COMMUNISTS REQUEST UN TO RESUME PEACE NEGOTIATIONS

Area Burglaries Cleared Up As Ex-Con Confesses

Two statements last night by an ex-convict finally cracked the March 1 American Legion safe-cracking and wrote fins to a list of all but one area burglary. Sheriff Rufe Jordan reported this morning. This brought to four the number of burglaries cleared by the Gray County Sheriff's Dept. this week: 1. The Sept. 11 attempted burglary of the Foxworth - Galbraith Lumber yard. 2. The Sept. 11 Neal Sparks Tailor shop burglary. 3. The Mar. 1 American Legion burglary. 4. The Apr. 13 Miami Lumber Co. burglary.

Only the Apr. 13 burglary of the Foxworth-Galbraith Lumber yard at Lefors remains open. There, thieves got away with eight guns, and a quantity of tools. They also attempted to break open the safe but failed. Jordan said Claude Logan "Jack" Gardner last night signed two statements admitting participation in the Legion burglary where an estimated \$1000 in cash and currency was taken. However, Gardner said he and his companions got only \$500. Gardner also implicated Raymond Eugene Frazier (brother of Billy Max Frazier who made a futile escape try Tuesday) and Otis Ray Tyler. Raymond Frazier is supposed to be in the Duncan, Okla., jail, Jordan said, and Tyler has been held in the county jail here for several days. Jordan added that another man is also wanted in the Legion job, but he is a soldier and is overseas. The sheriff said he did not know the serviceman's name and stated Gardner and Tyler claim they don't know his name either.

Solons Argue Plan To Hike Postal Rates

WASHINGTON — (AP) — The penny postcard is going up two cents but how much other postal rates may climb will be determined by a congressional compromise committee. The House late yesterday passed its version of a bill designed to raise more money for the Post Office Dept. now in the red about \$500,000,000 a year. It differed sharply from a recently approved Senate bill. Both measures must be alike before they can become law. A Senate-House conference committee will meet to smooth out differences.

The Senate and House bills agreed on the penny postcard hike and a few other points. But this is how they differ in cents on some rates which affect the average American: First class letters, now three cents, would be boosted to four by the Senate and left at three by the House. Special delivery, now 15 cents, would be hiked to 23 cents by the House bill and to 20 cents by the Senate.

Graft Case Smashed By Mum Bookie

NEW YORK — (AP) — A graft-probing Brooklyn Grand Jury faced an almost hopeless salvage task today, its case against 18 politicians smashed to bits by stubborn Harry Gross. Nevertheless, Dist. Atty. Miles F. McDonald said he was going to try to "pick up the pieces." He didn't say what if anything the grand jury can do now that the biggest fish have escaped its net.

But McDonald claimed information from an official source that a \$75,000 payoff to Gross made him refuse to testify—a maneuver that wrecked 20 months of work for McDonald and left him in tears. Brooklyn Judge Samuel S. Leibowitz, in bitter fury, threw the case out of court late yesterday. He freed the 18 cops after McDonald said it was futile to go on.

WE SAW...

A colorful display of candles and wax flowers on exhibit in the court house. The "giant" candles were made from used candles by local home demonstration club women. And the candles with their holiday look remind us that Christmas is only 97 days away.

WE HEARD...

Mr. and Mrs. Fred Williams, west of Pampa, had the thrill of a lifetime when their son, Pfc. Warren R. Williams called from Germany the other day. He reported that he and four other Pampans, James Lewis, Bobby Hatfield, Doyle Beckham and Bill Stokes, are all fine, but "homesick." The boys are stationed in Frankfurt, Germany, and have been overseas since July.

PROGRESS OF TUESDAY'S rifle slaying of Charles Lee Wheeler, 45, is shown in the above photo of the area at the Sharp Courts. The black X in the lower right hand corner on Tuke's where Wheeler's alleged fight with Mrs. Leonel Sharp, charged in the killing, occurred. The black X in the left corner is where officers found the empty cartridges of two .32 calibre rifle shells. The black X toward the middle of the picture, is where Wheeler's body was lying when found by police. Mrs. Sharp was released yesterday afternoon after posting a \$5000 bond. Her 15-year-old daughter, Margaret, also charged with murder, was released after posting a \$1000 bond. (News Photo)

Mother, Daughter Accused Of Murder In Rifle Slaying

Charges of murder with malice aforethought were filed yesterday at 3 p. m. against Mrs. Leonel Sharp, 40, and her 15-year-old daughter, Margaret, both of Pampa, in the rifle slaying Tuesday of Charles Lee Wheeler, 43-year-old odd job man. Justice of the Peace John V. Andrews set bond at \$5,000 for Mrs. Sharp and \$1,000 for the girl. Both were released after posting bonds. The shooting occurred about 7:30 p. m. Tuesday in an alley near the intersection of Tuke and S. Somerville.

