M'Arthur Orders Crossing Of Parallel 'If Necessary'

WHERE HUGE AIR FORCE TRANSPORT VANISHED—Cross indicates approximate position 800 miles southwest of Ireland where a huge U. S. Air Force C-124 or Globemaster II transport plane vanished on flight from Limestone, Me., to Mildenhall, Suffolk, England. The plane was last heard from at this point in a routine radio check. (AP Wirephoto)

Valise Spurs Air Force Hunt For Plane Lost Over Atlantic

SHANNON AIRPORT, Ireland (AP)—Recovery of an Air Force valise tonight swung fleets of ships and planes toward a new sector of the Atlantic in search of the U. S. Air Force Globemaster, missing since early Friday with 53 persons aboard. The valise was picked up by the international weather ship Charlie at 8:30 p. m., London time, (12:30 p. m. CST), 630 miles southwest of Shannon. The Charlie was one of two weather ships that had previously been sent to an area 500 miles west of Ireland following reports early today that flares, wreckage and liferats had been sighted. The valise was the first object actually picked up as a possible clue to the whereabouts of the huge Army transport C-124. It was found as hopes were fading for the missing men.

Cohen Says Texans Wanting Publicity

AUSTIN — (AP) — Gambler Mickey Cohen said Saturday he wouldn't be here Tuesday for a crime committee hearing unless the committee sends him round-trip fare. Rep. Fred Meredith of Terrell, committee chairman, said: "we're not going to send anything. We don't have authority to in the first place, and we don't do business that way."

Only Three Ballots Cast By Saturday In Absentee Voting

Absentee voting in the April 3 city election still stood at three ballots cast by noon Saturday. City Secretary Ed Vicars reported, Voters expecting to be out of town on April 3 have until midnight Friday to have their ballots counted by election judges. On the ballot for mayor are: Mayor C. A. Huff and B. E. Ferrill; for city commissioners, Ward 1, Crawford Atkinson, Ward 2, Bob Thompson, Ward 3, W. E. Ballard and A. Neel, Ward 4, Fred Parrott, W. D. Varnon and E. C. Schaffer.

Deadline Week Off For Giving Tax Estimates On Inventory

Only one week remained today for business, commercial and industrial establishments to present personal property inventories for taxable purposes to the city and the Pampa Independent School district. If conditions are not in by April 1, the assessment and valuation will be done by the Board of Equalization when it convenes in the next few months. Form letters with vehicle-listing sheets were sent out to local businessmen by the two taxing agencies a month ago. Approximately 75 percent of them have been returned. According to state statutes "persons, firms, corporations, and associations are required to file with the city tax-assessor-collector. If it comes from a hardware store, get it at Lewis Hawk,

Armored Troops Consolidate Gains

TOKYO — (AP) — Allied forces arrayed just south of Korea's 38th Parallel had orders from General MacArthur to cross the old boundary if necessary to whip the Chinese Reds. As Easter sunrise splashed across the brown Korean hills, powerful allied armored columns and parachute troops were consolidating swift gains of the week. At one point they were within two miles of the parallel. The Reds offered little or no resistance except north of Seoul. American and Belgian troops battled hand-to-hand with die-hard Chinese dug in on hills northwest and northeast of Uijongbu. Using bayonets and hand grenades, the Americans and Belgians advanced 1,000 yards Saturday. A frontline officer said the Reds were well dug in.

Try To Enter Costello Suite

NEW YORK — (AP) — Three men, one carrying a gun, tried Saturday to enter the 18th floor apartment of Frank Costello, reputed racketeer, in Manhattan. Police said they learned from Mrs. Costello that all "valuables" had been removed soon after Costello made the disclosure heard by the committee's television audience.

Transport Limps Toward New York

BOSTON — (AP) — The Army Transport Gen. Samuel D. Sturgis, carrying 884 displaced persons from Europe, radioed today that she was leaking but able to continue under her own power. The vessel was 440 miles east of Boston, the Coast Guard reported. A crack developed in the hull plating. The Sturgis is due at New York Monday after leaving Bremerhaven March 14. Four cutters were alerted on an "immediate standby" basis.

Bells Signifying Resurrection Mingle With Cries Of Battle

(By The Associated Press) A hill called Calvary rises over the city of Jerusalem, where the tolling of bells signifying the Resurrection of the Prince of Peace mingled today with the cries of war. Bells punctuated solemn Easter morning services in the muddy desolation of war-blackened Korea. Throughout the free world, Christians prayed that the most terrible destruction that mankind ever has devised will not be visited upon them. Peace was the universal theme of Christian prayers. This was the message the bells pealed out over the eternal city of Rome. It was the message in many thousands of pulpits in America and other lands. In Korea, American soldiers and marines, with soldiers of other United Nations countries, gathered bareheaded before altars crudely constructed of wooden boxes. Jerusalem was thronged with pilgrims as the great bells of the ancient basilica of the Holy Sepulchre pealed out their first joyous Easter notes. Archbishop Albert Gori, Roman Catholic patriarch of the Holy Land, was to lead a procession into the Basilica for the celebration of Easter mass. Barbed wire and armed guards met pilgrims at the historic Mandelbaum Gate on their way to the holy shrines of Christendom's first Easter. The peace-

James Henderson Succumbs Saturday After Long Illness

James W. Henderson, 69, 1008 E. Francis, died Saturday afternoon in a local hospital after a year's illness. He had lived in Pampa for 14 months, coming here from 22 months where he resided for 20 years. Surviving are his wife Alpha; three sons, Carl, Moberly, James; and Pampa and Claude of Wichita Falls; six daughters, Mrs. Mattie Lewis, Long Grove, Okla.; Mrs. Lilly Hunt, Kellon; Mrs. Nettie Walker, Moberly; Mrs. Betty Schaub, Pampa; Mrs. Nadine Jones, Amarillo; Mrs. Virginia Martin, Pampa. Funeral services will be conducted Monday at 3:30 p. m. in the First Baptist church with Rev. E. Douglas Carver, pastor, in charge. Burial will be in Fairview cemetery. Duenkel-Carmichael is in charge of arrangements.

EASTER ROSES FROM KOREA—Mrs. Richard E. Woodward, pretty wife of a Marine sergeant at Wonsu, Korea, smiles at the red roses her husband sent her for Easter Sunday wedding anniversary at Wichita, Kans. Six-year-old son David inspects corsage also sent by his dad—who had hoped to be home by Sunday. (AP Wirephoto)

Pampan Dies From Shooting Saturday

Lumir J. Yanda, 35, of 221 N. Sumner was shot to death late yesterday afternoon with a .22 cal. pistol in the bedroom of his home in what police described as an accidental shooting. The bullet entered the upper chest, traveled downward and emerged through the fleshy part of the back, apparently hitting the window frame, and then dropped to the window sill where officers found it. The shooting occurred at approximately 4:15 p. m. There were no signs of a struggle in any part of the home and officers said they were inclined to believe the shooting to be accidentally self-inflicted. Mr. Yanda was known to have a habit of playing with an old Civil War relic belonging to Mrs. Yanda's grandfather as well as a .22 cal. revolver. The latter was the gun from which the fatal bullet came, police said. According to several friends, and Mrs. Yanda, the dead man would often handle either or both of the pistols.

Pampa Setting Aside Week For Honoring Industry Here

The importance of industry to Pampa will be in the limelight during Texas Industrial Week April 1-7, according to plans being formulated by the local Chamber of Commerce Manufacturing Development committee. Open houses will be held on specific days beginning April 2 and conducted through the week. Plans to extend special invitations to all civic clubs, women's clubs and many other organizations to visit the plants. If possible, some students will be given an opportunity to visit the plants, according to Joe Key, chairman of the Chamber Manufacturing Development committee. A highlight of the week-long activity will be open houses at some of Pampa's representative industrial plants during which the public will be given an opportunity to see the plants in operation. Tentatively scheduled to cooperate with the chamber group are Cabot Shop, Pampa Foundry, Cities Service, Bash-Ross, Jones, Everett, General Atlas and Petroleum Specialties.

Argentine Scientists Claim Cheap Atomic Energy Method

BUENOS AIRES, Argentina — (AP) — Argentine scientists have produced atomic energy by a new method much cheaper than the usual processes and are probing problems of the hydrogen bomb, President Juan D. Peron announced Saturday. He said the atomic energy will be developed on a big scale and harnessed exclusively for industrial use. Implying Argentine leadership in hydrogen bomb research, he said the study of solar reactions by a new type apparatus called the thermotron show foreign scientists are "still far from their goal," at least on the basis of what they have published. The production of atomic energy is "transcendental for the future of Argentina and I do not doubt of the entire world," Peron said. "I hope to exhort all Argentines to collaborate in this great project, which will redound so much to the enormous benefit of our country." He made the announcement at a news conference limited to Argentine newsmen normally stationed at his palace, the Casa Rosada. Foreign correspondents were excluded. Argentine scientists obtained "the controlled release of atomic energy" through "thermonuclear reactions" Feb. 16 at a government pilot plant on Huelmo Island at San Carlos de Bariloche, the President said in a prepared statement. The island is near the Chilean border 850 miles by air southwest of Buenos Aires. Peron said the experiment was performed "under conditions of control on a technical scale... on the basis of thermonuclear reactions identical to those which by the sun releases atomic energy." The announcement stirred speculation in both political and scientific circles in the United States. Among scientists in atomic fields, the only clue to the method appeared to be the phrase "thermonuclear reactions." However, thermonuclear has no specific meaning. It is a scientific word to mean any and all kinds of atomic energy coming from the nucleus of an atom. So more information was awaited. U. S. officials have known that Peron's government was experimenting in atomic energy as well as in other scientific fields. If Peron's announcement is correct, his scientists may have succeeded in releasing atomic energy by employing such common and lightweight elements as carbon, boron, helium, beryllium and lithium. Argentina may have perfected an atomic reaction embodying the principle of the proposed hydrogen bomb, but involving a means of control which cannot be achieved with hydrogen. The U. S. Atomic Energy Commission declined comment.

Army Calls Officers In By June 29

WASHINGTON — (AP) — The Army said tonight that 1,500 field grade officers of the national guard and organized reserve will go on active duty on June 29. Some 1,100 will be majors and 400 lieutenants colonels. They will come from infantry, armor, artillery, signal corps, engineer and chemical corps categories. The National Guard officers can be brought in only if they volunteer. Members of the organized reserve will be ordered up if not enough volunteer. Up to now emphasis has been on the calling up of junior grade officers — lieutenants and captains — who have been needed in expansion of the armed forces. But the progress of the expansion has now reached the point where additional field grade officers are needed. Saturday's announcement followed two Friday affecting guard, reserve and ROTC officers. One said that 5,516 officers and enlisted men of National Guard units and 815 officers and men of organized reserve corps units would be called to active duty. The other said the Army would call to active duty this summer all students enrolled in the Reserve Officers Training Corps program who graduate this spring. Approximately 10,000 ROTC men will be involved. While the Army is stepping up the officers recall program, it is slowing down the rate of its troop expansion.

Red Cross To Send Letters

Lacking \$4000 on the drive goal, the local chapter of the Red Cross will send out letters this week to persons who did not contribute during the official campaign. Herman Whately, chairman of the local drive, said that no letters will be sent to those persons who contributed during the drive, but those who received the first letters and failed to donate, will be contacted. The official drive continued for more than two weeks with more than 100 workers volunteering to solicit funds, but the \$11,983 goal was not met. This amount is needed to keep the local chapter office in operation. If it is not collected, the possibility of making the Amarillo County headquarters for Gray County is imminent. This will be a hardship on persons who are in need of the Red Cross in an emergency.

Texas Ranks Third In Agriculture

WASHINGTON — (AP) — Texas ranked third in farm income from crops and livestock in 1950, the Department of Agriculture reported today. The Texas figure was \$1,993,263,000 down from \$2,057,083,000 in 1949. California led with \$2,160,440,000 and Iowa was second with \$2,058,101,000. Other southwestern figures include Oklahoma, \$1,328,728,000 and New Mexico \$190,354,000.

