Croaties Fire On 12 Nazi Airmen; Reds Repulse Germans

DODGERS COME BACK TO BEAT YANKEES 3 TO 2

39 New Death Sentences Given Czechs

Both Germans And Russians Claim Big Advances

(By The Associated Press)

Flames of conquered Europe's revolt against German rule were reported today to have spread to Greece, where an armed uprising was said to have been crushed, while Nazi firing-squads and public hangings took a mounting toll in Hungary, Belgium, and old Czechoslovakia.

Acknowledging an upsurge of bitterness from Paris to Prague, the Germans declared:

"With Germany herself deep in a fight for life, it is understandable that we cannot tolerate an internal front against us."

Budapest press reports said more than 60 persons had been executed in recent days in the Nazi-occupied section of former Yugoslavia.

The reports of Greek uprising in Bulgaria-occupied Macedonia was said to have been carried out with machine guns, hand grenades and revolvers.

However, two German aviators were reported shot in a dark street in Zagreb, where the German quest, German executioners and the Yugoslav state of Croatia. A recent government decree provides for the execution of ten "Communists" for each such attack.

With Europe's millions chafing bitterly under the yoke of Nazi conquest, German executioners and the dread Gestapo have been forced to work overtime in the occupied countries.

Slipping through the night to kill, burn, wreck and spy on German occupying forces, conspirators by the

Postal Receipts Show Large Gain

Five per cent gains in both monthly and quarterly postoffice receipts here were reported today by Postmaster C. H. Walker who also revealed that the quarterly report, ending September 31, was the largest September quarter in the history of the office.

Receipts for the quarter ending last Tuesday totaled \$21,390.79 compared with \$19,911.35 for the same quarter last year or a gain of \$1,479.44.

Last month's receipts were \$6,877.72 compared with \$6,221.53 for September of 1940 or an increase of \$656.09.

All other departments showed good increases in business with sale of defense bonds and stamps gaining.

Three Sisters Killed In Wreck At Roscoe

ROSICOE, Oct. 2 (AP)—Three sisters were killed here late last night in an automobile-truck accident in which their father, Wiley McAdoo, 46, and another daughter, Grace, 16, were seriously injured.

The three girls— Irene, 15, Margaret Dean, 13, and June, 7—were helping their father push his stalled truck when it was struck from behind by a car driven by a 17-year-old youth.

A fourth daughter, Patsy Ann, 3, escaped injury.

McAdoo suffered a fractured right arm, broken ribs and severely lacerated chin, and Grace a severe back injury. The two were placed in a Roscoe hospital.

McAdoo and some of his daughters had been picking cotton for a month at Lorraine, west of Roscoe. McAdoo's wife is dead.

I HEARD . . .

Coch Buck Prejean of the Harvesters jubilantly announcing early this afternoon that John Cornett's birth certificate had been located and that the ace end was eligible; also that a photostatic copy of Ralph Burnett's birth registration had been secured which, he was sure, would make the starting guard and captain eligible.

Notice: New fall hat bands and ribbons are here. Roberts, the Hat Man. (Adv.)

BORGER—Two colorful, spectacular pageants, packed full of rapid-fire action will feature the Adobe Walls Indian Ceremonials here on Oct. 16-19.

Weird Indian dances, as shown in photos, will feature the pageants which will be held on Friday and Saturday evenings, Oct. 17-18.

Mark Hamilton, known throughout the Southwest for his ability as a producer, says that the pageants have more action than any shows he has yet produced.

Depicting the battle of Adobe Walls, the pageants will have a cast of over 200 Indians and approximately 150 white people. The Indians will be garbed in native costume while enacting the battle scenes and presenting their dances.

Adding splendor to the pageants, black light will be used to brilliantly illuminate fluorescent painted characters. Black light has been used in such shows as the Gallup, N. M., Inter-Tribal Ceremonials, the Dallas Ice Revue and many other outstanding attractions, and at all occasions has been overwhelmingly acclaimed by experts in lighting effects.

The shows also include 48 girls presenting a star ballet, in which the girls' costumes include hundreds of glittering stars which are painted with fluorescent.

Besides the pageants, the Borger celebration will include two street parades on Friday and Saturday, and an Indian monument dedication, the latter to be staged on Sunday at the Adobe Walls battle site located about 15 miles northeast of Borger. Approximately 800 Indians will be brought here from Oklahoma reservations to participate in the celebration.

Late News

WASHINGTON, Oct. 2 (AP)—Senator Pepper (D-Fla.) urged President Roosevelt today to revoke his 1939 proclamation defining certain combat zones which United States merchant vessels

Bob Wills, Native Texan, Composed 'Beautiful Texas,' Playboys Say

By The Roving Reporter
 "Sing it pretty, Leon!"
 Leon McAuliffe, the young man whom Bob Wills addresses thus just before a song is sung, Tommy Duncan and 10 other members of the Texas Playboys, including Mr. Wills himself, got up at noon today at a local hotel, but when they did they told the Roving Reporter everything they wanted to know and a whole lot he never thought of asking about.

"For instance, did you know that W. Lee O'Daniel didn't compose the song, 'Beautiful Texas'?" The Playboys with Mr. Duncan acting as spokesman say that Bob Wills composed "Beautiful Texas," and that Mr. Duncan sang it the first time it went out over the air. "Bob wrote the music and the original verses," said Tommy Duncan. "Other verses were written later."

That was in the days when Bob Wills and Tommy Duncan and Leon were members of the Lightstrut Doughboys and O'Daniel was the announcer. In fact, the first time "Pappy" O'Daniel ever went on the air it was due to an invitation from Bob Wills who was then connected with the Burrus Mills. When he became governor he was connected with another milling company.

"Just look what Bob started!" exclaimed Tommy who sings in the Playboys band which will play for a dance tonight at the Southern

Governor And Wife Clubbed By Attacker

LAKELAND, Ga., Oct. 2 (AP)—Former Governor and Mrs. E. D. Rivers were clubbed on the head with a pistol butt at their home last night by an assailant, who, finally beaten off and fled in what police said appeared to be a bizarre kidnap plot, killed himself at a tourist camp.

Three shots were fired, Mrs. Rivers said, in a tense struggle before she and her 45-year-old husband drove the intruder from their living room. Neither was hit by bullets but she received an ugly gash over the eye and the former state executive was so badly bruised and gashed that physicians gave him a sedative.

Neighbors trailed the attacker toward a roadside camp in the outskirts of nearby Valdosta, Ga. Police Capt. J. L. Murphy of Valdosta reported that when he and two other officers confronted the man there, he turned on a light in his trailer and fired a 32 calibre pistol bullet into his mouth.

Murphy said the slight, 130 to 135 pound man, about 35 years old, carried a card and a 1932 Pennsylvania drivers' license bearing the name of Horace Waters Bikle and giving a Pittsburg, Pa., address. He added that he was convinced that this name was correct.

In New York, a woman identifying herself as Mrs. Horace Bikle said her husband, a former Pittsburgh school teacher, left for Georgia a month ago after spending a short time in New York.

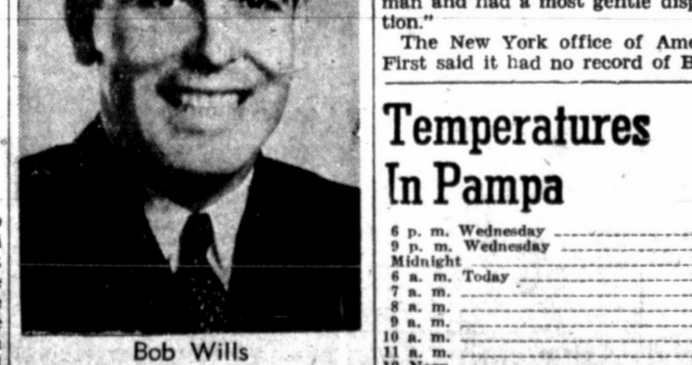

Captain Murphy said a sheet of paper, printed on both sides in pencil and found in the trailer, appeared to be a rough draft of a would-be kidnap note. He said the dead man apparently intended to force Rivers to sign it and send it to a friend while he was held under a threat of death. He quoted it as saying "detailed directions" would be sent within 48 hours.

Murphy said a strangely worded note found in the man's possession suggested that he planned to attribute his action to political reasons. It affirmed, he said, that the man had no design against Rivers' life and his purpose was not robbery.

In New York, an employee of the apartment house where Mrs. Bikle lived reported that she had checked out early this morning, saying she intended to go to Georgia at once.

Earlier she had said: "We came to New York five weeks ago. Four weeks ago he (her husband) said he had obtained a post with the America First committee and was going to Georgia to do some publicity work. He was a very patriotic man and had a most gentle disposition."

The New York office of America First said it had no record of Bikle.

Bob Wills

boys band. When they left, they called themselves the Texas Playboys. "We thought we would be that name a while until we thought of something better. Then we started

Kiwanians To Leave Tonight For Beaumont

Between 35 and 40 Pampanas will leave tonight and tomorrow for Beaumont where the annual convention of the Texas-Oklahoma district of Kiwanis International opens Sunday and runs through Tuesday.

Pampa is the 1941 district headquarters of the two-state Kiwanis district and Fred Thompson, Pampa mayor, is governor of the district. Garnet Reeves, Chamber of Commerce manager, is district secretary, and Tex DeWeese, managing editor of The Pampa News, is editor of Ki-Notes, the Texas-Oklahoma district Kiwanis magazine.

All activities of the district during 1941 are directed from the governor's office in Pampa. The three Pampa men will continue to serve as district officials until Jan. 1, 1942.

Governor Thompson, Secretary Reeves and DeWeese will appear on the convention program at Beaumont.

International President Charles S. Donley, of Pittsburgh, and Governor Thompson will be the principal speakers at the opening business session Monday morning. Mr. Reeves also is scheduled to make the district secretary-treasurer's report Monday night.

Officers will speak at the afternoon session Monday on "Kiwanis Community Relations."

Pampa delegates to the convention are President Jack Goldston, Alvin Bell, and Joe Gordon. Other Pampa Kiwanians who will make the 1,300-mile trip include Jim Collins, M. P. Downs, L. N. Gibson, Howard Hampton, C. E. McGrew, R. B. Saxe, W. B. Weathered, Edwin Vicars, Herman Krieger, J. B. Massa, Dr. Calvin Jones, Fred Radcliff, E. W. Voss, and Walter Dean.

In the absence of the president and two vice presidents, J. E. Bearden, member of the board of directors, will preside at tomorrow's regular weekly luncheon.

Fire Prevention Proclamation Issued By Mayor

Pampa will join the rest of the nation in observance of National Fire Prevention Week which will be observed October 5 to 11. Today Mayor Fred Thompson issued a proclamation calling on residents of Pampa to join in the campaign to prevent fires.

A fire prevention committee, headed by Doyle Osborne, has arranged to present programs in Pampa schools, talks at civic clubs and other club meetings, and present plays and talks over the radio inviting Pampanas to clean up and paint up during the week.

Mayor Thompson's proclamation follows:

Fire Prevention Week
 Fire losses in the United States approach one-half billion dollars each year. The larger portion of these losses are preventable. Fire prevention education is the most effective means of preventing fires.

Our fire losses increased by about 25 per cent each ten years up to 1930. Since Fire Prevention Week has been stressed all over the country. From 1930 to 1940 our fire losses declined by 25 per cent. I am therefore glad to proclaim October 5 to October 11 as Fire Prevention Week in Pampa.

Fred Thompson Mayor

Newspaper Folk To Be Kiwanis Guests

Pampa Kiwanians will join in the observance of National Newspaper Week which they play host tomorrow to newspapermen and women of the city at their regular weekly luncheon in First Methodist church.

Editorial department workers of The Pampa Tribune and The Pampa News will be honored by the civic club. Archer Pulling, city editor of The News, will speak briefly on Newspaper Week.

The Newspaper Week observance will be in conjunction with the club's regularly scheduled program, Jim Nation, program chairman, stated today.

Any delicacy in sea foods can be found at Barrett's Frozen Food Market. (Adv.)

Daredevil 'Chutist' Stranded On Rock

SUNDANCE, Wyo., Oct. 2 (AP)—A 39-year-old daredevil who once flew with the RAF salvaged atop a skyscraping rock formation today, after a day and a night as a prisoner of its heights because of the gambling spirit which led him to parachute to its disc-like summit.

The lone occupant of the geological freak, called Devil's Tower, was George Hopkins. He faced a perilous three-hour descent to the rolling hills below, down the sheer walls of the pinnacle which rises like a huge tree stump a quarter of a mile into the sky—higher than the Empire State building.

On a wager with Early Brockelsby of Rapid City, Hopkins bailed out of a plane flown by Joe Quinn of Rapid City at 8:11 a. m. yesterday, and dropped to a safe landing on the barren top.

Quinn dropped him a long coil of rope for the descent—but it slithered down one of the sides of the basal tower, which rises 1280 feet above the Belle Fourche river valley between Carlisle and Moorcroft, Wyo.

The rope landed on a ledge part way down the circular cliff. Another rope was dropped last night along with provisions by another flyer, Clyde Ice of Rapid City. But Hopkins apparently decided to wait for daylight before trying to descend.

Winds swept the top of the tower last night and raindrops intermittedly pelted the former RAF parachute jumping instructor. "Billow clouds also enveloped it, isolating him from human contact from both the air and the ground."

Only 40 persons are known to have scaled the fantastic monolith, with permits from the Devil's Tower National Monument office. Hopkins was the first to reach its crest from the sky—and without a permit.

Mrs. Cal Rose Wins Pistol Shooting Match

Gene Antry, popular screen cowboy and singer, will be invited to attend the spring convention of the North Texas-Southern Oklahoma Peace Officers association, to be held at Gainesville next April.

Gray county's sheriff, Cal Rose, president of the association said today that the convention would be held at the same time as the Gainesville old settlers celebration, which is for Gainesville what the Top O' Texas Fiesta is for Pampa. A rodeo will also be on the convention program.

The autumn convention of the association was held last Monday and Tuesday at Altus, Okla. Sheriff Rose presided over the meeting.

