FORTHCOMING EVENTS

The Yank fighting man has already cast the shadow of defeat over Japan, but giving substance to the shadow will require long months of hard fighting by him and hard work by the home front. The photo above is a poster dis-

played in all hotels of the army ground and service forces redistribution station, where veterans of the European war will be processed for new service in the Pacific.

'Here's Your Infantry' Is Coming To Pampa May 21

Pampa and surrounding territory will have opportunity to see a simulated battle of infantry here on Monday night, May 21, at 8:30. The show will be free to the public.

Program Planned To Honor PAAF's Women Soldiers

Plans are being made at the local air base to honor Pampa army air field's members of the women's army corps on the third anniversary Monday of the national organization, Colonel James A. De Marco, commanding officer, said today.

All PAAF WACs will be temporarily released from duty at 3 p. m., Monday. A squadron photograph will be made, to be followed by a recreation period. Monday evening a dance-party, complete with a large birthday anniversary cake and three large candles, is scheduled to be held in the Enlisted Men's Service club. Refreshments will be served and entertainment provided.

In his statement, Colonel De Marco said:

"Members of the women's army corps have played an important and vital role in speeding the military defeat of Germany and hastening the downfall of Japan. On this third anniversary of the WAC, I want to express my appreciation on behalf of Pampa army air field to the valiant women."

See PAAF WACS, Page 6.

SAN FRANCISCO, May 11—(AP)—MPs have tightened up enormously on guarding entrances to the buildings where delegates to the San Francisco conference are working. They now have even stopped Secretary of State Stettinius and Senator Connally (D-Texas) to make them show their passes.

BRITISH SECOND ARMY, Germany, May 11—(AP)—The British Second Army has arrested about 2,000 leading or active nazis in its territory and the cleanup probably will require six more months, military government officials said today.

WASHINGTON, May 11—(AP)—The White House busied with preparation today for the arrival of President Truman's mother.

Mrs. Martha Truman, alert and cheerful for her 82 years, plans to fly here from Independence, Mo., to spend Mother's day with her distinguished son.

LONDON, May 11—(AP)—The four-power European advisory commission, which for months has been working secretly on occupation terms for Germany, will disclose within two or three days a number of its recommendations, it was learned today.

CHILLICOTHE, O., May 11—(AP)—Fireman 2/c William Dennett, 18, has been reported killed in action, just two weeks after his parents asked his resignation to a working secretly on occupation terms for Germany, will disclose within two or three days a number of its recommendations, it was learned today.

THE PAMPA NEWS

B29s Mine Water Round Jap Homeland; First American Units on Way to Pacific

Plans Made in August, 1944, To Move Yanks

SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE, Paris, May 11—(AP)—Some American troops units already are on their way to French ports and headed for the Pacific war under the re-deployment program, it was disclosed here today.

The first combat troops from Europe, however, are not likely to reach the Pacific theater in much under six months.

The first to go are service troops for the flow of combat veterans who helped defeat Germany.

Beside the service units already on the move, others have been alerted, Brig. Gen. G. S. Eyster, acting deputy chief of staff, said. Preparations for the shift began last August, he said.

Service troops already are trained and mostly will go to the Pacific direct, but combat troops will need to be retrained and most will go through the United States.

A retraining training command, which will be in charge of a senior experienced battle general, already is in this theater. The name of the general cannot yet be disclosed. This retraining training will take eight weeks.

Some of Gen. Douglas MacArthur's junior officers are expected to come to Europe to help in the retraining work.

Japanese equipment will be brought here for the training program both in France and Germany and American soldiers who already know a lot about fighting will learn about Japanese uniforms, equipment and tactics.

Goering, Himmler, Hess Are Listed As War Criminals

LONDON, May 11—(AP)—Rudolf Hess, Heinrich Himmler and Hermann Goering all have been listed by the United Nations as war criminals and there is strong possibility that Grand Adm. Karl Doenitz will also have to face trial for his life.

The information about the ranking luminaries of the fallen nazi hierarchy, and Hitler's successor in the surrendered reich came today from a highly reliable source.

This informant estimated that between 4,000,000 and 6,000,000 Germans might be forced to atone for their nation's atrocities if the proposed plan of post punishment is adopted by the victorious powers.

Hess and Goering both are prisoners and both were Hitler deputies. Himmler, the hangman head of the Gestapo, is a fugitive.

The machinery for determining the guilt or innocence of the top ranking nazis awaits creation by the United States, Russia, Britain and France.

The issue was referred to their foreign secretaries for working out details.

These facts were learned, however: 1. Trials under present plans will be public, on the theory that these will prove that best lesson possible to convince the German people of their guilt.

Clamps Will Be Put On German Activities

Small Nations To Seek Authority On Use of Force

SAN FRANCISCO, May 11—(AP)—The United Nations conference appeared today to be developing a strong bloc of small nations determined to win themselves greater authority over the proposed use of force to prevent future wars.

The issue is coming sharply to the fore in conference committees considering amendments to the Dumbarton Oaks plan for world peace organization as it was drawn up by Britain, China, Russia and the United States in Washington last fall. Here are current top developments:

1. Prime Minister MacKenzie King of Canada told a committee on functions of the security council, which is the exclusive, powerful core of the proposed organization, that any nation whose troops were to be used against an aggressor should be permitted a voice in the council's decision to take forceful action. Mexico and New Zealand endorsed this idea and Australia and several others are backing the principle.

2. New Zealand suggested that the proposed world assembly of nations — to which the Dumbarton Oaks plan would assign little authority — should have the right to approve or reject any security council action. This is bluntly opposed by the big powers.

3. A Cuban proposition that the security council be enlarged from 11 member nations, provided under Dumbarton Oaks, to 14 or 15, was voted on the same day.

The council yesterday but a decision was delayed pending further study. The same general issue of the council's powers was tied into the behind-the-scenes dispute over regional security arrangements which has split the United States delegation down the middle.

Senator Vandenberg (R-Mich) promised the regional arrangements committee last night that an American delegation would be present.

Base Rewarded For Cooperation

Pampa army air field's policy of cooperating 100 percent with the gas rationing program was rewarded yesterday, when R. C. Woolridge, district gasoline ration executive of the OPA, Lubbock, presented the base through Col. James A. De Marco, commanding officer, an OPA citation.

The award was presented to Col. De Marco in his office, with Lt. James A. Rudd, PAAF's ration officer, and S/Sgt. Frank Bettridge, chief clerk of the ration office, present.

Pampa army air field placed second in the district over a period of six months up until March for, as the citation reads, "adoption and efficient operation of organized transportation plan under which the establishment, through the transportation committee, and cooperation of the employees, has contributed much to the maintenance of essential transportation during the war period."

First in the district was Shell Chemical Company at Dallas. Third is Panlex Ordnance, Amarillo, and fourth, Lubbock army air field.

Colonel De Marco thanked Executive Woolridge, adding that he appreciated the effort put forth by the ration office and personnel of Pampa army air field. He added, however, "I am certain that we shall all cooperate further and improve our record more."

Woolridge indicated that a big drive to make American people conscious of the value of gasoline and the necessity for conserving it for war uses will begin within the next three months. "It will take more and more gasoline," the executive stated, "to fight the Japs. We'll fly bigger and more planes over longer distances."

He'd Trade Chickens For a Polar Bear!

