PAMPA, TEXAS, TUESDAY, SEPTEMBER 12, 1950

(10 PAGES TODAY)

AIRVIEW OF TROOP TRAIN WRECKAGE—This is an airview of the wreckage of a troop train and locomotive units of the Pennsylvania Railroad's "Spirit of St. Louis" passenger train following a crash near West Lafayette, Ohio. The three cars at right and the car lying on the embankment on the far side are from the troop train which was carrying units of the Pennsylvania National Guard. In the center are units of the twin-diesel locomotive of the passenger train. One unit is still on the track and the other lies down the embankment on the near side. The three baggage and express cars on the rear track, behind the locomotive, are from the passenger train. A work train is on the other track at top. Note blanket-covered bodies at left near the first aid tent. (AP Wirephoto)

Alies Take Vital Hill On Route to Taegu

Bevin Frowns On Rearming West Germany

By JOHN HIGHTOWER NEW YORK — (AP) — British Foreign Minister Ernest Bevin, arriving for critical western diplomatic talks, said today that Germany "must be brought back as a great nation." But he said the arming of German military units is not the way to accomplish that.

Shivers' Harmony Plan Threatened

MINERAL WELLS — (AP) — Belligerent left and right wing Democrats today threatened Gov. Allan Shivers' party harmony program. All-night maneuvering by both factions sharpened the outlook for a convention showdown between liberals and conservatives. The conservatives held the edge.

Losses Heavy As Battalion Reaches Peak

TOKYO — (AP) — American First cavalrymen stormed up-hill through a withering day-long barrage of Red Korean gunfire and at dusk won a peak commanding a main northern approach to Taegu. The troopers in battalion strength — 1,000 — won Hill 314, eight miles north of Taegu at heavy cost.

County Demo Group Sealed

MINERAL WELLS — (Special) — Gray County's conservative delegation was sealed here this morning at the state Democratic convention without opposition from liberal groups.

Death Toll 33 In Rail Wreck

COSHOCTON, Ohio — (AP) — The Army today counted 33 dead in the troop train wreck at nearby West Lafayette, Pa. It still struggled to complete identification of 11 victims — 24 hours after the crash.

Security Council's Report Approved As Russ Abstains

LAKE SUCCESS — (AP) — The United Nations Security Council approved its annual report to the general assembly today. A threatened Soviet veto failed to materialize.

Phone Rate Offer Refused by Firm

Southwestern Bell Telephone Co. is not satisfied with a citizens committee recommendation of a 20 percent rate hike, contingent upon installation of a dial system here.

SHAW CALLED QUITE PERKY

LUTON, Eng. — (AP) — George Bernard Shaw amazed his nurses today by sitting up in bed less than 24 hours after a bone-setting operation.

Truman's Thinking Entirely Political, Rep. Guilt Charges

Congressman Ren Guilt, in recorded broadcasts Monday night, accused President Truman's attack on the Marine Corps, declaring him (Truman) "incapable of thinking any way out politically."

Smuts to Get Hero's Burial

PRETORIA, South Africa — (AP) — South Africa today planned a military funeral for her greatest soldier and one of the Democratic world's foremost elder statesmen — Field Marshal Jan Christian Smuts.

Free Enterprise' Lecture Set for Knife-Fork Meet

John Temple Graves, II, writer, columnist and lecturer, will speak on the subject of "Free Enterprise" at the Top of Texas Knife and Fork Club meeting Tuesday, Sept. 19.

State Group Sets New Budget Talks

AUSTIN — (AP) — The state board for hospitals and special schools will give its 1950-51 budget another go-over Oct. 16 after members failed to reach final agreement here yesterday.

Car Theft Charges Filed by Patrolmen

Charges of car theft and transporting a stolen car across the state line were filed against a New York man Monday after he was arrested in Amarillo by highway patrolmen from McLean.

Pampan Undergoes Operation at School

Carroll Smith, Harvesters quarterback last year, underwent an appendectomy operation at Alpine, Texas, last Friday. He is reported doing fine.

Pampan, Daughter In Amarillo Mishap

Mrs. J. S. Smith and her nine-year-old daughter, Bennie Lou, Gulf Orden camp south of Pampa, have recovered from shock and bruises suffered in Amarillo, S. D., when a revel tent collapsed during heavy winds and hail.

Adjournment Path Cleared by Truman

WASHINGTON — (AP) — President Truman today gave Democratic leaders his clearance for Congress to quit as soon as it has completed action on emergency matters now pending.

Steve Early Quits Defense Position

WASHINGTON — (AP) — Stephen Early resigned today as deputy secretary of defense.

Texan Backs Service Mental Standards

WASHINGTON — (AP) — Rep. Paul Kilday of San Antonio sees no reason why the armed services should lower the mental standards for men called for induction.

Pension Payments Extend 120 Years

DALLAS — (AP) — Veterans Administrator Carl R. Gray says Americans will still be paying World War II pensions 120 years from now — in the year 2070.

One-Time Premier Of Spain Dies at 86

MADRID, Spain — (AP) — The premier who officiated at the liquidation of Spain's monarchy, Don Alvarez Figuerola y Torres, 86, Count of Romanones, died last night at his home.

MOBILIZATION (ZAR GOES TO WORK)

The first act after taking his oath of office for William H. Harrison (center), war mobilization boss as head of the National Production Authority, is a conference with D-nation's Fairless (left), U. S. Steel president, on division of the nation's steel output for war and civilian needs.

RED RIDES PIGGY-BACK—A North Korean private gets a ride on the back of a South Korean soldier after being wounded and captured by South Koreans. Unable to walk, the Red soldier was wanted at a rear command post for questioning by officers.

ALLIES

(Continued from Page 1)

speaking of the warfront generally, said Tuesday night "the worst is over." The commander of allied ground forces and the U.S. 8th Army in Korea said, however, in a brief statement that the enemy still held the initiative and was "capable of hitting us anywhere on our 125-mile perimeter." He concluded: "I am now sure we can stop him."

Inland from the east coast port of Pohang, a secret allied task force struck swiftly westward seeking to trap 3,000 Communist troops blocked from retreat northward by a South Korean column.

The Reds were strung along a corridor between high peaks. The task force, led by a famous West Point football star whose name cannot be disclosed now for security reasons, fought to close the corridor's southern gate.

It inflicted heavy casualties on two Red battalions dug in on bare and rocky slopes.

United Nations forces, striking north in the same general sector, cut the Angang-Pohang road.

This drive increased the already difficult supply and communication problems for Korean Reds.

AP Correspondent Ben Price, with the South Korean first corps, reported observation pilots had spotted "hundreds" of Reds fleeing toward Angang. Allied planes blasted the fleeing Reds. A U.S. pilot called the air strikes "a field day."

An 8th army spokesman said a partial withdrawal was indicated.

To the west, the South Korean 8th division, with eight miles of Angang on the Yongchon-Angang road, Angang, nine miles southwest of Pohang, was seized by the Reds last week in their massive breakthrough.

The spokesman said the South Korean eighth drove ahead nearly 10 miles in two days. He described the situation along this front as "tremendously improved."

The three-pronged drive on the northwest front menaced two large pockets of Red troops deep within allied lines.

Two Workers Killed By Abilene Cave-in

ABILENE (AP)—Nearly four tons of earth caved in on two city employes yesterday, crushing them to death.

The men, Melton Rynum, 25, and Anaciano Melicio, 40, were digging a ditch for a water line at a housing project.

HOME IN THE HILLS—Home is where the tank is for these G.I.'s in South Korea. With their tank set up as a road block near the front lines, these crewmen are taking a break in the shelter of the metal giant. In the background, a hillside dugout and a shelter-half combine to provide sleeping quarters for some of the crew. (NEA-Acme Telephoto by Staff Correspondent Ed Hoffman.)

BEVINS

(Continued from Page 1)

equip their own prospective divisions, German rearmings should not be given priority.

The British attitude is similar—it favors concentrating on development of a German police force adequate to suppress Communist internal uprisings but letting the western allies develop their own power before undertaking to arm German units.

Acheson, on the other hand, is known to feel that the gap between the military strength of the West needs against Russia and the strength it now has can only be filled if all the western nations, including Western Germany, do their utmost to raise the necessary manpower.

There were messages from British Prime Minister Clement Attlee, Winston Churchill, Canadian Prime Minister Louis St. Laurent and British Ambassador Sir Oliver Franks in Washington, U. N. Secretary-General Trygve Lie and other leaders at Lake Success paid tribute to Smuts as one of the founders of the world peace organization.

After becoming a lieutenant-general in the British army in World War I and campaigning against German East Africa forces, Smuts published a League of Nations plan. It led to his participation in the formation of that ill-fated organization. A general

SMUTS

(Continued from Page 1)

Boss," as Smuts once was known at home.

From Balmoral, Scotland, King George VI sent condolences to Mrs. Smuts, noting of the field marshal that "in peace or in war, his counsel and his friendship were of inestimable value both to my father and to myself."

Party Honors Barbara Barrett

McLEAN — (Special) — Miss Barbara Barrett was recently honored on her 17th birthday anniversary at the home of her sister, Mrs. Harold and Mr. Brutum. Her parents, Mr. and Mrs. Harry Barrett, were co-hostesses.

The main event of the evening was a scavenger hunt, but various games provided entertainment. The birthday cake and punch were served to a large number of young people, after the opening of the gifts.

Those present were: Mary Ruth Holloway, Dorothy Jolly, Norma Bruner, Audrey Young, Margaret Biggers, Mary Ann Back, Norma Watson, Marsalee Windom, Waneeta Hupp, Betty Jo Patterson, Dorthea Chase, Jeanne Pharis, Ann Cooper, LaJune Chilton, Bethie Mantooh, Charlotte Wilson, Bonita Bailey, and the honoree, Barbara Barrett.

Young men present were: L.M. Robert, Kenneth Carter, Keith Myatt, Pette Everett, Dean Preston, Neil Price, W. A. Bruner, Carroll Hall, Herschel Nicholson, Jackie Bentley, Eddie Reeves, Don Taylor, Dan Cooper, Clyde Mounce, Pat Reeves, and Benny Cooper.

Mr. and Mrs. Harvey W. Grigsby have announced the engagement of their son, Marvin, of McLean to Miss Susan McFarlin of Dumas with the wedding scheduled for September.

Mrs. Grigsby and Mrs. W. J. Hanner, Jr. were guests at a bridal shower for the bride-elect at Dumas a few days ago.

Mr. and Mrs. L. A. Benner, Patoka, observed their fifth wedding anniversary Thursday. They celebrated the occasion yesterday evening with a family gathering at the home of their daughter, Mrs. Tignes Wilson, 170 Hamilton. The Benners' relatives met at the Wilson home for a buffet supper. Other daughters and their families present were Mr. and Mrs. Walt Swanson and Keith, Oakland, Neb.; Mr. and Mrs. Hubert Roe and Donnie, from Oklahoma, and Mrs. R. D. Hale and family, from Kansas.

'Hobo' Party Is Given for Bim Graham On Fourth Birthday

Bim Graham, four year old son of Mr. and Mrs. Burl M. Graham, Jr., was honored with a "hobo" birthday party in the home of his grandmother, Mrs. Roy McMillen, 604 N. Russell, Sept. 5.

The children played games and pictures were taken. Ice cream and cake were served and handkerchiefs full of treats tied on sticks were given as favors.

Guests were Joretta and Loretta Baird, Mike Clark, Stan Cone, Marilyn Ann Davenport, Lucky Dunham, Eddy Mac and Sherry Edwards, Jon Roy Graham, Jeanne and Karen Gray, Danny Max and Donald Harold Hoggatt, Eugene Jackson, Paul and Stephen Kerkviet, Anne and Jeanne Lovelace, Amos Lee, Johnny Nelson, Kerry Lee Parsley, Susan Rafferty, Dennis Alvin Scott, Phyllis Taylor and the guest of honor.

Adults attending were Mrs. Tod Cone, Mrs. Clifford Davenport, Mrs. Clayton Dunham, Mrs. W. L. Edwards, Mrs. Heiman Gray, Mrs. John R. Gray, Mrs. Harold Hoggatt, Mrs. E. J. Jackson, Mrs. Ed J. Kerkviet, Mrs. R. L. Parsley, Mrs. Alvin Scott, and the hostesses, Mrs. Roy McMillen and Mrs. Burl Graham, Jr.

Pink, Blue Shower Honors Mrs. Palmer

A pink and blue shower hosted by Mrs. Kenneth McQuire at her home at 105 N. Faulkner, Friday afternoon, honored Mrs. Ralph Palmer.

One corner of the living room, where the honoree was seated, was decorated in pink and blue, and pink and blue "snowballs" were served with coffee and mint.

Guests were Mrs. Elton Lathrop, Mrs. Eugene Marak, Mrs. Paul Turner, Mrs. James Lewis, Mrs. Clyde Hussey, Mrs. Roy Betterton, Mrs. Hansford Ousley and Mrs. James Bolner.

PAMPA NEWS, TUESDAY, SEPT. 12, 1950 PAGE 5

OBSERVE GOLDEN WEDDING

Mr. and Mrs. L. A. Benner, Patoka, observed their fifth wedding anniversary Thursday. They celebrated the occasion yesterday evening with a family gathering at the home of their daughter, Mrs. Tignes Wilson, 170 Hamilton. The Benners' relatives met at the Wilson home for a buffet supper. Other daughters and their families present were Mr. and Mrs. Walt Swanson and Keith, Oakland, Neb.; Mr. and Mrs. Hubert Roe and Donnie, from Oklahoma, and Mrs. R. D. Hale and family, from Kansas.

The following is an excerpt from the wedding story printed in a Washington newspaper at the time of their marriage 50 years ago:

"On Friday evening, Sept. 7, at 7 o'clock, occurred the marriage of Miss Ella Thompson of West Walnut street, and Leander A. Benner of Tiffin, O. The ceremony was performed by Rev. H. W. Temple, pastor of the First United Presbyterian church, of which church the bride is a member. The bride is a daughter of Mr. and Mrs. James Thompson, and has a wide circle of friends among the younger social element of the town. The groom is well known in Washington, having been employed for two years at the Hazel Glass works. He has a host of friends who wish the young couple a successful and happy married life. — A remarkable string of "sevens" is connected with the wedding. Mrs. Benner was born on the seventh of the month, when married she was in her seventeenth year, the wedding occurred on the seventh, and the groom is seven years older than the bride. The wedding ceremony was performed in the presence of a large number of friends of the young couple, and numerous and costly presents were bestowed upon the happy couple. —"

* WE, THE WOMEN

By RUTH MILLETT
NEA Staff Writer

Memo to young wives: Your husband has a name — use it. Don't become one of those "Yes, darling," "Whatever you say, dear," "Don't you think we had better be going, sweetheart?" women who never speak to their husbands in public without attaching some sirupy endearment in place of John or Jim or Bill.

Your husband may never get up the courage to tell you he wishes you would cut out the pet names in public — but you can be sure he would like you to. There are several reasons why men don't want to be called pet names by their wives in front of other people.

One is that it makes them feel like a pet being led around by a leash — with the pet names thrown out to make the leash seem less galling.

Another is that it just isn't dignified — and a man likes to maintain his dignity in front of his friends and especially in front of his business associates.

And then, of course, there is this against the constant use of endearments: They soon come to mean nothing at all. So remember your husband has a name, and use it — when there are other people around.

Just remember that any small boy hates to be called "Darling" in front of his friends — and in that respect men never change.

Grace Friend SHOWER SAYS HONOREE

Dear Mrs. Friend:

My daughter, who graduated a year ago in June from the local high school now works in another state where she has lived for the past year. She plans to marry soon. She has many friends here and I am wondering would it be proper for me to have a bridal shower for her at our home without her being present.

I thought we could all gather for refreshments and write recipes etc. and then mail the gifts to her.

Please advise me if this is proper and will you tell me how the invitations should read?

Mrs. S.

Dear Mrs. S.:

It isn't very good taste for a mother or other close relative to give a shower for a bride-elect. However, if one of her friends in your community, would like to give a shower for her it would be quite correct to do so without her presence.

