Two Men, Woman Convicted Today In First Atomic Trial

NEW YORK (AP)—Two men and a woman were convicted today of passing wartime atomic secrets to Russia in the first atom spy trial in the United States.

The jury returned its verdict at 10 a.m. (CST) after seven hours and 18 minutes of deliberation.

The convicted defendants, who could receive the death penalty, are Julius Rosenberg, 34-year-old electrical engineer; his diminutive, dark-haired wife, Ethel, 35, and radar expert Morton Sobell, 33.

The prosecutor did not ask for the death penalty, however, during summation.

The jury weighed the fate of the three defendants for one hour and two minutes today after being locked up for the night at 12:40 this morning.

The trio was accused of relaying atom secrets to an international spy ring headed by Klaus Fuchs until his arrest in England early last year. The secrets, the government contended, included drawings of the atom bomb dropped on Nagasaki, Japan, in 1945.

The government's star witness in the sensational case was David Greenglass, brother of Ethel Rosenberg. Greenglass, who pleaded guilty to the espionage indictment, is awaiting sentence for his part in the plot.

The espionage indictment also named a fifth defendant, Anatoli A. Yakovlev, who is now being held to have fled to the sanctuary of Russia.

Greenglass is a former Army technician who served in the atomic bomb center at Los Alamos, New Mexico. He said the information he obtained there was turned over by him to the Rosenbergs for relay to the Russians.

The jury of 11 men and one woman filed back into the courtroom at 10:28 a. m. a minute before Federal Judge Irving H. Kaufman had mounted the bench.

A clerk called the names of each of the jurors, then asked if they had reached a verdict.

Vincent Lebonotte, foreman, replied in the affirmative, pronouncing the name of each defendant as he read out the verdicts.

Only Mrs. Rosenberg showed any sign of emotion as the verdicts were announced. She shook her head slightly, then stared grimly at the floor of the courtroom.

Sobell and Rosenberg sat calmly in their chairs, staring intently at the jurors.

Judge Kaufman, after congratulating the jurors and extending "deep gratitude" for their services, said:

"I must say as an individual that I cannot be happy because it is a sad day for America."

CED Urges A National Sales Levy

WASHINGTON (AP)—A five percent national retail sales tax and a \$6,000,000,000 slash in government spending were among steps proposed today by the Committee for Economic Development to achieve a balanced and adequate federal fiscal program.

In addition to a \$10,000,000,000 tax increase as soon as possible, the businessmen's research group suggested tight restrictions on expansion of bank credit, and a national program to encourage private savings.

"This program, fully carried out," it said, "would yield a cash surplus of two to three billion dollars in fiscal 1952. Thus it would maintain the anti-inflationary influence of the budget but would not rely exclusively upon higher taxes to do this. At the same time, it would greatly strengthen the defense against inflation at the points where the defense has been weakest—namely control of the expansion of credit and the production of savings."

The program was developed and put forward by the Research and Policy Committee of the business research organization, and released by CED Chairman Marion B. Folsom, treasurer of Eastman Kodak Co., Rochester, N. Y.

The committee's "emergency tax program" calls for raising an additional \$5,200,000,000 from excise taxes, including the sales tax; \$3,850,000,000 more from individual income taxpayers, and \$1,000,000,000 more from corporations.

By means of a "defense profits tax," with profits above \$25,000 taxed at 50 percent instead of the present 47 percent. No change was recommended in the present excess profits tax on corporations.

The taxation of corporate profits is already close to the maximum limits that would be safe even in a temporary emergency, and far beyond the limits that would be tolerable for any protracted period," the CED said in a statement.

Although government revenue receipts now are outstripping expenditures by more than \$4,000,000,000, the CED cautioned that a deficit in the office this summer unless prompt steps are taken to increase taxes and cut down the prospective outgo.

"The tax increase should come in one step and should be made as quickly as possible," it said.

Some of the top academy nominees are out of town. They are Oscar, if they win, will be sitting on the shelf. Standins will pick them up.

In the best actress category, Bette Davis has gone to England; Judy Holliday and Gloria Swanson are in New York. All are leading contenders.

Mia Swanson and Jose Ferrer, who seems to be pacing the field for best actor, are in the game. Broadway play, "Twentieth Century."

Likewise tied up in New York are Louis Calhern, another best actor candidate; Celeste Holm and Thelma Ritter, best supporting actor.

Erich Von Stroheim, another in the supporting actor list, is in Paris.

Some of the absentee candidates will attend a New York party, to be linked with the network (ABC) broadcast of the Hollywood festivities.

Television, still a horrible word in the studios, will join some of the nominees in absentia.

Apart from the nominees, however, Hollywood's elite will be out in force. Also furs and jewels. Searchlights will paint a veritable air raid picture in the sky. Gowns will struggle with an appalling mass of traffic, and teen-agers will squeal in ecstasy from sidewalk bleachers as their favorite stars arrive for the great event.

C. O. Busby, Former City Official, Dies

CHARLIE OLIVER BUSBY, a city secretary and judge during the early years of Pampa, died Wednesday evening of a heart attack at his home at 1043 S. Barnes.

He was born in Texas May 18, 1896, and had been a resident of Pampa for 27 years. At the time of death, he was employed as a bookkeeper at Kilham Brothers.

Busby is survived by one sister, Mrs. L. A. O'Hair of California. Funeral arrangements are pending.

Nation's Grocers Begin Job Of Applying Price Controls

FIRST TO REGISTER for the forthcoming local Soap Box Derby was Eddie Joe Jensen, 11, son of Mr. and Mrs. S. C. Jensen, 501 N. Ward, Pampa. Looking on is Dick Stowers of Culberson Chevrolet, co-sponsors of the derby with the Daily News, Pampa Junior Chamber of Commerce and the Chevrolet Motor Division of General Motors. Registrations opened yesterday. Any boy between 11 and 15 years of age in the Pampa trade area may enter the derby by registering at Culbersons. He must be accompanied by a parent or guardian. Winner of the local race will receive an expense-paid trip to Akron, O., where he will compete in the national trials on Aug. 12. (News Photo and Engraving)

Government Orders April 30 Deadline

WASHINGTON (AP)—The nation's retail and wholesale grocers today set about shifting a huge volume of food items—costing the public \$20,000,000,000 a year—to a new method of price controls.

They are under government orders to complete the transfer between April 5 and April 30.

The Office of Price Stabilization (OPS) announced three regulations last night, putting about 60 percent of all foods under fixed "markup" percentages which the agency said are those in effect before the Korean outbreak. A grocer adds the "markup" percentage to his cost in order to determine his ceiling price.

Here is what the new system means to the country:

First, it means a great many up and down movements in food prices, depending on the store, the locality, and the kind of food. Price Director Michael V. DiSalle said "we are sure that there will be more decreases than increases." That was cheerful news for the housewife, but DiSalle added that "a large part" of the net reduction in prices may be cancelled out if farm prices continue to move up.

Under present law, the wholesale and retail prices of most food products must be allowed to rise when necessary to reflect higher farm prices. DiSalle, facing reporters at a news conference, was asked whether he intends to recommend a change in the law to permit tighter food controls, and he replied, "we're not ready to answer that."

Second, the new system means that DiSalle's OPS now has paved the way for definite dollar-and-cents ceiling prices, figured by the district OPS offices and posted on big charts in the stores.

OPS officials said this was "the single most important aspect" of last night's action.

They said this system of "community pricing" may be reached in about six months. They said they'd like to order it immediately, because it is the most effective and enforceable system of price controls. But they said food prices, reflecting fluctuations in farm prices, will keep going up and down so rapidly that ceilings might be out of date before the poster could be printed and tacked to the wall.

Meantime, officials said the new "markup" or "margin" regulations will keep food prices under effective controls for the next few months—except for changes reflecting farm price fluctuations.

The OPS is following the same pattern that the wartime OPA followed—margin controls and then community prices—but the OPS, profiting by OPA experience, is considerably ahead of the OPA in its timetable.

April 20 is the deadline for grocers to complete their changeover. A year after April 5, however, a grocer may put each new ceiling price into effect as soon as he has computed it.

After April 20, each retail grocer (See NATION'S, Page 4)

Search Intensified For Lost Schooner

MIAMI, Fla. (AP)—Navy and Coast Guard air and surface craft intensified the search today for eight girls and their male skipper, missing in rough seas off the lower Florida keys in the 42-foot schooner, Tropicair.

Small craft warnings flew over the area. The weather bureau said the wind, easterly 20 to 30 miles per hour, had been building up since Monday.

Planes from St. Petersburg, Miami and Key West bases joined the Coast Guard cutters Ariadne and Androscoffin in a sweep of the gulf stream and Dry Tortugas areas.

The Coast Guard cutters searched throughout the night while planes joined them at daybreak.

Two reports of a schooner answering the Tropicair's description came from the S. S. Gulf Brand at 7:45 a. m. (EST) yesterday and the S. S. Halcyon III, at 7:45 p. m. last night.

Coast Guard headquarters in Miami said, however, that first report concerned the Princess, another schooner of similar description, and the second might also be the Princess, which was cruising in the area.

The Tropicair was unreported since Monday and fear was expressed that the four-day food supply may have run out. It also may have put in at one of the thousands of small islands in the area.

Defiantly flying a Confederate flag as "Rebels," owner Le Hederman and his all-girl crew left St. Petersburg Saturday noon on the 26-mile trip to Havana. They had been refused permission to compete in the St. Petersburg-Havana yacht race and went along "just for fun."

The two-masted schooner was spotted by the race because the crew, the board of directors said, was not competent.

Hederman, 47-year-old flying (See SEARCH, Page 4)

Aussies, Canadians Dig Out Gains Along Central Front

TOKYO (AP)—Australian diggers and Canadian Princess Pats rolled up sizable gains today on the muddy central Korean front.

But elsewhere in the central and western sectors, the Communists fought their stiffest defensive action of weeks. They were dug in about four miles south of the Red Korean border in both areas.

The Red stand came as China rejected MacArthur's bid to talk peace with the Communist commander in Korea.

MacArthur's headquarters told of Red troop and supply movements which indicated the Communists might be massing for an offensive when April's seasonal rains bog down allied heavy weapons.

In a Peiping broadcast spurring MacArthur's peace talk offer, Red China said it was impatient and insulting and "worth only a single laugh."

A Communist broadcast from Peiping said "the entire Chinese people will fight unrelentingly until the aggressor is completely driven from Korea."

The entire Chinese people will fight unrelentingly until the aggressor is completely driven from Korea."

The British Commonwealth forces racked up their gains northwest of Kapyong. Aussie and Canadian troops forded streams and scrambled over hills soggy with three days of rain.

Kapyong is 12 miles south of the border and 12 miles southwest of Chunchon.

AP Correspondent Nate Polowetzky reported the advances were significant. He said the distance could not be disclosed.

He added: "Only the difficulties of the going determined the speed of their advance."

Field dispatches said the Chinese were moving south of the border in the Chunchon area.

They were digging defense positions in the northern hills overlooking the Chunchon Basin.

The Reds poured heavy mortar fire into allied patrols striking up the Pukhan and Soyhan rivers (See AUSSIES, Page 4)

Auriol Pledges Arms Support

WASHINGTON (AP)—President Vincent Auriol of France today pledged his nation and its people will "do all within our power not only to resist aggression, should it occur, but to deter it and save the peace."

He asserted any charge that the French will not fight to repel aggression is "an insult as cruel as it is unjust."

The French chief of state spoke for his country in an address prepared for a national press club luncheon.

The 66-year-old President devoted a major part of his address to denouncing criticism of France's will to fight if Russia attacks. He said some critics claim France is "without teeth and sinews."

"The insistence with which such accusations are made, even though explained by inaccurate information or partisan passions, in the long run constitutes an insult as cruel as it is unjust."

Other than person to person campaigning the coming municipal election has been quiet, lacking the boisterousness of county and statewide election campaigns.

Only Mayor C. A. Huff, Ward 3 Commissioner W. E. Ballard and Ward 4 Commissioner Fred H. Paronto are opposed for reelection. Wards 1 and 2 Commissioners Crawford Atkinson and Bob Thompson, have no opposition.

Seeking the majority against Mayor Huff is B. E. Ferrell while W. B. "A" Neel will oppose Ballard in Ward 3. In Ward 4 two candidates oppose Paronto, C. E. Schaffer and W. D. Varmon.

To date the race for the three year term of trustee of the Pampa Independent School District has been confined to two men, H. R. Thompson, seeking reelection and John Hamley. Deadline for filing as a candidate for that post passed at midnight Wednesday, 10 full days before the April 7 school election.

Absentee Ballots Total Three With One Day Remaining

With only one day remaining to ballot absentee in the April 3 city election the total number of votes still stood at three.

The three absentee ballots were cast early in the race, according to City Secretary Ed Vicars' records.

Other than person to person campaigning the coming municipal election has been quiet, lacking the boisterousness of county and statewide election campaigns.

FBI Will Screen Pantex Employees

WASHINGTON (AP)—Rep. Walter Rogers (D-Tex.) says the FBI will carefully screen the 1,000 employees who will work for the reactivated Pantex ordnance plant near Amarillo.

The plant will be operated in connection with the atomic energy program. Rogers already had said Army ordnance selected Proctor and Gamble Co. to operate it.

He talked yesterday with both Army ordnance and Atomic Energy Commission officials. Then he made his statement about the Federal Bureau of Investigation.

