Wavell Assumes Command Of All Southwestern Anti-Axis Operations

China Is Excluded From Supervision

Gen. Sir Archibald P. Wavell, one of Britain's outstanding military strategists, today (Sun.) took over allied command of all South-Western anti-Axis operations while American forces in the Philippines fought from Corregidor, the Gibraltar of Manila Bay, and from Bataan province to the north.

The 26 united nations, which have joined to fight the Axis, thus took their first concrete action in the eastern battlefield with the parcelling of commands.

The announcement from Washington said China is excluded from Wavell's supervision and all operations there and in Thailand and Indo-China will be under the supreme command of Generalissimo Chiang Kai-Shek aided by U. S. and British officers.

Reds Destroy Spaniards In Counter Drive

MOSCOW, Jan. 3.—The Russian high command tonight reported virtual destruction of a division of Spanish volunteers and continued advances in the great counter-offensive which is now hurling back the Germans from Moscow at a rate three times as fast as they had advanced.

In a supplement to its regular evening communique, the Red army announced that a prisoner from the Spanish Blue division had disclosed that more than 8,000 of its members had been killed.

At the same time the government newspaper Izvestia sounded the keynote of a new Russian determination to "force the Germans to retreat until Germany becomes a battlefield."

The high command also declared that Soviet warplanes yesterday "dispersed and partially annihilated" one Nazi infantry regiment and a platoon of cavalry, while destroying four armored cars, 309 trucks, four troop and supply-laden cars and five field guns and burning six railway trains.

A Red army unit in one sector of the front, the communique said, occupied "five populated places" within one day.

Woman Thinks Car Sales Frozen Due To Weather

LONGVIEW, Jan. 3.—The woman who called a dealer here to inquire about buying a new car was silent for a moment when he replied that sales were frozen. Then she said:

"Well, I declare, I didn't know it was that cold."

ISAW.... Pictures of George Davis, son of Mr. and Mrs. E. V. Davis, and Marvin Suttle, son of Hal Suttle, and they will appear in The Pampa News soon. Both are in the fighting at Manila. Relatives or friends of other boys who are stationed anywhere in the Pacific area are invited to bring those boys' pictures to The News as soon as possible for publication. Pictures of the boys in uniform are preferable, but if you do not have such, others will be accepted. Do not bring kodak pictures unless they are clear.

Carl F. Nolan

Pampa Youth On Duty In Iceland

Anxious to get into battle against the Japs, and hoping for the day when he can get out of muddy, cold Iceland, is Carl F. Nolan, 21, son of Mr. and Mrs. Carl H. Nolan of 311 N. Hobart, Pampa, and a nephew of Mrs. A. E. Monroe, 1001 Twiford.

These desires were expressed in a letter received here two weeks ago from young Nolan, who has been in the U. S. marine corps for two years. He is now with the 1st marine brigade in Iceland, where he has been stationed for eight months.

Ray Dudley New Chief Of Police

Pampa has a new chief of police. He is Ray Dudley, who succeeds J. B. Wilkinson, called to serve with the Federal Bureau of Investigation.

Mr. Wilkinson is enroute to Washington where he will attend a special school of instruction before being assigned to active duty with the FBI. Last spring he was selected to attend a special FBI school in Washington and as a result he is one of the first to be called to service.

Chief Dudley has been with the police force since July 6, 1939, serving as traffic officer. He has been a resident of Pampa for 12 years. He is married and has two children.

24-Cent Increase Due On Raw Sugar

WASHINGTON, Jan. 3.—Ceiling prices of raw sugar will be raised 24 cents to \$3.74 a hundred pounds on Monday, it was announced tonight.

This figure is in line with the terms under which the government is purchasing Cuba's 1942 crop of sugar and molasses.

Announcing the new ceiling, Leon Henderson, price administrator, said appropriate adjustments would be made in the maximum prices of refined and other "direct" consumption sugar on the basis of studies of refining costs and present stocks.

OPA officials said some slight increase in retail prices might be expected eventually, but that there should be none immediately.

Congratulations—Mr. and Mrs. L. C. Bailey Jr. are the parents of a son, born at 1:30 p. m. January 1. He weighed six pounds, 15 ounces, and was named Raymond Charles.

Mr. and Mrs. F. S. Webber, Route 2, Pampa, are the parents of a son born Friday morning. He weighed six and three-quarters pounds and was named Gary Michael.

24-hour service and storage. Hampton's, Phone 488.

Jones House Wins Lighting Contest Prize

Grand prize for the best decorated home in Pampa this Christmas season has been awarded to the Dr. Calvin Jones home at 215 Georgia avenue, Mrs. H. B. Landrum, chairman of the Garden club's home decoration lighting contest committee announced this morning.

In district one, which included all houses east of Cuyler or Mary Ellen streets and north of Foster street, winners are as follows: Group 1, displays featuring scenes or cut-outs of a religious nature—no award; Group two, displays featuring scenes in cut-outs other than those of a religious nature—the Howard Buckingham home, 1030 Mary Ellen; Group 3, displays using only lights or festoons to harmonize with the surroundings—the R. G. Allen home, 1025 Christine; Group 4, doorways, the Frank Culberson home, 1121 Christine.

Winners in district two, which included all houses west of Cuyler or Mary Ellen streets, east of Hobart street, and north of Foster street, are as follows: Group 1—Sam Houston school, 900 N. Frost; Group 2—the Newton P. Willis home, 818 N. Somerville; Group 3—the Glenn Pool home, 810 N. Gray; Group 4—the Crawford Atkinson home, 1112 N. Charles.

Only one award was made in district three, which included all houses south of Foster street and all houses west of Hobart street. The J. L. Harrison home at 636 S. Gray won first place in Group 1. The judges found no illuminated decorations in the other three groups on the night they covered this district.

Postal Receipts Reach New High

Pampa's 1941 postal receipts set a new high in the history of the local office. Postmaster C. H. Walker announced yesterday. Total receipts for last year were \$88,410.27, an increase of \$85,283.63 in 1940, or an increase of \$3,116.64.

Previous high for the local office was in 1940. Early last year Postmaster Walker predicted that it would be an uphill fight to equal the 1940 record. However, business during the last six months of 1941 put the total well over the top.

December receipts in 1941 showed an increase of \$630.08 over the previous year, which was a real accomplishment. Receipts last month were \$11,328.89, compared with \$10,698.81 for December of 1940.

All other postoffice departments enjoyed excellent gains in business, Postmaster Walker said.

Sale of defense bonds and stamps soared during December, a total of \$25,968.19 in bonds and \$5,366.25 in stamps being sold.

Massa Chairman Of Tire-Rationing Board

James B. Massa, Pampa, gas engineer, was appointed by County Judge Sherman White and Mayor Fred Thompson of Pampa yesterday to head Gray county's tire rationing board, set up under orders of the Office of Production Management, acting through Governor Coke Stevenson.

Other members of the board, named Saturday, are J. A. Ashby, McLean farmer, and Harry V. Mathews, Stanlind superintendent.

Duties of the board will be to administer Gray county's tire and tube quota. For this month the quota is 71 tires and 59 tubes for passenger cars, motorcycles, and light trucks; 13 tires and 110 tubes for trucks and buses.

The tire-rationing plan goes into nation-wide effect tomorrow. Exactly how the plan will be worked here has not been fully determined as no supplies, application blanks, or certificates have yet been received from the state office.

Judge White said at the initial meeting yesterday that as soon as the supplies are received, the board will start its work.

"I would suggest that no one apply to the board for tires or tubes until supplies have been received," the judge said.

Mr. Mathews countered this suggestion by remarking that the issuance of certificates should be handled as impersonally as possible; that persons desiring tires or tubes should call at the board's office and fill out the necessary forms.

He further suggested that it might be possible to arrange to issue the certificates on certain days and for the board to consider applications on certain days.

Substitutions Considered Members of the board indicated they desired to eliminate the need of a person "chasing" all over the county to secure a certificate to buy a tire or tube, and suggested that several locations in the county might be established in the setup.

There will be, in any case, an office in Pampa, Mayor Thompson told.

See RATIONING, Page 2

Duvall Alive Says War Department

Bobby Duvall, sailor on board the U. S. S. California, has been officially declared alive.

The war department has informed his parents, Mr. and Mrs. L. P. Duvall of Grapevine, Texas, that Robert was alive and well. Previously the war department had telegraphed them that he was dead, and he remained officially dead for two weeks. Then Bobby wired his mother that he was alive. On New Year's day, Mr. and Mrs. Duvall received a wire from the war department that he was alive, according to a card received by Mrs. L. G. Runyan of Pampa, close friend of the Duvall family.

Mrs. Duvall's card follows: "Well, just as the old year went and the new year came, we received our telegram from the government saying that Robert was alive and well. Sure a wonderful new year. I am so happy. That was awful what I went through, but so happy it turned out well. It could have been that way. Maybe now he will come through okay. I'll pray for that every day."

The nearest explanation for the war department's erroneous announcement of the deaths of various members of the armed forces is that many of those killed in action did not have an identification tags, and that recognition of the victims was difficult.

Jacob Leder Dies Of Heart Attack

Jacob Leder, 49, died unexpectedly of a heart attack in a local hospital late last night. He became ill at home, his parents, Mr. and Mrs. Leder, Wharton; two sisters, Mrs. Sam Fenberg, Amarillo, and Mrs. Morris Rauch, Houston; and three brothers, Frank of Pampa, and Max and Esie, both of Borger.

He moved to Pampa in July, coming from Borger where he was connected with the Diamond Shop here.

Survivors are the widow; three daughters, Alice, at home, Mrs. Maurice Taubman, Dallas, and Mrs. Irvin Lynn, Houston; a son, Archie, at home; his parents, Mr. and Mrs. Leder, Wharton; two sisters, Mrs. Sam Fenberg, Amarillo, and Mrs. Morris Rauch, Houston; and three brothers, Frank of Pampa, and Max and Esie, both of Borger.

The body will be sent to Houston by Duenkel-Carmichael Funeral home.

Bobby Leon Attaway Is First 1942 Baby

Bobby Leon Attaway was Gray county's first 1942 baby and he and his parents, Mr. and Mrs. E. W. Attaway, Newton Camp, and Dr. Frank Kelley will be showered with gifts from several Pampa merchants.

Bobby Leon was born at 1:29 a. m., on New Year's day. He weighed eight pounds, six ounces, and is the second child born to Mr. and Mrs. Attaway.

The first baby of the year will receive many articles of wearing apparel, toys, articles and other gifts while there'll also be gifts for mother and dad and the attending physician.

First 1941 baby was Richard Jere Foley, son of Mr. and Mrs. Hyriam S. Foley who was one year old at 7:45 a. m. Thursday.

New Houses Dominate '41 Building Here

New residences predominated in Pampa's 1941 building program, more than 75 per cent of all permits issued during the year being for new homes. Total permits issued from the office of the city building inspector last year amounted to \$412,100.

Last year's permits were under the 1940 total of \$688,376, but in that year permits were issued for the new high school building, for some city construction, and for other large structures.

The 1941 total was hiked last week when the Pampa School board took out a permit for \$40,000 being the difference between the \$296,000 permit taken out in 1940 and the final cost figure of the new high school building, completed in November.

Many houses for which permits have been issued are now under construction and other locations have been surveyed for residences for which permits have not been issued.

Pampa has no defense contracts to boost its building program in 1941, all building was steady growth of the city from natural resources and good business.

Texas presented an uneven picture in the valuation of building permits over the state in 1941. Defense and government projects sent figures soaring to record heights in some cities while in others heavy declines were reported.

Houston, the state's leader in building, lost about \$5,000,000 in permits compared with last year's total of \$24,253,888. At least \$3,000,000 more was lost when projects were abandoned or indefinitely delayed because of the priorities situation.

Big-scale projects on which work was started included a Masonic Home building, a church, and a 16-story hotel building.

While the total in the city proper dropped, the metropolitan area of Houston boomed as never before, with such gigantic works as the \$8,000,000 San Jacinto Ordnance depot, the \$16,000,000 Houston Shipbuilding corporation plant, and the \$17,000,000 Sheffield Steel corporation mill on the list of new projects.

Corpus Christi witnessed a great surge, the biggest in its history. The total of building permits issued were valued at more than \$12,000,000, a jump of approximately \$4,000,000 over the previous record year, 1940.

Corpus Christi, site of the navy's air training station, listed three defense housing centers totaling \$1,272,747 among its biggest projects. The only type of construction materially affected there by priorities

Serial Numerals Cut In Tire Theft Case

First tire theft case in Gray county in connection with the warning put out that motorists should make a record of the serial number, and brand of the tires was solved yesterday.

County Attorney Joe Gordon said two tires, reported stolen, had been recovered.

An odd feature of the case was that the alleged thief had noted the newspaper story on keeping a record of tire brands and serial numbers, had cut off the serial numbers from the tires, and painted the sidewalls over.

Sheriff Cal Rose said the tires recovered were two 6.00x17, 6-ply, heavy-duty tires, with tubes, removed from Boyd Mendon's pick-up truck at his filling station in McLean about two weeks ago.

A man, now being held in county jail on a charge of carrying a pistol, is being held also in alleged connection with the tire thefts, the sheriff said.

AXIS FOES SIGN PACT—The above reproduction is of the second paragraph of the victory pact signed at Washington by representatives of 26 countries who pledged their governments not to enter into a separate peace with any of the Axis powers.

AUSTIN, Jan. 3 (AP)—Texas mourned the death today of Mrs. Fay Wright Stevenson, wife of Governor Coke R. Stevenson, who will be buried with simple rites tomorrow at Junction, Hill county home of the couple who stood side by side through many years of public life.

Death came at 7:05 a. m. to the 45-year-old first lady, climaxing a long illness caused by cancer.

The body lay tonight in the executive mansion whose domestic and social life Mrs. Stevenson had directed since last August despite acute illness and frequent hospitalization for blood transfusions.

The family chose a Methodist church burial at 2 p. m. in the West Texas home town rather than a state funeral and friends suggested that flowers be omitted.

It was proposed that those intending to send flowers donate the money instead to the Red Cross or other charities in memory of Mrs. Stevenson, long active in civic welfare work.

However, numerous floral pieces supplemented hundreds of messages of condolence and sympathy.

