UNO First General Assembly Held

7,000 Telephone Workers, Operators Strike Tomorrow

Nationwide Shutdown Is Threatened

NEW YORK, Jan. 10—(AP)—A union spokesman said today, 1,000 telephone workers including operators, would leave their posts here at 7 o'clock tomorrow morning and would be joined by 6,000 more during the day.

Such action would be the first step in a threatened nationwide shutdown of long distance telephone service as a result of yesterday's walkout by telephone installation workers.

John J. Moran, president of the Federation of Long Line Telephone Workers, announced the action.

Miss Dorothy Terrell, chairman of the Pampa Telephone Operators union local, said this noon that the general supervisor of locals in this area at Amarillo doubted if picket lines would be established in Pampa by Western electric workers now on strike.

However, if the St. Louis main office orders a sympathy strike members of the Telephone Operators union in Pampa may have the strike regardless of whether there are picket lines or not.

The walkout would be simultaneous with the establishment of picket lines around the American Telephone and Telegraph building at 32 Avenue of the Americas. The building, largest telephone office in the city, houses all long distance, trans-oceanic and ship-to-shore telephone communications.

Installation workers have announced they will picket telephone offices across the nation tomorrow. Union heads said it would slow down dial telephone operations within a week to 10 days.

44 STATES INVOLVED
Eight thousand installation workers in 44 states were involved in the strike.

Bowles Fights to Avert Increases

WASHINGTON, Jan. 10—(AP)—OPA Administrator Chester Bowles flatly opposed to food price increases recommended by Secretary of Agriculture Anderson, has appealed for a slower removal of government subsidies.

Officials who know his views say the price boss has written to Stabilization Director John C. Collet asking that food subsidies be continued beyond dates tentatively set in a program drafted in November.

At that time Collet announced the government hoped to end by next June 30 virtually all such food payments. Purpose of the \$1,785,000,000 a year war-born program is to keep retail prices from rising.

Anderson's recommendation for an 18-cent-a-pound butter price increase by next spring met blunt OPA opposition.

OPA also has fought quietly Anderson's proposal for higher meat prices.

Officials who asked that they not be named said Bowles takes the position that since food prices have not declined as expected and actually have risen in some instances, subsidies provide the only way to prevent a general increase in the cost of living.

Congressional approval would be needed to extend subsidies beyond next June.

Subsidies currently cover such commodities as meats, milk and other dairy products, flour and a number of canned foods.

Eugene Lively Is In Wentworth Band
LEXINGTON, Mo., Jan. 10—(AP)—Eugene Lively, son of Mr. and Mrs. H. B. Lively, Pampa, has been designated a member of the Cavaliers, swing band unit at Wentworth Military academy.

The Wentworth Cavaliers, directed by Capt. Ben Johnson, head of the academy's music department, play at many of the school's dances, as well as at socials sponsored by neighboring colleges and local and state civic organizations. They have been featured on radio programs on several occasions.

Army Drafting New Demobilization Plan

Senator Terms GI Demonstrations As 'Near Mutiny'

WASHINGTON, Jan. 10—(AP)—GI demonstrations overseas against the demobilization slowdown were called "near mutiny" today by Senator Edwin C. Johnson (D-Colo.), "distressing and humiliating to all Americans."

Johnson formally called upon the senate military committee to summon Gen. Dwight D. Eisenhower "at the earliest possible moment" for a full investigation.

Johnson, a member of the committee, asked congress to take a hand in the situation after the war department disclosed it was undertaking to recast its entire demobilization program.

The increasing pressure from disgruntled GIs demonstrating overseas obviously was a factor affecting both the congressional and army approach to the problem.

Eisenhower, army chief of staff, authorized theater commanders, pending issuance of the new demobilization program, to return home all surplus personnel regardless of their point scores.

In a letter to Chairman Thomas the senate military committee, Johnson declared that "no American army must ever be permitted by congress to degenerate into a mob. What must our neighbor nations think of such an outrageous display of irresponsibility?"

Johnson also asserted that the war department was repudiating "solemn pledges" about demobilization made to congress last September by Gen. George C. Marshall, then chief of staff.

However, Gen. Jacob L. Devers, chief of army ground forces, contended in a speech that public clamor for bringing the boys back immediately is "jeopardizing our security and wrecking the morale of men needed to maintain the peace."

Details of Kaiser Car Are Announced
DETROIT, Jan. 10—(AP)—Kaiser-Frazer Corp. announced today its projected low-priced Kaiser automobile will be a full-sized, light-weight six passenger vehicle, with a 117-inch wheelbase, 85-horsepower six-cylinder engine and front wheel drive.

The car will carry its engine forward of the front driving axle, and its body and chassis will form a single unit.

Prices were not announced but it has been reported the vehicle will sell for around \$1,000.

Nursery Employee Sought Opening Address Is Made by Attlee

CHICAGO, Jan. 10—(AP)—A man once employed at a nursery within two blocks of the home of Suzanne Degnan, 5, kidnap-killing victim, was the object of a police search today.

Mrs. Margaret Perry operator of the nursery home, told the police this man was discharged because of "questionable habits." Investigators also learned he formerly was a mental patient at Manteno State hospital.

LADDER IDENTIFIED
Inquiry into the identity and background of former employee of the nursery came about when Mrs. Perry identified a ladder found in an alley at the rear of the Degnan home as one which had been left at the nursery two years ago by roofing company employees.

The police believe the Finnish kidnap-killer used the ladder to enter little Suzanne's bedroom early Monday when he took her from her bed, left a \$20,000 ransom note, killed and dismembered her body. The child's father, James E. Degnan, Chicago OPA official, told reporters, however, he had seen the ladder in the same location the day before the crime.

Another man sought, the police disclosed, was an ex-convict with a record of six offenses against young girls.

See KILLING, Page 6

Changes in Fire Zones Are Asked

Certain extensions in the outline of the city's downtown fire zone are to be recommended to the state fire commission by the local zoning commission.

Under Chairman William T. Fraser, the board will prepare a list of changes and submit them to the state office for approval.

Following approval by fire underwriters, which is expected in about two weeks, the changes will then be submitted to the city commission.

The fire zone includes most of the downtown area where buildings erected must conform to certain standards of safety.

Buildings that were erected before the zone was established or that will be put up before the recommended extensions are made cannot be made to conform.

It is believed that the zoning board has asked mainly for an extension of the zone toward the south end of Cuyler and also westward on Foster, Kingsmill and Francis.

*AST LAUGH
PORTLAND, Ore., Jan. 10—(AP)—Army veterans here have found a way to beat the clothing shortage, but navy gobs are out on a limb.

Garment dyers report scores of olive drab trousers and retailed coats are being dyed blue, grey and brown. But bell-bottom trousers, sigh the sailors, don't make very good civvies.

PAMPA MERCHANTS LIST CONTINUED NYLON, SILK, RAYON HOSE SHORTAGE

Late yesterday afternoon there was no nylon or rayon hose in Pampa shops. Silk is not to be mentioned. One shop had about a dozen pair of lace cotton hose, which appeared of the stuff minnow nets are made of.

Majority of salesclerks in stores canvassed reported that their last shipments of hose had been before the holidays and were completely sold out shortly after receiving them.

One shop had several boxes of nylons this week. Word passed quickly. They were gone within 20 minutes.

Another shop reported 20 dozen pair of 45-gauge 65 denier hose last Thursday. They were gone within 24 hours.

Cold Salve, Soap, Reducing Diet Aid Prisoner in Escaping Jail

EDINBURG, Jan. 10—(AP)—A liberal supply of cold salve, some soap and reducing diet was what a Hidalgo county jail prisoner used months ago to escape from the jail by slipping through a drain pipe little more than 12 inches in diameter.

The story was revealed by Assistant District Attorney Jack Ross, who interviewed the escaped man recently at Houston, where he is held for taking part in an alleged holdup.

Fred Wright Mullins was the prisoner. He had been sentenced to life imprisonment in criminal district court here.

Mullins planned his escape at length. He saved all the soap he could get. He pretended to have a cold and over a period of time saved a quantity of nose salve. For weeks he ate sparingly to reduce. He flushed what he did not eat down the commode so his guards would not suspect.

Then, on the night of the escape, he took off all his clothes, greased himself from head to foot, dropped his clothes through the drain before him and then laboriously slipped through.

In addition he scaled a high double barbed-wire fence. He was sighted west of Mission soon after he fled but there his trail ended. A few weeks later Houston officers arrested him on the attempted holdup charge.

China's Civil Strife Ends as Truce Signed

CHUNGKING, Jan. 10—(AP)—Generalissimo Chiang Kai-shek announced today, shortly after a truce had brought an immediate end to China's civil war, that the government had decided to legalize all political parties.

He said the government would free all purely political prisoners, grant the people freedom of speech and promote local self government.

Chiang, opening the political consultation conference almost simultaneously with the conclusion of the cease fire agreement, announced the government had decided to free all political parties.

Report on GM Fact-Finding Goes to Truman

LONDON, Jan. 10—(AP)—The United Nations Assembly, carrying forward the world's hopes for prevention of an atomic age war, came into being in battle-scarred London today and heard a bold warning that it holds in its hands the choice of "life or death" for mankind.

