

Come Tax Mike Gets Chilly Reception on Capitol Hill

Pampa News

VOL. 47—NO. 208 (10 Pages) PAMPA, TEXAS, FRIDAY, JANUARY 14, 1949

IT'S COLD ON THE RANGE—A Hereford steer is surrounded by ice on the plains near Odessa, Texas, where ranchers do not expect cattle to suffer as much damage as is feared was sustained by recent storms in Kansas, Oklahoma, Colorado, Nebraska and Wyoming. The snow and ice was welcomed by Texas cattlemen as grazing lands had been gripped by a record dry spell before the storms. (NEA Telephoto.)

123 DIE IN STORMS; PROPERTY LOSS HEAVY

West Texas Ice Melts

By The Associated Press
West Texas slowly de-frosted today and telephone and telegraph repairmen moved in the wake of melting ice to restore communications damaged nearly three-quarters of a million dollars.

Clouds blanketed the state yesterday. There was some rain and fog. A layer of warm weather above the clouds helped thaw the frozen area of West Texas and the Panhandle.

"If the clouds clear it will warm up in a hurry," said the Weather Bureau in forecasting continued above-freezing temperatures for the state.

The big thaw started Wednesday in the Panhandle. It spread to other affected parts of West Texas Wednesday night. It made more progress yesterday and was scheduled to continue today.

Highway travel was returning to normal.

Mud and slush covered the Panhandle yesterday. The ice, coating other portions of West Texas, receded.

Light rains fell at many points in the state and occasional rains were predicted for today.

The freezing norther that swept into the Panhandle early Sunday took a terrific toll in communication facilities. Eight deaths were attributed to traffic accidents, and five accounting for most of them. One man died of exposure.

Three southwestern Bell Telephone Company linemen were injured as they worked to repair broken circuits.

The telephone company estimated damage from the ice burden at \$600,000 in Texas. Losses included 1,000 circuits; 4,200 poles broken and 60,000 wire breaks.

F. C. Naylor, head clerk of the Western Union office in Dallas, estimated damage to Texas wires and poles of the telegraph company will cost \$80,000 to repair.

Roy Autry, vice president and general manager of the Southwestern Associated Phone Company, said at Lubbock that damage to that company's lines would run \$100,000 to \$125,000—including \$35,000 at Haskell and Seymour in Texas; \$35,000 damage in the Hobbs, N. M., area, and the rest in East Oklahoma.

Western Union service was partially restored.

Details for Stock Show Worked Out

Final details for the Top of Texas Junior Livestock Show are being worked out, Clyde Carruth, chairman of the Agriculture Committee of the Chamber of Commerce, said this morning.

"It looks as if we will have the biggest and best quality show ever this year," he said.

Carson County will be added to the annual show, making four counties participating, rather than three as in the past. They are Gray, Roberts, Wheeler and Carson Counties.

Between 85 and 90 head of fat steers are expected to be displayed and approximately 50 head of fat pigs.

A large tent will again be used to help take care of the livestock accommodations because of the limited facilities at Recreation Park.

Ralph Thomas, Catalog Committee chairman of the Hereford Breeders Show, says the catalogs are now being printed and will be ready for distribution within the next few days.

Harry Winston of Winston Brothers Ranch, Snyder, Tex., will judge the breeding cattle.

(See DETAILS, Page 6)

Stroke Fatal to Roy D. Morphis

Roy D. Morphis, 41, 819 S. Main, died at 12:10 a. m. today in a local hospital following a stroke. Morphis, who works for the Magnolia Oil Company, became ill yesterday morning and was taken home. He was taken to the hospital yesterday evening.

Morphis was born April 17, 1907, in Arkansas and had lived in Pampa since March, 1948. He was a member of the Masonic lodge, AF&M No. 238, of Asher, Okla.

He is survived by his wife, Mrs. Janie Lee Morphis of Pampa; by three daughters, Mrs. Reva Parrott, Visalia, Calif., and the Misses Dortha and Wanda Morphis of Pampa; by two sons, Hoyt of Camp Lee, Va., and Herman of Pampa; by one grandson; and by his mother, Mrs. Elizabeth Morphis of Okemah, Okla.

The body will be sent by the Duenkel-Carmichael Funeral Home today to Maud, Okla., and funeral services, to be held in Saint Louis, Okla., will be announced later.

WE SAW . . .

A local man laboring diligently for about 15 minutes getting the snow out of his driveway so the "family jockey" could again be used. While he was putting the shovel back, we saw a snow plow coming down his street and it blocked the driveway as prettily as ever you did see.

Economists Calling for Less Spending

WASHINGTON — (AP) — Capitol Hill gave a chilly reception today to President Truman's implied suggestion that individuals making \$6,000 a year and up might pay more federal income taxes.

Economy-minded lawmakers shouted again for less spending — instead of tax increases — to balance the federal budget.

Mr. Truman asked Congress last week for \$4 billion in new taxes. He said new levies against corporations should collect most of it, but he suggested that Congress consider a tax boost on individuals in the "middle and upper" income brackets.

When a reporter pressed for a definition of "middle" income the President told his news conference yesterday the treasury considers this bracket to begin at about \$6,000 a year, running up to \$25,000 or \$30,000 a year. Mr. Truman added smilingly that a man who makes \$6,000 probably would want the middle bracket to start at \$10,000.

The President also was asked about what a reporter described as the view held by President Roosevelt that \$25,000 ought to be the maximum take-home pay. He replied that he had no set views on this, but that if a man has got brains enough to know enough about the tax laws of the United States to make more than \$25,000 a year, he probably is entitled to it.

Group Will Plan Budget For Scouts

The proposed budget of the Adobe Walls Area Council will be discussed by the Finance Committee at 7:30 p. m. today, L. N. Atchison, chairman, said.

Members of the committee who will meet at the Boy Scout office in the City Hall include C. A. Huff, Farris Oden, W. B. Weatherford, Carl Fisher of Phillips and William E. McClellan of Spearman.

Every unit in the Santa Fe District of the Boy Scouts had representatives at last night's Roundtable. Paul Beisenherz, executive, said.

Items discussed last night included the national crusade of the Boy Scouts of America, the plans for Boy Scout anniversary week, camp savings plan and the spring activities for the Santa Fe District.

A sub-committee board dinner meeting has been called for 7 p. m. Thursday in the Palm Room of the City Hall. At that time the 1949 program will be developed.

Jester Says 'Citizens Tax' To Replace Loss of Revenue

AUSTIN — Gov. Beauford H. Jester has explained his "citizens tax" idea as a method of replacing revenue that would be lost if the poll tax is abolished.

He didn't intend to make people think he was advocating a sales tax or an income tax, the Governor said at yesterday's press conference.

Jester also reported his first emergency appropriation message will go to the 51st Legislature when it convenes Monday after a four-day rest. He will ask \$9 million to cover shortages of equalization aid schools for the current (1947-48) biennium.

A bill to fill the needs already has been introduced in the Senate by Senator G. C. Morris of Greenville. It is expected to get speedy approval from both Senate and House.

The Governor said his "citizens tax" proposal was nothing to get excited about. It's not even a new idea, he added.

Jester referred reporters to a speech he made last May 21 in which he said no one should be refused the right to vote because of inability to pay a poll tax.

But if the poll tax is done away with as a prerequisite to voting, the citizens tax or "head tax" would be a means of replacing the lost revenue. The state poll tax is \$1.50, and counties can levy an additional 25 cents.

Jester suggested the Legislature should enact a voter registration law before calling for abolition of the poll tax by Constitutional amendment. Then the adoption of the citizens tax as a revenue measure would be in order, he thought.

The Governor reported favorable reaction from senators on his suggestion to the Legislature Tuesday that the state spend wisely and within its means while at the same time expanding public services.

"All senators I have talked with agreed we should spend carefully," Jester said.

His comment made it clear that the Legislature will rapidly have to decide whether it prefers to pass new tax measures or to whittle down appropriation requests. Enough money bills have been introduced in the Senate to wipe out the hundred-million-dollar surplus forecast for the general revenue fund by Aug. 31, the end of the fiscal year.

Jester said he will send emergency appropriation messages to the Legislature as rapidly as they can handle them. He indicated the school aid request may be followed by one for the prison system.

He made available copies of a bill which Senator Neville Collins is expected to introduce calling for \$539,398 for current prison expenses, including \$10,000 for needed automobiles.

Jester's message on prison needs will also call for some \$4,200,000 for a rehabilitation program. That will be taken care of by Senator Jimmy Phillips' bill, already introduced. The legislator from Angleton asked \$4,196,078 for the prison improvement program.

Jester said he was waiting on financial recommendations from the Gilmer-Aiken Committee on.

(See JESTER, Page 6)

Mother Held After Gouging Son's Eyes

DALLAS — (AP) — A 28-year-old mother was held in jail today "for investigation of lunacy" after she was accused of gouging the eyes of her three-year-old son in a fit of temper.

Sheriff Bill Decker said the county psychiatrist would examine the woman.

Parkland Hospital officials yesterday said one of the boy's eyes would be impaired, but that the child probably would not go blind.

A grandparent called the sheriff's office yesterday. Decker said the boy's eyes were bleeding when he arrived at the home.

Approval Seen for Acheson to Post

WASHINGTON — (AP) — Dean Acheson's nomination as secretary of state was headed today for speedy and probably unanimous approval by the Senate Foreign Relations Committee.

