FDR Birthday Dance To Be Held At Lake

For the first time since the celebration of President Roosevelt's birthday has been observed in Gray county, there will be a county-wide observance in the county this year. Plans were completed yesterday for the fourth dance to be held Friday night for the benefit of the Gray county chapter of the National Foundation for Infantile Paralysis. The dance will start at 9 o'clock Friday night at the recreation building at Lake McClellan, 25 miles south of Pampa. It is expected to draw big crowds from Alameda, McLean, Clarendon, Groom, and the entire southern half of Gray county. W. J. Ball of Alameda and Zeb Everest of McLean are committee men for the Lake McClellan dance. Admission will be 50 cents a person.

At the same time that the dance starts at the lake, three other dances will start in Pampa, one at the Southern club, another at the Junior High school gymnasium, and the third at the Pampa Country club. Admission to the Southern club dance will be \$1.10 a couple; at the Junior High, 50 cents a person; at the Country club invitation dance, \$1.75 a couple.

Aviation Cadet Board To Be In Pampa Feb. 4, 6

The aviation cadet examining board from Goodfield Field at San Angelo will make another trip to Pampa, Feb. 4 and 6, and to Borger Feb. 5 and 7, according to word received today from Captain Perry Eucher. The board will be in session in the county courtroom in the courthouse both days and will enlist and give physical and mental examinations to those desiring to enlist in the air cadets. Youthful who are 18 years and not yet 27 may apply for enlistment in the aviation cadets. They must meet several requirements, however. These three "musts" have been emphasized strongly by officers: Every applicant must submit birth certificate, or affidavits of three persons (one a parent if possible), establishing place and date of birth; every applicant must submit letters of recommendation from three reputable persons, none of whom are relatives; applicants who are not yet 21 years of age must submit to the board a statement signed by his parents or guardian giving consent to the minor's application. Married and unmarried men, physically and mentally qualified, between 18 and 27 years of age, and in good standing, may apply for enlistment. All youth who have been placed in the "pending" files, including applicants for bombardiers, navigators, refresher course applicants, checks, and those temporarily disqualified will be examined again.

Juveniles Held Here Wanted In 4 Towns

Two youths and two girls being held here in connection with the attempted hijacking of W. H. Davis and J. W. Crisler Monday night are wanted in Kansas City, Mo., Albuquerque, N. M., Crosbyton, and Lorenzo. Police Chief Ray Dudley revealed today. The youthful hijackers have been charged with robbery with firearms in Crosby county where the grand jury is now in session, Sheriff Roy Hillin told Chief Dudley yesterday. The quartet gave their names as Lonnie Hoskins, 17, of Lee Summit, Mo.; Ann Hoskins, 16, his wife, also of Lee Summit; John A. Rose, 20, of Independence, Mo.; and Roba Helen Dibley, 19, of Oklahoma City. Chief Dudley, in tracing the career of the youthful gang, revealed that two youths and a girl, answering the description of three held here, went to a used car lot at the corner of McGee and 15th street in Kansas City on the morning of January 21 and asked an attendant to demonstrate a car. According to Police Chief Harold Anderson of Kansas City the trio had the attendant drive 20 miles into the country where they robbed him of \$20 cash and took the car. The chief said that he also received word yesterday from Sheriff Ed Donahoe that two youths and a girl, answering the description of the ones held here, hijacked a service station last Thursday night in Albuquerque, taking \$100. Sheriff Roy Hillin of Crosby county called the chief asking that all four held here be turned over to him. Sheriff Hillin said that two youths and two girls, answering the description of the four, held up a service station at Crosbyton late

Everything Liable To Rationing

WASHINGTON, Jan. 28 (AP)—Everything that Americans buy at the stores became liable to rationing today, and legal price fixing was only one short step away. The war production board delegated to Acting Price Administrator Leon Henderson full power to ration retail commodities, only a short time before the senate completed congressional action on a much-amended price control bill and sent it on to President Roosevelt. Democratic leaders said they expected the chief executive to sign the measure, although some of its farm price sections were known to be distasteful to him. He had asked for the legislation more than six months ago, as a check against inflation. Living costs have risen more than 11 per cent since September, 1939, government economists say, and parallel price rises have added several billion dollars to the cost of the nation's armament program. The capital generally conceded that Henderson would be retained in the price administration post he now holds by virtue of an executive order. The added rationing authority, given him with Mr. Roosevelt's approval, virtually guaranteed that the name of Henderson in the next few weeks would become a by-word in the kitchens, corner stores and offices of America.

Further rationing, the WPB board observed, "seems inevitable." Signature of the price fixing measure will not necessarily mean an immediate flood of price-fixing orders, said one of Henderson's lieutenants who declared that situated.

Increasing amphibious raids on the Axis-held coasts of Europe, possibly building up to full-dress assaults on Norway from the British Isles and on Italy and the northern Mediterranean shore from the British-held base of Crete, were considered likely parts of the long-range plan. In the Pacific, the thinly-strewn Japanese army and navy would be

Churchill Assured Of Confidence Vote

LONDON, Jan. 28 (AP)—The government was accused today of misleading the country with "childish inconsistency" and unfulfilled promises of security in the Pacific area but, in almost the same breath, Prime Minister Churchill's critics in the House of Commons assured him the vote of confidence that he demands. Starting the second day of debate over the government's war leadership, launched yesterday with the prime minister's accounting to parliament and the nation, Clement Attlee, his lieutenant in the house, formally proposed the vote of confidence. Labor members decided by a large majority to support it, but there were signs some might abstain and a few might even vote against the government. Liberals were reported also to have decided to support him. Any shred of doubt over the outcome was dispelled when Churchill's own conservative party announced after a meeting this afternoon that it supported him overwhelmingly. The vote is expected tomorrow, at the end of the three-day debate.

WP Board Advises Against Broad Wave Of Excess Knitting

WASHINGTON, Jan. 26 (AP)—The war production board adopted an "official position" today on the question of women knitting sweaters for soldiers and sailors.

Don't knit, the board suggested, unless the sweaters are absolutely needed by the armed forces and commanding officers have requested them.

"On the whole, we don't want a broad wave of knitting that will consume millions of pounds of wool that is needed for more essential purposes," R. R. Guthrie, chief of the WPB textiles branch, explained.

"This is the system we have set up with the Red Cross. When a commanding officer desires such additional clothing as sweaters, he will apply to the Red Cross. The Red Cross will then arrange for the sweaters to be knitted."

Doris Flood Named Honoree At Surprise Party On Birthday

A surprise birthday party was given honoring Doris Flood on her thirteenth birthday at the home of Mrs. D. Robinson.

A baseball game was played with the honoree and Mary Myatt as captains. The latter team won with a score of 20 to 18.

After the game, a wiener roast was held in the yard at the home of Mrs. Robinson.

Attending were Mrs. Thomas Flood, Nadine Kelly, Edith Hancock, Bobbie McClendon, Ramona Matheny, Betty Myatt, Edith Mae Morrow, Alice Robinson, Unas Davis, Beverly Baker, Mary Myatt, Mrs. A. D. Robinson, and the honoree.

Reapers Class Has Meeting In Home Of Mrs. Lockhart

Members of Reapers class of First Baptist church met in the home of Mrs. Howard Lockhart for a business session Tuesday afternoon.

Monthly reports were made and groups were arranged.

Refreshments of cake and coffee were served to Mmes. C. Sloan, P. E. Stearns, George Lewis, Curtis Gilmore, R. K. Edenborough, Vernon Carruth, S. C. Hanks, Herman Dees, J. A. Meek, Russell Cartwright, and Howard Lockhart.

A prayer by Mrs. Meek concluded the meeting.

Tea, Shower, And Breakfast Given For Betty Jo Townsend

Social events this week have been highlighted by three pre-nuptial affairs given to honor Miss Betty Jo Townsend, who will become the bride of Erwin Thompson on Feb. 7, at the First Christian church.

Mrs. Don Hurst, Mrs. Alta Standard, Mrs. J. G. Gantax, and Mrs. Jim Garratt were hostesses at a tea given Tuesday afternoon in the home of Mrs. Hurst.

Receiving the guests at the home of Mrs. Hurst yesterday afternoon were Miss Townsend, Mrs. J. B. Townsend, mother of the honoree, and Mrs. O. P. Kephart, grandmother of Miss Townsend.

Throughout the afternoon piano selections were played by Misses Elaine Carling, Betty Culberson, and Charlyn Pocock.

Centering the refreshment table were two clear glass swans filled with white garza mums, white daisies, pink rainbow asters, and blue cornflowers, arranged on a reflector.

Guests attending were Mmes. Earl Cloud, R. M. Flemming, W. E. Speed, Louella Howell, J. C. Mote, DeLiza Vicars, J. S. Wynne, Charles Thomas, W. F. Taylor, H. B. Taylor, R. J. Sailor, C. M. Monday, Ralph W. DePee, Ola Isbell, T. M. Sanders, J. F. Meers, Cyril Hamilton, Claude Laird, Ed Fritchlee, L. K. Stout, Lincoln Eckern, J. E. Martin, D. M. Scatier, W. H. Dempster, Corine Bell, J. C. Jarvis, E. B. Smith, Hal Suttle, F. R. Gilchrist, W. O. Prewitt, B. C. Fahy, J. B. Hurst, and Misses Leslie Cobb, Pearl Spangh, and Josephine Thomas.

Gifts were sent by Mmes. J. H. Baxter, C. F. Bastion, A. A. Tie-mann, G. G. Pollard, Paul Hughey, C. H. Darling, Charles Stowell, Odell Walker, Emory Noblitt, T. E. Northing, Sammie Turner, Oran Payne, Helen Maddux, Ed Myatt, J. B. Townsend, and Miss Ida Mae Harris.

Forming the centerpiece for the breakfast table Sunday morning was a white wedding ring covered in white gladioli, flowers in a bowl of white gladioli, Dutch iris, and pink carnations.

Attending were Mmes. Sidney Northup, Sammie Turner, Oran Payne, Helen Maddux, Ed Myatt, J. B. Townsend, and Miss Ida Mae Harris.

Gifts were sent by Misses Jerry Smith and Bala Fay Foster; and Mmes. Frank Hood and Jimmy Myers.

Forming the centerpiece for the breakfast table Sunday morning was a white wedding ring covered in white gladioli, flowers in a bowl of white gladioli, Dutch iris, and pink carnations.

Attending were Mmes. Byron Hill-bun, Bill McCarty, Freda Barrett, George Pollard, Paul Schneider, Sidney Northup, Mildred Lafferty, Out-

At the fitted waistline. Under it she wears the stunning dolman-sleeved gown seen at right. It's of soft yellow crepe, styled with interesting front drapery keyed to a row of tiny ball buttons. Her jewelry with the ensemble consists of diamond necklace and bracelet.

da Thomas, Edgar Myatt, Jimmy Myers, J. B. Townsend, O. P. Kephart, Don Hurst, Tom Rose, Jr., B. A. Norris, and Misses Lucille Bell, Gloria Posey, Beth Mullinax, and the hostesses.

