# Fuehrer Says Gigantic 'New Developments' Will Smash Russia HITLER SPEWS BITTER HATE AGAINST ALLIES

## Russians Say Nazis Being Pushed Back

Russia Already Beaten, He Tells 25,000

(By The Associated Press) Reichsfuehrer Adolf Hitler, returning to Berlin from the eastern front, told the German nation today that a "gigantic new development which began in the last 48 hours" in the Russian campaign would "smash the opponent in the east... and help to reach victory."

The Nazi fuhrer, asserting that Russia had already been beaten, charged the U.S.S.R. with preparing to attack Germany if he had not struck first.

He conceded, however, that "we made a mistake about one thing; we did not know how gigantic the preparations of this opponent against Germany had been."

With this admission of the ferocity of Soviet resistance, Hitler coupled a declaration that "the decision now being fought out is for the next hundred years."

In past speeches, he has said Germany's campaigns would settle world history "for the next 1,000 years."

The fuhrer said German armies had captured about 2,500 prisoners so far, 22,000 guns, 18,000 tanks. About 15,000 Soviet warplanes, he said, had been destroyed.

Even as Hitler spoke, addressing 25,000 cheering Nazis in the Berlin Sportsplatz, the Russians reported their Red army had pushed the Germans back nearly 30 miles in one direction on the Leningrad front, overrun Nazi siege trenches around the old Czarist capital, and inflicted more than 8,700 casualties from the Gulf of Finland to the Black sea.

Aside from the 30-mile setback for the Germans east of Leningrad, Soviet dispatches said Russian troops had advanced from one to two miles in counter-attacks at other approaches to the city.

Red Star, the Soviet army newspaper, said Russian forces had stormed across the river "V" on the Leningrad front after a 10-day battle.

On the Ukraine front, German troops were reported by the radio to have forced a passage of the Perekop Isthmus to the Crimea Peninsula, site of Russia's chief Black sea naval base at Sevastopol.

Meanwhile, the revolt of Europe's conquered millions, erupted in new violence today and drew iron-fisted reprisals in many countries.

The quiet of pre-dawn Paris was shattered by explosions wrecking six synagogues, with two persons injured. Right-wing terrorists were blamed.

Berlin reported that the mayor of Prague, Otakar Klapka, had been condemned to death by the German People's court on charges of plotting rebellion, and the government of Nazi-dominated Slovakia decreed the death penalty for sabotage.

German firing-squads were reported cracking again in both Prague and Brno, in the Bohemia-Moravia protectorate (old Czechoslovakia).

## Marine Sergeants To Be Here Next Week

Two "leatherneck" recruiting sergeants will be in Pampa Wednesday and Thursday of next week for the purpose of interviewing, examining and accepting applicants, who are unmarried and between the ages of 17 and 30 years, for the United States Marine corps.

The two officers will office in the basement of the postoffice. Accepted applicants will be furnished transportation to Oklahoma City for final enlistment and transfer to the marine base at San Diego, Cal.

The recruiting sergeants will be authorized to accept an unlimited number of men for both the four-year and the "duration of the national emergency" enlistments.

## Late News

CANBERRA, Oct. 3 (AP)—Labor leader John Curtin accepted a commission to form a new Australian government today shortly after Prime Minister Arthur W. Fadden tendered his cabinet's resignation following defeat in a motion regarded by the government as one of confidence.

Curtin, 56-year-old former timber worker, announced he would select a cabinet Monday. Curtin has been leader of the opposition since 1935.

EVERY BLOOM IS NOW AN APPLE. This picture showing apple trees on McClellan creek in full bloom, will give you an idea of how the trees are loaded with fruit this fall.

For every bloom you see in the picture there is now an apple, and it's no wonder the limbs are creaking like ground. Shown in the picture above are Philip Silcott, president of

the high school student council this year, and Billy Mounts, all-school favorite last year, and now a freshman at the University of Texas.

## McClellan Creek Apple Orchards Have Biggest Crop In History

Symbolic of man's spiritual aspirations, an airplane will fly over Pampa at 4 o'clock Saturday afternoon, carrying the message of man's need of things spiritual.

From the plane will be dropped 10,000 circulars calling on Pampans to join in the city's fifth annual Go to Church Sunday, October 12. The plane will be piloted by Foster Fletcher.

Other means of bringing the annual observance to the attention of Pampans will be the distribution of 500 car stickers at churches here next Sunday; announcements of the day in all churches; and mention of the event in the radio program over KPDM by Claudia Bengel, beginning Monday.

The Back From Church youth singing movement is devoting special attention to Go to Church Sunday. Clyde Caruth, chairman of the observance, said today. All the city's 24 churches have been contacted.

Placards have already been placed in Pampa store windows calling on Pampans to attend the church of their choice on Sunday, October 12.

## Theater Manager Missing At Pecos

PECOS, Oct. 3 (AP)—Relatives of Bob Morley, 26-year-old missing manager of the Pecos theater, feared today he had met foul play.

Morley has been missing since he was last seen leaving Monahan's near here after attending a meeting of movie house managers.

His automobile was found on a Monahan's street the next day, Tuesday. His wallet, found on the back floor of the machine, carried no money, and a shotgun was missing from the car.

An immense group of searchers, operating by airplane, horseback, and automobile hunted for him without finding another clue. Anxious relatives feared he had been waylaid. Morley was known to carry large sums of money frequently.

## Phillips Riled Over Trinity Flood Plan

OKLAHOMA CITY, Oct. 3 (AP)—Red-headed Gov. Leon C. Phillips, who fought unsuccessfully the Denton dam project, is riled again over another Texas water scheme—this time the Trinity river navigation and flood control plan.

The war department yesterday approved the \$114,500,000 project and recommended a \$15,000,000 authorization to initiate it.

All of which displeased Governor Phillips. Oklahoma, he said, had "been taken for a ride like nobody ever saw."

The whole thing was just another argument against the Denton dam project, Governor Phillips charged, and was a plan to divert water from the Red river into the Trinity.

## Go-To-Church Handbills To Be Dropped Here

Did you ever bite into an apple grown in Gray county? If you have not you have something to look forward to.

And there's enough apples for all of you who need this to bite into, don't worry about that, because the apple belt on McClellan creek has the biggest crop in history this year.

Yesterday The Roving Reporter drove down there in about 40 minutes—it's that close to Pampa, and he bit into a dozen varieties of apples and he couldn't make up his mind which he liked the best.

First he decided that the golden delicious apples in the T. T. Griffin orchard couldn't be beat. Their flavor was better than any delicious apple he ever ate any place. Then he tasted the Arkansas Blacks and he got weak because they tasted so good. It was the same way with the Roman Beauties, red delicious, Black Twigs, Grimes, Jonathans, and many other varieties. And it was the same way in the L. L. Palmer orchards, on the east side of the road, just across from Griffin's.

Those apples grown in the good soil of Gray county have an original flavor I never tasted in any other apple. It is as if the soil of Gray county has an incomparable flavor itself. The taste of those apples has in them something of the winey wind of the Panhandle, of the overwhelming sunsets, the breath-taking landscape.

But before you bite into those apples the size of the crop. There are hundreds of bushels on the ground, and the orchard owners sell these for only half of the price of those on the tree and which you can gather yourself. Then there are thousands of bushels on the trees, and there are great piles of apples scattered here and there.

Mr. Griffin said he has never had such a crop as this year. The great trees are weighed down with the red, golden, red-black, pink fruit. Many a limb has a bushel of apples on it, many a limb is bent to the ground with the load of the fruit.

These Gray county apples, of course, won first place at the Tri-State Fair and The R. R. would bet a Yankee Dime that they would win first place at the Dallas Fair if the judges would bite into them! They taste better than ever this year, maybe it was due to the rain and the lack of hot winds.

The pear crop is good, too. Especially the pear crop on the Griffin place. Mr. Griffin also has a wonderful tomato crop, and the alfalfa crop on the Palmer farm is a sight for sore eyes. Cider-making has been in progress for several weeks.

## Congratulations—

Mr. and Mrs. Kermit Lawson are the parents of a daughter born Thursday morning at the local hospital. The baby, who weighed seven pounds, has been named Naomi Kay. She is the granddaughter of Mr. and Mrs. R. W. Lane of Pampa, and Mr. and Mrs. C. C. Lawson of Panhandle.

## Third World Series Game Postponed

EBBETS FIELD, Brooklyn, Oct. 3 (AP)—The third world series game between the Yankees and Dodgers was postponed today by Commissioner Landis after a heavy rain had left the field unplayable.

After inspecting the sodden field twice, the commissioner called all the newspaper men together under the grandstand and announced: "Gentlemen, I have made my decision. The game's off."

Before deciding finally, he called both the weather bureau and the airport and was told there was no chance that the sun would come out later in the day, and that it probably would go right on raining.

## Families Marooned In Abilene Flood

(By The Associated Press) A score of families were marooned in the northeast section of Abilene in a flash flood today, while at Wichita Falls in northwest Texas, the peak of a flood forecast as the worst in 20 years bore down on the city.

Wichita Falls expected the crests of rain-gorged Holliday creek and of the Wichita river to roll through parts of the city during the afternoon. Rescue workers in boats evacuated lowland residents and 300 persons were homeless in Wichita county.

Vast damage was done to property in the northwest Texas area near Wichita Falls.

The Abilene flood was fed by a near-cloudburst southeast of town that sent high water surging down Lytle creek into Cedar creek on the eastern edge of the city. Lytle creek flowed six to seven feet deep over the spillway, the highest mark in 35 years.

## Boats Rescue Many In Wichita Falls

WICHITA FALLS, Oct. 3 (AP)—Rescue workers in boats evacuated lowland residents here today as the worst flood in more than 20 years drove hundreds of persons from their homes and did vast damage to property.

The roaring, cloudburst-fed waters of the Wichita river, fed by half a dozen creeks that have become raging torrents, and dangerous Holliday creek constituted the principal threat to residential sections as high water was nearing the mark reached last spring when 50 city blocks were flooded.

The flood resulted from three continuous days of heavy rainfall reaching upwards of eight inches in some watersheds north and west of here.

The downpour continued in Wichita Falls today, making the fourth straight day of rain. Heavy rains also fell throughout the area.

Fast-rising water last night sent farm families in Burkburnett and Iowa Park fleeing to safety through the heavy rain and over water-logged roads. Boats were used to evacuate many persons as water continued to surge upward during the night.

Highways and feeder roads were under water but slow traffic was permitted. Oil wells and pump stations were damaged, and the Missouri-Kansas-Texas railway lost 1,500 feet of track between Wichita Falls and Burkburnett. Ten feet of water covered the Fort Worth and Denver City railway tracks near Bellevue.

Superintendent Paul Powell of the Wichita Valley Irrigation district said Holliday creek largely would govern the amount of territory in the city which would be inundated.

Today, Holliday creek, which flows out of Lake Wichita along the south edge of the city and into the river just to the east, was bank full.

## 13 Selectees To Be Called In November

Gray county will be called upon to furnish 13 more selectees for military training on November 7, in a notice received today at the office of Gray County Selective Service board.

This is only two less than the number to be sent from Gray next Thursday.

The local office has not yet received information as to the acceptance or rejection of the 10 selectees sent from this county on September 26, to the induction station at Fort Bliss, El Paso.

In connection with the latest call, General J. Watt Page, state director of selective service, has made a plea that Texas employers re-appoint selectees in their former jobs.

