Borden High Wins Literary Meet

These Borden County students qualified for Regional U.I.L. Competition: Left to Right Back Row: Lisa McLeroy, Carol Burkett, Cindy Beaver, Mary Ledbetter, Donelle Jones, Kevva Tucker, Sue Hancock, Lesa Hensley, Denise Currey, and Dana Westbrook. Front L to R: Gail Grose, Deidre Tucker, Penny Thompson, Kristy Smith, Ben Thompson, Bob McLeroy, and Larry Simer. Gay Griffin was absent for picture but did qualify

ICAT Protest Supplements

Austin-The Independent Cattlemen's Association of Texas Thursday protested supplements being paid European beef producers sending meet to the United States and called on the federal government to retaliate with offsetting duties on those imports.

The U.S. Treasury Department, which has authority to levy such protective countervailing duties has confirmed that supplemental "bounties" are being paid to exporters of frozen boneless beef by the European Economic Community.

Frozen boneless beef worth \$3.6 million came into the United States from EEC countries in 1975.

Cattlemen's Association president T.A. Cunningham of Goliad said the EEC action is "disruptive of all fair trade practices and treaties" and

that the American livestock industry "has a right to expect the fullest protection of countervailing duties."

"The American livestock industry has been in a state of disaster for three years," he said in a telegram to Assistant Treasury Secretary David McDonald. "We sadly need every ounce of help our government can extend."

Plan Lay Witness Mission

The Dorward Methodist Church is planning a lay witness mission on April 23, 24, and 25th. Raymond Orson of Lamesa will be coordinator. A community covered-dish supper will be held at the county barn on Friday and Saturday evenings at 6:00 P.M. with services following. A noon meal will be served on Sunday. Everyone is cordially invited to attend.

Named To Sub-Committee

Austin--State Rep. Michael Ezzell, of Snyder, has been named to a subcommittee of the House State Affairs Committee to undertake a 60-day study of the advisability of placing natural gas utility rate regulations under the jurisdiction of the new State Utilities Commission.

Rep. Ezzell and nine other members of the subcommittee will be seeking to determine if consumers would be better served if legislation was introduced to transfer regulation authority from the Texas Railroad Commission.

Clayton asked Rep. Tom Uher of Bay City, who will chair the subcommittee, to begin hearings immediately and make recommendations by June 1.

"The date June 1 has become significant to all our committees," Clayton said. "That is

TV For Tornado Radar

Although the human eye is still the best method for locating tornadoes, most homes are equipped with a built-in tornado radar: the home television set.

If properly tuned, it is believed that a television set will detect a twister within a 15-20 mile radius.

Known as the Weller Method, the phenomenon is named for the Iowa scientist (Newton Weller) who first perfected the procedure.

The method is not foolproof and therefore would not be the sole source of information during bad weather. The National Weather Service recommends that anyone who lives in an area for which a "tornado watch" or "tornado warning" has been issued should keep an ear on up-to-date weather bulletins broadcast over local radio and television stations.

As a supplement to this kind of protection, anyone can apply the Weller Method by following a few simple instructions:

First, warm up your television set as if you were going to watch it. The contrast control should be tuned to the maximum position.

Turn to Channel 13 and adjust the brightness control until the screen is just on the threshold of black. Then turn to Channel 2 without making any new adjustments to the picture settings. The audio (sound) settings may be adjusted as desired. If Channel 2 is not an operating channel in your area, be sure to have a radio or second television tuned in for weather reports.

Monitor the screen as continuously as possible. Lightning will appear on the screen as horizontal flashes or streaks. On a color set the streaks will be in color.

A tornado within a 15-20 mile radius will cause the screen to glow brightly or cause the darkened picture to become visible and remain continuously visible.

Should this happen, it is important to take immediate safety precautions. Turn your television set off and open windows a crack to reduce the potential damage from pressure if a tornado passes nearby.

Take cover in a safe place, preferably near the center on the bottom floor of the building. A closet or small, windowless room offers best protection.

If you have a transistor radio, take it with you to the shelter area and continue to monitor weather broadcasts.

