Sidwell Protests As Board Hikes School Administrators' Salaries

Salaries of most of the administrative officers of the Pampa Independent School district were raised by the school board last night. Member E. C. Sidwell strenuously opposed the move, declaring that the administrators already were in the higher salary bracket and that the district could not stand the added expense under present conditions. Salaries of the teaching staff were raised \$10 a month each earlier in the spring when living expenses started to rise. At a recent meeting, voted to continue the new salary scale during the 1942-43 term. Supt. L. L. Sone's salary was unchanged at \$4,200 a year. Largest increase given was to Winston Savage, principal of the high school, \$2,500, an increase of \$120; Miss Josephine Thomas, principal of Horace Mann school, \$2,000, top salary, no change; Kenneth Carman, principal of Sam Houston school, \$1,860, an increase of \$60; Harlan A. Yoder, principal of Woodrow Wilson school, \$1,950, an increase of \$120; Miss Ursula McCarty, school nurse, \$1,750, an increase of \$250; Miss McCarty furnishing her own car; Mrs. Lou Roberts, high school registrar, \$1,500, top salary, no change; Mrs. Lillian Blythe, census taker, \$900, top salary, no change; Allie Crossman, book custodian, \$675, an increase of \$90; Miss Margaret Tignor, secretary to the superintendent, \$1,020, an increase of \$120; Miss Margaret Stockstill, in the business manager's office, \$1,320, an increase of \$180; Mrs. Irma Wilson, in the business manager's office, \$1,140, an increase of \$60; J. H. Brownlee, shop instructor, \$2,400, unchanged, three quarters of salary paid by the government; Hood Willis, agriculture, \$2,400, an

increase of \$200, half salary paid by state; Ray Robbins, high school band director, \$1,920, an increase of \$120. Sidwell, in opposing the raise, said that he had fought to have salaries of teachers raised so that they would be making a living wage but that the school board was making money and are facing higher taxes, which some of them will be unable to pay. We face a year when collections of taxes may be the lowest in many years and we cannot take a chance of putting our expenses above our collections. Under normal circumstances I would be in favor of the increases for the higher salaried group but under present conditions I just can't agree. "Other board members took the stand that salaries of teachers had been raised to meet rising living conditions and that members of the administrative staff were facing the same rising cost of living and should therefore be given the same consideration as the teachers.

Tom Herod, assistant high school principal, \$1,980, an increase of \$120; Winston Savage, junior high principal, \$2,400, an increase of \$300; Herman Jones, assistant junior high principal, \$1,620, an increase of \$60; Aaron Meek, principal of Baker school and supervisor of the negro school, \$2,100, top salary, no change; Miss Josephine Thomas, principal of Horace Mann school, \$2,000, top salary, no change; Kenneth Carman, principal of Sam Houston school, \$1,860, an increase of \$60; Harlan A. Yoder, principal of Woodrow Wilson school, \$1,950, an increase of \$120; Miss Ursula McCarty, school nurse, \$1,750, an increase of \$250; Miss McCarty furnishing her own car; Mrs. Lou Roberts, high school registrar, \$1,500, top salary, no change; Mrs. Lillian Blythe, census taker, \$900, top salary, no change; Allie Crossman, book custodian, \$675, an increase of \$90; Miss Margaret Tignor, secretary to the superintendent, \$1,020, an increase of \$120; Miss Margaret Stockstill, in the business manager's office, \$1,320, an increase of \$180; Mrs. Irma Wilson, in the business manager's office, \$1,140, an increase of \$60; J. H. Brownlee, shop instructor, \$2,400, unchanged, three quarters of salary paid by the government; Hood Willis, agriculture, \$2,400, an

France Takes First Step To Turn Fleet Over To Hitler

More Than One Sub Attacked Off Brazil

New Teachers Appointed By School Board

Six new teachers were appointed by the Pampa school board in session last night. They will become members of the staff at the beginning of the next school term. Three of the new teachers are at present in the Canadian school system, two at Sam Houston, and the other is a retired Pampa teacher. The board continued its policy of employing no married teachers. New teachers employed were: Miss Anna Belle Cox, Borger, to teach in the elementary grades, a graduate of East Texas State college, with extra work at Greeley, Colo. Mrs. Zena Daugherty, Sam Houston, to teach in the elementary grades, a graduate of West Texas State college. Miss Essie Mae Leaverton, Borger, language, arts, and science, in the junior high school, a graduate of West Texas State college. Miss Virginia Line, Canadian, to teach in junior high, a graduate of West Texas State college. Miss Myra Millard, for 13 years a primary teacher at Canadian, to teach primary, a graduate of Texas Tech. Mrs. Cleo Whiteside, Canadian, to teach in elementary grades, a graduate of West Texas State college.