At 8 a. m. tomorrow pall bearers will remove the casket for the journey to Junction where the governor and Mrs. Stevenson married on Christmas eve, 1912.

Officiating at the First Methodist church will be Rev. George McCrea, the pastor, assisted by Rev. Ennis B. Hill of San Antonio and Dr. Kenneth Pope of Austin.

Pall bearers will be E. A. Loeffler, Roy Borden, John Hankins, C. T. Heilamp, S. B. Bundy and Wilson Buxter, Junction neighbors.

Besides the governor, Mrs. Stevenson is survived by a son, Coke, Jr., of Junction; two grandchildren, Scottie Gayle, 8, and Linda Fay Stevenson, Junction, mother, Mrs. Beatrice Wright of Junction; two brothers, Howell Wright of Junction and Dr. Carleton Wright, of Dallas, and four sisters, Mrs. French Murphy of Naacogoches, Mrs. Creighton Secor of Hunt, Mrs. Grady Perry of Stephenville, Mrs. Pierce Hoggett of Kerrville.

Members of her family were present. See TEXAS MOURNS, Page 2

Pampa Visited By "Spitting" Snow

Snow flurries, a sharp wind, and a forecast of occasional light snow and continued cold warned Pampans today that old man winter was firmly entrenched in the Pampa weather picture for the present.

Last night there was a "spitting" snow, and temperatures that dropped from Saturday's maximum of 31 at noon down to 13 at midnight.

A livestock warning was issued for Northeast Texas last night (Saturday) and today by the Dallas weather bureau as a new cold wave headed for the area.

The Dallas area was due to get temperatures in the low 20's after a high of 33 yesterday.

Snow ranging from a half inch to an inch and a quarter were reported yesterday from Dallas, Kaufman, Sherman, Denison, and Hillsboro.

Anarillo had a low reading of 13 and a high of 28 yesterday. The range at Wichita Falls was 19 and 32, at Abilene 19 and 42, Austin 26 and 47, Brownsville 35 and 51, Corpus Christi 32 and 58, Del Rio 29 and 61, El Paso 33 and 46, Galveston 35 and 46, Houston 32 and 40, Laredo 33 and 67, Lubbock 21 and 46, Palestine 26 and 30 and San Antonio 31 and 60.

Rose, James First Of 1942 Candidates

Marking the start of political activity in Gray county for 1942, the first announcements of the new year were made here Saturday.

Two men have announced themselves as candidates in the forthcoming elections to be held in mid-summer. They are Sheriff Cal Rose and County Treasurer W. E. James.

The sheriff is a candidate for reelection for a third term in that office, while Mr. James is running for his second term as county treasurer.

I HEARD.... That the ice skating is fine on the McConnell lake on the Berger road, the Meers lake on the Clarendon road and at the city lake. There's going to be an open skating party on the McConnell lake this afternoon.

Texas Mourns Death Of Governor's Wife

Former Georgia Governor Faces Felony Charge

ATLANTA, Jan. 3 (AP)—Former Governor E. D. Rivers and 19 others, including a former national chief of the Ku Klux Klan, were indicted today on felony counts stemming from prolonged investigation of his four-year administration.

The wholesale indictments, most of them charging conspiracy to defraud the state, climaxed an inquiry financed in part by a \$10,000 state fund authorized by Governor Eugene Talmadge.

In the indictments, the Fulton county (Atlanta) jury charged 11 former state officials, and 9 individuals who had dealings with the state, with defrauding Georgia of \$201,368.

Rivers, present Democratic national committeeman from Georgia who left the governorship last January after two successive terms, was accused in one indictment of embezzling \$12,101.65, diverting it for his own use from a \$100,000 fund over which he alone had control.

In another indictment charging conspiracy to defraud the state the jury claimed that Rivers and four others made \$80,000 by purchasing \$501,459.83 worth of highway machinery for \$80,000 more than the true market value of the equipment.

In a third indictment, the jury charged the former governor conspired to defraud the state of \$15,000 by payment of excessive prices for lubricants.

Dr. Hiram W. Evans, former imperial wizard of the Ku Klux Klan, was indicted for "conniving" with a state official to obtain a contract to paint center lines on highways at an "excessive" cost of \$24,000.

Another conspiracy indictment accused Evans of making an excessive profit of approximately \$11,000 on a state printing job.

The former governor's son, E. D. Rivers, Jr. also was indicted on a charge of causing the state to pay an excessive profit of approximately \$1,500 on a printing job. He was chairman of the state industrial board in his father's administration.

See TEXAS MOURNS, Page 2

# Bierman To Report For Active Duty

NEW YORK, Jan. 3 (AP)—As the country as a whole moved nearer its full wartime stride today, sports figures from virtually all corners of the nation became members of its fighting forces.

Bernie Bierman, coach of the Minnesota football team, received instructions at New Orleans where he was helping tutor the members of the East all-star eleven, to report for a physical examination at Quantico, Va., on Jan. 15. He is a major in the marine reserve.

Pat Hanley, head coach at Boston University who holds a similar commission, also was instructed to report at the Virginia base on the same date.

Several days ago, L. M. (Biff) Jones was ordered to take a physical check up by the war department. Jones retired from the U. S. army with the rank of major five years ago to accept the head coaching job at the University of Nebraska.

Ted Williams, first major league hitter to surpass the 400 mark in recent years, informed the Boston Red Sox of the American baseball league he had been classified in 1-A and that he expected to take his physical examination shortly.

His announcement came the same day the world champion New York Yankees were informed that Johnny Sturum, their regular first baseman, had been placed in a similar classification and had been ordered to appear before the army medicals on Feb. 8.

Twenty-four hours earlier Hank Greenberg, the American league's most valuable player of 1940, told friends of his re-enlistment. Released from the army on Dec. 5 because he was over the 28-year age limit, the Tiger slugger returned to the olive drab with the statement "I am through with baseball—for the duration."

Steve Juzwik, halfback on Notre Dame's unbeaten eleven, joined the naval reserves today and Nathan Mann, good enough to meet Joe Louis, Tony Calento and Buddy Baer in the ring, spent his first day in the blue of the coast guard.

Approximately a dozen members of the triumphant Fordham football team return from the Sugar Bowl game Monday and face the possibility of immediate induction into the naval air corps. All entered before leaving for the game with Missouri.

# NEW HOUSES

Dallas total of almost \$14,000,000 was the north Texas city's peak year since 1926 and was reported its most prosperous year. There approximately \$4,000,000 in construction permits were issued, which represented a 60 per cent gain over 1940. Waco's largest project was a NYA Work Center, valued at \$1,371,000.

At Beaumont, permits were up almost \$1,000,000 over last year, and the hum of building was the loudest since 1930. Priorities were causing slight delay because of Beaumont's designation as a defense area, and the city's biggest projects were in the speculative home building field.

Austin fell \$2,000,000 below its 1940 peak of \$7,363,369. No major permits were issued there and priorities reportedly slowed residential building somewhat in recent months.

Fort Worth was up almost \$2,000,000 over last year's total of \$4,846,622, but San Antonio lost more than \$1,000,000.

Wichita Falls' defense works show its total up approximately \$1,000,000 to more than \$3,000,000. The projects included a \$650,000 federal housing program.

# Civilian Defense Program Hits Snag

## Civilian Defense Council To Meet Monday Night

A meeting of the Pampa Civilian Defense council, following up the registration of Pampa's adults for service in case of emergency, has been called for 7 o'clock tomorrow night in the city commission room.

Purpose of the meeting will be to further coordinate the work of the council, which is headed by Mayor Fred Thompson, appointed by Governor Coke Stevenson.

Meanwhile, the registration of Pampa civilians will continue throughout this afternoon, from 1 to 6 p. m. The registration, conducted by members of the Pampa Business & Professional Women's club started on December 29 and was to end last night, but due to the holidays, bad weather, and it being inventory time, it has been decided to extend the registration one day.

Registrars are especially desirous that clerks in stores, many of whom have been busily engaged the past week in taking inventory and therefore did not have time off to call at the BCD committee room at the city hall, will register at the BCD committee room this afternoon.

As many volunteer registrars as are needed from the club membership are asked to be on hand.

There will be 15 groups in the local defense setup. These will include air raid wardens, auxiliary police and firemen, bomb squad, fire watchers, medical corps, rescue squad, messengers, drivers, food and housing corps, and demolition and road repair crews.

The meeting called for tomorrow night was set at the initial meeting held on December 19.

Appointments of the heads of the various groups is expected to be included in the business of the meeting tomorrow night.

The council is composed of Beh White, fire chief, Dr. R. Malcolm Brown, health officer, Mrs. Bob McCoy, representing the Council of Clubs, Mrs. Glen Pool, defense council secretary, representing the Business & Professional Women's club, Mrs. Frank Culbertson, representing the Red Cross; the Rev. Newton Starnes, Ministerial Alliance; Frank Culbertson, American Legion; E. J. Kenney, Veterans of Foreign Wars; D. V. Burton, Pampa Improvement League.

# JONES HOUSE

25 cent denomination will be mailed at once to the winners. For the grand prize 50 stamps (\$12.50) will be given. Prizes within the three districts are as follows: Group 1—25 stamps (\$6.25); Group 2—25 stamps (\$6.25); and Group 4—20 stamps (\$5).

Winners are asked to keep their decorations illuminated tonight so that interested persons can drive by and see them.

The committee expressed disappointment that many people who decorated their homes failed to keep them lighted throughout the period specified in the rules—from 7 to 10:30 o'clock, Dec. 21 to Jan. 1, inclusive. It is known that in some cases in which awards were not made there were decorations that would have been eligible for the prize had they been lighted on the night the judges covered that district of the city.

Judging was based on the following score: General artistic effect—50; originality—20; ingenuity in utilizing surroundings—10; conformity to the spirit of Christmas—10; and size, including proportion—10.

Local persons rather than out-of-town judges were used this year so that they might have plenty of time to cover the city thoroughly, instead of trying to do it all in one night.

The committee expressed satisfaction with the large number of homes lighted this year and wishes to express its appreciation to all those who helped to beautify Pampa for the Christmas season.

# Cofer Funeral To Be Held Today

Funeral services for William C. Cofer, 39, will be conducted at 4 o'clock this afternoon in the chapel of the Dueneck-Carmichael Funeral home, 1315 W. Willow, Pampa, grandsons of the Skellytown Assembly of God church. Burial will be in Fairview cemetery here.

Mr. Cofer died at the family home northeast of Skellytown Friday morning following a brief illness. He had been a resident of the Panhandle for 13 years. He was born at Arlington. He was a pumper for Evans and Ward.

Survivors are the widow, four daughters, Irene and Johnnie Ruth, at home, and Mrs. Bernice Mills and Miss Erlene Cofer, both of Oklahoma City, two sons, Billie Wade and Donald Merle, both at home, three sisters, Mrs. Tilda Shelburne, Kellerville, Mrs. Della Reigler, Electra, and Mrs. Vennie Gilchrist, Oklahoma City, three brothers, Buster of Pampa, and T. C. and Archie both of Oklahoma City, and grandsons, Teddie Lee Mills.

Funeralbearers will be Charlie Austin, A. C. Carroll, John Allen, Roy Fisher, Gilbert Morris and Bill Harland.

# War in Southernmost Philippine Isle

WASHINGTON, Jan. 3 (AP)—A battle over a \$100,000,000 fund to ready the nation's municipalities against enemy air attack was shaped up in congress today with Fiorella La Guardia, civilian defense chief, as the issue.

House consideration of the appropriation may provide the first fireworks of the 77th congress' second session beginning Monday. A senate-approved version of the bill would leave expenditure of the fund up to the Office of Civilian Defense. But critics of Manhattan's mayor have demanded on the house floor that he be ousted from the defense post.

The \$100,000,000 allotment primarily for purchase of auxiliary fire fighting equipment and first aid supplies which would be needed in the event of an air attack, was whisked through the senate with little opposition. But an identical measure ran into a snag in the house military affairs committee which specified that the spending should be done by the war department.

Latest criticism of the New York mayor came yesterday from Rep. Martin J. Kennedy (D-NY) who declared La Guardia's administration of the defense job was a "disgrace" which led to a "national catastrophe."

La Guardia has replied to his critics with the assertion that "great preparations have been made although some defeatists, some people with old alliances seek to belittle the effort, seek to destroy confidence."

There also is the prospect of early bitter argument over price control legislation.

The Monday meeting of the two houses is expected to be perfunctory and actual work and debate held off until after President Roosevelt has delivered—probably on Tuesday and in person—his opening message to congress.

Indications are that congress will receive the President's budget recommendations on Wednesday. Mr. Roosevelt conferred with his fiscal advisers today. While the fiscal recommendations will not be known until the budget message goes to congress, recent indications from the President suggest a war fund of about \$50,000,000,000 in addition to a civilian outlay of roughly \$5,000,000,000.

# RATIONING

(Continued From Page 1)

the board he would see what could be done toward arranging for a place here.

Members of the board were appointed by the judge and the mayor acting in their offices as heads of county defense and municipal defense, respectively.

Members, Federal Agents

Each member of the county rationing board must take the oath of federal office and become a federal agent, without compensation. In Texas, any person who has taken an oath as an official in any political subdivision of the state or as a state officer, is ineligible to become a federal agent.

Also ineligible to serve on the board is anyone connected with the production, sale, or distribution of tires or tubes, or with the recapping or retreading of tires.

Membership on the board constitutes a patriotic service.

Distribution of tire certificates cannot start in any community until the board has qualified by taking the federal oath of office on standardized form and procurable at most postoffices, or from the state tire rationing officer, Capitol Station, Austin.

This information is contained in a letter addressed jointly to the county judge and mayor. Similar copies of the letter, sent out by the governor of Texas, were sent to county judges and mayors over the state.

Rules Listed

Some of the rules on tire rationing eligibility and tire rationing conditions have been issued by the office of emergency management from the division of information at 419 Fidelity building, Dallas.

First, the existing tires under the rationing plan that goes into effect Monday will be restricted to clearly defined "eligibles," and those users who qualify as eligible will have to meet rigid conditions before being ordered to purchase new tires, under orders issued by the priorities division.

The program for national tire rationing has been delegated to the office of price administration by priorities division orders, countersigned by President Roosevelt.

Administration of the program will be under state control, working through the local rationing boards designated and authorized by the governor and his state defense committee.

