This is one of several major business structures that are helping spread out Pampa's business sections. The structure above has 18,000 square feet of floor space with all new service equipment installed. The company held its formal opening in its new building Dec. 2.

ISRAEL

(Continued from Page 1)
 ... who has been in Tunis Jordan, described Britain's show of force near the Palestine border as a warning to Israel not to encroach on British interests in the Middle East.
 Frederick said Britain considers her stake in the Suez Canal, Middle East oil, and the port of Aden too great to allow incursions by others into Egypt and Trans-Jordan.
 He told of aerial patrols by the British over Trans-Jordan border areas which raised the possibility of just such a clash with Jewish planes as the one at the Egyptian border.
 Dr. Ralph J. Bunche, acting U. N. mediator, prepared to leave tomorrow for the island of Rhodes for armistice talks between Israeli and Egyptian representatives.
 Britain marked him in an attempt to force Israel on the shooting down of her planes.
 Even as Egypt confirmed at Cairo that she has agreed to negotiate with Israel for a Palestine armistice, an Arab League spokesman predicted the truce would not last.
 Abdel Rahman Azzam, Egyptian secretary general of the seven-nation Arab League, asserted "there is no doubt the Zionists will not respect their pledges. Thus this phase is similar to previous phases, and anybody who thinks battles will not be renewed in Palestine will be mistaken."
 Azzam's speech, which he made at the regrettable hesitation of some politicians in Arab countries, which refused to join Egypt in the fight with Israel.
 Mediation of a Palestine armistice will involve many explosive problems. Among them is what to do with Egyptian troops whom the Israelis trapped at Falujah, and the U. N. order that both sides withdraw to positions they held before fighting started last October.
 The Palestine cease-fire apparently was complete, according to latest reports. No incidents were reported yesterday afternoon, although Israeli military spokesmen had said during the morning that "some Egyptian artillery activity in the south near Jewish positions were subjected to sporadic shelling." A later official report at Tel Aviv said shelling in the Negev had died down.

 "It is fortunate for Texas that other states have taken their fund-raising responsibility in a more serious way. Otherwise, it would not have been possible for your county to have received \$4,095, and Texas chapters \$737,068.77 through NFIP Epidemic Aid Services in addition to \$47,000 contributed by Texas chapters to the Texas Polio Fund Committee. Advances to Texas chapters in 1948 totaled \$520,615.42.
 "The financial situation is so serious that we must do our share and more this year if we want to be sure of taking care of polio in Gray County and Texas. We aren't through with the epidemic of 1948. It is estimated that \$900,000 will have to be spent this coming year on 1948 Texas patients, some 270 of whom are still hospitalized. Comparable sums will be spent elsewhere. We do not know what 1949 will add to our responsibilities. At best it will take a lot of money, more than we have ever raised in any previous campaign.
 "Texas must be a leader in this year's campaign, and I know you will want your county to be one of the leading counties of the state."

Guatemala to Honor Ex-U.S. Ambassador
 GUATEMALA—(AP)—Guatemala will give its highest award to former U. S. Ambassador Edwin J. Kyle of Texas when he returns for a visit next month, it was announced. It is the Order of the Quetzal. The decoration is being given for Kyle's work in drawing the U. S. and Guatemala closer. He resigned last October and was succeeded by Richard Patterson.
 Safety experts say rubbish, waste paper, and other combustible materials should be burned in open metal containers on bare ground at a safe distance 50 feet or possibly 100 feet from buildings and combustible materials.

Pipeline Planned From Texas to New York City

DALLAS—(AP)—Transcontinental Pipeline Corp. plans to build a 1,900-mile, \$200-million natural gas line from Texas' lower Rio Grande Valley to New York City.
 William E. Murray, secretary of the corporation, said the contract for the line had been let to Fish Engineering Corp. of Houston, Tex. He said surveys are being made and right of way is being acquired. Construction is to start April 1 at Jennings, La., and the line is scheduled to be completed by November of 1950.
 The 30-inch main line is to have 60 miles of laterals.
 Murray gave these details: When completed the line will run from a point near McAllen, Tex., up the Texas coast, through Louisiana, Mississippi, Alabama, Georgia, North Carolina, Virginia and up the East Coast to Philadelphia. From Philadelphia, first delivery point, the line will run to Newark, N. J., thence to Brooklyn, N. Y., and terminate in New York City.
 The line will gather gas from 13 Texas fields.

 Practically all major towns along Highway 60 from Illinois west will have delegates in the caravan. The trip is being made in the interest of studying the scenic beauty of Highway 60, as well as the condition of the road, which is the only national highway running from coast to coast.
 Delegations will join the caravan all the way to California, it was said.
 The highway commissioners of Oklahoma will be the guests of the Pampa Chamber of Commerce at the Pampa Rotary luncheon on Wednesday, Jan. 16. Invitation has been extended to Fred Wemple, of Midland, chairman of the Texas Highway Commission, to be present at the luncheon here to extend greetings to the visiting commissioners.
 Towns from Higgins to Amarillo have been asked to send delegations to the luncheon, in order that they might become acquainted with the Oklahomans. Following the luncheon, the touring groups will leave for New Mexico enroute to California.

New Registration Method for Cars

AUSTIN—(AP)—Commercial vehicles produced after Jan. 1 will be registered by a new method, the Texas Highway Department reported.
 County tax collectors will register new trucks and truck-trailers by their "maximum gross vehicle weight" now being stamped on a metal tag affixed to the body of the vehicle and certified by the manufacturer.
 Old vehicles will be re-registered by the old method of rating as one-half ton, one ton, etc., on its carrying capacity.
 On the new vehicles, if the maximum gross vehicle weight which includes the payload exceeds the legal axle limit, the tax assessor-collectors will register only the amount of the legal axle limit, the Highway Department explained.

 mean they have won all along the line or without stirring up powerful opposition.
 Some of this opposition which has been put down repeatedly now seems certain to pop up again to confront Acheson and Webb (assuming they are confirmed by the Senate) who are scheduled to take office Jan. 20.
 One indication of reviving hope among critics of recent U.S. activities came to light among leaders of the Cooperative League of the USA, an organization promoting the cooperative movement. The league published a letter from the State Department rejecting its latest petition for the United States to support international, cooperative ownership of the great Ruhr industries of Germany.
 On another aspect of the problem in occupied countries, there has been over the past two years a gradual shift of emphasis in American policy away from reforms of German and Japanese basic economy and toward measures to make both countries self supporting.
 In the case of China, Marshall and Lovett have blocked a any move by the United States which would involve the country on the side of Chiang Kai-shek.
 Even on the European Recovery Program itself Acheson may have to answer some difficult questions. The Europeans, for example, recently came up with figures to show that at the end of four years when the program is supposed to expire they still will not be self supporting.

Rip Van Winkle Note:

TOKYO—(AP)—Nearly four years after American troops took Iwo Jima, two Japanese machine gunners surrendered Thursday of two June, the Army announced. They were clean and well-fed, each had a recent haircut. They were wearing warm American uniforms. They lived on food stolen from Americans.

Truman Almost Gets Extra Votes

WASHINGTON — President Truman almost picked up an extra 55 votes from Connecticut and New York as the House and Senate counted the electoral ballots for his election.

And in a perhaps unprecedented action, the Chief Executive appeared on the House floor while some of the votes were tallied.

In spite of the slips, the final total came out just as everybody expected — 303 for Mr. Truman, 189 for Republican Thomas E. Dewey and 39 for States' Rights Democrat J. Strom Thurmond.