The Social Calendar

THURSDAY: Pulpit class of First Baptist church will have a luncheon and business meeting at 1 o'clock in the church.

FRIDAY: Beginners knitting class will meet at 7:30 o'clock in the Clara Hill class room of the First Methodist church.

MONDAY: Mother Singer group sponsored by City Council P.E.U. will meet at 4:15 o'clock in the Junior High school room 217.

TUESDAY: Nazarene Women's Missionary society will meet at 2:30 o'clock in the church.

WEDNESDAY: Woman's Auxiliary of First Presbyterian church will meet at 2:30 o'clock in the church.

ANNIVERSARY GIFT: The recent rilling of the jewelry trade that golden amber makes a suitable gift for the 10th wedding anniversary is very apt right now.

4-H Club Girls Cut Out Aprons At Regular Meeting: County wide 4-H club girls met in the office of Mrs. Julia E. Kelley recently when nine aprons were cut out.

WOMEN helped 2 ways! Some find they need only start taking CARDUI 3 days before "the time," as directed, to relieve periodic pain due to functional causes.

Others find CARDUI, used as a tonic, helps stimulate appetite and improve digestion through the increased flow of gastric juice.

For this attractive pattern, send 15 cents in coin, your name, address, pattern number, and size, to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Plan your spring sewing now with the help of our latest edition of the Fashion Book! Complete with a full variety of advance styles for the new season.

For the little angel in your family what about this frock? Yes, there is a new look about it—it has that long torso top which grows-up-to-reveals make so much of, dart fitted to follow the slimmness of the waistline—and it's tied in back, too!

Marriage Of Miss Ferguson And Ray Dawson Announced

Mr. and Mrs. Fred Ferguson are announcing the marriage of their daughter, Joyce, and Ray Dawson, son of Mr. and Mrs. K. R. Dawson of Pampa, which was solemnized recently in the First Baptist church of Cordell, Oklahoma.

The couple was accompanied by the mothers of the bride and bridegroom.

Garden Club Will Begin New Year At Meeting On Friday

Pampa Garden club will begin its year's work when the board of directors meets in the home of Mrs. Roy W. Reeder, 1116 East Francis avenue, Friday morning at 9:30 o'clock.

Mrs. Bob McCoy, president, has asked that all board members be present.

Mrs. W. T. Fraser has been named chairman of the membership committee and Mrs. Dan Williams and Mrs. Walter Biery will serve with her on this committee.

Sponsors having new members should give their letters to this group before Friday morning.

Two Pampons Attend Monthly Meeting Of Pioneer Club

CANADIAN, Jan. 26—Fifteen members of Canadian Pioneer club assembled Monday afternoon in the home of Mrs. E. H. Snyder for their monthly session.

Mrs. Maggie Dean is leader of the group this year. Mrs. Paul Hoefle conducted devotions. Roll call response was made by reading a patriotic item clipped from some current publication.

Miss Mae Blair and Mrs. J. E. Corson, members living in Pampa, were present.

Canadian members attending were Mrs. George Gerlach, Mrs. Thomas Riley, Mrs. Eva Rhea, Mrs. W. D. Wiggins, Mrs. Paul Hoefle, Mrs. G. W. Arrington, Mrs. R. H. Stone, Mrs. H. E. Hoover, Mrs. Jim Miller, Mrs. J. G. Miller, Mrs. Loreta Cowan, Mrs. Maggie Dean, and the hostess, Mrs. E. H. Snyder.

Red Cross Volunteer Production Corps Announces New Requirements

To make sure that knitted garments will conform to specifications of the national Red Cross, the local volunteer production corps has drawn up new requirements for knitters which will go into effect immediately.

Mrs. Roy Bourland, knitting chairman has announced. During World War I sweaters and socks knitted by Red Cross volunteers were often laughing stocks to men in the armed forces.

The Red Cross is determined that this shall not be the case in 1942 and has revised the directions for all knitted garments, both for men in the armed forces and for civilian victims of the war.

The local supply of Red Cross yarn was exhausted two weeks ago, but a new shipment is expected any day now.

As soon as yarn is available, the fact will be announced in the paper. Meanwhile all persons who have knitted garments checked out are urged to complete them as quickly as possible or return the yarn so that someone else can make the garment.

Because of the urgent need, the chapter is now required to ship all garments on hand at least once a month.

Since all Red Cross knitting directions are based on the scale of stitches per inch, all knitters hereafter will be required to demonstrate a sample of their knitting to one of the knitting instructors on duty at the production room before being issued yarn for a Red Cross garment.

The instructor can then advise what size needle will be necessary to make the garment conform to Red Cross specifications.

Regardless of the number of garments they have made previously, all knitters will be required to bring their first garment made from the new yarn to the production room for inspection at definite stages in its progress.

Sweaters will be checked at three stages: (1) when the first ribbing is completed, when ready to begin taking off the armhole, (2) when ready to start the neck, socks will be checked before the heel is started.

Purpose of the check-ups is to correct mistakes or defects before it is too late and to make sure that the knitter understands directions for the next step. The fact that a person has returned for these check-ups will be indicated on her record card.

After a person has completed one garment satisfactorily under this set-up, she will not be required to return for check-ups except when she begins making a new type of garment.

Hereafter all garments, whether knitted or sewed, will be inspected before being accepted. Mrs. Hol Wagner, production chairman, has announced, and the maker will be given help in correcting defects.

In the past many volunteers have turned in garments without waiting to have them checked, with the result that someone else has had to take them out and do them over.

"We want every volunteer to have the satisfaction of knowing that her garment is ready for use when she returns it, or to understand what additional work has to be done on it and why," says Mrs. Wagner.

Beginners will be required to demonstrate that they can make all the necessary stitches well before issued yarn for a Red Cross garment. It is suggested that they buy a ten-cent ball of bright colored yarn and make six-inch squares for their practice and donate them to the Red Cross for afghans to be used in army and navy hospitals.

Knitting instructors are on duty at the production room in the basement of the post office every weekday from 9 to 11 a. m. and from 2 to 4:30 p. m. an hour earlier on Tuesday and Wednesday afternoons.

They will gladly teach beginners to knit and will help all Red Cross knitters with difficult parts of garments. They give their services without pay—as do all workers connected with the production program. The sole purpose is to help volunteers make the best possible garments for the Red Cross to send to men in our armed forces and to civilian victims of the war, and all knitters are urged to avail themselves of their help.

Knitters are required to furnish their own needles. Local stores are now out of needles in some of the sizes most commonly used, though more have been ordered. Since some persons knit more loosely than others, no set rules can be given for the size of needles required, but for most knitters No. 5 or No. 6 needles are correct for the body of sweaters. The ribbing, however, must be done with smaller needles, No. 3 when No. 5 is used, No. 4 when No. 6 is used, etc. Socks are generally made with No. 2 or No. 3 bone needles or No. 9 or No. 10 steel sock needles. Satisfactory needles for afghans, squares, mufflers, socks, and sweater ribbing can be made from coat hangers or other wire.

Most difficult part of sweaters is the neck, which requires four small needles. Many necks have had to be taken out and done over because they were not made with the smaller needles or failed to conform to directions in other respects. Knitters are urged to knit sweaters with the neck unfinished if they do not have the proper needles and do not know how to do the job. The knitting instructors will gladly teach knitters how to put in necks.

Necks of many sweaters have had to be done over because they were too small. In some instances this was due to an error in directions; in many others it was due to casting off too tightly. Necks of the army and navy sweaters will be even more difficult than those of sweaters made heretofore; hence the check-up before beginning sweater neck is particularly important.

Knitted articles to be made in the next few months include about 300 sweaters, 100 mufflers, 200 pairs of regulation socks, 50 toe socks for feet in casts, and 50 stump socks for other members of the armed forces.

Red Cross knitting instructors will gladly assist persons who wish to buy a yarn and make official sweaters or other garments for relatives and friends in the armed forces. The Red Cross does not have yarn for sale but it can be purchased from local dealers.

All persons assisting with the production program are required to sign a volunteer worker's agreement, promising to give only their best work to complete garments within the time allotted, to return all left-over materials, and cheerfully to accept suggestions for the improvement of their work.

The time allowed for making knitted garments is one month, for sewed garments two weeks. Now that the chapter is required to ship garments once a month, it will be necessary to enforce time limitations strictly and to call in materials when the time has expired.

Miss Frankie Lou Keehn will present a program tonight in Canadian when the queen of the Canadian High school will be crowned.

Taking part on the program will be Phyllis Harshaw, Charlotte Ann Call, Mary Frances Denman, Mary Jo Gallemore, all dance pupils of Miss Keehn.

Badges Presented To Girl Scouts Of Troop 7 Recently

Girl Scouts of troop seven met in the home of Mrs. A. D. Robinson, the leader, for a regular meeting. Badges, which the girls have earned during the year, were given out by Mary Myatt and Nadine Kelly.

Transportation badges were presented to Betty Myatt, Edith Mae Morrow, Edell Hancock, Beverly Baker, Barbara Norris, Nadine Kelly, Bobbie McClendon, and Mary Myatt; cyclist badges, Edith Mae Morrow and Joyce Oswald; second class badges, Betty Myatt, Alice Robinson, Beth Trollinger, and Bobbie McClendon; hostess, Barbara Morrison and Alice Robinson; and a minstrel badge was given to Edith Mae Morrow.

A brief business session followed. Attending were Barbara Morrison, Beverly Baker, Bobbie McClendon, Edith Mae Morrow, Ramona Matheny, Doris Flood, Alice Robinson, Nadine Kelly, Edell Hancock, Beth Trollinger, Betty Myatt, Mary Myatt, and Mrs. A. D. Robinson.

Nesley Grass, Bulala grass grows aloud. As the new shoots expand in the spring, the old growth snaps and crackles under the strain.

Is your child a NOSE PICKER?

It may be more than just a nasty habit. It may be a sign of worms. Yes, ugly, crawling roundworms inside your child! Other warning signs are itching, "clucky" appetite, crankiness, itching in certain parts.

Roundworms can cause real trouble! If you even suspect your child has them, get Jayne's Vermifuge right away! Jayne's is America's best known, proprietary worm medicine. Scientifically tested and used by millions for over a century. It expels stubborn worms, yet acts very gently. If no worms are there, Jayne's acts merely as a mild laxative. Be sure you get Jayne's Vermifuge.

1,500 American Technicians Built Cantonments For AEF In Ireland

By WILLIAM B. KING
SOMEWHERE IN NORTHERN IRELAND, Jan. 28 (AP)—This section of Northern Ireland, with its old world ways and unchanging customs, has been transformed into a corner of the U. S. A. by advent of the new A. E. F.