During particularly bad storms, when the electric power is off, the transistor radio can be used to augment the television warning system. To do this, set the radio alongside the TV and turn the radio knob to the lowest end of the dial (about 550 kilocycles).

At this setting the radio will pick up storm signals, emitting intermittent static when lightning is near and continuous static when a tornado is moving toward the signal.

Advance warning, from whatever source, is of no use if it is ignored. Anytime a tornado watch is issued persons living in the watch area should take precautions to protect their lives and property.

Debbie Herring, Carol Burkett and Donelle Jones, shown L to R competed in Spelling and Plain Writing in the Literary Meet. Carol qualified for regional competition.

These students competed in Number Sense in the U.I.L. Literary Meet L to R. Johnny Jackson, Brent Rhoton and Joe Zant. Ben Thompson also competed in this event.

Competing in Prose Reading and Poetry Interpretation are L to R. Twila Telchik (Prose), Gail Grose (Poetry) Denise Curry (Prose), Martha Anderson (Poetry), Tricia Jackson (Prose), Rhesa Wolf (Poetry) and Wanda Johnson (Poetry), alt.

Compete in Ready Writing or Science in U.I.L. Competition; Back Row L to R. Deidre Tucker (R.W.) Sue Hancock, (R.W. and Science) Johnny Jackson (Sc.), Tim Smith (Sc.), Front Row: Dana Westbrook, (R.W.), Lesa Hensley (R.W.), and Mary Ledbetter (Sc.) Deidre qualified for Regional in Ready Writing.

Jr. High Girls Win District

The Borden Junior High girls won the District Track and Field Championship at Dawson Thursday, scoring 189 points over 2nd place Sands which had 82. Other totals were: Dawson 66, Wellman 65, Loop 62, and Klondike 57.

Two records were set by the Borden girls. Jana Edwards won the 660 yard dash in a record time of 2:06.6, and the mile relay team of Glynda Burkett, Cindy Grose, Talley Griffin, and Debra Kountz won 1st with a time of 4:55.1.

Other 1st place finishers were: Talley in the high jump and Gayla Newton in the 80 yard hurdles.

Second place finishers were: Gayla Newton-triple jump, Karen Williams-high jump, Glynda Burkett-330 yard dash, and Karon Bond-660 yard dash. The 440 yard relay of Joie Brummett, Jana Edwards, Suzanne Walker, and Talley Griffin placed 2nd and the 880 yard relay team composed of Suzanne, Debra, Kay Bond, and Glynda finished in 2nd place.

Third place finishers were: Talley Griffin-triple jump; Gayla Newton-long jump, 60 yard dash, 100 yard dash; Debra 330 yard dash; Jana-220 yard dash; Kay Bond-80 yard hurdles; and Kay Copeland-660 yard dash.

Placing 4th were: Glynda Burkett-discus; Joie Brummett-triple jump, 100 yard dash; Cindy Grose-330 yard dash. Fifth place finishers were: Karen Williams-shot put, 60 yard dash; Talley Griffin 220 yard dash; Heather McPhaul-discus; and Jana Edwards-long jump. Glynda Burkett placed 6th in the high jump.

Also participating in the meet were Gena McLeroy, Lisa Smith, and Rhonda Newsom.

JUNIOR HIGH DISTRICT CHAMPIONS: Back Row: L to R, Heather McPhaul, Jana Edwards, Talley Griffin, Glynda Burkett, Karen Williams, Debra Kountz, Kay Bond, and Suzanne Walker. Front Row: Gena McLeroy, Lisa Smith, Karon Bond, Kay Copeland, Gayla Newton, Joie Brummett, Rhonda Newsom, and Cindy Grose.

Compete in Debate in District U.I.L. Meet: Front Row: Dana Westbrook, Kevva Tucker, Bob McLeroy, Ben Thompson. Back Row L to R: Lisa McLeroy, Brent Rhoten, Tim Smith, Alternate and Pat Toombs, Alternate.

These Junior High Students will compete in Number Sense in Union April 14. L to R Danny Holmes, Carla Jones, Glynda Burkett, and Karon Bond. alternate.