Acheson goes before the group in a closed session (9:30 a. m. CST) to tell members, who are sworn to secrecy, how he plans to deal with the world's problems as No. 1 man in President Truman's cabinet.

Members said that before they vote they expect to know details of Acheson's attitude toward continuing the cold war with Russia.

The nominee skirted that question in public testimony yesterday, except to remind senators that Mr. Truman had said there will be no change in the administration's foreign policies.

Acheson made it clear that the Chief Executive will have the final decisions, but he cast himself in the role of a strong secretary-unaided to argue with the President over policy matters but unwavering in carrying out final decisions.

Acheson's vigorous defense of his views and his associations produced signs that Senate opposition to his appointment is near collapse.

Senator Wherry of Nebraska, the Republican floor leader who opposed Acheson for undersecretary of state in 1946, said he still doesn't know whether any organized floor fight will be made against confirmation.

Senator Taft of Ohio promised to check Senate Republican policy members for their views. But he said the group may not even meet if he finds there is no opposition sentiment. Taft is expected to vote for confirmation.

Chairman Connally (D-Tex.) of the Foreign Relations Committee said he hopes to bring the Acheson nomination up early next week. He forecast overwhelming Senate approval, although Senate Republican members will discuss there will be a few "no" votes.

Connally made public a telegram from A. A. Berle, Jr., former State Department official, who once differed with Acheson over American policy to Russia, saying that he was not opposed to Acheson's confirmation.

Acheson denied emphatically in testimony yesterday that he had ever been an "appeaser" of Russia.

(See APPROVAL, Page 6)

Peace Hopes Are High in Palestine

RHODES — (AP) — Swift adoption of a four-point agenda emphasizes expressions of hope for peace by both Israeli and Egyptian spokesmen at the Rhodes armistice talks.

Every unit in the Santa Fe District of the Boy Scouts had representatives at last night's Roundtable. Paul Beisenherz, executive, said.

Items discussed last night included the national crusade of the Boy Scouts of America, the plans for Boy Scout anniversary week, camp savings plan and the spring activities for the Santa Fe District.

A sub-committee board dinner meeting has been called for 7 p. m. Thursday in the Palm Room of the City Hall. At that time the 1949 program will be developed.

(See GROUP, Page 6)

Lions Fete Founder

Lions Club members yesterday commemorated the 40th birthday of Melvin Jones, founder of Lions Clubs.

H. C. Walker, chairman of the Lions Education Committee, gave a brief talk on Jones and told about the service organization was founded.

"There are now more than 7,500 clubs in 23 countries," he said. "Jones, in 1917, was a member of a luncheon club from which he evolved the idea of starting the service organization."

E. O. Wedgewood led the group in "Happy Birthday" and "He's a Jolly Good Fellow," in honor of Jones.

D. P. Doster, president, said the Pampa club now has a total membership of 104.

Three men were appointed to represent the club in the current March of Dimes drive. They are: Morris Enloe, H. M. Luna and A. B. Whitten.

Bert Nuckols gave a report of the service organizations meeting with the county and city commissioners when they presented health suggestions for Gray County. Nuckols is chairman of the Health and Welfare Committee.

A high school trio, composed of Dorothy Meers, Jo Dee Har den and Charlotte Allison, entertained the group with "Margarita," "Girl of My Dreams" and "When You're Smiling." They were accompanied by Helen Kay Wilson.

The trio has agreed to participate in the Lions minstrel show, March 3 and 4.

THE WEATHER

U. S. Weather Bureau

WEST TEXAS: Occasional rain this afternoon. Partly cloudy tonight and Saturday. Occasional rain early tomorrow. Colder in El Paso area with rain tonight.

OKLAHOMA: Cloudy today, tonight and Saturday. Scattered light drizzle tomorrow. Light rain great tonight, spreading over state Saturday. Warmer southwest today, northwest tonight. Highs today 47-55, lows 30-38.

TEXAS: Highs today 47-55, lows 30-38.

NEW MEXICO: Highs today 47-55, lows 30-38.

SUSPECT—Jeff Conners, 40, freelance writer and former Hollywood bit player, waits in San Francisco for removal to Los Angeles as a suspect in the mutilation slaying of Elizabeth Short. Conners, arrested on a mysterious tip, was named as the "Black Dahlia" killer by Leslie Dillon, a former bellhop. (NEA Telephoto.)

CofC Names Committees For 1949

Fred Thompson, 1949 president of the Pampa Chamber of Commerce, has named committee chairmen and committeemen for the year's work.

The 14 committees have a total of 106 members.

They are: Aviation Committee, Hugh Burdette, chairman; Frank Culbertson, C. P. Buckler, H. E. McCarty, G. B. Cree, Wesley Lewis, Charlie Duenkel and Russell McConnell.

Agriculture Committee, Ray Kuhn, chairman; Clyde Carruth, O. W. Hampton, Arthur Rankin, Ralph Thomas, Irvin Cole, Frank Carter, Quentin Williams and W. C. Williams.

Goodwill Committee, L. G. Langston, chairman; J. B. Massa, Clinton Evans, Dale Pinnus, A. A. Schuneman, Al Mills, Dude Balshrope, Frank Wilson and Aubrey Jones.

Highway Committee, Sherman White, chairman; Reno Stinson, G. S. Vineyard, R. L. Edmondson, Frank Morris, Raymond Harrah, E. M. Keller, Murray Body and Charles Burton.

Highway (special) Committee, Frank Culbertson, chairman; William T. Fraser, DeLoa Vicars, Henry Ellis and C. P. Buckler.

Legislative Committee, Ivy Duncan, chairman; James A. McCune, Knox Kinard, Art Teed, Hueyn Laycock and Dr. Roy A. Webb.

Industrial Committee, Floyd Jemel, chairman; Louis Cabot, Jake Garman, Joe Key, Farris Oden, D. M. Dickey, O. T. Hendrix, George Newberry and Ralph Julliard.

Publicity Committee, J. L. Swindle, chairman; Paul West, John Michel, Howard Vineyard and E. L. Henderson.

Panhandle Engineers To Meet Monday

After two postponements because of the weather the Panhandle chapter of the Texas Society of Professional Engineers will meet in the District Court Room in the Courthouse at 7:30 p. m. Monday, H. P. Mathieu announced.

The meeting will be to instruct delegates to the 13th annual convention of the society to be held in Waco Jan. 20 and 21.

ACCUSES YOUTH OF SHOOTING—From his hospital bed in Chicago, Policeman Rudolph Loula, 28, points a finger at Raymond R. Polenek, Jr., 19, identifying him as the man who wounded him and killed his partner in a Chicago suburb. Police and court officials look on. (NEA Telephoto.)

Funds for Highway Run Short of Bid

"Can we raise or can't we raise the money?" was the main question before the County Commissioners' Court yesterday concerning the six-mile stretch of road between Letors and Alstead.

The question was still unsettled when the commissioners recessed until Jan. 19 when they have to, by law, accept or reject the only bid before them on the project. The bid of \$17,873.01 by Bell, Braden, Barker and Glavin, Amarillo, was just a few thousand more than the Court has on hand — \$10,880 more.

During the meeting, preceded by the usual closed-door session in the county judge's chambers that lasted from 10:31 to 11:12 a. m., County Judge Bruce Parker told the commissioners the City Commission had appointed a committee of five men to investigate the state participating health unit center plan and would give the County Commissioners' Court a report by the end of the month. There the subject dropped.

Yesterday's meeting held mainly for the discussion of the road bid, was an extended session held over from Monday when a bid was received. County Auditor Ray Wilson told the Court there was on hand \$3,500 in the general road fund and \$3,677.76 in the lateral road fund. This left the Court just \$10,880 short. To help overcome the difference the commissioners put up three dump trucks and a tador sedan for sale by bid in hopes of raising approximately \$6,000, leaving \$4,880 to be raised.

That is where the bugaboo (See FUNDS, Page 6)

Prerequisites For Peace Are Listed

SHANGHAI — (AP) — Mao Tse-tung, Chinese Communist leader, today demanded abrogation of treaties between China and the United States as one of eight prerequisites of peace.

The Red leader, in a Chinese language broadcast heard here, also demanded trial of "war criminals," presumably to follow any peace move.

Mao, accusing Chiang Kai-shek of warring against the Communists because he was lured by the glitter of American weapons, called on the Nationalist leader to show the sincerity of his desire for peace by accepting Mao's conditions.

Mao said China was depending on United States support against the Red soldiers who liberate their cities. He said the Red list of eight prerequisites of peace were:

1. Trial of all "war criminals."
2. Chiang Kai-shek's Red list of "war criminals," followed by Madame Chiang, who is now in the United States.
3. Cancellation of the Constitution.
4. Calendar years to be counted from anno domini and not from the Republic of China's founding.
5. Elimination of "reactionaries" from the government and army.
6. Confiscation of "bureaucratic" capital.
7. Land reforms.
8. Cancellation of "treacherous" treaties with imperialist nations.

Formation of a state council to include all Chinese elements, except reactionaries.

Meanwhile, Tientsin's negotiators with the Reds were reported representing not only their own city but Peiping and the rest of North China under Gen. Fu Tsiang's command.

There was no indication, however, that they were making any progress, and the Communists were using artillery on both Peiping and Tientsin, apparently trying to bring about a swift capitulation.