The number of new tires which may be sold in any state or county (or parish) will be limited by quotas established each month. Tire users on the "eligible" list will have to meet conditions and fill out applications, to be provided, before tires may be purchased.

Applicants then will have to have the approval of a tire inspector authorized by the local rationing board, who will certify that a new tire is necessary, and that the applicant's tire or tires which the applicant desires to replace are unsafe, cannot be replaced, reconditioned or re-treaded. After such inspection, the application will be subject to review by the local board to determine if the applicant comes within the eligible list.

Tire Rationing Eligibility List

No tire purchase certificates shall be issued unless the applicant is to mount tires on:

A. On a vehicle which is operated by a physician, surgeon, visiting nurse, or a veterinarian, and which is used principally for professional purposes.

B. On an ambulance.

C. On a vehicle used exclusively for one or more of the following purposes:

1. To maintain fire fighting services.
2. To maintain necessary public police services.
3. To enforce such laws as relate specifically to the protection of public health and safety.
4. To maintain garbage disposal and other sanitation services.
5. To maintain mail services.
6. On a vehicle with a capacity of ten or more passengers operated exclusively for one or more of the following purposes:
  1. Transportation of passengers as part of the services rendered to the public by a regular transportation system.
  2. Transportation of students and teachers to and from school.
  3. Transportation of employees to and from any industrial or mining establishment or construction project, except when public transportation facilities are available.

E. On a truck operated exclusively for one or more of the purposes stated in the preceding sections for one or more of the following purposes:

1. Transportation of ice and of fuel.
2. Transportation of material and equipment for the building and maintenance of public goods.
3. Transportation of material and equipment for the construction and maintenance of public utilities.
4. Transportation of material and equipment for the construction and maintenance of production facilities.
5. Transportation of material and equipment for the construction of defense housing facilities and military and naval establishments.
6. Transportation essential to re-roofing, plumbing, heating and electrical repair services.
7. Transportation of any common carrier.
8. Transportation of waste and scrap materials.
9. Transportation of raw materials, semi-manufactured goods and finished products, including farm products and food, provided that no certificate shall be issued for a new tire, casing or tube to be mounted on a truck used (a) for the transportation of commodities to the ultimate consumer for personal, family or household use, or (b) for transportation of material for construction and maintenance except to the extent specifically provided by subdivisions 2, 3, 4, 5 and 6 of this section.
10. On farm tractors or other farm implements, other than automobiles or trucks, for the operation of which rubber tires, casings or tubes are essential.
11. On industrial, mining and construction equipment, other than automobiles or trucks, for the operation of which rubber tires, casings or tubes are essential.

Tire Rationing Conditions

A certified eligible purchaser of new tires must meet the following conditions:

1. That the vehicle on which the new tire, casing or tube is to be mounted constitutes an "eligible" vehicle.
2. That the vehicle cannot be replaced by one owned, operated or subject to the control of the applicant, which is equipped with serviceable tires and tubes and which is not fully employed for a use specified in one or more of the listed eligible categories.
3. That the tire, casing or tube is to be mounted at once to replace a tire, casing or tube no longer serviceable.
4. That the tire, casing or tube, when added to all other tires, casings and tubes in the applicant's possession, whether mounted or mounted on a vehicle, and when that total is applied only to eligible vehicles, does not add up to more than one spare tire, casing or tube of a given size for each eligible vehicle.
5. That the existing tire, casing or tube cannot be recapped, retreaded or repaired for safe use at speeds which the applicant may reasonably be expected to operate, or that such recapping, retreading or repairing cannot be obtained without inordinate delay.
6. That the applicant agrees to trade in replaced tires, casings and tubes on new tires, casings and tubes purchased under this order, or to dispose of replaced tires, casings and tubes as may otherwise be directed by the office of price administration.

# San Francisco Has 44-Minute Blackout

SAN FRANCISCO, Jan. 3 (AP)—The roar of unidentified planes 80 miles west of the Golden Gate, picked up by an air raid listening post, gave the San Francisco fire district a 44-minute blackout tonight—its first in 1942.

The sound, later faded. When it was not heard again for 15 minutes, the all-clear signal was sounded.

It was San Francisco's first blackout since Friday, December 12, the bay district then was in darkness for more than two hours.

The army said the air raid alarm was sounded at 6:45 p. m. The all-clear came at 7:32 p. m., 44 minutes later.

"Two definite sound tracks from about 80 miles at sea were traced into the filter station here, and that was the reason for the alarm," the army said.

The sound of the planes came from two directions, and then veered away. When it was not heard for 15 minutes, the all-clear signal was given.

# Four Army Fliers Die In 2 Crashes

FORT KNOX, Ky., Jan. 3 (AP)—Four army fliers were injured fatally today in two separate airplane crashes here.

First Lieut. Robert W. Harner of Newton, Miss., died tonight from injuries suffered in a crash several hours earlier. Second Lieut. Roy L. Drew of Rothschild, Wis., was killed outright in the same accident.

A few minutes later First Lieut. A. J. Hogan of Ruston, La., and Second Lieut. Wilbur Camp, Jr., of Lafayette, La., were killed in another crash.

Southern Philippine battleground is the mystery island of Mindanao, world hemp capital, where Japs attacked Davao, the chain's biggest Nipponese colony. Much of Mindanao is unexplored mountains and jungles.

# Mainly About People

Mr. and Mrs. W. T. Hudgens have returned from St. Louis, Missouri, after spending the holidays with their son and daughter, Billie T. and Emadean Hudgens.

For Sale: Slightly used studio divan, 853 Kingsmill.

Mr. and Mrs. Morris Goldstein returned Friday from Wichita Falls where they attended a manager's meeting.

Mr. and Mrs. Elsie Whitley and son, Jimmy, have returned from a holiday visit with their parents, the Rev. and Mrs. H. R. Whitley and Mr. and Mrs. I. V. Marrs.

Miss Maxine Holt will leave today for Texas State College for Women at Denton after spending the holidays in Pampa with her parents, Mr. and Mrs. Roy Holt, who will accompany her to Denton. Miss Holt, a graduate of the local high school, is majoring in music.

Sergeant Bryce Milligan of the marine corps at Okla. City has been visiting here with his parents, Mr. and Mrs. Charles Milligan, and other relatives and friends. Sergeant Milligan was recently transferred to the recruiting service in Okla. City from the marine base at San Diego.

Mrs. Howard Neath has as her guest her niece, Miss Tommie Walker, of Dallas.

Claude Lard Jr., of Pampa and Don Campbell of Dallas saw the Cotton Bowl game in Dallas Thursday, following the visit of Don and Wayne Thomas of Kirklind here during the holidays. Claude and Don are room-mates at Texas A. & M. college, College Station.

Returning today to West Texas State college, Canyon, after a visit here with relatives and friends during the holidays, are Anna Belle Lard and Meribelle Hazard.

# California Workers Pray For Victory

LOS ANGELES, Jan. 3 (AP)—Sixteen figures knelt and 16 heads were bowed as the clear firm tones of the leader spoke.

"Almighty God, our Father, grant us the strength and skill to make these tools with which our country's fighting planes are built. Keep these planes flying in increasing number. Grant that they will bring victory over the enemies of democracy. Amen."

Slowly the heads were raised and the leader, in calm, low tones, concluded the services. His listeners, typical American workmen in a typical American workshop, turned to their work benches.

"No," smiled the leader, turning to an interviewer, "this is not unusual. We have this service every morning."

The speaker was John A. Wright, manager of the Severance Tool company branch in Los Angeles with a staff of 15 young men who make precision tools vitally necessary in, among other things, airplane construction.

Attendance is not compulsory, and the service is on company time.

American motorists use 1,500,000,000 gallons of gasoline monthly in January, February, March, and April, and more than 2,000,000,000 monthly during May, June, July, August, and September.

# TEXAS MOURNS

(Continued From Page 1)

ent at her death as were relatives of the governor, including his mother, Mrs. Virginia Stevenson.

Mrs. Stevenson, constant helpmate in the full sense of the word to her husband's progress in public life, lived to see him realize his fondest political ambition—the governorship.

From the days he began his public service as county attorney for Kimble county and on through his career which included speakership of the House of Representatives and the lieutenant-governorship, she was known as one of the most gracious and charming women in the state's public circles.

Her portrait hangs in the Senate chamber, one of many tributes to the fondness in which she was held by associates and friends.

The Governor had always attributed a large share of his success to her.

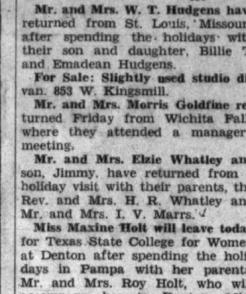

Born at Willow City, Gillespie county, in 1896, Mrs. Stevenson moved with her parents to Kerrville and later to Junction.

She was graduated from high school in 1912 and rejected a college education for marriage to Stevenson who was then a bank cashier studying in spare time for the law profession.

He took his bride to a house he had built with his own hands after regular working hours out of salvaged lumber.

# Metal Saver

California will provide more metal for national defense by using old automobile license tags with "economy strip license," shown above by Emma McGuigan of San Francisco. Strips slip over old date.

# Roger W. Babson's Thumbnail View For This Year

1. Total Business: Defense production will be up sharply; non-defense down sharply; average below 1941.
2. Employment: The above also applies to employment and to wages.
3. Farm Income will be up 10-20 per cent in 1942 over 1941.
4. Dividends and Business Earnings have passed their peaks.
5. Labor: There will be far fewer strikes in 1942.
6. Commodity Prices will strengthen somewhat, especially the prices of imported goods.
7. Taxes will be severely felt, especially by the white-collar group who can expect no pay increases.
8. Retail Trade will be a little off in 1942 compared with 1941.
9. High-grade stocks should decline, but good stocks should sell higher.
10. Creeping inflation will continue through 1942.

# Nazi Retreat Reminder Of Napoleon's 1812 Reverses

By CARL C. CRANNER

NEW YORK, Jan. 3 (AP)—The next three months of the bitter-cold Russian steppes and hot Libyan sands may prove decisive in the outcome of the war by giving Britain an opportunity to spring a sudden offensive in the west at the back of the German army already reeling from defeat to defeat in the east.

The magnificent army which Adolf Hitler turned on the Russians June 22 in full confidence of another easy victory is in retreat along the 2,000-mile eastern battle front. In Africa, an elite mechanized force is fighting to escape a British trap. Wrapped in the tatters of shawls, coats and quilts confiscated from Russians and even from the backs of its own non-combatant men and women, the Nazi army is staggering under the combined impact of a winter for which it was not prepared, and hard blows of an amazingly resilient Red army, and perhaps the disillusioning realization that it is not invincible after all.

Not since the retreat of Napoleon from Moscow in 1812, has there been so dramatic a reverse. Whether it becomes a disaster fatal to Hitler's dreams probably will be determined in the next three months, when the winter really becomes severe on the Russian plains; when 40 below zero temperatures froze men in their tracks.

## James In Race For County Treasurer

W. E. James today announced that he would be a candidate for re-election to the office of county treasurer of Gray county.

Mr. James stated that he had endeavored to perform the duties of the office in a creditable manner and that experience gained in the office would enable him to render even better service in the future. He will try to see all of the voters in the county prior to election.

(POLITICAL ADVERTISEMENT)

the Russians and the British are alive to this.

Observers in London confidently forecast that the British would time a sudden, vigorous offensive in western Europe as the Germans are attempting to renew their offensive against the Russians in the spring.

British strategy, which probably will be closely integrated with Soviet operations, will be greatly affected by the outcome of the winter operations not only in Russia but in Africa as well.

The Russian radio has declared that it is of greatest importance not to give the Germans a breathing space now, and predicted a decisive defeat of the Nazis by the Red army this year.

Zvestia, the government organ, which previously has talked only of driving the Germans out of Russia, suddenly raised its sights and declared:

"We must force the Germans to retreat until Germany becomes the battlefield."

That the Germans actually realize there may be some such possibility is indicated by unverified reports by way of Stockholm, that the Germans are building a line of fortifications in Poland.

These once were started along the border between German-occupied Poland during the period of German-Russian "cooperation." Presumably work was stopped on them when the Germans drove deep into Russia.

Another line of fortifications was reported from Stockholm to be under way along the old Polish-Russian frontier.

The Germans, who have driven from 500 to 700 miles into Russian territory, have been driven back about 50 miles in the south since Nov. 28 when the Russians started their counter-offensive with the recapture of Rostov.

Since the start of the counter-offensive around Moscow on Dec. 6—the day before the Japanese attack on Pearl Harbor—they have been driven back about 150 miles in the Kaluga, Orel and Tula sectors south of the capital, and about 60 miles in the Kalinin sector north of Moscow. They have surrendered close to 90 miles in the Tikhvin sector south of Leningrad.

In itself this mileage is not so impressive, because much of it represented salients broken off by the Russians, or, as the Germans explain, contracted in a straightening of the lines for winter warfare.

However, the Germans have been driven back from the advantageous positions not only at Rostov but at Kerch in the Crimea, where they also threatened the Caucasus.

London observers, in speaking of the possible British front on the continent in the spring, said the point of invasion must have four characteristics:

1. There must be a friendly civilian population to engage in sabotage and guerrilla fighting.

2. It must be suitable for combined

## O. K. K. T.

This revealing picture gives away no military information, and so this newspaper presents Miss K. T. Stevens of the Broadway show "The Land Is Bright" just for the fun of it.

ed naval and air operations supporting the ground forces.

3. It must be near England in order to economize on shipping and naval power.

4. The enemy must have limited transport facilities.

The Norwegian coast, where the British commandos recently landed at one point and stayed for three days, possesses all these characteristics.

Russian recapture of the Crimea would facilitate such a venture, for it would release British forces now in Iran and India in event of a German thrust into the Caucasus.

Wiping out of the armored forces of General Erwin Rommel would ease the heavy demands of the Libyan offensive on British naval forces and shipping.

More than 8,000 different pieces of metal go into a single large airplane engine—all of them shaped and sized by metal-cutting tools.

Funds for 104 new American airports are included in a congressional appropriation for the U. S. Department of Commerce.

## Enlisted Men Of National Guard Called To Duty

Notice was given to the Gray County Selective Service board Saturday that all enlisted men of the national guard, except those released because of dependency, are recalled to active duty.

