"HURRY BACK, MISTER . . ." With his best wishes and a hearty handshake, Lt. Thomas Liston, an instructor at Perrin Field, Texas, sends Rogers Hornsby, Jr., son of the new manager of the Ft. Worth Cats, on his way to San Antonio's Kelly Field and a career as an Aviation Cadet in the Army Air Corps. Young Hornsby's home is in Sherman where he came from California to enlist.

U. S. Army Bombers Credited With Crippling Jap Armada

Russian Break-Thru At Smolensk Claimed

WAR BULLETINS

By EDDY GILMORE
MOSCOW, March 12 (AP)—The Red army has broken through strongly-held German lines at several places on the southern front, killing 2,000 Nazis and seizing two large junction points, front-line dispatches reported today. The Germans rushed up reserves for counter-attacks which failed in two days of violent fighting, the accounts said.

TOKYO (from Japanese broadcasts) March 12 (AP)—Premier Hideki Tojo told a special session of the Japanese diet today that Japan had captured more than 210,000 prisoners since the start of the war in the Pacific. To the diet, summoned to celebrate the conquest of the Dutch East Indies and hear reports on the first three months of the war, Tojo repeated the claim that "the main fleet of the United States and Britain already have disappeared from the surface of the Southwest Pacific," and that "all strongholds in the Southwest Pacific are in our hands."

RIO DE JANEIRO, March 12 (AP)—An angry crowd of several hundred persons, some shouting, "kill them!" broke the shop window of a blacklisted German firm today on Av. Lacerda's main street, Avenida Rio Branco.

Strong Enemy Convoys Move Down Coast

Japs Have Good Chance To Invade Australia

By ROGER D. GREENE
Associated Press War Editor
Heavy U. S. army bombers were credited today with crippling at least part of a Japanese invasion armada sailing down the coast of New Guinea toward Australia, while in Tokyo, Japan's Premier Gen. Hideki Tojo boasted that Allied sea power had been crushed in the far Pacific.

CAA Program To Be More Than Doubled

Importance of the Civilian Aviation Training program was revealed today with announcement by the CAA the program was to be more than doubled in size.

Pampa has a chance to become a part of the program if as many as 50 youths enroll by tonight to take a ground school course. Earl Denmore, local contractor, will leave for Fort Worth tomorrow to make application for the local school. Thirty-five youths have signed to take the course but 15 more are needed.

Youths desiring to take the course, from which 20 free flight scholarships will be awarded, can register at the chamber of commerce office in the city hall or with Mr. Denmore.

Jury Calls On Local Units To Operate Cheaply

All local units of government, school, city, and county, as well as the state, should realize the amount of money needed for war, and these units should operate as cheaply as possible.

This was a recommendation of the 31st district court grand jury as it completed its work for the term and submitted its report.

"In view of the national crisis which we now face," the report reads, "our cost of living has increased because of the amount which our government is now called on to finance military operations.

"Because of this advanced cost of living and taxation, we of the grand jury would like to take this opportunity to call on school, city, county, and state officials to operate on the most efficient and economical basis possible."

Another recommendation contained in the report was: "In view of the rationing we would like to call on the automobile owners to take the number of their tires. By having such numbers available it will assist the local officers in identification should said tires be stolen."

The report, signed by M. A. Graham, foreman, was one of the shortest issued by a grand jury here, requiring only 23 lines in all.

Tojo Pops Off To Gang In Tokyo

BERLIN (From German broadcasts) March 12 (AP)—Premier Gen. Hideki Tojo, addressing a special session of the diet, declared today that Japan was determined to wipe out the last vestiges of British control in India, and warned Australia did not "change her attitude she would inevitably follow in the tracks of the Netherlands Indies."

He declared, too, that "I am firmly convinced that the time has now come for establishing an 'India for Indians' just as the establishment of a 'Burma for Burmese' is nearing realization."

"Australians," he continued, "must be aware of the fact that it will be impossible for Australia, with her very scanty and scattered population and great distances separating her from the United States and Great Britain, to defend herself against our invincible forces x x x."

Will Go To Berger

Pampa Knights of Pythias will go to Berger tonight to meet with the Berger lodge which was re-organized last Thursday. Dr. G. H. Ater, of Lubbock, grand vice chancellor of Texas, will present the charter to the Berger lodge at tonight's meeting. Vernon Blair, field representative for the grand lodge of Texas, has been in Berger the past two weeks helping with the re-organization of the lodge.

Mr. Blair and Al W. Libbe, chancellor commander-elect of the Berger lodge met with the Pampa lodge last night.

The Pampa lodge will take its rank team to Berger to initiate 12 new members into the rank of page. Pampa knights will meet at the Castle hall at 7 o'clock tonight and leave from there in a group for the trip to Berger.

Recreation Will Be Plentiful At Week-End Hi-Y Conference

It won't all be speeches and discussions, the ordinary accompaniments of all conventions, when the annual Y. M. C. A. Older Boys conference is held in Pampa tomorrow, Saturday, and Sunday.

A basketball tournament will be one of the highlights of the conference. Each town represented at the meeting will be allowed two teams.

Tickets To Hear Humorist Tonight Going Fast

Because of an anticipated last minute rush for tickets, a few will be available at the door tonight when the Pampa Chamber of Commerce holds a dinner at 7:30 o'clock in the basement of the First Methodist church at which Professor C. P. "Hog" Thompson of Oklahoma A. & M. college will be the speaker. He is one of the southwest's outstanding humorist speakers and a nationally known humorist.

Honored at tonight's dinner will be boys who entered beevy and hogs in the Gray County Junior Livestock show sponsored by the Pampa Chamber of Commerce. The boys will have their guests men who purchased their livestock.

Persons who have made reservations and secured tickets in advance are asked to be on hand early so that they will be assured accommodations before tickets are placed on sale at the door.

The dinner will draw not only business men and farmers but oilmen who want to hear Professor Thompson again. He was speaker at an oil men's banquet in Amarillo last year and his wit and humor made a hit with them. He is also a dynamic speaker, mixing sound philosophy with his humor.

Members of the Pampa Junior Chamber of Commerce will attend the dinner.

Rabbi Will Relate Experiences In Nazi Concentration Camp

His experiences in a German concentration camp where he was interned in 1938 after his arrest by the Nazis, will be related to Pampa Kiwanians and their guests by Rabbi Arthur Blum, of Amarillo, at the regular luncheon of the Kiwanis club in the First Methodist church tomorrow noon.

Dr. Blum was incarcerated by his German captors at Dachau, Germany, from Nov. 10 to Dec. 7. At the end of that time he left Holland and came to the United States.

Since August of 1941 he has been rabbi of the B'nai Israel Temple in Amarillo, and conducts services in Pampa Jewish homes every Thursday night.

Rabbi Blum was born in 1889 in West Prussia, Germany. From 1910 to 1919 he attended the humanistic high school and then studied philosophy and Oriental languages in the Universities of Berlin and Wurzburg from 1920 to 1927. He received his Ph.D. at the University of Wurzburg.

In 1924 he taught religion in high schools in Berlin and officiated in several synagogues. In 1925 he substituted for seven months during an illness of the head rabbi at Danzig. He was elected head rabbi in Krefeld in 1928. He was there until his arrest and internment in 1938 by German authorities.

Because of his long residence in Germany, Rabbi Blum's address tomorrow is expected to be of unusual interest in relation to the war.

No Candidates Filed For Local Offices

First elections of 1942 will be held next month when voters of the Pampa Independent School district will elect one board member on April 4, and when voters of Pampa will elect a city commission on November 7. But so far voters have no one for whom to vote, because no one has filed for any of the offices.

Deadline for filing for the school board is March 25 while deadline for filing for mayor or city commissioner is March 28.

C. P. Buckler, whose term as member of the school board ends on April 4, has announced that he will not be a candidate for reelection.

The present city commission is composed of Mayor Fred Thompson and Commissioners George Cree and H. C. Wilson. The incumbents have made no comment regarding their intentions and no petitions are being circulated as far as can be learned.

Oil Men Consider Special Bus To Tulsa Convention

Panhandle oil men are trying to arrange for a special bus to carry them to Tulsa, Okla., where the spring convention of the Mid-Continent chapter of the American Petroleum Institute will be held March 26 and 27.

The bus will leave early the morning of March 25 from Amarillo picking up passengers at Borger, Pampa, Shamrock en route to Tulsa. Operators of the Pampa area desiring to ride the bus are asked to contact Alex Schneider at the Schneider hotel. The bus will return the night of March 28. Round trip fare will be \$9.

"All Out Cooperation to Win the War" will be the keynote of the convention which will close with a "Win the War Dinner" the night of March 27.

George Berlin of Pampa, chapter chairman, will preside at the opening meeting, in the junior ballroom of the Mayo hotel.

Ration Cards For Gasoline Threatened

WASHINGTON, March 12 (AP)—Gasoline ration cards threatened today to be next on war problem list for the East's 10,000,000 motorists, already worrying over the mileage left in their tires.

The oil industry proposed to Petroleum Coordinator Ickes that consumption be cut one-fourth by a rigid ration card system, to cope with an acute supply condition resulting from the sinking or diversion of tankers which haul oil from gulf ports to the seaboard.

Recognizing that perfection of a card system might require weeks, the industry report recommended that Ickes employ an interim program, effective immediately, curtailing by 25 per cent the gasoline supplies for the area's 100,000 service stations, with each retailer apportioning the available fuel among his customers.

Moreover, the industry asked that all these service stations be put under a 7 p. m.-7 a. m. curfew, that fuel oil deliveries be cut and that the world's largest pipeline system be built from the Southwest to the New York-Philadelphia area.

Prompt action was promised by Ickes, but he said late yesterday that he could not predict "to what extent we shall follow the industry's recommendations." He described the East's supply situation as "very acute." The seaboard area embraces 17 states and the District of Columbia.

A possibility that rationing may spread later to other areas was seen in a part of the industry statement which said "we therefore believe that enough tank car transportation must be taken away from other districts to increase the petroleum supplies for this district to the extent that the railroads can handle the business, even if this means rationing" for the Midwest and Southwest.

Australia Sending Food To Singapore

LONDON, March 12 (AP)—Australia's action in sending food to Japanese-held Singapore for the benefit of imprisoned Australians there is without parallel so far as qualified sources here could recall today and they were frankly puzzled how it could be accomplished.

"The sending of stuff to prisoners," one informant said, "usually is handled on an individual basis or through the Red Cross, the prisoners' relatives paying for it."

"I'm quite sure it has never been tried before on what you might call a national or military basis as the Australian effort seems to be."

"Presumably ships carrying supplies bear a conspicuous identification such as a huge Red Cross. In the absence of anything to the contrary you should assume that the ships diverted are Australian ones."

CANBERRA, Australia, March 12 (AP)—Premier John Curtin announced today that foodstuffs were being sent by Australia to Japanese-occupied Singapore in an effort to insure the proper feeding of Australian prisoners.

"We were asked to send the stuff," the premier said.

"It was put to us very straight that it had to be for everybody, including the native population. It goes into the common pool and the Japanese distribute it."

Naturalized Citizen Likes Army Life

Gerhard Treu, until recently welder for the Phillips Petroleum company here, is now Private Gerhard Treu of company B, 9th Bn., Port Knox, Ky. He writes friends that he "likes army life but misses news from Pampa. So a bunch of his fellow employees have ordered the Pampa News sent to him."

Gerhard was born in Germany but came to the United States 14 years ago. He became a naturalized citizen two years ago.

In his letter he said he traveled in state from El Paso. "We had a pullman, ate in the diner and sat and read and played games in an observation car," wrote Gerhard.

The smiling Marines here look as if the Japs would have a hard time wiping that grin off their faces, even if they are on Midway Island which the Japs have assaulted but have not taken, and you can bet that Earl McKinney, left, and Vincent Kersey, right, and the other Marines, sailors, soldiers and air corps members on Midway are on the constant lookout for the Japs. Earl and Vincent joined the Marines together the same day back in August of 1940, and they have never been separated since then. They live in dugouts on the island and report that they have more to

Two Marines From Pampa On Midway Island In Pacific

Fruit cake, news from home, and copies of magazines, Esquire preferred, are triple requests made to his parents by Pfc. Vincent Kersey, stationed with a marine battalion at Midway Island.

He makes these requests in two letters received here by his parents, Mr. and Mrs. Briggs Kersey, 621 E. Francis.

In the second letter, dated Feb. 17, he states that he sees Earl (McKinney) "ever so often and we both wonder if the folks have much to say in regards to the war. Does the paper carry much news about the war out this way?"

"Is there anything you can send me? Do you remember those big fruit cakes you used to bake out at River Road—if you please, may I have a slice?"

"Other than that there isn't a thing I'm in need of except lots of letters from you."

In the first letter, dated Feb. 10, Pfc. Kersey says, "If you have any old magazines, send them, Esquire preferred," and tells of Don Blanding, a young poet residing in Glendale, Calif.

"He has written the several poems which I have now. I like them so much I want you to purchase the complete volume set for me. Don't send them—I'll ask for them when I get to a place where I can take care of them. But send these two now: 'Vagabond House' and 'Creation.'"