News Office Still In Old Location

Business, advertising and editorial offices of The Pampa Daily News are still in operation at 322 W. Foster. At present, only the actual printing of the paper is being done in the new building which is rapidly nearing completion.

## Industrialist Speaks Today

A widely known industrialist who made God his business partner and rose to wealth, giving 90 percent of his income to religious work will address a public mass meeting at 2:30 p.m. today in the Junior High School Auditorium.

R. G. LeTourneau, manufacturer of heavy road building machinery, is the guest of day churchmen in Pampa. He was given a banquet Saturday night in the high school cafeteria.

LeTourneau's business started to boom shortly after he declared his partnership with God and gave \$500 to his church's missionary work on the eve of bankruptcy. From there his business grew and so did his missionary work. Today more than \$16 million has been given to God's work by LeTourneau. The remainder he has kept for himself.

Admission to LeTourneau's lecture is free.

## Wheeler Band, Chorus Give Easter Programs At Church

Members of the Wheeler Musically completed auditorium on tang Band and the Wheeler High School Chorus were to present special Easter programs at both the First Baptist and the First Methodist Churches on Easter Sunday.

The program at the Methodist Church was to begin at 10 and the group was to go from there to the Baptist church where they were to give the same program for that congregation.

The Chorus sang "The Green Cathedral" and "Let Us Break Bread Together." The Chorus included Patricia Hubbard, Betty Toyler, Bonita Regan, Louise Veeks, Betty Laycock, Filipina Lott, Martha Ann Chapman, LeVeta Moore, Mary Helen Heffey, WauNETTA Burgess, John D. A. Bowman and Doyle Brown. An accordion ensemble was to play "Largo" from the New World Symphony and "Softly Now with the Light of Day."

## Area Endangered By Oil Blowout

**BAYTOWN**—(AP)—An oil blowout this afternoon covered an element of school and several homes with a film of oil.

There was no fire but residents of the affected Baytown area were alerted to the possibility of a large fire. There were no injuries.

The No. 3 Scott Well is on the San Houston Elementary School campus within the Baytown city limits. It is being operated by an extension of the old Goose Creek field by G. L. Reasor, independent oil producer.

The blowout came as a drilling crew prepared to perforate at a depth of 4320 feet.

An hour after the blowout, the drilling crew, Baytown police and firemen and oil company employees, were trying to choke off the spraying oil and gas by pumping mud into the drill casing.

## M'ARTHUR

(Continued from Page One)

—and possibly farther north. MacArthur had said that virtually all organized Red resistance south of the parallel had ended.

MacArthur motored by jeep to rubbed Uijongbu from Seoul Saturday.

"Everything seems to be going excellently at the front," he said afterward. "Our troops maintain the initiative and the enemy continues to withdraw."

MacArthur said he had noted that even burned out Seoul "is beginning to resume some evidences of life."

## PAMPA

facturing Development committee. Observance of Texas Industrial Week will be state-wide during the week of April 17. For its activities last year, Pampa Chamber of Commerce won first place in a contest sponsored by the Texas Manufacturers Assn.

## Police Seek Thief Of Concert Tickets

**HOUSTON**—(AP)—Police are searching for a thief who apparently likes good music.

Tom Johnson, manager of the Houston Symphony Society, reported today 450 tickets for Monday's night concert was stolen last night.

## Big Four Plans To Keep Up Talks

**PARIS**—(AP)—The Big Four deputy foreign ministers decided today to continue their deadlocked discussions into next week.

Then Soviet Deputy Andrei Gromyko may have fresh instructions on the Kremlin's attitude toward a top-level conference.

A French spokesman said it seemed obvious from the "long propaganda filibuster" of Gromyko in the deputies' 17th session that he had not yet received recent instructions from Moscow.

The four will gather again Tuesday and it may be the last try to arrange an agenda for a foreign ministers' conference on international tensions.

## Singing Convention Meets In Shamrock

**SHAMROCK** (Special)—Singing Convention Singing convention met at the Missionary Baptist church here Sunday afternoon at 2 p. m. reports E. J. Cooper, group president.

Visiting singers from many parts of the Panhandle attended.

## Pampa Youth Gets Naval Appointment

Thomas Benton Darby of Pampa was one of three Panhandle youths appointed to the U. S. Navy Academy at Annapolis, Md., according to an announcement by Rep. Walter Rogers.

Rep. Rogers named as alternates Thurman Weathered and Walter Burr, both of Pampa and Billy Joe Price of Canyon.

Other candidates chosen were William L. Ehrle, Childress and Virgil Welch, Amarillo.

Alternates for Welch are Bob Kimball of Borger and Robert Lee Overall of Pampa. Named alternates for Ehrle were Lawton Charles Carlton, Childress; Carol J. Richards, Spearman; and Jimmie Horton of Canadian.

Alternates will be appointed to the academy in case the principals should decline.

## News Farm Editor Takes New Position

Robin Tibbets, farm and state editor for The Pampa Daily News since January, 1950, has resigned his position here to become farm editor for the Amarillo Globe-News.

Tibbets, who received a BS degree in journalism at McMurry College, Abilene, January, 1950, is the son of Mr. and Mrs. M. F. Tibbets of the Columbian Carbon Camp, east of Lefors. He was graduated from McMurry in January, 1950.

At McMurry he was named to Who's Who in American Colleges and Universities in 1949-50 and was editor of the school's paper.

He is a veteran of WW II, having served 30 months with the U. S. Sixth Armored Division. He served 18 months overseas.

## Scientists Deny New Atom Find

**FRANKFURT**—(AP)—Germany's top atomic scientists termed "fantastic" last night an Argentine claim to having found a new way to produce atomic energy.

Dr. Werner Heisenberg, Nobel Prize winner in physics in 1932, and now director of the Max Planck Institute at Goettingen, said:

"I do not believe that at the present time something new in atomic research has been developed in Argentina which United States scientists did not know long ago."

Dr. Otto Hahn, president of the Max Planck Assn., agreed.

## Organ Concert Scheduled Today

**WHEELER**—(Special)—An organ concert today at 4 p. m. will feature Miss Ruth Merrill, Miss Merrill is organist of the First Methodist Church and her concert will be the first given on the organ that church purchased recently.

Miss Merrill has taught music in Wheeler for the past two and a half years. She moved here from San Marcos where she received her Bachelor of Music Education degree at Southwestern State Teachers College.

Miss Merrill's program includes "Abbey Chimes" by Meale; "Hosworthy Church Bells" by Wesley; "Panis Anglicus" by Franck; "Agnus Dei" by Bizet; "Calm As The Night" by Bohm; Prayer from "Einlandli" by Schubert; "Andante" by Rheinburger; and "Hallelujah Chorus" by Handel. Mrs. Darris Egger will sing "The Lost Chord" by Sullivan and "Calvary" by Rodney.

## Electric Equipment Received In Lefors

**LEFORS**—(Special)—Larry Fuller, local manager of the Southwestern Public Service Co., has announced that a new automatic voltage regulator has been installed on the electric line serving Lefors.

Any voltage fluctuations will be automatically compensated for by this new addition to the company's facilities, he said.

## Rapid Flames Destroy Auto

**WHEELER**—(Special)—A 1939 model Chrysler owned by L. R. Crabtree was destroyed by fire about 9 p. m., Tuesday.

Crabtree was on his way to his home near the outskirts of Wheeler when the car motor quit. He decided to walk home and return for the car. When he got about 75 yards from the car, he looked back to discover it in flames.

The flames spread so rapidly that its cause couldn't be determined. When the fire truck arrived the whole car was on fire and nothing could be salvaged.

**SCOUT DROWNS**  
**BIG SPRING**—(AP)—Jerry Bob Shive, 11, drowned on his first Boy Scout hiking trip today. The boy joined the scouts three days ago. He fell into a creek when a ledge on which he was standing gave way. He was the son of Mr. and Mrs. Bert Shive of Coahoma.

### Commissions For County Officers Set

AUSTIN — Commissions for all Gray County and precinct officials were received last week from the office of Secretary of State John Ben Shepperd by County Judge Bruce L. Parker. The commissions which bear the signatures of Governor Allen Shivers and Secretary of State Shepperd were issued to persons elected in the general elections. Governor Shivers commissioned those whose names appeared on certificates of election and qualifications prepared by the county judges for the Secretary of State, following the November elections. State statutes require that the

Secretary of State send these commissions to each county judge who then presents them to the officials of both the county and precinct. Shepperd's office keeps official records of all persons elected or appointed to office in the State of Texas. Those commissioned are as follows:

Bruce L. Parker, County Judge; Huey W. Laycock, County Superintendent; Charlie Thut, County Clerk; Dee Patterson, District Clerk; Olga Gregory, County Treasurer; Bill W. Waters, County Attorney; A. H. Doucette, County Surveyor; R. H. Jordan, Sheriff; F. E. Leech, Assessor and Collector of Taxes. E. A. Vance, Justice Peace, Prec. 1, Place 1; D. R. Henry, Justice Peace, Prec. 2, Place 1; John V. Andrews, Justice Peace, Prec. 2, Place 2; C. S. Rice, Justice Peace, Prec. 3; C. S. Clendennen, Constable, Prec. 1;

### Methodists Hear Easter Cantata

SHAMROCK — (Special) — Methodists will hear an Easter Cantata at the First Methodist Church here Sunday morning. The cantata, entitled "Our Living Lord," begins at 7:30 a.m. Musical events are under the direction of Mrs. Lyle Holmes, while Mrs. Cabot Brannon will be at the organ to play the accompaniment for about thirty participating voices.

W. F. Laagley, Constable, Prec. 2; Luke Henley, Constable, Prec. 3. Arlie Carpenter, County Commissioner, Prec. 1; J. W. Graham, County Commissioner, Prec. 2; Fred S. Vandenburg, County Commissioner, Prec. 3; and Wm. Earnest Beck, County Commissioner, Prec. 4.

### Increase In U.S. Production Boosts World's Crude Output

TULSA, Okla. — A substantial increase in output in the United States lifted world production of crude oil to another new record of 11,294,300 bbl. daily, during January, the Oil and Gas Journal has reported.

United States production was estimated at 5,945,000 bbl. daily, up more than 216,000 bbl. daily from December. This increase of nearly 4 percent resulted in an all-time high in crude-oil output in this country. Several leading foreign oil-producing areas reported decline in production during January, but the over-all foreign decrease

was more than offset by the gain in the United States. Most of the decline in foreign production was in the Middle East, where Iranian output was down nearly 80,000 bbl. daily, and that in Saudi Arabia some 87,000 bbl. daily below December.

In the Western Hemisphere, Mexico's production dropped back 21,000 bbl. daily from the December record. Venezuela showed a slight gain to reach another new all-time high at 1,634,400 bbl. daily. The all-time high in weekly production in Venezuela came during the week ended January 2 when output reached 1,654,200 bbl. daily, the Journal reported. In the crude oil account of filled storage and ice-blocked transportation on the Great Lakes.

Kuwait, a small sheikhdom at the head of the Persian Gulf which now ranks as the world's sixth leading oil-producing country, reported a new record during January with a daily average of 422,999 bbl. daily. A small increase also was shown in Iraq, but substantial expansion of oil production in this country will be possible only after completion of the 30 and 32-inch pipeline gutlet now being built from Iraq to the Eastern Mediterranean.

### Best Varieties Sorghum Set

AMARILLO — (P) — Exhaustive tests at the Amarillo conservation experiment station have resulted in recommendations of the best sorghum varieties for dryland production on the hard lands of the Texas Panhandle.

Varieties recommended include Early Hegari, Double Dwarf, White Sooner Mill, Martin, White land, Combine 7078, Redbine 60 and Combine Kafir 60. The tests were conducted since 1939 by Kenneth B. Porter and Charles J. Whitefield of the experiment station here. They used peculiar clay loam, a heavy soil predominant in the Texas High Plains.

Plainsman, caprock, westland and redbine 66 were found to mature too late for best results under usual dryland farming conditions, but they may produce higher yields under irrigation or in favorable years on dryland.

Early Hegari and martin were found to be the most consistent producers.

Texas blackhull kafir and Sumac 108 produce good yields of both grain and forage, but less forage than later maturing varieties.