Groundwork for the transformation, however, was laid by a corps of 1,500 American technicians who have been laboring here for months to build the cantonments into which the troops moved on debarkation Monday.

The technicians did more than build the cantonments, for they paved the way for the doughboys by establishing friendly relations with the Irish despite differences in speech and temperament.

Recruited from the lumber camps of the American northwest, from construction jobs and factories, they have amazed and pleased the people of this emerald isle by the vigor with which they have tackled a wartime task.

Shoulder to shoulder they have waged with Britons and Irishmen and there has been a minimum friction on the job and off.

The first of the American technicians arrived last July on a Canadian transport. They immediately set up a self-sufficient community, asking nothing from the British and bringing their own equipment to execute the task arranged for them under the lease-land act.

Today they can point with pride to assignments completed ahead of schedule and to other projects under way to meet the growing demands of increased United States participation in the war.

Supplying of this group of Americans with tools, equipment, material, food and tobacco has been a dress rehearsal for the greater job of supplying U. S. armed forces in Britain.

The workers live in construction camps that are a far cry from the rural antiquity of the countryside in which they are set down. They wear the gaudy checked shirts and the high-laced boots of the American lumberjacks and they eat ravenously of typical American food prepared by American cooks.

Their lives are monotonous, for they live far from the large cities and their work leaves them little time or energy for play. Their chief recreation is poker, but even indulgence in this is limited, for most of the men are mature and are carefully saving their money.

Their pay is good, running with overtime up to \$150 or more a week as compared with the \$40 or so they made at home, and all their living expenses are paid.

I asked several what they planned to do with the money they have earned when they returned home—something most are looking forward to.

Some are hoping to use their money to start a "little business" of their own while others had no more definite plans than a member of the kitchen staff who declared:

"Well, I ain't going to cook no more."

The technicians have brought with them a variety of dialects and accents perplexing to the Irish—ranging all the way from the drawing speech of Texas to the typical twang of the New Englander.

If the Irish have found the accents of the Americans perplexing, however, the latter have been no less astonished by the speech of the Ulstermen.

"Dose Irish," said one technician from Brooklyn, "sotainly use some cherse expressions."

Camp Workers Cut Traffic Death Rate

AUSTIN, Jan. 28 (AP)—New traffic problems with resulting death rate increases in the vicinity of military camps under construction require specialized treatment, the public safety department has concluded.

Camp Wolters, near Mineral Wells, was the department's guinea pig in an experiment with drastically reduced accidents, injuries and deaths and the lessons learned can be applied to other camp sites where similar problems arise.

The accident records section of the department noted 13 accidents, six deaths and 12 major injuries in six weeks on a three-mile segment of U. S. highway 80-A from the east city limits of Mineral Wells toward Camp Wolters.

City, county, military, construction and state officials mapped a joint traffic control program which in the succeeding 43 weeks permitted only five accidents, one death and five injuries.

Although there was no way to estimate accurately the reduction, it was pointed out that had the six-week trend continued there would have been 43 deaths, 85 injuries and 95 accidents.

Here is the medicine applied to the U. S. 80-A traffic ailments:

Highway patrol schedules were changed to include peak accident and congestion periods and officers were instructed to concentrate on arrests for violations causing accidents.

The camp contractor lined up his employees in a safety-conscious movement.

A pedestrian walk was conducted by the highway department from the camp to the city.

Parking was prohibited from the center of Mineral Wells to the east city limits and traffic lights were manually operated during labor shift changes.

Warning signs were posted at each of the two camp entrances.

Traffic officers worked on motorcycles instead of in patrol cars.

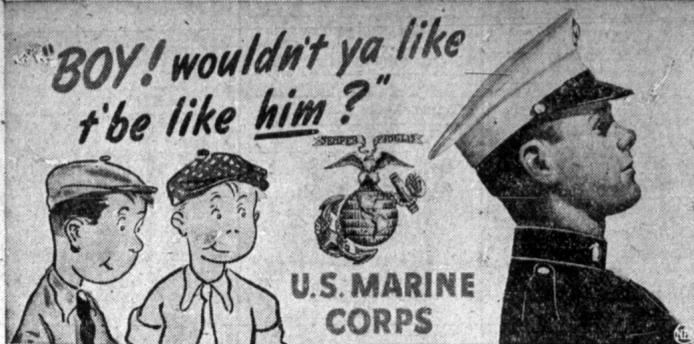

And topping of the whole plan was a widespread publicity campaign urging public cooperation in the venture.

Unorthodox General
So unorthodox in his dress was General Grant, commander-in-chief of the Union forces during the Civil War, that his own men frequently did not recognize him as a soldier.

What makes a Leader in Laxatives?

Adaptable BLACK-DRAUGHT has been a best selling laxative with four generations in the Southwest. This spicy, aromatic powder is easy to take and you regulate the strength to suit your needs. It contains a tonic-laxative that helps tone lazy intestinal muscles. That's important. So next time, try BLACK-DRAUGHT! Economical, too; 25 to 40 doses just 25c.

New Trial In Gas Rate Case Insured

AUSTIN, Jan. 28 (AP)—A new trial in the nine-year old Lone Star gas rate case apparently was insured today when the Texas supreme court rejected an appeal by the state.

Attorney General Gerald C. Mann had asked the court to reconsider its action last April reversing the Austin court of civil appeals and directing a new trial on merits.

The court of civil appeals had upheld an order of the railroad commission cutting the gas rate from 40 to 32 cents per 1,000 cubic feet. The court reversed a Travis county district court where a jury had said the order was confiscatory.

Although the supreme court in its April ruling sent the case back for trial, it declared the commission order was not invalid on its face.

The attorney general's motion for further proceedings was ordered returned to him, in effect, a rejection.

Galveston Sets Goal Of 250 Deathless Days

GALVESTON, Jan. 28 (AP)—Safety-conscious Galveston set a goal today of 250 deathless traffic days. Last night the city completed 200 deathless days—a record termed the best in the history of state traffic statistics for cities in its population class.

Homer P. Garrison, Jr., director of the state department of public safety, telegraphed congratulations to the city for its achievement.

Forty-six per cent of enlisted men in the navy have attended the Navy's specialist trade school.

Why Go To Africa?

Trailing mountain lion through snowstorms and frozen passes to spot 12,000 feet high in Northern New Mexico, Mrs. Osa Johnson makes her first kill in United States with one shot. Lion had destroyed several calves on \$10,000,000 Cimarron ranch of Waite Phillips of Tulsa. The explorer bagged the beast on the 150 square miles of rugged, mountainous terrain Phillips gave Boy Scouts.

U. S. Bombers Sank Japanese Transport In Sraits Battle

WASHINGTON, Jan. 28 (AP)—A formation of eight heavy American army bombers sank a large Japanese transport at Balikpapan and scored a direct hit on a cruiser there during the battle of Macassar Straits.

The war department announced the action today, adding that one of the bombers was lost during the attack.

Balikpapan is a port on the east coast of Borneo in the Netherlands Indies. The transport was sunk in the river there, but the cruiser was outside the harbor.

In the Philippines, the department's communique said, the enemy landed a small number of troops in the Subic Bay area, but enemy air action was limited to reconnaissance flights and there was virtually no ground activity on the Batan Peninsula.

"1. Philippine theater: There was practically no ground activity on the Batan Peninsula yesterday. The enemy landed relatively small numbers in the Subic Bay area.

"Enemy air activity was limited to reconnaissance flights.

"2. Netherlands Indies: Further reports of the action in Macassar Straits disclose that eight heavy American army bombers sank a large Japanese transport in the river at Balikpapan and scored a direct hit on a cruiser outside of the harbor. During this attack, one of our bombers was lost. In a previous attack by our planes in this action, one enemy transport was sunk and another set afire, as reported on January 26.

"3. There is nothing to report from other areas."

Couple Robs Mexia Bank Of \$20,000

MEXIA, Jan. 27 (AP)—The Prendergast-Smith National bank was robbed of \$20,000 today by two unmasked men who abducted Cashier W. G. Forrest at his home and forced him to open the vault.

The robbers, armed with a shotgun and a rifle, entered the Forrest home early today, locked Mrs. Forrest in a closet and forced her husband to accompany them to the bank.

There they waited until other employees reported for work, lined them up and locked them in the vault which they made Forrest open.

The employees were in the vault about 20 minutes.

It was the first time the bank, which will be 60 years old next week, ever was robbed.

The bandits escaped in a black Chevrolet sedan bearing an Oklahoma license.

Police blocked all highways in this part of Central Texas and were using two-way radio in an attempt to head off the men.

One robber was described as weighing about 160 pounds, in his late 40's and wearing a blue overcoat and gold rimmed glasses. He was slightly lame. The other, about 32 years old, weighed probably 170 pounds and wore a grey overcoat.

Forrest said the men entered his home at 501 South Wall street about 4:30 a. m.

"The first I knew about it they were beside my bed," he continued. "One was armed with a sawed off shot gun and the other had a six shooter. They told me what they were going to do."

The men remained at the Forrest home until about 8:30 a. m. when they placed Mrs. Forrest in a closet and locked the doors and windows of the house.

Then they drove with Forrest to the bank and waited until the employees arrived.

Forrest said the men forced him to open the vault. Although he has not made a definite check, Forrest said he believed they took only paper money, passing up silver and bonds.

Those locked in the vault were President J. Sanford Smith; his brother, Vice President B. S. Smith; the president's son, Port Smith, assistant cashier; the bookkeeper, Bill Walker; the teller, Mrs. Irene Lucas, and a former employee, Walter Womack, who happened to come in.

Forrest said Walker was able to open the vault and free the group.

Two Men Burned At Shell Plant At Skellytown

Two men were burned, one seriously, and the distillation unit destroyed by fire following an explosion at the Shell Oil company's West Bryan plant No. 2, located five miles north of Skellytown, yesterday afternoon.

The two men, Fred McCarty and Harry Frances, were working on a pipeline near the plant when an explosion occurred, and fire followed. McCarty suffered burns covering about one third of the body surface and on his face and hands while Frances was burned about the face and wrists, attending physicians said.

Cause of the explosion or extent of damage has not been revealed by company officials.

The plant is a small casinghead gasoline plant.

Leach Announces For Tax Office

F. E. Leach, county tax assessor collector, today authorized The Pampa News to announce his candidacy for re-election to that office, subject to the action of the Democratic primary of July 25.

In connection with the announcement, Mr. Leach said:

"In announcing my candidacy for re-election as tax assessor collector, I want to assure the people of Gray county that I will continue to serve them faithfully and constantly. I have appreciated their support and confidence in the past and will try to merit their support now.

