Good Evening

In so great a danger the faintest hope should be considered.—Goethe.

FIRE BEFORE SPEEDWAY RACE INJURES SEVEN

The Gray And The Blue Meet Again

Memorial Day Observance To Be Sunday

Pampa ex-service men, members of the American Legion, Veterans of Foreign Wars, auxiliaries, the Texas Defense Guard, and patriotic residents will join here Sunday in observance of Memorial Day.

Ex-service men are to meet at 1 o'clock Sunday afternoon at the Legion hut, where at 1:30 o'clock members of the Texas Defense Guard will assemble to present a drill honoring Pampa's Gold Star mothers.

After the drill, the Guard, ex-service men, will march in a parade up W. Foster to Cuyler, thence to Browning. Here they will enter automobiles for the trip to the cemetery, where the V. F. W. ritualistic service, and other ceremonies will be held, beginning at 2:30.

Graves of veterans buried in Fairview cemetery will be decorated during the Fiesta, Mrs. John Brandon, secretary of the committee, headed by Mrs. W. L. Heskev.

Although Memorial day is today, those in charge of the observance here decided not to hold the ceremonies today, as they deemed Sunday a better day than Friday to secure wider participation.

A few flags were on display on Pampa streets today. Only a few places closed for the day, including the two banks, Pampa Credit association, Southwestern Public Service company, and the office of the Gray County Selective Service board.

Kansans Asked To Contribute To Fund For Jayhawker Float

Within the next week native Kansans now living in the Panhandle will be called upon to contribute funds to build the Kansas float for the Parade of All States and Nations at the Top O' Texas Folks Fiesta, Mrs. John Brandon, secretary of the Kansas club announced today.

Mrs. Brandon said that she and Mrs. L. K. Stout, another native Kansan, would call personally on former Kansans for the Kansas float. They have names and addresses of former Kansans here. The Kansas club has decided that all ex-Kansans who contribute to the float fund will be entitled to vote for the queen, and Kansans who don't will not be entitled to vote for the queen who will not be elected until the money is raised to build the float.

"Most every native Kansan still has a warm place in his heart for Kansas, and every one we have talked to wants Kansas to be represented in the parade, and they eringe in horror at the thought of not having one, so we are going to give everybody a chance to contribute," Mrs. Brandon said.

Any person who wants to make a contribution from two bits on up may bring or send it to the News and save Mrs. Brandon and Mrs. Stout a trip to see them. They would certainly appreciate such thoughtfulness.

I Heard . . .

That Emmet Ellis was chased out of a local barbershop today when he told the old one about the ball play. It hit a line drive into left field and that as he rounded third the ball hit him in the face.

REDEDICATING OURSELVES

Lay the flowers gently on the sod, prop the wreath carefully against the monument. The dead will not hear, nor see, nor smell, nor be disturbed. They had their hour; brief it was. They were cut down in their youth and in their strength.

Before the unseen bullet came or the unheard shell detonated, they lived many lives in one. They knew the sweet knowledge of what it is to put something else before self. Many do not learn this in a long lifetime, though it is one of the things we are put on earth to learn. They learned the lesson that was taught of old:

Verily, verily, I say unto you, Except a corn of wheat fall into the ground and die, it abideth alone; but if it die, it bringeth forth much fruit.

He that loveth his life shall lose it; and he that hateth his life in this world shall keep it unto life eternal.

These men we honor today died for us. They died because, with what vision was granted to them at the time, it seemed the only way to preserve something more precious than life.

Did you ever talk to soldiers? You wouldn't hear them say anything like that. If the subject were brought up, you would get only a deprecatory shrug, a swift change of subject, perhaps even an obscenity-decked denial. Men who become soldiers don't talk about saving democracy, or of devotion to freedom. Don't let that fool you. The devotion is there, too deep for expression sometimes, too latent for thought, but it is there.

It was there in all of these dead when they were young and tanned and strong. Because they had it; because, though any of them would have fumbled and blushed, and denied his devotion, it was deep within him even to death; because of these things we are what we are today.

We can do nothing for these dead any more. They do not see our ministrations nor smell the fresh blossoms. What we do today in honoring them is really for ourselves.

It is a rededication of ourselves to the end that we shall not, in any evil day, prove less than they.

Defense Plants In U. S. Heavily Guarded

Military and civil guards stood watch today at defense plants from coast to coast, summoned overnight by civilian authorities who spoke of sabotage and military officers who talked of tactical maneuvers.

Highlighting the sudden activity from New England to California was the cancellation of leaves of 14,000 Port Dix, N. J., soldiers and a "practice alert" at Fort Custer, Mich., was so realistic that officers confessed "it even fooled us."

The war department said at Washington it had issued no instructions of any kind to lead to precautions such as were reported. It said it knew nothing of the activities at Port Dix and Fort Custer but pointed out that post or corps command.

British Reported 'In Full Flight'

(By The Associated Press) British and Greek troops were reported fleeing the Mediterranean island of Crete today, attempting to reach Egypt aboard small fishing boats in another Dunkerque.

Axis dispatches pictured Allied forces still remaining on the island as wandering, lost and demoralized, in an artificial fog spread by the Germans.

The first group of fugitive soldiers has already arrived in Egypt, the Berlin radio asserted.

Hitler's high command declared the British were "in full flight" in the 11-day-old struggle, with Nazi aerial troops already having captured the three principal Crete cities of Candia, Retimo and Canea, the Crete capital.

(By The Associated Press) British defenders of Crete were reported "in full flight" today, and Axis dispatches pictured the allies as wandering around the island, lost and demoralized in an artificial fog laid down by Adolf Hitler's aerial invaders.

Groups of British soldiers were reported stumbling along the rocky southern shores of the island, hoping that ships might come to evacuate them. Fishing boats had taken off a few, it was reported.

British middle east headquarters acknowledged that the allies had been compelled to reform their lines amid a tempest of Nazi dive-bombing assaults and fierce attacks by new air-borne German reinforcements.

The middle east command said battle-worn British troops "again" had been ordered to retreat to the "waters," but it shed no light on the possibility of surrender or escape.

It was just a year ago today, by coincidence, that the first of the allied forces to escape the trap in Crete, reached England from Dunkerque.

DNB, official German news agency, said thousands of allied prisoners had been taken and declared that the battle for the strategic Mediterranean island "has been decided."

The Italian press said surrender of the allies before nightfall was inevitable.

At sea, Premier Mussolini's high command acknowledged that the 17,879-ton Italian liner Conte Rosso, loaded with troops, had been torpedoed and sunk to the south of Syracuse, Sicily. Most of the troops were saved, it was announced.

The Fascist high command also reported that the 1,340-ton British destroyer Harewood had been blown up by Italian aerial bomb hits and that so far 229 members of the crew had been rescued, including 26 seriously wounded.

The Germans reported the capture of Retimo, Crete's third largest city, about halfway between Canea and Canea, the capital. Both the latter had previously fallen to Nazi "sky troops."

DNB said 800 British prisoners had been taken at Retimo and that

Indiana Society Elects Officers

The Indiana Society of the Panhandle, composed of natives of the Hoosier state, last night elected Mrs. E. W. Wharton, president; M. K. Griffith, vice-president; and Mrs. John Mobley, secretary-treasurer.

The club will meet again Monday night in the district courtroom to nominate a queen and design their float in the parade all states and nations at the Top O' Texas Folks Fiesta.

Industrial Strike Situation Improving

(By The Associated Press) Although most factories were closed for the Memorial Day holiday, defense production chiefs received cheering news from several sources as a series of steps to end industrial strike.

A strike threat was lifted from the Packard Motor Car plant at Detroit, walkouts were ended at an Illinois chemical works and a Pennsylvania shell factory, and the Nashville, Tenn., AFL building trades unions named a coordinator to prevent work stoppages on defense projects.

The Packard management offered, and the CIO United Automobile workers accepted, a new contract providing 8-cent hourly increases for some 11,000 production employees. In addition, each employee will be paid a \$40 bonus next January in lieu of vacations. The basic pay scale at the plant was not disclosed. Packard has \$22,000,000 in armament orders.

Wage increases ended a six-week strike by 900 AFL employees of the

WICKARD CALLS FARM VOTE

Declaring safe management of the country's large wheat supplies an important defense measure, Secretary of Agriculture Claude R. Wickard (above) has proclaimed a marketing quota for wheat and has announced May 31 as the date of a referendum at which wheat farmers will mark ballots such as the one shown to determine whether

er quotas shall continue in effect on the big 1941 crop. Marketing quotas are provided by the AAA farm program, and enable farmers to safely store their surplus for use as needed, Wickard said. According to current estimates, U. S. farmers will have enough wheat on hand after harvest this year to supply the nation's expected needs for nearly two years.

There have been previous referendums for cotton growers and growers of other crops but this is the first time wheat growers have voted on their special plan.

As provided by congress in the agricultural adjustment act, whenever the supply of wheat is too large growers are given the opportunity to vote marketing quotas, upon themselves. If two-thirds or more of the growers approve quotas, then they will be in effect.

This means that even if one county turns down the plan, it will be in effect in that county and all other counties, if two-thirds of the eligible voters over the nation decide they want it.

The 1941-42 wheat supply will be 1,236,000 bushels exceeding the level at which marketing quotas become necessary by 217,000 bushels.

Basis Is Explained

The wheat marketing quotas will apply alike to those who are and those who are not complying with the government conservation program. Wheat acreage quotas were issued to all wheat growers and the marketing quotas will be based on this acreage and average yield, rather than actual production in terms of bushels.

For instance, a farmer is given a quota of 200 acres on which the average yield is computed at 10 bushels an acre. He raises instead 250 acres and the actual production is 20 bushels per acre. The amount of wheat subject to penalty will be the number of excess acres—50 in this case—times the average yield of 10 bushels or 500 bushels.

Three Polling Places

Polling places in Gray county will be the county court room in Pampa, Dave Turcotte, chairman; Laketon, Laketon school, Emmet Osborne, chairman; Grandview, Grandview school, Hubert Keasbey, chairman.

There will be two clerks besides the chairman at each of these places. Polls will be open from 8 a. m. to 8 p. m. County Farm Agent Ralph R. Thomas will wire the results to Texas A. & M. college, College Station.

In connection with tomorrow's election, a meeting of farmers of the Grandview community was held last night at the Grandview school. Attendance was 65. Speakers included Irvin Cole, Ray Knorr and Agent Thomas, Hubert Keasbey, Grandview community chairman, was in charge of the meeting.

See FARMERS, Page 5

Illinois Society To Meet Tonight

The Illinois club of the Panhandle will meet tonight at 8 o'clock in the city hall auditorium to elect officers, to nominate a queen, and design their float. The Illinois state flag, 10 feet long and 8 feet wide, brand new and the most beautiful one received to date, arrived this morning from Springfield, Ill.

The flag will fly from the Illinois float in the parade.

A total of 55 cars was mailed yesterday by Walden Prasse to "suckers," inviting natives of Illinois to attend the meeting.

Mrs. W. D. Murphy and Mrs. W. R. Prasse have been using the telephone and their cars for several days in order to have a big representation at the meeting tonight.

Gene Worley Announces School Fund

The Works Project Administration has approved the application of the Pampa School board for \$12,407 for a general landscaping project at the new high school, according to a telegram received here from Congressman Gene Worley. The application received President Roosevelt's signature yesterday afternoon, Congressman Worley said.

The WPA funds, supplemented by the sponsor's share, will be used for general landscaping of the large grounds. The project will include sidewalks, driveways and parking plots around the building, erection of ornamental entrances, tennis courts, flag pole, setting out of hedge, trees, shrubs, flowers, and grass.

Application for the grant was made by the board two months ago.

A work order on the project can be expected within a few weeks.

Work on the new building is progressing rapidly and it should be ready for occupancy by Sept. 1.

Fire And Water Damage K. C. Waffle House

Fire and water badly damaged the K. C. Waffle House, 108 West Foster avenue, and some smoke damage was reported to Paul D. Hill's Men's Wear store at 110 West Foster avenue last night. The fire was reported at 11 o'clock by Fire Chief Ben White, who was standing in front of the cafe talking to Joe Adair when the fire broke out.

The two trucks stationed at the fire station and the one from the emergency station in South Pampa were called into play as 2,000 feet of hose were strung.

The fire was quickly brought under control as soon as water was available, but because of grease in the kitchen of the cafe the blaze spread rapidly.

Fire Chief White has not estimated the damage. A state adjuster is scheduled to be here tomorrow to check the loss.

Chief White said he believed the fire was caused by grease in a vent pipe over the stove igniting. Smoke soon filled the cafe and also the Paul Hill store, but the fire was confined to the cafe. No smoke was reported in the store because of a brick fire wall.

The cafe kitchen was badly damaged and will have to be completely renovated and some new equipment installed, Chief White said. The rear of the cafe was also damaged.

Spectators hampered the work of the firemen, Chief White said.

30 Garages, Three Race Cars Burn

Fire Delays Start Of Race; Power Lines Damaged

SPEEDWAY, Indianapolis, May 30 (AP)—Start of the Memorial day 500-mile automobile race, scheduled for 10 a. m. (CST), was delayed today by a fire in the garage section which destroyed three race cars and 30 garages, injured seven men and caused damage estimated by officials at \$100,000.

The delay in starting the race was caused by damage to power lines affecting the electric timing device by which the cars are clocked.

Repairmen worked frantically to restore the power.

A crowd unofficially estimated at nearly 150,000 was on hand, filling the mile-long grandstand sections and most of the infield.

Only one of the burned cars was entered in the race. The other two had not qualified.

The blaze damaged power lines leading into the speedway and repairmen began frantic efforts to restore the lines so that the race could start on schedule at 10 a. m. (C. S. T.). The power failure affected the electric timing device by which the cars are clocked.

