

# Split Is Indicated Among Chinese Nationalists

## Pampa News

VOL. 47—NO. 218 (10 Pages) PAMPA, TEXAS, WEDNESDAY, JANUARY 26, 1949 Weekdays 5 Cents Sunday 6 Cents AP Leased Wire

### MARCH OF DIMES IS LAGGING; LARGER CONTRIBUTIONS NEEDED

"Dig deep" was the appeal sent out by Paul Brown, city chairman of the annual March of Dimes, yesterday.

The drive for funds to combat the dread infantile paralysis has bogged down, due largely to bad weather, and citizens are urged to "dig deep" if the county's quota of 100,000 dimes is to be met by the end of this week.

Infantile paralysis is one of the most dreaded of all diseases, Crawford Atkinson, county chairman, said, because it strikes at the young and helpless.

Last year's epidemic, the worst in Texas history, struck 23 in Pampa alone.

Funds are badly needed for the National Foundation for Infantile Paralysis is to be able to continue its work of aiding stricken areas and its program of research into the causes of the crippling disease, Atkinson continued, because the foundation's funds for emergency aid have been exhausted.

There are three ways set up this year to solicit funds: Parkways are being used as collection boxes for the first time. All dimes deposited in the meters go toward meeting the county's quota.

Cards with slots for dimes and dollars have been sent to residents in both the city and county for individual donations. These cards are coming back with an average of \$3 apiece, Brown said, but they are not being returned by everyone. "Remember," he said, "one of the children stricken

by polio this summer may be yours, and if funds are not available for its care, your child may suffer. Polio is no respecter of persons — it lays low the rich as well as the poor — and when your child needs care is no time to wish you had given more," Brown said.

Coin boxes are on the counters of nearly all retail stores in town and solicitors for individual gifts have already been to the merchants and organizations.

### Moisture to Benefit '49 Farm Crops

DENVER (AP)—The oceans of snow over the Western United States are filled with something besides misery. The beneficial payoff comes when the icy flakes start melting.

Farmers are the principal sufferers now. They'll be the prime beneficiaries when the white crystals dissolve into droplets of water, flow into streams and nourish the far-flung plains.

Federal officials agreed today the heavy snowpack from January's blizzards in the mountains assures adequate irrigation water. And that's the life blood of many areas—irrigation.

Dry land farming may be similarly benefited. However, mighty winds swept some spots clear while drifting the snow against obstructions on the prairies. The snow-burdened spots may be lacking in soil moisture when spring comes.

The heavy snows may be the start of nature's defense against what agriculture officials said could be a catastrophic invasion of migratory grasshoppers. The areas swept by the worst storms were also the most vulnerable to crop-destroying hoppers. They are in Southeastern Montana, Eastern Wyoming and Colorado and in the western parts of Nebraska and Kansas. Federal officials said the grasshopper threat is the worst since 1940.

Excellent water supplies—which the current storms promise—would insure strong growth of prairie grasses and farm crops. The luxuriant growth could withstand the hungry attacks of the migratory hoppers without serious damage.

**"ANIS SALLY"** — Mildred E. Gilliam, the Nazi radiotelegrapher, arrives via police van at District Court in Washington to go on trial for treason. The 48-year-old defendant, a native of Portland, Me., was indicted by a Federal Grand Jury Sept. 16 and faces penalties ranging from 5 years to death. (NEA Telephoto.)

### Judge and Attorney Spend Night in Jail

SHERMAN (AP)—A judge and county attorney slept in jail here last night—thanks to the weather.

The men were unable to reach their homes because of an ice storm. In one cell, Dist. Judge W. C. Dowdy of 39th District Court slumbered, and in another cell was Hal Rawlins, Denison, county attorney of Grayson County.

### Resignation Of Salmon Is Accepted

The resignation of Ray Salmon as city health inspector was accepted "with regret" by the City Commission yesterday. His resignation is effective Feb. 1.

The commission went on record yesterday as "regretting that Ray Salmon has terminated his duties with the city and it feels that he has made a great contribution to the betterment of public health of this community."

Salmon had notified City Manager Steve Matthews last November that he would like to resign Feb. 1, but Matthews asked him to stay on as long as possible. Matthews said this morning.

Salmon's formal letter of resignation was submitted to the commission two weeks ago and yesterday he asked for a definite release so that he would be free to accept a position that had been offered by the State Health Department.

In accepting his resignation, the commission pointed out that since Salmon has been with the city the quality of milk coming into town has been greatly improved and the Pampa milk shed has been enlarged. All milk coming into town now is Grade A, compared with the small percentage of Grade A coming here in 1946. The commission also feels that supervision of eating places has been improved and that through Salmon's "sincere and conscientious efforts" he has

### Reds Get Closer; Government Leaves Canton Immediately

NANKING (AP)—The government will move to Canton immediately.

The Chinese Foreign Office today formally notified foreign embassies and legations of the decision. A spokesman said all government offices here would be closed by Feb. 3 and reopened in Canton by Feb. 5.

The United States Embassy awaited instructions from Washington. Others are expected to follow the U.S. lead, except the Russian bloc whose attitude is unknown.

The announcement came as Nanking city councilmen moved for a separate peace for the city. Councilmen voted to send a delegation to the Communists across the Yangtze River if national peace efforts fail.

One newspaper said acting President Li Tsung-jen had given the council his provisional approval of their plan.

There were reports that both Nanking and Shanghai would be surrendered to the Communists without a fight if peace talks on a national level collapsed.

The new reports said a South China defense organization had been set up. Responsible sources said it would be led by Chiang Kai-shek, now in retirement in Fenghuo, his ancestral home in the south.

Highly placed sources said the government planned to abandon the whole Yangtze Valley and set up defense lines further south.

Peace talks with the Communist peace forces proved to be a failure. Both sides have said they were willing to talk peace on Red terms.

These sources said if the Communist peace price proves too high, government troops would seek to save for Nationalist China its important rice bowl.

Should Li's peace efforts fail, these sources said it was certain that Chiang Kai-shek would resume his leadership from headquarters in Canton.

Earlier the Executive Yuan (cabinet) approved three of Li's proposals for restoring civil liberties to China.

They are:

Removal of the ban on newspapers and magazines suspended for violating Communist suppression decrees; abolition of special criminal courts and codes and the release of political prisoners who have been tried but not sentenced. That would leave the majority of important political prisoners still behind bars.

**CHINESE NATIONALISTS HARD HIT**—A Nationalist Army ammunition dump and ordnance factory, just outside of Nanking (1), exploded in a series of blasts lasting 4 hours, and it was feared that hundreds might have been killed. Meanwhile Nanking was threatened by Communist spearheads driving south along the Pongpu-Nanking railroad and from directly north across the Yangtze River. Nationalists abandoned Chubien (2) to advancing Reds, while other Communist troops concentrated in the Grand Canal area around Chiantu (3), prepared for an assault across the Yangtze. (NEA Telephoto.)

### VETERANS PENSION BILL GOES BEFORE COMMITTEE

WASHINGTON (AP)—A veteran pension proposal with a multi-billion dollar price tag had the right of way today in the House Veterans Affairs Committee.

Chairman Rankin (D-Miss) made it the first order of business for tomorrow, with Gen. John Thomas Taylor, national legislative commander of the American Legion, as the first witness.

The legislation, by estimate of Rankin and the American Legion, affects some 18 million veterans of World Wars I and II.

Its impact upon the national pocketbook has not yet been officially estimated, but Veterans Administration figures show that there are more than 3,500,000 veterans who would reach the pension age within the next 10 years.

On the basis of the bill's provisions, this could mean a possible bill of \$3 billion to \$5 billion a year by 1959 if all those veterans lived to the age of 60.

The bill was introduced by Rankin last week at the request of the American Legion. The Mississippiian said it has the approval of other veterans organizations as well.

The bill provides both for non-service connected disabilities, and for old age.

On reaching 60, the veteran would receive \$60 a month, whether disabled or not. At the age of 65, it would go to \$90. That would be in addition to any disability payments he may have been receiving, or would later receive.

Disability rated at 20 percent would entitle him to \$20 additional a month; 40 percent disability, \$40 a month; 60 percent, \$60 a month; total disability, \$90 a month.

In cases where a veteran required an attendant because of blindness, or any other disability making him entirely helpless, his pension would be \$120 a month.

His disability need not have been incurred in line of service, and he would be eligible if he served 90 days during either of the last two wars.

### Labor Leads In Election

TEL AVIV, Israel (AP)—Israeli voters appeared today to have stamped approval on the many-party government of their eight-month-old state.

With nearly half the vote counted in yesterday's election of the first Hebrew Parliament in history, Prime Minister David Ben-Gurion's moderate left Labor Party, MAPAI, was leading with 35.5 percent of all votes cast. Twenty-one parties had put up candidates.

The returns were from 256 places, including all of Jerusalem and Haifa, many parts of Tel Aviv, and some 250 smaller towns and villages.