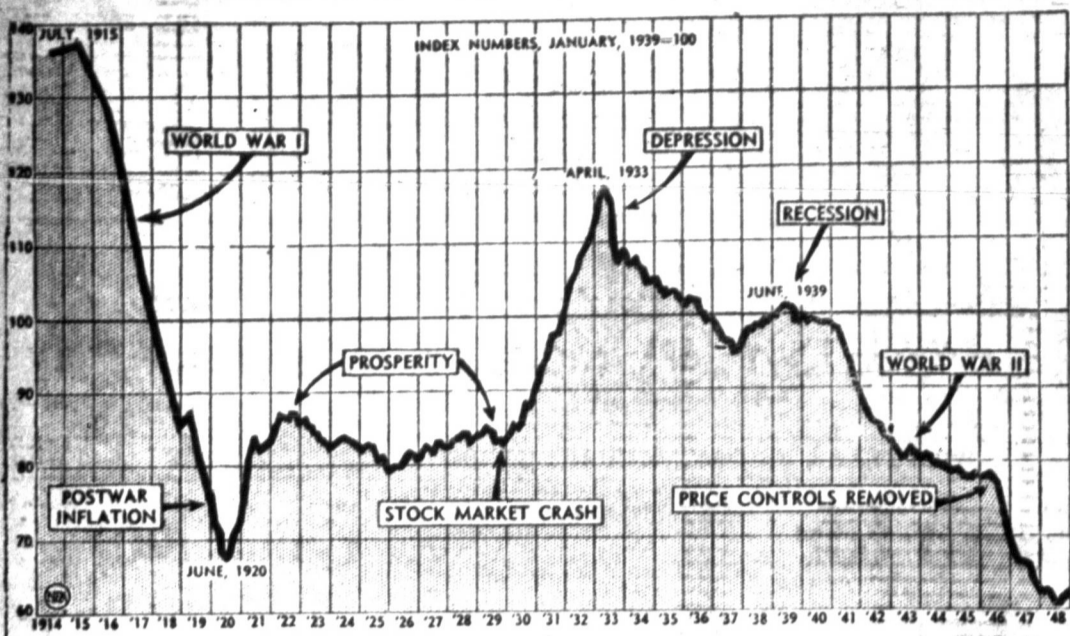

The report of the broadened scope of the peace talks came from Associated Press Correspondent Spencer Moosa in Peiping, who also said that the ancient capital of China was shelled for the second day in a row.

Moosa said his report came from besieged Tientsin, 90 miles southeast of Peiping. He had talked by telephone with a foreign source there.

WE HEARD . . .

That advance tickets for the Golden Gloves matches, to begin Monday night, are available at the Pampa Furniture Company. Some of the seats available to holders of general admission tickets for the city elimination tournament have been put on a reserve list.

Down the Years With the Dollar

If you think your dollar doesn't go as far as it used to, you're right. A dollar today buys about the same amount of hamburger that \$1 cents bought in 1939. This chart, based on figures from the National Industrial Conference Board, shows how the value of the buck has bounced up and down. Two wars brought the biggest changes. Note how the pre-World War I dollar bought about \$1.37 worth of goods, while the post-World War I dollar slipped to 8 cents in 1920. In exactly the same way, the pre-World War II dollar, good for about a buck's worth, collapsed to its all-time low. At the peak of the depression, April, 1933, the dollar was worth almost \$1.20. For a tiny ray of hope for your hard-pressed buck today, note that little upward turn down in 1948's corner.

Russia Will Fight When It Feels Ready, Analyst Says

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

U. S. Undersecretary of State Lovett is quoted as telling the Senate Foreign Relations Committee that Soviet leaders would go to war whenever they figured it necessary to achieve their aims and felt they could win.

That's calling a spade a spade. However, we are left to figure what the Muscovites think of prospects at this juncture. When, if ever, will the hour for war arrive? The way it looks from here, the Bolsheviks hardly can find the signs propitious for launching war now. As Secretary of the Army Royall says, the forces of democracy are definitely on the rise against communism in Europe. The secretary, just back from a trip abroad, says he doesn't believe war is imminent.

"Therefore the presumption is that Moscow will pursue its present tactics."

Bolshevism is the cuckoo in the nest of democracy. And the Reds have been doing right well for themselves in many instances. For example:

Moscow is getting a vastly important part of its world revolution carried out for it by providing the Chinese Communists with the sinews of war. The Russians are behind various other revolutions in Asia. Obstructive tactics like the Berlin blockade are placing a heavy economic strain on the Western nations, especially the United States. That strain is calculated to render the West incapable of engaging in war.

Still, while the Russians have been playing a crafty and at times profitable game, on the whole they appear to be losing ground in the Western theatre of the "cold war." This is the crucial zone at present.

Russia isn't ready for major war now, and it will take her long to prepare herself, if the democracies stand firm. What the Western

nations have to do is hold their present line.

There is no use in talking "peace" to Russia. She has made it perfectly clear that she doesn't want peace and has no intention of making it. The Bolshevik world revolution is to go on at all costs.

Therefore the winning strategy for the democracies is to pursue their present determined policy. That will hold Russia's war potential in check, and will encourage the wretched slave nations of Eastern Europe to assert themselves against the oppression of the Kremlin.

Conductor Meets Dallas Symphony

DALLAS —(AP)—Walter Hendl, assistant conductor of the New York Philharmonic-Symphony, is in Dallas to talk to officials of the Dallas Symphony Orchestra.

Antal Dorati has resigned as conductor of the Dallas symphony to become conductor, next season, of the Minneapolis symphony. Hendl was chosen, suggested by New York management as Dorati's successor.

"I came to Dallas at the suggestion of my management and in response to an invitation from the president of your orchestra," Hendl told newsmen Wednesday. "The visit naturally is exploratory. Otherwise I have no further comment to make."

Hendl was invited by Dorati to visit him and the orchestra in Houston where it will play Saturday night. Hendl will meet members of the orchestra Planning Committee and directors of the Symphony Society during the next few days.

Ben H. Lobdell, field worker and salesman for Columbia Artists Management, Inc., and the Community Concerts Association, has accepted the position of business manager of the Dallas symphony to succeed Tom Grimes, resigned.

Legion Head Says U. S. Faces Trap

EL PASO —(AP)—National Legion Commander Perry Brown says the United States is in danger of falling into a Soviet trap when it spends huge sums for armaments.

"One third of our proposed budget will go to national defense in 1949," the Beaumont, Tex., Legionnaire told a banquet audience here last night.

"The military is asking for more," he said. "If this continues it will topple our economy. One of the main objectives of the Russian aggression moves is to bankrupt us through helping ourselves and other nations resist aggression. We may expect many future incidents from Russia."

Look up! look out!

Plenty of Work for Congress

The new Congress won't have much time to loaf, judging by the number of bills it must pass upon. On opening day a record 612 bills and resolutions were introduced in the House. Capitol officials had to work late at night to record them all. Here Clarence E. Young, of Appleton City, Mo., assistant bill clerk of the House, enters the list.

Project Would Take Anglo-American Labor Out of Moscow-Dominated Unions

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

One of the most encouraging developments in the war against communism is the project of U. S. and British trade union leaders to take Anglo-American organized labor out of the Moscow-dominated World Federation of Trade Unions.

Union officials of both countries are beginning conferences in London next week looking to this far-reaching move. The project contemplates the creation of a new world organization, unless there is a house-clearing by the WFTU with its membership of 70 million in 60 countries.

The significance is this: Red-controlled trade unions in Europe have provided Moscow with its most potent weapons in the revolution for the spread of communism. Italy and France are examples of countries which were brought close to disaster by Bolshevik influence over labor. Numerous lesser states have succumbed.

Naturally one of the first moves Moscow makes in starting a campaign in a new country is to bore into trade unions. The objective always is key executive positions through which the Reds aim to control the organization.

Well, American and British labor have spotted the rats boring in. They are seeing red. Hence the move to disassociate themselves from the World Federation of Trade Unions which is credited with being the Bolshevik line.

Americans expected to attend the London conference next week are James Carey, secretary-treasurer of the CIO; Walter R. Reuther, president of the United Auto Workers; and David McDonald, secretary-treasurer of the United Steel Workers. Britain will be represented by Arthur Deakin, secretary of the British Trades Union Congress, and other TUC officials.

In March British labor leaders met with heads of the American Federation of Labor in the United States. The AFL is said to have indicated a willingness to discuss joining a new federation.

This movement actually had its inception a year ago at a meeting of labor representatives from countries in the Marshall Plan. The World Federation of Trade Unions had thumbs down on the re-orientation project.

A little later a trade union conference was held in London to try to avert a split in the WFTU over the Marshall Plan. Besides the American CIO and the British Trades Union Congress, the trades organizations of thirteen other nations were represented. The WFTU stayed away.

Then six months ago the British Trades Union Congress branded the WFTU as a Communist propaganda organization. The TUC served notice that the WFTU either must suspend for a year to clean house, or the TUC would resign from membership. The WFTU executive council is meeting in Paris this month to consider this demand.

London expects that if this proposal is rejected, the British and Americans then will announce plans for a new world federation. A new federation would give a great lift to the cause of democracy.

State Senators Highly Dignified Compared With Representatives

By MARTHA COLE
AUSTIN —(AP)—Shifting from the Texas House of Representatives to the State Senate is like walking out of Grand Central Station into the rare Tibetan manuscript room of a public library.