Someone in Pampa is sore at old man weather, and recently aired his feelings to the News classified department, phoning in the following "ad":

Wanted to trade: Baby chicks for some polar bears that can stand the Panhandle climate.

WASHINGTON, May 11—(AP)—A special intelligence section to detect and "ruthlessly" suppress any nazi underground activities will be part of the United States military government in the American occupation zone of Germany.

This was disclosed today in a war department announcement of plans for the United States group which will form part of the Allied four-power control council for Germany. The American unit will be divided into 12 major divisions, corresponding generally to the ministries of the German central government.

Gen. Dwight D. Eisenhower will be the United States representative on the council as agreed upon at the Yalta Big Three meeting.

Lt. Gen. Lucius Clay will serve as deputy to Eisenhower and also will be deputy military governor for Germany, the department said, without amplifying this latter reference.

The announcement said that United States army, navy and air forces had perfected over a period of many months an agreement with the British, Russians and French a "coordinated program to impose a stern military government over all of Germany and to carry out the policies agreed upon at Yalta." It did not, however, officially name the department.

See CLAMPS WILL BE, Page 6.

Die-Hard Germans Reported Fleeing Before Russians

LONDON, May 11—(AP)—Die-hard nazi fanatics who fought on in Czechoslovakia in defiance of German unconditional surrender were reported in headlong flight toward American lines today as a vast pinners by three Soviet armies threatened momentarily to envelop them.

The First, Second and Fourth Ukrainian armies opened the assault on broad fronts from the northwest, and southeast when forces under Field Marshal Ferdinand Schoerner, himself wanted as war criminal, and Col. Gen. Woelner, ignored the surrender.

It was the only reported fighting by German troops in all Europe. Elsewhere the Germans were giving up. Allied high command announced capture of 200,000 Germans in preliminary check-ups along the front.

Remnants of the beaten German surface and underwater fleet were in Czech hands, including the cruiser Prinz Eugen and Nuernberg, which had shelled Copenhagen over the weekend.

Grand Admiral Karl Doenitz' submarine fleet was surrendering and putting in to British ports.

Dunkerque, scene of the British defeat in 1940, had surrendered. The channel islands of Sark, Jersey and Guernsey, which had been taken by the nazis shortly after the fall of France, capitulated to a British task force.

The disarmament of some 120,000 Germans in Holland was underway. Premier Marshal Stalin, in messages to President Truman and Prime Minister Churchill, congratulated them on the unconditional surrender of nazi Germany, declaring that "the joint struggle of Soviet, American and British armies against the German invaders X X X will go down in history as an example of fighting collaboration of our peoples."

Tomorrow is Straw Hat Day at Pampa

Tomorrow is annual straw hat day in Pampa. Local merchants, falling in line with the national custom, have set aside one day to feature the sale of straw hats, and Mayor Farris Oden has officially proclaimed May 11 as Pampa's straw hat day.

Pampa News Advertising Manager Elton Lathrop reports Pampa stores are unanimously cooperating in the special day.

"Citizens will find they will save money by purchasing their summer straw hats tomorrow," he said.

NOTORIOUS GOERING

Bathed, refurbished, Reichsmarshal Hermann Goering, No. 2 nazi, finally consented to be photographed against the 36th division flag after the Seventh army captured him at Kufusbel, Austria today he, along with Rudolf Hess and Heinrich Himmler, was listed as a war criminal and will be tried for his life. (NEA Telephoto.)

Stage Play To Be Given on Program Presenting Lodge

The personnel services section of the Pampa army air field and The Pampa News and Radio Station KPDN will pool talent next Thursday night, presenting one of the most outstanding programs ever offered Pampa citizens. Pampa chamber of commerce is lending assistance for the event.

J. Norman (the "Old Sarge") Lodge, one of the world's most famous war correspondents, will be presented by the local newspaper and radio station on the same program with a famous war play given by PAAF. The free program, which will be presented by Pampa News Editor J. L. Swindle, is scheduled for 8:30 at the Junior high school auditorium.

Sponsors emphasized that no bond pledges or purchases will be made at the program, which will be dedicated to the Seventh war loan drive that begins Monday. Ed Weiss will give a five-minute talk, urging bond purchases but not asking for pledges, at the beginning of the program.

Lodge, veteran Associated Press writer, will give a 30-minute talk on the various war fronts from the war correspondent's view, and his address will be followed by the play, "Untitled," commonly known as "Why Hank Peters Died," presented by PAAF personnel services division.

Predic March played the leading role in the play when it was presented on a national hook-up in April of last year. Norman Corwin, the outstanding radio-drama writer, wrote the radio play, which was broadcast last year.

Negro Will Go on Trial in Wheeler-co

The trial of Booker T. William, Dallas Negro charged with "assault with intent to murder" of John Cox, constable at Shamrock, is scheduled for the session of district court at Wheeler which opens Monday.

Also scheduled for this term is the trial of Carlton Carpenter, Wood county Negro charged with burglary at Shamrock.

PRESS SERVICE STORY ALLEGES GERMAN PLOT

LONDON, May 11—(AP)—The British war office stated today there was no truth in a United Press story of an alleged plot by German prisoners of war to stage a mass breakout and seize control of London last Christmas eve.

"The story, which had been held for some time, was finally passed by censorship because there was no longer any security involved, but a note attached in censorship advising the editor there was no truth in it," a war office spokesman said.

Point System To Be Put in Effect In U.S. Tomorrow

WASHINGTON, May 11—(AP)—Approximately 2,500 soldiers will be released from the army tomorrow under the point rating system announced by the war department yesterday.

The discharges will take place at army separation centers in various parts of the country, the department said.

The men, first to be released under the new discharge plan, will be drawn from soldiers with long overseas service who had been brought back to the United States under the rotation system prior to the end of the war in Europe for rest and recuperation.

Soldiers from all theaters are included in the group.

The army said that all have high point scores based on the length of army service, time spent overseas, parenthood, combat awards and battle participation stars. A minimum score of 85 points is required to make a soldier eligible for discharge.

Separation centers which will handle the discharge of the men are now operating at Camp Atterbury, Ind., Camp Beale, Calif., Camp Bliss, Texas, Fort Brass, N. C., Camp Chaffee, Ark., Fort Devens, Mass., Fort Dix, N. J., Fort Douglas, Utah, Jefferson Barracks, Mo., Fort Leavenworth, Kansas, Fort Logan, Colo., Fort Lewis, Wash., Fort Sam Houston, Texas, Fort McPherson, Ga., Camp Shelby, Miss., Fort Sheridan, Ill., and Fort Snelling, Minn.

Five more centers will be opened soon.

Chinese Army Traps Large Nippon Force

By The Associated Press
Superfortresses carrying out the largest aerial mining blockade in history have "polluted" Japan's inland sea and the Tokyo and Nagoya harbors with high explosives, Maj. Gen. Curtis E. Lemay announced today.

The 21st bomber command chief said nearly a dozen aerial mining missions had been carried out by the Superforts each equipped with approximately 10 tons of mines.

Japan tried to strengthen its political position in threatened corners of its crumbling empire as some 200 Superforts thundered over six targets on the home islands in a daily review of polluted 2,000 plane raids against Nippon.

All Tokyo spokesmen appeared to agree there was "no alternative" for the mikado's war lords but to continue fighting despite slow attrition of their armed forces on every island front and a threatened debacle in China.

