Visiting ministers, beginning of revivals, special music and services and regular Easter messages will be conducted Sunday by the various Pampa churches.

A stained glass window reproduction of "The Ascension of Christ" will be unveiled at the Church of the Brethren during the Easter morning worship service, it was announced by the Rev. Russell West, pastor.

The Rev. West, who has made Christian art interpretation his hobby, will devote his message to the painting both at the morning and evening services.

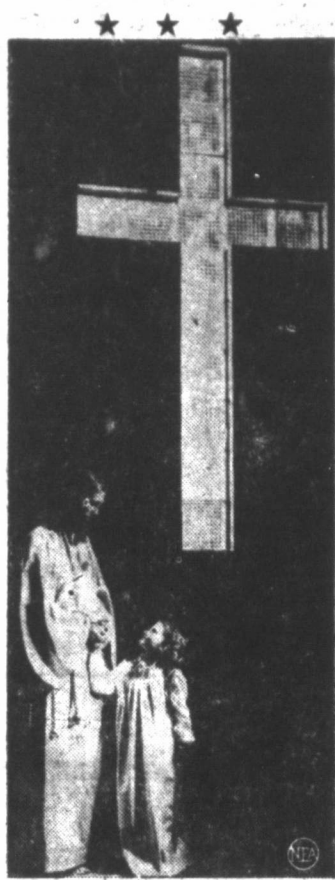

Sunday morning his subject will be "The First Great Message of Our Risen Lord," and the evening service will be "The Last Great Message of Our Risen Lord."

The glass was installed a few days ago by the Victory Glass Co., Oklahoma City and Dallas.

Wayne White, student at Baylor University, will address the Calvary Baptist congregation at the morning service, the Rev. O. Collins Webb said this morning.

The young people of the Assembly of God Church will highlight the morning services by presenting a cantata before the special Easter message by the Rev. H. E. Woods.

The First Baptist Church will begin its special revival Sunday which will last until April 24. Dr. Guy Newman, assistant to the president at Baylor University, will be present for the revival. Special music will be presented by the First Baptist choir both at (See EASTER, Page 10)

# Bond Issue Petitions Circulated

CANADIAN — (Special) — Two new Hemphill County bond issues are to be voted on soon if the required number of signatures are obtained on petitions being circulated here this week. One will be for \$30,000 to finance furnishing and operation of the new Hemphill County Memorial Hospital; and the other, of \$25,000, to provide a sinking fund for purchase of highway right-of-way.

The decision was made at a meeting of the Commissioners Court Tuesday afternoon, on the recommendation of C. M. Smith and J. M. Barker, members of the bond-handling Central Investment Company of Plainview.

According to Judge H. M. Wood and the investment counselors, no increase in tax rate will be necessary to float the two bond issues.

The hospital fund tax, which is already in force, will carry the \$30,000 hospital bond issue, Smith said. This issue would provide enough funds to complete furnishing and equipping the hospital—averting the necessity of soliciting public donations—and provide an operating fund.

The bond issue for right-of-way purchase would provide the county with funds for the purchase of rights-of-way for roads to be built under the farm-to-market program and other state designated roads.

Under the new rural roads program, Hemphill County will receive six to eight miles of paving annually for which right-of-way must be purchased. The county now has 12 miles of farm-to-market roads for which right-of-way must be purchased, in addition to right-of-way for the new Canadian River bridge approaches.

# Blue Baby Ready For Operation

DALLAS — (AP) — Little Travis Paul Shaw, Shreveport's blue baby, will undergo an operation here next Wednesday.

The child, nine months old, was flown here early this week to see Dallas physicians. After observation the doctors said yesterday they would operate next week.

Travis Paul is the son of Mr. and Mrs. Tulo Shaw, from Conway, La. Readers of the Shreveport Times contributed money to bring the child here.

# Canadian Sets Special Observances

CANADIAN — Special Easter observances are being planned at several Canadian churches this weekend and most churches will observe Easter Sunday with special services Sunday morning.

At the First Methodist Church, the choir will present an Easter Cantata at 7:30 p. m. Sunday.

At the First Presbyterian Church, where Holy Week services have been in progress this week, special Good Friday services will be held at 7:30 p. m. today in the WCTU building. There will be special music and a solo by Miss Helen Snyder.

The young people of the First Presbyterian Church will conduct sunrise services at the Shaller Ranch. Breakfast will be served, and the Rev. Harvey Parker, pastor, will speak on "The Meaning of Easter."

Special music and a baptismal service will feature the Easter morning services for the Presbyterians at 11 a. m. The new church building is still not ready for occupancy, and services will be held in the WCTU building.

No special services are planned at the First Baptist Church.

# Mrs. Ybarbo Is Released

FRANKFURT, Germany — (AP) — Gen. Lucius D. Clay today freed Mrs. Wilma Ybarbo, who had been serving a five-year sentence for killing her American soldier husband.

The American military governor ordered the Maiden, Mass., mother "returned to the United States" by earliest possible transportation to be released.

"I do not believe Mrs. Ybarbo to be a vicious person and I am sure that the remorse of conscience will prove punishment enough in the days ahead," Gen. Clay said in a statement.

# AIRPORT EXPANSION SOUGHT

## Government Would Aid in Expenses

The federal government will participate in the development of expanded facilities of the Pampa Municipal Airport if the county or city acquires ownership of the land.

This information was given officially yesterday afternoon during a special meeting of the Aviation Committee of the Chamber of Commerce, county and city officials and a delegation from McLean headed by Mayor Boyd Meador, with J. D. Church, Big Spring, district engineer for the Civil Aeronautics Administration, in the C of C office.

The age-old question of the airport's permanent location was finally settled when Church advised the group to develop and expand the facilities of the present site instead of moving it to what is known as Thompson Field about six miles northwest of the city. Church said the proximity of the present airport far outweighs all of the other advantages the Thompson Field might have including its runways. He explained too many people will pass up an airport located that far from the city because of transportation facilities to town.

Church advised the group that if they can acquire the land of the present Municipal Airport the government will participate 25 percent toward the purchase of the land and 80 percent towards administration building, and runways.

The land on which the airport is located is owned partly by the White Deer Land Company and partly by W. T. Wilks. The county currently holds the lease on the property, but it expires in 1952.

The government engineer also told the committee that the present airport meets all CAA requirements and is adequate for the needs of both Pioneer or Central Airlines should they decide to put Pampa on their lists for commercial purposes. He further advised the committee that he would prepare a set of (See GOVERNMENT, Page 10)

Now they waited for news from beyond the Communist-belt wall of silence as to how far these concessions go.

Pao Ching-an, government spokesman, told newsmen the formal peace talks opened in Communist Peiping Wednesday night. That was all the news he had.

Observers speculated that the government delegation now would try to stall on methods of complying with Communist conditions.

They took it for granted that the government had agreed to the conditions. These call for the surrender of the Yangtze river banks to Nationalist leaders as "war criminals," and a complete revamping of the government to give the Communists control, among other things.

Observers saw a chance that the talks of the government armistice they did after the delegation arrived in Peiping. That breakdown provoked a Communist ultimatum to accept the terms or the consequences.

The consequences would be a complete takeover of the Yangtze in force. This threat still hangs over Nanking and the Nationalist delegation.

Although Communist troops are reported to have withdrawn for several miles at the Yangtze, they still are in an excellent position for a swift and major drive across the river.

Local Lions Hear Borgan

Curtis Cryer, Borgan superintendent of schools, addressed the Lions Club luncheon meeting yesterday on "I Love Lincoln Because..."

After he was introduced by Borgan Lion Hudson Davis, Cryer went into the reasons why he admired Lions Clubs saying "Lions Clubs and other civic clubs create a civic pride within an individual which helps him understand the problems of his fellow men."

"The Borgan," High School boys quartet, presented three vocal numbers, "Lone Prairie," "Easter Parade" and "Ragtime Cowboy Joe." Boys comprising the quartet are Bob Miller, Neil Hawkins, Gene Thompson and Harold Brisby. Winnie B. Ross, Borgan High School student, accompanied the meeting in the absence of President H. P. Dosier.

The piano pupils of Leta Mae Hughes presented their spring recital in the School Auditorium Monday evening.

Those on the program were: Ginger Jones, Joyce Nicholas, Maymie McPherson, Gail Sargent, Myrtle Higdon, Mary Lou Tinkler, Audra Sargent and Barbara Jean Hughes.

After the recital, the pupils went to the home of Mrs. Hughes and enjoyed a social hour and refreshments.

