Most of Nation's Stockyards Empty House Committee Will Act on Fact-Finding Legislation by Tuesday

'Heat Is On' From Voters In Country

WASHINGTON, Jan. 17.—(AP)—The house labor committee agreed today to act before next Tuesday on legislation requested by President Truman for fact-finding boards to settle major industrial disputes.

The agreement was announced to the house by Acting Chairman Randolph (D-W.Va) after the committee had refused by a 7 to 7 tie vote to approve a modified version of such legislation.

The modified proposal was offered by Rep. Landis (R-Ind.), who told the committee "the heat is on" from voters throughout the country for legislative action to help prevent strikes.

Randolph told the house the committee members "feel very deeply that it is our individual and collective responsibility to act courageously on these problems."

POWERS OF SUBPOENA The modified version would have denied the proposed boards the power of subpoena and also would have eliminated a suggested 30-day cooling-off period during which strikes would be banned.

EMPLOYMENT SERVICE It was offered by Rep. Landis (R-Ind.) during hearings on legislation dealing with return to the status of the U. S. employment service.

Landis, five other republicans and one democrat voted for the Landis substitute. Seven democrats voted against it.

'Rowdies' Started Riot in Mexico

MEXICO CITY, Jan. 17.—(AP)—Army Adjutant General Roberto T. Bonilla reported today that "rowdies" fired the first shots in the recent Leon political demonstration which resulted in 30 deaths and injury to 300 other persons.

Bonilla, the army's chief investigator of the incident, said rowdy elements discharged firearms "apparently in an effort to test the courage, and provoke action on the part of the guard established in the municipal palace."

He explained a study of bullet-struck helmets disclosed the missiles were of a different calibre than those used by the army. Bonilla added that some of the bullets recovered were "expansion type."

Moreover, Bonilla said, nothing was found to support some reports that soldiers used hand grenades. He made no comment, however, on the use of machineguns.

The Leon trouble developed following a municipal election, in which a government party candidate claimed victory over an independent opponent. The demonstrators protested the outcome.

Panhandle Weather-- Inconsistent Element

If you think the weather is a consistent element, you should consider the facts concerning yesterday's phenomenon. It is reported by K. W. Matthews, official in charge of the weather bureau here.

Yesterday morning's 17 above had risen to 45 by 12:30, and the wind was from the west.

The wind changed to the south and we got the "breath" from the big snow which fell south of us about 20 miles. By sundown the temperature had dropped back down to 35.

But that is just part of the story: at 12:30, as we said, the temperature was 45 here. Just 50 miles west of us, at English field near Amarillo, the temperature at that time was 25! The difference, we are told lies in the fact that the snow was deep over around Amarillo at that time. Sort of a refrigerator.

DIVORCED FIFTH TIME LOS ANGELES, Jan. 17.—(AP)—For the fifth time, Dance Director Busby Berkeley, 50, is a divorcee court defendant.

He was sued yesterday by Marjorie Femperton, 22, ex-model, alleging cruelty.

Complete front end alignment and wheel balance. Pampa Safety Lane, Phone 101. (Adv.)

UNION LEADER

Joseph A. Beirne, president of the National Federation of Telephone Workers, ordered a general strike of 250,000 telephone workers, then postponed it for 30-day "cooling off" period—also asked affiliated Association of Communications workers to "defer" strike against Western Electric which disrupted phone service throughout the country.

Russia Reported Taking Foothold In Kurile Isles

WASHINGTON, Jan. 17.—(AP)—Russia was reported today to be establishing a foothold in the strategic Kurile island chain flanking the approaches to Siberia.

It was from a rendezvous in these foggy Japanese islands that Admiral Yamamoto's fleet set out in late November 1941, for its attack on Pearl Harbor.

Whether a peace settlement will decrease the permanent amputation of Kuriles from the Japanese empire still remains to be decided.

Meanwhile, government officials here in a position to know, said Russia already has sent in troops with "bag and baggage" and their families—apparently for a long stay.

These officials cannot be identified by name. Agreement upon Russian occupation of these islands, stretching like a giant scimitar across the sea to the sea of Okhotsk, was reached at the Potsdam conference.

It appeared likely that President Truman had the Kuriles in mind Tuesday when he told his news conference it was not necessarily true that the United States would be none in seeking independent control of former enemy-held islands.

This country, at least publicly, has not listed the Kuriles as among the islands regarded as necessary to its defense.

Plenty of Meat— But a Little High NEW YORK, Jan. 17.—(AP)—One Madison avenue market, its meat supplies exhausted by the meat cutters strike, was displaying this sign:

"Plenty of pheasant, Scotch grouse and caviar." Pheasant was quoted at \$32.25 a pound and caviar at \$24 a pound. No price was given on grouse.

WAGES OF CRIME WRETLAND, Ore., Jan. 17.—(AP)—A woman reported today a man had offered politely to hold her heavy shopping bag while she waited for a bus—and then he ran off with it.

She was enroute to a relative's farm to bury a dead dog which she was carrying in the bag.

NOT WITHOUT PAINS: \$734,825 SPENT DURING '45 ON BUILDING IN PAMPA

Not unlike Topsy, Pampa during the past two years, particularly during 1945, has "grown." And not without growing pains.

For in the face of material and labor shortages, tripled up OPA, Pampa has grown \$734,825 worth plus 42 buildings moved to Pampa from outside the city limits, during 1945.

Over 23 times as much was spent on rebuilding and remodeling and such during the past year as during 1944 when \$31,426.56 was spent. In 1945 improvements and additions in Pampa totaled approximately \$455,385. All figures are from city books; 1945 estimates include buildings under construction and those

UNO Control Of Armament Industry Asked

LONDON, Jan. 17.—(AP)—United Nations control of the entire world armament industry, including atomic bomb factories, was proposed to the UNO general assembly today by Foreign Minister Jan G. Masaryk of Czechoslovakia.

JOBS AND PROBLEMS Delegates applauded Masaryk's speech as it began the second week of its existence with a sobering speech by Foreign Minister Ernest Bevin of Great Britain.

Bevin said Britain was already negotiating to place three of her five old mandates from the league of nations under the projected new United Nations trusteeship system. Belgian officials said they would announce similar intentions for their two mandates, Ruanda and Urundi, in East Africa.

DELEGATES APPLAUDED Masaryk loudly several times. Nasrullah Entezam, Iranian delegate, said Iran's appeal for help in settling her dispute with Soviet Russia over political conditions in northern Iran might be formally presented to the 11-nation security council tomorrow.

SECURITY COUNCIL MEETS Members of the security council arranged to hold their first meeting today, but preliminary indications were that it would be held to formalities and routine.

Bevin said the three mandates Britain proposed to convert into United Nations trusteeships were Tanganyika, Topolani and the Cameroons. He said action on Palestine was being withheld pending results of a British-American inquiry into the Jewish-Arab issue there.

The fifth mandate is Trans-Jordan, which Bevin said was to be made independent eventually.

The assembly arranged to adjourn this morning to make way for the opening meeting of the security council in the afternoon.

Iranian delegates said they would see UNITED NATIONS, Page 4

Draft Officials Will Be Honored

Pampa will be host to members of selective service boards of 12 counties in this area February 7 when members are presented awards in recognition of past work by Lt. Comdr. Harold C. Benedict of the state selective service department.

Awards will be made in an assembly to be held at the Junior high school auditorium. Lt. Comdr. Benedict will be the official representative of Gov. Coke R. Stevenson.

Prior to the meeting, to which the public is invited, the Pampa chamber of commerce will honor the board members with a luncheon in the Palm room of City hall.

Counties expected to be represented at the meeting of recognition are Armstrong, Carson, Collinsworth, Donley, Gray, Hansford, Hemphill, Hutchinson, Lipscomb, Ochiltree, Roberts and Wheeler.

New Production Record in Making WACO, Jan. 17.—(AP)—A possible state production record has been set by Jakee Corona Starlight, Holstein Friesian cow owned by the J. W. Neale dairy farms. In 305 consecutive days of milking she has produced 30,658 pounds of milk.

Butter fat content was 3.8 percent or 764.3 pounds.

NEGOTIATIONS IN BUS STRIKE FAIL

EL PASO, Jan. 17.—(AP)—Negotiations seeking a settlement of the El Paso bus and street car operators strike remained deadlocked today as the union and the El Paso City Lines company failed to agree on wages and length of a contract.

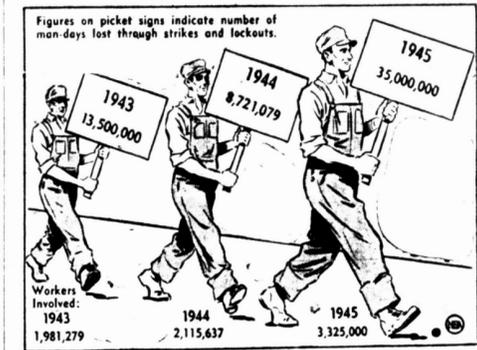

Meanwhile the heaviest vehicular traffic in recent years jammed the city's streets as private automobiles and taxicabs took the place of public transportation.

The Amalgamated Street Car Electric Railway and Motor Coach Employees of America (AFM) rejected a company offer of increases of eight cents an hour. They countered with a proposal of 10 cents increase or an hourly wage of 90 cents.

When they rejected a company request for a two-year contract under such terms, the negotiations were adjourned.

PUPPET SURRENDERS LONDON, Jan. 17.—(AP)—A Reuters dispatch today reported Dr. Ba Maw, puppet premier of Burma during the Japanese occupation, had surrendered to Allied authorities in Tokyo.

LOST: 57,221,079 MAN-DAYS OF WORK

In the last three years, America's production has lost a total of 57,221,079 man-days from strikes and lockouts. Chart above shows the breakdown. In 1943 there were 3752 work stoppages, 4956 in 1944 and 4660 (estimated) in 1945. Although 1944's total of shutdowns is larger than 1945's, the latter lost more man-days because bigger unions were involved.

