Congress in High Gear; Truman Ready to Celebrate Most of State Is Covered With Ice

Two Bills Ready for HST Approval

WASHINGTON—(AP)—The 81st Congress rolls along in high gear today, with two bills already on the President's desk and Mr. Truman's first major nomination ready for Senate approval.

From here on in, Congressional leaders said, it will be work and more work for the two-week-old Congress, except for a short rest for this week's inauguration ceremonies.

The first two bills to reach Mr. Truman hurried through the House yesterday, having been passed earlier by the Senate. One of them will boost the pay of the President, vice president and speaker of the House. The other gives federal workers in the Washington area a four-day-inauguration weekend.

Their swift approval by Mr. Truman was considered a foregone conclusion. The pay raise bill must become law before Thursday, inauguration day, to apply to officials whose terms start that day.

A third bill affecting the inauguration also whizzed through the House, but it still needs Senate approval, expected today. It exempts from federal taxes the admission tickets being sold for various inaugural events.

Passage of these deadlined measures cleared the immediate House calendar, leaving only formal approval of Democratic and Republican committee assignments in advance.

The President's nomination of Dean Acheson as new secretary of state promised to keep the Senate busy most of the day, but there was no doubt of the outcome. The Foreign Relations Committee last week approved Acheson unanimously. The former undersecretary of state succeeds the retiring Gen. George C. Marshall.

Most House Republicans went along with Democrats in giving voice-over approval to the (See BILLS, Page 10)

Course Open At Hospital

All volunteers serving in hospitals have been invited to attend an orientation course at the Amarillo Veterans' Hospital Monday, Mrs. M. F. Roache, VS chairman of the Pampa Chapter of the American Red Cross, said yesterday.

The first course will be held from 10 a. m. until noon and will reconvene at 1:30 p. m. and continue until completed. The second course will begin at 6:30 p. m. Both sessions will be held in the hospital theater.

It is required that only those volunteers attend who are working on schedule who have not had the course in past years. However, the invitation is being extended to all volunteers who serve in any capacity in a hospital.

The VA staff believes such a course will be valuable to any volunteer in familiarizing him with the overall activities of the hospital, the policies and procedures of VA, and in getting to know the present VA staff at the hospital. For those who have had the course previously, it will be a refresher.

Oil Production Shows Decline

AUSTIN—(AP)—If advance nominations mean anything, Texas crude production can be expected to decline again next month.

Operators in Texas fields have placed estimates of February requirements at 2,786,288 barrels daily, a decrease of 100,946 barrels as compared with their January nominations.

A month ago January's nominations by the operators dropped 74,683 barrels below December and the Railroad Commission followed by slashing 280,985 barrels daily off the January crude production allowable.

WE SAW ...

Sheriff G. H. "Skinner" Kyle proudly showing the December issue of the Sheriff's Association Magazine around the Courthouse yesterday afternoon. "Skinner" had a good reason, too. On the front cover of the mag was a picture of himself holding his only grandson, Larry Bowerman.

VOL. 47—NO. 211 (10 Pages) PAMPA, TEXAS, TUESDAY, JANUARY 18, 1949 Weekdays 5 Cents Sundays 10 Cents AP Leased Wire

TRUMAN AND HIS CABINET—President Truman poses at the White House in Washington with members of his cabinet. Seated, left to right, are Charles E. Forrester, secretary of defense; President Truman; Alben W. Barkley, vice president elect, and John Snyder, secretary of treasury. Standing, left to right, are Charles Sawyer, secretary of commerce; Robert Lovett, acting secretary of state; J. A. Krug, secretary of interior; Tom Clark, attorney general; Charles F. Brannan, secretary of agriculture; Maurice Tobin, secretary of labor, and Jesse M. Donaldson, postmaster general.

Bevin Refuses to Discuss Delicate Palestine Matter

LONDON—(AP)—Foreign Secretary Ernest Bevin refused today to discuss the delicate Palestine question in Parliament for fear of endangering success of the Jewish-Egyptian peace talks at Riga.

Facing critics who demanded a full statement on Britain's role in the Middle East situation, Bevin told the House of Commons:

"I am sure the House will agree with me that any discussion on these problems regarding Palestine and the Middle East may have a disturbing effect."

Winston Churchill was expected to challenge Britain's Palestine policy when Parliament reconvened today after a month's holiday.

The wartime prime minister is reported to have given notice he would ask Bevin for a statement on the Holy Land.

The hefty union leader turned diplomat has been the butt of a rising storm of criticism because of the Middle East maneuvers of his department.

He has been accused of risking war, flouting the United Nations, and endangering U. S.-British friendship, giving Russia a wedge to enter the Eastern Mediterranean and making an enemy of a potential ally in the Middle East—Israel.

Clement Davies, leader of the small Liberal Party, also has given notice he would ask Bevin today to give assurances British forces will not be ordered to engage in military operations in the Middle East.

The questions already posed by MP's for this week include such subjects as:

1. RAF flights over embattled troops in the Egyptian-Palestine border area which resulted in the loss of five British planes 11 days ago.
2. The movement of British troops to the Trans-Jordan port of Aqaba, near the southern tip of the Holy Land.
3. Britain's charge Israel got arms from Czechoslovakia.

Churchill's question was not made public in specific terms. Davies' question asked why British troops were sent to Aqaba and whether the prior consent of the Security Council was obtained.

The House of Lords, which also reconvenes today, has a foreign policy debate set for tomorrow in which the Middle East issue is sure to be raised.

The revolt in Bevin's own party is due to come to a head tomorrow at a meeting of Labor members of Parliament.

Bevin is due to be backed up by Prime Minister Clement Attlee but Labor Party sources said yesterday at least three cabinet members were against Bevin's policy.

Board Names New Officers

Twelve members and associate members of the Pampa Real Estate Board attended a luncheon meeting at the Court House Cafeteria yesterday for the installation of 1949 officers.

John Bradley succeeded J. Wade Duncan as president. John Ketter followed Bradley as first vice president and Clarence Arnold was reinstated secretary-treasurer.

The Pampa group is starting its second year of operation. After being inactive during the first part of the winter, the group has decided to meet every second and fourth Monday of each month at the banquet room of the Court House Cafe.

Next Monday a special speaker will address the board on loans. Members have been urged to bring prospective members to the meeting, Bradley said.

Arnold read a letter from the executive secretary of the national organization urging expanded activities for the Pampa board. There were 21 registered members of the local board during 1948.

Duncan suggested former members of the board be sent letters, giving them a chance to become active in the 1949 activities. New membership cards and decontrol of CPA in Pampa were discussed following the luncheon.

Father Charged With Burning Son

TEXARKANA—(AP)—A 29-year-old Texarkana man Monday was charged with disfiguring his 7-year-old stepson by burning the boy with lit cigarettes and matches.

The charge against Eugene Stevenson is a felony, the third of its kind ever filed in Texas, Hutchinson said.

The boy is under treatment for third-degree burns.

Stevenson, in a signed statement, made in the presence of a newspaper reporter, told officers he burned the boy because he refused to obey.

For printing see Rusty Ward, Texas Printing Co., 213 N. Ward.