Attending from Shamrock were Mrs. Nunnally, Mrs. Wyche, and Miss Gorton. They also attended the social hour.

Fire Damages Canadian Home

CANADIAN — (Special) — Fire originating in the kitchen—where a bit of loose wall paper may have been ignited by a burner of the gas range—caused several hundred dollars damage to the Pat Crawford home at Third and Elsie about 3 p. m. Thursday.

Firemen extinguished the blaze with a "booster line," but the fire had broken into the attic space and ignited the shingles. Poor water pressure at the fire plug hampered the firemen some, but fortunately no great amount of water was needed.

The house belongs to Mrs. Andrew Stephenson. Neither the house nor the contents were insured.

Thomas Warns of Cutting Draft Funds

WASHINGTON — (AP) — Rep. Thomas of Texas cautioned the House yesterday against "dangerous action" in cutting Selective Service funds in half.

The House by an 82 to 9 vote, however, trimmed the allotment to \$1,800,000. Thomas said least draft boards still must handle registration and already have been cut down to part time employees.

# 'Hypocrisy' Charge Flung at West By Soviet in Atlantic Pact Fight

NEW YORK — (AP) — A final Russian charge of "hypocrisy" flung at the Western powers wound up last night the first round of the battle over the North Atlantic Pact in the United Nations Assembly.

Some delegates said they hoped that finished the fight for this session of the assembly but others expressed belief the Russians would find an excuse to attack the North Atlantic Pact again.

Lull Falls Over Front On Yangtze

NANKING — (AP) — A lull fell today over the Yangtze, embattled river line between the Communists North and the Nationalist South.

It could only have been ordered by the Communists. They hold the cards in China's long and costly game of civil war.

Observers took the lull as additional proof that the Nationalist delegates at Peiping's "peace" conference had made concessions.

Now they waited for news from beyond the Communist-belt wall of silence as to how far these concessions go.

Pao Ching-an, government spokesman, told newsmen the formal peace talks opened in Communist Peiping Wednesday night. That was all the news he had.

Fire Damages Canadian Home

CANADIAN — (Special) — Fire originating in the kitchen—where a bit of loose wall paper may have been ignited by a burner of the gas range—caused several hundred dollars damage to the Pat Crawford home at Third and Elsie about 3 p. m. Thursday.

The assembly is expected to run at least a month longer.

Warren R. Austin, United States chief delegate, told the assembly the North Atlantic Pact is not aggressive; that the United States "abhors" war and does not want war with anyone.

Austin had waited more than 24 hours through a long and weary round of speeches for a chance to answer the initial blast at the pact launched Wednesday by Andrei A. Gromyko, Soviet deputy foreign minister.

Gromyko waited until Austin finished and then was recognized for a short reply to the American political leaders instead of by "pompous phrases about the struggle for peace and security."

He pointed to a recent speech by Rep. Clarence Cannon (D-Mo) about the need for a quick attack in the event of a war with Russia, and by other such statements published in U. S. newspapers as examples of purposes of the pact.

Gromyko said, finally, that the statements made by Austin and by Hector McNeil, British minister of state, in the assembly "are nothing but empty words."

McNeil challenged Gromyko yesterday to file a complaint against the North Atlantic Pact if he felt it violated the U. N. Charter.

The assembly adjourned at 10:17 p. m. (CST). The U. N. will not have major meetings until Monday because of the Easter holidays. The delegates will resume committee meetings at Lake Success Monday.

Court Sees Plans for 1950 Budget

CANADIAN — (Special) — Suggestions for revising county tax allocations under the 1950 budget, in an effort to correct some financial difficulties in the county government, were submitted to the county commissioners at a special session, leaving the Commissioners Court Tuesday afternoon.

C. M. Smith and J. M. Barker of the Central Investment Company of Plainview presented the suggested budget. While no official action was taken, commissioners appeared favorably impressed by the survey, and it was stated that the overall financial condition of the county is sound.

Recommendations included increasing county valuations by approximately 16 percent, and lowering the tax rate about 13-23 percent, leaving the actual tax bill for individual taxpayers at approximately the same level as in the past.

Smith recommended that the valuations be increased, in order to show a better financial rating for the county-bond issues.

The commissioners were also advised to reallocate taxes to various county funds in order to build up funds which are currently overdrawn at the expense of others which have built up a surplus.

The counsellors also recommended to the commissioners that all county officials be paid on a salary basis, instead of on a fee basis as at present. If the salary plan of payment is adopted, they point out, the county would automatically be eligible for a considerable amount of state aid.

# Lips Well Levels Off at Flow Of 521 Barrels After Acidizing

In the past 24 hours, ending at 7 a. m. today, Sinclair-Prairie's No. 1 Lips well in Roberts County flowed 521 barrels of oil, an average of nearly 22 barrels an hour.

A rumor that Sinclair was preparing to build a pipeline from the well to Pampa was discounted this morning by several oil company officials who said they had not heard of such a project.

The well's production over the last 24 hours represents a drop in rate of flow after it was acidized with 7,500 gallons of acid Wednesday. After acidizing, it flowed 616 barrels of oil in 17 hours and was flowing about 40 barrels an hour yesterday morning.

The heavy flow after acidizing and the subsequent drop after the treatment wears off is to be expected, a company official said this morning. "Any well will do that," he said. "What we are trying to do," he went on to explain, "is achieve the maximum flow with the least amount of water and gas."

Acidization is one of the processes in completing a well. It may be done a month or two, or longer, before the well settles down to its normal flow.

Pay in the No. 1 Lips, near the 8,900-foot level, is coming from the Middle Mississippian, the first time production has been found at that level.

A water well has been drilled and material is being moved in for the Sinclair-Prairie No. 2 Lips, to be drilled about one mile northwest of the No. 1. The No. 2 will go to the gas and distillate depth located in the first well. This pay in the Pennsylvania formation was found at the 5,200-foot level.

Group Told to Leave Town

Sheriff G. H. "Skinner" Kyle invited peddlers of a new kind this morning to drop Gray County dust from their automobile tires and seek greener pastures elsewhere.

Kyle reported a car load of men and women were approaching housewives here seeking to rent their telephones in an advertising scheme for a nearby weekly newspaper.

The peddlers told housewives they were selling advertising to local merchants and wanted access to their phone in order to call the advertising orders in to the paper. This plan gave the strangers free access to homes here at any time even though they were paying a nominal fee for the use of the phone.

One housewife became suspicious and called the Sheriff's Department. Kyle found the car parked on the street and checked on them. He told the News he learned the same group was ordered to leave Amarillo yesterday.

They were ordered to leave Pampa today, Kyle said.

Assault Case Being Probed

The Roberts County Grand Jury Monday will begin its investigation into the assault case of two Canadian men charged with the rape of a 23-year-old Canadian waitress.

The men, free on \$3,000 bond, were bound over to the Roberts County Grand Jury by the Hemphill Grand Jury when testimony before it revealed the alleged attack occurred in Roberts County in a highway park about five miles east of Miami.

Sheriff Clyde Riskey, Canadian, said he was called at midnight Tuesday, by the young woman who accused C. McDaniel, 24, and Eugene Baker, 44, both railroad men, of forcing her to submit to their advances on the way home to Canadian from Pampa.

A charge of rape was lodged against the men by District Attorney Tom Braly following their arrest by Sheriff Riskey.

## Rent Control Provisions Explained

In answer to many queries from Amarillo, Borger and Pampa landlords, Area Rent Director Frank E. Hobgood has defined the action to be taken by owners whose rental property is recontrolled or brought under rent control for the first time by the new Federal Rent Control Act. Rent control applies now to all rental housing units which were previously decontrolled because they were not rented for any successive 24-month period between Feb. 1, 1945 and March 30, 1948. Landlords have until April 30 to register any of these units which were never under rent control. Previously registered units need not be re-registered, but the owners are advised to show the registration statements to the present tenant. The landlord cannot charge more than the maximum rent shown in the registration statement, plus or minus approved adjustments.

Landlords may obtain assistance in preparing registration statements at the local rent office located in Room 12, Pampa Postoffice. Also a representative is in Borger each Tuesday and can be contacted in the office in the basement of the Postoffice there. The registration forms will be mailed on written request.

