PAMPA, TEXAS, FRIDAY, JUNE 22, 1951

(10 PAGES TODAY)

Wednesday, June 22, 1951

ONE OF THE SIGHTS visitors will see at The Pampa Daily News open house today and tomorrow in this row of Linotype machines on which advertising copy is set. The three operators, C. G. Miller, foreground, John Korts, center and E. G. Foster have a combined experience of 94 years. Sid Cleandling, regular operator of the far machine, was on vacation when the photo was taken. (News Photo)

Chain Executive Here As The News Holds Open House

Harry Hoiles, publisher of the Colorado Springs, Colo., Gazette-Telegraph, arrived in Pampa this morning for The Pampa Daily News' open house. Hoiles, younger son of R. C. Hoiles, founder of the Hoiles group of newspapers, will be representing the Hoiles family. The Gazette-Telegraph is a sister paper to The News. The News' open house started at 1 p.m. today and visitors will be received for conducted tours until 5 p.m. today. Saturday conducted tours through The News' plant will be held from 10 a.m. to 10 p.m.

Britons To Leave Iran

TEHRAN, Iran — (AP) — British employees of the Anglo-Iranian Oil Co. got ready today to pull out of Iran as increasing Iranian pressure threatened to break down British operation of that giant firm. A. E. C. Drake, AIOC general manager at the Great Abadan Refinery, warned all his British staff to get their passports ready for a hasty exit. It was the final preparation for a general British departure, if threatened disorders begin, or if Iran continues to press for immediate turnover of operations to her newly nationalized oil industry.

The British predict the show-down will come at Abadan within the next few days. They expect Iranian oil company officials to sign agreements acknowledging they are employees of the Iranian government at the same terms they have under AIOC contracts. Premier Mohammed Mossadegh, kingpin of the drive to take over AIOC operations under the nationalization law he pushed through parliament 12 weeks ago, received a solid vote of confidence from Iranian deputies yesterday.

Amnesia Victim Is Believed Kenneth Weaver, Of Pampa

A man believed to be Kenneth Weaver of the Pampa area, is in the St. Anthony's hospital after being picked up Wednesday afternoon on the Canadian and Miami highway, where he was walking aimlessly around. The man, who is said to be an amnesia victim, has been employed at a local garage and was staying in a hotel here. The night clerk at the hotel said he had been registered as Kenneth Weaver and had not come in on Wednesday night. The clerk said the man had occupied his room Tuesday night.

Doctors were awaiting arrival of relatives Thursday before continuing examination. Weaver had been living around Pampa for the past two months. He was stationed in the public relations office at Pampa Army Air Field during the war. The man was picked up by Herb Bolinger of Amarillo, who said that he could see that the man was sick and appeared to be in serious condition. Bolinger stopped and Weaver got into the car and took say nothing about himself. Bolinger took him to Canadian where he and Ben Ezell of the Canadian Record questioned him. He appeared unable to answer questions coherently. However, fragments in his mind were com-

Red Air Force Is Beaten Fifth Day

TOKYO — (AP) — The Red air force was beaten for the fifth day this week in two roaring jet battles over North Korea today. American Sabre jets shot down two Russian-made jets and damaged three, the U.S. Fifth Air Force announced.

That raised Red losses this week to 11 planes shot down, one probably destroyed and 17 damaged—a total of 29.

Eighty-nine jets were involved in the two battles which were fought within 12 hours of the first fire bomb attack on United Nations troops.

As Reds stepped up their air war to new heights, their troops pushed allied forces back in the two biggest ground actions reported.

Thirty Red-nosed MIG-15s roared out of Manchuria and crossed the Yalu River Friday morning to renew the jet war after a one day lull. Twenty-eight Sabre jets swooped down on them 30 miles from the Manchurian border.

The MIGs were shot down and two damaged in the engagement fought at the comparatively low level of 10,000 feet.

Another MIG was damaged in a second battle in the same area about noon. Six Sabre jets took

... that's just what The News Want Ad said you'd do—rave about them.

Plane Said Missing With 40 Aboard In French West Africa

DAKAR, FRENCH WEST AFRICA — A Pan American World Airways Constellation with 40 persons aboard vanished today along the West African coast on a flight from Johannesburg to New York City. The plane was more than 10 hours overdue at Roberts Field near Monrovia, the capital of Liberia, after leaving Accra on the Gold Coast.

Pan American said in New York that the plane, carrying 31 passengers and a crew of nine, had been due at Roberts Field at 9:15 p.m. (EST) Thursday, but that it reported 45 minutes later it was unable to sight the field. This was the last word from the missing sky glider. (The plane was piloted by Capt. Frank J. Crawford of the Huntington Station, New York. Most of the crew members were from the New York metropolitan area.) A dozen French planes and other craft scoured land sea areas for trace of the plane. Dakar airport said at 6:45 a.m. EST, that the plane still had enough fuel to remain in the air. The nearest U. S. Army rescue bases which could be useful in the search are at Port Lydieux in French Morocco and Tripoli on the Mediterranean.

Blaze Damages Local Theater

A fire in the Top O' Texas drive-in theater was reported at 4:30 Thursday to the local Fire Dept. who extinguished the fire about 10 minutes after they arrived.

A popcorn machine in the projection room was reported destroyed and the ceiling of the room damaged considerably after the machine shorted. No estimate on the damages was available at press time today.

Testimony Shows Ridgway Shared M'Arthur Views

Church Head Pleads Guilty In Red Court

BUDAPEST, Hungary — (AP) — Archbishop Jozsef Groesz, Cardinal Mindszenty's successor as head of the Roman Catholic Church in Hungary, pleaded guilty today to aiding the overthrow of his nation's Communist government. For an hour he poured a full confession into courtroom microphones.

The archbishop and eight other defendants went on trial before Judge Imros Olti, who charged Cardinal Mindszenty to prison on similar charges in the same courtroom. He also sentenced American businessman Robert A. Vogeler to 14 years imprisonment on spy charges.

Thus, the spy faces the puzzle customarily in the long series of "confessions" by defendants in Communist courts. Some believe these confessions are extracted by physical torture or through the use of drugs. Others think they are obtained simply by constant and skillful questioning over long hours without food and sleep. Vogeler, released recently, branded his confession "rubbish." He said he was worn down physically and mentally.

Defendants in Communist trials disappear from public view from the time of their arrest until they appear before their judges. Reporters and friends are barred from talking with them. They are not allowed lawyers of their own choice and those assigned customarily reinforce their clients' confessions by adding to them.

Groesz' confession was delivered in cool, collected tones, and included full admissions that he had plotted the overthrow of the Communist government. He linked American diplomats to his statements and a letter was introduced in which Pope Pius XII was pictured as urging the archbishop to resist the regime.

Wheeler Has First Wheat

The first load of wheat was brought to the Richardson Feed in Wheeler, but grain elevators in Pampa still have no prospects for wheat.

R. D. Mason, east of Wheeler, brought the first load of wheat that he tested 35 and brought \$2.13. Though hit by hail, Mason's wheat was not badly damaged.

Reports are that Gray County faces 95 percent abandonment of wheat land and heavy rains have hit the cotton crop hard on the High Plains.

The major cotton producing areas are probably not as hard-hit on the plains, and 35 inch of rain in Wheeler reportedly bringing the cotton up instead of washing it out, as has been the trouble in other sections.

Farmers with any wheat at all are reportedly storing it on their farms for seed.

Come in and see our complete stock of air conditioners from \$39.50. A size for every need. Bert A. Howell & Co., 119 N. Ward, Ph. 152.

Word Is Received Former Pampan Killed In Korea

Capt. Kenneth Brown, former Pampan, was killed in Korea on June 2, according to a message received here yesterday by his aunt, Mrs. George Crawford, 523 S. Signor. Capt. Brown was the son of

Services Set For Former Pampan

Services for John Cummings, formerly of Pampan, will be held at 9 a.m. Monday in the Liberal, Kans., Catholic Church. Mr. Cummings died Thursday. He had been ill about two years. Survivors include his wife, Minnie; one son, Edward, 8, San Antonio; his mother, Los Angeles, and two grandchildren.

Lions Club Sees UN Construction

A film showing the step-by-step construction of the United Nations Building in New York was seen by Lions Club luncheon Thursday.

Murray Sealey was in charge of the program and the film was shown by J. A. McCune. The story of the growth of the building from the foundation to its top story was included in the film, produced by the United States Steel Corp.

WE HEARD...

That local square dance clubs or couples are invited to attend the square dance each Saturday night at Palo Duro Canyon. Noble Fowkes, Amarillo, will call the dances beginning at 8 p.m. The dance floor is located at No. 1 crossing.

Potential Youth Gang Broken Here

A potential juvenile hoodlum gang and dope ring was broken before it got a good start when a 15-year-old Arizona youth was sent to Gatesville School for Boys by Juvenile Judge Bruce Parker this morning.

"I have had many a juvenile case, but never one with a record like this," commented Judge Parker after sentencing the boy to "an indeterminate stay until you are 21."

The youth's delinquency record dated back to his former home at Tucson, Ariz., showing 15 thefts among other charges.

Here, he pleaded guilty to charges of theft from the Worley Hospital where he took five hypodermic needles, a hypodermic hose, and one syringe.

He told the court he intended to use them "in connection with my chemistry set."

"What chemistry set," demanded his mother.

"You know, you have it," the sullen youth shot back.

"That chemistry set was left in Tucson, and you know it," the mother retorted.

Earlier he told the court he had no intentions of using the hypo needles on himself and said the brown spots on his arms were cigarette burns.

When the boy was picked up (See YOUTH, Page 2)

County Seeks Aid For Repair Of Dam

Civic leaders from Panhandle counties within a radius of 75 miles of Pampa were asked to attend a meeting here July 2 to discuss possibilities of repairing McClellan Lake spillway, critically damaged by recent heavy rains.

The letter was sent by Chamber of Commerce President Gene Fatheree.

The letter, in effect, stated that Pampa and Gray County could not undertake the extensive repair project alone and participation of other communities is needed if any help from Washington is to be obtained on the old PWA project.

Statistics in the chamber of commerce show that 11 counties within a 50 mile radius of Pampa use the lake constantly while several others use it sporadically.

E. O. Wedgeworth, chamber manager, said a representative from the U. S. Soil Conservation Service would be at the meeting to answer any questions or the lake's rehabilitation.

The meeting will be held at 8 p.m., July 2, in the Palm Room, city hall. Other statistical data concerning the dam will be presented to those attending the meeting, Fatheree said.

