# THE PAMPA NEWS

**IN Flanders Field the poppies grow**  
Though storms may rage and winds may blow,  
We've broken faith with you who sleep,  
The vows we made we've failed to keep,  
Our country's now engaged in strife  
And fighting to protect the life  
You died for years ago.

**THE Lark that once sang in the sky**  
Is now afraid to even fly,  
The cross that marked your hallowed bed  
Is riddled now with scraps of lead  
And splattered with the blood of those  
Who sought to guard your sweet repose—  
They died for Liberty.

**THE Torch you threw, we shall relight,**  
To make amends to you we'll fight  
Till every foe—yes, every one—  
Lies dead beside his battered gun.  
No more you'll hear that martial tread,  
That sound disdainful to you dead  
Who lie in Flanders Field.

By  
Sergt. John Sullivan  
Fort Meade, Maryland

A fitting Memorial Day tribute to the soldier dead we honor today is this poem by a present member of the United States armed forces. He is Sergt. John V. Sullivan, 22, of the 191st Tank Battalion, Ft. Meade, Md., a former department store mail clerk from the Bronx, N. Y. Although a typical, tough tank

sergeant, Sullivan is adept at writing verse, carrying pencil and paper with him at all times in the best tradition of Joyce Kilmer, famed soldier-poet of World War I.

While this decisive action was being fought British mobile columns roamed the desert smashing the fuel trains, water trucks, and heavy motorized machine shops upon which the German depends to keep his mechanized units in action.

### Pharmacist In Race For Congress Seat

Lynn Miller, a Pampa pharmacist announced yesterday that he was filing as a candidate for congress in the 18th district as an opponent of Rep. Gene Worley who is on a U. S. naval fighting ship in the war zone. Mr. Miller is married and has a son. He formerly worked at a drug store in Amarillo. He received his training as a pharmacist in Oklahoma City where he attended law school two years. He said he would dispose of his interest in a local drug store to make the race. He has lived in Pampa three years. Mr. Worley has not announced as a candidate but parents of service men have put his name on the ballot in each of the 28 counties. Mr. Worley followed the precedent set by his predecessor Marvin Jones who joined the fighting forces in World War I in his first term in congress. Friends placed his name on the ballot and he was reelected without an opponent for his second term; then he served 20 additional years. Mr. Worley being at sea on a fighting craft will not make a campaign, but friends here were quick to announce that they would conduct any campaign necessary. His office has been busy handling war work, which has resulted in huge war contracts for Pampa, Amarillo, Borger, Dumas, Sultry, Dalhart, and Childress.

## Camacho Free To Declare War On Axis

MEXICO CITY, May 30 (AP)—The Mexican senate cleared the deck for war on the Axis today when it unanimously authorized President Avila Camacho to declare a state of war against Germany, Italy and Japan and then approved a bill to suspend constitutional guarantees and grant him extraordinary powers to mobilize the entire nation.

The senate action, following the unanimous war vote of the chamber of deputies last night, left Avila Camacho free to formally proclaim hostilities whenever he chooses. The vote on both measures was 53 to 0.

LT. LUCIAN YOUNGBLOOD, left, native Pampa, and 12 other Texans who bombed Japan under leadership of Jimmy Doolittle, were decorated by President Roosevelt yesterday. Lt. Youngblood is a brother of Mrs. Ray Barnard, 837 W. Francis. He was born here in 1918. He enlisted from Waco. He is the son of Clarence G. Youngblood. He received his wings last July at Stockton, Calif. He was stationed at Pendleton, Ore., air base before he was sent abroad. He served in 1937 and 1938 in the army at Fort Sam Houston. He attended St. Mary's university, San Antonio, in 1940, and played football and basketball. He joined the air corps in 1940. His wife is at Houston. Curtis Youngblood, right, is with the ferry command of the Royal Canadian Air Force at Winnipeg. He started school in Pampa. He served six years in the army at Fort Sam Houston in the 23rd infantry. He joined the RCAF in July, 1941.

were privileged to prove, once again, that free Americans consider no price too high to pay in defense of their freedom. The officers and men of the U.S.S. Houston drove a hard bargain. They sold their liberty and their lives most dearly.

"The spirit of those officers and men is still alive. That is being proved today in Houston, in all Texas, in all America. Not one of us doubts that the Houston naval recruits swam in today will carry on with the same determined spirit shown by the gallant men who have gone before them. Not one of us doubts that every true Texan and every true American will back up these new fighting men, and all our fighting men, with all our hearts and all our efforts."

"Our enemies have given us the chance to prove that there will be another U.S.S. Houston, and yet another U.S.S. Houston if that becomes necessary, and still another U.S.S. Houston as long as American ideals are in jeopardy. Our enemies have given us the chance to prove that an attack on peace-loving but proud Americans is the very gravest of all mistakes."

"The officers and men of the U.S.S. Houston have placed us all in their debt by winning a part of the victory which is our common goal. Reverently, and with all humility, we acknowledge this debt. To those officers and men, wherever they may be, we give our solemn pledge that the debt will be paid in full."

Proceeding their induction, the volunteers paraded with several hundred navy men and four bands while 48 bombers from Ellington field thundered overhead.

President Roosevelt bestowed the Navy Cross on Doris Miller, 23-year-old negro navy mess attendant from Route 1, Waco, for heroism at Pearl Harbor during the Japanese attack. The accompanying citation said that Miller, "while at the side of his captain on the bridge, despite enemy strafing and bombing, and in face of a serious fire, assisted in moving his captain who had been mortally injured, to a place of greater safety, and later manned and operated a machine gun until ordered to leave the bridge."

### Lynn Miller For Congress

Lynn Miller of Pampa today authorized the Pampa News to announce his candidacy for United States Representative of the Eighteenth Congressional District, subject to the action of the Democratic Primaries of July 25.

"I earnestly solicit your vote and serious consideration in my candidacy for this office—your chosen representative in the most important law making body of our Democratic form of government. I beg of you to consider the vital importance of your chosen representative to remain constantly at his post of service and duty, ever willing to serve a great country and a great people willingly, and in truthfulness, honesty, sincerity, faithfulness, and ability."

Mr. Miller said in announcing his candidacy for U. S. Representative of the Eighteenth Congressional District. "I have been a resident of the Eighteenth Congressional District for approximately six years. During that period of time I have acquired a complete understanding of the problems of the citizens of this section of the country. I am a native of Kiowa, Oklahoma, but chose the Panhandle of Texas for my permanent home. It was in the Panhandle of Texas that I chose my bride, a former Amarilloan, Mrs. Miller, our four year old son, and I live at 712 E. Francis Street, Pampa, Texas."

"I have been a resident of Pampa for over three years. Prior to that time I was a resident of Amarillo. I am a pharmacist by profession, holding a Ph. D. degree. Prior to entering the pharmacist profession, I attended Oklahoma City University for one year and had approximately two years study in the Oklahoma City law school. It was during my period of law study that I acquired my interest for legislative and constitutional governmental service," Mr. Miller said.

In announcing for office, Mr. Miller stated that he would make an aggressive campaign in behalf of his candidacy and would endeavor to contact personally as many people as possible throughout every community in the district which he desires to serve as Congressman.

### KHARKOV

(Continued from Page 1)

be Suez and the oil riches of Iraq and Iran beyond. For the British, it might be Tripoli and the complete control of North Africa—a springboard for an invasion of war-torn Italy.

The great battle was five days old and no clear picture of ascendancy was yet in sight. All the main British positions held firm and the fighting was behind the fluid imperious lines where the Germans, attempting to outflank their foe, might well have surged into a steel trap.

"More hard fighting must be expected," the British said. "Bitter resistance," said the Italians. "In North Africa the battle is continued," the Germans said curtly.