One of the official counters, Rep. Gamble (R-N.Y.), didn't know up; his office said he hadn't been told he had the job.

And another, Rep. Mary Norton (D-N.J.), announced that Connecticut's eight votes and New York's 47 had gone to President Truman. A couple of alert senators hastily got the record straight.

India's Nehru Likely to Play Vital Part in Asia

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

This is to draw your attention to a personality whom every democratic government should be intensely studying and cultivating: Nehru of India.

You know Jawaharlal Nehru as first citizen and Prime Minister of his vast country with its population of three hundred millions. That in itself places him among the outstanding leaders of our time. But destiny seems to have marked him for greater things.

As the signs read Nehru is likely to play a vital role in the molding of world affairs in the immediate critical years. For in his slim, expressive hands may lie the future of much of a teeming Asia which is just beginning to realize its giant strength.

Nehru not only is a nationalist and a socialist, but he is an internationalist. It is in this latter category that he is emerging as one of the world leaders. He long has envisaged an Asiatic bloc, brought together for mutual advantage along peaceful lines.

Of course his whole political life has been a protest against imperialism. The other day he told the Indian National Congress Party that India's freedom

from English rule means the end of all imperialism and colonialism in the Orient. He declared no European power has any rights to wage an aggressive war in Asia.

Pursuant to this thought, the Indian government has invited fourteen Eastern nations to attend an Asian conference to consider the Dutch "police action" against the Indonesian republic. This conference is slated for Allahabad, India, and thus far the following countries have been invited to assemble there shortly: Egypt, Turkey, Syria, Lebanon, Iraq, Saudi Arabia, Afghanistan, Iran, Pakistan, Ceylon, Burma, Siam, China and the Philippines.

This action represents one of the first concerted efforts of the East against so-called "Western imperialism." And it bears the hallmark of Nehru's philosophy.

Truman's Message Echoes New Deal of 10 Years Ago

By JAMES MARLOW

WASHINGTON — President Truman is picking up the New Deal where President Roosevelt dropped it 10 years ago.

With few exceptions, Mr. Truman's message to Congress goes straight back to Mr. Roosevelt and the New Deal days and even beyond.

For that reason the most unusual thing about Mr. Truman's message was how little there was in it.

The New Deal really lasted only five years, from 1933 to 1938, apparently considers the New Deal unfinished business.

Some of it he tried to start going himself as far back as 1945, but he got nowhere. Now he's moving full steam ahead.

Here, item by item, are points in the message:

Raise minimum wage from 40 cents an hour to 75 cents. The idea of the minimum wage for people in interstate commerce started with the New Deal.

So much for the New Deal roots in Mr. Truman's program. His request for government authority to build steel mills, if Congress thinks they're necessary, is new. So is his request for a \$4 billion tax increase. Those are about the only brand new things in his message. These are to meet problems Roosevelt didn't face.

Mr. Truman asked for universal military training, but he's asked for that before, and that was a problem Roosevelt didn't face, either.

Mr. Truman says he wants the Taft-Hartley law repealed. He's said that before. Roosevelt probably would have said the same thing but there was no such law in his time.

The few other points in his message — like continuing control of consumer credit, enlarging power to control bank credit, continuing export control authority — are old stuff. Mr. Truman is just asking to keep them going or make them stronger.

So Mr. Truman, as an examination of his message will show, apparently considers the New Deal unfinished business.

Some of it he tried to start going himself as far back as 1945, but he got nowhere. Now he's moving full steam ahead.

Here, item by item, are points in the message:

Pre-paid medical insurance: President Hoover's Medical Committee in 1932 recommended this. Succeeding Congresses did nothing although as long ago as 1938 Senator Wagner, New Deal Democrat of New York, began introducing bills for medical insurance.

Bring more people under social security: The social security program was first set up under Roosevelt in 1935.

Low-rent public housing: Back in the early part of Roosevelt's presidency the government built low-rent projects and later helped widely without direct building.

Civil rights program, with a fair employment practices committee (FEPC), an anti-lynching law, and an anti-poll tax law: Roosevelt wanted an FEPC. He said the government ought to suppress lynching. Bills to outlaw the poll tax have been in Congress 20 years.

St. Lawrence seaway and power project: Roosevelt wanted this as far back as 1934.

A new government department covering health, education and social security: Roosevelt proposed a social welfare department like that in 1937.

Department of Labor rebuilt and strengthened: Roosevelt asked for this in a special message to Congress in 1938.

Federal aid to education: Roosevelt's Democratic Party had this in its platform when he was elected to a fourth term in 1944.

Strengthen our anti-trust laws: Roosevelt asked for this in a special message to Congress in 1938.

Price supports for farmers: Government price helps to farmers, in one way or another, were set up back in 1933.

Rural electrification should be expanded: The government set up the REA in 1935 to get electricity to the country's farms, and at cheap prices.

Soil Conservation Act: Mr. Roosevelt's New Deal Congress in 1935 passed the first of his administration's conservation acts.

Push forward development of rivers for power, irrigation, navigation and flood control: Roosevelt worked on this, too.

Apply the lessons learned from the Tennessee Valley Authority (TVA) to other river basins: Roosevelt asked Congress to set up seven systems like TVA.

Authority to regulate speculation on commodity exchanges: Roosevelt asked for that as long ago as 1934.

Operators Shy From Tidelands

BATON ROUGE, La. — (AP) — No oil operators have expressed a desire to bid on tracts in the Louisiana tidelands when the State Mineral Board holds its next leasing session, the board office said.

The meeting Jan. 26 will be the first for leasing since the United States Department of Justice asked the Supreme Court to declare that the federal government, rather than the states, has jurisdiction over the oil-rich submerged lands in the Gulf of Mexico.

C. J. Bonnacarrere, secretary to the board, said that it "seems probable" that the federal action discouraged the oil companies' interest in the tidelands.

THE DRILLER'S LOG
By KEN BENNETT

The Phillips Petroleum deep test wells, the Jenkie and the Carruth, came in for new publicity this past week as the company released full data regarding the two wells. It was interesting to everyone concerned and since the information had been marked top secret so long, nearly everybody in this area is concerned in one way or another. That means that the information was pretty well looked-over. The interesting thing that was proven by the facts was the similarity that existed between the rumors that were prevalent at the time the tests were being drilled and the actual figures.

The Jenkie was, from the very beginning, the most interesting of the two wells and the facts also carry this out. The Carruth seemed to have been a failure, both according to facts and rumor. Of course the information acquired by the test was important and in that respect the well was not altogether a loss.

Surface activity has been noticeable in the entire area of the two wells, and this column predicts another test in that particular acreage in the near future. One thing is certain now. The Jenkie did produce two very interesting formations which definitely indicate that the formation for which the company is seeking is somewhere in the area. Perhaps they will put their finger on it in their next well.

DEEP TESTS: In Armstrong County, the Placid-Matthewson, is waiting on cement after setting a 2-8 casing at 2,780 feet. The Gulf Colliard in Hansford County is drilling below 5,850 feet. This is a new well. The Pure-Langford in Hartley County ran a Schlumberger and is preparing to test after reaching the total depth of 7,853. The original contract depth was for 10,000 feet. The Texas Company's Belle-Wisdom is still cleaning out with 1,200 feet of oil in the hole. Depth on the well is 3,140.

and gas conservation laws. Similar rumors persist in Texas, where the legislature opens next Tuesday.

