

Hoover Urges United Nations Without Reds

WASHINGTON — (AP) — Herbert Hoover's proposal that the United Nations be organized without Communists — struck a popular note today among Democratic and Republican lawmakers.

The former president proposed in a New York speech last night the formation of a united front against communism, with the U. N. revamped to exclude Russia and her satellites.

While Chairman Connally (D-Tex.) of the Senate Foreign Relations Committee declined public comment, Senator George D-Gray appeared to be reflecting widespread Democratic sentiment when he said he regards such a move as "inevitable."

"Ultimately we will have to come to that," George told a reporter. "I have felt such a move is inevitable since Russia demonstrated that she will not keep her agreements."

"If the United Nations isn't reorganized it is difficult to see how it can continue with any strong promise of success."

Senator Hickenlooper (R-Iowa), another member of the foreign relations group, said the present stalemate should cause Congress to give "profound and immediate" consideration to Hoover's suggestion.

"Russia has been approached from every angle in the interests of peace and continues to block every effort to attain it," he said. "While it would be desirable for all of the nations to cooperate in the U. N., Russia's continual obstruction prevents free nations from going ahead."

Senator Taft of Ohio, chairman of the GOP policy committee, said Hoover's suggestion for a united front "organized of those peoples who disavow communism, who stand for morals and religion and who love freedom" might have been accomplished under the Atlantic Pact.

"Instead," he said, "the administration made it a military alliance."

Taft said Hoover's suggestion is interesting, adding that he himself long has been "in favor of a determined effort to revise the U. N. charter."

While Senator Kefauver (D-Tenn.) said he agrees with Hoover's proposal for a united anti-Communist front, he said the U. N. ought to be retained as a vehicle of contact with the Russians.

"I think we could obtain the united front by helping to organize in the free world a limited federation of nations," he said. Hoover's proposal for a change in the present setup might require either withdrawal of the free nations from the U. N. to form another organization or their solid support of a move to change the charter and exclude the Soviets and their followers.

Charter changes require two-thirds approval of the members of the general assembly, plus approval by seven members of the security council.

There was no immediate White House reaction to Hoover's proposal. But a move by the president to strengthen two-party cooperation on foreign policy problems got signs of Republican approval.

Mr. Truman applauded as a good idea yesterday a plan by Connally to divide his committee into subgroups which would (See HOOPER, Page 2)

Senators Turn To Plans for Aid Fund Cuts

WASHINGTON — (AP) — The Senate today rejected an attempt to put Spain in the European Recovery Program, turned today to proposals to cut down foreign aid spending.

"I think we can lick 'em," Senator Connally (D-Tex.) told a reporter shortly after the Senate voted the Spanish turn-down, 42 to 35, yesterday.

As chairman of the foreign relations committee, Connally is plugging for the full \$3,372,450,000 in the aid bill.

He said his main worry now is getting the Senate to settle down and agree on a time for a final vote.

Attempts by Democratic Leader Lucas of Illinois to get a vote Monday, and by Republican Leader Wherry of Nebraska on Thursday of next week, have been blocked.

An opening blast for a cut of \$600,000,000 in the \$3,100,000,000 set aside in the bill for Marshall Plan funds was fired by Senator Taft (Ohio), chairman of the Senate GOP Policy Committee.

Taft argued that the original goals of the Marshall Plan—halting communism and encouraging (See SENATOR, Page 2)

Witness Says He Is Not Soviet Agent

WASHINGTON — (AP) — Frederick Vanderbilt Field swore today he is not a "Soviet espionage agent" but refused to tell Senate investigators whether or not he is a Communist.

Field also told a Senate foreign relations investigating subcommittee he had never attended a Communist meeting with Owen Lattimore and had never said that Lattimore or his wife were Communists.

Field was called as a witness because of testimony the committee got last week from Louis F. Budenz, former Communist editor.

Budenz said Field had told him that Lattimore, a Johns Hopkins University professor, was a Communist. Budenz also said that Field himself was a Soviet agent.

The committee is investigating charges from Senator McCarthy (R-Wis.) that the State Department is infiltrated by Communists. McCarthy has made Lattimore, sometimes a consultant to the department, the central figure of his charges by saying he is willing to stand in for his charges, on the Lattimore case.

Lattimore himself has denied the charges and called the senator an "unmitigated liar."

The second man to dispute Budenz's testimony about Lattimore, yesterday, Earl Browder denied that he had ever told Budenz that Lattimore was a Communist. (See WITNESS, Page 3)

Judge B. S. Via Dies After Long Illness

Judge B. S. Via, 76, resident of Pampa for 27 1/2 years, died last night at St. Luke's Hospital in Los Angeles after an illness of about 18 months.

Benjamin S. Via saw, as a youth, his father travel overland with the family to Honeywell, Okla., to take part in the Cherokee Strip run; and, failing in that, coming to Texas.

He studied law at Willamette University and began practice of law in Oregon. He had been a practicing lawyer in Pampa for a quarter-century. He got the name "Judge" from the fact that on several occasions he served as acting judge of the 31st District.