The selective service system wants to make certain that no rejected selectee is treated unjustly. Reemployment committees affiliated with Texas' 351 local boards, he said, will aid rejected selectees as energetically as they are assisting returning soldiers to obtain employment.

Local boards, he said, should advise registrants that when they are notified of their call they should point out to their employers the possibility that they may not be accepted at the induction center.

The employer can then be prepared to replace the man if he is accepted," General Page said, "or to continue his employment if he is rejected."

## Decision Being Fought For 100 Years, He Yells

BERLIN, Oct. 3 (AP)—Adolf Hitler, home from the Russian front to launch Germany's ninth winter relief campaign, declared today that Russia had been so stricken she "never again will rise up" and that "a gigantic new development" has opened on the front in the last 48 hours.

That development, he said, had made it especially difficult for him to leave his field headquarters.

"The decision now being fought out is for the next 100 years," he shouted. Thunderous cheers of the thousands assembled in the sportsplatz greeted this.

The fuhrer declared that Germany before the war had sought particularly to reach a settlement with Britain but that Prime Minister Churchill had asked for war; that Russia had failed to live up to her non-aggression pact with Germany and had mobilized on the Reich's borders.

"By August and September of last year it became clear that I had an enemy at the back ready to stab at any time," Hitler said.

He said that Russian Foreign Minister Vyacheslav Molotov had come to Berlin late in 1940, seeking a commitment from Germany on Rumania and Finland. Hitler said he had "declined all Russian suggestions and that the U. S. S. R. extend her influence westward, including the Dardanelles."

The address lasted 65 minutes. Hitler asserted that everything had proceeded according to plan since June 22, when the German armies struck into Russia.

He said that he had painfully kept his silence for months while he knew that Russia, as he said, was preparing to attack.

That, Hitler said, was part of his traditional strategy of surprise. He added that the decision to remain silent was "the hardest decision of my life" but that hundreds of thousands of lives were at stake.

"We were not mistaken about anything except that we did not know how awfully big the preparations were against us and how closely Europe escaped Bolshevism," he said.

"Something like a general awakening went through Europe, however. In the north, brave Finland. In the south, Hungary."

Hitler enumerated the other states which had sent formations into the "crusade against Bolshevism."

Explaining his long silence since the Russian campaign started, Hitler said that he could not have spoken until the enemy had been hit so hard he never again will rise up.

To illustrate Germany's military position, he said that Russian prisoners now number 2,500,000.

He called the Russian forces "not human beings, but animals and beasts."

"That is what Bolshevism made of them."

He devoted much of the 65 minutes to a tribute to German soldiers, railway and road builders, the labor service, the Red Cross and other formations. The United States was never directly mentioned.

The fuhrer started his address by 5:33 p. m. (9:33 a. m. C. S. T.).

The fuhrer said he was not speaking "to answer any statesmen

## Stribling Funeral To Be At Miami

Funeral services for D. B. (Dave) Stribling, 70, pioneer Roberts county cattleman, were held at 3 o'clock this afternoon at the First Baptist church in Miami, with Rev. Pryor officiating. Masonic graveside rites were held in the Miami cemetery.

Mr. Stribling was a 32d degree Mason, a charter member of Amalrio lodge 739, a Knight Templar, and a Shriner.

For the past several years, Mr. Stribling had made his home in Eagle Nest, N. M. Stribling died in a Baton, N. M., hospital at 9:15 a. m. Wednesday, after a short illness. He was care-taker at Idle Wild, where several Pampans have homes at Eagle Nest.

He was born in Pampa Pinto county, Nov. 26, 1870 and came to Roberts county in 1898, settling near Miami. He was county surveyor of Roberts for several years.

Survivors are his wife; three sons, Neal, Eagle Nest, David, Miami, Albert, Lawton, Okla. four sisters, Mrs. J. M. Bennett, Stamford, Mrs. S. B. Stewart, Waco, Mrs. R. B. Robertson, Washburn, Mrs. W. L. Rice, Claude; one brother, F. B. Stribling, Throckmorton; and Mrs. Edgar Coble, Amarillo, a niece.

Funeral arrangements were in the charge of Duemkel-Carmichael, Funera home of Pampa.

## Drug Stores Have Football Tickets

General admission tickets to tonight's football game between the Pampa Harvesters and the Northeast Norsemen of Oklahoma City will remain on sale at downtown drug stores until game time. The admission price will be hiked five cents to cover the new tax which went into effect yesterday.

For the first time this season, game reserve seats, in the west stand, will be available for fans who failed to secure a season book of reserved seats. Good tickets for the rest of the season are still available.

Student and general admission tickets will be in the east stands and on the north and south ends of the west stand.

### Rules For Submitting Society News Repeated For New Club Reporters

For the mutual benefit of new club reporters and the women's news department, here are some rules for submitting society page news:

Accounts of meetings and parties will be taken over the telephone until 10:30 o'clock each morning during the week.

Friday evening at 6 o'clock is the deadline for Sunday calendar announcements and stories except those concerning Friday evening meetings and parties which must be called in by Saturday morning at 10 o'clock to be included in the Sunday paper. All advance notices of forthcoming meetings are to be turned in by Friday afternoon at 6 o'clock.

All reports of parent-teacher associations, women's missionary societies, home demonstration clubs, and study clubs in the City Council must be submitted in written form. This will help eliminate errors in printing names and dates. All of these reports should be as concise as possible. The women's editor will appreciate having a year book for every club in her files.

In quoting speakers at P-T. A. and other meetings, not more than 75 words should be devoted to the address. In writing women's missionary societies and councils, the reporter for each circle or group will be asked to contact the general reporter for the entire society who will give the story to The News.

All recital notices must be written out and lengthy programs cannot be printed. Pictures of music students will not be used with these stories.

Pictures for cuts should be submitted to The News at least four days before they are to appear in the paper.

Club reporters are asked to turn in guest lists for dances and other entertainments in writing to assist in speeding up the work of the department. These and all other guest lists should be complete with initials or first names. When the last name only is given, the name will be left out entirely.

Timeliness is very important in the display given to parties and meetings. The most recent news deservedly gets the most space and the best position.

Friday is the busiest day in the women's department; so, if news for the Sunday paper can be sent in earlier, the last-minute congestion will be relieved.

The rules are offered at this time in order that through a better understanding with the contributors, this department can handle a greater volume of news. The women's news editor will appreciate your cooperation. Thanks, J. D.

### Pirate Mothers Meet To Re-Organize Club For Year At LeFors

LEFORS, Oct. 3—Pirate Mothers of LeFors met Wednesday afternoon in the home of Mrs. Charles Earhart to re-organize their club for the year.

Plans were made to give a party for the football boys after the game Friday night at Shaw park.

The following officers were elected for the year as follows: Mrs. John Oldham, president; Mrs. Alex Watkins, first vice-president; Mrs. Wayne Harless, secretary; and Mrs. George Delver, reporter.

The next meeting will be held Tuesday at 2:30 o'clock at the home of Mrs. Oldham. All mothers are asked to be present.

Coffee used as the liquid for hard sauces gives a new flavor which blends deliciously with baked or steamed fruit pudding. Heat the coffee first to make it mix more quickly with the sugar. This also will do away with the raw taste sometimes noticed in hard sauces.

### MIDDY TOPPER

The popular revival of the middy inspired this interesting one-piece dress—which school girls from coast to coast have already made their favorite for the current season. The middy top has everything, a turn-down collar with a tricky four-in-hand tie, a long torso line which is graceful on every figure. The skirt has the new dirndl fullness which makes it just right, too.

Pattern No. 8005 is designed for sizes 8 to 16 years. Size 10 middy top requires 1½ yards 35-inch material; skirt with cuffs and tie, 2½ yards.

For this attractive pattern send 15 cents in coin, your name, address, pattern number, and size to The Pampa News Today's Patterns Service, 211 W. Wacker Drive, Chicago, Ill.

### "Unreality" To Be Subject Of Sermon

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 5.

The Golden Text is: "All that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof; but he that doeth the will of God abideth for ever." (1 John 2:16,17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Blessed be God, even the Father of our Lord Jesus Christ, the Father of mercies, and the God of all comfort; who comforteth us in all our tribulation, that we may be able to comfort them which are in any trouble, by the comfort wherewith we ourselves are comforted of God" (II Corinthians 1:3, 4).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Suffering, sinning, dying beliefs are unreal. When divine Science is universally understood, they will have no power over man, for man is immortal and lives by divine authority" (page 76).

If egg yolks become stringy after being added to hot puddings, especially tapioca, use a heater; the lumps will adhere to the heater and leave the pudding smooth.

If soup has been over-salted, add a teaspoonful of sugar, or a few small pieces of raw turnips or potatoes, and simmer a little longer. This will neutralize the salt flavor.

**LUXURY TRIM**  
Bands of mink, subtly worked, endows the simplest costume with a feeling of luxury. A slim, softly tailored wool jacket suit, shown in an exclusive Fifth Avenue shop, has small turned-down collar and large rounded revers of blended mink. With it is shown an opulent cloth muff richly handed with mink and wide off-the-face suede hat, one half of the under side of the brim covered with matching fur. Jeweled ornaments on the hat trim and at the throat contribute further to the ensemble's richness.

## Tailor-Made Modern Menus For Busy Women Include Doughnut Dish For Quick Meal And Ideas For Sea Food

By JOHNNIE DAVIS

When unexpected guests arrive, or the boys from camp come home with their soldier friends without warning, don't apologize for the food you have on hand. Make the most of that food by serving it simply and well without any attempt to make it look like a dinner planned in advance.

If you have a few cinnamon doughnuts or can get them at the corner grocer's, split them and toast the split side. Top the hot doughnut with creamy scrambled eggs and garnish with crisp bacon. That makes a beautiful supper—also an excellent Sunday special breakfast.

Here are two more delicious unexpected guest recipes all the family will enjoy. Waffles are almost as popular with young people as doughnuts.

### HAM WAFFLES

(Makes Four 4-Section Waffles)  
Two cups sifted flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 3 egg yolks, well beaten; 1-1/4 cups milk, 5 tablespoons melted butter or other shortening, 3 egg whites and 1 cup finely cut boiled ham.

Sift flour once, measure, add baking powder and salt and sift again. Combine egg yolks, milk and butter; add to flour, beating only until smooth. Beat egg whites until they will hold up in moist peaks. Stir quickly but thoroughly into batter. Bake in hot waffle iron, sprinkling each waffle with 1-4 cup ham just before closing waffle iron.

Toast split cinnamon doughnuts and serve with eggs and bacon.

Serve with heated maple-flavored syrup or with soft scrambled eggs.

### HURRY-UP BEEF STEW

(Serves 4)  
One-half pound chopped round steak, 2 tablespoons butter or other fat, 1 teaspoon salt, pepper, 1-2 cup diced potatoes, 1-2 cup diced carrots, 1-2 cup sliced turnips, 1-4 cup chopped celery, 1-4 cup canned tomatoes, 6 small white onions and 2 cups water.

Cut chopped beef in 1-inch cubes and saute in butter until well

browned. Season with 1-2 teaspoon salt and dash of pepper. Add vegetables, water, remaining 1-2 teaspoon salt, and dash of pepper. Cover and simmer about 45 minutes, or until vegetables are tender.

### OYSTERS TRAVEL

Oysters travel these days. You can get them not only along the coast but far inland. Quick freezing and rapid transportation have made this popular sea food a common dish in American homes.

### OYSTER STEW

(Serves 2 to 4)  
One pint Bluepoint oysters, 4 tablespoons butter, 2 to 4 cups rich milk, or 3 cups milk and 1 cup light cream, scalded; salt, paprika.

