(Editor's note — This is the last of a four-part series surveying the U. S. mobilization front.)

Even in World War II, the biggest tank, presumably the "biggest and most heavily-armed" of the Germans developed a 60-ton monster, the Tiger, and an American crewman wrote his father: "The turret of a Tiger is bigger than our whole tank."

WHERE'S THAT STEAK?—Four-day-old William Lee Darby, first child for Cpl. and Mrs. W. J. Darby, could use something solid to put his teeth into—or at least his one tooth. He was born with it in Highland General Hospital where Dr. Edward S. Williams says it is the first child with a tooth he has delivered. Nurse Juanita Reeves is holding the boy but she didn't get him the steak. (News Photo and Engraving)

Ernest Bevin

BULLETIN

LONDON — (AP) — Ernest Bevin is quitting as Britain's foreign secretary because of ill health.

Deputy Prime Minister Herbert Morrison, 63, probably will succeed him.

Most newspapers said an official announcement would be forthcoming today or tomorrow.

Other informants indicated, however, the veteran labor leader might try to remain in office until he can represent Britain in another Big Four foreign ministers conference.

President Truman Linked With RFC Probe As Solons Follow Leads From Clue-Filled Diary

WASHINGTON — (AP) — Senators probing into the operations of the RFC picked up new clues today from a clue-filled diary which said President Truman once intervened through an aide in behalf of an applicant for a big loan.

The diary came from the desk of Walter L. Dunham, a Reconstruction Finance Corporation (RFC) director. He quickly became one of his chief targets at a closed-door hearing before a Senate banking subcommittee conducting the inquiry.

The group later made public a stenographic record of his testimony. Subcommittee members dug from the diary word that John R. Steelman, a top White House aide, had quizzed Mr. Truman himself in telephone calls to RFC directors last June 30 after some of them balked at a proposed \$12,000,000 loan to construct a garage and bomb shelter under Boston Common.

Dunham was an opponent of the proposed loan. "No, sir," Dunham replied twice when he was asked whether Steelman "ever urged you or any director to act favorably on a loan which you thought you should disapprove."

Fulbright handed the diary to Dunham, asking him to read a June 30 entry which said in part: "Mr. John Steelman White House telephoned. Said the President had requested him to call each director of the RFC regarding the garage to be constructed under the Boston Common, Boston, Mass. "Mr. Dunham questioned the legality of the loan. Dr. Steelman also stated that the study of the situation revealed that conditions would justify extending the loan to the RFC." (See RED CASUALTIES, Page 6)

Highway 70 Work Progresses As Bridge Nears Completion

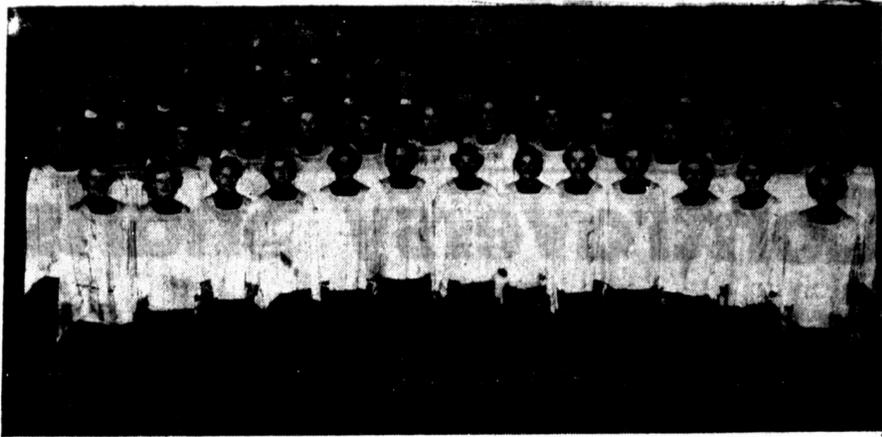

As spring draws closer so does the completion of Chicken Creek Bridge along State Highway 70 (Pampa-Perryton Road).

State Highway Department engineers reported Thursday morning that only the concrete rip raps and railings remained to be poured. The last of the 12 deck slabs was poured 10 days ago and the two approach slabs completed earlier this week.

To the uninitiated, rip raps are concrete embankment reinforcements that are set directly underneath each end of the bridge and around the end of each approach.

These concrete walls keep embankments from caving in when the streams rise to higher levels from heavy rains and melting snow. In the meantime, road contractors visited the Pampa area going over the N. Hobart section that will be up for bidding March 20 on widening and paving.

At the same time workmen for the Ernest Lloyd Construction Co. were cleaning up dirt work from the edge of paving north to Chicken Creek before continuing with excavating the remaining three miles between the creek and the south bank of the Canadian River.

HARDIN-SIMMONS CHOIR—Above is shown the a cappella choir from Hardin-Simmons University that is to sing at the First Baptist Church Monday night and at Pampa High School Wednesday afternoon. The choir, singing both sacred and secular music, will appear in Pampa, Borger, Lubbock and Amarillo and also in Oklahoma and Kansas during the March tour.

Jesus Taught With Authority

By WILLIAM E. GILROY, D. D.

The statement in Matthew 7:29 that Jesus taught the people "as one having authority, and not as the scribes, stated also in Mark 1:22, is one that will bear a great deal of thought; for it tells much, not only concerning the authority of Jesus, but concerning the basis and nature of all authority.

The fact that the people were astonished at the teaching of Jesus, and accredited Him with an authority, which they did not accord the scribes, is remarkable for the contrast.

The scribes were the professionally authoritative representatives of law and religion, Jesus, so far as we know, had none of the outward accompaniments of professed authority, commonly regarded as the symbols of authority in His time and ours. He was not a "Rev." nor a "D. D." In fact, He even ordered His disciples, "Be not ye called Rabbi."

But He also said, "Call no man your father upon the earth"; which suggests the limits of interpretation that in a practical way may be put upon

that passage. Jesus frequently adopted the method of extreme statement and over-emphasis in denouncing hypocrisy, sham and formalism. Professor Claude C. Douglas has dealt with this in an interesting remarkable book, "Overstatement in the New Testament."

My friend, the late William Wye Smith, Scottish-Canadian poet, translator of the New Testament into "Braid Scots," and author of the Scottish parts of

the original Standard Dictionary, once told me about meeting a member of a religious sect among whom the beard was a sort of religious symbol. His friend said to the bewhiskered poet, "I see you wear the beard. The beard is a good thing, if a man lives up to it."

It is precisely that, that may be said for all titles and professions of religious authority. Their justification is in the living up to them. But the ultimate test of all titles and professions of authority is the test of right and truth.

It was in its right and its truth that the authority of Jesus consisted. Even when He said (in contrast with what had been said by them of old time) "I say unto you" (Matthew 5:38, 39), it was not a matter of defining right and truth by His personal word, and arbitrary dic-

tatorship. It was speaking the authority because His personal work conformed to truth and right. Search through all the New Testament records of what Jesus did and said, and this is confirmed at every point. His authority, His power, was in the fact that He was fully in accord with the will of God, the spiritual laws and foundations of man and the universe.

It may be a personal opinion, but for myself I believe that our modern Christianity will never attain its full power and effect until we come to place religious authority more essentially where Jesus placed and manifested it.

It is better to be faithful than famous.