Last October 23, he and Mrs. Via celebrated their 50th wedding anniversary, having around 600 friends in to visit with them at their home at 903 N. Somerville. The Vias were married in Chicago Oct. 23, 1899, after he had proposed to his wife-to-be by mail.

Of the wedding he related to a reporter for The News 1 a 1/2 October: "I pawned my pistol for fifty cents to buy the license, but I didn't redeem it because I felt I'd got a good trade."

He and Mrs. Via in the early days fished for a living while in Oregon. During his youth he was one of the troupers in Buffalo Bill's Wild West Show, traveling to Europe with the show. He knew Annie Oakley and Johnny Baker, famous marksmen. He served in the Spanish American War in the Philippines, and then (See JUDGE, Page 2)

Rites Set Saturday For Thompson Baby

Funeral services will be held at 10 o'clock Saturday in the First Methodist Church for Redney Wiley Thompson, one-year-old son of Mr. and Mrs. John A. Thompson, Houston, formerly of Pampa. The child died in Worley Hospital last night after a week's illness.

Besides his parents, he is survived by a brother, Perry Thompson; grandparents, Mr. and Mrs. J. W. Thompson, Pampa, and Mr. P. Haney, Grove City, Calif.

Dr. O. W. Carter, pastor, will officiate at the services and interment will be in Fairview Cemetery under the direction of Du-nkel-Carmichael Funeral Home.

Officers Arrest Youth in Theft

Pampa police are holding a 17-year-old Pampa boy in connection with the theft of a tire, tube, and wheel from a parked car.

The boy was picked up by H. A. Doggett, juvenile officer, and police officers Shirley Nickols and Joe Brewer, about 5 p.m. yesterday.

Doggett reported the boy was accompanied by two minors, who were released.

The youth being held is also wanted for reckless driving in front of a school bus.

Youths Swarm Gotham Area

NEW YORK — (AP) — A swarm of students, bolting classes for the fourth day, marched into the City Hall area today in a continuing protest over teachers' wages and curtailed extra-curricular activities.

As the hour for mourning classes arrived, some 250 students trooped into Foley Square in downtown Manhattan.

This is the area where most of the municipal and state and federal buildings are located and the scene of mass tumult for the last four days.

Mounted police, reinforced by extra details of foot patrolmen, pursued the marching students, who ran shouting and screaming across lawns of the state and federal court buildings.

The charging police split the throng, which apparently was attempting to form a line to march several blocks toward City Hall, objective of yesterday's disorders.

Half of the group was chased eastward, while most of the remainder ran toward the north, and then turned west on Broadway.

The student rebellions broke out four days ago in a protest against curtailment of extra-curricular activities, which resulted when teachers declined to work after school hours because their wage demands had not been met.

The demonstrating students today held at police, and waved denigrating fists. They shouted "Ho, Silver" at the mounted officers, and made flying leaps in attempts to frighten the horses.

One hundred patrolmen and 15 mounted men were on duty in the City Hall area. Besides the benches and other obstacles were set up to block off the student marchers.

Twenty patrolmen and two police officers were posted at Gracie mansion to guard Mayor William O'Dwyer's official residence.

Police throughout the city were put on a special alert to watch schools.

Two American Men Slain in Indonesia

JAKARTA, U. S. I. — (AP) — Time and Life correspondent Robert Doyle and Yale university professor Raymond Kennedy were found murdered today on the road between Bandung and Cheribon in West Java, an American military observer reported.

The observer, Col. Karl Higen, said they apparently were killed by an unidentified gang.

The two left Jakarta Wednesday for Jogakarta, capital of the Republic of Indonesia, and spent the night in Bandung. They had expected to make Jogakarta in one day's travel from Bandung.

Radio Jakarta, quoting its Bandung correspondent, broadcast this version of the killing:

Kennedy and Doyle were stopped in their jeep Thursday noon by a gang of four or five men in uniform. They were taken to a clearing in the forest and were shot. Villagers were forced to bury them. Then the gang made their getaway toward Cheribon in a sedan they stopped on the road at about the same time.

The villagers reported the shooting to Indonesian army units in the area and the bodies were exhumed.

The report did not say what had happened to the occupants of the sedan in which the gang escaped.

Official Indonesian government sources, however, said they had no details of the killing.

Higen said his report came by telephone from the British United Nations military observer stationed at Bandung, Lieut. Col. F. Day.

He said the Indonesian army command had identified positively the body of Doyle but, according to a first report, had difficulty in identifying Kennedy. This appeared to indicate that the bodies had been mutilated.

They were found near the town of Tomo, in a mountainous area, in by mail most of the postmarked any later than mid-night May 2. (See TWO, Page 2)

France to Fire Atomic Chief

PARIS — (AP) — The French government decided today to fire Frederic Joliot-Curie, Communist scientist, as chief of France's Atomic Energy Commission.

Center and right wing leaders and newspapers have been demanding such action ever since Joliot-Curie told the 12th National Congress of the French Communist party early this month that "Communist scientists will never contribute a particle of their science to a war against the Soviet Union."

This was assailed by the non-leftist press as a sentiment which should disqualify Joliot-Curie from holding such a vital position. Socialist newspapers also attacked the scientist's statements at the time, although they did not specifically demand his ouster.

