Draft Strongly Favored to Maintain Postwar Army 165 JAP PLANES DOWNED IN 2 DAYS

Definite Size Of Force Has Not Been Set

WASHINGTON, May 12—(AP)—Congressional advocates of a peace-time draft said today army leaders are convinced the draft is the only way a post-war military force of 4,500,000 "available" men can be maintained.

While the army has insisted that it has no definite plans for the size of the post-war military establishment, it submitted to the house military committee this week a written statement containing these words:

"The active reserves will be composed of those individuals and units sufficient in types and numbers which will, together with the other components, constitute an over-all balanced force in the army of the United States of four and one-half million (4,500,000) men."

That figure, an army spokesman said, is strictly "a planning figure" and represents the "available" men who could be called upon in a future emergency or "M-Day." There are other figures based on other sets of assumed conditions.

Under present war department plans, committee members said, at least 4,000,000 of the 4,500,000 would be reserves and national guardsmen and, if the entire quota is to be filled, the remaining 500,000 presumably would be regular army personnel.

This war department issued a statement last night, however, in which it said it was "not the fact" that it plans a peace-time standing army of 500,000 men.

"The size of the regular army," it added, "which the war department will recommend after the war will depend upon the condition of the world, the commitments of the United States at that time and the military policy adopted by the congress."

CAUGHT?

Heinrich Himmler, Hitler's right-hand man who gave Europe its blood bath of the past 10 years, (above) was reported Saturday to be in the hands of Grand Adm. Karl Doenitz, who said he was holding him for the Allies. The report was unconfirmed. Himmler has been declared a war criminal.

Citizens Urged To Be Hosts to Battle Veterans

Pampa will play host next week to 80 soldiers who are battle veterans.

The soldiers, 77 enlisted men and three officers, will be here to present a simulated battle of infantry at 8:30 o'clock, May 21. Each one of the 80 men has served at least 30 months overseas. Some have been wounded and many decorated.

The Hospitality committee of the chamber of commerce has been asked by local men appointed by the War Finance committee to obtain food and housing for the soldiers during their stay.

The men will arrive here at about 4 o'clock Sunday afternoon and will leave the following Tuesday morning. Jimmy Massa, chairman of the Hospitality committee, reported it is necessary to locate enough Pampa homes able to have all of the men for the evening meal Sunday and we are hoping to find citizens who can keep the soldiers and their guests for sleeping and other meals.

Those soldiers who are not invited to sleep in Pampa homes will have to sleep in cots in the gymnasium at the high school.

Massa requested citizens who have accommodations for the veteran soldiers to phone the chamber of commerce, 383, immediately.

Donald M. Nelson To Drop Government Job

WASHINGTON, May 11—(AP)—Donald M. Nelson's long connection with the government will end May 15, the White House having accepted his resignation as a special representative to other governments.

Nelson, a former Sears-Roebuck executive, had been connected with the old NRA, the wage hour administration and the war production board.

Friends recently had reported him as feeling that his White House duties had become too light to warrant his remaining in the government.

Smith, citing newspaper accounts that Dahlquist had invited Goering to dine with him, said such "is not in keeping with the traditions of Texas." Dahlquist's hometown is Minneapolis, Minn. (By The Associated Press)
Men who took it at Kasserine Pass and dished it out from New Guinea to Normandy — 2,500 of them—went back to civilian life yesterday (Saturday) after years of the hardest soldiering in history.

They were the vanguard of some 1,200,000 to be released by the army specifically because they have done a man's full duty to country. Nearly all wore battle stars for the bloodiest combats of World War II. Rows of short gold stripes on sleeves betokened long service abroad, in many cases three years and more.

From military posts in various parts of the nation they walked out, still clad in khaki but no longer answerable to the bugler's call. They have three months, if they wish, to get home from the point where they were discharged before they must take off their uniforms and hang them up in the family closet. On ceremonial occasions they can burst off the dust and wear them again, along with whatever battle decorations they won.

Those discharged yesterday were veterans of battle in Europe and the Pacific, home for rest but in most cases expecting to go back until they came under the point discharge system adopted by the army. With a minimum of 45 points—for fatherhood, length of service, time overseas, and combat awards—required for discharge, the men's scores ranged up to the 158 points reported for Sgt. Irby Garner of Andalusia, Ala., who was given his papers at Fort McPherson, Atlanta, Ga.

For some of them freedom from military discipline, from the mud and toil and blood and sweat and noise of battle was still not quite believed.

"I can hardly believe I'm being discharged. It sounds too good to be true."

That was the comment of one soldier discharged in Texas. It was echoed elsewhere. Several public relations officers said the discharges apparently were still dazed by the sudden change, with their plans still uncertain.

The first thing one former soldier wanted to see a ball game; another wanted to do when he got out was all set to join his father in operating a tavern, while a third thought that going back to his old cattle ranch might be a good idea.

Police Force Is Growing Again

Pampa's police force, depleted a week ago by mass resignations, is rapidly rebuilding, as the department now has only one patrolman less than it had before former Chief of Police Ray Dudley resigned.

Newly-appointed Chief of Police Louie Allen, who had been charged with the city commission with the task of rebuilding the force, reported yesterday that Dwight L. Day, who has been a resident of this county most of his life, has joined the department as a patrolman.

Day's appointment followed the resigning of the force by J. E. Conner and H. W. Hubbard, two of the patrolmen who had previously resigned with Dudley.

Joe Dumas is the other patrolman now on the force.

BUILDING IN YOUR CITY:

MERCHANTS ARE SOLD ON IMPROVEMENT HERE

Local merchants are sold on Pampa's post-war future.

Remodeling and expansion of one kind or another is becoming a byword with local firms, as many already have made definite plans.

Here are some examples:

Levine's Department store will begin work on expansion into their basement March 15, with the selling space doubled. The store is planning general remodeling that will bring it on a par with the most up-to-date department stores.

M. E. Moses Variety store is planning expansion of its store that will double its present size.

A large fountain and numerous other departments will be added.

The management estimates this expansion will get underway the first part of next year.

Pete's Body Works is arranging for remodeling on a large scale, and plans, though not yet detailed, are already begun.

J. C. Penney plans shortly to modernize its entire interior, replacing old fixtures with up-to-date ones and giving the store a general remodeling.

What other Pampa firms are planning remodeling and expansion? This is the first of a series of articles designed to show the steps being taken by local firms toward Pampa's post-war expansion.

NAZI SPY EXECUTED BY AMERICAN TROOPS

These dramatic pictures are the first released showing the execution of a Nazi spy by American troops in World War II. The spy was Richard Jarczyk, an observer in the 36th Volksgrenadier division. Assigned to fight for the Fuehrer behind U. S. lines,

he posed as a Pole in civilian clothes and had nerve to offer to the Allied military government in Bruckweiler, Germany, his services in governing the town. His mission was to sabotage U. S. equipment and to kill Americans at night. Upper left, U. S. cap-

Congress Faces 2-Way Showdown On Postwar Plan

WASHINGTON, May 12—(AP)—Administrationists conceded today serious doubts of putting through their full program as congress approached a two-way showdown on the first legislation dealing with postwar international cooperation.

Bretton Woods world bank and monetary adjustment plans, and postwar tariff policy, were set for votes next week in the house banking and the ways and means committees, respectively.

Both committees will produce legislation, but administration leaders are not sure it will be what they want.

The state department closed its case before the ways and means committee today for both Bretton Woods and its tariff proposals. The plan was presented by Charles P. Taft, brother of Ohio's republican senator Robert A. Taft and head of the department's office of transport and communications policy.

As the committees come to the voting stage, after weeks of public hearings, here's about how the issues stand:

Bretton Woods—Banking Chairman Spencer (D-Ky.) voted confidence that a bill can be pushed through which the administration will accept and which will not require a second conference of representatives of the 44 nations.

Rep. Wolcott (R-Mich.) banking republican leader, said he is preparing amendments proposing that long-term stabilization loans be put into the bank and that the fund deal only in currency transactions.

State Official Will Be Program Speaker

Benjamin S. Harrison, state representative of the conservation and salvage division, will be the principal speaker at a special banquet Tuesday honoring boy scouts and cub scouts who earned the Eisenhower award in a recent paper drive, it was announced yesterday.

Harrison's subject will be "Boy Scout Activities as Related to the War Effort."

The banquet, which is scheduled to begin at 8 o'clock, is sponsored by all of Pampa's local civic clubs, and 75 cubs and scouts will be guests. Two hundred persons are expected to attend.

Ed Weiss will serve as master of ceremonies.

County Launches Drive Tomorrow In 7th War Loan

With Gray county's "E" bond quota set at \$525,000, Pampans tomorrow join the nation in opening the Seventh war loan drive—dubbed by treasury officials as "the most important to date."

Two big drives will serve to make local citizens bond-buying conscious during the opening days of the drive, with a special program scheduled for the Junior high school auditorium Thursday night and an infantry demonstration, in which battle veterans present a simulated battle, set for a week from tomorrow.

The Seventh drive starting only a week after the surrender of Germany, will run seven weeks through the end of June. The national quota is 14 billion dollars, while Gray county's overall quota is \$1,150,000. Judge S. D. Stennis, Gray county war fund finance committee chairman, reported \$82,500 worth of "E" bonds were sold in Gray county during April, which is included in the drive quota.

This year's quota is not a new record, but the crucial goal for individuals is the highest of all drives. The individual quota is what the bond drive is all about.

Survey Shows County Farms 100 Men Short

Farms and ranches in Gray county are short 100 men, according to the results of a survey of the agricultural planning board of the chamber of commerce.

The survey estimated that 150 additional farm and ranch laborers will be employed in Gray county after the war, on a basis of normal conditions.

ON THE HOMEFRONT: NEW SHORTAGE POINTS UP FACT WAR IS NOT OVER

It has been scarce now for some time. One merchant just laughed, and said there might not be any for some time.

"We don't even have any for our own use," he said.

It is another casualty of war, and points up the fact that perhaps before the war is over with Japan there will be other similar shortages here on the homefront.

Several persons from other cities have told us the same shortage prevails in their communities, too. There hasn't been much said about it before.

Suicidal Attacks Resumed by Nips

By RAY CRONIN
Associated Press War Editor

Fanatical Japanese resumed their suicidal attacks on American forces off the Ryukyus as the American army and navy set in motion the machinery for transfer of mighty Yank forces from Europe to the vast Oriental theater of war.

Japanese pilots damaged one major fleet unit (presumably a carrier or battleship) and several other surface units of the Pacific fleet, Adm. Chester W. Nimitz announced in today's communique. The attacks, off Okinawa and the Northern Ryukyus in large force Thursday and Friday, cost the enemy 165 planes destroyed.

On Okinawa, elements of the Sixth marine division entered the suburbs of Naha, the island's almost destroyed capital city while appreciable gains were made along the whole southern line against bitterly resisting Japanese.

Yanks occupied Tori Island, 55 miles west of Okinawa, and naval units bombarded Minami Daito, 220 miles east.

A giant Yank and guerrilla army plunger was costing slowly in the bitter Japanese in the Bukidnon sector of Mindanao island in the Philippines.

Australian and Dutch forces on Tarakan, just off Borneo, pushed the fight for the oil-rich island while in Burma British troops were clearing the way for an invasion of Malaya and Thailand.

In China's bloody Hunan province the Chinese scored important gains on a front protecting a major American air base.

Radio Tokyo claimed Japanese successes at Okinawa, Tarakan and in the Philippines, then moaned about adverse war developments and said the people of Nippon would visit the Empire's 110,000 shrines this month to offer prayers for victory.

