

Peace Conference Convenes in Paris

PARIS—(AP)—The 21-nation peace conference, convened formally in Luxembourg palace more than a year after the end of the second world war in Europe, was summoned by President Georges Bidault of France today to abolish "the plague of war."

Addressing the 1,500 delegates of the victorious Allies on behalf of the host nation, Bidault pleaded:

"The long suffering peoples of the world today look to you. If we cannot get complete peace solutions, I hope that at least we will get reasonable ones."

In an apparent reference to the United States and Russia, Bidault said that whatever blame could be attached to the failure to keep the peace after the first world war, "a fundamental cause of that failure was that the two great powers who had taken a decided part in the conquest of arms remained on the sidelines during the solution of peace."

"The hopes of plain men are turned toward us today," he said, concluding his 10-minute, slowly spoken speech. Bidault was then named provisional chairman of the conference on the motion of U. S. Secretary of State James F. Byrnes.

Meanwhile delegates were confronted by American disclosure that Secretary Byrnes would urge that all negotiations be wide open to the press of the world.

An American source said the deputy foreign ministers of the four principal powers—Britain, the United States, France and Russia—agreed at a meeting today to make public tomorrow the complete texts of the treaties for Italy, Rumania, Hungary, Bulgaria and Finland that have been prepared by the foreign ministers council.

These drafts, which will be submitted to the peace conference, will be released for publication at 11 p.m. Greenwich mean time (5 p.m. Central Standard Time) Tuesday. The texts will be accompanied by state-

Jester Continues to Hold Wide Lead Sherman White Wins County Judgeship

District Winner Is Goodrich

Sherman White, incumbent county judge, was successful in his effort at reelection, with a total of 2,359 votes, as against 2,145 for his opponent, John Studer, in the closest race in the democratic primary in this county. All but 40 votes had been counted in the county.

Lewis Goodrich, Shamrock attorney, tallied 3,918 votes, Walter Rogers 3,691 in the race for the judgeship of the 31st district. Those figures include all four counties.

Gray county gave Walter Rogers, with the possible exception of some of the 40 votes still to be counted in Voting Precinct Box 5, McLean, 3,061. Goodrich received in Gray county 1,344 votes.

Both the Wheeler Times and the Shamrock Texas weeklies, came out last week editorially in support of Goodrich. They said in effect:

"It has come to the Times' attention that the warning is being whispered around Pampa and in the oil fields that the office of district judge in Gray county will be closed and moved to Wheeler county. Goodrich is elected." The Times has never asked Goodrich about this, but to our good friends in Pampa including their candidate for the judgeship, we arise timely to inquire, "What if the office is moved to Wheeler county—don't you think Gray county has had it long enough?"

Those counties voting in the judge's race: Wheeler, 2,078 for Goodrich, 403 for Rogers; Roberts, 259 for Goodrich, 138 for Rogers; Lipscomb, 236 for Goodrich, 89 for Rogers.

Tom Braly was unopposed in the 12th district, receiving 4,338 votes for Goodrich, 403 for Rogers.

R. L. Templeton, seeking the office of representative from the 12th district, received 4,327 votes in Gray county, which is indicative of the vote that turned out.

Bruce Parker received 2,844 votes in his race for reelection as county attorney. B. S. Via received 1,491 votes. Charles Thut, unopposed, received 4,491 votes, on the basis of the incomplete returns.

Dee Patterson, for district clerk, Gray county, 4,540.

Charles Thut, unopposed, received 4,546 votes for tax assessor-collector.

County treasurer votes gave Ola Gregory 4,555.

John Laycock, unopposed for county superintendent of schools, received 4,546 votes.

A. H. Doucette received 4,516 votes in unopposed race for county surveyor.

For county commissioner, Precinct 1, Clarke received 336, Big-ham 112.

A run-off shaped up in the race for county commissioner, Precinct 2. Vaurht received 387, Cox 321, Smith 567, and Silcott 423. The 40 votes still uncounted would tell the tale.

Senate Group Confirms OPA Control Board

WASHINGTON—(AP)—The senate banking committee today unanimously approved President Truman's three nominees for the new price decontrol board.

The committee's action sent to the senate for its consideration, possibly today but more likely tomorrow, these nominations:

Roy L. Thompson, president of the Federal Land bank of New Orleans, chairman of the decontrol board; Daniel W. Bell, former treasury undersecretary, and George L. Mead, Dayton, O., paper executive, as members.

Meanwhile, Mr. Truman arranged to confer (at 2:15 p.m. central standard time) with Mead, Presidential Press Secretary Charles G. Ross told reporters.

Ross added, in response to questions, that all three nominees have told Mr. Truman they will accept the appointments.

Thompson will arrive tomorrow to meet with Mead and Bell.

