# BATTLE FOR STALINGRAD IN TWENTY-SEVENTH DAY

## SURVIVORS FROM U. S. YORKTOWN

Made comfortable on a large, raft-like stretcher wounded survivors from the U. S. Yorktown are lowered to the quay on their arrival at Honolulu.

## Allied Planes Blast Japanese Air Bases

GENERAL MACARTHUR'S HEADQUARTERS, Australia, Sunday, Sept. 20 (AP)—Allied air forces blasted Japanese air bases in New Guinea yesterday and strafed buildings, huts and sheds along the Kokoda supply track which leads into the Owen Stanley mountains to the enemy forces threatening the Allied base at Port Moresby, a communique said today.

The main bombing attack was directed at Lae, where eight tons of explosives were dropped, but the communique indicated the strafing operations at Buna and farther inland along the Kokoda track were on a large scale.

Other Allied attacks were directed at Buna, at the northern tip of the Solomons, and against shipping in Goodenough bay and Vitiaz strait, New Guinea. A cargo ship was set afire by Flying Fortresses in Vitiaz strait.

For the third day, fighting in the jungles of the Owen Stanley mountains was limited largely to activity by Allied patrols, the communique said.

Medium bombers and fighters raiding Lae failed to encounter any air defense, and all the planes taking part returned safely to their bases.

The bombers centered their attention on enemy dispersal areas, while the fighters strafed anti-aircraft and supply installations.

The assault on Buna was made by fighter planes ranging the trail to Kokoda. Japanese advance base on the northern slope of the Owen Stanleys. At Buna airfield itself, a supply dump and a Zero fighter were set afire and an anti-aircraft position was silenced. Along the Kokoda track, cannon and machine-gun fire raked buildings, sheds and huts.

Buka was visited by medium bombers in a nighttime attack under poor weather conditions. Returning pilots reported fires started but were unable to observe results.

Two or three enemy raiders attacked Port Moresby, the center for Allied operations in the New Guinea theater, but the communique said the "bombs dropped harmlessly in an uninhabited wooded area."

**BUY VICTORY STAMPS**  
**Nazi Field Marshal Slain In Caucasus**

MOSCOW, Sunday, Sept. 20 (AP)—The Russians announced officially today that Field Marshal Ewald von Kleist, commander of the first German tank army, had been killed in fighting in the Mozdok area of the Caucasus.

He was 61 years old. Marshal Von Kleist fought most of the German-Russian war in the Ukraine, the Don and Donets area and in the Caucasus.

He was commander of the German forces which captured Rostov last November, only to lose the city to the Russians about a week later.

He figured this summer in command of tank forces which drove on beyond Rostov into the Caucasus.

## Do You Have A Dog You'll Loan To Uncle Sam?

This is an all-out war, with even dogs called on to do their share for Uncle Sam.

Did you know that Germany and Russia each used 75,000 dogs last winter in operations along the eastern front?

Now the call has come for Texas to supply 150 dogs for training to fit them to serve as sentries, guards, to carry ammunition, and to pull carts for Uncle Sam.

R. D. Holt, Wheeler banker, who is in charge of Dogs for Defense, Inc. for the Panhandle, was in Pampa yesterday and he wants Gray county dog-owners to do their bit. As yet, he has no Gray county representative, and he's asking that some Gray county man who likes dogs and makes a hobby of working and training them, volunteer to serve as his agent.

Not that Mr. Holt won't accept dogs from Gray now—he will, all he gets. No half-hearted barker of the movement is Mr. Holt; he has two of his own Doberman pinschers in Uncle Sam's service right now.

Here's the kind of dogs wanted: Shepherds, Great Danes, St. Bernards, collies, ages 1 to 3 years, with 1 1/2 years preferred; 18 inches tall at shoulder, either male or female; must not be gun-shy or have any trace of shyness; must be healthy.

One good dog will take the place of five men in guard duty, Mr. Holt said.

There are two principal training centers, one at Front Royal, Va., and the other, just opening, at Port Robertson, Neb.

Persons who offer their dogs for See DO YOU? Page 3

## British Take Chief Port Of Madagascar

LONDON, Sept. 19 (AP)—Mobile British troops have occupied Brickavia, on the east coast of Madagascar, 100 miles due east of Tananarive, the capital, the Vichy radio said today.

The landing at Tananarive, the island's chief commercial port, 70 miles northwest of Brickavia, was the first the British had made on the coast following their original west coast landings 10 days ago.

A British communique, issued in East Africa, reported that continued progress was being made by columns moving upon Tananarive from Majunga on the northwest. A British commentator said one British column advancing from Majunga was less than 60 miles from the capital.

There was a possibility, this informant said, that French forces might be concentrating at the capital for a stand but that present resistance was negligible and only a few British casualties had been suffered.

For moist, warm, circulated air, see the Estete Heatrola, Lewis Hardware.—Adv.

## Former Flying Tiger To Aid Scrap Drive

One of the Texas Panhandle's own heroes—a Flying Tiger who was shot out of his plane over Rangoon and machine-gunned by the Japs while drifting down in his parachute—is coming to Pampa next Thursday in the interest of Gray county's scrap metal drive.

He is Lieut. Paul Greene, son of Mr. and Mrs. W. J. Greene of Clarendon, and one of the original A-V-G Flying Tigers with the Chinese Army in China.

Lieutenant Greene consented to come here under the sponsorship of the American Legion and the Veterans of Foreign Wars when he was told his presence in the city would be in the interest of Gray county's scrap metal drive for Uncle Sam.

The Flying Tiger's appearance here is timed with the farewell party to be given by the Legion and Veterans for Pampa's 30 selectees who leave next week for the Army.

The party is at the Legion Hut and Lieutenant Greene will speak to the assemblage.

His first appearance in Pampa will be at a meeting for the general public at 6:15 p. m. Thursday in front of the LaNora theater when he will give the here a rousing welcome.

Arrangements for Lieutenant Greene's appearances in Pampa in behalf of the scrap metal drive are being made by a committee headed by J. B. Martin, Tigger's appearance here is being made by the Legion and Veterans for Pampa's 30 selectees who leave next week for the Army.

Greene received his wings at Rangoon. He is expected to arrive here Thursday morning.

See FLYING TIGER, Page 3

## New Lexington To Be Launched Month Ahead Of Schedule

WASHINGTON, Sept. 19 (AP)—The new aircraft carrier Lexington, replacing the one which was sunk last May in the battle of the Coral Sea, will be launched next Saturday one year ahead of schedule, the navy announced today.

The Lexington will be the second carrier launched since Pearl Harbor. The Essex, prototype of a new class to which the Lexington belongs, entered the water at Newport News, Va., July 31. It will be some months, however, before these two new flat-tops can be completely fitted out and ready to join the fleet.

The new Lexington will be launched at the Bethlehem Steel corporation's Fore river plant at Quincy, Mass. Mrs. Theodore Douglas Robinson, who christened the other Lexington 17 years ago in the same yard, will give the new ship its name. She is the widow of a late assistant secretary of the navy.

The navy, racing in secrecy to build the world's biggest and hardest hitting fleet of carriers, has made public little data on Essex class vessels. Jane's Fighting Ships says they displace around 25,000 tons, cost about \$60,000,000 and have a complement of more than 80 planes and 2,000 officers and men.

Speed, a prime essential of an aircraft carrier, was listed as 35 knots.

## Radio Talks Will Signal Drive Opening

(Pictures on Page Two)

In a special radio program from 7 to 7:15 p. m. Tuesday, over station KPDM, the message of the Salvation Army will be brought to the Pampa area in a series of three speeches.

Speakers will be Arthur M. Teed, County Judge Sherman White, and Tex DeWeese, Judge White is chairman of the Salvation Army's advisory board. Mr. Teed is chairman of the 1942 financial campaign, and Mr. DeWeese is a member of the board.

The program will signal the approach of the campaign proper, designed to raise \$5,000 to carry on the army's work here during the coming year, and follows the advance gifts part of the drive held prior, in which \$1,200 has been obtained.

A breakfast at the Schneider hotel on Wednesday morning will mark the start of active participation of the public in the drive. There will be 35 men, representing four civic clubs, who will attend the breakfast and who compose the teams of solicitors. The Rev. Robert Boshorn, pastor of the Presbyterian church, will be the principal speaker.

Brig. Lawrence Redgrove of Dallas is here to assist the Pampa advisory board with the campaign. The brigadier will be in charge of services at the Salvation Army hall this forenoon and tonight.

Heads of the Salvation Army in Pampa are Captain and Mrs. Frank White and Captain Ruth Linden. Their pictures appear on page two.

**Former Canadians**  
Captain and Mrs. White came to Pampa in May of this year from Littlefield. Mrs. White is of the third generation of Salvation Army workers of her family. She was born in Winnipeg, Canada, came with her family to the Army's southern

## Purple Heart Award Now Made Automatic

WASHINGTON, Sept. 19 (AP)—The purple heart, oldest American military decoration, is to be awarded to all army personnel killed or wounded by enemy action, the war department announced today.

The award will be made posthumously to relatives of military or civilian personnel who meet death while serving in any capacity with the army.

It will be given to all wounded while serving with the army in any capacity, provided the wounds require medical treatment.

In the past, the award had been made to those who applied for it, but the award now is automatic.

The Purple Heart was authorized by George Washington from his headquarters at Newburg, N. Y., August 7, 1782, during the Revolution. While special and commemorative medals had been issued previously by the infant government, no decorations had been authorized.

The decoration is believed to be the first in history to be awarded to all ranks of soldiers.

Washington directed that "whenever any singularly meritorious action is performed, the author of it shall be permitted to wear on his facings, over his left breast, the figure of a heart in purple cloth or silk, with narrow lace binding," and added, "the road to glory in a patriot army and a free country is thus opened to all."

## Court Dismisses 'Walking Bank'

CHICAGO, Sept. 19 (AP)—John Gonzales, 45, was brought into the Chicago avenue court today on a charge of vagrancy.

He proceeded to unfold his defense—literally. He produced a package covered with weather-stained newspapers, unwrapped it tenderly, and brought forth \$6,000 worth of war bonds and postal savings certificates.

The judge said something about a "walking bank" and dismissed the case.

**NOTICE—Chandler Barber Shop** now under new management. Jess Turner invites friends and customers to visit him there.—Adv.

## Nazis Unable To Finish Offensive

By EDDY GILMORE

MOSCOW, Sunday, Sept. 20 (AP)—Surging back with renewed vigor, Russian soldiers fighting for the life of Stalingrad drove the Nazis out of several streets within the city yesterday and "wiped out" about a company of German riflemen, the Soviets announced officially today.

The Soviet triumph in fierce fighting on the blood-stained pavements of the city of Stalingrad was reported as the Germans pressed anew to the assault after regrouping their forces.

Thus the battle for Stalingrad went into its 27th day with the Russian flag still flying over the city Adolf Hitler has ordered taken at any cost.

Unable to engulf the city with their first rushes from the outskirts, the Germans formed again yesterday for greater assaults and maintained continuous attacks in the streets.

German tanks were participating in the street fighting, the Soviet high command disclosed, in announcing 20 tanks were thrown into the battle in one part of the city in an attempt to assist a surrounded company. Eight of the tanks were burned out by anti-tank guns, grenades and incendiary bottles, it was said.

The German drive in the Mozdok area of the Caucasus toward the Grozny oil fields also appeared to be increasing in intensity. The communique mentioned "a number of counter-attacks" but said all had been repelled. In this fighting, the Russians said, German Field Marshal Ewald von Kleist, commander of the first tank army, was killed.

To the east of Mozdok, the communique said, one Soviet unit wiped out two companies of enemy infantry and artillery, with the assistance of tank busters, put out of action five German tanks.

Earlier reports said two new German divisions—the 13th tank and 11th infantry—had arrived in this sector of the front. On the first charge they were said by front dispatches to have advanced a mile and a half and on another charge gained another eight miles. They were reported, however, to have lost 40 tanks.

The Russians then counter-attacked and the Germans staggered back leaving 25 more tanks. Front reports said the Russians followed up the first attack with others, which ended in a "considerable defeat" for the Germans.

Red Star, the army newspaper, said fighting was in progress southwest of Mozdok, with the Russians on the offensive.

Russian dispatches from the Stalingrad front said German tommy-guns in Red army uniforms and German tanks disguised as Soviet machines failed in a 5-hour battle to take an important height which

## Garden Shows Are For Children, Too

Garden shows are not just for adults alone.

To encourage the participation of the youngsters the Victory Harvest Garden show, sponsored by the Pampa Garden club, has a plan for children under 17 to enter in the junior exhibits division, under the direction of Mrs. Paul Tabor.

Flower arrangements have a special appeal for juveniles and parents should encourage their children to enter, members of the Garden club state.

Every member of the club is asked to have at least one arrangement for the show, which will be held next Friday and Saturday at the red brick school building on the junior high school campus.

Sale of tickets for the show was held yesterday at a booth at Creney's Drug store. Club members who have not yet obtained tickets for sale are asked to get them now from Mrs. Dan Williams.

Exhibitors wishing full information on the show can obtain data from Mrs. R. T. McNally, telephone 1992, or Mrs. H. E. Schwartz, telephone 1552.

More dependable stopping power and longer tire life reward the motorist whose brakes are lined with Thermoid Motor Inn Auto Supply, Dist.—Adv.

## Your Guide For Overseas Mail—Deadline Nov. 1

Here are the Post Office Department's recommendations for Christmas mail to service men outside the United States:

1. Parcels, letters and cards should be mailed between Oct. 1 and Nov. 1—the sooner the better, regardless of where you live or where the article is going. Delivery cannot be guaranteed if it is postmarked after Nov. 1.
2. Gift packages should be marked "Christmas Parcel."
3. Parcels should not exceed 11

## I SAW . . .

Mr. and Mrs. Bob Posey enjoying hot dogs at the football game Friday night. Said Bob, "one of these is still alive, it's kicking." Some was close by remarked that it was likely a Burk Burnett Bulldog.

## No One Ever Made A More Generous Offer Than The Navy

Can you imagine someone offering to give you food, clothing, medical care, and the best of recreation, travel, and dozens of other advantages, while at the same time paying you good wages to learn a trade so you can earn even more money for yourself?

Every day is Christmas in the advantages offered you in the navy of the United States. Just think—49 skilled trades are on the list from which you can choose—and you can learn while you are free from worry about where the next meal is coming from, or clothing, or anything else—it's ALL YOURS for the taking.

What red-blooded American can pass up a chance like that—a chance that also includes the great privilege of serving with the finest type of men the greatest nation on the globe.

Turn to page 3 of today's issue of The Pampa News—and show Uncle Sam you truly appreciate the freedom and happiness you enjoy—which other men are now fighting, some of them dying—to keep for YOU. Will you do your share?

### Nazis Capturing Ship Captains

By ROBERT OKIN  
NEW YORK, Sept. 19 (AP)—Shipping experts suggested today that the best way to combat the new Nazi tactic of making prisoners of torpedoed ship captains was the crews to play dumb when approached by U-boat commanders.

Since June at least 11 captains of United Nations vessels as well as some chief engineers have been taken prisoners by the Germans. Berlin recently described this as a standing order to German submarine commanders as substantiation of their sinking claims.

Captain H. Martin, national vice-president of the Masters, Mates and Pilots, association, outlined the suggested procedure:

"Just have the men tell the submarine that the captain is still aboard ship—and don't let skippers wear uniform caps."

The advice already has been followed successfully in at least one case where the captain warned those in his lifeboat as the U-boat hailed them.

"When they asked for me, I just wasn't there," he said.

Some marine experts have expressed belief that among other reasons the Germans adopted the new tactic is to drain off trained United Nations technicians from the merchant marine growing in American shipyards.

—BUY VICTORY STAMPS

MRS. FRANK WHITE, CAPTAIN WHITE, and Captain Ruth Linden, pictured above, left to right, head the Salvation Army corps in Pampa, which begins its annual financial campaign with a kick-off breakfast next Wednesday morning at the Schneider hotel.

Following the advance gifts drive during the past week, Captain and Mrs. White came to Pampa last night from Littleton, Colo., to assist in the drive.

Work in the McLean area is a part of the county-wide campaign, directed by Glenn T. Hackney, Gray county farm agent, D. A. Davis, McLean, chairman of the McLean salvage committee, and Don Perrin, WPA supervisor, who has supervised the work of a crew sent around on trucks equipped with a portable cutting torch to the farms and ranches.

### McLean Area Gives 31,000 Pounds Scrap

A total of 31,000 pounds of scrap metal has been collected in the McLean area in the first five days of the drive which opened Monday. Out of this 31,000 pounds, 18,000 pounds was obtained from Fred M. Thompson, who resides south of McLean. On the first day, workers gathered 10,000 pounds.

Mr. Perrin is offering to send his crew to all farms and ranches and

gather the scrap without cost to the farmers, who can either donate or sell their collection. The price given is \$5 a ton for scrap metal and 1/2-cent a pound for scrap rubber. Farmers who want trucks to pick up their collections can reach Mr. Perrin at telephone 2237-J or by calling Mr. Hackney, Gray county farm agent, at 515.

### Chippewa Indian Chooses Air Force Rather Than Infantry

FORT SHERIDAN, Ill., Sept. 19 (AP)—The infantry lost a likely prospect to the air force today.

He was Thomas B. Young, a Chippewa Indian whose tribal name is "The Strong Man." Young reported to the recruit reception center after walking 45 miles in 12 hours and then finishing his journey from Lac Du Flambeau, Wis., by train.

Infantry officers were hopeful when he gave his occupation as a hunting guide accustomed to daily hikes of 30-40 miles. But Young said he wanted to join the air force.

"Let someone else fly the plane," he said. "I'll do the shooting."

—BUY VICTORY STAMPS

### McNitt Addresses 15,000 Legionnaires

KANSAS CITY, Sept. 19 (AP)—American Legionnaires were warned today by high ranking war leaders that the nation must utilize all its manpower to win over the Axis and if voluntary methods failed a system of compulsory service may come.

From silver-haired Paul McNitt, director of the War Manpower Commission, came a broad hint at the opening session of the Legion's national convention that some sort of industrial conscription might come.

"America," he said, speaking in a quiet voice, "is faced today with the urgent need to produce. Every worker, every man hour of every worker's energy, must be applied at that point which will help the war effort most."

"We are now seeking to obtain such ends as these by voluntary means. We are in this war to win and if that means discipline, we, the people, are ready."

Only a few minutes earlier Navy Secretary Knox told the veterans here that strong unity on the home front to win and Undersecretary of War Robert P. Patterson said: "The time will come when we shall have broad national service legislation under which men and women may be assigned to industrial jobs."

Louis A. Johnson, former assistant secretary of war, and William P. Witherow, president of the National Association of Manufacturers, spoke of what might come after the war.

It was a convention dedicated entirely to major war problems. The Legionnaires pledged all of their time to seeing what can be done about speeding up prosecution of the war.

The war of yesteryears was forgotten and so were the parade and all of the fun-making that has characterized other Legion conventions. Only 15,000 came in sharp contrast to other years when as many as 100,000 attended.

### Market Briefs

By BERNARD S. O'HARA  
NEW YORK, Sept. 19 (AP)—The stock market today ran into enough profit taking to break the upward trend generally maintained throughout the past week.

There was scant bullishness discernible in the news and the Associated Press average of 60 stocks slipped 1/2 of a point to 37 1/2 on the week, showed a net advance of 4. Transfers of 12,700 shares compared with 116,400 last Saturday and were the largest for a two-day stretch in about a month.