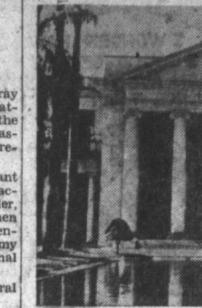

This notice, given by Adjutant General J. Watt Page, was in accord with a war department order, and included recall of enlisted men of all components, including the enlisted reserve corps, regular army reserve, as well as the national guard.

Explaining the notice, General Page said:

"Each enlisted man, on volunteering for recall to active duty, will be required to sign a certificate that he is voluntarily consenting to his call or order to active federal service, and married men will be required further to certify that their families will be able to support themselves during their period of active service."

"Where practicable men will be assigned to their former units or installations in grade, if the units or installations are still in the continental United States, or in the same arm of the service in grade in which they were serving when last released

## Where Americans Meet

from active duty, and will be absorbed as vacancies occur or by standard allotments.

"Enlisted men volunteering for recall to active duty must present themselves to an army recruiting officer in the same manner as an applicant for enlistment."

General Page stated that approximately 1,500 men who have heretofore been released from the Texas

## Ice-Sheathed Roads Claim Five Lives

(By The Associated Press)

Hazardous ice-sheathed highways Saturday contributed heavily to the toll of violent deaths, injuries, and property damage in Texas, accentuated during New Year's week by weather extremes.

The total for the day was eight, including five killed in traffic accidents, and three dead by fire.

Charles Kolenovsky, 28, was killed when thrown from a skidding car at West, in central Texas, and Virgil Cagle, 30, of Mineola, died of injuries suffered near Itasca when the automobile in which he was riding smashed into a bridge abutment.

Central Texas roads were covered with slick which froze hard in 23-degree weather, and there were numerous minor crashes.

Near San Antonio, Nathan Simon, 64, of Corpus Christi, and H. O. Green of San Antonio were trapped in the blazing cab of a truck which rammed into a bridge following a collision. Both died.

Miss Marian Louise Hill, 17, of San Antonio, was killed downtown in New Braunfels when the automobile in which she was riding struck a curb and three posts.

Seven persons were injured in the San Antonio area, one of them critically.

Icy pavement was blamed by officers for a collision on the Guadalupe river bridge at New Braunfels

## Skellytown Boy Recovering From Skull Fracture

(Special To The NEWS)

SKELLYTOWN, Jan. 3 —Ralph Curlee, younger son of Mrs. L. C. Ruth of Skellytown, was injured Sunday night by a fall while playing with some children at the home of Ira Noble near Skellytown. He was rushed to a doctor in White Deer who pronounced it a skull fracture. He was unconscious seven hours. Ralph is convalescing at his home in Skellytown.

In which six persons were injured. V. F. Baker, 63, of Dallas, was in a critical condition with a fractured pelvis as a result of the crash.

A negro mother and two children died in a fire at their home 10 miles south of Houston.

There are more automobiles in the city of New York alone than in most foreign countries.

# 648 Wells Completed In Panhandle Field In 1941

The year 1941 was one of the most active in recent years for the Panhandle oil field. A total of 648 new oil and gas wells were completed during the year.

New locations staked during 1941 reached the staggering total of 981. Nearly 100 wells are now drilling ahead but it is doubtful if many of the remaining "paper" locations will become drilling locations because of the new federal regulations. On paper in the office of the Texas Railroad commission the wells can be drilled but unless material is made available they cannot be spudded.

Operators in the Panhandle are waiting for clarification of the federal order. They feel that the 40-acre spacing rule cannot possibly be meant for old fields, such as the Panhandle, where few 40-acre tracts are still undrilled.

Ollie Herman of Amarillo, president of the Panhandle Producers and Royalty Owners association, Ray Johnson, association attorney, and Harry Stekol of Dallas, independent operator with large holdings in the Panhandle field, were to leave Sunday for Washington where they planned to attend a price hearing and also contact Petroleum Co-ordinator Harold Ickes. The association representatives will ask Price Administrator Leon Henderson for an increase in the price of Panhandle crude oil which is 10 cents per barrel under other Mid-Continent fields. Last week Humble Oil and Refining company posted a three-cent increase for Panhandle oil but Henderson refused to allow the hike to stand. Yet several West Texas pools received a hike of four cents per barrel.

A total of 13 new wells were tested and given open flow potentials during the Christmas week although the Pampa office of the railroad commission was working with a skeleton crew. New oil totaled 2,133 barrels.

Hoping that drilling may be continued, Panhandle operators filed 16 new locations last week. Twelve of the new locations were in Hutchinson county, three in Gray county and one in Wheeler county. Danube Oil company announced plans for six new wells on their Sanford lease in Hutchinson county.

Completions by counties follow:  
In Carson County  
Gulf Oil Corp., No. 13 B. F. Block, section 111, block 4, I&GN survey, tested 104 barrels.  
Skelly Oil Co., No. 142 Schafer ranch, section 197, block 3, I&GN survey, gauged 102 barrels.

In Gray County  
Stanolind Oil and Gas Co., No. 3 Fannie Lovett "A", section 36, block B-2, H&GN survey, gauged 290 barrels.  
Coronado Oil Co., No. 3 Myrtle Davidson "A", section 64, block B-2, H&GN survey, gauged 290 barrels.

In Hutchinson County  
Phillips Petroleum Co., No. 18 Jordan, section 6, block M-21, TCRR survey, was given a potential of 147 barrels.  
Phillips Petroleum Co., No. 2 Houck, section 25, block M-23, TCRR survey, tested 128 barrels.

In Gray County  
Phillips Petroleum Co., No. 18 Jordan, section 6, block M-21, TCRR survey, was given a potential of 147 barrels.  
Phillips Petroleum Co., No. 2 Houck, section 25, block M-23, TCRR survey, tested 128 barrels.

Phillips Petroleum Co., No. 2 Houck, section 25, block M-23, TCRR survey, tested 128 barrels.  
Bob Murphy No. 2, Christian, W. S. Christian survey, gauged 238 barrels.  
Stanolind Oil and Gas Co., 2 Lugubyl, section 13, block V, Hedgecock survey, tested 96 barrels.

The Texas Co., No. 40 Pond, section 1, block M-21, TCRR survey, gauged 80 barrels.

Intentions to drill:  
Danube Oil Corp., Sanford No. 15, 330 feet from the east and 2,310 feet from south line N 1/2; Sanford No. 16, 330 feet from the east and 1,650 feet from south line N 1/2; Sanford No. 17, 330 feet from the east and 990 feet from south line N 1/2; Sanford No. 18, 330 feet from the east and 330 feet from south line N 1/2; Sanford No. 19, 330 feet from the west and 2,310 feet from south line N 1/2; Sanford No. 20, 990 feet from the east and 990 feet from south line N 1/2; all in section 78, block 46, H&TC survey, Hutchinson county.

Phillips Petroleum Co., Green River No. 3, 330 feet from the south and 1,350 feet from the east line of section 22, block Y, A&B survey, Hutchinson county.  
McCloy Oil Co., Cockrell No. 2, 330 feet from the north and 330 feet from the east of section 13, block B-3, D&SF survey, Hutchinson county.

Power Pet. Co., Jordan and Jordan "A" No. 4, 330 feet from the east and 1,650 feet from south line W 1/2 SE 1/4 of section 124, block 4, I&GN survey, Hutchinson county.  
Power Pet. Co., Jordan and Jordan "A" No. 5, 900 feet from the south and 330 feet from the east line W 1/2 SE 1/4 of section 124, block 4, I&GN survey, Hutchinson county.

Shell Oil Co., Harvey Sisters "B" No. 42, 990 feet from the east and 2,310 feet from the south line section 14, block M-21, TCRR survey, Hutchinson county.  
Texas Co., W. Benedict No. 2, 990 feet from the north and 330 feet from the east line of section 55, block B-2, H&GN survey, Gray county.

Smith Bros. Refg. Co. & Hanlon-Buchanan Inc., R. L. Harlan No. 2, 330 feet from the west and 330 feet from the north line W 1/2 SW 1/4 of section 49, block 24, H&GN survey, Wheeler county.  
Stanolind O. & G. F. Lovett "A" No. 7, 330 feet from the north and 1,650 feet from the west line SE 1/4 of section 36, block B-2, H&GN survey, Gray county.

Reunion Held By Canadian Family  
Special To THE NEWS  
CANADIAN, Jan. 3.—Dr. and Mrs. E. H. Snyder enjoyed having their children all home Christmas Day, the first time in five years all had been home together.

Dr. Ruth Snyder had three weeks vacation from her work in X-ray interpretation and radium treatments in a New York City hospital and must be back at work Monday, January 5.

Miss Helen Snyder is librarian at the teachers' college in Nagadocles, and will be on duty January 5 following two weeks at home.

Dr. Marjorie Snyder Reuthe and her husband, Dr. John Reuthe, returned to their dental practice in Indiana December 26 after ten days in Canadian.

Mr. and Mrs. Rush Snyder and three-year-old daughter Nona Dale, of Fort Smith, Arkansas returned home Monday, December 29.

Rush received his college degree several years ago in electrical engineering, but has decided to return to college this month and study to be a physician.

## HOW YOU CAN "KEEP 'EM FLYING!"

I WONDER HOW I COULD BECOME AN AVIATION CADET LIKE THAT GUY?

THOSE 3 SIGNS TELL ALL

1. YOU'RE ELIGIBLE IF YOU ARE:  
UNMARRIED - BETWEEN THE AGES OF 20 AND 26 - U.S. CITIZEN FOR 10 YEARS - PASS MENTAL EXAM., FROM WHICH CERTAIN COLLEGE WORK WILL EXEMPT YOU.

2. HOW TO GET STARTED!  
SECURE 3 APPLICATION BLANKS AT ANY ARMY RECRUITING OFFICE OR WRITE THE SECRETARY, RANDOLPH FIELD, TEXAS  
RETURN APPLICATION BLANKS WITH 3 LETTERS OF RECOMMENDATION - RECORD OF COLLEGE CREDITS AND BIRTH CERTIFICATE. YOU'LL BE NOTIFIED WHEN TO REPORT FOR PHYSICAL EXAM. - AND WHERE TO REPORT FOR TRAINING.

3. AFTER YOU'RE IN - YOU RECEIVE 41 WKS. TRAINING - FLY 200 HRS. AND RECEIVE \$2,500. COURSE IN MILITARY PILOT EDUCATION!  
YOU GET A COMMISSION AS A 2ND LT. IN THE ARMY AIR CORPS WITH MONTHLY PAY FROM \$205 TO \$245!

THAT'S ALL THERE IS TO IT!

WHAT ARE YOU WAITING ON?

## New API Advisory Board To Meet Tuesday Night

### Fort Worth Leads In Building Permits

(By The Associated Press)

Fort Worth leads Texas cities in building permits for the initial week of 1942, reporting permits of \$14,165,955.

Fort Arthur, Pampa, Houston and Dallas follow in the order listed.

Totals for the week are:

City	Week
Fort Worth	\$14,165,955
Port Arthur	1,178,308
Pampa	102,000
Houston	85,250
Dallas	55,649
San Antonio	53,523
Wichita Falls	52,202
Corpus Christi	49,700
El Paso	42,750
Austin	25,000
Waco	13,072
Galveston	4,395
Midland	2,552
Lubbock	1,600

### Texas Company Oil Tanker Launched

First oil tanker launching of 1942 and second since the United States entered the war took place at 1:45 p. m. Saturday, as the 14,000-ton S. S. Kentucky slid down the ways at the Sun Ship Building and Dry Dock company, Chester, Pa. The Kentucky's sponsor was Mrs. Thelma Klein Arnold, sister of Harry T. Klein, executive vice president and general counsel for The Texas company, owner of the new vessel. The announcement was made here by D. J. Gribbon, district superintendent of the producing department of The Texas Company.

With a guaranteed speed of 16 knots, the Kentucky is the third high speed turbine tanker built for Texaco during the past two years. Her keel was laid August 6th last and she will be ready for her shakedown trials late in April. Two sister ships are already under construction and scheduled for launching later this year. Texaco has also contracted for three additional vessels to be delivered next year.

The Kentucky is 513 feet long overall with a moulded beam of 68 feet and a moulded depth of 36 feet. Her capacity is 100,000 bbls.—about 4,200,000 gallons—of gasoline and oil.

Under the guidance and leadership of the Army Air Forces, America's aircraft industry has tripled its output within a single year. And monthly production by the end of December will certainly be three times that of last December.

## OPC At Houston Will Supervise Texas Drilling

Wells in which oil casing was set on or prior to December 23 can be drilled ahead but all other wells must be shut down until the Office of Petroleum Co-ordinator in Houston has been contacted and permission to continue drilling is received. That word was received by Bob Huff, deputy supervisor of the Texas Railroad commission here Saturday.

Further clarification of the order of that date, issued by Petroleum Co-ordinator Harold L. Ickes, designating 49 acre spacing of all gas wells, and rationing of all oil field equipment, was received here when operators were instructed not to use any material on hand without receiving permission from the OPC office in Houston.

Thus, operators cannot use pipe and other equipment on hand until given permission by the OPC.

It is believed here that the 10 acre spacing rule in effect in the Panhandle will not be disrupted by the new order but that lack of equipment will curtail drilling, not to the extent at first believed, however.

Before any well can be drilled, application must be made to the OPC at Houston. Many companies have ceased drilling until a study of the new order can be made.

AUSTIN, Jan. 3 (AP)—While Texas oil fields operated under boosted production schedules, the Railroad Commission, state regulating agency, today started a series of secret hearings to determine potentialities of fields yielding high-octane crude for aviation gasoline.

The hearings, at which operators are appearing voluntarily were designed to enable state and federal petroleum regulating officials to route such crudes more directly to refineries from which the federal government will take the output for war usage.

The recently promulgated state-wide crude production order for January increased production by possibly 48,000 barrels daily on the average over that of the closing days of December.

Federal Petroleum Coordinator Harold L. Ickes requested that Texas, with 37 per cent of the nation's yield, produce an average of 1,570,500 barrels daily this month and the Railroad Commission set production schedules accordingly.

## Texas Production Up 42,825 Barrels

AUSTIN, Jan. 3 (AP)—The permissible daily production of Texas oil wells averaged 1,539,666 barrels in the week ended today, an increase of 42,825 over the previous week.

