery, Gunn Hinerman, H. W. Waters, Pampa Office Supply, Harris Food Stores, Mitchell's Grocery, W. G. Irving and Son, Culbertson-Smalling Bldg., and see radio in action.

An Autograph With Teeth in It

Jock McAvoy, British middleweight champion, with gloves on his hands, uses his teeth to sign autograph for member of Territorial Auxiliary Reserve in London.

Out Air Way

Talent shows are riding the airwaves in profusion, originating in both the Burger and Pampa Studios of KPDN. When the Cornshuckers, who play each week-day afternoon at 5:30, first went on the air, the listeners threw up their hands and cried, "Transcribed—It's too good to be talent." But, "Seeing is Believing," so they were soon convinced that the Cornshuckers were really in the studio in the flesh. But, in addition to music, there's something else that goes to make this a grand entertaining program. And that's the Cornshuckers' own radio listeners.

Out of the Burger unit, two different "Blues Chasers," with good-natured banter twirl announcers. They're highly amusing to radio listeners.

The "Women's Club of the Air," with program divisions in each study, is enjoying tremendous response from its members and its sponsors, resulting in a very profitable benefit to both. Hostess, Betty Dunbar, gives helpful hints and recipes, which she sends by mail to those who ask for them.

Each morning, around 8:00, the Mainland announcer, under the weight of his huge mail-sack right up to the Burger Studio Door, where Lindsey's "Smoky and Bashful" are telling everybody how to "Smile Awfully With Lindsey."

How the students do crowd to be next, in front of the La Nora Theater at 12:15, when White's School of the Air takes place. On Monday, Wednesday and Friday, it's from Pampa, and on Tuesday, Thursday and Saturday it's from Borger, but every day the students, the professor, and the Radio Audience have a whale of a time.

Just recently the early morning radio schedule was improved by the addition, at 8:30, of "The Sunday School Hour," which treats all denominations alike, and teaches the lesson to all.

They tell us that lunch tastes better when accompanied by "Singing Sam" who is on the air five days weekly at 12:00. Sam introduces new tunes and reviews the old ones, a delightful treat for any musical ear.

A soft voice and a mellow guitar wait gently across the ether each week-day at 12:30, as Billy Gilbert "Purs His Heart Into a Song."

Hubert Bratcher, with his philosophical poetry and likable style, is back on the KPDN schedule at his regular time, 5:00 to 5:15—Sundays.

Just before sign-off, at 6:00, organ, and poetry create an appropriate atmosphere for the end of a peri day, as the voice of Willa Dean Ellis brings you "Reflections At Twilight."

Gaining popular recognition by leaps and bounds is KPDN's new 4:30 program—"Your Memory Album of Melody" with accordionist, Bill Kenton, playing memory favorites from yesteryear.

After having been held to the ground for the last two weeks, the ears of KPDN engineers are beginning to show signs of wear. But it's all in the day's work, for it's the engineer's duty to see that KPDN programs reach the ears of its listeners with greatest clarity and quality. Studio "A," where most of the broadcasting originates, is being worked over and treated for best acoustical conditioning, consequently assuring listeners of better programs.

If you want to increase your vocabulary and actually take part in a radio program from your chair in front of the radio, tune in week-

French Officer Puts Flowers On His Own 'Grave'

By DREW MIDDLETON
WITH THE BRITISH EXPEDITIONARY FORCES IN FRANCE, Oct. 21—(Passed by Field Censor)—(AP)—One of the strangest ceremonies of this strange war took place today in a peaceful graveyard for British troops when an officer on whose chest was the dull red ribbon of the Victoria cross put flowers on his own grave.

He is a high officer in the British forces, in the last months of the World war he completed valuable reconnaissance work after fighting over German squads and suffering severe machine-gun wounds in one leg, which was amputated.

For this exploit he won the Victoria cross.

He remained in the army and despite his handicap reached high rank. He landed in France a month ago and to his surprise learned that in the confusion after the last battles of the World war his leg had been buried in a grave with the notation that it was all that had been found of him.

So this morning with subalterns eyeing him suspiciously he marched into a forest of little white crosses after a journey of many miles and placed flowers below the marking of his name and regiment on the grave.

"Dashed good leg, that," he said.

A train operating between Moscow and Paris, a 76-hour journey, has been credited with touching off the special car for "culture and rest" as attractions.

Green Fees Cut At Country Club

Effective today, green fees at the Pampa Country Club will be reduced. President C. F. Buckler has announced. Despite continued dry weather, the course is in good condition, especially the greens.

New green fees posted are 50 cents on Sundays, 35 cents for 18 holes or more on week days and 25 cents for nine holes on week days.

Former prices were 75 cents on Sundays and 50 cents on week days.

8,000 Word Message Helps Tarheels Win

NEW ORLEANS, Oct. 21 (AP)—A unique 8,000 word telegram received here today by Coach Ray Wolf was credited with touching off the inspiration that enabled North Carolina to come from behind, in the face of almost certain defeat, to tie Tulane.

The telegram said in part, "Never has a team represented the University of North Carolina in any athletic event been composed of a finer group of fellows than this, the team of 1939. The betting odds are against us, but each one of us believes that our team will win this afternoon. Win, lose or draw we will still be proud of each member."

The telegram, which took all night to transmit from Chapel Hill, was signed by 3,841 students, the entire enrollment of the North Carolina University.

Bucks Roll Over Canadian 51 To 0

Special To The NEWS
CANADIAN, Oct. 21—The Canadian Wildcats suffered their greatest defeat of the season here Friday night when the White Deer Bucks swamped them by a score of 51 to 0.

The Bucks were in command of the field at all times, by intercepting passes, breaking through the line and setting the Wildcats back for severe loss of ground.

Both teams were penalized several times during the game.

During the half the White Deer and the Canadian high school bands entertained, getting applause from the crowd.

Babs' Matrimonial Status 'All Very Ok'

By GLADWIN HILL
NEW YORK, Oct. 21 (AP)—Countess Barbara Hutton Haugwitz-Revontlow, the petite, peripatetic 5-and-a-half hessler, is back in the United States, her matrimonial status "all very uh . . ."

The ambiguous explanatory phrase was coined by the new tall, dark and handsome mystery man in her life—who came back from Europe on the liner Conte De Savelia with her—as he scampered off the pier alone.

He is Robert Sweeney, 28, an American who has lived with his parents in London for many years, and who has made periodic trips to the United States where he and Barbara have been seen in night spots. He is wealthy on indeterminate investment interests, and a prominent amateur golfer, the winner of the 1937 British championship.

The 26-year-old heiress had nothing to say about whether she intended, during an indefinite stay here, to re-embrace American citizenship.

She brought along her 3½-year-old son Lance.

Outlook For Texas Highway Wrecks Gloomy

By RAY NEUMANN
Associated Press Staff

State police say the outlook of traffic accidents in Texas for the remainder of 1939 is gloomy. They point out that while war in Europe is taking its unavoidable toll, Texas drivers could well wage a war of their own this fall against avoidable deaths on the highways.

Caution, they say, if exercised as unrelentingly as death exacts its toll, could work magic in destroying the harvest of carelessness of between four and five lives daily in Texas.

Few, if any, traffic crashes are "unavoidable," traffic students believe. Always there is a cause and almost always this cause is momentary or habitual relaxation from a well-known rule of driving safety.

Homer Garrison, Jr., director of the state police, who has appealed to drivers countless times with the plea, "If you don't care about yourself, consider the other person and his dear ones," says he's ready to change his request to:

"If you won't think about the anguish you may cause others by your carelessness, for Jupiter's sake,

think about yourself! How would you like to have your leg crushed or your head bashed in, for example?"

Garrison says the highway patrol has doubled its guard in "death corridors," the newspapers have printed innumerable "horror stories" and pictures, civic clubs for years have preached driving safety, various safety organizations have worked strenuously in the cause of saving lives, the state highway department has erected 33,000 warning markers and employed a safety engineer to eliminate road hazards and yet—

"The useless slaughter goes on!"

The "Black Book" the state police headquarters, a record of traffic deaths and injuries, reveals a steady increase in open highway fatalities for the second half of 1939 after an appreciable decrease was made in the first half. Seventy-one fewer persons died in accidents in the first six months of 1939 than did in the first half of 1938.

Deaths on country roads, the book said, for the first six months of 1939 increased 14 per cent over a similar period last year while highways proper showed a reduction of 14 per cent. Cities and towns reduced their tolls by 8 per cent.

But in July and August much ground was lost as the state death reduction amounted to only 5 per cent. Principal losses were recorded on open highways.

