Fresh Soviet Troops Arrive

By EDDY GILMORE

MOSCOW, Sept. 22 (AP)—Battling at bayonet-point in the narrow streets and rubble-strewn squares, the defenders of Stalingrad held the Germans at bay today for the fifth consecutive day, reeling before steadily reinforced onslaughts but surging back again and again and sometimes gaining ground.

Bombs and shells had levelled much of the factory city on the Volga to a battlefield, with every yard contested. Red Star reported street fighting of ever greater intensity and declared that in some cases Germans held one story of a building while the Russians fought back from another.

It was a battle with bayonets and gunbutts amid heaps of dead.

And even as the battle-grimed defenders held on into the 29th day of siege and the 16th month of Russia's war, the army newspaper reported that the Germans were using relays of transport planes in their rush to replace losses and reinforce their assault.

German field headquarters asserted briefly that Nazi shock troops had captured additional strongly fortified blocks of houses in Stalingrad after violent close-quarter fighting.

"Attacks don't halt," said dispatches to the Soviet newspaper Pravda. "Hand-to-hand clashes are going on in the square, on street crossings and in houses."

References to "the square" perhaps indicated that the Germans were now battling near the heart of the city.

"Our units repulsed several enemy attacks and advanced in some sectors," the Soviet command said. "Men of a guards elite unit, in stubborn fighting with the enemy, wiped out more than 400 Germans and destroyed three tanks and two armored cars."

Dispatches to the German newspaper Frankfurter Zeitung admitted that "the fall of Stalingrad, and therewith the final breaking up of the Russian front, has been delayed," but asserted that "it has not been put off until winter."

Heavy Russian guns were reported shelling the Germans from the east bank of the Volga, and fresh Soviet reserves were said to be crossing the river in canoes to bolster the city's hard-pressed defenders.

"The intensity of the battle is increasing," said Berlin reports to the Swiss newspaper National Zeitung. See RUSSIANS, Page 6

British Troops 19 Miles From Island Capital

(By The Associated Press)

British troops were reported locked in battle with strong French defense forces today only 19 miles from Tananarive, the capital of 1,000-mile-long Madagascar island, after an 18-mile advance in 24 hours.

A Madagascar radio broadcast said the French were resisting stoutly.

On the New Guinea front, Gen. Douglas MacArthur's headquarters reported the situation was unchanged in the Owen Stanley fighting zone, where Japanese invasion columns have been stalled for many days within 32 air miles of Port Moresby.

An Allied communique said the Japanese, making new aerial attacks in New Guinea for two weeks, sent 27 bombers and 10 fighters in to an assault northwest of Port Moresby—and away from the main fighting area—but declared that the raiders inflicted neither damage nor casualties.

Allied planes were credited with destroying a Japanese supply bridge along the route from Buna in New Guinea and bombing a Japanese air base at Buna, at the northern tip of the Solomon islands.

Meanwhile, Navy Secretary Frank Knox declared in Washington it was "a safe and sound assumption" that Japan would launch major new attempts to reconquer the Solomon islands.

Pop For Nickel

SAN ANGELO, Sept. 22 (AP)—Staff Sgt. Joseph Castiglione of the advanced flying school for bombardiers, near here, yelled "salvo" instead of "bongo" today when his nickel hit the jack-pot in his barracks' soft drink machine. The machine, improperly adjusted, dropped 23 bottles before its "bomb bay" was emptied.

Price Control May Paralyze Wheat Trade

CHICAGO, Sept. 22 (AP)—Fear was expressed by grain men today that the nation's private wheat trade eventually may be paralyzed by federal price control.

They said that if the pending anti-inflation legislation and regulations set up under it to control farm prices are not carefully prepared to allow for the many peculiarities of grain marketing, the private trade may be strait-jacketed and complete federal operation of a vast and complex business may become necessary.

Difficulties associated with adoption of price restrictions for cereals resulted, they said, principally because grains differ widely in value depending on grade and type. Their value also is vitally affected by handling and length of storage.