Here's Sharp Diet To Relieve Boredom

SANTA ANA, Calif. — (AP) — Bored? In search of a hobby? Try sword swallowing. Marine corporal Joseph Baumer recommends it.

El Toro Marine Air Station, took up sword swallowing as a hobby while working as a roustabout in a New Jersey amusement park. Now he uses a dozen blades in his amateur act. They range from a 24-inch sword to a 12-inch saw which he makes disappear with the aid of a mallet.

His favorite stunt is swallowing two swords with a lighted cigarette between them.

Hardin-Simmons A Cappella Choir To Sing Here

ABILENE — The Hardin-Simmons University A Cappella Choir, which has sung the past two years at the Southern Baptist Convention, will be in Pampa Monday night at the First Baptist Church and Wednesday morning at the high school.

The choir, directed by Euell Porter, is to sing March 9 in Oklahoma City at a meeting of the National Music Educators conference.

Last summer the group sang in Chicago at the Southern Baptist convention and was on a nationwide ABC broadcast. The choir sings sacred songs written by such composers as Bach, Grieg, Morley and Brahms. Selections by more modern musicians, Muekler, Lockwood and Martin are included in the lighter sacred group. Another section is secular, made up of folk music and semi-classical numbers.

For the first time the choir will sing, "I Am Music," a composition written by Prof. Macon Sumerlin of the Hardin-Simmons University School of Music.

There is an equal number of male and female voices in the choir and all performances are done from a phalanx formation. Men wear cassack robes of wine colored gabardine, while girls are dressed in wine gabardine skirts with silver and satin surpluses.

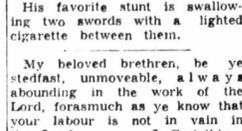

Most of the members are members of the Baptist Student Union. Five of Hardin-Simmons BSU officers are choir members. In addition to having sung at the Baptist convention the group has appeared at the Texas Music Educators Association, and the Baptist Training Union meeting. During the past year they were in St. Louis, Springfield, Mo., Champaign, Ill., and Oklahoma City in out-of-state appearances.

During the March trip the choir will sing in Duncan, Okla.; Stillwater, Okla.; Wichita, Kans.; Enid, Okla.; Borger, Pampa, Lubbock and Amarillo.

To add variety to the sacred and secular programs, the choir includes a male quartet and a girls' trio. In the men's foursome are Ray Baker, second tenor; Bob Smith, first tenor; Charles Downey, baritone; and Bill Hardage, bass.

The girls' trio, which sings both sacred and popular numbers, is composed of June and Jean Hardy and Doris Chandler, all of Huntsville.

CHRISTIAN SCIENCE

That peace need not be thought of as a future attainment but is a present possibility for the perfect and upright man is brought out in the Lesson-Sermon titled "Man" to be read in all Churches of Christ, Scientist, on Sunday, March 11. The Golden Text reminds us, "Mark the perfect man, and behold the upright: for the end of that man is peace" (Psalms 37:37). Further carrying out the thought in this verse from the Bible, "And the work of the righteousness shall be peace; and the effect of righteousness quietness and assurance for ever. And my people shall dwell in a peaceable habitation, and in sure dwellings, and in quiet resting places" (Isaiah 32:17, 18).

The Lesson-Sermon concludes with this statement from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "The relations of God and man, divine Principle and idea, are indestructible in Science and Science knows no lapse from return to harmony, but holds the divine order or spiritual law, in which God and all that He creates are perfect and eternal, to have remained unchanged in its eternal history" (page 170).

WHAT the lovely tree and the dashing waterfall and the cloud-flecked sky say to us depends much on the creative mood and the inner interest of our minds and hearts. "The heavens declare the glory of God" only to those who are reverent and believing. What we bring of inner beauty will determine the ministry of external beauty.

THE house builder in us will look upon a majestic Douglass Fir and see in it lumber feet for the construction of homes and barns and business structures and churches. The botanist will look upon the varied glory of the natural world to classify leaf and petal and root. The artist is carried away with symmetry and color and light and shade that ravish a sensitive soul. The child of God hears the woods and the sky and the falling streams as they shout, "God made us, and we are serving His creative purpose. Join us in praising and worshipping our Creator. Come with us to Church."

IN EACH of us is something of the practical business man and of the lover of nature and of the artist and of the worshipper. Which of them shall we make dominant as we look upon this beauty today? Which side of our nature shall we cultivate for rich and abundant living? We are hand and eye and mind and spirit, and, of them all, we were intended to be primarily spiritual children of God. Let's bow today before our God who is truth and goodness, but also Beauty. Let's be beautiful in our spirits through this day, that we may be members of the Family of our God.

YOU IN THE CHURCH THE CHURCH IN YOU
Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" - form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Chiefs Scramble Past Amarillo Frosh At Independent Cage Tourney, 59-40

McNeely Hits For 22 Points To Lead Wigwam Hoopsters

Captain Cliff McNeely and two of his former cage pupils, Bill Bond and Jimmy King, led the Pampa Chiefs past the Amarillo Frosh in the Independent Basketball Tournament at Amarillo Thursday night, 59-40. McNeely scored the nets for 22 points, and King and Bond controlled both backboards during the evening.

Pampa will meet Quail in a semifinal tilt Saturday night and finals will be played Monday evening.

The Chiefs decided to enter the independent tourney late Thursday morning, after withdrawing from the tourney early Thursday morning.

J. W. Malone was second in scoring for the Chiefs by drilling a left-handed shot through the net from the side.

McNeely and Malone sparking the point parade, the Chiefs ran up a 21-5 score at the quarter mark. Mac collected 10 of his 22 points at the charity line, hitting 10 of 18 free shot attempts.

The local red-clad hoopsters garnered only 18 points in the second period and led 34-16 at the half.

Amarillo pulled within 10 points of the Chiefs midway in the third quarter, trailing 40-30 with four minutes left.

McNeely started freezing the ball in mid-court with three minutes remaining in the third chapter. One Amarillo fan screamed out at the Pampa coach:

"Come on McNeely you're not down at Austin." McNeely held on to the ball thirty seconds before a Frosh came out to press him.

The Chiefs continued to slow down the game in the final period. With nine minutes left, King left the game with five fouls.

Amarillo trailed 50-40 with five minutes left to play. The Chiefs rolled in nine points while holding Amarillo scoreless the rest of the period.

Briefs From Training Camps

(By The Associated Press)
PHOENIX—(AP)—Mickey Mantle and Gil McDougald, prize New York Yankee rookies, will play tomorrow when the Yankees meet Cleveland in the first exhibition game of the season.

Mantle will open in center field and McDougald at third base.

ORLANDO, Fla.—(AP)—A big gun of the Washington Nationals at the plate, veteran outfielder Sam Mele, may be out of action tomorrow when he goes to the Chicago White Sox at Pasadena tomorrow.

Mele complained recently of the first sore arm of his life after trying a long throw from the field. X-ray pictures were taken yesterday. Mele said he hopes it is only bursitis, which he said could be cured with a few shots of a new drug.

But he added that what Mele has to fear is a chipped shoulder bone.

PASADENA, Calif.—(AP)—Vice President Chuck Connors, of the Chicago White Sox, departing for Miami, Fla., indicated he was not certain how he would vote in the contract-renewal huddle of Baseball Commissioner A. B. Chandler.

