## WEATHER

West Texas partly cloudy and a little warmer this afternoon and tonight. Thursday partly cloudy, colder in the Panhandle. Sunset today 5:58 p.m.; sunrise Thursday 7:23 a.m.; sunset Thursday 5:52 p.m.

**GIVE AND TAKE**  
What the Government gives you the Government can take away and once it starts taking away, it can take more than it gave.—Samuel Gompers in "Family Circle" of June, 1951

VOL. 50—NO. 196

Circulation Certified By ABC Audit

DECORATING STARTED — N. K. Hughes, top, in charge of the Hughes Decorating Service, Vernon, Texas, places a marker in the middle of wire across Cuyler in preparation of placing Christmas decorations. He is assisted by Roy Taylor, center. Six strings of new decorations will be placed on Cuyler from Francis to Foster this afternoon. Also assisting is Paul West. (News Photo)

## Mundt Says Both Parties Can Save Freedom Of Individual

Freedom of the individual in the United States can be saved, only if Republicans and Democrats will fight together on the home front in 1952 just as they are fighting together on the front lines of Korea, Sen. Karl Mundt (R-SD) told Pampa Knife and People club members last night in the high school auditorium.

Sen. Mundt devoted only a few minutes on the tail end of his speech to his proposed coalition of political forces using most of his time in building up the basis for such a move on the part of voters.

The North Dakotan said he had watched the change in Washington over 13 years, noting especially that the politicians are becoming more and more important as the days go by.

He said environment helps to influence people's thinking and this has happened to everybody living in Washington—"the people think they are important, the lawyer, because he is near the Supreme Court, the barber, because he works on the politicians; the taxi drivers because they haul Senator So-and-so and Congressman So-and-so here or there."

He pointed out members of the House of Representatives as being important because that is where the money is raised by

# Hopes For Peace Brighten

## Reds Offer Proposal Similar To Allies'

MUNSAN, Korea — (AP) — Truce hopes brightened today when Communist negotiators submitted a cease-fire plan of their own that could open the way for a Korean armistice by Christmas.

It was similar to a United Nations plan for creating a buffer zone along the present fighting line to take effect if an armistice is signed within 30 days.

A UN command communique referred to the resemblance as superficial.

But the command's official spokesman, Brig. Gen. William P. Nuckols, said if the Red plan "means what we think it means... then I think we are very close to solution" of the buffer zone question.

"I do not in doubt as to whether the Communist proposal means 'that troops will be withdrawn from the buffer zone after an armistice is signed' as the UN has proposed.

After the Communists submitted their counterproposal at Panmunjom at Wednesday's two-hour truce session, Allied negotiators tried to determine whether the Reds contemplated an immediate or delayed withdrawal from a buffer zone to be created along the present front.

At the close of the session Maj. Gen. Henry I. Hodess, heading the UN subcommittee, told the Red delegates "we will present you with the necessary reasons to clear up this proposal" at Thursday's meeting. It is set for 11 a.m. (8 p.m. Wednesday ST).

## Bond Bids To Be Opened December 11

Bids by bond buyers for the \$575,000 bond issue approved by the voters last week will be opened by the city commission on Dec. 11, in the city commission room.

The commission yesterday authorized the city secretary to advertise the bonds for sale in The Pampa Daily News and The Texas Bond Reporter, a weekly trade magazine subscribed to by the majority of Texas financial houses.

Because bond salesmen, from six different financial houses old City Secretary Ed Vicars December is the best month of the year to sell bonds, the commission rushed the date and called for bids on Dec. 11. This early calling is expected to bring close bidding at a low rate of interest, Vicars quoted the bonding representatives.

Meantime, City Attorney Bob Jordan and City Manager Dick Pepin were going ahead with legal procedures to clear the way for selling action by the commission.

## Pre-Thanksgiving 'Concert' Given

A pre-Thanksgiving concert was presented employees in the city hall this morning—completely unannounced.

The concert hall was a cell in city jail. The artist was an unidentified woman, who by 11 a.m., had given three different names to officers.

Police Chief John Wilkinson said the woman was picked up last night by city police on a charge of vagrancy.

The singing lasted about 30 seconds with about an equal amount of intermission before it continued. There was little variety, however, since the solo was the same each time.

## Mother Of McGee Takes Stand Today

EL PASO — (AP) — Mrs. H. H. Stull, mother of Richard W. McGee, was tentatively scheduled to take the witness stand today at her son's sanity hearing.

McGee, convicted of the murder of R. L. Allston, Lubbock business man, has been sentenced to death. He got a stay of execution until a sanity hearing could be held.

Yesterday a number of state witnesses testified they believed McGee is sane and should go to the electric chair.

After the state rested, the defense called three psychiatrists for rebuttal testimony.

Defense attorneys indicated the rebuttal testimony might be finished today.

Judge Roy D. Jackson announced the court would continue in session during Thursday's Thanksgiving holiday.

## France Sends SOS For Fast Dollar Assistance From U. S.

WASHINGTON — (AP) — An urgent request from France for fast dollar assistance from the U. S. today heightened the possibility that the administration may ask Congress early next year for a special foreign aid appropriation.

Britain is in about the same economic plight as France. In fact, almost all of the country's European allies were described by authorities as requiring considerable help to maintain their defense production and their scheduled contributions to Gen. Dwight D. Eisenhower's Western European military force.

Officials told newsmen that within the next few days the U. S. government will probably make a final decision on how much help the French need. Estimates range from \$200,000,000 to \$400,000,000. That would be direct assistance aside from the dollars the French may earn from American troops stationed in their country and from American expenditures for military installations there.

France has told the United States according to these informed sources, who may not be named, that its anticipated dollar earnings are such that it will have to cut imports and reduce its defense operations unless special help is forthcoming promptly.

Congress last fall voted a mutual security appropriation totaling \$7,328,000,000. While the great bulk of that was set aside for the purchase of military equipment to be furnished to America's Allies over the world, \$1,022,000,000 was earmarked for economic aid—primarily for Western Europe.

**NET AMOUNT**

Officials said certain required expenditures out of this economic aid fund leave a net amount for distribution among U. S. Allies of Europe of \$950,000,000.

Congress also specified that up to ten percent of the military equipment funds might be diverted to economic aid, a net of about \$80,000,000.

The \$1,022,000,000 voted for economic aid assistance was almost \$700,000,000 less than the administration had asked. Officials described that as one of their big difficulties.

Several weeks ago, mutual security officials made initial allocations of the \$950,000,000 fund for 13 countries considered eligible and in need. Negotiations are now under way with those countries to assure that if they are given the money, they will use it to help finance their military programs, as Congress intended.

## Naval School Moves Across United States

ANNAPOLIS, Md. — (AP) — Have you ever moved your family across the country?

If you think that's a problem, how would you like to move an entire school more than 3,000 miles across the continent?

That's the task confronting Rear Adm. Ernest E. Herrmann, superintendent of the U. S. Naval Postgraduate school.

The technical branch of the school, established here in 1909, closed its doors today after 42 years of operation. By the time classes are resumed on Feb. 18, 1952, for the second half of the present school year, it will be consolidated with the tactical branch at Monterey, Calif.

In addition to the dismantling and shipment of tons of laboratory equipment and material, the move involves the transporting of about 500 families from coast to coast.

## Panhandle Observes Thanksgiving Holiday

The Panhandle is going to shut down Thursday.

In the city and over the area, schools will take a holiday, city and county offices will be shut down, merchants will close their doors and special church services and football games will highlight the day's activities.

Schools in Gray, Wheeler, Hemphill and Carson counties are taking advantage of the turkey's plight to work in a two-day holiday. Most area schools turned pupils out this afternoon and will remain closed until Monday morning.

In Pampa, Canadian and Miami, special church services will be held for Thanksgiving.

At Canadian, the ministerial council is sponsoring a union meeting of members of all churches tonight in the First Christian church. Rev. W. E. Fisher, former pastor of Canadian Methodist church, will deliver the sermon.

**SERVICE**

For Pampa, the ministerial alliance is sponsoring a city-wide Thanksgiving service Thursday, 8:15 a. m. in the Assembly of God church, 500 S. Cuyler.

Music, according to Rev. E. Douglas Carver, pastor of the First Baptist church, will be under direction of Roy Johnson, music director at First Methodist church. Johnson has asked all local church choirs to be in the church early so that a special music may be prepared.

Rev. Lyle C. Albright, pastor of Church of the Brethren, will deliver the morning, Thanksgiving sermon.

All choirs in Miami will join for the Thanksgiving service.

**FOOTBALL**

Football is slated to climax many Thanksgiving festivities in Pampa and area cities.

Pampa's Harvesters left this morning for San Angelo where they will play the San Angelo Bobcats at 2:30 p. m. Thursday. The game ends the 1951 football schedule for the once-beaten Harvesters.

The game is to be broadcast over station KPND.

In Pampa, District 1-B Spearman Lynx and District 2-B Lakeview Eagles kickoff in their bi-district playoff game in Harvesters park at 2:30 p. m.

Canadian Wildcats tangle with the Dimmitt Bobcats in Canyon at 2:30 p. m. Thursday in bi-district I-A. Canadian, representing District I-A, is expected to have plenty of home support because of a special two-car section being added to a regularly scheduled Santa Fe passenger train. The train will leave Canadian at 7:46 a. m. and will return following the game at 4:55 p. m. There will be accommodations for about 100 passengers, according to a Santa Fe agent in Canadian. Shamrock Irish and the Tulsa Hornets will begin play at 2:30 p. m. in the District I-AA, District 2-AA playoff at Tulsa. Shamrock won the District I-AA title from the Phillips Black-

## Parents Make Tough Decision

ALAMEDA, Calif. — (AP) — The distraught parents of three-year-old Donald Dale have made a heart-breaking decision to let him die of cancer as soon as possible.