The result appeared to guarantee continuity in the cautious foreign policy which brought the new-born nation through its first critical eight months while fighting off Arab League armies and balancing politically between East and West.

Another labor party, the left-wing MAPAM, also represented in the present provisional cabinet, had 14.6 percent of the vote. A bloc of five parties which stressed religious tradition as desirable for the foundations of the new state had 14.1 percent.

Neither the right wing nationalist parties nor the Communists succeeded in seriously challenging the provisional regime on the basis of the present returns.

The Freedom Movement, headed by Menachem Beigin, former underground of Irgun Zvai Leumi, had received 9.2 percent of all votes cast.

The Communist Party received 2.5 percent.

### Board Sets Date for Repressuring Plan

AUSTIN (AP)—A March 25 hearing has been set by the Railroad Commission to consider a proposal for repressuring of the reservoir of the Pickton field, Hopkins County.

Humble Oil and Refining Company advised the commission operators of the field are making plans to return casinghead gas to the reservoir.

The company asked the hearing to determine whether the repressuring shall be allowed and whether transfers of allowables should be made to perfect efficiency of the project.

### PANTEX SEEKS HEARING

AUSTIN (AP)—Pantex Corporation has asked the Railroad Commission to hold a hearing to determine the maximum efficiency rate for production in the Pantex field, Duval County. The commission set the hearing for Feb. 25.

### Dances to Be Featured In Revue

Jeanne Willingham and Erma Lee Kennedy have combined their talents to present the dance line for the sixth annual Kiwanis sponsored "Top of Texas Revue."

Tickets for the show are available at Berry's Pharmacy and Combs-Worley lobby. The show, written and directed by Ken Bennett, will be held at 8 p. m. Thursday and Friday at the Junior High School Auditorium.

Jeanne, assisted by Erma Lee, for the past three weeks have been coaching the other dancers. Both girls will present solos. Jeanne will give a tap dance solo to Ken's new tune, "Indian Boogie." Other dancers to be "Eloise Welborn, Joan Clay, Betty Simmons, Lee Cisneros, Charlie Roberts, Biddy Simmons, and Vernon Garner."

Erma lives at 219 E. Atchison with her mother, Mrs. Clara Kennedy. While a student at TSCW, Denton, she was a member of the Caporettes. She was graduated from Pampa High in 1946.

Jeanne was born in Fresno, Calif., and has been dancing for the past 20 years. She began dance training at the age of five in Houston. She received the major part of her dance training from Louise Hudson at Ft. Worth and Maria Domina at Los Angeles. After attending TSCW she did some professional dancing with Billy Rose's "Casa Manana," Tex. as Centennial at Ft. Worth, and with Shubert Operetta in Dallas. She opened the Beaux Arts Dance School in Pampa in March, 1948, where she teaches ballet, toe, acrobat and tap dancing.

### J. R. Jones, 60, Is Found Dead

J. R. Jones, 60, of Sulphur Springs, was found dead in his room at 5 p. m. yesterday in his room at the Hillson Hotel.

Justice of the Peace D. R. Henry, serving as coroner, said death was caused by a heart attack.

Mr. Jones, who had come to Pampa Monday to visit his granddaughter, Mrs. Jimmie Lerman, was a patient in Worley Hospital, was found by his grandson-in-law, J. E. Lerman, and Jack Lyons, manager of the hotel.

According to police reports, Mr. Jones had spent yesterday morning in the hospital and returned to his room at 2:30 p. m. to lie down and rest. At 5 p. m. Lerman came for him, and got no response to his knock on the door. Lerman and Lyons looked through the transom, calling Mr. Jones. They broke down the door when he failed to answer and found him dead. The body showed no signs of convulsions or suffering.

Mrs. Jewell Potts, Fort Worth, daughter of the dead man, who had accompanied him to Pampa, said her father had been suffering from heart attacks for several years.

He was born on Nov. 18, 1888, in Hopkins County and was in the grocery business at Sulphur Springs for the past nine years.

Surviving besides the daughter and granddaughter are his wife, Maggie, one son, Martin, both of Sulphur Springs, and a young daughter, Mrs. Reba Rowe, also of Fort Worth. One brother and two sisters also survive.

The body was taken to the Duenkel-Carmichael Funeral Home where arrangements for shipping it are pending.

### 'Dick' Pepin Named New City Manager

R. G. "Dick" Pepin, who has been city engineer for about four years, was named acting city manager, after succeeding Steve Matthews, who resigned last week to take the city managership of Lubbock.

The City Commission, meeting yesterday evening, appointed Pepin as "the most logical choice to continue the city's expansion program."

"In view of the city's expansion program now underway," Mayor C. A. Huff said this morning, "the city chose the only man who is thoroughly familiar with the aims of the program and is a man who is instrumental in bringing it about."

"The city is now in excellent shape, both financially and in its personnel setup, and the commissioners felt that naming Pepin would be in the best interests of the city and the taxpayers," the mayor continued.

To bring in a strange man now, Mayor Huff added, would mean the loss of a considerable period of time while he became familiar with the workings of the city and its many departments, a man who already knows the situation, the present policies of the City Commission will be continued without a hitch.

The commission's choice was unanimous.

Pepin was born in Canada, but spent his boyhood in Enid and Stillwater, Okla. He graduated with a Civil Engineering degree from Oklahoma A&M College in 1935, and is a registered professional engineer.

WE HEARD . . .

Ken Bennett is in need of an old-fashioned dinner bell, hand bell or school bell for his Top of Texas Revue, to be held at the Junior High School Auditorium Thursday and Friday nights. He'd like to hear from anyone who knows of same.

### Men's Banquet Slated Tonight

A men's banquet is scheduled for 7 p. m. today in the basement of the First Methodist Church with W. B. Weathered as master of ceremonies.

Dr. Calvin Jones and one of the banquets will furnish entertainment for the 100 to 150 men expected to attend.

This will be the initial meeting of a Methodist Men's group which will meet monthly. Any man desiring to attend is invited, the Rev. Clyde Smith, pastor, said this morning.

### 1,500 Pay Poll Taxes In County

Only about 1,500 county residents have paid their poll taxes so far, F. E. Leech, county tax assessor, said yesterday.

This 1,500, plus about 350 exemptions that have been issued so far, is about one-fourth the 7,500 who were eligible to vote last year.

Floyd Watson, president of the Pampa Junior Chamber of Commerce, reminded residents yesterday that Monday is the last day for poll tax payments.

Each year the Pampa Jaycees sponsor a campaign to increase poll tax registrations. "It makes no difference who you vote for," Watson said, "just so you are eligible to exercise your privilege."

Following the club's luncheon meeting yesterday, members distributed window cards in the downtown area calling attention to the Jan. 31 deadline for poll tax payments.

Ken Bennett, producer and principal author of the "Top of Texas Revue" to be held Thursday and Friday nights, gave the Jaycees a brief glimpse of what to expect.

Miss Bunny Shelton, one of the stars of the revue, sang "I've Got a Yen for the Men," one of the tunes from the show. "Indian Boogie" and "Waltz of the Wind" were two more of the songs he wrote for the play.

Members volunteered yesterday to solicit funds Saturday for the Pampa Junior Chamber of Commerce drive.

In the annual competition among the civic clubs to see which one can most nearly approach a mile of dimes, the Jaycees drew the corner. Cuyler and Foster in front of Bentley's.

### McCune Will Head Phase Of Campaign

James A. McCune, above, has been appointed chairman of the Industrial Division Committee in the annual Adobe Walls Area Council drive. Feb. 6-12. L. N. Atchison, general chairman, said this morning.

McCune will gather employment solicitations with J. G. McClintock will head the Industrial Division Committee. McClintock will be responsible for the solicitation subscriptions from industries operating within the Adobe Walls Council.

Superintendents and other representatives of local industries will meet at 7 p. m. Wednesday in the banquet room of the Court House Cafe to launch the campaign.

The Advance Gift Committee of the campaign is already underway under the direction of Atchison. Subscribers who contributed in former years have been sent letters in order to reduce the number of individual calls made by volunteer workers during the drive.

Jim Arndt, chairman of the General Solicitation Committee, will have charge of the individual calls during the drive.

The date tentatively has been set for March 12 and will be in the form of a folk dance festival, some phase of Scouting or Juliette Low party or fair.

The representative from each 4000 to meet at 4 p. m. tomorrow at the Scout office to make preliminary plans for the citywide party.

James A. McCune, above, has been appointed chairman of the Industrial Division Committee in the annual Adobe Walls Area Council drive. Feb. 6-12. L. N. Atchison, general chairman, said this morning.

### Panhandle Area May Expect Warmer Weather

Pampa and most other towns in the Panhandle area may expect slightly warmer weather but not thawing weather today and tomorrow.

The snow and sleet on the ground now measures about an inch and a quarter. The temperature at 8 a. m. today was 16 above zero which was the high for yesterday. The low last night was 15.