RIO DE JANEIRO, Brazil, May 26. (AP)—A high source said today that it was understood that more than one submarine was attacked in the battle near Fortaleza on Brazil's northeast coast three days ago in which one submarine "supposedly German" was sunk by several United States planes. The anti-submarine attacks by United States forces were part of a great activity off Brazil's northeast coast, including an assault on another Brazilian merchantman by a submarine and the expected arrival of survivors from an unidentified vessel. As a result, Brazil increased her defense preparations. Authoritative sources at Fortaleza said the sinking of the submarine was confirmed by the appearance of a large oil slick and wreckage on the surface. Brazilian authorities here said they still lacked official information and United States authorities here denied having the "slightest confirmation of this report." At Recife the rescue ship Rio Iguazu, with survivors from an unidentified ship variously reported to number from 52 to 56, was expected almost hourly. Authorities were unable to confirm Axis broadcasts that the survivors were from a United States battleship of the Maryland class which the Italians have claimed was sunk by one of their submarines. The Brazilian ship attacked was the 5,052-ton Commandante Lyra, formerly the Southland of United States registry, which an official announcement last night said was torpedoed 180 miles off the northeast coast on May 18. The ship was towed to port by a United States patrol vessel. Six Brazilian ships totaling 32,512 tons have been sunk by Axis torpedoes since Brazil broke off relations with Germany, Italy and Japan. Fuming defense plans, Air Minister Joaquim Salgado, Jr., has returned from Recife where he inspected air bases on Brazil's exposed eastern bulge. Recife police arrested 10 Germans and seized a variety of equipment in a raid on an alleged spy ring headed by Hans Sivert, manager of an importing firm. Capt. Severino Statero of the torpedoed Commandante Lyra, in an interview at Fortaleza charged that the attack on his ship was "the result of fifth column activity." Adding that the submarine fired on his vessel after torpedoing it, he said: "The enemy not only knows the route of our vessels, but even has information of the cargo aboard and where it is loaded. I am certain of this because the submarine fired incendiary shells at the port below the bridge where we were carrying a quantity of explosives, instead of firing at the hull in an attempt to sink the vessel."

Nazi Sailors Will Work On French Ships

Italy Demands French Territorial Possessions

By ROGER D. GREENE Associated Press War Editor France has taken a first definite step toward turning the French fleet over to Adolf Hitler, London advices indicated today, amid reports of new Italian demands for prized French territorial possessions including Tunisia, Nice and Corsica. By agreement between Vichy and Berlin, it was said, German sailors will be permitted to "familiarize" themselves with the operation of French warships in a move foreshadowing Nazi seizure of France's still powerful naval forces. Meanwhile, Britain's former war secretary, Leslie Hore-Belisha, asserted that the successful establishment of a second front in Europe might end the war this year. While Britons clamored for direct action, Hore-Belisha declared: "A stern struggle is in progress around Khar'kov. We have promised to intervene to relieve our Russian ally. The psychological moment may come, beyond which we must not delay if our action is to turn the scale." On the fighting front, Soviet headquarters reported that Hitler's mechanized armies were suffering heavy losses in tanks and men in an attempt to flank the Russians in the 15-day-old battle of Khar'kov. The Russians declared they had repulsed a violent German surprise attack led by 150 tanks in the Dnypr-Donets sector, 80 miles south of Khar'kov, while Marshal Semyon Timoshenko's main armies pressed on toward Khar'kov itself. Dispatches to Red Star, Soviet army newspaper, said Russian shock troops had broken a line of German pill-boxes and trenches before Khar'kov in attacks with hand grenades and bayonets. Red Star said the Germans now were attempting to fortify a new series of natural defense positions to check the onslaught. A bulletin from Hitler's field headquarters said a gigantic battle was being fought against the Russians, with "in full swing" on the southern flank. As the bloody conflict surged into its third week, informed London quarters indicated that France's puppet Vichy regime may be preparing to turn the French fleet over to Germany. These quarters said Pro-Nazi Premier Pierre Laval, arch hater of England, had given Hitler permission to train a considerable number of German sailors at French naval yards and training stations to familiarize themselves with the characteristics of French warships. Before the war, France had the second most powerful fleet in Europe. Trustworthy reports from Europe said Italy had sent Laval a detailed note on territorial demands against France. Diplomatic quarters said that the See FRENCH SHIPS, Page 3