In the pistol shooting matches for women, second place was won by Mrs. Cal Rose. It was the first

KNOW YOUR NEWSPAPER

A Feature Of National Newspaper Week

THIS IS NATIONAL NEWSPAPER WEEK. There'll be no better time than now to tell you a few things about you may not know about. The Pampa News and how it takes shape each day. There is the editor, molder of this newspaper's editorial policy. He is Tex DeWeese. In fixing the policy of the paper, Mr. DeWeese talks with and meets hundreds of people each week. He plans the editorial page, writes, Tex's Topics, covers special assignments.

Boat Club To Sponsor Sea Scout Troop

The McClellan Boat Club will sponsor a Sea Scout Mariner troop of Girl Scouts, furnishing a boat and a pilot committee. Action was taken at an enthusiastic meeting of the club last night at which Mrs. Jack Goldston and a number of senior Girl Scouts were present.

Commodore W. A. Noland presided at the meeting attended by 50 members.

County Judge Sherman White was the principal speaker and after his talk he was honored by being given the title of Arm Chair Admiral and made an honorary member of the club.

Judge White told the boat club members that a black-top road was being constructed to within a few miles of the lake and that the county planned to caliche the rest of the road to make it an all weather road. The county judge also said that plans were being formulated to ask the state to designate the lake road a state highway so that it could be topped.

The club voted to place stalls and walks along the south side of the 90-foot dock.

The club will sponsor a dance at Lake McClellan on October 18. Teams captained by Artie Shaw and George Lawley will sell tickets and the losing team will feed the winners.

Committees appointed by Commodore Noland include: Safety committee—Roy Branson, chairman, Johnny Morrison and Jack Barnes.

Dock committee—Alva Phillips, chairman, Earl McConnell and George Lawley.

Initiation committee—Pete Colgrove, chairman, Alva Phillips and Bob Andrus.

New members received last night were Mr. and Mrs. Howard Lane of Panhandle, Mr. and Mrs. W. A. Leonard of Pampa, and Mr. and Mrs. C. N. Barber of LeFors.

Roy Branson was named chairman of the board of directors.

Entertainment included music by the Stark family and technician pictures taken at Lake McClellan, Lake Marvin and Buffalo lake by Earl McConnell.

Nazis Paid U. S. Spies

NEW YORK, Oct. 2 (AP)—A government witness testified today that German spies paid operatives in this country money with which to obtain the secret Sperry bombight and cautioned them not to purchase the famous Orden bombight because spies had already obtained it.

Chandler And Wyatt Hurl Second Game

American League Champs Score In Second Inning

YANKS AT STADIUM, New York, Oct. 2 (AP)—Brooklyn's beloved Dodgers came roaring back behind great pitching by big Whitlow Wyatt to defeat the Yankees 3 to 2 today before 66,248 cheering fans and knot the world series at one victory apiece.

FIRST INNING
 Brooklyn—Walker struck out. Herman grounded out, Gordon to Sturm. Reiser struck out. No runs, no hits, no errors.

New York—Sturm fanned. Rolfe got an infield hit, Henrich walked. DiMaggio hit into a double play, Reiser to Herman to Camilli. No runs, one hit, no errors.

SECOND INNING
 Brooklyn—Camilli fled to DiMaggio. Medwick singled to left center, Lavagetto hit into a double play, Gordon to Rizuto to Sturm. No runs, one hit, no errors.

New York—Keller singled to short center, Dickey struck out, Gordon walked. Rizuto grounded out, Herman to Camilli. Chandler beat out an infield hit, Keller scoring. Gordon, who also tried to come home, was nailed at the plate, Lavagetto to Camilli to Owen. One run, two hits, no errors.

THIRD INNING
 Brooklyn—Reese fled to Keller. Owen grounded out, Gordon to Sturm. Wyatt grounded out, Rizuto to Sturm. No runs, no hits, no errors.

New York—Sturm lined to Camilli. Rolfe grounded out to Camilli unassisted. Henrich lined a double to right field, DiMaggio walked. Keller singled to short right scoring Herman, Dickey grounded out, Herman to Camilli. One run, two hits, no errors.

FOURTH INNING
 Brooklyn—Walker grounded out, Gordon to Sturm. Herman grounded out, Dickey struck out, Sturm. No runs, no hits, no errors.

New York—Gordon singled to left, Rizuto flied to Herman. Chandler grounded to Reese who threw to Herman, forcing Gordon at second. Sturm singled to short out, Henrich and Chandler were thrown out at third, Reiser to Lavagetto. No runs, no hits, no errors.

FIFTH INNING
 Brooklyn—Camilli walked. Medwick doubled to left, Lavagetto walked. Reese forced Lavagetto at second, Rizuto to Gordon. Owen singled to left, scoring Medwick. Wyatt hit into a double play, Gordon to Rizuto to Sturm. Two runs, two hits, no errors.

New York—Rolfe grounded to Camilli, Henrich fled to Reiser. DiMaggio fled to Walker. No runs, no hits, no errors.

SIXTH INNING
 Brooklyn—Walker was safe at first.

**Suspect Arrested
In Miley Slaying**

LEXINGTON, KY., Oct. 2 (AP)—Night Police Chief Dudley McCloy said today a suspect had been arrested at Shelbyville, Ky., in the slaying of Marion Miley, nationally known golf star, and the fatal wounding of her mother, Mrs. Elsa

Miley, here Sunday.
Police Chief Roy S. Jones of Shelbyville, about 50 miles west of Lexington, reported the suspect, about 17 years old, was being held without charge.
Mrs. Miley, 50, died late yesterday in St. Joseph's hospital of three abdominal bullet wounds about seven hours after funeral services for her daughter.
The women were shot down by two masked intruders who entered their apartment at the fashionable Lexington Country club and demanded receipts of a Saturday night dance. In the sketchy account she was able to give police before her death, Mrs. Miley said she told the robbers where the money was and then they beat and shot her. Marion, coming to her mother's aid, was shot down and apparently killed instantly.

Senate May Go Beyond FDR's Recommendations

WASHINGTON, Oct. 2 (AP)—Suggestion that congress may be willing to go beyond President Roosevelt's expected recommendations for revision of the neutrality act came today from two senators who often differ widely on domestic policy—Hill (D-Ala.) and Bridges (R-N.H.).

While no legislator professed to know precisely what Mr. Roosevelt would recommend, there have been reports that he might confine himself to a request for authority to arm American merchant ships.

Chairman Connally (D-Tex.) of the senate foreign relations committee and others have urged, however, the simultaneous termination of present restrictions against sending American merchant vessels into designated "combat zones."

Hill, the Democratic whip, told reporters that "if it should be that Mr. Roosevelt recommends only the arming of merchant ships I should not be at all surprised if a broadening amendment were offered from the senate floor to eliminate the prohibitions on the movements of our ships. And I think the votes would be there to approve it both in

Tank Mowed Down Ancient Pines In Its Dying Charge

By PAUL SJOBLUM
WITH FINNISH FORCES ON THE PETROZAVODSK FRONT.

Oct. 2 (AP)—The dying charge of a 52-ton Russian tank which mowed down ancient pines as thick as three men and left a trail of splintered and broken machinery was described today by Finnish soldiers.

The Russian monster, with its 3 1/2-inch cannon and five machine-guns spitting fire wildly in all directions, crashed through timber for 300 yards before it was halted by a mighty clump of trees.

On a tour of the eastern Karelian front, I saw the wrecked tank and near it the grave of its crew of six, who lie buried in the swampy soil of the battlefield.

As I watched, a Finnish officer placed the senate and the house.

Bridges likewise thought that the senate would broaden the legislation to include the end of shipping restrictions. He expressed doubt, however, that the house would agree to scrapping the ship provisions, even though Democratic leaders in that chamber have claimed enough votes for complete repeal of the whole law.

placed two ammunition boxes on top of the grave in the form of a cross.

No Finn who faced the huge tank on its last charge ever will forget it.

Surrounded by a Finnish battalion, these soldiers related the tank shot off the road into a forest directly into the midst of Finnish infantrymen.

Down crashed the big, old trees. The cannon in the tank tower hurled shells all around while its machine-guns spat deadly fire.

Finnish officers told me their men simply were paralyzed and could only stare in horror.

The monster was just one of a large number of Soviet tanks I have seen wrecked here and there. Many of them were built under American licenses.

The Finnish offensive in East Karelia, launched September 4, has cost the Russians tremendous casualties, Finnish officers said.

Stevenson Boosts Defense Projects At Talk With FDR

WASHINGTON, Oct. 2 (AP)—Governor Coke Stevenson was en route back to Texas today after a one-day visit here in which he put in a good word for defense industries in his state.

He was due in Dallas tomorrow where he will address a civic group. He planned to return to Austin Friday.

The governor conceded he would run for reelection next year, but added that if his Washington trip had any political aspects they were purely secondary. He had come here, he said, to "get his feet on the ground," pay his respects to President Roosevelt and do what he could to advance defense projects in his state, including the Amarillo bombing base.

A group of Texans attended a luncheon for him in the Capitol. Among those present were Speaker Rayburn (D-Tex.), who was host; Senators Connally and O'Daniel, Secretary of Commerce Jesse Jones; Grover Hill, assistant secretary of agriculture; Judge Joe Montague of Fort Worth, attorney for the Texas Cattle Raisers Association; Walter Woodul, former lieutenant governor of Texas; John Fouts, manager of the Texas Trinity (river) Improvement Association; Roy Miller, Corpus Christi; Robert Kleberg, and 14 Texas congressmen.

Accompanied by Rayburn, Stevenson called upon the President.

Rayburn told his colleagues that the President recently had expressed the hope that he might soon have a talk with the Texas governor.

Mississippi Wins Cotton Picking Title

BLITHEVILLE, Ark., Oct. 2 (AP)—An 18-year-old barefoot Mississippian, who performed without a shirt under a blazing sun, won the 1941 national cotton picking championship yesterday.

He was Morris Ware, Ruleville commercial fisherman, whose 130-pound harvest of clean staple in two hours topped the best efforts of 204 other contestants from 11 states.

There were a few others whose poundage surpassed Ware's but the judges, after inspecting his harvest and the cleanliness of the rows assigned to him, awarded the Mississippi title and its \$1,000 prize.

Home Economists Form Association For Gray County

Gray County Home Economists Association was formed recently when a group of home economists met in the office of Mrs. Julia E. Kelly, Gray county home demonstration agent.

Mrs. D. F. Osborne of Pampa was elected chairman of the group and Mrs. Julia E. Kelley as secretary.

When dripping water causes yellow stains in your porcelain basins, moisten pulverized chalk with ammonia and apply with a stiff brush.

IF YOUR NOSE "CLOSES UP" TONIGHT Put 3-purposes Va-tro-nol up each nostril. It (1) shrinks swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion.

Two Groups Of Sam Houston School Have Luncheon Tuesday

Room mothers and the study group of Sam Houston Parent Teacher Association met in the school cafeteria for a luncheon at 1 o'clock on Tuesday afternoon.

Mrs. Lee Harrah, who had charge of the study group, introduced the subject for the year, "Defense Begins at Home," by stating that national defense necessarily must be concerned with the production of warships, airplanes, the maintenance of armies and navies.

Catholic Youths To Have Meeting And Breakfast

Members of Catholic Youth Association of Holy Souls Catholic church will receive Holy Communion in a body at the 8 o'clock mass Sunday morning. Breakfast will follow immediately at the rectory.

Next Wednesday evening at 8 o'clock the association will have an important business meeting in the home of Paul Keim, 808 North Gray street. Officers for the coming year are to be elected and the club's activities will be discussed.

All Catholic young people of the parish are urged to attend these two events.

At the meeting held last evening in the rectory, the club's work for the ensuing year was outlined.

Seventh Birthday Of Patsy Cargile Observed At Party

Patsy Ann Cargile, daughter of Mr. and Mrs. G. C. Cargile, celebrated her seventh birthday with a party at her home Tuesday afternoon from 2:30 to 4:30 o'clock.

Various outdoor games were played by the guests under the direction of Marie Frazier and Mrs. Cargile, and pictures were taken.

Mrs. Powell Hostess At Meeting Of Club

Mrs. O. G. Powell was hostess recently to 12 members of the Darning club.

Refreshments of cocoa and cookies were served by the hostess.

MAN AGAINST BEAST

See that all the attic windows are well screened to keep out squirrels. They like to forage. Also make sure that the basement will not make an inviting spot for field mice.

Formal Initiation Of Kit Kat Klub Pledged Planned

Kit Kat Klub met in the home of Miss Margaret Burton Wednesday afternoon at 4 o'clock for a weekly session.

The Kit Kats' initiation ended last Saturday night and the formal initiation is to be held Sunday, October 12, at 5 o'clock.

BGK Club To Have Dinner-Dance In Amarillo Soon

Members of the B. G. K. club and their dates will go to Amarillo on Sunday, October 19, for a Swedish Smorgasbord dinner at the Herring hotel. Dancing in the junior ballroom will entertain the group following the dinner.

Plans for the event were made at a meeting of the club in the home of Mrs. Freda Barrett Tuesday evening.

Thursday Evening Auxiliary To Have Meeting Tonight

Members of Thursday Evening Auxiliary of First Presbyterian church will meet tonight in the home of Mrs. Tom Clayton, 410 East Foster avenue, with Mrs. Dudley Steele and Mrs. Roy Kay as hostesses.

FALL ACCESSORIES

A suit of last season or a favorite skirt will take a new lease on life with either this youthful jerkin or smart vestee. You can make both of them with one simple pattern—and from remnant lengths of fabric—thus giving your wardrobe a big lift at practically no expense.

Pattern No. 8037 is designed for sizes 12 to 20. Size 14 jerkin takes 1 1/8 yards of 35-inch material or a 1-2 yard of 54-inch. The vestee takes 1 yard 35-inch material, 5-8 yard 54-inch.

For this attractive pattern send 15 cents in coin, your name, address, pattern number, and size to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

NEW MODEL EMERSON RADIO

For this attractive pattern send 15 cents in coin, your name, address, pattern number, and size to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Pattern 15c, Pattern Book 15c. One Pattern and Pattern Book ordered together 25c.

Eastern Stars Attend Initiatory Meeting At Shamrock

Ten members of the local Eastern Star chapter attended a special called meeting of the O.E.S. in Shamrock Tuesday evening when Congressman and Mrs. Gene Worley of Washington, D. C., were initiated.

