# THE PAMPA NEWS

IN THE HEAT OF THE CAMPAIGN—Candidates for the United States senate agree on one thing—that the weather is hot. But it doesn't seem to deter them in the least, as is indicated in these flash shots. Top left: James V. Allred sheds coat and drives home a point with clenched fists. Bottom left: Dan Moody loosens his bow tie and has a pitcher of ice water to aid him through a hot night. Right: Perspiration peeks out on W. Lee O'Daniel's face as he finishes speaking.

## O'Daniel Denies Isolationism, Defends Record

By DAVE CHEAVENS  
TYLER, July 21 (AP)—W. Lee O'Daniel, battling for re-election to the senate, brought his campaign today deep into territory that has always been friendly to his cause, snapping back at opponents who have charged him with isolationism with a categorical denial of the accusation.  
He said he had "gone right down the line" in support of appropriations to forward the war cause and "consistently given the president my 100 per cent support wherever a war measure was the issue."  
"Does that sound like isolationism?" he shouted.  
"If you will listen to these political twins as they charge me with being an isolationist, and not being interested in winning the war, you would naturally assume that I voted against repeal of the neutrality act."  
"On the first major amendment that was offered, Wheeler and Vandenberg both voted for the amendment. I voted against it. And, voting along with me in opposition to the amendment were the administration leader, Senator Barkley, and the chairman of the senate's committee on foreign affairs, Senator Tom Connally, and other outstanding and well-recognized administration leaders."  
"The second amendment offered to the bill was one by a very strong opponent of the measure, Senator Clark of Missouri. That, Nye and Wheeler all voted for the amendment, but the record shows that I voted against the amendment, and that Senators Barkley and Connally were voting with me."  
O'Daniel cited other occasions on the same issue before the senate.

## Senate Campaign In Shirtsleeved Stage

(By The Associated Press)  
The Texas political campaign reached a higher thermal point today, with the three top-billed U. S. senatorial candidates getting down to the shirtsleeved stage of the race and the majority of other aspirants stepping up their efforts with an eye to the Democratic primary election next Saturday.  
Dan Moody, who seeks to replace W. Lee O'Daniel as Texas' junior senator, takes his campaign to Galveston, Port Arthur, and Beaumont.  
O'Daniel carries his campaign for re-election to Mineola, where he was scheduled to make a radio address, to Willsboro, and to Mount Pleasant, where he was to make a second radio talk.  
James V. Allred, the third U. S. senatorial candidate, invades Dallas in an appeal for votes.  
From the platform at Houston last night Moody assailed both O'Daniel and Allred for what he declared was their neglect to be specific as to what they intended to do if elected.  
"Perhaps they have not thought upon this subject sufficiently to be prepared to make any statement in detail," he said. "Perhaps they are afraid to indulge in any detailed discussion of such subject for fear that the water would be too deep for them."  
"While Senator O'Daniel attempts to amuse you with comedy and entertainment with music, though the world is on fire, I propose to discuss with you the duties of a United States senator x x x. While Judge Allred travels about over the state with a song leader and the judge or his supporters advertise community singing and the giving of prizes, the lucky ones to be determined by lot, as a means of securing crowds x x x I intend to discuss the duties of a United States senator and what I propose to do if elected."

Higgins Now Seeks To Build Cargo Planes  
NEW ORLEANS, July 21 (AP)—Andrew J. Higgins, head of the Higgins corporation whose shipyard was closed Saturday by order of the maritime commission, was in Washington today seeking approval of plans to produce ships that carry cargo through the air instead of on the surface of the sea.  
Before leaving for the capital by plane last night, Higgins declared he had talked with Henry J. Kaiser, west coast shipbuilder, and had reached a co-operative agreement for production of 70-ton flying boats.

## State Oilfields To Be Given 22 Open Days During August

AUSTIN, July 21 (AP)—Chairman Ernest O. Thompson of the railroad commission said today the regulatory agency would issue an August statewide oil production order with a daily permissible flow "just slightly under the indicated market demand of 1,396,700 barrels."  
He added August will have 22 producing days and nine holidays. Average daily production as of last Saturday was 1,187,283 barrels.  
"It is interesting to note that there is the closest relationship that we have ever had between the nominations and the indicated market demand," Thompson said in a statement.  
"There is less than 1,000 barrels difference between the two figures."  
"This is a definite indication that Texas is going to be called upon more and more to supply the constantly increasing demand for oil. Texas is ready to fill the demand."

