

# Jessup Says Solon Endangering Nation

WASHINGTON—(AP)—Ambassador Philip C. Jessup declared today that Senator McCarthy (R-Wis.) by accusing him of "Communist affinity" showed a "shocking disregard for the interests of our country."

SLAYER — Jose Villalobos, 24 (above), admitted slayer of a Texas sheriff, will set out the rest of the week in a Mexican jail as efforts to extradite him to the U. S. continue. Villalobos has admitted slaying Sheriff O. W. Morrow of Presidio County a week ago.

# Wreck Injures Two Pampans

A car-train collision at 12:08 a. m. yesterday in Guymon, Okla., injured Mr. and Mrs. William S. Fannon, 1033 Twiford, Pampa, and Mr. and Mrs. Melvin Detar, Guymon.

The two couples were traveling east on Fourth Street, which is in the middle of town, when Fannon's 1950 Nash and a north-bound freight collided. The car was said to have struck in about the middle section of the diesel engine.

Fannon, who is employed by Gulf Oil Corporation, suffered head cuts but has been released from the Guymon Municipal Hospital. The extent of Mrs. Fannon's injuries were not known at press time.

Mrs. Detar is not considered seriously injured, but remained hospitalized, along with her husband and Mrs. Fannon.

Oklahoma State Patrolman Pat Walsh investigated the accident.

# Poland Demands U.S. Military Staff Be Halved

WARSAW — (AP) — Poland's Communist-led government has told the U. S. embassy here to cut its military attaché's staff in half.

Under the demand, which was forwarded to Washington for approval, 10 officers and men on the staffs of the Army, Navy and Air attaches would be withdrawn. U. S. Ambassador Waldemar D. Gailman declined to comment. The request apparently follows a trend established in other Eastern European countries to curb the diplomatic and military staffs of Western embassies.

# Former Texas Killed in Wreck

TAOS, N. M. — (AP) — A former Texas was among three persons killed yesterday when a truck loaded with tons of cement careened out of control down a hill and crashed over a 40-foot embankment.

The dead are: Ruben Hargraves, 24, of White Rock, near Los Alamos, formerly of Mount Vernon, Texas; Mr. and Mrs. Bill Mitchell, of White Rock.

# Navy Processing Future Aviators

The Navy is now processing future aviators, James C. Washburn, petty officer in charge of the Amarillo Navy Recruiting Substation, said.

Men between the ages of 18 and 27 who have had two years of college may be enlisted as aviation cadets. After an 18-month course in aviation at Pensacola, Fla., the graduates are commissioned as ensigns in the Navy, air arm or second lieutenants in the Marine Corps aviation.

Also, Washburn said the regular Navy's enlistment quota for March is unlimited. Applicants are no longer required to have a high school education.

# Two Persons Slain, One Hurt in Snyder

SNYDER — (AP) — No charges have been filed in the Saturday night shooting here which left two persons dead and one critically wounded.

Justice of the Peace W. C. Davidson ruled that Hiram Tom Vance, 38, attempted suicide after his wife, Betty, 25, and Jack Sandford, 21, were shot and killed. Sheriff Lloyd Merritt found the bodies of the three persons in a Snyder hotel.

## Price Support Battle Looms

WASHINGTON — (AP) — A farm price support bill that would loosen control on peanuts and cotton but tighten them for potatoes faced an admittedly stiff fight in the Senate today.

"If Republicans vote as a unit and are helped out by some of the boys on our side, it may be defeated," Democratic Senator Elmer Thomas of Oklahoma told a reporter.

Thomas, chairman of the Senate Agriculture Committee, is leading the floor debate for adoption of a compromise farm measure that the House passed last week.

Although most of the talk has been about multi-million dollar losses on surplus potatoes, Sen. Aiken (R-Vt.) said opponents would stress the prospective \$125,000,000 extra cost to taxpayers for surplus peanuts and cotton that are not needed or wanted.

Thomas readily agreed that most of the pressure for the compromise comes from the South. Acreages of cotton and peanuts eligible for price supports were cut back sharply this year in an effort to reduce surplus stocks the government must buy.

The pending bill would soften some inequalities under the cutback formula. Democratic Leader Lucas, of Illinois, brought the potato surplus headache into the cotton-peanut measure when it reached the Senate but failed to win a "no crop controls no price supports" provision for this year's crop.

Retained in the compromise is such a provision for next and future year's potato crops plus authority for the secretary of agriculture to reduce the number of this year's potatoes that could qualify for supports.

## Oil Question Is Tackled

AUSTIN — (AP) — The Texas Railroad Commission grappled today with the tough problem of an oil proration formula for April.

Operators at last week's statewide proration hearing had asked the commission to reconsider the formula announced in February to remove what they called discrimination, inequities and economic hardship.

The commissioners went into conference today on that and other matters. There was no immediate indication as to when the April proration order would be issued.

Testimony at the statewide hearing showed that most major oil purchasers would like to see an order increasing daily production around 125,000 barrels. The new formula adopted by the commission last month uses maximum efficiency rates of production as the ceiling and bases daily allowances on well depth and acreage. Operators of wells drilled to greater than 10,000 feet depth and those in fields with high MER's especially had criticized the new formula.

## Heroic Skipper Dies in Rescue

LONGVIEW, Wash. — (AP) — A sea scout skipper who gave his life preserver to a floundering girl was one of two persons drowned yesterday when a sailboat capsized.

The victims were William F. Aberle, 47, the skipper, and David Ammons, 19, of Longview. Aberle was last seen giving his life preserver to Bonnie Jean Edgell, 16, of Longview, and holding her head above water. The young girl was one of about 15 youngsters thrown into the river when the open sea scout sailboat rolled over.

## 'Undesirable' Texas Prison Employees Being Discharged

HOUSTON — (AP) — More than 50 prison employees, most of them guards, have been fired from the prison system during the past 18 months because they have helped smuggle dope and whiskey to inmates and been guilty of carelessness in searching and guarding prisoners.

The disclosure came today as two Department of Public Safety investigators completed a secret 8-day investigation of a discharged guard's complaint of numerous incidents which he termed "irregularities."

The 29-page complaint written by the discharged guard was taken to the governor's office in Austin Feb. 22.

Investigation by the Department of Public Safety came after Prison General Manager O. B. Ellis asked the department head, Col. Homer Garrison, to assign men to look into the matter. They reported to the Huntsville unit on March 3 and conducted their investigation in secret, interviewing convicts, guards and other prison personnel. They completed their work March 11. The discharged guard who made the charges is R. L. Ruck-

IF WINTER COMES—Florence Duke, left, and Iris Ragsdale are wondering just how far behind spring can be. Thermometers on this first day of the new season registered a sub-freezing 29 degrees at 10 a. m. when the two stepped out for a cup of coffee. Low temperature for the day was 20 degrees with the high expected to be about 40 degrees. (News Photo and Engraving)

## School Total Loss In Phillips Blaze

PHILLIPS — Phillips High School was a pile of burned rubble today, the result of a fire that started around 4:30 p. m. yesterday while a group of students was rehearsing a play.

Supt. Lee Johnson estimated the loss at \$500,000. Miss Ione Bender, home economics instructor, who was directing the play, said the fire started in the switchbox on the stage of the auditorium-gymnasium and spread to the stage curtains in a matter of minutes.

The fire was blazing in the roof when Phillips volunteer firemen arrived. They were assisted by Berger and Bunavista Fire Departments and employees of the Halliburton Oil Well Cementing Company, who brought in a large pump truck.

Fire fighters said the lack of wind helped them save both the new gymnasium and Frank Phillips Elementary School, which are located about 30 feet away.

By 8:30 p. m. yesterday Phillips school officials were in contact with the Phillips High School. (See SCHOOL, Page 10)

## Pampan, 38, Found Dead By Relative

Troy Wilson Sharp, 38, was found dead at 5:30 p. m. yesterday at the home of his brother-in-law and sister, Mr. and Mrs. George Solor, 218 W. Craven. Cause of death has not been determined.

Sharp, who had been here since December when he was dismissed from a veterans hospital at Denver, was found after his cousin, Cal Sharp, and Luther Carson, 218 1/2 W. Craven, crawled through a window of the locked house.

The man, lying on his stomach, had his right hand under his chest, the left thrown over his back. He was believed to have been dead only a few hours. Cal Sharp of 225 Sunset Drive, had talked with him on the telephone at 3:30 p. m. Saturday.

There were no signs of violence, it was reported by authorities. Mr. and Mrs. Solor Friday had gone to Bristow, Okla., where he was sent by his employer, Wilcox Oil and Gas.

Born Sept. 29, 1913, Mr. Sharp is survived by a half-sister, Mrs. Leona Whiting, Sulphur, Okla.; three daughters; a brother Gerald, Toole, Utah; and two half-brothers, one of Sulphur, and one of Antlers, Okla.

Services, to be arranged by Duenkel-Carmichael Funeral Home, are pending the arrival of the daughters.

## Retired Officers Face Crackdown

WASHINGTON — (AP) — A House group has taken action aimed at preventing retired officers from cashing in on their military connections as "five percenters."

An appropriations subcommittee disclosed today that it has proposed barring retired pay to any former officer engaged in selling, contracting or negotiating for the sale of war supplies to the armed forces.

"Five percenters" was the name given to those who offered to help businessmen get government contracts for a fee, usually five percent.

## 310 Americans in Group Confined to Red-Held City

WASHINGTON — (AP) — The State Department said today the Chinese Communists have blocked a mass evacuation of Americans and other foreigners from China by a last-minute refusal to let two American officials on the scene have been instructed to press for reconsideration, an announcement said.

The landing craft — which were to ferry the foreigners from Shanghai to the American Presidential Liner General Gordon — have been ordered to remain at sea. The Gordon was instructed to stay at Hong Kong.

Nearly 2,000 foreigners, including 310 Americans, had planned to leave Shanghai in the first such general evacuation since last fall.

The United States ordered all remaining American diplomats and consuls out of the country two months ago after the Communist authorities at Peiping seized American consular property there.

Apparently the Communist authorities at Shanghai had "unwarranted apprehensions" that the landing craft were not commercial vessels, the State Department said.

It said they were strictly commercial craft, turned over to the American President Lines. The two vessels are LSTs (landing ship tanks) widely used during World War II in assaults on hostile beaches.

The LSTs were to be used to ferry the foreigners to the liner because the north channel of the Yangtze River has been reported mined by the Chinese Nationalists as part of a Nationalist blockade against much of the Communist-held mainland.

The last minute refusal to let the evacuation proceed apparently took the State Department by surprise, although a number of American businessmen at Shanghai have been denied exit permits.

## 14-Year-Old Girl Kills Twin Sister

FRESNO, Calif. — (AP) — A 14-year-old girl, yielding to long smoldering hatred, calmly killed her sleeping twin sister yesterday.

Then said Dan B. Eymann, assistant district attorney. Alice Richard "almost defiantly" told him:

"I hated her. I don't feel bad because my sister is dead, but I feel bad for my folks. This hurt them. I'd kill Sally again if I had the chance."

Sally Richard was killed by a single .22 rifle slug into her brain as she lay sleeping about 2 a. m. She was one of eight sons and daughters of Mr. and Mrs. Edgar V. Richard. None of the family heard the shot.

Eymann said a murder charge would be filed against Alice today.

The killing was an apparent case of what psychologists call sibling rivalry between offspring of the same parents, said Sheriff J. W. Ripperdan. The twins were not identical.

Garden tools and rubber hose for your spring work. Lewis Hdw.

# Truman Backs Sec. Acheson '100 Percent'

KEY WEST, Fla. — (AP) — President Truman backed up Secretary of State Acheson 100 percent today and let it be known that any rumors he might be replaced are "completely without foundation."

Presidential Secretary Charles G. Ross told reporters that rumors have reached the president that the visit here of Chief Justice Vinson may have some connection with a change in the office of secretary of state.

Speaking for the president, Ross said:

"Those rumors are completely without foundation. No change in the head of the State Department is contemplated. All rumors to the contrary are complete fabrications. The president has complete confidence in the secretary of state and believes he is running the department admirably."

Meanwhile, high White House sources disclosed that Mr. Truman is seriously considering allowing "limited access" to loyalty files of persons accused by Senator McCarthy (R-Wis.) before a Senate foreign relations subcommittee.

Such access, if granted — and it seems likely — would be limited to inspection, by members of the committee, and at the White House, against persons specifically accused. It would be confined to inspections covering specific charges.

The sources asked not to be quoted by name.

## Two Texans Join Mission To Turkey

COLLEGE STATION — Two scientists have been loaned by the Texas Agricultural Experiment Station to the Turkish government for one year, according to Dr. R. D. Lewis, station director.