### Keep Your Eye On KPDN

By KAY FANCHER — Well, another week has gone by and many things are coming up for this week. For instance today as you read this column, there will be a whole lot of special Easter broadcasts coming to you through KPDN. First of all, right away this morning, you'll hear the Texas Sunrise Service, with Dr. Eugene R. Bertemann and Governor Allan Shivers of the state of Texas, originating in Brownwood. This special Easter program will be heard on KPDN at 9:30 a.m. today.

At 10:30 you'll hear another Easter special program called the "Order of the Moose Easter Cantata," with 125 children's voices in a chorale narrated by the famous Mutual commentator heard each morning at 8, Robert F. Hurligh.

Another special Easter feature to be heard on KPDN today will be at 9 when 14 stars of stage, screen and radio will highlight the Fifth Annual Triumphant Hour. This special holiday program will originate from the Mutual studios in New York and Hollywood, and the dramatic theme this year will be focused on St. Paul's night in prison before he died. Heard on the program from New York, as singing soloists, will be Lucia Albense, Christopher Lynch and Nan Merriman. The soloist in Hollywood will be Ann Blythe. And all will be heard in special arrangements of liturgies selected especially for this program. The dramatic cast will feature Jeff Chandler, as St. Peter, and Jeanne Cagney as Mary Magdalene.

In addition, dramatic roles will be played by Irene Dunne, Ruth Hussey, Howard Keel, Gene Lockhart, William Lundigan, Rosalind Russell, Robert Ryan and Loretta Young. Miss Young, incidentally, was starred in the first "Triumphant Hour" broadcast, aired on Easter Sunday 1947.

Other special programs for the Easter holiday will be furnished by the various churches who air their services over KPDN. I'm in hopes that everyone will attend the church of their choice today, but if this is not possible, you can hear that church on KPDN, your public service station serving you for 15 years.

By the way, Phil told you last week that we were going to take Rudy Marl down to Palo Duro Canyon, get in a baseball game, and run some fat off Rudy. Well, Phil got more than he bargained for. He and Rudy got on the same baseball team and they were beaten 30 to 3. Needless to say that they both ran some fat off. . . not that Phil had to.

Well, I think that it's about time we close up our radio listening notebook today; so until next Sunday, good luck and good listening!

## Girl Scout Notes

MRS. FRED THOMPSON  
Public Relations Chairman

### LEADERS CLUB MEETING

The Girl Scout Leaders' Club met last week with Mrs. W. E. Hinton, president, presiding. Twenty-three members were present including four new members, Mrs. Frances Peabody, Mrs. John Bradley, Mrs. R. W. Stowers and Mrs. W. F. Gaines. Dorothy Statton reported on open house held last Sunday at the Girl Scout House. She expressed her appreciation to workers who assisted her during the afternoon. They were Mrs. Lloyd Henson, Mrs. Morris Henson, Mrs. J. R. Miller, Mrs. J. L. Wrinkle and the members of Senior Scout Troop 7.

Mrs. Bob Andis and Mrs. Bud Cumberland have put up curtains in the Little House which were donated by their Brownie Troop 9. A ceramics meeting was announced for Thursday, Mar. 22, for the purpose of organizing a ceramics club within the Leaders' Club.

An all-day craft workshop was announced for April 3. Further courses to be offered in the near future are first aid and out-door training courses. Day Camp plans are underway and will be completed with detailed announcements to be made later. Mrs. Gene Fatheree, Juliette Lowe chairman, announced that a total of \$146.10 was collected at the Friendship Fair for the fund.

**TROOP 14**  
This troop with Mrs. Bonnie Palmer as leader, met last week at the First Presbyterian Church for election of officers. Rebecca Skelly was elected president; Becky Palmer, vice-president; Shirley Hankhouse, secretary, and Marilyn Toepfer, treasurer.

The troop has been working on its radio badge and recently gave a skit over KPND during Girl Scout Week. They are now working on Trail Signs and expect to complete this work soon.

**BROWNIE TROOP 4**  
Brownie Troop 4 held their meeting Friday, March 16. A business meeting was held first and then the children had an Easter Egg hunt. Mrs. J. G. Doggett prepared Easter Eggs to resemble ladies' heads adorned with Easter bonnets.

Ice cream and cookies were served at the meeting to 23 children, and to the mother's present: Mrs. Holt, Mrs. J. G. Doggett, Mrs. Dick, and Mrs. Art Aftergut.

**LEFORS BROWNIE TROOP 44**  
The 26 members of this Troop visited the LeFors Electric Co. and LeFors Water offices of LeFors. They inspected the fire truck at the water office. At each office they were told about the services offered to the community.

The girls biked from their meeting place to town. On the way back they stopped at the Central Drug Store where Mr. and Mrs. H. A. Smith treated them to ice cream cones and bubble gum.

The leaders, Mrs. C. R. Casey, Mrs. Bob Brown, Mrs. Floye Hines and one mother, Mrs. Claude Nichols, were present for this occasion.

Members of this troop are: Barbara Archer, Judy Atkinson, Karen Sue Prasley, Jerrie Barber, Mary Bronner, Molly Bronner, Brenda Brown, Carolyn Bogle, Betty Carpenter, Dixie Lee Dick, Edwyna Doughty, Sharon Hines, Judy Johnson, Mary Klyee, Betty Sue Lewis, Sharon Mooneyham, Loretta Moxon, Patricia McDowell, Margie Nichols, Patricia O'Neal, Anna Mae Patton, Sandra Pearson, Eula Pearson, Judy Upham, Betty Williams and Judy Wyatt.

OLD TIMERS AT THIS GAME—Acting like combat veterans, these Korean children cover their ears and duck as a heavy mortar is fired by U. S. soldiers at the Red enemy in Korea. (U. S. Army photo from NEA-Acme.)

## Television's Outlook For Expansion Seen Improving

WASHINGTON — (AP) — Television's outlook for expanding into new areas is improving. But fulfillment still appears a long way off.

The Federal Communications Commission (FCC) has taken several steps toward a possible ending of the 20-month-old freeze on new station grants.

Disclosed in a 26,900-word announcement, these include tentative plans for:

1. Adding probably 70 new TV broadcasting channels to the present 12. Most of the new channels would be in ultra high frequency (UHF) space.
2. Distributing the additional space to about 1,200 communities.
3. Processing applications for UHF channels and resuming consideration of requests for increasing the power of the 107 U.S. stations now on the air.
4. Setting aside some channel space for schools desiring to offer television educational service.
5. Lifting the freeze on new space grants in Alaska, Hawaii, Puerto Rico and the Virgin Islands.

Commission members said, however, there is little or no prospect of any general "thaw" of the television freeze before October, and what will happen then is subject to the availability of station-building materials.

With presently allocated TV space providing for about 400 stations in 140 locations, hundreds of communities have been clamoring for service on either a local or network basis.

Although the FCC proposals are aimed at meeting these requests, they are subject to months of hearings before any final action is taken.

A proposed new channel allocation table included in the FCC announcement may be studied by the industry and the public for a full two months. Hearings, at which more than 300 witnesses have asked to be heard, will open May 23. The proposed table would shift 31 existing stations to new channels.

FCC also will receive comment until May 8 on the plan for unfreezing TV space in the territories and possessions, for granting more power to the existing stations in 64 cities, and for starting work on UHF applications.

## Local Church Plans Ground-Breaking For New Building

N. Cobb will perform the ground-breaking ceremonies for the Francis Ave. Church of Christ at 10:30 a. m. Wednesday on the corner of Mary Ellen and Harvester.

Since 1927 the church has been located on Francis Avenue and work will begin this week on the new \$160,000 construction at the new location.

A brief talk and a prayer will be given by the pastor, J. P. Crenshaw. Architect is Walden Moore and the contractor is T. R. Nichols of Grand Prairie.

## Travel Offered In College Course

HOUSTON — (AP) — You get college credit for your foreign travel at the University of Houston. But you have to travel on the tours arranged by the department of sociology under Prof. Joseph S. Werlin. This year there are two, one to Mexico June 5 to July 8, and one to Europe July 12 to Sept. 4.

Werlin has the cooperation of the Universities of Mexico and Paris. Fees on each trip will include all expenses including field trips and entertainment. In Europe the students will visit France, Switzerland, Italy, Austria, Germany, Luxembourg, Belgium, Holland and England.

M. M. Feld, Houston philanthropist, sparked the idea in 1944. Credits in education, sociology, history and Spanish can be earned.

## Shamrock Gym Gets Paint Job

SHAMROCK — (Special) — Irish fans will notice a new look in the high school gymnasium within a few days, reports Coach Scott McCall.

Boys and girls dressing rooms are being repainted, while the seats and gym floor will receive varnish.

The gym has become quite worn this season, having been used about three nights a week for basketball, boxing or other events.

## Families Of Deceased Vets May Be Due More Benefits

The families of deceased veterans, including those who died in service, may be entitled to increased benefits under the 1950 amendments to the Social Security Act, according to John R. Sanderson, manager of the Amarillo office of the Social Security Administration.

The new law provides a social security wage credit of \$160 for each month of military service during World War II. These credits are given to all servicemen whether they have social security numbers or not and regardless of their past employment.

Widows and children of servicemen may be entitled to benefits until the children become 18. The children may qualify even though the widow has remarried. Parents who were chiefly dependent on the servicemen may also qualify for benefits in some instances.

It is not necessary that a living veteran take any action to get credit for his military service. The families of deceased servicemen or veterans should contact the Amarillo social security office if they have not done so. Proof of chief dependency of a parent of a serviceman or veteran who died prior to July 1, 1951. For deaths occurring later, such proof must be

The average weekly earnings of production workers turned down slightly in January to a tentative figure of \$62.97 after having reached \$64.15 at year end. This may be compared with a 1939 average of \$23.86; but expressed in dollars of the same buying power of those in 1939, today's average factory workman would be making slightly over \$35.00 a week. Indications are that the wage figure will rise somewhat, based on recent "thaws" in the wage freeze order.

# Tidelands Laws Come up Before Senate Next Week

WASHINGTON — (AP) — Tidelands laws come up for a show-down hearing before the Senate Interior Committee next Tuesday. An effort is expected to substitute a bill by 34 Senators giving the states ownership of the rich oil lands beneath the maritime coast. Chairman O'Mahoney (D-Wyo) is trying to ram through a bill for interim control. Texas, Louisiana and California are most affected. The Supreme Court ruled last year the federal government has paramount interest in the Tidelands. O'Mahoney said he will ask Solicitor General Philip Perlman and Mastin White, interior department solicitor, to appear before the committee Tuesday to express their views on state ownership.

# Easter Brings A Stock Taking For Business

By SAM DAWSON  
NEW YORK — (AP) — Easter brings a stock-taking in many industries. The big shift to hawking economy is under way. And this has been quite a week. The television industry learned that plunging reputations can be even more fascinating than plunging necklines. Now the industry seems in for prolonged debate over the ethics of selling public spectacles to sponsors in the future. It also is caught in the log-jam of inventories that plague many departments of retail stores. Some television set makers are cutting prices; some are cutting production. The post-Easter season may bring some relief, if the Federal Communications Commission goes through with its proposal to end the present freeze on new TV stations. Areas around present stations are often well saturated with sets. New selling areas are eagerly sought by the industry. Easter may bring new tactics in many retail stores. Merchants had pinned their hopes on a big Easter business to move large inventories of apparel and textiles, and even of home appliances. In many cases the big business didn't materialize. Department store sales in the nation last week ran 15 percent in dollar volume above the similar calendar week a year ago, but in New York City the sales were two percent below those in the similar second week before Easter last year; that is, the week end April 1, 1950. Since prices are much higher now, then, unit sales volume must have been much lower. The price control planners in Washington say bargain sales should be the order of the day after Easter. Easter Monday will find some employees laid off here and there around the nation, because of confusion in shifting from civilian to defense production with the attendant freezing of prices and cutbacks in raw materials. Dairy farmers are warned that controls on the use of metals may mean that half of the makers of separators and other dairy equipment may have to shut down by midsummer. K. L. Wallace of Toronto, president of the Dairy Industries Supply Association, says this might mean some milk would have to be dumped at farms, in spite of an anticipated increase in demand this summer.