Each senator sits at his own private desk in a big dark red leather swivel chair with the seal of Texas stamped in the leather. Each has his private wastebasket and cuspidor.

When he wants a page boy he gives a discreet little clap-clap with his hands, and the boy gumshoes over the emerald green carpet.

Lt. Gov. Allan Shivers slams his gavel sharply to keep that decorum.

The rules help, too. The senators can't very well get ram-bunctious when they have to be so polite.

"You've got to have on a blue serge suit and face a certain way before you can talk," Senator Wardlow Lane of Center was complaining yesterday.

Senator Fred Harris of Dallas was standing up at his desk talking. Lane stood up.

"Will the senator yield?" Lane asked respectfully.

"Not at the present because I have a great school of thought here," Harris responded.

"Well, I wouldn't want you to yield under those unusual circumstances," Lane retorted, and sat down.

Laughter began, but Shivers almost cracked the wooden block on his stand calling for order. "You gotta be nice in the Senate. Tain't so in the House, a friendly little rivalry over who can make the bright remarks goes on amid the general confusion on the floor."

Rep. George Parkhouse of Dallas got up to the microphone to say someone had left an overcoat in his room.

"What time did they leave it there, George?" A member yelled from the floor. Parkhouse grinned and waved his hand.

Speaker Durwood Mansford grinned and said he was ready for motion to adjourn. Someone yelled—"Yeah, it's time." Amid eyes and noses to which no one paid attention the House adjourned.

3 Charged With Rape Of Ex-Wac

GUAM —(AP)—Three Negro U. S. Air Force men were charged with raping pretty Ruth Farnsworth, former WAC, and leaving her unconscious in the jungle to die.

A lie detector and a recovered smock broke the month-old mystery.

The American governor of Guam identified the accused as: Pvt. Calvin Dennis, 26, Frederick, Md.; Pvt. Herman Dennis, 20, Indianapolis (A relative at that address said Dennis existed from there but actually lived at Belton, Tex.); Staff Sgt. Robert W. Burns, 32, Spokane, Wash.

Calvin and Herman are brothers. The three are accused of kidnapping, rape and murder.

Miss Farnsworth, 27, of San Francisco, was seized Dec. 11 in a jade shop where she was working part time so she could buy a trousseau for her marriage next April to a Marine. She was knocked unconscious, carried out to a jungle and raped. A searching party of soldiers and Marines found her there 12 hours later. She died Dec. 13 without recovering consciousness.

Lt. Cmdr. James T. Hackett, assistant chief of Guam police, said the brothers confessed their part in the crime after a lie detector trapped Herman.

Then, Hackett said, Miss Farnsworth's frock was found in a weapon carrier of which Calvin Dennis was the driver. The torn garment was under the seat. Hackett, a Chicago police lieutenant on leave with the Navy, said Herman Dennis later led officers to a point near the jungle spot where Miss Farnsworth's sandals previously had been found.

There, after crying out not to be asked to go further, Herman reenacted the crime, Hackett asserted.

The three men were arraigned Thursday in an island court. Air Force authorities waived jurisdiction and the trial was expected to be in a civil court, subject to approval by the Navy.

Hatch Is Named To Judge's Post

WASHINGTON —(AP)—Former Senator Carl Hatch was nominated by President Truman to be a federal district judge in New Mexico.

Other nominations include: Gen. Omar Bradley, Army chief of staff, to the permanent rank of 4-star general. He is now a major general with the temporary rank of full general.

James Boyd of Colorado to be director of the Bureau of Mines.

Gen. Carl Spaatz, former chief of staff of the Air Force, for appointment as General, U. S. Air Force, with rank from Feb. 11, 1945, under provisions of Public Law 781, 80th Congress.

Admiral Raymond A. Spruance for permanent appointment in the grade of permanent admiral in the Navy as authorized by the same law.

Japan had more than 1,000 earthquakes in the single month of September, 1923.

Trotting horses frequently can be converted into pacers, merely by the use of a lighter set of shoes.

FLOYD WALKER'S FOOD TREATS

We urge our customers to try a few of our RICHIELEU products. We guarantee you that you will not be disappointed in its quality. For example we have RICHIELEU whole canned sweet potatoes, yuccum packed in 1-lb. 2-oz. cans, packed dry without syrup or brine, ready cooked, ready to heat and serve in your favorite recipe.

Other values at our store this week include a large No. 2 1/2 can Earllett peas, in halves, for 29c. Try our Del Monis Spinach in a 10.5 can for 15c. For those hot cakes and waffles may we suggest a sack Great Golden Syrup. We have it in half gallon size for 49c. We have vinegar by the quart for 10c, and Canadian white corn meal, 5-lb. sack for 38c. In the dessert line we have blackberries in a No. 2 can for 25c.

In addition to his fine line of fresh meats this week, Mr. Anderson suggests you try our Clover-bloom Longhorn Cheese at 45c a lb. Another good suggestion from our market would be our fresh Channel Catfish.

Shop the convenient way, at Floyd Walker's Grocery, 400 North Cuyler.

Look up! look out!

Good Bread Makes Better Toast

When you have Coston bread and toast it... you taste all the rich goodness and QUALITY baked into this fine bread. Choose from several varieties.

WOMAN'S WORK IS EASILY DONE Electrically

REMEMBER when grandmother sighed over the wisdom in the old saying "Man works from sun to sun... woman's work is never done?" It's not like that today... thanks to electricity.

In a home where electricity is used, woman's work can be done much more easily, and rapidly than in the old days. Too, it's done economically, because the cost of dependable electrical service is so low.

Look around your home and notice in how many ways electric service is making it easier for you to be a real homemaker. You'll be surprised and pleased, and odds are you'll soon be shopping for more electrical appliances to take even more work off your hands.

Good That Came Out of Nazareth

BY WILLIAM E. GILROY, D. D.
It would be interesting to know how many of the great teachers and leaders, religious and otherwise, have come from small towns and lowly homes. Jesus came from both. He was a small-town boy, and the carpenter's home in Nazareth must have been quite lowly. But Jesus glorified both the small town and the lowly home. It was a part of His mission in life to bring blessedness and glory into humble lives and lowly places, to give new life and new environment, no matter how ordinary and commonplace everything had been before.

The little town of Nazareth would never have been heard of but for the Boy who grew up there. It was just an ordinary, unremarkable Galilean village. It is not mentioned anywhere in the Old Testament, and there is no reference to it in the pages of Josephus, or in the Talmud. If men spoke of it at all, it was as a no-account place, one in our modern world might speak of "Podunk," or some typically no-account and unimportant place. It was not without warrant that Nathaniel said, "Can any good thing come out of Nazareth?"

Yet the best of all came out of that hill village. The unknown town was destined to become among the world's most famous places. And, best of all, the town, ignored or held in mild contempt, was strangely well fitted to be the environment

of that wonderful Boy. Here, remote from busy and troubled Jerusalem, the Boy could grow up in that normal development, which Luke sums up in the simple sentence, "And Jesus increased in wisdom and stature, and in favor with God and man." These words, of Luke are all that we have concerning the long years of preparation from 12 to 30. Yet to some extent we can fill in the picture, and what we find further emphasizes the fitting nature of that home and environment in Nazareth.

The great caravans of trade, though they never touched the village, passed nearby in the valley, typical of the busy world, and of the "uttermost parts," to which the Master was to send the ambassadors of the Gospel. Here, too, though a town boy, He was near to the farms and fields, to husbandry and shepherds.

Remote, yet near to the world with its teeming masses and its tense problems, was the hill village. And near to the heart and mind of the growing Boy was the synagogue, to which He went "as was His custom," and to which He returned to begin His ministry.

Can any good thing come out of Nazareth? "Come and see."

Plateau Singing Convention to Be Conducted Soon

The semi-annual Plateau Singing Convention will be held at 11:30 a.m. Sunday, Jan. 23, at the United Pentecostal Church, 1046 Brown.

Representatives from 10 states will attend the meeting, and the Stamp-Baxter quartet singers and the Stamp Music Company of Dallas will participate.

John Ed Taylor, Caayon, is president of the group. On the committee from Pampa are J. E. White, M. M. Keaton, Thomas C. Toshi, G. R. Pfeil, J. P. Stephens and the Rev. Luther Reed of the Pentecostal Holiness Church.

Several of the churches have been participating in the singing conventions, and all are invited to attend. Other listings have been dropped because evident errors have not been available. Information was not available. The News would like to have listings on all churches—but correct ones.

Let the youngsters in your family make the meeting a sugar for tapping cookies or cake or pudding desserts. All of these to be had a drop or two of vegetable coloring into a little granulated sugar.

Zion Lutheran Church News

Holy Communion will be celebrated in the regular morning service at 11 a.m. Sunday at the Zion Lutheran Church. The pastor in his sermon will speak about God-pleasing preparation for the Lord's Supper, using as his text the words of God as found in First Corinthians 11, 28-32.

In Sunday School the children will study the story of Jesus' flight into Egypt. The Adult Bible Class will continue its study of Christian stewardship under the topic, "Glorifying God."

Christian Science Sunday Services

"Life" is the subject of the Lesson-Sermon which will be read in all Churches, of Christ, Scientist, on Sunday, Jan. 16.

