Alcoholics Anonymous — how they started, what their purposes are and what they have done for those addicted to alcohol — will be described Wednesday at noon

during the weekly meeting of the Pampa Rotary Club. Frank Rapstine, program chairman, said he is having three representatives from the Lubbock branch of the nationwide association appear on the program to speak and answer questions on the organization.

While offering a long list of improvements in the new 1949 Studebaker models, the company has continued the popular Raymond Loewy design and added new interior luxury. The famed Studebaker vision is especially notable in the Commander five-passenger Starlight coupe (shown) with its panoramic windows. Topping the list of chassis changes are refinements which provide stepped-up performance in both the Commander and Champion engines.

Moon Services At Canadian

Funeral services for Pilely Allison Moon, 79, who died at his home in Canadian Friday, will be held at 2:30 p.m. today from the Church of Christ in Canadian with James Scott, minister, officiating.

Burial, under the direction of the Duenkel-Carmichael Funeral Home, will be in the Canadian Cemetery. Moon, who was born Mar. 25, 1869, in Cedar Rapids, Iowa, moved to Canadian in 1878. He left in 1899 but he returned again in 1930 and had lived there since. He had been in poor health several years, and seriously ill two weeks.

In addition to his wife, Mrs. Alice Moon of Canadian, he is survived by three step-daughters, Mrs. Hallie Miller of Canadian, Mrs. Geneva Hanna of Littlefield, Texas, and Mrs. Thelma Evans of Long Beach, Calif.; by two step-sons, Lee Gilstrap of Bell Gardens, Calif., and Raymond Gilstrap of Canadian; by two sisters, Mrs. Alice McClung of Melrose, N. M., and Mrs. George Wilson, Madera, Calif.; and by two brothers, Charley Moon of Flagstaff, Ariz., and Rodney Moon of Grass Valley, Calif.

Funeral services for the services will be: Burt Wood, J. G. Miller, Jesse Swires, Buster Porter, Cecil Morrow, and Bill Roberts.

Three Fire Calls Answered Friday

After eight no-fire days in Pampa, firemen had the tables turned on them in a big way Friday and yesterday and responded to three calls.

At 3 p.m. Friday someone turned in a false alarm and at 5:30 p.m. they were called to 2244 Alcock to extinguish a car fire. However, the fire was out

WEST TEXAS

(Continued from Page 1) trict's senator is reelected to his job and reassigned as chairman to these committees he will be in a top notch seat from beginning to end of any redistricting bill that comes before the Senate. He added that there is no disagreement in Austin on the question of redistricting, insofar as its being an actuality in 1951 because they know the redistricting will occur then, Hazelwood added.

But, when the redistricting is completed, Hazelwood said, it would mean a possible additional five House seats for all of West Texas and a loss of five to East Texas, giving this section a ten vote advantage in the House—East Texas minus five and West Texas plus five. The new senatorial district would be somewhere between Amarillo and Lubbock, he said.

Hazelwood, in addition to heading the two district committees that will virtually lay dormant this session, other than possible and unofficial discussion of the 1951 move, is also chairman of the Stock and Stock Raising Committee. It also has few duties to attend to and has little or nothing to do with the hoof and mouth disease. He is also a member of the Oil and Gas Conservation Committee, headed by Sen. Fred Harris, Dallas; and the State Affairs Committee led by Sen. A. M. Atkin Jr., Paris. The latter is the first sleeping stone to most legislation of statewide importance. He is also on eight other minor committees.

CIVIC

(Continued from Page 1) of Dimes this year must be the greatest in the history of the city. The cost of caring for polio patients last year was \$17 million, O'Connor said, and many chapter treasurers are completely exhausted.

"The war against this dread, mysterious and crippling disease is no over when the last new case has been recorded," Atkinson said. "There remains the grim reality of the aftermath. The greatest cost is yet to come—the cost of care and rehabilitation of the stricken." Funds are being collected in Pampa this year through coin containers on the counters of all retail stores and by means of slotted cards with space for dimes and dollars that the Girl Scouts mailed this week to all persons on the city water accounts. A new method of collection through the parking meters was begun this year. A dime deposited in a parking meter will not turn the handle, otherwise the meter will jam and possibly break. Chief of Police Louie Allen asked all motorists who put dimes in the meters to be sure to turn the handle, otherwise the meter will jam and possibly break.

Marshall Plan Administrator Paul G. Hoffman is known to be among those favoring such a plan. His agency, the Economic Cooperation Administration, has limited funds and authority to help in the launching of overseas projects which will return strategic materials to this country.

No agency, however, has authority to make long-term commitments, even though the government's \$2,500,000,000 stockpiling program for the purchase of lead, copper, tin, manganese and other strategic materials is lagging far behind schedule.

(Continued from Page 1) surrender. Acting President Li Tsung-jen appointed a five-man delegation to try to negotiate with the Communists, and his cohorts poured out a series of statements and telegrams. All evidently were designed either to gain a settlement or—barring optimistic possibility—to damn the Communists with the public for continuing the three-year war.

Shao Li-tze, former ambassador to Moscow, was named chairman of the peace delegation. Members are Gen. Chang Chih-chung, Gen. Huang Shao-hsiung, Peng Chao-hsien, and Chung Tien-hsing. Chang is a cabinet minister and commander of five northwest provinces. He and Shao are long-time peace advocates. The others are minor figures but none is on the Communists' war criminals list.

7. That a time-table for granting self-rule to a United States of Indonesia, the same as that now pending before the U. N. Security Council, be met by Jan. 1, 1950.

This calls for Holland to establish an Indonesian interim government by March 15; free election of an Indonesian Constituent Assembly by Oct. 1, and transfer of complete sovereignty to an Indonesian government by next Jan. 1.

The conference wound up with a demand that the council use its powers to compel compliance with its orders if U. N. observers find violations.

Mr. and Mrs. B. F. Riggs of Amarillo visited Mr. and Mrs. John Tschirhart Friday. The women are sisters.

Mr. and Mrs. A. G. Caldwell and children were Wellington visitors Friday.

Mr. and Mrs. Burk Tschirhart of Los Angeles, Calif., visited the John Tschirharts home Sunday.

George Brent says he'll do four more pictures after "Illegal Entry" and then quit the screen for good to become a gentleman farmer. George has half a million dollars invested in his San Fernando Valley horse-breeding farm.

ASTAIRE ROGERS REISSUES Howard Hughes is talking about reissuing some of those Astaire-Rogers musicals to cash in on their comeback together in M-G-M's "The Barkleys of Broadway."

Carl Brisson, the Danish song star, is appearing at the Coconut Grove. I'll never forget the time he made his debut in Hollywood for "Murder at the Vanities." Ericson, to Hollywood as his "brother." Freddie is now married to Roz Russell, has his own production company and will soon film Papa's life story.

Visitors on Barbara Stanwyck's sets invariably comment about her graying hair, which Barbara makes no effort to conceal. "And she's smart," says cameraman Russell Mettly, currently photographing her in "The Lady Gambles." "Graham's hair photographs more beautifully than any other color."

Liked Herb Stein's gag about the visitor who was telling a Californian that it was gonna rain and pointed to three dark clouds. "Don't be silly," said the native. "It doesn't rain in California. Those are just empties coming back from Seattle."

Jackie Coogan, the "Kid" of the silent screen, makes his debut suggests the contrary. The more you spend for defense, the less strong is your overall economy - for military spending is essentially non-productive. In the case of the United States this is perhaps still a tolerable burden. In the case of countries whose economies are not yet by any means healthy, it is not. Even if we foot a large part of the bill, it is still questionable whether the recipients could provide the manpower and machinery for administering it without a serious drain on their economies.

Success Secrets

Elmer C. Rice of Massachusetts became a prosperous businessman by selling SUCCESS to others.

SUCCESS is a product everyone wants. If you can figure out a way to make other successful, they'll pay you for it handsomely.

Elmer C. Rice had been out of school ten years and considered himself a failure. He had dreamed of doing great things in the business world, yet he had gotten nowhere. There was no routine job with small pay. All this was changed by just one idea, and it took only six weeks to change Rice from a most dejected "failure" to a prosperous businessman.

He was talking to a farmer one day and found that the farmer made extra money raising squabs. "What are they?" asked Rice, who had never heard of a squab. He was told that they were baby pigeons, and were in great demand at expensive eating places as a rare delicacy.

"If they're so much in demand, why should they be so scarce?" Rice asked himself. "Why don't more people raise them?" He decided to try raising squabs himself, and began searching for literature on how to raise them. His search got him nowhere. There was no authority on the subject. Nobody seemed to know much about it. It was a bit of a miss proposition.

He gathered together what literature he could find. With the farmer, he experimented and tested. He found much of the literature was out of date and misleading. When he felt he had sufficient "know-how," he published a small booklet himself, and put three small ads in farm magazines offering to teach others how to make money raising squabs.

Within six weeks he had orders for \$6,000 worth of booklets and pigeons. Orders came in so fast he had to import pigeons from Belgium. He purchased his own farm. The small booklet grew into a full sized book. One-hundred thousand people say today that Rice was responsible for establishing them in a prosperous business.

Today Rice is a world-renowned authority on squabs. Figure out some way to make one-hundred thousand other people successful: that's Elmer C. Rice's success secret.

The Soviet "iron curtain" is regrettable, (but I think it is ultimately more to our advantage than it shuts out. Secretary of Commerce Sawyer.

but in television on the Milton Berle show. The story he quenches for "Jolson Sings Again" Parks still has 10 to 12 weeks work ahead of him in 12 musical production numbers.

Quite a feather in Judy Canova's cap. Her 1941 movie, "Puddin' Head," was released in Southern states and outgrossed more than 60 percent of the new releases.

M-G-M just filmed a technical version of "Little Women," with June Allyson, Elizabeth Taylor, Margaret O'Brien and Janet Leigh. Margaret played Beth so seriously that every time director Mervyn Le Roy looked at her, he'd say: "Cheer up, Margaret. We haven't come to the death scene yet. Don't forget, you have starlet fever first."