HIGH SCHOOL GIRLS WIN 2nd PLACE IN DISTRICT MEET. Shown L to R, Back Row-Sue Hancock, Lesa Hensley, Donelle Jones, Lisa McLeroy, and Dana Westbrook. Front-Kristy Smith, Gail Grose and Penny Thompson.

High School Girls Win 2nd

Borden High School qualified all eight girls for region at the District 8B Track Meet in Dawson April 8. The Borden girls finished the meet with 139 points behind Dawson who had 152. Other team totals were: Klondike 79, Wellman 69, Loop 37, and Sands 36.

Lesla Hensley set a new record in the 60 yard dash with a time of 7.4. Dana Westbrook won the 880 yard dash in a record time of 2:38.5. Other first place finishes for Borden were: Lesa-100 yard dash and long jump; Kristy Smith-high jump.

Lesla finished 2nd in the triple jump, Donelle Jones placed 2nd in the 440 yard dash, and Penny Thompson ran 2nd in the 880 yard dash. The 440 yard relay

team of Gail Grose, Donelle, Penny, and Lesa, and the mile relay team of Sue Hancock, Lisa McLeroy, Gail, and Donelle both finished in 2nd place. All 1st and 2nd places qualified for region.

Third place finishers for Borden were Kristy Smith in the 880 yard dash and the 880 yard relay team composed of Sue Hancock, Lisa McLeroy, Kristy Smith, and Gail Grose.

Others placing in the District Meet were: Lisa McLeroy 4th in the triple jump, 6th in the high jump and 6th in the 220 yard dash; Penny Thompson, 5th in the long jump and 5th in the 80 yard hurdles; Sue Hancock, 4th in the 440 yard dash and 6th in the triple jump.

Lesla Hensley finished the Meet with 42 points.

MAY 7 PRE-SCHOOL DAY

Jere's Gottings

On April 6, 1776, the Continental Congress passed a resolution permitting ports of the colonies to trade with all nations except Great Britain. Even the Great Britain "owned" the colonies, she had been oppressive in her ruling of the thirteen young colonies. She had placed taxes upon goods imported to these shores which the colonists felt to be unfair. Rules and regulations imposed upon the colonies had become impossible to bear. In effect the mother country had become the enemy. And the colonists had the good sense not to enter into a relationship of detente with their enemy.

Here we are two hundred years later permitting our ports to trade with all nations except our friends. We are openly courting trade with Russia and Red China. We have put an embargo upon trade with Rhodesia and are in the process of stifling trade with Taiwan. Our enemies enjoy the relationship of detente with US while our friends are abandoned. We are told on the one hand that in order to achieve a balance of payments, we must expand trade. So we "sell" our grain on 6% credit to Russia-while 9% is paid by US to get the money to buy the grain from the farmer. But on the other hand, we are told we cannot trade with Rhodesia because of her practice of apartheid. We cannot buy much needed magnesium and chrome from her. We cannot sell her critical items which she must have - she who has the money to pay without borrowing-and who believes in paying her bills. If you have been in that fashionable emporium in Dallas within the last three years, you will have noticed the glut of merchandise from Red China. No sooner had Russia's aid and Chinese troops run US OUT OF Vietnam than Richard Nixon decided that the murdering Maoists must be courted-accepted into civilized society-made prominent through trade. Yet the Republic of China is placed in a squeeze play. She is ostracized. We haven't openly closed our ports to her-yet. But by studied neglect we are shutting her out. She who has through hard work and good management obtained an envious position of

economic stability. She has built up industries providing desirable goods at competitive prices to a world racked by inflationary mismanagement.

Even the Mr. Ford has stricken the word detente from his vocabulary, he has not replaced it with "enemy". Russia, Red China, Cuba and all other com-symp countries are still enjoying most favored nation status. His rhetoric has a definite ring of politics. Would he have rearranged his vocabulary in a non-election year? Given the vocabulary deletion, Mr. Kissinger rattles a few sabers at Cuba-after the fact. Angola has been allowed to be taken by Cuba and Russia. But has he more appropriately drawn the saber under Castro's nose in regard to the Panama Canal? Cuba has proved her muscle 6,000 miles away with nothing more than a "you shouldn't have done that" Now she is ready to pounce upon the Canal whenever she wants.