The Golden Text is: "Labour not for that which perisheth, but for that which endureth unto everlasting life, which the Son of man shall give unto you" (John 6:27).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And this is the record, that God hath given to us eternal life, and this life is in his Son" (1 John 5:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key

TEEN TALK

By VIVIAN BROWN
AP Newsfeatures

What do the stars predict for bright chills in this new year? Now that sloppy clothes and goon talk have been ditched what has happened to the Belle Teena and her boy friends?

W-a-a-l! let's take a look. . . IN ATLANTA the younger girls show a tendency to want to make things, our informant tells us. Surprise: They are busy in the kitchen making waffles, cakes with fluffy icing and salads. Though they are not as clothes conscious as Big Sis they make with a needle and thread when they want something new. And symphonies and concerts now are as much a part of their record collection as current song hits.

HAND 'N' GLOVE WITH LOVE EVEN HOLLYWOOD'S Peggy Ann Garner has been spurred on to do something creative. Peggy just has designed some hep-mits for home-wearing teen agers. Instead of wearing common white cotton gloves while doing home chores, Peggy suggests brightening up busy hands with brilliant colors which can't help but make the dulllest duty seem fun. You wear them in matched pairs or exchange a left hand glove with your current date, wearing one orange and one blue or one green and one red, etc.

RED HOT AND BLUE AT THE BROOKLYN HIGH SCHOOL FOR HOME-MAKING, girls have organized a teenage girls orchestra. They play at high school dances and at one dance for high-school boys, the girls reported the boys said: "we've never heard a better band." Were they flattered? You bet! Some of the girls are looking forward to a professional career in music, others are studying dressmaking, nursing, millinery. One girl plans to be a laboratory technician.

HOGGIN' MOOLAH Farms can produce money for young people, too. Kenneth LeWayne Cheatham, 19, of Greenville, Ill., proved that when he topped a group of 213 young farmers and received the American Farmer degree at the Future Farmers of America convention. Kenneth earned \$9,000 by his agricultural efforts while attending high school. It was his Ohio proved Chester hogs that gave him the financial boost he needed to enter the University of Illinois.

SMART GIRLS, HUH! Hard at studies, too, are ambitious girls. At St. Lawrence University, Canton, O., scholastic averages for the 1948-49 fall term show, co-ed undergraduates lead the S.L.U. men by 79.93 percent to 78.847 percent.

BEAUTY WISE Getting the best of everything out of Pandora's box are a group of teen-age girls of the Grand Street Settlement, N. Y., who attend classes which sell them "how to groom appearance for career while grooming studies for it." Makeup and hairstyling is taught by experts.

DAFFY-DILLERS At Normandy high school in St. Louis, the rage is daffynitions. Here is a glance at their revised dictionary published in their "Courier."

The New Look . . . Something that makes you look twice as hard at half as much.

to the Scriptures" by Mary Baker Eddy; "Jesus taught the way of Life by demonstration, that we may understand how this divine Principle heals the sick, casts out error, and triumphs over death" (page 26).

TESTED TIPS By Jack and Betty Gray

DRIVE IN!
TO MAKE SQUAWKING NEELS GO AWAY, DRIVE IN SEVERAL SMALL BRADS. THIS PREVENTS LAYERS OF LEATHER FROM RUBBING TOGETHER—WHICH IS WHAT CAUSES THE SQUAWK!

KIDDY KORNER!
TRY THIS TRICK ON DAD AND MOM! BET 'EM YOU CAN BLOW OVER THE BIGGEST BOOK IN THE HOUSE! CAUSE YOU CAN! STAND BOOK ON PAPER BAG—BLOW INTO BAG—AND DOWN THE BOOK WILL FALL!

GARLIC GUARD!
"THREAD" GARLIC BEFORE DROPPING INTO STEU OR SPAGHETTI, WRAPPING END OF THREAD AROUND HANDLE. PULL OUT BEFORE SERVING—SO NOBODY WILL ACCIDENTALLY "CHOMP DOWN" ON THE STUFF!

EGG SALAD SANDWICHES
Eg salad sandwiches are especially delicious when the chopped or mashed hard-cooked eggs are mixed with finely cut celery or green pepper and a little crisply cooked bacon. Moisten the filling with mayonnaise or creamy-type salad dressing to which a bit of onion juice has been added.

Fat Is Not a Nice Word When Applied to the Body

Don't say it's your thyroid while reaching for the box of chocolates. Possibly one bulky person in 100 has some glandular disturbance and that is truly a case for a physician. Never take any treatment for a gland condition without your doctor's advice. But for the other 99 per cent who are trying to fight the "Battle of the Bulges" common sense is the watchword. It is not necessary to overeat and it is not necessary to go hungry, either. Furthermore, it just doesn't make sense to go on a strenuous diet—take off weight and then quickly put it back on again when the diet period is over. For it is obvious that one cannot continue a starvation diet over a protracted period. Within the last year or so, several diet and vitamin "plans" have appeared on the market, which mean cut down on the food intake and fortify with vitamins for hunger distress. But as mentioned above, you can't keep this up very long and when you quit—the back comes the fat.

An exhaustive survey recently made among Texas druggists showed one outstanding reducing aid is not based on the diet and vitamin "plan." It allows you to eat plenty. You eat all you want but you eat LESS. Sounds like double talk, but it isn't. It definitely stops you from eating more than necessary for the energy you spend. At the same time, it dehydrates and eliminates.

Nearly one and a half million bottles of this preparation, called Barcentrate has been sold in Texas in the past four years.

You can get a four-ounce bottle of Barcentrate from any Texas druggist. Mix with 18 ounces of canned grapefruit juice and take just two tablespoonful twice a day.

If the very first bottle doesn't show you the simple, easy way to lose that ugly fat, the makers agree to refund your money.

Francis Hunt Receives the 'Outstanding Boxer' Award

Champions were crowned last night in the All-City Boxing Tournament before a crowd of about 1300 fight fans, who saw some of the finest fighting this city has ever had the opportunity to witness in the amateur class. The fights this final night were even more packed with action and good fighting than Wednesday night's bouts. A total of fourteen knockouts were scored, and many more knockdowns. Again the fine display of sportsmanship was prevalent throughout the night.

School Division

McPherson-Lockhardt
125-Pound Class — The opening fight of the night featured Bob McPherson and Barton Lockhardt, who were battling to see who would meet Paul Tollison for this weight crown. Lockhardt was the aggressor and the fancier of the two boys, landing more blows. He staggered McPherson with a hard right in the first round. The third round found both boys swinging wildly, and doing little damage. The decision went to Lockhardt.

Gray-Wilhelm
108-Pound Class — This was the shortest bout of the night. Bob Wilhelm came out of his corner and smothered Billy Gray under a volley of blows to earn himself a TKO in 30 seconds of the first round.

Bennett-Kelly
112-Pound Class — A smooth working Jim Bennett found a tough customer in Don Kelly, and the two of them put on a fight filled with action throughout. Bennett got tangled in the ropes late in the first round and choked himself slightly, but came back strong in the second round to stagger Kelly with a hard right. The two boys slugged it out, toe to toe to the end. The decision went to Bennett.

Hinkley-Bowers
147-Pound Class — Bob Hinkley also found he had a fight on his hands when the long-reaching James Bower tagged him a couple of times in the opening round. Time and again, Hinkley got Bowers on the ropes and gave him a good body workout, but he also got jarred several times himself. The decision went to Hinkley in a fast, rugged fight.

Hunt-Young
160-Pound Class — Cool and sharp looking Francis Hunt took his time about punishing John Young, but after staggering him several times in the first round, Hunt KO'd the very game Young after 45 seconds of the second round.

Martin-Kelly
175-Pound Class — Leon Kelly, a hard hitter, had Jimmy Martin groggy through most of the first round, but couldn't stop the tough, rugged boy. He gave him much punishment, but could not knock him off his feet. Finally, referee Ham Luna stopped the fight. Kelly winning by a TKO in one minute and 20 seconds of the second round.

Tollison-Lockhardt
135-Pound Class — In his second fight of the evening, Barton Lockhardt met with rugged Paul Tollison. Both boys liked to give out punishment, though Lockhardt was the sharper and better trained of the two. The entire fight was fast and furious, with Lockhardt constantly connecting with his left, and Tollison throwing in looping rights. It was a furious fight all the way, with the decision going to Lockhardt.

Watkins-Barnett
100-Pound Class — Herman Watkins and Bobby Barnett put on a fast three rounds of give and take, with Watkins giving just a little more than Barnett, mostly in the third round, when he stopped Barnett short a couple of times. The decision went to Watkins.

Gilmore-Roberts
125-Pound Class — A fancier Jim Gilmore outboxed and out-

SPORTS

Pampa News, Friday, January 14, 1949 Page 5

Harvesters Start Battle for District 1 Title Tonight; Play Lubbock Tomorrow

The Pampa Harvesters open up their quest for the district basketball crown tonight at Borger when they tangle with the Bulldogs in the first of two important games to be played this weekend. On Saturday night they meet the Lubbock Westerners here, in the home opener for district play.

The Borger team holds a record of 20 victories and 7 defeats so far this season, one of the losses being a 44-33 decision to Amarillo. They also hold a 59-33 record over Stratford, who topped the local 35-33 in their first game of the season.

Coach Tex Hana has nine let-terms back this year, which should be a good foundation for a strong squad. The sharpest shooters on the squad are Tom Hooper, 6-foot forward, and Jimmy Brown, a 5-foot, 10-inch guard who can can those long set shots. The rest of the starting squad will be composed of Jerry Glass at center, Homer Hampton at the other forward, and either R. C. Dalton or Tommy McCord at the other guard post.