Canadian Is Site of Fast Cage Tourney

CANADIAN (Special) — Canadian's 19th Invitational Basketball tournament opened here Wednesday when five girls games were played in the afternoon session. In the opening game, White Deer girls beat the Panhandle girls by a score of 25-17. Core of White Deer accounted for 16 points for her team, while Naylor scored 9 and Brown scored 8 for Panhandle.

In the second game of the afternoon, McLean girls bested the Groom girls by a score of 20-31. Gudgeon, for a card for McLean, scored 27 points, which she made from all angles. Groom also had an outstanding forward in Anglin who scored 20 of Groom's 31 points.

In the third game, Stinnett won over Kelton by a score of 24-23. This was a nip and tuck game all the way, with Kelton leading most of the time by a one or two point margin. Stinnett won their game in the closing minutes, when their forwards went on a spree. Harry was high point girl for Kelton with 12 points, Frickner for Stinnett, also with 12 points.

The fourth game was another one that was very close all the way. Follett led all the first half, which ended with the score 22-21 in their favor. In the third quarter Darrouzett went into the lead with a two point margin, and the final score was Darrouzett 41, Follett 40. Burton of Darrouzett scored 22 points, while Sabb of Follett scored 19.

In the fifth and last game of the afternoon session Mobeetic walloped Booker 65-40. Mobeetic girls played spectacular ball, taking an early lead and were never in any danger. The tight defense of the Mobeetic guards was in a big way responsible for Mobeetic's margin of points, as Booker was never able to effectively penetrate their defense. Both sides fouled heavily, but it was a good fast game. Beck of Mobeetic led the scoring with 31 points, Morris made 13 points and Tatty 13 points. Henton was leading scorer for Booker with 19 points, Meyer scored 10, and Cates 7.

In the evening session the Wheeler girls swamped the Allison girls 37-9. Margaret Holderman of Wheeler scored 16 points, Levitt of Allison led her team with 4 points.

Miami girls completely outclassed the Higgins girls, 39-15, and their early lead was never endangered. Scoring for Miami was Jenkins with 13 points, Lord 12 points, and Lord 11, Keenan 2, and Lollin 1. Detrikke led the scoring for Higgins with 6 points.

Only two boys games were played. In the first, Wheeler boys bested Allison boys 67-32. Allison was no match for the Wheeler boys, who scored almost at will. Bradford of Wheeler was the sparkplug of his team, scoring 20 of their points. Levitt led the Allison scoring with 11 points.

In the final game of the evening, Canadian boys took a fast game from the Briscoe boys 35-27. This game was close all the way, and Daugherty and Helton for Briscoe were very accurate on their long shots, keeping the guards in close. Canadian played air tight defense, and most of Briscoe's shots had to be made from a distance. After the first quarter the Wildcats led the balance of the game by a narrow margin. Bryant of Canadian accounted for 14 points, while Daugherty of Briscoe was close behind with 13 points.

The Canadian girls team opened up the second day of the tournament play Thursday by taking a good fast game from the Briscoe girls to the tune of 26-24. Patsy Cook was high point girl for Canadian, with 13 points, and Brotherton was high for Briscoe with 6 points.

In the next game, the Miami boys defeated the Higgins boys 33-27. Miami led all the way by a big margin, until midway in the last quarter when the Higgins team went on a scoring spree to tie up the score in the closing minutes, only to have Miami spurt out in front again. C. Gill was high point man for Miami with 16 points, and Patterson high for Higgins with 10 points.

The Samnorwood girls took the game from the White Deer girls 21-8. Young was high point girl for Samnorwood with 10 points, Kidwell close second with 9 points. Barrett was high for White Deer with 4 points.

In the afternoon session, the White Deer boys beat the Panhandle boys 25-23. This was a good tight game, ending in a tie, and in the overtime period White Deer scored two free points to sack it up. Terry and S. Buchannan tied for high score for White Deer with 8 points each. For Panhandle, Bickerstaff, A. Davis, and G. Franklin each scored 5 points, and J. Knapp scored 4 points.

In one of the best games of the afternoon, McLean girls won over Quail girls 28-27. This game also was tied up at the end of the 4th quarter, and McLean scored two free shots in the overtime period while Quail scored one. Gudgeon of McLean was high pointer with 10 points, and Clay of Quail was high with 11 points.

The Samnorwood boys beat the Follett boys 28-13. Payne was a high point man for Samnorwood with 8 points, and Buckner for Follett with 6 points.

The Stratford girls took a game from Stinnett girls 38-20. Parker was high pointer for Stratford with 25 points, and B. J. Felkner for Stinnett with 10 points.

To close the afternoon session, the Stinnett boys led all the way to beat the Perryton boys 32-30. Williamson, for Stinnett, was high point man with 12 points, and Revis of Perryton high with 10 points.

Blackhawks Lose Thriller

PHILLIPS (Special) — Coach Floyd Murray's Perryton Rangers quitted today a one point decision here Wednesday night to the Phillips Blackhawks cagemen 35-34. The Rangers controlled the tilt through the first three periods, leading 30-19 at the end of the third quarter, but had to stave off a desperate Phillips rally of 15 points to emerge victorious.

The visitors held the frigid Hawks to 3 points in the first period while they meshed the nets for 10 points, then coasted to the one point decision. Johnny Revis paced the victors in individual scoring honors, tallying 12 points while Powell of Perryton was close behind with 9 points. Billy Henderson had 4 field goals and a charity toss to lead the Hawk scorers with 9.

Except for the last period rally the Hawks were in their poorest form of the year, while Perryton hit the hoops early and frequently. Perryton was aided by 9 points at the free throw line compared to a low 4 points by the Hawks.

In the preliminary "B" game Phillips "B" walloped the Perryton "B" 36-21. G. H. Lunday, lanky Hawk center, pivoted often from his center slot to score 15 points and capture individual scoring honors in the tilt. Stinnett led the losers with 7 points.

BETTER BOWLING

By BILLY SIXTY

CORRECTING WOBBLE: You would agree instantly if I said that completing the stride at different spots at the line must understandably change the angle or direction of the ball. And that, naturally, is going to lose the strike pocket for you.

One reader said, "I understand that you wrote about avoiding a zig-zag in the run (stride) in order to finish the slide at the same place at the foul line for accuracy. But I can't run straight. I veer off to the right, finishing near the gutter."

The problem is to finish at an identical spot at the foul line, with the body resting comfortably on the left leg, and with the left foot pointed forward and straight ahead at the line.

For instance, if the stride is slightly to the right of the foul line, or the body likewise is off balance and the armwing is hurried as it passes the left leg at the line. So that the arm must reach out at the finish, for control.

To get rid of that wobbly stride, watch the position of the right foot in taking the stance. As you can see in the illustration, the foot must be pointed straight ahead. The first step will veer to the right if the foot is angled just the least bit to the right.

So that the right foot is in direct line with the left foot as the step is completed, that all-important first step must be TO THE LEFT. Doing this, I think you will find the rest of the stride will be STRAIGHT and the armwing also will be in line and accurate.

By TED KESTING

Freezing is an ideal method for preserving game and fish, and although most freezer units come with complete instructions, Sara Hervey, well known foods editor, has some useful suggestions for preparing the meat before it goes into the locker.

Hunters too often store game that is in poor condition, and then are disappointed if the cuts of meat aren't chosen and tasty. If care is taken waste can be cut down to a minimum and quality preserved.

Rabbits, squirrel and other small game animals should be dressed soon after they are shot. The entrails eliminates the chief cause of spoilage. Skin the game and wash it well in cold water. Be sure and chill the game by hanging it in very cold air or leaving it at least 48 hours in a freezer. You'll save locker space if you freeze only the thick back and hindquarters.

Game birds too should be cleaned soon after they are shot. At least take time to remove the crop and intestines. Chilling so that the body heat is lost quickly is very important.

Don't skin birds. Some of the flavor is lost and the meat will be drier. If you are shipping the birds home from the field in ordinary ice, do not remove a feather. If shipping in dry ice, clean, pluck and freeze the birds before shipping.

All game birds should be allowed to hang for at least 48 hours at a temperature just above freezing so that the meat has a chance to "season."

Large pheasants that are to be roasted, as well as many small game birds which do not lend themselves to disjuncting, should be packaged whole for freezing.

For preserving fish careful and prompt handling is necessary. Fish should never be allowed to get warm between catching and freezing. If freezing is delayed at least chill them quickly. Fish must be properly packaged in moisture-vapor-proof paper, for they dry rapidly in freezer storage and may give off flavors to other foods.

HAWAII WILL PLAY

HONOLULU (AP) — University of Hawaii athletic officials said Saturday their football team still intends to make a mainland trip next fall to play Texas Mines at El Paso on Oct. 1 and Denver U. at Denver on Oct. 8.

The statement was in answer to inquiries that followed Friday's cancellation of a scheduled game with the U. S. Military Academy on grounds that Hawaii had not made a good showing against mainland teams last season.

Three of Clemson College's varsity football coaches are graduates of the school — Covington McMillan, Walter Cox and Bob Jones.

Hogan and Berg Take Golf Leads

LONG BEACH, Calif. (AP) — Ben Hogan shot a spectacular five under par 66 in the rain Saturday and signaled his bid at the half-way point for leading honors in the \$10,000 Long Beach Open Golf Tournament. It gives him a 36-hole total of 134.

Hogan posted a card of 33-33 for the par 55-96 — 71 layout at the Lakewood Country Club. He collected six birdies and was over par on only one hole for the round.

Jack Burke, New York, shot 69 for 137. One stroke back were Freddy Haas, Jr., New Orleans, shooting his second 69 in a row, and Smiley Quick, Los Angeles, with 68-70.

WARREN'S WARM UP

By Warren Messer—News Sports Editor

QUESTION: How many perfect games have been pitched since 1900?

CONSERVATION: The Texas Wildlife Federation is throwing a lot of weight around at the present session of the Legislature at Austin in an effort to get four important bills passed. These four bills would be of importance to all of the sportsmen in the state, and the sportsman can help by writing their representative to show their approval of the bills to be introduced.

The Texas Wildlife Federation Legislative Committee is meeting with representatives who will sponsor the bills this morning in Austin. The four bills, and their sponsors, are:

1. The General Fishing License Bill, which has been written, will be introduced by Representative Doyle Willis of Fort Worth.
2. The Regulatory Authority Bill, which is being written, will be sponsored by Representative A. W. Mourland of Johnson City.
3. The Universal Hunting License Bill has been written and the sponsor is undecided, but will probably be Representative J. L. Crosthwaite.

