

MacArthur Braces Philippine Defense For Large Scale General Attack

WASHINGTON, Jan. 8 (AP)—The war department said today that the Philippines were bracing themselves for a large scale general attack by the Japanese invaders.

General Douglas MacArthur, Far East commander, personally directing the fighting men drawn together north and west of Manila bay, reported that morale and determination of the United States and Philippine troops

was high and declared they will "continue their resistance with skill and courage."

There was fighting of "varying intensity on all sections of the Luzon front, the war department said, but the lack of enemy bombing and aerial machine gunning recently indicated the Japanese probably were drawing up their strength for a vital blow.

The whereabouts and intentions of the United States Pacific fleet

apparently were causing renewed concern today in Tokyo.

There was evidence of the Axis' enemy's recourse to the Axis' guessing technique—the circulation of vague reports designed to elicit valuable information.

Both the Tokyo radio and a German-controlled station cooperated in broadcasting the initial feelers. Tokyo was heard reporting an engagement between the Japanese and American fleets in the western Pacific. The Nazi story, aired from a station in the Netherlands, held the Japanese attacking two U. S. battleships en route to Australia, and sinking one of them.

The navy department here declined comment on Tokyo's sea battle last night, and dismissed the Nazi report as something containing "not an iota of truth."

It was noted in passing here, however, that the reports hardly bore out the repeated Axis claims

that the Pacific fleet had been "crippled," "knocked out" and finally—as one Japanese source had it—"destroyed to pieces" by the Pearl Harbor attack.

The fog of war has shrouded most of the naval operations in the Pacific, but the concentration of a strong Japanese naval force at the southern tip of the Philippines recently was interpreted here as an indication that the enemy was preparing to launch major scale

operations against the East Indies. The Japanese attempts to obtain information about the U. S. fleet, some observers thought, might be motivated by the necessity of getting this campaign under way as soon as possible, but only after the high command assured itself that no immediate naval threat was developing elsewhere in the vast Pacific theatre.

The far flung character of Japanese land operations, it was pointed

out, makes heavy demands on the strength of the navy. The more units that are detached for missions in the South China sea, the more the fighting power of the main fleet is reduced. This main fleet is believed operating somewhere between the southern tip of Japan and Formosa, guarding lines of communication.

The stubborn defense of the Philippines has had the effect of tying up the Japanese naval units

supporting the invasion. Just as it has tied up a large number of troops which Japan could well use in the drive on Malaya.

General Douglas MacArthur's battle-weary troops still held their strong positions on the Bataan peninsula, northwest of Manila, despite fierce new enemy assaults yesterday, which had heavy air support.

THE PAMPA NEWS

GUARDIAN OF MANILA BAY
The forts that guard Manila Bay stand firm in face of heavy Japanese aerial onslaughts. The Port Mills barracks, on the northern end of Corregidor, is the longest in the world. In the background is the shore of Bataan peninsula, where General MacArthur's forces fight a last-ditch battle against the Japanese. A number of Pampa boys are stationed here.

Plainsmen Flock To Join Armed Forces

Tire-Rationing To Be Explained At Open Meeting

What Mr. Gray County will have to do to get a new tire or tube for his car will be explained at a public meeting to be held at 1:30 o'clock Saturday afternoon in the city commission room.

James B. Massa, chairman of the Gray county tire-rationing board, named Saturday by the county and city defense coordinator, has announced that all members of the board would be present at the gathering and would endeavor to answer all questions on the subject that may be asked.

The meeting is county-wide, open to everyone. Attendance of tire dealers is especially desired. Chairman Massa today asked that all tire dealers who have equipment and personnel available for tire inspection to call him in advance of the meeting. His business telephone number is 756.

Oath of office is to be administered today to the board, which consists of Mr. Massa, Harry V. Mathews, both of Pampa, and J. A. Ashby of McLean. County Judge Sherman White is to induct the board into office as federal agents. They serve without pay.

After the meeting Saturday, Mr. Massa said the board would be prepared to function following approval by the state administrator. Application blanks for tires and tubes will be on hand at the gathering Saturday.

Supplies Received

When, where, and how tires and tubes are to be distributed will be decided by the board between today and the mass meeting, and announced at that time.

Persons to whom certificates to purchase tires and tubes will be listed and their names posted at the board's office. Also, a list will be furnished to the press.

Wednesday, Chairman Massa received eight large manila envelopes, crammed with forms and instructions. Forms included the application for authority to purchase and the certificate to purchase new tires and tubes. The tire inspector's report is a part of the application blank.

British Fear Island May Become Only American Outpost

LONDON, Jan. 8 (AP)—Fear that the British Isles might become an American outpost was openly expressed today by two members of the house of commons in commenting on results of the Washington conference.

Laborite Richard Rapier Stokes said, "I hate to think of the military center of control shifting to Washington. It gives me a nasty feeling—I have had it for many months—indeed I might say for years—that we may find ourselves reduced to what I term occupying the position of America's Heligoland off the coast of Europe."

Edgar Louis Granville, Liberal, said: "We may have to choose between whether this island shall be a western outpost of totalitarian Europe or the eastern outpost of an American controlled civilization."

Have your car battery charged the Mercury Safety for cold morning starting. Call 488. Hampton's.

White Deer contributed three men to Uncle Sam's armed forces yesterday. However, only one of the men still lives in White Deer.

Johnny Wells, now of Pampa, joined the aviation cadets yesterday and will leave February 5 for Kelley Field. He has been connected with radio station KPDM here for more than a year. He is a graduate of White Deer High school where he was a football star. He has been taking the Civilian Pilot Training course here.

Enlisting in the marine corps yesterday were Philip W. Cain, White Deer school principal, and Devere Walker, former assistant coach at White Deer and now assistant coach of the Borger Bulldogs.

Also joining the marines yesterday were Bryce Green, former Pampa Harvester football star, and Jeff D. Yearwood, also of Pampa.

Sgt. Harvey M. Gist of the local recruiting office announced that Rex M. Shearer, son of Mrs. Anida Shearer, has been assigned to the air corps at Sheppard Field, Wichita Falls, and that Robert J. Cook of Sylacauga, Ala., has been sent to the ordnance department at San Antonio.

The navy yesterday enlisted James Edward Lister of Panhandle and Vernon D. Weaver and Everett H. Coym, both of Canadian.

The air cadet enlisting and examining unit will be in Pampa January 12, 14, and 16. Today the war department issued a call for all young men who have taken the CPT flying courses to enlist in the air corps.

Much Warmer Weather Due Here Tonight

You didn't need a thermometer this morning to tell it was cold in Pampa. The overnight low was 1 above zero.

For the first time in history, a booster tank on a Pampa fire truck was frozen. The truck was at the South Pampa station. Firemen were thawing the tank out at the main station this forenoon.

Another "first" was chalked up at the Western Supply company, where water pipes were frozen for the first time.

Pampa thermometers registered a wide variety of readings. At the intersection of Cuyler and Foster, one showed 10 degrees, one in the 100 block on N. Kingsmill 16 degrees, one in the 100 block on N. Cuyler 18 degrees, all at 10 a. m.

On W. Foster and N. Frost, there was more consistency in thermometers. At 9:30 a. m. each read 11 degrees, an hour later both registered 28 degrees.

A slashing wind from the south rolled along at 28 miles an hour to make the temperature seem much lower than it was, but it was cold enough to satisfy the most ardent winter fan.

The overnight low was 1 degree above zero at 9:30 last night. Wednesday's high was 10 above, minimum 2 above. Late this forenoon the temperature was 16 degrees, according to the U. S. Weather bureau station here on the edge of town.

The official temperature at 10:40 a. m. today, according to the U. S. Weather bureau, was 16 degrees. Location of the weather bureau, at the edge of town, makes the variation in its reading and that of the W. Foster and N. Frost thermometers.

The forecast for Pampa and vicinity, indicating a relief from the 10-day cold wave, considerable cloudiness this afternoon and tonight; much warmer.

