

A DETROIT MAN DISCOVERED 100 POUNDS OF STEAKS AND BEEF CUTS ON THE ROOF OF HIS CLEANING PLANT. ISN'T THAT A LITTLE ABOVE THE CEILING?

TRUMAN WILL CALL STEEL MEETING

New York-Connecticut Border Area Recommended as UNO Home Site

Hyde Park Is Substitute On Site List

NEW YORK, Feb. 2.—(AP)—A 40 to 50-square mile tract of land on the New York-Connecticut border was recommended today as first choice for the site of an international city in which the United Nations would establish headquarters.

New York City was suggested as interim headquarters until the international capital was constructed.

The recommendations were made in a 35-page report by a UNO site committee to the United Nations general assembly in London.

HYDE PARK RECOMMENDED

Dr. Stevan Gavrilovic, committee chairman, said at a news conference that the report also recommended Hyde Park, N. Y., as the Blue Hills and north shore areas near Boston as possible sites for permanent headquarters of the United Nations. He said Boston and Atlantic City had been recommended as alternates for the interim headquarters.

In London the general assembly planned to hear the recommendations formally Tuesday and expected final action by the 51-nation body within a week.

CITY LIKE WASHINGTON

When the site committee began inspecting the territory within 80 miles of New York City four weeks ago, Dr. Gavrilovic said "we have in mind a city built as Washington was built more than 100 years ago, only on not such a big scale."

Such a city would displace at first about 2,500 persons now living in parts of two Connecticut and four New York towns and cause the dismantling of some of the palatial estates which dot the wooded, rolling country of the site.

The center of the area is 33 miles from New York City. For many years wealthy New Yorkers have maintained fashionable estates in the section. The United Nations headquarters would cover some of Stamford and Greenwich, Conn., and parts of Harrison, Rye, North Castle and Elmsford.

The United States, under a treaty prepared for American signature, would receive a "fair price" for the site, which would become an enclave—a piece of international territory.

13 Known Dead Following Blaze Destroying Home

CLEVELAND, Feb. 2.—(AP)—Thirteen aged persons were known dead and 20 were missing tonight in an explosion and ensuing fire which engulfed the ten-unit and thin frame walls of Jennings Hall, a Catholic home in suburban Garfield Heights.

Sister May Hyacinth, director of the Sisters of the Holy Ghost, administrators of the hall, said the blaze destroyed all records of the home but four hours after the fire broke out 23 of the 92 occupants were known to have survived.

Coroner Samuel R. Gerber of Cuyahoga county reported the known dead as 12, but Capt. James Nash of the Garfield Heights police department said he helped carry out the bodies of 15 victims.

Loss was reckoned by Elmer Cain, second assistant fire chief of Cleveland, at \$30,000.

Some of the aged residents in the home perished when they became hysterical and resisted rescue efforts, Sister Hyacinth reported. She gave this account of the fire, the century's fourth major disaster in greater Cleveland.

"I was in my office and the nuns were having prayer period in a

FIGURES IN NOMINATION HEARING

Ickes Pauley

WASHINGTON, Feb. 2.—(AP)—Edwin W. Pauley pitted his word against that of Harold L. Ickes today on a question he conceded had "an important bearing" on his qualifications for the post of under-secretary of navy.

He checked the decision to the senate committee which has been holding hearings on his nomination to the navy post, and committee members indicated they would devote the weekend recess to studying the contradictory testimony.

The divergent testimony centered about a conference between Pauley, California oil man and former secretary-treasurer of the democratic national committee, and Secretary of Interior Ickes.

McLean, Pampa Plan Red Cross Campaigns

The Pampa chapter of the American Red Cross has been assigned a quota of \$14,040 for 1946, it was announced here yesterday afternoon by Hueylyn Laycock, chapter chairman.

FISCHER IS CHAIRMAN Laycock, who is county superintendent of schools, simultaneously announced the chairman for the fund-raising drive which begins officially throughout the nation on March 1. He is Oje Fischer, manager of Hughes-Pitts agency.

Last year's quota for the local chapter was \$26,900, and that amount was exceeded by about \$10,000.

QUOTA IS LOWERED In noting the decrease in the quotas for this year, Laycock stated: "We wish to point out that just because the war is over, the people of this community should not forget that there is still a world of work to be done by the American Red Cross. We hope that the people of this chapter will support Mr. Fischer in this campaign as they have in all drives heretofore."

DRIVE T. MCLEAN Final arrangements for the drive have not been completed, it was said. The Pampa chapter covers the northern half of Gray county.

McLean is the headquarters for the drive. He is the chairman of the drive. He is the chairman of the drive. He is the chairman of the drive.

Fire Losses for Month Tabulated

Loss by fire to insured property and contents in Pampa during January totaled only \$399.67, with the local department answering 15 calls.

The Chief Ben R. White, in a monthly report to City Manager Garland Franks, said that insured losses to buildings totaled \$166.87 while insured loss to contents of these buildings was \$233.00.

Defective stoves or connections caused four fires, and four were car fires.

Other causes were cleaning 2; defective wiring 1; grass fires 1; kerosene or gasoline 1; trash fires 1, and welding torch fire 1.

GRASS FIRE EXTINGUISHED A grass fire in the 300 block of East Browning was quickly extinguished by the fire department yesterday afternoon about 1 o'clock.

A man had kept the fire from spreading to near-by buildings and a fence, by using a garden hose and broom, until a fire truck arrived. The grass caught fire from a burning trash barrel.

WATCH OUT FOR 'IDES OF MARCH'

The Ides of March! No, dear reader, Caesar hasn't returned from the grave to haunt us—it's that man again. A tall, straight character with a flowing white beard and red, white and blue clothing.

You guessed it. It's Uncle Sam and he's ready to collect his share of what millions of Americans earned last year—that share coming in the form of income tax—or vice versa.

The "Old Man" is again sending rebuilt motors for Ford, Chevrolet, Plymouth and Dodge Cars. Installed ready to go in 24 hours. Pampa Lubricating Co., 114 East Francis. (Adv.)

Germany Knew Atomic Energy Secrets in '41

MINEEN, Germany, Feb. 2.—(AP)—Two of Germany's leading atomic scientists said today that Germany knew the secret of harnessing atomic energy in 1941, but was industrially and financially powerless to apply the discovery in producing bombs.

Prof. Otto Hahn, director of the Kaiser Wilhelm Institute of Chemistry in Berlin, and Dr. Werner Heisenberg, director of the Kaiser Wilhelm Institute of Physics, told in an interview of Germany's atomic experiments during the war.

Heisenberg, 44, won the 1932 nobel prize for Physics. He was head of the German scientific research work

Wheeler School Head Resigns, No Successor Named

No successor to L. K. Kammerdeiner, superintendent of the Wheeler high school who resigned this past week following a short-lived "walkout" by some 60 students, had been named Saturday afternoon, according to telephone information secured by The News from Wheeler.

Although it was denied by Wheeler informants a few days ago that there were repercussions to the student strike which occurred on Jan. 24, the resignation of the superintendent indicated that there was a definite rift between the students and the administrator.

The student action is reported to have been prompted by "rigid disciplinary action" on the part of Kammerdeiner.

He was one of Wheeler's oday and therefore, could not be reached for comment. He held a two-year contract.

After the resignation, the students authorized the statement that "we, the students of Wheeler high school, announce that we are back to our desks and studies."

Inferring that the difficulty had been corrected with the resignation, he was one of Wheeler's oday and therefore, could not be reached for comment. He held a two-year contract.

Turn the Pages for Dollar Day Bargains

The way to more and better bargains for consumers of this area is to be found by turning through the pages of today's issue of the Pampa Daily News.

Monday is Dollar Day, and progressive merchants employ the medium of the News to advertise their wares for those who are in need of a variety of items.

Turn through, and find the things you need—at a lower cost than you would pay on other days.

Truman Backs Vet Administrator In Feud With American Legion

WASHINGTON, Feb. 2.—(AP)—President Truman backed Gen. Omar N. Bradley to the hilt today in the veterans' administration feud with the American legion over the handling of veterans problems.

John Steele, national commander of the legion, said in a letter to all congressmen yesterday that there had been a "tragic breakdown" in the veterans administration under Bradley, that congress should investigate, and that VA needs a "seasoned business man" at its head.

Bradley counterattacked with a lengthy progress report on the way VA has operated since he became administrator last August.

Secretary Charles G. Ross volunteered to reporters today: "I should like to say for the President that General Bradley has the complete and unqualified support of President Truman."

"The President does not feel that Mr. Steele in his attack on Bradley is speaking for the American legion," the President considers that General Bradley has done a fine job under extremely difficult conditions.

In other words, he is backing General Bradley up to the hilt."

Acheson Calls on People of U. S. For Sacrifices

WASHINGTON, Feb. 2.—(AP)—Undersecretary of State Dean Acheson said today that the people of this country must increase their sacrifices to relieve starvation in Europe "even if it means a return to wartime conditions in some sectors of our economy."

"We've won the war," he said in an NBC network broadcast sponsored by the state department. "We can't afford to let hunger and starvation defeat us now. But he acknowledged that there will be some starvation in Europe this winter despite all our efforts to prevent it."

Acheson's appeal was made as the White House arranged for a full-scale review of the food situation at next Tuesday's cabinet meeting and after Secretary of Agriculture Anderson called on farmers, in a radio talk, to cut down on the feeding of grain to cattle, hogs and poultry.

Anderson said the nation's supply of corn and other livestock feeds is running short. His appeal followed forecasts by agriculture department grain experts that the government will be unable to get enough wheat from farms to fulfill export commitments to hungry areas abroad.

The short supply of grains raised the possibility of drastic changes in food allotments and even of a return to rationing of meat. A poor growing season next spring and summer would force a sharp liquidation in livestock numbers and a reduced supply of meats.

A question expected to be discussed by the cabinet is how far the government should go in increasing foreign food allotments and in adoption of measures designed to force curtailment in use of scarce grains for livestock feed and other uses at home.

"The situation is so bad in some countries," he said, "that there is only enough wheat and flour for a two weeks supply of bread."

Mass Meeting on Highway Planned

Working toward the culmination of a 10-year project of a Pampa-to-Perryton highway, a mass meeting of the property and business people of Pampa will be held at 7:30 p.m. in the Palm room of City hall.

At this time plans will be made to secure the right-of-way deeds on this project within the next 30 days.

The highway committee, chaired by Frank Cuberson, has delivered to the chamber the right-of-way deeds on the proposed highway. Signatures of the land owners must be obtained to secure the right-of-way deeds.

It is believed by highway committee members who have been active in working on the project during the past years that completion of the Pampa-to-Perryton may be seen within the next two or three years with total cooperation of property and business owners in Pampa.

Development of Push-Button Plane Revealed

COLUMBUS, O., Feb. 2.—(AP)—The army air forces came forth today with a real push-button plane.

When a button is pushed, the Lockheed army air base announced, the four-engine cargo ship (C-54) will take off, fly a pre-selected course and land without a human touching the controls.

Automatic devices, when pre-set to a determined plan of flight in advance, control and navigate the plane, its climb to desired altitude, flight to destination, landing and stopping on the landing strip.

The landing gear and flaps are retracted after take-off, radios tuned, power-setting made, navigational headings corrected, landing gear and flaps extended for landing, and brakes applied to stop and stop the plane after landing, all without aid from the pilot.

The pilots and crew assume the role of passengers and do nothing but monitor the automatic equipment. The plane is not designed to fly without an occupant.

The push-button plane differs from the so-called "robot" plane controlled by a pilot in a mother ship.

The system of automatic devices, installed in the ship, was developed in four months of intensive research by the all-weather flying center at Lockbourne assisted by laboratories of the air technical service command at Wright Field.

It was designed in the AAF's battle against the weather.

Bodies of Crash Victims Removed

ELK MOUNTAIN, Wyo., Feb. 2.—(AP)—The bodies of four of the 21 victims of a United Air Lines plane crash on 11,192-foot Elk Mountain were brought down by dog sled tonight.

The men who made the grueling climb fell exhausted on the ground at the completion of the trip. Airline officials planned to return after the other bodies tomorrow.

Members of the party said all of the bodies had not been found but expressed the belief that they could be located tomorrow.

The bodies were found frozen in grotesque positions over an area of a quarter-mile radius by 25 men who braved 30-below-zero weather and driving winds to recover them.

"I have never seen such a pathetic sight in my life," said one member of the party. "They're lying around, partly covered with snow, among trees coated with ice."

Ficks and shovels were used to remove the bodies from the snow and ice. The bodies then were lowered about 1,000 feet down a steep incline to the waiting dog sled.

The men were virtually exhausted when they reached the wreckage and had difficulty working at the high altitude.

Peter A. Gallagher, postal inspector from Cheyenne, said 80 percent of the mail aboard the plane was recovered. The only indication of a fire following the crash was some slightly-burned letters.

Members of the party, most of them natives of this section, planned to scale the mountain again tomorrow for the remaining bodies.

After the wreckage and scattered bodies were found late yesterday, two ground parties started up the peak this morning. By walkie-talkie radio they reported to the base camp that they reached the crash spot before noon and started to make the bodies ready for removal.

New Action Is Delayed Over Week End

WASHINGTON, Feb. 2.—(AP)—New federal action on the steel strike was put off tonight, at least past the weekend with announcement by a White House official that President Truman will call in men from outside the government to discuss that and other economic affairs next week.

The announcement followed day-long conferences between the President and his highest advisers on economics, in which the official said the "entire situation" was canvassed.

NATION'S ECONOMY "You can't divorce the steel strike from the nation's general economy," was the answer to a question as to whether the steel strike had been in the talks.

The official said there were "no conclusive results" from today's meetings.

His report followed the day's second White House visit by Secretary of the Treasury Vinson and Secretary of State Byrnes, both former directors of war mobilization.

Vinson and Byrnes were in the President's office for two hours earlier in the day. They returned late this afternoon.

Neither of the cabinet members had anything to say as they left. The White House official could not immediately name the outside conferees whom the President will call in next week.

BOWLES IN CONFERENCE

Between the two sessions with the cabinet officers, Mr. Truman talked a half hour with Chester Bowles, price administrator, who was called back from a South Carolina vacation for the conference.

John W. Snyder, present reconversion director and reputed to be the chief government advocate of higher prices for steel, was called in on the Bowles meeting.

Bowles' discussion was said at the White House to have been concerned with the steel strike.

232 Arrests Made Locally in Month

Pampa police made 232 arrests during January and collected \$1,243 in fines, according to a report made by Chief of Police Louie Allen to City Manager Garland Franks.

Traffic violations represented 127 of these arrests, \$3 being for overtime parking.

The report showed that 58 persons were arrested for intoxication, four for driving while intoxicated and 17 for speeding.

There were 10 arrests for affray, four for disturbing the peace, 13 on vagrancy charges, two for theft under five dollars, nine for investigation and six to be held for other officers.

Total amount in fines assessed was \$1,477.50. The difference between the amount assessed and amount paid was either worked out or served in jail. A total of 71 days was served in jail sentences and 17 and one-half days were worked. Prisoners are credited with one dollar per day in serving a jail sentence and three dollars a day by working.

Exclusive But Not Expensive

Panhandle Briefs

The need of a hospital at McLean was the subject of discussion at the McLean chamber of commerce directors luncheon meeting held last Thursday. It was decided to invite a Farmers' Union official to the next meeting as it was understood that the PU has done some research work on local hospital needs.

A Pampa delegation visited the McLean Lions club Tuesday presenting the matter of a county-wide \$500,000 bond issue to build a hospital and nurses home in Pampa. Members of the delegation were Carl Benedict, E. O. "Red" Wedgeworth, C. F. "Doc" Pursley and Dr. R. A. Webb.

Perryton Equity Exchange officials announced this week, reports the Ochiltree County Herald, that construction had been completed and facilities put in use of the new 450,000-bushel addition storage bin located at the home office and bringing total grain Equity storage facilities in Perryton to 680,000 bushels.

Chalmers and Barton, Hutchinson, Kansas, were the architects and contractors for the addition. The new construction supplements the original 250,000-bushel capacity bins erected recently and consists of 12 bins extending east from the original elevator to the property line on Main street.

A block of 10,000 acres adjoining Perryton on the northeast has been blocked for an oil test. The acreage was assembled by Frank Parkes, veteran oil dealer of Hooker, Okla., with the assistance of F. B. Sumpter of Perryton.

Leases were obtained on a basis of one dollar per acre with one dollar per annum rental. It was reported the block was taken on order of a major oil company.

A. N. Dowers, Ochiltree county chairman of the Victory Clothing Collection drive, stated that approximately 4,000 pounds of clothing has been collected since the start of the campaign.

As a contribution to Ochiltree county's campaign to raise funds in the annual March of Dimes the Perryton Rubber Works contributed two 80x16 Goodyear passenger tires which were to be auctioned off to the highest bidder at the Perryton Sales Co., Friday.

El Sombrero, Perryton school paper similar to the Little Harvester, this week announced winners in its baby picture contest of high school students. First place went to Diane Kent; second, Jim Bill Dodson, third, Merle Cud.

If the "Out of the Mud by Christmas" plans of the Spearman chamber of commerce are successful, Spearman will virtually lift itself out of the mud by its own boot straps.