"I am not unmindful of the fact that it is an important office and one not easy to properly fill. My experience ought to count for a great deal in my favor, because I feel that I am better qualified than ever to perform the duties of office."

Hurley Nominated

WASHINGTON, Jan. 28 (AP)—The nomination of Patrick J. Hurley, secretary of war in the Hoover administration, to be minister to New Zealand, was submitted to the senate today by President Roosevelt.

It was assumed Hurley already had reached his post, since the White House had announced the nomination was being withheld until he was safe in New Zealand.

Awful Mistake

ALBUQUERQUE, N. M., Jan. 28 (AP)—Pancreatic Roybal, sentenced to three years in prison, admits he made an awful mistake when he used Joe Tondre's name to write a check.

Joe is better known in these parts as Sheriff Joe Tondre.

Get some exercise daily and keep healthy.

Compulsory Salary Deductions Seen By Planning Board

WASHINGTON, Jan. 28 (AP)—Compulsory part payment of salaries and wages in defense bonds, and even higher taxes, were foreseen today by the National Resources Planning board in an analysis of the trends of war needs and post war policy.

The board, a federal agency, scouted any theory that a post-war depression was inevitable.

With respect to the war period, the agency, in a special pamphlet prepared by Alvin H. Hansen, Harvard economics professor and special adviser to the federal reserve board, said the following policies were indicated:

1. High corporate-income and excess-profits taxes;
2. Sharply progressive estate taxes;
3. Broadening of individual income-tax base together with steeply graduated surtax rates;
4. Sharp increase in excise taxes on commodities competing with the war program;
5. Part payment of wages and salaries in defense bonds;
6. "Qualitative shift in the components of consumption."

Turning to the post-war era, Dr. Hansen wrote:

"We shall have, when the war is over, the technical equipment, the trained and efficient labor, and the natural resources required to produce a substantially higher real income for civilian needs than any ever achieved before in our history. Whether or not we shall, in fact, achieve that level of income will depend upon our intelligence and capacity for cooperative action."

Crosbyton Murder Case Goes To Jury

CROSBYTON, Jan. 28 (AP)—The case of Mrs. Nancy Lucille Edge, charged with poisoning her husband, Dr. C. L. Edge, was scheduled to go to the jury today.

Dr. Edge died last July 21 at his home here.

The state rested its case yesterday after presentation of witnesses. Mrs. Edge, the state charges, mixed poison with a drug, a part of which the physician took as medicine.

J. H. Arnette of Austin, chemist and toxicologist with the state department of public safety, testified a viscera examination indicated the doctor had died of poisoning.

Britain's Ex-Envoy To Soviet May Sit In Capital Councils

By MILTON BRONNER
WASHINGTON, Jan. 27.—London gossip has it that Sir Stafford Cripps, who has just relinquished his important post as British Ambassador to Russia and returned to England, may be named a full Minister of State to sit on an allied war council in Washington.
If that eventuates it will bring to America one of the strongest characters in British public life.
An attorney for the rich who plugs for the poor.
An ardent Church of England man who became a rabid Socialist.
A bookish recluse, who became a super soap-boxer.
A Socialist who was so Leftist that the party fired him.
An envoy to Russia so successful that the same party thinks of him as a future Labor Prime Minister.
Cripps, like his father, the first Baron Parmoor, is a sample of the high-brows of the upper crust in England, who have in the past twenty years been turning to the Labor party, which is a Socialist party.
Stafford Cripps, born in 1889, is a graduate of Winchester College and University College of London, becoming a barrister of the Middle Temple in 1913. Fourteen years later he could put the coveted letters "K. C.", meaning "King's Counsel," after his name. It indicates one is at the very top, in the legal profession.
LIVED THE LIFE OF COUNTRY SQUIRE
His fees annually ran into six figures. He lived the life of a country gentleman on an estate in Gloucestershire.
Occasionally, just as doctors sometimes treat poor patients free of charge, Cripps took the cases of poor men. That led him to investigating why there was poverty, and in 1929 he formally joined the Labor party, thinking its principles held the best hope for the under-dogs of society. In later years he said he wanted to fight "British country gentleman Fascism."
He was elected to Parliament for East Bristol as Laborite, and soon made his mark in the House of Commons. For a brief period, 1930-31, he was Solicitor General.
As the years passed, Sir Stafford became more and more an ardent admirer of Soviet Russia and, in consequence, more of a Leftist in the Labor party. So much so that the executives of that party formally communicated him. But he went right on.
His special target, however, was the late Neville Chamberlain, then Tory Prime Minister. Constantly he attacked him as the great appeaser, who played up to a German who was bound to be a foe, and who ignored a Russia that might be a powerful friend.
After the war broke out and after Chamberlain fell, Prime Minister Churchill named him as Ambassador to Russia. Cripps did not want Russia away from its neutrality pact with Germany. Hitler did that himself by tearing up the pact and making war upon the Soviet.
But it was Cripps who largely convinced Stalin that the Britain of Churchill was a radically different thing from the Britain of Chamberlain. The Russians trusted him, because they knew how he had battled for them.
Oddly enough, though still excommunicated, the Labor party looks to him for future leadership. Prominent labor leaders, whom this writer knew in England and who have been on visits to this country lately have all told me that when and if the Labor party ever assumes control of the government, Cripps will be the best bet for a Premier.
As a profound lawyer, polished man of the world, keen debater and fighting orator, they said the ranks of labor outside of London favored Cripps for chiefdom. And they were at pains to explain that London is no more all England than New York is all America when it comes to public opinion.

U. S. Has '6 8 Or 10' AEF Reveals FDR

WASHINGTON, Jan. 28. (AP)—Lend-lease has gone into reverse, it was learned officially today, and American forces are now drawing some supplies from nations previously on the receiving end of the United States aid program.
In north Ireland and in the south Pacific, particularly, officials said, the British have been lend-lease food, housing and some military supplies to the United States forces. The other locations are military secrets, but President Roosevelt said yesterday that the United States has 6, 8 or 10 such expeditions.
The process was explained to amount to a pooling of the resources of some of the United Nations, particularly the United States and Great Britain. But, legally, the transactions are all lend-lease, in both directions.
It answers in part, an official said, the frequent question of how lend-lease articles were going to be paid back. From the first, President Roosevelt proposed that it be paid in kind rather than in money. Whether the return payments will come near balancing the books, however, is something the officials don't know.
Lend-lease cash expenditures announced thus far amount to about \$1,200,000,000, not counting a large amount of supplies shipped from government-owned stocks. Lend-lease appropriations amount to about \$13,000,000,000.
Lend-lease books were set up originally to show what repayments might be made from time to time, but such entries were small until the United States entered the war. Occasionally Britain got credit for some metals or other materials supplied United States. Now, the repayments are getting into sizeable amounts.
Military secrecy prevents disclosure of many details, but it works something like this. Suppose Britain has a surplus of ammunition clips or construction machinery that the A. E. F. in Ireland might happen to need. Instead of wasting shipping space to supply the American troops from this side, the British would be asked to supply the articles and charge it to lend-lease.
Texas Medical Seniors To Finish In March
LUTKIN, Jan. 28. (AP)—Seniors at the University School of Medicine, Galveston, will finish their courses in March, instead of May, because their school year began in June, rather than in September. President Homer Rainey of the University of Texas said last night. Dr. Rainey said the actual time for presentation of diplomas had not been decided.
Enlisted men in the navy may have educational pamphlets on naval subjects free of charge.

79 More Towns Recaptured In Russian March

By EDDY GILMORE
MOSCOW, Jan. 28. (AP)—Recapture of 79 more towns was reported today in dispatches from the Russian front which said the Red army was smashing forward northwest and southwest of Moscow at the threefold of a double defense line to which the Germans were retreating.
(On the basis of previous information on the Soviet forward positions, that Nazi line apparently extends from near Velikie Luki to the Vyazma region, thence to near Bryansk—already is threatened seriously at both flanks.)
Soviet reports indicated that the German defense system, rushed to wards completion, consists of two lines of defense works one about a mile and a half behind the other. Despite a stiffening of the German resistance, progress was reported for the Soviet divide-and-conquer campaign.
Russian cavalry on the southwestern front recaptured nine strongly-held towns and left 900 Germans dead or a single battlefield, dispatches from that sector said.
The Red army also was said to be continuing mile after mile in its power drive west along the Rzhev rail line toward Velikie Luki, 80 miles from the Latvian frontier.

Texas Tech Names Football Captains

LUBBOCK, Jan. 28. (AP)—Willburn Albright of Lorraine and Kenneth Robinson of Dallas will serve as captains of the 1942 Texas Tech football team.
Albright played center, guard, and quarterback last fall and Robbins was Captain Bain's alternate at quarterback. They were elected following a banquet honoring the team last night.
Head Coach Del Morgan, banquet speaker, declared that 34 freshmen and varsity players would be missing next fall due to military enlistments and graduation.
"We expect to have enough boys back to hold up our heads in any kind of football competition next fall, however," he added.

Three Pampa Boys Slinging Leather At Murray College

Three Pampa boys are slinging leather for Coach Bois d'Arc Beames Murray Aggie boxing team at Tishomingo, Okla. They are Bert Isbell, 126, Lefty Pendleton, 160, and Ken Beavers, while Mullings bowed to Andy Smith.
Paul Valley Training school swamped the Murray Aggies in their opening meet of the season with Isbell on the losing end in a close fight. Neither Pendleton nor Mullings had reported at that time.

Strictly Off Record

CHEATEK, Wis., Jan. 28. (AP)—Bothered by stage fright? Then read this.
Scheduled to speak before a community meeting, Robert Jenness told his audience "This is strictly off the record."
He then produced a phonograph, attached a record made previously and joined the audience to hear his address.
Captain To Private
FORT RILEY, Kas., Jan. 28. (AP)—From captain to private in 24 hours—that's what the army did to Walter A. Kopszywa of Bloxi, Miss. Private Kopszywa was captain of a gulf fishing vessel before his induction.

SERIAL STORY TAMBAY GOLD BY SAMUEL HOPKINS ADAMS

DOC KNOWS FOOTBALL CHAPTER XX BETWEEN the halves an assistant coach came up to Doc and asked if he would talk with coach in the dressing room.

count was still against us when the game went into the final quarter. It looked lousy. Then, with only two and a half minutes to go, and our fourth down, we had an outside chance for a drop kick.

Doc Oliver turned around to us with that pleasant, sort of impersonal smile of his. "Well, what did you think of it?"

"O. K. if that's the way you feel about it," he said. "I'll jog into town and get myself a smoothie of celebration."

Doc came back with the news that Angel was all right and would start the next quarter.

"The big boy, here, sure did a job on that truckload of a tackle," he said, patting Angel on the shoulder.