The Japanese radio made these unconfirmed claims:

Nippon planes sank or damaged two American ships and a carrier at Okinawa; surface units sank two medium Yank transports in Philippine waters; Japanese forces made a counterlanding on Samal island, in Davao gulf, southeast Philippines; "volunteer" Indonesians joined the fight against Australian and Dutch troops on Tarakan; American flyers attacked shipping off Korea for the second consecutive day.

Already in operation was the American army's redeployment plan to shift fighting men from Europe to the Pacific. Soldiers who fought in both North Africa and Europe

Today Dedicated To Thanksgiving

Pampans of all denominations, of congregations both large and small will attend Sunday school and church services this morning to give thanks to God for victory, on this "day of prayer" which has been proclaimed by President Truman. Tribute will be paid to all mothers, many of them with sons, who by their fighting and dying, have made victory possible.

Many prayers will be said for the men still fighting in the Pacific, and for the men who are attending the conference in San Francisco, attempting to formulate a plan to end all wars.

Servicemen will attend services at the local churches and in the chapels at the army air field. Many of them have returned safely from overseas and have many reasons to make today one of thanksgiving.

Programs in the churches will be similar in arrangement, with special music and sermons, differing only in minor details, such as

ROME, May 12—(AP)—Erasmo Ponsi, poet and fascist propagandist, will be turned over to FBI agents in Italy, presumably for return to the United States where he is under indictment on a charge of treason, an Allied official said today.

GUAM, May 12—(AP)—Whole blood donated by New Yorkers and originally consigned to Paris was believed here to be the first war supply item freed from European assignment to reach the Pacific theater.

WASHINGTON, May 12—(AP)—As a result of military cutbacks there will be plenty of dry cell batteries for all civilian purposes in 30 to 60 days, the war production board said today.

Civilian output this quarter will be more than two and one half times as many cells as were made available the first quarter of this year when about 1,000,000 were released.

WINNIPEG, May 12—(AP)—Europe's need for Canadian grain is acute, E. V. Bidolph, an international authority on overseas markets, said today.

Biddulph is European commissioner for the Canadian wheat board, and was home to confer with board officials.

COPENHAGEN, May 12—(AP)—Field Marshal Sir Bernard L. Montgomery came to Copenhagen by plane today for a few hours visit in the Danish capital and a reception by King Christian X.

RENO, Nev., May 12—(AP)—Prime Minister Churchill today was described by Lord Halifax, British ambassador to the United States, as the empire's cigar manufacturer's best customer.

cisco Largo Caballero, former premier of the Spanish republic, has been freed from the Oranienburg concentration camp, the Polish agency Polpress said today.

LONDON, May 12—(AP)—More than 1,500 U. S. heavy bombers and fighters in battle formation will give England a victory salute tomorrow evening.

Youth Is Unhurt in Downtown Accident

Searched and crying, 10-year Cecil Ray Chisum, who lives with his grandmother at 428 N. Wynne, was uninjured when hit last night by an automobile in the 100 block on S. Cuyler, but he was the attraction for scores of onlookers.

Pedestrians and motorists contributed to a traffic tie-up resulting when a 1942 Chevrolet, driven by 17-year-old Bob Cochran, 1314 N. Charles, collided with the boy, who ran into the right front fender and fell to one side.

Cochran said he had not seen the youngster until after he had run into the car.

Strain On Texas Wells Seen As Production Is Stepped Up

DALLAS, May 12—The strain on Texas oil wells to produce large additional quantities for the war effort is reflected in a marked decline in the number of flowing wells and a sharp increase in the number of those which have to be pumped, the Texas Mid-Continent Oil and Gas Association pointed out Saturday.

"Texas had 40,524 flowing oil wells in 1941 compared with 37,629 in 1944," the association said. "In the same period, the pumping wells increased from 59,177 to 62,144."

"Texas responded to the nation's need for steel and other critical materials for the war by cutting its drilling of new wells by more than one-half. The effect of this curtailment is shown by the fact that the number of flowing wells completed dropped from 6,358 in 1941 to 2,615 in 1942, to 2,039 in 1943 and to 3,023 in 1944.

"Flowing wells completed during the first three years of the war totaled 7,683. During this same period, 7,996 wells quit producing and had to be abandoned.

"The effort Texas is making to provide plenty of oil, and on time for the war effort is indicated by the fact that in 1944 the wells in this state produced 728,122,000 barrels compared with less than 500,000,000 in a normal year.

"This extra production, plus reduced drilling is beginning to tell but there will be no let up in Texas' readiness and willingness to respond to whatever demands are made on its wells for oil to blast the Japs off the face of the earth.

Journalist Joins Gas Association

WASHINGTON — The appointment of Louis E. Whyte of Washington as supervisor of the educational department of the Independent Natural Gas Association is announced by John A. Ferguson, executive director.

Whyte, who entered upon his duties May 1, comes to the association with some 15 years of experience in Washington with newspapers, trade journals and business information service organizations. He left the staff of the Bureau of National Affairs, an affiliate of the United States News organization, to accept the INGA position.

He is at present spending some time in Oklahoma City and other parts of the Southwest to acquaint himself with industry people.

EQUAL PAY FOR EQUAL WORK
PORT ARTHUR—No discrimination of policies of the Oil Workers Intl. Union-CIO were vindicated when women employed at a Port Arthur refinery won equal pay for equal work. The regional War Labor Board upheld the contention of Oil Workers Local 23 that there must be no discrimination in pay.

"Drilling new wells has been further hampered by subnormal prices for crude oil and an increase in drilling costs of more than 100 percent. At present Texas oil brings \$1.21 per barrel of 42 gallons, against a normal value of \$1.85. The average cost of drilling a new well rose from \$34,000 in 1942 to \$47,000 in 1943 and \$65,500 in 1944."

PAW Stems Rumor of Plenty of Petroleum

WASHINGTON, May 12—(AP)—It isn't true, the petroleum administration for war declared, that gasoline and fuel oil storage tanks on the east coast are "overflowing."

PAW said it had been hearing rumors to this effect, but reported that supplies on hand in the east are not sufficient to justify any easing of restrictions "immediately."

Big Little Inch Sign With Union

COLUMBUS—All six divisions of the mighty Big and Little Inch pipe lines pumping oil from the Gulf to the Atlantic Coast are covered by contracts with Oil Workers, Intl. Union-CIO, as the result of negotiations just completed in Columbus.

Vice Pres. E. Carl Mattern, in charge of negotiations with War Emergency Pipe Lines, Inc., announced that portal to portal pay had been won, together with severance pay up to four weeks, sick pay ranging up to six months for employees with 10 years' service, and \$4.50 a day expense allowance for employees away from home overnight.

Texas Oil Production Certification Made

AUSTIN, May 12—(AP)—The petroleum administration for war has certified that total production of petroleum for war in Texas during June shall be 2,383,000 barrels daily, Oil Cullerson, chairman of the state railroad commission announced.

Of the amount certified 2,170,000 barrels daily shall be crude which is the same rate of production certified for May.

Because limitations of transportation and refining facilities do not permit further shifting or additional movements of sweet crudes from other areas into the Longview terminal of the war emergency pipeline the 16,000 barrel daily increase in sweet crude certified for allocation in the East Texas field in Feb., and April may be continued into June, Ralph E. Davies, PAW deputy administrator has advised.

The Southern states in 1935-36 spent \$17.04 per Negro pupil in elementary and secondary schools against \$49.30 per white pupil.

OIL WORKERS HASTENED HITLER'S DOWNFALL

HQ. SIXTH ARMY GROUP IN SOUTHERN FRANCE—Union oil workers from Texas, Oklahoma, Louisiana, California and other states are manning the pipe line which made motorized warfare possible against the Nazis and hastened Hitler's fall, reports Herbert A. Klein, Federated Press correspondent.

The Military Pipeline System, MPS in army lingo, did a sensational job in pumping the victory juice straight from American tankers in the Mediterranean to the German battlefields. Through it sped 80-octane gas for tanks and 100-octane for planes, with veteran oil workers supervising the pumping.

Borger Indian Is Victim of Knife, Couple Is Held

BORGER, May 12—A Borger couple is being held in county jail at Stinnett today as suspects following the fatal stabbing at 4 o'clock this morning of Mrs. Jack Merrick Littlechief, local Indian.

No charges have been filed, pending investigation. An eyewitness account is said to be available.

Mrs. Littlechief was stabbed twice, once in the top of her left shoulder and again in her left arm, just above the elbow, the last stab piercing through to her chest. She was taken to the hospital in a Blackburn - Shaw ambulance, and was pronounced dead on arrival.

City Officers Buck Richardson and J. C. Badgett told a Borger Herald reporter they answered the call at the home of Clay Robbins, 314 W. Coollidge, where the stabbing is said to have occurred. Robbins is the alleged eyewitness.

Officers said a kitchen butcher knife was used in the stabbing.

Panhandle Man Doesn't Give Up, Despite All His Handicaps

By PHYLLIS SCHUMAN

WHITE DEER, May 12—"I'm not going to sit around and beg," says Clifford Brown, a former citizen of White Deer, who has been in bed or in a wheel chair constantly for the past 10 and one-half years.

Mr. Brown fell off a horse on Oct. 3, 1931, while he was working on the T-6 ranch. He did not realize that he was hurt and continued for three and a half years doing his work as usual, riding horses, etc. Then his back began hurting him and he became bedfast. A cyst had grown on his spine.

Because of the very severe pain, he went to specialists in Mineral Wells, Dallas, and Wichita Falls. Three days after his first trip to Mineral Wells, his wife died, leaving him and his two small sons, Mr. Brown felt that the "world had pretty much fallen on him," but somehow he was ready to try again.

On Feb. 6, 1939, "Cliff" as he is best known, got a wheel chair, so he went to the hospital again, this time to Galveston, where the Texas university specialists operated. At last he was relieved of his pain, but still could not walk.

Then in 1943, the rehabilitation representative, R. H. Nowlin of Lubbock, came to White Deer and talked to "Cliff." It was decided that he should go to the school workshop each day and learn what he could about working with wood and tools.

W. C. Whiteside, the shop teacher, assisted Mr. Brown in learning the new trade.

Since that time, Mr. Brown has gone to the school almost every afternoon to work. One day last spring, he was caught there in a rain and had to stay all night. He worked until about 2 o'clock in the morning, then went to sleep in his chair, and woke again before sunrise to begin working.

He had made 130 name-plates, selling them at from \$3.50 to \$6 each. He has also made floor and desk lamps and smoking stands.

Through this type of work, Mr. Brown has made enough to support himself and his mother, buy \$400 worth of war bonds, and put \$100 in the bank for a "rainy day."

During the years before he had a wheel chair, Mr. Brown ordered one of the "teach yourself" music books, got out his "fiddle," and learned to play. Though he says he has not kept up his practicing too well, he does play a little every day.

Letter-writing has also been one of his hobbies through the years. He laughingly says that it would have taken seven lawyers to read his handwriting, but he learned to letter and writes that way now. He has kept a diary since 1929.

His two boys, Don Eugene, 11, and Kenneth Fred, 9, live with relatives 15 miles southeast of White Deer.

Mr. Brown and his mother moved to Amarillo about the first of May to learn boot-making, and hopes to

Miamians Are Quiet On Day of Victory

MIAMI, May 12—All business houses were closed part of the day and the Miami public school was closed all day Tuesday in observance of V-E day.