The public hunting ground Bill has been written and will be sponsored by Representative Miller Walker of Beaumont.

All of the above bills have been gone over and explained in this column previously and have been written up to attain the measures mentioned at that time.

If only one of these bills passes in the Legislature it will be a gain and a foothold. But hopes are high that even more may pass than just one. They all are aimed to aid the sportsman and to keep the wildlife of the state from becoming depleted and extinct. Your telegram or letter to your representative will help. If you enjoy hunting and fishing, you should be back of these bills.

At the present time there is plenty of fish and game available. But this program was initiated by some men with foresight, who have seen the depletion of some types of game and don't want to see it happen again. It is a long-range program which will pay off to all sportsmen in future years.

Answer: Since 1900 there have only been four perfectly pitched games in baseball, with nobody reaching first base on a hit, walk or error.

THROUGH THE YEARS: One year ago today: Eugene Cooper was awarded The News trophy as outstanding boxer of the district tournament. . . Five years ago: Harvesters downed White Deer, 27-10, Robbins getting 10 points. . . Ten years ago: Entries were flocking in for the Golden Gloves. . . Fifteen years ago: Carl Hubbell and Pepper Martin led their basketball teams to Pampa for an exhibition game.

MARCH OF DIMES: The 1948 infantile paralysis epidemic threatened to exceed the all-time high of 1916 when 27,000 cases were reported. Not a state in the Union escaped the dread disease, although North Carolina, Texas and California felt the heaviest blows. Instead of buying that next cup of coffee, drop a dime in the parking meter and help save a life.

DOTS AND DASHES: Football letterman have been honored by Athletic Director D. X. Bible of the University of Texas. . . Among the varsity lettermen are Randall Clay, Pampa, and a reserve award went to Rudy Bauman of Amarillo. Freshmen numerals were won by Carl Mayes, Pampa, and Howard Hurt, Borger. When Texas was selected as Georgia's opponent in the Orange Bowl, Miami critics labeled the Longhorns "a third rate team." . . After Texas won the game 41-28, Georgia Coach Wally Butts described it as "the best third-rate team I've ever seen." . . Movies of that game will be shown at the C. O. Athletic Banquet Feb. 3. . . Tickets for the affair go on sale tomorrow. . . You can get them at the Court House Cafe, Wilson Drug, Richard's Drug or the C. O. office. . . Boots Erb, California, reserve quarterback, is the first son of a Rose Bowler to appear in the New Year's Day game. . . His father, Charley, also a quarterback, directed Cal in the 1921 game. . . Give your dime to the March of Dimes.

Sportsmen's Club Meets Tuesday

The Pampa Sportsman's Club will meet at the County Court House next Tuesday night, January 25, to arrange their program for 1949. A discussion of the legislative efforts now pending before the present session will be held. A report of the Legislative Committee's work will be made by Doctor Webb, who is now in Austin meeting with the committee.

After the discussion periods, motion pictures will be shown.

The Harvesters easily made it 16 straight wins Friday night as they thumped the Brownfield Cubs to the tune of 58 to 23. The win kept them on top of the district 1-AA standings with 3 victories against no defeats. In other district games Amarillo downed Plainview 49-29, and Lubbock topped Borger 49-33 at Lubbock. Last night Brownfield played at Amarillo, the only game scheduled. Next Tuesday the Harvesters meet Plainview here and Borger plays Amarillo at Borger. Friday night the Harvesters journey to Amarillo, Borger goes to Brownfield and Plainview meets Lubbock.

The Harvesters looked good and had Friday night in their victory. At times the ball handling was excellent, and at others it was miserable. And the shooting ran just as hot and cold. The second team played over half of the game, the first time they have been able to do so in district play.

The Harvesters jumped off to a 10-0 lead before the Cubs were able to score their first point, a free throw after 6:32 minutes of play. The Harvesters held a 14-4 advantage after 2 minutes of the second period, when Brownfield scored their first field goal, a crisp shot by Garby. The Pampa second string ran the score to 22-10 at halftime.

The first five came back to start the second half and ran the score to 32-12 midway through the third period, when the second string again came in to finish off the game. The second half scoring was led by big Derral Davis, who scored 16 of his 18 points in that half.

Officials for the game were Jess Cearly and Hack Polson.

In the preliminary game, a Pampa Guerilla team that looked like they were surely beaten at the end of the third quarter, put on a hair raising fourth quarter to gain a 38-36 victory from the Borger B team. Facing the Pampans in their fourth period attack was Skeeter Claunch, who rang up 10 of the 21 points the Guerillas scored in that period.

The Guerillas trailed all of the way, but after Cosch Bond got the right combination in there they started to roll. Claunch was high pointer for the Guerillas with 15, while Lain paced the visitors with 10.

Bonus Rule Will Hurt This Year

NEW YORK (AP)—Baseball's bonus law begins to hurt this year when nine major league clubs approach spring training with 16 "prospects," costing about \$400,000 who cannot be farmed out.

Ready or not these players must be kept in the big show. In each case the athlete received more than the legal maximum—\$6,000 in the majors—for signing as a free agent.

The Philadelphia Phils have the most—five—so manager Eddie Sawyer has the biggest headache.

Most of the 16 bonus men appeared in the majors last season for at least a short stretch. The Phils had two regular pitchers, Curt Simmons and Robin Roberts, in that class. Charley Bicknell, used largely on relief in '48, also is a Phil bonus man.

Jack Mayo, a .273 hitter at Utica last year, joined the Phils in late season for 12 games. Stan Holmberg, the muscular Texan slugger, who hit .305 for Wilmington after receiving a big bonus is another bonus man.

Johnny Antonelli, the sensational Rochester, N.Y., schoolboy who cost the Boston Braves between \$55,000 and \$75,000, is the only Brave in the bonus category. The Boston Red Sox have two bonus pitchers, Chuck Stobbs and Frank Quinn.

Cincinnati has three bonus players including the pitcher Negro pitcher Satchel Paige, while Earle Brucker, Jr., son of the Philadelphia A's coach, is Connie Mack's lone bonus player.

Brooklyn's only bonus man is pitcher Elmer Sexauer, a right-hander for Danville, Ill. in the Three-I League last season.

The No. 16 man is Paul Campbell of Detroit.

Lefors Pirates Lose Two Games

LEFORS (Special)—The Lefors Pirates lost two games Friday night to the Irish from Shamrock. The A team lost 24-18 and the B squad went down to defeat 40-18. The height of the Irish was just too much for the Lefors boys to overcome.

High point man in the A game for the Pirates was Stokes, who cashed in 8 times, while Glover lead the Irish scorers with 17 points. In the B game, Trusy led the Lefors team with 10 takes.

Penso Manager

BRYAN (AP)—Felix Penso, 28, relief pitcher for the Austin Pioneers last year, will manage the Bryan Bombers of the Lone Star League this year, it was announced Saturday.

Penso was a relief pitcher for the Tulsa club of the Texas League in 1946 and 1947. The Bombers have a working agreement with the Pioneers.

Tag Match Won by Team Of M. Olson and B. Estes

The Australian Tag match at the Sportatorium Friday night came to an abrupt halt after 10 minutes of the second fall when referee Billy McEuin disqualified the team of Poggi and LaDue when Gorilla Poggi refused to break a hold and then slugged McEuin when he attempted to pull the Gorilla off of the nearly unconscious Mill Olson.

The bout to that point was filled with much action and roughhouse from the first bell. LaDue and Balk Estes represented their teams at the start, and after several body slams, LaDue resorted to his usual choking tactics. He had Estes nearly out when Balk managed to tag his partner Mill Olson, who came in and found that LaDue had gotten out and Poggi was in. Olson gave him a rough time and finally both men tagged their partners and LaDue and Estes returned to action.

Estes got a knee lock on the Canadian, who tried to crawl to the ropes, only to be pulled back into the ring. LaDue grabbed the referee, but was kicked loose. Health to take care of right-hand flingers. . . "According to all reports I've had, Russell is physically O.K. again," Southworth explains. "However, I don't intend to burden him by having him play every day." . . . Wisconsin's Don Gehrmann, who'll make his first indoor mile start in the Millrose meet Jan. 29, looks like the best bet against the current foreign foot-racing invasion. Less than four weeks after he finished his cross-country campaign, Don ran a 4:08.5 over the 12-lap clay track at Madison. That's seven seconds faster than Chuck Fenske or Wally Mehl ever made on that track.

AW SHADDUP. When the Notre Dame basketball team recently visited San Francisco, Kevin O'Shea, a native of that city, was ready and willing to act as guide. . . As the squad passed the ball park, Kevin proudly pointed out: "That's where the Seals play baseball." . . . The other Irish got on him immediately with such questions as: "Why don't they use ball players?" and "Do they bat with the left or right fin?" O'Shea decided silence was golden—even at the Golden Gate.

In the opening affair of the night, Billy Hickson and Billy Parks grappled through 45 minutes of fast, clean fight without either man gaining a fall. Both men were evenly matched and in good shape. Both boys got opposite toe holds simultaneously, and upon a mutual agreement between them, let referee McEuin separate them.

Parks, the newcomer, showed himself to be very ringwise, despite his youthful 29 years. He was able to break out of holds and apply counters in return. . . Both boys got a bit rough at times, but for the 45 minutes it was one of the finest and cleanest bouts in sometime at the Sportatorium.

Notre Dame to Play Texas Longhorns in 1952 Football

Ingram Resigns As AAC Leader

CHICAGO (AP)—The All America Football Conference Saturday accepted Jonas Ingram's resignation as commissioner and named Oliver D. Kessing to succeed him.

Kessing, who has been deputy commissioner, was promoted to the top office one day after the pro league had decided to operate with seven clubs in 1949.

The conference also announced it would play a 12-game home-and-home schedule next fall. This will culminate in a playoff in which the No. 1 team will meet the No. 4 team and the No. 2 club will play the No. 3 club. The winners of these two matches will play for the title.