The vital fact emerged, however, that the RAF held a 5 to 3 command of the air, with the land forces, was inflicting deadly punishment on the Axis army. The hot sands were littered with wrecked and burning tanks and vehicles.

Reminiscent of the immortal message of the men of Wake Island to "send us more Japs," the Free French defenders of Bir Hacheim sent this word to headquarters: "We have beaten three battalions of Italians. Send us more." Hitler's boast that the Kharkov battle had ended "in proud victory of annihilation" was the third German victory claim for that area in a week.

But the extravagant tone of the special communique from the high command had all the hallmarks of propaganda to allay the anxiety of the home front, hungry for promised victory and saddened by the heavy and ever increasing casualties.

The Germans said the Russian sixth, ninth and 57th armies were annihilated; 240,000 prisoners taken, 1,249 tanks destroyed or captured and 538 planes and vast other material destroyed or seized. The Russians spoke of "defensive battles" still being fought in the Izyum-Barvenkovka region, 80 miles south of Kharkov, and of 2,000 Germans and 113 planes destroyed. Of another German claim that "the annihilation of encircled enemy forces" on the central front before Moscow was continuing, the Russians said nothing.

Kinshwa, the provincial capital of the eastern province of Chekiang, was lost by the Chinese Thursday but the Japanese had

paid dearly in lives in repeated assaults necessary to reduce the city, the Chinese said officially. Europe's western air front flamed violently again as the RAF attacked heavily after a pause of two weeks. The main targets were in the Paris suburbs and included the Gnome-Rhone Engine plant, the former Goodrich Rubber Works and other factories. Eight ships in a German convoy off the Dutch coast were hit by bombs, and at least four were reported set afire. The ships were bound for Norway and Finland.

Railways in northern France and the Cherbourg and Dieppe docks were blasted in the light of a bomber's moon. The British lost 13 planes but shot down seven of 50 German raiders which attacked Grimsby and Great Yarmouth. The German-dominated Vichy government said 80 were killed and 20 wounded in the Paris industrial suburbs.

Hitler addressed 10,000 German cadets and officers in Berlin while the Gestapo tried unsuccessfully to track down the assassins of Heydrich, one of his favorites. The Fuehrer issued special orders for Czechoslovakia, probably bloody ones.

A story gaining currency in occupied Europe, London said, was that Heydrich might have been the victim of a Nazi purge. It was whispered that "der Henker" was in league with the German army and industrialists and hatching a plot to overthrow Hitler and the Nazi party in favor of a form of communism.

"Our soldiers did their job at Valley Forge, and Yorktown, they did it at Chateau Thierry, they did it at Bataan, and they are going to do it in Tokyo and Berlin," he said.

"Jimmy Doolittle has been over here, to Tokyo, looking over the ground, but he left enough so that it will be recognizable when the next party goes over."

The decision to make it just another day was not confined to army plants. At Fort Riley, Kansas,

had been arrested for spreading alarming rumors on the war situation but had been released with warnings. The ministry of interior is engaged in new registration and fingerprinting of all foreigners in Mexico and further controls are expected after the senate acts on the war declaration and measures suspending certain constitutional guarantees in order to combat espionage and fifth column activity. The chamber of deputies approved all these items unanimously last night.

### WOMEN

army is not underrating the power of women and their abilities. Russian and Yugoslavian women have proved their mettle in hurling Molotov "cocktails" at enemy tanks, and otherwise taking an active part in real fighting.

In the WAAC, among the many positions that women can fill as well as men are the following: Clerks, machine operators, cooks, bakers, stewardesses, dieticians, pharmacists, telephone operators, telegraph operators, librarians, post exchange assistants, laundry workers, accountants, bookkeepers.

The WAAC is a corps of women in military uniform and under military discipline, organized for noncombatant service with the army. It is the only women's organization, exclusive of the army nurse corps, authorized to serve with the army.

Even in war time, the sweet feminine inconsistency remains, as witnessed in some of the questions asked by some of the women "rookies."

Of course, they ask if the uniforms are in good style—"I don't want to wear any clumsy-looking garb," one applicant declared.

Another wanted to know "how much danger" she would be in as a recruit in the corps.

Feminine caution came to the fore in another query as to whether the applicant could change her mind if she was once in the corps and didn't like it.

Besides this, the feminine trait

go like my uncle, John Drew. He died like a gent. His death truly was artistic."

"John's death was tragic and lonely. But he received good notices from many who had known and loved him. He would have enjoyed especially the final tribute of his physician, Dr. Hugo M. Kersten. Dr. Kersten said:

"I was compelled to wonder at the recuperative faculties of the man and marvel at a spirit and will that belied his 60 years."

Few friends visited him in his last 11-day critical illness. He had given and loaned thousands of dollars to movie friends and casual acquaintances alike. None came around the hospital. Possibly they feared he was too ill to be visited.

The great profile died broke... Broken financially and in health. Only his great heart kept him alive from last November, when liver and kidney ailments nearly ended his life, until last night.

At John's bedside when he died was one relative, Lionel, himself not well and using crutches, because of a fractured hip. Also present were his author friend, Gene Fowler, and artist John Decker.

Funeral rites probably will be conducted Monday. Lionel said there would be a simple, private service in the chapel of Calvary cemetery. John returned to the Catholic faith shortly before he died, "renewing an old acquaintance" after many years absence from the church.

### Monday Last Day To File For Office

(By The Associated Press)

Twenty-eight candidates for state offices in this summer's Democratic primary elections had their money on the line today.

A reminder from E. B. Germany of Dallas, party executive committee chairman, that Monday midnight was the deadline for filing notice of candidacy—accompanied by the requisite \$100—was expected to spur applications.

Germany said that notices mailed and postmarked prior to midnight, June 1, would be accepted.

Announced aspirants for 12 offices at stake in the first primary July 25 exceeded actual filings but the name of none will go on the printed ballot unless he can pay up.

The lieutenant-governor's race attracted more hopefuls than any other contest.

Seven candidates had filed and another, Boyce House, Fort Worth radio columnist, announced his intention to make the race.

Assured of places on the ballot in the lieutenant-governor's division

were state senators Vernon Lomens of Waxahachie, Harold E. Beck of Texarkana, and John Lee Smith of Throckmorton; Virgil E. Arnold of Houston, Doss Hardin of Dallas, Alton M. Mead of Cameron county and J. Dixie Smith of Harris county.

The contest for United States senator became a four-way fight with formal filing by Floyd E. Ryan, Houston attorney.

Ryan must battle Senator W. Lee O'Daniel and former governors James V. Alfred and Dan Moody who are seeking to unseat O'Daniel.

Alfred planned a campaign kickoff in Wichita Falls, his hometown, Tuesday night at an open air rally. Moody who hit the stump trail first at his home town, Taylor, last week, scheduled an appearance at Dallas on Monday, his 49th birthday anniversary.

Meanwhile, the governor's contest appeared as a possible runaway for one incumbent, Coke R. Stevenson who was seeking his first elective term. He had drawn no formal opposition when Germany shut up shop for the week-end.

A late filing in the railroad commission fight was Ernest O. Thompson, commission chairman who was seeking another term. He was opposed by Lester Boone, of Fort Worth, member of the state house of representatives.

Only two candidates for state treasurer had filed, Jesse James of Austin, the incumbent, and Gordon Smith, also of Austin. Larry Mills of Dallas announced he would file his application Monday.

Other filings reported by Germany were:

Comptroller: George H. Sheppard of Nolan county, the incumbent and Clifford E. Butler of Harris county.

Commissioner of the General Land

Office: Bascom Giles of Austin, the incumbent; and Neil Day of Eastland county.