Grand officers exemplifying the degree were Mrs. Robbie Dyer, worthy matron; Frank K. Phillips, board of grand trustees; Mrs. Thelma Bairfield, deputy grand matron; Horace Dyer, chairman of the grand chapter of arrangements; Mrs. Frances Jones, past deputy; Reba Burnett, past worthy grand matron; Mrs. Roy Sewell, past deputy; Lillian Barnard, chairman of by-laws committee; Iva Allen, grand representative of Connecticut; Mrs. Cavin, grand representative of North Carolina; Lela Kersh, past deputy; Inez Montgomery, deputy grand matron; Frances Smith, grand Ruth; Fay Gordon, grand Escher; Emma McLead, deputy grand matron; Mary Kiersey, deputy grand matron; Frances Hendren, grand representative of Montana; Fred Lyons, grievance and appeals committee.

Girl Scout Council To Have Meeting On Friday Morning

City Council of Girl Scouts will meet Friday morning at 9 o'clock at the school office in the Chevrolet building.

Two Local Nurses Attend Institute Held In Amarillo

Miss Ursula McCarty and Mrs. Joe Stephens were representative nurses from Pampa at the regional institute for district one of the Texas Graduate Nurses association which was held in Amarillo on Monday and Tuesday.

The program for the second day was conducted by Miss A. Louise Dietrich, R. N. general secretary, of El Paso.

Miss Dietrich emphasized refresher courses for older nurses who wish to again become active nurses. By a refresher course is meant just a brush-up of things the nurse once learned and has not used for sometime and also the inclusion of new methods of treatment, new drugs, and new methods of nursing. A list of nursing schools offering refresher courses may be obtained from the office of Miss Dietrich.

Miss Dietrich stated that 100,000 subsidiary workers are being trained in the U. S. this year by various organizations to become aides to the nurses in hospitals. The purpose of such a movement is to fill in the gap since there is a reported shortage of nurses due to the program for national defense, and such a thing does not exist in Texas. Miss Dietrich bases her opposition on the fact that if these subsidiary workers are trained and in some measure are used in the hospitals that the nurses have not known what a depression is as compared with the one that will submerge from such a movement when the present emergency is over.

A survey made in Texas shows that there is not a shortage of nurses in Texas but a large number have quit general duty nursing for more attractive work that pays better salaries.

In Miss Dietrich's discussion on "National Defense and the Nurse," she asks the question, "What do we mean by National Defense?"

"One meaning is loyalty and this quality must start in the heart, mind and soul of the individual. The nurses' first job is to be a good citizen. She should know what her community is doing and offer her services to do whatever she can. One's mere presence at some meeting may be an incentive for someone to do something of some significance. The most important things are the little things that are done. Nurses, like other professional workers, have gone "soft," Miss Dietrich pointed out.

"One meaning is loyalty and this quality must start in the heart, mind and soul of the individual. The nurses' first job is to be a good citizen. She should know what her community is doing and offer her services to do whatever she can. One's mere presence at some meeting may be an incentive for someone to do something of some significance. The most important things are the little things that are done. Nurses, like other professional workers, have gone "soft," Miss Dietrich pointed out.

"Another quality necessary for National Defense is faith. We must have faith in God, in our fellowmen and in ourselves. Another question asked is, "What can a nurse do to improve herself for National Defense?" She can keep herself physically fit. The deficiencies most commonly found from a nutritive angle are calcium, iron, and vitamin B. The nurses must have proper nutrition themselves. A coke and a cigarette for breakfast will not furnish proper nutrition. The most common defects in nurses that caused non-acceptance in the army were teeth, due to malnutrition in the past, feet and posture.

A suggested article to read in July "Ladies Home Journal" is the topic, "Life Begins with Vitamins." In surveying the 43 nursing

Presbyterians To Sew Layettes For Local Red Cross

At the meeting of Woman's Auxiliary of First Presbyterian church held Wednesday afternoon in the church, the regular meeting time was changed from 3 to 2:30 o'clock for the winter months.

All members wishing to sew on Red Cross layettes next Wednesday are asked to meet in the basement of the church any time after 10 o'clock.

Mrs. Brent Blonkvist announced that the auxiliary will have a rummage sale on October 24 and 25.

When "washing," put a piece of lemon peel into the dish-pan. It will soften the water, remove all traces of the smell of fish, onions, and so on, and puts a gloss on China.

When dripping water causes yellow stains in your porcelain basins, moisten pulverized chalk with ammonia and apply with a stiff brush.

Put 3-purposes Va-tro-nol up each nostril. It (1) shrinks swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion.

Women Should Resent Old 'Place Is In The Home' Line--Ruth Millett Points Out

By RUTH MILLETT
There is a lot of talk these days about the necessity for national unity—the need for Americans all over the country to stand together as Americans, not as members of small prejudiced groups, and together work for the common good of us all.
The need for such unity has been recognized by the great majority of Americans. They are ready to work and ready to sacrifice in order to keep the way of life we like—the democratic way.

Women are just as willing as men to do their share. Not waiting for the government to find time to plan how they might be useful, they started figuring out ways themselves, volunteering their services, and signing up for any kind of training offered them that might prove helpful in time of a national emergency.
But even more revealing than that, they've seen their sons and husbands and brothers drafted into the country's armed forces without

TIME FOR WOMEN TO STAND TOGETHER
It is undemocratic as any attitude could be. Women are citizens and if this is a democracy, they have as much right as any other group of citizens to vote, to hold office, to enter any profession they like.

It is only in dictator countries that women are regarded as servants of men to be pushed back into the house or shoved into factory jobs at the will of a national leader. They even have as much right as men to mess up the world, though that is one way in which they've never equaled men.
It's high time women began to stand together, to resent with all their hatred of injustice and intolerance any absurd attacks made upon them as a group—for there are people dumb enough to believe such talk as that indulged in by the evangelist.

By the time the evangelist finished his tirade there shouldn't have been a woman left in the audience. If there were, those who sat through it deserve to get pushed back into the home.
When separating the yolk from white of an egg, if you drop a portion of egg yolk into the whites, moisten a cloth with cold water, touch to the yolk and it will adhere to the cloth.

Presenting for 1942
THE FINEST LINCOLNS EVER BUILT

LINCOLN-ZEPHYR SEDAN—In its longer, lower, wider appearance and rich interior appointments, Lincoln designers have given the '42 Lincoln-Zephyr Sedan an all-new type of automotive beauty while retaining generous size and roominess. Three other body types—Coupe, Club Coupe, Convertible Coupe.

clutch pedal! Relaxed on soft, chair-high seats... cradled amidstships between longer, slow-motion springs and improved shock absorbers... you enjoy an all-new kind of quiet, gentle glider-ride. It's the sweetest, smoothest automotive travel you've ever known! And for greater safety, the rugged Lincoln body-and-frame unit, cushioned in rubber, protects you with a welded-steel framework.

This is a good year to buy a better car. And in quality of materials... in stronger, costlier steels and alloys... in every detail of manufacture, Lincoln is finer than ever for 1942. Why not examine these exciting new cars at your nearest Lincoln dealer's? He'll be glad to arrange a demonstration at your convenience, to prove the Lincoln will give you more fun per gallon than any other car you ever drove.

For Goodness Sakes

By EDGAR MARTIN

Something New Under the Sun

These planes represent two recent and revolutionary advances in American aviation. Above: the first stainless steel military plane ever built, an Army trainer, soars over Bristol, Pa. Use of stainless steel eliminates riveting, resulting in speedier construction. Below: flying over New York, is a molded plastic plywood plane. Besides being cheap, plywood is stronger proportionately to its weight than aluminum.

County Auditor To Preside At State Meeting

R. O. Wilson, Gray county auditor, left early this morning for Dallas, where he will preside over the annual convention of the Texas Association of County Auditors. Mr. Wilson is president of the association, and Mrs. Volney S. Day, deputy county auditor is association secretary.

The convention will open with registration this afternoon at the Baker hotel, convention headquarters.

Attending the convention from Pampa will be Mr. and Mrs. Wilson and their daughter, Helen Kay, and Mrs. Day.

Hal Noble, Dallas city councilman, will give the address of welcome to the convention at 10 o'clock Friday morning. All sessions of the convention will be held at the Baker.

The speech of Noble will be followed by another by Elaine L. Bush, a Dallas county district judge.

After luncheon, Curtis Morris of Longview, assistant manager of the Texas Chamber of Commerce, will discuss the county road bond assumption measure.

On Saturday morning Tom C. King, former state auditor, will speak on "Income and Sources of County Revenue" at 10 a. m. G. A. Jay, vice-president of the Texas Industrial Congress will discuss the constitutional amendment that would put the state on a cash basis.

Vernon Singleton, Dallas county commissioner, will discuss county problems in relief and welfare work.

A talk by Boyce House, Fort Worth newspaperman, will be the feature of the annual banquet.

Other parts of the three day program will include a theater party at the Majestic and a visit to the Texas fair.

Gasoline Shortage Predicted By Ickes
WASHINGTON, Oct. 2 (AP)—Petroleum Coordinator Ickes told a senate committee today that if the existing trend of supply and demand for petroleum products on the East coast continued there would not be enough to go around during the coming winter.

The interior secretary rejected the committee's recent findings that no shortage existed and said it would be "unthinkable" to lift restrictions on marketing, as the committee had proposed.

Appearing before a special inquiry headed by Senator Maloney (D-Conn), the cabinet member attacked testimony previously given by John J. Pelley, president of the Association of American Railroads, that 20,000 tank cars were available to carry oil to the Atlantic seaboard area.

Asserting that the committee had depended "on the hypothetical figures of a lobbyist whose chief concern was to prevent the building of a pipe line," Ickes said a survey of 188 companies indicated there were only 5,192 tank cars available for the haul.

"Pelley blithely assures you that he can snap his fingers and have 20,000 tank cars available in a week," Ickes said, "when the facts show that only 5,192 cars are available."

He said the Cities Service Oil company, seeking 1,000 additional cars to move petroleum, had been able to obtain only 162 in queries sent to 76 companies.

Colorado Youth Sees Invasion At Tea Time
ALAMOGA, Colo., Oct. 2 (AP)—Albert Strudel, a Colorado youth who drank his only cup of tea with the King and Queen of England, predicts that "if Hitler ever does try to invade England, he'll probably do it at tea time."

"The British flyers even time their sweeps so they can be back in time for tea," Strudel, who served three and one half months with the Royal Air Force, related today. "I don't know what would ever jar them away from it."

The Coloradoan had to shelve his aversion for tea when the royal family gave a reception for American flyers.

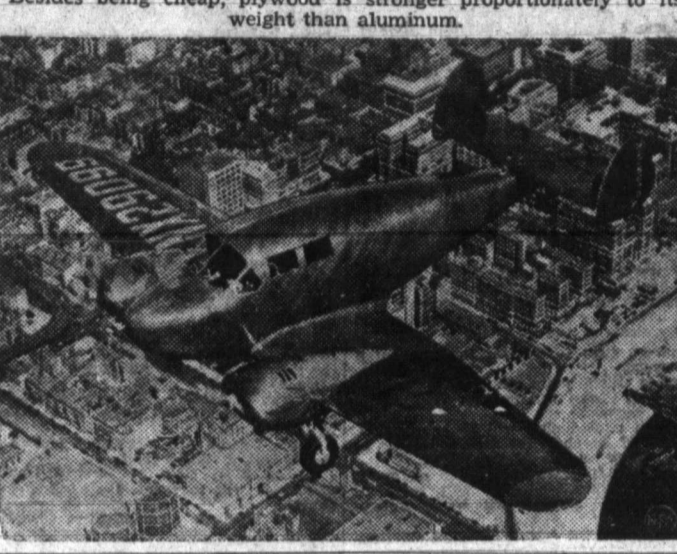

"When the king and queen are drinking tea and you're handed a cup, brother, you'll drink it like I did!" he said.

Bomber Pancakes
Bul Crew Uninjured
GREENLAND, N. H., Oct. 2 (AP)—A big, twin-motored Canadian bombing plane, its bomb-racks still half loaded, skidded into a near-miraculous pancake landing in a hay field in the early morning darkness near here today, with all members of its four-man crew escaping injury.

Its gas supply nearly exhausted, the plane landed by the light of its own flares after a mission that apparently had carried it out over the Atlantic. It plowed a deep furrow for more than 200 feet through the 100-acre hay field before coming to rest, badly damaged but still intact.

Raymond J. Cash, a Portsmouth navy yard worker, whose house was only a few feet from the landing scene, told an Associated Press reporter that the plane still carried two big bombs in its left-hand racks.

The plane was approximately 150 miles southeast of the nearest spot on the Canadian border when it landed, and more than 200 miles from the New Brunswick line, where it adjoins northern Maine.

Former Miami Man Dies In New Mexico

The body of D. B. (Dave) Stirling, former Roberts county resident, was being brought from Raton, N. M. to Pampa today, by Duenkel-Carmichael Funeral home.

Mr. Stirling died at 9:15 last night in a Raton hospital following a brief illness. He had been making his home at Eagle Nest.

Definite funeral arrangements had not been announced today, but friends said the services would probably be held at Miami Friday.

Mr. Stirling formerly lived in Miami. He is survived by his widow and three sons, Neal, of Eagle Nest; David, Miami; and Albert of Lawton, Okla.

Life Saving Meeting To Be Held Tonight

Holdings of advance Red Cross life saving certificates will meet at 7:30 o'clock tonight in the city commission room to organize a class to take a lay instructor's course which when completed will entitle them to instructor's certificates.

Date of the course will depend on arrival of a representative from the national headquarters in St. Louis to conduct the course.

All men and women who have completed the advance first aid course are invited to be present at tonight's meeting.

German Airmen Shot

ZAGREB, Croatia, Oct. 2 (AP)—Two German aviators were shot in a dark street here Tuesday night, informed quarters asserted today.

A recent decree by the government of Croatia provided that 10 "Communists" would be executed for each such attack in the future.

The informants did not say whether the Germans were killed or wounded.

