RUSSIANS FIGHT NAZIS IN STALINGRAD STREETS

THREE-WAY JAP WAR THREAT HANGS OVER SIBERIA

BY SEA, BY LAND AND BY air, Japan threatens a stab-in-the-back attack on war-beset Russia's far eastern provinces. A network of railways in Manchukuo provides fast communication to the potential fighting front, and superior Jap naval and air forces might overwhelm Soviet soldiers in Siberia. Allied bombers at Vladivostok would have only 500 miles to fly to raid Pearl Harbor, Japan and Russia clashed often on the Manchukuo-Siberia border, but both sides avoided actual warfare. In past months the coming of conflict to this front has seemed unavoidable because Japan—like Germany in 1941—could never enjoy security in her conquests with the Soviet, a constant threat at her rear.

Two Dead In Unusual Accident At Phillips

Special To The NEWS BORGER, Sept. 15—Two youths died of asphyxiation and two men were overcome, one of whom is in a serious condition at Pan-Tex hospital here as a result of an unusual accident at the Phillips Petroleum Co. plant at 4:30 yesterday afternoon.

Bomb Crater Discovered In South Oregon

SAN FRANCISCO, Sept. 15 (AP)—A foot-deep crater, apparently caused by an incendiary bomb, gave evidence today of what may have been the first aerial assault upon United States home soil, an apparent attempt to set fire to an isolated forest on the southern Oregon coast.

Some time after the plane was seen circling the Meza Bend area nine miles northeast of Brookings, Ore., a fire was observed, and forestry patrols who extinguished the blaze found a crater and metal fragments which the army said bore "markings of Japanese ideographs which may have been part of a code indicating the arsenal where the bomb was manufactured."

TITLED BEAUTY

GIVEN A TITLE TO END ALL titles, Mary Marlin of Hollywood has been dubbed "Miss Blue Ribbon of 1942" by the California Models Guild because she set record of holding most beauty titles so far this year.

Wilhelmshaven Bombed By RAF

By ROGER D. GREENE Associated Press War Editor German military quarters asserted today that Nazi troops were "thrusting deeper" into Stalingrad amid heavy street fighting and the German Transocean News agency declared without confirmation elsewhere that Stalingrad's main railway station had been captured.

A Nazi spokesman again boasted that the battle for the big Volga steel city was entering "its final phase."

Russian advances, giving an entirely different picture, said massed Soviet artillery, anti-tank barricades and roving tank destroyers had blocked repeated German assaults and declared the Red armies were even passing at times to the counter-attack.

German field headquarters said only that "the victorious advance on Stalingrad, excellently supported by the air force, is gaining further ground."

Record-Shattering Tax Bill Approved

WASHINGTON, Sept. 15 (AP)—A record-shattering revenue bill dipping directly into the pockets of more than a third of the nation's citizens for money to help fight the war went to the technical draftsman today with mixed approval and criticism from members of the senate finance committee.

At least, that's the intention of the senate finance committee, as expressed in stiff increases in individual rates and its addition to the revenue bill of a brand new victory tax to help finance the war.

I HEARD . . .

W. M. Castleberry vowing he was the victim of a frame-up in the shooting match Sunday with Dr. W. Furman. "Why didn't they tell about the score I made the first time, 24 out of 25? And just why did it happen they called me back when I was ready to leave?" he was demanding today.

PAMPA GARAGE & STORAGE. Skelly Products, Washing, Lubricating, 24-hour service. Storage and Repairs, Ph. 979. 113 N. Frost.—Adv.

War And The Top O' Texas

Under a change in rationing regulations, the Gray County War Price and Rationing board has declared that new automobile purchase certificates will not be granted hereafter to applicants who have disposed of cars adequate for their needs since January 1 of this year.

Another change will prevent a drafted man from selling his new car until it becomes certain that the seller will actually enter the service.

Congratulations

Mr. and Mrs. A. J. Kirkham are the parents of a son born this morning at a local hospital. The baby, who weighed seven pounds and five ounces, has been named Orville Dentell.

Stop oil consumption with a set of Perfect Circle oil stoppers. Your favorite mechanic will install them.—Adv.

No 'Freezing' Orders On Army Jobs Issued

Workers on Pampa's army construction jobs were assured today that no orders have been issued to "freeze" them to their jobs, according to a message released today by Lieut. J. B. Howard, area engineer.

City Commission Of Bryan 'Takes Walk'

BRYAN, Sept. 15 (AP)—The city commission for Bryan resigned in a body last night, following a special election in which citizens voted for participation in the Brazos county health unit.

Southwestern Public Service Co. Acquires Properties In 3 States

One of the most extensive financing programs for a utility in several months was carried out today with public offering of bonds, notes, preferred and common stocks of the Southwestern Public Service company, of which the Pampa electric utility is a part, amounting to more than \$24,000,000.

Late News

OTTAWA, Sept. 15 (AP)—Canadian casualties in the Allied raid on Dieppe last month totaled 2,350 dead, wounded and missing, the Department of National Defense announced today.

NEW YORK, Sept. 15 (AP)—Larry Allen, Associated Press correspondent and 1941 Pulitzer prize winner, was believed today to be a prisoner of war, captured by the Italians in the British commando assault on Tobruk Sunday night.

Former XIT Ranch Employe Dies After Truck Overturns

DALHART, Sept. 15 (AP)—Injuries suffered when his loaded gasoline truck overturned caused the death last night of C. E. Williams, 79, West Texas pioneer and an employe of the XIT ranch in the 1880's.

Rio Grande Flood Waters Isolate 200

BROWNSVILLE, Sept. 15 (AP)—Approximately 200 persons in the vicinity of Southmost, 10 miles southeast of here, were isolated after the Rio Grande reached private levees and spread out over 60 square miles in this section.

People Of Southmost

A survey by air by a weather bureau official disclosed that water never was recorded in the lower river. The former high for the river was 19.7 feet at Brownsville on Oct. 2, 1936.

Job Change To Result In Draft Reclassification

AUSTIN, Sept. 15 (AP)—General J. Watt Page, state director of selective service, declared today that Texas local boards have been instructed to reclassify for immediate service any registrant who leaves a production or maintenance occupation.

Tell It To Marines, You 'Honorable' Japs

NEW YORK, Sept. 15 (AP)—Sounding what may be the theme of Tokyo's propaganda during the next phase of the war, a Japanese government spokesman declared today that Japan did not seek to conquer America but was fighting only to break Occidental control in East Asia.

VFW Auxiliary To Honor Prospective Members At Tea

Discussing arrangements for a tea to be given as a courtesy to prospective members, Veterans of Foreign Wars Auxiliary met Monday night in the American Legion hall. Mrs. Roy Chisum, president, presided over the session in which the group voted to contribute five dollars for Red Cross comfort kits. The auxiliary has received a new shipment of American flags and service flags.

New Gifts Loaded With Real Charm

By ALICIA HART
The many little charming gestures which you make at this season—the gift to your week-end hostess, the remembrances to your several cousins getting married and to your sister and daughter's friends graduating—seem even more important now. And there are plenty of new charm aids to make them with, economically as well as pleasantly. For a graduate or anyone whom you wish to favor with something slight but very fine, consider the new gift package from a fine French perfumer now based in the United States. Light summer fragrances, made for straw hats and chambray dresses, are available, and are three other famed scents. Should you want a gift which frankly looks more important than it is, consider a great green glass jar of bath salts, or fine quality soap, or a sizeable cylinder of dusting powder. These come from a house which is noted for its tasteful garden-fragranced products, and each costs less than the gas for a week-end drive used to.

DAINTY GIFTS ARE WELCOMED

Another well known manufacturer offers its invigorating bath series, with delicately lasting odor, in spruce striped containers. Toilettries such as these, the essentials of comfort, will be approved by the most conscientious receiver, and they will not throw the giver's budget out of kilter either. They are designed for wartime conservation. The same thing is true of a new nail-polish

First Baptist WMS Circles Will Meet At Church Wednesday

A combined meeting of all circles of Woman's Missionary society of First Baptist church will be conducted Wednesday afternoon at 3 o'clock in the church. New chairmen and officers are to be present. Mission study will be featured. Visitors are invited to attend.

Rebekah Lodge Resumes Meetings In I. O. O. F. Hall

Meeting in the I. O. O. F. hall for the first time since the building was damaged by fire, members of Rebekah lodge conducted a bingo party and completed the fund for the purchase of a \$100 bond. Plans were made for a luncheon honoring Mrs. Mark Gunnells, who is moving to California.

Attending the meeting were Mrs. J. W. Crisler, Devie Voyles, John King, O. J. Russell, Charlotte Calvert, John Beverly, Roy Sullivan, Robert Louvier, Hugh Braly, John Hall, Roy Kretzmeier, Alva Phillips, Messrs. and Mrs. Vernon Hall, R. B. Brummett, V. J. Castka, C. A. Forsyth, Messrs. Fred Paronto and Elmer Rupp. Mrs. Ruth Kries of Skellytown was a visitor.

