Authorities Take Drastic Steps To Break Measles Epidemic

ALLIES IN FULL RETREAT, GERMAN CLAIMS

700 Children In Pampa Ill With Disease

Parents Asked To Cooperate In Checking Malady

With an estimated 700 cases of measles among Pampa children, school and health authorities today took drastic steps in an effort to break the epidemic.

The action was decided upon after a meeting of the Gray-Wheeler Medical Society last night at which the epidemic was discussed by L. L. Stone, school superintendent, Dr. Malcolm Brown, city health physician, and other physicians.

As a result of this meeting and the seriousness of the measles outbreak in Pampa and vicinity it was decided to ask all ministers to close Sunday schools to children for the next three Sundays and to ask the parents of all children under 12 to refrain from sending their children to theaters and all other public gatherings for three weeks.

The school and health authorities, Dr. Brown said today, also will seek the cooperation of theaters and other public places in barring children under 12 for the next three weeks.

A new emergency health program also was started in the schools of the city this morning. Teachers in all grades under the Junior high began taking temperatures of pupils and were advised to send pupils home who show any signs of fever.

Children in homes where there is an outbreak of measles must stay home for 21 days. All children out of school more than three days for any reason must have a doctor's certificate to re-enter classes.

Parents of children exposed to measles were advised to take advantage of the "measles modifier" serum which can be obtained from any doctor.

"The measles epidemic in Pampa has grown to serious proportions," Dr. Brown said today. "We cannot urge too greatly that parents and children take the utmost precautions to prevent further spread. The older a measles epidemic becomes, the more serious are the cases."

The city health physician said that many people regard measles as a minor affliction. In cases where an epidemic has run for a long time the cases become more serious and are more likely to develop serious complications that may even result in death, he stated.

Hansford County Delegation Will Visit In Pampa

A delegation of 100 Hansford county residents, accompanied by the prize-winning Spearman High school band, will visit in Pampa Friday morning to advertise the second annual Hansford County Celebration to be held at Spearman on April 25.

The visitors are scheduled to arrive in Pampa at 10 o'clock. They will be met at the city limits by a police escort and city and chamber of commerce delegations. They will then proceed to the 100 block on North Cuyler street where a program will be presented by the Spearman band and Hansford county residents will tell about the celebration.

The program will include a band promenade, roving minstrel show and other entertaining features.

Pampans are invited by the goodwill committee of the chamber of commerce to be on hand to welcome the visitors.

Boys May Apply For Vacancies At NYA Resident Center

With the completion of the renovation of the dormitory of the National Youth Administration's Resident Center for Boys on the campus of West Texas State college, Canyon, the youth personnel will be increased by approximately 20 boys. Harold V. Hamilton, Amarillo Area Director, announced today.

Boys at the Resident Center are offered an opportunity to receive work experience and related training in construction, airplane and auto mechanics, lathe work, riveting, welding, etc. They are paid \$30 monthly from which \$15 is deducted for room, board, laundry, hospitalization, recreational facilities and minor items. From their salary they have \$12 for spending money.

Applications to fill the vacancies will be taken during the next few days and youths wishing to apply for entrance should write immediately the Division of Youth Personnel, National Youth Administration, P. O. Box 2369, Amarillo, Texas.

Dies Candidate For U. S. Senate Seat

ORANGE, April 16 (AP)—Rep. Martin Dies (D-Tex.) outspoken chairman of the house committee investigating un-Americanism today formally announced his candidacy for the senate to fill the vacancy created by the death of veteran Morris Sheppard.

Ardent foe of Communism and Nazism whose investigations have dug into communities from coast to coast, Dies has long been regarded as a possible senatorial candidate in Texas. His announcement was the second one for the special election which must be held before July 9.

First to announce was Texas' 33-year-old attorney general Gerald C. Mann, former Southern Methodist university football star. Names of a dozen other political figures, including Governor W. Lee O'Daniel, have been mentioned also as possible candidates.

In the fall of 1938 Dies first jumped into the national spotlight when the house committee of which he was chairman turned on the heat. He was noted in congress then as an alien-baiter, but the growing interest in alleged Communist and Nazi activities in the United States that year was followed by the passage of a resolution, introduced by the big, blond Texan, authorizing the investigation.

Congress allowed \$25,000 for the investigation. From that day, Dies' name has hit page one with increasing frequency as the activities of the committee stepped up. Many of his hearings were held in Texas, and political observers felt that the resultant home-state publicity might some day assist in a senatorial campaign by the 40-year-old Orange representative.

"In the forum of the senate I will have a larger field in which to fight for these principles on Americanism upon which Texas was founded and to carry on under a commission from all the people of this state this vital work which is essential to the security of our free institutions," Dies said in a statement accompanying his announcement.

He said membership in the senate would "afford me a greater opportunity to secure the necessary senate approval of the legislative program recommended by the committee which must be enacted to safeguard our future against enemies that threaten from within and from without."

Dies announced he planned to start a swing over Texas next week. He will open his campaign at Greenville Saturday at 3 p. m. Following is his statement in part.

Boys Can Profit From Attending All Sessions Of Soap Box Clinic

Pampa boys who attend the meeting to be held at 10 o'clock Saturday morning at the Rex theater won't be subjected to a long-winded program.

The idea is to get as many registrations for the third annual Pampa News-Pampa Lions Club Soap Box derby in as long as possible, and each part of the soap box clinic, of which the meeting Saturday is the first session, will be devoted to giving the boys some brass-tack ideas on how to build their model automobile racers.

There's a wealth of information to be obtained by the boys—if they will simply take this opportunity. Each boy from 11 to 15 years old, who intends to enter the derby, to be held here July 17-18, should not miss a single session of the clinic, which will be held weekly for five weeks.

Last year there were 66 boys who competed in the running of the derby. With the event becoming better known at least double that number should enter the 1941 races.

One-Act Play Rehearses At Canyon Today

Director Kenneth Carman took his high school one-act play cast to Canyon this afternoon to practice on the stage where the play "The Happy Journey," will compete Friday against three other district championship plays. The winning play will represent the Panhandle region in the interscholastic league state tournament at Austin next week.

District championships were won by Tulsa with "El Cristo," Pampa, Crowell, and Spur. Tulsa's play will be staged at 1:30, Pampa's at 2:30, Crowell's at 3:30, and Spur's at 4:30 p. m.

Mr. Carman rehearsed his cast diligently Monday and Tuesday, and will conduct intensive rehearsals the rest of the week. On account of the smaller stage at West Texas State college, he decided it would be better to spend the afternoon in rehearsing on it.

Members of the cast are: Philip Sillcutt, stage manager, who also plays the role of Mr. Schwartz; Mrs. Hohmeyer, service station attendant, and two others; Clara Mae Lemm, Ma Kirby; Wayne Fide, Pa Kirby; Charles Erickson, Arthur Kirby; Dorace Jean Caldwell, Caroline Kirby; Betty Plank, Beulah Kirby.

Last year, Mr. Carman's one-act play, "Overtones," won the district and regional and competed at the state. Local observers believe that this year's play is one of the best he has ever directed. The last time a play directed by Mr. Carman won the state championship was in 1937.

500 Attend Miami Good Will Program

More than 500 persons filled the Miami high school auditorium last night when 50 Pampa business and professional men made a goodwill trip to that city and joined with Miami in presenting an interesting and entertaining program. It was one of the many goodwill trips planned for this year by the goodwill committee of the Pampa Chamber of Commerce.

Nearly every large business house in Pampa was represented at last night's gathering. Next trip will be on Tuesday night of next week but the city to be visited has not been named.

The visitors to Miami were welcomed by E. M. Ballance, superintendent of Miami schools. The Miami high school band, directed by Hugh Harman, then gave an exceptionally entertaining concert.

L. L. Stone of the Pampa goodwill committee responded to the address of welcome and introduced Frank Foster, who acted as master of ceremonies and leader of an enthusiastic sing-song.

Dead, Injured Uncounted In Earthquakes

(By The Associated Press) MEXICO CITY, April 16.—Thousands were homeless and the dead and injured still were uncounted today as the government rushed aid to stricken cities and towns of seven states in the wake of devastating shocks in Mexico's southern earthquake belt yesterday.