I think that an informal note would be the best form for the invitations, thus the situation can be made plain. Usually at such parties the gifts are opened so that everyone may admire them, then they are rewrapped and sent off to the absent honoree.

The party should be planned to include a refreshment course and some sort of entertainment, cards, games or music as you wish.

Date-Nut Pudding in Casserole

A pudding chewy with dates and nuts gets a topping of orange sauce to please the family that likes its desserts on the sweet side.

There is a pudding to suit every taste, and one that should please just about everybody is a rather rich date-nut topped with either an orange or lemon sauce.

This pudding will please the one who makes it, too, for it's easy to put together. Cutting up the nuts and dates takes the most time, and that isn't much. The dates are easy to cut if you use kitchen shears and dip them into warm water now and then as you snip.

If you do not have a 1 1/2 quart casserole, use an 8-inch square pan. Like most puddings, date-nut pudding is at its best served warm with sauce to match. Servings may either be spooned out into a sauce dish, or cut into squares, garnished with walnut or pecan half, and topped with sauce. Either walnuts or pecans are very good in this pudding.

Because it is made with enriched flour, date-nut pudding provides excellent vitamin values for the family, including three B-vitamins, food iron, and food energy. Dates and nuts supply additional nourishment.

DATE-NUT PUDDING

1 1/2 cups sifted enriched flour
1/2 teaspoon baking powder
1/2 teaspoon salt
1 cup chopped nuts
1/2 cup water

1/2 cup boiling water
1/4 cup butter or margarine
1 egg
1 cup sugar
1/2 teaspoon vanilla extract
1/2 teaspoon lemon extract

Sift together flour, baking powder and salt. Add nuts, mix dates, water and butter or margarine. Beat egg and blend with sugar and flavoring extracts. Add to date mixture. Add flour mixture to date mixture. Pour into greased 8x8 inch pan or greased 1 1/2 quart casserole. Bake in moderate oven (350 degrees F.) about 45 minutes for square pan or about 1 hour for casserole. Serve hot or cold with orange sauce.

ORANGE SAUCE

1/2 cup sugar
1/2 tablespoon cornstarch
1/2 teaspoon salt
1/2 cup water

1 tablespoon butter or margarine
1/2 teaspoon grated orange rind
1/2 teaspoon orange extract
1/4 cup orange juice

Combine sugar, cornstarch and salt. Gradually add water and stir until smooth. Cook over low heat until clear and thickened, stirring constantly. Add butter.

Makes about 8 servings.

BAKED PEARS

To bake pears cut them in half lengthwise and remove the core. Put the halves in a baking dish, sprinkle them well with brown sugar and a little melted butter or margarine; add a few tablespoons of water to the bottom of the dish, and bake them, covered, at a moderate temperature until they are tender.

PAGE 4 PAMPA NEWS, TUESDAY, SEPT. 12, 1950

Steers Favored to Capture Loop Flag

AUSTIN — (AP) — You can take the "X" out of Texas but rarely can you take Texas off the "X"—an on-the-spot making perennially reserved for the State University's Longhorns.

They're on it again as the 1950 Southwest Conference football campaign approaches. It's the seventh year in ten years for the sports writers who boast a batting record of three hits in sixteen attempts.

NO STOPS—Byron Townsend ran from left halfback for Texas last fall and is expected to be even more effective at the same position this fall.

Whether they keep faith depends on a backfield that is as green as the envy occasioned by their fellow-linemen. Those forwards, 17 of whom lettered last season, are the talk of the sector. And upon their strong, rugged shoulders rests the responsibility for Texas being on the spot.

Lettermen are at least two deep at six of the seven positions up front, and at center, the line exception, three-letterman Dick Rowan is supported by three talented sophomores. They are Bill McDonald of Orange, Hugh Reeder of Post Arthur and Jack Barton of Denton.

Other backfield returning along with Rowan are Guard Rod Eakin, a goal set for All-American; Tackles Gene Nykud, Ken Jackson and Bill Wynn; Guards Jim Davis, Jim Pakenham, Howard Hurt, and Joe Arnold; the latter lettering as a center, and Ende Paul Williams, Ben-Procter, Rudy Easman, John Adams and Johnny Alfred.

Procter likely will yield first string duty to the more rugged Tom Stolohanske, from Haytown. "Chances of developing an attack that will be commensurate with the defense depends on three unseasoned quarterbacks and a like number of halfbacks who have never played varsity football. Successor to Paul Campbell as the man-under in Texas' T-formation line will be either Ben Tompkins or Dan Page, from Tyler Junior College.

Very much in the running as a candidate also is O. T. Jones, sophomore from Childress.

The only letterman halfbacks are Co-Captain Bubba Shand and Bobby Dillon. G. H. Dawson,

Women Golfers Shoot for Title

ATLANTA — (AP) — The first round of the Women's National Amateur Golf Tournament was a shakedown cruise in which no great favorites were shaken out but today's lineup looks like trouble for some of the best.

Polly Riley's job today was to whip Mary Agnes Wall—rough work for any golfer. Miss Riley, Fort Worth, is Southern and Western champion. Her opponent, Mich., opponent is a veteran of the women's circuit.

Polly, who came to Crackerland's famed East Lake Course hunting her first amateur title, had an easy first round victory over Alice Chanam of Greenwood, Miss., 8-7.

Mary Agnes defeated Atlanta's Anne Twilley 8-6.

The army worm, highly destructive to corn, wheat and other crops, gets its name from the fact it travels in huge masses from one farm to another.

American Loop Pennant Race Travels West

Parker Gets First Crack At Lamesa

By RALPH RODEN, AP Sports Writer

The see-saw American League pennant race roars into the West today with the pressure heavier on the invading New York Yankees and Boston Red Sox than on the Detroit Tigers.

Casey Stengel's Yankees, leading by a half-game, begin a nine-game tour of the west with a two-game series in Cleveland tonight. The third place Red Sox, a game and a half out, open an eight-day road trip in Chicago. The second place Tigers begin a ten-game home stand with the Washington Senators.

The Yankees, who forged to the front yesterday by sweeping a doubleheader from Washington, 5-1 and 6-2, face no easy task.

So far the Yankees have won 21 and have taken seven out of nine in Cleveland but only two out of eight in Detroit.

However, the Indians, virtually knocked out of contention over the weekend when 10-year-old St. Louis Browns, are out for blood. They are smarting under a spanking by their General Manager Hank Greenberg, who blasted them for "not hustling and playing stupid ball."

Behind the Yanks' top Indian killer, Eddie Lopat, probably will not be available for duty. Lopat, who holds a 27-6 lifetime record over the Indians and a 5-0 record against them this year, worked nearly five innings in relief yesterday.

Texas Loop Playoffs Set For Tonight

By the Associated Press

Play-offs to determine the Texas League pennant-winner and representative in the Dixie Series open tonight at Beaumont and Fort Worth.

The staggering Fort Worth Cats meet Tulsa's rushing Oilers and Beaumont's embattled Roughnecks take on the slugging San Antonio Missions.

Tulsa and San Antonio rate light favorites to win the first round and meet in the battle for the pennant. Fort Worth has been in an eclipse for more than a month, playing slightly over .500 ball. Tulsa, on the other hand, has been doing .660.

Beaumont and San Antonio have just wound up meeting each other six times in eight days with some very poor results on Beaumont's side. San Antonio won five games.

Manager Roger Hornsby of the Roughnecks said he probably would throw his best hitters against San Antonio even if he had to sacrifice some on defense. He wants to counter attack the long-distance Mission slugger.

Hornsby will use his 21-game winner, big Ernie Nevel, in the opener tonight while San Antonio will depend on left-hander Lou Sleater (12-5). A crowd of 8,000 is expected for the game starting at 8 o'clock (CST).

Fort Worth doesn't expect such a crowd in view of the threatening weather but should have about 6,500 if it doesn't rain. The game is to start at 8:15.

Manager Al Vincent, who has had clubs in seven play-offs in the past and piloted three champions in 10 years, nominated his 21-game hurler, Jim Blackburn, who beat the Cats three out of four times during the regular season. Fort Worth will use Pat McGlothlin, a righthander who has a 6-1 record for 12 games since joining the club in mid-season, one a no-hitter.

Tulsa is the defending champion on the league, licking Fort Worth last year in the finals but losing in the Dixie Series.

The clubs play twice a week to Tulsa and San Antonio for three games, returning to Fort Worth and Beaumont for two to determine the playoffs.

Musial Has Eye On 3 Records

NEW YORK — (AP) — Stan Musial, the master mauler of the St. Louis Cardinals, is well on his way toward becoming the third batter in National League history to win more than three batting championships.

Musial is banging away at a .359 clip in his bid for his fourth batting crown. Honus Wagner and Rogers Hornsby are the only National Leaguers who ever won more than three batting titles. Wagner won eight and Hornsby seven.

The Cardinal star enjoys a commanding lead over his nearest rival, Jackie Robinson of the Brooklyn Dodgers. Hitting at a .331 clip through games of yesterday.

Sid Gordon of the Boston Braves occupied third place with a .322 mark.

Quarterbacks Name Dr. Donaldson Prexy

Dr. Joe Donaldson was elected president of the Quarterback Club at its meeting Monday night in the county courtroom. Ralph McKinney was elected vice president and Speck Reynolds, secretary and treasurer.

Jim Arndt, outgoing prexy, introduced Coach Tom Tipp who gave a preview of the Harvesters' grid outlook so far this season. Coach A. Nooncaster then gave a scouting report of the Hobbs high school meeting.

After the business meeting, the film, Football Highlights of 1949, was shown to the quarterback group.

Harvesters Injury List Sidelines Two Gridsters

Texas Aggies Set Grid Eye Towards Top

COLLEGE STATION, Texas — (AP) — The Texas Aggies list three big reasons why they expect to climb from the Southwest Conference football basement before next Dec. 1.

They are:

1. A vast improvement in line play.
 2. A sharper passing attack.
 3. The return to school of Andy Hillhouse.
- Last season, the Cadets lacked weight and experience up front. Now they have both — guard and tackles who can match nearly any linemen they'll face in these two departments.
- In 1949 the Cadets had the most throaty, 212-pounder in the league. They connected on but one touchdown pass all season. Before the 1950 campaign ends, the Aggies fully expect to complete five times that many pay-off pitches — maybe more.

Sophomores Darrow Hooper and Ray Graves are the riddle-armed boys being counted upon to improve the overhead game. Each of these has it all over letterman Dick Gardeman in size and passing ability, but they must improve their ball-handling to replace the pint-sized Port Arthur boy at starting quarterback.

Hillhouse's return is credited with doing more for team spirit than anything that has happened at Aggieland in several seasons. The ham-handed, fun-loving six-foot-three-inch, 215-pounder is blessed with a world of ability. He is the surest pass-receiver on the squad. He's a fine blocker and excels at knocking down line blockers and making behind-the-line tackles.

The Cadets are counting on Andy to be the best end in 1950 Southwest Conference play. He was a stand-out near the close of the 1948 campaign, then he dropped out of school and didn't compete in 1949. Now he has returned to offer to play one more season with the Aggies.

There are 30 lettermen in camp at Aggieland and 113 of them are seniors. The Cadets can start a senior letterman at any position on their line and one backfield post.

Also available are some highly promising sophomores including Walter Hill, 220, and Jerry Crossman, 205, ends; Jack Little, 217, and Alvin Langford, 215, tackles; and Marshall Rush, 205, a end; Dick Frey, 21, guards.

Outside of choosing his starting quarterback, head mentor Harry Stiteler has no backfield worries. Four lettermen — Glenn Lippman, Charley Royalty, Yale Lary and Johnny Christensen — are available at left halfback.

Bob Smith, generally rated the best power runner in the conference in 1949, returns at fullback. His understudies include letterman Doyle Moore, a right half back last year; Benji Lemmon, who was out standing at Tyler Junior College; soph Connie Magourik and squadman Jim Dobbey.

Over at right halfback, it will be Billy Tuweil, Robert Shroyer or Charley McDonald. Each is a junior letterman.

Defensively, the Aggies expect to be much tougher, some opposing teams may be faced with trying to gain against this kind of a combination:

Hillhouse and Dorbandt Barton, 212, at ends; Russ Hildeck, 235, and Little or Langford, each weighing around 215, at tackles; Frey, 211, and Murry Holditch, 215, or Mickey Spencer, 210, at guards, and line backers Hill and Jimmy Flowers, 212, or Jim Fowler, 195, Langford and Little are the only members of that group who have not won college letters.

Stiteler and his aides are pushing hard to have the Aggies ready for their Sept. 23 opener with Nevada, which started workouts Aug. 14.

Crowley Edges Angels

(By The Associated Press)

Jacksonville moves to Crowley tonight to open the final playoff series of the Gulf Coast League.

Crowley wound up its first round play-off with Leeville last night by edging the Angels 5-4. It was Crowley's fourth victory in six games.

Elmer Wilson Cracks Rib

The Pampa Harvesters struggled through a two hour drill Monday with two more workouts scheduled before the New Mexico high-school-champions, Hobbs, invade the Harvesters' den Friday night.

Old man injury hit Coach Tom Tipp's team a double blow over the week end. Back Elmer Wilson is sidelined with a cracked rib and its doubtful whether he will be in the lineup Friday.

Also on the injured list is Bill McPherson. The Pampa line man pulled a ligament in his left arm, and it probably knocked him out of action for the opening game.

Buzzy Tarpley, who was out three days with a bruised arm, was scrimmaging Monday.

The Harvesters worked on Hobbs' plays with Quarterback Sid Mills calling signals. De Wey Cudney, Jimmy Hayes, Carl Kennedy and Derrell Wilson worked on the defensive backfield.

Hobbs played a 14 to 14 tie with Ranger last Friday night, and the state champions are expected to give the Harvesters a rough night next Friday.

BUZZY TARPLEY, 176-pound tackle for the Harvesters, is expected to play a lot of football for Coach Tom Tipp's grid crew this year. Tarpley is a returning letterman and this will be the last year for the Pampa senior. (News Photo and Engraving)

Fight Muddle Still Muddy

DETROIT — (AP) — The middleweight muddle may be cleared today at the National Boxing Association convention if Champion Jake Lamotta and Laurent Dauthuille each post \$10,000 to guarantee he will fight Ray Robinson in six months.

Dauthuille, underdog in tomorrow night's title bout at Detroit's Olympia, will put up the cash through Max Waxman. In case he wins he promises to give Sugar Ray, the welter champ, a title shot before March 15. But he will ask to be allowed to go through with a return bout with Lamotta before he meets Robinson.

Lamotta already has signed a contract to fight Robinson at Chicago Stadium in the second week of February if he successfully defends his crown. Truman Gibson, international boxing club secretary, disclosed that match yesterday. However, Fred Saddy of Milwaukee, NEA president, wants to see a \$10,000 forfeit posted by Jake — just in case. Jake says "I got enough worries with Dauthuille I don't want to talk business."

College Sports

ARILENE — (Special) — John (Model T) Ford will take his national passing touchdown record onto the 1950 pigskin battlefield for the first time September 16 when the Hardin-Simmons University Cowboys meet New Mexico A&M in Las Cruces.

STILLWATER — (Special) — Cornell college of Iowa, a power in intercollegiate wrestling these recent years, will be on the dual meet schedule of Oklahoma A&M for a match in Stillwater this winter. Coach Art Griffith, of A&M, has announced.

LUBBOCK — (Special) — Tickets to the Texas Tech-Texas University football battle went like nickel ducats to a kissing booth. Athletic Director, Morley Jennings said that the reserved seats are a sellout.

HOUSTON — (Special) — Bands and parades and special half-time and pre-game shows will make the opening of the new football stadium at Rice Institute on Sept. 30th a big occasion of Southwest sports history. It is mighty seldom that a brand new 70,000 seat stadium is opened, and the event deserves a big fanfare.

Sooners Stand Chance Of Losing Grid Title

KANSAS CITY — (AP) — There's a good chance the University of Oklahoma football team will meet its equal in the Big Seven Conference this season.

It could be that the Oklahoma Sooners, who are riding a 21-game victory streak and have fared no worse than a tie for the title the past four years, will relinquish the league throne.

Failure to file a card, he said, would disqualify a school from participating in football competition.

