

Couple Charged in Starvation of Son

The Pampa Daily News

VOL. 42—NO. 239 (12 PAGES) PAMPA, TEXAS, WEDNESDAY, JANUARY 11, 1950

Storm Hammering Pacific Coast Moving Across Rockies

(By The Associated Press)

An intense storm which hammered the Pacific Coast, leaving highways, snow-blocked and some areas isolated, moved into the Northern Rockies today.

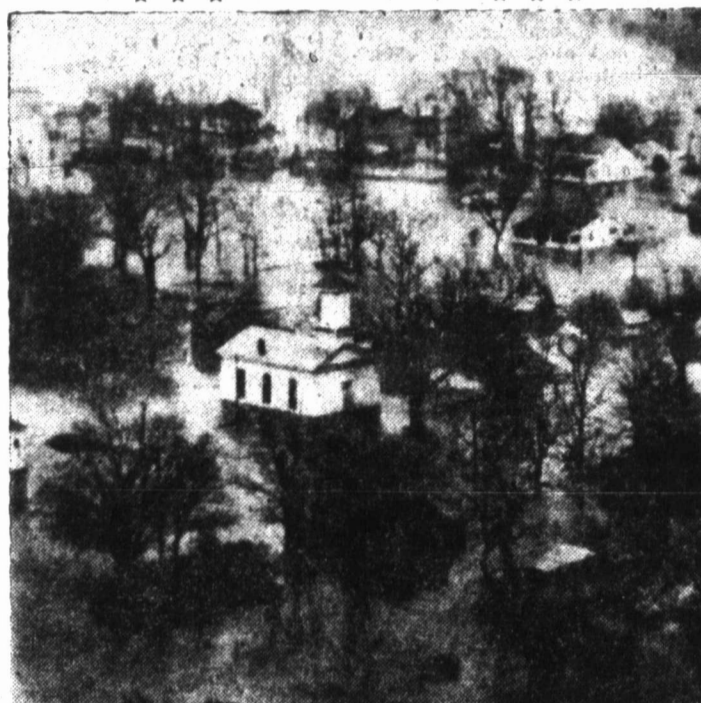

The season's most severe weather hit areas of Washington, Oregon, Northern California and Nevada. Snow, rain and hail fell over the storm belt. Winds reached a velocity of 55 miles an hour in some sections, snapping ice-laden power and telephone lines.

The cold and strong winds which lashed the central states showed signs of abating today. But the mercury was far below zero in many Midwest points.

The cold was expected to move into the eastern states, ending the extremely mild weather. But, Weather Bureau forecasts said, readings were not expected to drop much below normal marks.

Southern Oregon and Northern California were hardest hit by the Pacific Coast storm. The main motor line between California and Oregon — Highway 99 — was blocked by snow. Power was cut off from nine towns in California.

(See STORM, Page 2)

WABASH RIVER OVERFLOWS—These homes were flooded by Wabash River as it went on a rampage through York, Ill. This was one of the worst floods to hit this area since 1942.

Minister Denies Use of 'Terrorism'

BROWNFIELD — (AP) — Minister Jimmie Wood of the Crescent Hill Church of Christ here denied last night he used the word "terrorism" in remarks about Italian treatment of Church of Christ missionaries in Italy.

He made a statement commenting on references by L'Osservatore Romano, the Vatican newspaper, to a recent incident involving 13 Church of Christ evangelists.

The evangelists reported they were driven out of Castel Gandolfo and three other towns near Rome. Cline R. Paden of Brownfield, superintendent of the Church of Christ Orphanage at Frascati, said members of the church were being driven out of Castel Gandolfo, summer home of Pope Pius XII.

Paden had said also that the evangelists were having trouble getting visas extended. Yesterday, Italy extended the group's visas, allowing them to stay three more months in the country.

Observator had commented on United States dispatches printed in Italy in the Communist press and quoting Minister Jimmy Wood of Crescent Hill, Texas, as saying the incident was "part of a plan of terrorism inspired by the Catholic Church."

Observator said: "A precise denial of this can be had by appealing to non-Catholics who live in Italy."

"I deny the use of the word terrorism insofar as my reference to persecution of Church of Christ missionaries in Italy is concerned," Wood said.

"However I do not deny attributing mass persecution to officials of the Roman Catholic Church."

He said the Church of Christ has "no political affiliations whatsoever," that it believes in "complete separation of church and state."

O. T. Adams, 71, Succumbs Here

O. T. Adams, 71-year-old resident of Pampa since 1926, died in a local hospital at 12:10 a. m. today. He was a native of Georgia.

Mr. Adams, who resided at 720 S. Barnes, moved to Pampa from Lexington, Okla. A member of the Calvary Baptist Church, he was a former pipeline worker.

He leaves, besides his wife Florence, one brother, C. I. Adams, Lexington; one niece, Mrs. Minnie Strong, Oklahoma City; and five step-children, Mrs. Homer Cook, Plainview, Mrs. G. C. George, Corpus Christi, Mrs. H. F. Hughey, Little Rock, Ark., Mrs. J. S. McCulloch, Lockney, and Gilbert Hooper, Hereford.

Rites will be held at 3:30 p. m. tomorrow at the Calvary Baptist Church, with the Rev. Collins Webb officiating. Burial will be at Fairview Cemetery under the direction of the Duenkel-Carmichael Funeral Home.

516,498,730 Gallons Of Water Used in Pampa During 1949

Pampans used a total of 516,498,730 gallons of water during 1949, a summary made by the City Water Department showed yesterday.

The months of heaviest use were July, with 67,592,886 gallons, and August, with 67,109,427.

The lightest month was November, with a total monthly consumption of 46,060,620 gallons.

The report was submitted to the City Commission at its regular weekly meeting yesterday.

ISLAND ERUPTS

ATHENS — (AP) — The volcanic little island of Santorini in the Aegean Sea began erupting with profuse smoke Tuesday.

BOB THOMPSON NAMED TO CITY COMMISSION

The voters of Ward Two decisively elected R. A. "Bob" Thompson as their representative on the City Commission.

The unofficial vote for Thompson cast in yesterday's special election was 173.

He received more than twice as many votes as his two opponents combined.

The vote cast for Roy Lewis, American Legion post commander and credit company executive, was 44.

Jesse Mayes, businessman, and third on the ticket, received 42.

Thompson lives at 425 N. Yager, has lived in Pampa since he purchased what is now Thompson Hardware Co., 113 N. Cuyler, in 1926.

His brother, Fred Thompson, who is associated with him in the business, is a former mayor of Pampa.

Yesterday's special election was held to pick a commissioner to fill the unexpired term of Murray Body, who resigned Nov. 1 to move to Abilene.

Body was elected last July to fill the unexpired term of Vernon L. Hobbs, who had to resign after serving only two months of his second term because of ill health.

Joe Key Will Head Drive

Joe F. Key, manager of Southwestern Public Service Company, will serve as local chairman of the Adobe Walls Area Council's fund drive which begins Feb. 6.

Paul Beisenherz, council executive, said today.

Key, Chamber of Commerce president during 1948, will serve as fund chairman during the entire Boy Scout Week, Feb. 6-12. At the same time Pampa stages its drive, about 35 other communities within the council will hold their campaigns, Beisenherz said.

The national theme for Boy Scout drives this year will be centered around the 40th anniversary of the organization.

Key later will announce the names of various committee chairmen who will assist him. He is the father of Joe Wayne Key, an Explorer Scout of Explorer Crew 80.

Slavs May Receive Aid

WASHINGTON — (AP) — The United States probably will give limited military assistance to Marshal Tito if the Soviet-Communist bloc begins using armed force to try to crush Yugoslavia's independence.

While officials here say this won't be necessary, the National Security Council is reported to have cleared a stand-by program of measures the United States might take. These aim at the military field, supplementing and already being given Tito in the economic and political phases of his struggle.

In the light of the council's action, the State Department has determined what specific steps it would recommend to President Truman if an emergency arose.

The Security Council, headed by the President, is the nation's top policy making body in foreign policy. Its members include Secretary of State Acheson and Secretary of Defense Johnson.

To date American aid to Yugoslavia has been limited to economic and political assistance.

American limitations on exporting industrial equipment to Communist Eastern Europe have been relaxed for Yugoslavia. An air treaty agreement has been signed with Tito's government and American influence has been used with Western European countries to ease economic pressures on the Yugoslavs.

Elk City Well Out of Control

ELK CITY, Okla. — (AP) — A spectacular oil well fire that sent flames spiraling 175 feet into the air was still burning out of control today, three hours after it was touched off last night by a tremendous gas explosion.

The well, five miles south of the Shell Oil Co. at 9,687 feet when a pocket of "super-pressured" gas pressure was reached. The gas exploded instantly on reaching the surface. A fire resulted but it was quickly extinguished. Soon afterwards, another fire started which forced crews away.

No one was injured. The oil rig and equipment, valued by company officials at \$450,000, was a total loss.

No effort was being made to put out the fire pending arrival of the Kinle Brothers professional fire fighters, who were being flown to this Western Oklahoma oil field from Houston.

Moss Services Tomorrow at 2

Funeral services will be held at 2 p. m. tomorrow at Duenkel-Carmichael Chapel for Fred Moss, 66, former resident of Pampa for 11 years. Dr. Orion Carter will officiate, and burial will be at Fairview.

Mr. Moss, who operated Fred's Studio here from 1926 to 1937, died at 9 a. m. Sunday at a Laredo tourist court as his only brother, Walter, was returning him from his home at Port Isabel to Walter's home at San Angelo. He had been ill for some time.

For the past three years Mr. Moss had resided at Port Isabel and San Benito. In the interim between his residence in Pampa and in South Texas, he lived for a number of years in Oklahoma.

Besides his brother, he leaves one niece, Mrs. Lloyd Moore, Hobbs, N. M.

Palbearers tomorrow will be R. L. Edmondson, Russell Kennedy, H. B. Taylor, Jr., Harold Wright, Bruce Walters, and Irl Smith.