TO MAKE SMOOTH GRAY AND SAUCE
A quick way to mix flour paste for thickening gray and souces is to put the necessary amount of cold water into a glass jar, add the flour, cover tightly and shake well. House furnishing departments are now showing specially constructed covered cup-like shakers of plastic for this purpose that are inexpensive and very convenient.

and remover set which is all done up in a bright blue paper basket with a tiny sprig of flowers—paper, too—for a filip. If your hostess is addicted to some particular makeup, it would be a pretty gesture to take her some of that, gift-packaged or not. She will welcome another of "her" lipstick, or powder, or foundation. If you do not know what she is using, or if you know she likes to experiment with cosmetics, you might take her a fine new preparation. A lovely one is done especially for summer white dresses, pastels and flower prints. Inspired by Chinese painters, the preparations are blended to impart to the skin the opaque, even-toned smoothness of the flower's petals.

Mrs. Dyson Presides At Pythian Sisters Meeting On Monday

When Pythian Sisters of temple 41 met Monday night in regular session, Mrs. Roy Dyson presided as most excellent chief in the absence of Mrs. Mose Johnson. At the conclusion of the business hour, games of hearts were played with prizes of handkerchief being awarded for high scores. Present were Mrs. Ivan Reeder, Tony Smith, Ray Barnard, C. P. Bastion, L. K. Stout, Harvey Downs, L. C. Lockhart, Russell Kennedy, Roy L. Coston, T. G. Green, Roy Dyson, S. J. Spears, and Charles Boyd.

Bad Taste At Home Hurts U. S. Morale

Perhaps there is nothing so hard on the morale of the ordinary average people who are working hard, making personal sacrifices, than the nauseating evidences of plain bad taste that hit them in the face almost every day. The bad taste of the movie star who lets her press agent tell how she is helping to win the war by rushing home from her studio—where she is paid thousands a week to work in her garden. The story, of course, is complete with pictures of the star wearing shorts. The bad taste of the society-minded woman who uses volunteer organizations as a means of keeping her name and face constantly before the public.

The bad taste of those who talk as though they are making grave sacrifices when all they have been asked to give up so far are a few luxuries, while other women have given up their men and seen their homes broken up.

IT HURTS MORE THAN AXIS PROPAGANDA

The bad taste of the patriotic organizations who sponsor picnics in the country to which their members must drive their cars. The bad taste of the young men whose pictures appear on the society pages of Sunday papers lounging around country club pools. All those things are in bad taste and do more to discourage the ordinary guy and his wife and kids in their serious effort to do all that is asked of them than any amount of Axis propaganda that reaches them.

"Doughnut Dunking" Just A Memory To Soldiers

NEW YORK, Sept. 15 (AP)—"Doughnut dunking" is just a memory to many American soldiers abroad. Albert V. J. Dodd, managing director of the British Doughnut company Ltd., said on arrival from London yesterday that British ministry of food restrictions on the use of dried milk and fats made the baking of large quantities of doughnuts impossible. "The American boys are clamoring for doughnuts," he said.

The Social Calendar

WEDNESDAY
First Baptist Women's Missionary society will meet at 8 o'clock in the church for mission study. Woman's Auxiliary of First Presbyterian church will meet in circles. One, will meet at the church at 2:15 o'clock to go to the home of Mrs. E. M. Donnell; two will meet at the church to go to the home of Mrs. Dick Walker; and three, Mrs. Clyde Pathrose at 2 o'clock. Woman's Society of Christian Service of First Methodist church will meet in circles at 2:30 o'clock. One, Mrs. Joe Shelton, 423 N. Starkweather; two, Mrs. J. M. Turner, 443 N. Starkweather; three, Mrs. J. A. Barber, 901 E. Francis; four, Mrs. J. C. McWilliams, 514 N. Hazel; five, Mrs. Homer Lively, 414 Crest; and six, Mrs. Odie Cox, 609 N. Davis. Gray County Home Economists will meet in the office of Mrs. Julia E. Kelley. Church of Brethren Woman's Missionary society will meet at 2:30 o'clock in the church. A general meeting of Woman's Council of First Christian church will be held at 2:30 o'clock. Central Baptist Women's Missionary society will meet at 8 o'clock. Ladies day will be observed by women golfers at the Country Club.

THURSDAY
Horse Mann P.-T. A. will meet at 2 o'clock in the school auditorium. Woodrow Wilson P.-T. A. will have its first meeting at 2:45 o'clock in the school auditorium. Study group will meet at 1:45 o'clock and the executive board at 8:30 o'clock in the principal's office. I. O. O. F. hall. A weekly meeting of Sub Deb club will be held. Men and women golfers of the Country Club will have a Scotch foursome at 5 o'clock. Lakota sorority will have a weekly meeting. A practice first aid class will be conducted in the Red Cross room. Contract Bridge club will be entertained.

FRIDAY
Entire Nous club will meet at 2:30 o'clock in the home of Mrs. C. C. Stockstill. Vernes Sewing club will meet in the home of Mrs. Charles Miller, 1105 North Front street, at 3 o'clock. Upsilon chapter of Beta Sigma Phi sorority will meet at 7:30 o'clock in the home of Mrs. E. E. Shehauer.

MONDAY
American Legion auxiliary will have a combined regular and social meeting at 8 o'clock in the Legion hall. Upsilon chapter of Beta Sigma Phi sorority will meet at 7:30 o'clock in the home of Mrs. E. E. Shehauer.

TUESDAY
B. G. K. club will have a weekly meeting at 8 o'clock. Royal Neighbors will meet at 2 o'clock in the I. O. O. F. hall. Business and Professional Women's club will have a social meeting at 7:30 o'clock in the city club rooms. Kit Kat Klub will meet at 4 o'clock in the home of Mrs. Norma Jean Beiler.

DRESS ALIKE

8147
6-14 yrs.
8148
12-40

The two of you can look the image of each other when you both wear this smart two piece! The cute, short jacket can have a round collar (dressed up) with a white collar for contrast) or an open neckline. Pair these styles in solid color velveteen or crisp, checked rayon crepe. Pattern No. 8147 is in 6, 8, 10, 12 and 14 years. Size 8, short sleeves, takes 2 3/8 yards 39-inch material, 3/4 yard contrast for collar, 9 yards ric-rac. Pattern No. 8148 is in sizes 12, 14, 16, 18, 20 and 40. Size 14, short sleeves, takes 4 1/2 yards 39-inch material, 3-8 yards contrast for collar, 12 yards ric-rac.

For this attractive pattern, send 15c in coin, your name, address, pattern number, and size to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill.

A wide variety of home dress making patterns representing the latest fashion trends is shown in the Fall Fashion Book, our style catalogue. Send for your copy today, 15c. Or send a catalogue with a 15c pattern for 25c, plus 1c for postage.

Girl Scouts Of Troop 18 Prepare Covered Dish Meal Recently

A covered dish luncheon was served in the home of Mrs. Ed Wylie for members of Girl Scout troop 18 recently. Each girl cooked one dish for the meal. Correct table setting and serving was demonstrated. Present were Delores Hart, Roberta Smith, Norma June Morrow, Betty Jo Simmons, Ruby Wylie, Bonnie Clark, Charlotte Hayes, Barbara Fay Blair, and Edna Rose White. Visitors were Mrs. F. G. Clark, Mrs. R. H. Anthony and children, Tony Edley, Marion Malinax, Dorothea Blair, and Miss Sallie Cahill, Girl Scout director.

'JOE BLOW'

Joe, like the rest of the 3-As is wondering about when the draft will get him, but hadn't paid much attention to this tax dish congress has been cooking. If congress finally passes the bill as the senate committee has revised it, on January 9 or thereabouts Joe's employer will take \$90 out of the Blow check for the victory tax. That will be in addition to the 96 cents taken out for social security taxes. That \$1.90 deduction will come out of Joe's check every week during the year, at the end of which Uncle Sam will be into Joe for exactly \$98.80.

Surprisingly enough, though, the treasury won't want to keep all that money, principally because Joe is married, has a youngster and the things that go with a family, like insurance premiums and debts. So Joe will be entitled to a credit of 40 per cent of his tax because he's married and 2 per cent more for his youngster, which adds up to \$41.50. Joe's insurance premiums and his debts amounted to more than that, he will get credit for that amount on what he owes as income tax. If they are less, he'll get a refund from the treasury that he can cash after the war.

But it isn't all as simple as that. There's the regular income tax that Joe heard about vaguely when he was jerking soda, but is going to meet first hand, come March 15. Making \$2,496 a year as he does now, Joe is fair game for the income tax. Naturally, since it is a net income tax, he will get to take off \$1,500 from that amount to start with—\$1,200 because he's married and \$300 for his youngster. Probably he'll have \$250 in other deductions—interest on debts, a donation to the Red Cross and such stuff.

That leaves \$746 net for the tax collectors to work on and they start right off in the new bill by taking 13 per cent in surtax. That will be \$96.98. Because Joe doesn't make over \$2,000 net, he'll have to pay about any other surtax brackets. Then he can take an earned income credit of 10 per cent, or \$74.60 off of the \$746, paying a normal tax of 6 per cent on \$671, or \$40.26 in tax.

That makes \$137.26 income tax, plus his net victory bond of \$57.30, setting Joe back to the tune of \$194.56 or \$162.1 a month for these two taxes alone.

Of course, there are a lot more than Joe will have to pay such as the taxes on gasoline, movie admissions and others but they are hidden and collected almost painlessly.

INFORMATION

(Continued from page 1)
clothing and to travel, in addition to his U. S. passport.