Attorney General: Gerald C. Mann of Dallas, the incumbent.

Superintendent of Public Instruction: L. A. Woods of McLennan county, the incumbent.

Commissioner of Agriculture: J. P. McDonald, the incumbent; W. N. Bill Corry of Tarrant county; and W. W. King of Sabine county.

Chief Justice of the Supreme Court: James P. Alexander of McLennan county, the incumbent.

Judge of the Court of Criminal Appeals: Harry N. Graves of Williamson county, the incumbent; and Walter H. Strength of Harrison county.

### Light Goes Out On Statue Of Long

BATON ROUGE, La., May 30 (AP)—The light is out for the image of Huey Long but only after a brisk, oral battle in the legislative halls which the late senator once dominated so completely.

Each night for seven years a spotlight from the 20th floor of the skyscraper capitol shown down on the ten-foot bronze statue of "The Kingfish" over his tomb on the capitol grounds.

It was cut off some time ago as part of the wartime dimout but apparently the fact was not notified until a newspaper reporter called attention to it.

State Senator Ernest Clements, an old Long man, promptly introduced a resolution demanding that the light be turned on and kept on except in total blackouts.

This stirred long-drawn and fiery debate over the man and his methods, ended only when the resolution was beaten, 22-16.

### Army May Order Dim-Out Of All Gulf Coast Area

Indication that the entire Gulf Coast region will be placed under dim-out restrictions for the protection of Allied commerce was contained in a proclamation made public today by Lieut. Gen. Walter Krueger.

Restrictions and orders covering the control of artificial lighting will be promulgated in due course, Lieut. Col. W. C. DeWare, public relations officer of the southern defense command, said.

The restrictions are necessary for the protection of American and Allied commerce from danger of destruction by enemy attack, General Krueger stated.

Announcement of the setting up of the command was contained in a document received here, titled "Headquarters Southern Defense Command, San Antonio, Texas, Public Proclamation No. 1."

Special emphasis is put upon the "border counties" of the states in the military region which is composed of Texas, New Mexico, Arkansas, Louisiana, Mississippi, Alabama, and Tennessee, and that portion of Florida west of the Apalachicola river.

A ring of counties extending from Bay county, Fla., around the Gulf and up to the Rio Grande to Hidalgo county, N. M., are designated separately as military area No. 1 in their respective states.

Formation of the southern defense command is based on a war department order of December 20,

1941, and the region combines, though each still carry out their respective functions, the VIII and the IV corps areas. Headquarters of the VIII corps is San Antonio; of the IV, Atlanta, Ga.

General Krueger, in issuing his proclamation emphasized that the only restriction of any kind covered in the current proclamation is in respect to the control of lighting. No evacuation of any kind is ordered by this proclamation, nor does it contain any restrictions upon civilians, be they citizens or aliens, except in respect to lighting. The rules and regulations of the department of justice for the conduct and control of aliens of enemy nationality remain in full force and effect.

Military areas set up included: Texas Military Area No. 1 embracing all territory within the following counties in the state: Arkansas, Brazoria, Brewster, Calhoun, Cameron, Chambers, Culberson, Dimmit, El Paso, Galveston, Harris, Hidalgo, Hudspeeth, Jackson, Jeff Davis, Jefferson, Kleberg, Kenedo, Kinney, Liberty, Matagorda, Maverick, Nueces, Orange, Pecos, Presidio, Refugio, San Patricio, Starr, Terrell, Val Verde, Victoria, Webb, Wilbacy and Zapata.

New Mexico Military Area No. 1 embracing all territory within the following counties in the state of New Mexico: Dona Ana, Grant, Hidalgo, and Luna.

### Schulenberg Has Surplus Of Onions

SCHULENBURGH, May 30 (AP)—Payette county farmers who answered the government's "Food for Victory" appeal by planting onions begged today for a market.

"Farmers here are being forced to dump two thirds of their crop and are looking for places to pile their rotting onions where the putrid odor will not offend their neighbors," said Editor Charlie Bost of the weekly Schulenberg Sticker.

The farmers have no market for 2,000,000 (million) pounds of high quality onions, he said. They are now bringing a low of one-fifth of a cent a pound to the producer in a community where onions were retailing at eight cents a pound two weeks ago.

"Our farmers represent only a very small portion of the growers in Texas who are without a market

## New Allowable For State Set At 1,249,788

(By The Associated Press) AUSTIN, May 30. — Maximum average daily allowable of 1,249,788 barrels of crude oil for the first 15 days of June was authorized in a statewide oil production order issued today by the Texas Railroad commission.

Engineers estimated actual production would be 1,186,299 barrels, five per cent under the allowable, which would be 117,699 barrels in excess of the office of petroleum coordinator's recommendation for production of all petroleum liquids in Texas.

Texas now produces 101,879 barrels daily of condensates and distillates, flow of which is not regulated by the commission, and the overall output of petroleum liquid thus would be 1,288,178 barrels a day, or 219,578 more than certified by OPC.

In announcing the new schedule Commissioner Jerry Sadler said the commission had authorization from Harold L. Ickes, federal petroleum coordinator, to regulate condensate and distillate production and a commission order, effective July 1, would result in substantially less flow of these liquids which the OPC now classifies as "crude petroleum oils."

Under the state law the commission cannot regulate distillate flow. The authority from Ickes came through wartime emergency powers vested in the federal government. Sadler and Commissioner Olin Culberson who signed the 15-day June order declared it purposely was made to exceed OPC estimates of need because less crude would not fill war needs.

## Panhandle Oil Field Cut 952 Barrels Daily

The Panhandle oil field received a cut of 952 barrels daily for the first 15 days of June in the new production order issued yesterday by the Texas Railroad commission. The reduction was much less than received by other fields, excepting West Texas and West Central Texas which were given large increases after having cut back last month.

Ten producing days were permitted in the order with holidays on June 1, 6, 7, 13 and 14, except for fields producing aviation grade crude. Number of shutdown days for those fields was not given.

The average daily allowable of 1,249,788 barrels beginning June 1 compared with a daily average of 1,374,479 for the week ended last Saturday.

Comparisons by districts for May 23 and June 1 were "average daily allowable."

## Louis To Complete Military Training

WASHINGTON, May 30. (AP)—The army has about decided it's time Joe Louis Barrow learned to fight more effectively with rifle and bayonet as well as with his renowned fists.

The heavyweight champion probably soon will be ordered transferred to a replacement training center or to some other post to complete his basic military training, it was learned authoritatively.

At least until this military training is completed, there would be no ring appearances for any purposes but the army's.

The effect on the decision is to rule out the plea by promoter Mike Jacobs that the Brown Bomber be permitted to make a commercial appearance to raise money to meet a \$117,000 income tax payment due June 15.

In the approximately four months Louis has been officially enrolled as Private Barrow, he has fallen far behind the military progress made by others who were inducted about the same time. They were given a routine but stiff course of basic training at replacement centers lasting 12 weeks. Even so Louis this week was promoted to corporal.

## Rank Raised For Three Miamians In Armed Forces

Miami, May 30.—The Miami Chief has been informed of the promotion of three members of the armed forces from this county within the past week.

Pvt. 1st Class John M. Arrington battery E, 26th battalion, field artillery replacement training center, Fort Sill, Okla., son of Mr. and Mrs. John Arrington of Miami, has been promoted to the rank of technician 5th grade.

Edmund Lee Kivlehen, son of Mr. and Mrs. Dan Kivlehen, who is in training with the instrument department at the 498th school squadron, Lubbock army flying school, has been promoted to private first class.