The letters are being addressed to officials of cities, counties, sporting clubs, oil companies, chambers of commerce, schools and independent civic leaders. (See COUNTY, Page 2)

Weather Is Unsettled

Temperatures yesterday reached 82 degrees here, and the immediate area reported no ill weather effects last night when the northern part of the Panhandle reported two small tornadoes that struck farms near Gruver.

Hailstones larger than hen eggs were reported in the Gruver area. Forecast today was for fair to partly cloudy daytime skies over the state with scattered evening thundershowers in northern portions through Saturday.

High winds were reported also at Snyder, Big Spring and Colorado City, with some damage in Snyder. Two persons were injured when two buildings were demolished.

What was described as a small twister struck Lake Colorado City five miles from Colorado City, and damaged several cabins, according to an Associated Press report.

Ickes Declares Congress In Most Need Of Ethics Revival

WASHINGTON — (AP) — Harold L. Ickes, the self-styled "Old Curmudgeon," pointed a finger at Congress today as the branch of government which could stand the biggest improvement in ethical standards. He tossed a verbal harpoon, too, in the direction of Gen. Douglas MacArthur. The former Secretary of Interior told a Senate labor subcommittee conducting a hearing on ethics in government that "the most important question" before the group is:

"The loss of confidence in Congress as the result of acts of its members either of commission or omission."

The subcommittee is holding hearings on a proposal to establish a commission which would draw up a code of moral and ethical standards for government employees.

Ickes, who resigned from the cabinet after several years of strained relations with President Truman, said the overwhelming mass of federal workers were "honest and faithful." He reserved his sharpest criticism for the lawmakers.

"Congress is largely responsible for the hate and suspicion that permeates the air of America today," the former cabinet officer declared.

"Instead of exercising self-restraint or giving the benefit of the doubt, there are those who seem to compete with each other to see who can make the most sensational headlines or to do the best job of smearing."

Ickes said "it would be most ironic that the principal issue today between the great political parties is who saw most Communists the soonest and, in order to improve the box score, wild rumors, on the flimsiest of pretexts, are often made on the floor of Congress."

The most important restraint which a member of Congress could place on himself, Ickes said, would be to refrain from voting on any matter in which he had a direct financial interest. He declared:

"I think that it is not expecting too much of a senator (See CONGRESS, Page 2)

Rites Held For Pampan's Father

Funeral services for Joseph Schwartz, father of Irving Schwartz, were conducted at 3 p.m. Thursday in Fort Worth. Mr. Schwartz died Wednesday night after an extended illness.

Commander Wanted To Use Chinese

WASHINGTON — (AP) — Gen. Matthew B. Ridgway, now Far Eastern commander, supported last December the demand of Gen. Douglas MacArthur's dismissal for use of Nationalist troops against the mainland of China.

This was developed today at the Senate inquiry into MacArthur's dismissal for publicly advocating use of the Nationalist troops and other direct blows at Red China.

Senator Knowland (R., Calif.) put into the record a communication that Ridgway, then field commander under MacArthur, sent late in December to Gen. J. Lawton Collins, Army chief of staff.

In it, Ridgway said he was "convinced of the logic" of MacArthur's contention that a nationalist offensive in South China would "even if only moderately successful, relieve pressure on our force in Korea."

This was at a time when United Nations forces had been driven back in Korea by overwhelming numbers of Chinese Red troops which entered the war unexpectedly.

Knowland produced the paper while the senators were hearing testimony from Maj. Gen. David G. Barr, former commander of the Seventh Division in Korea. Barr had given them a personal story of the sudden Chinese assault on United States forces last fall when they had ranged up to the Korean-Manchurian border.

Ridgway told Collins he and MacArthur had agreed that U.S. action should be taken to permit the Nationalist forces under Chiang Kai-shek in Formosa to operate against the mainland, but with limitations against the mainland of South China.

President Truman fired MacArthur for publicly advocating a naval blockade of China and bombing of Manchurian bases as well as use of the Chinese Nationalist troops. Ridgway was then appointed to succeed MacArthur.

The administration contends the steps MacArthur proposed would increase the risk of World War III and has instructed Ridgway to continue fighting a limited war in Korea.

Barr told the senators he believes the nation never has had "a finer or more efficient army" than the American Eighth Army in Korea.

"My opinion of the Army today is very highest," Barr declared.

Barr headed a special China mission during World War II and held commands in Asia. One of the questions the senators wanted to explore with him is why the Chinese Nationalists were defeated in their struggle with the Communists. Barr has been quoted as saying the Nationalists never lost a battle for lack of U.S.-supplied ammunition.

It was the 51st day of hearings by the Senate Armed Services (See RIDGWAY, Page 2)

WE HEARD...

That visitors to The News' open house today and tomorrow will have a chance to see "Peg of Pampa."

Youngsters Take Over First Day Of Top O' Texas Rodeo

The young cowboys and cowgirls of the Panhandle will take over the first day of the 1951 Top O' Texas Rodeo and Horse Show set for August 7, 8, 9, 10 and 11, when they stage a kid pony show and miniature rodeo.

At a meeting Thursday, the committee in charge of the kid pony show formulated plans and schedules for the "kids' event" that will begin with a parade Tuesday afternoon, August 7. The show and rodeo will begin at 8 p.m.

The following age groups were listed: group I includes ages 5, 6 and 7; group II includes ages 8, 9 and 10; group III includes ages 11, 12 and 13 and group IV includes ages 14, 15 and 16.

An entry fee of \$1 will be required in all events and entry fees will be returned on a 50 percent, 30 percent, and 20 percent basis for the three prizes.

A grand entry will begin the rodeo performance. The following events are scheduled: barrel race; bull fight; open to groups I and II; bull riding; boys and girls in groups II and III; flag race; open to boys in groups I and II; doughnut race; open to boys and girls in group I; calf roping; open to boys in group IV; and the girls clover leaf IV.

The clover leaf contest is similar to the cowgirl sponsor contest in the big show. There will be three judges in the junior rodeo and events will be judged 50 percent on horses and 50 percent on the rider.

All entrants must compete in the barrel race, the main event, to compete in any of the other events.

Wiley Reynolds is chairman of the kid pony show and other members include Buck T. Hines, Joe Looper, H. L. Ledrick, Foster Whaley and Quentin Williams.

Let's go Evinruding. Lewis Hardware—adv.

STEREOTYPING department in The Pampa Daily News building will be seen by visitors this afternoon and tomorrow in the formal open house for the new building. Bill Green and George Cummings are seen here preparing a page mat for casting. (News Photo)

Jack Bowers and Marvin Walton are making an advertising layout. Hours of the open house are from 1 p. m. to 5 p. m. today and 10 a. m. to 10 p. m. Saturday. (News Photo)

Price Specialist To Be Here Monday

Price Specialist Sam Blake of the Lubbock Office of Price Stabilization will be in Pampa Monday, June 25, to conduct a clinic on food.

He will be able to answer questions on other OPS regulations, and will conduct classes in the Chamber of Commerce.

The price clinic program is sponsored by the OPS and local chamber, and will continue through July with a specialist visiting here each Monday.

Pampans Hold Model Record

William Pascal Messay and Carl C. Hall, who broke the speed record for model airplanes at a contest held at Shppard Field, Wichita Falls, have received their certificates from the Academy of Model Aeronautics.

The academy is a division of the National Aeronautic Assn. The team set their record with 129.44 mph for gas models, control line speed, in Class C.

The team will attend another meet Sunday to enter the same plane, which is a McCoy 49 powered plane, designed and assembled by them.

Hall said he has volunteered to work with the summer youth recreation program in the model airplane sport.

PRINT SHOP RAIDED - TOKYO - (AP) - Police today raided a shop which printed pro-communist literature and arrested four persons. They said confiscated leaflets urged withdrawal of U. S. forces from Japan, no peace treaty without Russia, and an end to fighting in Korea.

The polar bear has been known to swim across a strait that is 40 miles wide.

The Mexican middle class and intellectuals... politicians... imitate the U. S. through babyish skyscrapers, hot dogs, and leaded gas and all the characteristics of the Coca-Colonial period. - Diego Rivera, Mexican painter.

High blood pressure may lead to heart failure. We must see how our pace of living, our so-called western civilization with its emotional impacts, its frustrations and stresses, open the way to high blood pressure. - Dr. Louis N. Katz of Chicago.

Wrong Room Leads Visitor To Army

TOKYO - (AP) - Daniel A. Fernandez, formerly of Buenos Aires, was visiting relatives in New Jersey. He decided he wanted a job. Some one told him he had to have a social security card.

Fernandez went to the city hall and was directed to room 402. He went to room 204 by mistake and filled out a form.

He knows now that he filled out a selective service form. But Pfc Fernandez likes it with the 5th Infantry Regiment and says the mistake is OK.

PRESS MARKS ANNIVERSARY MOSCOW - (AP) - The Soviet press devoted considerable space today to the 10th anniversary of the German invasion of Russia.

Numerous articles charged with American and British "imperialists" encouraged Hitler to strike at Russia and financed the German military machine.

The Lincoln Memorial was built at a cost of \$2,940,000.

YOUTH

(Continued from Page 1) earlier this week, officers learned by questioning other teenagers that he had started to organize a "Pampa Levi Club."

The club is a "mutual protection" group, but is used as an excuse to gang up on any individual just for the pleasure of beating that person to a pulp.

County Attorney Bill Waters said.

The youth had ordered 250 membership cards from a local printer, but police picked them up before they could be delivered.

The boy was living in Borge with his mother before coming to Pampa a few weeks ago where he got a part time janitor's job.

Along with the hypothesis found in his Alamo Hotel room, officers also found several cowboy belts with large razor-sharp edged belt buckles.

Two other boys who had teamed up with him were released, the other day on probation after officers learned they had little if any, to do with the Tucson boy's dealings.

In fact, Waters said, "snipped the thing in the bud before it got a good chance to start."

The present area of Germany, split into four zones of occupation, is 142,200 square miles.

RIDGWAY

(Continued from Page 1) and Foreign Relations Committees on the dismissal of Gen. Douglas MacArthur and Far Eastern policy generally.

Barr is now commanding general of the armored center at Fort Knox, Ky., although temporarily here at the Army medical center at Walter Reed Hospital because of an operation.

For a time, he commanded the Seventh Division in Korea, but was returned to the United States under rotation.

Under present plans, the inquiry panel is to hear only one more witness after Barr. That witness is Maj. Gen. Emmet O'Donnell, former Far Eastern Air Force commander who once suggested the United States could effectively use the "ultimate weapon" - the atomic bomb - in Korea.