The Miami Methodist church bell and the school bell rang after President Truman proclaimed victory, and at 10 o'clock a large crowd of citizens attended a religious service at the Baptist church. Rev. W. Howard Moore and Rev. C. A. Holcomb, Jr., conducted the services which were appropriately impressive. A large number of school children and teachers were in attendance. As a whole, the day was spent very quietly by everyone.

Before he was ten years old, the 15th century Italian painter, Pietro Perugino, had begun his life work, studying under a master.

He was able to put in a shop of his own sometime in the future.

He never loses hope that someday he will walk again.

Local Florists Sell All Wares

Many mothers in Pampa with well-meaning children were without flowers today as all local florists were completely sold out, and were forced to turn down many orders.

One florist reported he had more flowers on hand this Mother's day than ever before, but had to refuse "at least 200 orders for flowers" yesterday. He explained the demand this year was tremendous.

Another florist estimated the demand all over the country was fifty percent more than the supply.

All of the flower shop managers reached said they had filled most of the overseas orders, as these were given priority, although one florist said 40 late wire orders were received Saturday that could not be filled.

"We tried our best to take care of most of our soldier orders," one florist said, "but we were unable to serve the majority of our regular customers here."

Church Will Aid Stricken Europe

The Pampa Church of the Brethren will take part in a nationwide Brethren church drive in which each church participating will send two heifer milk cows to Europe for relief of suffering nations.

In announcing the Pampa church's part in this drive yesterday, the Rev. Russell G. West, pastor, said that a committee had been appointed from this church to arrange for the shipment.

Members of the committee are Amos Harris, Kingsmill; Ralph A.

Byrum, Miami, and J. R. Shelton of Pampa with Harris serving as committee chairman.

Rev. West said that, as Pampa is not in a dairying district, the local church will sell two registered Hereford and use the money to purchase dairy cattle.

Farmers Urged To Attend Meet

All interested Gray county farmers are urged to attend the bindweed control meeting to be held May 15 at 10 o'clock in the district court room, County Agent J. P. Smith said yesterday.

"We are fortunate in having F. L. Timmons, associate agronomist of the Hays experiment station in Hays, Kans., to lead the discussion at the meeting," Smith said. "He is one of the best informed men in regard to approved methods of bindweed control available."

Also present at the Tuesday meeting, and contributing to the discussion, will be E. A. Miller, agronomist specialist of Texas A. and M.

Tuesday morning the group will discuss bindweed control methods, and the same afternoon will participate in a field trip to some bindweed control demonstration. The exact time and location of the demonstration is to announce later.

Smith reminded that the interest in bindweed control in Gray county is intense and said he is hoping for a large turnout at the Tuesday-meeting-and-demonstration.

Harvesters Beat Exes 19 To 7, Ending Spring Practice

Johnson Is 'Most Valuable'; Beard Chosen as Co-Captain

By SCOTT RAFFERTY
News Sports Writer

Randall Clay pushed across two touchdowns to spark the 1945 Pampa Harvester football team to a 19 to 7 win over the Harvester Exes Friday night. It kept the record clean as a team of Exes has never before won one of the annual affairs.

L. J. (Jake) Halter, star quarterback on the 1941 and 1942 elevens, was the big guns for the Exes as he repeatedly slashed through the Harvester defense, passed to Joe Cree for the Exes' touchdown and kicked the extra point.

The game climaxed the Harvester spring training schedule, in which over 100 boys actively participated. The training was originally scheduled to end next week but final exams made it necessary to halt Friday.

In ceremonies after the game, George Johnson was chosen by his teammates as the most valuable player during spring training and Charlie Beard was unanimously chosen as the other co-captain of the team.

Jimmy Terrell had previously been elected head captain and Clay as co-captain.

Johnson's award, a gold cup to be given annually, was presented by Morris Goldfine in behalf of Zale's Jewelry company, of which Goldfine is local manager.

The player is elected on the basis of attendance and value to the squad. Johnson has not missed a day of spring practice. His name will be engraved on the cup and he will keep it until next spring after which it will be presented to another player.

Kenneth Grantham, 1944 quarterback, shared the spotlight with Halter and he made several sensational gains, including a 50-yard kick-off run-back.

For the Harvesters, Randall Clay and George Johnson led the attack, ably assisted by fine line play from Jack Dunham, Jimmy Terrell, Virgil Fish, Stan Simpson and others.

Johnson went around right end for the initial score of the game after only four plays had been run. Jim Wilson's try for extra point was blocked by the crashing Exes' line.

Clay's first touchdown came early in the second quarter after he and Wayne Davidson, Harvester full-back, had carried the ball to the two-yard line. Wilson's extra point try went wide.

As the second half began, the Harvesters again launched a drive which led them to the Exes' 25-yard line from where Clay carried it over for the touchdown. Johnson passed to Beard for the extra point and the Harvesters led 10 to 0.

The Exes' score came midway through the fourth period after Grantham's long run-back of the Harvester kick-off late in the third period.

Repeated gains by Halter, and Grantham and two offside penalties against the Harvesters brought the Exes down to the Harvester 20-yard line from where Halter passed to End Joe Cree for the score. Halter's kick for extra point was good.

The Harvesters took the ball on the kickoff and kept possession until the game was over.

Starters for the Exes were Dee Griffin, Jake Halter, Kenneth Grantham, and Kenney Beasley, backs, Richard Ossey and John Chesher, tackles, Ox Blanton and Harold Rhinehart, guards, Joe Cree and Frank Daugherty, ends, and Arnold Erickson, center.

For the Harvesters, starters were Jack Dunham and Charlie Beard, ends, Jimmy Terrell and Stanley Simpson, tackles, Virgil Fish and Don Humphreys, guards, Maurice Lockhart, center, and Jimmy Wilson, Bill Washington, Randall Clay and George Johnson, backs.

Senior Softballers To Meet Tomorrow

All persons interested in forming a senior softball league for men and boys 18 years old and older, have been asked to attend a meeting in the city commission rooms, city hall tomorrow night at 7:30.

Two teams have already been formed to play in a league if it is formed and several local men have expressed their desire to play on a team.

Soldiers at PAAF have been invited to participate.

By HUGH FULLERTON, JR.
NEW YORK, May 12.—(AP)—The boxing business must have hit the bottom the other night when Willie Ketchum, manager of Danny Bartfield, and promoter Angelo Pucci staged an informal bout at Catcher's in the rear of the Paterson armory. Maybe they were fighting because the fighters wouldn't (though one version is that there were some preliminary remarks about the referee) but those who saw the affair clamored for a rematch—Jack Jacobs, Oklahoma track coach, sized up the shot put possibilities against Oklahoma Aggies this way: "Bob Kurland can stand flat-footed in the circle reach out one long arm and drop the shot 35 feet from where he's standing."

ODT Head Clamps Lid on All Sports

By BUS HAM
WASHINGTON, May 12.—(AP)—Sports will "be lucky" to play out regular schedules this summer and fall unless Japan quickly folds up, relieving the burden on transportation, says ODT Director J. Monroe Johnson.

It already has been demonstrated in redeployment following Germany's defeat, Johnson said today, that the "impact on sports like everything else will be terrific."

Going over the sports situation in an interview, Johnson commented that:

There is "no possibility" of the all-star major league game being played.

The Kentucky derby, Preakness, Belmont stakes and other horse racing headlines will be conducted on a "trouley car" basis.

The world series cannot be held unless both pennants are won in one city as St. Louis did last season.

Bowl football games "simply will be out of the question" along with the college all-star game in Chicago and similar contests.

All college football games must be played on the "home" field of one of the competing teams. This includes the army-navy game, played in Baltimore last season as a war loan feature.

"And even if Japan quits by next September, it will be about six months before we recover enough to help anybody," Johnson said. "The only hope is for the Japanese to see the light in the next six weeks or so."

Johnson's remarks struck the sports world like a bucket of cold water.

With the lifting of the ban on racing, rescission of the war department's regulations on 4-F professional athletes and easing of other government restrictions, athletic leaders had felt more optimistic about the future than at almost any other time during the war.

"Everything not dedicated strictly to the war will have to get out of the way and we haven't got time to argue," Johnson emphasized.

"No one would be happier than I if we could cut out all wartime travel restrictions," he said, "but the brutal, inescapable fact is that due to greater transportation demands ahead we must be prepared for further curtailment."

The Pacific coast will be "a particularly acute area" in this country's redeployment of armed forces and some football games out there besides the Rose Bowl "may be out," Johnson added.

Referring to savings already made by sports, with organized baseball taking the lead, Johnson remarked "that is a mere bagatelle."

Meeting Is Called To Make Final Plans For Kiwanis Club-Church Softball League

Liebmann Langston, member of the Kiwanis club boys and girls work committee announced yesterday that the annual Kiwanis club church softball league will open May 28.

The committee has called a meeting for next Friday night at 7:30 p. m. in the city commission rooms, city hall, where plans for the league will be worked out and a schedule drawn up.

A number of entries in the league, both boys' and girls' teams have already been received and Langston said that if all persons interested would be at the Friday meeting, the program will be as great a success as it was last year. Over 250 boys and girls participated in 1944.

The league teams are open to all boys and girls up to 18 years of age, as of May 6, to make up both Junior and Senior boys division and a girls' division.

The Junior boys league will be composed of boys who, on May 6, are not over 14 years of age. The boys in this age group may be used to make up a team in the Senior league but 15, 16, 17 or 18-year-old boys may not play in the Junior league.

The girls' league will be composed of girls, who, on May 6, were not over 18 years of age. Eligibility of players will be based on Sunday school enrollment as of May 6. Any boy or girl not enrolled on this date must attend a Sunday school for two successive Sundays before becoming eligible to play on its team.

Thereafter, all players must maintain an average attendance of at least 50 percent at the Sunday school on whose team they play.

Boys' senior league games will be played at Roadrunner Park on West Brown street and at the Magnolia park on West Foster.

Girls' games will be played on a newly constructed park between Sumner and Wells streets on the block north of Alcock, and on the diamond at Woodrow Wilson school.

Boys' Junior league games are to be played on the Sam Houston school diamond and either at the

Longhorns Not To Be Penalized for Using Former Pro Irish Gridders Win Over Exes 13 to 6 In Thursday Game

DALLAS, May 12.—(AP)—The Southwest conference faculty committee ruled today that the University of Texas baseball team would not be penalized for having used Henry Culp, who was charged as having played professional baseball before entering college.

Investigation of Culp, now with Memphis of the Southern association where he went after having pitched one victory for Texas in the conference baseball race, was instituted by Bruce Leyer, sports editor of the Houston Post. It came to Leyer's attention from a former professional ball player.

Leyer wired Judge W. G. Bramham, president of the national association of professional baseball leagues, who replied that Henry E. Culp had been with Lafayette of the Evangeline league and Osceola of the Northeast Arkansas league in 1937 and with Henderson of the East Texas league and Harlingen of the Rio Grande Valley league in 1938.

D. K. Bible, University of Texas athletic director, said every effort had been made to determine Culp's eligibility. It was on this basis that the conference committee ruled there would be no penalty against the university.

Texas is now leading the conference baseball race.

MORE MILES-OF-SAFETY ON RIVERSIDES!

EVERY RIVERSIDE PLY IS 12% STRONGER!

Yes, Riversides are actually stronger than our pre-war first-quality tires! Stronger, because Riverside cords are stronger to start with; then chemically-treated... to make your tire last longer, and lessen the possibility of a blow-out.

6-ROW TREAD STOPS FAST, WITHOUT SKIDS!

Recognized tire-engineers agree that a 6-row tread design (like Riverside's) is "tops". Rubber, braking on water, skids! Notice how the sharp rows squeeze the water out from under... forcing it into the grooves for a quick, smooth stop.