The colonists had more reason to overlook the actions of their mother country than we have for overlooking overt aggressiveness. Vitally necessary goods came from Britain. A war could not be afforded. But it was a matter of principal with them. Were they to enslave themselves merely for a balance of payments? No-they chose independence and with it, honor.

Locals

Bro. and Mrs. Bob Hawkins of Midland were recent guests in the Bud Cornett home.

Mrs. Martha Thompson has been visiting with Louisiana relatives.

Mr. and Mrs. Vivian Clark, the Joe Gilmore's of Gail visited Thursday night til bed-time in the Bud Cornett home.

Mrs. Bill Abernathy returned Tuesday from Odessa from visiting with her-daughter and family.

Mr. and Mrs. Bud Cornett, Joe Reed and Ronnie, Bill Cornett of Hobbs, New Mexico visited Friday with Bud's mother, Mrs. Milton Woodward at Abernathy.

Randy Cornett and family has been a recent visitor of his parents the Bud Cornett's.

Earl Cary and Ruth Weathers returned Thursday from Seattle, Washington having visited in the Jack Reed home. A tour of Vancouver, Canada was also made. Mr. Reed works in the Boeing Aircraft Co. of Seattle.

J.M. Sterling of near Vincent and Edgar von Roeder of Snyder, visited Sunday in the J.E. Sorrells home.

Ruth Weathers was a Sunday dinner guest of Mrs. John Adams at Colorado City. Mrs. Adams was formerly Elna Enyart and years ago lived in the Murphy community.

Mr. and Mrs. Wright Huddleston, Margie Nail and J.P. Ellis have been recent visitors of Lake Jackson, relatives.

Support Urged For Easter Seal

A further request for support of the Easter Seal Society for Crippled Children and Adults and its program of services to the handicapped was issued today by Mrs. Martha Compton of Post, who is the County Easter Seal Representative, for Garza-Borden County.

The Easter Seal Society provided treatment and services for 10,768 physically handicapped children and adults in Texas last year, and this program needs to be expanded.

The Society is carrying out a continuing program to seek out the disabled who are doing without services and see that they receive the help they need. The Easter Seal Representative is the person to contact for services from the Easter Seal Society.

The Easter Seal Society of Texas helps support treatment facilities in Texas where crippled children and adults who are not eligible for help from any other source are treated, regardless of their ability to pay.

The Easter Seal Appeal continues through Easter Sunday, April 18 and full support by every citizen is urged.

also when we expect determinations from our House Ways and Means Committee and the House Energy Resources Committee. The idea is to have examined all aspects of the natural gas situation by that date. We can then coordinate the findings and studies of all three groups and have a solid foundation for any determinations we will then make."

C. B. Emergency Club

C.B. Emergency has reacted to three fires in the county, plus one weather watch in which the electrical power was knocked out at Gail. Two of the club's members were responsible for reporting the power failure to Lyntegar Electric. Co. Power was restored in the community as soon as possible. The club has been responsible for reporting livestock on the road several times. We stand ready to help in any emergency that might develop.

The club members will be using these club assigned CB numbers in any club activity. We would ask the public to please have consideration when the club is responding to an emergency on weather watch conditions, on

channel 15. We realize a lot of CBers use channel 15 in the county and this is the reason we use channel 15 in club activities. In case of emergency a lot of CBers know in a matter of minutes that we have an emergency in the area. The more people that know of an emergency, the more reaction there will be to aid in the emergency..

If you should hear on your CB, CBI to CB5 or any other CB number, you will know we are reacting in the interest of the county. Everyone wanting information about the club may phone Dick Shaw at his home. His home phone is 856-4763. Use your 10 code. It can be helpful.

Committee Report

The Arts and Crafts Committee met at the home of Mrs. Roland Key April 6th and finalized all its plans for the Celebration May 29-30.

The quilt is finished- the quilting was done by Mrs. Delia Edwards, Lamesa and it is a beautiful job. Our thanks again to Marilyn McPhaul, Christine Ledbetter and Barbara Farmer for the many hours they spent in getting this project completed.