A series of meetings have been held with Mr. Welles, contractor, with the intention of letting the contract to pave a center slab, 30-

feet wide on many of the principal streets of Spearman.

Since an initial schedule must be made and a minimum amount of paving work guaranteed to secure the contract, committees of the C. of C. have chartered a prospective initial paving program of some six long and three or four short streets in the city. This does not represent the expectation of the committee as to the final paving job, but offers a beginning.

A mass meeting for all ex-service-men of Hansford county will be held Tuesday for the purpose of organizing a Hansford county Veterans of Foreign Wars chapter. VFW members of Borger will assist in the organization of the unit.

Excavation began this week on the construction of caecilia base and asphalt top paving of the main street in Gruver. The paving program will include five streets running east and west of main street.

The Canadian hospital was to close Friday after nearly 30 years of service to the community, the Canadian Record reports, due primarily to the shortage of trained nurses.

For the past 21 years Dr. E. H. Morris has been owner and manager of the hospital. Dr. Morris pointed out that although the hospital has never been a paying proposition, he and all other physicians who have practiced in Canadian hospital have materially benefited by it. The hospital enabled local doctors to give treatments and maintain supervision over patients who would otherwise have had to leave the county.

Announcement of the closing of the hospital was made at a special meeting of the Hemphill county commissioners court. Commissioners discussed three plans by which it might be possible to retain the hospital: 1) the possibility of underwriting the hospital in an amount of about \$3,000 to enable Dr. Morris to offer higher salaries now necessary to obtain registered nurses; which was considered as but a stop-gap; 2) voting of a bond issue for either the purchase or remodeling of the present hospital; or 3) creation of a new hospital under county control.

Amount and details of the bond issue proposal are being studied by committee. Wayne Maddox of Miami was seriously injured last Monday by a bull while assisting in a show and sale of Hereford cattle at Winters, S. D. The animal knocked Maddox off his feet, gored him in the abdomen and badly lacerated one of his limbs. He was rushed to a hospital for medical treatment.

The bull was from the L. A. Maddox ranch in Roberts county. One of the bulls of the herd sold for \$900.

At a meeting of the board of directors of the Donley county Fat Stock Show, held Saturday Jan. 26, it was decided that the show would be held March 1. Carroll Lewis, chairman of the board, presided at the meeting. Plans for a spring diary show and a fall county fair and horse show were also discussed.

Approximately 300 persons representing 12 of the 31 posts in the 18th district of the American Legion Post and Auxiliary attended a district meeting held last Tuesday night at Clarendon.

Work of setting up two migratory farm labor centers in the county was begun early this week, with offices located at Wellington and Dodson, according to the Wellington Leader.

Establishment of the centers is an effort to attract migratory labor, principally Mexicans from South Texas, into Collingsworth county at the two times when farm labor is critically needed, for cotton chopping and pulling.

Wellington high school's proposed athletic program, as announced last week by Supt. Logan Cummings, is already drawing considerable attention. School authorities have ruled that every boy in the school will be required to take some form of physical education unless physically unfit.

Contributions of \$2,312.36 during the past week brought the total funds for the Carson county living war memorial to \$16,518.96, as reported to the Panhandle Herald by A. J. Weiser, chairman of the finance committee.

Gas turbine engines, whether equipped with a propeller drive or depending upon jet power, can be easily installed in the wing of a large airliner with a considerable reduction in air resistance, as compared with a regular reciprocating engine, according to R. P. Kroon, Westinghouse engineer.

Today's Schedule Of Redeployment

(By The Associated Press)

More than 14,463 returning veterans on 23 transports are scheduled to arrive today (Sunday) at one east coast and three west coast ports.

Ships and units arriving:

At New York—Rushville Victory from Marselles (originally due yesterday) 1,830 troops including 3235th and 300th ordnance depot companies; seventh medical convalescent hospital; 39th signal heavy construction battalion; 442nd quartermaster depot supply company; 356th quartermaster railroad company.

Arabian Lincoln from Antwerp, 622 troops including escort guard company; 3817th quartermaster gas

supply company; 724th railway operating battalion.

Howard Kelly from Marselles, 558 troops including companies E, G and M of 399th infantry regiment.

Central Falls Victory from Le Havre, 1,472 troops including 547th engineer pontoon bridge company.

Blue Island Victory from Le Havre, 1,189 troops including personnel of 301st infantry regiment.

Miscellaneous troops on following: Santa Margarita from Alexandria, 223; Joel Harris from Antwerp, 572; Ann Bradstreet from Marselles, 125; Timothy Dwight from Antwerp, 336; Hall J. Kelley, 12; Edward Logan (originally due yesterday) from Bremen, 2; and W. Beaumont from Calcutta, (originally due yesterday) 25.

At Los Angeles—Miscellaneous personnel on following: USS Santee from Saipan, 1,130; USS Gen. D. E. Aultman from Yokohama, 3,364.

At San Diego—Cargo ship Trego,

Shamrock Has Army Recruiter

SHAMROCK, Feb. 2 (Special)—

A U. S. army recruiting station has been temporarily established in Shamrock, with Sgt. Elmo D. Baird of the Amarillo office in charge.

Young men interested in enlisting, and veterans who desire to re-enlist may see Sgt. Baird at the chamber of commerce office, between the hours of 8:30 a. m. and 5:30 p. m.

The establishment of the station here, which is expected to last 30 days, adds one more benefit to the many attractions already offered by the army; transportation is furnished from Shamrock to the induction station.

The U. S. army recruiting service has announced that all persons, unless sooner promoted, who enlist or have been enlisted as a private in the regular army on or after the first of January 1945, will, on a completion of six months satisfactory active service, be promoted to the grade of private first class. All units and installations who receive men hold PFC ratings as a result of enlistment under these provisions are authorized to carry such personnel as excess in grade until these higher ratings are absorbed by normal attrition.

Sgt. Baird is in position to enlist men from 17 to 34 years of age, giving them the advantage of picking the branch of service and the over-

tween the hours of 8:30 a. m. and 5:30 p. m.

Reliever and solution comes in flexible case AT YOUR DRUGGIST!

A Vital Message To Men Who Feel Old

Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, and you may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasure, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASSELLA stimulating tablets. Take as directed on label. Don't feel just and worn out at 40, 50 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASSELLA tablets and regain the vim and zest of a much younger man? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Panaxin Flower, Iron, ask your doctor or druggist about this formula.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MORNING'S PAIN, an especially prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramping pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses, mothers of babies and any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

North Texas Gets 25 More Surplus Federal Houses

DENTON, Feb. 2.—North Texas state college has been granted an additional allotment of 25 surplus government houses by the federal public housing administration, it was learned this week by Otto Fowler, secretary of the Denton chamber of commerce, who, with local citizens, have been making an effort to obtain housing for college-enrolled veterans for the past two months.

J. H. Gaylord, FPHA official in Fort Worth stated that officials of North Texas state will be agents for procuring the housing, which is located on a surplus war project site near Texarkana.

Chamber of commerce officials had been carrying on negotiations with FPHA for more than two weeks to obtain surplus housing primarily to aid veterans. Gaylord estimated the houses at Texarkana, which are sectionally built, two-room frame structures, would cost \$1,150. The figure will not include cost of removal and installation on the new

Dr. Oscar Huff
Physician and Surgeon
General Practice
Examining Eyes and Refraction
First National Bank Bldg.
Office Phone 752 Res. 1627

site, which will be financed by Denton citizens.

The houses, when available, will be sold to veterans on a non-profit basis, Fowler said. The original application by NTSC asked for 100 houses. A shipment of 50 hutments were received last month by the college from the McGregor Ordnance plant and will be ready for occupancy by the beginning of the new semester next week.

President W. J. McConnell noted this week, following action on the surplus property, that the additional group of houses, with other measures made by the college to alleviate the housing situation, would allow a good number of GI's to enroll who would otherwise be unable to attend the college this semester.

Credit Association Stockholders To Meet

SHAMROCK, Feb. 2.—(Special)—The 12th annual stockholders' meeting of the Canadian Valley Production Credit association will be held Saturday, February 9, beginning at 10:30 a. m. in the high school auditorium, Canadian, according to Secretary-Treasurer C. W. Allen.

The association serves Ochiltree, Lipscomb, Hemphill, Roberts, Gray and Wheeler counties and this year's meeting is expected to be one of the most important in the history of the organization because of the importance of adequate and safe financing to agriculture in the post-war period, Mr. Allen stated.

Directors of the association are: J. A. Bryant, Wheeler county; M. H. Smith, Hemphill county; H. H. Keahy, Gray county; Lloyd G. Busard, Lipscomb county; and Frank McMorde, Roberts county.

Japanese Made Kalgan, China, Industrial City

By SPENCER DAVIS
KALGAN, Feb. 2.—(AP)—This ancient fur-trading and leather-bartering center, where the camel caravans from the Mongolian Steppes paused en route into North China, is now a thriving Quasi-industrial city, thanks to the Japanese, but is suffering from a lack of technicians.

A community of 300,000 population, it is under the rule of the Chinese communists, whose leader here, Gen. Nieh Jun-chen, frankly admits that insufficiency of skilled workmen is one of his greatest problems in trying to operate the enemy legacy of factories.

The machinery the Japanese left behind five months ago is becoming defective, but there is apparently no immediate way to get either repairmen or replacement materials.

Gen. Nieh brought out this problem in a conference with Col. Lee V. Harris of Memphis, Tenn., heading the truce-inspection team which came here to see that cease-fire orders in China's civil strife were obeyed.

Japanese engineers, in their long-range program for north China as a colony of their dream empire, built foundries and oil refineries, a flour mill, a cigarette factory, a match factory, an arsenal and numerous light industries here.

The Japanese also cleared a roadbed for a railway to run north through Jehol and Chahar provinces but never got the rails laid before their surrender because of inter-

Dutch Navy Is Taking Over East of Borneo

BATAVIA, Java, Feb. 2.—(AP)—The Dutch navy is taking over supervision of the Netherlands East Indies east of Borneo, Capt. H. Van Foreest, senior Dutch officer in the Australian command, announced today.

For about a month longer, he said, 500 Australian soldiers would remain in Dutch Timor, along with some 4,000 British Indians at Macassar and Celebes.

Van Foreest said conditions were returning to normal in New Guinea, Timor, Flores, Soembawa, and Celebes.

An Allied communique said Indonesian positions south of Semarang had closed in and brought the positions under small arms fire. To the east near Sorobaja a British Indian soldier was killed in a skirmish and another by mortar fire, the communique added.

ference by Chinese communists and guerrillas.

Ehind new structures stretch old but still sturdy buildings of ancient Kalgan. Around them, the city walls are crumbling away, but the city itself appears prosperous.

The "Emancipation hotel," a well-run establishment, even offers its guests American cigarettes at \$1 U. S. a package.

At the hotel and at good restaurants the diner is surprised to find quantities of seafood, including shrimps and sea slugs. Asked how such delicacies find their way to a city near the fringe of the Gobi desert and with poor communications, the restaurateurs reply, "small merchants make a business of bringing them from the coast."

Clark Receives Navy Decoration

VIENNA, Feb. 2.—(AP)—Gen. Mark W. Clark received the navy's Distinguished Service Medal today for "exceptionally meritorious services" during the landings at Salerno and Anzio, Italy.

"Established a beachhead at Anzio Jan. 22, 1944, he directed the defense of his vulnerable position with keen tactical skill and tenacious perseverance although his garrison was under constant enemy observation and air attack," the citation said. "His great personal valor, indomitable spirit and brilliant conduct of these operations were important factors X X X."

The citation praised Clark's handling of the Salerno landing as "determined and aggressive." Adm. H. K. Hewitt, commanding U. S. naval forces in Europe, made the presentation in the presence of many army and navy officers.

Service Plaque Is on Display

SHAMROCK, Feb. 2.—(Special)—The unfinished service plaque, given to the Shamrock high school by the senior class, is now on display in the show window of Hunter's Department store.

Mrs. E. E. Smith, sponsor of the class, is anxious to complete the plaque and urges that names of ex-students of Shamrock high school who served in World War II be sent to her or placed in a jar beside

Service Plaque Is on Display

the plaque.

Mrs. Smith pointed out that names of both men and women who served in World War II are wanted and it is not required that the person be a graduate of Shamrock high school just so he or she was enrolled in the local high school at some time.

Only the names of the service men and women are needed.

Mrs. Smith also stated that cash contributions to be used in finishing the plaque would also be appreciated and may be left in the jar at Hunter's Department store or mailed to her.

Big-Four Plan Ban on Nazi Industries

BERLIN, Feb. 2.—(AP)—The United States, Britain, Russia and France announced tonight that they had reached a general understanding on smashing Germany's chances of ever waging war again by banning nine key industries including synthetic gasoline and rubber.

The order outlawed even heavy agricultural tractors and heavy machine tools. Primary aluminum and magnesium, synthetic ammonia, ball and taper roller bearings and certain war chemicals also were banned.

While agreeing on abolishing these industries within Germany, the Allied control council provided that the ban would be "subject in certain cases to the necessity for providing exports to pay for imports and to availability in world markets."

The United States, Britain and Russia at Potsdam previously had directed the limitation of all German plants capable of producing arms, ammunition and implements of war of all types.

Brig. Gen. William H. Draper, Jr., chief of the American economics division, emphasized that the general agreement—and some progress—had been made in the program to reduce Germany to a land of agriculture and only light industries, but he said the council failed to meet today's deadline for drafting a meeting program.

The four Allied powers were proceeding on the basis of a German population of 66,500,000, he said. Even a minimum standard of living with a maximized agriculture program, Draper said, will require "large imports of food" as well as raw materials.

NIMITZ LOCATES HIS BIRTHPLACE

With oranges, grapefruit and assorted vegetables to guide him, Adm. Chester Nimitz shows Mrs. Nimitz the place of his birth, Fredericksburg, on a map of Texas made of the State's produce. The map was on display at a Texas Bragging dinner in Washington. The dinner was staged by Texas Growers and Shippers association, with the menu items brought from Texas for the occasion.

NO "SUPERIOR" USE FOR GAS

In a report analyzing natural gas reserve, demand and other matters, made by the Standard Oil Co. (New Jersey) economics, research and producing staffs, it is pointed out that there is no "superior" use for natural gas to which it need be diverted at the expense of other uses. The report emphasizes, on the other hand, that rather than placing any restrictions on gas uses, a major problem of the industry is that of encouraging and developing wider use. The desirability of expanding the near future marketing of gas is strengthened, it is suggested, when the probability of eventual use of atomic and other sources of power is considered.

Mrs. Mae Kelso left this past week for Phoenix, Ariz., where her son, Bob, has been recovering from injuries received in a plane crash. If Bob, who is still in the service, has recovered sufficiently, she plans to bring him home with her. She accompanied Mrs. Herman Sanchez and Roy Lard who will visit Roy's brother, Mr. John Lard, in Tucson.

Young man wants share expense ride to Goodyear Rubber Plant at Borger. Working hours 8 a.m. to 6 p.m. Phone 873J.

Betty Jane Beauty Shop will be closed through Wednesday, Feb. 8 due to illness.

Four More Pampans Receive Discharges

Four more Pampa men have been discharged from the service.

Sgt. Richard A. Kushi, whose address here is given as 111 N. Warren, has been honorably discharged from the army at Fort Bliss.

Staff Sgt. James H. Mosley, Jr., has been discharged there.

Kenneth Lanning Kyle, quartermaster second class, and Lewis D. Neighbons, seaman first class, were honorably discharged from naval service at the separation center at Norman, Okla.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barcinate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

Drive for New Legion Home Is Progressing Well

SHAMROCK, Feb. 2.—(Special)—The drive being conducted in Shamrock to raise \$25,000 for the purpose of building or purchasing a new Legion home is meeting with success.

The committee in charge of the drive reports it is being encouraged in their contract with firms and individuals in the solicitation of funds.

Members of the committee stated: "It is necessary to explain to each individual or firm the need of a new hut to accommodate the present membership and those returning from the service."

"Many have volunteered to encourage such a drive in which the entire community should cooperate. This is a project that is community wide and nothing should be left undone in the effort to arrange for a building which will accommodate the growing membership of the DeShazo-George Post and its auxiliary. The drive to raise \$25,000 for the construction or purchase of a larger Legion home was launched last week and will continue through March 1.

Showers Listed 'Presumed Dead'

ROY E. SHOWERS

S/Sgt. Roy E. Showers, Jr., son of Mr. and Mrs. R. E. Showers, former Pampans now living in Wichita Falls, has been "presumed dead" by the war department.

The plane on which Sgt. Showers served as a gunner was last seen over New Guinea Nov. 27, 1943 and none of the crew members has been heard from since.

Sgt. Showers, star fullback on the Pampa Harvester football teams of 1935 and 1936, graduated from Pampa high school in 1937 and attended West Texas State college May 1, 1942 and after receiving at Canyon for two years.

He enlisted in the army air training as a radio-operator and gunner he was attached to the Fifth air force and sent to a base at Boran, New Guinea.

At the time of his being reported missing, Sgt. Showers' plane, with its entire crew, was seen near Karau lagoon in northern New Guinea. Maps and supplies were dropped to the crew two days later but they have not been heard from since.

Besides his father and mother, Sgt. Showers is survived by a sister, Mrs. G. C. Noel of Pampa.