In creating the board with top authority over removal and restoration of price controls, congress stipulated that no more than two appointees would be members of the same political party. Mead is a republican and Thompson a democrat. Bell says he has no party affiliation.

"They will be paid at the rate of \$12,000 a year."

The board's first big assignment is to decide by August 20 whether meats, dairy products, grains, cotton seed, soybeans and hundreds of products made from them should be placed back under price controls at that time. If it makes no decision, ceilings automatically will be restored.

Under terms of the OPA reviving act, the board must hold public hearings before it makes any ruling on these commodities. The purpose of this is to obtain the views of consumer groups and industry representatives.

Presence of MP's Under Surveillance

AUSTIN—(AP)—Gov. Coke Stevenson today declared he will ask State Adjutant General Arthur B. Knickerbocker to investigate the reported presence of military police protection at Marshall during Saturday's election.

If the military police were called by an officer of the Texas National Guard as reported, it is quite a departure from approved procedure, the governor said.

Myron Block, national democratic committeeman from Texas, protested the presence of federal troops during Marshall's election in a telegram to the governor.

Knickerbocker said he knew nothing of the incident.

Martin Bormann Is Reported Still Alive

NUERNBERG—(AP)—American intelligence officers reported today that Martin Bormann, Hitler's deputy party leader who has been missing since the fall of Berlin, was seen in Munich only a week ago and that a house-to-house search for him is going on.

Bormann long was believed dead. He is being tried in absentia as one of 22 Nazi defendants by the International Military Tribunal.

Intelligence chiefs said a disgruntled chauffeur of Bormann, fired in a disagreement over stolen garden vegetables, provided them with a tip that started a new hunt for the Nazi party chieftain.

Gertrude Stein Dies As Result of Illness

PARIS—(AP)—The body of the American writer Gertrude Stein lay today in the American Pro-cathedral church in Paris while arrangements were discussed for her funeral.

Miss Stein, 72, recently underwent an operation and had been in a hospital for ten days. The nature of her illness was not announced.

Comptroller Testifies in Profits Case

WASHINGTON—(AP)—Comptroller General Lindsay C. Warren told senate investigators that "it looked as if everybody and his brother were out to get the government during the lush war years."

Warren made this statement to the senate war investigating committee. At the same time, he appealed for greater powers for the general accounting office as "the last bulwark for the protection of taxpayers of this country against unbridled and illegal expenditures of public funds."

Some high officials of government, he said, accepted entertainments including cocktail parties, hotel bills and even travel from contractors "while at the same time drawing travel expense and per diem (daily allowance) from the government."

This practice, he added, "is the rule rather than the exception."

"It got so bad in the maritime commission, for instance," Warren said, "that I called personally on Admiral Land (chairman)—whose name was not mentioned in any of the reports—and also wrote him officially. He issued an order condemning such practices."

Warren declared that legislation liberalizing government contract practices during the war had greatly weakened the power of the general accounting office to prevent extravagance or misuse of public funds.

Denouncing "abuse of the vastly broadened authority given to the procurement agencies, all under the guise of war, as well as the degeneration of moral standards," Warren declared that "cost-plus" procurement "is the greatest device ever invented for pumping out the treasury."

Warren was called before the committee which has been investigating war profits of a midwestern munitions combine, to give his advice on possible new anti-profits legislation.

Georgia Police Have Difficulty In Hunt for Mob

MONROE, Ga.—(AP)—State police reported today they had run into a "stone wall" in tracking down every lead in the investigation of the multiple Negro lynching near here.

"We have talked to a lot of people and gotten nowhere," said Maj. William E. Spence, head of the state police. "I think we know who some of the members of the mob are, but we can't prove it."

Meanwhile the congregation of the First Methodist church here yesterday by resolution called on local and Walton county authorities to cooperate with the state authorities.

The resolution brought a prompt retort from Sheriff E. S. Gordon, who said: "We are ready to cooperate with the state. We've always been ready. It didn't take any resolution for that."

Spence said that the "good people" in Walton county wouldn't talk about the massacre even though some of them "know who members of the gang are."

The state of Georgia, through Gov. Mills Arnold, has offered \$10,000 reward for information leading to the conviction of the 20 odd mobsters who shot down four Negroes near here Thursday.

Other organizations have offered additional rewards.

Bevin Reported To Be Much Improved

LONDON—(AP)—Foreign Secretary Ernest Bevin was reported by his wife today to be "very much improved" and perhaps will be able to travel by late in the week.

London newspapers had speculated earlier that the 65-year-old statesman's illness was more serious than merely the strain of overwork. Some suggested he might resign because he had said frankly he never wanted to be foreign secretary.

Emily Hahn Family Moves to England

NEW YORK—(AP)—The English major who married Author Emily Hahn last November, some five years after the birth of their child in China, is taking them to his home country.

