The Gorilla Is Back to Try To Choke M. Olson Tonight

College Cagers Workout Tonight

NEW YORK —(AP)—College basketball activity picks up tonight after a lull due to mid-term exams.

An intersectional doubleheader scheduled for the Cow Palace in San Francisco, Arizona is pitted against St. Mary's of California and the touring University of Pittsburgh quintet takes on Illinois.

Other attractive games tonight include Butler at Ohio University at Colorado Springs; Army at Swarthmore; Utah State at Denver; Murray (Ky) at Louisville; Washington at Oregon State; in Jose at Stanford; Providence at Seton Hall and North Carolina at Richmond.

Wake Forest's 52 to 50 South Conference triumph over Duke last night's competition. Texas Wesleyan, an eastern team, rallied to beat Siena, 49, in an overtime struggle before 5,000 at Albany, N. Y. The game lasted 39-33, with five minutes left but gained a 45-43 on John Seagrist's basket in a final second of regulation. Seagrist then went on to tally two decisive field goals in an extra period.

Alabama nipped Auburn, 39 to 31, in a Southeastern Conference tilt. In other games Michigan State walloped Wayne of Detroit, 63-48; Evansville trimmed southern Illinois, 84-67 and New Orleans Loyola took Louisiana Tech, 49-44.

Tonight's mat card at the Sportatorium features a couple of tough heavyweights. Milt Olson and Gorilla Poggi. These two boys went to it in the Australian Tag match here last week, with Olson's team being the ultimate winner.

The Gorilla took over when LaDue had Olson down and nearly lay out through choking tactics. Poggi continued the choking accompanying it with a hammerlock. The hold was broken several times by referee Billy McEhin, but Gorilla always returned to continue choking. When he wouldn't break the hold, McEhin attempted to pull him off, and Gorilla promptly slugged McEhin, which meant an automatic disqualification for that fall. As the team of Olson and Estes already had one fall at the time, this gave them the match.

Olson is looking forward to getting even with Poggi for the severe choking he received that night, and this will be his chance. The preliminary event is between Billy Hickson and a new matman in the area, George Buckman. Nothing is known about Buckman, but Hickson is noted as being the fastest, cleverest and cleanest batter to appear here in a long, long time.

The referee will be Glen Detton, and starting time is 8:15.

WARREN'S WARM UP

QUESTION: Who is going to win tonight the Harvesters or the Sandies?

POSTPONEMENT: All week long Sandy Coach T. G. Hull has been trying to get tonight's game with the Harvesters postponed until a later date, using various sundry excuses for the reason. But the Pampa coach and school heads would have nothing to do with it, and will be in Amarillo tonight regardless of the weather.

One reason that Hull had given was the adverse weather that has been present this week. That will not stop the Green and Gold from making the trip. If the roads are impassable, the team will go by train. And at present it doesn't appear that weather conditions will be any excuse for the game being postponed. Yet Hull wanted to use that excuse in the middle of the week, before he knew what the weather would be.

Another reason given was that it would interfere with the Golden Gloves meet now on at Amarillo and vice versa. Both sports can be played without bothering each other. They will both be held in different buildings, and that is certainly no excuse.

The third reason given was that they were unable to get officials that both coaches would agree upon. If so, it is the case, the blame lies with the Sandy Coach, as Coach McNeely sent a list of the officials he would accept to Amarillo over two months ago.

No effort was made by the Amarillo men to obtain the officials at that time, preferring to wait until the last minute, when all the officials would be booked. Coach McNeely had already contacted two officials early in the year, and made arrangements for them to work both the Amarillo games, here and there. But as no invitation was forthcoming from Amarillo for them to referee there, they went ahead and booked games. Now Hull would agree to those two boys, but he couldn't get them.