The cabinet of Premier Georges Bidault reached the decision in a session this morning.

Tito Expects World Peace To Continue

BELGRADE, Yugoslavia — (AP) — Premier Marshal Tito said flatly today that he sees no immediate danger of war with the Soviet Union.

"I do not see any immediate danger of war," Tito declared at a press conference for foreign correspondents, the first he has held in recent years.

"In no case," he declared, "do I think the Soviet Union would risk becoming the aggressor."

Tito's declaration came after he was asked if he would welcome arms aid from the United States.

The marshal replied that he did not consider America would offer him arms, and added that his country had the means of making its own arms.

"I see no intense need for preparations for war," he then declared. "I do not see any immediate danger of war."

He cautioned, however, against the danger of creating blocs or spheres of influence, saying they always "carry the danger of war."

He contended that the best way to settle international disputes is through the United Nations.

West Texas Water Development Retarded

By Chamber of Commerce, Engineer Charges

COLEMAN — (AP) — Marvin C. Nichols, Fort Worth consulting engineer, charged today that West Texas water development "has been retarded in the last year by activities of the West Texas Chamber of Commerce and the Bureau of Reclamation."

Keynoting the opening session of a two-day conference on West Texas water problems, Nichols asserted that "much damage has been done by adverse publicity of water conditions, most of which is not justified by the facts."

"The issues have been confused by misstatements and by the omission of pertinent facts and data," he continued.

For instance, he said, D. A. Bandeen, West Texas Chamber manager, told the Fort Worth Rotary Club last Oct. 28 that the \$85,000,000 proposed Canadian River reservoir project would sell water "at the gates of the cities at 7 1/2 cents per 1,000 gallons."

Nichols said this was estimated by the Reclamation Bureau without interest on the investment, and that Assistant Secretary of Interior W. E. Warne told the annual West Texas Chamber meeting in Fort Worth last Nov. 22 that the interest would be 2 to 2 1/2 percent.

Nichols added the water rate would be about 11 1/2 cents.

Continuing, Nichols quoted from the West Texas Today, official magazine of the chamber, as saying of the proposed Bob Baskin Dam on the Upper Brazos that "the bureau says it will be good water." He said Harry P. Burleigh, Reclamation Bureau state planning engineer, was quoted later in newspapers as saying, "The Baskin Dam definitely is out of the picture as a municipal water source. Tests show water unfit for human use."

Nichols further quoted Bandeen in an Abilene Reporter - News account as saying of the Canadian River project that "the cities will pay out the project and then will own it themselves in 40 to 50 years."

Nichols cited a provision of the Reclamation Act as providing that title to and management and operations of reservoirs and works of such projects "shall remain in the government until otherwise provided by Congress."

He also cited a West Texas Chamber report on West Texas water storage damages prepared in June, 1949, quoting it as saying the effort had been made to determine loss to a city of all water used costing more than 20 cents per thousand gallons, and that "the 20-cent figure is greater than the average per thousand gallon receipts of healthy cities with adequate water supplies."

Nichols cited the fact that Houston has a 29-cent rate, but that of Abilene is 25, Austin, 27; Fort Worth, 26; Midland, 27; Corpus Christi, 33; Lubbock, 37; Tyler, 37; and Dallas, 39.

"Cities in West Texas will not be able to have 20-cent water in their faucets," he insisted. "But they can have adequate water, at rates they can afford to pay."

Baird, Jackaborn, Rotan, R. O. by and Stamford all are "proceeding with a solution of their problems at their own expense," he pointed out.

"The Bureau of Reclamation has investigated numerous irrigation projects in Texas. By their own findings they are infeasible. The irrigators cannot afford to pay for what they would receive in possible benefits. But the bureau refuses to let them die a logical and natural death. A constant search is continued to find a socialistic way in which they may be built."

As a case in point, he said, "the Robert Lee project on the (See WEST TEXAS, Page 2)

A Farmer Comes to the City

By WILLIAM E. GILROY, D. D.
If we could imagine some healthy, clear-eyed, intelligent farmer coming into a modern Gotham, we should have a fairly accurate picture of the prophet Amos, the herdsman, farmer, going into the big city, in the long long ago.

This modern farmer might have to be one of the last generation, before farming itself became something of big business, and the farmer himself became involved in the problems and conditions that affect the country as a whole.

That farmer, coming from his simple life and tasks, might not be fair in all his judgments. He might know from experience how true it is that all wealth comes from work and the soil, but he might not realize how much that is fine and worthy in the complex life and culture of modern society is based upon the accumulation of generations of work and productivity. His vision, if clear and uncorrupted, might also be somewhat narrow.

But with great clarity of vision, and with a keen sense of

life's elemental honesties, he would see many things as Amos saw them in that long ago. He would see on many hands the struggle for wealth and power, with too often a disregard of other honesties, or the rights and welfare of others, in that tense pursuit.

He would see signs of efficiency in the building and management of the city, but he would soon be aware of the corruption and graft that too often went on beneath the surface.

He would observe the widespread craze for gambling, and the passion to get something for nothing, and the less obvious forms of ease, luxury and self-indulgence, in which many lived as actual parasites, giving nothing to society in return for all that they enjoyed.