Under pending legislation, the range of prices of wheat technically would be extremely narrow. Farm See PRICE CONTROL, Page 6

Breakfast To Open Salvation Army Drive

Thirty-five Pampans, members of the city's four civic clubs, will meet in Hotel Schneider at 7:30 o'clock tomorrow morning for the Salvation Army's kick-off breakfast in a campaign to raise \$5,000 with which to carry on the charitable organization's work in Pampa next year.

The individual solicitation drive will get its formal introduction in a radio program to be broadcast over KPND at 7 o'clock this evening. Speakers on the radio program will be Brig. Lawrence Red-

grove, Dallas, County Judge Sherman White, chairman of the Salvation Army advisory board; Arthur M. Teed, drive chairman, and Tex Dewesse, board member.

Tomorrow morning's breakfast session will be short and to the point, Capt. Frank White, head of the army post here, said today. Rev. Robert Boshen, pastor of First Presbyterian church, will be the principal speaker.

Immediately following the breakfast the fund solicitors from the Junior Chamber of Commerce, Lions, Kiwanis, and Rotary clubs will begin their calls for contributions. Presidents of the four organizations were urged today to check with their club teams with reminders for all solicitors to turn out at tomorrow's breakfast.

Captain White said today a report will be made to the breakfast audience on the progress of the advance gifts drive which has been under way the past week.

Theodore Dresider Barred From Canada

OTTAWA, Sept. 22 (AP)—Theodore Dresider has been barred from making public statements or speeches in Canada on a charge that he expressed anti-British views in an interview published yesterday by the Toronto Evening Telegram.

Attorney General Gordon Conant of Ontario quoted from the Telegram's interview with the 71-year-old Indiana-born writer and lecturer as follows:

"I would rather see the Germans in England than those damn aristocratic horse-riding snobs there now. The English have done nothing in this war thus far except borrow money, planes and men from the United States. They stay at home and do nothing. They are lousy."

August Tax Collections Up One-Third

WASHINGTON, Sept. 22 (AP)—Social security, liquor and income levies accounted for about two-thirds of the \$681,667,158.10 tax bill collected by the internal revenue bureau during August, the treasury department reported today.

The total figure represented a flat increase of \$207,296,183.37 over the collections for August, 1941.

Although social security topped the entire list in total dollar volume, followed by the liquor levy, it was the income tax take which showed the biggest increase of the three over the previous August—more than doubling the 1941 figure.

Cigarette taxes continued to yield heavily, bringing in some ten million dollars more than in August last year.

Leading the new wartime levies which had no figure to report a year ago was the automobile use tax—that little pink sticker on your windshield—which netted more than \$13,000,000 of new revenue for the month.

At the same time, autos, trucks, motorcycles and various automotive appliances continued to show the effects of rationing in sharp tax decreases, as did the gasoline tax which dropped nearly \$10,000,000 under the 1941 figure.

Despite the general and total increase in collections, the war-time shortages in many taxable commodities were plainly discernible in the fact that nearly one-third of the list of individual sources of revenue reported decreases. However, these were more than met by the new revenues and by increases in old taxes.

Three Pampans Hurt In Three-Way Crash

Three Pampans were hurt, two of them critically, in an automobile-truck collision 1 mile west of English airport near Amarillo, on Highway 60 at 10:20 p. m. Monday.

In a critical condition at St. Anthony's hospital, Amarillo, is Mrs. Fred Gaskins, who suffered fractures of both legs and severe head injuries.

Lonnie Hood, manager of the U. S. Employment service office here, is also in critical condition at St. Anthony's. He suffered a broken leg, rib fracture, and severe head injuries.

W. D. Gaskins, son of Mrs. Fred Gaskins, and Cabot company chemist, suffered internal injuries and was badly burned. He is in North-west Texas hospital at Amarillo.

A fourth person injured in the accident was Harold Mince, Lubbock, driver of a butane gasoline truck owned by D. C. Wiley, also of Lubbock. He suffered burns on his arms and bruises. Mince is a patient at St. Anthony's hospital.