WAR BULLETINS

LONDON, Jan. 8 (AP)—The Red army was reported reliably tonight to have poured powerful reserves of newly-trained troops into its westward drive south of Moscow which already has shoved the German half way back to Smolensk from the high mark of the Nazi invasion.

MOSCOW, Jan. 8 (AP)—The Russian armies "continued the offensive on several sectors of the front" throughout today, said a communique broadcast tonight by the Moscow radio.

U. S. Ballot Box Called World's Hope

SALT LAKE CITY, Jan. 8 (AP)—The hope of the world is in the ballot boxes of America, Clarence Buddington Kelland, author of a new book, "Our Second Duty," which he outlined as mandatory upon every citizen in time of war, said today.

Speaking at the 54th annual convention of the American National Livestock association, Kelland chose for his subject, "Our Second Duty," which he outlined as mandatory upon every citizen in time of war, said today.

"Our first duty," he declared, "is to make war, x x x to give whatever our country shall find it necessary to ask of us. Our first duty requires of us that we shall amend a beautiful sentence that has come down through the ages, to make it read:

"Greater love hath no man than this—that he shall lay down the life of his son for his country."

357 Students At Texas Join Armed Forces

War brings Texans ever-increasing problems to face, restrictions to be complied with, rumors to put down, work to do in helping defeat the Axis.

George Haddaway of the Civil Air Patrol warned private fliers they are being shot down if they make unlicensed and unauthorized flights.

Austin city police reported a 100 per cent increase in automobile tire thefts during first month of America's participation in the war.

University of Texas officials prepared records on 357 students who have withdrawn to join the armed forces. Many more withdrawals were expected at the end of the current semester late this month.

The university announced that incoming safety engineering courses, designed to train men for leadership in safety programs in connection with defense industries, would be offered beginning in the next two weeks at Wichita Falls and Orange. Thirty other courses ranging from aerial photography to electronics in radio will begin at the university and several Texas cities by Feb. 1.

Construction of temporary buildings began at Austin for a proposed \$12,000,000 magnesium plant, the capital's first major defense industry.

There will be no rationing of automobile batteries and spark plugs, the Dallas office for Emergency Management was informed by Leo Henderson, national director of the Division of Civilian Supply.

Rumors that such rationing would be instituted are being spread by several Texas cities.

A changed agricultural picture may be expected within the next six months because of the war, Victor Schoffeleers, farm editor of The Dallas News, said at the University of Oklahoma Public Affairs Institute.

Among these may be a call for increased cotton and corn production, he said.

Complaints that used tires and tubes are costing some Texas consumers more than the price fixed for new tires and tubes were received by the Dallas regional office of Emergency Management and referred to the Washington headquarters of the Office of Price Administration.

Robert W. Finkler of Dallas took the oath which admitted him to the Texas bar, but he won't have an opportunity to practice law right away. He is going to leave the Navy Recruiting station tomorrow for the Philadelphia Navy yard. He is a yeoman, second class.

A German alien applying to United States District Attorney Clyde O. Eastus for permission to travel said he was in the Hindenburg line in 1917. But as an indication of his present sentiment, he took a \$1,000 United States Defense Bond out of his pocket and showed it to Eastus. The German said he was forced to leave Germany because he belonged to a political party that opposed Hitler.

Myron Everts, president of the Dallas Retail Merchants association, announced that Texas Defense guardsmen would patrol the business district to prevent looting during the city's blackout Jan. 19.

Galveston blacked out instantaneously last night at the signal of air raid sirens and short-repeated blasts of whistles. The performance

Man Held For Theft Of Car And Burglary

Less than two hours after city police officers had been notified by C. B. Byrd that his car had been stolen, a man was in the city jail held not only in connection with the theft of the car but for the burglary of a cafe. He will be turned over to the county, Chief Ray Dudley said.

Mr. Byrd called police at 12:55 o'clock this morning that his car, which had been left for a couple of minutes in front of the Blue Bonnet, with the motor running, had been stolen. Officers started to patrol the streets and at 2:15 a. m. Officer J. E. Manning discovered the car parked at the rear of Six's Pig stand on South Cuyler street.

Officer Manning arrested a man in the cafe who said his name was J. J. "Red" Samples. He said a friend had loaned him the car. In the car were five cartons of cigarettes, several pounds of cheese, two bottles of milk, a box of crackers and several squares of butter. After being questioned at length, officers said the man admitted that he broke into the Tourist Cafe, owned by Q. E. Lowry, at 111 West Brown street. He also admitted that he had served two penitentiary sentences and that he had been out of the penitentiary less than three months after serving on a burglary charge. He said his home was at Bonham.

Officers are also investigating a burglary at the Pampa Creamery where six socket wrenches were stolen.

Watchman For Arms Program Proposed

WASHINGTON, Jan. 8 (AP)—A willing congress gave the right-of-way today to war appropriations, with the No. 1 item funds for the production of the 60,000 planes which President Roosevelt called for this year.

Official Washington had not the slightest doubt that the senate and house quickly—and almost unanimously—would approve all the President's military, naval and lease-lend requests, which total \$6 billion dollars for the next fiscal year.

But to guard against waste, Senator Truman (D-Mo.) proposed that the senate defense investigating committee be assigned the task of watchman over the gigantic armament program, with a \$100,000 budget to finance the job.

The man from the show-me state said he was confident that the 10-member committee, operating with

Gas Fumes Overcome Aitchison Family

A bird's nest in the ventilator pipe from a gas furnace nearly cost Mr. and Mrs. L. N. Aitchison their lives last night. They were taken to a hospital about 4 a. m. and revived when their lives were restored.

Mr. Aitchison woke about 4 o'clock and tried to crack a window. He collapsed but Mrs. Aitchison was able to open a window and call a physician.

It was the second time that the Aitchison's nearly lost their lives by asphyxiation. Last winter wind blew down the vent pipe and extinguished the fire.

Japs Attack British In Furious Malaya Battle

BANK ROBBER CAPTURED
J. L. Pinnick, 30, of Denver City, was arrested after a spending spree left him with \$936 of his share of the money.

Emperor Hirohito's invasion hordes were reported striking with peak fury down the Malaya peninsula today, attacking the British in a critical test of strength, and an unconfirmed Rome broadcast asserted that Japanese troops had captured Kuala Lumpur, 240 miles north of Singapore.

London military quarters acknowledged that British forces had executed a new withdrawal, but declared they were still about 60 miles north of Kuala Lumpur.

The German radio, quoting "last-minute" messages from Tokyo, said the Japanese had opened an all-out offensive aimed at Singapore, Britain's No. 1 defense stronghold in the Far East.

A British spokesman admitted that so far the British have lost 13 airmen during retreats in Malaya.

Coinciding with the Japanese land drive southward, Japanese warplanes were reported to have violently attacked military objectives in Dutch Sumatra, across the narrow Malacca Strait from Singapore, and raided the big Dutch East Indies naval base at Ambon for the second time in two days.

In the Philippine war theater, Gen. Douglas MacArthur's battle-worn troops were reported still fighting doggedly against Japanese land and air assaults as the invaders sought to crush the American-Filipino "last stand" forces on Bataan peninsula.

A War Department bulletin said Gen. MacArthur's troops, manning defense lines in the peninsula jungles, were now bracing themselves to meet a "large-scale general attack."

The bulletin said Gen. MacArthur, personally directing the heroic defense against overwhelming odds, reported that the determination and morale of both American and Filipino troops was high and declared: "They will continue their resistance with skill and courage."

Fighting of "varying intensity" raged along the narrow front, the War Department said, with Japanese reinforcements being brought up to the front.

Dispatches from Singapore declared that British troops were holding fast under the first impacts of the Japanese frontal assault toward Kuala Lumpur, capital of Selangor State, with the Japanese attempting to advance down the main north-south road from Ipoh, in Perak state, 120 miles north of Kuala Lumpur.