Summer classes have been placed on the schedule of the University of Texas naval R. O. T. C. unit, at Austin, which this fall will enter its third year with a total enrollment of 260 men.

Recent orders from the navy department have placed the school on a 12-months' program, so that the normal four-year course will be completed in three years. Lieut. Commr. D. J. Friedell, acting commandant, said.

Civilian construction, already under heavy restrictions, has been ordered cut to a minimum by the War Production board.

Under the terms of the new order, L-41 revised, effective September 7, types of construction are reclassified and new limits are set on the cost of construction for which no authorization is necessary.

Residential construction that may be undertaken without priority assistance now is limited to a cost of \$200, instead of the former limit of \$500.

Multiple residence construction, under the revised order, is granted an increased limit from \$500 to \$1,000. In this category are buildings designed to provide living space for more than five families, or divided into more than five suites or apartments.

The limit on industrial construction is retained at \$5,000 and applies to buildings designed for use in the manufacturing, processing or assembling of goods or materials. The agricultural building limit also is retained at its present level of \$1,000.

Approximately 1,000,000,000 pounds of soybean oil will be produced this year, an increase of 50 per cent over last year's production.

Eighteen hundred colleges in all parts of the United States are being eyed by the War Manpower commission as a possible reservoir of needed workers—skilled and unskilled—for war industries.

TAX BILL

(Continued from Page 1)

measure "the worst tax bill in history" and the admonition by Senator Vandenberg (R-Mich.) that the Democrats would have to accept responsibility for operation of the new "victory" tax.

This levy, superimposed on the regular income tax, would collect 5 per cent of earnings above \$24 a year, the assessment being taken out of the pay checks of wage earners.

At the end of the year, credits of 25 per cent of the tax would be available for single persons and 40 per cent, plus 2 per cent for each dependent, to married persons. These could be taken up in debt and insurance deductions or made in the form of post war rebates by the treasury.

This levy stayed in the bill despite a last-minute effort by Senator Byrd (D-Va.) to force across a sales tax, linked with increases in income rates and lowering of exemptions.

The committee then proceeded to lower to 40 per cent the house-approved rate of 45 per cent on normal and surtax earnings of large corporations.

The committee ruled that a proposed post-war rebate for corporations should be limited to 10 per cent of the excess profits taxes they paid, instead of including also their surtaxes.

Despite the huge total, the bill still was nearly \$2,000,000,000 short of the amount Secretary of the Treasury Morgenthau said it was the minimum that should be raised in direct taxes.

The bill made these other major changes in existing law. Increased the normal income tax rate from 4 to 6 per cent and booted surtaxes from the present range of 6 to 77 per cent to a new level of 13 to 82 per cent.

Reduced personal income tax exemptions from \$1,500 to \$1,200 for married couples, \$750 to \$500 for single persons and \$400 to \$300 for dependents.

Allowed new credit against income tax for medical expenses in excess of 5 per cent of net income, with a maximum of \$2,500.

Boosted excess profits taxes on corporations from a 30 to 60 per cent rate to a flat 90 per cent, changing bases for calculating levies.

Placed an over-all limitation of 80 per cent of corporation income which could be collected in taxes. Eliminated capital stock and declared-value excess profits taxes on corporations.

Made interest on future issues of state and local bonds taxable. Proposed joint congressional study of compulsory savings, with report due to congress by Dec. 1.

Increased various excise taxes.

WASHINGTON, Sept. 15 (AP)—The 5 per cent victory tax on earnings above \$24 a year, approved by the senate finance committee, would be collected at the source from wage earners.

Pay check deductions by employers would include the following amounts:

Wage on Weekly Basis	Bi-Weekly	Week-week-	Month-
Under \$12	None	ly	ly
\$12-16	\$0.10	None	\$0.40
\$16-20	30	60	1.20
\$20-24	50	1.00	2.00
\$24-28	70	1.40	2.80
\$28-32	90	1.80	3.60
\$32-36	1.10	2.20	4.40
\$36-40	1.30	2.60	5.20
\$40-44	1.50	3.00	6.00
\$44-48	1.70	3.40	6.80
\$48-52	1.90	3.80	7.60
\$52-56	2.10	4.20	8.40
\$56-60	2.30	4.60	9.20

Soviet Troops Hold In Front Of Stalingrad

By HENRY C. CASSIDY
MOSCOW, Sept. 15 (AP)—Soviet troops held out doggedly at Stalingrad today under pattern bombing and redoubled Nazi ground attacks while Red army divisions of the central front announced the annihilation of about 4,000 Germans and capture of a fortified town in a three-day fight.

German bombers struck heavily at Volgograd crossings at the rear of Stalingrad's defenders, seeking to cut them off from reinforcement and supplies.

Field dispatches said the front-line terrain evidently had been plotted in squares for the Stukas, with the pilots assigned to exterminate every living thing within them to clear the way for tanks and motorized infantry.

The mid-day communique told of the repulse of attacks both west and southwest of the industrial center and the details of scattered engagements indicated more than 2,000 Germans were slain in that critical area yesterday.

Red army men fighting west of Stalingrad slew 700 Germans in a series of defensive engagements and destroyed two tanks while Soviet artillery "dispersed enemy infantry concentrations and blew up six ammunition trucks," the communique said.

Southwest of Stalingrad, where one frustrated German assault was described officially as "unprecedented in its ferocity," two Axis infantry companies were wiped out by mortar fire and eight tanks of a Nazi column stalled by anti-tank barricades were destroyed or disabled, the Russians said.

A German tank formation broke into another Russian town in the battle at the Central Caucasus, but is under the fire of an elite Soviet detachment which is seeking to annihilate it, the communique reported.

The scene of the Red army men's reported triumph on the central front was not announced, but presumably the attack was made in the Rzhev-Vyazma salient west of Moscow.

"In three days of fighting they wiped out about 4,000 Germans, disabled or set fire to several dozen tanks and destroyed 11 guns and six mortar batteries," it was declared. "We captured 15 guns, one tank, 19 machine-guns and other war material."

A dispatch to the army newspaper Red Star said the Axis now was using twice as many troops and tanks against Stalingrad as in earlier assaults and had increased the number of planes in the air.

Nevertheless, the defenders were said to be passing at times to counterattacks.

Trial Of Maceo To Climax Skirmishes

NEW YORK, Sept. 15 (AP)—A three-year series of legal skirmishes is scheduled to culminate tomorrow with the trial of Sam Maceo, Galveston night club operator, who was indicted with 87 others on charges of running a \$10,000,000 narcotics conspiracy.

The mass indictment was returned Dec. 8, 1937 as the result of nationwide raids by federal agents.

Maceo, declared by the original prosecutor, Assistant U. S. Attorney Joseph Martin, as the "most important" of those indicted, will face a jury in the federal district court here.

Sun Oil Company Case Reversed By Federal Court

AUSTIN, Sept. 15 (AP)—The case of the Sun Oil Company and the Magnolia Petroleum Company, intervenor, against G. E. Burford and the Texas Railroad Commission attacking East Texas production laws and heard here Feb. 9, 1941, and dismissed by the late Judge Robert J. McMillan in federal court, was reversed and remanded to that court by the fifth circuit of circuit appeals in a mandate received here today.

Previously the circuit court had sustained Judge McMillan's judgment, but in a second rehearing on July 11 the court reversed the case and returned it to the trial court.

U. S. Holds Balance Of Striking Power In Pacific, Blandly Declares

(By The Associated Press)
 The United States has gained the balance of military and naval striking power over Japan in the far Pacific, Rear Admiral W. H. Blandly declared in Washington today, while other reports said American forces were nearing the halfway mark in their fight to destroy Japan's aircraft carrier strength.

Admiral Blandly, returning from a 28,000-mile inspection trip, said that "for the time being, most certainly," the United States had gained the advantage over Japan.

Dispatches from Clark Lee, Associated Press correspondent in the Pacific, told of the probable sinking of a 7,500-ton Japanese carrier in a battle off the Solomon Islands on Aug. 24—the sixth enemy carrier reported sent to the bottom since Pearl Harbor. Previously, the navy said a Japanese carrier of the type described by Lee had been severely damaged.

Lee said American fliers registered four bomb hits and torpedoed the ship and "our pilots think there is every reason to believe it went down."

If so, that leaves the enemy only one carrier left, and the force that carries on the all important air-sea struggle, Lee said.

In the New Guinea battle theater, Gen. Douglas MacArthur's headquarters reported that the Japanese drive across the Owen Stanley mountains toward Port Moresby remained stalled for the fifth day amid signs that the enemy was preparing for a new attack.

The communique said Allied planes skimmed over Japanese positions, raking them with machine-gun fire and bombs.

Gen. Sir Thomas Blamey, commander of Allied land forces in the southwest Pacific, declared on his return from the New Guinea front that Japanese gains in the Owen Stanley range were due to Allied difficulty in moving sufficient strength to forward positions.

"It is unlikely that we will again have to meet the Japanese under such disadvantageous condition," he said.

But he admitted the Japanese had moved mountain guns to their positions 40 miles above Port Moresby.

Earlier, Pacific fleet headquarters at Pearl Harbor announced that Japanese had been taken prisoner by U. S. marines in the Solomon Islands, and added:

"The outstanding feature in the capture of these prisoners is that each one expected to be killed."

"Humane treatment, including the furnishing of medical attention and clothing, was so surprising to the captives that many expressed a desire never to return to Japan."