Chairman Russell (D-Ga) said O'Donnell would be heard on Monday if Barr completed his testimony today.

However, Senator Hickenlooper (R-Iowa) is demanding that Army intelligence officers also be called and asked whether they did in fact warn in April, 1948, that dire political consequences would follow if Russia was brought into the war with Japan.

This is too important a matter to be brushed aside without proper investigation," Hickenlooper told a reporter.

The question came up while Patrick Hurley, World War II ambassador to China, was testifying.

VFW CONVENTION DALLAS - (AP) - Ten thousand Texas Veterans of Foreign Wars and their wives are expected for the thirty-first annual convention of the VFW which opened here today.

The convention will be climaxed Monday morning when Gov. Allan Shivers addresses the group.

AIR FORCE

(Continued from Page 1) on an estimated 25 MIGs in that fight.

The Fifth Air Force did not say whether any American jets were lost.

The Far East Air Forces announced 245 American planes have been lost in the war, which will be a year old Monday, and 282 Communist planes destroyed or damaged.

A two hour attack on UN lines Two unidentified planes made near Chorwon, on the western front, in the early morning darkness Friday.

They fired - bombed, strafed, rocketed and bombed allied positions by the light of parachute flares. Throughout the attack they roared through a sky streaked by tracers and the bursts of anti-aircraft fire from UN guns.

An allied division commander called it "a stunt to improve Chinese morale."

Earlier a tiny biplane strafed Kombo Airfield near Seoul and bombed the city itself. The "bombs" were reported to be mortar shells. There were four of them.

Another unidentified plane, believed to be a jet, fired at a UN bomber 80 miles from the Manchurian border about midnight. No damage was inflicted.

UN fighters and bombers hit back hard at air strips in North Korea to keep the Communists from using them in support of an expected limited Chinese offensive.

Sixteen American Shooting Star jets blasted Sinujuj airfield near the Manchurian border, Friday in the first attack on that strip since 300 planes raided it May 9. No planes were on the field Friday. Night bombers hit three other fields.

American warships got in on Thursday's ground fighting - all limited to the eastern front.

The U. S. heavy cruiser Toledo and supporting destroyers fired more than 400 rounds in a night-long bombardment supporting troops fighting near the coast.

Some of the Toledo's eight-inch shells burst 11 miles inland.

Father inland, North Korean attacks twice forced allied forces to pull back in two attacks north of Inje. One attack came at midnight, the other in the early evening.

More stubborn resistance was reported by AP correspondent Nate Polowetzky in other sections where there had been little action before. Failure of telephone lines between Tokyo and Eighth Army headquarters delayed reports.

Polowetzky said patrols tried to find out the intention of Communists along the west where officers have predicted an attack by Monday's anniversary of the war. But briefing officers said they failed to find the Reds in strength.

COMMIES

(Continued from Page 1) lean Communist leaders.

Jackson also reserved decision on a plea for a stay of jail sentences imposed on five lawyers for the convicted eleven, for contempt of court during their nine-month trial in New York city.

The convicted Red leaders, scheduled to go to prison about July 1 for terms of three to five years, seek stay of sentence and continuance of bail until next fall, when they want to renew their fight against conviction.

The Supreme Court upheld the convictions in June 4 decision, in re recess until Oct. 1.

The eleven were convicted of conspiracy to advocate overthrow of the government by force and violence. The Supreme Court, which upheld constitutionality of the Smith Act, in the June 4 decision, is in recess until Oct. 1.

The same crimes charged against the 21 junior commissioners of the Communist Party indicted by a federal grand jury here Wednesday.

In addition to the 17 seized here and in Pittsburgh, four more are sought. They were officially declared yesterday to be fugitives from justice. Their disappearance was cited by Assistant U. S. Attorney Roy M. Cohn in opposing defense moves for reduction in bail.

A defense move to force the government to accept \$35,000 worth of treasury bonds for four of the defendants also is before Judge Frank for decision.

The bonds were offered by Frederick Vanderbilt Field, left-wing millionaire and secretary of the bail fund of the Civil Rights Congress. The Congress is listed as subversive by the attorney general's office.

Government counsel challenged the authority of the congress to offer the loaned bonds.

Field personally posted \$5,000 cash as yesterday for Jacob Mindel, one of the four for whom the treasury bonds were offered. The defendant on parole is Israel Amter, 70.

COUNTY

(Continued from Page 1) The lake's spillway was severely damaged in May by torrential rains that sent water wildly rushing down the concrete spillway. Overloaded, and unable to carry the water away fast enough, the concrete slabs at the bottom finally gave way in several places allowing water to eat away earth beneath it.

ARMY BUYS BEEF WASHINGTON - (AP) - The Army is buying 10,000,000 pounds of beef abroad, probably from Argentina. It claims it could not get the meat at home and that only 22 of 293 suppliers who received an appeal for meat replied.

Factory Wages, Hours Decrease

WASHINGTON - (AP) - The average weekly earnings and the average work week in the nation's factories both declined in May, the Bureau of Labor Statistics reported yesterday.

Nearly one half hour was shaved off the work week between mid-April and mid-May, bringing it down to 40.6 hours, or about the level at the start of the Korean war.

Parents of children with impaired vision, speech defects, hearing deficiency and orthopedic handicaps - please report to the office of the Superintendent of Schools.

NOTICE TO PARENTS

OF MINOR HANDICAPPED CHILDREN Parents of children with impaired vision, speech defects, hearing deficiency and orthopedic handicaps - please report to the office of the Superintendent of Schools.

Saturday Morning, June 23rd This survey is necessary before a program can be started to provide special services for children with minor handicaps. A parent or some adult should be present to give the necessary information.

Resignation Does Not Solve Problems
What can I do about it? With a resigned air, many of us ask that question when we're confronted by a problem that seems too big and broad to feel the impact of a single individual's efforts.

Some may say it about crime in their local communities, some about war, others about signs of moral decay all the way from the family level to the national government.

When you look at it closely, this attitude really is out of place in a democracy like ours. It appears to assume that history is made only by the great, at least the powerful men.

But in truth this nation and its achievements are the sum of the individual efforts of everyone of us. It is the sum of character and ability and you have subtracted from the total on the credit side. Add one man of weak moral fiber and you have increased our liabilities.

In this view of history a national life, so man's energies are lost. What he does affects not merely his own welfare, at either advance or slows the progress of the nation. Taken together with those of all his fellows, these energies comprise the country's living fabric. And they form a bridge in time, carrying the national life from one era to the next.

Knowing this to be so, no man who has lived to the full of his capacities need feel he has lived in vain simply because he has not achieved fame, or even success as the world marks it. If it were not for him and every other man who has done as well, there would be nothing for this great nation to lead, nothing to build upon.

Those who ask: "What can I do about it?" the answer is clear. It's this: plenty. Maybe you're not the kind who organizes or joins committees. You're not the kind who get into "getting something done." What of it? Your influence for good will still be felt, even if you live a personal life that does not contribute in any way to magnifying the problems you see about you.

You're distressed about crime in your city? All right, then don't do anything that will put a single penny in the pockets of the gangsters you'd like to be rid of.

You don't like some of the politicians who hold office? Well, get out and vote for better men. Don't say the "machine" can't be beaten. It's been beaten any time the people have made up their mind to beat it. And all that means is a lot of individuals like yours deciding to get up off their comfortable chairs and go down to the polls and vote.

Dis-United Protestantism

By DAVID BAXTER

PART 2

The kind of "liberty" to be expected in a world church-government set-up is illustrated on a small scale in the case of the Federal Council (now the National Council) of Churches.

When Dr. Charles B. MacFarland of the Federal Council was asked, "Did you mean, Dr. MacFarland that it is the expectation of the Federal Council to control all religious doctrine, making it impossible for denominational conventions to get on the air and for pastors to broadcast sermons without Federal Council sanction?" Dr. MacFarland replied, "Precisely. The Council feels this to be a wise policy."

It seems to be the general rule that when men depart from honest belief in the faiths they are supposed to believe in, political and economic interests follow right along. Thus it is noteworthy that few, if any socialists and communists to be found among the Protestants who are true to the historical tradition of their groups.

At first glance the proposals of the "Protestant" leaders to establish a world-wide "Protestant" union or "church" sounds good. It has the appearance of unity, the chief criticism of Protestantism in the past being that they were divided into all kinds of groups.

In fact, however, the kind of "unity" the World Councilors prescribe and are rapidly heading toward is not a Protestant hierarchy fashioned after that of the Roman Catholic church. It would be compelled to have rules of discipline and these rules would be enforced. This would make short work of dissenters and of individual liberty.

Of course this is in reality a total departure from the very principles and ideals upon which Protestantism was originally established. The lack of force "and" unity, Protestantism, far from being disunited, as so often claimed, has rather been a definite sign of liberty, the right of every individual to do as he will and to fellowship with other individuals in some group with mutual likes dislikes. Martin Luther, while not fully grasping the immensity of this ideal, set the example nevertheless when he protested against the established ecclesiastical authority.

Attempts by some prevailing Protestant groups in history to protect their views by law and enforce them have always eventually petered out. In fact, the very people who tried to practice such tactics were themselves disloyal to the underlying ideal of Protestantism, which was liberty—the right to be separate. While mutually embracing the great doctrines of Christianity and worshipping the same God, the Protestants of the world have enforced any spiritual or religious union or brotherhood. Separatism has long been one of their distinguishing characteristics, from Lutherans to Jehovah's Witnesses.

Finally, conscience is true to their principles have usually believed that Christian unity is in Christ only and can only be established by Him in the hearts of free individuals. Man-made collectivism repudiates this idea.

There are large areas in the world such as our own Great Lakes region in which there is normally an insufficient amount of iodine in the water or food. It is for such places in particular that iodized salt has meant so much in the prevention of goiter.

Some fear has occasionally been expressed that iodized salt or "natural" salt containing iodine might be harmful if continued over too long a period. This question has also been carefully studied and it can be strongly stated that there is no evidence of harm to the body. Although this is an excellent example of a well-planned and executed step forward in preventive medicine.

Better Jobs

By R. C. HOLLIS

The Bible In The Public Schools

Many church-going individuals calling themselves Christians and probably believing that they are, are devoting a lot of time and energy intruding to get the Bible read in tax supported schools.

Public schools are not based on individual rights but are based on the theory that might or the majority is the Messiah or God; they teach that the majority determines right; they teach that there are no higher laws than the will of the majority.

It would be a mockery and delusion to have a book like the Bible that teaches practical ethical principles that will promote peace, good will and prosperity, to be read by a lot of teachers who teach so poorly that people will not voluntarily pay them for their services—to be read by teachers who believe that they have a right to join with others to send the sheriff to confiscate other people's property in order to pay their salaries.