Final Game Tonight

The chips go on the line tonight in the East Texas League. Gladewater and Longview clash at Gladewater in the deciding game of their playoff series.

The winner will meet Marshall in the finals. Marshall won its series Sunday night by eliminating Kilgore.

Southwest Grid Machines Start Secret Practice

DALLAS — (AP) — The "secret practice" sign was going up in Southwest Conference football today.

With opening games less than two weeks away, some of the schools were barring the public as the coaches got the boys down to brass tacks.

Coach Harry Stiteler of Texas A&M said his gridsters would work in solitude beginning today. Coach Jess Neely of Rice began practice in private yesterday.

Stiteler's Aggies showed the railbirds some fine passing in the last public workout yesterday with Dick Gardeman, Delmer Sikes, Darrow Hooper and Ray Graves all laying them down with gratifying regularity.

Rice takes off today for registrations but the Owls will be at it hot and heavy again tomorrow in an effort to strengthen the fullback post. Neely has brought sophomore Bill Frazier up from the fourth string to spell regular George Glauser.

Texas Coach Blair Cherry was disappointed by missed blocks, spottily tackling and faulty timing in yesterday's practice. Ken Jackson, a rugged tackle, is favoring a twisted knee but will be ready for work again in a few days. Texas Christian Coach Dutch Meyer took steps to plug a weakness at tackle as he shifted Keith Flowers, big fullback, to the line post.

Southern Methodist tried its hand at coping with the Georgia Tech T. Tech is the team with which SMU opens the season next week. Coach Rusty Russell didn't have the ragknuts using the T against the regular but had his top backs running the Tech formations.

Coach George Sauer of Baylor worked against Wyoming plays in yesterday's drill and said his defensive line stopped them, as his by the team, "very well."

Baylor opens the season against Wyoming next week. Larry Isbell, a quarterback, had his first hard work. He has been favoring a shoulder injury received in baseball.

The Arkansas Razorbacks tuned up on field goal kicking and got in a lot of work on punting. Tommy Britt and Sammy Furo sparked in kick returns.

SPORTS MIRROR

(By The Associated Press)

Today a Year Ago — Mrs. Joanne Barr Tracy of Dallas, eliminated Grace Leneyk, one up, in the Women's National Amateur Golf Championship.

Five Years Ago — Detroit downed Washington, 7-4 and 7-2 to increase its American League lead over the Senators to 2½ games.

Ten Years Ago — Steve Belois outpointed Cefarino Garcia in a ten-round bout at New York.

Fifteen Years Ago — Wilmer Allison won the National Singles Tennis title, easily defeating Sidney Wood, Jr., 6-2, 6-3.

Texas High Schools Must File Grid Cards

AUSTIN — (AP) — Texas schools have only three more days to qualify for intercollegiate football competition this fall.

Dr. Rhea H. Williams, the league's director of athletics, cautioned coaches and school administrators yesterday to file their football acceptance cards by Sept. 15 deadline.

Failure to file a card, he said, would disqualify a school from participating in football competition.

Red Chain Feed
Wins Two In A Row

For the past two consecutive years laying flocks on Red Chain feed have won all the major prizes in the Texas Farm and Home Egg Laying Contest.

In the 1949-50 contest which ended on July 31, laying flocks on the Red Chain Feeding Program won the following awards:

- First, second, third and fourth places in division one (flocks of 100 to 301 hens).
- First place in division two (flocks of 301 to 600 hens).
- First, second, third and fourth places in division three (flocks of 601 to 1,000 hens).
- First place in division four (flocks of more than 1,000 hens).

In the 1948-49 contest flocks on Red Chain feed won the first eight places and also the eleventh and fifteenth places.

The contest is under the sponsorship of the Texas Poultry Council and is conducted by the Extension Service of Texas A. & M. College.

Little Notebook Gives Clue To Dead Yank's Personality

By HAL BOYLE

KOREA — (AP) — Those who die in battle rarely leave mementoes.

The fixed look of death robs their features of their usual individuality. The dreams that marked their faces in life no longer stamp them. Was this closed eye once eager? Did this shut mouth often open in complaint or only to say good things? There is no way to tell. They share an eternal languor that holds all their secrets.

The dogtags to be placed upon their crosses in temporary cemeteries give only a few identifying facts — rank, name, Army serial number, and religion. But these bare statistics are poor clues indeed to the personalities of the voiceless dead.

Their pockets tell more about them. But it is surprising how little they tell. They usually hold a few sheets of crumpled paper, a stubby pencil, a comb and often a good luck charm or a religious medal or prayer book.

Sometimes, later, you do find out more about them in odd ways. It was that way with "Lieutenant Blond" — to give him another name.

He fell only a few days after his outfit went into battle. A few days later I visited the outfit and found a captain friend putting some things in a cigar box. We chatted a while and I mentioned I had about run out of notebooks. The captain picked up a notebook from the small pile of objects before him, thumbed through it a moment, then said: "Here. Take this. We found it on the lieutenant we lost."

I demurred but the captain insisted so I took it.

"It was a fine one," said the captain gently as he began addressing the cigar box.

That night at my billet I had a chance to inspect the notebook and learn more about the young man who had only half filled it when he died.

He must have been meticulous and philosophical as well as laughter-loving. The back pages carried neat charts of the weight of Army vehicles and the exact number of lashings needed to fasten each on the ships that carried his battalion to Korea.

The first few pages had a few hand-written ribald jokes and it was perhaps because of these the captain hadn't wanted to send the notebook home. They were fol-

Israel Arabs Form Village Governments

JERUSALEM — (AP) — Israel's Arab population of 165,000 is steadily moving toward local self-government.

The department of interior has just authorized the establishment of local governing councils in five Arab villages. About 100 of these councils are to be formed eventually.

lowed by this entry: "The only equipment a second lieutenant needs is a big appetite and a hard head."

And then came his last entry:

City Official Hopes Police Will Look Other Way Soon

BIRMINGHAM, Ala. — (AP) — Commissioner James W. Morgan wants to get rid of 4,000 trees blown down by the August hurricane and now piled in four huge heaps.

Morgan first tried to sell the trees. No buyers. Then he tried to give them away. No takers. Next he thought of burning them, but feared he'd run afoul

Legal Publications

PROBATE NOTICE

To those indebted to or holding claims against the Estate of Frank M. Foster, deceased, the undersigned, Gertie P. Foster, having been duly appointed Independent Executor of the Estate of Frank M. Foster, deceased, said appointment being dated August 2, 1950, hereby notifies all persons indebted to said Estate to come forward and make settlement (and those having claims against said estate to present them to her within the time prescribed by law at Pampa Furniture Company office, 130 West Foster Street, Pampa, Gray County, Texas, where she receives her mail. DATED This 18th day of August, 1950.

GERTIE P. FOSTER, Independent Executor of the Estate of Frank M. Foster, Deceased. Aug. 22-29, Sept. 5-12.

of the city's smoke abatement law.

To haul the trees outside the city limits and burn them would cost about \$25,000, and Morgan says the city's budget can't stand it.

There's one possible solution — that Morgan wait for autumn and burn the trees when homeowners burn piles of leaves. He says the city police always look the other way then, and they might do the same for him.

About 3,000,000 U. S. Geological Survey maps were sold in 1949, four times as many as in 1940.

Fair Enough - Pegler

By WESTBROOK PEGLER

NEW YORK — Harold Steinfeld, a cocky little guy with a hair line that has receded almost to the back of his neck, announces that he has agreed to put up a department store building...

friscal agents for the old Copper Queen mine at Bisbee, whose headquarters were in my father's Tucson office.

"Many of the leading cattle ranches of today, farm lands and industries of southern Arizona, were owned, operated or developed by my father's company."

"Tucson, being the largest city in Arizona territory, naturally had the largest and most notorious gambling halls," he answered.

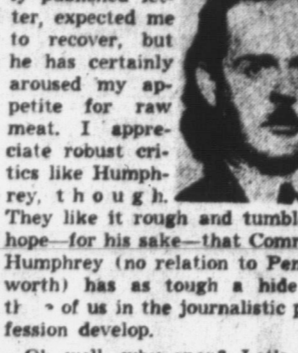

"Through Bartlett's introduction, my father loaned this man about \$20,000. He put up a dazzling collection of jewels as security."

"The democrat says I'm a liar for having made such statements. Let me offer in place of theories and offering his private opinions as a substitute for the principles upon which the United States Government and Christian ethics were founded."

OH, WELL—

By DAVID BAXTER

I don't know whether or not E. L. Humphrey of Santa Ana, California, who socked me below the belt in a recently published letter, expected me to recover, but he has certainly aroused my appetite for raw meat.

Oh well, why spar? Let's get down to business. The Bible says "a soft reply turneth away wrath," so it would be interesting to find out what the other kind of reply turns away.

Comrade Humphrey, who pretends to hate Russian Communism, advocates the same system for America in his demands that majority (bolshievi in Russian) should rule with an iron fist and individual rights be damned.

"A young confidence man started from New York with his wife, a good looking girl, and took the leading banker or other leading citizen of almost every town where he stopped. The victim never squealed because he was ashamed to do it. It was different with my dad."

"The number of foot-soldiers remaining in this country consists only of housekeepers, bookkeepers, guards, etc. Difficult as it is to realize, the Reds' attack on this remote and unimportant peninsula has forced us to commit all our available infantry and Marines."

President Truman has surprised his military advisers by not summoning many guard units to camp and training long before now. Ever so long ago, before Oct. 1, it will take at least three months to organize, outfit and ship them overseas.

HESITANT — The White House is represented as hesitant because federalization of any large force would be interpreted as a retreat from the "imperialistic aims." Until recently, too, he had been hopeful that our present strength would be sufficient to hurl the invaders back behind the 38th parallel.

General Omar N. Bradley, chairman of the joint chiefs of staff, has felt the need for fuller mobilization for some time. He regards General MacArthur's command as a mere holding force fighting a sort of rear-guard action.

WEATHER — Here are several factors which necessitate immediate increase of infantry strength, and which President Truman cannot ignore, in the opinion of Pentagon experts:

EXHAUSTED (2) Our men are rapidly becoming exhausted from all-day enterprise. Under those terms most of us, I'm sure, would do our duty with the real enthusiasm of human beings, not robots. There's your issue. Take your pick.

Regarding Mr. Humphrey's question: "No congressional committees have asked us what asylum we escaped from. Does that hit home, Mr. Baxter?" my answer is that I wouldn't know because I don't know where Mr. Humphrey's home is.

And now for the democrat's concluding statement: "I believe that Congress should have the controls — not Truman. Too many of us (the majority) do not have confidence in his administration."

Stranger Than Fiction

National Whirligig

news behind the news

By RAY TUCKER WASHINGTON — President Truman will soon be forced to call several National Guard divisions, perhaps ten, into overseas service because the United States has no more ground troops for the Korean fighting.

Too many youngsters now on the lines in Korea know little more than "squads right," according to official admissions before several Congressional committees.

FIELD — (4) Should the Reds score a decisive victory in Korea, Moscow will probably be tempted to duplicate this bargaining in another section of the globe, possibly Indo-China or Iran, both convenient springboards for another test of allied power and determination.

ELIGIBLE — Although Governor Thomas E. Dewey's decision to seek reelection has heartened Republican leaders at headquarters and in Capitol Hill, they do not believe he will make himself eligible for a 1952 presidential nomination, even if he defeats the Truman-Flynn-Lynch forces in the November election.

OPPOSITION — But Mr. Dewey's opponents are even more practical in their explanations and objections. In 1944 and 1948, they point out, he was the front-runner when the convention opened. He had a definite appeal to delegates and political bosses who like to ride with the winner.

The Doctor Says

WRITTEN FOR NEA BY EDWIN J. JORDAN, M.D.

Few people go through life without at some time encountering one or more serious illnesses. If the disease has been severe or long-lasting, good health does not come at once, even when the symptoms have all gone.

This period between the end of the active symptoms of a disease and the recovery of good health is called convalescence. People are often somewhat discouraged when convalescence seems to drag on for a long time.

Fair Treatment Is Government's Duty

Apparently it is no longer fashionable for public men to speak in favor of such old-fashioned virtues as thrift and local and individual self-reliance and independence. The current mode is to urge that the federal government do practically everything for everybody.

Thoughts

And I prayed unto the Lord my God, in my confession, and said, O Lord, the great and dreadful God, keeping the covenant and mercy to them that love him, and to them that keep his commandments.

Washington.....by Peter Edson

WASHINGTON — (NEA) — Arthur C. Buncie, head of the Marshall Plan mission in Korea, has returned to Washington for planning conferences on future economic cooperation administration aid to that war-torn country.

On top of this three million, another three million refugees have piled into the area. Add a minimum of 50,000 U. S. troops for good measure. Then bring in 1,500 trucks, tanks, jeeps and other transport and have them start tearing back and forth on the stone and gravel roads that wind and twist over, around, up and down mountains that sometimes reach a height of 3,000 feet.

That gives you a rough idea of conditions. The most amazing thing about all this confusion, says Dr. Buncie, is that so far there has not been one act of sabotage reported. The South Koreans have been loyal and they have been true blue.

So They Say

Liberty could not survive without two parties. It has been proved that a party that retained dominant or a one-party system always has led to a country's downfall.

Never in the past have the two great wings of labor seemed so close together. Never has our labor movement seemed so near to broadening political activity into organic singleness.

Organized labor has been steadily drifting away from organized Christianity for some years and the gap is becoming ominously wide.

God offers to every mind its choice between truth and repose. Take which you please, and you can never have both. —Emerson.

more acute as soon as U. S. and South Korean troops start pushing back the North Koreans. This is now a race for the rice harvest in southwestern Korea's farm belt. If the North Koreans get the crop, it means a bigger food deficit for South Korea.

Assuming that the North Koreans will get or destroy the southern rice crop, South Korea will need about 50 million worth of food in the coming year. The present plan is to ask the United Nations to meet this requirement. Siam has already offered a big rice shipment.

By having the United Nations take care of the food and relief problem, U. S. ECA funds can be conserved for reconstruction, which was the original Marshall Plan purpose. Strangely enough, while Congress has generously been appropriating billions of dollars for the military effort in Korea, it has economized on rehabilitation for the Korean people. The president's original request for \$100 million Marshall Plan funds for this fiscal year in Korea has been cut back to \$81 million. A lot can be done with that, but it will barely begin the reconstruction.

Present plans are to have reconstruction work follow closely behind the advancing armies. The housing problem will not be too difficult, as most Korean houses are mud and straw walls with thatched roof. Repair of roads and electric light and power systems will have high priority, so as to get trade moving and the wheels rolling in shops and factories. Most of the electrical equipment will come from Japan.

Thoughts

A man should never be ashamed to own up to his faults. To deny them is to swear by them. In other words, it is to be wiser today than he was yesterday. — Pope.

It is a high, solemn, almost awful thought for every individual man, that his earthly influence, which has a commencement, will never, through all ages, have an end. — Aughey.

Christ sends His Spirit, not only to help, but to lead us on, so that we build better than we know. We come freely into His methods; we are made to carry out His plan. This is the guarantee of an eternal success. — Riddle.

It is an area roughly the same size as Delaware is — a little over 2,000 square miles. But whereas the 1929 population of Delaware is 316,000, the normal population of the Pusan beachhead area is perhaps three million, or 10 times as great.

Food requirements are low and so far have been met by borrowing food from army stocks in Japan. Give the average Korean a "hop" or handful of rice, a fish and a few vegetables and a little fruit and he can get by. The day before Dr. Buncie flew back to Washington he met with the Korean cabinet — then still in Taegu. They discussed the problems of food relief, the refugees, inflation and reconstruction.

All these problems will become

Defense Plan Is Welcomed By Industry

By SAM DAWSON
NEW YORK — Most businessmen feel relieved today. While the presidential moves over the weekend contain little element of surprise for business, most industrial leaders welcome getting an official stamp, after two and a half months, on what their role is to be in the first stages of the defense program. Both the direction and extent of the presidential orders were expected. The direction is toward controls to be exercised soon over inventories, allocation of scarce raw materials, and priorities for war orders over civilian orders.