Army, Navy Wasted Rubber, Says Report

WASHINGTON, May 26. (AP)—The senate defense investigating committee criticized the army and navy today for not paring their rubber requirements to the bone, asserting that if the production of synthetics did not come up to schedule the military forces "may find themselves without rubber at some future date." In a 57-page report, the committee said: National gasoline rationing on "a sensitive basis and the requisitioning of tires must be given serious consideration to conserve 1,000,000 tons of rubber now on the wheels of motor vehicles. There will be no new or reclaimed rubber at all for non-essential uses within the next three years. The best that could be expected from a successful synthetic program would be to supply military needs and essential civilian requirements, such as tires for cars transporting defense workers. Resources in this hemisphere offer little hope of adding substantially to United Nations supplies of crude rubber, which Price Administrator Leon Henderson testified would be exhausted by May, 1943, even with the best possible curtailment of civilian uses. Much space was devoted to the committee's investigation of the former tie-up between Standard Oil company (New Jersey) and the German dye trust, I. G. Farbenindustrie. The committee said that Standard's agreements with I. G. Farben "seriously impeded the development of buna-s (synthetic rubber) in this country. It added, on the other hand that Standard "was not backward in offering plans for large plants for raw materials and rubber to be built under government auspices for it and others." Urging that the armed forces exercise the same degree of care that is recommended to civilians to assure the conservation of rubber," the committee said its best available information indicated the German army had built and had been rolling on less than 200,000 tons of rubber a year. This compared with what the committee described as the "frenzied consumption" of 766,000 tons for all purposes in the United States in 1941.

China Suffers New Reverses

(By The Associated Press) China's grim battle to stave off Japanese conquest of Chekiang province on the China east coast, spearhead for a potential Allied offensive against Japan, suffered new reverses today while far to the west the last British defenders of Burma were reported to have withdrawn into India. Chinese headquarters acknowledged that Japanese troops, estimated at 100,000, had advanced within two miles of the ancient walled city of Kinhuwa, the Chekiang provisional capital. Chinese dispatches said the Japanese assault on Kinhuwa had been thrown back with heavy casualties, but acknowledged that "the enemy is still very grave and the coming week will witness even fiercer battles." Once again, a Chinese spokesman indicated that Japanese aerial superiority was playing havoc with Generalissimo Chiang Kai-Shek's armies, declaring that "the enemy is continually bombing us in relay." Domei, the Japanese news agency. See CHINA, Page 3

Sadler Seeks Raise In State Allowable

AUSTIN, May 26. (AP)—Railroad Commissioner Jerry Sadler testified at a state-wide oil prorator hearing today he was preparing to ask the office of petroleum coordinator to increase its recommendation of 1,088,800 barrels daily of petroleum liquids for Texas in June. Sadler spoke as purchasing companies made sworn statements of firm demand for approximately 1,416,094 barrels of crude. The nomination was 347,494 barrels in excess of the OPC certificate and about 41,500 barrels above average daily allowable for Texas 99,000-odd wells in the week ended Saturday. Sadler and other commissioners questioned purchasers and operators at length concerning the June nominations and Sadler declared the OPC estimate did not give Texas enough oil to carry on the war effort. Nominations filed prior to the state-wide hearing totaled 1,373,168 barrels but the intentions to purchase grew as some operators, refiners and others explained their additional needs for crude. H. B. Nichols of Tyler told the commission East Texas field purchasers had indicated they would want more crude than stipulated in June nominations. He urged that the giant reservoir be allowed to purchase at least 20 days next month. The largest boost in nominations came from the Gulf Oil corporation whose spokesman declared it needed 23,500 barrels more than originally sought from East Texas.

I HEARD . . .

That a bunch of softball players have decided to organize a league here. Sponsors and managers of teams will meet at 7:30 o'clock tomorrow night in the recreation court room in the basement of the city hall. The meeting will begin on time in order to be over in time for the baseball game. Mechanical repairing, washing, lubricating, and storage, 24 hour service under one roof, Pampa Garage and Storage, Ph. 979.—Adv.

Death Ends Career Of Dr. Brinkley

SAN ANTONIO, May 26. (AP)—Death today closed the turbulent medical, political and oratorical career of Dr. John Richard Brinkley, 56, rejuvenation surgeon known popularly as "the goat gland doctor." Dr. Brinkley died in his sleep at 2 a. m. of a heart ailment which followed the amputation of a leg in Kansas City several months ago. He had been under the care of physicians at Del Rio and San Antonio since his return to Texas. Mrs. Brinkley and their son, John, were at his bedside. Funeral services will be held at the Del Rio Methodist church tomorrow. The former Milford, Kansas, surgeon who pioneered in medical broadcasting in 1923 and built up a fortune from rejuvenation operations advertised by his radio voice heard from Mexican shores into many of the states to the north, died not far from the rugged Rio Grande border country that he called home. Plagued through his entire life by litigation growing out of his price and his manifold financial affairs, Dr. Brinkley was eluded from contact with any but his closest kin and friends through his last days. Relatives were first summoned to his bedside in March when he suffered a heart attack. He had remained in a weakened condition. Sex-rejuvenation and life-lengthening treatments alleged to have

PERSONIFICATION — When Sgt. Porter Donnell, company A, 46th battalion, Texas Defense Guard, Pecos, posed for this picture, little did he dream it would become the unofficial state emblem of the defense guard. A huge copy, entitled "The Guardsman" hangs in headquarters at Austin.