H. P. Smith, professor of agricultural engineering, and D. T. Killough, associate professor in cotton investigations, were invited by the Economic Cooperative Administration to join a mission to assist the Turkish Ministry of Agriculture in developing an immediate and long-time agricultural program in that country.

Smith and Killough are now in Washington, D. C., for conferences with ECA officials and with Dr. Elmer A. Starch, executive secretary of the Great Plains Agricultural Council, who heads the mission. The other four members are from other western land-grant colleges.

Smith will be a consultant on farm machinery and Killough a consultant on cotton culture and production, Director Lewis said. Both are long-time members of the station's technical staff. Smith having served 20 years and Killough 25 years.

Turkish agriculture is said to be mostly in the primitive stage. Cotton is one of the leading crops. The 1949-50 cotton production is expected to reach 436,000 bales, of which about 40 percent will be available for export.

Turkey has a very forward-looking set of leaders, and they are approaching their agricultural advancement with a lot of determination and good sense, Director Lewis said.

## High School Seniors To Give Play Tonight

Twenty-two Pampa High School seniors will display their acting ability at 8 p. m. today at the High School Auditorium in "Beauty and the Beast," three-act comedy.

Beverly Brandt and Dale Richardson are the principal characters, but the 20 other students add considerably to the plot.

HIGH SCHOOL BURNS — A blazing wall of the Phillips High School building which burned Sunday is shown shortly before it collapsed. Firemen can be seen fighting the blaze but their efforts proved almost totally futile, although the separate gymnasium and the Frank Phillips Elementary School, both on the campus, were saved. Loss estimates were as high as \$500,000. Berger News-Herald Photo, News Engraving

BOY'S SOCIAL LIFE

I am so anxious for my boy to have a happy social life during his teens and yet I don't seem able to do anything to get him started. He is 15 and most of his friends have girls who they take to the movies or to dances. They have parties on special occasions also. He just isn't interested. He likes to go with the boys places and he enjoys reading and athletics but girls are unimportant to him. I think that boys of his age should have associations with girls but I don't know how to get him started. Have you any suggestions?

Dear Mrs. S. My goodness, Mrs. S. You shouldn't be worried about your son—just glad that he is busy with so many interesting activities. When the time comes he will be interested in girls and you may wish for these years back again. Some boys are so busy with other matters in their early teens that they don't get around to paying court to girls until they are 16, 17 or 18. When he does find a girl, you will find that he will accept dates and parties as a matter of course.

STYLISH CLOATHES OR

Dear Mrs. Friend: My parents are horribly strict with me from religious reasons. They don't let me choose my clothes or use any makeup. I have to wear my hair long even though I am a senior in high school. I can't wear sheer silk stockings and I have to have sensible shoes. Next year I will be ready for college but I simply don't go if I have to look like an old-fashioned scarecrow. My father says that as long as he supports me and sends me to school I will dress as he says or I can quit school and go to work. He says that when I am self supporting I can do as I please about styles and dates. What would you do, dear Mrs. Friend? I just don't see how I can face going away to school in these horrible clothes. Yours sincerely, Mildred

# Chimney Construction Is Important to House Efficiency

## Make Most of Picture Windows

One of the most popular features of today's architecture is the picture window now appearing in houses of all styles, and to gain the most enjoyment from these large glass expanses, furniture must be carefully chosen and well arranged.

Chairs and sofas should be low so that they do not obstruct the view, and placed in the room to face the window instead of hugging the walls. This, of course, means that the pieces must be so designed that they are attractive from all sides. Long, low cocktail tables are especially adaptable to the picture-window room as they may be used to serve a large conversational grouping or may be placed in front of the window and used as a window seat.

As a large window exposes the room to damaging rays of the sun, be sure to select your fabrics and rugs in sunfast colors.

## Strip Hardwood Floors Popular

Of the four basic types of hardwood flooring, the strip type is used most extensively — and as a general rule is the lowest priced, according to a recent report by the U. S. Department of Commerce Construction Division.

The material is available in several thicknesses and widths, and can be obtained in either square-edge or tongue-and-groove style. Despite its extensive usage, the report added, strip flooring is not ordinary, since no two hardwood floors are exactly alike. Each has individuality in character and beauty of grain. The other types of hardwood flooring are plank, parquet and unit block. While several different species of hardwood are utilized for flooring, oak is employed on a much wider scale than all others combined.

By HENRY J. WINGATE

Every 90 seconds a home somewhere in America catches fire. Annual home fire losses total about \$25,000,000, and 12 percent of all home fires start from defective chimneys and flues.

A flimsy, unlined chimney with wooden beams projecting into its walls, or one built on wooden supports, or other defective construction, can cause fire to start back of the kitchen range, or under hearth or roof. If a chimney in use is too hot to touch, it is unsafe.

A chimney should be made safe even though this means rebuilding it. As this is expensive, proper design and safe construction should be provided for when a house is built, by architect, builder and heating contractor.

Functions of a chimney are to let smoke and combustion gases escape and to create a draft to draw combustion air into the heater. A poor chimney, including an undersized flue, is usually found to be the cause of poor fuel combustion and resulting lack of heat.

Chimneys may rise either outside or inside the house; an inside one is economical for heating because heat seeps in through its walls passes into the house on all sides.

Any chimney should be built from the ground up, supported on masonry, or on self-supportive construction, its weight borne by its own foundation. It should extend 3 feet above a flat roof, 2 feet above the ridge of a peak roof. Its walls should be sufficiently thick for stability — at least 4 inches. An 8 inch wall, or two courses of brick, is better.

Most building codes require a fire-clay lining, which should extend throughout the chimney. A small house needs a flue with dimensions of at least 100 square inches. A fire-clay flue lining improves the draft.

Mortar used in building chimney and flue should be cement mortar. When mortar falls out from between the bricks, openings can be expected to develop in the side walls of the chimney. If you can push a knife or an icepick through a side wall, it's time to rebuild the chimney.

Roof framing should be separated from the chimney by at least 2 inches on all sides, and this 2 inches air-space filled with non-combustible insulating material. Floor timbers should be trimmed clear of hearths and chimney masonry. Wood casing, lathing or furring should be separated by 2 inches from chimney breasts.

Mortar used in building chimney and flue should be cement mortar. When mortar falls out from between the bricks, openings can be expected to develop in the side walls of the chimney. If you can push a knife or an icepick through a side wall, it's time to rebuild the chimney.

**Check Fuel Costs**  
Old heating units often are the cause of excessive fuel costs. Keep a check on the cost of fuel this winter. If your outlay is excessive for the size of your home, plan on replacing old heating units with new units such as the new convectors-radiators next spring. Often the cost of new units can be offset by the savings in fuel.

**A Panhandle "MUST" STORM WINDOWS**

Some screen replaced, no storm window look.

To protect your family's health... to cut your fuel bills and to keep out the dust... to safeguard valuable home furnishings, storm windows are a "must". You'll find the cost surprisingly moderate. Call us today.

## Circular Window Beautifies Home

A large-paneled circular floor-to-ceiling picture window forms the front wall of the living room of this pleasant ranch-style home. Red Cedar exterior siding and shingle further add to its charm. Modern design corner windows and long horizontal roof lines are attractive.

In its 24'4" x 33' dimensions, the house contains 4 1/2 rooms. A cabinet wall divides the 12'7" x 21' living room from the 10' x 10 1/2' kitchen. Stove and sink are compactly aligned against wall adjoining bath to effect saving on plumbing installation. Over-size closets have space-saving steel sliding doors. Rear-entry 10'3" x 5'6" utility room contains the heating unit. The hot-water radiant heating system is doubly efficient and economical to operate because all exterior walls and attic are protected with mineral wool insulation. The front bedroom is 12' x 12'7", the rear one 12'2" x 8'6". The rooms open conveniently into a small center hallway.

**Colonial Setting For Kitchen Easy**  
Use unpainted natural finish pine cupboards with large black H-hinges to put Colonial atmosphere into the kitchen. Build a board-and-batten outside entrance door with Z-shaped cross-bracing to further carry out the Colonial theme.

**Ready-Made Chests Fit Easily Into Remodeled Attics**  
Save time and space when remodeling the attic into extra rooms by building ready-made storage chests right into the wall.

Use three or four unpainted chests of drawers four feet high that sit flat on the floor without legs. Fasten the rear tops of these chests firmly to the roof rafters at the slope four feet above the floor.

# Three 8-Unit Apartments Started North of Highland General Hospital

Three eight-unit apartment buildings were started here during the past week. They will be known as the Red Deer, White Deer and Highland Apartments.

The apartments, located north of Highland General Hospital, will cost more than \$160,000. They are being erected by the Osborne Construction Company and are expected to be completed in about six months.

One of the major projects of the construction company at the present time, the apartments will be two stories, valued at an estimated \$55,000 each.

Each unit will have three and one-half efficiency rooms with approximately 740 square feet of floor space.

Sidewalks, driveways, parking areas and laundry houses will be constructed around the apartments.

Take Osborne is president of Osborne Construction Company, J. K. Neale is vice president and Bud Hogan is superintendent.

Also, the City Engineer's Office last week issued a building permit to Albert Reynolds for the construction of a \$35,000 residence. The seven-room stone house will be built at 1800 N. Russell

**FOR HOME**

**Big or Little ...**

Yes, no matter how large or small the job is, you will find us amply prepared to supply your needs. In our one big store you can find all that is required by the contractor for building a new house, or by the home owner adding a new shelf.

# Shotton Likes Bums' Chances to Repeat

WEST PALM BEACH, Fla. — Barney Shotton sat in the sun, watching a spry old gent of 57 step past the Philadelphia A's batting cage.

"See that kid in the straw hat," said the 65-year-old Brooklyn manager, "why not let him hit to the infield?"

A few minutes later Connie Mack was up in the stands, shaking hands with Shotton, telling him he had done a good job against the Yankees in the last World Series.

## Pampa Boxers Meet Clarendon There Tomorrow

The Pampa Boys Club boxing team travels to Clarendon tomorrow night for a team match with the Clarendon High School boxers. It will be the eighth match of the season for the local ringmen, who have defeated Kress and Panhandle so far this season and lost to Lefors twice and Wellington and Shamrock once each. They also fought the Irishman to a draw.

Last Friday night the Irish tripped the Pampa team, 6-5, in some very fast and close fights at the St. Patrick's Day celebration at Shamrock.

This will be the next to the last road fight for the Pampa club. They fight at Panhandle on Friday night and then return home to meet the Panhandle team again at the Junior High School Gymnasium on April 12.

## Burke Leads Jacksonville Open Meet

JACKSONVILLE, Fla. — (AP) — Jack Burke got out front in the Jacksonville Golf Open on two straight rounds of 67 — five under par.

Burke, 27, is proving on the winter tour he is a great campaigner and he will be hard to beat out for the top \$2,000 in today's final round. Burke has 297 after 54 holes, on the 6,508-yard Hyde Park course.

National Open Champion Cary Middlecoff and PGA Champ Sam Snead reached 210.

Al Bessellink, Detroit, pro. hung in there with 208, Ed Furgol of Royal Oak, Mich., came into the scene with 209.

Ted With Snead and Middlecoff at 210 were veterans George Fazio of Washington, D.C.; Henry Ransom of St. Andrews, Ill.; and Skip Alexander of Knoxville, Tenn.

## Bobby Locke OK'd by PGA

NORWICH, Conn. — (AP) — Bobby Locke, the husky British Open golf champion from South Africa, has apologized to the Professional Golfers Association of America (PGA). His action may earn him at least \$25,000 before next January 1.

The indications today are that the PGA will reinstate him by April 15.

Locke, who climaxed a long feud with the American golf officials last July by getting himself the heave-ho, earned \$24,327 in 1947 — his first season in the rich United States, and \$29,010 in 1948.

He was doing all right last night by six straight exhibition game losses, but the Tribe dropped a 3-2 decision to the Philadelphia Phils.

Donato said he had received a letter from Horton Smith, PGA secretary, which contained the news that Locke had complied with the requirements laid down for reinstatement by the PGA's Tournament and Executive Committees.

## Babe's New Game With Irons Wins

AUGUSTA, Ga. — (AP) — "I'm back to winning now," Babe Didrikson Zaharias said, and pointed due West with her putter.

"That's where I'm going next. To Pebble Beach, Calif., and I'm taking my new game along. I tell you, I'm back to winning."

The Babe has just won about everything there was to win in the Titleholders Golf Tournament. She broke the 72-hole tournament record with a 298. Her winnings were \$500. The Babe's first day 72 was low for the tournament. And she never let anyone get in front during the four days of play.

The reason for her sudden comeback, she said, was a new collection of iron shots learned from Tommy Armour.

The Babe hadn't won since the All-American last summer.

In her return to winning she took her head and held it over second runner Claire Doran of Cleveland, who used 306 strokes, Carol Dvinger, Tiffin, Ohio, and National Open Champion Louise Suggs, Carrollton, Ga., were tied for third with 311's, and Betty Bush of Hammond, Ind., was fifth with 313.