Major Charles Boxer of the British army, his wife and their daughter, Carola, were aboard the Queen Mary when it sailed for Southampton yesterday. He is reporting back for duty.

Polio Victim Returns from Clinic, Reported Able to Walk by Himself

The return yesterday of Tony Smith, eight-year-old victim of polio, to his home after treatment at the Plainview clinic, brought to three the number of Gray county children who have recovered, or are recovering from an attack of the disease.

One victim, seven-year-old Thomas James Kilpatrick, died from the effects. Funeral services were held this morning.

The Smith child, son of Mr. and Mrs. Tony Smith, Sr., 324 N. Banks, was brought home yesterday and his mother reported today that he was already able to walk by himself.

Appeal Planned In 'Brand' Case

BOSTON—(AP)—Army Lieut. Farrell today was sentenced to three to five years in state prison for branding 18-year-old Helen Stavrou, but sentence was stayed after defense counsel announced he would appeal to the state supreme court.

Farrell, who served 35 missions in the Pacific, was released in bail set at \$15,000 in cash or \$20,000 securities.

The 25-year-old decorated army officer was sentenced in Suffolk superior court specifically to three concurrent terms of three to five years on charges of assault and battery with a lighted cigarette.

Farrell, wearing his army uniform and decorations, showed no emotion as he heard sentence.

Judge Edward Voke denied a motion for a new trial.

Farrell's attorney, Herbert F. Callahan, declared a man who said "his conscience was bothering him" telephoned him the day the case went to the jury and said he saw Miss Stavrou cut herself with a knife on the arm and hand until she drew blood.

Atomized City Will Honor War Dead

HIROSHIMA—(AP)—Citizens of this atomized city are planning a three-day program commemorating the estimated 100,000 killed on Aug. 6, 1945 when the first atomic bomb was dropped.

The program, beginning on Aug. 5, also will feature a "citizens' peace and reconstruction rally."

On the precise anniversary of the bomb—3:15 a. m., Aug. 6—sirens throughout the city will sound the call for a minute of silent prayer.

Stevenson Predicts Defeat for Rainey

AUSTIN—(AP)—Gov. Coke Stevenson predicted today that Dr. Homer Price Rainey, former president of the University of Texas, will get no more votes for governor in the Aug. 24 run-off than he did in the primary last Saturday.

The governor, at odds with Rainey for several years, said he was considering the fact that a somewhat lighter vote is ordinarily cast in Texas run-offs than in primaries.

8 Dallas County People Poisoned

DALLAS—(AP)—Eight Dallas county persons were in a Dallas hospital here today suffering from food poisoning believed to have been caused by cake served in a private home at Mesquite, Texas, yesterday.

The group was taken to a hospital in ambulances.

Two other persons who attended the dinner but ate none of the cake were unaffected.

Snakes Alive Chicago—(AP)—The giant anaconda at the Brookfield zoo has been called El Diablo, Spanish masculine form for "the devil," but zoo authorities today said La Razza, the feminine form.

The big snake, which everyone at the zoo had thought was a male, gave birth yesterday to 21 live anacondas.

He, Rainey Map Plans For Runoff

By the Associated Press
Beauford H. Jester today continued to hold his wide lead over Homer P. Rainey as tabulation figures neared the million mark for Saturday's democratic gubernatorial primary.

The Corsicana railroad commissioner, in latest Texas Election Bureau totals, had received 376,964 votes to 239,124 for the former University of Texas president, and the two candidates today are scheduled to meet with advisers to map plans for the Aug. 24 run-off campaign.

Both already have predicted victory.

Election bureau officials have estimated that the Saturday vote will total 1,215,000. In the governor's race, 972,863 votes had been counted, with Jester holding about 38.7 per cent and Rainey 24.5.

At least three other state races will be held in the August run-off campaigns, for lieutenant governor, commissioner of agriculture and judge of the court of criminal appeals.

State Senator Allan Shivers of Port Arthur was leading Boyce House of Fort Worth by approximately 65,000 votes, but the vote polled by three other candidates necessitates the run-off.

J. E. McDonald, the incumbent, and R. E. McDonald will enter the race for commissioner of agriculture, following the elimination of two opponents.

Traffic Accident Rate Is Mounting

AUSTIN—(AP)—J. P. Gibbs, Texas casualty insurance commission, warns that Texas' increasing traffic accidents are pushing automobile insurance rates to alarming proportions.

Gibbs said that traffic accidents for the first six months of this year are 44 per cent higher than for a similar period last year and declared in his prepared radio speech that increased insurance rates would cost the insured public an additional six million dollars this year.

He said reduction of insurance costs depends on Texas' becoming more conscious of the traffic accident situation that exists today.