It was one of the toughest decisions a parent could be called upon to make.

A hospital doctor told Mr. and Mrs. LeRoy Dale that a nitrogen-mustard compound might keep the spark of life alive in Donald's pain-racked body for two or three months more.

"We thought about it for a long time," said 29-year-old Mrs. Bonnie Dale last night.

"Then we decided against it. It would only prolong Donald's misery. And he's miserable enough now."

Death may come at any time. Already Donald has had his Christmas tree and toys. But he scarcely was able to know it. Little Donald became ill last August. Doctors collapsed a lung in September and operated. They found cancer cells were filling his body.

**TOOK HIM HOME**

They told the parents to take him home. There was nothing more they could do.

The 33-year-old father laid off work as a freight handler to be with his son.

Breathing for Donald became laborious. He couldn't walk, scarcely could eat. All he wanted was to ride. His father took him daily—in cars loaned by neighbors.

Staying off work erased father Dale's slim funds. Last Saturday the word of his plight got out to the newspapers.

The story brought an outpouring of generosity.

The Dales have no telephone. So people by the hundreds went to the home.

**500 OF THEM**

"There must have been 500 of them," Mrs. Dale said.

If it comes from a hardware store we have it. Lewis Hdwe. Ph. 1212-Hawks.

## Realtors Claim Prices Too High

Real estate prices in Pampa are too high, members of the local real estate board agreed at a luncheon meeting yesterday.

They expressed opinion that the situation results from having no governed ceilings on materials.

Best results in turnover of property, they said, will result only if real estate is kept in good condition. Also discussed at the meeting were multiple listings on real estate and the second G. I. loan.

Members of the board and guests present were: Garvin Elkins, president; Mrs. Faye Kirkham, Mrs. Jean Kirkham, C. A. Jeter, Mrs. Maybelle Braly, John I. Bradley, Charley Ward, Troy Curlee, Mrs. Elizabeth Martin, M. P. Downs, Harry Gordon, W. Wade Duncan, H. B. Landrum, Mrs. Sibyl Weston and Mrs. Jessye Stroup.

## County Commission Canvasses Ballots In 'Hurry Up' Meeting

County Judge Bruce Parker was forced to call a "hurry-up" special meeting of county commissioners yesterday to canvass ballots on the Nov. 13 special constitutional amendments election and certify the returns to the state.

The judge thought the canvass could wait until the regular Dec. 1 session of the court, but a notice from the state told him if the returns were not certified within 10 days following election, a representative would be sent from Austin whose expenses and time here would have to be paid by the county.

Four phone calls brought commissioners to the court house on the run at noon Tuesday and the ballots were canvassed. The certification of election is now in the mail on its way to Austin.

## GOP Retaliates To Truman's Charges With 'Corrupt' Cry

WASHINGTON — (AP) — Republicans replied with more "corruption" charges today to President Truman's assertion that Democrats work the lying down the "lies and smears," he said he expects in the 1952 Presidential campaign.

Mr. Truman told an audience of party members here last night he thinks more money will be spent "in trying to defeat the Democratic party next year than has ever before been spent in any election in the history of country."

His declaration that "the truth and the facts are on our side" brought a retort from Senator Robert A. Taft (R-Ohio) that "President Truman should certainly get the prize for political effrontery" for his speech.

**FLASH OF REALISM**

Guy C. Gabrielson, chairman of the Republican National committee, said Mr. Truman had "a flash of realism" when he said "A mistake in a Presidential election can cause the country untold harm."

"The reminder isn't necessary for millions of Americans," Gabrielson said. "They are disgusted and alarmed at the high taxes, high prices, corruption, crises and war of his incompetent administration. They won't make the mistake again."

Without naming the senator, Mr. Truman singled out Taft with the assertion that "special interests" had poured money into Ohio last year to elect the Republican.

Taft, an avowed candidate for his party's Presidential nomination, said in a statement in Cincinnati that "it is the Truman party which is the bene-

## Ways And Means Committee Weighs Report On King Today

WASHINGTON — (AP) — A House Ways and Means committee was called into session today to weigh a report on its inquiry into rumors that its chairman, Rep. King (D-Calif.), once sought to influence tax cases.

King has denounced the rumors as "malicious and false" and directed his subcommittee to investigate them thoroughly. While it did so, he turned the chairmanship over to Rep. Combs (D-Texas).

The group heard nearly a dozen witnesses, during two days of investigation, and wound up the inquiry late last night. It issued no statement, but its chief counsel, Adrian DeWind, told newsmen:

"Relevant testimony to the allegations of tax case mishandling will be released in the verification form in conjunction with a report."

The subcommittee, which has been inquiring into the widening reports of irregularities and scandals in the nation's tax collection service, meanwhile received possible grist for its mill from newspapers in two cities.

**TWO NEWSPAPERS**

In St. Louis, both the Post-Dispatch and the Globe-Democrat charged that Ellis N. Slack, acting head of the Justice Dept.'s tax division, sought to interfere with a grand jury inquiry into tax fixing there.

It was that grand jury which indicted James P. Finnegan, former St. Louis collector of in-

## Milk Fund Drive Totals \$1250

Contributions in the Pampa milk fund drive for underprivileged children today reached \$1250, according to amounts deposited in local banks for the fund.

Goal for the city is \$3300. The drive will be concluded Jan. 1, 1952. The fund was begun to provide milk daily to local underprivileged children for one year. Chairman is Ivy E. Duncan, assisted by E. L. Green, Jr., and Lt. Fred McClure of the Salvation Army.

Funds will be distributed by McClure and his wife.

## News To Publish Thursday Morning

The Pampa Daily News will publish its turkey-day edition as a morning paper Thursday. The 16-page paper is to be delivered Thursday morning. The News office will be open from 8:30 to 11 a.m. so that subscribers who fall to receive papers may have them by calling No. 9.

The News will return to an afternoon schedule for the Friday edition.

McLEAN CROWNS HARVEST QUEEN — Coronation of McLean's Harvest queen was held last night as a finale for an all-city carnival in the city grade school. Above, King David Wilson places the crown on Queen Christine Hunt. The couple represents the sophomore class. Crown bearers standing beside the queen are Cheryl Grimmett and Don Woods. The queen was attended by representatives from each of the classes in the grade school and high school. The carnival, an annual affair in McLean, drew most residents in McLean. Booths were set up by each class in the two schools. (News Photo)

BLOOD BANK — Blood is taken from the modern bank by laboratory technicians to be prepared for transfusion. Above are Carolyn Roland and Barbara Thompson. (News Photo)

RUNNING TESTS — A series of tests must be run on the blood before it can be given to a patient. Technicians must check the type, the RH factor, and other tests to see that the blood contains no harmful components. (News Photo)

WILSON'S DRUG 300 S. Cuyler Phone 6601

By BUD ANDERSON Pampa's blood bank has issued a call for donors so that its low supply may be replenished.

According to Chet Lander, business manager for Highland General, the hospital uses about 70 pints a month and the bank, which will store blood for 21 days, should have at least 30 to 50 pints added each month.

According to Lander, no person is actually charged for the blood he is given during a stay in the hospital. Rather he pays a deposit of \$25 on the blood taken from the bank.

Should a patient have more blood donated than he uses, he is given credit for himself or members of his immediate family for any time they are in the hospital within a year.

A service charge of \$12.50 is made in addition to the \$25 penalty. According to hospital estimates, this \$12.50 is about \$2 less than actual cost of the service which includes materials used in donating and receiving blood.

Recently, the hospital ran out of two types and had to order from another area blood bank. The two pints, Lander said, cost the hospital \$75.

Some people in Pampa and the area carry "warming blood bank" cards. These persons have been classified as having a certain type of blood and will be on call should their type be needed.

The hospital has set up what it terms "blood nights." Each Monday, Wednesday and Friday, donations are accepted during the evening. Donors are asked to make an appointment with the hospital the day before they are to give blood.

The hospital cannot take blood from persons having a blood disease, if they are in poor physical condition or have given blood within 60 days. They take more than 500 pints a month.

According to Laboratory Technician Barbara Thomasson, the types needed most at the present time are Type O-RH positive and Type O-RH negative. They also need some Type B. The most difficult to obtain are A-RH negative and AB-RH negative.

Bud Willis, Alabama's sophomore, did all this punting for his high school team at Tifton, Ga. — barefooted.

## Bell Club Has Call Meeting In Hancock Home

Roll call at a recent Bell Home Demonstration club call meeting was answered with "How we can better the Christ-mas spirit this year."  
The meeting was held in the home of Mrs. George Hancock, and plans for the Thanksgiving dinner were completed.  
Mrs. Nolan Cole presented the council report during the business session.  
Members present were Mrs. Walter Noel, D. W. Swain, Joe Galla, Ernest McKnight, Jack Morris, J. B. Jones, Carl Smith, Emmett Osborne, H. H. Keahy, Mrs. Cole and the hostess.