Saute oysters in butter until edges curl. Add to hot milk, season with salt and paprika, and serve at once.

### OYSTER LOAF A LA GARDINER'S ISLAND

(Serves 4 to 6)  
Two pounds beef chuck, ground; 1 cup deep sea oysters, 1-4 cup melted shortening, 1-4 cup minced onion, 2-3 cup tomato juice, 2 cups bread crumbs, salt and pepper, 2 teaspoons paprika, 1 teaspoon dry mustard.

Combine beef, oysters, and shortening. Add onion, tomato juice, crumbs and seasonings. Mix thoroughly. Form in loaf. Bake in moderate oven (375 degrees F.) one hour.

Friday's meatless dinner seems a little gayer when garnished with a molded salad.

### EMERALD MACEDOINE SALAD

(Serves 6 to 8)  
One package lime-flavored gelatin, 1 3-4 cups hot water, 1-4 cup vinegar, 1 teaspoon salt, 3-4 cup sliced stuffed olives, 1-4 cups finely chopped celery, 1-3 cup diced green pepper.

Dissolve gelatin in hot water. Add vinegar and salt. Chill until

slightly thickened. Fold in olives, celery, and green pepper. Chill until firm. Unmold on crisp lettuce.

### SUNDAY MEALS

Sunday should be something to remember pleasantly all week long. These recipes are built for pleasure—the pleasure that comes from intelligent eating.

### SPANISH FICASSÉE OF CHICKEN

(Serves 6)  
One fresh-killed fowl, 1-2 cup butter or other fat, salt and pepper, 1-2 cup sliced onions, 1-4 cup diced celery, 1-2 cup sliced mushrooms, 4 cups canned tomatoes, 2 tablespoons chopped parsley and 1-2 teaspoon sugar.

Separate fowl into pieces for serving. Sauté in butter, season with salt and pepper and place in large kettle. Sauté onions, celery and mushrooms in drippings in pan. Add tomatoes and bring to a boil, stirring constantly. Add parsley and sugar and pour over chicken. Cook slowly, partially covered, 2 1/2 hours or until tender, stirring occasionally.

### BARBECUED SPARERIBS

(Serves 8 to 10)  
Three pound spareribs, 2 medium onions, 1 1/2 teaspoons salt, 1-2 cup catsup, 1-4 tablespoon Worcestershire sauce, 1 teaspoon dry mustard, 1 cup water, 1 tablespoon angostura.

Put half the spareribs into the bottom of a heavy roaster with a tight cover. Lay with a layer of thinly sliced onions. Combine the other ingredients to make a sauce and pour half of it over the meat in the roaster. Add another layer spareribs, pour the remainder of the sauce over all. Cover and bake in a moderate oven (350 degrees F.) for two hours.

### STEAMED FIG PUDDING

(Serves 6)  
One-half cup New Orleans molasses, 1-2 cup chopped suet, 1 cup chopped fresh figs, 1-2 teaspoon cinnamon, 1-4 teaspoon nutmeg, 1-2 cup sugar, 1-2 cup sour milk, 1 egg, 1-4 cups flour.

Mix together molasses, suet, figs and spices. Add soda and sour milk. Add eggs, well beaten, and flour gradually. Beat all thoroughly and fill well-greased mold. Bake in moderate oven (350 degrees F.) 1-2 hours. Serve with sterling sauce (recipe below), and garnish with whipped cream.

### STERLING SAUCE

One-fourth cup butter, 1-2 cup brown sugar, 2 tablespoons cream, 1-2 teaspoon vanilla.

Cream butter. Add sugar gradually. Add cream gradually and continue creaming. Then vanilla.

### ONE-DISH MEAL

Plan to combine several foods into one main dish for Monday dinner. There's no trick quite so easy on the checkbook as well as the family's appetite.

### MACARONI IMPERIAL

(Serves 6)  
One cup uncooked macaroni, broken in 1-inch pieces; 1-2 cup soft bread crumbs, 1-4 cup melted butter, 3 tablespoons red pepper, finely chopped; 3 tablespoons green pepper, finely chopped; 1 1/2 teaspoons grated onion, 1 1/2 teaspoons salt, 1 cup grated American cheese, 1 1/2 cups scalded milk, 3 egg yolks, well beaten; 3 egg whites, stiffly beaten.

Cook macaroni in large amount of boiling, salted water, until tender. Drain. Combine bread crumbs, onion, salt and cheese. Add milk. Pour over egg yolks, stirring well. Add macaroni; then fold in egg whites. Pour into well-greased casserole, set in pan of hot water, and bake in moderate oven (350 degrees F.) 1 hour, or until knife inserted comes out clean.

### LAMB EN CASSEROLE

(Serves 6)  
One pound breast of lamb cut in small pieces, 1-2 cup sliced onion, 1 tablespoon butter, 1 cup boiling water, 1 cup diced carrots, 1 cup diced potatoes, 2 cups canned tomatoes, 1 1/2 cups scalded milk, 1-2 teaspoon pepper, 3 tablespoons quick-cooking tapioca, 6 to 8 unbaked baking powder biscuits, rolled 1-4 inch thick.

Brown lamb and onion in butter; add water; then place in casserole. Cover and bake in moderate oven (350 degrees F.) 1 hour, or until meat is tender. Add remaining vegetables and seasonings; cover and continue baking 30 minutes, or until vegetables are tender. Sprinkle tapioca over top and mix thoroughly. Place baking powder biscuits on top. Return to oven and bake 12 to 15 minutes longer, or until biscuits are browned.

### VEGETABLE DISHES

Even on the busiest days you should serve vegetables in your family meals. If you haven't time to prepare fresh vegetables, try quick-frozen vegetables. Even though they may cost more, the fact that there is no waste often brings the actual cost down to budget levels.

### BAKED SPINACH AU GRATIN

(Serves 4)  
Fourteen ounces spinach, 1 cup boiling water, salted, 2 tablespoons flour, 1 1/2 cups milk, 1/2 cup grated American cheese, 1 teaspoon salt, dash of pepper, 1 cup buttered bread crumbs, 2 tablespoons grated American cheese.

Drop frozen spinach into brisky boiling salted water. Bring again to a boil and boil 4 to 6 minutes, or until just tender, separating leaves with fork during cooking. Drain and chop. Melt butter in saucepan, add flour, and stir until smooth. Add milk gradually and cook until thickened, stirring constantly. Add 1/2 cup cheese and seasoning and blend. Add spinach. Turn into greased shallow baking pan. Cover with mixture of buttered crumbs and 2 tablespoons cheese. Bake in moderate oven (350 degrees F.) 30 minutes.

### BROCCOLI WITH BUTTERED CRUMBS

(Serves 4)  
Thirteen ounces broccoli, 1 cup boiling water, salted, 1/2 cup soft

bread crumbs, 3 tablespoons butter, 1/2 teaspoon lemon juice.

Drop frozen broccoli into brisky boiling salted water, bring again to a boil, and boil 5 to 8 minutes, or until stalks are just tender. Drain and season with salt and pepper. Sauté crumbs in butter until delicately browned. Add lemon juice. Sprinkle over broccoli and serve at once.

### VEGETABLE CASSEROLE

(Serves 8 to 10)  
One box (12 ounces) frozen peas and carrots, cooked; 1 box (13 ounces) frozen cauliflower, cooked; 4 tablespoons butter, 4 tablespoons flour, 2 1/2 cups milk, 1/2 teaspoon salt, 1 1/2 cups grated American cheese, 6 small potatoes, halved and cooked, 1 cup bread crumbs.

Melt butter in saucepan, add flour, stir until smooth. Add milk and cook until thickened, stirring constantly. Remove from fire, add salt and 1 cup cheese, and stir until cheese is melted. Add vegetables and turn into buttered casserole. Top with mixture of crumbs and remaining 1/2 cup cheese. Place in pan of hot water and bake in moderate oven (350 degrees F.) 30 minutes.

### MILK AND CHEESE

Milk and cheese contribute important food values to the American diet. They are protein foods that fit right into the main part of the meal. Both are useful in cooking, combined with either cereals or vegetables. Cheese combined with vegetables supplies protein to make a main dish.

### PREPARING CHEESE

The first caution in cooking cheese is to keep the temperature low. In fact, cheese should not really be "cooked," but merely heated enough to melt it. Overheating toughens the cheese and makes it stringy.

When the cheese is used in a baked dish, such as scalloped vegetables or macaroni and cheese, it is best to blend the cheese in the sauce before it is mixed with the other ingredients. Then it is not so likely to become stringy when heated. But be sure to take the sauce off the fire first.

Here is an excellent cheese dish for lunch or supper. Serve it with crisp bacon, a green salad, and some simple fruit dessert.

### CHEESE TOAST

(12 to 14 slices of bread)  
One pound cheese, 1 cup rich milk or cream, 2 tablespoons flour mixed with 2 tablespoons water, 2 eggs, 4 drops tabasco sauce or a few grains

of cayenne pepper, a little onion juice, if desired, 1-2 teaspoon salt, 1 1/2 teaspoons baking powder.

Shave the cheese into thin, small pieces. Heat the milk or cream in a double boiler, thickened with the flour which has been mixed with the water, and cook for 5 minutes. Add the beaten eggs, the cheese, and the seasonings, and cook slowly until the cheese has melted and the mixture is thick and creamy. Allow it to cool; then add the baking powder.

Toast one side of the bread. Spread the cheese mixture thickly on the untoasted side to the very edge. If the cheese mixture does not come to the edges of the bread, they become brown and hard. Brown the cheese delicately under a low broiler flame or in the oven. If desired, place a strip of crisp bacon across each slice of cheese toast. Serve it hot from the oven.

### DEVONSHIRE CREAM

(This recipe is 150 years old.)  
Take four pints of new milk, set it on a clear fire, and stir it now and then; when it comes to a boil, take it off, and put it into broad dishes to cool; stir it about in the dishes for some time after it is turned out of the pan; set in a cool place and let it stand 24 hours; then scum off the clots with a skimmer, and lay them on a dish; put sweet cream about them, and strew cinnamon and sugar over them.

### Thomas Honored By Lions Club

Recognition of a 10-year perfect attendance record was given Ralph E. Thomas, county farm agent, when he was presented with an award at the regular weekly luncheon of the Pampa Lions Club at noon Thursday. The presentation was made by Arthur M. Teed.

F. L. Stallings received a pin as a re-instated member of the club, from President Crawford Atkinson. Program of the luncheon was in observance of Y. M. C. A. week. Harold L. Nichols, executive secretary of the Great Plains district of the Y. M. C. A., S. J. Pittman, and H. A. Shaw, all of Amarillo, were on the program.

Other visitors were H. Herrick of Wichita, Kas.; J. L. Luckett of Wichita Falls; J. L. Southern of Amarillo, former Pampa and former member of the Pampa club; Horace McBe and Doug Jefford, both of Pampa. Attendance at the luncheon totaled 70.

## Russian Guarantees Of Religion Same As Ours, Says FDR

WASHINGTON, Oct. 3. (AP)—President Roosevelt was urged in a high Catholic quarter today to take a direct hand in influencing Soviet Russia to grant full religious freedom, now that he feels that an "entering wedge" for such an eventual goal is "definitely on its way."

The Reverend Edmund A. Walsh, S. J., vice president of Georgetown University, said "the events of the last 24 hours convince me that the hour has come for a definite and constructive move on the part of the President of the United States."