The British said Japan's fifth division, veterans of a dozen campaigns in China, was leading the offensives, supported by swarms of bombers and dive-bombers.

Once again—as in France, Greece and Crete—the British appeared to have lost air superiority and were being sorely punished from the skies.

The situation north of Kuala Lumpur was obscure, Singapore dispatches, however, said that British troops had launched a bold counter-offensive in the Kuala Selangor sector, 35 miles northwest of Kuala Lumpur, and were "beginning to deal with" the Japanese in the green-hill jungle and swamp wilderness between the Bernam and Selangor rivers.

By previous accounts, the Japanese were being pushed back.

Axis Forces Begin New African Flight

Adolf Hitler's battered North African armies have started a new retreat on the west-bound road to Tripoli, the British announced today, and British spearheads now are operating 600 miles from the starting-point of the drive into Libya.

A bulletin from British Middle East headquarters said the Axis forces, which failed to give battle at Agedabia, 90 miles south of Benghazi, were falling back under cover of a blinding sandstorm.

The communique said British mobile columns were in pursuit, slashing at the Axis flanks and rear.

More good news came from the Soviet battlefield, with Russia's armies officially reported to have advanced within 40 miles of the Vyazma-Bryansk line on which the Germans had been expected to attempt to dig in for the winter.

Soviet dispatches said Russian troops had driven wedges more than half way through Nazi defenses on the central front, ranging as deep as four and one-half miles, including three chevrons with the gold shoulder bar of a second lieutenant. The film star puts his signature on commission advancing him to officer's rank at Moffett Field, Calif., air corps training center as Lieut. E. L. Reid looks on.

BARS FOR STRIPES—EX-CORPORAL Jimmy Stewart is replacing three chevrons with the gold shoulder bar of a second lieutenant. The film star puts his signature on commission advancing him to officer's rank at Moffett Field, Calif., air corps training center as Lieut. E. L. Reid looks on.

CPT Graduates Called Upon To Join Air Forces

WASHINGTON, Jan. 8 (AP)—Thousands of young Americans who learned to fly in the Civilian Pilot Training program were called today to join up with the army or navy air forces.

Saying he acted at the request of the army and navy aviation services, Gen. Donald H. Connolly, administrator of civil aeronautics, wrote to every graduate of C. P. T. courses:

"Which service you enter is a matter of your choice. This request is merely that you act upon your pledge, given at the beginning of the C. P. T. course, to apply for air training in the armed forces, if and when needed. Both the army and navy air forces have given notice that more applicants are needed now."

Charles Stanton, deputy administrator of civil aeronautics, who will become acting administrator, Jan. 15 when General Connolly returns to active duty in the army, said he expected all C. P. T. graduates "to get into the armed forces as combat pilots or instructors, or in whatever capacity they may use them."

The C. P. T. program started in the fall of 1939 after a limited experimental trial the previous spring, has graduated approximately 60,000 pilots with 35 to 200 hours flying time. The number will be increased to 70,000 by next July 1.

Stanton said approximately 20,000 of these now are in the army and navy or awaiting call.

Another 8,000 are in civilian aviation, many of them flying instructors; 8,000 are in other industries, and 24,000 still are in college.

Recently C. P. T. graduates have comprised about 30 per cent of those entering army corps classes, and the number of "washouts" has been decidedly small, only about 7 out of 100 failing to complete the army's primary course. The percentage is much higher for pilots without benefit of previous C. P. T. training.

Aliens Must Turn Firearms, Radios Over To Police

Fire arms, cameras and short wave radio equipment belonging to enemy aliens residing in Pampa or in the Pampa vicinity must be turned over to the Pampa police department immediately, according to information received today by Chief of Police Ray Dudley.

All such equipment will be labeled and held for the duration of the war and owners will be issued receipts. Failure to comply will result in imprisonment.

Very few known enemy aliens live in Pampa or vicinity, so Japanese live here, Chief Dudley said.

Rainbow Girls Have Installation Of New Officers

Officers were elected and installed at the meeting of the Order of Rainbow for Girls held this week in the Masonic hall.

This group of new officers includes:

Mary Frances McMullen, worthy advisor; Wanda Roberts, worthy associate advisor; Peggy Murphy, charity; Clarice de Cordova, hope; Mary Alice Board, faith; Elsie Ruth Graham, recorder; Phyllis Ann Parker, treasurer.

Officers appointed by the worthy advisor and installed were:

Mary Jane Davis, drill leader; Frances Dean Crocker, chaplain; Nadine Mauldin, confidential observer; Naomi Snyder, outer observer; Eudell Hancock, pianist; Jimmie Nell Harbour, red; Marjorie Goble, orange; Ann Arwood, yellow; Phyllis Casey, green, and Virginia Symonds, violet.

Officers appointed for office who were not present for installation were:

Sara Frances Giddens, blue; Annie Mae Graham, indigo, and Patty Gossett, choir director.

The installation was conducted by Naomi Snyder, installing officer; Mrs. Edrie Colvin, grand marshal; Mrs. Katie Vincent, grand chaplain; Mrs. W. R. Frazee, grand recorder, and Mrs. W. L. Parker, grand organist.

New members of the advisory present for installation were: Mrs. Edrie Colvin, Mrs. Katie Vincent, Mrs. W. C. deCordova, Mrs. W. R. Frazee, Mrs. W. L. Parker, and Mr. and Mrs. Burl Graham.

Other Masons and Eastern Stars attending were: Mr. and Mrs. W. W. Hughes, Mrs. Ruth Casey, Miss Walden Frazee, and Henry Lewis.

Plans were made to have a box supper at the Legion hut Friday evening at 7:30 o'clock.

Preceding the regular meeting of the Rainbow Girls, the Rainbow Advisory board met in the home of Mr. and Mrs. Burl Graham, with Mrs. W. B. Murphy, chairman, presiding and Mrs. W. L. Parker acting as secretary. Other members attending were Mrs. Ora Wagoner, Mrs. W. R. Frazee, Mrs. Katie Vincent, Mrs. Edrie Colvin. New officers elected for the board for the ensuing year were Mrs. Burl Graham, chairman, and Mrs. W. R. Frazee.

P. E. O. Sisterhood Has Musical Program

Special To The NEWS
CANADIAN, Jan. 8—Mrs. E. H. Snyder was hostess to members of PEO Sisterhood this week.

This literary club donated 18 dollars in the recent Red Cross call.

Monday's program was musical. Mrs. Sidie Teas gave a brief biographical sketch of Victor Herbert and rendered one of his compositions at the piano.

Mrs. Nona Snyder gave a biographical sketch of John Phillip Sousa and played his record, "Stars and Stripes Forever." Mrs. Marie Carpenter gave a sketch of Ignace Paderewski and played his "Minute" on the piano.

Mrs. Oltie Studer told of life of Fritz Kreisler and played the record, "Old Refrain," by this composer. Mrs. John H. Jones is president of the PEO and Mrs. Frank Stonies is secretary.

Council Of Clubs To Have Special Meeting Friday

A called meeting of Council of Clubs will be held Friday morning at 9:30 o'clock in the city club rooms.

This meeting will replace the session postponed from January 1, the regular meeting day.

Mrs. O. R. Pumpfrey, president, has stated that it is important that all club presidents and representatives be present.

New President Of Kingsmill HD Club Presented

Kingsmill Home Demonstration club members met in the home of Mrs. C. F. Bastion this week with Mrs. O. G. Smith presiding over the session which was opened with prayer.

After roll call, Mrs. Smith presented Mrs. D. L. Lunsford, new president, who read "Members or Kickers."

The program was in charge of Mrs. Smith, who gave a report of the Home Demonstration Council meeting. She also announced that a first aid school will be conducted in the office of Mrs. Julia E. Kelley beginning February 19 and urged all members to attend.

Texas Food Standard was discussed after which Mrs. Chester Williams gave a talk on "Conserving Clothing" and explained how to wash and take care of various materials.