Pampa schools were reopened today despite the fine mist that began falling about 8 a. m. and lasted until about 10 a. m. Highways are still open in and around Pampa, but are reported to be slick. The majority of the buses into Pampa are running just about on schedule.

Lefors schools remained closed today.

So far the storm in Pampa has resulted in .40 inches of moisture.

An Associated Press release this morning said the Panhandle is still getting snow, sleet and cold through tomorrow.

Early today it looked bad, also, for much of the rest of the state. Freezing rain and drizzle extended as far south as Austin, east to Tyler, west to San Angelo and across through Lubbock and up into the Panhandle.

The AP went on to say it's the kind of weather that makes for thick coatings of ice on already hard-hit telephone lines and power lines.

J. M. Harris, maintenance engineer with the State Highway Department at Amarillo, said the worst ice stretch was on Route 66, 45 miles east of Amarillo.

### Scout Leaders Roundtable Set

A girl Scout leaders roundtable has been called for 9:30 a. m. Friday at the Girl Scout office in the City Hall. Mrs. Frank Hogsett, Training Committee chairman, said this morning.

All Scout leaders have been urged to attend the meeting at which time the 37th Girl Scout birthday party and annual cookie sale will be discussed.

Mrs. Glenn Radcliff and Mrs. E. A. McLennan, Program and Juliette Low Committee chairmen respectively, will have charge of the annual party. The date tentatively has been set for March 12 and will be in the form of a folk dance festival, some phase of Scouting or Juliette Low party or fair.

The representative from each 4000 to meet at 4 p. m. tomorrow at the Scout office to make preliminary plans for the citywide party.

### Dallas Drunks to See Free Sunday Movies

DALLAS (AP)—Educational movies will be shown Sunday afternoons to prisoners held in Dallas City Jail on minor charges, especially those with Saturday night heads.

Judge Joe Hill of Corporation Court said, "We will try to point out alcoholism as a disease and a person can be saved."

### MUFFET'S MONEY

### Ducks Mistake Ice At Airport for Lake

DALLAS (AP)—A flock of 25 or 30 Mallard ducks circled upwind at Love Field, Dallas airport, and came in for a landing on the instrument runway, mistaking rain and ice Tuesday.

Finding they had mistaken glare ice on the runway for a river the ducks waddled off to puddles at the west end of the field.

**RYA DISCUSSES FORTHCOMING MARRIAGE**—Rita Hayworth, seated in front of Prince Aly Khan, chats with the latter's father, Aga Khan, at the Khan villa in Cannes, France, during an interview in which she said she was "very, very happy" about her forthcoming marriage to the prince. She added that she would not retire from her movie career. (NEA Radio-Telephoto.)

# Beware of Romance

By Roberto Courtland  
Copyright by Gannett Pub. Co.  
Distributed by NEA SERVICE, INC.

**THE STORY:** Susan shocks Merry when she announces that she is going to marry Carter Bagby. Aunt Jane tells Merry she will probably make Susan happy but when the wedding is over, she reveals her mind. How Susan would ever fall for that stuffy old man? Kin's exclamation.

XIX

**BEFORE** Carter and Susan had been back from the month-long honeymoon a week, Merry knew that it was going to be impossible for herself and Carter to live under the same roof. Carter's manner toward Susan was jealous, possessive, and he obviously resented her devotion to Merry.

Aunt Jane had returned home and Carter resented Susan's unwillingness to go out for the evening and leave Merry alone; yet when Merry's own youthful crowd filled the playroom or were on the terrace, his manner was one that laid a damper over them all.

So it was that when at Thanksgiving, Kin telephoned Merry and asked her to spend Christmas with himself and Lissa in New York, and urged that she come immediately so that she could "get in" on some of the gaiety of the winter season, Merry accepted with an alacrity that annoyed Susan and pleased Carter.

There were arguments between Susan and Carter. Susan was tearfully averse to Merry's visiting "that woman"; while Carter was so frankly glad to have Merry out of the house and be alone with Susan that the newly married couple had their first and most serious quarrel about it. And Merry climbed on the train at last with such gratitude at her escape that she was prepared, on arrival in New York, to welcome Lissa as her dearest friend for assisting in her rescue.

It had been warm and mellow when she left St. Vincent's but

"Lissa will—but there! Never mind. You and Lissa will hit it off. I know. You're my two favorite girl friends. It would be unthinkable if you didn't," he said comfortably, and proceeded to point out to her things of interest on the taxi, caught in thick afternoon traffic, prowled its way north and into Sutton Place.

The apartment house was impressive, though not ostentatiously so. The doorman wore a dark blue livery, with a minimum of gold braid and buttons. He greeted Kin with affectionate interest, and the same friendly attitude followed them as they entered the small, well furnished lobby and stepped into an elevator. On the sixteenth floor, the elevator disgorged them in a small foyer with only one door facing them.

The door opened even as Kin was fishing for his keys, and a tall woman in some sort of misty blue-gray chiffon hostess gown stood there, smiling at them, and saying in a voice that was like thick, rich cream, "Hello, angel—and is this the infant? How do you do, Merry? I'm Lissa. Welcome to our humble abode."

"Thank you," said Merry shyly. Lissa looked her over and cocked an eyebrow at Kin.

"You beast," she said, her tone making it an endearment. "You didn't tell me she was so pretty or so young! Why, she is an infant!" Kin laughed, his eyes warm and tender.

"Them's fightin' words, gal," he assured her firmly. "Merry's all but eighteen years old and a full-grown woman, she wants you to understand!"

"But of course she does! Even at my age, I can look back and remember how I never denied I have a phenomenal memory!" said Lissa lightly. And though Kin had not touched her, Merry had the feeling that he had taken her into his arms and kissed her. There was about them an aura of two people so deeply in love, so completely happy at being together, that a blind man could have seen it.

(To Be Continued)

The town of Prichard, Miss., was without an organized church. So T. P. Howard, a church elder, wangled a used trolley car from a friend, and now old number 618 is the Prichard church. The congregation crowds the trolley seats, which are now pews. The elders and children combine meetings on Sundays in the trolley-church.

## Market Briefs

**WALL STREET**  
NEW YORK, Jan. 25.—(AP)—The stock market dug in for a stand today after prices declined fractions to around 2 points.

Losses still amounted to as much as 2 points at the final bell but many issues were above the lows for the day.

Only a fair turnover was done although the market was broader than it has been in recent seasons. Volume around 600,000 shares for the full session.

U. S. Steel, a favorite yesterday with a 1/2-point gain, fell back more than a point at one time.

An announcement is expected after the close today on the size of the Frisco Railway but a late jump on news of a common stock dividend.

First since the new company took over in 1947.

Slightly downward most of the day were General Motors, Chrysler, Firestone, Woolworth, Kennecott Copper, American Can, Yonkers, American Tobacco, Corn Products Refining, Santa Fe, Standard Oil (N.J.), Superior Oil of California and Mission Corp. Steadier spots included Bethlehem Steel, Youngstown Sheet, Goodrich, American Telephone, Allied Chemical, Paramount Pictures, and Dow Chemical.

In short, Chiang was a real dictator of China. All important questions of war and peace were decided by him.

That of course was bad. But how much worse must it be now that the Generalissimo has turned affairs of state over to his vice president and gone south from Nanking. Because Chiang was dictator his regime was in many ways a one-man-band. Others were not trained in handling administrative problems. So the unfortunate government now sits in a state of confusion.

There are no native mammals, except bats, in New England.

**CHICAGO WHEAT**  
CHICAGO, Jan. 25.—(AP)—Wheat closed 2 1/2 cents lower. Wheat futures advanced in early trading here today but as the session progressed prices gradually eased under profit taking from the low side and hedge selling. Trading was quiet. Closing prices were steady, 10 cents to 55 cents a bushel lower.

**NEW ORLEANS COTTON**  
NEW ORLEANS, Jan. 25.—(AP)—Spot cotton closed steady at 11 1/2 cents. New Orleans futures were quiet. Middling 22 1/2; low middling 27.00; middling 22 1/2; good middling 32.40.

**CHICAGO GRAIN**  
CHICAGO, Jan. 25.—(AP)—Grain futures prices sagged during the greater part of today's Board of Trade session. Wheat was under pressure and failed to advance on reports that the production and marketing administration had asked for bids on flour to be offered after today's session.

Prices ranged lower although the Commodity Credit Corporation took 3,334,000 bushels of corn yesterday and there were indications that around a million bushels were purchased today. The deferred contracts, however, were steady to 2 cents higher.

At the close, May wheat and corn were at the lowest point since last November.

Wheat finished 1/2 to 2 cents lower than yesterday's close. May 22 1/2% lower. Corn was 3/4 to 1 1/2% lower. May 21 1/2% lower. Soybeans were 2 1/2 to 3 cents lower. March 12 1/2 to 13 1/2 cents lower. March 11 1/2 to 12 1/2 cents lower. March 11 1/2 to 12 1/2 cents lower.