## Japs Ready To Attack Russia, Briton Says

LONDON, July 21 (AP)—Japanese preparations for an attack on Russia's Siberian maritime province and Vladivostok are almost complete and if necessary the Japanese could "press the button and start to move into Siberia," a British source declared today.  
"This source, whose identity was not permitted to be disclosed, said the occupation of islands at the western tip of the Aleutians resulted in a useful strategic situation for the Japanese since it placed them "on the flank of a possible American attack on Japan."  
While Japan has massed an army of about 30 divisions in Manchukuo, other military activity in Burma and other areas necessarily has been limited, it was pointed out.  
In Burma and the South Pacific, this source said, Japan has been consolidating her positions. He ad-

ded that the only real Japanese activity in those areas now is in the Solomon islands from which the Japanese can interfere with communications between the United States and Australia.  
"Bad weather, which will continue until October or November, also has been a factor in restricting military operations by both sides in Burma. There have been no real signs, meanwhile, of further Japanese moves toward an invasion of India.  
"Siberia is the danger point of the Allied strategic situation in east Asia, this source said.  
"The Japanese will attack when it suits them, not the Germans," he added.  
He predicted that Japan was preparing to throw at least half a million men into such an overland onslaught against Russia's Siberian strongholds.

## Allred Charges O'Daniel With Slinging Mud

By WILLIAM E. KEYS  
SAN ANTONIO, July 21 (AP)—James V. Allred placed himself squarely in the category of the professional politician last night and told an auditorium plaza audience his experience in government service qualified him to become Texas' junior senator.  
The former attorney general, governor, and federal judge, referring to U. S. Senator W. Lee O'Daniel's attacks on professional politicians, declared:  
"I guess I'm what you call one. 'I've been in the government service a long time and I truly feel that we need the best experience in every office that we can get.'  
Lashing at O'Daniel, Allred asserted the senator had declared he would not sling mud in the campaign yet O'Daniel had suggested there was a tie-up between Allred and former Governor Dan Moody, also a senatorial candidate.  
"The senator in his growing desire to see ALLRED, Page 3

## WAR BULLETINS

BERLIN, July 21 (AP)—The German high command stated today that "reports spread in the Soviet and British press about the situation at Voronezh are sheer invention." Infantry divisions fighting there are neither cut off nor fleeing across the Don. Now, as previously, they are holding the first bridgehead of Voronezh and the town itself and have repelled all Soviet attacks with heavy casualties.  
WASHINGTON, July 21 (AP)—The navy announced today that a medium-sized United States merchant vessel had been torpedoed by an enemy submarine in the Caribbean. Survivors have landed at east coast and gulf coast ports.

## Proceeds Of Dance, Supper And Games Will Go To Buy War Bonds

You can knock Hitler and Hiroto on their ears tomorrow night. You can knock 'em both sprawled—and Mussolini, too, at White Deer.  
Of course, the world's leading heels will not be present in the flesh but their effigies will and you can have the pleasure of pecking the effigies as long and as often as you please.  
The pounding of the Axis effigies will be only one of many attractions to be sponsored tomorrow night at White Deer, north of the railway tracks, by Sacred Heart Catholic church.  
Topping the list will be a victory sausage supper with barbecued beef and pork, served family style, for 50 cents for adults and 25 cents for children.  
Another attraction will be a

## Contract Let For Air School Buildings

### B&PW To Be Hostesses At School Party

The Business and Professional Women's club will join hands with the Pampa Chamber of Commerce in entertaining the engineers and contractors constructing the Advance Twin Engine Flying school Thursday evening by serving the meal and acting as hostesses at the dance to follow the dinner. Mrs. E. E. McNutt, president of the club, has announced.  
A committee from the B. & P. W. club is planning an attractive menu for the meal and all members of the club will be on hand to help serve.  
Members of the junior chamber of commerce were urged to turn out 100 per cent at their luncheon today by Joe Key, chairman of a committee appointed by the Jaycees to have their members at the party.  
A full turn out of the members of the contractors firms, sub-contractors, key men in the U. S. Engineers personnel are expected at the welcome party.  
Members of the Pampa Chamber of Commerce are urged to telephone 383 for reservations or to drop in at the office in the city hall.