Reported to be anti-Chandler

originally without authority of his mother, President Grace Connors, young Chuck said he would be influenced by what the American League decides upon at its preliminary meeting at Miami Beach Sunday. The Chandler issue comes up before club owners on Monday.

AVALON, Calif.—(AP)—A squad of 23 Chicago Cubs leaves Catalina Island tonight to open the season's exhibition schedule with the Chicago White Sox at Pasadena tomorrow.

CLEARWATER, Fla.—(AP)—Andy Hansen, former New York Giants right handed pitcher purchased from Minneapolis by the Philadelphia Phillies, is having arm trouble again.

Hansen was forced to retire in the eighth inning of yesterday's intra-camp game because of a recurrence of the arm trouble that forced him to give up baseball last Sept. 1.

SAN BERNARDINO, Calif.—(AP)—Bing Crosby, vice president of the Pittsburgh Pirates, expects to get his first glimpse of the 1951 Bucs on Sunday.

Crosby, recovering from a kidney operation, will watch the Pirates play the St. Louis Browns at Burbank.

WEST PALM BEACH, Fla.—(AP)—The pitching assignments in the Philadelphia Athletics first training season game at Orlando tomorrow will go to Roland Hoyle, Ed Hrabesak and Johnny Kuick.

The Athletics meet the Washington Senators tomorrow and Sunday with Carl Scheib, Bobby Shantz and Hank Wyszal slated to hurl the second game.

TAMPA, Fla.—(AP)—It isn't anything serious, of course, but the flu bug which has plagued several major league training camps is causing some difficulty at the Cincinnati Reds' base.

First baseman Ted Kluszewski had to miss yesterday's intra-squad game because of the illness. Pitcher Herman Wehmeier and infielder Sammy Meeks also have been running temperatures.

TUCSON—(AP)—Russ Christopher, whose career as a reliever was interrupted by a heart condition, is ready to go back to work for the Cleveland Indians.

The 33-year-old right hander will begin working out with the San Diego farm camp here today.

Panthers Win Eleven Bouts

Panhandle boxers were swinging from the hips Thursday night as they captured 11 out of 16 bouts against Pampa and Lefors before a packed partisan crowd.

J. D. Wiggins of Panhandle won the opening fight from Raymond Haygood in a 85-pound bout and the Panthers were off on the right foot. The local swingers took the next two fights before Don Maples of Lefors ended the string in a 75-pound bout against Frank Smith of Pampa.

Panhandle went to work again and took the next four bouts. The Panhandle punchers lost only two fights during the evening. Jimmy Bennett won a TKO from Durwood Lynch of Panhandle when Lynch suffered a cut eye in the second round and the fight was stopped. Walter Martin lost a decision to Friday Todd of Lefors in a 150-pound bout.

RESULTS:
85 pounds — J. D. Wiggins, Panhandle, dec. Raymond Haygood, Lefors.
85 pounds — Glen Axe, Panhandle, dec. Lupe Hernandez, Pampa.

13-Count Bribery Indictment Faces Cage 'Fixer' Sollazzo

NEW YORK—(AP)—Salvatore Sollazzo, alleged king-pin fixer behind college basketball's biggest scandal, will be arraigned today on a 13-count bribery indictment.

In handing down the indictment yesterday, the grand jury considered only Sollazzo's alleged game-fixing activities involving four City College of New York stars and the attempted bribery of a New York University player.

The indictment charges Sollazzo with bribing college basketball players to insure results which would cinch bets made on games.

District Attorney Frank S. Hogan's office said the grand jury based its indictment only on the first arrests made last month when the scandal rocked the sports world.

No mention was made by the jury of six Long Island University players or former players under arrest for purportedly taking

money from Sollazzo to rig scores in Madison Square Garden games.

Twelve counts of the indictment involve the CCNY players — Ed Warner, Floyd Lane, Ed Roman and Al Roth — who have admitted getting from \$500 to \$1,500 each for fixing the scores of games played against Missouri, Arizona and Boston College.

The four players all were members of last year's CCNY "dream team," which made a clean sweep of the National Invitation and National Collegiate tourneys played at the Garden.

The 13th count involves an unsuccessful attempt to bribe NYU

player Jim Brasco through teammate, Connie Schaff.

Schaff, under arrest for attempted bribery, recently admitted he took \$1,900 to fix game played last New Year's Day between NYU and Cornell.

Sollazzo, ex-convict and jewelry manufacturer, has been held without bail since his arrest last Feb. 15. He allegedly paid about \$45,000 in bribes.

Maximum penalty for a count of the current indictment against him is \$10,000 fine and five years in jail — which could mean a total of \$150,000 and years if convicted.

Grubb Sees Trend In Athletic Aid

DALLAS—(AP)—Executive Secretary Howard Grubb of the Southwest Conference said today action of the Big Seven Conference in putting a top on athletic aid showed a definite trend toward a standard policy among the colleges.

Grubb, who claims that while the Big Seven, Southeastern and Southwest Conferences here in January killed the sanity code as a national function it did not mean the code was dead, declared that at least three conferences now were in virtual accord.

"There's little difference in the athletic aid requirements of the Big Seven, Southeastern and Southwest Conferences," he said.

The Big Seven has just adopted a scholarship plan for athletes in which the ceiling is tuition, fees, room, board and laundry. It also provided that outside aid must be channeled through the schools.

"The most important point in athletic aid is putting a limit on the amount a boy may receive or earn during the school year," Grubb declared.

But he found, also, that the three conferences were together on the question of outside aid and figured those were the major items.

Grubb anticipates that some time in the spring there will be a joint meeting of the Southeastern, Big Seven, Southern and Southwest Conferences to discuss minor points on which the circuits may not be in accord. He is not familiar with the Southern's policy but believes it's about the same. He doesn't think there is any point in conflict among the four conferences that can't be settled to the satisfaction of all.

Ags Clash With Steers Tonight

COLLEGE STATION—(AP)—Texas and Texas A&M square off here tonight in the first of best two-out-of-three series to pick the Southwest conference entry in the Western Region NCAAA Tournament at Kansas City.

The Aggies knocked Texas Christian out of the running, 44, last Tuesday.

The three teams had tied for the Southwest Conference championship and the playoff was arranged to pick the entry in the National Collegiate Athletic Association Tournament March 2.

The teams switch to Austin Monday night and if a third game is needed it will be played there Tuesday.

The Aggies are favored to beat Texas in the playoff, though the Longhorns have the advantage of the last two games at home. A&M hasn't beaten Texas on the Longhorns' home court since 1934.

Lettermen Announced By Wheeler Coaches

WHEELER—(Special)—The basketball lettermen have been announced by Coaches Paddock and Knight of Wheeler. Sweepers will be presented to Glenn Porter, Von Eva Hooker, Dix Sanders, Margie Barr, Margaret Moore, Ruby Williams, Wyno Childress, Patricia Hubbard, and Betty Jo Laycock. Their manager is Beverly Bradshaw and Martha Lou Goad, will also have sweaters.

Since there is a limit to the amount that can be spent on student awards in our school year there will only be two player awards for the boys. The remainder of the team would be considered as lettermen have already received awards for lettering in football earlier in the year. The boys who will receive basketball sweaters are Richard Brown and Melvin Martin, along with the manager, Al Martin.