Also recontrolled are all accommodations which were decontrolled because a 1947 voluntary rent increase lease was terminated prior to April 1, 1948. These are now recontrolled at their old lease rent and the landlord must file a report of termination statement with the area rent office by April 15, unless he had previously filed such a report. Accommodations covered by leases which expired or terminated on or after April 1, 1948, have been

and still are subject to rent control. Trailers and trailer spaces which on April 1, 1949, were not used exclusively for transient occupancy, are again subject to rent control. A trailer or trailer space is considered to have been used exclusively for transient occupancy on April 1 if it was rented on a daily basis to a tenant and then only if the tenant had not been in continuous occupancy since March 1, 1949. Hereafter, rents or fees for increased services or recontrolled units may be charged only on order of the area rent director. The rental rate for recontrolled trailer accommodations will be the last maximum rent in effect under federal rent control, which was not later than Jan. 4, 1948. Any trailer unit which did not have a maximum rent in effect on or before Jan. 4, 1948, must be registered with the area rent office by April 30, 1949, at the rent first charged after Jan. 4, 1948.

## Area Rent Office Ready For Queries

Since control of evictions became a part of the new federal rent law effective April 1, officials of the Amarillo area office made known today that they are ready to answer inquiries concerning evictions or threatened evictions on any grounds other than non-payment of rent, committing a nuisance, using the premises for immoral or illegal purposes, violating an obligation of tenancy, etc. "The new law returns to the certificate system in evictions, and we will again pass upon efforts to evict to see whether they are valid under the law," Frank E. Hobgood, Amarillo area rent director, said.

Local courts had exclusive jurisdiction in the matter of evictions under the 1945 law, Hobgood explained, and the new law does not give the rent office any authority in eviction matters in which there was a judgment before the new law became effective on April 1.

Printed forms for persons who want to report the circumstances concerning their evictions are not available yet, he said, but that for the present such persons might report the facts to his office by letter. Under the new law, certificates of eviction are required in the following instances: 1) Occupancy by contract-purchaser; 2) Alteration or remodeling; 3) Landlord is tax-exempt organization; 4) Withdrawal from rental market. In addition, Hobgood explained, there are certain eviction grounds for which no eviction certificates are required, but in those cases there must be notices from landlords to tenants with copies filed in the area rent office within 24 hours. The principal grounds in that classification are: 1) Non-payment of rent — three-day notice; 2) Violating substantial obligation of tenancy — 10-day notice; 3) Nuisance or illegal or immoral use — 10-day notice; 4) Tenant's refusal of access to landlord — one month notice; 5) Accommodations entirely sublet — two-month notice; 6) Landlord is state or political subdivision thereof — two-month notice; 7) Company housing — two-month notice.

## Phenomenon Brings About Much Comment

SYRACUSE, N. Y. — (AP) — Hundreds came Wednesday night to watch an 11-year-old girl kiss the forehead of a broken religious statue saved from a trash can. Many, including a Roman Catholic priest, said tears appeared in the eyes of the plaster image of St. Ann after Shirley Anne Martin had pressed her lips to it. Some visitors kissed the severed head but nothing happened, witnesses reported. Bishop Walter A. Foery of the Roman Catholic Diocese of Syracuse could not be reached for comment. The child was reported near exhaustion after demonstrating the phenomenon for several hours. St. Ann was the mother of the Virgin Mary, the mother of Christ. Swimmers in the 14th Century wore special cramps rings which they thought would ward off stomach cramps.

## Faithful Workers Make Visitations

Faithful Workers Class of the First Baptist Church met Tuesday afternoon at the church. Members visited prospective members and then returned to the church for a business meeting.

Mrs. E. E. Waters opened the meeting with a prayer. Mrs. Earnest Aray presided over the business. Reports were made on the visitation, and closing prayer was by Mrs. Minor Langford.

Those present, in addition to those above, were: Misses J. H. Tucker, W. H. Lewis, Louis Tarpel, D. B. Jameson, and O. W. Hampton.

A total of 300,000 vehicles through Manhattan's congested streets each day, traffic surveys reveal.

## Girl Scout Troop 4 Goes on Hike

Girl Scout Troop 4, with its leaders, Mrs. E. J. Overall and Mrs. J. S. McBride, and Mrs. H. A. Holtman and Mrs. A. W. Trimble, hiked to the home of Mrs. W. W. Hell Tuesday where they roasted wieners and marshmallows.

One group broke the trail and the other followed. Girls participating were: Wanda Cook, Darlene Darnell, Wilma Duniven, Shirley Epps, Sarah Lou Harnley, Grace Hawthorne, Alicia He'll, Carolyn Hill, Beverly Holtman, Sandra Marvin, Carolyn Sue McBride, Betty Lou Overall, Noma Sheriff, Mariene West, Janella Westmoreland, and Dolores Ann Trimble.

## Engagement Announced At Dinner Party

CANADIAN — (Special) — Mr. and Mrs. Norman Magill announced the engagement and approaching marriage of their daughter, Lyndall, to William Gordon Hill, son of Mr. and Mrs. J. T. Hill, at a 7 p. m. dinner in the Magill home last Saturday. The wedding is to take place June 2.

Miss Magill and Miss Polly Ward have published the "Sand Burrs," a daily mimeographed paper, for the past several months and the announcements were in the form of miniature "Sand Burrs."

Orchid and white are the chosen colors of the bride-to-be, and each guest was presented a corsage in those colors.

Mrs. Warren Hill, Miss Frankie Donaldson and Polly Ward, close friends who will be in the wedding party, were seated at Miss Magill's table. Other guests were Miss Georgia Engle, Mrs. Makout Abraham, Mrs. E. S. F. Brainard, Mrs. Preston Hutton, Mrs. Larry Sanders, Mrs. Bennie Tepe, Mrs. John McMordie, and Mrs. J. T. Hill.

## Christian Science Sunday Services

"Doctrine of Atonement" is the subject of the Lesson - Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 17.

The Golden Text is: "John seeth Jesus coming unto him, and saith, Behold the Lamb of God, which taketh away the sin of the world" (John 1:29).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth" (Matthew 28:18).

The Lesson - Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "He taught his followers that his religion had a divine Principle, which would cast out error and heal both the sick and the sinning" (page 136).

For a small family a boneless smoked shoulder butt of ham is a good choice. These weigh from one to four pounds. They are sometimes called "cottage" or "daisy" hams.

## Four-Year-Old Honored at Party

LEFORS — (Special) — Mrs. C. H. Earhart recently honored her young daughter with a party on her fourth birthday.

Ice cream, cake, and tiny Easter baskets as favors, were served to Doris and Barbara Halley, John and Angela Atchley, Nancy Jordan, Phillis Lamb, Kenny Brewer, Sandra Smith, Mary Klyce, James Blair, Sue Lewis, Carolyn Bogle, Carol Sue Hall, Mrs. Claude Lamb and La Verne, Nancy Atchley, Mrs. Jim Hally, Mrs. John Brewer, Mrs. Ray Jordan, and Phillip Earhart.

## ★ WE, THE WOMEN

BY RUTH MILLETT  
NEA Staff Writer

There are times when nothing a woman can say will be as deeply appreciated by her husband as just keeping still. Some of them are:

When he is telling a story she thinks she knows better than he does.

When he is discussing politics with another man.

When he is reading a newspaper or listening to his favorite radio program.

When he is discussing his job with someone else.

When he is playing the role of host and she is tempted to direct his efforts.

When he says he has had a hard day and stretches out on the day, and she feels the urge to question him about what has gone wrong.

When he is correcting one of the children.

When things go wrong and he is letting off steam by using language she doesn't think he should be using.

When he gets in an argument with someone else.

When a general conversation is over her head and the only way

## McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY  
My partner in a recent bridge game was Lanny Ross. I have always been an admirer of Lanny's since the days of his "Show Boat" radio show. The war inter-

rupted his singing career for three or four years, but right after the war he started again with the

"Lanny Ross Show." Ross graduated from Yale University and then took up law, but before he could get a chance to pass his examinations for the bar, somebody offered him a nice contract on radio. Today he is enthusiastic about his new television show.

I have a date with Lanny to go up to his farm on "Cattfish Derby" day, when he and his wife take 50 children up from New York with a guarantee that every one gets a fish. That's the kind of fishing I like.

In today's hand he had to do some fishing around for the queen of spades to make his contract. West's opening lead of the ten of diamonds was won in dummy with the queen. A small club was led and the jack finessed, losing to West's king. West returned a small diamond, which Ross won with the king.

Now the contract depended upon finding the location of the queen of spades. Ross called the ace of diamonds, followed by three rounds of clubs and the ace, king

and queen of hearts — and at this point he had "fished out" the queen of spades. When East showed out on the second diamond lead, West was marked with six diamonds. West had followed to three rounds of hearts and three rounds of clubs. Therefore, he had only one spade.

