

# Blast Study Shows Bomb Would Have Killed All Men in Half-Mile Radius

## Unmanned Drone Plane 6,000 Ft. Above Detonation Was Damaged

By HOWARD W. BLAKESLEE

ABOARD THE USS APPALACHIAN, July 26 — (AP) — The atomic bomb, which has twice proved conclusively it is sure death to ships of all categories within a half-mile radius, probably would have killed all men on decks had crews manned the target vessels in Bikini lagoon for yesterday's underwater test.

That is the calm, careful judgment of Vice Adm. W. H. P. Blandy, commander of "Operation Crossroads."

"It is probable that personnel on deck would have been gone, if not immediately, at least later on," he said today in a post-blast assessment of the weapon which yesterday, of the 25,100-ton battleship Arkansas and the 23,000-ton carrier Saratoga; so grievously wounded the Japanese battleship Nagato that she still is developing a list; left the destroyer Hughes in imminent danger of sinking; sank some lighter craft; and spread so much radioactivity that 24 hours later 36 square miles of water are contaminated.

Don Whitehead of the Associated Press, after a flight over the lagoon today, said the bomb proved it is a "killer" of ships within a half-mile radius. He said the "sudden death" in the July 1 air burst, test as well as of the death circle imprinted on the New Mexico sands last year.

In the two Bikini tests, no ship within that radius has survived and the power of the bomb has extended beyond it.

Charles McMurry, of the Associated Press, flying over the lagoon today in a C-54, reported back that "two

or three" submarines were sunk.

McMurry, whose plane flew as low as 400 feet, said he saw no sign of any animal life but added it has not been disclosed whether any of the 1,500 animals in the test were placed above decks.

Blandy said that, had the ships been manned yesterday, in addition to loss of life on the decks it is highly probable that many of those below decks would have been injured by "the physical shock of the blast."

The admiral also observed: The unmanned drone airplane 6,000 feet directly over the bomb burst was damaged even though this explosion had to travel through a cushion of water to reach the air.

The bomb was about equal to others of the Nagasaki type. (This refers to the atom bomb which wrecked one-third of that Japanese city during the war.)

Transports and other lightweight ships failed to sink in any numbers because they were farther away from the center of the explosion than the Arkansas and Saratoga.

# OPA Acts Quickly After Its Revival; May Reported Suffering Heart Attack

## Solon Was To Appear At Hearing

WASHINGTON — (AP) — A formal medical explanation of Rep. May's (D-Ky.) sudden illness was sought by the senate war investigating committee today. He failed to appear to testify on his wartime activities in behalf of a midwest munitions combine under investigation.

Chairman Mead (D-NY) said that Dr. Henry Lowden, physician, for the ailing and absent Kentucky legislator, would be asked to produce a medical certificate attesting the nature of the illness and furnish additional details orally in a private session.

Attorney Warren Magee, counsel for the 71-year-old chairman of the house military committee, informed the committee that Dr. Lowden is willing to appear. He said the doctor had told him that May's condition would bar his testifying for at least a week.

Magee said May's daughter told him last night her father had had a heart attack.

Left tentatively unsettled, Mead said in reply to questions from newsmen, are these decisions:

1. Whether to send a physician of the committee's choosing to May's bedside to check up on his condition.

2. Whether to submit a series of questions for May to answer at home in the event his illness is protracted.

The offer came from Attorney Warren Magee shortly after committee Chairman Mead (D-NY) formally inquired "Is Rep. Andrew J. May in the room?"

Magee stepped forward and said "He is not in the room."

"Would you explain why?" asked Senator Ferguson (R-Mich.), a committee member.

Magee then told the committee "See WAR PROFITS, Page 4."

## State Set for Election Tomorrow

### Interest Has Grown in Gray Co. Recently

Gray county voters will go to the polls tomorrow in an election that has gained considerably in intensity in the past month.

In addition to voting for county and district posts, they will select a full slate of state officers.

In some cases, depending on the number of candidates, they will name public servants by virtue of tomorrow's vote; while in other cases, they will narrow the field for the run-off August 24.

County Clerk Charlie Thut has announced there are about 5,500

paid voters in the county, and 293 absentee ballots have already been cast. There is an undetermined number of votes among servicemen who do not have to have poll tax receipts, and among the ranks of the exempt. Some 1,600 veteran discharges have been filed in the county, but in that number are many men who may be residents of other counties, or who are too young to vote.

The 18 voting precincts in the county will be open from 8 a. m. to 7 p. m., and officials are urging a large turnout. Seven of them are located in Pampa. (See sidebar box.)

There are a number of offices, ranging from a seat in congress down to a constable's post, open with only one candidate in the running.

But probably one of the most interesting races will be that for the office of 31st district judge, which is sought by Walter Rogers, who is general district attorney, and Lewis M. Goodrich, Shamrock lawyer. There are four persons in the race for county sheriff, including the incumbent, C. H. Kyle.

Candidates who have no opposition are Eugene Worley, incumbent congressman from the 18th district; R. L. Templeton, for state representative, 122nd district; Tom Gray, district attorney; Charlie Thut, incumbent county clerk; Hueylyn Laycock, county superintendent. See LOCAL, Page 4

SHE SCANS CANDIDATES—Miss Rosemary Nellie, 24, Dallas clerk, who says she has never voted, but plans to this year, scans a list of candidates for the Texas democratic primary elections to be held tomorrow from 8 a. m. to 7 p. m. (AP Photo).

## Where Gray County Residents Will Vote

- Every eligible voter in Gray county will vote at the precinct voting place, according to the location of his residence.
- There are 18 voting precincts in Gray county. They are located as follows:
- No. 1—Lefors (school).
- No. 2—Baker school, Pampa.
- No. 3—Grandview (school).
- No. 4—Alamogordo (W. J. Ball residence).
- No. 5—McLean (city hall).
- No. 6—Laketon (store).
- No. 7—Phillips school.
- No. 8—Hopkins school.
- No. 9—Woodrow Wilson School, Pampa.
- No. 10—Countryside, Pampa.
- No. 11—Kingsmill (store).
- No. 12—644 Fellows hall, Pampa.
- No. 13—Phillips Camp.
- No. 14—Horse Mann school, Pampa.
- No. 15—Old American Legion Hut, Pampa.
- No. 16—Tom Rose Motor Company, Pampa.
- No. 17—McLean (Cubane Store).
- No. 18—Webb school.

## Companies Grant Price Increases

Two major oil companies, the Phillips Petroleum company and the Humble Oil and Refining company, have announced 25 and 28 cent per barrel increases in the price paid to oil producers and royalty owners, according to telegrams received by the Daily News from both companies today.

The announced price increase includes an increase of 28 cents in the Panhandle. The additional increase in this area, was given in order to eliminate a 3-cent differential below the price postings for comparable crudes in other areas.

The statement by H. C. Weiss, president of Humble, said, in part: "The advances are to a level that OPA should have authorized long ago."

He added that the increases had been recommended to OPA repeatedly by congressional committees, but the agency ignored the requests.

Weiss said that prices as related to costs will serve the public interest by "stimulating exploration and development to produce for the future the increased quantities of oil needed for civilian use and national security."

The price increases, which are effective today, provide for a price in the Panhandle of \$1.60 per barrel of 40-degree gravity oil purchased by Phillips and one cent per barrel less for each degree lower than that.

The Humble increase applies to all degrees.

## New Rioting Breaks Out Near Frankfurt

FRANKFURT — (AP) — American troops wounded six Jews last night in a new outbreak of rioting in a Jewish displaced persons camp at Wolfrathausen, U. S. Third army headquarters said today.

Plenty of Roller Skates, Lewis Hardware Co. (Adv.)

## Shortage of Water Is Foreseen If Use Here Is Not Restricted

In a statement directed toward the residents of Pampa, City Manager Garland Franks asked today that all persons refrain from watering lawns, or else they may be forced to do without water for general household uses.

At the present time the total output of water in Pampa is 3,000,000 gallons per day, and the peak draw-down is 3,500,000 per day. The city storage tanks have a total capacity of 4,500,000 of water, but even with that much storage, there is not enough. For example, at 10 a. m. today storage was 3,000,000 gallons short, according to Franks.

The chief cause of this water shortage is the continued drought, which has brought about the highest demand for water in many years. However, said Franks, if the people of Pampa cease using water on lawns, until further notice, there will be a sufficient supply of water for normal household uses. This is not a serious shortage, but should residents not cooperate with the city in conserving the water supply, it could develop into a serious one in a very short time, he added.