Rogers said the contract with Proctor and Gamble is on a cost-plus fixed fee basis, subject to audit by various government agencies. He said final details of the contract were being drafted.

The jury yesterday reported to Judge T. Whitfield Davidson it was deadlocked. He told it to try again today to reach a verdict.

Culwell was accused of inducing two witnesses in a Mann Act case here last December to swear falsely. He denied the charge. The witnesses were Ruby Booth and Wallace Edgerton (Buck) Britt, wealthy Clayton, N. M., rancher. Both testified in Culwell's trial.

O'Dwyer Undergoes Hospital Checkup

NEW YORK (AP)—Ambassador William O'Dwyer was undergoing a physical checkup at University Hospital today.

The former mayor, reported "very tired, entered the hospital late yesterday and was expected to remain a day or two for the various tests.

ACTOR'S MOTHER CRITICAL SANTA MONICA (AP)—Mrs. Margaret O'Brien, 56-year-old mother or screen actor Pat O'Brien, had not rallied today from a stroke she suffered yesterday. Her condition is considered critical. The actor was called to the hospital from a studio set.

Clothing In Garbage Can Is New Clue In Desert Slaying

RIVERSIDE, Calif. (AP)—A man's clothing, found stuffed in a garbage can in the newest clue in the slaying of a young Los Angeles couple in the desert near here Monday.

A pair of gray civilian trousers and a maroon shirt were discovered in a garbage can at nearby March Air Force Base yesterday a few hours after the woman's body was found in a quarry two miles from the base.

Officers said Sgt. Lawrence J. Walker, Newark, N. J., Negro, who is being questioned about the killings, refused to try on the trousers and shirt.

Investigators said the clothing appeared to be bloodstained but that laboratory tests will be necessary to establish this definitely.

Dep. Newt Abbott quoted a Ferris, Calif., couple as telling him they saw a Negro, wearing gray trousers and a maroon shirt, standing beside a stalled car near the fatal scene the day of the slayings. They said he waved to them to stop but they drove on.

The body of Doris Cook, 18, was discovered by a steel worker who helped build power lines through this area. Poses had searched the wasteland two days

without success. Acting on a hunch, Robert W. Guinn, 23, went to the quarry and found the body. "It was the only place to hide a body in a hurry," he said.

The woman's husband, Richard Cook, 18, was shot to death beside his car on a desert road. A passing motorist found their infant son playing on a blanket near Cook's body. Officers theorized that Mrs. Cook was forced into another car and driven to a spot near the quarry. After a struggle, she, too, was shot to death, and her body tossed in the rock pit. Coroner Ben White said last night that on the basis of a preliminary autopsy report it was his opinion that she had not been raped.

Walker, 20, has admitted side-swiping Cook's car, the sheriff's office said, but denies any connection with the killings. He is held on suspicion of carrying a concealed weapon, a .45 caliber automatic. Officers said the bullet holes in the Cooks' bodies could have been made by .45 bullets. A slug was found near Mrs. Cook's body. No slugs were found near Cook. The woman was shot through the back, her husband through the back and abdomen.

Pretty British Actress Is Chosen To Portray Godiva

COVENTRY, Eng. (AP)—A pretty British actress was chosen from a field of 117 today to re-enact the famous ride of Lady Godiva on June 23.

The winning applicant is 28-year-old Ann Wrigg, a curvaceous brunette.

Among the losers were seven Americans, including the veteran fan dancer Sally Rand, who had cabled an offer to emulate the legendary nude center down to the barest detail.

"Miss Rand," said a spokesman for the 15-member selection committee, "was never in the running. It might have been good publicity for her but it would have attracted to our pagan people of the wrong

kind—peeping toms of the worst sort."

Miss Wrigg is five feet four and a half inches tall, weighs 126 pounds, and has these measurements: bust, 36; waist, 26; hips, 37.

I applied for the job," she said "because I am mad about horses."

Lady Godiva is supposed to have ridden through Coventry about the middle of the Eleventh Century clad only in a white horse. Miss Wrigg will be outfitted with a horse, a long flaxen wig and a skin-tight, flesh-colored bra and panties set.

If it comes from a hardware store, get it at Lewis How.

Red Chinese Label M'Arthur Insulting

TOKYO (AP)—Red China was in hot water with Washington administration officials for what were called political aspects of his peace talk offer.

MacArthur had emphasized that a peace settlement must fit into UN objectives for a unified, independent Korea.

Twisting his proposal into a propaganda boomerang, the Communists called on China's millions to fight to the finish.

For the first time, China spoke of the entire Chinese people as committed to a "sacred struggle for the defense of their state." Previously Red China has called her troops in Korea "volunteers."

The Chinese language broadcast said the "Chinese committee for the defense of peace" had termed the MacArthur bid "insulting to the people of Korea and China."

The UN top commander alleged that the Chinese were moving south of the border in the Chunchon area.

They were digging defense positions in the northern hills overlooking the Chunchon Basin.

The Reds poured heavy mortar fire into allied patrols striking up the Pukhan and Soyhan rivers (See AUSSIES, Page 4)

Gambler Mickey Cohen Says He Has Funds For Texas Trip; State Isn't Sure It Wants Him

Meridith said, "I don't know if we can just suit his convenience."

The Travis County, Tex., district attorney is to present the Cohen case to the grand jury Monday.

Cohen could be fined and jailed for failure to appear in answer to the committee's subpoena.

In Los Angeles yesterday, Cohen said he had called Texas authorities and told them "I'd appear anytime after Thursday. It's up to them to let me know. I still think they don't want me."

Rep. Horace Houston of Dallas, a member of the committee, said he didn't want to hear Cohen and hoped the grand jury would indict the gambler.

"The committee has taken its action," he said. "We can't stay in session indefinitely to hear him at his convenience. I don't believe we can obtain any information that we don't already have at this time. We might want him in the future."

Travis County District Attorney Bob Long said last night that once the case went to the grand jury it was out of his hands.

But he said: "If he (Cohen) appears and the speaker of the house writes me a letter asking me not to convey the request to the grand jury I'll follow his wishes."

Tax Bureau Gives Cole Mansion Back

LOS ANGELES (AP)—Pianist Nat (King) Cole has his mansion back.

The government seized it recently for nonpayment of \$146,000 in back taxes. The Internal Revenue Bureau yesterday said Cole had paid in cash the amount the government expected to get from the sale of the house.

The amount was not disclosed, but the bureau said Cole assigned all royalties from his recordings with Capitol Records to pay the rest of the back taxes. He also will make current tax payments, the bureau said.

Aleutians May Be A-Bomb Test Site

WASHINGTON (AP)—The United States may be preparing to test atomic weapons proving ground this one in a sub-arctic island.

A possible spot on the Aleutian island chain which stretches out for miles from the Alaskan mainland seaward toward Russia's Kamchatka empire, appears a probable choice.

That is the first time, the U. S. would test atomic bombs under conditions of climate and other factors which might be encountered should a war require use of such weapons against Russia.

curves downward to the southeast, a subterranean explosion of an atomic bomb probably would hold release of radioactive matter close to the earth and out of upper air movements which otherwise might carry it toward the mainland.

The weather in the Aleutians is stormy, but the temperature, even in winter, does not fall to the extremes reached in the interior of Alaska. From April to September the average ranges from about 35 to 50 degrees.

"LOOK AT THE HEAD ON THAT ONE!"—Three West Berliners, decked in carnival season masks, have more impressive heads than the beers they're quaffing. The holiday heads are on the house; customers pay for the beer. (NEA-Acme photo by Staff Photographer Werner Kreusch.)

Kashmir Watches Northern Passes

SRINAGAR, Kashmir—(AP)—A close watch is being kept on the passes connecting Tibet with Ladakh, Kashmir, to keep out potential "trouble-makers" and to prevent arms smuggling, informed sources say.

Under an order in force, travelers from Tibet or Sinking must leave their arms at Leh, Ladakh, until their return journey.

Narrow mountain trails which cross 18,000-foot passes and dangerous glaciers are used mostly by traders from Asia's interior.

Grade Schoolers Have Elimination Contest At Miami

MIAMI—(Special)—Eliminations for the junior divisions of the Interscholastic League contests, were held for the elementary school, here, Monday and Tuesday afternoons.

Winners were as follows, Story-telling, first, Joel Dale Low; second, Lavonne Patterson; third, Deneice Burnett; Declamations, sub-junior girls, first, Josephine Davis; second, Jackie Jackson; third, Jennie Mathers; sub-junior boys, first, Bill Breeding; second, Wayne McLaughlin; third, Bill Ed O'Loughlin.

Junior boys, first, Lewis Rogers; second, Doyle Smith; junior

girls, first, Gayle Russell; second, Beverly Poore; third, Helen Locke and Caroline Hodges, tie; Spelling teams, 8th and 8th grades, Jennie Hosier and Caroline Hodges; 7th and 8th grades, Lynn Gill and Myles Mathers; Ready Writers: John Smith, first; Beth Hood, second.

"I know good coffee."

and I know this: more and more of my customers are changing to...

White Swan

Since Atomic Energy Commission Chairman Gordon Dean hinted recently that new tests might be made at locations not used heretofore, there has been developing speculation that the Aleutians might be one of the sites. Reasons for this include:

1. Atomic bomb tests to date have been conducted only in favorable weather conditions in areas unlike those which would be logical A-bomb targets in a war with Russia.
2. The area already is owned by the government and controlled by the military. There is no need for a transfer of authority or to enter an agreement with another nation, as would be the case if Arctic tests were made in barren Northern Canada.
3. Any of the Aleutian Islands is easily reachable by sea transport which presumably would be needed to get in the extensive and heavy equipment needed for building installations to house instruments and other material.
4. By coincidence, the present overall commander in Alaska is the former commander in charge of the Bikini tests, Lt. Gen. William E. Kepner.

So far, atomic bombs have been tested at the original Alamogordo, N.M., site; at Bikini, at Eniwetok and in the experiments during late January and early February on Frenchman's Flat, in the desert near Las Vegas, N.M. In these tests, bombs were exploded from a steel tower at Alamogordo, dropped from a B-29 bomber (the first Bikini test), exploded in shallow water (the second Bikini test) and fired in unannounced manner at Eniwetok and Las Vegas.

But so far as is known, the atomic weapons have not exploded a bomb buried below the ground. To simulate a deep-penetration atomic bomb dropped from high altitude.

Thus there is the possibility a subsurface explosion may be tried in the Aleutians.

A buried-bomb test at the permanent testing ground of Eniwetok is a coral island, coral is soft and fragile. A bomb burst in the coral probably would create a crater so large any of the small islands would disappear, leaving nothing for study of the explosion's effect.

On the other hand, the Aleutians are of solid rock formation, some of them with soil or tundra covering in the low areas; and many of them of considerable surface area. Moreover, the rock formation there would be nearer to average formation than the soft coral of an atoll.

Many of the Aleutians are mountainous, but some—like Shemya and Amchitka near the western end of the chain and Unimak toward the eastern end—are comparatively flat, with a soil covering.

Although the general air mass movement from the Aleutians

Miami Holds Hobby Show

MIAMI—(Special)—Saturday, April 21, is the date set for the Hobby Show, sponsored by the Child Study Club, which will be held in the American Legion Hall.

The show is limited to creative hobbies, and everyone is invited to bring his or her hobby items for display, or for sale, if desired.

Those who desire information about the following hobby show divisions are asked to call or see these persons:

Ceramics: Mrs. Ralph Byrum or Mrs. E. L. Hynes; Floral Arrangements: Mrs. Willis Clark; Metal Crafts: Mrs. Matt Day; Leather Crafts: Mrs. R. J. Bean; Crochet: Mrs. Clyde Lopez; Food Displays: Mrs. Theo Jenkins; Textile Crafts: Mrs. Frank B. Pitter, Jr.; Sewing: Mrs. James Flowers.

Anyone having hobbies not listed above is invited to show them, and is asked to contact Mrs. E. D. Daugherty about them.

Roman Flower Sales Increase

ROME—(AP)—Those colorful flower stands the tourist sees along Rome's broad avenues and narrow ancient streets combine to make up one of the Eternal City's fast growing attractions. In fact flower sales have increased since the war that the city's picturesque wholesale flower market has outgrown its quarters. City officials are seeking a larger and more becoming site.

The big reason for the city's flourishing flower business is the Easter season and the factor is the multitude of national and religious holidays or feast days.

Mainly About People

Mrs. C. O. Briden arrived in Pampa Tuesday for an extended visit with Mr. and Mrs. Norman Briden.

Mrs. Bob Curtis and son, Bobby Lynn, are visiting her mother, Mrs. Vena Riley.

A room modern apartment, un-furnished, for rent, bills paid, R. Sullivan Lease. Ph. 1218-J-3.

Mr. and Mrs. H. E. Johnson are as guests the daughter and grandson, Mrs. Derrill Dolbourn and Daven, of Albuquerque, New Mexico.

Mr. and Mrs. J. F. Curtis, 1104 S. Francis, spent last weekend in Dallas.

Oxygen equip. emer. ambulances, Ph. 400. Duenkel-Carmichael.

Mr. and Mrs. Bill Gunkel and son, Rickey, of Abilene have been guests of Mrs. Gunkel's parents, Mr. and Mrs. Frank Hogsett, 712 N. Finley. Mr. Gunkel is a ministerial student at McMurry College, Abilene.

