BOLD FLEET POUNDS JAPS

Chinese Said Fighting in Indo-China

General Chennault Resigns Air Post

(By the Associated Press)

Chungking advices indicated today that Chinese forces were battling the Japanese in French Indo-China, while the Chinese high command acknowledged that enemy troops had broken 35 and 50 miles through Chinese coastal defenses below Amoy and west of Hong-Kong.

Meanwhile, it was announced that Maj. Gen. Claire L. Chennault, precision flier and commander of the famous U. S. 14th airforce in China, has resigned his post and will re-tire from the navy.

Non-Fraternizing Policy Lift Is Greeted Warmly

SCHERSTEIN, Germany, July 14 (AP)—Gen. Eisenhower's relaxation of the non-fraternization rule met with the warm approval of doughboys today. They declared frankly that the rule never had been enforceable and had been violated ever since it was put into effect.

"The order was being violated right and left," said Corp. Seymour Friedman, of Chicago, "and it was high time the army came to the decision to make changes."

There was a noticeable excitement among German girls as the news spread quickly through this town on the Rhine. They had many smiles for the soldiers. Their attitude was summed up by buxom, 22-year-old Hedy Bauer, who said: "Now we can be decent and walk around in daylight to talk to Americans. We won't have to sneak around to see the boys and always be afraid of the military police. This is better, although I don't see where there will be any real difference since American soldiers have been promenading with frauleins since the day they arrived."

One doughboy, however, whose (See NON-FRATERNIZING, Page 6)

Butter Ration Value Is Cut Eight Points

WASHINGTON, July 14 (AP)—The OPA tonight ordered a cut of 8 points a pound in the ration value for butter, effective at 12:01 a. m., Sunday.

The reduction from the current 24 red points a pound to 16 applies to creamery butter. Farm or country butter will remain at 12 points.

OPA added that the increase in the civilian supply resulting from a cut in military requirements will amount to about 10,000,000 pounds during August.

Bear wheel aligning service, day or night service by appointment, Pampa Safety Lane, 417 S. Cuyler, Ph. 101. (Adv.)

The Japanese twin drives were seen as possible efforts to throw up an anti-invasion wall along China's vulnerable southeast coast. Chinese regulars, however, have thrown all their available strength against Japanese marine landing parties southwest of Amoy and have mowed down 3,000 enemy troops, a communique said.

While the Japanese beat out gains along the coast, Chinese forces of the interior battled near to the lost American air base of Kweilin in Kwangsi province and continued street fighting in the former airdrome city of Kanchien, 200 miles north of Hong Kong.

Boyce House Talk Will Be Broadcast

As a special public service feature, Radio Station KPDN will carry a broadcast of the Boyce House address, from the quarterly meeting of the Pampa Chamber of Commerce in the First Methodist church basement.

The broadcast will start at 12:45 tomorrow.

Boyce House is known statewide for his column which is carried by more than 200 newspapers and his weekly radio program over the Texas Quality Network each Sunday. This is his first trip to Pampa.

This morning, Radio Station KPDN presents a special interview with Cpl. Roy B. Slagel. The interview is recorded somewhere overseas in Europe.

Cpl. Slagel's home is at 1010 N. Duncan street, here in Pampa. This will be the first time in 20 months that his wife, Mrs. Slagel, has heard her husband's voice.

Cpl. Slagel is with the 75th station complement squadron somewhere in Europe. He has won two battle stars in his 20 months overseas.

MIGHTY U. S. FLEET SHELLS JAPANESE SHORES

Outstripping our most optimistic expectations at this stage of the Pacific war, a U. S. navy force—comprising battleships, cruisers and destroyers—Saturday (Tok-

yo time) steamed to within short range of the Jap homeland and touched off great fires and explosions in a two-hour raid on steel mills at Kamashi, on the northeast coast of the main island of

Hunshu, just 275 miles from Tokyo. Pictured above is one of the world's great battleships, the USS Iowa, shown as she fired in support of a recent Pacific landing. It is possible that this ship

took part in the raid, since it has been officially reported in that general area supporting various operations. (For further details, read the sensational story on this page.)

Elimination of Subsidies Probed

WASHINGTON, July 14 (AP)—The administration is working on plans for shifting \$1,500,000 in food costs to consumer pocketbooks next year, eliminating subsidies.

The objective is to ease adjustment of farm prices to postwar conditions and to reduce government expenditures.

The subsidies involved are largely those which the government established to prevent increases in consumer ceiling prices on important food items while at the same time providing greater incentive for farm production, and the so-called "roll back" subsidies set up in 1943 when prices of some foods were reduced 10 per cent.

The plan calls for increases in ceiling prices of the affected foods to replace the subsidies.

Secretary of Agriculture Anderson is leading inter-agency discussions on the plan. Friends say he believes it could be accompanied by an upward adjustment in industrial wages, now controlled under the "Little Steel" formula, without adding any new inflationary threat.

Five-One Garage, 600 S. Cuyler, Phone 51. (Adv.)

Mitscher Named To Succeed Adm. Fitch

WASHINGTON, July 14 (AP)—The Navy today shifted commands in its carrier-borne air arm in the Pacific in apparent preparation for the show-down of the war against Japan.

Secretary Forrestal disclosed the changes.

Rear Admiral Frederick C. Sherman, now commander of a carrier division, was named to succeed Vice-Admiral Marc A. Mitscher as commander of the first carrier task force.

Vice Admiral John H. Towers, now deputy commander in chief of the Pacific fleet, was named to succeed Vice Admiral John S. McCain, commander of the Second carrier task force.

Mitscher, who with Adm. William F. Halsey developed the present fast carrier task force which wields a flexible fleet of 1,500 planes, returns to Washington as deputy chief of naval operations for air.

No announcement was made of Vice-Adm. McCain's new assignment.

These changes led a list of 20

major shifts among flag rank officers which Forrestal said would become effective at varying dates within 30 days. The changes were not a "shakeup," Forrestal said, but were normal shifts which occur periodically. He said no changes were in contemplation for the higher combat commands. However, he added, any such change in the future might be dictated by the "physical limitations" of the men involved.

While no announcement was made, Vice Adm. Mitscher's new assignment is expected to carry with it the rank of a full admiral, and Rear Admiral Sherman is expected to be elevated to vice admiral.

Rear Adm. Sherman, one of the navy's toughest and ablest flying admirals has been in command of a carrier task group within the

Borger Woman Given 15 Years

FORGER, July 14 (AP)—For the second time in the history of Hutchinson county, a woman last week was convicted of the charge of murder, according to court records.

The case was that of Mrs. Ruth Martin, who was charged with the murder of Mrs. Jack Merrick Littlechief on May 12. The jurors, after deliberating Wednesday about two and a half hours, sentenced Mrs. Martin to 15 years in the state penitentiary.

City Patrolman "Buck" Richardson and J. C. Badgett answered a call to a residence Saturday, May 12, where Mrs. Littlechief's body was found.

Sheriff Dale Lane, who made a thorough investigation following the affair, said Mrs. Littlechief was stabbed several times. A wound on her left arm near the elbow was the cause of death.

FRESH!
SIOUX FALLS, S. D., July 14 (AP)—A woman telephoned police that a prowler was surveying her house with considerable attention. A detail responded to the call.

It was the landlord sizing up the house for a paint job.

Carrier Planes Also Ravage Honshu

GUAM, Sunday, July 15 (AP)—Close-in bombardment of Northern Japan by heavy guns of the powerful U. S. Third fleet continued "in strength" into its second day today, Adm. Chester W. Nimitz announced, while carrier planes also for the second day ravaged Northern Honshu and Hokkaido.

Fires started in the steel city of Kamashi by yesterday's shelling raged on today and expanded to the harbor.

"Heavy surface units and fleet aircraft are engaged," the Nimitz communique related.

Preliminary and incomplete reports showed that despite bad weather yesterday's carrier strikes destroyed 24 grounded Japanese planes and damaged 62, sank 15 ships—including two railroad ferries and a destroyer—and damaged 24 other ships, including a train ferry and 10 medium tankers or cargo ships.

Twenty-seven locomotives were destroyed in the airmen's savage smashes at Southern Hokkaido, mainly at the Japanese "refuge port" of Hakodate, where dock and rail facilities were heavily damaged.

"No opposition to our forces was reported," Admiral Nimitz said. "A single enemy plane was shot

(See BOLD FLEET, Page 6)

Outcome May Not Be Known For Long Time

By DANIEL DE LUCE
POTSDAM, July 14 (AP)—Here in an idyllic woodland setting still strewn with the wreckage of the German army are Versailles of 1919 and Teheran of 1943 rolled into one, with agonized Europe and Asia alike looking to it for help.

From Moscow, London and Washington have come forecasts of what gordian-knotted problems will be laid upon the Big Three conference table next week before Russian and English speaking statesmen.

With Europe's chaotic peace and Asia's still fiercely raging warfare inextricably linked, it is obvious that the Soviet Union now stands toward Japan in many respects similar to the way the United States stood toward Germany in the months preceding Pearl Harbor.

That is why the most important news of all may not be known until the Potsdam conference for a considerable time to come.

President Truman was scheduled (See BIG THREE Page 6)

Pampa Police Force Is Complete Again

With the addition of another patrolman, Dewey Martin, Pampa's police force is complete, Chief Louie Allen said yesterday.

Martin, a resident of the Panhandle for over 30 years, joined the department Friday as radio patrolman. He has resided in Lakeview, Hall county, for the past several years, where he was connected with the county government in various capacities.

The complete force lists seven patrolmen, three desk sergeants, a police judge and the chief.

The department operates two 2-way radio equipped cars, a 1942 Dodge, a 1942 Plymouth, and a three-wheeled traffic motorcycle.

Members of the department are Patrolmen J. O. Dumas, Ernest Winborne, Jim Conner, Harry Hubbard, J. R. Manning, Dwight Day and Martin, Desk Sergeants A. L. Jones, Paul Hill and Mrs. Marion Parks, Police Judge C. H. Walker and Chief Allen.

Italy Declares War On Former Partner

ROME, July 14 (AP)—The foreign ministry announced tonight that Italy had declared war on her former axis partner of Japan, effective tomorrow.

The war declaration, a communique said, was "another proof on the eve of the Potsdam (Big Three) conference of Italy's resolute will to fight regimes of aggression and militarist imperialism—wherever they might be."

Declaring that Italian national interests were not directly concerned in the far east, the government said that Italy nevertheless would contribute to the war in the Pacific with the "same courage and sacrifice" with which she fought the Germans and fascists for nearly two years after her surrender to the allies.

OPA Begins Campaign On Frozen Food Lockers in Five States

The OPA begins tomorrow a campaign to make available to the public the meat which it believes is held illegally in the frozen food lockers of five southwestern states.

Seventy trained investigators have been assigned to the task.

Instructions to these agents declare that there has been a great increase in locker plants since these locker patrons are getting more than their fair share of the meat.

"This program is solely for the purpose of correcting such a condition and forcing such meat back

into channels where it will be available to those who have valid ration currency and have been unable to buy meat."

A preliminary inquiry was started in Kansas several weeks ago to determine the best procedure to use over the remainder of the region—Texas, Missouri, Louisiana, Arkansas and Oklahoma.

Already 100,450 pounds of illegal meat have been found in 7,800 Kansas lockers and owners have surrendered 500,000 points. Hundreds of additional points are coming in daily as the inquiry progresses, says

Harry Hall, regional enforcement attorney, of Dallas.

Court action is contemplated against a few Kansas locker operators who refused to permit inspection of their records, he added.

The investigators will go into lockers of individuals only in rare cases, according to Lester Boone, region food enforcement attorney, of Dallas.

"Existing records maintained by plant operators in compliance with OPA regulations will furnish us with almost all the information we will need," he continued.

The next step will be inter-

viewing by the agents of locker renters who are found to have large quantities of meat on hand.

"We will want to talk to a large percentage of renters who we find have ample supplies of meat, especially those who live in the city and are most likely to be in illegal possession of meat," say the instructions to the investigators.

Such persons will be sent a form letter by registered mail, asking that they appear before their local price and rationing board for the interview.

