

Small But Heroic Force Of Leathernecks Still Holding Wake Island

WASHINGTON, Dec. 13 (AP)—President Roosevelt reported today that the United States still held Wake Island, speaking at almost the same time that the American Federation of Labor announced that the navy had informed it of the loss of Midway and Guam and the capture by the Japanese of about 1,000 construction workers.

The president told his press conference that the small force of marines at Wake Island was doing a magnificent job but the reported loss of Midway and Guam and new word of invasion in the Philippines offered some of the elation felt over three smashing blows reported against the Japanese fleet.

The AFL said it was told by the navy that about 700 workers were captured by the Japanese at Midway and about 400 at Guam. It added that some 10,000 building trades workers taken to Honolulu for defense work in the last year or so were believed safe.

Later an official navy spokesman, asked about the AFL report, which was the first attributed to United States official sources that Guam and Midway had fallen, said the navy had no information that they had been lost.

President Roosevelt announced he would issue a proclamation to launch a \$50,000,000 war chest campaign for the Red Cross; he said that ore shipments on the great lakes this season were at a high level of 80-90,000,000 long tons; that Prime Minister Churchill had offered help to meet material shortages, specifically offering the output of three Canadian steel plants; and that treasury reports indicated a gain of about 126 per cent in sales of defense bonds this week as compared to last week.

The naval successes announced in the last 24 hours—three enemy warships sunk and a fourth badly damaged—were especially sweet to the man in the street. They represented the first thumping down payment on the Pearl Harbor score, and they provided a fighting answer to the Berlin-Rome declarations of war.

Besides that, there was optimism over the attitude taken by Russia in rejecting German peace feelers and announcing that no peace would be concluded without the acquiescence of the United States and Britain.

Although the Russian attitude toward Japan remained indefinite, that fact was considered not without its strategic advantages. As long as Russia's final stand is in doubt, Japan is compelled to immobilize considerable strength to equalize the threat of the Red forces in Siberia. And with Russian bases only 600 miles away, Japan has no lasting assurance that her own cities might not get a return dose of Pearl Harbor tactics.

Food Prices Rise After Declarations

By FRANKLIN MULLIN
CHICAGO, Dec. 12 (AP)—American agriculture goes into the new World War with prices considerably below levels prevailing when Uncle Sam started shooting a quarter century ago. Moreover, stocks of some commodities are the largest on record and farmers are scheduled to step up production to peak levels in 1942.

Although farm prices have followed much the same course they took during World War I, today's market quotations, hovering around highs for the last four years, were hardly comparable in most cases to those of 1917.

Toy Matinee Will Be Held Tomorrow At Rex Theater

Tomorrow is the day that the American Legion helps fill Santa's sack with Christmas presents for Pampa children.

I HEARD . . .

That Roy McMillen, who is never satisfied unless he is doing some figuring, has it all figured out that Uncle Sam will receive approximately \$75,000 in taxes from the five major "Bowl" games to be played New Year's Day. And that's not hay.

13 Pampa Boys In Pacific War Zone

If every city in the nation has as many boys in the Hawaiian Islands and the Philippine Islands as has the city of Pampa, the islands should be well taken care of at this time. Wednesday the Pampa News asked persons in this area having sons, husbands or brothers in the armed forces to fill out blanks and send or take them to the Pampa News. The response has been more than favorable.

The blank is still being carried in the Pampa News and those who have not filled out one are asked to do so immediately.

Need A Laugh? You'll Find It In New Director's Comedy Tonight

Have you had a good laugh in the last five days—I mean a real good one? Chances are you haven't and that you need one—well, you'll get not only one but two in "Ever Since Eve" at 8 o'clock tonight at the Junior high school auditorium.

The Roving Reporter went to the play not expecting too much, probably because he figured that nobody would ever be able to take Kenneth Carman's place, but if the R. R. came to groan he remained to cheer, and the applause was for Mr. Robert S. (Bob) Ratcliffe and his bunch of high school players.

Have you had a good laugh in the last five days—I mean a real good one? Chances are you haven't and that you need one—well, you'll get not only one but two in "Ever Since Eve" at 8 o'clock tonight at the Junior high school auditorium.

The Roving Reporter went to the play not expecting too much, probably because he figured that nobody would ever be able to take Kenneth Carman's place, but if the R. R. came to groan he remained to cheer, and the applause was for Mr. Robert S. (Bob) Ratcliffe and his bunch of high school players.

But back stage to Mr. Ratcliffe for a moment. He succeeded Principal Carman of San Houston school, whose high school stage successes made it hard for any successor. Before Mr. Carman there was Ben Guill, the human hat wringer, whose dramatic record made it difficult for Mr. Carman. So it seems that Pampa high school has been fortunate in its speech teachers; well, it looks like it has hit the jackpot again in Mr. Ratcliffe.

It was funny and when he talked it was funnier. Probably because all men and boys see themselves in Johnny, played by Phillip Sillcutt.

Here's a sample of the conversation with which we are all familiar. It's between Lucybelle, played by Alma Watkins, the Southern heart-breaker and Johnny.

Lucybelle (flirtatiously)—You're a mighty horrid man! I reckon you are a woman hater. Oh, hush my mouth! I wasn't goin' to tell! Johnny (delighted)—So that's what they said! Lucybelle—Uh-huh. They said it!

Congratulations—Mr. and Mrs. W. C. Wilson are the parents of a son born Wednesday evening at the local hospital. The baby, who has been named James Archer, weighed eight pounds and four ounces.

Mr. and Mrs. Norman Clemmons are the parents of a daughter, weighing six pounds, 12 ounces, born at a local hospital Dec. 4. She has been named Addelya La Wayne.

20th Century Culture Members Have Yule Party

At the annual Christmas party of Twentieth Century Culture club, members were greeted by their hostess, Mrs. Frank D. Smith, who wore a red frock with a corsage of holly.

Also in keeping with the holiday theme, the house was decorated with greenery, holly, and mistletoe. From a large brightly-lighted Christmas tree, gifts were exchanged during the social hour when refreshments of cake and coffee were served with corsages of mistletoe as plate favors.

Favorite Bible verses were given in answer to roll call preceding a discussion of "Christmas Observance in the Americas" by Mrs. C. W. Briscoe, Jr.

In presenting "Adventures in Taste," Mrs. W. B. Weathered gave each member a copy of the recipe for preparing steak and onions as it is done in Mexico. All Mexican foods are highly seasoned and are prepared several hours or days before serving. Mexican sweets are much sweeter, too, than those used in America. Mrs. Weathered pointed out.

Mrs. J. P. Wehrung, who told of "Christmas in Mexico" pointed out that in religious Mexican families a nine-day celebration of Christmas begins on Dec. 16 and is observed in every home and found a nativity scene. These scenes differ from those in the United States in that Mary and Joseph are shown looking into an empty cradle until Christmas eve when it is replaced with a cradle holding a miniature infant. A gay spirit prevails in the celebration which follows the religious observance. Also gifts are exchanged on Jan. 6 rather than on Dec. 25, Mrs. Wehrung added.

Attending were Misses C. W. Briscoe, Jr., J. M. Collins, Frank Dial, H. H. Hahn, John Hayes, V. L. Hobbs, Joe F. Key, E. C. Kilpatrick, Ewing Leech, T. A. Perkins, O. R. Pumphrey, Garnet Reeves, D. E. Robinson, Fred Roberts, Fred Thompson, W. B. Weathered, and J. P. Wehrung.

Woman Flier Wants To Join Air Corps

TULSA, Okla., Dec. 11. (AP)—Jennie Tschep, 28, applied today for enlistment in the navy air corps.

"I have 600 hours of flying and am waiting to take my test for an instructor's rating," the blonde flier, who lives in Wichita, Kas., said.

"I'd like to get into the navy air corps as an instructor or observer, or wherever they'll put me, even to using a machine gun."

Recruiter D. P. Rawley said he's never heard of a woman flier in the navy in his 24 years of service, but that he'd find out what could be done.

20 Stenos Have Marines 'In Hand'

DETROIT, Dec. 12 (AP)—Twenty girls employed as stenographers in downtown offices were being recruited by the navy and marine corps recruiting offices today and presumably "had the situation well in hand."

Learning that the navy and marine offices were short of stenographic assistance, the girls offered their services during spare hours, each planning about eight extra hours a week.