"RIVERSIDES DIDN'T COME ON MY CAR; I CHOSE THEM!"

Your neighbor's Riversides didn't come on his car; he chose them himself, to replace the tires he found on his car as "original equipment." He chose them deliberately, in preference to all the other famous tires. (Ever ask him why?)

PROOF THAT RIVERSIDE TIRES CAN "TAKE IT"!

Tests like this one prove that Riversides' 12% stronger plies give greater protection against blow-outs! This big steel spike is "shot" into the spinning tire like a projectile! It actually buries itself in the tire. Yet... no rupture, NO BLOW-OUT!

280,000-LB. STEEL STRENGTH IN BEAD!

It's this steel bead (or wire) that keeps your tire on the rim. Riverside's extra-strong bead is extra-firmly anchored. It's thoroughly insulated to minimize friction. (You'll find that in Riverside tires, not a single safety-detail has been overlooked.)

38,621,055 RIVERSIDE TIRES SOLD TO DATE!

Yes, more than 38 million Riverside Tires have been sold, in all. And every last one of them was a deliberate "replacement" sale; the careful choice of a person like yourself. (It couldn't have happened... without some pretty good reasons!)

89% OF RACE WINNERS CHOSE RIVERSIDE TIRES!

Auto-Race Drivers, to whom tires meant life or death, bought Riversides. Regular "stock" Riversides, right in Wards stores! Why? For the same reason that makes thousands of car-owners choose Riversides today:—More miles-of-safety.

33% OF THE "BIGGEST" BOUGHT RIVERSIDES!

When peace-time plenty permitted them to choose ANY tires, 33% of America's biggest-truck-operators (who keep a million-dollar record of every tire) bought Riversides. And more Riversides! They got more miles... more miles-of-safety.

RIVERSIDE TIRE PRICES ARE NOW REDUCED!

Now (with a ration certificate) you can get the extra-wear and extra-safety of Riversides, at the lowest prices in months! For More Miles-of-Safety, change to Riversides—warranted to give satisfactory service without limit of time or miles!

Southwest's Richest Golf Tournament To Be Held Every Year.

DALLAS, May 12.—(AP)—The southwest's richest golf tournament—a 10,000 open that will become an annual affair in Dallas—was announced today for Sept. 6, 7, 8 and 9.

Sponsored by the salesmanship club of Dallas, the tournament, which replaces the Texas victory open, will be for the benefit of a children's recreation camp here. The victory open was held in 1943 and 1944.

The tournament, approved by the national professional golfers association, will have a limit of 150 entries. Amateurs will participate only on invitation.

The recreation camp, established on the shores of Bachman's lake, was opened in 1921. It was closed in 1942 because of the infantile paralysis epidemic and has been occupied the past two years by a non-commissioned officers club for the 5th ferrying group here.

The recreation camp will be reopened and will be operated from profits of the tournament.

The tournament will be held at the Dallas country club, scene of the Texas victory open. The 1944 victory was at Lakewood country club.

Longhorns Amass 79 Points To Win Conference Track and Field Meet

DALLAS, May 12.—(AP)—The University of Texas swept up seven first places and a tie for another today to win the thirtieth annual southwest conference track and field meet—the nineteenth title for the Longhorns and the sixteenth in twenty-four years of coaching by Clyde Littlefield.

The Orange rolled up 79 1/2 points, 32 more than second place Texas A. and M. Rice was 3rd with 30. Arkansas fourth with 14 1/2 and Southern Methodist fifth with 5 1/2. Texas Christian also competed but did not score.

The Aggies pulled down four firsts and a tie for another with their Roy Holbrook the high-point man of the day with 10 3/4. Holbrook won the 440-yard dash by three yards over Guy Groves of Rice, took the half-mile easily and ran on the second place mile relay team.

Points were scattered through the program of close finishes in most events. Andy Shurr, Texas' top sprinter, was beaten in both dashes—in the 100 by Rice's George Walmesley and in the 220 by his teammate, Earle Collins, a surprise winner, and Walmesley.

Franklin (Sandy) Crow, big Texas hurdler, was second high point man with 10 while Walmesley and Collins wound up with 8 3/4 each. Damon Tasso, Texas A. and M. field man, made 8.

army spokesmen as asserting there were these two alternatives to the building up of a huge reserve through a peace-time draft law:

Hearings will start June 4 on peace-time draft legislation broadly requiring every able-bodied male citizen to take a year of military training as soon as he becomes 18.

Of an estimated 1,200,000 youths expected to be eligible for training annually, the army believes it can train 600,000 and the navy 200,000. The others would be rejected or deferred.

Should the program discussed with the military committee be approved, many of the 186,000 reserve officers now on active army duty would be retained to provide the training.

Along with the outline of its tentative reserve program, the war department has given the military committee copies of a statement by General George C. Marshall, in which the army chief of staff expressed this view:

"There are two types of military organization that might be developed. . . One of these is the standing army type. . . Under this system, leadership in war and the control of military preparations and policy in peacetime are concentrated largely and necessarily in a special class or caste of professional soldiers. This is the system of Germany and Japan. It produces highly efficient armies. But it is open to serious political objections. . . It is based upon the conception of government by the people.

The second type of military institution is a citizen army which is based upon the conception of a professional peace establishment (no larger than necessary to meet normal peace-time requirements) to be reinforced in time of emergency by organized units drawn from a citizen army reserve, effectively organized for this purpose in time of peace. . . The type of our military institutions was determined in the beginning by the form of our government and has not changed since Washington's administration. It will therefore be the basis for all plans for a post-war peace establishment."

Why is the drive the most crucial of all Treasury officials say it's because: (1) war costs won't begin dropping until at least next fall, and (2) consumer goods are plentiful, making it essential to finance as much as the war as possible out of consumers' pocket-books in order to fight inflation.

Present Levels On Wages Sought

WASHINGTON, May 10.—(AP)—The war labor board Friday announced it will follow a policy of keeping wage rates at present levels during the shift from war to peacetime production.

The board said it will be just as alert to guard against a drop in general pay levels as it had been against increases.

Chairman George W. Taylor told a news conference that some changes in basic scales may be approved, but they will not be retroactive, as at present.

The board must approve the pay schedules of converting plants, but those continuing to produce for war against Japan without a turnover of job classifications need not apply for approval of their scales beyond the normal procedures which have been in effect in the past.

Plants making a shift over will be required to submit their new schedules to the board before or just as soon as they are put into effect.

Labor's no-strike pledge and management's strike-against lock-outs will be continued, Taylor said. This sentiment was echoed by Van Bittner, CIO member of the board, and James Brownlow, AFL member.

"As long as there is a no-strike pledge, there must be a war labor board to decide finally any disputes not settled by the parties," said Taylor. The no-strike pledge was given for the duration, he said, "and of course that means at least until victory over Japan."

Publication Says Kennedy Guilty

NEW YORK, May 12.—(AP)—Editor & Publisher, newspaper trade publication, in an editorial says: "In all fairness to Edward Kennedy of the Associated Press we have been reserving judgment on his case until he could plead his own defense. Up until Thursday he was being tried and convicted by everyone in this country without hearing his side of the story."

"Now we have Kennedy's story, carried by AP, and we consider it inadequate. If that is all he has to say in his own behalf, no other verdict than 'guilty' can be pronounced."

"We agree with Kennedy that no military security was involved and that it was political censorship. Moreover, by that time the German radio had announced it and the Stockholm radio had confirmed the surrender. It was no longer a secret."

"But Kennedy violated one of the cardinal principles of good journalism—that of respecting a confidence."

"We would like to add that the arrangement between the Big Three to keep the surrender story under wraps until Truman, Churchill and Stalin could announce it was stupid. X X X"

"We hope this will serve as a lesson to the military and political leaders of the Allied nations that a story of that magnitude cannot be kept secret. What is more important, the people are entitled to know the facts as soon as possible."

Point Value on Fats Is Raised

WASHINGTON, May 12.—(AP)—Price Administrator Chester Bowles tonight ordered higher ration point values for lard, shortening, cooking and salad oils, effective at 12:01 a. m. Sunday.

They will be increased to 10 points a pound from the present value of 6 points.

This action, Bowles noted, was forecast two weeks ago when the inter-agency committee on foreign shipments reported that "the free world's needs for this basic nutrient and industrial raw material, including the needs of liberated Europe, exceed prospective supplies by nearly 500,000 long tons."

The report also said that the United States "must be prepared to economize its use of (fats and oils) if any real contribution is to be made to this pressing problem."

The point value increase announced today does not apply to butter or margarine.

We Are Sorry
But due to an abundance of overseas orders and other service men's orders, we were unable to fill Mother's Day orders for a good many local people. Shortages in our stocks made it necessary to close two days last week. We are indeed sorry that we were unable to take care of all the orders we received but we gave our attention first to overseas orders. Everyone was very understanding and we want to thank you for all considerations.

For Mother From Far Away

*I want to be home on Mother's Day
But I'll be thinking of you
And in your understanding way
You'll know how much I love you
You'll know I want to be there
Right with you to express
This wish that
Also is my prayer
That you have
Very happy.*

THOUGHTS OF HOME FROM FAR AWAY

add extra tenderness to the 1945 Mother's Day mood. Sunday, May 13, this year finds more mothers and sons separated than at any time since the first Mother's Day, thirty-seven years ago. Daughters too are away from home, in the armed forces or at distant war jobs, and Mother's Day remembrances like the one above, with its wistful message, tell what is in the hearts of sons and daughters alike.

Sam Houston Has Tea for Mothers And New Officers

Mothers of pre-school children were honor guests at the meeting of the Sam Houston Parent-Teacher association Thursday afternoon.

Mrs. Jack Merchant, president, conducted the executive meeting which preceded the program.

Mrs. Sug Cobb was leader for the afternoon, and the devotional was given by girls of the second grade under the direction of Mrs. John Bradley, teacher.

Special music was furnished by first grade pupils, directed by Mrs. J. D. Beech, with Mrs. Roy Sullivan accompanying at the piano. Miss Millicent Schaub was guest speaker using for her subject, "Wholesome Recreation in the Community." Mrs. Cobb gave a report of the Red Cross work in the school. Miss Mellicie Byrd Richey gave a report of the teacher's banquet which was held recently.

New officers installed by Mrs. W. R. Campbell were Mrs. James Fitzgerald, president; Mrs. Sug Cobb, vice president; Mrs. Fred Radcliff, treasurer; Mrs. Arthur Teed, secretary; Mrs. Henry Ellis, parliamentarian; Mrs. Viri Ward and Mrs. Glenn Radcliff, city council representatives.

Outgoing officers are Mrs. Jack Merchant and Mrs. Tex DeWeese.

Mrs. C. W. Stowell presented all past elected officers with red rose corsages from the faculty and Mrs. Merchant gave the P. T. A. presidents pin by Principal J. A. Meek, on behalf of the organization.

An informal tea followed the program with Mrs. Cy Trease, hospitality chairman, in charge, assisted by Mrs. John Pitts.

WARTIME 'WHISTLER'S MOTHER'

In a pose inspired by Whistler's famed painting of his mother, seen on the wall, this year's wartime mother sits in her home sewing a fifth star on her service flag. Like many other mothers, she has three sons in the army, one in the navy and one in the coast guard.

Progresso Club Completes Year With Luncheon

The Progresso club completed its year's program with a covered dish luncheon held in the City club room, Tuesday afternoon, with 15 members and one guest attending.