**BEAUTY AFTER FORTY**  
"I can arrange my hair becomingly and always receive compliments. I think white hair looks especially bad when loose and blowsy. Must I wear a net?—Mrs. B.G.G."  
You can have the professional look to your coiffure by spraying your hair with a liquid invisible net. Spray a fine mist over your hair and then forget it, because you will have a glamorized hair-do, one that will stay put. It's a secret of the professional technique used by famous hairdressers.  
"Do you think that a wide black skirt with a black lace blouse, would be becoming to a tall, slender woman who wears a flaring skirt, low or high heels?—D.D."  
The wide, flaring skirts are not as becoming or as flattering to the mature figure as they are to the younger women but a tall, slender woman can wear a flaring skirt quite successfully. I would prefer a pleated skirt of crepe, which swirls and clings and has more charm and dignity. Wear heels, high ones, by all means! A wide skirt and low heels are a Horror Combination for any age!  
"Would a pretty veil, tied over the hair, be proper to wear to an evening wedding reception? I am 48, and am wearing a navy blue lace dinner dress. Should I wear gloves and if so, what color? In my town I simply cannot match the dress.—Helen T."  
A veil on the hair is most attractive and is in perfect taste. I would like fuchsia gloves or pale blue ones. Gloves are an important accessory and you must wear them until the refreshments are served.  
"Do people still wear separate hair pieces? My hair piece is gray and brown, to match my hair. How should I wear it? My face is thin.—S.L."  
Chignons are in good taste. A soft, low-placed bun at the nape of the neck is best for you.

**SMUGGLERS GOLD**

PAMPA NEWS, WEDNESDAY, NOV. 21, 1951 PAGE 3

## Women's Activities

**How to Roast a Small Turkey**  
Young turkeys of any size may be roasted. Stuff turkey just before roasting. Stuffing prepared in advance must be refrigerated. Allow 1 cup of stuffing per pound ready-to-cook weight.  
Stuffing and trussing—rub cavity of bird with ½ to 1 teaspoon salt. Close by placing skewers across the body opening and lacing shut with cord.  
The drumsticks securely to tail. Fasten neck skin to back with skewer. Shape wings "akimbo" style, bringing tips onto back.  
Roasting technique—brush skin with melted fat. Poultry seasoning or other herbs may be sprinkled over the surface.  
Place trussed bird, breast down, on a rack at least ½ inch high in a shallow open pan.  
Lay fat-moistened thin cloth (large enough to drape down the sides) over top of turkey.

**CHRISTIAN SCIENCE**  
The blessings of giving will be stressed in the Lesson-Sermon entitled "Thanksgiving" to be read at the special Thanksgiving Day service in Christian Science churches Thursday morning, Nov. 22.  
Students of the Christian Science religion consider this observance of special significance because they have learned that the giving of gratitude for blessings already received is not only homage due to Giver of all good, but also further enriches and blesses their lives in His service. Opportunity is thus afforded during the church service for audible expressions of gratitude appropriate to the occasion from Christian Scientists in the congregation. The public is invited to these services.  
The Golden Text is: "It is a good thing to give thanks unto the Lord, and to sing praises unto thy name, O Most High" (Psalm 92:1).  
One of the Bible citations is from James 1:17: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning."  
The Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, contains this statement used in the Lesson-Sermon: "God is not moved by the breath of praise to do more than He has already done, nor can the infinite do less than bestow all good, since He is unchanging wisdom and Love" (page 2).

## Local Women Attend Baptist Convention In Borger Church

Eight local women attended the annual District 10 W.M.U. convention last week at the 10th Street Baptist church in Borger.  
Mrs. C. W. McCullough gave the address. She is a missionary's wife, recently returned from a small island in the Pacific inhabited by 5,000 natives.  
Mrs. R. L. Mathis, state president of Dallas, gave the devotional. Miss Edith Stokely, state worker, spoke on "Community Missions."  
Theme of the meeting was "Behold the Lamb of God."  
Those attending the convention were Mrs. H. M. Stokes, R. W. Tucker, Harvey Downs, George S. Vineyard, W. R. Bell, D. A. Caldwell, H. C. Wilkie and Harold Cockburn. They represented the First Baptist church here.

## First Baptist WYA Holds Meeting

Miss Odever Spencer was hostess to the First Baptist WYA which met Monday night for a program on "Do We Have What It Takes." Miss Spencer led the program, assisted by Miss Billie Groninger, Miss Betty Norman and Miss Pat Franklin.  
The program was concluded with the song, "Let Others See Jesus in You," and a prayer by Mrs. Homer Doggett.  
During the business session, led by Miss Franklin, names were taken for subscriptions to "The Window of WYA."  
Attending the meeting were:

TAKE TOWN TALK FOR TASTE

## Ruth Millett

In our neighborhood the best-liked, best-mannered, happiest-appearing and most cooperative kids have a father who spends more time with them than any other father in the neighborhood. That isn't just coincidence, either. It's because their Dad is interested in them and has fun with them. Home is a real home to the Jones' kids.

It is a kind of second home to a lot of their friends, too, because the neighborhood kids aren't afraid of Mr. Jones. They don't run from him when something goes wrong for fear they'll get a bawling out. They tell him, confident that he'll help them figure out how the matter can be righted.  
They know their football game is more important than his lawn. And because he spends so much time with the kids, they know he likes them, and so they are willing to pitch in and do what ever he suggests when a job needs doing.

It is too bad there aren't more fathers like Mr. Jones in every neighborhood. Men who like children and have time to play with them, meantime teaching them all kinds of skills, sportsmanship, fair play and other important things.  
But in most neighborhoods there are many more fathers like Mr. Smith than like Mr. Jones. Mr. Smith's homecoming is a signal that the kids had better scam out of the Smith's yard or be yelled at to quiet down, or to get off the grass, or to get out of the way, or whatever.  
It's no wonder that the Mr. Joneses usually have better luck with their children than the Mr. Smiths—unless the Smith kids spend most of their time at the Jones' house.

## White Deer Pioneer Club Has Social And Business Meeting

The White Deer Pioneer club was entertained last week with a turkey dinner with Mrs. R. A. Thompson, Vern Crum-packer, Julia Powers and May Coffey as hostesses.  
The table was decorated with miniature shocks of feed, pumpkins and china turkeys to carry out the Thanksgiving theme.  
Those present were Mrs. J. J. Crutcher, Fanny Skaggs, Bob McCoy, Jim White and May Skaggs of Pampa and Mrs. Earl Tubb, J. C. Jackson, Harry Edenhorn, J. C. Freeman, E. H. Grimes and the hostesses of White Deer.  
Mrs. Marvin Milliken of White Deer was guest.  
A business meeting and social hour followed in the home of Mrs. Julia Powers.

## Miss Vondel Starke Honored With Show

Why Tolerate Socialism Here?

Writing on the hypocrisy of politicians who would sell their country down the road to socialism, the Romicer, West Virginia, News editorially blasts socialist power plans for West Virginia.

Cash For the Farmer

When it comes to cash income, the biggest factor in the life of the farmer is the price of his products.

id For A Smile

What's the matter with your smile? I've got some ideas. I've got something that will do something for you.

LOOKING SIDWAYS

By WHITNEY BOLTON

I have come to the conclusion that the most useless project available today to a man with a typewriter is to try to create a little simple order in the lives of crooks.

The least explosive thing these letters contain is that I am a Jew and I cannot get up there in front of a microphone and earn \$5,000 a week.

I thought once I detected a measure of scornful behavior in Frank Sinatra's eyes after coming to this in the most insulting letters I ever received from anyone on anything.

"Utilities" is not the ugliest word in the English language. It is now regulated properly and operated efficiently. They have laws which are strictly enforced to support local, state and federal governments.

When it comes to cash income, the biggest factor in the life of the farmer is the price of his products. Last year meat animals brought him the second sum of \$9,500,000,000 almost one-third of his entire cash income from all crops plus government payments.

The Doctor Says

By EDWARD P. JODRAN, M. D.

Leukemia is one of the most difficult subjects to write about. It is a disease of the blood and blood-forming organs.

What's the matter with your smile? I've got some ideas. I've got something that will do something for you.

Better Jobs

By R. C. HOILES

A great deal of our confusion and bewilderment comes from the government or the legislative branch of the government making an act a crime that is not a crime according to the moral guides generally accepted through the ages.

These man-made crimes have been greatly increased during the last few decades. Making a thing a crime that is not a crime is a way of enslaving mankind.

It is now a legal crime to pay a man less than a certain amount and it is a legal crime to pay him more than a certain amount.

The American Way

By Dr. Alfred F. Haake

Comrade Lenin of Russia once remarked that he would destroy the United States by inducing us to spend ourselves to death.

Another crime that is not a crime is government having the power to tax the big producers at a higher percentage than they tax the small producer.

Our public debt is double that of all Europe. Think of it! The 150 million people of the United States have a government debt twice as large as that of all the governments of the 500 million people of Europe.

Now we are spending for political campaigns more than we are for education, health, and other things that are for the benefit of the people.

We have made it a crime for a foreigner to ship wheat into this country without paying a tribute to do so. These are the two crimes that are not crimes that lead us into one war after another.

We have made it a crime for a man to work longer than 40 hours without getting time and a half in interstate business.

There are still congenitally shortsighted people who laugh at the idea of the United States ever going down the drain, while the President boasts that the people will surely return him or his crowd to power.

Fair Enough.... Rise Of Marxian 'Labor' Has Killed Freedom In Britain

By WESTBROOK PEGLER

LONDON — The political group called Americans for Democratic Action is actually a Marxian socialist organization.

It would be futile to try to teach Americans a hurry-course in the history of Americans for Democratic Action under a London dateline. A few of us pundits of the American press have expected it to be a failure.