Lieut. Charles Popp, marine recruiting officer, said their help would cut in half the paper work involved in each enlistment.

"We didn't bother to sign up with the regular organizations for volunteer work," said one of the stenographers from an abstract and title office. "We just heard the marines needed help so we came over and reported for duty."

The 16th census of the United States, in 1940, showed the nation with a population of 131,409,851.

Every year, the United States converts the skins of 140,000,000 animals into leather.

Sudden Stab Leaves Oahu Fighting Mad

By EUGENE BURNS HONOLULU, Dec. 12.—Oahu island's defenders rose to magnificent heights of valor in the face of six vicious raids on this Pacific outpost by Japanese warplanes last Sunday.

The sudden stab has left them fighting mad. Fifty to 100 enemy planes participated in the savage thrust at Pearl Harbor naval base, the Hickam Field army base, and the Kaneohe naval air base.

The first wave came over at 7:55 a. m. local time, followed by other waves at 11:29 a. m., 11:59 a. m., 12:22 p. m., 7:15 p. m., and 9:10 p. m.

Here is the mountainous highway, vital aid route to China's armies, that American pilots flying for the Chinese air force will patrol and guard from Japanese bomber attacks.

mountain, elevation 1,350 feet, from where Pearl Harbor and Hickam field were plainly visible and saw three black plumes rising from the field and the harbor and blue patches of sky flecked white with the bursts of anti-aircraft fire.

Defense Guard To Have Air Service

Company D of the Texas Defense Guard is going to have its own air service. Poster Fletcher, local photographer and pilot, today received a message from Art Hawks, Amarillo, saying it was imperative that Pampa supply four planes and four pilots at once.

These planes and pilots will be a part of the local company of the Texas Defense Guard. Mr. Fletcher said he and Ernest Arrey had a four-place Stinson plane, fitted up as a photographic ship, which could be of service and estimated that at least 10 planes might be mobilized here.

Five Latin American Nations Follow U. S. In War Declarations

The western hemisphere's position as a barrier separating the Orient and Europe members of the Axis was solidified further today by declarations of war by five Latin American republics against Germany and Italy.

Costa Rica, first of the 21 American republics to declare war against Italy, took similar action yesterday against Germany and Italy. Cuba, Nicaragua, the Dominican Republic and Guatemala followed with similar declarations and Mexico broke off diplomatic relations with the Third Reich and Fascist Italy, as she had done previously with Japan.

Speaking Of Pork Here's Some Recipes

Great strides have been made in improving the health of the local community in the "all out" campaign to strengthen America's health defense. Otis R. Humphrey, chairman of the food industry committee reported today.

"Speaking of pork," Mr. O. R. Humphrey said, "I have found some very interesting recipes in a recent bulletin issued by the U. S. D. A. bureau of home economics and I am passing them on to local homemakers with the hope that they will try them."

Preserver Of Man Topic Of Sermon

"God, the Preserver of Man," is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, Dec. 14.

The Golden Text is: "Withhold not thou thy tender mercies from me, O Lord; let thy loving kindness and thy truth continually preserve me" (Psalms 40:11).

Among the citations which comprise the lesson-sermon is the following from the Bible: "He that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life" (John 5:24).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The infinite never began nor will it ever end. Mind and its formations can never be annihilated. Man is not a pendulum, swinging between evil and good, joy and sorrow, sickness and health; life and death; Life and its faculties are not measured by calendars. The perfect and immortal are the eternal likeness of their Maker" (page 245).

Recruiting Station For Defense Guard Will Be Set Up

A recruiting station for enlistments in Company D, 14th battalion, will be set up in the city hall where enlistments will be received from 2 to 6 tomorrow afternoon and from 2 to 6 Sunday afternoon.

It is important that all of the 52 men who passed the preliminary physical tests at the high school last Tuesday night, report to the station so that enlistments can be completed.

The Tuesday night test was only a small part of the process of enlistment and the local company wants to get the new men on its roster as fast as possible.

Location of the recruiting station in the city hall had not been definitely determined today but it will not be difficult to find. No decision has been made as to whether the station will be permanent.

Regular school of non-commissioned officers of Company D will be held at 7 o'clock tonight at the high school, First Lieutenant Dan E. Williams announced today.

Commodity Prices Mount Higher

NEW YORK, Dec. 12 (AP)—Prices of the country's principal commodities and securities moved higher today in the face of war declarations on this country by Germany and Italy.

After a mixed start in the stock market the trend turned upward, led by steel shares, especially U. S. Steel and Bethlehem. Some aircraft issues also found favor and chemical and electrical issues were taken at higher prices.

At Chicago wheat and corn advanced in initial dealings. Soybeans rose their permissible limit of 6 cents a bushel. Most commodities at New York showed but minor changes, including cocoa, wool tops, sugar, hides and cottonseed oil.

Sadler To Talk With Henderson

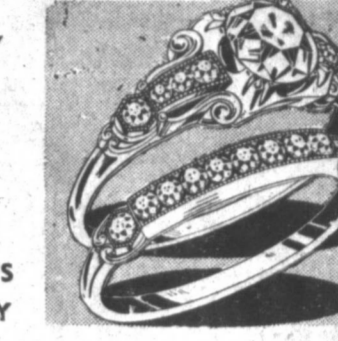

WASHINGTON, Dec. 12 (AP)—Jerry Sadler, member of the Texas Railroad Commission, was scheduled to discuss vital problems of the petroleum industry today with Price Administrator Leon Henderson.

Sadler conferred yesterday with Robert E. Allen, director of production in the office of the petroleum coordinator, and announced later that he and Rep. Beckworth (D-Texas), would see Henderson today.

Sadler declined to discuss the nature of his business with Allen, other than it pertained to petroleum and national defense.

McLEAN-PHILLIPS BATTLE POSTPONED UNTIL TUESDAY

Field Must Be Dry For Title Game

The weather man has decided today will be his day to watch at the McLean-Tigers and the Phillips Blackhaws play for the region one championship. In order to outsmart the weatherman, Supt. C. A. Cray of McLean and Supt. Bob Vaughn of Phillips got together on the telephone and decided to postpone the game.

So, the Tigers and the Blackhaws will get together Tuesday afternoon at 2:45 o'clock in the afternoon at Phillips, weather permitting, of course. Should the weather remain unfavorable, the game will be postponed until next Friday afternoon at the same hour.

The rest will be beneficial to the Tigers who had a rip-roaring battle with the Floydada Whirlwinds last Friday, winning 42 to 25. Phillips has had a game in two weeks and the long rest might make the defending regional champions sluggish.

McLean needs a dry field in order to work speed and passing, but hope of holding the big and fast Blackhaws.

Sports Roundup

By HUGH FULLERTON, JR.
(Wide World Sports Columnist)

NEW YORK, Dec. 12. (Wide World)—Isaac Kidd, Jr., son of Admiral Kidd, who was killed in action in Hawaii, was a member of the naval academy "B" football squad this season. Lieut. Bill Ingram, one-time Navy coach, was stationed on the Oklahoma.

Another ex-athlete who probably has had action in Tom Lombardi, Syracuse footballer and oarsman of 10 years ago, last reported aboard the West Virginia. The New York universal undergraduate newspaper council, which started the blast against the Violets' athletic setup, has decided to forget about it for the duration. This may be just propaganda, but reports from the Southwest say Coach Ferguson of Arkansas Aggie Bob Weevils claims he won't risk scheduling Pacific Coast conference clubs. "We would be taking an awful chance," he says, "and might even win."

Today's Guest Star
Tommy Tucker, Cleveland News: "It is the general consensus that Mel Ott will be more popular as manager of the Giants than was Bill Terry, which you might call damning with faint praise."

Service Dept.
Basketballers Ernie Andres, Frank Baumholtz, George Rung and Jim Van Orsdel of Great Lakes Naval training station also are diamond stars. Andres played third for the Louisville Colonels last summer. Walter Betilla, Olympic skier from Ishpeming, Mich., is going into training at Glenview (Ill.) naval reserve aviation base. He shouldn't have much to learn about flying.