Railroad commission engineers reported the average exceeded by 66,166 barrels the production estimated by the office of the petroleum coordinator as necessary to meet demand.

However, consideration of a normal 4.27 per cent production less than allowable, would place actual daily flow 3,848 barrels under the O. P. C. standard.

## Market Briefs

NEW YORK, Jan. 3 (AP)—The stock market today ended its best week in more than two years with a wide assortment of advances ranging from fractions to around 2 points.

The list continued to operate without the benefit of much good news and brokers credited the rising trend mainly to the reinstatement of commitments by solid-out shareholders who had liquidated their holdings at the year-end in order to establish ahead-of-loss for income tax purposes.

The Associated Press average of 60 stocks added 5 of a point at 38.5 to Friday's range of 2 and on the week showed a net gain of 2.8 points, widest for any week since mid-September, 1939. The turnover of \$16,840 shares was larger than most short sessions of 1941.

Prominent on the forward tilt today were American Telephone, Union Pacific, Woolworth, J. C. Penney, Westinghouse, Owens-Illinois, Douglas Aircraft, J. I. Case, Montgomery Ward, Sears Roebuck, Chrysler, Western Union, Pajardo Sugar, South Porto Rico Sugar and Loew's.

Stocks, oils, rubbers and coppers were narrowly mixed. Bethlehem was off a shade, as were Standard Oil (N.J.), Anaconda, and Kennecott.

CHICAGO GRAIN  
CHICAGO, Jan. 3 (AP)—Continuing the New Year's recovery, wheat prices advanced more than a cent a bushel today to the best level in about three weeks and within 1 to 2 cents of the four-year peaks reached following outbreak of war in the Pacific.

September contracts, closing at \$1.31 1/2, were the highest any wheat delivery has been since 1917.

Other grains followed, September rye 4 1/2 cents higher than yesterday, May 11 1/2; corn 1/2 cent higher than yesterday, May 85 1/2; soybeans 1/2 cent higher, May 85 1/2; soybeans 1/2 cent higher, May 85 1/2.

Freight Rate Hike Sought By Railroads  
AUSTIN, Jan. 3 (AP)—Chairman Ernest O. Thompson of the railroad commission announced today that the Railway Express company had applied for a hearing to present evidence in support of a requested freight rate increase.

The chairman said the hearing would be granted as soon as a feasible date could be agreed upon.

He added that a commission representative would attend an interstate commerce commission hearing starting Monday in St. Louis at which railroads' application for increased rates, totaling \$356,000,000 over the nation annually, will be presented.

Black, for many years the favored color among car purchasers, is losing some of its popularity. Statistics indicate that over the last six years red cars have rapidly been forging to the front.

# EAST AND WEST COLLEGE ALL-STARS BATTLE TO 6-6 TIE

## Jack Jacobs Of Oklahoma Leads West

BY MORTIMER KREEGER  
NEW ORLEANS, Jan. 3 (AP)—The Eastern stars and their powerful line exactly balanced the West's line and passing attack today as the all-star teams battled to a thrilling 6-6 tie in slick mud here before a disappointing and shivering crowd of 25,000.

The game, transferred here from San Francisco because of the war, was a ding-dong battle and far more spectacular than the scores would indicate. The clubs were constantly threatening each other's goal line.

Bill Dudley of Virginia, the nation's highest scorer during the season, proved himself a great score-preventer as he intercepted four passes, two deep in the East team's territory.

The smashing play of the Eastern line dominated the scene for three quarters, but in the final period Jack Jacobs of Oklahoma began passing and running to gain a tie and came close to victory in the final minutes.

The East, with more "name" players, was favored to win but the same has been true in almost every game of the 16-year-old series for the benefit of the Shriner's children's hospitals. The West has won ten and the east only five. This game was the second tie.

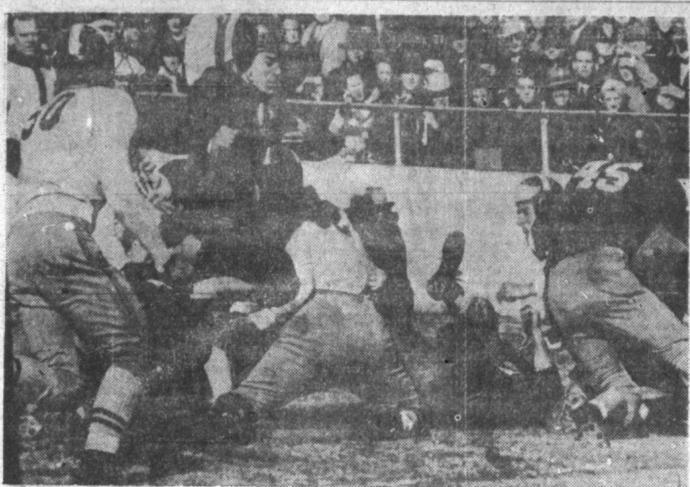

The Easterners took the second half kickoff and drove 67 yards to their touchdown in nine plays. The line opened up huge holes as Bill Geyer of Colgate and Bob Westfall of Michigan rammed to the West's 23-yard line. Then, after two plays had gained but a yard, Dudley faked back and tossed a screen pass to Geyer.

Geyer took the ball on the 25 near the west side line, followed by line blocking for half the distance and stiff-armed two tacklers to score standing up. Dudley missed a place kick for the extra point.

The West capitalized on a fumble by Bob Glass of Tulane which Center Brad Sheaf of St. Mary's recovered on the East 21. Jacobs completed a pass to Vike Francis of Nebraska on the ten and then tossed to Bob Robertson of Southern California on the goal line. Ralph Fife of Pittsburgh blocked an attempted place kick by Frankie Albert of Stanford.

A few minutes later Jacobs' running carried the ball to the Eastern 26 but a fumble ended the thrust.

The East gained 151 yards rushing to the West's 75 and the Westerners led in passing 118 to 49, the West led 11 to 10 in first downs. Westfall was the day's leading ground gainer with 94 yards in 20 tries.

ALABAMA EDGES OUT A&M 21 TO 20—Graft (18) Alabama, goes over the goal on a reverse

from the 8-yard line for the first Alabama score in the Cotton Bowl in Dallas, Texas. Dom-

anovich (45) Ala.; Simmons (82) A&M; Webster (30) A&M.

GEORGIA TRIMS T.C.U. 40 TO 26 IN ORANGE BOWL—Georgia University's Bulldogs, after building up a 40-7 lead early in

the third quarter, saw that lead out to 14 points as Texas Christian staged a three touchdown rally. Photo shows TCU back,

Kyle Gillespie, scoring 1st touchdown for the intrepid Texas school in the first quarter of the game at Miami, Fla.

## Chicago Bears And Pro All-Stars Battle Today

### Famous Golfer To Appear In Exhibition Match Here

Joe Kirkwood, the greatest master and trick-shot artist in golf history, will visit Pampa Wednesday afternoon and will play a nine-hole exhibition match, give a lecture and give an exhibition of plain and fancy shots at the Pampa Country club course. Admission will be \$1 and tickets will be sold in advance by the green committee.

Kirkwood will play three local holeshots over nine holes beginning at 2:30 o'clock. At 4 o'clock he will give a lecture and demonstration at the clubhouse, following which he will do his tricks which will include everything but make a golf ball talk.

The famous trick-shot artist can make a golf ball roll back to him, fly back over his head, cut capers and he'll hit one off anyone's nose or off anyone's watch and not hit the object holding the ball. He'll also give a demonstration of control shots which is absolutely uncanny.

Every golfer and golf fan in this section of the Panhandle is being invited to see Joe Kirkwood in action.

In case of rain, money for tickets sold in advance will be refunded.

NEW YORK, Jan. 3 (AP)—Forty thousand football fans are expected at the Polo grounds tomorrow to watch the National pro league all-stars battle the champion Chicago Bears in a game that will provide a long-winded season with its final gridiron gasp.

They moved the post-season struggle here from Los Angeles because of the danger of bombs, but they didn't go far enough to save the Bears from a heavy aerial assault.

The best passers in the league are lined up on the All-Star squad, along with the finest receivers, and even the Bears will be surprised if they aren't bombarded from above in every period.

Victims of real bombings are to benefit from the tilt, for half of the proceeds will go to the Navy Relief society, which gives aid to the families of navy men who fall in the line of duty.

The workouts have been unusual for the Bears, believed by some to be the most powerful outfit football ever produced. With 400 plays in their repertoire, they shunned their offense all week to concentrate on defense.

Coach Steven Owen of the All-Stars has two backfield combinations, one built around Slimmy Sammy Baugh of the Washington Redskins and the other around Cecil Isbell, the passing star of the Green Bay Packers.

Owen has given the All-Star squad only about 30 basic plays, but they are designed to permit variations in the huddle.

League champions triumphed in all three previous games.

### Soldiers Expected To Dominate Texas Glove Tournaments

FORT WORTH, Jan. 3. (AP)—Youngsters and military men are due to dominate the 1942 Texas Golden Gloves tournaments.

From all of the 22 district centers which are expected to send teams to the state championship tournament in Fort Worth Feb. 11-16, comes word that contestants will be generally younger than in the previous live tournaments and that soldiers will play a much greater part than before.

Camp Wolters will send an all-soldier team, selected from a long elimination series starting with 20,000 men. Lt. William T. Wilkins, athletic officer, decided to hold the all-soldier tournament after Minnie Wells withdrew as a combination soldier-civilian center. Civilians of that area now have the option of competing in district tournaments at either Abilene, Brownwood or Fort Worth.

Night driving is easier on the eyes if the dash lights are turned off.

## Pirate Cagers Down Phillips Blackhawks 40-9

LEFORS, Jan. 3 (NS)—The LeFors Pirates won their second conference basketball game of the season Friday night when they downed the high-flying Phillips Blackhawks 40 to 9. The LeFors "B" team defeated the Phillips "B" team 24 to 14.

Last week the Pirate defeated the Canadian Wildcats in the first conference game of the season. LeFors, Phillips, Canadian, White Deer, Perryville, and Panhandle form the north half of the Class A bracket. Teams will play home-and-home games and the winner will enter a play-off with the south champions to be decided among Clarendon, Memphis, McLean, Wheeler, Shamrock, and Lakeview.

Oldham was high point man for the Pirates Friday night with 15 points to his credit. Next in the scoring parade was Cole with 12 points. Clemmons added six points, Hamrick five points, and Bowman two points.

Poster scored eight of the Phillips points with McFarland adding the extra throw. Jackson, Stewart, and White rounded out the Blackhawk team.

McCullough of LeFors and Beckham of Phillips each made eight points in the "B" game.

LeFors will go to White Deer Tuesday night for what is expected to be their toughest game.

## NCAA Anticipates Few Changes In 1942 Grid Rules

PHOENIX, Ariz., Jan. 3 (AP)—The chances are 10 to one that the nation's gridiron fans will see little change in the 1942 college football rules.

That was the general impression gained from a nationwide survey as the National Collegiate Athletic association's official rules committee prepared to go into session at Cambridge Inn tomorrow.

The policy of this distinguished group is conservative as far as writing new laws into the book is concerned.

Up for discussion, and possible continuation, will be 1941's most controversial rule permitting unlimited substitutions. It caused a furor and added length to games when it first went into practice last fall, but opposition quickly dwindled.

Several groups believe clauses governing substitutions in the last two minutes of a half should be clarified. Confusion developed over whether to stop the clock and whether time out should be called.

Several interesting recommendations popped up. Eastern officials demanded a curb on deliberate out-of-bound kickoffs. They said it removed the spectator thrill of a runback.

Coaches have suggested that a team scored upon be given a chance to switch goals, if desired. This would balance offensive strength, particularly if a wind figured in the play.

## Rice Favored In Southwest Race

By HAROLD V. RATLIEF  
Associated Press Sports Editor  
They start playing for keeps in Southwest conference basketball this week with six teams leveling their guns on the high-stepping Rice Owls.

Rice, returning from an eastern invasion, stamped as one of the top teams of the nation with victories over Fordham and La Salle, is the only quintet starting the conference grind with an unbeaten record in the practice schedule.

The Owls have won nine straight, rolling up 501 points for an average of 45.100 per game.

They clash with the surprise team of the season in the conference opener, meeting Texas at Houston Wednesday night.

Texas, on the basis of returning lettermen, had not been expected to cut much ice, but the Longhorns have won eight and lost two in practice, both defeats coming from strong teams in the Oklahoma City Invitation tournament.

The sophomore-studded Longhorn lineup presents a colony of six-footers-plus and right now Texas appears as formidable as any of the challengers.

Arkansas and Southern Methodist, the former always a top contender, meet Friday night in the first of a two-game series at Fayetteville. S. M. U. has not lived up to its pre-season rating of being a member of the first three.

On the other hand, Baylor has flashed brightly with its offense blinding around fast-scoring Dwight Parks, and appears a strong foe.

Texas Christian, after several lean seasons, is definitely on the upgrade, but Texas A. & M. is not doing very well.

While Arkansas and S. M. U. are winding up their series at Fayetteville Saturday night, Baylor will be tangling with Texas Christian at Waco and Texas will be playing A. & M. at Austin.

Arkansas probably will be the team for Rice to beat. At the present time the Razorbacks are not clicking in typical fashion because of the absence of a key-man, the giant Gordon Carpenter, who is recovering from an appendicitis operation. He will not be back for several weeks.

## Harvesters Will Play Sandies Saturday Night

LeW Jenkins has Sammy Angott in what Jim Londos calls an airplane spin. Dispute between New York commission and N. B. A. put two cheese champions in ring.

The Harvesters won the last game of their holiday road trip at Raton last night. The score was 37 to 22. The Harvesters lost to Clovis and Roswell, and defeated two teams at Santa Fe. Thus in the last six games they have won three and lost three.

The Harvesters returned to Pampa yesterday. Coach Oscar Hinger has not announced his schedule for this week, except that on next Saturday night the Harvesters will play their first game "that counts" of the season, and their opponents will be Amarillo's highly-touted Golden Sandies.

It is generally believed that if the Harvesters can lick the Sandies they will stand a good chance to win the district, and play the winner of the Wichita Falls district for the right to represent the two districts in the state tournament at Austin.