Border Meet Opens Today

LAREDO—(AP)—The vanguard of 881 track and field performers moved out today in the nineteenth Border Olympics. Preliminaries in the junior college division in which 10 teams had entries were first on the program.

This afternoon, some 500 school boys will begin trials. The boys show comes tomorrow when the universities and colleges swing into action with preliminaries in the morning. Finals of the junior college and high school classes are in the afternoon and the main events of seven universities and 13 colleges finally battling time and distance at night.

Texas A&M, puts its championship on the line against Texas, Rice, Baylor, Southern Methodist, Texas Christian and the lone out-of-state entry — Louisiana State.

While the Olympics are not due to approach last year's wholesale record-smashing, quite a few marks are in danger. The 1950 meet produced 30 records in the four divisions.

A&M appears to offer the most potential record-crackers, particularly among its field men. Darrow Hooper, sophomore shot putter, will be aiming mightily at the shot put mark of the university division — 46 feet 11 1/2 inches, held by Harold Voss of Louisiana State, an entry this year. Hooper has almost hit 50 feet this season. His teammate, Jack Simpson, has vaulted 14 feet 2 inches, which is seven-eighths of an inch over the Olympics record held by Beef Bryan of Texas.

The college class may produce some records, too, particularly in the shot put. Jim Brewer of North Texas State has exceeded the record of 45 feet 11 1/2 inches by 2 1/2 feet. Eugene Carter of Howard Payne, who did 100 yards in 9.7 and 220 in 20.5 last year, is back.

Schreiner Institute defends its championship in the junior college division, North Texas State in the college division and Odeasa, featuring its great sprinter, Texas.

Sports Round-Up

By HUGH FULLERTON, JR., CHARLOTTEVILLE, Va. — "Formation is the greatest thing to hit football since the penalty for an incomplete forward pass was eliminated, Virginia's Art Guepe is a little puzzled ... Art has observed other coaches who are switching the split-T (Guepe's favorite version) and notes that they all call in a quarterbacking specialist as the first move ... "I think the importance of the backs in the T has been greatly over-emphasized, ... "It could be that Art's thinking has been influenced by the loss of most of last year's linemen. His big problem during spring drills is to find boys who can move and perform the blocking chores required of them ... But with the aid of chalk, a blackboard and a few thousand words, Art makes out a pretty good case.

"It isn't too hard to make a T quarterback out of a boy who never has played in that position. Of course, it helps if he's tall enough to look over that line at the defense ... If you use the straight T, he has to be a good passer, and if you use the Faurot (split) T, he has to be able to run ... But a single-wing tailback has to be a triple threat, and you usually can make a quarterback out of him ... In fact, it's a lot easier to convert single-wing backs to the T than vice versa ... But in the line-up where the chalk and blackboard where the chalk and blackboard come into action ... A Virginia lineman has to learn two assignments for each play — one for the "on" side, where the ball is to go, and one for the "off" side ... then he has to know how to block three ways, work on plays in the "split," or maybe take out a backer-up or call for help if they throw an extra man into the defensive line. He must know how to use his head and give a hand of foot signal to the backfield if he's going to block his man in an unorthodox way ... All this explains another of Guepe's ideas: hat recent talk about eliminating spring practice is nonsense ... "You don't have time to teach fundamentals and the work part of the game in the fall. You'd have to start earlier and even then you wouldn't have the kind of team you want when that first game comes."

Switching to boxing, which has a far less interest with football, the Eastern Intercollegiate Boxing Association Tournament is here, Virginia fans still are puzzled over a ruling that makes it impossible for their 135-pound ace, Grover (Bats) Masterson, to cop an NCAA championship ... As a freshman, boxing on the varsity, Bat wasn't eligible for the NCAA tournament. He couldn't fight during his sophomore year because of a flu attack ... Last year Virginia was under the "sanity code" ban and this year, when Bat is a senior, he's ineligible again because he's in his fourth season of varsity competition.

Joe Childress, in the high school class. Entries in the college division are North Texas, Abilene Christian, East Texas State, Howard Payne, McMurry, Southwest Texas State, Sul Ross, Texas A&I, Texas Western, Trinity University, University of Houston, Stephen F. Austin and Texas Lutheran.

Battling Schreiner in the junior college division are San Antonio, Howard County, Edinburg Regional, Del Mar (Corpus Christi), Odeasa, Laredo, Texas Southwest, Victoria and Southwest Texas, featuring its great sprinter, Texas.

Cooper Of Pampa Fights Tonight In Chicago Tourney

CHICAGO—(AP)—Eugene Cooper, 160-pound clobberer from Pampa, Texas, is favored to take his second title in the Golden Gloves Weight Tournament here tonight in Chicago Stadium. Eight Golden Gloves Champions will be crowned tonight in the windup of amateur boxing's biggest meet that drew an original field of 20,000 hopefuls.

Cooper is fighting with the Fort Worth Star Telegram team, and the Texans enter the semifinals with two other youths in action beside Cooper. The Texas club has piled up 18 points towards the coveted team title. The Cleveland Plain Dealer has 17 points, but has four fighters ready for the semifinals. The Gary, Ind., Post-Tribune and the Toledo Times have three each.

The Lone Star clouters arrived here yesterday from Fort Worth. The boxers made the trip by plane.

An automobile starting motor may become jammed as a result of worn gears or a bent starting shaft.

Harvesterettes Win Doubleheader

Coach Peggy McNeely's Pampa Harvesterettes continued their volleyball victory streak by taking a doubleheader from Lefors High School Lassies there Thursday afternoon. The A team won 15-3 and 15-7. The B squad annexed a 15-5 win and a 15-3 victory.

The local volleyballers are entered in the Amarillo tournament starting today.

Pampa A players: Rath, Washington, Woodfill, Robertson, Sharp, Culwell, Hamilton and Williams.

Lefors A players: McAninch, Gutherie, Willow, Cotten, Eigham and Roberts.

Pampa B squad: Jordan, Mackie, Vernon, Smith, Southard, Washington, Turpen, Willis and Houston.

Lefors B squad: Martin, Howell, Vaughn, Perkins, Forach, McCatherns, Ross and Staly.

Lions Battle To 30-30 Tie Game

SHAMROCK—(Special)—Shamrock Lions and McLean Lions played to a 30-30 tie here Monday night. The gym rang with cheers as the two quintets played a dead heat.

From the first whistle it was nip and tuck. At the half the two were deadlocked, 15-15, and again at the third canto close, 24-24. After the deadlock, Lions of both sides declared they were not in favor of an overtime period.

The McLean Lions will entertain the Irish in a return engagement Thursday night, March 8, where the tie will be played off. Originally they started out to play the two best out of three.

Further contests after the McLean return melee will be decided by flip of a coin. March 8, Clyde Whittell and Bobby Hill of the Irish Lions signed the nets for 12 points each to take high scoring honors. Hill, Shamrock, was named MVP.

McLean Girls Test Carrizo Springs In State Tourney

AUSTIN—(AP)—One division moved into semi-final play and another opened action today in the first girls basketball tournament in Intercollegiate League history.

Denton Valley of Clyde and Troy moved into the semifinals of Class B yesterday.