Multiple death crashes resulted in an average of 1.19 persons being

killed in each fatal accident for the first eight months. Cities and towns showed the lowest rate with a death average of 1.04, county roads were next with 1.08 while the open highway smashups brought about an average of 1.19 death rate.

Head-on collisions, resulting from driving on the wrong side of the road and attempting to pass without sufficient clearance, were more prevalent on open highways and responsible for a large number of crashes in which a number of lives were lost. One head-on accounted for eight deaths.

Unofficial predictions indicate the final accounting of the 1939 toll on Dec. 31 will not show a decrease as it did last year when figures dropped 22 per cent below those of 1937.

By months, the "Black Book" calculations are: October 13 deaths; November 16; and December 20. If these estimates come true, the 1939 toll will reach 1,600 as compared with 1,810 lives lost last year.

Aside from the loss by deaths, police reckoned with heart break, physical suffering and economic loss. For the first eight months of this year 8,655 persons were injured in 9,343 accidents with an estimated economic loss of \$15,035,500 including the 970 lives lost.

Predictions include: October, 1,125 persons injured, economic loss, \$2,000,000; November, 1,250 persons injured, economic loss, \$3,500,000. Economic loss includes deaths and property damage along with costs

involved in accidents in which people are hurt.

Saturdays and Sundays are the most dangerous traffic days while the twilight hours are the most hazardous of the day. Nights, of course, are always more dangerous than days when the vision is clear a greater distance and vehicles approaching from side roads can be seen more readily.

Drunken driving figures in about 20 per cent of all accidents.

The National Safety Council released statistics showing Dallas ranked 10th and Houston 16th in deaths from accidents on a basis of population among cities of from 250,000 to 500,000 persons. The rate per 100,000 population was 11.5 for Dallas and 13.8 for Houston.

The number killed in these cities the first half of 1939 was: Dallas 18, compared with 14 the first six months of 1938; Houston 22 as compared with 25.

Among states which consumed the largest volume of gasoline on the highways, Texas ranked fourth safest in the nation. Its rate of the number killed per population, however, was more than double that of Pennsylvania, the safest state in the country on a basis of statistics compiled by the council.

A large "clster" was part of the furnishings of well-appointed dining rooms in 17th century England. Here the dishes were rinsed at the table.

Finns Sing Freedom Song As Delegation Leaves For Moscow

By LYNN HEINZLERING
HELSINKI, Oct. 21 (AP)—With the melancholy "Song of Finland" echoing through Helsinki station, the Finnish delegation left tonight for Moscow to deliver a firm answer and counter-proposals to Soviet Russian demand for more power in the Baltic.

The delegation, due in Moscow Monday morning, included Finance Minister Vaeinoe Tanner, leader of the powerful social-democratic party, which has thousands of Finnish workers as members, and president of the International Cooperative Alliance.

Tanner's inclusion was interpreted as a move to show Russia Finland's workmen were behind their government staunchly.

A hush fell over the railroad station when Dr. Paasikivi and the other members of his small delegation walked to the train.

There was scarcely a sound until a workers' choir sang the haunting melody which praises Finland's independence.

In Helsinki, workmen were building underground air raid shelters and trenches in all sections of the city.

Factories are turning "out gas masks by the thousands to catch up with the demand.

Pence de Leon was the first governor of Puerto Rico before starting on his ill-fated search for the fountain of youth.

of its effects to date in local communities and in fields of business." The law will complete its first year on the federal statute books Monday without a supreme court test of its validity—a test which review added, "the national chamber is hoped for in the early stages of the act's operation."

New Wage-Hour Standards Flayed By U. S. Chamber

WASHINGTON, Oct. 21 (AP)—The United States Chamber of Commerce said today that the new wage-hour standards effective next week would increase "difficulties and hardships brought on by the law" and create particular problems for concerns which have attained a high rate of industrial production.

On Tuesday, the work week under the wage-hour act will be reduced from 44 to 42 hours and the minimum wage will be increased from 25 to 30 cents an hour. Although wage-hour officials have expressed the opinion that industry would make the change smoothly, the U. S. chamber commented in its weekly business review:

"Plants now working eight hours a day and four hours on Saturday are faced with a two-hour Saturday, usually not feasible, a continuance of the 44-hour week with overtime pay, or either a flat five-day week or a staggered arrangement over a six-or-seven day week."

Asserting that "rising production costs are seen" in the changes, the review added, "the national chamber is opposed to continuance of the law and will shortly make a survey

Awards Announced For Annual Flower Show Of Garden Club

Piano And Voice Students Will Present Recital

On Tuesday evening, October 17, voice and piano pupils of Mrs. May Foreman Carr will be presented in a fall recital at Myers Music Mart on West Foster avenue, at 8 o'clock. The first half of the program will be given by elementary and intermediate pupils and the remainder of the program by advanced students. Classic, romantic, and modern music will be presented. Featured on the program will be two essential numbers by Schubert's "March Militaire" to be played by 16 pianists on eight pianos. The Overture to the Marriage of Figaro by Mozart will be played by eight pianists assisted by Miss Margaret Carr and Mrs. Carr. The public is invited to attend this recital.

PIANISTS TO BE PRESENTED IN RECITAL TUESDAY EVENING

Four pianists who are to be featured in the piano and voice recital which will be given by Mrs. Mae Foreman Carr, Tuesday evening at 8 o'clock in the Myers Music Mart at Margaret Carr, left; Miffie Jean Casada, Clara Mae Lemm, and Martha Frances Pierson, right. Solos will be played by each of the group and Margaret, Clara Mae, and Martha Frances will be featured.

Frances Pierson, right. Solos will be played by each of the group and Margaret, Clara Mae, and Martha Frances will be featured.

Frances Pierson, right. Solos will be played by each of the group and Margaret, Clara Mae, and Martha Frances will be featured.

Frances Pierson, right. Solos will be played by each of the group and Margaret, Clara Mae, and Martha Frances will be featured.

Miss Short Will Present Program For AAUW Group

A regular monthly meeting of American Association of University Women will be held Tuesday evening at 8 o'clock in the city club rooms. Miss Alice Short is chairman of the program which will include an informal discussion on A. A. U. W. legislation by Miss Mary Reeve, Miss Lillian Mullinax, Miss Arlean Pattison, Mrs. M. E. Lamb, and Mrs. E. L. Norman. During the social hour the music teachers' sextette under the direction of Miss Helen Martin will sing. Miss Winona Wise will play a flute solo. Mrs. Lamb is to be hospitably chairman for the evening.

Mrs. Orton Gives Lesson At Meeting Of WMS At Harrah

A meeting of McCullough-Harrah Methodist Women's Missionary Society was opened at Harrah Chapel this week with group singing. Mrs. J. A. Orton read John 17 after which the Lord's prayer was presented in unison and Mrs. Orton reviewed the seventh and eighth chapters of the study book. Questions which were presented to those attending were answered and an explanation of "Why Madras" was given by Mrs. Orton. The business session was conducted by Mrs. L. F. McDaniel. Attending were Mrs. D. S. Buckner, L. F. McDaniel, J. S. Smith, O. G. Smith, O. J. Foster, Hester Williams, A. D. Hasten, H. H. Bratcher, J. M. Nichols, J. M. Deering, C. R. Delphian Day To Be Observed At Fair On Friday

At a meeting of Alpha Mu chapter of Delphian society Friday afternoon in the city club rooms, it was announced that Frank Baldwin, Waco newspaper editor, will address Delphian members and their friends at the state fair in Dallas on October 20 at 1:30 o'clock in the auditorium of the education building. The day has been designated as Delphian day and the Dallas district assembly will be hosted, Mr. Baldwin has just returned from Europe where he made a study of conditions and toured Poland only a few days before the German invasion. The lesson discussion was on "Henny Wadsworth - Longfellow" with Mrs. Garnet Reeves presiding as leader in the absence of Mr. W. A. Breining. Topics on the program were discussed by Mrs. Bob Thompson who presented "An Auspicious Start in Life," Mrs. J. R. Spearman, "College and Possible Careers," Mrs. Roy McMillen, "Auguries for the Future," and Mrs. E. B. Tracy, "Sour Notes in the South." Continuing the program, Mrs. Lee Harrah presented "The Enjoyments of Foreign Travel" after which Mrs. Tom Davall gave "Insights Into Character," "An Educational Recital," and "From Bowdoin to Harvard" were given by Mrs. N. F. Maddux. Mrs. Duval presented "Working For His Educational Theories" after which Mrs. Wiley Pierce gave "Academic Freedom - Past and Present." "Longfellow's Theory of Poetry" was the topic given by Mrs. E. Cary while Mrs. M. P. Downs and Mrs. H. J. Davis discussed "Longfellow's Poetry." Other topics on the program included "Illustrations of Longfellow Poetic Qualities," Mrs. T. F. Morton; "Theories of Poetry Compared," Mrs. Otis Pumphrey; "Art and Religious Creed," Mrs. Fred Thompson and Mrs. Garnet Reeves. Attending were Mrs. J. R. Spearman, Lee Harrah, C. E. Cary, M. P. Downs, H. J. Davis, Fred Thompson, Bob Thompson, Raymond Harrah, Garnet Reeves, Wiley Pierce, O. R. Pumphrey, E. B. Tracy, Roy McKillen, Tom Duval, N. F. Maddux, members; and Mrs. A. G. Averitt, a guest.