Under the changed set-up, basketball teams will play the same schedule they played in football, and in three divisions, except that all district winners will go to Austin. There will be no district or regional tournaments, and no Big Five league. What was the Big Five league last year and in previous years will be the Interscholastic League schedule in this district.

Thus Pampa to win the district must beat Amarillo, Borger, Lubbock and Plainview. Home and home games will be played by each of the teams.

Amarillo has practically the same team back this year that they won their district last year. Pampa is not lacking in good material either, and Coach Hinger's starting lineup includes boys who played in the state tournament, although only one, Pat Flanagan, was in the 1941 starting lineup.

## Cheese Champions--Smell 'Em

By HARRY GRAYSON  
NEA Service Sports Editor  
NEW YORK, Jan. 3.—There were cheese champions onore Al McCoy, but whoever coined the appellation that night in 1914, when McCoy knocked out George Chip with his first swipe, tossed a blanket over all who scale the pugilistic peak by accident or through rule of fate.

While several of them have not, most cheese champions in more recent years have come out of tournaments or have been built through squabbles between the New York commission and the National Boxing association.

It was the inability of governing bodies to get together on one cheese lightweight champion that put two in the Garden ring the other night—Lew Jenkins and Sammy Angott.

Tournaments usually are won by a mediocre performer, for the very good reason that a good fighter won't enter one.

Out of a tournament some years back came Jimmy Goodrich, who promptly lost the lightweight "title" to Rocky Kansas, who had been slapped around no little.

It was a late-in-ring-life break for old Rocky, who collected \$50,000 for giving classy Sammy Mandell the privilege of relieving him of a crown that didn't come close to fitting.

Ben Jely emerged from one of those scrambles designed to fill a vacated middleweight championship.

George Nichols, a southpaw, and only in recent weeks, Gus Lesnevich, came out of eliminations as unsatisfactory light-heavyweight leaders.

Oakland Frankie Burns was a finalist in a lightweight tournament conducted by the famous Hollywood, Calif., American Legion stadium in the mid-20s. He was old enough to be all of the other contestants' father.

Johnny Wilson, whose puzzling

## Crosby And Hope To Stage Golf Benefit

HOLLYWOOD, Jan. 3 (AP)—Movie-land's Bing Crosby and Bob Hope joined hands with the Professional Golfers association today in a plan to stage links matches for the benefit of the Red Cross and the War Relief program.

Fred Corcoran, P. G. A. tournament manager, said the film stars had volunteered and a schedule of dates and locations will be arranged to fit with their motion picture commitments.

"The P. G. A. helped raise more than \$100,000 last year and aims to double the figure this year," Corcoran said.

boss the bantams and files, respectively, but the little fellows have tumbled so far that there isn't the slightest demand for the champions' services.

Perhaps the war will do something about that, too.

In 1940 the United States factories accounted for 80.5 per cent of world motor vehicle production.

## "Pat" Hanley Called To Active Service

BOSTON, Jan. 3 (AP)—L. B. "Pat" Hanley, head coach of football at Boston university since 1934, was called to active service tonight with the United States marine corps.

Hanley, who served with the marines in the last war and now holds a major's commission in the marine reserve, was instructed by Washington officials to report to the marine station at Quantico, Va., Jan. 15.

## Eddie Collins And Jane Penneck Wed

KENNETT SQUARE, Pa., Jan. 3 (AP)—Two of baseball's prominent families were united today by the marriage of Eddie Collins, Jr., 24, son of the former famed second baseman, and Jane Penneck, 22, daughter of Herb Penneck, once one of the game's greatest Southpaw pitchers.

# Buffaloes Will Play Three Games In Indiana, Illinois

CANYON, Jan. 3.—Although undefeated in twelve starts and winners of the Oklahoma City Invitation Tournament which scheduled most of the leading teams of the Southwest, the West Texas State College Buffaloes will have to be in top form to win even one game of their 3-contest road trip next week.

They will battle Bradley Tech in Peoria, Ill. on January 6, Evansville College in Evansville, Ind. on January 8, and De Paul University in Chicago on January 10—three mighty quintets.

The first of these games may be the hardest, but it would be fatal for the Buffs to make this assumption. Bradley Tech already has triumphs over California, Harvard, Oklahoma, and other fivees. The Braves play one of the toughest schedules in the country, with notable success. Their players include two all-American prospects, Paul McCall, a guard, and Chris Hansen, center, in addition to two other seniors and Ray Ramsey, high-scoring sophomore.

Hansen, holder of Tech's all-time game and season scoring records, will have the task of controlling 6 foot 10 inch Charles Halbert, Buffalo center. Hansen is 6 feet 4 inches tall. All-American Price Brookfield, "most valuable man" of the recent Oklahoma City tournament, will be guarded by McCall.

This battle of stand-outs is expected to draw a tremendous crowd. West Texas State's all-time team on earth will present three All-American prospects—Brookfield, Halbert, and Captain Frank Stockman. Stockman will be joined at guard by his brother, William, while Brookfield's partner at forward will be Cowley Jack Meddiox. Bradley has a fast-breaking type of offense.

## Babe Ruth Injured In Automobile Crash

NEW YORK, Jan. 5 (AP)—Babe Ruth, the home run king, was taken to a private hospital early this morning suffering from what was described as shock and a highly nervous condition as the result of an automobile accident two days ago.

Dr. Philip G. MacDonald, a friend of the 46-year-old Babe but not treating him this time, said Ruth's condition was not serious but that he needed several days rest before going west to work in the picture business on the life of his former teammate, Lou Gehrig.

## Harvester "B" Team Loses At Childress

The Pampa high "B" basketball team returned from the Childress tournament Saturday afternoon after losing a tournament game and later an exhibition game.

The team won by default from Five and One school Saturday morning but lost to the crack Vernon team 37 to 18 Friday night. On Saturday they lost an exhibition game to the Amarillo "B" team 32 to 14.

Coach Jack Davis took six boys to the tournament. He started Bowman and Broyles forwards, Showell, center, Rook and Berry, guards, with Hutson as reserve.

## Three Scouts Found Dead In Open Boat

ANNAPOLIS, Md., Jan. 2 (AP)—Three Washington, D. C. Boy Scouts, missing since late Friday afternoon, were found dead today adrift in an open boat near Tlignham's Island in Chesapeake Bay.

Captain Randolph Harrison, skipper of a fishing boat, found the

## Buddy Confident He Can Take Joe Louis

NEW YORK, Jan. 3 (AP)—Buddy Baer, dripping confidence and sweat from every pore, argued today that his chances of whipping Joe Louis in Madison Square Garden next Friday night are better on three counts than they were last May when he dumped his foe on a championship ear before being stopped by the heavyweight king.

"I'll have two good hands, my weight will be better, and I'll have a sharper left," predicted Bulging Bud as he grimaced at the scales which showed his poundage was down to a mere 245.

Virtually all receipts from this fight will go to the Naval Relief society. Louis has donated his 40 per cent cut and Promotor Mike Jacobs is working without profit. Baer is giving 2 1/2 per cent from his challenging fee to the sailor organization.

The two-time challenger said that in the Washington, D. C. dispute last spring his right was virtually worthless because of a training injury and that at 237 1/2 pounds he was too weak to do his best.

At Louis' Greenwood Lake, N. Y., training site, the champion's weight was the major discussion although there wasn't a worry in the entire household.

The Bomber, who displaced 20 1/2 for Baer in May, will likely spread the ropes Friday some four to seven pounds heavier.

"Chappie is no boy no more," explained the veteran trainer Jack Blackburn. "Take weight off now and you take off muscle."

The dead were Billy Merryman, 14, Carroll Baker, 15, and Earl Edwards, 14.

Louis Merryman, 32, assistant scoutmaster and brother of Billy, said the boys died of exposure.

Scoutmaster Snowden Lonsberger said the boys had been missing since yesterday afternoon when a high wind blew them off-shore in rough water.

Dale Butler

**RIGHT OUT IN FRONT** in sale of defense stamps this past week went Dale Butler, carrier of Route 25. Dale's sales totaled \$179.40, to put him at the top of all Pampa News carriers in defense stamp sales.

He is one of the two carriers thus far to qualify for a gold bar. Derrel Hogsett, Route 18 carrier, is runner-up at \$150, and also is to receive a gold bar.

Carriers had their biggest week in defense stamp sales ending Saturday, turning in \$650, and raising the total amount of defense stamp sales by carriers of The Pampa News, since the sale started on December 20, to \$1,150.

## Today's War Analysis

By KIRKE L. SIMPSON  
Wide World War Analyst

Four weeks from Japan's surprise attack in the Pacific there is little of immediate cheer for Anglo-American war partners and their Filipino, Dutch and Chinese allies in the China Sea theater of action.

Britain has lost the Hongkong defense pivot in a gallant but losing stand. Manila and the Cavite naval base have been yielded to the foe, but General MacArthur's outnumbered army still dominates Manila Bay against Japanese sea forces.

The Luzon pivot still functions from Corregidor and the Batan Peninsula to lessen the strain on Singapore, most vital remaining allied bastion in the China Sea. That American-Philippine toehold on Luzon is a segment of the battle at Singapore, still thwarting effective Japanese exploitation of their capture of Manila.

Nor can it be emphasized too often that time is what counts for the Allies, time to mobilize the vast resources in man and industry. This is the silver lining to the otherwise clouded China Sea outlook.

It is worth while to look over the estimates of those ultimate resources. At this moment, due to Germany's huge war effort, there is little allied advantage in numbers of men under arms, all too little for the world-wide fronts to be maintained.

Most authorities place the probable aggregate Axis armies at between twelve and thirteen million men, including 8,000,000 Germans. That could be a little more than the Allies, but the silver lining to the otherwise clouded China Sea outlook.

Against that the indicated present army strength of the anti-Axis allies is placed usually at around 15,000,000. That includes the United States, Britain and the dominions, Russia, China and the Dutch East Indies, the Free French, Polish forces and various other contingents.

The potential anti-Axis man power strength, however, runs into staggering figures. It is conservatively placed at more than 160,000,000 men or a ratio of about 7-to-1 over Axis potential manpower.

That potential manpower disparity graphically indicates the basis of London and Washington insistence that it is the long view of the war that must shape anti-Axis planning and strategic concepts. The economic resources in raw materials, fabricating skills and the like are no less overwhelmingly weighted against the Axis mates.

Given the grim determination to bring all this to bear, and time is lacking to insure utter disaster for the war aggressors in Europe and Asia. Bitter as is the taste of initial defeats and disasters on American lips, it can only serve to stiffen Americans to grim purpose—just as more than two years of battle reverses rarely lightened by victories have steered British hearts to the struggle.

## Pasadena Youths Saved After Fall On Mountain Trail

PASADENA, Calif., Jan. 3 (AP)—Two youths who plunged from an icy trail in the mountains north of here—only a few hundred feet apart, but unknown to each other—were rescued by hardy sheriff's deputies and forest rangers today.

The two victims, William Swinimer, 14, Pasadena, and Dick Cayer, 17, Arcadia, were both in a hospital. Swinimer's condition was listed as critical from a possible skull fracture. Both suffered greatly from exposure.

They lay in the snow and ice for nearly 18 hours before rescue parties reached them at the bottom of a 500-foot cliff.

Two out of three families in the United States now own automobiles.

## Poisoned Wine Kills Two At Chicago Cafe

CHICAGO, Jan. 3 (AP)—A pheasant supper in a private dining room of a flossy cafe was topped off today with goblets of poisoned champagne that brought quick death to a St. Louis business executive and a Chicago divorcee.

The victims were Clare S. McArdle, 45, vice-president and sales manager of the Missouri Portland Cement company, and Nancy Wassman, 39, operator of a north side beauty salon.

Dr. W. D. McNally, coroner's toxicologist, reported the traces of a powdered poison were found in the champagne glasses, and Chief Deputy Coroner Anthony Prusinski stated:

"I found a quantity of the poison in Mrs. Wassman's rouge compact, which lay on a window sill of the dining room. Some of the crystals were on the chair which McArdle had occupied. He must have been standing—perhaps he had left the room—when the poison was placed in the champagne glasses. Definitely, this does not appear to be a suicide pact."

The findings, Prusinski added, indicated that the lethal potion was administered by the woman with-

## CANDIDATE

CAL ROSE

## ROSE CANDIDATE FOR RE-ELECTION

"Four years ago today I announced for the office of county sheriff, promising thorough and impartial enforcement of the law. In that announcement I said that I owed no political obligations to any clique or clan, and that is true today just as much as it was then.

"I think that all of you will agree that I have upheld the law and that there now exists a greater respect for law enforcement than ever before. I think you will agree that this respect for law enforcement has prevented unestimated crime and misdemeanors that otherwise might have been committed.

"The promises I made you four years ago I have kept. I promised to clean up vice and gambling and I did, and as long as I am sheriff they will never flourish here because I have not had, nor do I expect to have, any occasion to change one of these promises.

"As evidence of the fact that I have kept my promises to you, and that I have cleaned out vice and corruption, I offer the report of every grand jury of the last four years. Each jury, composed of men of unquestioned integrity, has commended me because I have worked with them 100 per cent.

"One hundred per cent Americanism and loyalty to our country have been upheld boldly and without beating around the bush during my two terms of office and I have not dealt gently with misguided pacifists. America is now at war, and Gray county is likewise at war, and her sons are now fighting criminals more dangerous than we have ever known in Gray county. While they are fighting and dying in far-off lands, we must see to it that we produce and protect the oil, the aluminum, the gasoline to keep them flying. I have been in front in every patriotic drive to organize for defense, and I expect to stay there, and I would like to point out that the sheriff's department has been on the job. Gray county must prepare to fight criminal saboteurs on their own soil. We must expect and be prepared to destroy attacks on our valuable oil fields and petroleum plants. Of course we hope that no attempt at sabotage will be made in this county, but if history is repeated, fiendish and traitorous saboteurs will eventually try to do their devilish work here.

"At the present time we are prepared and we are on the job every minute.

"We did not wait until the horse had been stolen before we locked the door, but the sheriff's department recently organized a law enforcement of 90 strategically placed deputies who are on the job day and night and will remain there for the duration. We are prepared for the saboteurs and we will stop them before they get started.