Texas Scientists Studying New Herb

AUSTIN, March 12 (AP)—The University of Texas has launched a research study on the growth, harvesting and curing of castilian malva, an herb whose medicinal qualities in treatment of wounds have recently come to the attention of American physicians.

The small, leafy plant grows in Mexico, California, Texas, and British Columbia.

Dr. Carl Albers, associate professor of pharmacy who directs the research project, declared the use of malva either as a dusting powder, liquid or salve "might revolutionize the treatment of war wounded."

Its principal quality is that it arrests degeneration of wounded and infected tissue, he said.

eat than they ever had. Vincent's parents, Mr. and Mrs. B. Kersey, 621 E. Francis, hear from their son about twice a week. Earl became Clay when he enlisted in the Marines because the war department calls you by your first name regardless. Vincent was in the high school band, and both boys were popular in high school. Vincent's father is a butcher at Ideal Pood, and his mother works at Woolworth's. Earl's mother moved to Albuquerque Christmas. She formerly worked at Behrman's. Earl's father works for the Santa Fe. He lives in Amarillo. You can bank on the U. S. to hold Midway as long as they have Marines on it like Vincent and Earl who can whip their weight in wildcats and would fight a buzzsaw.

MAXWELL HOUSE

FOR YOUR GLASS COFFEE-MAKER

For wonderfully rich, delicious coffee in your glass coffee-maker, ask for the new Maxwell House Glass-Maker Grind. It's the new, scientifically accurate grind for glass coffee-makers. And every tin gives you more flavor for your money because . . .

- There's more flavor in the Maxwell House blend—it's far richer in highland-grown, extra-flavor coffees.
- All the flavor is brought out by the special "Radiant Roast" process.
- No flavor can escape—it's sealed, roaster-fresh, in the famous super-vacuum tin.
- No waiting—Maxwell House is already precisely ground for every method—Drip, Regular, Glass-Maker.
- To save money and save shopping trips—get the thrifty 2-pound tin.

Dies Committee Renewed For Nine Months By House

WASHINGTON, March 12 (AP)—The Dies committee has been renewed for nine months and has started an investigation of Spanish Falangist (Fascist) activities in South America.

The house voted 331 to 46 yesterday to extend the committee's life from March 31 to next January 3, and Chairman Martin Dies (D-Tex.) announced that he would ask for \$300,000 for its expenses.

The Falangist investigation had been considered by the committee since a member, Rep. Thomas (R-

N. J.), made a personal study of the situation and submitted his information to the committee.

This information, committee sources disclosed, showed a well-organized movement among influential families in Latin-American countries and in Puerto Rico for restoration of Spanish supremacy.

Whether committee investigators actually have left for Puerto Rico or elsewhere was kept secret, but a committee source said "the investigation actually is under way, not in an office in Washington, but at a place where first-hand leads can be obtained."

Dies himself said the \$300,000 appropriations request—largest since the committee on un-American activities was created in 1938—was necessary to continue investigations already undertaken or contemplated.

Enrollment Increases

AUSTIN, March 12 (AP)—Bastrop city officials report they are considering expanding public school facilities due to increased population brought about by the construction of Camp Swift nearby.

Schedule for taking the tests has not been changed, the time is from 8 a. m. to 5 p. m. each Monday, Wednesday and Friday.

Examiner Fowler said the new place was much better for his purpose, as it had better light, more room, desks and chairs for visitors, and eliminated the necessity for causing confusion in the tax office.

Drivers License Exam Office In Courthouse Moved

There'll be plenty of elbow room now for Gray county motorists when they call to take drivers license examination.

For the first time since the office was first established, the examination center has been changed, moved from the office of F. E. Leech, county tax assessor-collector, to the office of Charles I. Hughes, justice of the peace of precinct 2, place 2.

William C. Fowler, stationed here as the Texas Highway patrol examiner, was on duty today at his new location, which is on the same floor, the first, at his former place. The tax office is located in the southeast wing of the courthouse; Justice Hughes office in the northwest wing, adjacent to the office of D. R. Henry, justice of the peace for precinct 2, place 1.

Battleship Tirpitz Chased To Cover

LONDON, March 12 (AP)—The Stockholm correspondent of the News Chronicle reported today that the huge, new German battleship Tirpitz, which put back into a Norwegian port after being attacked Monday by British torpedo-carrying planes, failed to get within 300 miles of "her prospective prey"—a convoy which now has reached Russia.

Neither his article nor the admiralty's communication yesterday disclosed whether the Tirpitz, sister ship of the sunken Bismarck, suffered any damage in the attack north of Trondheim.

Chilly Thrill Averting Spill

Verrett Rogers gets chilly thrill as, with Dick Lineberger, left, he makes all-out effort to keep sailboat right side up during tuneup for regatta at Alamitos Bay, off Long Beach, Calif.

Arrest Upset By U. S. Judge's Ruling

HOUSTON, March 12 (AP)—Federal Judge T. M. Kennerly yesterday directed acquittal of a man charged with failure to produce selective registration card.

Attorneys interpreted the ruling to mean that officers have no authority to stop a man on a public street and demand to see his card.

In directing a verdict for the defendant, Judge Kennerly said "all the evidence against him consists of statements made to officer after an illegal arrest in that police officer stopped him on a public street and demanded that he identify himself."

Many Never Suspect Cause Of Backaches

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, may cause nagging backaches, rheumatic pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or constant passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Backache Kidney Pills, used successfully by millions for 40 years. They give happy relief and will be the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

'BIG-TIME' FIGHTS IN PROSPECT AT LEFORS FRIDAY

Jackson And Billy Hill Will Tangle

LEFORS, March 12.—Tentative pairings for the dual boxing meet between the LeFors Pirates and the McLean Tigers here tomorrow night have been made by Coaches Toby Waggoner of the Pirates and Coach Sewel Cox of the Tigers. Fights will begin at 8 o'clock in the LeFors high school gymnasium.

A couple of "big time" fights are in prospect when Jackie Jackson of LeFors, the boy who downed Leo Graham of Miami, meets Billy Hill, the McLean sensation, at 140 pounds, and when Don McLaughlin, the LeFors 105-pound ace, tangles with Raymond Smith of McLean.

Several other bouts are expected to be rip-roaring affairs, especially when Roy Lowe of McLean tries to stop undefeated Eugene Cooper, at 89 pounds.

Three fights have been scheduled in the 125-pound bracket and McLean has a fourth boy that LeFors will try to accommodate.

Tentative bouts (subject to change by agreement of coaches) follows:

- 75 pounds—Bobby Dunn, LeFors, vs. Noah Hugg, McLean.
- 85 pounds—Eugene Cooper, LeFors, vs. Roy Lowe, McLean.
- 95 pounds—Lovel Hughes, LeFors, vs. Frank Simpson, McLean.
- 105 pounds—Kenneth Tubbs, LeFors, vs. Wayne Black, McLean; Don McLaughlin, LeFors, vs. Raymond Smith, McLean.
- 125 pounds—Charles Vanlandingham, LeFors, vs. Joe Hill, McLean; Allen Krouse, LeFors, vs. W. C. Simpson, McLean; Billy Cheek, LeFors, vs. Virgil Smith, McLean.
- 140 pounds—Jackie Jackson, LeFors, vs. Billy Hill, McLean.

Durant Teachers Defeat Texas Tech By One Point

KANSAS CITY, March 12 (AP)—This may be the last year for the National Intercollegiate Basketball tournament until after the war.

Many of the 320 athletes who gathered this week soon will join fighting forces. Curtailed expenses may not permit traveling next season even if teams are organized.

Perhaps that is why the tournament is drawing some of its best audiences—the fans feel that this golden anniversary season of the sport may be their last for some time.

Three states—Minnesota, Oklahoma, and Missouri—each have two teams remaining after yesterday's second round.

East Central Oklahoma State of Ada choked Gus Doerner's sharp-shooting long doer to lift a 42-30 victory from Evansville (Ind.) Teachers. Doerner, who jammed the hoops with 34 points in his first appearance, made 23, but half of them came in a closing rush that was too late.

East Central's quarter-final foe is Southeastern Oklahoma State of Durant, whose L. T. Patton flicked in a free throw to beat Texas Tech

of Lubbock 37-36 in a tinging last 30 seconds.

Bemidji (Minn.) Teachers, who upset the defending champ, San Diego (Calif.) State, face the 1939 winner, Warrensburg (Mo.) Teachers. Hamline university of St. Paul, Minn., who disposed of the 1939 champ, Southwestern college of Winfield, Kans., tangles with high-schooler Indiana State of Terre Haute.

Missouri Valley college of Marshall, Mo., plays Pittsburg (Kans.) Teachers. Valley's Don Kumpny turned in yesterday's best scoring feat of 28 points.

Newsmen Change Opinions After Williams Explains

Borger Ousted From Boxing League By Unanimous Vote

Borger was ousted last night from the North Plains Boxing League at a meeting attended by representatives of most of the eight schools in the league. The vote was unanimous.

Charges against Borger were preferred by every representative present. Follett was admitted to membership and will replace Borger.

The membership now includes, in the north half: Follett, Stinnett, Miami, Canadian, and in the south half: Memphis, Childress, LeFors and Wellington.

Borger was not represented at the conference. Among grievances discussed were Borger's alleged failure to match boys in accordance with rules, reports to newspapers, and several others. The league voted to write Borger a letter announcing the ouster, and inviting the school to join the league next year if it will abide by the rules.

The league decided to hold the tournament of champions in Pampa again this year, and announced officials as follows: Stina Cain, referee; judges, O'Neal of Wellington, Hinger of Pampa, Philpott of Miami, Stone of Borger, Caylor of Canadian.

Coach Toby Waggoner of LeFors was appointed to have charge of purchasing tournament of champions jackets.

The league also voted not to match champions against titleholders of the South Plains. Reason given was that the South Plains division was not organized. The league, however, voted to fight the challengers next year if the South Plains would organize and would abide by Interscholastic League rules.

Strife between League schools and Borger reached a climax last week when both Borger and LeFors claimed a match decision.

The League also voted to have the boxers weigh in each evening at the tournament of champions.

Last year the boys weighed in before tournament, but this year they will be required to weigh in four times. This will discourage sweating, it was pointed out.

BUY DEFENSE STAMPS

During 1940, 1,200 persons in the United States were killed or seriously injured by doing home dry cleaning with gasoline.

EUGENE COOPER, above, will be seeking his eighth consecutive victory of the season tomorrow night when the LeFors and McLean High school boxers meet in the LeFors gymnasium. Cooper, LeFors' ace 85-pounder, has won seven straight fights this season, five of them by knockouts. Tomorrow night he'll meet rugged Roy Lowe of McLean.

Sports Roundup

By HUGH FULLERTON, JR. Wide World Sports Columnist

NEW YORK, March 12.—End of the first war-time hockey season is bringing a lot of rumors about what may happen to the game. . . . Latest story (from Buffalo) is that Canadian clubs will try to have all the teams shifted to Canada, for the duration. . . . Hockey men hereabouts say it ain't so; that they'll round up enough players to carry on with the present setup or there won't be any hockey. . . . Still, Bill Tobin of the Blackhawks is quoted as saying his club won't even approach the Canadian government to let boys play on a 24-hour recall basis as they have been doing this year.

Blushing Basketballer

When the postman brought a letter addressed simply to "Jack Korniewicz, Brooklyn N. Y., basketball player," little Johnny Korniewicz of St. Francis college gladly signed his autograph and prepared to mail the card to his youthful Fort Wayne, Ind., admirer. . . . But he lost the letter in the locker room and Johnny's fan mail turned up on the college bulletin board. . . . Since then Johnny has been called from classes a dozen times to answer the phone and every call was a request from "President Roosevelt" or some other celebrity for his autograph.

Service Dept.

The "amateur athlete" now lists 48 names on its roll of present and past National A. A. U. or intercollegiate champions in the services. Two names carry stars meaning "gave his life for his country." They are Flying Lieutenant Jim Humphrey, former Southern California hurdler, and R. Fuller Patterson, Princeton pole vaulter.

One-Minute Sports Page

Jimmy Johnston broadcasts that his boy, Abe Simon, has a swell chance against Joe Louis because Joe will lack confidence if Jack Blackburn isn't in his corner. Bobby Robertson, the Southern California footballer has been signed for the Lou Gehrig picture to play the

By GAYLE TALBOT

SARASOTA, Fla., March 12 (AP)—Everybody around the Boston Red Sox camp is vastly relieved that Ted Williams' case has reached a temporary breathing spell so they can get on with the main business of preparing for the American league baseball race.

For a couple of days the hotel lobby looked like a convention of professional pallbearers, with a whispering group beside every pillar and all eyes glued on the front door, waiting for the remains to be hauled in. Everyone was wondering how the lone, unhappy kid whose draft status was deferred by the President's board would conduct himself. There was little talk of anything else.

Now, happily, the tension has snapped and Manager Joe Cronin is going about the business of training Williams, one of the game's greatest batters, has thrown himself into the conditioning program and his teammates are making a point of showing him they are on his side.

Williams, object of a controversy that had been nation-wide for a week, made a dramatically good impression upon the crowd of newspapermen that surrounded him and peppered him with questions after he drove in from Minneapolis. Several who frankly had been critical of Ted's apparent reluctance to rush into the army said they had changed their opinion after hearing him give his side of it.