Defending Champion Peggy Kirk of Findlay, Ohio, took a seat in the crowd along with the fabulous Bauer sisters — Marlene and Alice.

Miss Kirk blew to 320 along with Marlene and Patty Berg of Minneapolis. Little Alice used 322 strokes.

**RHEUMATISM PAINS**  
Relieved in Few Minutes

It is now easy to aid rheumatism and arthritic and neuritic pains. The test will cost you nothing.

So why suffer another day from the agony of this painful ailment when you can secure MUSCLE-RUB, the new preparation that not only relieves the pains of rheumatism but also lumbago, muscle soreness, sprains, as well as the less serious lameness of muscles and joints? It is no longer necessary to dose the system with internal medicine. The entire MUSCLE-RUB treatment is a simple liquid, applied directly to the limbs, shoulders, neck, face or back — wherever the trouble is.

We urge only that you make this test. Use one-half the bottle, and if you are not amazed and delighted with the results, return the remaining half to your druggist and he will refund your money. Price only 50c. \$1.25, large economy size \$2.25. Buy it today.

AT ALL DRUG STORES

Mack was up in the stands, shaking hands with Shotton, telling him he had done a good job against the Yankees in the last World Series.

That started Shotton talking about the series. How he lost Carl Furillo, who "carried" the club with a .400 batting spree in the final month. How Preacher Roe broke a bone in his right hand. How things went bad for the Dodgers.

"Do I think we're going to win again?" he said. "Sure, I do. I said it last spring. I said it last winter. I keep on saying it. It doesn't cost any more to say we'll win than to say we'll finish second or third."

"I've had no reason to change my mind. We need all we've got and a little more. But I still say we'll win."

Actually Shotton is somewhat concerned about a tendency toward complacency by some Dodger fans.

"I think we've just about stamped it out now," said Shotton. "Some of the boys came to camp, feeling a little too smug. But we've harped on it all spring. I think it's all over — it had better be."

"I haven't seen my club together yet. Gil Hodges was late, waiting for his wife to have a baby. Jackie Robinson came in overweight. He had trouble with his legs. Pee Wee (Reese) had to take it easy because of an operation. Gene Hermanski sprained his ankle. Bobby Morgan had the flu. Carl Erskine and Jack Banta had sore arms."

"Nothing too serious. Most of them are all right now. But it's made us slow getting started. Only Furillo worries me. That groin injury that kept him out of the series is bothering him again."

"Our pitching ought to be pretty good. I have eight men set. The rest have to fight for a job. No, I'm not hoping to find any Joe Pags for relief. We'll probably have two or three who'll relieve. The eight are Ralph Branca, Rex Barney, Don Newcomb, Joe Hatten, Preacher Roe, Banta, Palca and Billy Loes, a bonus player who looks good."

## Jolter Pulls Charley; Hacker Gets Special Attention; Chisox Seeking Mickey Vernon

MIAMI, Fla. — (AP) — Joe DiMaggio sat out his second straight game yesterday as the Boston Red Sox won their second of three exhibition games with the New York Yankees, 10-7.

Yankee DiMaggio picked up a charley horse against the Dodgers Friday.

ST. PETERSBURG, Fla. — (AP) — Howard Pollet, who was a long time in coming to contract terms with the St. Louis Cardinals, made his first start in a game yesterday against Cincinnati, at Tampa, Fla. He was touched for the only Cincinnati run. The Cards won 4-2.

PHOENIX, Ariz. — (AP) — The St. Louis Browns made four errors against the New York Giants yesterday, but they also hit four home runs to win a 10-inning game, 10-8.

WEST PALM BEACH, Fla. — (AP) — Mal Malette, the Brooklyn Dodgers' big rookie southpaw from the West Coast, will undergo an X-ray examination of his ailing shoulder tomorrow at Vero Beach.

OAKLAND, Calif. — (AP) — Pitcher Warren Hacker was scratched from the passenger list as the Chicago Cubs arrived today to face Oakland of the Pacific Coast League.

WEST PALM BEACH, Fla. — (AP) — Mike Guerra, the Philadelphia Athletics No. 1 catcher last year, is up to his old tricks.

BRADENTON, Fla. — (AP) — The Boston Braves, smarting from six straight exhibition game losses, try to get back on the winning path today at the expense of the Cincinnati Reds. Johnny Sain again hurled effectively yesterday, allowing only one hit in three innings, but the Tribe dropped a 3-2 decision to the Philadelphia Phils.

SARASOTA, Fla. — (AP) — The Boston Red Sox, winners in six of eight Grapefruit game starts, entertain the Washington Senators today.

SAN FRANCISCO — (AP) — General Manager Frank Lane of the Chicago White Sox is still hopeful of obtaining first baseman Mickey Vernon from Cleveland.

SAN BERNARDINO, Calif. — (AP) — Pitcher Hal Gregg, trying for a comeback with the Pittsburgh Pirates, turned in a sparkling performance while the Bucs were beating the Chicago Cubs 7-2 at Los Angeles yesterday. He worked five and two-thirds innings, giving up only four hits, walking three and fanning five.

By DICK BARTELL

World Series shortstop with the Giants and Tigers, now a Detroit coach.

My Biggest Boner in Baseball was holding out on Barney Dreyfuss, the late owner of the Pirates.

It resulted in my being suspended, fined, shortchanged and traded to the Phillies.

I was yanked out of the lineup more than once in 1930, fined a couple of times.

Owner Dreyfuss, you see, wasn't overly fond of ballplayers who asked for more.

Finally, Dreyfuss fined me \$100 for not covering.

Dreyfuss asked me why I hadn't covered. I told him I wasn't supposed to, and I guess he didn't like the way I said it. Anyway, he took my \$100, and I wound up being suspended the last five days of the season and fined again for insubordination.

I was on a golf course when Socko McCary, the clubhouse boy, came and told me the old man wanted to see me.

I always insisted on round trip transportation and expenses for myself and wife from Alameda, Calif., to wherever I played. A clause in the contract I signed with Sam Dreyfuss, Barney's son, called for that.

On top of that, I was swapped to the Phillies in November, had to burle and sweat it out in Philadelphia for four years before being dealt to the Giants.

Playing with the New York club in an exhibition game with Cleveland at Hickory, N. C., in the spring of 1936, I kicked a ball, booted it again, and then because I was mad, booted it once more. I slapped and kicked it to be charged with three errors on one play. I had five for the afternoon.

That perhaps was my worst performance mechanically in 17 years as a shortstop.

But my Biggest Boner in Baseball was holding out on and talking back to Barney Dreyfuss.

NEXT: Pepper Martin learns that base-runners are like women drivers.

ST. JOSEPH, Mo. — (AP) — The three top-seeded teams easily brushed aside first-round opponents in the 22nd annual Women's National AAU Basketball Tournament yesterday.

First-round play will be completed today and tonight.

Twelve games are scheduled. Most important of the eight championship bracket games will involve fourth-seeded AIB of Des Moines, Ia., against St. James Center of Kansas City tonight.

In yesterday's nine-game opening program, the defending champion Goldbuses of Nashville, Tenn., won over Reynolds of Tulsa, Okla., 52-23.

Nashville Business College, seeded No. 2, defeated Topeka, Kans., Santa Fe 66-11, and Hanes Hosopy of Winston-Salem, N.C., the No. 3 outfit, dropped Solitone of Omaha, Neb., 47-9.

Other Sunday results: Mesquite, Texas, High School 19, St. Francis, St. Joseph, Mo., 12.

MIAMI, Fla. — (AP) — Palatine Stables' Chic 2nd, under top impost of 125 pounds, won the \$15,000 Gulfstream Handicap Saturday by a length.

DALLAS — (AP) — One of the greatest baseball teams ever assembled will take the field for Dallas when the Eagles open the Texas League season April 11. But it won't be the same Dallas Eagles who will play out the regular season. It will be a team composed of nine old timers, including Ty Cobb and Tris Speaker, who have accepted invitations to suit out in Dallas uniforms that night.

The immortal nine will play against the first Tulsa batter. Then they will retire, and the regular team of Eagles will take up the effort to beat the Texas League champions in the jump-off game in the Cotton Bowl.

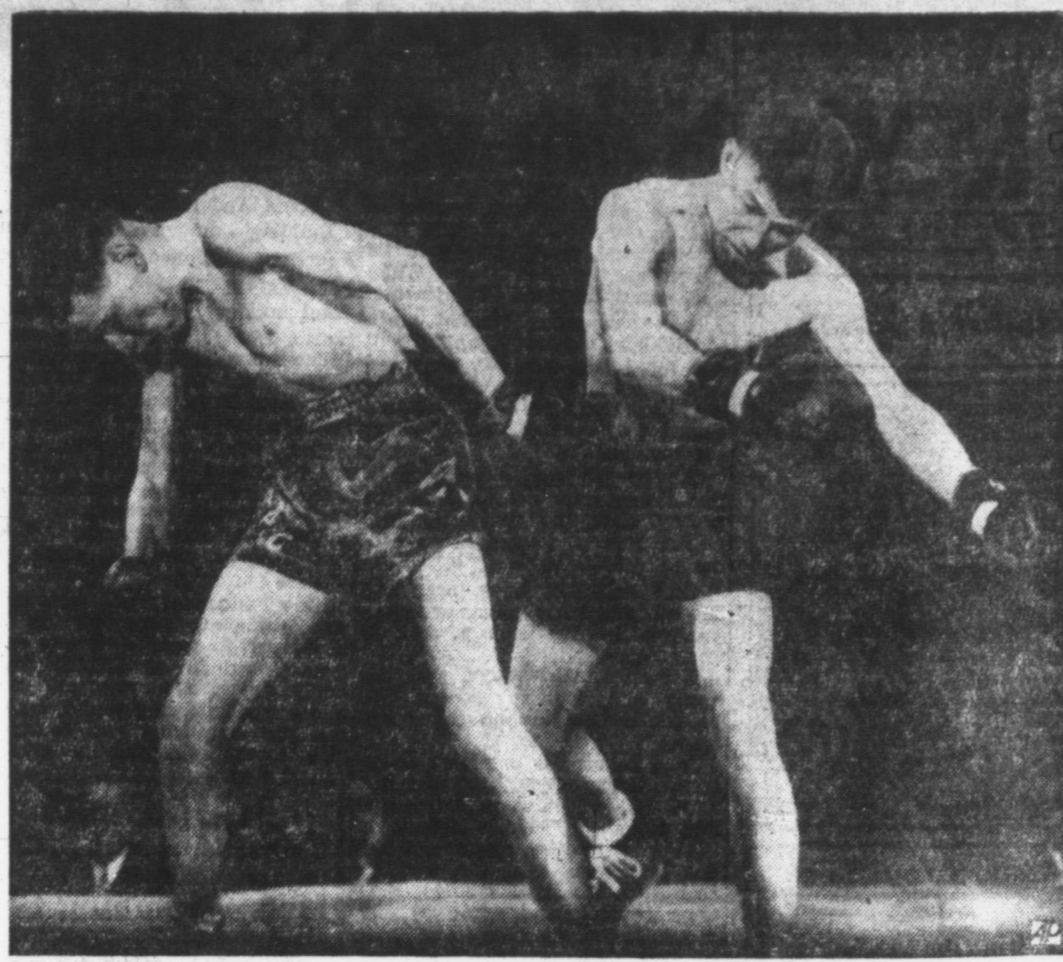

This will be the starting lineup for Dallas:

Mickey Cochrane, catcher, Dizzy Dean, pitcher, Charlie Grimm, first base, Charlie Gehring, second base, J. F. (Home Run) Baker, third base.

Travis Jackson, shortstop, Duffie Lewis, left field, Ty Cobb, center field, Tris Speaker, right field.

Four of the Eagles' starting nine have been named to Baseball's Hall of Fame. They are Cobb, Cochrane, Gehring and Speaker.

MIAMI, Fla. — (AP) — Palatine Stables' Chic 2nd, under top impost of 125 pounds, won the \$15,000 Gulfstream Handicap Saturday by a length.

STOPPED — Both boxers stand frozen as Rogers Carr (left) heads for the floor after taking a right on the chin from Richard Chapman in a Golden Gloves bout at Huntington, West Va.

# Bradley Braves Hunt Berth In NCAA Tourney Tonight

KANSAS CITY — (AP) — The tournament-wise Bradley Braves throw their fast break against the University of Kansas' towering sophomores tonight in hopes of landing the Fifth District berth in the Western NCAA Basketball Playoffs.

The winner gets into the Western field with Baylor, UCLA and Brigham Young for the Friday and Saturday night games in Kansas City.

