

Miners Facing Peril of Big Court Fines

WASHINGTON — (AP) — The entire treasury of the striking coal miners, variously figured at \$12,000,000 to \$20,000,000, was endangered today by their defiance of a court order once again to end a coal strike.

Reports from the coal fields showed a spirit of rebellious indifference to the situation.

The United Mine Workers — but not President John L. Lewis personally — was cited for contempt of court here yesterday by Judge Richmond B. Keach, who had issued the back-to-work order.

The union was given until Friday to clear itself of contempt by getting the 872,000 idle miners back to work. Union lawyers were told to explain Friday if the men are still out.

"That didn't seem to bother the miners. They expressed such comments in the Pennsylvania fields as 'nobody is going to pay any attention to a contempt citation.'"

Another: "Let them fine us until our money is gone."

Mine disorders were reported, especially in Eastern Kentucky.

If the union doesn't comply with the back-to-work order by Friday to the satisfaction of the court, it will mean a hearing next Monday before Judge Keach. The UMW could be fined any amount the judge deems proper. If still out next Monday the strikers will have been in defiance of the court order for two weeks. The order was renewed yesterday until March 2.

The union paid \$2,150,000 in two fines for similar scrapes with the courts in 1946 and 1948.

Judge Keach could wipe out the UMW's rich holdings, built from almost nothing since 1933. These assets consists of huge bank accounts, four valuable Washington office buildings only a couple of blocks from the White House, bonds and bank stocks.

Lewis was held responsible along with the union both previous times. He has met the court's orders this time. Two communications from Lewis failed to get the miners back to the job. They insisted on lifting again their traditional war-cry: "No contract, no work." They have been without a contract since the old one expired last June 30.

Lewis has been whittling away at once-enormous coal stockpiles to improve the miners' bargaining position in the meantime. Two strikes and a three-day work week have brought the nation's coal reserves to an amount estimated at barely enough to last 30 days.

The negotiations which could settle the contract dispute, ordered by Judge Keach, showed little progress in the opinion of Ceciliation Director Cyril S. Ching, who sat in yesterday on the discussions.

GREAT DAY COMING—This wistful chap, gazing uphill at Derby Downs, Akron, Ohio, typifies the hopes of thousands of Soap Box Derby boys. Aug. 13 will be a great day for some boy from this area; for on that day he will run in the 13th annual All-American Soap Box Derby at Akron.

Registration for Derby Is Now Open

By WARREN HASSE, News Sports Editor

Get ready now, boys, for the greatest year of Derby racing in the history of this great event.

It's the thirtieth year of the All-American Soap Box Derby and the "Tucky year for American boys."

The Soap Box Derby will be co-sponsored here by The Pampa News, Culberson Chevrolet and the Chevrolet Motor Division and the Pampa Lions Club.

It is a good idea to enter right away if you plan to build and race a gravity-powered car down that hill on Derby Day. It takes careful planning and good craftsmanship to build one of the cars. You will need lots of time to do it.

Entry blanks are available at Culberson Chevrolet. Just go there and they will be glad to help you fill one out, and to assist you with any problems you may have in connection with the Derby.

Remember, though, that one of your parents must go with you to the dealer, and must sign the application with you.

You will also be given your copy of the 1950 Soap Box Derby Rule Book, just off the presses. This will be your guide in designing, building and racing your prize-winning car.

There are several changes in the rules this year, but no rule is more important than the one which says you must build and drive your own car. No adult help is permitted. Your father or manual training teacher may advise you, but he must not do any of the actual work on the car. Remember, too, that your car may cost no more than \$6, excluding the cost of the wheels and axle-sets and the steering system.

Each year the All-American Soap Box Derby becomes larger and better, both from the standpoint of the number of boys entering, and the spectator interest. It is expected that approximately 50,000 boys this year will enter the 150 authorized Derby races throughout the country.

The local winner will receive many handsome prizes, including the T. H. Keating award, given by the general manager of the Chevrolet Motor Division, and merchandise awards. But best of all, he will receive a trip to Akron as a gift of The Pampa News, so he will be on hand to represent this city in the national and international finals on Aug. 13.

The national champion receives a \$5,000 college scholarship and the runner-up receives a Chevrolet sedan, both gifts of the Chevrolet Motor Division. Other prizes and trophies go to top-place winners.

So boys, hurry on to Culberson Chevrolet right away, fill out your entry blank, get your 1950 Soap Box Derby Rule Book and start to build your racer right away.

British Get Ready for Big Election

LONDON — (AP) — A top Laborite appealed to his party today to put on a final burst of speed in the campaign to put the British Labor Party over the top in Thursday's election.

"Much will depend on which political party is successful in polling its full strength on Thursday," Deputy Prime Minister Herbert L. Morrison told a news conference.

Morrison urged concentration on the domestic issues to draw the support of those he called Britain's "useful people."

At the same time the Conservatives appeared confident that Winston Churchill's call for a conference of peace and atom control had won Prime Minister Stalin had posed the outstanding issue of the campaign.

Churchill claimed this issue has "dominated the election," and Lord Woolton, Conservative Party chairman, told a rally at Lambeth today that the Conservatives have the Labor Party "on the run."

Prime Minister Attlee continued to hammer away at domestic issues, standing on his record and asking the people for a new term to "take you along the rest of the road" to recovery.

