# Good Evening

God on His throne is eldest of poets: Unto His measures moveth the whole.—William Watson.

# Russians Admit Hitler's Armies Advancing On Moscow 'Over Mountains Of Nazi Corpses'

SENATOR REYNOLDS WEDS FOR FIFTH TIME—Senator Robert R. Reynolds of North

Carolina and his bride, 19-year-old Evelyn Washington McLean, daughter of Mrs. Evelyn Walsh

McLean, wave to friends as they leave after their wedding in Washington, D. C.

## Strike Threatens Tank Production

## Suspension Of Wildcat Eleven Recommended

A recommendation that the Canadian Wildcat football team be suspended from competition for one year has been sent to R. J. Kidd, state interscholastic league athletic director, following a meeting of a District 2A protest committee here last night, according to Ed Kelley, Perryton superintendent and chairman of the district.

## Kiwanis Revue Cast To Rehearse Monday

Next rehearsal for all members of the cast of the Kiwanis club's second annual Top O' Texas Revue will be held at 7:30 o'clock Monday night in the Junior High school auditorium.

## Mrs. Stevenson Better

AUSTIN, Oct. 10. (AP)—After another blood transfusion, the fourth in a week, Mrs. Coke R. Stevenson, wife of the governor, was reported resting well in a local hospital today.

## S. A. 'Ready To Take Care Of Relief Needs'

County Judge Sherman White and L. H. Johnson, co-chairmen of the recent Salvation Army fund drive, announced today that their campaign had gone over the \$5,000 goal and that a total of \$5,306.13 had been raised.

## Grand Jury Asked To Probe Charges Of Intimidation

HOUSTON, Oct. 10. (AP)—A Harris county grand jury will be asked today to act on reports that intimidation has been resorted to in the strike of truck drivers which has halted work on the army's \$8,000,000 San Jacinto ordnance depot.

## Texas Food Dollar Still Shrinking

AUSTIN, Oct. 10. (AP)—The Texas housewife's food dollar continued to shrink during September.

## Oil Will Win War, Says Lord Marley

By WILLIAM T. RIVES BEAUMONT, Oct. 10. (AP)—The Right Hon. Lord Marley, deputy speaker of the British house of lords, today told the men who produce a great percentage of the world's oil—members of the Texas Mid-Continent Oil and Gas association—that "whoever controls the main sources of oil will win the war and dominate the world for years to come."

## FBI Agent To Be Here October 27

A. P. Kitchin, special agent in charge of the FBI office of investigation, will be the principal speaker at the first annual meeting and banquet of the Pampa Retail Merchants association, to be held at 7:30 p. m., Monday, October 27, in the basement of the First Methodist church.

## 74th Frenchman Shot By Nazis

PARIS, German-occupied France, Oct. 10. (AP)—German authorities announced today that the 74th person had been shot as reprisal for attacks against the German occupying forces.

## Congratulations—

Mr. and Mrs. Frank Blanchard are the parents of a daughter weighing seven pounds, one ounce, born at the local hospital. She has been named Joan Marie.

## Oil Will Win War, Says Lord Marley

## Congratulations—

Mr. and Mrs. Frank Blanchard are the parents of a daughter weighing seven pounds, one ounce, born at the local hospital. She has been named Joan Marie.

PANAMANIAN FLEES—Pro-Nazi President Arnulfo Arias, above, who fled to Cuba by plane as his government was overthrown in a bloodless coup d'etat in Panama.

## Panama Will Reconsider No-Arm Order

HAVANA, Oct. 10. (AP)—Dr. Arnulfo Arias, ousted president of Panama, said today that "certain differences" had arisen between States authorities and he added caustically, that his case contained "a lesson for small countries."

## Record Attendance At Churches Sought

"In a democracy it is your privilege to go to church every Sunday, to the church of your choice. Is it worth anything to you?" That is the question the Go To Church Sunday committee is asking today, as it seeks a record turnout at the fifth city-wide, inter-denominational observance next Sunday, October 12.

In the meantime, persons interested in formation of a congregation may contact J. D. Schroedel at 443 North Hazel street, telephone 2320.

**Sermon To Be On Reality Of Death**  
"Are Sin, Disease, and Death Real" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 12.

The Golden Text is: "Heal me, O Lord, and I shall be healed; save me, and I shall be saved; for thou art my praise" (Jeremiah 17:14). Among the citations which comprise the Lesson-Sermon is the following from the Bible. "O death, where is thy sting? O grave, where is thy victory? The sting of death is sin; and the strength of sin is the law. But thanks be to God, which giveth us the victory through our Lord Jesus Christ" (I Corinthians 15:55-57).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Death is but another phase of the dream that existence can be material. Nothing can interfere with the harmony of being nor end the existence of man in Science" (page 427).

**Farmers Urged To Save Fall Litters**  
COLLEGE STATION, Oct. 10 (AP)—Texas farmers were urged today by the Texas USDA defense board to save 15 per cent more pigs out of 1941 fall litters and 17 per cent more from litters next spring in a campaign of food production for defense.

As it set tentative production goals yesterday and considered plans to enlist farmers in the campaign, the board also urged production of more peanuts for oil in 1942. The actual sign-up for the campaign, the board indicated, would not begin until November.

Pledges of increased production will be sought from Texas farmers who are being asked to up milk production four per cent, egg production 10 per cent, and the spring pig crop 17 per cent over 1941.

Alaska has four commercial broadcasting stations.

## Today's War Analysis

By DEWITT MACKENZIE  
A fresh surge of Nazi attacks today has thrust the Russian line back at several points along the bitter, contested front opposite Moscow, but whether this has produced any vital change in the position isn't yet evident from the meager advices at hand.

In the far south, too, the Germans are reported to be forging ahead along the shore of the sea of Azov toward the gateway to the Caucasus.

The Reds are defending their positions fiercely. Moscow declares that the Nazi gains are being made "over mountains of German corpses." This is gruesome but not surprising, for the German high command always has depended largely on the weight of massed attacks for results, and I myself saw many similar sacrifices of life in the World War.

Grim danger continues to press heavily on the Russian fighting lines. From the Allied standpoint, however, the fact that in the crucial central sector the Reds seem to be resisting so strongly is in itself a bit conclusive. Every hour that isn't conclusive. Every hour that the Bolsheviks can continue to hold the Hitlerian avalanche is a golden one for the defense, since the fury of the great German drive probably has reached its peak.

That battle along the bloody highway to the capital is one of the most amazing conflicts of history. The German soldiers—youths who have been trained to the fine edge of athletes—are flinging themselves into the pit of death with that courage which always has characterized the race. The perfection of the invading war-machine is amazing.

Even more amazing is the fact that it can be stopped. And the manner of its present holding is an epic, for we find civilians now fighting side by side with their soldiers in defense of country and the soil they love.

The Germans assert that the Russian war is virtually over—that the Reds already are crushed. It may be, indeed, that the Muscovites have been so weakened that they are on the verge of collapse. Only time will demonstrate that.

I do not believe, however, that the Reds are beaten. They likely will suffer further reverses. Moscow may fall, and the whole Russian line may be driven back even behind the mighty defenses of the Ural mountain chain.

But the only thing that can knock them clear out of the war, as this column has emphasized before, is a collapse of morale. It would be difficult to find any signs of weaken-

ing morale in a Red fighting front in which civilians—humble folk who know nothing of the art of war and never have been far from the little farms where they were born—are facing death-dealing terrors which are hard even for the professional soldier to face.

The Russians report they are drawing on their great reserve in man-power to ease the position on the central front. These troops cannot be expected to have the weight of the fully trained veterans already in the line, but they will ease the Red situation considerably.

There are millions more where they come from, as the Soviet recently called up the military class of 1922-19-year olds—for military service. At the same time there was inaugurated the universal compulsory military training program which contemplates the largest peoples' army in history, involving all men from 16 to 50.

This doesn't sound as though the Russians were finished.

**Gayda Accuses U. S.**  
ROME, Oct. 10. (AP)—The authoritative Fascist editor Virginia Gayda today accused the United States of responsibility for yesterday's coup d'etat in Panama.

Writing in his newspaper Il Giornale D'Italia, he said the coup was intended to set up a new regime submissive to Washington's orders and "intrigues."

In 1940 the weekly purchasing power of the motor factory worker attained an all-time high level, and his actual weekly wages—\$24.50—also were the best in automotive history.

### Texas Burning Candle At Both Ends This Year

AUSTIN, Oct. 10. (AP)—The University of Texas Longhorns are burning the candle at both ends this year and the results belie the old proverb.

Not since Jack Gray and Phil Sanger teamed up in 1934 have the Steers had a flock of good wingmen to throw against the Oklahoma Sooners, long famed for outstanding ends.

There may be some changes worked into Texas' line this year against the Sooners at Dallas tomorrow.

The standout in a herd of wingmen is Malcolm Kutner of Dallas, whose performance to date is fast pushing him into All-American candidacy. Kutner blocks, tackles crisply, tears down quickly under punts and is adding effective punt blocking to his statistical file.

On the other end of the Texas line is Preston Flanagan who has turned in an excellent job of protecting his territory. Flanagan moved into the starting berth when Mike Sweeney broke an ankle in last year's S. M. U. tilt.

Back of Flanagan and Sweeney are Squadman Joe Schwarting and Joe Parker, a sophomore.

Kutner's competition includes Wally Scott, a defense specialist, and Jack West, a pass specialist who adds to his offensive value with great blocking.

### Man Found Dead In Bed At His Hotel

E. J. Reiss, 50, was found dead in bed at his hotel this morning. Physicians reported death of a heart attack and said Mr. Reiss had died about 4 a. m.

A resident of Pampa for six months, Mr. Reiss operated a radio repair service on South Cuyler. He came here from Fort Worth.

Only survivor is a sister, Mrs. E. J. McGrew of Pampa.

Funeral services will be conducted at 4 o'clock Saturday afternoon in the chapel at the Nelson Funeral home. Burial will be in Fairview cemetery.

### Man Arrested For Burning Shucks

TYLER, Oct. 10. (AP)—A guilty plea was entered yesterday by Harry Rupert, 35, of near Jacksonville, to a charge of attempting to destroy mail matter by fire.

He was ordered returned to jail by U. S. Commissioner E. L. Taylor, before whom he appeared in lieu of \$1,000 bond.

Officers arrested Rupert at his home while hunting for a man who had insured nine packages for \$100 each at the Mount Seiman (Cherokee county) postoffice last Monday.