The list edged forward on balance Monday, Tuesday, Wednesday and Friday and was unchanged Thursday. In the face of cloudy war bulletins, persistent confusion in the middle over tax legislation and doubts regarding the anti-inflation program which congress worked feverishly to put in to shape before the president's Oct. 1 deadline.

But, for the most part, just some of their recent long-term credit to his earnings prospects as talk of wage boost demand in non-union unions was heard.

Today's slight setback was blamed partly on a weekend protection.

International Telephone was the liveliest performer in the first session as well as on the week, tacking on 1/2 at a new high since 1937 and making the week's net gain a full point. Others to finish behind plus marks included Mott's Sugar, Franco Sugar, Swift & Co., Sunbeam, Minute, Firestone Tire, Western Union, American Water Works, Yellow Truck, Northern Pacific, Texas & Pacific, Southern Railway, General Electric, Public Service of N. J., and General Electric.

### New Store Building Collapses; One Dead

CHEYENNE, Wyo., Sept. 19 (AP)—A big new store market building collapsed today killing one woman and injuring 11 persons, and one witness declared, "It's a lucky thing that didn't happen when the five o'clock shopping rush was on."

The roof of the Safeway Store, Inc., building, finished three months ago in a Cheyenne residential section, first started caving at the rear of the store.

Warned by the loud rumbling, many of the 40 to 50 Saturday shoppers inside fled wildly out the front doors in time to escape injury.

The entire roof fell in. As the roof caved, the structure's brick walls were shattered. Two walls were leveled and the greater portion of the two remaining walls toppled over.

Coroner Paul Worland said the woman killed was Mrs. Anna Bogensberger, about 36, mother of five children and wife of John Bogensberger, Union Pacific railroad shop foreman.

### Four Permits For Bicycles Approved

Show leather is getting to be almost as precious as gasoline, judging from one of the permits for new bicycles granted Saturday by the Gray County War Price and Rationing board.

Of course, there's a technical question on whether the pedaling of a bike doesn't wear out shoe leather about as fast as walking, but there's no doubt that cycling saves time.

R. E. Baxter, Pampa shoe salesman, was one of the four persons to whom permits for new bicycles were issued Saturday. The others were West Texas News agency, Hugh Kenner, Western Union messenger; and F. H. Allen, delivery boy for Tom Rose Ford, all of Pampa.

Authorizations to purchase new automobiles, was granted the Cheek Construction company and E. L. Goad, farmer, both of Pampa.

Receipts totaled 48.

### Gregg County Wets Win Close Election

LONGVIEW, Sept. 19 (AP)—Gregg county today voted to continue permitting the sale of beer and other alcoholic drinks.

In a comparatively heavy turnout, the vote count was: wets 3,929; dries 3,098 for a total of 7,027.

The election brought out nearly as many votes as were cast in the recent primaries. Both sides conducted vigorous campaigns.

With the wet victory Gregg county retains its position of being the only spot between Shreveport and Dallas where liquor can be obtained.

### Jap Naval Force Driven To Cover By Fortresses

**By JOHN M. HIGHTOWER**  
WASHINGTON, Sept. 19 (AP)—Army flying fortresses drove a Japanese force of battleships and cruisers away from the American-held sector of the Solomon islands last Monday with a bombing attack which probably damaged two of the battleships.

The action was announced by the navy today in a communique which clearly left open the possibility the powerful Jap fleet might return at any time for a renewal of the enemy's desperate efforts to wrest the strategic Guadalcanal-Tulagi area of the Solomons from American hands.

The communique also reported army bombers had made fresh attacks on Jap installations on Gizo island and at Retaka bay—bases which the enemy presumably uses for offensive operations against Guadalcanal.

While land activity in the Solomons slowed to minor skirmishes and sniping with reinforced marines in firm control of their positions, the big army bombers discovered the Japanese battle force prowling northeastward of Tulagi and roared in to the attack.

"Heavy anti-aircraft fire was encountered," the navy said, "but possible hits on two battleships were reported. When last seen, this force was retiring to the north."

"There was no evidence to show the exact intentions of the enemy admirals in having such an armada in this area. Since their ships apparently lacked aircraft protection, they may have been maneuvering to join with a force of aircraft carriers and possibly transports for an early onslaught against the American Solomons. Or they may have been making a reconnaissance in force."

As for land fighting on Guadalcanal, where the primary enemy objective is recapture of the airfield, the navy said it had lulled since Sunday night, being confined to minor patrol activity, sniping and "occasional skirmishes between small enemy units and U. S. marines."

"Supplies and reinforcements have reached our forces," the communique said.

**Air Service Station Rises Out Of Marsh**  
**By RUSSELL C. LANDSTROM**  
AN AMERICAN AIR SERVICE BASE SOMEWHERE IN BRITAIN, Sept. 19 (AP)—On ground which only a month ago was a bog there has risen today an impressive nucleus for a vast United States air service station for the coming offensive against Hitler.

### FIVE NAZI OBJECTIVES AFTER THE FALL OF STALINGRAD

The Germans may strike in five different directions after their capture of Stalingrad, aiming up the Volga toward Moscow, up the Volga toward Kuibyshev, the Russian war capital; across the Volga to cut the supply railroad from Astrakhan and Gurev and drive toward the Ural Mountains and across the Volga to the Caspian supply port of Gurev; or down the Volga to Astrakhan.

### NAZIS UNABLE

(Continued from Page 1)  
controls the heart of the city and the Volga banks.

Night became garish day from the constant flash of cannon, the thousands of aerial flares and the flames from incendiary bombs and burning buildings.

The Luftwaffe in tremendous superiority hung over streets and buildings, dropping hundreds of tons of bombs. They flew low, sirens howling, to swell the pandemonium.

The arrival of more Soviet reinforcements—fresh, eager recruits from the Siberian training camps—gave a stronger tone to the Soviet defense.

But if the fate of a city in this war was ever in the balance, this was it.

Dispatches from the battleground made it clear that the German storm armies maintained their mauling strength after 25 days of direct assault, and that huge losses have in no way deterred the German commanders from their eagerness to overwhelm as quickly as possible this key to one of Russia's greatest communications systems.

Probably no battlefield in past wars has appeared as such an area of continuous movement and endless maneuvers of major forces.

### Compulsory Savings Program Drafted

**By JACK BELL**  
WASHINGTON, Sept. 19 (AP)—A program which would force Americans to buy some \$15,000,000,000 worth of government bonds annually to aid in financing the war and controlling inflation may be laid before congress after it disposes of the tax bill, it was learned today.

Expected to involve either stiff increases in present and proposed taxes or the imposition of new ones, the program is to be worked out by a joint congressional committee established by the revenue bill and directed to report by Dec. 1.

Working with this committee will be Secretary Morgenthau, who recently urged that congress supplement present voluntary bond investments by levying against the amount of money individuals spend to provide a form of compulsory savings.

Chairman George (D-Ga.) of the senate finance committee expressed the belief that to be of any benefit in reducing the war deficit a compulsory savings program would have to produce between \$12,000,000,000 and \$15,000,000,000 yearly.

He added that while taxation appeared the only feasible method of enforcing bond investments, there was some doubt that taxpayers could stand this additional burden on top of the high taxes they will pay under the new revenue measure.

"The treasury ought to have submitted a compulsory savings plan a year ago, when we could have approached this problem by making gradual increases in taxes," he told reporters. "Now if we are to get anything like the amount that will be needed, we may have to make a sudden and sharp increase in taxes."

Browning, who has been appointed to the position of a corporal of Company D.

### Stalingrad Harbor District Captured

BERLIN, (From German broadcasts), Sept. 19 (AP)—The German news agency Transocean reported from the Stalingrad front tonight that "after hard fighting" German troops had succeeded in entering a harbor district in the city.

It was from this district, the dispatch said, the Russians had been launching their counter-offensives into various parts of the city which the Germans had penetrated. The new breach was said to have been made by German sappers, using flame throwers.

### Service Medals Conferred Upon 27 Navy Men

WASHINGTON, Sept. 19 (AP)—The navy announced today that 23 officers and men who distinguished themselves during the Coral sea battle had been awarded decorations for heroism in action. Nine of these men served on the Lexington, which was sunk after inflicting heavy damage on the enemy.

The distinguished service medal was conferred upon Rear Admiral Aubrey W. Fitch, 59, of Washington, D. C. and Rear Admiral William W. Smith, 54, of Springfield, N. J. Fitch commanded a task force with which the Lexington operated and Smith commanded a naval unit in the Coral sea battle.

Five officers of the Lexington received gold stars in lieu of second navy crosses for action in the Coral sea. They included: Lieutenant (junior grade) Harry B. Bass, 25, of Beaumont, Tex. Eight dive bomber pilots who won the navy cross for the first time also received citations for heroism.

### DO YOU?

(Continued from page 1)  
war duty for America, have to offer them freely, with no compensation, and sign a release for their dogs for the duration.

If you have a dog to donate to Uncle Sam, here's what to do:  
1. Write to R. D. Holt, Box 266, Wheeler, who will then send you a release to be signed.  
2. Men will be sent by Mr. Holt to inspect your dog. If they think he measures up, they will ship your dog to Dallas, a canine "replacement center." From Dallas the dog will be shipped to a training center.

Cost of shipping will be borne by Dogs for Defense, Inc., a civilian organization, whose work is now under the war department. If you don't have a crate for your dog, the organization will supply one at no cost. If you do have a crate, Mr. Holt will see that it is returned to you after shipment.

Any person interested in getting further information is advised to write Mr. Holt, who works under the direction of Forrest N. Hall, Dallas, state representative of Dogs for Defense.

# CHOOSE THE NAVY PICK YOUR JOB

## Here's your chance to qualify for the job where you can do the most for your country—and for yourself

EVERY true American wants to fight for his country. Every red-blooded American can fight for his country. But to do a real fighting man's job, the kind of job that will win this war, your Navy needs men—trained men—who can hold responsible posts.

If you are from 17 to 50 and if you've got what it takes to qualify, the Navy is ready to train you in any of 49 different good jobs—or ratings—right now. You'll find all the facts about these skilled trades in the new book, "What Kind of Job Can I Get in the Navy?"

Free—training worth \$1500  
A copy is yours for the asking—without obligation—at any Navy Recruiting Station.

It tells how you may qualify for a Petty Officer's rating at once, if you have special skill or experience. And in case you do not have special qualifications, it tells how you may qualify for training at one of the great Navy trade schools.

Rating badges, consisting of eagle, chevrons and specialty mark, are worn on the sleeve between the shoulder and elbow. Your specialty mark indicates your job. Number of chevrons indicates your grade.

LOOK WHAT THE NAVY OFFERS YOU  
1. A chance to serve your country.  
2. Clean, healthy life.  
3. Good food—and plenty of it.  
4. Good pay—up to \$138 a month.  
5. Free clothing—\$133 worth.  
6. Free medical and dental care.  
7. Travel...adventure...thrills.  
8. Opportunity to be an Officer.  
9. Training in nearly 50 trades.  
10. Future success in civil life.

Men in aviation get real action!  
freedom, if you want to join the thousands of red-blooded men who are doing big things for their country and for themselves, don't wait. Ask for "What Kind of Job Can I Get in the Navy?" today.

Your copy is waiting for you right now at the nearest Navy Recruiting Station. Call, write or phone for it. There's no obligation. But don't delay! Remember—there's no time to lose if you want to choose.

### FLYING TIGER

(Continued from page 1)  
dolph Field in Texas in June, 1940. He became an instructor and then in 1941 volunteered to go to China with the Chinese government to fight the Japs. He sailed from San Francisco July 18, 1941. As a Flying Tiger he engaged the Japs in aerial combat many times. In December of 1941 his plane was shot out from under him, after he had bagged two and the Japs aerial gunners followed him earthward, shooting at him all the way down. His bullet-riddled parachute will be on display here.

Before actually engaged in fighting himself, Lieutenant Greene trained Chinese pilots at Rangoon, Burma. His contract with the Chinese government expired last July 4 and Greene arrived home in August where he has been visiting since.

PLEDGE OF ALLEGIANCE—"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

What's True About Detroit

Detroit has long been the living, vital symbol of American genius for production. The automobile and kindred industries made it so. There, for generations, men worked and pioneered and made an ever-improving product at an ever-decreasing cost. There, record after record was broken. Skeptics said this dream or that was impossible—and the production men made them at their words. So, when war began, the eyes of the United Nations were largely focused on Detroit.

In a recent issue, Life said this: "The news from Detroit is bad this summer. Few people across the country realize how bad it is. Wildcat strikes and sit-downs, material shortages and poor planning at the top have cut into Detroit's production of war weapons. Detroit's workers... seem to hate and suspect their bosses more than ever. Detroit's manufacturers, who are the world's producers, have made a failure of their labor relations. And the government, which is asking Detroit to produce more and more, is divided within itself on how to get the most production."

The basic reason for Detroit's troubles can be expressed in two words—distrust. The labor leaders fight management, and management has no faith in the labor leaders. There is a constant clash of races and religions. Faction battles faction, irrespective of what happens to the war effort as a result. The politicians peddle hot air, and, willingly or otherwise, put votes ahead of an honest, all-out war effort. And so the battle of production is going badly in the city and the territory which has led the world for decades in industrial achievement.

What is true in Detroit is true in many other industrial areas. This country has made spectacular progress in certain kinds of production. Such industries as the West Coast shipbuilders and aircraft manufacturers have actually exceeded the goals laid down for them, by wide margins. But in other equally vital fields, production schedules are not being met—and it does the nation no service to headline the successes and soft-pedal the failures. As Elmer Davis' Office of War Information said in a recent release, the United States is not yet geared by a long shot to the demands of ruthless total war.

It is clear that the government itself must carry much of the blame. It has coddled labor, and permitted it to demand and receive wage increases which make workable price control impossible. It has permitted incompetent men to make decisions. There has been inadequate and inefficient control of the production and flow of basic materials—with the result that some plants are shutting down because of lack of supplies, while other plants have more supplies on hand than they can use.

The Nation's Press

Mr. Willkie has arrived in Cairo for a press conference, an informal tea, and a luncheon. Mr. Willkie bears a letter from the White House to Mr. Stalin and perhaps other letters to sundry other persons, but the purpose of his tour has not been announced. When he went to London a few months ago he carried a poem to Mr. Churchill. It is possible that he may have a communication of equal or even greater weight to deliver to Uncle Joe.

Common Ground

"I speak the pan-world primer, I give the sign of democracy. By God I will accept nothing which cannot have their counterpart of on the same terms." —WALT WHITMAN.

RESTATING MY OFFER FOR FINDING A SINGLE BOUGHT UP, SUPPRESSED INVENTION.

I recently explained in this column that I had repeatedly offered persons claiming that inventions were suppressed \$100 if they would find a single case where an invention had been bought up and suppressed in order to make the buyer more profit. I stated that I had never had to pay in a single case.

Now a New Deal reader asks me to restate the case in legal terms. He says, "I cannot imagine anybody of sound mind offering anybody else \$100 to cite a single case where a patent had been bought up for the purpose of suppressing it unless, of course, the donor would refuse to be convinced by anything but a confession which would naturally be impossible to obtain."

The party requesting the restatement evidently believes in the old statement that a fool and his money soon part. Specifications of Offer Whether or not an invention has been bought up and suppressed will be determined by the following conditions: If any corporation or business firm has bought up an invention and has not spent time or money on it for three years after it was bought and will not sell it for what it has cost him, then I will give \$100 to the party first finding the specific case; that is, if the invention has laid dormant for three years and the party owning it will not part with it for what it has cost him, this will be proof that it is bought up for the purpose of being suppressed to the advantage of the party owning the patent.

And if the party owning the patent will not give evidence that he has invested time or money on the invention for the past three years and will not sell it for what it cost, then that will be evidence that it is bought up and suppressed and will entitle the first party finding this man to the \$100.

And if there be any question as to whether the evidence is substantial evidence to prove his investment, I will leave that to the head of any department of mathematics or logic of any college in the United States that is not politically controlled. Because business men do not always use patents they have bought is not evidence they bought them to suppress them. Too often they simply bought a "white elephant" that will not work the way they thought.

This, it seems to me, takes the right of decision of whether or not the individual has earned the \$100 out of my hands and makes it an impersonal decision in the hands of men whose character and intellectual qualifications have given them positions of responsibility and esteem. These repeated accusations by neo-socialists, accusing corporations of unsocial acts and selfishness lead only to confusion and covetousness and ill-will between people. This covetousness and ill-will lead to laws that hog-tie the men who are really big benefactors to their fellowman.

Of course, I cannot prove that there has been no suppression of patents, for the simple reason that no one can prove a negative. But if there be such a case, that case can be proved. Before these statements should be believed, there should be one single example cited. No one who makes any pretenses of having goodwill toward his fellowman should repeat this statement about corporations suppressing patents unless he can first furnish evidence of the truth of his statements and thus claim the \$100.

BUY VICTORY BONDS. The executive committee of the British Labor party has issued a warning against the activities of British Communists. Their show of patriotic fervor is denounced as a pretense, they are warning to hope from within. They have large funds to spend but do not reveal where the money comes from. One paragraph of the warning is particularly worthy of attention in this country: "The fact must never be lost sight of that the Communist party now is supporting the war effort not because Britain is or has been in danger because the freedom of democracy in this country, but as the party's actions have clearly shown, or account of Russia. Labor party members must not be led astray by the expensive propaganda of a very small political organization mysteriously in command of very large funds."

PATRIOTISM

Around Hollywood

By ERSKINE JOHNSON. Exclusively yours: Glenn Miller's entry into the Army and his decision to disband his band gave Betty Grable an idea. Before the orchestra folds up for the duration, she'll take it on a two-week tour of Army camps with herself as leader and vocalist. The tour is scheduled as soon as she completes work in her new movie, "Conny Island."

And now Rita Quigley, a former flame of his bachelor days, is playing his sweetheart in the film version of William Saroyan's appropriately titled, "The Human Comedy." Add Hollywood at its Hollywood-est. Republic studio wanted the title "Johnny Doughboy" on Jane Withers' new picture because of its timeliness. But the studio is going to great lengths to advertise the fact that "Johnny Doughboy" is a musical and not a war picture. In fact, all ads for the picture will even say it is a musical and not a war film.

GRACE MOORE TO SING. Grace Moore will be the next big name star to entertain Uncle Sam's forces overseas. She'll probably go to Ireland. Black-haired Jane Russell's next crop of publicity pictures will feature her in white. She'll probably be gray-haired, anyway, before "The Outlaw" is released.

BURGULARS IN DEMAND. Lois Andrews, ex-wife of George Jessel, thought she heard a burglar. She was alone in her Beverly Hills home with her baby, and she was frightened. She called the police. They arrived at the house, looked around and said not to worry, there was no burglar. Lois apologized and said if she became frightened again she would they'd come back.

BUY VICTORY BONDS. Retailers and wholesalers of the 1942 frozen fruit, berry and vegetable pack today were given an OPA regulation allowing them to pass on to consumers the exact amount—and no more—by which packers' maximum prices were recently raised to take account of increased raw material and other costs since last year. Feature of the new regulation—No. 212, effective Aug. 28, is a simplified requirement that every wholesaler, at the time of or before his first shipments of 1942 pack frozen fruits, berries and vegetables, must supply the retailer with a short statement telling the retailer the exact amount that he is to add to his March retail ceiling price on each item to get his new ceiling price.