In all, three vehicles figured in the accident, the Buick in which the Pampans were returning home, headed east, the truck, going west toward Amarillo, and an Amarillo taxicab, driven by C. S. Hampton, also headed west.

Mince, the truck driver, told state highway police that he tried to go around the taxicab, then seen-

ing he could not do this, slowed down, cut to the right, and the front bumper of the truck struck the taxicab.

The truck careened and was in collision with the Buick, then overturned, and the Buick caught fire. Hampton, the taxicab driver, pulled the Pampans out of their car and got Mince out of the truck, which was returning to Amarillo empty, at the time of the crash.

New Rubber Plant Found In Mexico

MEXICO CITY, Sept. 22 (AP)—A shrub that matures enough to produce rubber six months after it is planted has been discovered by a major in the cavalry. He has turned his discovery over to the national economy ministry.

Major Octavio Amador, who declined to give the name of the shrub, said he discovered it while campaigning during the revolution 25 years ago. At that time the peasants showed him a latex-like substance which drips from broken branches. The plants used it as chewing gum.

When the rubber shortage began, Major Amador said, he went back to this region and collected some of the seeds.

WHAT OPPOSITION TO SALES TAX?

One does not hear very much opposition to the sales tax from the humble worker. Invariably the humble worker is a man willing to pay his share of the government's costs.

Should Income Tax be Regressive?

On the other hand, any tax that discriminates and give arbitrary power to a single man or a bare majority to tax different men at different rates is regressive. It is going back to a government that can do no wrong, that knows no immutable laws.

Should Income Tax be Regressive?

Again, a sales tax is not regressive, but progressive because it would permit tools and capital to accumulate that would make it possible for men to satisfy human wants with less work, less human effort, less sacrifice.

Should Income Tax be Regressive?

The sales tax should be enlarged to include services, as well as things. When services are not taxed, then the poor are discriminated against because their consumption is more of things than services.

Should Income Tax be Regressive?

Our demagogues have fooled the voters long enough in making them believe that there was some way that the humble worker could be relieved from paying taxes.

GLORIFYING YOURSELF

By ALICIA HART
 Don't worry about your face, or figure—do something about them. And it will save a good deal of explaining-time if you begin by admitting to yourself today a few simple truths.

Once you've faced facts, they yield to a plan. And you'll find yourself planning efficiently, almost automatically. For the facts dispose of what generally inhibits action—that is, your alibi.

So, begin by telling yourself that it's seldom possible for any woman to be really beautiful unless she gets enough sleep, fresh air, exercise, and balanced meals. Admit that you could walk a great deal more and get several hours more sleep per week—if you wanted to.

CHECK THIS LIST FOR MISTAKES

In addition, admit that:

Hair which is washed properly once a week and brushed vigorously four times a week is more likely to be shiny and lovely, while hair neglected inevitably shows it.

Unless there's something wrong with you physically, the real reason why you are overweight is that you eat too much and exercise too little.

The main reason that creams and lotions don't seem to live up to your expectations is that you don't use them every day and according to directions.

Your waistline and leg muscles are no longer supple because you simply won't do limbering and stretching routines a few times a week.

The "mistakes" in your wardrobe are the result of hasty shopping. You probably haven't examined your full wardrobe in seasons. Most foolish buys would be eliminated if, before acquiring a single new fall item, you'd examine everything in your closet and decide on everything that's needed to refresh and expand it for fall and winter wear.

Rush Month Plans For October Made By Beta Sigma Phi

Additional plans for rush month were made when members of Upsilon chapter of Beta Sigma Phi sorority met in the home of Mrs. E. E. Shelhamer Monday evening.

The hostess, who is president of the organization, presided over the business session during which Mrs. C. A. Vaught, social chairman, outlined events planned to honor pledges in October, and Miss Johnnie Davis, vice-president and membership chairman, named those to be rushed.

Mrs. Kermit Lawson was named representative to the Council of

Clubs and Miss Margaret Stockstill was appointed parliamentarian. Regular meeting time of the sorority was changed from 7:30 to 8 o'clock.

Following individual roll call, the group made plans to contribute to the fund for Red Cross comfort kits.