The Camp Croft (S. C.) football team must have been really good. Several players who didn't go to college have been approached by scouts from southern schools. The Moffett Field (Cal.) flyers named Mickey Colmer, 222-pound fullback from the 40th division team at Camp San Luis Obispo, as the outstanding player on their all-opponent team. Bob Cromwell, former Boston College second baseman, came through two plane crashes without a scratch while on duty as a flying instructor. When he drove from North Corpus Christi, Texas, to B. C. Holy Cross game, he was in an automobile accident that brought him a concussion and four stitches.

Cleaning The Cuff
Rumor has Oklahoma City U. returning to big-time football and about to get Fred Thomson, who is due to get the reins as Arkansas coach. One of Lefty Grove's greatest ambitions was to stick around until he could pitch against Bob Jr. in a big league game—and beat him. In spite of his tough two-year-old campaign, Alsbury put on 100 pounds during the year. That's nothing compared with what the bettors put on him. Week's worst gag: Larry MacPhail found a hole in the Brooklyn outfield and spent \$30,000 to patch it.

In Sweden both employers and workers are nationally organized to bargain collectively on a nationwide scale.

Tyler Has Best Team To Come Out Of Piney Woods

By HAROLD V. RATLIFF
Associated Press Sports Editor

A couple of teams you had expected to meet in the Texas school football play-off clash at Temple today to open the quarter-final round with one of the two remaining undefeated, untied records on the line.

Temple's Wildcats, who have done everything in the Interscholastic League except win a championship, will battle Tyler for their accumulated spot—the semi-finals.

If there's anything in the law of averages, the Wildcats ought to make it this time. In 1939 they went to the semi-finals, in 1940 they went to the finals. They might have won the title in 1939 except that they were serving out a league suspension.

The Tyler team facing Temple today is undefeated in the state play-off despite the fact that it has been defeated.

Tyler was rated a top state threat back in September before the season opened. It was defeated somewhat by dropping before Sunset (Dallas) in the opening game but hasn't played like a beaten team since.

Temple, on the basis of its perfect record, is being generally picked to win over Tyler but a victory by Tyler would not be in the category of upset.

Three games are scheduled Saturday as the semi-final bracket is completed.

The Wichita Falls Coyotes will match their past magic against that of Little Ysleta at Wichita Falls.

Sunset's Bison, the other undefeated team in the state, will play Highland Park at Dallas.

Austin's comeback kids will battle Lamar of Houston at Austin.

A total of 50,000 fans is expected for the four games, weather being favorable.

Of the four were four games quite so perplexing. Wichita Falls is probably the strongest favorite to come through. The other three battles look like toss-ups.

Here's the outlook from this corner (estimated crowds in parentheses):

Tyler at Temple (6,000)—a weak vote for Temple and no shock should Tyler come through.

Ysleta at Wichita Falls (10,000)—we'll take Wichita Falls in an aerial duel.

Highland Park vs Sunset at Dallas (20,000)—Sunset by a narrow squeak.

Lamar at Austin (9,000)—a close shave for Austin but we'll pick the Maroons.

Borger Beats White Deer Bucks 34-21

Special To The NEWS
WHITE DEER, Dec. 12.—The White Deer Bucks were outclassed by the Borger Bulldogs, 34 to 21, Tuesday night, in the Bucks' first home game of the season.

The Bucks kept the score fairly close in the first half, but dropped back in the second. Gilbert Morris led the scoring for the Bucks by dropping the ball in for a total of 10 points.

Jack Briggs and Gaddis Jr. were outstanding for the Bulldogs, who were high-point man of the game with 17 points.

Starters were:

Borger
Jack Briggs, F., 40 lbs.
L. Hester, H. Naples, L. Hester, G. Morris, Gaddis Jr., C., 210 lbs.
D. Thurlow, R. Bradford, G. A. C. Bourigan, T. Milroy, G., 170 lbs.
J. Johnson, G.

Substitutes for White Deer were Milton, Franks, Urbanczyk, Guy Hester, and Collis; Borger, Hughes and Gregory.

McCoy Meets Zivir

NEW YORK, Dec. 12 (AP)—Young Kid McCoy of Detroit meets former welterweight champion Fritzie Zivir tonight, with the winner advancing a notch toward a shot at Freddie Cochrane's title.

McCoy, who has won 45 of his 54 fights since turning professional in 1928, 10 of them by knockouts, is favored at odds of 5 to 7. A crowd of around 10,000 is expected to turn out.

Ohio's population increased from 6,646,697 to 6,859,623 between 1930 and 1940.

Reapers And Peewees Win Two Games From Perryton

Pampa's two junior high school basketball teams won nip-and-tuck games from the Perryton Juniors last night in the local gymnasium, the Reapers scoring on Perryton 24 to 22 while the Peewees beat the Perryton midgets 10 to 8.

Coach C. P. McWhirter of the Reapers is starting the season with only one player back from last year's team which lost only one game. The returning letterman is Billy Coy Sheehan who last night bagged three field goals. Scoring ace of the game was Yearwood who accounted for eight points.

Ellis, a tall, straight shooting center, led the Perryton attack with six field goals and a free throw for 13 points.

Both teams showed promise at spots but were naturally ragged in their first games of the season. Many setups were missed by both teams while difficult shots appeared easy. That's how basketball goes early in the season.

The Peewees divided their scoring with reserves playing an important part. Fatherree and Grantham, with three points each, led the Peewees. Holland was Perryton's hot spot player.

The box scores:

	fg	ft	pf	tp
Reapers	0	1	1	1
Ellis	3	3	3	6
Oree	1	1	4	3
Sheehan	3	0	3	6

First Missouri Player Makes Associated Press All-America

By CHARLES CHAMBERLAIN
COLUMBIA, Mo., Dec. 12 (AP)—He started out as a fullback and wound up as an All-America center.

That's the odyssey of Darold Ward Jenkins, first Missouri football player to make the Associated Press All-America team.

Take a good look at him in that Sugar Bowl game with Fordham. For when the Tiger captain slips his 180 pounds from his grid iron form in the dressing room, it will be the last time.

He will be known as Lieutenant Jenkins after graduation in June. Uncle Sam will do the coaching.

"The army is my future," this quiet-spoken, clean-cut fellow said today, "and I'm going to stick with it as long as possible. Guess the Sugar Bowl will be my final football appearance."

As a sophomore at Missouri, Jenkins found himself just one of about 15 fullbacks in the Tiger flock. He didn't get a second look in the backfield, so he decided to try for center.

He collected splinters that season while his team won its first Big Six championship.

At the start of his junior year, he still was playing the bench. By mid-season he had driven the No. 1 center out of the starting lineup.

Jenkins, as well as his coaches, considers his game against Nebraska in 1940 his best single performance. The Huskers won, 20-7, but Jenks' teeth-jarring tackles were felt the remainder of the year.

Johnny Mize Turned Over To New York

By DAVE HOFF
CHICAGO, Dec. 12 (AP)—The big merry-go-round of the major league winter baseball meeting had just about run down last night when the St. Louis Cardinals suddenly turned Johnny Mize over to the New York Giants—and there was the deal for which bosses of the 16 clubs have been watching since Monday.

Coming as it did, the move found most of the major league chiefs already homeward bound, but not Branch Rickey of the Cardinals and Bill Terry of the Giants.

Rickey let go of his big slugging first baseman only after Terry had promised to hand over Catcher Ken O'Dea and Pitcher Bill Lohmann—plus a chunk of cash of unstated denomination. O'Dea had played in only 59 Giant games and Lohmann had won only nine of 19 decisions last season, so Terry figured he could spare the boys. And Rickey knew what he'd do about the cardinal first base job.

Coming up from Columbus is Ray Sanders, a competent first sacker, and from Rochester, Johnny Hopp, nominally an outfielder but a youngster who also can handle first base.

Regarding O'Dea, Rickey said he needed a catcher and "liked the looks of Ken." He also was reluctant to take the other fellow's spare cash.

Yesterday's other developments reflected the chiefs' concern over the nation's involvement in the war, an item that detracted considerably from their efforts to discuss baseball. They set up a \$25,000 fund to buy diamond equipment for service training camps, and agreed to turn over receipts from the annual all-star game for the same purpose, thus assuring a final kitty of about \$125,000.

Uncle Sam To Get Several Longhorns

AUSTIN, Dec. 12 (AP)—The information leaked out today that a number of the University of Texas Longhorns' "greatest team in history" soon may be members of Uncle Sam's forces participating in the nation's war with Japan.