Bradley, the nation's No. 1 team in the final Associated Press poll, is favored by 3 1-2 points. Bradley is the Missouri Valley Conference champion. Kansas, Nebraska and Kansas State shared the Big Seven Conference title, but a selection committee picked Kansas to meet Bradley in the district playoff.

Coach Forrest (Freddy) Anderson's Braves, a veteran outfit, lost in the finals of the National Invitational at New York Saturday night, 69-61. They've got 33 games (29-4) behind them this season.

Coach Phog Allen's Kansas Jayhawks, who won only 14 of 24, nevertheless captured 5 of their last 6 Big Seven Conference titles and their sophomores showed improvement every game.

## Champs Crowned in Men's City Bowling Tournament

The Men's City Handicap Bowling Tournament came to a close last night with new leaders being crowned in all but the team event. Last week's leading scores were good enough to hold onto second place.

Final results in the team division led the Hughes Insurance Agency on top with a 2676 pin total. Cabot was in second with 2665; Pampa Dry Cleaners third with 2661; and Coffey Pontiac in fourth with 2624.

The doubles crown went to Farmer and Gannon with 1260. In second were last week's leaders, Parsley and Frost, with 1204. Behrman and Baxter took third with 1170, M. Gray and Colgrove fourth with 1160, Engle and Howell fifth, with 1159, Rogers and Riddle sixth, with 1137 and Kennedy and Waggoner seventh, with 1152.

In the singles class, Burns took over the leadership yesterday with a 641 series. Frost, last week's leader, salvaged second with a 637. Rogers was third with 624, Harrah fourth with 616, Brake fifth with 612, Parsley sixth with 607, and Hutchens eighth with 606.

Stan Brake took the all-events title, scratch affair, with a 1604 total.

## Plowboys Play In AAU Today

DENVER — (AP) — George King, the nation's top college scorer, and other collegians held the national AAU basketball spotlight today, but their fling probably will be brief.

If past AAU performances hold true, the college-bolstered teams will begin falling before the seasoned favorites who go into action tonight, second night of the meet.

King flipped in 14 points last night with the Dayton, Ohio, All Stars as they routed the Kokomo, Ind., All Stars 99-53. But the Morris Harvey College star didn't look any better than several Dayton teammates — Bob Dineen, Wilbur Woods, Bob Anderson, Ken Watson and Billy McNay. Their brilliant offensive display against a good Indiana five tabbed the Dayton team as one of the tourney's dark horses.

Yesterday's results:

First round

Cedar Falls, Iowa, Amvets 60, Scottsbluff, Neb., Elks 53

St. Louis (Sharer Motors) 58, Mt. Morris, Ill., (Kable Kolts) 54.

Alamosa, Colo. (Gordon Stores) 68, Clovis, N.M. (VFW) 48.

Aurora, Colo. (Straight Lumber Co.) 65, Albuquerque, N.M. (Swartzman Packers) 51.

Toledo, O. (Chiff Nelson Puels) 62, Regis College, Denver 53.

Second round

Dayton, O., All Star 99, Kokomo, Ind., All Stars 53.

Today's pairings include: Amarillo, Texas (Graham Home) vs. Laramie, Wyo. (Kuster Bar).

## Dallas Opener to Present Baseball Stars of Past

DALLAS — (AP) — One of the greatest baseball teams ever assembled will take the field for Dallas when the Eagles open the Texas League season April 11. But it won't be the same Dallas Eagles who will play out the regular season. It will be a team composed of nine old timers, including Ty Cobb and Tris Speaker, who have accepted invitations to suit out in Dallas uniforms that night.

The immortal nine will play against the first Tulsa batter. Then they will retire, and the regular team of Eagles will take up the effort to beat the Texas League champions in the jump-off game in the Cotton Bowl.

This will be the starting lineup for Dallas:

Mickey Cochrane, catcher, Dizzy Dean, pitcher, Charlie Grimm, first base, Charlie Gehring, second base, J. F. (Home Run) Baker, third base.

Travis Jackson, shortstop, Duffie Lewis, left field, Ty Cobb, center field, Tris Speaker, right field.

Four of the Eagles' starting nine have been named to Baseball's Hall of Fame. They are Cobb, Cochrane, Gehring and Speaker.

## Top Clubs Win In Women's AAU

MIAMI, Fla. — (AP) — Palatine Stables' Chic 2nd, under top impost of 125 pounds, won the \$15,000 Gulfstream Handicap Saturday by a length.

### Sportsman's Corner

By THE WOODSMAN

Seasonal shrinkage on persons caught cheating against the Acknowledged sportsmen's code was noted in the latest compilation of violations issued by the State Game, Fish and Oyster Commission.

The Northern nine will play several other conference teams this week.

Southern Methodist, Texas A&M, Rice and Texas Christian are undefeated after two weeks of non-conference play. Texas has broken even in two games and Baylor opens its season today.

Texas, defending national collegiate baseball champion, has lost to San Antonio of the Texas League, 5-2, and beaten M'Ilwakes of the American Association, 12-7.

Southern Methodist licked Hard-Simmons twice, 11-10 and 11-5, and beat Sam Houston State, 3-2, 6-3.

A&M beat Brooke Army Medical Center, 9-6, and the University of Houston twice, 7-4, 10-7.

Rice downed Stephen F. Austin, 9-5, 13-9, and Texas Christian defeated Sam Houston State, 4-0, 7-4.

Seasonal shrinkage on persons caught cheating against the Acknowledged sportsmen's code was noted in the latest compilation of violations issued by the State Game, Fish and Oyster Commission.

Listed offenders who hit a 415 peak in December and then began tapering off to 337 in January slumped to 203 for February. The drop even then is not accurately shown by the monthly reports since approximately 70 of the 203 violations carried on the February records really were hangovers from the recent big game and waterfowl seasons. They involved such common offenses as the 12 caught without hunting licenses, the 10 using an unplugged gun, the 6 shooting waterfowl from a motor boat and so on.

The total carried for February cases was bolstered by stubborn tenacity of some of the chronic offenders. The February record was comparatively few outdoor incorrigibles in clinging to their shooting arms. For example, 18 were arrested for hunting deer at night, 22 were charged with hunting waterfowl in a closed season and 2 for killing quail after the season closed.

Thus the gunning unfortunates contributed heavily to the monthly fine total since the cash penalties for the listed offenses are rather severe. The February fine revenue was \$5,943.66 which with the added \$387 court costs ran the cost to offending outdoorsmen to \$6,330.86. This contrasted with the grand total of \$12,105.07 for December's peak hunting season penalties and with the \$11,019.40 for January.

As the sportsmen began the gradual shift from shooting to

### SWC Nines, Host Out-of-Staters

(By The Associated Press) Southwest Conference baseball teams this week play host to four out-of-state college nines—Ohio State, Minnesota, Oklahoma and Oklahoma A&M.

Baylor meets Minnesota today at Waco in the first of a two-game series and Texas A&M takes on Ohio State at College Station.

The Northern nine will play several other conference teams this week.

Southern Methodist, Texas A&M, Rice and Texas Christian are undefeated after two weeks of non-conference play. Texas has broken even in two games and Baylor opens its season today.

Texas, defending national collegiate baseball champion, has lost to San Antonio of the Texas League, 5-2, and beaten M'Ilwakes of the American Association, 12-7.

Southern Methodist licked Hard-Simmons twice, 11-10 and 11-5, and beat Sam Houston State, 3-2, 6-3.

A&M beat Brooke Army Medical Center, 9-6, and the University of Houston twice, 7-4, 10-7.

Rice downed Stephen F. Austin, 9-5, 13-9, and Texas Christian defeated Sam Houston State, 4-0, 7-4.

### Hank Hopes Joe Will Hit Harder

TUCSON, Ariz. — (AP) — Hank Greenberg has a formula for keeping valuable Second Baseman Joe Gordon on the Cleveland Indians' squad. He plans to take the loss of Gordon's general manager watched Gordon closely last summer. He claims that Gordon slipped below his lifetime batting average because there was too much pressure on him.

"And when you've played as long as Joe you get tired when such pressure is on you."

That's Greenberg's analysis of why Gordon hit only .251 last year after clotting .280 in 1948. Here's Greenberg's formula for keeping Gordon on the Tribe roster.

"The pressure should be off of Gordon this year. Larry Doby and Easter are both long-batted hitters and should have great seasons. With help, Gordon won't have the strain on him and his hitting should go up again."

"This isn't the last year in the majors for Joe. I think he'll be with us again next year."

As far as continuing his major league career after 1950, Joe says: "I don't know. I just don't know."

### Hawaii Football Coach Needs an Adding Machine to Keep Accounts

HONOLULU — (AP) — It takes a financial wizard to make a good coach at the University of Hawaii — an ordinary bookkeeper would lose his shirt.

That's the complaint of Tommy Kaulukukui, Hawaii's football mentor, who says he's having a hard time keeping his accounts balanced.

Many schools find it a chore to make up satisfactory schedules for next fall's grid season. But Hawaii has the toughest job of all, says Kaulukukui.

The Rainbows haven't the best record in the nation. But they've got to schedule games with big name teams on the mainland. If they played schools their own size and caliber they'd go bankrupt.

And there's nobody in the islands for them to play.

Mainland colleges almost all jump at the chance to sign up for games with Hawaii — even though the Rainbow's record isn't so good. But they usually insist on a home-and-home arrangement, so mainland players will get a free vacation in these romantic islands.

Kaulukukui wants to play schools like Fresno State, San Jose State and Williamette — schools similar in size to Hawaii.

These schools can afford to guarantee only a small game when Hawaii plays them on the mainland. When they come here, though, they insist that all expenses be paid, says Kaulukukui.

It costs about \$12,000 for his team to make the trip to the West Coast, Kaulukukui says. This year he's been offered a \$6,000 guarantee from Fresno, a \$5,000 guarantee from San Jose and a \$1,000 guarantee from Santa Barbara State.

Some bigger schools will offer more.

But, Kaulukukui asks, if you play the big schools how are you going to have a winning ball club?

"Before I can make a schedule I've got to go through all this financial transaction. How much can they offer? How much can we give them? Otherwise it's a losing proposition."

Kaulukukui says he would be happy if he could find teams on the mainland that would guarantee him as much as he guarantees them.

"But we never get that kind of offer," the coach said.

The only answer, Kaulukukui thinks, is to play two \$7,000 games on the mainland for every \$12,000 or \$15,000 guarantee he has to give for a team to come over here.

But that gets a little complicated when the teams the Rainbows play on the mainland insist on a return match here.

Confused? Kaulukukui says he is, too.

### IN THE TRAINING CAMPS

## Rickey Sold Other Brooklyn Projects, But Morgan Was Kept to Play Third Base

By HARRY GRAYSON  
NEA Sports Editor

VERO BEACH, Fla. — (NEA) — Branch Rickey sold several highly-regarded Brooklyn farm hands for something like \$500,000. Outfielders Sam Jethroe and Bob Addis went to the Braves, Irv Noren to the Senators. The Cubs got First Baseman Preston Ward, the Pirates landed Third Baseman Danny O'Connell. Shortstop Alfonso Carrasquel joined the White Sox. Infielder Kermit Wahl the Athletics.

Mahatma Rickey spread the material around, but the Dodgers kept Robert Morris Morgan, the most sought athlete of the lot.

This easily could be the tip-off.

Apple-cheeked Bobby Morgan is baseball's ballyhoo baby of 1950 before a blow has been struck.

He is expected to beat Billy Cox and Spider Jorgensen out of the third base job, round out the slickest Flatbush infield since the handle-bar mustache days.

As in the cases of a lot of other "stickout performers," the scout was looking for someone else when he stumbled into young Morgan.

Tom Greenwade was interested in a pitcher-catcher combination, Calvin McLish and Leroy Jarvis, playing with a semi-professional oil company team in Oklahoma City. McLish and Jarvis wouldn't sign unless the shortstop, Morgan, was taken along, too. So Foxy Forager Greenwade made it a package deal. Besides, the little fellow named Morgan had swiped the show in the field, and won the game with a double in the ninth.

Gene Hermanski and Eddie Mikis pulled Morgan out of the ocean just in the nick of time here a year ago. The beach has been off limits for Superbas since. So, having been found by accident and rescued from drowning, Morgan — 23, five feet nine and 175 pounds — is here to play plenty of third base for the Brooks. This should be a breeze for a shortstop who missed only four innings of 184 games with Montreal last season.

Morgan, a right-hand hitter of considerable power, is coming on like a prairie fire. He hopped from the Class B Spokane club to Montreal in 1948, when he batted .266 and led the International League in strikeouts. A badly sprained ankle handicapped him in training with the Brooks. Last season he upped his batting average 71 points to .337 to lead the league and be its most valuable player. He cut his strikeouts in half. He had 38 doubles, 19 home runs, drove in 119 runs. Brother Rickey says he wouldn't take \$250,000 for Morgan, but you know how the president of the Brooks totes the national debt around.