Weather in Dallas Includes Everything But Midnight Sun

DALLAS—(AP)—Along the weather line, Dallas had everything except a midnight sun last night.

It rained, it sleeted, it hailed, it snowed and there were lightning and thunder.

And that's not all... the moon blinked occasionally through the clouds.

Brownies Aid In March of Dimes Drive

Eleven members of Brownie Troop 1 met at the Girl Scout office in the City Hall yesterday afternoon to help in the drive for the county's March of Dimes drive against polio.

Other troops met at Woodrow Wilson and Horace Mann schools to help seal and stamp the 3,500 contribution cards being mailed to city residents.

The cards have pockets for dimes and currency contributions to the annual campaign for funds to fight infantile paralysis.

According to a recent Associated Press dispatch, the 1948 polio epidemic was the worst ever recorded in Texas.

Edward S. Stewart, state chairman of the drive, said that Texas cases totalled 1,780, placing the state third in the nation in the number of victims.

He said that after state March of Dimes funds were exhausted in caring for victims, the National Foundation advanced about \$500,000 to Texas.

Boy Scouts of Troop 16 reported signs on parking meters around the downtown area last night where they had blown down.

Parking meters are being used this year as collection boxes for dime contributions. A dime in the meter will not give any parking time, but all dimes collected this week and next week will go toward meeting the county's goal of 100,000 dimes.

The Police Department has warned all motorists to be sure to turn the meter handle after depositing their dimes, otherwise the meter will jam.

Liquor Law Critics Talk Prohibition

AUSTIN—(AP)—Liquor opponents yesterday threatened to bring back prohibition if liberalization of liquor laws is attempted in the 51st Legislature.

And a state representative said he is prepared to ask a legislative investigation of the liquor control situation if a self-investigation by the Texas Liquor Board does not satisfy him. Gov. Beauford H. Jester and Rep. J. Blake Timmons of Amarillo asked the board to investigate.

Dr. Walter H. McKenzie of Dallas said the United Texas Drys would fight a bill which reportedly will seek to legalize sale of liquor by the drink. He is executive secretary of the group.

Mrs. Claude de Van Watts of Austin promised the Women's Christian Temperance Union will have a lobby on hand to find out how legislators vote on the issue of liquor by the drink. She is WCTU state president.

Dr. McKenzie said the proposed liberalization of the liquor law might be "boomerang" to the liquor interests. He said it would call for an immediate and aggressive demand for a statewide referendum on the prohibition of sale of all liquors.

Said Mrs. Watts: "For months we have been informed of this." (See LIQUOR, Page 10)

Inaugural Is Moved Inside

AUSTIN—(AP)—Predicted nasty weather failed to materialize, but thousands of Texans who had hoped to witness Gov. Beauford H. Jester's second inaugural were still out in the cold today.

The parade was called off and the outdoor speechmaking was cancelled yesterday when the Weather Bureau forecast a freezing drizzle for today.

Inaugural day dawned cold and clear. Ice was melting and roads becoming passable at mid-morning, but it was too late to change plans to hold the ceremonies in the hall of the House of Representatives.

The House and Senate were called into joint session for the ceremonial.

Because there were so many invited guests there were seats for no more than 200 of the general public in the hall of the House of Representatives.

"It's probably better for Texas to have a massing of rain over the state than a massing of people at the inauguration," was the Governor's comment on this situation.

A joint House-Senate committee abandoned plans for the outdoor show in front of the Capitol after the Weather Bureau's gloomy forecast.

Then the parade idea was dropped after Army officials informed Adjutant General K. L. Berry that road conditions were too hazardous to move units into Austin. Plans to bring the Hardin-Simmons University Cowboy band here as the official inaugural band were cancelled for the same reason.

Indoor festivities—parties and balls—will go ahead as planned. (See INAUGURAL, Page 10)

Most of State Is Covered With Ice

Mother Nature couldn't seem to make up her mind this morning what the weather for today should be.

In Pampa the mercury climbed from a low last night of 13 to above freezing this morning, and almost two inches and a half of snow fell from about 4 a. m. to mid-morning before the skies cleared and the sun came out.

Amarillo reported an inch of snow, but the skies were clear and the sun was brightly shining while it was still snowing in Pampa.

Canadian reported an inch of snow, Berger had a half-inch, and Clarendon gave a depth of from two to three inches.

All highways in the Panhandle were slick and hazardous but no serious accidents were reported in the Pampa area this morning.

According to the Associated Press dispatch, two-thirds of the state was sheathed in ice and snow this morning after a night of many kinds of weather.

From Dallas westward, the night lay under a mantle of snow, ranging in depth from a trace in the Dallas area to more than four inches around and into Central and South Texas as far as San Antonio and Bryan there was freezing rain. In the Rio Grande valley and along the coast conditions were foggy.

Transportation was hit hardest. Highways remained open in all sections, but they were slippery from snow, sleet and freezing drizzles. Many accidents were reported.

At least six deaths were blamed on slippery highways and streets.

The Dallas-Fort Worth area has had just about everything the elements could offer. It rained, it sleeted, it hailed, it snowed and there was lightning and thunder. All this was climaxed by the

The delegation will make its first stop in Pampa at noon tomorrow to lunch with the Rotary Club. The City Commission postponed its weekly meeting until tomorrow so members may attend the luncheon and greet the caravan. County and Chamber of Commerce officials also will be present at the luncheon.

Also attending the luncheon will be Guy Lott, representing the Texas State Highway Association, a Higgins delegation headed by Roy Sansing, a Canadian delegation headed by Tom Abraham, president of the Canadian Chamber of Commerce of Miami group headed by Judge Woodley Pond, a group from White Deer headed by Lions Club President Eugene Howe, and a Panhandle delegation headed by the Rev. James Todd.

The caravan will stop at Clovis, N. M., tomorrow night after attending an evening banquet. (See CARAVAN, Page 10)

Caravan to Begin Trip Tomorrow

The caravan to Los Angeles on U. S. Highway 60 will begin tomorrow at Enid, Okla., Harry O. Glasser, chairman of Highway 60 Association, told Chamber of Commerce Monday.

Precipitation moderate with occasional rain Friday.

Nationalist North China Falling Apart

NANKING—(AP)—Nationalist North China was falling apart today, and foreign diplomats expected momentarily to be notified that the Nanking government was being dispersed for safety reasons.

An order to this effect, an authoritative Foreign Office source said, is being prepared. But, he added, that does not mean Nanking is being abandoned as the capital. It will remain as such as long as President Chiang Kai-shek stays here.

Neither, he said, will the Chinese Foreign Office ask foreign diplomats to pull out of the potential battleground. Instead, they will be told that the Chinese government no longer can be responsible for the safety of those who choose to remain. (See NATIONALISTS, Page 10)

Pampan Picked Up On Charge of AWOL

Eddie J. White, Pampa, a private in the U. S. Army, was nabbed last night in the Empire Cafe by Sheriff G. H. "Skinner" Kyle and held for Army authorities for being AWOL.

White has been absent without leave from Fort Jackson, South Carolina, since November, 1948. He entered the Army in October, 1948.

Army authorities were being notified today of White's capture by the Sheriff's Department.