"You must work objectively with others on specific programs to reduce accidents, and scrupulously observe the rules yourself," said the casualty insurance commissioner.

He called for support of the traffic-control program of the Texas Safety association and said the benefits of this statewide program will be felt in each community.

India Withdraws Plan Acceptance

BOMBAY—(AP)—The Moslem league's policy forming council of action today withdrew its acceptance of the British cabinet mission's proposals for granting India independence and in bitterly phrased instructions told the league's working committee to create a program of "direct action" to achieve an independent Moslem state (Pakistan).

The council of action declared in a resolution that "Moslem India has exhausted without success all avenues for peaceful settlement of demands for safeguards in writing a constitution. It accused Britain and the congress party of collaborating in a 'breach of faith' to the league."

Black Orders Stay of Execution for Medley

WASHINGTON—(AP)—Justice Hugo Black of the supreme court today granted a stay of execution to Joseph D. Medley, who was scheduled to die in the electric chair here Friday for murder.

The stay will be effective at least until next October since the court does not meet until then.

Medley was condemned for the killing of Mrs. Nancy Boyer in her fashionable apartment here two years ago. He escaped from the death house here April 3, but was captured shortly afterward as he hid in a sewer pipe.

Southwest Conference Agrees On Majority of NCAA Rulings

DALLAS — (AP) — The Southwest conference is at variance on only a few points with the suggestion of National Collegiate Athletic association members regarding stricter control of recruiting and subsidization of athletes, Executive Secretary James H. Stewart said today.

Stewart returned yesterday from Chicago where he attended a meeting of representatives from major conferences in the nation and also a session of the National Association of Football Commissioners.

The major conference representatives, all from schools of the NCAA, took a stand against the recruiting program which allows coaches to visit the athletes and urge them to attend their schools and also on schools that give tuition, board and room to athletes without their working for it, Stewart said.

The Southwest conference has a rule against coaches visiting the athletes but by mutual consent some

Carithers Southpaws Locals To Victory in Second Game

By SCOTT RAFFERTY News Sports Editor

A lot of fans were heard to remark yesterday afternoon that "Lefty" couldn't last seven innings, but old-timer Lefty Al Carithers came through with a neat eight-hit pitching job to give the Oilers an even split in yesterday's doubleheader with Lubbock's Hubbers.

The Hubbers won the first game, 2-1, in a tight duel between Pampa's Warren Hacker and Lubbock's Bill Bergerson, while Carithers southpawed the Pampans to an 11-2 triumph in the afterpiece. Both games were seven-inning affairs.

The doubleheader was dedicated to Second Baseman R. C. Oley by Manager Grover Seitz. Oley collected two hits in the first game and although he went hitless in the second, played errorless ball in both games.

Tonight, the Oilers open an all-important three-game series with the second place Amarillo Gold Sox, reeling under three straight losses to Berger's Gasers.

Two of the league's outstanding hurlers are to go on the mound tonight. Lefty Bill Garland, with a 16-6 record, will face Amarillo's ace, Colorado Bill Evans, the league's strikeout king and a 19-game winner. Game time is 8:30.

Carithers, a former semi-pro player here and who has been around pro baseball perhaps more than any local player, got the nod for the second game and despite his advanced age—he is nearing 40—set the Hubbers down with no trouble at all, striking out six and walking only two, with a throw that didn't seem to have anything special on it, but which baffled the South Plains team's would-be-hitters.

Each team got six hits in the first game, but the Hubbers bunched

them in the right places to hand Hacker, whose sale to Shreveport was announced Saturday, his fourth loss against 12 wins.

Lubbock scored in the fourth inning when Sullivan walked, went to second on a wild pitch, and scored on Watkins' double. The Hubbers scored 2-1 in the sixth when McAlexander doubled, Sullivan singled and Miller singled to score McAlexander.

Pampa scored its lone tally in the sixth when Riley singled, Richardson walked and Fortin singled to score Riley.

The Oilers made a futile attempt to tie it up in the seventh when Bill Garland, batting for Hacker, singled and Oley sacrificed him to second. Harriman, however, grounded out and Range went down swinging.

In the first inning of the second game, Carithers walked the second man to face him but the side was retired without a threat.

The Oilers then proceeded to jump on three Lubbock pitchers in the first inning for runs.

Lo Forrest, suffering from a sore arm, started for Lubbock. Oley grounded out, Harriman walked and Range singled, with Forrest going to the showers. With Haupt on the mound, Riley and Richardson walked to score Harriman.

Gene Tumelson, who pitched Saturday night against Pampa, then came in. Fortin singled, scoring Range and Riley. Al Johnston reached first on an error and Lloyd Summers doubled to score Fortin and Richardson. Carithers hit a ground ball that the Hubber second baseman fumbled, allowing Johnston to score Pampa's sixth run.