This compared with what the committee described as the "frenzied consumption" of 766,000 tons for all purposes in the United States in 1941.

10-Day Furlough To Be Given Men After Acceptance

A new setup on furloughs for men was announced today by General J. W. Page, state selective service director. Under the new plan, men who have been honored at patriotic send-offs, then rejected at induction stations, will be spared the embarrassment of a public appearance in returning to their homes. The old way was for the man to make application for a furlough at the time of his departure for the station. After being accepted in the army, it was a rule that he be given a 10-day furlough to wind up his personal business. In not all cases, however, was a furlough granted. A two-week furlough is assured for each man accepted, at government expense, beginning after his reporting to the induction station and acceptance in the army. The new plan goes into effect July 10. This will make it possible for communities to give men a patriotic send-off, with the knowledge that the men honored are actually in service.

Unions Subject To Prosecution Under New House Law

WASHINGTON, May 26. (AP)—Legislation to subject labor unions to prosecution under the anti-racketeering laws and set up stiff penalties for interference with movement of commerce was approved today by the house judiciary committee. While the measure, approved on a 9 to 3 vote, does not specifically mention labor unions, Rep. Hobbs (D-Ala.), its author and a member of the committee, asserted: "As I have said before the bill is founded on the bedrock principle that highway robbery is highway robbery whether the perpetrator holds a union card or not." He said the measure was designed to "repel" a recent supreme court decision, growing out of a New York trucking case, that labor unions were outside the jurisdiction of the anti-racketeering laws. The bill would define extortion as "the obtaining of property from another, with his consent, induced by wrongful use of actual or threatened force, violence, or fear, or under color of artificial right." The measure included a clause declaring: "Whoever in any way or degree obstructs, delays, or affects commerce, or the movement of any articles or commodity in commerce, by robbery, shall be guilty of a felony."

WAR BULLETINS

LONDON, May 26. (AP)—Ranking United States military leaders conferred tonight with the British at general headquarters and expert observers predicted a massive smash at Germany by the U. S. air force and RAF soon would follow. Opinion was that the U. S. and British were preparing a massive blow at Hitler by air, land and sea before Germany could deal a death blow to Russia. Stabile forces of U. S. troops already are in Northern Ireland with complete invasion equipment.

VFW To Complete Memorial Day Plans

At their regular meeting at 8:15 o'clock tomorrow night, Pampa Post 1657 of the Veterans of Foreign Wars of the United States will complete their plans for taking part in Pampa's observance of Memorial Day, which will be held on Sunday, May 31, the day following. As in the past, the V.F.W. ritual will be used in the ceremony at the cemetery. Taking part in the observance will be both the American Legion and V.F.W. members, the members of auxiliaries of both these organizations, Pampa Volunteer band, ex-service men, parents of men now in the armed forces, the public, and the Texas Defense Guard. A firing squad, composed of veterans who are members of the Texas Defense Guard, led by First Sgt. Paul Blankenburg, will fire a salute over the grave of the last veteran to be buried in the cemetery. Members of Company D of the Guard will form a part of the parade from the high school. Taps will be sounded, with echo, concluding the ceremony. Leaders of the observance are Mr. E.H. Commander Fender of the V.F.W. and Commander L. R. Franks of Kerley-Crossman post 334 of the American Legion, and Dan Williams, in charge of the parade.

Summer School To Open June 3

The summer term of the Pampa High school will open June 3 and close on July 28. All classes will be held in the new high school building. Tem Herod, assistant principal, will be the summer school principal. Members of his faculty will be Miss Margaret Jones and B. R. Nuckols. Any subject for which there is sufficient demand will be offered. Enrollment will be at 7:30 a. m. on June 3, and classes will begin at that time six mornings each week throughout the course. There will be three one and one-half hour classes each day. Students may take one or two courses of one-half unit each, or in special cases may take three courses. Cost will be \$10 for one course, \$18 for two courses and \$25 for three courses. A special course in typing will be offered for out-of-school persons. The school board has arranged to have a special summer course in diversified occupations during the summer months, at no cost to students. Students will attend classes during the morning hours and will work at their various occupations during the afternoons. W. H. Galloway, coordinator of vocational education, will be in charge. Students desiring to take any of the courses should contact Principal Herod immediately.