Just who had volunteered for service in the armed forces remained unknown because the lads themselves asked Coach D. X. Bible himself a World War veteran, to keep it quiet until they were accepted.

"It's just possible that some of them might be turned down and therefore they don't want it known," the coach explained. "It was only natural, however, that the boys should want to serve their country in these perilous times."

Kutner Of Texas Named On AP All-American Team

By DILLON GRAHAM
Sports Editor, AP Feature Service

NEW YORK, Dec. 12.—Perhaps no football player caught the imagination of the fans this year as did a broken-jawed Southern star who played with his chin tucked behind a special BAUMANN Northwest.

This University of Georgia halfback, Frank Sinkwich, who became the country's leading ground-gainer, was named today on the all-America team along with another Dixie standout, high-scoring Bill Dudley of the University of Virginia.

Sinkwich picked up 1,102 yards rushing in 10 games, just 20 short of the record of Byron (Whizzer) White four years ago. Dudley's figures are almost too amazing to believe. Besides topping scorers with 134 points, he gained 2,467 yards in rushing, passing, and punt and kick-off returns.

Rounding out the backfield of this 17th annual All-America, chosen by The Associated Press after a nationwide survey of expert opinion, are Frank Albert, Stanford's cleverly quarterback, and Bruce Smith, captain and ace ball-carrier of Minnesota's mythical national champions.

The Middle West, as last year, gained a plurality of All-American positions, landing four stars on the first team and nine on the complete squad of 35. The South finished eight men to the full squad. Then came the Far West with six, and the East and Southwest with five each.

The Far West produced the only repeaters from the 1940 club—Albert and Bob Reinhard, versatile tackle of the University of California. At the other tackle is Dick Woldung of Michigan, in which he was hurt; who finished sensationally against Iowa and Wisconsin.

Smith was the difference in the Michigan game. He punted 70 yards, over Kuzma's head, to the Wolverines' 12 end, on the return kick. Minnesota barged to victory. After Iowa had taken a touch-down lead, Smith rushed into the fray and in six plays led the Gophers to the tying score. Then he quickly paced two other scoring drives. He shattered a Wisconsin team that had been holding the Gophers by engineering four touchdowns in six quick bits of ball-handling.

The Minnesota captain was a good defensive player, an excellent tackler and blocker, and a sure safety man. This son of Lucius Smith, a Gopher tackle 25 years ago, richly earned All-America rating in spite of the injury that hampered him in mid-season.

Coach Bernie Bierman summed up Smith's value after the final game when he said: "Bruce finished just like he started—by breaking up every game in which he played."

Plenty Of Competition

This top-riding quartet of Dudley, Albert, Sinkwich, and Smith received spirited competition from Jack Crain of Texas, Steve Lach of Duke, Derace Moser of the Texas Aggies, and Bob Westfall of Michigan, who comprise the second team backfield, and from Billy Sewell of Washington State, Jack Jenkins of Vanderbilt, Jimmy Nelson of Alabama, and Steve Filipowicz of Fordham, the third team choices.

Westfall was a stellar performer all season. Crain was off to a great start but the mid-season skills that struck Texas struck Jack. Lach, a fine runner, was perhaps an even better defensive player and blocker. Moser was the kingpin of the Southwest champions.

It would be impossible to name three backsfields and cover all the stars. Every section has clusters of aces. From the Far West there were Bobby Robertson of Southern California, Curt Meacham of Oregon, Leo Naranche of Montana, Pete Kmetovic of Stanford, Ken Casanaga of Santa Clara, and Don Durand of Oregon State. The South had Merle Hapes and Junie Howins of Mississippi, Charles Timmons of Clemson, John Black of Mississippi State, Stan Stasica of South Carolina, Walter McDonald of Tulane, and Harvey Johnson of William and Mary.

Preston Johnston of Southern Methodist was one of the best in the Southwest where such performers as Bob Brunley of Rice, Pete Layden of Texas, Jack Wilson of Baylor, and Kyle Gillespie of Texas Christian were hampered by injuries. The East had a goodly collection that included Bill Busik of Navy, Paul Gormerall of Columbia, Gene Davis of Penn, Edgar Jones of Pittsburgh, Andy Tomasic of Temple, Hank Mazur of Army, Bill Simalts of Penn State, and Howie Clark of Navy.

Out in the Middle West a handful of sophomore stars came along to grab the headlines—Bill Hilenbrand of Indiana, Notre Dame's passing sensation, Angelo Bertelli, Pat Harber of Wisconsin, Tom Kusz of Michigan, and Otto Graham of Northwestern. That sector, too, had such veteran aces as Bob Steuber of Missouri, Steve Juzwik and Dippy Evans of Notre Dame, Bud Schenk of Washington (St. Louis), Dale Bradley of Nebraska, Jack Jacobs of Oklahoma, and Bill Daley of Minnesota.

Jenkins Great Center Darold Jenkins, Missouri's center and captain, was the key player and

Sandie Gagers Powerful In Roofing Cats

Playing 20 boys, the Amarillo Golden Sandies proved their team last night defeated the Childrens Bobcats 30 to 20 in their opening game of the season. The victory placed the Sandies as the team to beat in District IAA this winter.

Coach T. G. Hull has his five starting Sandies back from last year plus five of seven reserves from last year's team, runner-up to the Pampa Harvesters in the Big Five.

The starting combination of Franklyn, Hughes, Madison, Holland and Duran proved to be a sound working outfit that was able to put the Sandies well out in front and give the reserves a chance to show their stuff, and they showed plenty.

On Tuesday night the Pampa Harvesters go to Childress for their second game of the season. The Bobcats will play a return game with the Harvesters Thursday night, here. Thus, comparative strength of the Harvesters and Sandies will be established early.

Jumping into an early lead last night, the Sandies led 18 to 5 at the end of the first quarter. They increased the lead to 20 to 5 at the end of the third quarter. The Bobcats, trailing 30 to 13 at the end of the third quarter, started jostling the ball to Cunningham who flipped four field goals in a row.

Hughes of Amarillo and Cunningham of Childress tied for scoring honors with eight points each.

The two teams play tonight in Childress.

Other excellent centers were Quentin Greenough of Oregon State, Vincent Banonis of Detroit, Wally Ziemba of Notre Dame, Bob Barnett of Duke, Walter Harrison of Washington, Ed Koriskey of Villanova, Vil Lindskog of Stanford, Louis Sossamon of South Carolina, Bob Evans of Army, Bill Diehl of Iowa, Bob Ingalls of Michigan, Bob Guide of Vanderbilt, Bill Sibley of Texas A. & M., and Bernie Lipkis of Louisiana State.

There was a close battle for end positions with Schreiner, unanimous choice for the All-Western conference team, and Kutner finally chosen. Kutner had no peers in the Southwest as an all-around wingman. He was a sure pass receiver and a good runner after receiving but his defensive play even outshone his abilities on the attack. Because of his sure-fingered catches, Schreiner was one of the most dangerous ends in the Big 9.

Right behind this pair came Holt Rast of Alabama, John Rokeby of unbeaten Duquesne, Nick Soeff of Washington State, and Bob Dove of Notre Dame. Almost as good were Bruce Alford of Texas Christian, Dale Gentry of Washington State, Eubank of Mississippi, Jim Sterling of Texas A. & M., Bob Motl of Northwestern, Loren MacKinney of Harvard, Bill Henderson of Texas A. & M., John Kovatch of Notre Dame, Jim Lansing of Fordham, Joe Blalock of Ohio State, Alvin Beale of Santa Clara, Fred Meyer of Stanford, Hubert Ulrich of Kansas, Fred Preston of Nebraska, Bernie Kuczynski of Penn, and Bob Gantt of Duke.

East Furnishes Guards

The guards, Ralph Fife of Pittsburgh and Endicott (Chub) Peabody 2nd, of Harvard, were personally credited with engineering two of the season's biggest surprises. It was Fife who was largely responsible for Pittsburgh's upset of Fordham in the Rams' only defeat. "Fife ruined our whole attack," said Fordham's Jim Crowley. "We couldn't fake him out of position." Peabody drew high praise for Harvard's 0-1 tie with favored Navy and its rout of Army.