Sulphur Bluff meets Claude and Duncanville plays Industrial of Vanderbilt to determine the other B semifinals.

Class A action opens with Plano meeting Itasca; Carrizo Springs taking on McLean; Comanche playing decatur and Fredericksburg meeting West Columbia.

Class A semifinals are scheduled tomorrow morning. Championships will be determined in both divisions tomorrow night.

Trouble came in twin size for Barstow yesterday, as Jean and Jo Farmer led Denton Valley to a 51-20 victory. It was Barstow's first defeat of the year.

Wildcat Baseballers Check Mobeetie, 9-6

CANADIAN—(Special)—The Canadian Wildcats opened their 1951 baseball season with a win over Mobeetie, 9-6, there Wednesday afternoon. Jimmy Waterfield pitched the first three frames for the Wildcats and Bobby Hucheson hurled the last six innings.

Mobeetie shelled Waterfield for five runs with six hits in the second inning. Hucheson whiffed 14 batters in his six inning stretch.

Canadian scored nine runs on 12 hits and committed five errors. Mobeetie tallied six runs on seven hits and committed seven bobbles.

Canadian's coach, who is also rock junior high coach, is also coaching the Irish Lions.

HERE'S HOW — Joy Williams, director of the Gray County girls' 4-H Clubs, third from left, shows several of the members of the Pampa clubs just how to go about cutting out a dress. This is one of the many activities planned for this year by Miss Williams for her club members. Later on, she will help them make their dresses and finished products will be entered by the girls in the county-wide dress revue early in May. (News Photo and Engraving)

Work Comes First For 4-H Members

Texas 4-H members last year, in addition to their regular demonstration work, received training in fire and accident prevention, health, judging, recreation, leadership and conservation. Their regular demonstrations include crop, poultry and livestock production, forestry, wildlife conservation, gardening, foods, clothing, home management and improvement, agricultural engineering and home grounds beautification. Their total production when added together runs into millions of dollars and the livestock they own for breeding purposes is among the best in the country.

Four-H members also find time for fun and recreation. They are strong believers in doing the job first, and hard work doesn't keep them from achieving their objectives. After the work comes the fun and recreation. They attend county and district camps, attend county and district camps at the state 4-H roundup at Texas A&M, the state fair, visit the major stock shows, send their representatives to state and national meetings, and for the past three years they have been represented in the international farm youth exchange program.

Pinza's Daughter Would Follow Father

PITTSBURGH — (AP) — Claudia Pinza, daughter of opera star Ezio Pinza, would like nothing better than to follow in her father's footsteps in popular singing.

In private life Mrs. John Bolter and the mother of a 17-month old boy, sang three years with the Metropolitan Opera Company. Lately she has been singing in theaters and not long ago she came to Pittsburgh to make her night club debut. Talking about her father, she declared: "In 'South Pacific' he made so many more friends than he had in opera, though I'd like to sing for them, too, I want to sing for everybody."

Six-Term President

GUNNISON, Colo. — (AP) — Dick Bratton of Salida, Colo., can hardly remember when he wasn't a class president. He is president of the freshman class at Western State College here. In Salida, he was president of the eighth, ninth, 10th, 11th and 12th grades.

Casualties In Korea 54,448

WASHINGTON — (AP) — Announced American casualties in the Korean war reached 52,448 today, an increase of 1,773 in a week.

The total, representing notifications to the next of kin through March 2, included 7,857 killed in action, 34,692 wounded and 9,899 missing in action.

The wounded included 911 who died of their wounds and 85 among the missing are known dead, making a total of 8,593 deaths.

The missing figure also included 980 men who have since returned to U.S. military control and 10 known prisoners of war, leaving 8,724 currently missing.

Total Army casualties rose 1,542 during the week, reaching 42,598. Navy losses increased by six to a total of 596. Marine Corps casualties were up 110 to a total of 7,838. Total Air Force casualties reached 418, an increase of 10 over last week.

The Pilgrims did not wear the somber brown and black clothing shown in most paintings. Brilliant colors predominated in their dress.

Don't Let Aches And Pains Make You Miserable

HADACOL Has Brought Relief to Thousands Who Were Suffering Deficiencies of Vitamins B1, B2, Niacin and Iron

Folks who suffer annoying aches and pains have quite a cross to bear because those pains can make them feel miserable. But now it is no longer necessary to let those aches and pains make your life miserable when they are due to a deficiency of Vitamins B-1, B-2, Niacin and Iron in your system. Thousands of folks have discovered that the great modern formula, HADACOL, has relieved the real cause of their aches and pains, due to such deficiencies, and life seems wonderful once more.

Mrs. Lydia Pfeifer, who lives at 3115 Third Ave., Detroit 1, Mich., heard how many fine folks who were suffering such a deficiency found relief with HADACOL, and she tried HADACOL. Mrs. Pfeifer says her aches and pains don't bother her any more and she just can't thank HADACOL enough.

Here is Mrs. Pfeifer's statement: "Before taking HADACOL I had aches and pains and could not sleep well at night. I have taken three small bottles, and one large bottle of HADACOL and feel so much better in all ways. I can never thank you enough. Now I can sleep and feel more like working. Again I thank you."

Give HADACOL a Chance to help you. If your system lacks these essential elements, you will be amazed at the wonderful results HADACOL can bring you, as it has to thousands of other fine folks who suffered a deficiency of Vitamins B-1, B-2, Niacin and Iron, which HADACOL contains. HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body.

Cornet's Blue Notes Gone

AP Newsfeatures CHAMPAIGN, Ill. — The clarinet and the cornet have undergone a tune-up job at the University of Illinois.

Prof. Mark H. Hindsley, director of University bands, recently redesigned the instruments with the aid of science. His improved cornet and clarinet were developed from research conducted with an electrical device called a chromatic stroboscope.

Little wheels in this device light up as various tones are sounded. If the tone is flat, spokes of the wheels appear to turn to the left. If they are sharp, the spokes turn to the right. But if the tones are at correct pitch, they stand still. Hindsley's new instruments cause the wheels to stand still, indicating they are perfectly tuned.

The clarinet's improvement involves a new tone-opening in the instrument. There is a re-arrangement of the key mechanism. The fingering of the keys is the same.

The cornet has been made more easy to tune. Two rings for left-hand operation have been added. One is for the thumb and one for a finger. The thumb ring varies the tuning slide to bring off-tones into line. The finger-operated ring works with a spring slide that changes the tones produced by the third valve.

Hindsley says skilled musicians have been able to correct tones in the past. But the improvements will make for easier and better playing.

HARD WORK PAYS — Joel Wilson, left, gives out with a big smile as he is presented with a gold and silver trophy by Fred Neslage, president of the Pampa Rotary Club. The presentation was made at the recent Top o' Texas Junior Livestock Show, when young Wilson's Chester White pig, in foreground, won grand champion. A second pig, owned by Wilson, placed second in the junior fat pig division. Wilson is a member of the McLean 4-H Club and is the son of Mr. and Mrs. Homer Wilson. (Smith Photo, News Engraving)

Crewmen Stop Train To Free Trapped Dog

CARBONDALE, Ill. — (AP) — Along a lonely stretch of rails between Carbondale and Cairo, Ill., train crewmen spotted a dog trapped in a wire fence.