Arndt to Direct Phase of Drive

Jim Arndt, past president of the Junior Chamber of Commerce, has been named to head the Pampa solicitation phase of the annual Adobe Walls Area Council's drive for funds. L. N. Atchison, general finance chairman, said this morning.

The Pampa solicitation division of the campaign will have approximately 1,000 volunteer workers who will see about 800 prospects during Boy Scout Week, Feb. 6-12.

Arndt was a member of the first Boy Scout troop in Pampa.

The present membership in the Adobe Walls Area Council is 2,335 boys as compared with 1,300 five years ago. During the past year there has been a 5.5 percent increase in the council's Scouts.

"A special effort will be made in the coming campaign to increase the number of individuals contributing so more citizens of Pampa may have the opportunity to share in the furtherance of the Boy Scout program," Atchison said.

THE WEATHER

U. S. Weather Bureau
WEST TEXAS: Partly cloudy, warmer this afternoon. Not much change in temperature tonight. Aides Wednesday afternoon. Lowest temperatures 20-28 except near the Rio Grande area tonight.
OKLAHOMA: Cloudy with sleet or freezing rain east and south. Freezing rain east and south tonight and light snow and turning much colder northeast with cold wave by Wednesday morning. Snow Wednesday changing to snow flurries and sleet tonight. High today 20-22, lows tonight 5-10 northwest, 32 southeast.

AT 90, SHE WEDS COLORED CHAUFFEUR—Mrs. Adriana Nicholson of Los Angeles, Calif., confined to a wheelchair, is married now to her Negro chauffeur, Allan Lee Gustard Woods, 28, after three judges and a minister refused to marry them. A Negro minister finally performed the ceremony after Mrs. Nicholson explained: "This is a contract rather than a romance. I want to be sure my property goes to this kind man, who has saved my life three times."

Petitioners Seek New Liquor Law

HOUSTON —(AP)— More than 18,000 signatures have been obtained on about 900 petitions asking legalization of liquor by the drink sales in Texas and the extension of present curfew on sale of alcoholic beverages, Ernie Taylor, executive secretary of the Texas Retail Beverage Association, said.

In addition to the liquor by the drink and curfew change, the association will also advocate legislative approval for the stabilization of the price of beer. Taylor said. "This latter bill is being prepared and will set a minimum price for beer sold on the retail market," he added. "The minimum price has not yet been determined."

R. E. Stuart, president of the association, said that the bills calling for liquor by the drink sales and changing the present curfew from midnight to 2 a.m. on weekdays and to 3 a.m. Saturday nights have already been prepared and have strong backing by some legislators.

Stuart said there are about 25,000 retail beverage license holders in the state. The association, with headquarters here, maintains offices in San Antonio, Dallas, Corpus Christi and Beaumont.

Test Suit Filed In Mississippi

JACKSON, Miss. —(AP)— Gulf Refining Company has filed the first suit to test an order of Mississippi's new Oil and Gas Board.

The suit, filed in Hinds County Circuit Court Friday, contests a board ruling that the firm overproduced from a well in the Gwinnville field of Jeff Davis County. The board ruled the company must make up the overproduction to other producers in that field within the next 18 months.

The oil allowable production figure for the field was set by the old ex-officio state board. The present board has set allowables for gas only but has ruled that oil allowables set by its predecessor must be followed by producers.

WARREN'S WARM UP

By Warren Messer—News Sports Editor

QUESTION: Who is known as the "Father of Modern Baseball?"

GLOVES: The district Golden Gloves meet got off to a fast start last night with lots of entrants from the various towns in the district. There was plenty of fine fighting and good sportsmanship in the evening packed with fighting leather.

A goodly number of entrants showed up from Clarendon and on Lafors, plus some boys from Leans and from Shamrock. More will be in action tonight, and the second night's action will be underway. Probably the finest fight of the entire evening was put on by Paul Tollison and Travis Mullinax. Tollison, from Pampa, had an upset win over Wittich in the All-City tournament, and he very nearly scored another win against the rangy lad from Shamrock. Both boys stood toe to toe through the three rounds, and the decision went to Mullinax, was a close fight all the way. In Bill Windsor nearly scored either of his quick knockouts, but he caught Ray Dean Brown in an opening punch. Brown had a good fight, but Windsor had too much on the ball and came bounding into the ring with a leap over the ropes, which he says he practiced for weeks before he got it perfected. It would be too bad if he should catch his toe on the strand. Several fine exhibition bouts were put on, though the winners did not believe any entrants were found for the 147-pound division, Gene Cooper's class. Under why????

NEWS: Alexander J. Cartwright, Jr., is known as the "Father of Modern Baseball." He established nine innings as a game and set the bases 90 feet apart.

NOTES AND DASHES: Bob Edens, Northwestern University ball coach who barred West at Scripps from the eWildcats ball drills, was denied admittance to the Santa Anita press

Golden Gloves Meet Off to Fast Start

The district Golden Gloves got off to a roaring start last night with 12 thrill packed bouts, four of them being light-weight exhibitions. And one of the exhibitions was a terrific battle from left to right. More action will be in store for the local fight fans at 8 tonight, when the second night of action gets underway at the Sportatorium ring.

Many entrants will be fighting their first fights tonight. There are plenty of fighters to insure a fine card for both of the remaining nights. Tickets for the bouts are still on sale at the Pampa Furniture and for those who are unable to attend the fights will again be broadcast over KPDM by Ken Palmer and Carl Livingston at 9 p.m.

School Division

Ray-Blackshier
112-POUND CLASS—Donnie Ray, defending champion from Shamrock, felt his way around the ring for the first part of the round against his opponent from Pampa, Avin Blackshier. But Ray dropped the McLean boy for a 4 count, again for 8 and once again for 8, when Blackshier was saved by the bell. Ray won the fight on a TKO when Blackshier was unable to appear for the bell at the start of round two.

Landrum-Bain

118-POUND CLASS—Joe Landrum, Shamrock, started off with a rush against Buster Bain of Clarendon, flooring the Clarendon youth four times, for counts of 3, 6, 4 and the last time the referee stopped the fight and awarded the victory to Landrum after 1 minute and 20 seconds of the first round.

Windsor-Brown

154-POUND CLASS—Jim Bill Windsor, Pampa, started off with a bang against Ray Dean Brown of Clarendon, flooring the Clarendon boy with a hard right immediately after the opening bell. Brown was a game and tough boy, absorbing an awful beating, but refusing to go down. But he was so badly beaten that his handler wouldn't let him come out for round two, Windsor winning by a TKO in the second round.

Tollison-Mullinax

125-POUND CLASS—Paul Tollison, Pampa youth, who has been more or less the sensation of the last two weeks of fighting, very nearly boxed the upper part of the night, when he gave Travis Mullinax, Clarendon fighter, a tough time for three fast and furious rounds of action. The boys stood toe to toe and slugged through the entire six minutes of fighting, in what was probably the best and the closest fight of the night. Both boys threw long haymakers which very frequently connected with their target, and both of them missed shots, too. This fight really had the crowd of 1400 on the edge of their seats, screaming and yelling. The decision in this fight of the night went to Mullinax.