On the Madagascar front, dispatches to Vichy said the situation was one of "extreme gravity" as British columns drove closer to Tananarive, capital of the 400,000-mile island off the coast of south-east Africa.

On the China front, Chinese headquarters reported that Generalissimo Chiang Kai-Shek's armies had recaptured the town of Wuyi, 30 miles southeast of Kinshua in Chekiang province. At Lanchi, 35 miles northwest of Wuyi, big fires were reported raging and a Chinese military spokesman said it was unlikely that the Japanese garrison of 4,000 troops could hold out much longer.

Japs More Dangerous Than Nazis, Italians

MELBOURNE, Australia, Sept. 15 (AP)—Australian veterans who fought the Germans at Tobruk and the Japanese at Milne bay agreed unanimously today that the Japanese soldier is a wily fighting man more dangerous than any Hitler threw at them.

"It was like fighting tigers down in that jungle and it was a question of kill or be killed," said one Aussie who got a bullet wound in the neck at Milne bay, in southeastern New Guinea.

"There was no quarter given and no prisoners taken on either side."

He was among the first wounded to arrive in Australia from the Milne bay action which started Aug. 26 when a Japanese convoy moved in a naval landing force under cover of darkness in a pelting rain.

"One Australian unit clashed with the invaders about 3 a. m. and by afternoon had driven the enemy more than a mile back toward their landing place.

"The Aussies encountered a bag full of Japanese tricks, from firecrackers to infiltration.

"This is the story one of the wounded told:

"The Japanese noise tactics were alarming to say the least, during the first engagements. They set up a hell of a clatter and chatter, blew trumpets and set firecrackers to popping.

"Many of the 'crackers' appeared to be of a kind of delayed action grenade which was lobbed behind the line and caused a racket that gave the impression we were surrounded.

"And how those babies could talk English!"

"You'd be on a patrol and a voice in the clearest fashion would greet you with 'Hey, Bill, is the corporal there?'"

"Some of our boys fell for it. They lifted their heads and were shot to pieces."

"If a dozen of us were moving toward a single Jap he'd stand there and be shot and he'd just as likely get one or two of us before he went down."

"His parties working through the jungle sent one or two men forward to draw fire just to discover where our machine-guns and other weapons were hidden.

"If we fired a shot we'd be plastered by half a dozen tommy guns from point blank or even behind."

"One favorite Japanese trick," he added, "was to play dead among the wounded, wait for advancing Allied troops to pass then shoot them from behind."

RAF Loses Only Two Planes In Raid On Wilhelmshaven

LONDON, Sept. 15 (AP)—The RAF hurled a strong force of bombers last night against Wilhelmshaven, chief German naval station on the North sea, and kindled fires which participating pilots said were left spreading "right bang in the middle of the docks."

From this assault—by perhaps hundreds of bombers—only two raiders were lost, the Air Ministry said.

The Wilhelmshaven attack was the second by the RAF in as many nights and the ninth this month upon Germany.

Wilhelmshaven is 50 miles airline northwest of Bremen, the main target of the raid.

The constant pounding of Germany marked a full swing of the pendulum from two years ago when it was Britain which underwent successive smashing attacks.

Today is the second anniversary of the Battle of Britain's climax when the RAF, in a full message answered the event with the promise that their air armadas would help destroy and defeat the Axis enemies.

Last night's raid followed by 24 hours a double blow by the RAF and the Russian air force at Germany and her Axis partners, Rumania and Bulgaria.

It came after Air Chief Marshal Sir Charles Portal, commander in chief of the RAF, promised that British, Russian and American air armadas would "overwhelm our enemies and bring about their final destruction."

He made his prediction in a message commemorating Sept. 15, 1940, when the RAF and anti-aircraft gunners shot 185 German planes out of the sky over Britain and the English channel. The message answered a tribute to the RAF by Lieut. Gen. H. H. Arnold, commander in chief of the U. S. army air forces.

General Arnold said the deeds of the RAF two years ago "turned the tide of war, ending forever the Nazi hope of world conquest, and made possible the final United Nations victory that is to come."

Air Cadets 'On Call' Seek Name For Group

Eleven young Pampa men, who're ready, willing and anxious to see action in their chosen branch of the army—the air corps—were in attendance at the initial meeting of their new organization held last night in the chamber of commerce rooms at the city hall.

Members of the new club, the first of its kind in the nation, have all passed the aviation cadet examinations and have been sworn in the air corps enlisted reserve awaiting call to active duty. All were rather indefinite about activities and purposes of their club, but they were all in accord on one thing: "They're ready to get started doing something in the war."

They haven't chosen a name for their group. That matter will be settled at the next regular meeting, next Monday night in the city commission room at 8 o'clock. In the meantime, the men will appreciate any suggestion for an appropriate name for their bunch of "anxious dodos." They want something that will incorporate the spirit of Pampa and the Top O' Texas and the air corps. So, if you have a good thought, pass it on to one of the members.

The record of Hoyt West, News advertising salesman, who thought he had been waiting the call to active duty longer than anyone else in Pampa, was shattered by a period of seven days by Jon M. Haw, who was sworn in April 27. West took the oath May 4.

Unanimously, the group decided to start work immediately with brush-up courses on math and other studies that can prove helpful when they do get in the air corps. They plan to hold at least one session each week for this purpose.

Another immediate project of the future air corps men will be to secure proper identification cards and possibly lapel buttons. By their various statements, you could tell that many of them have become "fed-up" with the continual question of "When are you going to the army?" from practically everybody they meet on the street. They're going to get something to show the general public that they're in the army, but don't know when they're going to active duty.

Sgt. R. D. Short, local recruiting officer, who is the official advisor of the group, is contacting officials in the West Texas aviation cadet recruiting office at Lubbock today in an effort to have some member of that personnel attend the meeting next Monday night.

Sergeant Short told the men that if membership of the club could be

Hugh Wilson, LeFors Man, Commissioned Second Lieutenant

Hugh H. Wilson, son of W. E. Wilson of LeFors, has been commissioned a second lieutenant in the army air forces statistical school, conducted at Harvard university's business school in Boston, and has been sent to Tampa, Fla.

Lieutenant Wilson was commissioned Saturday. He had previous training at the officers candidate school at Miami Beach, Fla., and before that had been in Davis-Monthan field at Tucson, Ariz., and at the Wendover, Utah, air base.

The LeFors man enlisted in the army air forces on March 6, 1941. Another Panhandle graduate of the army air forces statistical school is Herbert O. Stroud, son of W. H. Stroud, Box 742, Canyon. He also had previous training at the officers candidate school at Miami Beach and was commissioned Saturday as a second lieutenant. The Canyon man enlisted in the army air forces on January 7, 1942.

New to the army air forces, the statistical officer's duty is to see that the officers responsible for making vital decisions will have data on combat availability of aircraft of aircraft, personnel, operations and personnel. He will also determine vital facts concerning status and supply for tactical use.

Salvation Army Leaders Arrive

Brig. Lawrence Redgrove, representative of the Dallas public relations office of the Salvation Army, arrived in Pampa today to assist the local Salvation Army board of directors in a campaign to raise \$5,000 to carry on the organization's work for the coming year. Brigadier Redgrove was accompanied here by Mrs. Redgrove.

Capt. Frank White, head of the local post, said today the advanced gifts campaign is meeting with a splendid response.

The actual drive will get underway, General Drive Chairman Arthur Tved said today, at a kick-off breakfast for workers to be held in Schneider hotel on Wednesday morning of next week.

George Berlin is chairman of the campaign solicitation among Pampa industries.

Power To Transfer Federal Workers Granted To CSC

WASHINGTON, Sept. 15 (AP)—Power to transfer any of the nation's 2,300,000 federal workers from one agency to another whenever it would bring "a more effective contribution to the war program" will be granted the civil service commission beginning Sept. 27.

The directive, issued yesterday by Manpower Chairman Paul V. McNutt authorizes the commission to act without the consent of an employee or his superior.

The commission also may direct the transfer of a government employee from an agency to a private war industry job "whenever the commission finds that the employee is qualified to perform work in a critical occupation" and provided the employee consents.

Olson To Command Big Glider School

Col. Norman B. Olson, former project officer of the army air base here, who last week was named commanding officer of the South Plains Army Flying school at Lubbock, said today that the school would be one of the largest, if not the largest of the nation's advanced glider schools.

Original plans for the school, now nearing completion, were to provide advanced twin-engine flight training, although an advanced glider training school, originally planned to be temporary, has been operated at the field during the construction period. Col. Olson has been acting commander of the temporary school.

Lt. Col. Thomas Wilder, director of training at the glider school, will continue in that capacity at the new base.

The new order from the war department was interpreted as meaning that plans for the twin-engine school have been abandoned and that the facilities will be devoted exclusively to glider pilot training for the duration.

New equipment will include huge 15-passenger troop-carrying gliders, and the pilots will receive their normal technical instruction in warfare operation of the ships.

Relatively new, the glider is already as much a part of American war plans as the flying fortress, and factories are heavily engaged in mass production of large transport and cargo gliders. At preliminary schools in Kansas, Arkansas, Oklahoma and South Dakota thousands of men are receiving training in power-off "dead stick" landings that will prepare them for piloting of the big ships. At advanced schools, such as South Plains, full-fledged pilots will receive specialized training, including the art of bringing their ships down on any available patch of ground.