Jim Pherice, a member of Race Driver Kelly Pettillo's crew; James Lynch of Chicago, a member of the technical committee; Lloyd Barnes, and Indianapolis mechanic; Ed Steinbach, 35, Chicago radio announcer; J. B. Gardner, Portsmouth, O., mechanic, and Malcolm Mackenzie, Philadelphia, were burned in the fire. All were treated at the Emergency Speedway hospital.

Quinn Herron, 30, Indianapolis, a spectator, suffered cuts to his hands when he jumped over a fence to help pull cars out of the flaming garage section. Steinbach was burned about the hands in pulling a midget race car, owned by Sam Hanks of Alhambra, Calif., to safety.

The cars of Mauri Rose, Rex Mays and Wilbur Shaw, the three drivers holding first row positions in the starting line, were in the garage section that burned but all were pulled to safety.

Hundreds of spectators, who had streamed into the grounds when the gates opened at 6 a. m. (CST), watched the fire from the grandstand across the track. A fire from the infield, Indianapolis firemen hurried to help the speedway fire-fighting crew.

The six-cylinder rear-engine automobile which was to have been driven by George Barringer of Houston, Tex., was destroyed. The blaze started in the garage housing the Barringer car, said Mechanic Owner Eddie Offutt, as gasoline Cffutt was draining from the tank spilled and was ignited by static electricity or a match.

Loss of the race cars were saved.

The rest of Barringer's car reduced the starting field to 31—two less than the limit. A crash late yesterday eliminated young Sam Hanks of Alhambra, Calif., and his machine. Hanks' accident occurred as he was making a practice run.

Patriotic Circular Issued By Kiwanians

Pampans receiving monthly statements tomorrow from the Southwestern Public Service company will find enclosed a pamphlet titled "The Bill of Rights."

It is a four-page circular, prefaced with these words: "Every person in the United States of America should be familiar with the privileges he may enjoy as a citizen of this great country of ours."

"It is with this thought in mind that the Kiwanis club of Pampa presents you with this copy of the Bill of Rights. Please read it!"

Distribution of the circulars is sponsored by the Americanism committee of the local club.

Amendments Listed

The two inside pages of the circular reprint the first ten amendments of the Constitution. Collectively, these amendments, adopted in 1791, are known as the Bill of Rights.

On the back of the circular, headed "I Am an American—these rights and privileges are mine," are these words:

I may think as I please.
I may speak or write as I please, so long as I do not interfere with the rights of others.
I have the right to vote. By my vote I choose the public officers who

Graduation Dance Given At Country Club By Sorority

LaRosa sorority entertained with a graduation dance at the Country Club this week for members and guests.

The ballroom was decorated in red and white with small diplomas and caps hanging from the ceiling.

Members present were Eula Taylor, Dora Taylor, Betty Schwind, Elaine Dawson, Jenny Lind Myatt, Fern Simmons, Willetta Stark, Inez Norton, Betty Mounis, Ernestine Crane, and Betty Jean Myers.

Guests attending were Jack White, L. J. Hatter, James Foran, Ada Arthur, Leon Holloway, Adell Pierce, Hoyt Rice, Betty McAfee, Velma Page Osborne, Carl Hillis, Dorothy Miskimins, Jack Cunningham, Maxine Holt, Grover Helskel, Bill Whitwell, Leon Holmes, Glen Stafford, Delbert Hughes, Mary Gurley, Jack Stephens, Melvin Clark, Charles Beach, Naomi Snyder.

Muri Johnston, Flint Berlin, Colleen Bergin, Erikan Eller, Betty Jean Faria, Glenn Roberts, Martha Pierson, Jack Fide, Ruthie Shier, Evelyn Auld, Squire Brady, Laneta Beezley, Doyle Lane, Harris Hawkins, Budd Simmons, Pat Bisetti, Nevin Johnston, Jeanie Graham, Wayne Fide, Mr. and Mrs. Jimmie Weston, Wayne Hillard, Ada Simmons, Betty Plank, Max McAfee, Bill Ward.

Dick Kuehl, Davis Graham, Jerry Kerbow, Margaret Burton, Chief Garlisle, Sparky Roberts, Herbie Sloan, Harry Kerbow, Ralph Barrett, Glenn Dawson, Clarence Semms, Larry Simms, Jewel Hill, Harriet Maynard, Mary Lee Morris, Frank Terhune, Christine Austin, Eade Watkins, Peggy Johnston, Bill Mounis, June Amick, Ed Terrell, Sherman Gray, Tommy Howell.

Carolyn Cloud, Frances Fitzpatrick, Elmer D. Young, Burl Graham, Jr., Klair Baker, Walter Halnes, Grein Ann Bruton, Vaughn Darrell, Glenn Sartor, Wanda Roberts, Joe Cargile, Jr., Frankie Foster, Robert Fletcher, Neva Lou Woodhouse, Harriett Price, Junior Barnett, Roy Lackey, Harold Smith, Herman Gray, and Bob Bowerman.

Chaperones were Mmes. Claude Lard, H. H. Isbell, Stark, Ray Dawson, J. F. Schwind, W. A. Stratton, L. J. Starkey, M. L. Myers, and Mr. and Mrs. A. E. Shaw.

OPEN NECKLINE

Send for this pattern for your next summer dress. It is perfect for sheer cottons for summer, sheer rayon, or silk crepes or net. It features a smartly shaped open neckline, a straight shoulder yoke, sleeves slightly full at the top, a full cut skirt. There is a zipper opening at the back of the neckline.

Pattern No. 8877 is in sizes 36 to 52. Size 38 requires 5 1/2 yards 35-inch fabric. A sew chart, giving step-by-step directions for cutting and sewing, is included with the pattern.

For this attractive pattern send 15 cents in coin, your name, address, pattern number, and size to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Third Birthday Of Betty Jane Murray Observed At Party

Special To The NEWS
SKELLYTOWN, May 30—Mr. and Mrs. R. C. Murray honored their little daughter, Betty Jane, with a party on her third birthday this week at their home in the Skelly camp.

Various games were directed by Mrs. Murray. The gifts were opened by the honoree.

Refreshments of decorated birthday cake and ice cream with lollipops as favors to the following: Betty Jane Murray, Betty Lou Coffey, Billy Joyce Adams, Jerry Sloan, Barbara Jean Hughes, Doris Ayers, Myrna Jo Woods, Nancy Anderson, and Carol Anderson.

Gifts were sent by Norma Lee Clark and Elbert Cannon.

Amigo Club Has Last Meeting At Luncheon

Special To The NEWS
SKELLYTOWN, May 30—Mrs. Bill Price was hostess at a covered dish luncheon which was served at the final meeting of the Amigo club.

Three tables were arranged for the bridge games in which Mrs. Howard Patton won high score award and also held the traveling prize. Consolation award went to Mrs. Carl Moran.

At the conclusion of the games, Mrs. Chester Strickland, who is leaving to make her home in White Deer July 1, where Mr. Strickland will be superintendent of the White Deer Independent school district next year, was presented a bed spread by the club members.

Those present were Mmes. Chester Strickland, J. C. Jarvis, Bob Clements, Etta Hughes, Bill Harlan, Howard Patton, Joe Miller, Carl Moran, S. C. Dickey, Marshall Coulson, Melvin Campbell, Ray Hawkins, and the hostess.

FAST ELEVATORS

Elevators in the R.C.A. building at Rockefeller Center, New York City, travel at a speed of 1,400 feet a minute; the 860-foot trip requiring a little more than 37 seconds.

WEAK

The moon's force of gravity is equal to only about one-sixth of the force of gravity on the earth.

DIAMONDS IN STEEL

About \$10,000 worth of platinum and thousands of dollars' worth of diamonds are bought by steel companies each year for industrial uses.

Scout Leaders End Year With Study Thursday

Girl Scout Leaders club met Thursday afternoon in the Scout house when Mrs. Jack Goldston presented a program on "Nature."

A large collection of wild flowers was displayed by the program leader, and a true and false quiz covering various phases of nature was conducted. Mrs. Glen Pool, guest speaker, talked on flowers and plants.

Selection of girls for camperships was discussed. It was reported that 76 girls have registered for Day Camp and that there is a need for adult assistants in helping put over the Day Camp program.

The club voted to disband until September with the exception of called meetings to be held when the necessity arises.

Nine members were present.

Social CALENDAR

SATURDAY
Gray County Home Demonstration Council will meet at 2:30 o'clock in the office of Mrs. Julia E. Kelley.

MONDAY
Woman's Society of Christian Service of First Methodist church will meet at 2:30 o'clock. One, Mrs. J. E. Ward, 108 North West street; two, Mrs. C. T. Hunkapillar, 1221 Mary Ellen; three, Mrs. W. R. Frasse, 1002 East Francis; four, Mrs. C. C. McWilliams, 514 North Hazard; five, Mrs. J. S. Skelly, 916 North Somerville; six, Mrs. J. H. Hensley, North Ward; seven, Mrs. Earl Goodwin, 10 Sunset Drive.

All three circles of Calvary Baptist Women's Missionary society will meet at 2:30 o'clock in the church for a Royal Service program and business session.

First Baptist Women's Missionary society will meet in the church for a 1 o'clock luncheon. Executive board will meet at 1:30 o'clock. Program at 2 o'clock.

Order of Eastern Star will have annual installation of officers at 7:30 o'clock in the Masonic hall.

American Legion auxiliary will meet at 8 o'clock in the Legion hall.

A regular social meeting of Union chapter of the Beta Sigma Phi society will be held at 7:30 o'clock.

A general meeting of First Baptist church will be held in the church.

Woman's Society of Christian Service of Central Baptist church will have a business meeting.

All three circles of Calvary Baptist Women's society will meet.

Woman's Society of Christian Service of First Methodist church will meet in circles at 2:30 o'clock.

Woman's Society of Christian Service of McCullough Memorial Methodist church will meet at 2:30 o'clock.

Harrah Bible class of First Baptist church will meet at 2 o'clock in the church.

Girl Scout troop three will meet at 4 o'clock in the Scout house.

TUESDAY
Civic Culture club members will entertain their husbands with a picnic in the home of Mrs. Cyril Hamilton.

Mrs. C. H. Schakley will be hostess to Tuesday Bridge club at 2:30 o'clock.

B. K. club will meet in the home of Mrs. Grace Harbor for the election of officers.

A weekly meeting of B. G. K. club will be held at 7:30 o'clock.

Business and Professional Women's executive board will meet at 7:30 o'clock in the city club rooms.

Parent Education group of American Association of University Women will meet at 2:30 o'clock in the school.

Nursery will be at Rice Kiddie College. Reapers class of Central Baptist church will have a business meeting.

Amaranda Women's Missionary society will meet at 2 o'clock in the mission.

Ladies Bible class of Francis Avenue Church of Christ will meet at 2:30 o'clock in the church.

Girl Scout troop four will meet at 4 o'clock in the little house.

A held.
London Bridge club will be entertained at a regular meeting.

Order of Rainbow for Girls will meet at 7:30 o'clock in the Masonic hall.

TROUSSEAU TREASURE

THIS lovely summer dress of white eyelet batiste is trimmed at neckline and hemline with organdy ruffles. Narrow shoulder straps and bodice bow with streamers are of black velvet. This would be a perfect gown for the summer bride to include in her trousseau.

Sponsor Of Sub Deb Club Hostess Thursday Night

Sub Deb club members met in the home of their sponsor, Mrs. Allen Evans, Thursday evening for a business session.

Honoring a member, Miss Iris Williams who will become the bride of J. H. Buckingham, Jr., a kitchen shower was given.

The hostess presented each graduating senior member of the club with a box of stationery.

Refreshments were served to Misses Betty Plank, Iris Williams, Harriett Price, Elaine Carlson, Frances Shier, Martha Pierson, Ruthie Shier, Betty Lee Thompson, Betty McAfee, Betty Culbertson, Gretchen Ann Bruton, Frankie Foster, and Mrs. Allen Evans.

Bess Bruton will be hostess at the next meeting of the group.

Miss Crawford Presents Private Piano Recitals

Special To The NEWS
WHITE DEER, May 30—Miss Kathleen Crawford presented her junior high school pupils in two private piano recitals Thursday.

The first group, Lea Mae Bednorz, Charman Coe, and Shirley Evans were presented Thursday afternoon at the home of the Rev. and Mrs. Herman Coe, and Phyllis Shuman, assisted by Jean Holmes, soprano, was presented Thursday evening at the home of Mr. and Mrs. E. C. Shuman.

On the afternoon program, Lea Mae Bednorz played "Sonatina Op. 36, No. 2," allegretto and allegro movements; by Clements; "Minuet" and "March" by Bach; "Praise You Voices," English hymn; "On This Day, O Beautiful Mother," Lambillotte; "Holy God, We Praise Thy Name," Ritter; "Melody in F," Rubenstein; and "Submarine Voyage," Bradford.

Charman Coe played "Etudes 1 and 4," Czerny; "Chorale," Bach; "I Gave My Life," Ellis; "Purer in Heart," Fillmore; "The Tiresome Woodpecker," Thompson; "To Celia," folk tune; "The Skyscraper," Thompson; "The Mill," Jensen; and "March," Tschalkowsky.

Shirley Evans played "Minuet" and "Little Prelude," Bach; "Etudes 9 and 14," Czerny; "Jesus Calls Us," Jude; "A Charge to Keep," Mason; "What a Friend," Converse; "Allegro from Sonatina No. 2," Beethoven; and "Avalanche," Heller.

On the evening program piano numbers presented by Phyllis Shuman included "Prelude," Bach; "Little Prelude," Bach; "Chaconne," Handel; "Viennese Sonatina No. 11," allegro, minuetto, adagio, and fante, Mozart; "Etude in D Minor, Op. 28, Loeschhorn; "Indian Warrior Op. 49, No. 15," Heller; "Andantino Op. 10, No. 2," Weber; "The Smugglers," Taylor; and "Tango," Mowry.

Jean Holmes sang "Santa Lucia" folk tune; "Clouds," Charles; "Ah, Sweet Mystery of Life," Herbert; and "When You Come to the End of the Day," Westphal.