M'Arthur Sends New Warning to Congress

WASHINGTON, Jan. 17.—(AP)—Congress received from Gen. Douglas MacArthur today a warning that any attempt to cut Pacific forces below the 400,000 strength contemplated by July 1 would "weaken to a dangerous degree" military controls over Japan and Korea.

CABLE TO EISENHOWER A cable from the supreme Allied commander in the Pacific, containing this warning, was laid before a senate committee by Gen. Dwight D. Eisenhower, army chief of staff.

Eisenhower appeared before the special senate military subcommittee to explain further the army's demobilization policies, which he had outlined in an informal session of representatives and senators Tuesday.

DIRECTIONS GIVEN At that meeting, Eisenhower had said the army strength in the Pacific theater would be pared to 375,000 by July 1. The 400,000 figure used today apparently included an additional 32,000 who would be stationed in Alaska and the China area on that date.

Eisenhower told the committee he had directed all theater commanders to "get down to rock bottom" by Tuesday.

See MacARTHUR, Page 4

'Task Force' To Settle Disputes

HOUSTON, Jan. 17.—(AP)—The navy "task force," which is here to settle wage disputes in five Houston refineries seized by the navy Oct. 5, was to begin conferences today with officials of the Shell Oil company and leaders of the oil workers union.

In the group, which arrives from Washington yesterday by plane were Captain Bart W. Gillespie, Lt. Comdr. Joseph L. Miller, both of the navy, and John C. Quilty, manager of industrial relations for the Shell Oil company.

Beyond saying that they would first study the case at Shell's Deer Oil refinery, the group would not discuss their plans.

Meanwhile Crown Central Refinery and Local 227, Oil Workers International Union (CIO) agreed yesterday to wage increase of 18 per cent per hour and wage differentials for night work.

Half of the 18 per cent increase, which has become the national pattern for settlement of the oil wage disputes, is retroactive to last Sept. 1. The night differentials are not.

Workers at the Sinclair plant have also reached an agreement for an 18 per cent wage increase per hour. The other four refineries at which a settlement has not been reached are those of the Texas company, American Liberty, Republic and Pan-American.

LICENSES ISSUED A marriage license was issued today to Charles M. Fowler and Berley Coggins; yesterday a license was issued to T. F. McPherson and Georgia Lee Barron.

There's nothing finer than a Stromberg-Carlson. Coming soon. Lewis Hardware Co. (Adv.)

AFL Members Would Settle Strike for 15 Cent Increase

CHICAGO, Jan. 17.—(AP)—Packinghouse workers maintained picket lines around empty pens in most of the country's stockyards today as they looked to Washington for settlement of a paralyzing strike in the meat industry.

Leaders of the CIO and AFL unions involved in the walk-out—affecting some 263,000 workers—and representatives of the four major packers headed appeals of government officials to meet in an attempt to reach agreement on the wage dispute.

The scarcity of meat became more acute in many sections. Current supplies were shrinking rapidly and continuation of the strike, which started yesterday, threatened to reduce the country's fresh meat supply to far below wartime rationing, said industry spokesmen. Reports indicated supplies probably would be exhausted within two to 10 days.

PROPOSAL SUBMITTED Going into today's Washington conference, the AFL amalgamated meat cutters and butcher workmen, was prepared to settle for a wage increase of 15 cents an hour and had urged the CIO United Packinghouse workers to submit a similar proposal.

DEMAND IS LOWERED The CIO union, however, has held out for a 17 1/2 cents an hour wage hike immediately, with later negotiations on an additional 7 1/2 cents and did not comment on the AFL union's action in lowering its demand. Original demands were for 25 cents an hour pay hikes.

Earl J. Wimeron, president of the AFL union, said the offer by packers of 16 cents an hour was "very inadequate."

The strike hit hardest at Swift. See MEAT STRIKE, Page 4

Kimmel Testifies In Own Defense Of Pearl Harbor

WASHINGTON, Jan. 17.—(AP)—Members of the Pearl Harbor committee waited their turn today to question Adm. Husband E. Kimmel on his defense of the job he did as Pacific fleet chief.

Kimmel's third day before the senate-house investigation group opened with committee counsel Seth W. Richardson about through his questions.

Rep. Murphy (D-Pa.) said he was not satisfied so far with the testimony on Kimmel's attitude toward a war warning message from Washington on Nov. 27, 1941, ten days before the Japanese attack.

Admiral Kimmel called this note watered down and said it didn't convey what it should in the way of warning. "Yet, after he received it, he took four war steps."

Murphy said Kimmel (1) got set for an expected submarine attack, (2) ordered all contacted submarines to be bombed "against his order from Washington," (3) sent Adm. William F. Halsey to sea with a task force "to shoot anything in sight" and (4) drew up a 24-hour war plan "which was brought up to date on December 6."

Senator Lucas (D-Ill.) told reporters he thought the committee might finish with Kimmel this week, and then turn to Lt. Gen. Walter C. Short, army commander in Hawaii at the time of the Pearl Harbor raid.

Under Richardson's questioning See KIMMEL, Page 4

Army Places Ban On All Gambling

HONOLULU, Jan. 17.—(AP)—A story in the army newspaper Stars and Stripes that a small group of soldiers was "making a small fortune" at dice from homemade GI's at the Oahu army personnel center has brought an official army ban on all forms of gambling there.

Lt. Gen. Robert C. Richardson, Jr., mid-Pacific army commander, issued the ban late yesterday after Stars and Stripes reported "organized gambling goes on nightly with thousands of dollars changing hands."

"Now the men can't even play pinocchie," said Col. William Saffrans, commandant of the center. "I authorized controlled gambling in order to give the men a decent place where they could meet," he told reporters.

POTTER COUNTY LEADS: 56 KILLED IN TRAFFIC ACCIDENTS DURING YEAR

Panhandle highway traffic accidents took 56 lives in 1945, according to figures released today by the Amarillo office of the Texas highway patrol.

This was a reduction of 19 from the 1944 figures, which showed 75 persons being killed in the 26-county area, comprising District 5 of the highway patrol. Potter county recorded the highest number of deaths with 17 and Randall county, the Amarillo-Canyon area, was second with seven. Gray county reported four fatalities in 1945 and is the sole county to report a traffic death since January 1.

Lengthy Strikes Require Men to Tighten Belts

DETROIT, Jan. 17.—(AP)—"We've had to tighten our belts—tighten 'em a lot—"

"This is the best strike we've ever had and we're going to hold it."

"It's one of the privileges in a democratic country."

General Motors strikers from two Detroit plants made these devalued comments in the walkout when interviewed Wednesday, but all showed the same weariness with the 59-day strike that has cut off their paychecks and entirely changed their mode of living.

"There were many answers of 'as for me—I'm doing all right,' from the scores of strikers interviewed, but the implication that others are not doing so well was often there.

The economic pinch on the men has showed its effects, although the workers still have faith in their union officers and their strike. But savings reserves are nearly gone. As one striker explained it:

"The take-home" pay during the war was only 40 or 45 bucks a week. After the war it was about 25. How can you get ahead on pay like that?"

There was plenty of determination to go ahead with the walkout "until we get what we want."

"We've got enough food in the soup kitchens and can get more if we need it," one man pointed out, and his fellow-striker added:

"We can wait as long as General Motors can." The veteran's viewpoint was expressed by a former 20th air force sergeant.

"It's a funny thing how the two worlds are so far apart," he said. "When we were waiting for parts for the B-29s and the boys heard of a strike they did a little swearing. Back here, it's different."

Plenty of Meats Available Locally

Persons living in the Panhandle area will continue to get their proteins from customary cuts of meat in local markets regardless of strikes in major packing houses, it was believed this morning following a canvass of local meat markets.

The greater portion of meat in this area is provided by the Pampa Panhandle and the Amarillo Pinkney Packing companies which are not affected by the nation-wide packing-house strikes.

This no effect is expected in the availability of fresh beef or pork. Local markets reported also that Pampans have made no run on present supplies.

Cured meats which have been limited in supply during the past several years, may become a bit curtailed in this area, local markets being supplied with cured and luncheon meats from the major packing houses.

2 INJURED IN WRECK DALLAS, Jan. 17.—(AP)—Mr. and Mrs. Sidney S. Johnson of Denton suffered minor cuts and bruises in an automobile collision here last night. They were treated at a local hospital.

### Attendance Is Subject at Weekly Rotary Meeting

Floyd Yeager and Hugo Olsen, local Rotarians, emphasized attendance and its value to the person and organization at the regular noon luncheon of the Rotary club yesterday.

Yeager pointed out that attendance was especially helpful to the individual in that it enabled him to associate with his fellow businessmen.

He said it gave him a "deep feeling of satisfaction" that he was able to keep his attendance up.

Hugo Olsen, local scout executive, said no club could be of service to its community unless all members attended if at all possible.

He said too many members of various organizations had the attitude that they could "elect officers and a board of directors and then leave the club work entirely up to those men."

DeLoa Vicars, Rotary president, presided at the meeting. Songs were led by R. Virgil Mott. The program was in charge of Walter Rogers.

### Mainly About Pampa and Her Neighbor Towns

Mr. and Mrs. E. M. Keller are expecting their daughter and her family, Mr. and Mrs. R. V. Kurtz and young son, Dickie, to arrive today from Tulsa.

To make room for new merchandise, we are offering many new and second hand items at unheard of bargains. Every Saturday is sales day until his merchandise is sold. Roy & Bob Bike Shop, 414 West Browning.

Little Sue Obannon, two-year-old daughter of Mr. and Mrs. L. C. Obannon, 410 Hill street, is recovering from a tonsillectomy performed Monday.

Women's coats carefully cleaned by our craftsmen, look like new. Master Cleaners.