Lost—Black Cocker Spaniel dog, name "Butch." Children's pet. Call 1025.

Recent guests in the home of

Dr. and Mrs. W. L. Campbell, east of Pampa, were Mr. and Mrs. J. P. Swain, Catherine and Gene; Mr. and Mrs. Marvin Swain, Phillip and Judy; Mr. and Mrs. G. W. McDonald, all of Hollis, Okla.; Mr. and Mrs. Cecil Singleton and Bobby of Quanah; H. E. Campbell of Amarillo, Mr. and Mrs. Johnny Campbell and Mary Jay of Pampa and Mr. and Mrs. Dave Warren, Jr., of Austin.

Mr. and Mrs. Dave Warren, Jr., have returned to their home in Austin after visiting relatives in Pampa, Panhandle and Borger.

Mr. and Mrs. Thomas F. Lance, Tignor St., are parents of a son born this morning at 8:50 at Highland General Hospital. He weighed 7 pounds 12 ounces.

Mr. and Mrs. Bobby Joe Hood, Pampa, are parents of a boy born Wednesday morning at the Highland General Hospital. He weighed 7 pounds, 12 ounces.

valleys between Chunchon and the border, eight miles away.

Between 7,000 and 10,000 Reds were reported dug in along the central front south of the border. At least 80,000 more backed them up along a 20 mile deep stretch of Red Korea.

In the air, 16 F-86 sabre jets of the U. S. Fifth Air Force tangled Thursday with 23 Russian-type MIG-15 jets in three separate encounters over north-west Korea. No damage was reported to either side.

The Fifth Air Force flew 530 sorties by late Thursday afternoon. And pilots said they killed or wounded 250 Reds and destroyed seven enemy tanks.

Allied artillery fire and ground force attack Wednesday killed or wounded 1,740 Reds.

Destroyer Finds Some Lost Cargo

LONDON — (AP) — A U.S. destroyer has picked up part of a charred crate known to have been aboard the giant U. S. transport plane which vanished last Friday with 53 American airmen, it was announced today.

A spokesman for the U.S. Third Air Division said the debris was found last night about 600 miles southwest of Ireland. It was identified as a piece of the packing for a spare gasoline tank carried as cargo on the missing four-engine glider.

The find was made 50 miles southwest of the spot where another surface vessel picked up a charred duffle bag Saturday night. The duffle bag carried the name of one of the missing airmen.

The plane vanished on Good Friday during a flight from Lime-stone, Me., to the Mildenhall Air Base in England.

NATION'S

(Continued From Page One)

must re-figure his ceiling prices every Monday — that is on any items for which he had a different cost from the cost on which his existing ceiling was figured.

Under a previous regulation, April 30 is also the deadline for retailers of clothing and house furnishings to change to a new system of margin controls. The main difference is that those retailers must figure their own markup percentages by preparing "pricing charts," whereas the grocers have their percentages fixed by the government on 38 different food categories.

The three regulations cover canned goods, baby foods, flour, cocoa, coffee, tea, breakfast cereals, shortening, frozen fruits and vegetables, mayonnaise, rice, margarine, dog and cat foods, crackers, jams and jellies, syrups, and many other items.

They do not cover fresh meats, fresh fruits, fresh vegetables, sugar, milk, bread, ice cream, candy, soft drinks, or alcoholic beverages.

Many of these things — meats for example — will be covered by regulations of their own.

The OPS estimated the number of retail food stores at 560,000 and the number of wholesalers at 10,000.

Retail stores are divided into

Americans Leaving

PRAGUE — (AP) — A diplomatic survey just completed here shows that only four American firms and agencies are still in operation on a permanent basis in Czechoslovakia. This compares with 50 or so two and a half years ago.

These four are the Associated Press, the United Press, the Motion Picture Export Association and the buying office for eastern Europe of the R. H. Macy Company, New York department store.

They employ 42 Czechoslovak citizens. All have American resident managers, but Macy's manager went back to New York last fall and has not returned.

Only two members of the 22-man University of Florida basketball team live out of the state.

Of the 14 boys on the University of Texas basketball squad, six hail from Houston. None come from Austin where the school is located.

TEC Office Lists Building Workers

A demand for 20 laborers has come into the Texas Employment Office here this week for construction work in Borger. Other jobs have also been reported open for typists and stenographers and machine shop workers.

COMMUNISTS ARRESTED NEW DELHI

(AP) — The Times of India reported today that 1,066 Communists have been arrested in police and military operations against terrorists in the Kamrup district of Assam state in the past two months.

Giraffes are odorless, which makes it difficult for carnivorous animals to find them.

Reds Slow Allied Advance in Korea

TOKYO — (AP) — Chinese Reds slowed the Allied advance in Korea today with stiff defense stands on the western and central fronts.

Signs mounted that the Chinese were musing for an offensive when seasonal rains have mired allied heavy weapons.

The Red line tightened just south of the Parallel 38 border as Communist China spurred General MacArthur's offer to talk peace in Korea.

IT'S A FOWL WAR FOR THIS YANK—A rooster crows reveille for Pfc. Art Lujan of Denver, Colo., who then crawls out of his sleeping sack in Korea every morning and feeds the chickens. One of Lujan's jobs as a cook for Brig.-Gen. Joseph Bradley, commander of 25th Division, is tending the general's little flock of layers. The chickens' job is to supply fresh eggs for the general's mess. (NEA-Acme photo by Staff Photographer Ed Hoffman.)

CASUALTIES LISTED WASHINGTON

(AP) — Today Army casualties went up 1,012 to 47,450 during the week. Marine casualties reached 8,602, which was 274 more than reported the previous week. The Navy rose by eight, reaching 628. The Air Force reported 12 additional casualties for a current total of 440.

The New York Yankees have scheduled 36 exhibition games this spring. Three of the games will be played at night.

Lefors Seniors Postpone Play

Postponement of the Lefors senior play has been made necessary because of the illness of several members of the cast.

The play was to have been performed Friday night and has been cancelled until next Thursday, April 5, at 8 p. m. in the high school auditorium.

The story, "A Ready-Made Family," by Jay Tobias, has a cast of 10 members.

They are Beth Hammond, Bob Wilson, Mozelle McKnight, Barbara Chastain, Rebecca Breining, Don Stokes, Peggie Starr, Johnny Morris, Nell Guthrie and Leslie Brown.

Mrs. Roy Gettel, senior class sponsor, is director of the three-act comedy.

Snow Blamed For Auto Collision

Slight damage was reported in an accident which occurred Wednesday when two late model cars collided at the Frederic and Barnes intersection.

Local police attributed the accident to the heavy snow falling at the time.

There were no injuries, and total damage to the cars, driven by Freddie J. Farmer and Arthur C. Martin, was estimated at \$175.

SEARCH

(Continued From Page One)

service owner and a veteran navigator, said the girls had been training for three months and "pound for pound, they are just as equal as men if given the opportunity." He said the schooner was equipped with "every device of safety."

Crew members were: Myrna Bibb, 20, and Pat Fenner, 22, dancing teachers; Marion Hall, 26, Dottie Sherill, 20, and Clarice Wilson, 20, department store clerks; and Janice Kaufman, 19, Hederman's secretary.

Also aboard were Betty Gilchrist, 22, free lance photographer, and Helen Hobbs, 22, publicity director of the Bahama Shores Yacht Association.

Yachtsmen said weather in the area would not ordinarily endanger a schooner of the Tropicair's size and type, but might prove hazardous if the vessel became disabled or if the crew lacked experience in ocean sailing.

S&H GREEN STAMPS

FOUND DEAD—Doris Cook, 18 (above), was found dead by a steel worker two miles from March Air Force Base in California. Her husband, Richard Cook, was found dead on a lamp by her. The Cook baby was found playing on a blanket beside the wrecked car near Cook's body. (AP Wirephoto)

NO HUFF, NO PUFF—Something new in breaking and entering was devised by bandits who fixed a timber battering ram onto the front bumper of their stolen car and pushed in the door of a Chicago currency exchange. A startled cashier fled while the crooks scooped up \$5000 and left. Inset, lower right, shows a Chicago policeman examining the improvised ram.

'Via' Now On Its Way Out

WASHINGTON — (AP) — An eight-year-old down in Mobile, Ala., has brought about a money-saving change in the stamping of air mail.

He is Gregg Buckalaw, P. O. Box 1378, Mobile.

He recently wrote to Postmaster General Jesse M. Donaldson suggesting that the "via" be dropped from the phrase "VIA AIR MAIL" which post offices everywhere rubber-stamp on items for plane delivery. "Via" is Latin for "by way of."

Donaldson has advised Gregg that his suggestion is good and is being promptly adopted.

The youngster wrote, with an accompanying illustration: "You can save a lot of money by doing this. You can save by taking the via off the air mail letters. You can save almost a third of rubber and it is a critical war material besides."

"Yours truly,"

"Gregg Buckalaw (8)."

The postmaster general replied: "The postal service belongs to all the people and serves all the people and one of the reasons why the Post Office Department can give so much service for so little is that people like you are interested and take time to write

Prankster Suffers Own Consequences

MOUND CITY, Ill. — (AP) — When a prankster invited 25 guests to dinner at the home of James Finley, Mound City school superintendent, Finley was equal to the situation. He instructed some of the "guests" to slip out and raid the suspect's own icebox. They gathered coffee, cakes and utensils, returned to the Finley home, and served the loot.

"The suspect knew his own silver and his wife recognized her own cakes," Finley chuckled.

WAGE-EARNERS

Bituminous coal miners earn the highest average pay per week of all wage-earners, construction workers rank second, and workers in printing and publishing third.

Letters to me, suggesting ways for improving the service and reducing expenses.

"I am issuing instructions that hereafter all rubber stamps purchased by the Post Office Department for use in sending letters and parcels to be sent by air will read "AIR MAIL," omitting the word "via," which after all is entirely unnecessary."

"Sincerely yours,"

"Jesse M. Donaldson."

Donaldson made no estimate of how much money will be saved.

One Bus Good As Another

TEMPLE CITY, Calif. — (AP) — Danny Ellis kissed his mother good-bye and went to a nearby corner to catch the school bus.

Several hours later Mrs. Hilda Ellis answered the telephone to learn that the Porter Elementary School wanted to know why six-year-old Danny wasn't attending classes.

That was the beginning of fear, the start of a frantic search. Police, neighbors, bus drivers and schoolchildren aided in the hunt.

Late in the day the telephone rang again. Did Mrs. Ellis have a small son, the voice wanted to know. Did she? For an instant the mother was speechless with fear.

"Yes, oh, yes," she shouted. "Where is he? Is he all right?"

"Sure, ma'am, he's ok," reassured the caller. "This is the Santa Fe Trailways bus station in Ludlow, about 175 miles from Temple City. Your boy said he missed his school bus and came upon one of our buses when the driver was fixing a flat. Guess he figured one bus was as good as another. The driver didn't notice him until he got to Ludlow. We'll send him back on the next bus."

Investigation Asked in Oklahoma Crime

NORMAN, Okla. — (AP) — The Senate Crime Committee has been asked to take a look at gambling violations in Cleveland County, site of the University of Oklahoma.

County Attorney Robert Bailey says he has sent a telegram to Sen. Estes Kefauver of Tennessee asking help from the crime investigators. Bailey also has asked a grand jury to look into the matter.

County and state officers raided the club. Norman County Club early Sunday and later charged five Oklahoma City men and Mrs. Gladys Barbour, owner of the club.

All six pleaded innocent to charges of conspiracy to violate state gambling laws and conducting an open gambling game. They were freed on \$10,000 property bonds each and preliminary hearing has been set for April 12.

The Planet Pluto was photographed in 1914, but was not discovered until 1930.

Women Cut Talks At B&PW Meet

LONDON — (AP) — It took just 90 minutes for 34 women to make speeches at an Anglo-American Club dinner here last night.

It was a gathering of Pilot International, an organization of business and professional women, at which British members entertained a touring U.S. delegation.

The final speaker was Mrs. Mary Addie Hubbard of Port Lavaca, Texas, who wound up with:

DOESN'T STOP IT

Sugar maple trees will produce maple syrup even if cut off completely above the ground. If placed in a tank of water, the flow of sap will continue just as well as from neighboring trees left undisturbed.

"Of course, women don't talk too much. They don't talk any more than men. And they don't gossip any more."

Counties To Install Castor Bean Center

BROWNWOOD — (AP) — Plans for installation of castor bean hulling centers here and at Stephenville were discussed today.

The federal government is encouraging planting of castor beans in the central Texas counties.

Participating in the talks here were Howard Akers, Washington, of the production and marketing administration's fats and oils division; Dr. D. L. Van Horn, Stillwater, Okla., agronomist in charge of castor bean research for the USDA bureau of plant industry, and R. H. Nelson of College Station, FMA field representative in charge of the castor bean project.

Seedling of 15,000 acres of dry-land castor beans is to begin about April 15. Seed for a dwarf variety will be provided also for an unspecified acreage in the Brownwood irrigated district.

Counties participating in the program are Brown, Coleman, Erath, Comanche, McCulloch, Eastland, Callahan, Hamilton, Mills and San Saba.