Attlee mentioned briefly, however, his own party's international policy as "trying to build up not only in this country but in the world the kind of conditions that make for peace."

Scorning the views of his Labor Party opponents that the subject of big power talks to end the cold war should not be raised at election time, the 75-year-old Churchill said yesterday in Manchester, told a rally at Lambeth that he would be called upon to vote on this as well as domestic issues.

Local Talent Still Needed

More local talent still is needed for "Talk of the Town," 19th annual Lions Club minstrel, which will be held March 16 and 17.

Vernon McCracken, director, said last night's talent party was successful but additional talent can be used in the show.

About 65 Pampans attended the try-outs, held in the City Palm Room. McCracken said, "We were able to select most of the skits, casts and many solo parts."

Rehearsal will start at 3:45 p.m. today in the Palm Room and will continue until 10 p.m. This will be a daily practice until the opening performance, McCracken said.

Other rehearsals scheduled this far are for a play today and tomorrow. Additional Pampans are expected to attend tomorrow's rehearsal since it will be a chorus practice.

McCracken said others who are interested in taking part in the show may contact him at the rehearsal or telephone him at the Schneider Hotel.

Robbery Victim Held as Suspect

DALLAS — (AP) — Two Louisiana officers are here to take into custody Francis G. (Curly) Maloney, 58, accused of robbing the Old Southport Club near New Orleans of \$28,000 last month.

The attention of Dallas police was turned on Maloney when he reported Sunday that two men took about \$2,000 in cash and jewelry from him and his wife in a tourist cabin holdup.

Yesterday Maloney admitted, Detective Capt. Will Fritz said, that the money involved in the holdup was part of the Old Southport Club robbery loot.

Fritz said Maloney turned over \$10,285 to officers.

His 25-year-old woman companion, who said she was not his wife, is being held for questioning.

\$30,500 Fund For Chamber, BCD Approved

A total budget of \$30,500 for the Chamber of Commerce and Board of City Development was approved yesterday at the monthly Board of Directors meeting.

The budget compares with \$27,865 last year.

It was the opinion of the board that an expanded program of industrial development should be put forth during 1950.

Three committees have been named to carry out the industrial expansion program. Roy Bourland is chairman of the Oil Potentialities Committee, Fred Neslage is chairman of the National Gas Potentialities Committee, and Ralph M. Fullard heads the Manufacturing Committee.

Another item discussed at yesterday's meeting was the need for additional help at the chamber if its activities are to continue to increase. The members of the board feel additional help will be needed to assist with the many detailed operations, it was said.

If satisfactory arrangements can be made with the related organizations for properly financing the program, an assistant manager may be hired. The idea is to continue public improvement and industrial development, it was announced.

The Executive Committee will explore the possibilities and advisability of the office's addition and will report at the next CC-BCD meeting.

The board voted to hold quarterly membership meetings during 1950. The various committees and their activities.

Pres. G. S. "Pinkey" Vineyard announced a series of committee meetings will be held, beginning today and running through the next 10 days until all committees have had initial meetings.

Red Attacks on American Envoy Bring About Break

WASHINGTON — (AP) — The United States broke diplomatic relations today with Communist Bulgaria.

American Minister Donald R. Heath and other U.S. representatives in Sofia were ordered home.

The break climaxes a dispute with Bulgaria over Communist attacks on Heath and a demand from the Bulgarian government for his recall.

Bulgaria was directed to withdraw its small diplomatic mission in Washington.

Its legation here is headed now by Dr. Peter Voutov, charge d'affaires.

It is the first time the United States has broken diplomatic relations with any nation since the war.

The U. S. decision was communicated to the Bulgarian government at Sofia yesterday. Voutov was summoned to the State Department today and informed of the action.

He was directed to make arrangements to leave the United States with other members of the legation staff, including families.

After talking with Llewellyn Thompson, deputy assistant secretary for European Affairs, Voutov told reporters "I think the break is complete." He said there are 12 members of the legation staff, including dependents, and that all probably will leave early in March.

The State Department in a formal announcement described the break as "suspension of diplomatic relations."

It means that the United States will have no representatives whatever in Bulgaria.

Closing the Sofia legation was decided despite the American policy of keeping representatives in foreign capitals, even under highly unfavorable circumstances, so that they can serve as inside observers.

In line with that policy, the United States has retained representatives in capitals of other bloc states despite frequent periods of friction and difficulty.

It came to a head when the Bulgarian government submitted a formal demand for the recall of Heath, accusing him of "abrupt interference in the interior affairs of Bulgaria."

It charged Heath specifically with being linked with Traicho Kostov, former deputy prime minister who was hanged after being convicted of treason and espionage against the Bulgarian "people's republic."

But relations had gone down hill steadily during most of the post-war period.

The State Department, in announcing the break, declared that the "responsibility rests with the Bulgarian government."

It denounced as false the charges against Heath and cited the protracted U.S. efforts to persuade the Bulgarian government to reconsider its "unwarranted and reckless" course of action.

Cigarette Tax Bill Nearing Final Action

AUSTIN — (AP) — Senate debate and decision were expected today on whether Texas cigarette smokers will foot the bill for needed state hospital construction.

Passage there of the administration's penny-a-pack tax increase plan would complete both House and Senate clearance of the entire administration program for meeting and financing elementary necessities. Only working out of details would remain necessary for final adjournment.