Ross laid down dummy's ace of spades. When the queen did not fall from the West hand, he was safe in finessing the ten of spades.

## Pappenheim and Sharman Battle Tonight on Sportatorium Mat

The wrestling card tonight at the Sportatorium will match Hy Sharman and Jack Pappenheim in the main event and Billy Sandow and Pierre LaBelle in the preliminary bout. The matches start at 8:15, with Glen Detton doing the refereeing job. Pappenheim battled Sharman last week as part of a six-man tag team match. Sharman is a rough boy, while Pappenheim can get rough if need be. Sharman likes to gain an illegal advantage of an opponent and then gain a bruising hold and refuse to break when told by the referee to do so. He was disqualified while wrestling Glen Detton a couple of weeks ago for refusing to break when he had Glen strung through the ropes. The LaBelle - Sandow fight should be a good one. Both are clever young boys. They are strong and use only the rules in the book. They like to wrestle clean and always can be counted on for a good show. Referee Detton should have no trouble with these two boys, although he may have a rough time with Sharman in the main event.

## Enter 18 Cars for 100-Mile AAA Race

ARLINGTON - Eighteen cars are expected to start a 100-mile AAA championship race here April 24, racing director Babe Stapp of Los Angeles announced today. It will be the first race in the nation in the battle for the American Automobile Association championship which is decided on a point basis. Ted Horn, the 1948 champion, was killed in a race recently. The runner-up, Myron Fehr of Milwaukee, will be in the race here. The drivers will be aiming at a purse of \$7,500 with 2,800 going to first place. The prizes may total more. If 40 percent of the gate is larger they will receive the additional money. Qualifying will be held in the morning with the race in the afternoon. Stapp said he expected a crowd of 25,000 to 30,000 at Arlington Downs, scene of the race.

The Oilers pitching crew today at Clovis was expected to be handled by Dick Lockwood and Mitchel Chetkovich. Parker may throw a couple of innings to get his arm ready for the opening day game, as he appears to be the most logical choice to throw that night.

A visitor to the Oilers practice session yesterday was Bob Seeds, president and general manager of the Amarillo Gold Sox. He was more than likely trying to find out how the Oilers were doing going to need this summer, trying to swing a deal or two for some infield strength or perhaps a pitcher.

## Harvesters Lose At West Texas

The Pampa Harvester baseball team played Connor Hall of West Texas State College at Canyon yesterday afternoon, and though they were beaten 9 to 6, their showing was very gratifying. This was their final exhibition game before the opening of the District 1-AA baseball race next Tuesday, when the Harvesters go to Borger to meet the Bulldogs. Things may not be as bad as previously anticipated for the Harvesters this year. The hitting has been improving with each game. And the pitching of Howard Wells is consistent. Yesterday's power at the plate was unleashed by John Nolan, husky catcher, who rang the bell for a home run and a triple. All of the rest of the boys got a lot of wood on the ball, meeting it solidly.

promoters of the Goodall Tournament. "I have agreed to give a number of exhibitions that week, and unless they can be cancelled it is unlikely I will be in the Open."

The Pampa Oilers worked out for two solid hours yesterday afternoon, which will be their final workout before the opening of the season. The rest of the days prior to the opening game are filled up with scheduled exhibitions with the exception of the day before opening, and that will probably be given over to a day of rest for the boys. There are no days off in the league schedule, a game to be played every day from April 29 until September 5.

The schedule for the Oilers until the opening day put them in Clovis for a game this afternoon, over to Lubbock tomorrow and in Borger on Easter Sunday. They return home for a game with the Amarillo Gold Sox that at present is expected to be played at night. That is the final exhibition.

Joining the Oilers today was Ken Peacock, diminutive slugger who was sent to Pampa by Shreveport. Ken is a little fellow, built like Roy Parker, only right-handed. He is a red-haired youngster, with a lot of power. He stepped a couple of balls to the fence into the teeth of the strong wind yesterday. He will fill up one of the vacant spots in the outfield, leaving one place open yet. It is hoped that Homer Matney will be the stop-gap there.

## Texas Leaguers Re-Open in Four More First-Day Games

### Major Leaguers Hitting Homers in Clusters

NEW YORK - (AP) - It looks like a good year for small boys who perch on rooftops around major league baseball parks. Home runs are coming in droves. The season doesn't open until next week and the big league parks are a few sizes larger than most minor league enclosures, but take a look at what happened yesterday. Fifteen major league teams - 12 of them facing major league opposition - hit 30 home runs in exhibition games. Four of the clubs hit three homers in a single inning. Only the Chicago Cubs failed to put the ball out of the lot at least once.

Murderer's row on the New York Giants - Sid Gordon, Johnny Mize and Bobby Thomson - blasted successive round trippers off Cleveland's Bobby Feller. The Indians retaliated with three in a row off Dave Koslo by Bob Kennedy, Jim Hegan and Early Wynn. And for good measure Koslo added one for New York and Lou Boudreau and Micky Vernon each had one for Cleveland. All this firing took place in Hickory, N. C.

The Chicago White Sox whipped Pittsburgh, 4-3, at Memphis on the strength of home runs by Ralph Weigel and Cass Michaels. Each came with one on base. Homers also decided the issue as Cincinnati edged the New York Yankees, 2-1; the Philadelphia Phils downed Baltimore, 6-3, and the Boston Red Sox beat the Boston Braves, 6-2.

Cincinnati's tallies came on a home run by Ray Mueller with a man on base. Johnny Lindell's circuit clot was the only Yankee clout. Del Ennis, Eddie Miller and Stan Lopata all connected in the fourth inning for the Phils. And Johnny Pesky's one-on-base clinched the Boston city series game for the American Leaguers. The Philadelphia Athletics got three in an inning against Savannah, Ga. - by Ferris Fain, Hank Majeski and Buddy Roser. Five for one club was tops for the day with the honors going to Cleveland and the St. Louis Browns. Dick Kokos of the Browns was the only player to get more than one. He got a pair. Al Zarilla, Jerry Friddy and E. A. Wood got one each as the Browns whipped Texarkana of the Big State League, 9-1.

Washington, the St. Louis Cardinals and Brooklyn were held to one apiece, but Brooklyn's - by Billy Cox - gave the Dodgers a 2-2 edge over the Senators at Washington. Clyde Vollmer hit one for Washington and Red Schoendienst for St. Louis.

Del Ennis, Eddie Miller and Stan Lopata all connected in the fourth inning for the Phils. And Johnny Pesky's one-on-base clinched the Boston city series game for the American Leaguers. The Philadelphia Athletics got three in an inning against Savannah, Ga. - by Ferris Fain, Hank Majeski and Buddy Roser. Five for one club was tops for the day with the honors going to Cleveland and the St. Louis Browns. Dick Kokos of the Browns was the only player to get more than one. He got a pair. Al Zarilla, Jerry Friddy and E. A. Wood got one each as the Browns whipped Texarkana of the Big State League, 9-1.

Washington, the St. Louis Cardinals and Brooklyn were held to one apiece, but Brooklyn's - by Billy Cox - gave the Dodgers a 2-2 edge over the Senators at Washington. Clyde Vollmer hit one for Washington and Red Schoendienst for St. Louis.

## Jeffries Now 74

BURBANK, Calif. - (AP) - James J. (The Bull Terrier) Jeffries came up for the 74th round of life today. He's a clinch to answer many more bells in the years to come. Jeffries, born in Carroll, O., April 15, 1875, last of the old line heavyweight champions of the John L. Sullivan, James J. Corbett, Bob Fitzsimmons era, spent the day quietly, a usual practice these past few years.

## Sox Pitcher Injured

SHREVEPORT, La. - (AP) - Pitcher Al Gettel of the Chicago White Sox has a fractured left thumb but it is not on his throwing hand and the mishap is not being taken too seriously.

# Roundup Boys Club Boxers Fight Lockney Here Saturday

## More Invited to Colonial Tourney

FORT WORTH — (AP) — Additional invitations have gone out to top golfers for the Colonial National Invitation Tournament scheduled here June 2-5 but Frank Stranahan, the muscular Toledo, O., amateur isn't among them.

Sam Sneed and George Schmeier, professionals, are among the latest invited, however. They were sent the invitations after the PGA hinted it might not recognize the tournament as official.

The PGA had informed Colonial Country Club that at least two players in the running for Ryder Cup team berths were not on the original list and since the event here is sponsored by the PGA it is highly desirable that they be included.