Refreshments were served to Meses. G. G. Frazier, Nat Lunsford, O. G. Smith, J. C. Payne, J. K. Combs, D. L. Lunsford, W. H. McBride, H. M. Proper, Chester Williams, and the hostess.

The Social Calendar

FRIDAY
LaRosa Sorority Buds will have a dance at 9 o'clock in the Schneider hotel.

Council of Clubs will have a called meeting at 9:30 o'clock in the city club rooms. All club presidents and representatives are asked to be present.

SATURDAY
Gray County Home Demonstration Council will have a reporters school at 2:30 o'clock in the office of Mrs. Julia E. Kelley.

Busy Dozen Sewing club will meet at 3 o'clock in the home of Mrs. Dale Pinson, 1021 East Broadway.

Westside Home Demonstration club will meet in the home of Mrs. E. N. Franklin.

SUNDAY
Sub. Deb. club members will attend church in a group.

MONDAY
Mother Singers group will meet at 4:15 o'clock in room 217 of Junior High school.

Portian Sisters, temple 41, will meet at 7:30 o'clock.

Woman's Society of Christian Service of First Methodist church will meet at 7:30 o'clock.

TUESDAY
Veterans of Foreign Wars auxiliary will meet at 7:30 o'clock in the Legion hall.

A weekly meeting of B. G. K. club will be held at 7:30 o'clock.

Business and Professional Women's club will have a business meeting at 7:30 o'clock in the city club rooms.

Mrs. J. C. Rieher will be hostess to Twentieth Century club.

Twentieth Century Forum will meet in the home of Mrs. Ed Danigan.

Mrs. T. A. Perkins will be hostess to Twentieth Century Culture club.

El Progresso club will meet in the home of Mrs. J. D. Hobar.

Mrs. J. R. Posey will be hostess to Varieties Study club.

A regular meeting of Civic Culture club will be held at 2:30 o'clock.

Miss Batten And Private Earl Bell Marry At Sayre

Announcement has been made of the marriage of Miss Betty Lou Batten, daughter of Mr. and Mrs. L. M. Batten of Cities Service plant, and Private Earl Bell, son of Mr. and Mrs. O. L. Bell, 705 East Fredrick street, which was solemnized December 25 at Sayre, Oklahoma.

The bride wore a navy blue frock with black accessories.

Attending the couple were Mr. and Mrs. Fred Sloan, Jr., of Pampa.

Immediately after the ceremony the couple left for San Antonio where they are at home at 106 Taylor street.

Mrs. Bell was graduated in 1941 from Pampa High school where she was a member of the pep squad. Before Christmas she attended Texas Christian university at Fort Worth.

Private Bell also was graduated in 1941 from Pampa High school where he was a member of the band for four years. He is stationed at Randolph Field near San Antonio.

Mrs. Earhart Named Honoree At Farewell Shower Recently

A handkerchief shower honoring Mrs. J. E. Earhart who is moving to Eunice, New Mexico, was given Tuesday in the home of Mrs. N. C. Jordan with members of the Coltejo Home Demonstration club as hostesses.

A quiz game was conducted by Mrs. Elean Harrell after which it was announced that the game of drop the handkerchief was to be played; the handkerchiefs were brought in and "dropped" in the honoree's lap.

Refreshments of cake and coffee were served to Meses. E. D. Ross, C. E. Barnes, M. P. Tibbets, Pinto Jordan, C. A. Hammer, C. A. Martin, M. E. Hurdin, Bill Gardner, Jake Leggit, H. C. Knaapp, Bernard Johnson, Clifton Osborn, Kenneth Irwin, Melvin L. Roberts, Elean Harrell, N. C. Jordan, and Miss Sybil Roberts.

Sending gifts were Meses. V. A. Holland, Lucille Earhart, E. H. Hughes, E. T. Cobb, J. J. Maxey, A. G. Roberts, V. O. Wood, C. H. Keetons, Alton Clark, L. R. Spence, J. H. Romines, and Hardin.

Feminine Frock

8104

Here is a style destined to make many a girl look prettier, a style which emphasizes the best features of your figure—a tiny waist, a full bosom, slim hips! Then it adds an abundance of feminine charm—in the pretty yoke—and pockets—to be edged with a sheer white chiffon, net, or lace ruffle. Side sashes, too, tie in back in a big, soft bow—another graceful detail which will make this your favorite frock for all "dress-up" occasions when you want to look your very best.

Pattern No. 8104 is in sizes 12 to 20. Size 14, short sleeves, with bias cut skirt takes 4 yards 35-inch material; 2 1/2 yards machine-made ruffling.

For this attractive pattern, send 15c in coin, your name, address, pattern number, and size, to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Styles for all ages and all sizes are shown in the Fashion Book, a preview of designs available in easy-to-sew patterns. Send for your copy today!

Pattern, 15c; Pattern Book, 15c; One Pattern and Pattern Book, ordered together, 25c.

O'Daniel May Make Prohibition Speech

WASHINGTON, Jan. 8 (AP)—The senate on Jan. 16, anniversary of the adoption of national prohibition, may find Senator O'Daniel (D-Tex.) fulfilling the role of his predecessor, the late Morris Sheppard, speaking for enactment of legislation against beverage alcohol.

by Senator Sheppard, prohibiting sale of alcoholic drinks on military or naval reservations. "The citizens of Texas sent me to the United States senate to represent them and to carry out the work which had been started by Senator Sheppard, who was so loved and esteemed by the people of our state," he told his colleagues.

Hudson River Pier Destroyed By Fire

NEW YORK, Jan. 8 (AP)—A five-alarm fire early today destroyed the Hudson river pier used by the New York Central railroad and the America South Africa steamship line.

Civil Service Needs Aircraft Workers

The U. S. Civil Service commission in cooperation with the army air corps is endeavoring to secure additional applications for employment in a civilian capacity in various aircraft positions. The need at this time is extremely urgent in the following positions:

Orleans at the Customhouse, and secure complete information with respect to qualifications required. Application blanks and necessary forms may be secured from the Secretary, Board of U. S. Civil Service Examiners at the Post Office.

Persons found qualified for these positions will be offered appointment in a civilian capacity under the jurisdiction of the Army Air Corps. The Air Corps needs civilian employees qualified to perform work in connection with the maintenance and repair of aircraft. This need cannot be underlined too heavily. The necessary workers must be found and must be found without delay.

MOTHER! Give YOUR child same expert care used when QUINTUPLETS CATCH COLD

At the first sign of a chest cold—the Dianne Quintuplets' throats and chests are rubbed with Muterole—a product made especially to promptly relieve DISTRESS of colds and resulting bronchial and croupy coughs.

Now Many Wear FALSE TEETH With More Comfort

FASTTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTTEETH on your plates. No stummy, gooey, pasty taste or feeling. Checks "plate" odor (denture breath). Get FASTTEETH at any drug store.

Men, Women Over 40 Don't Be Weak, Old

Feel Peppy, New, Years Younger

This Cream... Contains general body stimulants... often needed after 40—57... built from calcium phosphate and Vitamin B1. A 75-cent-old doctor writes: "It did me much for indigestion, lack of energy, blood over the face, and general weakness." Buy also Cretney's Toilet Tissue today for only 20¢. Start feeling peppy, younger, like you did!

Briefs

OPM Explains Order On Ban Of Car Sales

Already the office of production management in Washington is being asked such questions as the ones listed below on the OPM's order banning the sale of new automobiles and trucks.

Q. What are the "freezing" orders and what is their purpose?

A. There are three orders: one for passenger automobiles, one for light trucks, and one for medium and heavy trucks and truck trailers.

Q. Can a dealer now deliver an automobile which a person bought prior to January 1, paid for in full, but did not actually take delivery?

A. No.

Q. How can the purchaser in such a position get his money back?

A. That is a matter to be arranged between the parties.

Q. What about automobiles classified as "demonstrators"?

A. The order makes no exception. If the demonstrator is a 1942 model it is "frozen," regardless of how many miles it has been driven.

