Airport, Tax Vote Slated For July 28

The proposed 30-cent ad valorem tax was reduced to 16 cents yesterday by the county commissioners court a few minutes before calling the tax election officially.

The reduction came about two hours after the commissioners were presented 25 petitions bearing 510 signatures of property-owning taxpayers asking that the \$168,700 airport bond improvement election be called. This election was called by unanimous vote immediately.

Both elections, will be held along with the \$200,000 road and bridge repair bond election on July 28.

The commissioners also denied they had made any selection on which route they would take on the farm-to-market road leading to the northwest field, a file of the proposed road.

The drop came after local oil and gas interests, represented by E. J. Dunigan, Jr., Gene Greene of Cabot Co. and Homer Johnson, attorney of Cabot, appealed to the court not to ask for the full 30 cents.

Greene and Dunigan said the assumption tax "actually amounts to double taxation on the oil and gas industry."

Denial of the approach route came after W. A. Noland, mem. (See AIRPORT, Page 2)

Committee Recommends Cut In State Department Funds

WASHINGTON (AP)—The House Appropriations Committee recommended today an 18 percent cut in this year's funds for the State Department, but aimed none of the reduction directly at Secretary Acheson.

Republicans seeking to force Acheson's ouster withheld their fire until the bill financing his department reaches the House floor, probably early next week.

They did not offer in the committee a proposal to prohibit the use of any department funds to pay Acheson's salary during the fiscal year which started July 1. Such a ban probably will be offered during House debate, and Democratic leaders have conceded the vote will be close.

The committee recommended that the State Department be given \$231,432,000 of the \$285,686,476 President Truman requested. That would be a cut of \$52,254,476.

This was a smaller percentage reduction than the committee applied to the 1952 budget of the Commerce Department, whose funds, along with those of the Justice Department and the Judiciary, are carried in the same bill.

The Justice Department was allotted \$181,667,000 of the \$184,356,000 it requested, a cut of 1.1-2 percent.

The Commerce Department was given \$612,698,000 of the \$765,763,925 it wanted, a cut of 20 percent.

The federal Judiciary was cut from \$28,489,740 to \$25,918,115, a 2.2 percent reduction.

The \$1,051,715,115 total in the four-agency measure was \$206,581,026 less than the \$1,258,296,141 the President requested. That is a reduction of about 16 percent.

The committee's action, of course, is subject to approval by the House and then the Senate.

Nowhere in a lengthy written report accompanying the bill did the committee refer directly to Acheson.

The report, written by Rep. Rooney (D-N.Y.), emphasized the need for "a strong Department of State" as "essential not only to the best interests and defense of this nation but also to the maintenance and expansion of freedom throughout the world."

Cease Fire Delegates 'Making Progress' In Armistice Agenda

Joy Demands Talk Be Held To Military

SEOUL, Korea — (AP) — Cease-fire representatives today "made progress toward an agenda to discuss an armistice," United Nations representatives said tonight.

Discussions will be resumed at 10 a. m. Wednesday (6 p. m. Tuesday) CST in Communist-occupied Kaesong.

A communique issued by UN Commander Gen. Matthew B. Ridgway's headquarters said the two opening sessions on Tuesday were held in "an open and formal atmosphere."

At the outset of the talks the five-man UN delegation, announced discussions would be restricted to military matters in Kaesong. He said the allies would not talk about anything else — no politics, no economics, no military affairs elsewhere.

Allied war correspondents were not permitted in Kaesong. They will not be allowed to go Wednesday, either, as planned earlier.

Brig. Gen. Frank Allen, chief of information, announced that plans to send 16 correspondents to Kaesong Wednesday were cancelled because General Ridgway "will do nothing to jeopardize the success of the conference."

He said newsmen would be sent to Kaesong "after the conference is on the track and there is assurance it will stay on the track."

He said Communists had designated a "United Nations House" in the war-ravaged city for the use of UN delegates.

The allies returned Tuesday night by helicopter to their "peace camp" at Munsan without comment.

When they arrived in Kaesong in the morning, the briefing officer said, the UN officers were met by American jeeps which preceded them to the city.

Helicopter pilots had reported the deception was met by 15 jeep loads of Chinese, including some bearing side arms. They said armed Chinese stood guard around the field where the helicopter landed.

L. J. EDMONDSON, new principal; McHENRY LANE, to junior high

Edmondson Named High School Head

School board members named L. J. (Jack) Edmondson principal of Pampa High School last night. Edmondson has been principal of junior high school for three years.

Henry Lane, who has been teaching in high school, will replace Edmondson as junior high principal.

The position in the high school was vacated Saturday when Frank W. Wilson, principal for the past five years, resigned to take a position in the Snyder school.

Wilson will be director of curriculum and instruction over the entire system in Snyder. The change provides a substantial increase in salary, Wilson said.

Both Edmondson and Lane have been with the Pampa School system five years. Lane was principal of junior high school here from 1946 to 1948, when he became instructor in the high school.

Edmondson has been junior high school principal for three years and before that was assistant principal of high school. No assistant principal has been named for the coming term.

The board pointed out it is the school's policy to replace vacancies in the school staff with persons who are already on the staff and have sufficient experience to fill the positions.

Three members of the Board of Equalization met with the board last night for a discussion of what method to use for obtaining money enough to raise teachers' salaries in the Pampa school district. No increase has been made since 1949.

No decision was reached but two methods were discussed. The group found that increasing by ten percent the evaluation of property or having a tax rate election would be the two methods by which the money could be obtained.

A joint session of the Board of Equalization, the school board and the city commission will be held July 17 and the matter will be discussed further.

Let's go Evinruding, Lewis Hardware—adv.

Reds Seeking Control Of Iron Triangle

U.S. 8TH ARMY HEADQUARTERS, Korea — (AP) — Small groups of Reds today infiltrated the old Chorwon-Kumhwa — Pyongyang Iron Triangle on the west-central front.

Intelligence officers said the Reds "want control of this area. They probably are sending down enough men to ambush any of our patrols."

The heart of the triangle is only 47 air miles northeast of Kaesong, where Red and allied negotiators today began peace talks.

Sharp but relatively minor skirmishes dotted the entire battlefield.

B-29 Superforts flew through thick rain clouds and dropped tons of bombs on important Red supply centers at Simpo and Kowon on the east coast of North Korea.

The big planes flew from Okinawa. They used radar to find their targets.

The Communist radio at Pyongyang claimed big victories in both ground and air action.

The nightly North Korean communique, monitored in Tokyo, said Red planes shot down six allied jets. No details were given.

The Red radio also said heavy damage was inflicted on allied ground troops on the central front. It said one UN battalion was "annihilated" and 11 machineguns and four artillery pieces were captured or destroyed.

There was no confirmation of (See REDS, Page 2)

Chapel Services For William L. Smith Of White Deer

Chapel services for William L. Smith, 51, resident of Kingmill, will be held at 10 a. m. Wednesday at the Duengel-Carmichael Funeral Home with Rev. Orion W. Carter, pastor of the First Methodist Church, officiating.

Mr. Smith died Monday afternoon in a local hospital from a heart ailment. Survivors include his wife, Flora; one son, Wayne, Pampa; and two daughters, Eleanor and Dorothy of Kingmill.

Mr. Smith was the Santa Fe agent in Kingsmill for nine years. He had worked with the company for 25 years. He was a member of the Methodist church, Mason Lodge 133 in Cherokee, Okla., and the Pampa Country Club.

A Masonic burial will be conducted at Fairview Cemetery under direction of Duengel-Carmichael. Masons will meet at 9 a. m. at the lodge.

Grand Jury Hears Three In Rustling

Dennis Williams and Leroy Price, both of Canadian, and Hurdle Smith, Glazier, charged with cattle rustling, were appearing before the grand jury in Hemphill County this morning in what was thought would be a long session.

Bill Schaefer, 19-year-old brother of Jimmy Schaefer, charged in Lipscomb County, is the only new arrest in the case. He was charged in Lipscomb County Friday, according to reports from a Canadian spokesman. He is out on \$1000 bond.

The men are charged in connection with a cattle-theft ring broken Thursday by Hemphill and Lipscomb County authorities who believe now that the cattle rustling has been going in the North Plains for as long as three years.

Smith is also charged in Lipscomb County along with the two Schaefer men and L. G. Brown. They are scheduled to appear before the grand jury in that county this week.

Fines Are Imposed On Two For Intoxication

Two \$15 fines were imposed in corporation court today on two local men charged with intoxication.

At the same time two men, on intoxication charges, forfeited \$25 bonds, and another forfeited a \$15 bond.

A man charged with affray, a fight last week, appeared in court today and was fined \$10.

Supply Of Cattle Shipped To Pampa Is Said Improved

Although the supply of cattle shipped into Pampa is still below normal, the situation seems to have improved slightly in the past few weeks.