A blaze was caused in the postoffice, officers said, by the packages, which contained nothing but corn shucks.

### PANAMA

### Mainly About People

Joe Cargile, son of Mr. and Mrs. J. G. Cargile of 721 North Somerville street, has been announced as a member of the Southern Methodist University Mustang band by Director Frank Malone. Cargile, a May graduate of Pampa High school, is a freshman at S.M.U., and is a pledge of Phi Delta Theta social fraternity.

Ralph McKinney of Pampa, sophomore at Baylor university, Waco, has been elected a pledge of Delta Sigma Pi, national honor business organization. McKinney was graduated from Stephen F. Austin High school in Houston in 1939. He is the son of Mr. and Mrs. C. L. McKinney of Pampa.

Miss Florence B. Coker of New York City visited with Miss Mabel Davis here yesterday. Miss Coker was en route home from El Porvenir, N. M., where she had been vacationing.

Mrs. Hazel Wiley and Ralph Bates, both of LeFors, were married last night by Justice of the Peace D. R. Henry.

Deputy Sheriff Glen Carruth was at his desk in the courthouse yesterday despite a badly swollen jaw resulting from a tooth which had to be extracted Tuesday.

Two men, charged with affray, paid \$16.10 fines each in the court of Justice of the Peace D. R. Henry today.

Four local youths, arrested last night after leaving a drive inn with a tray of glasses, were fined \$10 each in city police court today.

Three of the fines were suspended, however, and the other fine "stood." Two traffic violators also appeared before W. C. deCordova, acting city recorder.

Miss Johnnie Davis, Pampa News society editor, is confined to her home by illness.

Last in downtown district Thursday evening: 19 jewel watch, gold Gruen Verithin pocket watch, \$10 reward for return to Pampa News.

A bargain in indirect lighting fixtures. Used less than 2 years. Excellent condition. Inquire Pampa News.

Lost: 2-year-old Brindle, fine hair English sheep dog. Quiet nature, answers to name "Lady." Reward, Phone 666 or 1297.

Attending the annual luncheon of the executive meeting of the Palo Duro W. M. U. in Amarillo yesterday, were the following from Pampa: Mmes. F. E. Leech, Ed Anderson, A. L. Prigmore, C. A. Jones, O. H. Gilstrap.

Mrs. V. H. Taylor left Wednesday night for Hollywood, Calif., where she will visit her daughter, Miss Willie Reece Taylor, and other relatives.

Mr. and Mrs. M. P. Downs and Garnet Reeves returned last night from Beaumont where they attended the 24th annual convention of the Texas-Oklahoma district of Kiwanis International.

his government "will be inspired by the most abject sentiments of collaboration in defense of the continent, maintaining always national dignity and the greatest respect for contractual obligations with the government of the United States."

(Informed Washington sources said the United States would regard De La Guardia as the constitutional leader of Panama. There is no question of recognition, they said, since the shift followed constitutional procedure without disorder.

(On a lecture tour in Paducah, Ky., Dr. Ricardo Arias, former president of Panama, said the new president was an honest and uncompromising man and forecast improvement in Washington-Panama relations. He described the Arias presidency as "a product of imposition and dictatorship."

De La Guardia, a man of pronounced pro-democratic leanings, was minister of justice in the cabinet of Arias, who was accused by political opponents here of Nazi leanings.

### REDS CLAIM

(Continued from Page 1)

100 tanks attacked another Soviet unit during a one-day battle.

Other Soviet dispatches, however, asserted that despite the renewed fury of the German onslaught, Hitler's vast encirclement plan before Moscow had collapsed and that at least some of the trapped Red armies had battled their way out of the Nazi net-cracker.

The atmosphere in Moscow itself, contrasting with yesterday's official acknowledgement of a grave emergency, was distinctly more confident.

The Soviet command was reported to have opened the floodgates of Russia's mighty manpower reserves, throwing masses of fresh troops into the bitter conflict.

A Red army bulletin reported also that the Nazi offensive north of Orel, on the south wing of the German drive on Moscow, had been blocked.

Soviet front-line dispatches said at least 15,000 German officers and soldiers had been killed in various "pockets" battling around Vyazma, 125 miles west of Moscow, and Bryansk, 220 miles southwest of the Russian capital.

Against this suddenly brightening picture of the struggle drawn by the Russians, the German high command asserted that a 30-mile breach on the central front "has been extended further eastward" and that the ring of steel was biting deeper on trapped Red armies in the Vyazma and Bryansk sectors.

On the southern (Ukraine) front, Hitler's field headquarters said German troops were closing in on Red forces encircled along the Sea of Azov, in a drive apparently aimed at the Don river city of Rostov, gateway to the Caucasian oil fields.

Authoritative quarters in London confirmed that the Germans had captured Melitopol, Ostpenko (Berdynsk), and Mariupol along the north shore of the Azov sea, and said it was possible that a considerable pocket of Russian resistance existed west of those points—presumably cut off.

Significantly, the Soviet high command dropped all mention of Melitopol in its latest communique, although earlier bulletins described it as a scene of the heaviest fighting.

While the Nazi press blared a victory chorus and Hitler's own newspaper proclaimed that seven short autumn days in the Moscow offensive had sufficed to "deliver the death blow to the most monstrous war machine of all times from which it will never recover," the Russians sounded a note of optimism.

Soviet dispatches said that the Red armies, reinforced by civilian fighters, had stopped the invaders from registering any major gains and that pockets of Russian troops snared in the great Vyazma-Bryansk encirclement actions had slashed their way out of the traps.

The Russians also indicated they were maintaining at least equality, if not superiority, in the air in the gigantic conflict, with wave after wave of Soviet dive-bombers blasting incessantly at German armored and mechanized columns. In this connection, however, military observers recalled that it was the lack of air power that proved fatal to the allies in the Nazi blitzkrieg sweep through Holland, Belgium, and France last year.

The first word in days from the siege-tight Black sea port of Odessa reported that German and allied forces were attempting to storm the city behind almost endless shelling, but that they had no success.

On the northern front, the Russians said Leningrad's defense armies were stubbornly pushing out against the German siege forces.

### Market Briefs

NEW YORK, Oct. 10 (AP)—The stock market tried to dig in for a rally today as Wall Street reacted to a less pessimistic view of the Nazi-German situation.

Dealings were approximately 500,000 shares, a considerable drop from the previous day.

Contributing to better support for selected issues were the following in speculative quarters that successive declines this week which had carried prices on average to the lowest since July 17 had prepared the ground for a technical rally.

Among stocks showing improvement most of the day were: Airtel, Aircraft, Chem. Martini, Dow Chemical, Western Union, Goodyear and Southern Railway.

Investor resistance was Bethlehem Steel, Allied Chemical, Westinghouse and Johnsonville. Bonds were steady.

Chicago wheat and corn both closed unchanged to 1/2 cent a bushel lower. Cotton in late trades was up 4/8 to 83 1/2.

### Oil Will

(Continued from Page 1)

to the industry were given John R. Suman, president of the American Institute of Mining and Metallurgical Engineers and vice-president of the Humble Oil and Refining company, and John F. O'Donohoe of Wichita Falls, president of the Petroleum Producers company.

Dallas and Mineral Wells presented bids for the next convention, whose site will be determined later.

Lord Marley has traveled extensively on the continent, making intensive economic surveys of its resources, including oil production.

His speech came after yesterday's ceremonies memorializing the Lucas gusher, which blew in three miles from here 40 years ago and is credited with being the starting point of the modern oil industry's development.

United States oil production was small before the gusher, discovery well of Spindletop field, came in. The Lucas well started the first large-scale oil boom in the nation's history and set boiling the blood of adventurous souls who later scoured the United States in search of the precious fluid.

The hunt produced many fields and brought the industry to its present greatness.

In honor of the discovery, the association yesterday devoted much of the day to celebrating the birth of Old Spindletop, climaxed by the unveiling of a 60-foot monument constructed of Texas granite.

Monday Market Holiday

NEW YORK, Oct. 10. (AP)—Columbus day, Sunday, Oct. 12, will be celebrated as a general market holiday throughout the United States on Monday, Oct. 13. With the exception of various livestock markets, all financial and commodity exchanges will be closed.

Tax revenues, derived from the sale and operation of motor vehicles, reached an all-time high in 1940, contributing \$1,802,748,000 to federal, state and local treasuries.

### Dan Williams To Give Radio Talk Saturday

America is being rediscovered by 130 million Americans who have shaken off the legend of false security and are determined to defend democracy against the dictators. This is the theme of the eleventh of a series of "Speak Up for Democracy" radio talks to be heard over Station KPND at 8:15 p. m. Saturday, October 11.

Speaking under the sponsorship of the Veterans of Foreign Wars of the United States, Dan Williams, a member of Pampa post No. 1657, will commemorate Columbus Day, October 12, the anniversary of that day in 1492 when Christopher Columbus landed on the island of San Salvador, after a voyage of 39 days westward across the Atlantic, in search of a new route to India from Spain.

"The average American has definitely rejected the propaganda and the philosophies of the dictators," Mr. Williams will tell his radio audience. "Nearly all of us have rediscovered the real meaning of Americanism. The threat to take away from us our individual liberties has suddenly made us realize that everything we have is worth defending. Our people are mobilized in a mighty effort to repulse those who would dominate the New World discovered by Columbus as well as the old."

On October 11, the V. F. W. "Speak Up for Democracy" program will be heard over a total of 435 stations, the greatest "radio blanket" in the history of radio.

This project was launched under the supervision of the national headquarters of the Veterans of Foreign Wars of the United States on December 11, 1940. Each month the

You can't fail to make perfect frosting the KARO way!

For frosting that's fluffy, flavorful—frosting that doesn't get gummy and crack—frosting that piles up nicely, looks beautiful and cuts smoothly—follow this fool-proof Karo recipe:

**PERFECT KARO FROSTING**

3 cups granulated sugar 1 tsp. vanilla  
1/2 cup Karo (red label) 1/2 tsp. salt  
1/4 cup water 2 egg whites

Cook sugar, Karo, and water over low heat, stirring only until sugar is dissolved. Then boil rapidly, without stirring, to 242 degrees F., or until syrup forms a firm ball when a small amount is dropped in cold water. Add vanilla and salt to egg whites, and beat until stiff but not dry. Pour syrup slowly into a thin stream to beat egg whites, beating constantly. Continue beating until mixture will stand in peaks and is of consistency to spread. Makes enough frosting for filling, top and sides of 3 (9-inch) cake layers.