See SHORTAGE, Page 4

## Scores of Items Back In Control

WASHINGTON — (AP) — Less than 24 hours after getting a new start in life, OPA today hiked June 30 prices on numerous items and lifted controls from many others.

All of the agency's actions had been planned weeks ago but had been held up by the 25-day price control coma which began with the lapse of OPA authority on July 1.

On top was a long list of other orders governing prices on hundreds of items.

But none were in the works yet for the restoration of price ceilings on several major items in the family budget — including meat, dairy products, eggs, poultry, grains, tobacco and petroleum.

These were exempted from price ceilings, at least until Aug. 30, by the OPA revival law which President Truman "reluctantly" signed late yesterday.

The price boosts authorized today are temporary and may be reviewed under standards set up by the new OPA law. Included were increases ranging from six to eight cents a ton on coal, coke, anthracite and similar solid fuels. Some retail shoe price ceilings were upped about a dollar per cent.

Stripped from the controlled list

## Prosecutors Ask 'Guilty' Verdict For Nazi Leaders

NUERBERG, Germany — (AP) — Justice Robert H. Jackson demanded on behalf of the United States today that all the 22 Nazi leaders on trial on war crimes charges before the international military tribunal be convicted as "conspirators."

Opening the prosecution's summation for the Allied nations against Hermann Goering and his 21 co-defendants after eight months of testimony and debate, Jackson replied:

"Adolf Hitler's acts are their acts. His guilt is the guilt of the whole dock and every man in it."

Jackson was followed by the chief British prosecutor, Sir Hartley W. Shawcross, who declared the prisoners were guilty of "12,000,000 murders."

He declared they participated in "planned, cold, calculated, deliberate attempts to exterminate nations and races, to disintegrate the traditions, the institutions and the very existence of free and ancient states through murder conducted like some mass production industry in the gas chambers and the ovens" of death camps.

For the first time in several months, there hardly was an empty seat in the courtroom.

Rudolf Hess, the third ranking German before he parachuted into Scotland and started his incredible insanity hoax, was the only defendant missing besides Martin Bormann, tried in absentia but often termed dead.

Once when Jackson was relating how the German army, navy and air force grew, Panzschy Hermann Goering and Grand Adm. Erich Raeder started a heated argument that military police had to break up.

All the defendants except Ernst Kaltenbrunner, once head of the secret police, seemed to enjoy Jackson's biting remarks. Even he grinned widely when Jackson described his defense as that of a "security" See NAZI TRIAL, Page 4

## Army Asks Reserve Officers to Enlist

WASHINGTON — (AP) — The army asked 1,125 additional reserve and National Guard officers today to volunteer for temporary active duty.

Of the total, 1,000 will be assigned to the civil affairs division, 40 to intelligence, 35 to the foreign liquidation commission and 50 to the finance department.

## Band of White Men Kills Four Negroes

WASHINGTON — (AP) —

## Heirens Named in Indictment, His Sanity Questioned

CHICAGO — (AP) — Indictments were returned today charging William Heirens with murder in the kidnap-slaying of Suzanne Degnan and the "Lipstick killing" of Frances Brown, but his attorneys indicated the youth's defense might be based on a plea of insanity.

The two indictments contained a total of nine counts, charging the 17-year-old university student with strangling Suzanne with his hands and with a length of picture wire last Jan. 7, and with shooting and stabbing ex-Wave Frances Brown in her apartment on Dec. 10, 1945.

The indictments were returned before Chief Justice Harold G. Ward in criminal court.

Yesterday, the grand jury voted true bills naming Heirens as the killer in both bizarre cases.

Today one of Heirens' attorneys said the youth would undergo a sanity test after he is arraigned on the two charges next week.

The announcement came on the heels of a statement from Roland Towle, another defense attorney, that he believed the 17-year-old youth "definitely had a split personality" and that an insanity plea was "a possibility."

The developments came as the state's murder charges against the youth in the two cases were headed for the criminal court.

## Typhoid Kills One, 22 Ill in Detroit

DETROIT — (AP) — An 11-year-old boy died and 22 other persons are ill in a typhoid fever epidemic which started at a wedding reception in suburban Highland Park June 24, health officials disclosed today.

Dr. Charles J. Barone, director of the Highland Park health department, said spread of the disease "almost certainly" had been traced to a woman who helped prepare food for the 210 guests.

"We think we have it pretty well under control now, however," the doctor said, although he said one new case had been reported in the last two days.

## Arson Suspected in Seven Houston Fires

HOUSTON — (AP) — Seven fires last night including three in two downtown hotels, were added today to the recent wave of suspected arson cases which have mystified authorities here.

Four of the fires, two in the 18-story Rice hotel in the center of town, one at a funeral home and another in an empty filling station, appeared to have been set deliberately, Arson Investigator Lester Gross reported today.

The origin of a blaze at the Auditorium hotel, in a frame dance hall and a third in a small downtown building are still under investigation.

Damage was slight in each case.

## Sewer Completed by Contracting Company

City Engineer George Thompson stated this morning that the city sewer project was completed Monday, July 21, and is now in operation. According to Thompson, the contractors who were in charge of the job will maintain it for 30 days after completion.

As soon as material is available, the city plans to make extensions to sewer laterals, which will probably be sometime next year, as brick for the manhole sand clay pipe are very difficult to obtain.

The approximate cost of the entire project when completed, will be about \$300,000 according to Thompson.

## Attorney General Tom Clark's Office announced today that he has ordered a "complete investigation" into the slayings of four Negroes near Monroe, Ga., yesterday.

MONROE, Ga. — (AP) — A band of armed white men waylaid a white farmer and four Negroes on a secluded North-east Georgia road late yesterday, Sheriff E. S. Gordon said today, and while holding the white man at gun point shot the Negroes to death.

One of the negroes, Roger Malcolm, 27, the sheriff said, had just been released from jail under \$600 bond on charges of stabbing his employer, Barney Hester, a farmer.

The sheriff identified the other Negroes as Malcolm's wife, and George Dorsey and his wife.

The Negroes, riding in an automobile with Loy Harrison, a farmer, were en route from Monroe to Harrison's farm in adjoining Oconee county when they were waylaid at a bridge over the Apalachee river, the sheriff said.

Harrison, at a coroner's inquest last night, the sheriff said, testified that he could not identify any member of the band which waylaid him. The jury returned a verdict of death at the hands of unknown parties.

The slayings, the sheriff said, occurred about eight miles east of Monroe, the county seat of Walton county, which is about 40 miles northeast of Atlanta.

Here is the story of the slayings as told by the sheriff after questioning Harrison:

Dorsey and his wife worked on Harrison's farm in Oconee county. Malcolm had worked for Hester, and Harrison, after Malcolm's release from jail, had gone to Monroe to get him and his wife and take them back to jobs on the Harrison farm.

Harrison, driving the car with the Negroes in it, approached a wooden bridge over the 100-foot wide river which divides Oconee and Walton counties. A band of 20 to 25 men, armed with shotguns, pistols and rifles, stood in the road and ordered him to halt.

Harrison stopped the car at the entrance to the bridge, and the armed men ordered the two negro men from the car and proceeded

See BAND, Page 4

## Outbreak of Two Diseases Serves To Spur Campaign

Two three-year-old girls who were stricken with typhus fever and diphtheria here in the last few days are reported recovering rapidly and her physician described the case as only sporadic and said it served to emphasize the value of diphtheria toxoid. The child had not been vaccinated, he said.

As each child is removed to its home the homes will be placed under quarantine for a period of time prescribed by law.

Hospital officials said today cases of this type are isolated in the building, and there is no danger of other patients' contracting the diseases while in the hospital.

Ray Salmon, who first reported the cases to the Daily News, said today that the two cases should give more reason than ever for Pampans and residents of Gray county to cooperate to the fullest extent in the current health campaign.

Typhus fever is directly caused by diseased rats from which fleas contract the germs and then come in contact with humans. The fever causes alternate chills and fever and then a red rash, similar to scarlet fever, but much more serious, it was said.

A program of rat eradication and rat-proofing has been in progress here during the past few weeks after a recent state report showed that the danger of typhus infection here was high.

Diphtheria, a disease of the throat, See OUTBREAK, Page 4

## Shriners Will Spend Millions for Cripples

SAN FRANCISCO — (AP) — Shriners today mapped a \$1,000,000 program of expansion for Shrine hospitals devoted to treatment of crippled children.

Announcement of the plans came at the three-day convention climaxed by the installation of new Shrine officers yesterday.