Members of seven circles of Women's Missionary Society of First Methodist church will meet this week in regular session. A meeting of circle one is to be conducted in the church parlor Monday afternoon at 2:30 o'clock while members of circle two are to meet in Clara Hill class room with Mrs. A. G. Averitt as hostess at the same time. Mrs. A. F. Johnson, 1900 Ripley street, will be hostess to members of circle three and a meeting of circle four will be held in the home of Mrs. J. C. Payne, 502 North Warren street, at 2:30 o'clock. Members of circle five will meet at 7:30 o'clock in the home of Miss Lillian Mullinax on Monday, Mrs. W. G. Crowson, 412 North Sloan street, is to be hostess to circle six at 2:30 o'clock Wednesday afternoon. Another group meeting on Monday afternoon is circle seven which will convene at 2:30 o'clock in the home of Mrs. J. E. Kirchner, 600 North Gray street.

Marriage Of Miss Heiner And Alvis Erwin Solemnized

Announcement has been made of the marriage of Miss Hellen Mae Heiner, niece of J. B. Hillman of Pampa, and Alvis Erwin, which was solemnized Thursday evening at 7 o'clock in the home of the officiating minister, the Rev. John O. Scott of Central Baptist church. The bride was dressed in black crepe with black accessories. She wore a corsage of red roses. Attending the couple were Mr. and Mrs. J. O. Heiner. The bride was graduated from Fairfield High school. Mr. Erwin, who is the son of Mrs. Pearl Edwin, is employed at the General Atlas Carbon company. Following a short trip the couple will be at home in Pampa.

Rebeka's To Be Guests At Social Affair On Monday

A game tournament followed the regular meeting of Rebekah lodge Thursday evening in the I. O. O. F. hall. During the business session conducted by Etta Crisler, an invitation was presented from the Oddfellows to an entertainment in the hall following the lodge meeting. Present for the Rebekah meeting were Beatrice Howard, Elsie Poronto, Etta Crisler, Mae Forsythe, Zola Donald, Dorothy Voyles, Alva Ganitt, Laura Brown, Helen Langley, Eva Howard, Mary Horner, Velma Dickerson, Irene Kline, Leona Burrows, Pearl Castka, Gatha Summer, Cora Kolb, Pearl Stephens, C. Forsythe, Ned Langley, Fred Poronto, and V. J. Casika.

Miss Talley And Jack Thames Wed At Big Spring

MIAMI, Oct. 14—On Friday, Sept. 29, at Big Spring, Miss Ardena Talley became the bride of Jack Thames of San Angelo, with the pastor of the Baptist church officiating. Mrs. Thames, who is a daughter of Mr. and Mrs. H. A. Talley, was graduated from the Miami High school with the class of 1934 and was that same year named football queen and editor of the school paper, "The Tom Tom." She attended Sellers Beauty Culture college in Fort Worth and has worked in San Angelo for the past two and one-half years. Mrs. Thames spent the past two months in New York attending the exposition and taking a post graduate course in beauty culture. The groom, son of Mr. and Mrs. Olin Thames of San Angelo, was graduated from the San Angelo High school and attended Texas State university at Austin. He is at present employed by the Standard Oil Company at Midland, where the couple will make their home.

Initial Meeting Of Delta Kappa Gamma Held On Saturday

Delta Kappa Gamma society began activities for the new year at noon Saturday when a business meeting and initiation were held in the Hotel Schneider at noon. A luncheon was served to the members following the general meeting. Miss Lila Mae Hastings presided with the new staff of officers.

Neutral Nations To Be Discussed At Public Forum

International relations forum will be held on Monday, October 23, at 8 o'clock in the county court room. "Neutral Nations and the Neutrality Act" is the subject which will be discussed. Mrs. Ernest Caba is to be the general leader.

Intermediates Of McCullough Meet For Regular Session

A meeting of the Intermediate League at McCullough Memorial Methodist church was opened with a sing song service by members of the young people and intermediate groups. Doyle Rogers, president, presided over the regular meeting and Peggy Jo Rogers was leader of the program which included a talk on "Walker Reed by Della Mae Foster, a discussion of Pioneer Nightingale by Juanita Osborne and a talk by Marjorie Gobbie. Intermediates present were Nattie Turbott, Bobby McClelland, Doyle Rogers, Bernice Osborne, Marjorie Rogers, Marjorie Gobbie, Peggy Jo Rogers, Leona McClelland, Juanita Osborne and Della Mae Foster. Adults were Jim Piersall, Jerry Nelson, the Rev. H. H. Bratcher, and A. D. Hasten.

Mrs. Frantz Named Honoree at Bridal Shower Recently

Complimenting Mrs. D. M. Frantz, who is the former Miss Jessie Marie Gilbert, a miscellaneous shower was given in the home of Mrs. L. P. Ward with Miss Katherine Ward and Miss Laurene Jones as hostesses. A color motif of yellow and blue was stressed in the decorations. An arrangement of yellow chrysanthemums centered the table upon which the gifts were placed. A recipe book containing the favorite recipe of each guest was presented to the honoree. Present were Mrs. L. P. Ward, Mrs. J. E. Gilbert, Lillian McNutt, Vera Lard, Mildred Lafferty, Dee Polson, Madeline Murray, Mildred Bechham, and Sarah de Woody. Gifts were sent by Veda Lee Olson, Christine Cecil, and Myrtle Simmons.

Panhandle P-TA Unit Has Meeting

PANHANDLE, Oct. 14—Mrs. M. C. Davis, membership chairman of P-T-A, reported a membership of 156 at the close of the two-weeks drive. Mrs. Clara Cornelius' third grade won the \$1 award for having the largest representation of parents according to the number of pupils in class. Mrs. Cornelius has 20 pupils and 40 P-T-A members. Miss Zaida Bell, Walker's fifth grade, Miss Ewing's second grade, and Mrs. Cornelius' grade tied for the largest representation of fathers. This year's membership shows an increase of 56 over last year.

Eighth District P-TA Units Have Panel Discussions

By KATHERINE SIMMONS
 What is the real purpose of the Parent-Teacher Association? How can the Parent-Teacher Association be of service in the public relations program? Such questions as these and 15 others were the basis for the panel held last Saturday in Amarillo by R. A. Selby of the Amarillo schools. Participating on this discussion were the following administrators from Amarillo, Canyon and Vega: Charles M. Rogers, Miss Ola Boyles, A. B. Hayes, J. B. Speer and A. R. Castleberry.

Mrs. Lewis Goodrich, parliamentarian for Eighth District, attended the Institute held in Amarillo Saturday for Oklahoma, Potter, Randall, and Armstrong counties. Mrs. Goodrich contributed to the round-table in the morning session when Mrs. Wes Izzard led 17 presidents in discussion on the local unit package.

The weatherly unit of Borger Parent-Teacher Association convened October 11, for the first monthly meeting of the year.

Mrs. E. F. Cross, district vice president for Wheeler, Hemphill, and Lipscomb counties, assisted by Mrs. Paul Trenfield, president of Lipscomb County council, held a Parent-Teacher Institute at Higgins, Tuesday. Joining in greeting the assembly was R. L. Snider, superintendent of schools at Higgins.

The morning feature was the round table on the local unit package led by Mrs. Lewis Goodrich, district parliamentarian. This discussion served as a clearing house for delegates present with unsettled questions.

J. L. Hill, superintendent at Fallett, led the panel composed of school heads from Wheeler, Hemphill and Lipscomb counties, Tuesday. J. L. Hill of Fallett, H. W. Dean of Darrrouzett, H. A. Roberts, elementary principal of Booker, Miss Shearer, representing Canadian, and Mrs. Percy of Lipscomb. The topic for discussion was chiefly on the theory that informed parents became interested parents. Worthwhile projects were brought out.