Mrs. J. A. Oswald of Berger was visiting in Pampa this week with Mr. and Mrs. Bus Benton and Mrs. Owen Johnson.

Wanted: Party to finance and manage mechanical patent. Write Box 85, care News.

Mr. and Mrs. E. H. Ousley's son, Bobby, had a minor operation last week, from which he is reported to be recovering nicely.

Will pay 10 cents per copy for 15 or 20 copies of Pampa News issues dated Dec. 14 and 21. Bring them in to the News.

Hobby Bass, son of Mr. and Mrs. A. S. Fuss, 122 W. Graham, had his tonsils removed the first of the week.

Wanted to buy: Young screw tail building, C. W. Andrews, Ph. 2023.

Miss Georgia Ellis, former owner and operator of The Duchess is now at The Modern Beauty Shop and invites friends and former patrons to call 717.

Mr. and Mrs. Frank Bobbitt, have had as their guest, Mrs. Bobbitt's brother, J. C. Miller. Mr. Miller had just been discharged after nearly four years in the army; the last two spent in the South Pacific and particularly the Philippine campaigns. He will visit his mother in Sumner, Texas, and then plans to return to his pre-war position as manager of the Russell, Kans. Power and Light Co.

Call Duches Beauty Shop, Phone 427. You can always get an appointment. Operators: Ruby Randall, Pat Burrows and Ethel Paulley.

Henry Finley from Claud, Texas, visited here yesterday with Mr. and Mrs. J. A. Meek and other relatives. He had just returned from a business trip to Kansas City. Mr. Miss Ruth Poe is ill with the flu. A teacher in the B. M. Baker school.

### USES To Handle Payment Claims

Thursday rushes by persons seeing the unemployment compensation commission, which occur every other Thursday, will be somewhat eased by the local United States employment service office being able to help the commission during the week.

The decision of resorting to USEPS aid was because of the huge crowds flooding the office when representatives of the compensation commission were in Pampa.

In the future the USEPS office will be allowed to take care of "off-week" claims, whereby claimants will not have to wait to see compensation commission representatives, but can be taken care of during the week on an average of every other week. L. P. Fort, local manager, explained.

It is hoped that through this method, handling of compensation claims will be accelerated as greatly as 50 percent, thus avoiding the customary every - other - Thursday crowds at the office. January 24 the compensation commission representatives will again be in Pampa.

### James J. Crutchfield, Pioneer Rancher, Dies

James J. Crutchfield, 69, pioneer rancher, died suddenly at 6 p. m. yesterday in Berger as result of a heart attack which he suffered while sitting in a parked car.

Born Aug. 20, 1876, in Henry county, Tenn., he moved to Hutchinson county in 1904 and to White Deer in 1912. He moved to his home here, 1932. Christine, six years ago.

He is survived by his wife, three daughters, Mrs. Dennis Barnard of Hereford, Mrs. John Studer of Camp Maudslowi, Mont., and Miss Georgia Crutchfield of Pampa; one son, Roy Crutchfield of Hereford; brother Bob of Olustee, Okla.; sister, Mrs. Lucy Walcott also of Olustee, and nine grandchildren.

The body is at Duenkel-Carmichael funeral home where funeral arrangements are pending the arrival of relatives.

### Oyster Stew for Winter Parties

Midwinter is the season especially dedicated to the service of oyster stew. Nothing is quite so right or so cheering to the inner man on a blustering winter day as a bowlful of piping hot oyster stew.

Easy to make, flavormore and satisfying, it's a happy choice for any of the delightful informal supper parties that belong to the winter sports season. Nor are oyster stew enthusiasts limited to outdoor sportsmen. An evening spent indoors is also appropriately climaxed by the service of this savory soup.

The secret of truly distinguished oyster stew is not only the juiciness of the oysters cooked just until the edges curl, nor yet the sweetness of the cream, milk and butter.

It is a combination of these plus the gourmet's touch of a measure of white table wine. The wine—which is added to the stew just before it is served, gives a special zest, an extra flavor accent that sets it apart as a dish guaranteed to be the high point of the party.

For a dramatic service of oyster stew, serve it at the table or buffet from a large pre-heated tureen or after the elegant manner of the early 1900's from a chafing dish. Bowls leached from the kettle in the kitchen must be served immediately. For this soup should be piping hot. Oyster stew does not take well to waiting. It should be prepared just before it is to be served. Made according to the following recipe, Oyster Stew, White Wine, is guaranteed to be the hit of the buffet party.

### PIN-WORMS NOW CAN BE BEATEN

The misery of Pin-Worms has been known for centuries, and millions of victims have sought a way to deal with this pest that lives inside the human body.

Today, thanks to a special, medically recognized drug a highly effective treatment has been made possible. This drug, the vital ingredient in P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. So don't suffer with the embarrassing rectal itch caused by this ugly pest. Ask your druggist for JAYNE'S P-W and follow the directions.

P-W means Pin-Worm relief!

### Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Baracelente (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two table-spoonful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

## SOCIETY

### W.S.C.S. Officers Installed at Ceremony in Methodist Church

At impressive services in the First Methodist church Wednesday afternoon, officers of the Women's Society for Christian Service were installed. Rev. E. B. Bowen instructed each of the officers in the duties and responsibilities of her office.

The installation was conducted in the church auditorium. The chancel was decorated with a lighted white cross flanked with white candles. Warren Hohl, musical director at the church, played the organ.

Mrs. H. F. Barnhart, assisting Reverend Bowen read the twelfth chapter of Romans. Mrs. Loyce Caldwell read the scriptures on giving. A duet by Mrs. Malcolm Denison and Mrs. Kenneth Irwin completed the program.

W. S. C. S. officers installed were: Mrs. W. R. Campbell, president; Mrs. Sam B. Cook, vice president; Mrs. H. H. Boynton, corresponding secretary; Mrs. W. H. Moseley, recording secretary; Mrs. Sherman White, conference treasurer; Mrs. E. L. Emerson, local treasurer.

Mrs. J. E. Ward, secretary of Christian social relations and local church activities; Mrs. Knox Kinard, secretary of missionary education and service; Mrs. Travis Liveby, secretary of student work; Mrs. Lawrence West, secretary of youth work; Mrs. F. W. Shotwell, secretary of children's work.

Mrs. Joe Shelton, secretary of literature and publications; Mrs. M. E. Cooper, secretary of spiritual life; Mrs. A. L. Jones, president of the Wesleyan service guild; Mrs. Joe Hodge, secretary of supplies; Mrs. Lee Harrah, chairman of the membership committee; Mrs. F. A. Gary, chairman of the Fellowship committee; Mrs. J. E. Kirchner, chairman of the status of women committee; and Mrs. George W. Scott, chairman of the printing and publicity committee.

### Las Cresas Girls Entertained Sunday

Miss Margie Lawrence entertained members of the Las Cresas club, meeting at her home at 421 N. Gray Sunday.

Attending the meeting were: Miss Lane, Miss Quebelle Nelson, Miss Marjorie Taylor, Miss Sue Jordan, Miss Betty Jean Prigmore, Miss Donna Holden, Miss June Sanders, Miss Joan Clay, Miss Patsy Cox, Miss Patie Rutherford, Miss Roberta Smith, Miss Jeanne Hollis, Miss Barbara Carruth, Miss Marcell Hawkins, Miss Mary Jean Hoover, Miss Eleanor Carruth, Miss Wanda Hillburn, Miss Juanita Carpenter, Miss Mary Lou Mazy, and the hostess.

The next meeting will be held Sunday at the home of Miss Patie Rutherford, 1330 Christine.

### Wedding Shower for Robert Hortons

Mr. and Mrs. Robert Horton were honored recently at a wedding shower given for them by Mr. Horton's sister, Mrs. H. G. Blackstock, 525 S. Somerville. Mrs. Horton is the daughter of Mr. and Mrs. M. E. Huff of Miami, Texas.

Refreshments were served to Mrs. E. C. Rupp, Mrs. Willetta Sanchez, Mrs. Clinton Horton, Mrs. M. E. Huff, Mr. and Mrs. L. T. Horton, Mrs. A. P. Stark, Mrs. L. C. Bailey, Miss Rose Rogers, Mr. and Mrs. W. J. Lewis, Mr. and Mrs. E. E. Spivey, and Mr. and Mrs. Jack Gibbons.

Others, unable to attend, who sent gifts were: Mrs. Buzzard, Mr. and Mrs. Sam Gibby, Mrs. Roy Kilgore, and Mrs. Joe Eshlum.

### Friendship Groups Meet for Sewing

Friendship class of the First Methodist church met Friday afternoon in their monthly group meetings at the homes of members. Each group spent the afternoon sewing for the Federated church council. The garments are to be sent to destitute families in Europe. A visiting period was enjoyed and the hostesses served refreshments.

Hostesses for the groups were: Mrs. S. C. Evans, group one; Mrs. Luther Pierson, group two; Mrs. J. E. Kirchner, group three; and Mrs. I. W. Spangler, group four. Members present included: Mrs. S. C. Carlson, Mrs. R. Horn, Mrs. Fred Radcliff, Mrs. Robert Elkins, Mrs. V. L. Boyles, Mrs. J. E. Kirchner, Mrs. Sherman White, Mrs. H. L. Skaggs, Mrs. George Appleby, Mrs. W. D. Waters, Mrs. J. Knox, Mrs. Clyde Blackwell; Mrs. R. D. Morris, Mrs. I. W. Spangler, Mrs. Luther Pierson, Mrs. H. J. Davis, Mrs. Sam Cook, Mrs. R. C. Lackey, Mrs. Frank Yealy, Mrs. S. C. Evans, Mrs. W. Purviance, Mrs. Joe Vincent and Mrs. J. K. Sweet.

### Merten Club Will Sponsor Booth Sale

Mrs. E. J. Overall entertained members of the Merten home demonstration club in her home Tuesday afternoon, Mrs. V. Smith, presiding. Mrs. C. L. Cudney gave prizes in recreation to Mrs. John Brandon and Mrs. Taylor Groves.