The one that got them was when Ted said with obvious emotion: "Fellows, do you think if I didn't feel I was being absolutely honest that I would face what I'm going to have to go through? Why, if there's a crowd of 30,000 in the park and one man is riding me, he's the one I always hear."

"I wouldn't try to face it if I didn't feel I was right. It's the toughest decision I'll ever have to make. But anyone who knows the true facts won't condemn me." The chief point Williams stressed was that he did not ask for deferment in the draft. He begged down somewhat trying to explain the complicated machinations of the Minneapolis board, but was positive of the main point: that he consented to a re-hearing of his case—did not request it.

"All I want to do is play this season," he explained. "Then my mother will be provided for and I'll do anything they say. Right now I haven't a cent except \$6,000 tied up in an annuity, and I'll lose that unless I pay it out this year. All I want to do is provide for my mother, and I don't think there's anything wrong with that. Furthermore, I'll pay about \$17,000 income tax, so it isn't as though I won't be doing something to help."

Ted found 62 letters waiting for him here. Seven of them were of a business variety. Of the remaining 55, there were 39 giving him fits for his lack of patriotism. There were 25 advising him to stay in there and slug it out. The division did not leave him too downcast.

BUY DEFENSE STAMPS

Playoff Begins In NCAA Tournament

CHICAGO, March 12 (AP)—Completion of the field of eight for the National Collegiate Athletic Association Basketball tournament today awaited two play-offs between Oklahoma A. and M. and Kansas for district five honors and between Stanford and Oregon State for district eight.

The Pacific coast teams will begin their playoff tonight over a three-game route. Kansas and Oklahoma A. and M. will engage in a single game playoff Tuesday.

H. G. Olsen, chairman of the NCAA tournament committee, said the playoff winners would compete with Rice and Colorado in Kansas City, March 20-21, to determine the western division's entry against the east.

role of one of Lou's Columbia pals. . . . Asked to pick an all-New England conference basketball team, Coach Bill Kenyon of Yale named the Rhode Island State starting lineup. . . . George Ruppert has decided to run his fishing contest again this year, figuring the navy has left some good spots open to fishermen and the anglers will continue to seek relaxation.

Shaughnessy Out Of Yale Grid Picture

LOS ANGELES, March 12 (AP)—Count Clark Shaughnessy out of the Yale football picture.

Stanford's great proponent of the T formation isn't having any of Eli's Ivy traditions or alumni factional squabbles, next fall or any time.

He made that plain, and emphatically, as he returned from the east, where he conferred with Yale alumni.

Shaughnessy may go east but . . . get set for a shock.

The coach who led Stanford to a Rose Bowl championship in his first year on the West coast and just missed with an injury riddled squad last fall may transfer to a university with little or no football reputation.

Such a position would give Shaughnessy another chance to pull a surprise such as he did at Stan-

23 Prospects Report For Track-Field Practice

The past few days of spring weather made Coach Buck Prejan of the Pampa Harvesters realize that track and field season is here, so yesterday he issued a call for prospects to report, and 23 responded.

The thin-clads received shorts and shirts and sweat shirts and went out to the field west of Harvester park where they spent an hour on limbering-up exercises.

Several other boys were expected to report today and still more next week. Harvester prospects are anything but bright, only one letterman from last season being available.

In fact, he was the only boy to place in the district meet. The lone letterman is Pat Flanagan, field

man, and he was not in uniform yesterday.

Coach Prejan's hopes will be pinned on two or three of last year's sophomores and some promising-looking boys up from Coach C. P. McWright's Junior High Reapers.

The district track and field meet will be staged in Shamrock this year, the first time away from Pampa since the old county meet was abolished and the district meet substituted. Tentative date of the meet is April 17 and 18.

are uncertain. Many stars and likely prospects have gone into the armed forces.

'Ug' Roberts Likes Noisy Cage Crowds

NORMAN, Okla., March 12.—Even if they are riding him, A. D. "Ug" Roberts, Oklahoma's disheveled junior floor captain, likes his basketball crowds noisy.

"You can play better ball if the bugs are letting it out," opines Roberts. "When a crowd is quiet, you don't feel like hustling."

Roberts declares, with a grin, that

LET M. P. DOWNS SELL YOUR property for you. List it with him today.

M. P. DOWNS, Agency INVESTOR
Phone 1204 or 336

Kansas State has the wildest student fans in the Big Six conference.

"When we played at Manhattan this year, I was going in fast for a shot," Roberts relates. "They checked me under the goal and I passed off to Heap and unable to stop myself, ran off the floor between two sections of the crowded stands out of view of the court."

"Heap made the bucket and the two teams ran down to the other end, but there were only four Sooners trying to guard five Kansas Staters. All our boys wondered where I was."

"I had a good reason for being absent. A bunch of Kansas State students, some of them wearing 'K' sweaters, were holding me down behind the bleachers. It took me 15 seconds to fight my way loose."

"In the last three seconds of the same game we were leading by one point and I had to ball out of bounds. I pulled my arm back to pass to Mitch Simon but some fan grabbed my arm. The ball fell off my hand. The officials hadn't seen

it.

"I began to cry and swing and cuss a little. We had lost a game there last year although we were leading by two points with five seconds left to play and were throwing the ball in from out of bounds. I didn't want it to happen again. Just then, the gun went off ending the game."

Roberts says Iowa State's famous "Shifty Section," a body of more than 100 hand-picked student bugs who sit upstairs in the tiny Cyclone gym and ride the enemy hot-shot all through the game, is the best organized group of razzers he ever saw.

When Oklahoma played at Ames last year, the "Shifty Section" was on Roberts. This year their victim was big Gerald Tucker. They would deliver their barbs in unison so it could be heard all over the building. When Tucker came out on the court, the Cyclone razz section chanted together, "Who's number 33?" Then came the roaring answer, "He's shifty!"

From then on, Tucker was a

marked man. Every time he'd shoot, the "Shifty Section" would yell in unison, "No! No!" If he made the goal, they'd shout in cadence, "Yea." If he missed their moaning intonation would be, "Boo." Happily, big Tuck was having a particularly good night and his 25 points eventually silenced them.

Roberts says the Nebraska student spectators are good jockeys and come down on the court after the game to congratulate visiting players. He says the older fans do this at Ames but not the students.

He described Kansas crowds as "pretty wild, especially the kids on the stage," and he believes Missouri throws are quietest during free throws.

Oklahoma crowds make the most noise, he says. "Our students yell their heads off after we make a goal," he asserts, "and don't think it doesn't help."

Roberts says none of the Big Six throngs compare in difficulty with the crowds that used to see the games at El Reno, Okla., hotbed of high school basketball in the Sooner state.

"At El Reno, the spectators used to sit along the sidelines," Roberts says, "if you were dribbling fast down the sideline, they'd stick out a foot and trip you. Sometimes they'd fire an orange or an apple core at a player or an official. They all came equipped to shoot bent pins and tinoli wads off rubber bands at our bare arms and legs. You never would've been somewhere after you'd played in El Reno."

—BUY DEFENSE BONDS—

SPORTS IN WARTIME

By HUGH WILLIAMSON
Associated Press Staff

Fighting the Japanese is no novelty to Jack Van Beber of Kellyville, Wheeler county, who wants to participate in some more of same. Van Beber, a wrestler, made no complaint the other day when called up in the draft. "I want to get my share of Japs," he said.

Van Beber defeated a Nipponese wrestler to win the Olympics title in his division nearly 10 years ago.

Sporting goods stores report plenty of shotgun shells on hand, although the war had reduced the output to 70 per cent of normal. Most stores put in good stocks, anticipating that there might be smaller production.

Crow shooting brings about a steady demand for shells at this season. The shooters use stuffed owls as decoys and look on crow calls to attract the big black birds. Farmers usually welcome the shooters because the crows make pests of themselves by eating corn planted in the fields.

It's a good sport, offering plenty of opportunity for the shooter to match his cunning against that of one of the wisest of all birds. Hart Sillwell reports from Brownsville there are more crows in the valley this year than ever before. They'll migrate north when the weather gets warmer.

It's the girls from the little towns who can and do play basketball, so it seems. Anyway, teams playing in the state high school girls' tournament at Hillsboro were from Quail, Collingsworth county, population 152; Tenaha, Shelby, 608; Silsbee, Hardin, 2,500; Mesquite, Dallas, 1,045; Sundown, Hockley, 50; Brock, Parker, about 75; Blanco, Blanco, 483; Emory, Rains, 757; Aquilla, Hill, 501; Mayfield, Milam, 157; Gatesville, Corvell, 3,197; Avinger, Cass, 624; Lingville, Erath, 397; La Poyner, Henderson, 500; Pylon, Scurry, 28. Thus all entries were from towns under 5,000 except from Borger, 10,018.

Nobody, most likely, was surprised when Uncle Billy Disch described the University of Texas baseball candidates for this year as the greenest in many seasons. They always look that way to the veteran coach, who now is chief adviser to the new Longhorn mentor, Bib Falk. "Green as grass," Uncle Billy says of the boys every spring. "Green as grass." But Disch nearly always won the pennant with his youngsters, no matter how green.

Jeff Davis of Houston boasts a great two year record in sports. The 1940 football team allowed no opponent a score until the quarter finals, when the club suffered its only loss of the season—to Corpus Christi.

The 1941 basketball team was third in the state meet and ran up 32 victories. The 1941 football team lost only to Lamar.

The Jeffs, in the just-concluded basketball season, beat Waco, Dallas Tech and Lufkin in that order at the state met. The Panthers, one of the top choices before the meet, looked not so strong against Waco and lost some of their backing. Then they rallied to upset Dallas Tech and played their best game in trimming Lufkin, 55 to 35, in the final.

Lufkin had turned in a remarkable performance the previous night in defeating Denton, 54 to 19. Some of the critics said that game of Lufkin's was the best in recent schoolboy basketball history.

What A Wing!
DAYTONA BEACH, Fla., March 12 (AP)—"How that boy can throw!" Exclaimed Johnny Rizzo, formerly of the Phils, as he watched a ball come sizzling straight for home plate from the outfield during yesterday's Brooklyn Dodger workout.

The "boy" was Pete Reiser, rifling a throw from center field.

Long-Range Program To Train Skilled Workers Proposed

WASHINGTON, March 12 (AP)—Immediate start of a long-range program of training skilled workers for war production was proposed today by Senator La Follette (Prog.-Wis.) as the senate labor committee canvassed suggestions for keeping industrial machines in full operation around the clock.

The committee called Secretary of Labor Perkins for a confidential review of the labor situation and Senator Hill (D-Ala.) said he would be asked to submit her ideas on how production capacity could be doubled.

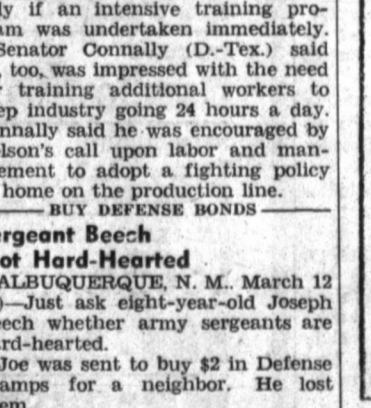

Donald M. Nelson, war production chief, told the nation Tuesday that such an increase was possible provided plants went on a 24-hour basis and made the maximum use of existing machinery. Nelson acknowledged that the time required to train new men was one obstacle to putting production on this all-out footing.

La Follette told reporters he believed the goal could be achieved only if an intensive training program was undertaken immediately. Senator Connally (D-Tex.) said he, too, was impressed with the need for training additional workers to keep industry going 24 hours a day. Connally said he was encouraged by Nelson's call upon labor and management to adopt a fighting policy at home on the production line.

83 Survivors Of Torpedoed Vessels Arrive In San Juan

SAN JUAN, Puerto Rico, March 12 (AP)—United States naval district headquarters authorized the publication today of the arrival here Monday night of two United States ships bringing 83 survivors of a British tanker and a Swedish freighter torpedoed and sunk in the Caribbean area last Thursday and Friday nights.

The American motorship Idaho landed 49 officers and crew members of the medium sized British tanker, and a few hours later the Waterman liner Ipswich brought in 34 survivors of the small Swedish freighter.

No lives were lost in the sinkings, which occurred approximately 20 miles apart.

For both Capt. A. Henney, master of the tanker, and Capt. Sven Cronberg, master of the freighter, it was the second time ships under their command have been sunk in war action.

Under a new navy policy not to disclose the identity of ships sunk by enemy action, the names and tonnage of the tanker and freighter were withheld.

Auto Tires May Be Growing Right In Your Front Yard

WASHINGTON, March 12 (AP)—Don't cuss that little dandelion when it takes over your well-groomed lawn this spring.

It might help produce a new tire before the war is over.

Scientists, here today to urge the house agriculture committee to make available funds for experimentation in the use of plants and weeds, believe a certain type of dandelion, properly cultivated and developed, can be a source of much-needed rubber.

Their official name for the variety is "Kok-Sagzy," but it looks like any other dandelion, down to the bright gold bloom and the green leaves.