Vineyard-Roberts

135-POUND CLASS—John Vineyard, a fine lefty from McLean and Jumbo Roberts, Pampa youth, bobbed and weaved their way through three rounds of paratively slow action after the preceding fight. John had a long looping left that Roberts kept ducking under. Vineyard finally caught up with Roberts in the third round, and landed several solid blows when he got Jumbo on the ropes. The decision went to the McLean boy, Vineyard.

Keith-Bradford

138-POUND CLASS—In another hard fought battle in the 135-pound class: Rex Bradford, Clarendon, and Wesley Kieth, Pampa, slugged their way through three rounds, in one of the finest fights of the evening. Both boys displayed fine boxing ability, with Kieth fighting on the order of Arturo Godoy, hanging close to the floor, making himself a hard target to hit. Bradford was the taller and consequently Kieth had to take blows to give them. Bradford kept his left continually in Kieth's face and at the final

Hinkley-Bowers

147-POUND CLASS—Two Pampa youths, Bob Hinkley and James Bowers met in a fast fight, which saw the longer reaching Bowers hold the advantage most of the way. He landed several hard rights which sent Hinkley down once for a seven count. Bowers showed much improvement over his earlier fight in the All-City meet, being much more relaxed and sure of himself. The decision went to James Bowers.

Turnbow-Risenhoover

160-POUND CLASS—Glen Turnbow, Lafors, and Rocky Risenhoover of Clarendon fought for the right to meet Francis Hunt in this weight, and quite a fight it was. Rocky has a fast left which shook Turnbow up early in the fights. He landed a triphammer left followed by a hard right which made Turnbow helpless late in the first round, and he kept that left constantly in Glen's face throughout the fight, to gain the decision.

Exhibitions

Cooper-Blasingame

86-POUND CLASS—In the first fight of the night, Billy Ed Cooper of Pampa, won his second fight in two weeks when he bested Tommy Blasingame in a very close fight all the way. Tommy ought to be a counter-punching game fighter and was constantly beating Cooper to the punch. Cooper landed several hard rights, which earned him the decision.

Edens-Gaffney

96-POUND CLASS—Benny Edens, Clarendon, and Sammy Gaffney, Pampa, fought two light boys, battle through three fast rounds of action in which neither boy got hurt much, although Edens' fast left lead was constantly landing on the nose of Gaffney. Gaffney on the nose of the latter part of each round, and won the close decision.

Wilhelm-Barnett

100-POUND CLASS—In another very fine fight, probably one of the finest of the night, Bob Wilhelm, 12-year-old Pampa boy, earned a hard-fought decision over Bob Barnett, 16-year-old Pampa youth. The boys started mixing it right after the first bell, and they never stopped until the final one. Wilhelm had the longer reach and more strength, but young Wilhelm had a fighting heart and wouldn't give up. He floored Barnett for a 3 count in the second round, and both boys gave all they had all the way to the finish. The decision went to Bob Wilhelm.

Goddard-McPherson

95-POUND CLASS—Kelly Goddard and Waymon McPherson fought in the final exhibition fight of the evening, a no decision affair. It was another fast and furious fight, with both boys slugging it out all of the way down the line. Neither boy was able to connect solidly, but they both threw as much leather at each other as was thrown in any fight of the evening. No decision was handed out.

The referees for the night's action were Ham Luna, Pampa, and J. C. Oakley of Amarillo. Judges were Carl Brown and Ed Anderson. Jim Arndt counted for the knockdowns and was time-keeper.

Study Reports of Cherry Leaving

AUSTIN—(AP)—University of Texas officials were expected today to study reports that professional football teams are seeking the services of head coach Blair Cherry.

Dudley K. Woodward, Dallas, chairman of the Board of Regents, was scheduled to meet with members of the board's athletic committee and the University Athletic Council.

A University official yesterday said it was understood the groups would study the entire intercollegiate athletic picture, including Cherry's position as head coach.

There were unconfirmed reports Cherry has received at least one definite offer from either the Chicago Cardinals or the Washington Redskins, both of the National Professional Football League.

Last week Cherry confirmed he has had conversations with officials of two professional teams but declined to identify the teams. No official action is expected to be taken by the University groups today but recommendations may be drafted for presentation

Arkansas Drops Frogs, 41-36

By The Associated Press
Baylor's Bears, undefeated in Southwest Conference basketball, today came up against what is considered the biggest barrier in their path to a second straight championship—University of Texas Longhorns.

The game is an afternoon affair at Austin.

Last night the Arkansas Razorbacks sounded a warning to conference teams, dumping Texas Christian University, 41-36, for their second conference victory in three starts.

Arkansas tied the score, 36-all, with four minutes left to play, then jumped ahead on a layup shot by Jim Cathcart. Bob Ambler sank another goal a minute later and John Campbell sank a free throw for the final Arkansas point.

The defeat was the fourth in five conference games for the Frogs. Julius Dolnic of Texas Christian and Ambler tied for high point honors with 12 each. Arkansas is now tied with Texas and Rice for second place.

Harvesters Go After Number 15 Against Hollis Tonight

The Pampa Harvesters will go in search of their 15th straight victory tonight at the Junior High Gymnasium when they tangle with the Hollis, Oklahoma, High School five. The Harvesters already hold two wins over Hollis, but neither by run-away scores, they downed the Tigers early in the season at Hollis, 41-34. Then they again met in the finals of the Childress Tournament, and the Harvesters eked out a 44-43 win.

Hollis has a comparatively small team, but they are fast, scrappy and have some fine sharpshooters on the team. W. F. Luker has been their scoring star so far this season, aided by Wendall Whitman at center. The rest of the starting lineup will most likely be Jodie Hollis, Fred Groves and Tom Gilentine. The Harvesters will open with the same team that has led the way through the long victory string. Gallemore and Bond will start at forwards, Davis at center, and Douglas and Howard at the guards.

Attempts are being made to re-schedule the game with Stratford, which was postponed last week due to the blizzard. There is a possibility that it may be played this weekend, Saturday. Stratford holds the only decision that went against the locals this season so far, a 35-33 win in the opening game of the year for the Green and Gold. And they are definitely out to avenge that loss. But they will have no easy time in doing so, as Stratford has swept through several tournaments, defeating AA teams to do so.

On Friday night of this week, the Brownfield Cubs will come to town in the next district game for the locals. The Cubs edged Plainview last Friday night in a game that went into overtime to get a winner.

Meyer Speaks at McLean Banquet

McLEAN—(Special)—The annual banquet to honor members of the 1948 McLean High School football squad will be held tonight beginning at 8 o'clock in the American Legion Hall, under the sponsorship of the McLean Quarterback Club.

L. R. (Dutch) Meyer, popular long-time coach of the Texas Christian University Horned Frogs, will make an address climaxing the evening of entertainment. Meyer plans to show films of the TCU-University of Texas football game following his talk.

To be presented are the two awards, one to the outstanding lineman and one to the outstanding backfield man, given annually by the McLean News. The awards will be presented to the two winners by Lester Campbell, editor of The News.

Coach Al Duncan also plans to award jackets to the lettermen, providing the jackets arrive in time for the banquet.

Toastmaster for the banquet will be Rev. Clayton Day, new pastor of the First Baptist Church. Rev. Day, according to reports, is an avid football fan and aided in coaching the team at Deavers where he was pastor of the church there.