After Lubbock went down in order in the second, Phil Kuykendall, who started for the Hubbers at first base, came in to southpaw the rest of the game.

Both teams went scoreless until the third, then Pampa scored three more runs.

Fortin, the first man up, singled, Al Johnston walked. Summers walked and Fortin scored when Miller made a wild throw trying to catch him. Carithers singled to load the bases. Oley flied out, Miller made another wild throw to allow Johnston to score and Summers scored on Harriman's single.

Lubbock's first tally came in the fifth on Rooney's single, Heine's single, with Rooney scoring on Sullivan's single. The Hubbers added another in the sixth when Watkins singled and went to second on Range's error. Carr singled and Cox walked to load the bases. Rooney then hit into a double play, shortstop to first, with Watkins scoring on the play.

The Oilers added two more in the sixth when Carithers singled. Range struck out, Riley doubled to score Harriman and Richardson singled to score Riley.

Feller, Newhouser May Be Majors' First 30-Win Duo Since 1912; Bob Wins No. 19

By JOE REICHLER Associated Press Sports Writer

Unless Cleveland's Bobby Feller or Detroit's Hal Newhouser hits an unexpected decline, there appears a good chance today that the American league will furnish two 30-game winners this season.

Not since 1912 when the immortal Walter Johnson and Smokey Joe Wood reached the 30-victory mark did two great pitchers come along with such peerless parallel performances.

Following on the heels of Newhouser, who became the majors' first pitcher to win 20 games Saturday, Feller racked up his 19th triumph yesterday by shutting out the Washington Senators 2-0 in the opener of a double header. The Indians also won the night-cap 7-4.

Newhouser, needing only five more victories to join Cy Young, Lefty Grove and Johnson as the only American league pitchers to win 20 or more three years in succession, was idle yesterday as the Tigers divided a double header with the Philadelphia Athletics.

Hard-luck Dizzy Trout went down to his third straight shutout defeat as Jesse Flores scattered seven Bengals in pitching the A's to a 2-0 win in the opener. Frank (Stubby) Overmire spaced seven hits to defeat the Mackmen in the night-cap 6-2.

The pace-setting Boston Red Sox maintained their 11-game lead over the New York Yankees by gaining an even split with the St. Louis Browns after Denny Galehouse stopped them 2-0 in the first game. The Sox defeated St. Louis 11-4 triumph in the afterpiece.

Held to six hits in the opener by Chicago's Johnny Rigney who blanked them 2-0, the New York Yankees hopped on Ralph Hamner and two successors for 11 hits and an easy 7-1 win.

The second place St. Louis Cardinals narrowed Brooklyn's National league lead margin to a game and a half by blanking the Boston Braves 2-0 while the Dodgers were being humbled by Pittsburgh's Pirates 7-3.

The third place Chicago Cubs advanced to within six and a half games of first place by sweeping both ends of a twin bill from the Philadelphia Phillies 11-3 and 3-1.

Despite a pair of home runs by the Giants' Johnny Mize, the Cincinnati Reds downed the New Yorkers twice, 8-3 and 5-4.

Waco Captures Semi-pro Crown

WACO — (AP) — Aided by Johnny Morris' second inning homer with one on, the Waco Dons took the state semi-pro baseball title with a 11 to 4 over the Conroe Wildcats here last night.

Trophies for the most spectacular play went to Clarence Piel of the Dons; for the leading pitcher to Jay Avera of the Dons, who won three games and did not allow a score; for the best batter to Allen Thurman of the Shell Oilers with an even .500 batting average.

The most valuable man award was a tie between Chick Zomlefer of Conroe and Roy Gilmore of the Dons. They will toss a coin for the trophy. Brooke Comets received the trophy for the best equipped team and American Desk of Temple received the trophy for the best sportsmanship.

Loft Loses Some Of Wildness; May Go Up Next Year

By HAROLD V. RATLIFF

DALLAS — (AP) — It is not unusual for Clarence (Hook) Iott to strike out half the opposing batters in a ball game. He once whiffed 30 in a 16-inning tilt; another occasion he knocked down 25 in nine frames. It also wasn't unusual for the big left-hander to walk more than he fanned. That's why he hasn't struck in the big leagues.

But you can take it from Iott and his manager, Jimmy Adair, here with his San Antonio Missions for a Texas league series, the Hook is conquering his weakness and is ready for the big show on a permanent basis.

Adair thinks it will come next season. Iott is the fellow who, when the St. Louis Browns sent him to Toledo this spring, cracked: "First time I ever saw a big league club lose 20 games in one day."