Shortage of cattle became noticeable when Price Stabilizer Michael V. Disalle issued an order last month rolling back the price of beef on the hoof. The order called for slicing 30 cents of the stockyards price of beef by Oct. 3.

Bill Monroe, 407 N. Purviance, employe at the Panhandle Packing Co., said that the flow of cattle into the larger markets had improved greatly, but that this has had little effect on reduced shipments to smaller markets.

Monroe said, however, that the condition of the cattle shipped to Pampa is good. Most people in this territory prefer good and choice cattle, and that is what they are getting.

Prizes Slated For Every Boy In Soap Box Derby In July

A prize awaits every boy who participates in the local Soap Box Derby to be held July 22, according to Dick Stowers, general chairman of the event.

A long list of prizes have been given for the derby and many valuable items will be given out, Stowers said.

The lucky speedster who captures the local derby, will have a chance at the national prizes when he goes to Akron, Ohio early in August. National headquarters has reported the prize list is bigger and better than ever, including special recognition

Two Pampans Take Part In Honoring Air Lift Dead

Two Pampa men were among the 13 Texans who took part in today's ceremonies of unveiling a memorial to the Texas men who lost their lives in the Berlin Airlift.

The Pampa men in the ceremonies were Capt. Frederick A. Boswell, son of Mr. and Mrs. Charles E. Boswell, 1125 N. Starkweather, and Sgt. Raymond C. Cummins.

Names of the seven Texans who gave their lives to feed Berlin are inscribed on the monument. The only other state with more than two men on the list is Indiana, which suffered four losses.

Pampa Representative To Go To Capital On Spillway Funds

A representative from Pampa will go to Washington this week to appear before the Senate subcommittee on appropriations asking that funds be made available for repair of the McClellan Creek spillway, it was learned following a meeting of the city leaders Monday noon.

A report from Congressman Walter Rogers was read Monday at the regular directors meeting of the chamber of commerce and the board of city development, advising that a Pampa delegate be sent to the nation's capital to appear with Rogers and representatives of the soil conservation board in behalf of the McClellan appropriation.

Rogers explained there was a possibility the bill now before the Senate subcommittee, in support of U. S. soil conservation projects in the nation, would allow designating enough money for this project.

At press time today, it was not known who would make the trip to Washington, but the hearing is set for Thursday and it is believed that a representative will be named late today.

This action followed a meeting held last week when 12 surrounding towns met and approved action in support of repairing the McClellan spillway.

Prior to the discussion, Jimmy McCune showed moving pictures of a series of good will excursions were completed that will include monthly exchange visits between Oklahoma City, Woodward, Enid, Borger, Pampa and Amarillo for a period of five or six months.

The luncheon meeting was held in the Schneider Hotel with Gene Fatheree, president, presiding.

"That sale was awfully heavy, especially with all the money I got from using News Money Ad in it."

WE HEARD...

That one-half gallon of sodium or lead arsenate should be used in the bait mixture to kill grasshoppers. A byphen omitted in Monday's News made the figure read 12 gallons.

Horswill Services Slated Wednesday In Higgins Church

Services for James William Horswill, 65, of Higgins will be held at 4 p. m. Wednesday at the Higgins Methodist Church with Rev. Cecil Ottinger, pastor, officiating.

Mr. Horswill died Sunday at Higgins. Survivors include his wife, Barbara, one son, Edgar, Sheridan, Ore.; two daughters, Mrs. Bessie Cook, Follett, Mrs. Alva Arrington, Amarillo; one brother, R. M. Neilsen, Wis.; and five grandchildren.

Burial will be in the Higgins Cemetery with Duenkel-Carmichael Funeral Home in charge.

Vanpool Elected Head Of Post

WHEELER (Special)—A. O. Vanpool was elected head of West Pasons Post 138 at a meeting this week.

Other officers are Frank Wofford, first vice-commander; A. D. Speck, second vice-commander; Jim Risner, adjutant; Dr. Harold Nicholson, finance officer; J. C. Howell, historian; Harold Callan, service officer; Joe Rogers, chaplain; and Carroll Pendleton, sergeant-at-arms.

H. W. Coffman, commander, presided at the meeting.

President William McKinley's last words, after being shot by an anarchist terrorist, were "It is God's way. His will, not ours, be done."

It took 13 years to build the Suez Canal.

REDS

(Continued from Page 1)

any of these reports from allied sources.

Red troops fired on allied patrols at five points within the triangle area. It was the first important Red reaction since days to allied patrols operating extensively on that sector of the front.

Attacking UN forces on the east-central front were held to gains of a few hundred yards by Red small arms fire, land mines and booby traps.

There was one brief skirmish northeast of Ije. Similar actions were reported from there to the Korean east coast.

Two enemy regiments were reported entrenched in bunkers along the ridge line that includes Mount Taegu, Mount Taegu, 3,840 feet high, was the goal of an allied pincers attack Sunday and Monday. Bitterly resisting Reds drove the allies back Monday.

There was no report of any action in the Kaesong area. Reports Monday said some Reds were spotted on the western front, outside the Kaesong "neutral area" designated by Gen. Matthew B. Ridgway, allied supreme commander.

MARKETS

PORT WORTH LIVESTOCK

Rites Today For Henry Lane, Sr. At Calvary Baptist

Services for Henry Lane, Sr., 44, who died from a heart ailment Sunday, were held at 10 a. m. today at the Calvary Baptist Church, with Rev. E. M. Dunaway, pastor, officiating.

Survivors include his wife, Gladys, 57; S. Barnes, one daughter, Mrs. Basil Arnold, Pampa; two sons, Herky, Pampa and Johnny, Pine Bluff, Ark.; three sisters, Mrs. Ernest Dorman, Pampa, Mrs. Lorea Davis, Ontario, Calif., Mrs. Paul Umphries, Bartlesville, Okla.; three brothers, Oran, Velesco, Roy, Lubbock and Jimmy, Richmond, Calif. and four grandchildren.

Burial was in Fairview Cemetery under direction of Duenkel-Carmichael Funeral Home.

AIRPORT

(Continued from Page 1)

ber of the airport advisory committee, asked the court if it was true the commissioners had proposed that the road start at a point near Nighland General Hospital or the nearby drive-in theater and go northwest for one mile and then north to the airport. He said some of the residents in that section were anxious for the road to run directly north from Four Corner, on the Berger Highway, to the airfield; because that is the route used by the school bus transporting students in that vicinity.

County Commissioner Arlie Carpenter told Noland, the commissioners have no interest in that section that would place the road along any one of three possible ways.

Noland added that some of the voters in that section were concerned almost as much about the road as they were about the airport and the \$200,000 road and bridge bond issue.

After 20 minutes of questions and answers the commission assured Noland there has been no set proposal made on the road leading to the airport.

The commission adjourned without naming a successor to County Superintendent of Schools Huevyn Laycock.

Mickey Glad Inflation Here

LOS ANGELES (AP)—If inflation is here to stay, Mickey Cohen is glad of it.

The prosecution, arguing that Cohen should get a long term, yesterday pointed out that the gambler had evaded about \$150,000 in taxes, roughly the same amount as the late Al Capone, who received an 11-year sentence.

"That was before inflation," snapped U. S. Judge Ben Harrison.

Cohen got five years and \$10,000 fine.

Paul Crossman Holds Auction

There isn't a price war in Pampa, but...

Dozens of items were being auctioned last night at the Paul Crossman Refrigeration Co., 112 W. Foster, many for half-price.

Nearly 100 people were present to bid their own prices for items from Christmas lights to gas ranges.

Appliances such as electric refrigerators, washers, irons, roasters, radios, can openers and electric mixers were offered for sale. Tommy Godwin and Phil Pedicod of Oklahoma City conducted the auction. Another auction will be held tonight at 7:30.

FUTURE

(Continued from Page 1)

promise between a Senate and House controls act, became the law of the land.

Essentially, it virtually placed the economic structure of the country into the hands of the President of the United States, or to agencies the President elect to delegate such powers and authorities. In short, it is government control.

"The act," the speaker said, "is divided into seven divisions, called 'titles,' each dealing with separate controls."

He listed as the most important of these Title 1, dealing with priorities and allocations, and giving the President power to allocate materials and facilities and Title 4, dealing with price and wage controls, which he said go "hand in glove."

Gordon said "during the course of my research in preparing this general message I noted with interest that many of the provisions of this act are similar to those enforced during World War II."

He continued by explaining that titles expiring on July 31 are price and wage stabilization, settlement of labor disputes and control of consumer and real estate credit. He said the others dealing with priorities, allocations, authority to requisition, expansion of productive capacity and supply, general provisions including enforcement, administration, etc., will remain in effect until June 30, 1952, provided the present act is not scrapped or a new one junked entirely with out any substitution.