Miss Crawford presented her junior high school pupils in two private piano recitals Thursday.

Intermediates Have Mexican Party At Church On Thursday

Members of intermediate department Calvary Baptist church entertained with a senior and seniorita fiesta Thursday evening in the church basement.

A color note of orange, green, blue, and yellow was carried out in decorating the hall where Mexican pottery was arranged.

After various Mexican games were played, chili, beans, and crackers were served from tables where the covers, napkins, and dishes repeated the color motif. Iced punch and candy were served from Mexican trays by vendors.

Present were Bernice Bond, Bonnie Dell and Hetty Jo Tucker, Edna Brown, Patricia Sarvis, Cecil Jameson, Woodrow Tice, Rosalie and Golda Mae Miller, Juanita Godwin, Ellen Dale Cook, Edna and Alma Cornett, Doyle Parker, Wonona Hyatt, Leona Yearwood, Marie Esharp, Junior and Betty Teague, Geraldine McWhorter, Coy and W. L. Vandenberg, Henry Lewis, Jr., Doris Swaenger, and Lucille Mathis.

Assisting in the entertainment were Mmes. Addie Buzbee, H. E. Cook, E. B. Brown, and J. H. Tucker.

Others present were Mr. and Mrs. J. L. Pritchard, Mr. and Mrs. Durrell Davis, Mr. and Mrs. C. C. Teague, and Janice and Carolyn, Mrs. E. M. Dunsworth, and Mrs. C. A. Pixler.

GLORIFYING YOURSELF

By ALICIA HART
Faces, like houses, are benefited by a thorough spring cleaning. Now is the time to get rid of sallow complexion tones, easy-to-erase lines and wrinkles.

You begin, sensibly and properly, by going on a one-day liquid diet, followed by two-day fruit and vegetable diet.

Start the first day by drinking two glasses of lukewarm water and fresh lemon juice. Have fruit juice and a hot beverage for breakfast; clear soup and a glass of milk in the middle of the morning; more soup, vegetable juice and coffee or tea for lunch; all the fruit juice you want during the afternoon; clear soup and more fruit or vegetable juice or milk for dinner, and, before going to bed, another glass of milk.

Meanwhile, take two baths a day during the three-day diet period, using plenty of soap and water on the face and neck as well as the rest of body. Sleep at least eight and a half hours each night.

The first evening before going to bed, clean face and throat, then apply a bit of olive oil. Only a few drops are needed. Now dip fingers in freshly squeezed, strained lemon juice and massage the face and neck with upward and outward strokes. Keep on moistening fingers in lemon juice and rubbing lightly until tiny rolls of dry cuticle no longer are formed as you rub. When you finish, the skin will be pink and will have a faintly peeled look about it.

Afterward, rinse several times in cold water, smooth on a thin film of night cream and go to bed. Repeat the treatment two nights later.

Railroads in the United States handled an average of 850 tons of freight per train in 1940, the greatest total on record.

Fourteen thousand tons of ore are required to produce one ounce of radium.

Calvary Baptist WMS Circles Meet For Bible Study

Mission study was conducted at the meetings of the three circles of Woman's Missionary society of Calvary Baptist church this week.

At the meeting of Blanch Grove circle in the home of Mrs. E. B. Brown, the program on "The Word of God" was led by the hostess. Attending were Mmes. J. H. Tucker, C. C. Teague, Gordon Smith, U. S. Sapp, and E. B. Brown.

Members of Kathleen Malloy circle met in the home of Mrs. Claude Crane with Mrs. E. M. Dunsworth leading in the opening prayer. After the lesson was presented by Mrs. J. L. Pritchard, Mrs. H. E. Cook led in prayer. Present were Mmes. E. M. Dunsworth, Claude Crane, J. D. Hunt, L. L. Brewer, W. J. O'Neal, H. E. Cook and J. L. Pritchard.

Mary Margaret circle members met in the home of Mrs. L. C. Vandenberg, who taught the lesson. Present were Mmes. Bill Clatterbaugh, Bud Patton, B. C. Vandenberg, and Elsie Vandenberg.

Next Monday afternoon at 2:30 o'clock, all of the circles of the society will meet at the church for a Royal Service program and business meeting.

Two Circles Of Central Baptist WMS Have Meeting

Among the circles of Woman's Missionary society of Central Baptist church who met this week were Mary Martha and Annie Saltee.

At the meeting of Mary Martha members in the home of Mrs. H. A. Overall, Bible study was conducted after the hostess led in prayer. Mrs. Dayton White presided over the business session and Mrs. Ray Riley had charge of the Bible study.

Attending were Mmes. C. H. Brazill, G. B. Dood, C. T. Cooper, Ray Riley, Hugh Peoples, Dayton White, Frank Slicht, Harry Dean, Roy Beasley, W. R. Morrison, Roy Hallman, G. C. Stark, and two visitors, Mmes. John Arledge and W. C. Cook.

Annie Saltee members met in the home of Mrs. A. P. Mays. Following the opening song, "Love Lifted Me," Mrs. Williams led in prayer. Mrs. E. R. Gower presided over the business hour and Mrs. Fred Williams gave part of the missionary book.

A handkerchief shower was given for Mrs. Ted Cane who is moving away.

Refreshments were served to Mmes. H. G. Lawrence, J. W. Holt, Fred Williams, C. B. Mooneyham, W. H. Sahr, H. C. Showers, A. P. Mays, E. R. Gower, Ted Cane, and two visitors, Mmes. McPeak and Parsell.

Mrs. Jasper Named Honoree At Shower Given By Group

Special To The NEWS
SKELLYTOWN, May 30—Mrs. Charley Johnston, Mrs. Earl Groberg and Miss Vanice Wedge were co-hostesses at the home of the former recently with a party and shower honoring Mrs. Sidney Jasper, the former Rose Barker of Skellytown.

Games were directed by the hostesses and recipes were written for the bride by the guests. The gifts were presented to the honoree by little Mary Merle Johnston.

Ice cream, pink and white cake, and punch were served to the following: Mesdames Sidney Jasper, Bill Harlan, J. R. Wrinkle, Casey, Roy Christopher, Pinky Wright, Jack Cornwell, Elsie Summers, Hazel Thurlow, Earl Groberg, Charley Johnston, and Misses Fern Barker and Vanice Wedge.

Gifts were sent by Mesdames Joe Miller, O. L. Statton, Jim Farris, Lance, C. H. Cannon, Etta Hughes, Howard Patton, Bob Clements, Marie Ballard, Dock Howard, Misses Fern Lance and Maude Lee Greer.

Mr. and Mrs. Jasper are making their home in Pampa. Mr. Jasper is employed by the Cabot company at the Kingsmill plant.

Rebekah Lodge Has Game Night At Hall Thursday

A game night followed the regular meeting of Rebekah lodge Thursday evening at the I. O. O. F. hall.

Members attending were Ellen Kretzmeier, Zola Donald, Della Keys, Lois King, Faira Baird, May Forsyth, Vensel Castka, Elsie Cone, Mae Phillips, Pearl Castka, Etta Crisler, Dorothy Voyles, Gladys Rupp, Hattie Day, Fredella Pottery, Edna Howitt, Frances Hall, Edna Braly, Aileen Neighbors, Ethel Mae Clay, Tressie Hall, Leona Burrows, and Lilye Noblitt.

STAR STYLE

Jeanne Kelley, who appears in the new motion picture, "Buck Privates," wears a smart bonnet of white, stitched cotton with nautical trimming in navy blue, and gold.

Mrs. Miller Hostess At Contract Party

Special To The NEWS
SKELLYTOWN, May 30—Members of Contract Bridge club were entertained by Mrs. Joe Miller this week at her home in Skellytown.

Mrs. Chester Strickland, who is leaving soon to make her home in White Deer, was given a handkerchief shower by the club members.

Light refreshments were served to Mmes. Marshall Coulson, J. C. Hicks, F. E. Stephenson, J. A. Arwood, Carl Williams, and the hostess.

Mrs. H. J. Johnson will be hostess to the club at their next meeting.

Red Cross Will Have Open House In New Location

War production department of Pampa chapter of Red Cross will hold open house Tuesday, June 3, between 3 and 5 o'clock in its new quarters in the basement of the post office. The public is invited to attend during these hours.

It was decided to defer shipment of garments produced by the chapter during the last few months until next week so that people of Pampa might see what a fine grade of work is being done by the local women.

Dresses, layettes sweaters, skirts, socks, gowns, and shawls will be on display.

Picnic Given For Junior Girls Class

Special To The NEWS
SKELLYTOWN, May 30—Members of Junior Girls' class of the Community Sunday school were taken on their first weiner and marshmallow roast of the season by their teacher, Mrs. W. W. Hughes, this week.

An attendance contest is being started in the class with Betty June Price and Olga June Beigle as group captains. At the end of a month the losing side will entertain the winners.

Those present were Olga June Beigle, Betty June Price, Hazel Hefner, Casey Mae Studebaker, June Shipley, Lota Mae Hughes, Barbara Jean Hughes, and Mrs. W. W. Hughes.

Junior Colleges And Cancer Research Voted By House

(By The Associated Press)
AUSTIN, May 30—New legislative ventures—appropriations of \$1,750,000 for cancer research and \$650,000 for public junior colleges—today bore the approval of the Texas House of Representatives.

Over protests such money-spending would drive the state into bankruptcy, the house sent the measure to the senate before joining the upper legislative chamber yesterday in quelling for the week-end to permit conference committee labor on major appropriation bills.

The lower legislative branch re-passed, by a margin of nine votes, to override Governor W. Lee O'Daniel's veto of an unemployment compensation act amending eliminating tips from wage calculations of workers such as those in eating establishments.

The cancer appropriation, authorizing construction of a hospital on a site to be chosen by the University of Texas Board of Regents, originated in the house.

"All the science in the world hasn't found a cure for cancer," objected Rep. Sam Hanna of Dallas, and this \$1,750,000 won't find it. You (members) know it's not right to appropriate this money. But you just can't say no."

The junior college aid measure, allotting \$50 a student to each of some 20 institutions in the state, already has been voted by the senate but returns for concurrence in or rejection of house amendments. One alteration required that the colleges boost tuition to levels of those charged by state institutions of higher learning.

Objections which led to house rejection of the conference committee version of the elementary appropriations measure included opposition to a provision permitting a joint legislative committee to approve

building contracts and asserted lack of clarity on WPA aid for such purposes.

Members favoring acceptance pointed out early approval would provide an opportunity to override O'Daniel's possible vetoes on items in the bill. O'Daniel two years ago blue-pencilled approximately \$2,000,000 from the measure.

The lower chamber witnessed a favorable report from a committee on a bill which would place service stations under the chain store tax, reversing the recently-enacted omnibus tax bill which took them out.

Secrecy Will Be Subject Of Sermon

Ancient and Modern Egyptology, alias Mesmerism and Hypnotism, "Denounced" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 1.

The Golden Text is: "There is no wisdom nor understanding nor counsel against the Lord" (Proverbs 21:30).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Those things, which ye have both learned, and received, and heard, and seen in me, do; and the God of peace shall be with you" (Philippians 4:9)

The Lesson-Sermon also includes the following passage from the Christian Science textbook: "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "And we solemnly promise to watch, and pray for that Mind to be in us which was also in Christ Jesus; to do unto others as we would have them do unto us; and to be merciful, just and pure" (page 497).

More than 112,000 military vehicles of all kinds, ranging from armored scout cars to blitz-buggies, and from field kitchens to seven-ton trucks, have been delivered for military needs during the last nine months.

Fifteen fatal accidents, most of which were attributable to pilot error, were reported for United States civil aviation for March, 1941, an increase of three over the preceding month.

Fish Couldn't Wait To Be Caught At 'Lake O' Cherokees'

BY EDWARD CURTIS
MIAMI, Okla., May 30 (AP)—The fish couldn't wait to be caught when the "Fishathon," one of the nation's biggest fresh water angling derbies, was launched today on the beautiful new "Lake of the Cherokees."

At 12:01 o'clock this morning, three aerial bombs exploded to signal the start of the season and simultaneously a black bass weighing one and one-half pounds leaped into a fisherman's boat.

At least, that's the testimony of J. H. Giffin, Miami police commissioner, who brought the enthusiastic bass to "Fishathon" headquarters and swore he saw it make the fatal plunge.

It was a good fish story—no one questioned the commissioner's word, naturally—and an appropriate event for the launching of the greatest piscatorial party ever thrown in these parts.

With the flash of the rockets, many a fishing line was wet in the sprawling man-made lake behind the Grand River Dam, the longest concrete and steel structure of its kind in the nation.

Thousands of anglers had pitched camp in the woods on the main body of the 65-mile lake and along its numerous tributaries, awaiting the midnight signal to go after the finny prizes lurking in its waters.

Awards totaling \$2,500—including a new automobile for the biggest black bass—will be made for the best catches reported during the ten-day contest.

Sportsmen from all parts of the

nation were on hand for the opening. Gayle Pickens, ordinarily the assistant Ottawa county attorney but now primarily the president of Fishathon, Inc., said 2,000 persons had registered in the contest for the opening day.

On Sundays, 21 per cent of the total mileage registered by all cars is accounted for by travel in the conduct of business, in getting to and from work, or for the many essential services carried on throughout Sunday.

Mainly About People

Members of the high school department of the First Methodist church will hold a benefit ice cream and cake social at 7:30 o'clock tonight on the parsonage lawn. Arthur M. Teed is superintendent of the department.

For rent, nice furnished garage bedroom. Private bath. 802 Mary Ellen. Telephone 795. (Adv.)

Four of the total of seven boys accepted for the May enlistment in the Civilian Conservation corps at Parrison yesterday were from Gray county. The county boys were Wesley Van Landingham and Edward Bloomer, both of LeFors, and Chester Atterberry and Vernon Clyde Burges, both of McLean.

Nicely fur, 3 room apt., electric refrigerator. Bills pd. 201 E. Francis. (Adv.)