"We will destroy them before they get started just as we stopped the gangsters and professional criminals before they got started in this community. In enforcing the law I have taken strong measures when necessary—and at times strong measures were necessary. The record will show that when out of town gangsters and thugs tried to impose their criminal intentions upon you people, I did take strong measures. Sometimes the true picture of my fight on thuggery was not known to the general public, but the fact remains that after I used strong measures, criminals made a detour around Gray county. And I promise you that these would-be saboteurs will make a detour around our county."

(Political Advertisement)

out her escort's knowledge. Walter Prill, Mrs. Wassman's brother-in-law, testified she was "a dissatisfied woman, often depressed."

A fjord is a narrow inlet of the sea between high banks.

**Salary Increase For Henderson Recommended**  
WASHINGTON, Jan. 3 (AP)—Leon Henderson, defense price administrator, may get a \$2,000 a year salary increase. The Senate Banking committee recommended today an annual salary of \$12,000 a year for the price administrator. Henderson now draws \$10,000 a year.

The average car gives off about 13 per cent carbon monoxide.

## Let's Talk About YOUR Home

Yes, let's talk about that place that to you is the most interesting and best loved spot in the world—your home! As the center of your interest and as the dearest possession in life for your whole family, it is worthy of the best furnishings you can afford to buy. This does not mean expensive furnishings because under today's manufacturing conditions, the finest of furniture can really be purchased at low cost. Cheap furniture is never cheap! Do not be deceived by beautiful outward appearance. Do your furniture buying at an institution of known character and reputation that stands behind everything they sell. Just such an institution is The Texas Furniture Co., known intimately to thousands as the place where they can buy in complete assurance of satisfaction. Divided payments make possible beautiful home settings.

# V Notes RED CROSS VOLUNTEERS

Tomorrow Red Cross volunteers will start work on a new quota of garments for men in our nation's armed forces and for civilian victims of the war, whether they be in our own or our allies' territory.

Beginning tomorrow, the production rooms in the basement of the post office will be open both morning and afternoon, six days a week, for volunteers to check materials in and out and to get assistance in knitting. In knitting Postmaster C. H. Walker has generously offered an additional room, which will be very much needed, for within the next few days we will have 10 sewing machines. Thanks to Judge Sherman White, the county is lending 10 machines "for the duration"—machines that were used in the W. P. A. sewing room, now closed. These machines are now being reconditioned, as soon as they are installed, the volunteers who wish to do so will be able to make garments right in the production room, though of course we will continue to issue materials to be sewed at home. We shall need not 10 but 100 machines busy every day!

It is with regret that we announce that Mrs. Fred M. Roberts, who has served as chairman since Red Cross production work was started in Pampa nearly two years ago, has resigned as production chairman; however she will continue to serve the Red Cross in another capacity. Production chairman for 1942 will be Mrs. Hol Wagner. Assisting her will be Mrs. Roy Bourland, knitting chairman; Mrs. L. L. Davis, sewing chairman, and a dozen other women who will have charge of the production room. Mrs. Bourland replaces Mrs. V. L. Hobbs, who has served as knitting chairman during the past year. Mrs. Davis will also supervise the cutting out of garments, assisted Mrs. Doyle Osborne in this work during the past year.

Tentative schedule of volunteers in charge of the production room is as follows:  
Monday, 9-11 a. m.—Mrs. Roy E. McKernan, Mrs. E. J. Kenney.  
Monday, 2-4:30 p. m.—Mrs. DeLea Vicens, Mrs. B. A. Norris, Mrs. C. H. Wood.  
Tuesday, 9-11 a. m.—Mrs. Mike Roche, Mrs. W. D. Price, Mrs. E. L. Anderson.  
Tuesday, 1-4:30 p. m.—Mrs. L. L.

Davis, Mrs. W. G. Kinzer, Mrs. Robert Gilchrist.  
Wednesday, 9-11 a. m.—Mrs. Bruce Walters, Mrs. W. R. Wanner.  
Wednesday, 2-4:30 p. m.—Mrs. Cyril Hamilton, Mrs. Walter Daugherty.  
Thursday, 9-11 a. m.—Mrs. Roy Bourland, Mrs. J. B. Massa.  
Thursday, 1-4:30 p. m.—Mrs. L. L. Davis, Mrs. W. Purviance, Mrs. O. A. Wagner.  
Friday, 9-11 a. m.—Mrs. V. O. Wyatt, Mrs. J. E. Ward.  
Friday, 2-4:30 p. m.—Mrs. Charlie Thut, Mrs. C. Herbert Walker.  
Saturday, 9-11 a. m.—Mrs. Hol Wagner.  
Saturday, 2-4:30 p. m.—Mrs. Ora Duenkel, Mrs. Hol Wagner.

Someone who is qualified to assist knitters will always be on hand when the production room is open, and those persons having difficulty with their Red Cross knitting are urged to come to the production room for assistance. Also beginners can get instruction in knitting. Later on some special classes in knitting will be organized. Yarn for 100 mufflers has been ordered, and we hope to find 100 new knitters to make these mufflers. This yarn has not yet arrived, but those persons who wish to learn to knit should start now.

We need experienced knitters to make sweaters and socks. Within the next few weeks we must finish knitting up all the yarn we now have on hand for women's and children's sweaters. Yarn for official army and navy sweaters and for socks should arrive any day. Only experienced knitters will be allowed to check these out.

At present the only times when large numbers of volunteers will be needed to work in the production room are Tuesday and Thursday afternoons. Volunteers are needed on these afternoons to help cut out garments.

Now that we are at war, Red Cross production will have to be stepped up considerably, and garments will have to be shipped as rapidly as they can be produced because of the urgent need for them. All garments checked out in 1941 should be returned at the earliest date possible, as they represent shortages in our 1942 quota. All completed garments on hand were shipped December 31 to Red Cross depots for immediate distribution wherever they are most needed.

Every volunteer, whether or not she has worked on previous quotas, will have a new card in the 1942 files. Believing that people like to know what is expected of them, the production committee has worked out the following agreement which all volunteers—including the chairman, those in charge of the production room, and the hundreds of

women who will assist in making garments—will be asked to sign: "As a Red Cross volunteer, I promise to give nothing short of my best to every task that I undertake: To make every garment, whether it be for the men in our nation's armed forces or for civilian victims of the war, with the same care that I would if it were for a member of my own family; To complete garments within the time specified in directions (unless granted additional time for some special reason) and to return them promptly; To be thrifty in the use of supplies and to return all left-over materials so that they can be put to use; To undertake only those tasks that I am qualified to perform and to follow Red Cross specifications carefully; To accept cheerfully suggestions for the improvement of my work, recognizing that all garments sent out in the name of the Pampa chapter of the American Red Cross must conform to the high standards of the national organization."

In general the time limits will be two weeks for sewed garments, one month for knitted garments. Of course many volunteers will complete garments in much shorter time.

Our first assignment for 1942 is to finish up all the materials we have on hand; that includes yarn for women's and children's sweaters and cloth to be made into the following garments: convalescent robes for wounded and sick soldiers, woolen skirts for women and girls, both cotton and woolen dresses for girls, pink and blue outing flannel blouses for women and children in hospitals.

Most of the new materials, which should begin arriving any day now, will be for hospital garments—25 bathrobes and 100 bed jackets for wounded and sick men in army and navy hospitals, 50 pairs of men's hospital pajamas, 140 hospital bed shirts, 180 operating gowns, 20 pneumonia jackets, 50 toe socks for feet in casts, and 50 stump socks for amputations.

The army and navy sweaters and the socks made by the Red Cross will not be sent to army camps and navy stations for general distribution but will be made exclusively for use in army and navy hospitals for men who are convalescing. If mothers, sisters, wives, and sweethearts wish to buy yarn to knit official sweaters to send to their particular men in the armed forces, Red Cross knitting instructors will supply them with directions and assist them in their work.

Boys' clothes are urgently needed, as most chapters have been making clothes for girls; so our new quota includes 60 boys' shirts and 40 pairs of boys' short pants. In addition we are to make 100 convalescent robes for children in hospitals and 90 pairs of children's hospital pajamas. For the present we are not asked to make any more layettes, toddler packs, or women's dresses. All of the above articles are to

### Fitted Waistline

Comfortable and easy to wear, this dress can be fitted perfectly to each individual figure because of the side sashes which tie in back thus pulling the dress to a smooth line in front, scooping it through the waist. The center panel from neckline to hem aids, too, in making you look slimmer than ever in this frock! And it can be the gayest and prettiest of your house dresses in a quiet calico or percale, trimmed with cheerful ric-rac.

Pattern No. 8058 is in sizes 12 to 20 and 40. Size 14 requires 3 1/2 yards 36-inch material, 5 1/4 yards ric-rac.

For this attractive pattern, send 15c in coin, your name, address, pattern number, and size, to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

Styles for all ages and all sizes are shown in the Fashion Book, a preview of designs available in easy-to-sew patterns. Send for your copy today!

Pattern 15c; Pattern Book, 15c; One Pattern and Pattern Book, ordered together, 25c.

PRINCIPAL DOYLE F. OSBORNE, above, will be guest speaker at the meeting of Woodrow Wilson Parent-Teacher Association's discussion group meeting Thursday afternoon at 2:30 o'clock at school. Mr. Osborne will speak on "The Tightened Belt." Preceding the discussion group meeting, the P-T-A executive board will meet at 1:30 o'clock.

be completed as quickly as possible—within the next two or three months at most, and by that time we will have been assigned a new quota depending upon the changing needs brought about by the war. Conditions change so rapidly in war time that six-month quotas such as we have had in the past are no longer practical.

We need several women to volunteer at once to make a large number of bandages for use in the Red Cross first aid classes to be started within the next few days. These bandages are merely large triangles of unbleached muslin that require only hemming. They can be checked out at the production room tomorrow—to be returned within a day or two.

During the past week many volunteers assisted in getting the last 12 boxes of the 1941 quota packed and shipped: Mmes. Bruce Walters, Ethel McEwin, DeLea Vicens, R. L. Freeny, L. L. Davis, Hol Wagner, W. Wanner, A. Cole, Marguerite Benson, J. B. Massa, E. A. Webb, Gertha Walker, Charlie Thut, and Misses Jeanette Cole, Barbara and Phyllis Davis.

New volunteers checking out materials during the past week include Mmes. E. C. Burda, T. J. Boyd, French, C. W. Hay, Frank Jack of Skellytown, Carl Lawrence, Pat Latham, R. F. Montgomery, B. W. Moreman of Alamogordo, Walter Rogers, Floyd Ward, Frank Wycoff of Skellytown, T. B. Bentley, and Miss Maxine French. Twenty-two persons already having cards checked out additional materials to work on—all this when the production room was not kept open regularly on account of the confusion necessitated by packing the 1941 quota for shipment!

Completed garments were returned this past week as follows: Mrs. John Beverly—one child's dress; Mrs. A. Cole—one pair of socks; Mrs. Ora Duenkel—two children's sweaters; Mrs. Oscar Dickey—one child's sweater; Mrs. J. W. Gorman—one set of cap, sacque, and booties trimmed; Mrs. Harvey Hutton—two operating gowns; Miss Lucille Johnson—20 hanks of yarn wound; Mrs. F. E. Leech—one child's sweater; Mrs. A. B. McAfee—one child's sweater; Mrs. Ethel McEwin and Mrs. W. H. Burden—28 baby gertrudes, three caps, and four pairs of booties.

Mrs. Glynn Miller—one child's sweater; Mrs. R. D. Nice—16 girls' skirts; Mrs. Ray Nielson—one man's sweater; Mrs. Otto Patton—one woman's sweater; Presbyterian auxiliary—five baby undershirts; Mrs. R. B. Reckard—one child's sweater;

Two girls' skirts were left without any indication as to who returned them. We should like to know who made them in order to keep the records straight.

# The Social Calendar

**MONDAY**  
Wesleyan Guild of First Methodist church will meet 7:30 o'clock in the home of Mrs. L. N. Atchison, 200 West Harvester street.  
Fashion chapter of Beta Sigma Phi society will meet at 7:30 o'clock.  
Pathian Sisters, temple number 41, will meet at 7:30 o'clock.  
American Legion auxiliary will meet at 8 o'clock in the Legion hall.

### Dinner Given For Lloyd Ray Johnson On Recent Birthday

SPECIAL TO THE NEWS  
CANADIAN, Jan. 3—Lloyd Ray Johnson, 12-year-old son of Commander and Mrs. Jim Johnson, was honor guest at a birthday dinner last week.  
Miss Evelyn Cluck and Miss Anita Cleland, teachers in the Canadian schools, also Mr. and Mrs. G. W. Ayers and members of the family were guests in the Jim Johnson home for the birthday dinner.

### Couple Entertains With Quail Dinner

SPECIAL TO THE NEWS  
CANADIAN, Jan. 3—Mr. and Mrs. Oscar Studer entertained in their home with a quail dinner Tuesday evening.  
Plates were laid for 12 guests, Messrs. and Mmes. A. V. McQuiddy, Francis V. McQuiddy, Calvin W. Isaacs, Thomas Jones, Fred Hobart, and the host and hostess.

Following the dinner, bridge was played during the evening.  
Miss Elizabeth Roberts—one child's dress; Mrs. J. B. Rose—one child's sweater and one dress; Mrs. Carl Surratt—one woman's sweater; Mrs. S. B. Surratt—one shawl; Mrs. Middleline Stanley—one child's sweater; Mrs. DeLea Vicens—one child's sweater; Miss Joyce Wanner—one child's sweater; Mrs. W. R. Wanner—one knitted suit; and Mrs. J. S. Wayne—one child's sweater.

Two girls' skirts were left without any indication as to who returned them. We should like to know who made them in order to keep the records straight.

### Marriage Of Miss Williams And Shellum Pruitt Solemnized

LEFORS, Jan. 3—Miss Ariel Williams, daughter of Charles H. Williams, was married to Shellum Pruitt Monday evening, December 22, at the home of her sister at 2802 Fernwood Avenue, in Dallas, Rev. LeRoy Massengale of the Lancaster Avenue Methodist church read the ceremony.

The altar, lighted with white tapers, was formed by columns of palms and fern reaching the ceiling.  
The bride wore a tailored dress of sun blue wool with matching hat, black accessories, and a corsage of pink carnations.

During an informal reception for relatives and friends, Mrs. Merrick Reese, sister of the bride, presided in the dining room with the bride cutting the cake.  
Among the guests were Miss Mildred Matteson of LeFors, Miss Hazel Williams of Berger, Mrs. W. Earl Trautman of Irving, Miss Wilma Williams, Merrick Reese, and little Mike and Judy Reese, all of Dallas.