William J. Craig, son of Mr. and Mrs. W. H. Craig of Miami, has just been commissioned an ensign in the United States Naval Reserve after completing a course of training at Abbott hall, Northwestern university in Chicago, eighth naval district headquarters has announced.

Billy is a graduate of Texas university and at present is in New Orleans. He will be assigned a naval unit either afloat or ashore, at an early date. He has just been home on furlough.

## District Court To Open Monday

With one of the lightest dockets in many terms, the June term of 31st district court will open here tomorrow morning, starting a nine-week session.

Although the total number of cases is about the same as usual, 230 in all, delinquent tax suits account for 115 of these. Divorces, usually running around the hundred mark, are down to 71, and there are only six criminal cases.

Appearance cases total 27, jury eight, non-jury three. On the criminal docket are the following:

State of Texas vs. W. H. Mayberry and Clifton Hill, (although case is listed in this manner, only the latter defendant is on trial, as Mayberry was assessed a five-year suspended sentence on February 19.)

State of Texas vs. Carl Mayberry, theft; State of Texas vs. Charles Coleman, theft; three cases against Charles Screws, forgery the charge in two, theft in the other.

Screws is the only one of the defendants listed being held in jail, the others being out on bond. In the first case listed the charge is in alleged connection with the reported removal of two cap bearings and a connecting rod.

Coleman is under indictment in alleged connection with the reported taking of a Ford sedan, valued at \$750, belonging to Roy Holt. Forgery charges against Screws are in alleged connection with one

\$4 check and another \$3 check purporting to be signed by Peter's Body Shop. The theft charge against the same defendant is in alleged connection with the taking of a Ford automobile, valued at \$500, belonging to Cliff Rutherford.

Carl Mayberry is under indictment for allegedly taking two cap bearings and a connecting rod, valued at \$300, belonging to L. V. Miller.

**Suits Against Cities**  
The city of Pampa is plaintiff in one case, defendant in another, and the city of McLean is the defendant in two other cases in the list of court settings.

First on the list under "jury docket," is the case of City of Pampa vs. Fred Cullum, a delinquent tax action filed on October 18, 1938.

Continued from the last court term is the case of W. E. Long vs. City of Pampa, with damages as the cause of action. The plaintiff suffered injuries when hit by a city truck while working out a fine nearly a year ago. The case was filed September 19, 1941.

A. L. Hibler is the plaintiff in one case, Guy Hibler the plaintiff in another, in both of which the City of McLean is the defendant. Damages is the cause of action. The case grew out of a gas explosion that damaged a McLean cafe. Both cases were filed September 19 of last year.

**Term Schedule**  
Tomorrow, the entire docket will be sounded at 10 a. m., and called for order on each Monday at 10 a. m. thereafter.

On Tuesday the non-jury docket will be called for trial. First week, June 1, non-jury; second, June 8, civil jury; third, June

15, civil jury, subject to criminal; fourth, June 22, civil jury; fifth, June 29, civil jury, subject to criminal; sixth, July 6, civil jury; seventh, July 13, civil jury; eighth, July 20, non-jury; ninth, July 27, civil jury subject to criminal.

**Grand Jury Panel**  
Due to report in court tomorrow are the following grand jurymen:

Raymond B. Allen, Tom Clayson, I. B. Hughey, Travis C. Lively, Perry O. Gant, Joseph W. Shelton, all of Pampa; R. L. Iroochshire, C. V. Davis, J. E. Dolein, all of LeFors; Jay Evans and Ennis Jones, both of Laketon; E. R. Sherrod and O. G. Oakley, both of Alanreed; W. M. Banta and John Cooper, both of McLean; P. B. Farley of Groom.

**Attacks On Cities Loom**  
DALLAS, May 30. (AP)—The possibility of enemy attacks on American cities "becomes more than ever a probability as the course of war moves on," Civilian Defense Director James M. Landis said tonight.

Landis, speaking at a war show here, declared "The enemy, to win, must destroy our means to overwhelm him with our greater force of production, or our will to win by breeding terror, doubt and indecision in our midst."

In the interest of the American nation . . . certain new credit restrictions have been placed on purchasing. We believe it to be our duty to give you all the facts about these new terms . . . tell you how they operate. And so, in simple down-to-earth language, we present this story:

1. You may still have up to 12 months to pay on installment payments. You merely pay 1/3 down on any purchase and the balance on terms of as little as \$1.25 a week.
2. You may open a charge account with no money down required. Your purchase on this plan is to be paid by the 10th day of the second month following purchase. In other words . . . any charge account purchase made at any time in June is payable by August 10th. . . any purchase made any time in July is payable by September 10th, etc.
3. You may buy on a LAY-AWAY plan. Make payments as convenient until 1/3 of the purchase price has been paid. Then you may take delivery and arrange to pay the balance on terms of as little as \$1.25 a week and you may have up to 12 months to pay.
4. There is still no interest or carrying charges on your jewelry purchase under these new credit terms at our store.

### Army Emergency Relief Committee Named By White

Acting in response to a letter from the office of the commanding officer of Fort Sill, Okla., an army emergency relief committee has been appointed by Gray county by a county selection board, headed by County Judge Sherman White.

Work of the committee is to supplement the relief work of the Red Cross. It will assist in the care of dependents of those soldiers lost in action and unusual cases of hardship of military personnel.

The Red Cross assists in the relief of the dependents of the living soldier, in general, but many cases will arise where relief cannot be furnished by the Red Cross, but by reason of its broader regulations, relief can be furnished by the army emergency relief committee.

Judge White said he had been told by Mrs. J. B. White, executive secretary of the Red Cross, that her organization was well prepared to cope with the situation at present.

The judge said he saw nothing for the committee to do now, but if there should be numerous cases of soldier families needing aid, the committee would be prepared to function.

Gray county is in district 14 of the army emergency relief, with Fort Sill as district headquarters.

Members of the county committee, appointed by the board, are:

Ed Vicars, chairman, Paul D. Hill, E. J. Dunigan, Jr., Dan Gribbon, all of Pampa; T. A. Landers and Witt Springer, both of McLean, and Hank Breining of LeFors.

Serving on the county selection board was the county judge, Leroy Franks, Kingsmill postmaster, Tex DeWeese, managing editor of The Pampa News, and D. F. Osborne, chairman of the Pampa chapter of the Red Cross.

**Job of Committee**

Duties of the committee, as outlined by Major Elmer B. Hicks, field artillery, Fort Sill, Okla., are:

To familiarize themselves as to army dependents residing in their area.

To assist in the investigation of cases needing relief.

To recommend the kind or amount of assistance in each case.

To aid in publicizing and promoting army emergency relief, and to enlist membership and support.

To assist the county chairman in raising funds by means of membership, contributions, and donations, (no drive is considered needed locally).

To work with the Red Cross and other agencies insofar as the army is concerned.

### Concert Will Be Played Tonight At Presbyterian Church

At 8 o'clock this evening a musical worship service will be presented by the First Presbyterian church. The service will be played by Mrs. H. A. Yoder, organist of the church, and Miss Evelyn Thoma, violinist.

The music in this service contains much of the best loved music for pipe organ and violin. It is not only familiar but it is music long associated with Christian worship.

The order of service is as follows:

Organ, "Meditation Serieuse" (Barbieri), "Largo" (New World Symphony) (Dvorak), Mrs. Yoder; violin, "Liebestraum" (Last), "Ave Maria" (Bach-Gounod), "Poeme" (Fibich), Miss Thoma; organ, "May Night" (Palmer), "Andante Cantabile" (from Symphony IV) (Widor), "Pizzicati" (from Sylvia) (Debels), "To Spring" (Criegler) and violin, "Sonata IV," (Adagio and Allegro) (Handel).