The new boss, Kessing, is 58 and, like Ingram, a retired Naval officer. He signed a one-year contract. The terms were not made known. Ingram received \$30,000 a year during his two year tenure.

Kessing has carried the nickname "Scrappy" since his undergraduate days at Annapolis, where he made a reputation as a formidable contender in football, baseball, boxing and wrestling. He entered the Naval Academy in 1910.

Kessing established the North Carolina Preflight School for the Navy early in World War II. He moved to the Pacific and remained in command of an advance operations base throughout the war. If the invasion of Japan had come off, he would have commanded a landing force of 30,000 men.

Thus, the All America loop made ready to continue its war with the National Football League in 1949 at a cost estimated as high as \$2,000,000.

Each league lost from \$750,000 to \$1,000,000 each season for the last three years. This would total upwards of \$5,000,000 to \$6,000,000 as the cost for waging player-signing and patronage war—a conservative estimate in many minds. On this basis, the 1949 campaign will cost upwards of \$2,000,000.

Notre Dame to Play Texas Longhorns in 1952 Football

AUSTIN (AP)—The University of Texas Longhorns will take on the fighting Irish of Notre Dame in a home-and-home football series in 1952 and 1954.

Notre Dame will invade Memorial Stadium here Oct. 4, 1952, and Texas will travel to South Bend, Ind., home of the Irish, on Sept. 25, 1954. Texas Athletic Director D. X. Bible announced here Saturday.

Bible said he was extremely pleased to be able to announce the series, which he termed another step in schedule plans designed to make the Longhorn slate the equal of any in the nation.

The schools have met on the gridiron three times. Notre Dame whipped Texas at Austin 30-7 in 1913 and 36-7 in 1915.

An underdog Longhorn eleven gained revenge in 1934 with a 4-0 upset at South Bend. Coach of the victorious team was Jack Chevigny, a former Notre Dame player.

Notre Dame recently renewed a series with another Southwest Conference team, Southern Methodist University. The Irish and the Mustangs will meet next season at Dallas.

Rice and Baylor Down SWC Foes

By The Associated Press

The Southwest Conference basketball race Friday night was narrowed for all practical purposes to three teams—Baylor, Texas and Rice.

Rice all but eliminated Arkansas, 49-48, while Baylor did eliminate Texas A&M 53-47.

The one-point victory by Rice sent the Owls into a second place deadlock with the University of Texas Longhorns. Each has won three games and lost one.

Big Bill Tom paced the Owls' victory with 19 points, three more than Arkansas' Ambler netted.

Don Heathington, who sank seven free throws in seven tries, placed Baylor's victory. His six field goals gave him a total of 19 points, high in the game.

Akin to Automatic Propulsion!

When the great new Cadillac engine was in the final stages of development, a Cadillac engineer made a test run up Pike's Peak. "It felt," he said upon his return, "as if the car were moving by automatic propulsion." When you drive a 1949 Cadillac—powered by this magnificent new engine—you will understand what the engineer was talking about. The power flow is so smooth—and the supply of power so seemingly inexhaustible—that the driver is scarcely aware of the engine's existence. Owners are finding that this smooth, even, effortless flow

of power does far more than increase the car's agility. It adds immeasurably to handling ease and maneuverability. It increases the confidence of the person at the wheel, and thereby makes him a better driver. And it increases the car's over-all safety to a remarkable degree. It has long been true that a search for the finest leads inevitably to Cadillac. But, today, the sign posts are marked so plainly that searching is not required. There is, literally, nowhere else to go—if you want the ultimate in motor car quality and satisfaction.

Skelton Reviews Texas Oil News

By MAX B. SKELTON

AUSTIN, Tex. (AP)—Texans apparently don't like the sound of "compromises" or "congressional deals" when ownership of oil-rich tidelands is involved.

Such words were used this week in Washington news reports on developments in the State vs. Federal ownership controversy.

The Texas Legislature reacted by advancing its own formula to settle the issue—and amendment to the Federal Constitution. The amendment would repudiate the Supreme Court decision of 1947 recognizing the Federal Government as having paramount rights to the Tidelands of California.

Congress normally initiates proposals for changes to the Constitution. This time, however, Texas wants the 48 state legislatures to carry the ball.

Article V of the Constitution establishes the basis of the strat-egy. A resolution unanimously approved by both Houses of the Texas Legislature provides:

1. That Congress be petitioned to call a convention to draft a state ownership amendment.

2. That each state Legislature be asked to send a similar petition to Congress.

Article V of the Constitution provides:

1. Congress, if petitioned by 22 of the 48 states, shall call a convention to propose an amendment.

2. Amendments are valid when ratified by the legislatures of 36 of the 48 states.

The whole thing is something of a squeeze play against Congress, a deadlock or a compromise.

State Senator John J. Bell, author of the resolution, says officials of more than 40 states are actively supporting the fight against federal ownership of the submerged lands.

When 42 Attorneys General met in national convention late last year, 40 voted for a state ownership resolution, one expressed opposition, and one was recorded as present but not voting.

Speaking from the State Senate floor, Bell said:

"I don't subscribe to the policy the federal government gives and the federal government takes away. The time has come for the states to use their powers which are in the Constitution and overcome this dangerous doctrine."

There is no immediate end in sight for the steady decline in domestic crude oil production.

Texas gave the trend another shove this week and indications are that Oklahoma may cut its allowances by from 10 to 15 percent.

Area Reports Completions

Nine new oil wells were completed in the Panhandle Area during the past week according to a report issued yesterday by authorities in the local Oil and Gas office of the Railroad Commission.

All of the completions reported were in Hutchinson County with the exception of one well in Carson County.

One new gas well was reported as completed in Sherman County and one well was reported plugged in Gray County.

Carson County Jewel Kimberlin, No. 3, Jordan Ware, located 990 feet from W and 330 feet from N lines of Block 5, Section 103, Block 4, I & GN Survey, tested 27 barrels of oil in a 24 hour test. Top of pay 3155 feet. Total depth 3215 feet.

Hutchinson County Holt, Spikes, & Plummer, No. 1, Davenport, located 530 feet from S lines of lease Section 22, Block 3-T, T & NO Survey, tested 36 barrels of oil in a 24 hour test. Top of pay 3225 feet. Total depth 3277 feet.

TIPRO Assn. Makes Report

The subject of possible excessive petroleum imports was discussed at the executive committee meeting of the Texas Independent Producers and Royalty Owners Association in Austin on Friday, January 21.

"When oil imports exceed the amount needed to supplement domestic production," said Guy I. Warren, president, "necessary exploration and development of additional reserves in the United States is retarded."

The Texas Railroad Commission recently ordered a 10 percent cut "across the board" in Texas allowances, with the January total set at 2,466,034 barrels per day as compared with 2,717,019 for December. This reduction was made under the Commission's "waste powers" to prevent overstocking of oil.

"There is no danger of a recurrence of last winter's spot oil shortages," said Warren. "But the so-called 'balance' that exists today between oil production and demand is the result of some half million barrels per day being im-

ported. The question of whether domestic or foreign production will be encouraged has arisen.

"If domestic producers are forced to adjust production to provide only what foreign producers can't supply, we will shortly see a drastic slackening in the pace with which independent producers are rebuilding the surplus production capacity this nation had before the last war. Such a condition is not reassuring to those who concern themselves with the safety of this nation in the event of another emergency," he said.

The meeting was attended by some thirty independent oil operators and royalty owners from all parts of Texas. A number of proposed Congressional and State Legislative matters affecting the Association membership were also on the agenda.

Commission Ruling Reminder Given

AUSTIN (AP)—Texas oil operators were reminded by the Railroad Commission that oil well gas can be used for intermediate operating purposes.

The Commission, in an interpreting order of its December shutdown orders on 15 oil fields alleged to be wasting natural gas, said it had no intention of suggesting that intermediate purposes be prohibited.

The original shutdown orders prohibited production of oil or gas from wells unless all the gas produced is made available for one or more of four specified lawful uses.

Intermediate uses, it was pointed out, include gas lift and processing for manufacture of natural gasoline, as well as utilization of natural gasoline.

THE DRILLER'S LOG

By KEN BENNETT

From time to time this column has referred to the API, the organization that does so much in this area for the Oil Industry. Today I'd like to mention the IPAA, the Independent Petroleum Producers Association of America. The president of the organization, Fred W. Shields, has made some statements in their current monthly magazine that your truly thinks worthy of your consideration.

He says, quote: "The past year has proven again the ability of the domestic petroleum industry to meet increasing demands, and while doing so to add available reserves of oil and gas. This has been accomplished despite the ill-founded remarks of those who led our people into the belief that our country should depend on foreign oil." He adds: "It is well to recognize that during the year the petroleum industry succeeded in reestablishing industry on an almost normal operational basis... that it successfully outgrew the natural obstacles and governmental restrictions of war and post-war years."

Continuing in his article, Mr. Shields asks for a clarification of the National Gas Act... recommends the adoption of the IPAA National Oil and Gas Policy... asks a restriction on imports... expresses concern regarding the government attitude toward the industry, and asks the industry to remain alert lest some action jeopardize the wellbeing and security of the nation.

Why spend the time to read his comments in your own independent magazine? It will be its deep test name... The Sinclair-Lippes well, Roberts County, worth your time.

Heed it at a depth of 10,895 feet... It is getting down now to a depth that really lives up to incidentally the same magazine carries some very interesting facts about repressuring in Arkansas, and the results obtained.

The Gulf-Porter deep test in Lipscomb County is still going down... Last reports on the well is down to 8,418 feet; the Phillips well, the Katherine in Sherman County, has reached a depth of 6,286 feet... In Swisher County, the Humble-Nanny is drilling below 6,300... The Placid-Matheson in Armstrong County is down to 4,280... E. L. Dunigan's Ellis No. 1, in Carson County is drilling at 3,780, and the L. A. Helms well in Collingsworth County, the Farmer No. 1, is down to 3,350... This is the well that is being watched very closely for further chance of development in this area... In Hansford County, the Gulf-Collar is drilling around 2,500, and the Pure-Langford in Hartley County is testing at only its total depth of 7,855... The Texas Company's well, Belle-Wisdom in Hutchinson County, has acidized and is cleaning out development that area in the same manner that Phillips worked the 3,140 feet.