While being questioned, the girl said that during an alleged fight between the mother and Wheeler, she obtained a .22 caliber target rifle from her home and hit Wheeler over the head with it. She then "claimed Mrs. Sharp grabbed the gun and fired twice at Wheeler. The mother denied this, saying her daughter fired all the shots.

The body was found with one bullet hole near the left shoulder and a second in the small of the back near the belt line. A third bullet grazed his right side. No autopsy was ordered, but an examination of the body yesterday proved the theory that Wheeler probably was killed by the bullet which entered his back at the eighth rib, coursing upward hitting a vein and emerging in front close to the second rib.

Officials indicated the girl would be turned over to juvenile authorities for action and that Mrs. Sharp would be bound over to the grand jury, which convenes Sept. 24. Both waived preliminary hearings yesterday. The body is at Duenkel-Carmichael Funeral home where funeral arrangements are pending.

Survivors, other than previously reported, are two sons, C. O. Wheeler, who is in the Navy aboard the destroyer, John R. Craig and Johnnie Lee Wheeler, Yuma, Ariz.

Truman Predicts Democrats Will Be Victorious In 1952

WASHINGTON — (AP) — President Truman today predicted a Democratic victory in 1952. He said the opposition is without issues and has resorted to misrepresentation and smear. Mr. Truman declined answer to say at a news conference whether he will seek renomination, but he did say he expects to have a hand in drafting his party's '52 platform. Told that Edward J. Flynn, Democratic national committee man from New York, had said yesterday Mr. Truman could beat anyone, including Gen. Dwight D. Eisenhower, the President was asked if he agreed. He said he was happy to hear of Flynn's estimate because he regards the New Yorker as a very able prognosticator. But, the President added, he had no comment on Flynn's remarks. From the Republican camp, Flynn's prediction brought a report that the GOP nominee will win next year if he wages a fighting campaign. And a Republican prediction that Gen. Dwight D. Eisenhower will be "available" for the party's nomination evoked from Senator Brewster (R-Me.) the statement that Eisenhower is "now more than ever the indispensable man in Europe." Brewster is plugging Senator Taft (R-Ohio) for the nomination in 1948. At the Capitol Harry Darby, Kansas Republican national committeeman, said of Eisenhower: "He's always been a great soldier and we feel he will submit to the will of the people and be available for the Republican nomination." Flynn declared the Republicans "can't beat somebody with nobody," and that they have nothing but "blatherskites and stuffed shirts." As for Flynn's forecast that

Big Tax Boost Request Renewed By President

WASHINGTON — (AP) — President Truman told the Senate today his tax increase bill would fall far short of balancing the budget and renewed his request for a \$10,000,000,000 tax hike. Mr. Truman sent a letter to Vice President Alben Barkley which was read to the Senate as it began its first full day of debate on the measure. The bill drafted by the Senate Finance committee, would yield an estimated \$5,506,000,000 a year in new revenue. A House-passed bill would raise an estimated \$7,200,000,000.

Mr. Truman said the federal government already is heavily in the red in this fiscal year and that the personal and corporate incomes are running at such high rates they could stand stiffer tax boosts than the Senate bill proposes. The President was highly critical of what he said were loopholes put into the bill by the finance committee and other provisions "for the benefit of special groups." There was no immediate reaction in the Senate to the letter. Several members of the finance committee, including Chairman George (D-Ga.), were present but none rose to make any kind of campaign.