Evans Testifies For Poll Tax Abolition

WASHINGTON, March 12 (AP)—William Evans, newspaper publisher, told a senate committee today that the poll tax permitted "minority rule" and "cheating" of honest voters in eight southern states.

Evans, appearing as publisher of the Nashville Tennessean, testified before a judiciary subcommittee that poll taxes had enabled Ed Crump of Memphis "to build up a political machine that has no peer in the country."

He supported a bill by Senator Pepper (D-Fla.) which would outlaw payment of state poll taxes as a prerequisite for voting for federal officers.

The poll tax states are Alabama, Arkansas, Georgia, Mississippi, South Carolina, Tennessee, Texas and Virginia.

Manufacturers Urge National Sales Tax

WASHINGTON, March 12 (AP)—The National Association of Manufacturers suggested a \$7,800,000,000 tax program to congress today.

The program would include a 10 percent tax on the sale of new automobiles, a 5 percent tax on the sale of new houses, and a 3 percent tax on the sale of new furniture.

The program would also include a 2 percent tax on the sale of new clothing, a 1 percent tax on the sale of new shoes, and a 1 percent tax on the sale of new hats.

The program would also include a 1 percent tax on the sale of new books, a 1 percent tax on the sale of new records, and a 1 percent tax on the sale of new magazines.

The program would also include a 1 percent tax on the sale of new toys, a 1 percent tax on the sale of new games, and a 1 percent tax on the sale of new puzzles.

The program would also include a 1 percent tax on the sale of new stationery, a 1 percent tax on the sale of new pens, and a 1 percent tax on the sale of new pencils.

The program would also include a 1 percent tax on the sale of new paper, a 1 percent tax on the sale of new ink, and a 1 percent tax on the sale of new brushes.

The program would also include a 1 percent tax on the sale of new paint, a 1 percent tax on the sale of new wallpaper, and a 1 percent tax on the sale of new linoleum.

The program would also include a 1 percent tax on the sale of new carpeting, a 1 percent tax on the sale of new drapery, and a 1 percent tax on the sale of new curtains.

The program would also include a 1 percent tax on the sale of new furniture, a 1 percent tax on the sale of new appliances, and a 1 percent tax on the sale of new electronics.

The program would also include a 1 percent tax on the sale of new clothing, a 1 percent tax on the sale of new shoes, and a 1 percent tax on the sale of new hats.

The program would also include a 1 percent tax on the sale of new books, a 1 percent tax on the sale of new records, and a 1 percent tax on the sale of new magazines.

The program would also include a 1 percent tax on the sale of new toys, a 1 percent tax on the sale of new games, and a 1 percent tax on the sale of new puzzles.

Gandhi Says British Must Confess 'Crime'

By H. R. STIMSON
WARDHA, India, March 12. (AP)—Despite the British government's announcement of plans for post-war dominion status for India, the supreme leader of Hindu Nationalists, Mohandas K. Gandhi, professed today to see no sign of settlement for the Indian question.

The frail little man who renounced the title of Mahatma (saintly one) and even formal leadership of the All-India Congress party, said in an interview that Britain must confess "the greatest crime against India"—which he defined as imperialism—and undo it.

Replying to the question, "What should the British government do immediately to settle the Indian problem?" Gandhi said:

"You put a difficult if not awkward question. I hold extreme views about the British connection. In spite of my love for the British, I think their imperialism has been the greatest crime against India. The immediate thing therefore that the British government should do is confess the wrong and undo it.

"Of the undoing there is yet no sign visible in the Indian sky. Yet I cannot help thinking that before Britain can claim moral superiority she must take this first step.

"Then all else follows as day follows night. I will not make imperfect suggestions by way of practical steps. Their (the British) conviction of the wrong will show the way."

At Bombay Mohammed Ali Jinnah, president of the All-India Muslim league, reiterated today that the only solution of the Indian problem acceptable to his organization would be "India's division into separate, autonomous Hindu and Moslem states."

Jinnah, leader of India's minority of 77,000,000 Moslems, made no direct reference to the forthcoming visit of Sir Stafford Cripps as special envoy of the British war cabinet to determine whether the cabinet's plan for eventual dominion status for India will work.

Civilian Defense Against Dowdy Dress

Bright notes in civilian defense are the uniforms the girls will be wearing. New York models show these samples, left to right: Eleanor Chandler, indoor worker's dress; B. J. Graham, cantonment outfit; Lelia Ernst, air raid warden's winter uniform; Eve Whitney, warden's summer outfit.

AXIS

(Continued from Page 1)
taken against Axis nationals as retaliation for the sinking of four Brazilian ships, and there was a widely-held belief this might prove the preliminary to an eventual declaration war. Brazil broke off diplomatic relations with Germany, Italy, and Japan on Jan. 28.

The Vargas decree said "the property and rights of German, Japanese, and Italian persons or legal subjects must answer for harm which has resulted or may result from acts of aggression by Germany, Japan, and Italy."

Axis subjects with bank deposits or credits of more than two contos (\$100) will be obligated to pay 10 per cent on amounts up to \$1,000; 20 per cent on anything between \$1,000 and \$5,000, and 30 per cent on sums of more than \$5,000.

These amounts will be held in the official Banco de Brazil as a guarantee indemnity for acts of aggression in case the Axis governments fall to pay.

Axis subjects and firms were prohibited from transferring property to others except in the line of normal business transactions. Even on those transactions they will be required to pay profit taxes on the same basis as on their bank deposits.

CONVOYS

(Continued from Page 1)
good chance of establishing another beachhead in the series executed southward from Luzon.

In addition to the fact defenders of Java were outnumbered by from two to four to one, Premier Peter Gerbrandy of the Netherlands government in exile disclosed in London last night that the American and Dutch fleet assigned to East Indies waters was less than one-third of the size of the Japanese naval detachment—headed by 14 cruisers—which protected the invasion convoys.

The premier said the Dutch would carry on guerrilla warfare in the Pacific in preparation for a large-scale offensive in 1943.

A somber sidelight of war came in an announcement of Prime Minister John Curtin that Australia was sending foodstuffs for all the 750,000 people of Japanese-occupied Singapore in an effort to insure proper feeding of Australian prisoners.

Proper feeding of prisoners is the captors' responsibility under international law. Long voyages presumably will divert ships and seamen from the Australian war effort. But the Japanese get along on a rice-and-fish standard and that complicates the prison camp problem.

SOVIET SUPPLY PORT

eliminating the time-consuming 500-mile water haul into the White Sea to the Archangel rail head, and a new threat to Germany herself would be aims of such a maneuver.

Finland is reported war-weary; Norwegian resistance to Nazi rule is such as to call for repeated disciplinary actions. Major air and naval operations already are under way—such as the British torpedo plane attack Monday on the German battleship Tirpitz north of Trondheim and a German report that the action had sunk a Soviet freighter at Bear Island.

Free Europe, an international review published in London, said that an Allied spring offensive in the west should have a good chance for success since the forces now concentrated in the British Isles presumably are stronger than those the Germans have arrayed from Norway to the Spanish frontier.

Ezell Funeral To Be Held Here Today

Funeral services for James David Ezell, 46, were to be conducted at 3 o'clock this afternoon in the First Methodist church with the Rev. E. B. Bowen, pastor, officiating. Burial was to be in Fairview cemetery under direction of Dunkel-Carmichael Funeral home.

Mr. Ezell died Tuesday night in a Wichita Falls hospital. He had been ill for nearly a year. Mr. Ezell was born at Gage, Okla. He had resided in Pampa for 14 years and was a plumber by trade.

Survivors are the widow; two sons, Francis, with the armed forces in Alaska, and Leon of Pasadena, Calif.; two brothers, Sam of Barnett, Okla., and Joe of Pasadena; and two sisters, Mrs. Ora Walcher of Amarillo, and Mrs. Cora Noblitt of Hammond, Okla.

CONGRATULATIONS

BRUMLEY'S FOOD STORE

We join the citizens of Pampa in extending sincere congratulations to Mr. J. W. Brumley and his associates on the occasion of the 15th anniversary of the firm that we have known for years as the Barnes and Hastings Grocery and Market. May the future years under the new name be just as successful as those already past.

THE GRAND CHAMPION F. F. A. CALF

The Panhandle Packing Company paid the top price for the Grand Champion Calf at the annual Junior Livestock Show last week. This calf was sold to Mr. Brumley for use in this special event this week. The meat from this calf has been cured in our patented "Steri-Cold Processing Room," which you will find adds greatly to the already high quality of the beef. Of course, you can't get meat from a Grand Champion every day, but you can always get the highest quality, tenderest, tastiest meat when you ask for "Steri-Cold" Processed Meats.

15th ANNIVERSARY

We're Celebrating with BARGAINS

BRUMLEY'S FOOD STORE

We are now starting our 15th year in the grocery business in Pampa. We have seen Pampa grow from a struggling community to its present position of importance as a city. We have grown too. After three years of sole ownership of the Barnes and Hastings Grocery & Market, we have decided to celebrate our 15th Anniversary by changing the name to Brumley Food Store. Of course, we have been financially interested in the business for the past 15 years. The best way we know to show our appreciation to our many friends and customers, who have been faithful to us during the years, is to hold an Anniversary Sale.

RUSSIA

(Continued from Page 1)
by the Berlin radio with sinking an additional 20,700 tons.

The German communiqué also reported that U-boats sank three ships in the Windward Islands, British West Indies, and said Nazi speed-boats sank two ships totaling 5,000 tons out of a strongly-protected convoy in the English channel and German bombers damaged a merchant vessel off the east coast of Scotland.

The second war front sought by Soviet Russia may be established on the north shores of German-occupied Norway and German-allied Finland when the summer sun returns to the Arctic, military and political incidents indicated today.

This possibility arose as the Russians announced Red army forces had killed 49,700 Germans, destroyed 277 planes, and recaptured 161 communities in the Kalinin zone northwest of Moscow from Feb. 3 to

Hero Eddie O'Hare Had Flair For Guns In Military School

By BURTON BENJAMIN
NEA Service Staff Correspondent
ALTON, Ill., March 12—Pande-
monium broke loose among the 270
cadets at Western Military academy.
The radio in the dormitory was
droneing out war news. And then,
suddenly...

"The navy department announces
that 16 or 18 enemy bombers were
shot down in action west of the
Gilbert islands."
"Lieut. Edward H. O'Hare personally
accounted for six bombers."
Lieutenant O'Hare's bag of six is
an all-time individual record. The
closest approach is David I. Ingalls'
five in World War I.

Lieut. Eddie O'Hare as a Western
Military Academy cadet.

Western Military academy cadets
had heard of Eddie O'Hare. Their
officers had mentioned his name
among numerous graduates in the
armed forces. The resulting be-
lief was more than a celebration. It
was the pride and very personal tri-
umph that a Western man had done
the job.

**O'HARE HAD HIS OWN
COLLECTION OF GUNS**

Among officers, there was not only
rejoicing, but reminiscing:
Of a shy, good-natured Irish lad
in a neat cadet uniform who entered
Western as a youngster of 12, and
graduated a 175-pound husky, An-
napolis-bound, five years later.

Of the expert marksman who spent
innumerable afternoons on the rifle
range, averaging from 175 to 180
hits out of 200.

"We practically organized the pistol
team as an accommodations to
Eddie," remarks Col. R. L. Jackson,
superintendent of the school.

"He was crazy about shooting...
had his own collection of guns."

Of the willing youngster who
plugged away as an undistinguished
guard on the Western football team
for two years.

Of an honor student who gradu-
ated in the upper 10th of his class
as a lieutenant in the cadet bat-
talion, appeared in several school
dramas, was known as
"Nero" to his classmates for some
inexplicable reason. He certainly
didn't fiddle while the battle burned.

**PLAYED POLO
AT NAVAL ACADEMY**

Were they surprised at Eddie
O'Hare's unparalleled feat, which
made him an ace in one incredible
afternoon?

"No," says Colonel Jackson. "All he
required was the opportunity. There
was never a more dependable cadet
than Eddie. We knew once he had
the chance, he'd come through."

O'Hare, like many a Western alum-
nus, received an appointment to
Annapolis in 1933. At the naval ac-
ademy, he played water polo, the
roughest of games, was awarded nu-
merals in his freshman year and
intramural mention as an upper-
classman. He did not complete in
varsity sports.

Upon graduation in 1937 he was
assigned to the U.S.S. New Mexico.
Though always interested in air-
planes, he did not become active
in aviation until assigned to the
Naval Air school at Pensacola in 1939.

Sunset Of Dallas Favored To Win Track Championship

By HAROLD V. RATLIFF
Associated Press Sports Editor

The Texas interscholastic league's
third-cham- pionship race today, fat-
too on the cinders these days, bring-
ing news that Sunset of Dallas
may have been picked one year
early to win the state champion-
ship.

Last spring Sunset was given the
nod on all sides but at Austin the
Elisons altered to finish far down
the list.

But they're back with the master
low hurdler, Bill Hamman, who is
co-holder of the national scholastic
record of 22.1; Bill Blackburn, a
fine dash man and broad jumper,
and a crack quarter-mile relay team.

Hamman showed he was in form
this week by clipping the 200-yard
hurdles in 22.8; Blackburn ran the
100 in 1.9, the 22 in 22.1, and broad-
jumped 22 feet 1 inch.