Word of the death of Mrs. Helen McNamara at her home in Burnett was received here yesterday by friends. She is the widow of the late Paul McNamara who died here last January. Mrs. McNamara is survived by one daughter, Norma Jean, and her parents. Funeral services were to be conducted in Burnett today.

Members of the executive committee of the Michigan club, planning that state's participation in the Top O' Texas Folks Fiesta, will meet at 7:30 o'clock tonight in the office of W. B. Weathered, county superintendent, at the court house.

Tom Cox and C. B. Welton will hold their last livestock sale of the season at the Recreation park pavilion Saturday afternoon beginning at 1 o'clock. No other sales will be conducted until the fall. One of the largest crowds of the year is expected to attend the sale at which all kinds of livestock will be offered. Livestock already registered for sale are of the highest quality, the men report.

The Pampa Junior Stamp club will meet tonight at 7:30 in the city commission room. A question and answer period will be held. All members are invited to be present.

Skeet Gibson of Amarillo was a Pampa visitor yesterday.

PLANTS

Airplane factories and establishments engaged in defense production, it was explained, are under the protection of the FBI and of individual protection forces at most plants.

Anti-aircraft guns were planted atop California plane factories, Los Angeles harbor ships were floodlighted, police guards were augmented in several cities and west coast "patriotic bodies" were asked to stand by.

Most spectacular of the military measures was the clamping on Fort Custer, Mich., "practice alarm" which was so much like the real thing that Battle Creek police took to the streets to warn civilians against armed sentries.

"We have been advised that there is a threat to the security of the post and special precaution is being taken to safeguard the post," the office of the commandant announced last night. At once sentries were increased, fire guards took over the post's water and power supply and Battle Creek industrial concerns mustered full quotas of watchmen and special police.

When the word came that it was all in practice, Capt. Richard Merrick, intelligence officer, confessed "it even fooled us."

Meanwhile, at Fort Dix, N. J., Memorial Day leaves of 14,000 men were cancelled without explanation. Some of the men, who had already left camp, were ordered to be back by reveille tomorrow.

In southern California anti-aircraft guns and aviation plants were established at aviation plants but military authorities said the moves were "tactical maneuvers."

Headquarters were established at the air corps hanger at Los Angeles, near the North American Aviation Aircraft plant. Soldiers manned anti-aircraft guns at the Consolidated Aircraft plant at San Diego, at the Douglas company's Santa Monica and El Segundo plants. At Lockheed's Burbank factory and at the Vultee Aircraft plant at Downey. In some cases the guns were mounted on the roofs of the factories as military planes stood nearby.

In San Francisco extra guards patrolled the water front and city officials spoke of possible sabotage efforts over the week-end holiday. Extra police were mobilized there because, said Joseph F. Marias, president of the state board of harbor commissioners, "we can't take any chances."

Daughter Of Negro Couple Dies Here

Cherry Jean Washington, two-month-old daughter of Mr. and Mrs. Aubrey Washington local negro couple, died last night at the family home, 835 South Gray street.

Survivors are the parents and a sister Patricia Ann. Funeral services will be conducted at 3 o'clock Saturday afternoon in the Bowyer Negro Baptist church. Burial will be in Bowyer cemetery under direction of Duenkel-Carmichael Funeral home of Pampa.

Nazis Claim Fog Used To Demoralize British Defenders

WASHINGTON, May 30 (AP)—Army sources here said artificial fog reportedly used by Germans to "demoralize" British defenders of Crete, was a familiar instrument of chemical warfare, usually a harmless, but confusing white smoke produced on contact of certain liquids with the air.

Dark Defender

This tall, dark and fearsome fighter is a fine example of the Sikh troops from India now manning the defenses of vital Singapore with Anzacs and other British empire soldiers.

STRIKE

(Continued from Page 1) to maintain picket lines at shipyards there until they obtained a signed contract.

No meeting of the AFL union was planned before next Wednesday night. E. F. Dolton, business agent, said that at that time he would present a proposal of Senator Truman (D-Mo.) that machinists return to work and then negotiate their demands, but that he would not recommend a return to work.

Other workers employed in the shipyards were reported returning to their jobs in increasing numbers, even though this meant crossing the machinists' picket lines. Chairman Truman (D-Mo.) of the senate defense investigating committee announced yesterday he would write every striker asking if he was prepared to return to work. The AFL executive council has urged an immediate end to the walkout.

In another important dispute, the controversy over wages in the soft coal mining industry, the mediation board is to present its settlement proposal next week to the United Mine Workers and Southern Appalachian soft coal operators. After an April work stoppage, Northern owners agreed to meet the union's demands for a \$1 raise to \$7 a day. Southern operators entered a temporary agreement to make a similar boost, to a basic scale of \$6.60, but declared they could not agree to wiping out the 40-cent sectional differential. The union insists on a uniform wage throughout the industry.

Brinkley's Guns Sold

SAN ANTONIO, May 30 (AP)—Dr. John R. Brinkley, bankrupt Del Rio gland surgeon, and candidate for the United States senate, sat in federal bankruptcy court here Thursday and saw his gun collection and two Rio Grande Valley orchards sold at public auction for a total of \$32,755.50.

U. S. Planes And Fliers Will Lead World, Says Curry

NEW ORLEANS, May 30 (AP)—An air force commander who won his wings more than a quarter-century ago believes United States planes will surpass any others and will be piloted by men "born to fly."

He is Major General John Curry, commanding general of the second air force, who said he still can "take them up and set them down."

Major Curry and his staff arrived here yesterday on a tour of inspection and coordination of the nation's air defense.

"We started from scratch a year ago," General Curry said in an interview. "We're working hard. We're going to have types of airplanes superior to anything the world ever has seen. When mass production starts, they'll come pouring out in a flood. And these American youngsters are born fliers."

"It's like the last World War today. All nations are pushing experimentation in aviation to the limit and beyond. Air here in America we really are going ahead. Youth has its place in the picture, but age and experience has its place, too. I take them up and set them down, yet. In an aviation outfit, if the 'old man' isn't seen in the air, morale goes down. It's good on foggy days for the young fliers to know that the 'old man' is up there in the soup, figuring out his own problems all by himself the way they have to figure out their own problems."

General Curry is one of the small group of United States army officers who won their wings in 1915, and almost the last of them to be in active service more than a quarter of a century later.

He was with General Pershing in Mexico on the punitive expedition against Pancho Villa and served again under Pershing in France.

FARMERS

(Continued from Page 1)

the farm is less than 200 bushels. 2. The marketing quota penalty, if quotas are approved, will be 50 per cent of the national average loan rate offered co-operators or about 48 or 49 cents a bushel instead of 15 cents as provided in the old legislation.

Under the marketing quota, which is designed to divide more equally among all farmers the limited available market, all farmers may sell or feed all they produce on their acreage allotment, plus any old wheat carried over from previous crops. All farmers who have seeded within their wheat allotments may market 100 per cent of their wheat or place all their wheat in the loan without payment of penalty. On the other hand, farmers who have seeded wheat in excess of their acreage allotments will be subject to a penalty on the normal or actual production of such excess acreage, whichever is smaller. All other wheat may be marketed without penalty.

Producers of excess wheat may dispose of that excess in one of three ways. They may store it under bond, in which case they are eligible for a wheat loan at 60 per cent of the regular rate on excess wheat; they may deliver it to the government which will divert it from regular trade channels; or they may pay the penalty.

Voting polls in the referendum will be located in various communities in every county in the state

producing wheat. The polls will be open from 7 a. m. till 7 p. m. County returns will be sent to the college station state headquarters of the AAA, which will then forward state figures to Washington.

BRITISH

(Continued from Page 1)

the eastward pursuit of the allies continued.

With the conflict fast shaping toward another Axis victory, the British stepped up their drive to prevent the rich middle east oil kingdom of Iraq from falling into Hitler's grasp.

British imperial troops advanced within five miles of Baghdad, the 4,000-year-old capital of Iraq, after a 15-mile march in the last 24 hours. Emir Abdul Ilah, deposed regent of Iraq, was said to be following the British columns, ready to establish a new government.

Cairo dispatches said Iraq tribal chiefs were flocking to the standard of the Emir, who fled the kingdom early in April when Rashid Ali Al Gailani seized power in a coup d'etat and adopted a course of hostility toward the British.

In the climatic battle of Crete, the Germans said Axis troops driving across the 160-mile-long island from opposite directions were relentlessly crushing the British-Greek allies in a vise from which there was no escape.

Premier Mussolini's high command said Italian bluejackets and soldiers, who belatedly entered the

conflict on Wednesday, attacked on the east and captured several hundred prisoners.

CIRCULAR

(Continued from page 1)

are really my servants. I have the right to choose my work, to seek any job for which my experience and ability have fitted me.

I have the right to try to improve my lot through various means.

I have the right to a prompt trial by jury if I should be accused of a crime.

I may seek justice in the courts where I have equal rights with others.

I have the privilege of sharing in the benefits of many of the natural resources of my country.

I may educate my children in free schools.

I have the right to worship as I think best.

I have the right to "life, liberty and the pursuit of happiness."

Missouri Club To Meet In Courthouse

To receive more nominations and to elect a state queen members of the Missouri club will meet at 8 o'clock tonight in the district court room.

Other business before the club will be the hearing of reports from various committees on work done in connection with the Top O' Texas Folks Fiesta, to be held here June 12, 13, and 14.

You need a Cool Roll-on

For sports :: a party style
For dress :: a regular girdle
either, only **98c**

Hot or cold, you've got to look neat, so do it the easiest way! Slip into a firm little 2-way stretch! Just 15" long! Rayon satin latex panel keeps tummy flat! Two crotches for panty!

Mobeetie Class Makes Ten-Day Tour Of State

Special to The News
MOBETTIE, May 30—The senior class of '41 returned late Monday evening from a 10-day tour of Texas cities. The party of 23 left by bus Saturday morning, May 17.

Their first stop for any length of time was in Fort Worth Saturday night, where they were guests of Lonnie Smith at his cabins on the shore of Lake Worth.

From there they motored to Dallas and spent Sunday night at White Rock lake. At Love field they were guided through an aviation school and saw all types of planes, including a large bomber that was on the way to England.

The party spent the next two nights in Houston as guests of Mr. and Mrs. B. J. Bartlett and family. He is the brother of Mrs. Roscoe Thomas, who was along on the trip. The most interesting stop here was the San Jacinto battle ground and monument, one of the beauty spots of Texas.

From Houston the class went to Galveston, the only coastal city visited during the trip. An excursion trip was enjoyed by most of the members of the class and nearly all of them went swimming in the Gulf.

Probably the most interesting city of all was San Antonio. Naturally, the first place visited was the Alamo, the shrine of Texas independence, and all the other missions. Other points of interest were Randolph field, Fort Sam Houston, Little Mexico, and Breckenridge park.

The last city visited was Austin, Texas' capital city, and one of the most beautiful cities in the state. One day was spent here visiting the government buildings and Texas university. The night before was spent in New Braunfels, where the class was the guests of Mr. and Mrs. Raymond Bartram.

Heretofore, the Mobeetie senior trip had always been to Carlsbad, and Old Mexico, but this year's class decided to see something of their native state first and all have truthfully said that they were not sorry that they made this decision.

Those making the trip were Misses Mary Ruth Bartram, Iweta Patton, Dorita Bradley, Wand Bearden, Clara Corcoran, Fern Smith, Maurita Dunn, Wanda Sims, Juanita Brewster, Estelle Seitz, Carrie Faye Newman, and Cliffrine Savage; Messrs. Drummond B. Thomas, Thurman Creekmore, Mac Thomas, Glynn Lane, J. B. Oswald, Wilbur Moore, Lawrence St. John, John N. Plaster, and Henry Johnson; and Mrs. Roscoe Thomas.

Latest records indicate that the United States now has one filling station for every 128 motor vehicles registered.

Sgt. York Calls For All-Out Aid To Great Britain

WASHINGTON, May 30 (AP)—Before the tomb of the unknown soldier, Sergeant Alvin C. York called today for immediate all-out aid to England, and added "If that means that we have to use convoys, then we should use them."

The tall Tennessee mountaineer who became one of the outstanding heroes of the World War A. E. F. was invited as principal speaker at Memorial Day ceremonies in Arlington National cemetery.

In his prepared address, York struck out at advocates of "Isolationism." He declared that Senator Wheeler (D-Mont.) "ought to know by now that you can't protect yourself against bullets with an umbrella." To "a United States senator whose favorite bird must be the ostrich," York couped a reference to "a famous trans-Atlantic aviator." Both, he said, "feel differently than the veterans do about this country's most pressing problems." For the veterans, he said, "liberty is something they fought to keep."

The ceremonies on the green Virginia hillside overlooking the Potomac were preceded by a parade of military units, veterans and patriotic organizations in the capital. Small American flags fluttered beside each of the uniform stone grave markers which extend in military precision over many acres of the national cemetery.

York said he and other veterans of the World War frequently were asked what they had gained by fighting "to make the world safe for democracy."

"Let me answer them now," he said. "It got me twenty-three years of living in a country where the Goddess of Liberty is stamped on men's hearts, as well as on the coins in their pockets."

Schmeling Alive, Says Nazi Press

BERLIN, May 30 (AP)—Max Schmeling's own words were quoted in the German press today to relate his part in the Nazi invasion of Crete after reports that he had been killed were officially spiked.

An interview with the former heavyweight champion by Siegfried Kappe, a German Luftwaffe reporter, told how Schmeling had wandered alone half a day in the Crete wilderness after becoming separated from his companions, then rejoined them and helped capture a strategic coastal road.

"The official denial of Schmeling's death said he was in an air force hospital with a minor attack of a tropical disease."

"Our group was to take a penitentiary building on an important, strategic street," the pugilist-parachutist was quoted.

"Snipers directed by British officers opened fire. There was heavy fighting. Our opponents had heavy weapons which we lacked."