The organ in the First Presbyterian church is a product of the M. P. Moller company of Hagerstown, Md., largest builders of pipe organs in the world. It was installed in the church a little more than a year ago. The violin that Miss Thoma plays was made for her by her father and has the exact measurements of a Stradivarius, which produces an extraordinary fine tone.

All persons are welcome to attend this service of worship. The preludes on the T. D. Hobart Memorial chimes will begin at 7:45 p. m.

### Commander Of Nazi U-Boat Offers Rum, Cigarets To Victims

GROTON, Conn., May 30 (AP)—The master of a torpedoed American freighter told today how the captain of a German U-boat sent his craft to the bottom, then tarried long enough on the spot to offer cigarettes and rum.

Captain George Hazelaar of Oakland, Cal., and 29 members of his crew, who drifted five days in open boats, often drenched by heavy rains, were brought to the U. S. submarine base after rescue by a navy ship.

For five and a half hours from the time he first sighted a decoy sail some five miles away, he sought to elude pursuit only to lose to a sub-captain who, having put the survivors on the course to New York, voiced his regret in good English:

"Sorry, but this is war."

During the entire exchange, said Hazelaar, photographers on the sub's deck kept snapping the scene.

Only one man was lost—Second Mate Fred C. Martin of San Antonio, Tex., who died on the bridge as the second of three torpedoes (the first missed) crashed into the port side of the ship.

### Rayburn Assails Congress Critics

ALLENTOWN, Pa., May 30 (AP)—House Speaker Sam Rayburn (D-Tex.) bluntly declared tonight that "the members of congress are today under attack, and it seems that in some quarters there is a studied effort to destroy the faith and confidence of the American people in their elected representatives."

"There has never been a dictatorship buildup in any land until the faith and confidence of the people had been destroyed in the legislative branch and the legislative branch itself had been destroyed," he added in an address prepared for delivery at Muhlenberg college.

"Hitler," he said, "did this first in his own land, and then in the conquered countries of Europe. Today the same thing is being attempted in this country by propagandists, and unfortunately, quite a few of the commentators and speakers and writers, without thought of the consequences and without knowledge of what is being done, are spreading this propaganda."

He criticized persons who, "wanting to attack some group in congress for a vote they have cast, seem to think they must attack the body as a whole."

"Just a few months ago," he said, "you heard such propaganda as this: That nothing was being done by congress or the administration; that the industries were laying down on the job; that labor was not doing its part."

### ODT Extends Trucks Delivery Mileage

Regulations of the office of defense transportation affecting operation of trucks which were to go into effect tomorrow have been amended slightly, Crawford Atkinson, president of the Pampa Board of City Development and Chamber of Commerce announced yesterday after a long distance telephone conversation with S. J. Cole, Dallas, district supervisor of the ODT.

The local delivery area has been extended from 15 miles to 25 miles from any city. This amendment will likely be permanent, Cole said.

The requirement that a truck must be 75 per cent loaded on the return trip will not go into effect until July 1, extending this provision for thirty days, he said.

Cole promised to send copies of the amendments to the Board of City Development early next week. Any local truck operator interested in the amendments or in the original order may secure copies of it at the ODT office in the city hall.

Well, Baseball Fans, Are You Men And Women Or Mice?

PAMPA AND THE PAMPA OILERS

Editor's Note: Well, baseball fans of Pampa and vicinity, are you men and women or are you mice? Are you going to sit back and let this baseball fan call you names and tell you a few truths and facts without doing something about it?

Sam, in a letter to the Pampa News sports department, said that he picked up a copy of The Sporting News the other day and learned, with great joy, that Pampa was back in the West Texas-New Mexico league and going strong.

**Pioneers To Stay In League As Long As Anybody Else**  
CLOVIS, N. M., May 30 (AP)—Stockholders of the Clovis Pioneers have appointed a committee to see to it that the champions of the financially-harassed West Texas-New Mexico league stay in the loop as long as any other member.  
Faced with the prospect of folding up the club or transferring the franchise elsewhere, stockholders and fans met last night and raised \$450 to cover a deficit caused by diminishing returns at the gate.  
The committee was instructed to raise funds for the Pioneers when and if the bill becomes empty again. Clovis is leading the league with 21 victories against 10 losses.  
When the Pioneers' financial slump became acute last week, it was reported El Paso, Texas, was ready to take "some" WT-NM league outfit into the fold for nourishment from a potentially fat gate. El Paso was a member of the Arizona-Texas league which collapsed last fall.  
The plight of Wichita Falls was the first to reflect the trials and tribulations of operating a sugar-brush league club during wartime, with great distances to cover to reach comparatively small crowds.  
The Spudders transferred their franchise to Big Spring to stay in the league.

**Oiler Business Manager Resigns**  
Hugh Alexander, business manager of the Pampa Oiler Baseball club, resigned yesterday. He will leave tomorrow for his home in Seminole, Okla. He said he had no definite plans for the future.  
Directors of the club accepted the resignation and said that no successor would be named. They plan to name one of their members to handle the work.  
Alexander, in resigning, said that the club was not making any money and that expenses will have to be cut and cut again. He said that he didn't feel that he was earning his money.  
"The directors took it upon themselves to do most of the work," Alexander said, "and I don't believe in keeping a job in which I don't earn my salary. I have enjoyed my stay in Pampa but am disappointed at the lack of interest in the team. Pampa has a great manager in Dick Rattiff and a great ball club, one that should be well supported."  
Alexander came to Pampa a week

**Golf Tourney Proceeds Will Go To Red Cross**  
Pampa's Decoration Day Golf tournament will be a charity meet before the season opened. Prior to coming to Pampa he had been a scout for the Cleveland Indians for three years. He was a star outfielder for the Indians before losing a hand in a farm accident.  
with all proceeds going to the American Red Cross. Similar tournaments will be held in all of the larger cities in the nation.  
The Pampa Country club tournament committee has arranged a blind bogey tournament today. Entry fee will be \$1. Each player will turn in his score and after all matches have been played a number, somewhere between 65 and 120, will be drawn from a jar and the holder of the same score will receive a Red Cross certificate. A second number will be drawn and a runner-up certificate awarded.  
Women golfers are also staging a tournament, with certificates going to the winners.  
Fifteen per cent of the gross proceeds will go to the local Red Cross chapter and 85 per cent to the national chapter. Charlie Thut, chairman of the tournament committee, hopes that every golfer in Pampa and vicinity will play today. The course is in excellent condition.  
Similar tournaments are being planned for Independence Day and Labor Day.

### V Notes RED CROSS VOLUNTEERS

By MRS. FRED ROBERTS

All of the 360 kit bags are out and some already in. The material did not arrive until Thursday but by that evening all of the bags had been cut and practically all given out. Mrs. E. W. Voss and Mrs. Guy Dunwoody turned theirs in on Friday already. Most women took 10 bags, though Mrs. Bill Heskey and Mrs. C. K. Beckham each took 25 and Mrs. W. R. Cummins, 20. Entre Nous club took 100 and will pay for the filling of 10 of them; and as previously announced, Holy Souls Altar society took 50.

The bags must be in by Monday at 11 a. m. when the room closes for the morning. In the afternoon Mrs. Hol Wagner, Mrs. Mike Roche and others will begin filling and packing them so they can be sent off immediately.

Mrs. Roche has been having some difficulty in finding 360 of each article that is to be included in the kit. Imagine finding 360 soap boxes in pampas. For instance. However, she has been fortunate and the articles which had to be ordered are practically all in by now.

The Girl Scout troop and the cub pack, sponsored by Holy Souls Catholic church, rolled the shoe clothes that had already been cut and packed and put a rubber band around each one.