Communications were crippled and the full magnitude of the property destruction and human toll, especially in the more remote sections, may not be known for days.

Colima, capital of Colima state, 275 miles west of Mexico City, appeared to be hardest hit of the towns able to communicate with the capital. Governor Pedro Torres Ortiz radioed that half of the city's 15,000 died that half of the city's 15,000 residents were homeless, dead, or injured.

Colima volcano, near Colima, erupted. Governor Ortiz said, kindling forest fires that seriously menaced the shattered city.

Mexico City sustained damage estimated tentatively at more than 1,000,000 pesos when heavy shocks wrecked buildings and started a fire in the industrial area which leveled a square block.

The tremor, which began with violent shocks lasting five minutes in Colima, tapering off in a series of lesser tremors, apparently centered in the historic earthquake center of Chilpancingo, about 50 miles inland from the Pacific coast resort town of Acapulco.

(Chilpancingo is about 700 miles due south of Laredo, Texas.) Destruction and undetermined number of casualties were reported from Chimalalapa, capital of Jalisco state and Mexico's second largest city; Manzanillo, important Pacific coast port; and a dozen other cities across the country—as far east as Matlra in Vera Cruz state which borders on the Gulf of Mexico.

"The master of the U. S. steamer West Munargo reported by wireless that his ship, when off Manzanillo, had been shaken by the quake and that a tremendous cloud of dust was seen to mushroom from the land."

First reports from Colima said numerous smaller towns around the city had been razed and that

Soloists will be Robert Louis Barron, the orchestra conductor, and Clara, pianist.

Compositions that will be those of Mozart, Mendelssohn, Bruck, Grieg, Hadley, and German.

Victim In Spearman Slaying Identified

MARION, Ind., April 16 (AP)—The search for the slayer of a woman found bludgeoned to death near Spearman, Texas, March 20, widened today after the victim was tentatively identified as a former Marion poet.

Sheriff H. L. Wilbanks of Hansford county, Texas, asserted here yesterday that the woman, according to tentative identification, was Mrs. Robert E. Lawrence.

She was known in Marion as Mrs. Leta Frances Murphy, 45, who went to Chicago March 10 for a mail-order marriage. Mrs. Murphy's acquaintances said that she had corresponded with a California man whose name was supplied by a Milwaukee matrimonial agency, and had arranged to meet him in Chicago for the wedding.

Mrs. Murphy sold her household goods before leaving. Later, postcards telling of her honeymoon in Mexico were received by friends here. Mrs. Murphy contributed poems to Marion newspapers and had published a book of poetry.

Sheriff Wilbanks and Deputy L. J. Carter traced the victim's shoes to a Marion store. The sheriff said that the identity was established by Mrs. Murphy's brother, Rolla Pace of Jonesboro, and a friend, Mrs. John P. Williams of Marion, after examining photographs of the body.

The officers left yesterday for Chicago, carrying a John Doe warrant. A man about 50 or 60 years old is being sought for questioning. The woman's body was found in a roadside ditch between Spearman and the Oklahoma border.

Navy Recruiting Officer Will Be Here Tomorrow

A. N. Dearing, navy recruiting officer from Wichita Falls, will be in Pampa all day Thursday to interview anyone from this area desiring to enlist in the United States navy. He will be in offices in the basement of the postoffice.

All navy enlistments are voluntary and the citizens of this county have just cause to be proud of these men as the navy has very high recruit qualification standards. In addition to physical and mental examinations, the navy requires character and employment or school references covering a period of at least two years. Notarized consent of parents of applicants under 21 years of age limits are from 17 to 31 years and all applicants must furnish birth certificate or other satisfactory

Four Members Of Haggard Family, Born In Winchester, Ky., Register

Old-timers of Pampa but still natives of Kentucky, four brothers and sisters, all natives of Winchester, Ky., registered today in the native state canvass for the Top O' Texas Folks Fiesta.

These native Kentuckians are John Haggard, Bush Haggard and their sisters, Mrs. N. L. Welton and Mrs. Rebecca Berryman. They came to the Panhandle years ago with their parents, John Haggard is county commissioner of precinct No. 2.

Kenneth Carman who was the first native of Illinois to register was at The News this morning when the blank filled in by Roy E. Show-

ers arrived. Mr. Showers is a native of Shelby county, Ill., and Mr. Carman would like to know the name of the town he came from.

Roy E. Showers, Jr., was born at Bartlesville, Okla. But where was Mrs. Showers born? We need a blank from her, too—we recognized that copper-plate handwriting of hers, too.

A blank from a member of the Baer family, one of the best-known in this community, was received this morning. The Baer family came to Pampa long before anybody thought of oil being here. Carl H.

Irish Want To Enlist After Nazi Bombing

(By The Associated Press) BELFAST, Northern Ireland, April 16.—The Nazi air force swept across northern Ireland like a tornado last night leaving a wide path of death and demolition through Belfast and smaller towns and even isolated farms of the six counties.

A tour of the worst of Belfast's bombed areas showed that hundreds of working class homes had been shattered in the four-hour raid. Many persons were killed in a direct hit on a bomb shelter.

Several hospitals and churches and newspaper plants were hit by high explosives which fell also on residential and shopping areas, according to an official communique.

Commenting on the aftermath of the attack, the communique said: "The recruiting officers are besieged this morning."

Belfast is capital of northern Ireland, part of the united kingdom. The raiders came over in waves, dropping flares which the ground defenses machine-gunned. At one time the whole sky was lit up with flares drifting earthward.

So extensive were the fires in Belfast and elsewhere that Dublin, neutral Eire's capital, sent fire equipment to aid the fighters in the north.

Work On Underpass To Start Monday

First work on building the Cuyler underpass is due to start Monday. It was announced at yesterday's meeting of the city commission.

The work will consist of taking up the two main line tracks of the Santa Fe, skidding them off to the side and having work on that part of the underpass is done.

When that is finished, the tracks will then be replaced on the original line.

While the work is in progress, the Cuyler street crossing will have to be blocked.

The announcement of the start of construction was made as L. R. Barker of Bell & Braden, the contractors, Supt. C. B. Ashford, Sim Kelley, and Victor Schmidt, district 4 resident engineer, Texas Highway department, all of Amarillo, met briefly with the city commission.

Nazis Admit Blitz Meeting Resistance

Climatic Battle To Decide Fate Of Balkans (By The Associated Press)

Wide-open battle flamed along the entire British front in Greece today, and the Germans acknowledged that Hitler's blitzkrieg resistance was meeting "stubborn" resistance after previously asserting that the Allies were in headlong retreat.

"Our troops are now in contact with the enemy along the whole of our front in Greece," the British middle east command said tersely. It was apparent that a climatic struggle which may decide the fate of the Aegean kingdom was fast developing.

DNB, the official German news agency, said hundreds of British prisoners, including engineers—from the English Midlands, Australia and New Zealand—had been captured by Nazi infantry in "hard fighting" in the mountains.

British quarters in Athens said German panzer spearheads were executing savage thrusts but declared that nowhere had they over-shot the new Allied defense line.

The apparent collapse of Yugoslavia, coupled with a 65-mile German break into northern Greece, gave a darker turn to events for the Allies. However, the 11-day-old battle of the Balkans.

London conceded that the situation in Yugoslavia was bad.

Hitler's high command reported the capture of Sarajevo, central Yugoslavia, where the assassination of Austrian Emperor Ferdinand touched off the start of World War, and declared that "thousands of Serbs" were surrendering.

The British likewise acknowledged that the pressure of Nazi panzer divisions—striking on the Allied right flank and pouring through the lofty Stalissa pass on either terrain to the south—was increasing violently.

The Greek legation in London asserted, however, that several "weak and doomed" Greek forts, isolated in eastern Macedonia when the Germans captured Salonika, were still holding out against terrific artillery and dive-bombing attacks.

Information reaching London indicated that Yugoslavia no longer had unified control over her armies, but it was believed that they would continue to fight as guerrillas.

The German war correspondent, which last week asserted that the Serb army was "destroyed," declared today:

"The remnants of the Serbian army are nearing dissolution. The number of prisoners and the amount of booty is increasing hourly."