The extent, business men note, is one of mildness with the accent on self-control rather than rigid controls. This goes against the advice of some leaders who still believe the only workable approach would be for all-out industrial mobilization now.

Instead, business is to be given a chance to work out a large part of the controls in a voluntary basis. Many suppliers of materials and goods in urgent demand will welcome allocations that have an official stamp of approval. This will get impatient customers off the suppliers' necks. They contend there will be plenty for all, once each one's needs is determined, and once it is established in what order these needs should be satisfied.

One of the first things will be steel. Leaders of the industry are meeting with Department of Commerce officials to work out a plan for distributing the steel which they are producing in record quantity.

The new National Production Authority is expected to issue an inventory control order soon for all industries using scarce raw materials. The first steps to set up such control have already been taken.

Plans are reported well under way to go about collecting the

I've a very good reason for being late this morning, Mr. Wump. I haven't left the house yet.

San Franciscans to Vote on Paying to Aid Mentally Ill

SAN FRANCISCO — (NEA) — Is the public willing to foot the bill for "doing something" about what the Hoover Commission and the U. S. Public Health Service have dubbed "America's No. 1 public health problem?"

The voters of San Francisco will supply a partial answer next November, when they ballot on a referendum to decide whether or not the city will provide immediate treatment for mild cases of mental illness.

It will be the first local election of its kind in the nation, and such experts as Dr. William C. Menninger, head of the famed Menninger Clinic, and Dr. Richard C. Hunter, executive secretary of the National Mental Health Foundation, have served notice that they consider the outcome of major importance.

The public health service estimates that one person in every 10 faces a serious mental or emotional disturbance some time in their lives. Psychiatrists insist that these cases, if treated promptly, could usually be cured.

Information needed on inventories held by manufacturers and suppliers. The other side of the coin what the armed forces and other government agencies will need — is also being sought. When the two are put together, allocations and priorities will follow in course.

The whole wage-price problem continues to hang fire. The tax question isn't settled yet by any means. Taxes will be higher, but how much higher and how far back they will apply is still being debated.

Astrologer Sees Peace by 1951

SINGAPORE — (AP) — United Nations forces will emerge victorious and bring peace to Korea by Jan. 1951, predicts M. S. Sharma, internationally known astrologer.

Among other predictions made by the astrologer on his arrival in Singapore on a study tour of Southeast Asia was the third world war. He said it will start in Berlin some time between March and September of 1951. The war will last only two years, nine months and ten days and Stalin will probably commit suicide, the astrologer added.

After World War III, he said, the whole world will enjoy a period of peace and prosperity. Professor Sharma is sure that Chinese Nationalists will land on the Chinese mainland by July, 1951. He predicted heavy fighting there.

One of his earlier predictions, however, proved to be wrong. He had prophesied that the Missouri candidate, Harry S. Truman would not win his first election as president of the United States.

Husband Charges Torture Taught

LOS ANGELES — (AP) — Commercial Artist James D. Hays, 44, complains in a divorce suit that his wife taught their son, James M., now 17, to apply lighted matches to his father's bare feet while Pop was asleep.

Hays also alleged that Mrs. Ruth M. Hays, 42, encouraged the boy to torture cats, dogs and other pets and that she once tried to induce the boy to shoot his father. The couple, married in Oklahoma City Oct. 11, 1932, separated last Aug. 17. Mrs. Hays also has a divorce suit pending, charging unspecified cruelty.

Apple Contributes To Death of Child

MARSHFIELD, Mass. — (AP) — An apple contributed to the death of two-year-old Mary Lou Williams of Braintree, when she fell in North River.

The child's father pulled her out almost immediately. Efforts to revive her with an inhalator failed.

Medical Examiner Herbert M. Blanchard reported death was due to suffocation.

He said an apple the child was munching when she toppled into the stream caught in her throat.

Retail Auto Sales Smash All Records

DETROIT — (AP) — The automobile industry's merchandising division smashed all retail sales records in July.

Reporting this, R. L. Polk & Co., industry statisticians, said

deliveries of passenger cars in July numbered 609,926 and trucks totaled 117,940 units.

It marked the first time in the industry's history that retail deliveries of new cars topped 600,000. The former record was 583,937 set in June this year. In trucks the record mark was 106,168 set in April, 1948.

New Family Allowance Plan Difference From Former

By JAMES MARLOW
WASHINGTON — (AP) — This explains the allowances the government will start giving dependents of servicemen under the new law signed by President Truman Friday.

These new allowances are different from the family "allowments" which the government gave servicemen's dependents in World War II. These new allowances will be:

1. For all enlisted men — all men below the rank of commissioned officer. This new law changes nothing for officers. They have been getting, and will get, allowances for food and quarters, but not dependency allowances. Their pay is higher than enlisted men's.

2. Only for these three kinds of dependents: wife children and parents, if the parents were dependent on the serviceman for more than half their support. Brothers and sisters were dependent on him, will get nothing, they did in World War II.

This is how the new law will work, using the Army as an example although the Navy or Air Force could be substituted in each case:

The government will give so much for one dependent, so much for two, and so much for three or more. No matter how many dependents a man has above three, the government allows for no more than three. In no case does it make any difference whether the dependent is a wife, child or parent.

But in every case the serviceman himself — in order to get government allowances for his dependents — must add a fixed sum from his own pay to whatever the government gives.

For example: Jones, a private, has one dependent. In his case, the government gives the dependent \$45. Jones must give the same dependent \$40 from his pay. In this case the dependent gets a total of \$85.

Here's how it will work for the three lowest enlisted grades — recruit, private, private first class — the man's share is a flat \$40. For one dependent the government adds \$45, for two, \$67.50, and for three or more, \$85.

For the next grade, corporal — the man's share, \$60. The government's share: for one dependent, \$67.50; for two, still only \$67.50 for three or more, \$85.

For the next grade, sergeant — first class — man's share, \$80; government's share: for one dependent, \$67.50; for two, still only

\$67.50; for three or more, \$85. For the top grade enlisted man, master sergeant — man's share, \$100; government's share: for one dependent, \$67.50; for two, still only \$67.50; for three or more, \$85.

So no matter how many dependents an enlisted serviceman has, the most the government will allow under the new law is \$85 a month.

If you're wondering about the amount of the serviceman's pay — out of which they must set aside some of their own money for their dependents — there it is, using minimum figures in each case since the longer the man is in the service, the more his pay:

Recruit — \$80; private — \$82; Private first class — \$90; corporal — \$117; Sergeant — \$129; sergeant first class — \$169; master sergeant — \$198.

This is higher pay than the servicemen got in World War II. But the following will show the difference between dependency allowance under the new law and how family allotments worked in World War II:

At that time if a man had a wife and set aside \$22 of his pay, the government added \$28, giving her a total of \$50. If he had children, the government additionally gave the first child \$30 a month, and each additional child \$20.

So if an enlisted man in World War II had a wife and five children the government's allotment to them was \$138. Now the most the government can give any family, no matter how large, is \$85.

If this kind of limit works a hardship on the family of some serviceman the secretary of his particular branch of the service — say the secretary of the Army — can under the new law release him from the service.

This new law started as of Aug. 1. So dependents will get payments dating back to then.

Star Says Americans Have Wrong Idea of French Girls

By BOB THOMAS
HOLLYWOOD — (AP) — Americans have the wrong idea about French girls, thinks Leslie Caron, latest gift of the republic of France to Hollywood.

Miss Caron, imported to dance with Gene Kelly in "American in Paris," said she should not judge her countrywomen by the pictures we see of them in French bathing suits and low-cut gowns. Actually, she declared, French girls are not as uninhibited as it might seem.

"French girls have much less liberty than American girls," said the 18-year-old ballet beauty. "The French mothers keep a close eye on their daughters. The girls are not allowed to wear lipstick until they are 17 or 18 and then very little. They cannot have dates until they are 18 and then they are chaperoned."

"But in America I see little girls only so high wearing lipstick. And lots of them start going out on dates before they are 14."

What about the French bathing suit? "The suit, it is nothing. When we see it on the beaches, we think nothing of it, because we are used to it. It is just as though someone from the North Pole would come to your beaches; he would think it was shocking to see legs exposed."

Capule review: "Mr. Music"

Queen Takes Work Too Seriously, Husband Charges

LOS ANGELES — (AP) — A divorce seeking husband says his wife, elected "queen" of a lodge in fun, took her association with the lodge "king" much too seriously.

The husband, Maurice N. Meyenberg, 43, aircraft engineer, sued Mrs. Marcella Q. Meyenberg, 37, and named Theodore A. Baker, 45, aeronautical engineer, as the lodge "king."

The complaint said Mrs. Meyenberg and Baker were elected to their royal posts in the Santa Monica lodge last March, began associating secretly and the spending nights together. The complaint added that the affair disturbed other lodge members so much that they declared the offices of "king" and "queen" vacant Sept. 1. Meyenberg said Baker's wife, Muriel, 38, also has sued for divorce.

provides Bing Crosby by one of the fresher film ideas of his recent career. He plays a lazy song writer who is goaded into writing a score by an efficient secretary, played by Nancy Olson. They form a romantic triangle with a muscle-happy collegian (Robert Stack). The plot holds up well, despite being a bit overlong. Crosby is in good form, and Miss Olson makes an otherstride in a promising career.

The International Bureau of Weights and Measures at Sevres, France, an organization to set up basic international standards, has reinstated Japan as a member.

"In 5 minutes I can show you why OWNERS SAY— IT'S DODGE FOR VALUE!"

ROOMIER than many cars costing far more! You get all the stretch-out, head room, shoulder room, and leg room you ever wanted in this big new Dodge!

DRIVING EASE—Famous Dodge Fluid Drive smooths out all your stops and starts. And Dodge is so easy to handle in traffic—so easy to park!

COBRA-MATIC is America's lowest-priced automatic transmission! Compare the cost! (Available on Coronet models, to make your driving even easier.)

FLASHING PERFORMANCE You'll love that high-compression "Get-Away" engine for flashing pick-up and power... dependable performance at surprisingly low cost.

DODGE

New Bigger Value

DODGE

Just a few dollars more than the lowest-priced cars!

You could pay \$1,000 more and not get all the famous ruggedness and proved dependability of this smart, roomy 1950 Dodge!

A SHORT five minutes will show you this great new Dodge gives you stretch-out roominess you'd hardly hope to find in more expensive cars. You'll see how easy-to-handle a car can be! And the more you drive a Dodge, the more you'll appreciate famous Dodge ruggedness, dependability and economy.

Come in today! Give us just 5 minutes to demonstrate the bigger value Dodge gives that puts you miles and money ahead!

Marshall Steps In As Johnson Leaves

WASHINGTON — (AP) — George Catlett Marshall, soldier by profession and diplomat by experience, is headed back to the Pentagon to become secretary of defense.

Acheson Plan For Alliance May Be Aided

By JOHN M. HIGHTOWER
NEW YORK — (AP) — Defense Secretary Johnson's resignation was seen by U. S. and foreign diplomats as the big three military leaders here today as a move strengthening Secretary of State Acheson in his drive to speed up the organization of a strong Atlantic alliance defense force in Western Europe.

President Truman's decision to name former Secretary of State George Marshall to succeed Johnson reinforced the view that Acheson policies will now have full and vigorous support of the Truman cabinet without the frictions and delays which have been attributed to the so-called Johnson-Acheson feud.

Actually many insiders feel the importance of this feud's effects on policy has been considerably exaggerated, although there is evidence that it has hampered the ability of the State and Defense departments to work together on grave international issues for a year or so.

News of Johnson's resignation and Marshall's impending appointment hit the big three conference like a bombshell. Late in the evening Acheson himself was given detailed press reports and had nothing to say on the development.

His associates were obviously cheered; some had chafed for months under an Acheson-imposed rule which said in effect that if Johnson wanted to feud with him it was Johnson's business, but Acheson's aides were (See ACHESON, Page 2)

Train Involved in Crash Was Behind Engineer Testifies

PITTSBURGH — (AP) — A spare flying Pennsylvania Railroad engine testified today he was trying to make up time when his back passenger train rammed the rear of a troop train, killing 33 National Guardsmen.

William Eller, 65-year-old engineer of the Pennsylvania's "Spirit of St. Louis," testified in near-whispers at opening of an investigation into the fatal Ohio crash by the Interstate Commerce Commission, the railroad, the Ohio Public Utility Commission and the Army.

Eller testified he was 29 minutes late leaving Pittsburgh and had lost another minute enroute. He said visibility at the time of the wreck in the pre-dawn hours Monday was restricted because of fog. The crash occurred near Coshocton, Ohio.

The veteran engineer told how he reduced speed but "not enough" at the point a passenger block before the stalled troop train.

Eller guessed his speed at the time at 50 miles per hour. ICC regulations require that speed be reduced to 30 miles an hour at an approach block so the train can make a complete stop at the next stop and proceed sign.

The engineer testified he did not apply his service brake until he reached the stop and proceeded signal near the crash scene. He said he did not apply his emergency brake until he saw the "stop" signal. He said he saw the "stop" signal at about the time he passed the "stop and proceed" signal. Eller admitted he saw the stalled troop train. He said: "It was very close."

In reply to an ICC question as to whether both wayside and cab signals were working properly, Eller murmured: "Yes."

Eller said he saw the flares and signals set out at the rear of the troop train.

He said he applied the emergency brake immediately.

Eller's fireman, E. J. Kearns, testified Eller was "one of the most alert, capable men in railroad service."

O'Dwyer Okayed By Senate Panel

WASHINGTON — (AP) — The Senate foreign relations committee today approved the nomination of William O'Dwyer of New York to be ambassador to Mexico. The vote was 8-0.

O'Dwyer recently resigned as mayor of New York City to accept the diplomatic appointment.

Chairman Connally (D-Tenn.) of the foreign relations committee told reporters that Senator Hickenlooper (R-Iowa) simply voted "present" on the nomination. The eight other committee members voted approval.

GEORGE C. MARSHALL

LOUIS JOHNSON

Rail Freight Speed-up Due

WASHINGTON — (AP) — Speed-up handling of railway freight traffic to promote the national defense was ordered yesterday by the Interstate Commerce Commission.

The new spur to defense mobilization sets a 24-hour limit to the turn around of freight cars ready to move.

One section of the order called for keeping freight cars idle beyond the 48-hour free time period allowed for loading and unloading.

The charges were set at \$5 a car per day for the first and second days after free time, \$10 a car for the third and fourth days, and \$20 for each succeeding day.

The present rate is \$3 a day for four days and \$6 a day thereafter.

Another section of the order directed railroads to have loaded cars in a position for unloading within 24 hours after arrival at terminal point. Then, when the cars are unloaded and perhaps reloaded with a new consignment of goods, the railroads must get them rolling within 24 hours.

In issuing the order, the ICC said that slow handling of cars is causing a shortage of badly needed equipment.

In other mobilization moves, officials said an anti-board-jumping order on steel, copper, tin, aluminum and other key materials may be expected before the end of the week.

The Interior Department began setting up a new agency, tentatively called the Minerals and Energy Administration (MEA), to prepare for possible emergency use of priorities and allocations of petroleum, gas, coal and electrical power.

The organization is expected to start functioning, at least on a standby basis, within two weeks.

Reindeer Promised For Santa Parade

One of the outstanding attractions of the 1950 Santa Day Parade, Friday, Dec. 1, will be Santa Claus and his bright red sleigh pulled by four live Arctic reindeer.

The attraction was announced following a special call meeting of the merchants activities committee Tuesday. It was also announced that the parade will be held at 7 p.m., something new for Pampa.

Frank Smith, chairman of the committee, stated that funds from all over the area will be invited to participate in the parade. Following the parade, stores will unveil their Christmas windows and will remain open until 9 p.m. for the convenience of Santa Day customers. The Jaycees will light up their street decorations at 6 p.m. on that day. It was announced.

The team of reindeer are owned by Grady Carothers of Goldthwaite, Texas, who flies them from the north each year for use in parades.

\$400,000 Earned By Baptist Land

DALLAS — (AP) — Texas Baptists have a return of about \$400,000 from last year's gift of 56,200 acres of New Mexico land.