How could teachers of this kind select the ethical concepts of the Bible that are embodied in the ethics of the Golden Rule. No public teacher can rationally do a solitary thing that he wants to be forced to pay for, yet he is perfectly willing to join with others and force the minority to pay for his salary. Public school teachers teach by example that might makes right and that the end justifies the means.

To have the Bible read in public schools would probably do infinitely more harm than good because the pupils would get an entirely distorted idea of the moral principles presented in the Bible when it was handled and read by teachers who pay no attention to the moral principles of the Bible as far as initiating force to get their salaries is concerned.

Educator Sees Danger Of Tax Supported Education
Dr. E. M. Sadler, president of Texas Christian University, seems to understand exactly what is taking place in the United States. In the May issue of the Christian Evangelist, the national weekly of the Disciples of Christ, appeared an article quoting statements made by Dr. Sadler before the 64th annual convention of the Christian Churches in Texas. I quote from this article:

"Church-related colleges and universities are threatened with extinction by external pressures upon them," declared Dr. E. M. Sadler, president of Texas Christian University, in an address April 26 at the 64th annual convention of the Christian Churches of Texas in East Dallas Church, Dallas.

He asserted that five factors are bringing serious consequences to church schools. The five factors are (1) decrease in veteran enrollment (2) decrease in the number of high school graduates, (3) operation of the selective service system, (4) existing high employment level and (5) governmental control.

"For several generations in this country almost all colleges and universities were privately controlled and church-related. . . now government schools are beginning to dominate the whole field of education," he asserted. "During the past century we in this country have witnessed the development of tax-supported schools, and the transformation of many church-related institutions into completely independent institutions."

The well-known Disciple leader pointed out some of the encroachments of government on education. He mentioned the Report of the President's Commission on Education which recommended that enrollment in privately controlled colleges and universities should be frozen at the 1947 level of 900,000, and that tax-supported colleges and universities should be increased fourfold to a total of 3,700,000 by 1960.

The TCU official cited four items controlling the financial situation for privately controlled church-related colleges. Included were (1) serious reductions in law, and bribery.

BEWARE OF THIS INTERNATIONAL OUTLAW

Washington . . . by Peter Edson

WASHINGTON — (NEA) — Senate double-committee investigation into the firing of Gen. Douglas MacArthur has now reached a pretty confusing state.

It was Gen. MacArthur, according to Secretary Johnson, who first declared that air and sea-power alone would do no good. It was Gen. MacArthur who said American ground troops could have to be used.

That would seem to make it Gen. MacArthur's war as much as Secretary Acheson's war. And it points up a possible great difference in views on strategy between Senator Taft and General MacArthur.

What is really needed to clear up this situation is some testimony from John Foster Dulles, who was in Japan when the Korea war broke out, and he knows exactly what General MacArthur thought about it at the time. This might show that Ambassador Dulles had an equal part in getting this war started.

2. Air Force Chief of Staff General Hoyt S. Vandenberg's testimony also presented some puzzles. He declared the U.S. Air Force was operating on a "shooting" basis. He said the Korean war wouldn't be conclusive even if U.S. bombers knocked out Manchuria and the principal cities of China.

This doesn't sound at all like the statements being issued when the Air Force was teuding with the Navy a couple of years ago. 3. Senator Taft and Lieut. Gen. Albert C. Wedemeyer would also seem to be at considerable odds over how to end the Korean war, or else Senator Taft has greatly changed his views.

Last January, Senator Taft recommended in a speech that the U.S. pull out of Korea and establish a new defense line based on Formosa and Japan. But when Gen. Wedemeyer in his testimony before the two committees recommended that the United States pull out of Korea, Senator Taft told a reporter he was against it.

Senator Taft now says he prefers a military stalemate in Korea to a 38th parallel peace settlement. Gen. Wedemeyer agrees only on the idea that peace on the 38th parallel would be psychological defeat for the U.S.

National Whirligig

By RAY TUCKER

WASHINGTON — The Supreme Court's record during the 1950-1951 session did not bear out the confident expectation of Roosevelt Democrats that the reorganized tribunal would follow the "party line" and fasten their reforms on society more or less permanently through judicial action.

Although all nine members were appointed by Franklin D. Roosevelt or President Truman, they did not make good Roosevelt's not to jettison a quip Mr. Justice Holmes would defend and preserve his theories of government even against the attack of hostile Congresses.

As has so often happened in their distinguished predecessors, said Stone, they became more judicially minded when they swapped their political garments for their \$200 black, grosgrain robes.

As they grow older and more mellow, and as their period of partisan service becomes a year more dim in their memories, this process may become so marked that another Franklin D. Roosevelt or Harry S. Truman may seek to expand or "pack" the court in some future year.

In view of the fact that the high bench once were dues-paying members of that party on or off Capitol Hill, in the legislative or executive branches, their attitude is both surprising and remarkable.

DEGREE — In two of its more spectacular decisions, the Vinsonians administered a rebuke to the Truman administration. They strengthened and broadened the Taft-Hartley Act to such a

debate. But Gen. Wedemeyer went a long way in his economy in placing primary responsibility on General MacArthur. That came through Gen. Wedemeyer's revelation that in 1945 he wanted seven U.S. divisions to defend Manchuria. General MacArthur, as Pacific Supreme Commander, turned down the request. If approved, it might have prevented the rise of the Chinese Reds.

5. In recommending that the U.S. push the Korean war harder, Gen. Wedemeyer even advocated bombing the Manchurian railroad that runs from Sevard Russia. This is one to ponder. As a basis for comparison, consider what would happen if the Russian air force dropped just one bomb on the 470-mile Alaska railroad that runs from Fairbanks to Seward in Alaska.

6. Gen. Wedemeyer was dead right, though, when in 1947 he prophesied that the Russian-controlled North Korean Reds would attempt an invasion of South Korea. He was way ahead of the pack on that one. And nobody paid him any attention. But what all these cases prove, if anything, is that nobody can have all the right answers all the time.

The family and the owner guest had seated themselves at the table, when the lady of the house noted an important omission. Mother (to little daughter)—Betty, why on earth didn't you put a knife fork at Mr. White's place? Betty—I didn't think he'd need them. Daddy said he eats like a horse.

National Whirligig

degree that union leaders and publications assailed the rulings as "shocking." In handling several cases involving Communism, including affirmation of Alger Hiss's conviction, it recalled the days when Harry S. Truman described Congressional investigations of Moscow agents as a "red herring."

The Supreme Court ruled that officers of parent unions like the AFL and CIO must sign non-Communist affidavits, if their organizations want to take advantage of the protection which the T-H Act gives them. But the decree which gipped William Green and Philip Murray most was that which said picketing a building sub-contractors constitutes the kind of boycott barred by law.

Labor leaders had hoped that judicial decisions and findings by a friendly National Labor Relations board would emasculate the hated statute. Now, after months of relative quiet, they have renewed their demand for outright repeal.

UPHELD — In view of the court's attitude, they will insist that the Democrats adopt a repeal plank for the 1952 platform whether Mr. Truman is the candidate or not. Their demand may embarrass the President, in view of the action of the Roosevelt-Truman jurists. It will certainly plague Chief Justice Vinson, should he be the nominee for re-election with the majority. Author of the three labor decisions was Justice Burton, once Senator Taft's colleague.

Besides confirming the Hiss convictions the court upheld the anti-Communist law under which the eleven Reds were convicted in the seven Red cases which the eleven Reds were convicted in the seven Red cases which the eleven Reds were convicted in the seven Red cases.

IN VIEW of the atmosphere in which these cases were tried, it could hardly do anything else. It dismissed earlier Administration arguments that anti-subversive statutes would tend to drive Stalin's agents underground.

AFFIRMED — Despite its strengthening of federal authority in these two fields, the court showed great concern for the rights of citizens, civic groups, cities and states. It expressed an undercurrent of fear lest obsession with the Communist threat at home and abroad lead to infringement of individual liberties.

It affirmed the authority of local communities to ban door-to-door salesmen, to enforce loyalty oaths affecting municipal employees, and to retain seemingly outdated Sunday "blue laws." It sustained the states' efforts to run their own business in many instances.

It upheld Maryland's anti-subversive law. It approved Virginia's poll tax as prerequisite to voting and the same state's milk pricing statute. It confirmed Oklahoma's right to set minimum prices on oil under certain circumstances, and New Jersey's power to seize the stock and unpaid dividends of missing owners.

OPINION — But both state and national legislators got a crack on the knuckles when they tried to stretch their authority over the citizen too far. The court ruled in favor of the individual whenever there was evidence of obvious racial discrimination, unreasonable restraints on free speech and assembly, unnecessary interference with constitutional guarantees.

FAIR ENOUGH—PEGLER

By WESTBROOK PEGLER

On a recent morning after being out all night, a jury in the superior court in Tucson, Ariz., reported that it had, been unable to agree in the case of Bryce H. Wilson, formerly the county attorney and prosecutor, a Democrat, who had been charged with receiving bribes to permit them to violate the law, and bribery.

The case probably will not be tried again, but Wilson, a young pugacious man, about 40 years old, was grievously hurt in his reputation by the presentation of a sound-recording of a filthy dialogue between a man and a woman. The man's voice was alleged to be Wilson's, the woman's that of a prostitute. The jury split on the possibility that the recording may have been faked in some way.

Shortly before Wilson went to trial, Jerry Martin, Democrat, the sheriff who held office during Wilson's term as county attorney, pleaded guilty of conspiring to permit the illegal operation of slot machines. Further charges of accepting bribes and accepting the earnings of a prostitute were not prosecuted. One of his deputies is still under indictment in the same scandal.

Tucson is the second largest city in Arizona. These cases are but the latest in a long chain of disgraceful episodes in the corruption of government in a state which is still, in economic fact, a territory and a ward and dependency of the federal government. Arizona, in a very crude way, duplicates all the crookedness of the New Deal in New York, Boston and Jersey City and the Truman Fair Deal in Kansas City, St. Louis and the White House. Arizona is immature, incompetent, insolvent and incoherent and never has been worthy of statehood. At the present time she is politically incapable of adopting laws to forestall the disaster of exhaustion of her own underground water supply. This precious treasure is being squandered rapidly by war profiteers, many cheap job with little appeal to

FAIR ENOUGH—PEGLER

competent, respectable or ambitious lawyers, was convicted of conspiracy to let gamblers operate in violation of the law. Sullivan was notorious as a hard drinker who got into jams when drunk, but was held to be harmless until this episode. His conviction was reversed. The late Governor Osborne had to remove him for cause, however, even though the charge was not tried again.