After Mr. Roosevelt, at his Tuesday press conference, had described the Russian constitution's religious guarantees as essentially the same as ours, Father Walsh had quickly declared that provision of the Russian constitution was "nothing but a hollow shell."

His later and more hopeful comment was based upon a White House statement issued late yesterday, declaring that the President's press conference remarks had been

subjected to conflicting interpretations and some misquotations.

The White House made public a stenographic transcription of the press conference exchange and added this paragraph:

"Since the Soviet constitution declares that freedom of religion is granted, it is hoped that in the light of the report of the Polish ambassador an entering wedge for the practice of complete freedom of religion is definitely on its way."

This referred to a letter from Jan Ciechanowski, Polish ambassador, made public Tuesday, saying that Russia had permitted a Polish Catholic church and a Polish Jewish synagogue to open in Moscow and that Polish communities had been granted freedom of worship.

(Serves 6)  
One pound breast of lamb cut in small pieces, 1-2 cup sliced onion, 1 tablespoon butter, 1 cup boiling water, 1 cup diced carrots, 1 cup diced potatoes, 2 cups canned tomatoes, 1 1/2 cups scalded milk, 1-2 teaspoon pepper, 3 tablespoons quick-cooking tapioca, 6 to 8 unbaked baking powder biscuits, rolled 1-4 inch thick.

Brown lamb and onion in butter; add water; then place in casserole. Cover and bake in moderate oven (350 degrees F.) 1 hour, or until meat is tender. Add remaining vegetables and seasonings; cover and continue baking 30 minutes, or until vegetables are tender. Sprinkle tapioca over top and mix thoroughly. Place baking powder biscuits on top. Return to oven and bake 12 to 15 minutes longer, or until biscuits are browned.

**VEGETABLE DISHES**  
Even on the busiest days you should serve vegetables in your family meals. If you haven't time to prepare fresh vegetables, try quick-frozen vegetables. Even though they may cost more, the fact that there is no waste often brings the actual cost down to budget levels.

**BAKED SPINACH AU GRATIN**  
(Serves 4)  
Fourteen ounces spinach, 1 cup boiling water, salted, 2 tablespoons flour, 1 1/2 cups milk, 1/2 cup grated American cheese, 1 teaspoon salt, dash of pepper, 1 cup buttered bread crumbs, 2 tablespoons grated American cheese.

Drop frozen spinach into brisky boiling salted water. Bring again to a boil and boil 4 to 6 minutes, or until just tender, separating leaves with fork during cooking. Drain and chop. Melt butter in saucepan, add flour, and stir until smooth. Add milk gradually and cook until thickened, stirring constantly. Add 1/2 cup cheese and seasoning and blend. Add spinach. Turn into greased shallow baking pan. Cover with mixture of buttered crumbs and 2 tablespoons cheese. Bake in moderate oven (350 degrees F.) 30 minutes.

**BROCCOLI WITH BUTTERED CRUMBS**  
(Serves 4)  
Thirteen ounces broccoli, 1 cup boiling water, salted, 1/2 cup soft

MURDER IN PARADISE

By Marguerite Gahagan
Beginning Monday In The Pampa News

Maudie--

One word describes her: "Incorrigible"! She's the wacky, lovable mother of schoolteacher Mary O'Connor, who set out for a quiet vacation at Paradise Lake and had the clews to three strange murders put smack in her lap!

Margie--

Is she the Lilith in a troubled Eden? What does she know of the murder of handsome Herbert Cord?

Dennis--

He thought he had stepped out of Mary O'Connor's life for good--until his newspaper sent him to quiet Paradise Lake to cover the triple murder mystery of the season.

Miss Millie--

What does this prim, straight-laced spinster know of the murder of handsome Herbert Cord, the man she hated for courting--and then jilting--her pretty niece?

# Today's War Analysis

By DEWITT MACKENZIE

There is a peculiar interest for America in the announcement made in the British house of commons yesterday by Home Secretary Morrison that the suspended Communist organ, The Daily Worker, won't be allowed to resume publication because "in view of the government's policy the Communist party is not loyal to this country."

Surely it wasn't by mere coincidence that simultaneously the great Conservative party of Britain in conference gave Prime Minister Churchill a unanimous vote of confidence, based on his decision to back Russia by all means as an ally. Sir Cuthbert Headlam, who made the motion, said:

"We should realize that the Russians are fighting in a most heroic manner for their country, for the defense of Holy Russia, and not in defense of Marxian doctrines."

In these two events we have England's method of declaring its position toward Communism. The government won't relax its battle against thisism. At the same time England

administrative methods. Churches should not be closed without consent be dismissed from their positions because they are believers. It must be realized that the believer is not an enemy of Soviet power. Such persecution will only drive religion underground. Religion must be fought by education."

There's a lot more to the story but we needn't enlarge on it. It isn't the business of the United States or of England to lay down the law about Russian internal affairs. By the same token it isn't Moscow's business—and Moscow hasn't said it is—to try to change our government and way of life by applying to us its policy of world revolution.

## Dutch 'Unfriendly,' Japanese Decide

TOKYO, Oct. 3. (AP)—The Japanese, unsuccessful themselves in obtaining a greater share of the rich resources of the Netherlands East Indies, expressed today in strong terms their resentment at the colonial government for shipping oil and rubber to Soviet Russia.

Koh Ishii, cabinet information bureau spokesman, told foreign press representatives his government would regard as evidence of an "unfriendly attitude" large-scale exports of such vital war materials from the Indies to Russia, inasmuch as Japanese trade with the Indies is virtually at a standstill.

Dispatches from Batavia said the Indies began supplying Russia with oil, rubber and coffee several weeks ago under a pledge by Netherlands Premier Pieter S. Gerbrandy placing the products of Dutch colonies "at the disposal of the Soviets."

Ishii's warning was echoed in strident tones by the Japanese press, the newspaper Kokumin accusing the Indies of "betraying Japan" and declaring Tokyo would be compelled to adopt a new angle in its foreign policy if the Batavia government persisted in "obstinate anti-Axis and hostile actions."

The Japan Times and Advertiser, foreign office organ, declared in a front-page article that informed quarters "inclined to view the Netherlands East Indies as going to play a role in the execution of the program of aid to the Soviet war effort worked out at the tripartite conference in Moscow."

Americans annually consume 13,503,680 cases of canned fish and other canned seafood—shrimp, clams, oysters, crabs, etc.—according to output reported by manufacturers to the census bureau.

# Market Briefs

NEW YORK, Oct. 3. (AP)—Specialized bidding tended to keep the stock market fairly well balanced today although market leaders continued to move in various territories.

The low-priced issues, most of which tilted a shade upward, accounted for the principal portion of the turnover of around 400,000 shares.

At Chicago wheat futures lost 1/2 to 1 1/2 cents a bushel and corn was off 1/2 to 1 1/2. In late trading cotton was unchanged to 16 cents a bale in arrears. Bonds were as unexcited as stocks.

Among shares general Gas & Electric ("A") pushed up to a new 1940 high at 114 1/2 on sizable volume and the convertible preferred jumped 30 points on measure of the Oil and Petroleum stocks also elected to top levels for 1941.

Backward most of the day were U. S. Steel, Bethlehem, American Smelting, Sears Roebuck, Deere, Glenn Martin, Air Reduction, Pepsi-Cola, N. Y. Shipbuilding, Glaxo, Puckett, W. P. Carey, Dow Chemical, U. S. Gypsum and Monsanto Chemical.

Up at intervals were Santa Fe, N. Y. Central, Atlantic Coast Line, Chrysler, Ford, Texas Corp., Pathe Film, J. I. Case, General Motors, John-Manville and Eastman Kodak.

## Six Synagogues Blown-Up In Paris

VICHY, Unoccupied France, Oct. 3. (AP)—Six synagogues were blown up in Paris this morning.

The explosions were caused by bombs which destroyed the interiors of the buildings and left only the walls standing.

Two persons were wounded. The synagogues bombings apparently were the work of unbridled right-wing terrorists, observers said. The bombings came as French and German authorities pressed a drive to quell opposition to their collaboration policy.

The Paris police prefecture announced it was "actively investigating" the incidents, which followed closely the announcement that Paul Collette had been sentenced to death for his unsuccessful attempt to assassinate former Premier Pierre Laval and Marcel Dast August 27.

The consensus here was that Collette would be saved from the death penalty since his only political link was with the Rightist party of Francois De La Rocque.

There are over 4,000 persons 100 years of age and over in the U. S., according to the census.

## Definite Days Set For Applications For Aid

To avoid confusion in office work, definite days have been established for the taking of applications for aid to the blind, for aid to dependent children, and for old age assistance from Gray county applicants.

John B. Hessey, of the Texas Old Age Assistance division of the department of public welfare, is in charge of these applications. On Wednesday mornings, from 8 to 12, he will receive applications for aid to the blind and for aid to dependent children; on Thursday mornings, from 8 to 12, from old age pension applicants.

Office of Mr. Hessey is located in the north wing of the first floor of the court house.

Miss Mary Gartner, area supervisor of the department of public welfare, said it was necessary to establish certain days for these applications in order to successfully carry on the work of the office.

## Kiwanians To Go Deep Sea Fishing

A deep sea fishing trip was the first event on the 24th annual convention program of the Texas-Oklahoma district of Kiwanis International, in session at Beaumont.

At 10:30 o'clock this forenoon, cars left the Edison hotel in Beaumont, carrying the convention fishermen to the boat landing for the trip. The return will be made at 7:30 o'clock tomorrow night.

Fred Thompson of Pampa, district president, will preside over the convention, which opened with registration today at the Edison hotel. The convention will extend through Tuesday afternoon.

A score of local Kiwanians will attend the district meeting.

## Auditors Hear Talk On Welfare Problem

With R. C. Wilson, Gray county auditor and president of the association of the Texas Association of County Auditors began the second day of its three-day meeting in Dallas today.

This afternoon the auditors heard Curtis Morris, of Longview, assistant manager of the East Texas Chamber of Commerce, discuss the Chamber of Commerce bill, and Vernon Singleton, Dallas county commissioner, make a talk on "County Problems in Relief and Welfare Work."

Boyce House, Fort Worth newspaper man, will be the principal speaker at the annual banquet, to be held at 6:30 o'clock tonight at the Baker hotel. This will be followed at 8:30 with a theater party at the Majestic.

Hal Noble, Dallas city commissioner, delivered the address of welcome at the convention opened at 10 o'clock this morning. An address followed by Paine L. Busch, Dallas, 86th district judge. Luncheon was held at 12:15 o'clock in rooms 5 and 6 on the mezzanine floor of the Baker.

## Five Cars In Crash, But No One Injured

A five-car collision was an odd accident that occurred in Pampa early today at the intersection of Tule and S. Cuyler. No one was seriously injured in the accident.

It started with two cars in collision. A third automobile "barged" into the scene. Car 4 came to a stop as it approached. Then the fifth vehicle was in collision with the car that stopped.

County officers investigated the accident, which occurred shortly after 2 a. m.

Perhaps that is a bit extravagant... but the cost is so very small when the savings are considered on your food budget.

It is possible to actually make payments on an electric refrigerator with the savings you can effect by buying advertised food specials!

Your favorite grocer advertised yesterday a special on meats... you bought what you could use immediately... then without notice, guests arrived for dinner. The embarrassment of the situation, not to consider the cost, was very high.

Why not see your dealer, today, and have him analyze and consider your refrigerator needs.