"Some of us were separated from our group but at dusk we were rejoined and the strategic road as well as the penitentiary were ours."

(A New Zealand ambulance driver, arriving at Alexandria, Egypt, from Crete, said yesterday Schmeling had been captured by imperial forces and in an attempt to escape had been shot.)

(A London British official said "there appears to be no reason why German sources should say Schmeling is alive if he is not.")

Germany said Schmeling had been active in the German invasion of Crete, but was removed to the hospital, presumably off the island, when illness laid him low.

Threatened Oil Shortage Causes Deep Concern

WASHINGTON, May 30 (AP)—A threatened oil shortage in the east, hub of defense production, caused deep concern today in government quarters and some officials indicated President Roosevelt soon may take definite remedial steps to remove any menace to the preparedness effort.

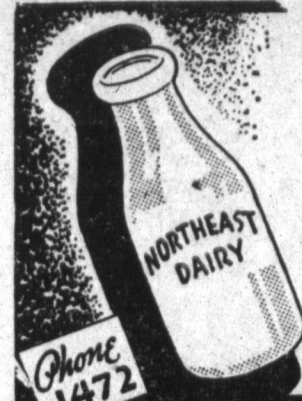

Interior Secretary Ickes yesterday suggested "gasless Sundays," a measure employed in the World War, as one means to conserve the vital fuel.

Whether the president will call on the public voluntarily to curtail the "luxury" use of gasoline was not certain. He already has warned that "restriction of oil consumption to essential uses" is a "distinct possibility," and he recently urged congress to facilitate construction of oil pipe lines from the deep south to the east by authorizing acquisition of rights-of-way by eminent domain.

The eastern supply situation was precipitated by the transfer of one-fifth of America's coastwise tanker ships to British service.

America has almost 30,000,000 motor vehicles, with the largest concentration in the area facing the potential fuel emergency. The number of such vehicles has increased by 600,000 in the last year.

While an oil shortage in the east would inconvenience millions of automobile owners, the most serious effect would be impairment of production in industries using oil for fuel. Many key power plants in the area generate electricity by burning oil. Many thousand homes use oil for heating.

FOOTSTEPS IN THE FOG
 BY ELINORE COWAN STONE

Beginning Monday, June 2—The Pampa News

Vacation School To Begin At Nazarene Church On Monday

Daily Vacation Bible School will open next Monday morning at 9 o'clock in the Church of the Nazarene under the supervision of Mrs. E. F. Robinson.

Classes for all groups will be taught by capable teachers. The Rev. E. F. Robinson, pastor, will supervise all boys' craft work.

Some of the teachers and helpers will be Misses Harry Stephens, Eddie Gray, Bryan Timmons, Edd Mosley, and Miss Elwanda Colson.

Boys and girls of any denomination are invited to enroll.

A Children's Day program will be given by the children at the church Sunday morning at 10:45 o'clock.

All cradle roll mothers and fathers are invited to take their babies as there will be a cradle roll service included in the program. All babies who have not been dedicated will be dedicated by the pastor.

Two ants will fight for hours, until one or both succumb.

Two Queens Will Ride On One Float

Two queens, one representing Kentucky, the other Tennessee, will ride on the combined Kentucky-Tennessee club float in the Top O' Texas Folk's Fiesta parade, it was decided at a meeting of the executive committee held this morning.

The club is meeting at 8 o'clock Tuesday night in the city commission room.

Plans of the dual club call for the presence on the float also of the native of either Kentucky or Tennessee who has resided longest in the Panhandle.

Members of the executive committee are Mrs. J. E. Ward, Mrs. Wilson Hatcher, R. R. Watson, W. A. Rankin, O. K. Gaylor, Earnest Baird, and Mrs. W. E. Speed. C. N. Gunn is chairman.

Panhandle Lions Elect Officers

SPECIAL TO THE NEWS
 PANHANDLE, May 30—George Graves was named head of the Panhandle Lions club at their last regular meeting. Other new officers are: M. C. Davis, vice-president; W. H. Lane, secretary-treasurer; S. D. Shepherd, lion tamer; J. P. Smith, tall twister; Ralph E. Randal, Lloyd Waldren, and Zane Smith, directors.

H. H. Smith, retiring president, automatically becomes a vice-president. Directors who will serve another year are W. L. Boyles, Jack Griffith, and Jack Atkins.

Perfect attendance awards were presented to 17 Lions for the period from Sept. 6 to May 20. These members are George Graves, H. H. Smith, W. L. Boyles, R. L. Gilkerson, S. D. Shepherd, M. C. Davis.

Jack Griffith, Jack Atkins, H. B. Skelton, Ralph E. Randal, Lloyd Waldron, Zane Smith, R. S. Watkins, J. M. Knowles, W. L. Shepherd, A. J. Weiser, and W. H. Lane.

J. H. Fugate of Wichita, Kans., was a visitor.

Lions Convention Delegates Elected

Delegates to the combined District 2-T and state Lion's International convention to be held June 8, 9, and 10 in Amarillo, were elected when the Pampa Lions held their regular weekly luncheon at noon yesterday.

Representing the Pampa Lions will be D. L. Parker, Sherman White, Ralph E. Randal, L. H. Johnson, Carl Benefield, Arthur Feed, Dr. Roy A. Webb, and John B. Hessey.

Attendance at the luncheon was 65, including Bill Freeland, visiting Lion from Sunray. Other guests were J. D. Harrigan, Amarillo, E. L. Luckett, Wichita Falls, and J. Thompson, Pampa.

More Than Half An Inch Of Rain Falls

The heaviest rain since May 3 in Pampa fell here early this morning when .62-inch was recorded at the U. S. weather bureau station, east of Pampa, pushing the annual total up to 10.62-inches.

On May 3 a .83-inch rain fell. Maximum daily rainfall in Pampa was 1.84-inches, recorded on May 2.

Forecast for Pampa and vicinity: partly cloudy with scattered showers and thunderstorms today and Saturday; little change in temperature.

Guest Speakers To Be At Church Of Brethren Sunday

The Rev. Albert Williams of Thomas, Oklahoma, will preach at the Church of the Brethren at 11 o'clock on Sunday morning.

The pastor, Rev. Russell G. West, is in Waka, Texas, attending a Young People's conference.

On Sunday evening at 8 o'clock, the guest speaker will be the Rev. David Ensign of Bethany Biblical Seminary of Chicago, who will be stationed as summer pastor at Griggs, Oklahoma.

FIVE SWIMMING INSTRUCTIONS TO BE GIVEN AT CITY POOL

Experts Will Teach Both Young, Old

Free swimming instruction will be given both old and young at the swimming pool this summer, Manager Oscar Hinger announced today.

The swimming pool will open Sunday afternoon at one o'clock.

The free instructions will be given by expert swimmers who were outstanding swimmers in college. They are Annabelle Lard who will teach girls and women and Warren King who will teach men and boys. Miss Lard will work in the office, and Mr. King will be a life-guard. The other life-guard will be Tom Johnston.

Mr. Hinger said that schedule of classes will be announced next week. However, persons who wish to take swimming instructions may sign up at the pool. Classes will be arranged after a sufficient number have signed up.

Both junior and senior lifesaving instruction will be taught later in the summer by John Skelly Red Cross lifesaving instructor.

This year the U. S. defense tax will amount to 10 per cent on all tickets to be used by persons above 12 years of age. Thus a season ticket for an adult will amount to \$7.50 plus a federal tax of 75 cents. A season ticket for a boy or girl above 12 years of age will be \$4.50 plus the 45-cent federal tax. For children below 12 years of age the season ticket will be \$4.50. Single admissions will be 15 cents for children, and 25 cents for adults plus the three-cent tax.

The pool custodian will be Bobby Edson.

Mr. Hinger and his assistants have been busy for a week cleaning and re-painting the pool. The sand pits which comprise the filter system have been cleaned out and new, clean sand put in. This is expected to give the not always satisfactory filter system a good start.

Boys and girls interested in earning a swimming ticket may see Mr. Hinger at the pool after it opens. To earn a free ticket a person would have to sell 10 season tickets. Or if he sells less than that number the amount would be applied on his own ticket.

Betty Jameson Defeated By Chicago Model

By WILLIAM T. RIVES
HOUSTON, May 30 (AP)—Betty Jameson's bid for a Trans-Mississippi title was shattered today, and the national champion was merely a sidelines spectator as two veterans and a brace of youngsters met in the semi-finals.

Betty, demure San Antonio 22-year-old who holds golf "big three" titles—the National, the Trans-Mississippi, and the Western—was manhandled by yesterday's quarter finalist by Ellamae Williams, pretty Chicago model, 3 and 2.

Miss Williams met Mary Agnes Wall, 22-year-old from Okla., Mich. player in the semi-finals, which was scheduled to start at 2 p. m. (CST) today.

Miss Wall shot erratic golf but defeated Miss Hilda Urbantke of Austin, Texas, 4 and 3.

In the other semi-final clash, Marion Milley of Lexington, Ky., who holds two Trans-Mississippi championships, engaged Mrs. Russell Mann of Omaha, Neb., a former Curtis Cup player.

Miss Milley spanked one of the tournament babies, 16-year-old Phyllis Otto of Atlantic, Iowa, 4 and 3, and Mrs. Mann bounced the tournament medalist, 20-year-old Pat Grant of Shawnee, Okla., 3 and 2.

While Miss Milley was the gallery choice, there was little to choose between the two in today's match. Mrs. Mann only once in the several times they have met.

Beer Advertising Outside Outlawed

AUSTIN, May 30 (AP)—Outdoor beer advertising today virtually had been outlawed in Texas.

A bill signed yesterday by Governor W. Lee O'Daniel prohibits such road signs, except 180-square-foot billboards. It provides no sign may be placed within 300 feet of a beer-selling establishment, with the exception of a single sign outside a place of business.

Signs on beer delivery trucks and inside window displays were exempted.

The bill was supported by the Texas Roadside council, an organization to coordinate various groups interested in roadside development.

MAJOR TROPHIES FOR DERBY WINNERS

This gleaming array of trophies and awards is destined for the boys of America, boys who emerge from the thousands who will compete in more than 100 local Soap Box derbies this summer, among them the Pampa News-Lions club third annual Soap Box derby to be held here July 17-18.

The national finals will be at Akron, Ohio, on Aug. 17, eighth annual running of the All-American Soap Box derby. Thirteen major trophies will be presented to derby

Feller Stems Losing Streaks For Cleveland

(By The Associated Press)
CLEVELAND, May 30 (AP)—The start of the season for rating the Cleveland Indians as an outstanding pennant threat in the American league was that they could have no pitching streak. Twice the husky righthanded ace has stepped in and stemmed the tide. He did it yesterday with a 9-0 decision over the Detroit Tigers, who had had Cleveland on the run all during the first half of this week.

While Cleveland was regaining its grip on the American league the St. Louis Cardinals rolled their winning string to ten games for the second time this season with a 10-9 decision over the Cincinnati Reds.

The most spectacular individual performance of yesterday was the one-hit pitching streak put on by bespectacled Bill Dietrich of Chicago White Sox in shutting out the St. Louis Browns, 4-0.

The ten-game losing streak of the Washington Senators was charitably checked by rain which washed out a five-run sixth inning of the New York Yankees and left the score tied at 2-2.

The Boston Red Sox benched Jimmy Fox at his own request and punched out a 6-4 verdict over the Philadelphia Athletics.

New York's Giants bashed the Boston Braves 9-2 in the other of the day's two National league games.

Sports Roundup

BY EDDIE BRIEZY
NEW YORK, May 30.—The temperature is around 90 in Washington, but Bucky Harris is skating on thin ice. Even Clark Griffith admits something will have to be done if the Nats don't start going somewhere... Max Schmeling is one of the new persons privileged to read his own obituary. Personally, we are mighty glad Max is alive and kicking. He was dollar-hungry over here, but a good guy, at that... The Reds are considering shifting Bill Werber to the outfield if Chuck Aleno keeps up his stirring pace at third base... Lou Novikov, the "mad Russian," now is the "glad Russian" because he's started hitting... Is Bill Terry secretly converting Dick Bartell into a third sacker to replace the erratic Joe Orenego?... All right, we're only asking.

Just for the Record
Jimmy Wilson, December, 1940: "I wouldn't trade Al Todd for two Mickey Owens."
News item, December, 1940: "Cardinals sell Owen for \$50,000 and two players."
News item, May, 1941: "Cubs release Todd to Toronto."

Caught on the Fly
Well, there's little left for Al Hestak to do except fight Freddie Steele for the championship of Seattle—with Nate Druzman promoting, of course... After the Baer-Louis fight in Washington, Ancil Hoffman, Baer's manager, was asked to go on the air... "It is the rawest decision I ever seen," said Ancil before Mr. Bill Stern peremptorily cut him off with, "that's your opinion, Mr. Hoffman. Sorry"... What was the big idea? Mr. Stern, by the by, kept showing home the idea that Louis couldn't possibly have heard the bell. We don't care, personally, but readers of this column want to know how Mr. Stern knew.

Did You Know
That Nebraska sent the largest visiting delegation to the Rose Bowl in the long history of the event... that 10,000 applicants for the special trains were turned down?... We didn't either, until Maj. Bill Jones, the football coach, spoke at a Nebraska alumni dinner here the other night.

Sports Tabloid
The this one, brethren, Bob Pastor, one of a five-man playing golf at Saratoga, had a birdie three on the par four 11th hole—but so did every other member of the five-man... Bill Terry will confound the critics who consigned him to the cellar by revealing the technique that is keeping the Giants in third place on the "Sports Newsweek of the Air" Sunday night. Incidentally, Terry is the top managering job in the Majors, so far as this corner is concerned... Jimmy Thompson of the Greenville (S. C.) Piedmont was elected president of the Southern Sports Writers' Association when the boys went into a huddle at Silver Springs, Fla. yesterday. Jimmy is an old pal... The fight the Giants are making is attracting the out-of-town trade.