In keeping with the "Beauty" program outlined for the year, Mrs. Lawson discussed "Makeup."

After the group joined in repeating the closing ritual, Mrs. Shelhamer served refreshments of cookies and hot chocolate to Mrs. James B. Massa, director, Mrs. Roy Johnson, Mrs. C. A. Vaught, Mrs. Kermit Lawson, Mrs. Kenneth Carman, Mrs. Oscar Hinger, Miss Helen Houston, Miss Margaret Stockstill, Miss Dorothy Jo Taylor, and Miss Johnnie Davis.

From where I sit...

by Joe Marsh

In the square of a little village not far from here I came on the prettiest flower garden you ever saw.

It was a lot of flowers all mixed up—hundreds of different kinds, I guess. So I asked a passerby if he could tell me about it.

"Well," he says, "in this town whenever anybody plants a flower garden and has any seeds left, they scatter them over this plot."

Then he leans over and pulls out a couple of weeds. "We all have to help pull out the weeds too," he tells me. "That way the village has a flower garden to be proud of."

That's about as pretty an illustration of co-operation as I ever come across. But there's plenty of examples of co-operation and civic spirit these days.

We were talking just yesterday about how the brewers and the beer distributors are working together and co-operating with law enforcement authorities.

You see a lot of friendship and fine old customs have grown up

around beer. But the weeds—well—they've got to be pulled out, too.

Everybody has to lend a hand. And the brewing industry is just sensible enough to recognize that... But what's more—they're doing something about it.

The brewers don't want their beer sold in the wrong kind of places, and so they've teamed up with the authorities in a self-regulation program to make careless beer retailers "clean up or close up," as they say.

From what I read, the plan is working out mighty successful in a number of states, and is spreading out into others.

From where I sit, it looks like a fine idea... a mighty practical example of how honest co-operation works out to the benefit of everyone—the brewers, the beer retailers, and our plain citizens that like our gardens and our pleasures—with the weeds kept out.

Sports Defeat Beaumont 3 To 0

BEAUMONT, Sept. 22 (P)—Shreveport and Beaumont moved their Texas league final playoff series to Shreveport today after the Sports had bolstered their tottering pennant hopes with a 2-0 victory over the Exporters yesterday.
With the count standing three games to two in Beaumont's favor, the Exporters could take the series with a win tonight. If the Sports triumph, the decisive contest will be played in Shreveport tomorrow night.
To the team taking the playoff goes the privilege of meeting the winner of the Little Rock-Nashville Southern Association final playoff. Nashville defeated Little Rock, 6 to 4, last night for a two to nothing edge in the series.
Charlie Fuchs was expected to do the pitching for Beaumont and Al Bronkhurst for the Sports.
Gordon Maltzberger was the hero of yesterday's game, holding the Shippers to three hits. Earl Cook, the opposing moundman, gave up nine blows in eight innings.
The Sports got their attack underway in the third, Sonnier leading off with a single, going to second on a sacrifice and, after Cavosie had fled out to left, going home on Park's fly to right which Wakefield bobbled.
Cook got into a hole in the eighth when Parker singled and was sacrificed to second. The Beaumont pitcher passed Washington intentionally. Two more runs were accounted for by singles by Crompton and d'Trent and York's infield out.

Chicago 4, Detroit 6

Chicago won the game in the 11th inning, 4 to 6. The White Sox scored three runs in the 11th, two on singles by Crompton and d'Trent and York's infield out.

Marv Breuer looked like a sure winner for the Yankees over the Red Sox as he allowed only one hit for eight innings. Then Ted Williams' 36th homer tied it up in the ninth and Tony Lupien's single in the 11th gave Boston a 3-2 decision and Tex Hughson his 21st win of the year. In the only other big league game of the day, Detroit rolled over the Chicago White Sox 6-4.