W. Freeman Kendrick, former mayor of Philadelphia and regarded by the fraternal organization as the expanded program would include research into the causes and cures of crippling diseases.

## Texan Will Face Murder Charges

LAS VEGAS, N. M. — (AP) — District Attorney Jose E. Armijo today prepared to file murder charges against Frank W. Keichline, 43, of San Angelo, Texas.

Keichline's jury yesterday named Keichline as responsible for the fatal shooting Wednesday of Percy Ralph Perry, 42, Detroit, former Braly, district attorney. Tom Gray, wife at El Porvenir mountain resort near here.

The wife, Mrs. Mary S. Keichline, testified her husband walked to the cabin where she and Perry were staying following a horseback ride and opened fire with a 22 rifle with the remark, "Well, folks, here it is."

"I have driven 450 miles since 2 o'clock last night to do what I have just done," she quoted Keichline as saying later.

A. B. Mellor, Jr., operator of El Porvenir lodge, testified Keichline was standing on the cabin porch Braly, when he reached the place about two minutes after hearing the shot. He said he heard Keichline say, "Well, I have killed my friend and I am damned glad."

Perry, hit in the chest, died in 20 minutes.

Keichline did not appear at the inquest. He said he could not remember the shooting, according to Armijo.

In Detroit, Perry's wife, Verille, announced that the body was to be sent here Friday and that funeral services would be held Monday. The Perry's have a son, 19, in the army.

## Election Weather To Be Like Campaign

By The Associated Press

Election weather in Texas today and tomorrow will match the hot, verbal blazes that gubernatorial candidates have been slinging over the state.

The U. S. weather bureau today said clear skies and temperatures of the high 90's and 100-plus variety will prevail throughout Texas this afternoon and tomorrow.

It Is Not Only Your Privilege as a Citizen, but Also Your Duty, To Vote Tomorrow Between 8 a. m. and 7 p. m.

## Sullivan, O'Neal Wed in Church

SHAMROCK (Special)—In a church wedding, Miss Edna Mae Sullivan, daughter of Mrs. Melissa Sullivan, became the bride of Mr. Lemoyne O'Neal, son of Mr. and Mrs. C. T. O'Neal of this city. Wednesday evening, July 17, at the Advent Christian church of Lela. The church altar was banked with ferns and white floor baskets of white gladioli, with smaller white baskets of white snapdragons, making a lovely picture. Massed groupings of candles were used in the background with seven-branched wrought iron candelabra in the foreground. The bridal aisle was laid with white and alternate pews marked with white satin bows.

Nuptial vows were exchanged in a double ring service, with Minister A. O. Turnbok, uncle of the bride, officiating.

Holice Turnbok, cousin of the bride, played a piano number, "Tonight We Love," by Peter I. Tschakowsky, which was followed with a vocal selection, "Moonlight and Roses," by Edwin H. Lemare, sung by Miss Virginia Estess. "Always" by Irving Berlin, preceded the procession. "The Bridal Chorus," from the opera "Lohengrin," by Wagner, "The Wedding March," from "Midsummer Night's Dream," by Mendelssohn was used as the recessional.

Mr. Lloyd Carmichael of Borger, was best man. Mr. Roy Scrivner, uncle of the bride, and Mr. L. B. Roberts were ushers and lighted the candles.

Miss Lola Fae Bridges of Borger, and Miss Leona Martin were bridesmaids. They wore floor-length dresses of white crepe and carried colonial bouquets of pink carnations, showered with pink satin ribbon.

Mrs. Allen Wilson of Amarillo, aunt of the bride, was matron of honor. She wore black crepe and a corsage of pink carnations.

The bride was given in marriage by her grandfather, Mr. John Turnbow. She was gowned in white taffeta, fashioned with a sweetheart neckline and short shirred sleeves, with which she wore elbow-length white nylon gloves. The full skirt was gathered to a fitted bodice with a taffeta bow at the neckline and on the skirt. Her finger-tip veil of imported tulle fell from a coronet headpiece embroidered in seed pearls. She carried a white Bible topped with white gardenias and showered with white satin ribbon and split pink carnations.

For something blue, she wore a strand of pearls, belonging to the matron of honor and for something old, carried a handkerchief that her late father brought from France and which came ring belonging to her mother.

The bride's mother entered on the arm of her brother, Mr. Walter Turnbow of Natalia. She wore black crepe and a corsage of white carnations. Mrs. O'Neal, mother of the bridegroom, wore a dress of white crepe and her corsage was of white carnations.

Immediately following the wedding a reception was held at the home of the bride's mother. Mrs. Sullivan greeted the guests, and Miss Edna Turnbow had charge of the bride's book.

The three-tiered wedding cake, topped with a miniature bride and groom, was cut by the couple. Mrs. Duward Price presided at the punch bowl assisted in the dining room by Miss Bessie Turnbow and Mrs. Addie Turnbow. Other members of the house party were Mesdames Roy Scrivner, A. O. Turnbow and Mary Greenhill.

During the receiving hours, Holice Turnbow played piano selections, Miss Virginia Estess sang, and Mrs. Evert Smith gave a reading.

For traveling, the bride chose a dress of peacock blue raw silk accented with brown accessories. After a trip to points in Colorado, the couple will be at home in Austin, where the bridegroom plans to enter the University of Texas to study pharmacy.

The bride is a graduate of Shamrock high school and for three years has been employed at the Farmers and Merchants State Bank.

The bridegroom is a graduate of the Plainview high school and served more than three years with the army air corps as a technical sergeant clerk. He served 23 months overseas in England, France and Belgium.

## Epsilon Sigma Alpha Chapter Holds Meeting

Pampa chapter of Epsilon Sigma Alpha held their first business meeting Thursday evening in the home of Miss Va Rue Dyson, 1115 N. Russell. Mrs. Rachel Brunley was co-hostess.

Refreshments were served from a snack bar.

Plans for the fall program of work were made.

Attending the meeting were Mesdames Margaret Payne, Iris Ragsdale, Mary Lane, Margaret Dial, Lucille Foster, R. E. Givens, Misses Adlen Brazil, Mary Fleming, Johnson, Wislie Blakney and the hostesses.

Las Crecas club will meet with Miss Jacqueline Nease 320 N. Frost.

First Baptist WMU will meet. Circle One, Mrs. C. T. O'Neal, 533 S. Russell; Circle Two, Mrs. C. T. O'Neal, 533 S. Russell; Circle Three, Mrs. C. T. O'Neal, 533 S. Russell; Circle Four, Mrs. C. T. O'Neal, 533 S. Russell; Circle Five, Mrs. C. T. O'Neal, 533 S. Russell; Circle Six, Mrs. C. T. O'Neal, 533 S. Russell; Circle Seven, Mrs. C. T. O'Neal, 533 S. Russell; Circle Eight, Mrs. C. T. O'Neal, 533 S. Russell.

W.S.C.S. of the First Methodist church will meet.

Ladies' day at the golf course.

La Rosa sorority will meet. Rebekah lodge will meet.

Viernes club will meet at 2:30 p.m. in the home of Mrs. L. J. Flaherty, 529 S. Hobart.

Shamrock Bride-Elect Is Honored at Shower

SHAMROCK (Special)—Miss Frieda Hise, bride-elect of Mr. Curtis E. Jorstad of Kenyon, Minn., whose wedding is scheduled to take place at the First Methodist church Aug. 21, was named honoree at a party and kitchen shower Tuesday evening.

The affair took place at the home of Mrs. Evert Smith with her mother, Mrs. John Templeton, as co-hostess.

Cut flowers arranged in white vases and white baskets decorated the Smith home for the occasion.

Games pertaining to the kitchen provided entertainment. Talties were drawn from a large improvised "apple pie," to which kitchen gadgets were attached. At the close of the games recipes were written on the back of the tally cards and presented to the honoree.

High score prize was awarded to Mrs. Harry Clay and low score to Mrs. Cabot Brannon. The prize winners presented their gifts to Miss Hise.

The shower was introduced by the small son of the hostess, who appeared dressed in a chef's cap and apron to present the gifts to the honoree.

Refreshments were served to the following guests: The honoree and her mother, Mrs. Henry L. Hise, Miss Betty Hise, Miss Mary Elizabeth Pendleton and Mesdames Wayne Fox, Robert Grady, Cabot Brannon, Walter Pendleton, Jr., Scott McCall, Toby Purcell and Harry Clay.