Today's Guest Star
The little star, little star, how we wonder who you are. This department's closed today. Account of legal holiday.

Look Out
Clear the track. For Connie Mack.

Defense Engineering Courses Offered By University Of Texas
Special To The NEWS
AUSTIN, May 30.—College level classes for engineers for defense, similar to those in other colleges and universities over the United States, will open next month at the University of Texas.

Material inspection and testing (mechanical engineering), June 9, sophomore standing in engineering; strength of materials, (night course) June 2, junior standing in engineering; structural drafting, civil engineering, June 4, junior standing in engineering.

Admission will be granted with the required prerequisites subject to a personal interview with a representative of the college of engineering. Students pay board, room, books and instrument costs, and make property deposits of \$5. The federal government pays all tuition and instruction costs.

Oilers To Open Series Against Clovis Tonight

Monty Montgomery had his smoke ball working to perfection last night and the Pampa Oilers took their second straight game from the Amarillo Gold Sox 2 to 1. Montgomery limited the Sox to three hits, all singles.

Tonight at 8:30 o'clock at Road Runner park here the Clovis Oilers will start their staff in the first of a three game series. The Oilers and Oilers will clash again Saturday night at 9 o'clock, in a Ladies Night attraction, when women will be admitted for tax and service reasons.

Last night's game was a mighty pitching duel between Montgomery and Bus Dorman, Amarillo's veteran lefthander, who gave up only six hits. Five batters on each team took the count on strikes.

The Gold Sox took the opening advantage in the third when with two away Dorman drew a base on balls. Tenorio singled, sending him to second, and Adams followed with a hot grounder which Malvica was just able to slow down. Dorman rounded third and started for home while Adams moved toward second. Malvica recovered the ball, held it momentarily and then threw wild to get Adams at second, the ball rolling into the outfield letting Dorman score.

That one run looked mighty big as every Oiler effort to score was stymied. But in the seventh Dorman heaved one that Lou Frierson liked, and the former Amarillo outfielder lifted it far over the right field fence.

Paar opened the eighth by bagging his second single of the game. Montgomery then laid a perfect line. Monroe bunt down the first base line. Monroe filed out to right. Malvica then made up for his wild throw by blasting a single into center field, scoring Paar with the winning run.

Montgomery pitched a great game. He had his hand, fast one smoking and his curve snapping. He pitched a five-hitter last Sunday to make his record for the season two wins against two losses.

Mr. Dorman of Amarillo wasn't generous with base hits either, limiting the Oilers to six. He had sensational support while four errors were pulled behind Montgomery.

The largest crowd of the season attended the game and was entertained by the Pampa Veterans band which paid a surprise visit to the Oilers.

"Catfish" Smith, Pampa catcher who has been out since the beginning of the season following a serious operation, returned yesterday and will probably be in uniform tonight. He said he was fine and "rainin'" to go.

Either Frank Giab, lefthander, or Harley LaFavers, new righthander will be on the mound for the Oilers tonight. LaFavers is a giant of 6 feet 4 inches and he beat Clovis 7 to 2 last Tuesday.

Grover Seitz Named Manager Of Clovis Baseball Team

CLOVIS MANAGER

Grover Seitz, fiery owner-manager of the Pampa Oilers in the West Texas-New Mexico league in 1939 and 1940, has been named playing manager of the Clovis Oilers of the same league, according to word received here today. He will take over his new job Sunday when the Oilers play the last game of their current series here.

Seitz and Harold Miller organized the Pampa team in 1939 and finished second in the league. Last season the Oilers were on top of the heap at the close of the season. Before the opening of the 1941 season Seitz sold his half interest in the club to Hal Lucas.

The Clovis owners, a group of business men, named Seitz to succeed Howard Taylor, playing manager of the Oilers for the past two seasons. At the present time the Oilers are in last place in the league.

"Although I'm going to manage the Clovis team, and try to beat every other team in the league, I'm going to continue to call Pampa my home," Seitz said today.

Seitz said he was going to rebuild the Clovis team and that it was going to be one of the scrappiest teams in the league. The Oilers, Seitz believes, have the nucleus of a great team and with a few additions will be "knocking them over" before long.

The grandstand at Road Runner park here is expected to be filled to capacity Sunday when Seitz takes command of the Oilers. After the Sunday game the Oilers will leave on a long road trip.

Having to race against Merlin BEADY, May 30 (AP)—Little Johnny Lane, 61 years old today, still boots thoroughbreds across the finish line as a jockey.

He's been riding 46 years and thinks he still has several good seasons left. He's making plans to compete for his 16th consecutive year in the Annual Brady Jubilee and Race meet July 3, 4, and 5.

And that's causing Johnny more worry than any event in years.

Because, you see, his keenest competitor will be a young upstart following in the footsteps—or rather hoof-beats—of his grandfather, Merlin Lemons. Lane's grandson, has been riding two years and already has a long list of winnings to his credit.

Having to race against Merlin is worrying Johnny a lot more than getting eight horses into shape for the big meet.

Lane, who weighs only 100 pounds and stands five feet two inches tall, says he's a little light for a jockey, "but there's one consolation—I never have to diet."

Johnnie never has been a horse owner, "he's more money riding for the other fellow," he said.

Lane's longest stretch for one breeder was 18 years with W. Locklear of San Saba, who lost his life in a race track fire in Nebraska. Lane has sent many good horses to the major tracks.

When the racing season is over Johnnie will go back to his farm in the Voca community.

But, says Johnny, "I'll ride as long as I can sit in the saddle."

Pampans Invited To Visit Creamery Today and Saturday

Earnest Eads and John Laporin are the new owners of the creamery located at 315 E. Arch, formerly known as the G. C. County Creamery.

Pampans are invited to visit the plant today and tomorrow, and see how milk is handled, pasteurized, cooled, and never touched by human hands.

The new owners, Mr. Laporin said, plan to secure a charter and incorporate the business, now known as Pampa Home-Owned Creamery. Mr. Eads is a long-time Pampa resident and owns the Eads Poultry & Egg company.

The other owner, Mr. Laporin, comes here from Amarillo. He has been a resident of Amarillo since 1926, and has been in the oil and bond business.

In connection with the opening, an award of \$25 is offered for a trade name chosen for one of the creamery's products.

The rule provides that persons go to their dealer and get one pound of "Maid of the West" butter, write entry on inside of the carton with a pencil, with name and address, and mail or bring it to Pampa Home-Owned Creamery.

A trout lays between 1000 and 1500 eggs.

An 'Inside Job'

It is stated by Walter Leckrone, a Scripps-Howard writer, after a study of the Nazi-American situation, that Hitler and his militarists are now actually at war against the United States. It is, of course, not a declared war nor a "shooting" war, but a war of propaganda, division and sabotage.

His aims, says the writer, are broadly these: "To split the people of the United States into hostile groups that will fight each other, in hostile civil war if possible; and to surround the United States with hostile, Nazi-dominated nations."

So far as is known, Hitler has no plans for armed invasion. His idea is to destroy this country from within, to make America destroy itself, as he has done in other countries.

It is also charged by Edmond Taylor, in a recent issue of Fortune magazine, that agents of the Axis, with special reference to Nazi agents, are using blackmail as one of their main weapons to make our country destroy itself.

Such ruthless meddlers are said not only to be blackmailing prominent Americans, both men and women, but trying to drive wedges of hostility and suspicion between important groups of Americans, "enlarging all the fissures of American unity and aggravating all the conflicts political, social, economic, and racial, that tend to divide us."

It is well to be warned about these things. The process has already gone too far for our own comfort, and the effort will doubtless intensify from now on.

We Lose A Room

Somewhere back along the last 15 years, the average American house has lost a room.

Averaging data from 83 principal cities, the Mortgage Bankers' association finds that the usual new house being built today has five rooms, whereas 15 years ago it had six.

Smaller families is the answer that instantly springs to mind, but there may be another reason. For one thing, it has become unfashionable to have more house than is actually needed. The "parlor," locked up and unused except for funerals and big parties, is out of favor.

If we can get built the thousands of new homes the country needs, nobody will worry much over the fact that they may be of five rooms instead of six.

Behind The News

By PETER EDSON

The Pampa News Washington Correspondent WASHINGTON, May 30—There's a gag going around Washington now about certain members of the cabinet who have limbs growing out of their bedroom walls so that with a minimum of inconvenience they can get out on them.

Latest exploit of administration spokesmen who verbally chin themselves and then perch out on the end of the well-known undiplomatic limb was the feat of Secretaries Stimson and Knox in coming out for repeal of the neutrality act. That was a shocker, and to say that Washington waited with cocked ear to see if the president would follow up the lead puts it mildly.

When or if the neutrality act is ditched or modified, you can bet a hat it will mean that the United States is on the verge of war, for this act has been the foundation of the Hull foreign policy, the one measure which more than anything else has kept loss of American lives and American ships at an absolute minimum thus far.

To get the background for this bedrock of American foreign policy, you have to go back to 1935, when the famous arms embargo was passed, following disclosures of the Nye munitions committee investigations and the general belief that the powder and cannon hawkers were a bunch of well-trouble makers.

Statutes dealing with keeping America out of war were amended in 1936 and 1937 but the arms embargo provision was retained. Then in 1939, the administration began to feel that the arms embargo might be dangerous, that the situation in Europe was changing to such an extent that it might be desirable for the United States to export arms, just to keep it out of war.

SIX PATHS TO PEACE

The idea first began to take root in January of 1939, but it was the end of May before Secretary of State Hull sent a letter to Senator Pittman and Congressman Sol Bloom, then chairman and acting chairman respectively of congressional committees on foreign relations, recommending repeal of the arms embargo and adoption of a program to keep the country out of war:

1. To prevent American ships from entering combat zones. 2. To restrict travel by Americans in combat areas. 3. To provide transfer of title before goods were exported to belligerents. 4. To control loans and credits to nations at war. 5. To regulate collection of U. S. funds for belligerents. 6. To continue licensed control of arms export and import.

In June, the house passed legislation covering this program, but retained the arms embargo, contrary to Hull's wishes. In July, the senate decided to do nothing until next session. The president and Hull protested by the senate adjourned without action.

On Sept. 1, Germany invaded Poland. Congress was called in special session on Sept. 11, and on Nov. 4, congress passed the new program, the neutrality act of 1939, dropping the arms embargo.

Lease-lend passage cut right through the neutrality act. Loans to belligerents by American private capital are still prohibited by the Johnson act, but the granting of a seven billion dollar government loan or gift to Britain so far surpasses anything private capital might do that the Johnson act is to all intents and

Common Ground

This column contends there can be no satisfactory progress until we measure the shares of each man by the common yardstick of the God-given equal right to create and enjoy anything anyone else has a right to create and enjoy.

WHY SHOULD GOD BLESS AMERICA— IF YOU WON'T!

One of the most constructive efforts on the part of an industry to help their fellowman understand what causes blessings to the American people was made recently by the Warner and Swayzey company of Cleveland. They ran a full-page advertisement in "Business Week," explaining the importance of each person doing his part to help bless America. The text of the ad was as follows:

"Singing is easy. But it never won a battle. What you and I do today is determining whether or not we will be free men tomorrow. All the wishful thinking the world can't change that fact. "Without knowing it, countless Americans are serving the foreign enemies of this country. Every time you or I raise a hand or speak a word to turn class against class, every time we fan a hatred, slow down production, waste a penny of materials or time—every time we do any of these we are firing a shot into the heart of America.

"The hour has come when every moment counts—for our country or against it.

"And let those who think they can't 'get their by' insisting on their rights even when that interferes with the greater rights of the nation—let them remember this—Duped by foreign agents whether they know it or not, they are selling this country for conquest—they are selling their birthright of freedom for the most miserable mess of pottage and poverty anyone can imagine. Ask the belligerent workmen, politicians, managers of France who demanded their 'rights' above their country's rights. Their reward is serfdom, hopeless despair, and starvation.

"God helps those who help themselves. Let's work for America—when and only when the nation which gives us work and liberty is safe, then will be time to think of ourselves."

Would that more business leaders devoted more of their time and energy in helping their fellowman understand the principles that are necessary, if God is to bless America. If we disregard the God-given law of equal freedom—that each man has equal rights to produce and exchange—then God will not bless America. God works through men. And when men disregard this principle of equal freedom, there is nothing in the world that would save the people from chaos and anarchy.

The first Commandment of "Love thy God with all thy heart," means, when reduced to practice, respecting the equal rights of all other men. It is easy to respect the rights of a few associates, but this is not enough. We must respect the equal rights of all people, if God is to bless America.

INVITING DICTATORSHIP

One of the things a dictator would like most, would be to grab some twenty billion dollars worth of transportable wealth in the form of gold.

This would give a dictator great power and great ability to buy the instruments to keep himself in power.

This is one of the mistakes the United States has made by taking all the gold out of the hands of private citizens and putting it in a few centers.

It seems to require no stretch of the imagination to see that when America gets poor enough that some man will seize the army and take possession of this gold.

If it were distributed into the hands of the men who earned the gold, the dictators would not have such an easy chance of getting possession of this vast amount of concentrated wealth.

When the majority decides that they can steal the savings of people arbitrarily, as they have done, by passing this gold law, then the men who grab the power from those representing the majority will feel they have the same rights to use force that the government has done in seizing the savings of millions of workers.

This hoarding of gold by the government is just inviting mutiny and a dictator.

FORD'S MISEDUCATION COMING HOME

Of course, one hates to see the Ford Motor Plant taken over by the C I O because it means lower real wages for all consumers of automobiles.

However, one does not have much pity for Ford because he was one of the men, years ago, who was always advocating minimum wages, as advocated by all labor unions. Ford always left the impression that other employers who paid less per day were not fair to their employees, no matter whether they were paying as much per unit of production as Ford was. Of course, when Ford had minimum wages, he aimed to employ only the most skilled and thus have the lowest possible unit cost.