Sunset Of Dallas Beat Sulphur Springs 47-0

A Guy Named Jimmy Brown Holds Cardinals Together

By SID FEDER
Associated Press Sports Writer
The chances are you are never going to see Jimmy Brown up there in the hall of fame.
But when it comes to handing out the posies to the guy who did as much as anyone else to bring the St. Louis Cardinals the National league pennant, don't overlook James Robertson Brown of the Jamesville (S. C.) Browns, pals.
Of course, the Cards still have the little job of sewing up the flag first. But after their 2-1 win over Pittsburgh yesterday—in which second sacker Brown, incidentally, knocked both runs across—they still sported a 2 game edge, with only five to go, even though Brooklyn took a 3-1 decision over the Phillies.
From day to day when the folks sit around over their soda pop, they talk about Mort Cooper's zip-ball and the awful things County Slaughter does to pitchers. And when you mention Jimmy, they generally brush him off with, "Oh, yeah, he's pretty good too, but he's only batting .260." Yet, National league managers say he's the key man in the works, the guy who holds the infield together. And opposing infielders shudder when he gets on base, because they tell you, "he'll steal anything."
In the last three seasons—1939, '40, and '41—it was while Jimmy was on the shelf with assorted ailments that the Cards blew their chances. And as soon as he got back into action, they thundered down the stretch.
Don't forget that he was on the sidelines only six days his year. And from the day he came back in mid-August the Cards started the surge that has carried them to 36 victories in 43 games.
Marv Breuer looked like a sure winner for the Yankees over the Red Sox as he allowed only one hit for eight innings. Then Ted Williams' 36th homer tied it up in the ninth and Tony Lupien's single in the 11th gave Boston a 3-2 decision and Tex Hughson his 21st win of the year. CONCHES BUCK PREJEAN AND GEORGE SCOTT WILL SPEND THIS WEEK TEACHING THEIR PROSPECTS DEFENSE IN AN EFFORT TO STOP THE BISMOS. THE HARVESTER OFFENSE LOOKED FAIRLY GOOD LAST WEEK BUT OPPOSITION WAS WEAK.

The Pampa Harvesters will face one of their strongest foes of the 1942 season when the Sunset Bisons of Dallas come here for a Saturday night game. Last Saturday the Bisons trampled Sulphur Springs 47 to 0 in one of the big surprises of the season.
The Bisons, according to word from Sulphur Springs, showed exceptional power and speed and a world of reserve strength. The power was handled by Arthur Burch and Ned Welch with Dave Sellenhansen scattering. All three worked behind the sensational blocking of 190-pound Kenneth Blackburn, brother of the famous All-Stater Bill Blackburn of last year's team.
England had a bachelor's tax from 1935 to 1906.

Chicago 4, Detroit 6

Chicago won the game in the 11th inning, 4 to 6. The White Sox scored three runs in the 11th, two on singles by Crompton and d'Trent and York's infield out.

Marv Breuer looked like a sure winner for the Yankees over the Red Sox as he allowed only one hit for eight innings. Then Ted Williams' 36th homer tied it up in the ninth and Tony Lupien's single in the 11th gave Boston a 3-2 decision and Tex Hughson his 21st win of the year. In the only other big league game of the day, Detroit rolled over the Chicago White Sox 6-4.

CONCHES BUCK PREJEAN AND GEORGE SCOTT WILL SPEND THIS WEEK TEACHING THEIR PROSPECTS DEFENSE IN AN EFFORT TO STOP THE BISMOS. THE HARVESTER OFFENSE LOOKED FAIRLY GOOD LAST WEEK BUT OPPOSITION WAS WEAK.

The Pampa Harvesters will face one of their strongest foes of the 1942 season when the Sunset Bisons of Dallas come here for a Saturday night game. Last Saturday the Bisons trampled Sulphur Springs 47 to 0 in one of the big surprises of the season.
The Bisons, according to word from Sulphur Springs, showed exceptional power and speed and a world of reserve strength. The power was handled by Arthur Burch and Ned Welch with Dave Sellenhansen scattering. All three worked behind the sensational blocking of 190-pound Kenneth Blackburn, brother of the famous All-Stater Bill Blackburn of last year's team.
England had a bachelor's tax from 1935 to 1906.