Edmondson In Bed With 'Strep' Foot

Every boy in Pampa wearing a football uniform will be admitted free to tonight's football game between the Pampa Harvesters and the Bowie Bears of El Paso.

But missing the game will be R. L. Edmondson, Harvester quarterback, who will be lying in bed listening to the broadcast of the game.

Coaches Buck Prejan and Mac Best have decided to start their sophomore and junior backfield, composed of Halter at quarter, Dunham and Arthur at halves, and Boyles at full.

Balance of the starting line will see Wayne Ott at one end, Chessier and Phillips at tackle, Burnett at guard, and Burge at center.

All question as to Burnett's eligibility was settled at a brief district meeting yesterday when local school authorities proved that entry of his birth under the wrong date in the Oklahoma records had been corrected.

"We brought up the matter of possible ineligibility of the two boys and then secured documentary evidence to prove that both are eligible," Supt. L. L. Sone stated.

Knowing that the little Bears charge low and hard, Coaches Prejan and Best have been working their big linemen on ways and means of meeting those charges.

Coach Davidson will bring 32 of his Bears to Pampa for the big game. Last year in El Paso the Harvesters had to battle to win 6 to 0.

Probable starting lineups: PAMPA Pos. EL PASO Ott (170) ... lo ... Rosas (172) Chessier (222) ... lg ... Nader (160) Allen (185) ... lg ... Estrada (156) Burge (162) ... rg ... Fernandez (165) Burnett (174) ... rg ... Zavaleta (180) Phillips (212) ... rt ... Delgado (187) Cox (150) ... re ... Dominguez (160) Halter (145) ... qb ... F. Delgado (180) Dunham (156) ... lb ... Millado (150) Arthur (155) ... rb ... Rod'ez (150) Boyles (182) ... fo ... P. Red'ez (140)

Reapers Defeat Central First Time Since 1937

Pampa's Junior High Reapers football team defeated Central Junior High yesterday in Amarillo 12 to 7. It marked the first time since 1937 that a Pampa Junior High team has been able to defeat that same Central team.

Both teams made 10 first downs and played on the ground about even. In the air, however, the Reapers really came through with Billy Coy Sheehan completing seven of 11 passes, one for a touchdown and one to set up the other touchdown.

Central drew first blood, early in the first quarter, by recovering a Pampa fumble and then carrying across, Harmon getting the job done. Bauman added the extra point.

The Reapers scored in the second quarter when Sheehan passed to White, good for 30 yards on the Central 4 from where Howard ran the ball over. The try for extra point was blocked and the Reapers were still one point behind.

The Reapers took to the air for their other touchdown, Sheehan passing to Silor, then to Cree, then to White and again to Cree who took the ball behind the Central safety and raced for the touchdown. The try for extra point was again blocked.

Both teams played hard football the rest of the way and Central had the ball on the Reaper three-yard line at the final gun.

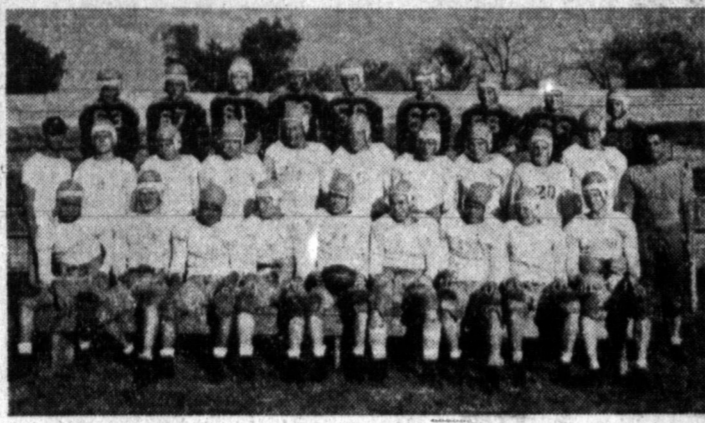

Officials—Jones, referee; Cearly, umpire; Cleghorn, headlinesman.

Morgan Shocks Football Fans At Los Angeles

LUBBOCK, Oct. 10 (AP)—Coach Dell Morgan has his Texas Tech boys out on the coast today for a game with Loyola.

Los Angeles football fans can get a shock by asking him how it will come out. Here's what he told sports writer Collier Parris before leaving Lubbock.

"Well, I think all the scout dope I have received on Loyola is wrong, so I guess the best thing for us to do is just run around for points until we get tired."

THE UNDEFEATED LEFORS PIRATES, pictured above, will invade Wheeler tonight hoping for their second conference victory and their fourth straight win of the season.

Snorter Luster Biggest Little Worrier In America

NORMAN, Okla., Oct. 10 (AP)—Eccentric Dewey Luster, the Oklahoma Sooners' new football coach who answers to the awful nickname of Snorter, is the littlest, biggest worrier in America.

Snorter has only 136 pounds to start with, packed solidly in a 5 foot 6 inch frame. He is the smallest head coach ever seen in these parts.

West Texas To Meet Big Test Tonight

CANTON, Oct. 10—The kind of football Panhandle fans of the college sport have dreamed about comes to West Texas State college this week.

Barker Picks Texas, TCU And Tulane To Win Games

By HERB BARKER NEW YORK, Oct. 10 (AP)—Climbing out on the football limp and patiently waiting for the drop that's sure to come:

Rice-Tulane: No weakness in this Tulane machine that anyone has discovered so far. Maybe Rice's Owls will come up with the answer but this corner, for one, will have to be shown Tulane.

Texas-Oklahoma: Dana Bible's Texans boast a good line, a flock of talented backs headed by Pete Layden and Jack Crain, and plenty of scoring punch.

Additional Sports On Page 8

exclamation point after Saturday. Until then, Texas.

Georgia Tech-Notre Dame: Tech scared the ears of Notre Dame in that 26-20 business a year ago. This may be another scare but there appears to be too much depth in this Notre Dame squad for the Engineers in the long run.

North Carolina-Fordham: Fordham nearly got its ears pinned back by S. M. U. a week ago. Maybe that experience will do the highly-touted Rams some good.

Indiana-Texas Christian: Indiana's lost two tough ones; Christian and Duke. Ditto for Duke.

Missouri-Kansas State: Taking Missouri-Baylor-Arkansas: Guessing again. Baylor.

Michigan-Pitt: The Panthers may make it close, but even that is subject to doubt, Michigan.

Washington State-Washington: Extremely even, it appears, Washington.

Five Southwest Teams Will Play Intersectional Foes

By HAROLD V. RATLIFF Associated Press Sports Writer

Five Southwest conference football teams roll against intersectional foes Saturday and a grand slam would put this state at the very top of the national heap.

Texas A. and M. meets New York university at New York. Rice tackles Tulane at Houston. Southern Methodist engages College of Pacific at Tyler.

Washington, first president of the United States, was a soldier, surveyor, and wealthy land owner.

Pity The "Poor" Football Scalper

(By The Associated Press) AUSTIN, Oct. 10 (AP)—Pity the poor football ticket-scalper this season!

For the first time in Texas history, he faces the prospect of a year in jail and a \$500 fine besides. It's a new state law, folks, that prohibits the sale of, or attempts to sell, tickets for admission to some grid attractions in the past, the state's lawmakers passed the bill by overwhelming vote last May.

DALLAS, Oct. 10 (AP)—Officers on duty at the Cotton Bowl during Saturday's Texas-Oklahoma game have been instructed to enforce the state's lawmakers passed the bill Chief of Police J. M. Welch said today.

Down town spots where pre-game crowds usually collect will also be closely patrolled, Chief Welch said.

Connecticut's tuberculosis death rate was 33.4 per 100,000 of its population during 1939.

Old Spindletop Paid Tribute At Beaumont

By WILLIAM T. RIVES BEAUMONT, Oct. 10 (AP)—Oil men of Texas, where 200,000 wells have been drilled, paid special tribute today to a single well that never paid itself out. Old Spindletop No. 1 was the honored guest in memory—the well which blew in with a roar 40 years ago to start the infant oil industry spurting toward its present greatness.

The Lucas gusher, it was called after the man who developed it. He was Capt. Anthony F. Lucas, who profited comparatively little from his discovery of the Spindletop field because he was forced to sell much of his interest in it in order to obtain financial backing.

But it led to plumbing of the Spindletop field, which has yielded more than 125,000,000 (millions) barrels of black gold, and to a tremendous upswing in oil scouting, discovery and production. The annual convention of the Texas Mid-Continent Oil and Gas association, which started today, was dedicated to celebrating Old Spindletop's birthday.

In downtown Beaumont, three miles from the Spindletop field, a reproduction of the discovery well was set up on a vacant lot, and tow crews, one riding to the scene in a 1901 buckboard drawn by mules and the other in a 1941 limousine, "spudded in," or started, the well as was done 40 years ago.

But, he continued, "it is the definite understanding of every man in our industry that government control is only for the duration of the national emergency x x x." Smith was ill and his address was read by his son, E. L. Smith, Jr.

The period required for cleaning out an overcharged engine by turning the engine over with the starter and with the ignition turned off is usually about 20 seconds.

Gorillas Hold Higgins To 7 To 6 Score

Playing their first game of the season the Pampa school Gorillas held the classy Higgins Coyotes to a 7 to 6 score yesterday afternoon in Higgins. The Gorillas lost the game in the first quarter when a punt was blocked on their 10-yard line and in three plunges Gibson carried across. He kicked the extra, and winning point.

The Gorilla score came in the fourth quarter when Don Stephens, working on a reverse, romped 35 yards for a touchdown. The try for extra point was blocked.

Ernest Miller, Gorilla tackle, was lost for the season when he chipped a bone in his elbow. Elkins' punting, although one was blocked, was good and his passing to Maury, Enloe and Kuehl was accurate.

Playing safe on this week's football selection the "bow" games is the Carolina Bowl, which will send 22 North Carolina players against 22 from South Carolina for the Greenville (S. C.) Lions club charity fund, Dec. 6.

Latest addition to the "bow" games is the Carolina Bowl, which will send 22 North Carolina players against 22 from South Carolina for the Greenville (S. C.) Lions club charity fund, Dec. 6.

Housewife Flegs Train To Avert Wreck. RAUBS MILLS, Pa., Oct. 10 (AP)—A quick-thinking housewife blushing received all credit today for averting a freight train wreck.