It would be futile to try to teach Americans a hurry-course in the history of Americans for Democratic Action under a London dateline. A few of us pundits of the American press have expected it to be a failure.

Success Secrets

By ELMER WHEELER

Some of the men and women I admire most die young—at 35 to 70 years of age!

Some of the men and women I admire most die young—at 35 to 70 years of age! There are few, if any, blind-alley jobs. There are only blind-alley people.

National Whirligig... Washington's Refusal Of Aid May Result In Loss Of Iran

By RAY TUCKER

WASHINGTON — Washington's refusal to extend financial aid to the bankrupt Iran for fear of antagonizing the Churchill government in the petroleum controversy may result in the loss of another key country to Russia.

London has opposed bitterly any American effort to relieve Prime Minister Mossadeq's financial position, which is so vast that the Iranian government employees have been unpaid for several months now.

Ten Downing St. has also warned that it would regard as an unfriendly act any attempt by American oil interests to negotiate separately with Mossadeq for operation of the nationalized petroleum industry.

TECHNIQUE — Churchill has been even more adamant against American intervention than Labor Prime Minister Clement Attlee had been, although even he had to warn against U.S. interference.

Britain, in effect, hopes that the loss of oil royalties, which are Iran's principal source of revenue, will lead to the overthrow of the Mossadeq regime.

DEAL — Neutral diplomats, as well as American emissaries once stationed in India and the Near East, do not share the British optimism over the prospective fall of Mossadeq.

DREAD — While hoping for the best, diplomats dread lest the American attitude in the dispute may mean the loss of advocate of international meddling by American unions.

The American unions have absolutely no authority from anyone to interfere in the domestic affairs of European countries. Indeed, this program violates the rules of the State Department laid down for law-abiding citizens going abroad.

# Kentucky Scouting Bill Due To Be High For Cotton Bowl

By HAROLD V. RATLIFF  
DALLAS — (AP) — One thing about it: Kentucky will spread its coaching staff pretty thin if it scouts all the teams it might play in the Cotton Bowl Jan. 1.

Another thing: this could be the most expensive Cotton Bowl game of them all for the visiting team because those scouts spend money.

The trouble this time is that there are five teams to watch as the Southwest Conference, whose champion is host team in the bowl game, are mixed in the closest and most confusing race for the title in history.

Kentucky signed up to play in the Cotton Bowl Monday. The Wildcats entered this business without having any idea whom they would play.

Texas Christian and Rice lead the race with three victories and one tie. Baylor is second with two wins, one loss and one tie. Texas is next with three wins and two losses. Southern

Methodist which can't win the title but if certain screwy things happen might tie for it, has won one, lost two and tied one.

Saturday Texas Christian and Rice struggle for the lead at Fort Worth. If they were to tie and Baylor beat Southern Methodist at Waco, three teams would be tied for the top — TCU, Rice and Baylor. If Baylor lost to Southern Methodist but beat Rice Dec. 1 while Southern Methodist was beating Texas Christian, then TCU, Rice, Baylor and SMU all would tie for the championship — that is, provided Texas lost to Texas A&M Nov. 29. But if Texas won, then Texas would be champion. And there are other possibilities.

So, you see, Kentucky has a lot of traveling for its scouts if the Wildcats are to know anything about the team they play in the Cotton Bowl. That is, unless it's Texas. Kentucky already has played Texas this year, and, although that was in Sep-

tember, will know at least something about the Longhorns. But Texas undoubtedly would have to be looked over again.

**BAYLOR UNLIKELY**

But for Kentucky's information, Baylor would appear to be the team on which to place two scouts, provided there are enough scouts to have two on one team. Baylor leads the Southwest Conference in defense, giving up only 225.5 yards per game. It is also tops in offense among the teams left in contention for the Cotton Bowl. The Bears have rolled up 336.1 yards per contest.

They are expected to beat Southern Methodist and, if so, their game with Rice at Houston Dec. 1 is bound to be important in the championship race — that is, unless TCU beats Rice Saturday — in which event TCU's game with Southern Methodist Dec. 1 would be more important.

# All Set For Class B Tilt

Pampa football fans can see the 1951 season come to a close Thursday afternoon by going out to Harvester Park and seeing the bi-district clash between the Spearman Lynx and the Lakeview Eagles.

The Lynx were district 1-B winners and the Eagles captured 2-B. Game time is 2:30.

Tickets for the game will be on sale at Harvester Park at 1 o'clock.

It is the last game scheduled at Harvester Park this year, though there remains a possibility that Pampa may be selected the site of other playoff games.

Both teams are unbeaten in conference play this year, though both have been beaten in non-conference games.

The winner of this game will meet the winner of the Happy (3-B) and Whiteair (4-B) playoff.

# Final Game For 21 Seniors Tomorrow

Tomorrow's game at San Angelo will mark the end of the high school football days for several Harvesters. In fact, a total of 21 will be donning the Green and Gold for the final time.

The seniors who will be closing out their schoolboy football careers are backs Sid Mills, DeWey Cudney, Darrell Wilson, James Prithard, John Young, Billy Davis and Jim Bob Cox; and linemen Tolle Hitchens, Billy Conklin, Gene Bonny, Charles Williams, Charles Ely, Bill McPherson, Jerry Walker, Charley Broyles, Alvin Ward, Don Burns, Jimmy Cook, Roy Pool, Harold Courson and G. W. Yeargain.

All that is left for the Harvesters is to close out the season with a win to make their record nine wins against one defeat. They have already been eliminated from the district crown and have securely nailed down second place in 1-AAAA. The Green and Gold will go into the game as strong favorites against the hapless Bobcats, who so far haven't been able to win a district game. In fact, a win over Big Spring in the second game

PAGE 6 PAMPA NEWS, WEDN'DAY, NOV. 21, 1951

**WT-NM Meeting Set**  
LUBBOCK — (AP) — The eight New Mexico Baseball league will meet at Columbus, O., during the national baseball convention, President Ray Winkler announced.

Winkler said a plaque would be presented at the Columbus meeting, either Dec. 2 or 3, to Milton Price for his 15 years' service as league president.

The game will be broadcast locally over radio station KPDM, starting at 2:15.

In other games around the district, Odessa is at Amarillo, and Abilene is at Borger. The champion Westerners have already closed their district season and will meet Yeleta at El Paso Dec. 1.

**Bucknell Invited To Tangerine Bowl**  
ORLANDO, Fla. — (AP) — Bucknell University has been invited to play in the Tangerine Bowl as host team in the New Year's day football game, officials said last night.

No opponent will be named, members of the selection committee said, until a definite answer from the Lewisburg, Pa., school is obtained.

Bucknell was rated 20th in the nation in the weekly Associated Press poll Monday. Other teams under consideration for the annual charity game are North Texas State, Northern Illinois State, Stetson, Tampa, Susquehanna, College of Emporia (Kansas), Western Maryland, Illinois Wesleyan, Murray State and Valparaiso.

UNBEATEN in two years in total score are these Canadian Wildcats, champions of District 1-A, who will clash with Dimmitt at Canyon tomorrow afternoon. The only loss suffered by the Cats was in bi-district play last year when they tied Happy and lost on penetrations. This year they ran through ten straight opponents. Game time tomorrow is 2:30.

# Rams Lead Nearly All Pro Departments

PHILADELPHIA — (AP) — The National Football league is beginning to look like a personal service to keep the records of the Los Angeles Rams.

Look at the latest weekly statistics released by the NFL, shows Rams leading in four individual departments — ground gaining, passing, pass receiving and scoring.

Deacon Can Towler, the Rams' husky Negro fullback from Donora in Western Pennsylvania, took over the ground gaining leadership in the National Football league.

The unheralded line smasher from Washington and Jefferson college went ahead of the New York Giants' Eddie Price with a spectacular performance Sunday when he gained 155 yards on 13 attempts against the New York Yanks. His season total is 602 yards and an average of 8.5 yards per game.

Price, who led the league almost from opening day, rates second place with 535 yards, just two yards ahead of the passing John Dettley of the Chicago Bears.