Q. What about vehicles other than 1942 models?

A. They are affected only if they have been driven less than 1,000 miles.

Q. May a dealer or distributor sell cars or trucks to another dealer or to another distributor?

A. Yes.

Q. How about the automobile manufacturer? May he sell to his dealers?

A. He may sell and deliver to another producer, to a dealer, or to a distributor, but he may not sell to a consumer.

Briton Points Out Power Of Japanese

LONDON, Jan. 8 (AP)—Major Clement R. Attlee, lord privy seal, speaking as Prime Minister Churchill's deputy, told the house of commons today that Britain did not have sufficient resources for complete preparation against the Japanese who, he declared, at present have the most powerful fleet in the Pacific.

House members cheered, however, when he summed up accounts after the first month of war in the Pacific even though they were given little new information about the war effort.

News of further steps to coordinate manpower and munitions of the united nations awaited the return of the prime minister from America.

In a broad summarization of the war Attlee told Commons: "The fact that the United States has entered the war on our side has determined the result of the war, but does not offset the advantages that accrue to Japan in the beginning."

He declared that even if Britain had increased her own production to the utmost she could not produce enough arms at present for the Far East to equal the strong military force of Japan.

Apparently in reply to criticism of the seeming inadequacy of British military preparations in the Far East, Attlee said the fact that Britain's Pacific positions were less strongly garrisoned and equipped than might have been wished was not due to lack of foresight.

Rather, he said, it was because it was beyond Britain's resources to be strong everywhere.

Flashes Of Life

Thief Sweet, Victim Hot HEMPSTEAD, N. Y.—Philip Levine, a baker, was pretty mad when he opened his warehouse and found that a thief had made off with 20 100-pound bags of sugar.

He ordered them to issue a batch of overcoats to newcomers at Fort Warren. They handed out every one in the supply room—including Sergeant Falagrad's.

What's In A Name? DENVER—Winston Churchill's joined the armed forces of the United States. The coast guard signed up the 19-year-old youth yesterday.

Business Can Wait INDEPENDENCE, Mo.—There was a slight delay in milk deliveries out this way. A patrolman stopped driver Charles Colovin, Jr., "there's a phone call from across the Pacific waiting for you."

A new Japanese airliner, the HT-3, has been designed to carry two pilots, eight passengers and 240 pounds of baggage. The craft's ability to operate in and out of short fields makes it ideal for use among the Japanese islands.

Eight Men Drown As Mine Sweeper Sinks

PORTSMOUTH, N. H., Jan. 8 (AP)—Army officials at Fort Constitution said today that eight men drowned in the Atlantic 20 miles off the Isle of Shoals early today when the 98-foot mine sweeper Arnold sank while being towed to port.

The names of the victims were not available immediately but they were believed to be civilians. The only survivor of the sinking was the Arnold's master, William H. Chastain of Waterford, Conn., who was pulled from the water after his boat went under.

The Arnold had been dispatched yesterday to the assistance of another mine planter, the L-88. With the aid of an army plane which flew over the area, the Arnold located the L-88 and started to tow her to shore.

Later a mine sweeper met the two smaller craft and began towing both of them. Suddenly, the Arnold sprang a leak while the three ships were being pounded by heavy seas.

HEAD-COLDS COUGH—BRONCHITIS SIPTOL

Bring you instant relief to a stuffed-up head and cough, throat irritation and hoarseness due to a cold. Siptol loosens the phlegm in the nasal and bronchial tract, and makes breathing easier and checks excess coughing.

Send Doctor AWAY . . . Drink MILK Each Day And Be Sure It's Northeast Dairy Pasteurized Milk

Don't let the snow and cold weather get you down! Start drinking your way to health! A quart of milk a day will get you through the toughest winter in the world with flying colors. It's not only healthful but tastes so refreshing! And when it comes to eggs, butter, cottage cheese and other dairy products, you can't beat Northeast Dairy.

Sherman Zoning Ordinance Held Void By Court

AUSTIN, Jan. 8 (AP)—By refusing to review the litigation, the supreme court today, in effect, upheld an appellate court judgment reversing a trial court ruling in favor of the city of Sherman in a zoning ordinance case.

The Civil Appeals court, on grounds the trial court had erred in instructing a verdict, ordered the district court to re-try the case of H. E. Barrington, who had sued the city for blocking his efforts to establish a new automobile repair garage.

Barrington had built an auto repair business at his residence before Sherman adopted a zoning ordinance. The city later refused him a permit to expand his business in the residence district and he parked cars on an adjoining lot, a move opposed by residents in the neighborhood.

The garage owner then acquired a lot in a manufacturing district for purposes of establishing his garage there but the residents petitioned the city to amend a zoning ordinance and change the status of Barrington's new property to a residence district. The city council complied and then refused him a permit to erect a building.

Barrington sued to have the zoning ordinance amended, declared the city and to require the city to issue the building permit. The trial court rendered an instructed verdict in favor of the city.

Confessions Made In Bank Robbery

FORT WORTH, Jan. 8 (AP)—On his way to Olton today is Jimmy Leroy Pennick, 20, who admitted that he helped rob a bank in Olton, Texas, bank of \$5,489 Monday.

Pennick is in custody of Sheriff S. Hutson of Lamb county, who lodged his prisoner in the Lubbock jail last night when icy roads prevented completion of the trip to Olton, where a charge may be filed against Pennick.

Pennick admitted to Assistant District Attorney Stanley Bransford that he participated in the robbery and named an accomplice, who was apprehended in Denver City, near the Texas-New Mexico border. The alleged accomplice is a 28-year-old oil field worker.

Tulsa Appointed Coordinator For Gasoline Section

WASHINGTON, Jan. 8 (AP)—Petroleum Coordinator Ickes today appointed D. E. Buchanan of Tulsa, Okla., as chief of the Natural Gas and Natural Gasoline section for district three of the petroleum office, in another step to increase the production of 100-octane aviation gasoline.

District three embraces Texas, Louisiana, Alabama, Mississippi and New Mexico, which were said to have almost 90 per cent of the nation's cycling plants producing basic ingredients of the high-octane aviation fuel.

Ickes said Buchanan, who is president of Hanlon-Buchanan, Inc., would make his headquarters at Houston and would proceed immediately to organize a staff.

Machine Guns Being Set Up In Berlin

LONDON, Jan. 8 (AP)—Swelling Red army offensives in both the Crimea and far northern Karelia were reported here today as accompaniments of a fresh thrust which recaptured Meshchovsk, deep in the German center, and other villages.

Meschchovsk lies 130 miles southwest of Moscow and only 40 miles short of the Vyasma-Bryansk line on which the invaders were expected to attempt to dig in for the winter.

Representing a 40-mile advance from Kaluga, it becomes the base of a Soviet spearhead at the southern tip of the Moscow region of offensive art.

Moreley Richards, military reporter of the Daily Express, meanwhile, wrote that machine gun posts were being set up at strategic points in Berlin and manned by Adolf Hitler's own SS (elite guard) troops as a precaution against a coup d'etat. He said the German people were now aware of "the breach between Hitler and the army command."

The Russian garrison of Sevastopol, long-besieged Black Sea naval base, was declared in a Tass broadcast to have taken the offensive against Axis forces diverted by sea landings at other major ports of the Crimea—Kerch, Feodosiya and Yevpatoriya.

Advances of from three to five miles were registered in one day's fighting, the Soviet news agency said, with Russian naval fliers backing up the ground troops.

"Units under Major General Petrov, the commander, are dealing heavy blows to the enemy," it said. "One inhabited locality has been occupied and several important heights have been captured."

The Soviet information bureau said five German companies had been wiped out and a vast quantity of arms captured in a continuing advance on the southwestern front Tuesday.