The several committees reported on their plans for the coming year. Plans were also discussed for a booth at the "Top o' Texas" sale and committees were appointed. The club will sponsor the Teen Age Carnteen on the third Monday of each month.

Mrs. S. E. Waters was in charge of the program with Mrs. Frank Bailey giving recipes for foreign foods, including a group of Spanish dishes. Mrs. John Brandon reported on the nutritive value of foreign foods. Miss Millicent Schaub, county home demonstration agent, compared the customs and standards of foreign nations with our own.

### Kitten Towels

By MRS. ANNE CABOT  
Cutest little cat in captivity—you'll enjoy cross-stitching him in his various activities onto seven towels. Each design about 6 by 8 inches and is done in red, blue, yellow and green flosses. Designs are just right, too, for use on the square muslin blocks of a child's crib quilt.

To obtain 7 transfers, color chart for working the Kitten Designs (Pattern No. 5162) send 15 cents in COIN plus 1 cent postage. YOUR NAME, ADDRESS and the PATTERNS NUMBER to Anne Cabot (Pampa News) 1150 Ave. Americas, New York 19, N. Y.

The Anne Cabot ALBUM contains dozens of wintry weather sweaters, fug-me-lights, bed jackets, gloves and socks, snug woolen bonnets—as well as embroidery, quilting and home decoration ideas. Send for your copy. Fifteen cents.

### Miss Mary Carr Marries Bill Cox

MIAMI, Jan. 17 (Special)—Miss Mary Carr and Bill Cox were married Saturday evening at the parsonage of the First Methodist church in Pampa, with Rev. E. B. Bowen officiating in the beautiful single ring ceremony.

The bride was dressed in a blue tailored suit, her corsage was a white gardenia and her accessories were black. Miss Marie Webb and Cecil Gill attended the couple. Others present at the ceremony were: Mrs. Van Webb and Miss Joy Webb and Mr. and Mrs. William E. O'Loughlin and children.

The bride is the daughter of Mr. and Mrs. Clark Carr of Canadian, who formerly lived in Miami. She is a member of the senior class of the Miami high school where she has attended school for several years. She played on the girls' basketball team and participated in various school activities.

The bridegroom is the son of Mr. and Mrs. J. R. Cox of Miami and was recently discharged from the navy where he had served for some time. At present he is attending West Texas State teachers college. The couple left for Canyon Sunday where they will make their home for the present.

### Miss Tommie Jordan Heads Lefors Club

New officers were elected for the LeFors Junior Art and Civic club. When the club met last week at the home of Miss Lorene Guyton, Miss Tommie Jordan was selected to head the organization for the coming year.

Other officers chosen are: Miss Maxine Carriuth, first vice-president; Miss Lorraine Madala, second vice-president; Miss Edith Watson, third vice-president; Miss Dorothy Hyatt, secretary; Miss Dena Cullum, treasurer; Miss Lorene Guyton, parliamentarian; Miss Pauline Gotcher, reporter; Mrs. Roy Calvert, sponsor; and Miss Johnnie Mann, year book chairman.

The program subject was South America. Mrs. Roy Calvert, guest speaker, discussed the subject; "South America as Our Neighbor." Refreshments were served to 12 members and a guest.

### Baptist Circles Meet at Shamrock

SHAMROCK, Jan. 17 (Special)—Circles of the Baptist W. M. S. met Monday afternoon. Rex Ray circle met in the home of Mrs. P. T. Boston, with Mrs. John Porter as hostess. The devotional was given by Mrs. Boston, who used as her subject, "Diligent Workers." Mrs. E. K. Bechtol led in prayer. The lesson from "Japanese Youth" by Dorothy Carver Garrett, was given by Mrs. Charles Green. The meeting was dismissed with prayer led by Mrs. Charles Daughtry. Refreshments were served during the social hour. Those attending were: Mrs. Howse, Mrs. Martin Exum, Mrs. Duward Price, Mrs. B. F. Kersh, Mrs. Bechtol, Mrs. Green and Mrs. Daughtry.

Many more circle met in the home of Mrs. Henry Holmes. Mrs. R. A. Nichols, Sr., presided, gave the devotional, and led the prayer. During the business session plans were made for the new year and Mrs. Fred Holmes was elected Bible teacher for the circle. The closing prayer was led by Mrs. Lou Duncan. Refreshments were served during the social hour to Mrs. R. A. Nichols, Sr., Mrs. Fred Holmes, Mrs. T. D. Blair and Mrs. Lou Duncan.

Elanche Groves circle was entertained in the home of Mrs. Cecil Perrin. Mrs. R. W. Shields presided over the business meeting. Mrs. W. W. Perrin led the prayer. The lesson from "Soul Winning Doctrines," by Clyde Turner, was given by Mrs. Lee Newman. During the social hour refreshments were served to Mrs. Shields, Mrs. Newman, Mrs. George Barth and Mrs. Perrin.

### Price Board Gets New Regulations

New regulations on price control are being received almost daily at the local price control office as the government continues to spur its program of price control.

Most important of the regulations is the one which states that all dealers and ones that are now in the establishment process, register their prices with the local board.

In addition, each new service added to a firm on which a price is set, must be registered with the local board.

OPA posters on retail ceiling prices of new tires are now available and any dealer who has not obtained one of the posters is asked to contact the board, located in the basement of the post office building.

Food dealers are also reminded the wholesale produce prices as established under Regulation 426 are applicable to truckers who bring in such produce from the immediate area.

### Meat Strike

Continued from Page One

Armour, Sundry and Wilson—and Livestock Feeders association, walkout started, dropped sharply. At 12 leading midwest markets, hog arrivals totaled 17,700, compared to 118,849 a week ago.

There were scrambles at the markets to buy the few animals sent by farmers and most stock sold at about ceiling prices to the small packers not affected by the strike. Meat production slumped, as much as 75 per cent in the big Chicago yards.

The supply of corn on farms will be used up soon if the walkout is not ended, said Mark Pickel, secretary-treasurer of the Corn Belt Livestock Feeders association.

### Kimmel

Continued from page one

yesterday, Kimmel stuck to his contention that he just didn't get from Washington information he said was abundant here that pointed to an attack on Pearl Harbor.

In any event, the retired admiral asserted, "the fleet was on the alert."

"When one-fourth to one-half of the anti-aircraft guns open fire at once, and the rest of the chain fire the whole outfit—in four to seven minutes, I don't believe you can beat that," he said.

### Building

(Continued from page 1)

house and three additional buildings left during 1944.

The housing shortage is also evident in that four garages were either converted into apartments or living quarters added. Two combination garage-living quarters were built in 1944. Five additions to homes, were added during both 1944 and 1945.

Growth of Pampa during the past year was greatly boosted by the 340 houses built by Hughes-Pitts, Inc., at an estimated cost of \$502,000. An additional 10 houses were built by the Cabot Co., valued at \$25,000. Four houses were built by individuals in 1945, six in 1944. One building valued at \$130,028, with approximately 26 new business places built and 10 remodeled. During 1944 eight business places were built, four remodeled.

Among new businesses in Pampa established during 1945 were Bentler's and Leder Jewelry store, a number of liquor shops were also added. Two additions were added to business houses during 1945, one in 1944.

It may be of significance to note that of the above enumerated buildings constructed, the majority were built of tile, brick, cement and iron. In 1944, 125 in 1943 and 85 in 1942.

Other additions to Pampa during the past two years include one front porch in 1945. One porch was repaired in 1944. Two garages were built during 1945, four in 1944, with one garage being moved to Pampa from outside the city limits. An 8x10-foot ice box was moved to 412 S. Cuyler and an 8x25-foot tank was moved to 141 Suburbs.

During 1945 about 474 feet of cement sidewalks and a short stretch of sand and gravel sidewalk were added. In 1944 150 feet of sidewalk was laid. One \$150 outhouse was built in 1945, one fire-escape, and about 50 feet of curbing was knocked out in 1945, 29 feet in 1944, with about 10 feet added.

Remodeling in Gray county during the coming five years is estimated by one state company to reach over \$800,000. In 1945 about \$42,750 worth of remodeling was done to houses and business property.

Last year Pampa granted 334 building and moving permits, 116 in 1944, 125 in 1943 and 85 in 1942. Permits represent only cost of repairs and buildings over \$40.

Construction of business buildings in 1945, including remodeling and repair, totaled \$130,028, with approximately 26 new business places built and 10 remodeled. During 1944 eight business places were built, four remodeled.

### Accident Toll

(Continued from page 1)

state and federal highways, 11 were within city limits and seven were on county roads. Of the 56, 17 were pedestrian deaths.

The patrol investigated 365 accidents during 1945. In addition to the 56 killed, 350 persons were injured and property damage amounted to \$230,996.

Though there were more fatalities in 1944, fewer persons suffered injury, the total being 341. Property damage was also less in 1942, \$204,197 worth of property being reported damaged.

Figures back to 1940 revealed that 1941 was the worst year for accidents, the death total for the area being 119 and 1,979 for the state.

Ten of the 1945 deaths occurred in December. November had 9, October and March 7, February 5, September 5, January and April 3, May and July 2, and June and August 1.

**THE MEAT SHORTAGE?**

VANCOUVER, B. C., Jan. 17.—(AP)—Note to editors: You can dust off that "College Boy Swallows Goldfish" headline—they're at it again.

The Jokers club at the University of British Columbia announced one of its members would gulp a goldfish if students made their quota in an international students' fund drive.

The drive went over and engineering student Paul Chutter dipped his hand into a bowl, yanked out a wriggling fish and swallowed one.

Since its founding in 1790, the coast guard has saved more than 200,000 lives on the high seas, and in one prewar year, 1939, made 2,000 rescues.