Built like Pee Wee Reese, Morgan has wrists with the

**BALLYHOO BABY**—Apple-cheeked Bobby Morgan is expected to play third base in Brooklyn. Rickey sold the International League's most valuable last season. Morgan is aggressive and a grand competitor, described as an Eddie Stanky with talent.

strength of a boiler-maker's.

"He hit five balls over the left field fence in Montreal last season, three more than anyone else has done since the park was built in mid-'20s," says Steve Lembo, the recruit catcher who roomed with Morgan last season. "It's a 30-foot fence, 350 feet from the plate, and a strong wind is nearly always beating you in the face."

"He was whacked in the eye by a grounder. The bulb was completely yoked by the end of the inning. Yet he refused to call it a day, finished the game. He missed only four innings all season. You can see why."

Aggressive and a grand competitor, Bobby Morgan has been described as an Eddie Stanky with talent.

### Bike-Riding Scribe Gets Around in Six-Day Race

By JIM BECKER  
AP News Features Staff Writer

NEW YORK — Never ride in a six-day bike race.

If you take that advice you will prove automatically you are smarter than I am.

Probably the subject will never come up. But it may. It did for me, this way.

I told Harry Sperber, co-promoter of the latest six-day race, that I would like to give his sport a whirl for a couple of miles. He smiled and presented me a racing bike from one of the resting riders.

"You want a uniform?" he asked.

I said now, rolled up my trouser legs, slipped on my glasses (so I could see the track), and mounted the bike.

"Now there are a couple of things you ought to know about a racing bike..." Sperber began.

"Don't tell ME anything about riding bikes," I shot back in my best manner—the one where I puff my chest out as far as my waistline.

And with a little shove from Sperber I was off.

Soon I was cruising along pretty good, ducking in and out among the other entrants. There were 11 other riders on the track. Spectators had been cleared out so the place could be cleaned (and health regulations) and the riders were just cruising.

They thought rather highly of my performance, smiling encouragement as I whipped by, coat tails trailing out behind.

One cleaning woman asked who I was, presumably for autograph purposes, and Sperber shouted to her:

"That's Jim Becker."

her that I was the AP team. I felt the least she deserved was an exhibition of my real speed. I pumped a couple of times and got up to 25 miles an hour.

"Look out, he's going to steal a lap," joked one of the riders. Then I suddenly discovered something about racing bikes.

No brakes.

And you can't coast. As long as the wheels keep going around the pedals do, too. This was an unforeseen development. There wasn't any way to slow down and at the speed I was going I would have to ride up on the banked turns around the track edge. That is something like riding up a wall in fact, it's exactly like riding up a wall.

Exercising inside good judgment, I grabbed the rear rail and cut speed enough to stay on the inside of the track. I came speeding off the bank and hurtled down the straightaway.

Straight ahead was another banked turn. Realize the predicament.

The bike and I were flying along at 35 miles an hour. I couldn't stop. (Bike riders slow down by rubbing their heavy gloves against the front wheels. I had no gloves.)

If I didn't keep pedaling I wouldn't have enough speed to hold the bank. If I did I'd come off the turn like a bat and go flying into the next one. And the next one. That could go on for six days. What would I tell my wife? That I was out riding with the boys?

To pedal or not to pedal was an academic question, it turned out, because my feet had slipped off the pedals and they were spinning around, hitting me in the ankles. The bike sped into the bank, rode high up, then began losing speed.

The bike and I hit the floor together. It was unhurt. And, except for a little cut on my hand, busted glasses, a dirty suit, and a wounded pride, so was I.

Conclusion: Amateurs should never meddle with a pedal in a six-day bike race.

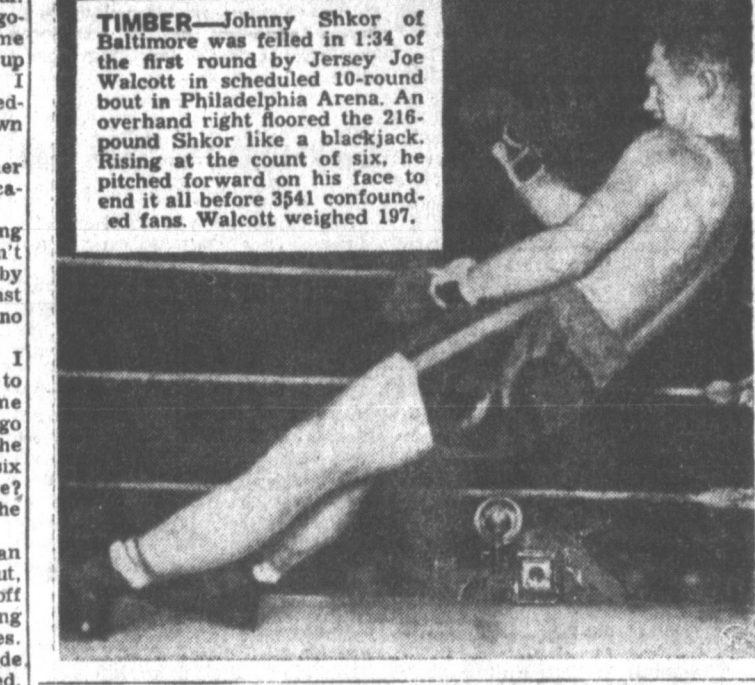

### Tonto Coleman May Leave AAG

ABILENE — (AP) — Don Morris, president of Abilene Christian College, Saturday night said he had no "official statement" to make on the rumor that ACC football Coach A. M. (Tonto) Coleman was resigning.

It has been rumored that Coleman planned to quit and accept a job in Florida.

Coleman was unavailable for comment, and Morris refused to elaborate on his statement.

Rolling in a Cedar Rapids, Ia., league recently, a team hit 757-257-757. The opposition team rolled 678 and 678 but spoiled the pattern by climbing to 765 in the final.

**TIMBER**—Johnny Shkor of Baltimore was felled in 1:34 of the first round by Jersey Joe Walcott in scheduled 10-round bout in Philadelphia Arena. An overhead rind floored the 216-pound Shkor like a blackjack. Rising at the count of six, he pitched forward on his face to end it all before 3541 confounded fans. Walcott weighed 197.

## WARREN'S WARMUP

By Warren Hasso—News Sports Editor

QUESTION: What is the most extra holes that any PGA tournament has gone in the finals to get a winner?

THE BORGER GASSER baseball school, just completed, was a mighty fine thing for the youngsters around this part of the country. It is the first time that anything of its kind has been done in this immediate area, and it afforded several boys a chance to test their skill. Most of the tryout camps are so far removed from this area that a boy can't afford to go to one, footing his own expenses.

The Borger management was especially pleased with the operation of this school in its first year. The fact that they got several boys out of it that they consider capable of playing organized baseball and going someplace made it worthwhile, but it also brought some good will to the club and, too, attracted a lot of baseball interest in the city. About 500 fans witnessed the baseball game yesterday afternoon that concluded the school — and all for free.

The school was very well run by present Gasser Manager Mickey Burnett and former manager Eddie Carnett. Both showed much interest in the boys, and whether or not the boy appeared to have any possibilities they were always willing to point out errors in the play and offer advice.

Enthusiasm for this year's school came from as far away as Minnesota and Michigan, but not all of the boys who asked to enter the school showed up for opening day. Next season's will probably be even bigger when the boys find out that the gassers weren't kidding about signing them to contracts.

Tomorrow the Gassers will open drills with a pretty-much remodeled ball club. The entire infield will be new. The only old member of the club who will be in the infield will be Eddie Carnett, who last season performed in the outfield most of the season. A new catcher will be on hand and much of the pitching staff will be changed. Jack Venable and Hugh King are with the Dallas Eagles at present.

Back with the club are George Washington Matthews and Jim Batechelor on the mound; Nim Free was on hand to run around the outfield. Clyde Bell has signed with Rowell, and Verdun Gilchrist, who was also on hand yesterday, is going to summer school this season so that he can keep teaching in the Borger School system, and probably will have to leave out of baseball.

Gone are the faces of Gordon Nell and Ziggy Sears. Nell is going to manage the Dumas independent semi-pro club that will be a strong outfit. Along with Nellie on that club will be several faces from the West Texas-New Mexico League, including Grover Seitz and Tommy Fox.

The Borger owners have decided that a good defense is the best offense in this league, and believing such have tried hard to build up a fast, steady ball club, giving up quite a bit of batting punch in doing so. They are also a farm club of the Oklahoma City Indians this year, and in producing talent for that organization will have to be a younger ball club, not an old folks home.

Here at Pampa, spring training opens one week from today. The new manager of the Oilers, Virgil Richardson, is in town and getting settled down to take over the reins of the club for his first season. The rest of the team will be drifting into town this week. The horsehide will probably be flying around the park this week as some of the early arrivals start to get into shape.

The field is in fine shape already. Everything has been repainted and a new scoreboard to go in centerfield has been promised by owner R. L. Edmondson. The field has been filled in, so that in bad weather there won't be lingering mud holes in the low spots and the grass has already started to show some color after lengthy soakings.

With the cooperation of the weatherman through the spring season the club should get off to a good start this year.

### Longview Boss Is Reappointed

LONGVIEW — (AP) — The Longview Texans Saturday reappointed E. D. (Dixie) Parsons, veteran former Detroit, Buffalo and Beaumont catcher, manager for their 1950 East Texas League baseball campaign.

His appointment completes the roster of managers in the circuit for the coming season, which opens April 18.

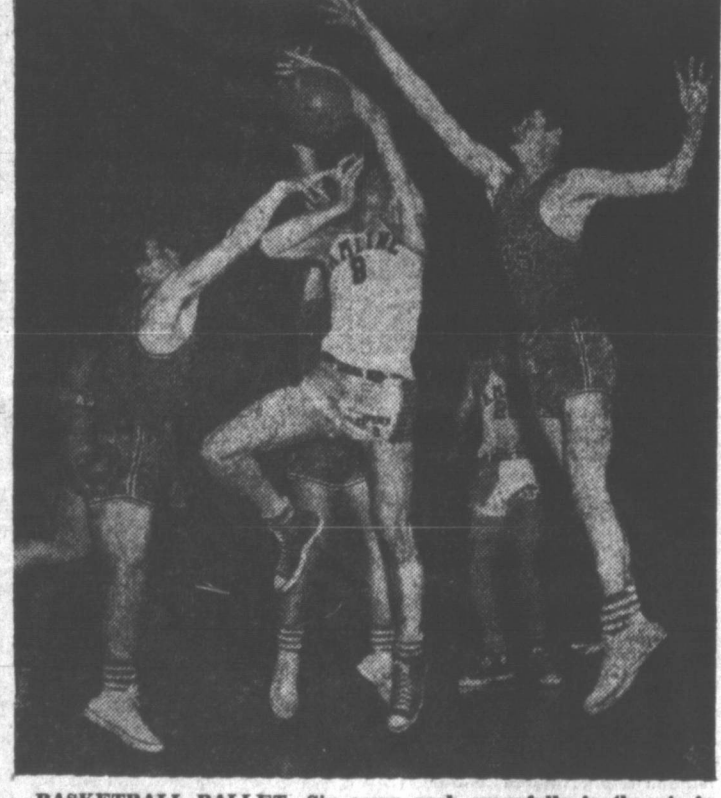

Parsons has been manager of the Longview club for the past two years. His team finished second in 1948 and grabbed first place last year.

### Dumbest Trout Found in Montana

HELENA, Mont. — (AP) — Here's one that should start some arguments among trout fishermen.

The state game and fish department has figured that in Montana streams eastern brook trout are the most stupid breed (about getting caught, that is), the native cutthroat next in stupidity, the rainbow next and the German brown the smartest of the four.

The department arrived at this controversial conclusion through a check of 22 streams last year in an effort to find out how long trout survive. The 1,023 fish examined had an average age of 2.4 years. By species, the brook trout 1.7 cutthroat 2.1, rainbow 2.4 and brown 2.7.

**BASKETBALL BALLET**—Six arms arch gracefully in the air in this basketball ballet during the Hamilton University-Central College NAIA tournament game at Kansas City, Mo. Reaching for the ball are (left to right): Gil Georgeff (23), Central's Bob Lundsten (8), Hamilton; and Ed Christian (45), Central. An unidentified Central player, behind Lundsten, also reaches an arm for the ball. The Fayette, Mo., college defeated top-seeded Hamilton, 61-51, St. Paul, Minn., 76-66 to enter the quarter-finals. Hamilton's No. 30 is Jim Fritsche. (Associated Press Photo)

## Posies to party-line telephone users

OUR THANKS to you and the thousands of others whose willingness to "share the line" has made it possible for so many of your friends and neighbors to enjoy the protection and convenience of a telephone.

Three of every four home telephones today are party lines.