Oil Field Classes To Be Organized At Meeting Here Tonight

Classes in more than a dozen oil field practices will be organized tonight at a meeting in the junior high school auditorium at 8 o'clock C. M. Davis will preside.

Also to be organized on next Monday night will be classes in re-distributive courses for workers in retail business.

Tonight's classes will be organized for men in the oil and allied industries who filled out application blanks. The men will decide on meeting nights and name instructors at tonight's organization meeting, which will be the only one held for the oil field practices.

Theaters Tell How Tax Affects Prices

Effect of the new federal tax on motion picture theater admissions was announced today by local theaters. The new prices begin today.

On 10 cent admissions (the price for children), the price has been cut to 9 cents. The 1-cent reduction eliminates the tax. Were this not so, the admission price would have to be 11 cents, of which the added cent would be the tax. All 10 cent admissions at all times at all Griffith theaters here will be cut to 9 cents.

All 20-cent admissions go to 22 cents. This makes the State theater price 22 cents.

At the Rex, the admission price will be 22 cents on Friday and Saturday, 28 cents on other days of the week.

The Crown will raise its admission price from 20 to 22 cents, except on their Wednesday and Thursday "two for one" days. The one-cent cut on 10 cent admissions will also apply at the Crown.

This will be no change in prices at the LaNora, with the exception of the cut on children's tickets.

Answers To Cranium Crackers

1. Unlimited ceiling refers to cloudless or near-cloudless sky where visibility is not hindered. Ceiling refers to foggy or overcast sky where there is practically no visibility.

2. Yes. Berths for overnight travel are featured by many airlines.

3. Yes. Not enough 100 octane aviation gas is being refined to meet defense demands, according to Oil Co-ordinator Ickes.

4. A contact flight is one in which the pilot is in contact with the ground, being able to see it; an instrument flight is made by use of the pilot's instrument panel, when poor visibility blocks off view of the ground.

5. About 1,500 warplanes were made in U. S. in July.

REDS REPULSE

(Continued from Page 1) thousands have challenged Hitler's regime in Norway, France, Belgium, Poland, Yugoslavia, Greece, Rumania, Bulgaria and elsewhere. Germany usually says these are Communists.

Resorting to the "hostages" system of reprisal—executing men in jail for anti-Nazi attacks committed by others—Germany has threatened to retaliate against the whole populace of parts for assaults on Nazi soldiers, has executed Dutch and Belgians by the score for aiding British fliers, and has shot or hanged hundreds who refuse to submit to German rule.

In little Croatia alone, tens of thousands of Serbs are reported to have launched guerrilla warfare against the Axis-sponsored regime. Some observers returning from Europe have predicted a French revolt within four months, while the Dutch news agency reported that sabotage and anti-Nazi demonstrations were on the increase throughout Holland.

At sea, the Nazi high command reported the sinking of 683,000 tons of British shipping in September, crediting U-boats with the destruction of 452,000 tons.

It is our belief that the Germans plan to reduce the population to a slave laboring class by killing all leaders capable of carrying on opposition, then move heavy industries to central Europe where they would be out of reach of the Allies.

German officials were reported to have announced that 38 Communists in Hungary's Banat district had been hanged by public order of German military authorities in reprisal for a train-wrecking conspiracy.

Burglar Takes \$11 From Service Station

The West Francis Magnolia Service station, 522 W. Francis, lost a total of \$11.05 in money and merchandise in a burglary last night. Entrance to the station was gained by the intruder ripping a hole in a screen, then prying open a window at the west side of the building.

SERIES

(Continued from Page 1) on Gordon's error. Herman singled. John Murphy replaced Chandler in the box for New York. Reiser struck out. Camilli singled, scoring Walker. Medwick grounded to Rizzuto who threw to Dickey to catch Herman. Lavagetto filed to DiMaggio. One run, two hits, one error.

BOB WILLS

(Continued from Page 1) ed going over." After they left the Doughboys, they went to Waco and stayed two months and a little while later went to Oklahoma.

McAuliffe has a step-sister at Berger named Elizabeth McAuliffe who is 14 years old. He has not seen her in three years and he sure hopes to see her this time.

Bob Wills is a native of Kesse, Tex. When he was a small boy he moved with his parents to Lakeview in Hall county and grew up there. All the original members of the band are natives of Texas, but about eight of the new members are natives of Oklahoma, Arkansas and other states.

The Playboys have just returned from Hollywood where the entire band was featured in a \$400,000 picture, "Go West, Young Lady," starring the band, Penny Singleton, Ann Miller, Charles Ruggles and of course Bob Wills. The picture will have a world premiere in either Tulsa or Dallas. It is the second movie for Wills and the first for his entire band. It is a western musical comedy.

LATE NEWS

(Continued from Page 1) were prohibited from entering under the neutrality act. The Floridan contended in a senate speech that repeal or modification of the act was unnecessary because it was within the President's authority to set aside his orders implementing that law.

Thirty-two persons were reported executed in the Banat district of Hungary-occupied part of former Yugoslavia—where German military authorities still exercise considerable control—on charges of attempted train wreckings and killings.

British Consider Increasing Army

LONDON, Oct. 2 (AP)—The question of whether Britain can go much further in building an army capable of continental invasion and still maintain full war production in industry will be aired at a private session of parliament.

Prime Minister Churchill announced today the session would be held soon.

Bob Wills is a native of Kesse, Tex. When he was a small boy he moved with his parents to Lakeview in Hall county and grew up there. All the original members of the band are natives of Texas, but about eight of the new members are natives of Oklahoma, Arkansas and other states.

Walkouts In Two Shipyards May Spread

(By The Associated Press)

Ship construction on the Gulf coast was hampered today by two walkouts, one of which threatened to spread among CIO craftsmen all over Alabama.

Steve Martin, business agent of the Industrial Union of Marine and Shipbuilding Workers of America (CIO), announced that members of the union at Mobile had voted to call an official strike and start picketing two yards of the Alabama Dry Dock and Shipbuilding company there unless demands were met. He said 2,500 men had walked off by last night.

Further, Martin said, CIO headquarters at Birmingham had agreed to call out 162,000 affiliated members throughout Alabama if Governor Frank M. Dixon should attempt to send state guards to Mobile. The union spokesman said the walkout was in protest to alleged violation of the union's contract with the company and because of the firm's refusal to raise wages when the time came to raise wages.

A company official said the trouble started when Martin "wanted to fire a man who was soliciting AFL memberships."

Several hundred AFL welders remained away from work yesterday at the Ingalls Shipbuilding plant at Pascagoula, Mississippi, reportedly in a disagreement over wage scales. However, neither company nor union officials would make a statement on the specific differences.

The yard builds all-steel- welded vessels, and operations were expected to be crippled if the welders remain away from work long.

Six hundred men employed on the night shift at the Waverly terminal plant of Breeze Corporation, Inc., at Elizabeth, N. J., walked out last midnight. They were members of the CIO United Auto Workers, and said they struck in protest against failure to settle wage negotiations for a new contract.

The union asked for a minimum of 75 cents an hour with 10 to 15 cent increases for various classifications. The present scales were undisclosed. The Breeze firm has \$18,000,000 worth of airplane armor contracts.

Line Already Forming
NEW YORK, Oct. 2 (AP)—The line is already forming in Brooklyn for tomorrow's world series game at Ebbets Field.

It was started at 8 o'clock last night by John Green, 65, a Washington, D. C., negro, who took up his vigil on a rickety old chair with the intention of maintaining his squatter's rights until game time tomorrow afternoon.

Many a Moscowling Russian besides Marshal Timoshenko stands guard over the Red capital. This plain girl student swapped hairnet for bayonet to take post at university entrance.

29 Deaths Occur On Super Highway

HARRISBURG, Pa., Oct. 2 (AP)—Pennsylvania's \$70,000,000 super highway piercing the hazardous Alleghenies between Harrisburg and Pittsburgh earned nearly \$3,000,000 in its first year of operation and set up what an administrative commission claims as a safety record comparing favorably with that of any highway in the country.

There were 29 deaths on the highway during the first 12 months which the turnpike commission said was below the fatality rates of 12.1 per 100,000,000 vehicle miles in the nation and 10.6 in the state.

Since the four-lane express route opened a year ago, five million motorists traversed all or part of its 164 miles of gaily graded, divided concrete. A total of 2,550,000 vehicles traveled 300,000,000 miles on the toll road which passes through seven tunnels and has a maximum grade of three per cent.

Eleven stations located at the only exits and entrances collect a penny a mile from passenger cars making less than the whole trip or \$1.50 from the driver going the full distance. Trucks pay \$2.50 to \$10 depending on weight.

Texas Quail Crop Best In Years

AUSTIN, Oct. 2 (AP)—More Texas kitchens should freight the aroma of frying quail this year.

Will Tucker, executive secretary of the game commission, asserts the state's quail crop is the best in years.

Would-Be Assassin Sentenced To Death

VICHY, Unoccupied France, Oct. 2 (AP)—Paul Colette, a 21-year-old Frenchman, has been sentenced to death by a special state tribunal in Paris for the attempted assassination of Pierre Laval and Marcel Deat last Aug. 28 it was announced today.

The announcement gave no details of the trial and did not indicate when the death sentence would be executed.

Laval, former premier of France, and Deat, both of whom are proponents of collaboration with Germany, now are convalescing from the bullet wounds which Colette inflicted.

3 PERFECT PACKS 3 PERFECT GRINDS

Today's War Analysis

By DEWITT MACKENZIE

The sweeping agreement made in Moscow, under which the United States and Britain are to fill virtually all of hard-pressed Russia's requirements for war supplies, represents a move of the utmost importance when considered in conjunction with the Berlin admission that the Russo-German war will continue through the winter.

It means that the Soviet is likely to be able to repair enough of the previous damage thus far inflicted by the Nazi invasion so that when spring comes the Red fighting machine will again be its powerful self. This will have a vast influence on the trend of the war—might even control it, for that matter.

Now in order to get the full significance of the present crucial moment we've got to shear through the more spectacular aspects of the warfare and get down to certain fundamental facts. Everything else is window dressing.

One thing to be emphasized is, as Soviet Foreign Commissar Molotov remarked yesterday, that "at present the Soviet Union bears the whole brunt of the struggle with Germany's fascist hordes." He referred, of course, to the actual fighting on the battle-field, and not to the economic front.

It is equally important to recognize that if Russia can be kept on her feet through the winter, and emerges strong in the spring, it may represent the weight which will swing the balance toward an allied victory. Defeat of Russia now might easily have the reverse effect.

Perhaps we can get at the thing better by looking at Hitler's position again. In order to keep our perspective we must remember this:

Hitler created his great war-machine and piled up resources while he had access to the outside world as well as to comfortably supplied continents. He built a military colossus and filled his storehouses for the future.

When the war started the British blockade all but cut Europe off from the rest of the globe. This severance became almost complete when Hitler attacked the Bolsheviks and thereby stopped his supplies from them. Meantime, the ravages of war swept across the whole of Europe and crippled industrial and agricultural production.

Hitler had figured that his might would bring him a quick victory, but it didn't. Germany thus is now in the position of having to live on its own fat, like a hibernating bear.

The Reich is still mighty and Hitler's armies, despite mountainous losses in men and material in the campaign against the Muscovites, are hitting their stride.

At this moment Hitler is "overlord of the continent. But his resources are falling away and he cannot replace them in Europe. Either he must knock the allies out quickly—which isn't likely, especially with winter at hand—or he must break through the enemy to fresh resources, especially oil.

As I have pointed out before, that is the chief object of his drive into the Ukraine. He figured on acquiring great riches there, but they have turned to ashes under Stalin's scorched earth policy. Thus we find the Nazi chief looking anxiously toward the Caucasus, and that is the

Rookie Cookie

Britain's thumbs-up stance extends to schoolgirls of 14 to 18 years, London lassies recruited for training in the three services, in arms factories, in nurseries. Note her "V" badge.

Rotarians Observe Y. M. C. A. Week

Pampa Rotarians observed Y.M.C.A. week in their regular weekly luncheon program here at noon Wednesday.

There were 43 present at the luncheon. Visiting Rotarians were I. H. Davies, C. T. Crowe, Bishop E. Cecil Seaman, and Harold L. Nichols, executive director of the Great Plains District Y.M.C.A., all of Amarillo, and Bill Graves of Southgate, Calif.

Other visitors were the Rev. W. M. Pearce, pastor of the First Methodist church, Coach C. J. Prejean, both of Pampa, and N. M. Grove of Tulsa.

Talks were made by Bishop Seaman, Nichols, Crowe, and Pat McClary.

The latter sang two songs, accompanied by Ruth Lauder. Both are from Amarillo.

36th Division Heads Home From War Games

RUSK, Oct. 2 (AP)—A mile long motor column rolled across highway 84 today taking the Texas 36th division back to Camp Bowie from Louisiana maneuvers.

Leaving Logansport, La., shortly after dawn, the long line of trucks, filled with Texas boys happy to be back in the Lone Star state after apparent aim of his drive now through the Ukraine. That route leads to strategic advantage and supplies.

Flashes Of Life

(By The Associated Press)

PHILADELPHIA — Councilman Louis Schwarz thinks he's found a way to get his colleagues to city hall on time for their weekly meetings.

Out of his own pocket he brought a bunch of one-arm lunch chairs, directed them placed across the corridor from the council chamber and told councilmen if they ate there Thursday noon they would finish in plenty of time for their 2 o'clock sessions.

EVANSVILLE, Ind.—It looked like a silent movie in Grocer Charles E. Williams' store as he and a holdup man engaged in a "gun" battle.

The bandit first opened fire on Williams but there was only the harmless snap of the firing pin. Then Williams grabbed his gun and fired. Again there was only a snap of the firing pin. For a moment both men stood there "blazing" away to the tune of snapping firing pins.

The holdup man finally gave up and fled, only to be apprehended later.

Officers found both guns were loaded.

BARNSTON, Neb.—If Barnston men let their beards and hair grow, it won't be because they are for or against anything, Carl Hartman, the town's only barber, has closed shop and moved away.

KEWANEE, Ill.—Kewanee, with a population of approximately 17,000, will pay \$3.09 for each vote cast in a primary election of candidates for municipal court judge and clerk.

The total vote was 207 and the election cost \$940.

