

Committee Argues OPA Appropriation

Compromise Bill Modifies 2 Amendments

WASHINGTON (AP)—The compromise OPA bill sent to the senate floor today modifies two of the three amendments President Truman singled out for "fundamental objection" in his veto message.

But the third, outlawing so-called cost absorption by dealers of such things as automobiles, refrigerators and radios, remains intact.

Here they are in the order Mr. Truman mentioned them:

TAFT AMENDMENT
Sponsored by Senator Taft (R-Ohio), it would have required OPA to include in all manufacturers' price ceilings the price each manufacturer received on every item in the Oct. 1-15, 1941, base period plus the weighted average unit cost increase in the industry since then.

Mr. Truman criticized this as "complex" and declared further that 1941 profit margins were half again as great as in the banner year of 1929.

The revised amendment changes the base period to the full year and provides that added costs be computed on an industry-wide rather than a specific unit, average basis. In addition, various exceptions are provided to give wide latitude to the OPA, subject to the emergency court of appeals.

WHERRY AMENDMENT
Written by Senator Wherry (R-Nebr.), it specified that ceilings for distributors, wholesalers and retailers must allow them their Jan. 1, 1945, markups or discounts based on current costs.

Mr. Truman said it "gives a final See COMPROMISE, Page 7

European Peace Conference Set

PARIS (AP)—The foreign ministers today for a general European peace conference to be held in Paris July 29 for debate on treaties intended to end the war between Italy and the Axis satellites.

In a seven-hour and forty minute session which lasted into the early hours this morning, the diplomatic representatives of Great Britain, France, Soviet Russia and the United States reached agreement on Italian reparations—the final major point blocking preparation of treaty drafts—and fixed the date for the peace conference.

An American source said that, after approving the wording and before tackling the German treaty, the ministers probably would clean up odds and ends in the five treaty drafts—for Italy, Finland, Romania, Hungary and Bulgaria—they will submit to the conference.

The 21-nation general conference—composed of Australia, Belgium, Brazil, Byelo-Russia, Canada, China, Czechoslovakia, Ethiopia, France, Great Britain, Greece, India, the Netherlands, New Zealand, Norway, Poland, the Ukraine, the Union of South Africa, the Soviet Union, the United States and Yugoslavia—will not have final say on the treaties.

Russia has insisted on strict adherence to the terms of the Moscow agreement of last December, under which the Big Four are to draw up the final treaties after studying the advice of the peace conference.

Secretary of State James F. Byrnes, British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault have indicated that they intend to press for serious consideration of the advice of the conference when the council meets to complete the final treaties.

The ministers settled their last major conflict—Italian reparations. By an agreement providing that Italy pay Russia \$100,000,000 from munitions factories, from her assets abroad and from her production over a seven-year period, Italy was given a two-year period of grace before beginning the payments from current production.

The only item now on the agenda which still might cause trouble was the issue of freedom of navigation on the Danube.

Before winding up their current session the ministers also have to discuss the Austrian question and the present political situation in Italy, the latter placed on the agenda at Russia's request. Discussion of these questions—together with the problems of peace for Germany—were expected to occupy the ministers virtually until the eve of the peace conference.

State Consultant On Health Here

Emmett J. Howard, field sanitation consultant for the Texas State Department of Health arrived in Pampa Wednesday, July 3, to assist Dr. Roy A. Webb, county health officer, and other public health officials in Pampa and Gray county on various phases of sanitation.

Howard is a native of Texas and has been reported in this area, Howard urges each individual to do his part in cleaning up his city and his country.

"With the summer ahead, it becomes even more necessary for every person to maintain clean and sanitary premises," Howard told The News today. "A constant war of everyone against flies, rats, mosquitoes and other dangerous pests is necessary to prevent outbreaks of epidemic proportions to be prevented. Several reported cases of dysentery and other intestinal disturbances indicate the need for closer attention to sanitary methods of handling and marketing food both in the home and public food establishments."

Communist Gottwald Is Czechoslovak Premier

PRAGUE (AP)—Communist Klement Gottwald became premier of Czechoslovakia today when President Eduard Benes approved his cabinet list containing six members of the party. Jan Masaryk, former premier, remained as foreign minister, however. The cabinet was a careful balance of right and left parties, with the left holding a slight edge.

Holiday Deaths in U. S. Lower Than Expected

By The Associated Press
The nation celebrated a comparatively safe and sane Fourth of July holiday yesterday. Fireworks caused some deaths.

The toll of violent deaths, a survey disclosed, was far below the estimate which had been forecast by the National Safety council for the first post-war Independence Day and the extended four-day holiday.

Testimony by Ordnance Chief Being Heard

DEGANAN KIDNAP SUSPECT AND CLEW—Pictured at left, above, is William Heitens, 17-year-old University of Chicago student, held in that city in connection with the kidnap-slaying of 6-year-old Suzanne Degnan last January. State's Attorney William J. Tuohy said a print of Heitens' left hand little finger, right, had been matched by police and FBI men with one found on the Degnan ransom note.

401 Members of Pfluger Family Stage Reunion

FLOGERVILLE, Travis county (AP)—The 402-member Pfluger family from whom this 93-year-old settlement is named now finds it necessary to organize formally—with officers.

Election was held yesterday when members of the family gathered in the backberry and elm shade of the P. H. Pfluger farm to celebrate the 4th of July with one of the largest family reunions ever held in Texas.

The custom was started in 1934 by Henry Pfluger, Sr., and missed only during the war year of 1945.

Sole business of the new officers will be to arrange for next year's reunion at the same place and time as this year's. D. J. Pfluger will be chairman; Gladys Pfluger, secretary; Roy Kuempel, treasurer; Mrs. Olin Teer, reporter; and Mrs. Walter Fuels, program chairman.

In 1853 Henry Pfluger, Sr., an immigrant from Hesse, Germany, settled on a farm between the forks of Wilburger creek near yesterday's reunion site. It was the beginning of the Pfluger family.

"I don't know one in ten of them," commented one of the middle-aged members of the family yesterday in surveying the reunion crowd.

The reunion service for the family still being predominantly his descendants.

"I don't know one in ten of them," commented one of the middle-aged members of the family yesterday in surveying the reunion crowd.

Pampans Injured In 'Cycle Wreck

Two Pampa men, Casper F. Thompson, 27, and Glen Roy Crouse, 21, were seriously injured yesterday when the motorcycle on which they were riding was in collision with an automobile, driven by Felix W. Helm, 31, of Clovis, New Mexico.

The accident occurred on a curve at the crest of a hill near Canadian, according to Texas Highway Patrolmen who investigated.

Thompson and Crouse have serious injuries to their left knees as well as cuts and bruises. They were taken by ambulance to a Canadian hospital where they are being treated.

Helm suffered a broken arm and cuts. He is registered at the Hillcrest hotel in Canadian and is a Santa Fe fireman, according to word received here.

'Amber' Thrown Out Of Massachusetts

SPRINGFIELD, Mass. (AP)—Today in an interlocutory decision Kathleen Winsor's novel "Forever Amber" was banned for sale or distribution in Massachusetts.

The ban was based on a complaint that the book was "obscene, indecent and impure."

The resignation of Mrs. J. B. White, executive secretary of the Gray county Red Cross chapter, was made known today by Red Cross chairman Huey Laycock.

Mrs. White, who has served the local chapter for six years and three months, has requested release from duties July 31. No successor has been named to date.

Porter Asking Congress for Bill Revision

WASHINGTON (AP)—Senator Bridges (R-NH) tried today to keep the senate appropriations committee from even talking about new money for the stricken but still-fighting OPA.