**TOP PASSER**

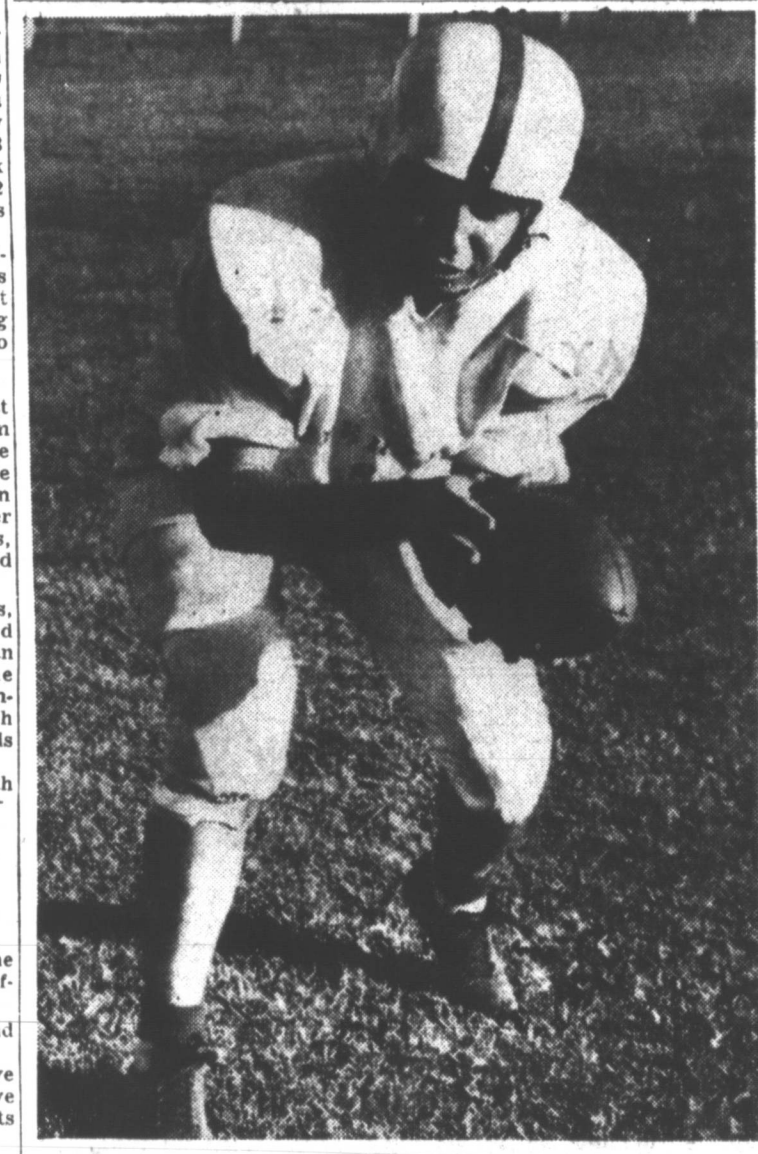

Los Angeles also has the best passer in the NFL in Norman A. Brocklin, former Oregon ace who won the league's aerial title in 1950. Van Brocklin has an average gain of 9.5 yards per pass. He has thrown 139 times, completed 70 for 1,321 yards and 12 touchdowns.

Elroy Hirsch, also of the Rams, is leading in pass receiving and scoring. Hirsch, held to less than 100 yards for the second time this season, nevertheless, continued as the top pass receiver with 44 completions for 1,058 yards and 12 TDs.

Hirsch tops the scorers with

72 points on 12 touchdowns. Bob Walston, Rookie Philadelphia end from Georgia, holds second place with 68 points on five touchdowns, 20 conversions and six field goals.

Other individual leaders are Horace Gillom of Cleveland in punting with a 45.7 average; Buddy Young in punt returns with an average of 21.6 yards; Lynn Chandnois of Pittsburgh in kickoff returns with a 36.5 average. Otto Schnellbacher of the Giants broke a four-way tie for first place in pass interceptions by snaring two last week for a league leading eight.

OUTSTANDING T-formation quarterback in the state, DeWey Cudney will be closing out a brilliant schoolboy career tomorrow afternoon when the Harvesters end their season at San Angelo. The 175-pounder will be ending his third season on the Harvesters.

**Time to Relax**  
Away from the cares of the day — you and your Y-B Cigar. There is real man-to-man smoking pleasure in this perfect blend of choice, imported Cuban and Puerto Rican filler tobaccos.

GET THIS KNIFE — 3 1/2" engraved with your name or signature. \$1.50 value! Send 10 Y-B books and 50¢ to Tocum Bros., Reading, Pa.

# Canadian Boasts Two-Year Unbeaten Record For Playoff

A pair of unbeaten, untied teams will clash Thursday afternoon when Canadian and Dimmitt meet at Canyon for the bi-district crown of 1-A and 2-A. The game will start at 2:30.

Canadian's Wildcats, truly one of the top powerhouses in the state, coached by Dee Henry and powered by big, husky 220-pound Tommy Schaefer, has marched through ten straight opponents, never too seriously pressed. In fact, in two years they haven't lost a game by score. They lost their bi-district crown on penetrations last year after 10 straight wins.

Dimmitt, which also has marched through a perfect season, though hard-pressed several times, is sparked by a one-man backfield crew in Glen Brown. He gets able assistance from teammates Carlton Warren, Jack Hodges, Douglas Dennis and Donald Wright.

Canadian this season downed Spearman, 13-7; Memphis, 25-12; Perryton, 43-6; Claude, 25-0; Panhandle, 19-12; McLean, 58-6; White Deer, 22-13; Wheeler, 34-21; Lefors, 19-7; and Clarendon, 31-7.

Dimmitt's season record shows wins over Silverton, 19-0; Hale Center, 54-0; Lockney, 20-19; Sundown, 67-6; Spring Lake, 46-6; Amherst, 21-14; Tulla, 31-13; Price College, 56-0; and Olton, 25-6.

Tickets for the game are on sale in Canadian, and a near-sellout crowd is expected to see these two unbeaten, Class A powerhouses clash.

# Hoople Falls Back On Old Offensive System, Alphabet

By MAJOR AMOS B. HOOPLE  
EGAD, readers! When in doubt, take the offense!

That is the ancient Hooples' slogan, dating back to Sir Roger De Coverley Hoople — and since those dim, distant days we Hooples have always come home with our shield or on it.

I do not mean that we are offensive folk! Let me put it another way — we're aggressive — har-rumph!

This, in my weekly forecasts,

# One-Two Clubs Lead Statistics

San Angelo, which won the championships, and Schreiner, which finished second, dominate the statistics in the Pioneer Junior College conference.

The Rams in eight games averaged 326 yards to top the team offensive. Schreiner is second with 306.0 in nine games. The latter still has a game to play with Ranger Thursday. San Angelo has finished the schedule.

Schreiner has the top passing offense, rolling up 1368 yards. Arlington State leads in rushing with 2,030.

Bobby Bommer of Schreiner has completed 75 of 156 passes for 1178 yards to top the throwers while San Angelo furnished the leading all-carrier — Dougal Cameron, who romped to 726 yards in 117 runs.

In pass receiving, James Brazell of Schreiner is No. 1 with 85 catches for 608 yards. Don Bloom of Arlington State leads the scorers with 44 points, with Jack Bridges second with 42.

# Grid-Happy Tennessee Players' Clearing House

By HARRY GRAYSON  
NEA Sports Editor

KNOXVILLE, Tenn. — (NEA) — A four-foot wire fence surrounds the gridiron of Shields-Watkins Field, the home battleground of the University of Tennessee.

"That's to keep these football-happy people down here off the field," explains Gus Manning, the young tub-thumper.

The top strand is barred. "That's to keep them from climbing over it," says Manning. "Without it, they'd be on the field to carry the ball-carrier off before he completed his run. We'd have more 12th-man incidents than freshman players."

There were 60 freshmen this fall, the bulk of them hand-picked, of course. Brig-Gen. Robert Reese Neyland, the coach, annually has one open practice on Labor Day. While only light work and a little blocking was scheduled, more than 5000 spectators attended.

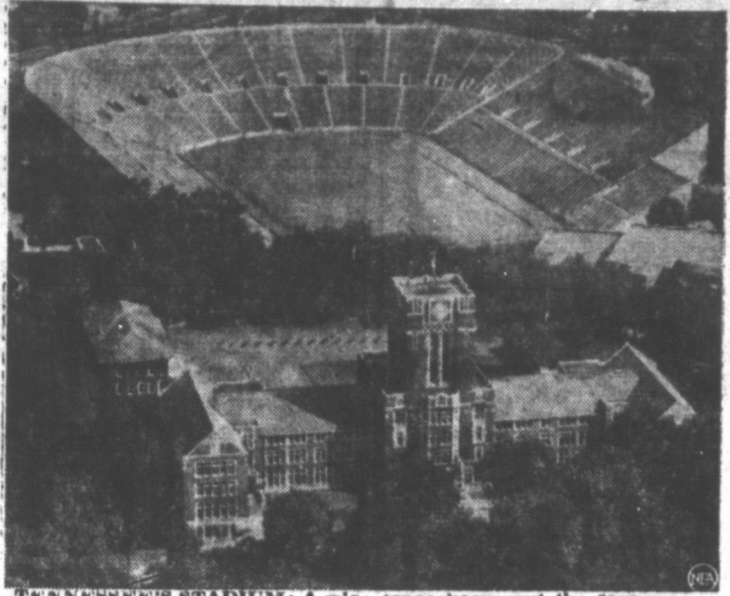

It was with this tremendous enthusiasm that Neyland, in his 16th year here, built the greatest of all college football empires. It is said that Neyland spends more on scouting and recruiting than many schools do for their entire football program. He frankly tells you that Tennessee football costs \$250,000 a year, and it is run with military precision. Neyland goes strictly first class. He has seven assistants and a trainer.

When Tennessee has good reports on a boy and wants him, he gets a round trip air ticket. One hundred bright prospects visit the campus each Spring.

The Tennessee Volunteers are a college football what the Yankees and Dodgers are to major league baseball. Tennessee is more than a football factory. It is a football clearing house. No big league baseball club has a superior scouting and recruiting system.

No fewer than 73 disciples of Neyland are coaching colleges, teachers colleges, high and preparatory schools and professionals in 16 states, as far west as Wyoming and California. All, plus alumni and friends, feed him with prospects.

The Southeastern Conference school is entitled to 140 athletic scholarships, part-time and full, and you know that not many of

TENNESSEE'S STADIUM: A wire fence keeps out the fans.

them at Tennessee go in for. Lee doesn't draw here. We would say tennis. When Neyland called his company to attention this fall, there were 72 varsity men and the 60 frosh. He expected the squad to be reduced to 100 with the opening of classes. A \$1000 scholarship represents \$1000 a year.