Falkenstein To Be Buried Next Week

Burial services for Dr. Siegfried Falkenstein, who died in New York Wednesday, will probably be held here next week, it was learned today.

The doctor, who is the father of Dr. Richard Falkenstein, local physician, died at Kingston, New York.

The Dunekel-Carmichael funeral home will receive the body.

The younger Dr. Falkenstein will arrive here Sunday.

By MRS. ANNE CABOT

There must be a tremendous amount of quilt-making taking place in the length and breadth of the country - I've had innumerable requests for "a lovely quilting motif!"

Here they are! The 8-inch Princess Feather motif—the 5 1/2 Spider Web and the 6 1/2 Water Lily motif. If you aren't "a-quilting quilt" this summer you will like them for use on organdie place mats, on satin lingerie and handkerchief cases, on boudoir pillows, baby pillows for next season's Christmas gifts.

To obtain the Quilting Motif (Pattern No. 5183) exact method of using on quilts and other articles, send 15 cents in COIN plus 1 cent postage. YOUR NAME, ADDRESS and the PATTERN NUMBER to Anne Cabot, Pampa News, 1150 Avenue Americas, New York 19, N. Y.

## Club Entertains Ex-Members at Coffee in Home

Members of the Sub Deb club entertained ex-sub Deb members Thursday morning with a coffee in the home of Miss Margery Dixon.

The entertaining rooms were decorated with cut flowers. The table from which the coffee was served was decorated with a centerpiece of vari-colored asters. Miss Njeki Fraser poured coffee. Braided and cinnamon coffee rolls and tiny watermelon and cantaloupe flanked with grapes were served.

Mrs. R. D. Mills, club sponsor, Mrs. W. S. Dixon and Miss Carol Culbertson, club president, were in the receiving line.

Ex-Sub Debs and present members signing the register were Mrs. Jeanne Lively Dohet, Mrs. Betty Tiemann Lutz, Mrs. Charlotte Cline Edmondson, Mrs. Dorothy Jane Tout, Misses Meribelle Hazard, Jolla Shelton, Sybil Pierson, Barbara Carlson, Patsy Pierson, Betty Barrett, Joanne Thompson, Justice Ann Tiemann Lutz, Margerie Sloan, Carol Sloan, Johnny Sue Hart, Leona Mills, Tiny Hobart, Ida Ruth Taylor, Margaret Price, those in the house party and the following out-of-town guests, Miss Susan Elliott and Miss Carol Ann Jones.

W.S.C.S. Circles Have Program and Business

All circles of W.S.C.S. of the First Methodist church met for a regular business meeting Wednesday.

Virgil Mott, guest vocalist, sang two selections. He was accompanied at the piano by Mrs. Flaudie Gallman.

"Status of Women" was the subject title. Mrs. J. E. Kirchman made opening remarks followed by Mrs. W. E. Ewing, who discussed "Our Debt to the Past." Mrs. Carlton Nance discussed "Present Day Women." "Our Debt to the Fu-

ture" was the topic of Mrs. H. H. Boynton's discussion.

Mrs. Walter Purviance closed the meeting with a devotional.

Saccharin is 300 times sweeter than cane sugar.

The site of the Vatican was once occupied by the Gardens of Nero.

The range of the early piano was only four octaves.

**That the Voters May Know**

My opponent has made various inferences against my record so I wish to give you a statement from the records. During my term of office I have tried all kinds of misdemeanors such as, pistol carrying, passing school buses, illegal sale of liquor, aggravated assault cases, abusive language, indecent exposure and many other cases but most of my cases have been hot checks and driving while intoxicated.

In the hot check cases approximately 400 have paid fines in the County Court. In the driving while intoxicated cases I have convicted and fined 66 drunken drivers and in each case their driver's licenses were taken away from them.

My opponent has stated that I now have on file 150 cases. This statement is true but what he did not tell you is that approximately 130 of these cases are hot check cases in which the defendant has not been arrested and of course could not be tried.

During this my first term of office I have tried 31 jury cases and lost two of them. If you have any doubts in regard to the above statements call your County Clerk and ask him about the records.

I am asking for a second term and I believe my record merits my re-election.

### Two Men Sought Austin Fray

AUSTIN—(AP)—State, city and county police today joined in a manhunt east of here for two men in the uniform of soldiers, after an early morning gunbattle in South Austin.

State police said they believed the pair was the same that held up W. G. Grosse of Mason last night after he had given them a ride near Bastrop.

Grosse reported the two at pistol point took his car and \$32, leaving him tied to a tree near the Bastrop-San Antonio highway.

A car answering the description of the one taken from Grosse was used by two men who held up a filling station at San Antonio about 2 a. m., state police said, and at 5 a. m., an Austin city police patrol car chased the same vehicle.

Officers said they had hit the car several times in the exchange of shots.

The two uniformed men abandoned the automobile east of Austin and fled into the brush. Several groups of officers were after them at noon.

### Large Negro Vote in Texas Forecast

By CLAYTON HICKERSON  
Associated Press Staff

Texas Negroes, their leaders say, are preparing to vote in large numbers in tomorrow's democratic primary.

An official of the state democratic executive committee, who declined to be quoted, estimated the qualified Negro voting strength in Texas at 100,000.

Other estimates range from that of Grover Sellers' 90,000 to a Negro leader's claim of 150,000.

### Amarilloan's 'Maverick Town' Bears Print of Early Pioneer Panhandle

By JACK RUTLEDGE  
Associated Press Staff

Texans figure in the field of literature this week.

"Maverick Town," the story of Old Tascosa, by John L. McCarty of Amarillo Globe-News has been published.

And "Wind in the Olive Trees" by Abel Plenn of Brownsville has been named the book find club selection for July.

"Maverick Town" is a major contribution to the history of West Texas. Texans may well be thankful to McCarty for putting Tascosa's history in print.

Tascosa today is just a ghost town, but once it rivaled Dodge City, Cheyenne, and Tombstone as a major inland cattle empire capital.

Famous names flourished there—Billy The Kid, Pat Garrett, J. E. McAlister, Col. Charles Goodnight, John Chisum, legendary ranches such as the LIT, the XIT, the Jinglebob. There is Boohill cemetery to testify to the violence of both men and elements.

To the oldtimers of the Panhandle, Tascosa epitomizes all the romance of the old west. And now McCarty has given others a chance to know about it.

Harold D. Bugbee has illustrated the book, and wonderfully well. His drawings remind one of Remington, some say. Bugbee has illustrated many books, is widely known, but he likes to be known as a rancher from Clarendon.

Plenn's "Wind in the Olive Trees" is a story of inside Spain under Franco. Reviewed by Leland Stowe, the noted war correspondent and author, this Texan's book has been hailed as "brilliant," "informative," "thrilling," and "the best book on Franco Spain yet."

The book is full of dynamic and Stowe says "at this moment particularly it commands the attention and the thought of the entire American people."

Perfect rubies are much rarer than good diamonds.

Safety pins were first devised in 1849.

### OPA

(Continued From Page 1)

were such miscellaneous items as household television sets, rubber floor mats, umbrella frames, and certain types of clocks.

Meanwhile, as the war-born agency came back to life after 25 days of legal death, there were these developments:

1. Mr. Truman, in a message to congress last night explaining why he had signed the revival measure with "reluctance," cautioned that it "by no means guarantees that inflation can be avoided." Hence, he added, if it does fail in that respect he will call a special session to strengthen it and possibly hike taxes.

2. Congressional leaders quickly said they saw no prospect whatever of boosting tax rates. And Senator Wherry (R-Neb.), a leading OPA critic, added to a reporter that any special session might result instead in complete abolition of the agency.

3. President Robert R. Watson of the National Association of Manufacturers said in a statement in New York "NAM still opposed OPA x x x because it restricts the freedom of the American people and substitutes the price judgments of a few super-bureaucrats for the judgments of forty million American housewives who have given us a four-week demonstration of their own ability to control prices."

Watson added that "manufacturing industry of course can be counted on to keep its prices as low as wages and other costs permit."

4. The CIO United Auto Workers announced in Detroit they will continue their OPA-holiday buyers' strike because, as UAW President Walter P. Reuther put it in a statement: "This bill only pretends to restore price control. Actually it legalizes inflation on many commodities."

5. In Chicago, the American Meat Institute declared that Mr. Truman's signing of the bill "threatens to renew chaos in the meat industry just as consumers are beginning to enjoy more meat."