Administration forces sat firm in the Senate earlier yesterday to push to 28-to-2 final passage the omnibus tax plan to finance the operational part of the elementary program. The bill returned to the House with minor amendments.

Every attempt at a major change in the bill's scope or function was forcefully knocked down.

Opposition debate was day-long, pointed and personal.

Senator Hill Hudson of Pecos charged that the broad-based 10 percent tax increase on already taxed items was "a decree from the third house lobby."

Its omission of cigarettes to make way for single-shotting them in a separate bill was seen by Senator George Nokes of Corsicana as opening the door to a general sales tax on such things as bread and milk.

Hudson laid part of the responsibility for the present deficit to Gov. Allan Shivers who as lieutenant governor last year had backed raising Lamar Junior College at Beaumont to full college status.

Opponents attempted to add to the bill a penny-a-bottle tax on sulphur, a penny-a-pound tax on beer, \$1 to \$1,000 annual chain store tax on lumber yards, service stations and title companies. All were defeated.

Majority of Boy Scout Funds Raised

The current Boy Scout fund drive for the Santa Fe District covered by the council is about 75 percent complete, Joe Key, general chairman, said.

"The response of nearly every business has been very good," Key said.

L. N. Atchison, team captain, said his clean-up committee is bringing in some of the last contributions. Persons who still wish to contribute to the drive should notify the Scout Office in the City Hall, Atchison said.

Proceeds from the drive will be used for the council's 1950 budget as well as for continuance of the Camp Ki-O-Wah development program.

"During the past year," Key said, "two major improvements were made at the camp. The \$20,000 dining lodge was constructed and a 46-acre lake was built by the State Game, Fish and Oyster Commission."

The lake is full and will be ready for swimming and boating when summer camp opens.

REA lines have been completed past the camp site and the lodge is now being wired for electricity.

"During 1950," Key continued, "we plan to make the fullest possible use of the lake by building a swimming pier and boat dock. Also, additional camp sites will be cleared."

Rail Dispute Parties Meet

DALLAS — (AP) — Hearings before a presidential emergency board studying disputes between the Texas & Pacific Railway and four railway brotherhoods continued here today.

The hearings opened yesterday. The emergency board has 30 days to hear the dispute and to report to President Truman. Both railroad and the unions are forbidden to disrupt service until another 30 days after the board makes its report.

J. T. Suggs, attorney for the T. & P., said the foundation of "this entire controversy is the union's attempt to cancel the time limit rules for handling claims. We believe these rules are reasonable."

C. H. Smith of Fort Worth, vice president of the Brotherhood of Railroad Trainmen, said the unions could find no proper procedure to adjust their grievances with the railroad.

He charged that since 1941 the railroad had refused to allow workers to appeal from the decision of the superintendents in denying claims.

"You now have a one-man rule, with no appeal," he told the board. "Employees are not informed as to why their claims are denied."

Texans Feared Lost On Trip to Mexico

SEMINOLE, Texas — (AP) — The U.S. consulate at Chihuahua City, Mexico, has been asked to help locate four Seminoles residents overdue on a trip to Mexico.

Deputy Sheriff Sid Johnson said last night that the party was to have returned home late Friday or Saturday from a trip to Lake Boquilla 100 miles northwest of Chihuahua City.

Johnson said the four missing are Mr. and Mrs. J. S. Adamson and Mr. and Mrs. J. W. Crockett.

Walter Rogers Hinted as Worley's Opponent For Congressional Post; Pampan Silent

By HENRY S. GORDON, Pampa News Staff

A break in Rep. Eugene Worley's monopoly of the Democratic Primaries for representative from the 18th Congressional District loomed today when reliable rumors named Atty. Walter E. Rogers as a highly probable candidate to oppose the Shamrock solon.

Rogers has been mentioned several times in the past as a possible opponent for Worley.

The wily Pampa lawyer, and former 31st District attorney, was non-committal this morning when asked for comment.

Rumors have it that Rogers will file for the office within a month.

Other stories centering around the representative race had Atty. E. T. "Dusty" Miller, Amarillo, and Cal Farley of Boy's Ranch fame in the race.

Miller, in a telephone conversation yesterday afternoon, stated he was not in the race, was not contemplating such a move, adding:

"I am definitely not a candidate for representative in the coming primary. I want no part of it."

A few moments later Cal Farley, who was prominently mentioned as a candidate in the last campaign by Amarillo newspapers, was also interviewed by phone. His answer:

"I certainly am not a candidate. I don't want to get into any kind of politics."

Recently Altavene Clarke, long-time secretary to Rep. Worley, was quoted as saying she would enter the race if Worley would not seek reelection.

To date Worley has remained silent as to whether he will be a candidate to succeed himself.

CRAWFORD PAYS FINE—Rep. Fred Crawford (R-Mich) counts out \$28.50 in fine and costs which he paid in Prince Georges, Md., police court on charges of striking a young fighter. Crawford spent two nights in jail before paying. His secretary, William Hackett, is at right.

Vogeler Assessed 15-Year Sentence

BUDAPEST, Hungary — (AP) — American businessman Robert A. Vogeler was sentenced by a Hungarian court today to 15 years in prison on spy charges. Two Hungarian co-defendants were sentenced to death.