'Hobo' Picnic Held By LeFors Teachers

Special To THE NEWS

LeFORS, Oct. 2—Members of the primary faculty entertained the LeFors faculty and board members with a hobo picnic in the gymnasium Tuesday evening.

Games of all kinds were enjoyed by the group after which prizes were given to Miss Ila Mae Hastings and D. V. Biggers for having the best costumes.

A dinner consisting of assorted vegetable strips, baked potatoes, chicken, Mexican beans, rolls, doughnuts and coffee was served to the following faculty members and board members and their wives: Messrs. and Mrs. Bill Mullins, Watson Burgess, C. E. Vincent, John Oldham, Merrill Ellis, Joe Champion, Roy Calvert, Durwood Brown, John D. Fonburg, E. R. Reeves, Francis Smith, J. H. Duncan, and Toby Waggoner. Misses Lurline Bowman, Clara Anderson, Ruth Darnell, Ione Gill, Ila Mae Hastings, Kathleen Haws, Ferne Holland, Myrtle Lilly, Mildred Matteson, Goldie Potts, Ima Scott, Malde Thompson, and Ariel Williams. Messrs. D. V. Biggers, and Ogden Stroud. Mrs. Imogene Clarke, and Mamie Sikes.

two months of strenuous maneuvers, moved steadily into Texas.

About one half of the division moved today. An overnight stop was scheduled for near Mexia with the column arriving at Brownwood tomorrow.

The remainder of the division, including the 141st, 142nd and 143rd infantry regiments, will arrive at Camp Bowie Monday.

Here is NEWS that will ELECTRIFY EVERYBODY IN THIS SECTION

COMING! An announcement that will surprise you! shock you! Thrill you! Will bring a warm glow of enthusiasm to every man, woman and child in this section of Texas.

WHAT? The most surprising event of a decade. Give you 100 guesses and you won't even come close to what this news is all about.

WHO? That is really the surprising part of this great news item. It is of so great a nature, of so much importance to every one, we have hesitated to give you all the details.

WHEN? Start planning right now. Prepare yourself to a great shock. This news is going to effect you to the point where you are going to eagerly participate in this event.

WATCH! Tomorrow's paper for more details about this exciting announcement.

NORSEMEN TO BE YELLING FOR REVENGE TOMORROW NIGHT

'Rover Boys' Will Shoot Whole Works

Two years ago a bunch of youngsters left Harvesters park announcing that they'd get revenge for the licking handed them. Well, several of those boys will return to Harvesters field Friday night and their battle cry will be "get even." Yep, they were, and still are, the determined Norsemen of Oklahoma City. And they'll meet the Harvesters tomorrow night at 8 o'clock with their goal line uncrossed so far this season.

Known as the "Rover Boys," the Norsemen have swamped both Capitol Hill of Oklahoma City and the Concho Indians of El Reno. Last year the Norsemen were doormats of the Oklahoma City conference, losing 46 to 0 to Capitol Hill, the team they defeated two weeks ago 22 to 0.

Yesterday afternoon at Harvesters park the "ways and means" committee of the Harvesters—Coaches Buck Prejean and Mac Best—went into a huddle trying to devise ways and means of stopping the fleet North-east backs from flitting around ends—their favorite play, and a method of stopping the passing attack, another major threat.

Then they put their Harvesters through another stiff practice which took up both offense and defense. The Norsemen have big, fast backs and a smaller but terrifically fast line that gets the jump on bigger opponents. Nine out of the 11 North-east starters were first stringers last year and the other two are veteran transfers.

So, everyone agrees that the Harvesters will have to shoot the works. Coaches have not yet named their starting eleven.

Here's the dope on the "Rover Boys" who will start the game: MAX CRAWFORD, left end—This is the 170-pound senior's second term as a regular. He whoops: "Boy, we're twice as good as last year." Likes to hunt and fish. Is interested

World Series Disappointing To Bill Boni

By BILL BONI
NEW YORK, Oct. 2 (AP)—It is a shameful confession to make, but so far this is a disappointing world series. Nobody has been given the bums' rush except "Our Bums"—and that, except in Flatbush and adjoining precincts, was not entirely unexpected.

The series opener probably set a new high for deportment by the fans. Beyond some mild and disorganized blowing on police whistles back of third base the popping of a few fireworks out into the air, there were no demonstrations of any sort—and that, with fully half the house rooting for Brooklyn, surely was not as expected.

To get a rough idea of how the record book was split, you could watch the two seventh-inning stretches. So many people stood up for the Dodgers, it looked like they must be playing the nation all their own way. But when almost as many got up for the Yanks, we decided a lot of people were being impartial, if not two-faced.

The one true Brooklyn note, of the Babe Herman era, was struck in that same seventh. This was the episode in which PeeWee Reese, on his own regrettable initiative, decided to go from second to third on a pop out off the third base line—pop out Jimmy Wastell shouldn't have hit, Manager Leo Durocher claimed, because at that particular time he was supposed to bunt.

The wise money said it would be Russo for the Yanks today against Wyatt. The underground channels said it would be Chandler, because Russo is supposed to have an upset stomach. This was a common—and minor—complaint in Flatbush last night.

Realizing "Our Bums" are invading hostile territory, the police threw a double line across the field the moment the game was so they could walk undisturbed from dugout to dressing room. Many a Dodger fan felt the line should have been thrown around Red Ruffing, to keep him out of the park.

Amarillo And Sweetwater Picked As Best In West

By HAL SAYLES
Sports Editor Abilene Reporter-News
(Written For The Associated Press)
ABILENE, Oct. 2 (AP)—Along the wide open stretches of West Texas, football breeding ground of some All-Americans as Sammy Baugh and John Kirschgraber, another successful grid season is unfolding on both the high school and college front.

The sector that produced 14 state finalists and nine champions in the schooling league's 21 years of play with indications that districts that precede the Texas playoffs.

Amarillo's Golden Sandies, the defending state champions, and the Lubbock Westerners look like the best in the Panhandle again this year.

Sweetwater has a hefty, high-

geared team that may prove to be the "surprise package" in the state race. And Big Spring falls in the same category.

Football, through the years, has been a profitable business for West Texas high schools. All of the class AA schools have stadiums seating from 5,000 to 15,000 persons with debts paid off in full on many of these fine, modern plants.

Crowds are running much larger this season than in last year's unbalanced, united team which was ranked 17th in the nation-wide Associated Press football poll.

Success of these teams, and other West Texas colleges such as Howard Payne, Abilene Christian and West Texas state, is a tribute to the brand of football played in the smaller class A, B and even six-man high schools. The rosters of all these West Texas colleges are made up principally of boys who were unheralded as high schoolers.

In the Border conference, Tech is not eligible for the Border title because the Red Raiders play only "new" conference games, but new Coach Dell Morgan has a 62-man squad with the experience, speed and "savvy" a team that is due to be up among the nation's leaders despite a not-too-heavy schedule.

The colorful Cowboys of Hardin-Simmons aren't due to get as much recognition as last year's unbalanced, united team which was ranked 17th in the nation-wide Associated Press football poll.

Success of these teams, and other West Texas colleges such as Howard Payne, Abilene Christian and West Texas state, is a tribute to the brand of football played in the smaller class A, B and even six-man high schools. The rosters of all these West Texas colleges are made up principally of boys who were unheralded as high schoolers.

Dodgers Put Their Faith In Wyatt To Whip Yanks

By GAYLE TALBOT
NEW YORK, Oct. 2 (AP)—Beating the first punch and already looking a little groggy, the Brooklyn Dodgers placed all their trust in Big Whitlow Wyatt of Buchanan, Georgia, as they tackled those ball-pounding Yankees in the second game of the World Series today.

If the veteran Whitlow, winner of 22 games during the National League campaign, should fall them, then it may be all and farewell to the Heroes of Flatbush and probably another four-game series sweep for the Yankees with the big brown bats.

Manager Joe McCarthy of the Bombers, eager to follow up his 2-

to 2 triumph in the opener with another victory that would put the Dodgers really down in the mouth, was undecided whether to send Marlin Russo, his crack young south-paw, or Spud Chandler, a brilliant righthander, to the hill today.

Leo Durocher, the Dodgers' manager, guessed wrong when he pulled Curt Davis out of the hat as his opening pitcher. In fact, the Dodgers didn't guess right about anything all afternoon.

It wasn't so much that the Yankees won the game as it was the manner in which they won it—with fine pitching and long-distance hitting—just as they had figured to do. Watching the contest, it didn't

seem as close as the score might indicate. From the moment Joe Gordon clouted his mighty home run far up into the left field stands in the second inning there never seemed to be a doubt of the result.

While the Yankees were doing that, the Dodgers were indulging in some very peculiar baseball, running the bases in a highly individualistic manner and stubbornly refusing to try to hit in fully on their occasional scoring chances.

The argument raged far into last night whether Pee Wee Reese, Brooklyn's star young shortstop, had any earthly business trying to take third base after pinch-hitting Jimmy Wastell fouled out in Yankee Third Baseman Red Rolfe in the seventh inning. He was thrown out by a mile and Red Ruffing was pulled out of about the worst situation he encountered all afternoon.

With none out, the Dodgers already had scored one run. They had the tying run on second (Reese) and the winner on first. Off-hand, there appeared no really good reason why the youngster should have broken for third on the out. And yet there were some smart baseball men arguing last night in fully on a great stunt for Reese to attempt, and that if he had gotten away with it the Yankees' ego might have suffered an important shock.

For that matter, nobody could figure out why Wastell didn't bunt under the circumstances and advance the two runners to second and third. Members of the Dodger board of strategy said that Jimmy had been given the bunt sign, but missed it.

It scarcely was fair to single out Reese as the goat, for the youngster made three of his team's six hits off Ruffing and made a spectacular stop on Joe DiMaggio. His all-around play, and the wonderful catch Joe DiMaggio made on DiMaggio's thundering wallop in the fourth inning, supplied the Brooklyn rooters their only real pleasure of the evening.

With Gordon knocking across two runs and Bill Dickey bouncing a double off the distant boards for a third, the Yankees won without any hitting from their three biggest guns—DiMaggio, Charley Keller and Tommy Henrich.

By coincidence, it was the lower end of Brooklyn's batting order that provided both Dodger scores. Catcher Mickey Owen drove in Reese with the first, smiting a sound triple to left-centerfield, and Pinch Hitter Lew Riggs knuckled across the second in the inning that caused all the argument.

Shamrock Irish Open Conference Season Friday

SHAMROCK, Oct. 2—The Shamrock Irish football team will open its conference play Friday night with the Memphis Cyclones as their opponents.

Little comparative dope can be had on the two teams as neither has met the same team this season. However, the Irish have the edge on the Cyclones in number of lettermen from last season's team, having eleven to seven.

The Memphis team got off to a bad start early in September, losing to their Hall county rivals, the Lake View Eagles, six to two, but staged a comeback last week by defeating the Paducah Dragons 6 to 0.

The Shamrock team started the season in fine form, trouncing the White Deer Bucks 13 to 0, but fell before the Class AA Childrens Bobcats last Friday night by absorbing a 13 to 0 licking.

Coach Headstream of Memphis reports that his entire squad is in fine condition and he expects to give the Irish a battle.

Coach Kline of the Irish will be without the services of his best ball carrier, Billy Sims, who sustained a broken collar bone in an early practice session, but with three lettermen in the backfield should show a flashy offense.

ANN ARBOR, Mich., Oct. 2 (AP)—Tom Egan's out to show the football world that he and Tom Harmon have more in common than first names, the same alma mater and their home town of Gary, Ind.

He says that along with his education, football is his life right now, and his devoting all the time he can to it.

Kuzma, University of Michigan sophomore, tagged with the man-sized job of replacing All-America Harmon at halfback, gets his baptism in Western Conference competition Saturday against Iowa here.

in radio and hopes he can land a post in the navy upon graduation.

BOB BLICKENSTAFF, left tackle—Aeronautical engineering will be his major at A. and M. The 167-pound senior, who spends his spare time reading historical fiction, warns all foes: "We got plenty of fight."

JIM HOCH, left guard—Caddying at Twin Hills provides his lunch money. Algebra is his favorite subject and oranges his favorite dish. Most enthusiastic booster of this 155-pound junior is his sister, Betty Jane, a sophomore.

ORVILLE HABERLE, center—The 150-pound senior pipes: "I caddy for Henry Picard and the guy's good. Talks football all the time. Said he's going to see all our games." Haberle's mother, Mrs. Henry Haberle, hasn't read a single North-east home game in three years.

VIRGIL WILSON, right guard—His favorite play, he says, is blocking an end. The 160-pound junior pitched this summer for the Tax Hustler. He credits a "more versatile backfield" for the Vikings' upswing.

SOLON YOUNG, right tackle—The red-headed, 180-pound senior can't understand why anyone wants to carry the ball. He's happy at tackle. Young confesses that his hobby is "eating everything I'm not supposed to."

RAY PAYNE, right end—He's a 160-pound, six-footer, who hopes to get an Annapolis appointment in two years. Payne won two swimming cups at Camp Claxton this summer.

BUD VILLINES, quarterback—The 16-year-old junior is busy the year round with football, basketball, track and tennis. Five cousins, who played football, took turns teaching him how to tote the pigskin. His Uncle Bill of Seminole, one time state pole vault champion, saw to it that Bud went out for track.

CLARK CASE, blocking back—Just 15 years old, but the junior is six feet tall and weighs 180. "I'd just as soon block as make touchdowns," he commented. His best fan is his dad, Glen Case, who used to block for Dewey high school. Clark's ambition is to star in geology at A. and M.

Edinburg Plays 2 Games In One Night In Valley

Future Sandies Will Play In LeFors Friday

Special To THE NEWS:
LEFORS, Oct. 2—Next foe for the undefeated LeFors Pirates will be the Amarillo Yanniigans who will be in LeFors Friday night. Thirty-nine future Golden Sandies will make the trip to LeFors with Coach McLaughlin.

So far this season the Yanniigans have broken even. Last week they downed Woodward, Okla., 20 to 6 and the previous week they lost 18 to 6 to a tough Portales, N. M. team.