Summer School To Open June 3

At their regular meeting at 8:15 o'clock tomorrow night, Pampa Post 1657 of the Veterans of Foreign Wars of the United States will complete their plans for taking part in Pampa's observance of Memorial Day, which will be held on Sunday, May 31, the day following. As in the past, the V.F.W. ritual will be used in the ceremony at the cemetery. Taking part in the observance will be both the American Legion and V.F.W. members, the members of auxiliaries of both these organizations, Pampa Volunteer band, ex-service men, parents of men now in the armed forces, the public, and the Texas Defense Guard. Men With Wives And Children To Be Classified

WASHINGTON, May 26. (AP)—The Senate Military committee today approved a soldiers' allotment and allowance bill authorizing the selective service system and local boards to classify men with wives and children into categories to determine the order of calling them for army duty. The bill, different from one already approved by the House Military committee and awaiting passage of the new army pay bill before it is taken up, provides for deduction of \$22 monthly from the enlisted man's pay with the government matching this with a \$28 contribution to provide his wife with \$50 for living expenses. The government would pay \$12 a month toward support of one child and \$10 monthly for each additional child. The committee also approved a new provision making war risk insurance compulsory so that all men in the armed services would be required to have \$10,000 of government insurance. The service man would pay 35 cents a month per \$1,000 for the insurance and the government the remainder of the premium. For \$3.50 for the service man and \$10,000 this would amount to about \$3 for the government.

Regents Mum On Status Of Spies

GALVESTON, May 26. (AP)—Whether disagreements at the University of Texas medical school could be compromised without discharging Dean John W. Spies or faculty members opposing his policies was a question remaining unanswered today by university regents. The board, entering its fifth consecutive day of closed inquiry into disension at the medical branch for more than a year, declined yesterday to answer that query as well as one asking when the investigation would be concluded. More than 40 witnesses, the board said, were waiting to be heard.

'Don't Wait Until You Are Asked Before You Give To USO'

"Next week when the USO drive starts don't wait until you are asked before you give your share," Chairman Jack Hanna suggested today. The \$4,800 drive will start Monday and that is the day you should bring your money to County Judge Sherman White's office in the courthouse and lay it on the line. There may not be enough solicitors to contact everybody in the county, but if there are not, patriotic Pampans won't wait until they are button-holed but will bring their money to the treasurer, Mrs. Clifford Braly, who will be at Judge White's office, the first thing next week. Mr. Hanna and his committee

People Unaware Of Tiger From Burma

BEAUMONT, May 26. (AP)—LYNN A. (Tex) Hurst of Beaumont, a member of General Chennault's Flying Tigers, an American volunteer corps, is disappointed at what he termed the "lack of war awareness" on the part of the people of this country. Hurst, here to regain his health and visit his wife and parents, declared "There is still too much of a spirit of let-the-other-fellow-do-it. People talk of sugar rationing and the lack of tires and don't seem to be worried as long as somebody else is in there doing the fighting." He praised "the AVG corps, as well as the British at Rangoon and the Chinese at Kuming, asserting "They gave us the best they had."

ISAW . . .

Cpl. "Stew" Johnson, a U. S. Marine at San Diego, took in Iowa. He was formerly an advertising solicitor on The News, but resigned to enlist in the marines last year. "Stew" says that Bill Kenton, an accordion teacher here, is in his company, and that he has seen Bobertson, also a marine, out there frequently. Some parts are hard to replace at present. Preserve the ones you have by proper and regular lubrication. Paul V. Clifford, east of Court House.—Adv.

To Our Fighters For Freedom—
A MEMORIAL DAY PLEDGE!

TO the heroes of Pearl Harbor, Wake, Guam and Bataan—to those in all our wars who have given their lives for America's freedom—we owe an everlasting debt.

They died for things some of us had forgotten. Liberty! Like the air we breathe, liberty was everywhere around us, but we no longer seemed to know what it really meant. We had lulled ourselves into thinking that some half-real storybook people called the American Colonists had won it for us forever, and that nobody could take it away.

"Give me liberty or give me death" had become only Fourth of July oratory, with no relation to the world of baseball, business, movies and comic strips.

Then came the new tyrannies with their strategy of terror and torture. China, Ethiopia, Austria, Czecho-Slovakia, France, Poland, Denmark, Norway, The Netherlands, Belgium, Greece, Yugoslavia, Russia—all in turn attacked!

We began to wake up, despite Axis propagandists trying to con-

Our Commander-In-Chief has spoken:

"We must guard against divisions among ourselves and among all the other United Nations. We must be particularly vigilant against racial discrimination in any of its ugly forms. Hitler will try again to breed mistrust and suspicion between one individual and another, one group and another, one race and another, one government and another. He will try to use the same technique of falsehood and rumor-mongering with which he divided France from Britain. He is trying to do this even now, but he will find a unity, a unity of will and purpose against him which will persevere until the destruction of all his black designs upon the freedom and people of the world."

—PRESIDENT ROOSEVELT
 January 6, 1942

fuse the issue in our minds, to create discord in our midst, to get us fighting among ourselves—labor against capital, Republicans against Democrats, rich against poor, Protestants against Catholics, Christians against Jews, native Americans against the foreign-born. If they caused enough strife among us, these propagandists reasoned, we would forget about our real enemies. We would be too weak to fight for liberty.