The defense immediately announced appeals to a higher court, and the prosecution hammered back with a statement that it, too, would appeal and demand heavier penalties for the five defendants who escaped the death sentence.

Death sentence was meted out to Imre Geiger, manager of the International Telephone and Telegraph Co.'s Budapest Branch, and Zoltan Rado, former department chief in Hungary's Ministry of Heavy Industry.

Edgar Sanders, Vogeler's British aide in the I. T. & T. Branch, Standard Electric Works, was sentenced to 13 years.

The same prosecution announced an appeal when Josef Cardinal Mindszenty was sentenced to life imprisonment for plotting against the state. The cardinal also appealed, but the original sentences in the case were unchanged by the higher court.

The trial lasted only three days. It was held in the same courtroom where Cardinal Mindszenty confessed to plotting against the state and where former Vice Premier Laszlo Rajk doomed himself by confessing to treason. The same prosecutor, Gyula Alapi, conducted the trials. The same presiding judge, Vilmos Olthy, sentenced Mindszenty to life imprisonment.

Under Hungarian law, Vogeler and Sanders could have been sentenced to death. Like Geiger and Rado, they had been charged under Article III of a 1930 act which provides the death penalty for espionage. They also had been charged with sabotage, another offense punishable by death. The prosecutions asked the "severest" penalty.

Full Investigation of Alleged Spy Ring in State Department Will Be Requested

WASHINGTON — (AP) — A Republican senator's charges that two men and a woman make up a "Big Three" directing a spy ring in the State Department headed today for an investigation by the Senate Foreign Relations Committee.

Senator Lucas of Illinois, the Democratic leader, told reporters he will propose that the committee look into accusations made by Senator McCarthy (R-Wis.) that 81 Communists either have or now work for the department.

McCarthy, who described these individuals from supposedly secret files in a five-hour Senate speech last night, said he would give their names to such a committee. He didn't give any in his speech.

In a running word battle with Lucas, the Wisconsin senator refused in his Senate speech to tell who he suspects of being members of what he described as "an espionage ring in the State Department."

As an off-shoot, McCarthy said at one point that a member of a Communist front organization who failed to get security clearance in the State Department had turned up as a White House speech writer.

Without naming the individual, he said he has a relative with a financial interest in The Daily Worker, Communist paper.

Fishing out photographs of records from a large brief case, McCarthy told the Senate, however, that the ouster of the "Big Three" would break the back of the reputed spy ring.

The most important member of this trio was described by McCarthy as "one of our foreign ministers" who is holding "one of the most important listening posts in Europe."

He said this man had been shadowed and was found to have been in contact with a Soviet agent who in turn was followed to a Soviet embassy in an unnamed country and that material was turned over to the embassy.

The third member of the trio, a woman, was described by McCarthy as a former top official of the department's Office of International Education, which handles the foreign-beamed Voice of America broadcasts.

McCarthy's recital of his information came in an uproarious session.

Once Lucas tried to end the McCarthy recital by moving to adjourn. The motion lost by an 18 to 16 vote.

Los Angeles Misses Out on \$600,000 But City Council's Happy About It

LOS ANGELES — (AP) — Municipal Judge Roger A. Pfaff has caused this motor mad city to lose \$600,000—and the city council thinks he's wonderful.

A resolution adopted by the council says that it "looks with deep gratification upon loss of over \$600,000 to date of anticipated revenue from traffic fines and forfeitures because it realizes that the \$600,000 so lost represents many times that amount in the savings of lives, bodies and property."

Commented Judge Pfaff: "Show me a city that tries to increase its revenue through traffic fines and I'll show you a city with an increasing fatality rate."

In 1948, Los Angeles traffic deaths dropped 30 percent compared with a national decline of 3 percent. Judge Pfaff receives much of the credit because of his practice of meting out jail sentences instead of fines to chronic violators.

Dr. Paul J. Larsen will go to Washington on Friday preliminary to taking over his post March 1.

He said he considered prompt defense measures for the nation's capital his most urgent duty.

His plans for defense of the civilian population and the nation's home front war potential are based upon:

- 1 — Dispersion of industrial and governmental targets.
- 2 — Construction of bomb-proof structures underground to shelter essential agencies.
- 3 — Stockpiling of disaster equipment at strategic points.
- 4 — Organization of the civilian defense program upon a state and municipal level.
- 5 — Reduction of what he considers over-apprehension resulting from fear of atomic attack.

Schools Shun Warning on Fire Escapes

DALLAS — (AP) — Dallas School Supt. W. T. White says that Texas school administrators have agreed to ignore efforts of the state fire commissioner to make them build more fire escapes for schools.

The present state law requires a fire escape of each 5,000 square feet of floor space above ground level in every school of two stories or more and in every public building of three stories or more. It was passed in 1921.

"Nobody objects to putting up fire escapes for safety's sake," White said last night, "but we don't intend to comply with a law which was passed in the interest of the fire escape people."

White said he was sent letters to administrators over the state reporting that the governor is

You expect too much from me, Mr. Wump. I can't know where everything is and where everything ISN'T, too.

"friendly" toward changes in the law.

White said Fire Commissioner Paul H. Brown warned in a letter recently he would file suit if the Dallas school system did not take immediate steps to comply with the law.