A Chinese army spokesman reported that a sweeping Chinese counter-offensive has trapped thousands of Japanese and killed at least a third of the 80,000 invaders who had been driving toward the U. S. Chihkiang air base in Western China a month ago.

Japan's overall position was considered in a significant meeting of five former premiers and other elder statesmen with Premier Kantaro Suzuki.

The objective of the mine-laying campaign is to supplement the thunderous step-up in bombing of Japan's homeland islands by other Superforts. Carrying out of both operations can aid in destruction of Japan's production power, used to sink to the bottom. They explode when a ship comes near enough to activate firing mechanism, and contact is not necessary.

With Rangoon captured and the See PACIFIC WAR, Page 6.

Truman Reviews Postwar Taxes

WASHINGTON, May 11—(AP)—President Truman reviewed the postwar tax outlook today with top congressional revenue authorities.

He talked with Chairman George (D-Ga.) of the senate finance committee and Chairman Doughton (D-NC) of the house ways and means committee for 30 minutes.

Senator George said the President was in agreement with a five-point tax revision proposal put forward yesterday by treasury and congressional experts.

Congressional tax authorities estimated that the cash position of business will be improved by a potential \$5,700,000,000 in the reconstruction period under joint congressional-treasury corporate tax revision proposals.

The five-point program proposes no changes in corporation or individual income rates, but is designed to accelerate the flow of cash and cent excess profits tax credit and tax refunds accruing to business under present law.

Small corporations would be a chief beneficiary, through an increase in the specific exemption from excess profits taxes.

WEST TEXAS: Partly cloudy tonight and Saturday, cooler in the Panhandle Saturday.
EAST TEXAS: Considerable cloudiness tonight and Saturday; showers in north and north-central portions this afternoon and tonight and scattered showers Saturday morning; warmer in northwest portion tonight.
OKLAHOMA: Much cloudy, showers and thunderstorms, slightly warmer today, tonight partly cloudy in west, showers and thunderstorms in east, slightly warmer in northeast and along coast; Saturday partly cloudy, scattered showers and thunderstorms, cooler northwest, warmer extreme east.

Savior, Bless My Mother

Savior, bless my mother;
Keep her always in Thy care;
For now she's growing older—
There's silver in her hair.
Once, she was young and eager,
And she rocked me on her knee;
Told me the story of Jesus—
Many years, she's prayed for me.

And now, I pray for mother;
Give her courage for the day;
Let Thy hand protect her, Savior—
This, now, I humbly pray.
Walk the path with her, Lord Jesus;
And bless her all her days.
Grant that her declining years—
Shall be filled with joyous peace.
—By Minnie V. Cole

Kit Kat Klub To Have Tea Sunday

Kit Kat Klub members met in the home of Beverly Baker recently when plans were completed for the mock initiation, to be held Friday night in the home of Frances Jean Gilbert. Followed by a slumber party.

Plans were also made for a food sale to begin at 10 o'clock Saturday morning at the Piggy Wiggy Food store.

A Mother's Day tea will be held in the home of Barbara Morrison Sunday afternoon from 3:30 until 5 o'clock. All members and their brothers are invited to attend.

Refreshments were served by the hostesses to the following members: Harriet Kribbs Zita Kennedy, Martha Bisset, Winnie Cox, Colleen Chisholm, Shirley Sone, Jean and Joyce Pratt, Barbara Morrison, Marjorie Roth, Frances Jean Gilbert, and Mrs. V. L. Boyles, sponsor.

Mrs. Leona Keeran Is GFC Hostess

Mrs. Leona Keeran was hostess to members of the GFC club recently for a business and social meeting.

Refreshments were served to Mesdames Coralie Tinney, Lois Watkins, Betty Addington, Clarence Kimbro, Madona Sexton, Dorothy Allen, and the hostess.

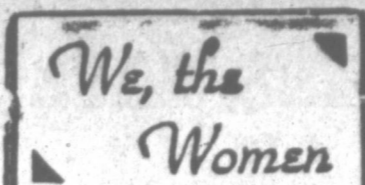

Next meeting will be in the home of Clarence Kimbro, May 21, at 7:30.

Piano Recital for Tonight Postponed

Because of the illness of Mrs. May Foremark Carr, the recital of her advanced and artist students, which was scheduled for tonight in the Church of the Brethren, has been postponed.

The date when the recital will be given will be announced later.

If the way is left open for American brains and ingenuity to exercise themselves, we believe they'll outdistance any foreign (air) competition. If the British set up a monopoly our people will be able to lick 'em hands down.—Alvin D. Barber, U. S. C. of C. official.

By RUTH MILLETT

The efforts of factories to set "no accident" records by eliminating all possible causes for accidents, and impressing on employees the importance of certain safety measures ought to be carried into the American home.

For if such watchfulness and fore-thought can cut down on industrial accidents they could also greatly reduce home accidents.

The parents in every home—by using a little imagination about possible dangers in the home itself and in household work—could eliminate a great many causes of accidents.

Just such simple precautions as never leaving a small child in a house alone, turning handles of cooking utensils away from the front of a stove, repairing faulty steps and making throw rugs secure, can prevent many home accidents. To ignore them is a real crime.

And instead of being careless about their family's safety, parents could learn to take real pride in their own family's "no accident" records.

IMAGINATION NEEDED

There is no question but that imagination in the prevention of accidents is needed as much in the home as in the factory.

It seems every newspaper you pick up carries some tragic story of a home accident that need never have happened. Such stories as a family of small children burning to death while their mother is at a neighbor's or a child's getting hold of a lamp, or a farm house burning to the ground because some one used kerosene to start a fire in the kitchen range, are common.

Never in our history has so much been said in praise of free, competitive enterprise. Yet never in our history has there been a greater concentration of economic power in a few hands.

—Thurman Arnold, Associate Justice, U. S. Court of Appeals, District of Columbia.

KENNEDY 'STICKS TO HIS GUNS,' SAYS V-E SUPPRESSION WAS 'POLITICAL'

PARIS, May 11—(AP)—Associated Press Correspondent Edward Kennedy maintained today that official announcement by a day—only after the facts had been disclosed by the German government.

Kennedy emphasized that he had transmitted his story of the surrender—which preceded the official Allied announcement by a day—only after the facts had been disclosed by the German government. He explained his stand in a statement last night replying to Brig. Gen. Frank A. Allen, Jr., director of the SHAEF public relations division.

"General Allen and other responsible officers of SHAEF public relations made it clear to me at Reims," Kennedy said, "that no question of military security was involved in release of this news."

Allen, in his public statement, asserted that "to save Allied lives on both fronts" Gen. Eisenhower had obtained authority from the Russians to negotiate for German capitulation, on the understanding that the greatest secrecy would be maintained until later, more formal contact with the German high command.

His statement contended these considerations "clearly involved security and the saving of American lives." He said Kennedy's story was "not one obtained by press representatives in the ordinary course of their activities with this theater," but by the courtesy of SHAEF and through Allen's promise of secrecy.

Allen added that as a result of the story, Gen. Eisenhower had feared "the entire chain of negotiations involving an agreed-upon later meeting between the German, Russian and Allied high commands might break down and therefore prolong the war."

Kennedy, commenting upon this latter statement, said: "The contention that negotiations might break down is not borne out by the supreme command's actions. In that hours before my story was sent out Gen. Eisenhower notified all troops that the surrender was signed and that the war was over at 12:01 a. m. May 9."