He would see, also, grosser forms of evil, the dissipation, the licentiousness, the disregard of wholesome relationships between men and women, the breakdown of family life, the poverty in contrast with great wealth, and the neglect of little children in slum areas, with the resulting juvenile delinquency.

All this he would see, and a great deal more that would shock him, even in a society in which there is much that is more occasion for worthiness and pride; for it is to be hoped that the farmer-prophet would not be a complete pessimist.

But he would not be a prophet if he did not see the evil, and deal with it. A prophet is a social physician; and what would one think of a doctor, who ignored a diseased part of the body to dwell upon how well the rest of the body might be?

What did Amos, and his fellow prophet Hosea, have to say about the evils that they saw? My next article will explore their message.

Faithful Workers Meet to Plan New Activities

A meeting to plan the work and social activities for the next six months was held recently by members of the First Baptist Faithful Workers Class in the home of their teacher, Mrs. J. H. Tucker.

Mrs. E. E. Copeland, president, opened the meeting with prayer, which was followed by a business session. Dates for general class visitation were set for the first and third Thursday mornings in each month, from 9:30 until 11 o'clock, with a meeting at the church just before visitation, for assignments. Group captains were given their groups and the social activities for the summer months. A prayer by Mrs. O. B. Schiffman closed the meeting.

Refreshments were served to Mrs. Bob Clements, Mrs. G. H. Anderson, Mrs. E. E. Copeland, Mrs. Louis Tarpley, Mrs. H. W. Kaiser, Mrs. James Hopkins, Mrs. O. B. Schiffman, Mrs. O. W. Hampton, the hostess, Mrs. Tucker, and three children.

Mission Book Is Studied by WMU Circles; Young Matrons Organize

Mrs. C. A. Jones was hostess to the Geneva Wilson Circle when Women's Missionary Union Circles of the First Baptist Church met in separate homes Wednesday.

Mrs. Jones reviewed two chapters of the mission book. Topics were "Everything Not Opposite" and "Philosophies Bowing to Revelations." Mrs. V. Dowell gave the opening prayer and Mrs. T. V. Lane presided in the absence of the chairman. In closing a prayer was offered by Mrs. J. H. Tucker. Cold drinks and cookies were served to eight members and one visitor, Mrs. O. W. Gatlin.

The home of Mrs. W. R. Dunn was meeting place for the Eloise Cauthen Circle. After an opening prayer, Mrs. Owen Johnson reviewed a chapter in the mission book. The meeting was dismissed with a prayer.

Others attending were Mrs. T. L. Byars, Mrs. E. L. Anderson, Mrs. Clayton White, Mrs. J. A. Stevens, Mrs. Herschell Hammond, Mrs. I. E. Byars and Mrs. G. R. Riggs.

Mrs. Bobby McBrayer was hostess to the Dorene Hawkins Circle. Mrs. J. R. Moss gave the opening prayer and a chapter in the mission book was taught by Mrs. L. W. McGlothlin, who also gave the closing prayer.

Refreshments were served. Also present were one visitor, Mrs. I. M. Parker, one new member, Mrs. L. B. Studebaker and Mrs. C. E. Powell, Mrs. C. E. McMinn, Mrs. G. E. Groninger, Mrs. S. O. Dunham and Mrs. Denver Allen.

Mrs. G. L. Wilson hosted the meeting of the Eunice Leach Circle. The meeting was opened with prayer by Mrs. R. W. Tucker, who also gave a devotional. The mission book was reviewed by Mrs. J. B. O'Bannon, and sentence prayers closed the meeting. There were eight members present.

Prayer opened the meeting of the Blanch Groves Circle when the members met in the home of Mrs. Claude Wilson for mission book study, which was presented by Mrs. N. B. Ellis.

Mrs. E. N. Pierce, who was recently appointed as the circle chairman, conducted the business, and each member was asked to take to the next meeting a cup towel to be embroidered. The towels will be used in the church kitchen.

Refreshments were served. Also present were two visitors, one new member, Mrs. Wayne Brown, and Mrs. Floyd Yeager, Mrs. Lela Phelps, Mrs. Lee Moore, Mrs. S. E. Waters, Mrs. D. A. Caldwell, Mrs. A. B. McPherson, and Mrs. Bob Tripplehorn.

The Lena Lair Circle met in the home of Mrs. L. H. Greene, with Mrs. Louise Tarpley opening the meeting with prayer. Mrs. Tarpley also presided over the business session.

Mrs. Charlie Miller reviewed the mission book chapter and the group was dismissed with prayer by Mrs. Greene. Others attending were Mrs. John McCamey, a visitor, and Mmes. A. A. Day, A. B. Beavers, C. L. McKinney, J. W. Graham, Jr., Reuben Hilton and J. H. Richey.

The Lois Glass Circle members held their meeting in the home of Mrs. W. F. Vanderburg, with Mrs. H. S. Huldender presenting the mission study. Group sang a song, and a prayer, led by Mrs. V. L. Glat, was offered for Miss Lois Barrett, who is ill in a hospital in Oklahoma City.