A quartet composed of Bill Day, E. J. Windsor, Jr., Bill Miller, and Hayden Bodenhamer, will sing as will a sextet of high school girls.

Lester Dysart and Mrs. W. W. Shaddid, co-chairmen, and Logan Cummings, John Cooper, and Mrs. C. R. Griffith, members of the Quarterback Club, will be in charge of the food preparation and serving. The food will be prepared by mothers of girls of the basketball team, and all profit realized from the sale of tickets will be used to help pay for jackets for those girls who letter in basketball.

UCLA football coach Bert LaBrucherie says the 1948 Northwestern team is the hardest-hitting since he began coaching the Bruins in 1945.

will not be completed for all all teams until Friday afternoon. There will be 3 1/2 days packed full of basketball thrills, and competition will be keen.

State Tourney Dates

AUSTIN—(AP)—District championships in conference AA, A and B basketball must be determined by Feb. 19, the Intercollegiate League office reported yesterday.

Regional playoffs for the three conferences must be finished by Feb. 26.

The top eight teams in each of the three other conferences—AA, A and B—will compete for state championships in Austin March 3, 4 and 5.

Here's how YOU can win the Gold Bars of an Army Officer

TWO NEW WAYS TO JOIN THE RANKS OF AMERICA'S YOUNG LEADERS

DIRECT COMMISSION

A commission as second lieutenant in the Officers' Reserve Corps with a 2-year initial tour of active duty is ready for you if you meet these requirements: one year of honorable service in any of the Armed Forces between 7 December 1941 and 30 June 1947; have completed two years at an accredited college or university; U. S. citizenship; AGCT score of 110 or better; not more than 32 years old; physically fit. Once commissioned, you'll be assigned to a 3-month officers' training school, and, on successful completion, you'll be free to compete for a Regular Army Commission if you meet the competitive tour age requirements. Go to your nearest U. S. Army and U. S. Air Force Recruiting Station for complete details at once.

OCS FOR HIGH SCHOOL GRADUATES

If you've graduated from high school or can pass an equivalent examination, are between 19 and 28 years old, are a U. S. citizen, and have necessary physical qualifications, apply now for enlistment for Army OCS. After your application is approved, you'll be enlisted as a Sergeant and given basic training if you have not had it already, then sent direct to Officer Candidate School, subject to quotas, of course. Upon graduation, you'll be commissioned a Second Lieutenant in the Reserve, and placed on two years of active duty. Top OCS graduates are commissioned in the Regular Army—all others may compete for a Regular Army Commission. Get all the facts about applying for OCS entrance at your nearest U. S. Army and U. S. Air Force Recruiting Station without delay!

Open House for B&PW Members Honors Miss Florence Merriman

An open house honoring Miss Florence Merriman was held for all Business and Professional Women's Club members Sunday in the home of Mrs. Mildred Lafferty, 922 E. Francis.

Miss Merriman is to leave soon for Washington, D. C., where she will become secretary to Congressman Eugene Worley.

Miss Inez French, newly appointed president to fill out Miss Merriman's unexpired term, presented Miss Merriman with a club emblem pin for perfect attendance and a past president's bar in appreciation of her services to the club.

Hostesses to the affair were Mrs. Margaret Dial, Tommie Stone, Roy Chisum and Lafferty.

The hostess group presented Miss Merriman with a "parade of flowers" box of stationery. Centerpiece on the lace-covered table was a crystal candelabra containing lighted red tapers. Candles were served in antique crystal compotes. Miss French presided at the coffee service.

Others attending were: Mrs. Lola Connelley, Ross Cornelius, Elsie Gee, Lillian Jordan, Lillian McNutt, Herman Van Sickle, J.M. Turner, Carl Shimek, Noel Thompson, Thelma Davis, Jean Ward, NSA registrar, Lonis Kilien, Letha Northup, Lois Stephens, Mabel E. Winter, Bea York and Misses Erma Lee Kennedy, Clara Lee Shewmaker, Charlie Neal Young and Ruby Williams.

McKENNEY ON BRIDGE

He is undoubtedly one of the most active bridge organizers in the middle west.

Doc's specialty is hands in which he has to read the distribution, or use some tricky end-play or squeeze. In today's hand he had to get a very accurate reading of the cards, and then pull off a cute play.

He won the opening lead of the king of diamonds in dummy with the ace, took three rounds of trumps, then went over to dummy's king of clubs and ruffed the seven of diamonds in his own hand. Next he cashed the ace and queen of clubs.

He knew now that West had held three hearts and three clubs to start with. In all probability he had at least five diamonds, and this meant that he held two spades. If West did have two spades, the hand was easy. If he held no spades, the contract was lost.

What Dr. Mark had to protect against was the possibility that West had only one spade, so at this point he led the deuce of spades. West played the nine and the three-spot was played from dummy.

Now you can see East's predicament. If he overtook his partner's nine-spot with the ten, he would have to lead a spade back and it would create a ten-ace position for Dr. Mark. All East could do was to let West hold the trick with the nine-spot. West had to lead back a diamond, and this let "Doc" stuff in one hand and ruff in the other, giving him his contract.

Receptive Audience Hears Miss Virginia MacWatters

Miss Virginia MacWatters

A receptive audience last night in the Junior High School Auditorium heard Miss Virginia MacWatters, one of the few present day coloratura sopranos, sing 15 programme selections and four encores.

The red-haired, blue-eyed diva began singing professionally in 1942 after winning the Metropolitan Auditions of the Air. Instead of going into the Metropolitan, however, she entered a Broadway musical which became a smash hit—"Rosalinda" which utilized the music of Johann Strauss.

After her success on Broadway, she promptly went back into grand opera, and has since continued going from one to the other as she enjoys both so much.

For the past two years, Miss MacWatters has gone on concert tours across the United States, Canada and South America. She comes off a concert tour just in time for the two-and-one-half month long opera seasons in the fall and spring. This procedure doesn't leave much time for vacations, but says Miss MacWatters, "music is my vacation."

She emphasized the fact that established artists too, must continue working and studying constantly whether on tour or off. The amount of time spent studying on tour varies but includes from two to four hours daily, depending upon the absorption one is able to maintain. And though the concert selections are the same this year as last because of their success, she continues to learn new parts.

Miss MacWatters' encores included "Into the Night," "The Beaming Eyes," "To a Messenger," and "Last Rose of Summer."

Her able accompanist, Frederic Kurzwel, took the spotlight for himself after intermission when he played a number of piano solos, including two encores, "Scherzino" and Etude in C Sharp Minor, Opus Number 2, and a Chopin selection.

10:00 Blue Ribbon 4-H Club, home demonstration agent's office.

Way Cleared for Oleo Tax Repeal

WASHINGTON—(AP)—Congressional leaders are mapping a program to prevent a last-minute legislative jam from blocking fulfillment of the Democratic platform pledge to repeal federal taxes on oleomargarine.

Indications were that in neither the House nor the Senate will there be a repetition of the lengthy committee hearings which marked the oleo battle last year. These hearings caused delays which some blame for failure of the bill's passage.