Bridges took the stand that OPA is legally dead. He said therefore the committee can not even hear testimony by Price Administrator Paul Porter on a \$106,000,000 OPA appropriation bill.

Porter called on congress to revise another bill, extending OPA for a year to get it more closely in line with President Truman's recommendations.

His cry of dissatisfaction with the compromise measure worked out under the leadership of Senator Barkley (D-Ky.) apparently disturbed its supporters.

SUPPORTERS DISTURBED
Advised of Porter's statement, Barkley grimly told reporters: "I don't know what to say."

Barkley apparently had counted on the support of both Porter and President Truman for the new bill drafted as a substitute for the OPA extension Mr. Truman vetoed last week. The Kentuckian said he will attempt to bring the measure before congress.

See OPA BILL, Page 7

Necessities of Life Cost More American Money

By The Associated Press
The American housewife business man, farmer and housewife paid more for many necessities of life today as the first week's test of a peacetime three-price economy drew to a close.

Stocks were mostly quiet in another slow session at the New York Stock Exchange and cotton was off 80 cents to more than a dollar a bale when trading was resumed today.

In Chicago, hog receipts were heavy but trading was slow at the opening. Cattle arrivals exceeded expectations with 9,700 head arriving as compared to a forecast of 5,000. Swine receipts also were better than expected.

Although some of the nation's major cities and rural areas came through the first few OPA-less days without a noticeable dent in the pocketbook, there was some black market that most of the country was not so fortunate.

Meat prices all but staged a runaway in a majority of cities, although some industry spokesmen said they were still under black market levels and would begin to ease downward once the long-bare counters were filled again.

Bled and milk costs also spurted upward in a quick getaway but they were far behind the meat price levels in most other everyday commodities.

"Meat up" was the reply from almost everywhere—it was up as much as 50 percent in some places.

See LIVING COSTS, Page 7

Consumer Price Of Milk Increases

The consumer price of milk will be raised 2 1/2 cents per quart, effective Saturday, July 6, according to an announcement made today by E. O. McDowell, manager of Plains Creamery.

McDowell explained that the consumer price has been raised in order to pass on to the farmer the subsidy payment he (the farmer) lost with the lapse of the OPA.

During the war, producers were paid by the government from 35 cents per 100 pounds of milk to 75 cents per 100. During June 35 cents was paid. The subsidy bill was connected with the OPA and consequently the farmer is not receiving any subsidy at the present time.

In Gray and other counties, farmers were given a raise of 20 cents per 100. June 8, however, most counties throughout the United States received a 40 cents per 100 raise. The government had promised a 20 cent additional 20 cents per 100-lb. raise July 1, but it was not granted, McDowell said.

"We want the people to know that this 2 1/2 cent raise will go to the farmer and not be used for our own benefit," McDowell asserted. "We must pay this subsidy in order to help our farmer-producers remain in business."

Canadian Rodeo Is Attended by Over 3,000 Fans

CANADIAN (Special)—Western garb predominated on Canadian streets yesterday as more than three thousand people jammed the town to see the second day of the Canadian Amateur Rodeo exhibition.

High-heeled boots, levis and loud shirts were a common sight as one of the largest crowds on record swarmed restaurants and soda fountains. The Fourth of July merry-making continued until late last night as cowhands and fans from a wide area overflowed dance floors at the City Hall and Rutherford building. Western music was featured at these dances.

Ninety-seven contestants, including many of the top amateurs in the Panhandle, competed for prizes before a large crowd which overflowed the bleachers before half the spectators were seated.

Fup Wells of Borger scored the best two day calf roping average over a field of contestants.

Other winners for the best two day average were bronc riding, Toots South of Canadian; ribbon roping, David Wilson of Canadian; bull riding, Bud Smith of Perryton; and wild cow milking, Bill Stockstill of Pampa.

Events and first place winners were: Calf roping, July 3, Johnny Hext, Gem, 17.9 seconds; July 4, David Wilson, Canadian, 15 seconds.

Bronc riding, July 3, Toots South, Canadian; July 4, Toots Smith, Ribbong roping, July 3, Studer Henry, Mobeetie; July 4, Taz Hixon, Harmon, Oklahoma.

Mule riding, July 3, Joe Wheeler, Canadian; July 4, none rode. Bull riding, July 3, Eddy Ack-See RODEO WINNERS, Page 7

Paper Protesting Shocking Episode

COPENHAGEN (AP)—Under a front page headline reading "Censorship in front of spectators," the Conservative Nationaltidende protested today against "shocking episodes" at a pier dance arranged in connection with an American naval visit here.

"Several of Copenhagen's fastest girls were among the guests on the pier last night," the paper said. "They behaved like hussies from harbor joints. Equipped with beer bottles they allowed themselves to be pawed by American sailors in front of thousands of spectators who felt ashamed to see Danish girls behave like that."

The paper said it obviously was the "dregs of former wehrmacht girls" who seized American sailors for the night.

Axel Dessau, chairman of the Danish Allied committee which arranged the dance, said more stringent measures would be taken at future dances, but he added with a sigh: "Sailors are sailors."

60 Statues Found in Egyptian Building

CAIRO (AP)—More than 60 statues of men and women and detailed inscriptions have been found in a 4,000-year-old building discovered 10 miles from the present city of Assuan by Prof. Labib Habashi, inspector of the upper Egypt antiquity department. It was announced today.

SILVER BLUE BEAR CUB BORN IN BRONX ZOO

NEW YORK (AP)—A little bear cub, instead of any male hair ruse, but nevertheless a silvery blue color, greeted the public today for the first time at the Bronx zoo.

An unused offspring of a black bear, he is the first cub of his color ever recorded from the eastern United States.

The rollypoly infant is silvery blue except for a brown muzzle and ears. He was captured along with a normal black brother and sister by a hunter in Ulster county, N. Y., who reported their mother had abandoned them.

Childress Youth Pitches Victory

SHAMROCK—(Special)—No hits, no runs, no errors, no man to reach first base! It doesn't seem possible to us, either, but Hall, a 14-year-old Childress boy, pitched that kind of ball Tuesday night to resume play in the Jaycee softball tournament.

With Hall's hurling, Childress defeated McLean, 20 to 0, despite the fact that the Gray county team made only four errors.

In the second game of Tuesday night's doubleheader, Lefors downed the Reydon, Okla. All-Stars 13 to 2. Play between the 12 clubs entered in the tourney will continue nightly through tonight (Friday) with the finals to be played Sunday afternoon.

Americans and Welshman Tied

ST. ANDREWS, Scotland—(AP)—Johnny Bulla and Sam Snead, two long driving Americans, and Dai Rees, a diminutive Welshman, tied for the lead in the British open golf championship at the three-quarter mark today with totals of 215.

Bulla, the runner-up in 1939, got a one under par 72 in his morning round. Rees, who set the course afire yesterday with a record 67, took 73 strokes in his third round. Snead added a 74 today to his previous 71-70.

Right behind them was Henry Cotton, veteran English pro with 216, and Bobby Locke, South African, with 218. The course played much harder today with a stiff, cold wind, but the leaders stayed close to par leaving Lawson Little no chance to catch up despite his nice 72 this morning.

Houston Man Wins Galveston Regatta

GALVESTON—(AP)—J. J. Kreiger, Houston, won first in the cabin cruiser race of 42-footers and over at the greater Galveston Beach association's boat regatta here yesterday.

In the 36-footer cruiser races A. C. House of Galveston won first with Jack Black, Galveston, a close second.

Jim Beardsley won first in the small boat division.

Split Season Is Sought in League

ALBUQUERQUE, N. W.—(AP)—Cy Fausett, business manager of the Albuquerque Dukes, is polling members of the West Texas-New Mexico baseball league on a split season with a playoff between winners of first and second halves.