Ford's advertising and boasting of minimum wages has done a great deal to miseducate the great mass of workers.

The great mass of workers will suffer because of the C I O gaining the collective bargaining agency, but one wonders how much of this miseducation, that is leading us to a totalitarian state, is due to miseducation from men like Ford on his minimum wage theories.

WHAT REPEAL WOULD MEAN

There the matter stands today. Only one American ship has been sunk, and that was by a mine in Australian waters. The neutrality act, as much as anything except our own unpreparedness, has kept us out of war.

What would repeal of this neutrality act mean? Principally, that American ships could take war supplies right to Britain. As matters stand now, U. S. naval vessels can still be ordered to convoy or patrol duty, right to British ports, if the president, as commander of the fleet, so orders, for war vessels are not covered by the neutrality act. It is even a moot question as to whether the U. S. maritime commission vessels, being the property of the government, could not be transferred to the navy and used for carrying supplies to Britain. Certainly, the ships themselves can be transferred to Britain and haul anything Britain wants or needs.

There is today no pronounced sentiment in congress for repeal of the neutrality law, if repeal of the act could be achieved, the chances are it would be by only a narrow margin. Best guess, therefore, is that this talk of repeal is largely a couple of fellows getting out on a limb to help sell the country on the seriousness of the situation.

Since the outbreak of the war nearly 3500 American-built military planes ordered from the United States by the British have been exported.

LEST WE FORGET

Around Hollywood

By LUCIE NEVILLE

NEA Service Staff Correspondent HOLLYWOOD, May 30—Benny Rubin is working in a picture at Columbia. It's a prize fight comedy with Bob Montgomery, Rita Johnson, Claude Rains, and others, and is originally titled "Mr. Jordan Comes to Town." Rubin plays a boxer's trainer and scurries around making...

Oh, you don't know who Benny Rubin is? Why, he's a comedian. Up until five years ago he was mostly a Jewish comedian and as busy and prosperous as any character funny-man in pictures. Along about that time such comics went out of style.

Rubin didn't care especially, at first. He was a great favorite in Movietown and his stories and cracks were quoted like those of Bob Hope are today. So he'd sit around in producers' offices and get out a couple of fast ones and would ask, "Got anything for me in your next picture?"

Mr. and Mrs. Roger Swann have left for the summer. They went from Pampa to Avery, Tex., where Mr. Swann's father lives. Later in the summer, Mr. Swann, journalism teacher here, will study at the University of Missouri. The last thing Mr. Swann who was a good friend, did before he left was to leave a half a sack of corn meal and a book entitled "Native Son" on my desk. Do you suppose that was significant?

The Jaycees are hoping that other young women of the town will do as Mrs. Bob Triplehorn did—volunteer to do anything she can do for the Fiesta. There is plenty of work to do and not enough to do it.

Flashes Of Life

(By The Associated Press) CLEARFIELD, Pa., — "Chicken feed," cried Mrs. Jess Irwin upon reading a woman had collected more than 50 four-leaf clovers. She dived into clover growing in abundance on her lawn and came up with...

CHARLOTTE, N. C.—The long arm of the law is looking for a short-armed thief. Police reported the thief broke into a grocery store at night, cut a hole in the top of a safe and lifted out \$165; but missed \$1,000 more lying just out of reach.

DENVER—George W. (Shorty) Renner, 20, had reason to enlist in the navy in his stocking feet. The six-foot-three-inch World, Wyo., cowboy spent his train fare for a new pair of boots. Hitchhiking from World to Denver made his feet tired and he slipped off his boots. Then he couldn't get them back on.

Commander Charles M. Johnson found a disconsolate Renner on the recruiting station steps. He invited him in. Shorty signed up.

SALT LAKE CITY—Parking meter collectors took two dimes and a note from a downtown coin box. The note mentioned a double cross. Collectors opined it cost somebody 20 cents to learn dimes won't operate the meters.

People You Know

By Archer Furlingm

Well, the swimming pool will open again Sunday, and it's not opening a bit too early for the regular customers. As usual I am relying on the pool and the attendant sunshine to rid me of that nasty look, some waistline and a few chronic aches, and the pool has always been a great rejuvenator. Everybody has been buying bathing suits the last few days, so although I know that the lifeguards are going to make fun of it as usual, I went and bought me a dollar suit, they're more slouchy and comfortable. The only thing wrong with the swimming situation here is that not enough adults go in swimming. They don't know what they're missing, I reckon. Well, kids, I'll see you at one o'clock Sunday afternoon at the pool.

Mr. and Mrs. Roger Swann have left for the summer. They went from Pampa to Avery, Tex., where Mr. Swann's father lives. Later in the summer, Mr. Swann, journalism teacher here, will study at the University of Missouri. The last thing Mr. Swann who was a good friend, did before he left was to leave a half a sack of corn meal and a book entitled "Native Son" on my desk. Do you suppose that was significant?

The Jaycees are hoping that other young women of the town will do as Mrs. Bob Triplehorn did—volunteer to do anything she can do for the Fiesta. There is plenty of work to do and not enough to do it.

THE LOOKING GLASS

HOSPITALITY

By Stella Holit

When Preston Fairfax had been on his project six months he decided that western people were the most unfriendly on earth. Columbia university and the Library of Congress had sent him to Medicine Creek to collect folk lore. He had proper introductions to the governor, the county superintendent and the sheriff.

All and sundry were advised that Mr. Fairfax's mission was of paramount interest to Washington, and he was a man of keen intelligence and impeccable character, that any courtesies extended, etc. etc.

People were polite to him but uncommunicative as mules. He knew things went on at Medicine Creek but he was politely excluded. Old men who had lived at Medicine Creek since the strip opened hushed talking when he came around. They whistled in silence and resumed the conversation when he left.

He asked old man Johnson if there was going to be a dance any time soon.

The old man shifted his tobacco, spit as far as he could, then said: "Young fellow, I don't know how they live where you come from but out here nobody has time to do any dancing in the summer. There's work to do." And he walked away and started setting up shocks of wheat.

He heard of a girl named Opal who could sing. He went to see her and she sang, "I Hear a Rhapsody" and wanted to know how she could get on Major Bowes program. Nobody understood about Americans, or if they did they were not going to share it with Fairfax.

Then one day a fellow passing asked him if he'd like to go fishing. That was the first friendly thing anyone did. There were a bunch of men and they chewed the rag, sang old songs, recalled the good old days when there was no fences and you traveled "as the crow flew."

After the fishing party anybody passing would pick up Fairfax. He went to town on Saturday nights, to auctions, possum hunts, hog killings, square dances, box suppers and funerals. He stayed at Medicine Creek absorbing the atmosphere. He watched the women pickle peaches and piece quilts, he learned why the snakes were hung on the fences belly up, he watched the horses for signs of cyclones. He carried away a rich collection of authentic Americana. But he never knew how he got accepted.

Old man Johnson had a nephew who was a school teacher and studied at Columbia in the summer. He wrote to him to find out if "the whipper snapper down here asking questions" was all right. The nephew wrote back, "He's all right, pay no attention to him." So that's when they quit being polite.

So They Say

The UAW-CIO is ready to draw the curtain on the past. We do hope the Ford company will do likewise. —R. J. THOMAS, UAW president, on winning labor election at Ford's.

It is objected that certain dresses are more comfortable and hygienic, but if they prove dangerous for the soul they must be unfailingly rejected. —POPE PIUS XII.

The United States must be prepared to make sacrifices that will match any sacrifices that have been made by any generation of Americans that have gone before us. —NAVY SECRETARY KNOX.

TEX'S TOPICS

EDI PAGE TOPIK

MADE the mistake of having too much confidence in the stars and a clear night (night before last) and went out to The Ranch. . . . It was too late then to get out in the mid-night blackness, so decided to wait it out until morning. . . . But it kept on pouring and by morning the road out in front was a soupy mire through which no automobile could negotiate.

Having as a motto to never give up the ship until she is sunk, we decided to make a try at it. . . . The thing turned out the way we suspected and in three minutes after launching the car into the mud everything that we suspected happened. . . . The car was stuck and how! . . . Well, some kindly neighbors thought they could help and try as they would that didn't work either, so we finally wound up by getting a "mudder" from a garage in town to come out on a slish around through the sea of mud. . . . The man driving this garage truck knows all the tricks of getting out of the mud and he finally got results. . . . It sure feels good to get back on a paved highway after as much experience like that.

HAVING had so much experience this spring with that mud out there, we have acquired a potent hatred of all things muddy. . . . Meanwhile, the rain-makers just back and chuckle, the lugs. . . . It costs two bucks a crack to get out of the mud, but it seems to be worth it. . . . Quick change of subject again. . . . A skirt is a garment which is always too short, too long, too tight, or too something. . . . A person who butts in usually winds up as the goat of the argument. . . . City Judge Dan McGrew sure nurses that new car of his. . . . Almost anytime he is off duty, you'll find him outside the city hall petting it with a chamois skin.

Two young folk talking about their courting days. . . . "Never, as long as I live," the wife chuckled, "I forgot how foolish you looked when you proposed to me." . . . "Yep," recalled the husband, "and I'll never forget how foolish I really was." . . . We know a fellow who calls his wife "Mathematician." . . . That's because, he says, "she divides his attention, subtracts from his pleasure, multiplies his worries, and adds to his misery." . . . These are his words and we will not be responsible for them.

SOME more along the same line: . . . "That new couple living next door seem very fond of each other," remarked a wife to her husband. "Why he kisses her every time they meet. Why can't you do that?" . . . "Gimme a little time, my dear," the husband replied, "gimme a little time. After all, I ain't even met her yet!" . . . Warning to bank presidents: The June crop of college graduates soon will be after your jobs. . . . A lot of folk are starting now to do a little work so they'll be missed while they're on vacation.

Cranium Crackers

WHAT IS SO RARE— June is the month of brides and graduations, but has other claims to fame. Have a rare time with these questions about the days of our sixth month:

- 1. If the first day of June falls on Sunday, on what day does the last come?
2. What holiday, observed in some states, falls on June 14?
3. Whose birthday is celebrated as Memorial Day in some southern states, and on what date in June does it fall?
4. What Sunday in June is usually observed as Father's Day?
5. Who wrote the words, "What is so rare as a day in June?"

The War Today

By DEWITT MACKENZIE

The Battle of Crete, in which the Anglo-Greek allies are making what looks like their last desperate stand against death from the skies, fairly bristles with question marks that are being thrown in the direction of this column in handrails.

What is the fundamental cause of the allied failure to hold the Germans off from this island, which was defended by perhaps 30,000 troops and warships?

Answer: Lack of air-power in the eastern Mediterranean. The Nazi warplanes swarmed the sky like locusts, and there is no effective defense against such an attack except bombing and fighting planes.

But surely the British have warplanes in the near east?

Answer: Yes, but not in sufficient numbers for the widespread operations with which they are faced. Also, they lack long distance bombers and fighters, and have been handicapped by not having air bases near Crete, whereas the Germans have been operating from nearby Greece.

All right, but what about the story that the British have a large store of new warplanes in reserve in England? Any truth in that?

Answer: My information is that the British do have a reserve. However, we have no knowledge of the type of planes, or whether it would be feasible to use them for long-distance work. It's a safe bet Britain would use any planes available.

What's the answer then—the Germans are able to continue their victories in the near east because of this air superiority?

Answer: Nazi air superiority will continue to tell heavily against the Allies in the eastern Mediterranean until the British are provided with many more warplanes, especially the long distance type. They are depending largely on United States production to meet this crisis. However, the British presumably will be able to provide a much better air defense in fighting in Egypt close to their air-bases.

Is there any relation between the Battle of Crete and the fact that the Nazis have done little bombing of England for nineteen days?

Answer: Definitely. Bad flying weather has accounted for part of the respite, but the old experts tell us Hitler is so short of gasoline that he must conserve his supplies for such a major operation as the attack on Crete. He hasn't enough to keep two big bombers running at the same time for a great period. The outcome of the war may hinge on this fact.

If that is so, and if the allies will gain strength as American production gets under full steam, isn't time working against Hitler and for Britain?

Answer: Yes, that's the kernel of the nut. We may easily know the outcome of the war by fall. If the allies can keep aloft that long, their stock will be on the up-grade. Their problem is to keep aloft now.

Yesteryear In The News

Ten Years Ago Today Rain which fell during the afternoon and night totaled 1.15 inches, according to the government gauge maintained by the Pampa News-Post.

The county auditor was ordered to advertise \$300,000 of the Gray county road bonds for sale by the commissioners court.

Five Years Ago Today John R. Roby, local auditor and business man, was the new president of the Board of City Development.

E. N. "Dick" Dennard, for three years a member of the high school faculty, was named assistant principal in charge of attendance.

LIGHTHOUSE "KILLERS"

Hundreds of "deaths" have been caused by questions for every life they have saved. Millions of birds have been lured by the beacons and crashed against the lights to their death.

Keep Appetites Interested With Summer Dishes As Picnic, Iced Coffee and Iced Tea Season Arrives

By JOHNNIE DAVIS

Inevitable as bacon and eggs, sure as wreaths at Christmas, and inescapable as bills on the first of the month is the annual picnic! Make yours a steak roast, a barbecue, a breakfast or a supper. Take it to the woods or serve it up on the lawn. Dress it with grins or groans—but you'll have one just the same.

Today's picnic-planner is wiser than she used to be. She doesn't do all the work while the rest have all the fun. Not she who knows that baked beans go to the scene and are heated in the same fat jars in which they were brought; sandwich spreads are ready made in handy jars, root beer, gingerale and grape juice go along in their original bottles, or poured into thermos jugs; salads are kept cold in jars wrapped in damp cloth and brown paper; bread is sliced thin "specialty" to fit fillings, and vacuum jugs keep that necessary coffee hot and fresh for hours.

Coffee, sugar, mint, ice... perfect hot weather cooler.