A short business meeting was conducted by the league president, Mrs. Frank Culbertson, preceding the program, which was arranged and presented by Mrs. H. H. Hahn, first vice president.

Grandfather Dies Trying To Save Baby

CLIFTON, N. J. (AP)—Walter Slota took his 15-month-old granddaughter for a breath of fresh air yesterday.

As he stood on a second story porch, tiny Gail A. Slota cuddled in his arms, she wriggled free and toppled over a railing.

Desperately the 60-year-old old Slota grabbed for her, lost his balance and fell after her.

Both were killed in the 20-foot fall. Slota instantly, little Gail a few hours later.

Firemen Make Call To Berger Highway

Firemen made a "quick run" on the Berger highway late last night to find a car fire extinguished when they arrived on the scene.

No damages were given on the automobile, owned by a Skellytown resident.

The Dutch worked copper mines in New Jersey in 1680.

Three Agricultural Drives Get Underway In Wheeler

WHEELER (Special)—Three big campaigns are in the making for better agriculture in Wheeler County. County Agent R. D. Seigmund is working with other agriculture agencies to develop better cotton insect control to attempt to kill out the rats in Wheeler County and better grasses and controls against soil erosion.

The seven-step cotton control committee will set up the outline of the best method of controlling insects. The general plan is seven treatments beginning when the cotton is young. The committee is made up of about twenty men from over the county who have demonstrated the benefits of early controls in their own cotton crop.

The rat-killing campaign will use warfarin. The powder mixed with ground corn meal, is non-injurious to humans and effective in rat control. Each farmer will be able to buy it through the agent's office for the two-week campaign at about a third the regular price.

This chemical developed by the University of Wisconsin has virtually killed out the rats in other counties after similar drives.

The grass day is set tentatively for July 18. A caravan of farmers will be shown the different grasses that can be grown in this area. County Agent Seigmund or another expert on grasses and soil will explain the merits of each demonstration patch. Different methods of controlling water runoff will be included in the tour. The committee will lay out the route on July 9 to include pasture, hay, terraces and stock ponds.

CEASE-FIRE

(Continued from Page 1)

copies were parked throughout the day.

The briefing officer said the American jeeps carried the UN's two admirals and three generals to UN House. They traveled under armed Communist escort.

The briefing officer was making his report the North Korean Communist radio at Pyongyang said that withdrawal of all foreign troops was one of the conditions of peaceful settlement of the Korean war.

The Red radio said eventual solution of the Korean problem should be left to the Korean people themselves.

However, the Kaesong talks, as the UN viewpoint was outlined by Admiral Joy, will be restricted entirely to military matters.

In his opening statement he called on the five Red generals to show good faith in the negotiations and pledged the UN delegation would do the same.

This, the admiral said, would generate an "atmosphere of confidence."

"In such an atmosphere," he said, "there is every reason to hope for success."

And he set strict limits to the subjects of discussion. Joy said the allies want a stable peace but under no circumstances will they talk about:

1. "Political and economic matters of any kind." That includes the question of a United Nations seat for Communist China.
2. "Military matters unrelated to Korea." This ruled out Formosa and other trouble spots.

Joy said he and the four other military commanders comprising the UN delegation would "discuss military matters in Korea" necessary to end "hostilities in Korea, under conditions which will assure against their resumption."

They won't talk about anything else.

Fighting will continue, except in the Kaesong neutral zone, until a cease-fire agreement is reached and "an approved armistice commission is prepared to function."

The admiral's statement was made at a brief session opening the negotiations. Sources in Tokyo predicted the talks would last for weeks.

The ten opposing commanders met from 11 a. m. (8 p. m. Monday EST) until 12:31 p. m. then they recessed until 4 p. m. (1 a. m. EST).

Military releases made no mention of what the Chinese and North Korean generals said in their opening statement. Press releases by the UN were the only source for newsmen of the waters world on what happened.

Allied newsmen were not permitted in Kaesong the first day of talks. But sixteen correspondents and cameramen will go to the war-ravaged ancient capital of Korea Wednesday. They will not be permitted to attend armistice talks in the 15-by-15-foot conference room in an abandoned Kaesong private home, but they will be briefed by an officer who attends the meetings.

Ceylon is about as large as the state of West Virginia.

Abraham Lincoln's estate was valued at \$110,250.

Army Works To Improve Its Rations

By **RELMAN MORIN**
FORT KNOX, Ky. — (AP) — A common GI comment on army rations is that "a man can fight on this chow, but he couldn't live on it."

Too often, what is true. In the field, a soldier is frequently too busy to linger lovingly over his can of C-ration. He gulps down the meat and beans, and if he had the forethought to scrounge one, he opens a can of fruit salad, which is thirst-quenching as well as sweet. And that's it.

Sometimes it has to be that way. But if brains and hard work can change the situation, the day may be near at hand when a GI in a foxhole will be getting better food than he could buy at his favorite hash house. That's the Army's present objective.

FIGHTING CHOW FOR GIs — An army cooking trainee, Pvt. Robert Hunter, Clifford, Va., tastes one of his own meat sauce preparations with all the appreciative delicacy of a French chef during a class session at the army food service school at Fort Knox, Ky. The hefty kitchen artist, who obviously thrives on his own cuisine, is one of a group of trainees through whom the military authorities hope they will be able to disprove the traditional GI gripe — "A man can fight on this chow but he couldn't live on it." (AP Wirephoto)

Here's an example: The other day at Fort Knox, a company of infantry was far out in the field, on a training maneuver. For dinner, the men ate braised beef, mashed potatoes, buttered lima beans, sliced tomatoes, and chilled canteloupe. With it, they were served bread, butter, lemonade and hot coffee.

The meal was prepared in the field under conditions that would simulate combat conditions. That is, all the installations had to be set up in a hurry, the food

brought in, then prepared and finally transported.

Seven soldier cooks, with an instructor, Sgt. Lester R. Johnson, of Champaign, Ill., did the work.

These men are students at the Army Food Service School. They go through an eight-week course. About 50 a week are graduated.

During that time, they learn more about food than the average housewife ever suspects. They are taught not only the rudiments of cooking a steak, but the facts of diet, nutrition, balancing and some morale factors.

In their first week, they don't so much as light a match.

Their first lessons are in personal hygiene, insect control, mess sanitation and the care and storage of rations. They are also taught how to hold a knife so that they can slice vegetables with machin-gun speed and never lose a finger.

They even learn how, when

JACOBY ON CANASTA

Answering Family Dispute

By **OSWALD JACOBY**
Written for NEA Service

"My wife hasn't yet learned to play Canasta," writes a San Francisco fan, "so she sits behind me and tells me how to play. This is OK with me as I'm hard of hearing and I just disconnect my hearing aid."

"The other night she raised such a fuss about a play I made that I promised to write to you about it. If she turns out to be right, I'll make her play, and I'll take over her kibitzer's seat."

"Both sides needed 120 for the first meld. I was the dealer and turned up a queen. Each player in turn drew from the stock and discarded without melding. The discards were: first player, a queen; my partner, a seven; next player a ten."

"I drew from the stock also, and then held: Joker, Ace-K-K, Q-10-7-5, 4-4."

"What should I do at this point?"

"I'm surprised that this hand stirred up a fuss. It seems to me that friend hubby must have done something more weird than wonderful to get such a strong reaction."

"My own play is to meld nothing. I just discard the ten and wait for development."

"In my opinion it would be unwise to meld at this moment. I'd have to put down Joker-A-A and the deuce with either kings or the fours. In either case, I would be left after my discard with a pair and three odd cards."

"I would have no play for the pack with so few cards. I would have no play to go out with no base and so ill-matched a hand. I would have only a headache to look forward to."

"I decide to discard the ten because it gives no information to my right-hand opponent. He has just thrown a ten and has seen that I didn't pick it up. He thus knows at once that I am not collecting tens; and my discard of a ten tells him nothing additional."

"The queen is a slightly safer discard, but I am not out to play safe at the very first discard. I will probably discard the queen

next time. I might next throw the seven if one of them is discarded in the meantime by my left-hand opponent.

In short I just don't commit myself at all with this hand, a hope that this is just what my correspondent did also, but I have the impression that he got himself into a jam by melding at once. Well, maybe his wife will enjoy taking a hand for herself.

Women Working On Air Force Engines

SAN ANTONIO — (AP) — Kelly Kates are helping on Air Force engines here.

Women who a few months ago were baffled by vacuum cleaners are now installing engine valves, revving ignition systems and operating lathes. After intensive training, of course.

And they're canning engines. After final inspection the engines, ranging from little ones for trainers to the huge power plants for the B-36, are canned for shipment or storage.

CLOSEUP — With aid of jeweler's glass, Marjorie Mensch inspects minute moving element of an electrical instrument for defense program at Westinghouse plant, Newark, N. J.

Wage Increases In South Decline

ATLANTA, Ga. — (AP) — Wage increases are fewer these days for workers in the south.