Although playing on a mediocre club, Fife's performances couldn't be overlooked. He played the full 60 minutes against Duke and Ohio State and more than 50 minutes against Minnesota and Fordham. In the Ohio State game Fife caught a pass on a play he mapped out himself on the field. He backed up the line and was Pitt's extra point kicker. Wallace Wade of Duke ranked him as one of the finest.

Peabody was recognized as a defensive standout last year and this year he developed the offensive charge that made him a great all-around player. Swede Larson, Navy coach, said Chub stopped the Sailors' attack and Army paid him the compliment of putting three players on him (but this didn't work either).

Tackle Competition Fierce

Perhaps the closest competition outside the backfield, came at the tackles where Wildung and Reinhard had a slim edge over such burly boys as Alf Bauman of Northwestern, Ernie Blandin of Tulane, Bill Chewing of Navy, and Mike Karmazin of Duke.

Reinhard was more versatile than Wildung. He had no superior on the coast while performing the regular functions of a tackle. But, in addition, he did California's kicking, served as a passer late in the season, and, on occasion, did some ball-carrying as a pass receiver. In the Washington game, after running 30 yards with a lateral, he caught a 25-yard pass and ran for the Bears' only touchdown. Bob played 60 minutes in the last game against Stanford, helped block one kick, and recovered another for a score.

It was Minnesota's powerful line, plus Smith, that carried the Gophers to a perfect record and the No. 1 man on that forward was Wildung. He was a 60-minute batter in the tough tussles with Michigan, Washington, and Northwestern. Wildung often blocked two rivals on the same play. He was so tough that some teams finally stopped trying to get yardage through his end. Iowa, for instance, didn't run a single play at him.

The chances are that the Middle West boasted more good tackles than any other sector with such titans as Wildung and Bauman, Al Wilbert of Michigan, Urban Odson of Minnesota, Jim Daniel of Ohio State, Jim Walker of Iowa, Roger Eason of Oklahoma, and Norville Wallach of Missouri. Other ranking tackles were Al Bloss of Georgetown, Floyd Spendlove of Utah, Gene Flatman of Navy, Bill Arnold of Mississippi State, George Fritts of Clemson, Jeff Coats of Arkansas, Martin Ruby of Texas A. & M., Julian Garrett of Texas, Don Edminster of Tennessee, Hank Zakowski of Temple, Glenn Conley of Washington, and Verne Miller, Harvard's 300 pounder.

Today's War Analysis

By DEWITT MACKENZIE
 Wide World War Analyst
 Official word from Manila that the "situation remains unchanged materially" may be taken as encouraging, especially in view of the continuing Japanese assaults against strategic Luzon island.

I think we may assume that reinforcements—air, land, and water—will reach the Philippines before long, and it's good to know that our knight-champions are holding their own pending arrival of aid.

General Douglas MacArthur's "We shall do our best" inspires confidence. And what a grand job these marines are doing on the little Isle of Wake—damn their tough hides!

However, it should be emphasized that the Philippines are in a tough place. The Japs have troops ashore on both the northern and southern parts of Luzon and boast that they now are in position to start a pinners movement against Manila. That represents a serious threat.

News from London that the Nipponese troops are infiltrating into northern Malaya, and that the British are retiring to prepared positions, gives further indication that the Japs are maneuvering into position for a possible drive against the great naval base of Singapore. Even if they find a grand offensive against this powerful position isn't feasible, they figure on establishing air-fields from which they can conduct bombing operations against the British fleet at Singapore.

One of the most vital questions in connection with the battle of the Atlantic is whether Russia is going to declare war on Japan. Certainly one would expect the Bolsheviks to join the allies in the fight, since the security of the Soviet union is so heavily involved. Obviously the quicker Japan is knocked out, the better it will be for Russia because of the conservation of American and British energy and resources.

The entrance of the Muscovites into the war against Japan at this critical juncture might have a devastating effect on the island empire. As already pointed out in this column, the Red air fleet at Vladivostok is a mighty sword suspended over the heads of the uneasy Japs. All-out bombing raids against Japanese cities might be catastrophic for the Nipponese.

The Soviet announcement that Nazi peace overtures have been rejected, and that the Russians will attack by the allies, comes at an opportune moment. Only yesterday I was asked what might be the sig-

nificance of the Nazi withdrawal of warplanes from the Russian front, the German cessation of offensives, and Moscow's silence in the face of this. The intimation in this query was, of course, that Hitler and Stalin might be getting ready to sign another peace pact.

The answer would seem to be that the Russian and the Nazi interests clash at every point. That isn't a new thought on my part, for those readers who have followed this column will recall that from the start of the European war I repeatedly insisted that despite the Russo-German pact the two countries were headed for war.

Europe no longer is big enough to hold both Hitler and Stalin. The logic of the thing is that Stalin will fight, especially since Moscow already has laid against the fuhrer the charge of treachery in violating the pact with Moscow.

There is no capital punishment in Sweden, but a life sentence for espionage was recently imposed.

Reds Really Have Japs On Hot Spot

By JOHN M. HIGHTOWER
 WASHINGTON, Dec. 12 (AP)—Russia has Japan on an uncomfortable spot today.

The two nations are officially at peace. That status may continue. On that score, the Soviet isn't saying "yes" and it isn't saying "no." But Maxim Litvinoff, the new Russian ambassador to the United States, spoke yesterday of Russia's fight with America and Britain in a "common cause." Official Soviet spokesmen, rejecting German peace feelers, sounded much the same note.

Such a Russian attitude, military observers here noted, is not calculated to contribute to the peace

of mind of a Japan that is now fighting on three fronts in China, Malaya and the Philippines. And particularly since Russia has an old grudge to settle—her humiliation at Japan's hands in the Russo-Japanese war of 1904.

As long as Russia remains on the fence, Japan has a powerful menace at her backdoor, with airbases and bombers ready only 600 miles from Tokyo. And as long as that situation prevails, Japan must immobilize a defensive force of planes and troops roughly adequate to meet any sudden Russian move.

In one respect, the situation offered a striking parallel to that which preceded Italy's entry into the European war, when France was forced to keep sizeable forces on the Italian border as a precaution against an abrupt Italian invasion.

And, while the uncertainty lasts, it was pointed out, Tokyo and other key cities must live in fear that an unannounced Russian decision to join in the Pacific war may subject them to a surprise plastering from

the air in the best Japanese Pearl Harbor manner.

Should Russia make such a decision, it would close the ring of military powers about Japan and be a vital strategic gain for the Anglo-American front.

By striking suddenly and powerfully, while Japan is occupied in military and naval operations extending over thousands of miles of land and ocean, it is believed that the Russian Siberian army might well alter the whole development of Japanese strategy and turn it into a strategy of defense.

The Russians have in Siberia two things which could be of immense help to the allied campaign against Japan: an army and the air bases.

Prior to the withdrawal of some divisions from the Siberian front to aid in fighting the invading Germans, the Russian army in the east was generally considered superior in numbers and equipment to the Japanese forces facing it across the border of Manchoukuo. The Russian

air force was believed to possess great striking power in comparison with that of its potential opponent, regardless of its Japanese air showing of recent days.

SERIAL STORY

LADY BY REQUEST

BY HELEN R. WOODWARD

COPYRIGHT, 1941, NEA SERVICE, INC.

THE STORY: The climax of many installments at Diana Curt by her sister-in-law, Adela, comes when the vicious, spiteful, girl frames a meeting between Diana and her former employer, Siratons Richard Thorpe. Diana, knowing Thorpe and Adela, having an affair, goes to his hunting lodge hoping Adela is there. Stephen, Diana's husband, is hurt and bewildered even though his marriage to Diana is temporary and one of convenience, contracted to secure his \$2,000,000 inheritance which he would not receive unless he married before the age of 25. Others in the story are Phil Bruce, Stephen's best friend who is strongly attracted to Diana; Evelyn Thorpe, beautiful blind wife of Richard, whom Diana believes Stephen loves; Helen Somerville, Diana's triumphant Adela, who when her plot to discredit his wife with Stephen's words, "I love him," flashes Diana, "and I'm going to fight for him!" Stephen will leave the house, unless Diana leaves with her. Diana returns to her home, where she will stay until Stephen returns.

hastily. "What is the meaning of this?" she demanded indignantly. Adela was decidedly nervous. "I—I was afraid you were ill, Diana, and I've asked Dr. Stutzgart to come to see you."