After the luncheon, the meeting was called to order by Mrs. W. E. Ewing, president, and after a brief business meeting, the program on "Charm," was presented with Mrs. William Carl Jones as leader.

She stated that every woman possesses the potentialities of charm, which can be developed; that charm consists of many and various qualities, mental, physical and spiritual, all of which can be learned and acquired by sincere desire and effort.

Mrs. D. V. Burton discussed, "Suppose We Don't See Forty Again." She pointed out the fact that becoming aged is an inescapable fact of life and that women must meet this challenge either with bitterness and resentfulness, in which case, they will lose most of the pleasure of their later years, or they can meet it with gracious acceptance and make it the most useful part of their lives.

At the conclusion of the program the club adjourned for the summer.

Answering roll call were Mesdames John Andrews, C. P. Buckler, D. V. Burton, Ewing, E. E. Finley, J. J. Hightower, C. T. Hightower, Jones, P. C. Ledrick, Lenora McMurry, O. R. Owens, Dave Pope, S. D. Stennis, George Walstead, and Miss Nellie Warren. A guest was Mrs. W. W. Burton, of San Diego, Calif.

Hetrick-Banks Vows Are Read In Post Chapel

Marriage rites for S/Sgt. Albert P. Banks of Squadron C, Pampa army air field, and Sue J. Hetrick, daughter of Mrs. Sara Hetrick of Railroad, Pa., were performed Tuesday, May 8, in the local air base chapel with vice-post chaplain, Capt. Bannen Y. Swope, officiating.

S/Sgt. Banks is the son of Mrs. Myrtle Banks, 208 Electric Ave., E. Pittsburgh, Pa.

The bride wore a blue two-piece suit with white accessories and carried a white Bible topped with a corsage of white carnations.

Matron-of-honor was Mrs. Claude Hetrick, 415 E. Seventh St., San Angelo, Texas, who wore a light blue dress with black accessories and a pink carnation corsage.

Best man was S/Sgt. Claude Hetrick, nephew of the bride, who is stationed at San Angelo army air field.

The couple will reside at 317 E. Francis St., Pampa.

The wild turkey, a native of America, and once abundant in the wooded regions of the Eastern United States, is now very rare.

Chaplain Strevig Is Guest Speaker At Class Banquet

SHAMROCK, May 12 - "The greatest frontier ever faced by mankind, is faced today in bringing the world together" declared Chaplain John Strevig, as he addressed the group at the annual Junior-Senior banquet recently at the Methodist church.

He chose as his subject, "Frontiers For Youth to Conquer Today," and brought an inspiring message admonishing the students to first conquer themselves and learn to follow.

"Unless a man can take an order and be able to follow, he never makes a good leader," stated the speaker. "Conquering self includes conquering our thoughts, deeds and life, and aspiring to high ideals and nobility."

In closing he remarked, "Prove your worth by making Shamrock a better place in which to live—worthy to humanity something worthwhile from your life. You have the world before you, you are one of its travelers, and that which lies out ahead is to be conquered."

The banquet hall was a veritable fairland in its representation of an outdoor garden with trellised walls hung with vines and wisteria blossoms. Blooming tulips peeped from the grass plot which held the speaker's table, and enclosed with a white picket fence and an arched gateway.

Small tables centered with vases of sweet peas were placed about the "garden," place cards were stately "graduates" in white caps and gowns, and programs were rolled into "diplomas".

Miss Elizabeth Pendleton played piano numbers as the guests entered. The invocation was given by the Rev. Marvin B. Norwood, and Joel Sanders, president of the Junior class, served as toastmaster.

The address of welcome was given by Barbara Scott and Marvin Tindall, Senior class president, responded.

Jane Ann Lane and Bradford Bullard sang solos and a duet, "Just a Prayer Away," accompanied by Miss Pendleton. Joy Williams read, "The Last Will and Testament of the Senior Class." The closing number was "My Wild Irish Rose" sung in unison.

The meal was prepared by the mothers of the Junior class and served by Sophomore girls dressed in Dutch caps and pinafores.

More than one hundred members of the two classes, high school teachers with their husbands and wives attended.

Mrs. Felix Stalls Is New President Of Varietas Club

Mrs. R. W. Lane was hostess to members of the Varietas Study club in her home, Tuesday, for the last program of the year. Mrs. J. G. Cargile was co-hostess.

Mrs. Lee Harrah was in charge of installation of officers, and she presented the president's gavel to Mrs. Felix Stalls. Mrs. E. J. Haslam is vice president; Mrs. Dow King is secretary; Mrs. C. L. McKenney is treasurer; and Mrs. Sherman White, parliamentarian.

Mrs. Quinton Williams was elected delegate to the Council of Clubs, and Mrs. J. E. Kirchman, retiring president, was presented with a corsage of flowers.

Members attending were Mesdames J. G. Doggett, Price Dosier, S. C. Evans, H. T. Hampton, Harrah, Haslam, F. E. Imel, Kirchman, King, Lane, McKenney, Louisa Pierson, Stalls, White, Williams and J. G. Cargile.

Officers Installed At Woodrow Wilson By Mrs. H. M. Stokes

The last regular meeting of the Woodrow Wilson, P.-T.A. Thursday afternoon opened with Mrs. Carlton Nance reading "The Parent-Teacher's Prayer."

Mrs. H. M. Stokes, new president, of the City Council for the coming year installed the following officers:

President, Mrs. J. B. Ayres; vice president, Mrs. Hugo Olsen; secretary, Mrs. Caxton Nance; treasurer, Mrs. Joe Vincent; historian, Mrs. Clifford Ryan; parliamentarian, Mrs. E. L. Anderson, Mrs. W. B. Franklin and Mrs. Gene McConkey were named delegates to the city council, and the tri-county delegates are Miss Minnie Allen, Miss Pearl Spangh, and Mrs. E. D. Ferguson.

Mrs. Alice Cockrell, retiring president, was presented with a corsage. Special music was furnished by the choral club.

Pre-school mothers were introduced, and Mrs. J. M. Johnson, summer round-up chairman, was in charge of the tea.

The Tennessee Valley authority was created by congress in 1933.

Returnees' Wives To Be Honored by Pampa Field Club

PAAF's Woman's club will honor wives of combat returnees at its meeting at 1 p. m. Thursday, May 17, in the Officer's mess. Mrs. James A. De Marco, president of the organization, said today.

All WAC officers and army nurses, also have been invited to attend.

Other officers of the Woman's club include: Mrs. David L. Hopkins, first vice-president; Mrs. Ray D. Casey, Mrs. Frank T. Griffith, Mrs. Herman Rumsey, Mrs. Robert A. Scholton, vice presidents; Mrs. George S. Crane, secretary; Mrs. Donald B. Peterson, treasurer; and Mrs. Gilbert S. Friederichs, assistant treasurer.

Speech Group To Meet on Monday

Members of the Better Speech group of the Little Theater will meet Monday evening in Room 241 of the Junior high school building with Dr. Douglas Nelson in charge of the program.

The Little Theater will meet Friday evening at 8:30 in the City club room.

Sharlyn Rose Pocock Will Present Piano Program on Friday Evening

Mrs. May Foreman Carr announces a third piano recital to be given Friday evening, at 8 o'clock, in the Church of the Brethren, by Miss Sharlyn Rose Pocock, winner of the Young Artist diploma and high school diploma award in the 1943-44 National piano auditions. Miss Pocock has been accepted as a student in the National Music Camp held in Ann Arbor, Michigan, during the month of August.

Miss Pocock will be assisted by Miss Evelyn Thoma, violinist.

Announcement will be made during the week concerning the recital of advanced and artist students which was scheduled for last Friday evening, but was postponed because of the illness of Mrs. Carr.

A large and appreciative audience attended the recital Thursday evening, presented by the elementary and intermediate piano pupils of Mrs. Carr, in the Church of the Brethren.

Outstanding on the program were seven-year-old Patsy Reynolds, who played, "The Music Box," by Beethoven. (Continued on page 10)

Canadian Classes Have Annual Banquet

Special to THE NEWS.

The annual Canadian high school Junior-Senior banquet was held, May 4th, in the diningroom of the W.C.T.U. building. A shipboard motif was carried out in blue and white decorations, complete with a gang-plank down the entrance stairway.

The tables were decorated with flowers and miniature ships. The guests were admitted upon presentation of their "passports," and the place cards were in the form of anchors.

Jimmie Hodges was the toastmaster. The banquet was followed by a formal prom at the high school library.

Twentieth Century Culture club members met Tuesday in the home of Mrs. L. N. Atchison. Mrs. G. L. Craddock led the prayers of thanks for victory. Mrs. Fred Thompson and Mrs. Atchison reported on the Seventh district open board meeting in Amarillo.

Mrs. Atchison was elected delegate to the state convention in Austin June 6, in keeping with the National music week, the program consisted of music by records.

The hostess served refreshments of punch and cake to Mesdames Craddock, M. P. Downs, V. L. Hobbs, Rufe Jordan, Joe Key, Huey Laycock, J. M. Nutting, Tom Perkins, Fred Radcliff, Thompson, W. B. Weathered, Atchison, J. D. Merchant, and Frank Mitcham, and a guest, Mrs. J. N. Key.

Executive Board To Entertain Teachers Of Woodrow Wilson

The executive board of the Woodrow Wilson Parent-Teacher association will entertain the teachers and their husbands, or an invited guest, Monday night.

During the civil war the operations of the western division of the union army were largely devoted to securing control of the Mississippi.

Father's Day Greeting Cards Should Be in the Mail for Overseas Tuesday

It used to be that a person didn't start thinking about Father's Day until after Mother's Day had come and gone, but that's all changed this year. Millions of fathers are overseas, and if they are to be remembered with greetings from wives and children at home, Father's Day cards should be in the mail by May 15.

That's only two days after Sunday, May 13, which is Mother's Day, and it means that at the same time, when selecting greeting cards and gifts for Mom, greetings should be chosen for the Father's Day remembrances that must reach Europe or the Pacific by June 17.

Thus the war, which in many ways has made people more and more conscious of family ties, is even "joining" the two distinctively American holidays of family life. It's appropriate, too, since many young couples separated by war will be receiving their very first Mother's Day and Father's Day cards this year. And there are plenty of older Dads in service who've received Father's Day cards each year for many years. It wouldn't do to overlook them now, especially when remembering them is simply a matter of keeping in mind that in 1945, Mother's Day and Father's Day seasons overlap by just a few days—and by mailing Father's Day cards overseas by May 15.

Mrs. Arthur Wells Is Shamrock Hostess

American Legion Auxiliary To Begin Poppy Sale for Disabled Veterans

"Now we can begin! The poppies are here!"

When the members of the American Legion auxiliary heard these words today, many of them began setting the little red flowers ready for sale on Poppy Day, May 20th.

The poppies, five thousand of them, were in boxes shipped from Legions, Texas, where they were made by disabled war veterans under the direction of the Texas department of the auxiliary.

Each little poppy is a paper replica of those blooms that grew so bravely on the battle fields of the first world war. Since each is shaped by hand, each is slightly different from its fellows, but, as Mrs. Vance Rhea, auxiliary poppy chairman pointed out, every flower carries the same message and dedication.

"The poppy is the memorial flower for every man who has died fighting in either of our two great world wars. They have all died in a common cause, whether death struck them on Flanders fields in 1919 or on Tarawa in 1944. In America's continual struggle to maintain her liberty, these dead warriors are linked together in spite of 25 years in time and thousands of miles in space. The poppy is worn as evidence that we remember and receive them all."