Fausett proposed the first half end tomorrow and the second half start Sunday.

To approve the split season a unanimous vote is needed by Amarillo, Abilene, Pampa, Lamesa, Borger and Lubbock in Texas and Albuquerque and Clovis in New Mexico.

Portland cement comes from England.

Youth Fellowship Has Ice Cream Party

McLEAN, (Special)—The Methodist Youth Fellowship met at the church for an ice cream party Wednesday night, and attended the show afterward. Games of volleyball and croquet were played.

Attending the party were Grace Wilson, Jan Black, La Wanda Shadd, Mary Hess, John Dwyer, Patty Ruth Rippey, Douella Wood, Imogene Peabody, Bob Black, Lynn Dell Mantooth, Ann Wilson, Robin Tibbets, Ray Longino, Sally Ledbetter, Grace Wilson, Marselle Windom, La Veta Gunn.

Kenneth Carter, Iva Mae Adams, Bobby Kramer, John Haynes, David Dwight, Erlene Fustace, Dr. and Mrs. James Kritzer, sponsors, and the Rev. and Mrs. H. A. Longino.

Marcheta June Hall Celebrates Birthday

Marcheta June Hall was honored with a birthday party at her home, 1123 E. Frederick, Sunday. She was celebrating her ninth birthday anniversary.

The afternoon was spent in horseback riding. After gifts were opened the guests sang "Happy Birthday."

Refreshments of ice cream and cake were served to Janice Isbell, Sally Cobb, Clio Marie Hood, Zeporia Hall, Amy Brooks, Avis Sanchez, Gary Griffin, Butch Coffey, Shorty Coffey, Charles Eugene Brooks, the honoree, and the hostess.

Mrs. H. H. Heiskell and Annie Kay Lard sent gifts.

Announcement

Rainbow Girls will attend the First Christian church in a body Sunday morning. All members of the order are requested to meet in the church vestibule at 10:45.

Nehi Bottling Co. Changes Ownership

A change of ownership in the Nehi Royal Crown Bottling company was announced today by Tom Wade, who transacted the sale.

The purchase was made for Thomas B. Campbell, veteran from San Angelo who graduated at PAAP and served 18 months in the South Pacific as a bombardier. He is now a licensed pilot. Phil Fraser is the former owner of the company.

Princess Lines

8056 34-48

By SUE BURNETT
Want to look slim and lovely—try this graceful princess frock in a gay all-over flower print. Gentle lace outlines the flattering neckline and scalloped sleeves and front closing. Beloved by every age.

For this pattern, send 25 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett, Pampa Daily News, 1150 Ave. Americas, New York 19, N. Y.

New-Exciting-Different—the SUMMER issue of FASHION. Send twenty-five cents for your copy of this 52-page book of ideas and patterns for all home sewers... suggestions by nationally known fashion editors... special patterns by top-flight American designers... contest designs by America's talented juniors... free shoulder pad pattern printed in book.

Dummies Might Be Ideal Car Comrades

By RUTH MULLET
NEA Staff Writer

A Seattle man brought a couple of dummies to accompany him on an automobile tour—so as to discourage hitchhikers.

He may be the first man to have deliberately picked stuffed dummies for traveling companions, but many a man who has toured with his family would probably have had a more enjoyable trip if he had taken undemanding dummies along.

With the dummy in Mama's seat, he wouldn't have had to stop at fancy sea-rooms for meals, or what patiently in the car while Mama investigated places of historical interest and telephoned college classmates he hadn't seen or thought about in years.

With a dummy in Junior's place, he wouldn't have had to stop at every sixth filling-station and every tenth postcard.

With a dummy in Sister's place, he wouldn't have had to listen to all that wrangling over whose turn it was to stretch out in the back seat.

THEY WOULDN'T TIRE

And dummies wouldn't have become tired of riding by four o'clock in the afternoon, and insisted on stopping before Papa could pile enough miles to enable him to impress his friends with one of those "We made five hundred miles the first day" trilogues.

Many a family man probably thinks secretly that the Seattle tourist has at last assembled the ideal vacation companions. Especially so if the family man has just returned from his first postwar cross-country tour, planned by mama and directed by the kids.

Mainly About Pampa and Her Neighbor Towns

H. H. Stall has returned home from a Dallas hospital. He is receiving some company, and his condition is reported satisfactory.

Wanted: Woman companion and housekeeper for elderly lady. Call 29.

Mr. and Mrs. Roy Hobbs returned yesterday from Hot Springs, Ark., where they have been vacationing for the past four weeks.

Cab drivers wanted at Peg's Cab. Apply in person.

E. O. Wedgeworth, manager of the local chamber of commerce, will be in his office Saturday. He has been attending the Texas Cowboy Reunion held in Stamford this week.

Stanley Barnett and Mrs. T. D. Alford are visiting in Lubbock with Mrs. Alford's daughter, Anna Lois. Miss Alford has a secretarial position there for the summer months.

For Sale: 1939 Ford dump truck, New 1946 motor, good condition. Call at Eat-A-Bite Cafe.

Mr. and Mrs. John M. Nutting are the parents of a daughter, Nancy Jane. The baby, which was born in a local hospital Tuesday, weighed 6 1/2 pounds.

The Thinking Fellow Cafe's a Yellow. Ft. 51 or 536. 111 N. Somerville.

H. C. Coffee returned today from the radio held in Stamford.

We carry a complete line of parts for wagons, bicycles and tricycles. We'll make them like new. Roy & Bob's Bicycle Shop, 414 W. Browning.

Leaves From a Correspondent's Life Notebook

(Hal Boyle begins today a series of columns written by representative Germans, presenting their own uncensored views of their nation's life and future. The writers' anonymity is preserved in order to make possible the utmost honesty and frankness of expression. The series is planned with the intent of providing a cross-section of German thought. This, the first of the series, was written by a Berlin journalist.)

BERLIN—(AP)—The number one problem faced by a German newspaperman these days is the entirely new political structure of Germany caused by the loss of the war and the occupation of the country.

He must think in foreign and local policy at the same time. The entirely different ideas of democracy which the four great powers represent give no basis for the necessary reduction of our people to become real democrats. This leads Germans to take sides as to the occupying power they like or dislike.

What other consequences may result from this tendency of the Germans toward one or the other great power cannot be decided yet.

The Russians have made more progress in their propaganda than the other Allies. As an example, questions like the food situation and the question of supporting Germany with food imports—where the U. S. A. is undoubtedly leading—are still not clear in the mind of the German people.

Problem number two for the German newspaperman is the general attitude of the Western Allies. They

miss the opposition against the Russian tendency toward total bolshevization.

The lack of Allied politicians who might be successful with a well-balanced policy against the strong Russian pressure leads to the conclusion that the Americans will lose the victory they gained in Europe.

Propaganda chances which were very obvious unfortunately haven't been used. German are not enough engaged for these tasks. The feeling of suspicion against Germans is still very strong on the American side. It often happens that the Americans even exceed their own strongest denazification laws in considering persons supposed to take over official positions or jobs with military government. In this way the Americans miss those Germans who would have the background for a new policy on re-education.

Undoubtedly England is the favorite in the feeling of the Germans toward the four occupying powers. The reason is the most correct and straight occupation policy of the British. Here the Germans meet—and it is most important—a sort of human interest in their present problems. This is quite a contrast

to the generally cold attitude of the Americans.

We Germans have to look eastward and westward. We have to take a hard way—we are certain of that. But we also know that our efforts will be in vain if a united policy for Germany isn't followed soon.

How can we become democrats if the occupying powers do not live up to a real and clean democracy?