Dog to Serve Life Sentence

DALLAS — (AP) — Kaiser, a big mongrel dog which bit a Dallas postman last Dec. 12, began serving a life sentence today.

Yesterday Justice of the Peace W. E. (Bill) Richburg ordered Kaiser's owner, a 66-year-old woman, to keep the big dog chained or securely fenced in the rest of its life. If she doesn't see to it, she will pay a total of \$152 in a fine and court costs — and Kaiser may lose his life.

CHINESE OUSTED

MANILA — (AP) — The Foreign Office announced today no more Chinese visitors or tourists will be admitted to the Philippines.

Two of Four Children Are Neglected

NEW YORK — (AP) — A young couple was in jail today, charged with homicide in the starvation death of a son.

The father, Guy Scielzo, is a \$75-a-week salesman.

Authorities said he and his wife, Mary, both 29, admitted neglecting a three-year-old son, Guy, and a daughter, Vincenza, 5, while two other children were well-fed and well-treated.

The neglected daughter was narrowly saved from starvation when found by social workers, police said, but the rescue was too late to save the boy, who weighed only 14 pounds at his death.

As the parents were booked last night on homicide charges, Mrs. Scielzo, a short, fat woman, became hysterical. She screamed rebukes at photographers, then rested her head on her husband's shoulder, sobbing.

No explanation was offered for the couples' alleged discrimination against the two children.

The father was quoted as saying: (See TWO OF, Page 2)

Hanks Gets Two Years in Penitentiary

AUSTIN — (AP) — Raymond M. Hanks of Corpus Christi today awaited transportation to the State Penitentiary where he faces two years' imprisonment.

The sentence was ordered in 126th District Court yesterday after Hanks changed his plea to guilty on a charge of making false statements in a gasoline tax refund claim and forgery while he was chief of the state comptroller's field office at Corpus Christi.

District Attorney Bob Long said he will dismiss two other similar indictments still pending against Hanks. He said he will also ask the grand jury to nullify the two recent charges filed last week alleging similar offenses after he had left the state's employ.

Long recommended a three-year sentence for Hanks after the not-guilty plea was changed to guilty yesterday. He described Hanks as "a sick man." He told the jury that if the state's evidence had been presented, Hanks probably would have been sentenced to a death sentence.

Defense Attorney Polk Shelton concurred in Long's recommendation. He assured the jury no appeal would be made.

Slender and gray-haired, Hanks remained silent throughout the two-day trial in which State Comptroller Robert S. Calvert and two assistants testified to Hanks' confessions to them. Calvert said Hanks had estimated about \$50,000 a year over a period of seven years through false claims.

The jury deliberated an hour and 20 minutes before returning with a recommendation for a two-year sentence. Hanks' father and a friend from San Angelo were present when the jury deliberated. Hanks' wife was absent when the verdict was returned.

Man Gets Divorce In Order to Wed Wife's Daughter

GRAND RAPIDS, Mich. — (AP) — The law told Mrs. Helen Bishop today there isn't much she can do about the marriage of her divorced husband and her 16-year-old daughter.

There was nothing illegal in Victor Bishop's action last Friday when he took young Jean Lorenzki to South Bend, Ind., and made her his wife. So said the Kent County prosecutor's office and Mrs. Bishop's attorney agreed.

Although the 35-year-old mother fearfully explained that "Jean didn't know what she was doing," she admitted she had been advised there was "little hope" of forcing an annulment.

Bishop, 35, married dark-haired Jean just 21 days after his divorce from her mother became final.

"I gave him a divorce when he told me he was in love with this younger woman," the mother said. "But I didn't know the other woman was my own daughter."

Jean is her daughter by a previous marriage.

Man Shot Fatally Just Before Trial

HEMPHILL, Texas — (AP) — Buren Butler, about 40, was held today in the fatal shooting of James Alfred Bailey, 46, who had been charged with murder in the death of Butler's brother.

Butler was killed instantly yesterday by two buckshot charges fired at him from across Hemp Hill's main street.

District Clerk Willard McLane said Bailey was scheduled to go to trial Feb. 6 in Newton County on charges of murder in the shooting last June 6 of J. M. Butler, Buren Butler's brother.

KITCHEN WRECKED — The kitchen was wrecked, doors were blown off and the roof pushed up when a new water heater blew up yesterday in the lunch room of the Robinson School eight miles from here. No one was in the building. Gas company representatives said a thermostat apparently failed to work.

Girl Scout Ideals More Powerful Believes Annual Banquet Speaker

"Girl Scout ideals are more powerful than atoms," Mrs. F. A. Burnett, Amarillo, national Girl Scout board member, told 50 Pampans attending the annual Girl Scout banquet last night in the city Palm Room.

Mrs. Burnett, a Scouter for 25 years, described the strength of the organization and referred to it as a family. She cited instances how Scouting must be treated "as one big happy family" if its objectives are to be carried out.

Mrs. Glenn Radcliff, newly elected president of the Pampa Girl Scout Association, introduced the speaker.

Mrs. Iva Lee Holden, Dallas, community advisor for this area, installed 1950 officers after the Nominating Committee's slate was accepted by the group.

Officers include: Mrs. Radcliff, president; Russell Kennedy, first vice president; Dr. Douglas Nelson, second vice president; Mrs. Dan Glaxner, secretary; and Mrs. Carl J. Wright, treasurer.

Committee chairman and civic club representatives who were installed included: Mrs. Azelle Lofus, Mrs. Frank Hogsett, Mrs. E. A. McLennan, Mrs. Frank R. H. Nentzel, Joe Wells, James McCune, James E. Evans, Quentin Williams, Harold Miller and Tom Braly.

The association presented Mrs. K. E. Thornton, who has been executive for the past two years, a silver tray and sugar and cream. Mrs. H. F. McDonald, Jr., is succeeding Mrs. Thornton.

LOST FRIEND—Michael Mason is just three years old but he has experienced one of the saddest moments in a boy's life—loss of his pet dog, Mike. Mike had been sick and couldn't get outside to play with his dog, Pat. For a time, Pat watched Mike through a window but then the dog disappeared. The pet later was found dead. Here Mike grieves over his dead dog. (AP Wirephoto)

New Suit Filed in Laketon Road Fight

Another in a series of harassing suits designed to stop completion of the Laketon-Miami farm-to-market road in its approved form was filed yesterday.

A trespass to try title suit was filed in 31st District Court yesterday by Albert Dale Cook, son of Mrs. Elsie Pressing Cook, who was awarded damages of \$100 an acre for land that would be taken by right-of-way.

Payment of \$280 to Mrs. Cook was approved by county commissioners Monday.

In order to prevent such suits from delaying progress on the road, County Attorney John Stuber filed his pendens notice with the county clerk several weeks ago.

The notice was filed before condemnation proceedings were begun against Mrs. Cook and is simply a notice to prospective purchasers of the land that such proceedings are pending.

Cook claims, however, that he was the owner of the disputed land last Nov. 19 but that his deed to the land had not been recorded before his pendens notice was filed.

Thus, he is the one against whom condemnation proceedings (See NEW SUIT, Page 2)

Rehearsal for Revue Begun

Rehearsal for the seventh Top of Texas Revue, "Harmony Ranch," will begin at 7 p. m. today at the Palm Room.

Director Ken Bennett said there were a number of places still open in the chorus, but that the places in the cast had been filled. "Anybody who wants to be in the chorus should be at the rehearsal tonight," he said. Women chorus parts open are most numerous.

Rehearsal for the regular cast will be held three times a week for the Kiwanis-sponsored benefit which will be presented Feb. 6-7. Bennett said it may not be necessary for the chorus to practice that often.

The three-act musical comedy will be directed by Bunny Shultz. The show, produced by Bennett, will enable the Kiwanis Club to increase its underprivileged children's fund, as it has in the past.

Freighter Is Patched Up

Aboard the Flying Arrow — Crewmen patched up this shell-cracked American freighter today enough to permit her to limp to the nearest port.

But Capt. David Jones of Chicago, her master, said he did not yet know where he would take her, Shanghai, her original destination, or elsewhere.

A Chinese Nationalist gunboat shot her full of holes Monday. (Nationalist spokesmen said the shooting was to keep her out of mine fields on the approaches to Shanghai.)

The attack occurred on the high seas, at least 20 miles from shore. The gunboat has shadowed her ever since.

Captain Jones said he was awaiting instructions from her operators, the Isbrandtsen Line of New York, on whether to proceed to Shanghai or some other port.

Two American destroyers have offered to escort the Flying Arrow to any port except Shanghai.

The destroyers — Stickle and Baussett — have stuck by her side since their arrival yesterday afternoon. During daylight hours they never strayed more than 200 yards.

Defraud by Mail Trial Is Heard

PHILADELPHIA — (AP) — The trial of a Lancaster, Pa., couple charged with using the mails to defraud Southern and Southwestern turkey growers entered its third day today in U.S. District Court.

Federal Judge Thomas Clary is trying the case against John C. Faust and his wife, Cora.

The government charges the couple defrauded farmers of thousands of dollars by refusing to pay for eggs shipped to them on the "false" claim that the eggs were unfertile or cracked, or because the poultry market dropped.

Elton V. Cavness, San Saba, Texas, farmer, testified he was not paid in full for shipments of eggs to the Fausts in 1945.

The government charges the couple defrauded farmers of thousands of dollars by refusing to pay for eggs shipped to them on the "false" claim that the eggs were unfertile or cracked, or because the poultry market dropped.

Gasoline Feeder Line Is Repaired

Portland Gasoline plant officials report the valve has been repaired on a two-inch high pressure feeder line which late last week developed a leak.

The leak developed about 11 miles west of town near the E. pa-Borger Highway. The line is taken out of service before a damage resulted.

Mainly About People

Dr. T. J. Worrell has been under treatment for two days at St. Anthony's Hospital, Amarillo, but was expected to be at home by tonight.

Dance to Ken Bennett's orchestra in Schneider Dining Room Sat. night. Due to limited seating capacity, reservations should be made in advance.

Walter Burleson, 1061 Duncan, will arrive home tonight and soon will be discharged from the Navy. He has been stationed at Long Beach, Calif., after serving in Alaska, South America, Japan, Puerto Rico and Cuba.