The Lipscomb County council convened in Higgins last week following the institute held here.

Mrs. C. T. Hunkapillar, president of Eighth District, made her report on the National convention in Cincinnati of last April at Amarillo last Saturday and in Higgins Tuesday. Mrs. Hunkapillar is listed on the program to be held in Memphis Saturday.

Twenty-seven units were represented at the Amarillo institute. At the Higgins meet, nine associations sent delegates to bring back the message of inspiration and practical ideas and plans which characterize Mrs. Hunkapillar's report. Five presidents and one principal were present.

The spring conference for District Eight will be held in Memphis in the month of April. Mrs. D. L. C. Kinard, fifth vice-president of this district, and W. C. Davis will be hosts to this conference. The E. M. Baker Parent-Teacher Association greeted Mrs. Wes Izzard of Amarillo Tuesday with an assemblage of 165. All local units of Pampa were represented. Mrs. Izzard held the school of instructions for this unit. Mrs. H. E. Symonds is president and Mrs. Jess Beard is program chairman of the B. M. Baker unit.

Mrs. T. F. Morton, council president of Pampa, paid tribute to the Texas founder, Mrs. Ella Carruthers Porter. The faculty was present 100 per cent.

American Catholics Will Enrol in World Mission Crusade October 22

(Above) A missionary sister instructs her orphan charges in New Mexico. (Upper right) A doctor-priest introduces dentistry to a Nigerian native. (Lower right) Bishop Gabriel Breyant, of Mackenzie, on his way in the Canadian Northwest.

WITH Christianity on the defensive even in so-called civilized lands, America's 22,000,000 Catholics will enrol on Mission Sunday, October 22, in a 20th-century crusade. Where world politics permit, they will be joined by 400,000,000 co-religionists elsewhere.

The enrolment will be conducted in the U. S. A. by the Society for the Propagation of the Faith, of which the Rt. Rev. Msgr. Thomas J. McDonnell, New York, is national director, with local directors in America's 110 dioceses.

The crusaders in the mission field, whom the Society helps to support, number 266,025 men and women. Though their only weapons are faith and a love of their fellow-men, they share the risks run by real combatants. Some have died in the bandit dens in Mongolia; others in the leper hospitals of Africa. All urgently need assistance.

The Wheeler County council, brought delegates and acted on the panel. "Give the men something worthwhile to do and you can keep them away from Parent-Teacher meetings," said Mrs. Candler at the Higgins Institute.

The Tri County council met Saturday with Mrs. Karl Rippl presiding in the high school auditorium. Luncheon was served in the cafeteria, following the executive council met at 11:30 o'clock and the meeting at one o'clock.

Greeting representatives from four counties in Memphis were Mrs. W. B. Gilmore, president of the city council of Memphis; Mrs. W. D. McCool, president of the Hall county council; Noah Cunningham, president of Memphis High school; and Miss Gilreath, superintendent of Hall county schools.

Mrs. D. J. Morgensen led the round table on the local unit package at the morning session in Memphis Saturday. Contributing to the discussion were presidents of all units, local, city and county: J. Whittless, Donley, Broscoe and Hall counties.

Mrs. W. C. Davis, superintendent of the Memphis schools, led administrators from the four counties in a panel discussion on policies and programs.

Mrs. Keahey Gives Review Of World H. D. Conference

Mrs. H. H. Keahey presented a summary of the world conference of home demonstration women in London at a recent meeting of the Gray County Home Demonstration Council in the office of Mrs. Julia E. Kelley.

"This is an international organization with a membership of 31 nations whose object is to promote and maintain the friendly well-being of its neighbors and also to encourage the formation of such organizations," Mrs. Keahey quoted from Mrs. J. L. Morris, delegate to the convention.

"They sailed on the Queen Mary 247 of our own group and 50 others from Boston. Five national organizations and 18 states sent voting delegates. New York was second with 19 and one county in Vermont sent their home demonstration agent and council chairman. The five national organizations, The American Farm Bureau, Farm and Garden, Master Farm Home Makers, The Country Gentlewoman, and the National Home Demonstration Council were well represented.

"There were in all about 90 foreign countries and dominions represented at the conference. They were invited to give a review of their native industries and were introduced in their native language. Mrs. Alfred Watis, president of the A. C. W. A., opened the meeting in three official languages, English, French, and German. Some of the prominent people invited to talk at this convention were Nora Wann who wrote "Reaching to the Stars," Douglas Fairbanks, Lady Ashley, and Lord Alfred Tennyson, III.

"Sir Alfred Howard of England, agricultural agent, gave a review of modern agricultural developments of England, which seem very antique in comparison with our modern machinery. Administration of health service in rural centers is very useful. In France they do not wrap the bread.

"Lady Astor of Virginia explained, 'England looks upon us as her children.' The English speak perfectly. They invited us into their homes," Mrs. Morris continued.

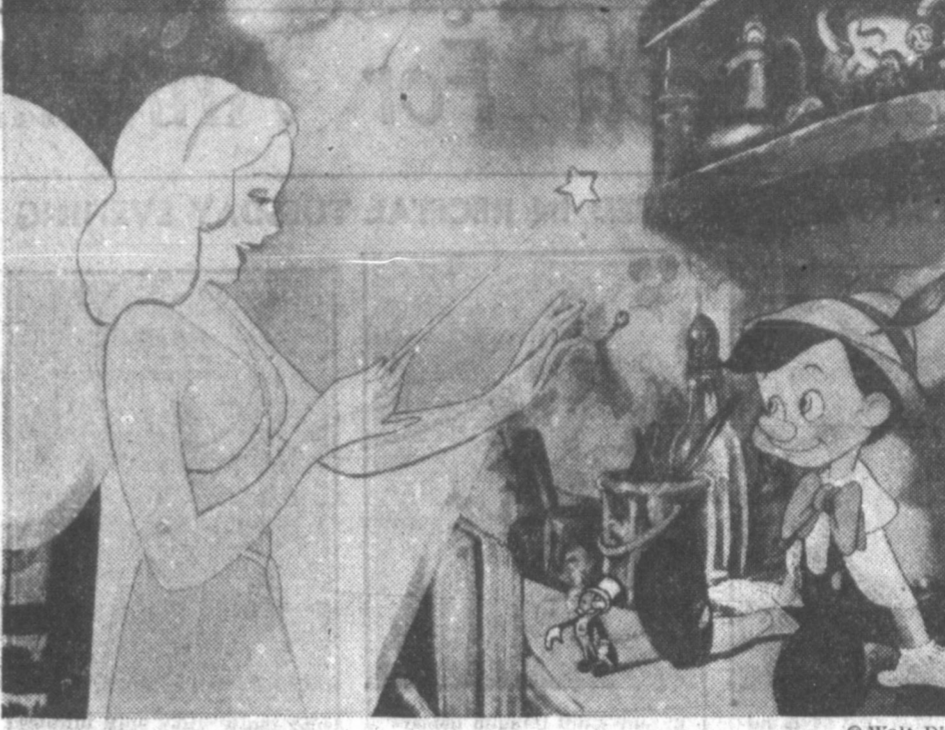

The next meeting of the Country Women of the World will probably be held in Holland in 1942.

A report was given from Miss Mary Keahey, home management specialist at A. and M.

Members Of Home Making Class Have Party For Mothers

Special To The NEWS
 GROOM, Oct. 14—Home Making III class of Groom school entertained mothers of all three classes of girls and the boys class.

Maxine Black, president of the class club, served as hostess. A short program which consisted of an accordion solo, "The Cuckoo Waltz," by Maurine Pool, and a reading by Alfred Lehnick was given.

The table was covered with a white linen table cloth centered with a large crystal punch bowl surrounded by red castor beans.

Refreshments of cheese and tuna fish sandwiches, punch, and cookies were served to Mesdames Dillard, John Fraser, McDowell, Mary Kuehler, Mat Kuehler, Robinson, John Hill, Shies, Slay, Dickerson, Gill, Dalton Ford, Chrammer, Bert Bural, and the teachers, Mrs. Ford, Mrs. Clark, Mrs. Foster, Miss Haney, Mrs. Johnson, Miss Truner, and Miss Kiser.

THREE-IN-ONE KITCHEN CHAIR

Kitchen furniture that answers more than one purpose is ideal for the tiny kitchenette. One manufacturer combines ironing board, step-ladder and chair all in one sturdy-constructed, good-looking piece, finished in white enamel with colored trim.

The ironing board is well-shaped and, when not in use, forms the chair back. Steps on the ladder section have rubber treads to prevent slipping.

Norma Jean has been added to the personnel of the "Toy Beauty Shop." She invites her friends and patrons to visit her in her new location.