The text of Kennedy's statement: "Gen. Allen and other responsible officers of SHAEF public relations made it clear to me at Reims that no question of military security was involved in the release of this news."

Gen. Allen told me, in fact, that Gen. Eisenhower was desirous of having the news published as soon as possible and that fighting might halt and lives possibly be saved. Gen. Allen told me that Gen. Eisenhower's hands were tied by a decision coming from 'high political levels.'

"General Allen's statement now that it was necessary to hold up news until Russia was satisfied that the surrender was genuine is astonishing to me, as the Soviet Union was signatory to the Reims agreement and I assume the general representing the Soviet Union accepted it as a surrender or else he would not have signed Russia's acceptance of it."

"It is true that General Allen at one point during the visit to Reims said the story could not be published until the respective heads of the Allied governments announced it. It is also true that at another point he said announcement was expected to be made at SHAEF even before we could reach Paris. Plans were changed a number of times and General Allen made many conflicting statements concerning how the news would be released."

"Censors approved by dispatches from Reims and marked them 'passed' and signed them, but later when it was decided that the respective governments would make the first announcement they informed me verbally that their passing of the dispatch was rescinded. They made it clear their decision was not due to any matter of military security but to a decision as to what channels through which the news would be announced."

"I have enough confidence in the censors to believe that if any military security had been involved they would not have marked my dispatch 'passed' and affixed their signatures to that statement."

"After my return to Paris the German government announced officially that it had surrendered and I was informed that BBC likewise had announced the capitulation. I therefore went to Lt. Col. Richard Merrick, chief American press censor, and told him that since it was conceded that no military security was involved, and that I regarded the suppression as purely political censorship, that I could not be bound by it and intended to send the news. I based that statement on assurances given by the late President Roosevelt and other responsible American officials that the sole purpose of censorship was military security in Europe, except insofar as it might affect the war in the Pacific. I also telephoned to General Allen to tell him of my intention of passing this dispatch but was told by his secretary that he was too busy to speak to me."

General Allen's next point is that breaking of the story before the Russians had their own formal signing might break down negotiations. "If this were true then it must be assumed that the Reims agreement was an empty gesture, al-

President Knows 'Small Business'

Photo above is an interior view of the Truman and Jacobson haberdashery in Kansas City, Mo., a post-World War I business venture by the President. Edward Jacobson, a sergeant in Truman's battery was co-partner until the "firm went broke" in 1922. In the picture are President Truman, Francis Berry, former corporal in the 129th Field Artillery, and Mike Flynn, former lieutenant in Battery D of the President's old outfit.

Salvage Awards To Be Presented

Arrangements for a banquet honoring the Gray county Boy Scouts and cubs who earned the Eisenhower award in the recent paper drive are now complete, with only the announcement of the principal speaker pending.

The banquet will be held at the Senior high school cafeteria at 8 o'clock next Tuesday night, and approximately 200 persons are expected to attend.

Seventy-five cubs and scouts will be guests of the various service clubs of the community, joint sponsors of the affair. Tickets will be sold first to parents of the honored boys.

Ed Weiss will serve as master of ceremonies. The Eisenhower medals will be presented by the German.

though it was signed by the Russians and agreed to by the Germans. "The contention that negotiations might break down is not borne out by the supreme command's action in that hours before my story was sent out General Eisenhower officially notified all troops that the surrender was signed and that the war was over at 12:01 a. m. May 9. This showed that he had no doubts that the Reims agreement officially ended the war."

"I have been reporting this war since its start and I have found that despite assurances given that the sole purpose of military censorship was military security, in many instances censorship has gone far beyond that point. I have always made it perfectly clear to General Allen and to public relations officials generally both here and in the Mediterranean theaters that I took the guarantee that censorship was confined to military security very seriously, and at its face value, and would not voluntarily submit to political censorship as this would mean the end of a free press and of all freedom in the world."

During Kennedy's suspension, and without prejudice to him, Wes Gallagher has been appointed acting chief of the Paris bureau of the Associated Press, so that the normal operations of the bureau may be maintained in the interim. Gallagher has been chief of the Associated Press field correspondents on the Western Front.

"I have enough confidence in the censors to believe that if any military security had been involved they would not have marked my dispatch 'passed' and affixed their signatures to that statement."

"After my return to Paris the German government announced officially that it had surrendered and I was informed that BBC likewise had announced the capitulation. I therefore went to Lt. Col. Richard Merrick, chief American press censor, and told him that since it was conceded that no military security was involved, and that I regarded the suppression as purely political censorship, that I could not be bound by it and intended to send the news. I based that statement on assurances given by the late President Roosevelt and other responsible American officials that the sole purpose of censorship was military security in Europe, except insofar as it might affect the war in the Pacific. I also telephoned to General Allen to tell him of my intention of passing this dispatch but was told by his secretary that he was too busy to speak to me."

General Allen's next point is that breaking of the story before the Russians had their own formal signing might break down negotiations. "If this were true then it must be assumed that the Reims agreement was an empty gesture, al-

Soldier Tells of Days as Prisoner Following Attack

WHITE DEER, May 11—Sgt. Clinton Brewer, anti-aircraft gunner when the Japanese struck in 1941, spoke before a group of high school students last week.

"It is not a pretty story I have to tell," the former employee of the Shell Oil company at Skellytown said. He was a prisoner three years. Sgt. Brewer told of the hopelessness of their defense of Clark field, the retreat to Bataan, surrender, the infamous "death march," and the horrors of Bilbid prison camp.

He joined in the attempt to defend Clark field after the surprise attack had left only six planes, and participated in the running fight with the Japanese as the Americans withdrew to Bataan.

Sgt. Brewer refrained from relating the more horrible details of the death march, but he did tell how one of his buddies, who was ill, dropped out of the column to prisoners for seven one and was bayoneted through the chest, as Sgt. Brewer stood helplessly by. They learned later that everyone who dropped out was killed, but they had not been told that and that night were indelible.

Most of the prisoners suffered from dysentery and malaria and the tropical sun was intolerable, Sgt. Brewer said.

He was fortunate enough to have a supply of quinine with him, consequently escaped malaria and reached the prison camp in fair condition. He did, however, in subsequent months lose a great deal of weight, getting down to 120 pounds, but he regained 60 pounds since his release.

At the prison, he was placed in charge of an American guard with the camp to prevent escape of the prisoners. He made a tree and was nine others were executed. A young man did escape and Sgt. Brewer and some of his companions were sentenced to be shot on the following morning. He said the horrors of that night were indelible, but the next morning they were told that their execution was postponed until the next day, so they suffered through another day of mental torture.

The third day they were informed that their innocence had been established, and they were released. Disease and torture were terrible, said Sgt. Brewer, but worse than that was the ever-present pang of starvation, for their diet consisted of a very small portion of rice and a thin soup made from leaves of the sweet potato vine.

To the enemy: We have fortified this island for a year, but we cannot win this war with just the Yamato spirit. We cannot match your quantity. There is no other road for us to follow but to die.—Jap note found in two Jima cave.

awarded the boys at the banquet by a representative of the Texas State Salvage committee. Special music will be by Chick Hickman and dinner music by Gene Lively and his orchestra.