Following an extended trip through Louisiana, Mississippi, and Arkansas, the couple is at home in LeFors.  
The bride, a teacher for several years in the LeFors schools, attended East Texas State Teachers college where she was an Alpha Chi. She completed her graduate work at the University of Texas and is a member of Delta Kappa Gamma.  
The bridegroom is connected with the Texas company.

### SOLDIER GIFTS

You can do your bit for the soldiers in camp, whether they be members of your family or friends, by making practical kits that will keep their things in order. For instance, you can stitch up a sewing kit that will hold such necessary equipment as scissors, needles and thread, safety pins and so on to take care of day-in-day-out emergencies. A compact laundry bag is another useful item. Binding the edges of the kits will add considerably to their sturdiness. For this you will want to use the binder attachment on your sewing machine. Signatures and monograms for easy identification are nice, too, and they're really easy to make if you use the zig-zag attachment on your sewing machine to applique them on. Your local sewing center will instruct you, if you already don't know how. You can draw your own monograms, if you like, or buy stamped letters from your pattern service.

### Miss America May Have To Give Up Foundation Aids

By WILLIAM NEEDHAM  
WASHINGTON, Jan. 2 (AP)—May-be Pop will have to sacrifice his automobile tires to beat the Axis, but—what about Miss America, who may lose her figure?  
Wait 'til she realizes what the war is going to mean in terms of foundation garments. Not to mention garters. And bathing suits. And countless other feminine items in which elasticity holds the secret of success.

While the rubber shortage first may have father sitting up night with a shotgun before the year 1 over to guard his tires from itching fingers of desperate neighbors, that side of the family will be facing a major morale problem: little later—control of girls without a girdle.

Production of all but essential civilian rubber goods was halted by the government last month, after outbreak of war in the Pacific shut off Far Eastern sources of crude rubber supplies. Inventories at that time were very large, but toward the end of 1942 or early in 1943.

Present stocks of corsets, girdles, oil balls, sink stoppers, and thousands of other gadgets and necessities common in all households' offices will be exhausted.  
OPM experts predict the real pinch in the rubber shortage will be in 1943 and 1944, leaving seeing hardships of the rationing almost pale in comparison.

### Shower Given As Courtesy To Couple In Denworth Home

DENWORTH, Jan. 3—Mr. and Mrs. Luddy Marshall entertained a group of friends and relatives at their home with a party and miscellaneous shower honoring Mr. and Mrs. H. P. Quarles who were married recently in Wyoming and came here to visit during the holiday season.

Mr. Quarles attended school at Webb and LeFors. They have returned to Wyoming where they plan to make their home.  
Mrs. E. Dowell assisted with the affair after which gifts were presented to the couple.  
Refreshments of punch and cookies were served to the 22 guests present; also gifts were sent by many who were unable to attend.

Present stocks of corsets, girdles, oil balls, sink stoppers, and thousands of other gadgets and necessities common in all households' offices will be exhausted.  
OPM experts predict the real pinch in the rubber shortage will be in 1943 and 1944, leaving seeing hardships of the rationing almost pale in comparison.

**How are banks serving in the war?**

American banking is in the fight on many fronts, four of the most important being: Financing of war production and plant expansion, sale of U. S. Defense Bonds and tax notes, cooperation with the government in its control of consumer credit, and collaboration with the Treasury in the control and freezing of alien funds. Not every bank can serve in every way, but all—like ours—are ready and eager to help in every way possible.

# BEHRMAN'S

"EXCLUSIVE BUT NOT EXPENSIVE"

CHARLES LAUGHTON, CHARLES RUGGLES, MARY BOLAND, and ZASU PITTS head the cast of "Ruggles of Red Gap," showing today, tomorrow, and Tuesday

at the Crown. Noah Beery is featured in "Gangsters of the Sea," Wednesday and Thursday, and Buster Crabbe in "The Jungle Man," Friday and Saturday, all at the Crown.

MIDNIGHT PROWLING in search of a desperate killer is just one of the many tense moments in the adventurous escapades of the Falcon ably as-

sisted by his co-partner, Wendy Barrie, in a scene from RKO Radio's romantic mystery thriller, "The Gay Falcon." It's at the Rex Wednesday and Thursday.

ENTERTAINMENT - PLUS CONTAINED IN FIRST OF 1942 SCREENPLAYS

Charles Boyer, Olivia de Havilland, Paulette Goddard In Cast Of "Hold Back The Dawn"; Claudette Colbert And Roy Milland Featured In Gay Picture, "Skylark"

By BROWNWOOD EMERSON

As bright and shining as a 1942 dollar, the new year films on Pampa screens this week are sleek and silverplated packages of entertainment.

Strong in feminine appeal is "Hold Back the Dawn," in which Charles Boyer plays a European dancer who is forced to wait in a Mexican border town for many years in order to reach his immigration quota.

In order to be an American citizen, Boyer decides to marry an American tourist (Olivia de Havilland). Idea is supported by Paulette Goddard, his former dancing partner. Through some slick coniving Boyer weds de Havilland.

Later Goddard divulges the truth to Boyer's wife in a blunt manner. What happens after that is the background for the climax of the picture.

It's at the LaNora today through Wednesday. Ray Milland, an advertising man with a phobia for grabbing money and fame instead of being an attentive husband to Claudette Colbert, suddenly finds Brian Aherne very much on hand. That's the situation in "Skylark," on the LaNora screen, Thursday through Saturday.

That ace classic, "Ruggles of Red Gap," with Charles Laughton, Mary Boland, Charles Ruggles, and Zasu Pitts opens the week at the Crown. It opens a three-day run today.

Adventure goes on in the following two films of the week at the same theater: "Gangsters of the Sea," with Noah Beery, Wednesday and Thursday; Buster Crabbe in "The Jungle Man," Friday and Saturday.

An appealing and human feature is "Tuxedo Junction," Weaver Brothers picture at the Rex today, tomorrow, and Tuesday. Film's title is name of song but has no relation to picture. Plot centers on Abner and Weaver's befriending three migrant lads accused by his wealthy and intolerant neighbors of being thieves.

On the State screen Wednesday and Thursday comes "When Ladies Meet," new version of Rachel Crothers play, with Joan Crawford as the idealistic young novelist whose new book concerns a heroine's love for a married man.

The book parallels her own infatuation for her publisher Herbert Marshall, who happens to have a wife, Greer Garson.

Myrna Loy, Robert Montgomery, Ann Harding, and Frank Morgan did this screenplay in 1933.

How \$300,000 Shrinks Movie stars that draw tremendous salaries apparently deal with the same problem as the butcher, the baker, and the store clerk. The pay check looks large in one lump, but there's a dozen exits for the cash. Robbin Coons, Associated Press writer, gives this interesting story on Claudette Colbert:

"Claudette Colbert, who never talks about money, talked about money. Money and taxes, and what fools most actors are—including Claudette Colbert.

"Claudette was very gay. Many actors get grim when you mention taxes. I mentioned taxes and Claudette just laughed and laughed, as if the pleasure were all hers. She was laughing anyway at the time, because she was looking back on the smart girl Claudette intended to be and the not-so-smart girl she said Claudette had become.

"All she said about taxes of which she expects to pay about \$210,000 worth this year, was to the effect that she was happy and proud to be able to pay them, especially in times like these.

"What I wanted to know was how the star couple of years ago drew about \$400,000 in movie salaries to be billed as the biggest woman earner in the land was going to meet the new year's increased federal tax bite.

"Claudette laughed again. 'That year,' she said, 'I saved \$15,000 for myself to apply on my next year's tax bill. I'm never ahead of my next installment's taxes. It's ridiculous, isn't it?'

"'Ridiculous, I mean,' and she got down to cases, 'that I spend about \$50,000 a year for living and upkeep. It's absurd, but that's what it costs. This year I'm making two pictures, so I'll earn \$300,000. Ten per cent for my agent leaves \$270,000, and if my taxes run about \$210,000 as I expect, I'll have \$60,000 left. With \$50,000 for expenses, I may save \$10,000.'"

Canadian Firemen Rush From Dance To Put Out Fire

Special To The NEWS

CANADIAN, Jan. 3—Members of the Canadian Volunteer Fire department didn't get much sleep Thursday night. Just as the ball was over at the city auditorium, a fire alarm came from the residence of Furman Williams, 1422 Highland.

The fireboys spent one and one-half hours in putting out the fire and considerable damage was suffered.

The Firemen's New Year's Night ball had been enjoyed by 200 couples. Fire departments from neighboring towns were well represented. Dean Cook and Harold Reed were in charge Thursday night at the dance.

The committee which has arranged the various dances the firemen have given here the past year, Orrin Cross, Roy Durham, and Harold Reed.

LOVE AND LAUGHS plus ace direction by Mark Sandrich, and ace acting make Paramount's "Skylark" strong, delightful entertainment. Not every girl gets

a choice of two men and very, very few get to choose between Brian Aherne and Ray Milland, as Claudette Colbert does in the picture showing at the LaNora Thursday, Friday, and Saturday.

Ten years ago, the average transport plane carried about 15 instruments, valued at from \$1,000 to \$2,000. Today, most of the big fellows, both military and commercial, must be equipped with 50 or more costly instruments of a total value of \$15,000 or more. The average cost of the iron and steel in an automobile to the manufacturer is about three cents a pound.

THIS WEEK IN PAMPA THEATERS

Friday and Saturday: "The Jungle Man," with Buster Crabbe, Charles Middleton, Vince Barnett; short subjects and news. Henrys Prominent In Local Wedding Canadian Schools Start New Year

Henrys Prominent In Local Wedding

Henry met Henry at a marriage ceremony here Friday when Miss Ima Jean Henry of Amarillo became the bride of Private Lloyd T. Hamlin, also of Amarillo, but stationed at Camp Bowie. Officiating was Justice of the Peace D. E. Henry.

Both the bride and the justice (no relation, though the names are similar) got a pleasant surprise out of the coincidence.

The marriage license was issued in Brown county and the couple were unaware of the justice's name being similar to that of the bride before they came to Justice Henry's office at the court house.

Canadian Schools Start New Year

CANADIAN, Jan. 3 — Canadian schools resumed class work Thursday. Examinations for first term work will be held in two weeks.

Mrs. Jimmie Adams who, before her marriage December 20, was Miss Fay Dellis Bagwell, will continue as teacher of public school music for the present—until the board secures another teacher for that place. Later, she will be at home in Amarillo.

Flying the world's most dependable transport planes, airlines of the United States in the first eight months of 1941 logged a 30.46 per cent increase in revenue passenger miles over the same period in 1940.

SERIAL STORY

HIS CHRISTMAS CAROL

BY ADELAIDE HAZELTINE

Copyright, 1941, NEA Service, Inc.

THE STORY: The terms of Andrew Dearborn's will... "I didn't dream they'd come in person."

"It all made me realize what I should be doing... "Yes, I know. I was near the office when you told Mr. Herrick..."

"So you were looking for the will to keep your pledge to him... "Yes, because you would like to see it destroyed..."

ANOTHER SEARCHES

CHAPTER XVII WHEN light flooded Mr. Herrick's office, Carol stood paralyzed, staring... "I—I—" she stammered...

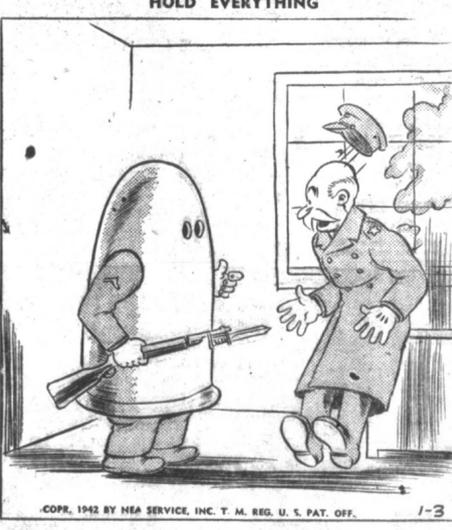

"But not the one place he would be most likely to put it... "Yes, because you would like to see it destroyed..."

"I looked several places... "Yes, I've been blind to the responsibility he always tried to show me..."

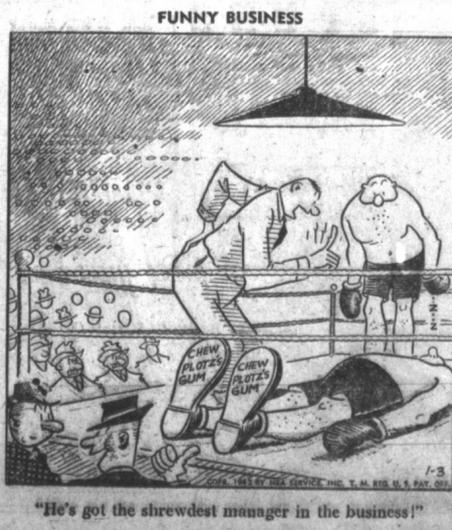

Skellytown Men In Marine Corps At Wake Island

Special To The NEWS SKELLYTOWN, Jan. 3 — After weeks of anxiously awaiting word of her son, who is on Wake Island, Mrs. L. C. Ruth of Skellytown received a Christmas card Wednesday, Dec. 31, from him... Another Skellytown boy of the heroic garrison is K. K. Melton...

On Monday, the two recruiters will be in Borger to take enlistments in that city... Physical requirements for enlistment in the marines have been lowered. Age limits are from 17 to 30.

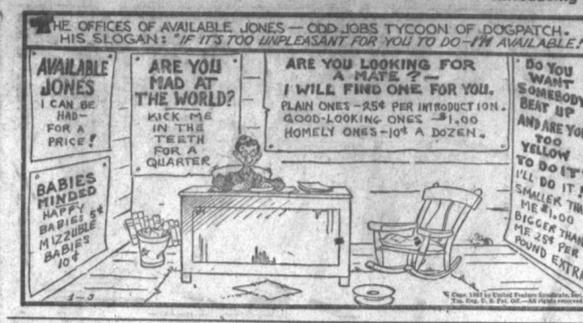

"How do you like this new helmet I designed, General?"

"He's got the shrewdest manager in the business!"