The Senate had met two hours early to speed debate on the tax bill which is already three months late by administration standards. Mr. Truman can beat anybody, Taft commented. "The Republican nominee, if he puts on the right kind of campaign, would defeat Mr. Truman. But it must be the right kind of campaign." Taft indicated he thinks the wrong sort of campaign would be the kind New York's Governor Thomas E. Dewey conducted as Republican presidential candidate in 1948. Senator Wiley (R-Wis.) brushed aside Flynn's optimism regarding Mr. Truman's chances as "whistling in the dark and wishful wishing." Like Taft, Wiley said the Republicans can take over the White House, but "this time we must have someone who will take the aggressive initiative." Brewster declared Flynn's statement the Republicans have nobody but "blatherskites and stuffed shirts" does not apply "to my candidate" — Taft.

Oklahoman Dies In Chair For Killing Young Daughter

MCLESTER, Okla. — (AP) — Milburn J. Mott, 37-year-old butcher knife slayer of his six year old daughter, died in his electric chair early today with a tearful plea to Warden Jerome J. Waters, Jr., "to see that my children are taken care of."

The Sand Springs war veteran and mechanic who slew his daughter after a binge on 20 bottles of beer tried desperately to blink back the tears as he grasped the warden by the hand firmly for his last statement. "I know you're a man," he said, "I want to ask you to see that my children are taken care of. I've asked you this because you are a man of your word."

Warden Waters said he would "look into the situation" of Mott's children. "He died like a soldier," the warden, a retired brigadier general, said. Mott spent his last living hours in bitter meditation on the "in law" trouble, he blamed for the grisly butcher knifingslaying a six-year-old Mary Francis lay sleeping in her bed at Sand Springs the night of March 8, 1949.

Reds Ask Truce Parleys Be Started Again At Kaesong

TOKYO — (AP) — The Communist high command reversed itself today and suggested that Korean cease-fire talks be resumed immediately in Kaesong. The Reds broke off the talks 28 days ago. They charged then that an allied plane bombed and strafed the neutral Kaesong area Aug. 22 in an attempt to murder Communist truce delegates. The allied command called the charge fraudulent and faked. Heretofore the Reds have demanded that the allies admit responsibility for a string of alleged neutral zone violations before the truce talks could be resumed.

American Planes Damage Red Jets In Swirling Air Fight

U. S. EIGHTH ARMY HEADQUARTERS, Korea — (AP) — American warplanes today damaged three Russian-made MIG-15 jets in a series of dogfights over Northwest Korea. Altogether, 49 allied and 78 Red planes were engaged. The U. S. Fifth Air Force said there were no allied losses. Red losses for two days of dogfights totaled one MIG destroyed and eight damaged.

Rent Control Is Ordered For Borger

Borger was one of two Texas areas put under immediate rent controls yesterday by Tighe E. Woods, rent stabilization director. The other area was Brazoria county. Both have been certified as critical defense housing areas by the secretary of defense and the Office of Defense Mobilization. An Associated Press dispatch this morning reported Woods said the action means that effective immediately rents in each area are rolled back to dates before the inflationary effect of the Korean war began to be felt. The base dates from which rent adjustment will be calculated in the areas and the reason for the certification are: Borger, Feb. 1, 1951. In this area are located firms producing high octane aviation gasoline, jet aircraft fuel, butadiene, raw synthetic rubber and carbon black.

Elsewhere on the East Central front, Eighth Army soldiers continued local attacks against Reds dug-in on high ground. U.N. advances also were reported on the Western Front. They were north of Yonchon and northwest of Chorwon. Clearing weather gave them badly needed air support. Communist troops on command, high ground rained artillery and mortar fire at the attacking Allied infantrymen. The United Nations command has admitted the validity of only two alleged violations. Ridgetown's headquarters said an Allied plane strafed Kaesong by mistake Sept. 10 and four unarmored South Korean soldiers mistakenly approached the neutral zone Tuesday afternoon. The Red leaders said they were willing to consider opening the talks because of the "respectable attitude" the Allies have taken regarding the admitted violations.

Churchill Shapes Plans For Election

LONDON — (AP) — Winston Churchill and his conservative "shadow cabinet" began shaping election strategy today as Socialists and their foes squared off quickly for a mighty election. Churchill's control British government policy. The former wartime leader greeted Labor Prime Minister Clement Attlee's announcement that the country will vote Oct. 25 — just 35 days from now — with the cry that Britons can now place a power a cabinet effective at home and abroad. His "shadow cabinet" is made up of the younger Tories who advise him and help fight his battles in Parliament.