New Office: C. E. Cary, attorney-at-law, has moved from First National Bank bldg. to 113 1/2 S. Cuyler over Empire Cafe.

Mr. and Mrs. Bob Thompson, 425 Yager, have returned from Chicago after attending a convention there for the past week.

Mrs. B. W. Kelley, 108 1/2 Alceck, underwent a major operation at the Worley Hospital yesterday. She is doing as well as can be expected.

Do you carry a lunch? Try our sack lunch, a full meal at 75c. Open 7 days a week Vandover's Cafe, 826 W. Foster. Ph. 3839.

Joe Ford, 924 S. Banks, underwent major surgery at Groom Hospital yesterday. He will return home around the middle of next week.

3-room furnished house, couple only. 307 Rider St.

Bobby Jack Phillips, son of Mr. and Mrs. Alva Phillips, Humble, Tex., underwent major surgery Monday at the Worley Hospital. No visitors will be allowed for about three more days.

Junior Chamber of Commerce Board of Directors will meet at 7:30 p. m. today at the Chamber of Commerce office.

For Rent—New 4-room unfurnished efficiency apt., well located, furnace heat, venetian blinds, insulate. Utilities paid. Ph. 1577.

Mrs. W. A. Goad, Jr., Wheeler, visited in Pampa yesterday.

Miss Vandell Starkey, Wheeler, attended the Pampa Girl Scout Association banquet last night.

Two of the defendants in the suit against the County Judge Bruce Parker, the Commissioners Court, both together and individually, the State Highway Commission and its members, Fred Wemple, Robert J. Potts, and A. F. Mitchell, Guy Lott, state highway engineer, and G. K. Reading, resident highway engineer.

Harry Nelson, a land owner along the route of the road, is the prime mover in the group opposing completion of the road in the form approved by the State Highway Department. Nelson contends that the road should strictly follow the section lines on both sides of the line.

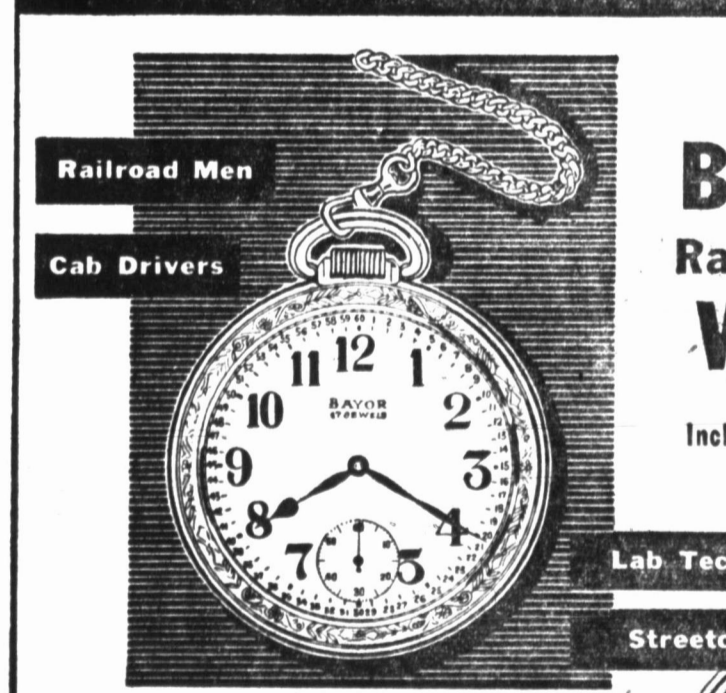

The road in its approved form simply follows and widens an old road that had been established many years ago. It lays almost entirely on one side of the section line in some places.

Postal Route Changes Made

Pampa's continued growth and the Post Office's desire to improve its services have resulted in a revision of carrier routes. W. B. Weathered, postmaster, said this morning, "We are trying to revise all routes so we will be able to make two deliveries a day."

Carrier departing time — 9 a.m. on weekdays and 9:30 a.m. on Saturdays — will remain the same, he said. "The Post Office carriers here have more than doubled in number since 1944," Weathered said. "We now have 13 carriers but will employ two more when the route changes have been made."

The arrival of the Midwest cold blast ended, at least temporarily, the rainfall over the flooded areas of Indiana and Illinois. Hundreds of persons have been made homeless by the floods of the Wabash, White, Embarras and other streams in the southern sections of the two states.

In the California citrus belt, growers continued anchoring their feet but were not alarmed by tempers because of the wind and rain.

Children Found In Ruins of Home CLAIREMONT — (AP) — Bodies of two Latin-American children were found yesterday in ruins of their home, destroyed by fire.

They were Gloria, 3, and Dora, 2, daughters of Mr. and Mrs. Salomon A. Gonzales, Corpus Christi farm workers. The parents and other children escaped the fire, which occurred Monday night.

Shrine Hospital Slated at Center HOUSTON — (AP) — Bids will be received until Feb. 14 for construction of a Shrine crippled-children's hospital in the Texas Medical Center here.

Plans for the eight-story, two and a half million dollar hospital were released yesterday.

STORM

Northwest California's wet snow froze on lines and snapped wires and power poles. The tail of the storm touched into Southern California and rain fell today in the Los Angeles area.

Five inches of snow fell at Reno, Nev., and the mercury dropped below freezing. There was eight inches of snow on the ground at Lakeview, Ore., which had a reading of 22. But generally temperatures in the storm belt were not much below normal, weather forecasts said.

Skies cleared in the central states as the cold spread into the upper Mississippi Valley and the Great Lakes region. There were sharp drops in temperature, as much as 35 degrees in some areas.

Sub-zero readings were reported in parts of Montana, the Dakotas, Minnesota, Wisconsin and Iowa.

Man Killed in Oil Well Accident

FALFURRIAS — (AP) — One man was killed and two were injured in an oil well accident about four miles northwest of here yesterday.

The accident occurred at the site of operator's committee gas unit No. 1, well as workmen were pumping acid to increase the flow of gas. Rodolfo Garcia, 33, of Premon, was killed. R. Terry and D. D. Fowler suffered minor injuries.

City Water Storage Tank On N. Ward to Be Moved

The million-gallon water storage tank on N. Ward will be moved to the S. Hobart pump station by the Sapulpa Tank Co. but a bid on enlarging the Hobart Street pump house was tabled at yesterday's City Commission meeting.

The Oklahoma tank company submitted alternate bids on moving the tank and erecting it with riveted or welded joints. Both bids were the lowest of eight received.

Since lapping the joints of the heavy boiler plate sections and welding them together would cut the capacity of the tank by 600,000 gallons, the bid for riveting the tank back together — at \$24,585 — was accepted.

The city bought two heavy water pumps last year and the contract to let the pump station will be for enlarging the pump house and installing the pumps and an automatic chlorinator to purify the water.

Two bids received on enlarging the station were tabled until next week's meeting.

The cost of running the 16-inch main water line from the Hobart Street station to the storage tank on N. Ward, or of moving the tank to the pumping station, would be about equal, City Manager Dick Peplin told the commission. By moving the tank, however, enough room would be made for a city barn, so that the city would be able to keep all its vehicles and headquarters for their maintenance at one place.

Dismantling the tank, moving it, and erecting it again will be done by the Sapulpa Tank Co.

NATIONALISTS

(Continued From Page 1) game no longer represents the Chinese people.

Tsiang ruled the question of his expulsion should be delayed until the council could study the Soviet outer resolution. Malik, addressing the "fellow members of the council" and ignoring Tsiang's chairmanship, said he could accept no ruling from Tsiang.

The Chinese delegation head put his challenge ruling to a vote. Only Yugoslavia — a new member elected to the council last October over Russia's bitter protest — voted with Russia.

India, another new member, abstained. Eight other nations voted to uphold Tsiang's decision. The Soviet resolution will be taken up at 2 p. m. tomorrow.

The Soviet move was the first step to implement Red China's move to get into the United Nations. Malik read into the record a letter to the U. N. from Peiping's Foreign Minister Chou En-lai calling for expulsion of the "delegates of the Chinese Kuomintang reactionary remnant clique" from the Security Council.

The suddenness and the definiteness of the Soviet action in the first Security Council meeting of 1950 put in clear perspective its desire to get Red China into the U. N. with the vote power of a permanent membership now held by Nationalist China.

State Department officials in Washington said they did not expect the Soviet walkout to block Security Council work.

Contrary to popular belief, unfertilized coffee grounds are not a fertilizer.

Fight Over Formosa Is Still Brewing

WASHINGTON — (AP) — Democrats accused Republicans of playing politics with foreign affairs today in the continuing argument over America's stake in the Communist threat to Formosa.

Still under GOP attack on foreign policy in the Far East, Secretary of State Acheson shifted his defense from the Senate to the House Foreign Affairs Committee.

Key Democrats in the House committee were saying the Republican criticism is a direct attempt to build up a foreign affairs issue for the 1950 Congressional campaign.

Rep. Lawrence H. Smith (R-Wis.), another committee member, retorted that all the Republicans want is whatever policy is best for America.

Acheson spent yesterday behind closed doors with the Senate Foreign Relations Committee. It was obvious that nobody had converted anybody.

Republican senators still insisted on some move to save Formosa. Committee Chairman Connally (D-Texas) commented that "you can't sell a stubborn fellow who doesn't want to buy."

Contract Let For 66 Work

A bid of \$331,449 for dirt work on Highway 66 through Gray County was accepted by the State Highway Commission yesterday, the Associated Press reported.

The contract is for grading and drainage structures on 16.92 miles of the highway from the Wheeler County line to about two miles west of Alanreed, where it dips south to enter Donley County.

When completed, a four-lane divided highway will run across the Panhandle from Shamrock through Gray County, and the intention of the State Highway Department, that has been expressed publicly by several of its members in the past year, is to have a divided Highway 66 clear across Texas.

Highway engineers said last week that the contract awarded yesterday would take about 10 months for completion. It is for dirt work only and a paving contract will not be let until it is finished.