The poppies are now being sorted and counted so that they will be ready to be placed in the baskets of the auxiliary volunteers who will distribute them throughout the city on Saturday, May 26. The money that is received for them will be used in the Legion's and auxiliary's aid to disabled veterans and the families of service men.

Blackwell-Shelton Marriage Rites Are Read at Kaufman

Miss Evelyn Blackwell, daughter of Mr. and Mrs. Fred Blackwell, of LeFors and S/Sgt. Carl Shelton, son of Mr. and Mrs. G. G. Shelton, of Colorado City, were united in marriage, Sunday, April 22, in Kaufman, Texas.

Before her marriage, Miss Blackwell was graduated from high school in LeFors, attended Texas Tech, Lubbock, and is now employed by the Eighth service command in Dallas.

S/Sgt. Shelton attended school in Colorado City, and he has spent two and one half years in the South Pacific. He is now stationed at Camp Maxie, Paris, Texas.

Sgt. and Mrs. Shelton are making their home at 8122 Nesbit Drive, Dallas, at present.

Miss Millard's first grade room won first in room count.

Pampa Book Club To Meet Monday Night With Jewel Polk

Miss Jewel Polk, president, will be hostess Monday evening, at 8 o'clock, to members of the Pampa Book club for the last meeting of the year.

All club members are urged to attend, as the program consists of informal comments regarding books purchased by the book club this year. Miss Clarine Branon will make announcements concerning the summer months.

Horace Mann Has Tea for Mothers, Special Program

Pre-school mothers were special guests when the Horace Mann Parent-Teacher association met at the school, Thursday afternoon at 2:30. Musical entertainment was furnished by the high school orchestra, under the direction of Miss Evelyn Thoma. Miss Sharilyn Rose Poock presented a piano solo, and Mrs. W. H. Scherer gave the devotional.

W. B. Weathered was the speaker for the afternoon and discussed "Maintaining Balance Through Recreation." He stated "There should be some kind of organized recreation in the home as well as in the school and community. Through this plan of play the parents learn more about their children, and the children learn more about their parents."

Recreation tends to develop a person physically, mentally, and spiritually. There must be a sympathetic and appreciative attitude as well as mutual understanding among students, teachers and parents, if all are to get along harmoniously."

Mrs. M. F. Sherrod, president, conducted the short business session which followed the discussion by Mr. Weathered.

Mrs. A. A. Proctor installed the officers for the next school year including Mrs. W. O. Prewitt, president; Mrs. J. H. Horton, vice-president; Miss Myra Millard, recording secretary; Mrs. Clyde Baisan, corresponding secretary; Mrs. B. B. Altman, treasurer; Mrs. T. C. Narren and Mrs. Ray Shepherd, City council delegates.

Miss Millard's first grade room won first in room count.

Baptist Women Meet in Circles For Bible Study

The W. M. U. of the First Baptist church met this week in the homes of various members to continue the study of the Bible.

Members of Circle One were guests of Circle Two in the home of Mrs. C. C. Matheny. The meeting opened with prayer by Mrs. T. V. Lane, after which Mrs. O. A. Davis, circle chairman, conducted a short business meeting. Mrs. Lane taught the lesson, and Mrs. W. B. Henry dismissed the group with prayer.

Refreshments were served to five members from Circle One and four members from Circle Two.

The home of Mrs. Bob Porter was the scene of the meeting for eight members of Circle Three. Mrs. H. M. Cone opened the meeting with prayer, and Mrs. D. A. Caldwell conducted a short business session, preceding the Bible lesson.

Eight members of Circle Four and five met with Mrs. T. J. Worrell. Mrs. L. H. Greene conducted the opening prayer, and Mrs. T. B. Solomon presented the Bible lesson. The group was dismissed with sententious prayers.

Refreshments were served to Mesdames L. H. Greene, J. H. Richey, Eugenia Phelps, Howard Giles, T. B. Solomon, C. L. McKinney, Maude Schuilkey, and Worrell.

Mrs. Cecil Culham was hostess to members of Circle Six, with Mrs. Lewis Tarpley chairman, presiding at the short business session. Mrs. L. M. Wagner opened the meeting with prayer, and Mrs. J. A. Meek taught the lesson. Mrs. F. E. Leech gave the closing prayer.

Refreshments were served to Mesdames Gerald Mote, Rupert Orr, Wilson Hatcher, Emmie Mosely, Leech, Wagner, Ella Brake, S. S. Taylor, A. A. Baxter, Tarpley, Meek, Culham, Mrs. E. A. Shelton, a former member, and her daughter, Margaret Davis.

Circle Seven met with Mrs. C. A. Scott with seven members attending. Mrs. T. H. Baker gave the opening prayer. Mrs. Bob Allford conducted a short business meeting, and Mrs. Owen Johnson taught the Bible lesson.

Refreshments were served to Mesdames Johnson, W. B. Franklin, A. L. Prigmore, T. H. Baker, E. Ray Miller, Allford, and Scott.

Senior Girls To Be A. A. U. W. Guests

Pampa high school Senior girls and their mothers will be guests of the A. A. U. W. Tuesday evening at 8 o'clock in the City club room, when Miss Edna Graham, professor of West Texas State college, Canyon, will address the group on the subject, "Girls in Post-War Economy."

Miss Graham is well known to Pampans, who have heard her talk concerning her travels, and she is a dynamic and interesting speaker. A genuine interest in girls, and a knowledge of women's opportunities qualify her to speak on the topic she has chosen.

Miss Evelyn Thoma will present an arrangement of musical numbers to open the program. Mrs. Sam Irwin will be in charge of registration and Mrs. H. Y. Cornelius will preside at the punch bowl. Mrs. Aubrey Steele and Mrs. Dudley Steele are in charge of arrangements.

Seventh Grade at White Deer Has School Banquet

Special to The NEWS.
 WHITE DEER, May 12 — "The World of Tomorrow" was the theme of a banquet given in honor of the seventh grade of White Deer school, recently, at Sunbeam hall. Carrying out the class motto, "Keep step, the world is moving," airplanes were suspended from the ceiling, and the tables were centered with sweetpeas, the class

tower, pink and green candles, the class colors; and airplanes. Noisegays made of gum drops were the favors, and the programs were in the shape of a globe. Tommy Horn acted as toastmaster, and Sammy Milligan gave the invocation. Clara Meaker sang a solo, "Don't Fence Me In," and Dorothy Barnett gave a reading. A toast to the teachers was given by Bonnie Swinford, with Principal Fred Mullings responding. Sammy Milligan played a piano solo, and the girls' quintet, composed of Dorothy Barnett, Clara Meaker, Theola Reim, Freda Taylor, and Mary Lou Skaggs, sang "Susie," "Irish Lullaby," and "Minuet in G." Mrs. John Beighle accompanied the songs, and W. H. White played several numbers during the evening.

Laugh Riot, 'Here Come the Waves,' Opens at LaNora for Four-Day Run

Members of the class are Dorothy Barnett, Deano Boyd, George Eller, Teddy Harvey, Mildred Hester, Tom Horn, Theola Reim, Wendell Jordan, La Donna O'Neal, Sammy Milligan, Claudia Osman, Bonnie Swinford, Mary Lou Skaggs, Freda Mae Taylor, Donald Warminski, and Billy Sears. Mrs. H. M. Lane is the class sponsor. Others present were Mr. Lane, supt, and Mrs. Chester Strickland, Mr. and Mrs. Fred Mullings, Mr. and Mrs. W. H. White, Mr. and Mrs. Dalton Ford, Mrs. John Beighle, Jack Nichols, Miss Winifred Carroll, Miss Helen Robinson, and Mr. and Mrs. Henry Hynds.

Two of the stars of Paramount's "Here Come the Waves" are shown above. On the left is Sonny Tufts who, in the picture, has his first

singing role, and Bing Crosby, master of crooners. Betty Hutton, playing the role of twins, is co-starred with Crosby and Tufts. Bing Crosby, Sonny Tufts and Betty (Twins) Hutton "Accentuate the Positive" in Mark Sandrich's production "Here Come the Waves" showing at the LaNora Sunday, Monday, Tuesday and Wednesday.

From the cast, the movie public will guess that this is one of the hilarious types which only Sandrich can do with that "certain touch." Lyrics by Johnny Mercer and Harold Arlen make the picture lively all the way through.

REX
 Formed to re-release good pictures of the past, Film Classics, Inc., comes up with a good one in "The Cowboy and the Lady," starring Gary (Sergeant) York, Cooper and Merle Oberon.

Gary again plays the role of the strong, silent type, one of his best characterizations. Patsy Kelly, Walter Brennan and Fuzzy Knight furnish the comedy. "The Cowboy and the Lady" shows at the Rex today, Monday and Tuesday.

CROWN
 Warner Brothers come up with one of their best in recent years with "The Very Thought of You," starring Eleanor Parker, Dane Clark, Dennis Morgan and Faye Emerson.

It's the human type of story that the whole family will enjoy. Morgan and Clark are two soldiers on leave who carry on torrid romances with Miss Parker and Miss Emerson. Henry Travers, cast as Eleanor Parker's father, gives one of the best performances in his career.

Be sure and see "The Very Thought of You" showing at the Crown Sunday and Monday.

OUT-OF-TOWN
 Vogue, Skellytown; Samuel Goldwyn's "The Princess and the Pirate," starring Bob Hope, Virginia Mayo and Walter Slezak. Liberty, Shamrock; "Dillinger," Edmund Lowe and Anne Jeffries.

POSTED
 DENVER, May 12—(AP)—A large and belligerent dog apparently regarded a fire hydrant his personal property and almost delayed firemen fighting a residential blaze. Fire fighters had to use an emergency tank on a truck until Fireman Charles Robinson could shoo away the snarling dog with a wrench.

Seaboard Defenses Are Being Relaxed

NEW YORK, May 12—(AP)—Military defense measures along the Eastern seaboard, the Gulf coast and Mexican border were relaxed Friday on the order of the Eastern

Defense command. Restricted zones were abolished, thus eliminating all military restrictions relating to beaches, and military enforcement of air raid protection regulations was terminated. The Eastern Defense command

said, however, that certain minimum passive protective measures must be continued as long as the Pacific war continues. Postage stamps were issued for the first time in 1940 in Great Britain.

This week has really been a hectic one in many ways—catching up on back lessons that we missed while we were in Austin. Thanks, members of the faculty, for being so patient. Speaking of Austin, those girls down that way are really tan. They look like daughters of the sun. Speaking of tans means summer. Before summer is spring. Spring means graduation and every kind of social entertainment and not much time to catch up on sleep.

We really missed the seniors Friday as they were gone on their picnic. The halls were practically empty. In the cafeteria there was plenty of dessert for everyone and you didn't have to run to get a seat. Classes seemed deserted and all in all we are going to miss the seniors, but when you gotta glow, you gotta glow.

Orchids to the persons responsible for the delegation to Austin. The trip was really worthwhile. My thanks to all.

Seems everyone is getting impatient for summer. What a disappointment if the swimming pool does not open. Maybe a life-guard will appear from somewhere.

Onions of the week go to those persons who are always cheating on tests. They don't even give us a chance. In fact they make the ones who do try to be honest look dumb. Maybe some day someone that can do something about it will catch on.

Our congratulations to Jimmy Terrell for being elected captain of the football team for the coming year.

What did you do for your mother today? One will spend, another will do a thoughtful deed to remind mother how he loves her. May all students pause to notice the day.

A Cappella Choir Picnic. A picnic will be held at Price's ranch May 16 for the members of the A Cappella choir.

The year to meet at the Red Brick building at 5:00 p. m. and each student will bring his own lunch. Drinks will be furnished.