Dr. J. V. Bruner, Baptist General Convention official, announced that donors of the property were Arthur Wasson of Big Spring, a Pampa County teacher, and the late Mrs. Wasson.

DC-3 Service To Start Here November 1

On Nov. 1 a lumbering DC-3 will drop out of the skies and land on Pampa Municipal Airport and initiate big-ship service by Central Airlines, it was learned Tuesday afternoon as management of the port went from Roy A. Webb, Jr., to Earl Denmore.

It took almost four hours of negotiations between the city commission, Denmore and Webb to come to an agreement on the contract, and operation fee payable to the city by Denmore.

A few minutes after 5 p.m. Webb, Denmore and the commission came to a meeting of minds and the new owner took over the port.

The actual contract itself has to be drawn and signed, but the agreements were reached and Webb signed his release of the port to the city.

According to Webb's contract, the city was to receive five percent of the gross revenue taken by Webb, which included all sales, hangar rents, commissions for other private operators, services, etc.

The contract was complicated and unworkable in that neither operator nor city knew where they stood from month to month. Sometimes the city made some money, sometimes it didn't.

Under the new contract with Denmore, the city is to receive one cent on every gallon of gasoline sold by Denmore; private operators will not be required to pay the operator any commission on fee Denmore will have to reimburse the city for runway light bills; maintain the lights, and replace all burned out bulbs at his expense. The city in turn will service only the runways by paving.

It was believed by the commission that the new arrangement will simplify bookkeeping and result in smoother operations at the airport.

In the meantime, John Donahoe, local manager for Central (See SERVICE, Page 2)

Heart Attack, Fatal To F. S. Smart, 78 Resident 20 Years

F. S. Smart, 78, resident of Pampa for the past 20 years, died unexpectedly at 10 a.m. today of a heart attack in his home at 209 W. Cook. Mr. Smart moved to Pampa from Shamrock in 1930 and was an agent for the Atlas Life Insurance Company. He was a member of the Methodist Church.

Survivors include his wife, Eliza Jane, three sons, Fred and Hale, Amarillo and Lee, Modesto, Calif.; seven daughters, Mrs. Paul Camp, Mrs. L. M. McWright and Miss Faye Smart, Pampa, Mrs. S. L. Lindsey and Mrs. L. C. Vaughn, Wellington, Mrs. O. D. Martin, Corpus Christi, and Mrs. Thelma McGregor, Fresno, Calif.; two brothers, H. S. Modesto, Calif. and A. L. Tacoma, Wash.; 35 grandchildren and 10 great-grandchildren.

Funeral arrangements by Duenkel-Carmichael are pending.

Contempt Charge Requested for 3

WASHINGTON — (AP) — The Senate foreign relations committee voted today to ask the grand jury to cite Communist leader Earl Browder, Frederick Vandenberg and Philip Jaffe for contempt of Congress.

The three were involved in an investigation by a foreign relations subcommittee in 1948. The charges by Senator McCarthy (R-Wis) that Communists had infiltrated the State Department. The contempt move stemmed from the refusal of Browder, Jaffe and Field to answer questions during the subcommittee inquiry.

Headquarters said the South Korean ship had one shot when the mine-laden vessel and it was blown to bits.

Single Shot Blows Red Vessel to Bits

TOKYO — (AP) — General MacArthur's headquarters said today a South Korean ship Monday blew up a Red ship loaded with mines in Haegu Bay, due south of Pyongyang, North Korean capital.

Headquarters said the South Korean ship had one shot when the mine-laden vessel and it was blown to bits.

Offensive Due Soon, Troops Are Promised

Defense Fund Bill Faces Quick Action

WASHINGTON — (AP) — The Senate appropriations committee aimed at approval today of a \$16,700,000,000 emergency defense bill.

Chairman McKellar (D-Tenn.) said he hopes the group can complete work on the House-approved measure by tonight.

The bill carries \$4,000,000,000 in foreign arms aid in addition to more than \$10,000,000,000 to bolster this country's defenses against Communist aggression in Korea and wherever else it may crop up.

The committee arranged an other meeting behind closed doors after making public testimony by Secretary of State Acheson that no Western Europe defense plan will be effective unless it includes the manpower and resources of Western Germany.

Acheson expressed his views at a closed session Aug. 30. At the same time the committee was told by Louis Johnson — who resigned yesterday as secretary of defense — that this country's plans for rearming Western Germany (See DEFENSE, Page 2)

Demos Solidly Behind Shivers

MINERAL WELLS — (AP) — Texas Democrats were lined up with rare unity today behind Gov. Allan Shivers on what he wants to be a harmonious middle course.

Many deserting dixerats of 1948 were back in the party, pledged to support its nominees at least in 1960. The new executive committee included some former States Righters and some hold over liberals.

But most of all it was a carefully handpicked Shivers committee. Its acts for the party — and for the governor — between conventions.

There was a long, bitter convention committee struggle for places but it never erupted on the convention floor.

Early in yesterday's convention, the governor seized control by a whopping majority. After that, despite the flurry in the party officers' committee meeting, it was altogether a Shivers show.

Not only is the new executive committee made up mostly of his friends, but of conservatives. Shivers lined up with this group to take over control of party affairs. Two years ago, the late Gov. Beauford M. Jester turned the trick with a liberal coalition group.

The convention named J. E. Wiest of Woodville, long time friend of Shivers, as executive committee chairman to succeed John C. Calhoun of Corsicana, who retired.

Wheat had been secretary. To succeed him, the convention elected rancher-banker Judd Stuart of Strawn.

Mrs. Claude Hudspeth of San Antonio was re-elected vice-chairman.

The convention adopted a platform opposing a general sales tax and an income tax. It advocated the state spending and said if new money has to be raised, the tax burden should be equitably distributed. It also approved a resolution urging a state law to make Communists register and carry "suitable identification" under penalty of "death or lesser penalty as a Texas jury may prescribe."

The platform restated the principles on which Shivers won the Democratic nomination: conservation of the state's human resources, its soil and water resources, and funds. The platform also called for orderly development of water resources, with federal aid if necessary, but without federal control.

The platform and resolutions generally followed the pattern set by keynote Leroy Jeffers of Houston. He also called for party harmony down the middle of the road with Shivers.

An interesting story White told concerned the time a warehouse, located under the city water tower, caught fire. The heat from the fire was so intense that the legs of the 65-foot water tower bent, causing the tank to fall. When the tank hit the ground, it put the fire out.

Included also in the magazine is an article about the Pampa Ladies Auxiliary. The article contains organizational information, meeting times, methods of raising money, donations given and drives sponsored by the auxiliary and other pertinent information.

A picture of the assembled members of the organization is included with the story, as is a picture of the group at a party given at the recent Top of Texas Radio parade.

Gen. Walker Says Enemy Is Weakening

TOKYO — (AP) — Allied troops got word today that they will kick off on the offensive soon against the Red Korean war machine they have battled to a standstill for a month.

Lt. Gen. Walton H. Walker, allied ground commander in Korea, said in a fighting talk to his frontline troops:

"Soon we are going to give up the attitude of defense... as soon as we start forward and break the crust in front of us, the enemy will fold.

"We can feel a weakening of the enemy mood. In some positions they actually are pulling out."

The U. S. Eighth Army commander described the long weeks of delaying action as necessary "agony and suffering."

Only through such an ordeal, he said, could the allies build up power for an offensive.

Walker's fighting talk came as allied troops flattened the Red Korean bulge on the northeast front in a triple-threat power drive.

The United Nations gains in a three-day offensive were the greatest in nearly a month. They sealed much of the gap torn last week by Communists in their massive breakthrough south from Kyaukse toward the west coast.

Resurgent South Korean troops, driving east from Yongchon and northwest from Kyongju, rolled back the Communists.

To the east, a mixed force of South Koreans and Americans rained shot the southern gap of a mountain corridor, trapping 3,000 Red Koreans.

This task force was led by 47-year-old Brig. Gen. Gar Davidson, former West Point football coach and right end. It was a brilliant end sweep west from the Pohang area by "Task Force Davidson" that trapped the Reds.

Along the 12-mile allied defense perimeter, this was the picture:

Pohang — Yongchon sector — "Task Force Davidson" closed a three-mile gap between Angang and Pohang. From the west, the South Korean eighth division thrust three-fourths of the way to Red-held Angang. It has punched 12 miles in three days. A South Korean regiment drove northwest from Kyongju to close this last gap. Reds dug in on Hill 343 southwest of Angang were resisting fiercely.

Tagu sector — U. S. first cavalry division elements attacked a strongly fortified hill 11 miles north of Tagu. They were in the immediate area where they stormed and won a hill Tuesday at heavy cost. Other units seized high ground north of the Waegwan area, a few miles west. The Reds pushed back troops off an important peak nine miles northwest of Tagu.

Changwon sector — All quiet. American big guns wiped out 200 Red Koreans as they stormed a dominant peak four miles south of the Nam-Naitong river junction. U. S. 25th (Reds who had infiltrated the line were spotted and called to help wipe out the pocket.

Changwon sector — American big guns wiped out 200 Red Koreans as they stormed a dominant peak four miles south of the Nam-Naitong river junction. U. S. 25th (Reds who had infiltrated the line were spotted and called to help wipe out the pocket.

Changwon sector — American big guns wiped out 200 Red Koreans as they stormed a dominant peak four miles south of the Nam-Naitong river junction. U. S. 25th (Reds who had infiltrated the line were spotted and called to help wipe out the pocket.

Sen. Tobey in Close Victory

(By The Associated Press)
Senator Charles W. Tobey, last styled liberal fighting one of the toughest battles of his political career, won nomination to a third term in New Hampshire's rough and tumble Republican primary Tuesday.

The 70-year-old lawmaker squeezed by voters a 137-vote margin over 34-year-old Wesley Powell, World War II veteran and former secretary to Senator Styles Bridges (R-NH).

Powell campaigned on the theme that Tobey was a "Truman Republican" and "too liberal." He said he would ask for a recount. The unofficial tally was Tobey 39,003, Powell 37,878.

States voting, besides New Hampshire, were Arizona, Colorado, Michigan, Minnesota, Vermont and Washington. Involved were four other Senate seats, 41 House memberships and six governorships.

Here's a summary of top races:

Arizona — Senator Carl Hayden and other members of the Democratic congressional delegation were renominated. Republicans had no primary opposition. A woman, former state auditor, Ana Frohmler, appeared to have won the Democratic nomination for governor.

Colorado — Senator Eugene D. Millikin was renominated by Republicans without a contest. The Democratic nominee is Rep. John A. Carroll, also chosen without opposition. Former Gov. Ralph L. Carr was picked by Republicans as their gubernatorial candidate to oppose Gov. Walter W. Johnson, Democrat.

Vermont — Winston L. Prouty, lumber dealer, won the Republican nomination to the state's only House seat. He is virtually assured of replacing Rep. Charles A. Plumley, Republican, retiring. Senator George D. Alken, Republican, was unopposed.

Michigan — Republicans picked former Gov. Harry F. Kelly to oppose Democratic Gov. G. Mennen Williams.

Minnesota — Republican Gov. Luther Youngdahl swamped four little-known opponents. Harry H. Peterson led a six-man race for the Democratic-farmer-labor nomination.

Washington — W. Walter Williams, Seattle businessman, led two other candidates for the Republican nomination to the Senate. Democratic Senator Warren G. Magnuson was unopposed.

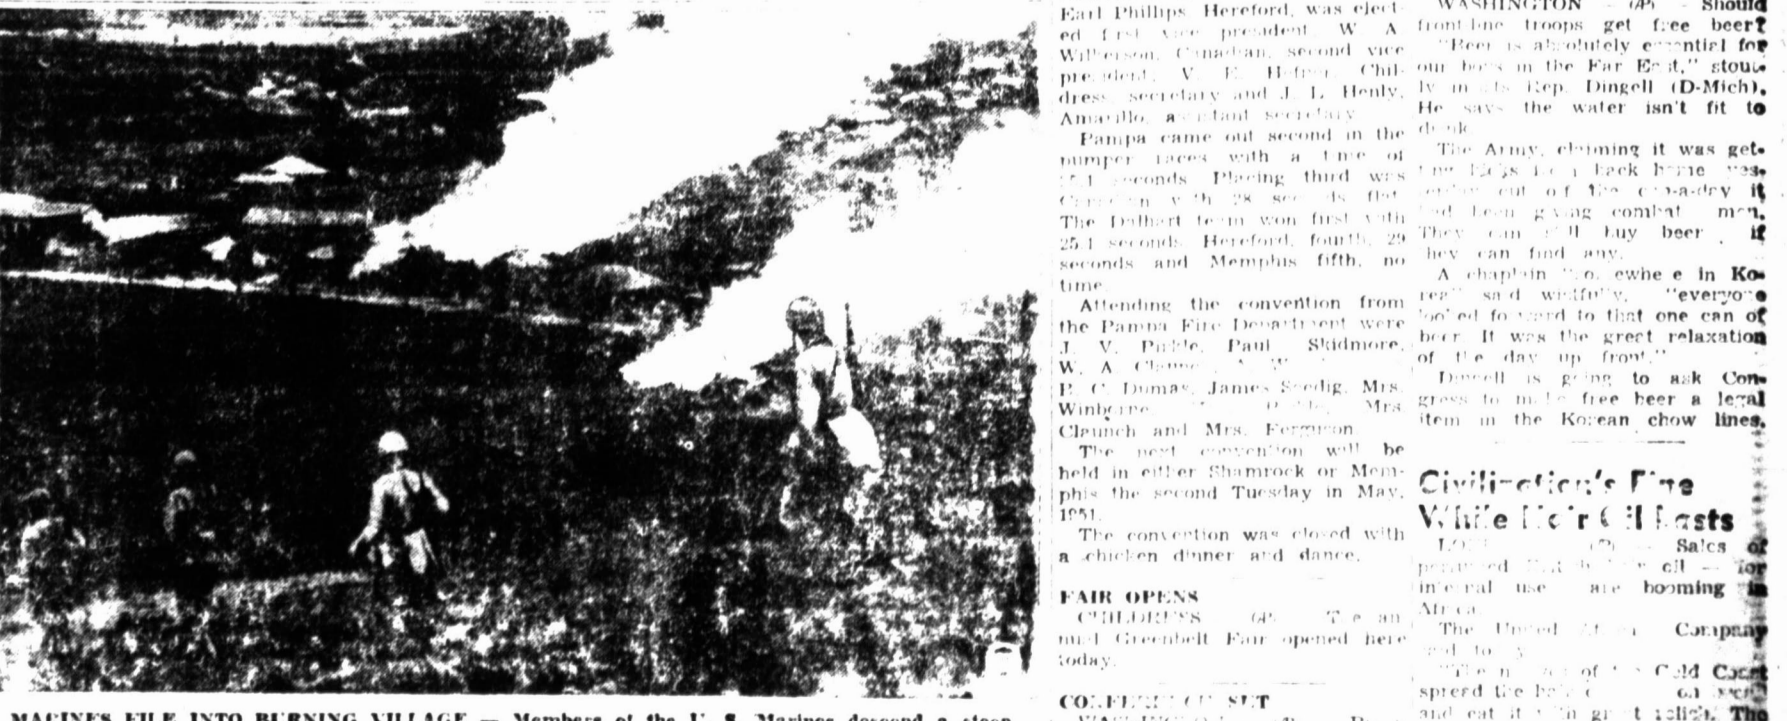

Chaplain, Salon Say GI's Should Get Free Beer

WASHINGTON — (AP) — Should front-line troops get free beer? "Beer is absolutely essential for our boys in the Far East," states Rep. H. P. Dingle (D-Mich). He says the water isn't fit to drink.

The Army, claiming it was getting 125,000 cases of beer a week, said it was the great relaxation of the day for front-line troops. Dingle is going to ask Congress to make free beer a legal item in the Korean chow lines.

MAJINES FILE INTO BURNING VILLAGE — Members of the U. S. Marines descend a steep hill to enter a village set afire by tank rills in the Naktong River area. This is one of the fiercest fighting since the U. S. Marines landed in Korea in June. A Communist offensive by the Korean Reds. (Exclusive NEA Telephoto by Sam H. Long, apner Ed Holtman)

Mexico Probing Exploitation of Migrant Labor

MEXICO CITY (AP) — Reports of exploitation of migrant workers and sale of credentials to those who want to work in the U. S. are being investigated by the interior ministry.