Plus the practical economy of an electric refrigerator there are many delights in new, different desserts and dishes.

Instead we said—these being the materials critical in the defense program, we'll do our planning for 1942 with that foremost in mind.

Not merely for an "acceptable" car—certainly not for any "ersatz" number.

We had to have a real and representative Buick. One we could be proud of. One able enough, active enough, durable enough to serve till annual new models are the rule again.

We resolved on a 1942 automobile of such merit as could carry the Buick reputation without fault until other new Buicks, however far off, could come along to refresh it.

Now we're announcing those 1942 cars.

Why waste words telling you how good they are! You can't put language in the gas tank and learn either how many or how enjoyable are the miles you'll get per gallon.

There's a better answer—you drive these cars themselves. Come on, do that! Put your own yardstick on their quality.

was not certain any pipeline would be built, if the project reached the construction stage legislation concerning eminent domain might be needed in Texas to make it possible to acquire right-of-way for the pipeline.

Such legislation might be considered with other business by a special session of the legislature if the need developed, he asserted.

"It is not certain that any pipeline is going to be built," he said.

Stevenson further said that Senator Connally had told him he thought proposed alterations in the neutrality and lend lease laws should be considered separately by congress.

He expressed the opinion that Washington generally was "extremely confident about the outcome of the war" but actually knew little more as to when the end would come than the average man.

In Washington he discussed proposals to extend social security benefits to farmers and domestic servants, he said, remarking that many Texans would be affected by the changes if put through.

If the federal statutes were altered, he said, then changes in state laws would be necessary and probably would be considered at a special session of the legislature.

Another project for such a session

if one was called, he previously had indicated he would concern national defense matters. One matter pending he reminded, was legislation authorizing Dallas and Fort Worth to construct an airport for joint use.

Under the proposed social security law changes, employed farm laborers and domestic servants would be granted retirement protection, Stevenson went on.

Stevenson said he believed that the federal government ultimately would furnish uniforms and all other equipment to home guard units, which now partly equip themselves.

# DECISION

(Continued from Page 1)

who may have been wondering at my long silence.

His last speech was before the reichstag at the Kroll opera house, May 4, although he issued a long proclamation at the start of the war with Russia.

In the customary review section of his address, Hitler said he had not lost sight of his goal since 1933, when he came to power.

"What we have accomplished is unique," he said. "We did not need this war to place our names in history; the accomplishments of peace would have been sufficient for that."

"We never aimed at war, but one thing is certain: we would never have renounced German freedom."

As for his five-month silence, the fuhrer said, "History will decide what was worth more—Churchill's speeches or my actions."

He declared Germany had tried to achieve disarmament among nations and better relations, but, he said, all Germany's gestures were repulsed.

"We gained friendship with Italy and Japan," the fuhrer said, "but unfortunately not with that nation I courted most—Britain. Now the British people must assume the responsibility."

He accused Prime Minister Churchill of crying "I want war," although, through the years, he said, the fuhrer had tried to reach an understanding with England.

"He has it now," Hitler snapped. The sportsplagist, which holds 25,000 persons was jammed with a cheering multitude when Hitler, fresh from the eastern front, entered. They were deafening cheers when the fuhrer, Minister Paul Joseph Goebbels, who had reviewed winter relief work, introduced the fuhrer.

Many of the early passages of the speech dealt with Britain.

Hitler said that if all his attempts at agreement with Britain had failed in the past then nothing else could have achieved it.

"Nothing was left but to fight. I thank fate that the fight can be led by me."

"Now Churchill has the war he wanted," the fuhrer reiterated.

He said also that there were efforts at an understanding with Poland.

Hitler paid tribute to Finland and Rumania and recited the nationalities of volunteers in the fight against Russia.

He asserted Germany was saying little while operations were under way but that did not mean that nothing was happening.

He ridiculed what he called "miserable" news reports of the enemy and asserted the German high command communiqués were precisely accurate.

Approximately 2,500,000 Russians have been taken prisoner, he said. Twenty-two thousand Russian guns are in German hands, 18,000 tanks have been captured or destroyed, and 15,500 planes have been destroyed.

"I must have been providence which prevented it," he said, apparently implying that greater objectives now are possible.

Hitler recapitulated the occasions on which he said he "reached out the hand of peace." As a soldier, he continued, "I know how much blood, misery, suffering, and sacrifice" there is in war.

"The decision now being fought out is for the next hundred years," he shouted.

Hitler said he watched with greatest concern the mobilization of great Russian forces east of the Reich's border and realized the danger as early as August and September of 1940. Thereafter, he invited Vyacheslav Molotov, then and now Russian foreign minister, to Berlin.

Hitler said Molotov asked Germany's attitude toward Finland and Rumania, but, the fuhrer said, Germany had to decline all Russian suggestions that the U. S. S. R. extend her influence westward, even including the Dardanelles in that sphere.

Hitler said he had to keep his silence for months, giving not the slightest hint that he knew of the Russian mobilization, "because the lives of 'hundreds of thousands were at stake.'"

Surprise, the fuhrer said, is one of his weapons and when he sees an opponent preparing for attack he is not going to wait for him but beat him to the attack.

He said that this "was the hardest decision of my life."

Since June 22 when Russia was invaded, he went on, "every single thing went according to plan x x x. I have not been disappointed even in the German soldiers or the home front."

"The enemy was hit so hard he never again will rise up."

executed a bold landing west of Leningrad and dug in on the gulf coast where Nazi batteries have bombarded Kronstadt, Russian naval base which guards the sea approach to the great northern metropolis.

For the first time since Marshal Klement Voroshilov proclaimed a death-stand defense for Leningrad 44 days ago, a Red army bulletin declared the situation around the siege-girt city was definitely stronger.

The Russians said 1,500 Germans were killed and at least 1,500 wounded on the northern (Leningrad) front, 3,000 killed and wounded on the central (Moscow) front, and 2,700 annihilated on the southwest (Ukraine) front.

In a violent two-day battle in the Ukraine, Soviet dispatches said the Germans left the field strewn with corpses, smashed tanks and guns, and that the Dnieper river was carrying away thousands of the invaders' dead.

While the Nazi high command reported tersely that operations were proceeding "successfully," military advices reaching London indicated that Germany's revised war plans might start a new drive toward Moscow from the Ukraine, veering north from the bitterly-contested Kharkov sector in the Donets river basin.

Signaling perhaps the end of the long summer lull in the battle of Britain, German bombers smashed their bombs on five cities on the island kingdom's southeast and northeast coasts during the night. Bombs also fell in southeast Scotland.

Attacking in the light of a harvest moon, the German raiders were reported to have dropped their bombs and then returned to machine-gun fire fighters and rescue squads in the streets. At least 10 persons were killed and 50 wounded.

Mr. Palmer gave enough apples for

in one town, and damage and casualties elsewhere were admittedly heavy.

RAP bombers countered with assaults on the docks at German-occupied Brest, France, where Nazi warships lie, and on St. Nazaire.

In a strange interlude, the war stopped at the channel port of Newhaven, where two Red Cross ships prepared to take 1,500 wounded German prisoners home in the first British-German exchange of prisoners in the war. In return, 1,500 wounded Britons will be picked up at Dieppe, France.

Griffin will give the Salvation Army a truck load of apples if they'll come down there and pick them off the ground. You should snap up that proposition without delay, because let me tell you the apples that come off the ground are large, unblemished and taste better to this one than those on the tree because they are riper.

Now if you want to know how to get down there, just go to LePors and when you get to the square just keep on going and then in about a block or so you turn west and cross the bridge and then you turn to the right and follow the main traveled road. You can't get off the road. Most of the road between LePors and the apple orchard is now paved. The total distance from Pampa is about 25 miles.

There are probably nearly 1,000 apple trees on McClellan creek, and they are all loaded. We leave it to you to figure out what the crop yield will be but it will total thousands of bushels.

**BAKED BEANS, KARO STYLE**

- 2 cans baked beans (12 oz. cans)
- 2 tsp. chopped onion
- 2 slices chopped cooked bacon
- 1/2 cup Karo (blue label)
- 6 tsp. strained canned tomato

Combine all ingredients, and mix thoroughly. Turn into a greased baking dish or casserole, and bake in a hot oven (400 degrees F.) 25 to 30 minutes. Makes 4 generous servings.

Prague newspapers said 18 were executed yesterday—15 shot, and three, Jews, hanged—as agents of the German Gestapo pressed a sweeping investigation of rebellion in the protectorate.

Thirteen editors and officers of the former Czech army, including three retired generals, were among those executed, the German radio said, following the discovery of a plot for an armed uprising.

London heard that eight persons had been executed in Holland for aiding British fliers and reported that German authorities there had threatened "even stricter punishment in the future."

On the Russo-German war front, Soviet dispatches pictured the German invasion armies as giving way at strategic points under fierce counter attacks.

The Berlin radio asserted, however, that Nazi troops had occupied Czarist palaces southwest of Leningrad—presumably at Tsarskoye Selo, the "Czar's Village", 15 miles south of the city.

A British broadcast said the Russians had recaptured Strelna, 20 miles west of Leningrad; hurled the Germans back nearly 30 miles to Lake Ladoga from Kolpino, and re-established communications between Leningrad and Moscow.

# HARVESTERS WILL FACE MIGHTY VIKINGS HERE TONIGHT

## Fans Expect Speedy Runs, Air Attack

The Northeast Norsemen of Oklahoma City, one of the few undefeated and the only unscorred high school team in Oklahoma, will be the Pampa Harvesters' foe tonight at 8 o'clock on the turf at Harvester park. The mighty Vikings, conquerors of great Capitol Hill 32 to 0, will be here to average a 58 to 0 defeat handed them the last time they faced the Harvesters.

Pampa's Harvesters are also undefeated this season which means that fans will see one team lose its perfect standing tonight. It's going to be perfect football weather and the biggest crowd of the season is expected to see the mighty Norsemen battle the Harvesters.

Lining up with the small players in the line and the big fellows in the backfield, Northeast features both a single wing and short punt formation with a double wing thrown in for good measure. The Harvesters play mostly from a double wing with a single wing once in a while.

The Harvesters will have a big weight advantage in the line but will be badly outweighed in the backfield. Also, the Harvesters will be on the short end of the speed department. In Villines, 150-pound quarterback who calls signals from the right half position, the Norsemen have one of the fastest back stars in Oklahoma, while not much slower is 180-pound Ray Ary, fullback. Both feature sweeping end runs which means that Pampa ends must be on their toes all night to keep the fleet Vikings from getting around them.

**Seniors To Start**  
Coaches Buck Prejean and Mac Best have decided to start the same team that faced Burk Burnett. Last week they started their sophomore and junior backfield and ends. This week all seniors will get the nod.

Harvester coaches not only fear the Viking's speed but also their aerial attack which features high heaves from Ary to Crawford end, who towers 6 feet 1 inch above the ground in his sock feet.

Rain kept the Harvesters from the practice field Monday and the practice was held in the gymnasium. With the exception of Snyder, reserve center, and Kerbow, his understudy, the Harvesters will be in good shape for tonight's game. Snyder is nursing an infected jaw, which is badly swollen, and Kerbow has a broken wrist. That means that Leslie Burge, iron man of the 1940 Harvesters, will have to go the distance unless Snyder is able to play.

**18 Conference Games**  
DALLAS, Oct. 3 (AP)—Eighteen conference games will be played today in the state's school districts into title play this week.