"Nonsense! I'm quite all right." Her glance swept over the man, noted his shifting, restless eyes, knew he could not be a reputable physician. Her soft mouth became a grim line. "Could it be that you called Dr. Stutzgart because of my—what you chose to call—my dream, Adela?"

Adela's smile was fixed, full of triumph. "What you choose to call your reactions may have a bearing on the case," she sneered. "However, we'll let Dr. Stutzgart decide!"

Fury suddenly swept over Diana. She felt very much as she had that day so long ago in Richard Thorpe's office when she had told everybody concerned to go to the devil! Forces long dormant; indignities long suffered; passions long leashed possessed her swiftly. She swept back the covers and stood before them. It did not lessen her anger to see the look Dr. Stutzgart swept over her figure in its transparent nightgown. Her eyes flashed and her face was white with rage.

"Now look here, Adela!" she began, trying to keep her voice from screaming the words. "I've stood all I intend to stand from you! Your insults, your insinuations—but this is the last straw! Get out of her? Do you hear? Get out this minute! And take this idiotic, smirking quack with you!"

SHE stood there shaking with fury, while Adela, simulating extreme fear, backed out of the room followed by the entranced Dr. Stutzgart who Diana was sure murmured the word "Beautiful" several times beneath his breath. When the door closed behind them, Diana stood for a moment longer, then sank to the bed, convulsed with helpless laughter in which was mingled strange, heart-shaking tears. Suddenly she controlled herself, stopped abruptly, a thought widening her eyes.

Could it be that she was really going insane? Had all the strange things that had happened really unbalanced her mind? Calmly, almost analytically, she examined her reactions. No—she had never been saner in her life. It was just that the tension under which she had been living had shattered her nerves until one day perhaps control might easily become impossible. And when that day came would Adela finally convince the

world that Diana was unbalanced? Diana's arms encircled the bedpost for a moment and she lay her head down wearily. "Oh, Stephen, my dearest," she whispered, "come soon—come soon!"

A LITTLE later she called Evelyn Thorpe on the telephone. "Come over and spend the day with me, darling," she begged. "I have a feeling I'm going to need you."

Almost prayerfully Diana was grateful for a friendship that could more than receive a confidence with trust, but could understand the meaning of that confidence. No one but Evelyn, whose inward beauty was even greater than the loveliness everyone saw in her, could come so close to understanding Diana's conviction that Stephen—her Stephen—had spoken.

An hour later Evelyn's chauffeur delivered her to the house and the two girls went together to the library where Diana told Evelyn the strange things that had happened.

"Do you think I might have heard his voice really, Evelyn?" Diana asked, her hands clutching the blind girl's slender fingers. "I don't know, darling. It's very beautiful to think you did. But it's been so long and we've heard nothing—"

"Do you think I act like an insane person, Evelyn?" Evelyn turned in surprise. "But my dear, of course not! No one in the world is more sane. These illusions you have about Stephen—surely there's nothing unusual about them. Any woman in love might think she heard the voice of her loved one."

"Do you really think so?" "Of course, darling."

Diana sighed. "Then perhaps you'll think it strange that Adela has convinced everyone in this house that I'm unbalanced. The servants start from me whenever I approach. Aunt Christie takes on an exaggerated look of fear. And as for Adela—well, after I told her of my—my dream this morning, she brought a person—a psychiatrist, I suppose—to my bedroom."

"What did he do?" Diana's lip curled. "Admired me in my nightie, mostly, before I ran them both out. I shan't be surprised to hear from him again, though."

"You poor child! I could shake Adela. I'll talk to her."

"I'm afraid it wouldn't do any good."

OPM Declares Idle

Machines "Slackers"

DALLAS, Dec. 12 (AP)—The need of the nation at war is for speed in armament production, and speed means sub-contracts to smaller plants, Floyd B. Odum, national director of contract division for the OPM told a national defense clinic today.

He spoke by telephone from Washington, saying that "the idle machine from now on is a slacker."

"It is up to each manufacturer to register with government procurement authorities, outlining his plant capacity and facilities," said Odum. "He should list the things he can make and thinks he can make. . . . A man who turns out artificial legs has been discovered as a potential source for airplane tow bars."

Santa Will Visit

Police Department

Santa Claus is going to visit the Pampa Police department early this year.

The city commission at its regular meeting Thursday approved the purchase of a 1942 four-door special deluxe Plymouth sedan, equipped with heater, defroster, seat covers, lubrication services for 12,000 miles, exchange of spotlight, siren, red stop light. Net bid was \$385.

Included in the deal is a trade-in on the police department's 1941 Ford sedan. The new vehicle will replace the old as a scout car.

The successful bidder was the Pursley Motor company. Other firms submitting bids were Culberson Chevrolet, Pampa Brake & Electric, Tom Rose Ford, Lewis-Coffey Pontiac.

Scout Council To

Elect Officers In

Pampa December 19

Annual meeting and election of officers of the Adobe Walls Boy Scout council will be held at 7:30 o'clock December 19 in the city hall, Pampa. Dick Hughes, retiring president, announced today.

The meeting will open with a review of the year just past, given by chairmen of operating committees and by the council executive, Fred Roberts.

Each sponsoring organization will have a vote in electing the new officers. If a sponsoring organization has as many as four troops or packs it will have only one vote. Others eligible to vote will be members of the executive committee.

According to the department of education, 144 schools have taken part in defense training courses throughout the nation and over 126,000 students have been registered.

'EVER SINCE EVE' TO GIVE SECOND SHOW TONIGHT

Intramural Sports

Girls
A volleyball schismament is now under way. In the sophomore division, room 100 leads, playing four games and winning four with two more still to play. 102 and 201 are next in line for the possible championship. If one of these two teams should beat 100 there will be a three way tie. Each of these home rooms have been beaten only once.

In the junior-senior division home room 206 is at the top of the list with rooms 106 and 103 close behind. A few teams have been forced to forfeit games because their players have failed to come out.

Miss Maxine Richardson has announced that the girls' basketball tournament would begin shortly after the second semester.

The ping-pong tournament will begin Thursday, December 16. All coaches are asked to have their entries in by 4 o'clock Monday, which is the latest possible date. They are to select them carefully.

Here-to-fore girls entering singles have been able to play in doubles also, this year that will not be permitted.

Each room may have two entries in the singles tournament. Games are being played at noon and at 3 o'clock.

In the fiercest intra-mural game ever played in our school gym, home room 217 defeated 106 at noon on Tuesday. Both teams had an unbeaten record. The players of 217 started off with a fierce burst of speed and accurate shooting, tall "Red" Bearden being the star. However, 106 dug in grimly and at the half they were behind only two points.

In the second half fouls by 106 players and the accurate free shots of the opponents changed the situation rapidly.

The 217 players were much larger and taller than the 106 boys and they were cheered on by their home room teacher, Mrs. G. H. Alexander. The heretofore, very effective defense of 106 went bad before the end of the game. When the game ended the score was 22-11.

Home Room 106, coached by Miss Ann Spud, took a 100-0 victory in the volleyball tournament by defeating 201, Miss Maxine Richardson, physical education teacher, said. Room 101 won second place by defeating 102. The coach is Norma Allison.

Little Harvester Given All Texas Rating At Denton

Rafferty Speaks To Press Delegates

An All-Texas Honor Rating was awarded the Little Harvester at a convention of the Texas High School Press Association in Denton, December 4, 5, and 6, at the Texas State College for Women, in Denton.

Dorace Jean Caldwell, junior, was nominated for president of the convention and was defeated by Tommy Phillips, Mexico, by a vote of 35-36.

Mickey Rafferty, editor of the Little Harvester, spoke to the delegates on "Giving Sports a Fair Part in Our Publication".

Four members of the Little Harvester staff and Miss Margaret Tomberlin, sponsor of the Little Harvester, attended the meeting. They were Mickey Rafferty, senior, Dorace Jean Caldwell, junior, Scott Rafferty, and Eugenia Phelps, juniors. Eugenia Phelps also represented the annual staff. Four Junior High school students and their sponsor, Miss Katherine Simmons, also attended the convention.

The Weslaco Hi-Life, Weslaco, Texas, won first place in the page-in-local-paper division of the contest. The Lubbock Western World, high school paper won first place in the separate paper division and the John Reagan High school of Houston won first place in the semi-weekly group.