Mrs. Huldender served refreshments to two visitors, Mrs. J. B. Barrett, and Mrs. Joe Ford, and to 17 members. Mrs. Bill Stanley dismissed the meeting with prayer.

A prayer by Mrs. W. R. Bell, and group singing opened the meeting of the Lillie Hundlee Circle. Mrs. P. G. Turner, hostess, reviewed a chapter of the mission book. In closing a prayer was offered by Mrs. D. W. Slaton. Refreshments were served to seven members and one guest, Mrs. Dewey Johnson.

CHRISTIAN SCIENCE

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 30.

The Golden Text is: "Draw nigh to God, and he will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded" (James 4:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "If ye keep my commandments, I shall abide in my love; even as I have kept my Father's commandments, and abide in his love." (John 15:10).

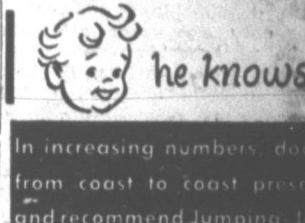

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The substance of all devotion is the reflection and demonstration of divine Love, healing sickness and destroying sin" (page 241).

home of Mrs. Bryan Bucks to organize a Young Matrons WMU Circle. Mrs. E. E. Leech conducted the business, assisted by Mrs. C. L. McKinney.

Refreshments were served. Others present were Mrs. Charles Grissom, Mrs. Kenneth Cook, Mrs. Jay Cantrell, Mrs. Paul Barrett, Mrs. V. Dowell and Mrs. O. S. Largin.

Pampa Can Take A Big Bow

WE ARE PROUD to carry in the columns of today's issue of The News an announcement from Austin that Pampa has won a first place in the recent promotion of industry.

Texas Industrial Week was held under the auspices of the Texas Manufacturers Assn. in cooperation with the state's chambers of commerce.

Promotion "scraps" were prepared by the various towns and submitted in the contest for best promotion. Fort Worth won for cities over 75,000; Tyler, for cities between 25,000 and 50,000; and Pampa won in the bracket of cities under 25,000.

A good deal of work by a lot of groups was necessary to make the observance (April 1-8) a success. A vote of thanks goes to the civic clubs, radio station KPDN and Pampa Chamber of Commerce, as well as to many of its members who worked hard on the project.

Not only are we proud because the newspaper had a part, but also because the city as a whole took part and gets the recognition.

Separation of Sinatra and Wife Official

SANTA MONICA, Calif. (AP)—The separation of Crooner Frank Sinatra and his wife Nancy is now official.

She filed a suit for separate maintenance yesterday, alleging that Sinatra treated her with "extreme cruelty." She also accused the singer of causing her "grievous mental suffering" without provocation on her part.

The Sinatras have broken up and reconciled on several occasions since 1946.

She married Sinatra in Jersey City, N. J., in 1943. They separated last Feb. 1.

She estimated the crooner's 1949 income at \$94,740 and the value of their community property at \$750,000.

Mr. Sinatra also asks custody of the three children, Nancy, 9, Frank, Jr., 6, and Christina, 2.

Since leaving his wife Sinatra has been seen in the company of actress Ava Gardner and was escorted here to New York night spots before her recent departure for Europe.

Film Actors' Guild Requests Election

LOS ANGELES (AP)—The AFL Screen Actors Guild has petitioned for an NLRB representation election by film actors, including those who appear in movies made for television.

The guild, in a statement, said the petition was filed to "repeal" a new AFL jurisdiction raid by a new AFL union known as Television Authority.

Guild President Ronald Reagan said the new union is claiming to "represent the performers in motion pictures used in television."

Washington.....by Peter Edson

WASHINGTON (NEA)—It's a different case now. Wisconsin Republican Sen. Joseph R. McCarthy's charges of communism in government take second place to a number of charges of innocent people, McCarthy has further confused his own issue by talking indiscriminately about cases that were cleared up prior to 1947, when the government employ loyalty program was begun.

With cases supposed to be current, his numbers have varied from 300 to one.

He finally said he would rest his case on just one individual—Owen J. Lattimore, whom he accused of being the top Communist agent in the United States. The senator declined to make his charge against Lattimore in the open, however, where he would be out from under protecting congressional immunity and could be sued for libel. And he changed his general charge of "security risks" to "policy risk." They are two entirely different things.

It is important to note that Budenz did not confirm the McCarthy charge that Lattimore was the top Communist agent in the United States. Budenz backed away from it. "Technically, that is not accurate," said Budenz. This changes the case considerably.

There may be a great temptation to judge the Lattimore case now on the first Budenz charge: that Owen Lattimore was a Communist cell in the American Council of the Institute of Pacific Relations, run by Frederick

Congress Mulls Over Issue Of Selective Service Laws

By JAMES MARLOW

WASHINGTON (AP)—The draft law, always a sore point in peacetime, is worrying Congress again.

The present law, permitting the government to draft men 19 through 26, was passed in June, 1948.

Under this law only 37,000 men were drafted. None has been drafted since January, 1949. But the selective service system is all set up.

And there are 3,704 local draft boards — or selective service boards — around the country manned by 38,000 volunteer civilians.