Dr. Douglas E. Nelson, pastor of the First Presbyterian church, will give the invocation, and Jimmy McCune will conduct the pledge of allegiance to the flag.

The song leader will be Virgil Mott, education director of the First Baptist church.

Man Is Fined on Check Charges

D. G. Giles, local man, was fined in county court this morning for "swindling with worthless checks."

Following his trial, Giles reportedly made good six checks which had been passed to local merchants, the checks totaling \$31.97.

County Attorney Bruce Parker said that all of the checks were dated within a five-day period. Giles had been arrested at Sherman.

Patriotic Program Is V-E Observance

WHITE DEER, May 11—White Deer observed V-E day with a program at the grade school auditorium at 11 o'clock.

Led by Glenn Hess and Gilbert Meaker, boy scouts and cubs presented the flags and led in the Pledge of Allegiance. The congregation joined in singing "America" and "The Star-Spangled Banner," and the high school girls trio, composed of Dorothy Marie Poe, Emilene Rapstine, and Lea Mae Bednorz, sang "America the Beautiful." Dalton Ford gave the invocation. Speakers for the occasion were Lt. Wendell Cain and Supt. Chester Strickland.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

Leo Lance

Sgt. Leo L. Lance, 21, son of Mr. and Mrs. C. L. Lance of Skellytown, is a member of the 97th infantry division, radio section, that participated in the final battle of Germany.

Sgt. Lance, a graduate of White Deer high school, has been in the army for two years and overseas since February of this year.

WITH JOLLY ROGER OUTFIT

2nd Lt. Hershell Miller, formerly of 2310 Alcock St., here, is a member of the famous "Jolly Roger" bombing group of the Fifth air force in the Philippines.

Lt. Miller is the co-pilot of a Liberator bomber that participated in the first daylight raid on Hong Kong, China. The "Jolly Rogers" have been in the Pacific for over 30 months.

WILLIAMS PROMOTED

Chester Williams, son of Mr. and Mrs. Chester Williams of Pampa, was recently graduated from the Aviation electricians' school at Jacksonville, Florida, and was promoted to the rank of seaman, first class.

Seaman Williams received his navy boot training at Great Lakes naval training station, Chicago.

MITCHELL GRADUATES

Pvt. Earl J. Mitchell, 19, son of James Earl of Pampa, has been graduated from the AAF training command's radio school at Truxton field, Madison 7, Wisconsin.

At Truxton, Pvt. Mitchell studied the servicing of radio equipment on U. S. bombers and fighter planes.

Jewelry Firm Is In New Location

Morris Goldfine, local manager of Zale's Jewelry company, announced today the opening of the store in its new location, 107 N. Cuyler, former location of the Diamond Shop.

"The new store has been completely re-decorated, painted and new lighting fixtures have been installed. A gift shop has also been added so that we may offer a complete shopping service," Goldfine said.

Included among the items in the gift shop are pictures, salt and pepper sets, dresser sets, perfume sets, trays, crystal, pottery and book ends. S. E. Rothschild is assistant manager of the firm here. Other employees are Miss Bobbie Cushman-Berry, Mrs. Virginia Cox, Mrs. Elizabeth Doggett, Mrs. S. E. Rothschild, Mrs. Harriet Rubnitz, Mrs. Coralie Tinney, Mrs. Lois Watkins and Charles Aokley.

Goldfine said, that although their stock is not yet complete, many famous brands of jewelry, luggage, leather goods, silver, china, crystal and watches are in stock.

There can't be another war. But if there were, nothing would serve but to put our factories underground. Dispersal, we found, is no guarantee.—Official of Siemens-Schuckert, Nuernberg industrial equipment manufacturers.

Deputy Sheriff Named For South Wheeler-co

SHAMROCK, May 11—Glenn Cantrell, a resident of the Shamrock area for more than 30 years, has been named deputy sheriff of Wheeler county to serve in that capacity in the south side of the county.

Sheriff Jess Swink made announcement of the appointment this week. Cantrell succeeds Charlie Book who has served as deputy sheriff in the south part of the county for four years prior to March 1.

The new deputy has been engaged in farming all his life, moving to Shamrock less than two months ago from his farm east of the city.

We know beyond peradventure that another war, coming upon an intensive development in military, electrical and chemical science, could wipe great masses of civilians off the face of the earth in a matter of very brief time.—Acting Secretary of State Joseph C. Grew.

Saturday night is open house for service men at Dad and Ma Hoskins'. They spread out sliced turkey and chicken, hotbreads and cake, sweet cider and ice-cold beer—and let any service man who wants to, come and help himself.

Some townsfolk thought the fellows might get obstreperous or take advantage of the Hoskins' hospitality. But the men are quick to recognize that here's a real American home, where friendliness and moderation are just naturally observed.

Joe Marsh

New Electric Firm Opened

The opening of the City Electric Co., 529 N. Nelson, consolidated with Brooks Electric Co., electrical contractors for commercial and residential wiring, was announced today.

Manager R. L. "Strawberry" Ratliff emphasizes that special attention is given to oil field work and says his firm is equipped to do any line of work in the oil field.

"We invite the people of Pampa and surrounding communities to let us figure their electrical problems," he announced. "We have on hand at all times licensed and bonded electricians to supervise the work."

Ratliff for 22 years has been with Phillips, Daniger, and the Oklahoma Gas and Electric Co. and for the past three years has been foreman for the Cabot Ordnance works.

From where I sit... by Joe Marsh

The Hoskins are a One-Family USO

And do they appreciate it? A touch of home life, hospitality, good food, a pleasant glass of beer or cider—and, afterwards, maybe a sing around the piano, or a chat before the fire.

From where I sit, a lot more families could take a tip from the Hoskins, and give our service men a chance to spend a few hours in homelike surroundings, in an atmosphere of moderation and good fellowship.

Market Briefs

WALL STREET
NEW YORK, May 10 - Further worries over industrial production problems adversely affected the stock market again today and leaders, after another series of recoveries, declined with volume heavier on the downside, finished in the minus column.

CHICAGO GRAIN
CHICAGO, May 10 - Wheat and rye slipped nearly two cents a bushel in futures markets today under commission house liquidation that at times touched off stoppage selling. Some recovery was made during the final hour but most of the list finished on the off side.

Death of Pampan's Brother Confirmed

Flight Officer Michael H. Hardy, 22, brother of Mrs. Goebel Williams of Pampa, was killed in action Oct. 28, 1944. Hardy, a B-47 pilot, had been reported missing since that date.

He was the son of Mr. and Mrs. Mike Hardy of Electra and had been on 35 missions over Germany before his death.

Nations Irked

(Continued from page one) lean plan would be drawn up as soon as possible, and the delegation scheduled another discussion on the issue today.

Behind the United States deadlock is increasing pressure from Latin America for an independent security system in this hemisphere. This is reportedly opposed by those delegation members who contend that if the world security council is to have any chance of success it must be given full powers to act anywhere in the world.

Stage Play

(Continued from Page One)

has now been adapted for the stage. The play was presented last April at PAAF as part of an orientation program. Major Roy D. Casey, personnel services officer, explained. Pfc. Milton Halpern is the director.

Following Lodge's talk, Swindle will turn the program over to Captain Truman W. Camp, information and education officer, who will announce the play.

Pampa's Junior high school orchestra, under the direction of Miss Evelyn Thoma, will present a 15-minute concert at the beginning of the program.