**Sinclair Resigns As Oil Company Head**  
NEW YORK.—H. F. Sinclair resigned Monday as president of Sinclair Oil Corp., and was elected chairman of the Board of Directors.

P. C. Spencer, formerly executive vice president, was elected president. He is also president of the principal operating subsidiary, Sinclair Refining Co.

Sinclair, who has been chief executive since founding the company 33 years ago, gave up active direction after completing a \$150 million modernization and expansion program begun in 1945.

A pound of the finest steel, made into fine watchspring wire, is eight miles long and worth \$60,000.

## Chiang's Withdrawal Said Admission of Red Victory

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

Generalissimo Chiang Kai-shek's withdrawal (temporary or otherwise) from his 22-year-old dictatorship is tantamount to ac-

knowledge of defeat by the Chinese Communist armies which threaten his capital of Nanking.

We may be about to witness the unfurling of the Red flag over China.

**If Stomach Gas or Sour Food Taste Robs You of Sleep**

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year

You can't feel cheerful, be happy and also well if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this: Every time food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, lousy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have positive proof shown that **SSS Tonic** is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the **SSS Tonic** formula which contains very special and potent activating ingredients.

Also, **SSS Tonic** helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-feeding better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and indigestion when what you so dearly need is **SSS Tonic** to help you digest food for body strength and repair. Don't wait! Join the host of happy people **SSS Tonic** has helped Millions of bottles sold. Get a bottle of **SSS Tonic** from your drug store today. **SSS Tonic** helps Build Sturdy Health.

## Party Honors Janece Franklin

Janece Franklin, daughter of Mr. and Mrs. Perry G. Franklin, 813 Magnolia, was hostess today on her sixth birthday with a party in her home.

Games were played and flash camera pictures taken of the group. Punch, and cake decorated with red roses and candles were served. Favors were Valentine cut-out books.

Guests were: Eileen Butler, Zelma and Delma Franklin, Diana Dittmore, Janelle McDonald, Carol McLennan, Pamela Goodlett, Sandra Wheelchel, Jean Franklin, sister of the honoree, and Mrs. Kent McDonald, Mrs. E. A. McLennan, Mrs. Glenn Gruver.

Mary Ann Kelley, Mr. and Mrs. A. L. Smith, Sue and Darrell Franklin, Henry Kolb and B. A. Franklin of Groom, grandfather, sent gifts.

## Penhandlers Club Holds Election

SHAMROCK — (Special) — The Penhandlers Club met in the home of Mrs. John B. Harvey Saturday afternoon.

The annual election of officers was held with Mrs. Harvey elected president; Mrs. T. E. Trostle, vice president; Mrs. Mattie Beasley, secretary; treasurer; Mrs. George L. Stanley, parliamentarian and Mrs. Margie Fleener, historian.

Mrs. Hugg read an article, "Don't Write By Rules," from The Writer's magazine. Mrs. G. H. Alfous discussed the club scrap books.

Mrs. Fleener read one of Robert Frost's poems, "Closed for Good." A round table letter was written to Mrs. George Porch, former member, who recently moved to Cayuga.

The occasion was Founders Day and the hostesses served a birthday cake topped with seven red tapers at refreshment time. A candle was lighted for each past president.

## Children Studied At Study Club

McLEAN — (Special) — Mrs. Frank Howard led the program on "International Children's Emergency Fund" when the Progressive Study Club met Thursday in the home of Mrs. Fred Bentley.

Mrs. Travis Stokes and Mrs. J. C. Claborn discussed "Today's Children or Tomorrow's World?" Others present were Mrs. Ernest Beck, Harold Butrum, Guy Hibler, Jess Kemp, W. S. Lantz, Frank Rodgers, John B. Rice and Earl Stubbfield.

## McKENNEY ON BRIDGE

By WILLIAM E. McKENNEY  
America's Card Authority  
Written for NEA Service.

Today's hand from Columbus, O., was played by John Potts, one of the top salesmen for Swift and Company. He has done a great deal for bridge in Columbus.

♠ Q 8 5 5	♥ A Q 8 4	♦ J 7	♣ J 8
♠ 7 4 3	♥ K 10 9 8	♦ K 6 5 3	♣ 10 3

Lesson Hand—Neither vul.

South	West	North	East
1♠	Pass	2♠	Pass
3N.T.	Pass	3N.T.	Pass
Opening—♠ 10			

As a hobby, he started the Clintonville Bridge Club about nine years ago. Today it has its own club rooms. On Wednesday afternoons the ladies hold a special game there, and on Friday nights the club runs a duplicate in which there are twenty or more tables in play.

Mr. Potts does not claim to be an expert player. He just loves to see people enjoy bridge. However, in today's lesson hand, which he defended, he made a play which, although not difficult, is often missed by good players.

The opponents, of course, got into the wrong contract. The correct spot was four spades. When North bid two spades, South was entirely wrong in going to two no trump. He could have bid four spades but certainly should have bid three, and North would have taken him to four. But this is a lesson in defense at no trump.

West opened the ten of clubs. Many East players would have made the mistake of winning this trick with the king, but not Mr. Potts. He played the nine of clubs, letting the declarer win the trick with the queen. South made a brave effort. He led the jack of hearts, but West covered with the king, and the trick was won in dummy with the ace.

The queen of spades was led, East covered and South won with the ace. After cashing the four spade tricks, declarer entered dummy with a heart, and led the jack of diamonds. East played low, and South's only chance to make his contract was to take the finesse. However, it lost to the king, and West had a club to return. Mr. Potts cashed the balance of the tricks, defeating the contract two tricks.

Declarer could have saved him-

## Ester Club Has Officer Election

The Ester Club held an election of officers when it met Monday evening in the home of Mrs. J. W. Brummett. Mrs. C. J. Bryan and Mrs. E. L. Robinson were co-hostesses.

Club president, Mrs. A. J. Kirkham, presided over the business session at which the following were elected to office: Mrs. R. B. Brummett, president; Mrs. C. J. Bryan, vice president; Mrs. E. L. Robinson, secretary; and Mrs. Leo Braswell, reporter.

Secret pals for the past six months were revealed and members received new pal names.

Refreshments were served to those mentioned and to Mrs. John Holt, W. A. Noland, Chester Nicholson and one guest, Mrs. C. D. Foster.

## Man Raps Girls' Manners on Bus

BY ALICIA HART  
NEA Staff Writer

"A woman's charm could in the final analysis be judged by her behavior on a bus," says one masculine critic.

This man voices the wonder why so many women seem to behave charmingly almost everywhere else except on a crowded public vehicle.

When airing his peevish about lady bus riders he lists as the worst offender the woman who pushes her way through a waiting queue of passengers with her elbows. This critic says, however, that even worse than elbows used to facilitate an entrance into a bus is an umbrella.

As annoying to this man whose daily bus rides have turned him into a jaundiced critic of feminine behavior is the woman who never notifies a fellow passenger of her intention of getting off until the bus stops at her destination. At that point, says our masculine critic, many a woman leaps out of her seat like a released jack-in-the-box and all but annihilates other passengers in her frenzy to organize herself and her bundles for a hasty exit.

## CBS Gets Red Skelton In Radio Talent Raid

NEW YORK — (AP) — The Columbia Broadcasting System has acquired comedian Red Skelton in another talent raid on the National Broadcasting Company.

CBS announced yesterday that starting next fall Skelton will be heard on its network at 7:30 (CST) Sunday nights. He now is heard on NBC at 8:30 p. m. (CST) Friday nights.

According to one source, rheumatic diseases cost the American people about \$750,000,000 a year in lost wages, relief payments and doctor bills.

Napoleon had a daily bath in cologne mixed with water.

## Large Crowd Attends Singing Convention

A crowd of approximately 350 persons participated in or attended the semi-annual Plateau Singing Convention Sunday at the United Pentecostal Church, 1046 Brown.

Weather conditions prevented all but a few of the expected out-of-town and out-of-state guests from attending. About 12 of the local churches sent representatives however, and many other quartets composed from the community at large participated.

About 150 persons attended the luncheon held at the CIO Hall, given for convenience of those attending the all-day meeting. Many local firms contributed to the luncheon.

## Do This for Head-Cold Stiffness!

Instantly—the moment you put a few drops of Vicks Vapo-rinol in each nostril—you'll feel your cold-stuffed nose start to open up and give you wonderful relief from sniffling head-cold distress. Vapo-rinol acts so fast because it works right where trouble is. It relieves stuffy congestion, and makes breathing easier. If used in time, Vapo-rinol helps prevent many colds from developing! Try the Vicks Vapo-rinol Nose Drops.

## Police Auxiliary Discusses Plans

Plans for the year were discussed at the Police Auxiliary meeting held Thursday in the home of Mrs. S. T. Nickola.

At the next meeting, 7:30 p. m. Jan. 28, completion of these plans will be announced. Mrs. Joe Wilkins, 711 N. West, will be hostess to the meeting.