Two telephone poles were blown across the Pennsylvania railroad tracks near Mrs. Foster Heimbech's home. Knowing a train was due to pass, she dashed up the tracks, and flagged the freight.

Buffs' Collins Rushing Leader Of Minor Teams

SEATTLE, Oct. 10 (AP)—Pacific Lutheran, a small college near Tacoma, Wash., with a mere 200 male students in its meager student body, boasts the best minor college total offensive team and two of the best little school backs in the nation.

Among minor schools playing two or more games, the Lutheran aerial corps averaged 407.5 yards per game by rushing and passing in Licking College, 26-13, and Eastern Washington college, 27-0. The figures were compiled by the American Football Statistical bureau.

Collins of West Texas State is rushing leader, with 356 yards in 48 rushes. He's followed by Hall, New Hampshire, 343 yards, Bill Knisley, Tommervik, 171-pounds Associated Press Little All-America halfback in 1940, and 206-pound Marvel Harshman, fullback. They turned in these performances:

Tommervik gained 552 yards in 56 ball handling attempts, to lead the minors in total offense gains—rushing and passing. In the air he's completed 23 out of 34 attempts for 429 yards, with no interceptions.

Harshman, the fullback, leads the minor colleges in pass receiving with 12 catches from Tommervik good for 159 yards.

Among the individuals in total offense, second is Harold Hall of New Hampshire, who collected 999 yards in 76 attempts in two games.

Ben Collins of West Texas State is third with 410 yards in 62 tries. Collins of West Texas State is rushing leader, with 356 yards in 48 rushes. He's followed by Hall, New Hampshire, 343 yards, Bill Knisley,

eran attack are Marvin "Tommy Gun" Tommervik, 171-pound Associated Press Little All-America halfback in 1940, and 206-pound Marvel Harshman, fullback. They turned in these performances:

cherish an American Tradition . . . Go To Church Sunday There are so few things to hold on to these days . . . material values, mental conditions change rapidly . . . affected directly and quickly by the strife, turmoil and economical upheavals of recent years. There is one thing left unshaken . . . the solace and peace to be found in church. Go To Church Sunday . . . find stable spiritual values which, in the last analysis, are enduring in peace or war, or times of sadness. Go to the church of your choice . . . on this special "Go To Church Sunday," and every Sunday, you need the comfort and companionship to be found there . . . the churches need your support. Go to church this Sunday in the traditional American Way . . . to observe this special "Go To Church Sunday" in accordance with your beliefs. It's a perfect way to begin the day . . . and you'll find at all Pampa churches special programs for every service. You will find a warm welcome at any of Pampa's many fine churches—and you'll find great benefit in these special "Go To Church Sunday" services planned by each. Go To Church Sunday!

YOU WILL FIND A WARM WELCOME AT ANY PAMPA CHURCH SUNDAY.

Election Of Class Officers Held

The election of class officers was held during a special home room Thursday. At the time the paper went to press the final results were not in.

For the seniors, the run-off between Gretchen Ann Bruton and Cecil Bradford for president of the senior class will be held. Bill Bell was elected vice-president, and a runoff will be held between Frances Shier and Roland Phillips for secretary-treasurer.

The results for the junior and sophomore officers are not ready as the D. O. home room could not vote yesterday.

Officers nominated for the junior class are: President, Leslie Burge; John Tom McCoy, secretary; Betty Jean Myers, vice-president; Thea Burge, John Tom McCoy, Imogene Sperry; secretary, Dorace Jean Caldwell, Imogene Sperry, Leslie Spurge.

Sophomore nominees are: President, Jerry Alexander, Helen Marie Alexander, Mollita Kennedy, Jerry Kerbow, vice-president, Helen Marie Alexander, Jerry Kerbow, Janice Wheatley, Charley Boyles; secretary, Janice Wheatley, Julia Marie Bell, Mollita Kennedy.

F. H. Brownlee To Be Instructor In New Steel Machine Shop

Nearing completion is the new pre-fabricated steel machine shop which will enable high school boys to learn more about machinery.

The building, which is 3,200 sq. feet, is located at the back of the high school building. Some of the tools which will be available to the boys are two 12-inch lathes, one Universal milling machine, one shaper, two drill presses, one power saw, twelve acetylene welding units and well equipped tool room.

Instructor for the classes will be Mr. F. H. Brownlee, former instructor in Industrial Education at John Taretton college. These classes will begin Wednesday and are three hours long. There are two classes. At the present time no assistant instructors have been appointed.

Mr. Brownlee stated that approximately 40 boys have enrolled in these classes.

Cafeteria Will Have Inside Equipment Installed Monday

Monday will be an important day in the high school cafeteria because the inside equipment will have been installed. Mrs. June Anderson, manager of the cafeteria, said Thursday.

The cafeteria staff asks that students put their dishes in the landing window nearest the table at which they sit. The cafeteria will seat approximately 350.

The cafeteria has some openings for boys who wish to work for their meals. Boys who are interested are asked to see Mrs. Anderson in the cafeteria.

Fifty foot service counters will be installed later. There will be four servers, two serving from each end of the counter, Mrs. Anderson said.

Art Classes Design Portfolio Covers

Colorful designs for portfolio covers are being planned by the students of first and second year art classes, reported Miss Roy Riley, art instructor. Portfolios are cases which art students use for loose paper.

In these designs students are required to use scientific and color covers. So far it has proved a huge success, students find.

Originally is the aim of every student, Miss Riley said.

Economics Classes Start Tailored Suits

Mrs. Leslie H. Hart, sewing teacher, announced that her second year home economics classes has started their tailored suits. Each pupil is making either a skirt, jacket, or dress. These are made of silk, corduroy or wool.

The classes are making blouses as home projects.

Fields Prepared For Contests This Week

Croquet and horse shoe fields have been set up at the east end of the building for those who desire to spend some of their spare time out of doors.

Intra-mural coach Oscar Hinger in directing a contest between home rooms to determine the champion croquet and horse shoe players.

Officers Elected In Twenty-Four Home Rooms

Members of twenty-four home rooms in Pampa Senior High school have elected home room presidents to head their program and represent them in Student Council. The presidents of senior home rooms are: Dorothy Drescher, Bob Thomas, Bill Bell, Fern Simmons, Ruth Graves and Louis Sastka. The senior home room vice presidents are Tommy Howell, Francis Shier, Wayne Hillard, Betty Jean Myers, Jack Morris and Barbara Mathews.

The Junior home room presidents are: Lucille Skaggs, Lucille Mathus, Mary Nelson, Dorothy Stone, Billy Bass, Glen Stafford, John McCoy and Freddie Nell Bekham.

The seven sophomore home room presidents are Glen Coats, Mollita Kennedy, Doll Stokes, Fred Boyles, Helen Marie Alexander, Jane Andrews and Louise Baster.

The vice presidents are: Wanda Downs, Ursula Jones, Dick Manory, Pat Lively, Geneva Fleetwood Aubrey Pollock, and Ralph Proper.

Office Assistants Help Mrs. Roberts, Assistant Principal

Ten office assistants are aiding Mrs. Lou Roberts, registrar, and Mrs. Helen White, assistant principal, in their many and varied duties. Mrs. Roberts has announced.

Joeie Wanner, junior, assists Mrs. Roberts the first period; Jimmy Berry, sophomore, the second period; Dorothy Drescher, senior, third period; Janet McMillen, senior, fourth period; and R. L. Edmondson, senior, fifth period.

Duties of these students are collecting absentee slips, answering the telephone, typing various materials, and running errands. Mrs. Herod's assistant, Micky Rafferty, senior, first period; Eugenia Phelps, junior, second period; Betty Lee Tomasson, junior, third period; Dora Jane Phillips, junior, fourth period; and Mary Ellen Moss, junior, fifth period.

Checking number of periods a student is absent, and calling students from the class room is a part of the work performed by Mr. Herod's assistants.

As soon as the school secures locks to use on display windows many of these will be put on display.

Biology Classes Get Model Torso

A model human torso valued at \$120 with all removable parts, made of a new rubber substance has been received by Mrs. Joe Fischer, biology teacher.

A bunch of lice of economic importance such as cloth moths and mosquitoes, equipment to be used in mounting insects and some animals which students bring in and museum jars to put up the rest of the animals. A new specimen survey animal not found here, and several live animals have been received.

As soon as the school secures locks to use on display windows many of these will be put on display.

High School Windows Receive Appropriate Coat Of Gray Paint

The high school windows are receiving an appropriate coating of gray paint. Other equipment which has not yet been received are cafeteria steam tables, a curtain used to partition off the gym, a curtain for the stage, and lights which will be placed in the rooms.

Among other needed equipment are soap dispensers and towel racks for the laboratories, Principal O. F. Osborne said. About 1,000 dollars worth of material for the physics, biology, and chemistry laboratories is still being awaited.

Part of this material has been ordered for several months but it is in definite as to when any of the equipment will be in.

More Students Are Eating In Cafeteria Because Of Weather

E. R. Nuckles, manager of the high school cafeteria, which is located in the basement, stated that more students are eating at the cafeteria due to inclement weather. Within a few weeks, reported Mr. Nuckles, he hopes to have steam tables, as well as two lines in place of one.

However, some hot foods, such as chili and soup are being served. Plate lunches will be served soon.

Father: "Did you have the car out last night?" Son: "Yes, Dad. I took some of the fellows for a ride."

Father: "Well, tell them I've found two of their lipsticks."

Seven Students Elected To Form Harvester Staff

Members of the annual staff who were elected yesterday are: Seniors—John Knox, Frances Shier, Gretchen Ann Bruton; Juniors—Eugenia Phelps, Elizabeth Roberts; Sophomores—Helen Marie Alexander, Frank Flauf.

These students were chosen from the following candidates: Seniors—John Knox, Frances Shier, Dorothy Drescher, Gretchen Ann Bruton, Maxine Melke; Juniors—Eugenia Phelps, Colleen O'Grady, Jane Crouch, Mary Bell, Elizabeth Roberts, Velma Shackelford, Maxine Williamson, Robbie Lee Russell, Dora Jane Phillips, Betty Johnson, Lucille Stockton; Sophomores—Jean Caldwell, Vivian Lafferty, Helen Marie Alexander, Jane Andrews, Frank Friauf.

The first staff meeting will be held next Monday at which time the editor will be elected and definite plans made for this year's annual.