### Texas Today

By JACK RUTLEDGE  
AP Staff Writer

Life in recent years for Lloyd Field of Palestine has been one of frequent and close escapes from death, but somehow he just ends up with leg trouble.

Two years ago he was an aerial gunner. German flak got his B-17 and he bailed out. He broke his right leg when he landed, and almost immediately taken prisoner.

Last winter when things were getting hot for the nazis around Berlin Field and other American prisoners were marched to Vienna.

His feet froze and only by diligent massage and treatment was he able to save them.

Back home again he was in the middle of that tornado not long ago. It picked up his house and buried it 200 yards.

He saved his life and his children by throwing them on the floor and holding them down. The children were unharmed.

But he broke his leg.

Speaking of the tornado, the Palestine Herald said that one of the homes destroyed in the blow was one belonging to the weather man—Myron Carpenter.

Carpenter's forecast for the day had been "scattered showers."

A home belonging to Leon Ludwig was hurled 100 feet into the air, but several windows remained in-

fact; Mr. and Mrs. Charles Cox and baby went to town to mail a letter came back 20 minutes later to find their home gone; the George Locke home was wrecked, but a-riped tea set of crystal and hand-painted China was uncracked.

Still on the subject of weather, Big Spring described a day there that it termed "typical Texas weather": the wind blew, then died; clouds appeared, vanished, then came out again; it started raining, stopped; it drizzled, turned into snow, then sleeted. The day, which started warm, ended cold.

releasing every possible surplus man and officer.

**TO HEAR COMPLAINTS**

Ordered a halt to all mass demonstrations by soldiers against demobilization delays.

Directed army inspector generals to visit all army installation and listen to individual complaints of all "junior officers and men" who believe they are not essential and being retained.

Eisenhower's return to Capitol Hill coincided with a demand for discharging the army close to its 1919 size.

Senator Edwin C. Johnson (D-Colo) urging "the irreducible minimum" in army strength, said he thought it could get along by July 1 with a million men. This compares with 931,422 on the same date in 1919.

The army has been planning for 1,500,000 men by July. Eisenhower informed congress Tuesday that the army's strength on January 1 was 4,200,000, compared with the V-E day peak of 8,300,000.

Eisenhower's lengthy report to an informal joint session of congress Tuesday failed to touch on some matters still troubling the lawmakers, for the special senate military subcommittee on demobilization called him back before. He also was asked to appear before the house military committee next Tuesday.

Eisenhower scheduled a radio ad-

dress to the nation on the subject for Friday (8 p.m. CST).

The general said Tuesday the war department was taking a big chance in lowering army strength to 1,500,000.

However, the subcommittee of which Johnson is chairman entertained hopes of selling the chief of staff some different idea both on the army's size and demobilization.

One proposal which Johnson has ready is that previously exempt single men up to 45 and lots of 4-Fs be drafted to raise overseas replacements.

He suggested that both selective service and the army liberalize physical standards and accept thousands of men previously rejected because of minor physical disabilities, such as flat feet.

"Men with flat feet make good policemen," he commented.

**DEMOBILIZATION**

HONOLULU, Jan. 17.—(AP)—The Navy News tells of a certain unnamed sailor who asked Yeoman 2/c George Giokas of Chicopee Falls, Mass., to help him figure out discharge points.

Giokas obliged and together they listed his qualifications for discharge. The sailor had a dependent, but not knowing a dependent counted ten big points, failed to mention it.

He should have been home months ago.

### United Nations

(Continued from page 1)

attend the council session "merely as spectators," suggesting that they would not act today on the Iranian plan to ask the council's intervention in the Iranian-Russian dispute.

The United States is primarily concerned in the trusteeship question because of the numerous American-conquered Japanese islands in the Pacific.

Bevin urged the UNO to consider what assistance it may give UNRRA in dealing with the widespread food shortage, to continue the international labor office and to build up a powerful working organization to support the agencies necessary to maintain peace.

The only restriction Bevin attached to the proposed conversion of the African mandates into trusteeships was that the terms of the trusteeships should be, "in our view, generally satisfactory."

### Edgar Bergens Will Have Church Wedding

HOLLYWOOD, Jan. 17.—(AP)—It will be a church wedding this time for the Edgar Bergens.

The ventriloquist and the former model and singer, Frances Westerman, obtained a license in El Centro yesterday and the bride's mother said they would wed again soon in a Methodist church here to which Mrs. Westerman belongs.

They were married in Sonora, Mex., last June 23.

Erosion is our common enemy.

### Supporters, Opponents of Truman's Medical Proposal List Arguments

(Editor's Note: This is the third in a series of five articles on President Truman's proposal for a national system of compulsory pre-paid "health insurance" to cover the costs of medical, dental, surgical and hospital care.)

By FRANK CARNEY  
Associated Press Science Reporter  
WASHINGTON, Jan. 17.—(AP)—There are several main arguments for and against—President Truman's proposal for compulsory prepayment of medical costs under a taxation system administered by the federal government.

They are these:

1. Opponents of the proposal say it would mean "socialized medicine"—that is, that the practice of medicine would be completely controlled by the government.

They say both doctor and patient would be "directly under political control" and the quality of medical care would be lowered. They say it would be "enormously expensive" and the objective of pre-paid medical care could be accomplished better by "voluntary" payments of individuals rather than compulsory ones.

2. Supporters of the proposal say it is not "socialized medicine" and that doctors and patients would remain as free as ever. They say it would assure adequate care for millions who, they contend, bow lack it.

They say the quality of medical care would increase, rather than decrease, because, they maintain, modern hospital, medical specialist and other services would become available to more people than heretofore. They say the proposed system would prevent much serious illness by encouraging people to go to a doctor at the first sign of sickness. Finally, they say it would be a better system for the doctor because he's always assured of payment.

The opposition cited is that of the American Medical association which claims a membership of 125,000 doctors.

(Some individual members of the AMA are in favor of the Truman plan.)

The official stand of the AMA on the Truman proposal and on pending legislation based upon it was expressed recently at a Chicago meeting of the association's house of delegates.

"By this measure, doctors in official statement, 'the medical profession and the sick whom they treat will be directly under political control.'

"By this measure, doctors in America would become clock watchers and slaves of a system."

Various organizations, including the American Federation of Labor and the National Farmers union, have endorsed the President's plan. Both opponents and supporters of the proposal say the experience of other countries proves their respective claims.

Says the AMA:

"Positive proof exists from experience in other countries that inferior medical service results from compulsory health insurance."

(Britain and New Zealand are two countries which have compulsory systems.)

Senator Wagner, when he introduced his bill to congress, said:

"Experience here and abroad has shown us that voluntary plans could not handle the job. You can't persuade enough people, much less the bulk of the people, to join voluntary plans. Moreover, the voluntary plans which have been operating so far are too restrictive and too costly in the care they provide."

### America To Lead In Establishing New World Order

NEW YORK, Jan. 17.—Emphasizing that racial tensions today are no longer "local" problems but have world-wide consequences, the federal council of the Churches of Christ in America in a special race relations message today called upon the churches of America to take the lead in establishing a new order of human brotherhood.

"The doctrine of racial superiority in the modern world is dynamite. When we consider racial tensions today we are not dealing with some local or sectional or even national difficulty which, however serious, has strictly limited consequences," the message declared. "Either we find a way of destroying the antagonisms of race and the lust for power, or we shall be destroyed by them."

The message was sent to the 140,000 local churches comprising the 25 national communions in the federal council.

Asserting that the church has a "mandate under God for bringing the nation to repentance for its denial of justice to many of its own citizens," the message declared that it "cannot fulfill this obligation unless it first recognizes and repents of its own failure to fulfill the law of Christ in its own life."

To point the way toward a true interracial community, churches were specifically urged to open membership and fellowship with no barriers on account of race or national origin; oppose racial discrimination in employment, education,

housing, recreation, etc.; support independence or self-government of colonial peoples within a fixed term, wherever practicable.

Ohio has 39 electric furnaces capable of making 1,728,860 tons of steel a year.

housing, recreation, etc.; support independence or self-government of colonial peoples within a fixed term, wherever practicable.

**Hitler Planned To Create Nation of 230 Million Nazis**

NUERNBERG, Germany, Jan. 17.—(AP)—The international military tribunal heard yesterday that Hitler dreamed of creating a nation of 230,000,000 German-speaking people within 100 years and ordered 500,000 young female domestics brought from the Ukraine as a step toward the goal.

The court, trying 22 top nazis as war criminals, received this evidence in the record of a secret meeting of Fritz Sauckel with officials of the ministry for occupied eastern territories and the Nazi labor front Sept. 4, 1942.

Lt. Henry V. Atherton of Boston, an American prosecutor, accused Arthur Seyss-Inquart of deporting at least 117,000 Jews from Holland most of them to Nazi murder camps. He was accused, moreover, of sending 431,500 Dutch to slave labor in Germany.

It is no longer a question of whether we should have a world organization, but of what form it should take. Too few people stop to realize that a world organization may vary between the arbitrary power of a Roman state and government based on the equality of man.—Charles A. Lindbergh.

**JUST ONE DAY WOULD DO THE JOB**  
It was none other than Ex-Mayor F. H. LaGuardia who said it long ago in his perennial argument with newspapermen of the big city, that headlines are always misleading and never tell the story.

To the first charge we would like to take issue, since we are not in a mood to believe that even an editor is good enough to be wrong all the time; to the second charge, we would add—if the headline told the story, there would be no need for the story to follow the headline.

Mr. LaGuardia—his ex-Honor, the Mayor—has turned lately to a new pursuit—he is now writing a column for newspapers, and he has a radio program. (He has always liked the radio, especially to air the comic strips. Whether he changes his mind about newspapers will depend, we imagine, on how well he is received by the reading public.)

But, back to this matter of headline writing. Such complaints have been heard from points closer than New York. A Pampa man called up recently to complain that the headline did not tell what was in the story. That's just an example. They come from right and left.