Announcing this, the Labor Department blames the administration's wage stabilization program.

Brunswick A. Bagdon, southern regional director of the department's bureau of labor statistics, said only 165 wage increase actions affecting about 230,000 workers were recorded in May. This is the lowest number of wage increases reported in any month since the summer of 1950. Most of the wage boosts came

in the textile, construction, transportation, communication and local and state government fields.

The principal areas of red soils are in Africa, South America, southeastern Asia, the Pacific islands, and southeastern North America.

Towers on San Francisco's Golden Gate Bridge are each 748 feet tall.

High Taxes Don't Destroy Inflation

When steps were taken in Congress to give the administration an extra \$7.2 billion in tax revenue the quietest with which the taxpayers accepted the news probably sent the federal spenders hightailing it into a Black House budget that they were sure they would react to such a big addition to the tax load why hadn't the addition been made much larger? Evidently, the thing to do was to increase it forthwith. So out of the huddle galloped the Lord of the Treasury, Mr. Snyder, and told Congress there an extra \$7.2 billion should be added to the \$7.2 billion. It looks now as if the tax hike will be not less than \$10 billion. It may be \$18.5 billion.

Same As Tactics Used On Voter

FAIR ENOUGH--PEGLER

MARION, Va. — The solid south has seceded from the Democratic party of Harry S. Truman, and the northern Socialists and Communists. This secession lacks the formal and mechanical process of definite action, but those are inevitable. Truman can not win back the strong southern political leaders who have left him.

Washington... by Peter Edson

WASHINGTON — (NEA) — A proposal that the United States withdraw from further United Nations consideration of the so-called Baruch plan for international control of atomic bombs and atomic energy production has been made by David Lilienthal.

Lilienthal is now a private business consultant, but he was formerly chairman of the Atomic Energy Commission. Before that he was chairman of the small group of leading American scientists and industrialists who in 1945 drew up the first plan for international control of atomic energy materials and production.

U. S. government officials, however, express no sympathy for the Lilienthal idea of withdrawing the Baruch plan for atomic energy control. "We're still for peace even though it's impractical," says Gordon Arneson, State Department advisor on atomic energy matters. Ultimate international control of atomic bomb production is considered the only possible answer.

The international control plan proposed by Baruch has been periodically reviewed by the U. S. Atomic Energy Commission. Chairman Gordon Dean and Commissioner Henry D. Smyth have taken special interest in the subject. Dr. SNIDER, however, believes there are adequate checks for keeping the most accurate books.

Church of the Brethren is not a Fundamentalist church, it never has been, and never will be. That is not saying it does not uphold and teach and practice the fundamental principles of the Christian faith, but whatever Mr. Snider and his group are, the Church of the Brethren is not in dealing with this case I feel that the Brethren who belong to belong went far beyond the point of reason in its effort to be fair and Christian toward Mr. Snider.

National Whirligig

By RAY TUCKER

WASHINGTON — Despite the American people's shock over the Kefauver-Fulbright revelations of a low level of political morality at Washington and several state capitals, the current attempt to frame a modern version of the 1787 Constitution through amendments on Capitol Hill for improving ethical behavior commands no support from members of Congress or the White House.

Even the conscientious Senator Paul H. Douglas of Illinois, who heads the committee now examining the problem, appears discouraged. He is becoming as unpopular in congressional and presidential circles as the 1787 Constitution was in the 1930s.

The Democratic National committee apparently was highly unable to protect the head of the party from Byrd's attack, once the decision was made to hold a typical clambake in Atlanta under party auspices to raise money for the party, treasurer Governor Starnes of Georgia, took charge and the dinner was turned into a rally for the rout of Truman and the revocation of the so-called Civil Rights Program, which was forced down Truman's neck by the Socialist Senator Humphrey of Minnesota and the parasitic organization called Americans for Democratic Action at the 1948 convention in Philadelphia.

Truman himself didn't want this program but he had lost integrity, indeed almost had lost opportunity as Jimmy Roosevelt, who had been Roosevelt's vice-presidential nominee, was in effect, also a nominee for the unexpired portion of one presidential term and might get a full elective term to follow. If it were true that the selection of the vice-presidential candidate was thus delegated by Roosevelt to Hillman the ironic fact comes out that the President of the United States during the years when Russia became the enemy in the atomic age was hand-picked by an extreme left-wing union.

Truman certainly didn't write the so-called Civil Rights Program. But the Socialist Communist forces in the convention overpowered the Southern Democrats on that issue and put it through on a roll call. Truman was willing to accept any platform that would run the risk of running the country on the version of the same thing that had been submitted to the convention by the resolutions committee.

The so-called Dixiecrats from South Carolina, Mississippi, Louisiana and Alabama took this occasion to walk out of the convention and split the party. They carried their states for Strom Thurmond, who was then governor of South Carolina. Byrd has succeeded him as governor.

Byrd and Senators George and Russell of Georgia, both powerful men, had announced a secession movement then, Truman would have been beaten badly without the electoral votes of Virginia and Georgia. In that case, however, they would have been responsible for the election of a man whose course since the 1948 election has left his supporters to regret his defeat.

Byrd long ago began his fight on Truman's extravagance and his invasion of the states with federal assumption of authority. He has contempt for Truman's personal character, his personal ethics, his morals as revealed by his low associations, and for his intelligence. Byrd's attitude is about the same but, unlike Byrd who made a reputation as a compromiser and a trouble shooter, Byrd has a temper. He can easily match Truman's "give 'em hell" style of temper. He can easily match out to do so.

Of these two commissions, the committee members are representatives of the Security Council, plus Canada. Frank C. Nash is the American representative. This committee is now considering an American plan which calls for two things. First, "regulation, limitation and balanced reduction of all armaments, including atomic weapons, including international security and police forces."

HELLO AND GOODBYE — API Chairman Fred Neslage, center, has welcomed Luther Reynolds as a new officer of the organization and wishes good luck to Harvey Longren, retiring first vice-chairman. Longren was replaced by Joe Cronin of Borger. Reynolds was named second vice-chairman of the oil group. Cronin was unable to attend the session held by API directors here last night. (News Photo)

Tips On What To Send Your Serviceman:

Mail Call Can Provide Many Needed Items To Korea GI

WITH THE FIRST MARINE DIVISION IN KOREA — Do you have a husband, son, brother or friend serving in Korea now and don't quite know what to send him? This may help you decide what you can send that he can use best, within the limits of a soldier, Marine or airman's ability to haul things around with him. Send him candy, lots of candy. Plain chocolate bars and fruit drops are given free to front-line troops but the sameness quickly kills and the division PXs only occasionally stock other varieties of the nicker-candy bar type. The boys really crave sweets, in the absence of bars and drugstores, and the fancier the candy the better they like it. Send cakes and cookies but package them sturdily or mail them in tin. A piece of pastry takes an awful mauling in the mails and will often arrive as crumbs. Send books and magazines. The special services units do their best to provide troops with reading matter but there is never enough to go around and a "now" national magazine often accumulates a never-ending waiting list. Stars and Stripes' Pacific edition gets to rear units regularly but is sporadically received and scarce at the front. Send him socks. A front line trooper can never get enough. Woolen socks, reaching higher than the ankle, are the most popular. They should be white or brown to meet uniform regulations; no elastic-ankle or fancy weaves will be appreciated. If he has a camera, send him film for it. Or, better, still send him a camera. Neither is obtainable, at least in this part of Korea but conditions are pretty generally the same all along the front. A good many troops already carry cameras of all conceivable types and there doesn't seem to be any objection on the part of commanding officers. He can use a flash-light, too, unless actually committed to front line position, and even the combat soldiers go into reserve from time to time. Remember,

Korea is a primitive agricultural country which has been economically destroyed. There is absolutely nothing to buy beyond a few eggs in the forward areas. Some troops are issued rubber air mattresses, others are not. They make even a rocky foxhole comfortable and can be folded into an easily-carried item for a foot-slogger on long marches. They are available in Japan but enlisted men usually don't have contacts to arrange such a purchase. Send him face soap and laundry flakes. The men of this division have been using cakes of shaving soap to wash with for several weeks and the small brown cakes of GI soap just don't seem the best thing in the world for bodies and laundry. Remember, the American fighting man in Korea does his own laundry in a creek or a ration can. The standard joke of the peninsula is, "Why is it, in a country so lousy with Chinamen, I have to do my own laundry?" If he smokes, send him cigars or a pipe once in a while. Cigarettes are plentiful and free in the division, but stogie-lovers have a tough time keeping stocked. A good lighter always comes in handy, too. Your Korean serviceman also will appreciate almost any kind of canned or packaged food that he doesn't presently get in the drab GI diet. Some men go strongly for smoked oysters, fancy