Coach McNeely gave Hull a list of 10 officials that he approved of having, but Hull didn't want them. He wanted some "home" of which there was none on McNeely's list. It was feared that the argument would end up with the Interscholastic Athletic League having to send the referees out of Austin for the game. But finally, late yesterday afternoon, Hull obtained two of the officials on the list, having given up hope that the Harvesters would agree to cancel the game. The men who will run the game are Cotton Neely from Lubbock and Klummons, who is principal of the Phillips High School. These two men are good officials and it is certain that a good job will be done.

Conference AA Baseball Setup

AUSTIN —(AP)—Tentative organization of Interscholastic League baseball districts was announced here today.

A state championship race will be held in conference AA and in the Big City Conference. Conference A schools will play to regional championships, and Conference B will go only as far as bi-district titles.

The closing dates for assignments to a conference in March 1. Here is the tentative AA setup:

1. Amarillo, Borger, Brownfield, Lubbock, Pampa, Plainview.
2. Childress, Elgin, Graham, Quanah, Vernal, Weatherford.
3. Abilene, Big Spring, Lamesa, Midland, Odessa, San Angelo, Sweetwater.
4. Austin (El Paso), Bowie (El Paso), El Paso, Yalata.
5. Bonham, Denison, Greenville, Greenville, Paris, Sherman.
6. Denton Grand Prairie, Highland Park (Dallas), McKinney.
7. Breckenridge, Brownwood, Cisco, Mineral Wells, Stephenville, Weatherford.
8. Gladewater, Henderson, Kilgore, Longview, Marshall, Tarrant, Tyler.
9. Cleburne, Corsicana, Ennis, Hillsboro, Temple Waco, Waxahatchie.

ANSWER: Warmup likes the Harvesters by 7 points. How about you?

HAPPY BIRTHDAY: To Coach Noncaster, who is either 21 or 22 today. He can't remember which, but he's looking on his birth certificate to see. And another flock of good wishes to Coach Tom Tippa who celebrates his tomorrow. He claims to be just turning 21.

Tourney To Alpine

WICHITA, Kans. —(AP)—The National Baseball Congress today announced that Alpine had been awarded one of the series of district championship tournaments to be staged throughout Texas, preceding the fourteenth annual state tournament at San Antonio, starting July 25.

The franchise was issued to the Alpine Junior Chamber of Commerce with Jim Francis of Alpine named district commissioner to supervise the event.

This will be one of 16 district meets to be established throughout Texas by State Commissioner Jerry Felle of San Antonio. District Champions and leaders of July 1 standing in N.B.C. affiliated leagues will be eligible to compete in the San Antonio playoffs for the right to represent Texas in the annual National Tourney at Wichita, Aug. 19 to 31.

Conroe Wildcats are the defending Texas champions, having later finished in a tie for seventh place in the official U. S. professional ratings by their showing in the 1948 National meet.

See Texas As Future Home Of Poloists

HARLINGEN —(AP)— Cecil Smith, the polo great, sees a great revival of interest in the game as the result of summer schools for young players being inaugurated in the East and Midwest.

He thinks however, that no area will do more to build polo back to its pre-war status than Texas.

Smith, a 10-goal star, has been in the Rio Grande Valley participating in a number of matches and said he was impressed with the tremendous interest in polo in this section and at San Antonio.

"The Valley's warm, dry climate is attracting more and more of the nation's best players for the winter season," he observed. "Playing with veterans such as York Raliff of Llano, Tex., and Jack Ivory of Detroit, I believe the Valley's younger players will be quickly able to hold their own against any sort of competition."

Smith said that Texas not only was producing some of the very best young players and the weather is favorable for almost year-around practice and play, but practically all of the top ponies now are either bred or trained in this state, which is furnishing mounts for the polo world.

"Young Texans riding on these superbly-trained ponies will rise to the top of the polo world," he forecast.

"More and more big-time matches will be played here," Smith added.

He said he believed George Oliver's summer school for young players at Blindbrook Polo Club in Westchester County, N. Y., will be of great significance in bringing the game back to its former level. Peter Perkins, a top figure in polo today, recently was in the Rio Grande Valley for a match and announced he planned a similar school at the Oakbrook Polo Club in Hinsdale, Ill. where there are 10 fields.