### Shortage

(Continued From Page 1)

Franks stated that a new 210,000 gallon storage tank has been received and will go on the lines next week, and a new pump has been ordered which is scheduled to arrive the first week in August. This new equipment will help to offset the water shortage but will not come near reaching the peak demand, if unrestricted use continues, he said.

dent of schools, also an incumbent; F. E. Leech, incumbent, county tax-assessor-collector; Dee Patterson, incumbent district clerk; Ola Gregory, county treasurer; C. S. Clendennan, constable, Precinct 1; E. A. Vance, J. P. Precinct 1; D. R. Henry, Precinct 2, Place 1.

Another race which is expected to draw a good deal of interest is that for county judge. The incumbent, Sherman White, is opposed by John Studer, local lawyer.

There is a broad field of candidates for the four commissions posts in the county. They are:

County Precinct 1 (Lefors): Joe Clarke and C. H. "Teed" Bigham, County Precinct 2 (Pampa): Wade Thomasson, Bertie M. Vaughn, Lewis Cox, Weldon Smith, and Frank Silcott.

County Precinct 3 (Groom): James Hopkins, Ray G. Burger, Earl Johnson, Claude Schaffer, and Paul R. Bowers.

County Precinct 4 (McLean): Orville Cunningham, and William Earnest Beck.

B. S. Via is seeking the county attorney's post from the incumbent, Bruce L. Parker.

Incumbent Kyle has as his opponents in the sheriff's race R. H. "Rufe" Jordan, James Barrett, and Jess Hatcher.

In the race for constable, Precinct 2, are: Earl Lewis, J. E. "Ed" Brooks, and Luther B. Bartlett.

In the race for constable in Voling Precinct 5 (McLean) are W. L. Hancock, Jim Sullivan, and D. W. Watkins.

Charles I. Hughes has opposition, J. E. Yoder, in his quest for reelection as J. P., Precinct 2, Place 2.

### Band

down a side road. Harrison and the two Negro women were held at the automobile.

Then Harrison heard one of the men in the armed band remark that one of the Negro women had recognized him, and several of the men came back and took the women from the car.

Harrison then heard shots. After the shots, the mob dispersed, and Harrison went back two miles toward Monroe and called Sheriff Gordon from a country store.

The sheriff said he went to the scene immediately and found the bullet riddled bodies in the bushes along the side road about 40 feet from where Harrison's car had been parked at the entrance to the bridge.

The sheriff quoted Harrison as saying none of the men wore a mask.

The nearest house to the scene of the slayings was about a half mile away, the sheriff said.

Sheriff Gordon said that without identification of any member of the

that he had received a telephone call from May's daughter early last night informing him that the 71-year-old chairman of the house military committee was "very ill, incapacitated, that he had suffered a heart attack."

Magee said that he had talked again with the physician, Dr. Henry Lowden, this morning, and said that Dr. Lowden was willing to appear in executive session to state why May is unable to appear now.

"When will he be able to appear?" asked Senator Ferguson.

"Not since he had a stroke," responded the attorney.

Ferguson and Magee engaged in a discussion as to whether May had suffered a "heart attack" or a "stroke," which would up with the attorney suggesting:

"Why don't you ask his physician?"

Mead declared that the "committee is sorry to learn of his illness" and expressed hope that "his recovery will be rapid."

### Outbreak

(Continued From Page 1)

is contacted in practically the same way as a common cold, Salmon said. A person with high resistance to the disease may come in contact with someone whose resistance is low and the diphtheria germs may go into the air which the weaker person breathes.

The usual effect of the disease is a gradual choking off of the breath, which results in a very high death rate among children.

Salmon listed today five general precautions to take when diphtheria strikes a community. They are:

1. See a doctor—if the child is unproven, the doctor will give toxoid; if previously protected, the physician will test to make sure the child's protection is still sufficient.
2. Keep the child at home with any kind of sore throat until a doctor has determined its nature.
3. Do not take children into homes where there is sickness.
4. If diphtheria occurs in your home, accept quarantine as prescribed—to break it may bring death to someone else's child. The city and county are required by law to maintain quarantine; do not embarrass your physician by asking him to shorten it.
5. Play safe—if in doubt, let the physician judge. Remember—diphtheria kills—toxoid protects.

Goat skins are important exports of India, Brazil, Java, and Belgian Congo, and Russia.

DISTRICT ATTORNEY  
31st JUDICIAL DISTRICT  
PAMPA, TEXAS**

**OFFICE 3rd FLOOR  
COURT HOUSE  
PHONE 1826**

**AN OPEN LETTER FROM WALTER ROGERS**

To The Voters Of The  
31st Judicial District:

Please permit me to express my thanks to my many friends for the courtesies shown me in my campaign for DISTRICT JUDGE.

May I also express my appreciation for the support of the people of this district that I have waged against crime as your DISTRICT ATTORNEY. This fight has consumed nearly all of my time, so you will understand and appreciate why I could not visit with you as much as I would have liked. I realize that many of you have little business in the courts and may not be familiar with the type of qualifications a man should have to occupy that position. I do not have the finances to purchase enough space to detail the responsibilities or to outline what I have done in an effort to fully qualify myself before asking for the job. Therefore I shall refer you to the sources from which you may obtain full information on the subject and request that you do so. You are respectfully referred to the following:

1. Your present DISTRICT JUDGE.
2. The other trial judges before whom I have practiced.
3. The Judges of the Courts of Appeal.
4. The Attorneys of the Bar.
5. The Grand Jurors with whom I have had the pleasure of working.
6. The peace officers who have served on cases that I have tried.
7. The Court Attendants and officers of this district.
8. The Court Attendants and officers of this district.

I respectfully request your consideration of my candidacy on the report you receive from the above sources.

Yours very truly,  
*Walter Rogers*  
Candidate for District Judge

**B. S. VIA  
FOR  
COUNTY ATTORNEY**

If he is elected County Attorney, he will bring to the office many years of experience in the practice of law and in the handling of litigation. He is fully qualified to represent all of the people, both as a prosecutor in the County Court and as a legal advisor of the Commissioners' Court and the citizenship at large.

There remain upon the County Court docket over 150 cases which have been filed by the County Attorney since January 1, 1945 and which have not been tried or disposed of. The election of B. S. VIA will assure us of a speedy, fair, vigorous and impartial discharge of the duties of County Attorney.

B. S. VIA believes in giving the unfortunate and neglected children an opportunity to be made better citizens and will in every case take them to their parents first so that they may be corrected, but he will enforce the law with reference to child delinquency when all other means fail.

**ELECT  
B. S. VIA AS OUR  
COUNTY ATTORNEY**

Vote for BEAUFORD H. JESTER of CORSICANA for GOVERNOR

"The Home, the Church, and the School are the foundations of our society and well-being. As Governor, I shall ever strive to secure and strengthen these foundations."—Beauford Jester.

There Should Be a PEOPLE'S PATH free from bickerings of political extremists... with equal responsibility, and harmony, between labor and management... full employment for all of the people, with safeguards for their livelihood and property... tangible assistance (not theories and platitudes) for returned service men and women... new opportunity for youth in health, education and security... ample provisions for old age assistance.

Vote for Beauford Jester for Governor, who declares: "The people of Texas are entitled to first consideration in all public matters."

### Gassers Blast 'Whitey' White From Hill; Buck Tinsley Wins

The big bats of two oldsters—Gordon Nell and Ted Clawitter—were too much for the Pampa Oilers last night as they dropped a 12-9 decision to the Borger Gassers in the finale of a three-game series. Pampa took the first two, 2-0 and 3-1.

### Brilliant Mound Work Highlights League Contests

Brilliant mound work by Texas league pitchers highlighted victories for Fort Worth, Dallas, Beaumont and Shreveport in last night's games.

Fort Worth tagged San Antonio, 1-0. Dallas swept a header from Houston, 2-0 and 3-3. Beaumont beat Oklahoma City 7-2. Shreveport defeated Tulsa 7-2. Eddie Chandler squared the San Antonio series for Fort Worth by outlasting Sigmund Jakucki in a pitching duel. Left Fielder Jay Haney settled the issue when he singled through the box to score Catcher George Pfister for the only run of the game.

The Dallas Rebels took both ends of a double header from Houston to climb back to within half a game of second place San Antonio. The Dallasites won the first game behind the upright pitching of Lefty Quentin Alizer who allowed only four hits. A seven-run rally in the seventh inning won the second game.

Jackie Robinson, backed up by good hitting, pitched the Beaumont exporters to victory to square the series, one-all. In the fourth inning Ted Sepkowski, Indian outfielder, barked out a two-run homer.