After the business session, Tripoli was played. Refreshments were served to those mentioned and Mrs. E. G. Albers, Louie Allen, J. B. Connor and daughter, Janna, J. O. Dumas and granddaughter, Marsha Lynn, "Red" Payne and daughter, Vickie, P. C. Wynne and Miss Patricia Nickola.

Joe Scarcelli, guard on the 1948 Villanova football squad, has landed a job as a junior scientist with a government agency.

### First NATIONALLY ADVERTISED ASPIRIN TABLET FOR CHILDREN

Contains 1/4 grain of aspirin—the usual 5-grain adult tablet. Easy to give correct dosage. Orange flavored. Backed by the famous "St. Joseph" guarantee of quality.

## Calvary Baptist Circle Meets

The Blanche Groves Circle of the Calvary Baptist W.M.U. met Monday afternoon in the home of Mrs. Lee Price, 432 Graham.

The devotional was given by Mrs. Floyd Haught and Mrs. Collins Webb led the prayer. Mission book was taught by Mrs. Melvin Hill and Mrs. Jack Robertson.

Others attending the meeting included: Mrs. J. B. Crocker, T. P. Musgrove, George Adams, Milton Reim, Bill Helms, and Lennon J. Caddell.

Color blindness may be either acquired or congenital.

### Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

### CREOMULSION

For Coughs, Chest Colds, Bronchitis

## MAN DIES AT 113

LAREDO — (AP) — Felix Alfargo, whose relatives said was 113 years old, died at his home here Sunday night. He was a native of Hacienda Santo Domingo, Mexico, and came to Laredo a number of years ago.

"I speak the password primeval I give the sign of democracy; I hold the torch of freedom which all cannot have their counterpart on the same terms." —Walt Whitman.

**Kremlin's 'Peace' Offensive**

Two months ago Leon Dennen predicted in an NEA dispatch from Paris that the Kremlin would launch a "peace offensive" in Western Europe and turn its attention to the Far East. It is evident that this prediction was based on accurate knowledge, and that it is now in the process of coming true.

A couple of Moscow's favorite sounding boards, Marcel Cachin of France and Palmiro Togliatti of Italy, have been given the job of announcing the latest Kremlin line switch. It is a radical switch, but by no means unfamiliar. The comrades' tone is suddenly mild. War between communism and capitalism is not inevitable, they say. Complete collaboration between East and West is possible, and so on.

**Federal Aid Fallacious . . . . . by Thurman Sensing**

By THURMAN SENSING  
Director of Research  
Southern States Industrial Council

Our increasing trend toward greater centralization of government and in the increasing tendency for local government to look to the federal government for the means of carrying out their duties is a trend which is being accelerated by the very principles on which our government is founded. It is to be wondered if the people of this nation realize we are violating the very principles on which our government is founded. It is to be wondered if we realize we are directly contradicting the very spirit of the Constitution and the Bill of Rights—that, in fact, the Constitution would never have been adopted if the Bill of Rights had not been attached reserving to the states the powers which we are now looking more and more to the federal government to exercise.

**Fair Enough . . . . . by Westbrook Pegler**

WASHINGTON — Soon after he had delivered another of his pietistic pleas for the "help and prayers of every citizen" in your "inaugural address on Capitol Hill, President Harry S. Truman deliberately insulted Gov. J. Strom Thurmond of South Carolina, the leader of the Constitutional States Rights Party. The big parade passed his reviewing stand in front of the empty White House. At that, the fat was in the fire and whatever hope there may have been of unity and well-mannered political rivalry vanished before the new administration began. There was no possible question of Mr. Truman's intention to be publicly nasty to a Southern politician. He had made a reputation in a short time on the national field as a serious advocate of a genuine cause in states' rights. A short while before, Governor Herman Talmadge of Georgia had been published in a way that would have entitled Mr. Truman to a physical protest if the same slight had been delivered as man to man in every-day life. Governor Talmadge rode by in an open car, plainly labeled with his name and title according to the scheme adopted by the men in charge of the carnival parade so that the vast crowd, not far short of a million people, could see the governor. He was accompanied by two women passengers who were said to be his wife and his mother, the widow of the late Governor Eugene Talmadge. Truman not only ignored them but actually turned his back on them, plainly indicating that he had no room for doubt.

**Common Ground**  
By R. C. ROILES

Just What is Free Enterprise? In the January issue of The United States News, Warner and Swasey of Cleveland ran a full page ad telling what they think free enterprise is. Unless you people devote more of their energy trying themselves to understand free enterprise, we will be losing more and more of it. Warner and Swasey are to be commended for their effort in trying to get people to understand free enterprise. I quote from this advertisement:

"Free Enterprise is the right to open a gas station or grocery store or buy a farm, if you want to be your own boss, or change your job if you don't like the man you work for. (Under Communism you work where you're told, and you live and die bossed by hard-fisted bureaucrats who tell you every move you make.)

**NATIONAL WHIRLIGIG**  
news behind the news

Every week this veteran Washington newspaper correspondent devotes his column to answering readers' questions of general interest on national and international policies and personalities. Questions may be sent direct to Ray Tucker at 6308 Hillcrest Place, Chevy Chase, Md. BY RAY TUCKER

WASHINGTON — Numerous readers ask whether the proposed North Atlantic military alliance would or could bind this nation to becoming involved in a foreign war without a "prior declaration by Congress.

**PETTENGILL**

**CLOSED SHOP**  
Laws which protect the right of a union to work without joining a labor union are constitutional. So says the U. S. Supreme Court.

Teheran and Yalta. They were held in November of '94 and February of 1945 respectively. I do not believe that FDR made any specific pledges on Palestine at any of these meetings. As I recall, on the eve of the 1944 election, he wrote a letter to Senator Robert F. Wagner of New York, who was also seeking reelection in that year in which Roosevelt promised that he would strive for a Jewish homeland.

LOSS — Their office staffs, of course, handled all routine matters for their states and constituencies during their periods. But they also suffered some loss because of their inability to participate in committee work or in debate.

**In Hollywood**

By ERSKINE JOHNSON  
HOLLYWOOD (NEA) — Three film subjects currently "poisoned" at the box office, according to the National Allied Theater Owners (a big group of independent theaters) are crime, sex and costume pictures.

**FUNNY BUSINESS**

By GRACIE ALLEN  
Well, Mr. Truman was inaugurated President Thursday, and it was a grand day for the inauguration ball. The President wore one of his old suits, and in view of the expensive creations worn by Bess and Margaret, I can easily understand why.

**U. S. Prepares for War on Grasshoppers**

WASHINGTON (AP) — The United States is getting set for a hot war with the grasshoppers this year.

useb ham  
The Nation's Press  
POLAND ON THE MOVE  
The New York News  
British and Polish officials are about to sign the papers for a five-year, \$200,000,000 goods-exchange pact. That whopping trade deal tops off similar swapping arrangements which the Poles have made in the past six weeks with Albania, Austria, Finland, Denmark, France, Romania, Argentina and Western Germany.

# Baseball Is Thriving Thing in Japan; Championship Games Draw 100,000 Fans

The World Series was big news in Japan. Magazines featured picture spreads such as the one above. The language stops you, the characters from left to right in the top row are Gene Bearden, Warren Pampa, Bob Lemon, Billy Southworth and Lou Boudreau. Left in the center row, Boudreau is set at bat. In the center, Ken Keltner is first at second, Eddie Stanky making the putout. The grinning boy in Bob Feller. The diagram shot in the bottom row is a play in the first game in Cleveland. Shortstop Alvin Dark is throwing wild to first on Larry Doby's brounder that forced Dale Mitchell, and Bearden is scoring. Keltner slides into third base as Bob Elliott watches.

By FRANK GIBBONS  
NEA Special Correspondent  
CLEVELAND —(NEA)—If and when Bill Veeck decides to sell the Indians and to set up shop some place else, the president of the Cleveland club might try Nagoya, Tokyo or Oklahoma.

They're still in the Japanese professional baseball League, interested in the Indians and to set up shop some place else, the president of the Cleveland club might try Nagoya, Tokyo or Oklahoma.

Major Ellis Vander Pyl, for Cleveland sports promoter, writes, "Demarec from Pampa that the Nips are as daffy out baseball as ever. In the championship play-off Nagoya, each game drew in excess of 100,000 fans.

## Hogan, Putter Take Golf Playoff From Demaret

LONG BEACH, Calif. —(AP)—After Jimmy Demaret has his new idea about Ben Hogan's "putting style."

Beaten by Hogan two strokes the playoff yesterday for \$2,500 money in the Long Beach tournament, Demaret complained: "The only thing different about Hogan's putting is that's getting humpbacked picking those 10-foot putts out of the hole."

It was a 20-foot putt on the seventh hole with an early-20-footer that Jimmy missed, which had a lot to do with Hogan's four-under par 34-36-67 victory in the playoff.