Smith, 44, is one of two men with 10-goal ratings. The other is Stewart Iglehart. Smith singles out these as top players in the game today: Iglehart, Winston Guest, Michael Phipps, Perkins and Oliver. Oliver, now at nine goals, and Perkins, at eight, are players Smith thinks will hit and stay at 10 goals. Among the Texas men are Larry Sherrin of San Antonio, who has reached four goal rating, and John and Tobin Armstrong, sons of the well-known player, Charles Armstrong, who also are now at four goals.

Smith also has been impressed with the play of John Abbott, who has been in the game only a year.

Intend to Make Sandies The 17th Straight Victim

Tonight the Harvesters start a week of basketball that can leave them as the district champion, or can put them in the also-ran league. They journey to Amarillo to meet the Sandies at the Sports Arena in a game scheduled to start at 8:15, and also to be broadcast at that time.

The other jobs they must conquer within a week's time include Borger, here Tuesday night, and Lubbock at Lubbock a week from tonight. Lubbock and Amarillo both have lost only one game, and another defeat will more than likely knock either of them out of the race. No team this season can afford to lose two games and still expect to win the district championship.

The status of tonight's fracas has been in doubt for the past few days as Coach Hull of the Sandies has been reluctant to play, thinking up various excuses why the game should be postponed. But for his information Coach McNeely informed him every day this week, and sometimes several times a day, that the Harvesters will be in Amarillo and ready to play what the scheduled time, no matter what the weather conditions may be.

The Harvesters held a light workout yesterday to taper off for this battle, and they look to be in fine shape, physically and mentally. A fine battle looms for the fans who will journey to Sandytown to follow the Harvesters.

After the battle with the Harvesters, the Sandstorm has to travel to Lubbock for a Saturday night encounter, unless Coach Hull can beg off of that game as he did the Borger game early this week, and has tried to do with the Pampa affair. The West-erners already hold one conference victory over the Hullmen, and Saturday night looks like it will bring their second one. The West-erners are mighty tough when they are on their home floor, and they should knock off the Sandies.

But we'll be looking for you at the Sports Arena tonight.

Larson to Newark

NEWARK, Ohio —(AP)— Carl Larson, former business manager of the Lubbock, Tex., baseball club, is the new business manager for the Newark Yankees of the Ohio-Indiana Class D League. His appointment was announced yesterday by Yankee President Harry Arnold.

Men: Take Your Wife to Banquet

The ticket sale for the Chamber of Commerce Athletic Banquet on the night of February 3 is moving along rapidly. The tickets are on sale at the Chamber of Commerce office, Wilson Drug, Richard's Drug and the Courthouse Cafe. This will be a fine evening's entertainment for the family, so you husbands give your wife the night off and take her out to the banquet. Also see the movies of the Orange Bowl football game which will be shown.

The guest speaker will be Eck Curtis, backfield coach of the University of Texas Longhorns. And he is anticipating bringing along two of Pampa's former football greats now performing on the gridirons with the UT squads, Randy Clay and Carl Maves.

McGing the banquet will be given by Vineyard, music will be furnished by Ken's Combo, and special entertainment will be provided by a vocal quartette.

The banquet will be held in the Senior High cafeteria and will start at 7:30 p.m.

Miss Kirk Still Wins

MIAMI, Fla. —(AP)—Peggy Kirk of Findlay, Ohio, who ended her second round match on the 11th hole yesterday, meets Alice O'Neal of Indianapolis, Ind., today in the quarter finals of the 17th annual Helen Lee Doherty Women's Golf Tournament.

Miss Kirk, who fired a three under women's par 73 over the Miami Country Club course for medalist honors, yesterday carded a sizzling two under men's par 34 on the front nine and ended her second round match with Mrs. Frank Fuller of Miami on the 11th hole with an 8 and 7 victory.

Dollar Debt Paid; After 14 Years

TEXARKANA —(AP)—After reading this story there will be little doubt concerning the honesty of Chief Quartermaster A. C. Sumner who is attached to the Texarkana Navy recruiting service.