Even though no one has been drafted, the machinery is there and drafting could begin in a moment in an emergency.

But — this law ends this June unless Congress votes to continue it. The problem Congress faces is this:

1. Since there seems to be no immediate need for drafting anyone, why let the government have the power of drafting a man any time it wishes?

2. Or since no one seems likely to be drafted in the foreseeable future, why not keep the law so the government can act fast if necessary?

President Truman's advisers, when Congress began considering the problem this year, favored keeping the law as it is.

This ran into opposition in Congress and from civilian groups. Then came a proposal from Rep. Vinson, George D. Mocrat.

His chairman of the House Armed Services Committee whose job it is to examine the problem and then recommend how the full House should vote.

That makes Vinson an important man in the argument. Vinson made this proposal:

Keep a kind of draft law — that is, keep intact a selective service system which could swing into action — but take away the government's power to draft anyone.

That means that the draft machinery would be there but no one could be drafted unless Congress passed another law — pay in an emergency — giving the government special power to do so.

That's what Vinson had been mulling over. But Wednesday he changed his mind.

Because of "present world conditions," he said, he thinks now the present law should be continued as is for another two years.

Nevertheless, all this still is only in the talking stage. Neither the full Senate nor House has voted yet. Until both do, we don't know the fate of the draft law. That will be some weeks from now.

Here's some brief background on the present law.

In June, 1948, relations with Russia were not good. The armed forces then had a total of 1,445,000 men.

Mr. Truman's military advisers thought the armed forces ought to be quite a bit bigger.

So Congress passed the draft law.

law to provide men. Under it men 19 through 26 could be drafted. And an 18-year-old, one year too young to be drafted, could enlist.

The draft got started in November, 1948, and was over by January, 1949, with only 37,000 drafted then, and none since.

What happened? For economy reasons, the military people decided not to make the big expansion. Also more than 200,000 between 19 and 26 have enlisted, are now running about 55,000 a month.

And the armed forces — which numbered 1,445,000 men in June, 1948 — are only slightly larger now. They have 1,478,000 men.

No Hopes for Better Government as Long as We Have Tax Supported Schools

The reason I have been obliged to take the unpopular stand against tax supported schools is simply because I do not believe there is any possibility of having a better government and the blessings of liberty so long as people believe in tax supported schools. It seems to me that tax supported schools are the roots, the incubators, the fountainheads, that create beliefs and opinions that are bound to result in a tyrannical form of government — Socialism, Collectivism and Statism.

This is also the opinion of Frank Chodorov, editor of Analysis magazine. He says: "The first objective in any attack upon the State should be the socialized school. Parents should learn to abhor it."

Certainly, it is a most vicious instrument for undermining the concept of liberty, because tax supported schools are based on the theory that the state or the majority can do things that they know would be immoral for an individual to do. In other words, it is based on a double standard of rightness. It is an attempt to serve two masters. And any attempt to serve two masters always gets people in trouble. It is education by compulsion. Education that doesn't teach people the rules of human relations, that is how to get along with each other, without the use of compulsion.

Johnson Announces For Sheriff

The Pampa News today was authorized to publish the announcement of Horace S. Johnson as a candidate for the office of sheriff of Gray County, Texas, subject to the Democratic Primaries on July 22.

In making his announcement Mr. Johnson said: "I take pleasure in making this announcement as a candidate for sheriff of this county."

"I feel that my experience with people in various fields of endeavor has fully acquainted me with human nature, and that my years in the county have qualified me by actual knowledge of county and civic affairs for the office."

"I came to Gray County in 1914—26 years ago—and settled around Laketon with my father, D. R. Johnson. I worked on various ranches for several years and moved to the Grandview Community where I began raising cotton."

"In 1941 I moved to Pampa as assistant manager of the Pampa Garage and Storage and served there three and a half years. I have had six years experience as a law enforcement officer, and am now employed at the Shamrock Service Station at W. Foster and N. Somerville, where I have been employed for several years."

"If elected I promise to extend every courtesy and render fullest cooperation with every peace officer in the county and surrounding country. I will faithfully enforce the laws of the state according to my oath of office. I will also be available to all citizens at all times while in office."

U.S. AIRLINES MAKE BOLD NEW BID TO CAPTURE COACH-STYLE BUSINESS

NEW YORK (NEA)—The airlines are beginning to use their fastest and best equipment in a bold new bid to build up air travel with coach-style service featuring low fares and no frills. American Airlines is leading the trail, hoping to revolutionize the industry and create a great mass market for air transportation. United Air Lines plans to follow suit in May on a more limited scale.

The air coach idea isn't brand new. It's been getting a try-out for about a year and a half and has spread to most major airlines. But up to now such service has been chiefly restricted to overnight trips when travel is normally slack. And the lines have relied on 230-mile-an-hour DC-4's for the most part.

Now American has started flying KPDN

the 300-mile-an-hour DC-6's on a one-stop coast to coast trip that clips nearly four hours off the fastest previous transcontinental coach service.

To fit out DC-6's for this run, American stripped them of luxury features and upped seating capacity from 52 to 70. The bigger load will go far toward offsetting the lower fares charged, American believes. By eliminating a second fuel stop, which an DC-4 must make, the line saves around \$250 a day in costs.