### U. S. Bombers Sink Two Jap Ships At Port

CHUNGKING, July 21 (AP)—Fighter-bombers of the United States bombers sank two Japanese ships yesterday at the Yangtze river port of Kiu-kiang, southeast of Hankow, in a raid which challenged Japan's long-held control of the air over her waterway supply route into China.  
Not one of the United States planes was damaged, said a communique from the headquarters of Lieut. Gen. Joseph W. Stilwell. It said the Japanese ships were of 1,000 and 2,000 tons each.  
Foresaying an ever-increasing aerial challenge to the invaders, a Chinese government spokesman said the United States would be asked through Lauchlin Currie, special adviser to President Roosevelt, for more planes, along with a "rather long list" of other military supplies.  
Currie returned to China July 16 with a message of undisclosed contents from President Roosevelt to Generalissimo Chiang Kai-shek.  
In land fighting, a Chinese army spokesman reported that the Japanese had fought their way back into the Chekiang provincial seaport of Wenchow on Friday after having been dislodged by the Chinese the day before.  
The spokesman said the Japanese counterattacked and regained Wenchow because they lost face by being driven out.  
The Chinese still hold Juan, 15 miles south of Wenchow, after recapturing it July 17, he said.  
"Spasmodic fighting" is in progress around Sinyang, Japanese base in Southern Honan province, he reported.

### Coal Fields Left Ablaze In Retreat

BERLIN, (From German broadcasts) July 21 (AP)—Rostov, gateway to the Caucasus, is in flames and under converging attack from the west, north and east, the German high command reported today.  
Its Don river bridges have been destroyed, a communique added.  
"The attack from the east would imply that the German forces which have been driving down from the Voroshilovgrad region on the north have reached the area east of Rostov. The city lies eastward of the Don, mainly on the west bank, in the delta country about 25 miles from the Gulf of Taganrog. It was there that the German drive was stopped and thrown into reverse last winter after the Nazis had broken into the city."  
German troops also have made a rapid advance of 80 kilometers (about 50 miles) farther east in the direction of Stalingrad, the communique said.  
By CLYDE A. FARNSWORTH  
Associated Press War Editor  
While the Russians fell back fighting from at least one thrust of Germany's Caucasus offensive and strove to smash its Voronezh flank, United States and British officers were reliably reported today to be studying the possibility of an immediate limited diversion on the continent.  
A reliable London informant whose identity could not be disclosed said that the problem was to give prompt diversionary assistance if that situation in southern Russia, already grave, deteriorates further.  
Since a full-fledged invasion of the continent seemed unlikely this summer, it appeared that the American and British strategists, in continuing "second front" conferences, were mapping a small-scale strategic move along both banks of the upper Don in the Voronezh area, trying to turn the northern flank of Germany's Caucasus drive while the Germans themselves noted the possibility of a Russian counter-offensive.  
The Russians were seeking to complete a counter-offensive of German bridgeheads across the upper Don and to exploit their own long list of other military supplies.  
Currie returned to China July 16 with a message of undisclosed contents from President Roosevelt to Generalissimo Chiang Kai-shek.  
In land fighting, a Chinese army spokesman reported that the Japanese had fought their way back into the Chekiang provincial seaport of Wenchow on Friday after having been dislodged by the Chinese the day before.

Nine Candidates For Office Use Varying Tactics

AUSTIN, July 21.—Stumping the state this week with varying campaign tactics are the nine hopefuls for the lieutenant governorship of Texas.

Each of the candidates contending in the Democratic primary for the presidency of the state senate is deployed in a vote hunt this week.