Pearl Harbor! At long last we were aroused. The propaganda against our national unity had failed.

Today there is in every American heart a cold, calm determination to see this thing through. No bands, no pep-talks are necessary now. There is a job to be done. America knows where she is going.

We will pay the price. The cost will be measured in mountainous taxes, in frugal living, in long hard hours of back-breaking labor. It will also be measured in broken lives, in death itself. But we are ready.

We are confident of our might. We are confident of the righteousness of our cause. To that cause we solemnly pledge ourselves.

Lee Savold Screams For Louis Fight

By PAT O'BRIEN
WASHINGTON, May 26 (AP)—Lee
Savold, the blond Texan who has
been fighting professionally for
nine of his 25 years, came up today
with a loud claim for a shot at boxing's
richest prize—Champion Joe
Louis' heavyweight crown.

Savold, who won on a technical
knockout over California Lou Nova
in eight rounds last night, thinks
he could give Private Joe a good
battle.
"I'm in the best condition of
my life, and am hitting better than ever
before," Savold said. "This is the
chance I've been waiting for, and
I'm ready to fight Louis any time,
any place."

Savold said he would ask Promoter
Mike Jacobs to arrange a bout with
Louis in Washington during the
summer. The Des Moines, Ia., fighter
made a big hit with a navy relief
program crowd here and figures the
capital may be his lucky town.

Savold looked shaky at the start
against the bigger, heavier Nova.
But after three rounds Lee started
to show his stuff.
Nova was cut on the forehead
in the first round and his nose
started bleeding in the second. His
left eye was cut in the fourth, and
his handers said that after the bout
his vision was impaired. Ray Carlen,
the California's manager, asked
Referee Charley Reynolds to inspect
the wounds after the eighth, and
Reynolds promptly halted the bout.

The navy relief will get around
\$10,000 from the receipts.

The Diamond Shop and Pampa
News bowling teams swept their
series last night, the jewelers
taking three straight from Chiles
Serrano and the newsmen winning
three straight from McCarty's. Big
scores featured the games. The Diamond
Shop topped a total of 2,378 pins
for a new high while the Pampa
News dropped 813 pins in one
game. Hoare of the newsmen rolled
high game of 218 pins and had high
series with 514 pins, nosing out
Jacobson of the jewelers with 506 pins.

Harvesters Look Good In Nosing Out Exes 7 To 6

The 1942 Pampa Harvesters definitely
showed promise in the closing
scrimmage of the spring training
period yesterday afternoon when
they nosed out the ex-Harvesters
7 to 6. They didn't look anything
like state champions but they did
show that they can stand up and
battle against weight and ex-
perience because the exes had both.

First blood in the scrimmage went
to the former stars with a half
minute to go before the midway
whistle. The exes had pushed all
the way to the 15-yard line where
they appeared to be stymied. With
fourth down coming up, R. L. Ed-
mondson passed to Wayne Ott. Ed-
mondson missed to Wayne Ott. Ed-
mondson missed to Wayne Ott. Ed-
mondson missed to Wayne Ott.

The Harvesters came back strong
in the third period. Halter set the
pace back with an 80-yard quick
kick over the goal line, with the
wind in his back. The exes tried
two running plays and then passed.
Earl Snyder, Harvesters center who
was playing in the second line of
defenses, stepped in and snagged
Edmondson's heave and five plays
later Halter skirted left end for
about 10 yards and a touchdown.
Bob Edson booted the ball squarely
between the uprights for the win-
ning point.

Subs Look Promising
After the score, Coaches Buck
Pratten and Mac Best sent subs in-
to the game and they played until
late in the fourth period. The reser-
ves threatened twice but didn't
have the power to score. They
chased the exes back under their
goal post after Bob Curtis had in-
tercepted a pass and Sheehan had
done some nice running and again
when Edmondson tried to run out
a fourth down interception but was
shoestringed by Miller.

It's too early to make any pre-
dictions or to say who will win in
the starting slots when the season
gets under way next fall. Spring
training is chiefly to condition the
boys and to try and teach them a
few plays and the ability to work
together. The Harvesters, however,
have coaches some chances to smile.

There were no shining lights in
the scrimmage unless it was the
lightest boy on the squad. That was
Kenneth Lard, 125-pound end, who
snagged a couple of nice passes and
who was all over the field making
tackles. Basil Arnold started at the
other end but knocked a thumb out
of place early in the game and had
to be relieved. Hansel Boyles took
over and looked promising.

Clint Berlin and Bob Edson worked
the tackle positions and if they
continue to improve they should fit
into the holes left by John Chesser
and Roland Phillips. Casey showed
up as a strong substitute for the
job.