Proceeds from the film will go to the park fund being established by the Lions club here. Showings begin at 7:30 both evenings.

Dr. Harvey conducted an evangel meeting at the First Baptist church in Shamrock last summer.

Mr. and Mrs. Quentin Godwin and family were guests in the Bill Godwin home, Sunday.

Nelda Glen Baird visited with Mary Brewer, Sunday.

Rev. L. E. White, pastor of the First Baptist Church, met with the following Royal Ambassador boys, Friday: Jay Godwin, Geoffrey Caldwell, Jerry and Gary Grimes, Tommie Corcoran, E. W. Riley, John Richard Abbott, Leslie Howard, and Arthur Don Burke.

The Methodist Church began a revival Sunday morning, featuring a different speaker each night. The regular pastor is Rev. Vernon Willard.

The Mt. View Quilting Club met with Mrs. Alfred Hill as hostess, Tuesday.

Mrs. Bertha Mae Hollis and daughter have been guests of her parents, Mr. and Mrs. Tracy Willis, this week.

Mr. and Mrs. Alvis Burke and family were guests of Mr. and Mrs. Doug Baird.

In the junior declamation elimination, this week, first places were awarded to Tommie White and Arthur Don Burke. Anna Gaye Robinson and James David Willard placed second.

The annual Red Cross party held at the Totty Schoolhouse, netted over \$30.

Mrs. John Allen Neece is reported to be much improved at the Shattuck hospital.

The Baptist Brotherhood held its regular meeting, Tuesday, with Rev. L. E. White in charge.

Mrs. Nettie Walker and Carl Henderson were in Pampa, Tuesday, to be with their father, J. B. Henderson, who is ill.

Mr. and Mrs. Richard Ford visited with Mr. and Mrs. J. H. Romines, Sunday.

Painting and remodeling has begun on all Sunday School rooms in the basement of the Baptist Church.

# Acre Of Corn Hard To Grow

COLLEGE STATION — (AP) — Think it takes a lot of work to grow that acre of corn? It surely does. But you and your mule are loafers compared to Mother Nature. Here's what Nature must take from the soil and air to produce 100 bushels of corn per acre: 4,300,000 to 5,500,000 pounds of water. 6,800 pounds of oxygen. 5,200 pounds of carbon or 19,000 pounds of carbon dioxide—equal to the carbon in four tons of coal. 160 pounds of nitrogen—equal to 800 pounds of 20 percent nitrogen fertilizer. 40 pounds of phosphorus—equal to 450 pounds of 20 percent superphosphate. 125 pounds of potassium. 75 pounds of yellow sulphur. 50 pounds of magnesium— which equals 500 pounds of epsom salts.

ODD HEADRESS— Ski boot worn by Mrs. Camille Fernandez, Baton Rouge, La., was one of "crazy hat" creations in competition of American Women's Club at Munich, Germany.

# Wheeler Passes Red Cross Goal

Mr. C. B. Kirk, fund chairman of the north Wheeler County Red Cross, has announced that the \$814.00 quota set for this district has been exceeded by \$34.77 and Kelton and Mobeettie are not yet through with their campaigns. This area had set a goal of \$1,000 for themselves and it may be that even that goal will be reached.

Yale Blue officially came into being before the first Yale-Harvard boat race. The managers sought colored ribbons so the spectators could identify the crews, and the dry goods store had only red and blue.

50 pounds of calcium—the amount found in 150 pounds of limestone. Two pounds of iron. Small amounts of manganese, boron, chlorine, iodine, zinc, and copper.

The Texas A&M college extension service determined the amounts required. The elements will produce 16,200 pounds of corn, stalks and roots.

# Shamrock Schools Undergo 3-Day Evaluation Survey

SHAMROCK — (Special) — Shamrock schools undergo Evaluation this week. More than 15 educators and parent-teacher representatives will be here for three days, March 27-29.

Dr. J. L. Russell, West Texas State College, Canyon, is coordinator for the group and will direct all phases of the survey. Replacing Robert Birchfield, principal of the San Jacinto school, Amarillo, will be Felix Phillips, head of the Sanborn school in Amarillo.

Mrs. Fred Lederer, Wellington, will accompany other Wellington people here for the check. Committee members, who will work three days and then issue a public report at the school lunch room Thursday at 2:30, are: E. I. Kelly and Mrs. C. J. Jackson, Burger teachers; Supt. A. H. Brazzale and Mrs. Maudeline Hutton, Canadian educators; E. A. Sanders, Mrs. Madge Warren and Mrs. Nelley Agnes

Supt. Elmer Moore, Shamrock school head, returned last week from Childress, where he served on an Evaluation committee for the Childress schools. The evaluation of each school in the state of Texas is required by the Southern Association of Colleges and Secondary Schools, which sets standards in both public schools and colleges. Some historians call Arizona the Valentine State since it was admitted to the Union Feb. 14, 1912.

# Evangelist To Show Travelogue Legionnaires Plan

SHAMROCK — (Special) — A color travelogue of Europe and the Middle East, "Man's Way Out," will be shown at the Legion home here Monday and Tuesday nights, March 26 and 27. Dr. Rudolph Q. Harvey, evangelist, took the pictures during an evangelistic tour of 24 foreign countries last year. Dr. Harvey conducted an evangel meeting at the First Baptist church in Shamrock last summer. Proceeds from the film will go to the park fund being established by the Lions club here. Showings begin at 7:30 both evenings. Dr. Harvey reports that he was well-received in all 24 countries, particularly when he told them he was a Texan.

# MOBEETTIE MRS. ALVIS BURKE

MOBEETTIE — (Special) — The senior class began practice on their play, "Fancy Meeting You," Monday night. Mrs. Elsie Scribner is sponsor of the play.

Mr. and Mrs. Quentin Godwin and family were guests in the Bill Godwin home, Sunday.

Nelda Glen Baird visited with Mary Brewer, Sunday.

Rev. L. E. White, pastor of the First Baptist Church, met with the following Royal Ambassador boys, Friday: Jay Godwin, Geoffrey Caldwell, Jerry and Gary Grimes, Tommie Corcoran, E. W. Riley, John Richard Abbott, Leslie Howard, and Arthur Don Burke.

The Methodist Church began a revival Sunday morning, featuring a different speaker each night. The regular pastor is Rev. Vernon Willard.

## Wheeler Plans Dairy Cattle Show April 5

Classifying dairy cattle of this area will be one of the main events of the Dairy Day April 5 at the show grounds in Wheeler. Sponsor of the Dairy Day is the Wheeler County Farm Bureau. This group has given \$60 in prize money.

R. E. Burleson, dairy specialist of Texas A&M extension, will classify the entries and also act as official judge for the judging contest. Any person wanting to have dairy cattle classified should contact Howard Weatherby.

Four committees have been formed for the show. George Gandy is the Wheeler general committee chairman, with W. A. Pendleton, Clarence Zyback, Howard Weatherby, Robert Ledbetter and Mr. Christner on the committee.

The cattle committee includes Howard Weatherby, W. A. Pendleton and Christner; 4-H and FFA dairy judging committee, Robert Ledbetter, Don Powell, Ernest Bryant and C. J. Van

## Examinations For Radio Operators Due Wednesday

Examination for radio operators commercial and amateur, will be given at 9 a. m. Wednesday in Amarillo in the Civil Service room at the post office.

The examination schedule has been released by the Federal Communications Commission. Another examination period will be held Oct. 2.

Commercial operators must present to examining officers any other valid commercial license when taking commercial examinations for a different class of license. Amateur operators must submit any other valid amateur license when taking an examination for higher class amateur privileges.

All necessary application forms may be obtained from the Dallas office or from the examiner at other examining points.

Zandt, grounds committee, Coleman Walton, Ike Sewell, Paul Macina is president of the Wheeler Farm Bureau and Clarence Zyback is vice president. Raymond Moore and Irvin Hink are on the committee to distribute prize money.

Judging contests are not limited to 4-H and FFA judging teams; other boys and men may also enter.

## Carson 4-H Club Entertained Here

The White Deer 4H Boys Club entertained at a skating party in Pampa recently. Some fifty persons attended.

Following the skating, the group was served refreshments and went to the theater.

County Agent H. M. Nichols states that the White Deer 4H Boys Club is well organized and active. Under the leadership of their president, George Collins, the boys have a meeting most every Friday. Sometimes it is but a short business meeting and other times they discuss projects and activities with the county agent and others. Assisting President Collins are: Jerry Kotara, vice - president; Wayne Howard, secretary; Richard Haiduk, reporter with Maynard Kotara and Jimmy Haiduk as directors. Mr. Loyd Collins and Mr. T. L. Haiduk are the adult leaders.

## Stars and Stripes

(Readers are invited to mail or telephone news of men in the Armed Forces. Write or Call Stars and Stripes Editor, Pampa News.)

**VISITS PAMPA** - Capt. Clyde Bray has returned to his station in Mobile, Ala., after making a visit here to pick up his wife, the former Velma Osborn, and their twin boys. Capt. Bray worked at the Citizens Bank until last Feb. 1, when he went on active duty with the Air Force.

Two Pampa seaman recruits, USN, Gene E. Erickson and Jesus P. Valesquez, recently completes recruit training at the San Diego, Calif., Naval Training center and are now available for assignment to a fleet unit, or to one of the Navy's schools for specialized training.

Erickson is the son of Mr. and Mrs. H. E. Erickson of Box 1575 and Velazquez is the son of Mr. and Mrs. Pedro B. Velazquez of 332 S. Gray St.

Staff Sgt. William I. Davis, U.S. Marine Corps, son of Mr. and Mrs. Claude D. Davis of Box 271, Kelton, is serving Roanoke operating in the Mediterranean area.

PFC. James Lewis will be home this weekend for a visit with his mother, Mrs. W. J. Lewis, 800 Lefors. Lewis is serving with the Army at Ft. Hood.

Pvt. Jimmy Holland, son of Mr. and Mrs. L. C. Holland, 310 W. Atchinson, has been enrolled in the paratrooper training school in Camp Campbell, Ky. Holland enlisted in February.

Cleburne Hartson, son of John Hartson, Star RRoute Four, is attending a naval electronic training school at Treasure Island, San Francisco. He recently completed basic training at San Diego, Calif. Hartson attended school in Pampa, D. C.

Two Pampans to recently complete Marine Corps basic training at San Diego are PFC. Wendell Cheek, son of Mr. and Mrs. A. J. Cheek, 114 W. Wilks, and PFC. Weldon C. Witcher, son of Mr. and Mrs. W. C. Witcher, 435 N. Cuyler.

Sgt. Curtis McNeal of Pampa, has been flown from Korea to Japan for a five-day "Operation Relax" leave. Sgt. McNeal served more than five months as a tank gunner in Korea. Sgt. McNeal is the son of Mr. and Mrs. Jerome Henry, 835 S. Gray St.

# LOOK AT THE NEW LEONARD

... the refrigerator built to your specifications!

IT HAS THE SPACE ... THE FEATURES ... THE QUALITY ... EVERYTHING TO MAKE IT BY FAR TODAY'S BEST BUY!

MODEL LSM

**NATIONALLY HONORED!**  
Leonard—only refrigerator winner of this famous Brand Names Award.

**LOOK AT THE SPACE...** Big 12 cubic feet—more cold space per dollar—yet fits in same floor space as an old style "6". Shelf area is actually 19 square feet—bottle shelf alone holds, without crowding, a total of 18 bottles. Super abundant refrigerated storage space is ALL usable!!

**LOOK AT THE FEATURES...** New, modern long door design. Cold from top-to-base. Giant 38-pound Frozen Food Chest. Two single width and one double width "Ice Popper" Trays with rocker-action cube release levers. Refrigerated Super Crisper holds 40 quarts of fresh vegetables, fruits, bottled beverages and juices. Adjustable full-width shelf for flexibility of storage. Removable half shelf for bulky items. Clear Polystyrene Handitray for a wide variety of foods. And many, many more wanted features.

**LOOK AT THE QUALITY...** Always a must with Leonard, it's more obvious than ever in this new LSM. Reflected in the excellence of materials, of workmanship, of design—it's apparent, above all, in the special provisions for extra storage—conveniences built for you!