Osborne, whatever his character, and he was no moral or political stalwart, was so sick during much of his last two terms that he was practically useless. James Duah, Democrat, the state treasurer, an elective office, was convicted of embezzlement, done when he was treasurer of Maricopa county, and sent to prison. Victor E. Westover, Democrat, clerk of the superior court of Navajo county, was convicted of embezzlement, done when he was county treasurer, and sent to prison.

H. S. Hendricks, a special agent of Sullivan, was convicted of offering a bribe to a highway patrolman to let a gambling joint operate. The verdict was affirmed and he went to prison. Frank E. Tippetts, Democrat, the county attorney of Gila county, was acquitted of a charge of accepting a bribe from Herman Lewkowitz, a lawyer, in a criminal case. Lewkowitz also was acquitted of giving the bribe. Tippetts then was convicted of income tax violation and sentenced to prison.

All these persons were members of the Democratic regime. Their conduct aroused nothing but apathy. In Tucson, a deputy sheriff proved to have a long and violent criminal record. He was fined \$250 for slugging a newspaper reporter, but the fact of his having credentials from the sheriff notwithstanding his past was glossed over. He was, of course, a Democrat.

This could hardly have been called a phase of the so-called national crime syndicate. All it was just routine business in the Democratic machine in Arizona, in the spirit of the master party in the White House. Hyde Park and Independence, Mo.

of them carpebaggers in corporate form. Several notorious midwesterners have driven down big wells to grow one or two quick crops of ordinary southern cotton-belt cotton for war industries. There is no ceiling on the price of cotton and, with a few feeble exceptions, nothing has been done to prevent the war profiteers from destroying the water supply for their own quick profit. Big town gangsters are putting their roots down and posing as reputable business men and Florida's sad experience of the 1920's is being duplicated in Arizona.

The cotton-and-water problem is typical of the slovenly, incompetent nature of government in Arizona. The Kefauver committee found no occasion — indeed, there may have been no legitimate reason — to go into the shocking record of misconduct in public office which the ignorant, un-outh Democratic machine ran up during its long reign. There has been a little revolution, to be sure, with the election of Howard Pyle, a Republican, to be governor, and a Republican mayor and council in Tucson. But would be foolish to pretend to believe that a change of party and even the election of good men to all the important offices could redeem the fundamental incompetence of Arizona to be a state in the union. Its most important industry is government patronage and, in the present situation and for some years past, this has meant that Arizona lived on war. Without war industries Arizona goes on relief.

Answer to Previous Puzzle

The Doctor Says

Written for NEA By EDWARD P. JORDAN, M. D.

Any observing person whose memory goes back 20 or 30 years can notice that today there are not nearly as many people with enlargement of the neck as there used to be. The reason is that fewer people have simple goiter or enlargement of the thyroid gland. This credit for the improvement goes to the widespread use of iodized salt.

This is a splendid development, not only because the appearance is better with a normal looking neck, but also because a good many of those with simple goiter eventually develop a toxic condition. The story behind this improvement is an interesting one. It goes back many years to studies carried out in Michigan where it was found that school children in counties in which iodine was practically absent from the drinking water showed an unusually high proportion of goiter. Indeed, in one of these counties (Houghton) over three-fifths of the children showed thyroid enlargement. On the other hand, in another of the four counties studied only about one-fourth of the youngsters were affected in this way, and this was the area in

which the water had the largest amount of iodine. allowed to drop. Salt, like water, is used by everyone so it was decided to add a small amount of iodine to the salt and see what happened. After this had been done for a while another survey was made and it was found that there had been an enormous drop in the frequency of simple goiter among the children.

There are large areas in the world such as our own Great Lakes region in which there is normally an insufficient amount of iodine in the water or food. It is for such places in particular that iodized salt has meant so much in the prevention of goiter. Some fear has occasionally been expressed that iodized salt or "natural" salt containing iodine might be harmful if continued over too long a period. This question has also been carefully studied and it can be strongly stated that there is no evidence of harm to the body. Although this is an excellent example of a well-planned and executed step forward in preventive medicine.

Wife—Wake up Stanley, there's a burger going through your pockets. Husband—Leave me out of it. You two fight it out yourselves.

Bid For A Smile

Cop—Have you a warning signal on the front of your car? Guy—Yes, sir, I have a little sign that says Dodge Brothers. with an administration which doesn't go around the world looking for wars to fight and doesn't believe that the country can be saved by the ruin of many of its most useful citizens and its most successful businesses.

73, 78 Top Men's, Ladies' Qualifying For City Tournaments

Beating a 73 will be the goal of all the remaining qualifiers for medalist honors tomorrow at the Pampa Country Club as the final day for entrance in the Pampa city golf tournament begins. The current leader in the race for medalist is Max Hickey, who fired his 73 last Sunday. So far, a total of nearly 100 golfers have posted their scores and entered the city affair. Pairings will be made tomorrow night following the conclusion of qualifying.

Among those who stand a good chance to crack that 73 in tomorrow's final day of qualifying are youngsters Dick Oden and Malcolm Douglas, C. F. McGinnis, defending champion Grover Altsta Jr., and other championship flight golfers.

Dutch lunch will be held Saturday night at which time the pairings will be announced. The first round of play will be Sunday, with one round of action being played again during the week, followed by another round the following week and then the final on Sunday afternoon, July 8.

Medalist in the women's city golf championship, the tournament which will be run off June 29, 30 and July 1, is Beth Heiskell. Mrs. Heiskell fired a very hot 42-5-78 for the title. Defending champion, Jean Duenkel, didn't have to qualify. Mrs. Heiskell also won the putting tournament run along with the qualification scores, using only 27 putts on her 18 holes of qualification.

A driving contest for the ladies will be held on June 29 when the tournament opens.

Maysia Howell is tournament chairman.

Other qualifying scores turned in by the ladies were: Hughes, 128; Whittle, 95; L. Austin, 91; S. Austin, 94; M. Austin, 91; McGinnis, 112; Prigmore, 107; Parker, 101; Kinard, 109; Bensenber, 99; McWright, 121; Howe, 111; Watisins, 123; Scheidt, 130; Thompson, 125; Heath, 96; B. Austin, 114; and J. J. 117.

Search Starts For Leader

NEW YORK — (AP) — P. K. Wrigley, Jr., owner of the Chicago Cubs, called today for a new charter for the baseball commissioner's job as a search for a successor to A. B. Chandler began in earnest.

"Before we can pick the man we must decide what the job is," said Wrigley in a telephone interview from Chicago. "Up to now the duties have been negative. The baseball commissioner should not be a policeman. He should be a leader."

Chandler resigned effective July 5. At that time control of baseball will pass into the hands of an executive committee composed of Will Harridge, American League president; Ford Frick, National League president; Tom Sawyer, Boston Red Sox; and Warren Giles, Cincinnati Reds.

Wrigley is a member of the screening committee appointed to sift candidates for Chandler's job. Their work is complete, he said, and a list has been drawn up. Now it is up to baseball owners to make their decision.

Sports Round-Up

By HUGH FULLERTON, JR., NEW YORK — (AP) — Don't look for any too sensational doings in St. Louis this summer, even though ballyhoo Bill Veck is in the process of buying the Browns. Maybe he'll stage a few of his celebrated stunts just to stir up a little interest, but Bill is smart enough to know he can't keep the fans coming unless he gives them good ball games. Only a few weeks ago Veck was telling how he liked to have a few good prospects slashed away, just in case he got back into operation — meaning the big league — May. He is still has them, but the Browns at present don't have much beyond Ned Garver, Duane Pilette, Ray Coleman, Sherman Lollar and possibly one or two others who can slick in the majors. Bill can't buy any top rank talent, so you can figure he'll lie low until he can build up the team the way Frank Lane did the White Sox. When that happens, bring out your dark glasses.

Richards Nears End Of Career

FOREST HILLS, N.Y. — (AP) — Vinnie Richards, the boy wonder of tennis 30 years ago, reaches the end of the trail today, assuming he gets beaten by Bobby Riggs in the National Professional Championships.

Richards, now 48 and portly, said he would hang up his tournament rackets after his first loss in the pro championships, which moved into the second round today at the West Side Tennis Club, scene of some of his greatest triumphs.

"From now on," said Vinnie, who has played only five matches in the past two years, "I'm going to concentrate on golf. I can play 27 holes and not feel it, but a few sets of strenuous tennis tie me up in knots now."

IVORY BY THE POUND

When Cincinnati scout Pat Patterson visited Columbia, S.C., recently he discussed Odele Martin, promising young Columbia Reds pitcher, while dining with a newspaperman. Pat said the lead needed only to add about 12 solid pounds in weight to become a real major league prospect. Club proxy Bill McCarthy, dining nearby, took it all in without a word. But a few days later he visited a doctor and came away with a special weight - building diet. "I'm fattening that boy up," Bill explained.

Pioneer Rally Fails In Ninth

CLOVIS — (AP) — Little Paul Dobkowski, Lubbock second sacker, lunged desperately to his right and gloved a hot grounder to retire Frank Calo at first and choke off a Jangerous Clovis Pioneer rally in the last half of the ninth inning here last night.

The bases were crammed tight when Dobkowski made his spectacular play giving the Lubbock Hubbers a wild, drawn out 14-13 victory over the Pioneers.

Lubbock used five pitchers to chalk up the victory while Clovis paraded three. Bill Ashley, third on the firing line, was the Hubber winner. Right-hander Bill Rosin absorbed the loss for Clovis.

Manager Don Moore's homer with Earl Hochstatter aboard in the sixth lifted the Hubbers ahead for the last time in the ragged see-saw battle.

Lubbock 14: 023 052 002-14 14 4
Clovis 13: 043 119 002-13 14 4
Zellie Spivey, Moreno, Machado and Palmer; Randall, Rosin, Kramer and Calo.

Touching All Bases

Although they lost the game, the Dodgers are jubilant over the debut of Johnny Schmitz, the guy Chuck Dressen said was the "sleeper" in that deal with the Cubs. The White Sox say Eddie Lopat has developed a new motion which keeps them closer to the bases so they can't steal. Jay Van Noy, who is due to spell Country Slaughter in the Cardinal outfield, is the same guy who played football for Utah State a couple years ago, specializing in the intercepting passes and running back punts. In 1948 he grabbed three Utah passes in one game and led the nation in the interception - runbacks. The next year he was second in punt returns. The Three-L League can boast five players who received \$75,000 in bonuses. Billy Joe Davidson (Cedar Rapids) cost Cleveland \$120,000. Others were Ted Kazanski (Phillies - Three Haute) \$80,000; Bill Tuttle (Tigers - Quad Cities) \$75,000; J. W. Porter and Floyd Penfold (White Sox - Waterloo) \$60,000 and \$40,000, respectively. "Doesn't that make a Class B salary look silly?"