The Junior class elected this year to have individual pictures instead of group pictures which have been made heretofore. These pictures must be turned in by Nov. 26, Miss Margaret Jones, sponsor, said.

The staff is now ready to receive snapshots. If it is possible they would like snapshots to represent each month of the year.

The home room winning the most points throughout the year on the basis of sports won and number of boys participating will receive an award.

The basketball tournament will begin November 17, the horse shoe tournament will begin October 20.

If a boy does not care to play football he may participate in the horse shoe tournament which is becoming a very popular sport.

Whitfield Teaching Shorthand, Typing For Post-Graduates

Mrs. Ethel Whitfield of the book room announced today that she is teaching a course in shorthand and typing for post graduates. The class started Monday and meets from 3 to 5 o'clock each afternoon.

There are 10 enrolled at present and Mrs. Whitfield says she would like to have some more students.

Those taking the course are: Frances Babion, Virginia Covington, Ernestine Crane, Elsie Crossman, Sandy Frances McMullin, Reen Helen Sandy, Mrs. Stroup, Bonnie Bell Ross, Roberta Rox, and Mrs. S. W. Wade.

Choir Attends Amarillo Clinic

The Pampa High school A Cappella choir attended the annual music clinic in Amarillo Wednesday. The clinic was directed by Dr. Archie Jones of the University of Texas and was attended by over four hundred persons from Pampa, Borger, Hereford, Tulla, Perryton, and Amarillo.

The clinic was sponsored by the state department of education and was under the charge of Nell Farley, state supervisor of music.

Miss Helen Martin, music supervisor of Pampa schools and director of the high school choir, has announced that there will be no national music contest held this year. At a meeting of a committee of various schools concerned, it was decided it was too expensive, not only for the schools but for parents as well and that some of the schools were too great a distance from the locale of the contests. Regional contests, however, will not be affected by the decision of the committee. Amarillo is the location of the contest that Pampa will attend.

Teachers Swear Oath Of Allegiance

All teachers and other employees of the state of Texas recited an oath of allegiance as provided for in a law passed by the 47th legislature July 23, 1941, and signed by W. Lee O'Daniel, former governor. The "Oath of Allegiance Bill" reads as follows:

"I do solemnly swear (or affirm) that I will faithfully execute the duties of the office of \_\_\_\_\_ of the State of Texas, and will to the best of my ability preserve, protect, and defend the Constitution and Laws of the United States and of this state, and I furthermore solemnly swear (or affirm) that I have not directly nor indirectly paid, offered, or promised to pay, contributed, nor promised to contribute any money, or valuable thing, or promised any public office or employment, as a reward for the giving or withholding a vote at the election at which I was elected. So help me God."

Fli-Y Under Direction Of Jacques Farnum

The Pampa Hi-Y has entered another year of work under the leadership of Jacques Farnum, sponsor and John Tom McCoy, president. The Hi-Y club is a Christian organization and a lower branch of the Y.M.C.A.

Officers of the club for the school year of 1941-42 are: President, John Tom McCoy; Vice President, Ray Thompson; Secretary, Neal Holden; Treasurer, John Humphrey; and Reporter, Pat Flanagan. The membership committee consists of Jack White, Ray Thompson, and Otis Davis.

The appointed room for meetings this year is room 101, instead of the music room, the original place.

"It seemed well pleased by the 'good start,' Mr. Galloway said.

Salesmanship Class Studies Principles Of Dress And Display

The salesmanship class has taken up the principles of dress, how to improve their personality, and how to make attractive displays in their shops.

Anyone who wants advice as to how to dress in the business world may find illustrations on the bulletin board in room 206, Mrs. Russell Holloway, instructor, stated.

Intramural Sports

The intramural sports program of Pampa High school was organized primarily to provide athletic competition for boys who are not permitted to participate in interscholastic play. All home rooms have the opportunity to take part if they wish to do so.

A student coach is elected to represent each home room. These coaches meet once a week to discuss problems of the program and to help cooperate with the student council in a recreational program.

Home room coaches are: 217, Jack Morris; 106, Cecil Bradford; 204-111, Ray Quan, and Clyde Small; 194, Jack Fade, 112A, James Enloe; 112B, Max Crossman; 106, Richard Dodson; 105, Eugene Winget; 206, Douglas Loveless; 211, Bob McClendon; 202, J. D. Williams; Shop, Bill Grossman; 303, Wm. Ed. Bowerman; 216, Reginald Bridges; 100, Glen Coats, and 307, Dewey Bond.

At present 90 boys are participating in a six-man football round-robin tournament involving 78 games. The winner in the Junior-Senior division will receive gold footballs and the winner of the sophomore division.

The home room winning the most points throughout the year on the basis of sports won and number of boys participating will receive an award.

The basketball tournament will begin November 17, the horse shoe tournament will begin October 20.

If a boy does not care to play football he may participate in the horse shoe tournament which is becoming a very popular sport.

Bob Thomas Named President Of Band For '41-'42 Term

Bob Thomas, senior, has been elected president of the Harvester Band for the school term of 1941-42. Jacques Farnum, director, has announced.

Bob came to Pampa from Oklahoma in 1938 and has been in the band for four years. He plays first chair trumpet. Bob, a popular student, had an important part in the junior play just past.

Other officers elected were: Vice president, John Tom McCoy; secretary, Imogene Sperry; reporter, Billy Waters; and parliamentarian, Bob Addison. These and Iva Jean Harrison, Doyle Rogers, Wayne Hillard, Nelly Joe Ellis, and Kathryn Homer were named members of the band. Anna Lois Heard was named librarian.

Fire Prevention Theme Of Assembly

Fire Prevention Week was the theme of last Wednesday's assembly program. H. W. Waters, local insurance agent, gave a short talk on some phases of fire prevention. He told how students should do their part in making Pampa a better community to live in by cutting down the present rate of fires. Assistant Fire Chief Gray, gave a short talk on the fire department and its services to the community.

It was unable to give the demonstration he had planned for the auditorium has not been wired for electricity yet, but he explained how a mere penny might cause some home to be destroyed.

At the end of the program Mr. Osborne made an announcement concerning the fire prevention essay contest which enables all students to have a chance at winning the \$5 prize money for the best essay written by a high school student. These essays are to be turned in to a group of fire prevention experts in charge of the contest. Mr. Waters stated that all the local insurance companies would be glad to furnish the students with any pamphlets or materials they needed.

Twenty-Four Pupils Enroll In DO Classes

Twenty students have enrolled in Diversified Occupations to form the largest beginning class in Pampa High school. The number of girls has decreased while the number of boys in that course have increased. W. H. Galloway, coordinator of Diversified Occupations, announced.

Among this year's class there are several who are in new lines of work. Many pupils are electricians, carpenters, and sheet metal workers. The furniture and grocery business both have learning students for the first time.

The State Supervisor of Trade and Industrial Education visited Pampa recently for the purpose of checking on the progress of D. O.

"He seemed well pleased by the 'good start,' Mr. Galloway said.

Sagebrush

Nothing is easier than fault-finding; no talent, no self-denial, no brains, no character are required to set up in the grumbling business. —Robert West.

You can never have a greater or a less dominion than that over yourself. —Leonardo da Vinci.

Floyd Allen (sympathetically): "Did you get hurt while you were on the eleven?" Harry Kerbo: "No, it happened while the eleven was on me."

Wife: "I'm going shopping today, dear. What does the paper say about the weather?" Hubby: "Rain, hail, sleet, thunder, and lightning."

Sentiment is the poetry of the imagination. —Lamartine.

Betty Lou Leonard: "Did anyone ever tell you how wonderful you are?" R. L. Edmondson: "I don't believe they ever did."

Betty Lou: "Then where'd you get the idea?"

What's worse than raining cats and dogs?" "Hailing taxis."

All we have of freedom—all we use or know—This our fathers bought for us, long and long ago. —Kipling.

The accent of one's country dwells in the mind and in the heart as much as in the language. —La Rochefoucauld.

Courage and perseverance have a magical talisman, before which difficulties disappear and obstacles vanish into air. —John Quincy Adams.

J. S. Bulter (in salesmanship class): "Pardon me, I represent the Consolidated Prairie Wool Company, ma'am. Would you be interested in some course yarns?" Willie Bob Earhart: "Gosh, yes; tell us a couple."

Melba Savage: "Now that we're engaged, Roy, you'll give me a ring won't you?" Roy Ray: "Certainly, Melba. What's your 'phone number?'"

Vera Sackett: "Does my gown look as though it were falling off my shoulder?" Charles Boyles: "No, let's dance."

Vera: "I'm sorry, but I must go and arrange it. It's supposed to look that way."

Page the Censor "Next I will tell you how we shock the wheat." "Dear me, can I listen to this?" murmured the woman from the city.

El Pasoans Visit Pampa For Game With Harvesters

Tonight Pampa's Harvesters tangle with the light but fast Bears from Bowie High school in El Paso. The Harvesters, undefeated in District 1AA will have a slight edge over the District 16AA aggregation. Exact record of the Bears is not known but they suffered a 25-7 defeat at the hands of the Plainview Bulldogs, Harvester's second conference foe.

Four players were injured in the Harvesters scrimmage this week. George Neef, speedy reserve back, received a cracked bone in his knee in scrimmage Monday. Neef will not see action for four or five weeks. Coach Prejean said. Other injured are: Leonard Hollis, with a bruised shoulder, R. L. Edmondson with a leg injury, and L. J. Haller, who received a cut and bruised lip. L. J. will start as quarterback tonight.

After their encounter with Bowie tonight, the green and gold warriors will prepare for an invasion of El Paso for a game with El Paso High.

Although detailed information on the Bears is lacking, they are known to have a good passing attack. They have 19 men returning from last year's squad that dropped a close 6-0 decision to the Harvesters in El Paso last year.

Starting line-up for the Harvesters tonight will be as follows: Ends—Ott and Cox; tackles—Phillips and Chesler; guards—Burnett and Allen; center—Burge; half backs—Dunham and Arthur; quarterback, L. J. Harter, and By-lles at full back.

The Harvesters came out of last Friday's game with the Northeast Norsemen in fine shape and good spirit. The final score was 26-6. The kicking did most of their ground gaining in the first quarter after which the Harvesters settled down and knocked the "Oaks" Oklahoma's back on their heels.