The Shreveport Sports made it two in a row over Tulsa behind the eight-hit pitching of Vern Williamson. It was Williamson's second straight victory over the Tulsa. Shreveport took the lead in the first inning and held it all the way.

Today's schedule: Houston at Dallas; San Antonio at Fort Worth; Beaumont at Oklahoma City; Shreveport at Tulsa. (All night games.)

Central Baptist, was not reported. First Methodist was unable to overcome the six point lead tallied in the first inning by the Central Baptist as the Baptists came out on top of a close 10-8 score in a senior boys game. First Baptist trampled First Christian 36-11 for one of the highest senior boys game scores of the season.

The junior boys also turned in some nice ball playing as Central Baptist edged First Presbyterian 7-5 in a thriller and McCullough Methodist ran over the First Christian 30-9.

Six more games are scheduled for tonight, all to be played on the new diamonds. The First Baptist Juniors boys will meet First Methodist as First Christian tackles the Harrah Methodist. In the senior boys division the Christian will meet Central Baptist while First Baptist meets the First Presbyterian seniors. The girls division shows that First Methodist will try for its first win of the second half as they play First Christian and First Presbyterian will take on Central Baptist.

### Brooks Sing Loud Praises Of Ott-Men

By JOE REICHLER Associated Press Sports Writer

For the first time in the memory of the modern day baseball fan, followers of the Brooklyn Dodgers today actually were singing the praises of the New York Giants.

The Dodgers whipped the Chicago Cubs 4-1 for the second straight time yesterday, but had the St. Louis Cardinals swept the three-game series with the Giants, including yesterday's twin-bill, the Redbirds and not the Brooks would be occupying first place.

Instead, the Giants by dividing the two games, gained the series two games to one to enable the Brooks to build up a game and a half lead over Eddie Dyer's pestiferous challengers.

After handsome Howie Pollet, the willow lefthander from New Orleans, had gained his 12th mound victory for the Giants with a nine-hit 2-1 triumph, the Giants threw their southpaw freshman ace Monte Kennedy, against the Birds, and the 2-year-old North Carolinian clipped the Cardinals' wings with three hits as the Giants won 6-1.

In losing the Cubs saw their third place lead over Cincinnati narrow to three and a half games as the Reds eked out a 1-0 decision over the Boston Braves.

The clearing of the entire Pittsburgh Pirates bench except for the regular lineup by Umpire George Magerkurth highlighted the twin bill between the BUCS and Philadelphia Phillies. Magerkurth's action came after the Pirates booted a third called strike on Chuck Workman.

The Pirates, behind the seven-hit pitching of Johnny Lanning, won the opener 2-2 but the Phils came back to rip Tuet Sewell apart 9-2 in the nightcap.

In the American league, Boston's pace-setting Red Sox dropped a 3-1 verdict to the Chicago White Sox. With Mickey Vernon having a perfect four for four at the plate to wrest the league's individual batting leadership from Williams by one point, the Washington Senators tanned Detroit's Tigers 8-3.

Cleveland's Indians outslugged the Philadelphia Athletics 9-8. The Yankees and St. Louis Browns had an off day.

### Assault Enters Arlington Race

CHICAGO—(AP)—Assault, a magic name among the nation's 3-year-olds, tomorrow will attempt to convincingly measure up to the greatness of his reputation in the \$90,000 Arlington classic.

The Texas thunderbolt, holder of America's triple crown with victories in the Kentucky Derby, the Frenckness and the Belmont Stakes, will be sent out to end the jinx that previously befell other odds-on

favorites in the fabled mile and a quarter classic. The crowd of upwards of 35,000 will make Assault a 3 to 5 favorite to defeat an expected half dozen rivals. There may be nine in the field, in which case the race will net around \$80,000 to the winning owner. If Assault triumphs his earnings for 1946 will shoot up to about \$388,275. His total for two years of racing will amount to \$436,970.

To speed up drying time of a rayon garment and still have it evenly moist for ironing, place a turkish towel inside the garment; roll in a second towel, kneading as you proceed with rolling. If feather particles and lint cling to other wet articles when you are washing pillow cases, it is best to turn pillow cases inside out before laundering and shake well to remove excess fluff.

### Sports Round-Up

By SID FEDER (Pitch-Hitting for Hugh Fullerton, Jr.)

NEW YORK—(AP)—The Chicago breezes say the Cubs have about given up on Bill Nicholson and this will be his last game. Advance ticket sale for both Michigan and Notre Dame grid seasons tops all records. . . . And if all you hear is true, both are loaded for Army this year, too.

DIS-A AND DAT-A Has anyone noticed how Stan Musial's kid brother Ed, who was given the old brush-off by the Cardinals and Braves, is plastering that potato at a farm three-five-oh for the Chicago Cubs' Fayetteville (N.C.) farm?

PASS THE HORSESHOES, PLEASE Middleweight Champion Tony Zuker isn't a superstitious guy ordinarily. But last Friday he broke his shaving mirrors at his Pompton Lakes training camp. . . . And the next day came down with the creek in the back that did him out of his title clambake with Rocky Graziano and a paycheck that figured to be within whistling distance of one hundred grand. . . . And now he's watching out for black cats, ladders, and size 13 shoes.

BOUNCING AROUND A sports writer who's been banging at what he calls "coolie wages" the Giants paid their hired hands caused Presxy Horace Stoneham to ask National League Boss Ford Frick for a comparison of the Giants' payroll with the rest of the league. . . . And Ford wired the Giants' average was the second highest in the league. . . . With only the Cubs in front.

**Publications for Oil Men Offered By Geologists**

AUSTIN—A number of publications by the Bureau of Economic Geology at the University of Texas, which will be of particular interest to Texas geologists, industrialists, oil men and mining interests, are in press or awaiting publication and will be available for distribution in the fall, Dr. J. T. Lonsdale, director of the bureau, announced today.

Among the publications are: Structural map of Texas by Dr. E. H. Sellards and Dr. Leo Hendricks, now being printed. This is the third edition of the map, which is on a scale of 1 to 500,000, with 500-foot contour intervals.

Publication 4301, Texas Mineral Resources, is in the hands of the printer. It contains 26 separate papers by various authors on minerals in Texas.

Publication 4246, Building Stones of Central Texas, is in the hands of the printer. It reports the results of exhaustive investigation of building stones by the Bureau of Economic Geology and the Bureau of Engineering Research.

Publication 4329, Carboniferous Rocks of the Llano Region of Central Texas by P. B. Plummer is awaiting publication. It contains detailed information concerning the carboniferous strata, which strata are important in oil fields north of the Llano region.

Publication 4621, The Ellenburger Group of Central Texas by Dr. V. E. Barnes and Dr. E. P. Cloud, is nearly ready to go to the printer. This publication will report the results of a joint survey between the Bureau of Economic Geology and the U. S. Geological Survey. It is one of the oil and gas investigations undertaken to develop basic data of potential value in discovering additional oil reserves where the Ellenburger strata are beneath the surface and are potential producers of oil.

Report of Investigation No. 1, the Rustler Sulphur Deposits as a Source of Fertilizer by Glen E. Evans is ready to be printed. This report describes deposits of acidic earth material in Culebra and Reeves counties and discusses development of additional deposits. The material is now being used as a soil conditioner in the lower Rio Grande Valley and elsewhere.

**So They Say**

Whether or not we like it, the fact remains that practically all of the countries of the world are looking either to Washington or Moscow.—Rep. James Wadsworth (R) of New York.

The federal government gives a large amount of money to the states every year to help in the professional education of the pig farmer but not one cent to aid in the professional education of the teacher of children.—Dr. Ralph McDonald, National Education Association official.

**High Linden, Another Missourian Who Made Good, Won't Run, Root**

BUCKNER, Mo.—(AP)—This little town of 600 people is swelling with pride—the name of one of its former residents had been added to the list of Missourians who have made good.

High Linden Dude, who comes from a long line of well-bred, easy going spotted Poland China hogs, has been identified as the pappy of the 200 pigs used in the atomic test at Bikini.

The porker got his start here with Vernon M. Reppert, secretary-treasurer of the Missouri Spotted Poland Breeders association, and headed west at the age of three months for an important assignment in vocational agriculture research.

Whether Buckler will hold some sort of a celebration honoring him for his contribution to the atomic world hasn't been decided but he certainly has been the talk of the town since Reppert was notified of his distinction.

Reppert sold High Linden to the California school for vocational purposes. Even at the age of three months, Reppert recalled, High Linden stood out as the pig most likely to succeed out of his large herd.