Prime speculation in Texas, however, centers around a possible tax on natural gas being piped from the state to the East, North, West and South.

The Texas Democratic Party Convention in September promised to give consideration to such a tax as a means of supporting new arm-to-market roads.

A unitization law for Texas oil fields, an unsuccessful but highly controversial issue two years ago, also is expected to be introduced. Meanwhile, most oil and state officials were concentrating on the Washington battle over state and federal ownership of valuable tidelands.

President Truman, who vetoed a state ownership bill in 1947, surprised no one when he included in his "State of the Union" speech before Congress: "We must adopt a program for the planned use of the petroleum reserves under the sea, which are—and must remain—vested in the federal government."

One of the first bills to be introduced before the new Congress, the Supreme Court gave Texas and Louisiana two weeks to file objections to a government suit seeking to establish federal jurisdiction over their tidelands.

Attorneys general of the states voiced immediate replies they will be ready.

The National Association of Attorneys General, one of the leaders in the battle for state ownership, has scheduled a Washington strategy meeting for Jan. 14 to map plans for its fight before Congress.

COURT BATTLE: Attorneys for the Texas Railroad Commission next Wednesday go before the State Supreme Court to defend the regulatory body's action of ordering a shut-down of fields allegedly wasting oil well gas.

The commission has appealed a lower court injunction against an order closing the South Texas Heysler field.

The state officials contend Heysler and 14 other fields are wasting nearly 300,000,000 cubic feet of gas while producing 400,000 barrels of crude daily. They want production stopped until measures are taken to prevent gas waste.

The estimated annual economic loss, resulting from arthritic diseases in the U. S., is almost twice as great as the total 1947 budget for New York State.

Harvesters Play in Finals Of Childress Cage

The Pampa Harvesters, for the second straight weekend, battled in the finals of a cage tournament. They advanced to the final round of the Childress Tournament Friday night with a 55-23 victory over Wellington, after subduing Prairie Valley 52 to 34 in the afternoon.

The Harvesters were never seriously threatened in their opening round. They held a 15-10 advantage at the first quarter, extended it to 30-19 at half-time, ran it up to 44-28 at the start of the fourth quarter, from where the second five made it a 52-34 final. The scoring was well spread out, with Gallemore and Davis each getting 12 points, followed by Douglas with 11. Bill Bond and Jim Howard played good defense ball, with Bond controlling the rebounds at both ends of the floor.

WARREN'S WARM UP

QUESTION: Who is the man who is given credit for the invention of basketball?

ANSWER: Dr. James A. Naismith, a physical education director at the Springfield, Mass., Y. M. C. A., came up with the game in 1891 that was the forerunner to present day basketball.

Funk Loses in Rematch to Monte LaDue

In a fast and very clean match, the popular Billy Hickson and Monte LaDue, junior heavyweight champion of Texas, wrestled 45 minutes to a draw at the Sportatorium Friday night.

The two wrestlers were about as evenly matched in both weight and technical skill as any two that have appeared at the local arena in recent months.

Hickson, whose home is in Knoxville, Tenn., has been absent from the local circuit since last summer. He weighed in at 150.

Olsen, 184, comes from Racine, Wis., and was making his first appearance in Pampa Friday night. He is both the present and former champion of Texas in his weight division. He held the title from 1945 to 1947, when it was declared vacant because Olsen was unable to defend it. Then in El Paso last May, he won the title back again and defended it successfully against all comers ever since.

Olsen was the more ring-wise of the two Friday night. He knew more counters to Hickson's holds than the Texan knew to his, but their speed and trickery was about even.

Only in the last five minutes of a match that was continually applauded for its courtesy, and fair tactics, did Hickson get a little angry at LaDue's score a fall and slugged a few times. But time ran out on them and the match ended with both grapplers shaking hands.

The main-event got a grudge fight between Dory Funk and Monte LaDue, who had a different fight on the same card.

Right from the start, LaDue used his inimitable techniques of punching, choking, pulling hair, and hitting a sore spot on Funk's forehead.

Funk wore a bandage over a split in his forehead that he got Thursday night in a fight with Wayne Martin in Amarillo. Before the match began, he asked LaDue as a courtesy to go easy on that forehead. LaDue ignored it, of course, and worked it over every chance he got.

In the first fall, Monte used the ropes to gain additional leverage to take the fall in 12 minutes with a knee lock.

After a slug fest in the center of the ring, Funk took the second fall in 10 minutes with his favorite knee lock and twist—without benefit of the ropes.

Monte limped away from the ring, assisted by his compatriot, Benny Trudell, who acted as referee.

Monte returned to take the third fall and the match in a highly disputed decision.

The way it all happened was like this: Funk picked up Monte and began twisting him in an airplane spin preparatory to slamming him to the mat. Benny Trudell stepped a little too close and Monte's flying feet smacked him on the side of his head.

Trudell, knocked partially unconscious by the blow on the head, meanwhile had dropped Monte and had fallen across him with a body pin. From the vantage of the press box, Funk held LaDue for a full eight seconds, but Trudell was too dizzy to get up.

By the time Trudell got to his feet, Monte had wriggled free and the two were rolling back and forth in the corner of the ring. Trudell, still slightly staggering, gave Funk a quick count and the match to LaDue.

LaDue now has the right to demand that Funk put his Southwestern junior heavyweight title at stake in a re-match—which may or may not lead to complications when the referee is chosen.

Conzelman Quits Cards Cherry Next?

CHICAGO—(AP)—A St. Louis advertising firm has put the biggest coup of the season on market by luring Jimmy Conzelman out of his Chicago Cardinal coaching job and into the business world.

The irreplaceable 49-year-old coach in his letter of resignation said he decided to get out of football and settle down to a more normal family life.

As an account executive for the D'Arcy Advertising Company his effervescent personality will come in handy. For two years he has worked for the firm on off seasons.

But, as Cardinal President Ray Bennington, puts it—"Will he be happy out of football?" He has been in pro football, off and on, since 1920 as player and coach.

Local Golfer Off To Good Start

Here's one golfer that started the new year off right!

Yesterday afternoon, Edgar E. Ehrbridge scored a hole-in-one on the 215-yard No. 3 hole at the Country Club. Ed was using a number four iron on the perfect shot, which landed on the green, took one hop and rolled into the cup. He finished out the eighteen holes with a respectable 76.

Playing with Ehrbridge at the time were Mickey Prignone, Al Prignone, Frank Shotwell, Ralph McKinney and John Austin.

Ed says that it took him 10 years of play and 83,000 strokes to get that first ace, and at last reports he was seen at the nineteenth hole.

Lefors Pirates Drop Two Games

LEFORS—(Special)—The Lefors Pirates dropped two games to the Memphis Cyclones Friday night at Lefors. The Pirate A team went down to defeat by a score of 43-24. Freddie Newsome led the Pirate scorers with 10 points. High for the Cyclones was Gardenhouse with 17 tallies.

The Lefors B team lost by a 31-14 count. Leading scorer for the B squad was Jennings with 9 points.

The next game for the Pirates will be on January 11, when they go to McLean to take on the Tigers.

Name Official 1948 All-State Schoolboy Football Eleven

By HAROLD V. RATLIFF
Associated Press Sports Editor

Twenty-two schools landed players on the 1948 Schoolboy Football All-State teams selected by the Texas State Writers Association and the Texas High School Coaches Association. Teams were named for the City Conference, Class AA and Class A.