Numerous other appearances have been planned for the correspondent when he arrives in Pampa next week. He will speak at an orientation program at PAAF Wednesday afternoon, and will address the Lion's club Thursday. He is expected to act as guest news commentator over Radio Station KPND during his visit here and he will be interviewed over KPND Wednesday night.

Lodge, only 44, has seen action in three wars, having begun his career in 1916. He has been in constant demand as a public speaker since his return from the war fronts.

Following are the members of the cast in the PAAF play: Capt. Edward R. Janney, Col.

3 Colorado Youth Are Charged Here

Felony complaints have been filed in justice of the peace court against three Colorado youths for the alleged theft of a 1939 Buick belonging to R. M. Harvey of Pampa. The car had been stolen the night of May 8 and was recovered yesterday at Greeley, Colo., by officers there.

Cedric Pihl, Pfc. Virginia Chapman, Sgt. Myron Reichart, Pvt. Ruth Puhman, Pvt. Betty Stackpole, Cpl. Pat Berry, S/Sgt. Ivan P. Gillette, Pfc. Arthur Dreesbach, A/C William H. Guy and Sgt. James D. Collins.

Pfc. Herbert Rawlings handles the sound; A/C David Jennings is the stage manager; W/O George T. Covall furnishes the funeral music; and Pfc. Olin Eddleman has charge of the lighting.

PAAF Wacs

(Continued from Page One)

en who are stationed here, doing a myriad of necessary duties and doing them well.

PAAF's contingent of WACS arrived Oct. 20, 1944, at Pampa army air field, fresh from basic training. WACS are represented in most departments on the local air base, it was revealed.

Recently, several of the WACS were transferred to duties with the dental clinic and hospital wards as technicians and assistants.

Some WACS have gone overseas. Four of the group stationed here were in the original WAAC: T/Sgt. Helen Ball, Sgt. Estal Usery, Cpl. Rachel Young and Pfc. Elizabeth Grandow. One, T/Sgt. Ball, will be eligible for a "hash stripe," indicating three years service, in October.

On the sporting scene: The PAAF contingent has organized a top-flight softball team, which includes: Lt. Brookste E. Netherland, Sgt. Wanda Williams and Privs. Edith Ballard, Helen Trause, Ann Newman, Francis Martin, Florence Holt, Romaine Trese, Leona York and Rose Wachinski. Team manager is Pfc. Elizabeth Grandow.

Clamps Will Be

(Continued from Page One) cially define the area of American occupation.

Directly under Clay will be two other sections, public information and public relations. The former section, said the department, "will control all forms of public expression in Germany, including newspapers, radio, magazines and other publications and motion pictures."

OWI Director Elmer Davis yesterday announced that all foreign publications, films and business enterprises will be banned from Germany.

Public relations will be concerned with issuing communiques, accreditation of correspondents and press censorship.

The demobilization of German armed forces and disarmament will be attended to by three military divisions—army, naval and air.

A reparations, deliveries and restitution division will supervise carrying out in the American zone policies agreed upon in the control council dealing with activities "suggested by its title," said the department.

"Tremendous tasks lie ahead of the economic division, which will deal with such problems as food, agriculture and forestry, fuel and mining, price control and rationing," the department declared.

"This division will see to it that the Germans are forced to exert all efforts to feed themselves, and also to ensure that the liberated United Nations are given first consideration on essential commodities."

An internal affairs and communications division will include among other duties supervision of public safety and control of civil police forces. This unit, said the announcement, "will concern itself with elimination of the dreaded secret police."

Pacific War (Continued from Page One) campaign in Burma virtually ended, troops of Admiral Lord Louis Mountbatten's Southeast Asia command turned their eyes toward Singapore today as their next likely objective.

While some of Mountbatten's men have been in the jungles for a year or more and are badly in need of rest, others are comparatively fresh and could be quickly made ready for a new campaign.

The police department reported today that there is a boy's bicycle now at the police station that has been there for over a week. The owner may claim the bicycle by describing it at the station.

Papers Speculate on New Big-Three Meeting

LONDON, May 11.—(P)—London morning papers speculated today that Prime Minister Churchill, President Truman and Premier Stalin might meet soon to discuss European postwar problems. The papers disagreed, however, as to where they might meet.

The Daily Herald said Churchill was taking the initiative in arranging the conference.

The Daily Mail said Churchill was personally trying to break the deadlock over the Polish government and added that there had been several exchanges between the Prime Minister and Stalin.

(In Washington White House aides said they had no information today on any plans for a future meeting of the "Big Three.")

LONDON, May 11.—(P)—The U. S. Eighth air force today listed 43,742 fighter pilots and bomber crewmen as killed or missing in action in the war in Europe. Bombers lost in action totaled 4,450.

Small Nations

(Continued from Page One)

of any seven members of the council is all that would be necessary. When it came to voting to take action against an aggressor nation—using the armed forces of the league—the vote would still have to be seven but with this difference:

In this case all five of the Big Five would have to vote "yes" plus any two of the other six members of the council.

If any one of the Big Five voted "no" then no action could be taken and the league would be helpless to stop an aggressor.

Little Willie Is One of Hopefuls

By JACK RUTLEDGE Associated Press Staff Fifteen years ago Ben McCleskey of Cleburne was a classified ad in a Dallas paper. A blackface character who could ad lib was wanted for a radio program.

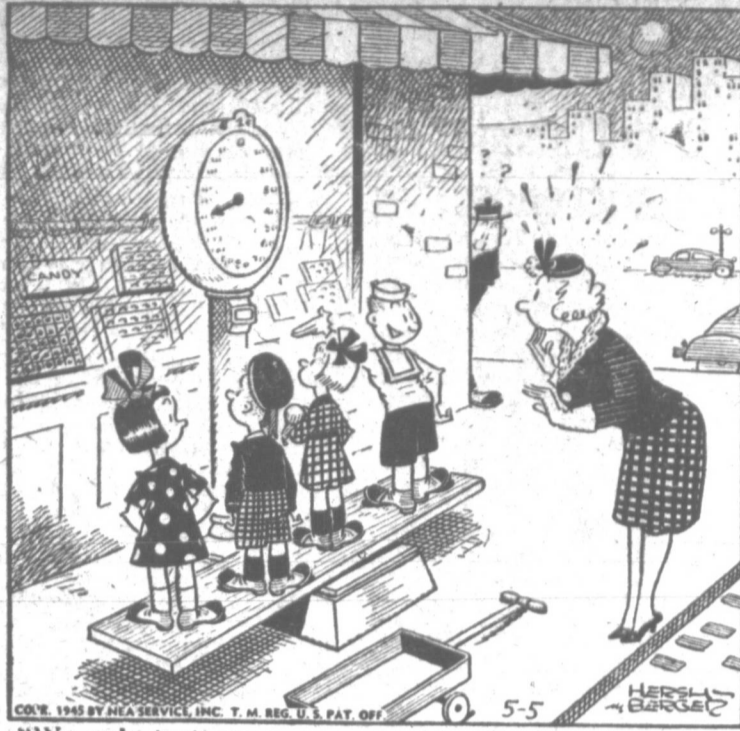

Since then "Little Willie" has been on the air continuously in different programs. Today he's heard in Hackberry hotel over a Dallas station.