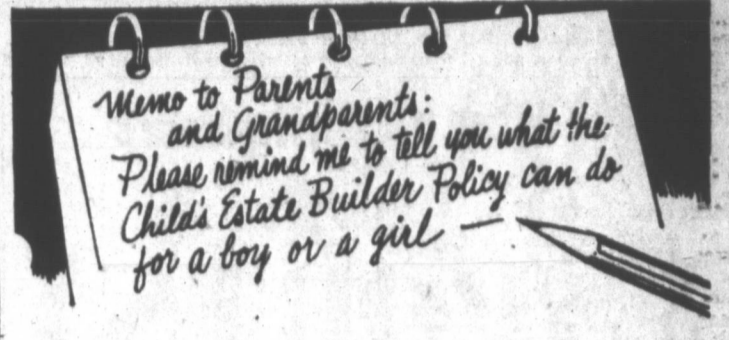

canned fowl or meals, while others develop a great taste for any variety of soup beside the ubiquitous chicken noodle provided by the supply services. It is not necessary to send razor blades or most toilet articles since they are available either free or at low cost in the PXs. Stationery and pens are usually available but another pen comes in handy from time to time. A good, serviceable watch or sun-glasses also make a nice gift. If he is your sweetheart or husband, send him pictures of yourself. The men can't get enough photographs of their girlfriends or of their wives and children. But above all, send him words. Write to him as often as you can, whether there is any news or not. The worried fighting man is not an efficient warrior. And when GI Joe doesn't get mail from the ones he loves back home he becomes more war-borne than his primitive and dangerous existence he could ever make him. Mail call is still the high point of any man's day in Korea. And he infinitely prefers your letters to your packages.

Pakistan Officials Studying Democracy

SYDNEY — (AP) — Twenty-two Pakistan Government servants have arrived in Australia to learn various aspects of running a democratic country. They want to learn ways of handling traffic, how to prevent erosion, how to curb the black market and how to bring culture to backward areas.

"We're building a brand new nation, a friendly nation, and we're in a hurry," said Shafiq Azam, spokesman of the party.

One of the largest national military parks is at Chickamauga, Ga., near Chattanooga, Tenn., marking the site of the battle of Chickamauga in the Civil War. It covers 6,127 acres.

Good Record Claimed By Local API

The Panhandle chapter of the American Petroleum Institute has compiled one of the most outstanding records in the entire mid-continent district, area oilmen were told last night. This was a consensus of the reports given at a meeting in the Schneider Hotel of the chapter's advisory board. In addition, members of the group unanimously accepted the appointment of Joe Cronin, Borger and Luther Reynolds of Pampa as new officers for the chapter. Cronin was named to fill the vacancy left by the transfer of first vice-chairman Harvey Longren. Longren, chief engineer for The Texas Co., is being transferred to Midland. Reynolds, member of the board of directors, replaces Cronin who was formerly second vice-chairman. During the meeting, special honor was given Longren and Amarillo oilman, R. C. Kay. Kay was honored by the chapter for his part in promoting the annual spring convention held this year in Amarillo. He was general arrangements chairman for the four-day session. The group learned, in a report from Clayton Husted, chapter secretary-treasurer, that financial balance had doubled since last year. They learned too, that the Panhandle chapter was passing on to the district organization covering seven states, a record balance. The local organization claimed still another record, this according to Fred Neslage, chapter chairman and secretary-treasurer of the mid-continent district. Neslage told directors the Panhandle group was the largest in the district. He reported more than 700 oilmen are members, making this the largest, by far, of any of the other groups in the district. Other chapters, he said, have appreciably smaller memberships. Reynolds, who is handling general arrangements for the chapter's training project now in operation, reported 22 oil workers had earned diplomas in the pumping-engine-school-sponsored-by-the chapter.

Now I know why my lawyer recommended your Association as a safe, profitable place for my funds.

Americans Made 7.5 Choice In 18th All-Star Classic

DETROIT (AP) — The mystery of the 1951 All-Star Game is why the American League is the favorite when the Nationals boast the greater power and the better pitching?

The National League squad has walked 189 homers to 137 for the American and the pitchers have hurled 13 shutouts to only seven for their rivals, yet the Americans ruled a solid 7.5 choice

today at game time, slated for 12:30 p. m. CST.

Ford Frick, president of the National League, who has suffered through 12 defeats in 17 previous midsummer clashes, blames it on habit and past performances, but he vows this is a new year.

At least the weatherman promises Frick a fair and warm day, if not a "fair" result, with

gentle winds and a slightly cloudy sky.

It is in the starting lineup where the Nationals show a marked superiority in hitting. The long ball, a department where the American League squads of the past usually excelled. Exclusive of pitchers, the National's starting eight has hammered 95 homers to only 62 for the Americans.

The Nationals are paced by first baseman Gil Hodges of Brooklyn who leads his circuit with 28 four-baggers. On the other hand, Gus Zernial, slugging ex-Chicago White Sox outfielder, who leads the American League with 21 homers, wasn't even placed on the squad.

The American League is handicapped further by injuries to key players plus its rule that limits the manager to choose no more than one pitcher from each team.

Thus Manager Casey Stengel was forced to pick such hurlers like Philadelphia's Bobby Shantz, Washington's Con Marrero, and Chicago's Randy Gumpert in preference to Cleveland's Bob Feller and New York's Vic Raschi and Allie Reynolds.

At least three members of the American League All-Stars are being, but Stengel said nobody would be excused. He denied the request of Manager Al Lopez of the Indians to excuse three outfielders Larry Doby from action. Lopez pleaded Doby was handicapped by a pulled leg.

Stengel pointed out he intended using Larry Berra, his own catcher, behind the plate for the entire game although Yogi is bothered by a bad back.

Joe DiMaggio, another Yankee, and third baseman Vern Stephens of the Boston Red Sox are both "injured" by leg injuries, and Chico Carrasquel, White Sox shortstop, is still not fully recovered from a spike wound in his foot.

Manager Ed Sawyer of the Nationals, on the other hand, reported his squad in tip-top shape. He selected his own pitcher, Robin Roberts of Philadelphia, to start for the Nationals. Casey's nomination was Ned Garver of the St. Louis Browns, to make it a battle of righthanders.

It was to be Roberts' second straight starting assignment. The 24-year-old native of Springfield, Ill., hurled the first three innings of the 1950 classic, won by the Nationals, and allowed one run and three hits. Garver never before had been named to an All-Star squad. Roberts' league record was 10-7 and Garver's was 11-4.

Stengel said he probably would follow Garver with Ed Lopat, Yankee southpaw, for the middle three innings and finish up with either Bob Lemon of Cleveland or Fred Hutchinson of Detroit. No hurler is allowed to pitch more than three innings unless the game goes into extra innings.

Sawyer said he had not decided who would be his second and third pitchers.

"It all depends upon the lineup

Oilers Take Pair From Gassers

Payte And Hyde Allow Total Of Only Six Hits

BORGER — (AP) — The Pampa Oilers extended their winning streak here last night, sweeping both ends of a twilight doubleheader from the Borger Gassers 5-3 and 6-1. George Payte won his ninth of the season in the opener, outdueling Jim Cain and Mack Hyde took the nightcap 6-1 on a brilliant two hit pitching job.

Deck Woldt and John Phillips hit homers in the first game and Phillips paced Oiler swatters with two for four, both his going for extra bases.

Borger scored its only run in the finale with two out in the seventh when Newt Sereest, pinchhitting for Royce Miller, doubled in catcher Jim Callahan who had walked ahead of him.

Tonight the clubs conclude their series with a single game. Righthander Red Dial, knocked out by the Abilene Blue Sox in his last start Saturday night, is expected to start for Pampa against little Rene Vega or Manager Lloyd Brown for the Gassers.

The Oiler pitching was superb last night and the hitting most timely. Payte allowed but four hits in the opener, but wildness caught him in several places, causing the three runs in the fifth inning. He walked the bases full and then allowed his third hit, a line drive single by Leonard, scoring two runs.

Pampa got off to an early jump on Jim Cain. Five hits in the first inning, including Phillips' fourth home run doing the job. Biggest blow, however, was a bases-loaded single by Suarez with two out.