In the three games played, the Harvesters have rolled up 65 points while holding their opponents to 27. The defending champion, Amarillo Sandies also have won three games without losing any but have scored only 37 points to their opponents 13. District 1AA promises to be pretty tough this year with all teams participating fully in the flag race.

The Northeast Norsemen, whom the Harvesters defeated last Friday by a score of 26-6 presented quite a different picture in the way of uniforms than the team which made the trip last year. Last year the Norsemen were clad in gray uniforms trimmed in red with red helmets. The 1941 edition, however, was a resplendent in good-looking maroon uniforms with red helmets.

The Clovis Wildcats also had striking uniforms. The colors were purple and white. Burk Burnett, the Harvesters first foe, had red and white uniforms.

Although uniforms are usually costly many teams have uniforms to wear at home games and also have traveling uniforms. This was the case with the Wildcats.

New helmets have been purchased for the Harvesters. They are gold with black stripes.

The Harvesters next foe, the Bowie Bears from El Paso, will be clad in black and gold uniforms.

Librarian Teaches Series Of Library Science Lessons

Three hundred and fifty sophomores and new students are attending a series of library science lessons, instructed by Miss Frances Munson, librarian, in the library. The lessons are given five periods each day. They began Monday and will continue through next Monday, Miss Munson said today.

The purpose of this study is to enable students to use the library to their own advantage.

Topics being discussed are: Becoming acquainted with the various sections of a book, ways to procure the book you want easily and quickly and use of the dictionary.

These courses are given in compliance with the state requirements that all sophomores be given library lessons. They are given in the regular English periods.

Victory Dance To Be Held In New School Gymnasium

A council-sponsored Victory dance will be held in the high school gym tonight following the football game with Bowie. Admission will be fifteen cents a couple and twenty cents a tag.

Tonight's sponsored will be the second social dance by the Student Council this year. Last year the council held only four dances but plans to be much more active this year. The occasion for the last dance was the ball game with Clovis and

Bowie Team Is Light But Fast

Tonight Pampa's Harvesters tangle with the light but fast Bears from Bowie High school in El Paso. The Harvesters, undefeated in District 1AA will have a slight edge over the District 16AA aggregation. Melvin Dawson Only Boy To Answer Call Of Shorthand Girls

The SOS sent out at the first of the term by the shorthand class for at least one boy was answered last Monday when Melvin Dawson enrolled in that class. Mrs. Russell Holloway, instructor in shorthand, said.

The large class of girls felt the dearth of the male element and sent out the call in the first issue of the Little Harvester for at least one male student.

Helen Crowley is Girl Coaches Manager

Helen Crowley was elected manager of the girl coaches at a meeting held Tuesday afternoon. The first scheduled game is the Girls Intramural kick-pin ball tournament won forfeited by rooms 205-106 to 216. There were not enough girls from the combined home room.

DAFFY NITONS Got—a small bed. A wedding—a funeral where you smell your own flowers.

Fauper—What this is printed on. Chump—To hop into the air. Cup—Car with one seat and two doors. Scandal—Type of a shoe. Error—Shot from the bow,

Archie Maness Cuts Three Fingers On Shop Power Saw

Archie Maness, sophomore, cut three of his fingers on the bone while sawing some wood on a power saw in the shop room last Monday.

Miss Ursula McCarthy, school nurse, was out of her office, so after binding the fingers with a handkerchief, Phil Gruber, shop teacher, and Delbert Meek, post graduate, hurried Archie to Dr. J. N. Johnson. He was under treatment for two hours and twenty stitches were taken in his fingers. He was able to return to school the following day.

Little Harvester Most Improved Paper Of P. H. S. P. A.

Word has been received from the Pampa High school Press Association that the Little Harvester, write hand edited by Pampa High school students, was adjudged the "most improved paper" of any in its section in the association, Miss Margaret Tomberlin, sponsor of the Little Harvester, announced.

Judgement is based on news values and sources, accuracy of news writing and editing, headlines, typesetting and make-up, coverage of school departments, and special features.

The Little Harvester had a rating of 695 out of the possible 1,000 points in these fields.

Perfect Sophomore Is Combination Of Many Pretty Girls

She's cute, she's witty with black hair and green eyes with a turned up nose and a beautiful complexion. Who is she? She is "Miss Perfect Sophomore" as determined by a consensus of student opinion taken recently.

She has: Hair like Jean Chisholm; eyes like Betty Lou Leonard; a nose like Bobbie Lou Posey; a mouth like Helen Crowley; a complexion like Frances Crocker; a figure like Mary Tine Speed; feet like Janice Wheatley; teeth like Colleen Bergin; fingernails like Katherine Homer; legs like Doris Anne Davis; a personality like Helen Alexander, a smile like Ernestine Holmes, and dimples like Pat Lively.

PLEDGE OF ALLEGIANCE—"I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

Relax and Stay Sane

A lot of recreation experts and professional fun investigators are considering in convention the general prospects for play, and being pretty darned serious about it, too.

From the President down, one after another, they have repeated something that is pretty clear to anybody who thinks about it for a moment: namely, if all work and no play makes Jack a dull boy in ordinary times, all work and no play in times like these are likely to bring the man in the white coat knocking on the door.

That is pretty obviously true, and it requires no experts to tell the average man that a judicious mixture of work and play is the right way to live.

There has to be a certain amount of spontaneity about play, however, for it to have full value. When 70,000 howling baseball fans watch the classic clash of Yankees and Dodgers, the first thing to note is that they are having a whale of a good time.

That is the American way to have fun and to get the kind of relaxation that really does some good. In the dictatorial countries they recognize the need for relaxation, too, so there are camps and resorts, and games.

What is fun, anyway? Why, a little time to do what you want to do without interference; to lose yourself in what you would be doing all the time if you could whether it is yelling for a touchdown, trolling for bass, or remounting a stamp collection.

The Nation's Press

GOOD REASONS (Los Angeles Examiner)

Asserting that its policy always had been to prevent profiteering, now or at any other time, the Los Angeles Chamber of Commerce yesterday issued the following statement on the proposed limit to limit profits to 6 per cent on invested capital.

The proposal to limit profits to 6 per cent on invested capital is precisely the national socialist policy now in effect in Nazi Germany.

We believe it to be unworkable in a democratic society which must depend upon the enterprise and voluntary efforts of free people rather than coercion and slave labor.

Reasons Listed

Following are some of the reasons why this plan would destroy private enterprise if adopted in this country: 1. It makes no allowance for losses or for years when no profit is made.

2. It would prevent expansion of enterprise. This would slow down preparedness, decrease employment and reduce the standard of living for all.

3. It would penalize the efficient concerns by taxing them at a higher rate than the inefficient. This would paralyze initiative, which must be the mainspring of a free society.

4. It would favor corporations that are over-capitalized and would place a premium upon unnecessary or worthless plant and equipment.

5. It would be discriminatory in many cases. This is because profits are not necessarily in cash, but may be represented by necessary increases in inventories and other non-cash items.

6. It would penalize new enterprises and make impossible their growth and development through reinvestment of earnings.

7. It would prevent building reserves necessary for business to maintain employment during the difficult period of readjustment after the war emergency is over.

8. It ignores the fact that existing taxes are absorbing by far the larger part of any undue or excess profits arising out of the present emergency. Under existing law business and industry are required to pay excess profits taxes up to 60 per cent and normal taxes up to 31 per cent on the remainder, besides other federal levies.

THE REDS IN IRAN (Chicago Tribune)

E. R. Noderer, The Tribune correspondent in the middle east, reports that the British who moved into Iran with their Red allies are already in an embarrassing and awkward predicament.

The political commissars are at work on the active population endeavoring to show them the benefits of Joe Stalin's system of tyranny. They haven't understood a word of it as yet, because that might throw a monkey wrench into the hands of the new alliance with Great Britain. But

Common Ground

By W. C. HOILES

"I speak this as a man who believes in the idea of democracy. By God I will accept nothing which all cannot have their counterpart of on the same terms."

THE PRESIDENT'S ILLEGITIMATE WAR ACTIONS

It is well for people to realize how far the President has gone in violating his oath of office to uphold the Constitution. The purpose of the Constitution was to act as a check against any ambitious person assuming too much power.

Article II, Section 8, says: "The Congress shall have the power to define and punish piracies and felonies committed on the high seas, and offenses against the law of nations; to declare war; grant letters of marque and reprisal, and make rules concerning captures on land and water; to raise and support armies, but no appropriation of money to that use shall be for a longer term than two years; to provide and maintain a navy; to make rules for the government and regulation of land and naval forces; to provide for calling forth the militia to execute the laws of the Union, suppress insurrections, and repel invasions."

Note how this gives the power to Congress to punish pirates. The President, however, has assumed this power without authority.

Now, what are the presidential powers regarding war? Article III, section 2, provides: "The President shall be Commander in Chief of the Army and Navy of the United States. That is all."

The framers of the Constitution knew about war. Most of them were war veterans. Eighteen of them had been officers in the Continental Army. Forty-six of them had been legislators; sixteen of them were governors or presidents of States. They knew about the military and executive and legislative problems involved in war as soldiers and civilians.

It has been demonstrated time and again that these provisions in the Constitution were wise. It is time people realized what is taking place and protest to their Congressmen against the President leading us into war without constitutional authority.

DISTRIBUTION PART OF PRODUCTION

A socialist reader of this column contends that he is a farmer and produces more wealth than those who are instrumental in exchanging wealth between people.

The medium of informing people where they can exchange their services to the best advantage, that is advertising and publicity, is an equally important part of production as the growing and building of something that is wanted if it is at a certain place at a certain time.

In a modernized country with a high standard of living, it is a very major and important part of production.

A NEW KIND OF PLEDGE

In order to arouse people as to their duty to let their Congressmen, their Senators and their President know their feeling against war, the America First Committee is asking people to pledge to write or wire until January 1, 1942, daily, or three times a week or weekly. The next few weeks will be very critical.

The Congressmen in this District is Harry Sheppard, House of Representatives, Washington, D. C.; the Senators are Sheridan Downey and Hiram Johnson, Senate, Washington, D. C.

No one knows how much a letter or a card or a wire might mean in turning the tide to keep us out of war. It is a little effort to make.

The Iranians fear that this is only a temporary indulgence granted them and they have a right to have such fears. Every country Russia overran in eastern Europe, when Stalin had Hitler's blessing and consent, was sovietized in the customary brutal way.