I don't think any industry in the country can stand a 30 per cent increase in hourly rates and make a profit without going to OMA for increased ceiling prices.—Jack Burns, business representative, Building Trades Council, AFL.

It is more true today than ever before that civilization is a race between education and catastrophe. It is also a race between the right kind of education and the wrong kind.—Gov. Thomas E. Dewey of New York.

Shamrock Plans Chamber Banquet

SHAMROCK, Feb. 2.—(Special)—Tickets went on sale this week for the chamber of commerce banquet to be held at 7:30 o'clock Thursday evening, Feb. 1 in the basement dining room of the First Methodist church.

Rex B. Baxter, secretary-manager of the Amarillo chamber of commerce, has accepted an invitation to deliver the main address of the evening. Bob Clark, newly selected head of the Shamrock chamber of commerce, stated Wednesday.

Baxter is president of the Chamber of Commerce Managers association of West Texas and is one of the most popular speakers in the Texas Panhandle, being well versed on the problems facing the towns of this section.

Thurmond Adkins will serve as master of ceremonies making up the program will be songs by the Sorensen Sisters and tricks of magic by Clark.

Purpose of the banquet is to bring together the business and professional people of Shamrock who are interested in the development of the city of Shamrock and its trade territory.

The state flower of New Mexico is the yucca.

SPORTS APFIELD

By Ted Kesting

Fox-hunting has probably gone more to develop good feeling between farmers and sportsmen than anything that has happened in a long time. Both groups agree that Reynard is bad medicine. Farmers want to protect their chickens, and sportsmen are fearful of the pheasant, grouse and rabbit hunting.

Things were different 10 years ago when some states put the red fox on the protected list to avoid extinction. Now many states have put him on the bounty list for fear of the extinction of everything else. Although the theory may be wrong, everyone is agreed that the foxes have reached a new high in numbers — probably the highest in the memory of men now alive.

After soberly weighing Br'er Fox in the balance, most of the scientific researchers find his good to outweigh his bad. But none of them defends the individual fox who gets the individual farmer's chickens, naturally!

Jack Van Coevering has made a review of the situation and he observes that whether or not you wish to consider foxes from the scientific viewpoint, or whether you prefer the average farmer's or bird hunter's attitude that there is no good fox but a dead fox, there is one thing sure: 1946 will be another good fox year. In some states foxes will level off. In others there may be more than in 1945. In either case, you might as well get the sport of hunting them while they are plentiful.

Tell a farmer you want to hunt foxes and watch his stern face melt into a friendly smile. Likely as not he'll join you, winter being the slack time for him. And you will have opportunity to make firm friendships that will come in good stead when you want to hunt this same land for pheasants and rabbits later.

Whether your sportsmen's club organizes for fox hunts or not, whether your state pays bounties or not, you may be sure that Reynard will not always be as plentiful as he is today. He will be on the downgrade again in a year or two. Nature seems to work that way. That is why it is good sense and good sport to take advantage of his numbers now. Get in on a hunt during this winter — while there still is a good chance of getting a shot at a fox.

Jones Returning To Baylor Next Month

WACO, Tex., Feb. 2.—(AP)—A. E. (Pete) Jones returns to Baylor, his alma mater, as assistant football coach and head coach of baseball next month.

Jones has resigned as business manager of athletics at Texas A. and M. college, a post he held two years. He coached Bryan high school before going to A. and M.

Ralph Wolf, Baylor athletic director, said today Jones would report about Feb. 15.

BULLETIN

Guard Ben Ernest sank a field goal in the last five seconds to give the Phillips Blackhawk eagles a 24-23 victory over the Pampa Harvesters here Saturday night. It was Pampa's fourth straight loss.

Unable to combat their opponents slow, deliberate style of play, Pampa's Harvesters dropped a 19-14 cage decision to the Amarillo Sandies Friday night in a northern loop conference game.

The Harvesters' "domino five" defense halted the Sandies' well-balanced scoring attack, limiting the Amarilloans to seven field goals, but Pampa was even less fortunate, being able to sink only two, combined with 16 charity tosses.

The loss may eliminate the local five from a chance at the northern division title.

A tie would result if Amarillo and Borger divided their two games, and the Harvesters beat both Amarillo and Borger in Pampa's remaining games.

In that case, the race would be tied with each of the three teams possessing two wins and two losses. Pampa would then probably be decided by flipping a coin.

Leon Gooch says Pampa's two lone field goals Friday as a large crowd at the Amarillo armory kept waiting for each team to take the offense.

Sandie Guards Boone Pickens and Paul Carroll kept the game going at a snail's pace by constantly passing the ball back and forth until an opportunity to pass the ball toward the basket presented itself.

Pampa took an early 3-0 lead in the first quarter but was trailing 6-4 at the end of that period. Pampa outscored the Sandies in the second but was behind 10-9 at the half.

Jack Seale, Pat Sasser and Pickens each registered field goals in the third period as Amarillo jumped to an 18-12 lead. Speer and Crump made Pampa's last two points while Sasser added one for Amarillo.

Bill Henry, Sandie forward, fouled out in the fourth quarter, three of his five infractions coming in the first half.

Pampa made 10 of 15 free throw attempts while the Sandies sank only five out of 12 attempts.

Pampa's next conference game will be with the Borger Bulldogs here next Friday. Borger won the first game between the two teams by a 42-41 score. The Bulldog's latest win was a 59-18 decision over Dalhart Friday night. They were scheduled to play the Plainview Bulldogs in a non-conference game last night.

The box score:

Player	P	ft	ft	pt	tp
Crump	0	1	2	1	2
Clay	0	4	4	4	4
Speer	0	4	4	4	4
Brown	0	0	0	0	0
Gooch	2	1	1	5	5
Lafrow	0	0	0	0	0
Total	2	10	13	14	14

Amarillo (19)

Seale	3	1	4	7
Carter	1	2	4	4
Henry	0	0	0	0
Pickens	1	0	0	2
Carroll	1	1	3	3
Sasser	1	0	0	0
McDowall	0	0	0	0
Total	7	5	16	19

Loop Standings

Team	Won	Lost	Pts	Opp.
Borger	1	0	42	41
Amarillo	1	0	19	14
Pampa	0	2	55	61

Schedule this week:
Tuesday Borger at Amarillo (conference); Friday — Borger at Pampa (conference).
Results last week:
Borger 42, Pampa 41; Lubbock 47, Amarillo 29; Amarillo 19, Pampa 14.

Carver Cagers Win

Carver's basketball teams scored a double victory over the cagers from Mary Etta Price high school of Childress at the Junior high gym Friday night.

The Carver girls, sparked by Wanda Durham, who scored 23 points, rang up a convincing 49-9 victory over the Mary Etta Price sextet while the Carver boys followed up with a 44-9 triumph.

Bill Vinson was high for the Carver boys with 14 points, followed by Coleman, team captain, who scored 12.

Aggies' Winter Practice Is Set

COLLEGE STATION, Tex., Feb. 2.—(AP)—Winter football practice will open at Texas A. and M. college Feb. 11, extending for 30 days.

Head Coach Homer Norton has a staff consisting of Bill James, Marty Karow, Hootchy Koch, Frank Anderson, Johnnie Frankie, Manning Smith and L. J. Dismitt and expects to arrive in time for the work. DeWare is back in the United States from Japan and hopes to be on terminal leave soon after four years in the service.

Almost daily, former members of Aggie teams show up unannounced. Harold Boyd of Dallas, who played football and basketball in 1930-40, is reentering school. He is a brother of Joe Boyd, Aggie all-American tackle of 1930.

Another top hand is Jerry Templeton of Hillsboro, a back who sparked the 1930 freshman team with his passing.

Johnny Vaught Due For Discharge Soon
CORPUS CHRISTI, Tex., Feb. 2.—(AP)—Johnny Vaught, former Texas coach at North Carolina university, will be discharged from the navy here Tuesday.

Vaught said he would return to coaching next fall but declined to disclose with what school.

Hay Named Corsicana Basketball Mentor
CORSCICANA, Tex., Feb. 2.—(AP)—William R. Hay, former Abilene Christian college star, has been named head basketball coach of Corsicana high school succeeding Dowell Wilson, who goes to Matador high school as head football coach.

Mealless and fishless Wednesdays in Washington's 82 government cafeterias saved six tons of the two products a week.

Servo Whips Red Cochrane, Reigns As Welter Champ

NEW YORK, Feb. 2.—(AP)—Along Bash boulevard, the boulevardiers were wondering today if the rest of the frozen break-busting champions could except the same uncivil treatment served up to Freddie The Red Cochrane, who kept the world welterweight crown on the shelf for four years and 187 days — and lost it in exactly 11 minutes and 54 seconds.

It took charging Marty Servo, who climbed all over the Jersey Red-head until he practically raised lumps on him, just that long to knock the roof in on Freddie The Red last night in Madison Square Garden.

Marty went out after Cochrane as if he owned him. He staggered Freddie in the first round, plastered him liberally in the second, had a gaudy red stream running from Cochrane's nose in the third and then hit the jackpot in the fourth with a hook followed by practically a whole bookful of assorted mayhem. Red slumped to the floor and was counted out.

Restrictions Are Imposed On Bonuses

NEW YORK, Feb. 2.—(AP)—Major league baseball took steps today at a joint meeting of the American and National leagues to check the growing practice of paying huge bonuses to free agents when they voted to prohibit the player's assignment of sale to a lower league without asking waivers which cannot be withdrawn.

Although a club still can pay \$50,000 to a future Dick Wakefield or even \$15,000 to a Dick Callahan, it now must be reasonably sure he will make the grade. The athlete henceforth will be labeled a "bonus player" and as such, any manipulation of his contract will be subject to drastic restrictions.

Even if a big league team contracts a promising youngster, slips him a good-sized cash payment and hands him a farm club contract, he will be open to unrestricted draft by any club in any league throughout his career.

The moguls also took pains to provide for any subterfuge by ruling that the first year salary shall not be over a certain limit (\$6,000 for the Majors, \$4,000 for Triple A and 150 per cent of the salary level in the other minors). They insisted that sum also must include any promises of future cash or any payments to any persons associated with the players such as a coach.

Putting teeth into their legislation, the leagues set a \$2,000 fine for a major league club violating the rule, \$1,000 for a minor league team and \$500 for any employee. In addition, the player shall be declared a free agent and the offending club shall not be permitted to do business with him for three years.

There is only one catch to the entire picture. The minors must approve before any of the bonus laws become effective. As the minors do not meet formally until December, their action probably will be taken in a mail vote from the office of President William G. Bramham of the National association.

Nelson Favorite In Texas Open

SAN ANTONIO, Feb. 2.—(AP)—As a matter of course, Byron Nelson, lord of the fairways who has been on a layoff since the Richmond tournament, has been established as the pre-tournament favorite for the Texas open here that opens first-round competition next Friday.

Entry of the sharp-shooting Texan who once captained in Port Worth with Ben Hogan, another star of today, was assured here today in a telephone conversation from Denton, Texas, with tournament manager Sam Goldfarb. Hogan will also be here for the open.

Non-accredited professionals and amateur playing under handicaps of four strokes or less qualify next Wednesday for the pro-amateur event that takes place Thursday and the open proper.

Sammy Byrd will be on hand to defend the championship he won last year with a record-breaking 268 total. Other prominent money-by-pay boys will be Harold "Jimmy" MacSwaden, E. J. "Dutch" Harrison, Jimmy Demaret, Dick Metz, Tony Penna, Vic Ghezzi, and Johnny Revolta. The field is expected to exceed 150 players.

Softball Goes From 10 to 9

NEW YORK, Feb. 2.—(AP)—In what was termed an attempt to strengthen the offensive, the joint rules committee of softball today reduced from ten to nine the numbers of players on a team. The position eliminated was the "short-felder."

In three other drastic changes, the rules committee shortened the baselines from 60 to 55 feet, permitted a hit batsman to take first base and enlarged the batter's box to three feet in front and three feet behind the plate.

The Amateur Softball association awarded the international championships to Cleveland for the next five years.

The eight regional tournaments will be over the Labor Day week-end, with the southwest at Port Worth.

'Verbal Punches' Thrown at Jacobs By Boxing Heads

WASHINGTON, Feb. 2.—(AP)—Verbal punches were thrown by a National Boxing association official today at Mike Jacobs' promotion of the Joe Louis-Billy Conn fight.

Col. Harvey L. Miller, NBA executive secretary, said in a statement that Jacobs is Louis' manager. This dual role of promoter-manager is "a decided detriment" to boxing generally, Miller added.

Louis will defend his world heavyweight title in a bout with Conn in Yankee stadium, New York City, next June.

"No boxer should be managed by 'the house,' that's wrong," Miller said.

He quoted Louis as recently disclosing that he no longer needed the service of John Roxborough and Julian Black, one-time managers, because Jacobs is now looking out for him.

The NBA official later declared in an interview that it is publicly known Louis is indebted to Jacobs for thousands of dollars loaned to the heavyweight champion while he was in the army.

Child on Mercy Flight in B-17

SHREVEPORT La., Feb. 2.—(AP)—Five-month-old Mary Greer Brown, daughter of Mr. and Mrs. Clyde Brown, formerly of Shreveport and now of Carthage, Texas, left Barksdale field this morning in a special B-17 bomber, which was to take her to Baltimore, Md., for a delicate heart operation.

With only a slim chance to survive, the 14-pound baby will undergo an operation designed to correct a heart condition which prevents the proper amount of oxygen from reaching the blood stream. She is suffering from what medical authorities describe as pulmonary stenosis.

Dr. Alfred M. Blalock of Johns Hopkins, who will perform the operation, has successfully operated in case of this type.

The special bomber left Barksdale at 9:25 a.m. today and was scheduled to arrive at Baltimore Municipal airport at 4 p.m.

A special oxygen mask was provided for the baby during the flight. In attendance were Lt. Col. Scott Smith, chief surgeon at Barksdale, and Lt. Thelma Stevens and Lt. J. W. Taylor, Barksdale flight nurses.

The B-17 was piloted by Maj. T. J. Rogers and Maj. D. E. Favor of Barksdale. Post Chaplain Martin L. Shauer also made the journey.

The father and Mrs. Brown accompanied their child.

First corridor train was invented by George Pullman, American cabinet-maker, in 1887. He also invented the sleeping car, in 1887.

News of Interest To Oil Men

Four Oil Wells, 19 Gassers Added In Panhandle Oil and Gas Field

Four oil and 16 gas wells were completed this week adding a minimum total of 160 barrels of oil and 223,080,000 cubic feet of gas to the field potential.

Largest oil producer brought in was the Herrman Bros. No. 6 G. B. Lucas in Hutchinson county which flowed 60 barrels of oil in 14 hours. Operators drilled the well to 3300 feet, plugged it back to 3297 feet with lime pay from 3275-97 feet. The well is located in section 21, block A, DL&C survey.

M. B. BLAKE NO. 3 PUMPS 41 BARRELS IN 5 HOURS

Pumping 41 barrels of oil in five hours on a railroad commission test, the M. B. Blake No. 3 M. B. Blake, section 189, block B-2, H&GN survey, Gray county, was completed at 3120 feet. The well was shot with 180 quarts from 3059-3100 feet.

In Hutchinson county the Continental Oil Co., No. 3 H. W. Carter, lot 40, block 4, William Neil survey, tested 29 barrels of oil and 67 barrels of water in 24 hours. Total depth was 3300 feet. The well was plugged back to 3249 feet, treated with 2,000 gallons of acid, with lime pay from 3214 feet to total depth.

The Continental Oil Co., No. 13 Table Mesa, on Indian land in San Juan county, N. Mex., tested 30 barrels of oil in 24 hours. Operators drilled to 1335 feet with Dakota pay from 1324-35 feet. The well is located in section 3, township 27-N, range 13-W.

TEXOMA GAS CO. ADDS SIX GASSERS

A gas well gaining 22.17 million cubic feet was added by the Texoma Natural Gas Co., this week with the completion of the No. 6-T. M. C. Burnett, section 61, block 5, L&GN survey, Carson county. It was one of six gassers added by the Texoma Co., with five completed in Moore county. The M. G. Burnett 6-T was drilled to 2436 feet with lime pay from 2210 feet; rock pressure at 317 pounds. The well was not treated.

In Moore county the No. 29-M. R. S. Coon, section 109, block 44, H&C survey, tested 5.112 million cubic feet of gas at a total depth of 3360 feet. Rock pressure was at 358 pounds, lime pay from 2840-3135 feet.

The Texoma Co. No. 31-M. R. S. Coon, section 150, block 44, H&C survey, drilled to 3134 feet, was plugged back to 3081 feet with lime pay from 2704 feet and rock pressure at 376 pounds. The well gauged 6.24 million cubic feet of gas.

Drilled to 3163 feet, the No. 12-M. Coon-Sneed, section 6, block 6-T, T&NO survey, tested 5.04 million cubic feet. Operators treated the well with 1000 gallons of acid. Lime pay was from 3080 feet to total depth and rock pressure at 376.

The No. 29-P. J. T. Sneed, section 5, H. H. Lindsay survey, was plugged back to 2638 feet from a total depth of 2776 feet, and tested with 9,000 gallons of acid. Potential of the well was 14.8 million cubic feet. Lime pay was from 2535-2680 feet, rock pressure at 268 pounds.