Advantages of transporting airborne troops by glider are many. One power airplane can tow several gliders, each carrying as many as 15 fully-equipped fighting men. By cutting the gliders loose thousands of feet up and miles from the enemy objective, they can glide noiselessly in to strike their blows without warning.

Huge gliders can be constructed in a fraction of the time required to build a power airplane of corresponding size, with use of almost no strategic materials, and at about one-fifth of the cost. Troop-carrying gliders now being built for the army air forces are equipped with flying instruments and two-way radio, and in some of the largest ships provisions have been made for the loading and carrying of mechanical equipment.

Revenue Office Warns Employers On Security Tax

Employers were today reminded by W. A. Thomas, Collector, Second Texas District, Bureau of Internal Revenue, Dallas, that tax returns under the Social Security Act for each calendar quarter are due to be filed during the month following the end of the quarter. At the same time Thomas warned employers to exercise the utmost care in reporting all Social Security account numbers.

"Most employers in the Second Texas District are complying with Internal Revenue regulations by furnishing correct names and account numbers on their returns," Thomas stated. "On the other hand, a small number of employers are not complying with the regulations which means that they must be contacted in order that missing numbers may be obtained." Mr. Thomas emphasized that this negligence on the part of a very few employers adds greatly to the normal work load and consumes the time of his limited personnel when their services are required on work more closely connected with the war effort. Carelessness in reporting account numbers also results in loss of time on the part of the employer since it is necessary for him to make a search for missing numbers or locate employees who have already left his services and secure the numbers from the workers.

"Employers who do not have all account numbers for all employees who worked during July, August, and September should immediately take steps to obtain these numbers in order that they may be included on tax returns for this quarter," Thomas added.

"While we prefer to have the cooperation of employers in complying with Bureau of Internal Revenue regulations," Thomas explained, "it is necessary at times to remind some employers that there is a penalty which may be assessed for failure to maintain records or supply prescribed information on tax returns. An indexed record of employers who consistently fail to report numbers is being maintained and steps will be taken to insure that all of their employees' account numbers are reported in accordance with regulations," the Collector said.

SKILLED MEN

Production of war equipment has reached tremendous proportions. The U.S. Army needs skilled men in the field—thousands of them RIGHT NOW—to keep this huge mass of machinery in first-class fighting condition.

AIR FORCES—We're building the biggest, mightiest Air Force on earth. Thousands of skilled mechanics are needed to keep those great planes flying and fighting. Men with experience as aircraft mechanics, automobile mechanics, radio mechanics, armorers, sheet metal workers, welders and in other allied fields are needed immediately. Aviation has a splendid future and there's no finer training for it than in the Army Air Forces.

ORDNANCE DEPARTMENT—Guns and ammunition are decisive weapons in war, and it takes skilled manpower to keep them shooting fast and straight. Men with experience as automobile, truck and tractor mechanics, armorers, machinists and skilled men of other trades are urgently needed by the Ordnance Department. Technical training in ordnance work is not a requirement.

MEN OF 18 AND 19—Even though you have had no mechanical experience, the Army offers you a special opportunity—the right to choose your own combat branch: Air Force, Armored Force, Cavalry, Coast Artillery, Corps of Engineers, Field Artillery, Infantry or Signal Corps. Or you can qualify as Aviation Cadet. Under 20 you can choose. After 20, this is no longer possible, except for certain skilled specialists.

SIGNAL CORPS—Here, in the "nerve center of the Army," handling the high-speed communications equipment of modern war, there's a big opportunity for men with mechanical talents and training. Licensed radio operators, experienced radio repairmen, telephone and telegraph men—and other able mechanics—will find a thrill in working with the amazing new crest devices of the Signal Corps. Pre-service training is furnished free—with pay—to those who require it.

MEN OF 18 AND 19—Even though you have had no mechanical experience, the Army offers you a special opportunity—the right to choose your own combat branch: Air Force, Armored Force, Cavalry, Coast Artillery, Corps of Engineers, Field Artillery, Infantry or Signal Corps. The Axis Plans To Destroy Us Completely

In September, the greatest war the world has ever known entered its fourth year. Those three years have witnessed a series of almost uninterrupted triumphs for Hitler and his satellites.

On December 7, 1941, Japan joined hands with the Axis. And the Jap timetable of conquest is comparable to that of Hitler. Guam was taken in five days.

Basically, the cause of all this is simply explained: The enemy was ready for war, and we and our Allies were not. The enemy understood precisely what total war means—and we did not.

So much for the debt side. On the credit side there is also a great deal to say at the end of three years of war. The quality of the United Nations' fighting men is first class.

There is much to be said also for American war production. The burden of supplying the troops of all the nations falls squarely on us.

It's a favorite saying in Washington "the American people don't yet realize the gravity of the situation." But, as many columnists have been pointing out, Washington officialdom has created confusion and indecision in the minds of the people.

We are just beginning to feel the economic effects of war. Non-essential businesses are closing fast. Whole occupations—such as that of the salesman—are being virtually wiped out.

As the war enters its fourth year, Germany and Japan dominate an immense part of the globe. They have gained through conquest gigantic quantities of vital raw materials.

Common Ground

By R. O. HOLES

"I speak the pass-word universal, I strike the sign of democracy. By God I will accept nothing which all cannot have their counterpart of on the same terms."

ROOSEVELT FURTHER CONFUSES THE PEOPLE

I wish that Roosevelt were able to save the people from inflation or the high cost of living by the simple plan of price fixing, as he would lead them to believe he can do in his speech to Congress and his radio chat.

Roosevelt's proposal, in reality, is nothing but collectivism—a totalitarian state. He is trying to make the people believe that he knows more than all the people know as to how to produce and as to the relative value of things.

He is willing to set class against class—to make people covetous—in order to give himself the power to ration the fruits of man's labor.

If Roosevelt has Congress fix the ceiling on farm prices, we will the stimulant to increase production. We, thus, have less to divide. Who will get what is produced, will be left to Roosevelt's bureaucrats.

All history is evidence that there is greater production when each man is free to change to the job he believes is being overpaid—that is, under a free enterprise system—than under a totalitarian state, as Roosevelt is now advocating.

Roosevelt is playing slick politics when he wants Congress to first fix the price of farm products and then he agrees that he will set a ceiling on wages after he knows what farm prices are.

His promise is indefinite to start with. He can show any favoritism he wants to in favor of organized labor, which gave him a half million dollars to re-elect him, and the farmers would be helpless.

The American way of determining the relative value of things is to permit all people to change their line of work, and not have some dictator fix values and wages.

The Administration has brought on this demand for inflation by legislation that gives the unions the power to prevent any man outside of the labor union group from coming in and correcting prices when they were too high.

Roosevelt says, in reality, to Congress: you fix one group first and give me the right to fix the rewards of the group with the most votes after your prices have been fixed.

There is not much question but that the labor which is producing foodstuffs is far below parity with organized labor producing the things the farmer has to buy.

Roosevelt wants the last and final say as to the relative prices. This is the power every dictator wants. The American way is that no one has the last say. There is no status quo.

Under that way, people will work harder and produce more and no one has a right to be dissatisfied or complain when he has a right to change his vocation.

But under a dictator or under a price fixing proposition, we will have a surplus of help where the wages are out of parity and a lack of production where the wages are under parity.

Only a man with the super-conceit of Hitler, who is blind to his own limitations, would ask for the powers which Roosevelt has asked for, even in war times.

the schools the whole training of boys and girls as they reach the age of 16, and keep them in N.Y.A. harness until they are old enough to enter the armed forces or to engage in war industries.

Mr. Williams says trained man power is a No. 1 war problem today; and that is true. The assumption that all training can best be done by the N.Y.A. is not so sound. Until actual war changed the picture, N.Y.A. training in general was more for diversional than for essential purposes.

It verges upon arrogance to intimate that, except for the N.Y.A., the youth of America hereafter must go without training for anything.

THIS IS HOW I "KEEP 'EM ROLLING"

Around Hollywood

By PAUL HARRISON

HOLLYWOOD, Sept. 15—Behind the screen: Reason Charles Boyer remains one of the most aloof of all movie personalities, when interviewers are around, is that he's still burning over a fan magazine story written about him some seven years ago.

Marlene Dietrich starts her role in "Pittsburgh" with the most unglamorous characterization of her career. Her name's Josie Winlet-skiel and she plays a girl called "Hunky."

Movie technicians continue to find ways of saving critical materials. A simple and cheap alteration in camera and lighting can save 500,000,000 feet of film annually.

An ace stunt man, Dick Davis, now engaged at Warners for fighting and other thrill scenes in "Edge of Darkness," has been turned down by Army doctors as physically unfit.

DELICATE TREATMENT

The Hays Office has consented to Paramount's use of the sleeping-bag sequences in "For Whom the Bell Tolls"; but the treatment will be extra delicate and the studio is restrained from issuing any publicity or any still pictures on the episode.

STIFF-NECKED: Certain widely circulated propaganda that De Gaulle was anti-Republican kept emerging from the November elections with the leading position in the House of Representatives.

He attempted to secure the cooperation of wealthy industrialists. They were equally stiff-necked. Because they were making money on lush contracts for artillery and small arms they had no intention of increasing their operational expenses by retooling their plants for the nation's constitutional government.