Twenty-two players of the field of 50, designed to carry 30 pro and six amateurs, have accepted invitations. There is only one amateur in the group — Charlie Coe of Ardmore, Okla.

## Sports Round-Up

By HUGH FULLERTON, JR.  
NEW YORK — (AP) — The Tournament of Champions is trying to cook up a fight between two of the ring's bad boys, Vince Foster and Rocky Graziano. If it goes through, Jack Hurley, Foster's manager, likely will wind up in a hospital.

Vince is noted for his blithe disregard of training rules and Hurley has to keep watch to keep him in shape. "I had him in perfect condition for the Tony Pelone fight here," says Jack. "I got him up early in the morning, saw that he ate the right things and did his roadwork and his boxing and I put him to bed early at night. He was in great shape — but I lost 15 pounds. . . . If he fights Graziano it will be the same thing again, but when they talk about \$50,000 you gotta listen."

Hurley revealed that Foster and Graziano fought once — a three-round, no decision affair at Leavenworth, Kan., when Vince went there with the Haskell Indians. "Guys that saw it say it was a terrific fight and nobody got a cent for it," Jack moaned.

"Now they're talking about a \$50,000 gate. It's like that fell in Chicago says, 'Foster gives Hurley's ulcers ulcers.'"

## THE TEAM CLEANED UP

Chuck Flynn, U. of Illinois publicist, comes out with the news that prizes donated by local merchants for an early inter-collegiate track meet at Illinois were: a mustache cup and saucer, a blacking outfit, McCaulay's history of England, a group picture of the faculty, a bath ticket and a bottle of cologne. "Hmmm, no showers at the field in those days!"

## Mobeetie Thumps Kelton High, 15-1

MOBEETIE — (Special) — Mobeetie High School continued on its winning ways with a thumping 15-1 victory over Kelton High School Tuesday afternoon. Again the pitching of Dale Haynes was almost perfect, allowing only one hit. Donald Waters, elephant second baseman, slammed a home run, the only extra-base play of the game.

## WARREN'S WARM UP

QUESTION: What is one of the most famous pitching jinxes in baseball history?

HINRICHS HIGHLIGHTS: This week's issue of the Sporting News devotes an entire page to stories and pictures of Paul Hinrichs, one of the finest pitchers to ever come out of the West Texas-New Mexico League. He performed for Lubbock in 1946 and 1947 before going to Dallas. Then in 1948, after being made a free agent, he signed with the Yankees for a reported bonus of \$40,000, the Yanks first bonus player.

J. G. Taylor Spink, editor of the Sporting News and author of the main article, calls him "the diamond version of 'The Man Who Came to Dinner'." Paul went to the Yanks' St. Petersburg training camp merely to throw his arm into shape by pitching batting practice, then he was to be shipped out to Kansas City. But Casey Stengel thought so highly of him that he has just about decided to keep him on the team.

Hinrichs is a divinity student at Concordia Seminary in St. Louis. He has stated that even if he makes the grade with the Yanks he will not give up his plans for the ministry. Paul has a different idea of what a minister should be. He doesn't look forward to a job inside a church, he is a lover of children, and firmly believes in athletics to keep youngsters headed in the right direction. In another year he will be eligible for ordination, and he may also be an ace on the Yankee mound staff.

Hinrichs' baseball background dates back to his father, Rev. C. Carl Hinrichs, now 61, who pitched for Concordia in the early 1900s. Paul has no objections to playing baseball on Sunday. He is a lover of children, and firmly believes in athletics to keep youngsters headed in the right direction. In another year he will be eligible for ordination, and he may also be an ace on the Yankee mound staff.

## Sportsman's Club Plans Big Fish Fry

The Pampa Sportsman's Club will hold its Lake McClellan Fish Fry Sunday, April 23. This fish-fry is open to the public. The fish dinner will be served at 8 p.m.

Starting at 2 p.m. will be casting tournaments for men, women and juniors. No entry fees will be charged for this contest. Medals will be awarded in each division for both first and second place. Every man, woman and child is invited to try their luck. Events in distance and accuracy both will be held.

There will be free contests of all kinds, casting, fish skinning, etc.

A free picture show of approximately two hours will be held at the club house starting at 8 p.m. This show will consist of talking movies furnished by the Texas Wildlife Federation, Johnson Motors, Evinrude Motors, and the Outboard Boating Club of America.

All club members are urged to come early to help take care of the contests.

Club members are on the job now catching the fish for this big fish-fry.

This outing is a preliminary to the Pampa Sportsman's Club Lake McClellan Fish Rodeo that will start Sunday, May 1, and will run until Sept. 30. Rodeo tickets can be obtained from any club member or from Thompson Hides Co., Pampa Sportsman Shop, or at Lake McClellan. These rodeo tickets will entitle the holder or his family to the prizes as offered on each individual tagged fish.

Prize announcement will be later. Watch your Pampa Daily News for this list.

## Gardner Backs Clause

SHREVEPORT, La. — (AP) — Texas League President J. Alvin Gardner says baseball could not operate without the reserve clause, now under legal fire.

Here for the opening of the Texas loop campaign, Gardner spoke Wednesday at a joint meeting of the Shreveport Optimist and Lions Clubs.

Gardner outlined advantages of the reserve clause for the average player. He said the baseball draft system permits a good performer to advance.

## BASEBALL TALE: Via the grapevine comes this story about Mike "Churchill" Feduniak, cigar-smoking catcher of the Oilers. . .

It happened last season in the Georgia league that Mike was catching in. . . The first man to be laced a double, the next singled, the next batter singled and the fourth man slammed a home run, all hit on the first ball pitched. . . The manager called time and came over to talk to Mike. . . "Has Joe got anything on the ball today?" he asked. . . "I don't know," Mike replied, "I haven't caught one yet."

system permits a good performer to advance.

## SWC Baseball Takes Vacation

By The Associated Press  
Southwest Conference baseball teams take an Easter vacation from league play this weekend. But there are non-conference tilts scheduled.

Play that counts in the conference standings resumes next Tuesday with four of the teams in action.

Southern Methodist University engages Texas Christian University in Dallas and Rice, goes to Waco to battle Baylor University. Then on Wednesday those traditional foes, Texas A&M and the University of Texas, cross bats in Austin.

The schedule for the remainder of the week includes: Friday — Rice and Texas at Houston, Texas Christian and Baylor at Fort Worth, A&M and Oklahoma Tech at College Station; Saturday — Southern Methodist and Arkansas at Dallas, Texas Christian and Baylor at Fort Worth and A&M and Oklahoma Tech at College Station.

The exhibition schedule this week includes: Friday — Texas Christian and Oklahoma A&M at Stillwater; Baylor and Bradley Tech at Waco and Texas and Valparaiso at Austin; all Friday.

Baylor and Bradley Tech at Waco and Texas and Valparaiso at Austin Saturday.

Thursday afternoon A&M helped its conference cause by edging past Baylor, 2-1. Previously the Angies and Baylor split a pair.

In Stillwater Texas Christian University lost a close one, 2-2 to Oklahoma A&M.

## Craig Named as Umpire Advisor

DALLAS — (AP) — E. F. (Lefty) Craig is one of the new umpire advisors of the National Association of Professional Baseball Leagues (minor leagues).

The veteran San Antonio umpire who has been serving as supervisor of umpires in a six-league alliance of the Southwest, was named to the post by George M. Trautman, president of the minor leagues.

Craig has returned to Dallas after a conference with Trautman during which he was named to head the umpires in some four of the national program. He will serve ten leagues. They are the Big State, Class B, Western Association, Cotton States, Evangeline, East Texas and West Texas-New Mexico Leagues, Class C, and the K-O-M, Sooner State, Longhorn and Rio Grande Valley Leagues, Class D.

George Johnson previously had the territory covered by Craig in addition to the Pacific Coast. Now Johnson will serve only the coast.

Craig attributed the six-league alliance formed last year through efforts of Milton Price, president of the West Texas-New Mexico League, as leading to the creation of the zone system by the national association.

## ABC Meeting Ends

## Sanity Code Again

SAVANNAH, Ga. — (AP) — Twenty-six colleges are now found to have transgressed the NCAA "sanity code" but six of them have taken steps to comply. A number of schools are listed in the "still doubtful" category.

The overall situation was announced Friday at a meeting of the NCAA Constitutional Compliance Committee.

Names of the code violators were not released. All will be given until July 1 to comply.

Golfers from Southern Conference schools will meet in the league tournament at Winston-Salem, N.C., May 13 and 14.