Business men of Knoxville contribute generously. Big-time football is the only major sports attraction in this industrial and agricultural center of east Tennessee. There are Vols and Touchdown Clubs in the state's large cities, with members paying \$10 a year each.

The Tennessee Athletic Association does well with programs and concessions; the Vol Net work broadcasts games into western North Carolina, southeastern Kentucky, northern Georgia and western Arkansas as well as Tennessee, and occasionally far north and to New Orleans and Miami.

In eight games at home last autumn, Tennessee played to 199,243 paid admissions. In four road games, including the victory over Texas in the Dallas Cotton Bowl, the Vols played to 137,654, for a total of 336,897. That, at an average of \$4 a piece, spells \$1,347,588, fine business in any league.

"We were below normal at home," says Mrs. Edna Calloway, the only woman business manager of a big-time football school in the nation. "Washington and

send stickouts in his direction. Neyland returns the favors.

"When I see boys can't play make it here, and wants to play badly, I recommend other schools," he says. "I sent seven who played excellent ball to Wofford College, three to Bowden Wyatt at Wyoming, others to Memphis State, and so on." All those schools are coached by Tennessee men, of course.

When Neyland finds that he can't land an outstanding prospect, he'll do his best to see that he goes to a school not on Tennessee's schedule. A Southern Conference coach tells me that Steve Mellinger, who has unlimited potentialities at end, could have made a much better deal with him, through Tennessee, and he has not been tied up by Neyland.

Neyland says they'll never legislate scouting and recruiting out of major football. Any attempt to do that would mean under-the-table transactions, he believes.

"And what's wrong with it?" he asks: "If the end justifies the means, I say fine, and it most certainly does."

Neyland reels off a long list of coaches, a number of them famous and successful men whom he coached at Tennessee. Football gave the majority of them a chance to attend college. "I take the utmost pride in

## SMU Tackle Gets Lineman Honors

NEW YORK — (AP) — A guard from the Pacific Coast Conference and a tackle from the Southwest Conference were picked today as the linemen of the week in the Associated Press poll.

Norman Manogian, of Stanford's unbeaten Rose Bowl bound team, earned the nod of the offensive side. Big Bill Forester of Southern Methodist, won defensive honors.

Forester's feat was unusual in that he shifted to fullback on offense and in that position lugged the ball over for two touchdowns against Arkansas.

On defense, at tackle, however, he turned in what his coach, H. N. Russell, termed one of the finest games of the season. "He made tackles everywhere," Russell said.

COACH NEYLAND: If the end justifies the means, fine.

having, with the aid of football, helped turn many fuzzy-faced kids into men of stature," he smiles.

He is an excellent spokesman for the high-pressure college football of the era.

Tomorrow: Bluegrass football.

## Temple Still Top AAA Eleven

DALLAS — (AP) — For the sixth time in eight weeks, Temple was named the top team of Class AAA football in the Dallas News statewide poll of sports writers.

Grand Prairie, the state's only undefeated, untied AAA team, moved into third place, behind Breckenridge.

- The top ten in the voting:
1. Temple.
  2. Breckenridge.
  3. Grand Prairie.
  4. Longview.
  5. Midland.
  6. Palestine.
  7. Marshall.
  8. Brownsville.
  9. Stephenville.

# NCAA Policy-Making Council Drafts Rigid Controls To Slow Collegiate Over-Emphasis

By CHARLES CHAMBERLAIN

CHICAGO — (AP) — A strait-jacket for over-emphasis of collegiate sports has been devised by the NCAA policy-making council for national adoption.

Rigid controls that would strengthen academic standards, provide an antidote for professionalism, combat recruiting, and in general, put a lid on pressures to win at any cost, were drafted by the all-powerful council after a two-day session.

The council ordered a moratorium throughout 1952 on contractual commitments for post-season events such as bowl games, a special study will be made to determine the degree of pressure post-season sports, especially bowl games, creates in the build up of overemphasis.

Meanwhile, college presidents — members of a special committee set up by the American council on education — ended their first meeting in Washington, D. C.

Studying what's wrong with sports, they agreed that athletes should not be allowed to take only so-called snap courses, that colleges and universities must practice the high principles they preach, and that presidents must assume full responsibility for their athletic programs.

The NCAA council named two main sources for collegiate athletic evils: 1 — the undue pressures held high hope of national acceptance.

A year ago in Dallas, the convention rejected the so-called sanity code, a weapon designed to be used against recruiting and commercialism.

However, in the last year basketball scandals have shocked the country and started a seething undercurrent throughout collegiate athletic structures. Blackening the picture have been sharp attacks publicly.

Judge Saul S. Streit of New York, after blasting commercialism and overemphasis in college football, yesterday said "denials, reports and surveys will serve no purpose unless the college administrations change their present methods."

Judge Streit, who handed out jail sentences in the basketball bribery scandal Monday, declared that "unless colleges take heed, all the efforts of the district attorneys, the state and the entire exposure will serve no purpose whatsoever."

While this is being done, post season contractual commitments in all sports which extend be-

yond Jan. 2, 1953, will be banned.

This, however, will not affect such prior commitments as the Rose Bowl game between the Pacific Coast conference and the Big Ten for the next three years and other long-range contracts already made. It merely prohibits any renewals or beginning of new pacts for 1952 while the study is in progress.

Reforms drafted for convention action include:

All financial assistance to be administered or approved by individual institutions. (This would strike at alumni giving under-the-table gifts to star athletes). The penalty would be ineligibility of the athlete.

Confine organized practice sessions in football and basketball to the recognized seasons. If this proposal is not acceptable, limit off-season practice to 30 sessions.

# Shamrock Irish Ready For Bi-District Tilt With Tulia

SHAMROCK — (Special) — Shamrock's undefeated Irish, bearing the banners of District AAA, will collide with the potent Tulia Hornets in the bi-district tilt to have at Denver field Thursday afternoon. Game time 2:30.

Tulia's Hornets, 2-AA champs, bring a record of six wins, three losses and a tie against an Irish state of eight wins and two ties. It comparative scores indicate a tough game.

Best comparison seems to be with Dumas. Shamrock beat the mighty Demons at Dumas two weeks ago by a 20-14 count, while in early season Tulia tied the Demons, 0-0. Dumas had one TD called back because of a penalty after Joe Mowery, Denon ace, raced 30 yards for the pointer.

Tulia also lost to Hereford last Friday night, 6-0, as the Whites took the Hornets to the cleaners, although Tulia was definitely favored and indeed were forced into a loop tie with Canyon because of the Hereford upset. Tulia bears the 2-AA colors because of an earlier, 12-0 victory over Canyon, 2-AA champs.

COMPARISON  
But the horns opened the season with a 35-7 victory over the Memphis Cyclones. Shamrock took a 7-0 victory over Memphis, but it was on a field turned into a sea of mud by a two-inch downpour before and during the conflict. The Irish lost at least four TD possibilities by fumbles near the Memphis goal.

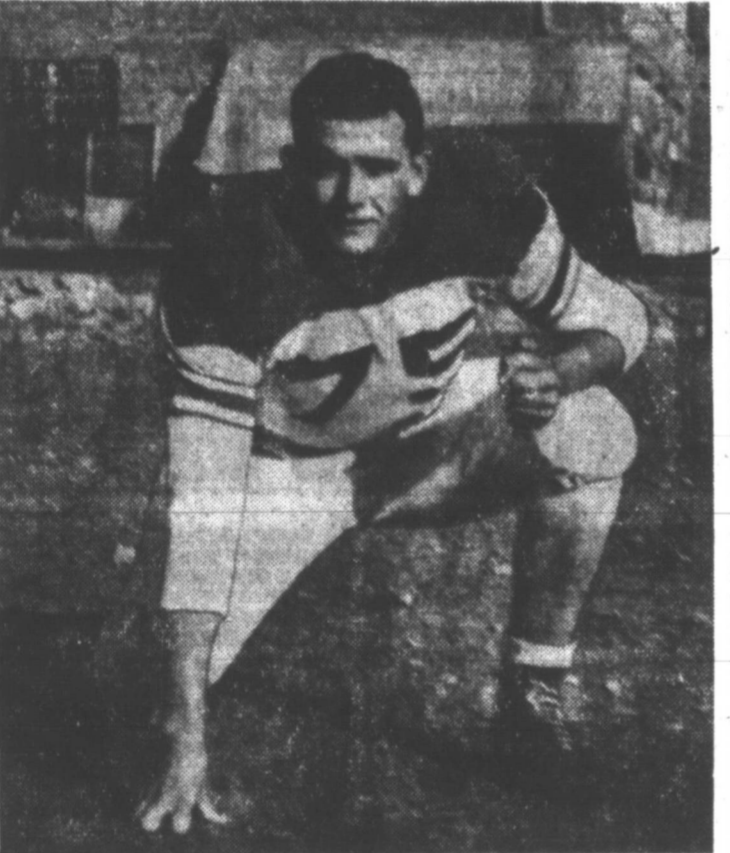

Shamrock tied the Phillips Blackhaws, 13-13 here in one of the toughest frays in the season, then Phillips massacred Canyon, 47-15, though Tulia won the 2-AA crown with a 12-0 victory over Canyon. Phillips beat Hereford, 7-0, and Hereford took Tulia, 6-0. All this is confusing.

Tulia has a strong passing attack, having completed six of nine heaves against Hereford. Irish scouts report that Tulia has a strong offense, apparently stronger than its defense, though it is not certain.