This week we will ship all the robes and all the gowns (that is, if the gowns that are out are turned in in time) and as many of the knitted garments as we have on hand. We hope that many of the navy articles that are out will come in so that they can be included in this shipment. If you have a garment that is almost finished, call Mrs. Wagner and ask her just what day she is shipping so that if it is possible you can get it in by then.

The bed jackets surely aren't going very fast and we will have to get at them so that we will be ready to start on the 350 blues, material for which should arrive soon. The new quotas will be sent some time in June and then there will be still more to do. The national office has bought recently 150,000,000 yards of cloth for this new quota.

These bed jackets are for our army

and navy hospitals and are badly needed.

We are issuing now the long-sleeved Brooks type khaki sweater. These should go fast because practically all of our knitters have already knit the Brooks type sweater. For those women there will of course be no need for any check-ups.

We have quilt tops that have been pieced but no funds to buy the filling. One of the best things to put between these backs would be an old blanket and then it could simply be knotted instead of quilted. When you put your blankets away for the summer maybe you will find an old one that you might contribute for this purpose.

### War Stymies Bad Taste of Show-Off's

By RUTH MILLETT

This war is certainly hard on Mrs. Jones—the woman who in the past has run all the other women in town ragged trying to keep up with her.

Ordinarily she would be getting a new car now with all the latest gadgets and an eye-stopping paint job. But that's out.

She is still buying clothes the other women can't afford, but now instead of looking green-eyed at her smartest outfits they just say pointedly, "We're putting every cent we can spare into Victory Bonds."

She has reluctantly given up those big dinners she used to have that made the entertaining the other women could afford look like a feeble try. It finally dawned on her that they are in bad taste in wartime.

And she has cut down considerably on running to the city (not even HER tires will take that kind of wear and tear) for the shopping trips on which she used to buy everything she saw that hadn't yet been seen in her town.

NEW SHE MAY TRY WAR WORK

She is afraid to have her house redecorated, even though it has been almost two years since she had all the women talking about her unusual color schemes. Something tells her that this isn't a good time to pull a complete new decorating job on the other women.

Poor Mrs. Jones doesn't know what to do with herself these days. She is so out of the picture that she is considering taking up some kind of war work. She will if she can hit on something nobody in town has tried yet, something that will set all the women talking.

"A TIRE THAT IS UNDER-INFLATED only five pounds loses 32 per cent of its normal mileage." Look inside your tires for damage from too little pressure. It's not always visible on outside.

### Learn Simple Tips To Save Precious Tires

By NEA Service

Hard driving and improper care blizzkrieg auto tires into premature uselessness. Here are a few simple precautions for making the tires last infinitely longer:

1. Make sure that all tires are properly inflated. A tire that is under-inflated only five pounds loses 32 per cent of its normal mileage. Over-inflation causes similar damage.

2. Reduce your driving speed 25 per cent and you can increase your tire mileage up to 83 per cent. High speeds cause more slippage, abrasion, scuffing, and use of brakes. They all have a "grindstone" effect on tires. Tires wear out three times as fast at 45 as at 25.

DON'T BUMP THE CURB

Make sure front wheels are not "pigeon toed." To equalize normal wear, put tires on different wheels every 5,000 miles. Avoid swerving around curves, and driving with bent rims. It is important to make sure your brakes are equalized in order to insure even tire wear.

Painting tires will not add to their lives, but avoiding quick starts and stops can give thousands of additional trouble-free miles. Because heat damages tires, only about 50 per cent as much mileage can be expected in summer driving as compared to winter driving.

Avoid bumping into curbs. This is one of several causes of damaged tires which prevents retreading.

When making boiled custard in double-boiler the boiler should be kept over low heat—never boiling, or the custard will cook too quickly, making it curdle. Custard should be stirred constantly with a spoon while cooking.

### GIRLS' FROCK

A pretty summer frock in a simple style girls will approve is presented in today's pattern. A charming effect is gained by shoulder yokes and a simple button treatment which decorates the bodice. A raised skirt line emphasizes slimmness at the waist; the skirt flares to a wide, full hem. Easy to make, this dress can be turned out by anyone who knows even the rudiments of sewing at home.

Pattern No. 8189 is in sizes 6, 8, 10, 12, and 14 years. Size 8 years takes 2 1/2 yards 35-inch material; 2 yards machine-made ruffling.

For this attractive pattern, send 15c in coin, your name, address, pattern number, and size to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

### Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below.

1. If a friend invites you to her home to meet a house guest is it all right to give as an excuse for not accepting her invitation, "It's just too hot to get dressed"?
2. Is it a good idea to spend a good part of an evening showing guests your hobby, unless you know they are also interested in it?
3. If the hostess, at an informal meal served out-of-doors, tells her guests to pick up their fried chicken in their fingers if they wish, is it all right for them to do so?
4. Is it correct for a doctor's wife, when speaking to friends, to refer to her husband as "the doctor"?
5. Should a letter written to a doctor's wife be addressed "Mrs. Dr. Smith"?

What would you do if—  
Your wife or your husband makes a mistake in grammar or mispronounces a word, when talking with friends:  
(a). Correct him (or her)?  
(b). Let the mistake pass?

Answers

1. No. That sounds as though you aren't willing to put yourself out in the least for a friend.
2. No.
3. Yes.
4. No. She should call him John.
5. No. Mrs. John Smith.

Best "What Would You Do?" solution: (b).

DEEP-FRYING REMEMBER

When frying remember to fill your frying kettle only one-half to one-third full of oil. Heat to about 375 degrees Fahrenheit, at which a one-inch cube of bread will brown in about two-thirds of a minute. Keep a paper towel or some absorbent paper handy to drain off excess fat after the food has been cooked. Cooking oil may be used over again. After using strain through a clean cloth and store, covered, in the refrigerator.

### Summertime Heralds A Change In Your Perfume, Makeup

By ALICIA HART

Some of the nicest things displayed now in cosmetics departments were designed especially for summer beauty.

There's a sachet which looks and smells like a rose. This ought to simplify packing for those nipped-even-shorter week-ends. It could be used instead of perfume during hot summer months.

Toilet water also is an ideal summer fragrance-giver. A great many smart women put away their favorite perfume at this time of the year. Should you do this, be sure to melt a bit of wax around the stopper to minimize evaporation, and wrap the bottles in cotton and store in a dark, cool place. You can use toilet water instead of the heavy, exotic perfumes.

If you are thinking of buying perfume especially for summer use, consider some of the lighter fragrances. There's one which calls up May mornings in the country. Another has the pristine quality of forget-me-nots, which inspired the cologne flavor.

Some are named for the cotton fabric which your new dresses are made of. For instance, the clean and pert scent which comes in matched cologne, daytime perfume, dusting and bath powders, and perfume.

### CLEAN VENETIAN BLINDS

Frequent dusting of Venetian blinds with special fingered lamb-wool rubber sponge dusters or the round dusting brush attachment to your vacuum cleaner should keep them free from dust and soot. Occasionally they will need to be wiped off with a damp cloth and, if they are kept well waxed, you will find that the smoother the surface the easier it will be to brush off loose dirt. Brush the tapes frequently with a stiff brush and, when they become soiled, use a good commercial upholstery cleaner on them.

Elephants' Walk

When walking, elephants move only one foot at a time, and African big game hunters say that a crippled elephant cannot walk because of this fact.

### IT'S SNOODY, BUT 'SNICE'

It's a snood! Underneath Patlette Goddard's poses, that seem to grow in her hair, there's a fine white net cap which holds the flowers in place and also Paulette's locks. That bow sitting behind the soft part of her hair on her forehead holds the snood on—even though the hair's more active moments in her Paramount picture, "Reap the Wild Wind."