Senior Play Leads

PHILIP SILCOTT, lead in the senior play "Ever Since Eve," plays the part of a high school newspaper editor, Frankie Lou.

Keehn, who is appointed assistant editor, disrupts the usual routine of the paper. Joe Blackwood, business manager of the paper, also has his share of troubles.

Local Cagers Go After Trophy At Tourney Today

Several Reserves Shine At Game

Winning the Perryton tournament is the foremost thought in the minds of every member of the Harvester basketball squad. With only one game behind them the Harvester will still be the logical choice to go to the finals, if not to win the tournament.

Although the Harvester looked like everything but champions Tuesday, they showed great possibilities. Such boys as Reginald Bridges, Donald Rook, and Bobby Dunham, all reserves, are already beginning to look like smooth, steady ball-players.

Although it is hard to pick out a star in the first game of the season, one of the best was Tom Cox, forward. Cox seemed to be everywhere at once. Besides being the high-point man with ten points, he was one of the calmest players on the court.

Leslie Burge, last year's "B" team center who has been shifted forward on the first string this year, was unable to play because of a slight illness, but will probably be ready to go at Spearman Friday. Bridges, who took his place seems well fitted for the position.

Under the new set-up in the Texas Interscholastic League there will be no district, regional, or state tourney, so that means each team will have less games to play. Last year the local cagers played a total of 37 games, winning 30. This number will be cut to about 30 this year. El Paso High is the defending state champion.

Plot Of Play Centers Around Lives And Loves Of High School Journalists

Yearbook To Give Special Notice To Brothers-Sisters

Brothers and sisters gather round. Yes, this year a special page is being added to the annual so there can be pictures of brothers and sisters who attend Pampa High school. If you have a brother or sister in high school see Miss Margaret Jones, annual sponsor, about having your pictures made.

A last call has gone out for the juniors and seniors to return their proofs to Fletcher's Studio. These proofs must be in this week as the pages of the junior and senior sections must be made up and sent to the engraver immediately.

All class pictures and faculty pictures have been made, also the pictures of the Harvester football team, the co-sponsors, and the coaches; also the Gorilla football team pictures have been made. These pictures are being trimmed and posted by the annual staff to be sent to the engravers.

At 8 o'clock tonight the rollicking comedy of the senior play cast of "Ever Since Eve" with Phillip Silcott and Frankie Lou Keehn will help relieve the tension of war-filled minds for two hours in the Junior High auditorium. The play written by Ryerson and Clements was presented last night to a capacity crowd which entered into the spirit of fun and cooperated fully and enthusiastically with the members of the cast.

Matching the gaiety of the play are the costumes and settings. In spite of the numerous props, over 150 of them, the prop crew most efficiently came through, and the props greatly added to the final effect. R. S. Baskette, dramatics instructor, said.

Phillip Silcott who plays Johnny Clover, editor of his high school newspaper played the leading role in the junior play and was a member of the one-act play cast. Hectic times are the result of an inexperienced assistant editor, Susan Blake, played by Frankie Lou Keehn. Frankie Lou was the romantic lead in the junior play last year. She has won several amateur play dancing contests.

Joe Blackwood playing Spud Ewing, the business manager, shares the troubles of the editor. Jimmy Silcott plays William Clover, Johnny's father. Johnny's mother, Ellen Clover is played by Juanita Smith. Alma Watkins plays Lucylle Lee, a sweet southern belle. Susan appoints Betsey Ewing, played by Maxine Smart, as her assistant and adds more troubles to Johnny and Spud.

Bob Thomas plays the popular young principal, Henry Tuttle. Preston Hughes, the good looking school athlete who comes down with the measles, is played by Mickey Rafferty.

Officer "Cappy" Simmons, a friendly police officer is played by Ralph Burnett. Miss Margaret Wilford, journalism teacher, is played by Dorothy Drescher.

Mickey Rafferty, editor of the Little Harvester, is the football hero in the play and Phillip Silcott, the student council president, plays the part of a "stodgy" cop. Somebody has been misnamed, students opine.

The senior play "Ever Since Eve" presented this strangely contradictory situation when presented for the first time last night in the junior high auditorium.

Characters In Play Confessin' But Are Amosin' In Comedy

Pampa High school students are confused. When the editor of the Little Harvester plays the football hero and the Student Council president plays the editor of the high school paper, students murmur "confousing but amosin'."

Actors, sportsmen, artists, nurses, and musicians were among the most popular. Dorothy Nell Abbott, junior, would like to be Ginger Rogers; many would like to be Florence Nightingale; Harold Mitchell, senior, would like to be John D. Frances Deering Sets Year's Letter Writing Record

Writing letters is not a burden but a pleasure for Frances Deering. At present she is writing to several boys who are in the service of their country.

Frances is a girl who likes any kind of sport. She is writing to two draftees in Camp Barkley, Abilene, a navy enlistee in San Diego, and she also writes to an enlistee in the Canadian army, from whom she received a cablegram last Sunday saying he had "crossed" and arrived safe and well.

Frances also writes to Warren Stedman of Petersburg, Alaska, whom she has never seen, but she is the same age, height, hair, eyes, nose, and ears, and she is both juniors in school. Several other boys and girls in different parts of the country correspond with her.

"I write because I like to receive letters," says Frances.

The type who likes to write anything she is elected secretary of almost every organization she is a member of.

Christmas Gifts Picked By Students

Have you ever, in watching a movie, wished you were like Rudy Lamar or Clark Gable? Have you gazed at a photograph of some famous poet, musician, writer, composer, model, doctor, nurse, or designer and wished you were like him?

Students, this week, were greeted by the reporter with the question, "If as a Christmas present, you could be any person you liked, whom would you choose to be?"

Actors, sportsmen, artists, nurses, and musicians were among the most popular. Dorothy Nell Abbott, junior, would like to be Ginger Rogers; many would like to be Florence Nightingale; Harold Mitchell, senior, would like to be John D. Tree Will Be Placed In Hall For Christmas

A Christmas tree will be installed in the hall next Tuesday, Jerry Alexander, chairman of the finance committee of the Student Council, said.

Delbert Hughes, Jerry Alexander, and John Tom McCoy are members of the committee to gather boxes for the White Christmas to be covered by Fern Simmons, Dorothy Drescher, Mollie Kennedy, and Gretchen Bruton. These boxes will be filled by each home room with canned food, clothing and toys for the less fortunate people of Pampa. The Salvation Army will be in charge of distribution.

Two Science Classes See Moving Pictures

Miss Loraine Bruce's physics class and Mrs. Frances Alexander's chemistry class were shown a moving picture Tuesday.

The classes went to the auditorium stage where the picture, showing uses of compressed air was shown.

With the stage entrances closed and curtain drawn, a very appropriate theater was formed.

New "Whodunnit" Box Is Placed In Front Office

"Whodunnit"—that is what the journalism class and the staff of the Little Harvester want to know. And that's the reason a "Sagebrush" box has been placed in the outer office.

There has been much complaint by students on the small amount of "Sagebrush" column contains, but students who write our paper can not hear every little piece of gossip so we are giving every student the chance to contribute some description of an amusing incident, a funny friend or foe. Poems, jokes and witty sayings are welcome—so "you use your gizzards" come on and fill that "Sagebrush" box.

There is also a box for the Senior Annual and if you have any unusual snaps that drop them in. If you haven't any "unusual snaps"—drop them in too.

Texas Christian Coach Is Speaker At Banquet

Eggs, Milk, Fruit Play Part In Diet Students Learn

Pampa High school students graded their own diet, according to the Texas Food Standard Wednesday during home room period. Milk, eggs, vegetables, citrus fruits, but-ter, water, bread, and sweets are necessary to sustain energy, they found, for the average student.

Miss Ursula McCarty, health nurse arranged the program and sent for the charts to be distributed among students in each home room.

Below is the diet which each student graded: Milk, one pint to one quart; one serving of meat, poultry, fish, or cheese; one egg; one serving Irish or sweet potatoes; one serving green or yellow vegetable; one other serving vegetable; one serving citrus fruit or tomato, or raw cabbage, or strawberries, or melons; one other serving fruit; two servings whole grain products; other cereals and bread as desired; sweets (sugar, sorghum molasses or East Texas cane syrup); butter or vitamin margarine; six to eight glasses of water.