Tulia has a line averaging 170, as compared with 184 for the Irish. If Billy Harris is in with his 285 pounds, but 176 if Billy Pavlovsky, 166-pounder, plays at tackle. Junior Canaler, 170-pound left guard, is considered a stand-out on both defense and offense, but the Hornets also have Charlie Hall and Darwin Hutson, strong tackles; Charles Sarchet, a better than average center, and Bobby Jennings, an ace end at 180.

STARTERS  
Tulia backs are also good, paced by Wandle Hutson, 180-pound fullback. Duane Luke, quarterback, and Wandle Hutson are credited with engineering the offense that beat Canyon, 12-0, and won the 2-AA bunting for the Hornets.

Coach McCall will again start the team that has carried the Irish through an undefeated season and into the playoffs: Van Pennington and Bobby Campbell, ends; Billy Harris and Dwayne Hager, tackles; Eugene Collinsworth and Mack Terry, guards; and Billy York center. Backs will be Charley Francis, quarterback, Don Carlton and Jimmy Pen-

BIG LINEMAN in the middle of the Irish' line is 285-pound Billy Harris. A defensive right tackle, Harris is a very tough man and a top candidate for all-district honors. He will be expected to take some of the sting out of the Tulia Hornets offense tomorrow at Shamrock.

nington, halfbacks, and Paul Hartwick, fullback.

McCall's T-formation will be pitted against a variety of formations of Coach Clarence Tilley of the Hornets, who used T-formations, wing T's and single wings at various times —

## Meyer Speaks On Corrupt Athletics

FORT WORTH — (AP) — TCU Coach L. R. (Dutch) Meyer said here today that collegiate sports should not be condemned by the few highly publicized cases of fraud and corruption so bitterly scored Monday by general sessions Judge Saul Streit of New York.

"Are we going to judge collegiate athletics by those few sordid cases or by the many young men who have made good grades and good business men — the colleges and universities who conduct honest sports programs?" "I think there are a few schools," said the Horned Frogs' athletic director, "who have produced talent through illegal means — that is, alumni and their cohorts — but they're in a minority."

"I think it'll be a great thing when they've got this mess cleaned up," concluded Meyer.

## SPORTS MIRROR

(By the Associated Press)  
Today a year ago—Lois Cheer, a 166-lb longshot, won the fourth race at Bowie, Md., and paid \$338.60 for \$2, the longest straight price of the Maryland racing season.

Five years ago—Notre Dame and Army were invited to play a charity football game in the Los Angeles Coliseum.

## Klein Steer Captain

AUSTIN — (AP) — Don Klein of Sherman was elected captain of the 1951-52 University of Texas basketball team by his teammates yesterday.

The senior pre-medical student is a two-year letterman in basketball and track. He was runner-up in the javelin throw at the 1951 Southwest conference track and field meet.

## Let us give thanks!

Dear Lord, how can we thank Thee half enough  
For all Thy gifts to us this fruitful year!  
For spring's bright promise gloriously fulfilled  
This harvest-time; for these that are more dear  
Than bread assured: all the sweet joys of life—  
Home, work, love, friends — that gild the passing days;  
And children's laughter on the evening air —  
For all, dear Lord, we give Thee grateful praise.

But most of all, O God, we thank Thee for  
Our cherished heritage of freedom. Here  
Where men walk safely, surely; speak and pray  
As each one wills, and freely, without fear,  
Lord make us strong to hold and spread this boon!  
From our abundance help the weak to raise  
Their hearts and come to share our brotherhood,  
And join with us in songs of thanks and praise!

# PAMPA

## City With Educational Advantages

As Pampa grew in the past ten years, its fine school system kept pace with its growth.

One and one quarter million dollars have been spent during the past year to enlarge and improve the School System, giving Pampa adequate school facilities, for several years to come, or until additional growth necessitates further expansion.