The Pirates will be trying to keep their record clean, having downed Perryton and Clarendon. The Pirates came out of the Clarendon game with only minor bruises after great tackling and locking. "Scat" Earhart, who led the Pirate assault although out most of the week with a bad ankle, will be ready for the Yanniigans.

The Pirates of Coaches Francis Smith and John Rankin will wear their "sneaky" uniforms for the first time Friday night.

Although the game is not a conference tussle, it is creating a lot of interest in Pirsatville. Everyone knows that the Yanniigans are all aiming to be future Sandies.

LeFors' starters will probably be Bowman and Hamrick, ends; Barwick and Delmer, tackles; Matteon and Pite, guards; Ayers or Gourlay, center; Oldham, Nipper, Ammons and Earhart, backs. Watkins and Jackson will be backfield subs.

410 Tacks Removed From Linoleum Worker

WEEHAWKEN, N. J., Oct. 2 (AP)—A linoleum and oilcloth worker was in fair condition today at North Hudson hospital after a 90-minute operation during which 410 one-and-one-quarter inch tacks, swallowed over a period of years, were removed.

Blue Pee Wees Lose To Whites In 15-7 Game

By HAROLD V. RATLIFF
Associated Press Staff Writer
A little bit of everything happens in Texas schoolboy football this week.

Down in the Rio Grande valley Edinburg plays two games in one night on gridirons 125 miles apart.

At Dallas there will be a night double-header with two of the state's unbeaten, untied and high-rated teams establishing a North Texas favorite in one of the games.

Edinburg plays Robstown at home with part of the squad while the other half goes to Kingsville. It all came about through an oversight whereby Edinburg had been Robstown and Kingsville scheduled for the same date.

At Dallas, they have the battle of the Leopards between Adamson and Gainesville. Both are undefeated and each is a top contender in the district, Adamson being favored to win the Dallas district title and Gainesville being picked to give Paris the hardest tussle for the championship of District 5. In the second game of a double-header, Dallas Tech entertains Nacogdoches.

The schedule by districts this week:

1—Friday: Borger at Perryton, Vernon at Lubbock.
2—Friday: Quanah at Wichita Falls (conference). Childers at Burburnett (conference), Arlington at Olney.
3—Friday: Big Spring at Colorado City (conference). Odessa at Lamesa (conference). Midland at San Angelo (conference).
4—Thursday: Plainview at Bowie (El Paso); Friday: Yaleta at Austin (El Paso conference); Saturday: Pecos at El Paso High.
5—Friday: Bonham at Denison (conference).
6—Friday: Electra at Denton, Masonic Home (Fort Worth) at Highland Park (Dallas), Paris at Sulphur Springs, Sherman at McKinney.
7—Thursday: Amon Carter River-side (Fort Worth) vs. Paschal (Fort Worth) (conference); Friday: Poly (Fort Worth) vs. Arlington Heights (Fort Worth) (conference); Saturday: North Side (Fort Worth) vs. Fort Worth Tech (conference).
8—Friday: Gainesville at Adamson (Dallas), Nacogdoches at Dallas Tech; Saturday: John Reagan (Houston) at Woodrow Wilson (Dallas).
9—Friday: Abilene at Brackenridge, Weatherford at Mineral Wells; Saturday: Sunset (Dallas) at Brownwood.
10—Friday: Ennis at Hillsboro (conference), Cleburne at Waxahachie (conference), Mexia at Bryan (conference).
11—Friday: Corsicana at Tyler.

Kilgore at Athens (conference), Texarkana at Gladewater (conference), Jacksonville at Marshall.
12—Friday: Forest (Dallas) at Lufkin.
13—Thursday: Lamar (Houston) vs. St. Thomas (Houston), Milby (Houston) at Kirwin (Galveston); Friday: Beaumont at Austin (Houston); Saturday: North Dallas at Sam Houston (Houston).
14—Friday: Brownsville at South Park (Beaumont), Orange at Kerrville (conference), Amarillo at Booe (conference), Huntsville at Conroe, Longview at Fort Arthur, Livingston at Galveston.
15—Thursday: Laredo at Jefferson (San Antonio) (conference); Friday: San Antonio Tech at Kerrville (conference); Amarillo at Brackenridge (San Antonio), Davis (Houston) at Austin.
16—Friday: Greenville at Corpus Christi, Beville at Kenedy, West-laco at Harlingen, Robstown at Edinburg, Edinburg at Kingsville.

Protected Porpoise
"Pilot Jack," a large porpoise, met and accompanied ships into the harbor of Wellington, New Zealand, for years. It was protected by law.

Sports Roundup

By HUGH FULLERTON JR.
NEW YORK, Oct. 2.—(The Special News Service)—Brooklyn alibi: The Yanks won, but they didn't make them Bums. . . What really hurt was the calm way the Yanks and the New York fans took it all.

The atmosphere was about as charged with excitement as when the Browns came to town. . . It was the biggest World Series crowd in history and one of the quietest after the Bombers started bombing. . . Only time everybody cut loose at the game was when the Yankees imitated the man on the flying trapeze to take DiMaggio's "homer" right out of a \$550 customer's hands. . . The fans were holding their breath to give DiMagg a cheer and let it go for the other Joe instead. . . Di Mag got even in the next inning with a nice running catch of Ducky's fly. . . Durocher called it just right when he sent Lew Riggs to hit for Owen in the seventh. . . Mickey had been the only Dodger to get a real piece of Ruffing's hard one, but the odds were against his doing it again. . . The percentages must have been against Lew when his next pinch hitter, Wastell, fouled out and Reese was doubted trying to make third. . . Maybe Pee Wee just forgot you can't take that kind of liberties with the Yanks infield. . . Keller still runs as if he had a flat wheel, but he gets there just the same. . . He had hard time pulling up after running for one fly and he had to slide to make it from first to third on Dickey's single in the sixth.

Crowd's Eye View
The stadium seemed plumb full of Brooklyn fans before the game. . . They whooped it up when the Blue Bums came out for hitting practice and rattled the rafters after Gamblin and Wastell made a couple of bulls eyes in the right field stands. . . Even the press box announcer seemed to have Brooklyn leanings when he said, "Expire at first base—Pinch-hit." . . Both sides gave Medwick a big hand after that catch and they kept it up until he started to hit in the next inning. . . The Yank fans were heard when Gordon hit his homer. . . When Allen started in from the bull pen they might have been hollering, "Here comes Cousin Johnny." . . And they wouldn't have been far wrong. . . Even the Greenprent band was subdued. . . It marched up and down an aisle just before the game and paraded around the field after it was all over.

Today's Guest Star
Kenneth Jones, Peoria (Ill.) Journal Transcript: "A few major league managers are bound to lose their jobs now, knowing this to be the case, what's happened to the old line of the sports writers: 'Babe Ruth mentioned.'"

Press Box Pickups
Answering the above query, the Babe drew the usual crowd of photographers when he showed up yesterday but the fans didn't give him much of a tumbler. . . Brooklyn can't lose it, Ruppig pitches today. The Yanks smothered him right out of the Bums' back yard at Long Island university. . . Fred Corcoran, who

has had a big part in making tournament golf a \$200,000 a year business, says baseball is the only real game.

Service on Wheels
A California firm, 40,000 acres in area, uses a service station on wheels, complete with air and water, for servicing its farm machinery.

Many Openings In Civil Service Exams

The Civil Service Commission has announced an examination for positions as Specialist in Maternal and Child Health. The salaries range from \$3,200 to \$5,600 a year. Positions in the Children's Bureau, Department of Labor, will be filled from these examinations, and vacancies in State agencies cooperating with the Children's Bureau may also be filled at the request of the

states. There are three options—pediatrics, obstetrics, and orthopedics—for each of which employment lists will be established for administrative, research, and clinical positions. Applicants must have been graduated from a medical school of recognized standing, with the degree of M. D., and must have served 1 year of internship. In addition they must have had full-time post-internship clinical training as well as other appropriate experience in one of the options. Applications must be filed at the Commission's Washington office not later than Nov-

ember 15, 1941. Revised announcements of examinations have been issued for the positions listed below. For each of these, applications may be filed at the Commission's Washington office until further notice, but qualified persons are urged to apply at once.

Inspector, Engineering Materials (Aeronautical) for employment in the navy department. The salaries range from \$1,620 to \$2,600 a year. Applicants must have had mechanical or inspectional experience, or appropriate study, in one of the following optional branches: Aircraft engines, mechanical parts, aircraft propellers, instruments, tools and gages, materials and parachutes. The completion of any appropriate Engineering Defense Training Course approved by the U. S. Office of Education will be accepted in lieu of 1 year's experience. For junior positions (\$1,620 a year), the completion of such a training course is fully qualifying.

Toolmaker, the pay scales now ranging from \$7.20 to \$11.06 an hour. Employment is in various ordnance and naval establishments. **Machinist**, the pay scales now ranging from \$1,600 a year to \$1,06 an hour. Employment is in various ordnance and naval establishments and in the Sacramento, California Air Depot, Wright Field and Fairfield Air Depot, Dayton, Ohio.

The Commission has given notice **MISERABLE AFTER EATING?** Maybe it's just acid indigestion. It often follows hurried or hearty eating. ADLA Tablets contain Bismuth and Carbonates to quickly relieve stomach distress from acid indigestion. Get ADLA from your druggist today.—Cretney Drug and Wilson's Drug.

that the receipt of applications for Project Auditor positions, paying from \$2,600 to \$5,600 a year, will close on October 3, 1941. Interested persons should file their applications on or before that date.

Times Best Since 1929 For Farmers

AUSTIN, Oct. 2.—Texas farmers will pocket more money this year than in any year since 1929, the University of Texas bureau of business research estimated today.

Statisticians predicted a 1941 income of \$700,000,000 to \$800,000,000. The forecast was based on better prices and larger production of defense storehouse items such as livestock products, fruits and vegetables.

Pegging his estimate on indices of a \$40,000,000 gain to Sept. 1 over last year, Dr. P. A. Buechel, assistant bureau director, predicted marketing of the cotton crop and cottonseed, together with anticipated livestock and produce sales for the remainder of the year would give the farmer a buying power equal to the heyday of the '20's.

He reminded that cotton staple and seed income would be half that received during 1927 and 1928 despite higher prices. He cited abandonment of 3,000,000 acres of cotton-growing land in the last decade, 50 per cent of the state's former cotton acreage.

The north and northwest, newer cotton-growing areas of the state, will garner the lion's share of cotton income.

A sunspot observed in December, 1929, had an estimated area of 3,000 million square miles. This is 16 times larger than the surface of the earth.

The newspaper's prime function is the presentation of NEWS -- quickly -- impartially -- completely

Bill and Anne Palmer live over on Church street in a nice little brick house. They might be people you know, because they're just average folks. They don't play an important part in world affairs themselves, but they're mighty interested in the people who do. They like to keep themselves informed about what's happening where, and why—and they like to know about the things that happen—WHEN they happen. So—they read the newspaper.

There's a lot of significance to that. There's a lot of Bill and Anne Palmers in the world and most of them are hungry for news of that world. Naturally they turn to the one source they can depend on, that they've ALWAYS depended on, ever since they were kids. Their newspaper. They KNOW that the prime function of that newspaper is the presentation of the News—quickly, impartially, completely. That's what your newspaper does for you. And it's an important job.

THE PAMPA NEWS

Published every evening, except Saturday, and Sunday morning by The Pampa News, 222 West Foster Avenue, Pampa, Texas. Phone 666—All departments

MEMBER OF THE ASSOCIATED PRESS (Full Listed Wire). The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or otherwise credited to this paper and also the regular news published herein.

Entered as second class matter March 16, 1927, at the post office at Pampa, Texas, under the act of March 3, 1879, National Advertising Representatives: Texas Daily Press League, New York, St. Louis, Kansas City, Los Angeles, San Francisco and Chicago.

SUBSCRIPTION RATES Pampa, 25c per week, \$5.00 per month. Paid in advance, \$2.50 per three months, \$5.00 per six months, \$10.00 per year. BY MAIL, payable in advance, anywhere in the Pampa Area, \$4.50 per year. Outside of the Pampa Area, \$7.50 per year. Price per single copy 5 cents. No mail orders accepted in localities served by carrier delivery.

An Independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics.

PLEDGE OF ALLEGIANCE—"I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

(Yesterday you read an editorial written by a member of the News staff on the subject stated below. Today another editorial, written on the same subject and by another member of the staff, appears in this space, in connection with the celebration of National Newspaper Week.)

The Function Of The Newspaper As A Whole

From a "bulletin board" to a political gazette, then to a streamlined combination of aggressive advertising and fast, accurate and complete news coverage has been the gamut of American newspapers. The function of the newspaper as a whole today is not simply that of the business of turning out a daily report on local, state, national, and international affairs.

A Subjugated City

Most Americans have read with wonder and disgust of the elections that used to be held in Nazi Germany. No opposition to Hitler was permitted. The voters could vote "Ja" or "Nein" as to whether or not they approved of the dictator's regime. The usual result was a 98 per cent majority of "Ja" votes. Here in the United States, we pride ourselves, no such prostitution of free, representative government is possible. But next November, in the great city of San Francisco, an election will be held which is perilously similar to Hitler's "Ja" elections.

Common Ground

By R. C. HOILES "I speak the past—world primeval, I give the sign of democracy, By God! I will accept nothing which all cannot have their counterpart of on the same terms."

THE FINANCIAL INTEREST OF SOCIALISTS A correspondent who says he has been contributing to the cause for most of forty years makes this statement: "The defenders of the cause (socialism) get nothing for their services. An unbiased count would concede the benefit of the doubt to the one having no financial interest in the matter."

Inasmuch as this is the same attitude taken by most all New Dealers and most socialists, it is a statement that should be analyzed. The fact of the matter is that the socialists have much greater potential financial interest in the wealth at stake than has the man owning the wealth. This is true for the following reasons: The owner of wealth has no hope of ever attaining the control of all wealth of all men.

Yes, the socialists have a very definite financial interest in all the wealth that is created. They would confiscate it by the force of the majority. They would use sheriffs and policemen, by the tax route and by regimentation of every human being, to get control of the wealth and rule the lives of other people. And, yet, they have the nerve to say their statements and their opinions should have more weight than the opinions of the people who have more nearly founded definite, predictable rules on social relations. The man who has created wealth under a democracy has learned to respect the inherent rights of other people. They recognize the law of equal freedom. They recognize that each man is entitled to the fruits of his labor.