The Texoma Co. No. 29-M. R. S. Coon tested 11.764 million cubic feet on a railroad commission test.

PHILLIPS HAS SIX HANSFORD GAS WELLS

Six gas wells were completed this week by the Phillips Petroleum Co., in Hansford county. The No. 1 Claw tested 6.3 million cubic feet; the No. 1 Dars, 6.175; No. 1 Getz, 1.12; the No. 1 Leah, 1.51; No. 1 Merrill, 4.75; and the No. 4 Pearson, 1.55 million cubic feet. Total potential was 101,380,000 cubic feet of gas.

Hutchinson The Skelly Oil Co. No. 15 J. S.

Summary of the Houston FPC Gas Hearing

Following is a day by day account of reports received on the stand the Texas natural gas industry is making before the federal power commission in a 10-day hearing at Houston which started Monday morning.

The FPC, which has not yet filed charges, will probably do so at the last of the year when the commission makes its report.

Monday Governor Coke Stevenson in an opening statement, launched the

defense on the issue of state's rights stating that, "We believe in this field the rights of Texas are paramount and the federal government should abstain from the exercise of power therein."

Wednesday Low prices was stated as the reason why basinghead gas was being vented, the cost of gathering the gas in the fields being too great to warrant conservation. Col. E. O.

Thompson of the railroad commission told the FPC that the trend is toward higher prices.

Friday The scene changed from state's rights and the abundance of Texas gas to figures given in evidence by George Fancher, professor of petroleum engineering at the University of Texas, illustrating that the point behind the issue of gas conservation was the difference in the field price of gas in Texas from the price paid by the consumer.

Company Superintendents Study Repressuring

Shown in the top picture are members of the 10-week vocational training class in repressuring which was completed last week by approximately 80 superintendents of companies participating in the cooperative West Pampa Repressuring project. The project is expected to be completed the first of March.

Members of the advisory committee who planned the course of study, from left to right, are: First row: James Chervenka, Texas Co.; F. F. Thomasson, Sinclair Prairie Oil Co.; E. L. Chapin, Stanolind Oil and Gas Co., who served as instructor of the course; Robert Wilkins, Phillips Petroleum Co. Back row: Dallas Bowsler, Skelly Oil Co., and retiring chairman of the Panhandle chapter of the American Petroleum Institute; Fred Neslage, pool engineer of the WPR project; and Norman Perkins, Phillips Petroleum Co., and newly elected API chairman.

Authority of FPC To Control End Gas Use Is Questioned

HOUSTON, Feb. 2.—(AP)—In recess until Monday, the federal power commission's natural gas hearing will resume then to hear another ten witnesses, most of them experts on various phases of gas production and use.

The closing session of this week yesterday afternoon was marked by the cross-examination of George A. Hill, Jr., president of the Houston Oil company, who persistently warded off attempts of questioners to pin him down to yes and no answers.

Hill and counsel for coal, railroad and union interests spent hours in wordy consideration of definitions. The principal point at issue was whether the FPC had the authority, under the natural gas act, to regulate the end use of gas.

Hill has emphasized that, in his opinion, the commission does not have such authority.

Dr. George Fancher, professor of petroleum engineering at the University of Texas, also was closely questioned on phases of the paper he read and which was prepared by him in conjunction with Dr. Harold Vance, head of the department of engineering at Texas A. and M. college.

This cross examination had to do chiefly with a difference in the natural gas reserve estimates presented by Fancher and Dr. R. E. Degolyer of Dallas.

Fancher explained that Degolyer had had access to more information, and that his estimate was therefore large.

Operations at Low Ebb as Effects Of Steel Strike Hit Local Field

Repercussions of the steel strike are being felt at first hand in the local fields with operations held up for want of casing and other equipment. The steel strike is reportedly the primary factor in the relatively inactive status of operators. Those in operation include:

J. M. HUBER CORP. NO. 1 POLING TESTING

The J. M. Huber Corp. No. 1 Poling "A," section 23, block 5, H&GN survey, Carson county, was reported being tested after the well was drilled to 2865 feet and acidized in two stages. Treated with 3000 gallons, the wells tested 4 million cubic feet of gas. It was acidized with 6000 gallons.

ROBINSON BROS. WEATHERLY NO. 6 SWABS 6 BARRELS

After being shot with 110 quarts from 3004 feet to total depth of 3122 feet, the Robinson Bros. No. 6 J. F. Weatherly located in the NE/4 of section 24, block "Y," A&B survey, Hutchinson county swabbed about six barrels of oil an hour.

In Moore county the Phillips Petroleum Co. No. 1 Kinney, located in the McKinney and Williams survey in the center of the lot, was preparing to acidize at 3195 feet. Gas was estimated at 2.7 million cubic feet.

Drilling ahead in red bed at 180 feet the Texas Co. No. 1 Myrtle S. Bills, section 45, block 13, H&GN survey, Wheeler county, had set 15 1/2-inch casing at 26 feet with-out cementing and 12 1/2-inch casing at 95 feet.

Danciger P-B 36 Holds Record

Reportedly the largest well completed in the Panhandle oil and gas field during the past 10 years, the Danciger Oil and Refining Co. No. 36 Powell-Beck flowed 2864 barrels of oil in 12 hours on a railroad commission test.

The well was drilled to 2912 feet with granite wash pay from 2864 feet to total depth.

California Ready For Tidelands Battle

The state of California will go to record-breaking length in opposing the government's suit to exert title over the tidelands, with an 800-page reply to the department of justice's brief which it will file in the supreme court today, the deadline fixed by the court.

Humble Wildcat Drilling at 750
Spudded January 27, the Humble Oil and Refining Co. No. 1 Mrs. M. R. Scruggs, section 58, block 19, H&GN survey, Collingsworth county, wildcat territory, was drilling ahead this week at 750 feet. Operators had set 16-inch casing at 80 feet with 75 sacks of cement.

Location of the Cabot Carbon Co. No. 2 James Dahl, section 4, block 1, PSL survey, was abandoned.

Garbage Dump Is Site of Oil Pool
ALBANY, Feb. 2.—(AP)—A Shackelford county garbage dump proved to be lying above an oil pool.

ROESNER AND FENDLETON-CONOCO NO. A-12 COOK ESTATE NEAR THE CENTER OF SECTION 94, EXTRA SURVEY, WAS DRILLED IN A GARbage DUMP. IT CAME IN PUMPING 26 BARRELS OF OIL DAILY FROM 1,400-00 FEET TO OPEN A NEW COOK SAND POOL.

TEXAS GAS LACKS MARKETS
The engineering committee appointed by the railroad commission of Texas to survey gas wastage recently reported that in its survey of all oil fields producing a million or more cubic feet of gas per day it found 177 fields produced in excess of 2 billion cubic feet daily; approximately one half of which was vented or flared. A member of the commission attributed this wastage to lack of markets.

POTTER
The Canadian River and Gas Co. No. 31 Elyens "A," section 15 block 9-18, D&P survey, drilled to 2425 feet, was treated with 5000 gallons of acid and flowed 6.4 million cubic feet of gas. Lime pay was from 2276-2425 feet, rock pressure at 398.

SAN JUAN CO., N. MEX.
The Southern Union No. 1 Hudson, section 34, township 30-N, range 12-W, flowed 5 million cubic feet. The well was drilled to 2004 feet with picture cliff sand pay from 2000 feet.

CINNAMON CO., OKLA.
The Stanolind Oil and Gas Co. No. 1 Omahundo, section 21, township 3-N, range 8-E, tested 1.5 million cubic feet of gas. The well was plugged back to 4822 feet from 5116 feet, with lime pay from 4502-22 feet and rock pressure at 770 pounds.

Nine Additional Commencements Made During Week
Nine additional locations were filed with the railroad commission office or reported from the field during the week ending January 31, with three in San Juan county, N. M. Locations by counties are:

Gray
Coronado Oil Co. No. 2 Myrtle Davidson, located 330 feet from the north and east lines of the N/60 acres of the E/2 of the NE/4 of section 64, block B12, H&GN survey; 14 miles south of Pampa.

Hutchinson
The Ora Huey No. 4 H. E. Smith, 330 feet from the south and 900 feet from the west lines of the N/60 acres of the NE/100 acres of the SE/4 of section 12, block "Y," M&C survey.

Water input well, the Harry Stekol No. B Whittsburg, 25 feet from the north and 800 feet from the N/2 of section 89, block Z, GC&SF survey. Drilled to 2880 feet.

King
The Superior Oil Co. No. 2 Pitchfork Land and Cattle Co., 330 feet from the south and west lines of the SE/4 of section 171, Gibson "A," 961 survey; nine miles northwest of Guthrie.

Humble Oil and Refining Co. No. 1 (Alma M. Masterson), 1980 feet from the north and east lines of section 19, block 2, T. R. Co. survey; 20 miles northeast of Guthrie.

SAN JUAN, N. M.
Brown and Stearns No. 1 H. Wagner, 2100 feet from the south and 1670 feet from the west lines of section 29, township 30-N, range 12-W. Drilled to 100 feet.

Southern Union No. 16 Barkus Dome, center of the SW/4 of the SW/4 of section 20, township 32-N, range 14-W. Drilled to 100 feet.

Thousands Will Probably Want Job With UNO

By JAMES MARLOW
WASHINGTON, Feb. 3.—(AP)—Would you like a nice job with the United Nations when it opens headquarters in this country?
You won't be the only one. Thousands of Americans undoubtedly will put in their bids for such jobs. Not all will be chosen.
But choosing at all will be a big headache for Trygve Lie (pronounced Lee) Norwegian foreign minister.
He's just been confirmed as secretary general of the United Nations by the general assembly. Now the assembly is expected to pick some place near New York or Boston as the UNO headquarters.
The decision will be made soon, before UN breaks up its present London meeting, its first.
The next meeting will be held in this country. And Lie has to make preparations for that.
Those preparations—and the duties of his job—make him the world's No. 1 housekeeper. His salary: \$20,000 a year.
Right away he'll have to get ready for the spring or summer meeting of UN here.
That means fixing up accommodations for the delegates, arranging for their transportation, seeing that they're taken care of.
But first off he'll have to select a secretariat (staff).
There's a secretariat working for the UN meeting in London now. So Lie will choose some of those people, besides his top assistant secretaries.
Then he'll have to set up full shop in this country. And that's a job.
Since this is an international organization, Lie will have to be sure he doesn't make his staff top-heavy with Americans.
Of course, Lie himself won't select every person working for UN. His assistants will take on the bulk

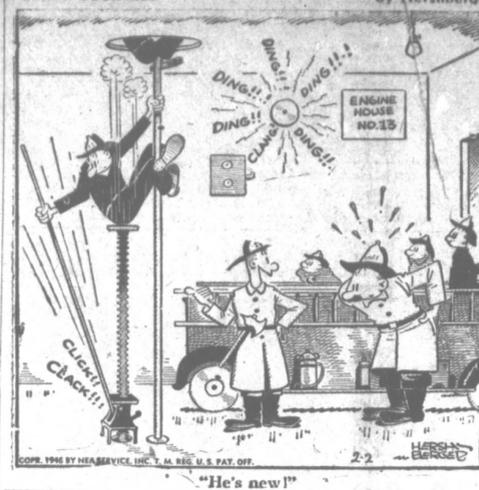

Submarine War

(Continued from page one)
of Japanese figures. The United States lost 52 submarines (seven of them by definitely known accident or deliberate destruction) with 3,505 men. Japanese ships and plane crews had submitted reports claiming a bag of 490 American submarines sunk or probably sunk.
—At the end of the war, Japan had 51 submarines left, the United States 240.
One of the prepared statements said "It took moral courage of the highest order" to send out the order for unrestricted air and submarine warfare.
"However, the existing instructions for the navy of the United States governing maritime and aerial warfare" were so restrictive as to practically preclude a submarine attack on anything but an unmistakable man of war and we were bound by the London naval treaty of 1930 to observe such restrictions.
"It would have been the easy course to have insisted on submarine warfare in accordance with treaties, shifting to other shoulders the responsibility for any existing increase in the length of the war and for the longer casualty lists that would have resulted."
The navy commented that "to a very large extent Japan employed its submarines against purely military targets" but did this "not because of humanitarian principles or out of regard for any existing treaties, but rather from the firm and quite possibly correct conviction that U. S. carriers, battleships and cruisers were the greater threat to her chances of successfully concluding the war."
The navy included among its exhibits an interview with Vice Admiral Paul H. Wencker, German naval officer stationed in Japan. He put Japanese overestimation of their own strength as compared with allied power first among causes of the enemy's defeat. Second he named the attacks of the highly efficient American submarines on the merchant shipping.
Lockwood termed the Japanese plan for bombing the canal with planes the three submarines "futile" because only ten bombs could be dropped against the heavily defended zone and "how many would hit a target?"

Darlan Joined Hitler in Scheme Against Britain

NUERNBERG, Feb. 3.—(AP)—French Deputy Premier Adm. Jean Darlan joined Hitler in scheming to destroy the British empire in 1941 and pledged Syria as a Nazi supply base in a prospective "Battle of Suez," official records of the German foreign ministry showed today.
The records, assembled by the American prosecution for the Nazi war crimes trial here but not introduced as evidence, indicated that the sharp-faced admiral was induced to commit Vichy to the Nazi cause by vague promises that France would gain third place in the new world order planned by Hitler and Mussolini.
Darlan, who was violently anti-British, was assassinated in Algiers on Dec. 24, 1942, while he was serving as civil head of French Africa under an arrangement with General Eisenhower. An arch collaborator with the Nazis, he went over to the side of the Allies after his capture in the surprise invasion of North Africa Nov. 7, 1942.
The German documents at Nuernberg confirmed British charges of Vichy plotting during the crucial spring when the British "empire lifeline" through the Mediterranean was all but severed by the first campaign of Nazi Field Marshal Erwin Rommel in North Africa and the Nazi lightning war in the Balkans.
But Darlan's plotting backfired. French patriots kept the British alerted regarding his moves, and occupation of Syria by British and Free French forces started just one month after Darlan was reported to have signed up with Hitler.
A French-German agreement was concluded May 7, 1941.
Secret terms drafted during the negotiations called for Darlan to be responsible for German arms shipments across Syria to the pro-Nazi government of Rashid Ali Al Gailani in Iraq.
A revolt in Iraq was planned to demoralize the British flank north of the Suez, while Rommel would continue to advance toward the Nile valley south of Suez.
The Germans, meanwhile, were to move at will through Syria with the assistance of Gen. Henri Dentz, French high commissioner to Syria and Lebanon. Dentz died in a French prison last Dec. 12 after a death sentence for treason had been commuted to life imprisonment.
The documents indicated that Hitler underestimated British tenacity and was determined to "economize" on operations in the eastern Mediterranean until the forthcoming invasion of Russia could be climaxed in victory by the late summer of 1941.
The "Battle of Suez," for which Darlan agreed to help set the stage, was scheduled tentatively for the Nazis to be fought in autumn of that year.

FUNNY BUSINESS

Panhandle Pioneer, E. E. Carhart, Dies

Funeral services will be held tomorrow afternoon in the First Methodist church, Panhandle, for Edward E. Carhart, 81, who died at his home there yesterday afternoon following an illness of seven months.
Resident of the Panhandle since 1927, Mr. Carhart and his wife were the first couple married in Donley county. He was a cowman in the early days, later went into the automobile business in Panhandle, and was cashier of a Panhandle bank for 25 years prior to his retirement.
He is survived by three daughters, Mrs. George Taylor of Pampa, Mrs. Opal Cleek and Miss Nina M. Carhart of Panhandle; son, J. L. Carhart of San Antonio and his wife, Mrs. William Jacobs of Oshkosh, Wis.; four grandchildren and four great grandchildren.
Services will be conducted by the Rev. W. E. Fisher and burial will be in Panhandle cemetery under the direction of Duenkel-Carmichael funeral home.