MACHINE CHECK-UP

Now's the time to draft your sewing machine for double war duty—the job of conserving precious textiles by making over your wardrobe backnumbers and all the sewing assignments from the Red Cross and other war relief agencies you can manage. But you can't do either job efficiently, if you don't keep your sewing machine in good running order. Regular brushing and oiling are essential routines. Do keep directions for oiling your particular machine handy and follow closely. Periodic check-ups and tuning up by service men from your local sewing center or machine store are also important.

ON TILE FLOORS

With good care tile or marble flooring and walls should remain shining and in good condition. Use a damp cloth wrung out of clear water for regular washing. If the floor is really soiled, a mild scouring powder may be used. Then rinse and dry. Never, never use a cleansing agent containing an acid. Acid is injurious to tile surfaces. For sweeping you will find a soft hair brush better than a stiff broom.

### Mrs. Williams Sings Praises Of Weed Wardens

Weed wardens, instrumental in getting Pampa's Clean-Up campaign underway, have received a "pat on the back" from Mrs. Dan Williams, chairman of the Pampa Clean-Up, Paint-Up, Fix-Up committee.

Officially, the campaign closed last week, but the work of keeping the city clean is to continue all summer.

To the 250 weed wardens, the chairman addressed this letter:

"The City of Pampa, the Clean-Up, Paint-Up, Fix-Up Campaign committee, and the citizens of Pampa want to express their deep appreciation for the manner in which you accepted the responsibility of serving as weed wardens for your block.

"If the wholehearted work that has been displayed this past week is continued throughout the summer in regard to vacant lots, alleys, and yards, we will not again experience the 'weed trouble' we had last year.

"You have not only done a great job in making Pampa a cleaner city in which to live—but you have also done a patriotic duty by making Pampa a safer city in which to live.

"With this brand of cooperation extended by the citizens of the United States all over our great nation, we cannot help but be victorious in our present war effort."

### Two Machine Tool Classes To Start

Two day classes in machine-tool operation, part of the national defense program, will start tomorrow at the shop on the high school campus.

There are a few vacancies in the class. Registration must be through the Texas Employment Service in the Combs-Worley building.

One class will be from 8 a. m. to 12 noon, and the other from 12 noon to 6 p. m.

### OUT OF THE DRAMATIC MATERIALS

packed in Ellen Glasgow's novel, Warner Brothers has fashioned a powerful and often richly brooding picture that should bring a highly favorable reaction from intelligent film audiences.

Leading the high-powered cast of "In This Our Life," are Bette Davis and Olivia de Havilland, shown above, George Brent, and Dennis Morgan.

Miss Davis has the role of the vixen who starts off by running away with the husband of her sister, jilting her fiancé.

De Havilland, exact opposite of her sister, gets a divorce and the runaway lovers are married—but not for long.

Morgan is driven to suicide by Miss Davis' conduct. The picture is showing today, tomorrow, and Tuesday at the La-Nora.

Lieut. McMurtry Visits Here In Army Transport

Lieut. L. C. McMurtry "dropped in" on his wife and mother here Friday afternoon.

He was flying a big twin-engine army transport across country and landed at the airport and spent the night here.

He was accompanied by Lieut. Earl A. Arnett, co-pilot, Sgt. O. W. Loudy, crew chief, and Pvt. Ralph Leyva, parachute trooper stationed at Fort Benning, Ga., on leave to visit relatives in California.

They took off yesterday morning for Sacramento, Calif.

Mrs. McMurtry is the former Betty Jo Thurman, daughter of Mrs. Pauline Thurman, Lieut. McMurtry is the son of Mrs. Gertrude McMurtry, longtime Pampa resident.

### Welles Plays Discrimination Against Color

ARLINGTON CEMETERY, May 30 (AP)—Abolition of race, color and religious discrimination and the setting out of swift, inexorable justice to individuals, groups or peoples responsible for the war were advanced as peace aims today by Undersecretary of State Sumner Welles.

In a Memorial Day address in this cemetery across the Potomac from the national capital, Welles declared that "we must utterly and finally crush the evil men . . . the iniquitous systems . . . that are today menacing our existence," and then outlined his views of the peace to come.

"Our victory must bring in its train the liberation of all peoples," he said.

"Discrimination between peoples because of their race, creed or color must be abolished. The age of imperialism is ended. The right of a people to their freedom must be recognized, as the civilized world long since recognized the right of an individual to his personal freedom.

The principles of the Atlantic charter must be guaranteed to the world as a whole—in all oceans and in all continents."

Welles declared he believed "the voice of those who are doing the fighting and the voice of those who are producing the arms" must be heeded after the war, and continued:

"And I believe that these voices of men who will make our victory possible will demand that justice be done, inexorably and swiftly, to those individuals, groups or peoples, as the case may be, that can truly be held accountable for the stupendous catastrophe into which they have plunged the human race. x x x

"I believe they will require that the victorious nations, joined with the United States, undertake forthwith during the period of the armistice the disarmament of all nations, as set forth in the Atlantic Charter, which 'may threaten aggression outside of their frontiers.'"

"I believe they will insist that the United Nations undertake the maintenance of an international police power in the years after the war to insure freedom from fear to peace-loving peoples until there is established that permanent system of general security promised by the Atlantic Charter."

BUY VICTORY STAMPS—Synthetic Rubber Proves Successful

MIDLAND, Mich., May 30 (AP)—Chemists of the Dow Chemical Co. here said today that retreading of worn automobile tires at the rate of a million tires a month by the end of 1942 would be possible by use of a new thiokol-type synthetic rubber developed by Dow research men.

The chemists, who refused to be quoted directly, said actual road tests of tires retreaded with this substitute have reached a total of 5,000 miles without excessive wear.

BUY VICTORY BONDS—Approximately 600,000 tons of artificial rubber will be achieved by the middle of 1943. About 100,000 tons are expected to be manufactured by the end of the present year.

GLORIA WARREN, right, 15-year-old bundle of song and sunshine, appears above with Frankie Thomas, in Warner's "Always in My Heart," simple, refreshing film of everyday humanity, a strong dose of sentiment mixed with music. Story is about a father who meets his children after years in prison

but cannot reveal his identity because they believe him dead. The convict, a musician, withholds from his ex-wife that he is being paroled so that she will not change her mind about being married to a wealthy man who can better provide for her and their boy and girl. U. S. Coast Guard Recruiter To Be Here June 2, 3

Lieut. Virgil Smith, Special Recruiting Officer will be in Amarillo at room No. 301 Post Office building, on Tuesday and Wednesday, June 2 and 3, 1942, to interview applicants for enlistment in the United States Coast Guard as police and fire department investigators. These investigators, if qualified, will be given petty officer ratings with salaries up to \$170 per month.

The duties of these investigators will be in connection with Captain of the Port Details of the U. S. Coast Guard.

Each applicant must be from 17 to 35 years of age, and a graduate from high school. To be eligible for the maximum salary, the applicant should have at least two years of college and five years experience in criminal investigation work. Men with less education and experience will be offered slightly lower ratings. Five inspectors and arson investigators will also be interviewed for similar ratings.

Men interested in enlisting in other special ratings will also be interviewed. There is a particular need at this time of applicants with automobile mechanic experience and men as cooks and bakers.

### Fielner Funeral Held At Canadian

SPECIAL TO THE NEWS—CANADIAN, May 30—Funeral services were conducted in the Sacred Heart Catholic church at 10 a. m. Friday for Annie Kappeler Fielner, 79, who died at her home here Wednesday morning.

Father Lewis of the local church read the mass and the Rev. William Stack, C.M., pastor of Holy Souls church of Pampa, gave the requiem mass. Mrs. E. R. Cloyd of Canadian was organist.