One of the crew dashed off a note, telling of the dog's plight. The note was tossed to the first persons the train passed. However, when they passed on the return trip, the dog was still ensnared.

On the next day's run they stopped their Illinois Central Railroad local, released the dog, wet, starved and near exhaustion. But its tail thumped thanks.

Whitefish C Of C Has Envy In Korea

WHITEFISH, Mont. — (AP) — The Whitefish Chamber of Commerce has a new branch in Korea. John F. Joy, Whitefish locomotive engineer serving with a railroad outfit near Taajon, wrote chamber president Shirley Lincoln:

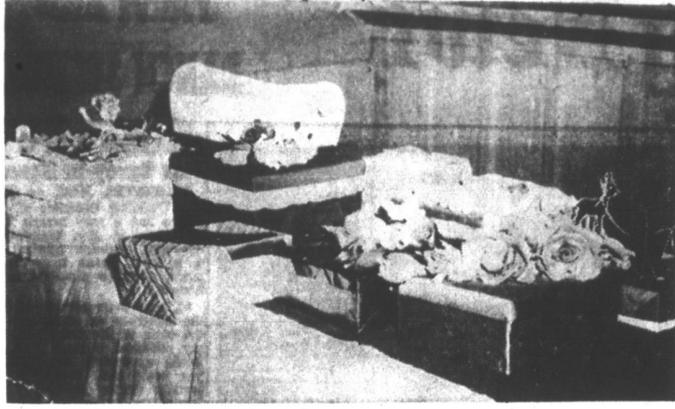

"I have been accused of being the chamber of commerce for the state of Montana because of my continual talking about it. I would appreciate any literature you could send me so I could proudly display it."

The chamber hastily sent printed matter, informed Joy that he is now official envoy to Korea and told him to invite anyone he sees to visit Whitefish — anyone south of the 38th parallel.

Wheeler Chairman Organizing Drive For Red Cross Fund

WHEELER — (Special) — C. B. Kirk, Red Cross fund drive chairman of north Wheeler county, has started the push that he hopes will send the fund drive over the goal early in the month. He is personally organizing the drive in Wheeler and will work with the chairman of the other communities in the north half of the county. Ollie Elliot is chairman of the Kelton drive. Allison's chairman is Carl Levitt; L. D. McCarty will be in charge of Mobeetie; and Harold Barnett will see that Briscoe does its part.

The Thursday Review Club volunteered to cover the Wheeler residential sections on March 7 while one businessman in each block will see each business in his block is contacted.

A booth will be set up on the square on Saturday so that the square that the shoppers will have a convenient place to bring their contributions. The goal for north Wheeler County has been set at \$1,000.

4-H Girls Plan Saturday Tour

One of the highlights of National 4-H Club week in Pampa, which ends Saturday, will be a tour of Pampa and its industries by the Pampa club girls.

The tour will begin with a general meeting at the chamber of commerce at 9:30 a. m. The group will be met by members of the goodwill and reception committees of the chamber, Miss Joy Williams, county director of the girls clubs, and Mrs. Mary Anne Duke, home demonstration agent.

First stop will be Radio Station KPAT where the group will remain until 10:15 and will be featured on a special broadcast. At 10:30 a. m., the girls will be guests at the Sunshine Dairy, G. S. Vineyard, host. At 11:15 and until 11:45, the group will see the inside of Panhandle Packing Co., with Paul Crouch as their host.

Starting at noon and continuing for 45 minutes, the 4-H clubbers will be conducted through the new First National Bank building, with A. A. Schuneman, president, as their host. A 45-minute break for lunch will come at 1 p. m.

The tour will continue at 1:45, when the girls will be taken on a 30-minute tour of the Pampa Plant, with Charlie Powell to explain its operation. From 2:35 until 3:05, the club members will visit the Cities Service Gasoline plant, with Charlie Powell to explain its operation.

The final stop will be the Dr. Pepper Bottling Plant. L. E. Johnson, manager, is to conduct the girls through the plant. This event was arranged and sponsored by the chamber of commerce as a special way of recognizing National 4-H Club week, which began March 3.

On Sunday, the Pampa girls will meet at the First Baptist Church shortly before 11 a. m., and attend services in a body. They will be accompanied by Miss Williams. Club members from Letors are planning to attend church there as a group.

Stars' Estates Not So Large

By BOB THOMAS
HOLLYWOOD — Newspaper readers were shocked recently when the estate of the late Jack Holt was announced. Despite a distinguished film career dating back to 1918, he left only \$5,000, mostly in personal belongings.

One-time matinee idol Maurice Costello died with an estate too small to be probated — \$91.65. Jean Harlow left \$41,000, a meager amount considering she had been a top star for a decade and was earning \$4,000 a week at her death. Many another star has died leaving the heirs only a stack of press clippings and unpaid bills.

How does this happen? I did some research with stars, their advisors and other experts on the Hollywood scene and found there are three main reasons:

1. Stars don't make as much money as most people think. A lot of the established stars can draw fabulous salaries. But many of the newcomers do not. Even stars who make big salaries have difficulty keeping any of it. Taxes can take three-quarters or more. They have to pay 10 percent to their agent and often five percent more to a press agent. And there are dozens of other drains on their earnings.
2. Stars have to live like

Rasco Tells Of Tour In Korea

MIAMI — (Special) — David Rasco of Amarillo was guest speaker at the Miami Men's Service Club's monthly dinner meeting, Tuesday evening. He was introduced by Jim Reeves, president of the club.

In his talk concerning his recent experiences in the Korean war zone, the speaker explained how the terrain, the climate, the lack of adequate roads, the Oriental concept, as well as political considerations affect the military strategy of UN leaders and forces in the conflict. Rasco used a large map of the country and a number of pictures he had taken on the field to illustrate his talk. A round-table period gave the listeners the opportunity to ask questions and discuss problems relative to the war situation.

Also on the program was Clyde Carruth of Pampa, who gave a report on the recent Top 'o Texas Calf Show, in which a number of FFA boys from Miami exhibited a live calf. Carruth thanked the local men for their support in making the show a success, and presented a certificate to Doyle Smith, as a

Shamrock Superintendent Is Head Of Teacher Committee

SHAMROCK — (Special) — Supt. Elmer J. Moore recently returned from Atlantic City, N. J., where he was a delegate to the convention of the National Association of School Administrators.

He is a member of Evaluation committees for various schools in this area, inspecting and evaluating teaching performance at these schools.

Supt. Moore is serving his sixth year as head of the Shamrock system, and his 19th as an educator. Originally slated to be a geologist, he turned to education instead, and prefers it to the engineering fields. He is a member of the Texas, National and Panhandle Education Association and is known for his progressive policies in modern education for a complex world. Moore stands for Democracy and individual achievement as his keynotes.

Rummage Sale Set Here March 30-31

The Gray County 4-H Council made plans at its last meeting to hold a rummage sale March 30 and 31 in the old Whites Auto Store building on S. Cuyler. David Engle, general chairman, asked that all rummage, old clothes, shoes, purses, odd dishes, glasses, pictures, games and jewelry, be brought in by Thursday, March 29, to the agents' office in the court house.

Several committees were appointed to hold the rummage sale. Jimmy Keel will head the equipment committee; Billie Mae Osborne, publicity; Joe Keel, poster committee; Jimmie Hopkins, clean-up; Mrs. Emmett Osborne, pricing.