"Those who do not report in answer to the letter should be con-

tacted and the investigation completed. Those who fail to answer questions and will not make a statement should be referred to the food attorney and set up for a most rigid investigation of their transactions.

"We will find, however, that most people will co-operate and give us a statement concerning meat in their lockers."

The investigators are provided with a list of questions, including the source of the meat, conditions under which it was slaughtered and how many persons in the family consume the meat.

Boats and motors for sale or trade. Will buy your boat or motor. Bert Howell, Lake McClellan. (Adv.)

Services Held for Shamrock Woman

SHAMROCK, July 14—Mrs. Dicy Haynes, pioneer resident of Wheeler county died at the home of her daughter, Mrs. Edith Long, in Graham last Tuesday afternoon at 4.

Funeral services were conducted Friday afternoon with Rev. Murrey W. Wilson officiating. Burial was in the Texola, Oklahoma cemetery by the side of her husband who died eight years ago.

Mrs. Haynes, who was a member of the Church of Christ, had been in ill health about three months. Survivors include two sons, R. E. Haynes of Borger and W. C. Haynes of Temple and the daughter, Mrs. Long with whom she was visiting.

Other survivors include four grandchildren four sisters and one brother.

The cultivation of abaca, the source of hemp, was not started in the western hemisphere until 1925.

Shamrock Banks Show Increase in Deposits

SHAMROCK, July 14—An all-time record for deposits in the two Shamrock banks has been reached. Eighteen months ago, at the close of business in December, 1943, deposits were the highest on record and they have continued to increase and are now \$1,000,000, greater than at any time.

Wheeler County Obtains Paving

SHAMROCK, July 14—A 22 mile strip of hard-surfaced roads, the largest project to be brought here since highway 83 was paved, will be paved in Wheeler county, Judge G. W. Hefley announced this week.

The roads were agreed upon several weeks ago, but the paving became definite last Monday when an agreement between the Wheeler county commissioner's court and Texas highway department was signed.

"The farm-to-market strip road will run from Taitty through center to two miles north of Kelton, connecting highway 83 and 152," Hefley said.

According to the agreement signed Monday, commissioners will obtain the right-of-way and remove obstacles. The state will then take over the roads and maintain them.

Fire Reported

A truck which caught on fire Saturday afternoon on the Borger highway was extinguished by the local fire department in a few minutes according to Fire Chief Ben White, who reported no damage resulted.

Pampa's City Bus Line Now Entering the Final Stages

With the exact starting data yet undisclosed, Pampa's city bus line is practically a reality with the announcement that Ed Webster, operator of the Borger city bus line, is to be granted a franchise.

Webster applied to the city commission in May for permission to operate two city buses here, one to traverse north and south and the other to travel a general east and west route.

In his first conference with the commission, Webster said that the initial fare on his line would be ten cents, but a twenty-ride ticket could be obtained for \$1.25, thus making each ride cost about 6 1/4 cents.

Webster said that his buses would run only on paved or oiled streets but that the service would be expanded as conditions permitted.

Full approval of the bus line by the city commission has been received and Webster is now attempting to locate a suitable building to be used as a garage.

Webster operates seven buses in the city of Borger. More are needed in that city because the line also serves Phillips, three miles east of Borger.

The two bus routes for Pampa proposed by Webster were submitted as follows:

Beginning at the corner of Cuyler and Foster, going north on Cuyler to Georgia, east one block to Christine, north to Harvester, west to Charles, south to Cook, west to Gray, south on Gray to Francis, east on Francis to Cuyler, south on Cuyler to Barnes north on Barnes to Frederick, east on Frederick to Pitts street, west on Frederick to Brown and west on Brown to Cuyler and north on Cuyler to the intersection of Cuyler and Foster streets.

Beginning at the corner of Cuyler and Foster, going north on Cuyler to Browning, east on Browning to Magnolia, south on Magnolia to Francis, west on Francis to Wynne, south on Wynne to Kingsmill, west on Kingsmill to Ballard, south on Ballard to Foster, west on Foster to Cuyler, north on Cuyler to Francis, west on Francis to Alcock, west on Alcock to Doyle, east on Alcock to Hobart, south on Hobart to Foster then east on Foster to the corner of Cuyler and Foster streets.

Pampans Attend Borger Meeting

Ed Weis, president of the local Kiwanis club, was toastmaster at the charter night banquet for the new Kiwanian chapter in Borger Friday night.

Approximately 20 Kiwanians and their wives from Pampa attended the banquet at the Bunavista cafeteria.

The presentation of the charter was made by A. C. "Gus" Keeninger, Lt. Governor of the Texas and Oklahoma district. A. W. Nelson, president of the Borger club accepted the charter.

The address was made by Rev. Leon Hill who is an active member of the San Jacinto Kiwanis club.

At the Friday Kiwanis luncheon in Pampa, Ed Weis, president, said the men who organized the Borger chapter should be congratulated for the fine work they have achieved.

Entertainment for the Friday luncheon was furnished by Lt. Ed Atkins from PAAE who sang two musical numbers. He was accompanied by Mrs. Virgil Mott.

Dr. Douglas Nelson, minister of the Presbyterian church, who has distinguished himself as a speaker, addressed the club. He spoke on various views and results of the San Francisco conference.

T. D. Wright introduced the following guests: Jimmy McCaine, E. F. Tepe, Earl Gray, Dr. Nelson and Miss Jean Paxon, who will be the guest pianist each week.

Approximately 121 million pounds or 60,500 tons of vegetables were produced from the 226,000 wartime gardens of Canada in 1944.

Local Boy Receives National Recognition

John Robert Lane, 1945 graduate of Pampa High School, has won national recognition for his poem, "Imposters" which was recently printed in the annual anthology of high school poetry.

John Robert received a letter last week from the poetry society of America in which he was complimented for his poem.

Permission has been granted the board of judges by the national high school association, to print "Imposters" in the National Poetry Anthology.

The anthology is compiled of the finest poetry written by the youth of America and every state is represented. The selections were made from thousands of poems written in 1944-45.

Pampa Cleaners Changes Hands

J. V. New and son, Kenneth, recently sold the Pampa Dry Cleaners to W. L. Ayers of Pampa, who will start management of the business Monday.

The Pampa Cleaners has been here since 1936, and J. V. New has been in this business for 19 years.

The present system will not be connected in anyway with the new management, according to New.

The new manager, Ayers, has previously operated the Maytag agency here.

There are about 40 persons per square mile in the United States.

County Harvest Now Complete

Wednesday Gray county received the first general rain of the entire summer, according to the weekly crop report from the Texas extension service.

The harvest has been completed and the plowing is 60 per cent complete.

The agency reported that the grain sorghum is late, but with reasonable moisture in the future Gray county should have a fair yield. Gardens should also improve.

The reported sand damage has decreased and the surviving cotton is in good condition.

The report said that the general condition of livestock is excellent.

Shamrock Schools Have Increase Over 1944

SHAMROCK, July 14—Showing a gain for the first time in several years, scholastics in the Shamrock school district total 722 this year as compared with 699 last year according to J. J. Dyer, acting county superintendent.

Figures released last week by Dyer show that while Wheeler county as a whole has 67 less children of scholastic age than in 1944, the Shamrock district has 23 more.

Dyer, who is serving for county school superintendent Allen Kavanaugh, said eight schools now show gains and one remains the same.

Selection of Key Officials, Control Council, Ending

WASHINGTON, July 14—(AP)—The United States virtually completed today the selection of key officials to operate the American ground control council in Germany.

The war department announced the appointment of three more division directors and three other officials in the organization headed by Gen. Eisenhower and his deputy, Lt. Gen. Lucius Clay.

Maj. Gen. Ray W. Barker of Rochester, N. Y., was appointed director of the army (ground) division which is responsible for demilitarization of German ground forces and for the surrender and disposal of war material and installations.

Brig. Gen. Frank J. McSherry of Washington, was named head of the manpower division which is responsible to Clay on affairs regarding labor allocation, employment, working conditions, housing and social insurance.

Col. Leslie W. Jefferson of Redlands Calif., will direct the reparations, deliveries and restitution division.

Commodore Herbert T. Ray of Kensington, Md., will be deputy director of the naval division, headed by Vice Admiral Robert L. Ghormley. That division is a naval counterpart of the army ground force division.

John Stewart Harrison, of Albuquerque, N. M., was appointed civilian consultant to the economics division on fuels and oils. He has been associated with Standard oil, going to his new assignment from refineries in Aruba, Netherlands West Indies.

Sargent B. Child of Arlington, Va., will be a civilian adviser on archives for the reparations division.

Banks 'Plugging' Processing Plants

The recent report of the U. S. department of commerce, pointing out that "there is not a village or hamlet in the entire South too small for a small processing plant," has added enthusiasm to the efforts of Texas bankers who are launching an advertising campaign to induce manufacturing plants to locate in Texas towns.

Realizing that Texas has more opportunity to gain from the decentralization of national manufacturing than any other state in the union, banks in all parts of Texas are joining this cooperative advertising campaign. Advertisements will appear in national publications read by manufacturing executives throughout the North and East.

Inquiries, as a result of this advertising, will be received and forwarded to all cooperating banks by the Bankers Digest, a Texas bank newspaper.

Already some advertising has been done, the publisher of Bankers Digest states, and among the most recent inquiries from manufacturers interested in moving their plants to Texas towns are two that employ 100 and 200 people respectively. These inquiries have been forwarded to the participating banks for their further follow up.

War Department Drops Highway Job Unfinished

WASHINGTON, July 14—(AP)—The War Department, which originally estimated the Pan-American highway could be constructed for \$14,714,000, spent \$42,715,591 on it and dropped the job unfinished.

Lt. Gen. Eugene Reybold, chief of arm engineers, gave these figures to the senate war investigating committee as it began an inquiry into the whole history of the project.

He said the original estimate was based on "incomplete information" but that an important factor in the high cost was lack of shipping which resulted in delays due to shortages of material. As a result, workers remained idle for long periods.

"It is certain," Reybold said, "that if the War Department had known in 1942 the facts it knows today the Pan-American highway would never have built. In other words, with knowledge that the Japanese menace in the Pacific would be met as soon as it was met, and with knowledge that the submarine sinking in the Caribbean would be decreased as they were decreased, there would have been no necessity to start the construction of the highway as a matter of military insurance."

Interest Shown In Demonstration

Considerable interest on the part of farmers and ranchmen in the Pampa area is expected to center in the demonstration of an all-purpose electric power unit to be shown in Pampa Wednesday, 9 a. m. to 5 p. m. July 18, on Santa Fe railroad property at Cuyler and Atchison streets.

Orders for the power unit, complete for operation less the starting battery, will be taken on the ground by representatives of the surplus property division of the RFC Dallas agency, cotton exchange building, Dallas, Texas, which government agency is sponsoring the demonstration here.

Sturdily built under U. S. army specifications for arduous service in the field, the surplus power units offer electric services in lighting and in the operation of washing machines, fans, radios, sewing machines or electric irons.

Pampa Preparing To Greet Distinguished Visitor House

Boyc House, who has made so many people laugh with his books, speeches, radio program and widely-published newspaper column, will speak in Pampa Monday.

He will address the second quarterly chamber of commerce luncheon at noon and the Business and Professional Women's club Monday night.

House is not a stranger in this city. He addressed a service club and the high school student body here about two years ago.

His visit Monday will be his first here since the publication of his two successful books, "I Give You Texas" and "Tall Talk from Texas." He obtained much of the material for his books from Texas jokes he heard in Southwest Texas in 1920, where he had gone for a short rest.

He attended schools in Uvalde, Brownwood, Taylor and Alpine, but graduated from grammar and high schools in Memphis, Tenn.

House's father died when the writer was 12. He was the oldest child and the only son. Of his mother, who passed away 10 years ago, he says, "she was the most courageous and understanding woman I ever knew."

As a newspaperman, House gave the world the story of Old Rip, the Eastland horned frog, credited with living in the courthouse cornerstone. He also covered the most famous crime in the history of the southwest—the Santa Clause bank robbery, in which two police officers

Large Reduction Of Army After War is Forecast

WASHINGTON, July 14 (AP)—Postwar reduction of the arm's strength to a half million men was forecast today by Senator Gurney (R-SD) in view of the senate's expected ratification of the United Nations charter.