TEXANS TALK IT OVER:

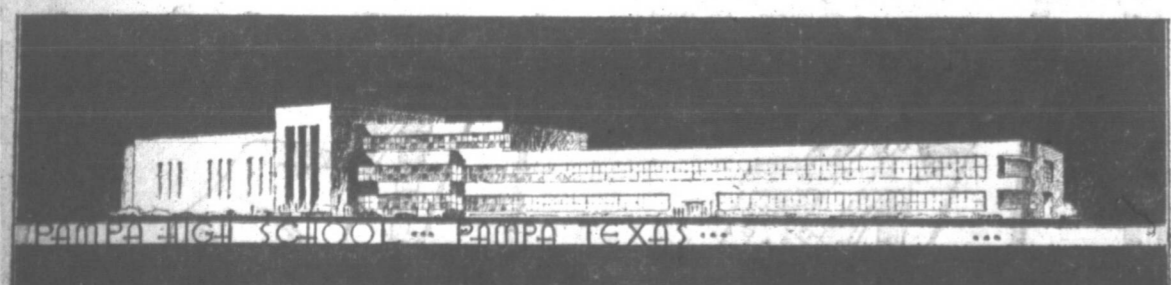

Sgt. Gorman Snider and T/Sgt. Ramon Conejo

Gorman Snider Eighth Air Force Air Medal Winner

An Eighth Air Force Bomber Station, England—Two B-17 Flying Fortress gunners from Texas, Sgt. Gorman L. Snider, 19, left, Pampa, and T/Sgt. Ramon Conejo, 22, right of El Paso, talk over their experiences in the air which brought decorations to both at the 100th Bombardment Group, an Eighth Air Force outfit.

Sgt. Snider, son of Mrs. Martha Snider, 310 1/2 N. Cuyler and a student of Pampa High school before entering the Army Air Forces, has won the Air Medal. During the bombing of a target at Berlin, Sgt. Snider helped to fight off furious attacks by German jet-propelled planes.

"I saw the jets shoot down two Forts which buddies of mine were flying in," he states. "Those jets were really so fast, and come in close." The Pampa airman is an enlisted bombardier and fires the chin guns on his Fort.

Billy Nellis Leader After Council Votes

Dependable Billy Nellis, junior, has been elected counselor-at-large for the ensuing term.

Throughout Bill's school life he has taken an active part in school activities. During his eighth grade year Billy was student president. This was the first time in the history of Junior High for an eighth grader to attain this position. In his freshman year he was runner-up but was defeated by Dee Griffin. Bill's sophomore year was high-lighted with the Best Citizenship award. This year he is home room president, parliamentarian of student council and Hi-Y president.

The duties of a counselor-at-large include starting the ball rolling next year. Bill will prepare for all assemblies, elections and make all of the beginning plans. Unlike the counselor-at-large is later elected as president of the student body.

Billy was elected by the student council Wednesday in a call meeting. The other nominee was Jack Dunham. Both boys have been outstanding during their junior year.

Weiner Roast Brings Out Members of Quill and Scroll

Amid chatter and laughter 15 members of Quill and Scroll had the final get-together of the year with Martha Kelley, 914 E. Browning, Wednesday night of last week.

The gala occasion started with "my word" when Martha brought out her vitrolia.

Then with Frank Sinatra as a background the contest waged between who would get the prize out of the Crackerjacks and who would be victor in keeping the lawn chairs.

Joann Lazar and Patsy Miller compromised by their joint occupation.

The fire was laid and the weiners were roasted on the grate as soon as the flames died down.

Just when everyone was engrossed in a game of signals, Bill Dixon trotted in with "Better late than never!"

After playing a running game of blindfold, all were tired and declared, "It was swell" and departed to "study." (Note: Teachers, please notice the last sentence.)

Sophomores Skate, Play At Fun Fest

They did it again! The most active class in school, the sophomores, completed the year with a skating party Friday night in the High school gym.

Ping pong, bingo, shuffle board, badminton, Chinese checkers and fortune telling were optional for the 125 present.

Speals of ice and skinned knees were in evidence as the sophos dug in on the ice cream cones and pop which were around.

Earl Davis proved himself champ in ping pong after a hot game with Gene Bain. The final score was 21-19.

Art Berry, president, headed the preparations with the following students as helpers: Game Committee: Martha Hogan, head, Juanita Dittmeier, Mary Lane, Virginia Bates, Norma Jean Ward, Patty Jean Reynolds, Wilma Jean Potts, Lillian Stark, Laura Wanner, Billy Russell, Norma Johnson, Zita Kennedy, Lois Yoder and Jeannine Conyers; Publicity: Helen Kiser, head, Floyd Brandt and Beverly Baker; Refreshments: Mrs. E. L. Norman, head, Peggy Reno, Elouise Wyatt, Alverna Miller, Reba Joyce Bain, Billy Ray Bain, Claudine McWhorter, Minnie Jean Snyder, Carol Keyes, Harold Anderson, Tommy McLaughlin, Drucilla Boyd and Jerry Barber; Clean-up: Gloria Jay, head, Art Berry, Mildred Groves, Danny Williams, Marjorie Lawrence, Billy Ray Bain, Jean Pratt, Phillip Anderson, Lawrence Baines and Beverly Baker.

Miss Ruth Stapleton dressed in traditional style of a fortune teller. Mrs. Austin, Mr. Siler, Mr. Adams, Miss Winston, Mrs. V. L. Hobbs, Mrs. E. L. Norman, Tip Mooney and John Whinnery sponsored the party.

Randall Clay Is Winner Of State Discus Throw

A heave of 135 feet and 3 inches won the state title for Randall Clay, Big Red, who has thrown the platter all season without a defeat.

In the prelims Tom Watts of Brackenridge, San Antonio, led the field of 10 candidates with a throw of 135 feet. Clay was close behind, Friday evening the final dressed in white, he threw for each boy. The Pampa representatives sat on edge as Randall stepped into the ring for his last throw, which won the event.

Bill Dixon, the other Green and Gold entry, finished third in the high hurdles and fourth in the lows in the preliminaries.

The Panhandle had its share of first places with a total of three. Cliff Dean and Jim Lowry of Lubbock won pole vault and 880-yard dash respectively. Dean tried at the record of 13 feet and 1 1/2 inches but missed the mark.

Brackenridge of San Antonio won the track meet closely followed by Jeff Davis also of San Antonio.

Two regional records are held by local boys. Back in 1941, Grover Lee Heiskel set a speedy time of 23.9 as a record in the 22 yard low hurdles. The other, a more recent record, was added to the scoreboard last Tuesday when Randall Clay heaved the discus 142 feet and 3 inches to better the old mark of 141 feet and 4 inches.

Room 208 Has Picnic in Park Goes in Body to Local Theater

Room 208, which is the home room of Miss Madge Bask, enjoyed a picnic and a show Monday afternoon and evening.

Students brought their lunches, and ice pop was sold to those who wanted it. After the picnic 21 students went to the show.

We stand united for world peace

High school students thankfully observed the final surrender of the Germans, which was announced at 8 a. m. on May 8, 1945, by President Harry S. Truman. At this announcement school was dismissed for the day.

Coming simultaneously were similar statements by Prime Minister Winston Churchill to the people of England, and several hours later Joseph Stalin to the people of Russia.

Lack of demonstration showed that most Pampans realized that victory in Europe was not act one of the war. Act two would not come until the final crushing of the Rising Sun. President Truman spoke the words that filled everyone's heart to the realization that the war was not yet over when he said, "Work, Work, and More Work!"

Army Collects Tin As Drive Closes

"The drive for tin ended Friday with the truck from Pampa Field carrying away the second load of tin cans," said the chairman of the drive, Helen Kiser.

Pampa High school students have turned in over 1,000 flattened cans. These cans, when salvaged, will be made into syrettes.

Syrettes are used by our fighting armies all over the globe. The syrette is a tiny hypodermic needle, containing morphine. This syrette is amazingly effective. Under the shock of a severe wound, burn or accident, often excruciating pain follows. The effect of the shock itself may be fatal unless relieved. Here the syrette enters the picture. It stops the pain of the wounded soldier.

If you brought in your tin cans for your thanks, you'll have to look to the men who were wounded, for they can really say "thanks" from the bottom of the hearts.

When school closes the Little Harvester staff hopes that the campaign will continue. All cans used at home may be carried to the grocery stores to be picked up by Army salvation trucks.

Nation Observes Hospital Day, May 12

"War-time public hit the hospitals harder than any other public service," says Dr. Charles Ashby, head of the Worley hospital. This came from an interview last week in connection with National Hospital Day observed over the nation on May 12.

Pampa supports two hospitals, the Pampa and the Worley. Dr. Malcolm Brown is head of the Pampa hospital with 21 beds and 14 nurses. The Worley hospital has the capacity for 50 patients and during the month of March received and gave treatment to 210 patients.

The staff of 34 nurses with no in-termes is under the management of Mrs. Oma Ramos who reports that the hospital is doing well. Although undergraduate nurses are scarce now, Amarillo is the nearest training center for nurse's aids.

When asked how the public could aid the hospital situation, Dr. Ashby concluded, "We have hope to have an expansion of hospital facilities after the war. The public can help by being patient and considerate under crowded conditions."

Sports

Coach Otis Coffey and his assistants are putting on the finishing touches this week as spring training is drawing to a close. The past two weeks has furnished rival intrasquad games between the greens and golds. The scores stand about even up to now with one victory each.

Snake-hips Bill Washington wiggled for several long runs during intra-squad games. He led his teammates in a 60-yard dash for their only score.

Big Jim "Flash" Terrell didn't play on the winning team but he left his calling card on the winners.

His right was clear and his will was strong. But he's just as dead as if he'd been wrong.

Marjorie Lawrence broke her vow and went with Charlie Lockhart to the Latin club skating party.

Try this sometime when you're bored. My sense of sight is very keen; My sense of hearing weak. One time I saw a mountain pass, But could not hear its peak.

Ask Don Rowe how to make sharp curves going on. It seems he's had experience.

Sincerely, L. Lee J. Dial, Jr. L. Lee's home is in Mangum, Oklahoma.

Seniors Rush to Final Events As Commencement Nears

Harvester Band Makes Second Place In Texas Music Educators' Contest

Big Terrell Voted Football Captain

The captain for the 1945 edition of the Green and Gold football squad is 190-pound Jimmy Terrell. Letterman from last year and receiving honorable mention for all-district made Terrell quite capable for the task. Jimmy, better known as Flash, was president of the sophomore class last year and class favorite this year and last. A level-headed boy with plenty of ability to make decisions, he will be valuable to the squad when they take the field in September.

Randall Clay and Charlie Beard were elected co-captains. They will give Terrell support and cooperation.

S I c Billy Gamblin Writes School Paper

"Dear Staff" started the letter from an alumnus of Pampa High now serving in the Philippine Islands. Billy Gamblin, S I c, stated, "... I see that other guys in the service are writing you, so I guess I should do the same."

Billy, graduate with the class of '44, is now working with the patrol watch in the Philippines. "It's almost like Texas in a way. It's very hot here. It rains in torrents, and in a few hours it is blowing dust!"

Note was made of the natives and their excellence in the art of exchange. "A few minutes of conversation with one and you're minus half your clothes. They are not dumb by any means!"

Billy has been stationed in the Philippines only eight weeks, but he says that he is learning fast. "I can hold a conversation with a Philippine in his native tongue. It seems that S I c Gamblin is good in the art of exchange as he has many souvenirs, including bolos, guerilla money, Jap money, guns, berets and approximately 50 other curios."