Rep. Cooley (D-N.C.), who is to be chairman of the House Agriculture Committee, said he thinks further hearings are unnecessary. He added he intends to seek early action by the House.

A similar view was expressed by Chairman George (D-Ga.) of the Senate Finance Committee.

Present federal taxes on oleo are 10 cents a pound on the colored variety and one-quarter cent a pound on the uncolored product. License taxes of \$600 a year are levied on manufacturers, and of \$480 on wholesalers and of \$48 on retailers of colored oleo.

Though all selections Miss MacWatters sang received audience appreciation, some seemed to be especially enjoyed. "Caro Nome" from "Rigoletto," by Verdi and "L'Heure Silencieuse" by Vincent Staub were mentioned as favorites by some. The last grouping which included Strauss' "Coloratura Waltzes" and the "Laughing Song" from "Die Fledermaus" also ranked high in popularity.

NEW YORK—(NEA)—Inspiration comes from the exotic corners of North Africa and from the sunny shores of the South Sea Islands for these two bathing suit fashions created by Paris designer Andre Ledoux.

Ledoux, couturier and ski champion, who flew a collection to New York for the first American showing, calls the two-piece suit (left) "Zouave." Made of blue and white striped silk rayon, the spectacular suit owes its name to and takes its styling cues from the billowing trousers worn by famed French Zouave troops.

The blue and white print crepe suit (right) draws its style inspiration from the South Sea Islands. Above a smartly flaring skirt is an artfully draped bare-shouldered sarong—EFSIE KIRKARD, NEA Fashion Editor.

Swim Suits Go Exotic

MADISON, Wis.—(AP)—A demonstration of peacetime uses for the harnessed atom will be made within a year, the civilian head of Argonne Laboratory, said Friday night.

It probably will be on a scale of little practical importance, Farrington Daniels told a University of Wisconsin symposium on science and civilization.

Security regulations will be raised soon to allow additional information on nuclear research to be made public, said the chemist.

Atom Demonstration Said Ready in Year

DALLAS—(AP)—The Texas National Guard may take over the Laguna Madre sub-base of the former Harlingen Army Air Field. The War Assets Administration said it was offering for sale 146.5 acres of the wartime airfield near Fort Isabel, but that the State of Texas, which has a priority, has applied for the largest of two tracts—140.5 acres.

Mix a cup of canned creamed corn with a well-beaten egg, two tablespoons of flour, one tablespoon of butter or margarine, salt, pepper and onion juice; fry in shallow fat, turning once.

TEXAS GUARD MAY GET HARLINGEN AIR FIELD

Summer Fashions To Have Greatest Top Exposure

By DOROTHY ROE
Associated Press Fashion Editor
Maximum exposure from the waist up is the rule for next summer's fashions, a look at current resort collections indicates.

Necklines are cut way down to here, and sun dresses and swim suits are almost universally strapless. Skirts remain about the same length, or slightly shorter, and beach styles are back to bare minimums once more.

Fabrics are more exciting than they have been for many a day, with cottons taking the spotlight. You'll see cotton taffetas crisp and thin as paper, washable chambrays with non-tarnishable gold, silver or copper stripes, iridescent denims and chambrays that seem to shine in the sunlight.

There are new half cotton, half silk weaves that are handsome for summer wear, and smooth alpaca in honey beige tones as well as black.

Strapless sun dresses often will have brief little cape-back boleros, flaring out in back like a spinaker sail, and you'll see a recurrent theme of "buttons and bows."

Necklines are the big news, some being slashed clear to the belt, thus creating a problem for the bra manufacturers. Others are scooped far out on the shoulders, or draped in a low, revealing cowl.

Styles are for the most part wearable, flattering and feminine, with none of the awkwardness or exaggeration of the late unimpaired "new look."

Motorists, who don't like to drive in the snow, have a treat in store for them some day soon. Electrically-treated highways, which melt the snow, are being perfected. This is a 500-foot experimental stretch near Detroit, Mich. Although snow covers a rest of the highway, the "hot road" remains clear.

In Hollywood

By ERSKINE JOHNSON
HOLLYWOOD — (NEA) — They can award the Oscar for the best underplayed scene of the year to the Princess Aly Khan right now. I doubt whether any actress will be able to equal or even duplicate her placidity when London newsmen asked about her husband, who is vacationing in Switzerland with Rita Hayworth. Said the princess: "I wish they would leave the poor boy alone."

JANUARY 22nd

when sub-zero temperatures hit Southern California. He wired me: "Just saw a sign reading: 'Sun-lamp-kissed oranges.'" Every time I read a column, including my own, these days, Martin Ragaway is saying something funny. In fact, Ragaway is getting more publicity than Gable or Grable and people around town are asking each other, "Who is Martin Ragaway?"

So I asked him, "Who are you?" He said: "I'm an up-and-coming psycho-neurotic." **MARTIN CONFESSES** Then he admitted that he's a writer on the Abbott and Costello radio show, that he's been writing jokes for a living ever since he was a New York high school student, and that he's just wild about seeing his name in people's columns. (It's good business.)

He said he was 26 years old and that he broke into show business in radio instead of in movies "because I was born on the wrong side of the sound track."

He has written jokes for Milton Berle, Phil Baker, Peter Lind Hayes and half a dozen other comedians. At one time he was shooting Berle's humor column in weekly Variety and writing Baker's radio jokes.

If Baker rejected a joke, he credited it to Berle. If Berle rejected a joke, he credited it to Baker. "And if it was a really good joke," he said, "I sometimes credited it to myself." Which gives you a rough idea of how rough the joke business can get.

BLIND ALLEY JOB
He was talking to Gary Cooper one day and said: "You know Gary, your job has its disadvantages." "Why?" said the puzzled Cooper. "Well," said Ragaway, "how much do you make a week—about \$10,000?" "Just about," said Cooper. "And how many weeks a year do you work?" asked Ragaway. "Oh, about 20," said Cooper. "See what I mean," said Ragaway, "the work isn't steady."

Don Ameche is the first major star in Hollywood to go into day-time radio on a five-day-a-week schedule. Every week he showcases 25 talented professionals who have had a long series of tough breaks trying to crash the screen or radio.

As Don says, the program is adding some luster to fast-fading Hollywood glamor. "Hundreds of really talented kids who formerly would have come here to seek careers are staying home now because they're read of the depression that has hit the town. We don't want to lure too many of them here now, but Hollywood is still the entertainment center of the world."

One of Don's kids already has won a break. Betty Jaynes, once a child prodigy at M-G-M, made an appearance on the show three weeks ago, won and was awarded a one-night shot singing at the Mocoambo night club. She landed nine encores and a singing role in a new M-G-M musical.

UNION NSTARTS DRIVE
NEW YORK — (AP) — A nationwide organizing drive, designed to more than double its present 900,000 membership, is planned by the AFL International Brotherhood of Teamsters.

Boy Scouts Have Own Oil Well

LONGVIEW — (AP) — The activities of Boy and Girl Scouts in 16 Texas counties from here on will be partially financed by an oil well — Their very own oil well.

The deed to a newly drilled well valued at \$800,000 was turned over to representatives of these two organizations. John E. Wrather, Longview oil operator originated the "Scout well" idea and presented the deed Friday.