The South Dakota senator, a member of the military affairs committee, told a reporter he believes a regular force of that size will be ample to supply the men needed for this country's share of police work under the new international organization and to garrison the far-flung outposts the United States may retain in the Pacific.

Gurney's estimate came in the midst of discussion by charter supporters of when a decision shall be made on the number of men, planes, tanks, guns and other equipment the national assign for peace-keeping operations under the proposed world security council.

Chairman Connally (D-Tex) of the foreign relations committee has said that the issue should be settled in separate legislation and has asked the state department to assist in preparing a measure of this kind. He has opposed any charter reservation of this nature and there was doubt any would be offered formally, although Senator Bushfield (R-SD) is attempting to draft some.

Subsequently, Connally told a news conference he did not believe congress would attempt to define the authority of the American delegate on the security council until the international organization actually comes into being.

He voiced the opinion that the senate will ratify the charter after not more than 10 days of debate adding:

"There won't be more than six votes against it in the senate."

Connally disclosed that senator Hiram Johnson (D-Calif) would be recorded as against approving the charter, and Senator Murray (D-Mont) as for, with Senator Shipstead (R-Minn) not recorded.

Johnson was among those who opposed American participation in the league of nations after the last war.

The committee vote on the charter now stands at 21 for, 1 against.

The committee will meet Monday afternoon to go over its formal report. With the senate scheduled to consider the Bretton Woods monetary agreement, members will have a week in which to study the report and the 50-nation agreement before ratification opens debate.

Adverse Weather Affects Crops

AUSTIN, July 14—(AP)—An indicated decrease of six percent in the expected harvest acreage of Texas crops, due mostly to adverse weather conditions for cotton, wheat and corn, was announced today by the United States department of agriculture.

Exceptions to the general decrease, the USDA said, on the basis of July conditions, were oats, rice, peanuts and flax. Only a fraction of the intended acreage of cotton in the high plains was planted because of drought, and unfavorable spring season hurt corn.

Following are some of the indicated acreages or production:

Cotton—6,400,000 acres, 13 percent decrease.
Corn—4,128,000 acres compared with 4,978,000—16 percent decrease.
Wheat—37,881,000 bushels, compared with last year's record crop of 74,746,000 acres.
Grain sorghums—6,665,000 acres compared with last year's 7,157,000, with much of the high plains crop yet to be planted, and subject to revision in accordance with weather developments.
Tame hay—1,542,000 acres compared with 1,623,000 last year.
Peanuts—890,000 acres compared with 948,000 in 1944.
Peaches—2,850,000 bushels compared with 1944's 1,517,000.
Citrus—Threatened serious shortage of water somewhat alleviated by recent rains. Most growers sustained very little loss from the June drop. Fruit was well-advanced in size on June 1, but very little growth has followed since mid-June.

PAAF Orchestra Will Entertain

Special entertainment for the second quarterly chamber of commerce luncheon will be provided by the PAAF Southernaire.

The band is directed by A/C David L. Jennings, who had his own dance band in civilian life.

Special vocalists will be Pvt. Edith Ballard and A/G Rocco Cascarone who will be accompanied by Ricard Barier.

C. F. Pursley, president of the chamber of commerce, will preside at the luncheon and Leib Langston will direct the musical numbers.

L. N. Atchinson will introduce the speaker, Boyce House, whose talk will be broadcast over radio station KPDM, Pampa.

Onrushing Cubs Increase Lead over Second-Place St. Louis Cards

Chicagoans Edge Boston for 17th Victory in 21 Contests

CHICAGO, July 14.—(AP)—The league-leading Cubs grabbed a five-run lead on the Boston Braves in the first inning today, lost it and then bounced back to win, 6 to 5, on Catcher Paul Gillespie's double that cashed Outfielder Harry Lowrey's single in the eighth inning. It was the Chicagoans' 17th victory in 21 games and gave them the series, three to one.

Al Javery, who until Lowrey slugged had pitched one-hit ball for the seven innings after relieving rookie Don Hendrickson in the first inning, was the losing pitcher. Paul Erickson was the winner. He relieved Paul Derringer just before the Braves scored the tying run on third baseman Stan Hack's error in the sixth inning. It was Erickson's fifth victory against two defeats.

Outfielder Tommy Holmes increased his league-leading batting average by making two doubles and a single in five trips to the plate. It was the 40th game in the last 41 in which he hit safely.

Hendrickson, rookie recently acquired from Milwaukee, retired only one batter before the next seven Cubs got to base, five on singles and two on walks for the five runs. The Braves dispatched five of their ten hits for two bases, and grouped two of the doubles by Joe Medwick, Carden Gillenwater and a single by Vince Shupe, for three runs in the second. They added another on one of Holmes' doubles a wild pitch and Medwick's infield single in the fourth. The Braves tied it in the fifth when Chuck Workman led off with a pass on four pitches and Gillenwater's second double kayoed Derringer. Workman scored as Hack booted Shupe's grounder.

Errors—Culler Hack. Runs batted in—Medwick, Gillenwater. Mash Shupe. Pafko Lowrey 2; Gillespie 2; Merullo. Two base hits—Holmes 2; Medwick, Gillenwater 2 Shupe, Gillespie Merullo. Sacrifices—Culler, Derringer 2. Double play—Joost and Shupe. Left on bases—Boston 8; Chicago 6. Bases on balls—Hendrickson 2; Javery 1; Derringer 3; Strike outs—Javery 2; Derringer 2; Hits off Hendrickson 5 in 1-3 inning; Javery 4 in 7-2-3; Derringer 6 in 5 (none out in 8th) Erickson 4 in 4. Winning pitcher—Erickson; losing pitcher—Javery.

A's 5, Browns 3
PHILADELPHIA, July 14.—(AP)—Right-handed recruit Luther Knerr won his second game of the season today as the Philadelphia Athletics defeated the St. Louis Browns 5-3 in a 21-hit slugfest at Shibe park before an estimated 3,000 persons.

St. Louis 000 000 002-3 Philadelphia 100 400 005-5
Errors—None. Runs batted in—Estalla 2; Knerr, Hall, Peck, West, Stephens 2. Two base hits—Kell, Estalella Stephens. Home runs—Stephens. Double plays—Hall to Busch to Siebert; Mancuso to Gutierrez. Left on bases—St. Louis 8; Philadelphia 11. Bases on balls—Knerr 2; West 2; Zoldak 4. Strike outs—Knerr 2; Berry 2; Zoldak 1. Hits—off West 8 in 3-2-3 innings; Zoldak 3 in 4 1-3; Knerr 8 in 5; Berry 2 in 4. Winning pitcher—Knerr. Losing pitcher—West.

Yankees 4, Indians 2
NEW YORK, July 14.—(AP)—Frankie Crosetti's home run in the third inning and his steal of home in the eighth gave the New York Yankees a 4-2 victory over the Cleveland Indians today. Bud Metheny's leaping catch of Frankie Hayes' bid for a homer with one on in the ninth saved the game for Floyd Bevens.

Cleveland 000 000 002-2 New York 201 000 014-4
Error—Kileman. Runs batted in—Metheny Martin, Crosetti, Seery, Boudreau. Three base hit—Mackiewicz. Home run—Crosetti. Stolen base—Crosetti. Sacrifices—Crosetti, Bevens. Double plays—Stirnweiss, Crosetti and Etten; Grimes, Stirnweiss and Etten. Left on bases—Cleveland 4; New York 4. Base on balls—Bevens 2; Kileman 1. Strike outs—Bevens 4; Kileman 5 in 7 innings; Henry 1 in 1. Losing pitcher—Kileman.

Boston 7, Detroit 1
BOSTON, July 14.—(AP)—With Emmett O'Neil allowing only three hits the Boston Red Sox beat the Detroit Tigers 7 to 1 today to sweep the three-game series with the league leaders.

Detroit 000 000 001-1 Boston 100 300 124-7
Error—Mueller. Runs batted in—Walker, Johnson 2, Lake 2, Leiner, Tobin, Metkovich. 7 hits—Maier, Johnson. Home run—Johnson. Stolen base—Camilli. Sacrifices—O'Neil. Double plays—Newsome, Lake and Camilli; O'Neil Newsome and Camilli. Left on bases—Detroit 10; Boston 9. Bases on balls—Strikeouts 3; Wilson 1; O'Neil 10. Strikeouts 8 in 7 innings; Wilson 2 in 1. Losing pitcher—Mueller.

Amarillo Will Be Host to Golfers
Pro Frank Baker of the Pampa country club, has asked any member who wants to take part in the West Texas Pro-Amateur best ball handicap foursome tournament at the Amarillo country club Tuesday.

The tournament is one of a series which will be held throughout the West Texas area this fall and winter. Pampa will be host to the golfers next month.

Foursome partners will be drawn at 1 p. m. Tuesday. The captain of each foursome team must be either a pro or the lowest handicap amateur in the foursome. Baker said. All amateurs will receive half their club handicap.

To be eligible, player must be a member of the West Texas pro-amateur golf association, Baker said. Any Pampa golfer who wished to become a member of the asso-

Undeclared 10's Lead 3 Kiwanis Softball Loops

The Central Baptist junior boys, the First Methodist senior boys and the Harrah-Nazarene girls lead the three Kiwanis-Church softball leagues as the first week of play in the second half ended Friday.

Each of the three teams has two wins and no losses, but in each case the leaders are trailed by a team which has won its only start.

Central Baptist, league leaders in the boys junior league, have beaten Presbyterian 8-6 and Harrah Methodist 12-7 for their two triumphs.

In the boys senior league, the First Methodist boys have beaten First Baptist 23-10 and Holy Souls 14-7 to account for their wins.

The surprising Harrah-Nazarene club of the girls league pounded McCullough Methodist 37 to 17 earlier in the week and won by forfeit over the First Christian team to lead the league. First Christian has dropped out of the league and each game will be forfeited as it is scheduled.

Standings of the teams:
Boys Junior
Team—W L Pct.
Central Baptist 2 0 1.000
First Methodist 1 0 1.000
F. A. Church of Christ 1 0 1.000

Boston at St. Louis—Cooper (8-1) and Hutchinson (1-0) or Lee (3-6) vs. Wilks (4-6) and Burkhardt (6-4).
Philadelphia at Cincinnati—Schanz (1-7) and Karl (6-4) vs. Walters (7-7) and Fox (4-2).

Philadelphia should contact Baker, who is secretary of the association. Entry fee in the tournament is \$2.50 and membership dues in the association are \$1.00 per year.

Ferdinand Magellan recorded that the abaca plant, the source of hemp was being grown and used in the Philippine islands when he visited there early in the 16th century.

Nelson Plays Sam Byrd for P.G.A. Crown Monday

By HAROLD HARRISON
DAYTON, O., July 14.—(AP)—Sam Byrd, the baseball man from Georgia, and Byron Nelson, of Toledo, who has shaved 31 strokes off par in 171 holes this week, will do the shooting tomorrow at the Moraine country club for golf's biggest professional prize—the PGA championship.

Byrd, who quit playing baseball in 1936 to become a golf pro and now operates out of Redford Mich., carried out his second straight seven and six victory as he blasted dark horse Clarence Doser of Hartsede, N. Y., out of competition in today's 36-hole semi-finals.

Byrd, a fellow who plays such mechanically perfect golf that at times it even becomes monotonous, breezed past Claude Harmon of Grose Point Wood, Mich., five and four. He was eight under par today despite a rain storm that was so heavy it even delayed the start of the tournament.

When Nelson tees off against Byrd tomorrow it will be the fifth time in the last six P. G. A. tournaments that he has been in the championship match. He won the tournament in 1940 and finished runner up to Henry Picard in 1939, to Vic Ghezzi in 1941 and to Bob Hamilton last year.

He'll also be shooting for his ninth straight tournament victory—a string of triumphs that never has been equaled in the history of big time golf. He started that amazing string by teaming with Harold (Jug) McSpadden of Philadelphia to cop the Miami (Fla) best ball tournament.

Since then his clubs have produced seven consecutive stroke play tournament triumphs.
A PGA finals, however, will be a brand new experience for Byrd, although he is one of the fellows who have been giving Nelson the biggest argument in the past couple of years.