There has been talk of new interest around the Miami area with some very good prices being rumored as paid in that vicinity. Gulf Oil seems to be trying to area just to the north and west.

Rare Exhibit Highlights Anniversary

HOUSTON (AP)—Leading church dignitaries and hundreds of arriving laymen viewed rare historical exhibits gathered from all parts of the nation, as the Episcopal Diocese of Texas opened a celebration marking its 100th anniversary yesterday.

With many of the 1,000 delegates expected for the three-day centennial council of the diocese already on hand, the celebration moved toward its climax—a downtown religious procession and two-hour pageant, which will be presented Sunday night in City Auditorium.

The exhibit, insured for \$80,000 and guarded by detectives, featured rare documents and relics of pioneer days, brought from the

Red Blood Cells Must Be Kept Up If You Want To Feel Alive

Thousands Now Regain Old Time Pop, Vigor and Drive By Releasing Vibrant Energy To Every Muscle, Fibre, Cell

Overcast, misty worry, and lack of certain foods often reduce the red-blood strength—and starved, weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of your red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count means you are in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities by analysis of the blood, have by positive proof shown that 825 Tonic is eminently effective in building up low blood strength in non-organic nutritional anemia. This is due to the 825 Tonic formula which contains special and potent activating ingredients.

Also, 825 Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organic—too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour burp.

Don't wait! Recharge your body with rich red-blood. Start on 825 Tonic now. As vigorous blood surges throughout your whole body, greater freshness and energy should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—your feet will feel better, place. Millions of bottles sold. Get a bottle from your drug store, 825 Tonic helps build sturdy health.

Authorship of Salty Old Description of Texas Found

HOUSTON—(AP)—At long last, the authorship of a century-old vivid and faded description of Texas and its destiny has been established.

The discovery of the identity of the author of the many colorful and witty—yet apt—impressions of Texas was made by two enterprising Houston radio men, Harold Young, news director of Radio Station KTRH, and Ted Nabors, program director of the station, while they were doing research in preparation of a radio drama depicting the 100-year history of the Episcopal diocese of Texas.

The author of the colorful, widely-

Conference On Safety Set Feb. 4

CHARLES A. MILLER

How to be counted among the living next year at this time, barring death by natural causes, will be discussed in detail during the one-day meeting of the Panhandle Foremen's Safety Conference, Feb. 4 in the Herring Hotel.

The PPFSC is sponsored by non-profit, public service organization, the Texas Safety Association.

Appearing on the program will be Charles A. Miller, personnel and safety director of the Texas Co. and president of the association, who will speak on Attitudes in Industry. Other top Texas Safety Association officers who will talk are: A. F. Allen, Dallas, president of the Texas Employers Casualty Insurance Co., discussing Causes and Costs of Accidents in Texas. Major Albert Sidney Johnson, Dallas, attorney, R. E. Rooper, chief safety engineer, Humble Oil, Houston, and E. C. McFadden, Dallas, vice president of the Texas Employers Casualty Co.

Co-sponsoring the banquet and meeting are the Panhandle Safety Society and the Amarillo Junior Chamber of Commerce.

The Texas Safety Association has been working constantly to reduce the number of highway and

Industrial accidents, and conducts a safety contest each year that embraces hundreds of industrial firms. Over 1,700 employees are kept abreast of the latest safety measures and devices. The association is also responsible for the increased personnel of the Highway Patrol, increased funds for the administration of drivers' license personnel and laws, adoption of drivers' license safety education textbooks in the schools, the uniform traffic code, all passed by the last Legislature.

The association has the backing of 53 organizations in the state and Gov. Jester who recently wrote:

"I look forward to the continued leadership and support of the Texas Safety Association in meeting the grave challenge to the safety of the people of Texas."

The Feb. 4 meeting is expected to be attended by a large group of industrial leaders, foremen and employees from all points in the Panhandle.

More Chicken Seen For Texas Tables

AUSTIN—(AP)—More chicken is in prospect for Texas dinner tables.

The United States Department of Agriculture reported that December chick production by Texas commercial hatcheries was 2,800,000, 55 percent more than the previous December and 62 percent more than the 1942-46 average for the month.

December egg production was 142 million eggs, compared with 119 million for the comparable period a year ago. USDA said it was the highest rate of lay on record for the month.

Czech Border Guards Fire on Americans

FRANKFURT, Germany—(AP)—U.S. Army headquarters said Friday Czechoslovak border guards fired on American constabulary troops Thursday. The Americans returned the fire, the Army said.

The Americans were investigating a border crossing incident. No American casualty was reported.

MEMORIAL RESOLUTION

WHEREAS Almighty God in His infinite wisdom has removed from our midst our esteemed Brother

TILFORD N. HAMILTON

in whose death our Brotherhood has lost a sincere and loyal friend, his community a valued and respected citizen and family a kind and devoted member; and

WHEREAS, during the period of years we were privileged to know him as a Brother, he was a true and faithful member of our Brotherhood, and by his constant devotion to the best interest of our organization and his fellowmen endeared himself to his host of friends and fellow trade unionists; and

WHEREAS, we shall miss his pleasant companionship and good fellowship, his wise counsel and worthy participation in our activities; Therefore Be It

RESOLVED, that we mourn deeply the passing of our worthy and beloved Brother and extend this expression of heartfelt sympathy to his family and friends in this their sad bereavement, confident in the knowledge that our Brother, having reached the end of his earthly journey, has received his eternal and glorified reward in Heaven, having heard the consoling words of the Master, "Well done, thou good and faithful servant!"

QUALITY HOME FURNISHINGS

Palaver de Pampa

QUIPS IN THE NIGHT—While scanning through Boyce House's "Texas—Proud and Loud," I found these timely quips: "If the cost of government keeps rising, they'll have to change the name of the state to T-A-X-E-S." A fair companion of the morning of the 1944 national election predicted the weather: "Not Dewey." Of a certain state politician, a man remarked: "Brown is a man of few words, but he uses them often." The Fourth of July orator shouted: "I know no North, I know no South, I know no East, I know no West!" A boy yelled, "Mister, you better brush up on your geography." Woman: A person who can hurry through an aisle 38 inches wide without knocking down piled-up tinware, and then drive home and knock the doors off a 13-foot garage.

ECHOES AND COMMENTS—The most stuck up man in town is Stucky the barber. The reason: a young son. And if I were a man, I'd know the new fellow's name. We hate to hear that amiable Steve Matthews is leaving Pampa. It will be a big loss to the city, but from a woman's viewpoint, I'm sympathizing with Dorothy Jones who just finished buying new furniture for their home in the Fraser Addition. Any bargains, Dot? ... Everybody's bargain hunting in the first of the year sales. ... Saw Mrs. Edgar Plank uptown taking advantage of the bargains. It's good to see her again; she's so busy, but she always seems to have time for her church work. ... Hail off to Be Givens who is forming her New Comers Club. ... And speaking of newcomers—a new bride here with one of the Stanolind gang is beautiful June Ashton. She's from Boston, and has that Boston drawl. ... A happy home—601 N. Gray. ... Hear by the grave yard that the Junior High P-T-A is preparing a top-notch cook book. Recipes will be provided by the matrons. I'm ready for a new one. ... Professor Frank Kerns mentions publishing a new book. The present title: "What Next—If Anything?" Sounds intriguing. ... The professor's family, June and John Galle and young son, will soon be moving to Houston—we'll miss you. ... The Gaze Fatherses and the Bob Carrys celebrated their wedding anniversaries of the same date by attending a Spike Jones performance in Amarillo. It was the 13th for both. ... A popular business pair, Jimmy Massa and John Rankin, slipped off to Lubbock on a business trip during the week. ... Storkipating—the George Walters. ... Saw Clarice Nutting in town wearing her usual sunny disposition. ... President-elect of the BOK's is Ruby Hilburn—we're confident she'll do an outstanding job. ... Celebrating their 20th anniversary last night—Fred and Irene—they work hand in hand. ... One of the town's eligibles—a new Buick convertible, girls. It's Lewis Sprinkle, and they're together. ... Among the small fry seen taking the air for were Tom Brady, Jr., and Timothy Gekas. ... Mr. and Mrs. Gekas celebrated their 20th anniversary last night. ... Well-wishers attended the dinner of Mrs. Gekas (Aunt Kate) was walking down Main during the current bad weather with the wind whipping snow in her face. ... Passing her on the street I heard her say, "Oh, I think this is more fun." Aunt Kate must be around 70—doesn't put a lot of youngsters to shame. ... I understand Howard Vineyard's attractive wife is another English girl. ... Seems like all the English brides are eyesome and full of wit—Olive Bennett and Mary Doucette are two more Pampa is fortunate to have. ... Heard Bill Ragdale bemoaning the fact he could not attend the Governor's reception. ... Novel idea for a dance was held at the Country Club last night. ... Anyone came dressed as his childhood ambition—can't wait till next week to tell you what some wanted to be. ... Sorry to hear of the illness of Mrs. Calvin Jones' mother in Fort Worth—Doc joined Mrs. Jones Thursday.

FOR WOMEN ONLY—Traditionally, winter is the time when we're content to spend our evenings close to hearth and home— which is why it's such a perfect season for entertainment. Gather a few friends around a crackling fire and the elements may seem for all anyone cares. Such gatherings give the female a chance to highlight the occasion with a culinary achievement that marks you as something special in the way of a hostess. ... One suggestion: ... hungry guests in spaghetti and hot Italian bread, and a recipe I spied and copied for spaghetti gonolish is this: ... Fry to a golden brown: 1 chopped onion, 1 chopped green pepper, 4 chopped strips of bacon, 1 can whole tomatoes, and 2 lbs. ground round steak. Then add: 1 large can mushrooms, half teaspoon chili sauce, and a quarter teaspoon sage. ... Boil, drain, and butter about 1 lb. of spaghetti, add to sauce and cook slowly for one half hour. Serve with grated Parmesan cheese. Makes about eight portions.

CELEBRITIES—Did you know that Pampa is a town of celebrities? We have Artie Shaw (band leader), Henry Clay (statesman), John Payne and Jean Parker (movies), Robert E. Lee and Jefferson Davis (Bearden) as Civil War vets, and probably lots more. Oh, East is East and West is West, And I guess I'm on the wrong road. I'm PEG O' PAMPA.