Premier Mussolini's high command said Italian troops had captured Yugoslavia's chief naval base at Split in a 240-mile thrust down the Adriatic seacoast, and that the town of Ereske, Albania, 30 miles south of fallen Corizza, had been retaken from the Greeks. The Fascists were said to be pressing on toward the nearby Greek frontier, rapidly ap-

LONDON, April 16 (AP)—The British navy has gone into action against the Axis threat to Egypt, the admiralty announced tonight, and Italian-German "operations on the Libyan coast are being conducted and successfully harassed by bombardment from his majesty's ships."

CAIRO, Egypt, April 16 (AP)—British military sources said tonight that in the struggle with Axis forces at the Egyptian frontier the Libyan strong point, Cort Capuzzo, had changed hands several times before the British finally recaptured it.

(A London information ministry statement said the British had "consequently attacked the rear of the enemy position in the Capuzzo area.")

BERLIN, April 16 (AP)—The high command announced today that the Yugoslav second army had capitulated and surrendered its arms in Sarajevo.

Junior High P-TA Activities For Year Reviewed

The theme, "Just Friends," of the high school Parent-Teacher Association for the year 1940-41 was suggested by the program committee headed by Mrs. Eurl Graham, first vice-president, with Doris Taylor, president of the high school Student Council, and a representative from each class, Helen Dudley, senior; Gretchen Ann Bruton, junior; and Jack Morehead, assisting.

Principal Doyle F. Osborne also served on this committee and six outstanding programs have been the result of their work with one more joint program with Junior High school P-T-A, planned for May 1.

One social meeting was held in September in the form of a watermelon feast. Five regular and two special executive board meetings have been held. The Association has sent birthday and Founder's Day offering both to state and national. Dues have been paid to Tri-County Council and City Council. A five dollar tuberculosis bond was purchased during the drive.

On March 26, a 15-minute program was given over Station KPND under the direction of Kenneth Carman, dramatics instructor, with Helen Dudley as a leader of a panel; the other members being Betty Plank and Vera von Brunow.

The Association numbers 68 members with an average attendance of 45 at each meeting. Prizes for attendance have been awarded each month. Five members have completed the required 12 hours to receive Parent-education certificates, which will be awarded at the district conference in Dumas. Seven members subscribe to the Texas State magazine and four subscribe to the National Parent-Teacher magazine. The Association tied Horace Mann P-T-A for the attendance award at the City Council school of instruction, and 17 members were in attendance at the last Tri-County Council meeting.

The high school association has had for its major project this year a closer cooperation of parent, teacher, and students. By securing cooperation of the students, the P-T-A feels that the entire membership and others will benefit by the closer knit association brought about by these contacts.

Officers for this year were president, Mrs. W. L. Campbell; vice-president, Mrs. Eurl Graham; secretary, Mrs. Roy McMillen; treasurer, Miss Zenobia McFarlin; and historian, Mrs. J. H. Dehnert. City Council representatives were Mrs. Roy Holt and Mrs. C. E. Simmons. County Council representatives, Mrs. Claude Lard, Mrs. Ernest Crane, and Mrs. John Brandon.

Chairmen include membership, Mrs. F. W. Shotwell; publicity, Mrs. J. M. Turner; finance, Mrs. Claude Lard; hospitality, Mrs. T. S. Bunting; room representatives, Mrs. J. M. Miller; and Founders' Day, Mrs. F. M. Culbertson. Principal Osborne served on all committees.

THE long jacket suit, which looks like a dress, is new in the spring fashion picture. This smart model, with knife-pleated skirt and gold-trimmed buttons down the front of the long, fitted jacket, has a collarless neckline, edged with crisp white pique. The interesting navy wool has a vertically ribbed surface.

Boys And Girls Asked To Enter Original Work In Exhibit

The deadline for receiving entries to the Young Painters and Craftsmen exhibit to be held in Amarillo, April 20-28, under the sponsorship of the Panhandle Artist Group, will be Friday evening at 6 o'clock.

On Saturday evening at 7:30 o'clock in the Amarillo hotel a dinner will be given at which will be announced the names of the children receiving blue ribbons on their articles in the exhibit to be held in the Hunsley Building at sixth and Taylor streets in Amarillo.

The exhibit is to foster, promote, and encourage the development and skill in the arts and crafts among the talented young boys and girls of the Panhandle area of Texas as well as to give these young artists and craftsmen an opportunity to exhibit their work before the public annually.

Any boy or girl between the ages of 4 and 16 years may enter exhibits of all kinds which must be original work of an individual exhibitor, not a school or group project or copy prepared for the exhibit.

Types of material to be displayed are original paintings; plastic arts such as modeling, carving, various types of sculpture; craft, leather, metal craft, and jewelry; industrial designing and model making, model airplane, model boat, automobile, kite, textile designing, mechanical toys, and photography.

Persons interested in the exhibit, and who would like to exhibit their work, are asked to contact either Mrs. James A. Bush, president, 1709 Taylor street, Amarillo; or Maude L. Fletcher, chairman of exhibit, 104 Vineyard Manor, Amarillo.

MODERN MENUS

By MRS. GAYNOR MADDOX

Housewives far from the sea can have oysters and scallops and other sea-food today in frozen form.

OYSTERS AND SCALLOPS LOUISIANA (Serves 8 to 10)

One-half chopped onion, 1 clove garlic, chopped, 1-4 cup chopped green pepper, 1-4 tablespoons butter, 2 cups canned tomatoes, 4 cups water, 2 1/2 teaspoons salt, dash of cayenne, 1-8 teaspoon chili powder, 1-4 teaspoon sugar, 1 cup uncooked rice, 1 box quick-frozen scallops, thawed, 1 box quick-frozen oysters, thawed.

Saute onion, garlic, and green pepper in butter until delicately browned. Add tomatoes, water, salt, cayenne, chili powder, and sugar, and bring to a boil. Stir in rice and cook gently 30 minutes. Add scallops and cook 10 minutes. Add oysters and cook until edges begin to curl.

STEWED HADDOCK WITH VEGETABLES (Serves 6 to 8)

Two packages quick-frozen fillet of haddock, 1 teaspoon salt, 1 tablespoon lemon juice, 1 cup sliced onions, 4 tablespoons olive oil, 1 box quick-frozen fresh lima beans, 1 cup sliced carrots, 1 1/2 cups canned tomatoes, 1 sprig parsley, 3-4 teaspoon salt, 1-8 teaspoon sugar, dash of pepper, 1-4 cup water, 2 tablespoons flour.

Cut fillets frozen or thawed in servings. Sprinkle with mixture of 1 teaspoon salt and lemon juice. Sauté onions in olive oil 5 minutes. Add frozen lima beans, carrots, tomatoes, parsley, 3-4 teaspoon salt, sugar, pepper and cook 10 minutes. Place haddock on vegetables, cover, and cook gently 20 minutes, or until fish and vegetables are done. Remove fish to serving dish. Add water gradually to flour and stir until smooth. Add to vegetables and cook until thickened, stirring constantly. Pour over fish.

RHUBARB MERINGUE PIE

One and one-third cups (15 ounce can) sweetened condensed milk, 2 1/2 tablespoons lemon juice, 2 eggs, separated, 1 cup freshly stewed rhubarb, 2 tablespoons sugar, vanilla water pie crust.

Blend sweetened condensed milk, lemon juice, and egg yolks. Fold in rhubarb which has been drained. Pour into pie plate (9-inch) lined with vanilla wafer pie crust. Cover with meringue made by beating egg whites until stiff and adding sugar. Bake in moderate oven (350 degrees F.) 10 minutes or until brown. Chill before serving.

Female ostriches sit on their eggs at day; males at night.

Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. If you want service, how do you go about getting it when traveling on an airplane?

2. What should you do with your coat if you do not wish to wear it when traveling by plane?

3. May passengers smoke when traveling by plane?

4. Is it all right for a passenger on a plane to walk up and down the aisle during the flight?

5. If you want to write a letter, may you ask the stewardess for letter paper?

What would you do if—

You go to the airport ready to take a sleeper plane and realize that you haven't your nightwear and toilet articles in a small enough bag to keep with you—

(a) Decide there is nothing much you can do but open your large bag and take out your toothbrush?