LINCOLN WAS CONDEMNED

Those people who believe in the Utopian short-cuts of Roosevelt often make the remark, when the impracticability of these theories are pointed out that Lincoln was condemned just as Roosevelt is now condemned. But Lincoln was attempting to more nearly approach all people having freedom on the same terms. He was fighting for equality of rights. That is the reason Lincoln has gone down in history as being a friend of man. On the other hand, practically no law that Roosevelt has sponsored has promoted equality of rights for all men on the same terms.

September 3. Got up late this morning and felt like a Capitalist. Those damn Nazi bombers kept me awake all night. Called the War Office and had them issue a special communique saying the Germans are retreating on all fronts and that Moscow had another peaceful night. Just got my copies of the New York Post and PM. They're my favorite American newspapers. They never print anything that my censors—or Winston's—have not given the okay.

"CARE TO READ A PAPER WHILE YOU'RE WAITING?"

Around Hollywood

By PAUL HARRISON HOLLYWOOD, Oct. 2 — Behind the screen: Increasing likelihood of the navy getting into a shooting war on the high seas caused a hasty reshuffling of production plans at several studios preparing defense stories. Paramount had to shelve, perhaps permanently, one of its biggest efforts, "Tomorrow's Admirals," when the navy department served notice that the picture would be available for filming. This is the first time that government co-operation has been withdrawn from approved stories.

People You Know

By Archer Fullingim John Fraser whose death is being mourned today by all men who knew him, was the sort of man who made you have confidence in the Panhandle. He came to the plains in 1889 and lived thru the lush years and the lean years, and he was as confident and cheerful in hard times as he was in good. "America will always have business depressions and panics as long as the people spend everything they make," he said to this writer more than 10 years ago and Mr. Fraser lived up to what he preached. He was a wise father and his children appreciated him and loved him.

Highlights From Latest Books

CHILLS AND THRILLS IN SFY STORY Maybe some fifth columnist will read Warren Stuart's "The Sword and the Net" (Morrow: \$2.50). Maybe he would be perpetrator will see the light of the Statue of Liberty and repent. In this novel, Stuart puts a number of truths in a fast-moving account of Nazi propaganda and espionage forces at work in this country, centering around Captain Otto Falken, German war ace trusted with the most important spy post in the United States.

NO SCHACHT FOR SERIES

At Schacht, the baseball comedian, probably won't entertain World Series crowds this year. Sam Goldwyn is holding him here for tests and aid in preparing the screen life of Log Gehrig. Incidentally, success of "The Little Foxes" hasn't dulled Goldwyn's critical sense. He commented to a friend that he had wanted somebody "much like Herbert Marshall" for the father's role. "But Marshall is playing it!" he exclaimed the puzzle he had. "I know," said the producer, "but he isn't the type."

DURBIN FOR DEFENSE

Top members of studio crafts have attics full of wrist watches given them by stars at the completion of pictures. Best art notion yet was Deanna Durbin's at the completion of "It Started With Adam." She gave everyone defense bonds. Darryl Zanuck's "Sons of Fury" hit a snag at the Hays Office when Esther Fernandez, an Englishman, was forbidden to marry Gene Tierney, a Polynesian. Comes under the heading of miscegenation, according to the censors. Hedy Lamarr, as a sultry Eurasian, once married Bob Taylor, but that was all right because she died trying to get out of the Orient with him.

So They Say

You can get a price but you can't keep it, but when you get a mortgage, it stays with you. —LEON HENDERSON, price administrator, to farm leaders. Certainly I'm the miracle man of Wall Street, look, in the last two years I haven't lost any money. —GEORGE PRICE, comedian, turning again from street to stage. Seventy is the time of life when a man who collects treasures should show them so well. That George is —CHRISTIAN BRINTON, in giving his art collection to the public.

Cranium Crackers

Everybody's getting up in the air these days as the war makes the nation aviation-conscious. Check your knowledge of the flying business with these questions. 1. What is the difference between "unlimited ceiling" and "ceiling zero"? 2. Do airlines have sleeping accommodations like Pullman cars? 3. Has there been a shortage of aviation gas as well as automobile gas reported in the east? 4. What is the difference between a contact flight and an instrument flight? 5. About how many warplanes were built in U. S. in July?

One State—Six Flags

"Old Glory" is the sixth flag to wave over the plains of Texas. Flags of France, Spain, Mexico, independent Texas and the Confederacy also flew over Texas. "Father says you're very substantial and practical, just as he is, but Mother says she sometimes wonders whether that can't be overdone."

Behind The News In Washington

WASHINGTON, Oct. 2 — One of the most important but less publicized activities of the Office of Production Management has been the work of the Plant Site Committee of six men whose job it has been to say where and where-not the new or expanded factories of the defense production machinery would be located. The committee meets once a week, ordinarily, and has on its weekly agenda anywhere from 15 to as high as 35 new projects to consider. It has had to work pretty hard on the job, because of the terrific pressure brought on it from local interests, but so far it has been able to function without any of its members being assaulted.

The board now has veto power on all proposed locations and on the positive side it has plenty of volunteer help in the way of chambers of commerce, businessmen and governors, all of whom are sure their particular community has just the resources needed for every new factory under consideration. To avoid concentration of too many industries in any area, and as a simple matter of defense strategy, the board set up an interior area of the United States within which it was good military sense to locate defense industries such as powder mills, plane factories and ordnance works. Roughly, this area is bounded by a line drawn some 250 miles inland from the borders.

WASHINGTON PEEPS

Fair rent committees have been organized in 56 defense areas of 22 states in an effort to hold down prices. Waste paper collected by Boy Scouts and others isn't just waste paper. Sorted, it goes in 23 grades, varying from 113 to 149 a ton. It will take 841,000 tons of coal to keep the army warm this fall. Every man, woman and child in the District of Columbia is to be given gas mask instruction within the next six months. Famous words of living statesman: "Mr. Speaker, I was talking to one of the old-timers here the other day and was lamenting the fact that the Democrats are up against such a proposition by so many Republicans opposing everything the Democrats do, and demagoguing about it."

TEX'S TOPICS

EVERY American owes his country the duty today of swatting wild rumors. Rumor is a weapon, the totalitarian propagandists have never hesitated to use it. Dug its edge by skepticism and investigation. Never repeat harem-scram stories from unknown sources; challenge the man who does. Typical example: Word goes round that the army has ordered 7,500,000 chevrons. What? For an army of a million and a half men? Waste! Inefficiency! Terrible! But wait a minute! Every lance corporal, corporal, sergeant, warrant officer and the whole non-commissioned hierarchy must have chevrons on every shirt, blouse or coat they wear. At least 16 pairs for every such man. Now figure it out again. It was simple when you stop to think, wasn't it? Well, stop to think!

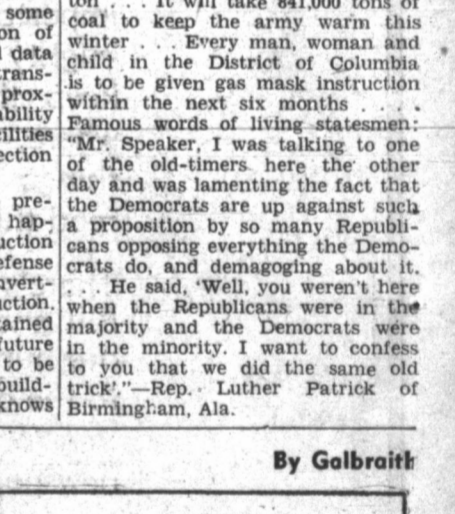

Autos are up, tires are up, gas is up—only pedestrians are down. Seventy-nine new Chicago policemen have college degrees. You just can't beat a good laugh. Women who want fall outfits might try the motto, if at first you don't succeed, cry, cry again. One corner of an eternal triangle is always sure to get knocked off. Bok Flair has been up in the air fifteen hours as a student pilot. Most of the Cleveland Indians have been up in the air most of the summer. Pedestrians who cross with the red light are apt to discover their mistake by accident.

The gas meter soon will be taking up its winter quarters. Germans have ordered a 9 o'clock curfew in Paris, Oh, well, the French people aren't going any place. Italy now is rationing shoes, but it will take more than that to put the country back on its feet. Arithmetic teachers really know how to make the little things count. IF the flight of Russian aviators to the U. S. via the Arctic and Alaska leaves you cold, what do you suppose it left them? Insects cost the U. S. over \$100,000,000 yearly. This doesn't include pest-masters. Lots of strikes are carried on without violence—prices being the only thing shot up. Gambling barge has been reconsecrated to transport lumber to England. Likely in the thought that the Germans won't have a chance. exactly what total costs, may have been a wasteful effort. The point is made, however, that not every existing factory producing for civilian consumers can be economically converted to defense production. That is one of the weaknesses of the argument in favor of compulsory sub-contracting or bits and pieces production. England followed both those patterns and by some reports lost 30 per cent productive capacity in so doing.

SIDE GLANCES

A universally accepted barometer of business, postal receipts, showed Pampa still "on the up," according to monthly and quarterly reports, released by local post office officials. KPBN, radio station of The Pampa News, was to be on the air for its first evening when the football game between the Norman Tigers and the Harvesters was to be broadcast. Five Years Ago Today A business accepted barometer of business, postal receipts, showed Pampa still "on the up," according to monthly and quarterly reports, released by local post office officials. The Nation's Press MY DAY

By Joseph Stalin (Not Eleanor Roosevelt) (The Herald, Lake Geneva, Wis.) KREMLIN, Moscow, September 2. Stayed up last night to hear pal Franklin tell the American bourgeoisie that I'm fighting their war. Carried a little of my life to say in my democratic Spain. It Litzvov heard that, my life would be worth a plugged nickel—not even a ruble. I hear Wendell Willkie—that former Capitalist dog—is pulling around with Comrade Oumsinsky—a personal representative in the Soviet of the United States. Agent H2O reported from his White House post that he heard that Marshall

SERIAL STORY

BRIDE FROM THE SKY

BY HELEN WELSHIMER

COPYRIGHT, 1941, NEA SERVICE, INC.

RING RETURNED
CHAPTER XXII

SHE read the telegram. Read it once, then twice.

I ACCEPT NO RESPONSIBILITY FOR YOUR ESCAPE. CONSIDER IT DISGRACE TO ENTIRE FAMILY. YOUR LACK OF CONSIDERATION PAINS YOUR MOTHER AND ME IMMENSURABLY.

JUDGE ALLEN.

"It doesn't cost more to wire big words than little ones," Judy told the attendants who had given her the message. "Will someone please give this piece of yellow paper to the Common Pleas judge? I liked him."

Judy sat down on her cot. She couldn't cry. She could not talk either. The tears made a small, hard ball in her throat around which no words could flow. Maybe this would be funny some day! Maybe in 60 or 70 years when nobody cared one way or the other.

Philip! Where was he? You couldn't get your courage up to a point where you'd be willing to marry a girl one afternoon, and a few hours later refuse to go on with the bartering because the bride had taken a fall—or could you?

Anyway, the daredevil who had caused all this confusion had to suffer.

No more messages came from anyone but Sandy the rest of that day. Judy steadfastly refused to read them. At 8 o'clock she fell asleep, worn out with waiting for good news.

She didn't awaken until the matron returned with a gray calico dress, a cup of strong coffee, a piece of hard toast without butter, and some cereal buried under blue milk.

"Another man to see you today," the matron whispered. "Right outside the door. He looks cross but he's handsome. You choose the good-looking ones, my dear."

JUDY'S knees grew wobbly. She sat down quickly. The matron slipped the gray dress over her head and zipped it up the side,

who would dare that much for love today.

"Oh, no!"

"No!"

She looked at him closely. He frightened her. His face was as hard as his voice. This wasn't the Phil she knew. Maybe it was one she didn't know. She wanted to go somewhere and cry. Cry with someone who understood. Someone like—like Sandy. . . . She caught herself up with a start. Sandy was daring, adventurous, mad, but he was not cruel like this. Anyway she hated him. Hated him a lot.

"Why don't you marry Sandy?" Phil asked. "You're the same kind of people."

Judy stood in her cell, eyes as cool as the ones she faced. "Why not give him the same idea? I'm sure he never thought of it."

"Well, anyway, I agree with your father that you need a lesson. I hope you profit by this."

A roguish gleam captured Judy's eyes. "And meantime, I wonder just what you ever saw in me. Why did you try to marry me? I'd die for the man I love. . . ." It was oddly true, but she would. Not for Phil, though. Never for Phil.

It was a strange way to solve a problem, but she felt better. Before Sandy had liked Peg, her heart might have done a flying trapeze act for him. Then, remembering how much ill he had caused her, her anger against Sandy mounted again. Slowly she removed the diamond ring from her finger. It left no crease, because she had worn it such a little time. "Please go," she said quietly.

SHE was glad that he left immediately. Glad, too, that he left her the morning paper. Now she could see how the public felt about her. She caught her unshod foot against a rusty nail and the jail physician came to cauterize it with an electric needle, but first she tore strips of tulle from the wedding dress in a vain attempt to stop the bleeding.

The matron brought news that Sandy had spent the night on a chair in the outer office, and between the time of Judy's arrest and now, he had used up all his money in seeking aid for her.

"He said he wouldn't be back again," the woman concluded.

Judy nodded numbly, folding the torn wedding dress into a ball. (To Be Continued)

Arouse Nations To Menace, Tom Connally Urges

INDIANAPOLIS, Oct. 2 (AP)—Senator Tom Connally (D-Tex.), chairman of the senate foreign relations committee, today told the 64th annual convention of the American Bar association it was the responsibility of members of that body "to arouse the citizenry of the nations of this hemisphere to the menace of totalitarianism, whether arising from within or without."

"The people have spoken through their constitutional representatives," said the senator. "Our neighbors to the north already are engaged in actual combat. Let the republics of the Americas defend the corollary to the Monroe Doctrine which has been extended by President Roosevelt to wit: That no foreign dictator shall weaken the security of this hemisphere."