Beavers-Williams Nuptials Are Said at Home Ceremony

Mr. and Mrs. Ted R. Williams
An event of the recent holiday season was the marriage of Miss Lucretia Beavers and Ted R. Williams. Miss Beavers is the daughter of Mrs. Ols Beavers, 202 1-2 N. Gray, and Williams' home is in Walters, Okla.
The wedding took place in the home of the bride's brother, I. B. Beavers, 320 N. Gray. The single-ring ceremony was solemnized before an improvised altar of fern and pink and white gladioli, by the Rev. Douglas Carver of the First Baptist Church.
Miss Beavers' only attendant was her sister-in-law, Ruth Beavers, and best man was I. B. Beavers.
The bride was attired in a forest green suit with brown accessories. She wore a corsage of tallman roses and observed the wedding tradition of "something old, something new."
The matron of honor wore a brown suit with green accessories and a gardenia corsage. The bride's mother was dressed in wine crepe with black accessories and wore a gardenia corsage.
A reception was held after the ceremony for close friends and relatives. Mrs. Ruth Beavers presided at the punch bowl and Mrs. Doug Mills served the three-tiered wedding cake. The table was laid with an Irish lace heirloom table cloth.
Mrs. Williams was superintendent of the Pampa Hospital before her marriage. The Williams will make their home in Walters, Okla.

Culture Club Honors Member

The Civic Culture Club met Tuesday evening in the home of Mrs. J. B. Townsend, 1202 E. Francis, for a social meeting to honor one of its members, Mrs. L. J. McCarty, who is leaving to make her home in Phoenix, Arizona. Mrs. Katie Vincent, a charter member of the club, presented Mrs. McCarty with a corsage of red carnations. Guests worked on friendship quilt blocks during the evening for the honoree.
Refreshments were served by the hostesses, Mrs. Townsend, Mrs. Vincent, and Mrs. F. W. Showell, to those mentioned and Mrs. A. D. Hills, H. W. Walters, F. E. Johnston, Ruth Spearman, J. E. Kirchner, Roy Lackey, Bob McCoy, H. G. McCorkle, Otho Robb, Arthur Rankin, John Skelley, J. B. White, B. M. Wood, Frank Wilson, John Mobley, E. Carr, J. M. Fitzgerald, Crawford Atkinson, Ray Wells, May Carr, R. A. Killian, Noel Thompson, E. Garland and Ralph Thomas.
Movies of various club meetings were shown, and the club presented Mrs. McCarty with a gift for her many years of service.
Next regular meeting of the club will be held Tuesday afternoon at 2:30 in the home of Mrs. Coffman.

Attending were those mentioned and Mmes. E. L. Biggerstaff, Bob Curry, R. F. Gordon, Joe Key, Julian Key, Ferris Oden, Albert Reynolds, and Ed Weiss, Jr.

Firemen's Wives Attend Meeting

Mrs. Otto Doggett was hostess to the Firemen's Auxiliary Thursday night in the Recreation Room of the Fire Station.
Seventeen members attended the meeting and were served refreshments. They were: Mmes. Lester Mason, Charles Winborne, Elmer Darnell, Vernon Pirkie, Lewis Galloway, Al Ferguson, Robert Burns, Albert Fuller, Homer Doggett, Tom Haggard, Ernest Winplay, "The Message of Fatima," presented by the fifth and sixth grade students of Holy Souls School.
Mrs. Roy McKernan read a paper entitled "The Order of Martha," in which she pointed out the missionary work that can be done by women at home. A short play was given by the Rev. Father O. W. Meyer to encourage a greater attendance at the Sunday evening devotions and Legion of Mary meetings.
The Rev. Francis Kuntz gave a talk on his experiences in China during the war years. He pointed out the hardships that missionaries of all churches were up against in China because of the Civil War.
Forty-three members were present.

Lt. Burns Is Transferred

Lt. Audrey Burns who has been assisting officer to Major Bernice Lyons at the local Salvation Army Corps since last June was transferred to assist at the Salvation Army Corps in Gadsden, Ala.
Before her departure, she was honored with a party given in the home of Marjorie McPhillips, where about 25 of her friends gathered. Refreshments were served and several gifts presented to Lt. Burns. Sunday night, a farewell meeting was conducted and Lt. Burns brought her farewell message.

Jaycee-Ettes Lay Plans to Start Nursery, Help at Council Party

The Jaycee-Ettes met Wednesday at the Terrace Grill for a business meeting and luncheon. Mrs. Joe Fischer resigned as treasurer and Mrs. Elmer Francis was appointed in her place. Plans were made for taking care of one table of bridge or forty-two at the party Feb. 11 under the sponsorship of the Council of Clubs.
Plans were also made to start a nursery to be held during the luncheon-meetings for the children of members.
The Jaycee-Ette constitution was read for the benefit of new members and officers.
New officers and committee chairmen for 1948 are: Mrs. E. A. Johnson, president; Mrs. Frank Pata, vice president; Mrs. John B. King, recording secretary; Mrs. Bill Fannon, corresponding secretary; Mrs. Elmer Francis, treasurer; Mrs. D. A. Brown, historian; and Mrs. Tom Tipps, reporter.
Directors include: Mmes. R. V. Johnson, Lee Cisneros, Travis Lively, Jr., William R. Ballard, Zella Osborn and Artie Attergut. All officers also serve as directors.
Committee members are: Mmes. Attergut, Paul Appleton and Ballard, Ways and Means Committee; Mrs. Rusty Ward and Mrs. Lively, Social Service; Mrs. Floyd Watson, Membership; Mmes. Osborn and Jim Arndt, Wilford Boyles, Jack Nicmo, Hostess; Mmes. Jack Vaughn and Joe Black Program; Mrs. R. N. Taylor and Mrs. Cisneros, Handbook; Mrs. Tipps, Publicity; Mrs. Don Foster, Courtesy; Mrs. Harry Cook and Mrs. R. V. Johnson, Telephone.
Present at the meeting were Mmes. Attergut, Appleton, Arndt, Boyles, Cisneros, Cook, Fannon, Francis, E. A. Johnson, Lively, Osborn, Tipps, Vaughn and Ward.

Mrs. Thomas Is Varietas Head

An election of officers and a program on "Education" constituted the activities of the Varietas Study Club when members met Tuesday afternoon in the home of Mrs. Ralph Thomas, 1705 Wilkison.
Mrs. J. G. Doggett, outgoing president, conducted the business session during which officers were elected. The slate of officers named by the nominating committee included: Mrs. Ralph Thomas, president; Mrs. J. G. Cargile, treasurer; Mrs. Henry Butler, parliamentarian; Mrs. H. P. Doster, library chairman.
In keeping with the program, roll call was answered with "Glimpses of Our Peace Compendium." The program on "Education Goes International" was discussed by Mrs. Frank Wilson who was led by "Doors Open to Germany." Mrs. F. E. Imel talked on "Japanese Youth at Our Threshold."
Besides those mentioned, refreshments were served to Mmes. C. W. Andrews, S. C. Evans, E. J. Haslam, J. E. Kirchner, J. C. McWilliams, Luther Pierson and J. C. Volmert.
The Varietas annual dinner for husbands will be given Jan. 25 at the home of Mrs. S. C. Evans, 1806 Charles.

LA ROSA SORORITY MEMBERS HAVE BUSY YEAR IN 1948 AND INSTITUTE POLICY CHANGES

La Rosa Sorority Senior Members
Pictured above are senior members of La Rosa Sorority. Top Row: Nell Brummett, Ann Crossman, vice president; Beverly N. Johnson, president; Nancy Brummett, Middle Row: Mary Lou Gantz, Pat Williams, Arlene Proctor, Barbara Radcliff, secretary; Cornelia Cornelius. Bottom Row: Miss Betty Myatt, joint sponsor; Verda Elkins and Mrs. Herman Jeter, sponsor. Not pictured are Janice Doggett, treasurer, and Barbara Crouch, reporter.
La Rosa Sorority girls engaged in many activities during 1948, including the New Year's Dance and the Homecoming Dance, given during the summer for students from college.
La Rosa was disbanded during the war and is still in reorganizational process. Mrs. Herman Jeter, a new sponsor, has contributed new ideas and constructive help to the club.
New members will be presented at a formal dance, Feb. 11, in the Palm Room of the City Hall.
The club decided to adopt a new policy and have no pledging done in school and to work toward the goal of making better friends when pledging was done. Another aim was to become a well-known club in school.
The next meeting will be at 2:30 p. m. Feb. 4 at the Fire Station. Mrs. Bowers will serve as hostess. Also, gifts will be exchanged by secret pals.
The Rev. Francis Kuntz gave a talk on his experiences in China during the war years. He pointed out the hardships that missionaries of all churches were up against in China because of the Civil War.
Forty-three members were present.

France to Float Bonds Tomorrow

PARIS (AP)—Finance Minister Maurice Pate announced the French government will start selling 100 billion francs (about 314 million) worth of 5 percent bonds Monday.

The proceeds will be used for reconstruction and re-equipment, he said. The bonds will not be convertible until January, 1950. To prevent "unhealthy specu-

lation" in bonds the government closed the French stock market Friday, here and in the colonies, until Monday. Banks remained open.

The use of barley-corns (grains of barley) in measurement still survives in shoe numbers, which run by thirds of an inch or "barley-corns."

Measurement in England was not standardized until John Bird made yardsticks in 1758.

TEEN TALK

BY VIVIAN BROWN
AP Newsfeatures

You've got to have a heart to be a baby sitter, says Marion Lowndes, author of "A Manual for Baby Sitters" (Little, Brown). Her advice to the thousands of girls, boys, grandmothers and ex-GI's who make spare money as sitters is to be the kind of a baby sitter they would want to employ for their own children.

Sitters she talked with said that what they would like under those circumstances is a kind, patient, understanding person who likes children.

Today, the author estimates some 20,000,000 children are too young to be left alone day or night. She finds them thoroughly dependent upon the sitter, whose duty is, to "keep them happy; keep them safe."