As track men go, it's a far cry
from March to the state meet two
months hence, but records to
date are an indication, Sunset,
Thomas Jefferson of San Antonio,
and Jeff Davis of Houston are the
big three.

Jefferson won its division in the
Border Olympics last week with
some classy showings, including a
9.7 mark in the 100-yard dash by
Charley Parker, a 15.4 high hurdles
performance by Bennie Fuller, and
a 44.4 standard in the 440-yard re-
lay, not to mention some good
marks in the half-mile and shot
put.

Jeff Davis still has Steve Lobue.
He was the difference last season
as he almost single-handed won
the state title by broad jumping 22
feet 8 1/2 inches for first place, tak-
ing second in the high hurdles,
third in the high jump, and run-
ning on the second-place mile relay
team.

Alamo Heights of San Antonio
also looks quite potent with a fine
quarter-miler in Ralph Ellsworth,
who clipped off 9.6 in the Border
Olympics, and a strong mile relay
quartet.

Highland Park of Dallas, always
a threat, has Bill Hamman back for
the pole vault. Hamman led for
first place at the state meet last
season with 12 feet 4 inches.

County meets are scheduled for
this week-end and next, with dis-
trict meets in mid-April. Regional
meets April 25, and state meet May
8 and 9.

The passenger was unidentified.

Two Vessels Torpedoed
WASHINGTON, March 12 (AP)—
The navy announced today that
two ships, described as a medium-
sized British tanker and a small
Swedish freighter, but otherwise un-
identified, have been torpedoed in
the Caribbean sea.

The navy did not say whether the
vessels were sunk, and no details
were available here.

Three Officers And Three Enlisted Men Killed In Crash

SAN ANTONIO, March 12 (AP)—
Three officers and three enlisted
men were killed last night when
their army B-25 medium bomber
crashed and burned nine miles east
of Yoakum, Duncan field officials
announced today.

The dead, from Camp Beau-
gard, La., were:
Second Lieut. D. W. Bradford,
pilot.

Second Lieut. R. C. Hocking, co-
pilot.

First Lieut. A. M. Johnston.
Master Sgt. C. G. Frazier.
Tech. Sgt. E. P. Ricks.
Sgt. C. A. Smith.

The plane crashed about 9 p. m.
after having taken off from Dun-
can field at 8:10 p. m., bound for
Camp Beauregard. Yoakum is about
90 miles east of here.

The ship, Duncan officials said,
had been to the field here for rou-
tine repairs and overhaul.

The field was notified of the crash
by long distance telephone and was
informed that all aboard were killed
and burned, officials said.

The ship exploded when it
crashed.

Army officers were sent to the
scene to make an investigation.

**Brazilian Vessel
Survivors Landed**

NEW LONDON, Conn., March 12
(AP)—Fourteen crewmen of the tor-
pedoed Brazilian vessel Cayru died
during a three-day ordeal in one of
the ship's lifeboats, the navy re-
ported today after landing six oth-
ers, greatly suffering from exposure,
at this port. Also brought ashore
was the body of a passenger.

Two of the survivors were able to
stand with the aid of sailors; the
others were carried ashore on
stretchers, and all were taken im-
mediately to a hospital.

The survivors brought here were:
Miral DeSouza Oliveira, 20, second
mate.

Dionizio Dinis Monotero, 25, sea-
man.

Joao Evangelista DearAujo, 55,
fireman.

Raymundo Monato DaNeves, 42,
third engineer.

Manuel Viera DosSantos, 36, cook.

Valdomiro Ferreira DosSantos,
26, seaman.

The passenger was unidentified.

Market Briefs

NEW YORK, March 11 (AP)—Resump-
tion of oil and petroleum stocks in chemical
shares threw the stock market into a
tizzy today.

Following the chemicals in their re-
treat to the lowest levels for two or three
years were numerous industrial and mer-
chandising stocks. In the depressed di-
vision declines at the worst ranged from
fractions to around 6 points. Steel, motor,
aircraft and rails remained in a narrow
range to the finish.

The market's performance was a fairly
close copy of yesterday's both in respect to
price shifts and volume, which for the
five-hour stretch amounted to only about
400,000 shares.

CHICAGO GRAIN
CHICAGO, March 11 (AP)—Despite weak-
ness of rye and soybeans, prices of which
dropped more than a cent a bushel at one
stage, the wheat market maintained sta-
bility today and scored small net gains
in the session.

Rye and beans were unsettled by stop-
less liquidation but wheat, corn and oats
were benefited by demand from com-
mercial interests, with a moderate shipping
business reported in the feeding grains.

Some brokers expressed belief that
evidence of mill purchases of wheat.

Wheat closed 1/4 cent higher, than
yesterday, May 81 1/2-82 1/2, July 81 3/4-82 1/4;
corn unchanged to 1/4 up, May 88-88 1/2,
July 89 1/2-89 3/4; soybeans 1/2-1/4 lower;
soybeans unchanged to 1/4 lower.

Two Vessels Torpedoed
WASHINGTON, March 12 (AP)—
The navy announced today that
two ships, described as a medium-
sized British tanker and a small
Swedish freighter, but otherwise un-
identified, have been torpedoed in
the Caribbean sea.

The navy did not say whether the
vessels were sunk, and no details
were available here.

Offensive At Top Of Europe Now Under Way

By FRED VANDERSCHMIDT
NEW YORK, March 12 (AP)—Cum-
ulative military and political evi-
dence indicates the imminence of
highly important operations cen-
tering about the area between the
resolute North cape at the top of
Norway and the cruel 1,000-foot
granite cliffs of the Russian Mur-
mansk coast.

Major air and naval operations
already are under way, involving
German capital ships, British tor-
pedo planes undoubtedly operating
from an aircraft carrier, other Brit-
ish warships and United Nations
convoys.

These cannot be explained entire-
ly by the routine movement of
American and British supplies to
Archangel. More than one com-
petent analyst is considering whether
the western Allied powers will pound
a wedge of well-equipped power into

the top of Europe when the mid-
night sun shines this coming sum-
mer.

Free Europe, a review of interna-
tional affairs published in London,
said today that an Allied spring
offensive in the west should have
a good chance of success, for the
forces now concentrated in the
British Isles presumably are strong-
er than those the Germans have
disposed from Kirkenes, Norway,
to Hendaya, France.

This commentary declared that
both military and political reasons
commended Norway as a spot where
the Allies could strike with over-
whelming forces. It added that con-
quest of upper Scandinavia would
give the United Nations a conven-
ient link with Russia through Fin-
land and would put them in position
to strike directly into the heart of
Germany.

An offensive at the top of Europe
might well be the extra contribu-
tion to Russia's cause which the
Soviet Union gives every evidence
of expecting. There is plenty to win:
A successful push could wipe Fin-
land from the war, open and pro-
tect the whole Allied-Russian con-
tinental line via the excellent port of
Murmansk and re-establish the

Allies in Norway where they could
organize and supply increasing re-
sistance by the population.

A common U. E.-British-Russian
front could be thrown quickly across
the thin tip of Finland and the
front in time might provide just the
impetus which the Russians need to
turn the whole German northern
flank and collapse it upon the Bal-
tic States and east Prussia itself.

porting to be drawn on the account
of "Pete's Body Shop."

On the same date Sorens is al-
leged, according to a second in-
dictment, to have fraudulently pas-
sed a spurious check for \$3 to John
Earsom, the check written as pay-
able to John Earsom.

On the theft charge, Sorens is
alleged to have taken a Ford auto-
mobile valued at \$500, belonging to
Cliff Rutherford.

The indictment against Mayberry
alleges that on January 29 he took
two cap bearings and one connect-
ing rod, valued at \$300, from L. V.
Miller. Bond has been set at \$1-
500. No notation on amount of
bond set in the other cases is writ-
ten on the face of the other indict-
ments.

Total number of indictments re-
turned by the grand jury during the
term was 35, of which nine were
for theft, four for forgery, and two
for burglary. Crime conditions in
the county, the grand jury report-
ed, are uniformly light.

SHOELESS PRISONER
OMAHA, March 12 (AP)—An officer
of the Colorado Industrial school
delivered a lad to juvenile authori-
ties here, but took the boy's shoes
back with him. He explained they
belonged to the Colorado school.
Juvenile officers found another pair
for their prisoners.

Today's War Analysis

By DeWitt Mackenzie
Wide World War Analyst

British Premier Churchill's renewed offer of dominion status for India after the war may prove to be a less persuasive gesture than will be demanded of him in this life or death crisis when the great Indian empire is in deadly peril of invasion by the success-crazed Japanese.

The proposal of self-government (after the war) was made to the Nationalists nearly two years ago—and failed to click. The followers of Mahatma Gandhi have demanded their independence on the barrel head, and not at some indefinite future date.

Of course, Mr. Churchill's offer is accompanied by proposals which have not yet been made public. Still, the question likely will be raised as to whether he couldn't make the road easier, at a time when every hour wasted is a prop pulled from under the security of the already manhandled British empire, if he said:

"We will grant dominion status forthwith, and all necessary formalities will be carried out. However, in view of the difficulty of setting up a new government, we ask you to agree that this is deferred to the end of the war. Meantime, India shall have all possible representation in the present government, with the understanding that Britain remains in control of military operations."

Under the circumstances it wouldn't be surprising to see the imbrolio finally take such a turn. Churchill is sending his new trouble-shooter,

the Leftist Sir Stafford Cripps, to India to try to solve the difficulty. Since Sir Stafford has been advocating Indian independence, it might be expected that he wouldn't present a stiff neck argument for immediate action.

It must be emphasized that Churchill is dealing with one of the greatest problems England ever faced, even today it is made more difficult by the reiteration by the All-India Moslem league that the only solution it will accept must provide for separate autonomous Moslem and Hindu states.

While this unhappy political argument is proceeding, the conquering Japs in Burma are looking speculatively across the Bay of Bengal towards the not distant metropolis of Calcutta, capital of the great province of Bengal. The little men of Nippon know that Bengal is the hide-out of most of the sedition-mongers of India, and the number of these trouble-makers is considerable. The vast network of British secret service agents watches Bengal day and night. What more favorable spot could the Japs desire for a landing?

It isn't suggested that the Indians as a whole would aid a Japanese invasion, despite their refusal to cooperate with the British in freedom under the security of the already manhandled British empire, if he said:

There's another danger spot up on the northwest frontier in the region of the famous Khyber Pass which leads through the towering Stone mountains into Afghanistan. Along the frontier live the Mohamands and other barbaric tribesmen whose main business in life is to make war on the British. I know these fellows from first-hand experience, and they are tough.

German agents have been working on these wild men and providing them with arms, with the idea of inspiring an attack against the British. Then the inscrutable mind of Afghanistan itself is never safe to gamble on.

But of all the threats against India, the political difference between England and the nationalists is by far the most serious. It can do untold damage unless it is settled immediately, for the Japs are going to make hay while the Rising Sun shines.

Home Room Best In Gas Attack Alarm

AUSTIN, March 12 (AP)—There's no place like home—especially in an airtight room—in the event of a gas attack, emphasizes Dr. H. R. Henze, professor of pharmaceutical chemistry at the University of Texas.

If you are out of doors when a gas alarm sounds, Dr. Henze advises: "Run for cover, get under a table, try to get home as quickly as possible."

"But in case gas is already in the air, fling a coat or parasol—or shirt if you dare—over your head to protect the respiratory system," he counseled.

Barnes and Hastings Name Is Changed To Brumley Food Store

Announcement was made today by J. V. Brumley, owner and manager, that the Barnes and Hastings Grocery and Market, 109 N. Cuyler St., would hereafter be known as the Brumley Food Store.

This week marks the 15th anniversary of the firm in Pampa. Mr. Brumley has been financially concerned in the business and active manager since the store was opened in 1928 and has been sole owner for the past three years.

The change of name marks the end of 30 years association of Mr. Brumley with the name of Barnes and Hastings. He withdrew from southwestern university over 30 years ago to start work for that firm in Memphis, Tex., where he stayed for seven years. Prior to coming to Pampa, he operated a Barnes and Hastings grocery store at Hedley, Tex., for nine years.

Personnel of the local store besides Mr. Brumley, includes Mrs. Brumley, J. A. Taylor, manager of the meat department; Paul Haymes, clerk; and Raymond Bennett, delivery man. The entire group today joined with Mr. Brumley in expressing appreciation to Pampans for cooperation and patronage during the past 15 years.

"The change of name will in no way alter the policy of the store in rendering the best possible service and selling only the highest quality food merchandise," Mr. Brumley said.

Panhandle Troop Tops District 3 At Court Of Honor

SPECIAL TO THE NEWS
PANHANDLE, March 12—The Boy Scout court of honor for district 3 was held at Groom Monday night.

Troop 8 of Panhandle won the Scout ladder with a score of 379 points. Troop 83 of Groom was second with a score of 299 points.

Troop 1 of Panhandle was third with a total of 258 points; and Troop 2 was fourth with 179 points. Troop 8 will keep the ladder for the next two months.

Panhandle Scouts who made advancement were John Franklin to first class; Billie Pike and Hubert Marvel to second class. Dickie Stepen received merit badges in handcraft and bird study.