Yes, party lines have "stretched" hard-to-get telephone equipment in a time of shortages and a big demand for service.

Our goal, of course, is service for everyone—the kind he wants, when and where he wants it. For the time being, though, in many neighborhoods we must continue to say:

"We can offer only party-line service to new customers. It's the fair way for everybody while we're still working to get telephones to hundreds of people who are waiting."

The Way You Do A Job Counts

It's not always what you do, but the way you do it. That was pretty well proven in the fact that the first school bond issue over a year ago failed, while Saturday's went over about three to one.

While the first election proposal was prepared essentially by the school board and the superintendent and put out to the people more or less to take or leave, this one had the backing of a large group of citizens from the beginning.

In other words the citizens were approached and sold on the plan, which is not so different from the first one. Then they were called in to help plan it and to sell it to the other citizens.

This seems to show that there is a right approach and a wrong approach to an effort. Influential people of the community, left out of a plan often use their influence against the plan when it is put up in the light of public scrutiny.

But if they feel they helped plan it, they will stand behind it.

In Hollywood

By ERSKINE JOHNSON

NEA Staff Correspondent

HOLLYWOOD — (NEA) — Behind the screen:

Now it's "hungry love."

Frank Sinatra and Ava Gardner

are a charming couple in their minds about spaghetti dinners when they read this.

"They were having a spaghetti dinner together in Houston, Tex., when Frank

boy threatened a photographer.

Day Kirk Douglas started work in "Young Man with a Horn" for director Mike Curtiz. Mike asked him, "Tell me, you eat a big lunch?"

"No," said Kirk, "very little."

"Good," said Mike. "We have a lot of love scenes and love she is a delicate emotion. She is a kind of hunger and not to be tempted with a full stomach. Make hungry love, my boy, and the ladies will flock to see your pictures."

"No," said Kirk, "very little."

"Good," said Mike. "We have a lot of love scenes and love she is a delicate emotion. She is a kind of hunger and not to be tempted with a full stomach. Make hungry love, my boy, and the ladies will flock to see your pictures."

"No," said Kirk, "very little."

Germany: a Problem for United States Officials

By JOHN FISHER

The American proposal for a united Germany by free elections next fall must be a good idea, otherwise the Communists would not be screaming so loudly against it.

By declaring that unification is a major aim of United States policy, High Commissioner John J. McCloy has seized for our side an issue with which the Russian opportunists have been making political hay even in West Germany.

But the single diplomatic success is not enough to quell mounting trouble in free Germany. Lately new problems have snowballed, especially a revulsion toward self-defense and a revival of nationalism and chauvinism, which Stalin is cleverly exploiting.

Germany still is our very sick patient and still is on the danger list. REIDS BELABOR AMERICANS Ever since the (Russian) German Democratic Republic was founded last October Red Germans have been telling their neighbors under the Bonn government that only high-minded Moscow desires a united Germany and that the selfish American plan is for perpetual dismemberment.

"The Americans are treating the German people as slaves," cried Wilhelm Pieck, chairman of the Socialist Unity (Communist) Party. "The swastika, parasitic life of higher occupation authorities, the meddling of these authorities in vital German affairs is giving rise to indignation against the arbitrary colonial regime."

A mass meeting was held in East Berlin near the French sector. City residents and delegates from the West coined the slogan: "Berlin must be the capital of a united Germany." Similar Communist demonstrations occur from the Baltic to the Rhine. NOT MILITARISTIC

A second method for alienating German from Americans is the Communist charge that we plan to rebuild a Hitlerite army and make Germany a Battleground. Allied military chiefs have hinted that eventually German manpower should be considered in a plan of general rearmament. A suggestion has been distorted by the wily Reds.

The majority of Germans, including Chancellor Adenauer, are opposed to rearmament. About 60 percent of the persons queried in a recent poll declared against military service. Communist youth placarded ULM (American sector) with the following poster:

Anyone who is prepared to take up arms as a hireling we regard as an inhuman adventurer. We will resist all trends toward rearmament. We do not want to don uniforms again and be commanded by militarists. We want to work for peace in overalls.

Communists inspired the mothers of 7,000 school children in Veltbert (British zone) to sign a round-robin declaring: "We mothers do not want ever again to see our children victims of a bloody massacre."

Yet in the Russian-sponsored republic the hypocrites have Moscow as their ally. They pretend to believe that Americans favor a rebirth of fascism and they announce that Communists deplore the resurgence.

The truth is that United States officials in Frankfurt view the resurgence of nationalism with misgiving. They are aware that

and there were no jobs. He borrowed \$150 to pay his way to the Orient.

When he got to San Francisco he found the shipping strike was on. He stowed away aboard a Japanese boat. He planned to give himself up when the ship left port and work his way across.

U. S. laws interfered. When the boat reached Honolulu, he was turned over to U. S. authorities. He told his story to a judge, who told him he could leave on the next boat if he paid his way.

That cost \$100 of his \$150. He took the first job he could get, which was teaching in an American YMCA college in China. It was a bare living. On the side he started free-lance writing.

He wrote editorials on American affairs for Hankow Herald. He wrote a piece on the Chinese famine and another on opium control for Esquire magazine that lasted three months. He was 25 at the time, and he admits now that a lot of his copy was drivel.

But then he got a job as string correspondent in Central China for Associated Press. He was in Japan when the Japanese invasion of China began, AP put him on full time.

BEHIND GUERRILLA LINES As Chinese Nationalist resistance to the Japs crumbled in North China, the only opposition came from Communist-trained guerrillas. Hanson found his way through U. S. missionaries, of getting into guerrilla territory. He arranged with guerrilla officers to smuggle his dispatches and photos through the Japs into Shanghai. Every one got through. It was a good reporting job. He won commendation from the AP management and one of his dispatches was picked up by Reader's Digest.

Hanson's book "Story of the China War," from which Sen. McCarthy quoted passages, is just what the title implies. It is a

reporter's book. It tells what he saw good and bad on the Japanese, Chinese and Communist guerrilla fronts. It includes an interview with Mao Tse Tung, Communist leader, one of the few obtained by any U. S. reporter.

The book didn't sell very well. Two chapters were reprinted by "Amerasia," later revealed as a Communist-front magazine. For fear East propaganda. Other articles by Hanson went into "Pacific Affairs," official publication of Institute of Pacific Relations.

In 1942 Hanson got a job with State Department handling public relations for the Chinese cultural cooperation program. He rose rapidly and during the war was executive assistant to assistant secretary of state, now Sen. William Benton, handling the Smith-Mundt bill.

In 1948 Hanson's name appeared on a list of 11 State Department employees suspected of Communist sympathies. The list was first shown this writer by Rep. Carol Reece of Tennessee, Republican national chairman. The list was not published because of a warning by Assistant Secretary of State Donald S. Russell, law partner to Secretary Byrnes, that it was libelous. On the list was the name of Carl Aldo Marzani, later convicted of perjury for swearing he was not a Communist. But all of the other 10 were subsequently cleared.

In 1947 Rep. Fred Busbey of Illinois made a speech on the House floor, naming Hanson and three other State Department employees. All four were cleared by the president's loyalty probe of 1947-48.

Sen. McCarthy has now picked up the old charges concerning Hanson and given them another airing, in spite of the fact that he has twice before been accused, investigated and cleared of suspicion.

CommonGround

By R. C. MOILES

Thoreau As a Pioneer Of American Freedom

I have been quoting from some of the ideas of pioneers of American freedom as set forth by the German author Rudolph Rocker in his great new book "Pioneers of American Freedom." It will be interesting to see what Dr. Thoreau went to jail because he would not pay taxes when the money was being used to catch slaves and return them to their owners. His was a real "Duty above all else" obedience" was the result of this jail sentence. Here is a quotation from this masterpiece of Thoreau's.

"The mass of men serve the State as horses, not as men, but as machines, with their bodies. They are the standing army, and the militia, jailers, constables, posse comitatus, etc. In most cases there is no other power to check the judgment of the moral sense; but they put themselves on a level with wood and earth and stone; and wooden men can perhaps be manufactured that will serve the purpose as well. Such command no more respect than men of straw or a lump of dirt. They have the same sort of worth only as horses and dogs. Yet some of these even are commonly esteemed good citizens. Others—as most legislators, politicians, lawyers, ministers, and office-holders—are worth no more than the State itself; and they are commonly treated as enemies by it. A wise man will only be useful as a man, and will not submit to be clay, and 'stop a road' to keep the State together."

NATIONALISM RISES The acute housing shortage, the unemployment figure up to 1,750,000, the ingrained self-pity and the deeply rooted German tendency to submit meekly — or eagerly — to authoritarian government are factors that stimulate a nationalist revival.

Evidence of this upsurge is everywhere. The final set piece of a fireworks display during the festival of St. Sebastian in Cologne was a huge swastika that brought cheers. Best sellers are recently published "Biography of Goebbels," "Diary of Rosenberg" and Halder's "Hitler, the War Lord."

Youth movements, often led by former army and SS officers, are saturated with Nazi sentiment. In the last election young bullies tore down posters of Roosevelt and Hitler. The State chiefly by their heads; and as they rarely make any moral distinctions, they are as likely to serve the Devil, as they are to serve God. A very few heroes, patriots, martyrs, reformers in the great sense, and men, serve the State with their consciences also, and so necessarily sacrifice them. But they are commonly treated as enemies by it. A wise man will only be useful as a man, and will not submit to be clay, and 'stop a road' to keep the State together."

Various nationalist parties, including Bavarian chauvinists and Nationalist parties, in-refugee groups — all of which stand for one or more Hitler objectives — control approximately eight million votes or about a third of the electorate. If these blocs are ever welded into a single unit, they could seize Germany the minute the last allied soldier left the country.

Stalin has still another trick up his sleeve to bedevil the U. S. A. His spokesmen predict that he will offer a united, sovereign Germany an economic and military alliance similar to Bismarck's old one.

In greeting the new East German president, Stalin said, "There can be no doubt that the existence of a peace-loving, democratic Germany, side by side with a peaceful and free Soviet Union puts an end to bloodshed in Europe and makes impossible the enslaving of European countries by world imperialists."

The German and Soviet people possess the greatest potential in Europe for accomplishing great actions of world importance." In other words: "Team up and together we'll run things."

The German problem by itself is a headache for Washington. Stalin is doing everything possible to make it worse.

Gracie Says By GRACIE ALLEN According to a news item, "a Kansas City construction man recently fell nine stories in a material hoist and only a few muscles." It's a good thing he was in a hoist with muscles or it wouldn't have broken his fall.

My uncle once had a lucky break that. His bed was a walk-in closet. He was finally wakened in his sleep, so he always slept with an open umbrella in his hand. Then, in case he'd fall out on a rainy night he wouldn't get wet and catch cold. But, when he finally did walk out a window in his sleep, he'd miss the umbrella and only luck saved him. It was a basement window, so he fell back inside and woke himself up. Then he found the umbrella, reopened it, and went back to sleep.

reporter's book. It tells what he saw good and bad on the Japanese, Chinese and Communist guerrilla fronts. It includes an interview with Mao Tse Tung, Communist leader, one of the few obtained by any U. S. reporter.

The book didn't sell very well. Two chapters were reprinted by "Amerasia," later revealed as a Communist-front magazine. For fear East propaganda. Other articles by Hanson went into "Pacific Affairs," official publication of Institute of Pacific Relations.

In 1942 Hanson got a job with State Department handling public relations for the Chinese cultural cooperation program. He rose rapidly and during the war was executive assistant to assistant secretary of state, now Sen. William Benton, handling the Smith-Mundt bill.

In 1948 Hanson's name appeared on a list of 11 State Department employees suspected of Communist sympathies. The list was first shown this writer by Rep. Carol Reece of Tennessee, Republican national chairman. The list was not published because of a warning by Assistant Secretary of State Donald S. Russell, law partner to Secretary Byrnes, that it was libelous. On the list was the name of Carl Aldo Marzani, later convicted of perjury for swearing he was not a Communist. But all of the other 10 were subsequently cleared.

In 1947 Rep. Fred Busbey of Illinois made a speech on the House floor, naming Hanson and three other State Department employees. All four were cleared by the president's loyalty probe of 1947-48.

Hanson's book "Story of the China War," from which Sen. McCarthy quoted passages, is just what the title implies. It is a

Guided Missiles Are Already Here

By R. C. MOILES

Thoreau As a Pioneer Of American Freedom

I have been quoting from some of the ideas of pioneers of American freedom as set forth by the German author Rudolph Rocker in his great new book "Pioneers of American Freedom." It will be interesting to see what Dr. Thoreau went to jail because he would not pay taxes when the money was being used to catch slaves and return them to their owners. His was a real "Duty above all else" obedience" was the result of this jail sentence. Here is a quotation from this masterpiece of Thoreau's.