The most popular choice was James Garner, versatile 165-pound wingman of Amarillo's Golden Sables, who went to the final of Class AA. Garner polled 29 votes. Bill Georges, great tackle with Arlington Heights of Fort Worth, which captured the city conference championship, was second in the balloting with 28. Tom Stolhandse, backfield star for Baytown in Class AA, was next with 25.

Two hundred coaches made nominations for the three 111-state teams along with members of the sports writers group.

Arlington Heights dominated the City Conference team with three men—George and Bob Thomas, end, and Robert Snow, back.

Champion Waco, Amabilis and Port Arthur each placed two on the Class AA team and Monahans, the state titlist in Class A, and runner-up New Braunfels each got two men in that division.

Attesting to the thoroughness and fairness of the all-state selections through the plan followed by the Sports Writers Association, eight schools that did not even get their district championship got men on the all-state team. They included Shamrock and Lockney in Class A.

Waco's contributions to the Class AA All-State were back Clark Kincannon and guard Bill Alhey. Amarillo landed Garner and Bobby Hudgins. Port Arthur came up with Hugh Reeder, center, and Charles English, tackle.

Waldo Young, the most popular selection in Class A with 21 votes, and Weldon Boggus, guard, were the Monahans players making all-state while New Braunfels placed its great back, Jerome Binsdel, and Harry (Rock) Pantermuehl, guard.

"Fixers" on Bond

NEW YORK — (AP)—Four men accused of attempting to "fix" a college basketball game were free Saturday on \$20,000 bail each.

The four allegedly tried to bribe David Shapiro, co-captain of the George Washington University team, to "fix" a game with Manhattan College last Tuesday at Madison Square Garden. All have denied the charges.

Jack Levy and William Rivlin were released when their bond was posted Thursday. The other two, Jacob Aronowitz and Philip Klein, were released Friday.

Official Weighing-in Takes Place Today at Sportatorium

This afternoon at 3 o'clock approximately 45 boxers are expected to be at the Sportatorium for the official weighing-in ceremonies for the annual all-city boxing tournament, scheduled for Monday and Tuesday nights.

The tournament has become a yearly affair since the first meet was held three years ago in the Junior High gymnasium. This

Baseball on Champion Basis in '49

All members of the Seven-Eleven Boys' Club and the Pampa Jaycees have been co-sponsors of the event.

Boxing was outlawed in the Pampa school system several years ago because of numerous accidents. But in 1946, the Seven-Elevens and the Jaycees came out with a brand new program of fistfights.

Last year, the annual District Golden Gloves tournament was moved to Pampa, and this city was officially recognized as having one of the best boxing teams in the Panhandle.

For the first time in history a Pampa boy slugged his way to the state finals and in a second-round knockout over Dallas' Jack Woodruff, Eugene Cooper was crowned welterweight champion of the state. Since that time, Cooper has moved to Amarillo and will probably fight for that city this year.

Tentative list of entrants numbering around 80 was compiled yesterday, including several boys who entered the regional tournament in Amarillo last year.

There will be 11 weight classes in the all-city meet with divisions at 80, 95, 105, 112, 118, 125, 135, 147, 160, 175, and heavyweight. The pairings will be made this afternoon immediately after the weighing-in process.

NCAA Warns Members of Sanity Code

SAN FRANCISCO — (AP)—Fourteen member schools of the National Collegiate Athletic Association have been warned to clean up their high-pressure recruiting of athletes by March 1.

They are "clearly not complying" with the NCAA's year-old "sanity code" regulating such matters, Compliance Committee Chairman Clarence P. Houston reported to the NCAA Executive Board. He did not name the offenders.

His report, given Friday night, also said that "comparatively little investigation will be needed in these cases, as (their) answers to questionnaires admit violation."

Some 32 other schools, he said, gave answers which attracted doubts. Their questionnaire answers, he explained, were "such as to require more information in order to make a determination of their compliance."

The sanity code, adopted by the NCAA at a New York meeting last year, is intended to end the recruiting of star athletes by promises of financial or other assistance.

Houston, of Tufts College, said the great majority of active members of the NCAA appears to be "well within the requirements of the code," and conducting their athletic programs "on a sound and ethical basis."

In another report at Friday night's meetings, Dr. Floyd R. Eastwood informed NCAA representatives that college football went through the 1948 season without a single fatality. Dr. Eastwood, professor of education at Los Angeles State College, said it was the fourth time since 1941

Belloise Tops Frenchman

NEW YORK (AP)—Robert Villmain is a 100 percent game Frenchman but he can't punch hard enough to rate as a middle-weight title threat.

That was the ringside consensus at Madison Square Garden Friday night after he lost a decision to Steve Belloise in a bloody 10-rounder. It was the first defeat for the stocky Frenchman in 35 pro starts.

Villmain caught the fancy of the crowd of 11,863 who paid \$35,968 to see his American debut. Blood streamed from wide cuts around both eyes but he refused to sag. Instead he carried the attack to his older opponent in the late rounds.

Harry Markson, director of the 20th Century Sporting Club, was impressed by the courage of the former European welter champ. He wants to bring him back later in the winter. There is some talk of a match with Rocky Castellani of Luzerne, Pa., the "rookie of 1948." But that's still just an idea.

Referee Eddie Joseph gave Villmain the best break of any of the officials. He gave Belloise a slim 6-4 edge.

Belloise is eager to fight Marcel Cerdan, the Frenchman who holds the world middleweight crown. He also would like to get Ray Robinson, the welter champ who withdrew from a Dec. 9 date with Steve because of a training camp injury.

"I want money," said Steve honestly. He really doesn't care much what fight he has to take to get it.

The first steel made in America was made in Connecticut in 1728.

Award Trophies In District 1-B

WHITE DEER—(Special)—The Executive Committee of District 1-B football met last Sunday afternoon at the White Deer High School to make schedules and other plans for the 1949 season.

Member schools and their representatives attending were: Groom, Supt. W. B. Harris; Spearman, Supt. H. R. Hartman; Stinnett, Supt. Archie Stevens; Canadian, Coach Otto Mangold; Panhandle, Supt. R. E. Byrom; Wheeler, Supt. W. O. Carrick; Claude, Supt. John Morris; and White Deer, Supt. Ray Vineyard.

Trophies were presented to Panhandle, Wheeler, and White Deer for the co-championship of District 1-B football for 1948.

Supt. Morris was re-elected district chairman, and Vega was admitted into the district by unanimous vote.

The committee also voted to divide the gate receipts, after deduction of officials' fees and federal tax, on a 50-50 basis; to employ at least three officials for each game; to pay a minimum of \$15 to each official and follow Inter-scholastic League ruling for the payment of higher fees; to re-adopt the admission price of 75 cents and 40 cents for adults and students respectively for all conference games; and to admit members of pep squads, bands, and visiting 1-B football teams, under supervision, without charge.

Miami Boasts Two Good Cage Teams

It has been many moons since the folks in Miami can remember the Warriors and Squaws being as good as they are this year. The Warriors have been victorious in their first seven games which they have played thus far, and the Squaws have been victorious in five of their first seven games.

Mobeetie's Hornets fell before the fast-breaking Warriors 22 to 23 in the opening game of the season. In the second game of the season the Redmen trampled a herd of Longhorns from Darrouzett 47 to 27. The Warriors corralled the Briscoe Bronchos to thump the Broncs again 43 to 30. Paying a visit to Mobeetie almost proved to be costly but in the fading minutes the Warriors pulled the game out of the fire and edged the Hornets 34 to 32. Neighboring Canadian fell before the Warriors 37 to 16. Last Tuesday night the Warriors entertained the Darrouzett Longhorns, again dropping them 29 to 18.