Troops 83, 2, 8, and 1 staged a knot-tying contest in which Troop 83 won with 141 points. Troop 2 scored 83, Troop 8, 67, and Troop 1, 42.

Representing Troop 1 of Panhandle at the court of honor were John Franklin, Billy Cunningham, Frank McDaniel, Billie Pike, Lee Roy Roberts, Joe Hendon, and Dick Waldron, members; H. G. Robinson, Scoutmaster; K. L. Turner, H. M. Campbell, and Bill Hancock, committeemen; and Mrs. Charles Franklin and Mrs. McDaniel, mothers.

Representing Troop 8 of Panhandle were Dickie Stepen, Jack Boyd, Rubeen Murray, Hubert Marvel, C. F. Hood, and Richard Earl Nunn, members; the Rev. J. E. Boyd, Scoutmaster; C. P. McCullough and the Rev. James Todd, committeemen; and Mrs. Earl Nunn, Mrs. J. E. Boyd, and Mr. and Mrs. C. F. Hood, parents.

John Tschirhart For Constable Precinct 1

John Tschirhart authorized the Pampa News to announce his candidacy for Constable in Precinct 1, subject to the Democratic Primaries July 25. Mr. Tschirhart was born and raised in Texas having lived the past 14 years in LeFors. He is married and has three sons in the armed forces of the United States.

"Any support and influence the voters can give me will be deeply appreciated," said Mr. Tschirhart and if elected a fair and square deal will be rendered to all."

Corporal Beaten

SAN ANTONIO, March 12 (AP)—Corporal Alvin Stovall, 24, was near death at the Brooks Field hospital after having been found in a semi-conscious condition in a parking lot in the 600 block of South Alamo

street at 2 a. m. today. The soldier, attached to the field's medical detachment, mumbled to officers and hospital attendants that he was attacked, beaten and robbed by four other soldiers as he was walking toward the field.

Of the 8,600,688 miles of highways in the world, the Americas lead with 3,975,421 miles. Europe has 3,501,784. Asia 1,185,471, combined Australia New Zealand and Oceania have 527,730 miles and Africa 410,282 miles.

Russian Language May Be Taught At Texas
AUSTIN, March 12 (AP)—The University of Texas catalogue may offer a course in the Russian language in the near future.
On the agenda of a university regents' meeting March 28 will be a faculty recommendation that the course be taught so that students may read scientific articles published in Russian.

Launching Senior Service Training Tops 30 Years Of Scout Preparedness

"In peace or in war, the thrilling words 'Be Prepared' have always stood as guide posts to direct Girl Scouts along the trail..." wrote Mrs. Paul Littlehouse recently in a message to the more than 600,000 girls enrolled under the Girl Scout banner. And because Girl Scouts have followed the motto, 'Be Prepared', not for a week, or a year, but for 30 years, the national director in this war-time year was able to add to her message, "I have great confidence that every one of you will meet with true Girl Scout spirit all the tasks, big and little, that fall to your share in the months ahead."

Looking back on the road the Scouts have traveled down the years since their founding in this country on March 12, 1912, reveals a steady growth in numbers, in development of activities, of training, of service.

From the first troop of eight members three decades ago, Girl Scout membership grew to 5,000 in 1915; to 32,018 in 1918; to 81,230 in 1922; to 190,300 in 1926; to 315,904 in 1930; to 516,420 in 1938; to 654,870 in 1941.

Step by step along with the growth in numbers, was the forming of an ever-widening program of activities and service, the gradual building up of a national organization, the enrolling of prominent women and men in roles of leadership and guidance.

Highlights in the development of Girl Scouting in the United States are: 1912—Two companies of Girl Guides formed in Savannah, Ga. by Juliette Gordon Low. 1913—The name Girl Guides changed to Girl Scouts. Miss Edith Johnston made first national secretary by Mrs. Low. First national headquarters established in the Munsey building, Washington, D. C. First Girl Scout handbook, called "How Girls Can Help Their Country" published. Title was changed to "Scouting for Girls" in 1918 and in 1929 to "Girl Scout Handbook." First khaki uniforms ordered, consisting of middie and skirts and voluminous neckerchiefs. 1915—Girl Scouting, Inc. incorporated, first constitution and by-laws adopted. First annual convention held in Washington, D. C. National Council formed with Mrs. Juliette Gordon Low the first president. 1916—National headquarters moved to New York. First training camp for Girl Scout leaders held on land owned by Mrs. James J. Storrow near Plymouth, Mass. This developed into the First National Training School established by Mrs. Storrow in the summer of 1917 in Boston. First troop of Brownies (juniors of from 7 to 10 years) formed at Marblehead, Mass. Executive Board inaugurated financing plan. Therefore Mrs. Low had personally financed the entire movement. First gift of \$1,000 received from Mrs. V. Everit Macy of New York. Miss Abby Porter Leland becomes first national director. 1917—United States enters World War I. Girl Scouts share in serv-

Shower Given As Courtesy To Mrs. Homer Snider

A miscellaneous bridal shower complimenting Mrs. Homer Snider, the former Margie Dumas, was given in the home of Mrs. C. J. Stevens, 641 North Faulkner street, recently.

A St. Patrick theme was observed and following the serving of refreshments, gifts were opened by the honoree.

Attending were Mmes. L. Holder, Cosby, B. F. Dumas, Willis White, Pauline Stark, Harry Hergeshelmer, W. C. Wilson, E. J. Kenney, Noble Hegwer, Houston Allen; Norma Jean Stevens, the honoree, and hostess.

Mrs. Cobb Named Honoree At Shower By Two Hostesses

Mrs. Terrell Cobb was honored with a lavette shower by Mrs. C. E. Barnes and Mrs. Jim Halley recently in the Barnes home at the Colcoz Carbon camp.

Attending were Mmes. Ed Wiggins, Pete Ammons, Alvin Martin.

Additional Society on Page 11

J. H. Romines, Edwin Cobb, Ivan Stokes, Melvin Roberts, the honoree, and hostesses.

Sending gifts were Mmes. N. C. Jordan, M. F. Tibbets, R. L. Jordan, Bill Smith, E. B. Daugherty, V. O. Woods, Jerry Lockard, J. A. White, E. L. Hughes, and M. E. Hardin.

After the gifts were opened refreshments of coffee and cake were served.

Handbook (six volumes) published.
1936—First international conference of leaders of handpicked Girl Scouts and Girl Guides held in London.

1940—First Girl Scout Western Hemisphere encampment held at Camp Andree with girls from fourteen American countries. Local service bureaus set up to coordinate Girl Scout service activities with defense needs and activities of other agencies. Western Hemisphere center established in New York.

1941—Senior Service Scouts training program launched. United States enters World War II. Girl Scouts telegraph President Roosevelt: "Now that the United States is at war, the more than 665,000 girls and adults in Girl Scouting pledge themselves to redouble the efforts they are already making in national defense and in service to community and country." The record speaks eloquently for itself. Girl Scouts were, and are, prepared.

1942—Brownie Book — a Manual for Leaders of Junior Girl Scouts, published. Field News, a monthly bulletin for Girl Scout leaders, issued for the first time as a section of "The American Girl." Since 1923, it has been published separately as The Girl Scout Leader. Laura Spelman Rockefeller Memorial grant given to establish courses in Girl Scout leadership in colleges and universities. Dr. Elizabeth Kemper Adams, a professor at Smith college came into Scouting to direct the work of training volunteer leaders. Camp Andree, Pleasantville, N. Y., given to the Girl Scouts by Senator William A. and Mrs. Clark, in memory of their daughter Andree, after they had discovered in her diary that Girl Scouting had changed her whole outlook on life. Between 1922 and 1927 training courses were installed in one hundred and fifty-two colleges and institutions of higher learning in 42 states. 9,949 young women were trained as Girl Scout leaders, and leadership and training techniques were greatly improved.

1924—Girl Scout "Little House" in Washington, D. C., presented by General Federation of Women's clubs. World Bulletin appeared for first time. Camp Edith Macy presented by Mr. V. Everit Macy in memory of his wife.

1927—Mrs. Juliette Gordon Low died in Savannah, Georgia. Juliette Low Memorial Fund began. Green uniform adopted.

1928—World Association of Girl Guides and Girl Scouts formed.

1929—Our Chalet in Adelboden, Switzerland, presented by Mrs. James J. Storrow of Boston to World Association.

1934—Girl Scout Mariner Program launched. Blue Mariner uniform adopted.

1935—Braille edition of Girl Scout

Seven Circles Of Methodist WSCS Begin New Study

Beginning a Bible study series and using "Our Times" by Dwight J. Bradley as a text, Woman's Society of Christian Service of First Methodist church met this week in circles when the love offering was taken in each group by the supply chairman. This offering will go to settlement houses supported by mission funds.

Circle One met in the home of Mrs. C. B. Homer with 11 members present. After a short business session, Mrs. John Skelly told the story of how the author, Charlotte Elliot, wrote the song, "Just As I Am," and the group joined in singing this hymn. Mrs. Rebecca Thompson gave the devotional and led in prayer. Mrs. W. Purviance, spiritual life chairman, who led the study, was assisted by Mrs. Curtis Douglas in discussing "The Bible Deals with Personal Concrete Situations." Mrs. Skelly "The Bible Teachings are Personal," and Mrs. Edwin White, "Bible Teachings are Not Moralistic But Ethical." Mrs. Purviance concluded the lesson with the thought that Bible teachings are based on a covenant between God and His people. The circle will meet with Mrs. C. J. McNaughton, 606 North Gray, next Monday.

When 10 members of Circle Two met in the home of Mrs. M. N. Cox, Mrs. Dan Leitch told the story of "All Hail the Power of Jesus Name" by Edward Ferimot. She then asked the group to join her in singing the familiar hymn. Mrs. A. G. Averitt, who directed the Bible study from the first chapter of the mission book, was assisted by Mrs. J. E. Kirchner. Mrs. C. W. Andrews gave the devotional. The Upper Room circle will meet with Mrs. Andrews next Monday.

Circle Three met in the home of Mrs. C. E. Ward when 12 members answered roll call. Mrs. W. R. Campbell presided and Mrs. J. G. Carlgile led the meditation. The hostess directed the Bible study and spoke on "Why Study the Bible?" Mrs. Robin Leitch will meet with Mrs. Andrews next Monday.

Circle Four met in the church parlor with Mrs. Bess as hostess to 13 members. The group sang "My Faith Looks Up to Thee" after Mrs. Ed Weiss gave a short biography of the author, Ray Palmer. Mrs. John Hessey gave a devotional from The Upper Room. Mrs. Linn Garrison directed the business session in the absence of the chairman, Mrs. Sherman White. Mrs. Hessey opened the Bible study with a discussion on "The Law of Love." Mrs. J. C. McWilliams presented "The Bible and People." Mrs. V. M. Osborne, "Bible Teachings are Personal," and Mrs. W. E. Adams, "Bible Teachings and a Covenant." The circle will meet with Mrs. Lee Harrah next Monday.

Circle Five met in the home of Mrs. Luther Pierson with 12 members answering the roll call with Bible quotations. The group sang "Close to Thee after which Mrs. John Hodge, spiritual life chairman, had charge of the Bible study. She was assisted by Mrs. H. E. Dosier and Mrs. A. W. Babione. Mrs. Hodge conducted a Bible quiz on the "Power Era." The circle will meet with Mrs. C. W. Hill, 1323 Mary Ellen, next Monday.

Circle Six met in the home of Mrs. A. McAfee with 11 members present. The group sang "Footsteps of Jesus" with Mrs. Brownlee giving the devotional. Mrs. Ethel McEwing directed the Bible study with Mrs. Joe Thomas and Mrs. Travis Lively assisting. Mrs. McEwing read a poem on the books of the Bible. Mrs. Mabel Brier, Mrs. W. D. Waters, and Mrs. Hugh Anderson discussed "Bible Teachings and How They Pertain to People Today." Roll call was answered by questions from the study book. The circle will meet with Mrs. Travis Lively, 1012 East Browning, next Monday.

At the meeting of Circle Seven in the home of Mrs. Krulish, four members and one visitor, Mrs. Anderson, were present. The group sang "Love Lifted Me" and Mrs. Marshall Hubbard gave the devotional on "Love." Mrs. E. B. Bowen directed the Bible study of the first chapter of the text. The group will meet with Mrs. Glen Brown, 416 North Starkweather, next Monday.

Officers Elected For Ensuing Year By Baker P-TA Unit

At the monthly meeting of B. M. Baker Parent-Teacher association held Tuesday afternoon in the school auditorium, Mrs. J. E. Beard, president, presided over the business session in which Principal J. A. Meek read the names of officers submitted by the nominating committee.

Those elected were Mrs. Ben Coffee, president; Mrs. Tom Clark, vice-president; Mrs. Charles Qualls, secretary; Mrs. Bud Patton, treasurer; Mrs. Annie Daniels, historian; Mrs. J. M. Dearing and Miss Minnie Allen, City Council representatives; and Mrs. Cecil Lunsford, Mrs. M. B. Watkins, and Mrs. Jack Denner for Tri-County Council.

Mrs. B. B. Hayes, program chairman, presented Miss Evelyn Thoma who directed the choral club and all patrons in singing "The Star Spangled Banner," "America Awake," "Keep the Home Fires Burning," and "She'll Be Coming 'Round the Mountain."