News Behind The News The National Whirligig

By ALBERT LEHMAN. SUNK—National political dopsters who are not warped by Washington alibis read an extremely significant story in the result of the Maine balloting. They are convinced before the polls closed in November may cause a complete turnover of historic magnitude. Some of the shrewdest sees believe that we may witness a swing back to the solid Republicanism of the 1890's and Mark Hanna.

The New England elephant stamped out every Administration candidate for governor, senator and congressman. Ordinarily the G. O. P. captures the Pine Tree State but the talk buzzing across every cracker barrel in Down East stores is that these victories were mainly more than two to one pluralities. Only New Dealer who wasn't guttoblinded by the polls closed is former Governor Louis Jefferson Brann.

CHARGES: National Republican leaders here are more enthusiastic regarding the outcome in the first Maine congressional district than about any other political victory since Pearl Harbor. In this contest former Governor Louis J. Brann was opposed by House Speaker Robert Hale member of the family long dominant in state affairs. But his association with a distinguished line of ancestors was almost his only asset, according to observant G. O. P.-ers. He lacks personality, talks with an Oxonian accent foreign to "Down East Yankees," delivers a dull speech. In short, he has few of the qualities required by a campaigner.

Office Cat... A father surprised his eleven-year-old with a bicycle for his birthday. Mother and father watched proudly as the boy rode around and around the block. On his first circuit he called: "Hey, Mom, no hands." Going past the second time, he shouted: "Hey, Mom, no feet." The third time around: "Hey, Mom, no teeth!"

BUY VICTORY BONDS. Pete—The boss just made me manager of his doughnut factory. Rap—Congratulations! Are you in charge of everything? Pete—Yes, the hole works.

Gleanings From The Newsbeats In Nation's Capital

(Peter Edson is on vacation, during which time his column is being written by Robert Ruark.) By ROBERT RUARK. The American merchant seaman who has been causing considerable anxiety in foreign ports, is going to be looked after in the future by the United Seaman's Service, Inc., a War Shipping Administration offshoot. The service will send representatives to all the major allied ports to provide clubrooms, hotel accommodations and centers and recreational facilities for the allied merchant sailor who's out on the town while his ship is being unloaded.

When the war is over, Americans are going to give up the time-honored habit of licking stamps, pressing them on envelopes and then making that special pilgrimage to the postoffice. Coin-operated mailboxes, which automatically stamp, post-mark and mail letters, have been placed in use in Chicago and Cleveland. The first few machines, called "Mailomats," were built before Pearl Harbor, and the construction cost so much since has been converted to war work.

The machine can't run out of postage, because it affixes a printed, colored meter to the letter, instead of a regular stamp. You can't get the gadget, because it bounces back slugs or badly-worn coins. It eliminates all the old need of facing, canceling, and post-marking. Now, if they can just add some device to automatically write the thing for you.

SUPPLY SHAKUP. Army recently has taken a long stick and stirred up the procurement division of the Office of the Quartermaster General, which buys clothes and allied supplies for the Army and its allied branches. Various functions of the division have been cut into four parts—management, control, which will handle organization planning and training; operations, in charge of purchases, production and priorities; service, in charge of post-war contracts; and office management and price adjustment, and substance, which will go to the market for all Army food.

With submarines pretty well scoured out of coastal waters, and convoys supplying police-work for trans-Atlantic shipping, America's shipbuilding program finally is approaching more comfortable figures. Liberty ships are being turned out faster now than ever before in the history of boat-building. Building time, from keel-laying to delivery, has been sliced from an estimated 165 days per ship to a fraction under 85 days.

SIGHTLESS WORKERS. The British can take it. One factory in England turning out delicate war weapons is specializing in employment of ex-servicemen who've lost their sight. The men assemble blind-flying panels, and handle such delicate machinery as air intakes and generators. One employee, who lost one eye when he was blown overboard from an aircraft carrier, and the other six hours later when a German plane machine-gunned him as he floated in the water, is apt to put a little extra-special zeal into his work.

BUY VICTORY BONDS. Miguel Martorell, president of the Farmers' Association of Puerto Rico, has come to town for the express purpose of putting the blast on the island's governor, Rex Tugwell. Senior Martorell accuses Tugwell of playing politics with human suffering.

BUY VICTORY BONDS. The former executive has far greater warmth. In early New Deal days he wangled millions from the Roosevelt administration, including funds for the abortive Passamaquoddy dam. He had two disadvantages: Sensational charges marked his handling of F. E. R. A. some years ago, and he ran outside his own district, as the main constituency permits. But even so, a prominent Republican here said on the eve of the election, "If Hale can lick Brann, I'll believe the day of miracles has arrived. I'll be convinced that we stand a good chance of capturing the house."

Today's War Analysis

By KIRKE L. SIMPSON. Wide World War Analyst. Whatever the impetus behind Hitler's orders to his armies to take Stalingrad at any price, the month or more of lost time it has cost him has brought him perilously close to the same predicament in which he stood in Russia just a year ago. Again winter is impending. Its first heralds appeared before Sept. 15.

A year ago those wintry symbols of disaster for invaders of Russia were first noted Sept. 28. With the fall of Kiev Sept. 19 last year and investment of the Rostov gateway to the Caucasus in progress, Hitler's hopes of a decisive victory had reached high tide Oct. 2, 1941. He issued a pompous "order of the day" to his troops.

"Tomorrow," he said, "begins the last great decisive battle of this year." Next day he broadcast his assertion that "Russia is already broken and will never rise again." He believed it then, no doubt. "For all military purposes Soviet Russia is done with," a Hitler spokesman added. "The British dream of two-front war is dead."

The Nazi surge into the Donets basin rolled forward. One) and Bryansk fell in early October. Russia's main army of the center was reported trapped near Vyazma on the Napoleonic route. On Oct. 16 Odessa on the Black sea went down. The next day in Tokyo the cabinet of Prime Komeiji resigned and General Tojo, the war-maker, succeeded.

Nov. 22 Rostov was in Nazi hands. The Russians retook it a week later and the German winter retreat was on. It was under Axis defeat orders in Russia, not victory portents, that Japan took the plunge Dec. 7. Five weeks or less will see another Russian winter upon Hitler. He has conquered rich Russian territory but on the authority of President Roosevelt has destroyed no single Soviet army.

BUY VICTORY BONDS. So They Say. There will be no easy Versailles treaty for us if we lose. Undersecretary of War ROBERT P. PATTERSON. Our ships will carry the bravest boys ever to sail a battleship; men who will fight on until they march down the streets of Tokyo. —Gov. JOHN W. BRICKER of Ohio. It will be harder to increase production now than it was six months ago. There are more physical difficulties to be overcome. Times are tougher. So are we. —War Production Board Chairman DONALD M. NELSON.

Side Glances

By GALBRAITH. Miguel Martorell, president of the Farmers' Association of Puerto Rico, has come to town for the express purpose of putting the blast on the island's governor, Rex Tugwell. Senior Martorell accuses Tugwell of playing politics with human suffering.

Harvesters Open Season With 52-0 Win Over Burkburnett

Sunset Bisons To Play Here On Saturday

Pampa's question mark Harvesters football team remained a question mark even after stamping the Burkburnett Bulldogs 52-0 here Friday night in a game called midway in the fourth period because of a thunder storm. The Harvesters, with not a single starter back from last year's team but with a bunch of reserves on hand, have been classed an unknown quantity by their coaches. Back Prejan and George Scott. They hoped to get a line on their boys Friday night but Burkburnett brought a team to Pampa that had been practicing only one week, was as light as a junior high team, and with only four boys in the lineup who had played any previous football. Coaches Prejan and Scott were disappointed.

But there's no doubt that the Harvesters will get a slant on their prospects Saturday night of this week when the great Sunset Bisons of Dallas, state semi-finalists last season, come here for the second game of the season. Sunset, one of the ranking teams in the state last year and is being considered a contender this year.

The bright spot of the whole game was the fire and alertness displayed by every one of the boys who entered the game—and coaches used their entire squad. Although they had little opposition, the boys never let up and never quit trying.

Proof of their determination to play football every minute and to take advantage of every break was demonstrated by the recovering of six out of eight Burkburnett fumbles and the blocking of three punts, one for a touchdown. Six different boys recovered the six fumbles.

Bob Dunham, 180-pound halfback, and Bill Arthur, 160-pound tailback, jumped into the scoring lead last night, each making two touchdowns. Others scoring were Charlie Boyles, Gene Robbins, Flint Berlin and Kenneth Lard. Bob Edson booted four out of six points after touchdowns.

This week the Harvesters will smooth out assignments, learn a few new plays, work on pass offense, and stage at least two rough and tough scrimmages.

What Will Win the War?

THESE are many statements, loosely circulated, to the effect that food, faith, hope, courage, production, unity, etc., etc., each is the one thing that will win the war. However the truth is that military might will win—nothing else. The things mentioned above, and many others, are highly important, some vitally so. But let's not be distracted from the fact that FORCE is what we must have to win. Let's bend our every effort to build the greatest striking force of all time. Alsab Whips Whirlaway In Dream Race

PAWTUCKET, R. I., Sept. 19 (AP)—Alsab whipped Whirlaway by the width of a whisker today in a \$25,000 horse-race thriller that you had to see to believe.

Not even a movie script-written especially for the occasion could have done justice to the way the three-year-old colt from Chicago and the Kentucky Cannonball fought it out in one of the most smashing drives ever seen on any race track over their long awaited "dream race."

All the way down Narragansett's straight road home, the Sab just managed to keep a small bit of his nose in front as the gallant little Whirlway roared on him, almost—but not quite—catching him with every stride.

And a crowd of 35,000—called out of horsesmen and just plain bettors—who jammed this New England racing plant, jumped to its feet and roared hysterically with the fierceness of the struggle as the two shiny colts turned it on down the stretch. The veteran turf walkie in the press box joined in with the screaming as the thriller unfolded step by step.

Even the jockeys aboard the three-year old filer and the world's leading money winner felt it. For, later, George Woolf, who was part of the 126 pounds Whirlway carried, said that as they fought it out, nose to nose, he heard Carroll Bierman, aboard Alsab, yelling at his mount.

Alsab led from end to end, once holding a 2 1/2 length bulge, but Bierman rated him as smoothly as the engineer keeping the 20th Century Limited on schedule.

Twice—once as they went into the backstretch and once nearing the far turn—Woolf moved Whirlway up on Mrs. Al Sabath's Skyrocket, who was carrying 119 pounds in this weight-for-age match. But each time, Bierman let the Sab out a notch to stay ahead.

Halfway through the stretch turn, Whirlway turned loose—his usual dynamite, shortly after Alsab had done the same, and you could hear the old "there comes Whirlaway" cry tearing through the stands. The Warren Wright hopeful ranged up alongside the sixteenth of a mile from home, and with both jockeys riding their horses necks and all out, the two came smashing down to the wire.

The naked eye couldn't split them apart, and the official photo showed Alsab less than a nose on top. So close was it, in fact, that two strides after they crossed the finish, Whirlway had shot in front.

The defeat foiled Whirlway's hopes of becoming the turf's first half-million dollar money winner with this race, for the two-horse affair was on a winner-take-all basis. With this pay check, Alsab boosted his earnings to \$298,475 for two years of racing, not had for a galloper who was picked up by a Chicago yearling for \$700 at the Saratoga yearling sales two years ago. Whirlway's earnings stand at \$491,136.

They ran the mile-and-three-sixteenths in the good time of 1:56 2/5, but they were fairly flying the last quarter mile.

Sports Back In Texas Playoff

BEAUMONT, Sept. 19 (AP)—The Shreveport Sports got back in the final round of the Texas league playoff this afternoon by defeating the Exporters three to one. Beaumont now leads two games to one. Doyle Lade was touched up for nine hits and had men on the base in every inning save the second but the home team could score only once and that through the help of an error by Cavosie in right field in the eighth.

Combined pitching of Stub Overmyer and Bob Gillespie restricted the Sports to six hits but they were led to as many rallies which were enough for the decision. Lade needed help from Al Bronkurst in the eighth, and two singles with one out put the Exporters in a fair way to tie the score.

Bronkurst however ended the game neatly by retiring Henny and Wood. Ralph Hamner for Shreveport and Clarence Gann for Beaumont are the probable Sunday pitchers.

Shreveport . . . 000 001 110—3 6 3 Beaumont . . . 000 000 011—1 9 1 Lade, Bronkurst and Crompton; Overmyer, Gillespie and Tabascak (Beaumont leads playoff 2 games to 1.)

DOGGERS GET GIFT By Gayle Talbot BROOKLYN, Sept. 19 (AP)—The Dodgers showed faint stirrings of life today—but only four hits in the 11th inning enabled them to defeat the Philadelphia Phillies 6-4.

The new grass greens are expected to be in the best condition since opened to play following the heavy rain of Friday. It was just what we needed to make the greens level off," Berger said yesterday. "We've been pouring water to them but the one rain did more good than anything."

Qualifying for the first Pampa Country club city tournament ever to be played on grass greens will begin today and a record turnout is expected by Frank Baker, club pro.

The new grass greens are expected to be in the best condition since opened to play following the heavy rain of Friday. It was just what we needed to make the greens level off," Berger said yesterday. "We've been pouring water to them but the one rain did more good than anything."

At Houston Giant Ray Borenman, all-state back of the 1941 Lamar state semi-finalists, proved too much for Adamson (Dallas) as he scored all the points for his team in a 2-7 victory.

Out in the Panhandle Lubbock's undefeated Westerner, beat Odessa bubble with a 7-6 upset victory. Odessa had been hailed as the top team of West Texas.

Temple's Wildcats, state finalists last season, were impressive in Waco. They won 8-0, while the host Odessa bubble with a 7-6 upset victory. Odessa had been hailed as the top team of West Texas.

Powerful Texas Longhorns Swamp Naval Cadets 40-0

AUSTIN, Sept. 19 (AP)—The 1942 Texas Longhorns look tough, fast and dangerous and the team's easy 40-0 victory over the Corpus Christi naval station team today should serve as a warning to all conference opponents.

The service team showed several sports and considerable individual prowess, but its teamwork was weak. The Longhorn machine rolled over and when it wanted to. Only in long passes did Texas show any sign that the loss of 17 lettermen from last year's team had hurt.

The Longhorns scored one touchdown in the first period, two each in the second and third, and added a sixth in the last quarter. The game came after a pretty mixture of short passes and line slashes put the ball on the one, from which point Field rammed it over the line.

McClellan Boat Club To Stage Last Races Today

The McClellan Boat club will stage its last boat races of the 1942 season, this afternoon, at Lake McClellan. The races, beginning at 2:30 o'clock, will be open to the public at no cost.

The victory definitely pitched out all those bear stories that have been coming from the home of the Coyotes.

At Houston Giant Ray Borenman, all-state back of the 1941 Lamar state semi-finalists, proved too much for Adamson (Dallas) as he scored all the points for his team in a 2-7 victory.

Out in the Panhandle Lubbock's undefeated Westerner, beat Odessa bubble with a 7-6 upset victory. Odessa had been hailed as the top team of West Texas.

Temple's Wildcats, state finalists last season, were impressive in Waco. They won 8-0, while the host Odessa bubble with a 7-6 upset victory. Odessa had been hailed as the top team of West Texas.

Sinkwich Comes Through To Give Georgia 7-6 Win

NEW YORK, Sept. 19 (AP)—With flat-footed Frankie Sinkwich, who is as handy as a check from home, in the lineup the University of Georgia Bull Dogs waited until the fourth period to score and defeat Kentucky, 7 to 6, in today's top college football game.

Kentucky counted following a Sinkwich fumble in the third period and the 10,000 spectators at Louisville thrilled to the possibility of the underdog Kentuckians polishing off the defending Southeastern conference Orange Bowl champs.

That thrill, however, lasted only until Sinkwich & Co. got under way in the final quarter.

The day's remaining games came out as expected but the contests failed to shed much light on what the coming months will bring.

Wisconsin, mystery team of the Big Ten, remained a mystery although winning from Camp Grant, Ill., 7 to 0, on a last period touchdown; George McAfee, once of Duke and the Chicago Bears, guided his Jacksonville, Fla., air station mates to a 20 to 7 verdict over Florida.

The University of Iowa counted in every period but was unimpressive in Downing Washington of St. Louis, 26 to 7; Virginia Poly applied the heat in the final half to hand Catawba its second straight setback, 28 to 14, after the two were tied, 14-14, at the half; North Carolina State and Davidson played a scoreless Southern conference tie and Clemson gained experience in substituting Presbyterian, 23-13.

Two teams, however, gave outstanding displays of power. Lieut. Col. Bernie Bierman's Iowa Sea-hawks, over whose "greenness" the former Minnesota mentor has been weeping for weeks, crushed Kansas, 61 to 0, with a 32-point scoring burst in the final period, and Coach Dana X. Biele's Texas University Longhorns of the Southwest conference, blanketed the Corpus Christi Fliers, 40 to 0.

Missouri also gave a good account of itself and indicated it was ready for the defense of its Big Six championship by trimming Fort Riley, Kas., 31 to 0. In a completely all-college encounter, Xavier spilled Butler, 21 to 14.

Motor taxes of all kinds to American motorists totaled \$1,763,186,000 in 1940, according to a survey.

"BOWL FOR HEALTH" Air Conditioned for Your Playing Comfort. PAMPA BOWL Stanley Brake Hugh Ebb 112 N. SOMERVILLE

### 272 Cases To Be Heard In 7-Week Court Session

With 272 cases to be heard, the seven-week term of 31st district court will open here tomorrow.

Divorce suits, usually in the lead as the cause of action in district court, show a drop this term down to 55 from the average 100.

Delinquent tax suits lead as the cause of action with 179 to be heard. Non-jury and appearance cases each total 12, criminal 11, and jury, three.

The entire docket is to be sounded at 10 o'clock; tomorrow morning, the non-jury docket called for trial on Wednesday, and 10 a. m. each Monday is designated as the time for calling the appearance docket.

Schedule of the weeks:

September 21, non-jury; September 28, civil jury; October 5, criminal jury; October 12, civil jury; October 19, civil jury, subject to criminal; October 26, civil subject to criminal; November 2, non-jury.

**Jury Lists**

Grand jurors are to report tomorrow, the first petit jury panel on September 28, beginning of the second week.

Members of the grand jury will be chosen from this list:

William F. Hawkins, O. T. Ward, M. F. Tibbitt, John McKamy, Rex McKay, W. E. Ginn, Guy Farrington, D. E. Holt, Jr., all of Pampa; Alton Howard, H. C. Rippey, Carl M. Jones, all of McLean; A. J. Hill, R.

M. Watson, both of LeFors; R. M. Gibson, Alameda; J. C. Gray, Lakeston; Willard McAdams, Groom.

Petit jury panel for second week, September 28:

C. A. Burton, C. H. Cacy, J. P. Carlson, Jess Good, C. B. Chisum, W. P. Clatterbaugh, H. C. Cottrell, W. B. Jackson, E. G. Frasher, C. N. Gunn, Charles Kentling, Lloyd Kysar, C. D. Knight, T. V. Lane, Henry B. Lewis, Harry Nelson, Jack L. Maudlin, W. V. McArthur, L. L. McCarroll, George Smith, A. M. Hash, Walter L. Parker, W. F. Slanton, H. A. Threatt, Dick Walker, N. L. Welton, all of Pampa.