It was 14 1/2 years ago that Sumner borrowed one dollar from Thomas Lowry, now a retired Navy chief living in Shreveport, La. Sumner was in boot camp at the time and needed the buck for a toothbrush. He had been called out and his pay had not arrived.

He promised Lowry he would pay him back. Before the pay arrived Sumner shipped out. Time passed and Sumner's path did not cross his creditor's path. Then last week they met in Shreveport. Immediately after greetings were exchanged, Sumner pulled out a dollar bill and handed it to Lowry.

Cardinals Sold

ST. LOUIS, —(AP)—Robert E. Hannegan, former postmaster general, sold his interest in the St. Louis Cardinals Thursday to his partner, Fred M. Saigh, Jr. Hannegan told a press conference in his Sportsman's Park office that he is getting out of baseball on orders from his physician.

Saigh becomes president and majority stockholder of the Cardinals, which he and Hannegan bought in November, 1947, from Sam Breadon.

Neither would disclose the price involved in the transfer of stock, dismissing questions with "no comment," but speculation was that Hannegan will receive not less than \$1,000,000.

When the Cardinals were purchased from Breadon for \$4,000,000 representing a price of \$400 a share, Hannegan and Saigh were reported to be fifty-fifty on the deal.

Robinson Tries Again

WACO, —(AP)—Jackie Robinson, Baylor's Olympic basketball star, may play the cap left in the Bear lineup by the injury to Bill Johnson.

Robinson, who quit basketball because of a calcium deposit on his knee, plans to practice several days before making a final decision on whether he can enter competition.

Johnson fractured three vertebrae in an automobile accident Tuesday night and will be out the remainder of the season.

Robinson sparked Baylor to the Southwest Conference championship last year and made the victorious U. S. Olympic basketball team.

Private Capital Said Ready For Truman's Aid Program

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

President Truman's idealistic project of aiding backward countries is described by Secretary of State Acheson as a proposal for raising living standards in order to promote political improvements and greater liberty. It would use material means for a non-material end.

Already talks are in progress between United Nations economists and the State Department on the implications of Mr. Truman's idea. Over in Europe British Foreign Secretary Bevin pledges that England will join the United States in an all out "answer-to communism" crusade against poverty in Africa and the East.

Thus we are beginning to move from the broad conception of the idea towards concrete definition and details for implementation. Don't let anybody tell you ideals don't count. They're about the only things that do count.

One of my early introductions to this thought came back in World War I when I was attached to British general headquarters in France as war correspondent. The morale of many of the troops was buoyed up by the idealism of Woodrow Wilson in his call for self-determination of small nations and for making the world safe for democracy. Day after day as I went up and down the fighting front British officers would stop me and ask eagerly: "What does President Wilson say today."

Such morale is needed as much today as it is in war. But to get back to this thought of helping underprivileged peoples. You can't imagine how many folks fall in that category until you've traveled abroad.

I've knocked about a lot in the Western hemisphere, in Europe and in Asia. I've been in so many countries I don't know their number offhand. But I can tell you from personal observation that there are literally hundreds of millions of unfortunates who rarely if ever even have enough

But doesn't charity begin at home? Sure it does, and we've got a lot of inequalities to iron out here in America. Moreover, we haven't any money to throw away.

However, that needn't prevent consideration of the idea of helping the other fellow, especially since by strengthening him we may help defeat Bolshevik aggression.

In this connection Secretary Acheson has made an important declaration. He says that very great reservoirs of private capital are available to back the President's proposal.

Winter's Drouth Officially Broken

AUSTIN —(AP)—U. S. Department of Agriculture made it official: the drouth is broken. In its survey of farm and ranch conditions, the USDA said:

"With few exceptions, practically all areas of the state received generous supplies of moisture during the past two weeks, effectively breaking the long and extended fall and winter drouth."

The moisture situation is uniformly more encouraging than at any time since May, 1947.