Demaret shot a 36-34-69 for the 105-39-71 Lakewood Country club course. But he hardly bothered to line up the measly two-foot putt on the eighth green and missed it.

Today the two are preparing to meet in the Phoenix, Ariz., tournament. Hogan will be using his "putting style" perhaps the one Demaret referred to. He says it isn't so different from the old Hogan touch.

Observers during the tournament here, however, noted that it favors the weight on his left leg, with the ball off the left of his left shoe. And he hits the club relatively high and the stick and his squarely head of slightly under the ball.

## History May Be Made Tonight

KINGSVILLE —(AP)—On the face, the Texas A&I-Southwest Texas State contest here tonight may be just another baseball game, but in one sense may be history-making. The A&I accepts an invitation to the Texas conference, the first time since 1911 that the two schools will be the final encounter between an independent A&I athletic team of the Lone Star Conference and A&I. The other three select teams, and Villanova, did not play. There was not much action throughout the nation.

Northwestern, of the Western Conference, trampled Marquette, 79 to 28, as sophomore Ray Ragelis pumped in 27 points. The touring Texas Wesleyan team rolled over Hartwick, 74 to 44, at Oneonta, N. Y., while Southwestern of Kansas rallied in the closing minutes to nip Tulsa, 54-53.

## Hamline Remains Undeclared

NEW YORK —(AP)—Hamline's undeclared basketball team made it 14 in a row last night.

One of the country's four major unbeaten collegiate quintets, Hamline downed its arch rival, St. Thomas of St. Paul, 52-49.

The other three select teams, and Villanova, did not play. There was not much action throughout the nation.

Northwestern, of the Western Conference, trampled Marquette, 79 to 28, as sophomore Ray Ragelis pumped in 27 points. The touring Texas Wesleyan team rolled over Hartwick, 74 to 44, at Oneonta, N. Y., while Southwestern of Kansas rallied in the closing minutes to nip Tulsa, 54-53.

## Operate on Bailey

ABILENE —(AP)—Paul T. Bailey, Hardin-Simmons tackle, is doing well after an operation yesterday on his left knee.

Bailey kicked 45 out of 50 points after touchdown for Hardin-Simmons the past season. He's expected to serve as conversation expert again this year.

## PIN-WORMS NOW CAN BE BEATEN

The misery of Pin-Worms have been known for centuries, and millions of victims have sought a way to deal with this pest that lives inside the human body.

Today, thanks to a special, medically-researched drug, a highly effective treatment has been made possible. This drug is the vital ingredient in P.W., the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take P.W. tablets act in a special way to remove Pin-Worms. So don't suffer with the embarrassing, itchy discomfort caused by this pest. Ask your druggist for JAYNE'S P.W. and follow the directions.

P.W. means Pin-Worm relief!

## WARREN'S WARM UP

By Warren Moses—News Sports Editor

QUESTION: What pitcher holds the major league record for the number of wins in one season?

FOOTBALL WAR: The football war between the National Football League and the All-America Conference is as stupid and foolish as all wars. Only one set is gaining through the battle, and deservedly so. That is the players. Wages have always been poor in pro ball, but now the spirited bidding has raised them to the highest they have ever been.

There is plenty of room in the Nation for both leagues, and enough good ballplayers to man the teams. But the efforts of the NFL to drive the AAC out of business have completely messed up pro football.

There is no reason why the two leagues couldn't operate the same way as the baseball circuits do. They have the teams, each league has its own commissioner. Now all they need is a supreme ruler over both leagues, a Judge Landis of football in general if it would just cooperate to decide the best team in the league, and then let the two winners play in a World Championship game, the champion to meet the College All-Stars in Chicago the next fall. The present contract between the NFL and the sponsor of the All-Star game could be terminated and changed to permit the World Champion to play, if the leagues have been close to harmony.

Both leagues lost about a million dollars apiece last season because of the high salaries necessary to obtain star players. The AAC isn't too well balanced yet as far as talent is concerned. But time will take care of that problem. Baseball teams have had their ups and downs and survived.

The NFL could be of much aid to the AAC and the sports world in general if it would just cooperate and attempt to aid the AAC, rather than trying to drive it out of business. Mutual schedules could be worked out so there would be no conflicting dates in cities in the leagues. The leagues have been close to harmony in different times, but the booming voice of George "Big Wind" Marshall, owner of the Washington entry in the NFL has been out of tune. He insists that the Baltimore team be dissolved, as it is situated too close to his home town, and consequently will steal some of his fans. Chicago doesn't yelp though, and they have three pro teams in the two leagues. Rather than moan about the fact, they use the city rivalry as a drawing card.

The survival of pro football is at stake in this war, and unless the two leagues get together and sign a peace treaty to work together, the pro game would be a topple from the lofty peaks in the sports world to which it has climbed through hard, penny-pinching years. There is plenty of untapped gold in the sport, and it is surprising that the big businessmen who run the clubs can't see the light. They are worse than a couple of children squabbling over who has the biggest piece of candy.

ANSWER: The record for the most games won in a season belongs to Jack Chesbro, who won 41 games for the New York American League club in the 1904 season.

THROUGH THE YEARS: One year ago today: Frank Baker resigned as pro at the local country club. . . Five years ago: Bob Montgomery KO'd Ike Williams in his comeback fight. . . Ten years ago: Joe Louis slaughtered John Henry Lewis in 2-29 of first round. . . Fifteen years ago: Harvesters beat McLean in overtime, 26-22.

GEE: Here's a pretty good district 3-AA basketball squad, and all of them G-men. Forwards, Gallimore, Pampa and Galey, Lubbock; center, Garby, Lubbock; guards, Garner, Amarillo and Glass, Borger.

SPORTS CALENDAR: Don't forget the trip to Amarillo this weekend. Then on Thursday of next week we all go up to the High School cafeteria for the C of C banquet and the Orange Bowl movies. And most important of all, give to the March of Dimes. The need is great!

Harness horse driver Ben White has driven the winner in seven of the 66 runnings of the Kentucky Futurity trot run at Lexington, Ky.

## Bowers and Howerton Win, Kelly Loses; Four Pampa Team Members Fight Tonight

### Harvesters Work Hard For Amarillo

The Pampa Harvesters had a lengthy workout yesterday afternoon, after finding that their game with the Plainview Bulldogs had been cancelled for obvious reasons. The game will be played at some later date, possibly this coming Saturday night. All of the boys except one were able to get in through the storm to make the practice session, the first heavy one in preparation for the game with the Amarillo Golden Gloves at Amarillo Friday night. This game should be a slam-bang affair, as they usually are. But the favorite at game time will be the Harvesters, coached by Clifton McNeely. They hold a sixteen game winning streak, and hope to make it seventeen at the expense of these Sandies.

Game time at Amarillo Friday night will be 8:15. There will be no preliminary play. The game will be broadcast over an Amarillo station for the fans who will be unable to travel over and see it.

### Imagine What Louis Could Do In Three Rings

By DICK KLEINER  
NEA Staff Correspondent  
NEW YORK —(NEA)— Joe Louis has been offered a half million dollars to take part in exhibition bouts while traveling with a circus.

He did so well in one ring, maybe he'll do three times as well in three.

The National Baseball Umpires Association topped off its annual meeting with a big banquet. It must have been a glorious sight to see them all behind the plate at once.

The ump's menu might have included the following items: Fruit Salad a la Medwick Squawking Duck Beef Black-eyed Peas Tossed-out Salad Rhubarb Bottle of Pop

The nation's most consistent

### JESS TURNER

Is now sole owner of the CITY BARBER SHOP 302 N. Cuyler 4 Experienced Barbers to Serve You.

### Three Men on Floor

BROWNWOOD —(AP)—Hardin-Simmons had only three men on the floor at the end of last night's basketball game with Howard Payne, which Howard Payne won 64-63 in an overtime period.

Hardin-Simmons was reduced to three men in the final minutes of the overtime period because so many of its players were disqualified by fouls.

Longest kickoff return during the 1948 National Football League season was by Joe Scott of the New York Giants against Los Angeles — 99 yards.

### Boudreau Gets a Big Pay Raise

CLEVELAND —(AP)— Lou Boudreau signed his name on a Cleveland Indian contract yesterday that placed him among the highest paid performers in baseball.

The handsome shortstop of the World Champion Indians signed a new two-year contract on a straight pay raise—with no attendance bonus involved.

In terms of cash, it is hard to determine what that will mean but President Bill Veeck of the Indians termed it one of the highest salaries in the history of the game. That would put it up around Bob Feller's reputed \$52,000 and the \$50,000 Babe Ruth earned one season with the Yankees.

Boudreau has been working under an old contract with one year to run and it is estimated he earned above \$50,000 last season. However, Veeck said the old one was torn up and the new one substituted.

### Coach Candidates

TUCSON, Ariz. —(AP)—The selection committee named to pick the new University of Arizona head football coach reported today about 15 applications are under consideration.