The warning came from Britain's Prime Minister Clement Attlee after Dr. Eduardo Zuleta of Colombia had called the delegates of the 51 united nations to order at 4:03 p. m. (10:03 a. m. Central Standard Time).

"It is for the peoples of the world, through their representatives, to make their choice between life and death," Attlee declared in his blunt speech.

TEMPORARY PRESIDENT
Dr. Zuleta, temporary president of the assembly, told the delegates that all must give their unequalled and unhesitating support "to save succeeding generations from the scourge of war."

The American delegation took seats long before the last of the delegates had entered the hall. Mrs. Franklin D. Roosevelt sat on the left of Senator Connally (D-Tex.), Secretary of State James F. Byrnes sat on Connally's right.

About 700 delegates held places on the assembly floor and the gallery offered seats for another 1,000 reporters, photographers, guests and plain citizens.

The session moved toward a last-minute dispute over election of an assembly president. For the London meeting only the United States and Russia are supporting Trygve Lie, Norwegian foreign minister. Britain is backing Dr. Paul Henri Spaak of Belgium.

ATOMIC BOMB
The coming of the atomic bomb was discussed in a session which began at 10:30 a. m. (See UNO MEET, Page 6)

NEGOTIATIONS ON PROPOSED STEEL STRIKE RESUMED
NEW YORK, Jan. 10—(AP)—A meeting of officials of U. S. steel and CIO steelworkers union was called here today in an effort to forestall a strike of 700,000 steelworkers ordered for Jan. 14.

Nathan P. Feinsinger, chairman of President Truman's steel fact-finding board, told newsmen in Washington yesterday his panel hoped the discussions would avert the walkout.

Philip Murray, CIO head, declared that if the corporation extended a satisfactory wage offer he would notify union officials to hold the strike "in abeyance."

Feinsinger declared it was "logical to assume" that the company would make a wage offer at the start of the conference but Murray said he had no information it would do so.

Industry circles immediately speculated that an underpayment had been reached which might provide a basis for a settlement. It was reported on high but anonymous authority that the government would permit an increase of approximately \$4 a ton in steel prices.

U. S. Steel — The Nation's biggest steel producer — has been asking \$7 a ton price increase and has maintained that it was unable to renew wage talks on the CIO's demands for a \$2 a day wage increase until it received a price ruling.

Smith stated that the largest acreage in the history of Gray county will be in small grains this year, with an approximate increase of 10,000 acres over the 1945 figure of 125,000 acres. Last year average yield per acre of wheat was 15 bushels.

Wheat, up to a good stand at this time, is extremely dry, although Smith said that a wheat crop would be possible in Gray county without additional moisture, providing other conditions were favorable.

If about one inch of moisture falls farmers in this area will be able to sow barley and oats. It has been four years since the county had what is considered a good crop of barley or oats, it was reported.

Report on GM Fact-Finding Goes to Truman

WASHINGTON, Jan. 10—(AP)—A report by the government's fact-finding board in the General Motors wage dispute headed toward the White House today.

PANEL'S RECOMMENDATIONS
The three-man panel's recommendations, which may provide a basis for settlement of the 50-day-old strike in GM plants, was expected to reach President Truman by mid-afternoon.

Chairman Lloyd K. Garrison declined to discuss with reporters the board's recommendations in advance of release by the White House. He would not say whether the panel was proposing any compromise in percentage form to meet the striking CIO-auto workers' demand for a 30 percent wage boost.

COMMENT ON REPORT
Asked specifically to comment on a report that the board would suggest a 20-cent hourly increase, amounting to approximately an 18 percent wage hike, Garrison said only:

"That is not correct." He would not elaborate. Some other reports placed the board's proposed settlement at 15 percent, with provision for additional negotiations at the end of six months or a similar trial period.

NEGOTIATIONS CANCELED
Weather cancelled resumption of wage negotiations, scheduled last night.

General Eisenhower Owns Manila Today

MANILA, Jan. 10—(AP)—General "Ike" owns Manila today. The news that General Eisenhower had authorized overseas theater commanders to send home men not needed, regardless of their discharge points, came as a total surprise to the many thousands of troops in the Philippines. Many recently had cabled their congressmen and friends on the mainland to demand a speedup of demobilization.

The Associated Press first report on the statement went out over army radio station WVTM. Wac Sgt. Jessie Stearns said telephones began to buzz immediately as incoming calls called in "and it hasn't stopped ringing yet."

Posted in the radio station lobby, the AP dispatch attracted a jostling, uniformed, grinning crowd. Many soldiers whooped with joy.

WEST TEXAS: Cloudy with occasional rain this afternoon and early tonight except snow covered with rain Panhandle, partly cloudy and colder late tonight and Friday; lowest temperatures tonight 15-20 Panhandle, 20-25 South Plains, and 20-25 elsewhere except above freezing Del Rio-Eagle Pass area.

EAST TEXAS: Cloudy with occasional rain tonight and in east portion Friday; colder northwest portion Friday. Moderate to fresh northeast and east winds on the coast becoming fresh to strong southeast-ly tonight or Friday. Lowest temperatures tonight 24-30 upper Red river valley.

OKLAHOMA: Partly cloudy to occasionally cloudy tonight and Friday except occasional light snow likely southeast portion late this afternoon or tonight, not much change in temperature. Low tonight lower 20s Panhandle to lower 30s southeast portion.

Final Income Tax Estimate Due Jan. 15

By S. BURTON HEATH
NEA Staff Correspondent
NEW YORK (NEA)—January 15 is the last day on which millions of Americans can file final estimates and complete their preliminary payments on the income tax that they will owe next March 15.

Probably less than 10 per cent of income tax payers have to do anything by Jan. 15, treasury experts estimate. It is up to each person to determine whether or not he belongs to that 10 per cent.

In general there are three groups who should get busy at once on their Jan. 15 estimates. They are: 1. Farmers. 2. Those who should have filed an estimate previously, but let it slide. 3. Those who filed earlier, but whose incomes exceeded their estimates materially.

The purpose of the estimate is to assure that, not later than Jan. 15, you shall have paid at least 80 per cent of the entire tax that you will owe on 1945 income. If you pass Jan. 15 delinquent by more than 20 per cent, you will be subject to penalty.

REVISION ESTIMATE
No estimate is required from wage earners who received in 1945 less than \$500 plus \$500 for each personal exemption other than their own, and who did not have more than \$100 of income other than from wages, salary, commissions, tips, etc. (If the total income was under \$500 the amount from non-wage sources does not matter.)

Opposition To Surrendering of Claim Forming
WASHINGTON, Jan. 10.—(AP)—House-passed legislation surrendering any federal claim to oil-bearing "tidelands" within the three-mile limit is expected to encounter stiff opposition before the senate judiciary committee.

Secretary of Interior Ickes, expected to present the bill to the senate judiciary committee Feb. 5. The bill would grant to the states the ownership of tidelands and submerged lands and their mineral deposits.

When the legislation was before the house judiciary committee last June, not a voice was raised in opposition. Since then, however, there have been these developments: 1. President Truman has proclaimed United States jurisdiction over the mineral deposits of the continental shelf outside the three-mile limit to the point where the ocean depth drops to more than 600 feet.

2. Attorney General Clark has sued in the supreme court a suit against California, claiming federal ownership of submerged land in the marshland sea extending from low water mark to the three-mile limit.

The California lands commission announced last month that it expects to drill for gas and oil and drilling in several submerged areas.

The President's continental shelf proclamation establishes United States jurisdiction from an international standpoint and has no effect on the state versus federal ownership issue.

More Money Goes To Help Polio Victims
NEW YORK (AP)—A check for \$2,000 was sent by the National Foundation for Infantile Paralysis today to Brazoria county, Texas, for the care of polio victims.

Texan Acquitted On Charge of Using U. S. Mail to Defraud
WASHINGTON, Jan. 10.—(AP)—A district court jury yesterday acquitted a five-year-old man of charges of using the mail to defraud by the trial of three other people.

Travis County Will Not Sell School Land
AUSTIN, Jan. 10.—(AP)—A board of school trustees yesterday refused to sell school land in Travis county to the state.

Permanent Organization DALLAS, Jan. 10.—(AP)—A more permanent organization is scheduled to be set up by the Big Bend Trail association when it meets here on Friday.

Let the United Nations give us scientists freedom to travel as we please through Europe and we shall restore within six months a close scientific collaboration of all scientific workers.

In the wax model pictured above, President Truman joins the galaxy of noted men represented in London's world-famous Tussaud waxworks. Bernard Tussaud is seen adjusting the suit, sent to him by President Truman, especially to dress the effigy.

Inflation Becomes Top Problem in Steel Situation

By JAMES MARLOW

WASHINGTON, Jan. 10.—(AP)—Take a cold, long-range look at the steel problem. It affects all of us. What happens there may mean the difference between inflation and no inflation.

It comes down to this: If wages go up but prices go up proportionately, then the wage gain is wiped out.

Six weeks ago OPA refused the steel industry price increases. But it said then it would take another look at the end of the year to see whether it should change its mind. It said this was why:

The industry should be entitled to as much profit now as it made in a before-the-war period, 1936-38, even if it meant granting a price increase.