(b) Ask the ticket agent at the start of your trip for an overnight bag in which to put the things you need on the flight?

Answers

1. Ring for the stewardess.

2. Give it to the stewardess to hang up in the rear of the plane.

3. Yes, except during take-offs and landings.

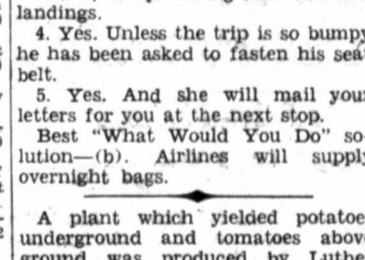

4. Yes. Unless the trip is so bumpy he has been asked to fasten his seat belt.

5. Yes. And she will mail your letters for you at the next stop.

Best "What Would You Do?" solution—(b). Airlines will supply overnight bags.

Lake McClellan To Be Opened May 18

Lake McClellan in southwest Gray county will be formally opened for the 1941 season on May 18, it was decided at a meeting of McClellan Boat club members in the county courtroom last night. Commodore Joe Gordon presided. Dr. Adrian Owens was elected secretary to succeed Bob Craig who has moved to College Station.

A committee composed of Ray Branscum, Earl McConnell and L. Horn was appointed by Commodore Gordon to assist Bert Howell, lake concessionaire, in making arrangements for the formal opening which will include boat races, surf board races, swimming and diving, etc.

Two docks, one 48 feet long and the other 40 feet long, have been built by the club but 40 more 55-gallon oil barrels are needed to float the docks. Anyone having a barrel or barrels who will give them to the club can take them to McConnell Implement Works where they will be welded and painted. L. Horn of LePors will give everyone donating a barrel a free ride in his new speed boat.

Another meeting to complete plans for the formal opening will be held on the night of May 6.

proof of place and date of birth. Those enlisted before their 18th birthday are discharged on the day before their 21st birthday. Men with criminal records are not accepted. Men registered for selective service may, if qualified, enlist in the navy at any time before actual induction in the army. Such enlistments must be for six years.

As the waiting list in this district has been exhausted, applicants accepted at Pampa are called to the navy recruiting station at Wichita Falls for enlistment as soon as necessary papers can be completed. After enlistment they are immediately transferred to the U. S. Naval Training Station at San Diego, Calif., where they receive a period of training before further transfer to ships of the fleet, or to trade schools of the naval service.

EARTHQUAKES

(Continued from page 1)

The forests in the area were "a roaring mass of flames."

The Colima power dam collapsed, leaving the city in darkness and hampering troops and volunteer rescue work.

The superintendent of the Colima division of the Southern Pacific railroad said a landslide had blocked the tracks for a half mile, to a depth of 36 feet in some places.

President Manuel Avila Camacho ordered a group of doctors and nurses to leave for Colima by automobile during the night.

No fatalities and only a few injuries were reported in Mexico City, where the quake lasted only 30 seconds.

Gaping cracks split the sides of buildings in the business section, but most severely damaged of the city's large structures was the \$500,000 Pontiac building, where a large section of brick veneer eight stories high peeled off and crashed into the street.

The five-story Excelsior building, where the Associated Press office is located, swayed so wildly that water sloshed into the streets from storage tanks on its roof.

Mainly About People

Three bills totaling \$736,044 were approved for payment when the city commission held its regular meeting yesterday afternoon. Smallest of the three was one for \$3.90 to Flair Electric company. The others were \$150 to the McKnight company, Amarillo; \$582.04, Southwestern Public Service company.

Visitors at the city commission meeting Tuesday afternoon were Victor Schmidt, district 4 resident engineer; L. R. Barker, representing Bell & Braden, C. B. Ashford, construction superintendent of Bell & Braden, and Sim Kelley, all of Amarillo. All of the members of the city commission were present at yesterday's meeting, except Commissioner George B. Cree, who was out of town.

Miss Edna Forward and Miss Dorothale Chaffin of Santa Ana, California, and Miss Jeanette Cole, all students of Texas Technological college at Lubbock, spent the week-end with Miss Cole's mother, Mrs. A. Cole.

Mr. and Mrs. Temple Hoffer left Monday to make their home in Electra, where Mr. Hoffer has been transferred by the Texas company. Mrs. Hoffer, who is the former Miss Lucille Cole, has been teaching in the local Woodrow Wilson school for several years.

Mr. and Mrs. C. B. Woodrow and children and niece of Olney spent the Easter holiday with Mr. Woodrow's sister, Mrs. Darling B. Love, and family, 707 East Frederick street. Mr. Woodrow and Mrs. Love had seen each other for 12 years.

A Berger couple was married "unexpectedly" in Pampa Monday by Justice of the Peace D. R. Henry. Under the impression that the three-day waiting period was still in effect, they had not planned on marrying the day the license was obtained. Finding this could be done, the couple, Allen Benson Dean and Ruth Marie Carroll, appeared before the Pampa justice and were married.

L. N. Atchison, M. P. Downs, and Guy McTaggart were Pampa Kiwanisians who went to Sanford Monday night for a meeting with the Sanford club.

"Pampa" and "Pampa" still cause trouble. A letter from the war department, public relations office, Moffett field, Calif., received here was addressed "Tampa Morning Tribune, Tampa, Texas."

Harold Cleo Petty of Kerrington visited in the home of his parents, Mr. and Mrs. Luther Petty near McLean. He was accompanied back to the CCC camp near Kerrington by his parents and sisters who visited in the home of Mrs. Petty's nephew, Ralph Francis.

Condition of J. N. Duncan, long-time resident, who has been critically ill for more than a month, is greatly improved at his home on North Ballard street.

Mr. and Mrs. Ivy Duncan have returned from a trip to Austin and the Rio Grande valley.

State convention of the Texas Junior Chamber of Commerce opens tomorrow in El Paso, and will last through Saturday. Pampa delegates are Jimmy Dodge, president; B. E. Altman, secretary-treasurer; Bob Miller, director, and R. G. Hughes.

NAZIS ADMIT

(Continued from page 1)

proaching a junction with the Germans.

Greek front-line dispatches said the Germans suffered heavy losses in knitting a 65-mile salient into northern Greece, converging in twin drives from Salonika and Bitolj pass.

There were strong indications, too, that the Allies were rallying to a stonewall defense after the Nazi break-through.

After jubilantly declaring that the campaign in Greece was becoming a "rout," the Germans subsequently admitted that the blitzkrieg invasion was now meeting "stubborn opposition," and a Nazi spokesman in Berlin said laconically:

"The Balkan war has entered upon a new phase.

"Our army has succeeded in compelling the British forces in Greece to make a stand and face us in combat. We have crossed their plans."

"This appeared to be an oblique admission that the British were not planning a "Dunkener" flight from Greece, as Berlin propaganda had previously asserted.

Hitler's high command said fast Nazi mechanized forces "in sharp pursuit" of British and Greek troops "forced the enemy to fight near Mt. Olympus and the mountains west of there."

German Stuka dive-bombers were said to have inflicted heavy losses on the Allies "retreating south of Servica," a town 18 miles northwest of Mt. Olympus, Germany.

In the air war on the western European front, German bombers gave northern Ireland its second intense widespread attack, and the British bombed the north German naval base at Kiel for the 38th time since the start of the war.

Raids on England were termed "fairly heavy" with some damage to industry but relatively few casualties. Liverpool was among the targets most heavily attacked.

Reports from Berlin said two persons were killed, others injured and buildings destroyed in British bombings of northern Germany.

On the North African battlefield, the British reported they had "successfully attacked" German panzer divisions striking into Egypt, in the Fort Capuzzo sector, in Libya, just across the frontier from Salum, Egypt.

Hitler's high command said briefly that a thrust in the Salum area by British armored units, supported by warships, had been repulsed. Salum is near the coast.

A Rome communique noted: "Operations near Salum are continuing, as well as the investment of the fortified place of Tobruk (Libya), where the enemy is defending himself fiercely, supported by naval units."