The Hook wasn't satisfied at Toledo when he was used mostly for relief pitching. He came to San Antonio and waited until waivers were obtained. Meanwhile he refused offers from the Mexican league. He started pitching for the Missions June 12 and is winning at the rate of about 28 games per season.

Iott has fanned 103 batters in 81 innings. He still has touches of wildness, like July 21 when he walked eight, but mostly his three or four. He has won 7 games, lost 1 for the top winning percentage of the circuit. His earned run average is 1.78.

Iott has worked hard, has developed a fine change of pace, has learned to pull his throws and he's ready to cut those corners in the majors," says Adair of the fellow who, one Texas league veteran observer says, has more stuff than anyone else in baseball.

The principal food of half the human race is rice.

Try Brilliantine to Waterproof Coiffure

By ALICIA HART
NEA Staff Writer

There are swim-proof hair-dos that can take a half-gainer or an Australian crawl without a bathing cap. What's more, they'll come to bed just as neat as though they had had a hair-dresser's final pat.

The trick of water-proofing—after building a sleek, tight hair-do—is to coat the finished job lightly with pomade, brilliantine or lacquer.

What hair-do stays hitched? There are three, says Myrna ("Lady Luck") Dahl, who wears the first one described: two plaits crossed and pinned snugly to the top of her head.

If your hair is snort, try the roll can try her other aquatic coif. That's a pigtail peruke. For that, she braids her hair into a single braid plait, and ties it twice with a ribbon—once at the end and again after looping it and bringing it back up to the nape of her neck.

If your hair is short, try the roll which Myrna sees her close-cropped friends do. It's a center or side part, part hair at center or sides and brush it down all around your head. Now, tie ribbon or scarf snugly; round your head, knot it in front, and stuff ends of hair into the tethering band.

Kellerville Sends Students to Shamrock

SHAMROCK—(Special)—The board of trustees of the Kellerville school district has notified members of the Shamrock independent school district that it would send high school students to Shamrock next term.

The decision of the Kellerville trustees was announced at a meeting of the local school board. All three members of the Kellerville board, W. W. Hughes, A. D. Johnson and Carl Wall, were present at the meeting. Also in attendance were County Superintendent of Public Instruction Allen Kavanough and Superintendent of the Shamrock Schools Elmer J. Moore.

The Kellerville school men stated that they had decided to send their high school students to Shamrock after a petition was presented to them in April, with 96 of the 100 signers requesting that the pupils attend school here.

Women Love the Admirer's Whistle

By RUTH MILLET
NEA Staff Writer

A Detroit police lieutenant has unearthed a city ordinance which makes ogling the feminine form unlawful, and he has told his men to enforce it.

"You shouldn't be surprised, therefore, that the girls aren't grateful for your consideration and old-world respect for women—that they are calling your restricted ordinance 'silly' and are stoutly maintaining that 'most girls want boys to whistle at them.'"

Just take a look at the clothes women are wearing on the streets these days, and you'll realize that it is going to be hard to stop masculine ogling or the long, low, appreciative whistle.

The girls frankly like such open, if not courtly, admiration, and by bringing beach costumes to the city streets they are asking for it.

You don't think, do you, that the girl who spends 30 minutes putting on leg-makeup expects that her artistry will go unnoticed?

Or that the American woman feels she won't cause more masculine heads to turn by wearing a bare-midriff job rather than a modest street-dress?

GIRLS WANT ADMIRATION
The girls know what they want. They want openly-expressed masculine admiration.

When they don't want it, they'll change their style of dress. And until they do change their attire, it is going to be pretty hard to make the men stop looking.

Unless, that is, you can dig up an old ordinance requiring the men to wear blinders, Lieutenant.

Gene Kelly, Dancer, Sees Bright Road in Rise to Stardom

HOLLYWOOD—(AP)—Gene Kelly, one of the most natural and unassuming guys who ever hit the screen, is back on the production line.

I saw the ex-navy man during his first day's work in "Life for the Loving," and it's a pleasure to report that he's in A-1 shape. "I put on 18 pounds in the navy," he said, "and I really feel fine."

Like any other veteran, Gene is bustling around, getting back into the swing of civilian and cinematic life.

Unlike some returning actors, Gene's position in pictures is unique to the extent that he has less, rather than more, competition than he had when he went into the service two years ago. Fred Astaire has retired, at least temporarily, and George Murphy has virtually turned in his dancing shoes. But Kelly has no such intention.

"How could I," he asked, "when they've got so much set for me here? It looks like a production line ahead of me. I don't know which picture I'll do next, but I think it will be 'The Pirate' with Judy Garland."

When his feverish sneeze, they usually sneeze in series of three, four or five.

Linda Sue Johnson Is Complimented at Party

Linda Sue Johnson, daughter of Mr. and Mrs. L. E. Johnson, was complimented with a birthday party last week. The occasion was the honoree's fifth birthday anniversary.