Mrs. J. P. Arrington, chairman of the Junior Red Cross of Baker school, showed the blocks which the children have knitted for an Afghan.

When the room count was taken, Mrs. Arrington won the award with 15 present, and it was found that there were four generations of Mrs. Compton's family present.

Defense Gardening Panel To Be Feature Of Garden Club

Demonstrations of flower arrangements and a forum on defense gardening will be featured on the program at the regular meeting of Pampa Garden club tomorrow morning at 9:30 o'clock in the city club rooms. Preceding the program, Mmes. H. C. Schofield and R. D. Morris will be hostesses for a morning coffee social.

Mmes. Ora Duenkel, H. W. Morrow, and W. T. Fraser will demonstrate classical and contemporary lines and their adaptations in flower arrangements, and Mmes. Julia B. Kelley, S. T. Beauchamp, and Troy Maness will take part in the forum on defense gardening.

Mmes. H. M. Luna and Paul Tabor will make announcements regarding two new phases of the club's activities for the year. Mrs. Paul Jones will play piano numbers during the social period, which will begin at 9:15 o'clock.

Members who cannot be present are asked to notify the secretary, Mrs. L. L. Sone, before the meeting.

Health Inventory Urged By Doctor At BPW Meeting

"Take an inventory of yourself and ask yourself such questions: When have I been examined by my doctor or my dentist, have my finances been arranged to meet emergencies, what symptoms do I have that appear simple but may lead to more serious ailments, is my posture good, do I appear healthy, am I losing or gaining weight, do I have good food and rest habits, is my time budgeted, and what is my attitude toward my work?" Dr. Calvin Jones, local physician, stated in discussing "Are You Fit for the Job?" at the meeting of Business and Professional Women's club this week in the city club rooms.

"Worry is our greatest subversive enemy now and is injurious to our mental attitude," he continued. "Fitness is up to the individual. Certain characteristics which are basically common with those who make happy, effective, and successful adjustments to their environment are a sense of well-being, a feeling of zest and satisfaction in mental and muscular effort, an interest and joy in work and recreation, both of which are in sensible proportion and balance, a facial expression and general carriage which radiate health and freedom from stress and strain, energy and vitality not only sufficient to carry on the usual routine but within reasonable limits to meet the emergencies without undue fatigue, and recovery from fatigue after reasonable sleep and rest so that the new day starts without the handicap of a hangover from the day before."

"Similar healthy mental characteristics are an ability to understand and enjoy other people and to live harmoniously with them, an ability to meet issues and problems squarely by constructive thinking and action, self-confidence, courage, cheerfulness, emotional balance and with an objective point of view, intellectual honesty, good sportsmanship, an open mind, curiosity about and interest in the world, putting forth of best efforts in individual or cooperative or group action, a good sense of humor, and ability to laugh at herself," he concluded.

Dr. Jones was presented by Sue

McCarthy of the health committee who was assisted by Blanche Dresser and Frances Craver in arranging the program.

Following the address, the club discussed blood tests to be given members of various clubs in connection with the present health program.

Attending the meeting were Blanche Anderson, Pauline Bruton, Jess Bumpass, Agnes Bergman, Mayme Counselor, Frances Craver, Blanche Dresser, Margaret Dial, a new member, Audrey Fowler Mabel Gee, Dalton Hall, Rowena Hughes, Maggie Hollis, a new member, Maurine Jones, Ida May Jones, Lillian Jordan, Muriel Kitchens, Mildred Lafferty, Vera Lard, Ellen Layne, Sue McCarthy, Lillian McNutt, Letha Northrup, Madeline Murray, Vada Lee Olson, Grace Pool, Madge Rusk, Clara Lee Shewmaker, Jessy Stroup, Allie Tipton, Ruth Waistad, and Opal Wright. Guests were Mrs. Mary Wilson and Mrs. Martin.

At the executive board session which preceded the regular meeting, Miss McCarthy reported on the cancer control drive to be conducted this spring. The club will raise its share of the funds rather than soliciting because of lack of time of the members. Five dollars were donated to the Boy Scouts.

Plans were made to invite Miss Helen Martin to instruct the club in the singing of patriotic songs. At the next social meeting on March 24, the Past Presidents club will be in charge.

An invitation was extended to

business women outside of the club to participate in the recreation program, the first of which is to be held tonight. Additional information may be obtained by calling Jess Bumpass or Mary Louise Smelser.

Present at the board meeting were Lillian McNutt, Mayme Counselor, Lillian Jordan, Vera Lard, Audrey Fowler, Blanche Anderson, Jess Bumpass, Sue McCarthy, Madge Rusk, Dalton Hall, Mabel Gee, Maurine Jones, and Ruth Waistad.

Concentrated into an area little larger than New England are most of the war industries of Japan. They are hard for allied bombers to reach, but once hit are highly vulnerable to mass destruction.

County Tops State In TB Bangle Sale

Gray county's outstanding success in the sale of bangles—the tiny red celluloid double-barred crosses of the tuberculosis associations—has received recognition from the state organization.

W. E. James, president of the county association, has been invited to speak on the county campaign at the state Christmas seal sale conference to be held April 2 in Austin. The president of the county unit said today he would accept.

Gray county sold more bangles in proportion to population than any other county in Texas, in the annual campaign of the state and county tuberculosis association, held from November 25 to February 1.

Proceeds from the entire campaign here, including Christmas seals, was \$1,230. On bangles, the amount, including sales in schools over the county, was \$140, of which \$90 was raised locally.

President James said he planned to call a meeting of the directors of the county association some time next week.

Miss Frances Condit is seal sales director of the Texas Tuberculosis association, an organization of which W. B. Weathered, county superintendent of schools, past president and present treasurer of the county unit, is second vice president.

Rotary Club Holds Urban-Farmer Day

Farmers and townsmen shook hands at the regular urban-rural program of the Pampa Rotary club, held at noon yesterday.

There was no set program for the affair. Many Rotarians had farmers as their guests. Entertainment consisted in the magic act and music of Mr. and Mrs. Jeff Guthrie.

Attendance at the luncheon was 62. Visiting Rotarians were A. A. Meredith, district manager, Work Projects Administration district 16, and Harold L. Nichols, Great Plains District Y.M.C.A. secretary, both of Pampa.

Mr. Nichols had as his guests two Pampa boys, John Tom McCoy and Bill Waters.

Other guests were Dave Turcotte, Hoover; Joe Looper, Groom; Porter Pennington, Miami; H. A. Baller, Kellerville; and the following, all of Pampa:

J. W. Condo, Fred Sloan, W. G. Kinzer, Mack Harmon, Wiley Reynolds, Jack Stephens, E. G. Frasher, Paul Kahlor, E. A. Shackleton, C. S. Barrett, Robert Hollis, L. R. Taylor, Guy Farrington, Harold Osborne, and John Haggard.

Good Neighbor Policy Theme Of 20th Century Club

"International Goodwill" was the theme of the program for Twentieth Century club members when they met this week in the home of Mrs. Clifford Braly, Sr. To further the good neighbor policy, three subscriptions to the Spanish-language edition of the Reader's Digest were sent to Latin America addresses.

Roll call was answered with great names in the world news. Mrs. Clifford High led the reading of the club litany; then as program leader she introduced the program on Latin America with a resume of the organization and purposes of the Inter-American Commission of Women. She called it the "feminine" commission. Composed of delegates from 19 of the 21 American republics, it was organized in Cuba in 1928 as the handmade organization to the Pan-American union.

Mrs. Ray Hagan discussed the Pan-American highway which, when completed, will extend from Fairbanks, Alaska, to Buenos Aires, linking the Americas in a closer bond. It was first planned to link the capitals and largest cities—but this was impossible in South America because the large cities and capitals were too scattered.

In Guatemala every person donates two weeks of his time to work on the highway construction. Eighty-seven per cent of the road is completed through Central American states. When completed, it will be 20 times longer than the Burma road.

A huge sum of money has recently been appropriated by the United States to rush to completion the portion extending to Fairbanks.

Discussing relations in culture between the Americas, Mrs. Roger McConnell gave reasons for differences and lack of understanding between our people and those of Latin America. Latin Americans are highly sensitive and consider themselves highly superior to us. The field of cultural expansion is large, but we have neglected a tremendous opportunity until recently. Much still remains to be done.

A brief business session was conducted by Mrs. J. B. Massa, president. Mrs. I. B. Hughes, president-elect, and delegate to the convention at Lubbock, read her convention report.

The club this year has given 590 hours work to the Red Cross; \$10 to the underprivileged children's cafeteria fund; \$14,603 in Defense Bonds and Stamps, and a pledge of \$189.50 monthly. Also it has four members doing Girl and Boy Scout work.

Mrs. Hol Wagner of the legislative committee reported three measures being considered at present. The club endorsed the following: Organization of a Woman's Army Auxiliary corps, a measure being considered in congress; opposition to the bill now pending for federal compulsory joint income tax returns; and opposition to the occupational tax on margarine.

The hostess served refreshments to entire membership of the club as follows: Mmes. Ivy Duncan, J. M. Fitzgerald, J. C. Richey, Lester Benge, Paul Kasishke, J. B. Massa, Clifton High, Roy McMillen, Raymond Harrah, Roger McConnell, F. L. Stallings, Roy McKernan, Hol Wagner, Joe Gordon, Ray Hagan, I. B. Hughes, Tom Rose, Sr., Frank Gulberson, and W. R. Campbell.

The Social Calendar

FRIDAY
Young Business Girls class of First Baptist church will have a covered dish dinner at 7 o'clock in the home of Miss Catherine Ward, 487 South Bank street. Sub Deb club will entertain with a sport dance at the Schneider hotel for Hi-Y members and delegates.

Brownsville Pilot Killed

LAS VEGAS, Nev., March 12 (AP)—Second Lieut. James I. White, 22, of Brownsville was killed and Private Oliver W. Krueger of Brenham, Tex., suffered a skull fracture in the crash of a training plane which went out of control at about 50 feet altitude yesterday.

The men, attached to the army air corps gunnery school here, crashed at Indian Springs, 45 miles northwest of Las Vegas.

White's father is P. H. White of Brownsville.

Texas Led Squadron Which Bombed Jap Vessels At Salamaua

AUSTIN, March 12 (AP)—The flying career of Maj. Richard H. Carmichael, almost halted when an airplane's controls broke at the bottom of a screaming power dive, struck its climax in the destructive New Guinea raid upon Japanese ships.

Major Carmichael, son of the late public safety director, Col. H. H. Carmichael, led the squadron which bombed Nipponese vessels at Salamaua.

In Hawaii a few years ago, the controls of Major Carmichael's ship broke as his plane plummeted earthward. The flier bailed out only 300 feet above the ground and he was half that distance from the earth before his parachute bloomed.

He struck the earth with great force, severely injuring his knee. For a time it was feared he never would fly again, but an operation cured the knee.

Major Carmichael returned to his flying, with magnificent results.

Carmichael attended the University of Texas one semester and was graduated in 1936 from West Point, in the upper fourth of his class.

Seattle Elects Mayor-Designate

SEATTLE, March 12 (AP)—Seattle's voters hailed a new mayor-designate today after turning out of office the incumbent who had the active support of Dave Beck, West Coast leader of the AFL Teamsters' union, in a bitterly contested campaign.

Police Judge William F. Devin ran up a surprising 3-to-2 margin over Mayor Earl Milliken in yesterday's voting. The totals were: Devin 63,892; Milliken 43,541.

Good Neighbor Policy Theme Of 20th Century Club

"International Goodwill" was the theme of the program for Twentieth Century club members when they met this week in the home of Mrs. Clifford Braly, Sr. To further the good neighbor policy, three subscriptions to the Spanish-language edition of the Reader's Digest were sent to Latin America addresses.

Roll call was answered with great names in the world news. Mrs. Clifford High led the reading of the club litany; then as program leader she introduced the program on Latin America with a resume of the organization and purposes of the Inter-American Commission of Women. She called it the "feminine" commission. Composed of delegates from 19 of the 21 American republics, it was organized in Cuba in 1928 as the handmade organization to the Pan-American union.

Mrs. Ray Hagan discussed the Pan-American highway which, when completed, will extend from Fairbanks, Alaska, to Buenos Aires, linking the Americas in a closer bond. It was first planned to link the capitals and largest cities—but this was impossible in South America because the large cities and capitals were too scattered.

In Guatemala every person donates two weeks of his time to work on the highway construction. Eighty-seven per cent of the road is completed through Central American states. When completed, it will be 20 times longer than the Burma road.

A huge sum of money has recently been appropriated by the United States to rush to completion the portion extending to Fairbanks.

Discussing relations in culture between the Americas, Mrs. Roger McConnell gave reasons for differences and lack of understanding between our people and those of Latin America. Latin Americans are highly sensitive and consider themselves highly superior to us. The field of cultural expansion is large, but we have neglected a tremendous opportunity until recently. Much still remains to be done.

A brief business session was conducted by Mrs. J. B. Massa, president. Mrs. I. B. Hughes, president-elect, and delegate to the convention at Lubbock, read her convention report.