Snapshot Contest To Be Sponsored By Annual Staff

If someone takes your picture while you are standing on your head during gym period or while you are cleaning out your locker, don't be surprised as they probably will be taking pictures for the snapshot contest which the annual staff is conducting. A 1942 Harvester Annual is being offered to the person turning in the best group of 25 pictures pertaining to school life.

The rules for the contest are as follows:
There must be at least 25 pictures in the group;
All size cameras may be used;
Pictures must pertain to school life, such as assembly programs, the cafeteria at noon, intramural sports, machine shop, outside the building at noon, etc.
Pictures must be made by students of Pampa senior high.
Pictures must be turned in by Feb. 1.
John Knox, snapshot editor, is in charge of the contest, so the contest material may be turned into him. As the deadline has been set for Feb. 1, it will not be extended.

Not only will you stand a chance of winning an annual, but you will also see some of your pictures in the annual. It will not be hard to take 25 pictures, so come on and help the annual staff have a better snapshot section. Take pictures of some of your friends Christmas shopping, working, wrapping packages, etc. Enter now!

Coads Shine With Bangs, Curls And Furbelows In Style

Brunets, blondes, and red heads have expressed the newest coiffure fad by cutting short their hair in front and rolling it under into attractive bangs.

The bangs are neatly rolled and, generally, a pretty bow on top. The back is sometimes rolled in a page-boy or in a bunch of curls.

This fashion seems to have swept through Pampa High school in the past week or two.

Another fact that is to be popular now is great big bows. The bigger the bow, the more it is in style.

Coleen O'Grady, a blonde junior, is an example of the bang fad. Anita Andrews, a junior, in her big black bow, expresses the bow fad.

These two fads have been made popular by the number of students doing or wearing bangs and bows.

Inventory Shows Bad Teeth, Gums

Health inventories of high school students shows that bad teeth and gums are the most common defect Miss Ursula McCarty, health nurse, has announced.

In the inventories which are being made by Miss McCarty, nurse, Miss Maxine Richardson, and Oscar Hinger, physical education teachers, height, weight, eyes, teeth, ears, posture, and feet are being checked.

The second hour classes are being checked each Friday morning. They have checked three second hour classes and most of the physical education classes.

Parents are being mailed letters if children have defects and next semester they will check if they have corrected the major defects.

A number of cases of influenza in different parts of the state have been reported, Miss McCarty said. She asks that students eat properly and receive a lot of rest to prevent flu from coming here.

Students' Leisure Is Interrupted By War

The war with Japan came unexpectedly to all of us. It came during the ordinary Sunday routine, church, dinner, dishes, and dressing. Students were at work and at play when they heard the news. For example:
Tom Cox—playing football.
Mrs. Robert Sanford—reading.
Helen Marie Alexander—washing dishes.
Bill Bell—taking tickets.
Jerry Morse—fixing her hair.
Evelyn Kidwell—reading for a book report.
Audrey Lemmon—reading letters.

Old Gym To Be Site Of Basketball Games

"The new gymnasium will not be ready for use in Harvester basketball games until late in the season," Jack Davis, Harvester business manager, stated. The new lighting fixtures have not arrived yet.

All games will be played in the old gym until this equipment is installed.

Three Make 40 Word Mark In Typewriting

Although 17 words a minute is the standard set for the first semester, three students in the typing classes made more than 40 words a minute in speed tests given this week, Miss Ruby Foster, commercial teacher, announced.

Pearl Chandler has made 40 words a minute several times, but her highest has been a 45 word rating. Minnie Bell Williams has made 42 words a minute and Tom McCoy, 40.

The classes have been keeping an average of their speed tests and their average is from 17 to 22 words a minute.

Nenstiel Will Audit Books For School

Student activity funds will be audited by Harvey Nenstiel, Pampa, who has been chosen by the school board to audit books of the Pampa Independent School district, will audit the student activity funds of 1941-42, Principal D. F. Osborne announced Thursday.

Various funds to be audited are science, all class funds for sophomores, juniors, and seniors, home economics, library, typing, shop, and other miscellaneous funds such as uniforms, etc. in for football programs.

Students State Views On New War Situation

By AUDREY LEMMON
As the sun sullenly starts its golden rays toward the western horizon Sunday a startling revelation had unexpectedly dawned upon students of Pampa High school, as well as on millions of other American citizens—America is at war with Japan!

The news came as a surprise to many of the students. They were asleep? Are we dreaming? Scarcely able to believe our ears, we rub our eyes or perhaps pinch ourselves to give assurance that we are awake. Yes, we are awake! The report is true. American possessions are being bombed by the Japanese.

Shortly following the bombing, the Japanese declared that a state of war exists between the United States and Japan. The atmosphere is tense with excitement, as congressional members hurriedly book passage on the next plane leaving for Washington. They have gone to declare war on Japan!

Blackouts are staged, army furloughs are canceled, "Little Tokyo" in Los Angeles, Calif., is searched for aliens, deputies are appointed to keep watch over all districts.

In a tense excited atmosphere, students cluster around the radio at 11:30 o'clock Monday morning excitedly awaiting the speech of President Roosevelt, in which he states the policy of the United States toward Japan.

Commentators and military experts have stated their various opinions of war affairs of today, but in these days of changeable world happenings, apparently one person's opinion is as good as another's. The following opinions are stated by various high school students and teachers:

Miss Pearl Garen, history teacher—"I think it will be a long and hard-fought war. The thing we need to do is to keep unity and an optimistic spirit toward the war."

Jerry Alexander, sophomore class president—"The Japanese are far stronger than we think, and the war will continue at least a year."

John Tom McCoy, assembly chairman—"Based on the latest reports from Washington, the United States is entering into a long combat. It will probably take us three years to get under way, and then probably six months to defeat the Japanese."

A. L. Steele, history teacher—"This will be a long war, at the end of which there will need to be a good solution for international peace or there will be another world conflict in 20 years."

Raymond Blodgett, senior—"I think we will win, although the war will continue perhaps for two or three years."

Frankie Lou Keehn, senior—"The Japs have stuck their neck out and are going to get blown off the map. The entire scheme appears to have Hitler at its head."

Larry Fuller, sophomore—"I agree with Senator Wheeler as to the policy we should use toward Japan. The war will probably continue six months."

Neelie Joe Ellis, sophomore—"I think we will come out victorious in the end. We should blow Japan from the face of the earth."

Barbara Crossman, sophomore—"I think it is terrible. I can hardly believe it has happened."

Gale Reigh, sophomore—"This is a horrible situation, and it will take quite sometime for us to conquer them."

Frances Shier, senior—"Hitler is behind the scheme, but we will be victorious in spite of this."

Scott Rafferty, junior—"If Japan is our only opponent, the war will continue only a short time, but if Hitler steps in it may be prolonged."

EE. Joe Fischer, biology teacher—"I think the war is far more serious than we take it to be and I hope no harm befalls my younger brother."

IF TOMBSONES TOLD THE TRUTH
This gentleman Roger Q. Sloan Had so much advice to impart Telling people in mobs How to manage their jobs That he never had time for his own.

Here under the sod and the clover Is all that remains of John Dover Who always had bunches Of excellent lunches. He never would work to put over.

Here lies the body of Herkimer Hall, Who died from the strangest cause of them all; He was drowned in the spring, But not the point of the thing, Is: He fell in the spring in the fall.

Here lies a wise guy O. Howe So packed full of knowledge his brow That no one could tell Him a thing, and . . . oh, well You can't tell him anything now.

This stone covers Algernon Guelph At bosses who paid him his pelf He'd sneer and he'd scoff Tell them where to get off And here's where he got off himself.

John Jones was chuck full of ambition To change jobs each week Was John Jones' technique Well, he now holds a steady position.

A TOAST

I drink a toast, I of tomorrow, To the world of today, despite it's sorrow.
For those who have toiled to make life gay,
And those who have died to preserve a way:
To those who have lived and loved and cried;
Or those unknown, who have quietly died;
To the good, the bad, the young and old;
To the weak and strong; the meek and bold;
To a faithful friend—the obscure, And those who have lived a life a-pure;
To those who have toiled and trusted God;
To all who turn and face the odds;
To those who have loved and all that still;
To those who hate and yet forgive That you have lived.
To you a toast—
It hangs at the window all day And keeps out ultra-violet rays The handiest thing I find Is ur Venitian blinds.