Karan Key, treasurer of the Committee, reported sales of tickets moving rapidly and urges everyone to write her for their tickets-\$1.00 for each donation-mail to Mrs. Roland Key, Box 135 Gail, Texas 79738.

The float for the parade is under the leadership of Netta Jarrett, Gwen Herring, Nelva Jones and Helen Jo Patterson.

The Concession stand will be managed by Carolyn Long, Leona Doyle, Nelva Jones, Pat Murphy, Netta Jarrett, Willie Burrus and Gloria Griffin. This committee has planned for simple, quick foods to be served- plus drinks- and each woman in the county will be notified to bring something. We need each and everyone of you to cooperate.

Preparation of the Country Store is being handled by Com-melle Williams, Dot Wills, Mary John Phinizy, Modesta Stokes, and Cora Shaw.

Karan Key is planning an old fashioned bedroom setting with committee members, Vickie Kiker and Carolyn Stone. Our historical quilt will be displayed on the bed in this room for all to see before it is given away on the 30th. Remember you do not have to be present to win.

Booth organization for Artists by Dorothy Dennis, Christine Ledbetter, Marilyn McPhaul and Barbara Farmer. We have had unusually good res-

ponse from arts and crafts people from the area and look forward to having an excellent representation of artists. Will you please contact Dorothy Dennis, Box 97, Gail, Texas 7938 if you would like to have a booth to sell your particular art or craft-we have a few booths available-\$10.00 for a single occupant and \$15.00 for two or more. You will have to furnish your booth completely and no participant can be accepted after April 20th. So better call 856-4233 to check on a reservation.

We want everyone who has ever had any interest in Borden County, has ever lived here or had a relative living here to participate by bringing something to be sold in the Country Store. We especially invite former students to help us. Tell your sons and daughters who are living elsewhere that we want them to contribute also. All these will be donations and remember that all proceeds from the Country Store and Concession stand will go to a worth-

while Bi-Centennial project-something that will benefit our County. We will notify you later on when and where to bring your donations-and please, price each thing you donate! More on this later-so watch announcements in the Borden Star.

If you can't sew, aren't artistic, you could pot some plant, ivy or mint-or buy a pretty basket or toy.

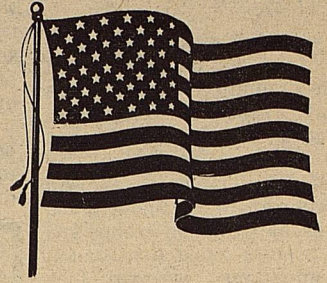

If you do needlework, the list is endless-needlepoint, crochet, crewel, embroidery work of every nature-sew up an apron, pot holders, bonnets. Look through craft magazines and come up with something different. Dress a doll-make doll clothes-even Christmas ornaments!

Pat Murphy told Dorothy Dennis if she would bring the skull of a buck sheep that she would pay the Store \$5.00 for it. So Dorothy is out scouring the ranch for all she can find just in case someone else wants one too!

Bring barbed wire-cut in 18" lengths-identified with a tag. Bake a cake, make cookies,

candy, pies, breads-please wrap so those shopping can see what they are getting. You could even be doing these now and put in the deep freeze. How about bringing sour dough starter, maybe put up in cute crocks?

Hope this has given you some inspiration-we are counting on each of you-we want every visitor to the Celebration to see what unusual and beautiful things the women of Borden County can make. We need your cooperation and will appreciate your efforts.

Rex Robinson Chairman

Dangerous Diets

The American Dietetic Association warned that certain diets and food fads can be dangerous to health if followed for long periods. Included among the potential health hazards are low-carbohydrate diets, the Zen microbiotic diet, self-prescription of massive vitamin doses, and the vinegar-kelp-lecithin-B6 diet.

In an official-position paper, the ADA singled out as a hazard the very popular low-carbohydrate, unlimited-protein diets widely promoted for quick weight loss--such as the meat-and-water diet. The diets take many forms under a variety of names and may bring health problems such as increased uric acid in the blood, kidney ailments, fatigue, and nausea. They are claimed to be dangerous for persons with potential or existing liver or kidney diseases. Because of the high-fat content of many low-carbohydrate diets, blood cholesterol may increase.