T. T. Griffin, Roy McCracken, Milton Carpenter, all of McLean; Hugh Castleberry, E. R. Sherrod, L. H. Earthman, J. W. Agee, G. G. Oakley, Ed Chilton, all of Alameda; C. W. Stonedipher, R. J. Terrell, A. B. Thompson, J. A. Vanlandingham, all of LeFors; O. P. Blackwell, Ed Garner, John B. Davis, Morris Knorrp, all of Groom; L. P. Eakin, H. H. Keahy, both of White Deer.

There are 45 petit jurors listed for each of the five jury weeks, a total of 225, and 16 on the grand jury panel.

### RAF Using Heavier Bombs In New Raid

LONDON, Sept. 19 (AP)—RAF bombers pounded coastal area of northern France tonight with terrific explosions shaking English towns across the channel.

The violence of the blasts caused watchers on the southeast coast to wonder whether the British were using their new four-ton bombs.

These watchers reported great flashes of light from the direction of the French coast were seen about two minutes before each explosion was heard.

Earlier heavy bombers had rumbled out over the channel from England in an hour-long procession which began soon after midnight.

"This Above All" is hailed as the great love story of this war generation, and is enhanced by the presence in the cinematic version of Tyrone Power and Joan Fontaine. The 20th Century-Fox hit is showing today, tomorrow, and Tuesday at the LaNora theatre, and boasts a cast of favorites which was selected by the film's producer, Darryl F. Zanuck. Anatole Litvak directed from a screen play by R. C. Sheriff.

### Mainly About Pampa And Her Neighbor Towns

Mrs. Alfred Gilliland of Dallas, formerly of Pampa, is visiting in the home of Mr. and Mrs. H. A. Gilliland.

Wanted—Man for farm work with family. Apply 507 W. Francis.

John I. Bradley is a patient in the Amarillo Veterans hospital where he is doing nicely.

Archie Bolla is back at the Orchid Shop after an extended vacation and invites friends to call for her appointment, Ph. 654.

Mr. and Mrs. Harvey Todd of Los Angeles, Cal., are visiting her parents, Mr. and Mrs. J. E. Corson.

Wanted—Colored porter at Bowling Alley.

Mr. and Mrs. Kenneth Mead of Hollywood, Cal., are visiting her parents, Mr. and Mrs. W. M. Daughette of Pampa and his parents, Judge and Mrs. J. A. Mead of Miami.

If your yard is sick call Johnson, Ph. 673.

Mrs. Jesse Lennox of Lamar, Colo., is spending the week-end with her son, Dudley Peltz, and his wife, Mrs. Lanning Flint of Brownsville who have been visiting in Lamar.

Cartooning is a hobby of Pvt. Arthur Gene Cooper, 20, 472nd school squadron, army air force, stationed at Enid, Okla. In a recent letter to his parents, Mr. and Mrs. A. A. Cooper, who reside south of Pampa, he enclosed clever drawings designed to boost the sale of Victory bonds. Private Cooper graduated from Pampa High school, and enlisted in the army on August 11, 1941.

Mrs. Dorothy Brown, daughter of Mr. and Mrs. H. B. Landrum, is a flight instructor at the Pampa airport. She was formerly at Lubbock.

Stationed at the Norfolk, Va., naval training station are J. D. Sackett, petty officer third class, grandsons of Mr. and Mrs. M. M. Munty, Maurice Heston, construction, son of Mr. and Mrs. E. M. Heard; Jerry Stroup, personnel, son of Mrs. Jessye Stroup, all of Pampa.

Bond of the 17-year-old Pampa boy, charged with burglary in alleged connection with entering the residence of Mr. and Mrs. C. P. Buckler, 410 Buckler street, Monday, was set at \$1,500 Saturday in the court of D. B. Henry, justice of the peace.

Accompanied by Mrs. Jack Stroup and daughter Linda Gail, Mrs. Willie Hunt and son Larry will leave tomorrow to return to the Hunt home in Los Angeles. Mrs. Hunt and son were in Pampa visiting Mr. and Mrs. Carl Lawrence of San Antonio, who came here Friday for a visit. Mrs. Stroup is a sister of Mrs. Hunt, who is a daughter-in-law of Mr. and Mrs. Lawrence.

Four war ration books have been found and turned in to the Gray County War Price and Rationing board office at the city hall. The books belong to E. A. Pegg, Mary Loy, and Lela Pearl Maness, all of Wirt, Okla., who can recover their books by calling at the board's office.

### 50-Year-History Of Oklahoma University Subject Of New Book

SPECIAL TO THE NEWS

NORMAN, Okla., Sept. 19—The first copy of "The University of Oklahoma: A History of Fifty Years," by Roy Gittinger, veteran faculty member, and published by the University of Oklahoma press, was Tuesday presented to President Joseph A. Brandt at a special ceremony. The ceremony, for which university classes were dismissed from 10 to 11 o'clock, was in celebration of the 50-year anniversary of the first classes held September 15, 1892.

Dean Gittinger, who has been on the university staff since his graduation in 1902, recalls in his book that at the first faculty meeting President David R. Boyd sliced a watermelon for the three members of his staff, thus launching official business. The first official act of the university board of regents a few days earlier was to authorize President Boyd to purchase "two orsops, one hair broom, one box of soap, one mop, two water buckets, and one feather duster."

According to the book, the first classes held were little more than high school courses. The town of Norman was itself only three years old, and Oklahoma's statehood was fifteen years away. Thus any chronicle of the university very closely parallels the history of the state itself. Dean Gittinger's book is a mellow and authentic reminiscence of the university's growth from those raw territorial days to an institution with a faculty and staff in excess of 600 and alumni and former students totaling more than 80,000.

Survivors are the widow; three sons, George R., and W. R., both of Phoenix, and Russell E., with the armed forces stationed at Camp Robinson, Ark.; one brother, Bert of Fresno, Cal.; four sisters, Mrs. Gerly Lytle, Long Beach, Cal., Mrs. Emma Turner, Emporia, Kan., Mrs. C. W. Masters and Mrs. Della Weller, both of Pampa; and eight grandchildren.

### Remodel, Repair, Advises FHA Evaluator Here

Easiest way in Pampa to cope with the housing situation is to remodel and repair existing houses, rather than seek priority on new construction, Charles A. Wolfin of Amarillo, Federal Housing Administration evaluator, told a group of 15 Pampa lumbermen, plumbers, and loan company heads at a meeting held yesterday morning in the chamber of commerce offices.

The meeting was in conjunction with the recent setting up of Gray county in a federal rent-control area, effective October 1.

On that date tenants are to pay no more rent than they were paying on March 1, 1942, the maximum rent date for this area. Under the maximum rent regulations which have been issued, landlords cannot accept nor can the tenants pay more rent than that fixed by the freeze date. Because of peculiar problems existing in each type of living accommodation, two separate maximum rent regulations will be issued, one covering housing accommodations other than hotels and rooming houses and another covering hotels and rooming houses.

Administration of federal rent control will be handled through an area rent office which will be established with personnel selected from this area. Site of the office and the area rent director have not yet been determined. The area rent office will be responsible to the regional rent office of OPA, in Dallas.

Started in April

First step toward rent control in this area came on April 28 when Price Administrator Henderson designated this community as a defense-rental area and recommended that rents be voluntarily cut back to the March 1 level. OPA granted 60 days for action by local author-

ities, but at the end of that period an investigation showed that rents generally had not been cut back as recommended. Fifty-three other areas in the United States will also feel federal rent control on October 1.

Provisions in the federal rent regulations allow the setting of legal maximum rents by the landlord when the accommodations have been newly constructed, where they have been substantially changed by a major capital improvement, and where they were unoccupied on the maximum rent date. The area rent director-attorney has the right of review in all cases. Other provisions deal with evictions, services, leases, grounds-for-adjustment in rents, penalties, and special landlord-tenant relationships.

For tenants in these new areas, one over-all guiding principle is set forth by the regulations—

Tenants on paying their October rent are to pay no more than the rent which the same accommodations were bringing on March 1, 1942. The only major exception to this comes when the accommodations have been substantially changed by a major capital improvement, such as the addition of a room or changing the place from unfurnished to furnished. Ordinary maintenance and repair is not considered a major capital improvement.

Failure to comply with the registration of rent property, which will be announced soon for this area, may subject willful violators to the \$5000 fine, one year's imprisonment, or both, provided under the emergency control act for violation of any regulations or order issued under the act. It is this act by which Congress gave authority for the control of residential rents. Exact dates for the periods of registration will be announced locally.

**NOTICE!**

### OIL COMPANIES Republicans Back Stabilization Bill

(Continued from page 1)

number of our steel mills for lack of scrap during the winter months would be a terrific setback at this state of the war," reads a statement in a letter from S. W. Papert, Dallas, acting regional chief of the War Production Board's Industrial Salvage Section. This letter went to a list of Gray county oil and gas companies, carbon black companies, gasoline plants, refineries, and machine shops. The list was prepared by the local industrial committee.

The committee divided up the list of companies at today's meeting so that all company officials will be personally contacted in the next few days and urged to see that all scrap on the leases, around the plants and otherwise in the company's control will be immediately collected and shipped to the steel mills.

Several additional members are to be added to the scrap committee at a meeting next week. Chairman Trease has announced. Members present at yesterday's meeting included: Sherman White, Jack Hanna, J. R. Posey, L. R. Forke, Clayton Husted and Garnet Reeves.

Other members of the committee were out of town.

which once carried produce and cattle over the Elkhart and Santa Fe line from Boise City, Okla., to Farley, N. M., have been requisitioned by the WPB. In addition to aiding the navy, some of the rail will be used to speed completion of the giant new arsenal at McAllister, Okla.

### Republicans Back Stabilization Bill

By FRANCIS J. KELLY

WASHINGTON, Sept. 19 (AP)—Republican backing for the price and wage stabilization bill became apparent in the senate today but farm bloc members considered renewing their fight for a new farm parity formula despite President Roosevelt's disapproval.

A caucus of 23 Republican senators resulted in an announcement that they unanimously agreed the bill had been substantially improved by amendments in the banking committee but several indicated they definitely would support the measure when it reaches the floor Monday.

Senator Bankhead (D-Ala.) was undecided whether to press for floor consideration of his amendment revising the parity formula to include the cost of farm labor. The committee rejected the proposal yesterday. The existing parity formula does not take the farmer's cost of production into direct account.

Leaders of farm organizations met Monday morning before debate opens to consider possible amendments.

Meanwhile the house rules committee will decide Monday on the procedure to be followed in considering the anti-inflation measure in that chamber, starting Tuesday. Leaders in both senate and house expected to pass their respective bills by the end of the week and be able to adjust any differences and complete congressional action by the Oct. 1 deadline set by the President.

Extended debate may result in the senate from another Bankhead proposal, accepted by the banking committee, establishing a floor of 90 per cent of parity under immediate farm production and government loans. The present loan rate is 85 per cent. Senator Taft (R-Ohio) declared the amendment was counter to the general aim of the bill and would force prices upward. Senator Danaher (R-Conn.) estimated it would raise the cost of food by about \$66,000,000 a year.

Other senators indicated they would insist on a more specific directive to the President concerning wage levels. They talked of attempting to restore an amendment rejected by the committee which would establish as a guide the "little steel" wage formula which provided for increases of not more than 15 per cent over the Jan. 1, 1941, level to match higher living costs.

The bill directs the President to issue executive orders by Nov. 1 stabilizing wages and farm prices at Sept. 15 levels, as far as practicable.

pounds in weight or 18 inches in length or 42 inches in length and girth combined. If possible, hold them to six pounds and the size of a shoebox.

4. Don't send food (except hard candies) or clothing. Service men have plenty of both. Don't send anything inflammable like matches or lighter fluid. Don't send intoxicants.

5. Wrap packages substantially but fix them so they may be easily opened for censorship inspection. Be sure that smaller packages, inside the big package, are tightly packed.

6. Postage must be fully prepaid. Consult your post office for Parcel Post rates. Better insure packages.

7. Such messages as "Merry Christmas," "Do Not Open Until Christmas," etc., are permitted if they do not interfere with the address.

8. Don't send cash gifts. Use money orders. Some countries have a law against importing foreign money, but money orders may be cashed anywhere.

# THE PAMPA NEWS

SUNDAY, SEPTEMBER 20, 1942 PAMPA, TEXAS (VOL. 40, NO. 153)

Items for the Woman's Page are welcomed From Pampa and surrounding territory

## JUST BETWEEN US GIRLS

By JOHNNIE DAVIS

As long as one keeps his tantrums under control and his laughter near the surface, he can weather the many, hectic crises of life with ease.

In addition to September marking the beginning of club activities, it is also the time for rushing several clubs and sororities are enter- taining new pledges or planning events to be given in their honor . . . Kit Kat Klub, a popular high school group, will formally present three pledges, being honored now, at a Christmas dance . . . Another high school club, Sub Debs, entertained last week with a tea for prospective members . . . A cultural and social organization, Beta Sigma Phi sorority, is completing its plan for the annual rush month which begins on the first Sunday in October . . . Mrs. C. A. Vaughn, Mrs. Roy Johnson, and Helen Houston are members of the social committee outlining events which will compliment the B. S. P. pledges.

Attractive Anne Chisholm of Pampa, who is attending the University of New Mexico at Albuquerque, has been pledged to Kappa Kappa Gamma sorority . . . She is the daughter of Mr. and Mrs. Russell A. Chisholm of Pampa.

Description: He's the kind of fool who has flunked every course in the School of Experience.

When Lucille Kirkpatrick and Lieut. Roger Townsend were married in the romantic Wee Kirk O' the Heather in California, the tune "Annie Laurie," was among the nuptial music which preceded the ceremony . . . This song is played before each marriage solemnized in the Wee Kirk . . . As Roger kissed Lucille and as they knelt for prayer to conclude the service, wedding bells rang and white rose petals fell on the couple . . . After the ceremony, they sat in the wishing chair made of stones from the original church which Annie Laurie attended in Scotland . . . Mrs. J. B. Townsend attended the wedding of her son.

Today marks the first wedding anniversary of Margie and Orville Bratton as well as the second anniversary of Dorothy Nell and Cal Pearce . . . Tomorrow is the first anniversary of Anna Sue and Roy McNett, Jr. . . . Congratulations.

Pampans in the Armed Services just keep on advancing and moving about . . . Jimmy Weir, who was a corporal when he visited in Pampa a few weeks ago, now is a sergeant at Fort Riley . . . Sgt. Weir's friend, Roy Stargel, also of Pampa, has received his corporal's rating at Fort Riley . . . Private Carl Camp, who has been at Fort Sill and Camp Wolters since leaving Pampa, now is in Camp Maxey at Fort Sill and Phelps, who recently left Pampa for army life, is stationed at Fort Sill for the present.

A personable trio of vocalists includes Willadean Ellis, LaVerne Covington and Anna Lois Alford . . . Willadean is a blond; Anna Lois, a brunette; and LaVerne, a redhead . . . Their capable accompanist isaul Briggs, who is an accomplished pianist as well as a singer, musical and educational director . . . Among the best-known and most likable of Pampa's newcomers are the Rev. and Mrs. Douglas Carver . . . Even though they have only recently moved to Pampa, this friendly couple was well-known in the Panhandle before coming to Pampa to make their home . . . We have heard few ministers speak whom we enjoyed hearing as much as Rev. Carver and the Rev. Gaston Foote, former pastor of the local First Methodist church.

Today's best should be only the beginning for tomorrow.

One day last week just before lunch we met Mrs. H. A. Yoder, who always seems to be in a hurry, riding her bicycle toward home and she wasn't just peddling along either . . . Mrs. Yoder seems to find time for her home, two children, her husband, who is principal of Woodrow Wilson school, as well as her music and numerous other activities, which include serving as organist for the Presbyterian church.

The modern woman doesn't cry, because in the first place, it ruins her makeup; and in the second place, if she wants something, she just ups and takes it.

Two Ruth Johnsons are Mrs. L. H. Johnson, whose husband is manager of the telephone company here, and Mrs. Roy W. Johnson, whose husband is a clerk in the office of Humble Pipe Line company . . . These comely Ruths always have that immaculate look.

Never before has the traditional typing test sentence, "Now is the time for all good men to come to the aid of their country," had such a real meaning.

Something we don't get: Why Mrs. Jones entertains at a party on Wednesday afternoon and the following Wednesday or Thursday she dashes to the news office and all but demands that you put the report of her party in the paper that very day even though it's already past the deadline . . . We never could understand why one would put off doing something for such a long time and then get so excited over it a week later . . . To be perfectly frank, we would rather not have the story at all if it has to be ancient history before it is reported.

By presidential proclamation, National Fire Prevention week will be observed from October 4 to 10. This occasion has great significance for the American home where so many fires occur. Support of this nationwide effort to reduce fire waste and prevent fire fatalities is requested . . . The realization that "Today Every Fire Helps Hitler" should spur everyone to greater efforts to prevent fire. The National Fire Prevention association is particularly eager to encourage the inspection of homes for fire hazards.

Hearing Mrs. B. W. Rose, Mrs. Russell Holloway, and Mrs. Rufe Jordan mention their individual cases of hay fever reminded us of this little poem, "If Longfellow Had Hay Fever:"

Da godsrod id yeddow,  
Da leades id turr brown,  
Da trees id abble orjards  
Wild fruid are beddig down.  
Da eyes are red lig rublies;  
Da does id fudd ob sneeze,  
Da head id stuvved w' cotton,  
Gimme a hanky, please.

The woman's Angle of Lubbock clipped "H" from the Kansas City Star and dedicated it to that great army of women who has tried time and again to follow a systematic method of reducing:

If you can sit and seem to be enjoying  
A leaf of lettuce and a narrow strip of toast,  
While all around you other folks are munching  
On chocolate candy and ice cream and roast;  
If you can still retain your girlish laughter  
While starving just to keep your figure thin,  
If you can keep this up forever after—  
You're a better gal than I am, Gungas Din.

With a heavy fall cabbage crop ready for market and no tin available for canning sauerkraut, housewives in 28 states were requested by the Department of Agriculture to include cabbage in their market baskets during the period September 28 through October 10 . . . Large quantities of domestic type cabbage ordinarily go into canned sauerkraut. With no tin allocated for this purpose this year, however, farmers must move more of their cabbage in fresh form. By including cabbage as a Victory Food special, the Agricultural Marketing Administration hopes to encourage increased consumption and prevent this waste of food . . . Consumers will be able to buy sauerkraut but only in the bulk, it was stated. Sauerkraut will be packed in barrels and other wooden containers but not in sufficient quantities to make up for the lack of tin.

Here's the way to save money for that War Bond and at the same time keep warm in the cold months to come . . . Instead of just "junking those old sweaters that no longer fit or have become thick through constant washing, try making mittens or skating caps from them . . . For mittens, simply trace the outline of your hands on paper, then cut the sweater according to your pattern, leaving plenty of room for comfort. . . . With contrasting wool or fluffy angora overcast the edges in a close blanket stitch . . . Wooly caps can be made in any number of styles and finished off the same way to make a cute skating set . . . Then, too, there's the thrill of having made it yourself.

If you are trying to live by your wits, and are making only half a living, there is a conclusion to be drawn.

MRS. ROGER O. TOWNSEND, above, was Miss Lucille Kirkpatrick of Dimmitt, before her marriage to Lieut. Townsend which was solemnized on September 9, in the Wee Kirk O' the Heather at Glendale, California. Lieut. Townsend, son of Mr. and Mrs. J. B. Townsend of Pampa, is a graduate of Pampa High school. He attended West Texas State college and was employed by the Magnolia Oil company before he enlisted in the U. S. army air corps last December. He received his training in Fullerton, Calif., his basic training at Bakersfield and his advanced training at Victorville, Calif., where he received his wings in June. The couple is at home at Muroc, California, where he is stationed. Mrs. Townsend, mother of the bridegroom, was among those attending the wedding.