If the Reds in Iran began sending the more prosperous people to concentration camps, as they did the Poles, Estonians, Latvians, and Lithuanians, Lord Beaverbrook in Moscow and Mr. Churchill in London might not find it so easy to continue in support of Red Joe. Within the limitations imposed by caution, the commissars, also not expatriating the property of the Iranians or liquidating some of their elements, are doing the groundwork and waiting for further opportunities.

The British command in the occupied territory is alarmed. The Reds have already broken promises. One understanding was that neither British nor Russians should send armed forces into the capital, Tcheran. The communists have used a trick to disregard the stipulation.

Mr. Noderer finds that they send their troops thru the streets of the capital every day, but the soldiers do not carry their rifles. They march behind their regimental bands, singing joyously to persuade the Iranians that life in Russia, even in war, is just one long, sweet song.

Nobody with any sense would be astonished at these breaches of agreement and exhibitions of bad faith. Bad faith is a cardinal communist doctrine, and deception and double dealing are recognized tactics. What Joe will do to the four freedoms, the eight freedoms, and the ten freedoms is indicated by what is going on where the Reds have been able to take advantage of their own alliance with two governments. They would like to destroy and two systems of society they are sworn to exterminate.

The terrorists in Iran may be told to hold their horses and make a better pretense of fair dealing, but they've already done enough to give warning.

People You Know

By Archer Fullingim

The Francis Avenue Red says that his favorite song is, "I don't Want to Set the World on Fire, But I'd Sure Like to Hot-Foot Hitler!"

Oliver E. Hinkle, former Pampa newspaperman, now journalism teacher and publicity director at West Texas State college, Canyon, is sending out stories in which he describes the Buffalo football team as "loveable."

I always thought that only children, and small ones at that, old men and old women were supposed to be loveable in Texas.

Does he mean that the Buffs are beloved by women, fans, or just everybody? Or does he with impulsive affection, refer to them as loveable mainly because they are undefeated? Maybe we ought to refer to the Harvesters as loveable: they, too, are undefeated, but on second thought, maybe I've never seen them close-up.

The student newspaper published in The News each Friday, last week suppressed a story written by a lovely girl, which enumerated the handsome points in Jack Waters' physiognomy (highbrow word for face), and then went on to say that one reason why she fell for him was that he was a football fan.

Commodore Noland of the McClellan Boat club has a voice like the croak of a frog, it is so deep.

Incidentally, he is one of the most enthusiastic men in town, and people knew that when he became head of that boat club he'd keep things humming.

News Clearing House

EDITOR'S NOTE: Following is one of several installments of an address delivered recently by Rev. Dr. John A. O'Brien of Notre Dame, which has been translated from the Congressional Record into which it was placed by an Indiana congressman. We commend it to our readers as a sound approach to the war issue.

America stands today at the crossroads, facing the road to war and the road to peace. Which will she choose? Upon that choice hinge the lives of millions of American boys and girls, and the peace built by two centuries of toil.

I am asking my fellow countrymen to choose the road to continued peace. For it is only by walking along that road that we can effectively assist the distressed peoples of the old world and preserve our freedom and our democracy.

Because I have a profound solicitude for the lives of our youth and the welfare of our country, I leave the cluttered quiet of the university to raise my voice against those forces which daily are seeking to edge us closer to the flames of the European conflict.

In pleading for the peace, America is asked to make it clear that I am speaking neither for Notre Dame nor the Catholic church, but in my own name as an American citizen.

"If this war is fought to mutual exhaustion," I heard the English leader, Arthur Greenwood tell an Oxford university audience, "the British empire will experience a degree of impoverishment the like of which we have never known."

Stalin-A Despot With the entrance of Russia into the fray, and the removal of any immediate threat of a German invasion of Britain, the last pretense for dragging America into the European strife is gone.

The propaganda that we must eventually enter the war to save democracy and Christianity has now received its death blow. For in duplicity and cruelty, Stalin is the equal of Hitler and surpasses him in his hatred of Christianity.

In asking the American people to turn our weapons against brave little Finland, the one country which has honored its obligations to America, we are asked to back a bloody throne the worst butcher of Christians in the world, Churchill does violence to the feelings of our people.

We must demand protection from this form of political propaganda which threatens our peace and our welfare not less than the propaganda of the Nazis. We want to believe that we are still governed by the wisdom and the honor of Washington and not by the Downing street. This not lack of sympathy with Britain, but ordinary loyalty to America and devotion to her interests above those of any foreign empire.

Spite of the smoke screen of war propaganda laid down by the handful of interventionists, the national majority of the American people is being heard with increasing clarity throughout the land—even in Washington.

"That voice is shouting: Don't sentence millions of American boys to death on foreign battlefields, fighting a war that is not our own. Don't condemn the American people to national poverty and the death of our youth on the cross of another European war. Don't go berserk with the bodies of other people's sons. End the slaughter of innocents; let the leaders of the peace table.

That such is the sentiment of more than 80 per cent of the American people is best and informed persons can deny.

Instead of being weakened by interventionist propaganda and the provocative acts and speeches of government officials, American public opinion has become more vocal and insistent that no staged incident be permitted to pull the nation through a back door into an undeclared war.

The American people are sick at heart at the spectacle of an administration which, instead of lubricating relations with European powers has made them yield spark after spark with the apparatus of setting off the explosion of war.

Step by step, an administration solemnly sworn to keep the nation in peace has estranged by subterfuge and evasion the plain people of the neutrality law and of the Johnson Act and has dragged us to the very brink of war.

Only the thunder of the masses against public opinion prevented the use of convoy and certain measures late a shoddy war. That protest must continue until the battle for peace is won.

(To Be Continued)

Behind The News In Washington

(One of series of columns on government information service.)

By PETER EDSON

WASHINGTON, Oct. 10.—Biggest single information service in Washington is that run by the Department of Agriculture.

Its budget for the current year is \$1,894,594.

It employs a staff of nearly 100 information specialists and their assistants. The Washington payroll is \$327,000.

The information department is so big it has a business office which selects personnel, runs the files and messenger service and supervises the printing of \$1,550,111 a year for printing by both the Government Printing office and outside jobs.

The department's publications number 25—magazines, yearbooks, and reports.

In addition, the department will publish in the average year some 30 or more technical bulletins, passing out to scientists the results of agricultural research.

Each year, the department will publish annually about 12 million copies of farmers' bulletins and leaflets for the editors of the 25 publications which give farmers the results of the scientific research in language they can understand.

Also, to explain how the triple-A program works, how to borrow money from Farm Security, how to take out federal crop insurance, and so on.

In addition, there is an extensive press service, set up to make information available to the press associations, individual newspaper correspondents, farm papers, trade journals, and technical publications.

There are more than 30 principal sections in the Department of Agriculture. Half of them have press sections, ranging from two or three men to whole city rooms big enough to put out a metropolitan newspaper. There are at least 100 people in this press work, and that does not include the editors of the 25 publications or the editors of the leaflets. Just press contact men.

On an average day, these press sections will grind out about six stories. The total number of releases for 1940 was 1,900.

RADIO NOT FORGOTTEN

In addition, there is a radio section. It prepares the 15 to 30-minute programs broadcast five days a week on the National Farm and Home Hour. More than 100 stations carried this program last year.

In addition, there is a one-a-week program on consumer education, carried by 47 stations.

In addition, scripts are prepared for seven-minute daily programs on useful information for farmers and scripts of information for homemakers. These are sent on request to the little independent stations, 294 getting the programs for the farmers, and 258 taking the stuff for the homemakers.

In addition, there is a department for distributing agricultural information directly to the public. This includes the handling of queries. Requests for information come into the department at the rate of nearly 4,500 a day. Some letters require individual attention.

Leaflets or government publications is mailed out and the question is answered. Writing a letter has been estimated to cost 30 cents. Pamphlets cost a cent and a half to 3 cents, and the postage, of course, is free.

In addition, there are photographic sections and moving picture sections in many of the divisions, and art departments, poster campaign divisions here and there, mailing, mimeographing, and everything else that a station editor could want. Some 16,000 manuscripts a year for the various department publications.

Some of these publications are sold. At least they carry a price per copy and annual subscription rate on the masthead. But the bulk of all this material is given away cold, and here the clammy hand of the congressman reaches into the government gravy boat, to rock it high into sinking. Four-fifths—80 per cent—of the copies of most of the farmers' bulletins are made available to the congressional printing office and sent to their constituents. Four hundred copies of the agricultural yearbook are assigned to each congressman, and though these are paid for with congressional funds, the money all comes out of the taxpayers' pockets in the first place.

IT'S THE LAW, THEY SAY

By the department would make the piece too long, and besides, anyone who is interested can get the list free, by writing to the Department of Agriculture and asking for the Monthly List of Publications and the Farmers' Bulletin list. But these publications run all the way from statistical indexes on crops, to magazines on agricultural research, home economics, information for consumers, fire control, forestry, soil policy, rural electrification, land conservation, and annual statistical reports.

When you ask about the justification for all this \$2 million publicity and information work, you are informed bluntly that this is the law of the land. For proof, you are referred to the act which created the Department of Agriculture, way back in 1862, and the act of 1889, which enlarged its powers and the duties. That law directs the department to acquire and diffuse useful information on subjects connected with agriculture in the most general and comprehensive sense.

This law has been interpreted as a most enabling statute. When a department wants to do a job it gets an appropriation to spend the money. It then becomes a law for that job to be done and if the money were spent or the job weren't done, the assumption is that it would be breaking the law to save the money.

SERIAL STORY

MURDER IN PARADISE

BY MARGUERITE GAHAGAN

COPYRIGHT, 1941, NEA SERVICE, INC.

THE STORY: The suspicion of many reporters at Paradise Lake... the body of sophisticated Herbert Cord, who was seen last summer...

ture," I reminded her grimly. Before she could do more than give me a cold, dignified glare...

the crime together. Where Denny had acquired all his information I don't know, but he knew what we knew and more besides.

THE NUMBERS GAME

CHAPTER V

AS soon as I saw the pencil and paper in the young man's hands, I realized what was happening.

It was hard to be firm with Tod Palmer, for that was his name, according to Maudie, who said that he was editor of the Lake County Gazette...

But she was right in saying that Tod Palmer wasn't like the newspapermen we knew. He was young, about 25, with nice wavy brown hair and steady brown eyes...

I sort of gathered myself together, figuratively speaking, because Denny did things to me. I hadn't seen him in a year and I hoped now that the sight of his red head and crooked face...