Tickets for the Borger game are on sale at the school business office in the city hall. Student tickets may be purchased at the gymnasium in Borger.

The Saturday night fracas with Lubbock will probably be the toughest of the two games. The Harvesters hold a 30-29 decision over the Westerners, the championship game of the Brownwood Tournament. Lubbock has won 12 out of 13.

The Westerners' scoring attack has been paced by Charley Galek, a fine forward, who has a good eye for the bucket. They have a lot of height, with four boys stretching out over six feet.

The remaining members of the starting squad will most likely be Jim Sexton, Jim Wilson, Morris Turner and Blair Hankins.

Defensively, the Westerners use a zone defense, which could give the Green and Gold some trouble on this narrow floor, but Coach McNeeley has been working the boys hard, and they will be ready to crack through that zone. Lubbock meets Amarillo, at Amarillo, tonight.

A statistical chart of the Harvesters scoring for the 13 games played so far shows the following:

Player	PG	FT	TP
Galek	57	25	142
Howard	45	19	109

Game time is set for 8 p.m. both days. As yet, despite telegrams and air mail letters, no repairman has been sent out to fix the new scoreboard which "froze up" its first night of operation. It is still hoped that it will be ready to go Saturday night.

The Pampa Guerrilla cagers will go to Wheeler this weekend for a tournament, therefore there will only be one game here Saturday night.

The Reservoir basketball team will be at Phillips this afternoon to take on the Phillips Junior High team.

The Carver Hi cagers, both boys and girls, will play two games with Paducah High School at the gymnasium tonight, game time is 7:30.

Detroit, Denver, Hammond and Waterloo are the four new teams in the National Pro Basketball League this season.

Borger Olympics
LAREDO —(AP)—Ninety-eight colleges and high schools have received invitations to compete in the 1949 Border Olympics Track and Field meet here March 11-12.

The Pampa Oilers management released some welcome information this morning when R. L. Edmondson, owner of the Oilers, announced the purchase of Virgil Richardson from the Dallas club of the Texas League. Richardson is a strong favorite with Pampa fans, and will be welcomed back to the Oilers with open arms. He played here last in 1946, when he batted cleanup and played first base. The purchase price was not disclosed.

Last season Richardson played with the Lubbock Hubbers who finished the season in third place in the West Texas-New Mexico League. With Lubbock, Richardson hit .397 in 138 games, going to bat 508 times, getting 201 hits, good for 375 total bases and 152 runs. Included in his hits were 48 doubles, 6 triples and 28 home runs. He sacrificed 6 times, received 121 bases on balls, was hit by the pitcher 3 times, struck out 29 times and stole 6 bases. He drove in 196 runs for Lubbock.

Defensively he played the entire season at first base, having 1203 putouts, 48 assists, committing 17 errors, participating in 138 double plays and having a fielding average of .987.

He is a dangerous clutch hitter, one who can hit that long ball at anytime, and he will most certainly be a welcome addition to the Oilers.

His presence gives the Oilers a strong team for next season. The pitching will be about seven deep, with the acquisition of the boys drafted, and already the baseball fever is starting to grow in the city.

Edmondson stated that the Oilers management is endeavoring to bring Pampa the finest team possible, and will continue to make deals that will strengthen the club.

Richardson holds a couple of fielding records in the league, having made the most putouts, 18, in one game. He holds the record for the most chances accepted in a game, 18; the most putouts in a season, 1232; the most total chances in a season, 1285; and he shares the records for the best fielding average, .988. The last four records were accomplished while playing with the Oilers in '46.

WARREN'S WARM UP

By Warren Hass—News Sports Editor

QUESTION: What is the approximate speed of a pitch-fast ball?

BOXING TOURNEY: After getting-off to a slow start, list of entrants in the All-City Tournament grew by 10 and bounds from 6 to 8 o'clock Wednesday night. Only 23 fighters had weighed in up to that time.

BETTER BOWLING

By BILLY SIXTY
ARRANGE THE PINS: Here's a good trick, for advanced bowlers and beginner as well, from Joe Wilman, former world match champion. He applies it in teaching, and also in keeping his own precise delivery polished.

What Wilman's trick amounts to is moving the pins up from the standard 60 feet away from the foul line to only 15 or 20 feet away! The trick though, comes in being able to do this in your mind's eye.

The veteran sharpshooter explains that it is the easiest way to acquire accuracy. If you bowl a straight ball, you shoot to hit the No. 3 pin in the imaginary or advanced setup. In that way, the ball will find the desired strike pocket between the Nos. 1 and 3 pins. With a short-breaking hook, the target in practice should be the right side of the No. 3. With a slow wide-breaking (curve) ball, aim to hit the No. 6 on the inside (left).

Deliver the ball from an identical position at the foul line method . . . approximately eight inches in from the right hand gutter. For this reason: The delivery can then be readily adjusted to regulate the amount of break toward the pins.

Keeping the body relaxed and making it easier to get a long swing-through are the big advantages in moving the pins closer (mentally) when you use Wilman's set procedure. But keep this in mind: The fundamentals are still with you. When the ball is released, the arm should reach out, always pointing at the target-pin.

Rules Committee Okays Patoons

PALM SPRINGS, Calif. —(AP)—There won't be much difference in the matter of wholesale substitutions running on and off college football fields next fall, but the game will be a little more exciting and a little less rough.

Here are the new statuses on the subject:

Coaches will not be permitted to send one player at a time into the game while the clock is running—a practice that brought on the push button term. That's out.

They will be able, when the ball changes hands, to send in as many players as desired on either team. But subs must be in and ready to play while the clock is running and before the customary 25-second period elapses from the time the referee placed the ball in position.

Encouragement to offense is contained in these rules:

A player can elect to run back a punt from scrimmage if the ball is caught in the end zone. This used to be an automatic touchback and the ball was placed in play on the 20-yard line.

If a punt receiver gets nailed in the end zone, back of the goal line, it still goes as a touchback and the ball goes to the 20-yard line. If he is tackled on the one yard line, that's where it goes into play.

Passing behind the goal line was encouraged. A new rule says if a legal forward pass is incomplete in the offensive team's end zone, it is to be ruled an incomplete pass instead of a safety, as the old college rule stipulated.

An intercepted pass, in or out of the end zone, or a recovered fumble, in or out, naturally goes for a touchdown for the opposing team.

bing the tendencies of a player to toss the ball ahead a few yards and out of bounds when he fumbles, the committee

Curls Are Hereditary, Too

Little Billy Gilbert, 3, his long blond curls hanging well below his shoulders, looks at a picture of his father, taken when the old man had curls, too. His mother and father, Mr. and Mrs. William Gilbert of Chicago, reluctantly decided that Billy was old enough to have his curls clipped.

Lincoln Set Record for Presidential Inaugurals

By HAL BOYLE
NEW YORK—(AP)—Harry S. Truman may have the biggest presidential inauguration festival in American history. But he'll have to go some to beat one record set by a homely Republican predecessor.

Radio Ham Moves Train In Storm

FORT WORTH—(AP)—When ice-laden wires and poles began snapping all over the South Plains and West Texas Tuesday, dozens of cities and towns suddenly found themselves alone in the world because those broken lines not only represented telephone and telegraph circuits, among them were railroad, oil and power wires.

George Washington was the only president inaugurated in two cities—New York and Philadelphia. Washington's second inaugural address was the shortest yet—134 words. Franklin D. Roosevelt returned to this pattern some years later. In his fourth inaugural address, FDR used only 530 words. William Henry Harrison drew a huge crowd to his inaugural. A month later there came an even larger crowd—to his funeral. The old hero, most elderly man ever elected to the White House, caught a cold at the first ceremony, and wore himself out dancing at each of three inaugural balls that night.

On a number of occasions it appears someone forgot to invite the weather forecaster. Bad weather hampered the ceremonies at inaugurations of James Madison, William Henry Harrison, James K. Polk (he was sworn into office under an umbrella), Benjamin Harrison, William H. Taft, and Franklin D. Roosevelt, who took the oath bare-headed in the rain in 1907. By 1944, his fourth time up, wisecracks were saying Roosevelt knew the oath backwards.

Two of the biggest inaugural eggs were laid by a chunky man who fought the South with a cigar in his mouth—Gen. U. S. Grant. Both ceremonies were mismanaged duels. The general was so mad at retiring President Andrew Johnson that he let Johnson know he couldn't even come along for the ride.

Several hundred canaries helped turn the second Grant inaugural ball into a \$60,000 turkey. It was so cold the birds refused to sing or fly around the ballroom, the food was too chilled to eat, and the canaries and the guests sat there in their feathered and furred and glared at each other.

Another oddity: no American mother actually watched her son become president until James A. Garfield's inaugural. Garfield's first act as the nation's leader was to kiss the woman who had borne him in a frontier log cabin 49 years before. But her pride did not outlive the year. An assassin struck down the President four months later.

Perhaps the strangest and most moving induction into the presidency was that of Calvin Coolidge, sworn into the highest office in the land by his own father, in a Vermont farmhouse lit only by a flickering kerosene lamp. No other father has had that privilege.