"We shall defend this hemisphere against foreign aggression from Europe or from Asia with united power and unflinching fortitude," Senator Connally continued.

"The American republics choose liberty rather than slavery. They reject the chains of economic serfdom which Nazi philosophy would forge for their sovereignty and independence. They will resist with steel tempered in their own blood the manacles which Nazi military might seeks to rivet upon their unwilling hands."

FUNNY BUSINESS

"Well, at least we made the first payment on the piano—I sold the bench!"

Infatuated Girls Commit Suicide

PORTLAND, Ore., Oct. 2 (AP)—Two girls, infatuated with boys who ignored them, committed suicide in the apartment of a friend last night, Detective Myron Warren said today.

The bodies of Betty Waldron, 18, and La Vonne Wood, 17, were found on a small cot in the kitchen of the apartment of Eddie Lente, 19, who told Warren he gave them permission to use the apartment. All six jets of a gas range were on.

Warren said several notes were discovered in the living room. Both girls admitted infatuation for boys who did not share the feeling.

STOP TRYING 'BARGAIN' COFFEES?

LATER... JANE RUNS OUT OF COFFEE...

FOLGER'S! I DON'T BELIEVE I'VE EVER TRIED IT!

FOLGER'S! WELL, YOU HAVE A SURPRISE COMING! FOLGER'S IS MOUNTAIN-GROWN COFFEE, YOU KNOW! ITS FLAVOR'S WONDERFUL!

AND DON'T GET YOUR COFFEE TOO STRONG— I USE 1/4 LESS OF FOLGER'S!

GEE, HONEY! WHERE HAVE YOU BEEN HIDING THIS COFFEE ALL MY LIFE!

AND FOLGER'S MOUNTAIN-GROWN FLAVOR'S A COFFEE SAVER, TOO!

It's true! Folger's mountain-grown flavor has so much more vigor and tang—over 7,000 women write they use 1/4 less of Folger's—and get better-tasting coffee! Most brands (up to 3 out of 4) use lowland coffees. But Folger's comes from volcanic heights—nurtured in keen, bracing mountain air, tropic sunshine and rain and vigorous volcanic soil! That's why Folger's makes other coffees taste thin and weak by comparison. Try it and see!

McLean Will Play Lakeview Friday Night

Special To THE NEWS
McLEAN, Oct. 2.—The McLean Tigers will continue their predatory prowls this Friday night when they invade Lakeview for their fourth game of the season.

Every member of the McLean squad saw action in the Panhandle game. It seemed that no matter what combination Coach Sewell Cox sent onto the field, they were able to penetrate a green Panther line almost at will.

Although the Tigers have been undefeated so far, they are looking for rough going when they take the field against the Eagles, according to Coach Cox. The Lakeview aggression, heretofore a walking mat for the conference, has turned and is proving that they can dish it out as well as receive it.

Wills Ledbetter, who has been alternating at end and short man position with Kenneth Dyer, will be out of the coming game with an injured knee. Cox has not stated definitely who will be selected to take his place.

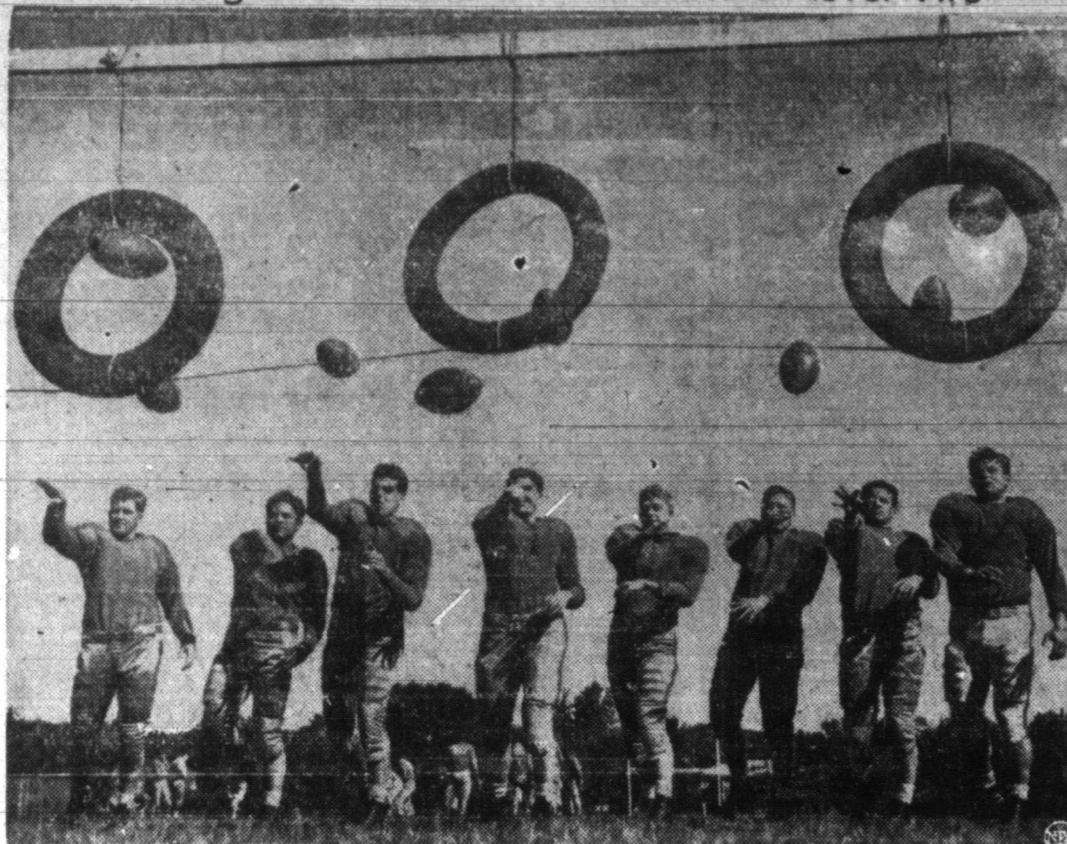

Dyer, whose smashing blocking has been in a large measure responsible for the amazingly long runs by Halfback John Lee, was shifted from right end to the short man position in the Panhandle game and seems slated to keep that berth.

Sally Rand To Wed Montana Cowboy

CINCINNATI, Oct. 2 (AP)—Sally Rand of the bubbles and fans is "going western" via matrimony, she disclosed today.
The dancer, currently filling an engagement in a nearby Kentucky night club, said she would marry Thurkel "Turk" Greenough, 36, broncho-buster and rodeo star of Red Lodge, Mont., "sometime around the first of the year."

Target Practice at Which Passers Never Tire

Northwestern's passing backs sharpen eyes with tires as targets. Left to right: Bill deCorrevont, Otto Graham, Dan Williams, Don Kruger, Bud Kean, Don Buffmire, Jim Furlong and Floyd Chambers.

Dodson 6-Man Team Plays Groom Tonight

Special To THE NEWS
GROOM, Oct. 2.—The Dodson six-man football team will meet the Groom Tigers here Thursday night. This will be the second meeting of the two schools. Last year Groom, with its heavy experienced team, scored at will against the lighter Dodson boys. This year the story will be different. It will be a heavier and more experienced Dodson team meeting a light inexperienced Groom squad.

Both teams have defeated Alanreed, at Alanreed, by a margin of one touchdown. Blake Clyde, Dodson coach, will make use of his boys' weight and experience to avenge last year's defeat.

Groom's starting line-up will likely be: Tillman and Brown at ends; Wilkerson at center; Burns, quar-

Seeing-Eye Dog Demonstration Given At McLean

Special To THE NEWS
McLEAN, Oct. 2.—Cecil Rook made an interesting talk to the students of the McLean High school Tuesday afternoon about the institution for the blind which he attended in New York. He brought his seeing-eye dog with him and explained the methods by which the dog had been trained. He talked about the management of the institution and how the blind were trained to have confidence in themselves.

Mr. Rook is a resident of Shamrock and supports his family there by a self-owned and operated business.

Mr. Rook is a resident of Shamrock and supports his family there by a self-owned and operated business. Mr. Andrews and Whatley, halves. Game time will be 8:00.

Worker Should Have Only One Social Security Number

A man may work for many employers but he should have only one social security account number. Regardless of the number of employers he has had, all of the wages he earns will be credited to his one social security account if he makes certain that each employer is given the same name and account number. It was explained by Dewey Reed, manager of the Amarillo office of the Social Security board.
"Each worker's social security account is identified by his account number, just as a bank account is identified by the number appearing on the depositor's bank book. Since the employee and employer both pay like amounts for insurance premiums to provide monthly benefits for the employee after his retirement, or to his survivors in case of his death, every precaution should be made to see that the employee's wages are always reported to the government under the same name and social security account number."
Reed explained that in spite of the fact that there may be hundreds of people with the same name, each of them will have a different social security account number.
"One person should not have two numbers, for every account number issued, a separate insurance account is set up. If a worker uses more than one number, his wages will be recorded to more than one account. If that continues throughout his working lifetime, he might have trouble in eventually proving all the benefits due him."
If you have more than one account number, request your nearest Social Security board field office for advice so that all earnings credited to your separate account numbers will be consolidated under one number. If you should lose the card on which your number appears, you can secure a copy of your original number by making application to the Board's field office and stating that you previously had a number.

U. S. Soldiers Arrive In Iceland

REYKJAVIK, Sept. 17 (AP) (Delayed)—Soldiers of the United States army, commanded by Maj. Gen. Charles H. Bonesteel, have landed here to bolster the increasingly formidable garrison of this Gibraltar of the north.
It was a workmanlike operation carried out with precision. Working parties wrestled all day with the grim material of modern war, taking them from the holds of giant transports which dwarfed the wharves.
Gen. Bonesteel was met ashore by Maj. Gen. H. O. Curtis, commander-in-chief of the British forces and general officer commanding all the soldiers on the island.
As he walked down the pier a guard of honor from the Durham light infantry regiment snapped to present arms and a quartet of warplanes roared low.
Gen. Bonesteel walked down the rows of light infantrymen accompanied by Gen. Curtis as the band played "Over the Waves," which accompanies all British general inspection. The American took the salute with Gen. Curtis, Brig. Gen. John Marston, commanding the U. S. marine forces in Iceland, and Admiral Scott, the British naval officer commanding.

86 Colleges And 1,650 Schools NYA Centers

AUSTIN, Oct. 2 (AP)—A total of 86 colleges and 1,650 secondary schools in Texas have been approved for national youth administration students aid. J. C. Kellam, state NYA administrator, has announced. Additional institutions are expected to qualify.
Approximately 20,000 young people will be able to stay in school as a result of the program, Kellam said.
Special attention has been given to areas where influx of defense project workers has been heavy and which were affected by the recent tropical hurricane.

Pampa And Canadian Youths Play On NTS Football Elevens

DENTON, Oct. 2.—The badly battered Eagles of North Texas State went to work this week to attempt to remake the Green and White squad into a machine that would be able to make some sort of stand against the powerful Hardin-Simmons University team when they meet on the Abilene school's home field on October 4.

The crippled Eagles, last year's title holder in the Lone Star loop, lost seven men in the fray against the powerful ponies of Southern Methodist University as the Denton team went down before a 54-0 onslaught in the season's opener at Dallas last Saturday.

Most seriously injured man on the Denton casualty list is Ira DePoo, El Campo, who started the game against the Mustangs in the right guard slot. DePoo fractured his cheek bone in the play and according to reports will be forced to undergo an operation that will keep him out of uniform for at least a month.

Also on the Eagle injury roster during the practice sessions last Monday was co-captain and starting left guard, Ervin Clay of Longview. Clay has an injured leg and took only light workout drills under the watchful eyes of Coach Cisco.

J. D. Clayton, first string quarterback for the North Texans, was also out of uniform and under observation in a Denton hospital. Clayton will be lost to the Eagles for an indefinite period. It is believed he has a slight concussion. Also on the sidelines as the team began its practice sessions was big Frank Power, regular Eagle fullback. Power, who falls from Bridgeport, wrenched his back in the Saturday game.

Wilburn Carnutt of Canadian, substitute left guard on the squad, sprained his ankle severely, but was able to continue with drills. Still out of uniform were Jesse Hart and W. M. Mumford of Pampa, who were injured in practice sessions early in the season.

Following the extensive limbering-up drills the Eagles were put to work refining their defensive and offensive tactics for their coming game.

Coach Cisco stated that he considered the Hardin-Simmons contest just as tough a test for his team as the one with Southern Methodist. "We are seriously crippled and will have to work hard to make a good showing," Cisco said.

Alanreed To Play Kelton Saturday

ALANREED, Oct. 2.—The Alanreed Longhorn six-man football team will play the Kelton Lions Friday night in McLean, at Tiger field. The team has worked hard and has a number of new plays.

The admission will be 20 cents for children and 35 cents for adults. The game will start at 8 o'clock. The Longhorns were defeated 20 to 18 by Groom last Thursday. It was a tight game and the team showed fight all through the game. They have improved since last season and are determined to show more improvement the remainder of the season.

Punts And Passes

(By The Associated Press)
MORGANTOWN, W. Va., Oct. 2 (AP)—The West Virginia Mountaineers are celebrating their 50th anniversary of football this season and as a result are known as the "Jubilee Boys."

TULSA, Okla.—You needn't lift your eyebrows when you see a young giant take his place in the Tulsa university lineup and then glance at your program to learn that he weighs but 188 pounds.

Bob Mullin, the Tulsa praise man, jotted down the exact weights while a notary public watched.

STATE COLLEGE, Miss.—Wilbur Dees, Mississippi State blocking back, really is a toughie despite his

104 pounds. Knocked cold in the first quarter of the Florida game he came back in 30 minutes to convey the ball carriers.

Once last season he lost four teeth in a single play but was back for the next formation.

MANHATTAN, Kas.—Kansas State has a "Waldorf" complex. Last Saturday the K-States were held scoreless by little Fort Hays Teachers coached by Paul Waldorf.

This week their assignment is to try and stop big Northwestern of the Big Ten, coached by big Lynn Waldorf. The Waldorfs are brothers.

Contraband of War
Cotton generally is contraband of war because it is the principal ingredient of smokeless powder and can best be combined with nitric acid to produce a high explosive.