The voters will nominate one of these aspirants to the post: State Senator Vernon Lemens of Waxahachie, now in active military service; State Senator Harold Beck of Texarkana; Virgil E. Arnold, Houston attorney; Doss Hardin of Dallas, a former state senator; Alton M. Mead, San Benito businessman; J. Dixie Smith of Houston, former Harris county district attorney; Boyce House, Austin and Fort Worth newspaperman and radio commentator; Arthur R. Miller, Dallas produce dealer, and State Senator John Lee Smith of Throckmorton.

Beck who has been "just shaking hands with the voters in the old fashioned way," is spending this week in Central Texas communities.

Hardin mapped an intensive tour of East and Southeast Texas touching Athens, Henderson, Marshall, Tyler, Kilgore, Longview, Center, Hempstead, San Augustine, Nacogdoches, Overton, Lufkin, Jasper, Orange, Beaumont, Liberty, Comroe, Huntsville, Madisonville, Centerville, Buffalo, Fairfield, Mexia, and Corsicana and closing with a radio speech from Dallas Friday night.

Smith will swing through Tyler, Longview, Marshall, Paris, Wichita Falls, Dallas, Fort Worth and Waco before returning to Houston.

Arnold planned to work the Fort Worth area until tomorrow, moving to Austin, San Marcos and New Braunfels before closing his campaign at San Antonio Friday night at a rally.

House scheduled a Dallas-Fort Worth visit for his week's itinerary.

Cheyenne Frontier Days Opens Again

CHEYENNE, Wyo., July 21 (AP)—Sunburned Cheyenne, one of the last strongholds of the old West, went wild again today.

Broncs catapulted from chute to arena, kicking and bucking. Strong-legged, sweating cowboys tried to stay aboard the heaving, jolting saddles, and the 45-year-old frontier days rodeo was off to a wide open start, war or no war.

On hand to vie for \$20,000 in prizes were 225 of the nation's top riders.

Political Calendar

The Pampa News has been authorized to present the names of the following citizens as candidates for office, subject to the action of the Democratic voters, at their primary election Saturday, July 25, 1942.

- U. S. Representative 15th Congressional District LYNN MILLER
REP. GENE WORLEY
For Chief Justice: J. ROSS BELL
For State Representative, 122nd District: ENNIS FAVORS
For District Judge: H. B. HILL, W. R. EWING
For District Attorney: WALTER ROGERS, A. STURGEON
For County Judge: SHERMAN WHITE
For County Attorney: JOE GORDON, C. E. GARY
For Sheriff: CAL ROSE, JESS HATCHER, CLARENCE LOVELESS, JEFF GUTHRIE, DAN CAMBERN, G. H. KYLE, ROY MCMURRAY, F. S. BROWN
For District Clerk: R. E. GATLIN, MIRIAM WILSON
For Tax Assessor-Collector: F. E. LESECH
For County Clerk: CHARLIE THUT
For County Treasurer: W. E. JAMES
For County School Supt.: W. B. (RED) WEATHERED
For County Commissioner: Precinct 1, LeFors: ARLIE CARPENTER, JOHN OLDHAM
Precinct 2: JOHN HAGGARD, H. C. COFFEE, J. V. NEW, CLYDE E. JONES
Precinct 3: THOS. O. KIRBY, CLAUDE SCHAFFER
For Justice of Peace: Precinct 2, Place 1: D. R. HENRY

For Constable Precinct 1: C. S. GLENDENNEN, W. J. (JAKE) GLEMMONS, GEO. HAWTHORNE, GEORGE BAILEY, JOHN TSCHIRHART
For Constable Precinct 2: JACK ROSS, EARL LEWIS, H. W. GOOCH

RAF Bombs French Coast

LONDON, July 21. (AP)—The swelling British air might slashed at Nazi installations on the French invasion coast and the prime industrial targets of northwest Germany yesterday and last night in another demonstration of things to come.

The four-engined RAF bombers which scattered explosive and incendiary bombs on the shipyards and U-boat nests at Vegesack, Germany, Sunday night had skinned in from their night's work only a few hours before some 200 Spitfire fighters roared across the English channel.

Ranging up the coast from Le Harve with American Eagle squadron pilots manning some of the planes, the Spitfire squadrons swooped down on military targets far north as Le Treport. They shot up the radio masts at Pecamp, attacked gun posts and factories. Early last night Wellington bombers sung out over the continent and blasted targets in northwest Germany without losing a plane.