All that's left of this bridge, which once spanned the canal at Karlsruhe, in Berlin, Germany, is one iron girder. The small bridge was destroyed by the retreating German army in 1945. But the Germans, even old women, like the one being helped down, still use the precarious crossing. (Photo by NEA-Acme staff correspondent Joe Schuppe.)

education and the juvenile training code commission before planning his final budget suggestions to the Legislature.

Meanwhile, Speaker of the House Durwood Manford was putting in long hours to clear the way for House action Monday.

He reported completion yesterday of the job of hiring House employees. The speaker has to approve hiring of stenographers, secretaries and committee clerks recommended by House members.

Manford said he would be ready to hold conferences with representatives beginning Monday on their committee assignment preferences.

Over in the Senate, more than 30 bills were introduced before the Legislature took off for the long weekend. Among the measures were bills which would increase the amount paid by the state for special instruction and special equipment for crippled children from \$200 to \$300 a year per child and widen the age limits—now 6 to 17 to 6 to 20.

Subject electric cooperatives to the same taxes paid by private electric companies, including franchise, state and local ad valorem and all other taxes authorized by the Constitution and laws of the state.

Create a state real estate commission to maintain a list of real estate dealers and salesmen. Repeal the state luxury excise tax on radios, cosmetics and playing cards, items which Senator Keith Kelly of Fort Worth considers "unnecessary to the modern way of life."

FUNDS

(Continued From Page 1)
comes in. The question remaining is whether the commission can—or will—donate the difference on a pro rata basis, from their own precinct funds, which is allowable by law, according to the county auditor.

Bids on the three trucks and car, being sold because their part of the county's caliche program is over and there is nothing for them to do except to be jacked up and stored, are to be in the hands of the Commissioners' Court by 10 a. m. Jan. 19.

The Court approved a payment of \$943.20 to Leroy Daniels for 2,558 fence posts, at 40 cents apiece, to complete fencing of right-of-way along Highway 70 north to the county line.

Applications for \$25 per month pay increases for Assessor, County Agent Vic Joyner and Mrs. Ethel Anderson of the welfare office were approved.

The Court recessed until Jan. 19.

WEST TEXAS

(Continued From Page 1)
tially restored to some points yesterday. Continental and Greyhound bus lines yesterday reported their schedules from Dallas into the storm section were back to normal. Highway travel was possible in the affected area without extreme danger.

Texas amateur radio operators and the Navy pitched in to handle messages to many points with communication blackouts.

Many farmers and ranchers in the Abilene and Lubbock areas were pleased with the moisture left by melting snow and ice and light rain.

Few livestock losses were reported.

the Pacific Northwest. It cut the supply of water for power generators and forced restrictions on the use of electricity.

A breakdown on the states' hardest hit by the early January weather included: California—19 deaths. In addition to the \$43,400,000 crop damage, more than \$1 million damage resulted from oil smudging in citrus groves. Clothes and paint jobs on buildings were damaged from smudge pots used to heat the groves. One citrus grower committed suicide because of his crop loss.

Arizona—freeze damaged an estimated 80 to 70 percent of the remaining citrus crop with \$2 million loss.

Texas—eight deaths. Southwestern Bell estimated damage to its telephone equipment at \$350,000. Southwestern Associated Phone Company reported some \$70,000 damage. Livestock loss reported "considerable." Prices of Texas citrus fruits went up sharply as a result of the California cold.

Pair Held on Liquor Charges

State Liquor Control Board agents swooped down on the Pampa Flats this week, nabbing two men for selling liquor during prohibitive hours.

Both pleaded not guilty, one going free on \$1,000 bond and the other remaining in jail in default of \$1,000 bond.

The complaints were filed by Agent Bill Money of the Amarillo District Office and the charges lodged by County Attorney John Studer.

In jail is Buford L. Bennett of The Plains, who was picked up late yesterday afternoon. Lemon Jones, also of The Plains, was released after his arrest yesterday when he posted the \$1,000 bond.

No date has been set for the trial.

Services Sunday For War Dead

A military funeral for Pfc. Jack H. D. Hoff, 25, son of J. H. Hoff, pioneer resident of Hutchinson County, will be held at 2:30 p. m. Sunday at Alameda.

Hoff's body was recently returned from St. Avalon, a French military cemetery.

In addition to his father, he is survived by five brothers, Tom of Dalhart, and Mrs. McCord; Frank of Dalhart, and Mrs. McCord; Lamka and G. F. Branson.

Public Improvements Committee, Ed Weiss, chairman; Paul Crouch, W. E. Moore, A. C. Troop, G. J. Payne, J. D. Pitts, W. B. Weathered, J. W. Duncan and Floyd Watson.

ECONOMISTS

(Continued From Page 1)
titled to make it.

The news conference discussion of taxes came as a bi-partisan Congressional bloc gathered strength for a battle to trim down Mr. Truman's \$41,858,000,000 budget for the fiscal year beginning July 1—the largest peacetime budget in history. Senator Byrd (D-Va) sounded the refrain that "with a little economy no new taxes will be needed."

Congressional reaction to the President's mention of the \$6,000 and up income figure—for more taxes—was instant. It ran like this:

Senator Taft (R-Ohio)—"I'm opposed to any increase in taxes."

Chairman George (D-Ga) of the Senate Finance Committee—"It's obvious that if we are to raise \$4 billion in taxes, about half of that amount will have to come out of corporation levies and about half out of personal income taxes. To get \$2 billion more in personal income taxes, we will have to go down to incomes of \$6,000 or even less."

Chairman Doughton (D-NC) of the House Ways and Means Committee—"I hope we won't need to raise taxes as much as the President thinks is necessary."

Amid all the talk and maneuver, here is about how the tax situation shapes up in the House:

1. It is doubtful that any kind of a tax-boosting bill could pass Congress right at this time.

2. A bi-partisan drive is on to cut Mr. Truman's spending outlay.

3. The success or failure of this drive will determine what Congress does on taxes. If Congress appropriates more money than there are revenues in sight, taxes likely will be increased. Many lawmakers want a balanced budget, even if it means more taxes.

4. With this in mind administration Congressional leaders probably will put off the tax show-down until May or June, after it becomes clear whether the government will spend next year \$41,858,000,000 or more.

APPROVAL

(Continued From Page 1)
nia. He cited his early advocacy of the Marshall Plan aid to European nations outside the Communist orbit.

He said solemnly that he was—and remains—a friend of Alger Hiss. He noted that he was not closely associated with Hiss until he became undersecretary in 1946.

Hiss, who worked for years in the State Department, is under indictment for perjury in connection with the Alger Hiss case. He never furnished secret information to Whittaker Chambers, admitted former Communist courier.

Acheson's expected confirmation will mark the first cabinet since the November election.

Mr. Truman told his news conference yesterday that there won't be any more changes in advance of his inauguration Jan. 20.

PEACE

(Continued From Page 1)
agreement.

Ralph J. Bunche, the United Nations' acting Palestine mediator, urged the negotiators to hurry.

"You cannot afford to fail," he said. "You must succeed."

Bunche was chosen as chairman for the sessions.

His expressions of hope for success by the chiefs of the two national delegations, Egyptian Col. Mohamed Ibrahim, Self Eddine and Israeli Walter Eytan.

McLean Plans New City Hall

(Special)—J. Roy Smith, Amarillo architect, has been employed by the McLean City Council to make a preliminary survey and present an estimate of the cost of a new combination gymnasium and City Hall.

The council rejected the idea of moving the former Pampa Army Air Field Gymnasium to McLean.

Smith's estimate will be based on the use of all new materials, Mayor Boyd Meador said. A second estimate based on the use of as much old materials from the air field gym will also be made, which, officials said, would reduce the cost from 15 to 30 percent.

The air field gym was bought by the McLean School Board several months ago.

If built, the new City Hall-gymnasium will probably be built on city property immediately north of the present City Hall.

Canadian Plans 4-H Calf Show

(Special)—The Canadian Chamber of Commerce in its regular monthly meeting Monday night, voted to sponsor a 4-H Club calf show again this year. Walter Grist was named chairman of a committee to plan and conduct the show.

The Canadian calf show will likely be held late in February, immediately preceding the Amarillo Fat Stock Show.

Tentative plans were made for holding an auction sale at the close of the show for the benefit of the

boys who might wish to sell calves rather than incur the additional expense of entering a tant show.

Other matters discussed were annual banquet to be held Feb. 20 and the annual membership drive which got underway at once.

SECTION THIRTY-THREE - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION THIRTY-FOUR - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION THIRTY-FIVE - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION THIRTY-SIX - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION THIRTY-SEVEN - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION THIRTY-EIGHT - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION THIRTY-NINE - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION FORTY - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION FORTY-ONE - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION FORTY-TWO - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION FORTY-THREE - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION FORTY-FOUR - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION FORTY-FIVE - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION FORTY-SIX - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION FORTY-SEVEN - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION FORTY-EIGHT - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

SECTION FORTY-NINE - Every owner, occupant, tenant or lessee of a house or building used for residential, office or commercial purposes is required to maintain constant supervision over the premises under his control, and to see that no garbage or trash receptacle on his premises, and if either the garbage or trash receptacle should not be emptied and the contents removed by the City of Pampa, or other duly authorized person, the owner, occupant, tenant or lessee must notify the Information Clerk, City Hall, in writing of this fact within ten days of the date of the violation.

Texas Senators Agree on Jobs

WASHINGTON - (AP) - Texas two senators have jointly endorsed jobs in their state. They urged John B. Dunlap of Dallas for collector of internal revenue for the Northern Texas District, and Kehoe C. Shannon of El Paso for United States marshal for Western Texas.