Guard prospects have been worry-
ing coaches but Jerry Kerbow moved
from center and Jimmy Berry
changed from halfback showed
plenty of promise and may come
through. They are light and inex-
perienced but should be fast enough
to upset the opposition by beating
them to the punch.

Oilers To Open Three-Game Series With Lamesa Tonight

Manager Dick Ratliff and his
Pampa Oilers will return home
tonight for a brief stay during
which they'll meet Jodie Tate's
Lamesa Dodgers in a three-game
series. Then they will leave, not
to return until June 6. Game
time each night during the home
stand will be 8:30 o'clock. A \$25
war bond will be given to some
fan tonight.

The Oilers played 50-50 ball on
their road trip, winning three and
losing three. Last night they topped
Lubbock 13 to 3 behind the
seven-hit pitching of big Andy
Mohrlock.

Manager Ratliff will have three
pitchers ready for tonight and he
hasn't decided which he'll throw
against the third-place Lamesa
crew. He has Joe Isaacs, Walter
Barnett and George Boal ready for
round duty.

Last night in Lubbock the Oilers
smashed 15 hits around Lubbock
field off Lefty Bergerson. Manager
Ratliff led the assault with a
triple and two singles while Mohr-
lock bagged two doubles and a
single. Only Bob Bailey failed to
get at least one hit.

The Oilers came up with a new
centerfielder in Skeber, formerly of
the Clovis Pioneers. He was picked
up to replace Marshall Brown who
has gone to the army. Skeber bag-
ged two singles and made five put-
outs.

Directors of the Pampa club met
last night to adopt by-laws and
make plans for the future. Many
suggestions to get larger crowds
were received and some will be ac-
cided upon, President Ray McKernan
said today.

Hole-In-One Shot In Hale America Open

By HAROLD CLAASSEN
NEW YORK, May 26 (AP)—A hole-in-one, a trio of identical cards that brought their owners a first place tie in the Detroit district and a national medalist who shot a 132 yet was eight strokes over par were the only oddities developed in the first round of the Hale America National Open Golf tourney.

Bobby Jones was among the 7,528 listed golfers at 69 different sites who swung their clubs yesterday for the benefit of navy relief and the United Services Organizations. The field for the war-born successor to the National Open was cut to 520 for the sectional qualifying rounds on June's first week-end.

Approximately 100 of the nation's best will go on from there to Chicago June 18 to 21 for the 72-hole final.

The hole-in-hole was registered by Amateur Tom Whiteway of Cleveland, who got his dod on the par three 110-yard uphill No. 16 at the Shaker Heights Country club. The blow helped him tie for the only berth won by an amateur at Cleveland.

Gilbert Sellers and Ernie Shave, two pros, and Amateur Eddie Furgol collected identical cards of 73-75-148 to top the Detroit golfers and Eddie Johnson of Fairmount, W. Va., toured the nine-hole layout at Clarkburg four times to register his 132 that was the day's lowest score.

He was eight over par while O'Neal (Buck) White of Memphis, sliced seven strokes off regulation figures for a 133 and second place.

A father and son combination stole the spotlight at Wheeling, W. Va., with Papa A. J. Chapman, pro at the Country club, setting the pace with 146 and 21-year-old Alex Chapman runnerup with 151.

Although Jones was exempt from qualifying he played the East Lake course in his home town of Atlanta and finished second, with 140, to Amateur Morton Bright who had a two-below-par 138.

"The ceiling on prices has spoiled her fun—she used to call us robbers, but now all she says is 'humph!'"

Yankee First Base Problem Almost Solved By Hassett

By JUDSON BAILEY
Associated Press Sports Writer

There probably are some people with memories long enough to remember the time this spring when the New York Yankees had a first base problem.

The world champions have had a first base problem ever since Lou Gehrig stepped out of the lineup in 1939. Don't John Aloysius Hassett has provided a reasonably good solution in recent weeks.

When the good-looking Irishman replaced Ed Levy at first at the end of April he hit a homer in his first game and compiled a modest eight-game batting streak. Now he is loose on another string of five games and yesterday he provided for all New York's runs in a 3-1 victory over the Boston Red Sox.

He singled two tallies across in the third and tripled in the sixth to romp home on a fly by Tom Henrich. Spud Chandler pitched seven-hit ball, stifling the Sox after the first inning.

This was New York's 14th triumph in 17 games and increased its American league lead to 3½ games as the Cleveland Indians dropped a 5-1 decision to the Chicago White Sox. Bill Dietrich pitched six-hit ball to outlast Chubby Dean on the mound.

The game was played at Cleveland for the benefit of army and navy relief funds and netted \$9,800.86 from 7,859 fans.

Another game for the same charities was played at twilight in St. Louis and raised \$8,500 from 8,496 fans as the Browns beat the Detroit Tigers 3-2.

Curt Davis pitched the Brooklyn Dodgers to their second straight shutout with a two-hit show that stopped the Philadelphia Phils 3-0. It was Davis' sixth victory opposite one defeat and his second shutout in three games.