Four West Coast Oil Companies Cut Price

SAN FRANCISCO —(AP)—Four major oil companies operating on the West Coast have reduced the price they are paying for heavy fuel oil, cutting it 25 cents a barrel.

Standard, Shell, Richfield and Union are offering \$2 a barrel for heavy fuel oil—the type used by railroads, steamships and utility plants. Medium and light grades were reduced 15 cents a barrel.

The companies said increased crude oil production was the reason for the price cuts.

Boyle Meets 'Kissin' Jim'

By HAL BOYLE
MONTGOMERY, Ala. —(AP)—The Governor of Alabama plunked one big foot on the drawing room sofa, stretched another long leg on the coffee table and said: "I ain't had my political honeymoon, but I'm going to get it. The people are going to insist on it."

"The people say, 'Why don't they let 'Big Jim' alone?' The people in the streets and the people at the branch heads—they demand a man having his chance. And I ain't had mine."

Easing his six-foot-eight-inch frame deep into the sofa, "Kissin' Jim" Folsom said: "I been in two years now. Morally, essentially and excecively speaking, my administration has been a success."

"But my legislative record is a failure. The Legislature hasn't followed what the people endorsed. I haven't had the political honeymoon that any Governor is supposed to get. And the people are saying if 'Big Jim' don't get it this year from the Legislature, then he'll get it next year in the election."

As he spoke his pretty, brown-haired wife, soon to be a mother, played an old tune on a piano in an upstairs room of the executive mansion. It was "The Missouri Waltz."

"Big Jim" cocked his head and smiled. "That's my favorite tune," he said. Folsom's current hero in American politics is Harry Truman. He says his state program for Alabama is the same as the Truman national program. And he feels, like Truman, he has had an uphill fight.

Kissin' Jim divides Alabama's population into two classes—the "got rocks," who are agin' him, and "the people," who are for him. He doesn't include anybody who opposes him the "the people."

All of Folsom's critics—and they are highly vocal about it—elected nobody can teach him anything about the art of getting elected. But they don't think he has shown much talent for governing.

And this riles every one of Big Jim's 265 pounds. "When you hire a man to mow your lawn, you give him a chance to see whether he can mow it before you start kicking him around," he complained. "But they started right in kicking me before I had a chance to show them. Even so we've raised school teacher pay from an average of \$1,200 to \$1,900 in two years. And the poll tax? I just been bald headed and wide open for repeal of the poll tax."

Big Jim still has two years to serve. Under state law he can't succeed himself.

Highway Dept. Well Organized

AUSTIN —(AP)—The state auditor called the Highway Department "one of the state's best organized and operated departments."

Auditor C. H. Cavness, after a thorough study of the huge department's complicated financial operations, said he found everything in good order.

His study covered the fiscal year that ended Aug. 31, 1948. The report showed a big increase of vehicle fee registration funds, paralleling the increase in the number of new cars available. Registration fees jumped from \$22 million plus last year to \$39 million plus last year.

Highway Department records showed that construction projects totalling more than \$83 million were started during the year. Projects completed during the year came to \$71 million plus.

Purchases of equipment also showed a big increase, compared with war and immediate post-war years when it was hard to get. In 1944, the department was able to buy equipment of a total value of \$187,000 dollars. In 1948 this jumped to \$4 million.

Abandoned Baby Named After Doctor

DALLAS —(AP)—A Negro baby found in a garbage can here has been named Christine.

Parkland Hospital workers named the child after Dr. Christine Zaratonetis, resident physician who took care of the premature girl.

A garbage collecting crew, detecting a whimper as they emptied a refuse receptacle, found the baby earlier this week. More than 100 Negro families seek to adopt the infant girl, who "till is in an incubator."

Fair Enough - by Westbrook Pegler

WASHINGTON - Not hostility to a man or a political party but self-interest and a love of country, compel a citizen who has seen and heard President Truman since he first came to the Senate, to compare his performance long past and recent with his professions and his frequent pious intimations.