"They (fire commissioners) always have threatened to sue," White said, "but they always just set another time limit."

Miami, Mercurys Win Initial Games in Top o' Texas Meet

THE BALL BALANCES on fingertips as it rebounds off the backboard after a futile shot. Seen scrapping for it are members of the Miami Magnolia and Culberson Chevrolet teams who opened the Top o' Texas Tourny last night. Miami won, 44-31. The tournament continues tonight at the Junior High School Gym. (News photo and engraving.)

The First Annual Top o' Texas Basketball Tournament got underway in the Junior High Gymnasium before a fine crowd last night with a pair of hard-played ball games. In the opening contest the Miami Magnolia team defeated the Culberson Chevrolets, 44-31.

Culberson's came from behind to make the halftime score 29-28 in favor of the visitors, but then the Chevies went scoreless through much of the second half as Dumniven and Bengel led the Miami crew to victory. Dumniven had 19 points for the visitors and Bengel 12. Gambelin led the home team with 13.

In the second game of the evening the J. C. Daniels Mercurys and the Groom Independents met for the fourth time this season and for the fourth time the Mercurys won. The score was 66-48.

The personal scoring duel between J. W. Malone and Clifton McNeely continued last night with McNeely hitting 37 points to Malone's 28. Jimmy King was next high for the locals with 12 points in addition to playing a fine game on the backboards. Leon Crump added 10 for the winners. The Mercurys held a 30-20 advantage at halftime.

In tonight's game, the second half of the first round, the Kilmarney Cafe of Canadian plays Richards Drug at 8 o'clock and the Hedley Lions Club team meets the Cities Service-Schneider Garage team of Pampa at 9 o'clock.

Tomorrow night the four winning teams of the first round will meet and Thursday night the four losers play in the consolation bracket. Friday evening the consolation and championship flight crowns will be decided.

Bradley Ousts Holy Cross as Top Cage Five

NEW YORK — (AP) — Bradley University broke Holy Cross' five-week hold on top position and moved in today as the nation's No. 1 college basketball team.

The dashing lads from Peoria, Ill., although beaten three times, won solid support from all sections of the country to amass 1,289 points in the weekly Associated Press poll.

This gave them a 135-point edge over undefeated Holy Cross although the Crusaders from Worcester, Mass., still commanded the largest number of first place votes—44 compared with 28 for the new leader.

Points are awarded on the basis of ten for first, nine for second and so on.

Here's the new rundown: Bradley, Holy Cross, Ohio State, Duquesne, Kentucky, St. John's, UCLA, Western Kentucky, North Carolina State and Long Island University.

Only two teams remained stationary last week. Ohio State, the Western Conference power, held firm at third, Kentucky, the defending national champion, was an unshakable fifth.

Duquesne, beaten only once in 22 games, climbed from seventh to fourth. UCLA moved to the vacated spot from tenth and Western Kentucky graduated a notch.

St. John's of Brooklyn fell from No. 4 to No. 6. Long Island University tumbled from sixth. North Carolina State dropped one rung.

Ohio State, which clinched at least a share of the Big Ten crown by humbling Indiana last night, 76-68, became a definite threat for national honors. The Buckeyes, who have won 18 and lost 3, received 1,061 points—including 12 first place votes.

Arizona was the only team in the Southwestern area to place in the first 20. It ranked nineteenth with 86 votes, including one first place ballot.

Borger Opens Bi-District

Tonight the Borger Bulldogs start the bi-district playoff against the Vernon Lions, champions of District 2-A. Tonight's game will be played at Vernon with the second contest to be played at Borger on Thursday night.

If a third game is necessary to decide the bi-district champion, it will be played on a neutral court, as yet unselected.

The Bulldogs are strong favorites to defeat the Lions in two straight games.

Al Severance, Villanova basketball coach, is a noted public speaker. He is in his 14th year as coach of the Main Line cage squad.

Larry Olsonoski, New York Bulldog guard, and former Minnesota ace, has seven sisters and three brothers.

Harvesters Outscore Foes In Racking Up 19-5 Record

The Pampa Harvesters yesterday started tucking away their basketball equipment after closing the season last Friday night by triumphing over the Amarillo Sandies for the second time this season. That victory gave the local cagers a 19-5 record for the season.

The 1949-50 edition of the Pampa Harvesters outscored their combined opponents, 1185 to 891. That gives the Harvesters a game average of 48.1 to the opponent's 38.0. Two points were given them when an opponent shot in the wrong basket.

Pampa outscored the opposition from the field, 438 field goals to 364 and from the free throw line, 277 to 163. Pampa was awarded more free throws, 438 to 236. They connected on 83.2 percent of their free throws to 69.0 percent for the opposition.

The Harvesters committed 110 less personal fouls than their opponents, 233 to 398. The Harvesters high single game score was 69 scored against the state champion Memphis Cyclone of Class A. The Pampans scored 66 points twice, against Kerrville and Lubbock. They hit 62 against Floydada and 61 against Plainview.

The least scoring the Harvesters could do was against Vernon in the third round of the Children's Tournament. The Lions, champions of District 2-AA, held the Green and Gold to 28 points. Next lowest was the 83 the Borger Bulldogs held them to at Borger. They scored but 34 twice, in a winning game against Memphis and a losing game against Polytechnic of Fort Worth in the Howard Payne Invitational Tournament at Brownwood.