The existing pavement will be used wherever feasible. It has not yet been determined how wide each lane will be, but will be either 24 or 30 feet, and will be from 20 to 50 or more feet apart.

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

DON'T LET MUD STOP YOU!

The Tough 4-Wheel-Drive Willys Station Wagon Takes You Through When No Other Car Can!

Don't put up with the inconvenience and danger of being stopped by deep mud and bad roads. Get the car that gets you through when nothing else can—the new 4-Wheel-Drive Willys Station Wagon. When you shift into 4-wheel drive, the front wheels pull through mud instead of pushing against it. You get all-wheel-drive traction that takes you up slippery grades you'd never make in an ordinary car. All-wheel drive cuts down tendency to skid, makes driving safer. This "go-anywhere" car is built on a special sturdy frame for operating over the most rugged, difficult terrain. On top of its unmatched performance in snow and mud, the Willys Station Wagon is a car you'll drive with pleasure the year 'round. It rides six adults in roomy comfort and handles easily in 2 or 4-wheel drive. Rear seats are quickly removable to provide 98 cubic feet of space for hauling.

Dresses That Dance Into Spring

New fabrics add new interest to spring's short dance frocks. The rose-print damask cotton dress (left), with fringed scarves flying, takes its pattern from old Spanish shawls of rich design. The burgundy-colored chiffon dress (right), with full skirt of shirred bandings, takes its rich color from vintage vine.

By EPSIE KINARD
NEA Fashion Editor

NEW YORK — (NEA) — The dance into spring will be aided by dresses that are short and simple but full of swing.

What continues to keep the ankle-length evening dress in the fashion whirl are fabrics with fresh appeal which take their patterns from old Spanish shawls and their colors from old vines.

One dress-dress of burgundy-colored chiffon, for example, is Eisenberg's gift to the party girl. An ankle-length skirt that floats full circle is made to look like sheer confection, with tucked chiffon bands sewed row-on-row from waistline to hem. Above it is a shirred camisole bodice and a waist-length belt of burgundy-colored velvet.

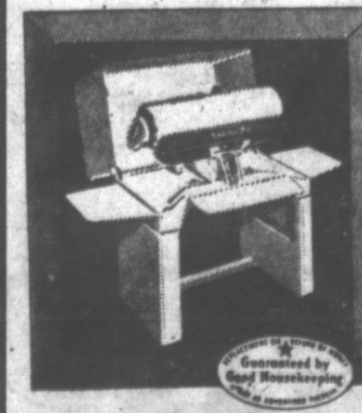

The fabric with a subtle overlay of Iberian beige print over a background of deeper tone is new damask cotton. It takes its rich design from the rose-embroidered pattern of an old Spanish shawl. This fabric, a Tina Leser brain-wave she worked out with cotton mills, is used by this designer to make a dress as Spanish in feeling as Carmen's dance. Over the bare-topped bodice this one wool-

Women's Activities

PAMPA NEWS, WEDNESDAY, JAN. 11, 1950 PAGE 8

★ WE, THE WOMEN
BY RUTH MILLETT
VFA Staff Writer

She makes friends so easily and adds so much friendly warmth to any gathering that other women envy her charm.

But most of them could be just as charming if they borrowed a few of her good points and held onto them until they became part of their own personalities.

She likes to meet new people and shows it in several ways. She is friendly and interested in the person's name, and goes out of her way to speak first the next time they meet. And she is always quick to introduce a new acquaintance to an old friend.

She talks enough to put other people at ease, but not enough so that she ever monopolizes the conversation. When someone else is doing "talk" she listens with a responsiveness that is both satisfying and flattering.

She laughs easily, so that the little incident someone else tells for a laugh never falls flat if she is around.

OTHER WOMEN LIKE HER

Other women are comfortable in her presence. For she doesn't try to outdo them, or put a show-off in her place, or give herself a big buildup.

She doesn't seem to need to do anything. It isn't especially acing, but it is friendly and interesting and lively.

Those simple-to-achieve traits of personality have won her the reputation for being an exceptionally charming woman. And there's not one on the list that any woman couldn't acquire — if she liked people well enough to bother.

Mrs. Cude Hostess At Meeting of Worthwhile Club

Mrs. N. E. Cude, 425 South Ballard, was hostess to the Worthwhile Home Demonstration Club Friday for a regular meeting.

Roll call was answered with "My Family's Favorite Recreation," and Mrs. Mary Ann Duke, Home Demonstration agent, gave a demonstration on "Facilities for Recreation and Entertainment in the Living Room."

Secret pal gifts were exchanged and refreshments were served. Those present were Mrs. E. M. Vaught, Mrs. Harold Cockburn, Mrs. R. E. Engle, Mrs. W. E. Hinton, Mrs. O. G. Smith, Mrs. O. A. Wagner, Mrs. D. L. Lunsford, Mrs. G. L. Lunsford, Mrs. A. A. McElrath and son, Mrs. J. M. Harbison and daughter, Mrs. Ray Robertson, Mrs. John A. King, Mrs. Lora Payne and one guest, Mrs. A. M. Nash.

Mrs. Harbison and Mrs. Hinton resigned from the club.

Members of the La Rosa Sorority met in the home of Miss Joan Ryan, 1216 Duncan, Thursday to complete plans for their presentation dance.

It was decided that the "Starlight Dance" will be in the Palm Room on Feb. 17, and that the Sandie Swingers will provide the music. Also discussed were decorations and the manner in which the new members will be presented.

Members present were Cornelia Cornelius, Neva Lynn Cox, Jan Doggett, Wanda Fordyce, Mary Lou Gantz, LaJuana Garner, Letitia Holeman, Glenda Husted, Elsie Housman and Rosemary Sheehan.

Washing coal reduces the sulfur content, making it suitable for cooking.

Billy Tom Townsend Guest of Honor at Birthday Party

Mrs. W. T. Townsend, 1200 Garland, gave a party in honor of her son, Billy Tom, on his seventh birthday.

Games were played and pictures were taken of the group. Ice cream and cake were served.

Attending were Michael Hill, Jimmy Ward, Linda Worley, Dennis Mills, Sandra Wheelch, Oscar Waters, Robert Woodard, Mary Williams, Rebecca Glover, Jocelyn Morgan and Cecily Morgan.

Sandra Kay and Barbara Ann Vaught, Sam Cornelius, Dale Cornelius, Phillis Newman, Tony Edmondson, Hilda Jo Carroll, Rickey and Billy Tom Townsend.

How to Make Life Pleasanter For 'School Marm'

AP Newsfeatures
Here's how your community can make its teaching jobs more attractive and give its school-marks a greater sense of dignity and self-respect.

According to Dr. Chandos Reid, assistant professor of education at Teachers College, Columbia University, aside from raising salaries a community can make a teacher's life more pleasant and the profession more attractive, by:

1. Inviting teachers to homes in the community as individuals and not just as "Johnny's teacher."

2. Helping them to find good places to live. The community can make housing and apartment surveys for teachers, and give advance information before teachers arrive. Established citizens should introduce new teachers to the community and help get them settled.

3. Making a real effort to see that young women teachers meet eligible young men in the community.

4. Making cars — and perhaps drivers — available to new teachers to help them in errands, to carry bundles and furnishings, and generally to provide easy, quick transportation.

5. Giving teachers season tickets to symphony, concert and theater programs. This especially applies to new teachers, he says.

6. Giving them a year's membership in civic organizations — YM or YWCA's, golf clubs — thus greatly helping teacher morale.

7. Local industry turning over a day to new teachers. A small group of teachers could be the personal guests of executives in each industry. They could be taken through the plant, intro-

After ordering lunch in a restaurant you see that a group who entered after you did are served before your table.

WRONG WAY: Complain to your waitress about her slowness.

RIGHT WAY: Assume that factors beyond the control of the waitress caused the delay.

One of your co-workers asks you what your salary is.

WRONG WAY: Feel you must give the information, even though you would rather not.

RIGHT WAY: Turn the question off with a light answer.

The Waghi Valley is a mile-high plateau in New Guinea.

deduced to executives and office workers, entertained at a party and dinner. Women teachers might be given corsages. Thus citizens in business and industry will learn to know teacher as people, so that each learns to feel at home with the other.

8. Teacher substitutes should be provided so that every teacher would have time to belong to one active community organization.

9. Communities should reserve places on the boards of civic organizations for teacher representatives.

Letters not published in the columns will be answered personally provided a self-addressed stamped envelope is enclosed with the question. Writers must sign their names although they will not be printed without the writer's permission.

A BOY'S ALLOWANCE

Dear Mrs. Friend,
My son is approaching the age that he feels he should be allotted a certain amount of spending money each week. Before this time his father and I have taken care of his financial needs and we feel that perhaps he is wise in wanting to have his own allowance and budget his weekly spending. Our problem is the amount we should give him. Some of his friends are given from \$5 to \$10 dollars a week and some must get along on much less. Perhaps you have ideas concerning a wholesome amount of spending money for a 12-year-old boy. If so we would enjoy your opinion.

Mrs. J. L.

I definitely feel that a boy of 12 does not need an allowance of \$5 a week let alone \$10.

Discuss with your boy what he needs money for and hit upon a sum in the neighborhood of the total.

Usually a boy of 12 likes to go to the movies once a week and he likes to buy a drink or a candy bar occasionally and have a little left over for saving in case he wants something special from time to time.

Find out how much his movie will be and add a dime, perhaps, for the inevitable popcorn. Add a nickel a day at the very most for treats and a little bit more so that he can save for special things if he wishes.

The important thing about allowances is to see that you don't weaken and give your youngsters extra money as that does all of the good he might learn from handling his own finances.

If Saturday comes around and you find that his movie money has vanished, don't replace it. Let him learn that he must budget his allowance and keep enough back for movies or savings.

The savings idea doesn't hit a boy until he sees something that he wants badly. Then he will really go to work at saving until he has accumulated enough money for his desired purchase.

Offices in Dallas Being Enlarged

DALLAS — (AP) — The Dallas office of the Agriculture Department's Commodity Credit Corporation and Production and Marketing Administration is being enlarged to handle all phases of the government's grain loan program in the Southwest, including selling and distribution.