(The editor welcomes such news straight from exes now in service.)

After Four Years What Is the Model?

What are your standards? Don't have any? Yes, you do. Everyone has some standard, just as everyone has some kind of personality—either good or bad. A little vague on the subject? That may be because you have not thought much about standards.

Most young people copy standards of their best friends or their ideal. What type of person have you chosen for your friend? Maybe your best friend does not have the best of standards; hence yours are likely to be low.

In elementary school you were handed a paper with the alphabet written across the top for you to copy. The alphabet was perfectly formed, and your first two or three copies looked like the model.

That was because you copied the perfect example. But then they began to look worse and worse, until at the bottom of the page it was almost unreadable. Why? After the first few copies you stopped looking at the perfect example and began copying your own work with all the mistakes.

In life imitations are much the same. We start with a good example and end up with nothing at all like a perfect copy. Instead of following the perfect examples, we began following your friends, copying their mistakes until we may be at the end, barely recognizable from the first and perfect example.

Sit back and view your situation. Decide just what standards you have been following. Then decide what standards you want to follow—and stand by them.

Returned Officer Compliments 'Battle Hymn of the Republic'

Members of the choir, directed by Miss LaNelle Schiengagen, were thrilled when they received the following letter from a lieutenant who was present at the spring concert, April 27.

"While spending 22 months in the European Theater of Operations, I had the opportunity of hearing numerous choirs. In Naples, Italy, at the San Carlos Opera House located just off Via Roma, I heard several. It was an opera, followed by a program by a choir. In France I heard several Catholic choirs.

"After hearing your song, 'Battle Hymn of the Republic,' last Friday evening, I believe that I can truthfully say that your choir favorably compares with those I heard in foreign countries."

Sincerely, L. Lee J. Dial, Jr. L. Lee's home is in Mangum, Oklahoma.

School Sheet To Be Judged By Noted Critical Service

A critical service sheet from the Quill and Scroll has been received for judging the Little Harvester.

Such questions as these are asked, "Are copy writers given specialized training in copy and layout?" and "Have you conducted a reader survey this year or conducted any other special circulation projects?"

The Little Harvester has also entered the TTLS.P.A. (Texas High School Press Association) to be judged in Denton, Texas.

State Meet Echoes Both Fun, Problems

After experiencing three flats and a blowout the station wagon, parked along the roadway in the sheep country south of Coleman, was the center of attention of nearly a dozen students. Soon the black convertible containing four more in the party drew up behind the station wagon.

"One of the boys brought out his camera to take pictures of the bluebonnet and mesquite trees, so the group thought. But no, the boy turned toward the boys struggling with the tools about the rear tire.

When asked why that picture instead of the beauties beside the road, he replied, "Our friends in Pampa are going to want to know how we spent our time. So I am just taking a picture of the 'usual thing.'"

It was Bob Carmichael with his camera, Randall Clay, Bill Dixon, Donald Rowe and Lawrence Picketts were changing the flat.

Although Jimmy Welch, freshman, has attended six schools since the first grade, never before has he attended his first week in class without a teacher.

Jimmy, as well as the rest of the Journalism class, was without a teacher while the Journalism sponsor, Miss Katherine Simmons, with five of the students, attended the Journalism conference in Austin.

"I didn't mind so much," states Jimmy, "for I found it a good time to do my algebra."

Eddie Starnes and John Lee Walls have found two cute girls from Skellytown who are just their type.

Erma Lee Kennedy celebrated her seventeenth birthday this week. There was a little mystery about it all, but all's well that ends well.

Randall Clay is quite proud of his trophy he won in Austin, also the gold medal—well, who wouldn't be?

Looking back over the last semester's Little Harvesters, Sage notices that several of the society belles have married.

That football party must, in the words of Captain Jimmy Terrell, have been a fide.

The faculty enjoyed a picnic on the Harvester football field. They reported that it was so cold that all sought shelter and some ate in the press box.

May 11 was the deadline for all books to be returned to the school library. Miss Gordon says to bring them in at the first possible moment for your sake (keep down the fine) and for hers as well (all books are to be inventoried before the close of school).

Marceline Drake was seen in the halls Friday. She said she was on the hunt for Dpt Wilgus.

It seems that a bunch of girls have made up nicknames for some of their special friends. Soft Soap, Dr. Pepper, Coze Cola, Steam Shovel, Rabbit and Delaware Punch are some specialties for boys.

Earl Davis has found a new past time—ping pong. He is willing to take on anyone at a dollar a game.

We're going to miss the Little Harvester radio program. Last week was the last broadcast. Orchids go to Helen Kiser for the grand work she has done. Wanda Jay, Bill Dixon, Jimmy Terrell and Ida Ruth Taylor complete the staff of announcers who have worked hard to bring us this program.

Glee-Club Members Entertain Selves

The Glee club, under the direction of Miss LaNelle Schiengagen, entertained themselves Wednesday afternoon during class with a program consisting of members of the Glee club.

A sextet composed of Marcell Hawkins, Mildred McClendon, Amy King, Kathryn Crowley and Zula Meyers started the program with "A Dream Passes By." Barbara Wallers played and sang "Laura." Following Barbara, a trio made up of Margaret Price, Betty Barrett and Carol Culbertson sang "Dream" accompanied by Mickey Cassidy at the piano.

Hilda Ruth Burden played "Polichinelle." Then Martha Kelley sang "I'm Beginning to See the Light." Shirley Rose Poock concluded the program playing classical and popular numbers on the piano.

Thursday the girls brought their lunches and went to the park, through the sixth period, for a picnic. Pop was served to the girls while they ate their lunches. All played and sang.

PRESS GENERALLY BACKS KENNEDY IN HIS RELEASE OF VICTORY STORY

By The Associated Press
Both praise and censure were heaped on Edward Kennedy for the Associated Press Paris bureau chief's action of sending news of the German surrender 24 hours before it was officially released.

Rival correspondents in Paris accused Kennedy of "a most disgraceful, deliberate and unethical double-cross." The reaction was varied to the extent that one writer referred to "an act of blatant irresponsibility" while another offered "pragmatic congratulations."

"Final judgment should be withheld," said the New York Herald Tribune. "But aside from Mr. Kennedy's responsibility to his colleagues and to the sanctity of the 'release'—without which much modern news reporting would be almost impossible—there is a graver question, the reporter often finds himself in a dilemma between his public duty to convey the news and his equally serious public duty to avoid irresponsibility or damaging disclosures. With a war only half won and at a moment when serious issues of public policy might have been affected by his personal decision one cannot feel that Mr. Kennedy solved that dilemma wisely."

Editorial comment from Texas newspapers following Mr. Kennedy's announcement of Germany's unconditional surrender he found himself in the doghouse, so to speak. X X X Is he to be penalized for telling the truth? X X X Had the American people been told right then and there, what the Japanese already knew, our production would have been increased. And so it has been throughout the war until Ed Kennedy broke his story Monday.

From here on out, let us carry on our freedom of the press in the realization that the truth shall make you free.

Abilene Reporter-News: How the Allied bigshots hoped to slip on a story of this magnitude for even a few hours is beyond comprehension. The German radio had announced the capitulation, the U. S. army radio in Germany had reported it, unofficially. X X X All honor and credit to Edward Kennedy.

What is the (A)? Well it's us and about 1,500 other daily newspapers of the world. It is a democracy of news, so to speak, in which our tiny voice carries as much weight as that of the New York Times or the Chicago Daily News. You ought to

hear us bawl 'em out sometimes. Just now, however, we feel like yelling, "Well Done, Kid."

San Antonio Express: Once again, thanks go to reporter enterprise and alertness—the American citizenry has been given the world's greatest news story immediately after its happening. X X X Such excellent service to the public reflects credit on the entire progression of news-gathering and reporting. Best of all, it guarantees that the people's right to full, free, prompt information on vital events remains unbridled.

Amarillo Daily News: "The one thing Americans wanted to know was: 'Have they stopped shooting at our boys. X X X The American people had a right to know about surrender immediately.' The fact that the announcement got bogged down in a lot of petty bickering involving supreme headquarters, the various news services and probably some high officials of the Allied Nations, is unfortunate. News is news, and it doesn't need a president or a prime minister or a Russian marshal, for that matter, to make it news."

Beaumont Enterprise: Europeans who are accustomed to such treatment may think it not unusual when persons in authority refuse to tell them what is going on. That is not the American way. Thus far the American people have been patient under a news censorship that was frequently carried to extremes, but they made no protest because they were told reasons of military security made it impossible for their government to give them certain information. The war was over in Europe when military authorities cut the flow of news to the United States. It could be no longer pleaded that military necessity made such action necessary.

Longview Daily News: Competing news services moved heaven and earth Monday to avoid or offset the tremendous lead registered by the Associated Press in announcing the end of hostilities in Europe. Their protests and representations to the military authorities were even successful for a time in suspending the (A), but truth did prevail.

Of course, the long lead obtained by the Associated Press was in part due to the mistaken idea of the Russians that anything as big as V-E day could be put in cold storage everywhere the way the news is handled in absolutist Russia, where the people are told nothing until the controlled press and radio are permitted to go ahead.

Dallas Morning News: Edward Kennedy's story illustrates how difficult it is in these days of fast communications to withhold truth. It cannot be done for long. We live in an age where distances are annihilated. The telephone, the radio and airplane—all have made us one world in a physical sense. Somewhere, sometime the truth will leak out. No general, no dictator, no government can prevent it. There is no better illustration than in Kennedy's case. There are 1,000 newspapers in America who must be con-

'Bread Breaking' Bitterly Rapped

AUSTIN, May 12—(A)—Lieut. Gov. John Lee Smith in a senate speech Friday criticized an army officer whom he identified only as "commanding officer of the 36th division" for "breaking bread with that monster Hermann Goering," reich air marshal taken captive by the Peite division.

Smith said in his personal privilege speech, "every Texan is proud of its own 36th division for its achievements in war."

"We who fought in the last World War soon found that there was a tendency to treat those ruthless war leaders with kindness. 'Yesterday, we learned, Hermann Goering was taken prisoner by the 36th division. Today we see the same disposition to lean kindly toward these monsters, in the treatment of Goering who murdered Warsaw, who sent his planes to bomb surrendered and helpless cities and to kill innocent women and children."

"I am saddened to see the commander of the 36th division invite that monster to dine with him. This action by some fellow temporarily heading that division is not in keeping with the traditions of Texas and I resent it."

"There can be no excuse for a commanding officer of an United States army unit breaking bread with Goering," Smith said. He added that he would voice no criticism of an American army officer dining with Gen. von Runstedt, "who was a warrior."

British Conscription Will Last Some Time

LONDON, May 12—(A)—Prime Minister Churchill told the house of commons Friday conscription probably would have to remain in effect in Britain for "some years."

"We have got to settle this matter with due consideration of our difficulties and dangers which are by no means entirely at an end," he said. "And also we have to consider the very important point of young men going out to relieve their fathers and elder brothers in the duty of garrisoning Germany and in regard to the war in Japan."

BUTTER BARGAIN

CHICAGO, May 12—(A)—The 64 pounds of butter which fell off a passing truck in front of Mrs. Mary Lawrisuk's dry goods store disappeared like magic.

Women carried the butter into the store and about 50 other women followed to see what was going to happen. Someone produced a knife and started dividing the high-point product among the housewives. After the roll had dwindled to about 10 pounds, the knife wielder said "The rest belongs to me", wrapped it up and went home.

sidered, and above them the American people who, in a democracy, are entitled to the news truthfully and quickly as long as no security is involved.