The monetary unit of Canada is the dollar.

Westex Gals In Semifinal Round

BROWNWOOD — (AP) — The semifinal round of the West Texas Women's Golf Tournament will be shot today with favorites battling for the final round.

Mrs. C. D. Lee of El Paso, defending champion, and Pat Garner of Midland, medalist, are early favorites to survive. Others in the semifinals are Mrs. Herschell Ezell of Midland and Mrs. W. R. Wissler of Abilene.

Change Of Scenery Helping Lots Of Major League Boys

(By The Associated Press) Saul Rogovin, Bob Cain, Sam Chapman, Tommy Brown and Don Johnson know it was true when the man said: "All you need is a change of scenery." Most ball players bear that cheerful message from the front office, sooner or later. Usually it's the kiss of death, meaning you're through, bud. Get moving.

In the cases of Rogovin, Cain, Chapman, Brown and Johnson it seems to mean the dawn of a new life. They're all red hot.

Just take a look at what happened yesterday:

1. Rogovin, traded by Detroit to Chicago May 18, coked off the New York Yankees with four hits, 5-2, restoring the White Sox' lead to 3-1-2 games. It was his third win and fifth complete game in his new uniform.
2. Cain, sent to Detroit in the Rogovin deal, polished off Philadelphia, 9-3, his fifth win since he left Chicago.
3. Chapman, sold to Cleveland by Philadelphia in mid May, caught fire at Fenway Park in the Tribe's 8-4 victory. He drove home three with a double and then stole home in the first inning. Later he knocked in another run. Since he joined the Indians he has hit four homers. With the A's he had none.
4. Brown, the perpetual juvenile hope at Brooklyn, finally heard the "change of scenery" routine June 7 when the Dodgers sold him to Philadelphia. Installed at second base by Eddie Sawyer, he came through with a grand slam home run in yesterday's 10-5 romp over Pittsburgh.
5. Johnson, clicking for his old Yankee boss, Bucky Harris, now that both are in Washington, turned in a six - hitter against St. Louis last night for his third straight win 9 - 2. In between the Yanks and Senators, Johnson did a turn with St. Louis which sold him to Washington May 29.

Recently traded stars did not rate such important roles in the other major league games played yesterday when the St. Louis Cards' Gerry Staley blanked the New York Giants, 2-0, on five hits and Brooklyn's Preacher Roe spun his 10th straight by subduing Cincinnati, 6 - 4, with ninth - inning help from Carl Erskine.

A scheduled Boston at Chicago game in the National was rained out after one inning with the Braves on top 1-0.

Rogovin's brilliant performance at Yankee Stadium yesterday was a big win for the White Sox, enabling them to split a vital series on the road.

Little Nellie Fox and Red Robinson fed the 15-hit blast against Spec Shea and two others. After Fox opened with a triple and scored on a fly, the Yanks never did catch up, despite two homers by Johnny Miles.

The 122,566 diehard fans who saw the four - game series

Citation Ready For Comeback

INGLEWOOD, Calif. — (AP) — A six- and-a-half-furlong workout in 1:12 2/5, breezing, indicates that Citation, the money - winning champion of the turf, is fit and capable of making a long green for the Calumet Stakes.

Citation was full of run yesterday as his exercise boy, Freeman McMillan, put him through the final tuneup for Saturday's \$25,000 Inglewood Handicap at Hollywood Park. The race will be a mile and one-sixteenth. Big Cy stepped a half mile in 48 seconds and five-eighths in 1:00 3/5.

Moonrush, the 1951 handicap leader, was even faster for five furlongs, being clocked at 59 2/5 seconds, but jockey Willie Shoemaker, who rides him tomorrow, eased him up to finish six furlongs in 1:14 3/5.

Oilers Lose To Dukes, 6-1

Bob Spence Limits Pampans To Four Hits; Hyde Loser

ALBUQUERQUE — (AP) — The Albuquerque Dukes, behind Bob Spence, hammered out a 6 - 1 victory over the Pampa Oilers last night. Spence allowed the Oilers four hits, and the Dukes collected nine.

Spence hurled six and one third innings of hitless ball before being touched for two hits in the seventh. He was backed up with a nine hit barrage from his mates, six of which were of the extra base variety.

Newly appointed Oiler Manager Virg Richardson spoiled Spence's bid for a no hitter with a hard grounder through short with one man away in the seventh. Bill Whitehorn followed with a long single to left but the threat was erased on a brilliant play by shortstop Fred Haller. Haller made a diving catch of a Nelson Davis line drive and then threw to Harriman to catch Richardson off second base.

Brah Martin led the Duke attack with a perfect three for three, including a double and a triple, which brought in two runs. Earl Harriman also contributed mightily to the scoring with two doubles.

The Dukes strapped the ball game up with a four run sixth, and Martin's tremendous triple to right center featured the inning. Dick Gentskow blooped a single to center to bring in Martin with the fourth run.

Spence struck out seven men and walked only two in his night's efforts. Pampa picked up their only run in the eighth when, after two men were out, Francis Rice doubled off Haller's hands and Deck Woldt lined a single to left to bring in Rice.

Tonight the two clubs close their brief series with a single game. Right-hander Al Kavanagh is expected to start against the Dukes while Heralsh Martin hadn't named his choice, but it was expected to be control pitching right-hander Jesse Priest, the winningest pitcher in the league.

TRUSTED COURIER Tench Tilghman was entrusted by General Washington with the privilege of carrying the official notification of the surrender of Cornwallis at Yorktown to Congress, sitting in Philadelphia.

PAMPA NEWS, FRIDAY, JUNE 22, 1951 PAGE 5

Abilene Wins Eagles Increase Lead By Full Game

AMARILLO — (AP) — The Abilene Blue Sox may start calling the Amarillo Gold Sox "cousins" fairly soon. The hose of gold, 17-4, blasted the hose of gold, 17-4, here last night.

The victory was Abilene's tenth in 11 games with the Gold Sox and the fifth in five tries on the Amarillo home diamond.

Fred Schmidt struck out 12 as he coasted to an easy win, while Abilene pounded Joe Pate, the loser, Larry Mann and Eddie Baski for 17 hits. Morris Card was the Blue Sox batting star, getting four hits in six tries, including a namer, two doubles and a single. He drove in five runs for the winners.

Second Round Of Inverness Begins

TOLEDO, O. — (AP) — The field was chasing two slow-moving, drawing North Carolinians today as the second round started in the \$15,000 Inverness best ball round robin golf tournament.

Out front with a plus five rating, four ahead of their nearest rival, was a nine-under-par 62 in yesterday's play were Clayton Heatner of Charlotte, second place in last week's National Open, and Johnny Palmer of Baden.

Their baggage of birdies — they were under par nine of the 18 holes — gave them a five-run victory over New Yorkers Al Broch of Garden City and Pete Cooper of White Plains.

That was quite an edge, since Henry Ransom of St. Andrews, Ill., and Roberto Devicenzo of the Argentine, with one - up conquest over Jim Demaret and Jack Burke, two torrid Texans, were the only other winners.

Two matches finished in dead heats, the two favored teams being held even. Defending champion Sam Snead of White Sulphur Springs, W.Va., and Jim Ferrier, the Australian-born San Franciscoan, finished square with E. J. Dutch Harrison of St. Andrews, Ill., and Marty Furgol of Memphis. Snead canned a 20-foot putt on the last hole, for his sixth birdie of the round, to erase a one-hole deficit.

Lloyd Mangrum of Niles, Ill., and Cary Middlecoff of Memphis, the pair of former National Open champions favored to fight it out with Snead-Ferrier for the \$4000 top prize, drew even on the final hole as Middlecoff ran down a five-foot birdie putt. Their foes were Fred Haas of New Orleans, and Chunky "Forky" Oliver of Seattle.

As the field wheeled into today's two rounds the standings were:

Heatner-Palmer plus five, Ransom-Devicenzo plus 1, Snead-Furgol even, Harrison-Furgol even, Middlecoff even, Demaret-Burke minus 1, Broch-Cooper minus 5.

Black Oilers Play Sunday

The Pampa Colored Oilers will face the Wellington colored team at Oiler Park Sunday afternoon at 3 p.m. It will be the first meeting of the year between the two clubs.

Last Tuesday the Colored Oilers downed the Memphis colored team at Oiler Park.

Mexico is bounded on the south by Guatemala.

Red Hot Lobos Paste Gassers

LAMESA — (AP) — Lamesa's red-hot Lobos, eyeing second place, took their fifth straight win here last night as they drubbed the slumping Borger Gassers, 14-1, before 779 fans.

Juan Navarro, a surprise starter and a bargain counter purchase recently from Brownsville, won his first game while effectively scattering 12 Gasser singles. Navarro, who had made two appearances in relief, and was reportedly bought for only \$200 by Dr. R. F. Nix, the astute executive secretary of the Lobos, was never in serious trouble and issued only one pass while whiffing four batters.

The Lobos also got 12 hits off Jim McBride, who was charged with the loss and blasted from the box in the first frame, and lefthander Bob Cullen.

Lamesa scored six runs in the opening stanza, added one in the third on Don Stokes' ninth homer, and sent five more runs home in the fourth. They added single tallies in the seventh and eighth.

John Felzer smacked his 10th homer of the year in the first stanza with two aboard, and poked his 11th circuit clout with the bases empty in the eighth as he collected three hits and accounted for four Lobo tallies.

Jess Jacinto also garnered three base hits for Lamesa. Bill Marshall led the Gassers at bat with three singles in five trips and drove in Borger's only run in the ninth with his third safely behind singles by Nim Free and Bob Leonard. Glen Burns, who hit safely twice, broke the scoring ice for the Lobos with a two-run single in the opening frame.

The Lobos announced the conditional purchase of limited service righthander Lou Ballard from Tallahassee and the acquisition on option from Temple of rookie righthander Bobby Wright. Lamesa also announced the release of limited service pitcher Jack Haupt.