The local office covers Texas, Oklahoma, New Mexico, Louisiana, and Arkansas.

Arnold to Run For Governor

HOUSTON — (AP) — Virgil E. Arnold says he is going to run for public office again.

This time, the Houston attorney says, it will be the governor's race. Arnold, during the past 26 years, has sought election, without success, as governor, lieutenant governor, state senator, state representative, justice of the peace, city councilman, commissioner of agriculture, Houston School Board, State School Board, and chairmanship of the Harris County Democratic Executive Committee.

He plans to base this year's campaign on one major plank — prohibition. "If I am elected," he said, "it will be my aim to make Texas as dry as the Sahara Desert."

Forty-nine countries now are actively engaged in soil conservation practices, government statistics indicate.

Gypsy's Hex May Be Working

FORT WORTH — (AP) — How potent is a gypsy's hex? District Attorney's Investigator Tom Bunch, 68, forced a gypsy fortune-teller to return \$150 cash and \$750 in bonds she had fledged from a young Fort Worth woman.

The irate gypsy said she would hex Bunch. Wednesday the officer narrowly escaped injury when his auto skidded and spun at an intersection. Friday he stepped on sidewalk near Criminal Courts Building and suffered a head injury. He was taken to St. Joseph's Hospital.

Story Told on Smog in LA

SAN FRANCISCO — (AP) — The smog in Los Angeles is so bad a doctor from that city said: "I had a patient who came out from the East — a man who wore a glass eye — and he had to buy a new, bloodshot eye to match the good one."

The doctor was Dr. Elmer Belt, a member of the California State Board of Health. He was protesting to the board a proposal to spend \$170,000 a year on a survey to discover what lasting had effects the smog may have. Dr. Belt maintained the smog already is making people miserable — "and that's sufficient evidence to do something about smog right now."

Strikers Face New Injunction

HOUSTON — (AP) — A temporary injunction against picketing has been issued in the three-month-old strike of the AFL teamsters union against Airways Limousine, Inc. District Judge Wilmer E. Hunt Monday ruled picketing is unlawful in that the strike has illegal purposes.

Hunt also continued in full effect a temporary restraining order prohibiting violence and threats in the strike. The company has been using non-union employes in transporting passengers between the Municipal Airport and downtown Houston.

TRAIN DERAILED CLEVELAND — (AP) — Twenty freight cars loaded with vegetables were derailed near here Sunday. Southern Pacific officials said four of the cars were demolished when the train struck a broken rail. There were no injuries.

Last Half Rally by Harvesters Too Much for Memphis; Berger Is Next

Forty-Four Points in Last Half Regains Earlier Lead

The Pampa Harvesters, turning the table from the usual procedure this season, came roaring back in the second half last night to overcome a one-point Memphis Cyclone halftime lead to take a 69-40 victory. It was the final practice game for the Green and Gold before the start of the district season Friday night. The Harvesters will be playing host to the Berger Bulldogs in that tilt.

The game was hard-fought and fast all of the way. Pampa had things all their own way early in the first period but saw the Cyclone get hot in the middle of the second quarter and move into a 26-25 lead at the midway point.

James Gallemore again led the Harvester scoring, accounting for 20 points. He was trailed by Dean Reno, who dumped in 33 before fouling out late in the ball game. Scotty Grundy, 6-foot 3-inch center of the Cyclones, was high point for the visitors, also netting 20 points.

One of the best performances of the night was turned in by Sophomore Marvin Bond, who chose his first starting assignment with the Harvesters. He tallied 9 points, but was also playing fine defensive ball, especially off the backboards.

The Harvesters started right from the whistle with Jimmy Howard hitting a basket and about a free throw to start the scoring and then the Harvesters ran it up to 13-1 midway through the first quarter. The score at the end of the first period was 13-9. But the lead didn't hold.

Things started going wrong for the Green and Gold. The passes were bad, they lost the ball, and the Cyclone started to score until at the end of the first half they held a 26-25

IN HIS ACT—Traded by the New York Giants to the Boston Braves, outfielder Willard Marshall gets into the spirit of the change at his Palisade, N.J., home.

Tired Hogan and Sharp Snead In Playoff for Tourney Crown

LOS ANGELES — (AP) — Ben Hogan, game but tired in his amazing golf comeback, tees off today (2:30 p.m., CST) against Sam Snead, who admits he's sharp, in the playoff for the top prize of the \$15,000 Los Angeles Open.

The 18-hole event may be played in the rain. The weather bureau says it certainly will be gusty with showers.

Hogan, who's won a lot of them, had his finest triumph in his grasp for 44 minutes yesterday. He posted 280, four under par, and was confident his first tournament bid since his auto accident was a success.

Snead had two holes to play and had to have two birdies. But birdie he did, with a 10-foot putt. Eighteen is one of the toughest holes on Riviera's trapped and billy course. It's a slight dog-leg of 435 yards, but par four.

Snead wound up 15 feet from the pin on his second shot. A gallery of 10,500 was hushed as he carefully sized up the shot, then played the roll perfectly and hit the cup dead amidships for a birdie three to tie Hogan's 280.

The crowd, pro-Hogan all in the way, roared as the ball dropped in. It was a windup as sensational as any major tournament has ever seen.

Hogan wasn't there. He was just trying his shoes in the locker room.

But never one to oversell Hogan, Hogan said: "I'm damped tired. I wish I didn't have to play tomorrow. Rather than that I wish he'd won the tournament today."

Sunday's storm — which canceled play — probably cost little Jerry Barber a cool \$1,850. He'd have won the tourney with 282 had his Sunday round counted. As it was he blew with a 290, no less, on one hole — to 288 yesterday. Instead of \$2,600 first

Lefors Boxers Top Broncs

LEFORS — (Special) — The Lefors High School boxing team, coached by Mac Winter, opened his 1950 season with an upset 6 to 5 victory over the always-powerful Clarendon ring squad. The individual results were as follows:

60 pounds — Norman Herring (L) decisively Jack Moore (C), 77 pounds — Weldon Talley (C) decisively Darwin Teeters (L).

78 pounds — Don Moore (C) decisively Jerry Herring (L), 82 pounds — Gordon Moore (C) decisively Billy McCarty (L), 93 pounds — Eddie Clemmons (L) decisively Clyde Morgan (C).

110 pounds — Dickie Davis (L) decisively Gerald Mullinax (C), 118 pounds — E. J. Parks (L) decisively Leon Mullinax (C) in the third round.

126 pounds — Jerry Moore (C) decisively Paschal Crutcher (L), 130 pounds — Roy Brown (C) decisively Bobby Bishop (L), 140 pounds — Friday Todd (L) decisively Doyle Lessen (C) in the first round.

140 pounds — Joe Rice (L) decisively Travis Mullinax (C), John Rankin of Pampa was the ring official.

The next bouts for the Pirates are Feb. 2, when they will meet the Shamrock Irish boxing team at Lefors.

LAREDO NINE SOLD — The Laredo Apaches of the Class C Rio Grande Baseball League have a new owner — Nicholas Canavati, Laredo merchant.

place money, he pocketed \$750 in a seventh place tie with Jimmy Demaree.

Navy Announces Signing of Erdelatz as Middle Coach

ANNAPOLIS, Md. — (AP) — Eddie Erdelatz, a veteran gridiron tutor at 36, is the new head football coach at the U. S. Naval Academy.

His acceptance of a four-year contract at undisclosed terms was announced today by Capt. Howard E. Caldwell, Navy director of athletics.

Erdelatz, who for the past two years has been coaching ends at the professional's with Francisco 49ers, will be permitted to select his own assistant coaches and they also will get four-year contracts, Caldwell said.

The big, soft-spoken St. Mary's (Calif.) graduate in Navy's second civilian coach. He succeeds George Sauer who quit two weeks ago after the Academy announced dismissal of his two leading assistants, Bob Ingalls and Vic Bradford.

Erdelatz is no stranger to Academy football. Beginning in 1945, he spent three seasons here coaching Middle ends. He was considered for the top post in 1948 but, when the job went to Sauer, he gave up college football for the professional game.

At his San Francisco home when informed of his appointment, Erdelatz declared: "I'm thrilled and very honored to be selected by an institution with such high academic, patriotic and athletic standards as the Naval Academy. And I'm looking forward to the challenge the job presents."

EDDIE ERDELATZ grins as he receives word of his appointment as head football coach at the U. S. Naval Academy at Annapolis replacing George Sauer who resigned last week following the dismissal of his assistant coaches.

There are still some good seats left to the three conference basketball games. Get your season book now and be assured of a place to sit.

TIGERS' LEADING PITCHER SIGNS — Detroit Tigers' General Manager Billy Evans points to the dotted line as Virgil Trucks, Tigers' No. 1 pitcher of 1949, signed his 1950 contract at Detroit. No mention was made of the salary, but it is reported Trucks will earn in the neighborhood of \$22,500 next season. (AP Wire-photo)

Sanity Code Scrap Simmers As Platoon System Is Raked

NEW YORK — (AP) — The NCAA's sanity code issue was sidetracked today over the controversial free substitution rule. It looked like an all-day knock-down, drag-out affair with the two-platoon boys winning in the end.

"I sent questionnaires to some 1,000 coaches and received replies from around 600," said Columbia's Lou Little, chairman of the coaches' rules group. "They showed a majority favoring liberal substitution."

The coaches' recommendations are tantamount to adoption. The NCAA Rules Committee, composed of coaches and faculty heads, act on the proposals later.

The rules meeting took the limelight temporarily from the sanity code at the annual National Collegiate Athletic Association sessions. The code fight is not slated to come to a head until Saturday.

Little said that while his nationwide survey showed strong sentiment for free substitution, the two-platoon system had many hard-fighting adversaries.

Harvey Harman of Rutgers, former president of the National Coaches Association but not a member of the Rules Committee, has waged a strong campaign against the free substitution rule.

"It favors the haves over the have-nots and is ruining the game," Harman said.