This stuff we call type that makes up headlines is mighty stubborn sometimes. You see, it is made out of pretty hard metal, and metal is not in the habit of being squeezed into places it doesn't want to go. The fellows in the mechanical department usually ask us when we are getting the rubber type, when we send back one too long for the column.

That is one of the reasons we would like for Mr. LaGuardia and/or some of our Pampa friends to work on the headline-writing desk for just one day—and meet the deadline.

At the end of that time, we suspect that there would be effected a great enlightenment in the minds of those who think thoughts flow through headlines just as cogently as they do through a lawyer's brief.

## Common Ground

By R. C. HOILES

The Altruism of Believers in Unions Too Limited

Most people who believe labor unions are good for the working man take a too limited view in their altruism. They can see how a group of men combining together to keep others from competing can benefit, for the time being, the workers so combined. Thus they think labor unions are beneficial.

What these enthusiasts for labor unions do not see is that they have limited their analysis too much. They see only the effects immediately around them. They do not see the diffused disadvantages. They are confused on this matter just as the believers in protective tariff are confused. They see how a protective tariff helps those people who are protected, but they do not see how the great number of people who have to pay the extra price, because of tariffs or labor unions, are harmed.

And since neither tariffs nor labor unions add one iota to the wealth of the country, but greatly reduce the total production, in the long run they harm everybody. They even harm the union labor men eventually, just as they eventually harm those benefiting from tariffs.

These practices lead to so much unemployment and thus discontent that men eventually lose their freedom and thus their initiative, and there is so much less to divide that everybody suffers.

Yes, the believers in labor unions take too limited a view in their desire to promote justice. They promote injustice, and instead of being altruistic they are exploiters of the groups prevented from competing by labor unions. The very basis of all labor unions, terminates a course of action.

These people who say, "I do not agree with you," can write no impersonal rule of human relations. Of course they can propose anything to be right by using themselves as a norm. They can propose anything else to be wrong because anybody who does not agree with them is wrong.

The real way to determine whether a course of action is beneficial, just or good, is not whether it agrees with an individual but whether it is in harmony and compatible with some eternal principle, some eternal axiom; whether it contradicts the axioms that every rational person recognizes.

There is little hope of anyone ever understanding natural law, ever developing, so long as his only answer to the contradictions of what he is proposing is that he does not agree with his opponent.

## High-Point Army

Veterans Returning On 'Magic Carpet'

WHEELER, Jan. 17.—Cpl. Clifton H. Patterson, husband of Mrs. Wanda N. Patterson of Wheeler, is one of 300 high-point army veterans whom the "Magic Carpet" is bringing back to the States aboard the USS Starlight.

The USS Starlight which is one of more than 300 carriers, battleships, cruisers and attack transports in the navy's famed "Magic Carpet" fleet, left Saipan, December 19, and was scheduled to arrive in San Pedro last week.

The Starlight is one of the many APAs which proved the worthiness of these ships as troop carriers, hauling more than 12,000 men without a single serious casualty. This ship characterizes the part of the APAs have played in giving the U. S. the naval superiority needed to defeat Japan.

New York City has more telephone lines than in all South America, Central America and the West Indies combined.

## President Throws Snowball

## NATIONAL WHIRLIGIG

news behind the news

By RAY TUCKER

**POWER**—The American Legion, growing stronger and even more powerful by the reinforcement of several hundred thousand veterans of World War II, has at last decided to swing its real political weight in the Capital and in America politics generally.

The Legionnaires have been a mean force on Capitol Hill and around several executive agencies—the army, navy, civil service—ever since the Legion was organized by the late Theodore Roosevelt Jr., Paul McNutt, Louis Johnson, and others, at the close of World War I.

But it has never before enjoyed the prestige and power which it has now. Even National Commander John Stetten of Chicago was surprised to learn from a recent check-up that approximately fifty per cent of the house and senate membership consists of members of the A. L.

Some started running for congress almost before they discarded their uniforms in 1919-1920. As a consequence, they are also congressional veterans and they hold chairmanships and key positions on important legislative committees, especially those which handle veterans' problems.

Both major parties have started to woo the ex-soldiers of the more recent struggle. It is probable that every state this fall will have a former legislator in the governor's office, usually as lieutenant governor or secretary of state, which means that within a few years the men now taking off their uniforms will be dominating the American political scene in state capitals as well as in Washington.

**WATCH**—The Legion's recognition of its own strength is evident in National Commander Stetten's recent appointment of a committee of distinguished veterans to "watch congress" and to keep its eyes on the executive agencies entrusted with problems affecting the soldiers of World Wars I and II.

His announcement of the naming of this group together with its supervisory assignment to the legislative and executive branches of the federal government attracted hardly any attention. It was accepted in the normal order of things in congressional corridors.

Had the national association of manufacturers or the nation's bankers presumed to organize such a watchdog group, there would have been an uproar on the floors of the senate and the house.

**SMART**—The American Legion, incidentally, seems to be attracting the majority of the veterans of the last conflict. The boys figure that they can capitalize on the legionnaires' organization, their physical assets and their influence at Washington and through the country.

The Legion's publicity-minded spokesmen, naturally, have tried to sell this idea to congressmen. Moreover, the A. L. has been smart in handling the returning soldier. Whereas its principal rival—the Veterans of Foreign Wars—neg-

lected the World War II group in selecting its national ticket at its last convention, the Legion gave them several important offices. Local posts also put them in power with the general idea of turning the organization over to the second generation of veterans within a few years.

**FIGHT**—Harold E. Stassen's political stock seems to be slipping in the state of Minnesota, according to a rival's reports from his own tailwalk, whereas the fortunes of Senator Henrik Shipstead, who must run for re-election this fall, seem to be on the upgrade.

Mr. Shipstead, former isolationist, seemed headed for a difficult primary fight a few months ago. His vote against American membership in the United Nations organization reduced his status to an all-time low among Minnesota voters.

But growing disillusionment over Russo-British imperialism and our apparent acceptance of Moscow's aggressive program in the Orient, eastern Europe, the Baltic and the Balkan area has enhanced his prestige.

Mr. Stassen has toyed with the idea of opposing the senator in the primary but it is understood that he has abandoned the project. A freshman member of the upper chamber, no matter how distinguished he may have been as a governor or a naval officer, has small chance of showing or selling his wares under the congressional seniority system. On Capitol Hill a newcomer is "just another guy."

It has been expected that Representative Walter Judd, a former missionary to the Orient and an extreme isolationist, would be the high note against Mr. Shipstead. The G. O. P. primary, but his friends are warning him that he will do well to bid his time awhile and to seek re-election to his present seat.

**PROBLEM**—Mr. Stassen, whether he runs for the senate or not, has become the G. O. P.'s problem child. He is slightly too internationalistic in his thoughts for the party bosses and his liberal approach to domestic problems is suspect.

The former governor of this agricultural state, which has never produced a White House occupant, is quite definitely a candidate for the 1948 presidential nomination, although he does not admit it publicly. He does not think that he has made any mistake in putting all his political eggs in the international basket.

But his friends realize—and have so informed him—that he must rise or fall on that issue alone. Some think that he may stumble. The smarter boys believe that the 1948 contest will be determined by Washington's handling of our domestic difficulties.

Mr. Stassen is apparently trying to square himself with his fellow G. O. P.-ers on the problem of his supposed ultra-liberalism. When he recently spoke in New York, he brought an entourage of solid and substantial Middle Westerners with him, so that these "fat cats" at

## MACKENZIE'S Columbia

AP World Traveler

MADRID, Jan. 17.—(AP)—It would be easy for the visitor in Madrid to leap to the conclusion Spain is a land flowing with milk and honey, there's such a plenty of the good things of life available in the capital—at a price.

People of means are so accustomed to an abundance that amazement was expressed by residents with whom I was lunching in a deluxe hotel because the usual succulent beefsteaks weren't available for that meal. The menu was made up of all sorts of other DEWITT MACKENZIE food, but it happens there's a beef shortage.

What was true of food is also largely true of both necessities and luxuries in other lines. In short, up to the time Mrs. Mack and I left New York at the end of November, probably not a day in America had recovered sufficiently from war strain to produce such luxurious meals as Madrid can serve.

But Spain also has her troubles and her prosperity is spotty. Among other things, the cost of living has risen so high that people of small means are having a hard time. On the whole, Spain's relative economic position among the European countries is good. She ranks well among the other neutral states of Switzerland, Portugal and Sweden.

Potentially, Spain may be better off than present conditions indicate. Last year's fierce drought not only resulted in heavy crop failures but emptied reservoirs and thus deprived the country of much water power. Furthermore, the nation's transport systems are run down, and heavy imports are needed.

Favorable weather this year will do much to improve the economic situation. The blackmarket is having a field day in Spain, just as it is in other European countries.

You can't get the cash you can buy most anything you want. A first class lunch or dinner is from three to five dollars, and you can spend a lot more if you add a few frills. If you are keeping house your eggs will cost from \$2 to \$2.50 per dozen, butter \$2.50 a pound, rice (a staple food here) 60 cents a pound, veal \$1.30 a pound, corn \$1.25, lamb \$1.30 and so on. Clothing isn't so bad, for you can get a good tailor made suit for \$100 and a ready made one for \$30 to \$50.

Middle priced shoes are about \$19 and first class ones are \$30.

## In Hollywood

By ERSKINE JOHNSON

**NEA Staff Correspondent**  
**HOLLYWOOD**—Lew Ayres is still turning down all requests for newspaper and magazine interviews and is spending most of his time with his brother at La Jolla. M-G-M wanted to star him immediately in another Dr. Kildare movie, but Lew has refused, saying he wants to work only in pictures with a "message" from now on. He did not resign with M-G-M and plans to free lance when he does so back to work. They're betting 10 to 1 at Hollywood and Vine that Sonja Henie does not become Mrs. Van Johnson after her divorce from Dan Topping.