BLUE PRINT FOR LIVING

He is a wise builder who sits down to count the cost and make careful plans for the construction of his house. Rock and tree and mine and gravel pit, materials from many sources, are to be brought together and assembled into a unity. There must be a clear understanding of what is wanted. *The plan must be drawn for all workmen to follow. The laws of nature must be obeyed.* How important then that the builder shall sit thoughtfully before the drawing sheet, before he sets his hands to square and compass and rule and all the tools of the builder! Architect, contractor, carpenter, mason and all the rest must follow a common plan, if a good house is to be the result.

How much more important is the building of a home! Persons are here to live together. Minds and wills are to be harmonized, women and men and children are to get on in sympathy and understanding. *The builders of a home need a plan, a blueprint, a guide for all to follow, if there is to be a genuine home.* The Bible has served as the sacred blueprint for Christian homes for eighteen hundred years. Differing minds and wills work together better, if each knows the other to be seeking to follow the divine will. Forgiveness flows from love and trust which have been inspired by common prayer and worship. The Bible in the hands, love in the hearts, prayer upon the lips, a common purpose to do His will; these are the promise of a good home. *These are our blueprint to living.*

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Staleness today declares that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday: "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Bethel Assembly of God Moves to New Building

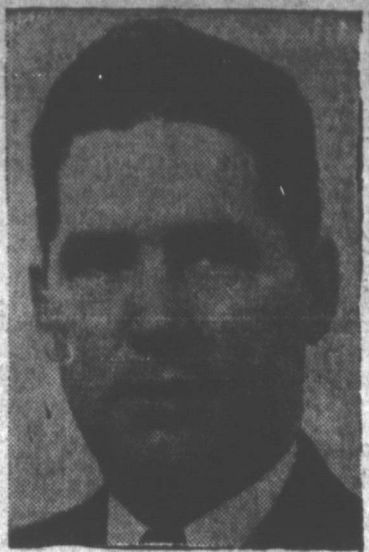

Services will be held in the new Bethel Assembly of God church at Warrell and Hamilton, the first time Sunday. The congregation has been meeting in the OWIU Hall on West Brown. The pastor, the Rev. Charles Eastes, said that while the new structure is not entirely completed, work has progressed to the point that services can be held as the work continues. The formal opening and dedication will be held at a later date.

Sunday School will begin at 9 a. m., the morning worship at 11 a. m. and evangelistic service at 7:30 p. m.

W. M. Walker, Sunday School superintendent, has announced that he is expecting 100 in Sunday School for the opening day. Rev. Eastes and Mr. Walker have extended an invitation to everyone to attend services in the new church.

A man who gives his children bits of industry provides for them better than by giving them a fortune. Whately. The richest blessings are obtained by labor. —Mary Baker Eddy

CHARLES J. EASTES

CHRISTIAN SCIENCE

That the universe and man are evolved and governed by God and not matter is emphasized in the Lesson-Sermon titled "Is the Universe, Including Man, Evolved by Atomic Force?" to be read in all Churches of Christ, Scientist, on Sunday, June 24. In the Revelation of St. John is found this verse, which is the Golden Text: "We give thee thanks, O Lord God Almighty, which art, and wast, and art to come; because thou hast taken to thee thy great power, and hast reigned" (Revelation 11:17). From the Bible will be read,

Square Dance Club Will Sponsor Jamboree in Hobart Park Tomorrow

The Summer Saturday Night Square Dance Club is sponsoring a jamboree on the Slab in Hobart Park tomorrow evening at 8:30. Dancers from Wellington, Perryton, Shamrock, White Deer, Groom, Borger and other Panhandle towns are expected to dance with Pampans to the calls of Bob Summular.

The Lord hath prepared his throne in the heavens; and his kingdom ruleth over all" (Psalms 103:19).

In the Christian Science textbook, "Science and Health with Key to the Scriptures" Mary Baker Eddy has this to say on the subject: "The notion of a material universe is utterly opposed to the theory of man as evolved from Mind. Such fundamental errors send falsity into all human doctrines and conclusions, and do not accord in finity to Deity" (page 545).

A Hymn Is Born

BY CLINT BONNER

All Hail the Power of Jesus' Name

A baby girl is born to a Yankee carpenter

Oliver Holden put down his saw, beat out a few bars of a melody and picked up his hammer. The 21-year-old carpenter-musician had come to Charlestown from nearby Shirley, Massachusetts, to help rebuild the town after the British had burned it during the Revolution. Though he never had a lesson in music, Holden became famous for composing a welcoming song for George Washington when the general visited Boston in 1789.

One day after the singing carpenter failed to show up for work friends called to learn the reason. They found him at his organ. He had just become the father of a baby girl and he had a song in his heart... a song he was sounding out and putting on paper.

Some 1791, Charlestown had been rebuilt. Oliver Holden at twenty-eight, was dealing in real estate, was a member of the legislature, owned a music store, built a Baptist Church at his own expense and was up to his neck editing material for his hymnal, "American Harmony." He had found some verses in the English periodical, "The Gospel Magazine," but the author had omitted his name.

England's Rev. Edward Perronet had preached and written hymns for the Wesley brothers while they were establishing the Methodist Church. But the fiery temper of John Wesley and Perronet clashed over laws of the church and Wesley banned Perronet's hymns from Methodist song books. But Perronet kept on writing... under pen names and under an name as all, Oliver Holden didn't know all that. He just knew the anonymous words fit the tune he had written after his little daughter was born and the phrase "Crown Him Lord of All" suggested the title "Coronation." But, perhaps John Wesley wouldn't object because for a century and a half one of the favorite hymns of the Methodist Church, as well as of many another denomination, has been Edward Perronet's...

ALL HAIL THE POWER

Let every thousand, every tribe,
On this terrestrial ball,
To Him all majesty ascribe,
And crown Him Lord of all.

O that with yonder sacred throng
We at His feet may fall!
We'll join the everlasting song,
And crown Him Lord of all.

ALL HAIL THE POWER OF JESUS' NAME
Let angels prostrate fall;
Bring forth the royal diadem,
And crown Him Lord of all.

Ye chosen seed of Israel's race,
Ye ransomed from the fall,
Hail Him who saves you by His grace,
And crown Him Lord of all.

ALL HAIL THE POWER OF JESUS' NAME
Let angels prostrate fall;
Bring forth the royal diadem,
And crown Him Lord of all.

Ye chosen seed of Israel's race,
Ye ransomed from the fall,
Hail Him who saves you by His grace,
And crown Him Lord of all.

ALL HAIL THE POWER OF JESUS' NAME
Let angels prostrate fall;
Bring forth the royal diadem,
And crown Him Lord of all.

Ye chosen seed of Israel's race,
Ye ransomed from the fall,
Hail Him who saves you by His grace,
And crown Him Lord of all.

ALL HAIL THE POWER OF JESUS' NAME
Let angels prostrate fall;
Bring forth the royal diadem,
And crown Him Lord of all.

Ye chosen seed of Israel's race,
Ye ransomed from the fall,
Hail Him who saves you by His grace,
And crown Him Lord of all.

ALL HAIL THE POWER OF JESUS' NAME
Let angels prostrate fall;
Bring forth the royal diadem,
And crown Him Lord of all.

Ye chosen seed of Israel's race,
Ye ransomed from the fall,
Hail Him who saves you by His grace,
And crown Him Lord of all.

ALL HAIL THE POWER OF JESUS' NAME
Let angels prostrate fall;
Bring forth the royal diadem,
And crown Him Lord of all.

Ye chosen seed of Israel's race,
Ye ransomed from the fall,
Hail Him who saves you by His grace,
And crown Him Lord of all.

ALL HAIL THE POWER OF JESUS' NAME
Let angels prostrate fall;
Bring forth the royal diadem,
And crown Him Lord of all.

Ye chosen seed of Israel's race,
Ye ransomed from the fall,
Hail Him who saves you by His grace,
And crown Him Lord of all.

ALL HAIL THE POWER OF JESUS' NAME
Let angels prostrate fall;
Bring forth the royal diadem,
And crown Him Lord of all.

Ye chosen seed of Israel's race,
Ye ransomed from the fall,
Hail Him who saves you by His grace,
And crown Him Lord of all.

Local Pastor Writes Song For Church Book

Rev. Russell G. West, 709 N. Frost, is the author of a song entitled "O Loving Father," which is included in the 1951 Brethren Hymnal, the official hymnal of the Church of the Brethren.

The new 700-page hymnal will be dedicated June 24 at a special service at the annual conference of the church in San Jose, Calif.

Every man shall receive his own reward according to his own labour. —I Corinthians

Fortune may find a pot, but your own industry must make it boil. —Cay

FRANCIS AVE. CHURCH OF CHRIST
EAST FRANCIS AT WARREN

Man's Tragic Inhumanity To Man

By WILLIAM E. GILROY, D.D.
The miracle of the growth and spread of Christianity in the ancient Roman world, the world dominated by Rome, from the little group of disciples of the lowly Nazarene, is equalled only by the miracle of the survival of Christianity despite the cruellest and bitterest persecution by pagan groups.

Early Christianity shares that miracle with the Judaism from which it sprang, for Christians have never suffered more terrible persecution than that with which Grecian conquerors had sought to paganize and corrupt the worship of the Temple.

This was in the days of the Maccabees, shortly before the Christian era. I have frequently told in these columns how in that persecution eight hundred Pharisees, then the party standing for the integrity and purity of their faith, had been crucified on a single day; and six thousand worshippers, protesting against the paganizing of the worship in the Temple, had been put to the sword within its very precincts.

Would God that all such persecutions had been in the far distant past, or even in the few centuries ago, when the Inquisition did its dastardly work, and the fires of Smithfield burned! We know what Roman Catholic prelates and priests have suffered in communist-dominated European and Balkan countries, and at the present moment daily papers tell of what Roman Catholic missionaries are suffering in China.

THE MEASURE OF A MAN
GROWTH UNLIMITED
YOU SHALL KNOW SO FAST AND NO FURTHER
COMMUNISM
THOU HARDEST HIM TO HAVE DOMINATION OVER THE WORKS OF THY HANDS; THOU HAST PUT ALL THINGS UNDER HIS FEET.
CHRISTIAN MEMORABLY

Peron could exist without anyone else. He is God for us, so much so we cannot conceive heaven without Peron. He is our sun, our air, our water, our life. There can only be one Peron. —Senora Eva Peron.