How Victory Tax Would Affect Mr. John Citizen

By ROBERT RUARK

Here is how the proposed additional 5 per cent "victory" tax, approved by the Senate Finance committee, will work if the tax becomes official for 1943.

On Jan. 1, 1943, Joe Doakes' employer would deduct 5 per cent from his weekly pay check, over and above his exemption of \$12 a week.

At the end of the year, Doakes' boss would have escrowed \$98.80 as an advance payment on Joe's victory tax liability. This is calculated thus: Doakes' annual salary is \$2600, and his victory tax exemption is \$624, or 52 times \$12. His victory tax would thus be 5 per cent of the balance of \$1976, or exactly \$98.80.

But Doakes doesn't have to worry about that \$98.80, since it has been paid more or less painlessly from his weekly wages. And he's really banking money. For instance: If Joe is a bachelor, he is entitled to a 25 per cent refund, or \$24.70, after the war. If he's married, he gets a 40 per cent refund, or \$39.52.

However, if Joe is a thrifty soul, and buys war bonds or makes payments on previously contracted mortgages, life insurance or back debts during 1943, he can take all or part of his post-war credit right off the bat without waiting for the war to end.

BOND BUYERS COULD COLLECT

If Doakes had spent an amount equal or exceeding all of his 25 per cent credit on war bonds, he could get it all back immediately. If he spent less, he could get back what he spent, but would have to wait until after the war for the balance.

This particular tax, it is estimated, would raise \$3,550,000,000 next year, and would eliminate a similar 5 per cent withholding tax now included in a house bill.

BOY BIRTH RATE RISES

Almost since the first cave dweller took his club and went out to do battle with his neighbor over the hill, nature has compensated for manpower losses by raising the male birth rate in wartime.

Various reasons for this phenomenon have been advanced. When the world was much younger, supernatural powers were supposed to have sponsored the male birth increase—a belief still somewhat widely accepted by the common man.

World War II is no exception to the old theory. Birth statistics from several countries indicate an exceptional increase in male rates.

His September 7th speech resulted from the findings of Dr. R. R. will not abstain from partisanship, naturally, but he may become more positive and courageous than he has been in the past.

SIDE GLANCES

By GALBRAITH

"I'd marry the foreman and quit the job if it wasn't for the war—only I don't like the idea of having a husband for a boss."

Today's War Analysis

By DEWITT MACKENZIE

Wide World Analyst

The startling decree issued by the Laval government at Vichy, establishing forced labor on French men and women, is held by Free French sources in London to reflect Hitler's determination to add more slave labor to the millions over whom he already is master.

However, without ascribing ulterior motives to the decree in advance of proof, we still can say with definite knowledge that the Nazi conqueror has been doing his utmost to swell the ranks of his unwilling chattels with more Frenchmen. The scheme whereby Laval was to provide Germany with 350,000 voluntary workers has failed miserably, forsooth, the liberty-loving Frenchmen wouldn't sell their birthrights.

I am employing that shocking word "slave" deliberately as representing the exact position created by the Nazi Pharaoh who is trying to build his pyramid of conquests by the use of the lash. He already has in his grasp millions of unhappy peoples of the subjugated countries to serve the reich, and he has taken more from his allies—even from the once proud Mussolini, who long since has ceased to exercise a free will.

Countless thousands of these unfortunate have actually been collected within the borders of Germany to toil for Hitlerism. But that isn't the half. Workers in the subjugated countries have been placed under the most severe Nazi military discipline, in order that the last ounce of strength may be squeezed from their undernourished bodies.

Up-to-the-minute figures aren't available, but six months ago the foreign workers actually within the borders of Germany were close to 3,000,000, apart from about 1,600,000 prisoners of war who were working there, and other hundreds of thousands of Russians reported captured.

At that time the Nazis were bragging that they were going to increase these figures greatly, and undoubtedly this has been done. Field Marshal Goering, Hitler's crown prince, also announced that prisoners of war would be used, which wasn't surprising in view of the fact that they already were at work.

The largest groups of foreigners were Poles (slaves) and Italians, of whom there were more than a million each. Then there were 140,000 Czechs, 250,000 Belgians, 109,000 Yugoslavs, 200,000 Dutch, 80,000 Slovaks and 289,000 others of various nationalities. Among these workers were great numbers of women, including 250,000 Polish and many Italians.

Despite this imported help, and the millions of workers slaving for Hitler in the subjugated countries, the labor shortage in the reich has been increasingly acute during the past year, for the supply of German workers was exhausted long ago. The Nazi over-lord has been unable to man his factories and farms adequately.

While Hitler tries to solve this dirty problem, it's reported that he is moving Russian peasants by the thousands to Germany in boxcars. They, of course, will be slaves in exactly the same sense as the men who buy victory stamps.

That's the sort of enemy we are out to beat. Seems as though we have plenty to impel us to work like the devil if we lose the war.

Explosives from two pounds of waste fat will fire five anti-tank shells.

male to each 100 female. However, about twice as many male embryos are lost through miscarriages as are female embryos. This reduction in actual male birth cuts the relationship to approximately 105 boys for each 100 girls.

For some reason, wartime reduces the number of miscarriages, as well as the number of births among the working classes. The result is certain displacements pointing to an increased number of boy births. Or so says Professor Dahlberg, whose statistics apparently prove it.

Coaches Name Starting Lineup For Friday Night

Coaches Buck Prejan and George Scott have named a starting lineup for the opening game of the 1942 football season Friday night, which is unusual. In past year the coaches had enough strong material on hand that naming of the starting 11 was usually delayed until the day of the game. But with only 29 boys in uniform the coaches haven't much choice.

Friday night's game, with the Burk Burnett Bulldogs, will begin at 8:30 o'clock under the lights at Harvester field. General admission tickets went on sale at noon today at

downtown drug stores. Season reserve tickets are on sale at the school business office in the city hall.

With one exception, the Harvesters starting lineup Friday will be composed of players who were on last year's squad. The newcomer will be Glen Stafford, a halfback, who is playing his first year of football.

The starting lineup will average about 166 pounds with the midweight 129 pounds and the heavy-weight tipping the scales at 200 pounds. Kenneth Lard, 129 pound

end, will be the lightweight with Flint Berlin and Bob Edson, 200 pounders at tackle slots, the giants. At ends will be Lard and Basil Arnold. Berlin and Edson will be the tackles. At guards will be Jimmie Berry and Jerry Kerbow while Earl Snyder will be the center. The backfield will consist of Bill Arthur at tailback, Bob Dunham and Glen Stafford at halfback slots, and Charles Boyles, fullback.

Many reserves will get their big chances in the game and there may be changes in the starting lineup for the second game against Sunset of Dallas here on Sept. 23.

Yankees Win Pennant As Cardinals Take Another

Associated Press Sports Writer

The Yankees team that clinched another American league flag by beating Cleveland yesterday 8 to 3, undoubtedly is not the best that has worn the Bronx livery since Manager Joe McCarthy began winning championships in bulk, and it might not be as good even as the one which pulverized the Dodgers in last year's World series.

But, as Marse Joe points out with comfortable satisfaction, it is "pleasantly good enough." His great pitching and defense will make it a favorite to win the fall title again, whether its opponent is Brooklyn or the St. Louis Cardinals.

From the looks of things today, it probably will be the Cards.

With 98 wins and 47 losses, McCarthy's beauties could lose all their remaining nine games and still finish ahead of the Boston Red Sox, who were blanked by the Chicago White Sox yesterday, 4-0.

It was the Yanks' sixth pennant in seven years, and Ernie Bonham, one of the team's new pitching stars who hurled the Yankees into the lead May 6 to stay there, collected his 20th triumph of the season in clinching the title yesterday.

The Yanks were not the only club to do some clinching. The St. Louis Browns sewed up third place in the American league when they put over an unearned run in the 16th inning to nose out the Athletics, 5-4.

In the one other American league game, Sid Hudson relief-pitched and batted Washington to an 8-6 win over Detroit.

The Cards, by pushing across four runs on as many hits and three errors in the ninth, racked up a vital 6-3 victory over the Phils and stretched their advantage over the idle Dodgers to a game and a half.

With Morlon Cooper, their 20-game winner, ready to pitch the final with the Phils today, the Red Birds stood a fine chance of moving on to their next stand at Boston with a two-game margin over the Brooklyn, who open a two-game series with Pittsburgh at Ebbets field tomorrow.

The Giants, safely ensconced in third place, socked the Pirates 6 to 1 to sweep their three-game series in the Polo grounds. A four-run outburst in the eighth, climaxed by Max West's 14th homer with one on, gave the Braves a 4-2 decision over Chicago.

Southwest Conference Coaches In Doubt Who Will Finish As Champ

Southwest conference football coaches aren't merely being coy this year as to whether they will finish the season looking like champions or a group of pigeon-toed waterboys—they really don't know.

Continual rumblings out of Washington about the possibility of drafting college students, the chance that a football player will decide he'd rather smack Japs and Nazis than the line, and the heavy emoluments offered by defense jobs all conspire to make coaches a little distrust when asked about the prospects of their teams.