Meanwhile, the CIO Steelworkers were demanding an increase of \$2 a day in wage, an increase of between 25 and 30 per cent. The steelmakers say they couldn't grant a raise without a price boost.

The steelworkers said they would strike Jan. 14 if they didn't get the raise.

A strike in the steel industry would paralyze the whole reconversion program.

There was a difference between the wage demands of the CIO steelworkers and the CIO auto-workers. The latter said they wanted a 30 per cent increase but not if it meant a price increase in automobiles.

While this happened, President Truman asked congress for power to set up fact-finding boards to find the truth in labor disputes and to forbid strikes for 30 days while the boards were working.

This set off fireworks. CIO President Philip Murray was most outspoken. He said Mr. Truman through such a law, was out to smash unions.

Mr. Truman since then has done nothing to antagonize Murray or labor in general.

The week a few days before the steel strike deadline, OPA says that the steel industry should be granted an increase of \$2.50 a ton in steel, but no more than that, to assure the industry earnings equal to what it made in 1936-39.

But now Reconstruction Director Snyder and Stabilization Director Collet reportedly want to go beyond OPA and allow the steel industry an increase of \$4 a ton.

Given the steel industry a price increase, which would enable it to give wage increases—undoubtedly would prevent a tragic strike.

But—eventually, then, what happens to the value of your dollar?

'Pet Ideas' Are Rapped as Curbs On Juvenile Cases
HOUSTON, Jan. 10.—(AP)—Prejudiced, preconceived ideas and pet theories in the control of juvenile delinquency were sharply criticized by Homer Garrison Jr., director of the public safety department in a talk before the Houston Women's club Tuesday.

In their place, if the "bloodiest and costliest" way of civil violence in the world's history is to be avoided, he urged "bandwagons" in our communities and cities that are strong, well organized and fully representative.

Such organizations, he said, should be set up like a corporation with a representative board, capable of secure, unified plan of action and financial support of the community.

As a deterrent to crime he advocated a better staffed and better paid police force with the authority and equipment to make quick apprehension and "contain" swift processing.

The president, preeminent ideas and pet theories Garrison attacked as wrong were:

"The police officer who thinks juvenile control can be accomplished with a hobby stock and bill bars, the social worker who thinks it can be done with slum clearance, recreation, big red apples, and power puffs and civic and service clubs whose members think it can be done through a multitude of independent, unrelated projects."

Strikers Will Not 'Pour Out Milk'
AUSTIN, Jan. 10.—(AP)—Officials of the Austin Wholesale Milk Producers' association have promised there will be no "pouring out of milk" if a threatening strike among local milk producers is called at a Friday night meeting.

Joe C. Carrington, acting president of the association, who viewed the strike almost as a certainty, said producers "will give milk away as long as there is a drop before we pour the people."

Carrington and P. M. Sherrill, manager of the association, said the action, if taken, would be an attempt to force the OPA to grant a price increase on raw milk sold to creameries. Creameries have refused to pay the hike until OPA approves the creamery price increase of half a cent per quart to be passed on to retailer and consumer.

ON WAY HOME
PEARL HARBOR, T. H.—Robert Gilchrist, 51½, son of Mr. William Gilchrist of Pampa, Texas, is on his way home.

Gilchrist is one of 1,100 high-point navy veterans whom the "Music Carpet" is bringing back to the States aboard the U. S. S. Doyen.

Have You Tried Individual Pot Roasts?

Cross-cut beef shanks are a pleasant change from the ordinary pot-roast, as they're just big enough for one or two servings. The method of cooking them is the same, however—they are braised to a delicious tenderness. Here we have them served on a bed of sauerkraut.

MENU

- Homemade Vegetable Soup
Individual Pot-Roasts with Sauerkraut
Panfried Potatoes
Baked Squash
Hard Rolls
Butter or Margarine
Bowl of Fresh Fruit
Date Nut Bars—Hot Coffee

If you ever get tired of serving pot-roast—try individual pot-roasts for a change! These are made from a cut of beef not so familiar to most homemakers. They are thick, cross-cut slices from the foreshank of beef, identified by the small, round shank bone.

The slices of meat will naturally vary somewhat in size, for they get smaller in circumference as they are cut farther down the shank. The thickness of the slices may be determined by preference; they are usually cut from 1 1/2 to 2 inches thick.

Idea for Family of Two

Thus, while we speak of these as "individual" pot-roasts, there will be some slices which are large enough to serve two people. Here's a bright idea for those many families-of-two who are starting out on their housekeeping these days! A single one of the larger cross-cut beef shanks (2 or more inches thick) will make a "pot-roast for two," if you do not want meat left over for later meals.

If potatoes, carrots and onions (or any desired vegetables) are cooked with the meat, you have a perfect one-dish meal. After the meat is cooked, the one may easily be removed. Then, if the slice is thick enough, you can cut across the grain of the meat to make individual servings.

- Individual Pot-Roasts
3 pounds cross-cut beef shanks
Flour
Salt and pepper
3 tablespoons lard or drippings
1 cup water
Have shank slices cut 1 1/2 to 2 inches thick. Dredge with flour, mixed with salt and pepper. Brown slowly, on all sides, in hot lard or drippings. Add water, cover closely, and let simmer 2 to 2 1/2 hours or until done. Add more water as needed.
Half an hour before the meat is done, add sauerkraut and continue cooking. Serve sauerkraut on hot

Eliminates Extra Bluing Rinse. RAIN DROPS. The Sky-Blue Powder... AMERICA'S WASH WORD.

platter with the cross-cut beef shanks on top.
Less Tender meat, Moist Heat
The shank of the beef is classed as less tender meat, so it should be cooked long and slowly, with moisture. The method of braising (which housewives in the old days frequently called "pot-roasting") is ideal for making this thrifty cut of meat juicy and tender. Braising also gives a rich, appetizing brown on the surface of the meat, and develops the delicious beef flavor.

The other method of cooking this particular cut is to simmer it slowly, in water to cover. A few herbs or spices, added to the water during cooking, will give the meat a subtly "different" flavor. Try a bit of bay leaf, a pinch of thyme or savory, or a few whole cloves. Sliced onion, chopped celery or green pepper, parsley or celery leaves may also be used to give additional piquancy to the final dish.

Serving the Simmered Beef
The liquid in the pan may be used as meat stock in making a flavorful soup, and the simmered meat sliced and served alongside, or cut in small pieces and added to the soup.

And here's another suggestion. Use the stock to make brown gravy, cut the cooked meat in cubes, and add vegetables. Put the meat, vegetables and gravy together into a casserole, and top with small rounds of biscuit dough. Bake in a hot oven until the biscuits are puffy and golden brown. It's a honey of a meat pie.

Presbyterian Group Meets in Shamrock

SHAMROCK, Jan. 9 (Special)—The Presbyterian auxiliary met in the home of Mrs. Tom Brown Monday afternoon.

Mrs. Brown presided over the business session which opened with group singing, with Mrs. T. H. Sonnenburg at the piano.

Mrs. Dan Frye gave the devotional, which was followed by a brief discussion on prayer, by Mrs. Bill Doty.

The lesson on "Home Missions," was given by Mrs. J. L. Hartsfield. The hostess served a salad plate following the program to these members: Mrs. Blaine Fickett, Mrs. J. L. Hartsfield, Mrs. Frye, Mrs. Doty, Mrs. Sonnenburg, Mrs. Earl Koger, Mrs. Tracy Tapp, and Mrs. Rufus Dodgen.

One female paring mantis has been known to devour as many as eight enamored males.

City Clubs Report Volunteer Work In OPA Price Checking Program

In the volunteer service program, which the City Council of clubs is sponsoring for the office of price administration, Mrs. Ray Chisum, president and supervisor of the volunteer services for the OPA, reports that club members have donated 79 1/2 hours to the work during the past month.

Merchants who were surveyed in the program have been very cooperative, Mrs. Chisum said, in thanking them in behalf of the clubs.

The following clubs and their representatives have participated in the work to date: Twentieth Century Culture, nine hours, Mrs. Douglas Nelson and Mrs. Kester June; Twentieth Century club, sixteen hours, Mrs. Floyd Hicks, Mrs. G. P. Branson, Mrs. Frank Stallings, and Mrs. W. R. Campbell.

Beta Sigma Phi, four hours, Mrs. J. B. Massa and Mrs. C. W. Henry; B. G. K. club, three hours, Mrs. Turney Mullinax and Mrs. Wayne Phelps; Business and Professional Women, five hours, Mrs. Floyd Ward, Civic Culture club, eight hours, Mrs. A. D. Hills and Mrs. Fred Swazy; V. F. W. auxiliary, four and one-half hours, Mrs. Ed Kenny and Mrs. W. H. McBride; City Council of clubs, thirty hours, Mrs. Chisum.

El Progreso Club Elects Officers

Annual election of officers was held at the Tuesday afternoon meeting of El Progreso, in the city club room. Mrs. James L. Todd was chosen to head the group for the next year.