Sam was born in Georgia, lived most of his life in Alabama, played his major league baseball in New York, and now calls Michigan home. Toledo to become pro at the Inverness country club and then became an umbrella salesman.

Pipal Completes 44th Year as Track Coach

LOS ANGELES.—(AP)—Joe Pipal, Occidental College track and field coach, is one of the few foreign-born college athletic mentors in America. Born in Zachotin, Czechoslovakia, he was educated at Czech College, University of Chicago and Harvard.

Other extra base hits included "ish" Henry's triple in the first with two on and doubles by Berry, Mick and Hershel Evans.

Team—R H E

Big Spring 000 003 000-0 4 4
Greek and Berry; Zmitrovich and Buck.

Over Million Dollars To Go for Research

MARSHALL, Texas, July 14.—(AP)—The U. S. Navy will spend "several million dollars" on special research facilities to be installed at the Lone Star Steel company's plant near Daingerfield, Texas, Rep. Wright Patman (D-Tex.) has announced.

The congressman told the Marshall News Messenger that he is not at liberty to elaborate on the nature of the facilities, but added they were of "much importance in connection with the war program."

Coast Softball Team Favored by Soldiers

PASADENA, Calif.—(AP)—A favorite athletic aggregation of servicemen in Southern California is the girls-softball team known as the Pasadena Ramblers.

The Ramblers, operating as part of Mrs. Edward G. Robinson's desert battalion which furnishes entertainment at out-of-the-way camps have drawn crowds of from 500 to 7,500. They play servicemen's teams, usually two games every week-end.

Roadrunner Park Scene of Crucial Softball League Game; Squadron B Plays Kimboys

In a "dream game" of the senior softball league season, the PAAAF Kimboys will tackle the powerful Squadron B team this afternoon at Roadrunner Park. Game time is 3 p. m. for the contest which will feature the first and second place teams of the league.

Squadron B is leading the league with eight wins and two losses while the Kimboys trail with eight wins and three losses. Should the Kimboys win, they would jump into first place and could do no worse than tie for the lead should the Squadron B club, in turn, lose to the Base Communications.

A win for Squadron B would clinch first place position and a berth in the four-team playoff at the end of the season. The playoff bracket will be made up of the number one team of the first half and the first three teams of the last half.

However, should the Squadron B club win both the first and second half, the playoff would be made up of the first four teams of the last half.

The Base Communications, currently tied for fifth place in the league, have two games yet to play. One is with the aforementioned Squadron B club and the other with the last-place Cargay outfit. It is not known when these games will be played. They were postponed earlier in the season.

Probably the biggest surprise of the season was the drop of the Knights of Pythias from first to a low third. The Knights won the first five games in a row but dropped five of the remaining seven to go into a tie with the Pampa Merchants for third.

Two teams have been added to the league list to play in the second half. The Cabot companies have entered a team as has the Skellytown Odd Fellows lodge, making a total of 12 teams in the league.

Twelve days in the league. The Kimboys will play the speedy Junior Oilers and the Skellytown Odd Fellows will play Squadron B in a doubleheader at Roadrunner park, the twin bill starting at 7 o'clock.

In a game on the Magnolia diamond on East Foster, the Knights of Pythias will play the PAAAF Medics.

Standings of the teams:
Team—W L Pct.
Squadron B 10 8 2.800
Kimboys 11 8 3.729
K. P. Lodge 12 7 5.583
Pampa Mer. 12 7 5.583
Odd Fellows 12 6 6.500
Communications 10 5 5.500
Medics 12 5 7.417
Phillips 12 4 8.333
Cargay 11 1 10.091
*First half of season complete.

Big Three

(Continued from Page One)

to land at Antwerp tomorrow from the cruiser Augusta and to proceed here by plane. Prime Minister Churchill was to end his vacation at Hendaye in France over the week end. Generalissimo Stalin suspended his series of talks with Chinese Premier T. V. Soong at Moscow and prepared to leave for the meeting.

This summer resort area, once popular with Nazi stars of the stage and screen, has been almost completely depopulated of Germans to furnish the security essential for the Big Three.

The American and British groups are housed in little territorial islands well within the Soviet zone

in Greater Berlin. Several thousand elite green-caped Soviet frontier guardsmen compose the force chiefly responsible for policing the "Potsdam conference," and they are strictly business. If you do not have exactly the right pass—you don't take a step forward and live.

To refresh the historical figures who are gathering here, expert caterers have had fine foods and wines flown in during the past few days. At Yalta last winter the Big Three feasted on the luxuries of the Soviet Union. The United States and British Empire are contributing to the Potsdam functions.

Hand grenades, antitank docks and other deadly gadgets abandoned by the German army still are being picked up from the spreading acres of green woods. It is assumed that all mines have been removed, but there will be no informal strolls off the beaten paths by any of the great men at Potsdam.

Non-Fraternizing

(Continued from Page One)

views were shared by some of his friends, said "the general's order has taken all the fun out of fraternizing. It was fun when you had to slip round to see a girl. You did it because they said you couldn't."

S/Sgt. Edward Detjen of St. Louis, grinned when he heard the news

and said, "there'll be some changes made. Now the boys will get around more, the girls will see more guys, and this will break up the cases where a soldier has been seeing one girl steady."

Sgt. Roy H. Wells of Washington, D. C., could take an impersonal view of the situation because he is leaving Monday for home. His reaction was: "The non-frat ban never did make sense in the first place because it wasn't enforceable. It's much better to relax rules and not have a situation like the old prohibition days in the States."

While many soldiers approved of the reason behind the non-fraternization order—the necessity for security and a stern attitude toward the German people—they felt the ban was a violation of their personal sense of duty and patriotism. Many who had no intention of fraternizing opposed the order on principle.

Along the Rhine here today, doughboys mingled with attractive girls, swimming and boating. When one fraulein heard of the order, she asked a soldier, "does it mean now that we can hug and kiss?"

"Naw," the soldier said. "It means we can only meet and talk on the streets and in public places."

Mitscher

(Continued from Page One)

fast carrier task force since last August.

Forrestal also announced assignment of Admiral Henry K. Henshaw, now a member of the general board, to relieve Adm. Harold R. Stark as commander of naval forces in Europe. Adm. Stark will retire for age.

Vice Adm. Aubrey W. Fitch, being relieved by Vice Adm. Mitscher as deputy chief of naval operations, for air, will become superintendent of the naval academy and commandant of the Severn river naval command. He will be the first vice admiral to hold that post.

Rear Adm. John R. Beardall, now academy superintendent, will relieve Rear Adm. Howard F. Kingman as commandant of the 15th naval district and commander of the Panama sea frontier and southeast Pacific.

ESCAPE
SCOTTSBLUFF, Neb., July 14—Marine Pfc. Ivor L. Clark, in the Okinawa campaign had a Jap bullet puncture his helmet, another smash a breast-pocket pencil, and a third tear his dungaree jacket. The equipment he has at home as relics.

He suffered a slight head wound.

Chennault
(Continued from page one)

14th Air Force Mustang fighters yesterday blasted mountain-locked Trung Khanh Phu, besieged Japanese strong-point four miles from the Indo-China frontier 132 miles northeast of Hanoi, an American communique said.

Chennault once before retired from the U. S. Army, in 1936 because of disability. He went to China in 1937 and started working for the Chiang Kai-shek government. He was recalled to active U. S. duty in 1942.

"The Japanese now are beaten in the air in China," Chennault said in a statement. He added that he had retired eight years ago because of his health and that he had spent most of those years in China. He was summoned again to active duty in the U. S. Army after entrance of America into the war.

Chennault, one of the most spectacular American air commanders, expressed the hope that he would return home soon.

Japan opened hostilities against China just four days after Chennault arrived there and he found himself working with planes which were outdated and training inexperienced Chinese youths.

The plan whereby American civilian aviation personnel were invited by the Chinese government to become a part of China's air force and the keystone of Chennault's program to revitalize the Chinese air force.

Thus, when the first American volunteer group was formed, in July, 1941, Chennault was the inevitable leader.

A Chinese official once said that "Chennault has endeared himself to China more than any other foreigner since Marco Polo, 500 years ago."

Bold Fleet

(Continued from Page One)

down "in the vicinity of our surface force," the communique noted. It listed the following enemy shipping destroyed by carrier planes:

Two train ferries destroyed at sea, ten small cargo ships, one old destroyer, two picket craft.

Enemy shipping damaged:

One train ferry, four medium tankers, one medium transport, five medium cargo ships, eight small cargo ships, two destroyer-escorts, one patrol craft, one tug, and one lugger.

Marine and fleet aircraft from Tinian sank or damaged another half-dozen enemy craft.

Most of the parked enemy aircraft were found on fields at Matsushima, Matsudo and Misawa, on Honshu.

Yesterday's surface bombardment of Japan—first of the war—continued unhindered almost within rifle shot of shore for two hours, blasting and firing Kamishahi's great steel mills.

The spiritual head of every Burmese village is the yellow-robed pongyi, or monk.

Market Briefs

PORT WORTH GRAIN

Big Three

(Continued from Page One)

to land at Antwerp tomorrow from the cruiser Augusta and to proceed here by plane. Prime Minister Churchill was to end his vacation at Hendaye in France over the week end. Generalissimo Stalin suspended his series of talks with Chinese Premier T. V. Soong at Moscow and prepared to leave for the meetings.

This summer resort area, once popular with Nazi stars of the stage and screen, has been almost completely depopulated of Germans to furnish the security essential for the Big Three.

The American and British groups are housed in little territorial islands well within the Soviet zone

in Greater Berlin. Several thousand elite green-capped Soviet frontier guardsmen compose the force chiefly responsible for policing the "Potsdam conference," and they are strictly business. If you do not have exactly the right pass—you don't take a step forward and live.

To refresh the historical figures who are gathering here, expert caterers have had fine foods and wines flown in during the past few days. At Yalta last winter the Big Three feasted on the luxuries of the Soviet Union. The United States and British Empire are contributing to the Potsdam functions.

Hand grenades, antitank docketts and other deadly gadgets abandoned by the German army still are being picked up from the spreading acres of green woods. It is assumed that all mines have been removed, but there will be no informal strolls off the beaten paths by any of the great men at Potsdam.

Non-Fraternizing

(Continued from Page One)

views were shared by some of his friends, said "the general's order has taken all the fun out of fraternizing. It was fun when you had to slip a round to see a girl. You did it because they said you couldn't."

Sgt. Edward Detyen of St. Louis, grinned when he heard the news

and said, "there'll be some changes made. Now the boys will get around more, the girls will see more guys, and this will break up the cases where a soldier has been seeing one girl steady."

Sgt. Roy H. Wells of Washington, D. C., could take an impersonal view of the situation because he is leaving Monday for home. His reaction was: "The non-frat ban never did make sense in the first place because it wasn't enforceable. It's much better to relax rules and not have a situation like the old prohibition days in the States."

While many soldiers approved of the reason behind the non-fraternization order—the necessity for security and a stern attitude toward the German people—they felt the ban was a violation of their personal sense of duty and patriotism. Many who had no intention of fraternizing opposed the order on principle.

Along the Rhine here today, doughboys mingled with attractive girls, swimming and boating. When one fraulein heard of the order, she asked a soldier, "does it mean now that we can hug and kiss?"

"Naw," the soldier said. "It means we can't meet and talk on the streets and in public places."

Mitscher

(Continued from Page One)

fast carrier task force since last August. Forrestal also announced assignment of Admiral Henry K. Hemitt, now a member of the general board, to relieve Adm. Harold R. Stark as commander of naval forces in Europe. Adm. Stark will retire for age.

Vice Adm. Aubrey W. Fitch, being relieved by Vice Adm. Mitscher as deputy chief of naval operations, for air, will become superintendent of the naval academy and commandant of the Severn river naval command. He will be the first vice admiral to hold that post.

Rear Adm. John R. Beardall, now academy superintendent, will relieve Rear Adm. Howard F. Kingman as commandant of the 15th naval district and commander of the Panama sea frontier and southeast Pacific.