The ministry issued a formal statement saying the reports concerned alleged irregularities in Piedras Negras on the U. S. border opposite Eagle Pass, Texas. The statement said that although the head of the Piedras Negras immigration office denied the reports, "the head of the immigration service has ordered an immediate and careful investigation."

Reclamation of swamp land got under way in Holland in the early 17th Century.

Steel Industry Asked to Make Record Total

By SAM DAWSON
NEW YORK (AP) — The steel industry is on notice to increase its capacity to take care of record civilian demand and an additional still-undetermined tonnage for defense.

Congress has just given the president a \$2 billion club—the power to lend up to that amount to private industry to swell the size of plants to produce war essentials. He can use this pressure if private industry doesn't expand of its own accord.

But the steel industry is already in the midst of one of its largest expansion programs. Between Jan. 1, 1950, and Dec. 31, 1952, the industry's capacity will have been increased by 6,263,000 tons a year, the American Iron and Steel Institute says. This will bring it to a size capable of turning out 165,750,000 tons a year. In the peak war year of 1945, it produced 100,000,000 tons.

Already 1,170,000 tons of additional capacity have been added this year, and production now is estimated at an annual clip of 100,600,000 tons of steel ingots. That's 7,800,000 tons better than its best year in the last war effort.

The government thinks it is going to need still more steel. For one thing, what it wants is finished steel, and the industry's present capacity to produce finished steel as distinguished from steel ingots, is 75 million tons a year. Military needs for

Little Hope Is Held For Missing Miners

NEW CUMNOCK, Scotland (AP) — Miners still sought traces of 12 entombed men in the Knockahinnoch mine today, but officials said they had abandoned hope the missing men were alive.

One hundred and sixteen miners, trapped on the 70-foot level in the cave-in last Thursday, were rescued Saturday and Sunday. Searchers reported they found no trace of the other 12 except tools apparently dropped as they fled an avalanche of mud and coal which blocked off the main shaft.

Shipyards building inland tow-boats and barges have a total backlog of orders for 180 new vessels, says Chester C. Thompson, president of the American Waterways Operators, and they are crying for more steel.

The Independent Petroleum Association of America has been surveying the oil field pipe situation and reports today that supplies are getting tight and deliveries being delayed.

Young-Old Air Force Men in Korea Feel Glued to Seats

AN ADVANCED U. S. AIR-BASE IN KOREA — (NEA) — Old heads in young bodies carry the mail to the North Koreans by air. And by carrying the mail in this case, the airmen mean the best news.

There's 1st Lt. Charles "Chuck" Hauger, for instance, of Poughkeepsie, N. Y., who spent nine months in Europe running up 80 high-altitude escort missions over Germany in World War II. An "old flier" of 27, he mounted 25 missions in 18 days after he got to Korea, and counts four as a probable if the weather permits.

"I've been in the seat of my F-51 so much I have to check to see if they glued me there," he says.

And there's 1st Lt. Warren "Pete" Kane of Philadelphia, a grown-up model railroad builder who now looks down the gun-sights of his F-51 at rolling trains, roadbeds and tunnels which, from his starting altitude, appear about the size of the railroads he used to model.

"Once I built 'em," he says, "and now I break 'em up."

Hauger and Kane typify the "old head" youngsters leading the newcomers in making the single-engine F-51 the workhorse of ground support for Army troops in Korea.

The difference is that Kane began as a multiple-engine pilot, mothering B-24s up and down the west coast on anti-submarine patrol.

"Usually, it's the mark of age that puts a man on monitoring a handful of engines," he says. "But I'm getting it the other way. The change of pace is terrific, and a fighter is tricky."

From Hauger's point of view, the plane he flies is no different from World War II, but the way he flies it is.

"It's the same old plane, but I work 30,000 feet lower down," he says. "In the old days, I was so high the Army never saw me except on leave in London. Now I go in so close in support, I could snatch a cigarette from an infantryman's pocket on the way by."

Kane, the model railroad man, became an expert in plane vs tunnels after a short time in Korea. He began poking into tunnels with rockets and gunfire from low level after he noticed people hanging around the en-

Crewmen Injured In Train Collision

CHEYENNE, Wyo. (AP) — Four crewmen of the Union Pacific's Pony Express train were derailed in a collision with a switch engine in the yards at Green River, Wyo., shortly before midnight last night.

The superintendent's office at Cheyenne said engineer Ed Hoefeldt and fireman W. Stone of the switch engine were hospitalized. The extent of their injuries was not learned.

Introducing A NEW MEMBER OF A FAMOUS FAMILY

1847 ROGERS BROS.
America's Finest Silverplate

DAFFODIL

52-Piece Service for Eight

A breath-taking new pattern, Daffodil, in America's finest silverplate... famed for quality, beauty, craftsmanship. No excise tax. Pay for it on easy terms.

Set Includes:
8 dinner knives
8 dinner forks
8 tea spoons
8 dessert spoons
8 salad forks
2 tablespoons
1 butter knife
1 sugar spoon

Only \$75.13

A Real Value!
TO INTRODUCE THIS NEW DESIGN
\$60 after Nov. 1, 1950
NOW ONLY \$25.00

Serving Pieces in All Patterns to Match in Stock

McCarley's

ADEQUATE WIRING SERVES SAVES

DIRECT WIRE TO BETTER LIVING Electrically

Never stop to think how many things electricity does around the house... all the time and work savers that are yours "for the plugging in" to your home wiring system? Yes, these and new devices that are being developed daily have become such an important part of our everyday living—electrically—but is your home wired to accommodate them?

If you are planning to build, or re-model, be sure to provide for Adequate Wiring... heavy main service wires... sufficient circuits... plenty of outlets and switches. Adequate Wiring, planned today, is your assurance of comfort and savings tomorrow. Ask your Public Service representative about better, more economical living—electrically—through Adequate Wiring.

Missing Facts in Socialized Medicine

An interesting editorial on certain phases of socialized medicine recently appeared in the Christian Science Monitor, which said, "The increase in reported sickness during Great Britain's first full year of socialized medicine has its significance for the United States. Much of the British program is embraced in the proposal of government medical care insurance which the Truman administration is promoting."

"Sickness among adult Britons rose eight percent and workdays lost through illness 22 percent. Officials credit the growth of reported illness mainly to economic reason — people not getting medical service who previously could not afford it."

"But there are additional factors. In the experience of European countries with compulsory sickness insurance it has long been observed that when workers are taxed for medical care they often claim in unnecessarily. That is the only way that many figure they can get something back for their money."

"It is also a standard part of the government insurance system to give weekly cash payments to claimants. The chance to stay at home and live for a while with the aid of state funds frequently militates against a speedy return to work."

"These and other disadvantages of a national system of government insurance for medical care are getting no publicity from the Truman administration. British experience, however, is bringing out some of the missing facts."

"In other words, these medical schemes make malpractice out of the people, even as they regiment medicine, overwork the doctors to the breaking point and, seriously reduce the standards of medical care."

"The Sabbath is not a day to feast our bodies, but to feed our souls. —Empress Josephine."

So They Say

From hundreds of national languages will develop... one common, international language which will not be German or Russian or English, but a new language. Premier Joseph Stalin.

It appears that a considerable number of speculators are intent upon "cashing in" on the opportunity afforded by the emergency situation which now faces the nation. —Charles F. Brannan, Secretary of Agriculture.

Communists talk of freedom while they murder it. They talk of peace while they support aggression. They pretend to virtues which their philosophy rejects. —Clement Attlee, prime minister of Great Britain.

Washington.....by Peter Edson

WASHINGTON — (NEA) — The next two months are a big test for U. S. railroads, even if the threatened strike of the Brotherhood of Railway Trainmen and the Order of Railway Conductors settles.

The switchmen's union, other non-operating brotherhoods and the four brotherhoods of operating railwaymen have other grievances in various stages of negotiation before National Mediation Board panels and emergency boards.

Railway personnel relations have seldom been in a worse position, and the great fraction of government seizure is the only thing that seems to be preventing a strike worse than Canada's. Before these manpower problems are settled, however, a more material problem may come to a head in a shortage of railway freight cars. If this sounds like something reprinted from editions of the days of World War II, it is not.

At the end of August, the railroads were reporting a shortage of about 28,000 freight cars a day. The shortage was not confined to one type of car nor to any particular localities.

Figures gathered by the car reporting service of American Association of Railroads here in Washington show a shortage of 22,200 box cars for general freight, 7,800 hopper cars, 6,500 gondolas and 1,500 flats.

So far, demands for moving military cargo to the West Coast have been given priority. Movement of the winter wheat crop from the Southwest was met without too much protest, although some grain always has to be piled in the open to await cars.

Movement of the winter wheat crop from the Northwest in August and September is followed by heavy cargoes of sugar beets and soy beans, bringing the customary peak fall demand. Coal movements usually get heavy in October.

What has caused the shortage during the summer is analyzed principally as an early movement of Christmas trade and a general business activity. Four other factors are outlined as contributing to today's car shortage. One is the five-day week. While there is no ban against railroads operating a full seven days as they did formerly, the overtime pay provisions make management try to cut down on full-week operation. Staggering of shifts, so that there is seven-day operation even with crews on five-day weeks, has not been worked out.

A second factor has been strikes in other major industries—coal and autos, for instance—which put the roads months behind on their movement of freight.

Attention America! .. John Beck

THE SIXTH COLUMN SCARE WORD: Price advances on a few commodities since Mr. Truman's little police action started have made quite a stir. They have given editors headlines, which edit into "scare" love. They have given "bleeding-heart" radio comment to congress and of the administration, and many business men—all of whom should know better, but apparently don't—have raised the cry, inflation!

Inflation, is a scare word, and well it should be, but price rises, per se, do not necessarily spell inflation. Far from it. Rising prices, without an inflationary background, are a normal result of unusual consumer demand and will reverse their trend as soon as that unusual demand relaxes. And the demand will relax for not everyone is inclined to buy on a "rising market."

Nor does the economy as a whole suffer from this type of buying. Private incomes are limited and what is spent today cannot be spent tomorrow; so on the long pull a person would find it more than his share to "accumulate" more than his share.

BAD LABELS: War-hysteria and scare-buying were labels liberally used to describe this temporary demand; both of them terms this writer has come to loathe. Not much thought is required to figure out just what did happen, and neither war-hysteria nor scare-buying describe it; they don't even approach a description.

Ever since V-J day, and up until the very moment when the Korean decision was made, peace had been getting nearer all the time. Thus said Mr. Truman as late as two weeks before his fateful stand. Under such assurance it was natural for people to postpone their "Future Action" an integral part of a free market economy. It's consumer choice functioning.

But when war struck suddenly these people remembered the days of OPA oppression and they expected in a few isolated instances hurried to fulfill their needs. There was probably very little "hoarding" of any kind. Drygoods and hard goods took the brunt of the demand, and since this buying tapered off quickly it lends evidence that it was chiefly delayed fulfillment of needs, not hoarding, that was prompting the run.

PRICES MOVE BACK: As soon as the buying dropped off prices began to readjust. Not many had been affected, anyway. The future markets for commodities were the most active on the rise, and this was largely speculation. But unless the speculator is guessing right, such prices seldom affect the consumers' market.

Grains were very active, on futures, but the cash market barely responded and even this response was due more to normal market news than to buyer pressure. For instance, cotton advanced sharply on news of the shortest crop in 65 years. There is no hoarding of raw cotton except by the government through its price support plan and buying agencies.

Nevertheless, harmless as all this flurry was, it made good political hokum and the administration jumped at the opportunity to spread its usual line of propaganda. Congress has been stampeded into plans for all-out controls, and a bill to punish these terrible hoarders—who could not hoard in

When patients ask for treatment of conditions outside the medical scope of what is a doctor to do? Such an inquiry came to Dr. G.K.L. in New York. "Doctor, what will stop my husband's snoring?"

If there are no nasal obstructions, perhaps a comfortable mattress, plenty of fresh air in the room, and going to bed before midnight may help. "But if it doesn't persist the old sock in his mouth." —Boy—But my little brother here isn't.

When patients ask for treatment of conditions outside the medical scope of what is a doctor to do? Such an inquiry came to Dr. G.K.L. in New York. "Doctor, what will stop my husband's snoring?"

If there are no nasal obstructions, perhaps a comfortable mattress, plenty of fresh air in the room, and going to bed before midnight may help. "But if it doesn't persist the old sock in his mouth." —Boy—But my little brother here isn't.

An Indian up in northern Michigan returned for the third time to buy a half dozen dollar bottles of cough syrup. Druggist — Someone sick at your house? Indian — No sick. Druggist — Then, what on earth is all this cough syrup for? Indian — Me likum on pancakes.

But when the Pharisees saw it, they said unto him, Behold, thy disciples do that which is not lawful to do upon the sabbath day. —Matthew 12:2.

Or have we learned anything at all from our disastrous China policy, and do we now have something more sensible and practical to offer our friends in the Philippines? If not, then we had better quit promising anything to anybody, and do what we can for ourselves at home.

As a matter of fact, do we have any consistent foreign-policy at all? If so, it is certainly a secret to the G. I.'s fighting in Korea, and to the American people as a whole. Even staunch Administration Democrats are now joining with Republicans in Congress to demand that we be given a clear-cut statement of what our long-term objectives are, and how we plan to achieve them. No doubt the Congressmen are hearing in no uncertain terms from the homefolks that there is no sense in demanding "unity" and "more sacrifices" until our leaders can at least furnish us with the "what," "why" and "wherefore"!

It is even more senseless for the Administration to tell the American people they have no right to criticize! When have they had a better right? In the same of "security," our present Administration has spent more money than all the administrations from George Washington to Franklin Roosevelt combined—only to present us with the most appalling "insecurity" in our entire history! In 1946, five short years ago, we were the strongest nation in the world. Today we are trembling on a tiny beach-head in South Korea, and admitting to the world that we are unprepared to meet the Russian threat. If that isn't obvious evidence of abject and colossal failure—what is it?

And he carried me away in the spirit to a great and high mountain, and showed me that great city, the holy Jerusalem, descending out of heaven from God. —Rev. 21:10.

Before the Dishes Are Done

By BETTY KNOWLES HUNT

THE PHILIPPINES—AND OUR FOREIGN POLICY! From the many dispatches reaching this country from the Philippines, I am struck by the undeniable similarity between that nation's desperate problems, and those which confront China at the end of the war. In deed, these problems are typical of all Asia.

Let's look at some of them, as reported in a New York Times dispatch on August 19th. First—there is the over-all economic problem, which includes near-bankruptcy, under-production, wholesale poverty, terrible inflation, and an archaic tax system.

These same economic problems also faced China after long years of war and Japanese occupation, and our official American policy was to blame Chiang Kai-shek for not solving them immediately.

Second—the Quirino government of the Philippines is short-tempered and through with graft, corruption and incompetence. There is little to show for the two billion dollars we have poured in, and most of it had been wasted. According to the N. Y. Times: "The reluctance to punish wrong doing is a recognizable national trait among the Filipinos..."

As for revenue collections, Filipinos simply are unable to pay taxes in their millions. Without wholesale prosecution of tax-dodgers, there is little hope of making the people pay. And the Government has not punished tax-dodgers for political reasons.

These same problems of graft, corruption and lack of tax-revenue plagued Chiang's regime in China too, and our official American policy was simply anger, censure and disgust.

Third—the Philippine government is struggling vainly against a Communist led rebellion, under Communist leaders with international connections. Chiang faced a similar communist rebellion in China, and our official American policy was to favor the rebellion, demand a truce and a coalition government with the Communists.

When Chiang refused this solution, we cut off all aid and let him go down! Now I submit that the precarious situation in the Philippines today is an almost exact duplicate of the situation in China right after the war. Both nations are traditional friends of the United States, and therefore our policy should be the same toward both.

Yet, our refusal or inability to either understand or help with China's problems, led to our repudiation of the only friendly forces we had in that vast area, our most dangerous enemies. As a result—we are now finding it almost hopelessly impossible to stop Communism from taking over the whole of Asia!