The British expressed increased optimism that the Axis drive toward the Suez canal had been slowed or stopped.

In the Balkan campaign, British middle east headquarters announced that British troops "are now in contact with the enemy along the whole of our front" in Greece.

Nine large ships were reported hit by bombs in the harbor at Piraeus, the port for Athens, dive-bombers were said to have scored a direct hit on a large armed transport ship off Yugoslavia's Dalmatian coast, and a merchant ship was reported damaged near Braza island.

British and Greek forces earlier were said to be in full retreat under the steady pounding of German dive bombers and panzer divisions, and some commentators declared the campaign was becoming a "rout."

The commentary Dienst aus Deutschland, referring to what it described as the British withdrawal from the Greek front, hinted that hostilities in the Balkans may be ended within a reasonable time.

Time Extended For Obtaining License Plates

For the second time the time limit for obtaining 1941 license plates for commercial motor vehicles has been extended through April 28.

April 15, yesterday, was to have been the deadline, an extension from April 1.

It was not until yesterday afternoon, however, that the Gray county tax assessor collector's office was notified of the latest change. No reason has been given for the latest extension. Change in fee schedules was the reason given for the first.

From D. C. Greer, state engineer, Texas Highway department, Austin, came this telegram:

"HCR extends registration commercial motor vehicles April 28."

There is not much change noticeable in the new fees until they reach the amount for the registration of vehicles of 12,000 pounds or more.

On trucks of 6,000 to 8,000 pounds and from 8,000 to 10,000 pounds, there is a five-cent rate reduction; on trailers the reduction is at a 20-cent rate on 10,000 to 17,000. The old rate was 80 cents, new 60 cents.

Truck Rates

A schedule of the truck fees under the new rates:

Gross weight, fee per 100 pounds or fraction, thereof, equipped with pneumatic tires, equipped with solid tires, in order, 1-6,000 pounds, 40 cents; 6,000-8,000, 45 and 60 cents; 8,001-10,000, 55 and 70 cents; 10,001-17,000, 65 and 80 cents; 17,001-24,000, 70 and 90 cents; 24,001-31,000, 80 cents and \$1; 31,001 and up, 90 cents and \$1.20.

Trailer Fee Schedule

1-6,001, 30 and 40 cents; 6,001-8,000, 40 and 50 cents; 8,001-10,000, 50 and 60 cents; 10,001-17,000, 60 and 80 cents; 17,001 and up, 65 and 90 cents.

FOUR MEMBERS

(Continued from page 1)

Baer was born in Clay Center, Kansas.

The news received a flock of Oklahoma registrations but wants more.

The first registration for Arizona came from Art Sheridan, known popularly to his friends as "Alley Oop."

Another Tennesseean, William (Stormy) Jordan registered to push up the Tennessee total. "Stormy," well-known Pampans was born at Lawrenceburg. Still another native of Tennessee to register was Mrs. Nancy Osborn, native of Knoxville.

Two natives of Arkansas, Mrs. James Monroe, born at Tomhawk, and Douglas Camp, born at Bruno, Ark., registered.

Top O' Texas (and that includes all residents of this territory) are urged to fill out the blank below and bring or mail it to the News immediately. If there are natives of states which are not yet represented in the Parade of All States and Nations, they are especially urged to fill in the blank.

States not represented in the registrations include California, Oregon, Washington, Idaho, Montana, Florida, Alabama, South Carolina, Vermont, Massachusetts, Rhode Island, New Hampshire, Connecticut, New Jersey, Delaware, Maryland, five and six per cent less than the total number of poll taxes paid.

On that basis, an estimated vote of 788,632 in the U. S. senatorial election was indicated but the campaign and candidates could easily prove the calculation erroneous.

DIES

(Continued from page 1)

issued from his ranch near Jasper, where he has been taking a brief vacation:

"I have decided to apply to the people of Texas for promotion to the senate of the United States to succeed the beloved Morris Sheppard."

"By reason of my long and active service in congress as the representative of the second congressional district, I feel justified in requesting this promotion, even under the serious conditions that now confront our country."

"After three years of investigation and exposure, resulting in the indictment and conviction of numerous fifth columnists in this country and the discrediting or destruction of many foreign controlled political organizations, our committee on un-American activities has recommended a legislative program which must be enacted to safeguard our future against enemies that threaten from within and from without."

"The six other members of our committee as well as a great majority of the house of representatives can be depended upon to do their part in carrying out this program."

"I plan to make an active and vigorous campaign and to frankly discuss with the people my views on public questions."

"It will encounter the bitter opposition of all the un-American elements, not only in Texas but throughout the United States."

In addition to Dies and Mann, two other lesser-known political figures have entered the race. They are R. J. (Jack) Ballard of Wichita Falls and A. P. Harding of Fort Worth. Both are lawyers.

Dies was expected to open campaign headquarters here within a few days. Fick Fowler, former newspaper man and later a committee investigator, will be in charge of advance arrangements for the campaign.

Dies was born in West Texas, at Colorado, Mitchell county. He was admitted to the bar at Marshall, Tex., when he was 19. He joined his father's firm at Orange two years later. His father represented the second Texas district in congress for 10 years.

Senatorial Vote Due To Be 444,542 Less Than In 1940

AUSTIN, April 16 (AP)—The special election between June 8 and July 8 to choose a successor to the late U. S. Senator Morris Sheppard will find approximately one-third of the people who voted in last year's primaries powerless to cast ballots.

This information was disclosed in figures compiled yesterday in Comptroller George H. Sheppard's office. They showed poll taxes paid for this year's elections totaled only 814,336 over the state, a drop of 445,542 from last year.

Since 1941 was an off-year in politics, many people neglected to pay poll taxes.

The biggest number of votes ever cast in a Texas election occurred in the first Democratic primary in 1940. The total was 1,189,223, or between Nevada. Natives of these states are asked to fill out the blank quickly. The blank will not be published longer than next week.

Classified Ad Department Of News Serves Public In Hundreds Of Ways

A valuable horse strayed from a pasture in East Pampa. At 10 o'clock that morning a classified advertisement concerning the horse was placed in the Pampa News, and at 5 o'clock that afternoon the animal was returned to its owner.

In August last year there was a spurt of drilling activity in the Pampa field. Many newcomers came to Pampa, anxious to find living quarters.

They came direct to The Pampa News. Here they were given a list of advertisers and directors on how to find the addresses.

These are only a few of the valuable ways in which the classified advertising department of The Pampa News serves the public.

As a member of the Association of Newspaper Classified Advertising Managers, this newspaper will join other newspapers over the nation in observing the ninth annual Want Ad week, which opens Sunday, ends the following Saturday.

Mrs. Jessie Stroup is classified advertising manager of The Pampa News, and Miss Elizabeth Mullinax is her assistant.

65 Classifications

"Our method of classification," says Mrs. Stroup, "makes it easy for anyone to find just what they want without having to search the entire paper. We have a total of 65 classifications.

"Among these is the use of the Mainly About People column. This space is used in lieu of a 'too-late-to-classify.' As ads in this column naturally have a better position than others a higher rate is charged."

"The Pampa News has circulation in all of the five counties around Pampa and is the only daily circulated in Gray county that reaches more persons interested in local affairs than any other paper in the Panhandle.

"Rural subscribers receive the same consideration as those residing in town. Your classified advertising page is as near as your telephone, and your ad in the morning's mail will be given prompt attention for that day's paper.

"You may call or write us and we will send you a statement, allowing six days cash rate for payment. Do not hesitate to send your child to our office with an ad. Children will be given the same consideration as an adult.

"In using want ads, you are using the easiest, quickest, and most economical method known. You can join in this want ad observance and benefit by using the want ads today and every day this week."

Yankees, Reds, Indians Lose Opening Day Games

By JUDSON BAILEY
Associated Press Sports Staff

Opening day in the big leagues couldn't have been any more surprising if Judge Landis had shown up at one of the games in a high silk hat.

But it's demanding a lot to ask anyone to foresee such wholesale carnage as seven games produced for 195,339 fans yesterday.