Tass said Russian legions on the capital front had driven wedges more than half way through German defenses as deep as four and a half miles, including a system of well-camouflaged dugouts heated by stoves and overlaid with six or seven tiers of logs.

Stockholm reports said the Russians were hurrying a battalion of troops and armored forces against the Finnish front in eastern Karelia in a battle already raging four days, evidently to render secure the Archa supply ports of Murmansk and Archangel.

Air Corps Needs Parachute Mechanics

The United States Civil Service commission announces open competitive examination for the position of Parachute Mechanic, \$9.04, \$8.56, \$8.08 a day. This examination is announced for filling vacancies in this position at the U. S. naval air station, Corpus Christi, Texas.

The examination is open to persons who have reached their 20th birthday but who have not yet passed their 62nd birthday. Applicants must have had not less than four years' progressive experience, which may include apprenticeship, as a parachute mechanic and/or aircraft fabric worker and/or fabric or canvas worker in a first-class shop; not less than three years of this experience must have been in aircraft fabric work or parachute work; ability to perform independently aircraft fabric work of average difficulty; good general knowledge of the standard practices, processes, and materials of the trade; and of the use and operation of the tools and machines of the trade; ability to work to close dimensions from sketches, blue-prints and written or oral instructions.

Applications may be filed with the Recorder, Labor Board, U. S. Naval Air Station, Corpus Christi, Texas, until further notice.

Additional information and application blanks may be obtained from the Secretary, Board of U. S. Civil Service examiners, Post Office, Pampa, Texas; or from the Recorder, Labor Board, U. S. Naval Air Station, Corpus Christi, Texas; or from the Manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, Louisiana.

A triangle of rubber, sewed under the corners of a rug, will make the covering slip proof.

NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache

Many suffer from nagging backache, which, once they discover the cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of getting the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passage with smearing and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, most successfully for millions for over 40 years. They give you the best of the 15 pills of kidney lutesh flush out poisonous waste from your blood. Get Doan's Pills.

AXIS TROOPS

(Continued From Page 1)

alans have recaptured and were apparently using as a main base in the Crimean counter-offensive.

The British radio-quoted reports that the Russians had landed at many new points, supported by Soviet warships, while a Moscow radio broadcast declared that the long-besieged Red garrison at Sevastopol had taken the offensive.

On the Moscow front, Russian troops were reported to have driven deep into the southern flank of the Nazi spearhead at Moshalsk, 57 miles west of the Soviet capital, after recapturing Meshchovsk, 40 miles southwest of Kaluga.

Dispatches from the Leningrad front told of fierce fighting around recaptured Tikhvin, 110 miles southeast of Leningrad. Russian forces there were reported in battle with Germans who had been routed from the approach to Tikhvin and Volkovo, 80 miles to the southwest.

Russians said the Germans had lost 12,000 men on one unidentified sector alone in December.

Finnish spokesmen denied last night persistent reports that Finland was ready to make a separate peace with Russia.

Following official Soviet charges of deliberate German brutality in occupied Russian and Polish territory, there was a BBC announcement of a meeting of representatives of all Allied powers to be held in London next week to catalogue German crimes throughout occupied Europe.

The Belgrade radio reported that new violent fighting had broken out between Axis troops and insurgents in Serbia.

King Carol of Rumania returned to the international scene by announcing from Mexico late yesterday his leadership of a free Rumanian movement.

MACARTHUR

(Continued From Page 1)

Japanese fliers, however, were not reserving their bombs and machine-gun bullets for strictly military objectives. MacArthur reported that the enemy warplanes had wantonly razed a number of defenseless towns which had no army installations or military value.

These attacks took place at various times during the invasion; the war department announced late yesterday. Among the towns mercilessly bombed were Baler, Santa Rosa, Calamba and Tarlac, all of which were completely razed. Many natives were killed in these attacks. During the last few days civilians in Arayat, Camiling, San Fernando and other towns were machine-gunned in the streets by low flying enemy planes.

"The Japanese," the department's communique said, "apparently deliberately chose Sundays and religious holidays for these attacks knowing that on such days a large number of civilians would be attending church or on the streets. The churches in the towns and villages were made the special objects of attack. Each church is an outstanding landmark and its distinctive character is readily apparent, hence the destruction of places of worship was obviously premeditated."

BRITISH

(Continued From Page 1)

ese thrust in the Kuala Selangor region was only an infiltration along the coastal footpaths, and the main battle line was still 25 miles to the north—60 miles above Kuala Lumpur.

Across the Malay peninsula on the east coast, a British spokesman said there was no word of any further Japanese advance from Kuantan, 190 miles north of Singapore.

The latest U. S. War Department advices indicated that Americans and Filipinos, hanging on grimly in their back-to-the-wall stand for a corner of Luzon island north and west of Manila, were repeatedly machine-gunned and pounded by the virtually unchallenged Japanese air force.

RAF bombers for the first time carried the fight to the Japanese in Bangkok, capital of Japanese-occupied Thailand. Domei acknowledged that three fires, started by incendiary bombs, took some hours to extinguish. The raiders took off from Burma.

Chungking claims to a smashing victory over attacking Japanese at Changsha, Hunan province, appeared at least partially confirmed by a Japanese admission that troops which entered Changsha were withdrawing. The Chinese asserted they had inflicted 5,000 more casualties on the invaders. They said the main fighting now had shifted to a point north of the Lantao river.

Doctor Wins Damage Suit

AUSTIN, Jan. 8 (AP)—The judgment of a lower court in dismissing a damage suit against Dr. W. B. Carrell of Dallas county, alleging a gauze sponge was left in a patient after an operation, was sustained yesterday by the supreme court.

The official opinion of the supreme court and the official proceedings spelled the defendant's name "Carroll," but original papers spelled it "Carrell."

Mr. and Mrs. W. B. Murphy and daughter, Mrs. Lyndell Cox, have returned from San Antonio where Mrs. Cox visited with her husband who is stationed at Fort Sam Houston.

Leon Noblitt, son of Mr. and Mrs. Emory Noblitt, has been recalled by the United States navy and is now stationed at New Orleans. Mr. Noblitt completed four years of service in the navy one year ago.

Mr. and Mrs. R. J. Hagan have returned after spending the New Year's holidays in New Orleans where they attended the Sugar Bowl football games. En route home they visited in Houston and Galveston.

Effect of the war on oil production, retail stores, and banking, were discussed respectively by Dan Gibson, Travis Lively, and DeLea Vickers, in speeches delivered at the Pampa Rotary club's regular weekly luncheon at noon Wednesday. Attendance totaled 24.

Two indictments, one for forgery on two counts, and for theft, were made by the 31st district court grand jury as it adjourned late yesterday afternoon. Returns on the indictments have not been made. The grand jury is to reconvene on Jan. 26.

Jimmie Wheeler is able to be out following a weeks illness.

One man, charged with being intoxicated, was fined in city police court today.

STUDENTS

(Continued From Page 1)

was pronounced a success by R. E. Smith, regional director of Civilian Defense of the eight corps area; Mayor Brantley Harris, director of civilian defense for the Galveston area, and Mayor Neal Pickett of Houston.

"It was even more successful than the first blackouts in England," said Thomas G. Rice, shipping man who experienced a number of blackouts in London.

The southwestern region Defense Planning Priorities office in Dallas said there was a need for additional new rental quarters in defense areas in Texas and surrounding states.

WATCHMAN

(Continued From Page 1)

Once that the bill is sent to the house for consideration, the committee will turn to budget estimates for the 45,000 tanks and 20,000 anti-aircraft guns recommended by the President for this year.

Other subcommittees started work weeks ago on regular annual supply bills for the treasury and post office departments and the score or more of independent agencies of the government.

Meanwhile, ways and means committee members studied President Roosevelt's budget message, with particular attention to his broad-based request for \$7,000,000,000 in new taxes to help finance the war and another \$2,000,000,000 in social security levies.

Obviously awed by the magnitude of the tax program, some lawmakers asked whether other new revenue sources such as individual and corporation incomes could be made to bear much stiffer taxes, and what new levies would prove practicable.