McCleskey was born in Cleburne, attended Southern Methodist university, has done everything from selling ice cream to insurance, got into radio by accident and today stars as Little Willie, a constantly editor and writes script for various shows.

Several who have appeared on the Little Willie programs have had "beats". Linda Darnell, the movie star, is one.

So Little Willie, with his famous Little Giggle, hopes—

FUNNY BUSINESS

Nazi Death Warrant Signed By Arrogant Keitel in Berlin

NEW YORK, May 11.—(AP)—After signing the articles of surrender during the ratification ceremonies in Berlin Wednesday Field Marshal Wilhelm Keitel, chief of the German general staff, shut his portfolio, arose and matched out, CBS Correspondent Howard K. Smith said.

Following is Smith's broadcast in part: "The greatest V-E day of all happened yesterday in, of all places, Berlin.

"The Russians demanded that, in addition to the articles of surrender signed three days ago in Gen. Eisenhower's headquarters, the commanders of all three German armed forces meet them for ratification of that surrender in the capital of Germany.

"The event was dominated by the tangible presence of two men—Gregory Zhukov, Russia's greatest, and perhaps one of the world's greatest, military commanders, and Hitler's field marshal, Wilhelm Keitel, the personification and, if humanity is lucky, the last gasp of Prussian militarism.

"Keitel was nervous and irritated. He kept bobbing his monocle into his eye and out again. He signed the documents of capitulation but as soon as he had done so and resumed his chair he began gesticulating and arguing with the interpreters.

"Quickly the rumor circulated about the room that Keitel wanted to withdraw his signature. Keitel was requesting 24 hours more before the surrender went into effect.

"When Keitel saw that he slammed shut his portfolio, containing the signed copies of the surrender. He stood stiffly, saluted brusquely with his baton, and marched out of the room. It was the last word in humiliation for a junker and a Nazi.

"To watch the ceremony, eight correspondents from supreme headquarters arrived in Berlin by airplane yesterday at noon. A haze covered the city. The haze came from smoke still smoldering from fires, but through it you could easily see mile after mile of roofless, jagged holes of houses.

"Seeing Berlin on the ground

Spring Work in Fields Delayed By Heavy Rains

AUSTIN, May 11.—(AP)—Flooded lowlands in the eastern section of the state, untimely rains in the deep southern sections and lack of sufficient moisture in the Panhandle and plains all contributed to delay spring field work in Texas during the first week in May, the United States department of agriculture reported.

Progress of the cotton crop in the various sectors of the state paints a fair overall picture of general crop conditions as of May 7.

Planting of cotton had not started in the high plains, was just beginning in the northern blackland and northeastern sectors, and was largely completed, except for re-planting, in South Central Texas.

Harvest of the Yoakum tomato crop began last week and onions in the early north Texas districts were beginning to mature.

Planting of the rice crop was well advanced and harvest of the flax crop was active in the coastal belt section.

Ranges in most areas were furnishing good to excellent grazing but rains and growing weather were needed to promote maximum growth in the high plains, the western counties of the Edwards plateau and in parts of the trans-Pecos country.

Be sure when cutting hangnails to use only sterile clippers or scissors.

How long could your family live, as you have taught them to live, with the life insurance you are now carrying for them?

PAID IN FULL CHICAGO.—(AP)—The Edgcomb hotel officials could contain their curiosity no longer. They finally opened a trunk that had been held for an unpaid bill for nine years.

While wheat deteriorated in many Panhandle counties due to lack of sufficient moisture, conditions were more favorable in the north belt, for some recovery from earlier excessive rains.

Land preparations for sorghums was under way in the northern and northwestern areas, while sorghum was beginning to head in the southern commercial sectors.

Harvest of the Yoakum tomato crop began last week and onions in the early north Texas districts were beginning to mature.

Planting of the rice crop was well advanced and harvest of the flax crop was active in the coastal belt section.

Ranges in most areas were furnishing good to excellent grazing but rains and growing weather were needed to promote maximum growth in the high plains, the western counties of the Edwards plateau and in parts of the trans-Pecos country.

He Can't Beat This Policy

WAR TODAY

By DEWITT MacKENZIE

Associated Press War Analyst

The Allies have had a great stroke of luck in getting their hands on Reichsmarshal Hermann Goering...

We safely can award the gorgeously uniformed and bemedaled Goering second place on the list of men to be feared...

There's a third Hitlerite whom the world wants even more than Goering and Von Papen...

Churchill and Premier Josef Stalin have made immediate and urgent things to think about...

HARD—President Truman does not possess the late Mr. Roosevelt's Messianic complex...

His food aids have given notice that we must further reduce our diets in order to provide sustenance for the starving in the liberated countries...

Rescuing Europe from anarchy will mean hard and thin days over here. It will delay a return to normalcy...

FINGERPRINTS—The war has introduced into the United States another form of European control and regimentation...

EVER since Mrs. Guptill had discovered the secret of the kerosene, she had taken it upon herself to mete out punishment...

EARLY in March the weather was unseasonably warm...

One morning Mrs. Guptill recklessly stepped into the back yard without taking time to put on her crepe-soled shoes...

She called us girls together and took us into her confidence...

We searched the collar, the linen closet, the hall—anywhere, he would have been likely to go...

One morning Mrs. Guptill recklessly stepped into the back yard without taking time to put on her crepe-soled shoes...

She called us girls together and took us into her confidence...

We searched the collar, the linen closet, the hall—anywhere, he would have been likely to go...

One morning Mrs. Guptill recklessly stepped into the back yard without taking time to put on her crepe-soled shoes...

She called us girls together and took us into her confidence...

We searched the collar, the linen closet, the hall—anywhere, he would have been likely to go...

One morning Mrs. Guptill recklessly stepped into the back yard without taking time to put on her crepe-soled shoes...

She called us girls together and took us into her confidence...

Former Stars Prepare For Exes Game Tonight 8:30

Players Choose Jimmy Terrell as 1945 Harvester Football Captain

Jimmy Terrell, 184-pound tackle, was elected 1945 captain of the Pampa Harvester football team yesterday. One co-captain, Randall Clay, was chosen and the other will be chosen tonight after the annual Harvester-exes clash at 8:30 tonight.

The clash between the Harvesters of the future and those who have played here in the past will climax the spring training schedule. Another highlight of tonight's clash will be the presentation of a loving cup to the player who is voted the most valuable to his team during spring training. The cup is being given by Morris Goldfine, through the local Zale's store of which Goldfine is manager. The presentation will be made after the game.

The following players will probably start for the exes, whose ranks have been replenished by the arrival of several players on furlough from the armed services.

In the backfield, Merle McCracken will start at fullback, Jake Haller will be at tailback and Jack Morris, Dee Griffin and Kenneth Grantham will round out the rest of the backfield.

Richard Casey will be at a tackle or guard slot in the line. His position depends upon whether Warner Phillips, Harvester star of the late 1930's and brother of Roland Phillips, 1941 all-district tackle will play or not. Phillips and Casey are on leave from the services. John Chesler, 1941 all-district, will be at the other tackle.

At ends will be Joe Cree and David Caldwell, both of last year's squad.

Ox Blanton will be at the other guard post.