On this flight you take off from LaGuardia Airport in New York at 10:25 in the morning. Three and a half hours later you're in Chicago, with ample time for lunch at the field. No meals are served aloft—they're part of the fancy trimmings that have been eliminated.

At 1:40 p.m. CST you board the plane again, span the coastal mountains and land at Los Angeles airport at 7:10 p.m., that 11 hours and 45 minutes after the take-off at New York.

When United gets going with DC-6's between Los Angeles and San Francisco next month, this total will climb to 40.

To the Civil Aeronautics Board this entire venture still is tentative. The big question, of course, market without seriously impairing the revenues they get from their more expensive service? And most experts will be watching DC-6 flights like American's transcontinental trip for their answer.

Police Grab Stolen Goods

CHICAGO (AP)—More than \$250,000 in what police said was stolen merchandise has been confiscated in a northwest side warehouse.

Deputy Police Commissioner Timothy O'Conner, who estimated the value of the goods, said it was the largest stolen merchandise haul in the police department's history.

Three large vans hauled the merchandise to the Central Police Department garage. It included more than 2,000 men's suits, women's apparel, furniture and a variety of other articles.

Police seized Arthur (Fish) Johnson, 48, an ex-convict and once a contact man for the late gangster John Dillinger. O'Conner said Johnson had been operating for years as a fence (a receiver of stolen goods) on a national scale. He was held without charge.

Police said Johnson told them when he was seized: "you fellows finally hit the jackpot."

Cut in Prices Brings Profit

COPENHAGEN (AP)—A Danish restaurant-keeper lowered prices on meals to the 1925 level. His restaurant was packed with guests raising the turnover by some 200 percent.

His colleagues reacted by denouncing him as a madman. But as time went by without the predicted failure other restaurant-keepers followed suit.

The accountants of the restaurant-owners back the new policy as long as the turnover stays 50 percent above normal.

Petticoat Soldiers Given Floral Boosts

ALBANY, N.Y. — (AP) — For the petticoat soldier — "epaulet corsages."

Women members of the armed forces should be permitted to wear flowers while in uniform, suggests the eastern zone of the Florists Telegraph Delivery Association.

At a convention here, delegates presented the "epaulet corsage." It's fashioned as a halter of carnations fitting over the shoulder. A single cascade of blooms runs down the arm. At the top, a loop permits the military insignia to show.

The corsage, the association says, "is an ideal compromise between rigor and romance."

Typists Move Over 10 Tons, Experts Say

LONDON — (AP) — Move ten tons a day? It's easy, men. A slip of a typist can do it any day with her fingertips.

Statisticians for British typewriter manufacturers worked it out this way:

The average typewriter key requires a pressure of 14 ounces. The length of a line of typing averages six inches. That means sixty impressions for one line or 840 ounces.

If the average letter runs fifteen lines, that's 12,600 ounces. Thirty letters are regarded as a good day's work for a typist. That means 378,000 ounces a day or 23,625 pounds or 10 1/2 long tons.

'Annie Get Your Gun' Called Warmonger

BERLIN — (AP) — German Communists have branded Irving Berlin's musical "Annie Get Your Gun" a "warmongering play."

They called filmdom's Annie, blonde Betty Hutton, a "grinning monster."

Tacking on those labels, Neues Deutschland, organ of the German Socialist Unity (Communist) party, captioned Miss Hutton's picture "warmongering with sex appeal."

SHOES SQUEAK

PRAGUE — (AP) — Westerners are inclined to wonder how Czechoslovakia's red-tailed security police ever catch a suspect — their shoes squeak so. Indeed, this is a city of squeaky shoes.

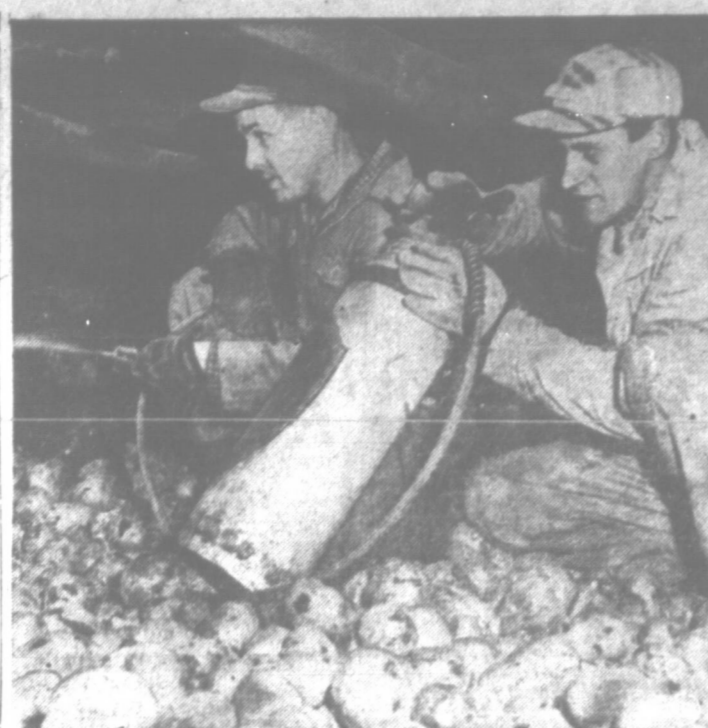

The real leather shoes are exported for hard currency and the ersatz leather shoes are given to the natives.