Other officers elected were: Mrs. Knox Kinard, vice president; Mrs. E. L. Ledrick, secretary; Mrs. W. R. Ewing, reporter; and Mrs. Walter Purviance, parliamentarian.

Mrs. D. V. Burton presided at the business meeting. During the program, each member presented a short talk describing her favorite magazine and an outstanding recent article.

The hostess, Mrs. Todd, served refreshments after the program. Two guests, Miss Charlotte Susan Hightower and Miss Grace McCarty, and the following members were present: Mrs. George W. Briggs, Mrs. Burton, Mrs. Ewing, Mrs. Edgar W. Henshaw, Mrs. C. T. Hightower, Mrs. Jeannette Hutchinson, Mrs. Carl Jones, Mrs. Kinard, Mrs. P. C. Ledrick, Mrs. H. Ledrick, Mrs. Purviance, Mrs. S. D. Stennis, Mrs. Todd, and Mrs. G. C. Walstad.

Lefors Fine Arts Club Hears 'Tale of a Tub'

A one-act play, "The Tale of a Tub," written by Miss Myrtle Phayre Wocor, was read by Miss Procter at the Lefors Fine Arts club which met with Mrs. John D. Foubon on Tuesday evening.

Before reading the play Miss Procter gave an introduction in which she stated the reasons for joining the Playmakers at the University of North Carolina, Chapel Hill, North Carolina and showed playbills of the production. This play, chosen for experimental production, by the faculty of the speech department, was presented by students in the University summer playwriting course.

"The Tale of a Tub" is the story of two school teachers and their experience while teaching in a small community in Texas. One particular incident proved to be quite entertaining—that of having to wait until everyone in the community was asleep and then slip over to the home of the only eligible bachelor in the community to take a bath. The reason, simple there was only one bathtub in the community. To make the story interesting they must be seen and that is just what happens. It works out all right as this gives the bachelor a chance to offer his protecting arm to one of the teachers—which he does.

Mrs. A. M. Roberts of Amarillo was a guest of the club. H. B. Hill says: Everybody thinks he has "common sense" but may see little in others.

Hunter College Will Give Essay Prizes

In celebration of its seventy-fifth anniversary year, Hunter College of New York City, is offering a series of prizes totaling \$2,000 in literary bonds for the best essays on intercultural relations. It has just been announced by Professor Broderick Cohen, director of the evening and extension sessions of the college, and chairman of the essay committee. The prize money has been made available by Lane Bryant, Inc., of New York City.

Awards will be made to winners in three categories. College and university students are asked to write on the general topic, "How Can American Colleges or Other Social Institutions Promote the Appreciation of the Culture of Other Peoples and Cooperation Among Them?" Contestants may concentrate on some portion of the general topic. A first of \$1,000, a second prize of \$500 and 18 prizes of \$100 each, all in Victory bonds at maturity value, will be awarded to winners in this group.

Teachers in colleges, universities, high schools and elementary schools of continental United States may compete for a similar group of awards, writing on the topic, "How Can the American Teacher Help to Foster Intercultural Relations?"

An interesting feature of the contest is that three special awards of \$1,000 each in Victory bonds will be made to the schools which the student first prize winners are attending, and to the school in which the teacher winning the first prize in the teacher's group is teaching.

In judging of entries, the practical value of ideas expressed will be considered, as well as evidence of interest and sincerity. Greater weight will be given to material based on observation and experience than to theoretical discussion.

The competition closes at midnight, March 1, and announcement of winners will be made on May 15, or as soon thereafter as possible. Final judging will be done by a distinguished board whose names will be announced later.

A circular giving complete contest details may be obtained by addressing Hunter College Diamond Jubilee Essay Contest, P. O. Box 7, New York 8, New York.

Las Ceras Choose New Sponsors

New club sponsors were chosen at the Sunday afternoon meeting of Las Ceras club, when the group was entertained at the home of Miss Maxine Lane, 818 E. Browning.

Sponsors selected were Mrs. Jess Clay, Mrs. W. L. Campbell, and Mrs. Ben Lockhart. Plans were made for a series of rushing parties which will be held the week following semester exams. Miss Barbara Carruth was elected to keep the club scrapbook.

Of one thing we can be certain, and that is the necessity for us as a nation to become strong financially. It is the only hope of the world. An insolvent United States would make for world chaos.—Rep. Lawrence H. Smith of Wisconsin.

Make This Home Recipe To Take Off Ugly Fat. It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat, right in your own home. Make this recipe your own. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Baccarat (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

Iva Ward Elected Oracle of Royal Neighbors Lodge

Miss Iva Ward was selected oracle of Royal Neighbors of America at the Tuesday evening meeting and election of officers Mrs. Edna King, past oracle, presided.

Other officers chosen were: Lenie Mahan, vice oracle; Neva Metlock, past oracle; Edna King, recorder; Elsie Walker, chancellor; Maxine Bennett, receiver; Wilma Phillips, marshal; Emma Cargill, assistant marshal; Bonnie Fouth, faith; Veleta Grundy, endurance; Mamie Stapleton, modesty; Hester Killion, courage; Edith West, unselfishness; Lida Beach, inner sentiment; Marion Chandler, flag bearer; Helen Marie Haggerty and Aida McElrath, musicians; Lela Blankenberg, outer sentiment.

Named on the flower committee were: Mrs. Stapleton and Mrs. Maud Dunwoody; entertainment committee: Mrs. Phillips, Mrs. West, and Mrs. Grundy; refreshment committee: Mrs. Cargill, Mrs. King, and Mrs. Killion; managers: Mrs. Walker, Mrs. McElrath, and Mrs. West.

Mexican Workers Returning Home

MEXICO CITY, Jan. 10.—(AP)—Except for approximately 18,000, all Mexican workers who went to the United States are scheduled to return to Mexico by the middle of March.

Authorities in charge of their return said yesterday that since Oct. 18, the workers have been returned at the rate of 18,000 to 20,000 monthly.

Most of them are passing through Laredo and El Paso, Texas. A few are returning by way of Nogales, Ariz. At the peak last September there were 135,000 Mexican laborers in the United States. Now there are about 50,000.

Thomas Paine's famous pamphlet, "Common Sense," was published Jan. 10, 1776.

Merten Demonstration Club Installs New Officers Monday Eve

Mrs. Sam Coberly entertained the Merten Home Demonstration club at her home Monday evening. Mrs. T. G. Groves, president, conducted the business meeting. A discussion of parliamentary rules followed the roll call, answered with various such rules.

Miss Millicent Schaub, county home demonstration agent, installed new officers. Mrs. V. Smith is the new president, Mrs. S. E. Waters, vice president; Mrs. C. B. Haney, secretary-treasurer; Mrs. C. L. Cudney, parliamentarian; Mrs. T. B. Langston, representative.

Mrs. M. E. Mahan is the first new member of the year. The club has planned to sponsor one night at the Teen Canteen.

Miss Shaub demonstrated "making every minute count" and exhibited some handy laundry bags and other household aids. Committee plans for the coming year will be discussed at the next meeting, January 15, at the home of Mrs. E. J. Overall, 1022 E. Jordan.

The hostess served coffee and cookies to Miss Schaub, Mrs. Mahan, Mrs. Waters, Mrs. W. E. Coop, Mrs. J. C. Steward, Mrs. Frank Bailey, Mrs. D. A. Caldwell, Mrs. Smith, Mrs. Cudney, Mrs. Langston and Sheila, Mrs. Groves and the hostess.

The home of Mrs. V. Smith was the scene of a farewell shower for two Merten Home Demonstration club members, Mrs. J. M. Scott and Mrs. F. G. Newman, recently when the club entertained in their honor.

Needlecraft Club Sews for Red Cross

SHAMROCK, Jan. 10 (Special)—Needles were busy with Red Cross knitting, sewing and crocheting when the Needlecraft club held their first meeting of 1946 in the home of Mrs. T. H. Sonnenburg Thursday.

Refreshments were served to the following members: Mrs. A. R. Hugg, Mrs. Tom Brown, Mrs. Ed R. Waller, Mrs. S. A. Nichols, Sr., Mrs. J. A. Ebeling, Mrs. O. A. Laycock, Mrs. H. T. Fields, and Mrs. Ode Cain.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys
If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney, tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting no nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting, burning, sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Helps build up resistance against MONTHLY FEMALE PAIN. When taken regularly! Lydia E. Pinkham's Vegetable Compound does more than relieve monthly pain when due to functional periodic disturbances. It also relieves accompanying weak, tired, nervous, jittery feelings—of such nature. Taken regularly—Pinkham's Compound helps build up resistance against such monthly distress. Pinkham's Compound is worth trying!

Cecil Funeral To Be Held Here Saturday

Funeral services for William Burley Cecil, who was killed when struck by a car Sunday night, will be held at 10:30 Saturday morning at the First Methodist church.

The Rev. R. L. Gilpin, former pastor of the McCullough Methodist church here, will conduct the services, assisted by the Rev. William Culwell, pastor of the McCullough church, and the Rev. E. B. Bowen, pastor of the First Methodist church.

Burial services will be at Durham, Okla., at 2:30 Saturday afternoon.

Survivors include a daughter, Mrs. Joe Shelton, Pampa.