U. S. Senators Tom Connally and Lyndon B. Johnson made a joint statement on their choices Wednesday. Their action bore out previous indications they planned to work in harmony on patronage matters.

The President makes appointments. The Senate must approve them. President Truman is expected to follow recommendations of the two senators.

Connally told a reporter that in a conference which preceded their joint statement the senators briefly went over the whole patronage situation in Texas. He added that the only decisions reached were in their statement. He said they expect to take up

Texas Labor Appeals To State Legislature

AUSTIN - (AP) - Texas organized labor has appealed to the Legislature to repeal "the eleven vicious and undemocratic anti-labor laws now on the books."

"Voluntary mediation in emergency situations" was named as a substitute for the existing laws. The written appeal was made by representatives of the Texas State Federation of Labor (AFL),

the matter of a collector of customs for the Galveston district in a "week or ten days." Also to be taken up, "when we get to it" is appointment of a federal district attorney for the Eastern District of Texas, Connally said.

Johnston is in his first term as a senator. He succeeded W. Lee O'Daniel, who was at constant odds with Connally over patronage.

Dunlap has been acting collector for about two years. Shannon has had a court appointment as marshal since January, 1947.

The Retail Liquor permit applied for will be used in the conduct of a business at Corner Drug Store, 908 Alcock St., Pampa, Texas. CORNER DRUG STORE By Harold R. McMurray Owner

Now BRANIFF ADDS SERVICE TO LA PAZ, BOLIVIA. South American Flites START JAN. 31. Good news for travelers, shippers, tourists and manufacturers - Braniff adds air service to another South American country, effective Jan. 31st two flights weekly, each way, will connect Lima, Peru, and La Paz, Bolivia. Braniff flights through the Houston Air-Gateway are the shortest, most direct route to Havana; Mexico - Panama City, Guayaquil, Ecuador; Lima, Peru - and now La Paz, Bolivia. Braniff flights through the Houston Air-Gateway are the shortest, most direct route to Havana; Mexico - Panama City, Guayaquil, Ecuador; Lima, Peru - and now La Paz, Bolivia. Braniff flights through the Houston Air-Gateway are the shortest, most direct route to Havana; Mexico - Panama City, Guayaquil, Ecuador; Lima, Peru - and now La Paz, Bolivia.

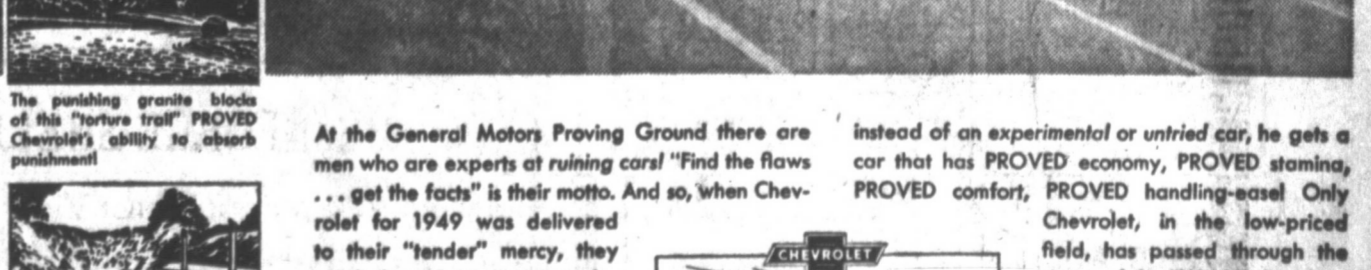

Coming JAN. 22 New Chevrolet for '49. Tested and Proved... ON THE WORLD'S TOUGHEST PROVING GROUND!

Mile after mile they put it through its paces... proved its speed, its acceleration, its economy!

Proved on the toughest grades... the new Chevrolet takes hills in its stride. Its power will still you.

The General Motors Proving Ground there are men who are experts at ruling cars! "Find the flaws... get the facts" is their motto. And so, when Chevrolet for 1949 was delivered to their "tender" mercy, they put it through its paces so vigorously and so thoroughly that there was no chance for basic weaknesses to go undetected. What a break for the buyer...

Instead of an experimental or untried car, he gets a car that has PROVED economy, PROVED stamina, PROVED comfort, PROVED handling-ease! Only Chevrolet, in the low-priced field, has passed through the rigors of the "World's Toughest Proving Ground" and comes to you thoroughly TESTED, thoroughly PROVED and thoroughly APPROVED!

CARNIVAL
By DICK TURNER

"How come all the surprise? Why shouldn't I be the Miss Perkins who wanted her house painted?"

Wash Tubbs

SO YOU'LL STICK BY MY EXECUTION? WE MAY HAVE TIPPED OFF POLICE AND HAD YOU ARRESTED?

WASN'T IT OCCURRED TO YOU THAT WE MIGHT HAVE TIPPED OFF POLICE AND HAD YOU ARRESTED?

WITH YOU IN JAIL, HE COULD KEEP MOST OF THE TREASURE!

BLAMEY! 'E WOULDNA 'AD TO DIVVY UP TH' BRASS 'E GOT FER TH' RELICS!

AN' NOBODY BUT YOU KNEW WHERE I WUZ, YOU DOUBLE-CROSSIN' SCUM!

SHUT UP, YOU IDIOT! I DIDN'T TIP 'EM OFF!

NO... I DID! AND THIS LOOKS LIKE THE END OF A BEAUTIFUL FRIENDSHIP, CONSTABLE!

Red Ryder

THIS IS THE FIRST TIME I'VE EVER WELCOMED A PAK RAT! HE'S BACK OF ME AND GETTIN' CURIOUS!

HE'S DOING IT--GNAWING MY RAWHIDE BONDS? HOLD STILL, ME!

I'M FREE!

ONE-EYE SHOULD HAVE KNOWN A RAT SHE'S RAWHIDE! NOW FOR MY BOOTS--OUT THE WINDOW AND AN UNSOCIAL CALL ON ONE-EYE!

Boots

HERE HE IS! "LOVESICK", IN PERSON!

OH, NOW, GEE, WAZZ!

"EAGER" WEAVER!!!

Freckles

T-R-A-C-K! STOP, LARD!

COME ON, GET UP! YOU'RE OKAY!

SAYS YOU!

YELLING "TRACK" IS NO EXCUSE FOR KNOCKING PEOPLE DOWN!

YOU'RE UTTERLY TOOTIN' IT ISN'T!

NOW IF YOU USED THE CORRECT SKIN-TERM--BAHN-FREI--THAT WOULD HAVE BEEN DIFFERENT!

Mutt & Jeff

WHY YOU... THE NERVE OF THAT KID! AND LOOK AT HIM STAND THERE! I'LL ILL--

GOOD LIL' BOYS DON'T THROW SNOWBALLS AT BIG--PEOPLE!

Vic Flint

I THOUGHT YOU'D BE TICKLED PINK AT TAKING A TRIP TO PARIS TO PICK UP THE LA FLEUR COLLECTION, BOTTY.

NOW YOU'RE ADMITTING THAT LA FLEUR IS THE CZAR OF THE FASHION WORLD!

WHEN LA FLEUR JUMPS FROM NOW ON, WE'LL JUMP.

WHICH WAY LA FLEUR IS JUMPING THIS SPRING?

Mickey Finn

SO IT'S THE CHARITY BALL TONIGHT, EH, UNCLE PHIL?

YEAH! AND I'VE GONNA MISS AN IMPORTANT MEETIN' AT THE LODGE, TOO!

HE'S SURE A GLUTTON FOR PUNISHMENT!

I JUST HOPE HE DOESN'T CRACK UNDER THE STRAIN!

HOW CAN HE CONCEAL THE WAY HE FEELS ABOUT HER, MRS. FINN? YOU'D THINK SHE'D SEE IT!

WELL, HE CAN BE A GREAT ACTOR WHEN HE WANTS TO BE, FLOSSIE--AND HE FEELS THAT HE'S FIGHTING FOR A WORTHY CAUSE!

YOU DANCE DIVINELY, PHIL!

AND SO DO YOU, HORTENSE! YOU'RE AS LIGHT AS A FEATHER!

Bugs Bunny

CAN YA BUST A TEN DOLLAR BILL, DOC?

THERE YOU ARE!

HEY! WHAT ABOUT PAYIN' YOUR FARE?

I AIN'T GOIN' NOWHERES! I JUST NEEDED TH' CHANGE!

Penny

THAT WAS A DELICIOUS SUPPER, MY DEAR!

WELL, SELECTED FOODS, EXPERTLY COOKED AND TEMPTINGLY SERVED...

TRULY I HAVE A JEWEL OF A WIFE!

YOUR HUSBAND, TOO, WILL SAY THESE THINGS WHEN YOU USE THE NEW STEAMO MAGICOOK--

Penny

WHO'S YOUR DATE TONIGHT, PRINCESS?

DON SCORCHER.

NOTHING DOING! I'VE SEEN THAT SCOUND UP HOT ROD HE TEARS AROUND IN--NO DAUGHTER OF MINE IS GOING RIDING IN THAT THING!

OH, HE DOESN'T HAVE THAT ANY MORE.

WELL, THAT MAKES IT DIFFERENT.

HE SWAPPED IT FOR A MOTORCYCLE.