The well is located on a five-acre lease in the Dolores Sanchez survey of Gregg County. It will be known as the East Texas Boy Scout No. 1 W. L. Bussey.

Donors were listed as Wrather, Fred B. Wimberly, F. A. Magee, J. H. Walters, Mary Lee Bobbins, trustees, and John C. Robbins, Jr., Mrs. Suttizie Bussey donated royalty.

Railroad Commissioners Ernest O. Thompson and William J. Murray spoke at the ceremonies attended by around 200 persons.

1,000 Religious Paintings Found

SAN FRANCISCO — (AP) — An investigation is underway by police to determine if over 1,000 religious paintings found in two art galleries were stolen from Mexico.

The paintings are in the possession of art dealers Joe Maas and Lorenzo Noll. Maas has about 800, Noll 350. Estimates vary as to the value of the paintings from \$300,000 to \$1 million.

Inspector James English said there is no doubt the paintings once hung in the Catholic churches of Mexico.

Gets Europe Post

Retiring as superintendent of the U. S. Military Academy at West Point, Maj. Gen. Maxwell D. Taylor, above, has been appointed chief of staff of American Military Forces in Europe. Maj. Gen. Bryant E. Moore will take command of West Point.

Laredo Publisher Receives Awards

MEXICO CITY — (AP) — William Prescott Allen, Laredo, Tex., publisher, said here that "one way for the United States to be a good neighbor to Mexico is to stay out of their internal affairs."

"Let them run their own country 100 percent," the newspaperman added.

Long an exponent of the good-neighbor policy, Allen said "I've been trying to do something about good neighbor relations between the U. S. and Mexico for 30 years."

Mexico has recognized his efforts by awarding him its two highest medals—the Aztec Eagle and the Order of Merit. And this week, Periodistas Unidos, a branch of a hemisphere press organization, announced it would award a medal to Allen for his work "in tightening the bonds of friendship between U. S. and Mexican newspapermen."

Receiving word of the newest award, Allen said he was honored.

The publisher is here with his wife and her parents, Dr. and Mrs. A. H. MacLeith of Milwaukee, Wis. They plan to visit Acapulco before returning to Laredo at the end of January.

HE'S ALONE
Man is the only creature that habitually "fakes," manipulates or suppresses the outward signs of emotional excitement, according to the Encyclopedia Britannica.

ASTHMA
SUPPORTS FIND CURE FOR MENACE TO ASTHMA ATTACKS. BUSHED HERE
New hope for relief from asthma patients is seen today in reports of success with a palliative formula which sets to relieve congestion. Men and women who formerly suffered with dread coughing, choking wheezing asthma attacks now find relief after using it. PROMETH costs \$1, but considering results, this is not expensive. (Caution—use only as directed.) PROMETH is sold with strict money-back guarantee by

WHAT IS THE SECRET INGREDIENT

In Admiration Coffee?

FIND THE CLUES AND WIN WONDERFUL PRIZES! WATCH YOUR GROCERS' ADS. SEE HIS STORE DISPLAYS! DISCOVER!

WONDERFUL PRIZES
30th Anniversary CELEBRATION
3 Decades of Honest Fulfillment

Admiration's great family of loyal, happy users long ago made it the preferred coffee of the Southwest. So to celebrate 3 decades of honest fulfillment we're offering wonderful prizes to our users.

1st Prize CADILLAC 1949 Sedan — America's most desired car! 2nd Prize APEX DISH-A-MATIC Automatic dishwasher. 3rd Prize G-E 10" screen TELEVISION SET. 4th to 10th Prizes — 6 months' supply of Admiration Coffee.

Entries in form of letter of 50 words or less. Judged for sincerity of the writer and merit of reasons given. Contest closes at midnight, April 20, 1949. Decision of judges final. Announcement of winners May 24, 1949. All entries become property of the sponsor.

FUN GALORE IN YOUR STORE!

And profitable too! Anybody can win! What a magnificent first prize — a Cadillac Model '62' sedan! Simply find what the Secret Ingredient is. A single word covers it. Then write us a letter of 50 words or less, telling why the Secret Ingredient is important to you. Commence the letter "DESIGNATE HERE THE WORD COVERING THE SECRET INGREDIENT" is important to me because... Enter as many times as you wish, but include with each entry any of following: (a) 2 inches of metal opener strip from can; or (b) slogan "The Cup of Southern Hospitality" cut from jar label or paper package. Clues will be supplied each week for nine weeks. Watch your grocer's displays and newspaper ads. They'll abound with clues. Our own ads will make it easier for you, too.

Treasure Hunt For Young and Old

Help celebrate Admiration's 30th anniversary by winning a Cadillac! The contest is simple and barrels of fun. Your grocer has some pamphlets which tell you how. His displays also contain many clues. Somewhere in the series of his ads and ours the secret will be out — plain as day. You'll only have to write a letter then telling why it's important to you.

NO. 1 ANNOUNCEMENT
DUNCAN COFFE COMPANY, HOUSTON, TEXAS

THAT BOLD LOOK—

IT'S NASH!

World's first cars with Girder-built/Unitized Body and Frame... Airliner-styled Interiors... Cockpit Control... Uniscope... Super-soft Coil Springs on all Four Wheels... Twin Beds... Uniflo-Jet Carburetion... Two Great '49 Series—The Nash "600" and Nash Ambassador.

GREAT CARS SINCE 1902
Nash Motors, Division Nash-Kelvinator Corporation, Detroit, Mich.

Swift, clean beauty that splits the wind like a rocket! It's the new look... the bold look... and it's all Nash!

Because Nash alone has the Girder-built Unitized Body-and-Frame, the big difference in automobiles. Welded into one solid, low-slung unit, it makes all this possible—

You get more head-room, more leg-room, more luggage room... seats that can turn into Twin Beds.

A clear sweep of undivided windshield... Cockpit Control... and the Uniscope!

You get a lower center of gravity for road-hugging safety. Then—Nash pillowed all four wheels with new super-soft coil springs... introduced Uniflo-Jet carburetion for economy of more than 25 miles to the gallon, in the big Nash "600," at average highway speed. Improved the Weather Eye Conditioned Air System.

Mainly About People

Newcomers to Pampa are Mr. and Mrs. Jay Krath from Longview, Texas. Krath, a mechanical engineer, is a graduate of the Missouri School of Mines and Metallurgy, and is now employed by the Stanolind Oil and Gas Company.

Salesmen Wanted—Men that are willing to work average weekly earnings of \$125. See W. H. Lane at 835 S. Barnes, Wednesday between 2 and 5 p. m.

The Loyal Women's Class of the First Christian Church will meet at 2:30 p. m. Wednesday in the class room if the weather permits.

Nickelodeons for rent, Ph. 273. Top of Texas Amusement Co.

Mr. and Mrs. L. E. Grantham, Breckenridge, Texas, are the parents of a girl, Judy Carline, born Jan. 14. Mrs. Grantham is the former Ruth McDeviss who was a Pampa News employee for a number of years.

Hospital beds, wheel chairs for rent at Prescription Laboratory.

Because of mid-term exams, Junior High P-TA meeting scheduled for Thursday, Jan. 20, will be postponed until Thursday, Jan. 27.