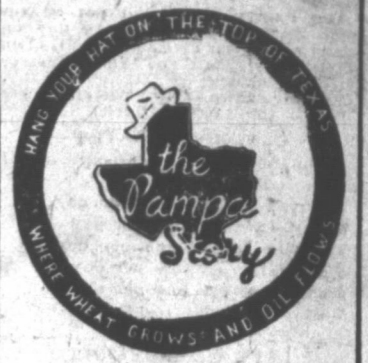

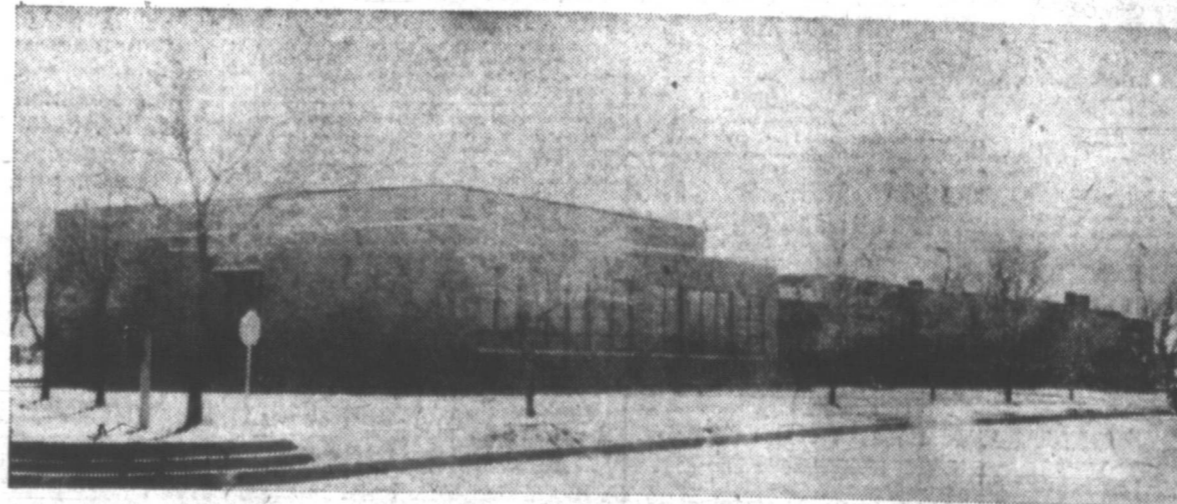

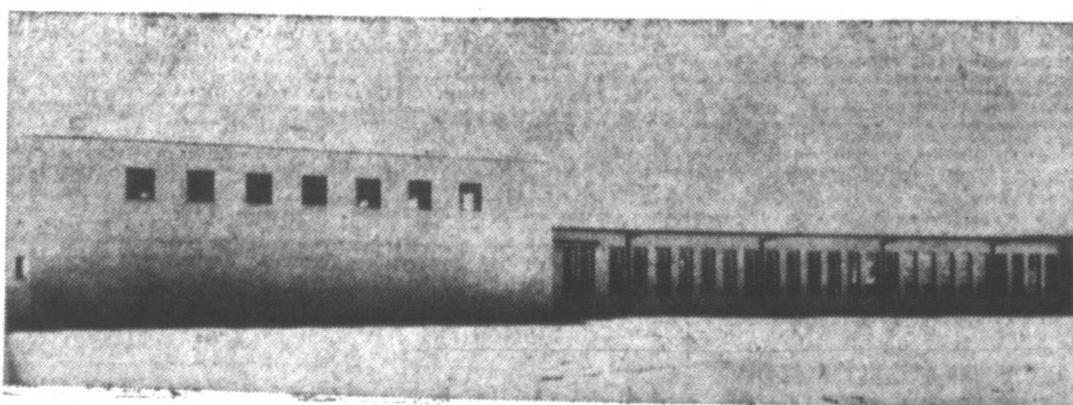

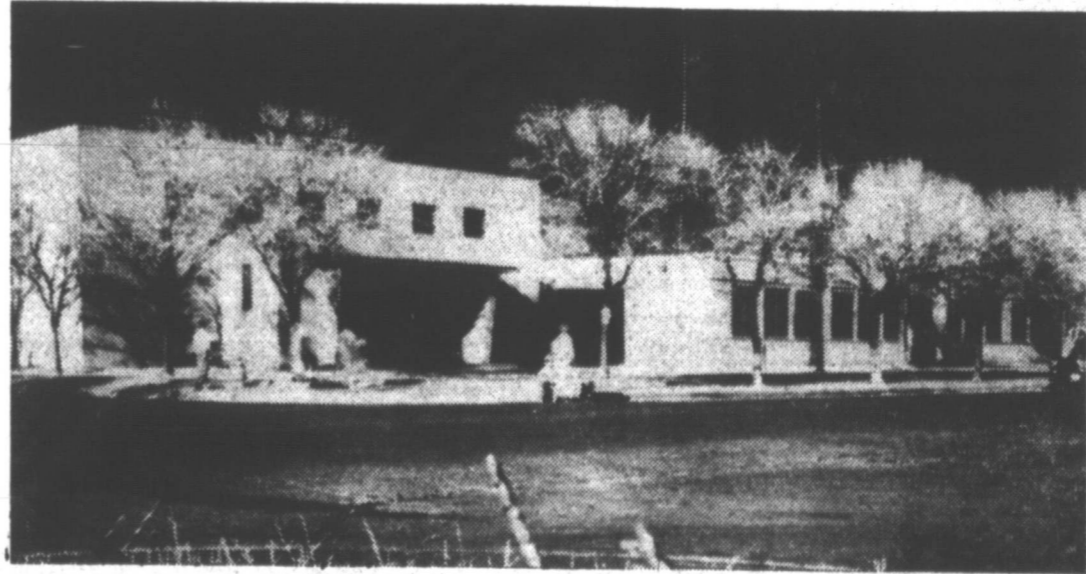

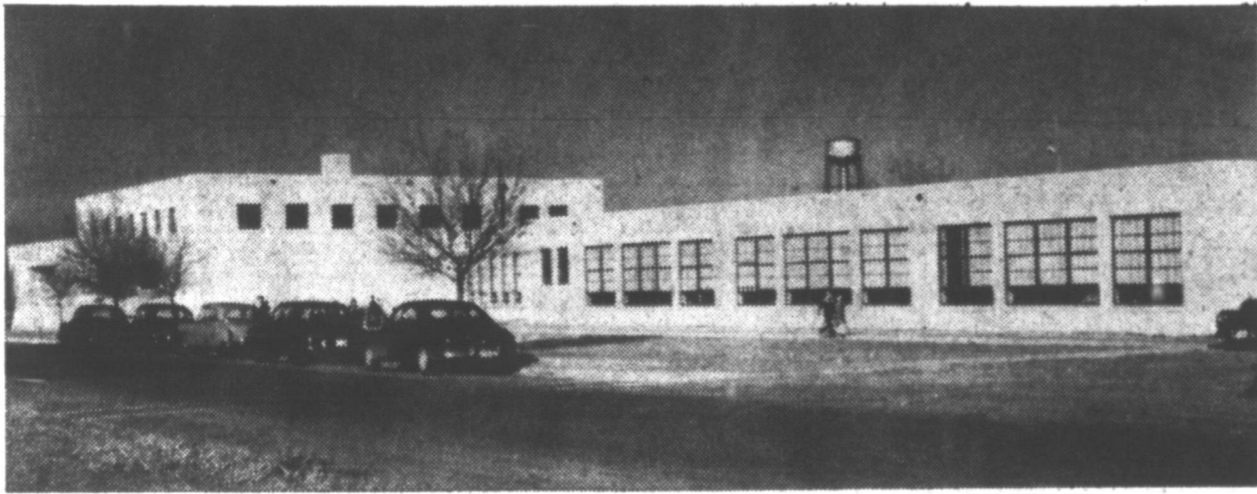

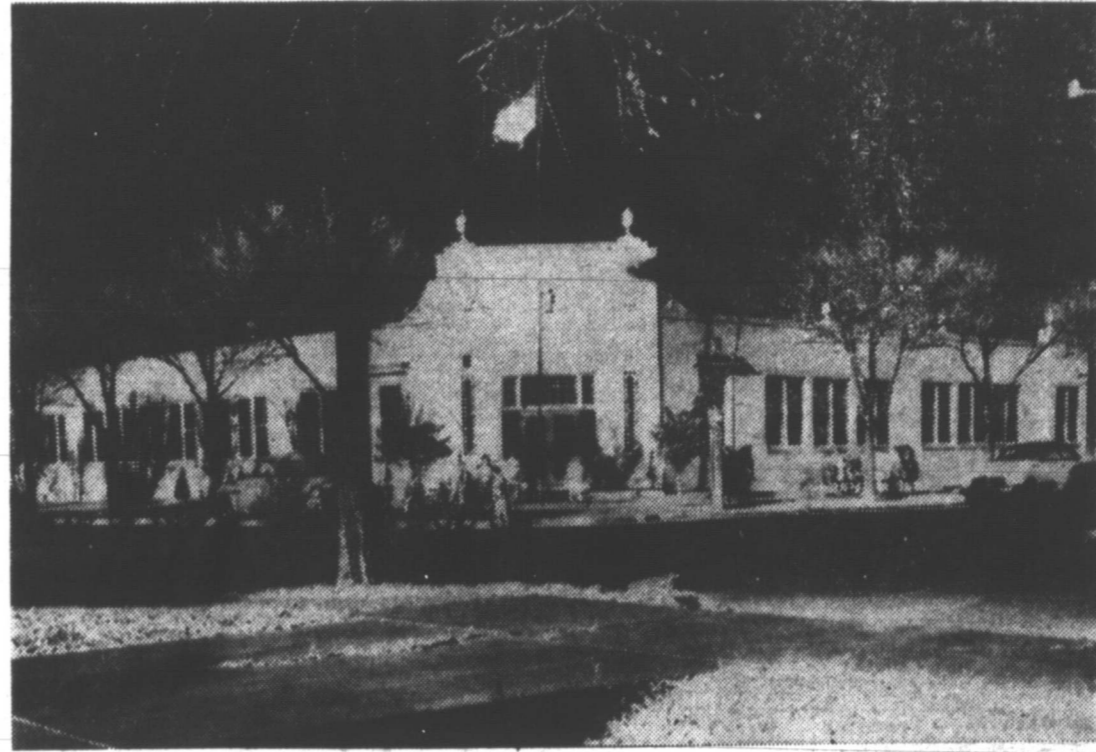

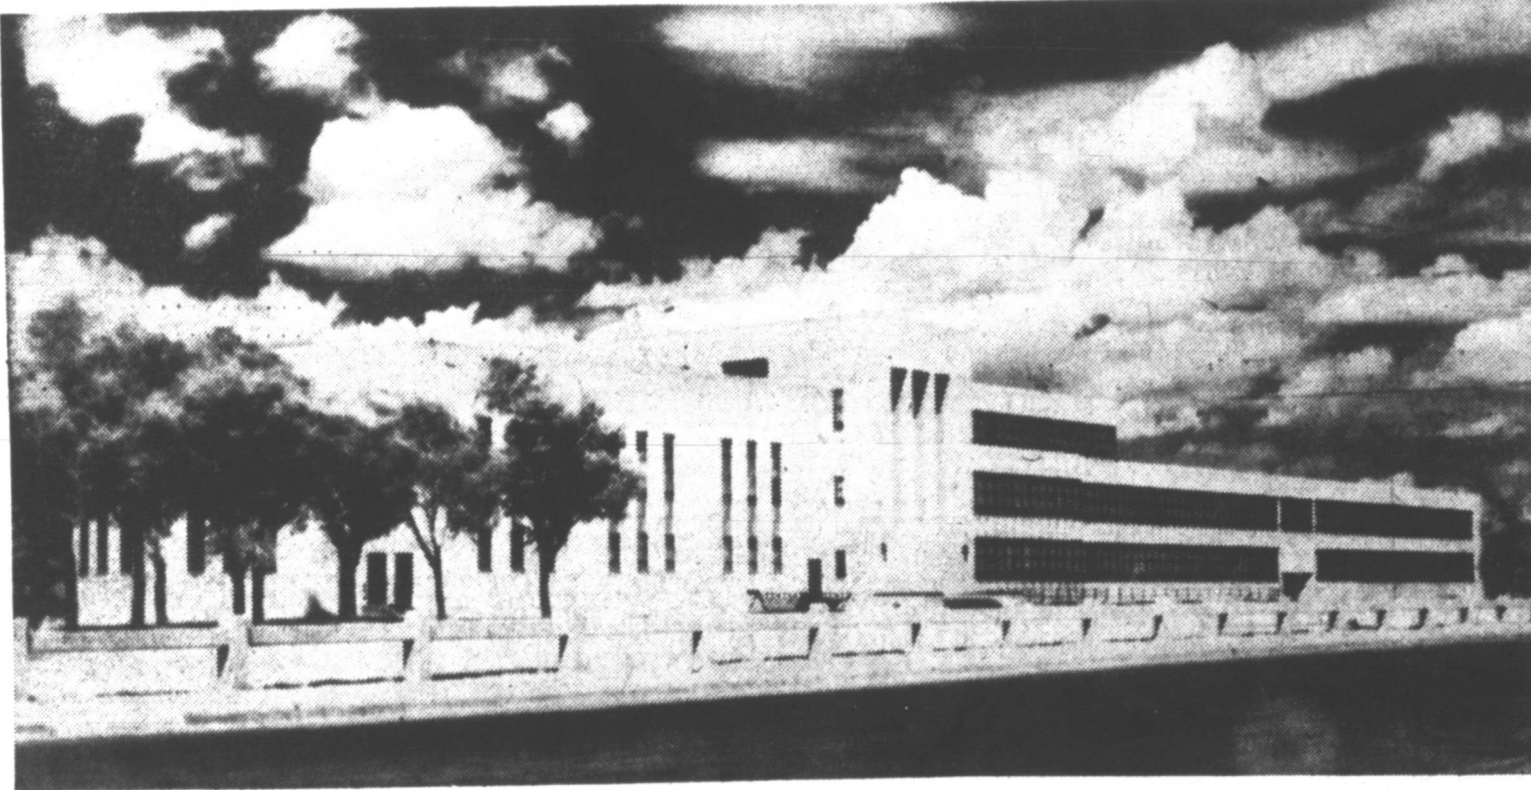

The city now has seven fine Public Schools, a Parochial School and a Business College.

Pampa High School is one of the most beautiful and progressive school in the Southwest.

The school facilities include an auditorium and gymnasium in all schools. An annual budget of nearly a million dollars is required to furnish education to over 4,400 students, and to maintain a staff of 160 well trained teachers.

Pictured below are the school buildings that are the Pampa School System.

Our schools are another reason why Pampa is called "The Key to the Heart of America's Industrial Future."

In the interest of building PAMPA, the following individuals, business, industrial and professional firms join in presenting this series of informative pages designed to show why PAMPA is a better town.