The World Champion Cincinnati Reds were whipped 7-3 and Paul Derringer, their ace pitcher, knocked out of the box by the St. Louis Cardinals.

Bob Feller, whose no-hitter was the sensation of opening day last year, lasted only six innings against the Chicago White Sox this time and the Cleveland Indians were edged out 4-3.

The New York Yankees, after getting a flying start at Washington Monday, were subdued 3-1 by the Philadelphia Athletics with Lovill (Chubby) Dean pitching five-hit ball.

Brooklyn's cocky Dodgers were caught by the New York Giants, who hopped on Whitlow Wyatt for a four-run rally in the eighth inning and won 6-4.

Even the lowly Philadelphia Phillies participated in the surprise party, beating the Boston Bees 6-5 on the four-hit hurling of Cy Blanton, an exile from Pittsburgh.

The nearest approach to form in the entire day were the Chicago Cubs conquering Pittsburgh 7-4 and the Boston Red Sox sweeping past the Washington Senators 7-6. And even these had their elements of surprise, as did the postponement of Detroit's opening at St. Louis because of rain after many fans already had gathered at the ball park.

The attendance for the seven games was 11,300 better than last year's total for eight contests.

With three exceptions, pitching was not up to par yesterday and batters reaped a harvest of 133 hits including no less than 14 home runs.

The day's best mound job was Chubby Dean's, who allowed only five hits and didn't let a Yankee get past second until the A's had the game in the bag in the ninth. He was helped considerably by a two-run homer by Sam Chapman, who had hit seven for the circuit in exhibition games.

On opening day last year Dean held the Yankees to six hits and beat them 2-1 by driving in the winning run in the tenth inning.

In both games a year apart, his victim was Red Ruffing, who had the four hits Blanton gave up for the Phils included a home run with one on by Max West and another by Eddie Miller with two on, both accounting for all Boston's runs. Joe Marty and Nick Etten homered for the Phils.

Bill Dietrich gave a steady performance opposite Feller, allowing only seven hits and never being behind. Feller, however, was touched for five safeties in his six innings besides walking seven and hitting two batters. One of the latter was Dietrich, who was allowed to have a runner, yet continue in the game by special permission of Manager Roger Peckinpaugh of the Indians.

This game drew the day's largest crowd, 46,064, a record opening day turnout in Cleveland and approximately 6,000 more than saw the A's and Yankees.

Boston Bees Orphans With A \$250,000 Price Tag

Autograph hounds pursue Bama Rowell. Eddie Miller, inset, is other half of Bees' slick second base combination.

By HARRY GRAYSON
NEA Service Sports Editor

BOSTON, April 16.—Judge Landis gave Charles Francis Adams a year to sever his connections with baseball. Charles F. Adams operates a chain of grocery stores and the Bruins of the hockey wars, but he also is head of the Suffolk Downs race track, which in Commissioner Landis' eyes makes him person non grata in diamonds.

C. F. Adams period of grace has expired, but he can't very well get out when there is nobody to buy him.

Adams asks \$400,000 for the Boston Bees, but it is reported that the franchise can be picked up for as little as \$250,000, provided the purchaser assumes some debts.

Boston's National League park is leased.

In ordinary times the Swarm peddled in a jiffy at the figure.

Baseball men agree the Hub outfit would be a good buy now.

Five young stars would bring more cash than Adams expects to get for his end... and players to boot.

QUINN ASKS \$100,000 FOR SHORTSTOP MILLER

Old Bob Quinn, who has been fronting for Adams, demanded \$100,000 last summer, when the Cubs were interested in Eddie Miller, the most polished shortstop in the wheel.

Bama Rowell, the other half of a slick second base combination, was a mild sensation in 1940 in threatening to show the way in hitting in his maiden effort.

Sibby Sisti is a swift and otherwise remarkable third baseman, and he is not yet 21.

Max West was the most sought player in baseball at the conclusion of 1939. Rival managers cooled off on the outfielding batting hero of last year's all-star game, but he's still bringing a sizable price.

Chet Ross, another flycatcher, batted 281 in '40, and drove in 89 runs for an outfit which did not give him too many opportunities along that line.

DAHLGREN ROUNDS OUT SMOOTH HUB INFIELD

With Babe Dahlgren at first, the Bees have one of the smoothest infields in the game.

They are an attractive and entertaining club with other worthwhile athletes, including the pitchers, Manny Saly and Dick Erickson, and promising farm hands. The nucleus is there.

The Bees are as popular in Boston as a seventh-place array could hope to be anywhere. They disposed of Lopez last June in order to meet the payroll. The sale enabled them to break even on the campaign.

Those in a position to know declare the Hive could be made more of a people's choice than the Yawkey-back Red Sox. Bob Quinn is very well liked everywhere.

UNCERTAIN SPRING WEATHER IS A HANDICAP IN BOSTON

Uncertainty of spring weather is a handicap in New England.

Climatic conditions also would make night baseball precarious... hold it to a minimum. That is why lights have not been installed in either major league park there. And by summer the Bees usually are too far off the pace to create any great degree of excitement by the Bees.

Quinn and his manager, the inimitable Casey Stengel, are trying to raise the money. Stengel had some luck in east Texas oil, has \$50,000 to invest. Harry Meyer, New York manufacturer of imitation pearls, is willing to help him financially to some extent.

But to date no one has bobbed up who could put up.

Meanwhile, the Bees go along the best they can as orphans of the baseball storm.

Oilers Will Play Gold Sox Tomorrow And Borger Friday

The Pampa Oilers will test the strength of the Amarillo Gold Sox tomorrow afternoon in Amarillo and the power of the Borger Gassers in Borger on Friday afternoon. Next home appearance will be Sunday afternoon when Gordon Nell's Borger Gassers come to town.

Word was received here this morning that Frank Grabek, missing pitcher, would arrive on the noon train from his home in Portland, Conn. That will give the Oilers three experienced pitchers. Already on hand are McFarland and Montgomery.

A deal which will bring a slugging outfielder to the Oilers is under way and Harold Miller hopes to complete the deal this week. He is also in touch with a big catcher, with several years experience behind him, to replace Catfish Smith who underwent a critical operation Monday night. Smith was given a 50-50 chance to recover today. Only his excellent physical condition and the fact that the operation was performed on time saved his life. Miller revealed today. Smith underwent an operation in a local hospital for ruptured stomach ulcers.

Also on hand are the American Sports Publishing Co., will not issue a football guide this year. Overnight, Jimmy Carroll slashed the Derby odds on Minnesota from 200 to 40 to 1. Don't tell us somebody bet a buck on the loss... Umpire Bill Stewart is missing the first few games of the N. L. season because of a throat operation.

Spring Football Practice Will Begin Here Tomorrow

Yesterday's shower necessitated a postponement in first spring training workout for the Pampa Harvesters so Coach Buck Prejean decided not to begin workouts until tomorrow. This afternoon he planned to put his track and field boys through a long, stiff workout and to select the boys who will go to the regional meet in Canyon Saturday.

Business Manager Bill Anderson has 40 uniforms cleaned and ready for football prospects and he is wondering if that will be enough for the 17 boys from last year's squad eligible this season and there will be at least 20 boys eligible from last year's Junior High Reaper squad. That will leave only three uniforms for new boys who have never been out for football or who have transferred here and are eligible to compete.

Coach Prejean will have five starting linemen and one backfield man from last season's starting lineup. Returning will be Co-Captains Roland Phillips, tackle, and Ralph Burnett, guard, Leslie Burge, center, John Chessier, tackle, and Wayne Ott, end. Only backfield starter returning will be Bill Arthur, halfback.

Reserves eligible to return are E. L. Edmonds, Leonard Hollis, Don Meador, Ralph Proper, all backfield men, and Basil Arnold, Frank Daugherty, Floyd Allen, Tom Cox, Tom Johnson, Earl Snyder, Pat Flanigan, linemen.

A good looking bunch of boys, especially backs, will come up from the Harvesters, district champions. How many can make the Harvesters squad against all the returning squadmen will depend on the fire and flight of the two groups.

Coach Prejean has already announced that the best men will get the job. Not a single boy has a place all to himself. Every boy will have to earn his right to play.