While conceding that all hogs would have the same physical reaction to radio active rays, Reppert expressed the opinion that the navy selected High Linden's offspring for the historical experiment because of their good manners and mild disposition.

"Spotted Poland Chinas as a breed," he said, "are sweet tempered and easy to handle. They don't jump, run or root."

Adv.

Unless there is an air vent in the filler cap, fuel cannot be drawn from the supply tank to the fuel pump or vacuum tank. Inspect the cap frequently to see that this vent isn't clogged up by rust or other foreign material.

Bangkok is a large center for air travel in the Far East. The lines from Singapore, Dutch East Indies, and Indo-China unite there before they cross India for Europe.

**STUDENTS PROTEST**

AUSTIN—(AP)—University of Texas students are protesting a recent price increase on haircuts by calling a "no haircut week" July 25-31.

Five barber shops near the campus had boosted prices from 65 to 75 cents.

The original American crossword puzzle, called a word-cross, was published in the New York Sunday World in December, 1913.

## Daughter Of Mine

By R. Louise Emery  
Copyright, 1946, NEA SERVICE, INC.

**THE STORY:** Cecily's wedding never at last, she will forget the exact thing I did to her. How can I explain to Corinna and Robert that they—my daughter and her husband—have been cheated all through the years for Cecily's sake? And that she wasn't worth it? Della? Della hates me for what I've done to Cecily's life. But to go back to the beginning. Della, Cecily's mother, is a strange one, she is very selfish, but she squeezes every cent. For instance, I knew she had her own reasons for the party she gave the poor Martin Street youngsters—the party that was given at my house because she was afraid they would dirty hers. But I wasn't prepared for her fury when the newspaper credited me with the money she had spent all her money had to impress Myrtle Ralston and now it had been wasted.

III  
**WHY** did you mention Robert and me at all? I said, and my voice had an edge to it that I knew was dangerous.

"If you didn't want us to have any credit," I added recklessly, "why didn't you just say the party was held at your house?"

"I don't want Myrtle Ralston to think I have those Marlin flats kids running through MY rooms!" Della said. "It would give her an excuse to say that the reason she doesn't call on me is because she's afraid of catching something!"

"I don't want Della's rankling anger against the town's most prominent woman who was president of Cecily's school's P.-T. A., and who had completely ignored Della's existence from the first day of their acquaintance.

Della was always rehearsing this grievance to me. "We go to the same church—our kids go to the same school and we live in the same block. Who does she think she is, anyhow? My house is bigger than hers and my car is a later model. I've got as many diamonds as she has! One of my ancestors was signing the Declaration of Independence before her family ever saw the inside of a schoolroom!"

May. How it operates was shown her the other day, when three U. S. army trucks drove up to a Bremen school and took on a cargo of about 80 smiling, waving boys and girls, 10 to 15 years old.

The vehicles clattered through the bomb devastated city, out into the country, and came to a halt in a picnic ground in a glade. There the children piled out, some to go romping through nearby woods, others to clamber back all over the trucks. Softballs and basketballs appeared.

Whether it was the teachings of democracy or not, the ball invariably was tossed to any newcomer stepping into the circle. There were no arguments or squabbles, no occasions for reprimands, and never did any soldier say "don't" do this or that.

Colored sweets—Supplies by the army were piled in three big plates on a long table. But there was a delay when it was discovered that some of the children, off picking blue-

leave town while her score was still unsettled with Myrtle Ralston.

In the city Cecily took piano lessons, ballet, tap and ballroom dancing, drama, riding, swimming and fencing. It cost Della a fortune but she didn't care. She had her eye on some future goal that even I didn't see, although I did know that Mrs. Ralston's son was only two years older than Cecily.

Della tried to put the announcement in the paper that Cecily was launched on this breath-taking and gilded program, but her name was on the editorial boycott list. The paper was not interested.

WELL, that was Della. That was one side of her, anyhow. Nursing her through her pretty griefs I found it hard to remember that she was capable of truly great love—but she was. In her devotion to Thorne, her invalid husband, she was like a creature transformed. Della has a mean tongue, but I have never heard her speak to Thorne except in gentleness and affection, and Thorne is often cranky and impatient with her.

"He never was until his illness," Della always excuses him.

Her love for Cecily is another item I've always remembered in trying to find good in Della to counterbalance the bad things.

Of course you could say from another standpoint that it is no credit to her to love Thorne and Cecily; they are hers and for Della whatever is hers shines with a resplendency bright enough to dim every flaw.

Della is fond of animals. Before Cecily arrived one of her neighbors, going to South America, asked Della to board his cat until he returned. He paid well for the favor.

The cat slept very comfortably on an old sofa pillow in a carton from the grocery store for months until a letter came from his owner asking Della to adopt him.

The next time I dropped in the cat was curled up, a golden ball, in a wicker basket lined with blue satin.

"He's mine now," Della explained. Now that that was hers he could have the best.

(To Be Continued)

## 'Truth' Is Topic Of Lesson-Sermon

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday.

The Golden Text is: "Into thine hand I commit my spirit; thou hast redeemed me, O Lord God of truth" (Psalms 31:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Lead me in thy truth, and teach me; for thou thee do I wait all the day" (Psalms 119:105).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The mortal mind through which Truth appears most vividly is that one which has lost much materiality—much error—in order to become a better transparency for Truth. Then, like a cloud melting into thin vapor, it no longer hides the sun" (Page 25).

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held throughout the State in November, 1946, (being the 5th day thereof) at which all ballots shall have printed thereon:

HOUSE JOINT RESOLUTION

proposing an amendment to Article VIII of the Constitution of the State of Texas by adding thereto a new section to be known as "Section 7-a"; providing that subject to legislative appropriation, allocation and direction all net revenues derived from the taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicles registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939...

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as 7-a and to read as follows:

Section 7-a. Subject to legislative appropriation, allocation and direction, all net revenues remaining after payment of all refunds allowed by law and expenses of collection derived from motor vehicle registration fees, and all taxes, except gross production and ad valorem taxes, on motor fuels and lubricants, used to propel motor vehicles over public roadways, shall be used for the sole purpose of acquiring rights-of-way, constructing, maintaining, and policing such public roadways, and for the administration of such laws as may be prescribed by the legislature pertaining to the supervision of traffic and safety on such roadways; for the payment of the principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945, for payment out of the County and Road District Highway Fund under existing law; provided, however, that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; and provided, however, that the net revenue derived by counties from motor vehicle registration fees shall never be less than the maximum amounts allowed to be retained by each county and the percentage allowed to be retained by each county under the law in effect on January 1, 1945. Nothing contained herein shall be construed as authorizing the pledging of the State's credit for any purpose.

Sec. 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at the General Election to be held in November, 1946, at which election each ballot shall have printed thereon the following words: "FOR the Amendment to the Constitution of the State providing that, subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of

### Jap Commission to Begin Liquidation

TOKYO—(AP)—Supreme headquarters empowered the Japanese holding company liquidation commission today to begin dissolution of the great Japanese financial companies

that provided the sinews of war. Under the order for "decentralization of the economic power of Japan," the Japanese commission shortly will begin breaking up 41 holding companies with more than 100 subsidiaries.

The houses comprise the backbone of Japan's Zaibatsu families which control the nation's wealth and industry. Their securities have a book value of 5,000,000,000 (b) yen.

The commission will sell the securities and buy 10-year-non-negotiable bonds with the proceeds. These bonds will be held in escrow for the families which established the holding companies.

One of the ways to keep silver bright and shiny is to line the drawer in which it is kept with dark outing flannel.

### IS GETTING UP NIGHTS GETTING YOU DOWN?

Thousands say famous doctor's discovery gives blessed relief from irritation of the bladder caused by excess acidity in the urine

Why suffer needlessly from backaches, run-down feeling from excess acidity in the urine? Just try DR. KILMER'S SWAMP ROOT, the renowned herbal medicine. SWAMP ROOT acts fast on the kidneys to prevent the flow of uric acid, relieve troublesome excess acidity. Originally created by a practicing physician, Dr. Kilmer's is a carefully blended combination of 13 herbs, roots, vegetables, balsams. Absolutely medicine harsh or habit-forming in this pure, scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and ease discomforts of bladder irritation. All druggists sell Swamp Root.