Most of the 10 who thought there would be some change took it for granted that teeth would be put in the rules governing substitution. In this vein, they commented that for the most part there would be a more healthful atmosphere, with no bidding for stars.

College Stars Trim Lujack-Led Hawaiians

HONOLULU — (AP) — USC's Jim Powers passed for three touchdowns in the College All Stars 20 to 6 triumph last night over the professional All-Hawaii team reinforced by the Chicago Youth Organization.

as the best college grid player of 1949.

The 21-year-old native of Turtle Creek, Pa., accepted the honor with deep humility from club President Bert Bell, commissioner of the pro National American Football League.

Many Well-Knowns In Shamrock Meet

There will be plenty of well-known names entering the ring when the Shamrock District Golden Gloves boxing tournament gets underway on Thursday night at the American Legion Home in Shamrock. The first bell is scheduled to ring at 7:30 tomorrow night sending the first pair of hopefuls into action.

Among the experienced leather-pushers who will be seeking to fight their way into the regional tournament at Amarillo later this month will be Donnie Ray, Billy Campbell, Joe Landrum and Jimmy Pennington of Shamrock; Joe Rice of Lefors; Gene Hubbard of Wheeler all in the High School Division.

In the open division there will be fellows like Ed Haynes, Jr., J. Roy Henry, Billy Joe Roden and Tom Landrum, all of Shamrock; Eldredge Ross of Skellytown and John Lowe and James Stevens of Pampa.

Other Pampa fighters who are planning to enter are Jimmy Bennett, Tom Grantham, Keith Kelly, Leon Kelly, Billy Ed Cooper, Ronnie James, Weldon Wittcher, Jimmy Hyatt, Robert Mauldin, Donald Estes, Bob Wilhelm, Bill Chapman and Rely Marney.

Qual has notified the tournament officials that it will bring its entire school boxing team over to fight for the team trophy and seek berths on the team that will represent Shamrock in the regional meet.

Ring officials for the tournament will be J. C. Oakley, Doug Graham and Frank Mulligan, all of Amarillo.

Tickets for the matches will be on sale locally at the Berry Pharmacy until about noon tomorrow. The tickets are for all three nights of the fight and are reserved and ring-side seats. General admission seats will be sold

Writers Take Dim View of Code In Year-End Poll State Champions Display Ability

NEW YORK — (AP) — The nation's sports writers take a dim view of the recent housecleaning agreements among college athletic officials.

By a majority of more than seven to one, the writers who took part in the Associated Press annual year-end poll thought attempts to cut down subsidization would have no effect on college athletics.

Although no direct mention of the NCAA's sanity code was made in the question, many writers referred to it in their answers. Seventy-five of them said nothing could be done, sanity code or no, while 10 thought the housecleaning would have some effect.

The NCAA is meeting here this week, and one of the main questions is how to enforce the sanity code. No action is expected before Saturday.

The seventy-five who thought the colleges would roll a 10-0 merrily, playing the game their own way, advanced many different reasons and had many comments — anything but kind — about college officials.

Another large group saw the big business angle keeping the colleges from going sin-pure. They asserted that as long as college football is big business, schools would be forced to put out winners.

Most of the 10 who thought there would be some change took it for granted that teeth would be put in the rules governing substitution. In this vein, they commented that for the most part there would be a more healthful atmosphere, with no bidding for stars.

An Upselling Evening Spent In College Ball

NEW YORK — (AP) — Cincinnati and Auburn were topped from the unbeaten ranks, but it was Tulsa which provided last night's surprise in college basketball.

Tulsa turned in a 42-36 victory over Wichita, a team which figured to breeze. Wichita previously had beaten the Oklahoma Aggies and Oklahoma City Univ. But Ken Dobbs held Wichita's star, John Friederford, to four points.

Duquesne ended Cincinnati's 17-game winning streak, counting 11 from last season, 60-54, and Georgia Tech shattered Auburn's eight-game streak, 65-49.

Long Island and CCNY, ranked third and seventh in the AP poll, cemented their claim to high ranking. Long Island whipped St. Louis, 58-42, in a Madison Square Garden doubleheader after CCNY had swamped West Virginia 80-55.

Nebraska upset Kansas, 57-56 in a Big Seven game.

Texas Christian upset Southern Methodist, 62-50, in the Southwest Conference while San Francisco whipped Santa Clara, 50-36.

Virginia Tech upset George Washington, 71-69, in the Southern Conference.

TCU Bumps Mustangs

FORT WORTH — (AP) — Texas Christian upset the Mustangs in its first defeat of the young Southwest Conference basketball campaign last night — a 62-60 beating that dropped the Mustangs out of the lead.

It was the first victory for the Frogs in three starts and the first loss for SMU in the same number of games.

This leaves Arkansas and Baylor — which have played only one game each — out in front percentage-wise.

Texas Christian got its margin by holding SMU scoreless for six minutes early in the second half while dropping in 14 points.

TCU led, 32-30, at halftime, but SMU came back right after the intermission to gain a five-point lead.

George McLeod, Sophomore center, scored 18 points and forward Gene Schmidt scored 17 to pace the Frogs. Fred Freeman got 16 points for the losers.

WARREN'S WARMUP

By Warren Mason—News Sports Editor

QUESTION: What were the only two clubs in the National League that were never in eighth place last season?

SPORTS SIDELIGHTS: "That was the greatest Experience I ever had," said Bud Wilkinson about coaching the All-Stars in the annual charity game in Chicago last fall. . . His comment came right after his Sooners downed LSU in the Sugar Bowl, 35-0. . . I learned more in working with the stars from all parts of the country than I had on any other occasion. . . Don Rehfeldt, University of Wisconsin basketball center who led the Big Ten in scoring last season, is called "Radar" by his teammates. . . Seems Big Don locates the basket no matter what the interference might be.

OHIO STATE UNIVERSITY: Eddie LeBaron of College of the Pacific, Darrell Royal of Oklahoma and Lindy Berry of TCU. . . This season's Rose Bowl programs were cut to half price from last year's. . . Spectators got to tell the players with a scorecard for only 50 cents. . . Brazil, which is to host for the world soccer meet in 1950, is erecting a stadium to seat 125,000 fans. . . As evidence that pro football players don't waste their time during the winter off-season here is what many of the Cleveland Browns do. . . Otto Graham is a sales manager at a major Cleveland hotel. . . Edgar Jones is sales representative for one of the largest trucking firms in the city. . . Cliff Lewis is working in his father's insurance bureau. . . Marion Motley is sales representative for a large brewery. . . Lou Saban and Ed Ulinicki operate owner Arthur McBride's auto rental agency. . . Mac Speedie is a salesman for a sporting goods company. . . Several other Browns are continuing their academic work. . . Jackie Robinson and Roy Campanello, Negro stars of the Brooklyn Dodgers, are operating a free baseball clinic once a week in New York's Harlem district. . . Joe DiMaggio, star Yankee centerfielder, has been ranked ninth among the list of most eligible bachelors of 1950. . . Joe was divorced a couple of years ago and has one son, Joe, Jr., in Virginia, Dartmouth, Minnesota. Don Newcombe, big fireball hurler of the Dodgers, is refereeing wrestling matches during the winter. . . Bill Veck has been named as turning to basketball promoting, namely with the Harlem Globe Trotters and a select team of collegiate stars of this season touring the country in what will be termed the "World Series of Basketball". . . Clarence "Doc" Spears, veteran football coach who saw service at West Virginia, Dartmouth, Minnesota, Oregon, Wisconsin, Toledo and Maryland, has finally settled down to his vocation. . . He is practicing medicine in Ypsilanti, Mich.

ANSWER: Brooklyn and Cincinnati were the only two clubs in the National League never to get into the cellar last season.

Shirley May to Train in Texas
DENISON — (AP) — Shirley May France is going to do a little training for her next attempt to swim the English Channel by splashing around this spring in Lake Texoma.

President Greg Walsh of the Lake Texoma Sportsman's Club said today the Somerset, Mass., school girl swimmer has accepted an invitation to come to Texas.

TOPPLING TEN PINS . . . No. 11

Thumb Is Out of Hole First, Fingers Applying Lift Action

SMOOTH—Val Mikiele releases the ball.

By VAL MIKIELE
Bowlerette-of-the-Year
Releasing the ball smoothly, the thumb comes out of its hole first. . . The fingers apply a lift action to the ball a split-second thereafter. . . The right arm is perfectly straight, the left foot pointed straight down the alley at our objective. . . The right foot, hidden by the body in the accompanying picture, is coming up to act as a brake for the finishing slide. . . Although not visible in the illustration, the left arm is outstretched to assure perfect equilibrium. . . Any English must be imparted with the release. . . Practice constantly, so that you can repeat this same release motion every time. . . When you have perfected your delivery, you will know where the ball is going the instant it leaves your hand.

NEKT: Front view of release.

Osmanski Quits At Holy Cross

CHICAGO — (AP) — It's back to dentistry for Dr. William T. Osmanski, known as Bronco Bill in his fullback playing days with the Chicago Bears.

Osmanski has resigned as head football coach at Holy Cross. Three years of a five year contract, calling for a reported \$12,000 annually, remained.

His resignation, followed the most disastrous football season in Holy Cross history. It was announced in a joint statement Friday night by Osmanski and the Very Rev. John A. O'Brien, president of the Worcester, Mass., college.

The statement said Father O'Brien "made it clear" that Osmanski, former Chicago Bears fullback, could remain as head football coach at Holy Cross. But he added, the former Holy Cross star thought his alma mater "would be best served by his resignation."

Pro Basketball, in Small Towns, Is Still Big Business

NEW YORK — (NEA) — Promoters really take professional basketball to the people. . . Represented in the far-flung National Basketball Association are such thriving metropolises as Anderson and Fort Wayne, Ind.; Waterloo, Ia., and Sheboygan, Wis. Tri-City is an amalgamation of Moline and Rock Island, Ill. and Davenport, Ia., the Blackhawks playing their home games in the former town. . . The industrial center of Fort Wayne has been a hot bed of pro basketball down through the years. Like professional football, the money cage game started in the smaller burgs. Others have dropped out, but the Fort Wayne Pistons continue to thrive. . . Commissioner Bert Bell sat up nights arranging a tentative 14-team schedule for pro football.