ESCAPE

SCOTTSBLUFF, Neb., July 14—Marine Pfc. Ivor L. Clark, in the Okinawa campaign had a Jap bullet puncture his helmet, another smash a breast-pocket pencil, and a third tear his dungaree jacket. The equipment he has at home as relics.

He suffered a slight head wound.

Chennault

(Continued from page one)

14th Air Force Mustang fighters yesterday blasted mountain-locked Trung Khanh Phu, besieged Japanese strong-point four miles from the Indo-China frontier 132 miles northeast of Hanoi, an American communique said.

Chennault once before retired from the U. S. Army in 1935 because of disability. He went to China in 1937 and started working for the Chiang Kai-shek government. He was recalled to active U. S. duty in 1942.

"The Japanese now are beaten in the air in China," Chennault said in a statement. He added that he had retired eight years ago because of his health and that he had spent most of those years in China. He was summoned again to active duty in the U. S. Army after entrance of America into the war.

Chennault, one of the most spectacular American air commanders, expressed the hope that he would return home soon. Japan opened hostilities against China just four days after Chennault arrived there and he found himself working with planes which were outmoded and training inexperienced Chinese youths.

The plan whereby American civilian aviation personnel were invited by the Chinese government to become a part of China's air force and the keystone of Chennault's program to revitalize the Chinese air force.

Thus, when the first American volunteer group was formed, in July, 1941, Chennault was the inevitable leader.

A Chinese official once said that "Chennault has endeared himself to China more than any other foreigner since Marco Polo, 500 years ago."

Bold Fleet

(Continued from Page One)

down "in the vicinity of our surface force," the communique noted. It listed the following enemy shipping destroyed by carrier planes: Two train ferries destroyed at sea, ten small cargo ships, one old destroyer, two patrol craft.

Enemy shipping damaged: One train ferry, four medium tankers, one medium transport, five medium cargo ships, eight small cargo ships, two destroyer-escorts, one patrol craft, one tug, and one lugger.

Marine and fleet aircraft from Tkinawa sank or damaged another half-dozen enemy craft. Most of the parked enemy aircraft were found on fields at Matsushima, Matsudo and Misawa, on Honshu.

Yesterday's surface bombardment of Japan—first of the war—continued unbroken almost within rifle shot of shore for two hours, blasting and firing Kamahshi's great steel mills.

The spiritual head of every Burmese village is the yellow-robed ponyi, or monk.

Rev. Leon Hill Will Begin Revival Wednesday at Calvary Baptist Church

Revival services are scheduled to begin Wednesday evening at the Calvary Baptist church 521 S. Barnes, with the Rev. Leon Hill, pastor of the San Jacinto Baptist church, Amarillo, evangelist. Rev. R. H. Nichols, gospel singer, is pastor of the First Baptist church, McLean.

Rev. E. M. Dunsworth, pastor, has announced that as preparation for the revival, the church is sponsoring a series of prayer services. Leaders of the groups appointed are adults: men, John Prichard; women, Mrs. C. G. Shelton; youth, people; prayer leader, Ross Lee Miller; personal work, Alma Cornett; counselor, Mrs. E. B. Brown; intermediate: prayer leader, Imogene Brown, counselor, Mrs. Nannie Lee Timmons; junior, prayer leader, La Juan White; counselor, Mrs. Claude Crane.

The public is invited to all of the services.

Rev. Leon Hill

Methodist Women Meet in Homes of Members for Bible Study, Program

Members of the Women's Society of Christian Service of the First Methodist church met in circles for Bible study Wednesday afternoon.

Mrs. Horace McBea was hostess to members of Circle One with Mrs. Sam Cook, chairman, presiding. Mrs. E. L. Emerson chose "The Church as a Cement of Society" as the subject of her devotional. During the business meeting, it was decided to collect picture pins, lapel pins and articles attractive to children to be sent to Belgium where they will be given for good deportment and regular attendance at church school.

In teaching the lesson, Mrs. Lee Harrah told of the required qualities of a Christian, "long suffering, forbearance one to another, one spirit, one faith, one love, one baptism, one Lord, and one hope to be maintained. Growth in maturity was stressed.

Circle Two met in the home of Mrs. Ed Weiss, Jr., and Mrs. R. K. Elkins gave the devotional. Mrs. J. E. Kirchmair taught the lesson from the study book, "The Word of His Grace." She was assisted by Mrs. John Hodge and Mrs. J. E. Ward. Mrs. Hodge led the closing prayer.

Mrs. Leon Cook was hostess to members of Circle Three, with Mrs. R. W. Lane, chairman, conducting the business meeting. Mrs. Joe Shelton opened the meeting with prayer and the group sang, "Blessed Assurance." "A Christian in the World" was the subject of the lesson taught by Mrs. Shelton.

Members of Circle Four met in the home of Mrs. J. B. Williams with Mrs. H. R. Thompson chairman. Mrs. Tom Cook offered the opening prayer, and Mrs. Walter Daugherty gave the devotional on "Faith." Mrs. R. R. Vansickle taught the lesson, using the "Christian Home" as the subject. A song service was enjoyed by the group at the close of the lesson.

Marjorie Roth Is Honored at Party

Miss Marjorie Roth was the honoree at a surprise farewell party given by the Kik Kat Klub Wednesday evening at their regular business meeting in her home, 1207 Charles.

Marjorie is leaving with her parents to make her home in New York City.

The business meeting was conducted by Beverly Candler, newly elected president of the club. A swimming party was planned for members of the club and their dates.

A picnic supper was served to Beverly Candler, Marjorie Roth, Winnie Cox, Colleen Chisholm, Peggy Covey and Shirley Stone.

The next meeting will be held July 25.

Katherine Smith Is Honored at Shamrock

Special to The News: SHAMROCK, July 14—Katherine Smith, daughter of Mr. and Mrs. Ed Smith, was complimented with a picnic on the anniversary of her twelfth birthday, Tuesday.

The group was entertained at the Red River park north of Shamrock. Out-door games provided entertainment after which a picnic supper was spread.

The honoree was the recipient of a number of gifts. Those included in the party were, Barbara Amrey, Joan Bell, Sandra Burden, Freida Johnson, Avalon Smith, the honoree and her parents.

Hargens-Harrel Vows Read in Shamrock

Special to The News: SHAMROCK, July 14—Announcement has been made of the marriage of Miss Dorothy Hargens, daughter of Mr. and Mrs. William Hargens of Omaha, Neb., and Technical Sergeant Bobby Harrel, son of Mr. and Mrs. S. L. Harrel of Shamrock.

The wedding took place June 25 in Omaha, at the home of Father John Paschang, who performed the impressive ceremony.

Miss Mary E. Hargens attended the bride as bridesmaid and James E. Sanderl served the bridegroom as best man.

The bride wore a tailored suit of white with white accessories, and her corsage was of white carnations.

Mrs. Harrel is a graduate of the Omaha high school.

The bridegroom who is well known in Shamrock, attended Shamrock schools before going into military service. He has recently returned from 25 months of service in the European theater, and is spending his furlough here. He will report to Binger, Maine.

Girl Scout Troop To Postpone Meetings

Girl Scouts of Troop 22 concluded their activities for the summer with a meeting Friday afternoon at the Little Scout house.

The group will resume their meetings in the fall.

Pampa News

VOL. 43, NO. 85 SUNDAY, JULY 15, 1945.

Helen Poolos and William Dunn Wed In Ring Ceremony

Miss Helen Poolos, daughter of Mr. and Mrs. James Poolos, Pampa, and William Dunn, son of Mr. and Mrs. W. E. Dunn, Portsmouth, Ohio, were married in the rectory of St. Patrick's cathedral, New York City, Sunday, July 8, at 3:15 p. m., with the Rev. Darcy, officiating at the double ring ceremony.

Attendants were Miss Sylvia Gordon of Chicago and M. Sgt. Gene Finkbeiner of Pampa. Also attending the ceremony were Mr. and Mrs. Eddie Stone of New York City.

In celebration of George Gershwin week in New York City, the bride wore a "rhaphody in blue" dress which was of white shantung with notes of the song printed in blue. She wore a matching hat and bag. Her corsage was of white orchids.

Following the ceremony a dinner party was held in the Roosevelt hotel with members of the Eddie Stone band attending. Mr. and Mrs. Dunn are both members of the band which is featured at the Roosevelt.

The bride was graduated from Pampa high school, attended the University of Oklahoma, and received a Bachelor of Music degree in 1942. She began work on her master's degree in 1943. While in the university she was elected to Eta Muji, allied art fraternity; Mu Phi Epsilon, honorary music sorority and was a member of the university symphony.

She became a member of the Buddy Franklin band in 1943 and the Eddie Stone band in 1944. She is one of the girl violinists featured with the band.

Mr. Dunn was graduated from Portsmouth high school and attended Ohio university where he was a member of the university band. He joined the Jimmy Richards band in 1941, later played with the Ben Bernie and Jimmy Joy organizations and at present is with Eddie Stone's band.

Society

Miss Janet McMillen Becomes Bride Of Burl M. Graham, EM 3-C, in Sayre

Electrician's Mate and Mrs. Burl M. Graham, Jr.

Miss Janet McMillen and Burl M. Graham, Jr., were married July 5, in a ceremony solemnized at Sayre, Okla. Mrs. Graham is the daughter of Mr. and Mrs. Roy McMillen of this city. She attended the local high school where she was an honor student, and at present is employed as a clerk-typist by the selective service board.

The bridegroom is the son of Mr. and Mrs. Burl M. Graham, also of this city. He also attended Pampa high school, and for the past 16 months has served with the navy in the South Atlantic. He reported to the west coast this week for reassignment.

After the business meeting, refreshments were served.

Attending were Mesdames A. W. Babione, L. H. Sullins, E. E. Elkins, Roy Chisum, Claud Lard, E. J. Kenny, W. H. McBride, Jess Bowen, H. G. Lawrence, E. H. Johnson, Lula Purdy, and Nellie Ford, who lives at Peabody, Kans., a visitor Miss Lucile Johnson, and the hostess, Mrs. Carlson.

The next meeting will be held in the home of Mrs. W. H. McBride, 603 E. Foster, July 27.

At the turn of the 20th century, total motor vehicle production in the United States was 4,192 cars.

Maurine Martin and Sgt. Kilpatrick Are Married in Church

Special to The News: SHAMROCK, July 14—Mr. and Mrs. Eugene Martin of this city, announce the marriage of their daughter, Maurine to Sgt. Irwin Kilpatrick, son of Mr. and Mrs. Buel Kilpatrick of Lacon, Ala., Saturday, July 7.

The nuptial vows were spoken in the auditorium of the Francis Avenue Church of Christ in Pampa, with the pastor, Minister Guy W. Casky, performing the impressive ceremony. For the ceremony the couple stood before an improvised altar banked with fern.

Attending the bride and bridegroom were Miss Leona Martin, sister of the bride; and Mr. R. L. Roberts, both of Shamrock.

The bride was attired in a tailored suit of evening blue gabardine, trimmed in deep blue eyelid, embroidery accented with white accessories. Her corsage was of pink rosebuds tied with white ribbon. For something borrowed she wore a cameo necklace belonging to her sister, Miss Bonnie Faye Martin.

Mrs. Kilpatrick is now employed by the City of Shamrock and the bridegroom is stationed at the Amarillo army air field as an instructor in the engine department.

Sgt. Kilpatrick is a nephew of Arnold and Melvin Kilpatrick of this city and has visited in Shamrock a number of times when he was stationed at Sheppard field, Wichita Falls, in 1942. Since that time he has trained at Barksdale, Ga., and Keeler field, Miss., coming to Amarillo in April this year.

Corn Cutters Aid Summer Canning

Gray County Home Demonstration council has recently purchased a quantity of corn cutters and creamers.

Mrs. D. L. Lunsford, who is chairman of the marketing committee, said the cutters would act as time-savers for the women in preparing garden corn for table use or canning.

Many home demonstration club members are canning at the present time and have found these corn cutters to be a great saving in corn and money.

Miss Millicent Schaub, home demonstration agent, reports that a few of these corn cutters are left and will be sold to the public.

Mary Lou Douglas To Direct Bible School

Miss Mary Lou Douglas will be general director of the Bible school which will be in session this week for colored children at the Macedonia Baptist church.