The club this year has given 590 hours work to the Red Cross; \$10 to the underprivileged children's cafeteria fund; \$14,603 in Defense Bonds and Stamps, and a pledge of \$189.50 monthly. Also it has four members doing Girl and Boy Scout work.

Mrs. Hol Wagner of the legislative committee reported three measures being considered at present. The club endorsed the following: Organization of a Woman's Army Auxiliary corps, a measure being considered in congress; opposition to the bill now pending for federal compulsory joint income tax returns; and opposition to the occupational tax on margarine.

The hostess served refreshments to entire membership of the club as follows: Mmes. Ivy Duncan, J. M. Fitzgerald, J. C. Richey, Lester Benge, Paul Kasishke, J. B. Massa, Clifton High, Roy McMillen, Raymond Harrah, Roger McConnell, F. L. Stallings, Roy McKernan, Hol Wagner, Joe Gordon, Ray Hagan, I. B. Hughes, Tom Rose, Sr., Frank Gulberson, and W. R. Campbell.

Subscription rates: \$2.00 per month, \$5.00 per three months, \$10.00 per six months, \$20.00 per year. All payments in advance.

An independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong.

FLEDGE OF ALLEGIANCE—"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

Cripps Comes Back

He looks like an assistant cashier who has given up all hope of becoming cashier, or perhaps an undistinguished associate professor in an indistinguishable midwestern college. He is partly bald. His teeth are partly bad.

He is still a misfit politically. But he is fitting neatly into the fighting mad Britain of today, the Britain that is demanding an end to the long series of Dunkirks.

BUY DEFENSE BONDS

HEAVY TAXES (Riverside Enterprise)

The American people, as they begin to realize, are going to be taxed very heavily and have hardly begun yet to feel the burden.

AS TO GUAM (Indianapolis News)

The administration spokesmen who believe that it was the duty of the American people to hold a national referendum on what time to blow reveille in Hawaii are now blaming the people for not establishing a navy base at Guam for presentation to Japan.

Guam's value was fixed during the war with Spain. An American cruiser fired on its fort. The Spanish commander put out in a boat and apologized to the cruiser commander for not having enough power to return the salute.

BUY DEFENSE BONDS

WILL CONGRESS ANSWER? (Industrial News Review)

A "war" is being fought in the Pacific Northwest which is of immense importance to the entire country. That "war" is being waged by government officials, in charge of the Bonneville Administration, against the private utilities of the area.

These officials have one announced goal: the complete socialization of all private power companies in the Northwest. They are driving for that goal despite the fact that it is delaying private power development which is vitally needed for national defense.

Common Ground

By R. C. HOILES

"I speak the pass-word primal. I give the sign of democracy. By God I will accept nothing which cannot have their counterpart on the same terms."

THE PRICE ON RUBBER AND GOLD

Most every American would rather increase the price our government has been willing to pay for rubber and reduce the price they are willing to pay for gold.

News reports contend that Brazil was getting 30 cents a pound for rubber sent to Germany, but we, in the United States will only pay them 20 cents. We should raise the price on rubber to bring all the crude rubber that can be found any place in the world and that our ships can carry to the United States.

But we are having a condition that is only natural, when our government comes to believe that the people are so dumb that they dare not be trusted to establish the price on the things they want and that the bureaucratic government has to protect people from their own dumbness as to what they should have and how they should spend the fruits of their labor.

Our government says we should spend the fruits of our labor in buying gold and burying it under the ground, because they set the price so high that they pay more for it than any other people in the world will pay for it.

The trouble with these kinds of mistakes by our government is that it lowers our standard of living and weakens our industrial structure which produces the comforts of life we so badly need and the equipment we need to win the war with the least amount of loss of life and expense.

We are just beginning to realize the terrible results that come from a government that wants to make decisions for the people, decisions which the people are better qualified to make for themselves.

How will our gold enable us to raise our standard of living or win the war quickly, when we cannot trade it to other nations for things to wear or to eat or to defend ourselves with? The trouble with bureaucrats is that when they make decisions they dare not change them for fear the people will lose confidence in them and not retain them in office and in power.

ROOSEVELT AND FARM PRICES

President Roosevelt is absolutely right in his contention that the government should have the right to dispose of the surplus farm products they have purchased. The Senate, by a vote of 50 to 23, has approved a bill to prevent the government selling any of its farm products at less than the parity price.

This act of the farmers and their representatives in Congress is a very concrete example of the results of the Roosevelt policy of attempting to regulate the rewards for different groups. It is a policy that is very dangerous and very difficult to stop when once practiced by the government.

That is the record. Here are the questions it raises: Is "politics as usual" to be permitted to endanger this country's war production? Is the free enterprise system to be destroyed from within while we spend billions of dollars and untold numbers of lives fighting the aggressions of state socialism from abroad? Only Congress can answer those questions. It must answer them soon unless it is willing to permit the spread of Federal socialization of power in every section of the country.

HOT FOR BOSTON

That general formula applies anywhere, but the mood and tempo of the performance changes with the locale. Crosby told how different sections of the country prefer different styles in music. "Take Boston," he said, "and all New England, for that matter—they really go for the gully-low stuff. It's amazing. I like to think that they want to hear it and study it more than dance to it."

NOTE ON OLD SCHOOL TIES (St. Louis Post-Dispatch)

Speaking of the old-school tie and the red, white, and black of Groton: We are interested to learn that Gen. Douglas MacArthur attended West Texas Military academy, in striking contrast to Franklin D. Roosevelt, Groton 1886-1900; Sumner Welles, Groton 1904-'10, and Francis Biddle, Groton 1896-1905.

"PRETTY CUTE—EH, KID?"

Around Hollywood

By PAUL HARRISON

HOLLYWOOD, March 12—Bob Crosby looks only a little like Brother Bing, doesn't sing as he does, never was coached or aided by him. But now it's apparent that the Brothers Crosby are much alike in one way—they share an amazing talent for Midas-like showmanship.

NO HORN TOOTER

Young Mr. Crosby—he's 28—has handsomely justified the hunch of a group of musicians who six years ago offered him their leadership. At the time, he was a mediocre vocalist with other dance bands, and he couldn't play so much as taps on any instrument. He still can't. But his lack of technical knowledge of music is more than balanced by the aforementioned showmanship.

"I think of it in terms of a guy and his gal, an individual couple. They arrive at 9 say, and for half an hour they just want to look things over. They dance past the stand and she says, 'He doesn't look much like Bing,' and he says, 'I see they've got seven brasses.' Pretty soon they get the feel of the music and really want to dance. By 11 o'clock they're tired and want to be entertained."

"Comes 11:30, and they get dim lights and sweet music. This gives the lad a chance to pitch his private, copyrighted brand of romance. By midnight he'll have the situation well in hand, if he's ever going to."

BUY DEFENSE STAMPS

CHARLES THOMAS, JR., SON OF MR. AND MRS. C. L. THOMAS, NEVER DID LIKE RUBS. HE JUST DIDN'T CARE FOR THEM, BUT WHEN HE WENT TO THE ARMY THEY PUT A GUN IN HIS HAND, AND NOW CHARLES IS THE BEST MARKSMAN IN HIS CAMP AT FORT BELVOIR, VA., AND NOW CORPORAL THOMAS IS SO GOOD THAT HE TEACHES MARKSMANSHIP. HE ALSO MAKES AN ANTI-AIRCRAFT GUN AND HE CAN TAKE IT APART AND PUT IT TOGETHER BLIND-FOLDED. WHEN THE ALERT SOUNDS CHARLES TAKES OFF WITH THAT 100-POUND GUN AND IF HE HAS TO GO A MILE IT'S READY TO SHOOT WHEN HE GETS THERE. CHARLES ALMOST NEVER SHOT A GUN UNTIL HE WENT TO THE ARMY, BUT HIS UNCLE ON THE TALLEY SIDE OF THE HOUSE WERE GOOD MARKSMEN AND MAYBE HE TAKES AFTER THEM. CHARLES NOT ONLY TEACHES THE TROOPS HOW TO SHOOT, BUT HE TEACHES ILLITERATE SOLDIERS. THAT IS THOSE WHO CAN'T READ AND WRITE, AND WHO COME MOSTLY FROM THE SLUMS OF NEW YORK.

Know People You

By Archer Fullingim

Mr. and Mrs. Hueston who moved here from Sapulpa last week will not soon forget their arrival in Pampa, according to the story they told yesterday while lunching at Junior High school cafeteria. When they arrived in town they tried to find a place to park in the main part of town, but couldn't. "Then we noticed a long line of cars double-parked," said Mrs. Hueston. "We almost couldn't find a place to double-park, but we finally did." They said they double-parked and that Mr. Hueston went into a store to telephone. As soon as he left, the fellow they had blocked in at the curb wanted out. "I asked him to wait until my husband came back; that he would be back in a few minutes. I told him that I would move if he wanted out. He got out of the car and left. The boys in the car said not to move and that it was all right. Pretty soon here came that man with a policeman and did that cop get me told? 'No excuse lady, no excuse,' he kept on saying. Then he gave me a ticket, but we didn't have to pay it because we had a friend who told them that it was the first time we ever were in town, and how were we to know that you couldn't double-park... But I tell you if I didn't think that cop would still fine me I'd go over and tell him what I think about him for making me so sore. ... My ideas about Texas chivalry were certainly upset."

High Life And Low Life In The Big City

By Stella Halit

GLAMOR GALS: Don't envy the glamor girls their faces or their figures, says the photographer's retoucher. A retoucher working on negatives slices down the legs, rears and stomachs, smooths the wrinkles out of their faces or takes the freckles off their noses. She says one of the highest paid models is a slovenly dresser. You wouldn't look at her on the street. But she always looks wonderful in a picture. She seems to possess some kind of camera sense. But no one is beautiful enough to get by without the retoucher.

Behind The News In Washington

By PETER EDSON

WASHINGTON, March 12—Ultimate consumers of news—meaning you—all may have your understanding and appreciation of censorship all gummed up by fear of a thing you might call propaganda for home consumption.

To have certain military information of possible value to the enemy withheld is one thing. That's necessary and okay with most people. But when this incomplete picture is cluttered up with extra trimmings which are applied for the purpose of hypnotizing you into a psychological belief that the scene is prettier than it really is that's something else again.

Timing complicates this in a peculiar way. If good or bad news is held up for a time, then released at some psychological moment so that the good news makes you feel better or the bad news is buried by other good news, then the customers start complaining. For examples: A good many people thought, and some still think, that the news of Pearl Harbor was deliberately doctored to deceive the American people. The president had to spike that one.

COMMUNIQES OKAY

Navy policy on announcing submarine attacks and sinkings has also been questioned. When a submarine sinks a U. S. vessel, under the present ruling, that's news, but when a U. S. vessel sinks a submarine, that's a naval secret. The theory here is that if Axis powers don't know of the name of the ship, they won't know of the location of the raiding ships and their route home.

There are times when, if the communiqué contains hot news from one sector, another communiqué from another command may be held up for a day or two when there is a lull.

TEX'S TOPICS

By Tex DeWeese

A LITTLE French is a useful thing. Several Pampa street-cats and asked him for \$35 to get a cup of coffee? ... "Thirty-five dollars," said the amazed Pampa man, "what do you mean! Coffee's only a nickel a cup. ... 'I know,' said the tramp, 'but I like to see with my eyes.' Of course, you know the old one about the boys inviting the girls up to see their etchings. ... Well, the war has changed that one to the point where they now invite them up to see their tires!

Have you heard the story about the fellow who stopped a Pampa man in front of a Pampa street-cafe and asked him for \$35 to get a cup of coffee? ... "Thirty-five dollars," said the amazed Pampa man, "what do you mean! Coffee's only a nickel a cup. ... 'I know,' said the tramp, 'but I like to see with my eyes.' Of course, you know the old one about the boys inviting the girls up to see their etchings. ... Well, the war has changed that one to the point where they now invite them up to see their tires!

JUST as though we didn't have enough worries, along comes a bad blow at the solar plexus of our morale. We object. We protest. We cry out for relief. In fact, we're yelling our needs about this. ... Frankie Baker, of the famed 'Frankie and Johnny' team, testifying in a St. Louis court that she shot her faithful lover with "a small caliber pistol," not the .44 of the song. ... Next they will be telling us that Steve Brodie didn't jump off Brooklyn bridge, that Mrs. O'Leary's cow didn't start the Chicago fire, and that Adolf Schicklgruber wasn't Vienna's greatest pumper.

The Catawba Indian tribe has declared war on Germany. They must have seen that long lock of hair down over Hitler's eyebrow. ... The war will make women's hats more sensible, says a millinery designer. Instead of wasting fruit and vegetables on hats, we'll put 'em on the table. ... The nation's hens are now laying 3,711,000,000 eggs in January. They also serve who only eat. ... We don't know whether to take some of the critics of the army and navy at their face value or two-faced value. ... A psychologist says women are wearing hats that men, oh well, they don't have to tell so many.

AMERICAN bomber squadrons withdrew from Java, last of the then unconquered Dutch East Indies. ... The nation's hens are now laying 3,711,000,000 eggs in January. They also serve who only eat. ... We don't know whether to take some of the critics of the army and navy at their face value or two-faced value. ...