While weight loss does occur, the position paper says, there is no evidence for greater loss than on a well-balanced diet, provided total calories are the same. Pounds lost are often regained because faulty dietary habits have not been changed.

Instead of quick-weight-loss diets, the ADA recommends losing only 1 to 2 pounds a week to avoid potential health haz-

ards.

Self-prescription of massive vitamin doses, the ADA maintains, is dangerous because "medical advice is not sought and toxicities have occurred. "The ADA has come out in support of federal regulation of vitamins A and AD "because valid scientific evidence shows that excessive and prolonged doses are dangerous."

The position paper also states that normal, healthy people do not need vitamin, mineral, and dietary supplements if an adequate diet is consumed. A varied diet selected from the

basic food groups will provide an adequate diet--with these exceptions:

Women and adolescent girls in the child-bearing years and children under 4 may need an iron supplement. Pregnant wo-

men need a daily supplement of 30 to 60 milligrams of iron and

200 to 400 micrograms of folic acid, beginning with the fourth month. Infants not receiving

iron-fortified formula or cereal need additional iron by the third month of life.

Grandpaw Says

-Hi-
When it comes to economy, you've got to give us Americans a lot of credit.

The more children's fingerprints at home, the less on police records.

Experience is what prevents you from making the same mistake again in exactly the same way.

Those countries that are itching for what we have ought to be scratching for it like we did.

Fear of what is called consequences keeps most of us sober, true and dull.

A person is not fully educated until he realizes that there are some questions to which nobody has the answers.

-----just in case it ever comes into the conversation-- Computers have reached the stage where they can perform as many as 16,600,000 additions per second and can multiply 14-digit numbers of the rate

5,500,000 per second. (If you have received a computer prepared bill lately you can appreciate how quickly they separate you from your money.

Hope to see you all soon.
G.P.

Uterine cancer can be detected early by the simple, painless Pap test. A few minutes in your doctor's office, once a year, is an investment in life.

Celebrate the bicentennial. Secede from the union.

The economists say that 1976 won't be a bad economic year. On the other hand, it won't be a good economic year either.

That means you're going to have to be careful with your money. You're going to have to put it where you can get the most out of it.

That's why it should be in First Federal instead of a credit union. Look at the advantages.

Guaranteed Interest. Every passbook and savings certificate account pays a specified, guaranteed rate of interest. You know how much your money is going to earn. In a credit union, you don't. You have to wait and see how efficiently the credit union has operated during the dividend period.

Better Choice of Plans and Better Rates. We have a variety of plans, including both Passbook accounts and Certificates of Deposit.

The interest on all of them is compounded daily. So, you actually earn more interest than the quoted standard rate.

A Passbook account can be opened for any amount, and it will earn interest for every day it's open. There's no penalty or loss of interest for withdrawing any or all of your funds.

There are also several longer-term, higher-rate Certificates of Deposit. You can choose any one of these:

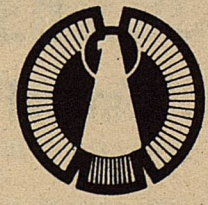

Maturity Period	Minimum Deposit	Standard Rate	Effective Annual Yield
90 day	\$ 500	5¾%	5.92%
1 year	\$1,000	6½%	6.72%
2½ years	\$1,000	6¾%	6.98%
4 years	\$5,000	7½%	7.79%

Fund Transfer. You can save a little each month by arranging an automatic fund transfer from your checking account. Or, use our TELE-TRANSFER system to transfer funds from your checking account to your savings account, or vice versa with one phone call to us. You get your deposit or drafts made in one day.

Personal Loans and Instant Credit. If your family is buying a car, boat, appliance, or needs another kind of loan, we can help you. It doesn't make any difference whether you have an account with us or not. However, if you do have a First Federal account, you automatically have instant credit up to the amount of your account. You don't even have to wait for a credit check.

Special Interest in Big Spring and Howard County. When you save at First Federal you're contributing to the growth and prosperity of your community. We're deeply involved in financing the housing and construction industry. So, First Federal is committed to the progress of this area, and your deposits are committed to that same progress.

Do the most for yourself. Do the most for your community. Secede from the union.