Steel Strike

(Continued from page 1)
ed principally with his appearance next week before a house committee considering extension of the price control act.
One high government official—not the White House man who described the nature of today's conferences—expressed the opinion that the thing being sought is a pricing formula which would be acceptable to the industry and would not require backing down from President Truman's demand for an 18 1/2 cent hourly boost for the 800,000 steelworkers.
He suggested that the answer might be a steel price boost of about \$2 a ton with a promise of a government review earlier than the six months period prescribed by present stabilization policy.
This could be done, some officials assert, under a clause in Mr. Truman's wage-price executive order which permits a change in the review period in "exceptional cases."
The President cannot now renege from his 18 1/2 cent wage proposal, it was held, and this will stiffen labor's insistence on that increase as well as industry's desire to make the best price bargain possible with the government.
OPA Administrator Chester Bowles, who has held out for a \$2.50 limit on the steel increase, answered a summons to the White House this afternoon. There were indications, his associate said, that he might be persuaded to go along with a \$4 increase. Nevertheless, the fear that pressure from higher up for a more liberal price policy might cause Bowles to resign led some of his friends in congress to come to his aid.
Spokesmen for the house banking committee told a reporter that some of its members had sent personal appeals this morning to Mr. Truman asking him to uphold the price administrator.
Wage, price and labor problems loaded Mr. Truman's Saturday schedule. The callers included Secretary of the Treasury Vinson and Secretary of State Byrnes.
Both the cabinet members are

Cleveland Fire

(Continued from page one)
neighboring building when I heard the explosion. I rushed into the Hall (Jennings). The smoke was so dense I couldn't see my hands in front of me. I rang a bell to alert the house and then tried to help get occupants out. In two minutes after the explosion, everything was on fire.
"The sisters felt they would suffocate, but kept trying to pull the occupants out of their rooms. I didn't see any flames because the smoke was so thick, but the heat was intense.
"In one room I saw a woman waiting calmly while firemen tried to free her from approaching flames. Just as firemen were about to reach her, her hair burst into flame and she perished."
An unidentified bus driver helped rescue at least 10 persons.
Mrs. Eugenia Marie Lease, 80, a former Baltimore resident, said she was in her room at the eastern edge of the building when she heard Sister Hyacinth scream: "Fire! Fire!"
"I opened my door and black smoke poured in," she continued. "I tried to lead Mrs. Mary Ehler, who is 86 and my roommate, out through the hall. Mrs. Ehler is blind. The dense black smoke blinded me, and I lost contact with Mrs. Ehler. While I was groping in the darkness for her, Father Bena came along and led me and two other women through the hall to safety.
As we went through the halls we could hear the horrible screams of those trapped in their rooms or in the halls."
The explosion panicked the neighborhood. Telephone lines into the suburban police and fire departments were jammed. Neighbors helped friendly in rescue efforts until fire companies arrived to combat flames in the sub-freezing temperature.
More than five hours after the explosion, firemen still searched through the smoldering ruins for persons missing.

Funeral Held for William Joe Warren

William Joe Warren, 16-day-old son of Mr. and Mrs. Walter D. Warren of Skellytown died Friday night in a local hospital. Services were held at 4 p. m. yesterday in the chapel of Duenkel-Carmichael home and interment was in the Baby Gardens of Fairview cemetery. Service was conducted by the Rev. Carlos D. Speck, pastor of the Central Church of Christ.

Lions Club Plans Minstrel Show

Concrete plans for the Lions Club Minstrel Show will be formulated in an all-member meeting of the club to be held at 2:30 this afternoon in the Palm room of city hall. Members will organize and make preparations for their all-Lion show to be held February 21-22.

SIDE GLANCES

"That young ex-soldier I hired is going to be a good newspaperman, Clem! Only trouble is he's too sincere—he doesn't write very good obituaries!"

KINGDOM OF CALLAWAY PLANS BIG DAY FOR CHURCHILL, TRUMAN VISIT

By LARRY HALL
FULTON, Callaway County, Mo., Jan. 26.—(P)—There hasn't been such a stir in the Kingdom of Callaway since Jeff Davis spoke here back in 1875.
That was an historic day. This "detached section of the confederacy" had seceded from the Union during the War Between the States. It got the name of "Kingdom" for the bold act. And after the war was over, Fulton went wild in greeting the deposed Confederate president.
Next March 5 it's going to go wild again, for Winston Churchill and President Truman will be here—Churchill to deliver the Green Foundation lecture at tiny Westminster college and the President to introduce the former British prime minister.
Both will receive honorary doctor of laws degrees.
Two of the world's most famous men will put their affairs of state aside for a day to come to a little town in interior America.
When they reach the shaded, sloping campus of Westminster college where 102 men are enrolled this semester, they will find their auditorium is the bare college gymnasium. President Franc L. McCluer figures extra bleachers can be squeezed in to accommodate 3,500 for the great day.
A public address system will be installed to carry Churchill's words to the thongs outside.
To help house guests of the college, Dr. McCluer has reserved about 200 additional rooms in neighboring towns of Jefferson City, Mexico and Columbia, each about 25 miles away.
He doesn't know where the rest of the expected thousands will go. Mayor J. Frank Hensley says the churches will be asked to help feed the crowds expected to pile in on this town of about 6,500.
Complicating the situation is the fact that buses provide the only passenger service into Fulton. They come on U. S. 54, the only main highway here.
Back in September 1875, when Jefferson Davis came, several ladies "embraced and kissed him with genuine heartfelt reverence, akin to adoration," according to an old newspaper account.
Thus far the Churchill-Truman program has no place for kissing, although Col. Nathaniel Townsend reckons "some of the girls might give Winnie a buss." Townsend was 10 when Davis spoke here and recalls it as one of the greatest days in his life.
And how does it happen that little Westminster bagged such cele-

brities as Mr. Churchill and Mr. Truman?
That goes back to a conversation President McCluer had one day last fall with Thomas H. VanSant, a member of the college board of trustees.
"They were talking about revising the Green Foundation lecture, endowed by Mrs. John Finley Green of St. Louis, in memory of her husband, an attorney who was one of the school's most distinguished alumni.
"This is how VanSant recalls his talk with his friend, "Bullet" McCluer:
"Bullet and I were discussing various people we might ask to come and deliver the lecture. I said 'if you want to shoot at the moon, why don't you get someone like Winston Churchill?' Bullet laughed and we went on talking about others.
"Next day he came and said, 'say you know if I thought we could get an invitation to him, I'd be willing to try to get Churchill.' And that's the way the idea was born."
VanSant put the proposition up to his old friend, Harry Truman. Twice the banker had managed Truman's senatorial campaigns in Callaway county and twice he had carried the county for him. The President said sure, he would be glad to forward the invitation. And he did.
"What the former prime minister will discuss will be up to him. By custom, the Green lecturers choose their own subjects.
Atom Bomb
(Continued from page 1)
on nuclear energy during the war. He told this story:
"When the war started, Hahn and myself along with other scientists were called in by German military officials and asked what we thought the possibility was of producing an atomic bomb.
"They were extremely concerned that America or England would make the bomb first, and use it against Germany for, with the publication of Hahn's discoveries, the secret was out. We said we must first do research to see if atomic energy could be captured under the fission process of Hahn's.
"By the end of 1941, we completed an atomic energy machine at Leipzig and further experiments proved conclusively that we could win atomic power from ordinary uranium.
"We had the secret of harnessing atomic energy but were unable to apply it because of shortages of manpower and material."

Rosario and Antonio, Spanish dancers, coming to Pampa Tuesday night under the auspices of the Pampa Community Concert association.

Community Concert Assn. To Present Spanish Dance

As children they stopped traffic in the streets of Seville. Today as little more than children they have stopped shows on three continents, arousing wild demonstrations of audience enthusiasm, evoking encore after encore. Such is the life story of Rosario and Antonio, who appear as the last concert stars on this year's Community Concert association's program. They will dance at the Junior high school auditorium Tuesday evening at 8:30 o'clock.

Rosario and Antonio began their spontaneously created career when the piquante little lady was seven and her mercurial cousin just six. The youngsters took to tagging after an organ grinder as he cranked out the melodies of their native Andalusia, and inventing spur-of-the-moment dances to his music. When Sevillian merchants neglected their shops to stand in doorways and stamp approval of "the kids," when traffic jam-ups occurred on whichever street corner Rosario and Antonio happened to be playing, the organ grinder fostered their following.

Shamrock Girl Takes Vows in Oklahoma

SHAMROCK, Feb. 2.—(Special)—Mr. and Mrs. G. W. Crossland, who reside east of Shamrock have announced the marriage of their daughter, Loretta, to Mr. Jimmie Sears, son of Mrs. D. F. Batterson of Oklahoma City.

Mrs. L. J. Crabb, Jr. Honored at Shower

Mrs. L. J. Crabb, Jr., was guest of honor at a bridal shower Thursday afternoon in the home of Mrs. Joe Looper. Mrs. Crabb is the former Arthurine Coberly, daughter of Mr. and Mrs. Sam Coberly of Pampa. Assisting Mrs. Looper were: Geraldine Crabb, who had charge of the guest book, Mrs. Charles Carney and Mrs. W. A. Henson. Mrs. Loretta Crabb, Sr., won the game prize and later presented it to her daughter-in-law.

WE, THE WOMEN

No Time to "Sit and Look Pretty"

By RUTH MILLET NEA Staff Writer Fashion writers these days are growing lyrical about the "era of romantic femininity in dress" that spring is to usher in. It is to be the dressiest season in many years, we are told. And one top designer describes the spring styles as "clothes designed to sit and look pretty."

Clara Weathered Married at Sunday Church Ceremony

One of the outstanding social events of the week was the marriage last Sunday of Miss Clara Jane Weathered to Carl E. Sexton, which was solemnized in the Central Baptist church at 2 o'clock.

SOCIETY Pampa News CLUBS

Mr. and Mrs. Carl E. Sexton after their marriage last Sunday afternoon. Mrs. Sexton is the former Clara Jane Weathered.

Harney-O'Gorman Vows Read at Chapel

SHAMROCK, Feb. 2 (Special)—Miss Evelyn Harney, daughter of Mr. and Mrs. Thomas Harney of Bronx, N. Y., became the bride of Mr. Gerald O'Gorman, son of Mr. Tom O'Gorman, Thursday January 17.

The wedding took place in the Chapel at St. Mary's hospital, with Father Quante reading the service.

Miss Rose Mary O'Gorman was maid of honor. She wore a grey dress with red accessories and a corsage of red carnations.

Tommy O'Gorman served as best man for his brother.

The bride chose a tailored suit of brown, accented with tan accessories. She wore a corsage of white carnations and sweet peas.

Mrs. O'Gorman attended the

Theodore Roosevelt high school of New York.

The bridegroom recently received his discharge from the navy, after about four years of service.

Attending the wedding were Mr. Tom O'Gorman, Miss Amy Sue Beckett of Childress and Mr. James Walker.

H. D. Agent Resigns in Wheeler County

SHAMROCK, Feb. 2.—(Special)—Mrs. Corn B. Long has been forced to resign as Wheeler county Home Demonstration agent because of illness in her family. She had held the position only three weeks.

Doris Leggett of College Station, district agent, has informed commissioners court she expects to make an appointment shortly. Shortage of cars and scarcity of tires are making it difficult to secure agents in the counties where much traveling is required.

Mrs. Eva Davis Weds Wellington Farmer

SHAMROCK, Feb. 2.—(Special)—Announcement was made in Shamrock this week of the marriage of Mrs. Eva Davis of this city and Paul E. Starr of Wellington.

The vows were exchanged at high noon Wednesday, January 16, in a simple ring ceremony in the study of the Minister Ernest McCoy of the Childrens Church of Christ, who officiated.

The bride was dressed in an off-white wool dress, accented with gold trim. She wore a black hat trimmed in matching gold and black accessories. Her shoulder corsage was of red rosebuds.

Mrs. Starr has made her home in Shamrock for the past 22 years, and owned and operated the Rose Beauty Shoppe until about a year ago.

Mr. Starr, a resident of Collingsworth county for the past 42 years, is engaged in farming, ranching and the cotton gin business. He is an active member of the Masonic lodge.

Both Mr. and Mrs. Starr are members of the Church of Christ. Following the wedding the couple made a trip to Fort Worth, and are now at home in Wellington.

New Rainbow Officers

Mrs. Dove Anderson and Miss Maxine Bell, who were installed recently as mother advisor and worthy advisor, respectively, of the Order of Rainbow for Girls. Maxine is the daughter of Mrs. Corinne Bell, 115 N. West, and a senior at Pampa high school where she is prominent in school activities.

Crusaders Class Has Church Party

SHAMROCK, Feb. 2 (Special)—The Crusaders class of the First Methodist church met in the church basement Thursday evening for a class party.

Games provided entertainment for the group and refreshments were served. Among those present were: Mr. and Mrs. Hiram Prince, H. W. Callan, Mogene Douglas, H. V. Vermillion, Mr. and Mrs. Clark Bumpers, Mr. and Mrs. John W. Vermillion, Mrs. Don Cason, R. L. Roberts, Mr. and Mrs. Toby Purcell, T-Sgt. and Mrs. George Ryan, Jr., Mrs. Harold Walker, Glenn B. Pifer, Mr. and Mrs. Neylon Morgan.

Miss Mary Smith, Miss Jane Hamill, Des Roy Bessley, Melvin Williams, Miss Marjorie Murphee, Miss Jeanne Cardwell of Amarillo, Mrs. R. A. Kinney, Mr. and Mrs. Charles Vermillion, Mayna Pae and Gene Bratcher, and Mrs. Hubert Bratcher, teacher of the class.

Athenaeum Club Hears Bible Student

SHAMROCK, Feb. 2 (Special)—Mrs. Clarence Locke of Miami, who is an outstanding Bible student, was a guest speaker at the Athenaeum club Friday afternoon when the group met in the home of Mrs. B. F. Kersh.

"The Bible as Literature," was the subject of the program, and roll call was answered with Proverbs.

Mrs. Harry Mundy discussed "Art Masterpieces" and Mrs. Locke's subject was, "Literary Masterpieces of the Bible."

At the close of the interesting program, refreshments were served to Mrs. Locke of Miami, and Mrs. Fluke George, guests; and to the following members: Mmes. W. S. Pendleton, J. M. Tindall, H. P. Mundy, Earl Koger, William F. Holmes, Louis Hill, B. F. Holmes, J. W. Gooch, E. K. Caperton, J. E. Clark, and Temple Atkins Sr.

Forum Studies Post War Plans

SHAMROCK, Feb. 2 (Special)—"Post War Plans" was the program subject when the Forum club was entertained in the home of Mrs. William F. Holmes Thursday evening.

Mrs. Winifred Lewis was leader of the program and roll call responses were, "The 'Tring I'll Remember Most about This War."

Mrs. Louis Hill's subject was, "Building Better Cities," and Mrs. E. K. Bechtol discussed, "The Returning Service Man."

Refreshments were served to a number of guests and members of the club including: Mmes. E. O. Wheeler, of Wotonga, Okla., Charles Major, Howard Siger, Temple Atkins, Jr., Oliver Gooch, Cabot Brannon, and Earl Gooch, guests; and Mmes. E. K. Bechtol, Shirley Draper, Louis Hill, Lyle Holmes, Winifred Lewis, E. F. Risinger, Albert Ryan, S. Q. Scott, M. A. Whitehurst, and Selbert Worley, members.

Orient is Topic At Times Club

SHAMROCK, Feb. 2.—(Special)—Mrs. Jack Montgomery was hostess to members of the Times club and a number of guests at her home Thursday afternoon.

Red carnations and fern made an attractive centerpiece on the dining room table.

Mrs. Walter Darlington presided over the business session. Mrs. J. A. Ebeling gave a report on the Shamrock public library, and Mrs. Charles Palmer was leader of the program.

Mrs. George Stanley discussed "Conditions in China Today," and Mrs. C. L. Reavis gave the story of "Burma and Her People." Mrs. P. T. Boston closed the program with a talk on "India and World Organization."

At the close of the program Mrs. Palmer displayed a Sari from India and demonstrated how they were worn.

Refreshments were served during the social hour to the following guests: Mmes. Temple Atkins, Sr., J. H. Caperton, S. L. Draper, and Pedro Dial, and to these members: Mmes. M. A. Leith, Charles Palmer, Fred Holmes, Walter Darlington, Jr., T. H. Sonnenburg, Ode Cain, J. A. Ebeling, C. L. Reavis, Tom Brown, P. T. Boston and George L. Stanley.

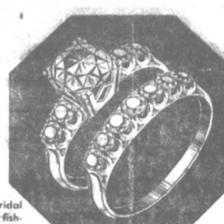

Victory H. D. Club Names Candidate

Mrs. T. J. Watt was selected as the Victory club candidate for delegate to the Texas Home Demonstration association at the Friday afternoon meeting of the club at the home of Mrs. W. M. Brannon.

Miss Millicent Schaub, Home Demonstration agent, demonstrated yard improvements and gardening.

Mrs. W. A. Thornton was elected as council recreational committee member and will have charge of the recreational program at the county council meeting on February 23. She will also be in charge of the June and November meetings' programs.

Later Friday evening, Mrs. Watt entertained members of the club and their husbands at a "42" party. Doughnuts and coffee were served.

Viernes Club Plans Valentine Party

Final plans for the Viernes club's Valentine party next Wednesday evening were made at the Friday afternoon meeting of the club at the home of Mrs. Burdette Keim. The party will be given in the city club rooms at 7:30 o'clock.

Refreshments were served after the meeting to: Mrs. Emmett Forrester, Mrs. W. E. Abernathy, Mrs. Lawrence Flaherty, Mrs. Francis Hunkill, Mrs. LeRoy McBride, Mrs. George Shelton, Mrs. A. C. Crawford, Mrs. Charlie Miller, Mrs. Homer Doggett, and the hostess, Mrs. Keim.

Aviation Discussed By Literary Club

SHAMROCK, Feb. 2.—(Special)—"Aviation" was the subject under discussion when the Thursday Literary club met at the home of Mrs. Ben A. Skidmore.

Mrs. L. S. Griffin was program leader. Mrs. Charles Green discussed, "Aviation Today," and Mrs. J. B. Christian, "The Key to World Friendship."

Refreshments were served to the following members: Mmes. W. Y. Burden, J. B. Christian, L. E. Davis, H. T. Fields, Charles R. Green, L. S. Griffin, H. B. Hill, R. C. Lewis, H. C. Weatherby, B. A. Zeigler and J. R. Benson.