## Mrs. Clay Hostess At Coffee For Girl Scout Leaders Club

Coffee was served to Girl Scout Leaders club at a meeting in the home of Mrs. Jess Clay Friday morning when 17 members and guests were present.

The hostess presented the program on "Folk Dancing and Music" which featured a talk by Mrs. N. Dudley Steele. Mrs. Mel Davis, girl scout commissioner, announced that clean up day will be held at Sullivan camp later this fall. Mrs. Clyde Oswald, president of the club, assisted Mrs. Clay in serving coffee and doughnuts.

## Western Supper To Be Served At High School P-TA Thursday

High School Parent-Teacher association will have its first meeting next Thursday evening at 8 o'clock in the high school cafeteria where a western supper will be served. This informal and entertaining program is being planned as a membership drive. Those who buy tickets for the supper, automatically become members of the high school association. Reservations are to be made by calling telephone number 1837-W or 886. Tickets may be purchased through the students' home rooms and Mrs. Luther Pierson, president of the association, has asked that reservations be made by Tuesday evening.

Mrs. Pierson named the following ticket committee: Mmes. George Berlin, R. J. Epp, K. W. Bunch, Dan Leitch, Cecil Lanford, H. H. Boynton, Pat Lanham, and L. J. McCarty. After the barbecue supper, games will be played in the gymnasium under the direction of Miss Richardson, high school physical education director. All parents, teachers, and friends of high schools students are invited to attend this get-acquainted affair.

## LaRosa Sorority Members Complete Constitution And Begin Year With New Officers And Sponsor

Beginning the year with new sponsors, Business and Professional Women's club, members of LaRosa sorority met in the home of Mrs. Marjorie Gillis Thursday evening when new officers were elected. Miss Molita Kennedy was re-elected president and other officers named are Miss Betty Myers, vice-president; Miss Beatrice Lee Russell, secretary; Miss Elaine Dawson, treasurer; Miss Sally Simmons, historian; and Miss Marjorie Gillis, reporter.

New members voted into the club are Misses Mary Ann Speed, Betty Sue McDowell, Naomi Davis, Betty Thompson, Erma Lee Kennedy, and Leatrice Wells, who will attend the next meeting of the sorority. Initiation activities will follow. Plans were made for a victory dance to be given October 2, following the football game, and for a masquerade ball on October 30 when members and guests are to wear costumes.

Sorority uniforms, which have been ordered, are red skirts and white corduroy jackets with the sorority name printed on the backs. Charter members who attended the meeting Thursday, and who composed the constitution, which will be given in book form to each new pledge, are Misses Elaine Dawson, Sally Simmons, Fern Simmons, Betty Myers, Robbie Lee Russell, Betty Schwind, Molita Kennedy, Ernestine Crane, and Virginia Washington. The constitution which has been approved by the Business and Professional Women is as follows:

## This Item Is Of Interest To All Women Readers

To save time and to provide a more complete and accurate coverage of society and club news, the following rules are being outlined for all persons who will be contributing news to the woman's department of The Pampa News.

Due to the war, regular staff members find it necessary to handle more copy than ever before, therefore, it is imperative that certain deadlines be observed in reporting news to the society editor.

Reports of all club meetings, church society and Sunday school class activities, parent-teacher associations, home demonstration club reports, showers, and recital notices should be written and brought or mailed to the woman's editor immediately after each meeting or not later than 10 o'clock the following morning. The deadline for all woman's page news, including items to be added to the social calendar, is 10 o'clock. Social calendar notices may be telephoned to the woman's department.

Club reporters are asked to turn in guest lists for dances and other entertainments in writing to assist in speeding up the work of the department. These and all other guest lists should be complete with initials or first names. When the last name only is given, the name will be left out entirely.

Timeliness is very important in the display given to parties and meetings. The most recent news deservedly gets the most space and the best position.

Lengthy recital programs will not be printed on the society page because of lack of space and cuts of music or dance students will not be printed in connection with recitals or programs.

Since The News does not maintain an engraving department, pictures must be sent out of town for photo-engraving. At least four days must be allowed for ordering society cuts, which are paid for by the individuals ordering them.

Wedding news must be submitted in person whenever possible and at all times must be verified. Lengthy wedding stories should be turned in four or five days before the ceremony.

The deadline for the Sunday society page is Friday afternoon at 5 o'clock. This includes items to be added to the social calendar, advance notices of forthcoming meetings, as well as all stories. Reports of Friday afternoon meetings should be brought or sent to the woman's editor immediately after the meeting. News of Friday evening, Saturday and Sunday events should be submitted in advance by Friday at 6 o'clock in order to be included in the Sunday paper.

Friday is the busiest day in the woman's department; so, if news for the Sunday paper can be sent in earlier, the last-minute congestion may be relieved. Please do not call for the society editor at The News office or at home on Saturday morning, afternoon, or evening. Any call for the woman's department on Saturday will interrupt those in the business office answering the telephone and slow down their work.

It will be impossible for the society editor to attend parties and clubs meetings in person. Each organization is urged to appoint a reporter member to serve as press reporter.

These rules are offered at this time in order that, through a better understanding with the contributors, this department can handle a

MAINBOCHER'S BLACK wool coat. It illustrates the designer's silhouette for Fall 1942: slender but not too tightly fitted. Small shawl collar and peplum of small puffs are black Persian lamb.

## Miss Mullis And Earl Shira, Jr. Will Marry Today

Mr. and Mrs. A. W. Babione have received word of the marriage of Earl W. Shira, Jr., formerly of Pampa, and Miss Betty Virginia Mullis which will be solemnized this afternoon at 4 o'clock in the Second Presbyterian church of Kansas City, Missouri.

Miss Mullis, who is the daughter of Mr. and Mrs. Arthur Boyles, is a graduate of the dental college of Kansas City.

Mr. Shira, son of Mr. and Mrs. Earl Shira, Sr., of Hosington, Kansas, formerly attended Pampa High school and the University of Texas. He has completed a course at the Kansas City dental school, and will continue his profession in the United States navy.

## Mrs. Kay Hostess At Auxiliary Meeting

Mrs. Roy Kay was hostess at the meeting of Thursday Evening auxiliary of First Presbyterian church last week when Mrs. Jim Nation was leader of the program. Plans were made for the group to meet again next Thursday night at 8 o'clock in the church to begin a Red Cross project for the year.

greater volume of news. The woman's news editor will appreciate your cooperation and as in the past will welcome all contributions of interesting bits of news.

## Two War Service Forums Will Top Club Convention

AUSTIN, Sept. 19—Two War Service Forums, one to be directed by Mrs. Oveta Clup Hobby, director of the WAACS, and the other to be led by Mrs. John L. Whitehurst, president of the General Federation of Women's Clubs, will feature the election-year convention here of the Texas Federation of Women's Clubs November 10-12.

Due to war restrictions, the convention will be greatly "streamlined" and geared entirely to the TFWC war-work program, election of officers, and routine business necessary to the function of the 70,000-member organization, according to Mrs. J. W. Walker, president, who made the official convention announcement here Saturday.

"The shortened time of the convention session does not mean there will be any lack of interest in the convention program supper," Mrs. Walker said. "It simply means there will be fewer formalities and more serious business accomplished. We shall make every moment of our time count to the best advantage. There will be no social features, only one dinner session honoring the outgoing and incoming officers," she said.

Mrs. Walker pointed out that the clubwomen will go to the convention and return to their homes within the three-day period in which less travel is noticeable—Tuesday, Wednesday and Thursday.

The original convention plans for this year had called for schools of adult education to be given under the direction of Dr. Robert H. Sutherland of the Hogg Foundation, University of Texas. Plans were well under way for such a meeting when notice was received from GFWC that the January board meeting of the national organization had been cancelled. State groups were asked to consider the travel limitations imposed by the war and to also consider confining their meetings to business sessions if possible. After advising with club leaders in Austin and the state, Mrs. Walker said that it seemed advisable to hold a greatly streamlined convention, giving time only for necessary business.

Already tickets are being issued for the colorful event. Mrs. R. W. Tucker is superintendent of the department, and Mrs. J. P. Wehrung, general chairman of arrangements for the entertainment, will be assisted by the social chairmen of the various classes in the department. They are Mmes. Garnet Reeves, L. A. Baxter, Charles Boyd, Tom Herod, C. O. Sloan, B. W. Rose, and Emmett Forrester.

See CONVENTION, Page 8

TWIN SWEATERS FOR EVENING: Mainbocher designed the set shown above, with long plain black skirt. The slipover and cardigan sweaters are light blue, the embroidery is massive black passementerie. The evening dress is of lace with beautiful straight red bodice and gathered black skirt.

## Annual Social To Entertain Women Of Baptist Church

When women of the First Baptist church meet Monday afternoon at 2:30 o'clock in the church, the annual departmental social will be in the form of a circus.

Already tickets are being issued for the colorful event. Mrs. R. W. Tucker is superintendent of the department, and Mrs. J. P. Wehrung, general chairman of arrangements for the entertainment, will be assisted by the social chairmen of the various classes in the department. They are Mmes. Garnet Reeves, L. A. Baxter, Charles Boyd, Tom Herod, C. O. Sloan, B. W. Rose, and Emmett Forrester.

Since September is the musical month, a program with a musical theme will be presented. Refreshments are to be served at the conclusion of the program. Every member of the auxiliary is asked to be present.

## Legion Auxiliary To Have Installation Of Officers Monday

An annual event in the activities of the American Legion auxiliary is the installation of new officers which will be conducted Monday night at 8 o'clock in the Legion hall.

Gertrude Fuller of Amarillo, district president of the Legion auxiliary, will be installing officer and Mrs. W. C. deCordova will be installing sergeant at arms.

Since September is the musical month, a program with a musical theme will be presented. Refreshments are to be served at the conclusion of the program. Every member of the auxiliary is asked to be present.

### V Notes RED CROSS VOLUNTEERS

By Mrs. FRED ROBERTS  
World War II is entering its fourth year and Chairman Norman H. Davis tells us that approximately \$60,000,000 worth of Red Cross relief supplies have been sent overseas since the invasion of Poland on September 1, 1939.

More than 20,000,000 persons, most of them women and children, have been aided by these supplies, which included medicine and hospital equipment, food, clothing, blankets, and a variety of other necessities.

The bulk of the assistance, representing approximately \$33,000,000, was sent to the British Isles to aid civilians bombed from their homes. Assistance to Russia already has passed the \$4,000,000 mark, and supplies valued at an equal sum also have been sent to China, where an estimated 4,245,000 persons, including 1,600,000 children, were aided.

Polish, Greek and Yugoslavian refugees who escaped to the middle East, and civilian war sufferers in Eritrea and Ethiopia also have received Red Cross aid.

More than 1,500,000 volunteer Red Cross workers assisted in making the garments and surgical dressings sent overseas.

Mrs. Raymond Harrah, chairman of the kit bags, is enthusiastic about the response she has had to her appeal to organizations to fill the bags. Because she is so fond of young girls she was especially happy when Sigma Tau and Kit Kat clubs called her and pledged \$18.00 and \$24.00 respectively!

Mrs. M. C. Roche, chairman of production, says the material for the kit bags has been ordered and is expected very soon. The bags will be cut in the production room as soon as they arrive and will then be issued to be sewed.

We're cutting slips and shirts in the production room and are ready to issue both for sewing. Come in and look at the models and take home a few garments. Mrs. H. B. Landrum and Mrs. Bruce Walters

sewed the slip models and Mrs. A. B. McAfee, the man's shirt.

Mrs. L. L. Davis and Mrs. Roche shipped an additional 72 blouses this last week. The women who sew have certainly done a fine job of getting the blouses out in a hurry.

Mrs. Roy Bourland is sorry that the yarn isn't in yet for she doesn't want the knitters to get out of practice. They worked so hard though to get out the emergency quota of sweaters and helmets for the army that they really do deserve a rest.

It is impossible to tell just when to expect our next shipment of yarn. There isn't much to be had but what there is does go to the Red Cross first. It is being issued to the chapters as fast as possible because the knitted garments are badly needed by our armed forces.

As soon as our Mrs. Bourland will notify you through the paper.

The Red Cross is finding it helpful to have meetings of chapter workers where they can pool the knowledge gained by their experiences and so plan constructively for the future.

In Amurilo on September 29, Potter county chapter will be held at workers in the Junior Red Cross, Home Service, and Disaster Preparedness branches of Red Cross work. Several leaders are going from Pampa. We will announce the names when the list is complete. The host chapter is planning an informal luncheon for all delegates.

If you have had a knitted garment out for several months, do bring it in and let someone else finish it for you now while our experienced knitters have the extra time to do it. If you have had it that long you are probably worrying about it and wondering when you will ever be able to get it finished. There are so many women who would be glad to do it for you that we wish you wouldn't hesitate about bringing it in. In fact, Mrs. Bourland is asking that you consider it your duty to do just that.

Departure of the French freighter "Mont Everest" with a cargo of milk and 20,000 infants' layettes for distribution to the children of unoccupied France, was announced by the Red Cross.

### Informal Reception Given By Junior High P-TA For Teachers

Honoring Junior High school faculty members, the Parent-Teacher association entertained with an informal reception in the band room of the red brick building Thursday evening.

Receiving the parents and teachers were Mrs. W. C. Hutchinson, hospitality chairman, and her committee, Misses. Henry L. Speers, E. M. Keller, Carl Anderson, and W. D. Price.

The P-T-A. colors of blue and gold were stressed in the marigolds arranged in blue vases on each table. Lunch and waters were served from a lace covered table to 106 parents and teachers, by Mrs. Jess Clay, social chairman, and Mrs. Emory Noblitt and Mrs. Dewie Voyles, committee members.

Opening the program Mrs. Dan Litch led in singing with Mrs. Robert Carter at the piano. The men joined in singing "Aunt Dinah's Quilting Party" to conclude the musical portion of the program.

Mrs. Hutchinson introduced Mrs. E. L. Anderson, president, who welcomed the teachers and parents. To carry out the aim of closer relationship between the home and the school, Mrs. Anderson suggested that the teachers be invited to visit in the homes.

After Mrs. Louis Tarpley, chairman of room representatives, reported, Mrs. R. W. Tucker spoke on the membership enrollment, saying that the P-T-A. is the link between the home and the school and that all parents should join and help the association.

Principal Winston Savage introduced the teachers and asked the members to introduce the school's Superintendent L. L. Stone was present also.

During the social hour, games were directed by Claudie Gailman with the assistance of Mrs. Clay.

### Rev. Boshen Guest Speaker At Woodrow Wilson PTA Meeting

Woodrow Wilson Parent-Teacher association met in the school auditorium Thursday afternoon, with the Rev. Robert Boshen of First Presbyterian church, as guest speaker. Discussing "Life, Liberty and Happiness for Children—Now," Rev. Boshen emphasized the fact that we can achieve life, liberty, and happiness for children—now by continuing to do our tasks in the ordinary way.

"We must prepare now for the future but at the same time we must do those things which are dead in our present civilization. We must stir ourselves for the task of healing the wounds of the world, taking care however to make a design for tomorrow," he stated.

A feature of the afternoon's program was a song sung by Paul H. Briggs, accompanied by Mrs. H. A. Yoder at the piano. The program was presented by Mrs. Dan Williams, program chairman.

At the close of the meeting, an informal tea was given for teachers and patrons with Mrs. Emmett Forrester, hospitality chairman, in charge of arrangements. Tea was served from a lace covered table with school colors emphasized in floral arrangements of red and white snapdragons.

During the business session in which Mrs. Tom Duvall, president, presided, Mrs. W. B. Weathered announced that Red Cross courses will be sponsored by the association throughout the year.

The night of October 30 was named as Food, Fun and Frolic night. Mrs. Lewis Tarpley announced a larger enrollment of Parent-Teacher members after which Principal H. A. Yoder introduced the faculty.

Miss Marlin's room was the attendance contest. At 9:30 the executive committee met in Principal Yoder's office. During the installation ceremony the president and vice-president shall take the following oath: "I solemnly swear to fulfill the duties and obligations of my office as far as amount of my time, to unselfishly act according to the best interests of the girls in the sorority, to consult regularly with the president of the B. and P. W., and to uphold and defend the constitution of the Le Rosa Sorority."

This oath shall be administered by the sponsor of the sorority. Article 4—Duties of Officers Section 1—The president shall take charge at every regular meeting and in touch with all the members, see that they come to the meetings and are interested in the work that is being carried on.

### Horace Mann PTA Has First Meeting Of School Term

With the opening of the autumn school term, parents of the city began their P. T. A. activities in several schools last week. The first regular meeting of the Horace Mann Parent-Teacher association for the new school year was held Thursday afternoon in the auditorium.

The Rev. E. A. Norris of First Christian church gave the devotional in which he stressed spiritual preparation. He stated that a spiritual preparation is necessary for all people of the world if they are to carry out the good neighbor policy as outlined by the Lord. After the war is over, there must be a willingness on the part of the people to go ahead and build a better world on this policy, if by the peace that follows victory is to be a lasting peace, he stated.

Group singing of "America," was led by Miss Marion Reichling, after which Miss Mary Reeve read "The President's Message" as written by Mrs. Jack M. Latham in the Parent-Teacher magazine. Mrs. Little's message stated that preparedness is necessary for every worthwhile life.

"As parents and teachers, ours is the privileged task of preparing youth, physically, mentally, socially and spiritually for the school year. The outcome that lies ahead depends on how well we ourselves are prepared to meet the challenges of war. In our unity lies the power to achieve our aims."

Following the reading of this message, Miss Elizabeth Sewell sang "Prayer Perfect," by Riley-Stenson. Then Mrs. Cecil Myatt, vice-president of the local organization, Mrs. Walter Spoonmoore, who welcomed both old and new patrons and teachers of the school, and expressed the desire to have each one present at every meeting during the year.

In the business session which followed, all the new officers and chairmen were introduced. The membership chairman, Mrs. Ben Ward, reported that at present there are 108 members of the Parent-Teacher but that the special membership drive now in progress will continue through October 5.

Mrs. Spoonmoore then introduced the principal of the school, Miss Josephine Thomas, who presented the following teachers: Mrs. Katie Zachry, Miss Mary Reeve, Miss Myra Millard, first grade; Miss Kathryn LaMaster, Miss Pearl Spangh, Mrs. George Clark, second grade; Miss Jimma Searcy, Miss Clara Brown, third grade; Miss Elizabeth Sewell, Miss Hazel Gilbert, fourth grade; Mrs. M. K. Griffith, Miss Frances McCue, fifth grade; Miss Marion Reichling, band and public school music.

New mothers and those attending P-T-A. for the first time were presented, too, following which a get-acquainted game was played.

Miss Clara Brown's room was the award for having the most parents present.

Business and Professional Women's club will meet in the city club rooms Tuesday night at 7:30 o'clock for a monthly social.

The group will make favors for the emblem luncheon to be served at the district one conference which will be held on October 17 and 18 in Quannah.

The social hour will be conducted by the social committee of which Jesse Stroup is chairman.

Members who did not take their dues to the last meeting are asked to do so Tuesday.

MRS. TOM DUVALL, above, is president of Woodrow Wilson Parent-Teacher association. During the time Mrs. Duvall has been in the association, she has served as summer roundup chairman, study group chairman, and last year she was program chairman.