The Harvesters went into the season holding the championships of both of those tournaments, but they lost both this season.

The individual scoring crown for the Harvesters this season went to James Gallemore, who hit 319 points for a 13.3 average. Jimmy Howard was second with 314 for a 13.1 average.

The complete season's scoring for the Harvesters went like this:

PLAYER FG FT PF TP

James Gallemore	123	73	319
Jimmy Howard	123	68	314
James Clauch	42	30	114
Jack Sutton	40	24	104

FORT WORTH — (AP) — A savage attack last night created one 1950 Golden Gloves champion, desire another, and skill six more.

Tom Adams of Abilene, three times light heavyweight champion, used a savage left-right attack to dethrone James Hoff of Houston in the heavyweight class.

Adolfo Martinez of El Paso finally filled five years of desire by winning the welterweight title. Skillful boxing, footwork or headwork paid off for:

Flyweight Pat McCarthy, 107-1-2, Amarillo.
Bantamweight Felix Baker, 118-188, Houston.
Featherweight Alford Flores, 126-12, Bryan.
Lightweight Johnny O'Glee, 135-188, Houston.

Middleweight Wallace Willard, 158, Houston.
Light heavyweight Michael Woolsey, 172 1-2, Fort Worth. It was a repeat performance for O'Glee, North Texas State College battler.

Baker won a unanimous decision in upsetting by a margin of only three points Freddy Ronnie Samples 2 2 6
Gordon Yoder 1 1 3
Carl Kennedy 0 0 0

The high single game scoring spree was turned in by Gallemore, who counted 23 points against both Floydada and Lubbock. That Floydada total was exceptional because 14 of those points came in the second quarter. Howard hit an even 20 points three different times, against Childress, Floydada and Plainview.

The Harvesters placed two men, Howard and Gallemore, on all-district and had three others, Clauch, Sutton and Bond, on the honorable mention list.

So, despite the fact that the Harvesters didn't gain a district championship it was a successful season as they swept the season's series with the Amarillo Sandies for the first — but not the last — time in the school's history.

DALLAS — (AP) — All-America Doak Walker of Southern Methodist and Coach Bo McMillin of the Detroit Lions professional football team are still talking for \$25,000, Wiate reported holding out for \$25,000 to play pro football next season.

Walker is reported holding out for \$25,000 to play pro football next season. Ewell D. Walker, Doak's father, said the two conferred again yesterday but reached no agreement.

McMillin is expected to remain in Dallas several days. Caleb McCarey, trainer of the Pittsburgh Hornets of the American Hockey League, spends his summers as baseball talent scout for the Boston Red Sox.

WARREN'S WARMUP

By Warren Massa—News Sports Editor

QUESTION: The last survivor of the 1939-40 championship Cincinnati Reds was recently sold. Who was he?

THE TEAM STATISTICS ON THE SEASON for the Pampa Harvesters indicate that the officiating for the Pampa ball games this season most not have been good—at least from the standard of rating officials that has been set up by Putt Powell, Amarillo sportswriter. After the Pampa victory last Friday night, the fourth major sports victory in a row for the Harvesters over the Sandies, Powell says:

"The officiating was better than in the first game at Pampa. In that game, the Harvesters were awarded 18 free shots to Amarillo's four. Last night (Friday), the difference was only 16-4 in favor of Pampa."

On this basis the Harvesters met up with rotten officiating all season, at home and away. The record shows that the Harvesters received 202 more gift tosses than their opponents did this season.

One reason the Harvesters got more free throws was because they committed 116 less personal and technical fouls than did the opposition.

And one reason, apparently unknown about by Powell, why the Harvesters committed fewer fouls in both Amarillo games than did the Sandies was the zone defense. Powell apparently doesn't understand that a smooth working zone defense doesn't commit the fouls that a ball-hawking man-to-man defense does.

On the contrary, we found the officiating quite good this season, win or lose, despite the fact that two of our favorite officials, Ray McSpaden and Hack Folsom, called few of the Pampa games.

In my opinion, these two men are two of the best in the Panhandle to work games. Not only because they call good games but because they tell a boy what he is doing wrong and try to help him when he commits a foul rather than just blow the whistle and leave it to the boy to guess what he did wrong or how he can correct his game.

There was but one game this season where I felt disgruntled with the officiating, but no reference was made of that fact, although the game was one of the most important played by the Harvesters this past season and one that they lost.

And why Coach Hill thought he could defeat the Pampans with a zone defense is another good question. Pampa last season defeated the best working zone defense in the state three times and Hull lost to it every time he met up with it. I refer, of course, to the Lubbock Westerners' zone defense coordinated by Coach Roy Morris.

Pampa forced the Westerners to abandon that zone in the late stages of three games last season. The only time Lubbock trimmed Pampa in '49 season was when they played a man-to-man in the Canyon playoffs. And Amarillo's zone Friday night was a slow-moving affair, and something probably quite foreign to the Sandstorm as well as their coach.

With two weeks of play remaining, the selectors of the two extravaganzas — the National Invitation and the NCAA — are casting their collective eyes on the leaders.

Skellytown Wins Meet

SKELLYTOWN — (Special) — The Skellytown cagers swept through the Spring Creek basketball tournament last weekend, defeating Plemons for the crown Saturday night, 29-11.