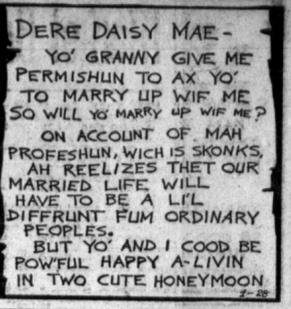

Angel played like three men, after that. But everytime the boys were on their way a fumble or a penalty set them back.

gunman, in 87th district court yesterday on charge of robbing banks at Nocona and Bowie.

Ping Pong May Be In Headlines By End Of This Year

AUSTIN, Jan. 28. (AP)—Interscholastic championships in horse shoe pitching, ping pong, bicycle racing, badminton, volleyball and softball may be making sports headlines in Texas before the year is out.

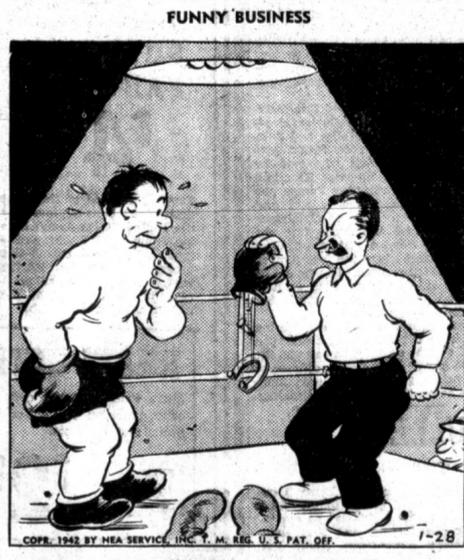

University of Texas Interscholastic league spokesmen yesterday announced such programs were being contemplated in view of the necessity of maintaining sports competition for reasons of health and because of possible curtailment in traveling facilities.

BRITISH

(Continued From Page 1)

The Japanese armada unwarily sailed into a hornet's nest of Allied submarines, bombers and surface warcraft. No immediate estimate was available on the loss of Japanese lives, which presumably ran into the thousands.

While the Dutch listed only 30 Japanese troops and warships sunk or badly damaged, American accounts put the five-day toll at 36, including a battleship. Dispatches from Batavia did not disclose whether the battle in the shark-infested strait continued after yesterday's smashing blows by United States bombers.

"Japanese fighter aircraft which attempted to intercept our bombers were roughly handled," Gen. Wavell's headquarters said. "Two were shot down and one was damaged."

Japan's invasion forces drove perilously close to Singapore today as wavering British defense lines executed a new withdrawal, less than 50 miles north of the \$400,000 island stronghold, amid the heaviest fighting of the Malayan campaign.

A British spokesman said that Japanese troops knifing southward from the Kluang sector, in central Malaya, were pressing the nearest threat to Singapore.

On the west coast, British, Australian and Indian imperials were battling fiercely near Senggarang, only 48 miles above Singapore, after a 12-mile retreat from Batu Pahat.

Twenty-seven Japanese bombers returned to the assault on Singapore itself, attacking a suburban area.

Other Japanese raiders struck heavily at the port of Ennabaven, on the west coast of Dutch Sumatra, across the narrow Malacca strait from Malaya, setting two ships afire and damaging a third.

The Dutch also conceded loss of communication with the city of Kendari, on the southeast coast of Celebes island, but declared that strong resistance was being exerted against the invaders there.

N. E. I. planes again bombed the airbase and storage yards at Japanese-held Kuching, capital of the "White Rajah" kingdom of Sarawak, part of British Borneo, it was announced.

Major attention was restored to the Malayan theater of the Pacific war by reverses at the British center and left flank which caused a withdrawal also on the east coast.

The Japanese fifth division struck at the center between Ayer Hitam and Kluang, a railroad town in the highlands about 50 miles north of Singapore.

A major battle appeared to be in the making on the east coast—where artillery-backed British infantrymen were based at Jemaluan—as the Japanese moved up reinforcements from transports which reached Endau yesterday despite heavy attacks by the RAF.

Intense aerial activity was reported on both sides. President Roosevelt indicated in his press conference yesterday that the immediate strategy of the United Nations is to hold Australia and the Netherlands Indies as bases for a Pacific offensive.

Market Briefs

NEW YORK, Jan. 28 (AP)—News today brought only minor vibrations in the stock market and these for the most part counted slightly against values.

Up to midday prices traced a slow downward drift. Thereafter there were occasional recovery tries but final levels were fractionally lower. An assortment of motors and specialties showed fair resistance.

Dealings matched the slowest days of the last week or so totaling for the five-hour stretch around 400,000 shares.

Stocks inclined to yield a little ground to U. S. Steel, Yonkers, Standard Oil, Western Union, Standard Oil (N. J.), Texas Co., Chesapeake & Ohio, Great Northern and Boeing.

CORPORAL LENFORD ISAACS' parents live in Shamrock but Pampa can claim him because he lived in Pampa for two years while employed by the Parisian Beauty shop. He enlisted in the army eight months ago, was trained at Fort Bliss, then sent to Cheyenne, Wyo., is now at Fort Leonard Wood, Mo., where he is with the 88th Q. M. C.

for a Pacific striking force. While Pacific and Atlantic striking forces are being built up, the British and American navies have as their main tasks the protection of Atlantic and Pacific supply routes. Urgency of this task was emphasized by the navy's announcement that enemy submarines had attacked two more American tankers off the Atlantic coast, with one sunk and the fate of the other not immediately determined.

Despite the latest attacks, the navy's score against Atlantic submarines was considered good. Several are known to have been disposed of and the expeditionary force to Northern Ireland was escorted across the ocean without mishap.

This force, described officially as just a sample of "very considerable" numbers yet to go, now has joined the huge army Britain has been building up in the six northern counties since the summer of 1940 against the possibility of a German invasion of Eire, to the south.

Neutrality of Eire gives the United Nations the same military problem which the Allies had in western France before German invasion of the lowlands. They have to prepare an expedition to rush into the country if and when the Germans strike, but the initiative is with the enemy.

POLL TAX

(Continued From Page 1)

city commission and residents of the Pampa Independent School district will elect new members to the board.

"That'll be a lot of scratching for \$1.75," one man was heard to remark today as he purchased his poll tax.

Mainly About People

Ralph Palmer of LeFlore route, Alameda, who enlisted last autumn in Class V-5 of the U. S. Naval Reserve, has been ordered to one of the navy's big air training stations for advanced flight training as an aviation cadet.

Tomorrow night will be the deadline for enrolling in the first aid class taught by Tom Eckert at the American Legion hall. There are 20 more students needed to fill the class, which will meet at 8 o'clock tomorrow night at the hut.

FERRIN FIELD, Tex., Jan. 28 (Special)—Staff Sergeant Jack P. Morgan, Pampa left this air base last week for Kelly Field, where he reported last Saturday for pre-flight training. A former member of headquarters and headquarters squadron here, Morgan will complete his training at Kelly Field in March, whereupon he will be assigned to a civil flying school for advanced instruction.

For Sale—1941, 56 S. 5 passenger Buick. Good rubber. Perfect condition. Rogers Rig and Equipment Co. Ph. 326.

Mr. and Mrs. G. C. Carlie and daughter, Patsy Ann, visited with relatives in Quanah recently.

Mr. and Mrs. J. B. Rose and Miss Alladen Werth have returned from a three-day visit with P. F. C. James M. Rose at Fort Sam Houston. They were accompanied by W. D. Vernon who visited with his brother there. The group visited in Austin before returning.

Members of the Rebekah degree team are to meet tonight at 8 o'clock in the I. O. O. F. hall at Skellytown to present their new program. All members are to wear formal gowns.

James Allen Young has been released from Pampa hospital and taken to his home, 401 South Starke. Following treatment for burns suffered while building a bonfire.

L. L. McColm of Fort Worth, formerly of Pampa, is transacting business here.

Mrs. Roy Dyson was admitted to Pampa hospital last night.

Only business transacted in city police court today was the fining of a youth on a speeding charge.

Supt. W. A. McInosh of Berger schools was a Pampa visitor yesterday.

Mrs. G. Taylor Cole of Miami visited friends here yesterday.

Men of the First Presbyterian church will hold their regular monthly fellowship supper at 7 o'clock tonight. Each member is asked to take a friend.

RATIONING

(Continued From Page 1)

ations will be met as they arise.

In addition it has reached voluntary price agreements with about 100 individual producers, frozen some prices, and listed others at what it considered "fair."

In all, about 35 per cent of the total value of wholesale goods is already under price control, as is almost half the field of metals and metal products.

The scope of price control is enlarged tremendously by the new measure. Here are its principal provisions:

STAFF SGT. H. GAYLON WILLIAMS, son of Mr. and Mrs. Joe B. Williams, 401 N. Hill street, has been in the army six years. He is now stationed at Camp San Luis Obispo with the 56th coast artillery. He has charge of a motor pool of 120 trucks and 14 jeep cars.

Staff Sgt. H. Gaylon Williams enlisted in the army when he was only 18 years old, on the birthday of Woodrow Wilson, Dec. 28, 1925.

He was first stationed at Fort Warren, Wyo., for six months, and then he asked for a transfer to the 7th Cavalry and was stationed at Fort Bliss two and one-half years. He was given his honorable discharge, and immediately went to California and enlisted in the coast artillery within a week after he received his discharge.

He was stationed at San Francisco until Dec. 24 when he was sent to Camp Luis Obispo to help guard the coast where enemy submarines have been reported to be preying. He is "mothering" 120 trucks and 14 jeep cars. He has been in six years. He is the son of Mr. and Mrs. Joe B. Williams, 401 N. Hill.

Get Ready For Turkey Hash And More Bone-Soup. CHICAGO, Jan. 28 (AP)—Remember the turkey hash that follows Christmas? And bone-soup the day after that? Well, that's not half a mouthful of what the little woman will be whipping up this year, and next, and maybe next, when she really gets hep to the "food for victory" program. Experts attending the annual conventions of the National-American Wholesale Grocers Association, The National Canners Association, and a half-dozen allied groups, agreed today American eating habits already are changing, and that more changes are in prospect. This is not because of any predictable food shortage (save in sugar) but because housewives already have become more discriminating in their selections, more "value-conscious," and it assumed more Americans will be willing to eat at "the second table" after U. S. fighting men and their allies get what they want and need. Railroad Fuel In 1940, the railroads of the United States used an average of 112 pounds of fuel to move 1,000 tons of freight and equipment one mile. This was a new record low. Canada's 1939 wheat flour production was its largest in 10 years.

Battling Sandie Cagers Come From Behind To Outlast Harvesters 26-24

It was not the Sandies' famous long-distance sharpshooting that beat the Harvesters last night in a 26 to 24 thriller.

The Pampa boys got more than their share of rebounds, so it wasn't their failure to grab the ball off the bang-board that lost them the game in the last minute of play.