Mrs. Fielner had resided in Canadian since 1914. She had been ill for some months. She was married Sept. 14, 1887, to George W. Fielner, in Missouri.

The deceased is survived by her husband, two children, 10 grandchildren, and 10 great-grandchildren.

Interment was made in Canadian cemetery.

### Canadian Churches Hold Bible School

SPECIAL TO THE NEWS—CANADIAN, May 30—The Methodist and Presbyterian churches have joined forces for the annual daily vacation Bible school which opened Monday and will continue through next week.

The beginners' department is taught in the Presbyterian church with Mrs. J. B. Lindley and helpers in charge.

In the Methodist church, Mrs. W. H. Drake has charge of the intermediates; Mrs. George Hill the primary group, and Mrs. F. Balderston the juniors.

Study course used was prepared by the International Council for Religious Education, which is undenominational and used by many different churches.

Intermediate boys are making model airplanes and boats, and the girls are fashioning plaques, decorating salad bowls, and doing clay modeling. The theme they have chosen is "Discovering God in the

Beautiful." Sixty children are enrolled. The Rev. W. H. Drake and the Rev. Uel D. Crosby, pastors of the two churches cooperating in the school, share the responsibility with the superintendents of the departments.

O.D.T. Order No. 6 Is Effective

Beginning tomorrow, all laundries and dry cleaners must reduce their truck mileage 25% after all call-backs and special deliveries have been eliminated. We have rearranged our schedules to continue "pick-up" and "delivery" service on a conservative basis and we are asking your most complete cooperation.

"SPECIAL DELIVERIES" and "CALL-BACKS" ARE FORBIDDEN  
PLEASE HELP US SERVE YOU BETTER BY REMEMBERING THESE RULES

- All pick-ups and deliveries will be made on regular schedule trips. PLEASE DO NOT REQUEST "SPECIAL" PICK-UPS AND DELIVERIES.
- No one-day service rendered on pickup and delivery service.
- Calls received after 10:30 a. m. cannot be picked-up until the following day.
- The customer must have laundry or dry cleaning ready when routemen call.
- Payment must be made on delivery, unless other credit arrangements have been made in advance, since return trips for collection of money are considered "call backs."
- We cannot make more than one stop at any one customer's home or place of business in any one day.

Panhandle High School Graduates Twenty-Ninth Class

Special To The NEWS PANHANDLE, May 30—The 29th annual commencement of Panhandle High school was held Tuesday night in the high school auditorium.

The entire program was presented by the graduates. The theme "A Spirit That Meets a Challenge, A Spirit That Wants to Help," was discussed by five speakers.

Ernest Russell, with the subject, "Defining Democracy," stated that there must be on the part of young people an interested and intelligent participation in the government of a democracy, and from that participation will grow a sense of brotherhood that will do much in the work that will fall on the citizenship when the present war is over.

Spieler Gripp, in discussing "Is Democracy Worth Fighting For?", vividly contrasted the way of life in a democracy with life under dictatorship, and stressed that the present turmoil, stress, and danger existed now instead of peace and security because we do believe democracy is worth fighting for.

Marie Durrett, valedictorian, discussed "The Future and Peace." She stated that the right to live must be recognized by all nations a new idea of international democracy must follow this war, and freedom and equality among nations must prevail if peace is to result.

SERIAL STORY CARIBBEAN CRISIS

BY EATON K. GOLDTHWAITE

TOO MANY GIRLS CHAPTER XVII MacDOWELL was in the act of putting away a quick one in the cocktail lounge when Talcott found him. "Halsey?" MacDowell grunted. "Sure I see him. He's in his cabin. Got one all to himself. I went by there just a minute ago and knocked and he yelled at me to go away. He's got himself locked in."

"What?" "Sure. Maybe he's scared. Maybe he don't like the idea of gettin' a shiv in his back. Come to think about it, neither do I!" Talcott ordered a brandy and seltzer and thought about Halsey's strange actions, and at the same time listened patiently to MacDowell's effusive complaints about the size of their stateroom. The combination didn't help his nerves. He was about to pull away when he saw Martha Swenson.

Coming in from the corridor entrance, she was, and she acted lone. She stood hesitant and would have turned away except that she saw him, and the confused look passed from her face. They met half-way and Talcott held a chair for her. "You'll sit down and have a drink with me, won't you?" he asked.

"I must confess," she smiled sadly, "that I have not much money in my budget for drinks." "My dear young lady! Forget your budget. You'll very quickly learn that in America it's the man who pays."

"An' says," MacDowell grunted as he hopped down. "Where's your pal, the blond tornado?" "Miss Paterson is unpacking. She has so many nice things, so much clothes..." She sighed. "I had them once too. I will have them again. In New York my uncle has made arrangements for me to get a job. Not a very big job, but a beginning."

The drinks arrived and Martha Swenson lifted hers thoughtfully. "I would like to make a toast," she said. "Let us drink to the future!" "Amen," Talcott sighed. That was something to drink to, all right. Strange how you could go along for so many years with nothing much happening to you and then bang! everything happened at once.

Bill Talcott sighed. After six years of no feminine company at all, two at the same time was almost too much.

HE stood in the doorway of the lounge, looking for the blond and his heart slowly turned over and kicked him in the throat. "You're her chaperon," he reminded himself savagely. "You have a date with the other one!" As if that mattered.

"I saw that Norwegian night-gale making eyes at you," June Paterson announced. "So I decided it was time I asserted myself. Do you like me in this dress? I put it on just for you!" Green. Silk. He remembered the first time. "You are perfect," he said.

"You've improved considerably yourself," he remembered you now. "You're the Bill Talcott I used to know. Captain of water polo, right end on the Big Red Team, and the best dancer on the campus. For awhile I thought I'd lost you!"

There was banter in her voice; the sippiness of polite society fencing with buttoned lips. But her eyes belied all that; her eyes and the trembling of her mouth. The spoiled brat of memory was gone; a lovely, exquisite woman had blossomed in her place.

Outwardly he was calm. Unperturbed, a man of the world. Stink and sweat and nitrate dust? Surely not this man. Member of clubs, aristocrat; perfectly groomed, perfectly mannered, alert. Suavely continental as he held her chair, signaling a steward with his eyes.

And where was the brunet? June Paterson could best answer that. They shared the same cabin. If there he had been, it was more pleasant than the intrigue of Abas Island. It really didn't matter.

Talcott lifted his glass. "To your perfection," he said. "I thank heaven for Lowell Byrd and Cornell and memory!" She did not smile. Her eyes were wide, glistening, and radiance touched her cheeks. "I too thank heaven," she responded softly.

And then it was broken. A steward was coming toward them, circumventing tables. "Mr. Talcott?" he asked. "I have a wireless message for you, sir."

Talcott accepted the envelope, begged leave of June Paterson and ripped it open. There were three words only in the message but they brought him rudely back. "No answer," he said to the waiting steward, and then sighing, stared moodily at his unfinished drink.

80 Boy Scouts Will Camp Week At Lake Marvin

Eighty Boy Scouts from the Ado'e Walls council will move to Camp Ki-O-Wah at Lake Marvin today for the first week of summer camp.

Another 80 boys will go to camp next Sunday and if enough boys register a third week of camp will be held, Executive Fred Roberts announced yesterday.

J. H. Duncan, scoutmaster of Troop 19, LeFors, will be camp director. Wayne LeCrone, new field executive stationed at Borger, will be assistant camp director. The camp cook will be Charlie Smith of Shamrock.

To be eligible to attend camp a boy must register at the scout office here, either in person or by letter, depositing \$1 registration fee. When he reports to camp he pays an additional \$5 and that is the total cost for a week at camp. The cost the same as last year.