Games were played and refreshments of ice cream, cake and cold drinks were served.

Attending were Michael, Timmy and Denis Dunigan, David and Carol Trippelhorn, Shama Wellbanks, Milinda Kay and Betty Jo Tooley, Barbara Rogers, Karon Pieratt, Vicki and Carolyn Sue Baird, Linda Gale Gulpepper, Sandra Sullins, Susan Ann Kay, Sue Ann Thompson, Jo Ann Thompson, Jimmy Trease, Billy Mohon, Denny and Rainey Duffy.

Bride Entertained at Miscellaneous Shower

SHAMROCK—(Special)—Mrs. L. G. Clay, who before her recent marriage was Miss Bonnie Prater, was honored at a miscellaneous shower Thursday afternoon at the home of Mrs. W. B. Franks.

Mrs. D. W. Hawthorne was assistant hostess.

Miss Jeanne Franks greeted the guests as they arrived. In the receiving line were the honoree, Mrs. W. D. Prater and Mrs. Lonzy Clay. Miss Marcia Hawthorne presided at the guest register.

Miss Inez Edwards had charge of the gift room and directed the guests to the dining room.

The refreshment table was laid with cloth of lace and centered with a crystal centerpiece.

The honoree was the recipient of many gifts.

About 25 guests called during the receiving hours.

A Mr. and Mrs. Ennington, of Winnsboro, Texas.

Napier, the bus driver, was unable to talk, and the accident has not been explained.

The bus plowed through the bridge, tearing down 15 posts, and crashed into the Pease river 15 to 20 feet below the highway level. Water in the river was only about two feet deep at the time.

The site of the crash was about three miles west of Vernon on the Quanah highway.

Four Vernon ambulances rushed to the scene, making several trips to bring victims to local hospitals. All hospitals today are crowded.

Flying Herd on Wyoming's Plains

Some cowboys are high-riding' hordes these days, having taken to using planes for round-up operations. In photo above is seen shadow of plane which is herding a pack of antelope toward a corral near Gillette, Wyo. Antelopes become too numerous in certain sections and are periodically rounded up and shipped to Jess congested areas.

PICKIN'EST MIGRANT SETS NEW RECORD IN SEASON, THEN WRITES FOR PULPS

HOOD RIVER, Ore.—(AP)—The pickin'est migrant worker in the west—maybe in the world—drew his paycheck today and headed for California and another harvest.

Henry Wooten, one-time Kentuckian, heard the other day that nobody ever picked a ton of cherries in a day. So he picked a ton of cherries.

It took him 12 hours to strip 2,168 pounds of fruit from the trees in the Webster orchards. It gave him the record. It also gave him \$75.84.

"He's about the best man we've ever had," said Roy Webster with magnificence. "In the six consecutive days last week he earned an average of \$59 a day at 3 1/2 cents a pound."

Pickers generally average \$8 to \$14 a day.

Last year Wooten averaged 1,000 pounds of cherries a day for 13 consecutive days, Webster said.

"When he starts up the ladder, he's picking with both hands. When he comes down he's picking with both hands. He doesn't care whether the trees are good or bad and he'll be \$100 at the drop of a pit that he can outpick any man, anywhere, on any row of trees."

Wooten, 32, has been following the fruit harvests from California to Canada for about 10 years. He says he once studied for the ministry, and fellow pickers say he's a college graduate.

Wooten is no one-crop specialist. He sets records whatever he goes. Last year at Cheban, Wash., he picked 360 boxes of apples in one day, setting a new mark. The county agent's office here said it heard he held the record for picking peaches in California.

No one doubts it, least of all Webster.

"The man's a bundle of nervous energy," he said. "He never makes a false motion and the only time he ever pauses is to light a four-inch cigarette."

Between seasons he works, top-pounding out stories for the pulp magazines.

But he's not a record-holder there. Sometimes, he says, once in about 60 tries, he makes a sale.

Misery of War Is Reflected in Highway 'Trade'

By HAL BOYLE

NUERNBERG, Germany.—(AP)—German highways today are lanes of barter and pilgrimage.

Farm wives and children stand by the roadside hawking produce, but they let you know at once that they are little interested in your allied marks. Like their brethren in the bombed-out cities, they are looking for a straight trade for such items as chocolate, soap, cigarettes or wearing apparel.

It has been more than 14 months since the war ended, yet the roads are still walked by thousands of wayfarers with everything they have in the world on their backs. This backwash of battle will go on indefinitely, a restless tide of human misery fluctuating endlessly between the allied zones, until Germany is put again into some kind of productive order by her conquerors.