HIGH BALL—Bill Van Breda Kolff of the New York Knickerbockers gets his arms full of high altitude air missing a rebound in the game with the Warriors in Philadelphia. Warrior Jerry Fleishman gently pulls away, as his teammate, Vera Gardner, comes in. The home guard's three-game winning streak was knocked, 79-72.

ball's new National - American League, the teams of which are trotted out only on Sundays. . . The old Pennsylvania quarter-back should have consulted President Maurice Podoloff of the NBA. The man who also heads the American Hockey League worked out a satisfactory schedule for a far-flung 17-club circuit strung out all the way from Boston to Denver and from Minneapolis to St. Louis, with teams playing three and four times a week. . . Organizer Podoloff divided his clubs into three divisions — the Eastern, Central and Western. . . The teams of each section make five trips into the territory of the others.

Thus the packing plant and automobile manufacturing town of Anderson, Ind., sees the same basketball that is on display in New York, Chicago, Philadelphia, Boston and Washington. . . Toward the end of the campaign, the top four outfits of each group will engage in a modified version of the Shaughnessy minor league baseball play-off. From that three winners will emerge.

The side with the highest seasonal percentage will draw a by, and play the winner of the engagement between the other two for the championship.

It took the basketball owners only two years to accomplish what the football magnates went broke doing in four. The Basketball Association of America and the older National Basketball League merged for business reasons.

Attendance is up everywhere except in Anderson and Waterloo—and Chicago, oddly enough. The latter problem is one of the difficulties at Madison Square Garden, but when the Knickerbockers are booked there even on a Saturday afternoon, they do from 16,000 to the capacity of 18,000. Twice already this season at night they've turned 'em away.

When you draw like that, professional basketball has moved in for keeps.

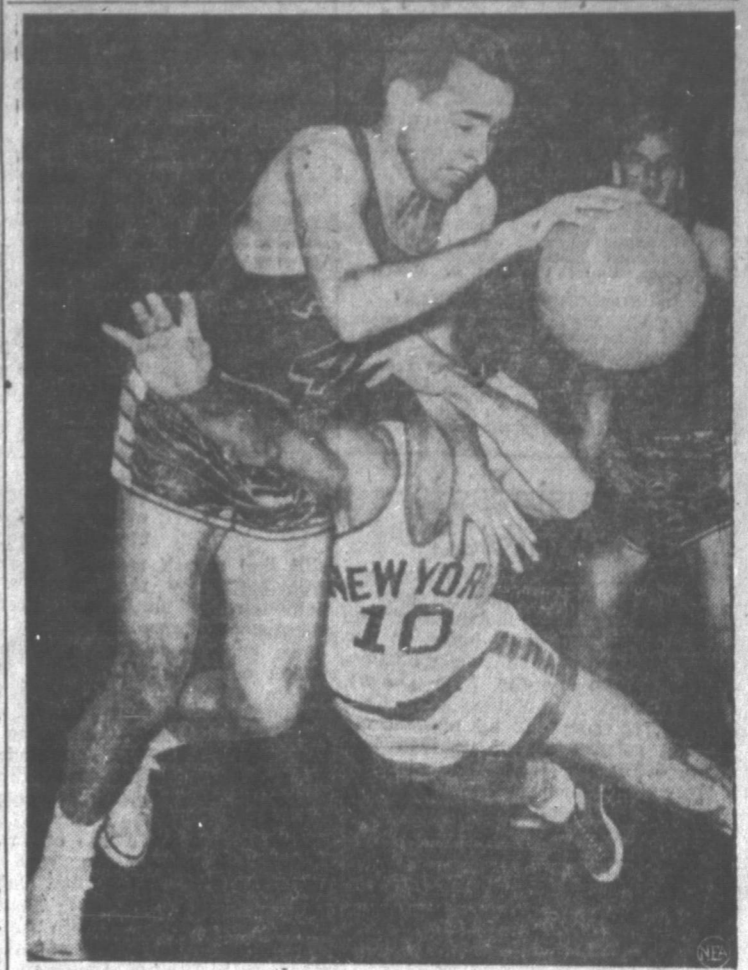

All the Association requires are halls to show the brightest stars of the court—Mikan, Gross, Davies, Fulks, Zaslofsky, Phillip, Pollard, Sallors, Schaus, Braun and many more.

Professional basketball may be played in small towns, but it's strictly big league.

Wilson, commissioner of the Big Ten, declined to name the date.

Wilson also said the new agreement "may be for years to come, not just five."

Other Big Ten Western Conference officials who attended the U.S. Olympic Association meeting here told a reporter that

BASKETBALL BLOCK—This looks like a block, and counts as one and a foul, as the professional Knickerbockers' Goebel Ritter falls attempting to take the ball from the Warriors' Frank Crossin at Madison Square Garden. The New York club walloped Philadelphia, 81-59, before a turn-away crowd of 18,000.

Five Lefors Boys In Golden Gloves

LEFORS — (Special) — Five Lefors fighters will enter the Golden Gloves Tournament at Shamrock tomorrow.

The five fighters who will represent the town of Lefors in the district tourney are, in the High School Division, Eugene Parks at 118 pounds; Joe Rice at 125 and L. B. Coberley at 105.

In the Open Division Bill Linton and Ray Horn, both 118 pounds, will be the only entrants.

Panhandle Five Defeat Pirates

LEFORS — (Special) — The Lefors Pirates basketball team met defeat last night at Panhandle, where the husky Panthers gave them a 38-23 licking. Ronald Beasore led the scoring for the victors with 15 points, while Bill Clemmons paced the losers with 12.

The halftime score was 17-7 in favor of Panhandle. . . The Pirates gained some success, however, when the "B" team downed the Panther "B" squad, 26-18 in the opening game. Jimmy Doom led the victors with 9 points, Bonner getting 7 for the losers for high point honors.

The next game for the Pirates is Friday night when they battle the White Deer Bucks in two games at Lefors. The first game will start at 7 o'clock.

LSU Votes Bonus To Grid Team

BATON ROUGE, La. — (AP) — Louisiana State University has given its football players \$250 each for the extra expenses involved in the Sugar Bowl.

Three-Man Weave and Double Pivot Unbalance Defense for Manhattan

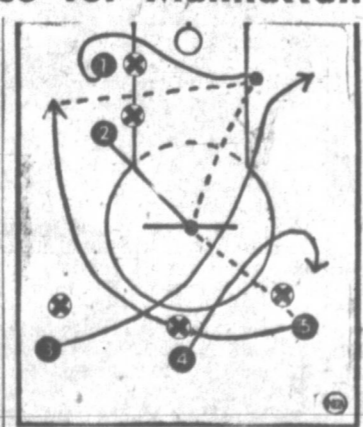

Another of a series by coaches diagrammed and written for NEA Service.
By KEN NORTON
Manhattan Coach

NEW YORK — Using a three-man outside weave and a double pivot, Manhattan draws the defense to one side.

Then the Jaspers take advantage of the unbalanced situation by breaking a man through on the weak side.

Player 2 moves out to the foul line, sets up as a main post to receive a pass from 5. Starting the weave, 3, followed by 4, breaks by the pivot, who fakes to both. The second pivot, 1, breaks by the pivot, who fakes swings across to the other side of the free-throw lane, receives a bounce pass from 2.

Breaking around to the weak side, 5 receives a quick pass from 1, and moves in for a shot.

Player 5 breaks through on weak side.

By RAY TUCKER WASHINGTON — Despite Herbert Hoover's demand for American aid to Chinese Nationalists encamped on the island of Formosa, all proposals for combating Chinese Communists in that area will come to nothing unless the American people and Congress are willing to take a chance on precipitating World War III.

It's a Grim Life

By GORDON MARTIN When a husband goes to bed at night, his wife will often say she'd like an evening out because she's had a hectic day. For the kids have been a nuisance and she's slaved around the house, and she needs the understanding of her ever-loving spouse. So there comes a day he's thinking that the wife has got a point, and he plans a festive evening at a swank, exclusive joint.

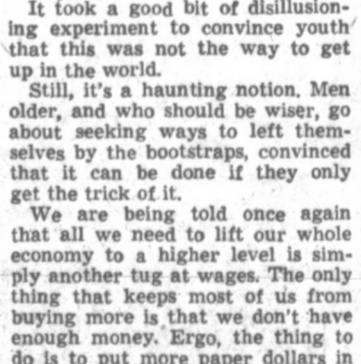

IN HOLLYWOOD

HOLLYWOOD — (NEA) — Hollywood is still talking about Clark Gable's surprise marriage to Lady Sylvia Stanley. There was so much confusion when the first so-called arrival in Hollywood that "Sylvia Stanley of Alderly" was she signed the marriage application, was not immediately identified as Doug Fairbanks' widow.

THE DOCTOR ANSWERS

Question: I have a bladder hernia. My physician says this can be cured only by a major operation. Is this correct?—S.M. Answer: Yes.

Patman to Ask Presidential Help in Curbing Oil Imports

WASHINGTON — (AP) — Rep. Patman (D-Texas) said yesterday he will ask President Truman to reduce the heavy flow of crude oil into this country from abroad. Patman said, "heavy imports are threatening the very life of our domestic oil industry. My first concern is in regard to the national defense. We must have a healthy and adequate industry to meet all demands in the event of an emergency. You can't have oil fields shut down and get them going again overnight." The economic status of small independent operators is being forced drastically to curtail their production, Patman said, also is cause for worry. The Texan said in an interview that he plans to take the problem up within the next week or two.