Frank Latimore was telling Lloyd Norman that he gets to kiss June Haver four times in "Three Little Girls in Blue." "Yes," deadpanned Nolan, "but how much of it can you keep these days?" Rosalind Russell had to put on 55 pounds for her role in "Sister Kenny," the student nurses who do so back to back work. They're betting 10 to 1 at Hollywood and Vine that Sonja Henie does not become Mrs. Van Johnson after her divorce from Dan Topping.

Frank Latimore was telling Lloyd Norman that he gets to kiss June Haver four times in "Three Little Girls in Blue." "Yes," deadpanned Nolan, "but how much of it can you keep these days?" Rosalind Russell had to put on 55 pounds for her role in "Sister Kenny," the student nurses who do so back to back work. They're betting 10 to 1 at Hollywood and Vine that Sonja Henie does not become Mrs. Van Johnson after her divorce from Dan Topping.

Lana Turner, we hear, is willing to try again with Steve Crane, her ex-husband and father of daughter Cheryl. But Steve is the hesitant one. Looks like Jennifer Jones will ill "Daisy Kenyon" when the novel reaches the screen. Cass Daley's description of Van Johnson Broad and Wall streets, where he is no stranger ever since he managed the Wilkie convention fight in Philadelphia in 1940, would knock it to stand well with the right people in St. Paul and Minneapolis.

## STOP JOHN CLAY

By Lionel Mosher Copyright, 1945, NEA Service, Inc.

XIII  
ROGER BLAND was looking at Pike very intently now. His black eyes were very bright and his teeth were in sight again.

"I suppose it has occurred to you that someone might suggest that you did it."  
"Did what?"  
"Bateman?" Bland waved a big hand. "He didn't commit suicide."  
"That had occurred to me."  
"If you went out there last night, after Bateman called, it might take a little explaining."  
Pike was beginning to get it. Bland was fishing. He wondered just how much Pike knew and he was worried.

"All these little things would have to be accounted for," Bland said. "Your visit to the library, your talk with Bateman, the fact that you arrived here quite unexpectedly, much to the consternation of one John Clay—although I suspect the lovely Miss Tudor is bearing up quite well."  
"Amazing," Pike said.  
"What?" Bland asked.  
"Really?" Pike said, "you're way beneath your station here—a man with your inexhaustible fund of information about other people's business."  
"There's nothing very remarkable about it," Bland said.  
"Is this connected with the first?" Pike asked.  
Bland's eyebrows rose; a little battery of wrinkles appeared on his shiny brow.

"Yesterday you spoke of a murder," Pike said.  
"Oh?" The wrinkles disappeared. "Possibly, I was a little hasty in using the word murder. That's what it is, of course, but the police will have to prove it."  
"Let's get this straight," Pike said. "Yesterday you told me that you thought there had been a murder up here and that, if you and I pooled our information, we might find out who did it."  
"That was yesterday," Bland

son: "Hubba, hubba with freckles." Hal Peary will record "Hansel and Gretel" as his next album of children's stories.  
**PRODUCER LEAVES RKO**  
Unpredictable Hollywood: After producing most of RKO's best pictures of the year, including "The Spanish Main," Robert Fellows checks off the lot in March. Studio brass hats and Bob couldn't agree on a new contract.

Jackie Coogan hits the road soon for a personal appearance tour. He will be in Washington, D. C., Feb. 14 and opens at Loew's State theater in New York Feb. 21. Col. Evans Carlson definitely will be a California candidate for senator on the democratic ticket. Jimmy Roosevelt will be his campaign manager, with Hollywood support headed by John Garfield. Republican biggies are huddling with Eric Johnston over things definitely not about the movies or censorship.

**LEAD THE SONG WRITERS**  
Jimmy McHugh and Harold Adamson can take a bow as the top song writing team of 1945. They had 75 published tunes to their credit. A New York theater has a new twist—Saturday matinees with a box office sign reading: "No adults will be admitted unless accompanied by children."

Isaac Stern, young New York virtuoso, will double the violin playing for John Garfield in "Humoresque." Jascha Heifetz turned down the chore. Susan Hayward and Jess Barker are planning a long-delayed honeymoon with their twins. They've never had time—everything happened so fast. Connie Bennett, the lady busier than Eleanor, has a contract waiting for her to write children's books—if she ever finds time.

Crob spiders starve to death after laying eggs because they're too busy watching their eggs to eat.

**PAGING THE OPA**  
PORTLAND, Ore., Jan. 16.—A landlady here is wondering whether it pays to rent rooms.  
A tenant's 200-pound St. Bernard dog barked into her. The collision knocked her down and broke her leg.

**ABSENT-MINDED**  
GREAT FALLS, Mont., Jan. 16.—(AP)—A passerby noticed a single call from a corner mailbox and called fireman. The mailbox was full, but the question annoyed postal authorities—is who used the box as an ash tray?

# Pay Your Poll Tax by January 31st

## Here Are Some Important Facts

- Citizens over 60 years of age must obtain certificate of exemption.
- Ex-servicemen are entitled to vote without payment of the poll tax for the period of 18 months after their honorable discharge.
- Any citizen coming to Texas from some other state during 1945 is entitled to receive a certificate of exemption from payment of poll tax.
- Members of the "Armed Forces of the United States" (non-professional soldiers) who have fulfilled certain resident requirements are entitled to vote without payment of poll tax.

# Rice Owls Take Southwest Cage Lead

By The Associated Press  
Rice institute's Owls perched atop the southwest conference basketball league today thanks to a final spurt that came almost too late.

Their 36 to 34 victory over Texas A. and M. last night gave them top berth in the conference with four wins and one loss. Arkansas and TCU, who were idle, are tied for second with three victories and one defeat each.

The Aggies led at half time 18 to 17, and held a 31 to 24 lead with eight minutes of the game to go. Harmon Walters, one of the Owls' leading scorers, rang up 8 points in quick succession and his teammates added four more to give the Owls the lead 36 to 34.

With one minute left A. and M.'s Homer Adams let one go from mid-floor that rolled around the hoop three times before hopping out.

In tonight's lone conference game at Waco, Baylor, a pre-season favorite, takes on Southern Methodist, which has yet to win over a conference team.

Arthur Devlin of Lake Placid wins Torger Tokle Memorial jump with leap of 148 feet and 231.1 points on Bear Mountain Hill.

## Bird Man

## TU Varsity Letters Go to 30 Longhorns

AUSTIN, Jan. 17.—(AP)—Coach D. X. Bible has named 30 members of his Southwest conference championship Longhorn football squad who will receive varsity letters Friday night when the Ex-Students association holds its annual banquet and dance.

Thirteen other players will receive reserve awards.

Varsity lettermen are:  
Ends—Hubert Bechtel, Lubbock; R. E. Blount, Jr., Big Spring; Dale Schwartzkopf, Ft. Worth; Charles Taylor, Dallas.  
Tackles—Jerry McCauley, Lubbock; Joe Mitchell, Corpus Christi; Capt. Jim Plyler, Corsicana; Earlman Wetz, New Braunfels.  
Guards—Sam Callan, San Angelo; Elmo Felle, Thorndale; David Green, Wichita Falls; Tom Harrell, Dalhart; Edwin Heap, Temple; Jack Waller, Edinburg.  
Center—Richard Harris, Wichita Falls.  
Backs—H. K. Allen, Austin; Joe Bill Baumgardner, Austin; Maxie Bell, Vernon; Fred Brechtel, New Orleans, La.; Jerome Bukemper, Ballinger; Byron Gillory, Marshall; George Graham, San Angelo; Jack Halpenny, Dallas; Ransom Jackson, Jr., Little Rock, Ark.; Bobby Anderson, Pleasant Point, Wis.; Gerald Beard, Henderson; Emory Pellard, Aransas Pass; Joe Busch, Glendale, Calif.; Jack Gwin, Houston; Desmond Kidd, Austin; James Lowrey, Lubbock; Robert Musselwhite, Lufkin; Jake Posey, Kerens; John O'Reagan, Galveston; John Ring, San Juan; Angus Shaw, Longview; Paul Tracy, San Antonio.

Junior manager award went to James Moody, Longview, San Yates, San Antonio, and Howard Fitzgerald, Wichita Falls, got sophomore managers' awards.

## Writer Sums Up Explanation Made By Eisenhower

By JAMES MARLOW  
WASHINGTON, Jan. 17.—(AP)—Here is a quick look at General Eisenhower's explanation, given to congress, for the army's slow-down in releasing men.

1. The army has released far more—since the war with Japan and Germany ended—than it had planned.

2. If it kept up that rate, it would run out of men necessary to carry out the army's job.

3. Replacements for those overseas veterans—through the draft or volunteering—have not been fast enough.

The general said:  
"If we were to continue shipping men home at the rate we reached during the past few months, about April we would have nothing left but a woefully inadequate number of volunteers—we would literally have 'run out of army.'"

Yet, in order to keep discharges up to a high rate, the general said the army has done these things:

1. It has made every effort to get volunteers to replace veterans abroad.

2. It has told General MacArthur in Japan and General McNarney in Germany to cut their soldier requirements to the bone.

3. It has cut the training of new men in this country from 17 to 13 weeks.

He gave this explanation for the excitement over demobilization:

1. The end of the war started an emotional wave to get men out of the army.

2. The "almost incredible speed" of the war department in releasing men between the defeat of Japan and Christmas.

General Eisenhower gave these figures to show the army's speed in demobilization:  
It had planned to let 2,500,000 men go between Sept. 1 and Dec. 31, 1945. Actually, in that time it released 4,165,000, or 1,665,000 more than its plans called for.

Altogether, since Germany fell last May, the army has released 5,000,000 of the 8,300,000 men it had at 1945.

By next July 1 the army will have released another 2,700,000 men who were in the army when Germany quit.