## BETTER BOWLING

By BILLY SIXTY  
NOT MORE TWIST: When you are bowling on a fast or high polished alley, and the alley surface takes away much of the hook-break, it may be natural enough to want to put more stuff on the ball to make up for the alley. But don't do it.

The additional spin may do the trick some of the time, or quite often, but it won't be consistent. And it's very wearing on the fingers and leads to blisters. The body will also very likely be thrown off-balance, with too much weight taken up by the right leg instead of moving over onto the left leg during the finishing slide.

Making up for a fast alley with more twist will get you when the stance is taken. Instead of moving into stride easily, footwork then begins with a rush and timing is gone. The stride stops with a jerk at the line, and the arm is thrown wildly out of its groove.

The answer to the problem is that all alleys should be played alike as far as the speed of the ball is concerned. Simply change your starting position. On a slick alley surface the hook-turn will be small and the ball must be aimed more directly at the object 1-3 pin pocket. Release the ball approximately five to seven boards in from the gutter.

On a slower alley (run alley), move more toward the center in order to start the ball 7 to 12.

## Attendance Appeal Made

An appeal has been made to get 10,000 persons into Pampa churches Sunday. The Rev. Russell G. West, chairman of the Pampa Kiwanis Club, announced that 4,944 persons attended churches in the city last Sunday. He said this was a slight drop below the average of church attendance for the past six previous Sundays in the local churches. The average church attendance up to last Sunday had been 5,032, he stated. He said "This coming Sunday being Easter, and with a fair promise of lovely weather, every church in the city can well expect a capacity crowd." He stated the Kiwanis Club "is still pulling to get 10,000 people to go to church in the city of Pampa before the March-April drive is over. This coming Sunday certainly ought to be the time. The committee therefore extends an appeal to every man, woman and child to go to church this Sunday." "Let's all go to church," he said. "Make your plans now. Talk it over with the family. Contact your friends and neighbors." The U. S. frigate "Constitution" once carried a statue of Andrew Jackson as a figurehead.

# It was a tough job ... but we licked it!

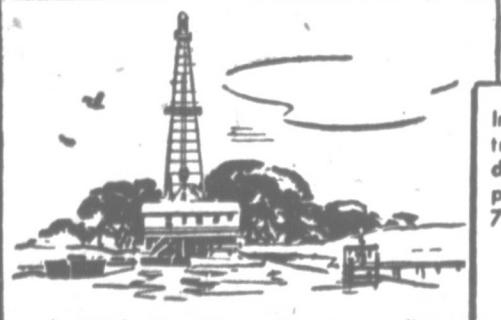

In the first quarter of last year, the oil industry was hard pressed to supply you with all the petroleum products you needed. You were asking us to furnish the staggering total of 6,317,000 barrels of oil daily: for transportation, for heating, for industrial fuel. And the oil companies were just keeping even with you.

Now, a year later, there's a different picture. The industry is not only able to supply you with the oil you need for your daily use, but it has developed a comfortable margin of spare capacity. The industry has licked last year's fears of an oil shortage.

Every section of the industry shared in the extra effort needed to supply your heavy demand. In 1948, 39,000 new wells added 2 billion barrels of proved reserves and 350,000 barrels daily to the U. S. capacity to supply crude oil; pipe line companies pumped an unprecedented quantity of oil and finished products through their lines; and refinery runs increased by 470,000 barrels daily.

The oil industry is breathing easier, and so should you. There's enough, now, to meet your demand, with a more satisfactory margin for emergencies... It was a tough job, meeting the increased demand of 1947-48, a job made tougher by an unusually severe winter in the East; but the oil industry approached it with a confidence justified by your confidence in American industry's ability to do a job. And the successful completion of this job again demonstrated that the American competitive system operates quickly and efficiently in a time of national need.

## HUMBLE OIL & REFINING CO.

In 1948, Humble exploratory wells were drilled in every section of the Southwest. This well, drilled in St. Martin's Parish, Louisiana, discovered the Duck Lake oil field, one of the important Louisiana discoveries of the year.

In 1947, Humble's Baytown refinery exceeded its wartime production record by processing 228,500 barrels of oil a day. By the end of 1948, Baytown refinery was processing a daily average of 230,000 barrels. Baytown's production of finished petroleum products in 1948 exceeded 1947 production by 10%.

## Life Eternal: An Easter Lesson

By WILLIAM E. GILROY, D. D.

"If a man die, shall he live again?" was the age-old question asked by Job (Job 14:14). Successive generations of men have asked it, and it has been answered in various ways, and with varying convictions.

Prophets and poets have answered it. The beautiful Twentieth Century Easter, answered it by implication, for there could be little fearlessness and comfort in the valley of death unless there were hope of the life beyond. And a modern poet, Wordsworth, wrote of it in his famous "Ode on the Intimations of Immortality."

Spiritualists think they have found the answer in the demonstrable proof of communications from the spiritual world, the evidence that some who have lived and died are still living and speaking.

It is my personal belief that immortality is a matter of faith and hope, rather than of scientific proof, but it is impressive that scientists like Sir Oliver Lodge and Sir William Crookes believed strongly in the validity of spiritualistic phenomena, and that the high priest of spiritualism, Sir Arthur Conan Doyle, came to such a similarly strong faith after years of agnosticism, without faith either in God or in human survival.

The strongest ground of hope and faith in immortality is found in the New Testament, with its message of, and concerning Christ. The message concerning Christ is as much the ground of that faith as the message of Christ Himself, for the one is intimately associated with the other. The Resurrection was the evidence of the deathless life of Jesus Himself, and it became to the disciples the clearest evidence of the immortality that He promised. "Because I live, ye shall live also."

An eminent British churchman, the late Professor Agar Beet, wrote a large book in defense of Christian religion, centering and reaching its climax in the contention that "the Resurrection is the best attested fact in history." Materialistic historians, or scientists, might question that claim, but from a spiritual standpoint the evidence is incontrovertible.

A group of disciples in the depth of gloom and despair because of the death of a Master upon whom they had set their faith, their hope, and their ambition, were suddenly aroused to new life, and hope, and vision, by the conviction that their Lord was living and that they had seen Him, and received His message.

In that vision, faith, and conviction they not only went forth to the spiritual conquest of the world, but they went forth with their characters and outlook transformed. There was no more bickering about who should be greatest. They had found the eternal life of which Jesus spoke. For eternal life is a present possession. We should think of immortality, not in terms of mere continuance, but in terms of the quality of the life.

I shall never forget the dominant challenge of an Easter sermon by Professor Goslin that I heard some years ago. The preacher asked, pointedly, and I pass the question on to you, "What is in your life that is worth preserving, or that deserves immortality?"

## Carver HS Presents Childers Choral Club Of 30 Voices Tonight

Carver High School is presenting the Joseph J. Rhodes High School Choral Club of Childers, Tex., in a program beginning at 8:15 p.m. today at the Macedonia Baptist Church. This group of 30 voices, directed by A. D. Huff, principal of the school, has the distinction of being the finest choral group in Northwest Texas, according to J. C. He was called a "divisive" by a lot of people who would like to be known as respectable now — for suggesting that it would be a fine thing if Franklin D. Enemies Within

There appears on this page today an article by Congressman Ralph W. Gwinn that deserves the close attention of all of our readers.

Cong. Gwinn discloses facts and figures on the nation's plan for a radar fence to be built around the United States that is a highly delicate subject. So far as we have been able to discover, Mr. Gwinn's disclosures concerning the projected plan for a radar defense of this country are the first to be presented in such a fashion. While there have been from time to time all sorts of rumors and quotations from "reliable sources" concerning a radar protection for this country, the presentation of Mr. Gwinn today stamps him as not only a keen analyst but a competent and able reporter of facts.

From an editorial standpoint, the last four words of great significance are "enemies without and within." Mr. Gwinn recommends that we make ourselves as strong as possible to resist our enemies from without and suggest that with the radar screen surrounding our country this has virtually been accomplished.

What he failed to enlarge upon was the battle that must be fought with our "enemies within." If we are to have freedom and liberty for all men toward a greater prosperity. And how shall this battle be waged? Shall we attempt to outlaw by statute the beliefs of Norman Thomas, William Foster and others who would change our system of government and admit that this is their desire? Or shall we outlaw the beliefs of people like Dr. Robert Gordon Sproul, head of the University of California, who with his 15,000 more students, believes that are exactly in line with those of Norman Thomas and William Foster and Hitler and Stalin except for minor points of administration and how far the beliefs of Communism are to be truly waged a battle against our enemies within at home, ridding ourselves of the restrictive laws and regulations of socialism, before we can rid ourselves of enemies on the outside. Having established and maintained freedom in this country, so that every man is master of himself and no one else, we can then, by present action, outlaw our outside enemies of the value of our system of government.