The Spring Creek girls won their division and Groom took second. Skellytown had a tough time with Dumas Saturday afternoon, coming from behind at halftime to win with a 14-point spurt in the fourth period, 23-14. Joel Hunt was high-point with 7. Ronald Mills had 5, Gene Hoskins and Donald Cofer 4 each, and Donald Denham 3.

In the championship game Denham was high-point with 13. Mills added 10, Hunt 4 and Gallaheer 2.

That gave the Skellytowners, coached by Bert Isbell, a 15-1 season record. Mills and Denham were selected on the all-tournament team. The Skellytown five will close out their season on March 3 post-poned game. They have already clinched the 1-B grade school title.

Iowa Doesn't Subsidize Says Athletic Head

NEW YORK — (AP) — The University of Iowa does not subsidize athletes and any subsidization by alumni is "without the knowledge of the university," Paul Blommers, chairman of Iowa's Athletic Board of Control, said today.

Answering an Associated Press questionnaire, Blommers said he subscribed to the sanity code and opposed "any type of subsidization which requires an athlete to

perjure himself in order to retain eligibility." Iowa is a member of the Western Conference. Last year it won four and lost five football games.

THE ROAD'S END

Henry Helmann, executive manager of the National Association of Credit Men sums up our situation: "It is time to face facts and recognize that a political economy... is a fraud and a cheat. It robs the rich and poor alike. Worse it robs the nation of its strength. In time it destroys everything."

THE OLD SPIRAL

This situation needs no further elaboration. No crystal ball is necessary to distinguish the tax-and-cost-price spiral in which we are caught. It is quite plain that we are in very serious financial trouble. And more is on the way, all in the name of welfare - a search for "security" without personal effort. The result is inflation and more inflation. Our savings shrink, our costs grow, and our dollars buy less and less.

National Whirligig

news behind the news

By RAY TUCKER... WASHINGTON - Dean Acheson's cup of woe has been full enough and bitter enough of late as a result of public and congressional complaints against his general handling of foreign problems, especially the Chinese and hydrogen-bomb issues.

Secretary Chapman of Interior chafes under the Achesonian policy of permitting England to buy oil from the United States, an act causing serious difficulties for small, independent producers.

Secretary Snyder, likewise, has seen no great benefit to the U. S. from all these foreign gifts. British buying over here has not shown the expected increase.

Western European nations, and especially England, have dared, garded his respect to the U. S. for an integration of their economic systems that would permit us to cut down our grants and loans.

PROBLEM - The National Defense Exports Act, passed in England's recognition of the Chinese Reds, they point out, makes more difficult their job in the Far East. Both Paris and London forced major revisions of the North Atlantic military pact before they would agree to make it effective, even though both nations have reduced their defense budgets to a peacetime minimum.

INDIFFERENT - The Cabinet members listed as unfriendly or indifferent by foreign spokesmen are Secretaries Brannan, Chapman, Sawyer, Snyder, Johnson. With the possible exception of Commerce Secretary Sawyer, these men are quite as politically-minded as Mr. Truman.

Like him, they want to extend help to our World War II allies and to win the "cold war" with Russia. But they do not want to extend to policies that will weaken the Democratic Party or hurt its chances in the 1950 and 1952 elections.

OIL - Secretary Brannan, so the foreign agents inform Mr. Acheson, has invoked his discretionary power to bar the import of Danish butter, Polish ham and various other delicacies.

Livestock, Poultry Population Shows First Increase Since '43

WASHINGTON — (AP) — Livestock and poultry on the nation's farms and ranches increased two percent during 1949. This was the first time since 1943 that the numbers showed an increase.

Reporting this, the Agriculture Department said that nevertheless the number on January 1 was 16 percent below the record of January 1, 1944.

Last year's expansion included a three percent upturn in cattle, six percent for hogs and seven percent for poultry.

Although total numbers increased, the farm value of Jan. 1 this year was ten percent below the record of \$14,857,000,000 a year ago, but 54 percent above the average value for the 1939-48 period.

Except for sheep, January 1 values of all species were lower than a year ago. Milk cows, which had been on the decline for several years, showed an increase. Likewise, numbers of beef cows were up over a year ago.

The numbers of various species and their estimated farm values, respectively, compared with the numbers and values a year ago, included:

All cattle, 80,277,000 head with value of \$9,870,710,000 compared with 78,298,000 and \$10,882,421,000.

Milk cows 24,628,000 head at \$4,350,936,000 compared with 24,418,000 at \$4,715,844,000.

Hogs 40,424,000 at \$1,638,964,000 compared with 37,128,000 at \$2,183,583,000.

All sheep 80,979,000 at \$548,248,000 compared with 81,854,000 at \$543,862,000.

Stock sheep, 27,064,000 at \$480,641,000 compared with 27,651,000 at \$470,460,000.

Horses, 5,310,000 at \$342,879,000 compared with 5,898,000 at \$308,672,000.

Mules 2,183,000 at \$214,018,000 compared with 2,848,000 at \$274,012,000.

Chickens 481,190,000 at \$655,210,000 compared with 448,676,000 at \$745,929,000.

Turkeys, 6,120,000 at \$88,198,000 compared with 5,540,000 at \$48,172,000.