Mobeetie appears so far to be the only feminine team which

Louis With Circus?

CHICAGO—(AP)—A Texas circus owner has offered heavy-weight champion Joe Louis a half million dollars to travel with the circus from April 18 to Nov. 16.

A booking agent for Louis' exhibition tours said the offer came from D. C. Davenport of Gonzales, Tex., operator of the Dailey Brothers Circus.

Louis said he would think it over and give a decision later.

7 tips for safe winter driving!

1. Get the "feel" of the road—try your brakes while going slowly.
2. Adjust your speed to road, weather and traffic.
3. Use Traction Type Tires on winter roads.
4. Keep your windshield clear of snow, ice, fog and frost.
5. Pump your brakes on ice and snow—don't jam them on.
6. Follow at safe distances. It takes 3 to 12 times longer to stop on snow and ice.

GOODYEAR

RIDE ON NEW Super-Cushion TIRES BY

Be protected with the extra safety of "STOP-NOTCHES"

Goodyear's molded-in "Stop-Notches" give Super-Cushions extra slip resistance. These zig-zag slots have hundreds of sharp edges that cut through wet, slippery road film and grip the road on stops and starts. "Stop-Notches" mean you're safer on Super-Cushions... the tires that run on 24 lbs. of air. Come in—Super-Cushions will fit your present wheels.

LIBERAL TRADE-IN ALLOWANCE FOR YOUR OLD TIRES

Terms as low as \$1.95 a week per set of 5 tires and tubes.

Attempt Ahoy

Capt. Bill Odom, record-breaking aviator, will attempt to smash another mark in January. Odom will try a non-stop flight from Honolulu to New York, 5010 miles, in a 185-horsepower, single-engine Beechcraft Bonanza plane. If successful, he'll more than double the existing distance record for light airplanes, now held by two Russian aviators who flew 2061.703 miles in 1937.

Lone Star Seeks East Texas Mill

LONGVIEW—(AP)—An operating steel mill in East Texas "within 18 to 24 months after financial details have been completed" is the hope of the Lone Star Steel Company, its vice president, George D. Ramsay, said.
Ramsay told around 20 butane dealers and steel fabricators from five Southwestern states at a meeting here Friday that "we have plenty of raw material available."
The steel men met here for a round table discussion of their needs for additional steel plate.
In Washington other Lone Star officers outlined proposed expansion plans to President Truman. E. B. Germany, company president, said a steel mill to cost about \$61 million was contemplated. He said a Reconstruction Finance Corporation loan would be sought. He did not say how much loan would be asked.

Strikers Run Trains To Relieve Drought

WICHITA FALLS — (AP)—Two trains chugged over the Wichita Falls & Southern Railroad Friday, the first traffic to move since a strike of union operating employees Dec. 17.
The road resumed operations under a 90-day truce between the railway brotherhoods and the management, to permit the hauling of water to Archer City, faced with a water crisis.

Ricketts-Muck Vows Are Said in Home Ceremony

Mr. and Mrs. S. E. Muck

A double-ring ceremony in the home of the bride's parents united Miss Maxine Ricketts, daughter of Mr. and Mrs. E. A. Ricketts, 831 S. Russell, and S. E. Muck, son of Mrs. Martha Kemp, Burkhardt.

The Rev. Hal Upchurch, pastor of the Central Baptist Church, performed the ceremony at noon on Christmas day.

Mrs. Caylor, matron of honor, wore a gray crepe dress with black accessories and a white carnation corsage.

The bride wore a white wool gabardine dress with brown and pink accessories, and a corsage of pink roses.

Stanley-Shelton Nuptials Are Spoken in Parsonage

Mr. and Mrs. Charles W. Shelton

Tall baskets of gladioli, candles and greenery decorated the mantel in the First Methodist Church parsonage when Dorothy Stanley, daughter of Mr. and Mrs. Jack Back, 934 E. Francis, became the bride of Charles W. Shelton, son of Mr. and Mrs. J. W. Shelton, 523 N. Russell.

The double-ring ceremony was performed Friday, Dec. 31, at 7:30 p. m. by the Rev. Clyde Smith. Cecil Ray Stanka lit the candles and Mrs. Irvin Cole played "Always" and "Because" before the ceremony.

The bride wore a dusty rose gabardine suit with matching hat and grey blouse and accessories. She carried white gardenias atop a white Bible. She observed the bridal tradition of something old and new.

Miss Pauline Colner, maid of honor, wore a winter white crepe suit with a blue blouse, black accessories and a blue carnation corsage.

Mrs. J. W. Shelton, mother of the bridegroom, wore a wine suit with pink blouse, black accessories and a camellia corsage.

The house and serving table were decorated with the Christmas motif and holly corsages were presented to the guests of honor and Mrs. J. W. Shelton.

Guests at the shower were: Misses E. L. Anderson, Mattie Crowson, Lucille Turner, Bob Winchester, Jean Turner, E. G. Roberts, Wood, W. B. Murphy, I. E. Byars, Paul Caylor, Harry Height, Isabel Danner, Don Cole, W. R. Putty, Sherman White, E. P. Hollinghead, Dee Wood, E. F. Leech, Jack Back, Nolan Cole, Louise Stuart, Lee Barrah, Rosa Sorority, Shelton was graduated from Pampa High School in 1941.

The bride chose a soft dress of iridescent tulle taffeta and wore black accessories and a corsage of clustered purple orchids.

The bride is a graduate of Pampa High School. Jacobson was graduated from Thomas Jefferson High School, San Antonio.

After a wedding trip to Bermuda the couple will be at home in San Antonio.

15 Attend Meet Of Wesley Class

The Mothers and Susannah Wesley Class of the First Methodist Church held its monthly meeting Thursday afternoon in the home of Mrs. W. Mullins, 403 N. Somerville.

Mrs. F. P. Reid was co-hostess. The meeting was opened with singing, and Mrs. A. B. Kashay gave the devotional. Mrs. John Hodge closed with a prayer.

Griffitts-Summers Vows Are Said at Local Church

Mr. and Mrs. Lloyd Summers

Mary Helen Griffitts, daughter of Mr. and Mrs. P. M. Jenks, Gulf Lease, became the bride of Lloyd H. Summers, son of A. G. Summers, Albuquerque, Friday, Dec. 17, at the Presbyterian Church.

Dr. Douglas Nelson officiated at the double-ring ceremony which was performed before an altar decorated with mixed pastel gladioli, palms and candelabra.

Raymond White sang "Always" and Mrs. H. A. Yoder accompanied him at the organ. Bob Bailey was best man and Paul Jenks, Jr., brother of the bride, and R. P. Hill were ushers.

The bride wore a gray gabardine suit with box coat, black accessories and an orchid corsage.

Bill Oslin. Miss Wanda Lou Morris had charge of the guest register. During the evening receiving hours, approximately 150 friends called.

Mann Students Get 'Thank You' Letter

Horace Mann School children were recipients of a picture which created much interest during the past week.

White gifts brought to the school, which has become a traditional part of the Christmas spirit of Horace Mann, were taken to the Children's Home in Amarillo.

Along with a letter of appreciation from J. K. Wilhelm, superintendent, came a picture of the children in the home. A poem was enclosed from the children expressing their appreciation.