Yet they all agreed with Rep. Dougherty (D-N. C.) that "we will raise all the money we can, without, of course, turning the tree up by its roots."

Mr. Roosevelt, a consistent opponent of the sales tax as a permanent revenue source, declared in his budget message that "in the face of the present financial and economic situation, however, we may later be compelled to reconsider the temporary necessity of such measures."

Committeemen said that no one could foretell what the new tax program might contain—at least until after Secretary Morgenthau and other treasury officials, as well as special congressional tax statisticians, present tentative programs within a week or ten days.

American Ace Dies

In Cairo Hospital

CAIRO, Jan. 7 (delayed) (AP)—The death of Sidney Muihart, formerly of Lorain, Ohio, and Tucson, Ariz., as the result of a four-minute flight in a blazing plane, was disclosed today.

His death apparently resulted from heart failure caused by delayed shock, since earlier he had been reported out of danger in a Cairo military hospital.

Muihart's Hurricane burst into flames from a cannon shot in the gas tank during a fight with two Messerschmitt pilots last November. He managed to land the craft at Tobruk 20 miles away in spite of flames which licked at his face and hands.

Once during his war career Muihart had tea with the British royal family—King George VI, Queen Elizabeth, and Princess Elizabeth and Margaret Rose.

A turkey-like bird, with a 3-inch horn protruding from its forehead, has been discovered in the Bolivian jungles.

In normal times, New Zealand is one of the biggest importers of British-made automobiles.

Willie Hoppe To Defend His World Title

By EARL HILLIGAN
 CHICAGO, Jan. 8 (AP)—Billiards' boy-wonder 40 years ago and today a greater figure than ever in the game, Willie Hoppe tomorrow night will start after the answer to a question many fans—and Hoppe himself—were asking:

Will his game ever again hit the peak it attained the last two years? The 54-year-old Hoppe, whose wizardry with a cue carried him to his first billiards title 26 years ago, will defend his world three-cushion crown against nine other experts in a tournament to run through Jan. 23.

The field which will swing into action tomorrow is a good one, but the graying Hoppe appears to be in a class by himself. The fans aren't wagering on his chances of winning. They think he's a cinch. But they are wondering whether he'll match or even approach his great three-cushion performances of 1940 and 1941.

In 1940, against the greatest players of the world, he won all 20 of his matches—a feat which for years was considered impossible. Last February he came out of the hospital—after a severe pneumonia attack—to play 17 matches in 18 days and win 16 of them for another championship. In that two-year stretch he won 33 straight games.

"My game appears good," Hoppe said as he worked out today, "but you can't predict what your touch will be until you are under tournament fire. It looks like a tough field."

Coming back to challenge the New York titleholder will be Jake Schaefer, runner-up for two years; Welker Cochran, the San Francisco ace who handed Willie his only defeat a year ago; Ralph Greenleaf, 17 times world's pocket billiards champion; Joe Chamao, the Mexican star; Art Thurnblad of Chicago and Otto Reibel of Philadelphia, both former champions; and Earl Lookabaugh, Chicago; John Fitzpatrick, Los Angeles, and Art Rubin, New York. Each player will play nine games.

Harvesters Will Not Play Cage Game This Week

The Harvesters will not play a basketball game this week, Coach Oscar Hinger announced today. Instead, tomorrow night they will go to Amarillo to see the Sandies play Berger in a conference game. The Sandies are undefeated this season, and are co-favorites with Pampa to win the district championship. The Harvesters have lost four games and won eight.

The Harvesters schedule to date follows:

- Jan. 16, at Berger.
- Jan. 24, Dalhart at Pampa.
- Jan. 30, Plainview at Pampa.
- Jan. 31, Lubbock at Pampa.
- Feb. 6, Pampa at Plainview.
- Feb. 7, Pampa at Lubbock.
- Feb. 13, Berger at Pampa.
- Feb. 20, Pampa at Amarillo.

Arizona Quintets Beat Texas Tech And Hardin-Simmons

ALBUQUERQUE, N. M., Jan. 8 (AP)—Two Arizona quintets shared third place in the border conference cage standings today after handing Texas Tech and Hardin-Simmons university their first setbacks on a swing around the circuit.

Arizona State of Tempe knocked Tech into second place, handing the Red Raiders a 33 to 29 defeat at Tempe while Arizona university belted Hardin-Simmons 50 to 26 at Tucson last night.

It gave the winners a victory and a loss apiece, both having been beaten by West Texas State, the conference leader.

Tech's Raiders, who have won two and lost one, move on to Tucson to meet the Wildcats tonight while Hardin-Simmons engages the Bulldogs at Tempe. The Texas College of Mines, defending champion, takes on the New Mexico Aggies at El Paso.

West Texas State established an early and comfortable lead in the conference before the Christmas holidays, with victories over the Texas Miners, Arizona, Tempe and Arizona State at Flagstaff.

The Miners ended a pre-holiday road trip in fourth place, losing also to Texas Tech. They defeated Hardin-Simmons for a victory and two losses.

Argentina To Be A Non-Belligerent

BUENOS AIRES, Argentina, Jan. 8 (AP)—Enrique Ruiz Guinazu, Argentine foreign minister, indicated today that his country could not agree to military alliances or "measures of pro-belligerency" at the Rio de Janeiro conference of western hemisphere foreign ministers opening Jan. 15.

In an interview with La Nacion he said that continental solidarity "does not imply automatic actions and even less should it be confused with military alliances."

He pointed out that Argentina can not make any engagements of "pro-belligerency" without approval of her congress.

Tournament Winners Will Box At LeFors Tonight

THE CHAMPION'S FIRST SHOT

Overall Made 1,000 Points In Two Years At College

TYLER, Jan. 8 (AP)—Buck Overall is off on another scoring spurt and this time he hopes there'll be a basketball championship at the end of the trail.

Overall is the guy who pitched over 1,100 points through the hoop in two seasons yet never could bring his Tyler Junior college Apaches a title.

Buck is finishing up at the observatory college this year and probably will go to the University of Texas. Right now Overall indicates the Longhorns are running ahead of Rice and Texas A. & M. since he wants to study petroleum engineering while pitching a basketball around.

The lanky, 6-foot-2 forward probably had the top individual scoring record of the nation for two seasons. He poured in 550 points in 1940 and 562 in 1941.

And despite an injured ankle he's pounding the rim at a merry clip this season.

The Apaches have played only three games, beating the Mount Enterprise All-Stars 53-34 and the Stephen F. Austin college Reserves 50-25 and 40-28. Overall scored 46 of those points but he says by the time Texas Junior College conference play opens late this month he should be back in form.

Overall was on the Cushing high team that won 25 of 37 games and couldn't cop a title.

Last season Tyler college had

Talks On Ethics Heard By Rotary Club At Canadian

CANADIAN, Jan. 8—Members of the vocational committee were responsible for the program at the weekly luncheon of the local Rotary club Tuesday.

Tom Abraham, Maurice Hobdy and Aden Dameron, the committee, each discussed some phase of Rotary ethics.

A film provided by Rotary International and showing various forms of Rotary activities, was shown.

Mrs. J. M. Carpenter, Rotary club pianist, played for the group singing.

J. B. Briscoe, Amarillo, Boone Tyson, Canadian, and Ford Hamper, Perryton, were guests.

to be content with a tie for the conference championship with John Tarleton and Robert E. Lee of Gosse Creek.

This year Tyler college has all but one regular-back and Buck figures he finally will be on a championship outfit.

He's only 20 years old and Uncle Sam won't be calling him for awhile.

LEFORS, Dec. 8 (NS)—Coach Toby Waggoner of the LeFors boxing team will have another opportunity to look over his prospects tonight when the 14 winners from a previous tournament battle and several LeFors boys meet Amarillo boxers.