THIS TEXAS LADY LOSES 25 POUNDS
"I am past 71 and never had any medicine do me so much good as Barcostrate. Before taking Barcostrate, I weighed over 250 pounds. I now weigh 175, thanks to Barcostrate. It keeps me feeling good all the time and am never constipated any more. I am able to do all my housework and work my sewer garden." Signed: Mrs. J. A. Burdick, 555 E. Davis, Sulphur Springs, Texas.
It's simple. It's amazing how quickly you can lose pounds of body fat right in your own home. It's easy—no trouble at all and costs little. Barcostrate contains nothing harmful. No starvation diet. No diet list to buy. No vitamin pills to fortify you while on a starvation diet.
Just ask your druggist for 4 ounces of liquid Barcostrate. Add 10 ounces of grapefruit juice and take two tablespoonfuls twice a day. If the very first bottle doesn't show you the way to take off bulky fat, return the empty bottle for your money back.
LOST 22 POUNDS
"I am glad to endorse Barcostrate for I have had excellent results from the use of it," writes Mrs. Ethel S. Smith, 716 Canale Ave., Fort Worth, Texas. "I lost 22 pounds. I have lost all the weight I care to, but like to keep on taking Barcostrate, because I feel better and it helps me keep gaining back any weight."

How to take the Work out of Housework

SPEAKING OF WASHDAY, here's another helpful hint. For extra protection, snap fasteners and close zippers before putting garments in your washing machine. (Having trouble these days with washday weather? An electric dryer will solve that problem! Five minutes of drying costs just one penny!)

FRUIT SALADS ARE FESTIVE-LOOKING! And you can prepare them ahead of time. Slice the fruit, cover it with lemon or grapefruit juice and keep chilled in the refrigerator until time to serve. (Just one penny's worth of electricity protects a whole refrigerator full of food for almost two hours!)

WONDER WHERE THE CUP HANDLES GO? Properly stacked and mechanically washed, you'll have no broken dishes. And they dry by themselves, need less handling! (Saves time and work as well as dishes—and costs so little to use! Only a penny or two a day!)

FOR A SWEET fresh refrigerator, wash inside with a lukewarm solution of bicarbonate of soda or borax. Wash metal ice trays with hot water to which bicarbonate of soda has been added. (About 5c worth of electricity will "refrigerate" your food for a week-end!)

THERE'S MORE THAN ONE TRICK with a waffle iron! Use packaged mixes for cornbread waffles... for hot gingerbread waffles. And try adding finely chopped ham to regular waffle batter. Delicious! (Takes only one or two cents' worth of electricity to make all the waffles your family can eat!)

WHEN CLEANING TILE or tile board, add a handful of starch to water. It gives a nice shine. When starch sticks to your iron, remove it by spreading salt on a newspaper and rubbing the hot iron over it. (By the way, you can iron for hours... for just a few pennies cost!)

BIG ADDITION - Dr. C. J. Brim of the Army Medical Examining Board reaches almost unprecedented heights testing the heart of Zeke Zawoluk in New York. The Brooklyn St. John's basketball star, a senior, will be permitted to finish his studies, but the Army is looking forward to a big addition - six feet six inches of it. (NEA)

NO SHORTAGE OF CARS HERE - Hundreds of new cars and trucks are lined up at a dockside in San Juan, P. R. ready for delivery to buyers. Despite the higher cost per vehicle than on U. S. mainland there are plenty of cash buyers.

ROOM! - Everybody was on the down beat as the Brooklyn Red Devils tackled the Washington Jets in the National Roller Derby World Series at Madison Square Garden. That's the Red Devils' Toughie Brushin, left, joined on the masonic track by the Jets' Slugger Brashin, left foreground, and Vero Misenko. (NEA)

ROUGH MOMENT FOR PERMANENT - WAF Pvt. Constance K. Hassel, of Cleveland, demonstrates what happens to a girl's curls when she touches a 250,000-volt atomic generator, in exhibit at Armed Forces Week Show, New York City.

I have no desire to return to the stage, and yet I'm not envious of my younger contemporaries. I wish them everything you gentlemen wish Mr. Taft and Mr. Hartley. - George Jessel, comedian, addressing A. F. of L. members.
Unlike old soldiers who never die, unfortunately these men (baseball players Babe Ruth, Lou Gehrig, Walter Johnson) did, but the Army's sportsmanship will never let their memory fade away. - Gen. Douglas MacArthur.

"It's just that his eyesight is bad—He can't see me at all"

Two Pampa Lodge Groups Take Honors in Competition

Two Pampa junior lodge groups walked off with first and second places in competitive degree work at the 10th state convention of Junior Odd Fellows and Theta Rho girls held recently in Fort Worth.

The Pampa Junior Odd Fellows won first cup, and second went to Fort Worth.

Second place for the Theta Rho girls club went to Pampa, with Hereford and Odessa taking first and third places respectively.

The Junior Odd Fellows met in the Longhorn Room in Hotel Texas, and the Theta Rho girls held meetings in the Crystal Ballroom. Competitive degree work for the two groups was preceded by a banquet in the First Christian church of Fort Worth.

The Pampa groups installed new officers at the meeting. Dolores Cramb of Pampa was installed as president of the state group. Julia Bradford was chosen conductor and Roberta Nicholson was selected right supporter to the president.

Roy King of Pampa is junior grand past chief ruler, and Tommy Bells is junior grand treasurer. Other Pampa officers include Dean Franklin, conductor; Danny King, right support; past chief ruler; and Leroy Kretzmeier, left support past chief ruler.

Four delegates were selected to New York for the United Nations Pilgrimage for Youth trip, and Dolores Cramb and Roy King, both of Pampa, were two of the four delegates selected.

Peat Moss Is A Versatile Helper For Home Gardeners

By HENRY FREE
Written for NEA Service.

Garden Notes: The increased use of peat moss is an indication that gardeners are learning to appreciate its many advantages. Peat acts as a soil improver, as a source of additional plant nutrients, as a water holder and also serves as a medium for the propagation of roots.

If you have had trouble with the growth of grass in your lawn, use peat after thoroughly raking the surface of the lawn to loosen the soil. Then evenly spread a quarter-inch layer of peat over the entire lawn and sow your seed. A second raking to mix the seed and peat is the next operation. Water well and keep moist for a week.

Germination of the nurse grasses will start almost at once and in a week a green carpet will be your reward.

Newly set-out shrubs require special attention the first year. These shrubs should have the soil cultivated at least 2 inches deep in a 2-foot circle about each plant.

The cultivation will get rid of the weeds and grass which, if allowed to remain, will rob the soil of the moisture and plant nutrients necessary for the well-being of the plants.

Do not fertilize until late summer. To do so now may overstimulate the plants. It is assumed that the soil was thoroughly prepared in advance of planting, thus providing sufficient food for the summer's growth.

Newly set-up shrubs, and trees, should be watered enough, especially during July and August, to keep them growing.

Early, regular and repeated cultivation is the only answer to the weed problem in flower and vegetable gardens. This is especially true in new gardens where the soil is infested with the seeds of the pernicious weeds. Catch them young and treat them rough is the advice of the old gardener.

The word "exotic" which garden writers and catalog authors love to apply to some plants, really means that the plant is native to some other country than our own. It does not necessarily imply that the plant came from the tropics. One would be correct to write that apples and pears are "exotic" because this country owes all her fruit trees to Europe and Asia.

If any of your Euconymus plants have scale, watch closely and get busy with a good spray. You may need to put your glasses on to spot the scale.

Be sure to follow the manufacturer's directions on the label. A common mistake is to make a spray solution stronger than recommended. To do so may cause injury to the foliage and young buds.

Watching the splendid new growth of the peonies and delphiniums brings to mind the need of getting supports about these and similar perennials.

Quizzing The Gardener

Q — Our evergreen bittersweet for the past year has been badly infested with an insect pest of some sort. The bark is covered with a scale-like substance and the branches have lost most of their leaves.—P. B.

A — Your bittersweet is infested with Euconymus scale, an insect that winters over on the bark in various stages, egg, young, partly grown and adult females. The scale-like substance provides considerable protection. Heavily infested branches should be cut off at once and burned.

Then spray with a 3 percent miscible oil solution. Spray again in early June when the young are hatching, using the application at summer strength 1 percent, plus 40 percent nicotine sulfate. This second spray is to be repeated in 10 days.

Q — When should white potatoes be planted and how much seed should be used for the small home garden patch?

A — Potatoes are a cool crop and plantings later than mid-June are rarely successful. Purchase one half peck for each 100 feet of row, spacing the seed pieces 10 inches apart and four inches deep in the soil.

Q — Last year some insect caused brownish spots on the leaves of the rhododendrons and mountain laurel. How can we prevent a recurrence?

A — The disfiguring is probably due to Lacebugs that winter over as eggs inserted in the lower leaf tissue. The eggs hatch in late May or early June. The usual recommendation is to spray early in June with 2 teaspoons nicotine sulfate and an ounce of soap per gallon of water. A second treatment 10 to 14 days later to catch late-hatching bugs and a third spray in July for the second brood.

Choir Slates Pampa Visit

The Bel Canto Chorus of Boles Home in Quinlan, Texas, will present a program at the Francis Avenue Church of Christ at 8 p. m. Saturday.

The thirty-voice chorus toured 35 states last year, covering 15,000 miles in this nation and Canada. They made personal appearances on several nationally known radio programs including "Welcome Travellers," "Breakfast in Hollywood" and "Surprise Package."

This year's tour began June 3 and will continue through the summer months.

The chorus is directed by Gayle Edward Oler. The male quartet, first place winner in the spring University Regional Inter-scholastic League Meet will also take part in the program here.

The public is invited to attend the concert.

The Corcoran Gallery of Art, Washington, D.C., was founded in 1869 and is devoted primarily to American Art.

We're cleaning out the files upstairs, Mr. Swish. Will you burn these quick while they're still unimportant

Scientist Says Atom Strength To Spell Winner

ST. LOUIS — (AP) — Dr. Arthur H. Compton, one of the scientists who helped develop the atomic bomb, says atomic strength will determine the winner of the next world war and that America will remain on top in this field.

"Masses of foot soldiers are rapidly becoming obsolescent for military attack. America may be hurt in an atomic war, Dr. Compton said, but we know that we are prepared to inflict much more severe damage on the enemy."

He said America's preparation of tactical atomic weapons for use in the battle field is an important factor in reducing the threat of masses of foot soldiers, and added:

"It is this fact that gives us confidence in case of a full offensive by the huge armies of China and Russia. The prime factor that must determine the outcome of such a war is now not millions of men but atomic strength, and in such strength we believe we can maintain pre-dominance."

Kinderhook, N. Y., was the birthplace of Martin Van Buren. It received its name of "Children's Point" from Henry Hudson because of the Indian children who gathered on the shores to see his ship.

Platinum has been used since the middle of the 18th century and was named by the Spanish "platina del Pinta."

"I've just been thinking that it's sure good we can go back to—"