Forum Studies Post War Plans

SHAMROCK, Feb. 2 (Special)—"Post War Plans" was the program subject when the Forum club was entertained in the home of Mrs. William F. Holmes Thursday evening.

Mrs. Winifred Lewis was leader of the program and roll call responses were, "The 'Tring I'll Remember Most about This War."

Mrs. Louis Hill's subject was, "Building Better Cities," and Mrs. E. K. Bechtol discussed, "The Returning Service Man."

Refreshments were served to a number of guests and members of the club including: Mmes. E. O. Wheeler, of Wotonga, Okla., Charles Major, Howard Siger, Temple Atkins, Jr., Oliver Gooch, Cabot Brannon, and Earl Gooch, guests; and Mmes. E. K. Bechtol, Shirley Draper, Louis Hill, Lyle Holmes, Winifred Lewis, E. F. Risinger, Albert Ryan, S. Q. Scott, M. A. Whitehurst, and Selbert Worley, members.

Oiled Hands Are Quickly Cleaned

Oil rubbed lightly and sparingly over housework-begrimed hands makes embedded dirt easier to float off. Mineral oil—any common variety—will do to use before you dunk hands into suds. It helps soap do more than a surface job of cleaning.

That's a tip from the women who says she keeps tossing protective gloves aside because they hamper her movements.

If you can't stand to have your touch blunted by gloves—they're your best protection against winter-dry skin, chinning nails or charwoman's knuckles—wear cream under your gloves. The plus value will be something to show in hands when they flutter over a tea table or finger bridge cards.

Putting your creamed hands to bed in a pair of protective gloves—even if they do make you look like Mr. Bones in the minstrel show—is the best way to make hard-working hands look like a pampered pair.

"It Grows as It Goes" is the motto of New Mexico.

Between Pearl Harbor and VJ-Day

It suddenly dawned on the Pentagon generals that there were only 4,000,000 men left in their draft army and at the rate it was disappearing their own fat jobs would dissolve and their high rank disappear.—Sen. Edwin C. Johnson of Colorado.

Between Pearl Harbor and VJ-Day cancer killed more than twice as many Americans than did the Germans and Japs. Unless we do something about it, 17,000,000 Americans now living will die of cancer.—Dr. Frank E. Adair, president, American Cancer Society.

Crusaders Class Has Church Party

SHAMROCK, Feb. 2 (Special)—The Crusaders class of the First Methodist church met in the church basement Thursday evening for a class party.

Games provided entertainment for the group and refreshments were served. Among those present were: Mr. and Mrs. Hiram Prince, H. W. Callan, Mogene Douglas, H. V. Vermillion, Mr. and Mrs. Clark Bumpers, Mr. and Mrs. John W. Vermillion, Mrs. Don Cason, R. L. Roberts, Mr. and Mrs. Toby Purcell, T-Sgt. and Mrs. George Ryan, Jr., Mrs. Harold Walker, Glenn B. Pifer, Mr. and Mrs. Neylon Morgan.

Miss Mary Smith, Miss Jane Hamill, Des Roy Bessley, Melvin Williams, Miss Marjorie Murphee, Miss Jeanne Cardwell of Amarillo, Mrs. R. A. Kinney, Mr. and Mrs. Charles Vermillion, Mayna Pae and Gene Bratcher, and Mrs. Hubert Bratcher, teacher of the class.

Athenaeum Club Hears Bible Student

SHAMROCK, Feb. 2 (Special)—Mrs. Clarence Locke of Miami, who is an outstanding Bible student, was a guest speaker at the Athenaeum club Friday afternoon when the group met in the home of Mrs. B. F. Kersh.

"The Bible as Literature," was the subject of the program, and roll call was answered with Proverbs.

Mrs. Harry Mundy discussed "Art Masterpieces" and Mrs. Locke's subject was, "Literary Masterpieces of the Bible."

At the close of the interesting program, refreshments were served to Mrs. Locke of Miami, and Mrs. Fluke George, guests; and to the following members: Mmes. W. S. Pendleton, J. M. Tindall, H. P. Mundy, Earl Koger, William F. Holmes, Louis Hill, B. F. Holmes, J. W. Gooch, E. K. Caperton, J. E. Clark, and Temple Atkins Sr.

Victory H. D. Club Names Candidate

Mrs. T. J. Watt was selected as the Victory club candidate for delegate to the Texas Home Demonstration association at the Friday afternoon meeting of the club at the home of Mrs. W. M. Brannon.

Miss Millicent Schaub, Home Demonstration agent, demonstrated yard improvements and gardening.

Mrs. W. A. Thornton was elected as council recreational committee member and will have charge of the recreational program at the county council meeting on February 23. She will also be in charge of the June and November meetings' programs.

Later Friday evening, Mrs. Watt entertained members of the club and their husbands at a "42" party. Doughnuts and coffee were served.

Forum Studies Post War Plans

SHAMROCK, Feb. 2 (Special)—"Post War Plans" was the program subject when the Forum club was entertained in the home of Mrs. William F. Holmes Thursday evening.

Mrs. Winifred Lewis was leader of the program and roll call responses were, "The 'Tring I'll Remember Most about This War."

Mrs. Louis Hill's subject was, "Building Better Cities," and Mrs. E. K. Bechtol discussed, "The Returning Service Man."

Refreshments were served to a number of guests and members of the club including: Mmes. E. O. Wheeler, of Wotonga, Okla., Charles Major, Howard Siger, Temple Atkins, Jr., Oliver Gooch, Cabot Brannon, and Earl Gooch, guests; and Mmes. E. K. Bechtol, Shirley Draper, Louis Hill, Lyle Holmes, Winifred Lewis, E. F. Risinger, Albert Ryan, S. Q. Scott, M. A. Whitehurst, and Selbert Worley, members.

Orient is Topic At Times Club

SHAMROCK, Feb. 2.—(Special)—Mrs. Jack Montgomery was hostess to members of the Times club and a number of guests at her home Thursday afternoon.

Red carnations and fern made an attractive centerpiece on the dining room table.

Mrs. Walter Darlington presided over the business session. Mrs. J. A. Ebeling gave a report on the Shamrock public library, and Mrs. Charles Palmer was leader of the program.

Mrs. George Stanley discussed "Conditions in China Today," and Mrs. C. L. Reavis gave the story of "Burma and Her People." Mrs. P. T. Boston closed the program with a talk on "India and World Organization."

At the close of the program Mrs. Palmer displayed a Sari from India and demonstrated how they were worn.

Refreshments were served during the social hour to the following guests: Mmes. Temple Atkins, Sr., J. H. Caperton, S. L. Draper, and Pedro Dial, and to these members: Mmes. M. A. Leith, Charles Palmer, Fred Holmes, Walter Darlington, Jr., T. H. Sonnenburg, Ode Cain, J. A. Ebeling, C. L. Reavis, Tom Brown, P. T. Boston and George L. Stanley.

Bob Cummings Returns to Screen In Hal Wallis' 'You Came Along'

Robert Cummings is completely satisfied with the attentions of Elizabeth Scott in this scene from Paramount's latest hit, "You Came Along."

By SCOTT RAFFERTY

Remembering his triumph in "Kings Row" and other successful films, we were glad to see Bob Cummings return to the screen and his latest picture is possibly his best. Bob teams with Don DeFore, the sensational veteran, and Elizabeth Scott, another new star, in Hal Wallis' "You Came Along," showing at the LaNora Sunday, Monday and Tuesday.

Cummings has a difficult role to play but to tell the readers why would be giving the story away. However, Cummings, DeFore and Charles Drake are three returned army flyers sent on a bond-selling tour with Miss Scott as the "chaperone." Cummings falls in love with Miss Scott but says he can't marry her. To tell you why would be giving away the plot.

The entire cast is very convincing and Kim Hunter, discovered two years ago, finally makes her debut in a very conspicuous way. Julie Bishop and Robert Sully are also good.

A marvelous story and a stellar cast are combined in Rene Clair's "And Then There Were None," showing at the Rex theatre Sunday, Monday and Tuesday.

United Artists assembled a cast including Barry Fitzgerald, Walter Huston, Louis Hayward, June Duprez, Sir C. Aubrey Smith, Mischa Auer, Judith Anderson and Roland Young to make as good a horror picture as has been released in a long time.

The aforementioned, along with Richard Dix and Queenie Leonard are the guests and servants, respectively, at a lonely house on an island of the English coast.

Each guest, including the butler and his wife (Haydn and Miss Leonard) represents a figure in the rhyme, "Ten Little Indians." Each is called to the house and is accused of various sins—consequently all are to be killed.

The story of how Hayward and Miss Duprez escape death is very surprising and the identity of the real murderer will certainly surprise you.

A simple, yet dramatic story, of how two fighting men really acted when they were cooped up or packed like the proverbial sardine is strikingly told in Ernie Pyle's "Story of G. I. Joe," showing Sunday and Monday at the Crown.

Burgess Meredith shines in a fine performance as Ernie Pyle, the famous war-correspondent, but Bob Mitchell, long-time western star, really steals the picture for his work as Captain Walker.

This story is not about battles, or blood or guns—it's about the guys who crawled through the mud, slept in it, ate it and died in it—it's the real thing. Don't miss it.

bulbs (which sell for about 85 cents each), and any good film, you have the primary elements needed for taking good pictures indoors," says this photographic expert, who has made thousands of test shots under all known lighting conditions and with all types of cameras.

"Good pictures can be made with even one photo flood bulb, which may be screwed into an ordinary bridge lamp and trained on the subject or mounted in an extension cord socket. The bulb has its own built-in reflector, but a large sheet of white cardboard (placed on the opposite side of the subject from the bulb, and out of range of the camera), will soften any shadows.

"When possible, it's better to use two lights to give the picture an effect of added depth and roundness," Mr. Farnham suggests. "Have the principal light high and to one side, near the subject; and a second light farther back, near the camera. As you experiment with indoor lights, you will find that much of the fun of indoor picture taking comes from arranging them in different ways to create as also contained on each bulb wrapper.

The porcupine advances into a battle backwaps.

NEWS OF OUR MEN—WOMEN IN UNIFORM

BACK HOME AGAIN

SHAMROCK—T-5 Billy H. Cooper is back at home after receiving his discharge from military service January 26, at Fort San Houston, San Antonio. He was overseas 22 months with the 6th army in Luzon and the Philippines.

Cooper is one of five sons of Mr. and Mrs. R. J. Cooper, who have served their country in World War II. He had three years of service with anti-aircraft.

Jack Cooper received his discharge in August after more than three years in the European theater and Hollis, who served about three years in India and Burma, was discharged in November.

Two sons are still overseas, Pvt. Joseph M. Cooper, who is in Japan, and expects to sail for the States soon, and Bobby Cooper, MAM, who is serving with the navy in Japan.

RETURNS TO CAMP

SHAMROCK — Pvt. Carl Mac Jones has returned to Camp Robinson, Little Rock, Ark., after a 30-day furlough. He visited his parents at Samnorwood and with the R. A. Nichols family here.

LANDS ON COAST

SHAMROCK—S-Sgt. Martin Exum landed on the west coast Saturday. He made the trip home on the Kula Gulf from China, where he has served for the past five months. Exum has been with the First marine airwing with more than three years of service. His wife and baby daughter, Janice, who is now 15 months old, and has never seen her father, have made their home here since he has been away. He is the son of Mrs. Joe Tate.

RECEIVES DISCHARGE

SHAMROCK — Captain Robert B. Caperton, who was in the adjutant general's department, received his discharge from military service January 26, at Fort San Houston, San Antonio.

Watch and Clock Repairing A Specialty

HERRING JEWELRY SHOP

ed his discharge from Camp Fanning, January 8 after a little more than five years of service for his country.

Caperton has had three years of overseas service and was stationed at Trinidad, in the British West Indies.

He will resume his duties in the Shamrock post office January 1.

VISITS PARENTS

Sgt. John H. Williams, who is now stationed at Fort Worth, spent the week-end at home with his parents, Mr. and Mrs. Walter Williams of Shamrock.

Delinquent Mothers Need Home Training

Miss Irene L. Duncan, Methodist deaconess and chaplain at the Indian women's prison, Indianapolis, Ind., has devoted much attention in recent months to a large group of delinquent mothers sentenced to between two and six months for child neglect. Miss Duncan has held classes for the group twice a week in housekeeping, cooking, menu planning, leisure-time activities for children. She held "graduation exercises" for twenty-two recently "I have taken personal history of all of these women," says Miss Duncan, "even back into their childhood and have found that most of them either grew up in ungodly homes."

WHEN EVERYBODY BECOMES NOBODY

The palsied hand of free enterprise is faltering even more just now under an avalanche of demands that union labor be given pay raises on the basis of management's ability to pay. We say "palsied hand" because the concept of free enterprise has been made such by the increasing force of bureaucracy—or government meddling into the affairs of private business. Our economic order is not only hampered by meddling, but also by government participation in business systems which should be left to private ownership.

Although we realize the value of finding the facts by someone in the General Motors-UAW-CIO controversy—if that is needed to settle the dispute—we cannot see how fact-finding boards set up by the government can settle the controversy to the satisfaction of both sides.

The question arises in our minds just where are the facts to be uncovered beyond those which are annually published by the corporation. Surely it is not to set this year's wages on the basis of last year's profits—or the profits of any other year. Anyone knows that no margin of profit can be set for this year's operations by last year's figures.

Those are the only facts—real facts—that management possesses. What the corporation might make this year is a matter of speculation, and it could be losses instead of profits. Do we understand the unions to agree to assume losses if the corporation finishes the year with losses? (We hardly think so.)

But such arrangement—that is, to assume profits in some proportion—would be contrary to the true principle of free enterprise. America has become great—and we must realize this now and always if our capitalist system is to stand—America has become great through risk-taking. As risk-taking becomes profitable—as it does often—we make progress. We—and that includes the workers—make progress through new and bigger investments in bigger enterprises on a competitive basis, through improvement of working conditions, through greater productivity.

If there is anything the reader can do about this—if he is a believer in our system—it is to write his congressman and urge his neighbors to write him, telling our representative to keep government out of private enterprise and not to vote for any bill that would place compulsion on either management or labor.

The truth is struck home to us in the words of a noted publisher, Frank E. Gannett, who said recently in an article entitled "1946—Year of Decision":

"A government, we must realize, cannot be everything to everybody without everybody becoming nobody (in the sense of freedom and individual rights)."

LOOKING AHEAD

BY GEORGE S. BENSON
President, *Aviation College*
Searcy, Arkansas

CREATIVE SPARK

Invention is declining in the United States. Between 1930 and 1943 patent applications went down about half at the Patent Office in Washington. To be very technical, the drop was 54 per cent per 100,000 of the country's population. If the total number of patents applied for annually had varied a great deal in former years, this would not be so surprising, but it had not.

ALL TO THE GOOD

Only few of these formulas or mechanical devices ever reached the Patent Office, but the youngsters who worked with them gained valuable knowledge. Many of these young inventors came up with ideas of this wave of inventive energy came useful things. Patent applications reached an all-time high between 1925 and 1930, and (population considered) granted patents broke a 50-year record, only a few months later.

HISTORICAL SKETCH

F. O. Richey of Cleveland, Ohio, one of the nation's distinguished patent attorneys, informed me recently that the history of invention divides naturally into three periods: (1) Before the 17th Century when there were no patent laws and few inventions; (2) The 17th and 18th Centuries with poor patent laws poorly administered; (3) From early in the 19th Century to 1933, and (4) since.

SPRILL HOSTILITY

The Latin who called Necessity the mother of invention was wrong. Necessity makes people improvise; invention has better parents—love of achievement and hope of reward for good ideas. The Chinese, having no such hope, invent almost nothing.

PHILIP MURRAY INSISTS ON A STEEL STRIKE

(The Los Angeles Times)
In commenting on the refusal of United States Steel to grant the compromise wage rate suggested by President Truman, Philip Murray, head of the C.I.O. Steelworkers Union, declares the corporation makes itself solely responsible for the disruption of the national economy that will be caused by a steel strike.

Arrest That Man!

NATIONAL WHIRLIGIG

news behind the news

By RAY TUCKER

SUSPECT—Atomic-minded scientists and legislators already suspect the Marshall Islands experiment arranged by the navy will not provide a full test of the new cosmic weapon.

Without making specific accusations, they intend to use their influence to force a real showdown between the fleet and the bomb that leveled Nagasaki and Hiroshima.

Old-timers on Capitol Hill and in the congressional press galleries remember how the brass has rigged the game against the late Billie Mitchell when, in a similar rivalry, he was permitted to pit his airplane against seized German vessels of the "Virginia" Capes twenty-five years ago.

OBSCURE—The first complaint is based on the discovery that the type of missile to be hurled against the ninety-seven warships is the same that fell on the Japanese cities.

Although this projectile seemed to be sufficiently devastating, it is virtually obsolete by comparison with bombs now in the making. Some of the original plants that made it have already been scrapped.

The newer model, however, will not be ready for use until the fall, and cannot be employed in the May and July trials. Thus, should the navy emerge fairly victorious in the first battle between the atom and capital ships, there will be a demand for another test of the more modern weapon next November.

PARTIAL—The all-out experiments also insist that civilians and scientists be named to the board of judges who will examine the results and report on the details of the devastation. They do not want the decision to be left in the hands of naval admirals and engineers exclusively.