Two New Colleges Are Established

AUSTIN—(AP)—Steps taken and difficulties encountered in establishing two of the newest junior colleges in Texas were discussed at the annual junior college conference-laboratory at the University of Texas yesterday.

R. T. Piner, Big Spring banker and president of the board of directors of Howard County Junior college, said the vote for the col-

lege there was about seven to one. The college hopes to open in the fall in a building located on the former army bombardier school at Big Spring.

President Orval Pirie of the Henderson County Junior college said the county voted overwhelmingly for the school and support has been extremely favorable throughout its short existence. The school opened with an initial enrollment of 80 students. The college provides free bus transportation to students living in the county he said.

Texas needs more and bigger junior colleges, Dr. C. C. Colvert told the conference.

Dr. Colvert, professor in junior college education at the university,

IS GETTING UP NIGHTS GETTING YOU DOWN?

Thousands say famous doctor's discovery gives blessed relief from irritation of the bladder caused by excess acidity in the urine

Why suffer needlessly from backache, run-down feeling from excess acidity in the urine? Just try DR. KILMER'S SWAMP ROOT, the renowned herbal medicine. SWAMP ROOT acts fast on the kidneys to promote the flow of urine and relieves troublesome excess acidity. Originally created by a practicing physician, Dr. Kilmer's is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Absolutely nothing harsh or habit-forming in this pure, scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and ease discomforts of bladder irritation. All druggists sell Swamp Root.

The eruption of Krakaton in 1883 caused the loss of 36,000 lives.

H. L. Anderson, 39, of Freer, had his left arm shattered in an automobile accident. With a nerve few could muster, he thumbed a ride into Alice, walked into the hospital, where doctors amputated his arm above the elbow.

We cannot exaggerate the moral and spiritual inheritance the world has gained from the Jewish law. Many Gentiles before the time of Jesus became proselytes to the Jewish religion, drawn to it by its moral emphasis.

The earthly inheritance of Jesus was in the law and the prophets, the religion of His home and parents, to which He gave new power and direction.

PAMPA Business News...

CLEANING PLANT HAS BEEN REMODELED

The shot above shows the front office of the Pampa Dry Cleaners, which is located at 204 North Cuyler street, Clyde N. Jones, owner and operator of the concern for the past year, is not shown in the picture.

On the left is Loueyll Ballard, cashier and checker, her assistant, Lonella Butler. The Pampa Dry Cleaners plant and office have just been remodeled. A new service will be added on Monday. At that time the concern will begin taking orders for tailor-made suits. A new line of materials has either arrived or will arrive within a day or so.

Pampa Dry Cleaners Are Now Remodeled

The Pampa Dry Cleaners shop at 204 North Cuyler, has just been remodeled, and next Monday will have a new line of materials to take orders for tailor-made men's suits, it was announced this morning.

Clyde N. Jones, who a few years ago operated a cleaning plant at Pampa, is the owner and manager of the Pampa Dry Cleaners. He has been operating the plant for the past year.

Principal services offered at the Pampa Dry Cleaners, whose telephone is 88, are cleaning, pressing, dyeing, stretching, and altering. This service is available for all kinds of clothing, for both men and women.

"A picture record is the only COMPLETE record in the world" is an adage of QUALLS PAMPA STUDIO, 110 W. Foster. . . therefore it is suggested that you keep "your children with you always" by having their pictures taken when they are young.

The Pampa Dry Cleaners have delivery service for those customers who request it. Two-day service is ordinarily offered, but one-day service is obtainable on all services, it was emphasized.

LONG'S SERVICE STATION has two convenient locations - 321 S. Cuyler and 701 W. Foster where "service with a smile" is dispensed by a staff of skilled attendants—drop by next time you are near either of these modern stations.

Mr. Jones invites all his old customers and new ones to come around to the plant and see the improvements that have been made.

THE MOTOR SUPPLY CO., 314 W. Foster, handles an extensive line of nationally known automotive accessories, parts and supplies for garages and machine shops. . . an inquiry directed to this firm will receive prompt attention.

'YES, WE MAKE ALL KINDS OF TIN ITEMS'

Shown here is an interior view of the Des Moore Tin Shop which was established here at Pampa in 1919. It is located at 111 East Kingsmill street. Since then the concern has gained quite a reputation for services offered in tin.

The workers employed there will not turn down a job—they make practically anything requiring construction with tin. At this time they are making a number of heating and air-conditioning units. Shown at the rear is Des Moore,

owner and operator. At the front is Kirby Suggs, who has been employed at the shop for the past 18 months. There are two other employees, who are not shown. They are Douglas Camp and W. E. Edwards. The telephone number is 102.

C. V. Newton and Son, Randy, Have Purchased Service Station Formerly Owned, Operated by H. H. Williams

C. V. Newton and his son, R. W. "Randy," have purchased the H. H. Williams service station located at 623 West Foster street. It was announced this week.

C. V. Newton was for 23 years district superintendent for British-American. For the past year he had been with the Humble Oil company wholesale department.

Principal services rendered are washing and lubrication, and tire repair. C. V. and Randy said: "We are interested in meeting old and new customers alike." The telephone number is 461.

His son, Randy, a graduate of Pampa high school, returned to this country from Europe a few months ago. He has received his honorable discharge from the army. Before entering the armed services he was

employed by the Continental Oil company where he gained experience in lubrication service. Mrs. M. E. Davis, formerly Pat Curley, will be in charge of book-keeping, and will handle other office duties.

The concern will be known as C. V. Newton and Son Service Station, it was said. Mr. Newton said he and his son are now redecorating the station.

That OLD pair of shoes can be made to look and wear like NEW at the CITY SHOE SHOP, 319 West Foster, where shoes and boots are also made to order.

THE REX COFFEE SHOP (next to the Rex Theatre) is getting to be quite a gathering place for his business neighbors (especially members of the Pampa News staff) and is earning a favorable reputation for the excellent coffee and other drinks served as well as sandwiches, lunches and just lots of "good to eat" things.

Principal products sold are Standard gasoline and oil, Atlas tires and batteries, Firestone tires and batteries. Repair parts are also available.

A wide assortment of delicious pastries awaits your selection at the PURITAN BAKERY, 509 South Cuyler. . . in fact it is not necessary for any lady to stand over a hot stove making pies and cakes when she can drop by this bakery and supply her needs "ready to serve."

Motor Supply Co. 314 W. Foster Phone 570 Pampa, Amarillo and Clovis, N. M. Wholesale automotive parts and equipment. Distributors for the entire Panhandle from Shattuck, Okla., to Carlsbad, N. M.

There is NOTHING too big for us to move," stated J. D. Wright, Sr., of the firm of J. D. Wright and Son, 119 South Starkweather. . . certainly this seems to be the case because some of the recent jobs handled are so immense they almost defy belief—but the fact remains that anyone who has a real big, mean job of moving can get fixed up quickly by calling 788.

YOUR LAUNDRY AND DRY CLEANERS is no further from you than your telephone (the number is 675)—you can call these folks and your laundry will be picked up, finished like you wish, and returned to you—it will pay you to investigate the different services offered by this modern laundry.

Pampa's 24-hour cafe, THE K O WAFFLE HOUSE, 108 West Foster, renders the community a useful purpose in being "always ready to serve you," day or night. . . it is also rumored that the steaks served there are really good.

Principal products sold are Standard gasoline and oil, Atlas tires and batteries, Firestone tires and batteries. Repair parts are also available.

inference "that I was to go out of bounds possibly to help Dr. Garsson."

About March 1, 1944, "in order to protect the war department against this pressure," Campbell testified, he sent a General Hardy to Chicago to get "first hand information" of the situation.

"That was an unusual procedure, was it not?" Chairman Mead asked. "It was to protect ourselves—the war department—from this pressure," Campbell replied.