Mac Best, new assistant and backfield coach, is scheduled to arrive next Monday to assist in spring training.

Room 63 Takes Room 75 Out Of Softball Meet

Julian Hicks pitched and batted Room 63 to a 7-4 victory over Room 75 Tuesday in an important Junior high intramural tournament game which eliminated the losing team from a chance at the championship. Hicks allowed only four hits and aided the offense of his team by having a perfect day at bat.

Freddy Thronburg was nearly as effective, allowing the winners only six hits. Timely extra-base knocks, walks, and errors proved the undoing of the losers.

The game was tied up when Room 63 came to bat in the last of the third. Lee Hutchens opened the inning by getting an first on an error. Leo stole second and scored on Charles Johnson's single. Hicks by Hicks, Howard Kelley, Derrell, and Duane Hogsett produced two more runs for the margin of 7-4.

Donald Walburg, Coach Perrell Yearwood, Pete Zimmerman, and Roy Timmons hit safely for the losers. Both teams played an exceptionally good defensive game, committing only three miscues. Howard Bass and Leland Greer did the umpiring.

Room 63 really upset the dope bucket as Room 75 was favored to win by a wide margin. The intramural fans were astounded at the clever base-running of the winners as they stole a total of eight bases in the course of the game. Much of the credit for this heads-up playing should be given to Coach Thronburg who did an excellent job of coaching from the bench and third-base coaching box.

14-Year-Old Boy Makes Kovacs Wipe Grin Off Face

HOUSTON, April 16.—For a few moments 14-year-old Oscar Tuero of New Orleans forced Frank Kovacs, the madcap of the tennis courts, to wipe that grin off his face.

There's nothing the Oakland, Calif., comedian likes better than a good laugh, but little Oscar was in dead earnest yesterday as, incredibly, he compelled Kovacs to drop the nonsense and get down to business in order to win his match in the River Oaks tennis tournament.

Kovacs finally took the first set from the high-school freshman, 9-7, and went on to win the second, 6-3, but he had to work up a sweat to do it.

The second day of the tournament provided only one major upset—the defeat of Ted Schroeder of Palo Alto, Calif., by Jim Kroesen of East Texas Teachers college. Schroeder, ranked tenth nationally, bowed out 8-6, 0-6, 6-3.

Dick Morris, Rice Institute student, gave Bobby Riggs, defending champion, quite a turn by capturing the first set of their match, 6-3, and gaining a 5-3, advantage in the second set, but the Chicagoan pulled himself together and took the last two sets, 7-5, 6-2.

Bitzy Grant, Atlanta atom, toyed with Fred Higginbotham of Dallas to win 6-1, 6-3.

Tulsa Catcher Injured Before Washout In 5th

(By The Associated Press)

After two straight washouts the Oklahoma City Indians and the Tulsa Oilers made their maiden appearance of the season Texas league baseball competition last night at Oklahoma City, but they got no farther than the fifth inning with the score tied at 1-all when the rains came again.

It would have been better for Tulsa if the game hadn't started at all. Clay Touchstone, Oklahoma City moundsman, batting in the third inning, tipped a ball and struck Al Montgomery, Tulsa catcher, on the right hand, splitting his palm nearly to the wrist. It was thought probable he would be unable to play for at least two weeks.

The Houston Buffaloes, playing at Beaumont, won the third and deciding game of their series with the Exporters, 5 to 1, in an afternoon game. The Buffs mixed six singles with 10 walks, two wild pitches, an error and three stolen bases.

Unlimbering their siege guns, the San Antonio Missions found the range with a 15-hit attack that gave them an 11-2 win over Shreveport on the latter's grounds in another afternoon game. The visitors stole five bases from Shreveport's rookie catcher, Tommy Jordan, which helped to win the game. Fred Sanford did the mound work for San Antonio.

In a 13-inning affair under the lights, the Fort Worth Cats mal-treated five Dallas hurlers and won 13-5 in the first Texas league game staged at Waco since 1930. The Cats used four pitchers in a seesaw contest that compensated in hair-raising thrills for what it lacked in finesse, which was plenty. To give you an idea, Fort Worth pushed over eight runs in the final inning.

Polly Ann Riley Darling Of Women's Golf Tournament

By WILLIAM T. RIVES

GALVESTON, April 16.—Polly Ann Riley—shure, as Bonnie a lassie as ye'll ever see—kept her fingers crossed and plunged into the second round of the Texas Women's Golf association tournament today.

Polly, the tournament darling, is a 15-year-old girl the older players predict has a warm future in golf. She's only been on the links two years, but bangs around in the low 80's.

Polly encountered Mrs. P. C. Born of Houston today, and was expected to get by without undue difficulty, despite a rather close call yesterday.

Mrs. E. L. Rolfs of Houston carried Polly to the 18th green through amazing putting ability, but the Fort Worth mousie finally won, 1 up. Polly's elders, and favorites in the tournament, also were expected to move into the quarter-finals. Miss Kay Pearson of Houston ran into Miss Helele Warren of Dallas and conceivably could fix a peck of trouble, but Mrs. Frank Goldthwaite of Fort Worth, defending champion, was picked to rush past Mrs. George Noble of Houston.

Despite minimum control over the ball, Kay eliminated Mrs. Cjo Kea, Houston, 6 and 4, yesterday in the first round, and Mrs. Goldthwaite swamped Mrs. A. E. Dabney of Corpus Christi, 5 and 4.

Times being what they are, the American Sports Publishing Co., will not issue a football guide this year. Overnight, Jimmy Carroll slashed the Derby odds on Minnesota from 200 to 40 to 1. And hope it won't be long before
He sees those better days.

People and Things

It's Capt. Wilmer Allison of the army now... Ducky Pond has hung the "For Sale" sign in front of his New Haven residence... When his fighting days are over, Lou Nova will open a health clinic, featuring, of course, the Yoga method... Don't know what the trouble was down at St. Mary's (Texas), but Mose Simms, one of the most colorful coaches in the biz is looking for work... Larry MacPhail's able reply to those blasts about his 50-cent passes, set some of the blasters right back on their heels... Rumor has it Tex Carleton, who twirled that no-hitter last year, is on his way out as a Dodger... If you should happen to yell "Spies," seven members of the Minnesota baseball team would come a-running.

He's Asking For It

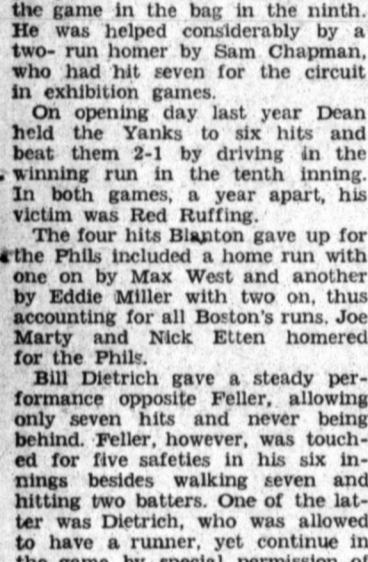

The other day Jesse Lintinich wrote in the Baltimore Sun: "The Kentucky Derby, a trial for the Preakness, will be run May 3 and the Preakness a week later... The Cunnells down in Kentucky are getting out their shooting irons and they're calling the clans together... For once the Hatfields and the McCoys will be lined up on the same side... P. S.—Matt Winn's doctors hope to have him out of bed in time to attend the 'pre-view'."

Sports Cocktail

Trotting horse men are in a lather lest Gov. Lehman move the dates for the N. Y. State Fair back to Labor Day week, which would play the very dickens with the Indianapolis Grand circuit meeting... Mike Jacobs, who has handled more seats than any other guy in the sports racket, couldn't buy one for the baseball opener in Washington... Joe McCarthy says Bob Feller is a 25 per cent start toward a pennant... Wallace Wade thinks Ace Parker can earn a good living as a golfer when his football and baseball days are over... When Frank Melton of the Philles was with the Baltimore club, he wore a silver dollar as a watch charm—that it, until the opposition knocked him out of the box eight times in a row.