I want to quote some gains selected by a student of mine from the latest compilation of the late Albert Jay Nock's writings under the name of "Journal of Forgotten Days: 1894-1935." When public school teachers do not attempt to discuss whether or not tax supported schools are in harmony with moral guides they profess to believe in, such as the Ten Commandments and the Declaration of Independence, they are certainly lacking intellectual integrity. Only the male or female willing to check in every possible way their acts so as to be sure they are not doing harm to their fellow man. I quote some of these masterpieces from "Journal of Forgotten Days: 1894-1935." Nock was the author of such masterpieces as "The Theory of Education in United States" and "The Coming of Hygiene and Athletics do not produce a characterful people, and any pretense that they do or can is mere fraud. The healthy college-bred, male or female, makes the best kind of self-minded adult. We have turned them out in shoals for thirty-five years, and their spirit rules the country."

I thoroughly believe that no people in the Middle Ages ever showed such general invertebrate serf-mindedness as the American people has shown for twenty years, and with so little excuse or reason." Page 9.

"The worst of this ever growing cancer of Statism is its moral effect. The country is rich enough to stand its frightful economic wastage for a long time yet, and still prosper, but it is already so poverty-stricken in its moral resources that the present drain will quickly run them out." Page 11.

"This is of a piece, however, with the general truth that as government consolidates and strengthens, the power of independent moral judgment in the citizenry weakens, and this is one of the most interesting phenomena of our time. One sees it in every country where statism prevails—Italy, Germany, Russia, etc." Page 26.

"Deny the doctrine of natural rights, substitute the doctrine of Statism, and you are bound to have just what you see in Germany, Italy, Russia, the United States; there is no way out of it. What ought to be understood, is that Rooseveltism, Hitlerism, Stalinism, are only local variants of the common doctrine that man has no natural rights but only such rights as are conferred by the State; the doctrine of State absolutism, formulated by the German idealist philosophers in the early part of the last century. The doctrine of this doctrine in America will cause us to see far more dreadful things here than have taken place in Italy or Germany, and my private notion is that the 122-year-old Statism, now in its last stages, is coming." Page 30.

"Communicating a sense of practical religion is like communicating measles; you give it to anybody." Page 38.

"The corruption of moral integrity it fatal, but the corruption of intellectual integrity—about which very little is said—is equally so, and a combination of the two to such degree as now exist among us, does not show an inviting prospect." Page 74.

"Driving jobholders out of office is like the old discredited policy of driving prostitutes out of town. Their places are immediately taken by others who are precisely like them." Page 109.

news behind the news

By RAY TUCKER

WASHINGTON — The millions of prospective beneficiaries of civil rights legislation, whose votes undoubtedly gave President Truman his victorious electoral college margins in Illinois, Ohio and California, are getting a complete round from administration leaders on Capitol Hill.

While the Senate filibuster against anti-poll tax, anti-lynching and anti-employment discrimination proposals received nationwide publicity during the fight on cloture, suppression of civil rights measures in the House has escaped general notice.

But the fact is that the lower chamber, which was expected to start the racial equality ball rolling on Capitol Hill, has not lifted a finger, and apparently with the sanction of the Rayburn-McCormack leadership.

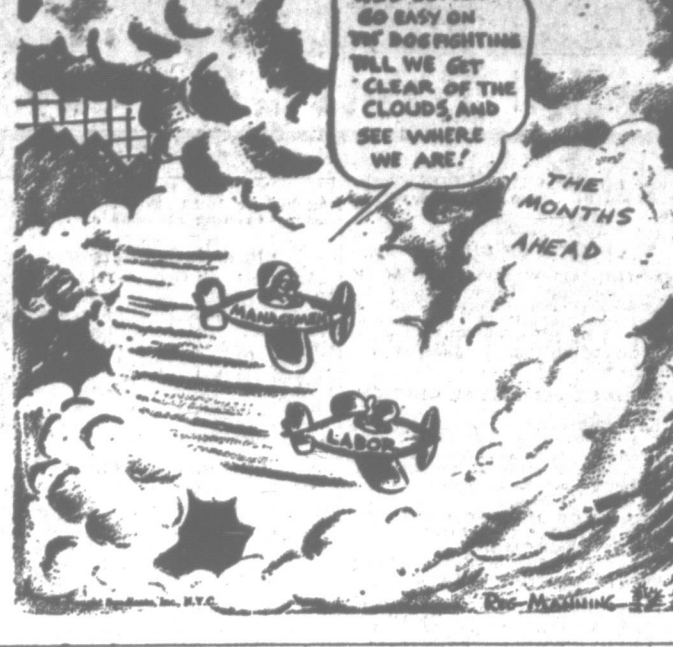

WARNED — Spokesmen for racial groups eager for enactment of Democratic platform and campaign pledges on this issue have lobbied and buttonholed supposedly sympathetic members in vain. It is doubtful if there will be any redemption of these promises at the current session.

Several extremely active leaders of the colored bloc have warned the Democratic leaders that their people will vote Republican in sufficient numbers in 1950 to give House control to the GOP. Even though there seems no chance for this legislation in the Senate, they are extremely eager to score a token victory in the body over which Speaker Sam Rayburn of Texas presides.

Like other varieties of lobbyists, the legislative representatives of racial blocs have to eat, too. And they may return to New York, Philadelphia and Chicago headquarters in discredit if they do not achieve a triumph in at least one branch of Congress, especially in view of the President's attitude during the campaign and since the opening of the session.

STYMIED — The anti-poll tax bill, for instance, is stymied in the House Administration Committee, and there is no sign that it will move out of the committee pigeonhole. Chairman Mary T. Norton of New Jersey has been ill, and has not been able to show any interest or give any time to the measure.

The subcommittee handling the proposal is headed by Representative Burr P. Harrison of Virginia, who is labeled as an opponent of the anti-lynching movement. Virginia's political boss, Senator

news behind the news

By RAY TUCKER

HARRY F. BYRD, was one of the top leaders in the Southern bloc's fight in the earlier Senate struggle. It is not expected that Mr. Harrison will exhibit too much enthusiasm for this particular bill. He hasn't so far.

FREEZE — The anti-lynching measure, which comes under the jurisdiction of the Judiciary Committee, has also landed in a political deep freeze. Judiciary Brooklyn is understood to be sympathetic, but he has occupied himself with issues which win him heavier headlines in the Brooklyn newspapers.

Until a few days ago, the Education and Labor Committee took no action on the Fair Employment Practices Bill, largely because Chairman Lesinski of Michigan preferred to give prior status to repeal of the Taft-Hartley Act.

Few days ago, or three months after the opening of Congress, he named a subcommittee headed by Representative Adam C. Powell, Jr., of New York, who lists himself in the Congressional Directory as "the first Negro councilman in New York City."

Selection of Mr. Powell to head this subcommittee was the first friendly gesture — and it is only a gesture — Congressional Democrats have made toward the racial group which, as all politicians admit, enabled President Truman to squeez through last November.

AMENDMENT — A bit of strange parliamentary maneuvering on the House floor recently revealed that any of these civil rights measures will be manhandled if they ever emerge from committee. In this interlude the only active champion of minorities was Representative Vito Marcantonio of New York, American Labor Party member and a Henry Wallace manager in last fall's campaign.

When the proposal for establishing a women's reserve for the Coast Guard — the wartime Spars — was up, Mr. Marcantonio recommended the measure by a 167-89 count. Attempts to obtain a taller or roll call vote, which would have forced each member to go on public record, were unsuccessful. Not enough supported these demands.

Of the eighty-nine who supported Marcantonio on the recent roll call vote, about seventy-five were Northern Democrats and the rest were Republicans from the same area. The balance, although present in the chamber, did not vote, fighting that their silence would be enough to kill the amended bill, at least temporarily.

Although the Democrats have the major responsibility for enactment of this legislation, since they are in control, the Republicans are equally guilty in this score. For their part, they were almost identical with the Truman-Barkley document.

INSIDE YOUR CONGRESS

By RALPH W. GWINN
Distinguished Member of Congress
Lecturer and Author

OUR RADAR FENCE
A radar fence is to be built entirely around the United States. In a secret session with the Chief of Staff, the Armed Forces Service Committee of the Congress reported out a bill providing for such a fence.