NOTICE TO BIDDERS

Upon motion of Jack Stephens, seconded by C. O. Gilbert, all present voting aye, it was ordered that the recommendation of the trustees of Alameda Independent School District, Gray County, State of Texas, be accepted and entered as the order of the County trustees as follows:

It is hereby ordered by said County trustees that the school building formerly known as the Glenwood School Building located in the old Glenwood School District, Donley County, be sold to the highest bidder for cash, said bids to be mailed not later than the 10 of April 1951, to H. H. Worsham, president of School Board, Alameda, Texas, upon sealed bids and after notice of such sale has been published in the Pampa Daily News, McLean News and Donley County News, for at least one publication prior to such sale. The trustees of such school district are authorized to refuse all bids received in the event such bids are not in their opinion a fair offer for such property.

H. H. KEAHEY,
President of Board.

March 27—April 5.

More Red Propaganda Than Trade On Display At Annual Leipzig Big Fair

By ALLYN BAUM
NEA Staff Correspondent

LEIPZIG, East Germany — The century-old Leipzig spring fair, once Europe's greatest trade exhibition, has untroubled its banners again. The banners this year appeal for a stronger east-west trade, but there is far more propaganda on display than there is trade.

Visitors to the fair don't act very enthusiastic about it. Most of them are poorly dressed and appear more interested in the displays of food stuffs than in the industrial products.

This is understandable, because there is a lot of unrationed food to be had at the fair—for a price—and the visitors are glad to stand in line for it.

Last year shops were stocked up for the fair with tantalizing displays of meat, butter and other scarce items, but they were only window dressing and had to be sent back to Russia afterwards. This year East Zone Germans had their rations cut 20 percent for two months before the fair opened to present visitors with a view of "prosperity, much food and good living."

But the "good living" comes high. The Russian-operated "In-tourist Restaurants" have plenty of unrationed food on the menu, but since they are actually a government black market designed to get the highest prices, the bill is about 10 times as high as it is in East Germany's privately run restaurants, where food is rationed.

The propaganda eclipses the items on display and the monster statue of Stalin, which is back for a return engagement, eclipses everything else.

Russia, of course, has the biggest exhibit. Soviet soldiers, for whom Leipzig is out of bounds, are brought to the hall to see the industrial and consumer goods being made back home. But nothing is for sale, even to the soldiers.

The second place of honor this year is given Red China, where visitors can look at farm implements and large pictures of the Chinese Communist leaders. There's a special exhibition for

FOR SALE to all comers at the Leipzig Fair are these rifles, made in East Germany. Since no firearms can be made in West Germany, there's a big market at the fair.

the so-called "Deutsche Demokratische Republik" (East Germany), a panorama more than 150 feet long and 50 feet wide, which is supposed to show how Berlin and East Germany stand as a bulwark against American dollar aggression. And on the balcony right across from the main entrance, there's a North Korean display. It consists of a collection of "atrocity" pictures, and a desk where visitors can make a contribution for North Korean relief.

Among the items people are buying are rifles, shotguns and other hunting arms, made in East Germany. No firearms of any type can be made in West Germany. A tiny but powerful outboard motor is a big hit, too. The only catch is that it's made

Revolt Slows Burma Waterways Plans

RANGOON — (AP) — The Burmese rebellion has retarded the progress of plans for restoring the country's inland waterways system by three years and will cost the country \$2,000,000 in destroyed watercraft, according to Inland Waterways Transportation Board officials here.

Being 40 Has Advantages

By HAL BOYLE
NEW YORK — (AP) — Being 40 years old hasn't turned out to be bad at all.

I have been 40 for a month now, and I am getting experienced at it. In time I even hope to get used to it.

Looking back now I can't see why I was ever so afraid of reaching this nice ripe age. The first few days I was pretty nervous. I had the idea I might fall apart suddenly like the one boss shay. I was almost afraid to look in the mirror each morning for fear that overnight my teeth had fallen out or my hair turned white.

"Don't take it so hard," said Frances. "Millions of people have survived being 40."

That was easy for her to say since she knew she would never have the problem herself. She has pledged herself to remain an eternal 39.

I had a moment of panic when a Boy Scout stepped up to me on a street corner. I felt sure he could see I was 40 and was going to offer to escort me across the street. And I made up my mind right then that if he did I would squash him to the pavement, merit badges and all.

"What time is it, minister?" he asked, and I broke out and laughed in wild relief. There was one thing more that bothered me. Somewhere I had read that Dorothy Dix said that men of 40 were irresistibly attractive to women. That troubled me. I didn't want to leave a trail of broken female hearts.

So far, however, I must say the women I have met have kept their heads pretty well. Maybe it's because they don't realize I am really 40 now. Even Dorothy Dix herself has behaved sensibly. She hasn't even written me a mash note yet.

So far I haven't found a single disadvantage to being 40. And there have been some real advantages.

The biggest advantage is the new attitude of my wife. One Sunday I started to go to the door to pick up the newspapers.

"No, you just sit down there in your easy chair, dear," she said. "After 40 you have to start taking things easy."

I thought to myself as I settled back in the chair that I would be happy to stay 40 for the rest of my life. And I think I will.

Artificial Rice Plant In Operation

NEW DELHI — (AP) — A demonstration plant for the experimental production of "artificial rice" is in operation under Government auspices. Natural Resources and Scientific Research Minister Sri Prakasa stated in response to a question in parliament.

Prakasa said the plant processes 300 pounds of the synthetic foodgrain daily. Establishment of a factory equipped to produce five to seven tons daily is "under consideration," Prakasa added. The artificial rice contains an estimated three times more starch than milled rice. Tapioca is the principal ingredient.

ASSUMES COMMAND
TOKYO — (AP) — Vice Adm. Harold M. (Beauty) Martin took over command of the U. S. Seventh Fleet today and said he has enough warships to carry on the fight against the Reds in Korea and to protect Formosa. Martin assumed command from Vice Adm. Arthur D. Struble.

Improved Traffic Courts Advocated

SAN ANTONIO — (AP) — Associate Justice of the state Supreme court, Meade F. Griffin, believes that Texas traffic courts should be true courts of justice.

He spoke yesterday at the closing session of the 12th annual convention of the Texas Safety Conference.

Griffin pointed out that the traffic courts serve for more people each year than all the other courts combined. He said approximately one out of every eight persons in the larger cities in Texas have business in the traffic courts of the cities during each year.

"Good traffic courts are truly courts of justice," he said, "and when properly conducted can, and

Helium-3 A Tricky Sister

By FRANK CAREY
WASHINGTON — (AP) — If that hydrogen bomb is ever perfected, it may have one of nature's real screwballs in it.

Some atomic scientists have given out some new dope on a chemical substance called "Helium-3," a breakdown product of

tritium, one of the possible ingredients of the H-bomb. They made no link with the H-bomb, but they tabbed Helium-3 as a chemical character. She turns out to be almost as much of an odd duck as her sister isotope whose name is "Helium-4."

Dr. D. W. Osborne and two colleagues of the Atomic Energy Commission's Argonne National Laboratory, Chicago, told about Helium-3 in papers prepared for a meeting at the National Bureau of Standards.

They've long known, they said, that Helium-4 is a problem child in the family of chemistry. When you convert the gas into a liquid and cool it down to low temperatures, it defies the law of gravity; it flows uphill instead of down.

And, you can freeze it solid,

but not by low temperature alone as you can with any other liquid. You have also to subject it to great pressure.

Now, reported the scientists, they've succeeded for the first time in freezing "Helium-3."

And they found that it, too, had to be put under pressure to become a solid. Even temperatures as low as 457 degrees below zero wouldn't do the trick alone.

But, would Helium-3 flow uphill when cooled almost to the frozen state, like her xany sister?"

No sir; she slowed downhill — keeping the family record for independence intact. The researchers offered no tips on what they might use solid Helium-3 — if at all.

High-grade popcorn, on being properly popped, should increase its volume at least 20 times.

SPECIAL 3 FOR THE PRICE OF 2 OFFER!

NEW! Improved! Fleischmann's Dry Yeast

Easier to use! It's brand-new—grand new Fleischmann's Improved Dry Yeast—the easiest, speediest yeast yet! No waiting... no difficult directions to follow—it's ready for action in record time.

Faster dissolving! No other yeast dissolves faster! Just combine it with water, stir well and that's all. Dissolves in half the time—you're ready for mixing a few seconds after you've opened the package.

Faster rising! Fleischmann's New Improved Dry Yeast cuts down rising time because it's more active than ever! You can always depend on it for quick action, finest results when you bake at home! Stays fresh for months—too—just keep it cool and dry. Be sure to take advantage of Fleischmann's special "3 for the price of 2" offer, right now. Try New Improved Fleischmann's Dry Yeast just once... you'll use it always. This offer is good for a limited time only!

END YOUR PARKING WORRIES — SHOP AT MILLER'S AG STORE

Five Hurt In Train Crash

OMAHA, Tex. — (AP) — Five persons were injured yesterday when a Cotton Belt freight train rammed into the rear of another freight in the middle of this northeast Texas town.

Twisted steel and timbers were scattered about the town when the boiler of one train exploded a few seconds after it plowed into the caboose of the other train standing in the yards.

One end of the Omaha depot caught fire and was damaged. The fire was put out by volunteer firemen, aided by a heavy rain falling at the time of the crash.

Injured were: Willie C. Hewitt of Tyler, brakeman; J. W. Wilcox of Tyler, engineer; R. L. Vickers, conductor; L. E. Williams of Tyler, fireman, and J. M. Falls of Omaha, a clerk in the depot.

Both trains were headed north from Omaha en route to Texarkana, 45 miles northeast.

Human learning, with the blessing of God upon it, introduces us to divine wisdom, and while we study the works of nature, the God of nature will manifest Himself to us. —Bishop Horne

Cities Attempt Parking Method

CHICAGO — (AP) — An increasing number of localities are attempting to alleviate their parking woes by providing off-street parking through zoning, according to the American Society of Planning Officials.

At least 135 localities have ordinances requiring the provision of off-street parking space in connection with one or more property uses. This total included local governments of all kinds — cities, towns, villages, boroughs, counties and townships.

Only five of the 13 cities with a 1940 population of more than 100,000 were found to have a zoning ordinance requiring building owners to provide off-street parking facilities for tenants or users of new buildings. These cities were Cleveland, Chicago, Detroit, Los Angeles and Washington, D. C.

Since completion of the survey, however, New York City has adopted such a zoning amendment.

Two heavily populated counties — Cook (Chicago) Ill. and Milwaukee, Wis. — were found to have county-wide zoning laws requiring property owners to furnish car parking areas to their tenants. Twenty other places of

Italy Newsmen Fight It Out

ROME — (AP) — The East vs. West "Cold War" is a hot political battle in Italy with mudslinging and name-calling in which even the newspaperman is a fair game.

"L'Unita," official Communist newspaper started one fight with a full page charge that eleven of the leading writers and executives of anti-Communist newspapers were once important cogs in Benito Mussolini's fascist press.

A week later "Il Quotidiano" Catholic Action paper used a full page to contend that nine former Mussolini propagandists now were among the leading writers and editors of Italy's pro-Moscow press.

RED LIGHT IN KOREA—To keep an eye on the enemy in Korea, G.I.'s on the central sector use huge searchlights such as this one to light up the terrain and expose moving troops. The system has proved very effective in cutting down night infiltration—a Communist specialty. (NEA-Acme photo by Staff Photographer Bert Ashworth.)

Directors Named By Rotary For 1951; Ben Guill Is Speaker

Three old directors and four new ones were elected Wednesday at noon by the Pampa Rotary club for the 1951-52 club year.

The club president will be among the seven directors. President Fred Neslage automatically reverts to vice president and a member of the board.

Newly elected directors are: Dr. D. P. Bonner, Ray Evans, Ben Guill, and George H. Newberry. Directors reelected are:

George W. Scott, Henry H. Tyler, Jr., and Floyd Watson.

Prior to the announcing of returns Ben Guill, former 18th Congressional District representative, spoke on inflation and its contributing factors.

He pointed to four of the contributing factors: (1) speculation, (2) scare buying, (3) policies of purchases by the military, and (4) credit buying. Amplifying, Guill pointed to the inventories retailers laid in in anticipation of large scale buying; shoes that cost the military \$4.15 prior to Korea, and now cost \$7.58 a pair; an anti-aircraft gun that cost around \$180,000 before the present conflict now costs \$280,000; purchasing by the public of items believed to be soon on the scarce or "hard to get" list; and the enormous amounts of credit advanced by banks and commercial establishments.

Guill also pointed to the present administration, and quoting verbatim from nationally known figures, said that "even the most liberal of President Truman's advisors fear that if he does not initiate many changes soon history will link his name with that of Warren G. Harding."

The fact that good men have to work in fear of losing their jobs if they cross the Democratic National Committee or its policy makers makes for inefficient government rather than efficient government. This inefficiency, he added, still quoting, is augmented by federal departments fighting federal departments.

As the basis for his numerous quotes, Guill referred to the Christian Science Monitor, New

York Times, Charles E. Wilson, Michael Di Salle, Bernard Baruch, and former OPS Chief Balantine.

Reports For Scouters Due

Scout executives will meet at 7 p.m. today in the Palm Room of the City Hall with President A. W. Paris, Phillips, in charge.

Paris said the meeting will include reports from the district finance campaign leaders on the recent drive for funds in the Santa Fe and Adobe Walls Districts.

R. J. Rust, attendance chairman, will discuss plans for the coming regional annual meeting to be held in Mineral Wells on April 8 and 9. Sixteen scouters are making plans to attend from this district.