Although no official announcement was forthcoming from the group, the names of several grid mentors are being mentioned on the campus.

Among them were Bert LaBrucherie, former UCLA head man, and Jack Curtice, coach of the Texas Mines eleven which finished second in the Border Conference this year.

Low Andreas, Syracuse athletic director and basketball coach, is starting his 24th cage season this winter.

### Swedes Make Indoor Season a Success

BOSTON —(AP)— Thanks to the timely arrival of Swedish track stars Erik Ahlden and Ingvar Bengtsson, the major indoor track meet promoters, who have been bringing their hands since fabulous miler Gil Dodds retired, appear assured of profitable seasons.

Intrigued by the reports of their successful American debuts in Philadelphia Friday night, a crowd of 10,724 stormed the Boston Garden Saturday to see them in action against hand-picked opposition.

Poverty-stricken Chinese have found a way to make ends meet. They buy manufactured goods in Shanghai, hop this train to the countryside where they sell the manufactured items and buy farm produce. Then back on the train to the city where they sell the farm goods. The trains are, of course, jammed. Note the people standing between cars and the woman who couldn't squeeze on. (Photo by NEA-Acme staff correspondent Warren Lee.)

### Britain's Palestine Policy Due for Airing This Week

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

The British government's Palestine policy, which has been under heavy fire both at home and abroad, is scheduled for an airing

this week in a House of Commons debate which is likely to produce fireworks but may ease a difficult situation.

To put the case on a thumbnail, critics of the government charge that John Bull is retaining his influence with the Arab countries at the expense of Israel.

This highly controversial issue is generally referred to as "Bevin's policy" because Foreign Secretary Ernest Bevin is responsible for carrying it out. Actually while Bevin may have originated the policy, it is a collective cabinet responsibility.

Thus while the outspoken and two-fisted secretary is the individual who is to be put on the carpet, Prime Minister Attlee and his entire government will be under fire. The attack is coming not only from conservatives under Winston Churchill's leadership, but from a considerable bloc in Bevin's own Labor (Socialist) Party.

As everybody knows, Britain long ago committed herself to great responsibility to both Jews and Arabs. In dealing with this responsibility Mr. Bevin—who prides himself on handling affairs without gloves and always having his cards "face up" on the table—became involved in controversies with Jewish leaders. You will hear Britons themselves say they feel Bevin at times has been a bit of a china shop and hasn't been considerate of Jewish, American or world opinion.

So the charges and counter-charges have continued until the unfortunate incident of Jan. 7 when five British scouting planes were shot down by Israeli forces in the Palestine-Egyptian border area. There has been a hot dispute over whether the affair took place over Egyptian or Israeli territory.

It is this incident which is responsible for the forthcoming debate in Commons. The Conservatives and a goodly number of the Labor Party itself want to know why British planes were in that area anyway. In short there is a demand for Bevin to tell Commons just what is the British policy in the Middle East.

The debate in Commons may be tempered by two other important developments which have been forecast. The United States is likely to recognize the Arab state of Trans-Jordan at the same time full American recognition is given Israel. Britain is said to be ready to recognize the Jewish state of Israel.

### Muscle Charge Aids Polio Care

CHICAGO—(AP)—Medical science is learning more about diseased and paralyzed muscles—such as in polio victims—by measuring the electricity in the muscles.

Dr. Arthur L. Watkins, associate in medicine in the Harvard Medical School, told of this technique—known as electromyography. His paper was prepared for the annual meeting of the American Academy of Orthopedic Surgeons.

"Numerous reports from widely separated clinics have indicated the presence of abnormal electrical activity in muscles at rest in patients with acute poliomyelitis, whether they have normal strength or are weakened," Dr. Watkins said. "The completely paralyzed muscles on the other hand are electrically silent, with some exceptions."

Dr. Watkins said in cases of injury to the outer surface of the nerve "it has been possible to detect early signs of re-innervation before there is clinical evidence of regeneration."

### Mayor Prepares for President's Visit

LAREDO, Texas—(AP)—Juan de Dios Hinojosa, mayor of Nuevo Laredo, is preparing for a visit from Miguel Aleman, President of Mexico.

The mayor was notified the President will visit various cities in the state of Tamaulipas, Mexico, during early February.

### Stock Loss Nears Half In Wyoming

FORT WORTH—(AP)—Livestock losses in Wyoming and Nebraska, the center of the storm-besieged areas in the Middle West for the past two weeks, probably will range from one to 50 percent according to reports to the Star Telegram by telephone Saturday by men who are in close touch with livestock conditions.

All reports agree that the actual death loss will not be known for some time because ranchers will not be able to check their herds. Sheep losses probably will be larger on a percentage basis than cattle, and small ranchers apparently have suffered a larger percentage loss than the bigger ranches because cattle could not drift into rougher areas for protection against the low temperatures and huge snow drifts.

Some reports said that livestock losses the last few days have been larger than during the intense cold periods of the past two weeks. Many deaths are reported from blood among cattle that were deprived of feed for several days and are now getting feed.

There will be a tremendous shrink in the cattle that live, and there will be many cases of frozen feet that will make it necessary to send them to market soon.

Conditions are serious in the area around Shadron, Neb., where most of the ranchers depend on hay and these ricks are covered with snow and drifts prevent the cattle from being moved or feed hauled in to them.

Weather the next week or ten days will be a big factor in checking the mortality among livestock if it is good, and if another storm should hit it would virtually wipe out some of the herds because of

the weakened condition of the cattle and sheep. Weather conditions Saturday were the best for the past week, but some sections had been warned of possible storms.

Clyde Turkington, Letta, Iowa, who specializes in handling feeder cattle from the range areas, reported fair weather Saturday with about six inches of snow on the ground. He had talked by telephone to ranchers in South Dakota and Montana, and they did not anticipate heavy losses, not nearly as large as they had expected a week ago.

Jim Reagan, Omaha stocker and feeder buyer who frequently comes to Texas, said it was five degrees below zero Saturday morning and a lot of snow and ice on the ground. He estimated cattle losses on ranges in that section from five to ten percent. He had heard of some losses of from 200 to 600 head of cattle and this included practically all of some of the smaller ranchers. In some sections the loss was only about one percent with the losses heavier around North Platte, Neb.

## New Program Split House of Representatives Open for Army Commissions Looms Over Speakership Fight

By DO BYERS  
AUSTIN—(AP)—The possibility of a split House of Representatives as the result of current campaigning for the speakership two years away appeared strong.

Rep. Doyle Willis of Fort Worth warned that such a division might occur if active campaigning is continued. And a split might result in "some bad legislation," Willis added.

His statement, addressed to "all members of the 31st Legislature," was considered a direct broadside against Rep. Joe Kilgore of McAllen. It drew a quick response from Kilgore, who has announced his candidacy for speaker of the House in 1951.

Said Kilgore: "I am a candidate for speaker of the 32nd Legislature and shall continue to be signing a pledge. If this is done, members will not find themselves in a situation which later on they may have cause to regret."

"Let's not choose up into several teams before this session gets underway. Such action might result in some bad legislation. Let's forget our personal interests for a few months and get some work done—then we can all run for speaker."

Kilgore said his candidacy would not interfere with his immediate duties.

"The speaker's race for the next session and the legislative program for this session are now separate. So far as I am concerned they will be kept separate," he told a reporter.

Speaker of the House Manford

said he would not be concerned with any squabbling over the speakership.

Manford was busy trying to push to completion his task of appointing permanent House committees. He hoped to do this before the end of next week.

He said he had talked with approximately 50 members and will confer with the remainder before making any announcement.

However, there already was speculation that Rep. Ray Kirkpatrick of Trenton would land the chairmanship of the powerful Appropriations Committee. Rep. Pearce Johnson of Austin has also been mentioned as a possible candidate, but it was considered more likely he would head the important State Affairs Committee.

Willis, by virtue of the support he threw to Manford, was reported in line for a chairmanship. The committee which he would head was not indicated.

There are 43 House committees. Those considered among the most choice are appropriations, state affairs, revenue and taxation, labor, game and fisheries, and oil, gas and mining.

It is said that hair will stretch one-fourth of its own length.

Those who wish to take advantage of this program must agree to sign up for two years active service. Full information and forms for application may be obtained at the Army recruiting office in the basement of the Pampa Postoffice, Brown said.

Season whole cranberry sauce with mustard, allspice, and a little cider vinegar and spread over a slice of ham that is to be baked.

### Car Dealers Told Their Heyday Over

SAN FRANCISCO—(AP)—American automobile dealers, 7,500 strong, met at their first 1948 convention business session with this warning ringing in their ears: "The honeymoon is over."

It was delivered at a used-car clinic Monday by San Francisco dealer Charles C. Welch. Ray O. Burnett, Portland, Ore., agreed: "All of us just better take stock. The good old days of the seller's market are gone."