### Rev. Boshen Guest Speaker At Woodrow Wilson PTA Meeting

Woodrow Wilson Parent-Teacher association met in the school auditorium Thursday afternoon, with the Rev. Robert Boshen of First Presbyterian church, as guest speaker. Discussing "Life, Liberty and Happiness for Children—Now," Rev. Boshen emphasized the fact that we can achieve life, liberty, and happiness for children—now by continuing to do our tasks in the ordinary way.

"We must prepare now for the future but at the same time we must do those things which are dead in our present civilization. We must stir ourselves for the task of healing the wounds of the world, taking care however to make a design for tomorrow," he stated.

A feature of the afternoon's program was a song sung by Paul H. Briggs, accompanied by Mrs. H. A. Yoder at the piano. The program was presented by Mrs. Dan Williams, program chairman.

At the close of the meeting, an informal tea was given for teachers and patrons with Mrs. Emmett Forrester, hospitality chairman, in charge of arrangements. Tea was served from a lace covered table with school colors emphasized in floral arrangements of red and white snapdragons.

During the business session in which Mrs. Tom Duvall, president, presided, Mrs. W. B. Weathered announced that Red Cross courses will be sponsored by the association throughout the year.

The night of October 30 was named as Food, Fun and Frolic night. Mrs. Lewis Tarpley announced a larger enrollment of Parent-Teacher members after which Principal H. A. Yoder introduced the faculty.

Miss Marlin's room was the attendance contest. At 9:30 the executive committee met in Principal Yoder's office. During the installation ceremony the president and vice-president shall take the following oath: "I solemnly swear to fulfill the duties and obligations of my office as far as amount of my time, to unselfishly act according to the best interests of the girls in the sorority, to consult regularly with the president of the B. and P. W., and to uphold and defend the constitution of the Le Rosa Sorority."

This oath shall be administered by the sponsor of the sorority. Article 4—Duties of Officers Section 1—The president shall take charge at every regular meeting and in touch with all the members, see that they come to the meetings and are interested in the work that is being carried on.

Section 2—The privilege of holding office, making motions, debating and voting shall be limited to members of this association.

Article 5—Standing Committee There shall be standing committees appointed by the leader as may be required by the association to promote the objects interests of the organization.

Article 6—Parliamentary Authority The rules which the parliamentary authority shall govern—in all cases to which may not be inconsistent with these by-laws, and are applicable, without friction, to this association, for the benefit and good of the club.

Article 10—Amendments Section 1—These by-laws may be amended at any regular meeting of the association by a two-thirds vote of the members present.

### The Social Calendar

MONDAY  
All women of First Baptist church will have their annual social at 2:30 o'clock in the church.

TUESDAY  
Three Twentieth Century clubs will have their annual breakfast at 9:15 o'clock in the Schneider hotel.

WEDNESDAY  
Woman's Missionary society of Central Baptist church will meet at the church at 1 o'clock for a state mission program.

THURSDAY  
Thursday Evening auxiliary of First Presbyterian church will meet at the church at 8 o'clock to begin a project for the year.

FRIDAY  
High school P.T.A. will have its first meeting at 8 o'clock in the high school cafeteria where a western supper will be served.

SATURDAY  
Gray County Home Demonstration Council will meet at 2:30 o'clock in the office of Mrs. Julia E. Kelley.

### News Of Pampa Parents-Teachers

A watermelon feast will be given by Supt. L. L. Stone for the teachers and elective officers of all the local parent-teacher units at 8 o'clock Monday evening at Harvesters park. If the weather is unfavorable, it will be held in the high school cafeteria.

The high school Parent-Teacher association will have its first regular meeting Thursday at 8 p. m. in the high school cafeteria in the form of a western supper.

Home room mothers in high school were elected by the students last week. Mrs. L. J. McCarty, chairman, has asked all home room mothers to meet in their home rooms next Wednesday at 1 o'clock to become acquainted with the students and teachers.

At the first regular meeting of the Junior High P-T. A., Thursday night there were 106 parents and teachers present.

Junior High P-T. A. will fill one kit bag a month for the Red Cross.

The state suggested program for Texas parent teacher associations for 1942-43 is "Better Youth for a Better World," which is a challenge to all parent teachers.

More than 500 languages are in use on the continent of Asia, according to estimates.

### CONVENTION

The state board will be called into session Tuesday afternoon, November 10, at the state headquarters building. The convention proper will open that night with a forum program featuring an address by Mrs. Hobby. Wednesday will be given over to business, reports, by-law considerations, resolutions, elections, etc., and that night there will be a dinner forum directed by Mrs. Whitehurst. The business sessions will be held in the Crystal ballroom of the Driskill hotel.

Installation of new officers will take place at the headquarters building on Thursday evening, November 12, followed by adjournment.

For the first time in several years there will be no contested offices this year in the Texas Federation. Candidates are Miss Ethel Foster, Sterling City, president; Mrs. Florence Johnson Scott, Rio Grande City, first vice-president; Mrs. J. C. Cunningham, Fort Stockton, second vice-president; Mrs. Ira D. Sykes, Houston, secretary; and Mrs. Theron J. Fouts, Denton, treasurer.

# THE JUNIOR HIGH REAPER

VOL. VI SUNDAY, SEPTEMBER 20, 1942 No. 1

- The Reaper
- Official organ of Pampa Junior High School.
- Published every Sunday in The Pampa News.
- Written by members of the Journalism Clubs.

## Changes Made In 1942-43 Set-Up

Each year business firms make changes. Ten cent stores rearrange their wares. Even schools show a different physical setup. Junior High is no exception.

To the student of last year these changes may be noted: 41 per cent turnover of teachers means many new faces and many more new plans; 300 freshmen of last spring left the school for senior high; Reaper office is now on first floor in the "fishbowl" on the west wing; more than 50 new books brighten up the shelves in the library (or did until Miss Pool allowed books to be checked out last Wednesday); the Girls' Councilor, Mrs. Dan Busch, has dressed up the old office on the second floor in the east wing; 237 new students enrolled for the first time in Junior High; Miss Ollie Crossman uses the double checking system with texts this year and says she plans to be strict if books come in marked up next January when the semester ends; every custodian is a new one—Colson, Moore, and others, but all are the most popular persons in the building; new flooring laid since last May makes the upper hall more secure and quiet.

## Regular And Prompt Attendance Urged

Regular attendance is considered as vital to satisfactory school work as it is for the shop worker, clerk, or business person. Pupils should regard going to school as their regular job; and when they are not on the job, their record of absence and tardiness is a mark against them. Pupils should realize the seriousness of being at their place of business at the right time and on time, for this is as important as mastering the subject matter in any department.

The following rules should be known by every pupil in Pampa Junior High school:

1. When a pupil is tardy at any class, or for the home room period in the morning, he should obtain an admittance slip from the assistant principal; and if he is not in the office, the pupil should go to the principal's office.
2. If the pupil has been absent from any class, he must get an admittance slip before he will be admitted to the class. This slip is to be given to the teacher of the class attended after being absent or to the first home room period teacher.
3. In case the pupil is absent without a reasonable excuse, he will be required to make up all the time lost from school, or he must have a conference with Mrs. Busch, Mr. Jones, or Mr. Savage.
4. All excuses for tardiness and absences should be taken by the pupil to the assistant principal.

## School Counsellor Fixes New Office

Girls' Counsellor's office is an attractive corner this year. The double office which three years ago was the principal's office and last year was Reaper office has bloomed out in gay crotone and pot plants and linoleum.

A committee of eight support Mrs. Dan Busch as chairman of this department. Delinquency and failures will be interviewed here as well as constructive counselling before trouble begins. For several years Mrs. Busch has been the responsible one. This is the first year to have a real office.

Girls and boys who helped Mrs. Busch at the track meet last spring in the sale of pop and candy were instrumental in earning the money which was used in fitting this office for use this year.

Others on this committee to whom students should go for advice and help are: Miss H. G. Stroup, fifth grade; Mr. Morgan and Mrs. Rankin, eighth grade; Mr. Dan Price and Mrs. James Poole, seventh; Miss Florence Jones and Mrs. Lennie Hood, sixth grade.

Records are kept from year to year and much such information helps the teacher know the child and his problems, states Mrs. Busch. "It helps us get his viewpoint."

Some teacher responsible for caring for this office each period of the day. This relieves the principal of many minor interferences which give him time for constructive planning.

**—BUY VICTORY BONDS—**

### Sixth Graders Set Library Example

When three sixth grade rooms checked the first 99 books out last Wednesday, Miss Ila Pool "read the shelves" after they left. She found that only five books were out of place. She admitted that she was not sure that she had left three of these in the wrong places the night before when she made some changes.

## Musicians Elect Stark Band President

Willis Stark, cornet player, is the new Reaper band president since election took place Monday. Supporting him is Randall Clay, vice president; Sybil Pierson, secretary-treasurer; Dick McCune, reporter; and Winford Vaughn, parliamentarian. Mr. Ray Robbins, director of bands at senior high and junior high, returned to the same position he held after midterm of last year.

Willis was home hood president in his eighth grade year which gave him a place of leadership. He has the highest record of award ever held by a Pampa Junior High band member, that of national recognition in 1941.

Other members of the officer group have reputation and leadership and rank high in other fields as well as in music.

Mr. Robbins seated the more than 100 students according to instrumentation and promised a division with the sixth and seventh grades to be known as the Rainbow and meet before school for practice, and the older students making the Reaper band to meet at the third hour. More than 70 students will likely make first band and dress in the regulation blue and white uniform. Band meets in the usual room on the first floor of the Red Brick

Willis Stark

in the west corner.  
Director Robbins says he expects a fine organization with so much good material in the band.

CLASSROOMS ON THE OPENING DAY OF SCHOOL

1261 students, a bare six more than closed the year in May. Records show 237 of these students are new to the Pampa system this year. Junior High consists of three buildings, activity building, gymnasium, and classroom building.

Forty teachers from Junior High joined those from other buildings which totalled more

than 130 in the system at an opening faculty meeting last Monday, Sept. 7, with the superintendent of schools, Mr. L. L. Sone in charge.

The physical education department for boys is the most unsettled with two citizens, Mr. Clifford Braly, lawyer, and Mr. W. B. Weathered, county superintendent of schools, ex-football players, coaching the Reaper football team. Mr. Joe Crisler, former Harvester play-

er, is directing eighth and ninth physical education; and Mr. Dan Price who look over the physical education during the year last year will continue directing sixth and seventh physical education.

Miss Marguerite Jones returned again this year as office manager and registrar in the main office. The assistant principal, Mr. J. H. Jones, again has charge of absences and tardies with work with students

to prevent failures and delinquency along with the counselor for girls, Mrs. Dan Busch. All teachers at development hour at third hour will guide students in an orientation program along some line which they wish to study.

Club hour is only twenty minutes in length and follows fourth hour twice a week. Homeroom hour comes three times a week for the twenty minute period.

## Love And Hisses

Dee Griffin and Joyce Cloud hit the rocks—if Beverly Burba might be called a rock. Joyce free? Don't crowd, boys!

Ginger Bassett is seeing Jack Vermillion since early summer. New students mean more puppy love. Watch the halls!

Doris Barrett and Bill Smith enrolled together last Tuesday—same classes, same locker.

Beverly Gandler seems to be loose now that Joe Cree is in senior high. Jack Hood and Sybil Pierson are not sitting across from each other in science for nothing.

We miss our oldest romance. Wanda Jay and Johnny Campbell went to senior high.

Randall Clay and Wanda Sue Campbell have their names together on a desk in the classrooms.

Martha Hiseit and Charles Beard may not have planned classes together.

A quiet little girl in Room 112 has boys goggle-eyed. She is traffic officer and her name is Doris Jean.

Note the boy who follows Flora Alexander around.

Delmer Bellflower and his blond holding hands as they sauntered about the grounds at noon look like the old spring mood continued.

Beverly Gandler and Joe Cree were at the skating rink and not doing any strenuous exercise. Joe is just up from an appendectomy.

Patsy Miller and Ronald Lewter are doing all right.

**Calendar, 1942-43**  
September 7, 1942—Opening of the school term.  
November 26 and 27—Thanksgiving holidays.  
December 19 until December 28—Christmas holidays.  
April 23-26—Easter holidays.  
May 21, 1943—Closing of school term.

## Dear Students of Junior High school,

May I welcome all "new" and "old" students to Junior High school. We'll have lots of fun and we'll do lots of work during this school year.

During this time of national emergency even boys and girls in junior high schools have a big responsibility in making the world a better place in which to live. I pledge my sincere support to any student endeavor aimed at this result. Will you do your part?

There are nearly thirteen hundred students in Junior High school, and it may take me a long time to learn your first names, I'll try. Come into my office and introduce yourself and we'll "visit."

Best luck to each and every one of you during this new school year.

Winston Savage

## Fifteen New Teachers Join Old Group For New Year Of Work At Junior High

Enrollment at Junior High opened Tuesday, September 8, with 24 of the faculty returning to their same work of last year, eight new teachers to the system, and seven transferred from other buildings or substitutes made permanent teachers. Last year half the faculty was composed of men; this year five men carry the minority role.

Under the direction of the principal, Mr. Winston Savage, the following 39 teachers make up the faculty of Pampa Junior High for 1942-43:

**New In System**  
New teachers in Pampa system:  
Miss Nancy Sparks, Panhandle, Texas Tech at Lubbock, eighth science and home economics.  
Miss Helen McCarty, Weatherford, Okla., Southwestern Teachers College at Weatherford, music in the eighth grade.  
Mr. Hayden Morgan, McAllister, Okla., Southeastern Teachers College at Durant, ninth grade science.  
Mrs. Rex Ross, Pampa, Texas Tech at Lubbock, seventh and eighth grade social studies and public speaking.  
Miss Loraine McCarroll, San Angelo, Sul Ross at Alpine, sixth and seventh grade boys in science.  
Mr. John H. Harnly, Miami, McPherson College, McPherson, Kans., eighth and ninth grade math.  
Miss Orveta Puetz, Shamrock, Texas Tech at Lubbock, sixth and seventh grade home science.  
Miss Virginia Lhne, Pampa, West Texas State at Canyon, seventh grade subjects and one eighth grade English.

**Return To Assignments**  
Faculty members continuing assignments as of 1941-42:  
Miss Mary Smelser, Oklahoma City, Okla., Oklahoma A. and M. at Stillwater, eighth and ninth grade physical education.  
Mr. Dan R. Price, Pampa, Abilene Christian College, physical education, public speaking, and social studies.  
Miss Madge Rusk, Pampa, West Texas State at Canyon, ninth grade social studies.  
Mr. C. T. Hightower, Frederick, Okla., University of Texas, Austin, ninth grade math and junior business.  
Mrs. Dan Busch, Pampa, Colorado as Tech at Lubbock, sixth and seventh grade home science.  
Miss Virginia Lhne, Pampa, West Texas State at Canyon, seventh grade subjects and one eighth grade English.  
Miss Ruth Barton, Sweetwater, West Texas State at Canyon, seventh grade home room and English.  
Miss Katherine Simmons, Terrell, Okla., East Texas State Teachers at Canyon, ninth grade English.

**New Assignments**  
Teachers already in the system who moved to new assignments:  
Mrs. John Hutchens, Pampa, West Texas State at Canyon, eighth grade art.  
Miss Corinne Landrum, Pampa, Texas Tech at Lubbock, eighth grade math.

## Principal's Dad, Savage Of Canyon Speaks Here

Despite campaign speeches for candidates for student president, Mr. F. E. Savage, father of the principal, made the biggest "hit" with the audience in Junior High assembly last Thursday morning at third hour.

Mr. Winston Savage introduced his father as having been in the school business for 90 or 100 years and told a story of how his parents almost left him beside the road after a minor automobile accident when he was just a "bundle of sweetness."

The Reaper Mr. Savage complimented the members of the audience on their orderly response to

## Traffic Problems Prohibit Press Clinic For Duration

Press students will not make the usual trips this year to clinics due to the transportation shortage.

A letter from Mr. Frank Rigler, sponsor of the press clinic on the campus of TSCW in Denton, states that he plans to give help through a much fuller bulletin and will continue the critical analysis of school papers.

Junior High Reaper sent the enrollment fee for the year last week and expects to place TSCW Journalism department on the mailing list for the year.

For the past three year representatives of the Reaper have attended the conference held in Denton in December.

**—BUY VICTORY BONDS—**

## Chaff

The room just above the entrance decided against using flower pots in the work this year. Last year a few minutes after important officials had passed into the building below, someone upset a flower which fell to the concrete steps with a crash. Room 219 chose to decorate with something less hazardous to the personnel who pass in and out the front door.

Mrs. Kilgore decided she had the wrong thing Tuesday when she bought fresh black-eyed peas for the cafeteria. She thought of calling Junior High over to help her shell peas when she sat down Monday afternoon to prepare them.

Mr. Hightower's advice to parents: Parents! Parents! Don't shap your children's faces. Nature provided a better place.

The family sat around leisurely reading and talking at the Cloud home. Everybody was in except Mr. Cloud. Presently the family hose as one and rushed to the door when they heard his voice outside, calling to come out.

Imagine their relief when they found he had only caught a glow worm and wished all to see it.

Mr. Savage was making final arrangements for opening day of school. "Mr. Jones, I want you to stand behind this desk and call the parents' names as they arrive for interview with me."

Mr. Jones, "Boy, oh boy! I've been wanting to do that for several years."

Mr. Perry came to school to see what record Frank had for the first week of school. In response, Mr. Savage looked through Miss Rusk's grade book and said, "Frank will probably go down in history."

"That's good news," glowed the parent.

The principal lifted his eyebrows and continued: "But then of course he might do better in English and math."

## Ninth Grade Grazings

Doyle Holler spent the month of July visiting relatives in Roy, N. M.

Gene Brickle spent 10 days visiting relatives in Denver this summer.

Elna Land who recently enrolled for the first time in Pampa Junior High visited Tulsa.

Betty Hassell returned from a visit to Allison last Monday.

Dorothy McDaniel visited relatives in East Texas for awhile last summer.

Leatrice Winton, girls' coach in Room 112, reports new experiences in fruit picking during pear and orange seasons. She went by train and visited relatives in Los Angeles, Long Beach, San Francisco and Oakland.

George Murphy spent two weeks visiting relatives in Fort Worth this summer.

Oma Lee Wooten visited for several days at a time in these Panhandle towns this summer: Dalhart, Channey, Hartley, Texline, Amarillo and Dumas.

Charles Showers visited his grand- and his aunt and uncle in Lake Charles, La., this summer. Alice Cook spent two weeks visit-

## Kickball, Football Tournaments To Open

Kickball for girls and Touch Pass football for boys will be played off at the same time beginning Monday at noon.

Brackets for both boys and girls ran parallel. When Room 219 girls Room 215 Monday both boys and girls will be playing at that time. Miss Mary Smelser worked out this scheme hoping to cause fewer disturbances by running the girls and boys of the room in games on the same day.

On Tuesday Room 210 and Room 118 play each other the following day. Room 21 drew a bye. Winners will compete as soon as the preliminaries are completed.

**—BUY VICTORY BONDS—**

## Phys Ed Departments To Examine Students

The physical education department expects to complete physical examinations during the first two months of school this year. Since no dentists are available, the directors will do this work.

This will leave seven months for checkup and improvement of the physical side of the student, states Miss Smelser.

iting her aunt in Berger in July. Joann Conrod spent five weeks in Tulsa visiting relatives this summer.