Announcement was made of a Philmont Boy Scout Ranch in New Mexico, to be made May 8 through 7 by about 25 scout leaders.

Employment of a new field scout executive for the North Plains District will be made. The new executive will be David S. Agnew, who will live in Guyton, Okla. Agnew comes from Appleton, Wis., and is a veteran of seven years in professional scouting service.

Boomerang To Be Next New Gadget

PEORIA, Ill. — (AP) — The next flying gadget Chet Helmer makes will be a boomerang. Helmer's sleek, radio-controlled model airplane circled over the golf course and disappeared. Helmer searched the area on foot for two days, then continued the search by air.

The plane was valued at more than \$100.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headache, dizziness and loss of pep and energy. Don't suffer restless nights or frequent urination if kidney function is getting you down—due to such common causes as stress and strain, over-exercising, exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. When often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Hotel Man Tells About The Smartest Move He Ever Made

It certainly gives you an awful sinking feeling to wake up and discover you're losing interest in your work and in life in general. That's enough to make anyone start worrying, and that's exactly what happened to Tommy Allen, Hotel Peabody, Memphis, Tennessee. But he acted quickly, got himself back on the track in a hurry, when he heard how HADACOL was helping folks who were rundown due to a deficiency of Vitamins B₁, B₂, Iron and Niacin.

The wonderful results prompted him to write us a letter about his experience. Here's what he had to say: "I am a young man twenty-nine years old and have been engaged in hotel work for the past four years. I had no appetite and was losing weight. I was constantly sick at my stomach and no one I ate agreed with me. After eating

my stomach would become bloated and feel uncomfortable. My condition was so bad that I began to lose interest in my work and life in general. I kept hearing about HADACOL and I decided to try it. Believe me that was the smartest move I ever made. After taking two or three bottles, I began to feel better and now after taking HADACOL for two months I feel fine. No more am I tortured with stomach distresses. Truly I can't begin to tell enough about HADACOL. I intend to keep on taking it for a long time."

Thousands have found real help, real hope for tomorrow, by relieving the cause of their sickness when due to a lack of Vitamins B₁, B₂, Niacin and Iron, with today's great HADACOL.

These precious elements are supplied in a quantity greater than the minimum daily requirements. And HADACOL provides helpful quantities of Phosphorus and Calcium, too. They're all in a special, liquid form, already dissolved for quick, easy, absorption in the system.

BEAUTY AFTER FORTY

Legs are beautiful, don't shorten your skirt up to t-h-e-e, no matter what fashion says. If your legs are unusually heavy, don't lower your hemline down to t-h-e-e! That would serve only to attract attention to your legs. Choose a becoming length, compromising with whatever fashion and "they" say is smart. Wear simple hemlines, nothing trimmed, scalloped or ruffled. Put your accent on the most attractive feature of your figure.

So many of you write saying that you are making your own clothes because you simply cannot find enough ready-made things suitable for After Forties. Sewing is made easy these days but you do need a few professional pointers to give your work smartness and detail.

Local sewing center experts call your attention to a skirt maker. You can mark your hemline evenly and perfectly without calling in your husband or some other equally unwilling member of the family, to "pin up my hem." The ingenious device has a sturdy metal base and a tube long enough for you to operate it to make the little chalk marks just where you want them.

Hemlines rise and fall at the dictate of Fashion. The smart woman raises and lowers her Hemline according to her Legline and her individual taste and in keeping with fashion as much as consistent with what is becoming to her.

The hemline, evenly hung and beautifully done, is essential for that professional finish which every home sewer desires and must achieve. Even though your

If you are new at home sewing, here are a few Hemline Hints. The narrow skirt should have a deep hem. Sheer fabrics should have enough hem to meet your slip and you should finish your hemline with fine hand-stitching. Gray hose to not flatter mature legs. The clear beige tones do. The classic pump, with either low or high heel, makes for harmony between hemlines and legs.

Carolyn Donham And R. F. James MacDonald To Marry Sunday

Mr. and Mrs. H. O. Donham of Elk City, Okla., have announced the approaching marriage of their daughter, Carolyn, to Mr. R. F. James MacDonald, son of Mr. and Mrs. Rod MacDonald, 513 S. Cuyler, Pampa.

The young couple will exchange vows in the Assembly of God Church in Pampa at 2:30 Sunday afternoon. The Rev. Sales Smith will officiate.

Shower Honors Mrs. L. L. Riddle

Members of the Pampa Women's Bowling Association were hostesses at a pink and blue shower for Mrs. L. L. Riddle in the home of Mrs. N. S. Hegwer, 1208 E. Browning.

Cucumber Marmalade Has Dash

ECONOMY TREAT: grapefruit, lemon and orange marmalade.

By GAYNOR MADDOX NEA Staff Writer
Cucumber marmalade has a sweet sour taste and gives fish, fowl and many lower cost cuts of meat new interest.

You can make it easily and it costs very little.
Cucumber Marmalade (Six 6-ounce glasses)
Two cups prepared cucumber, 4 cups sugar, 1-3 cup lemon juice, 2 tablespoons grated lemon rind, 1-2 bottle fruit pectin.
To prepare the cucumber: Peel about 1-2 pounds fully ripe cucumbers. Chop very fine or grind. Measure 2 cups into a large saucepan.
To make the marmalade: Add sugar, lemon juice, and rind to cucumber in saucepan and mix well. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in fruit pectin. Then stir and skim by turns for 5 minutes.

Leo Durocher Is Ho Over Giant Pitching Staff

By FRANK ECK
AP Newsfeatures Sports Editor
ST. PETERSBURG, Fla. — It was 10:30 in the morning when that little pepper pot of a manager, Leo Durocher, sparkling in a blue sports ensemble, came

waiting through the dressing room door at Miller Field. It didn't take Leo long to go into a rave over his pitching staff. And who wouldn't? All the National League managers in Florida's Grapefruit League now feel envious of Leo's mound staff.

Aggie Coach Is Selling Football To Oklahomans

STILLWATER (Special) — Preview of autumn football at Oklahoma A&M College moves to Clinton high school stadium Saturday (March 31) as Coach J. B. Whitworth's Cowpokes play the second of two road games. The Aggies battled each other in a regulation game in Wewoka last Saturday, a contest well attended and pleasantly received. About the same lineups will play the second contest when the show moves to Clinton where it will be available to view on Oklahoma fans.

"My pitching ought to be real good," Durocher began. "It will be better than a lot of people think it is. When I first took over the club I said the pitching was not the worst part of the club."

"Now I have Sal Maglie and Jim Hearn to go with Larry Jansen and Sheldon Jones. Dave Koslo looks great, better than when he first came up from Milwaukee. And Monty Kennedy. That looks like my starting group."

"From among George Bamberger, Charley Bishop, Roger Bowman, Frank Fanovich, Norman Fox and George Spencer I ought to get two more pretty good hurlers. I plan to carry nine pitchers, 10 at the most. That will give me a better bench. I'd rather carry 23 players than 25. It gives the fellows a chance to play more."

"Allen Gettel, who won 23 games at Oakland, looks like a cinch to stay. Durocher at last knows he has a first rate club and he has his men believing that they can take the Diamond Jubilee pennant. They played miserable last spring but when Durocher got his pitching staff and first base problem straightened out, the team had the best percentage in either league the last two months.

"My infield will be stronger," continued Durocher. "It will be stronger in reserves. Bob Hoffman has a real good chance to stick. He hit .296 at Sioux City. Artie Wilson, who hit .328 for Oakland and stole 31 bases, is real fast, and there's always Bill Rigney."

"Henry Thompson will be a better third baseman and Monte Irvin will show the Polo Grounds fans that he can play first base. Ray Noble should be a big help to Wes Westrum in the catching."

"Whitey Lockman is my left fielder. I now know he can play first base in an emergency, but he'll start in left with Bobby Thomson in center and Clint Hartung in right."

"Now there's a boy, that's all I ask. In the field, too, he has improved. Everytime play him he comes up with some amazing catches."

"I'm making no pennant predictions," Leo signed off. "but we're going to be a tough club to beat."

Phog Allen Wants Commissioner For College Sports

NEW YORK (AP) — Dr. Forrest C. (Phog) Allen, University of Kansas basketball coach, had another mild temper stirred up today after his remarks in connection with demands that there be a national commissioner of intercollegiate sport.

Allen said "we will never put a ceiling on aid for athletes" until a national commissioner is named. He suggested the commissioner would be paid \$100,000 per year and would take over powers held by college presidents.

"I was told that Bobby Reynolds was offered \$10,000 and a Cadillac to go to some other school," Allen said. Reynolds was an All-America halfback at the University of Nebraska.

"He didn't go," Allen added. "That raises the question of what he gets at Nebraska."

In rebuttal, Reynolds said "I came to Nebraska because I wanted to. I never heard about any \$10,000 or any Cadillac."

SCHUSS — Joan Law swings low to the snow whipping down Sun Valley's Dollar Mountain. The Pasadena, Calif., miss hoped to win a berth on the 1952 Olympic team, which was to be selected after tryouts at the Idaho resort. (NEA)

Oklahoma Boy Seen As Key Man Of Future With Yanks

By HARRY GRAYSON
NEA Sports Editor

NEW YORK (NEA) — Casey Stengel was looking at Mickey Mantle out west when he expressed the wish that he were 45.

It was just Ol' Case's way of saying he'd like to be around when the newest vintage of Yankees reach their peak.

Manager Stengel and the front office believe the New York Americans have the new blood with which to maintain the champions' terrific pace — 17 pennants in 30 years, 10 of the last 15.

Until the 19-year-old Mantle showed up this spring hitting home runs from either side of the plate and running with the speed of a prairie wind, Hank Bauer was voted the man most likely to succeed Joe DiMaggio as the big gun.

Now it's the freckle-faced kid of Commerce, Okla., who is regarded as the name Yankee of the future. He may start the campaign in center field, with the great DiMaggio switching to left.

No fewer than 26 Yankee farm hands made All-Star teams last season swatting the ball for extra bases while batting from either side of the plate.

All of the Bombers who have been traveling lickity-split aren't exactly old pappy guys. Whitey Ford will be only 23 when discharged from the Army. Jerry Coleman is 23, Yogi Berra and Bob Porterfield, potentially as fine a pitcher as there is around, 26. Bauer and Gene Woodling are 28.

Gil McDougald, 22, a lock to stick at least as the utility infielder, was the most valuable player in the Texas League.

Bill Dickey has already placed his stamp of approval on Clint Courtney, 24, a squatty, bespectacled catcher who came up with McDougald.

Stengel stopped looking for a successor to Ford when 21-year-old Tom Morgan rang up a string of 13 consecutive scoreless innings.

Dallas Gets National Badminton Tourney
DALLAS (AP) — The National Badminton Tournament gets underway here today and all but one of the defending champions will be on hand.

Barney McCoy of Alhambra, Calif., who teamed with Wynn Rogers of Arcadia, Calif., to win the doubles title won't be here. Rogers will pair off this time with Joe Alston of San Diego, Calif.

The finals in the big tournament will be held Saturday night.

Your Host Gets Death Sentence

ARCADIA, Calif. (AP) — The sentence of death has been passed on Your Host, the 1950 Kentucky Derby favorite, and as game as thoroughbreds come.

Four veterinarians have examined movie executive William Goetz' four-year-old colt since he was injured at Santa Anita Jan. 13. All have recommended that he be destroyed.

Only the red tape involved in a \$250,000 insurance policy is prolonging the pain-wracked existence of a badly-crippled animal whose right leg, the tendons withering, is drawn up at a 45-degree angle.

Morgan won 17 and lost 8 for Binghamton of the Class A Eastern League with an ERA of 3.55. He gets a piece of the plate with a low outside curve almost every time.

Berra tells Stengel that big Bob Wiesler is as fast as anybody he has caught or hit against. Like practically all young left-handers, Wiesler is on the wild side, but he struck out 277 while walking 168 for Joplin, winning 15 with an ERA of 2.35, despite being out for a month with a broken jaw.

Jackie Jensen has tremendous possibilities in the outfield. When Stengel ran short of catchers, he brought in Gus Triandos, as big as Ernie Lombardi and who hit .363 in the Canadian-American League.

Jerry Snyder has a terrific pair of hands at second base. Stengel hesitated about sending out Andy Carey, a rangy infielder fresh from the Saint Mary's campus. Jim Brideweser, the talk of the St. Petersburg camp a year ago, attracted little attention this trip, after shortstopping superlatively and batting .310 in this Eastern League.

The Yankees can afford to send out players other major league outfits would have to keep. They're loaded, as the say in football.

A fourth-inch pipe will carry about 16 times as much water as a one-inch pipe.

Basketball Rules Get Going Over From Law Makers

MINNEAPOLIS (AP) — Basketball's law makers are studying possible rule changes today that would increase the severity of the penalty for a personal foul and also would change the college game from two 20-minute halves to four 10-minute quarters.

The joint rules committee, which establishes the code for the game, is made up of representatives from the NCAA, the YMCA and the Canadian basketball group.

A questionnaire sent out by the committee brought answers to show that college and AAU coaches, where the game is played in halves, preferred the quarter system which prevails in high schools, the pro ranks and in some YMCA contests. The rule is expected to be changed sometime today.