**LOOK AT THE PRICE...** The lowest possible price for a Quality refrigerator...

That's another Leonard superiority. Model LSM, illustrated 11.9 cubic feet, only \$329.95. Others priced from \$209.95 to \$489.95. Only \$15 down, on some models, \$15 per month for 3 months. June delivery guaranteed, immediate delivery on all models at today's low terms.

The Parson and his new wife are coming to call on you!

IN THEIR OWN SIMPLE WORDS, YOUR NEIGHBORS TELL YOU WHAT THEY TOLD US AT THE PREVIEW SHOWING OF "I'D CLIMB THE HIGHEST MOUNTAIN"

"Excellent - far above the average show." Mrs. W. V. O'Kelly

"The best picture I've ever seen." Mrs. Bus Benton

"A very wonderful, touching motion picture." Gordon H. Anderson

"It is so heart warming and human. Everyone should see it. Wish we could have more pictures like it." Mrs. Ernest Winborne

"A wonderful picture. We need more like them." Mrs. Owen Johnson

"Very fine. A universal appeal. Good for all ages." Mrs. Tom Eller

"A picture you don't forget." Mrs. T. Hines

"This is a very tender and moving story. It is a most enjoyable picture." Mrs. Frank W. Kelley

"Just exactly like I 'grew up' in East Texas. I plan to see it again. It is a real picture." Mrs. Clifton High

"Marvelous! When I can cry and laugh in the same picture it is a wonderful experience." Mrs. C. J. Bryan

"Very realistic. Enjoyable and has wonderful moral." Mrs. Rex Barrett

"A beautiful, sincere story. We should have more such pictures for the entire family." Mrs. L. W. Jolly

"A wonderful picture. I enjoyed it very much." Pauline Kerr

"Truly a most inspiring picture. One everyone must see." C. A. Scott, Jr.

"Very entertaining and uplifting. Good picture of Circuit Riders Wife." Mrs. W. R. Ewing

Here is a down-to-earth portrayal of a fated period of life of a courageous 'just married' couple who lost themselves in service to their fellow man, but found the abundant life.

Dignity and power are softened and enriched by romantic love. In the history of America the circuit rider has filled a large and important place along the pioneer trails of yesterday. In "I'd Climb the Highest Mountain" he redies again.

If you would see the heart of America, you will want to see this picture.

Denton High School, and took BS and MS degrees from North Texas State College, Denton. She taught several years before coming to Shamrock. She majored in home economics and minored in art and chemistry. She is a member of the Texas State Film Committee.  
Vocational homemaking is another feature in the school program of Supt. Elmer J. Moore, a program constantly expanding for community benefit. But it is one of the most vital for the future of our democratic nation.

**'Accessories' Eyed  
By Skellytown Club**

Miss Charlotte Tompkins spoke on "Accessories" at a meeting of the Skellytown Home Demonstration Club held in the home of Mrs. G. C. Huckins.  
Discussing accessories and color combinations, Miss Tompkins said "More jewelry is being worn this spring, also an old type, the 'coat of arms,' is back. Something new in accessories is wearing beads, chains or pins with ties. Artificial flowers are also very good for adding glamor to your spring costume, and sewing belts and large sailor straw hats are in good taste."  
Miss Tompkins told the women that shoes and bags are the most important accessory items, and advised them to buy good quality.

**White Deer HS  
Elects Students  
As Outstanding**

**WHITE DEER** — (Special) — Outstanding club and class members were elected by the various groups in the White Deer High School Thursday morning under the direction of the annual staff, with the editor, Joan Estes, in charge.

Class representatives chosen were: senior class, Beth Smith and Jerry McCoy; junior class, Barbara Lewis and Ethel Noble; sophomore class, LaVerne McAdams and Douglas Coffee; and freshman class, Patricia Hendricks and Ronald Mills.

Representing the clubs will be: Future Homemakers of America, Marilyn Bagley; Future Farmers of America, Edward Kalka; Doe Club (girls' letter club), Carolyn Evans; W Club (boys' athletic club), Floyd Travis; Masquers and National Thespian Society, James Huffhines; Pep Squad, Clara Meaker; and National Honor Society, Joan Estes.

Pictures of these students will appear in the "Favorites" section of the annual. Selection was based on the contribution which the students had made to the committee work or projects of their classes or clubs.  
Betty Jane Powers and Charles Ray Meadows were elected "Mr. and Miss WDHS," or the most popular students in the entire school.

**INSTRUCTOR DIEN** — Miss Anna W. Jansen, a member of the home economics department of the University of Texas for 29 years, died yesterday. The associate professor of home economics had been ill since December.

The next meeting will be April 6, in the home of Mrs. W. H. Harris.

**WORKS IN NEW MEDIUM** — Charles Pearson, of Glendale, Cal., finishes portrait of Jane Russell on metal. Technique is combination of bas-relief on copper and airbrush painting.

**Grace Friend  
DON'T TAKE EASTER  
TOO SERIOUSLY**

Dear Miss Friend:  
I am a girl of 15 and I am very fond of a boy who is 15. He has asked me for several dates and when I go with him I always have a good time.  
Just lately my girl friend had a party and she invited partners. She invited this boy and me.  
Since the party which was three weeks ago he hasn't asked me to go with him.  
Do you think he thought I was chasing after him? If so what do you advise me to do?  
Teenager

Dear Teenager:  
I don't see how your friend could feel possibly that you were chasing after him as the girl is the one who invited the two of you to the party. It was natural that she should ask a boy for you whom she knew you enjoyed and with whom you had had dates.  
When a boy is 15 his affections and interests change rapidly. He may be busy with some project that doesn't include girls or he may even have seen another girl who interests him.  
The thing for you to do is to have dates with other boys and not settle on just one at your age.  
At 13 you shouldn't take any boy seriously enough to wonder whether he wants to date you steadily. You should date different boys and enjoy each date in itself.

**NOT SO FUNNY**  
Dear Grace Friend:  
I have a funny problem which I hope you will answer quickly as it is necessary for me to make up my mind soon.  
I guess you would still call me a bridegroom as I have only been married three months.  
Yesterday when I came home from work my wife wasn't there but there was a note saying that she had decided to visit her parents in another city for a few days. She said not to worry about her she would be back in a week or two.  
Now Grace, I wouldn't object to her visiting her parents if she wanted to, I just can't understand why she sneaked off with just a note left to tell me the news.  
We hadn't quarreled. As far as I know she is happy.  
What do you think happened to make her act that way and what should I do about it?  
Jack

Dear Jack:  
Brides are very funny people and I hope that you won't take her action too seriously.  
I imagine that she just couldn't bring herself to tell you that she was homesick for fear that you would feel she didn't love you. Brides have queer inhibitions, Jack, and she probably isn't at ease with you enough to have discussed the trip as she will in a few months time.  
I do think that you should talk about it when she returns after you have made her welcome and

**First Baptist Women's Groups Meet  
In Homes For Study Of Mission Book**

The Roberta Cox Circle of the First Baptist Church met in the home of Mrs. N. L. Williams for study and a business session.  
The Blanche Groves Circle met in the home of Mrs. W. F. Yeager. Mrs. W. Colwell led the opening prayer and Mrs. Bob Tripplehorn had charge of the community missions program. The closing prayer was by Mrs. W. Waters.  
Refreshments were served to nine members.  
The next meeting of this Circle will be in the home of Mrs. C. H. Schulkey, 1301 Charles.

The Lois Glass Circle met in the home of Mrs. Raymond White. The meeting opened with group singing and Mrs. Elbert Taylor taught the mission book, "A Century in Nigeria."  
Refreshments were served to 19 members and one new member, Mrs. Juanita Matheny. A closing prayer was offered by Mrs. Pauline Vanderburg.  
The Lillie Hundley Circle met in the home of Mrs. L. H. Musgrave and group singing opened the session, followed by prayer by Mrs. A. A. McElrath. Mrs. W. R. Bell taught the mission book.  
Refreshments were served to 10 members. The Circle will meet Wednesday with Mrs. W. W. Mohon, 521 N. Frost.

The Lena Lair Circle met in the home of Mrs. J. H. McKinney with Mrs. Louis Tarpley leading the opening prayer. The closing prayer was by Mrs. O. E. Beavers.  
Refreshments were served to nine members. The group will meet Wednesday in the home of Mrs. Louis Tarpley.  
The Jaxie Short YWA girls met in the home of Miss Betty Norman, who was in charge of the prayer program. There were seven members present.  
The next meeting of this group

will be in the home of Mrs. E. L. Anderson, 1002 E. Francis, was meeting place for the Eloise Cauthen group with Mrs. Tom Duvall giving the opening prayer. Mrs. Owen Johnson taught the mission book, and Mrs. Johnson offered the closing prayer.  
Refreshments were served to nine members.

Q — Why are knickerbockers called plus fours?  
A — They were named plus fours because four inches extra width was allowed in the inside seam of each leg of the ordinary knickerbockers. Plus fours originated in the British Army.

**MAKE WAY FOR SPRINGTIME**—This was the lovely outdoor scene as spring came—at least on the calendar—to Minneapolis, Minn. The city, like much of the Midwest, was digging itself out from under several feet of wind-whipped snowdrifts. This snow-plow is carving its way down a south Minneapolis residential street.

**Field Day Due At Pan-Tex**

Word has been received by cattlemen and agricultural leaders in the Panhandle telling of the important field day scheduled for Saturday April 7. At that time results of the beef cattle improvement trials will be given. This will attract much attention for some outstanding Carson County bulls are in these trials.

Manager J. P. Smith of Pan-Tex Farms, and his associates, have arranged the program for the day.

Plans are being made for a barbeque at noon. This meal will be served for one dollar but in order to know about how many persons to expect for the barbeque, each county agent is to report for his county by the end of March. Those from Carson County planning to attend should notify their veteran teacher, vocational teacher or the county agent, H. M. Nichols, now. Teachers will turn their numbers into the county agent by March 28th.

Sponsors of Harvard University and William and Mary College in Virginia dispute which is the first school for higher education in the United States. The Virginia claim is 1617; Harvard's 1636.

**Novelist Returns To His Homeland**

MARYVILLE, Mo. — (AP) Homer Croy, the Missouri novelist, is back home in a splash of color with ideas for a couple of new books. With 16 foreign countries behind him on his recent tour, Croy is getting "back to earth" on his farm, checking up on the spring work and treating his friends and neighbors to an array of purple suits, red corduroy hats and light pink shirts.

But he figures to be shedding those "fancy duds" soon to get down to work. One of his books, he said, will be based on material gathered in Egypt and Lipland. The other will be a Missouri love story. "I've got my plot," he said. "All I need now is some good background, and I'll get that while I'm back here in Missouri. I'll be wearing overalls or pants that are 10 years old and I'll sit on courthouse steps and such places to absorb the proper atmosphere. You get too much sophistication in New York, so I'm here to get back to earth."

**TIME EXTENDED**  
WASHINGTON — (AP) — Rep. Fisher (D-Texas) introduced a bill yesterday to extend until August 2, 1934, the time in which the Texas State Highway Department in conjunction with Mexico can begin construction of a bridge across the Rio Grande at or near Del Rio, Texas.

## Area Boy Scouts Will Fly To Mineral Wells Regional Meet

A group of about 25 volunteer scouters of the Adobe Walls Boy Scout Council will leave by plane April 7 to attend the regional annual meeting of scouters in Mineral Wells.

The Phillips Petroleum Co. will furnish a DC-3 to take 18 of the group to Mineral Wells and back and tentative arrangements have been made with Cabot Co. for a plane to take the rest of the group.

Pampa men who have made definite arrangements to attend the meeting are C. A. Huff, Huelyn Laycock, Farris Oden, Joe Gordon and Paul Belsenherz, scout executive. Others of the council who are planning to go are R. J. Rust, Phillips, attend- chairman, Hugh Anderson, Borger, Carl Fisher, Phillips, Joe Traylor, Fritz Thompson, both of Borger and David Agnew, Guy- mon, Okla.

The convention will be held April 8 and 9 at the Baker Hotel in Mineral Wells.