Thus by next July 1 the army will have left only 500,000 of the 8,300,000 it had in service last May. All the rest will be new draftees or recruits.

The Atlantic swallower heads the list of fish remarkable for their eating. It has such an expansive stomach, compared with its size, that it can swallow fish larger than itself, and the stomach stretches until it is so thin that it becomes transparent.

A pair of bluejays has been known to rout a cat by a series of attacks in which one noisily attracts its attention while the next dives in silently to deliver a sharp peck.

## Kline Takes Over As Panther Coach

SHAMROCK, Jan. 17.—(AP)—Forrest Kline, former Irish mentor, has assumed his duties as athletic coach of the Panhandle high school.

Kline recently received his discharge from the army after three years of service during which time he was stationed at a number of camps, the last of which was Love Field, Dallas.

Kline guided the Shamrock Irish gridiron through three successful seasons of play, being called to the armed forces from the local post.

Mrs. Kline, the former Miss Freda Holmes, and their son, David, will join the coach in Panhandle soon.

## Sports Round-up

By HUGH FULLERTON, JR.  
NEW YORK, Jan. 17.—(AP)—Charles Tripp, the Georgia halfback who apparently perfected the art of dodging tacklers by avoiding professional scouts, plans to attend summer schools and earn as many credits as possible toward his degree in business education before he decides whether to return to college next fall—His latest pro football offer is \$15,000 and he's a "good enough" baseball player to have a flock of big league scouts on his trail.

Reserve letters went to Leroy Anderson, Pleasant Point, Wis.; Gerald Beard, Henderson; Emory Pellard, Aransas Pass; Joe Busch, Glendale, Calif.; Jack Gwin, Houston; Desmond Kidd, Austin; James Lowrey, Lubbock; Robert Musselwhite, Lufkin; Jake Posey, Kerens; John O'Reagan, Galveston; John Ring, San Juan; Angus Shaw, Longview; Paul Tracy, San Antonio.

Junior manager award went to James Moody, Longview, San Yates, San Antonio, and Howard Fitzgerald, Wichita Falls, got sophomore managers' awards.

## Today's Schedule Of Redeployment

By The Associated Press  
Forty-two transports, carrying more than 24,500 servicemen, are scheduled to arrive today at three East and six West Coast ports. Ships and units arriving:

**At New York—**  
Borinquen from LeHavre, 2nd battalion, 334th Infantry regiment; 784th Ordnance Light maintenance company.

**At San Francisco—**  
Lake Champlain from Southampton, parts of 318th and 319th Infantry regiments, 80th division; 163rd general hospital 437th Ordnance company; 7th traffic regulation group; 815th signal service company; 6th medical depot company; 23rd station hospital.

**At Seattle—**  
Miscellaneous on Marine Jumper from Manila, Henry Felling from Alaska.

**At Portland—**  
Edgecombe from Leyte.

**At Los Angeles—**  
Dauphin.

**At San Diego—**  
Miscellaneous on Hallin Bay, Baldwin, LCI's 320, 307, 438, 460, 463, 727, 728, 753 and 118; mine-sweepers 111 and 109 and patrol craft 620; LST 67; LSM 307.

**At Tacoma—**  
Miscellaneous on Florence Nightingale from Korea, Hamblen from Okinawa.

**At Seattle—**  
Miscellaneous on Marine Jumper from Manila, Henry Felling from Alaska.

## George Church, Fort Worth Tennis Player, Succumbs Wednesday

FORT WORTH, Tex., Jan. 17.—(AP)—George Myers Church, 56, Fort Worth oil man and a high-ranking tennis player in international competitions a quarter of a century ago, died here last night.

A 1915 graduate of Princeton university, Church gave much time to tennis and was ranked high in the national and international matches.

Survivors are his widow, Mrs. Augusta Hall Church, Fort Worth, and a daughter, Mrs. Gilbert W. Judge of Pasadena, Calif.

## Chandler Will Visit Hillsboro Next Week

HILLSBORO, Tex., Jan. 17.—(AP)—Senator A. B. Chandler, high commissioner of baseball, will be honored guest at a luncheon here Tuesday in the college building.

Senator Chandler will be the guest of Col. Burris C. Jackson.

## Byron Nelson Drops Out of Tournament

RICHMOND, Calif., June 17.—(AP)—Touring P.G.A. pros stepped up to the first tee to start the 72-hole \$10,000 Richmond open today with a new gleam in their eyes. A business, Byron Nelson, eliminated himself from the running.

Nelson announced his withdrawal on the eve of the four-day event to make an urgent trip to Toledo, O., to tend to his umbrella business and "get a physical checkup."

## Bowling's Richest Meet Opens Saturday

CHICAGO, Jan. 17.—(AP)—Bowling's richest tournament, the \$22,000 Louis B. Petersen individual classic, opens Saturday with a record entry of 2,080 keglers, including most of the nation's top shooters.

The Russians must realize that any shot on the Turkish-Russian frontier may become the first shot of the third World War.—Ahmet Zaiman, Turkish publisher.

## Huge Plant for Texas Is Asked

PHILADELPHIA, Jan. 17.—(AP)—Plans for a \$14,000,000 plant at Brownsville, Texas, to manufacture gasoline from natural gas was revealed here yesterday in an application to the securities and exchange commission.

Plans for the proposed plant were disclosed in an application of the United Gas Corp., Shreveport, La., in which the corporation asked the securities and exchange commission to approve its proposed acquisition of 100 units of 6 per cent promissory notes due 1960 and \$1 par value common stock of Carthage Hydrocol, Inc., New York, for \$1,307,500.

Each unit would consist of a \$100 note and 75 shares of the stock. United said that hydrocol had developed a process of manufacturing gasoline from natural gas, which, in the opinion of United engineers, "can possibly result in an important new and expanding market for natural gas when the process is further studied and developed on a commercial basis."

United states it would benefit from the development since it owns all the outstanding capital stock of United Gas Pipe Line Co., which buys and sells natural gas, and also owns all the outstanding capital stock of Union Producing Co., owner of gas reserves in Louisiana, Texas, and other southwestern states.

A loan from the reconstruction finance corp. would finance about one-half of the cost of the Brownsville plant. The balance would be secured through sale of units of stock.

About 90 percent of motor vehicle trips in the United States are less than 30 miles in length.

## Permanent Ratings Offered Non-Regular Officers by Army

Non-regular officers who served in World War II have been offered permanent military careers beginning as lieutenants, explains and majors of the regular army, Eighth service command headquarters, Dallas, said today.

The command announced that procedure for the integration of qualified reserve and army of the United States officers into the regular army has been received from the war department, following enactment December 28 of public law 281, which increases the commissioned strength of the regular army to 25,000. The present officer strength is about 16,000.

Applicants must pass a general survey test, a physical examination and furnish certain biographical information. They will appear before officers' interview boards, two of which will be located in the light service command, at Camp Fannin and Fort Sam Houston, Texas.

Final selections will be made by the command in which the applicant wishes to be commissioned from eligibility lists compiled by the adjutant general.

Any male citizen who served as a commissioned officer between Pearl Harbor Day and the date of the law's enactment is eligible the headquarters said. Applications must reach the adjutant general by March 1, 1946.

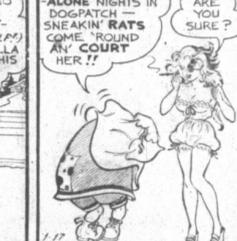

The grade in which the new regulars will be commissioned will be determined by their age over 25, or their length of commissioned service. They will rank immediately below present regular army officers with an equivalent or next greater length of service.

## Hollywood Has Scheme For Modern Hamlet

By BOB THOMAS  
 HOLLYWOOD, Jan. 17.—(AP)—Despite protests from shocked Shakespeareans, Cary Grant and Alfred Hitchcock are going ahead with their plans for a modern "Hamlet."  
 Their idea has already evoked the ire of disciples of the Bard, as well as 37 other people who claimed to have originated the notion of doing the classic play in modern dress. But the director and star, who are now working on "notorious," hope to start the picture by fall, if their writers can produce a good enough script.  
 "It's as good a psychological thriller as any today," Hitchcock told me. "The main trouble is that there are too many deaths at the end. We would have to kill some of

them off screen, because we couldn't have so many corpses cluttering up the place."  
 The director said Hamlet's father might be an industrial magnate instead of king, and the locale might be England, or even Detroit. "The soliloquies might be recited on a psychoanalyst's couch and the ghost might end up a outja board," he added.

Leaving no stone unturned, the movies are now resorting to opera as a source for musical pictures. MGM Producer Arthur Freed is planning an extravaganza which will use an opera as the basis for both plot and music.

Wonder why Barbara Stanwyck is waxing so uppity with the press. Some of my best friends are newspapermen. Ray Milland will play "The Last Man in the World." That sounds like fun. George Jessel leaves to toastmaster the Al Smith memorial dinner in New York next Tuesday. Warner's is talking a long-term deal with Jane Wyatt. Observed on the "California" set: Four tough Hollywood cowboys around a card table playing—bridge! It looks as though Day will get her lease from MGM.

J. E. Swanson of Minneapolis writes: "It is about time that Garbo be given a decent role and be brought to the pinnacle she earned by her ability and art." But insiders believe she has become too shy to face a movie camera again. Fiona Massey's mother is trying to lure her back to Hungary with promises of home-cooked goulash.

### Hospital Romance Ends in Marriage

PASADENA, Calif., Jan. 17.—(AP)—A romance that began in a hospital is to culminate in marriage today for an army private who lost his hands in France and a WAC corporal medical technician.  
 The principals are Robert Langstaff, 33, of Columbus Junction, Iowa, and Ruth Spalding, 32, Anderson, Ind. Langstaff said the big test would come when he uses the hooks the army has fitted for his hands to put the ring on his bride's finger.  
 There are approximately 250 commercial airports in the United States.

There is a difference in cleaning. Try us and be convinced.