School will begin each morning at 9:15 and close at 11:30. Teachers and officers will be from the First Baptist and Calvary Baptist churches.

Mrs. T. C. Brown of Fort Worth will act in an advisory capacity at the school which will include a Bible course to last for two weeks, beginning Monday, and a study course to be held each night, Monday through Friday.

Baptist Women Meet in Park for Special Program

"Christian Citizenship Today and Tomorrow" was the subject of the program which was presented with Mrs. L. M. Wagon as a leader, Wednesday afternoon, when members of the First Baptist Women's Missionary Union met in the City park.

The meeting opened with a prayer led by Mrs. F. E. Leech, after which a short business session was conducted by Mrs. Lewis Tarpley, in the absence of the vice-president, Mrs. Rufe Jordan. Reports of officers and chairmen were presented.

Program for the afternoon included the devotional and prayer by Mrs. F. E. Leech; song, "America," by the group; "Moral Standards for the Family," Mrs. Rufe Jordan; "Moral Standards for Ourselves," Mrs. Wilson Hatcher; special songs by the girls trio, Anne and Odeverne Spence, and Bobby Jo Tucker; "Moral Standards for the Community," Mrs. Jack Morris; and "Moral Standards for the World," Mrs. Robert Hogan. Mrs. T. V. Lane led the closing prayer.

At the conclusion of the program, refreshments of cake and ice cream were served to the forty-five women attending.

Christian Women To Meet on Wednesday

Group Five of the Women's Council of the First Christian church will present the program, "Christianity in the Philippines," Wednesday afternoon at 7:30 at the church. The executive board will meet at 1:30 for a short session.

All interested persons who have souvenirs from the Philippines are invited to bring them and attend the meeting.

Senior Young People Picnic at Lake Fryer

"Bug Haven", Canadian's canteen, was the scene of a kid party this week. Upon arrival members and guests were given all-day suckers.

Prizes for the cleverest costumes went to Suzanna Harbough and Billy Job.

PAAF Woman's Club Will Meet Thursday

Members of the PAAF Woman's club will meet Thursday at 1:30 in the officers mess for a luncheon. All officers wives are invited to attend.

Miss Billie Tate, Sgt. Archie Moore Engagement Is Told

Mr. and Mrs. A. R. Tate, 518 S. Wells, wish to announce the engagement of their daughter, Billie, to Sgt. Archie Moore, of Ft. Worth. Sgt. Moore has returned from overseas and reported to Dallas, July 14 for reassignment.

Bright Beau Catchers

Date Dresses Have Romantic Styling

By EPSIE KINARD
NEA Staff Writer
NEW YORK—Date dresses, designed to catch beaux on and off the campus, take their carnival colors from the romantic picture books.

The page boy theme—subtle echoes from the medieval court eras—appear throughout one collection in doublet jackets, high-standing ruffled collars and twin sleeves combining long sheathes and short shouder puffs. Typical style is the page-boy sleeve charmer shown

right. Carnival purple crepe makes this Emily Wilkens-designed dress with multi-color court-page sleeves and saucy drawing neckline.

Long dresses calculated to bowl over the boys are bouffant puffs of white net, femme fatale black chiffon, filmy organdy and gingham-paied taffeta. Most of these shepherdess-influenced or pinafore-typed styles are noted for their saucy back talk—as for instance, the raid taffeta shown right with a black jersey shirt. Here, it's a button-tied sash encircling a puffy skirt hung by pinafore straps.

Mrs. Evelyn Mote Is Hostess to Winsome Class for Program

Mrs. Evelyn Mote was hostess Thursday afternoon to members of the Winsome Sunday school class of the First Baptist church.

Mrs. Katherine King was honored with a handkerchief shower.

Mrs. Martha Haralson gave a book review, and plans were made for a picnic in the City park, July 19.

Next meeting will be July 26, in the home of Ann Deuel, 311 N. West, when Terry Vandover will review a book.

Attending were Mesdames Haralson, Thelma Freeman, Ava Lois Taylor, Katherine King, Mary Coffey, Mote, Deuel, Norma Lee Black, Imogene Long, Vandover, Lodema Mitchell, the hostess, Mrs. Mote, and her sister, Mrs. Mary Snellgrove.

Local Red Cross Needs Workers to Knit and Sew

Mrs. R. J. Epps, production chairman of the local Red Cross chapter, is urging Pampa women to do more knitting and sewing this summer in order that the quotas for garments may be filled on time.

Mrs. W. D. Waters, sewing chairman, has received material and tape to be made into socks, the house slippers which are badly needed for the many men who have returned from overseas and are now in hospitals here.

Mrs. Lee Harrah, chairman of the emergency closet, has announced that material for infants gowns and dresses is now available at her home, 605 N. Frost, and she will be glad to check the material out to anyone who wishes to call at her home for it.

Mrs. J. G. Cargile, knitting chairman, has the yarn for sweaters and mufflers. More workers are needed to complete the 108 sweaters in the quota for this department.

Blondenig Lang and Lt. Van Valkenburg Marry in California

Special to The NEWS: SHAMROCK, July 14—Announcement has been made of the marriage of Miss Blondenig Lang, daughter of Mr. and Mrs. Henry Lang, former Shamrock residents, who now reside in Monterey, Calif., and Lt. Van Valkenburg, son of Mr. and Mrs. Clint Van Valkenburg of Port Ord Village, Monterey, Calif.

The double ring ceremony was held in the home of the pastor of the First Methodist church in Fresno, Calif., at 7 p. m., May 12.

Mrs. Patrick O'Brien of Monterey, was her sister's only attendant. She wore a lustrous black dress with matching accessories. Her corsage was of gardenias.

Mr. J. A. Brown of Shamrock served the bridegroom as best man. The bride wore a three-piece suit of white wool serge. Her accessories were white, and she wore a corsage of orchids.

Mrs. Van Valkenburg is well known in Shamrock having lived here until three years ago when she moved to Monterey, with her parents. She attended school in Shamrock and in Monterey. Prior to her marriage she was employed in Civil Service in Port Ord, Calif.

Lt. Van Valkenburg is with the United States marine corps, and returned in February from the Southwest Pacific area, where he had seen 11 months service.

He attended school in Santa Cruz, Calif., and enlisted immediately following his graduation from high school in 1942.

Immediately following the wedding the couple left for a short trip to Bakersfield, Calif.

The couple lives at the Coleta marina base near Santa Barbara, Calif., where the bridegroom is stationed.

Obviously, a corporation can make more money supplying steel to enemies of the American people than by selling it under price control to our railroads. — C. I. O. President Philip Murray, in commenting on shipment of 100,000 tons of steel rails to Spain.

Books of Today

"THE ASIAN LEGACY AND AMERICAN LIFE" Essays edited and arranged by Arthur E. Christy (John Day-Asia Press); \$3.50.

The East and West have already met, these essayists claim in a book intended to define some of our considerable indebtedness to Asia and her peoples.

After a general survey, "The Sense of the Past," by Christy, there are discussions of agriculture, education, music, art, literature, religion and other "Ties That Bind," and a concluding paper by Pearl S. Buck.

Americans are apt to think of Europeans as their fathers, to forget that in important respects Asiatics are their grandfathers. This volume is a healthy corrective.

Perhaps the most convincing case for our Far Eastern ancestry is presented by Curt Schuyler in "The Orient and Western Music." Perhaps the most absorbing paper is that by William York Tindall on the theosophy of Yeats, E. H. Lawrence and Aldous Huxley.

The most pertinent chapter is by John Gould Fletcher, who writes at unnecessary length about the influence of Asia on John Gould Fletcher.

"THE FUTURE OF JAPAN" by William C. Johnston (Oxford); \$2.

"Modern exterior and feudal inside" — that's Johnston's colorful characterization of our Pacific enemy, and he would reshape both drastically to produce after the war a country in some degree democratic and pacifist.

An unreformed Japan, however much weakened by defeat, may some day make a new bid for empire, he fears.

Like other recent writers, for instance T. A. Bisson and Owen Lattimore, he can't understand why Allied governments plan to handle Hirohito with gloves; he thinks it no more sensible to want an emperor for Japan than for America. And he warns that it is dangerous to assume that maintenance of order and stability in Japan after the war by reliance on representatives of the old ruling groups is more desirable than risking a period of instability during which new, liberal and democratic groups are given an opportunity.

The whale shark, largest living fish, is harmless, and puts up no fight when caught by man.

Specialists Advise Water-Bath Method for Canning Fresh Peaches

Can lots of peaches this year. Turn the early stages of canning

and jam making into a mother-daughter affair.

By GAYNOR MADDOX
NEA Foods and Markets Editor

Peaches, like tomatoes, require only the water-bath method of canning. They are one of the easiest fruits to put up and have universal appeal.

Here's another brand new recipe perfected by outstanding home economists. It increases amount of fruit you can put up with your allotted 15 pounds of sugar per person this year as compared to 20 pounds per person last year.

PEACHES
(20 pounds fresh, 8 quarts canned)

Thin Syrup: 6 1-3 cups water, 2-3 cup light corn syrup, 2 cups sugar.
Medium Syrup: 5 1/2 cups water, 1 cup light corn syrup, 3 1-3 cups sugar.
Heavy Syrup: 4 2-3 cups water, 2 1-3 cups light corn syrup, 4 cups sugar.

Prepare syrup: Put water, syrup and sugar in saucepan; bring to boiling point. Remove from heat. Use hot for packing fruit.

Prepare fruit: Select firm, ripe peaches. Slip skins. Cut in halves and remove pits. Grade contents of each jar for uniform size and ripeness.

Pack jars: Pack raw fruit immediately into hot jars, pit side down and halves overlapping. Fill jars to within 1/2 inch of top with hot syrup. Seal immediately according to type lid and jar. Process 20 minutes in boiling water bath. Or: Plump in boiling syrup for 1 minute if ripe, up to 5 minutes if less ripe. Pack fruit in jars. Cover with hot syrup to within 1/2 inch of top. Seal. Process 20 minutes in boiling water bath.

Precook peaches: If they are juicy, add sugar—1/2 cup to each quart of uncooked peaches. Then heat peaches to boiling and pack in their own juice.

For less juicy fruit, drop into thin to medium syrup, boiling hot, and just heat through. For moderately thin syrup use 1 cup sugar to 2 cups of either water or peach juice—made by crushing, heating and straining sound peaches too soft for canning.

To stretch canning sugar, corn syrup may replace up to 1-3 the sugar; mild-flavored honey, up to 1/2. If it is necessary to can without sugar, cook the fruit in its own juice, or add just enough water to keep it from sticking to the pan.

Pack hot peaches evenly into hot clean jars. Place halves in overlapping layers, pitted sides downward. Fill in with 3/4 to a cup of boiling liquid, taking care to cover solid food well and leave 1/2-inch head space. Peaches not covered by liquid may turn dark. Air bubbles also cause the fruit to darken. So work out bubbles by running a knife blade down jar.

We, the Women

By RUTH MILLETT

Things that by now we could get along without:

"The salesperson's reminder that you're lucky to meet this after you've walked all over town looking for a scarce article and are paying a handsome price for it."

Public figures who exhort us not to travel when members of their own families are making trips we read about in the papers.

Movie stars who are with their husbands or in the process divorcing them telling war wives how their men should be treated when they get home.

Smart alecks who brag about how they managed to get a pound of butter, extra gas, or a nice thick steak without giving up any ration tickets.

Pictures of actresses and movie stars telling housewives who wouldn't think of wasting a tablespoon of fat (because they have to cook with it) not to throw away waste fat.

Hotels that let you set your heart on a steak because they keep listing a la carte menus, when they haven't had any of the food in months just so, as one waiter put it, "the menu won't look so empty."

JUST PRETTY PICTURES
Magazine advertisements that show beautiful pictures of food, the ingredients of which have been available in months.

Home decoration magazines telling how charming are curtains and bedspreads made of enough gin-kam for a three-year-old's play suit.

Articles on post-war living that practically promise everybody a stream-lined dwelling place where the work is miraculously done by pushing buttons.

Government statements that civilians actually have more meat per person than they were consuming in the "good old days"—when after waiting in a long line before the butcher counter often your only choice is cold cuts or tripe.