Some indication of the trend could be observed yesterday at College Station, where four members of the Texas A. & M. squad disclosed their withdrawal from grid practice. Jim Wilson, a sophomore tackle, is going to join the marines; arduous classroom schedules caused John Stout and Dan Levy, squadmen ends, to turn in their suits, and Bill Thomas, a sophomore blocking back, found that he had to choose between the gridiron and his job—and he decided in favor of the latter. Thomas hopes, however, that he'll find another job when school opens Sept. 26 that will enable him to rejoin the squad.

A prelude of the Texas Longhorns, rumored to have about as good a team as last year's powerful eleven, will be unreel when they open the season at Austin next Saturday against the Corpus Christi naval air station.

Coach Dana X. Bible indicated that Jackie Field probably will start for Texas at left halfback, with Roy McKay the only other certain backfield starter. Max Minor of Tahoka and Ken Matthews of Corpus Christi are battling it out for the wingback spot, and Joe Magliolo of Galveston and Don Feinbrough of Longview, sophomores, are seeking the starting blocking back role.

Southern Methodist, this year's dark-horse candidate, spent yesterday polishing defensive play.

Clarence McMinn, letter man back, injured his ankle in scrimmage last Saturday, but will be back in play before the end of the week.

At Houston Coach Jess Neely made deprecatory noises about the showing of his Rice Owls in their first real scrimmage yesterday, saying "none of the boys exactly covered themselves with glory. We need lots of hard work."

Texas Christian under the eye of Coach Dutch Meyer, has been working on a passing attack, as well as punting under pressure. Meyer didn't appear too depressed over the showing of the varsity yesterday.

The Baylor Bears, who have a habit of dumping Southwest conference favorites, had a hard workout yesterday, with Coach Frank Kimbrough cramming fundamentals into a long drill.

Kimbrough temporarily abandoned his cherished aerial attack, working the team on the ground.

Paris Draft Board Head Dies

PARIS, Sept. 15 (AP)—Patrick B. Gibbons, 72, who recently resigned as chairman of the local draft board, died last night.

He was U. S. commissioner from 1894-95; postmaster here from 1897-1906 and census supervisor for the Fifth district, in 1930.

Funeral services will be held today.

Sports Roundup

BY HUGH FULLERTON, Jr.

Wide World Sports Columnist

NEW YORK, Sept. 15.—Brooklyn fans may wind up without even "wait till next year" to console them if you can believe all the hints about green lights turning red on sports.

Brooklynite Man McGrath reports that his radio is a Dodger fan, too. After five years of perfect service, it quit cold in the eighth inning Saturday.

Negative Vote

Red Burman, who is working in a Baltimore shipyard, stopped the other day to help a blind man across the street. . . . Feeling Red's bulging muscles, the man remarked: "Boy, you could beat Joe Louis with arms like that." . . . "None," Red replied seriously, "I tried it."

Shorts and Stells

Col. Isaac Hedge, St. Louis businessman, is conducting a one-man campaign for Branch Rickey for senator by buttonholing Missouri Republican officials. . . . If they'd give Branch a free hand with trades, the Senators probably wouldn't have to worry about tax bills. . . . Wilbur Bentley of the El Paso Times forwards a song by Leo Durocher: "I've got nerves that jingle, jangle, jingle." . . . All the Yanks weakening, too? . . . Took them ten days longer than last year to clinch the pennant.

Today's Guest Star

Don J. Evans, Lawrence (Kas.) Journal-World: "See where the Oklahoma Sooners have a fine passing combination, Hamm to Lamb. With all the beef in the conference line there will be three kinds of meat served up on one gridiron. If the opposition can't stop 'em, maybe the rationing board can."

Pilot Officer Harold Byrd, R. C. A. P., former Oklahoma U. grappler, sends word home that he'll be back in the air as soon as he gets his nose remodeled. He recently was shot down in a scrap over England.

Ingenuity

When the athletic transportation restrictions tied up the usual means of transportation for the Fairview (W. Va.) high school grid squad, the boys found a simple way of cutting the knot. . . . They merely commandeered the town's volunteer fire department auxiliary truck and packed in 25 persons, including the coach and student managers, for a 150-mile round trip to Moundsville for the season's opener.

BY VICTORY BONDS

Lombardi Leading Nationals At Plate

NEW YORK, Sept. 15 (AP)—Big Ernie Lombardi of the Boston Braves, who is the slowest man in baseball without much doubt, batted blithely into the batting leadership of the National league during the past week, waving in passing to Pete Reiser, Enochs Slaughter and Stan Musial.

Big Ernie, with an average of .353 in 98 games, came to the fore suddenly when the statisticians recalled that the National league leadership was decided among those players who had taken part in 100 games or more, whereas the American league works on a basis of 400 times at bat.

With nearly a fortnight of play remaining, Lombardi is certain to go over the 100 game mark.

Brooklyn's Reiser, who was out ahead a week ago with a mark of .324, held second place, although his average fell to .318. Slaughter and Musial, the Cardinals' twin terrors, were tied for third at .314.

Ted Williams of Boston, with the fifty mark of .353, still had no real rival for the American league leadership, but was being pursued by his rookie teammate, Johnny Pesky, with .339.

Beaumont Wins Playoff Berth In Texas League

(By The Associated Press)

The Beaumont Exporters won the right to participate in the final Texas league playoff round by defeating San Antonio 3-2 yesterday, and the Shreveport Sports took a 3-2 edge in their series with Fort Worth by scratching out a 4-3 victory over the Cats in an epic 19-inning battle.

The Shippers' triumph gave them four games to the Padres' two. With the score tied 3 and 3, Clarence Gann, Beaumont hurler, singled in Moore bounced one to Hausman, who juggled the ball, getting off a delayed throw to first. Metro rounded third and didn't stop until he was safe at home for the winning tally.

The Shreveport at Fort Worth contest was tied in the eighth and stayed that way until the nineteenth frame, when the Sport attack started with Sonny Sonnier's scratch hit to Mery Connors at third. He was bunted to second by Joe Vitte. Zeke Trent fled out, but Joe Cavosie singled to right and Sonnier slid home.

Tonight's game at Fort Worth will decide which teams take on Beaumont in the final round.

Qualifying For City Tournament Begins Saturday

Qualifying rounds in the annual city golf tournament sponsored by the Pampa Country club will start on September 19 and end on September 26, with 6 p. m. on the latter date as the deadline for entries.

Charlie Thut, chairman of the tournament committee, announced today. New grass greens will be a feature of this year's play, which is scheduled to begin on Sunday, September 27. Preceding the journey, a Dutch lunch will be held at the country club at 7:30 p. m. Saturday night, September 26.

Awards in the tournament will be Victory bonds and stamps. Entrance fee will be \$1, and the Dutch lunch will be free to all who have paid this charge. Others may attend the lunch by paying 50 cents each for the meal.

Golfers wishing to enter the tournament should notify Frank Baker, professional at the club, now. His telephone number is 1393.

Dan Gribbon and Haskell Maguire, with Chairman Thut, compose the tournament committee.

Cards Have Pitching Down Home Stretch

PHILADELPHIA, Sept. 15 (AP)—Next to the game and a half lead that shows in the standings, the St. Louis Cardinals' biggest asset in the National league pennant fight is the resilience of their pitchers.

Big Mort Cooper, for instance, was ready to go to the mound today against the Phils with just three days rest since he smothered the Brooklyn Dodgers for his 20th victory. No one had any doubt either, that he would make this No. 21 and push the Cardinals up to a two game margin over the Dodgers, who were idle again.

After today's game the Cardinals will have 10 left to play, none of them in doubleheaders and with two open dates interspersed. Because of this Manager Billy Southworth will be able if necessary, to rotate his three best pitchers—Cooper, John Beasley and Max Lanier—practically every day till the pennant race is settled.

NEW.. FULL QUART Guest Bottle

Good news! Now Schlitz is available in a new 32-ounce (full quart) bottle—as well as in the familiar 12-ounce bottle. Same Schlitz, same fine quality, same famous flavor. Ask for the convenient SCHLITZ GUEST BOTTLE for those occasions when you serve more than one person. It contains almost three times as much Schlitz as the regular 12-ounce bottle, is easy to carry, fits nicely into the refrigerator.

ONE FOR ALL—AND ALL FOR ONE

JUST THE *Kiss* OF THE HOPS • no bitterness

You and all your guests will like the beer that's poured from the Schlitz Guest Bottle—because Schlitz isn't bitter! Schlitz gives you just the kiss of the hops—all of the delicate flavor, none of the bitterness. Once you taste Schlitz, you'll never go back to a bitter beer.

Schlitz On tap too!

Pampans Slow In Donating Records To American Legion

Pampans have been slow to respond to the American Legion's plan for collecting old phonograph records for the benefit of the men in the armed forces.

Only 266 records have been donated to date, as contrasted with Amarillo's 20,100; Clarendon's 2,440; 980 at Shamrock; 960 at Wheeler.

Purpose of the project is to collect old phonograph records, ship them to a warehouse, and have new recordings made from the old records which will be re-processed.

This means that "Johnny Doughboy" for example, will be put on the record that once contained the hit tune of World War I, "Over There."

Commander Ed Tracey, head of Kerley-Crossman American Legion post 334 of Pampa, wants to keep the best records donated here for the benefit of the enlisted men that will be stationed at Pampa, turning in the other records to the national collection.

Mr. Tracey said today he is followed by Travis Post 76, for the benefit of Camp Swift.