Special guests and speakers will include Dr. Arthur A. Schuck, chief scout executive; E. Urner Goodman, director of program division; Thomas J. Horsley, chairman of the regional committee, and Harold W. Lewman, regional scout executive.

**EARLY BIRD GETS** the best swings these children believed Saturday as they gave Central Park's new playground equipment a test run. Gathering speed on a swing on the incomplete outdoor gymnasium is Jo Ann Jones, 900 Christine, while Rebecca Skelly puts the old "swoosh" to the trapese rings. David Parker, 414 N. Cuyler and his buddy, Terry Timmons, 320 N. Gillespie, slid in just in time to show the falter sex how to get chummy with such masculine things as swinging and trick jumps on the "gym." (News Photo and Engraving)

## Phillips College To Present Opera, 'Down In Valley'

"Down in the valley, valley so story of a mountain boy and low, hang your head over, hear the wind blow." With these words of an old folk-song opens the folk-opera, "Down in the Valley," to be presented by the Music and Drama Departments of Frank Phillips College in the High School auditorium Wednesday, March 28, at 10:30 a.m.

Written in 1948, by Kurt Weill, the opera uses old tunes and words with new and modern accompaniments. Not only the plot but the stage setting as well is impressionistic. There is no division into acts or scenes, all scene changing is done by light effects.

Around fifty students take part in the production of the opera. Besides the singing and speaking parts, there is a production crew, who designed and made the stage settings and planned the lighting effects and a square dance group.

Leads in the opera include Mary Jane Wood as Jennie; Tex Groff, as Brack Weaver, her sweetheart; L. V. Daugherty, the villain; Harold Brisbin, the leader and the preacher. Non-singing roles include Larry Byars as Pa; Arnold Wessman as the guard; Luther Jones as Peters; Linda Fly as the first woman; and Ann Lyon as the second woman.

head of the Music Department of FPC, and Mrs. V. A. Miculka, head of the Drama Department. Mrs. J. M. Brush is accompanist.

The first glass made by men was colored and great difficulty was encountered when the attempt was made to make it clear.

## \$1000 For The Kids:

## Rotarians Donate Equipment To Park

Central Park received its second gift this week from the Pampa Rotary Club when city employees installed approximately \$1,000 worth of playground equipment.

The Rotary club paid for the equipment and freight costs while the city bore the expense of installation and concrete reinforcements to anchor the playtime exercises.

Finishing touches on the installation were completed Saturday afternoon and the equipment today is ready for use.

The equipment consists of a sliding board, heavy duty swing set with six seats, heavy duty infant swing with four fall protective type seats, heavy duty outdoor gymnasium with chinning bars, flexible ladder, tumbling bars, swings, and a climbing pole; one giant strider, two see-saws and a "Fre Chief" climber.

This is the second park to be furnished with playground equipment by the Pampa Rotary club. The first was the Negro Playground adjoining the new Negro school grounds. It is also the second Rotary gift to Central

## Baker Study Group Given Certificates

Seven members of the B. M. Baker Elementary School study group of the Parent-Teacher Assn. received certificates for the series of lessons Friday.

The women were Mrs. H. M. Stokes, Mrs. F. H. Jernigan, Mrs. B. E. Tredwell, Mrs. Earl Eckroft, Mrs. Frank Ware, Mrs. Jim Goff, and Mrs. D. L. Brown, study group chairman.

Mrs. Stokes discussed "What We Know About Healthy Personalities" as the final lesson.

Rotary originally initiated — was the 1950-51 club project in addition to its regular chore of assisting Boys' Ranch. The committee named to select, order, and receive the equipment was composed of Ray Evans, chairman; Travis Lively, Al Doucette, Tom Rose, and Fred Neelage.

## Burma Law Stays In City Limits

RANGOON — (AP) — Law and order in Burma is restricted to town limits, according to Myochit Party executive Ba Maung. He told the Burmese press the countryside still belongs to rebel groups and government control does not extend beyond two miles of the municipal limits of any town.

## Legal Publications

**NOTICE OF ELECTION**  
Notice is hereby given that an election has been ordered by the Board of Trustees of the Pampa Independent School District to be held in the Junior High School Building on Saturday April 7th, 1951 from the hour of 8 a.m. until the hour of 7 p.m. for the purpose of electing one trustee for the said Pampa Independent School District to serve for a period of three years.

Delos Years has been appointed as manager of the said election and he shall appoint two judges and the required number of clerks to assist him in holding same.

Candidates' names should be filed in the Business Office in the City Hall not later than ten days prior to said election date in order that their names may be printed on the ballots.

Jesse Troy Weddle, USMC, son of Mr. and Mrs. James Weddle of 217 Hayse St., Clinton, Okla., and husband of Mrs. Fay Weddle of 318 North Gillispie St., Pampa, Texas, receives the Purple Heart Award from Capt. W. F. James, Medical Corps, USN, Medical Officer in Command, U.S. Naval Hospital, Yokosuka, Japan. The medal was awarded for wounds received in Korea. (Official U.S. Navy Photograph—1056066)

## Shamrock Prepares Junior High Pupils

By GEORGE BURRIS

SHAMROCK—(Special)—Shamrock has an outstanding junior high school, under direction of Principal Arthur Wells, a veteran of 20 years teaching, now in his second year with the Irish system.

Junior high consists of sixth, seventh and eighth grades. There are 74 students in the sixth, 76 in the seventh, and 55 in the eighth grade, a total of 205 in the junior high, a transitional phase between grades and high school.

Wells believes that the junior high exists for the purpose of "instilling the principles of democracy and good citizenship, improving the individual's study habits, attitudes and ideals, and preparing them for high school."

Wells directs a guidance and personality program in accord with the latest principles of American school practices. Believing personality development to be as important as studies, the junior high staff directs its efforts towards bringing out the best in the child's personality.

"We have three thoughts in mind in the development of guidance and personality," Wells states. "They are: complete information on each individual child, directing each one's ability into the most effective channels, and preparation of the individual to take care of himself in the modern, competitive world."

Junior high sponsors football, basketball, some boxing and a physical education program.

This year the girls won the second prize in the McLean junior invitational tournament, March 17. They defeated River Road, 24-30, took Kellerville by 22-21, and dropped a thriller in the finals to the McLean juniors, 19-16.

"The team as a whole is outstanding," Wells points out. "The girls have almost perfect attendance. Only one has even been absent. Also they are all practically straight-A students. This is remarkable for an entire team. Both guards and forwards did a swell job. There weren't six stars; they were all aces."

Wells also had high praise for his junior boys, who were eliminated in the first frame. They played outstanding ball.

The girls won two trophies, having taken third place in the Lela junior fray.

Wells reports the following on his team, coached by E. L. Hill: Frederika Abbott, G; Frances Bechtel, G; Molly Mayfield, G; Nancy Etter, G; Rita Perrin, G; and Carolyn Dodgen, Linda Horne, Mary Setzler, Connie Lewis and Julia Holmes, forwards.

Mrs. Edward C. Derr, holding a B. A. degree from Baylor University, and Mrs. Price Barrett, B. S. from West Texas State, teach the sixth grade groups.

Coach Bobby Hill teaches seventh grade history and spelling in addition to duties as junior high football and basketball coach, senior high track coach and assistant high school football coach. He holds his bachelor's degree from Texas Christian University.

Douglas McLemore, who holds the B. S. degree from West Texas State, canyon, teaches eighth grade history and seventh grade history and spelling. He also teaches one algebra class for the high school. McLemore is serving his first year in the Irish junior high.

Mrs. Irene Bryan, B. A., Baylor University, teaches seventh and eighth grade mathematics and eighth grade spelling.

Mrs. Naomi Kroner, B. S. from West Texas State, teaches seventh and eighth grade English, literature and penmanship.

Principal Arthur Wells teaches eighth grade reading and science in addition to his official duties as principal.

Wells holds the B. A. and M. E. (Master of Education) degrees from Texas Tech, Lubbock. Before coming to the Irish junior high, he served as a teacher at Kellerville. Wells spent last summer in further graduate study in elementary education at West Texas State.

The junior high also has a music program, part of which includes a sixth grade chorus, and another chorus for the eighth grade. There is also a junior high band, all this music being under the direction of Ray

## Pampan Attending Store Convention

Don Spradlin of Pampa recently represented the local White's Auto Store at a three-day party held in El Paso for more than 30 salesmen, store managers and assistant managers from the White's store chain of stores located in Texas, Oklahoma and New Mexico.

APPROPRIATION APPROVED

PORT WORTH—(AP)—A \$1,200 appropriation for the new tumor clinic at Midland Memorial Hospital was approved yesterday by the state committee of the American Cancer Society.

Primary schools, and the Dunbar colored school. Moore is serving his sixth years as head of the Shamrock schools and his nineteenth as an educator.

## Beck Services Are Held Today

Funeral services for Steve Beck, 65, were to be held today in Mobeetie at the First Baptist Church with the Rev. White, pastor, officiating, assisted by the Rev. Vernon Willard, pastor of the Methodist Church.

Mr. Beck died last Sunday in Houston, where he had lived for a number of years.

Survivors include two brothers, Stanley Beck, Mobeetie, and Ernest Beck of Lemore, Calif.; two sisters, Mrs. Donna White, Roswell, N. M., and Mrs. Mable Roll, Roswell, and several nieces and nephews.

The body arrived in Pampa at 6 p. m. Saturday. Interment will be in the Mobeetie Cemetery with

## Local Optometrists Attend Convention

Dr. James Chase, Jr., and Dr. and Mrs. Jack Zachry, Pampa optometrists, attended the annual convention of the Texas Optometric Assn. in Dallas last weekend.

Dr. Zachry is a director of the T. O. A. and Dr. Chase is president of the Panhandle Optometric Society, which is affiliated with the TOA.

At the Dallas convention, Mrs. Zachry was elected to serve during 1951 as second vice-president of the Woman's Auxiliary to the TOA.

John Ben Sheppard, Texas secretary of state, was the principal speaker for the convention.

The Kirk-Mason Funeral Home of Wheeler in charge of arrangements.

## Bunny Will Lay Eggs Up In Trees

GRAND PRAIRIE—(AP)—The Easter bunny lay eggs in trees? About 50 people in Grand Prairie think so. That's where they'll be hunting them today. The newly formed Grand Prairie Horseman's Club will stage their Easter egg hunt on horseback. No dismounting allowed.

Prizes for finding special eggs and the most eggs: oats and stock salt.

LITTLE FUR NOTES

Hat and scarf combinations in soft-hued furs... little fur fringes in palest pink and black-tipped ermine... long-haired fur scarf fashions... wide stoles with pocket ends... small fur collars in silver-blue mink and ermine, too... these are the little notes of fur for fashion importance.

## Dalhart Puts Aside 10-Gallon Headgear

DALHART, Tex.—(AP)—This West Texas town is going to abandon the traditional ten-gallon hat and other cow-country styles temporarily.

As a stunt to publicize Dalhart's golden jubilee party May 25-26, a thousand men will wear headgear of 50 years ago — derbies.

## Pampa Given Recognition For Its Paving

The success of Pampa's soil-cement paving is attaining national recognition and will be viewed and read about by engineers, city, county and state officials over the country and in Canada.

Four pictures, depicting Pampa streets, and pertinent information on the soil-cement basing process appear in full page advertisements of the Portland Cement Association in three nationally distributed technical magazines — "Engineering News Record," "Better Roads," and "Roads and Streets." The first two magazines are running the advertisement in their March editions while the third is running it in its April issue.

City Engineer Ray Evans, who addressed the American Road Builders Association last week at Milwaukee, Wis., has been quoted liberally in the page ads.

The pictures show portions of E. Fisher, built in 1941; E. Francis, built in 1949; N. Charles, built in 1950.

Underneath the pictures a double banner headline in bold face type reads:

Pampa, Texas Goes "All Out" for SOIL-CEMENT streets After They Prove Their Economy and Durability."

The reading material relates that the city first used soil-cement basing for eight blocks of paving; the first maintenance on it not necessary until 1948. It also tells of six block of incomplete paving holding up over winter months without the asphalt surfacing.