What will we do now in the Philippines? Will we follow the same policy which lost us a friendly China? Will we demand stability and economic reforms in a "coalition" government with the Communists? Will we demand pure democracy from people who have had no experience with it, and competent leadership where there is no reservoir of leaders trained in representative government? Will we demand a truce in the war, and a "coalition" government with the Communists? And if this is refused, will we let the Philippines go to our enemies by default?

Or have we learned anything at all from our disastrous China policy, and do we now have something more sensible and practical to offer our friends in the Philippines? If not, then we had better quit promising anything to anybody, and do what we can for ourselves at home.

As a matter of fact, do we have any consistent foreign-policy at all? If so, it is certainly a secret to the G. I.'s fighting in Korea, and to the American people as a whole. Even staunch Administration Democrats are now joining with Republicans in Congress to demand that we be given a clear-cut statement of what our long-term objectives are, and how we plan to achieve them. No doubt the Congressmen are hearing in no uncertain terms from the homefolks that there is no sense in demanding "unity" and "more sacrifices" until our leaders can at least furnish us with the "what," "why" and "wherefore"!

It is even more senseless for the Administration to tell the American people they have no right to criticize! When have they had a better right? In the same of "security," our present Administration has spent more money than all the administrations from George Washington to Franklin Roosevelt combined—only to present us with the most appalling "insecurity" in our entire history! Fellow Travelers

WASHINGTON — An average of almost 15,000 loaded freight cars have been standing at inland terminals and Gulf ports for the last few weeks because of a shortage of railroad rolling stock.

The cars held up at the ports are delayed because of upsets in schedules of vessels supposed to haul their commodities overseas. Factors such as working capacity and recent reductions in the work-week contribute to the tie-up, which may become one of the worst in railroading history.

SCARCITIES — The situation grew critical with the Korean outbreak in June, combined with the feverish rush of wholesale and retail buyers to make advance purchases before prices skyrocketed. But it will become downright dangerous if the nation should be plunged suddenly into another world conflict.

The roads might be able to handle weapons and war supplies without too great difficulty, and in some respects they would be in better shape if operated under strict crisis schedules. Extension of the present five-day week to six, for instance, would be equal to adding 175,000 more freight cars.

But civilians would suffer from scarcities, even though there was a peak supply of goods pouring from factories and piled up on farms and in warehouses.

Like the grain, fruit, vegetables, coal and other products now embargoed at scattered points for want of facilities, peacetime articles would be "all dressed up with no place to go."

SPOILING — Fruit and vegetable growers on the Pacific Coast and in the Southwest as well as farmers in the grain and corn belts, are complaining bitterly that they cannot obtain sufficient and proper shipping space at a time when harvests are coming in.

Due to the shortage and the Korean demands, thousands of cars carrying supplies and weapons for rush shipment to the Orient are returned East empty again and again.

With their goods spoiling at a time of increasing prices in the distant markets, the spectacle of empty box cars, refrigerated freights and other types rattling past their place is not pleasant to the producers in these areas.

PROTESTS — Senator Ed Johnson of Colorado, chairman of the Senate Interstate Committee, has been a principal target of protests from the mountain empire. He has held several conferences with the other Johnson, the ICC chairman, in an attempt to find a quick answer.

One way would be for the government to build cars and lease them to the railroads. But the lines prefer not to get in hock to Uncle Sam unless it becomes absolutely necessary.

Moreover, even if priorities on steel and other materials were forthcoming, as they would have to be, expansion of production facilities has a limit. It would be difficult to build more than the monthly 10,000.

CEILING — There is also an economic ceiling. Until June of this year, for instance, the roads had a surplus of rolling stock for normal business conditions. It would be too expensive to keep their total of shipping space at a figure that is reached only in war or near-war crises.

They have built 630,000 freight cars since 1941 at a cost of about \$3,000,000,000 (\$5,000 a unit), but the net increase was only 50,000 because of junking of old and worn-out types. They have constructed 1,500,000,000 worth since V-J Day, with \$500,000,000 worth now on order.

Incidentally, besides producing another commodity likely to suf-

Thoughts

But the woman fearing a d trembling, knowing what was done in her, came and fell down before him, and told him all the truth. —Mark 5:33.

And they will deceive every one his neighbor, and will not speak the truth; they have taught their tongue to speak lies, and swear themselves to commit iniquity. —Jeremiah 9:5.

All-deception in the course of life is, indeed, nothing else but a lie reduced to practice and the falsehood passing for words in things. —South.

Bid For A Smile

A Boy Scout found an envelope containing tickets. The envelope bore a name and address, and the boy, accompanied by his younger brother, went there at once. On accepting the tickets, the rightful owner thanked the boy and offered him a dollar. "Boy—Sorry, I'm a scout. This is my good deed for the day. The man was on the point of returning the bill to his wallet when the scout went. —Boy—But my little brother here isn't."

When patients ask for treatment of conditions outside the medical scope of what is a doctor to do? Such an inquiry came to Dr. G.K.L. in New York. "Doctor, what will stop my husband's snoring?"

AFL Launches Pre-Convention Talks in Houston

HOUSTON — (AP) — National and local-level leaders of the American Federation of Labor began three weeks of business sessions here today.

Some of the meetings will be held in conjunction with the organization's 69th national convention Sept. 18-25. The AFL's metal trades department started the sessions today.

fer from the shortage is November's harvest of Democratic votes. When the farmers need hoxcars, they need 'em badly and if the shortage costs them money, they'll remember it at the polls.

REPAIR — Railroad experts figure that current industrial activity requires at least 1,850,000 freight cars. But the available total is only 1,750,000 and 120,000 are now laid up for repairs.

The lines have expanded their repair shops and personnel, reopening many closed facilities. They have installed faster unloading and more expeditious routing schedules. Money has a 100,000 on order, but only 10,000 a month can be turned out under favorable conditions.

CONSOLING — There is, ironically, one consoling thought from this picture. It figures in all the planning and calculations of the military strategists at Washington.

If a rich and resourceful country like the United States can suffer from a freight car shortage, how much worse off must Russia be! Her trackage and rolling stock, besides being extremely limited, are understood to be in fearful condition. Her gauge differs from that of the tracks of many satellite nations, and of the countries in Western Europe.

Despite her vast manpower, her sacrifice of butter for guns and her postwar conquests, Moscow's most vulnerable spot is her hopelessly inadequate transportation system. Ours is the world's finest, despite the present difficulty.

Family Reunion Held in Honor of Mrs. Mattie Clark

ALANHEED—(Special)—Mrs. Mattie Clark was honored on her 84th birthday with a family reunion, held in the home of her sister, Mrs. J. T. Blakney, of Alanreed. Mrs. Clark, a semi-invalid, lives with her sister. Mrs. Leon Clark presented the honoree with a birthday cake, which she had baked and decorated. Mr. Clark showed films for entertainment of the guests, and also took moving pictures of the activities during the two-day reunion.

Those attending were: Mr. and Mrs. B. L. Clark of Oklahoma City; Mr. and Mrs. Alfred Clark and daughters, Billie and Cynthia Jo, and Mrs. Fred Clark of Floydada; Roscoe Clark, Mr. and Mrs. Leon Clark and children,

Mrs. Joe Harris Is Hostess to Lazy Daisy

KELLERVILLE—(Special)—Mrs. Joe Harris was hostess to the Lazy Daisy Club of Kellerville. She served cake and iced tea.

Present were Meses. E. H. Kephard, Raymond Reynolds, Edwin Owen, John Gregory, Bud Holmes, Jack Harris, Brent Chapman, Newt Barker, Clarence Drum, Elmer Immel, Ernest C. West, O. L. Thompson and D. Brock.

Guy, Pam, and Jan, of Monahans; Mr. and Mrs. Curtis Bradley and son, Curtis Jr., of Pineville, Mo.

Mr. and Mrs. Buddie Hill and sons, Murrell E. and Tommie Des; Mrs. W. H. Blakney, Mrs. J. T. Blakney and the honoree, known as Aunt Mattie Clark, all of Alanreed. Among the number were three grandchildren and six great-grandchildren.

Mrs. Rife President of Merten Club; Installation to Be in December

A Perfect Pair

By MRS. ANNE CABOT. You'll have no trouble with hot pots with this fancy pair around! "Hers" are beruffled in gay red and white cotton, and "His" are striped in masculine blue. They are fun to crochet and easy too.

Send 20c in COINS, your name, address and the PATTERN NUMBER to ANNE CABOT (Pampa Daily News), 1150 Ave. American, New York 19, N.Y.

NEEDLEWORK FANS—Anne Cabot's BIG new ALBUM is here. Dozens of fascinating new designs, gifts, decorations and special features. PLUS 4 gift patterns and directions. 25 cents.

Frost a plain cake with orange coconut frostings. To make it, cream about three tablespoons of butter or margarine. Add about two cups of confectioners' sugar gradually, working it in well, and thinning it with about a quarter cup of strained orange juice. When the frosting is smooth mix in a half cup or so of grated coconut.

Mrs. David Rife was elected president of the Merten Home Demonstration Club at a meeting held in the home of Mrs. Vardeman Smith on Tuesday.

Other newly elected officers are Mrs. Smith, vice president; Mrs. T. G. Groves, Council representative; Mrs. H. H. Threatt, secretary and treasurer.

All officers were elected by acclamation and will be installed at the annual Christmas party. At that time, also, the president will appoint demonstrators and chairmen.

Members briefly discussed "my vacation" in answer to roll call. Mrs. A. M. Nash gave the Council report. A report stated that a fair will not be held this year, and that second meetings will be held to fill the vacancy.

Mrs. T. G. Groves presented a 30 minute demonstration of "New Types of Refrigerator Dishes."

Mrs. Groves also gave a report on her trip to the state THDA meeting held recently in Big Spring.

Mrs. Mary Anne Duke, county home demonstration agent, gave a program on "Good Use of the Refrigerator and Freezing Unit."

Plans were made for a Mexican dinner, to be Tuesday, Sept. 19, at 8:30 p.m. in the home of Mrs. T. G. Groves. Husbands will be guests.

Present at the meeting were Mrs. Duke and daughter, Martha; Mrs. C. A. Jones, Mrs. A. M. Nash, Mrs. A. Swafford, Mrs. D. A. Rife, Mrs. John Brandon, Mrs. H. H. Threatt and one guest, Mrs. Gene McCracken. Refreshments were served.

WRAP COOKIES WELL. Cookies that are being sent to boys and girls at school should be wrapped separately in waxed paper or aluminum foil.

★ WE, THE WOMEN

By RUTH MILLETT
NEA Staff Writer

HUSBAND HAS TO 'BATCH' Should a wife leave her husband alone for a month or two every summer to "batch it" while she takes the children to visit her parents or goes off to some resort?

Writes a fed-up husband: "Every summer it's the same old story. My wife announces that she is going back to visit her parents and she always stays at least a month. She's away right now, and I'm getting mighty tired of coming home night after night to an empty house, eating all my meals at restaurants, trying to fill up lonesome evenings by going to movies alone, etc.

"Am I being selfish in thinking that if I have to stay in the city and work, my wife ought to stay, too?"

No, you're not being selfish. You're just being human. If the tables were turned and you went off for a month every summer, leaving your wife behind, don't you think you wouldn't have an indignant woman on your hands.

WAY TO GET HER HOME So why don't you ask your wife to limit her summer visits to a week or ten days? That will give her a chance to see her parents, and yet not leave you alone long enough so that you get to feeling the whole set-up isn't fair to you.

If you have trouble making her see your point, then next year use strategy. Instead of writing her how lonesome you are and how much you miss her, let your letters give the impression that you are having a fine time and getting along very well, indeed.

If I know women, and I think I do, that will fetch her home quicker than a daily letter saying how much you miss her. Women enjoy being "missed," but they don't relish the idea of their husbands enjoying a temporary bachelor existence.

Does anybody really care if we leave their hats on during the picture of a movie double feature?

The first grasshoppers were the kids who wrecked new lawns. The Pampa News Want Ads Bring Results. Maybe wisdom isn't so common because it's common sense.

FULL WHITENING POWER! YET PUREX IS GENTLE TO COTTONS AND LINENS—DEFINITELY Milder

Purex is safe—yet no other bleach does a better whitening job!

Purex whitens your wash with gentle Controlled Action. Scientists say it has a lower oxidation potential. That simply means: Purex is milder—milder and safer for your cotton and linen fabrics.

Avoid harsh bleaching! No other bleach makes whites whiter or fast colors brighter than Purex. Yet Purex is gentle.

Used as directed it protects your cotton and linen fabrics so they last as long as if no bleach were used.

Remember! Play safe! Use only Purex, the gentle bleach.

PUREX—THE GENTLE BLEACH

WITH Controlled Action

GUARANTEE: We guarantee that Purex, used as directed, will let your cotton and linen fabrics last fully as long as if no bleach were used. © 1950, Purex Corp., Ltd.

HADACOL—One of the Greatest Blessings of the Times!

Just a Few of Thousands Upon Thousands of Interesting Records of Folks With Such Deficiencies Who Have Been Helped

Mrs. C. C. Keller, 1629 1/2 Frederick Avenue, St. Joseph, Missouri: "I had such a wretched stomach... when your stomach is in bad shape as mine, couldn't eat, gas pains, stomach bloating and nervousness, then your body doesn't get the proper foods... I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat anything I want to. Best of all I haven't got those terrific gas pains and stomach bloating."

Link Robinson (a steel worker for over 20 years), 519 Lindsay, Newport, Kentucky: "When your stomach is in bad shape as mine, couldn't eat, gas pains, stomach bloating and nervousness, then your body doesn't get the proper foods... I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat anything I want to. Best of all I haven't got those terrific gas pains and stomach bloating."

Mrs. L. Grifant, 327 N. 14th Street, Springfield, Illinois: "I am plagued with the worst results obtained by taking HADACOL. I had emotional indigestion, which is stomach distress and makes a person feel down and out. HADACOL seemed to be prepared for my ailment, for it made a new woman of me."

W. E. Hawthorth, a skilled maintenance man in Waco, Texas: "I almost had to give up my job because of suffering from stomach distress. I couldn't hold my food, as no food agreed with me. After hearing about HADACOL and completing a second bottle, I began to feel better and regain the weight I lost, and suffered no more indigestion. I now take HADACOL regularly to help stay well. (Why don't you try HADACOL?)"

Mrs. J. Sciosinski, 514 Kruger, Ottumwa, Iowa: "My daughter, Marilyn Sue, is five years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results. She has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take her HADACOL, too! (Kids sure do like HADACOL.)"

Floyd Mabe, 14014 South 7th Street, St. Louis, Missouri: "For some time after a wartime injury I had been troubled with neuritis pains in my legs and could not work. Nothing seemed to help me until I tried HADACOL. After taking a half bottle, I seemed to feel better. My wife told me it was only my imagination, but I continued to take HADACOL and up to the present have taken 13 bottles. Now I feel fine with no more pains in my legs. (HADACOL is so effective because it relieves the real cause of neuritis aches when due to such deficiencies. Why don't you give HADACOL a chance to help you?)"

Mrs. John Geary, 840 Ursuline Street, New Orleans, Louisiana: "I had such a wretched stomach... when your stomach is in bad shape as mine, couldn't eat, gas pains, stomach bloating and nervousness, then your body doesn't get the proper foods... I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat anything I want to. Best of all I haven't got those terrific gas pains and stomach bloating."

Senator Dudley J. LeBlanc has just completed a modern \$250,000 manufacturing plant and a similar one is well under way so that this wonderful HADACOL will always be available to the public.

What the Great HADACOL Does... No longer do you have to be satisfied with symptomatic relief—you can start this very day, and relieve the REAL CAUSE of such ailments with HADACOL. Get that wonderful HADACOL feeling everyone is talking about! A big improvement in the way you feel is often noticed in a few days.

Senator Dudley J. LeBlanc is very inexpensive—costs only a small amount daily. And HADACOL must help you, or your money will be returned. Trial size, only \$1.25 a bottle. Large family or hospital size, \$3.50. Refuse any substitute. There's only one true and genuine HADACOL.