Four districts already had seen conference action and four more will start battling for keeps, including Districts 2, 4, 14, and 15. One of the championship games—Orange at Goose Creek, blasting off the lid in District 14—matches members of the state's select circle of 32 teams that have come through without defeat or tie.

The outstanding interdistrict clash will be between Adamson (Dallas) and Gainesville, two of the unbeaten and untied outfits.

This week's conference schedule: District 2—Quannah at Wichita Falls, Childers at Burk Burnett; District 3—Big Spring at Colorado City, Odessa at Lamesa, Midland at San Angelo; District 4—Yaleta at Austin (El Paso); District 5—Bonham at Denison; District 7—Annon Carter Riverside (Fort Worth) vs. Paschal (Fort Worth); Poly (Fort Worth) vs. Arlington Heights (Fort Worth); North Side (Fort Worth) vs. Fort Worth Tech; District 10—Ennis at Hillsboro, Cleburne at Waxahachie, Mexia at Bryan; District 11—Kilgore at Athens, Texarkana at Gladewater; District 14—Orange at Goose Creek; District 15—Laredo at Jefferson (San Antonio), San Antonio Tech at Kerrville.

There are 24 interdistrict games as follows:  
Vernon at Lubbock, Arlington at Olney, Plainview at Bowie (El Paso), Electrica at Denton, Masonic Home at Highland Park (Dallas), Paris at Sulphur Springs, Sherman at McKinney, Galveston at Adamson (Dallas), Nacogdoches at Dallas Tech, John Regan (Houston) at Woodrow Wilson (Dallas), Abilene at Breckinridge, Sunset (Dallas) at Brownwood, Corsicana at Tyler, Jacksboro at Dallas Tech, Forest (Dallas) at Lufkin, Beaumont at Austin (Houston), North Dallas at

Those that haven't qualified can do so Saturday, the 4th, and up to 12:00 noon, the day of the tournament.

WORLD SERIES DRAWS THOUSANDS OF BASEBALL FANS—Hours before game time (clock on scoreboard at right—10:10 a. m. EST) every seat in New York's Yankee stadium bleachers is filled by excited fans for the World Series opener.

"NOSEDIVES" INTO THIRD FOR SPECTACULAR PLAY—A nosediver lands Mickey Owen, Dodger catcher, safe at 3rd on his 5th inning triple which scored Reese. Yankee third baseman Red Rolfe is at the left. A record crowd watched the Yankees and Dodgers open the first game of the World Series at Yankee stadium in New York.

## Barker Picks Fordham, Duke, Texas, Arkansas

**By HERB BARKER**  
NEW YORK, Oct. 3 (AP)—Taking a full, and possibly futile swing at this week's football attractions (Barker, don't throw those fast balls low and on the outside): Duke-Tennessee; If Duke gets past this one, the Wade may well wind up the season unbeaten. Reserving the right to second-guess this selection, Duke-Southern California-Ohio State; Taking the home club, Southern California. Fordham-Southern Methodist; The Mustangs and Rams and the only thing sure is that this should be one of the day's best ball games. We'll take Fordham, but that pre-season ballyhoo for the Rams had better have some foundation in fact.

Louisiana State-Texas: Until evidence prove it is a mistake, the secretary is empowered to cast one steady ballot for Texas-Arkansas; Quick, Watson, the coin. Arkansas. Kansas State - Northwestern; Should be safe for Northwestern. Nebraska-Iowa State; Champion Nebraska should hurdle this.

Baylor-Drew—Missouri; Missouri, breasins. Auburn - Tulane; Tulane looks much better than good. California - Washington State; Looks like California still has it. Washington-Oregon State; Not easy, Bill, Washington. Baylor-Drew—Baylor looks far too strong.

Skipping over the chalklines otherwise: Rice over Sam Houston; Texas A. and M. over Texas A. and I. Santa Clara over Loyola; Kansas over Washington university.

**Canadian Plays In Panhandle Tonight**  
Special To THE NEWS  
PANHANDLE, Oct. 3.—With all members of the squad recovered from injuries and illnesses the Panhandle Panthers meet the Canadian Wildcats in home territory Friday night at 8 o'clock. After the defeat at the hands of the McLean Tigers last week the Panthers are determined for victory this Friday.

Coaches Jack Atkins and Steve Shepherd expect to start the following team: ends, Robert Bonner and Odell Williamson; tackles, Leroy Cox and Wilbur Hart; guards, Roy Carney and J.T. Broadway; center, Bill Dickerson; halfbacks, Spicer Gripp and Ed Patrick; fullback, Wilfred Boyles; quarterback, Gabe Herndon.

This is the first conference game for both the Panthers and the Wildcats.

## Sports Roundup

**By HUGH S. FULLERTON JR.**  
NEW YORK, Oct. 3 (The Special News Service)—The world series starts today. . . Except for the cash involved, you can't lose out those two games at the Yankee Stadium. . . The real thing that everybody has been looking forward to are just getting under way now that the Dodger fans are back in their native habitat. . . The Bums didn't do so badly yesterday after they got going. . . The Yankee fans made quite a noise when DiMaggio came up with two aboard in the first but they were completely outdone by the enemy after Joe hit into a double play. . . Bill Fierman's jump for Rizzuto's high bouncer in the fourth got a bigger hand than Joe Gordon drew for his nifty fielding in the same frame. . . And when Durocher let out his first visible blast at the umpires in the seventh, the customers let out a howl that showed what they really had come to see. . . A city cop and a stadium officer put on a great race for a foul that rolled down a runway leading from the upper stands, only to see an usher step out at the other end and field it without hurrying. . . They should have taken some lessons in footwork from the two kids that jumped the wall just as Walker caught the ball and overhauled Dixie before he reached the infield.

**Stadium Shadows**  
The Yanks don't overlook a single strategic move. . . They sent the sub-out for early batting practice and held the regulars back to do their blasting when the Dodgers were on hand to see it. . . Wyatt and Chandler, two Georgia boys, had a lot to talk about while they were posing for photographs before the game. . . Ford Frick, the National league president, wasn't a bit discouraged over the first game. . . "They didn't take a bad beating," he insisted. "And they are doing themselves and their mistake. They aren't a bit afraid of the Yanks. . . It took only five innings to show he was right. . . Frick agreed with Secretary John McDonald of the Dodgers that they were more anxious to win the pennant than they are about the world series. . . "Why," said McDonald, "if they'd lost a tough one like that late in the season, they would have ripped the lockers out of the dressing room." . . The Breardon of the Cards collected his Dodger press button from Frick and immediately removed the American league emblem. . . Prexy Will Harridge of the American league admitted "they gave up a couple of bad moments." . . And Joe McCarthy, with a broad grin, insisted "I'm not worried—not right now."

**Today's Guest Star**  
Andy Cates, Winston-Salem (N. C.) Twin City Sentinel: "Everything Larry (King Midas) MacPhail and his Bums touch seems to turn to gold. . . The city of New York is ready to cash in on the turnout of 10 million dollars on the world series and most of it will be paid across the counters of hotels, bars and amusement centers."

**Pointed Postmarks**  
Several correspondents who got only a distant view of the Louisiana fight are protesting that Referee Donovan shouldn't have stopped it with only a second to go in the sixth. . . From where we sat, it looked to be high time, and, of course, Donovan was holding a watch. . . Some of the wisest men in the fight business have said that one second might have meant death or serious injury to Nova if Louis had smashed him again. . . In the fifth inning, he played for over toward second on Mickey Owen, and the Dodger catcher scratched the single between third and short, that drove across the second Brooklyn run, tying the score.

**Perryton To Play Bulldogs Tonight**  
PERRYTON, Oct. 3.—The Perryton Rangers, coached by George Philbrick and Tom Slack, are working with grim determination this week in preparation for "Windy" Nickles' Berger Bulldogs, Friday night.

The Rangers and Bulldogs have not played since 1936 when the Rangers took the contest 13-7 in Berger.

Perryton lost its initial contest to LeFors 31-0 and then defeated Dumas by the same score. The Bulldogs can present a much better record, but Philbrick's boys declare that the past performances will have no bearing on Friday's game and they are out to meet the Bulldogs in Perryton High school.

## Rizzuto Did Most To Make Dodgers' Victory Possible

**By GAYLE TALBOT**  
NEW YORK, Oct. 3 (AP)—There was no doubt in anyone's mind today that this was to be a grimly-fought World Series, after all, as the Yankees and the Brooklyn Dodgers moved over to Ebbets Field to continue the battle for gold and baseball glory.

The whole picture changed abruptly yesterday when Whitlow Wyatt, warming slowly to his task, stood the slugging Yankees on their collective noggins for the last five innings and pitched the scrapping Dodgers to a 3 to 2 victory at Yankee Stadium, squaring the series.

Until Wyatt came through for the National league champions, things had looked mighty dark for them. The manner in which the Yankees had bounced the Bums around in the opening contest brought visions of another four-game sweep for the Bombers. But Wyatt's brilliant performance changed all that.

Both managers named alternative pitching choices for today's struggle in the heart of Ebbets Field. Manager Leo Durocher of the revived Dodgers was torn between Kirby Wigton, the young speedballer who won 22 games for him this year, and fat Freddy Fitzsimmons.

Disappointed at Spud Chandler's sudden loss of effectiveness in yesterday's tussle after he had pitched four nearly-perfect innings, Joe McCarthy of the Yanks was in a state of indecision whether to use Marius Russo, the southpaw, or Atley Donald, a righthander with fine control.

While Wyatt's superlative pitching in the pinches stood out like a red nose in yesterday's game, it was almost equally easy to spot the Yankee who did most to make the Dodgers victory possible. It was little Phil Rizzuto, the freshman shortstop, who twice at crucial moments was caught far out of position and saw hits go bouncing through where he should have been.

In the fifth inning, for some unfathomable reason, he was playing far over toward second on Mickey Owen, and the Dodger catcher scratched the single between third and short, that drove across the second Brooklyn run, tying the score.

In the next inning, he played Billy Herman, another righthander batter, the same way, and Billy biffed one through the identical spot, sending Dixie Walker to third with the winning run. Dolph Camilli, who couldn't hit a lick in the first game, drove Walker on across with a sharp wallop to right.

It was a good thing Dolph hit that one, because from that point on Johnny Murphy, who relieved Chandler, allowed the Dodgers only one harmless bingle, by Cookie Lavagetto in the ninth. In fact the Flatbushers made only six hits in all, compared with that point on Johnny Murphy, who relieved Chandler, allowed the Dodgers only one harmless bingle, by Cookie Lavagetto in the ninth.

A single by Charley Keller, together with a walk, an infield out and a freak infield hit by Chandler gave the Yanks a run in the second. Tommy Henrich's double and Keller's single in the third made it 2 to 0. That was all the Yankee scoring.

An outweighed Pampa Junior High Reaper football team used speed to beat the Horace Mann Juniors of Amarillo 8 to 0 yesterday afternoon at Harvester park and throw the Panhandle Junior High Conference race into a three-way tie with Pampa, Horace Mann and Sam Houston of Amarillo, each with a loss.

Yesterday marked the first time that an opposing ball totter had crossed the Horace Mann goal line this season and the honor went to Billy White, who raced 37 yards on a beautifully executed double reverse. White was started on his way through nice blocking by Sheehan and Custer but he made the last 20 yards on his own, nicely feinting two would-be tacklers out of position to score standing up.

The other two points came when Lasswell took one of Custer's long punts on his own 5-yard line and tried to run it out but he was chased back, fumbled and then fell on the ball right on the goal line stripe.