Some of the essentials of the art of baby sitting suggested by Mrs. Lowndes are:

Get the facts as to the number of children in the household before accepting the sitting. Be prompt and dependable. Bring your own sweater, watch, food if you think you'll need it. Get all the details on where to get help if a crisis arises, dependent upon the sitter, whose parent can be reached; (2) the doctor's number; (3) how to call the police; (4) how to call the fire department.

Use burglar tactics in getting a layout of the house—you should know where light switches, telephone, clothes for the baby are located, before the mother leaves.

Keep constant watch to guard had to make a discard. If he let go the queen of spades, Mrs. Smith's luck would be good. Hoping that his partner had something in clubs, East discarded the club three. Mrs. Smith then cashed the ace of clubs and the last two tricks were won in dummy with the king and seven-spot.

WE, THE WOMEN

BY RUTH MILLETT
NEA Staff Writer

No woman should blame her marriage for the fact that her life is dull if she is guilty of any of these things:

Trying to make herself over to please her husband instead of being herself.

Giving up all her own interests in order to share his interests.

Putting off doing the things that really interest her out of laziness, or the mistaken notion that she hasn't any time for herself.

Letting her house run her, so that life becomes nothing but routine and drudgery.

Incessantly day-dreaming of those carefree, "glamorous" days before marriage.

Living up her old friends, and failing to keep making new ones.

Living through her children instead of living for herself.

affairs in Columbus. She is the mother of four children, three sons and a daughter. Two of the boys are in college. Ed, the second oldest, won himself a scholarship at Harvard University.

Mrs. Smith is kept pretty busy directing games and teaching bridge. She does not get a chance to play in tournaments very often, but when she does, she gives a good account of herself.

In today's hand she executed a nice squeeze play to make her contract. The opening lead of the four of hearts was won by Mrs. Smith (South) with the queen. Next she led a small diamond to dummy's ace. Deciding to prepare for the squeeze, she led back the four of clubs. When East played the deuce, Mrs. Smith played the six-spot, letting West win the trick with the nine. West continued with another heart, which Mrs. Smith won with the king. She then proceeded to cash the third heart trick and the ace and king of spades. Then she ran off the diamonds, getting down to the jack of spades and the ace-king of clubs in her own and. Dummy was down to the king-seven-five of clubs.

Actress Has 'Cuss Fund' For Charity

By BOB THOMAS
HOLLYWOOD—(AP)—If Loretta Young has her way, Hollywood's language will be purer than driven snow.

The academy award-winning actress is sole proprietor of what she calls "the cuss fund." Anyone who swears within her hearing has to contribute to it. Proceeds go to St. Anne's home for unwed

mothers.

Loretta has special rates for the degrees of profanity. Here are the prices:

- 10 cents for hell and damn.
- 25 cents for taking the Lord's name in vain.
- \$5 for four-letter Anglo-Saxonisms and all others.

Loretta, a Roman Catholic who takes her religion seriously, lately decided there is entirely too much cussing in Hollywood.

She has kept a paper carton handy on her recent pictures. Every time someone on the set lets fly with language you wouldn't use in Sunday School, she collects. On some pictures, she has made a heavy haul. She complained mildly that her cur-

...to be profitable for St. Anne's.

The cuss fund gets to be a game on her sets. Director Lloyd Bacon once handed her a dollar and said, "That entitles me to 10 'damns'."

An above-the-set electrician once let a cuss word slip, and Loretta quickly looked up reprovingly. The floor tinkled with a rain of pennies.

Some actors are unprofitable for the fund. She said she never heard Robert Mitchum swear. Van Johnson was equally urbane.

Syracuse has played Western Conference opponents 19 times in football, winning seven contests and tying another.

Communist 'Peace Feelers' Said Prelude to Aggression

By DEWITT MACKENZIE
 AP Foreign Affairs Analyst

The Communist "peace feelers," launched a week ago through speeches by Red leaders in France and Italy, have had a lot of us worried.

It was obvious to close observers that the Bolsheviks wanted to lull us into a feeling of security so that they might carry out some new scheme.

Washington was quick to spot the nature of the scheme. However, there still remained the possibility that some Western nations might be foolish enough to flirt with danger because of their anxiety to get the world back to normal.

Therefore President Truman's ringing denunciation of communism in his inaugural address will ease many anxious minds. The United States, leader of the democracies, is going to battle communism to a finish.

That gives a clear picture of American attitude towards the greatest menace humanity ever has known.

The President condemned communism as a false philosophy which holds that war is inevitable—a philosophy that is endangering attempts to keep world peace. However, because of America's efforts, hundreds of millions of folk around the globe "agree with us that we need not have war."

These efforts, said the Chief Executive, must now be expanded to include a gigantic new program of foreign economic development aimed at wiping out misery throughout the world. Moreover, he called for a security pact with Western Europe and he promised U. S. military advice and equipment to non-Communist countries cooperating with American security plans.

So I think we may expect increasing coordination of effort among the democracies to halt Communist aggression. However, there is another aspect of the situation which mustn't be overlooked.

The strength of an alliance lies in the strength of its individual members. The democracy in which communism has secured a foothold not only is in danger but it represents a grave weakness in the alliance. It therefore is obvious that each member should proceed energetically to rid itself of communism at home.

That's easier said than done, but it can be done. On of the first requisites, of course, is to abandon false notions about the "rights" of subversive elements in the way of free speech and organization.

We all know by this time that communism establishes itself through the overthrow of the existing government. It is a cardinal tenet that this overthrow must be achieved by force and terrorism, so as to impress the general public with the nature of the change.

Obviously it is utter rot to argue that such a political philosophy has any rights whatsoever in any country. The rights of free speech and organization don't extend that far.

Half of Auburn's football coaching staff of six, including Head Coach Earl Brown, played football for Notre Dame.

Landowners Fight Naming Preserve

AUSTIN—(AP)—State acquisition of the Camp Swift site near Bastrop as a public hunting preserve awaited a personal investigation by the State Game Commission.

The investigation was promised a 24-man protest delegation from Bastrop County. In other action, the commission closed three other tracts for hunting preserves at landowners' requests.

Bower Crider, Bastrop attorney and spokesman for the protest delegation, said former owners of the Bastrop property want to buy their land back. They sold it to the federal government, he said, with the understanding they would have the first crack at buying it back when the Army was through with it.

"Everyone in the county is opposed to the Camp Swift project and they are going to use every legal means at their disposal to prevent the establishment of the project," Crider told the commission.

Clerk Takes Over State Fiscal Job

By DAVE CREAVENS
 AUSTIN—(AP)—Robert R. Calvert of Austin stepped up from chief clerk to chief of the Comptroller's Department, where he had served as one of the state's top fiscal experts since 1930.
 Gov. Benning H. Jester appointed him to succeed the late George H. Sheppard as comptroller of public accounts, noting that Sheppard had wanted his "long-time friend, trusted assistant and highly capable chief clerk" to succeed him.
 Jester said that was all the recommendation he needed for Calvert. It was also understood he had been endorsed by a big bloc of state senators, before whom the appointment will go Monday for confirmation.
 The comptroller is Texas' chief tax-collecting agent.
 It is a key post in the state's financial structure, involving the ticklish work of estimating future revenues and keeping track of current expenditures.
 Jester also announced he would appoint Associate Justice R. H. Harvey of the Texas State Court of Civil Appeals to succeed Associate Justice Gordon Simpson when Simpson retires from the Supreme Court March 1. Simpson will enter private practice at Dallas, becoming general counsel for the General American Oil Co.
 Elmer Lincoln of TexasKana will succeed Justice Harvey on

the Court of Civil Appeals. This leaves Jester with a vacancy to fill on the prison board, of which Lincoln has been a member.
 Calvert's appointment followed Sheppard's death Tuesday.
 "The office of comptroller is one of the most important in our state government," Jester said in announcing his decision.
 "Here we must have a man of absolute integrity who will conduct this office as a business office, which it is, rather than a political office, which it is not. There are many fine men in this state who could meet this exacting standard, but Mr. Calvert brings the added and valuable asset of experience in conducting the affairs of the comptroller's office as the right-hand man of the lamented and respected public servant, Mr. George Sheppard."
 Calvert was born near McGregor, McLennan County, in 1892. He attended public schools in Brownwood, and Howard Payne College. He worked for the Santa Fe Railroad at Brownwood and Sweetwater. He served a year

Rita's Coming Wedding May Have International Import

By DEWITT MACKENZIE
 AP Foreign Affairs Analyst
 Rita Hayworth's engagement to Prince Aly Khan, son of the famous Aga Khan, must take its place among international affairs of importance.
 The prince's august father isn't "just another" of those Oriental potentates whose fame rests solely on vast wealth. His Highness, the Aga Khan, is caliph—or spiritual ruler—of an important sect of Mohammedans. They total some 12 million and are found not only in India but in other parts of Asia and in Africa. He claims lineal descent from Fatima, daughter of Mohammed.

While the Aga Khan has no primacy, he wields vast influence as a religious leader. His son is heir apparent to this great caliphate. So we may take it that, if the cards read right, the attractive Hollywoodite one day will have the rare distinction of being the wife of a caliph.

This branch of Mohammedanism gives man, and especially a caliph, wide latitude. He may marry outside his faith, and more than once, provided his divorces are in order and his children brought up in the Mohammedan faith. Thus the fact that the already has a wife needn't be a matter of grave concern.

The Aga Khan himself has been married three times. He first married an Italian lady, who was the mother of Prince Aly. She died in 1928 and His Highness married a French girl. This marriage was dissolved and he married his present helpmeet, also French. The Prince in 1936 married the former Joan Yarde-Buller Guinness shortly after she and her husband had been divorced. The prince's marriage to Rita is contingent upon his divorce from his present wife, who is the mother of his two sons.

The elder of these boys is next in line to his father for succession to the caliphate. The second son under normal circumstances would be heir if anything happened to his brother and the latter had no son. Therefore any son born to the prince through another marriage would seem to have a slim chance of becoming caliph.

The Aga Khan is reputed to be one of the world's richest men, and his children and grandchildren could play at marbles with diamonds if they wanted to. We mustn't measure His Highness by that yardstick, though. He has done much for his people, and he long took a considerable part in Indian affairs. Among other things he is credited with exercising a moderating influence on the great Moslem League of India during the political turmoil preceding the granting of independence.