I mean life to Denny was a grand adventure, only sometimes the adventures were too crazy. It was one of these that he had taken in stride that finished things between us a year ago...

"Cord had been doing a little fine manipulating," Denny said. "He was getting his cut all right and he was due to be called by the Grand Jury..."

"You may be a good leg man, Dennis Flynn, but this time you're wrong." "How come, darling? What do you know that I don't know?"

New Traffic Death Toll in 1941 Looms

AUSTIN, Oct. 10 (AP)—Studying a mounting traffic toll for the first nine months of the year, State Police director Homer Garrison, Jr., today said Texas motorists set a record in 1941—a record for killing more people than they've ever killed before.

# New Ideas For Inexpensive, Nutritious Food Help Homemakers Fight Inflation With Domestic Economies

By JOHNNIE DAVIS

So often in the search for something new we forget that the old-fashioned dishes have a flavor which just can't be beaten.

Try serving baked beans this new way with tomatoes. And what a help baked beans are to the pocket-book—a very inexpensive dish!

Add diced pickles and mayonnaise to the left-over ones and make sandwiches on whole wheat bread for tomorrow's lunch.

### BOSTON BAKED BEANS WITH TOMATOES

(Eight servings)

Two pounds pea beans, 1 pound salt pork, 1 clove garlic, 1½ cups strained tomatoes and juice, 2 large onions, 1 teaspoon paprika, 1½ cups brown sugar, 2 teaspoons salt, ½ teaspoon dry mustard, ¼ teaspoon baking powder.

Cover beans with cold water and let stand over night. Drain and cover with cold water. Let come to boiling point. Add soda. Boil half hour. Skim off scum. Blanch with cold water. Fill three-quart casserole one-half full of beans. Add half the salt pork. Add remaining beans and pork. Put sugar, salt, paprika and mustard in a bowl. Stir until all lumps disappear and add a little of the tomato juice. After blending, add all the liquid you can force through a sieve. Place one onion on each side of the meat. Insert the piece of garlic with a toothpick so it can be removed before serving. Cover and bake in a moderate oven (300 degrees F.) for four hours.

For a last picnic fling before the snow flies, take along a hot dish of mock drumsticks.

### MOCK DRUMSTICKS

(Six servings)

Two pounds thin veal steak, 1 cup stale bread crumbs, ½ teaspoon salt, dash of pepper, 1 tablespoon Worcestershire sauce, 1 egg, toothpicks, 3 tablespoons flour, 1 teaspoon salt, 4 tablespoons cooking fat or butter, 1 cup top milk.

Wash veal, remove skin and bone. Cut into six pieces about 3x4 inches each. Grind meaty trimmings and combine with crumbs, seasonings and egg to make a dressing. Place a tablespoon of dressing on each piece of veal. Fold over dressing and fasten with a toothpick. Roll in mixture of flour and salt. Brown in melted fat and place in casserole. Add milk, cover, and bake in moderate oven (350 degrees F.) about one hour or until tender.

### MILK IN MENU

Milk is such a valuable food that

For autumn picnicking—hot mock drumsticks, cold potato salad.

It's important to find pleasant ways to include it in each day's menu. For each child, try to get at least 1½ pints a day and a quart if possible; for each adult a pint or more, and for pregnant or nursing mothers, a full quart. That's the health defense rule every housewife must follow.

Try adding orange juice to your egg nog recipe. This insures the children's getting their egg, milk and citrus fruit all in one drink. Cream soups make a delicious main dish for luncheon and corn chowder (made with evaporated milk if you wish) is an excellent way to use up the corn left over from yesterday's dinner.

### PORK AND VEAL LOAF

(Six servings)

One-half pound ground veal, 1 pound ground pork (2 cups), ¼ cup cracker crumbs, ½ teaspoon salt, ¼ teaspoon pepper, 1½ teaspoons sage, 2 eggs, 2 tablespoons milk, 1 tablespoon butter, melted.

Mix meat, cracker crumbs, salt, pepper, and sage together lightly. Beat egg, milk, and butter together;

### GREEN PEPPER DRESSING

(Six servings)

Two tablespoons butter, 1 tablespoon flour, ¼ cup milk, ¼ cup grated onion, 1 cup green pepper, chopped; 4 tablespoons water.

Melt butter and add flour; add top milk and cook in saucepan for 15 minutes, stirring constantly. Cook onion and pepper in water for 5 minutes; add to white sauce. Pour over turnips and serve.

### TURNIPS WITH GREEN PEPPER DRESSING

(Six servings)

Three cups turnips, diced, boiling water, 5 tablespoons butter, 1 teaspoon salt.

Place boiling water in saucepan and drop turnips into water; cover; boil gently for 15 to 20 minutes or until tender. Drain and add butter and salt. Serve with green pepper dressing.

### ROAST STUFFING

For Sunday dinner, pork roast makes a satisfying meat to serve. Prepare it with an apple and raisin stuffing to serve the old stand-by of pork and applesauce in a new way.

### BONED PORK SHOULDER WITH APPLE AND RAISIN STUFFING

(Serves 8 to 10)

Four pounds pork shoulder, boned; 3 cups applesauce, 2 cups steamed raisins, 1 cup whole wheat bread crumbs, ½ teaspoon salt, ½ cup parsley.

### APPLE BUTTER SPICE CAKE

(Eight to 10 servings)

Two cups cake flour, sifted; 1 teaspoon baking soda, ¼ teaspoon salt, ½ teaspoon allspice, 1 teaspoon cinnamon, ¼ cup butter, 1 cup sugar, 1 egg (unbeaten), 1 cup raisins, 1½ cups apple butter.

### USING LEFTOVERS

There's usually a little cooked bacon left over. Lucy Maltby, noted creator of thrifty recipes, suggests using that bacon for breakfast rolls. "Make a baking powder biscuit dough from the recipe given on the prepared mixture box," she says. "Roll to ¼ inch thickness. Spread with butter and about ¼ cup chopped crisp cooked bacon. Roll up firmly and cut slices about one inch thick. Bake in a hot oven (425 degrees F.) for 15 to 20 minutes."

### GLAZED ONIONS

Three cups medium-sized silver-skinned onions, 4 tablespoons butter, 3 tablespoons sugar.

Cook onions in boiling water for about 25 minutes or until partially cooked. Drain and dry on paper towels or cheese cloth. Melt butter, add sugar and onions. Cook over low heat, shaking at intervals to keep onions from sticking. Serve hot when glazed.

### APPLE BUTTER ICING

Two tablespoons butter, 2 cups powdered sugar, 2 tablespoons apple butter, 1 cup walnut meats, broken.

Cream butter, add half of sugar and half of apple butter. Beat well and spread on cake. Cover with nutmeats.

### GLASS FOR COOKING

The defense program puts a priority on many metals customarily used for cooking utensils. But there are other kinds of pots and pans and kettles for the American housewife. Among the most practical is glass.

Science has been working for years perfecting a glass which will stand not only oven heat, but also the direct heat of the top of a gas, electric, or old-fashioned range. One of the most recent utensils of glass is a teapot. It can sit right on top of the stove and then be taken in to the tea table.

Lucky Maltby, noted creator of American recipes, has worked on this series of typically American dishes which can be cooked in glass. Miss Maltby's book, "It's Fun to Cook," her years of teaching and her thousands of recipes used wherever delicious but simple food is preferred, will make her very welcome to our readers.

### BELGIAN CARROTS

(Six servings)

Four cups sliced carrots, 1 cup

sliced. Beat butter until creamy; add sugar gradually, beating until light and fluffy. Add egg; beat well into mixture; add raisins. Add flour alternately with apple butter. A small amount at a time beating until smooth after each addition. Pour into two-quart greased pan. Bake about 70 minutes in moderate oven (350 degrees F.). When cool, cover with apple butter icing.

### GLASS FOR COOKING

The defense program puts a priority on many metals customarily used for cooking utensils. But there are other kinds of pots and pans and kettles for the American housewife. Among the most practical is glass.

Science has been working for years perfecting a glass which will stand not only oven heat, but also the direct heat of the top of a gas, electric, or old-fashioned range. One of the most recent utensils of glass is a teapot. It can sit right on top of the stove and then be taken in to the tea table.

Lucky Maltby, noted creator of American recipes, has worked on this series of typically American dishes which can be cooked in glass. Miss Maltby's book, "It's Fun to Cook," her years of teaching and her thousands of recipes used wherever delicious but simple food is preferred, will make her very welcome to our readers.

### BELGIAN CARROTS

(Six servings)

Four cups sliced carrots, 1 cup

### ROADS MADE FROM COTTON PLANNED

ATLANTA, Oct. 10 (AP)—Roads made partly from cotton unraveled from a giant spool may help untangle one of the south's knottiest agricultural problems—the huge cotton surplus.

Scientists are at work developing a tough, wear-resisting fibre netting made of cotton and fabricated for use in road-building. Other experiments are under way that would have roads held together with good old-fashioned molasses, surfaced with farm waste, and treated with soybean oil.

### TROOPS EN ROUTE HOME FROM BOWIE

BROWNWOOD, Oct. 10 (AP)—A steady stream of Camp Bowie soldiers moved homeward today on after-maneuver furloughs.

The departures started yesterday after the 36th division, observing organization day, formed by regiments and faced west at 11 a. m. in tribute to fallen comrades of the World War.

Major Carl E. Nesbitt, former adjutant general of Texas, was the first officer of the 36th to be affected by the new age regulations. He was transferred to non-combat duty and ordered to the adjutant general's office in Washington.

Within two years, the phonograph industry quadrupled the value of its output, according to the census. Between 1937 and 1939, the value of phonographs and accessories manufactured in U. S. factories rose from \$15,493,000 to \$48,900,000. Biggest gain was in phonographs for electrical reproduction of records, such machines being produced to a value of more than \$15,000,000 while the manufacturers of disc records rose in value from \$4,755,000 to \$15,980,000.

Alaska is a corruption of a native word meaning "peninsula."

## Balance Your Food Budget with ELECTRICAL Refrigeration

Food is the essential to the home . . . Keeping the cost within a budget sometimes presents a problem.

Today's new, modern electric refrigerator does away with the worry of food buying. Greater capacity; faster freezing, and more economical operation makes electric refrigeration the key to lower cost of living.

It is possible to plan week menus and buy the needed items to fill every portion of the menu a week in advance. An electric refrigerator is your "Budget Balancer!"