There had been a few who thought Governor Dewey had been a bad loser in refusing to squander public money in a campaign for the open car with Mr. Truman and lower his silk hat in tribute to the victor.

Truman was a senator with a very bad background. If he was not an accomplice of an old rogue, who got much of his income in the brass checks of the prostitutes in the Kansas City brothels, then he certainly must have been an adulterous conceiver.

Yet, when he asked the reporters for their prayers, I thought here was a home-spun fellow after all, remembering in trouble the little petitions that his mother had taught him and most of them like a scared child.

But, finally, when he did say it out loud, in his inaugural address in the Hollywood Grecian matuloseum on the back stoop of the Capitol, I found myself saying to myself as I played fancy flicks, cross-handed and every old way, on my typewriter in the "That guy is kidding the public. He is a phoney like Roosevelt with his 'you know and I know' and 'your government,' and 'your President.' This 'help me' and 'pray for me' bushwash is an I recognize the type now. You see them out West. Thin-lipped, a hater, a bad man in any fight.

news behind the news

By RAY TUCKER WASHINGTON - In an attempt to assure favorable action on President Truman's record peace-time budget of almost forty-two billion dollars, Democratic House leaders have manipulated legislative machinery in a way that is regarded as even more "revolutionary and dictatorial."

It is the second Democratic coup to weaken the opposition even more seriously than when their Capitol Hill representation was reduced sharply at the polls.

THREATENING - But the newer rearrangement of legislative strength and procedure, which occurred at the first behind-the-scenes organization meeting of the House Appropriations Committee.

President Truman's tax free "expense account" came under the fire of Republican representatives rolled the pay raise bill thru the house.

By the device of giving Mr. Truman \$190,000 a year, part of it taxable and part of it tax free, Rep. Church of Evanston pointed out, congress has given him the equivalent of a salary in the neighborhood of \$300,000 a year.

Not content with giving their leaders, including the Vice President and speaker, a free ride on March 15, the house Democrats also sought to extend the tax dodging privilege to their party.

Mr. Truman, Mr. Barkley, Speaker Rayburn, members of congress who voted themselves \$2500 tax free "expense accounts" several years ago, and the U.N. bunglers have become members of the first privileged class the United States has ever known.