The Bill passed. Our Nation is to be divided into eight radar Air Control sections having radar warning stations. At sea there will be two radar ships on each coast five hundred miles out. These ships can pick up news of enemy rocket or fighter planes much further out than 500 miles. If an enemy is reported, intercepting devices can shoot him down before he reaches our coast line. The interception is swift and deadly.

This is no Maginot Line of Defense. The enemy cannot go over or under or around radar. Nor can he escape the devilish fingers that will go straight to explode him wherever he might be in whatever theater.

No device for attack is known that does not inspire a device for defense. The free mind and spirit of men and women in America discovered both of these latest devices that should restrain the madness of any enemy attack.

The purpose of these devices is to prevent any country from starting aggression against us or any other friendly nation.

We are bound as a part of an international police force to go to the defense of other friendly nations.

It is not likely that any more important legislation in this session can be made by the House than that just described.

That warfare and defense have shifted to the air was further demonstrated this week. Instead of further agitation for universal military training the congress recommended that \$800,000,000 now in the President's budget for that purpose be turned over instead to increase the air forces from fifty to seventy-five squadrons.

We have accepted the theory of atomic warfare.

The fear that if an atomic bomb could be made to destroy a city it could be made big enough to destroy a whole state has been answered. It seems that if the weight of the bomb is increased it tends to explode itself. So it carries its own limitation on its own size.

Now our defenses against an enemy from without are more secure. We devote ourselves more diligently to eliminating our more deadly enemies from within.

One of the first clarifying measures is to eliminate all and sundry efforts, to get satisfaction in drawing fine distinctions between our socialist, slow travelers and communists. They all have away from freedom toward the compulsory and violent state.

We should build a radar fence around all of them—enemies without and within.

and Mrs. D. McDowell.

Mrs. J. W. Gooch, Mrs. K. E. Etter and daughter, Martha, have returned from a trip across the southern states, a C. A. Rippey on a cruise around the world in the "Gambela." They arrived home by plane from New Orleans.

Art LaPaugh of Phoenix, Ariz., has arrived in Shamrock to assume his duties as announcer for Radio Station KEVA. He is a native of New York City and recently graduated from a Phoenix, Ariz., school where he was majoring in radio work.

## EASTER

(Continued from Page 1) the morning and evening services. The choir will sing, "Calvary," by Rodney with Mrs. N. B. Ellis serving as soloist. Her son, Neely Jo, will accompany her. R. Virgil Motz, educational director of the church, will sing, "Open the Gates of the Temple," by Knapp.

The First Christian Church will hold two identical Easter services at 8:30 and 10:30 a. m. The Rev. Henry H. Tyler said his hope at the services will be, "The Other Side of Bethlehem." Special baptismal services will be conducted at the evening services.

Dr. Douglas Nelson, pastor of the First Presbyterian Church, will speak on, "Take Ye Away the Stone," as his special Easter message. His service will begin at 11 a. m.

At the Harrah Methodist Church a quartet will give its special rendition of, "He Arose," at the morning service. The Rev. E. C. Armstrong, J. R. Combs, Marshall Hubbard and Mrs. Tarsh will comprise the quartet. Since the church is in its revival, the services will be conducted as usual except for the Easter message.

An Easter High Mass will be held at 10 a. m. at the Holy Souls Catholic Church. The young people of the McCullough Methodist Church will take charge of the special music at the morning service. They will sing, "Christ Arose."

At the Saint Matthew's Episcopal Church a communion service will be held at 8 a. m. and a call communion service at 11 a. m. The Rev. Edgar W. Henshaw said. Kenneth Baumgardner, music director at Pampa High School, will present a vocal solo.

Pastor R. L. Young said his sermon Sunday at the Lutheran Church would be centered around the resurrection of Christ and its influence upon our lives.

Early Sunday morning at 6:30 Sir Knights of Pampa Commandery No. 97, and their ladies, will observe an Easter Sunrise Memorial Service. This is a nationwide program under the auspices of the Grand Encampment of the United States of America. All members of this Order of Christian Knighthood are invited to attend.

Meanwhile, in Shamrock an Easter Sunrise Concert will be held at 7:30 a. m. at the First Methodist Church.

There will be piano and organ ensemble with the choir bringing many special numbers. Henderson Coffman of Wheeler will be the featured soloist.

The public is cordially invited to attend.

## GOVERNMENT

(Continued from Page 1) recommendations to the CAA and send a copy back here at a later date.

In the meantime plans for establishing painted air markers on the top of the city's large water tank were completed with H. E. McCarley, Wesley Lewis and Russell McConnell attending to the details assisted by one of the senior Boy Scout troops.

The committee voted unanimously to accept Church's recommendations and proceed with plans to acquire the land and develop the field.

Representing the city were Mayor C. A. Huff and City Manager Dick Pepin. From the county were County Judge Bruce Parker and County Commissioner J. W. "Bill" Graham of Precinct 2.

An Associated Press dispatch this morning quoted the CAA as naming 377 locations in Texas as where airports are needed or present facilities expanded. Among them were several neighboring airports including Amarillo's English Field; advancing from Class 3 to Class 4, and Amarillo's new site, "Airpark" as a Class 1; Borger, new site, Class 3; Lubbock-Airpark, new site, Class 1; Stinson, new site, Class 1. Classifications are set up according to lengths of runways — the higher the classification number, the longer the runways.

## RETAILERS

(Continued from Page 1) were slightly ahead of a year ago but dropped back steadily to a level six percent below March 28. Then they started a slow come-back.

Latest figures compiled by Dun & Bradstreet, a statistical survey organization, gives this picture for sales during the week ended Wednesday:

In the country as a whole, sales were unchanged to four percent ahead of a year ago. Northeast and Northwest regions were ahead by one to five percent, East and Midwest were two to six percent ahead, South and Pacific Coast were from three percent below to one percent above, and the Southwest was unchanged to four percent ahead.

Price is the most controversial point. Merchants know they can sell at extremely low prices, but they can't make a profit. Balance between the two is the trick.

The big mail order houses cut prices early in the spring. Others followed in the spring. Still others promise reductions on fall lines. The trend is downward.

## CANADIAN

(Continued from Page 1) Church, the Rev. M. J. Matthiessen announced the following schedule of weekend services. Rosary and stations of the cross at 7:30 p. m. today; services at 8 a. m. tomorrow followed by mass; and high mass at 9 a. m. Sunday and low mass at 10:30.

The Sacred Heart choir, directed by Mrs. E. R. Cloyd, will sing at Sunday's high mass.

Special Easter services are planned for Sunday morning at the First Christian Church at the regular morning worship hour.

## More Rodeo Plans Made

Many plans for the annual Top o' Texas Rodeo and Horse Show were completed last night at a meeting of the Board of Directors and committee chairman, W. D. Price, president of the association, said this morning.

The first business transaction was the request and grant of permission to the Pampa Skeel Club to install its traps and other equipment in the northeast corner of Recreation Park. The club has a membership of about 125. Dr. Roy Webb, Jimmy Weir and Frank Roach presented the request. Permission was granted subject to the approval of adjoining landlords.

The Pampa Boy Scouts were given the first refusal on the concessions for this year's show. J. C. McWilliams and Hueyln Laycock were appointed the committee to handle the details.

An contract for furnishing the stock at the rodeo was approved, signed and returned to Goat Mayo, Petrolia, Tex.

The Rev. E. Douglas Carver, member of the Special Attraction Committee, said plans had been completed for the return of the Hardin-Simmons University Cowboy band.

The Top o' Texas Fair Association was given permission to use the facilities at the park for the annual fair, which will be held during the last week in September.

Tickets of the Finance Committee were given the go-ahead sign. The committee will remodel and relocate the ticket styles and gate.

The meeting was preceded by a ranch-style dinner, given by Price in the Palm Room. Most of the directors attended and many of the committee chairmen. Following the dinner, those present presented their president with a \$50 Stetson hat in appreciation of his work.

OUR THANKS to you and the thousands of others whose willingness to "share the line" has made it possible for so many of your friends and neighbors to enjoy the protection and convenience of a telephone.

Three of every four home telephones today are party lines.

Yes, party lines have "stretched" hard-to-get telephone equipment in a time of shortages and a big demand for service.

Our goal, of course, is service for everyone—the kind he wants, when and where he wants it. For the time being, though, in many neighborhoods we must continue to say:

"We can offer only party-line service to new customers. It's the fair way for everybody while we're still working to get telephones to hundreds of people who are waiting."