Although rolling up six first downs to five for the Reapers, Horace Mann never threatened. The Amarillo attack was in charge of Mixon, a 170-pound quarterback, who ran wild all day in the middle area but who bogged down when anywhere near the Reaper goal line. Mixon was assisted by Lasswell, a fleet back, but it was the fellow who made 90 per cent of the Horace Mann gains.

White was Pampa's outstanding ball totter with Sheehan, watched every minute as a ball carrier, top blocker. Sheehan did some exceptionally fine passing but his receivers let him down badly. Campbell and Allen were defensive standouts.

The Reapers lost a total of 65 yards in penalties to 15 for Amarillo. They also lost 50 yards when a sweet run by Howard was called back by Umpire R. S. Carter of Pampa who called a holding penalty on the play. The same official cost the Reapers two other 15 yard penalties.

Central of Amarillo defeated Berger 27 to 6 in another conference game.  
Starting lineups:  
Pampa: Cree and Clay, ends; Allen and Turner, tackles; Taylor and Noblit, guards; Myers, center; Sheehan, Howard, Hatcher and White, backs. Subs: Sisor, Custer, Campbell, Dunham, Beasley, Schultz.

Amarillo: Bills and Hill, ends; Davis and French, tackles; Wright and Stephens, guards; Sharp, center; Mixon, Odell, Lasswell and Timberlake, backs. Subs: Houston, Walton and Boland.

He said he knew of cases where enlisted men paid 55 to 65 cents for breakfast without eggs, 10 cents a glass for milk, 15 or 20 cents "or higher" for hamburgers and 20 cents for thin ham sandwiches.

SANDY'S SACRIFICE

CHAPTER XXIII

THE world had not been a completely terrible place as long as Sandy was there. Not so frightening, not so lonely. True, she had refused to see him, had banged doors in his face.

Yet all of the time she had known that he was within call, or that he would return. He had caused all this trouble because he loved her and had believed she loved him.

Now he was gone. . . . She would take the door in her heart marked Sandy and lock it forever. She would throw the key high, through the upper windows that fringed the cells, and maybe a stranger would pick it up, or kick it into the sewer. She never would know, she never would care.

She had hoped that Sandy would stand watch, then she remembered that he had contributed to her criminal record. Quite probably he had gone off to Peg.

New papers were brought in and she studied pictures, read stories, and cried a little. It was foolish to cry for someone whom you didn't want, and who didn't want you. Funny to be crying for two people. She grinned a little, remembering that she was saying goodbye to Phillip, too.

She wiped her eyes and leafed through the newspapers again. Calico dresses were selling for \$1.99. That was nice. Hers was bordered in rick-rack. Hers probably came to \$1.79. She should feel well dressed.

SHE turned another page. Ah, there was a picture of Sandy with his ship. There was a brief story, reviewing his records. One fact alone stood out from the story—Sandy Ammerman had withdrawn from the cross-country competition. His entrance fee had been refunded.

The fee was \$1000, Judy realized. What a silly thing to do. He might have won \$10,000 in the cross-country flight. Then he could work harder on his parachute. He was a reckless, unreasonable fool and she might as well

turn him in since nobody else would.

That was something she couldn't do, she discovered. The courts, one and all, wouldn't listen to her because she was under local jurisdiction. Had she been turned over to the aviation commissioners immediately, she could have been released and a search warrant issued for Sandy.

For a trembling moment, half ecstatic, half fearful, she wondered if the gay young aviator intended to use the money for her bail. What if he had thought of this? Maybe Peg had told him her family would pay the bond and save a pride that already was page one stuff everywhere.

THE courthouse clock across the street gave four long gongs. From the upper window Judy could see three marble angels upholding the clock. Nearby, church chimes sounded a melody of hymns.

"Long distance call for you, Miss Allen," a turnkey said. She stepped from the unlocked cell and went to the booth reserved for prisoners who had friends who kept up the relationship.

"New York City calling," the silvery voice of a distant operator answered Judy's hesitant "Hello." "Is this Judy Allen?"

"Yes, I'm Judy Allen." "Judy darling!" A woman's voice enthused.

"Oh, Miss Barnard! Then you've been reading the papers, too?" She tried for lightness that did not come. "Am I fired?"

"Fired? You better knock that idea into a cocked hat. You're promoted! To one of the two associate editors. We need a column on courage for girls and you're the one to do it. Features are on your schedule, but no collecting hats and gloves. . . ."

"Miss Barnard, you're peaches and cream and caviar, but I'm doomed here. My family won't bail me out and won't appear before the court tomorrow. I'm stuck here for 50 years."

"Don't worry. They'll come across or I will. Judy, I've always wanted to go to jail, but crashing

a traffic light is my worst offense. Report in as soon as you can," the lovely, lilting voice that was so crisp and capable sang on. "You've put Under Twenty in every paper in the country. I love the publicity as much as dear, dear Philip hates it."

FOR the first time in two days Judy laughed happily. "You mean you've seen him? He was at your office?"

"Proud and angry and a perfect frump. Judy, how did you ever come so close to joining him at the altar?"

Judy's voice was filled with laughter as she answered. "I haven't any idea. I think Sara will console him and they'll make each other happy now."

Why she answered thus, Judy did not know.

"The reason he played you, my child, was because he liked you, liked you very much, but I knew her aunt's money lent weight to Sara's campaign. Sara liked his profile and neckties, too. Anyway, Sara was a sieve and a Pharisee and now she is placed where we can watch her."

"Sara didn't care about injuring others. Just me." Judy answered, her voice growing bitter. "Judy honey, Sara didn't want your by-line—oh, yes, I saw those delayed proof sheets, but it was too late to do anything about it, so I kept still. Sara wanted your man. You're safe?"

JUDY felt better as she returned to the tall, narrow cage that had been her home for so many days.

It was good to know that her contact with the outside world had been re-established. Good to know that her magazine wanted her. For a fleeting moment she thought of Sandy. It was so unlike him to let her down.

Maybe he was asking the Gordons to help him so he could increase his \$1000 and help her. Yes, that was it—only she would never accept help from any of them. Sandy could take that rushing cross-country flight.

She went to sleep and did not awaken until the matron summoned her for the opening of court. For a moment she remembered Sandy, tried to hate him, wondered why she couldn't, then followed the matron.

Pension Checks May Be Larger

WASHINGTON, Oct. 3 (AP)—Old age pension checks in Texas may rise sharply if congress acts on the suggestions of the President in his press conference, when he indicated that the legislators might be asked soon to make certain changes in the social security laws.

The changes the President had in mind, according to Senator Connally (D-Tex.), would hike from \$18.50 to \$27.95 the possible maximum benefit check to pensioners under existing statutes of that state.

The President has approved a broad revision of the federal security laws as recommended by the social security board, Connally said, and among changes endorsed by the board is an amendment substituting a sliding scale participation by states in the financing of pensions. At present the government and states share on a fifty-fifty basis.

The new method, the Texas senator added, is the same as proposed in legislation (S 1764) he introduced in July. That measure was not strongly pressed for passage because of some minor administrative features. The senator said he would introduce shortly a new bill providing essentially the same changes but amended to overcome the previous objections.

"The bill provides a mathematical formula for payments to be made in reverse ratio to the state's per capita income per person," explained Connally. "Thus, the higher the average individual income in a state, and the more able it (the state) is to pay, the less the federal government will contribute. The poorer the state, the more the federal government will contribute."

Under this sliding scale formula, Connally said, the government would put up 67 cents of each dollar paid out to pensioners in Texas. The maximum provided in the bill for federal participation would be 75 per cent. If the state of Texas made funds available for the full payments provided in its laws, pensioners in the state now would receive \$18.50. With the same amount of state contribution and the government increasing its aid as proposed by Connally, the payment would be increased to \$27.75.

Texas Record Safety Cities Lose Rating

SPECIAL TO THE NEWS AUSTIN, Oct. 3—Last year's safest Texas cities are at the bottom of the accident heap so far this year, State Police Director Homer Garrison said today.

Dallas, which tied with Kansas City for nationwide honors as the nation's safest big city last year, is the only Texas city of more

than 100,000 population to show an increase in traffic fatalities for the first eight months of 1941. Deaths in Dallas jumped from 13 for the eight-month period of 1940

to 20 this year. In San Antonio there was a decrease of one death, from 24 to 23. Houston, with 33, and Fort Worth, with 21, remained on par with last year's records.

Coach Davis is assisted by Grover Helskel, former Harvester great.

Philip Silcott Chosen Leader Of High School Student Body

Philip Silcott was elected President of the Student Council by an overwhelming majority. The vice president elected was Gret'n Ann Bruton.

Philip, last year's junior class favorite, has one of the highest scholastic standings in the senior class. He is an active member of the National Honor Society and active in dramatics. He was starred in the one act play, "Happy Journey," during the last school year.

Gret'n was elected councilor-at-large for this year and also Parliamentarian last year. She is a member of the Sub-Deb club and was a member of the A Capella choir last year. Better known to her friends as Bruton she has been popular with her classmates since she moved here two years ago from Elvira.

The office of Student Council president is the highest honor a student can be given. It is an office that takes time and consideration. The student body is asked to cooperate to the best of its ability with the new president in making this school year a success.

Nearly 600 votes were cast in the election last Wednesday. Others nominated for the office were Cecil Bradford, Mickey Rafferty, Joe Bleckwith and Betty Myers. Betty and Joe later withdrew their nominations.

Students Elect Cheer Leaders

Evelyn Auld, Warren Elvor, Betty Myers and Brian Eller were elected Student Body cheer leaders Wednesday afternoon. These four will be in complete charge of all yells at the football games.

Evelyn was a cheer leader in junior high and was also yell leader last year. She is a junior. She not only knows how to yell but has the ability to sing. She is in the A Capella choir and has received several awards in music.

Dark-haired Warren, a newcomer from Borger, is one of the most limber persons in Pampa High school. He is energetic and full of life. Betty was yell leader last year of the junior class. The infectious laugh of Brian was the reason he has so many friends. He was cheer leader in junior high but this is his first year as a high school leader.

Last year's yell leaders were Mollie Kennedy, Evelyn Auld, Doris Taylor, Harriet Price, and Betty Myers. Doris Taylor was head cheerleader. It has not been decided whether there will be a head cheerleader this year.

A pep rally was given this afternoon at which time the new leaders were introduced. New megaphones were ordered so the student cheering section could hear the leaders better.

The leaders have asked that if it is all possible for each student who plans to sit in the student section to wear something green or gold to carry out the school colors.

During the course of the year they will take up softball, speedball, basketball, volleyball, kick-pinnball and such individual activities as tennis, badminton, ping-pong, and croquet.

The coaches of the home rooms are Imogene Nabors, 107; Dorothy Nell Abbott, 204; Shirley Riegel, 104; Julia Marie Bell, 218; Betty Purnett, 201; Juanita Barnett, 206; Beatrice Stots, 103; Jean Mielke, 106; Alma Watkins, 217; Eva Marie Raley, 105; Pat Garfield, 203; Lorna Savage, 101; Melba Savage.

Due to lack of sufficient girls, some of the home rooms will combine forces.

An operation was performed last week in Pampa High school. The patient was a pale petunia plant in Mrs. Joe Fischer's biology class. Students are dissecting the plants to learn the appearance and names of the different parts.

Also studied in biology are insects and animals. Jerry Moore, a brave little sophomore, was a little too familiar with a prairie racer snake in class, for it bit him. The bite resulted in no infection.