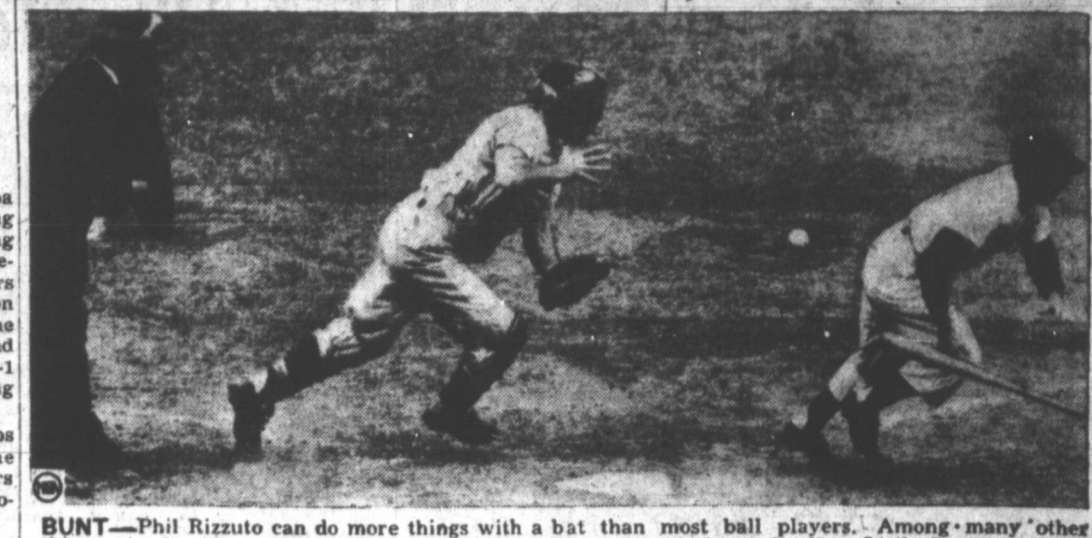

A double by Payte in the second resulted in another run and Woldt's third home run of the year accounted for the final run.

The Gassers threatened off Payte in the seventh when Frea walked with two out and scored on Schmidt's double. But Payte got Leonard to end it.

In the nightcap, both pitchers allowed but one hit in the first four innings, but in the fifth Pampa broke loose with three hits and two runs and followed with four more runs on five hits in the sixth.

Payte had his one-hitter going until the bottom of the seventh, two out, a runner on first and a ball one, two strike count on Secret. The Borger catcher then lined a double to the leftfield corner to score Callahan and spoil the shutout bid.

Tomorrow the Oilers go to Amarillo to open a series with the Gold Sox. It is expected that a doubleheader will be scheduled for tomorrow and a single game on Thursday night.

BUNT—Phil Rizzuto can do more things with a bat than most ball players. Among many other things, the Yankees' shortstop is considered the best bunter in baseball. Here Little Scooter is off to first base after laying one down. Catcher is Senators' Mickey Grasso, the umpire John Stevens. (NEA)

Sugar Ray Will Put His Crown On Line In London

LONDON (AP) — Sugar Ray Robinson puts his world middleweight title on the line to night against the hardest puncher ever developed in Britain, 25-year-old Randolph Turpin.

The chances are so strong that Robinson will keep the crown that if you back the champion you have to risk four tickets to win one.

If you like Turpin, most folks seem to feel that a hungry young lad being tossed to a hungry tiger, you can get odds

Baseball Still Seeks Boss

DETROIT (AP) — Baseball's big mystery continues to be: Who will succeed A. B. Chandler as commissioner?

There was much informal discussion of the job as baseball men met here for the All-Star Game, but a big league owner who declined use of his name said neither the American nor National League meeting took up the problem.

Chandler steps out July 15 following which the executive council will run the game. This is composed of Ford Frick, National League president; Will Hoge, American League president; Tom Yawkey, president of the Boston Red Sox, and Warren Giles, president of the Cincinnati Reds.

Although there have been no positive indications of sentiment yet, straws in the wind seem to indicate growing support for picking a baseball man rather than a national figure to head up the game.

The names most frequently heard in this connection are Frick, Giles, and George Trautman, head of his minor leagues.

American League owners might oppose Frick and Giles because of the old jealousy between the leagues.

The public figures who have been at one time or another the object of speculation in connection with the \$65,000 job include James Farley, former postmaster general and now chairman of the Board of Civil Control; Gen. Douglas MacArthur; J. Edgar Hoover, head of the Federal Bureau of Investigation; Earl Coker, Jr., head of the American Legion, and Frank Lausche, governor of Ohio.

Some baseball men feel the game has become so complicated that it needs someone with a thorough baseball background.

At least three members of the American League All-Stars are being, but Stengel said nobody would be excused. He denied the request of Manager Al Lopez of the Indians to excuse three outfielders Larry Doby from action. Lopez pleaded Doby was handicapped by a pulled leg.

Stengel pointed out he intended using Larry Berra, his own catcher, behind the plate for the entire game although Yogi is bothered by a bad back.

Joe DiMaggio, another Yankee, and third baseman Vern Stephens of the Boston Red Sox are both "injured" by leg injuries, and Chico Carrasquel, White Sox shortstop, is still not fully recovered from a spike wound in his foot.

Manager Ed Sawyer of the Nationals, on the other hand, reported his squad in tip-top shape. He selected his own pitcher, Robin Roberts of Philadelphia, to start for the Nationals. Casey's nomination was Ned Garver of the St. Louis Browns, to make it a battle of righthanders.

It was to be Roberts' second straight starting assignment. The 24-year-old native of Springfield, Ill., hurled the first three innings of the 1950 classic, won by the Nationals, and allowed one run and three hits. Garver never before had been named to an All-Star squad. Roberts' league record was 10-7 and Garver's was 11-4.

Stengel said he probably would follow Garver with Ed Lopat, Yankee southpaw, for the middle three innings and finish up with either Bob Lemon of Cleveland or Fred Hutchinson of Detroit. No hurler is allowed to pitch more than three innings unless the game goes into extra innings.

Sawyer said he had not decided who would be his second and third pitchers.

"It all depends upon the lineup

changes, if any, made by the opposition," he said. He indicated, however, Roberts may be followed by Boston's Warren Spanna and New York's Larry Jansen.

Jansen was the pitching star of last year's National League victory. He allowed only one harmless hit in five shutout innings and fanned five. The Nationals won, 4-3, in 14 innings. Sawyer remembers that well.

Precedent, however, is against the National. It has never won two years in a row. Also, the American has never lost in an odd year. The only National's triumphs came in 1936, 1938, 1940, 1944 and 1950.

changes, if any, made by the opposition," he said. He indicated, however, Roberts may be followed by Boston's Warren Spanna and New York's Larry Jansen.

Golding Back At Oil Bowl

WICHITA FALLS (AP) — Joe Golding of Wichita Falls and Johnny Kitchens of Austin High School were named to coach the Texas squad in the Oil Bowl Football Game here Aug. 24.

They collaborated last year in producing a 21-7 victory for the all-stars.

Golding's team has beaten Austin for the Class AA grid title the last two years.

changes, if any, made by the opposition," he said. He indicated, however, Roberts may be followed by Boston's Warren Spanna and New York's Larry Jansen.

Sports Round-Up

NEW YORK (AP) — A conservative morning journal, denying a yarn that there's a rift between Joe DiMaggio and Yankee Manager Casey Stengel, points out that Joe has become something of a "loner" lately. . . . He eats alone, seldom talks to his teammates or his manager and is inclined to return short, surly answers to reporters. . . . We've heard the same thing elsewhere, -icp:pn

The scribes who used to be Joe's friends are now letting him alone. . . . you can't exactly blame a guy for feeling sour when his hitting has gone wrong. . . . he must realize he's near the end of the string. . . . DiMaggio is a guy who made a bad start and then learned to accept fame gracefully. You couldn't find a more pleasant companion than Joe when he was at his peak. . . . he must learn the same graceful acceptance of the end of his playing career he could go right on as one of the great personalities in sports. . . . Maybe it would be harder to come by \$109,000 a year, but there isn't anybody who could have better opportunities as an ex-ball player.

Indian Not Unhappy Over Deal That Shipped Mino

By TED SMITS

DETROIT (AP) — "Where," asked Hank Greenberg with an earnest look on his face, "would we play Grete Mino if we had him?"

The implication of course was that the American League's leading hitter, selected for the All-Star team, was not quite good enough to make the Cleveland club.

"I wouldn't take out Al Rosen for Mino," said Greenberg, "and I'm perfectly satisfied with Lou Brissie."

Thus Hank, the onetime Detroit Tiger slugger, now president of the Cleveland Indians, diagnosed the year's most famous trade that sent Mino from Cleveland to the Chicago White Sox and brought Brissie, the big lefthanded pitcher, from Philadelphia to Cleveland, in addition to distributing numerous players.

"Mino is supposed to be a third baseman, isn't he," asked Hank, with never a trace of a smile. "Well, I'd rather have Rosen."

Rosen is hitting almost 100 percentage points under Mino's and did not make the All-Star game, but let it be said of him he's a hustler. He was out on the field after a game with the Detroit Tigers trying to work on his batting until the ground keepers drove him away.

The White Sox, however, haven't decided where to play Mino. He's seen more action in the outfield than at third. Cleveland, after a wobbly start, is now in the thick of the American League pennant race and here is how Greenberg sees it.

"It's going to be a five team race — Cleveland, Boston, New York, Chicago, and Detroit. It will be tight right up to the wire."