Action is not expected on increasing severity of the penalty for a personal foul although J. Mark Good of Williamsport, Pa., chairman of the group, said there was considerable sentiment for it.

Kelton Nine Meets Allison Team Today

WHEELER (Special) — Allison will host the Kelton baseball team today in the South Half of District 2B's play off. The winner of the south section of the district will meet the winner of the west part on May 5, and the winner of the north half on May 15 to decide the district champion.

March 29 — Kelton vs. Allison at Allison at 1 o'clock.
April 6 — Mobeetie vs. Kelton at Kelton at 2:30; Wheeler vs. Allison at Wheeler at 1.
April 13 — Wheeler vs. Kelton at Wheeler at 1; Allison vs. Briscoe at Briscoe at 1.
April 20 — Mobeetie vs. Wheeler at Mobeetie at 2:30; Kelton vs. Briscoe at Kelton at 1.
April 27 — Mobeetie vs. Allison at Allison at 2 Wheeler vs. Briscoe at Briscoe at 2:30.

Lefors Has Eight Regulars Back For 1951 Grid Season

LEFORS (Special) — The Lefors Pirates opened their 1951 spring football campaign Monday. Gridders checked out uniforms and spent 90 minutes taking exercises.

Graduation is taking three key men out of the starting lineup. Missing are Jene Jennings, Don Stokes and Ray Timmons. The 185-pound Timmons will have a gap at the guard slot, and Stokes, 285-pound tackle, leaves quite a hole in the Pirate forward wall.

Coach Mac Winter will have to do some searching to fill the shoes of Timmons at the half-back position. Timmons received a starting role last year when McIntire was injured.

The Pirate mentor will lose Melvin Bigham, regular left end, who had to quit school recently. Bigham was to be moved up to fill giant Stokes' shoes.

The injury bug struck early as Russel Herring, a letterman end, dislocated his right shoulder while jumping. He will miss spring practice.

Lefors has eight returning regulars build its 1951 grid around. Returning are: Jim Doom, right end; Bob Clemmons, center; Ed Wiggins, left guard; Gordon Rutledge, left tackle; Bill Watson, fullback; Ray Dickerson, fullback; Joe David, a m.r.t. in blocking back; and Blackie McIntire, wingback.

Winter also will have two defensive regulars back: Bob Clemmons, linebacker and Joe Archer, defensive end. Along with this group are nine returning lettermen: Eddie Bennett, Hugh Bravly, Dickie Maples, Freddy Bristic, Billy Kinde, Don Howard, Dickie Redus, L. B. Coberly, and Bill McCarley. New men reporting are: Wayne Simms and Doug Nunly.

Coming up from last year's sports high team will be a whole lot of boys. They include: Eddie Clemmons, Kenneth Cox, Jim Libby, Franklin Hankins, David Bronner, Don Davis, Dickie Phillips, R. J. Wooten, James Jolly, Darrel McKnight, Teddy O'Idham, Phillip Earhart and Bob Mayberry.

LEFT-HANDED DEAN — The St. Louis Cardinals appear to have a left-handed Dizzy Dean in Wilmer David (Vinegar Bend) Mizell. The six-foot five-inch, 205-pound, 20-year-old Alabamian posted 17 victories against seven defeats for the Class B Winston-Salem club last season. (NEA)

White Sox Check New York Yankees At Phoenix, 10-8

(By The Associated Press)
PHOENIX — (AP) — Mickey Mantle, the New York Yankees prize rookie, got a single and double, and drove in three runs, but the Yanks were beaten by the Chicago White Sox yesterday, 10-8.

LAKELAND, Fla. — (AP) — Billy Hoelt is making a big jump for a kid of 18.
The 18-year-old southpaw pitcher from Oshkosh, Wis., is going to make the trip home to Detroit with the Tigers when the squad breaks camp.
Hoelt has been so impressive that Manager Red Rolfe says he wants him around for a time yet.

BRADENTON, Fla. — (AP) — Boston's battling Braves sported the best winning record in Florida's grapefruit circuit today as they went after their 13th victory against the Philadelphia Phillies here.

Billy Southworth's squad has shown great late inning strength in taking a number of close games and yesterday's 3-2 win over the Phils was the 10th in the last 12 games.

SARASOTA, Fla. — (AP) — Mel Parnell and Willard Nixon will divide the pitching chores for the Boston Red Sox today against the Washington Senators in Orlando.

PHOENIX — (AP) — The Chicago Cubs today open a two-game series with the New York Yankees, a team they haven't faced since losing four straight to the Bombers in the 1938 World Series.

EL PASO — (AP) — The position of Gus Zernial as a regular in the Chicago White Sox outfield is getting shaky.
The slugger probably will start the season in left field, but he will be under pressure to prove himself. Hot on his trail is Eddie McChes, 24-year-old rookie who notched .332 for Memphis last year.

WEST PALM BEACH, Fla. — (AP) — Jimmie Dykes, manager of the Philadelphia Athletics, is planning to give his rookies a chance tonight against the West Palm Beach Indians of the Florida International League.

CLEARWATER, Fla. — (AP) — Outfielder Dick Sisler will be lost to the Philadelphia Phillies for several days because of a twisted left knee.

Sisler was injured sliding into second in the fifth inning of yesterday's game with the Boston Braves. The Braves won 3-2.

DELAND, Fla. — (AP) — General Manager Branch Rickey of the Pittsburgh Pirates today expects to get his first look at nine Buc minor league farm clubs in training here.

On tap at two camp leagues games and a tilt between the New Orleans Pelicans, a Pirate farm club, and Louisville.

TAMPA, Fla. — (AP) — The Cincinnati Reds farm affiliates should get some encouragement from yesterday's 13 to 2 Redleg victory over Indianapolis of the American Association.
Manager Luke Sewell gave sev-

HIDEAWAY—George Earnshaw shows an aptly-named recruit, Bill Fogg, a few tricks in the art of hiding the ball from the batter. Earnshaw, who pitched so mightily for the Athletics, is teaching the Phillies' pitching Whiz Kids at Clearwater, Fla. (NEA)

eral of his rookies a chance and they came through nobly. Outfielder Bob Hazel blasted three Indianapolis pitchers for two doubles and two singles.
Pitchers Dave Jolly and Rudy Minarcin allowed only two hits each as they split five innings.

TUCSON — (AP) — Orestes Minoso has been a batting phenomenon with the Cleveland Indians this spring, but the question of where to play him looms big today.

Minoso wants to play third, but Manager Al Lopez has a good third baseman in Al Rosen. Because of Minoso's hitting ability, Lopez had hoped to convert him into an outfielder.

EL PASO — (AP) — The St. Louis Browns and the Chicago White Sox open a four-game exhibition tour through Texas today with Sid Schacht due to pitch for the Browns in El Paso.

Other games will be at Alpine Friday and San Antonio Saturday and Sunday.

ST. PETERSBURG, Fla. — (AP) — One spot where St. Louis Cardinal Manager Marty Marion doesn't have many worries is behind the plate.

Joe Garagiola, out much of last season with injuries, pounded out two triples and two singles in four trips yesterday, and acted right at home catching.

MIAMI — (AP) — Roy Camp-

NCAA Swimming, Diving Meet Opens In Austin Tonight

AUSTIN — (AP) — The first National Intercollegiate Swimming and Diving Meet ever to be held in the Southwest opens here tonight with more than 100 aquatic stars on hand.

Leading off in the only event tonight, the 1500-meter freestyle race, will be records last year at 18 minutes 38.3 seconds.

With 33 colleges and universities entered, the meet this year is expected to be another battle between Yale and defending champion Ohio State for team honors.

Most of the teams had arrived by last night, Hank Chapman, University of Texas coach and meet manager, said. Early practice performances in Gregory Gym pool promised a record-breaking and free style relay.

Intercollegiate, and NCAA record holders will compete.

The pool has been shortened from 100 feet to 75 feet to meet NCAA standards. A bulwark for extra bleachers was set up over the unused end.

The teams move into preliminaries tomorrow morning and afternoon in one-meter fancy diving, the 50-yard freestyle, 200-yard backstroke, 220-yard freestyle, 200-yard breaststroke, and the 400-yard free style relay.

Finals are tomorrow at 8:30 p.m. Saturday prelims will be held in three-meter fancy diving, the 100-yard backstroke, 100-yard breaststroke, 100-yard freestyle, 150-yard freestyle, 150-yard backstroke, 100-yard medley relay races. These finals are Saturday at 8:30 p.m.

Harlan Makes All-Star Team

ABILENE — (AP) — Texas A&I's Harlan Huijter was the only repeater on the All-Texas Conference basketball team announced today.

Howard Payne and McMurry each had a pair named to the mythical team, boosted to seven because of a three-way tie for the fifth position. Champion Austin College placed one, as did Abilene Christian College, Southwestern University, did not place.

Dick Richey, McMurry forward, led the balloting with 11 votes out of a possible 12. Damon Miller, 6-5 center from Howard Payne, was the only freshman to make the team. Abilene Christian's Oscar Dorsey was the only senior.

Rounding out the first team were Carl Jowell of McMurry, Bill Walls of Howard Payne and Dempsey Watkins of Austin. Coaches selecting the team were A. B. Morris of ACC, Bryon Gilbreath of Austin, Bill Hinton of Howard Payne, Mel Jolly of McMurry, Ted Bare of Southwestern, Stewart Cooper of Texas A&I.

Abilene Track Team Is Ready

ABILENE — (AP) — With six performers, Abilene Christian College is expected to be in the money in four events of the Texas Relay, April 6-7.

Coach Oliver Jackson will have runners in the College Division mile and sprint medley relay races and in the pole vault and javelin.

After years of success with its relay teams, A.C.C. this season has started capturing track and field meet championships outside its own Texas Conference. The Wildcats took the Southwestern Recreation Meet in Fort Worth. Howard Payne, ACC's perennial Texas Conference rival, was beaten 71-56 in a dual meet, pointing to a second successive conference flag for A.C.C.

Coach Swaps Schools

LONGVIEW — (AP) — Joe Berry Floyd, Avinger High coach, has been named coach of Judson High School. He succeeds Forrest Covin who resigned to enter the insurance business.

TEED OFF — Wearing the latest design in a sport shirt, Jimmy Demaret drives at Palm Beach, Fla. Fined by the Professional Golfers' Association for playing in the Mexican Open, the Houston professional has quit the tournament circuit. He says he'll play only in the Masters, Goodall, United States and British Opens, (NEA).

Azalea Open

WILMINGTON, N.C. — (AP) — Carrier and Lloyd Mangrum, the two dead-eye dicks when it comes to nailing down golfing money, carried their rivalry through Wilmington for the \$10,000 Azalea Open Tournament which began today.

Farrier, who has picked up \$7,400 this month with three victories in Florida and a second at Greensboro three days ago, has passed Mangrum in the money race. The big San Francisco has won \$9,882 this year to \$8,611 for Mangrum.

They'll have their hands full with the rest of the sharpshooters however, who include such golfers as Cary Middlecoff, Lew Worsmah, Johnny Palmer, Clayton Heasler, Marty Furgol, Ed Furgol and Art Doering, winner of the Greensboro open on Monday.

Scene of action is the par 72 Cape Fear Country Club Course, 6,795 yards of trouble.

Four 36-hole days will carry through Sunday, with \$2,000 top money to the winner.

Gambler Ready To Talk To Wilson

CHICAGO — (AP) — A Milwaukee sports gambler says he will tell Big Ten Commissioner K. L. (Tug) Wilson the name of a Western Conference basketball official he accuses of "irregularities" and back up the charge with "iron-clad proof."

The admitted gambler is Sidney A. Brodson. He testified before the Kefauver Crime Committee in Washington, D. C., last Saturday about his, and other gamblers' suspicions of a Big Ten official.

Wilson said he is willing to meet Brodson in Chicago to discuss the allegation. He has asked the crime committee for a copy of Brodson's testimony made under oath to review before the meeting.

"The fact that the 'suspicions' of an admitted gambler have been given wide attention and distribution is very regrettable," said Wilson in a prepared statement. "I, as commissioner, am determined to investigate the entire matter as rapidly and thoroughly as possible and I am already in contact with the Senate committee."

Brodson said in Milwaukee last night that he is willing to disclose the official's name to Wilson, and "would like to cooperate as much as possible."

"I prefer to learn the meeting for a week or two. I am on the front page right now and would like to get off," Brodson said.

Brodson explained one reason for his suspicion. "Although it was almost impossible to learn until late of the day of a game what Big Ten officials were assigned to work," he said. "I noticed that always around 4:30 p.m. there was a lot of betting on the game the suspected official was working."

"Most of the money came from the East. This happened so often when this referee was assigned a game that I became suspicious and would lay off his games. There were many other gamblers who did the same."

Eight Colleges To Take Part In Meet

SAN MARCOS — (AP) — Eight colleges will participate in a track and field meet here Saturday. Three conferences will be involved.

Sam Houston State, Stephen F. Austin and Southwest Texas State of the Lone Star Conference; Texas A&I and McMurry of the Texas Conference, and University of Houston and Trinity University of the Gulf Coast Conference will enter teams. Texas Lutheran, an independent, also will compete.

Texas A&M Thinclads Engage LSU Runners

COLLEGE STATION — (AP) — Aiming for their fourth straight one-sided victory, the Texas Aggies take on Louisiana State in a dual track meet in Beaumont Saturday night.