The bouts will be presented in the high school gymnasium beginning at 7:30 o'clock. Admission will be 10 and 25 cents with proceeds going to the Band Mothers club.

The bouts tonight will not eliminate the losers. They are just to let the coach look over his prospects.

Donald McLaughlin, Wayne Hughes, Bob Delver, and Jackie Jackson will meet Amarillo boys.

LeFors boys battling will include: Jack Carey vs. Isaac Doom; Don Rice vs. Leroy Farless; Noel Clemmons vs. Loyd Hughes; Doc Ogden vs. Fred Newsom; Charles Vandandingham vs. Allea Krouse; Billy Hill vs. W. L. Hughes; Floyd Stevens vs. Jackie London. Eugene Cooper and Bobby Dunn will battle boys to be selected.

Phillies Intend To Steal Lot Of Bases

PHILADELPHIA, Jan. 8 (AP)—If nothing else, the Phillies intend to steal a lot of bases in the National league this summer.

"We're planning it that way," declared 60-year-old John "Hans" Lobert in discussing the strategy for his first major league managerial assignment.

But he doesn't intend to try and bring "speed to legs that just haven't got it" when the club opens spring training on March 1.

"We know where the speed lies, and the old doctor himself will take over the chore of bringing it to the surface in training camp."

The "old doctor," of course, is Lobert, whose mark of 0:09 4-5 for 100 yards in full baseball regalia made at Cincinnati in 1908 still stands.

He has several fast men to start with, witness Danny Murtagh, who didn't come to with the club until mid-season last year but ended up with the National league leadership of 18 stolen bases. There's also Stan Benjamin, who swiped 15, and rookies Alben Glossop and Ron Northey.

"It is not the number of bases that count," Lobert counseled, "but when they are stolen. If the ball is dead next season, speed will count plenty. We can get a lot of runs that way—simply by getting runners in scoring position."

The manager and assistants Bill Killefer and Chuck Klein didn't talk about any set goal during a strategy conference, but it was whispered that they hope to field a team capable of stealing at least 100 bases.

Quebec produced turnips valued at \$3,153,000 in 1939.

BITS ABOUT BOWLING

Six's Pig Stand of Pampa won three and lost three games in the Berger Women's league Tuesday night. The Pampa women won two out of three games from Euse Turner Inc., but dropped two out of three to the same team in a second series. Mrs. Murphy rolled 635 pins to lead the pin toppers.

Rainey Approves New Rubber Process

WASHINGTON, Jan. 8 (AP)—President Homer Rainey of the University of Texas has given his support to the establishment of Texas factories to produce synthetic rubber from natural gas.

Dr. Rainey, here for a meeting of educators, told Texas congressmen yesterday of a new process developed by Dr. E. P. Schoch of the university for producing the rubber at a cost far below other synthetic methods.

If the day comes when engineers are able to extract every last ounce of energy from gasoline it will be possible to drive your car more than 1,000 miles on one gallon of fuel.

Skellytown Independents To Play Pampans Tonight

Boxing Coaches Asked To Meet Monday Night

Last night's cold and stormy weather kept representatives of a majority of teams in the North Plains School Boxing league from attending a meeting here last night. President Toby Waggoner has called another meeting for 7:30 o'clock Monday night in the new high school building here.

Present at last night's meeting were Supt. E. R. Reeves and Coach Toby Waggoner of LeFors, Coach Clinton Meek of Miami and Coach Oscar Hinger of Pampa. President Waggoner said that

Pampa's independent basketball team, composed of former Harvesters, will meet the Skellytown Independents tonight at 8 o'clock in the Junior high gymnasium in the first home game of the season. No admission will be charged to this game.

The Pampa starting quintet will be selected from the three Heiskell brothers, Orville, Claude, and Grover, Elmer Irving, Cletus Mitchell, and Duward Mitchell.

The local team lost its star forward last week when Albert Ayer enlisted. They also lost a reserve guard when Nevin Johnson moved

Childress and Memphis desire to enter the league.

Pampa will not be entered in the league unless another boxing coach can be appointed. Coach Hinger is now in charge of basketball and will not have time to coach boxing.

to Amarillo. Skellytown's lineup was not known here today but the visitors will be led by Gene McCollum, White Deer coach and one of the outstanding basketball players in the Panhandle. Several other former college stars will dot the Skellytown lineup.

The local boys plan to out-hustle and out-last their older but more experienced rivals. They meet out a Skellytown team by five points two weeks ago but the Skelly quintet has been strengthened.

Rice Defeats Texas 62-38

HOUSTON, Jan. 8 (AP)—Rice Institute's cagers submerged a hopeful University of Texas five 62 to 38 last night.

The Owls, leading by only four points at the intermission, charged back to make 36 points in the second half.

Les Croucher, Texas guard, sparked his team in a drive that came near overtaking the Rice lead near the end of the first half.

There often is no accompanying thunder in heat lightning.

Bill Tom Closs, the Owl star, was not in top form; he played with a heavily bandaged leg and failed to score a field goal until four minutes after the second half opened. But the Owls went blithely ahead, anyhow.

Sports Roundup

By HUGH FULLERTON, JR. (Wide World Sports Columnist)

NEW YORK, Jan. 8 (Wide World)—If it means anything to you, Joe Louis will be going after his 28th consecutive victory when he fights Buddy Baer tomorrow night—and he was after his 28th when Max Schmeling knocked him out.

On the other hand, the heavyweight title hasn't changed hands indoors since 1899, when Jeffries beat Fitzsimmons.

Joe would like to put on a title defense for the Army Relief fund, too, but he has to take care of some other business with the army first.

Mrs. Jack Dempsey didn't know about Jack's efforts to enlist until she heard of it on a news broadcast. Then she sent him a wire: "Whoever heard of Sergeant York?"

Paul Brown says he doesn't believe in winter football practice, so he won't hold any at Ohio State.

Lew Fonseca shot about 57,000 feet of film for the American league movie and used only four per cent of it.

Long, a tavern keeper. . . Now they're arguing whether or not Long got a bigger new year's headache than any of his customers.

Jim Lansing is the first New York boy to be elected Fordham football captain in 10 years, and the navy may get him before he can serve.

Quote, Unquote Joe Louis: "I ain't fightin' for nothing. I'm fightin' for my country."

Cleaning The Cuff Max Waxman, Jack Dempsey's manager, says that if the army takes the over-age destroyer it will cost him \$50,000 a year he gets for refereeing and personal appearances.

The small fry had quite a day in the East Bay High School Golf championship at Alameda, Calif. . . Bob Fry defeated Eddie Fry, his cousin, in the final over Uncle Earl Fry's Lake Chabot course.

Mark Fry, Jr., Bob's brother, was eliminated in the second round. . . Quarter-miler Jack Campbell worked as Fordham's water boy in the Sugar Bowl game, and says: "That was the toughest running job I ever had."

Deak Morse, this corner's most consistent contributor, writes: "Having no surplus of left-over golf balls, this addict is working out a process to reclaim the rubber in those bouncing checks I write with an eye towards having the para turned into pellets."

Continuation Of Dies Group Sought

WASHINGTON, Jan. 8 (AP)—Asserting there is "more necessity now than ever before" for close scrutiny of un-American activities, Representative Martin Dies (D-Tex.) said today he would ask congress to continue for another year the life of the committee created in 1938 to investigate such matters.

The committee, officially known as the special committee on un-American activities, will cease to exist on April 1 unless the house extends it as it has done from session to session in the past.

Dies is chairman of the seven-man group whose activities have made headline news frequently in the past.

But the Texan said that no further public hearings were likely during the period of the war, if the committee's life were extended.

"There is no telling what might happen to some of the witnesses if we heard them in public in times like these," he explained. "Some of them might even get mobbed."

Long, a tavern keeper. . . Now they're arguing whether or not Long got a bigger new year's headache than any of his customers.

Jim Lansing is the first New York boy to be elected Fordham football captain in 10 years, and the navy may get him before he can serve.