They followed a group of Boston bombers which prodded the German defenses in occupied France into action and attacked a power station in the Mazingarbe area.

This display of British aerial might coincided with the authoritative statement that Britain's bombing squadrons are to be strengthened from a United States output of not less than 1,000 four-engine bombers a month.

Sir Charles Bruce-Gardner, chairman of the society of British aircraft constructors, said in the new 1941 edition of "Jane's All the World's Aircraft" that the United States plans to build no fewer than 1,000 four-engine bombers every month, many of them Liberators (Consolidated B-24's) and fortresses (Boeing B-17's) for the RAF.

Norris Promises Rubber Made From Grain Alcohol

WASHINGTON, July 21 (AP)—Tremendous expansion of the government's synthetic rubber production program was forecast today by Senator Norris (Ind-Neb) as the farm bloc sought to force senate consideration of a measure establishing an independent agency to supervise the manufacture of rubber from grain alcohol.

Norris told reporters he believed the program now directed at the eventual production of 800,000 tons of rubber yearly might be boosted to 2,000,000 tons because of increasing military demands.

If any such expansion were ordered, advocates said they believed production from grain alcohol sources might be relied upon largely for the increase.

The present program allocates 200,000 tons to grain alcohol and the remainder to petroleum sources, but Chairman Donald M. Nelson of the war production board told a senate committee recently that if he had it all to do over again he would assign 60 per cent to grain alcohol.

Nelson has opposed the independent agency bill sponsored by Senators Gillette (D-Iowa), Thomas (D-Okla.), Norris and others. Viewing it as a threat to Nelson's centralized control over the rubber program, Democratic Leader Barkley of Kentucky said he would work against the measure.

BUY VICTORY BONDS Two More Merchant Ships Destroyed (By The Associated Press) Destruction of two more American merchantmen by submarines in western Atlantic waters put at 35 Monday the unofficial Associated Press tabulation of wartime Allied and neutral ship losses in that area.

Both sinkings were announced by the navy yesterday, the first ship having been shelled to the bottom in the south Atlantic June 22, the second having been torpedoed near a large West Indian island July 12. Both vessels were medium-sized.

The entire crew of 35 aboard the first was rescued, but three of 39 crewmen and 11 navy gunners on the second were killed in the engine room during the attack.

Definite Policy On Drafting College Men To Be Decided

WASHINGTON, July 21 (AP)—Manpower Chairman Paul V. McNutt said today the government would announce soon a definite policy on college men in the draft and coordination of America's 1,800 colleges and universities with the war effort.

George F. Zook, president of the American Council on Education, had charged the government with failure to use the institutions. Zook wrote McNutt, the secretaries of war and navy and draft headquarters that his "failure" had confused students and educators.

McNutt said he had not yet received the letter which had also been sent to the press. He declined comment on it, except to say that Zook certainly knew that the manpower commission and the office of education had been working with the army, navy and selective service for weeks, drafting details of a program for college students and for maximum use of college and university facilities.

McNutt gave no details of his program but it was understood it probably would stop the conflict in recruiting by various branches of the army and navy.

Many educators expect that the draft age will be lowered to 18 years. If so, men students could be inducted and assigned to studies valuable in prosecution of the war.

Senate Receives Huge Revenue Bill

WASHINGTON, July 21 (AP)—Overwhelmingly approved by the house, the \$6,271,000,000 revenue bill went to the senate today amid signs that vigorous efforts would be made there to reduce substantially the measure's unprecedentedly high taxes on business.

Even before routine assignment of the bill to the finance committee for study, Chairman George (D-Ga.) told reporters he considered "too steep" the combined normal and surtax levy of 45 per cent voted by the house on most corporation income.

While George said he believed the house had done a constructive job on the whole, Senator Vandenberg (R-Mich.) served notice senate Republicans would make every effort to "take the bill apart from stem to gudgeon."

He added that the Senate Finance committee ought to consider adding a sales tax that he said everybody believed was coming within a few months anyhow.

BUY VICTORY BONDS The black bear, panther, bobcat, lynx, and deer inhabit the big thicket, an area in the southern part of the East Texas forest regions.