The department said abundant feed supplies and generally favorable prices prompted last year's expansion in meat animals and poultry.

Texas Baptist Foundation Head to Quit

FORT WORTH — (AP) — Dr. George J. Mason says he will retire July 1 next year as executive secretary of the Baptist Foundation of Texas.

Doctor Mason said directors of the foundation had elected A. B. Culbertson, Fort Worth attorney, as his successor.

Culbertson, said Doctor Mason, would become his understudy next Jan. 1 and would take charge of the \$16,000,000 business on the following July 1.

His selection was announced by William Fleming of Fort Worth, president of the foundation and also president of the Baptist General Convention of Texas.

Culbertson was born in Henderson County. He received his education in Rusk Baptist College, East Texas State Teachers College and the University of Texas.

After service in World War I and as postmaster of Athens, Culbertson was elected county attorney of Henderson.

 Where has he gone since yesterday—And left us lonely here?
 To-night he seems to far away
 Who yester-ay was near.
 No map of ours, on sea or land,
 His journeying may trace;
 We only know he's reached his home
 And seen his father's face.
 And oh! He knows since yesterday
 And he'll be home in time
 The mist of earth are cleared away
 The mysteries are past.
 His sun or moon is shining glow
 All shadows and bright,
 Undimmed by any cloud of earth,
 Undarkened by its night.
 And he has grown since yesterday
 And he'll be growing still;
 The bonds of time and sense and space
 That freed his eager will
 Were dropped like shadows from the soul
 In that first upward flight
 The wearied soul no more
 The spirit, freed and light.
 O dear, familiar yesterday,
 O sad and strange to-day,
 At what would I do, I soul back
 To rouse the resting day?
 Or who would wish that he might
 Our sorrow's toll and strife
 Who loosed from Death and all its pains,
 Has entered into life?
JAMES DOUGLAS FRYE
 We take this means to express our deep gratitude to all who in any way helped us to bear our sorrow in the untimely and tragic death of our dear son, brother, grandson and nephew, James Douglas Frye on Feb. 17.
 We appreciate all the thoughtfulness of the neighbors and friends of our families, who prepared food and served it at this time. Those whose sympathetic words and beautiful floral offerings gave assurance of their sincere sorrowing with us.

He promised to pay as soon as possible. This week Deaton received a check for \$25 from the father, now a Fort Worth resident. "The bill was only \$10," Deaton recalled. "I guess he meant the rest for interest."

Texas Soil Conservation Appropriation Is Upheld

AUSTIN — (AP) — An attorney general's opinion Friday upheld constitutionality of the \$5,000,000 appropriation made by the legislature last year for soil conservation.

The question was raised by State Auditor C. H. Cavness who asked that the attorney general clarify these points:

1. Does the legislature have constitutional authority to make such a grant to soil conservation districts?

2. Can the comptroller issue a warrant payable to such a district on funds drawn from the general revenue fund, based solely on certification of the state oil conservation board?

The attorney general's opinion answered both affirmatively. "Soil conservation districts . . . are political subdivisions of the state, bodies politic and corporate performing governmental functions," he opined, adding:

"Such districts are competent agencies of the state through which the state may perform a part of its governmental functions. . . . The legislature is not prohibited (by the Constitution) from making grants of public money to such districts for a period of two years, when such grants are to be used by them in performing a part of the duties or governmental function of the state of Texas. . . . There is no constitutional objection to the provisions of the recently-enacted law providing for the issuance of warrants by the comptroller to soil conservation districts; the payment of such warrants by the state treasurer; and the depositing of the proceeds thereof from by each soil conservation district in a state or national bank, subject to withdrawal by the particular district in the manner provided (by law)."

Airline Case Is Presented At Hearing

WASHINGTON — (AP) — Trans-Texas Airways has completed arguments for extension of its operating permit even as a Civil Aeronautics Board examiner recommended an expansion of the system.

While a CAB hearing was under way here on renewal of the lines' certificate due to expire May 13, Examiner Vernon Radcliffe proposed the CAB give Trans-Texas a temporary route from Mission-McAllen-Edinburg to San Antonio and vicinity.

John Connelly, Trans-Texas counsel, announced the line had completed its case. Radcliffe's report was made on the South Texas case. The route would go by way of Alice, Corpus Christi, and Beville. His recommendation is subject to board approval.

Three Texas congressmen testified at the hearing in favor of the line. Reps. Lyle and Bentsen said the economy of South Texas would be severely hit if the line's certificate was not extended.

They pointed to the great distances between cities in that sec-

tion and said air transportation is vital to the growing oil, gas and livestock interests.

Rep. Beckworth said that Trans-Texas is rendering a vital service to East Texas.

He urged that the CAB approve the airline's application to make Tyler an alternate stop to Palestine.

He stressed the community of interest, particularly in the oil and lumber industries, between Tyler and Lufkin, Beaumont and Port Arthur to the south and between Tyler and Fort Worth-Dallas on the north.

Dr. Robert H. Montgomery, University of Texas professor engaged as economic consultant by Trans-Texas, outlined the sharp growth of the carrier since it began service in 1947.

He said it rates second among 12 feeder line carriers throughout the country in volume of mail handled.

He said that if the CAB accepts the recommendation of Radcliffe Trans-Texas would enjoy a still greater increase in passenger traffic than had been previously expected.