Mutual Tolerance Is Declared To Be Key to Solving World Problem

NEW YORK, N. Y.—The U. S. has much in common with Russia, Britain, France, and China, but there are also major differences. It is these differences which must be overcome if the Big Five are to evolve a pattern of world peace. So state the editors of Look magazine in the issue released nationally January 8th.

In a "Balance Sheet" listing the likenesses and dissimilarities between the U. S. and its allies, Look's editors find major obstacles in the path of cooperation with each of our wartime partners.

Our relations with Russia present the most difficult problem. Our political and economic systems are poles apart. Religious bodies in the U. S. still view Russia's attitude toward religion with suspicion. Since 1917 the relations between the two countries have never been good, except in 1941-1945, when a common enemy united both nations.

Russia and the U. S. must re-examine the present state of their relations, conclude Look's editors. There are many hurdles to get over, but in the interests of world peace we must leap these barriers to friendship.

In the case of France, our differ-

Goering Found Jew Baiter To Be Sadist and Thief

NUERNBERG, Germany, Jan. 10.—Herman Goering's own secret investigation of Julius Streicher in 1939 showed the notorious Nazi Jew baiter as a sadist and thief, according to a document introduced before the international military tribunal today.

Both men listened intently from opposite sides of the dock in the war crimes trials of 22 leading Nazis. They did not glance at each other.

Earlier, the judges heard in the words of another defendant, Hans Frank, how the Nazis hoped to make the Poles "slaves of the greater German empire."

Goering's investigation said: "Gaulleiter Streicher likes to beat people with a riding whip, but only if he is in company with several persons assisting him. Usually the beatings are carried out with sadistic brutality."

The report said that under Streicher's aranzation program Jews were forced to sell their property at ten per cent of its value.

Goering's investigation commission charged that Streicher himself obtained control of a big Jewish-owned publishing house through a "forced sale."

Death Toll Is 23 In Southern Floods

By The Associated Press Flood-stricken areas of the South today turned to the dreary task of cleaning away mud and debris and providing shelter for those still homeless after swollen rivers in most sections began receding.

The death toll stood at 23 in five states. Property damage was estimated in the millions.

The Red Cross in Atlanta report-

35 Expected To Enter Stock in February Event

Thirty-five boys from Gray and Roberts counties are expected to enter exhibits in the Top of Texas Junior Livestock show to be held in connection with the Top of Texas Hereford Breeders show February 25-26. Additional entries are expected.

Rules for the show to be held Feb. 25, have been established by the Agricultural committee of the chamber of commerce, sponsor of the show, chairmaned by Clyde Carruth.

All regularly enrolled members of extension 4-H clubs or vocational Agricultural Future Farmers chapters of Gray and Roberts counties are eligible to show livestock. Entries must be made by the county agent or vocational instructor. Deadline for entering the show is at midnight, February 24.

Certification stating that all rules have been followed will be required, as well as complete feeding records.

Prizes ranging from one dollar for third place in the lamb division, to 15 dollars for first place in the junior and senior class fat class divisions, will be made by the chamber of commerce.

Boys who have given notice of expecting to enter exhibits are:

From Gray county: Ruben, Vernon and Johnnie Baggerman, all of near Green; Brent Carruth, Lloyd Carruth, J. B. Mize, Charles Schaefer, Morris Walburg, Herman Watkins, Robert Sailer, Don Chisum, Stan Ryan, Wayne Parr, James Cook, Leon Taylor, Sonny Hewitt and James Taylor, all of Pampa; Amos Harris, Jr., and Glenn Harris, both of Kingsmill; Robert Carr Vincent, LeFors; Jack Carpenter, Pat Reeves and Kenneth Seales, all of McLean; and Jerry O'Neal, White Deer.

From Roberts county: Frank Parker, Charles Clark, Sam Ed Nelson, Billy Dan Graham, Wayne Greenhouse, Harold Greenhouse, Richard Cowan and Jim Bill Caldwell, all of 3400.

The above mentioned boys have been feeding livestock under the supervision of their county agents, J. P. Smith and L. E. Breeding, respectively.

School Officials In Texas Propose 12-Month Year

AUSTIN, Jan. 10.—(AP)—Consideration of a 12-month school year in the purchase of school supplies on a cooperative basis, and greater freedom in the choice of textbooks, were included in resolutions adopted by the 13th annual mid-winter conference of Texas school executives.

The conference, which closed here yesterday, paid express tribute to the 49th legislature for "increased financial support of public education as reflected in increased per capita school aid, appropriations for health and safety education, and to educational progress in the state."

The resolution relative to textbook choice provided that "the conference recommend legislation to enable the state board of education, with the assistance of the state department of education, to select books for all courses in Texas public schools, without the necessity of having the textbook specifically named in the statutes as to subject matter."

Other resolutions asked that schools "accelerate efforts to promote more effective education for the prevention of delinquency"; promote the use of frequency modulation radio; develop a plan for awarding credit to veterans for educational experience in the armed services; encourage resource-use education and give "serious consideration to the equitable distribution of war property."

Moldy corn infected with dry rot has been fed experimentally to pigs without ill effects.

PANCAKES 'N COFFEE Bracing autumn days call for energy-giving hot breakfasts. A favorite menu might include fruit, homemade griddle cakes and, of course, steaming hot coffee.

Mix the pancake batter first and then start the coffee brewing so that it will be done just at serving time. The finest beverage—one to send each member of the family off with a feeling of satisfaction—is made from vacuum-packed coffee. The rescalable lid of the vacuum coffee jar keeps all air away from the coffee and thus prevents staling.

Here are directions for making delicious homemade pancakes: Homemade Griddle Cakes (Makes 9)

1 1/2 cups all-purpose flour 1/2 teaspoon baking powder 1/2 teaspoon salt 1 tablespoon sugar 2 eggs 1 cup bottled milk 3 tablespoons melted shortening

Sift flour and measure. Add baking powder, salt and sugar. Sift again. Combine eggs, milk and melted shortening. Pour liquid mixture slowly into dry ingredients, stirring to make a smooth batter. Drop by spoonfuls on hot griddle and bake.

Telephone

(Continued from page 1) yesterday's original telephone walk-out. The men, members of the association of communications equipment workers, install Western Electric equipment for the Bell Telephone system. They struck yesterday in a wage dispute, and by the end of the day 776 installation projects in every state but Montana, Maine, New Hampshire and Vermont had been tied up, the Western Electric company said.

BEGINS TOMORROW

Union leaders immediately announced picketing would begin tomorrow, adding they had assurance other telephone workers would honor the lines. But the Mountain States federation of telephone workers declined yesterday to observe the picket lines. The federation represents virtually all employees of the Mountain States Telephone and Telegraph company, operating in Colorado, Arizona, Idaho, New Mexico, Montana, Utah, Wyoming.

SINUS, CATARRH SUFFERERS FIND CURE

FOR MISERY DUE TO NASAL CONGESTION Supply Rushed Here—Sufferers Rejoice Relief at last from the torture of sinus trouble, catarrh, and hay fever due to nasal congestion is seen today in reports of success with a formula which has the power to reduce nasal congestion. Men and women who suffered with agonizing sinus headaches, clogged nostrils, ringing ears, hawking and sneezing misery now tell of blessed relief after using it. KLOKONOL costs \$2.00, but considering results experienced by users, this is not expensive and amounts to only a few pennies per dose. KLOKONOL (caution, use only as directed) is sold with strict moneyback guarantee by BERRY'S PHARMACY—Mail Orders Filled

In the event the picket lines are honored by the National Federation of Telephone workers, with its 263,000 members, and other telephone unions, switchboard positions would be left unmanned and other vital telephone functions impaired, union leaders said, leading to a disruption of most of the country's telephone service.

The strike was the second within the Western Electric company in a week, some 17,000 manufacturing employees having walked out last Thursday in a wage dispute. Both the communications workers and the manufacturing employees are affiliated with the telephone federation.

The installation workers originally asked a weekly boost averaging \$6, but later modified their demands. U. S. Conciliator J. E. Mandelbaum following a long meeting with union and company representatives declared last night: "Some slight progress was made toward affecting a settlement."

Picketing by equipment workers in New York City will begin at 7 a.m. tomorrow, 24 hours earlier than previously expected, according to an announcement today by James C. Johnson, vice president of the union's local 96. He said the change in strategy was due partly to "pressure from affiliated groups to get our picket lines out fast."

In San Francisco, Western Electric workers were expected to begin picketing exchanges in the Bay area tomorrow. Union officials estimated that 17,000 communications workers in California and Nevada would be idle within a week.

GM Strike

(Continued from page 1) Monday, presumably to wait for the panel's report and to assess its possible effect on that union's and the corporation's position in bargaining.

Both sides seemed to agree that the board's findings would at least serve as the foundation for wage talks. The union's 175,000 members in GM plants left their jobs November 21.

The government turned its principal attention to the GM dispute, after beginning the U. S. Steel corporation and the CIO steelworkers together in a last minute attempt to head off a threatened industry-wide strike Monday.

The steel union and the nation's biggest steel producer agreed to collective bargaining conferences in New York, at the request of the President's fact-finding board.