SERIAL STORY OF BRIGHTNESS GONE

BY HOLLY WATTERSON

COPYRIGHT, 1942, NEA SERVICE, INC.

THE STORY: Peter Frasier is in love with Candace Reek, who is engaged to Martin Corby, his roommate in medical school. Candace has been reared by her mother, Belle, who is Candace's aunt. Candace has entered a nursing school in order to be near Martin. Peter is an uncomfortable and unhappy witness to Martin's courtship as the two enter their last year of medical school.

THE Hartshornes' drawing room was filled with other young men in various stages of anxiety or uneasiness. They sat on the edges of chairs or lounged against the fireplace mantle or on window seats, balancing teacups precariously and trying desperately to give convincing performances of agreeable young men at their ease. At tables scattered about several matrons, whom Peter took to be the wives of board members, poured tea and their various daughters circulated among the groups, dispensing indiscriminately light laughter and thin sandwiches and bite-size cakes.

Peter jumped to relieve her of the cup and Martin whipped out his pocket handkerchief and she stood stiffly while he dabbed at the spots. She was in an agony of confusion and embarrassment. She said, "I do the most awkward—" "Look," Martin broke in, "we didn't mean to scare you like that. We're just hiding from the mob. I'm sorry about the dress."

FAITH HARTSHORNE CHAPTER XI BOTH Peter and Martin decided to try for appointments at Good Samaritan, but for widely divergent reasons. Dr. Henry Patterson was head surgeon there; he had long been one of Peter's idols and Peter had said, in exaggerated but heartfelt admiration, "Boy, I'd give 10 years of my life for a chance to work under him!"

Martin was definitely among the uneasy ones. The atmosphere was foreign to him, it made him feel awkward and out of place and he was resentful. He thought through Peter's perversity, had found himself a niche in a bay window, half hidden from the rest of the room by heavy draperies, and was looking on.

Martin said, trying to flippancy to conceal his real feelings, "There are some not-so-bad-looking wrens out there." Peter said lazily, "Lion tamers, you mean. Putting the boys through their paces. Incidentally, you came up here to be looked over. They'll never discover your light if you hide it under a bushel this way."

He took Peter's silence to be disapproval and he said, "That's being too practical for you, I take it." He shrugged. "What I always say is, let those who want to take care of the sick poor. Give me my choice and I'll take the rich every time. They get just as sick, you know; but there's usually someone to keep them clean if they can't do it for themselves, and they want better."

Peter could never be sure quite how much of Martin's big talk was spoken for effect, sprung probably from the same impulse that leads a small boy to try to shock his elders. He had grinned, and refused to rise to the bait. In March they received invitations to a tea at the Westchester home of the Hartshornes. It was all very formally done, "Mr. and Mrs. Perry Hartshorne request—" in script engraving on heavy vellum paper.

"Oh, would you?" Faith Hartshorne said gratefully. "I've been so worried. They won't take her at the kennel while she has this, and I'm not sure that the vet we had come in is any good. I'll be so thankful." She turned to Peter. "Will you come too?" Peter just had seen Dr. Patterson enter the room. "I'd rather like to have a word with someone who just arrived. I'll wait here for a bit, if you don't mind, and perhaps follow you later."

RUSSIANS (Continued from Page 1) "No one can estimate how many still are living in the city which once had half a million inhabitants. "But if the battle lags half an hour, it is swarming suddenly with human figures creeping out of hiding with terrified faces." Fresh Nazi troops were reported moving into action to replace the invaders' terrific losses, and advances reaching Ankara, Turkey, described large new movements of Rumanian troops en route to the Soviet front. One report said perhaps only five divisions were left in Rumania to guard against a possible Hungarian stab-in-the-back while the bulk of Rumania's fighting men are battling for Adolf Hitler deep in Russia. Soviet reports quoted a prisoner from a German railway battalion as saying his group, thrown into action as a combat force, lost 65 per cent of its men. Ivestia, the Soviet government newspaper, said the Germans rounded up farmers, women and children at one place and drove them ahead of their shock troops, but Russian automatic riflemen cut in and saved the civilians. In the central Caucasus, the Soviet command acknowledged that German troops attacking out-numbered Red army defenders had captured a height and a settlement in the Mzokok area, 50 miles north of the Grozny oil fields, but declared the Russians killed more than 250 troops had been encircled on the