The top navy men, however, maintain that only they have the technical knowledge and background to determine whether the damage inflicted was fatal, serious or negligible. They contend that only they can decide whether a battleship carrier, cruiser, destroyer or submarine was put out of action or merely damaged temporarily.

It is believed that President Truman will insist on creation of a board drawn from the ranks of scientists, legislators, shipbuilders, etc., and that he will not rely on the conclusions of a seemingly impartial body. It will be difficult to obtain a completely impartial body, for so many manufacturing and military groups are directly interested for personal reasons in the building of ships.

Under present plans for control of the atom by the government or an international organization there would be no money for them in that kind of a weapon.

OBSTACLE—These suspicions may turn out to be unfounded, but those who were close to Billie Mitchell from 1920 until his court-martial and conviction in 1926 know how the brass has conspired to discredit both him and the airplane as a weapon that would revolution-

Peter Edson's Column:

SMALL BUSINESS BAND OGGLE

By PETER EDSON
NEA Washington Correspondent

WASHINGTON.—Folding of the Smaller War Plants corporation Jan. 28 gives a good omen which to hang a round-up of the government's aid of small business.

Of course you can't get anyone connected with any of the government effort to aid small business to admit that it wasn't necessary and hasn't done good. Yet of all the government do-good programs that have been started, this one has been investigated more, reorganized more, nursed, prayed and fought over more. Aiding small business has become a kind of religion—if you're not for it, there's something wrong with you.

In the three years and seven months that Smaller War Plants corporation was in existence, it tried to do a lot of things. It set up 114 field offices. It employed at its peak about 1800 people. It spent about 30 million dollars. It was anything but small business itself.

When you add up all the SWPC's many accomplishments, there is still no accurate measure on how deep the government aid to small business really got. Census Bureau says there were about 180,000 small businesses before the war. Eighty

thousand of them were manufacturers. SWPC in the end had a file of 42,000. The remaining 38,000 it apparently never touched.

ONE OUT OF FIVE GOT IT
Some 25,000 SWPC small businesses came into SWPC field offices with financial worries. Five thousand of them—one in five—got loans. Total of the loans was over 600 million dollars. This loan business has done all right, and it would probably show the government a profit if they'd let it. Government books aren't kept that way.

Aiding in war production was of course the primary function of SWPC. The entire 30 million of its war expenditures might therefore be charged off as a war expense.

SWPC also did a lot of other chores. It took small businessmen from home office congressmen's desks. SWPC was the little fellows' advocate before other government agencies. It helped them get priorities on scarce materials, argued on their behalf before OPA and WPB, army and navy. It guided their hands in filling out government forms. It got them machine tools and technical advice. It got them war contracts—four and a half billion dollars terminated contracts when the war

In Hollywood

By ERSKINE JOHNSON
NEA Staff Correspondent

INTERIOR, Ladies' Room, Mike Romanoff's Restaurant.—(NEA)—Yes, we spent two frightened minutes in Romanoff's Ladies' Room. But there was really nothing to worry about, Barbara MacLean assured us. Barbara is the Beverly Hills interior decorator who decorated the place. She was our guide, leading us in after first making sure that the coast was clear.

"As a matter of fact," said Barbara, "more men have seen Romanoff's ladies' room than any other ladies' room in America. Some woman is always tapping on the floor and saying: 'Is there anyone in there? I want my husband to see it.'"

In our blushing confusion, however, we do not remember much about the place, which Barbara has decorated along with Errol Flynn's living room, Edgar Bergen's study, and half the movie homes in Southern California. We saw some love birds, with letters in their beaks, painted on the walls, along with cherubs and masks and a pair of French can-can dancers on the swinging doors.

Then we got out of there as fast as we could. We do not mind peeking in a keyhole, but even a movie columnist has to draw the line somewhere. So, we drew it across the threshold and withdrew in utter confusion.

ROYAL DECORATOR
Barbara explained that decorating the place was a little out of her line, but she did it as a favor for Mike. Now her husband, Douglas MacLean, the former silent star, introduces her to peepers as: "My wife, royal decorator to his highness, Mike Romanoff."

Barbara, a stage and screen actress, married MacLean seven years ago and gave up acting. The decorating business came about, as she explains it, as "a readjustment to not acting. I had to be doing something."

Now she has her own swank shop in Beverly Hills, decorating around 200 homes a year. Hollywood knows her as clever, original and an expert on color. She knows her customers as three types:

1. People who know what they want. People who don't know what they want. People who don't know what they want and don't like what they get.

For instance, Barbara said, there is a certain film glamour girl whose bedroom "looks like a set for Lady Hamilton." Barbara said: "The things people are throwing away."

ROCKING CHAIR MOTIF
Then there are people like Gail Patrick. Gail called up Barbara and asked her to redecorate her living room. "I don't care what you do with it," said Gail, "but you can't throw out my rocking chair." "So," said Barbara, "I decorated the room around the rocking chair."

Some of Barbara's other ideas include a radio built into an antique china closet for Director Billy Wilder, converting an old foot-bath in a plant stand and helping fashion designer Adrian decorate his home in a monotone, "making it a wonderful background for his wife's (Janet Gaynor) clothes."

INS 18.—SANTA FE
The retirement of W. D. Sawyer, secretary and treasurer of the Santa Fe railway at Galveston, after fifty-three years' service, was announced today by President F. G. Gurley. Effective Feb. 1, he is succeeded by W. K. Menard, who has been assistant secretary and treasurer.

Sawyer began with the Santa Fe as office boy in the treasury department and became head of that department as secretary and treasurer in July, 1933. His successor, Menard, also entered service in the department as office boy. From that position in 1907 he advanced successively through various positions which resulted in his appointment as head of the department. Menard has been assistant secretary and treasurer since July, 1933.

Succeeding Menard is John A. Manning, until the present promotion, paymaster.

A porcupine has about 30,000 quills.

PHILIPPA flung away from the table and the rest of us just sat there. Nobody spoke.

Then Fletch sprang after her and stopped her in the French door leading into the dining room. "Where are the boys, Phil?" I don't see how any one could have ignored the pleading in his voice.

Phil just laughed. "You would never guess," he derisively said, and with another ripple of laughter slipped under his arms, where he had pinned her back against the glass.

Fletch stood in the doorway looking after her and the rest of us sat around the table like graven images. Then Fletch went into the dining room and the rest of us tried to eat our breakfast as though nothing had happened. Later we heard the sharp, staccato beats of a horse on the drive; it was Philippa off somewhere.

Uncle Andrew gave a queer little laugh. "Woman amuse me," he said.

"Well, Andrew, that's one form of amusement you'll never have to pay tax on," Mr. Willson's voice was bitter.

Uncle Andrew said shortly, "I wonder."

I looked around Cliff's Edge, at the beauty and serenity of it, and wondered why just one person could bring so much bitterness and heartache into a place that had never known it. I wondered how he tried to eat our breakfast for a moment if each place must have its share. God knows my Miss Jenny and Mr. Willson had had their share of it before they came to Cliff's Edge, but Cliff's

MACKENZIE'S Column

AP World Traveler

MADRID, Feb. 2.—Crystal gazers who try to define the political future of Spain find the glass cloudy but this much is clear:

There is a major change in the making and this is an anxious moment.

The outlawing of the Franco regime by the Big Three in the Potsdam declaration has put the generalissimo on a tight spot. As J. DEWITT MACKENZIE sees it he has his choice of three courses:

1.—He can bare his head to the allies and storm in defiance.

2.—He can retire from the picture altogether.

3.—He can try to find a solution which would give Spain a new regime but would at the same time permit him to turn over the reins of government without too much loss of personal dignity.

The monarchists have chosen this critical time to intensify their drive for a restoration of the kingship, with pretense Don Juan on the throne. The republicans are straining every nerve through their organizations outside the country to bring about overthrow of Franco.

The generalissimo is hard pressed. Undoubtedly midnight oil is being burned in his study in the palace at El Pardo.

There's no doubt in my mind that the generalissimo is anxious to find a dignified way of placing the allies. I believe that the situation is developing along the line of the third alternative; that is, a possible restoration of the monarchy under which he may hope to occupy some non-political position of distinction.

Reestablishment of the monarchy presumably is the only change of government which Franco would consider willingly.

I have reason to believe that for some time El Caudillo, as the Spaniards call him, has quietly been discussing restoration of the throne with Don Juan through go-betweens.

We may expect development in connection with this project in the immediate future, though the generalissimo isn't inclined to rush matters.

There's one absolutely vital item which we shouldn't overlook in analyzing the situation. No government—not matter what its complexion—could carry on successfully unless it had full control of the army.

This is equally true whether Franco tries to hang on, whether the monarchy is restored, or whether the republic is reestablished.

There's no doubt voiced about the loyalty of the army to Franco, and in that loyalty there rests a very delicate question. I've pointed out that he likely would be willing to turn the government over to a new monarchical regime if he could do so without loss of dignity. This would mean that he would have to use his full influence to insure that the monarchy had the support of the army.

Well, it would be strange if he didn't ask that he be retained as commander of the military forces in exchange for his political title of chief of state.

And what would be the alternative? Nobody knows.

We are faced with the heart-breaking prospect of turning away (service) men we would have welcomed with open arms at any other time.—Officials of Cornell University, Ithaca, N. Y.

Leaves From a Correspondent's Life Notebook

By HAL BOYLE

HONG KONG, Jan. 30.—(AP)—Red-haired Mrs. Chester Bennett, who has an Irish smile and a Portuguese accent, will never forget May 14, 1945, the day Japanese generalissimo took her husband from her.

She never again saw the man who has become known as "The American Hero of Hong Kong."

They had been living straightened circumstances. She had been cashing her jewels to buy food—jewels her husband had given her when his business was prosperous and their life was free.

Ironically, while his own finances were at the lowest ebb, Bennett had sent priceless espionage information out to the allies and had smuggled in hundreds of thousands of dollars to internees in the Stanley camp so they could buy extra rations from the Japanese guards.

It was on these matters that the Japanese generalissimo called five days after Bennett's first wedding anniversary.

In a desk were a number of promissory notes and messages from the British colonial secretary in the Stanley camp. It was these promissory notes that Bennett used to raise money from wealthy Indian and Swiss merchants.

"Chester gave me the high sign and I began to yell and scream and cry," said Mrs. Bennett. After starting at her contemptuously for a moment the Japanese turned away and began to search another corner of the room. She quickly seized the promissory notes and messages and stuffed them into an old newspaper.

"While one guard was looking out the window with a pair of binoculars I slipped another packet of letters and messages from my coat in the wardrobe and dropped them in among the soiled linen in the bathroom which they had already searched," she went on.

"They found no papers of any value at all—only old pictures and old correspondence. But they took

General Walker To Leave Army

WASHINGTON, Feb. 2.—(AP)—

Major Gen. Fred L. Walker, 56, commander of the 36th (Texas) infantry division at the time of the ill-fated attempt to cross the Rapido river in Italy in 1944, has been retired from active army duty because of physical disability.

The war department disclosed this today without other comment. Officials said General Walker had been present at a reunion of the 36th division at Brownwood, Texas, January 20 which called for an official investigation of the Rapido battle for which costly failures they blamed Lt. Gen. Mark Clark.

General Walker commanded the 36th division from September 1941 until June 1944. Since his return to the United States he has commanded the infantry school at Fort Benning, Ga., and last July was made director of ASF military training.

Chester away anyway and I never saw him after that day.

Mrs. Bennett still weeps when she recounts the terror-filled days when her husband was tortured in the Japanese generalissimo before being removed to a cell in Stanley Bay prison. "I used to take him food every day to the generalissimo. The Japs wouldn't let me see him," she said.

"Once they didn't take the food for 10 days and I knew they were starving him. I smuggled some sandwiches and cigarettes to him through a Chinese man."

"After they took him to Stanley prison they only let me bring food twice a week and stole most of what I brought. If they didn't want to bother, they'd just say: 'No food, he's already dead.'"

"They thought it funny to say he already had been executed. And each time I felt that this time they might be telling me the truth."

"Murder!" They Cried

By DOROTHY STALEY
Copyright, 1946, NEA Service, Inc.

THE STORY: Arrogantly beautiful Philippa Willson, wife, announces to the gathered willon clan that she has sent her small twin sons away so that they will not have to march in the town's Independence Day parade. This is an annual affair, sponsored by the Willson family who own the Willson mills. Philippa's gesture is one of defiance toward her in-laws.

Edge had known only serenity and peace and love until Philippa came.

THE house at Cliff's Edge sits well back from the highway and high above it, the broad driveway from it curving downward to meet the main road. It is a long gray house, with four huge pillars in the front forming a small round portico at the entrance to the great hall, which is really the living room. On either side are flagstone terraces. On the library side of the house, the terrace looks toward the woods that separate the house from the farm buildings and the fields. On the other side, the terrace looks across the broad lawns that stretch down to the sea gardens that my Miss Jenny built in the abandoned quarry fronting on the highway.

The quarry years ago had been worked from the highway so that where the stone and dirt had been quarried away, the ground was level with the highway, but on the remaining sides the jagged surface of rock and dirt until they met the level of the lawn. That is where the house got its name, for from the road-side it did indeed seem to be on the cliff's edge. My Miss Jenny and

LITTLE HARVESTER

Vol XV

Pampa High School, Sunday, February 3, 1946

No. 19

Cox Comments

By ANNA MERLE COX
This is a new column which will appear in the Little Harvester every week.

The art of writing a column is new to us and not as easy as one may think. We know now that the writers of Sage weren't lazy when they were reluctant to accept the assignment.

The basketball queen, Mildred Overstreet, and her attendants, Joyce Pratt and Erna Lee Kennedy, will be presented at the Pampa-Amarillo game next Friday night. The Harvesters won the district case title last season and with a little help from the students this goal can be attained again.

The band members took tests Thursday to see who the nine representatives to Waco will be. The A Cappella choir has already chosen nine students to go. They are: Bob Parkington, Jack Dunham, Billy Hutchinson, Eleanor Carruth, Libby Sturgeon, Erna Lee Kennedy, Wanda Gordon, Eula Meers and Beverly Candler.

Orchids to the juniors for a very enjoyable assembly program Wednesday. Let's have this kind more often.

Be sure to listen to the radio program every Friday at 4:45 p.m. over station KPDN. Mr. J. H. Plathers is the sponsor of the program.

Just because the war is over is no reason to be disrespectful to the flag of the United States or to talk while the Star Spangled Banner is being played.

We can be happier than ever to "pledge our allegiance" since this terrible carnage is over.

Coach Otis Coffey and Randall Clay spoke at the first basketball pep rally held Tuesday in preparation for the Berger game that night.

Yells were led by the cheer leaders—Avis Kelley, Betty Joyce Scott, Erna Lee Kennedy and Ida Ruth Taylor.

Harvester Office Hive Of Student Activity

By RAMONA MATHENY
Ever been in the Little Harvester office while work is being done on the annual?

Amid all that apparent confusion, there is actually work being done. The pictures, cardboard and glue all over the place are the future Harvester.

The pasting of those pictures is easy but the planning that must be done before the glue jar is even opened is the part that takes patience and perseverance.

Alphabetizing names, checking spelling, typing and writing copy are but a few of the things that have to be done.

Of course, besides the usual difficulties that are encountered every day, students are always dashing into the office to further complicate matters. Pictures are moved, copy is separated from the page, ink is splattered on a page that has just been completed and the editors go slowly mad.

Do not misunderstand! It is fun to work on the annual. Even with all the exacting specifications, heart-breaking accidents it is fun.

To make sure you enjoy the annual as much as the staff does, BUY YOUR HARVESTER SOON!

Troop Elected Junior Rotarian

Bob Troop was elected by the student council Tuesday to represent PHS at the weekly Rotary luncheons. Bob is the fifth boy of this year to receive this honor. Others elected to this post during the year have been Bill Nellis, Jack Dunham, Don Rowe, and Lonnie Williams.

Bob's activities include football, track, and hunting. He has attended school in Oklahoma City and Pampa. He is 5 feet 11 inches with dark hair and brown eyes, and is popular with both PHS girls and boys.

Plans are being made by the council to sponsor an all-school social on March 1. The social committee, which is headed by Eloise Wyatt will be in charge of the arrangements. It was decided that the council will rotate the periods in which it meets on Tuesday.

Bill Nellis and Dick McCune will be the next two representatives to schools in other cities. Dick and Bill plan to leave soon for Fort Worth.

Poetry Contest Is Open Until March

The Texas High School Poetry contest is now open to all students of Texas high schools. Pampa students entering poetry must turn it in to English teachers by Monday, March 4.

Any poem may be entered which has been written since the close of the last contest, a year ago. Previous publication or entry in another contest will not bar it from the contest.

No single poem or group of poems may be more than 100 lines in length. Three typewritten copies of each poem must be submitted. For collections submitted for the Terry Cup, there need be only one copy. Separate copies of poems must be submitted for both cups. The name of the writer and the high school represented must be on a separate page.

The high school whose representative submits the best individual poem or group of poems will be awarded the Sjolander cup, donated by John P. Sjolander of Cedar Bayou, to be kept for one year.

The girl who submits the best single poem will be awarded a literary scholarship in Mary Hardin-Baylor college. A half scholarship will be awarded to each of the next top ranking girls.