Proceeds from the sale will be used to help finance a trip for delegates to the roundup which is held annually at College Station.

The monthly recreation program will be held March 16 in the VFW-American Legion Hall at 7:30 p. m. Johnnie Mae Dauer was appointed general chairman for the program. A practice session to learn the folk games will be held March 13 in the Pampa High School Gymnasium, beginning at 7:30 p. m. All 4-H boys and girls who care to attend this practice session have been issued an invitation to do so.

POWER-CURVE

TIRES OUTPULL OTHER LEADING MAKES

"Open-tread Power Curve" tire simply amazing," says dirt farmer

John Jacobson of Roann, Ind., put B. F. Goodrich Power-Curve tires on his tractor this spring. In plowing his own farm and helping others, he found these tires would grip the earth where others stood still. When a neighbor gave up because the ground was too hard to plow, Mr. Jacobson took his tractor, plowed the field to inches deep without any trouble. "Most efficient plowing tire I've ever seen," says Mr. Jacobson.

When tractor wheels spin, money is flying out the exhaust pipe. But you get full traction, a minimum of slippage with the B. F. Goodrich tire. Farmers everywhere say that this new tire actually saves on fuel bills. Take a look at the Power-Curve tread. Notice that each high, tapered cleat has an arrow-head nose that digs in. The curved cleats are high at the shoulders, high at the center—actually higher at the center than the cleats of two other leading makes. Because the curved cleats are evenly spaced, the same distance apart at the center as they are at the shoulders, the tread meshes with the soil like the teeth of gear. Yet the whole tread is flexible enough to give, to throw the dirt free as the tire rolls. The tread stays clear!

That's why this great new tire outpulled other makes in hundreds of tests throughout the country.

You get longer wear from new Power-Curve tires because the curve in each cleat makes it stand rigid—prevents bending and scrubbing on hard surfaces. There's more rubber in the tread. MANY FARMERS WILL GET AS MUCH AS AN EXTRA YEAR OF WEAR!

Replace with this money-saving, powerful new tire. And specify B. F. Goodrich Power-Curve tires when you buy a new tractor. The B. F. Goodrich Company, Akron, Ohio.

This new type front wheel tire first made its reputation in the litter corn country. Now farmers everywhere want it. It follows the furrow or rides the ridges. Protects your crops. Makes steering easier. Tread is specially compounded for extra-long wear. See your B. F. Goodrich retailer.

Chinese Communists Using Tactics Practiced By Russia

WITH U. S. THIRD DIVISION. "If they lose men who try to infiltrate they just send some more."

The Chinese Reds also have the same theories on artillery as the Russians, Soule said. "They have artillery regiments as do the Russians and like to use artillery the same way the Soviets do. They just haven't as many of it."

The ex-paratrooper general said the whole Chinese Red army is modeled after the Russians.

The allies facing these Chinese-Russian tactics in Korea have departed from the war methods employed by the Japanese during their effort to conquer China. The Japanese tactics never succeeded in wiping out either the Reds or Nationalists.

"The Japanese held the main lines of communication — the roads and railroads," the general said. "They didn't worry about the people 20 miles away from the roads. In fact they never went out after them."

"On the other hand we are pushing slowly forward, aiming to eliminate the Reds everywhere. We don't want to leave a lot of them around."

With the Chinese tactic of massing large numbers of men at a single point and shoving them through in waves, it is necessary to move large numbers of men and masses of supplies.

Soule said the Reds in Korea move supplies in a few trucks, carts drawn by oxen or cows or Mongolian ponies, or on the backs of soldiers and civilians.

"It's a motley lot but it is fairly effective," the general said.

Soule said in China the Reds used two-wheeled carts to haul their supplies. "I've seen as much as a ton and a half loaded on one of those carts and as many as 12 ponies pulling," he declared.

"And those ponies can go almost anywhere a man can."

Soule agrees with the estimate of Army Maj. Robert B. Riggs who said early in 1949 that 30 of these carts are equal to 12 United States 6 by 8 trucks.

The general said the Chinese have unveiled no new weapons in the Korean campaign. He said the whistle blowing and bugle tooting of the Chinese shows a lack of good communications between units.

"They have a series of bugle calls to attack, withdraw and so forth," Soule said. "When you attack the way the Chinese do, showing one unit right through another in long columns, your units get scrambled easily."

"I imagine though that some of their men forget what the bugle call means when the going gets hot."

Soule said the manpower advantage enjoyed by the Chinese in Korea has led them to adopt only one important change in their tactics.

"They use stronger defensive tactics now," he said. "They hold a position a little longer before withdrawing, presumably to find out the strength of the unit opposing them."

Official Favors Boosted Taxes

HOUSTON — (AP) — Higher taxes and a pay-as-you-go defense program is favored by the president of the National Association of Manufacturers.

"I never thought I'd be going around the nation calling for higher taxes," said William H. Ruffin, Durham, N. C., textile manufacturer yesterday, "but that's why we've got to do it. We plan to check inflation. We should collect enough taxes to cover all of the government's expenditures, including the military program."

Ruffin speaks here today.

Oilmen Eye Method To Speed Up Drilling

BEAUMONT — (AP) — Oilmen are eyeing a method said to speed drilling of oil wells by 25 to 100 percent, depending on geological factors.

The new method was placed under study yesterday by the

Southwestern District of the American Petroleum Institute's Division of Production.

Making use of jet rock bit drills, it is claimed to cut bit consumption as much as 50 percent in areas where the harder formations

are encountered.

The oilmen meeting here yesterday also decided upon a study of treatment of water used for so-called secondary oil production.

COTTAGE CHEESE "SUPPER FOR 4"

2 cups Borden's Cottage Cheese	1 cup uncooked macaroni
1 egg	1 teaspoon salt
1 teaspoon Worcester-shire sauce	1/2 teaspoon pepper
3/4 cup Borden's Milk	1 medium onion, minced
1 cup chopped celery	Dash garlic salt

Combine cheese, eggs, Worcester-shire sauce, seasonings and milk and beat until fluffy. Pre-cook macaroni and celery and drain well. Place in bottom of baking dish and pour on cheese mixture. Place baking dish in pan of hot water and bake in moderate oven (350° F.) for 45 minutes. Serves four.

Quick PREPARE FOR OVEN IN LESS THAN 10 MINUTES

Easy HERE'S ALL YOU HAVE TO DO

Never before such a satisfying, attractive meal at such low cost. High in essential nutritive values—low in calories—high in food energy, quick and easy to digest. Borden's Cottage Cheese is all food—there's no waste.

1 lb. of Cottage Cheese gives you MORE PROTEIN than most other main dish foods... yet costs 75% less!

HURRY UP, JILL! I GET OVERTIME AFTER THE FIRST TEN MINUTES! OUCH!

NOW, HOLD STILL, JANNY! I'M GOING TO START PINNING ON THE RUFFLES!

HOW WONDERFUL TO HAVE A TWIN SISTER TO USE AS A MODEL! IT'S JUST LIKE HANKING YOUR DRESS ON YOURSELF, JILL!

THERE! HOW DO YOU LIKE IT, MOM?

TO THINK YOU MADE IT OUT OF CURTAINS! IT'S KINDA CUTE! I THINK MAYBE I'LL KEEP IT ON UNTIL AFTER THE CONTEST!