MODERN MENUS

By MRS. GAYNOR MADDOX
 Low cost menus can be a high adventure. Study your markets for best buys, search cook books and take an inquisitive glance at the meals good cooks in the neighborhood serve.

These special menus are very low in cost although well balanced and interesting: (1) Pan-broiled chopped beef, mashed potatoes, buttered beans, bread and butter, tapioca cream. (2) Veal fricassee with onions, boiled potatoes, coie slaw, bread and butter, chocolate loaf cake. (3) Steamed fish fillets, fried potatoes, chopped spinach, bread and butter, steamed rice pudding.

Braised short ribs are always successful in the low cost menu.

Braised Short Ribs of Beef With Vegetables (Serves 4 to 6)
 Two to three pounds short ribs of beef, 2 teaspoons salt, 1-3 teaspoon pepper, 12 small onions, 4 potatoes, 4 carrots, 1/2 cup water.

Wipe beef with damp cloth. Brown on all sides in a heavy pot. Cover and cook over a very low flame 1 to 1 1/2 hours. Add salt, pepper, vegetables and water. Continue slow cooking for about 45 minutes or until vegetables are tender. Gravy may be thickened if desired.

Dried Beef Shortcake (Serves 4 to 6)
 Four teaspoons butter, 4 tablespoons flour, 2 cups milk, 1/4 cup evaporated milk and 1 cup water, 1/2 pound dried beef, shredded, salt, if needed, and pepper, baking powder biscuit dough.

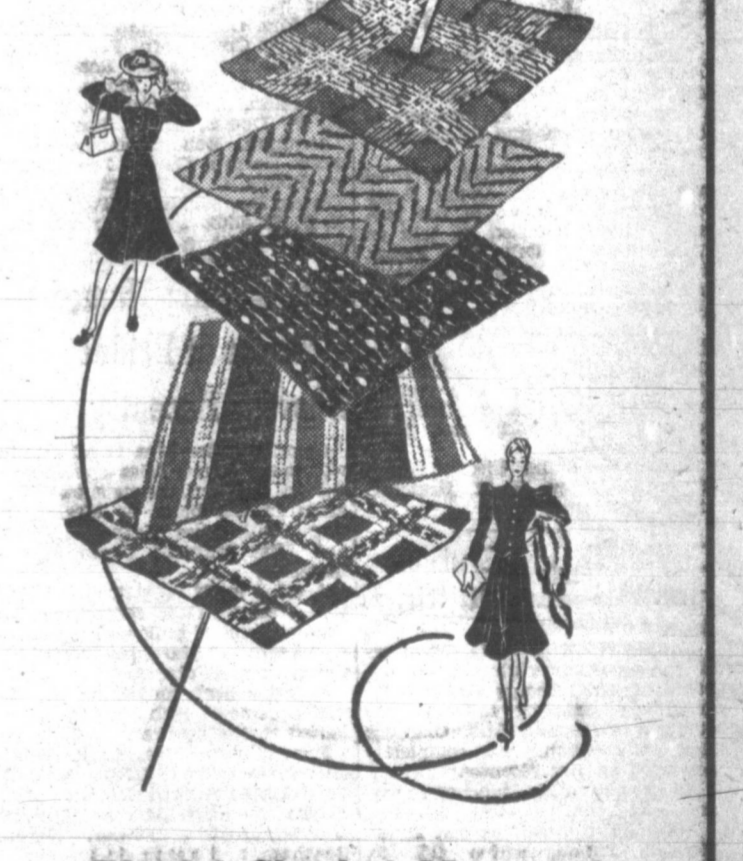

Roll and cut dough into large biscuits, place on a cookie sheet and bake 12 to 15 minutes in a very hot oven (450 degrees F.). Melt butter, add flour, and stir until mixture bubbles. Add milk gradually and cook, stirring constantly, until the sauce thickens. Add the dried beef, mix, and season to taste. Split biscuits, fill and top with creamed mixture.

PANCAKE SPREAD
 Spiced blueberry jam makes a delicious spread for hot, buttered pancakes. Currant and raspberry jams are also good.

No mail orders accepted in localities served by carrier delivery.

An Independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those which it believes to be wrong, regardless of party politics.

Go To Church Today Today is Go-to-Church Sunday. In all the churches of Pampa today overflow crowds are expected as a climax of a laymen's campaign conducted for the past two weeks by newspaper publicity, essay contests, radio addresses and speakers in the schools and civic clubs.

It is to be hoped that the expectations of the pastors and lay church workers will not fall short. Aim of the campaign has been to create a desire on the part of everyone to attend at least one service today in the church of his choice.

Of course, the ultimate hope of all connected with the back to church movement today is that those who attend today will find an inspiration that will cause them to become a regular attendant at church.

There is much good to come from church attendance and church affiliation. It builds a Christian influence in the home that is particularly beneficial when there are children in the home.

There is no greater moulder of men and women than a Christian home. It would seem that it is not asking too much that we spend one or two hours out of 168 each week in worship.

Particularly is it not asking too much when we stop to consider that the individual church-goer is the one who received greatest benefit from church attendance.

So, let's go to church today—and every Sunday.

Prices And War One immediate result of the outbreak of the war in Europe has been a sharp and sudden rise in the wholesale prices of many basic commodities. After current stock in the hands of retailers are exhausted, the increased cost must be felt by the consumer.

It is the government's hope to prevent price-profiteering. But, as any economist can tell you, prices must inevitably rise substantially in many fields, even though profiteering is eliminated. This is perfectly natural, on the basis of supply and demand. Nations at war present an almost insatiable appetite for a long list of commodities—grains, dairy products, metals, etc. When consumption takes a great and immediate jump, the sources of supply are strained and price rises follow.

The current situation makes it all the more important to prevent artificial and avoidable increases in prices, both wholesale and retail. As a specific case in point, those various existing "anti-consumer" laws which encourage price-fixing, discourage honest competition, and attempt to hamper the efficient distributor in order to aid the inefficient, may be cited. To an extent never before, laws of this character menace the millions of hard-pressed American families, to whom making both ends meet is a difficult problem.

In other words, let real, unhampered competition do all it can to hold prices to fair and natural levels, for the benefit of the consumer.

The Nation's Press

TURNING INTO A RACKET (Daily Oklahoman)

A certain section of the public is always ready and willing to be spooled, if a program has an attractive sounding label.

About a dozen years ago an enterprising writer stumbled onto the fact that books and articles that scare consumers into a pole grip either find a ready sale in the publishing markets, and works of this type sometimes get into the best seller class.

There's enough truth back of this uproar to make the crusade look convincing to the superficial customer. It is true that a few manufacturers and purveyors have worked off inferior goods at profiteering prices. But the job of warning the consumer has become such a big racket that it's time for another crusade to warn purchasers against being taken in by the phoney research and garbled statistics of some of the alarmists-for-revenue-only.

The racket has gotten to such an extreme that some of the promoters aren't satisfied with merely warning consumers against impure or exorbitantly high-priced goods, but are now condemning the "capitalist system" and saying that the whole American business structure is fraudulent and should be abolished in favor of a Socialist regime.

They have wormed themselves into educational groups and in some public schools the children are being taught that all business is dishonest and that advertising of commodities is a waste and mainly untruthful, though their own parents, in many cases, are a part of the "system" that is being so roundly condemned.

Just a little common sense would knock this contention into a cocked hat for there are publications that guarantee every use of advertising that appears in their columns, and make good any false claims. Their clients include probably at least 95 percent of all national advertisers who, in turn, are closely interlocked with local advertisers, better business bureaus, truth-in-advertising committees and other individuals and groups, so that the consumer is getting better protection every year.

As to the economic value of advertising, there can be no question of it, for it is the greatest factor for educating to a higher standard of living, which, in turn, is the mainstay of prosperity. It has been proved that quantity production, made possible only by advertising, lowers the price to the consumer.

Sharing The Comforts Of Life

By R. C. Hoiles

WHAT'S LEFT OF THE CONSTITUTION?

We have changed the Constitution of the United States so much that we have eliminated some of the most essential safeguards originally guaranteed to every citizen so that those that are left are not very effective.

I have just re-read the Constitution in order to see how it has been changed.

Under Article 1, Section 1, "All legislative powers herein granted shall be vested in Congress of the United States." This section has been violated repeatedly. We now have the Wagner Law and the Minimum Wage and Hour Law which gives an administrator the power of being prosecutor, judge and jury. The Wage and Hour Law Board has repeatedly changed their rulings. They have become legislative.