Illustrated by Ed Cunder

YESTERDAY, Dr. Robert Hale, young scientist, and his assistant, young Sornli, stand in awe of the modern science that they have performed. Hurriedly, they lock their laboratory, plan to place a guard over their secret. Meantime, Dr. Hale has advertised for a secretary. At his office he finds Carolyn Tyler, beautiful, charming, salary in no items, but he wishes her of the secrecy, the danger that must surround her work. She is not afraid. "What this," Dr. Hale continues, "is something that will revolutionize civilization!"

CHAPTER II

"THIS can be your desk. It's by a window. . . . Your typewriter needs a new ribbon. . . . Your notebook can rest on the desk arm, thus. . . . I can lower your chair, you are not as tall as I. . . . If I walk about as I dictate, don't be distracted, please. . . . You must weigh about 120 pounds, don't you, Miss Tyler?"

It was Carolyn's first chance to get in an answer. He had been speaking in a monotone, getting her settled with meticulous attention to details. "Only 118," she corrected. Then added, half amused, "Must I pass a physical test, too?"

"Oh, no! I—I was just noting how becoming your street dress is. I am sensitive to all sorts of phenomena. It is unimportant at the moment. Immediately, we must hire a guard. Men, with guns. I have no idea where to get them!" Carolyn looked her surprise. She noted that he was gazing off now, frowning. Something inside her told her to take the initiative; here, maybe, was her chance to make good with him at once! An exceptional job with exceptional pay, the advertisement had said. Well, it meant she had to use her head, no doubt.

"I'll get them," she volunteered blithely. "How many men, Dr. Hale? And what salaries? And where?" "Oh, why, any salary necessary. You must understand that money is no object here now, Miss Tyler! We are amply financed. We have something of transcendent importance. All former requisites, all of human thinking, must be reorganized so as to—"

"Goodness! Then, no doubt, we can buy the necessary guns. What kind? And how many?" "Why, a dozen men at least. On all sides of the main laboratory yonder to see that absolutely no one even approaches the place night or day."

"It is extremely important, Miss Tyler!" "I don't doubt it. Let me use the telephone."

ODDLY enough, he appeared now to forget her entirely. She noted the way he buried his nose in papers and charts at his head desk. Plainly he had been willing to delegate a task to her, then assume that she would do it promptly and exactly right.

She was a trifle nervous about all this. And yet, she would try! She dialed a number. Ken Palmer answered, and instantly she spoke most earnestly to him, in somewhat hushed manner.

"Ken! Ken, this is me. This is I. I mean. Look here, Ken, listen carefully. I got the job. I am out at Dr. Hale's laboratory now, at work—and listen carefully, Ken—stop whatever you're doing and go buy me one dozen rifles and one dozen pistols. . . . No, Ken, no and no and no! Listen to me! Get

"Listen, Ken—" Carolyn spoke earnestly. "Stop whatever you're doing. Buy rifles, pistols. And get a dozen trusted men to use them."

"Ken!" she greeted a tall young man. "You—you brought them?" He nodded. "Nearly \$700 worth. And C. O. D., if I may be so bold as to—"

Dr. Hale didn't even hesitate. He just wrote a check and gave it to Ken Palmer. Together the three went outside. Twelve men were waiting, mostly young men of excellent physiques.

"Happens the police department keeps a waiting list," Ken Palmer explained. "Up to 100 applicants for jobs on the force. Men who have passed rather rigid tests already. I was able to get a dozen in a hurry. I'd do anything Carolyn asked. Dr. Hale! I hope you treat her right out here."

"Hush, Ken! And thank you ever so much!" They stationed the guard at Dr. Hale's direction. It took half an hour more. Soon after 6 o'clock, though, Carolyn and Robert Hale were back in his office at dictation again, which surprised her.

Things had moved with incredible swiftness since she nervously came out here at 3 o'clock, one hour ahead of her appointment. She had no idea what to expect next. A sense of excitement, too vague to understand but too emphatic to ignore, charged the air around this great laboratory and office here on the outskirts of town. Curiosity in Carolyn was at the steaming point, too, so that she had some difficulty maintaining a business-like pose.

At 7 p. m. Dr. Hale was droning on, using more and more scientific terms in his dictation. Her fingers were growing tired. Then all at once he surprised her again.

"Who is this Mr. Palmer?" he asked. "Ken?" she looked up and smiled. "Oh, Ken's just a boy in love with me." Dr. Robert Hale, scientist, slowly frowned. "Astounding." "Astounding that a boy should be in love with me?" "No, no! I mean, it is astonishing how your—your eyes distract one. The, uh, pigmentation is— He paused, awkwardly.

Carolyn squelched a quick little smile of amusement, tucked in her lower lip. Her distinguished employer was more than a scientist, she realized; he could be intensely interesting. And human.

Jockey Testifies He Was Bribed To Lose California Races

LOS ANGELES, April 16. (AP)—Willis Ward, 19-year-old suspended jockey, told a superior court jury he pulled four mounts in one day of the 1939 Hollywood Park season but his fifth horse won despite his efforts to make it lose. Testifying in the trial of five men on jockey-bribery charges, Ward de-

**Attorney Instructed
To Collect Back
Taxes And Penalties**

Approval of a contract between the city and the city attorney was given by the city commission at its regular meeting Tuesday afternoon, under which the city attorney is to collect delinquent taxes, interest, penalties, and costs for all years up to the present.

Reason for the contract is that when the city attorney, R. F. Gordon, was first employed, collection of delinquent taxes did not come as one of his duties.

The contract provides for the payment of 15 per cent of the amount of delinquent taxes collected, payable monthly, and is dated April 14.

**Mobeetie Seniors To
Stage Play Thursday**

Special To The NEWS
MOBEETIE, April 16—During the summer months, which have just begun, people get restless to go somewhere, and the main roads of the country are crowded with tourists who drive all sorts of cars and cabin-trailers.

Those who cannot afford to travel have taken up the new method of getting places, called "hitch-hiking," and manage to go amazing distances by the simple expedient of standing alongside the road and "thumbing" for a ride.

"Little Miss, Hitch-Hiker" concerns itself with a pretty, modern girl who gets a ride with a young architect.

The comedy-drama, in three acts, will be staged here at 8 o'clock tomorrow night by the Mobeetie High school senior class.

**Miami P-TA Sees
Patriotic Pageant**

Special To The NEWS

MIAMI, April 16—A beautiful and impressive patriotic pageant was presented as the entertainment feature by second grade pupils at the regular meeting of Miami P-T. A. Monday evening in the high school auditorium. Miss Margaret Gilliam, second grade teacher directed it.

The pageant was followed by two piano numbers rendered by Phoebe Ann Osborne, a member of the second grade class, who was dressed in colonial costume.

Miss Sarah Truitt was leader of the program on "American Youth," which was conducted on the form of a panel discussion. The leader was assisted by the Rev. R. A. Pryor, Mrs. W. F. Locke, and Miss Cleveland Laman.

Different phases of youth's problems and their means of solving them were discussed from the angle

of the home, the church, and the school in the four talks. The parents' part in giving a child the necessary sense of security to meet the complex problems of a changing world today was emphasized.

"There is far more pressure on families to bring up good citizens today than ever before," stated one of the speakers. "The tension brought about by the trend toward dictatorships and by world-wide threats of wars makes each family feel that their children must be well prepared and fortified for a life which holds so much uncertainty."

"The schools of the future will strive more to develop the idea that each child should recognize his obligation to society," said Miss Truitt in her discussion. "The idea that each should repay society in proportion as he has received. Schools as well as churches must accept the parable of the talents."

During the business session the report of the nominating committee was read by Mrs. W. F. Locke. It was accepted as recommended and

the following officers were elected, to be installed at the next meeting: Mrs. Dan Graham, president; Mrs. H. J. McCue, first vice-president; Mrs. Bill Lard, second vice-president; Mrs. Jim Kivlehen, secretary; Mrs. Tom O'Loughlin, treasurer.

LIFE-SAVERS

Being extremely sensitive to foul air, canaries are taken into mines to warn miners if poisonous gases are present.

Latest reports indicate approximately 4,600,000 motor cars and trucks were produced in the United States and Canada, a gain of 25 per cent over the 1939 output.