Dealers conceded there are now more used cars than buyers. Directors of the National Automobile Dealers Association have asked the Federal Reserve Board to relax credit restrictions to permit spreading payments over more months on new car sales.

**THEY TAKE THE BLUE OUT OF MONDAY**

**WASH**  
**DRY**  
**IRON**

A COMPLETE, modern electric home laundry not only takes the "blue" out of Monday, it's apt to take most of the work out of the proverbial "wash day."

With an electric home laundry in your home, you'll find yourself putting clothes to wash and dry, or ironing them whenever it's convenient...you won't be tied down any more by "wash day" or by a pile of ironing.

Washing's done automatically while you go about your other house work. Put the damp clothes in your dryer, and forget about them until you take them out, as dry and clean smelling as if they'd been on a "line" for hours. Then, you'll find it just a few minutes' work to go through an ironing with an efficient electric ironer.

See your appliance dealer soon about the advantages of an electric home laundry of your own.

**READY TO ROLL** westward this group of Pampans, members of the Oklahoma Highway Commission, and Highway 66 Association members posed informally with their Pampa Police escort last Wednesday. The group toured Highway 66 from Elida, Oklahoma, to Southern California to show the Oklahomans why 66 should be paved through that state. They are enroute home today over Highway 66 and are expected to arrive in Pampa Saturday.

**Demonstrations On Safety Slated For Conference**

A. F. ALLEN

Things that cause fires and explosions—and how to avoid them—will be discussed and demonstrated for several hundred persons attending the Pampans Foremen's Safety Conference, Feb. 4 at the Herring Hotel in Amarillo.

This lecture and demonstration will be conducted by G. McKelvey, supervisor of the United States Bureau of Mines at Dallas, according to an announcement by Victor Shawgo of Amarillo. Shawgo is general chairman for the conference, which is sponsored by the Texas Safety Association, the Pampans Safety Society and the Junior Chamber of Commerce.

Shawgo also announced that A. R. Rommel, assistant chief safety engineer of the Humble Oil and Refining Company of Houston, will preside over the morning session of the conference. An active worker in safety engineering, Rommel is well known throughout the nation, and especially in Texas.

Among the outstanding authorities who have already accepted invitations to speak are Charles A. Miller of Houston, president of the Texas Safety Association, and A. F. Allen and May...

**Leaves From a Correspondent's Life Note Book**

By HAL BOYLE  
BAY MINETTE, Ala. — (AP) — Wayfarer preachers have saved many souls. But only one I ever heard of saved a weekly newspaper.

He saved it for a friend of mine, Jimmy Faulkner, publisher of the Baldwin Times.

It's quite a story. And Jimmy is quite a story, too. At 20 he was one of the youngest weekly publishers in the country. He was also at 23, the head of the Alabama Press Association, probably the youngest ever to head a state press group. At 24 he was reported the youngest mayor in America.

When the war came along he volunteered as a private in the Air Corps and became a B-25 bomber pilot instructor.

Now at 32 he is a member of the State Democratic Executive Committee, and a rising figure in Alabama politics.

When I first knew Jimmy we were roommates together back at the boarding house of Mrs. E. E. Lybourn in Columbia, Mo. Jimmy had come to the University of Missouri because it had one of the best journalism schools in the land.

But when Jimmy had his education he didn't stay away from home as so many Southern boys did. He came back to the state of his heart.

He couldn't find a job. He heard the weekly Baldwin County Times was for sale here. His widowed mother mortgaged her home to raise the down payment. But to improve the paper more money had to be borrowed.

"I owed more than \$12,000 before I was 21," Jimmy recalled. "The mortgages were falling due, and I had no money to tide me over."

It was about this time a preacher, Albert Sidney Johnson of Dallas, both vice presidents in the Safety Association.

Shawgo announced that a report from Cliff Minar, chairman of the attendance committee, indicates a heavy attendance.

**Linda Will Ty the Knot**

Wedding bells will ring out over Rome, Italy, for Tyrone Power and Linda Christian. The screen stars are in Italy making a movie. They plan to be married in the church of Santa Francesca Romana on January 27.

**HEAD-COLD MISERY?**

**Military Weapons Research Takes Large Part of Budget**

By ELTON C. FAY for James Marlow

WASHINGTON—(AP) — The race for supremacy in ocean-spanning rocket weapons may result by 1952 in the United States devoting 40 percent or more of its military budget to research, much of it going to guided missile development and production.

This estimate comes from some military scientists who prefer to remain anonymous but who are in a position to know the trend of thinking in the arms research field.

Such an allocation would be a sharp increase over the present proportion of expenditures. President Truman's budget messages to Congress recommended a total national defense outlay for the next fiscal year of \$15,000,000,000. Of this \$534 million would be for military research and development of all types, presumably with guided missiles only a part of that figure.

The President ranked research among the priority items of his military budget.

Overall direction and coordination of the military research program is by the Research and Development Board, with the three armed forces carrying on most of the actual work. The Air Force and the Navy are allocated about 40 percent each of the research budget funds, the Army, 20 percent.

In mentioning the possibility that guided missiles might account for almost half of the military expenditures within the next few years, the scientists pointed out that did not necessarily mean rockets capable of pin-pointing a target on another continent would be perfected by them. But in that time the military scientists hope to have improved the propulsion and guiding equipment (particularly the latter) already in use.

In addition to the spectacular experiments with the high altitude V-2 type rockets at White Sands, N. M., the military is working on improvement of shorter range missiles. Among them are experiments being conducted by the Navy off Pt. Mugu, Calif., with buzz bombs launched from a

submarine. Although currently the missiles apparently are launched when the submarine is surfaced, the ultimate objective is to develop a method for launching the flying rockets while a submarine is concealed beneath the surface but able to track and steer the rocket by radar and radio.

The expanding importance of science-warfare has turned the spotlight on the scientists who have a hand in inventing the weapons.

Dr. Karl T. Compton, chairman of the Research and Development Board left the presidency of the Massachusetts Institute of Technology to take the government job. A scientist by profession, he nevertheless has spent a large proportion of his career as an administrator.

er drove into town in a battered car to hold a revival. He was tired and his suit had wrinkles. He even looked hungry, and Jimmy invited him over to his house for breakfast.

Some weeks later he received a letter saying:

"I am impressed with what you are trying to do in your town, and it occurred to me you might need some money."

Recalling the meager appearance of the minister, Jimmy didn't think the man was in a position to help. But when he answered and said he was in a tight spot, back came a check for \$1,000. Later he sent another check for \$1,000.

It taught Jimmy this lifelong lesson:

"Kindness begets kindness. There is no excuse for being on this earth unless we help our fellow man. And there is no excuse for a newspaper unless it helps to make its community better."

"You made only one mistake," I told him. "You should have invited the man to dinner instead of breakfast. Then you could probably have bought the New York Times."

Jimmy just laughed. He has what he wants—happiness in a small town with the people he knows.

**Do You Really Want to Take Off That Ugly Fat?**

Recently there has been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored if the former eating habits are gone back to.

So what to do? Well, here is a tip to you "overweight gals" who want to fight "the Battle of the Bulges" in a different way. Ask any well-stocked Texas druggist for four ounces of Barcenate. Mix with 12 ounces of grapefruit juice and take two tablespoonful twice a day.

This preparation contains nothing harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help you remain slender, more graceful curves.

Barcenate is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Barcenate.

**Mainly About People**

The Pampa Shrine Club dance scheduled for tonight will be held, it was announced this morning.

C. A. Huff, Jr., son of Mayor and Mrs. C. A. Huff, 708 N. Gray, returned home last night from Arlington, Texas, where he is a student at North Texas Agricultural College, to spend his time between semesters here.

The all-day meeting of the Wayside Home Demonstration Club scheduled for Friday, at the home of Mrs. R. E. Montgomery, has been postponed because of weather conditions, until Feb. 11.

Junior High School Parent-Teacher Association's meeting will not be held tomorrow because of weather conditions.

40 & a special election meeting Legion Hall, 8 p. m. Thursday.

The Old Folks Dance, scheduled for tonight at the Holy Souls Parish Hall, has been postponed until Feb. 2.

worked in the best interests of the community.

Salmon, who was born and raised in New Albany, Ind., holds a degree in sanitary engineering from the University of Indiana. He came to the city in March, 1946, but had worked closely with the City Health Department for more than two years previous as health inspector and engineer for the Pampa Army Air Field.

Salmon said this morning that his plans are not definite, but that he is considering a position that had been offered him with the State Health Department. He "appreciates the fine support and cooperation that the citizens of both Pampa and Gray County have given him and he would like to stay here in Pampa if it could be arranged, he said this morning.

The commission pointed out Salmon's strenuous efforts this past summer in combating the spread of the worst polio epidemic in Texas' history. Through the use of a new DDT fog applicator, Pampa was thoroughly sprayed with the insect-killing fog nine

times last year and other cities in the county and area used the machine several times in an effort to halt the breeding of disease-carrying flies and vermin.