central (Moscow) front after breaking through German lines at two points below Rzhev, key Nazi stronghold 135 miles northwest of Moscow. On the North African front, the Italian high command disclosed that Allied mechanized columns had knifed deep into Axis-held territory in Libya, reaching the neighborhood of Gialo Oasis, 250 miles southeast of Bengasi, last Wednesday. The fascist communique said the attackers finally were driven off after a five-day fight, retiring to the south under pursuit by Axis bomber squadrons. On the Egyptian front, on the El Alamein line 80 miles west of Alexandria, remained quiet. The Berlin radio, apparently seeking to shift emphasis from the Stalingrad front, asserted that Russian Nazis before retreating. PRICE CONTROL (Continued from Page 1) parity price is around \$1.34 a bushel, which would be the ceiling. Government loan rates would be 90 per cent, or about \$1.21. The actual price of wheat on the farm now is well below either figure and would not necessarily rise to the loan rate, grain men said. The Uhlmann Grain Co. in a statement pointed out that "under this narrow spread a farmer who has obtained a loan and stored wheat of the farm for 7 or 8 months would hardly be able to pay charges that accumulate during this period even though he might sell his wheat at the ceiling." As a result, the wheat probably would be turned over to the government in default of loans, instead of being returned to the commercial trade. "Of course, the law or regulations promulgated under it may make allowances for these charges," said Jack Benjamin, an Uhlmann executive, "but it is vitally necessary that this be done."

SEA POWER (Continued from Page 1) right to the end." On June 30, 1941, Vinson said, a United States fleet at war had 697 combat, auxiliary, patrol and mine vessels building, while on June 30, 1942, there were 3,230 vessels in this category under construction in addition to 218 being built for Allied nations. This, he added, does not include 11,659 smaller vessels under construction. Counting all types of planes, he went on, "we added 4,895 new aircraft to the navy's air arm in the fiscal year ended June 30, 1942, as compared with 2,067 in the preceding year." Plantex pension, he said, "is rapidly building up to an output of just under 2,000 navy planes a month."

INFORMATION (Continued from page 1) state and regional OPA officials in a mass meeting at Sulphur Springs, Tex. A plan to organize "share-a-truck" pools among East Texas agricultural industries was outlined by Mark McGee, Texas OPA director, and was explained in detail at a later session to members of the war price and rationing boards of 30 Northeast Texas counties by Joe Naughton, farmer and chairman of the Ellis County board. Regional OPA Administrator Max McCullough discussed gas rationing plans at the meeting. Price Administrator Henderson has turned down 33 applications from 25 packer sellers of beef and veal carcasses or wholesale cuts, asking for upward adjustments in their ceiling prices under MPR No. 1.

QUESTIONS AND ANSWERS ON WAR REGULATIONS Applications of priority, price control and other wartime regulations brings up perplexing questions. Answers to the following are from official sources, supplied by the region news bureau, Office of War Information. Mr. and Mrs. Wayne Hart of Austin are guests here of Miriam Wilson, 31st district clerk, and W. S. Wilson, Mr. Hart's grandfather. Mr. and Mrs. Tom Henry of Wichita, Kas., are visiting relatives in Panhandle and Pampa. Mr. Henry is the son of D. R. Henry, Panhandle justice of the peace. Dr. H. L. Grand Jurors Name Jim Collins Foreman Jim Collins is the foreman of the 31st district court grand jury for the September term, which opened here yesterday. Other grand jurors are R. M. Gibson, Carl M. Jones, A. J. Hill, John McKamy, Rex McKinney, R. M. Watson, W. E. Ginn, Gene Shackleton, O. E. Killingsworth, C. S. Boston, and E. E. Reynolds. As bailiffs, O. C. Cox and Roy Pearson were named. No one was named as stenographer, who also is under the same title of bailiff, and referred to as such in parlance of the court. No indictments were made by the jury yesterday. Judgments filed in district court were six, of which five were divorce decrees. A compromise settlement in the case of E. G. Hemphill vs. Associated Indemnity corporation, under which Hemphill recovers \$1,000, and an Industrial Accident board ruling of July 21, 1942, is set aside. Hemphill, an employe of C. M. Jeffrey, suffered injuries to his left leg, foot, and ankle, when rolled off a truck in an accident near here on October 1, 1941. Divorces were granted in these cases: Ernest Walker vs. June Walker; J. Wesley Hale vs. Ella Hale; Avanelle Milligan Webb vs. Aaron T. Webb; Eddie Sanders vs. Richard Sanders; Sam B. Wade vs. Iva Dora Wade, custody of Sharon Montez, 2, to A. B. and Annie Hazel Wade, parents of plaintiff, who is to pay \$15 a month beginning September 30, for child's support.