A field trip which was planned for Monday, according to Mrs. Fischer, was abandoned because of the weather. The class will study the local flora, Mrs. Fischer said.

Bible Class Receives New Historical Maps. Five maps of the Holy Land were received last week for use in the Bible class.

The class also received a number of reference Bible books which have been placed in the library: "The Story of the Bible," Bowie, "The Story of the Bible," Goodspeed, "Peloubet's Bible Dictionary," Peloubet and Adams, "How Came the Bible," Goodspeed, "History of the Hebrew Commonwealth," Bailey and Kent, "Through Lands of the Bible," H. Y. Morton.

Students To Go To Fair. Tom Herod, assistant principal, stated that the attendance for the past week had dropped off. Everyone is going to the Amarillo Tri-State Fair.

Oratory Contest To Be Held Here November First

"My Home Town and Defense" will be the subject of a contest on original orations which will be held in Pampa November 1. R. S. Ratcliffe, new speech teacher, has announced. The contest is open to all undergraduate high school students.

This is an annual statewide event sponsored by the West Texas Chamber of Commerce. A cash prize of \$25 will be awarded the winner of the state contest and a \$10 prize will be given the winner of the district contest. The state contest will be held in Midland, Texas, November 4.

All those who wish to participate in this event are asked to see Mr. Ratcliffe as soon as possible.

Library Assistants Chosen By Munson

Miss Frances Munson, high school librarian, has announced that twelve students have been selected as library assistants for the coming semester.

Persons selected for the office of library assistant are: Thelma Brummett and Barbara Mathews, first period; Gracie Hines and George Reeve, second period; Martha Brummett and Bob Woods, third period; Vera Chesser, noon hour; Pearl Chandler, and Fern Simmons, fourth period; Betty Jean Carlson and Imogene Owens, fifth period; Esther June Mullinax, after school.

Coaches Elected For Girls' Teams

Girls acting as coaches for the feminine section of their respective home rooms met with Miss Maxine Richardson Thursday afternoon in room 103 to organize the girls' teams for intra-mural meets. These meets will begin next Wednesday with a game of kick-pin ball between rooms 102 and 109.

During the course of the year they will take up softball, speedball, basketball, volleyball, kick-pinnball and such individual activities as tennis, badminton, ping-pong, and croquet.

The coaches of the home rooms are Imogene Nabors, 107; Dorothy Nell Abbott, 204; Shirley Riegel, 104; Julia Marie Bell, 218; Betty Purnett, 201; Juanita Barnett, 206; Beatrice Stots, 103; Jean Mielke, 106; Alma Watkins, 217; Eva Marie Raley, 105; Pat Garfield, 203; Lorna Savage, 101; Melba Savage.

Six National Honor Society Members Return This Year

Six senior members of the Pampa chapter of National Honor Society have returned to carry on the school and society's activities, Miss Clarine Branom, English teacher and sponsor of the society, said.

One of the highest scholastic honors to be achieved by a student is membership in this society. For a student must have spent at least one year in the secondary school electing him, and must be in the upper third of his class.

Not more than 15 per cent of the seniors or five per cent of the juniors may be chosen for membership. Membership is based on scholarship, service, leadership and character.

Present members are: Joe Blackwood, Cecil Bradford, L. J. Halter, John Knox, Frances Shier, and Philip Silcott.

This organization was established in Pampa High school in 1920 by Mr. R. B. Fisher, former superintendent.

Harvesters Face Northeast's Undeclared Norsemen Tonight

The undeclared, unscoured Northeast Norsemen of Oklahoma City will visit Harvester Park for the second consecutive year tonight. The Oklahomaans will be out to average a crushing 50-0 handed to them by a superior Harvester aggregation last year.

The Norsemen, reported to be one of Oklahoma's biggest surprises, two weeks ago scored one of the most sensational upsets in Oklahoma football circles when they defeated the always tough Capitol Hill (OC) Indians 32-0. In their last game, they romped over Concho 39-0.

Pampa's Harvesters, winners of the third quarter when the trio of Edmondson, Hollis, and Waters again powerhouse through the Clovis line to the nine yard line, after Edmondson went off tackle to pay dirt. Phillips again added the extra point.

The Wildcat's final score came in the last quarter after McDougall lateraled to Daugherty who flipped a long pass to Krattiger, good for 49 yards and a touchdown. Daugherty kicked the extra point.

Next Harvester score came in the second quarter when Edmondson took a punt on Clovis 33 and carried it to the 23. Waters, Edmondson, and Hollis moved the ball to the Clovis two. After a second try, Waters went over for a touchdown. Phillips kicked the extra point, making the score 13-6.

Hot Lunches Can Be Served In Cafeteria

Hot lunches may be served in the school cafeteria next week, Mrs. Anderson, manager of the cafeteria stated today. If enough students will eat in the cafeteria, meals will be served before the arrival of steam tables and counters which have been delayed until about November 1.

The serving of these lunches depends entirely upon the student body. Mrs. Anderson asks all students interested to contact her.

Lunches will consist of one of five meats: steak, roast beef, roast pork, meat loaf, or chicken pie; one of which will be served each day. A choice of two of four vegetables with potatoes and gravy will be served. Home made rolls, muffins, cakes, and puddings, will also be served.

Hot lunches can and will be served this week if enough students are interested. During the past week 200 to 300 students have been served sandwiches and drinks. This number could easily be served a hot lunch Mrs. Anderson said.

Li. Hall Speaks To 3rd-Hour History Classes On Egypt

Lieut. C. Vincent Hall, well known entertainer, spoke on "Egypt As I Saw It" before the 3rd period history classes today.

Lieutenant Hall gave an excellent description of the opening of King Tut's tomb, a massive structure within which the ancient Egyptian Pharaoh was laid to rest centuries ago.

A vase, containing food for the sustenance of King Tut, on his journey to the "spirit world," which was taken from the tomb by the lieutenant, was shown to the classes.

Mr. Hall, a retired United States army officer and explorer, has twice been around the world and for sometime was entertainer to the British troops in Egypt and Palestine.

Students Enter Fire Prevention Contest

Students of both the first and second year art classes are entering a contest sponsored by the Fire Insurance Department of Austin, Miss Roy Riley, instructor of the classes, has announced.

Miss Riley will send three posters, one from each class, to compete in the contest which will end in May. First prize will be \$10, second \$7.50, third \$5.00, the next five best posters will receive \$2.50.

Miss Riley stated that Ellen Dale Cook had a clever idea which is portrayed in her poster, and that Hershel King and Sammy June Lashain illustrated good balance in their posters.

Anyone who wishes to enter the contest may see Miss Riley in room 208 at 3 o'clock to learn of entrance requirements.

Posters of the art classes will be placed in the front hall fire prevention week, Miss Riley said.

Speech Teacher Chooses Comedy For Senior Play

Tentative plans for the senior play to be given the first of December, have been made, stated R. S. Ratcliffe, speech teacher, this week.

"Ever Since Eve," a comedy by Rynerson and Clements, will probably be chosen. This is a new play written last year and has been produced only twice. This play will be given in the junior high auditorium.

The junior play will come next, sometime in February. "She Stoops to Conquer," a farce in five acts by Oliver Goldsmith is being considered for this production.

The speech classes will produce outtings of plays and some one-act plays in class this semester. This year the speech room has a private stage measuring 14 by 24 feet. The classes may make curtains for the stage and other equipment as a project later this year.

Science Pupils To Have New Materials

The science department is awaiting the delivery of approximately \$1,000 worth of equipment that has been ordered, said Mrs. Frances Alexander, head of the science department. A half-desk, which completed the three whole desks, will have to be returned because of incorrect dimensions.

Students this year will have lockers in which they may keep their personal science equipment. Experiments will be performed two to a group instead of by demonstration. Students are studying the nature and properties of oxygen at the present time.

Second Year Art Class Designs Name Plates For Books

"I think that I shall never see, A borrowed book returned to me." This may be the favorite dictum that falls on the ears of many book owners, but students in Miss Roy Riley's second year art class have resolved to do something about this situation.

Individual book plates are being designed and cut by members of the class. In lineum blocks, suitable for printing, so when a book stamped with the owner's personal nameplate is borrowed, it may be that it will be returned.

Pampa, Amarillo, Lubbock Take Lead In District One

The always tough District 1AA conference race is beginning to take shape with three teams being undefeated and untied, one with two wins and one with one win and one tie.

Pampa, Amarillo and Lubbock have each won two games. Borger has won one and tied one, and Plainview has won two and lost one.

The defending champion Amarillo Golden Sandstorm has not looked particularly impressive in their victories over Childress and Vernon by scores of 19-7 and 12-6, respectively.

Pampa's surprising Harvesters are fast proving a threat to the other four teams of the district. The Pampans have defeated Burkhardt 19-7, and Clovis 20-13. With plenty of reserve strength, the Harvesters are expected to stir up plenty of trouble in the northern district.

Borger's Bulldogs, under-rated before the season started, have defeated Quamby by a score of 51-6 and have tied strong Elgin.

The Plainview Bulldogs, winner of two games and loser of one, will probably be among the leaders if the highly-publicized Mason twins live up to their enviable reputation. Plainview defeated only in the opener, 24-0, lost to Abilene 25-0, then whipped the Lobos from Lamesa 13-0.

The Lubbock Westerners, fresh from decisive victories over North Side of Fort Worth and the San Angelo Bobcats, will likely be, as always, a major threat.

High School Girls Serve At Governor's Luncheon Saturday

Twelve twittering high school girls almost rubbed shoulders with Governor "Coke" Stevenson at a luncheon held in his honor Saturday noon, in the high school cafeteria.

The girls who served were Anne James, Nita Rose McCarty, Martha Brummett, Joyce Wanner, Nancy Yoder, Jeanne Cox, Freddie Noll Beckham, Phyllis Davis, Margie Brummett, Gracie Hines, Neva Lou Woodhouse, and Colleen O'Grady. The girls all agreed it would be an experience "they could tell their grandchildren about."

Holt Makes Highest Mark On College Quiz

Maxine Holt, a popular senior of the 1941 graduation class who is now a student at T. S. C. W., made the highest grade on an English test out of 850 girls.

She also made the highest music grade in her class. This will give her a chance to study under a teacher who has studied in Paris, France. She is majoring in music.

Maxine plays for the Kiwanis club Tuesdays and the Rotary club on Thursdays, and is also the Sweetheart of the Rotary club.

Well-Known Beanie Being Replaced By Corduroy Snap-Brim

Almost as popular as Beanies were last year with the girls are the corduroy snap brim hats the boys are wearing this year. The hats are of various hues but all dark. They have a feather of any color in the band and are easily removed (the feathers). One reason the hats are so popular among P.H.S. boys is the fact that they can be placed almost anywhere. When you are ready to wear them they don't have to be blocked and cleaned because they fell down on the closet floor and someone sat their shoes on them.

Not only is the hat popular with the boys but also with the opposite sex. Several girls have been seen recently with a cute corduroy snap brim reclining gently on her feminine head.

These hats are nice for the brother and sister ensemble or for the sweetheart suits. The average head size for a girl in a man's hat is six and three-fourths.

Mary Alice Brown Returns To School

Mary Alice Brown, sophomore, returned to school this week after recovering from injuries received in an automobile accident, this summer.

She suffered a bruised heart, bruised eye, and ruptured lung when she was thrown from the rumble seat of a car. Later, she developed pneumonia.

A field trip which was planned for Monday, according to Mrs. Fischer, was abandoned because of the weather. The class will study the local flora, Mrs. Fischer said.