## Eighth Grade Chooses Officers For First Semester

Eighth grade home rooms organized on time this year with the eight rooms ready the last of the week for Junior Council to begin operations. Each president is representative to his club which meets with Miss Madge Rusk as sponsor twice a week. Other officers function in homeroom organization to aid in carrying out room plans such as the intramural program which lasts the entire year.

Room 2B: Betty Jo Myatt, president; Kenneth Hobbs, vice president; Pauline Ward, secretary; Reba Joyce Bain, Girls coach; Avis Kelley, assistant coach; Harold Turbo, boys coach; Leonard Husted, assistant coach.

Veterans Groups Sponsoring Four Major Projects

With four activities going on at the same time, members of Veterans of Foreign Wars, American Legion, American Red Cross, and V. F. W. auxiliaries are busier now than a Nazi tank attacked by Russians.

Projects of the veterans are the send-off party for Gray county's latest group of drafted men, to be held at 7:30 p. m. Thursday night at the Legion hut, 706 West Foster; the Victory Donation dances, at 9 p. m. Saturday, and at 9:30 p. m. Saturday, the first at the junior high school gymnasium, the second at the Southern club; the copper-bronze-bug collection; and the drive for phonograph records. Later in the year is the Veterans' Memorial service at the Legion and the American Legion, two separate organizations, are cooperating in the various projects.

Unadvised that the V. F. W., although listed in original stories on the projects appearing in The News, has been omitted from succeeding stories. Some veterans are members of both organizations. No objection was intended the V. F. W. by the omission.

Every cent of the proceeds taken in at the two benefit dances Saturday night will go to the U. S. treasury for the war effort. Pampa veterans are the first in the nation to sponsor a project of this kind, and notified the treasury department of the plan in a telegram sent September 8.

Tickets for the dance Saturday sell at 50 cents a person and can be obtained at the Court House. When purchasing tickets, it is advised that stubs be left in the glass jar at the Wilson and Harvester Drug stores.

At the conclusion of both dances Saturday night, stubs will be drawn at one of the two and the person whose ticket number corresponds to the winning number will be awarded a \$50 Victory bond.

It is not necessary for the person to be in attendance at either dance when the number is announced, nor will the fact that you were at the announcement make any difference against you.

As holder of the correct number, you will have until 8 p. m. on the following Monday, September 28, to notify J. R. Martin, telephone 2413, before the number is voided. If the eligible person has not appeared by that hour, the bond will be added to the subsequent award at the following Victory Donation dance.

Leading in sales for the dances Saturday is the committee from the auxiliaries, composed of Mrs. Frank Tuttle, chairman, Mrs. Hupp Clark, and Mrs. E. J. Kenney.

Dance at the junior high school gymnasium will be an old-fashioned dance with music by Jessie's orchestra; at the Southern club, a modern dance, with music by Pinky Powell's orchestra.

Service Fund Gains. Nearly \$50 was raised by the veterans in the sale of copper to the Cabot companies, a part of the continuation of the plan to raise money for the service men's entertainment fund. W. C. deCordova, finance officer of Kerley-Crossman American Legion post, said the V. F. W. and Legion members had raised a total of \$236 to date for the fund through the sale of copper, bronze and brass donated to the project.

Collection of old phonograph records for re-casting into new records for the benefit of the men in the armed forces has been directed here by Mrs. W. L. Heskey, American Legion auxiliary president, and 200 records have been donated during the week.

Awards of Victory stamps were made at a dance sponsored here recently by the Legion and V. F. W., with Gypsy Coats as winner of the first award, and Daisy Jim Daugherty, second.

More than one-fourth of the employment in the automobile industry is located outside Michigan, in normal times.

Panhandle Has Only One Wildcat Test Drilling

The Panhandle oilfield has only one wildcat test drilling now. The other, the Pure Oil company's No. 1 Land Bank in Dallam county, near the New Mexico line, has been ordered plugged and abandoned. The hole was bottomed at 6,852 feet when application was made to the local office of the Texas Railroad commission last week to plug and abandon the test. Not a single showing of oil or gas was encountered, it was reliably reported.

The one Panhandle wildcat, the Stanolind Oil and Gas No. 3 "Old Tack" in the southwest corner of Carson county and 10 miles southeast of Amarillo, is shut down at 3,900 feet with a fishing job.

Six new locations were staked in the field last week, four for gas by the Phillips Petroleum company, all in Moore county, and two for oil by the Skelly Oil company in Carson county. The new locations brought the total for the year to date to 220 but not many more than half have actually been drilled.

Two new wells were drilled and given open flow potentials, one an oil well in Hutchinson county and the other a gas well in Carson county. New wells completed to date this year total 220.

The oil well was the Continental Oil company's No. 7 Sanford, section 80, block 46 H&TC survey, which tested 63 barrels.

The gas well was the Cities Service Oil company's No. 49-A S. B. Burnett Estate, section 9, block 4, I&GN survey, which gauged 33,200.000 cubic feet.

Intentions to drill: Skelly Oil Co., Schafer Ranch No. 159, 440 feet from the west and 440 feet from the south lines NW 1/4 of section 189, block 3, I&GN survey, Carson county.

Skelly Oil Co., Schafer Ranch No. 160, 440 feet from the east and 440 feet from the south lines of NE 1/4 of section 197, block 3, I&GN survey, Carson county.

Phillips Pet. Co., O'Hern No. 1, 2,495 feet from the east and 2,495 feet from the south lines of section 277, block 44, H&TC survey, Moore county.

Phillips Pet. Co., Roy No. 1, 2,495 feet from the north and 2,495 feet from the east lines of section 235, block 44, H&TC survey, Moore county.

Phillips Pet. Co., Stan No. 1, 2,495 feet from the south and 2,640 feet from the east lines of section 236, block 44, H&TC survey, Moore county.

Phillips Pet. Co., Stan No. 1, 2,491 feet from the west and 2,495 feet from the north lines of section 237, block 44, H&TC survey, Moore county.

Chances of accidental death from the moment of birth have been estimated at 16 to 1.

North Carolina is the Tarheel State.

January Date For Texas Crude Oil To Norris City

LITTLE ROCK, Ark., Sept. 19 (AP)—Crude oil will begin flowing through the 550-mile petroleum pipeline from Longview, Tex., to Norris City, Ill., by January 1 to alleviate a fuel shortage in eastern states, W. Alton Jones, president of the War Emergency Pipelines Inc., said today.

While the line will average about 300,000 barrels daily, Jones reported, the rate of flow to the eastern seaboard will be only about 125,000 to 175,000 barrels a day unless another pipeline from Illinois to the coast is completed.

The WEP head said plans were in the making for the Illinois-east pipeline but the project was being held up because of the steel shortage.

"We do not think the Texas-Illinois pipeline will solve the problem," Jones declared, "but it will help to shorten the tank car haul from southwestern oil producing states."

Jones, who also is president of Cities Service Oil company, was in Little Rock, with Deputy Petroleum Coordinator Ralph K. Davies and Samuel H. Husbands, president of Defense Plant Corporation, to inspect pipeline construction work in this area.

The Little Rock office of the WEP reported that about 115 miles of the line had been completed and that actual laying of pipe would be finished about December 1. An additional month will be required to erect tank reserve stations, 10 pumping relay stations and other facilities.

Jones said construction work was proceeding on schedule.

While the pipeline at first will transport crude oils, Davies said gasoline could be fed through the lines with but little time for change over if the necessity arose.

Simpson Funeral Held At Shamrock

SPECIAL TO THE NEWS. SHAMROCK, Sept. 19—Last rites for James Earl Simpson, 74-year-old Shamrock resident, were conducted at the First Methodist church at 3 o'clock Friday afternoon.

Rev. A. C. Haynes, pastor had charge of the services. Mr. Simpson died Wednesday night at 9:45 o'clock following an illness of four months.

He had made his home in Shamrock and McLean for more than a quarter of a century.

Mr. Simpson was a familiar figure on Shamrock streets as he visited with countless friends, both young and old. Despite his advanced years and ill health, he was always in a jovial mood with a smile and kind word for all.

Survivors include the widow, Mrs. Georgia Simpson, and eight children, three daughters and five sons. The daughters are Mrs. J. C. Emmert, of Wellington, Miss Annie Simpson and Mrs. Ola Piatt of Shamrock. The sons are Jim Simpson, Marvin Simpson and Walter Simpson of McLean, John Simpson of Shamrock and Joe Simpson of Pampa.

Archaeologists in Nevada discovered a basket of decoy dunks used by Indian hunters several centuries ago.

Many of the aborigines of Australia wear no clothes, even during the cold season.

Give Him Better Light

and He'll Do a Better Job

That man of yours—no matter what his job—is helping to defend America. Perhaps he is actually helping to make ammunition. Perhaps he is just working harder at his regular job because of vacancies caused by army, navy, or industry. One thing is sure. He is working harder than he ever did before.

During these days of stress and strain it is doubly important to conserve our energy and our eyesight. So—in your home, wherever eyes are used for close seeing, sewing, reading, working, or playing, make sure you have protective lights. It costs less today than ever before.

SERIAL STORY

OF BRIGHTNESS GONE

BY HOLLY WATTERSON

COPYRIGHT, 1942, NEA SERVICE, INC.

THE STORY: Peter Frasier, medical student, returns from summer's hospital job to find things drastically different at home. Peter's once-wealthy father, Bruce, has lost his business, Belle, Bruce's practically driven wife, has retained title to their country house and practically drives Bruce away. Candace Beck, Belle's niece, has entered nurse's training despite her ambitious aunt's furious objections. This means Peter—except that Candace has done it for love of Martin Crosby, Peter's roommate at medical school. And Peter is in love with Candace himself.

PETER'S TROUBLES GROW

CHAPTER IX

PETER'S first glimpse of Candace was reassuring. The amazing eyes of hers, that ranged from a clear gray to a deep, almost-purple according to her moods, appeared at their largest and darkest because of the smudges of weakness beneath them. Her face was pale and she appeared tired, but there could be no doubt that she was happy.

"Peter," she said happily, "I'm so glad to see you."

It was too fine a day to visit indoors. She led him to a bench under a tree at the far edge of the grounds and they sat facing each other and smiling with the pleasure of being together again.

"You look as nice as ever, Peter," she said. "Nicer." She cocked her head critically. "A bit the stern side, maybe, or at least I thought so the first moment I saw you. But then that's a good thing, an air of firm authority, in a physician. She giggled. "See what an authority I've become on the subject, in one month? I'm writing a handbook, 'Dope for Doctors, or Babblings on the Bedside Manner.' How's your own bedside manner coming along, by the way? Was the summer as interesting as you'd hoped it would be? I certainly wouldn't know from your letters. You've been a worm about writing; you realize that, don't you?"

Peter said eagerly, "I wanted to, but I didn't have a spare minute, honestly—"

"I know," she admitted, "and whatever time you did have you'd want to use for writing your father. I'm only teasing. I understand, really. How have you been home yet? How's everybody?"

"Her tone didn't change; she didn't know how wrong things were, then. He decided not to tell her; she'd find out soon enough. He said lightly, 'Dad's waiting here. Belle tells me he's at the club.'"

"He hasn't spent much time at the place this summer," Candace said. "He's been awfully busy on something that kept him pretty much tied to town. He was out

once several weeks ago, though, and stopped off to see me."

She thought it best not to mention how tired he had appeared to her, how strained, "Belle?" she questioned. "I'll bet she didn't mention me, did she?"

"No, as a matter of fact she didn't. Why?"

CANDACE giggled again. "She's furious with me," she confessed. "She practically put me out and warned me never to darken her door again when I told her I was going into training." She grew suddenly serious. "You don't feel that way about nursing, do you, Peter? What did you honestly think, when I wrote you what I was doing?"

Peter's heart commenced a sudden thumping that interfered with his breathing. A less auspicious time, just now when he'd learned that he had scarcely a cent in the world and when, for all he knew, he might have to assume some of Bruce's obligations, could scarcely have been found for acquainting Candace with his feelings; but the opportunity she offered was of great and he could not, he found, help himself.

He said meaningly, trying for a light tone, "I thought it was swell. I thought, 'What a wife she'll make for a struggling young physician!'"

He was totally unprepared for the blush that dyed her crimson. "Peter!" she cried. "Peter, you guessed! Or did he tell you? Well, anyway, I don't suppose it matters, just so you do know. But he did promise to let me tell you—"

Peter repeated slowly, "He? Who?"

"Why, Martin, silly," Candace said tremulously, laughing. "Stop teasing, Peter." The fierce blush had brought tears brimming to her eyes; ashamed of her emotion she ducked her head, hiding her face against his coat sleeve. "I'm so glad he's your best friend, Peter. The three of us can always be together. I couldn't bear the thought of being separated all the time from you."

Peter rose so sharply that it was as if he had pushed her. She stared up at him, startled. "Why, what's the matter?"

He said, trying to smile, "I've got to get in to town."

She looked like a child who has been repulsed and doesn't understand the reason. "But right now? Right this minute?" he said.

"I've got to see Dad," he said. Even to himself his voice sounded stiff and forced. "And," he added, "congratulate the lucky man. He's bent to kiss her briefly. 'He is very lucky. And I hope, my dear, that you'll be happy.'"

(To Be Continued)

Committee To Plan Fire Prevention At Meeting Wednesday

Fire prevention should be a year-round, not just a daily or weekly activity, City Manager Steve Matthews said yesterday.

That will be the theme of Pampa's observance this year of National Fire Prevention week, October 4-10.

To decide what shall be done to emphasize the need of guarding against the danger to life and property from fire will be the job of the committee that is to meet at 2:30 p. m. Wednesday in the city commission room.

Manager Matthews, on advice of Fire Chief Ben White, yesterday appointed the following to serve as members of the committee:

D. N. Nichol, city health inspector; Winston Savage, junior high school principal; W. H. Gallaway, representing the American Red Cross; Farris C. Oden, Harold Wright, R. C. (Dick) Hughes, and H. W. Waters, insurance agents; Chief White; Brownwood Emerson, Pampa News reporter.

Rev. Carver Will Speak On "Keeping An Even Keel" Today

"Keeping an Even Keel in a Turbulent World" will be the sermon subject of the Rev. E. Douglas Carver, pastor of the First Baptist church, when he speaks this morning at 10:55 o'clock. The sermon will be in keeping with the line of thought of the proper pursuit of life during troublesome and trying days, and is calculated to encourage the Christian citizen, it was stated.

H. Paul Briggs, director of music and education, announced that special music for both morning and evening services has been planned.

"If You Are Waiting on Me—Let's Go" is the unusual theme of the pastor's evening message to be delivered at 8:15 o'clock.

It was reported that an intensive visitation program was conducted Friday morning by a large group of workers who visited in more than 100 homes inviting new residents of Pampa to the local church. According to H. Paul Briggs, scores of new members have been added to the church lately with many more expected to join as a result of the visitation campaign fostered by the church that has as its slogan "Where the Visitor is Never a Stranger."

Charles Wilson To Be Production Man

WASHINGTON, Sept. 19 (AP)—Production Chief Donald M. Nelson, in another move to centralize control over war production in his own hands, today drafted the chairman of the army-navy munitions board as one of his key assistants.

Following his selection of Charles E. Wilson, president of General Electric, as WPB's top production man, with authority over high army and navy officers, Nelson announced Ferdinand Eberstadt would leave the munitions board and join WPB Monday as vice chairman in charge of programs and scheduling. Simultaneously, Nelson transferred James S. Knowlson, his longtime friend, from the duties Eberstadt will assume and announced that Knowlson would devote his full time to the "general task of integrating the American and British production and supply programs."

Wheeler Selectees Sent To Fort Sill

Special To The NEWS - SHAMROCK, Sept. 19—A large crowd gathered in Wheeler Sunday morning to attend a send-off party for Wheeler county draftees who left for the reception center at Fort Sill, Okla.

C. B. Witt, principal of the Wheeler public schools, presided at the rally and J. B. Clark, Shamrock attorney, delivered the principal address. Tom Britt, chairman of the draft board, called the roll. Dr. H. E. Nicholson of Wheeler, and Rev. A. C. Haynes and Clayton Heare of Shamrock gave short talks.

The Shamrock Irish Band, under the direction of Harold Barnett, furnished music for the occasion.

Arrangements are being made so that Shamrock and Wheeler will alternate in giving send-off parties for draftees to avoid duplication of programs.

Names of draftees as released by the draft board, were as follows: Houston Terry Tadlock, Eileen Carol Jeffers, Clifton Dale Perrin, Charles Owen Perrin, Clarence Billingsly, Ernest Harold Beeson, Roy Marion Beck, James Scotty Risner, Coy Wilson Isaacs, Louis Roy Bennett, Austin Arless Burgess.

James Arthur Moore, Russell Louis Martin, Burke Calvin Patterson, Leonard Doyle Coleman, Louis Dalford Hlcks, Waylon Joshua Pollard, Robert Fermonet Rushing, Ben Paul Helton, Ralph Mege, Arlie Wade Jack Laurence Martin, Alton Loyd Troxell, Rudolph Leon Sanderson and David Edward Dunklin.

OUR BOARDING HOUSE

Flying Squadron To Hear Col. Campbell

Pampa's own flying squadron, men who have already been sworn into the Army Air Corps, and are awaiting call to active duty as aviation cadets, will meet Monday night at 8 o'clock in the city commission room at the city hall.

Organization of the group will be completed at this meeting and a name for the group will be selected, according to Hoy West, temporary chairman of the cadets-to-be. He urged all men eligible for membership to be present for this meeting.

Eleven attended the initial session last Monday night, but from all information that can be gathered there are at least 10 or 15 more men in Gray county eligible for membership in the unique club.

Special guest at the meeting will be Lieut. Colonel Daniel S. Campbell, new commanding officer of Pampa's advanced two-engine flying school and an officer from the aviation cadet branch of Headquarters West Texas recruiting office at Lubbock.

An unusual club in that its members hope that it will be short-lived from a local standpoint, the "we're ready to go club" was conceived in the minds of Pampa men who have long since joined the army and who are all anxious to get into active service. Meetings will be held at least once a week and activities will include voluntary study of math, physics, and plane identification as a prerequisite to basic training in the aviation cadet service.

If membership of the club can be built to a minimum of 20 or 25 Air Corps Reserve members, an effort will be made to persuade air corps officials to induct the men as a unit from Gray county and allow them to go into training as a group.

BUY VICTORY STAMPS—Cincinnati is the smallest city in the major leagues of baseball.

HOLD EVERYTHING

FUNNY BUSINESS

By J. R. WILLIAMS

OUR BOARDING HOUSE

### STAFF WORKS FOR VICTORY

We, of the Little Harvester staff, consider it our responsibility and privilege this year to work towards a better organized all-student war-aid program. Our efforts will go toward the great purpose of total victory.

Specifically we will support the buying of war stamps and bonds, the salvage of scrap iron, rubber and other vital material, the Junior Red Cross, and the conservation of all needed material.

In the past our principle has been to report accurately and fully all student activities, and to aid in any worthwhile cause. While we will continue our normal activities, we believe that everything we do or write or say should be considered with the war effort.

If our pens can point the way for other students to do likewise, our goal will have been reached.—D. J. C.

## Sagebrush- By The Sage

### Jitterbugs Hold Out On New Zoot Suits With Drape Shapes

Zoot suits with drape shapes may be the latest fashion mode for jitterbugs in high schools throughout the United States, but Pampa High school students, following the old adage "Not the first to try the new, or the last to lay aside," stick to their sweater-skirt, sweat shirt-slack combinations for school.