The only other meeting between the two teams was at the Border Olympics in Laredo three weeks ago when A&M was the big winner with 77 1-3 points. LSU was third with 21 1-3 points. Thus the Ags are again tabbed as overwhelming favorites.

SMU Blanks LSU

DALLAS — (AP) — Southern Methodist University's tennis team blanked Louisiana State University yesterday, 6-0.

Sports Round-Up

By HUGH FULLERTON, JR.
NEW YORK — (AP) — An item from Kentucky Derby tub-thumper Brownie Leach says: "The largest number of federal legislators to attend the Derby in many years is expected to see the 1951 running." ... The late Col. Matt Winn, you remember, used to say that just before World War II there were enough senators at the Derby to assemble a quorum ... Apparently the new management is out to beat that record ... And what could be more natural than for the lawmakers to want to learn first-hand about the stuff their committee has been investigating? ... If "bet" wasn't such a horrid word, we'd offer a wager that none of them could get the result to his home town before the local radio heard it ... In Rhode Island the House of Representatives has voted to hike the mutuel take on racing from 11 to 13 1-2 percent. That's just like giving the bookies a cost of living increase.

Bill Henderson, left tackle on Lehigh's undefeated football team last fall, recently was elected captain of the 1952 swimming team ... The announcement at the team banquet came as a complete surprise to Bill, who stumbled to his feet with an amazed "Oh!" ... And from the background he has been investigating he yelled: "Now you'll have to quit football and get down to work."

The recent Indiana High School Basketball Tournament drew 1,282,887 spectators and a \$692,992.88 gross gate in spite of complete radio coverage at all major centers and television of Indianapolis and Bloomington games ... After seeing Bill Hoelt, Detroit's "no bonus baby" pick the Grapefruit League, Leo Durocher raved: "He might be another Feller — maybe better." ... Phil Watson, who coaches the Hockey Rovers, has decided to stop roving and settle down in New York. He plans to apply for U. S. citizenship ... Earl Browder Sr., father of the deposed Auburn football coach, is credited in St. Joseph, Mich., with finding the figures that broke open a \$117,000 swindle case ... After the Rochester Red Wings lost four out of five spring training games, Manager Johnny Keane moaned: "They only bright thing I've seen is Jay Van Noy's play in the outfield. If I saw anything else shining, it was the sun."

Thirty-three year old Zeke Bekeza, who achieved some success last year by pitching, catching, playing at first base, third or in the outfield (not all at once, of course) for Centralia, Ill., in the Mississippi ... Ohio Valley League is back on the job this spring ... Easler being a .300 hitter and second-best home run swatter in the circuit, Zeke is general manager, business manager and field manager and sells ads for the park fence and scorecards.

The Wenatchee, Wash., club of the Western International League plans to reverse the usual procedure by going north for spring training ... to balmy British Columbia ... And Al Weill takes off Saturday for a five-week vacation in Miami and Nassau ... The managers' "guilt" sends a farewell message: "Al's Weill that ends Weill."

Michigan State will play host to the national collegiate boxing championships next April 5, 6 and 7.

About Time To Give Businessmen A Break

The proverbial "tired businessman" is a reality in Pampa about the time various organizations begin fund raising campaigns. Being civic minded and anxious that the organizations have enough money to carry out worthwhile projects, the businessman consents not only to donate to the effort, but also to devote his time to soliciting.

That done and the campaign over, he usually isn't given any time to relax, for along comes another drive, and another... and another.

On April 15 all clubs and organizations in the city are invited to send a delegation of five to a community-wide meeting to discuss the advisability of forming a Community Chest in Pampa.

The chamber of commerce took the initiative in arranging the meeting in response to many requests for such an event.

A Community Chest, properly organized and operated, would doubtless perform a valuable service to Pampa, not only in increasing the efficiency of fund drives, but by eliminating the thousands of man hours now wasted in duplication of effort when one campaign follows hard on the heels of another.

Features such as voluntary payroll deductions, pledges, and concentrated, organized soliciting have proved their value many times over in cities and towns where a Community Chest is operating.

It's almost certain that these "tired businessmen" who devote so much of their time to civic effort will see the value of a Community Chest, not only because it will do away with time-wasting, but because it will tend to put the whole local fund raising effort on a practical, businesslike basis.

Those who doubt the value of Community Chest would be wise if they learned all the facts before deciding against it. A check with other communities where a chest organization is operating will show that it has been successful in most instances.

It's hard to argue with success.

So They Say

If the free world fails to rally to the support of one of its stricken members then one by one others would be struck down and military despotism... would lose all sense of restraint.

Alongside the United States and Great Britain all the democracies will join their efforts to insure the triumph of the forces of peace.

Former French Premier Henri Queuille.

WASHINGTON—(NEA)—When President Truman at Key West said his house was clean and always had been, he was covering quite a lot of ground.

Senator Knowland was complaining about the Maj. Gen. Harry Vaughans, the Donald Davsons, the E. Merl Youngs and the RFC directors whose antics have been the subject of so much Senate investigation.

There are more than 1500 people in what's known as the Executive Office of the President. This includes the White House guards, gardeners, domestics, clerks and secretaries— with and without mink coats.

Fair Envoys

By WESTBROOK PEGLER

The Kefauver and Fulbright committees have done good work and the public is the better off for their efforts. They have made it known nevertheless that some congressional investigations are ineffectual in the most literal sense of that word.

Otherwise, the time may come when "good" citizens will get the works. Indeed, good citizens have been given the works by the committees and that abuse is the subject of these commentaries on the misconduct of congressional inquiries.

Whole truckloads of private documents are seized without the slightest warrant under law.

Richard Rollins, of Boston, now a chewing gum salesman, a liar and thief, by his own written boast, acquired the credentials of the old Dickstein committee and, for a time, was chief of a nasty private Gestapo run by one James H. Sheldon, who, in turn, is a stooge for Isidore Lipschitz, the boss of the non-secretarian Anti-Nazi League and the Society for the Prevention of World War III.

During World War II Rollins naturally drifted into the OPA where he had for a colleague an old jailbird named Joe Brandt who has a pardon from ex-Governor Lehman of New York.

Brandt, who has a background of such Gestapo activity, the powers which such men enjoy when they hold credentials from the OPA or its present successor, which also is packed with questionable characters, are a menace to all decent citizens, especially those who oppose the Communist treason.

Brandt was loath to give up his OPA credentials when he was "separated" from that service, and his superior in the OPA had to appeal to Frank Hogan, the district attorney of New York, to make him surrender them.

These papers roughly resembled those carried by agents of the FBI. Last summer the Buchanan committee of the House ran a fake investigation of "lobbying" the hidden purpose of seizing papers of patriotic organizations and revealing their contents to other societies which opposed their work, including the Anti-Nazi League.

The committee pointedly ignored the Anti-Nazi League and many others like it and wound up its disgraceful investigation with a report of 565 pages, including 363 pages of private correspondence of the National Economic Council which frankly advocates Constitutional government and patriotism.

Merwin K. Hart, of New York, the president of the council, regards himself as a man with a mission. The familiar Communist cries of "hate-monger" and "Fascist" have been raised against him, but the fact stands out that he is a law-abiding citizen whose private papers were unlawfully seized.

Harry S. Berger, a Washington lawyer, charged that information of the correspondence was fished from the files of the council by a faithless confidante, planted in Hart's employ. Mr. Hart evaded a statement as to this, apparently wary of a trap to get him

of state (Acheson) and defense (Marshall). His executive secretary is now James S. Lay, Jr., Adm. Sydney W. Souers, a Missouri crony of the President's, formerly had this job and before that he was Director of Central Intelligence. The President still consults him. The President also consults Fleet Adm. William D. Leahy, former Presidential Chief of Staff, though he is officially retired.

SOME COME DAILY The President sees C. E. Wilson practically every day they are both in town. Secretaries Acheson and Marshall, Chairman Symington of NSRB, and Chairman William J. Boyle of Democratic National Committee have standing weekly appointments with the President, see him often on special appointment.

Success Secrets

By DEWITT MACKENZIE

There is a positive and a negative approach to "self-improvement."

About a year ago I weighed 150 lbs. and lost 240 pounds. My doctor had told me I "ought to" reduce, but I never managed to stick to diets. Dieting was to me a distasteful "duty," something "unpleasant" doing without things.

Then one day a friend said to me, "I wonder if you realize how you're cheating yourself, carrying all that extra weight around?" I was cheating myself of the pep and energy I'd have if I'd stop carrying around that extra 40 pounds, he said, and besides, "people are beginning to check you 'The Fat Boy' behind your back."

I saw reducing in a different light. Now it was a means of gaining pleasure and avoiding the unpleasant. I decided I'd make reducing as pleasant as possible. I read all I could find—not on diet—but on nutrition. I talked to a dozen or more doctors. I found to my surprise I could have all I wanted to eat of really enjoyable food by "editing" calories much as a publisher edits out extra words without harming the meat of the story.

I searched for other things to make reducing a pleasure. If I were successful, I thought, I would write a book called "The Fat Boy's Book" get back at my name-caller, and draw down royalties too—a most pleasurable thought. The upshot of it all was I lost the 40 pounds. I got back my pep, I wrote "The Fat Boy's Book," the royalties are coming in—and it was all a most pleasurable experience. It became amazingly easy when I developed the positive approach.

If you would like a free copy of my calorie-counting card that I used to edit my calories, write me in care of this paper, enclosing a self-addressed, stamped envelope.

WASHINGTON—(AP)—An instructor at the Army's command and general staff college says too much information is withheld from the public on the pretext that releasing it would be against the national interest.

The opinion was stated by Lieut. Col. Richard W. Whitney in the current issue of "Military Review," printed at the school, at Fort Leavenworth, Kas. The editor noted that Whitney's views were not necessarily those of the Army or the college.

Whitney wrote there "is a natural tendency in high places to place security classification on much information and intelligence which would better serve our national interests if it were also made available to the public."

"Plainly speaking," he continued, "there are persons whose thought processes run in this fashion: 'Someone might think this document should be classified so I'll just protect myself and stamp it secret now.' Or 'it was marked confidential when it arrived from Paris, so why should I go to the trouble of getting it downgraded?'"

"No one can dispute the value of security, but there is much evidence to support the contention that a blind and ruthless application of security to information or intelligence can deprive us of much of its value," Whitney defined information as he considers liberty to be superior to its alternative—slavery in its various forms.

Whitney defined information as he considers liberty to be superior to its alternative—slavery in its various forms. Why does he believe it to be superior? Because it is more just, more in harmony with the design of a good society, more productive.

British To Burn Village As Punishment For Aiding Reds

By DEWITT MACKENZIE

From Singapore come news that the village of Jenderam, British Malaya, which housed 1,500 people, is to be burned as punishment for aiding Communist terrorists.

The inhabitants have been interned. All livestock and personal property have been removed and sold, the proceeds being divided among the evacuees. The next step will be to put the torch to the village.

Correspondent Larry Allen in Singapore, reports the British are convinced Jenderam has been the focal point for terrorist activities in the state of Selangore. He says it long has been a village of silent, sullen people and its reputation steadily has gone from bad to worse.

This sort of punishment may surprise some of the western world. Still, it's not uncommon in the Far East, where many native populations are largely primitive people who are regarded as not being susceptible to persuasion by argument.

I first encountered this type of first-hand punishment some 35 years ago (man, how time does fly) on the northwest frontier of India, by the famous Khyber Pass. The border region between India and Afghanistan in this desolate area was inhabited by Mohmands, a tough and primitive Pathan tribe, who through the generations had been trouble makers—and still are.

A good many Mohmands long have lived close to the mighty Khyber Pass, through which the British constructed a military road leading to the strong fort at Landi Kotal near the Afghanistan border. The lone white man who ventured to travel the pass alone was either very brave or very reckless, because the Mohmands used to lurk among the rocks ready to put a bullet into the unwary passerby.

More to the point, these tribesmen were constantly raiding British settlements near the big city of Peshawar which is not far from the Khyber's entrance. Robbery was common and murders not uncommon.

The tribesmen were so clever at their trade that they could steal a blanket from beneath a sleeping man without waking him, as I probably have mentioned in this column before. Oh yes, they could, and it's a good trick if you can do it.

Army Officer Says Too Much Material Classified As Secret

By CLARKE BEACH

WASHINGTON—(AP)—An instructor at the Army's command and general staff college says too much information is withheld from the public on the pretext that releasing it would be against the national interest.

The opinion was stated by Lieut. Col. Richard W. Whitney in the current issue of "Military Review," printed at the school, at Fort Leavenworth, Kas. The editor noted that Whitney's views were not necessarily those of the Army or the college.

Whitney wrote there "is a natural tendency in high places to place security classification on much information and intelligence which would better serve our national interests if it were also made available to the public."

"Plainly speaking," he continued, "there are persons whose thought processes run in this fashion: 'Someone might think this document should be classified so I'll just protect myself and stamp it secret now.' Or 'it was marked confidential when it arrived from Paris, so why should I go to the trouble of getting it downgraded?'"

The Doctor Says

WRITER FOR NEA BY EDWIN J. JORDAN, M.D.

Almost anything would be easier to discuss than leukemia. This is a condition which sometimes called cancer, because like the latter disease the cells multiply and grow wild. But unlike most cancers, leukemia often attacks in youth and childhood; perhaps nothing is so distressing to a family and to doctors.