I'D ASK FOR A RAISE BUT I HAVE NO REASON!

MAY I USE YOUR PHONE, BOSS?

WHAT FOR?

MY WIFE TOLD ME TO ASK FOR A RAISE BUT SHE FORGOT TO SAY HOW MUCH!

CAN YOU GIVE ME THREE GOOD REASONS WHY I SHOULD GIVE YOU A RAISE?

YESSIR, TRIPLETS, SIR!

WELL, HOW'D YOU MAKE OUT? DID YOU ASK THE BOSS FOR A RAISE?

YEAH, HE WAS LIKE A LAMB!

WHAT'D HE SAY?

BAAM!

Checks Agonizing Sciatic Pain Fast!

It's a brand new! SURIN for speed, temporary relief of local, superficial pains of arthritis, neuritis, rheumatism, bursitis, acetabula, lumbago and also fatigue and muscular aches and pains of simple colds. Here is the secret of SURIN's fast action and blissful temporary relief of local superficial pain. SURIN is based on a new application of a principle which permits a marked degree of absorption of the analgesic drug through the skin and treats the pain at the point of pain. SURIN contains a modern research drug — methacholine chloride, a powerful ingredient to dilate surface blood vessels which used locally at the point of pain. SURIN has 2-way action: (1) it increases the superficial blood supply; (2) allows relaxing agents, camphor and menthol and local anesthetic, methyl salicylate to penetrate rapidly. SURIN acts fast. In a few minutes you feel a soothing warmth and get relief lasting 1 to 3 or more hours. No internal dosing with SURIN — use it locally! SURIN is quite different from old-fashioned ointments and ointments. SURIN may be applied without fear and is so easy to use. Has new nutrient base that is smooth, creamy white. Washes off quickly in warm water. Does not stain washable fabrics. Money back at your druggist if not satisfied.

*SURIN is not intended as a cure or treatment of these diseases. It is to be used only for temporary relief of local superficial pain.

Henry, In Capri, Rows To See The Fabulous Blue Grotto

By HENRY McEMORE

CAPRI — To come here and not go to see the Blue Grotto would be like going to Washington and refusing to look at the Capitol.

There is a great difference, however, in the means of transportation you use in visiting these two famous sights. The Capitol can be reached by bus, passenger car, taxi, streetcar, or foot. Indeed, if a person wanted to he could view the Capitol from a goat cart, an Irish Mail, or perched on a pogo stick.

But not the Grotto. That celebrated blue job can be reached by only one means, and that is lying down flat in the bottom of a rowboat. In case you haven't had the pleasure or misfortune, according to your lights, of visiting this marine phenomenon, here is a blow-by-blow description by a man who just got back.

You catch a small motor launch at the Capri docks and chug-chug for half an hour to the entrance of the Grotto, but you don't go into the Grotto in the launch. The entrance into the solid rock is shaped like a croquet wicket and is no more than three feet high and six feet wide.

With the arrival of every swell of the Mediterranean — and when I was there it was filled with more swells than a horse show — the entrance is completely blocked, and that's where the rowboats come in.

You must transfer from your launch to the tiny rowboat — and mean feat, I might add — and bob around until it is your guide's turn to take you in. At his command you stretch out flat in the bottom of the rowboat, which holds two ordinary or garden size tourists, and swallow salt water as he carefully paddles in toward the opening.

The guide's is a delicate task. He must time his arrival at the entrance just a split second after a wave has hit the rock. This

leaves a trough and he must get the boat through before another wave arrives, else the boat and all concerned will be smashed.

He can't row in. Not enough room for paddles. So he grabs an iron chain that is fastened inside the Grotto and, with one desperate pull, slides the boat through into the calm waters of the Grotto.

Once inside, you forget all about the touch of seasickness you got from bobbing a boat while waiting your turn to come in, all about the water you swallowed, all about the shins you scraped hopping into the rowboat, and all about the fact that you still have to get out.

It's that beautiful. It's that breathtaking. It's that eerie. No one has ever been able to explain what causes the waters of the Blue Grotto to assume such a magnificent color. There are innumerable other grottos on Capri but none to compare with Mr. Blue, himself. No one dares to widen the neighborly traffic for fear a change in the lighting conditions would destroy what for centuries has been a marvel to mankind.

There's no describing the color of the water. Not for me, anyway. It's a blue that the heavens can't match, and any object placed under the surface shines like the purest silver. The quiet is like that of a cathedral, with not a sound save the soft plunk-plunk of the paddles as the guides moves you about in the cavern.

When you stretch out in the bottom of the boat once again, and pop out into the open sea, you feel as if you had had a dream.

But your aching back brings you back to reality.

Plans To Get Tough With High Prices

By SAM DAWSON

NEW YORK — (AP) — The U.S. government is planning to get tough with some of its friends who it believes are overcharging on materials needed for the arms program.

Prices have gone sky high since Korea on tin, rubber and wool, to name a few of the essential commodities.

The price of tin in British Malaya rose 150 percent. The United States is stopping its purchases for the defense stockpile, until the price drops to "a reasonable level."

Since Korea the price of raw wool in Australia has gone up 75 percent. Now Price Director Michael V. Disalle says a wool formula is being developed to handle the problem of wool imports. He also says pacts are in the making with foreign governments on other imports, such as newsprint, copper and coffee.

A halt to government stockpiling of natural rubber because of its "exorbitant cost" is urged by John L. Collyer, president of B.F. Goodrich Co. of Akron, Ohio. He claims the crude rubber stockpile already accumulated is adequate and he urged the government not to enter into a rubber price cartel with rubber growing areas, citing:

The government has already taken over all purchasing of natural rubber from the British and Dutch interests in the Far East, and its stockpiling purchases are said to be one of

the chief supports of the record high prices.

In the wool trade here it is felt that the U.S. government is about to step in and take two actions: control of raw wool procurement abroad, and control of all raw wool inventories here. The government is interested not only because the world shortage of apparel wool makes the outfitting of its armed forces a problem, but because of the skyrocketing prices it must pay in furthering its arms program.

A year ago 18-ounce serge of the type used for uniforms could be bought at around \$3.40 a yard. When the government sought two million yards last month, prices ran as high as \$8.49 a yard.

The civilian has been suffering from high wool prices, too. If the government steps into the wool price picture, what it will be able to do in negotiating with the wool-producing companies the wool trade here doesn't know. The United States tried getting such a deal a few months ago, without much success.

IP&L Is Granted Rate Boost In 53 Of 647 Cities

(By The Associated Press)

Rate increases have been granted the Texas Power and Light Co. in 53 of the 467 cities and towns served by the company.

W. W. Lynch, company president, said the company had applications pending for increases in several other cities.

Lynch said the increases requested average about seven percent, slightly less than a reduction made in rates in 1948. He said the 1948 decrease was made in the belief that prices would level off, but instead prices have continued to rise.

He said the current applications are the only requests made for increases in the history of the company except in 1920, when post-World War I fuel costs required a temporary license. He said the T. P. & L. had made six general voluntary rate reductions since 1920, reducing the average cost to residential users about 50 percent.

Dallas, Tex., is the largest city in the United States not on navigable water. It replaced Indianapolis, Ind., in that category in the 1950 census.