"We were hurt when Luke Easter was injured at the start of the season. He's just getting back into shape. If you count just the games in which Easter has played for us, we would be leading the league by ten games. That's how much difference one man can make to you. We don't have the depth of the Yankees but we have quality."

"You know some of the boys around the league that are hitting .350 aren't really that kind of hitters" (maybe he meant Mino). "On the other hand some of our boys who are hitting .220 aren't that bad. They're going to go up, and when they do we will be winning."

Schmidt Outhurls Dukes, Folkman

ALBUQUERQUE (AP) — Lanky Fred Schmidt racked up his 13th win of the season last night as he bested Jerry Folkman and hurled Abilene to a 2-1 victory over the Albuquerque Dukes in the West Texas-N. Mex. League.

More than 2,500 fans saw a no-score ball game up to the ninth inning when Abilene pinch hitter Izzy Leon doubled to left field to score two mates. The Dukes came back in the bottom of the ninth with Art Culliti slaming a double to leftfield and scoring on Hersh Martin's single to center.

Abilene . . . 600 000 002-2 6 0
Albuquerque . . . 000 000 000-1 4 1
F. Schmidt and Rowland, Folkman and Huson.

Howard's Homer Gives Sox Win

LUBBOCK (AP) — Chick Howard's ninth inning home run handed the Amarillo Gold Sox an uphill 7-6 victory over the Lubbock Hubbers in the opener of a two-game series here last night.

Jim Reynolds settled down after the third inning and allowed the Hubbers only a pair of singles in the final six frames to win his 10th game of the season. Reynolds whiffed 13 batters and walked only three in gaining the triumph.

(By The Associated Press)

Today a year ago Dick Atley of California ran the 110-meter high hurdles in 3:25 at Helsinki to set a world's record.

Five years ago — Joe Louis defended his heavyweight title against Tami Maunuli in the Madison Square Garden.

Ten years ago — Bob Feller won his 17th victory of the season as Cleveland edged the Philadelphia Athletics, 3-2.

Twenty years ago — Walter Hagen took the lead at the halfway point of the Canadian Open Golf Tournament with a score of 156.

Mailman Will Ring But Once For SWC Football

By WILBUR MARTIN

This is the time of the year the postman may bring to your house a letter from the dear old Alma Mater.

The letter wants to know how many tickets you want to the Old Texas football games this fall.

If your Alma Mater doesn't happen to be one of the big schools here in Texas, your chances of getting tickets to the annual football classics are pretty bad.

Texas — Oklahoma, Texas-Southern Methodist, Texas-Texas A&M games are going to be sell-outs and we'll make you a bet that most of the ducaats will be gobbled up by old students, old football players, and old athletes at these institutions.

You might add the Rice-Texas Baylor-A&M, and Baylor — Texas games as one that may draw full houses. But you'll probably be able to get tickets to these until game time.

Most of the early sell-outs are based on past performances, sort of like a baseball player's salary. He really gets paid this year for what he did last year.

Southwest Conference football is going to be a dilly this fall, with Baylor, A&M, Texas and Southern Methodist due to have top teams and Rice, Arkansas and Texas Christian capable dark horse entries.

G-Sox Clearing Roster By Two

AMARILLO (AP) — The Amarillo Gold Sox announced Monday the sale of veteran pitcher Joe Fats and the optioning of outfielder Al Guivas.

Fats, a righthander who had failed to impress while with the G-Sox was sold to Clovis on a straight cash deal, according to general manager Pat McLaughlin.

Fats had been purchased by the Sox from Tyler of the Class B Big State League.

Guivas, a young southpaw outfielder who had been signed by the Sox after being released by Davenport of the Three I League, was sent to Vernon of the Longhorn loop, available on 24 hour recall.

The youngster had pinch hit twice for the Amarillo club and had received bases on balls both

Lobos Outslug Pioneers, 16-8

CLOVIS — Lamesa might exploded with all its fury here last night as the Lobos slugged the Clovis Pioneers 16-8.

The Lobos, sparked by Glen Burns and Jess Jacinto, hammered Juan Navarro to coast to an easy victory.

Burns slashed two doubles and three singles and drove in four runs, while Jacinto poked two singles, a double and triple as well as tallying five "runs himself.

Lamesa . . . 353 100 140-17 19 3
Clovis . . . 210 916 202-8 14 2
Burns and Jacinto; Myer, Rosin and Calo.

The United States, India, China, the U.S.S.R., Egypt and Brazil produce the bulk of the world's cotton crop.

The principal oil region of the Far East lies in the shallow basin between the Asia mainland and Australia.

In five innings of play against Lubbock on July 4 Guivas had hit safely once in two tries.

S'wonderful! S'marvelous! It's MUSIC!

Elizabeth Barnard Bruner Is Bride Of Aubrey Thompson; Wed In White Deer

WHITE DEER — (Special) — Mrs. Elizabeth Barnard Bruner, daughter of H. P. Barnard, Sr., and Aubrey Thompson, son of Mrs. E. A. Thompson, White Deer, were married Friday evening, June 29, at 8:30 o'clock, in the Thompson home.

The Rev. J. Alvis Cooley, pastor of the Methodist Church, read the ceremony before an improvised altar of pink gladioli and fern.

The bride wore a pink linen suit with white accessories and a corsage of pink carnations and roses.

Attending the couple were Mr. and Mrs. Wayne Jordan. Mrs. Jordan wore a tan and navy linen suit and a corsage of pink carnations.

Others present for the wedding were the bride's sister, Mrs. Wade Duncan, Mr. Duncan, and their daughters, Angela and Cynthia, Pampa; Mr. and Mrs. H. P. Barnard, Jr., White Deer; and the bridegroom's uncle, Roy Thompson, and Mrs. Thompson, Sweetwater.

After the ceremony, refreshments of punch and cake were served. The table was laid with a dark green lace cloth with white appointments. Angela Duncan served the two-tiered wedding cake, and Mrs. Roy Thompson served punch from an antique punch bowl which had been in the Duncan family for more than 100 years.

Having returned from a trip to Eagle Nest and Red River, N.M., the couple will live in the home of the bridegroom's mother until their new home is constructed.

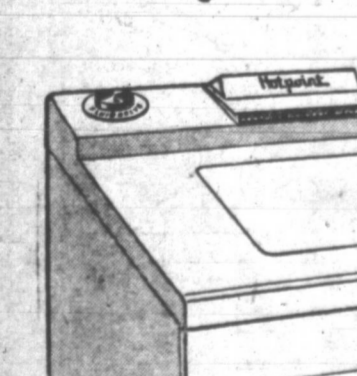

The bride was honored with a penultimate breakfast and personal shower Thursday morning, June 28, in the Foster Cafe, with Mrs. Wayne Jordan as hostess. A color scheme of yellow and white was carried out in the centerpiece and other table appointments.

Attending were Mrs. R. A. Thompson, Mrs. E. L. Colgrove, Mrs. Nathan Edwards, Mrs. James Stalls, Mrs. H. P. Barnard, Jr., Mrs. Wade Duncan and daughters, Angela and Cynthia; the honoree, her young daughter, Roy Kay Bruner, and the hostess.

The Great Lakes form the largest body of fresh water in the world.

Merten HD Club Has Meeting On Recreation In Home

Mrs. Clyde Edmondson was hostess to the Merten Home Demonstration Club at her home in the Kelly Apartments.

Mrs. D. A. Rife, president, conducted a business meeting and Mrs. C. A. Jones presented the program on "Using Asparagus at Home." Mrs. Jones said "There are many ways of using asparagus, such as creamed asparagus on toast, serving it with a cream cheese sauce and in other ways."

She gave the following recipe for asparagus with eggs: Place asparagus tips in a baking dish; beat four eggs until light and pour them over the asparagus; add two tablespoonful of butter and one teaspoonful of salt and put in the oven for two or three minutes. Serve on hot toast.

Roll call was answered by "How to prevent family storms at home." All standing committees gave reports.

Mrs. P. J. Boyd gave a 10 minute demonstration on "All family recreation." She said "There are so many ways for families to enjoy themselves. Anything any one enjoys doing is recreation for that person. Recreation for children is playing in sand boxes, swinging and many other forms of play. Other forms of recreation are hobbies, such as building model airplanes or play yard equipment."

"Canasta is a very popular recreation for adults; others are table tennis, ping-pong, reading, picnics and gardening." Refreshments were served to Mrs. D. A. Rife, Mrs. C. C. Steward, Mrs. Jack Prather, Mrs. P. J. Boyd, Mrs. C. A. Jones, Mrs. V. Smith, Mrs. W. E. McCracken, Mrs. T. G. Groves, Mrs. John Brandon and Mrs. A. M. Nash.

Police Puzzler

DAYTONA BEACH, Fla. — (AP) — Police were puzzled when W. H. Taylor reported a burglary in which loot consisted of two imitation flamingoes, used as yard ornaments, and a bird bath. And they were still more baffled by the only clues — the tracks of three horses.