"The mass of men serve the State as horses, not as men, but as machines, with their bodies. They are the standing army, and the militia, jailers, constables, posse comitatus, etc. In most cases there is no other power to check the judgment of the moral sense; but they put themselves on a level with wood and earth and stone; and wooden men can perhaps be manufactured that will serve the purpose as well. Such command no more respect than men of straw or a lump of dirt. They have the same sort of worth only as horses and dogs. Yet some of these even are commonly esteemed good citizens. Others—as most legislators, politicians, lawyers, ministers, and office-holders—are worth no more than the State itself; and they are commonly treated as enemies by it. A wise man will only be useful as a man, and will not submit to be clay, and 'stop a road' to keep the State together."

NATIONALISM RISES The acute housing shortage, the unemployment figure up to 1,750,000, the ingrained self-pity and the deeply rooted German tendency to submit meekly — or eagerly — to authoritarian government are factors that stimulate a nationalist revival.

Evidence of this upsurge is everywhere. The final set piece of a fireworks display during the festival of St. Sebastian in Cologne was a huge swastika that brought cheers. Best sellers are recently published "Biography of Goebbels," "Diary of Rosenberg" and Halder's "Hitler, the War Lord."

Youth movements, often led by former army and SS officers, are saturated with Nazi sentiment. In the last election young bullies tore down posters of Roosevelt and Hitler. The State chiefly by their heads; and as they rarely make any moral distinctions, they are as likely to serve the Devil, as they are to serve God. A very few heroes, patriots, martyrs, reformers in the great sense, and men, serve the State with their consciences also, and so necessarily sacrifice them. But they are commonly treated as enemies by it. A wise man will only be useful as a man, and will not submit to be clay, and 'stop a road' to keep the State together."

Various nationalist parties, including Bavarian chauvinists and Nationalist parties, in-refugee groups — all of which stand for one or more Hitler objectives — control approximately eight million votes or about a third of the electorate. If these blocs are ever welded into a single unit, they could seize Germany the minute the last allied soldier left the country.

Stalin has still another trick up his sleeve to bedevil the U. S. A. His spokesmen predict that he will offer a united, sovereign Germany an economic and military alliance similar to Bismarck's old one.

In greeting the new East German president, Stalin said, "There can be no doubt that the existence of a peace-loving, democratic Germany, side by side with a peaceful and free Soviet Union puts an end to bloodshed in Europe and makes impossible the enslaving of European countries by world imperialists."

The German and Soviet people possess the greatest potential in Europe for accomplishing great actions of world importance." In other words: "Team up and together we'll run things."

The German problem by itself is a headache for Washington. Stalin is doing everything possible to make it worse.

Gracie Says By GRACIE ALLEN According to a news item, "a Kansas City construction man recently fell nine stories in a material hoist and only a few muscles." It's a good thing he was in a hoist with muscles or it wouldn't have broken his fall.

Plantin' Politics

By GORDON MARHTEN

# DISTAFF REIGNS AT CRYSTAL PALACE

## CRYSTAL PALACE CUSTOMERS WELCOME NEW MANAGEMENT

Hardly a day passes but what we read of an amazing, unique, astonishing, or record-breaking performance of some here-to-fore commonplace male as he makes quick entrance and blazing trail across the business firmament, to burn briefly, for awhile, and disappear in oblivion. The weaker sex seldom appears in boldface in the business world; but when they do, the Falstaff progeny are hard pressed to defend and retain their well-publicized laurels.

We have one such example in our midst. If you haven't had the enchanting pleasure of an introduction to Jo Austin, it's high time you were toddling up to the Crystal Palace, on North Cuyler, and giving yourself the pleasure of an introduction to the charming proprietress of the Crystal Palace.

Jo, as you now know, was a firmly entrenched in the Post Office News Stand for a long spell, until circumstances beyond her control forced her to relinquish her lease and search elsewhere for a business location.

A first impression of Jo Austin gives the lie to all the success stories you read, or the movie version of the successful distaff business executive. Don't let appearances deceive you.

The queen of the Crystal Palace is a good subject for a fashion article in a 'slick' Woman's magazine. She is faultlessly groomed at all hours of the day, like a model on her way to an assignment, and never loses the twinkle in a pair of brown eyes that do nip ups when she hears a good story from one of her customers. If you don't believe it, go in and have that morning cup of coffee at the Crystal Palace.

## POPULAR LOCAL DRUG HOUSE PURCHASED BY CLYDE OSWALT

Within a week, a new business name will appear on the corner of Cuyler and Foster. According to Clyde Oswalt, who recently purchased H. C. Berry's interest in Berry's Pharmacy. The new store will be called CLYDE'S PHARMACY.

It seems rather fitting that the dean of Pampa Pharmacists should suddenly become the major donor of one of the oldest pharmaceutical houses in the town. We write, of course, concerning Clyde Oswalt, new owner of Berry's Pharmacy.

The ultimate thule of every drug dispenser in the business seems to be the owning of his own Pharmacy. Such being the case, Clyde has reached the top spot in his profession. More power to him. We can think, at the moment, of no more deserving person to receive such an honor. If success is the champion of time and labor, Clyde Oswalt has made good use of the 'tools of his trade.' His reputation among local Doctors and rival Pharmacists is quite beyond reproach.

Clyde Oswalt first blinked his blue eyes at the light of day in Poshingo, Oklahoma. We won't hold that in his disfavor since he has become a full fledged Texan and defends our priceless heritage with all the fervor of a native. His success in the drug business is a dream come true, since he had held that goal in mind from his early youth.

Clyde has been active twenty-three years as a Pharmacist. He has been in Pampa the same amount of time. His history in Pampa is replete with stories of advancement in the profession. From twelve years as manager of a rival firm, to a partnership in Berry's Pharmacy, and now the ownership of Clyde's

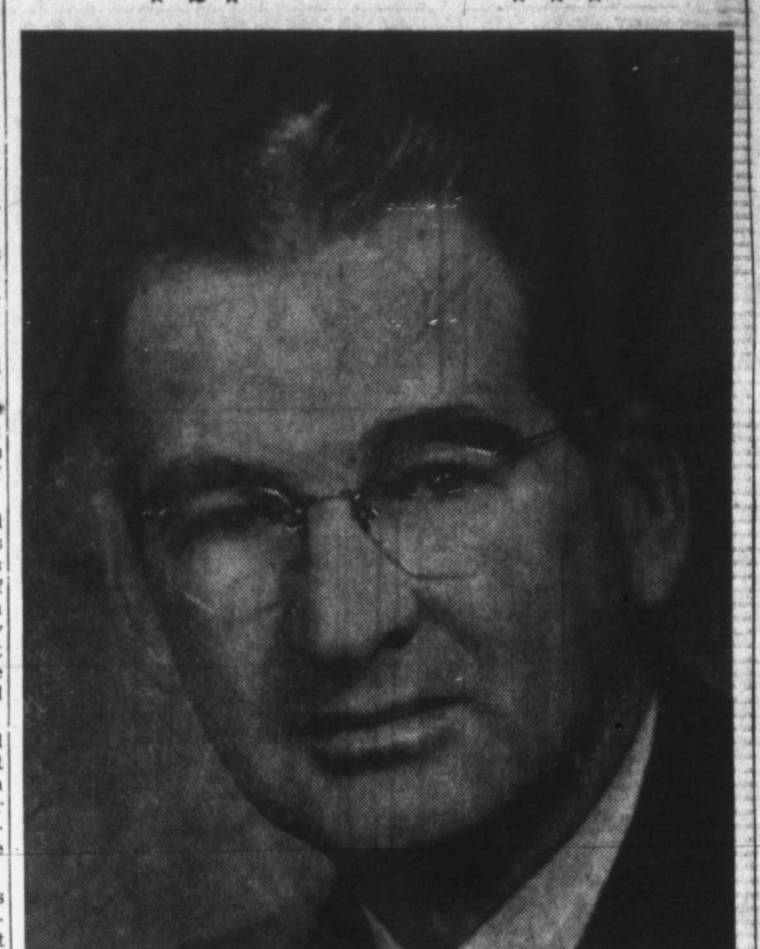

Pharmacy is a fair to middlin' testimony of the man's ability. While making his way in Pampa, Mr. Oswalt has become a respected member of the Chamber of Commerce. He is also active in Kiwanis and Elks Club affairs and swings a pretty mean stick on the links of the Pampa Country Club.

A good manager of a successful enterprise seldom takes all the credit for himself. Clyde Oswalt is no exception. We were specifically instructed to give full credit to the success of Clyde's Pharmacy to the fine team of employees active in the firm.

Mrs. Emma Olson, the head Cosmetician of the firm, has spent the last twenty-four years in Pampa. She has a wealth of experience at her command in solving your problems of beauty and beauty care, having spent the past seventeen years in the handling of cosmetics and allied materials.

Berta Osburn holds the second spot in the Cosmetology field at Clyde's Pharmacy. She has been with Clyde for more than a year and a half and has developed into an expert consultant in the beauty-aid field.

The coup d'etat of Clyde's new organization is the acquisition of Frank Lander as assistant to Mr. Oswalt. Mr. Lander, registered pharmacist, five long experience, almost twenty-five years, is a former resident of Pampa. He gave up a lucrative position in Borger, Texas, to accept a berth at Clyde's Pharmacy, in Pampa. Frank has been in the business for twenty years in Pampa and Borger. Pharmaceutical practice comes natural to the Lander family, and they seem to have a natural inclination toward Pampa. Frank's brother, Chet, as

Clyde Oswalt, popular local pharmacist, who recently purchased Berry's Pharmacy, from H. C. Berry. Mr. Oswalt will continue the business under the name of Clyde's Pharmacy.

**Petrol Pumping Suits Taylor at Cities Service**  
From the Pampa Daily News to peddling Petroleum products at the Schneider Garage might seem like a long and incongruous jump to some of us. But it was all in stride to Don Taylor.

Whether he's wearing the badge of a service station operator or reveling in the ambrosiac aroma of fresh newspaper and ink, he's a professional operator of first line importance.

Along with other extremely modern equipment in the field, the Schneider Garage boys are dispensing that Fine Cities Service motor oil from a new quick change oil dispenser. Can you imagine a three-minute oil change? It's true. Drive your car in a demonstration. In exactly three minutes (five, if you want two minutes to gab) your car's crankcase will be drained and refilled with Cities Service Motor Oil. No fuss, no muss, no bother to the operator from messy quart-by-quart dispensing of oil. No oil drip to collect dust and grime on the finish of your car. It's almost a 'presto-change-o' affair from start to finish.

While you are spending that money awaiting an oil change, you can make an appointment for some of the other services the Schneider Garage has to offer. Transmission and Differential might need checking. Don't forget the cooling system — hot weather is practically here. And, that gas tank won't last forever on the bottom half of capacity. Fill it clear up with Cities Service Gasoline. Don't forget the Night Appointment For Overhaul. Later might be too late.

**Paducah to Pampa—Maytag Magic Music to Heckled Housewives**  
Wherever you hear the various merits of home appliances tossed around pro and con, you'll never do full justice to the subject without a thorough going-over of Maytag.

Wherever you find progressive people, you'll find a progressive Maytag. Men have operated under the magic spell of the family from Newton, Iowa — Maytag.

Harold Rinehart and H. P. Doster, Jr., are no exceptions to the general run of Maytag Merchants. Although neither of them has spent many of his years in the appliance field, the boys who recently acquired the Pampa Maytag Company are thoroughly versed in salesmanship. They have surrounded themselves with capable men in all divisions of the appliance business. Few of you are there who are not acquainted with B. A. Ricketts and Raymond Kirbie. Ricketts boasts many years as a salesman of just about everything saleable. He's pretty happy with his present line, and is anxious for you to come in and let him show you the various wares of Pampa Maytag.

In the service field, Raymond Kirbie is in a class by himself. He has spent the past nine years practicing service engineering and mechanics on home appliances. If you are having trouble with an old and weary appliance, and cannot quite afford to buy a new one, Ray will keep it running for you. Better yet, start pulling up those pennies and let the boys at Pampa Maytag sell you a new washer, ironer, refrigerator, range or home freezer. That way, you can kill two birds with one stone. You'll have a new appliance and Ray's careful attention to its installation and initial operation.

141—does not carry his office under his hat. He is a man who possesses experience that enables him to render intelligent service to those who want to buy, sell or lease. Read the realtors ads daily in this paper.

142—WHEN AZALEA PALMER received Nadine Fennell's advice to hire a private detective, the desperate girl looked up Martin Queripel's name in the telephone book, but did not pause to telephone. Azalea decided it would mean waiting for an appointment at Queripel's convenience. He would probably put her off for a few days just to make himself important and hard to get.

143—The simply called her father's chauffeur, leapt into the car and told him to drive as fast as the law allowed and then step on the gas. She did not have any respect for the law, nowadays.