No responsible government official would say for publication that the steel corporation had been given any assurance of a price boost, but company spokesmen have insisted there would be no bargaining on wages until the government disposed of requests for higher steel prices.

That led to the supposition that, at least unofficially: 1. The corporation expects an increase in steel prices ranging from \$2.50 to \$6 a ton—with a possible compromise on about \$4. 2. The 700,000 CIO-steelworkers, who are committed to strike for 82

days next Monday, expect a substantial offer from the corporation. Guesses on this range between 15 and 22 cents an hour. Officials spotlighted attention on the report of the President's other fact-finding panel—appointed to investigate the CIO-auto workers' demand for a 30 percent wage increase from General Motors. The three-man panel struggled to piece its report and recommendations on Mr. Truman's desk today, 50th day of the motor shutdown. Whether the document would be made public immediately was not clear. General Motors offered the 175,000 striking auto workers an increase of 15 1/2 percent.

Romania's Red

Hollywood is reported ga-ga over Lisette Veres, above, Romanian-redhead whose lavish display of jewelry—mostly huge emeralds—and exotic wardrobe are something super, even in the blasé film capital. A former European stage and screen star, she will make her bow in American films in the Marx Brothers' new "Night in Casablanca."

A day next Monday, expect a substantial offer from the corporation. Guesses on this range between 15 and 22 cents an hour. Officials spotlighted attention on the report of the President's other fact-finding panel—appointed to investigate the CIO-auto workers' demand for a 30 percent wage increase from General Motors.

The three-man panel struggled to piece its report and recommendations on Mr. Truman's desk today, 50th day of the motor shutdown. Whether the document would be made public immediately was not clear. General Motors offered the 175,000 striking auto workers an increase of 15 1/2 percent.

UNO Meet

(Continued from page one) was only the last of a series of warnings to mankind that, unless the powers of destruction could be controlled, immense ruin and almost annihilation would be the lot of most of the highly civilized portions of mankind. The British leader told the representatives of 51 nations assembled at ancient Westminster Palace.

Attlee said, "I welcome, therefore, the decision to remit the whole problem of control of atomic energy to a commission of the United Nations organization."

This decision was made at the pre-Christmas conference of the Big Three foreign ministers in Moscow. It calls for setting up an 11-man commission. But already King George VI had set the solemn tone of the session in a speech to the chief delegates at a glittering state dinner at St. James palace last night.

"It is in your hands," he said, "to make or mar the happiness of millions of your fellow men, and of millions yet unborn. "It is for you to lay the foundations of a new world, where such a conflict as that which brought our world to the verge of annihilation must never be repeated."

Preliminary estimates were that organizing might be completed in from three to four weeks. The assembly would then adjourn to reassemble later this year at permanent UNO headquarters in the United States.

Atomic energy controls furnished the chief pre-conference excitement here when Senator Vandenberg (R-Mich.) of the American delegation questioned whether the commission would have powers so broad that it might demand atomic bomb secrets from the United States. Byrnes issued a statement denying this, and Vandenberg said he was completely reassured that the secrets would be adequately safeguarded.

China Situation

(Continued from page one) ors and those found to have committed definite acts injurious to the republic, would be released. POINTS APPROVED Gen. Chou En-lai, No. 2 communist leader, approved the four points and said they were basic for achieving constitutional government.

Gen. George Marshall, special U. S. envoy to China, broke the deadlock in Chinese negotiations for a truce last night by visiting Generalissimo Chiang Kai-shek. Differences over wording of cease hostilities order were ironed out. It was believed that Chiang agreed to modify his previous insistence that the nationalists should occupy certain specified strategic areas in the Inner Mongolian provinces of Chahar and Jehol.

The "cease fire" order was issued after Gen. Chang Chun, government representative, and Gen. Chou En-lai of the communists, meeting with General Marshall, special U. S. envoy to China, reached an agreement in the surprise meeting, held nine hours ahead of schedule. Except for the transport of government troops into or within Manchuria to restore Chinese sovereignty, military commanders were ordered to halt all troop movements.

Announcement of the truce came as 38 delegates of China's various political factions gathered for today's opening of the Political Consultation Conference. Chiang opened the conference with an announcement of the truce. The generalissimo declared the government was ready to accept all decisions of the conference "if they are beneficial to national reconstruction, tend to promote popular welfare and can help in democratization of the country."

FPC Hearing on Applications for Pipeline Is Set

WASHINGTON, Jan. 10.—(AP)—With conflicting interests already apparent, the federal power commission will start taking testimony in Chicago Monday on applications for additional natural gas pipelines to serve the mid-west.

The first phase of a joint hearing was concluded here yesterday after presentation of opening statements.

Evidence is to be submitted at Chicago and later at Detroit. The biggest project involved is a \$70,000,000 pipeline that the Michigan-Wisconsin Pipeline company seeks authority to build from Texas gas fields to serve parts of Michigan, Wisconsin and Iowa.

It is to be considered at the Detroit hearing, but the company has intervened in applications of other companies to be heard at Chicago. These are the Natural Gas Pipeline company of America and its affiliate, Texas Natural Gas company, and the Chicago District Pipeline company.

Natural and its affiliate are requesting authority to construct additional loops and lateral lines costing \$17,347,946. Chicago district's applications involve expenditures of \$1,425,000 to construct two parallel lines in the Chicago area so that it can receive more gas from natural.

The hearing here brought out conflicting interests among the applicants as well as opposition to Michigan - Wisconsin's application by the Panhandle Eastern Pipeline and the Northern Natural Gas company.

Panhandle Eastern now supplies gas for the Michigan territory that the new company proposes to supply, while Northern Natural argued that the \$70,000,000 project would invade some of its Iowa markets. Groups opposing expanded natural gas facilities included the National Coal association, the United Mine Workers of America, Railroad Brotherhoods, Western Railroad and the Wisconsin Coal Bureau.

'Ike' Appeals for Unselfish Work

OTTAWA, Jan. 10.—(AP)—Gen. Dwight D. Eisenhower, under whom the western allies continued their fight to defeat Germany, appealed today for the same kind of unselfish international cooperation to maintain the peace and save the world from chaos.

Such cooperation, necessary to assure the success of the United Nations organization, can be achieved only if every nation realizes that its "win or survive" may be at stake, Eisenhower declared in a luncheon address broadcast to Canada and the United States.

"Nations that joined together to defeat ruthless enemies have even greater reason to remain united for the peaceful settlements of their differences lest new Hitler rise to throw the world into a chaos more awful than the shattered countries of Europe present today," he said. "That is what we squarely face."

It is up to the ordinary citizen, "however humble," to take part in this task, Eisenhower said. "Governments may wisely deal with the problems which rise in our concerted search for peace," he continued, "but in the end it will be the citizens of all countries who must outlaw war."

Killing

(Continued from page 1) girls. Although several clues collapsed during the last 24 hours, police still held for questioning today two janitors and hunted for a third they wanted to interrogate in connection with the kidnaping and killing-dissemination of the child. MAY BE RELEASED Under a ruling by a criminal court judge at a habeas corpus hearing yesterday, the two janitors, both of whom underwent so-called "lie detector" tests last night, will be released today unless they are charged.

Chief Justice Harold G. Ward ordered the men retained by police for another 24 hours after police Sergeant Jack Hanrahan and state's attorney's officials pleaded for more time to question the two janitors. Both were released in apartment buildings near the Degan home in the Edgewater beach district on the north side.

Hanrahan told Judge Ward. "In 24 hours we will know the answer." The immediate release of the two janitors, Hector Verburgh, 65, and Desere Smet, 35, and Verburgh's wife, Maty, 64, had been asked by their attorney, James A. Ricker.

The Chicago Tribune announced it would pay \$10,000 for information leading to the apprehension and conviction of the slayer. This brought to \$21,000 the rewards offered.

Verburgh has been in custody since late Tuesday after police said they found bits of human flesh, internal organs and blood in a laundry tub drain in the basement of an apartment building he tends. His wife also removed to detective headquarters while a few hours later police picked up Smet, who was described by police as Verburgh's close friend.

Both janitors have steadfastly professed their innocence throughout questioning. Hanrahan said the results of the "lie detector" tests for both men were inconclusive but an official interpretation of them would be given later.

Demobilization

(Continued from page one) the promise of a new demobilization program, increasing dissatisfaction with the entire situation was voiced on Capitol Hill by some lawmakers

returning for the opening session of congress next week. Senator George A. Wilson (R-Iowa) was of the opinion that both army and navy release programs are so sharded that only congressional action can get them untangled. He told reporters he will propose

that congress order the release by April 1 of all enlisted personnel except volunteers or draftees with less than a year's service. General Devers voiced his concern about the demobilization picture last night in an address at Colorado Springs, Colo. He said the job

of occupation required "a large number of men." The possibility of uprisings, due to food shortages, made this winter a critical time in both Europe and the Pacific, he contended. Read Classified Ads in the News

1 1/2 Million* Car-Owners Can't Be Wrong. Riverside Tires Didn't Come on Their Cars!... Riversides were Chosen! 1 1/2 million car owners are today riding on Riverside tires. Tax Question Is Answered For Veterans

By JAMES MARLOW

WASHINGTON, Jan. 10.—(AP)—Veterans and servicemen are asking questions now that the January 15 and March 15 tax deadlines are approaching. Here are points to remember.