Campbell also read a transcript of a telephone conversation March 1, 1944, between a General Hayes of his office and Col. John Slezak, then executive officer of the Chicago ordnance district. The two discussed Garsson, and Slezak was recorded as saying to him:

"He's quite a He used Congressman May considerably and Congressman May goes beyond the limits of propriety in getting things done."

The "blank" was in the transcript and Campbell said he did not know whether a word had been taken out or whether it signified only a halt on Slezak's part.

Senator Tunnell (D-DeI) asked what was meant by "getting things done," commenting that "all of us were trying to get things done."

"I suppose the implication is that Mr. Garsson was getting contracts through influence," Campbell replied, then hastily added that perhaps the committee should ask Slezak.

Campbell related after May had introduced him to Garsson by telephone, Garsson came to his office. He said he believed he had given Garsson an introductory letter to Brig. Gen. Thomas S. Hammond, chief of the Chicago ordnance office.

Neither harmful nor useful, the blue nightshade is related to the potato and many deadly poisonous plants.

Results of Pampa Motorcycle Show Not Yet Compiled

The results of the Pampa Motorcycle Show have not been learned as yet, but are being compiled by Jess Pierce, American Motorcycle Association referee. Upon completion, Pierce will mail the results back to Pampa officials, who will award the prizes and present a trophy to the high-point man of the show.

Among the most thrilling events of the afternoon, was the broad jump. Each contestant made a short run on his motorcycle to an elevated ramp, and attempted to jump far enough to win over his fellow contestant. Winning distance was about 25 feet. Luckily for the riders, there were no spills, and the crowd enjoyed this event to the utmost.

Another exciting event was the polo game. This was a severe test of men and machines, which became very exciting as time went on. The game was called in the third quarter through the bursting of the ball.

There were several grudge races between members of the Pampa club and the Rough Riders from Amarillo, besides the scheduled five races of the two different sizes of motors. The surf board race, which was merely for exhibition also proved interesting to spectators.

Living Costs

(Continued From Page 1) as 50 per cent in such points as Los Angeles, New York City and San Bernardino, Calif.

Also in an upward spiral were the costs of restaurant meals, hotel accommodations and bread, an Associated Press survey showed.

In New York City the wholesale food price index of 31 commodities was \$4.54—highest since the \$4.57 of July 25, 1920.

Many of the price boosts were attributed to the loss of government subsidies, which ended June 30 when they were withdrawn pending congressional action on re-establishment of price control.

In Washington, food officials estimated that the subsidies, which were costing the government at the rate of about \$1,455,000,000 a year when price control ended, reduced the average consumer's grocery bill about \$12 a year.

Compromise

(Continued From Page 1) boost to prices (after the Taft amendment) by requiring the pyramiding of manufacturers' increases at the wholesale and retail levels.

Under the new version, OPA is required to make "due allowance" for current costs, plus the percentage discount or markup in effect June 29, the day before OPA died.

CRAWFORD AMENDMENT Sponsored by Rep. Crawford (R-Mich.), this provision specifies that OPA may not interfere with the normal profit margins of dealers handling "reconversion" items—those whose production was curtailed by the war. It is designed to end OPA's previous practice of requiring dealers to absorb a portion of the increased costs of those items on the ground that no particular sales effort is required.

Mr. Truman applied the same "pyramiding" objection to this amendment, but it was kept in the bill by the senate banking committee. These other principal provisions also remain unchanged:

EXTENSION Restores all price and rent controls until June 30, 1947, picking up where OPA last Sunday—at least until new ceilings are imposed.

SUBSIDIES Holds amount to \$1,000,000,000 and provides that no food subsidies can be paid after next April 1. Mr. Truman in his veto message asked for \$1,250,000,000 and urged their "orderly termination during the first half of 1947."

DECONTROLS Established a three-member, bipartisan board to be appointed by the President subject to senate confirmation with power to overrule either OPA or the agriculture department on the issue of removing specific items from price controls.

FARM PRODUCTS Gives the secretary of agriculture rather than the OPA administrator final say on what agricultural products can be kept under price ceilings.

"MAP" Abolishes OPA's maximum average price regulation which required clothing manufacturers to turn out a specified proportion of low-priced garments.

NEW CONTROLS Forbids price ceilings on any commodity not previously under control.

OPA Bill

(Continued From Page 1) fore the senate as soon as possible. It may be delayed until next week by opponents, however.

O'DANIEL WILL TALK
Senator O'Daniel (D-Tex) who filibustered to delay passage of the original extension bill, said he intends to talk against the new bill at every opportunity and as long as he can.

He hopes, O'Daniel said, that the continued non existence of OPA will prove to the public that the agency is not needed.

The bill as amended by the senate banking committee over the protests of Senator Taft (R-Ohio), Porter said, does not go far enough. He said it contains "undesirable features."

While Porter did not elaborate on provisions of the bill he regards as objectionable, it was understood that these include:

(1) Amendments which outlaw a requirement that manufacturers produce low-cost clothing; (2) A provision for special pricing of cotton and woolen textiles; (3) An amendment restoring the prewar profit margins of automobile dealers and household appliance distributors; (4) Frantically provisions transferring authority over food prices to the secretary of agriculture and (5) Those setting up new procedures for removal of price ceilings.

The senate apparently was in for a hot fight on the bill.

Its fate there, in the house and at the executive mansion will determine when and if the ceilings that collapsed last Sunday midnight are to be restored.

The measure, approved 12 to 5 last night by the senate banking committee, differed in only two major particulars from the one President Truman vetoed last week with the comment that it was an "impossible" piece of legislation.

Nevertheless, the changes — both involving profit formulas for manufacturers, wholesalers and retailers — were such that Republican Senator Taft of Ohio declared open war on the revision and announced he would battle it on the senate floor.

SNAPPING PASSENGER
MILWAUKEE—(AP)—Mr. and Mrs. Gustav Riebow found a turtle in their back yard and decided the proper thing to do was to take it out into the country.

While enroute in the Riebow auto to the turtle, a snapper got loose and bit Riebow. He lost control of the car and ran into a tree.

Mrs. Riebow suffered cuts on the forehead. The turtle plodded away from the scene.

Services Held Today For George E. Smith

Funeral services were being held at 3 p.m. today from the chapel of Duemel-Carmichael Funeral home for George Edward Smith, 84, who died at 10:15 p.m. Wednesday in a local hospital.

A resident of Pampa since 1930, Mr. Smith lived at 214 E. Kingsmill. He came to Pampa from El Dorado, Ark.

He is survived by his wife, daughter, Mrs. Mary Harris; half-sister, Mrs. Emma Barrett of Bernice, La.; half-brothers, Dave Johnson of Bernice, Eugene of Shreveport, La., and Bob of California.

The lights will come on at 8 a.m. Monday, Homer Taylor, D. M. Murphy, Wilson Hatcher and Jesse Mays. Services were being conducted by the Rev. H. H. Woods. Burial is in Fairview cemetery.

Baylor To Have 75 Memorial Lights

WACO—(AP)—Seventy-five new memorial lights will arrive in July for Baylor's campus, Dr. Roy J. McKnight, business manager said. The lights will commemorate Baylor men killed in World War II. A total of 122 will be completely installed by the beginning of the fall term.

Ed Leiker Hurts No-hit Game As Oilers Win Four

Sports Round-Up

By HUGH FULLERTON, JR.
NEW YORK.—(AP)—Here it is just past the traditional midway point of the baseball season and football will be on the scene in ten days.

The Brooklyn Dodgers and Chicago Rockets of the All America conference are scheduled to begin training July 15 at Bend, Ore., and Santa Rosa, Calif., respectively, and they'll meet in the first exhibition game at Portland Aug. 15.