The Boston Braves held determinedly to second place in the national league by losing out to New York Giants 3-1 on Max West's two-run homer in the 11th inning.

The St. Louis Cardinals shelled five Chicago pitchers for 13 hits to overpower the Cubs 10-2 while Ernie White kept eight hits scattered.

In a pair of night games, Cincinnati sent Pittsburgh skidding into the second division of the National league for the first time this season and the Washington Senators downed the Philadelphia Athletics 5 to 3.

The Reds' 6 to 1 verdict was the first of the year for Paul Derringer who also rapped out two hits in two official trips to the plate.

After George Heddy, Jr., of Montclair, N. J., high jumped six feet to equal the record in his school's invitation meet, he took off one shoe and went two inches higher. . . . Seems that all the boys have to do is uncover the inches in their feet.

Deer Slayer Sought RED RYDER

GREAT FALLS, Mont., May 26 (AP)—The game warden, hunting for the fellow who killed a buck deer on a ranch, wants to file these charges: (A) Hunting out of season; (B) trespassing on posted property; (C) shooting from the highway; (D) with the aid of a spotlight; (E) having no license and (F) no deer tags; and (G) wantonly wasting the game by abandoning his kill frightened by farm hands.

Anglers Post Cars

GOODING, Idaho, May 26 (AP)—The fisherman with worn-out tires won't have to do all his fly casting in the back yard.

Political Calendar

The Pampa News has been authorized to present the names of the following citizens as candidates for office, subject to the action of the Democratic voters, at their primary election Saturday, July 25, 1942.

Conoco Offers New Service To Autoists

CONOCO CITY, May 26—A new service to motorists, designed to prolong the life of motor cars and make tires last longer, is being introduced by Conoco, the company organizing Once-A-Week clubs among motorists, with the idea of making thorough checks of each car on regularly specified days every week.

Conoco dealers will keep careful records of the serial numbers, grease and oil change periods, and all information necessary to the proper servicing of the car. They will remind motorists when lubrication and other services are needed, and will do everything possible to help the motorists get the maximum life from their cars at the least possible cost and trouble, Morgan said.

All Conoco dealers in the Pampa territory are cooperating in the plan.

Bicycles Will Be Rationed Soon

Even the vehicle "built for two" to supplant a "handsome carriage" is going to feel the might of the OPA.

This means that the bicycles you've seen increasing on downtown streets as Pampans "took" to a new mode of transportation are going to become about as precious as sugar or new tires.

Under ration order 7, manufacturers are permitted to ship adult bicycles to distributors for the first time since April 2 when sales and transfers were frozen by the WPB.

Rationing will follow in about two weeks.

Except for bicycles manufactured before April 1 of this year and not yet sold at retail the so-called "war model" will be the only type available for rationing. The war model is made with a minimum of critical materials.

Prices at which the war model will sell have not yet been determined, but this is a matter now receiving the attention of the OPA which expects to have a maximum price regulation covering such bicycles in effect before rationing starts.

Sports Roundup

By HUGH FULLERTON, JR.
Wide World Sports Columnist

NEW YORK, May 26—Major league clubs have been asked to change their starting times so the customers won't be leaving the park during the 5 o'clock rush.

The little red, book shows the Giants and Phillies played nine innings in 51 minutes back in 1919 and by eliminating all the waste motions most games could be finished in less than an hour and a half instead of the two hours they generally require. . . . That would send everybody home ahead of the mob.

Recent contributions toward more colorful sportswriting: "Elmer Riddle is as plain as an old shoe and as frank as an income tax collector." (Zipp Newman, Birmingham News). . . . "It isn't the ball that needs re-processing, it's the golfer." (Donk Moore, St. Johnsbury, Vt., Caledonian Record). . . . "All Lingus is faster than a rumor in an old lady's home." (James R. Finnegan, Louisville Times).

Today's Guest Star

Bob Stedler, Buffalo Evening News: "If the Cards miss the hitting of Johnny Mize—so do the Giants."

Service Dept.

Capt. Linnon Blackmon of Abilene, Texas, who used to play football for Texas Christian, has been sent home from Australia for hospitalization because of the recurrence of a back injury suffered in a forced landing several months ago. Friends report Lin was so determined not to miss the show in the Pacific that he was taken from New York to San Francisco on a stretcher to make the boat.

One-Minute Sports Page

A couple of days ago, Eddie Mead, who died yesterday, received a letter from Henry Armstrong asking what Eddie could do about getting him started on a comeback. . . . Eddie firmly sent back word: nothing.

When asked for his autograph, Gil Dodds writes his name and the key to some passage in the Bible that has a reference to athletics. He has about 60 of these passages.

FUNNY BUSINESS

"Cut your grass for two bits, Mister?"