At the same time the "tear sheet" was sent to city officials an accompanying letter of praise came to City Engineer Ray Evans from J. A. Leaderbrand, chairman of the ARBA soil-cement committee. Commending Evans on his talk, the letter advised him the cement company had received numerous requests for copies of his paper and that it would be included in the annual report of the committee.

## Irish Seniors To Give Play

SHAMROCK — (Special) — Seniors present their class play, "One Mad Night," at Clark auditorium here the night of April 20.

The play is in the tradition of "The Bat" and "The Cat and the Canary." Don Cutter, a young playwright, goes to his country mansion with his proverb-quoting Chinese servant, Wing, in order to write his latest play in peace and quiet.

Complications come thick and fast as Cutter finds the house, which has had a reputation of being "haunted," actually infested with strange creatures. There are such mentally defective ones as "Lady Macbeth," "Mr. Hyde," "John Alden and Priscilla."

Mac Christian has the lead as Don Cutter, the playwright. Clois Smith is Wing the Chinese servant; Pauline Bentley Priscilla, who knits; Martha Lou Setzler as Lady Macbeth, a victim of Shakespeare; Virgil Nell is John Alden, who hunts Indians.

Andrew Carver is a villainous creature known as Mr. Hyde, after the Jekyll-Hyde tradition; Albert Purcell is Dr. Bum, a doctor who has herded these demented creatures into Cutter's country home after his asylum burns.

Shirley Lee is Lucille Marcy, a damsel in distress; Cora Briggs is the housekeeper, Mrs. Kluck; Patsy Blevins has a key role as Don's fiancée, Gertrude Finch.

Other characters in the three-act comedy include Kathleen Tindall as Mrs. T. Ashington Finch, Gertrude's mother; Peggy Porter as Depression, the colored maid; Ralph Breland as Artemus Burke, a lawyer; and Walter Purcell as Danny Siletto, wanted for murder.

Robby Hammack is student director, Kenneth Kidwell curtain manager, Carol Valentine property manager, while Joan Parrish and Wynona Lister are technical assistants.

Oliver McLemore, class president, is in charge of sales and promotion.

Mrs. Helen Laycock, commercial teacher and senior sponsor, is directing the comedy.

There are about 20,000,000 acres of forest land in New Mexico.

## All-School Choral Clinic To Be Held Here Thursday

An all-school choral clinic will be held here Thursday and Friday with Dr. Archie N. Jones, head of the music education department at the University of Texas, as clinician.

The four elementary school choruses will sing under the direction of their respective directors Thursday morning and receive criticisms from the clinician.

Following visits to each of the elementary schools, rehearsals will be held in the high school for the A Cappella Choir of the school. Then at 1:30 p. m. the three junior high choruses will sing in the school auditorium for critical analysis. A rehearsal session for the High school choir will again be held Thursday night.

The eighth grade choir will rehearse Friday morning and Friday afternoon, the four choral organizations participating in the night concert will complete rehearsals.

These four organizations will be the A Cappella Choir, mixed chorus, girls' glee club and eighth grade chorus.

Elementary directors are Mrs. John Branham, Mrs. Faye Gallman, Miss Evelyn Clayton and Mrs. Mildred Sullivan. Junior high school directors are Miss Eloise Lane, Mrs. Edward Line and Miss Len Lowe. High school choir directors are Miss Grace Crump and Kenneth Baumgardner.

The concert on Friday night will climax the clinic. It will be held at 8 p. m. in the Senior high school auditorium with parents and the public invited.

Highlight of the concert will be the "Begin the Beguine" number.

## Shamrock Class To Give Annual Play At Auditorium

SHAMROCK — (Special) — Principal Edward M. Burkhalter's speech class presents its annual play, "Stardust," at the Clark auditorium here Monday. Curtain time is 10 a. m.

Faye Jean Reeves has the feminine lead as Prudence Mason, a stage-struck girl; Harrah Dunnam is the male lead as Arthur Scott, Jr., a business man from New York.

Other key characters are: Albert Purcell as Jerry Flanagan, a Hollywood producer seeking Prudence's talents; Kathleen Tindall as Claire Carter, a jester friend of Prudence; Virgil Nell as Mr. Bach, head of dramatics academy the girls attend; Shirley Lee as Janet Ross, another "stardust" Wednesday, March 28, at Smith as Phil Ford, a Nebraska artist.

Burkhalter also presents "Stardust" Wednesday March 28, at 8:15 p. m. in Clark auditorium.

## CONCLUDE AGREEMENTS

MOSCOW — (AP) — Soviet Union has concluded a new series of commercial agreements substantially stepping up trade with its eastern European allies.

## Youngsters' Books Latest In Library

Majority of the books received at the local library last week were from the Junior Literary Guild. All of these are books for the younger generation.

Among them are "High Smoke" by Audrey Chalmers; "Hoofbeats On the Trail" by Vivian Brock; "Rocky Point Campers" by Jane Rietveld; "Story of American Roads" by Val Hart; "Margaret" by Janette Sibring Lowery, and "The Wahoo Bobcat" by Joseph Wharton.

Most of these are adventure books. Others are stories of young people and their home-lives.

"Steel Trails to Santa Fe," the history of the Santa Fe railroad by L. L. Waters was donated by the company last week.

Mrs. Lillian Snow, librarian at Pampa Public Library, returned this week from the State Library Convention in Dallas at the Adolphus Hotel.

Theme of this year's meeting was bringing good library facilities to school children and all young people.

Speakers included C. L. M. a r Wallace, of the Rosenberg Library in Galveston; William Dix of Fondren Library at Rice Institute and Mrs. Carl Hubach, superintendent of the Kilgore Library.

One of the discussion groups attended by Mrs. Snow had as its topic the relation of schools to public libraries and to what extent should libraries provide for children.

Boylse House, Fred Gipson and Maydel Mase, and other southwestern regional writers will be at the Texas Authors' Day program to be held in San Antonio May 5 at the Menger Hotel.

The day-long program has as its purpose to bring together Texas people interested in writing their inspiration, exchange of ideas and encourage writers to write.

## Play To Be Given At Lefors Friday

LEFORS — (Special) — Lefors High School seniors at 8 p. m. Friday, March 30, will present the class play in the high school auditorium.

The story, "A Ready-Made Family" by Jay Tobias, has a cast of 10 members.

They are Beth Hammond, Bob Wilson, Mozelle McKnight, Barbara Chastain, Rebecca Breining, Don Stokes, Peggie Starr, Johnny Morris, Nell Guthrie and Leslie Brown.

Mrs. Roy Gettel, senior class sponsor, is director of the three-act comedy.

## Inoculations Cut Disease In Israel

TEL AVIV — (AP) — During the past two years, skin diseases and eye infections have dropped by 70 percent among the 50,000 Bedouins of the Southern Israel desert Negev due to modern medical methods, local newspapers report.

"Health injections" as they are called here, include also vaccinations against tuberculosis, successfully introduced in Israel by Danish volunteers of "Intucam" (International Tuberculosis Campaign) and now taken over by local medical teams.

MISS GLADYS GRAY

## Gladys Gray K-F Speaker Here Monday

Knife and Fork Club members will hear Miss Gladys Gray Monday night at their meeting in the senior high school.

The dining hall will open at 7:10 p. m. and dinner will be served at 7:30 p. m. in the cafeteria.

Today is the last day that tickets may be obtained by members at Clyde's Pharmacy, 100 S. Cuyler.

Miss Gray is scheduled to present a light and frivolous lecture on fashions of by-gone days. Colored slides will be shown if the audience desires. Her lecture is called "Eve in the Looking Glass."

Miss Gray is a former newspaper woman in New Orleans and El

Paso, now identified with Colorado College at Colorado Springs. Her hobby is doing research on "unusual things," from which her current lecture developed.

Arthur Teed, president of the club, will preside at the meeting and introduce the speaker.

One "room" in the Carlsbad Caverns of New Mexico is 4,000 feet long, 600 feet wide and 300 feet high.

## New Machine Sews Without Thread

NEW YORK — (AP) — A new sewing machine uses no thread to sew up new plastic fabrics. It is being made by several firms. The plastic materials are pressed together between two electron anodes and welded together. The new method was devised in the laboratories of the Radio Corporation of America.

The solace of prayer... the beauty of Easter music... provide nourishment for the spirit in this time of chaos and strife. Share again in the Easter miracle this Sunday... at church.

"I believe this is one of the truly great automotive advances"

LET A PLYMOUTH ENGINEER TELL YOU ABOUT

# PLYMOUTH'S new "Safety-Flow Ride"

In the new Plymouth, now at your dealer's, we are introducing 'Safety-Flow Ride.' I'd like to talk about this new feature not as an engineer, but as a user. For two years I had it on my own personal car, while the development process was going on.

"Now the Plymouth car, as you probably know, has always had a wonderful ride, and we keep working on it—improving it in some way most every year. But I want to make it clear that 'Safety-Flow Ride' is in no sense a minor improvement. It's a big step ahead in automotive engineering—in my opinion, one of the greatest we've ever taken.

"Here's How It Works

"'Safety-Flow Ride' is made possible by a combination of engineering advances, including synchronous springing, scientific weight distribution and our new Oriflow shock absorbers. The Oriflows make a new use of hydraulic principles to take the bounce and wallop out of the bumps. The conven-

tional shock absorber has always done that—and very well—but if you made an ordinary shock absorber with resistance enough for the worst roads, it would provide too much resistance for the best roads, and you'd get a stiff, unyielding ride on the smooth pavement.

"The new 'Safety-Flow Ride,' in effect, tunes itself to the condition of the road.

"When you hit a big bump or a hole, it provides extra resistance, so you're not thrown up and down but tend to continue in a level flow of motion. On the smooth pavement, this resistance relaxes and lets the soft action of the springs take over.

"Here's the Way It Affected Me

"When I first tried 'Safety-Flow Ride' on my own car, I was driving back and forth from the factory to a place in the country, over a real rough road. The difference was so great that it took me quite a while

to get used to it. Before, I was always watching for the rough spots—steering around them. But soon I found myself paying no attention to irregularities in the road. I began to sense, instinctively, that the bump wouldn't affect the ride or the steering. I was able to give my full attention to the traffic and intersections ahead—a real contribution to safe driving.

"Another thing I noticed was that I stopped worrying about any passengers that might be in the rear seat. I had no fear that I'd give them a toss by going over the rough places. There's a certain relaxation and peace of mind that this ride gives you.

"Now I could go on talking for hours, but after all, the only way you can really appreciate this ride is to experience it yourself. So, I hope that you'll get around to your Plymouth dealer's pretty soon and try out 'Safety-Flow Ride.' Then make up your own mind about it. I think you're going to be as enthusiastic as I am."

new Plymouth — NOW ON DISPLAY AT YOUR PLYMOUTH DEALER'S ... THE CAR WITH THE NEW KIND OF RIDE

### Investigator Is Appointed

DALLAS—Texas oil men gained a new hand Saturday in their battle with the increasingly active oil field thieves.

Fred H. Prestage, Wichita Falls, district supervisor for the Texas Liqueur Control Board, was named special investigator for the Texas Mid-Continent Oil and Gas Association's theft prevention program, effective April 1.

A former Grayson County sheriff and wartime military police investigator, Prestage will assist Chief Investigator George W. Robey of Coleman in the Association's joint effort with police authorities to stop theft of oil field equipment.

"High prices resulting from the scarcity of pipe and other valuable oil field equipment, have brought more thieves back into the oil fields," Charles E. Simons, association general manager, told members in a letter announcing Prestage's appointment.

"Theft reports from the operators are running considerably ahead of last year's losses," Simons said.

**FROG ASSISTANT**  
The discovery of current, or "galvanic," electricity was accidentally caused by a frog. The Italian anatomist, Luigi Galvani, was using a dead frog in his studies and accidentally touched a nerve of its leg with a knife that had become charged with electricity; the frog went into violent convulsions.

## Wildcat, Texaco Extension Leading Panhandle Activity

PAMPA NEWS, SUNDAY, MARCH 25, 1951 PAGE 17

### Wildcat Reports

Briscoe County  
Mid-States Oil Corp. No. 1 Hickok-Reynolds, Sec. 39, Blk. A, C. L. Craig Survey, drilling below 7970 feet.