The regular league season won't start until Sept. 6. The older and more conservative National League won't start training until August and will swing into real action with the Chicago All-Star game Aug. 23.

From the way sports figures have been telling it to the judge lately, you'd think the baseballers might sue the footballers for infringement on their season, but Publicist Joe Petritz has the answer to that. "Their season is all over now," he maintains. "It's the Red Sox and the Dodgers."

OH, YEAH?

When final examinations caught up with three Villanova football prospects recently, Coach Jordan Oliver, who had been an honor student in his undergraduate days, said: "If they're not smart enough to pass college courses, they're not smart enough to play college football."

Of the 55 highest peaks in the United States, 42 are in Colorado.

Faces Only 27 in Second Tilt Garland, White and Parks Win

By FRANK STALLINGS

Big Ed Leiker hurled the fourth no-hit no-run ball game in the history of the West Texas-New Mexico league last night against the Lamesa Lobos in the second game of a double header here. The Oiler pitcher lacked only one man of having pitched a perfect game; however he only pitched to 27 men, but Melago walked in the last half of the ninth and was later caught in a double play. Leiker struck out ten Lamesa batters.

To back up this near perfect pitching, the remainder of the team played errorless ball throughout the game, and lashed out with 13 hits to win, 12-0.

The Oilers swept the four game series against the Lamesa Lobos, by winning a double header Wednesday 9-2 and 11-5, in two seven inning games, and by sweeping through last night's games with a 2-1 win in eight innings and the 12-0 hit fest.

Wednesday the Lobos used four pitchers in the two games but failed to hold the Pampa batting down. Fullenwider came up with home runs in both games, and in the second Wednesday game Grover Seitz and Jack Riley also clouted four baggers.

In the games Wednesday, Foster White copped his eleventh win of the season, and a new man, Frank Parks, held the Lamesa team to 5 runs in the seven inning nightcap.

Lefty Bill Garland handed the Lamesa nine a four hitter in yesterday's first game, but an error allowed them a run in the fifth inning. The Oilers, however, came back in the fifth to score one and tie the count. At the end of the regular seven inning, the score was 1-1.

The first three Lobo batters went down, then the Oilers came to bat and Garland reached first on an error. R. C. Otey sacrificed and Garland went to second, then Earl Harriman flied out. Grover Seitz came to bat and knocked a sizzling line drive right over third base to score Garland and win the game.

The second game found the Oilers bats still hot and they knocked the first pitcher out of the box in the fifth when the Oilers scored five runs. Fullenwider hit the first pitched ball for a double and he scored Range's single. Zigelman walked then Otey was safe at first forcing Zigelman. Harriman singled, scoring Range and Otey. Seitz also drew a bye and scored on a balk. Harriman scored on Riley's single.

The Oilers again scored five runs in the sixth, as Tony Range opened up a rally with a single and was safe at second on a wild pitch. Zigelman and Leiker both went out and Otey again got to first on an error. Harriman doubled scoring Range and Otey. Seitz was hit by a pitched ball and scored Riley's doubled. Richardson singled and Fullenwider singled but Richardson was caught stealing home and ending the inning.

In both the fifth and sixth innings, the Oilers batted around the lineup.

The Pampa team did not score again until the eighth when Seitz singled and Riley tripled to score Seitz. Richardson walked and Fullenwider struck out. Range singled scoring Riley and Zigelman was hit by a pitched ball. Leiker then forced Zigelman at second.

There are no games scheduled for the league today but the Oilers will travel to Clovis for a three game series starting tomorrow.

Attendance Record Is Foreseen

By JOE REICHLER
Associated Press Sports Writer

The major leagues made into the second half of the first post-war baseball campaign today virtually assured of establishing a new season attendance record before the end of the month. They have hopes of reaching the 20,000,000 mark before the season comes to a close Sept. 29.

A total of 239,456 fans paid to see yesterday's Independence Day bargain bills to boost the total attendance for the National and American leagues to 8,999,352, only two million short of last year's record figure. Should the New York Yankees and St. Louis Cardinals, respective runners-up in the American and National leagues, spur to narrow the gaps between themselves and the pace-setting Boston Red Sox and Brooklyn Dodgers, the 20,000,000 attendance aim may be realized.

Neither the Yanks nor the Cards were able to take advantage of the mediocre performances of the league leaders yesterday.

The lowly Philadelphia Athletics, should the Red Sox 3-2 in the opener of their twin bill. With Ted Williams slugging his second homer of the day and his 22nd of the season, the Sox had to stave off a desperate Macken rally to cop the nightcap 9-8.

After Emil (Dutch) Leonard had blanked the Yankees in the first game for Washington 2-0, the Bronx bombers came back in the nightcap to return the shutout 5-0.

A three-run ninth inning attack enabled the Dodgers to whip the New York Giants 8-5 before 48,200 paid admissions and earn an even split, as the Giants had won the

opener 7-5. A two-run homer by Johnny Mize, his 200th of his big league career, helped the Giants to the first game win.

A ninth inning double play by the Cleveland Indians with the would-be tying run crossing the plate prevented the Detroit Tigers from sweeping a pair from the Tribe. Outfielder Roy Cullenbine clouted three home runs, one in the first game which Detroit won 8-4, and two in the second, won by the Indians 9-8.

The St. Louis Browns moved to within a half game of the fifth place by downing the Chicago White Sox 4-1 and 3-2.

The Philadelphia Phillies advanced to within a half game of fifth-place Boston by whipping the Braves twice, 7-0 and 3-2.

After losing the first game to Pittsburgh 6-1, the Cincinnati Reds executed a squeeze bunt to bring home the run that gave them a 4-3 decision in 11 innings of the nightcap.

San Antonio, Shreveport, Tulsa Turn In Hard-Hit Double-Header Victories

By The Associated Press

Heavy hitting featured play in the Texas league last night as San Antonio, Shreveport and Tulsa made clean sweeps of double-header schedules.

Fort Worth and Dallas split a header.

The Tulsa Oilers drove Oklahoma City deeper into the cellar with 5-3 and 4-3 wins. In the first game the Oilers pounded three Indian hurlers for 14 hits. In the second game homers by Elmer Slick and Dale Mitchell accounted for three Indian tallies in the sixth, but the tying run wasn't forthcoming.

Pete Elk's bat sparked the Shreveport Sports to a double win, 2-0 and 8-3 over Beaumont. In the first game Elk's homer with a man on board took the prize. In the second game a second homer and a double figured prominently in the Shreveport win.

Clint Conzatter's 10th inning home run with one on base gave the Dallas Rebels their 2-0 victory in the second game with Fort Worth. A Dallas error that donated two runs and four hits which produced an earned one started the Cats off to a three-run lead in their first turn at bat in the opening game.

Chili Wagener, San Antonio southpaw, was the hero in the Missions doubleheader win over Houston. Wagener came to the mound in the opener with the bases loaded and two out in the seventh and forced Joe Niesdon to line out and end the game. In the nightcap the left-hander travelled the distance to hold the Buffs to seven hits.

Still Busy at 100, Henry C. Lytton's Birthday Will Be One-Man Centennial

By JOHN SHEA
NEA Staff Correspondent
CHICAGO — (NEA) — The Old Gentleman of State street got down to his big Chicago clothing store early in the afternoon. He strolled around the first floor wisecracking with employees and entered an elevator to go to the eighteenth floor. Here, swinging his cane, he moved in on the advertising manager with a few ideas. Next he ambled to his own office, remarked on the new hairedo of his pretty secretary, raised a little polite hell over a jazz music magazine, and picked up the statement for the previous day's business.

"Bad day," he said (there had been a near tornado in Chicago). "Didn't make expenses."