Leukemia used to be considered a rare disease, but many of those interested in it have felt for the last 20 or 30 years that it was increasing. In fact, there are several signs leading to this conclusion and indeed the rate of increase seems to have been all too rapid.

There are several forms of leukemia but it is not possible to discuss them all here. In all of them, however, the difficulty lies in the manufacture of abnormal white blood cells or leukocytes which are shoved into the blood, usually in excessive numbers.

The disease almost always produces anemia, too, because the manufacture of red blood cells is interfered with. Among other common effects of the disease are lessened resistance to infection, a tendency to easy bleeding, and interference with some of the functions of other tissues.

Again, like cancer the exact cause of leukemia is not clear. As in cancer there is some tendency for leukemia to run in families but this is meaningful at all, is a lowered resistance to the disease rather than a true inheritance.

Another influence which may possibly have to do with developing leukemia is overexposure to X-rays. This does not mean that an X-ray film or two would cause any trouble, but physicians specializing in this field seem to have had more leukemia, for example, than those whose work has not brought them in contact with X-rays so much.

We should aim at being able to prevent leukemia entirely, but for the time being that happy event seems to lie rather far in the future. But treatment looks most hopeful.

In some kinds of leukemia X-rays or radium have produced good improvement. Phosphorus which has been made radioactive has also been used. Blood transfusions and the use of penicillin or its relatives to control infection help a lot.

Experiments are going on constantly with these methods and others. Even if the first big step is only one which makes it possible to turn an acute leukemia into a chronic one we shall have to recognize progress.

A prominent investigator of this disease recently stated that he knows a patient who had chronic leukemia for 23 years and when last seen was still engaged in the practice of medicine.

WITHOUT earnestly contending and protesting men of good will, LETTERS FROM READERS

I wish to take this occasion to thank every one of the good people who write to me or who write letters to their newspapers regarding this column. Every letter is carefully read, I assure you, but I simply can't get around to answering all of them personally. This is to let you know that I surely appreciate those letters, however, along with suggestions and sometimes clippings and data on subjects sent to me. If you haven't received acknowledgement of your correspondence, please consider this a note to YOU. Bless every one of you who take the trouble to give me the benefit of your views. Maybe someday we'll have a secretary or two and will be able to write to everyone.

Parisian Public Goes In For Type-Casting In Music Drama

By ROSETTE HARGROVE

PARIS (AP)—The Parisian public will soon be able to judge whether pint-sized Edith Piaf is as talented an actress as she is a realistic singer.

EDITH PIAF—For this sparrow, a happy ending.

Author Marcel Achard says Piaf is a natural. He declared that from the very first rehearsal she instinctively responded to stage directing.

Broadly speaking, the musical is written around the theme of the eternal lovers, Tristan and Isolde.

Co-starring with Piaf is Robert Lamoureux, another newcomer in the theatrical world.

Also in the cast is Eddie Constantine, an American, born in Los Angeles, Constantine was a radio performer over the national network.

In "La P'tite Lili," Praline's role consists merely in looking chic and beautiful in a stunning evening gown and saying, "Do you love me?" and "Okay" with a fascinating French accent.

In "La P'tite Lili," Praline's role consists merely in looking chic and beautiful in a stunning evening gown and saying, "Do you love me?" and "Okay" with a fascinating French accent.

Crude Production In U. S. Hits Slump

By SAM DAWSON

TULSA — (AP) — Daily average production of domestic crude oil hit a 2,200-barrel slump during the week ended March 24, dropping to 5,962,975 barrels, the Oil and Gas Journal reported.

Leading the decline were the Appalachian fields, down 2,475 barrels to 61,225 barrels, and Kansas, off 2,200 barrels to 314,800.

Topping the areas which reported increases were Colorado, up 2,800 barrels to 81,400, and Oklahoma, up 2,600 to 801,400.

Other gains were Indiana and Wyoming, each up 600 barrels to 27,000 and 193,900, respectively.

California, up 800 to 968,800; Louisiana, 250 to 610,000; Nebraska, 200 to 10,400, and Arkansas, 50 to 78,950.

Production was unchanged in New Mexico, 141,000 barrels, and Texas, 2,616,550.

Government statistics tend to bear this out. Organized labor has been critical of any control over wages as long as food costs go up.

Many farm organizations object to any subsidy plan. And livestock raisers are particularly critical of any attempt to control prices at the ranch and feed-pen levels.

They contend that price ceilings, if imposed, would lead to a shortage of food.

Food Controls

By SAM DAWSON

NEW YORK — (AP) — Food price controls may raise as many disputes as they allay.

The most ticklish subject—meat prices—are left out of the orders the Office of Price Stabilization has issued.

The housewife should be pleased if the rulings to limit grocers' markups on about 60 percent of the food they sell will mean a halt in rising food costs.

Many farmers are set against controls on foodstuffs at the farm level, saying that more production is the only cure for

Insurance Men Oppose Change In Deductible Plan

By SAM DAWSON

MEMPHIS — (AP) — Members of the Pampa Insurance Exchange have gone on record as being unfavorable to the elimination of the \$100 deductible clause, applicable to windstorm, hurricane, tornado and hail which has been mandatory since September, 1946.

By action of the Texas Board of Insurance Commissioners, the \$100 deductible clause may be eliminated effective April 1.

Meeting this week, Pampa Insurance Exchange members gave their opinion that the cost to remove the \$100 deductible clause was too high, and they did not feel they could recommend it to their clientele.

Ancient Corn Found On Village Site

By SAM DAWSON

PEORIA, Ill. — (AP) — The oldest corn ever found in Illinois is being studied by the University of Illinois college of agriculture.

The corn — more than 800 years old — was unearthed on a farm in north-west Calhoun county. It was found on the site of an ancient Hopewell Indian village.

Swiss Comedians Amuse Americans

By SAM DAWSON

ZURICH, Switzerland — (AP) — Night-club entertainment in perfect English by entertainers who don't really understand a word of it is currently amusing American tourists at Switzerland's low-budget "cabarets."

Poking fun at Hollywood glamour girls, the teen-age set, romanticized "private-eyes" and other familiar U. S. types are night-club stars who learned correct accents and gestures from frequent movie-going.

THE GOVERNOR'S SPEECH WAS SENSATIONAL, UNCLE PHIL! I WENT OUT AND GOT ALL THE PAPERS!

OOOH! I DON'T FEEL LIKE READIN', MICHAEL!

THAT'S PROBABLY MR. CLANCY-- TO REPORT ON IT!

THE GOVERNOR WOULD'VE LIKED TO SEE PHIL-- BUT HE NEVER HAD THE MUMPS, SO HE COULDN'T TAKE THE CHANCE!

OF COURSE NOT!

AND HE ALSO SAID TO TELL YOU THAT MR. GIGGLEHEIMER HAS INVITED ALL THE DELEGATES TO A LUNCHEON AT THE BREWERY TODAY!

OOOOOH!

3-29

Penny

'LO, PENNY.

'LO, BEVERLY... DIDN'T I SEE YOU WITH TOM TODAY?

SURE, I WAS WITH HIM.

BUT YOU TOLD ME THAT TOM GAVE YOU THE AIR LAST WEEK.

THAT'S RIGHT... HE UTTERLY AND COMPLETELY JILTED ME.

WELL, HOW COME YOU STILL GO OUT WITH HIM?

HE GAVE ME TWO WEEKS NOTICE.

FUNNY BUSINESS

By HERSCHBERGER

THE BIG NIGHT HAS ARRIVED. THE GIRLS, IN THEIR PARIS GOWNS, ARE LOOKING FORWARD TO AN EXCITING EVENING. LARD AND FRECKLES ARE HOPEING FOR THE BEST.

HERE WE ARE, GANG!

ANYBODY GOT A CAN-OPENER? I'M STUCK!

THE SILVER SLIPPER

3-29

ANYBODY GOT A CAN-OPENER? I'M STUCK!

WHILE LARD AND FRECKLES SHOOT BIRDS, JO BUYS AT THE SILVER SLIPPER. HEARD THE USURER, FIGURES UP HIS PROFIT! I'LL COST THEM \$10 TO GET IT BACK-- MAYBE I'D BETTER MAKE IT \$11!

3-29

"It's a portable booth--when customers can't understand directions, it goes with them!"

Lonely Island Scot To Have New

DES MOINES — (AP) — A Scot on lonely Tristan de Cunha Island in the south Atlantic will soon be the best dressed man on the island, thanks to an Iowa utilities executive and an Iowa banker.

Last December the cruise ship Caronia anchored off the island, sometimes called the "world's loneliest outpost." Ben Webster, Iowa Utilities Association, was Des Moines, secretary of the one of the few passengers who risked the rough trip ashore in one of the small boats in which the islanders rowed out to meet the ship. Webster's "native" roommate, William Gordon Glass, confided the thing he wanted most in the world was a new suit of clothes. This Webster promised to send.

Back in Des Moines, Webster sized up Albert Robertson, first vice president of the Iowa-Des Moines National Bank and Trust Company. Webster knew he had the problem solved. "Got an ex-

JOHNNY MACK BROWN "SEX GUN MESA"

And Actress

By BOB THOMAS

HOLLYWOOD — (AP) — Here an Oscar nominee who attributes her performance to being pregnant. This mother is Eleanor Parker, one of the five actresses in the running for the top Oscar award tonight. She was expecting her second child while making "Caged," which won her the nomination (and the Venice festival award for the world's best female performance last year).

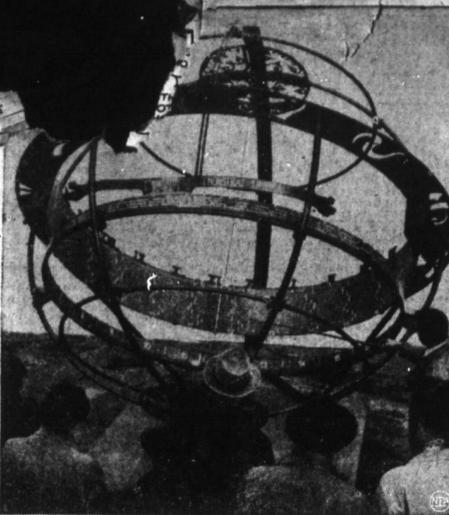

Like all award winners, Miss Parker thanks the script writer, director, photographer, producer, makeup man and press agent. But she also hints that being with child helped her role.

"I think having a child is closely akin to the work of an actress," she explained. "Both are creative functions. Having a child is the most wonderful thing that can happen; it gives you a great thrill to know that you are giving life to another person. That creativeness is bound to show in your work."

"Also, I am one of those lucky women who feel perfectly wonderful when they're pregnant."

Miss Parker is so enthusiastic about motherhood that she wanted to have 10 children. Her husband, producer Bert Friedlob, doesn't share this estimate and is holding out for four. His wife has come down to six. They now have two girls.

Miss Parker doesn't hold much hope for her chances in the annual Oscar awards. "I'll be there," she assured, "but I don't expect to go home with an Oscar. I can't quite decide who will win it. A few months ago, I thought Gloria Swanson was a cinch. Now I'm not sure. Bette Davis might walk away with it. Or Judy

OODLES OF TIME—Time is of the essence in this big, new 2500-pound brass sun-clock, which will top a small hill in a Frankfurt, Germany, park. The complicated clock not only shows local time, but also the time in major cities all over the world. Signs of the Zodiac encircling it portray the course of the sun during the year. (Photo by NEA-Acme Staff Photographer Klaus Guenter Hett.)

Life Expectancy Increases In U. S.

NEW YORK — (AP) — In 1949, the life expectancy at birth of American wage earners and their families is now 67.7 years. This is an increase of half a year over the average expectancy of 1948, reports the Metropolitan Life Insurance Company. The figure is five years higher than 1939, and nearly double that of 60 to 70 years ago.

Nehru Criticizes MacArthur's Plan

NEW DELHI — (AP) — Prime Minister Nehru today criticized General Douglas MacArthur's recent peace talk offer to the Korean and Chinese Communists as an "extraordinary development fraught with grave consequences for all countries concerned."

"Certainly no field commander is going to lay down the policies of the government of India," Nehru said in a foreign affairs debate in parliament.

"Political policies," he continued, "are laid down by governments, not commanders in the field."

MacArthur in a statement last week said he was ready to confer with the enemy commander in chief "to find any military means whereby the realization of the political objectives of the United Nations in Korea might be accomplished without further bloodshed."

Austin Couple Burn In Auto Accident

FLORESVILLE — (AP) — Mrs. Guida Maud Wright, 50, was burned to death and her husband, Troy Wright, 53, seriously burned in an automobile accident near here last night. The lives in Austin.

Highway patrolmen said the Wrights were driving to Floresville to have the headlights on their car repaired. They were followed by a pickup truck driven by George William Clark of Charlotte.

The truck rammed into the rear of the Wright car when Clark was blinded by the lights of an approaching car and the flames prevented Mrs. Wright from being removed from the car.

The couple was en route to visit his brother, Curtis Wright, in the Verd community, Atascosa County.

EASY to learn to sew... and fun too at your SINGER SEWING CENTER

You can learn to sew in 8 easy lessons at your SINGER SEWING CENTER!

Our expert SINGER sewing teachers will show you how to select becoming colors and fabrics—how to adjust a pattern—how to cut and stitch—how to fit and finish.

And while you're learning—you will actually make a lovely dress!

Phone or stop in today and arrange to join a class in Home Dressmaking.