Miss Joyce Cloud and Lynn F. Fite Are Wed at Pampa First Christian Church

Mr. and Mrs. Lynn F. Fite

The bride wore a blue wool dress fashioned with long sleeves and flounce of light blue satin. She chose black accessories and carried a white Bible topped with an orchid.

A reception at the home of Mr. and Mrs. Charles Madala followed the ceremony. Mrs. Bill Clay served the blessed wedding cake and Mrs. T. A. Howell presided at the punch bowl.

Anita Lane, Basil Arnold United in Church Ceremony

Mr. and Mrs. Basil Arnold

In a candlelight ceremony at the Presbyterian Church Miss Anita Lane, daughter of Mr. and Mrs. W. H. Lane, Sr., 835 S. Barnes, became the bride of Basil Arnold, son of Mrs. Paul Lyons, Forth Worth.

The Rev. Douglas Nelson performed the double-ring ceremony Dec. 31 at 7 p. m. before an altar decorated with baskets of gladioli, greenery and tapers in tall candelabra.

The bride, given in marriage by her father, wore a white satin ballerina-length dress with three-quarter sleeves and full skirt. A short veil of illusion net fell from a braided crown of the net.

Miss Helen Blocker sang "Love But Thee" and "Because." She was accompanied at the organ by Ken Bennett.

Miss Bunny Shelton, maid of honor, wore an American beauty red ballerina-length dress with long black net gloves.

At the reception at the home of the bride's parents, the rooms were decorated with a profusion of white flowers.

Mrs. Lane, mother of the bride, wore a navy blue suit with navy and white accessories and a gardenia corsage.

Mrs. Arnold was graduated from Pampa High School in 1947, where she was a member of the Sub Deb Club and a member of Tri-Hi-Y.

Following a wedding trip to New Orleans, Tennessee, Alabama and Arkansas they will make their home after Jan. 17 at 408 Magnolia.

New Jaycee-Ette Heads Installed

The Jaycee-Ettes met Wednesday evening in the City Club Room for the installation of 1949 officers.

Mrs. Jim Arndt, outgoing president, installed the following officers: Mrs. Emmett Johnson, president; Mrs. Frank Fata, vice president; Mrs. John King, recording secretary.

An especially delicious dressing for hearts of lettuce is one made of french dressing to which hard-boiled egg, finely diced beet, green pepper, celery and olives are added.

Refreshments were served to Mrs. Johnson, Arndt, Floyd Watson, Fischer, King, Willard, Joe Fischer, treasurer; Mrs. Davis Brown, historian; and Mrs. Tom Tipps, reporter.

Miss Merriman To Leave for Washington Soon

Miss Florence Merriman

Miss Florence Merriman will leave for Washington during the latter part of this month to become secretary to Congressman Eugene Worley.

She served in this capacity between 1941 and 1945. While in Washington, she was clerk of the Election of President, Vice President and Representatives in Congress Committee, which was instrumental in passing the soldier's vote bill during the war.

After Miss Merriman came to Pampa in 1945, she became a public accounting partner with her sister, Mrs. Gladys Turner, at the Martin & Turner Insurance Agency.

During her stay in Pampa, Miss Merriman has participated in many civic affairs. She is president of the local chapter of the Business and Professional Women's Club.

A member of the First Methodist Church, she has participated in the Wesleyan Guild and is president of her Sunday School class.

Here is a rather interesting play that we were discussing. On the opening lead of the three of diamonds, declarer decided to discard a spade from dummy and win the trick in his own hand with the ace. He then led the ten of diamonds, trumped it in dummy, and came back with the queen of spades. He took the finesse. West won the trick with the king and immediately returned a spade, which East ruffed—and the contract was defeated.

Suppose that declarer, after ruffing the ten of diamonds in dummy, had led back a small spade, played the ace, then led a small spade to the queen. West of course would have won this trick with the king, and declarer would have been able to ruff

12 Leading Doctors Complete Study of Rheumatism, Arthritis

In a 45 page booklet a committee of 12 of the nation's leading doctors has issued a complete report of their study of rheumatism and arthritis, covering a period of months of intensive research. From their findings a formula for the quick relief of rheumatic pain was developed by a well-known pharmacist.
 The formula, called Ru-Tel was first tested by physicians, hospitals and clinics and had achieved remarkable results in relieving the pain of rheumatism, arthritis and neuritis. They found that Ru-Tel Tablets are pleasant to take, do not upset the stomach in most cases give quick, soothing relief, sometimes overnight. Now, these Ru-Tel Tablets are available, without prescription through all drug stores. First bottle must help or your money refunded.

Speaker Points Way to Bliss

Friday's Kiwanis Club luncheon speaker was the Rev. Clyde Smith, a member of the club. He spoke on "Happiness in 1949."
 Rev. Smith, who is popular as a speaker before the club, made three points in achieving happiness in 1949: 1—Believing in something; 2—Have something to live for; and 3—"Keep your heart right."
 He was introduced by Howard Vineyard, of the Bulletin Committee. Presiding as first vice president of the meeting, in the absence of Pres. Evelyn Laycock, was Herman Whatley.

Court Upholds License Dispute

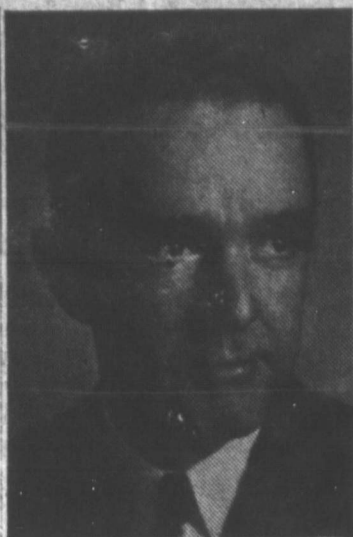

AUSTIN — (AP) — Lower court findings in a license dispute between D. I. Louder and others and the State Liquor Control Board were left in effect by the State Supreme Court.
 Lower courts had refused Louder's request for a mandamus to compel the board to re-issue licenses that expired Aug. 31, 1948. The stores had been located in an area near Fort Arthur that was included in an extension of city limits. City zoning laws prohibited liquor stores in the area, and the control board refused the new licenses.
 The Court of Civil Appeals had ruled that Louder's only recourse was a zoning appeal to the city. The Supreme Court refused Louder's application for a writ of error against this finding.

450 Expected for Annual CC Banquet

G. S. "PINKY" VINEYARD

Approximately 450 people will attend the annual Chamber of Commerce, Board of City Development banquet at 7:30 p.m. Tuesday in the High School Cafeteria.
 Since only 350 plates are available for Pampans, those expecting to attend should make reservations at the Chamber of Commerce office as soon as possible.
 "A large and varied program of entertainment has been planned," Joe F. Key, retiring president who will preside, said yesterday.

FRED THOMPSON

Incoming officers of the Pampa Chamber of Commerce will be installed by Borger City Manager A. A. Merideth. Thompson will succeed Key as president, George S. Vineyard will replace Thompson as first vice president, John O. Pitts again will serve as treasurer and E. O. Wedgworth will continue as manager.