Turkish tribes were driven from Central Asia by the Mongols around 1200 A. D. They settled near the Euphrates in Asia Minor.

This was announced yesterday by the Air Force. It said the unit, composed of former air reserve squadrons from northern Ohio, would include about 48 C-119 planes at full strength and have about 1,500 men.

The 433rd, commanded by Col. Harry Hopp of Kent, Ohio, was trained by the recently activated 18th Air Force at Donaldson Air Force Base, Greenville, S. C.

The Air Force has other units in Europe available to Eisenhower, but the 433rd is the first specifically assigned to his international defense force.

The Panama Railroad, built in 1855, was the first transcontinental railroad in the western hemisphere.

Delicious Ham Is Handy To Have

HAM LOAF is a regal seasonal treat for a gala event.

By GAYNOR MADDOX
NEA Staff Writer

Ham is in top supply now — usually is a better value during the summer months. All the ordinary cuts of ham are good — picnics (from the shoulder), shank and butt end hams, the boned rolled ham, and center slices for steaks (although these are a little high). In addition, the smoked shoulder pork butt is far less expensive, but with the smoked ham flavor.

Maybe you'd like a recipe for baking and glazing the pork butt — called by some packers a daisy, a tenderloin, or a cottage roll.

Glazed Smoked Shoulder Butt (Serves 6 to 8)
One smoked shoulder pork butt (2 to 3 1/2 pounds), 3 peppercorns, 3 whole cloves, 1 onion, whole cloves for studding, 1/2 cup prepared mustard, 1/3 cup New Orleans molasses, 1 cup ginger ale.

Place shoulder butt in water to cover. Add peppercorns, 3 whole cloves, and onion. Bring to a boil, reduce heat, and simmer about 45 minutes per pound (from 1 1/2 to 2 1/2 hours). Drain well. Score and stud with cloves. Combine mustard and molasses. Add enough ginger ale to make spread easily. Place on rack on baking pan. Bake at 425 degrees F. 25 minutes or until well

browned and glazed, basting with remaining ginger ale and pan drippings. Slice thin to serve.

Party Ham Loaf
Mix 2 pounds ground smoked ham with 1 pound ground veal, 2 cups soft enriched bread crumbs, 2 eggs, 1 cup milk, 1/4 cup minced mustard and 1/4 teaspoon pepper.

Shape into a loaf and place in greased pan or pack into a well-greased mold. Bake in a slow oven, 300 degrees F., 2 hours. Pour off drippings and turn loaf or mold onto a platter.

Garnish with sliced pineapple, crabapples and parsley. Serve either hot or cold with horseradish sauce made by folding 1/4 cup horse-radish into 1/2 cup whipped cream.

Unique Dog-Training School Graduates Canines Of Charm And Good Behavior

By GAIL EDUGAS
NEA Staff Writer

NEW YORK — (NEA) — The boxer who thinks he's a lap dog and the cocker spaniel who likes to jump all over guests are not really problem dogs. They simply happen to be owned by masters who've never realized that dogs, like children, must be taught to behave.

In a unique charm school for dogs here, just one course is taught: obedience. What makes this school unique is that the dog's owner must take the training with his pet and must teach him each exercise. The Flag Dog Training School is not a charm school with frills; it does not teach parlor tricks. Its aim is to make each dog who's enrolled into an obedient, well-mannered companion.

If the school has a motto, it's "Your dog is your best friend; be his best friend." To this end, the owner teaches each exercise to his pet, under the watchful eyes of skilled instructors. Owners are told never to shout at their dogs nor to stamp their feet. Often, parents enroll a child and his dog for the course. The first thing the child learns is that he must never tease or torment animals.

At the beginning of the ten weeks' obedience course, the canine student is taught to walk by his master's side without pulling on the leash. Once he's got that, he learns to sit and stand on command, to come instantly when called, to do a high jump and a broad jump, to fetch and carry light bundles, to retrieve and to pick out his master's personal property from a number of different objects through scent discrimination. At the same time, his master is learning to handle him with intelligence and understanding.

If there's envy among these students, it doesn't show up in class. When a beautiful boxer named Lady jumps a hurdle with ease and grace, beginning students watch with intense interest. The students take their work very seriously. And they look to their owners for the only reward they ever get: a pat or a kind word. Owners are not encouraged to give their pet's bonbons or cookies.

On graduation day, the once uncouth canine is a polished citizen. He won't chew up slippers or rugs, break things, snoop around in gutters or display a fondness for eating tin cans and charm.

Education, which is reportedly universal and compulsory in Russia, begins at the age of seven.

Home Freezing of Fruits and Vegetables

MADE EASY BY
IMPERIAL SUGAR

THE PURE CANE quality of Imperial Sugar assures success in the home freezing of fresh berries, fruits and other foods. Imperial is pure cane of finest quality. To guard the full natural taste, preserve vitamin content and provide the sweetest sweetness with no "off-taste," be sure to use Imperial Pure Cane Sugar. Better for dry pack or syrup freezing.

1. Road-Test a Mercury for Proof of Performance!
Get into a Mercury and out on the road—that's where you find out what's under the hood. You'll find power, smooth and purring V-eight power, and more of it than you may ever need.
Now really put this value-packed performer to the test. Swing into traffic and discover what a joy it is to handle. Climb a hill. Try an S-curve. Turn down the roughest road and see how Mercury's special springing smoothes the bumps.
Comfort? There's move-around space for six. It's room with a view; big windows all around for visibility. Yes, this is a great car, this Mercury. Drive it a mile or two and you'll want to drive it home.

2. Budget-Test a Mercury for Proof of its Rock-Bottom Economy!
Does it have a down-to-earth first price? Mercury's price tag you can understand—a big dollar's worth for every dollar invested.
Will you be sure of good gasoline mileage? Mercury has proved its economy by winning officially sponsored economy tests.
Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in this country are still on the road, according to latest official annual registration figures.
Will upkeep stay low? You'll save money year after year. Mercury's famous stamina keeps repair bills at a rock-bottom low.
Will trade-in value stay high? Mercurys keep their value—and used car market reports consistently prove this to be true.
Does it represent solid value? Mercury owners say YES! So will you when you get the rest of the story. Make the Mercury 2-Way Test—at your nearby dealer.

Try it today—MERCURY for "the buy of your life!"

Local Building Passes Million

Building in Pampa for the first six months of the year hit a total valuation of \$1,510,695 after the \$114,225 valuations for June

ing, Cabot's storage garage, \$19,000; remodeling operations on three business buildings at \$5800; seven homes moved inside the city limits totaling \$7,500; one \$8000 church remodeling contract; and one \$20 curb and gutter removal.

Three houses were also moved outside the city limits, but no value placed on them.

The first royal Stuart of Scotland was Robert II (1280-1290).

JACOBY ON BRIDGE

Tournament Hand An Interesting

By OSWALD JACOBY
Written for NEA Service
Today's hand would not be particularly interesting at rubber bridge. South would lose a heart and a diamond very cheerfully, scoring the game and rubber.

In tournament bridge there is a different story to tell. There is no reason for South to be very cheerful about making eleven

was led innocently from dummy. East should have taken the ace of diamonds and folded his tent, but he made the mistake of playing low. South won with the queen of diamonds and led the nine of spades to dummy's queen. The queen of hearts was returned, East put up the ace, and South ruffed with the jack. South next tried out the clubs, discovering that he could discard a low diamond on dummy's fourth club.

Dummy then led a low heart, and South ruffed with the king. The jack of hearts fell on this trick — which was exactly what South had been working for. Now South could lead the carefully preserved five of spades to dummy's six, and the established nine of hearts could be cashed to discard declarer's last diamond.

Flash Of Fire Believed Meteor

DETROIT — (AP) — A flash of fire like a rocket, trailing white smoke, swept Michigan and Ohio skies Saturday night. It is believed to have been a meteor.

The flash was reported variously at Springfield, Cleveland and Toledo in Ohio, and Flint, Pontiac, Lansing, Jackson and Detroit in Michigan.

Observers at Flint said they saw it fall to the ground near there, but sheriff's deputies could find no trace of it.

Dr. Jason J. Nassau of the Warnay and Swasey Observatory at Case Tech in Cleveland said "it was not a meteorite, but a meteor. Meteors do not reach the earth, but burn up."

Chinese Nurse Wins British Scholarship

HONG KONG — (AP) — A Hong Kong Chinese nurse has won the British Red Cross Society nursing scholarship for 1951-52. She is Miss Doris Poon Siu Ho, a

nurse at Hong Kong's Tung Wah Eastern Hospital. Miss Poon, sole winner of the annual grant of 350 pounds, sails for England soon aboard the R.M.S. "Corfu" for a year's study at the Royal College of Nursing in London.