Sprightly, among the bent figures that plod along the road shoulders, are the painted ladies of the autobahns. They are wayward young German girls who have modernized the world's oldest profession. Their beat, instead of a few city blocks, may stretch along a hundred miles of highway.

Their quarry are the soldier truck and jeep drivers.

These "Macadam Magdalenes" are regarded by army authorities as one of their most serious problems in reducing venereal disease. Most are infected and they are difficult to catch.

German fields are heavy with harvest. Because of the shortage of farm equipment, whole families of young children to old grandmothers work together to reap the precious grains.

To scare away birds the fields are studded with scarecrows so dilapidated they would stir a wise crow to appetitic caws of derision.

McDonald Services Tomorrow at 4 p. m.

Funeral services for Miss Evelyn McDonald, who died at her home, 315 W. Francis, Saturday morning, will be held at the First Baptist church tomorrow afternoon at 4 o'clock.

Miss McDonald, daughter of W. W. McDonald, superintendent of mails at the local post office, had been ill for about two weeks.

Besides her parents, she is survived by a brother, Wesley, Seattle, Wash.

The Rev. E. Douglas Carver, pastor of the church, will officiate. Burial will be in Fairview cemetery under the direction of Duenkel-Carmichael funeral home.

Palbearers will be P. G. Green, Dick Gibbon, Leroy Morgan, M. O. Porter, Junior Barnett and John Myer.

Noted San Antonio Publisher Succumbs

SAN ANTONIO—(AP)—William McKay McIntosh, 70, publisher of the San Antonio Light, died Monday morning in Toronto General (Ontario) hospital.

He went to Canada last week for an operation Friday when it was reported that he was making satisfactory progress. News of his death was received from his wife, Mrs. Clara McIntosh, who was with him. Services will be held Thursday in Stratford, Ontario, his birthplace.

On Sept. 15, 1924, McIntosh came to San Antonio from Fort Worth and took charge of the Light. He was one of the few publishers of a Hearst newspaper with such a record of continuous service.

Born March 13, 1876, in Stratford, Ontario, of strict Presbyterian parentage, the genial Scotsman learned in early life the principles that followed him throughout his career.

Himself a super-salesman, McIntosh insisted on but two principles in hiring employees—first that the employee conduct himself or herself as a gentleman or a lady; and second, that the employee always display loyalty to the paper.

McIntosh was noted as an after dinner speaker, and raconteur. He was a 33rd degree Mason, Rotarian, Scout commissioner, and a member of Order of the Alamo.

The publisher's office was always open to employees and visitors. His employees held him in high esteem and affection and honored him at each anniversary of his connection with the Light.

His logic as a publisher was best illustrated by his oft-repeated statement: "We will run all the news. I would not stoop to cheat a man who has contracted to buy our newspaper for five cents a day."

His business philosophy was equally concise. It was: "An advertise-

Noted Baptist Minister Gives Last Service

WACO—(AP)—Joseph Martin Dawson, who was practically abducted more than 31 years ago to become pastor of the First Baptist church here, has concluded his long service to the church known as "the mother church of Baylor university."

Members of the congregation—many of whom had never had another pastor—wept openly as he preached his farewell sermon yesterday morning.

Soon after the service he explained for Washington where he will be executive secretary of the joint committee on public relations of the Northern Baptist convention, the Southern Baptist convention, and the two National Negro Baptist conventions. It is a new post recently created by the joined Baptist organizations.

Dr. Dawson, in his final sermon, reviewed the congregation that he had always proclaimed the whole gospel including personal salvation and the social applications of Christianity.

"The future of the world is uncertain as to events," he told his audience, "but it is not uncertain as to God's care if we will do our part."

His last request of his church was to give liberally to a fund now being raised by Baptists for world relief and rehabilitation of war-wrecked mission stations. His last act as pastor was to receive into membership and baptize three persons.

The 17-member South Fork church here near Italy in Ellis county was his first pastorate, while he was a student in Baylor university. The 3,000-member First Church of Waco was his last. In between, he had been editor of the Baptist Standard, pastor at Albany, Lampasas, Hillsboro and Temple.

It was from the First Baptist church at Temple that he was virtually kidnaped in 1914 by a delegation of 100 Waco Baptists. The committee, which occupied two cars of a Katy train, took him back to Waco to preach his first sermon here the same night.

Here's Why The Tire We're Selling OUTWEARS PREWAR TIRES!

See that tread mark! See how much road it covers! It's the mark of a new B.F. Goodrich tire made by its wider, flatter tread surface. Because it is wider and flatter, it hugs the road better—spreads the wear more evenly over a greater area—wears less at any single point—OUTWEARS PREWAR TIRES even at high speeds.

If you're looking for longer wearing tires for your car, we're the people to see. Come in. Perhaps you have your size. If not, you'll get yours quicker if you order at once.