The zoot suit is no laugh, it's a reality, a reporter of the Washington Post discovered recently. The zoot suit with the crisp hip and the gripe sleeve is so high-waisted that a fellow can't get too warm under the arm . . . he ruins his waist band. The hips are full and baggy with elaborate pleats. The ruff cuff on prince pants fits the ankle snugly; and the coat hangs to the knee. Shoulders have a military, 45 degree angle peak, but they do wonderful things for the figure. Suspender buttons are worn with the suit as well as an elaborate watch chain. A broad-brimmed hat of felt, sporting a dashing feather of no minor proportions is no mean addition.

The female zoot suit, specially designed for frivolous frolicking, is two piece, the hemline drooping (if you can say dropping) slightly above the knee. A front and back kick pleat are the skirt variations. The jacket, stitchee on the lines of a masculine sport coat, falls but within two inches of the skirt hemline. Shoulders, also are greatly exaggerated.

It's no joke. It's real. You may be wearing it!

### Student 'Quiz Kids' Win Theater Passes

Six different students chosen for their aptitude to respond to the questions on the White's Auto store radio program, are being quizzed every school day by Harry Wahlberg, radio announcer over K. P. D. N., from 11:45 to 12 o'clock on the stage of the high school auditorium.

The student who answers the "theater" question of the day on the program, wins two passes to the Rex, State or LaNora theaters.

Wednesday, September 16, was the day for the beginning of the program. The quiz program will last throughout the year.

On the first day Bobbie Lou Posey, junior, was the winner of the two passes. The second day, the hated David O'Brient was the winner. Jean Harrison, senior, won the third day, Ava Chesher, senior, won the fourth day.

### Cafe Gets New 3-Color Point Job

To break the stare and deflect the glare, three soft shades decorate cafeteria walls. The lower part of the wall was painted gray with a brown line at the top. The remaining part of the wall is white.

Another improvement to be made soon will be the plowing of the ground on the campus and the planting of grass. Mr. W. C. Calhoun, head janitor revealed. Grass on the football field was resodded last spring.

## Two Pre-flight Classes Are Open To High School Students

Our high school is providing the opportunity for every youth to equip himself for a place in winning the war, Mrs. G. H. Alexander, one of the instructors in pre-flight, said Tuesday.

The new course, pre-flight under the direction of A. L. Jones and Mrs. Alexander, is being taught to Juniors and seniors. Two classes are taught with approximately fifteen in each class. Mrs. Alexander said.

Students have just completed the history of aviation which will be followed by the theory of flight, meteorology, aviation, civil air regulations, aerodynamics, and others. This whole year subject can be considered as one of the basic sciences.

So you see, Mrs. Alexander said, our school is following the plan of U. S. educators by offering this subject. Six hundred leaders of the nation's schools and colleges who met in Washington last week for a four-day Institute on Education and War were directed to train their pupils in military fundamentals from grade school to college.

The Government has provided a course in high schools to train the specialists the Army needs. Those include pre-flight aviation and hard drills in mathematics and physics.

The ringing of the school bell finds the Sage back on the job doing some super snooping and finding out all the low down on all of the little lads and lassies of P. H. S. Summer didn't seem to change many of the last years romances. Joe Cox and Dora Jane Phillips still think it is spring. John Humphreys and Gracie Hines are still "that way." Teno Crawford and Bob Smith have eyes only for each other. Billy Waters is still Elaine Carlson's constant companion and Betty Flue and J. D. Williams have arranged all of their classes together. So it looks as if Dan Cupid is still on the job.

Missing from the ranks this year of the campus Casonova's will be Elmer Dee Young but more than likely Keith J. Quosen will take his place.

'Tis rumored that there are 67 girls to every 33 boys. Looks as if it is every man for himself or every girl for a man.

So many new faces are appearing in school that Sage who prides himself on knowing everyone in school has started speaking to himself in order to have someone to talk to that he knows.

Wanda Jay and Elaine Spencer, two new girls, are two lassies who are going to give Charlotte Cline stiff competition in retaining her title as the most beautiful girl in Pampa High.

Now that gas is going to be rationed, how will John Tom McCoy be able to go to Miami so often? Even though his dad does own a ranch down there, it isn't Johnnie's main interest. Not with the Berry girls.

A new boy in school that has all the girls "ga ga" is Melvin Howe. His blonde curly hair is just more than they can resist.

Back in school after several years absence is Betty Saunders. Betty went to school here before she moved to Oklahoma City.

Nomination for person of the week is Mrs. Lou Roberts, registrar. How she has so much patience is beyond Sage.

Happiest person of the week was Lela Pearl Baldwin. Why? Her favorite sailor was home on leave.

Sage understands that Leslie Burge and Bill Abernathy wanted to enrol in Mrs. Hollaways room because all 20 of the students enrolled in her room are girls.

One of the most likeable sophomores up from junior high is Jean Beagle.

Post graduates will start enrolling in the morning.

Archie Miller, new here from Enid, is quite an accomplished cornetist.

Moccasins are all the go on the campus this year.

Grover Crocker does alright for himself considering that he is just a sophomore and he is seen with senior girls.

One of the most interesting trips was made this year by Ann Lois Heard. Her itinerary included Washington, D. C., and New York City.

Several of last years seniors are now freshmen in Uncle Sam's training school.

So with that Sage says Adieu!

### Nine Students Are Wanted For N. Y. A. Work

"Nine places are available for National Youth Administration students," W. H. Galloway, Coordinator, said Thursday. N. Y. A. students are employed at 25 cents an hour in the high school.

"We were allowed twenty-six students on N. Y. A. last year and usually had twenty or more at work."

All students interested in N. Y. A. work should see Mr. Galloway in Room 213.

Twenty-three students are taking the course this year as compared with twenty-one students last year. A student must be at least a junior, be 16 years or more, and agree to work two years at the job.

Those taking the course are: J. V. Adams, store manager at White's Auto Store; Floyd Allen, auto mechanic at the Rose Motor Co.; Elliott Bailey, printer at the News Print Shop; Charles Batt, store manager at J. C. Penney's; Mary Alice Board, doctor's assistant; Bobby Ray Brown, cabinet maker, Ward's Cabinet Shop; L. C. Butler, auto mechanic, Pampa Garage and Storage; Clarice de Cordova, doctor's assistant; Keefer Haynie, store manager, Borden's; Jack Morgan, refrigerator mechanic, Crossman's Refrigerator service; William Heuston, Theater manager, State theater; Betty Johnson, laboratory technician, Pampa hospital; Donald Johnson, sheet metal, Des Moore Tin Shop; Norma Jo Kenemer, saleswoman, J. C. Penney Co.

Hershel King, hatter and dry cleaner; Robert's Hat Shop and Dry cleaners; Dean Leighton, meat cutter, Harris Food market; Durwood Marsden, machinist, Baash-Ross Tool Co.; J. V. Mosler, Jr., store manager, Wilson drug; Jesse Lee Simmond, store manager, Byrd's grocery; Lorene Smith, saleswoman, Montgomery Ward; Matthew Smith, machinist, Cabot shops; Melvin Spencer, theater manager, Rex theater; Leslie Thompson, store manager, Montgomery Ward.

### 'Dumb Drum Major' Leads Band Friday

"Dumb drum major" was the title of the performance used by the newly organized Harvester band, under the direction of Ray Robbins at the intermission of the Harvester-Burk Burnett game Friday night. The band played "Men of Ohio" while Neva Lou Woodhouse drum major, worked out the title of the theme.

The Harvester band, which is composed of 65 members, also played in assembly last Wednesday.

Due to the rubber shortage and gasoline rationing, the band will not make any out of town trips, said Mr. Robbins recently.

### Barbecue Supper Will Launch 1942-43 Parent-Teacher Year

A western supper to be held in the cafeteria at 8 o'clock Thursday, September 24, will launch 1942-43 P. T. A. activities.

A barbecue supper will be served in the cafeteria and will be followed by games and directed recreation in the gym with Mr. Oscar Hinger and Miss Maxine Richardson, physical education teachers, in charge.

"All parents, teachers, and friends are urged to buy a ticket to the supper and automatically become a member of the association," Mrs. Luther Pierson, president, said. The tickets will be 50 cents for the supper and membership fee.

The officers of the association are Mrs. Luther Pierson, president; Mrs. F. W. Showell, vice-president and program chairman; Mrs. G. L. Lunsford, secretary; and Mr. Aubrey Steele, treasurer.

In place of the usual study courses, the P. T. A. will have Red Cross courses on first aid, nutrition, and home nursing this year. Mrs. Showell, program chairman, has the year books completed and ready for distribution.

Mrs. L. J. McCarty, home room chairman, asks each home room mother to assist the teacher in recreation, in membership, and any other project the room wishes to sponsor.

### Eight Teachers Are Added To High School Faculty

For the 1942-43 term, eight new teachers have been added to the high school faculty. Two of these have taught in the Pampa system before. They are Ulane Zeek, former Sam Houston teacher, who received her degree from West Texas State College at Canyon and now teaches modern history; and Mary Herriague, formerly at Woodrow Wilson, who received her B. A. degree at E. T. S. T. C. Miss Herriague received her life certificate in mathematics from O. U.

Miss Dorothy Summers of Ada, Okla., succeeds Newton Starnes as speech teacher. She received her degree at O. U.

Succeeding Henry Siler, who is now in the army, as foreign language teacher, is Miss Virginia Vaughn. Miss Vaughn has studied foreign languages since she was eight. She received her Masters Degree at W. T. S. C.

The new assistant coach, George Scott, attended Oklahoma University and the University of Michigan. He teaches physical education and has a very confident outlook for the Harvester's success this year.

A new course being offered this year is aviation and is being taught by Aubrey Jones. He has been in the army and has learned a great deal about airplanes.

Miss Mary Jo Mathis, commercial teacher, received her degree at Texas Wesleyan College at Ft. Worth. This is her fourth year as a teacher and her first year in Pampa.

The Rev. Russell West, pastor of the Church of the Brethren, is the teacher of Bible this year. He has only one class a day which is the first period in the morning.

### Pre-Flight Teacher Will Be Hi-Y Sponsor For The Coming Year

Aubrey L. Jones, new aviation teacher at Pampa High school, will be the Pampa Hi-Y club sponsor for the coming year. Mr. Jones was elected at meeting September 15, at which time he outlined plans for the Hi-Y project of ushering at home football games. The members of the club will supervise seating in the reserved sections of Harvester park.

New members of Hi-Y will be elected at the next club meeting, September 22. All members of the club are asked to be present at this important meeting at the school.

Members present at last Tuesday's meeting were Kenneth Lard, club president, Harold Cobb, Ray Thompson, John Tom McCoy, Billy Waters, Neal Holden, Jim Warner, Carl Tillstrom, Gene Lunsford, and Frank Pirauf.

### Ten May Be Added To A Cappella Choir; New Robes Ordered

Ten new robes have been ordered for the A Cappella choir which will allow the membership to increase to 48. Miss Helen Martin, director, recently announced.

Activities for the choir this year will be limited to local performances because of the rubber shortage and gasoline rationing.

Betty Ann Cullerson, senior, will enter the membership to be the accompanist for the choir.

Fourteen new members have been added to the choir. They are: Mollie Kennedy, Alleen Vaughn, Frances Crocker, Doris Alexander, Billie Lou Kitchens, Patricia Lively, Marjorie Gillis, Inez Baird, Jim Warner, Floyd Slaton, Nechley Joe Ellis, Polly Moss, Charles Boyles, and Hershall King, all juniors.

## Enrollment Grows This Semester

By Friday approximately 670 students were enrolled in high school for the 1942-43 school year, Mrs. Lou Roberts, registrar, said.

Sophomores lead the classes in total enrollment with 249 students, however, many are expected to enrol during the first few weeks. These students make up 24 home rooms. There are 205 Juniors and 173 seniors. Mrs. Roberts estimated the enrollment to be larger than last year's.

W. H. Galloway, D. O. instructor, has 23 enrolled in the diversified occupations room. His home room is composed of all classifications, as is Mr. Fred Brownlee, machine shop instructor, who has twenty in his home room.

The sixth grade is the largest class in Junior High with 325 enrolled. Four classifications are in the Junior High building this year, sixth, seventh, eighth, and ninth.

Junior High's total enrollment reached a mark higher than last year with approximately 1,254. Miss Marguerite Jones, Junior High school secretary said.

### SPORT SHOTS

By SCOTT RAFFERTY

With the outcome of the season in doubt two ways, District 1AA teams begin their annual fight for the championship now held jointly by Pampa and Lubbock.

As usual, Amarillo is picked to win, probably because of the fact that little is known by the state writers about the other teams. Lubbock probably has the best line for the title, Plainview and Berger were both hit hard by graduation and other factors.

As for your writer's opinion of the Harvesters; I think they are going to have to fight hard to make good for severe losses in both the line and the backfield. The eligibility of L. J. Halter, star back, is still unsettled. Halter is also bothered by an old knee injury. Bill Arthur will be at tailback position until the question is finally settled.

### NEW TEACHERS

\*\*\*\*\*

New teachers in high school this year are, left to right, top row, Miss Ulane Zeek, history teacher; Miss Virginia Vaughn, language; Miss Mary Jo Mathis, commercial; bottom row, George Scott, assistant coach; Miss Mary Herriague, math; and Miss Dorothy Summers, speech. New teachers not shown include Miss Mary Gordon, librarian; Aubrey Jones, science; and Rev. Russell West, Bible teacher.

"All parents, teachers, and friends are urged to buy a ticket to the supper and automatically become a member of the association," Mrs. Luther Pierson, president, said. The tickets will be 50 cents for the supper and membership fee.

The officers of the association are Mrs. Luther Pierson, president; Mrs. F. W. Showell, vice-president and program chairman; Mrs. G. L. Lunsford, secretary; and Mr. Aubrey Steele, treasurer.

In place of the usual study courses, the P. T. A. will have Red Cross courses on first aid, nutrition, and home nursing this year. Mrs. Showell, program chairman, has the year books completed and ready for distribution.

Mrs. L. J. McCarty, home room chairman, asks each home room mother to assist the teacher in recreation, in membership, and any other project the room wishes to sponsor.

### Pre-Flight Teacher Will Be Hi-Y Sponsor For The Coming Year

Aubrey L. Jones, new aviation teacher at Pampa High school, will be the Pampa Hi-Y club sponsor for the coming year. Mr. Jones was elected at meeting September 15, at which time he outlined plans for the Hi-Y project of ushering at home football games. The members of the club will supervise seating in the reserved sections of Harvester park.

New members of Hi-Y will be elected at the next club meeting, September 22. All members of the club are asked to be present at this important meeting at the school.

Members present at last Tuesday's meeting were Kenneth Lard, club president, Harold Cobb, Ray Thompson, John Tom McCoy, Billy Waters, Neal Holden, Jim Warner, Carl Tillstrom, Gene Lunsford, and Frank Pirauf.

### Ten May Be Added To A Cappella Choir; New Robes Ordered

Ten new robes have been ordered for the A Cappella choir which will allow the membership to increase to 48. Miss Helen Martin, director, recently announced.

Activities for the choir this year will be limited to local performances because of the rubber shortage and gasoline rationing.

Betty Ann Cullerson, senior, will enter the membership to be the accompanist for the choir.

Fourteen new members have been added to the choir. They are: Mollie Kennedy, Alleen Vaughn, Frances Crocker, Doris Alexander, Billie Lou Kitchens, Patricia Lively, Marjorie Gillis, Inez Baird, Jim Warner, Floyd Slaton, Nechley Joe Ellis, Polly Moss, Charles Boyles, and Hershall King, all juniors.

### Barbecue Supper Will Launch 1942-43 Parent-Teacher Year

A western supper to be held in the cafeteria at 8 o'clock Thursday, September 24, will launch 1942-43 P. T. A. activities.

A barbecue supper will be served in the cafeteria and will be followed by games and directed recreation in the gym with Mr. Oscar Hinger and Miss Maxine Richardson, physical education teachers, in charge.

"All parents, teachers, and friends are urged to buy a ticket to the supper and automatically become a member of the association," Mrs. Luther Pierson, president, said. The tickets will be 50 cents for the supper and membership fee.

The officers of the association are Mrs. Luther Pierson, president; Mrs. F. W. Showell, vice-president and program chairman; Mrs. G. L. Lunsford, secretary; and Mr. Aubrey Steele, treasurer.

In place of the usual study courses, the P. T. A. will have Red Cross courses on first aid, nutrition, and home nursing this year. Mrs. Showell, program chairman, has the year books completed and ready for distribution.

Mrs. L. J. McCarty, home room chairman, asks each home room mother to assist the teacher in recreation, in membership, and any other project the room wishes to sponsor.

## Pampa Swamps Burk Burnett In Season Opener

### Alexander Leads Student Council President Race

McCoy, Holden, Burge, Nelson, Caldwell Follow

Jerry Alexander, tall, dark-eyed senior, is leading in the run-off for Student Council president with 187 votes. Following him are John Tom McCoy with 142 votes, Neal Holden, 71; Leslie Burge, 39; Mary Nelson, 26; and Dorace Jean Caldwell, 24. The run-off will be held next Wednesday in home room at which time the home room representatives to the council will also be elected.

To be eligible for council president the student must be a senior and have failed not more than one credit the preceding semester.

Jerry met the requirements for president by doing work in summer school which enabled him to enroll as a senior and so complete four years work in three. He was treasurer of the council last year. Jerry was also sophomore class president and freshman vice-president.

John Tom McCoy running second has been a member of the council for his first two years in high school. Before that he served as president of the Junior Council in Junior high and graduated as Best Boy Citizen. John Tom is now president of the Great Plains District Hi-Y and served one semester as president of the Pampa organization.

He has won district twice as a member of the debating team. In his sophomore year he was class vice-president. John Tom is also a member of the National Honor Society.

Neal Holden is Councilor-at-large of the Student Council for this year. He has also been president of his home room for two years.

Running fourth, is Leslie Burge, who was chosen class favorite his freshman year and Best All Around Boy last year. Leslie has been center on the debating team for three years and was chosen most valuable player on the Harvester squad last year. For three years Leslie has also been class president.

Personality queen, Mary Nelson comes next on the list. Mary was also sophomore class favorite and a member of the council last year. She was chosen Best Citizen when she graduated from Junior High.

Dorace Jean Caldwell, editor of the Little Harvester, has been Student Council reporter for one and a half years. She is vice-president of the West Texas Scholastic Press Clinic, and her news story won first place in the Panhandle High School Press Association. Dorace has been vice-president. Quill and Scroll and also vice-president of her home room for two years. She is also a member of the National Honor Society.

The votes were tabulated by a committee composed of Ray Thompson, Dorothy Stone, Neal Holden, seniors, A. L. Steele and Miss Anne Louise Jones, Student Council sponsors.

### Heavy Rain Cuts Game Short In Fourth Quarter

The Pampa Harvesters of 1942 got off to a fast start in outclassing the Burk Burnett Bulldogs 52 to 0 here Friday night. The game was cut short after a few minutes of the fourth quarter, when rain drove the crowd from the stands and soaked the players and officials.

All Harvesters in uniform played in the rout. The team showed ability, with ragged playing, too, but the next few games should run out the rough spots. The Pampa line blocked punts and recovered fumbles all evening. Bob Dunham was chosen captain for the game.

First Pampa touchdown came after Arnold, Green and Gold end, blocked a Burk Burnett punt on the Bulldog 19-yard line. Dunham powered to the one-yard line, and Bill Arthur scored. The try for point failed. The second score came soon after when Charlie Boyles went over from the five after two nice runs by speedy