Duenkel - Carmichael Cadillac Emergency Ambulance, Ph. 409.

The regular meeting of the 311th Composite Squadron of the Air Forces will be held in the County Court Room at 7:30 p. m. tomorrow. All former officers and enlisted men of the Army Air Forces have been invited to attend.

Beautiful Venetian Blinds, Call 112. Pampa Tent & Awning Co.

The regular meeting of the AAUW, scheduled for tonight in the City Club room, has been postponed.

For Sale—5 room F.H.A. house, good loan, small down payment, corner lot. 1232 Duncan, Ph. 18493.

The Worthwhile Home Demonstration Club has postponed this week's meeting until Jan. 28.

Mrs. Dee Day is visiting in the home of Mr. and Mrs. E. C. Laf.

Inaugural

(Continued from Page 1)

These started last night with a dinner by the Senate Ladies Club for Jester, Shivers and their families.

The city of Austin's reception for the Governor was first on the afternoon program, then Jester's reception for the public in the Capitol rotunda at 7:30 p. m.

The Governor and Mrs. Jester and their official party will make the rounds of five inaugural balls which will go on into the night.

The inaugural strictly a legislative function was the chief business before the 51st session today.

Festivities

(Continued from Page 1)

In Roosevelt's four inaugural speeches:

In 1923, as the country reeled under the depression, a buoyant chin-up Roosevelt appeared before a crowd of 100,000 at the Capitol and said, "The only thing we have to fear is fear itself."

In 1937, as people wondered what direction the New Deal would take, Roosevelt stood in a miserable cold rain and said: "I see one-third of a nation ill-housed, ill-clad, ill-nourished."

In 1941, with Europe and Asia at war, Roosevelt began his third term with: "In Washington's day the task of the people was to create and weld together a nation. In Lincoln's day the task of the people was to preserve that nation from disruption from within. In this day the task of the people is to save that nation and its institutions from disruption from without."

In 1945, with America at war, a tired, ill Roosevelt stood on the south portico of the White House and spoke of the future task of building a peace.

Although this inauguration will not mean a change in the presidency, Mr. Truman having been elected Nov. 2 to succeed himself, it will mean the country will have a vice president for the first time since 1945. Senator Alben W. Barkley of Kentucky will take the vice presidential oath on the same platform with the President.

Whatsa Matter, Sailor, Weak?

Although he buffs and he puffs, Seaman Robert Bradford of Chicago can't budge the famous leaning tower of Pisa, Italy. The U. S. Sixth Task Fleet visited ports in northern Italy, and the sailors got in a little sightseeing. P. S. This is a trick photo, in case you didn't know. (NEA-Acme photo from U. S. Navy.)

Nationalists

(Continued from Page 1)

Almost all embassies are expected to stay on.

Meanwhile, the old capital of Peiping, encircled by Red armies, is expected to fall or surrender momentarily. A newspaper published by Peiping's commander, Gen. Fu Tso-yi, hinted as much, dispatches from there said.

Nanking filled with more defending national troops as the government pulled back its forces from north of the Yangtze.

There was some dissension in foreign quarters as national troops moved into the Nanking area. Foreign owned and Chinese properties were seized as billets.

Various foreign embassies, including the American, protested the seizures to the Foreign Office. One diplomat said the Chinese Foreign Office was cooperating excellently. Nevertheless, Chinese troops moved in and held the Standard Oil Company's Pukow installations, where a new tank farm is under construction.

On the Nanking side of the Yangtze, an artillery unit started to move into another Standard Oil installation where a considerable stock of gasoline is stored but prompt action of the Foreign Ministry halted the move.

Liquor

(Continued from Page 1)

Houston movement to bring back the wide open saloon and the flow of all types of drinks. It may be best for us to muster our forces now and fight for statewide prohibition.

Jester and Timmons joined in announcing that the Liquor Control Board was beginning at their request, "A thorough investigation of all complaints and charges that might be brought to its attention now or in the near future."

Caravan

(Continued from Page 1)

sponsored by the Clovis Chamber of Commerce.

Thursday, the group will have luncheon at Mountainair, N. M., a 4 p. m. stop at Socorro and an evening banquet at Springerville, Ariz. Thursday night will be spent at Showlow, Ariz.

Other stops for meals and overnight will be at Globe, Ariz., Phoenix, Ariz., Indio, Calif., and Riverside, Calif.

At 9:30 a. m. Tuesday, the caravan will begin the return trip at Mission Inn at Riverside. They will return over U. S. Highway 66 under the direction of U. S. 66 National Highway Association.

Young carrots may be washed, scraped and cut in quarters before steaming. They should be served with butter, salt and pepper or with a well-seasoned white sauce.

FCC Grants Two Station Permits

WASHINGTON—(AP)—The Federal Communications Commission has decided to grant the applications for two new standard radio stations in Texas. The applications had been contested.

The commission's rulings were tentative. They are subject to appeal by dissatisfied parties within 20 days.

The FCC said it proposes to grant the application of Herald Broadcasting Company for a new station at Levelland, Tex., to operate on 1230 kilocycles, 250 watts, unlimited time. It said it also proposed to authorize station KOSA, Odessa, Tex., to change frequency from 1490 kilocycles to 1230 kilocycles.

The awards will involve denial of these applications, heard in the same proceedings:

Fanhandle Broadcasting Corp. and Voice of Amarillo for new stations at Amarillo, using the 1230 kilocycle frequency.

Station KEST, Big Spring, Tex., to change frequency from 1490 to 1230 kilocycles.

Station KREW, Hobbs, N. M., to change frequency from 1490 to 1230 kilocycles.

Mixup Over Invitations Puts Committee in Dither

WASHINGTON—(AP)—The fever chart at the Truman Inaugural Committee headquarters shot suddenly upward but subsided after a transatlantic mixup over invitations was straightened out.

It began with a brief dispatch from London reporting the forthright manner with which a vegetable stall operator at Covent Garden Market had accepted a bid to the Jan. 20 ceremonies here.

The vegetable man's name was Arnold Walker, the story said, and he had turned his back on his brussels sprouts and gone out and bought two airplane tickets for the United States. One for himself and one for his wife.

Within a few minutes, telephones were ringing all over Washington.

Melvin Hildreth, chairman of the Inaugural Committee, told reporters the invitations had been sent to Mr. and Mrs. Arnold Walker of London, all right, but they were intended for an export-

Bills

(Continued from Page 1)

presidential pay measure.

The bill hikes the President's salary from \$75,000 to \$100,000 a year and gives him a \$50,000 annual tax-free expense allowance for which no accounting is required. It is in addition to the \$40,000 travel and entertainment fund which the President has been receiving and for which he makes an annual accounting.

Tax experts figure the net effect on the President's income will be a gain of about \$83,000 a year. They reckon he will have about \$60,000 of new salary left after paying taxes—not counting the tax-free \$50,000—instead of the \$47,000 he now gets to keep.

Speaker Rayburn (D-Tex.)

Jester Investigates Liquor Control Setup

AUSTIN—(AP)—Rep. J. Blake Timmons of Amarillo said he and Gov. Beauford H. Jester are investigating the liquor control setup in Texas.

"I am withholding introduction