For the Harvesters, the line-up will be made up of boys taken from the entire squad, included among the possible backfield starters are Randall Clay, George Johnson, Wimpy Vaughn, Wayne Anderson, Bill Washington, Russell Neef and Johnny Lindsey. In the line, the following boys will probably see action: Charlie Beard, Burl Williams, Don Humphreys, Maurice Lockhart, Virgil Fish, Stanley Simpson, Jack Dunham, Laddie Mayes, Jimmy Terrell, Bill Bain, Don Morrison, Carlton Brooks, Jack Hood and Bernie Brown.

When having your fur coat stored be sure to point out worn spots, rips and tears that need repairing.

TERRELL

Longhorns Hold 2-Game Lead in Baseball Chase

(By The Associated Press) The University of Texas rode with a two-game lead in the southwest conference baseball race today.

The Longhorns beat Southern Methodist 5-4 yesterday to sweep the series and knock the Mustangs out of the running.

At the same time Rice was winding up a series with Texas A. and M. with a 6-3 decision, the Owls in second place.

Texas has five more games to play, two with Texas A. and M., and three with Rice. The conference standing:

Team	W	L	Pct.
Texas	6	1	.857
Rice	6	3	.667
Texas Christian	4	4	.500
Southern Methodist	4	5	.444
Texas A. and M.	1	8	.111

Gine is used in the manufacture of the parts of cargo ships, torpedo boats, battleships and carriers, in rifles, ammunition containers and gun cases.

"Got a Heft?"

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, May 11—(AP)—A little of the Dodger influence can go a long way, as witness the plight of Storm Nickerson of New Paltz, N. Y., hurler for Brooklyn's Piedmont league farm at Newport News, Va. (Where they built the press box backwards)—When Nickerson was yanked in the first game of last Sunday's doubleheader at Lynchburg, he followed the prescribed routine of going to the showers. In Lynchburg they're outside the ballpark—Storm dressed hurriedly and returned to see how his teammates were faring. He got as far as the gate, where attendants barred him and insisted on a ticket—Storm stormed to no avail, insisting that he was a Dodger in good standing, but he finally had to dig down and buy a pasteboard—He got back into the park just in time to learn he had been charged with losing the game.

CONFERENCE TEAMS
May Get Share of Cotton Bowl Money
DALLAS, May 11—(AP)—A plan under which members of the Cotton Bowl athletic association meets with the faculty representatives of the conference. Under present arrangements each competing team receives 42 1/2 percent with 15 percent to the state fair association for rental on the stadium. The conference members would share in moneys from radio broadcasting and advertising. The Cotton Bowl athletic association board of directors, meeting yesterday, appointed the committee to meet with the conference faculty committee and also elected Jordan C. Owenby of Dallas president succeeding J. R. Parton of Houston. A new ten-year contract with the state fair association for rental of the Cotton Bowl stadium was announced. Under this contract the rental shall be 15 percent of the gross gate minus federal taxes up to \$75,000 and five percent over that amount. The gross gate for the 1946 game between Oklahoma A. and M. and Texas Christian was announced as \$106,000.

FLIGHTS OF FANCY
An airline announces that the resumption of plane service to Newfoundland this summer will make it easy to drop in there or in Canada for a week-end of Salmon fishing. Another already has flown a Polo pony from Los Angeles to Mexico City to prove that post-war air transport of race horses is feasible—either way there probably is a catch to it.

ONE-MINUTE SPORTS PAGE
Baylor U., which is trying to rebuild its athletic program, grabbed off Jackie Robinson, all-state high school basketball from Fort Worth who is also a good track performer—Frank Graham's informal history of the Dodgers, one of the most entertaining baseball books to come

out in a long time, will be on sale next week.

SERVICE DEPT.
The six-man pitching staff at Maxwell field, Ala., can boast a 93-17 won-lost record for the players' last season of competition. The only ex-major leaguer in the lot is George Turbeville of the Athletics.

Pampa Field Baseball Nine Plays Childress In Week-end Contests

Outfielder "Ish" Henry of the Pampa fielders, post baseball nine, boasts a hefty 470 batting average to lead the team as they go into play this weekend. The Flyers journey to Childress this weekend for two games, one on Saturday and the other on Sunday, with the Childress Bombardiers. In games played to date, the Flyers have broken even in two starts. Starts in the Childress contests will probably be Knell at shortstop, Mick at first base, Lee at second, Henry in left field, Durden at third base, Guilfoyle in center field, Bery at the catching spot and Walker in right field. Tommy Reis will probably pitch one of the Childress games. Other pitchers from which a starter may be chosen are Ray Johnson, Al Caplan, Mike Greek and Al Archer.

Picked To Fight for Cellar Spot, Bums Threaten Giants for First

By JACK HAND
Associated Press Sports Writer
Brooklyn's tattered Bums may not mess up the National league's first division for long but as of today the Dodgers rate a large "E" for effort. Tabbed to spend the summer wrestling with the Phillies for a comfortable corner in the cellar shade, Leo Durocher has his gang in second place within rooting distance of the leading New York Giants.

It's a patchwork ball club with outfielder Augie Galan playing first base and other positions filled by a delegation of citizens originally destined for the Montreal farm club. But it's winning, hitting often and not doing too badly in the field. Even brother Rubeck must be surprised at the club's 372 batting average, what with Dixie Walker, the 1944 hitting king, at 254 and Augie Galan lower at 250.

Things were tough that Durocher opened the season at second base but aching muscles and appearance of a conditioned Eddie Stanky ended that. Stanky has not made an error in 98 tries. Arrival of Eddie Basinski, ticketed for Montreal, showed Mike Sandlock out of shortstop and set up a second base combination that has been clicking. Then Luis Olmo, who had been benched for weak hitting, got back in the lineup and topped a good week with eight hits in a Sunday doubleheader, taking over the league lead at 396. Brooklyn's second western test with the Cards was rained out yesterday with all the other National league games and all the American contests except a night tilt in St. Louis. Jack Kramer hurled the Browns to a second in a row over their first eastern visitors, Washington, by a 10-2 score.

Exhibition Match Opens Texas PGA Golf Tournament

SAN ANTONIO, May 11—(AP)—Officials of the Texas professional golf association will arrive today to complete plans for next week's P. G. A. championship golf tournament. The week-long program will open tomorrow when Sam Schneider and Jimmy Demaret of Corpus Christi meet Tod Meufee of San Antonio and Lieut. Ben Hogan of the air corps in an exhibition match. Monday there will be a pro-amateur Scotch foursome tournament of 18 holes. Tuesday will come the pro-amateur preliminary to the Texas P. G. A. which opens its 72-hole grind Wednesday. At the same time there will be a service men's flight, the Texas P. G. A. senior championship, the Texas P. G. A. amateur flight and the Texas P. G. A. women's open championship.

There will be 18 holes for each division Wednesday and the same Thursday. The Texas P. G. A., the amateur flight, the all-service men's flight and the women's open continue Friday and Saturday but the senior championship ends Thursday. Scores posted by professionals on the first 36 holes will be the qualifying rounds for the national P. G. A. The 10 wets amateurs and 70 ten professionals in the entire 72 holes.

AS A MILE-OR BETTER WITH THE RCAF OVERSEAS

—By Martin Pederson of Hawarden, Saskatchewan, Canada, attacked a German railway freight yard with his rocket-firing Typhoon, seeking eight locomotives, and got a lucky break for the P.G.A. title. Gibson has been shooting the Fort Sam Houston course, where the tournament will be held, in below par figures in practice rounds.