Now! Thanks to the tireless efforts in scientific research of Senator Dudley J. LeBlanc—eminent statesman of Louisiana and creator of this great new HADACOL nutritional formula—it's at last possible to relieve the REAL CAUSE of such ailments as neuritis pains, stomach distress, gas pains, heartburn, indigestion, insomnia, certain nervous disorders and a general run-down condition due to lack of Vitamins B₁, B₂, Iron and Niacin.

Senator LeBlanc has just completed a modern \$250,000 manufacturing plant and a similar one is well under way so that this wonderful HADACOL will always be available to the public.

What the Great HADACOL Does... No longer do you have to be satisfied with symptomatic relief—you can start this very day, and relieve the REAL CAUSE of such ailments with HADACOL. Get that wonderful HADACOL feeling everyone is talking about! A big improvement in the way you feel is often noticed in a few days.

And continued use of HADACOL helps prevent such ailments from coming back. Naturally, there's an explanation for this. You see, HADACOL not only feeds deficient run-down systems with extra quantities of Vitamins B₁, B₂, Iron and Niacin but also helps maintain good health and guard against such deficiency ailments.

Sold on Strict Money-Back Guarantee Don't continue to suffer! Be fair to yourself—start taking HADACOL today. HADACOL

Convicted Traitor On Critical List

BOSTON — (AP) — Robert H. Best, 34-year-old former newsmen convicted as a traitor for broadcasting German propaganda during World War II, was reported in fair condition at City Hospital today following a cerebral hemorrhage.
His name has been on the danger list since he was stricken in his Charles Street jail cell Saturday. Best, a South Carolina native, has appealed a life imprisonment sentence imposed April 16, 1948.

Drowsy Alderman Rudely Awakened

WINNIPEG — (AP) — A drowsy air enveloped the committee room at the city hall. The public work's committee still had a long way to go on its 80-item agenda. A gentle snore rose from the end of the table followed by a loud crash. Rising with dignity, the alderman picked up his chair and remarked: "Well, that's one way to wake up."

Tokyo Is Reported Safe From Typhoon

TOKYO — (AP) — Tokyo will not be affected by a typhoon which will cross western Honshu Island Wednesday. U. S. weather observers said today.
The forecast indicated the typhoon will skirt the eastern coast of Kyushu Island, cross western Honshu and dissipate into the Sea of Japan on Thursday.

Rubber Supply Outlook Better

AKRON, Ohio — (AP) — The nation's present rubber surplus position is much better than it was in 1940, according to figures compiled by the B.F. Goodrich Co.
In 1940 the United States consumed 650,000 tons of rubber, 97 percent of which was imported from the Far East. At that time this country had the capacity to produce only 4,500 tons of man-made rubber of all types.
Today the nation is consuming rubber at a rate of more than 1,000,000 tons a year but has facilities for producing 940,000 tons of American rubber. Output of man-made rubber will be at the rate of 740,000 tons early in 1951.

NAILS AND NAILS

During World War II, one company alone manufactured a total of 31,350,000 kegs of nails, enough to fill a freight train 687 miles long.

Dallas Eagles May be Sold

DALLAS — (AP) — R. W. (Dick) Burnett said today he was negotiating for the sale of the Dallas baseball club of the Texas League.

He said he had placed a price tag of \$1,000,000 on the club, and that five parties are interested in the property. They include the New York Giants and the Boston Braves, he said.

The other prospective buyers are a Dallas Syndicate and two individuals, not Dallas residents.

Burnett, a wealthy Texas oilman, purchased the franchise in 1948 from George Schepps and associates for about \$600,000. Since then he has bought the ball park and has made extensive improvements.

The Dallas club, known as the Eagles, finished in fifth place this year. The team was managed by Charlie Grimm, whom Burnett brought to Texas from the Chicago Cubs at \$30,000 a year.

Grimm signed a three-year contract. This agreement has two more years to run.

WEATHERLESS

Parker Gets Nod to Hurl First Game

Lamesa's Lobos and the Pampa Oilers will give it a second try at 8 o'clock tonight at Oiler Park. The game scheduled for Tuesday night was postponed on account of rain.

The diamond was still muddy Wednesday morning after a heavy mist blanketed Pampa all night. Business Manager Jim Arndt said Wednesday morning that all the infield needed was lots of sunshine.

Manager Grover Seitz will throw his number one hurler at the Lobos tonight, Roy Parker. Besides getting the starting assignment, it's also Roy Parker Night for the little southpaw.

The winner of the Pampa-Lamesa series will tangle with the winner of the Lubbock-Albuquerque series. Albuquerque downed the Hubbers last night 19 to 10 to take the opening game of the best of seven series.

Class A Top Teams Scrap This Week

By WILBUR MAITIN

Associated Press Staff

Littlefield and New Braunfels have been tagged the two top teams in Class A high school football, but this week may see some contention for this rating.

This is the third week of play for the hundreds of schools in this division. And of the 135 games on tap, some are really pipes.

The Brady-Cisco game for instance. Folks in this section of West Texas think Brady is going to be the first real test for the powerful New Braunfels Unicorns. Down in South Texas they hope Hondo this week will answer just how strong is Weldon Bynum's crew.

New Braunfels lived up to its pre-season reputation last week with a 51-7 victory over Peacock Military Academy of San Antonio.

Littlefield, which licked Mexia for the state championship last year is idle. Mexia opens its season against Levada.

Mt. Vernon, being talked as an East Texas power, Friday tackles New Boston, no easy pickings.

Wink, shooting for victory number three, will meet a number two in the district five race, should easily make both goals against Denver City.

Newcastle, another strong West Texas team, should boost its scoring average against Throckmorton. Last week New was a 7-1 knacker off Iowa Park, 28-0.

Throckmorton took it on the chin from Olney, 38-0.

In inter-sectional games this week, Muleshoe meets Portales, N.M., and Burkburnett takes on Marlow, Okla.

Two Class A teams which came out on top against Class AA opponents last week, Weslaco and Mercedes, leave the bigger schools alone. Weslaco plays San Benito and Mercedes takes on Edcouch-Elba.

Texas'ana Waits

(By The Associated Press)

Texas'ana's Bears are in the finals of the Big State League playoff waiting for their opponents to be determined.

Gainesville and Wichita Falls are in a playoff series that has gone five games. They meet tonight at Wichita Falls with Gainesville leading three games to two.

Impatient Ball Team

(By The Associated Press)

Corpus Christi waited impatiently today while Harlingen and Brownville wound up their Rio Grande Valley League play-off.

Corpus Christi got into the finals Sunday night by eliminating Laredo but Brownville last night beat Harlingen 4-2 to remain in the running in their series.

Good Bait For Pleasure

Line up a day of leisure with a pocketful of Y-B Cigs. Skillfully blended from choice, imported Cuban and Puerto Rican filler tobaccos, Y-B's are the big value smoke of the year.

Y-B Equine, shown actual size, gives you 10 minutes of smoking pleasure for 10 cents. Other Y-B sizes and charges: King 10c, 2 for 25c, 5 for 50c, 10 for 95c.

GET THIS KNIFE - 5c engraved with your name or signature. \$1.50 value! Send 10 Y-B packs and 5c to Y-B Co., Reading, Pa.

YOU'D SMILE, too. The fellow with the big grin on his face is Ed Foss. He landed the largest fish at Gettings' lake this year. Using a red and white popper, the Pampa fisherman caught the 6 1/2 pound large mouth bass Saturday night. The fish is 22 inches long and is 17 1/2 inches in girth. A nine-inch catfish was inside the bass' stomach. Foss said he lost the fish once before, but it was a different story this time. (News Photo and Engraving)

Indians Scalp Yankees in Ninth Inning, Win 8 to 7

By RALPH RODEN

Associated Press Sportswriter

With Big Luke Easter as the ringleader, the smarting Cleveland Indians are moving back into the American League pennant race in the role of "spoilers."

They began to reap revenge last night by defeating the New York Yankees, 8-7, on a three-run homer by Easter in the ninth inning.

The defeat sent the Yankees into second place, a half game back of the Detroit Tigers who scored a 7-2 afternoon triumph over the Washington Senators.

Cleveland has one more game with the Yanks, six with the Tigers and two with the third place Boston Red Sox. The Red Sox, still moving relentlessly forward, climbed with a game of the lead by edging the Chicago White Sox, 2-1.

Home runs in the first two innings by Joe DiMaggio, Phil Rizzuto and Yogi Berra shot the Yanks off to 6-0 lead in a rain-soaked game.

Early Wynn was the victim of the Yankee bombardment but after that the World Champions were effectively checked by Dick Work, Sid Sam Zisdak and Steve Gronski.

Homers by Larry Doby and Easter shaved the deficit to 6-4 by the fifth.

Allie Reynolds, who had allowed only four hits, blew up in the ninth and walked two batters. He was hurriedly lifted for Tom Ferrick. Bob Kennedy greeted Ferrick with a run scoring double. Doby struck out but Easter then slammed Ferrick's first pitch over the rightfield fence to break up the game.

The Tigers had rough sledding before squashing the Senators. Old Diz Trout went all the way for the Bengals and permitted eight hits while his mates collected only five off Gene Bearden and Mickey Harris.

Ledy Mel Parnell turned in a neat five hitter in recording his 16th victory and eighth straight for the Red Sox under the lights.

Injury Bug Bites Pampa Grid Team

The Harvesters are taking their lumps this week. First it was Elmer Wilson, coming up with a crack rib. Then Bill McPherson pulled a ligament in his left arm. Now Halfback Jimmy Hayes has eye trouble.

Coach Tom Tipps changed practice fields Tuesday because of mud. The Harvesters drilled on the field just north of the school, and it didn't agree with Hayes.

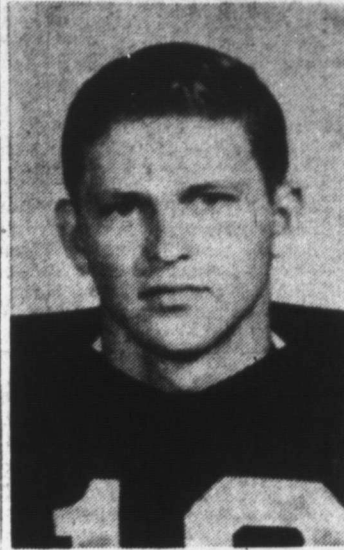

It must of been some type of weed that did the dirty work, because it wasn't long after practice started that Hayes' eyes started puffing up like a foal. Hayes had his eyes treated Tuesday evening.

McPherson and Wilson donned shoulder pads Tuesday, but they are still a question mark for Friday night's game.

Coaches Tipps and A. R. Nooncaster had one team on offense running off Hobbs' plays, and one eleven working on defense.

Series Scheduled

HARLINGEN — (AP) — Harlingen and Corpus Christi open a seven-game series here tonight to determine the championship of the Rio Grande Valley League.

JIMMY HAYES will be starting his third year with the Harvesters when they meet the Hobbs, N. M., eleven Friday night. Halfback Hayes is co-captain of the Pampa gridsters this season and tips the scales at 170 pounds. (News Engraving)

Longview vs Marshall

(By The Associated Press)

It's Longview vs Marshall for the East Texas League championship. Longview climbed into the final playoff last night by beating Gladewater 9-3 to take the series four games to three from the club that led over the regular season route. Longview finished fourth.

Holland's first dikes, says the largest catch of the American fishing industry is menhaden.

Dukes Tumble Hubs, 19-10

ALBUQUERQUE — (AP) — The Albuquerque Dukes hopped off to a one-game lead over the Lubbock Hubbers in their best-of-seven playoffs Tuesday night by winning one of the wildest scoring games ever played here 19-10.

Seven pitchers saw action in the battle which took two hours and 54 minutes to wind up. Ray Faust, second Lubbock hurler, was the ultimate loser. Jordan Pitta, second Duke pitcher, took credit for the win although he yielded to Steve Lagomarsino in the fourth.

A crowd of 2,412 fans saw the marathon.

The four Lubbock moundmen gave up 21 hits to the heavy-hitting Dukes. There was only one error — for Lubbock.

Missions Nip 'Necks, 5-1; Tulsa Wins

(By The Associated Press)

San Antonio knocked down Beaumont 5-1 at Beaumont last night as southpaw Lou Slesater limited the Roughnecks to six hits. The lone Beaumont run was unearned.

Tulsa licked Fort Worth 5-2 with lanky Jim Blackburn giving up only three hits. One of those was a homer by Fred Storck with a man on in the eighth to account for both cat tallies.

The clubs play second games tonight with Procopio Herrera (12-7) on the mound for San Antonio, opposed by Clarence Beers (7-7) at Beaumont, and Walker Cress (18-11) starting for Tulsa against Fort Worth's Bill McCahan (2-3) at Fort Worth.

Only Two Teams Left

The Big State League championship playoff moves to Texarkana today where the Bears will meet Gainesville in a seven-game series.

Texarkana won its first round playoff Monday night over Temple while Catawilla wound up last night by edging Wichita Falls 5-2.

(none out in 1st), Faust 8 hits 7 runs in 1 1/3 innings; Pitta 6 hits 1 run in 1 2/3 innings; Bessona 4 hits 3 runs in 1 1/2 innings; Lagomarsino 6 hits 4 runs in 4 innings; LaFollette 2 hits 6 runs in 1 2/3 innings; Sullivan 4 hits 2 runs in 3 innings; hit by pitcher: Pitta (Wilcox); wild pitches: Faust, Sullivan 2; passed ball: Bartolomei; winning pitcher: Pitta; losing pitcher: Faust; umpire: Frank Fisher; Roberts and Craig; time: 2:54; paid attendance 212.

Garrison Praises Texas Truckers

HOT SPRINGS, Ark. — (AP) — Homer Garrison, director of the Texas Department of Public Safety, says the Texas trucking industry is cleaning up its own affairs in an effort to help in highway law enforcement.

Garrison spoke yesterday at the southern regional conference of the Council of State Governments. The conference was called to discuss uniform highway regulations.

ACCIDENT FATAL — Miss Tommie Sue Morgan, 23, of Lubbock was killed yesterday when the automobile in which she was riding overturned.

Removal of Bolts Blamed in Wreck

CALCUTTA, India — (AP) — Authorities blame removal of bolts from the tracks for Friday's train wreck in which an estimated 50 persons died 40 miles from Dacca.

The engine and four coaches hurtled off a bridge and into the water. Dacca police said they found the bolts in shallow water near the bridge. The accident occurred near the same spot where five months earlier a similar sabotage attempt was made, authorities said.

Sugar Pine trees are the largest of the pines, occasionally reaching a height of 250 feet and a diameter of 12 feet.

Houston Students Using Civics Books Not Yet Approved

HOUSTON — (AP) — Houston high school students are studying civics textbooks which — so far — haven't been okayed by the school board.

Last October the board banned further use of the old text, Magruder's "American Government," because one member thought certain passages might cause students to think socialism and communism are good.

Since then, two new texts have been bought. They were issued yesterday to students in the city's 10 high schools.

At a board meeting yesterday, a motion to approve the books died for lack of a second. The problem will be taken up again at the next meeting.

The books are "Government of the United States" by Munro and "State and Local Government in Texas" by Patterson and McAlister.

The schools also have bought a pamphlet, "Our Constitution and What It Means," which each student will be required to buy. The board hasn't approved it yet, either.

Needles of Sugar Pine grow in clusters of five and are three to four inches long.

Railroad Protests Red Navigation

DENISON — (AP) — The Texas and Pacific Railroad protested that navigation of the Red River between Denison Dam and Shreveport would seriously affect its parallel freight operations. The railroad's position was presented in a brief at an Army engineer regional hearing yesterday on Red, Arkansas and White River development.

Briefs dealing with channel control, navigation and tributary flood control were presented. They dealt with the area between Gainesville and Deport.

Canada Will Curb Installment Buying

OTTAWA (AP) — Canada's House of Commons passed and sent to the senate last night a bill permitting government revision of wartime controls on installment buying to combat inflation.

Finance Minister Douglas Abbott said the new controls would not be as extensive as those during the war, when down payments were increased and balances were reduced. The bill received general support from house members.

It is estimated that most of the 7,532,000 acres of privately owned range land in Utah is covered with sagebrush.