THURSDAY
Winsome class of the First Baptist church will meet at the City park at noon for a picnic.

FRIDAY
Eastern Stars will meet for initiatory work in Masonic hall at 8 p.m.

Miracle Tires Being Developed
AKRON, O., July 14.—Tires that may wear as long as the automobile they are used on, that won't puncture, blow out or skid on wet and icy pavements are under development by rubber researchers and engineers, John W. Thomas, chairman and directing head of the Firestone Tire and Rubber company, said today.

He also emphasized that some of the formative stage and no one can estimate accurately how long it will be before such tires are on the market. There is little question however, he added, that through the limitless capacities of research these objectives may be achieved.

"A tire that would run 3,000 miles was the goal of the rubber industry several decades ago," Mr. Thomas declared. "Now it's not unusual for passenger car tires to run ten times that far and it is no trade secret that we ultimately expect to produce a tire that will run 100,000 miles."

"We know how to make blowout proof tires, and we are making progress on the development of tires that are puncture-proof and have greater non-skid qualities."

WAC Recruiting Is Under Way in Amarillo
AMARILLO, July 14.—An army recruiting team will be in Amarillo through July 15 to interview women interested in serving in the Women's Army Corps.

Reporting Under Pacific Dateline

By VERN HAUGLAND

OKINAWA. — (AP) — Even before this island had been fully wrested from the Japanese, enterprising American military government personnel established the Okinawa agricultural experimental station.

Japanese were still being flushed from woods and caves when the first "4-H club" got underway.

Director of the activity in the southern third of the island is Lt. (JG) Ralph Backstrom of St. Paul, Minn.

"First thing we did, as soon as we began to get some order among the refugee civilians, was to organize the harvest of crops that were ready," said Backstrom.

"We have harvested enough soybeans, string beans and sweet potatoes to provide the natives with these foods for some time to come. At the same time, we are replanting."

The station also has established an abattoir for surplus goats—"a neat, clean abattoir, with careful inspection to see that all meat is fit for human consumption."

A crew rounds up the thousands of goats on Okinawa, and the meat of 50 a day is distributed to the various civilian centers.

"We also have organized what you might call a 4-H extension class for the children," said Backstrom.

"They line up and an Okinawa teacher lectures them on agriculture and gardening. Then they take their hoes and march off to the fields. Later we plan to give prizes for the best gardens."

American troops came to Okinawa anticipating a hot, steaming,

stinking climate, hordes of snakes, flies and mosquitoes, and more strange and deadly diseases than they could shake a test tube at.

"They found cool nights, not too uncomfortable days, almost no snakes and no more insects than they had battled elsewhere."

"From the standpoint of climate and health, this is the best island we have taken in the Pacific," said Lt. Cmdr. W. Walter Sittler of Chicago, Ill., head of the department of medicine at the military government hospital.

"The first motorists to be fined for speeding paid \$10 for driving at ten miles an hour."

WAC Recruiting Is Under Way in Amarillo

AMARILLO, July 14.—An army recruiting team will be in Amarillo through July 15 to interview women interested in serving in the Women's Army Corps.

Sgt. Anna Reynolds, who is here with the recruiting team, emphasized the urgent need for hospital technicians; however, there are also many vital jobs concerned with keeping men, material and supplies moving to the Pacific.

All WACs are carefully interviewed and tested before assignments are made, according to Sgt. Reynolds.

Persons desiring information on enlistment should contact Sgt. Reynolds at the post office building between eight and five through July 15th.

Tickets Still Available For Quarterly Luncheon

E. O. "Red" Wedgworth announced Saturday at noon that there were approximately 40 tickets remaining for the second quarterly luncheon of commerce luncheon, Monday.

"The remaining tickets will be sold Monday morning and those who want tickets will be taken care of if they call early enough," Wedgworth said.

Berlin Government Is Major Big Three Political Problem

By CURT RIESS
(Copyright, 1945, NEA Serv. Inc.)

BERLIN—When President Truman, Prime Minister Churchill and Premier Stalin meet here for the important Big Three parley, one of the major political problems on the Berlin issue will be the administration of the German capital.

The German capital — one of the largest cities in the world — will be administered by the four powers: Great Britain, France, the United States and the Soviet Union. Representatives of the four nations have been discussing government problems which will be referred to the Big Three for solution.

The situation in Berlin just now is utterly confusing. The Russians took the city and the British and Americans have not yet admitted their ideas of how the occupied city should be run. The Germans do not want to go to the part of Berlin which they think would be run by the British and the French.

For instance, we haven't yet permitted theaters and movie houses to be opened in our zone. The Russians have already permitted German audiences, both in Berlin and in the rest of their occupation zone. Will theaters be permitted to go to the Russian part of Berlin? Are we going to close theaters opened by the Russians when we take over the formation of political parties? We and the British haven't yet decided whether we will allow the formation of parties in our zone. Does this one have arisen as this one has arisen? Will we, for example, remove high posters, prominent displays and photographs of Stalin, from the parts of Berlin which we occupy? This correspondent has talked to high officers who are talking about the decision to be made in deciding Berlin policy. They didn't wish to be quoted, but were willing to outline their main ideas.

The Russians feel that it is absolutely necessary to agree on common Allied policy for Berlin. They think there is necessary for equal conditions for all Berliners. Otherwise Berliners will constantly fluctuate from one part of the city to another.

They are willing to grant civilian the right to go anywhere in Berlin. They also posed the question of whether we would allow soldiers to cross demarcation lines for formations. The Russians haven't made up their minds yet on this question.

United States policy isn't quite clear. Main street is on the change of information, which is deemed absolutely necessary. So far collaboration with the Russians is termed "extremely satisfactory." Though it cannot be denied that the Russians are extremely and necessarily suspicious. The schools which the Russians already have opened must be co-

ordinated. We think there won't be any difficulty on this score. The American officer with whom I talked was much impressed by the Russian military government in Berlin, which he declared was functioning well. This surprised trained personnel for this job. We've been preparing our men for years to take over. The Russians, however, improvised astonishingly well.

We believe the feeding of Berlin should be done as before. Namely, by the surrounding areas which produce more than they need.

TWO DIFFERENCES

The British are more or less of the same opinion as we are. They are equally impressed about the Russian organization. The officer I saw today hadn't received any definite instructions concerning political parties, but personally he thinks they should be left alone.

According to my information, every difference has been straightened out, at least in principle, except two: One is the question of Berlin. The Allies feel that east, as always before. The Russians are reluctant to do all the feeding from Russian-occupied territory. We don't wish to import food into Germany.

Second is the question of fuel. Berlin homes this winter. There is also the question of tools and machines. The Russians have taken away most of the usable machines to replace those destroyed by the Germans. Who is going to furnish the new machines which Germany needs today, it seemed that the commanding generals would decide the overall policy. Now it seems that the two main questions still open can only be decided by the Big Three at their parley.

Some of us feel they (the Japs) have the planes, but we can't figure where or what they are saying them for. Maybe they're saying them for the last grand flight to try to fight off invasion. — Big-Gen. William J. Flood, chief of staff 7th Air Force.

In the early days, crude oil was carried in barrels by horse and wagon.

PASTOR BEGINS FOURTH YEAR OF MINISTRY AT First Baptist Church

Rev. E. Douglas Carver

Next Sunday marks the beginning of the fourth year of service of our Pastor, E. Douglas Carver. Good work and progress acclaim his own praises.

In looking on the progress of the church during this time, Brother Carver has been our pastor, and that there have been 677 additions to the church, and that of this number there were 192 by baptism. The church is in the best financial condition in many years. Do you remember the day when the church paid off the last cent of indebtedness on the church building? Wasn't that a great day? This left the church free to increase its gifts to missions and benevolences, which it promptly did, and still is doing more and more.

The fact of the matter is, Brother Carver has led the church to more than double its gifts to missions and benevolences, and the total gifts for all purposes and benevolences have been \$130,516.23. May the day soon come when we can do even bigger things for Christ in a financial way. At present we have on hand in the building fund \$20,178.50 in Government Bonds, and an organ fund of \$10,550.00 in Government Bonds, which makes a grand total of \$30,737.50. In addition to this amount there has been a substantial amount expended for property improvements and purchase of an Associate Pastor's home which cost approximately \$7,000.00, and all is now paid for. The amount raised the last 12 months, July 15 to July 15, was \$47,082.53.

The First Baptist Church of Pampa has a striking motto: "Where the Visitor is Never a Stranger." The visitor will never be a stranger where Brother Doug is pastor. He is not only known and loved by his own people, but other people of other churches know him, and know him to love him. He loves Christ, and he loves his people. One of the deacons recently remarked: "Bro. Doug is the best pastor I have ever known." All of these expressions are indicative of the membership of the First Baptist Church. There is a growing spiritual interest in our church. Brother Carver often sings the praises of his people. He is aggressive. He believes in the entire program of the church, by the church, and for the church.

We thank God for sending Brother Carver to us, and we are grateful for the fine type of ministry that he has performed in our church and among her members and friends. He is truly God's man for this church. Let us remember our vows to our God, to our Pastor, and to the program fostered by our church. We must go on now to higher ground ahead. — The Voice of the Membership.

J. C. PENNEY COMPANY
INCORPORATED

July 9, 1945

Mr. E. J. Hanna,
Publisher
Pampa News,
Pampa, Texas

Dear Mr. Hanna:

This letter is written to show our appreciation to you and your advertising staff for the assistance given our firm on the opening of our remodeled store.

On Friday, July 6, our opening day, we enjoyed the largest volume of business for one day in the 16 year history of the J. C. Penney Company in Pampa.

At the suggestion of a member of your advertising staff we ran a series of "teaser" ads using a question mark, before we broke with a full page advertisement Thursday, July 5. The enclosed pictures made of the crowds attending our opening is proof enough of the pulling power of the Pampa News advertising columns.

The picture of the crowd in front of the store was made at 9:45 A. M. before we opened our doors at 10 o'clock. The interior picture was made at 10:15 A. M. and shows our customers patiently waiting until our clerks could help them.

We have always been aware of the dividends that are paid by using the columns of the Pampa News for our advertising and are now more convinced than ever.

Thank you again for your kindest cooperation,

We remain
Yours very truly

Commission Is Asked To Support Gas Pipeline

Advocates Say Denial Would Insult Mexico

AUSTIN, July 14 (AP)—The railroad commission has been implored by lawyers,ajoled by men who had "known them as boys," amused by a radio announcer and pleaded with by stockholders to support the La Gloria corporation in its re-hearing before the federal power commission for approval of a gas pipeline from Hidalgo county to the Mexican border.

Its primary application for a 20-mile line from the La Blanca field to connect with and supply gas from the border into Monterey, was not unanimously supported by the railroad commission and turned down by the FPC.

La Gloria asked for a re-hearing before the FPC which has been granted. The hearing here was for the purpose of asking the full support of the state commission on the FPC re-hearing.

D. P. Strickland, attorney for La Gloria presented a number of petitions from Valley associations, school districts, water control groups and citizens supporting the pipeline project.

Strickland said denial of the line would impede not only prospective industry from coming to the Valley, but would have a deleterious effect upon our good neighbor relations with Mexico.

"Mexico has given us water during these dry months and thereby saved our citrus industry time and again," said Strickland. "If we refuse to reciprocate by giving them

11 Notices of Intention To Drill Are Filed With Railroad Commission

Panhandle oil and gas operators filed 11 notices of intention to drill with the Texas railroad commission offices in Pampa last week.

Moore and Hansford counties had three each, Gray and Wheeler counties two each and Sherman county had one. There were 11 oil wells tested and three gas wells tested.

The following notices of intention to drill were filed:

Gray County—Gree & Hoover, J. B. Barret, "B" No. 1, I&GN survey, 330' from north, 990' from east lines of S 1/4 NE 1/4, Sec. 130, Blk. 3; 3 miles south of Pampa.

North Cole No. 2, I&GN survey, 330' from east, 330' from south lines of the gas they need, they will look upon it as an unfriendly act."

Strickland said the Valley wanted to be able to sell gas to any potential purchaser for whatever use they wished and did not believe the commission had the right to deny them this beyond the limits of conservation.