The work day had begun for Henry C. Lytton who is 100 years old this July 13.
Henry C. Lytton is a man for you. Last of the State street founders who included Marshall Field and Potter Palmer, he is still very much the boss of his big clothing store here known for many years as The Hub but recently renamed Lytton's in honor of the founder. He also largely controls the destinies of other Lytton stores in Evanston and Oak Park, Ill., and Gary, Ind., as well as the franchise departments owned and operated by the company in Peoria, Rockford, Moline, Quincy and Galesburg, Ill. His businesses realize a yearly volume of almost 20 million dollars.

85-YEAR CAREER
The Hub and Lytton are two words known throughout the retail business world and to most everyone in the middle west.

Lytton got a kick out of being a hundred years old. "That's something you can talk about," he says. He looks back at a business career of 85 years that makes an Horatio Alger look like a ne'er-do-well. Born in New York, Lytton went to work at 15 as an office boy. He made 50 cents a week and saved part of it. Occasionally he could afford a nickel beer at noon. With this he had access to the free lunch. "I don't think the fellow who ran that place made much on my business," he says. "That's something you can talk about."

By the next year he was making \$15 a week clerking in a wholesale dry-goods house, then \$18 as a bookkeeper in a clothing house. At 19 he was in St. Louis peddling boots to soldiers returning from the Civil War.

Then he and a brother went off to Michigan with \$3000 to found a men's clothing store in Ionia. They brought a new kind of showmanship to frontier selling. Young Henry beat the back roads painting signs on barns for which the farmers got \$5 in merchandise. Later he opened a second store in Grand Rapids. Then the panic of 1873 hit. Lytton had overbought and was heavily in debt. He went bankrupt and could pay his creditors only one-third. Years later he had paid them in full.

"I was broke," he says. "But I hunted those fellows down later on and paid them off. That's something you can talk about."

Lytton next managed a store in Indianapolis, and in 1887 he moved into Chicago, which then had 70 thousand people. The older merchants along State street were a bit condescending but Lytton spent \$4000 of his \$12,000 capital for newspaper advertising and his new store quickly caught on.

Where others ran modest notices of a new shipment from New York, Lytton went to half pages, unheard of at the time, and these stood out like billboards alongside the conservative ads of his com-

petitors. He estimates he has spent 17 million dollars on advertising in the last 60 years.
"There is nothing like newspaper advertising," he says today. "Use plenty of space but keep your ads brief. That's something you can talk about."

Advertising is still Lytton's baby. He keeps a close check on his advertising department and his suggestions are heeded or else.

TRIED TO RETIRE
Lytton comes down to work daily except when the weather is bad. He tried to retire once in 1929 when he sold his stores for stock worth seven million dollars. Three years later the stores were in trouble and—at the age of 87—Henry C. Lytton came back to take control and set them right. He has been on the job ever since.

When he comes to work he often strolls past the offices of his executives. If he finds lights burning in an unoccupied office, he hastily snaps them off. The error executives is likely to hear about it. Lytton bears down on his one hundredth birthday with an astounding vitality. His step is sure, his handshake firm.

He reads with a magnifying glass and his hearing is almost gone, but his voice is clear and you can hear him in the next room. He sometimes tries a complicated hearing gadget on his desk and gets pretty angry when he can't hear through it, which is usually the case.

He gave up drinking and smoking more than 20 years ago. Lytton's philanthropic acts have matched his business successes. He is a revered figure in Chicago.

He thinks Chicago is the greatest city in the world and that the future of the United States is secure and bright. He believes any man can be a success if he will "keep achievement to live to be 100 years after."

And he believes it is a great old. "That's something you can talk about."

Writer Believes China Needs U. S. Aid Or Soviet Forces May Pour Into Land

By JOHN FISHER (McClure Syndicate)
Herculean efforts by patient General George C. Marshall to bring peace to China are repeatedly thwarted by man and beast. The situation in the Orient threatens to shatter our globe's defense system which requires a united, stable, strong, friendly nation on the far shores of the Pacific. American stock is not so high as it was according to officials back from Nanking and Shanghai. Directly after the defeat of Japan, the Chinese communists welcomed General Marshall as the mediator between the Reds and the Nationalists. When initial cooperation broke down, they paid lip service to the recent 15-day truce. General Chiang Kai-shek, the communist representative, is opposed to giving new powers as an arbitrator to the American. Ever more indicative of growing Red hostility to the U. S. A. is a new wave of anti-American propaganda released by the Yenan Emancipation Daily, the official mouthpiece of the Reds. It attacks America by charging that "never in the past one hundred years of Chinese history has imperialistic intervention in Chinese internal affairs and the naked suppression of the Chinese movement to attain freedom and democracy reached its present scale." Reds Keep Pot Boiling Although we are in Asia merely to disarm the Japs, restore Chinese sovereignty and alleviate distress, the Red organ complains that today all "industry is planned by American experts, finance is buttressed by American loans, communications are protected by American troops and the army, navy and even the police are equipped by Americans." Then it calls on "revolutionary elements in the United States to awaken to the reality of this policy." In a gesture to evade this charge, General Marshall by cable urged congress to pass the bill to equip and train Red armies, too, with the proviso that such recruits be integrated in the forces of the Chiang Kai-shek on the basis of one communist to five Nationalist soldiers. The prospect of Chinese recovery continues to be clouded by civil war. Although Chiang and Chou have signed several paper truces, their followers have rarely kept the pacts. Inability to get along goes back many years. Temporary alliances were made between the Kuomintang and the communists in 1923-27 and again in 1937-40. But both attempts at harmony ended in failure. Recent peace efforts in Manchuria have been fairly successful when means composed of Chiang Kai-shek and United States officers have rushed to trouble zones and exerted their authority on recalcitrant local commanders. But such police tactics are not a good foundation for lasting peace. Both sides hate one another. They remember past treacheries and magnify current dissension. The communists repeat the charges made by the Russian newspaper Pravda that crack Japanese divisions—supposed to have disbanded—have joined Chiang's forces against the local Reds. Truth and Propaganda Tangled Nanking accuses the communist troops of assaulting isolated Nationalist garrisons, despite the cease firing order, and of ambushing railroad trains and murdering civilians. Yenan asserts that its soldiers are merely fighting puppet troops who formerly collaborated with the Japs and now are commissioned by the

General Duty Nurse by Lucy Agnes Hancock

SALLY heard the impatient mutterings of people anxious to use the elevator and called: "It's stuck here between three and four and I'm stuck with it. Please do something about it." The resident knocked on the steel wall from somewhere above and growled in exasperation: "The darned thing's stuck again. What ails it this time?" "Isn't there something someone can do?" Sally demanded. "I'm here between three and four and can't budge a thing. It's dark and cold and—well, what do you think, Doctor?" "Wait a minute," the doctor said. "I'll call the janitor. Don't be scared." "I'm not scared," the girl retorted. "I'm anxious to get to my patient. Hurry, please." Soon there was the sound of hammering. The lights went out—the car shook violently—lights flickered on and off and there came a grinding noise. Someone called: "Try the switch now." Sally pressed the switch and nothing happened. Miss Sunderlin called from the third floor. "Are you all right, Sally? Jensen is trying to find the trouble. We have sent for a mechanic also. It shouldn't take too long. Don't worry about your patient. He understands and Craine on floor duty is looking after him just now." "I'm all right," Sally assured the anxious superintendent. "I don't know what I did that was wrong." "You must have gone past your '4 have used the stairs," he said. "Subliminally," Sally never

NATIONAL AFFAIRS

WASHINGTON
EMBARRASSING — President Truman's ill-tempered letter to Senator Charles W. Tobey of New Hampshire has cost him the last bit of personal popularity which he once possessed in Capitol Hill to a greater degree than any recent predecessor, including Franklin D. Roosevelt. The outburst may prove embarrassing, if not fatal, to his administration for the rest of his term, especially because he lost political control of the recalcitrant congress long ago.