The Harvesters made 8 out of 22 attempts at field goals, compared with the Sandies' 11 out of 43, and the Pampa cagers made 8 out of 18 free shots, while Amarillo made 4 out of 7. So it wasn't the Harvesters' shooting that lost them the game.

It was Gary one of the many rangy six-footers on the 18-man Sandie squad that beat the Harvesters. The Pampans held them in check for more than three quarters, and led the invaders throughout the game until the last two minutes.

But the boy who beat the Harvesters was the smallest man on the Sandie squad, but he was fast and he couldn't miss that basket. The boy was Hill, and Coach T. G. Hull sent him in just when the strain began to show on the Harvesters. He made 10 points from the time he went in at the latter part of the third quarter until the final whistle. He racked up 8 points in the fourth quarter.

Coach Oscar Hinger started Burge and Halter at the forward positions, Flanagan at center, Otis and Allen at the guard positions, and they played the entire game without substitution, an unusual occurrence, and the first time it ever happened in Harvesters basketball history, within this writer's memory.

Halter was listed in the lineup as forward, but his performance was preponderantly defensive. It was the first game Halter has played this year that he did not score a single field goal. Ten minutes before the game started Halter had not shot up and the fans were beginning to get worried. This he had only a few minutes to arm up, and this tardiness in arriving might have accounted for the inaccuracy of his shots.

The Harvesters, however, did not beat themselves. They played Amarillo the only way they could have, and for nearly four quarters it looked as if the undefeated Sandies would go back to Amarillo on the short end of the score. Late in the fourth quarter it was obvious that the Harvesters were beginning to tire.

Wayne Otis, guard, led the scoring for Pampa with 9 points. Burge was second with 6, and Flanagan was next with 5. The Harvesters played a delayed offense, and another Amarillo's long-distance sharpshooting. For three quarters they controlled the rebounds.

Hill did not start the game, and is not a first string regular. He played only a few minutes against Burger last week.

The Harvesters led 6 to 4 at the end of the first quarter, 11 to 7 at the half, and 23 to 16 at the end of the third quarter. The Harvesters

Good Shot in Any Direction

Originating new method of getting accuracy, Craig Wood takes pot shots at caricatures of those hated men. It's a good shot whether Wood hits straight, hooks or slices. The national open champion is now the professional at the new Normandy Isles course at Miami Beach, Fla.

vesters led by 7 points throughout most of the third period.

Hill, one of several substitutes who were sent in by Coach Hull, entered the game in the fading minutes of the third quarter. He immediately racked up a field goal and then two free shots. In the fourth quarter he had an unimpaired field day—the tired Pampa defensive simply could not keep up with him.

Amarillo brought its greatest team in history to Pampa, and that's no cockeyed estimate, either. They missed a number of crisp shots, it is true, but it must be emphasized that both teams made 25 per cent of their shots which is good shooting in anybody's league. It was better shooting than the Sandies did at Burger last Friday night, and the Harvesters made a higher percentage than they did against Dalhart Saturday night.

Of course, the game was hard-fought and the tension was high. Amarillo seemed more nervous than Pampa at first, but they gradually relaxed—too much for Pampa's good. The Harvesters were playing with the same deadly calm at the end that they showed at the first. Neither team cracked under the strain of the close game, and that is to each team's credit.

The Sandies displayed good sportsmanship, and their reputation for playing rough turned out to be a false report here. Seldom has a visiting team shown better sportsmanship than the current Sandie basketball team. They didn't show off and they didn't beef, and their attitude toward the crowd was commendable and inspiring. The Sandies paid the Harvesters the compliment of playing the cleanest game any Amarillo foe has played this season.

The gym was filled with the largest crowd of the season. There was a complete absence of heckling or booing, and the sportsmanship displayed by the crowd was a credit to Pampa, and something it can be proud of. The officiating of J. C. Knowles was satisfactory to both the Harvesters and the Sandies and the crowd as well. Mr. Knowles had only to raise his hand to get complete silence for the free shots. Not once was there audible objection to his decisions. Both teams made an effort to play clean, and Mr. Knowles respected that effort.

Coach Never Played Game Of Basketball But His Team Wins

CAMP DAVIS, N. C., Jan. 28.—(AP)—Private Richard Witkin has never played in a basketball game but as a coach he's tops around here.

His coast artillery team has a clean slate of seven victories this season, some of them over colleges. He's not above taking the water bucket or a towel onto the floor, either, and he's usually the best rooter in the gymnasium.

On defense his players cover anybody they want to, and they yell their own plays.

The system works.

The typical Navy seaman is blue-eyed, brown-haired, medium built; he weighs 168 pounds and stands 5 feet 10 inches in his stocking feet.

Sports Roundup

By HUGH FULLETON, JR.

NEW YORK, Jan. 28 (Wide World)—If you see a stray hockey puck flying around downtown Boston, return it to George Owen, the old Harvard-Brunel player. . . . He keeps a stick in his office so he can get the "feel" of it in preparation for the all-star game Feb. 6 and his neighbors accuse him of trying shots at the hall windows.

The American football statistical bureau is moving from Seattle to Chicago so it will be in the center of American football. . . . Let's see, where is the University of Chicago situated? . . . Lou Diamond, manager of Gus Lesnevich, claims life is a lot easier now that both of his sons are in the army. He can grab any tie or pair of socks in the house without an argument. . . . Because North Carolina has so many small basketball players they're calling this year's team the "White Bantams" instead of "Phantoms."

Today's Guest Star
C. M. Gibbs, Baltimore Sun; Headlines declaiming that New York university expected to kick out football yesterday were slightly misleading. . . . What really happened was that N. Y. U. had football kicked out of it last season.

Mr. Ott Comes to Town
Sample of what goes on at a baseball press conference. Scene—Giants' office. Original subject—Weight of Johnny Mize and Bill McGee. . . . "Are you going to Hot Springs, too, Mel?"
Ott: "Me? No."
Reporter: "I thought I saw signs of a double chin."
Ott (tumbling around his collar): "Guess I have put on a few pounds."
Reporter: "That Southern fried chicken."
Ott: "Fried chicken—no, but crayfish are in season."
Another reporter: "Did you sign your contract yet, Ott?"
Ott (turning to Prexy Horace Stoneham): "When will we sign a contract, Horace?"
Stoneham: "In 20 minutes if you like."

Odds—And Some Ends
Six-year-old Carol Ann Corby is an entrant in the Eastern State figure skating championships this week-end. She will be in the juvenile division for kids under 13.

Wiley Moore, who was considered practically a grassroots when he pitched for the Yankees in 1927, is talking about leaving the farm for baseball again if he can catch on with the Greenville (S. C.) Spinners. "I can still throw that sinker, with plenty on the old fast ball," he claims. . . . Yale oarsmen have discovered that they have to get identification cards from the coast guard before the crew can drill around New Haven. . . . Tom Stidham probably would be Nebraska's head football coach now if he had wanted to step down as boss at Marquette when Major Bliff Jones offered him a line coaching job.

Last Laugh
"Sarge" Murchison of Anderson, S. C., writes: "Joe Louis joining the army will make Gene Tunney's prophecy look good. To quote 'The next heavyweight champion will come out of the army.' . . . Stands to reason that Joe will come out some day."

Anglers Discover Fisherman's Dream
FORT MYERS, Fla., Jan. 28 (AP)—Anglers here have discovered a fishin' hole that puts the one back on the old homestead to shame. . . . It's located 18 miles out in the Gulf of Mexico off Fort Myers beach and is not much bigger than a football gridiron, but it's a fisherman's dream.

Ronald Halgrin, city editor of the Fort Myers News-Press and authority on sport fishing on the lower Gulf Coast, says it has yielded just about everything in the way of fish except brook trout and sperm whales.

He and other anglers who have fished at "the mud hole," so-called because the water in the area is cloudy, says the angler can't miss but there is no telling what each succeeding catch will be.

The hole has yielded barracuda, dolphin, jewfish and marlin, and catching grouper weighing five to 25 pounds soon becomes monotonous, they relate. Saltfish caviar in the vicinity and turtles, big and little, hover around the spot like flies about a lemonade stand.

Nobody knows the answer to the fishing bonanza, said Halgrin. The area has been marked off by buoys, but its cloudy appearance makes it easily distinguishable from surrounding waters. A faint "boiling" on the surface is apparent at times, giving rise to the theory that subterranean springs are responsible.

Lubbock Team Rated Better Than Sandies

The Harvesters basketball team will try to break in to the victory column here Friday and Saturday night when the Plainview Bulldogs and the Lubbock Westerners will invade the local court.

The Pampa-Plainview game will begin promptly at 7:30 o'clock Friday night in order to clear the floor for the old time dance that will be held in the gym for the benefit of the president's birthday infantile paralysis fund.

The Lubbock-Pampa game will begin at 8 o'clock Saturday night. Coach Oscar Hinger announced this morning that Coach Francis Smith of LeFors would call both games.

Lubbock's team is rated even stronger than the Sandies now. After a few practice sessions they forced the Sandies into an overtime period a couple of weeks ago. The Sandies won but they left Lubbock with a mighty respect for the Westerners.

The Lubbock quintet, led by Tuffy Nabors, Westerner grid star, will be trying for their first victory in the conference, as will Pampa. The Harvesters now have lost their first two conference games, the first to Amarillo 21 to 19 and the second to Amarillo 26 to 24.

Plainview has been defeated twice by Amarillo by overwhelming scores.

Interested spectators at the game here last night were members of the Burger Bulldog starting lineup and their coach, Tex Hanna. Burger will play a return game in Pampa, Feb. 8.

LeFors Swamps Panthers 53-14 At Panhandle

LEFORS, Jan. 28. (Special)—The undefeated LeFors Pirates roared a game closer to the championship of the north half of district 1-A last night when they swamped the Panhandle Panthers 53 to 14 in Panhandle. The championship will be decided tomorrow night at 8 o'clock when Perryton invades LeFors. The two B teams will play at 7 o'clock.

"Ox" Oldham, Pirate star, went on a scoring spree last night, bucking 25 points. He burned the net for 14 points in the opening quarter before being taken from the game. The rest of the LeFors scoring went to Bowman with nine points, Hamrick with eight, Cole with six, Clemmons with five and Taylor with one.

Halter led the Panhandle scoring with five points, followed by Rusk with four, Patrick with three and Little with two. O'Keefe failed to scratch.

The LeFors B team took the Panthers second round by a 22 to 11 score. Brock, LeFors' head basketball coach, scored six points for LeFors while Pruitt and Dickerson each bagged four points for Panhandle.

Perryton is cocked and primed to upset the Pirates tomorrow night and the Pirates know it. The winner of the north half will meet the winner of the south half which is expected to be either McLean or Lakeview.