Leader, has a sister and brother who own and edit newspapers, and two brothers who are linotype operators. Mrs. McCullough has been in newspaper work since she was a child and learned to set type in her father's printing plant. HERFORD — Construction has started on the alien enemy internment camp, 4 1/2 miles southwest of here. Workmen have poured foundations for the barracks and mess hall. There are 200 men employed. PERRYTON—Recent enlistments from Ochiltree county; Cecil Tevis, air corps; Sidney A. Carpenter, Cecil L. Bohns, Chester N. Cook, army; William Howard Baker, navy; Norman Kenneth Cook, marines.

Buy Game-Football Tickets Downtown Please, please, buy your football game tickets downtown and don't wait until you get to Harvester park to make your purchase. This was the plea made today by Roy McMillen, business manager of the Pampa Independent School district. Tickets can be obtained at downtown drugstores. For adults, the price is 55 cents, including tax; for students, 25 cents including tax. At the Pampa-Burk Burnett game last Friday night at Harvester park half of the 1,150 persons who paid admission to the game waited in a long line outside the ticket window at the park, and the stands were only half full when the kick-off was made, Manager McMillen said. Endless confusion and delay can be avoided and both ticket sellers and purchasers benefitted if persons will buy their tickets in advance at the stores downtown.

Dallas Meat Prices May Be Investigated DALLAS, Sept. 22 (AP)—Questions asked jurors by Federal Judge T. Whitfield Davidson indicated that a federal grand jury probably will investigate meat prices and possible anti-trust law violations. In examining the jurors yesterday, Judge Davidson said "there may come before you a violation, we will say, of the anti-trust act with reference to the sale of meat. To illustrate, if a large dealer or group of dealers should so arrange the purchase and sale as to be able to fix the price above which the product would command naturally on the market, and thereby make the consuming public pay more, that is a conspiracy in restraint of trade and indictments in these cases are in order."

McCoy Donates Tractor To Guards Salvage Pile A husky-looking International tractor is the latest addition to the salvage pile being collected by Company D, Texas Defense Guard, for the maneuver benefit fund. The biggest single donation yet received all in one chunk, donation of the tractor was highly gratifying to Sgt. Preston Kromer, salvage chairman. Donor of the tractor was Bob McCoy and the vehicle was trucked in to Pampa from the McCoy ranch near Miami by Don Hurst. More donations of scrap metal are being sought so that the company can pay the expenses of an all-day outing from the sale of the salvage.

Death Takes Dean Of Methodist In Texas LIBERTY, Sept. 22 (AP)—Dr. E. W. Solomon, dean of Texas Methodist, died today. He was 91 years old. TELEPHONE USER NUMBER ONE Our Number One job now is to put calls through fast for the men who must fight this war. Our Number One problem is that metals for more telephone lines to carry the flood of wartime calls now must go into arms for fighting men. Your long distance calls to many near-by towns still are easy to handle. But to faraway points or war centers, please help clear the way for war calls by making fewer calls and keeping them short as possible. We know you want us to give war calls first call. War calls come first! SOUTHWESTERN BELL TELEPHONE COMPANY