The high school submitting the best collection of poems will be awarded the Terry cup, donated by Mrs. Audrey L. Terry of San Antonio.

The winner will have his name engraved on the cup and in addition will receive an embossed and autographed copy of a favorite poem by the honor guest. The other high ranking contestants will be awarded similarly rewarded.

All ranking contestants will be invited to have a part on the special poetry program at Mary Hardin-Baylor college on March 29 and 30.

For the Sjolander cup, each school may submit as many as five poems or groups of short poems, provided that no more than two are written by one student.

The individual poem winning first place will be published in the Dallas News. All poems winning prizes or honorable mention will be published in "The Bells," the college paper.

A copy will be sent to each contesting school and a copy of the annual as much as the staff does, BUY YOUR HARVESTER SOON!

Hinkle Speaker at Banquet; Three Initiated Into Society

PHS Enrollment Drops Below 1,000

Enrollment in Pampa high school has dropped below that of the first semester with the present total being 953. This makes a drop of 44 from the 1,007 reported in September.

The freshmen have the largest class with 355; the second largest, the sophomores, have four out-of-state students in their 271 enrollment. The juniors and seniors have 175 and 162 students, respectively.

Five states and 23 towns are represented by the 30 new students on record. New enrollees follow: Jimmie Barrett, Moberly; Bobby Joyce Bennett, Berger; Virginia Lee Boyd, Hannibal, Mo.; Sarah Bradshaw, Brownwood; Dorothy Chamberlain, Houston; Wayne Donnell, Amarillo; Winnie Eaves, Lefors; Raymond Frazer, Oklahoma City; Irene Hogstad, Midwest City, Okla.; Beverly Johnson, Electric; Billy Jo Johnson, Pampa; and Wayne Johnston, Amarillo; Guineette Killingsworth, Clyde; Betty Jo Noel, Wichita Falls; Wynnie Faye Reynolds, Berger; Eddie Scott, Fort Worth; Gene Singleton, White Deer; Patsy Smith, Tulsa, Okla.; Frank Ann Studer, Tombstone, Ariz.

Robert Lee Dixon, Pampa high school; Weldon Mitchell, Price; Doris Marie Smith, Carthage, Mo.; Gene Ford, Dallas; Patricia Thornhill, Sedan, Kans.; Polly Ann Sander, Fortale, N. M.; Wayne Donnell, Amarillo; Billy Brown, Guyton, Okla.; Francis Husband, Junior high school; Guy Sava, Pampa high school; and Erma Dell Tiffie, Super, Okla.

PHS officers and their sponsors present were Patsie Northcutt, president of the PHS, and Miss Dorinda Bond, Amarillo; Alvin Jennings and Mrs. Lennie Harter, Canyon; Anna Merle Cox and Miss Clara Glick, Pampa; and head sponsor, Mr. Olin Hinkle, Canyon.

Mr. and Mrs. Knox Kinard were also present.

Guests included Fay Rigdon, Carol Ann Clemmons, Monte Craig, Billy Pat Moore, Arletta Williams, Nettie Lou Kerke, Carlene Horton, Jim Dain, Carolyn Clouse, and Vera Mable Ferguson.

Pampa guests and members included: Wilma Tubbs, Bobbie Lou McClendon, Patricia Kaylor, Nanette Campbell, Doris Shackelford, Warren Jones, Bill Kribbs, Beverly Baker, Don Lane, Kathryn Rose, Tommy Chisholm, Erna Lee Kennedy, Alice Cook, Calvin McAdams, Martha Kelley, Angela Duncan, Guineette Killingsworth, Lonnie Williams, Ramona Matheny, Alberta Williams, Freddie Brock, Bette Brown, Frank Stallings, Don Rowe, Georgianna Grogan, Billy Nellis, John Spearman, Elva Jean Anderson, Pat Miller, Maurice Lockhart, Miss Katharine Bradford, Bill Mitchell, Ruby Hancock, Pat King, Polly Ward and Margie Sloan.

Attending the meeting were Horace Saunders, Billy Gene Davis, Charles Spencer, A. Z. Griffin, John Spearman, Harold Anderson, James Harrah, Billy Nellis, Bill Bain, Bill Tarpley, Jerry Barner, Bob O'Brien, Gene Sidwell, Don Morrison, Warren Jones, Frank Stallings, Mr. Tom Herod, and the sponsor, Mr. C. T. Hightower.

Mr. Herod was the guest speaker at the meeting of the Hi-Y Thursday evening in Room 100. He spoke and later answered questions about having the right attitude about work and choosing the right educational institution.

James Harrah discussed, as a preliminary talk, "Having Right Attitudes Toward Work" and Bill Nellis talked on "Educational Choices." John Spearman had the devotional.

Mr. Herod said, "In choosing a vocation ask yourself the following questions: Do I like the work and am I fitted to do that kind of work?" He also asked if the boys knew what it takes to enter their particular vocations.

Attending the meeting were Horace Saunders, Billy Gene Davis, Charles Spencer, A. Z. Griffin, John Spearman, Harold Anderson, James Harrah, Billy Nellis, Bill Bain, Bill Tarpley, Jerry Barner, Bob O'Brien, Gene Sidwell, Don Morrison, Warren Jones, Frank Stallings, Mr. Tom Herod, and the sponsor, Mr. C. T. Hightower.

PHS officers and their sponsors present were Patsie Northcutt, president of the PHS, and Miss Dorinda Bond, Amarillo; Alvin Jennings and Mrs. Lennie Harter, Canyon; Anna Merle Cox and Miss Clara Glick, Pampa; and head sponsor, Mr. Olin Hinkle, Canyon.

Chisholm Answers Jackpot Question

Tommy Chisholm won 62 cents for answering the jackpot question—What friend of President Roosevelt died recently?—on "Take it Easy 11," the junior assembly program presented Wednesday. Bill "Phaker" Bain acted as master of ceremonies.

Five people won 64 cents for answering all questions on their lists. Winners were Bernie Brown, whose subject was sports; Bill Cole who answered questions on Texas history; Lawrence Baines on history; Bill Payne, popular music; and Martha Hogan, presidents.

Historical scenes were enacted by Clara Davis, Tommy Riggs, Harold Anderson and Tommy Darby.

A musical touch was added by Dick McCune and his band and a sextet composed of Beverly Baker, Margie Lawrence, Margie Taylor, Mildred McClelland, Bunnie Shelton and Alverna Miller, who sang the commercials at the beginning and end of the program.

Bill Speer gave the commercials for Harvester Hickey Dandy Helmetts; Jean Pratt was the bell ringer; Harold Anderson gave the winners their prizes; and Ann White kept track of the questions asked.

Other students who were asked questions but failed to answer them correctly were Betty Joyce Scott, Pat O'Rourke, Betty Schulke, Ivan Collier, Tommy Chisholm, Jerry Gillis and Tiny Harbot.

Tom Herod Talks At Hi-Y Meeting

Tom Herod was the guest speaker at the meeting of the Hi-Y Thursday evening in Room 100. He spoke and later answered questions about having the right attitude about work and choosing the right educational institution.

James Harrah discussed, as a preliminary talk, "Having Right Attitudes Toward Work" and Bill Nellis talked on "Educational Choices." John Spearman had the devotional.

Mr. Herod said, "In choosing a vocation ask yourself the following questions: Do I like the work and am I fitted to do that kind of work?" He also asked if the boys knew what it takes to enter their particular vocations.

Attending the meeting were Horace Saunders, Billy Gene Davis, Charles Spencer, A. Z. Griffin, John Spearman, Harold Anderson, James Harrah, Billy Nellis, Bill Bain, Bill Tarpley, Jerry Barner, Bob O'Brien, Gene Sidwell, Don Morrison, Warren Jones, Frank Stallings, Mr. Tom Herod, and the sponsor, Mr. C. T. Hightower.

PHS officers and their sponsors present were Patsie Northcutt, president of the PHS, and Miss Dorinda Bond, Amarillo; Alvin Jennings and Mrs. Lennie Harter, Canyon; Anna Merle Cox and Miss Clara Glick, Pampa; and head sponsor, Mr. Olin Hinkle, Canyon.

Harvesters Lose Two District Games to Berger, Amarillo

By FRANK STALLINGS

Gorillas Win One, Lose One

Adding one more to its string of victories, Coach Jiggs Whittington's Gorilla basketball squad swept past its opponents, the White Deer "B" team, 18-5 Monday night.

The game got off to a very slow start with the score only 5-1 in Pampa's favor at the end of the first quarter and 10-1 at the end of the half.

Charles Thornborrow, forward, gained high scoring honors with 6 points—two free throws and two field goals. G. W. Gamblin, Ramon Hernandez, Jimmy King, Billy Bond and J. A. Miller started the game but were outplayed by Harold Anderson, Billy McArthur, Charles Thornborrow, Malcolm Fagan, and Clayton Fike at the end of the quarters.

Don Dawson, Jimmy Cox, Richard Gee, Gene Sidwell, Hobart Pathee, Monte Lower, Mickey McCray, and Sammy Whompers saw action in the last half.

Rennington, Weatherall, Anderson, Meaker, Beck and Taylor composed the White Deer team.

Last Friday, the Gorillas took both the "A" and "B" games—37-30 and 28-26, respectively—from the Lefors Pirates. G. W. Gamblin led his teammates with 12 points, followed closely by Harold Anderson with 10 points. Ramon Hernandez was high scorer in the "B" game with 11 points.

The Pampa Gorilla five dropped a close game to the Berger "B" squad at the Junior High gym Thursday afternoon 24-20.

The game started very slow and was that way for about all the game except the last few minutes of play. The score was only 2-0 at the end of the first quarter in favor of the Bulldogs. Billy Bond of the Gorillas led both teams for eight points, four field goals and two free throws.

Clayton Fike, Billy McArthur, Harold Anderson, Malcolm Fagan, and Charles Thornborrow were the starting five for Pampa. G. W. Gamblin, Ramon Hernandez and Billy Bond were alternated with Fike, McArthur, Fagan and Thornborrow.

Carlisle, Fisher, Bice, Hughes, and Hill started for the Bulldogs with Toakey, McDowell, Summers and Thurman used as substitutes.

The Berger team consisted of Cope, Orman, Dunn, Dalley, Howard and Matherly.

Borger will play the Harvesters here next week.

Volleyball Squad Defeats Lefors

The PHS volleyball girls defeated Lefors four out of five game Friday afternoon. The scores were 15-8, 13-15, 15-5, 15-4, and 15-9. The local team was defeated by members of the faculty two out of three Monday night. Scores for this set of games were 4-15, 12-15 and 15-12.

Jean Rath of Lefors was outstanding on serving and Nina Pearl Maple on spiking. Patsy Pierson of the Pampa team is steadily showing improvement in spiking and set-ups.

Scorekeeper for the Lefors game was Jo Alice Tubbs of Lefors. Referee was Wanda Cobb.

Playing for Lefors were Arlene Gilman, Billie Wall, Judy Young, Delores Herring, Mary Joyce McDaniels, June Southwick, Vesta James, Christine Guthrie, Jo Ann Adams, Mary Jo Wall, Patsy Johnson, June Bull, Jimmie Lee Davis, Leolaugh Mullins, and Connie Garber.

FHS players were Reba Bain, captain, Bernese Bond, Patsy Pierson, Mary Myatt, Clara Davis, Norma Russell, Martha Maguire, Reba Fagan, Pat King, and Colleen Voyles.

In the games with the volleyball was hard to tell at time whether the teams were composed of one-handed or two-handed players. Both teams got in a lot of one-handed slugs. Miss Jo Martin, teacher at Sam Houston, is becoming famous for her trick recoveries at the net. Russell and Bain of the local girls have shown what they can do with good set-ups.

Faculty players were Jo Martin, Clara Glick, Nina Owings, Dorothy Hoyle, Angie Meredith and Mrs. Cecil B. George, physical education instructor at Junior High.

Playing for PHS were Bain, Bond, Pierson, Davis, Russell Fagan, Hyatt, and Maguire.

Pampa Band to Attend Music Contest at Enid

The Pampa high school band, directed by Mr. Ray Robbins, will attend the annual Tri-State Music festival, sponsored by Phillips University, to be held April 5, 6, and 7 at Enid, Okla.

Mr. Milburn Carey, director of the Phillips University band, will be in charge of the contest which will be consist of instrumental solos entered by several thousand contestants, plus band numbers. Every town in the United States is eligible to send contestants to this meeting.

The contest will also include marching, concert performance and sight reading.

One of the highlights of the festival will be the Million Dollar parade—the name of which was taken from the fact that more than a million dollars will have been spent on the suits and instruments of the high schools participating.

The Pampa Harvesters suffered two defeats last week at the hands of the Berger Bulldogs Tuesday night when they lost 42-41 and Friday night when the Amarillo Sandies won a slow game 19-14. Both these games were out of town.

The game with the Bulldogs was a thrilling game all the way and the last seconds of the game changed the score from Pampa's to Berger's favor. Friday night the Sandies and Harvesters played a slow game and the scoring was off the regular path.

Borger-Pampa

The Berger Bulldogs, in a final 30-second spurge, defeated the Harvesters 42-41 Tuesday night at Borger. A field goal and free shot by Dalley of the Bulldogs captured the game.

The game started in a flash of action and seemed to continue at a more furious rate as the game progressed. Each team fought hard and it was anybody's game right up to the end.

Ball handling was at a peak in accuracy and few goals were missed. Each player seemed to have his man pinned to receive the ball. The recovery of rebounds were about equally divided between the teams.

Scoring was practically unlimited as the first quarter ended 13-12 in Berger's favor. In the first period Leon Crump led the Pampa scoring by pitching six points through the basket. Dunn of Berger made eight.

In the second quarter, the scoring slowed down somewhat as it ended Berger 22-Pampa 20. In the third period scoring again took a fast turn and this period ended 22-28.

In the final period the Harvesters pulled out in the lead which they held until within one minute of the game's end. The time out at the four minute mark showed the score 37-36 with the Harvesters leading. The Pampa, turned on the heat and scored two field goals making the count 41-36, but the Bulldogs, not to be outdone, scored a free point and a field goal. Then in the final seconds, the Bulldogs scored a goal and a free shot to win the tilt 42-41.

At no point in the game was either team leading five points ahead of the opponents.

Randall Clay was game high point man with 16 points. Paul Howard of Berger was close behind with 14. Leon Gooch of Pampa scored 12. Shooting was very accurate by both teams and Paul Howard and Clay were definitely dangerous on the long shots.

Playing for the Harvesters were Randall Clay, Leon Crump, Bill Speer, Bernie Brown, Leon Gooch, and Charles Laffoon.

Composing the Sandie team were Jack Seale, Jimmy Carter, Bob Henry, Boone Pickens, Jewell, McDowell, Paul Carroll, and Pat Sasser.

The Borger team consisted of Cope, Orman, Dunn, Dalley, Howard and Matherly.

Borger will play the Harvesters here next week.

PHSPA Officers Set Meeting Date

March 23 was selected as the date of the annual PHSPA meeting to be held in Canyon at West Texas State college by the officers in their first meeting Friday night in Pampa.

Patsie Northcutt, president of the meeting, sponsored by Mr. Olin Hinkle of Canyon, with Anna Merle Cox, vice president, and Alvin Jennings, treasurer from Canyon, at the board meeting. Miss Dorinda Bond, Amarillo; and Miss Claris Hoke, were the sponsors present.

Pampa students will discuss Staff Organization, Lubbock will preside at the discussion of Planning the 1947 yearbook, Amarillo will take News Writing, Sports Writing will be discussed by White Deer, and Enid will have charge of Staff Photography at the convention.

PHSPA officers and their sponsors present were Patsie Northcutt, president of the PHS, and Miss Dorinda Bond, Amarillo; Alvin Jennings and Mrs. Lennie Harter, Canyon; Anna Merle Cox and Miss Clara Glick, Pampa; and head sponsor, Mr. Olin Hinkle, Canyon.

Back the Basketball Boys

The district basketball competition began Tuesday with the game at Borger. Are you a supporter of the team? Pampa has a chance to win the district title if the students of PHS will get behind the boys and show their spirit.

Following the team to the out of town games also brings up the morale of the team. The basketball boys are ready and doing everything in their power to make this another successful year. Will you do your part? —B. B.

Courtesy at the Canteen

Come on, teen-agers, let's get in the swing of things! When we go to the Canteen, we're supposed to act civilized. Remember all those manners Mother and Dad taught us?

Well, when we act as rudely as we did at the Canteen last Friday night, it certainly does reflect on our parents, and we don't want people to wonder about our home life, do we?

O. K. then! Let's get the ball rolling toward better manners while at the Canteen. —J. H.

Respect Car Ownership

When you bring your car to school, do you wonder whether it will be in one piece or not at the end of the day? Cars that are parked around the school have been invaded and torn up lately by students.

Let's get in a car only if we know the owner and have his consent. —M. S.

Recordings Used By Professor To Supplement Books

AUSTIN, Feb. 1-To assist his students in mastering the musical part slightly nasal tones of French.

Following the latest trend in teaching foreign languages, Dr. Haden urges his students to listen to recordings of each assignment in order to improve their accent.

In spite of limited recording facilities the professor says the new system enables his students to make more rapid strides than if they were confined to classroom recitation only.

Before his arrival on the campus in September, Dr. Haden spent two