Section 2 of Article 1 says that "representatives and direct taxes shall be apportioned among the several states according to their respective numbers." This has been changed by the Sixteenth Amendment.

Section 3 states that "Senators shall be chosen by the State legislatures." This has been changed by the Seventeenth Amendment so that they are elected by direct ballot.

Section 8 says that "Congress shall have the power to collect taxes, duties, imposts and excises." It says "all duties, imposts and excises shall be uniform throughout the United States." This uniformity part of the Constitution has been changed by a ruling of the Supreme Court and the Sixteenth Amendment, permitting taxes to be laid on incomes and permitting them to be graduated or progressive, rather than uniform. This probably is the most discriminatory and most harmful of all our changes in the Constitution and probably has had as much influence in causing unemployment and a killing of the progress we continuously made before this part of the Constitution was made void as any of the other changes.

The same Section also provides that "Congress shall coin money and regulate the value thereof" and provides for the punishment of counterfeiting. By nonfeasance, Congress has permitted the banks to misuse credit and, thus, failed to regulate the value of money. It has also, by nonfeasance, permitted them to counterfeit credit so as to have the same effect on values as counterfeit money would have. This nonfeasance, as to this part of the duties of Congress, has had a great deal to do with our present stagnation and depression.

Congress also was empowered to call forth the militia to execute the laws and suppress insurrections. Congress has failed to do this and, by intimidation and violation of the law of respect for other peoples equal rights, labor unions such as railroads, have been permitted, by insurrection, to deprive each and every citizen of his right to the pursuit of happiness.

The Constitution has been violated from its intent of preventing any state from levying a tax on exports from the state. A severance tax on any commodity that is largely confined to one state is in reality a tax against the other states. This is in violation of the spirit of the Constitution.

The Courts have permitted the state and federal government to make ex post facto tax laws retroactive. This is in violation with the spirit of the Constitution.

These changes and amendments of the Constitution have created classes, prevented men of genius from being able to use their talents so as to reduce the cost of living, as they were able to do before the Constitution was changed beginning 26 years ago. We drifted for 15 years under these changes without realizing the consequences. 10 years ago, the crash came and we have not been able to extricate ourselves from the crushing effects of violating the fundamental principles protecting free creative initiative established by the Constitution.

ROOSEVELT AND OLSON ARE RIGHT

Seldom do I agree with anything that Roosevelt or Olson say on political and economic questions. Here, however, are a couple of quotations regarding the Ham and Eggs initiative, on which, I think, these men have sound ideas. I quote:

PRESIDENT ROOSEVELT — "The \$30 weekly pension plan can be described as a short-cut to Utopia. It represents nothing else than a tax on all the people. It would fall more heavily on the poor than on the rich."

GOVERNOR OLSON — "I would be false to my own conscience and sense of duty if I failed to here express my belief that this measure would fail to achieve its objective, would disappoint the hopes of its supporters, and would retard instead of aiding our progress to a better economic order."

If men with as visionary ideas as Roosevelt and Olson can understand that wealth cannot be created by printing warrants, it certainly should be evident to most any person with any practical experience at all.

Behind The News Of The Day

By BRUCE CATTON

WASHINGTON, Oct. 14—Out of the present work of the Dies Committee on Un-American Activities there will eventually come the most determined move yet made in this country to drive the Communist party out of existence.

With it there will be a companion move to destroy the German-American Bund as well. But the main program is aimed at that Communist party, if for no other reason than that its activities and influence have been greater.

Congressman Martin Dies, chairman of the committee, has been putting together an amazingly detailed picture of Communist work in the United States.

With all of this as a background—and it makes a far more factual and effective background than anything the committee has dug up in previous years—legislation will be introduced in Congress early in January which, if passed, would either destroy the party in the United States or reduce it to impotence.

WOULD BARE NAMES OF MEMBERS

In substance, according to present plans, this legislation would compel any organization to file periodic reports with the Secretary of State, giving the true names of all of its members and officers and presenting a complete statement of its finances.

With such a law on the books, and with the public

NEW FACE IN THE SENATE

Around Hollywood

By ROBBIN COONS

HOLLYWOOD—There'll never be another like "Uncle Carl" Laemmle, the movie pioneer now gone. Concerning Patrolman West, Delbert Brown's midge racer, O. E. Coons' missing face teeth.

Coach Mitchell is more than glad that C. D. West, state highway patrolman, is an avid Harvester fan, because the officer is a first aid expert, and the way his hands can loosen up a sore muscle or ligament amazes the boys. Harvesters he has worked on have nominated him as their favorite doctor. West is very popular with the team. Pete Dunaway who had to work yesterday came back with Patrolman West who keeps Pete's muscles in tiptop shape. Last Sunday, Delbert Brown, owner and driver of the racer, took it to Oklahoma City and finished in the money three times. Brown was hailed as an up and coming midge racer. He built the racer in the Standard Food garage, owned by his father, F. S. Brown. His mother and his wife have become enthusiastic fans of midge racing.

When they call in the President of the United States, they must be speaking, to some degree at least, of an honorable peace. —SEN. E. J. JOHNSON (Dem., Colo.)

More than ever it is necessary that the breach dividing labor be healed and that there be one organization of workers in the United States. —DANIEL J. TOBIN, A. F. L. labor leader.

The world must be freed from the continual threat of war. —GEN. Wladislaw Sikorski, new Polish premier.

Ancient Rome had a law which allowed a man to avoid a lawsuit after insulting another. He merely had to hand the injured man a sum of money equivalent to 25 cents to prevent him from taking the matter to court.

The only trouble with such lists is that by no means all of the front-organization people are Communists, and that the Daily Worker recipients include a number of stout anti-Communists who read the paper merely to see what the party is up to—to say nothing of some who have been receiving the paper without having subscribed to it and who toss it unopened in the wastebasket.

For instance, a copy of the Daily Worker has been going to Senator Nye regularly. His secretary recognizes it in its wrapper, by now, and drops it calmly into the wastebasket without opening it. Another who gets an unsolicited copy regularly is Senator Capper; he occasionally reads it to see what the radicals are up to. Still another who gets it is Congressman Jerry Voorhis, who is himself a member of the Dies Committee and who is about as confirmed a foe of Communism as Congress contains.

So that to publish a list of congressional recipients of the Communist newspaper, with the inference that people on the list were Communist sympathizers, would be to convey a completely misleading impression.

The report will not down, however, that there does exist—somewhere—a list of actual party members in the government service. This report has it that the list was drawn up a year or more ago by none other than J. Edgar Hoover, and that it is tucked away somewhere. The Justice Department says it knows of no such list.

But Dies does have a list. Dies does have a tolerably accurate list of government employees who have been active in various Communist-led "front" organizations is certain. In addition, he has a list of senators and congressmen who have been receiving the Daily Worker, official party newspaper.

Tex's Topics

By Tex DeWeese

IT'S ALWAYS difficult to tool your own horn, and more times than not it is in extremely bad taste. . . . Somebody once said or wrote, however, that if you do not tool it yourself, it is a lead-pipe club that nobody will do it for you. . . . That so-called truism does not always live up with the facts in the case.

For instance, Mrs. Emma Turney, who is 78 years of age and resides one mile west of White Deer, is a subscriber to more than 20 magazines, three weekly newspapers, and three daily newspapers. . . . And, out of all of them, she says, she gets most pleasure in reading The Pampa News.

NOW, FOR those of you who do not know Mrs. Turney, we are told that to have her say that about you is just about the grandest compliment anybody or any newspaper could receive. . . . Mrs. Turney, who incidentally is one of The Pampa News' very fine subscribers—she has been a subscriber for more than 10 years—it became a daily—does not indulge in idle talk. . . . When she says something she means it and has good reasons for saying it.

Mrs. Turney likes The Pampa News, she says, because it has what all newspapers are supposed to have—a lot of news—and because she adds, "it's human." . . . Then, of all things difficult to report in this column, she reports that the very first thing she reads in The Pampa News is this column. . . . She says she likes it best of all the features in all her 20 or more magazines, her other daily papers and her other weekly papers. . . . That is the finest thing I ever have had said about anything I have written, and I appreciate that, too.

NOW, THE strangest thing about all this is that Mrs. Turney and I never have met. . . . I have very definite ideas about her and she, I am told, has very definite ideas about me—how I appear, the color of my eyes and hair, stature, and all that—you know how you picture someone you've never seen. . . . But, here's something else—we're going to meet, and before long. . . . I'm going to make it a point to call on Mrs. Turney in the very near future.