OIL REPORTS

PAMPA NEWS, WEDNESDAY JAN. 11, 1950 PAGE 9

Premier Agrees to Delay West Central Texas Oil Cut

AUSTIN — (AP) — The Premier Oil Refining Co. agreed yesterday to hold up an order to cut its take of oil from 421 West Central Texas leases by 60 percent. The agreement was announced at a conference between members of the Railroad Commission and producers in the area, after the West Central Texas Oil and Gas Association had protested that the Premier cut would bring abandonment of many marginal wells in seven counties. Premier agreed to continue purchasing the crude, deferring its cut order until Jan. 15, when Railroad Commissioner Ernest O. Thompson suggested the problem might be solved on a long-range basis at the statewide proration hearing. The protesting producers were from the Ranger, Eastland, Breckenridge and Cisco areas. They said that while the 5,376 barrels of oil daily was relatively insignificant in the statewide production picture, it was vitally important to them. They were quick to accept the stopgap solution. Spokesmen for the operators included French M. Robertson of Abilene, president of the West Central association, Ray Dilger, manager of the Fred Manning interests in southwestern Stephens County.

Jesse James Appears Again

By HAL BOYLE
NEW YORK — (AP) — There's a cantankerous old galoat in town who says he's Jesse James, and I wish he wouldn't say it. Because there is always the odd doubt it might be true. And that would be as disturbing as if Robin Hood should come alive again, and lose a bow-and-arrow match with an unemployed Indian. The gent who claims he's Jesse James is a white-bearded, bed-ridden man named J. Frank Dalton, who certainly is old and certainly can cuss like a man out of the last century. History says that outlaw Jesse James, while living in St. Joseph, Mo., under the nom-de-pistol of Mr. Howard, was shot to death on April 3, 1882. He was plugged from behind by a member of his own band, Bob Ford, while hanging a picture. But, now, after all these years, along comes Dalton and says no, "twain't Jesse that was killed—it was Charlie Bigelow, still another member of the band. But they buried Charlie as Jesse to fool the feds, and Jesse escaped and has lived ever since as J. Frank Dalton. If this account is true — and there are those who believe it, just as there are those who believe that if you leave a horse-hair in a bucket of water it will turn into a snake — old Jesse would be nigh onto 103 years old, something of a record in the outlaw industry. To the effete East it is a matter of mere fancy whether old Frank is old Jesse, but it isn't to anyone who spent his boyhood in the Missouri haunts of the James band. To us Jesse then was a symbol of the defeated South, a man who refused to

Geo Crew Moves Into Canadian

CANADIAN — (Special) — Petty Geophysical Engineering Co., Party No. 8, has moved to Canadian and has offices in Isaac Simpson's building on N. Kingman. There are 18 men in the party, representing 14 families. They are having some difficulty in finding adequate living quarters. The party had been in Shamrock for about 8 months before coming to Canadian. R. E. Freeman is party chief. This is the second party of the Petty Company to locate here. The other party, with Douglas Wood, party chief, has been here about two years. Purchased iron and steel scrap consumption in the U. S. totaled 21,250,000 gross tons in 1949, 27 percent less than in 1948.

Angel Falls in Eastern Venezuela is 3,332 feet high, 15 times higher than Niagara, and is believed to be the highest falls in the world.

Two Americans Are Beheaded in Zambales
MANILA — (AP) — Two Americans — one a Texan — have been found beheaded in the Zambales Mountains. Paul H. Saries, 36, Uvalde, Texas, and Frank Jirgl, 45, Spring Lake, Mich., the victims, had been running a 2,000-acre ranch in the area. Their bodies were recovered Tuesday by a constabulary patrol. The patrol reported that the two Americans apparently had put up a stiff fight before they were hacked to death. The patrol said the bodies had been found on a hilltop about 400 yards from their house. Residents of the area said the slayings probably occurred in mid-November. Recent discoveries indicate the blood is full of small clots which may cause a serious condition if they are not.

Revolt for Better Pics Is Stirring

HOLLYWOOD — (AP) — A revolt is stirring in Hollywood, one which may result in better pictures. Leaders of the revolution are a group of film creators, most of whom have incomes in the higher brackets. The revolt is a reaction of some of the younger men against the authority of big studios. In some cases, these men have found their cherished independence within the studios; in many cases, they have had to seek it outside. One of the leaders of the revolt is young Stanley Kramer, producer of "Champion" and "Home of the Brave." "The future of the motion picture industry is in the hands of the independents, not the majors," he has said. "If this lone source of expression fails, then the industry is doomed to destruction." Kramer claims that renewed interest in the movies can be earned solely by fresh, vital ideas. "And the traditional role of the independent is that of the trail-blazer," he added. Robert Rossen, director - writer of "All the King's Men," agrees that vital new subjects must be found to win back adult patronage. "The big studios can't continue to put new labels on the same old products," he remarks. "New subjects must be found, and new treatments of the old subjects. I think the big studios have been taken in by their charts and audience surveys. They think they can put together two teaspoons of sugar, a yolk of egg, add Ginger Rogers and cook the whole thing into a picture. But it still comes out a bad omelet."

Britain's Recognition of Chinese Reds Strengthens Far East Commies

(By The Associated Press) Now that the Chinese Communists have had their sweeping victory bolstered through recognition of their government by Britain et al., what can we expect next? What is the significance of the loss of China to the democracies? Britain reminds us that formal recognition of a government doesn't imply approval. That is true, but recognition by a major power can carry the new government far with other nations.

It is likely to strengthen the hand of the Chinese Communists in spreading communism in the Far East.

So we may take it for granted that one of the early developments will be application of pressure by Red China to bring neighboring Asiatic countries into the Communist fold.

But does establishment of the Peiping Communist regime mean that all China's half-billion people have been communized? It does not. It means that the Red armies have virtually knocked out the Nationalist forces militarily. The probabilities are that the vast majority of the Chinese peasants are neither Communists nor Nationalists.

Back of the Peiping government stands Moscow. General Mao Tze-

tung, the Chinese Communist leader, is now in the Soviet capital and it is reported he and the Kremlin are near agreement on overall Sino-Russian relations. Observers believe the agreement will bind China and Russia together very closely.

The big question would seem to be Manchuria. This is one of the richest portions of China and naturally Mao is anxious to control it. However, Russia thus far has given no indication of relaxing her grip on this big area.

Reports from Moscow leave no doubt that General Mao is bent on extending his holdings. Russia's two biggest newspapers, Pravda and Izvestia, declare Tibet is to be swept into the stream of world communism.

Izvestia also says the Peiping government is determined to free all Chinese territory, including not only Tibet but the islands of Formosa and Hainan.

Lewis Gives Steel Heads Talking Point

NEW YORK (AP) — Steel moguls will be called on the carpet in Washington in two weeks. Congressmen want to know why steel prices were hiked two months ago to pay for the new pensions the steel union won in their strike.

But John L. Lewis appears to be offering the steel executives a fresh new argument to tell the congressmen. Lewis' miners have stopped digging coal for some of the steel mills. In time that could close down the steel mills again, a costly proposition—especially now that they are back to producing at 97 percent of capacity and have a nice backlog of orders.

The coal strike in the steel industry's captive mines may not explain why steel prices went up \$4 a ton, on the average, a while back. But it might set the congressmen to worrying about a possible future steel price hike, laid to advancing costs traced to the inaction of the Lewis men.

The congressmen probably will discover that the steel makers' lot is not a happy one — although even the steel men cannot deny that in recent years it has been a very profitable one.

The three-day week in the steel companies' coal mines already had them complaining. They can't make steel without coal, and they weren't getting as much as they wanted. The cost of digging what coal they get has gotten up since the war.

The slowdown at the mines also has taken some trains off the rails.

Now, with the nation patting itself on the back at having got back into its industrial stride again after its fears and tremors of last winter and spring, a shutdown of steel mills would raise hob all over the lot. It might retard or even halt the recovery movement. Lewis is pinching at last where it hurts.

STALIN CALLED GOD
LONDON (AP) — Albania called Joseph Stalin a god today.

The official Albanian telegraph agency said the Albanian People's Assembly voted to erect a statue of "the deity Joseph Visarionovich Stalin."

The Greek historian Thucydides tells of eruptions of Mt. Etna as early as the eighth century B. C.

If houseplants are infected with mealy bugs, pick them off with a cotton-tipped matchstick or toothpick dipped in alcohol or toilet water.

Plague first invaded Europe from Asia in the sixth century.

Twenty-six states have "Keep Green" forest programs.

Plague is a serious problem in India.

The ancient Medes and Persians cultivated spinach.

Churches Get Most Bells of Steam Engines

(By The Associated Press) Steam locomotives are passing into oblivion but their fine old bells have found another use and will ding-dong for Texans for generations to come.

Their new profession: church bells. The Texas and Pacific Railroad, rapidly scrapping its steam engines to make room for new diesels, has given away 22 bells since 1948. Most of these gift bells now ring for churches in 14 towns along the T&P line.

The Missouri-Kansas-Texas Railroad hasn't any definite program for its bells as yet but remembers selling one to a rancher near San Antonio who is using it as a dinner bell, to call in the hands.

The T&P has a long waiting list of churches — has served notice that bells henceforth will go only to churches in T&P Railroad towns. "We would like to give them away to churches everywhere," an official explained, "but the supply is so limited."

First recipient of bells was the First Baptist Church in Midland which got three. "This church fixed them up so they all ring together," said the T&P. "Must be quite an effect."

Other churches which got bells include the Grange Hill Baptist Church, Marshall; North Side Baptist Church, Longview; St. Patrick's Church, Fort Worth; St.

Assistant County Agent Is Employed

A new assistant county agent has been employed to replace Vic Joyner, who went to Miami as Roberts County agent Jan. 1.

Foster Whaley, a January graduate of Texas A&M, was employed by the County Commissioners Court Monday as a assistant to Ralph Thomas, Gray County agricultural agent.

Whaley, 29, received his Bachelor of Science Degree in agricultural education this month. He was born in Bulcher, Texas, and did general livestock farming with his father near St. Jo for five years. He is a three-year veteran of the late war, having served 19 months of that time overseas.

His salary was set by the court at \$1,600 per year, with raises to come on Thomas' recommendation. In presenting him to the court, Thomas recommended Whaley highly, and said he had had the young man in mind as an assistant since he met him two years ago.

The post has been vacant since Joyner moved to Miami the first of the year to take full charge of Roberts County as agricultural extension agent.