Strickland introduced a delegation from the Valley and under the questions and assertions the commissioners stated their views. Oil Clubmen and Beaufort Jester said they were against the application in the interest of conserving natural resources for future generations. Ernest Trompson said he had supported the pipeline from the beginning as he believed that "as markets increase through competition and use, value goes up and conservation is easier."

News of Interest To Oil Men

OPA Grants Crude Petroleum Increases

WASHINGTON, July 14 (AP)—The OPA has granted ceiling price increases for sweet crude oil production in the Apo-Warner (Ordovician) field and the Todd deep pool in Texas. Each was granted an increase of 13 cents a barrel OPA announced yesterday. The new ceiling for each field will range from 93 cents to \$1.25 a barrel, depending on the gravity of the oil produced.

No Other Nation Has Equaled U. S.

No nation other than ours has produced petroleum in such huge quantities. Why can we produce it? Is the United States peculiarly blessed by nature with a resource not found elsewhere? Not at all!

The reason the United States produces more oil than other nations is that Americans have taken full advantage of our freedom of opportunity. We have drilled more exploratory wells—called wildcats by the oil industry—than the people of other countries. As a result of that opportunity to venture, and the willingness of Americans to venture, we now have all the petroleum necessary to win the war.

Petroleum War Record Praised

The achievement of the oil industry in supplying the domestic and military needs of the United States is one of the great achievements of this war, says Henry M. Dewes of Chicago, prominent petroleum industrialist.

"The war performance could not have been made," he said, "without the most complete co-operation and co-ordination of the various units which have carried it on."

A multitude of instrumentalities have been involved in this, and the ability to work together was furthered and made possible through the office of the Petroleum Administrator.

"It has involved regimentation which in peacetime would be destructive but it has also demonstrated the accomplishments which can be made through co-operative action."

"The industry is engaged in the most highly competitive business in the world and its members as a whole are bitterly opposed to anything that savors of monopoly."

Officials Summoned To Appear Before Board

DALLAS, Texas, July 14 (AP)—Union and company officials of the Sinclair Rubber company's Houston plant were summoned to appear before the regional war labor board here Tuesday to show cause why there should be a stoppage of vital production if workers vote to strike.

The Oil Workers International union (OIOW) at the plant holds a strike vote Monday. The union is seeking to amend its present contract to include a union shop provision.

Chairman A. Langley Coffey of the WLB said this was the first time the board had stepped in before a strike, lockout or work stoppage occurred.

2 Oil Shows Recorded At Magnolia Company

Raymondville, Texas, July 14.—Two oil shows and a good flow of distillate have been recorded at the Magnolia Petroleum company.

One show was at 9,089-9,100 feet, where a drill stem test recovered both crude and salt water. No gauge was taken. Another test was at 8,619-31 feet, where oil flowed for four hours before salt water broke in. Drillers were expected to perforate again this week.

Previously, the test showed 100 barrels of distillate daily under 2-150 pounds of pressure on a quarter-inch choke at 10,004-30 feet.

Josephine Bonaparte introduced the custom of daily baths with soap in Europe.

U. S. Crude Oil Production Booms

HOUSTON, Texas, July 14 (AP)—United States crude oil production again broke all previous records in averaging 4,918,140 barrels daily for the week ended July 14—the Oil Weekly reported. The output was 24,370 barrels a day above that in the previous week and was about 8,000 a day above that in the previous record high set in the final week of June. The new high rate of production was in accordance with the current unprecedented demand for petroleum, as estimated by the petroleum administration for war in its certifications to the producing states for July.

Among the different states, Kansas showed the most important change in producing rate as compared with the week before, having averaged 277,700 barrels daily against 242,300. Illinois rose to 200,600 daily from 198,100 the previous week. Oklahoma to 389,700 from 388,750 and Wyoming to 110,300 from 106,450.

Partially offsetting the increases were declines in several states. California registered a decrease to 943,250; daily from 947,000, and Montana to 21,405 from 36,035. Only nominal changes occurred in other states.

pany proposed to build about 30 miles of 12 3/4 inch pipeline, extending south from La Blanca field, Hidalgo county, Texas, through the north and south, Weslaco fields in that county and thence to the border.

Reynosa Company Given Rehearing

WASHINGTON, July 14 (AP)—The federal power commission has granted the Reynosa Pipe Line company, Corpus Christi, Texas, a rehearing on its application to export up to 60,000,000 cubic feet of natural gas daily from Texas to Mexico.

The rehearing, granted yesterday, will be held here October 3. The company's application for authority to construct and operate facilities to export the gas also will be heard.

The application was for permission to export the gas, principally for use by industries in and around Monterey. It was dismissed by the FPC on May 8 on the ground such exportation would not be in the public interest. In asking a rehearing, the company said it wished to offer new testimony.

The railroad commission of Texas, which protested the gas exportation, is authorized to participate in the rehearing. The Reynosa com-

Volume on Marine Fishes Published

AUSTIN, July 14.—A 190-page volume on the marine fishes of Texas, first published work of the University of Texas' new institute of marine science, is off the press.

It's the work of Dr. Gordon Gunter who was appointed last fall as research associate in a marine science program authorized by the board of regents.

The publication lays the ground work for future investigations and student instruction—and represents a compilation of useful information for the fisherman.

Some of the findings: Most numerous species were the anchovy, menhaden, mullet and croaker.

The smaller species usually were found in the freshest water and the larger in the saltier water.

Many marine species can withstand dilution of salt content thus being able to move into bays but few fresh water species can tolerate increased salinity.

Bays are not refuges for spent races but nursery grounds for many coastal fishes and crustacea.

The spring of the year is the time of greatest spawning activity among coastal fishes.

Texas Records 21 New Polio Cases

AUSTIN, July 14.—Texas recorded 21 new cases of poliomyelitis in the week ended July 6, about half the number reported in the previous week.

Total for the year through June 7 was 312 however, a great increase over the same period of last year and some increase over the same period in 1943, an epidemic year.

QUESTIONS AND ANSWERS ON SERVICEMEN'S PROBLEMS
By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON, July 14.—Here are some questions regarding care in veterans hospitals:

Q.—I have read several conflicting statements about how Veterans Administration is supposed to pay for transportation to its hospitals and back. Just what are the regulations on that?

A.—If admission to a veterans hospital has been authorized and the applicant is being hospitalized for treatment of disease or injury as a result of his service, transportation to the hospital is furnished. Return transportation is paid after authorized discharge or completion of treatment. If the treatment is for a non-service-connected disability transportation is furnished only when the patient is unable to pay it himself. When a veteran is being admitted for domiciliary care, transportation to the hospital is furnished for the first admission. Return transportation is furnished only upon approval of the Director of National Homes, Veterans Administration.

Q.—I was discharged from the Navy because of an injury to my jaw. As a result of the injury I have had a lot of trouble with my teeth. I have to go a long way to get to the Veterans Administration hospital. Is there some way I can get treatment close to home?

A.—Yes. Treatment can be authorized by a private dentist near your place of residence. Make your request for such treatment to the nearest VA field station.

Q.—My son has something wrong with his back. A Veterans Administration hospital is very close. I am a veteran of World War II with the Purple Heart. I have never used these hospital facilities and I wonder if I could take my son there for an examination.

A.—No. VA hospital facilities are only for persons who actually served.

Reconditioning Plan Is Being Launched by Army Hospitals

(By The Associated Press)
During the coming year many thousands of wounded American soldiers will return to communities throughout the nation as civilians and will attempt to resume former occupations or take up new ones.

To help these men forget the violence of the battlefield, a vigorous reconditioning program has been initiated in most army hospitals. At McCloskey General Hospital, Temple, Texas, which is managed on the principle "kindness, happiness and efficiency," these wounded men are helped to adjust themselves to any situation and a high morale is developed and maintained.

Hospital and other war department officials greeted a radio program, "McCloskey Speaks," as another step toward helping battle casualties return to a normal civilian life. On this program patients at the hospital are interviewed, state their problems and tell what kind of work they would like to do when they become civilians. In response, hundreds of letters are received from citizens, offering suggestions and in many cases, jobs.

The program was conceived by Norman J. Dicken, director of promotion and special broadcasts for WBAP, Fort Worth.

Col. E. M. Kirby, chief of the branch of the war department bureau of public relations, Washington,

said "There is no doubt that the rehabilitation or mental reconditioning of wounded soldiers is one of the prime problems of the nation and any help in the solution is a welcome one."

Since McCloskey General Hospital is an amputation and neuro-surgery center, most of the patients have lost a leg or an arm or have had them rendered temporarily useless by a severed nerve. Even though they have been given the best treatment medical science can provide and have developed a high degree of dexterity with their prostheses civilian life poses a problem. Many of them will be unable to return to their former occupations and would appreciate sincere advice regarding the reshaping of their future.

McCloskey Speaks opens a channel for interested citizens to offer helpful suggestions to these men. Even though the program is not designed to project the participants into prospective jobs upon their discharge, numerous letters have been received offering positions to them. S/Sgt. Hal Motheral San Marcos, Texas, who appeared on one broadcast and stated he had been employed by an oil well supply company in South Texas has received a job offer. The sergeant also received a card from Oklahoma suggesting that he become a candidate for Congress.

Mrs. H. Clay Johnson, second vice president of the Hood County Teachers association, wrote helpful suggestions to S/Sgt. George Hart, a Luzon casualty from Dallas, who expressed a desire to own a garage and service station on a popular highway leading to New Mexico.

Pvt. William H. Edwards of Hayti, known as the human booby trap because Germans wired him with booby traps when he was helpless with wounds, expressed a desire to buy a small farm in Texas and move his wife and children here. His talk brought responses.

Pvt. J. C. Chambliss of Oklahoma City, Okla., aspired to become a professional baseball player before he entered the army. The 19-year-old paratrooper lost his right foot and toes from his left foot by freezing when a German SS officer took his jump boots from him and left him without any shoes. In spite of his handicap he is determined to play baseball.

"I am very much interested in the broadcast," Mayor Guy Draper of Temple commented, "because it gives the public a clear picture of what the returned veteran is facing when he returns to a civilian status. I believe that the program is equal to any I have ever heard and superior to most because the personnel used are recently returned veterans from various battlefronts and their interviews and stories are up to date."

Patients at McCloskey are interested in the program and its results for they feel that the problems presented over the air are their problems. They want to become substantial citizens. They

Texas Association Of Medicine Will Oppose New Bill

FORT WORTH, July 14.—The State Medical association of Texas will actively oppose passage of the Wagner-Murray-Dingell bills now before congress on the ground that these measures would socialize American medicine and impose a needless burden of taxation on the public.

"The bills, which include a compulsory health insurance program for 125,000,000 people, would undoubtedly destroy the private practice of medicine throughout the United States," says Dr. H. F. Conally of Waco, president of the state association. "Relationship between doctor and patient would be made a cold matter of law and the entire medical profession would be regimented. Physicians would become subordinate to federal bureaus in Washington. The individual could no longer expect to have free choice of doctor nor the doctor the free choice of patients."

"These bills provide pay roll taxes of 8 per cent on all wages and salaries up to \$3,500, half to be deducted from pay envelope and half to be paid by the employer. Self employed people must pay 5 per cent of their incomes up to \$3,600. This taxation would produce the staggering sum of \$3,142,000,000 annually. These vast funds would be administered by a single man, the surgeon general of the Public Health Service. Thousands of Wagner-Murray-Dingell employees in all parts of the United States, exercising power over human life and health could well constitute a tremendously powerful political machine."

"The State Medical association of Texas believes that adequate health, medical, surgical and hospital services can be secured by the individual through the many non-profit and commercial insurance plans for such services now existing. The association's committee on medical economics has recommended that insurance organizations now operating in Texas and providing such services, be listed for public approval after investigation of their financial responsibility and methods of operation. "Texas congressmen will be asked to vote against these socialistic measures in order to best preserve and safeguard the public health and to maintain free practice of Americanized medicine under which great scientific advances are being made."

United States, exercising power over human life and health could well constitute a tremendously powerful political machine.

Since President Roosevelt's death, there has been no shift in the American policy of friendliness toward the Soviet Union.—Joseph C. Grew, acting Secretary of State.