Rush Coaching Basketball At Midland High
Garrison B. Rush, former coach at Shamrock and Miami, has assumed the duties of head basketball coach at Midland High school to fill out the rest of the season.

Trophies To Be Awarded To Top Sluggers Tonight

By BILL KING
BOSTON, Jan. 28 (AP)—After waiting in modest silence for 47 years, Hugh Duffy, the peppery veteran who set baseball's all-time high batting mark of .438, will be publicly acclaimed when the Boston baseball writers award trophies to such modern sluggers as champion Ted Williams of the Red Sox and Joe DiMaggio of the Yankees tonight while dining with 800 of their readers.

Williams, who expects to be inducted into the army within a few days, has been ordered to stay close to his Minneapolis draft board. As a result, he has delegated Eddie Collins, his club's general manager, to accept the Jacob C. Morse memorial, a trophy awarded annually to Boston's outstanding player, in his behalf. DiMaggio, however, has promised to be on hand to receive the Paul Shannon memorial trophy which commemorates his astounding feat of hitting safely in 56 consecutive games for the current world champions.

Both awards, fixtures on the writers' banquet programs, are dedicated to old-time colleagues. Morse, one of the earliest of the baseball scribes, originated the present scoring system and Shannon, another veteran, was president of the Baseball Writers association of America when he died.

The writers' other regulation award, for Boston's outstanding rookie, has been voted to Dick Newson, who pitched the Red Sox to 19 victories. Mere verbal praise, however, will not suffice for Duffy, for his press box admirers also have prepared a surprise for him.

The dinner's keynote speaking chores have been assumed by U. S. Senator Henry Cabot Lodge of Massachusetts, who tops the long list of orators to be introduced by the Boston Herald.

Among the others on Sampson's list were President Bob Quinn of the Boston Braves, Lefty Gomez of the Yankees, Hugh Mulcahy, the Philadelphia Nationals pitcher who was one of the first major leaguers to enter the service; Tommy

Holmes, the Braves' latest outfield acquisition; Ira Thomas, former Athletics catcher; Johnny Evers of the Braves' 1914 miracle club; Jimmy Conzelmann, coach of the Chicago Cardinals professional football club, and Warren Brown, Chicago sports editor.

The Morse presentation will be made by Arthur Siegel of the Boston Traveler, the Shannon by Jack Maloney of the Boston Post, and the rookie trophy by Herbert Finnegan of the Boston American.

In The Penalty Box He's Okay—But Put Him On Ice And He Boils

By HAROLD V. RATLIFF
AP Feature Service

DALLAS, Jan. 27.—Emanuel Norman Cotlow is a man of peace—at least while he's in the penalty box. They know big Manny most everywhere ice hockey is played even if he does spend about as much time on the sidelines as at defense for the Dallas Texans of the American Hockey association.

Manny has lived a somewhat turbulent life. He says he was on the receiving end when he was growing up and now that he's big enough to dish it out—he weighs a solid 200 pounds—he's seeing how the others like it.

"I've been in one fight after another all my life," the black-haired, easy-talking Cotlow said, as he recounted his troubles this season.

Included was an indefinite suspension for punching a spectator with his stick. The suspension didn't last but one game and here's what Manny said really happened: "The game was over and I had started off the rink. Suddenly a fist shot out and smacked me. I looked up and there was a fellow I didn't know. I just poked him with my stick."

But Manny admits he is somewhat hot-headed and that's why Holmes, the Braves' latest outfield acquisition; Ira Thomas, former Athletics catcher; Johnny Evers of the Braves' 1914 miracle club; Jimmy Conzelmann, coach of the Chicago Cardinals professional football club, and Warren Brown, Chicago sports editor.

His team was stuck 50 yards when the officials accused Manny of slugging.

That might have been about the time Manny figured he was big enough to start dishing it out.

he gets into so many jams. In one game alone he spent 15 minutes in the penalty box, and if they don't boo him when he plays on the road he probably thinks it's a frame-up.

Cotlow, who undoubtedly has spent more time in the penalty box than any other player in the American association, hasn't always come off best in his rows and slashing play on the ice. He can show you where 35 stitches have been taken to close his wounds.

Cotlow started playing hockey 18 years ago and he's only 27 now. He worked around the rink in his native Minneapolis and picked up a lot of pointers—and also socks on the jaw.

From amateur ranks he was signed by Minneapolis for a try in the play-for-pay ranks and he made good. He was with Omaha last season. Manny is the only American on the Dallas team. The others all are from Canada.

In the summer Cotlow does a thriving business reselling bicycles. He rides them himself to keep in shape for the winter ice hockey grind.

Manny has had his troubles in hockey and spent plenty of time in the box but the biggest penalty he ever got was in high school football in Minneapolis.

He was stuck 50 yards when the officials accused Manny of slugging.

That might have been about the time Manny figured he was big enough to start dishing it out.

He kept a stick in his office so he can get the "feel" of it in preparation for the all-star game Feb. 6 and his neighbors accuse him of trying shots at the hall windows.

The American football statistical bureau is moving from Seattle to Chicago so it will be in the center of American football.

Let's see, where is the University of Chicago situated? . . . Lou Diamond, manager of Gus Lesnevich, claims life is a lot easier now that both of his sons are in the army.

He can grab any tie or pair of socks in the house without an argument. . . . Because North Carolina has so many small basketball players they're calling this year's team the "White Bantams" instead of "Phantoms."

Today's Guest Star
C. M. Gibbs, Baltimore Sun; Headlines declaiming that New York university expected to kick out football yesterday were slightly misleading. . . . What really happened was that N. Y. U. had football kicked out of it last season.

Mr. Ott Comes to Town
Sample of what goes on at a baseball press conference. Scene—Giants' office. Original subject—Weight of Johnny Mize and Bill McGee. . . . "Are you going to Hot Springs, too, Mel?"
Ott: "Me? No."
Reporter: "I thought I saw signs of a double chin."
Ott (tumbling around his collar): "Guess I have put on a few pounds."
Reporter: "That Southern fried chicken."
Ott: "Fried chicken—no, but crayfish are in season."
Another reporter: "Did you sign your contract yet, Ott?"
Ott (turning to Prexy Horace Stoneham): "When will we sign a contract, Horace?"
Stoneham: "In 20 minutes if you like."

Anglers Discover Fisherman's Dream
FORT MYERS, Fla., Jan. 28 (AP)—Anglers here have discovered a fishin' hole that puts the one back on the old homestead to shame. . . . It's located 18 miles out in the Gulf of Mexico off Fort Myers beach and is not much bigger than a football gridiron, but it's a fisherman's dream.

Ronald Halgrin, city editor of the Fort Myers News-Press and authority on sport fishing on the lower Gulf Coast, says it has yielded just about everything in the way of fish except brook trout and sperm whales.

He and other anglers who have fished at "the mud hole," so-called because the water in the area is cloudy, says the angler can't miss but there is no telling what each succeeding catch will be.

The hole has yielded barracuda, dolphin, jewfish and marlin, and catching grouper weighing five to 25 pounds soon becomes monotonous, they relate. Saltfish caviar in the vicinity and turtles, big and little, hover around the spot like flies about a lemonade stand.

Nobody knows the answer to the fishing bonanza, said Halgrin. The area has been marked off by buoys, but its cloudy appearance makes it easily distinguishable from surrounding waters. A faint "boiling" on the surface is apparent at times, giving rise to the theory that subterranean springs are responsible.

Packed House See Lefors Boxers Beat Wellington 7-5

LEFORS, Jan. 28 (NS)—Lefors school boxers won seven and lost five bouts with Wellington battlers here last night. The small Lefors boys had much better luck than their heavier teammates who won only two bouts from the tough Wellington boys.

The gymnasium was packed for the meet. During intermission music was furnished by the Sims brothers.

Closest fights of the night saw Waylon Hughes, Lefors, ace 135-pounder, dropping a close decision to Cummings and Tubbs, another Lefors top-itch, having to have the towel come to his rescue against Smith at 105 pounds.

Results, Lefors boxers named first: 65 pounds—Parless decision Van Pelt.

75 pounds—Twig lost to Cooper; Larkin decisioned Crowley.

85 pounds—Dunn decisioned Puryear; Cooper won from McPherson.

95 pounds—Clemmons beat McKinney.

105 pounds—Tubbs lost by a technical knockout to Smith.

115 pounds—McLaughlin decisioned Stafford.

135 pounds—Krouse lost to Jones.

135 pounds—Stevens decisioned Williamson; Hughes lost to Cummings.

145 pounds—Pite lost on a knockout to Montague.

Social Hygiene Attraction To Be Shown Here

An attraction so fearless and bold patrons frequently faint while watching it in the nation's largest theaters, "Dust to Dust" is scheduled for a three-day engagement at the Rex theater, here, during its seventh annual coast-to-coast tour.

Records reveal more than 10,000 persons have fainted during performances of "Dust to Dust" out of a total of more than 3,000,000 to whom it has been shown to date.

Statistics point out the male is the "weaker" sex in this case, because where one woman faints while watching "Dust to Dust," an average of six men will "bye-bye."

Howard Russell Cox, the noted commentator, known as the fearless Kentuckian who pulls no punches, will appear here in person, on the stage, at each performance.

"Dust to Dust" is a vital, frank and fearless attack upon delinquency and social diseases. It seeks to enlighten the masses to the benefits of moral living by parading before their eyes a motion picture document of evidence that is startling and shocking to put it mildly.

Parents are urged to live closer to their children, and to give their youngsters greater counsel on human relations problems.

"Dust to Dust" has received the praises of the millions who have witnessed it, and has been endorsed by countless universities, educational groups, mothers' clubs, civic clubs, medical leaders, and welfare agencies throughout the nation. It has no equal, critics declare, as a social hygiene attraction.

Arkansas To Play Tulsa University

FAYETTEVILLE, Ark., Jan. 28 (AP)—The Arkansas Razorbacks finish mid-term examinations Friday and return to the basketball floor the following night in a game here with Tulsa university.

The tall Porkers are tied with Texas Christian for the Southwest conference lead. Each has won three games and lost one.

Tulsa is reported to be in peak condition.

Court Asked To Reconsider Lone Star Gas Judgment

AUSTIN, Jan. 27 (AP)—The attorney general's department today asked the supreme court of Texas to reconsider its judgment last April ordering a new trial in the famous Lone Star gas rate case.

It petitioned the court to affirm a decision of the Austin Court of Civil Appeals which upheld an order of the railroad commission reducing the rate rate from 40 to 32 cents per 1,000 cubic feet.

The petition by Attorney General E. Mann was the latest development in the nine-year-old litigation which has twice been before the United States Supreme court, the state supreme court, and the Austin Court of Civil Appeals, and once before the Travis County District court.