They won't have to do anything about January 15 unless they had taxable civilian income in 1945 from which no tax was withheld or unless they were making quarterly tax payments on that civilian income. Final payment is due January 15.

On March 15 all civilians, veterans or servicemen who had taxable civilian income in 1945 will have to make a final tax return, even though full tax was withheld from it during the year.

If you have doubts about taxes, or what you should do or how to do it, see your nearest internal revenue collector. There's one in your district.

The rest of this story deals with tax on service pay.

There's no federal tax on mustering out pay, pensions, disability retirement pay, gratuity pay, war risk insurance proceeds, or on veterans' allowances for education or vocational rehabilitation.

An enlisted man, or one who was an enlisted man, does not have to file any return on his service pay—or pay any tax on it—for service between Jan. 1, 1941 and the official end of the war. It isn't officially ended yet.

Note that: There's no tax on an enlisted man's active service pay during that period. But if he had income on at least \$500 from other sources in 1945 he'll have to pay a tax on it, if it hasn't already been taxed.

But suppose that sometime between Jan. 1, 1941, and now an enlisted man has paid a federal tax on his active service pay. Is he entitled to a refund? Yes. He should file a claim.

But suppose an enlisted man had other income besides his service pay any time during those years. Does he have to file a return to pay a tax? Yes, if it amounted to enough to be taxable.

His total non-service income would have to be \$500 or more before he'd have to report it or pay a tax on it for 1944 or subsequent years.

What of the active service pay received by a commissioned officer during the war period?

His first \$1,500 of active strength pay each year—for the years after 1942 and before the official end of the year—is tax-free. It should not be included when figuring total income.

In addition, of course, the commissioned officer is entitled to the personal exemptions, credits and allowable deductions provided by law.

For example: Army Captain Jones, unmarried, no dependents in 1945 received \$2,800 in active service pay. He drops \$1,500 out of that right away as being tax free. That leaves him \$1,300 to figure with. But then he deducts \$500 as his personal exemptions which all taxpayers get. That leaves him \$800 on which to pay tax. But he can deduct for charitable contributions and things like that although he'll have to show where the money went.

And this is a very important point for a commissioned officer to remember.

If he does have to pay a tax on his active service pay received as a commissioned officer for any year after Dec. 31, 1939, and before Jan. 1, 1947, the time for paying can extend three years by paying equal installments every three months for 36 months.

OPA and Price Proposal Clash

WASHINGTON, Jan. 10.—(AP)—Officially advanced proposals for higher butter and meat prices collided today with government efforts to hold the line on food costs.

The butter hike—18 cents a pound by May 1—was reported to have been recommended by secretary of agriculture Anderson.

Anderson previously spoke out in favor of higher ceiling prices on meats in an effort to avert next Wednesday's scheduled strike in the meat packing industry.

Behind these pressures on the government's hold-the-line policy is a demand for all kinds of food much stronger than many officials had anticipated. Agriculture department economists attribute the demand to continuing shortages of such non-food goods as autos, radios and the like.

One result of these pressures may be to force the administration to continue its \$1,785,000,000-a-year food subsidy program beyond June 30.

Some government officials have predicted privately that President Truman will recommend that congress extend authority for the subsidy program until the end of 1946.

Meat packers already are being paid subsidies to permit them to operate without loss at present price ceilings.

Quit robbing the soil.

Death Toll from Flood Reaches 22

Flood waters raging at the highest levels ever recorded in some sections of the South have brought death to at least 22 persons, caused multi-million dollar property damage, and left thousands homeless.

Leaves From a Correspondent's War Notebook

By HAL BOYLE

MANILA, Jan. 10.—(AP)—Shanty-town settlements are scattered throughout Manila and one of the most unusual lies in an ancient Chinese cemetery.

These squatters among the dead are homeless Filipinos who have built rude bamboo and palm thatched shelters between costly Chinese tombs.

With no superstitious awe of hidden bones that lie around them, barefoot Filipino children shriek and play in this strange playground while their mothers cook the evening meal, thoughtless of other wives exposing silently under the tombs whenever a wayfarer in the cemetery passes near the bamboo huts.

It is an eerie community, but here is no rent to pay. Some squatters actually make money here. They are paid to trim memorial trees and grass lawns on the tombs of wealthy Chinese.

Manila has a large Chinese population and it has a large and ornate cemetery.

It is a wilderness of stone figures and colorful designs. Many of the tombs are beautiful and elaborate and look more like open houses than graves.

The Chinese bury their dead with more ceremony and expense than is usual in most lands.

No matter how he may have to scrimp to live, the poorest Chinese likes to go to his gods in all of the style and greatness his purse and that of his family can afford.

Chinese Buddhists are interred in colorful temple style tombs that cost thousands of dollars. Their happy, fat bellied gods laughs from tiled roofs, beneath which are emblazoned hundreds of small figures in trizees of intricate carving and rainbow hues.

Christian Chinese are buried under great stone or plaster slabs surmounted by stone angels or crosses. Many of these tombs are two room. One for the living. The room containing the departed often has his picture, a custom followed by some European peoples, notably the French and Italian. The outer room is furnished with a stone table and chairs. Here on holidays relatives come and eat great meals and keep the missing one company. Departing, they leave numerous tissue paper prayers held on the tomb by small rocks.

During burial services, family and friends lay gifts of food on the tomb so the dead one won't go hungry to heaven. After a period of prayer, they eat the food and listen to music. Gay music.

Recently, two widows of one rich Chinese met unexpectedly at his tomb of a holiday. Instead of a memorial picnic, there was an old fashioned hair pulling. They had argued over his will.

Adjoining Catholic and Protestant cemeteries hold the same romantic fascination for young lovers as do graveyards in the United States at night.

Two young Filipino boys with guitars have set up in business in one cemetery. They sit on a tomb and serenade a parked couple until they are paid to go and sit on another tomb farther away.

Texan Will Join in Discussing Ceilings

WACO, Tex., Jan. 10.—(AP)—J. Walter Hammond, president of the Texas Farm Bureau federation, has joined the ranks of farm bureau officials who will go to Washington next week to discuss with government officials the problem of administering a price ceiling on raw cotton.

Hammond, in announcing yesterday that he would go to Washington, criticized the proposed ceiling, he said.

"The price of raw cotton, whether the farmer receives double the price or gives it away, will not materially affect the price the consumer pays for cotton goods."

Wheeler Agent Has Job in Childress-County

SHAMROCK, Jan. 10.—Miss Amy Sue Beckett has opened her offices in the court house in Childress and began her duties as county home demonstration agent of Childress county.

Miss Beckett, who recently resigned her position as assistant home demonstration agent in Wheeler county, succeeded Miss Frances Wilroy. Miss Wilroy is now an employee of the American Red Cross.

Dreams of Nylons Fade From Minds Of Texas Women

By JACK RUTLEDGE Associated Press Staff

A week ago Texas women were dreaming happily about nylons.

Today, they've been jarred out of this pleasant state of mind by the stark realization that suddenly, for some reason, there are practically no hose of any type for sale. Much less nylons!

No hose—and right in the middle of a cold wave and the winter social season.

Dallas is almost out of hose of any material, rayon, cotton, nylon, silk.

A few nylons are available at the large department stores, but they go to nylon club members and charge accounts. The cash customers wave greenbacks in vain.

Houston women go from counter to counter looking for hose, but no hose can be found in most cases. A few stores offered—get this—white cotton stockings.

A few orders have come in since Christmas but they were gobbled up immediately.

Lubbock was virtually out of hose, no store having some cotton mesh. No rayon was on sale, and absolutely no nylon.

Two Abilene stores have 42 gauge hose, but said the shortage was the most acute since the war started. Except for a few boxes of mesh hose, Kilgore stores were sold-out. One had nylon, but it was not for public sale.

Wichita Falls said the situation was bad there, but no better or worse than in recent months. Port Arthur said stocks there were almost non-existent since before Christmas. The meager supply coming in was being bought by clerks.

An extreme shortage was reported in Austin, too.

What's causing it? No one knows for sure. One Houston store manager said she thought new shipments were being held up until after inventories were completed.

A buyer in Austin had a logical explanation: Mills are converting from rayon to nylon. The mechanical side of conversion naturally means a holdup of production. Since rayons will have less demand when nylons are available at comparable prices, most plants are converting to nylons, this buyer said. Hence the shortage.

No one knows the reason, but one fact is sure: The barefoot boy is going to be joined by a lot of barefoot girls in Texas soon.

Infection From Rabbit Possible

AUSTIN — During the winter months hunting rabbits is a popular sport and a wild rabbit makes a very fine food, but according to the state health department, extreme care should be used in the handling of wild rabbits to prevent a possible infection with tularemia.

"Those little cottontail rabbits are not always as harmless as they look," states Dr. Geo. W. Cox, state health officer, "for some of them are infected with tularemia. This serious disease which is also known as rabbit fever usually is acquired by human beings through contact with infected rabbits or through contact with the infected insect that spreads it from animal to animal."