It also came at a time when democratic publicists, seeking to offset foreign and domestic reverses, were planning to depict the Missouri man as an average, friendly, conscientious and hard-working Chief Executive. The Truman epistle to the "Macedonians" makes it look as if there were something "wrong" with this picture. His aides, whose advice was not asked before the letter was forwarded, cannot conceal their discomfiture.

SCOLDING—It is almost impossible to overestimate the far-reaching and political importance of the Truman-to-Tobey letter. The latter's colleagues appear to be more resentful than he, for they recall that the Chief Executive has all ways harbored a quiet grudge against the Yankee legislator. When the republicans wanted to name Mr. Tobey one of their representatives on the Truman committee investigating national defense, Mr. Truman objected so vigorously that the G. O. P. had to pick another.

Indeed, he was so pro-administration at one time that there was talk of reading him out of the republican party. He has voted for key positions of the Roosevelt-Truman program, feeding captured Japanese and the Chinese armies. Honan Province is hit the worst. For eight years it was the cockpit of Chinese and Japanese armies and it changed hands several times. Skeletons still line the banks of the Chang River. Now the unhappy county is being fought over by the Nationalists and Communists.

Children Eat Grass The recent "rice tax" for the Nationalists army is said to be so severe that parents have sold their daughters to raise it. Driven by hunger, young men have joined bandit gangs that steal government food reserves or prey on their neighbor farmers. Many children have nothing but grass and wild flowers to eat and in some places, grass cannibalism has been reported. Six million refugees are on the move; two million of them will perish, according to UNRRA relief missions, unless action is taken in time. Even when given this huge sum, many little ones have been unable to digest the food because of shrunken stomachs.

Under such distressing circumstances, if the United States pulled their men and money China undoubtedly would collapse and the Soviet Union might step in. The Chinese realize this possibility, quoting from Confucius that when freedom is divided, forces pour in from without. Hence the United States is faced with a problem: Either to withdraw and risk the consequences—or to stay in and help China to the limit.

Gracie Reports

By GRACIE ALLEN
PITTSBURGH—Well, here I am in the Smoky City. I remember George saying maybe the Pittsburgh baseball team was going on strike and that it would be unhealthy work for the players for picketing the National League's stadium. It seems the Pirates took the cellar away from New York.

Goodness, the people in New York must be pretty mad as even a cellar isn't too bad to live in these days. I had heard that Pittsburghers resented the title of the Smoky City but I think the smoke is kind of nice. You see, I was accidentally kissed by a couple of those big fugged Pittsburgh men who seem to have mistaken me for their wives.

The peak of the present price cycle an inventory replacement boom will probably come in 1947. There is at least a good chance that a consumer buying strike will climax the present advance. — Dr. Robert C. Shook, economist, International Statistical Bureau, Inc.

Peter Edson's Column: A STRIKE IS A STRIKE IS A STRIKE

WASHINGTON — (INEA) — The purpose of this piece is to confuse you thoroughly. It's the only way to show how balled up things are. Don't say you weren't warned. The other day the coal miners filed a complaint that he can't mine coal to keep the nation's economy going unless there is more bread and meat in the stores for them to eat. Of all the crazy commentaries on the cockeyed condition of the country, this takes first prize.

What's the matter with these miners? Don't they realize their "No work, no pay" policy constitute a strike against a strike? The farmers are now on strike for higher grain and livestock prices, just as the miners recently were on strike for higher wages and welfare. Don't these miners realize that for them to eat now would be worse than crossing a picket line? It would be plain strikebreaking. The miners should, therefore, continue their work without eating. No miner would ever think of interfering with the national economy.

These flour mills and packing-houses are shut down just as effectively as if their own workers were on strike. So it comes out the same, anyway you figure it. A strike is a strike is a strike. The producers and processors of food aren't going to "work"—that is, they aren't going to sell the fruits of their labor—until prices go up. If you carry this to its logical conclusion, the government should call out the marines to break the farmers sit-down strike. The army was called on to break the railroad strike, and the navy was alerted to break the maritime strike. So this one should be on the marines.

Underwater Test of Atomic Bomb To Do More Damage Than Sunday's

By HOWARD W. BLAKESLEE
ABOARD USS MT. MCKINLEY at Bikini—(AP)—The underwater test of the atomic bomb will do more damage to the guinea pig fleet than the air burst did, Dr. Karl Compton predicted today.

Compton, president of Massachusetts Institute of Technology and member of both the presidential and joint chiefs of staff evaluation com-

missions, was not surprised that more ships were not sunk in the July test.

His guess in advance had been that no ships would be sent to the bottom by the overhead bomb. Actually, five were.

The second test, expected in three or four weeks, will produce quite a high spout and some sizable waves, he said.

The evaluation board and correspondents could safely have been closer to the bomb explosion, Compton said. He estimated 12 miles would have been a safe distance. (The observers were from 15 to 18 miles away.)

For the underwater test to come Compton believes observers can be closer because the water will have some shielding effect. He made a guess that force of the underwater explosion will be expended mostly upward rather than spherically. Nevertheless, he said the spherical

blow that his ships' bottoms will be powerful.

Compton and Bradley Dewey, president of the American Chemical Society and a fellow member of the President's evaluation board, revealed their accepted with reservations an opinion expressed by weather authorities on failure of the atomic mushroom cloud to soar to a greater height.

They said that just above 20,000 feet the atomic cloud bumped its head into an obstacle that apparently slowed its up-rush. This obstacle was a hazy cloud, wide and fairly flat.

Weather men said it was a mass of ice crystals. Compton said he doubted it was ice but could not be sure. Ice, he explained, does form in crystals to make some clouds at that height, and if it was ice the color photos, when developed, will prove it.

The cloud apparently was caused by air expanding rapidly, Compton said. Explosions in the mushroom as it rose may have created this water vapor or ice vapor.

Texas Today

By JACK RUTLEDGE
 Associated Press Staff

Unofficial problems in the private lives of public officials:

William E. Warne, one of the nation's top irrigation authorities, found out he has plenty to learn about the various uses of water.

In fact, he was a little disgusted with the whole subject of water when he drove into Amarillo after an inspection of the Altus, Okla. irrigation project.

Warne had to fill the radiator of his car 21 times on the 200-mile trip.

City Comptroller Dennis Vannoy of Temple has become a collector of foreign coins. It wasn't his idea, originally.

Temple has parking meters, and Vannoy says motorists use all sorts of coins to get parking time.

One rare item is a coin that carries the words: "See the \$19,000 page announcement in the Saturday Evening Post Nov. 5 issue."

Joseph McGill, El Paso, associate justice of the eighth court of civil appeals, has retired as an amateur elevator operator after a very trying experience.

Justice McGill had worked overtime on his fifth-floor office, and the elevator operator was gone for the day when McGill left. The elevator was dark, the doors were open—so the justice decided to try to pilot the thing himself.

All went well until suddenly the elevator jammed on him. He jiggled all the controls he could find. Nothing happened. He pounded the metal door, and attracted the attention of a janitor.

The janitor shouted instructions down the shaft, and Justice McGill finally maneuvered the elevator to a floor level.

Manufacturers Will Keep Prices Down
 HOUSTON—(AP)—The Texas Manufacturers association, representing the state's major industries, has announced a policy favoring the maintenance of price stability and opposing reckless profiteering.

C. K. Stillwagon, president of the TMA, said members of the association have pledged a hold-the-line price policy since the expiration of OPA.