144—When she reached Queripel's address, she found big Timothy O'Hea in the outer office and demanded to see Mr. Queripel. She was quivering with fear that he might be out of town or out on a mission, so when O'Hea said, "I'll see if he's in," moved to Queripel's door and turned his high head to ask, "Who shall I say wants to see um?" he had to look down quickly to see her ducking under his arm and flashing straight to the desk where Queripel was studying a supposedly forged document under a microscope.

145—Queripel looked up from the

### FORT WORTH LIVESTOCK

**FORT WORTH, March 20**—(AP)—Cattle 2,100; calves 700; steers, except feed steers and yearlings, slow due to higher asking prices; good and choice feed steers and yearlings 24.00-27.00; common to medium 18.00-21.00; beef cows 16.50-20.00; good and choice fat calves 24.00-26.00; common to medium 18.50-22.50; stocker steers, medium to choice, 20.00-27.00; stocker heifer calves 20.00; downy stocker yearlings 18.00-25.50.

Hogs 2,900; butcher hogs and sows, 25-50c lower; feeder pigs unchanged; good and choice 185-270 lb butchers 16.25-27; good and choice 175-275 lb and 150-180 lb 14.75-16.25; sows 13.00-14.50; feeder pigs 11.00-14.00.

It takes the sun until June or July to melt the last of winter's snow in many mountains of the west.

## McKenney On Bridge

**By WILLIAM E. MCKENNEY**  
America's Card Authority  
Written for NEA Service  
This is the fifth of a series of articles on trump coups.  
On the opening lead of the eight diamonds, declarer played the jack from dummy and West's king held the trick. West returned a small diamond, hoping that his partner could ruff, but dummy's nine won the trick. Declarer returned the six of spades from dummy and fished the ten spot, which held.  
A small club was led and dummy's jack finished. When it held,

**FOOD HANDLERS SCHOOL STARTS**—E. M. Mundine (right) welcomes C. C. Bredelove, public health instructor of the Public Health Division of Texas State Department of Health, to the five-day food handlers school which started at 9 a. m. today in the City Palm Room. The school, sponsored jointly by the Pampa and Gray County Health Department and state department, is open to anyone who works with food. (News Photo and Engraving)

## SCHOOL

(Continued from Page 1)  
ference to meet the emergency created by the fire. They arranged for classes to be conducted in Phillips churches.

The high school, erected in 1935 at a cost of \$120,000 was a total loss. Johnson said it would take from \$300,000 to a half-million dollars to replace the entire building and equipment. The improvements of the building were valued at \$300,000 and the equipment nearly \$200,000.

The building included 15 classrooms, gymnasium-auditorium, library, science laboratories and music room. Some of the most valued equipment lost included 20 typewriters and a tape-recording machine; Coach Chesty Walker's picture of athletes and one instructor's unfinished master's thesis had been working on for 17 months.

## Studebaker Model Put on Display Here

The first custom Studebaker, the Champion Custom, is on display at Lewis Motors, 211 N. Ballard, it was announced today. The car is the newest production of the company to compete with the cars in the low-price field, Wesley Lewis, agent, said.

A half-dozen men climbed through windows of the east side of the building in an effort to salvage equipment. They had barely escaped when the east wall crumpled, but none was injured. When the front wall toppled around 6 p. m., several firemen narrowly escaped serious injury. Johnson managed to salvage a few records from his office. He said the high school records were kept in a supposedly fireproof safe, which is in the debris.

## Heart, Blood Diseases Still Leading List

**NEW YORK**—Two out of every three dollars of the \$269,000,000 in death claim payments by a leading life insurance company in 1949 were for deaths from diseases of the heart and blood vessels, or from cancer, the company's statisticians report. More than half of the payments — \$139,175,000 — were for deaths from the chronic diseases of the heart and blood vessels. Ten years ago the proportion paid out for the diseases of this group was only about 44 percent.

Cancer payments totaling \$45,601,000 comprised 17 percent of the king of hearts was played and the six of diamonds discarded by declarer. Then the good queen of diamonds was led from dummy. West refused to trump, discarding the six of clubs, and declarer discarded the nine of clubs. The ace of clubs was cashed, and now declarer led the jack of hearts from dummy. West was forced to trump with the eight of spades, declarer overtrumped with the queen, and made the last trick with the ace, scoring five-odd.

If West had trumped in on the diamond, East would have been squeezed.

North now led his heart and East went in with the ace. If East returned a club, it would be into declarer's queen. He elected to return a small heart. The ten was played from dummy, and although this was a winning card, declarer realized that he must shorten his hand in trump so he deliberately discarded a trump on dummy's good ten of hearts.

## Good Samaritan Gets 'Bang' Out of Life

**CORPUS CHRISTI**—(AP)—R. L. Taylor, 26, of Corpus Christi, got in trouble doing a good deed. Taylor opened the trunk of his car for tools to help a motorist with a stalled car. A third car hit the stalled car. The stalled car smashed against Taylor, breaking both his knees. The impact knocked down the trunk lid on Taylor's car, and the lid struck Taylor on the nose.

last year's total, as compared with 23.4 percent 10 years ago. Part of this rise is due to more accurate diagnosis of cancer as the cause of death, according to the statisticians. Polio death claims totaled \$741,000, more than twice as much as in 1948 or 1946, the most recent previous epidemic years. The amount paid for poliomyelitis claims in 1949 was only 3 percent of the total, it was nine times as much as for the communicable diseases of childhood as a group, and 14 times as much as for cerebrospinal meningitis, the statisticians note.

Although the total paid out in death claims for all causes combined increased by almost 60 percent from 1939 to 1949, payments for deaths from tuberculosis were 20 percent lower and from pneumonia and influenza 40 percent lower last year than they were 10 years ago.

## Five Rare Books On Botany Are Given Texas Tech

**LUBBOCK**—Five rare volumes on American flora which are to naturalists what Audubon's books are to ornithologists have been acquired by the Texas Technological College Library. Lorrain R. C. Janeway said the complete set of "North American Sylva, or a Description of the Forest Trees of the United States, Canada and Nova Scotia," have been obtained from Miss Alice Andrews of St. Paul, Minn. The work was prepared by Francois Andre Michaux and Thomas Nuttall and published in 1885.

The five volumes contain 277 colored engravings, many of them made from Nuttall's drawings which he made while traveling with Audubon on a trip to the West. Nuttall was a pioneer naturalist and member of the American Philosophical Society. Janeway said the leather-bound, gilt-edge paper volumes are in outstanding condition.

## Fourth Army Chief Checks 7th Division

**TEMPLE**—(AP)—Lt. Gen. LeRoy Lutes, commander of the Fourth Army, will check over the striking power of the Second Armored Division here today.

# FAMOUS DOCTOR TELLS HOW TO LOSE UGLY FAT SAFELY!

*A New York physician's observations on obesity contain a helpful message for millions who want an effortless way to lose excess fat.*

## Is there an "Easier Way" to Reduce?

by Frederic Damrau, M. D.

I sincerely pity the woman who sits across from my consultation desk. The supposed policy of fat people was certainly denied by the tragic look in her eyes. She wanted unconditionally, and little beads of perspiration stood out on her face, although the day was not warm. Her husband, who had brought her to my office, had left her without a word or a backward look.

"It isn't that I don't try to reduce, doctor," she was saying. "I've tried everything. Exercise, massage, every kind of diet you can imagine. . . . The passed quality, when worn on. But I've not all kinds of diets. But I get so hungry, and feel so weak after just a few days. Are you sure there's nothing glandular about my condition?"

Yes, I was sure. Through and repeated examination I had produced no evidence that her 35-odd excess pounds were due to anything but an overabundant

caloric intake. She was like so many thousands of sedentary people with systems craving food energy, yet lacking the hourly opportunity to work it off. Their systems attempt to cut down on calories produce such and inner tension as to shake the strongest wills, and the minutes of planned exercise they make are a painful punishment for daily physical greed.

Unfortunately, the human body is normally so constructed that a high percentage of people have a physical craving for more fat producing food than their daily activity can absorb. With these people, the constant battle between their appetites and their ability to "burn up" food usually has not one outcome—exercise is fat with its misery, discomfort, shame, and serious threat to health. Now there are only two basic ways of "turning the

wheel" (literally and figuratively) in this battle. One is to cut down the amount of fattening food you eat, and the other is to find some way to make your body consume it faster and more completely. The latter way is expected for most people, and impossible for some. For this reason "reducing diets" of some kind are the generally accepted means of weight control.

There is nothing wrong with sensible reducing diets except that most people simply will not follow them. At best, they get hungry and impatient with results too soon. At worst, especially with many "fad" diets and self-imposed regimens, they develop weakness and other symptoms far more serious than hunger. It is all right to joke about "getting exercise by pushing away from the table." It is all right to rob the system of needed nutritional elements while trying to cut down on fat-producing foods.

On the other hand, some people are always "dieting"—yet they never lose a pound. They eat, pleasure, "I don't eat bread. I don't eat potatoes." It is what they do eat that makes them fat, it is what they do eat! We can be very sure of one thing. Any diet that causes much hunger will be followed by few people long enough to do much good.

It is clear, then, that the ideal reducing method would involve a dietary supplement to accomplish two necessary tasks: (1) to make dieting easy and pleasant by cutting down hunger, and (2) to replace, in its missing form, the essential elements that are usually lost to the system when the caloric intake is reduced.

Fortunately for thousands of people, including the woman I have just mentioned, such a method is now available, proved safe and effective in stubborn cases from coast to coast, and in more than 150 clinical tests of record. It involves the daily introduction of a harmless vitamin-mineral compound called KYRON

into the diet of patients who need help in taking off weight. In concentrated tablet form, it not only helps appear hunger, but supplies energy-building vitamins while cutting down appetite for fattening foods. Thus it becomes an easy matter for patients to regulate food consumption to achieve the desired weight reduction.

KYRON, of course, has no cathartic or thyroid properties. I have personally checked the formula, and it contains nothing but the purest and safest nutritional ingredients, compounded by skilled technicians in the most up-to-date laboratory surroundings. Two types of tablets, to be taken in specified daily doses, are supplied. With easy dietary adjustments, the regimen has reduced excess fat safely at rates as high as a pound a day.

For the woman whose plight I mentioned at the start of this article, the KYRON way has been of inestimable value. Just nine weeks after that visit, I met her on the street—and almost failed to recognize her! She looked at least ten years younger, glowed with healthy happiness, and her trim figure would have done credit to any motion picture star. Her husband joined me as we talked, and it took no guesswork to see the effect that her changed appearance had worked on him. From bored indifference, which I had previously noted with regret, his attitude toward her had become one of eager admiration and affection.

This new reducing method is not a "cure-all," and it does require full cooperation on the part of the patient. Such requirements are reduced to a minimum, however, and the relative speed of results usually offsets them. The KYRON way is constantly worth a trial by all sufferers from non-glandular obesity who want help in removing fatty pounds and regaining a slim, healthy, youthful-looking figure.

## NOW YOU CAN LOSE UP TO 7 POUNDS THE VERY FIRST WEEK ... WITHOUT STARVATION, EXERCISE, OR HARMFUL DRUGS!

**Keeps Energy Up—While Your Weight Goes Down!**  
The Kyron way does not require you to swallow any dangerous reducing drugs or laxatives. You take no exercise, never go hungry. Instead, you find yourself automatically satisfied with less food, while nutritious Kyron ingredients supply vitamins and minerals to make you feel better than ever. You can watch your figure growing slimmer, lovelier, younger-looking—day by day. See for yourself—thousands have—how quickly those hated pounds go, the safe Kyron way.

**It's FUN to Be Slender!** Everybody's happy when you lose weight and inches this way. As soon as those extra bulges begin to disappear, men quickly discover how charming you are. Romance and good times have returned to thousands, thanks to the Kyron way. Why let ugly fat chase you out of the best thing in life? Get Kyron today—be slimmer, slimmer, next week—or Kyron costs you nothing! Make the sensational 7-day Kyron non-risk trial NOW!

**OVER 150 CLINICAL TESTS PROVE KYRON SAFE, SURE!**  
Copies of clinical records, proving the safe effectiveness of the Kyron way, are open for your inspection. The Kyron formula is prepared by leading physicians, and guaranteed safe by one of the world's largest insurance companies. You take no chances—when you reduce the KYRON way!

**REDUCE SAFELY THE KYRON WAY**  
Not for Glaucoma, Obesity, or Heart Cases. Excess Weight is Caused by Unwise Eating Which KYRON Can Help Correct.

**MONEY-BACK GUARANTEE**  
Lose Up to 7 Pounds First 7 Days—Or No Cost To You!  
Try the Kyron way 7 days without risking a penny. Get money and follow reducing directions. If you are not completely satisfied with results, simply return empty package and your full purchase price will be refunded immediately.