Mrs. Turney first began taking The Pampa News in the long, long ago when it was edited by Joe Smith as a weekly. . . . She has resided on the ranch near White Deer for some 30 years. . . . She came to the Panhandle from Iowa. . . . With her on the ranch now is her daughter, Mrs. Stacey Hansen. . . . I never knew it until yesterday. . . . Mrs. Turney also was one of my most ardent listeners when I did a daily radio newscast. . . . One thing about Mrs. Turney, when she's for you, she's really FOR you. . . . There's nothing half-way about it.

SO, THANKS to Mrs. Turney for all the nice things she has said about The Pampa News. . . . We try to make this newspaper a family newspaper that will be enjoyed by every member of the family. . . . Most of the time we fear that we fall short of that aim and then get word that somebody like Mrs. Turney thinks we are doing all right, and it serves to inspire us anew with efforts to make The Pampa News the kind of a newspaper you want it to be.

The week of Oct. 22 to 29 has been proclaimed National Hearing Week by the President. It is a period during which physicians and others interested in the cause of hard hearing will devote themselves to emphasizing the prevalence of deafness and the need of discovering impairment of hearing in children as soon as possible. The problem of educating and rehabilitating those who have already become hard of hearing will be given special attention. Some can be helped by modern technique in lip reading and others by using a suitable hearing device. Experts estimate that there are from six to ten million people in the United States afflicted with hardness of hearing. They may be divided, as Dr. Gordon Berry points out, into two groups: those that are deaf, which means that they may have suffered a marked hearing impairment early in life before they learned to talk, and those who developed impairment of hearing as they grew older.

It is important to find out as soon as possible whether or not a baby can hear. Frequently the nurse is the first to discover the fact that the child has impaired hearing. A child that does not hear well uses its eyes more than one that does. He finds no enjoyment in the use of a rattle or in other kinds of noise-making devices, and will not respond to spoken words unless there is movement associated with the speaking.

There are three important causes of hardness of hearing in infancy. In the case of heredity the child is born deaf. There is apparently a tendency in certain families for the inheritance of a constitutional structure which causes loss of hearing.

Another cause is the development of any severe toxic disease or of any other type of serious poisoning which may paralyze the nerve of hearing. Such paralysis may be associated with meningitis, scarlet fever, mumps, syphilis, or occasionally with measles, influenza, or diphtheria.

Excessive doses of quinine, particularly in the case of a sensitive person, may cause some loss of hearing. A sudden, extremely loud noise or a violent blow on the ear may produce degenerative changes which may result in deafness.

In addition to the infectious

News Clearing House

"It is so much to enter that which is sincerely believed to be true, and that his unit of influence to all other units of influence, and let the results work themselves out."—Spencer, Contributor asked to confine their articles to 400 words.

Pampa, Texas.

I wish to take this opportunity to express my appreciation for those splendid editorials you have been publishing on the war.

Of course, war can accomplish none of the idealistic goals that men are persuaded to die for! War is so futile, such a terrible waste of life and property—such a loss to the progress of civilization itself. How can governments fail to see that another period of world chaos will never bring freedom or democracy lasting everywhere?

I am especially grateful to you for pointing out the fact in a recent editorial that the seat of the trouble goes back to the treaty of Versailles which ended the last World War. Too many people fail to see the reason behind Germany's vengeful craving for expansion. If the Allies had not squeezed her so tightly Germany would not have been building a spirit of hate and greedy revenge for twenty years.

Now it looks like both sides have recovered sufficiently that they are prepared to repeat the same old cycle again. Yes, it's like you said in your editorial—this war will end sometime, and what will it have accomplished, but the consensus of opinion will only pave the way for another German leader to rise up and lead them to do it all over again within another 25 or 30 years.

Will it forever be impossible for the nations of Europe to give each other a fair chance? The people of the United States must be made to see that BOTH SIDES ARE WRONG. If enough people are made to see the senselessness of war, the United States can stay out of it. The press and the radio are the greatest moulders of public opinion.

Can't you do even more to counteract the one-sided propaganda which we see so everywhere? Lots of people read the headlines who do not see the editorials. Maybe you could write to other newspapers, or the Associated Press, and influence them to more and more present both sides the same and to appeal to the people to be open-minded and fair. You can at least help to influence the people of Pampa and vicinity. We have been made conscious of the necessity for safe-driving through the 20 Club and the newspaper. If enough publicity is given to it, people will see these other things, too.

A majority of the people will come to believe what they see in print often enough. Advertisers know that, and propagandists know it.

And so again—I thank you for your fair-minded editorials, and please do all you can to mould the minds of the people for peace. When enough people think so, we can keep from having wars—but not until. Sincerely, A Friend Who Hates War.

Yesteryear In The News

TEN YEARS AGO TODAY Initial steps toward the formation of a municipal chorus were begun under the auspices of the Twentieth Century club at a meeting of the club committee and Thomas Fannell, director for the organization.

Bids were to be received on bonds in the amount of \$238,000 after which work was to begin on the fire station and city hall.

FIVE YEARS AGO TODAY Scout Executive C. A. Clark went to Spearman to be present at a rally and court honor for Scouts of Spearman and Morse.

The football situation in District One remains unchanged over the week-end except for placing the Amarillo Sandies in a stronger light and on a par with the Lubbock Westerners.

Negro Civic Club Will Hold Meeting

A special meeting of the Men's Civic club will be held Tuesday, Oct. 31, at the negro school building for the purpose of outlining and explaining objectives of the club. The meeting will begin promptly at 8:30 o'clock p. m.

All adults of the city are urged and invited to attend. Light refreshments will be served. Sponsors and organizers of the club are urging all eligible men to attend the luncheon.

Officers of the club are as follows: R. D. Pullins, president; Luis Jenkins, vice-president; Herbert Hodges, secretary; Elmo Harris, assistant secretary; Odos Scott, chairman of the membership committee; Lee George Kirby, usher; E. C. Battle, treasurer and chairman of the social committee.

Pampa Boy Elected Senior Vice-President

CANYON, Oct. 14 - Louis Cole of Pampa was recently selected without competition as vice-president of the senior class at West Texas State college. Cole has been active in many campus organizations and now is president of Epistol Beta, social club for men. He also is a member of Alpha Chi, scholarship society.

O. E. COONS

(Continued From Page 1)

near Mena, Ark., where his wife and two of his eight children are living at the present time. He can hardly wait until that time comes, yet he admits he's going to miss that daily run and that old slapping of the wheels across the tracks and a lot of other things.

Yep, he'll be glad to get away from those drivers who dash across the tracks in front of his train and who nearly scare him out of his seat and who have given him high blood pressure, but all the same he'll miss that daily run.

Cow Engineer 25 Years

For Mr. Coons has been an engineer on the same road and its extension for 25 years, and is more of an old-timer in this Panhandle country than most of the people in this country. Now whether Mr. Coons will get away from the road after 25 years of bucking sand and wind in the Panhandle is something to report about later, but at any rate he's gone head for that old farm in a couple of weeks, and he don't mean maybe! (And here's a tip to Bill and Jack who are down on that farm right now, you better get to straightening things up, and have things running as smooth as a shingle like a new locomotive when Dad arrives.)

Yep, it's likely that Mr. Coons is going to like it down in Arkansas, but he's going to leave a lot of his heart out here. You can't live in a country 25 years and expect to take all your heart away with you.

To Cheyenne In 1911

For instance, he won't ever forget when he lived at Cheyenne, Okla. and at Clinton, Mo. It was at Cheyenne that he landed when he made his first trip to the Southwest. That was in 1911. Mr. Coons had a brother who was doing pretty well farming near Cheyenne, so Mr. Coons who had been railroading for about 10 years bought a farm six miles south of Cheyenne and the Coons family moved there from Wisconsin.

They lived on the farm near Cheyenne about three years and the most memorable event in their family life during that time was the birth of Russell who was employed in the composing room of the News for several years. Bud, another brother also worked for the News as a compositor.

Something happened that jerked the Coons family off the farm. The "cow" built to Strong City, seven miles east of Cheyenne, and everybody began saying that Cheyenne was built a railroad of the county seat, and Strong City and her backers thought they had that old Roger Mills courthouse as good as grabbed. But they hadn't by a dang sight.

Short Line Built

Cheyenne's fighting blood was aroused and they said if the Cow won't come to Cheyenne, Cheyenne will go to the Cow. So they voted \$60,000 worth of bonds (water bonds) and built a railroad of the county seat, and Strong City and her backers thought they had that old Roger Mills courthouse as good as grabbed. But they hadn't by a dang sight.