QUICKIES By Ken Reynolds

THE AMERICAN WAY A REPUBLICAN REBELS By George Peck Speculation continues as to why President Truman was able to contain the pollsters and upset the Dewey apple cart. A reader of my column has sent me a copy of a letter which he sent on December 31, 1948, to the Republican National Committee. This letter was in reply to a solicitation of financial support. If this letter reflects the viewpoint of many members of the Republican Party (the number of letters I have received from others expressing similar sentiments would indicate that it does), perhaps here we have the real answer as to why a plurality of the American people refused to buy Mr. Dewey's apples. At my rate, I am confident the letter alone without further comment, it reads as follows: "I have your letter of December 6 asking for a continuance of my 40 years' support of the Republican Party. I fall to see why I should continue this support. "I object to paternalism in Government, which leads to the complete futility of Socialism. There are several good organizations fighting this paternalism, but the Republican Party is not one of them. "I object to the stupidity that encourages the Government to tax dollars from me, take them to the Federal Treasury, send them from there to my State Treasury, from there to my Municipal Treasury, from there to a gift from the Federal Treasury. This is a waste of dollars. If these same dollars were paid direct to my Municipal Treasury, they would be worth at least 25 per cent more, and a lot of the bureaucrats would be engaged in productive labor instead of bringing votes to their respective administrations. The Republican Party does nothing about this. "I object to paying taxes to subsidize increased production of farm products that will have to be sold and destroyed by the Government. This is hard on the consumer, and in the long run bad for the farmer. The Republicans took no stand on this. "The Republican Party has fallen into the error of making its decisions on the number of votes it thinks it can buy, rather than on principle. Four times it has lost to the Democrats and is still puzzled to know why it lost. "Some 35 or 40 million voters did not go to the polls last November because they had no one to vote for. Why don't you go after those voters? "Alexander Hamilton, essentially a Republican, fought for the assumption of the debts of the states, and by winning established the credit of our new country and the foundations of its greatness to the world and consolidated the nation. "I didn't vote in 1896, but I remember the excitement of that campaign. 'Free silver' was popular as all free (sic) things are, but the Republicans fought for sound money, and in winning began an era of incredible prosperity for the people of this country. "The Republican Party needs the moral judgment to decide what is right and what is wrong. "It needs the integrity to believe in the right. "It needs the intelligence to present what is right so clearly and forcefully that the people will understand it. "When the Republican Party returns to its heritage of morality, integrity and intelligence, which enabled it to lead the country to greatness in the past, it will be glad again to contribute, and will go with a prayer of thankfulness in my heart. "Until then, good-bye." by imparting to the British people his own anxieties. If there was little in his speech to bring comfort to the world, there was as little which could plunge it into gloom. Mr. Bevin at the best of times is not the most explicit of speakers. On this occasion he seemed to go out of his way to be vague. For some obscure reason the Atlantic Pact, it transpires, is to lead to a rapprochement between France and Germany, and at some unspecified date the Foreign Secretary is to make a report to the Cabinet, bringing to an end the dismantling of German factories. While Russia is strengthening Eastern Germany for her own purposes Britain's insistence on progressively weakening Western Germany is a line of action running counter to American wishes, to say nothing of common sense - suggests of international policy shapers associated with Mr. Henry Morgenthau. The Foreign Minister did not tell us why. Perhaps the most interesting part of Mr. Bevin's speech was his prophecy of a time not far distant when his hearers would find "The Government of the Western World setting down together discussing a common Budget, a common cost and a common method of defense." Although this falls far short of the ideal world government advocated by many members of Mr. Bevin's party, it is still a horrific vision. What Budget imagines will there be to the world's production is fulfilled? What unlawful disclosures of military secrets! What choice rackets in the equipment and supply of the Western European Defence Forces! You can say so much against an excess-profits tax that I have difficulty in understanding what anybody has to say for it. - Sir Ralph Flanders (R) of Vermont. Jesus Never Gave in to Temptation

BY WILLIAM E. GILROY, D. D.
The writer of the Book of Hebrews says (Hebrew 4:15) that Jesus "was in all points tempted like as we are, yet without sin." We speak of "the temptation of Jesus," though as Matthew records them in Matthew 4, the temptations were three.

It is important, however, to realize that, if Jesus were tempted as we are, the temptations were not only three, nor were they all at that one time. As we read the Gospels we can see how persistent were the temptations to which the Master was subjected.

How else can we interpret His passionate rebuke of Peter, "Get thee behind me, Satan," when Peter had said to Him, "Be it far from thee, Lord, when the Master has spoken of His prospective sufferings and death? Was it not that Peter was voicing the temptation from within Jesus himself to renounce His mission and destiny, and turn from that way of sacrifice?"

And was it not this same temptation to which the Master struggled in that agony in the Garden of Gethsemane, when He prayed earnestly that the cup might pass from Him?

No, the temptation of Jesus was not all of one time or place. For Him, as for us, it lasted all through to the end, and His temptation by the disciples was, "Watch and pray."

Motorists Must Show Their Colors

In Jerusalem, an Israeli military policeman siphons a sample of gas from an auto in a check for unauthorized use of army supplies. Army gasoline has been colored to prevent illegal use. (Photo by NEA-Acme staff correspondent E. P. Han.)

JANUARY CLEAN-UP SALE

USED CARS

Folks there is no need to delay getting that new used car, the cold weather this month has caused our stock of used cars to build up to the point that we have to do something. So J. C. decided to cut the prices to the bone and give you good folks the opportunity to buy a good car at the lowest possible prices. Look below at the tremendous values, come in and let's do business, you will find this to be the cleanest stock of used cars ever offered at these prices.

PRICES CUT FROM \$100 TO \$150 ON EACH CAR

SEE WHAT YOU CAN SAVE

2 1948