Third Class Mail Rates Increase

Pampans may plan now to put two cent stamps on next year's Christmas cards in place of the one-and-a-half cent stamps as in the past, Postmaster W. B. Weathered said yesterday.
 Since Jan. 1, all third class mail, including form letters, that formerly went for one-and-a-half cent. After Jan. 31, all mail short on postage will be returned to the senders. Until that time, the addressee must pay the additional postage.
 Air mail rates are again six cents. Many Pampans are neglecting the extra cent because of the five-cent air mail habit. At the end of this month all air mail letters lacking postage also will be returned to the sender.
 Pampans who have a supply of cent and one-half stamps may purchase half-cent stamps at the Postoffice to comply with the new third class rates, or use two of the stamps for regular first class letters.

Canadian Lions Club Gets Gavel

CANADIAN — (Special) — The Canadian Lions Club was presented with the traditional club bell and gavel at Friday's luncheon meeting at the Killarney.
 The presentation was made by Pampa's Boss Lion Price Doster. The local club, formed six months ago, was sponsored by the Pampa club.
 The presentation was received by Harvey K. Parker, local president. A brief talk was made by H. C. Walker, Pampa, who is a past district governor of Lions. He said that members must make a club beneficial to a community, but at the same time the members should have fun achieving that aim.
 Other Pampa Lions present were Dr. Roy A. Webb, Ray Salomon, J. E. Winborne, O. E. McDowell, R. C. Wilson, Ed Cleveland, Charlie Thut, and Gene Mills.

Steel Company Asked To Build New Plant

AUSTIN — (AP) — The Lone Star Steel Co. of Daingerfield was asked at a Longview meeting Friday to install a plate mill at its pig iron plant.

Union Leaders Approve Repeal

WASHINGTON — (AP) — President Truman's call to Congress for repeal of the Taft-Hartley Act and restoration of the Wagner Act received quick approval from both the CIO and AFL.
 That portion of his message was hailed by AFL President William Green and CIO chief Philip Murray as being in full accord with their views about labor legislation.
 Both big labor federations, with a combined membership of nearly 14 million promised to work toward constructive amendments after the Wagner Act is restored.

Ken Bennett's orchestra will provide dinner music and R. Virgil Mott, educational director of the First Baptist Church, will lead group singing.
 The Rev. Henry H. Tyler, pastor of the First Christian Church, will present the introduction and Arthur Teed will introduce visiting guests.
 Senior High Girls' Sextette will present several selections. The sextette is composed of Naneen Campbell, Arvilla Patterson, Barbara Blair, Junice Ann Fahle, Betty Joyce Scott and Johnnye Sue Hart. Also, the High School Boys' Quartet, made up of Jack McPeak, Bob Brown, Dick Oden and Don Thut, will provide part

Words Mean Different Things To Supreme Court Justices

By JAMES MARLOW
WASHINGTON — (AP) — "When I use a word," Humpty Dumpty said, "it means just what I choose it to mean—neither more nor less."
"The question is," said Alice, "whether you can make words mean different things."
If a Supreme Court justice were reading that in "Through the Looking-Glass," he'd have to nod his head and say:
"Yes, Alice, yes, indeed. Words do mean different things, particularly to justices of the United States Supreme Court."
And that's one of the reasons why the nine justices of the court disagree so often among themselves.
In the past three months the court has handed down 27 decisions and in 19 of them the justices disagreed. And in eight of those 19 times the nine justices divided: five for, four

against.
The nine justices are only human, and are sometimes right, sometimes wrong, and, being human, disagree.
And time may show that the majority today was really right and the majority wrong. Then a later court can change the old decision around to fit new conditions to the character of democracy.
But what causes the justices to differ if they're all educated men, know the law, and look up the same cases in reaching a decision?
One of the present justices, William O. Douglas, thought enough about this problem of dissenting opinion to comment on it in a talk some time ago before the American Bar Association. He said:
"Disagreement among judges is as true to the character of democracy as freedom of speech itself. Democracy, like religion, is full of sects and schisms. Every political campaign demonstrates it. Every session of the legislature proves it. No man or group of men has a monopoly on truth, wisdom or virtue."
And when a judge is interpreting the law, said Douglas, the

Shutdown Order Called Help to Oil Industry

BEAUMONT — (AP) — The president of Humble Oil and Refining Company described the Texas Railroad Commission's efforts to conserve oil well gas as a means of hastening oil industry progress.
Hines Baker, speaking before the Beaumont Rotary Club, said the problem of gas conservation was magnified by the increase in oil production during the war and by the shortage of materials needed to build gas conservation plants.
Baker spoke on a program commemorating the forty-eighth anniversary of discovery of oil at Spindletop.
The Houston oilman indicated the Railroad Commission's recent action of seeking to shut down oil production in a number of fields so as to conserve gas will lead to great accomplishments within the industry.
He estimated that when current gas processing plant construction programs are completed by 1950 the amount of casinghead gas conserved will be 90 percent or more of the maximum that can be economically utilized.
Only 70 percent of the maximum amount is being utilized at present, he said.
The industry, he said, has earmarked \$250 million for its postwar gas conservation program.

Referring to the great growth in volume and improvement in quality of petroleum products, Baker said the industry in the United States now supplies thirty times as much oil as in 1901 when Spindletop was discovered.
He added that cooperative efforts between the industry and state conservation agencies have led to great savings of crude oil and natural gas since the opening of Spindletop.
"Own life and experience, his personal set of values, his training and education, and the genes of the blood stream of his ancestors."
But Douglas said he has no use for the judge who disregards the Constitution and tries to write his own special wishes into law or tries to weasel-word his way out of a tough decision.

The Miracle of Grogan's Mill

Charles "Bubba" Long, 14, whose whole life has been spent suffering from rheumatic fever, was lonesome and asked for a "bushel of letters" on a national radio program. He got more than a bushel—now they underestimate that tax. If they've underestimated by more than 20 percent, they should make the correction and pay in full by Jan. 15, otherwise there's a penalty.
Remember this, too: Some people started making quarterly payments last March 15. Then the spring Congress cut taxes. Now they find they have a refund due them.
If they file their final 1948 return by Jan. 15 on Form 1040, they'll get their refund from the government faster than if they waited until March 15, when the government is swamped with returns.

January 15 Deadline for Some Classes of Taxpayers

By JAMES MARLOW
WASHINGTON — (AP) — Jan. 15 is a deadline for several million people who must pay on their "estimated" income tax for 1948. They're the ones who haven't had the full tax, or any tax, withheld from their 1948 wages or income.
In 1948, most people's income was from wages. And most of them had the full 1948 income tax withheld from them.
If you're in that group, don't worry about Jan. 15. You'll make your final return by March 15.
But Jan. 15 is the deadline—if it means you're filing, changing and paying your declaration of estimated tax for 1948.
Here are the people in that group:

1. Those from whose 1948 income no tax was withheld, such as doctors, landlords, servants, farm hands, some farmers, and so on.
Last March 15, knowing no tax was to be withheld from their 1948 income, they should have estimated their 1948 income and the tax on it.
And, beginning last March 15, they started paying the tax in quarterly installments. Their last quarterly payment is due Jan. 15. They should have some tax, but not all the tax due, withheld from their wages. They should have been paying, starting March 15, the difference between the tax withheld and the full tax due. The final, or last quarterly payment, is due Jan. 15.
2. Those who had some tax, but not all the tax due, withheld from their wages. They should have been paying, starting March 15, the difference between the tax withheld and the full tax due. The final, or last quarterly payment, is due Jan. 15.
3. Those who had full tax withheld from their 1948 wages but received more than \$100 in outside income from which no tax was withheld. Such outside income for a wage earner, for instance, would be rents, sales, dividends. Jan 15 is a deadline for them, too.
4. Some farmers—the law allows this—didn't make any tax payments at all in 1948 or 1948 income because they were uncertain about what that income would be. In their case they must now estimate the tax due on their 1948 income and pay it in full. People in all four groups can make their return by Jan. 15 on Form 1040-ES or Form 1040. If you use Form 1040, it can stand as your final return on 1948 income. It will mean more work for you if you use Form 1040-ES. This is why: On March 15 you'll have to file your final return on Form 1040 anyway, even though you filed a return Jan. 15 on Form 1040-ES.
(The people not in the four groups above will have to file their final return by March 15.)
But some of the people in the four groups, for one reason or another, may find it best for them to file their return on Form 1040-ES by Jan. 15 and then make their final return on Form 1040 by March 15.
For example: They got a raise during the year and will not know precisely by Jan. 15—because the boss didn't give them a receipt showing the facts—what their total 1948 income was and how much tax was withheld from them.
Here's something else to re-

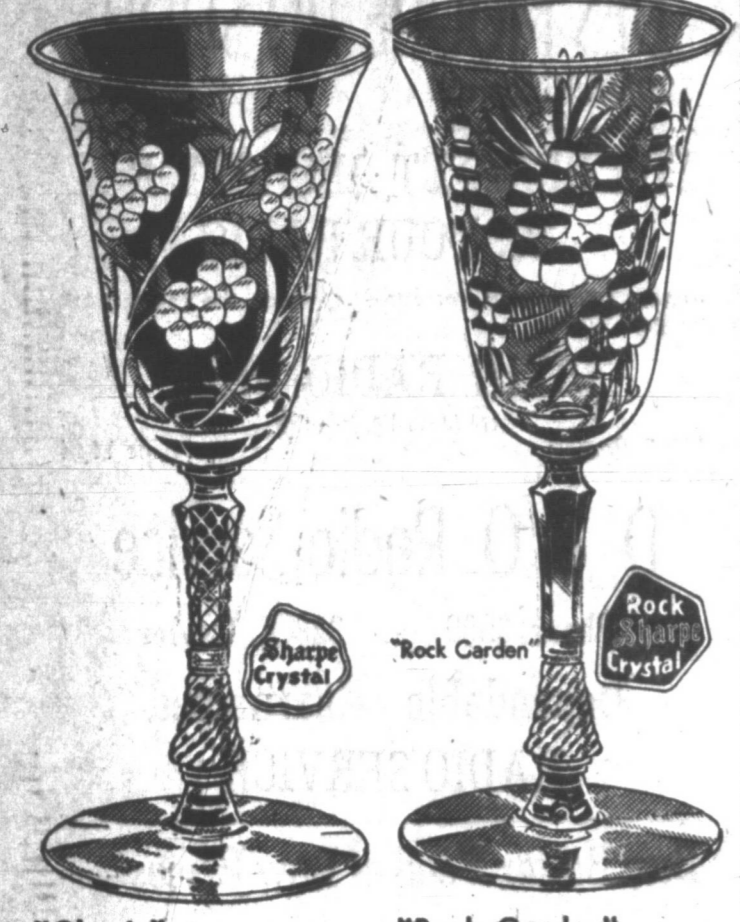

Reserve Plans Petroleum Unit

All officers and enlisted personnel (including WAVES) of the volunteer Naval Reserve who have had experience in or are now engaged in the petroleum industry, are eligible for membership in a new volunteer reserve petroleum program which is being activated by the Navy Department.
It is expected, in the event of mobilization, that personnel enrolled in the volunteer reserve petroleum program will be assigned to duty where petroleum knowledge and experience are required. Individuals who are not in the Naval Reserve, but who qualify in all other respects, will become eligible upon obtaining membership in the volunteer reserve.
Any qualified individual who is interested in becoming a member of a volunteer reserve petroleum unit in the Panhandle area should communicate with Lt. (jg) J. W. Lemay, Jr., Box 97, Phillips, Tex. If sufficient interest is shown, a unit will be established in the Panhandle area.

S. Africans Like Ex-Pampan

Harris Hawkins, son of Mr. and Mrs. W. H. Hawkins, Pampa, answered curtain call after curtain call one night a few weeks ago as he appeared on the stage in Johannesburg, South Africa.

Yes, this man who a few years ago attended Pampa High School was being applauded for outstanding performance.

He has been touring foreign points for several months. This is what a Johannesburg columnist says about him:

"I tracked Hawkins to his dressing room, which he shares with two other fellows. He didn't seem to be worrying too much that he'd practically stolen the show in his performance of Curly in the 'Dream Ballet.' Just wiped off his make-up and told me, 'Ah, in just a boy from Texas that's done his best.' The role is that of a dancer.

Climax in China Crisis Near, Believes Analyst

By DEWITT MACKENZIE

AP Foreign Affairs Analyst

China's crisis stands at its tenser pitch in her long years of civil war. The climax is near.

Generalissimo Chiang Kai-shek made a defiant offer of peace on his own terms—to the victorious Communist armies. With his back to the wall he admits "the military situation has entered an exceedingly perilous stage."

But it's his conditions of a fight to a finish. The Reds refuse to compromise.

With both sides thus standing pat, the immediate future depends on whether Chiang still commands the support of his government and his armies. He has the determination—but he can't win the struggle single handed. The Communists are flushed with success and are ready to carry on.

If the war continues, where will the showdown come? If you will take a look at your maps of China you can pick the place yourselves. It's that 90-mile stretch on the mighty Yangtze River between the mighty Yangtze River between the capital, Nanking, and the metro-

politan airport of Shanghai, Nanking, lies on the south bank of the Yangtze, and Chiang's task is to defend that whole southern stretch.

A further mark of the Generalissimo's personal determination to fight to a finish—unless the Communists accept his terms—is seen in his move to establish a military-political base on Formosa. This great island lies about 100 miles east of Amoy on the Chinese coast and is a highly strategic position for either peace or war.

Japan held Formosa as a colony for half a century prior to the late world war, but it was returned to China after Nippon's defeat. The island is larger than Massachusetts and Connecticut together.

Formosa is admirably adapted to serve either as a military base or, should worse come to worst, as a last stand refuge for the Nanking government.

The government has sent General Chen Cheng, former army chief of staff, to Formosa as governor. The Generalissimo's elder son, General Chiang Ching-kuo, also has been assigned to duty there.

DR. GEORGE SNELL
ANNOUNCES
THAT HIS NEW
DENTAL CLINIC
IS NOW OPEN
1121 N. FROST
2 Blocks North of Sam Houston School

Thus we see that it is the Generalissimo's present purpose to hang onto the Nanking-Shanghai sector so long as humanly possible. Formosa will be used as a training center for Nationalist troops and as a base for supplies. If the Government has to abandon Nanking, then it likely will withdraw to Formosa, and try to continue the fight from there.

The immediate future, as previously pointed out, depends on whether Chiang's followers stand back of him, or whether they force the conclusion of peace with the Communists.

35-Foot Float to Represent Texas

WASHINGTON (AP)—A 35-foot long float carrying miniature Texas cities, oil derricks and Longhorn steers will represent the Lone Star State in the big inaugural parade Jan. 20. Float Committee, said the Texas State Society is sponsoring the float; that it will cost about \$2,000, and that Wright Morrow of Houston has agreed to underwrite the cost.

Morrow is Texas Democratic national committeeman.