Year in Indiana

In 1917, the year the U. S. entered the World War, they were paying big wages in the East, and Mr. Coons went to Terre Haute, Indiana, and hired to the Vandallia line as a stationary engineer in a shop, but was called back to the Cow line within the year. However, not before Raymond Coons who now lives at Phillips was born.

Mr. Coons continued to work on the Great Northern railroad at Cheyenne until 1929 when the Santa Fe took it over after having extended the line into Pampa. Mr. Coons was engineer on the first train over the new line. He was on a steam train until 1932 when the Santa Fe put on the motor car which has been dubbed "the bug". The motor car runs daily throughout the year except during the wheat season when the crew of the engine operate a steam train again. Since 1929, Mr. Coons has lived half the time in Clinton and half in Pampa, every other night he stays in Pampa, and the intervening night in Clinton.

So You See the History of the Cow Line is Almost the History of O. E. Coons, and you can see it has not been all roses.

It certainly wasn't all roses the day the "bug" with all its rollers crashed into a bunch of turkeys south of Butler and killed 23. He saw the old lady who owned them running pitifully to scare them off but it was grizzling and he tried to stop and equalize 'em but he just went on. They were huddled on the bridge and he just mowed 'em down. "I didn't exactly want to go back and count them with the owner present," he explained.

There are scores of people along the line with whose faces Mr. Coons is familiar; he talks to them and waves to them after but he doesn't know their names. Then, he's all right.

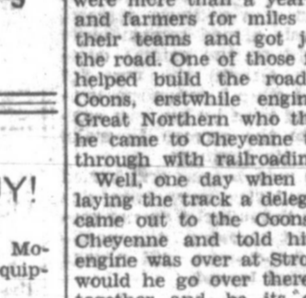

Opened 14 Gates

The Cheyenne Short Line was some road back in 1914. It was seven miles long and there were 14 gates to open, and the townspeople would take their lunch out on a picnic and scoop the sand off the tracks.

The engineer and the conductor who was also president of the road would go up town and take up a collection and the merchants and citizens of the town would chip in and buy coal to keep the road going. There were three employees - Lor Oyle, fireman; Scotty Paik, conductor and president of the road, now dead, and Mr. Coons, the engineer.

It was a great day when Mr.

● SERIAL STORY JOAN OF ARKANSAS BY JERRY BRONDFIELD

YESTERDAY: Keith makes a dash to show Joan the campus. When she goes to pay her fees, Joan meets Dan. There is a long talk about the office. Joan calls a messenger boy to take her things, pay her fees. "You're too damned clever," Dan tells her, as he walks away.

CHAPTER IV THE messenger boy arrived 10 minutes later and Joan halted him. He dismounted and approached, head cocked to one side, one eye squinting in silent appraisal. She had to laugh. "I suppose they've told you what you're to do for me." "Uh-huh, and believe me, lady, we get some strange assignments, but this is the payoff."

JOAN JOHNSON had never been kept waiting by a man in all her life, and when Keith Rhodes hadn't shown up by 10:15 she began to feel annoyed. Just as she decided to leave at 10:20 he drove up.

She sauntered to the car. "I was just about to pack you in for the day, Mister Rhodes," she informed him. "Come to think of it, I'm still toying with the idea." He held the door open. "Quit squawking and get in. Didn't you ever oversleep?" he asked with a grin.

"Fine excuse," she jeered. "Verrry funny. You'll have to work overtime to square this one. But you're forgiven for the time being, so let's get going on that Cook's tour?" They swung lazily around the outer campus drive. "Library."

papers on everything from the eugenics of a beetle to the importance of the Labrador Current. "Fortunately for you," she murmured. "Why not?" And then continuing: "Over there, the law building. Next to it is Menley Hall, seat of the fine arts. That's where some of the classiest dames on campus hang out. Always a half hundred of 'em draped around the steps whenever you go past. Traffic always snarls at that point."

He showed her the commerce college, yet med, medical and dental schools, and the hospital. "Spent a week there last year." "Broken heart?" "Hardly... a Michigan tackle tried to bite my ankle off."

"I think Web hit him so hard on the next play he was out the rest of the season." "Web...? Oh, you mean Dan. He doesn't run with the ball, does he?"

"Nope... Dan can't carry the ball from here to there." They rolled down to a small lake. "Crystal Lake," he told her. "They used to toss freshmen in here before they put in a cement bottom."

He took her over the entire campus—showed her all the buildings and explained why they housed. He took her to the university experimental farms, the stadium, baseball field, and women's athletic grounds.

Joan liked the way he described things. There was a certain eagerness about him, an enthusiasm for living which told her Keith Rhodes was a spirit which never could be dampened. There was a charm about him that was unmistakable and she understood why every girl on the Tech campus was attracted to him.

"LASSES started the next day and the three-hour course in

Rails "Highball," Spend 80 Millions

CHICAGO, Oct. 14 (AP)—America's railroads, given the "highball" by an upsurge in business, have pulled the spending throttle and are pouring more than \$80,000,000 into their property to keep the nation's trade and travel moving.

How much this will mean in jobs is incalculable, railroad men said. Contracts are scattered over a wide range of industries, much of the repair work can be done by crews maintained by individual lines, and the steel mills, sources of new rails, are rolling at capacity.

Nor is this multimillion-dollar spurt caused by lagging operations and depreciation during slump times. Streamlined fleets of trains have been built up during depression years and the roads have spent millions to keep their systems operating properly when income was low.

Railway Age, the carriers' trade magazine, reported \$80,000,000 worth of contracts for supplies and work were placed during September. New building and modernization programs, many of which won't be completed until next year, more than equal that figure.

The industry-wide program of preparedness to handle any size load of new business was begun last month in Washington when rail leaders announced immediate action to put their cars and locomotives in shape.

Preparedness was described by J. L. Beven, president of the Illinois Central system, in a speech to businessmen as "the best insurance against the possibility of government ownership" of the carriers.

The Missouri river is about twice the length of the upper Mississippi. It has been discovered that the Missouri probably would have been considered the principal source, with the present upper Mississippi as the tributary.

Doomed 'Snake Killer' Reads Bible

In Los Angeles jail cell, Robert S. James seeks spiritual comfort after hearing that California Supreme Court has affirmed for second time death sentence imposed on him in 1936 for "rattlesnake murder" of his wife, Mary.

Olsen Asks Court To Act On Billings Case

SAN FRANCISCO, Oct. 14 (AP)—Governor Culbert L. Olson wrote to the California supreme court today urging that the court make a recommendation which would permit him to grant a pardon to Warren K. Billings, serving a life term at Folsom prison for the 1916 preachers' day bombing.

Governor Olson's first official act in office was the granting of a full pardon to Tom Mooney, also convicted of the bombing. He has repeatedly stated his belief in the innocence of both Mooney and Billings, who always insisted they were "railroaded" to prison for the bombing by elements opposed to their labor-leading activities.

Blocking an outright pardon for Billings, however, is the state law which says a governor may not pardon a man with a prior criminal record without the approval of the state supreme court. Billings had a previous conviction against him for transporting dynamite.

The governor's letter urged the court—which there are now two new members recently appointed by himself—to recommend in favor of a pardon, despite an adverse recommendation by the advisory pardon board.

Firemen Speak At First Assembly Of B. M. Baker School

The first assembly of B. M. Baker school was conducted at the school this week with Tom Eckerd and Mickey Chilton of the fire department as guest speakers.

Mr. Chilton pointed out that there is one fire each minute in the United States and he stressed that children should begin early in life to practice safety. Gasoline should not be used for cleaning purposes and all matches and cigarettes should be put out, he added.

Mr. Eckerd discussed the safety of light fuses and demonstrated the danger of using pennies behind the fuses.

Miss Minnie Allen presented a program on "Go to Church." After the group sang "America" which was led by Miss Margaret Williams, the Lord's Prayer was repeated in unison with Tony Jones leading. A skit on "Go to Church" was presented by six first grade students after which the Rev. E. M. Duns-worth of Calvary Baptist church told the story of the boy Jesus. Attending were 510 students and several parents.

Foreign Submarines In Caribbean, Says Islands Governor

WASHINGTON, Oct. 14 (AP)—Rep. Snyder (D-Pa.) returned from an inspection of Caribbean fortifications today with a story of extensive foreign submarine operations near United States soil. Snyder, chairman of the house military appropriations sub-committee, said Governor Lawrence Cramer of the Virgin Islands had expressed the opinion to him that a flotilla of foreign submarines had been in the Caribbean since early August.

Cramer did not name the nationality of the undersea craft. Snyder said, adding there was belief in the islands that they belonged "to a power embittered against British shipping."

Calendars always had wooden pages in Denmark and Sweden during ancient times.