The Alaska Highway is 1,800 miles long.

SPUDS GET THE BLUES—At Cohocton, N. Y., workmen at a government storage plant spray a freight carload of potatoes with a dye of "taxpayer blue" color. The surplus spuds, bought by the U. S. to keep prices up, are dyed blue to prevent their being used for commercial purposes.

ITALIAN UNREST AIDS SWIFT FASCIST SURGE

By LEON DENNEN
NEA Staff Correspondent

ROME — (NEA) — Democratic forces still hold the upper hand in Italy — for the time being.

But a little more than five years after their defeat, the Fascists are creeping back into power under the impact of Communist sabotage and violence, and it is no longer either a disgrace or a crime in Italy to have been a Fascist.

Holy Year pilgrims and tourists are surprised at the open evidence of new pro-Fascist sentiment and at the lavish display of Mussolini's pictures, diaries and books on the newsstand of Italy's big cities.

There is a story current here of an Italian who recently returned to Rome after many years in self-imposed exile. When he saw all the pro-Mussolini literature being offered out in the open, he asked a friend:

"Isn't the Duce's propaganda ministry overdoing things a bit?"

Twenty years of Blackshirt regime succeeded in linking a vast number of Italians to the Fascist bandwagon on a permanent basis, and today more and more young and old alike grumble that "under fascism it was better."

In Italy, as in the rest of Europe, there is a strange new political phenomenon not yet fully understood in the United States. Both the Communists and the Fascists, although confirmed enemies, are working hand-in-hand to perpetuate economic and political chaos in their countries. Such disorganization is the stock-in-trade of both groups.

Jews Leaving Czech Soil

PRAGUE — (AP) — Between 22,000 and 24,000 Czech Jews have emigrated from this country since May, 1948, Jewish sources here reported recently. A bout

17,000 remain. Only three or four thousand have gone to countries other than Israel.

Most of the emigration has been arranged by the American Joint Distribution Committee, Jewish philanthropic and welfare organization. The "Joint" recently announced it was cutting its staff in Czechoslovakia because its "work has been pretty much done."

"Joint" spokesmen said, however, that Jewish doctors, dentists

and other professional men have not been able to obtain passports in the last five months. "This is understandable because there is a shortage of these men in Czechoslovakia at the present," these spokesmen said. Of the 17,000 Jews left in the country, "many have applied for passports to emigrate to Palestine," Jewish spokesmen said. "But it is getting harder to obtain them."

While in Europe most starch is made from potatoes, over 90 percent of that manufactured in the United States is derived from corn.

Retail Meat Prices Go Up

(By The Associated Press)

Retail beef, pork and lamb prices climbed as much as four cents a pound in many marketing centers this week. And wholesale advances indicated more mark-ups were likely.

Poultry price changes were irregular and small, for the most part. Eggs and dairy products held about steady.

Snap beans, asparagus, beets, new cabbage and new potatoes, carrots, radishes and strawberries were in heavier supply and cheaper in most places. Broccoli, cauliflower, golden heart celery, cucumbers, peppers and spinach edged upward.

Wholesalers attributed the upswing of most meat items to brisk consumer demand rather than to any important change in the supply picture.

18 New Polio Cases Reported in Texas

HESTIN — (AP) — Eleven Texas counties had 18 new cases of polio last week.

The State Health Department reported that eight of the new cases occurred in Hidalgo County during the week ending April 22. Ten other counties during that period had one case each. They were Aransas, Bell, Bexar, Dallas, Menard, Nueces, Shackelford, Tarrant, Taylor and Tom Green.

The new cases raised the state total for the year to 331.

Where Are We Headed?

Some people are bewildered about where we are headed. Some people quote the frightening pronouncements of trouble-makers. Some people point to sensational reports and opinions. Some people are alarmed by scare words.

... Is it any wonder that some people... good people... are bewildered?

Most of us believe that this is the fairest country in the world today... a country where good citizens give their courage and talents to helping others... to working to build a better community... a better America... a better world.

Most of us believe that ours is a nation of families... where every family deserves the right to dream of and work for a home—and, if need be, to defend that home against political abuses.

Most of us believe this is a land where folks have an inherent right to prosper by their skill, their toil, their management.

Most of us believe this is a country of men and women who are capable of standing on their own good judgment in selecting those to represent them in Washington... selecting Representatives who will place right above personal pride... duty before pleasure... the good of the majority ahead of special interests... service against empty political promises.

Most of us believe this is a country where faith will not be denied... where people can continue to depend upon Divine guidance and help!

Altavene Clark FOR CONGRESS

These are the things in which ALTAVENE CLARK believes and for which she stands. ALTAVENE CLARK is a candidate of ALL the people—not the candidate of any special group or interest. When elected she can and will work CALMLY BUT FEARLESSLY for all these things. Now is the time when EXPERIENCE counts!