Happiest of picnics are those where everybody works and your chore but the original plan, culled from ideas like these:

Florida Picnic Punch

4 cups (1 qt.) unsweetened pineapple juice
4 cups (1 qt.) Florida orange juice (fresh or canned)
1 cup lemon juice
5 cups Florida grapefruit juice (fresh or canned)
1 1/2-cup bottle maraschino cherries

Combine pineapple, Florida orange, lemon and grapefruit juice with juice from maraschino cherries. Add thinly sliced maraschino cherries; add sugar if desired. Chill thoroughly.

oughly. Pour into thermos jug just before leaving, adding cracked ice in thermos jug. Makes approximately 3 1/2 to 4 quarts of picnic punch.

Banana Bran Nut Bread

1 egg, well beaten
1 1/2 cups mashed bananas (4 to 5 bananas)
3/4 cup melted shortening
1 cup bran
1 1/2 cups sifted flour
2 1/2 teaspoons baking powder
1/2 teaspoon soda
1/2 cup sugar
1/2 cup broken nut meats.

Use fully ripe or all-yellow bananas. Combine egg, bananas, shortening and bran. Sift together flour, baking powder, soda, salt, and sugar. Add nut meats and mix well. Add to banana mixture, mixing only enough to dampen all flour. Turn into a well-greased bread pan (8 1/2 x 4 1/2 x 3 inches) and bake in a moderate oven (350 degrees F.) about 1 hour 10 minutes, or until bread is done. Makes 1 loaf.

Filler Suggestions

For eight to ten sandwiches, combine one 3-oz. package of cream cheese with 1/2 cup chopped pasteurized dates and 1/2 cup chopped ripe olives. A little cream may be used to soften cream cheese. Spread generously between slices of Banana Bran Nut Bread; wrap in waxed paper.

Mix together 1/2 cup chopped stuffed green olives, 1/2 cup finely chopped celery and 1/2 cup chopped pasteurized dates. Moisten with a little mayonnaise or French dressing; spread on buttered slices of Banana Bran Nut Bread.

Mix 1 cup of cottage cheese (8 1/2 x 1 1/2 cup) of finely chopped dates and 1/2 cup of finely chopped raw carrot. Add salt to taste, a dash of Worcestershire sauce, and paprika if desired. Spread on buttered slices of Banana Bran Nut Bread.

Portable Shrimp Salad

2 cups canned shrimp (2 No. 1 cans)
2 1/2 cups diced cooked potatoes
1 cup diced celery
1/2 cup chopped green pepper
3 tomatoes, cut in medium pieces
1/2 cup French dressing
2 tablespoons lemon juice
1/2 teaspoon salt
1/2 cup mayonnaise.

Combine canned shrimp, potatoes, celery, green pepper, and tomatoes. Mix together thoroughly. Combine French dressing with lemon juice and salt; add to shrimp mixture, tossing the ingredients lightly. Pack in quart jars and chill in refrigerator. To keep cool, wrap jars in several thicknesses of heavy brown

paper or damp dish towels. Makes 8 servings.

Picnic Coffee Punch

2 oz. chocolate
4 cups freshly-made coffee, chilled
1/2 cup maple syrup
Cracked ice
1 cup cream, whipped

Melt chocolate over boiling water. Add 2 cups of the coffee, stirring until blended. Add remaining coffee; shake with whipped cream and maple syrup. Chill and place in cracked ice. Shake vigorously until well mixed. Pour into thermos jug and keep in refrigerator until ready to leave. Shake once more before pouring from jug. Makes 1 1/2 quarts, 6 servings.

Barbecued Steaks

2 tablespoons butter
1 minced onion
2 tablespoons vinegar
3 tablespoons lemon juice
1 cup catsup
1 cup water
2 tablespoons Worcestershire sauce
1/2 cup celery, minced
1/2 teaspoon dry mustard
2 tablespoons brown sugar
1/2 teaspoon cayenne pepper
1/2 teaspoon chili powder
1/2 lb. round steak, sliced 1/2 inch thick

Melt butter, add onion and cook over medium heat 3 minutes. Stir in remaining ingredients; simmer until sauce is thick, about 20 minutes. Store in jar until wanted. When ready to cook steaks, dip each steak in sauce; then cook over barbecue pit or grill. Makes about 2 steaks sauce.

STEAK IS LUXURY IF IT IS BROILED IN PROPER WAY

Broiled steak for Sunday dinner can be both a luxury and an economy. If the left-over base and trimmings are cooked slowly in water with onion and vegetable scraps, you have a rich stock for next day's meal. Cook dried lima or red kidney beans in this stock, and thicken with cheese. That's a high protein, low cost main dish.

Rules for Steak

Learn the rules for broiling a steak perfectly.

1. Turn oven regulator to broil or 5.
2. Place steak two or three inches from the tip of the gas flame or from the electric unit.
3. The actual distance depends on the thickness of the steak. A one-inch steak is placed two inches from the heat; a two-inch steak should be placed three inches. The thinner steaks are placed nearer the heat in order to insure sufficient browning without overcooking. Thinner cuts, being nearer the heat, are broiled more satisfactorily at a somewhat higher temperature than is used for very thick steaks.
4. By keeping this distance between top of steak and source of heat, a moderate broiling temperature is maintained with the desirable results mentioned above. If the depth of the broiler compartment will not permit this distance, it will be necessary to reduce the temperature of the broiler compartment.
5. Broil until top side is nicely browned.
6. The steak will be about half done at this time.
7. Season with salt and pepper and turn.
8. Season second side and serve immediately on a hot platter.
9. Broiled meats should never be permitted to stand for any length of time after cooking.

It is necessary to know the approximate time required for broiling so that the meat will be done when the meal is ready to serve. This timetable gives the time required for broiling the cuts usually cooked by this method.

Meat Cut	Cooking time (2 inches thick)	Rare Med.
Chuck	40	45
Rib	35	40
Club	35	40
Sirloin	40	45
Ground Beef Patties (1 in.)	15	25

gelatine, 1/2 cup cold water, 2 cups strawberries, sliced fine before measuring, 1 cup sugar, 1 cup hot water, 4 teaspoons lemon juice, 1/2 teaspoon salt, 4 egg whites, 1/2 cup sugar, 1 cup cream, whipped.

Mix berries and 1 cup sugar together and let stand five to ten minutes, stirring several times, to draw out juice. Soften gelatine in cold water and dissolve in hot water. Add dissolved gelatine, lemon juice and salt to berries and stir well. Cool, and when mixture begins to thicken, fold in stiffly beaten egg whites to which remaining one-half cup sugar has been added, and whipped cream. Line sides of glass baking dish or large mold with halved lady fingers. Pour in half the filling, cover with layer of halved lady fingers. Pour in remaining filling and top with lady fingers. Chill in refrigerator or cold place until set. When firm, unmold onto plaster and garnish with whipped cream and fresh strawberries.

Pieces of stale cake may be used in place of lady fingers if desired.

Coffee Brittle Ice Cream

(Serves 6 to 8)

Two cups milk, 1/2 cup light corn syrup, 1 tablespoon cornstarch, 1/2 cup sugar, 1/2 teaspoon salt, 2 egg yolks, 1 cup heavy cream, whipped, 2 egg whites, 1 teaspoon vanilla, 1/2 cup crushed coffee berries.

Scald 1 1/2 cups milk with corn syrup in top of double boiler over boiling water. Blend cornstarch with remaining 1/2 cup milk, mix in sugar and salt. Add quickly, all at once, to scalded milk and stir until slightly thickened. Cover and cook 5 to 7 minutes longer. Beat egg yolks, add hot milk mixture. Return to double boiler and cook 2 minutes longer. Chill. Fold in cream and stiffly beaten egg whites. Add vanilla. Pour into freezing tray of automatic refrigerator. When partially frozen, turn mixture into chilled bowl; beat with rotary beater until fluffy, then mix in finely crushed coffee brittle. Return to refrigerator and finish freezing.

SUMMER DISHES

The family appetite gets a little weary with the first hot weather. Surprise the family with a few different recipes.

Frankfurters De Luxe

Parboil frankfurters and split them in halves lengthwise. Spread the cut sides with mustard and put together again. Wrap each frankfurter with a strip of bacon and sew in place with toothpicks. Cook in a frying pan until the bacon is crisp and brown.

Fried Tomatoes With Cream Gravy

Cut firm tomatoes in thick slices, season them with salt and pepper and dredge with flour. Fry in salt pork fat until well browned on both sides. Remove the tomatoes from the pan and keep them hot. If there is a large amount of fat left in the pan, pour off all but about 2 tablespoons. Add 1 1/2 tablespoons of flour and pour in a cup of milk gradually. Cook until thickened, stirring constantly. Season with salt and pepper and pour over the tomatoes.

Preserve Dessert

(Serves 4 to 6)

One cup preserves, 1/2 cup water, juice of 1 lemon, 2 tablespoons butter, 1/2 teaspoon salt, 1 1/2 cups dry sifted bread crumbs.

Put preserves, water, lemon juice, butter, and salt in saucepan. Heat to boiling. Mix with crumbs. Pack into mold and chill thoroughly. Serve with top milk or thin cream.

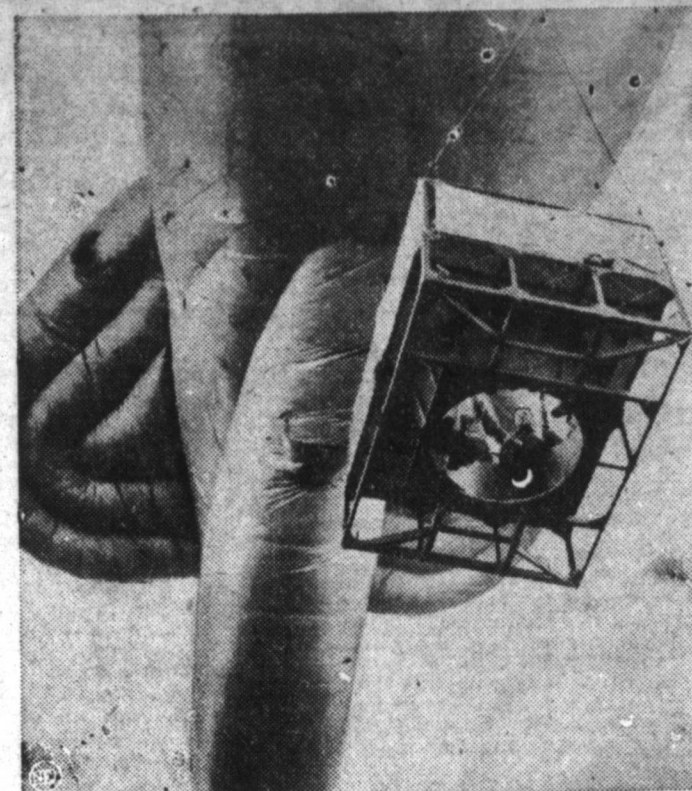

PLUM TAPIOCA

(Serves 4 to 6)

Two cups plums, 1 cup boiling water, 1/2 to 3/4 cup sugar, pinch salt, 3 tablespoons quick-cooking tapioca.

Put the plums and cut them in pieces before measuring. Add the water and sugar and cook until the

plums are soft. Add the tapioca and salt and cook in a double boiler for about 20 minutes or until the tapioca is clear. Stir occasionally.

SAME HEAT FOR MEAT, VEGETABLES

A low-cost Sunday dinner can be a feast with an inexpensive cut of meat. Fresh vegetable "prepared dishes" will round out the menu inexpensively, adding not only flavor and consistency but also vitamins and minerals at low cost. This is the freshest vegetable season. Make the most of it.

GREEN PEPPERS STUFFED WITH CORN

(Serves 4)

Four green peppers, 1 cup corn, canned or fresh, 1 slice onion, 1 tablespoon butter, 1 tablespoon flour, 1/2 cup milk, 1/2 teaspoon salt, dash pepper, 1 egg, 1/2 cup bread crumbs.

Prepare peppers and parboil five minutes. Cut fresh corn from cob, or use canned corn. Sauté onion in butter five minutes. Blend in flour, add milk slowly, stirring it in, add seasonings and corn. Beat egg, add to mixture. Season well. Stuff peppers, sprinkle bread crumbs over the top. Put into a baking dish, add boiling water to cover the bottom of the pan, and bake in a moderate oven (350 degrees F.) until peppers are tender, from 20 to 30 minutes, depending on whether or not the peppers have been parboiled.

SWEET POTATOES WITH APPLES

(Serves 4 to 6)

Six medium-sized sweet potatoes, 2 apples, 1/4 cup brown sugar, 3 tablespoons butter, 1/2 teaspoon salt. Scrub and cook sweet potatoes 20 minutes. Drain and peel. While potatoes cook, grease casserole. Pare apples, cut in quarters and core. Cut sweet potatoes in slices. In a greased baking dish alternate layers of sweet potatoes and apples, sprinkling brown sugar over each

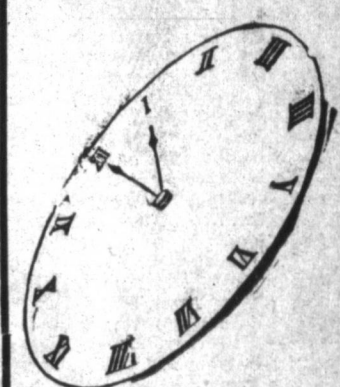

only in certain cities. But in New York some 232,000 children and in Chicago another 52,000 are adding to their strength and vitamins by buying milk every school day at this bargain price.

It is possible because farmers, dairies, school authorities and the federal government are all working together. Farmers accept a slightly lower price for the milk that goes into the "penny milk" bottles. Dairies are expected to handle the business as cost.

It is probable that a half-dozen other cities will soon be starting a similar service for children. Is your city one of them? The Surplus Marketing Administration of the Department of Agriculture, Washington, D. C., will help in getting a "penny milk" program started in your city. Write for advice. It's up to the consumer to put it over in every community.

The flying muscles of a pigeon weigh as much as all other parts of the bird.