Latest count of phonograph records is Mrs. B. E. Ferrell, who has given 62 recordings.

Mrs. W. L. Heskew, president of the Kerley-Crossman American Legion auxiliary of Pampa, said that 200 other records had been previously donated.

She asks that Pampans having records to donate bring them to 806 N. Frost.

CPT Screening Test To Be Given Friday

The screening test for young men desiring to take the Army-Civilian Pilot Training course here will be held at the high school at 2 o'clock Friday afternoon. Deadline for registering will be noon Friday.

Ten men from this section of the Panhandle who successfully pass the screening test and pass the right physical examination will be given 240 hours of ground work and 35 to 40 hours of flight time with all expenses paid.

After completion of the course here, the men will be sent to various flying schools for further training.

Ten men will be graduated from here on Sept. 26.

Frank Culbertson, CPT coordinator and flight instructor today praised the work of Supt. L. M. Sone of the Pampa school and Tom Herod, assistant principal of the high school, for their work in sponsoring the ground classes.

Men between 18 and 37 desiring to take the course should contact Culbertson or Mr. Herod by Friday noon.

'Stars Over America' Tickets On Sale Now

Want to see a bang-up show and help out Uncle Sam, too? If so, you'd better hurry to the Pampa postoffice and get a ticket for "Stars Over America," the motion picture star production to be staged tomorrow night in the municipal auditorium in Amarillo.

On sale at the Pampa postoffice are 28 Victory bonds of the \$25 denomination and 25 \$50 and up classification, received today by Carl F. Benefield, local theater manager, and turned over by him to the postoffice.

With each bond sold, the purchaser receives a ticket for the show, in which Janet Gaynor, Robert Stack, and Nigle Bruce, and other motion picture celebrities will appear.

Players are due to arrive in Amarillo tomorrow morning. At noon a \$1,000 per plate Victory dinner will be held at the Herring house.

Tour of the players is one of several sponsored by the war activities committee of the motion picture industry war bond and stamp campaign, in cooperation with the treasury department.

Efforts to have the tour include Pampa failed, leaving Amarillo as the nearest point to this city at which the show can be seen.

KPDN To Air Special Molly Pitcher Show

The co-stars of the Broadway hit "Angel Street" join on the "Treasure Star Parade," when Judith Evelyn and Vincent Price present Violet Atkins, "Molly Pitcher, Soldier," on Thursday at 9 a. m. and 6 p. m. over Station KPDN, Miss Evelyn, the English actress who has won such widespread acclaim for her work in "Angel Street," will play the title role in this story, based on the real-life adventures of the heroine of the Battle of Monmouth, in the Revolutionary war.

Molly Pitcher, who was made a sergeant in the Colonial army for her bravery in action, serves in this drama as just one example of the courage of American womanhood in time of stress. Vincent Price, who plays the male lead in "Angel Street," serves as narrator, and the special music is composed and conducted by David Brookman.

Kiwanis Club To Stage New Edition Of Musical Revue

Decision was reached last night to stage the Kiwanis Club's third annual Top O' Texas Revue, Joe Gordon, club president, announced today.

Harry Wahlberg, of KPDN's staff, an experienced actor and director, will direct the show which, while adhering to the revue style of production, will be built on entirely different lines from the 1940 and 1941 Kiwanis shows which were modeled after "Hellzapoppin'."

Mr. Wahlberg said today he is mapping the general outline of the show and within a few days expects to call for auditions of prospective music, comedy, and dancing talent.

"We have had so many requests to stage a show this fall," President Gordon said, "that the club's directors have authorized us to go ahead. Now that we've decided, you can bank on it that the Kiwanis Top O' Texas Revue this year will outdo all previous productions by the club."

Members of the special committee which met last night and decided to stage the 1942 show included R. B. Saxe, chairman; Tex DeWeese, R. B. Allen, Dr. Calvin Jones, Harry Wahlberg, John Monroe, Joe Gordon, and Fred Shryock.

Pampa Schools Can Secure Both State And Federal Aid

Schools of Pampa have two opportunities to benefit from state and federal aid, if the requirements can be met.

Under the plan for state aid, more money will be available for the schools of the Pampa Independent School district if enrollment exceeds the last scholastic census.

Supt. L. L. Sone said it was planned to make application for state funds just as soon as this occurs, and he said that it was indicated this would likely happen soon.

Enrollment is now 3,624; last scholastic census, 3,665.

Under the federal plan, schools of the nation where additional services must be provided for the children of workers in war industries, federal allotments are set up for war public service projects.

While Pampa has no great war industries, there is a possibility that families moving here as a result of the work on the army air base and similar projects may result in an increased enrollment in the local schools, as children from such families register in Pampa schools.

Federal funds to benefit schools of the nation where additional services must be provided for the children of workers in war industries, federal allotments are set up for war public service projects.

Market Briefs

NEW YORK, Sept. 15 (AP)—Revised tax relief, house market, and buying in today's stock market but, on the whole, failed to touch off much of a rally.

Among assorted issues, touching new highs for the year were International Telephone and Goodway. Wide advances were posted for senior stocks of Public Service of N. J., Electric Power & Light, American Power & Light, and Commonwealth & Southern.

In front most of the time were Dow Chemical, Johns-Manville, Standard Oil (N. J.), Consolidated Edison, North American, United Gas Improvement, American Water Works, Sears Roebuck, U. S. Steel, and Chrysler.

Intermarket leaders were Santa Fe, Northern Pacific, Western Union, Kennecott, and International Harvester.

Seven Gray County Men Enlist In Navy

Gray county has provided the navy with seven recruits thus far this month, as its share to date in the month's goal of 3,600 enlistments from the North Texas district.

Slightly less than 120 men a day have joined the navy during the first 15 days of this month over the district, Lieut. L. H. Ridout, Jr., officer in charge, Dallas, stated today.

"To attain the month's goal, however, we need exactly 120 men each day. Right now, we aren't getting them. This means that all recruiting efforts must be increased to make up the difference," explained the officer in charge.

"In view of current official predictions that men with children may be called for service with the armed forces by 1943, the only logical reaction for any family man is to investigate immediately opportunities offered by the navy before it's too late to choose the branch of service he wishes to enter."

Following these purchases the Southwestern company, an operating utility controlled by General Public Utilities, a subsidiary of Community Power & Light company, will provide service directly to communities in Texas, New Mexico and Oklahoma and through wholly-owned subsidiaries will operate in Louisiana, Arkansas, Arizona and Florida.

STALINGRAD

(Continued from page 1)

of Wilhelmshaven, chief German naval station on the North sea. It was the second night attack on Germany in 24 hours and the ninth in the first 14 nights of September.

A Berlin broadcast said the raiders started fires and inflicted "some damage, mainly in the residential district."

The raid marked the second anniversary of a climactic day in the battle of Britain—Sept. 15, 1940, when RAF fighters and anti-aircraft of the skies to put a damper on the Nazi blitzkrieg.

Meanwhile, the London admiralty announced that sea-borne British forces struck a damaging blow in a raid Sunday night against Field Marshal Erwin Rommel's key supply base at Tobruk, North Africa, 75 miles west of the Egyptian frontier.

"Our force landed in the face of strong opposition and inflicted casualties and damage on the enemy before retiring," the admiralty said. Italian headquarters asserted that 576 prisoners, including 34 officers, were captured during the commando-type assault.

"Within five hours, all the British forces were annihilated or captured," an Italian communique said. "Tanks landed by the British were destroyed."

The Fascist command also declared that a British cruiser, three destroyers and several patrol boats were sunk.

British G. H. A. in Cairo said large formations of Axis bombers attempted to intercept British warships returning from Tobruk but long-range RAF fighters "obliged them to jettison their bombs and inflicted casualties."

On the nearby Egyptian battlefield, quiet still prevailed except for artillery duels and night patrol sorties.

In the central Caucasus, Red army headquarters acknowledged that a German tank column had broken into a Russian town in the Terek river valley, 50 miles north of the Grozny oil fields, but declared Soviet elite troops were subjecting the invaders to a deadly fire.

BOMB CRATER JOB CHANGE

(Continued from page 1)

fire became linked together shortly after Howard Gardner, forest service lookout, had controlled the flames.

He found bomb fragments and a "sizeable crater." The bomb sheared a six-inch tree and set fire to a stump, he reported to H. R. Dewart, Curry county air raid chairman.

Marshall dug out of the crater what he said was the nose of an incendiary bomb. Attached was a steel shank bearing Japanese characters.

Then the army began investigating. Today it announced the results of its inquiry which it indicated still was progressing and for the first time allowed the story to be published.

MAILMEN CALLED ON TO HELP IN HARVEST

(Continued from page 1)

quarters, in support of this objective, Texas local boards have been instructed to reclassify out of class 11-A or class 11-B into a class immediately available for service, or out of class 11-B into class 11-A, subject to the usual rights of appeal, any registrant who leaves a production or maintenance occupation in any of these activities without presenting satisfactory evidence to his local board that his separation did not adversely affect the war effort."

This order, General Page pointed out, permits a worker to change jobs so long as that change, in the opinion of the registrant's local board, does not adversely affect the war effort and that by changing he can increase production.

General Page emphasized that no classification is permanent and that the selective service regulations make it mandatory that each classified registrant report to his local board in writing, within 10 days, any change in his occupational status.