### FIX UP YOUR CAR

### Bi-Racial Group Begins Studies

AUSTIN—(AP)—A seven-man bi-racial committee today began planning establishment of a Negro state university and A. and M. college. Chairman Mark McGee P. Worth attorney and member of the board of directors of Texas Tech at Lubbock, and other committee members conferred briefly here with Gov. Coke R. Stevenson prior to beginning their study.

The bi-racial committee was appointed by the governor after University of Texas regents and Texas A. and M. directors adopted a special-committee recommendation for establishment of the two state institutions of higher education for Negroes.

### Gracie Reports

By GRACIE ALLEN  
SAN FRANCISCO—Well, here is your rolling stone in San Francisco, a town that's much too lively to have moss on it even if I wanted to gather any. At first I thought the summer food had affected the eyesight of the men here because so many of them were wearing baggy pants and seemed to have put on their wives' hats by mistake. Then I discovered there was a shiner's convention in town.

Traveling around is lots of fun but it's going to change my whole life. All summer I've spent most of my nights sitting in hotel lobbies waiting for a vacant room. Now when I go home where there's a vacancy problem I find that I can't get sleepy unless I sit downstairs for an hour or so with a lap full of luggage while George, disguised as a wolf, leers at me and says, "Are you alone, Babe?"

OH SHAW  
NEW YORK—(AP)—The cry of "foul" was raised today over the selection of "breast of chicken" as the main dish for the Saturday review of Literature's 90th anniversary birthday dinner in honor of George Bernard Shaw.

The dinner will be held tonight at the hotel Waldorf-Astoria.

Sylvan Gould, associate editor of the magazine American Vegetarian, declared that Shaw's "astounding longevity is due in no small measure to his abstinence from flesh, fish and fowl for a period of 53 years."

NOTICE OF BUDGET HEARING  
Notice is hereby given that the Trustees of the Pampa Independent School District will hold a hearing at 8 p.m. Monday, July 29th, 1946 in the City Commission Room in the City Hall in Pampa, Gray County, Texas. Persons interested in discussing the 1946-1947 budget with the Board may do so at that time.

ROY McMILLEN,  
Business Manager.

A JOINT RESOLUTION, S. J. R. No. 8 proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000.00) Dollars, or so much thereof as may be necessary, to pay claims incurred by John Tarleton Agricultural College; and

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows: "The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31, 1937."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the next general election to be held on the first Tuesday after the first Monday in November, A. D.

1948, at which all ballots shall have printed thereon: "FOR THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE"; and

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

About 45 processes, requiring six weeks are necessary to finish goat and kid skins from stiff hides into shoes, bags, belts, etc.

INSPIRING  
TULSA, Okla.—(AP)—Sheriff A. Garland Marrs, defeated in a runoff primary, plans to throw a \$50,000 whisky "party" before his successor, W. V. Caffey, takes over Jan. 1.

The sheriff explained his party wouldn't be the cocktail variety. For under Oklahoma law he must destroy the 10,000 pints of seized liquor now in his custody.

"I have held on to it a long time, in hope some day the legislature would enact a law permitting sale of this liquor so that funds could be returned to the taxpayers," said the sheriff ruefully.

If you have a brass or metal door-knocker, wax it immediately after polishing. This will keep it bright.

NATIONAL AFFAIRS

Common Ground

Who is Responsible For Our Inflation? For we could find out who was responsible for our inflation, we would know what was done that brought it on.

Former Governor Landon, in an address before the Young Republicans in his state at Newton, Kansas, asked some questions that would throw light on the subject.

In his speech Mr. Landon explained that it is the inflationary policies which the New Deal itself has followed and encouraged.

Approval - General Bradley's prestige on Capitol Hill and his dynamic personality have enabled him to win congressional approval for other key parts of his long-range veterans' program.

HOSPITALS - Providing sufficient hospital space for ill, convalescent and wounded warriors gives General Bradley the most important task.

STATISTICS - Meanwhile, the 100,000-odd sick and wounded are receiving care in existing Army, VA and private hospitals.

Chinese Penetrate Communist Areas

NANKING - Chinese government troops were conceded by the communists today to have penetrated 50 miles into communist areas north of the Yangtze river in Kiangsu province.

OUR BOARDING HOUSE WITH MAJOR HOOPLE - MY WORD, MR. UM, WHAT IS YOUR NAME? HOW DO YOU CONTROL YOUR COTERIE OF BEARS.

OUR BOARDING HOUSE WITH MAJOR HOOPLE - MARVELOUS, THEM NEW SHOTS TH' DOC IS GIVIN' ME! WHY, SIX KACATS FER I COULDN'T PULL UP MY SOX-NOW LOOK!

OUR BOARDING HOUSE WITH MAJOR HOOPLE - ANY COMMENT FROM THEM WILL BE GROANS IN DISGUISE-THEY'VE WAITED NEAR FER THE OL' MAN TO COLLAPSE SO THEY COULD STEP UP A NOTCH!

OUR BOARDING HOUSE WITH MAJOR HOOPLE - OH, THEY'RE LUCKY THAT DOPE WASN'T DISCOVERED THERE! THERE'D BE A LOT MORE AHEAD OF THEM!

OUR BOARDING HOUSE WITH MAJOR HOOPLE - GOOD MEDICINE AND BAD... NO CATS, BUT WE COULD USE A COW!

Peter Edson's Column: ABOUT INVESTIGATING AND INVESTIGATION

WASHINGTON - (NEA) - The Montana primary in which Judge Leif Erickson defeated Burton K. Wheeler for the democratic nomination for U. S. senator probably reached the bottom levels of U. S. politics.

A U. S. senate special committee to investigate senatorial campaign expenditures sent a special counsel to Montana to investigate the campaign.

WHEELER REQUESTED THE SENATE INVESTIGATION - It was Wheeler who first requested senate investigation of the campaign, late in June.

WARFARE IMMEDIATELY DEVELOPED BETWEEN BARKER AND CLERK GRACE JOHNSON, GRACE REPORTED THAT A LAWYER NAMED RILEY SHANKS HAD BEEN INTERVIEWED BY SENATOR ELLENDER FOR THE JOB OF COUNSEL TO INVESTIGATE THE MONTANA PRIMARY.

WARFARE IMMEDIATELY DEVELOPED BETWEEN BARKER AND CLERK GRACE JOHNSON, GRACE REPORTED THAT A LAWYER NAMED RILEY SHANKS HAD BEEN INTERVIEWED BY SENATOR ELLENDER FOR THE JOB OF COUNSEL TO INVESTIGATE THE MONTANA PRIMARY.

THE PEOPLE WANT TO KNOW

The story is told in the inner political circles in Washington—and it inevitably got to the newsmen—that it's too bad "Andy" May (Rep. May, D-Ky.) had to be sacrificed, but "it's the party first."

It seems, as the story goes, that the republicans had a feeling some time last year that there had been a few "shady" deals pulled by congressmen in favor of special friends and influential constituents.

In the meantime, John Q. Public, standing on the outside and paying the bills all the while, knows little about what is going on. It is being hifted strongly—and in fact it was proven strongly this week—that more investigations would take place, but they would be later this year.

More Psychiatrists Needed In U. S., Says Group Studying Mental Health. WASHINGTON - (AP) - Shocking stories and pictures of the treatment of patients in some state mental hospitals were printed in the past year.

There are only 4,000 psychiatrists in this country, including those in the military forces. A mental health program able to do the job that needs to be done would require an additional 1,700 psychologists, 15,000 nurses, 4,500 psychiatric social workers, 1,000 occupational therapists, 15,000 attendants, and some 3,000 other technical personnel.

Undergraduate training in psychiatry was rated in a previous survey as excellent in only 19 of 67 Class A medical schools in the country, and psychiatric training was considered to be substandard in approximately one-third of these schools.

More Psychiatrists Needed In U. S., Says Group Studying Mental Health

WASHINGTON - (AP) - Shocking stories and pictures of the treatment of patients in some state mental hospitals were printed in the past year. Behind such stories are reasons like these:

Not enough money spent on mental hospitals and not enough trained personnel like psychiatrists and attendants—to handle the patients. The government has stepped into the field and will build, probably in about two years, a national mental health institute.

There are only 4,000 psychiatrists in this country, including those in the military forces. A mental health program able to do the job that needs to be done would require an additional 1,700 psychologists, 15,000 nurses, 4,500 psychiatric social workers, 1,000 occupational therapists, 15,000 attendants, and some 3,000 other technical personnel.

Undergraduate training in psychiatry was rated in a previous survey as excellent in only 19 of 67 Class A medical schools in the country, and psychiatric training was considered to be substandard in approximately one-third of these schools.