When the Aga Khan, who now is 72, celebrated his golden jubilee, his 250 pounds was weighed against gold which was presented to him. A decade later he was weighed against diamonds, and this was repeated, the value of the precious stones being paid him in money.
 However, what many people don't know is that His Highness is said to have given all this cash to his followers for welfare purposes. He also is reputed to have spent much of his other income in the interests of his people.

New President?

The likeliest prospect to be the first president of the new West German Republic is believed to be Konrad Adenauer. The 73-year-old resident of Bonn, Germany, is dean of the Christian Democrats.

King's Handiwork

This altar cloth, held by Carmen Ahlin, an employee of the Swedish consulate in New York, was embroidered by Sweden's King Gustav. The 90-year-old monarch made the cloth, known as an antependium, for the 75th anniversary of the Bethlehem Lutheran Church, Brooklyn, New York City, at the request of the church's pastor, Rev. Martin Luther Cornell.

Texas Today

BY DAVE CHEAVENS
AUSTIN (AP)—Worth S. Ray of Austin is an amateur historian whose hobby is following the dim trails of the little people—the unsung farmers and merchants—among Texas pioneers. Straining his eyes to read the faded records in dusty books and tearing his pants on briars in abandoned cemeteries to make our eroded tombstone inscriptions, Ray has filled in some big gaps in his new book, "Austin Colony Pioneers," privately printed here. He started with the names of the original 300 Austin colony pioneers who settled early in the 1800s in Bastrop, Fayette, Grimes, Montgomery and Washington counties. Ray's book tells what happened to them, especially the individuals whose names failed to rate notice by what he calls the "Big History Books." In his own words, Ray "drags forth skeletons in the closets, stories of human interests and exciting experiences... of love under the Live Oaks at Old Independence; of strutting bridegrooms married in Santa Anna's old broadsword vest; of Old Webberville, the first hot spot on the banks of the Colorado whose wild denizens broke for cover when Aaron Burleson stalked down Main Street." There was four-year-old Mary Ann Alcorn, for instance, daughter of Elijah who spelled it "Eligah."

She arrived with her father, mother and brothers on the banks of the Brazos south of the Brazos where Washington-on-the-Brazos was built. It was the last day of the year 1821, antedating the formal establishment of Austin's colony, but the Alcorn-McNeese Boatright party were among the first Anglo-American ground-breakers in Texas. As Ray puts it: "Young Stephen F. Austin only a few days before at the little Mexican town of Narogoches had told them that somewhere in between the Brazos and Colorado Rivers good homesites and productive lands lay ready for the occupancy of settlers."

Ray, who makes his living as editor and publisher of the Texas Supreme Court Reporter, goes on to tell what happened to the Alcorns, the McNeeses and the Boatrights. Mary Ann married Parrott W. McNeese, son of John in 1839. Parrott became sheriff of Washington County and died in 1885 at Brenham, five years after Mary Ann's death. The book's 378 offset-printed pages are packed with such family trivia sharpened hundreds of times with spicier items gleaned from the old newspapers, county records and locally-written histories.

From Noah Smithwick's "Evolution of a State" he relays the story of Capt. James B. (Britt) Bailey, a squatter who refused to be evicted from the Austin lands and a rebellious soul who declined to be buried lying down. When Britt was in his last illness, he is quoted as having told his wife: "I have never stooped to any man, and when I am in my grave I don't want it said, 'there lies old Britt Bailey.' Bury me as the world must say there STANDS Britt Bailey, and bury me with my face to the setting sun. I have all my life been traveling westward and I want to face that way when I die."

And so, Ray relates, they had a hole dug like a well and they lowered the coffin feet first so that Old Britt would be facing the setting sun in his last resting place. Then there is the story of Wayne Barton who felt he was being crowded when settlers moved within a dozen miles of him, and who moved into the vicinity of what is now Austin. Famed Barton Springs, the story goes, was named for him. His son Wayne—a son-in-law of General Burleson, the former vice president of the Texas Republic—died in early-day feuding. In this category is the numerous Black family, original settlers of Grimes County which was hewed from Washington County. Ray lists the 13 children of Gavin Bingley Black who married Margaret Anna Moore. One of their children was Tom C. B. Black who moved to Hill County and whose son is Charles L. Black of Austin, one of Texas' top lawyers.

In My Father's House are Many Mansions; If I Were Not so I would Have Told You, I Go to Prepare a Place for You, And If I Go and Prepare a Place for You, I Will Come Again, and Receive You Unto Myself. BEYOND THE VEIL. Velled from our sight, withheld from our embraces, Wrapped in the silence which we dare not break, Yet in our hearts we will see well loved faces, And feel their presence near when we awake. Closer perchance than those who walk beside us, Who greet us face to face, and hand in hand, Given perchance, a power to shield our unseen guardians from the unknown land.

Britain Has the Folies, Too

Paris isn't the only city that has a Folies Bergere, with a chorus line of scantily-clad beauties. There's a Folies in London, and these girls are trying out for the chorus. The audition was held in London theater.

Truman's 'Middle' Income Bracket Less Than \$6,000

WASHINGTON — (AP)—Most people must have been left calm when President Truman talked of raising income taxes. That's because most people who pay personal income taxes wouldn't be touched by the kind of tax raise he mentioned. He asked Congress this month to raise taxes on corporations and consider raising them on people in the middle and upper income groups. And at a White House news conference he was asked what he meant when he spoke of "middle" income people. He said the Treasury Department defines the "middle" people as those starting at \$6,000 and going up to \$25,000 and \$30,000 a year.

The Federal Reserve Board seems to have the latest collection, so take a look at them. The board's figures are for the income of "families" in 1947. And it defines a family as "all related persons living in one household."

The board's figures — for 42 million families in 1947 — show that only 14 percent of them — or 5,880,000 families — had incomes over \$6,000. The other 86 percent — or 36,120,000 families out of 42 million

Leaves From a Correspondent's Life Note Book

By HAL BOYLE
NEW YORK — Howdy, stranger. Like our town? Sure I'll be glad to tell you something about it. Sit down and rest your feet. Well, sir, it's small as towns go — only 12 1/2 acres. But there's only 54 cities in the U. S. A. with more than our 160,000 population. We do count our daily visitors in that figure, but the Chamber of Commerce in your town probably does, too. Of course, your town may not average 128,000 visitors a day. Guess does.

Yep, there are only fifteen buildings. But you just tell me where you can find fifteen anywhere like 'em — and I'll eat 'em. Cost \$74 million, they did.

Our town pays \$3 million real estate taxes. And we fork out \$8,500,000 rent every year to help keep your neighbor " Ike " Eisenhower's seminar running up there in the suburbs. Yes, that's right — Columbia University owns the ground.

What else have we got? Stranger, we got all you want. You can buy anything here from a canary to Jack Benny. Oh, no, I'm wrong there. Jack Benny was bought out of here the other day. Well, sir, we got 20 foreign consulates here, two radio networks, 12 airlines, 36 travel bureaus and 20 railroad offices — almost. You can get a passport here, a permanent wave, have your eyeglasses repaired, your teeth filled or your finger bandaged. We even got a drugstore that still sells aspirin tablets. But we don't have a motel or a jail.

Do we have culture? Why our town's crawling with culture. We got an outdoor ice and roller skating rink. We got the largest indoor movie parlor in the world — seats 6,200. And it doesn't show double features either.

I tell you, stranger, there never was a town like ours. Sometimes I almost wish I lived in it. We got the fastest moving stairway in the world — 125 feet a minute. We got the largest chandelier in the world — weighs six tons and has 990 bulbs, all electric.

Now wait a minute, stranger. I know you're beginning to think "In the world's largest outdoor liar. But I ain't."

Who's the big family in our town, stranger? We-e-l-l, we got a lot of big families here. But I guess you might say the Rockefeller's are the biggest. In fact we named our town after them — Rockefeller Center. They own it — pretty much.

One thing about the whole family, stranger. They got a dern fine sense of propriety. And the whole thing started from 1500. Some time ago, that was.

Wallace Refuses to Answer Reporter on His Future

By JAMES MARLOW
WASHINGTON — (AP)—Thursday would have been a great day for Henry Wallace — remember him? If things had been different. It would have been his inauguration day, if he had won when he ran for president last November.

But he lost. And the man he tried so hard to crush, Harry S. Truman, took the presidential oath instead. Wallace more than lost. He was drowned in a shattering defeat. And since then he has been unusually quiet.

I wondered what had happened to him, so I called him at his farm in Westchester County, N. Y. I had a long list of questions to ask him but he said, "I'm not giving interviews."

I told him I'd like an answer to a couple of questions and I asked him if he intended to stay in politics. "Sure," he said.

I asked him if he felt disappointed about the small vote he got in this election and he said, "I'm not giving interviews."

I asked him if he thought the Progressive Party, which ran him for president, would stay in business.

"And he said "it's needed now more than ever." And then he said he wasn't giving interviews, and that was the end of it.

I thought his voice sounded strained when he spoke, but I can't be sure of that. I'd still like to know what future Wallace thinks there is for him or his party.

He got 1,156,000 votes out of the 48,650,000 votes cast last November.

Professional politicians, with no sympathy for Wallace, thought before the election he might get at least 5 million votes.

The smallness of the Wallace vote surprised everyone and must

thing is sure: If Wallace had been able to pull 5 million votes from Mr. Truman, Wallace wouldn't have won, but neither would Mr. Truman, and Governor Dewey would have taken the presidential oath.

Mr. Truman fired Wallace from the cabinet for making a Madison Square Garden speech attacking this country's foreign policy.

Gradually, then, Wallace became Mr. Truman's severest critic and finally ran for the presidency hoping to defeat him.

At this moment Wallace seems further out in left field than he ever was before after his big climaxes. Where can he go now? What can he do? He is not getting younger. He's 60.

If the election blow did any damage to his spirit, he's keeping it to himself, so far. But he won't starve. He has money.

Eight of the twelve players on the Villanova College basketball squad are from Philadelphia, all four of the others from nearby New Jersey.

The banana "free" actually is a gigantic herb, according to the Encyclopedia Britannica.