In its April action, the Texas supreme court reversed the court of civil appeals, but said the commission order was not invalid on its face.

Truck, Bus Owners Unpatriotic, Says Police Director

AUSTIN, Jan. 28 (AP)—Unless 40 per cent of Texas truck and bus owners immediately register their vehicles with the federal government, Texas will do a poor job in the phase of national defense, State Police Director Homer Garrison, Jr., declared today.

The war department has set Jan. 1 as the deadline for completion of the nation-wide inventory.

Only 60 per cent of Texas owners have returned questionnaires, which means owners of approximately 60,000 commercial vehicles have failed or refused to cooperate with the war department, Garrison added.

Samples of steel are etched in acid by technicians, thus permitting them to see its crystalline structure under a microscope.

Oil Men Expect Hike In Price Of Crude Oil

By EDWARD CURTIS

TULSA, Okla., Jan. 28 (AP)—There is a growing feeling on the part of some Mid-Continent oil men that official sanction may soon be given for an increase of 10 to 15 cents a barrel for crude oil.

Present crude oil prices have been pegged by Price Administrator Henderson pending a survey of costs of production. One source declared that reports from Washington suggested that the crude oil price peg may be moved up a notch or two.

Oil producers have been agitating for higher prices for some months. Under the recent 40-acre spacing ruling and priorities rating for materials the industry has been urged to extend its search for new reserves as well as conserve supplies of critical materials.

With the rationing and a halt in production of automobiles, consumer demand for gasoline and lubricants is expected to fall. Offsetting this, however, is the government's announced synthetic rubber program and the growing demands for aviation gasoline and fuels for defense plants.

One source suggested that the crude oils of some sections are more adaptable for making aviation gasoline and the basic materials for synthetic rubber. As a result, he expected that despite the national emergency the rate of production in some areas would be accelerated, while that in other areas accelerated.

To aid those producers in depressed areas, who already are complaining of higher operating costs, a small price raise may be approved.

DANCE

IN CELEBRATION OF THE PRESIDENT'S BIRTHDAY

THAT OTHERS MAY WALK

You're a lucky fellow, Mr. Smith! You're invited to the biggest parties of the year. Americans throughout the land will be celebrating with you and your neighbors. And while you're having the time of your life, you'll be helping the thousands of children all over America who are putting up a courageous fight against infantile paralysis.

Slaggered Working Hours To Ease Traffic Congestion Suggested

Today's War Analysis

By DEWITT MACKENZIE
Wide World War Analyst

From the battle amidst the swirling sand-storms of the great Libyan desert, eastward to the fierce struggle in the wet heat of the Malayan jungle north of Singapore, is better than sixty-five hundred miles as the crow would fly.

One end of that long line, which reaches a quarter way around the globe, has its source in a vital war-spool of the western theater. The other rests on a key position of the allied defense in the new battle of the Orient.

It's a far reach between these two scenes of conflict, and it takes a stretch of imagination to realize they not only aren't wholly separate operations, but are closely and vitally associated as part and parcel of the same world-wide war. They cannot be dissociated or treated as distinct units for military purposes.

So closely are they interlocked that it strikes me we can see in them the beginnings of a grand axis strategy which envisages a vast triple squeeze against the allied defense that stretches from the Mediterranean to the western Pacific.

To be sure, the axis drive at Libya and Singapore are to a degree separate operations in the development of the strategy for the European and the Pacific theater. But they also are to be viewed as the flanks of a great pincers movement, calculated to be coordinated in the approaching spring with a German drive down into the Caucasus or the Middle East towards the oil and other supplies which Hitler must have to maintain his fighting machine.

Within the claws of this huge crushing-machine, if they could be closed, would lie the resources and military power which would mean victory for the Axis—Egypt, the Suez Canal, the Middle East, the vast Indian empire, and control of the Burma Road upon which China is dependent for war supplies. The idea seems on the grandiose side at first glance, but it's not so far-fetched as might appear and there can be no doubt that the Nazis and Japs are working towards that ultimate goal.

Hitler's efforts to maintain a hold on Libya have several strategic reasons back of them, but his chief purpose is to secure a base from which to strike again from the west at Egypt and the Suez Canal. This operations would be synchronized with a drive into the Middle East, thus creating a pincers movement on Egypt and the canal.

Hitler has been maneuvering to carry out that scheme ever since Italy came into the war and he made Libya available as a base. Now the entrance of Japan into the conflict gives a chance to expand the idea and put another claw on the pincers. Hitler may be expected to strike at Russia again in the spring, and one of his main objectives will be to break down into the Caucasus. If he can't achieve that readily, he may attempt to drive his way through Turkey into the Middle East.

Whether the Russians, and the Allies in the Middle East, will be able to hold the attack will depend mainly on the amount of equipment available to them.

Civil Service

Exams Announced

The United States Civil Service Commission has announced a number of examinations this week as shown below. The Subaltern is the only one requiring a written test. In others, applicants will be rated on their qualifications shown in their applications and upon verification. Training specialist, \$2,600 to \$5,600 a year, three optional fields: (1) General (diversified techniques); (2) general (motion-picture technique); (3) trade and industrial. Experience in organizing, developing, and administering programs for training paid employees, or persons for paid employment, in industry, business, or government, is required plus a 4-year college course, or 4 additional years of the experience. Applications may be submitted until further notice.

Radio operator, \$1,800 and \$1,620 a year. Ability to transmit and receive messages by radiotelegraph (International Morse Code) at a sustained speed of not less than 20 words a minute, either by hand or bug, is required. (For some positions applicants will not be considered unless they can operate the typewriter at 40 words a minute, touch system, or teletypewriter at 35 words a minute, and copy messages on the typewriter at 25 words a minute.) Applications may be submitted until further notice.

These examinations, the first two also in the field of communications, have been announced for duty in Washington, D. C. and vicinity only. Telegraph operator, \$1,800 a year. Two year's experience is required as operator on a government or commercial wire. Applicants must be fast and accurate, with either hand or bug, and able to transmit plain and cipher messages, and typewrite them at 35 words a minute. Closing date March 3, 1942.

Communications machine operator, \$1,620 a year. Six months' paid experience operating a page or tape teletypewriter, or similar communications device, 3 months of it in government or in commercial telegraph practice, must be shown; ability to type, touch system, at a sustained speed of 35 words a minute on a multiplex, simplex, or teletype machine. Closing date, March 3, 1942. Under graphotype operator, \$1,800 a year. Three months, or time equivalent, of paid experience, within the past five years, in operating a graphotype machine is required. Credit will be given for experience in proofreading and filing addressograph plates. Applications may be submitted until further notice.

(By The Associated Press)
Slaggered working hours to relieve traffic congestion in public transportation systems as a result of the rationings were studied by Texas' two largest cities today.

The traffic problem—increasing daily in nearly all Texas cities as workers who formerly took their cars are now riding the buses and street cars—has prompted Houston officials to consider staggered hours to relieve the morning and evening rush periods.

"Having a group of workers go to work just 15 minutes later or earlier than usual will help," Thomas E. Willier, Houston city traffic engineer said.

Even Houston schools may stagger their hours, it was indicated. Chairman C. J. Rutland of the Dallas citizens traffic commission suggested a staggered schedule beginning Feb. 9 when daylight savings time goes into effect. In Dallas 83,400 persons converge on the downtown district between 7:45 and 8:45 a. m.

Houston officials said traffic experts in the north and east have studied the staggered program and declare it will reduce congestion and increase safety.

In Wichita Falls, where bus patronage is up at least 10 per cent, three suburban areas have been granted transportation service. Manager L. L. Albritton of the Wichita Transit company reports.

Plainview reports a 10 per cent traffic gain, and a new bus line is being sought in a Sherman section where home building is on the increase.

Port Arthur has opened one new suburban bus line and reports Sunday highway traffic unusually heavy. Marshall, Ford Farrar, taxi operator, expects a big increase in business due to the construction work at the TNT plant in the county.

Longview reports more children riding to school by bus instead of automobile.

Other developments on the Texas warfront: Austin—Only four groups have requested hearings before the highway commission Jan. 29 for road improvements. These hearings have attracted fewer and fewer petitioners recently because nearly all highway funds are now earmarked for construction and improvement of roads in the military network. Scheduled to appear Jan. 29 are delegations from Panola, Rush, McLennan, Wichita, Clay and Carson counties.

Dallas—Invitations are being mailed by the FBI to 2,000 Texas law enforcement officers to attend a special war traffic school in Dallas the week of Feb. 16. Purpose of the course—to serve the northern part of Texas—will be to provide instruction on problems arising from the war.

Brownwood—Maj. Jesse E. Ryle of St. Jo, Texas, has been named prison officer at Camp Bowie, succeeding Maj. Ellen H. Moore of Bell, Calif. who went to the military police at Provost Marshall School, Arlington Cantonment, Va.

'Victory Suit On Market--Hooray!'

NEW YORK, Jan. 28 (AP)—A new men's streamlined suit, designed to save wool, eliminate your belt and thereby help win the war is due to hit the fashion market in 30 days, a survey of New York tailors indicated today.

The "Victory suit," approved by some of the industry's leaders and frowned on by others, is minus a vest, cuffs, pleats, belt or suspenders. You'll have to depend on buttons—similar to those on tight-fitting summer slacks—to keep your trousers up.

Such a suit, already approved by the government, was displayed prominently last week at a fashion clinic of the New York retail men's wear council, where it received a good hand. Whether or not it will sell, tailors agreed, depends on how the male will feel about going around without a vest or belt.

Two Fliers Killed

SAN ANTONIO, Jan. 28 (AP)—Second Lieut. Foster L. Walker, 24, of Stringtown, Okla., and Aviation Cadet James H. Cousins, 25, of Westumpka, Ala., were killed when their training plane crashed six miles southwest of Randolph field yesterday.

Randolph field authorities said the air corps instructor and the cadet were practicing landings and takeoffs in a three-plane formation at an auxiliary landing field when the crash occurred.

280 a year. Three months, or time equivalent, of paid experience, within the past five years, in operating a graphotype machine is required. Credit will be given for experience in proofreading and filing addressograph plates. Applications may be submitted until further notice.

The engineer announcement No. 173, upper grades and various branches of engineering, has been amended to include metallurgical engineering.

In seeking additional eligibles for field representative (apprenticeship) Announcement No. 170, the closing date for receipt of applications has been extended to February 16, 1942. All applications must be sent to the Washington office of the Civil Service Commission not later than the closing dates specified. Full information as to the requirements for these examinations, and application forms, may be obtained from Vaughn Darnell, Secretary of the Board of U. S. Civil Service Examiners, at the post office or customhouse in this city, or from the Secretary of the board of U. S. Civil Service Examiners, at any first- or second-class post office.

Incorporated in 1705, the town of Bath, N. C., is no larger now than when it received its charter.