Dr. Cox cautioned that hunters should shoot only the rabbits that run away at his approach. A rabbit without the energy to scamper away from the hunter is likely to be a sick one that can transmit tularemia.

"It is necessary to handle uncooked rabbit meat cautiously," Dr. Cox said. "The use of rubber gloves will protect your hands since the germs may enter the body through a cut or scratch however small if an infected rabbit is handled without gloves."

As a further safeguard, Dr. Cox said, rabbit meat should be cooked very thoroughly so as to destroy any disease producing germs that may be present. This means that it would be cooked at a boiling temperature for at least 30 minutes before cooking it to your individual taste.

Texas Today

By JACK RUTLEDGE AP Staff Writer

Tommy Thomas of Marshall was discharged from the army Dec. 28. It broke a record of his.

He wanted to be discharged on the 13th of the month—any month—and keep a curious chain of events intact.

Before going overseas he was appointed leader of a 13-man squad on Nov. 13. He received his corporal's rating on a Friday the 13th.

and was made staff sergeant on April 13, 1942.

From Leyte, where he was wounded in action, Thomas was sent to Okinawa where he was again wounded and returned to the United States on April 13. He was placed in ward 13.

He called his parents on Mother's Day, May 13. He was overseas nine months and 13 days. His home address is 1300 E. Bowie.

But he was discharged from the army Dec. 28. It upset things.

Speaking of dates, someone on the Paris News has it all figured out that holidays are going to be pretty nice in 1946.

Seven of them will be double holidays. That is, they will fall either on a Saturday or a Monday, giving the hot polloi two days off.

"Of the twelve legal holidays in Texas during 1946," says the News, "three will fall on Saturdays, three on Mondays, and one on Sunday, making seven double holidays for bank employes and others who receive all legal holidays."

The year started off with a triple holiday because New Year's day fell on Tuesday. Remember? Not counting that, we still have

seven double-holidays for the lucky who observe strictly legal holidays.

They are: Jan. 19, Robert E. Lee's birthday, which falls on Saturday; March 2, Texas Independence Day, Saturday; April 21, San Jacinto Day, Sunday (which usually means Monday off); June 3, Jefferson Davis' birthday, Monday; Labor Day, First Monday in September; Oct. 12, Columbus Day, Saturday; and Nov. 11, Armistice Day, Saturday.

The other big holidays are scattered through the week—Fourth of July on Thursday, Thanksgiving on Thursday, Christmas on Wednesday, Washington's birthday on Friday.

Shoot Exhibitionist Retires at Age 56

SAN ANTONIO, Jan. 10.—(AP)—Adolph P. Toepfer, unchallenged holder of the greatest shooting record ever made at aerial targets, has retired after 56 years of professional exhibition shooting. His greatest feat was performed here in 1906. In 12 days he missed only nine of 72,500 targets. Toepfer toured the country with his equally famous wife, who died two years ago, and one of his most popular treats was to draw pictures with bullets.

Men Overseas Fear There Are New 'Jobs' Planned for Them

By HAL BOYLE
 MANILA, Jan. 10.—(P)—Behind mass rallies staged here by soldiers to protest the slowing of the demobilization rate lies a suspicion among some troops that they will be used for new American "adventures in intervention" in the Far East.

This feeling was heightened with a disclosure last week that the 86th Infantry division would be given renewed combat training.

Although this measure would appear necessary from purely a military standpoint—trained troops are needed to quell any disorder that may arise in troubled areas occupied by American troops—many soldiers voiced concern. They fear they may be used to intervene in postwar Pacific squabbles in which they have no personal interest—such as China's civil strife. Many feel also that should violence break out among factional elements in the Philippines, the American army shouldn't be used to put down rebellions.

"Of course, they tell us officially that we will be used to safeguard American property," said one soldier who has one point less than the number required to send him home to his wife and two children. "But I feel that it isn't worth one of our boy's lives to save anything we have here."

The position of army commanders, however, is clear. They must have battle ready troops to undertake any assignment America's foreign policy requires. Unfortunately in such matters, the extent of such assignments isn't clear because foreign policies are expressed through diplomats who, by the nature of their tasks, speak vaguely rather than directly.

Their demonstrations against the

A. T. Mercier Is Re-Named to Post

HOUSTON, Jan. 10.—(P)—A. T. Mercier, president of Southern Pacific railway company, was re-elected president of the Texas and New Orleans railroad company at a meeting of the board of directors held Tuesday in Houston. This marks the third year that he has been elected as president.

Other officers elected for the ensuing year were E. A. Craft, executive vice-president; R. W. Barnes, vice president; G. B. Herbert, secretary and auditor; J. C. Gainey, treasurer.

Craft was also re-elected president of the Southern Pacific transport company, president of the Rio Bravo oil company, and president of the Texas town oil company.

"Woodman, spare that tree."

THE OLD JUDGE SAYS...

ART: "Saw you at the movies last night, Judge. That was quite a weekend that alcoholic went through, wasn't it?"

OLD JUDGE: "Sure was, but I'm afraid most people won't really understand it."

ART: "What do you mean, Judge?"

OLD JUDGE: "Simply this... that poor chap was really a sick man... not just a drunk. Studies by famous psychiatrists and the medical profession show that alcoholism is not caused by a craving for alcohol... it is usually the result of some deep-rooted social, physical or emotional condition. If that fel-

low had not turned to alcohol for escape, he would have turned to something else."

ART: "Are there many that get in that condition, Judge?"

OLD JUDGE: "Fortunately not, Art. Scientists at a great university have stated that approximately 95% of the people who drink do so sensibly. Only 5% are immoderate at times. In that 5% is the small number known as alcoholics. And the beverage distilling industry which does not want a single person to use its product immoderately, is cooperating fully in the solution of this problem."

This advertisement sponsored by Conference of Alcoholic Beverage Industries, Inc.

Further Research Is Needed in Poisons

AUSTIN, Jan. 10.—(P)—V. M. Ehlers, state sanitary engineer, told the sanitary engineering and public health council of Texas meeting at the University of Texas that a vital need exists for further research in poisons, rat-proofing, trapping and fumigants.

Dr. J. B. Irons of the state health department said during rat-infected buildings with DDT and using new 1080 poisoning a week later has proved most effective in eradicating rats.

Dean O. V. Adams of Texas Tech was elected vice president of the council. V. M. Ehlers and Dr. J. K. G. Silvey of North Texas State Teachers college were elected council members and representatives of the membership at large.

Market Briefs

WALL STREET STOCK MARKET
 NEW YORK, Jan. 9.—(P)—Stocks paced a general advance of fractions to around 4 points in today's active stock market dealings.

Volume approximated 3,000,000 shares against 2,160,000 yesterday.

Higher near the close were U. S. Steel, Chrysler, U. S. Rubber, Montgomery Ward, International Harvester, Caterpillar, American Telephone, Anaconda, American Smelting, American Can, Du Pont, Eastman Kodak, Santa Fe, N. Y. Central and Standard Oil (N. Y.). Bellflower Street touched a new 1945-46 top.

Rails led a rising bond market.

Sept.	1.75 1/2	1.75 1/2	1.75 1/2	1.75 1/2
Dec.	1.74 1/2	1.74 1/2	1.74 1/2	1.74 1/2

Special Courses Set for Latins

AUSTIN, Jan. 10.—(P)—Special courses for a group of 10 Latin American school teachers being sent to the United States by their governments will be offered at the University of Texas for six weeks, beginning Feb. 4.

Ralph B. Long, assistant professor of educational psychology, said courses will be offered in English, American history and literature.

The program is sponsored by the United States state department and the office of education. Two similar teaching programs have been conducted at the university in the past, with teachers coming from Paraguay, Chile, Ecuador, Venezuela, Columbia, Panama, Costa Rica, Salvador, Nicaragua and Mexico.

Dr. W. L. Campbell

Wishes to announce that he has opened his dental office in Room 504, Combs-Worley Building.

ATTENTION! DISCHARGED ARMY VETERANS

You may still be able to enlist in the Regular Army and retain your grade at time of discharge, and also receive a generous enlistment bonus, regardless of the fact that your discharge may be more than 20 days old, if you meet the following requirements:

- Honorably discharged from the U. S. Army.
- Physically eligible for enlistment.

You may do this through the Enlisted Reserve Corps provided you act promptly as follows:

- If now in the ERC, you initiate request for a call to active duty within 83 days from date of discharge and before 24 January 1946.
- If not presently in the ERC, you apply for enlistment in the ERC within 81 days from date of discharge and before 22 January 1946, and upon acceptance immediately initiate a request for a call to active duty.

If these time limits are met, and upon arrival at the Reception Center, you immediately request discharge for the purpose of enlistment in the Regular Army, you will have been enlisted by 31 January 1946 and will retain your grade and be eligible for the enlistment bonus. You will not be qualified for a reenlistment furlough.

If you are presently in the ERC you may retain your grade regardless of length of time since discharge, provided you initiate request for active duty before 24 January 1946, however unless enlistment is accomplished within 90 days from discharge you will not receive the bonus.

For necessary forms and further information, see the nearest U. S. Army Recruiting Station at the address below.

Act promptly.