### Rig Activity Rises Slightly

DALLAS — Rotary drilling operations in oilfields of the United States and Canada showed a net increase of 4 active rigs during the week of March 19, it was reported to American Association of Oilwell Drilling Contractors by Hughes Tool Co. Activity was higher in the West Texas and New Mexico and Canada areas, each with 14 more rigs reported operating, and in Ark-La-Tex, up 5 units.

### 16 Locations Are Reported

A wildcat location in Donley County and completion of a regular field extension in Gray County highlighted activity in the Panhandle last week.

T. A. Kirk staked his No. 1 D. Eichelberger, a 4000-foot test, nine miles north of Clarendon.

The Texas Co. reported its No. 1 Cunningham, 22 miles southeast of Lefors and three-fourths mile from nearest production, was completed for 250 barrels. Commission test is pending.

The well, an extension to the Chapman pool, was finished in granite wash at 2840 feet. Contractor is W. D. Kelley.

There were 16 new locations reported for the week and 11 completions of which seven were new oil wells, two were gassers and two were dry holes.

### OIL COMPLETIONS

Carson  
Gulf Oil Corp. No. 15 B. F. Block, Sec. 11, Blk. 4, I&GN, 330 feet from S and 990 feet from S lines of lease, potential 28 bbls. with top of pay at 3015 feet and TD 3130 feet.

## Thompson Outlines Depletion As Keystone Of Oil Industry

Members of the American Petroleum Institute closed their three-day work-study session in Amarillo Friday, assured that at least one oil and gas official was backing their fight for retention of the depletion allowance.

Lt. Gen. Ernest O. Thompson, speaking before one of the largest groups of API men in the district's history, told them the allowance is the 'keystone' of the industry. He said the currently controversial depletion recognition is the proven incentive upon which added oil production can be built at the time of national emergency.

Some 600 oil producers from the Texas Panhandle, Oklahoma, Kansas, Indiana, Illinois and Western Kentucky attended the meeting, at which 11 technical papers were presented.

He said: "The depletion allowance does not guarantee to any oil operator that he will find oil. He just gets a hunting license to search for oil."

The Texas Railroad Commission member earlier in the month had made a statement supporting the present 27 1/2 percent depletion allowance before a congressional committee. In his

largest known natural bridge in the world is Rainbow Natural Bridge, in Utah. It is unique in that it has not only a symmetrical arch below, but presents a curved surface above, thus roughly imitating the arch of a rainbow.

**LARGEST OF KIND**

## The Gold Mannequin

By Myles Connolly  
COPYRIGHT 1951 BY NEA SERVICE, INC.

"This story: An artist known only as 'Teresa, General Delivery, Cedarbrook, N. T.' has saved the exclusive gown shop of 'Jean Paul' from financial disaster. Paul Panciera becomes a figure in the fashion world, when suddenly the flow of sketches from Teresa stops. She partners the model and sends a dainty envelope to 'Teresa' and trails him. The large girl who calls for it, to the Summit Veterans' Hospital, where Jean Panciera lives. Teresa is a veteran named Jean Reese, who has been abandoned since her husband started to design as a means of making money for an operation to make him walk. But the operation had not been successful and Jean, discouraged, had given up his calling."

"He's the proprietor, Paul Panciera." She shrugged, was very offhand. "He pays the bills."

"I see." He mused. "He uses only his first name for the firm. Where does the Jean come from? You?"

"Uh-huh." She was even more offhand. "Mr. Panciera thinks I'm good luck."

"I'll bet you are. You didn't give him your last name, too, did you?"

"You mean—?" She laughed at the preposterousness of the idea. "Of all the ridiculous things! Married to Mr. Panciera? You ought to see him!" She was too beautiful for him to hear the hyperbole in her laughter. "You really have an imagination, haven't you?"

Then, abruptly, to get control of the conversation again, she stood up, slipped off her fur coat and posed before him. "Remember this creation?"

She wore a subtly casual morning dress of beige wool with a pair of small brown carved-wood clips, and modeled it as only she could. "Uh-huh, but I never remember it being as wonderful as that." He spoke in a voice hushed with admiration. "You make me feel like a genius."

"Not altogether. But it's kind of hard to stand up and cheer when a pair of nurses have to lift you in and out of bed. And sitting here, the way I am, looking at a woman as beautiful as you doesn't make me break out all over with happiness. I'm afraid I'm not what you'd call a hero going to ride with the tide from now on in."

He blinked in disbelief. "You don't mean to tell me that you and Jean Paul depend that much on me, do you? For an employee, you seem to be doing all right."

"I can wear anything that you like." She smiled her best smile, purred. "I had to impress you, didn't I?"

His eyes were bright. It's the first time I've ever seen any of my stuff on anybody. She slipped her mink over her shoulders, stood before him. He looked up at her and now there was something like pleading on his face. "Maybe if I could see you in some of the things I sketch—"

Jean was worried. She saw Jean Paul—luxury, acclaim—vanishing before her eyes. She drew on her resources, became subtle, soft. She who had been modeling the cool sophisticate now began to model the seductress.

He hesitated a moment. "Who is this Paul somebody-or-other who signs the checks?"

"You'd never give a thought to me, I suppose? And why I came out here today?"

He looked up at her and now there was something like pleading on his face. "Maybe if I could see you in some of the things I sketch—"

## Easter Is Forlorn Time In A Foxhole

NEW YORK—(AP)—Easter is a forlorn time to a man in a foxhole. It is one of the saddest of seasons to the average soldier, particularly if he has had religious training.

Nobody likes to fight on a holiday. Who wants to be killed or wounded on Thanksgiving or Christmas? It doesn't make sense.

But Easter time hits many a soldier with a double nostalgia. He thinks long thoughts about his task. He looks at his rifle with distaste. He not only doesn't want to have to fire it—he wishes he didn't even have to touch it.

"How did I ever get in this battle being fought on a day strange trade?" he asks himself, dedicated to the resurrection of And he ponders the oddity of the Prince of Peace.

They'll Do It Every Time By Jimmy Hatlo

"MUST BE THERE SOMEWHERE"—If you're looking for that silver lining through all the dark news, you might try these "world's largest binoculars," being focused by D. P. Bushnell of Pasadena, Calif. Valued at \$3000, the 75-power binoculars make an object a mile away appear to be only 74 feet distant. This pair is the sole survivor of 12 built by the Japanese during World War II for use on battleships. The U. S. Navy sank the others.

**Texans In Washington:**

**Thirty-Six Texans Are Flag Officers**

By TEX EASLEY

WASHINGTON — (AP) — Thirty-six Texans are flag officers in the armed forces — 29 are generals and seven are admirals.

They're scattered over the globe, some in Korea. Thirteen of the generals and five of the admirals are on duty in the Washington area.

They get the designation "flag officer" because wherever they go, flags bearing stars identifying their specific level of rank fly on the car, jeep, plane, or ship in which they happen to be traveling. A metal plate serves as a flag where the wind resistance is too great.

The naval officers on duty outside Washington are Rear Admiral Albert M. Bledsoe, Cebu, commander of the 15th naval district, Balboa, Panama Canal Zone, and Rear Admiral Heber H. McLean, Liano, commander, fleet activities, Japan-Korea.

Maj. Gen. J. T. Walker, 1917 Texas A&M graduate, is director of Marine Corps personnel here. He is a native of Azle.

The other Texans with admiral rank, on duty here, are: Rear Admiral Lorenzo Sherwood Sabin, Jr., Dallas; Rear Admiral Ralph Smith Riggs, Paris; Rear Admiral William K. Mendenhall, Jr., Waco; Rear Admiral Tom Burbridge Hill, Fort Worth and Admiral of the Fleet Chester W. Nimitz.

Army and Air Force generals from the Lone Star state on duty areas away from Washington, are:

Maj. Gen. Roderick R. Allen, Marshall, Korea; Brig. Gen. Charles C. Blanchard, Ballinger, deputy commander of U. S. troops in Trieste; Maj. Gen. Percy W. Clarkson, San Antonio, deputy commanding general army forces in the Pacific;

Brig. Gen. John H. Collier, Uvalde, deputy commanding general, U. S. Constabular, European command; Maj. Gen. John B. Coulter, San Antonio, Korea;

Brig. Gen. Urban Niblo, Galveston, ordnance officer, Far Eastern Command, Tokyo; Maj. Gen. Joseph H. Atkinson, Dublin, commanding general 2nd Air Force, Earlscdale Air Force Base, Shreveport, La.; Brig. Gen. Warren R. Carter, Winchell, deputy commander for flying, Air Training Command, Scott Air Force Base, Ill.

Maj. Gen. Charles C. Chauncey, Joshua, deputy commanding general, technical training, Scott Air Force Base, Ill.; Brig. Gen. Thomas O. Hardin, Mexico, director of technical inspection, Norton Air Force Base, Calif.;

Brig. Gen. Carl B. McDaniel, Franklin, commanding general, bombardier combat crew training, Randolph Air Force Base, San Antonio; Maj. Gen. Archie J. Old, Jr., Farmersville, deputy commander, 8th Air Force, Carswell Air Force Base, Fort Worth; Maj. Gen. Wm. D. Old, Uvalde, commanding general, Alaskan Air Force Base at Fort Richardson, Alaska; Brig. Gen. Homer L. Sanders, Houston, vice

commander, tactical air command, Langley Air Force Base, Va.; Brig. Gen. Stuart P. Wright, Dallas, deputy commander, air proving grounds, Eglin AF Base, Fla.

Army and AF officers from Texas as on duty here are:

Brig. Gen. Clyde D. Eddleman, Orange; Brig. Gen. Eugene L. Harrison San Augustine; Brig. Gen. Jonathan L. Holman, La Grange; Maj. Gen. Jerry V. Matlock, Nelsonville; Brig. Gen. Earle Standiee, Huckabay; Maj. Gen. Paul H. Streit, Seguin; Maj. Gen. Charles P. Cabell, Dallas; Maj. Gen. William Eugene Farthing, Gainsville; Brig. Gen. Alvin Paul Luedtke, El Dorado; Maj. Gen. Aubrey Lee Moore, Frost and Hubbard; Maj. Gen. Roger M. Roney, Emblem; Brig. Gen. Walter E. Todd, Gonzales; Maj. Gen. Raymond H. Fleming, Waxahatchie.

**AROUND THE CAPITOL:**

Recent visitors included two Texas publishers, Howard McMahon of the Abilene Reporter News, and Charles Devall of the Kilgore News-Herald.

McMahon took a look at press relations offices in the Pentagon, and talked with Herschel Schooley of Abilene, who handles publicity information for the Secretary of Defense. Devall's visits included the Associated Press Bureau.

Two Texans who have been in Turkey for a year under an ECA program to help in agriculture development there are H. P. Smith and D. T. Killough.

En route back to College Station, where they worked with the Texas Experiment Station before going abroad, the men stopped for conferences here in Austin with ECA and Agriculture Department officials.

Waco's Congressman W. R. (Bob) Poage has just turned down an all-expense paid trip to the Mediterranean coast resort country of Monaco.

He was called by officials of the Interparliamentary Union, asking him to attend a conference on agriculture. The Texan replied that urgency of the times here now prevented him from accepting the invitation.

Prague was a U. S. delegate to the world organization's convention last year in Dublin. He gained recognition there for his understanding of world food and production problems.

Guest speaker at a recent luncheon of the Texas congressional delegation was Dr. Walter M. Splayn, one time president of the University of Texas.

Several of the legislators were at the University when Splayn headed the school. Now a member of the Interstate Commerce Commission, he discussed the sharp growth of traffic of both freight and passengers of the nation's transportation systems in recent years.

Many of the big redwood trees in California are more than 1,000 years old.

The cost of living, as measured by the Bureau of Labor Statistics' Consumer Price Index, continues to rise to new record highs each month. Government price controllers are hopeful that the figure — announced tentatively at 181.5 on Jan. 15 — may soon reach a "plateau." The hope is based in part on the decline of wholesale prices — a cost-of-living bellwether — in late February for the first time in more than four months.