Judge To Decide On Change Of Venue For Richard McGee

LUBBOCK — (AP) — District Judge Victor Lindsey was expected to deliver his decision today on a written request for a change of venue in the Richard McGee sanity hearing. McGee, former Pampian, is under a death sentence for the 1948 slaying of R. L. Allston, Lubbock grocery executive. Yesterday Judge Lindsey excused two jurors chosen in the hearing and took under advisement a defense motion for a change of venue. He said he would deliver his decision today. McGee, clad in a sweat shirt and khaki trousers, apparently slept in the courtroom while attorney questioned 40 venemen, nine of whom were excused. All giving financial assistance to Girl Scouts in Pampa, Lefors and the Hopkins community. Dates for the finance drive are Oct. 1-15. Money raised in the campaign, Carmichael said, will go for professional help, leadership training programs, office personnel and all phases of Girl Scout activity. Checks should be made payable to the Pampa Girl Scouts, he said. Other leaders in the drive include Ed Mvatt, general chairman; H. O. Darby, general drive chairman; Ed Cleveland, finance chairman of the executive board; and John Kinard, publicity chairman.

Cool Days, Clear Nights Make Up Pampa's Weather

Pleasantly cool days and clear, almost cold, nights have made up the week so far in Pampa. Yesterday was average with a high of 83 and a low last night of 53. Clouds are forecast for Friday for the Panhandle and South Plains, according to the Associated Press. Chairman of the various drives in the council are Glenn Bell, Shamrock; Rev. W. W. H. Lefors; Mrs. Siler Hopkins, Hopkins community; and W. C. Powers, White Deer.

Suspect Held In Local Auto Theft

William Nathan Hood, about 21, of Lubbock has been charged here with car theft in the August theft of a car belonging to C. E. Farmer, Pampa. Sheriff Rufe Jordan said Hood would be brought to Pampa sometime tomorrow from his Lubbock county jail cell for arraignment. Hood was sentenced yesterday, in Lubbock, to five years in the penitentiary for strong armed robbery there several weeks ago. If it comes from a Hdw., store we have it. Lewis-Wdw. Ph. 1312.

Taft Says Russ Threat Only Justification Of U. S. Policy

ST. PAUL, Minn. — (AP) — Senator Taft (R-Ohio) said today American foreign policy in the present emergency can be justified only because of the "Russian threat." "The various programs into which we have been forced," he said in a speech prepared for a businessman's luncheon here, "and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." But, he added, there seems to be "no alternative in view of the fanatical spirit of Communism and the truculent manner in which Russia itself conducts its foreign policy." "We can only hope," he continued, "to keep our own foreign policy from unnecessarily current programs — such as defense contracts, economic and military aid to other free peoples, and extensive rearmament at home — do not avert the possible danger of war with Russia." Musical Program Given At Weekly Rotary Meeting

A musical program, under direction of Coy Palmer, was presented yesterday at a meeting of the Rotary club.

Roy Johnson, director of music at the Methodist church, sang, accompanied by his wife.

George Scott, president of the Pampa Rotary club, announced that Sherman White and Leslie Hart, presidents of Pampa's Lions and Kiwanis clubs, respectively, had invited members of the Rotary club to attend a joint meeting, Sept. 27, in the Methodist church to hear Atty. Gen. Price Daniel.

In turn, Lions and Kiwanis members were invited to a meeting Wednesday of the Rotary club to hear a Syrian dignitary speak.

Jack Edmondson, principal of Pampa High school, introduced Bryan Clemens, high school junior Rotarian for September.

TAFT SAYS

(Continued from Page 1) provoking war which otherwise might not occur."

Taft is on a speaking tour of several western states. He said he will outline his own foreign policy views for the present emergency in more detail in later speeches.

Today, he confined his remarks to emphasizing a difference between the "fundamental purposes of our foreign policy in normal times and the emergency measures into which we are forced because of the Russian threat."

He also took a poke at the State Department which, he said, has "operated on a theory of expediency supported by propaganda."

And, he accused Presidents Franklin D. Roosevelt and Truman of putting "all kinds of political and policy considerations ahead of their interest in liberty and peace."

"No foreign policy, either in the present emergency situation or in ordinary times," he said, "can be truly justified unless it is devoted without reservation or diversion of purpose to the protection of the liberty of the American people, with war only as a last resort and only to preserve that liberty."

President Has Faith In Boyle

WASHINGTON — (AP) — President Truman said today he is opposed to any official of the Democratic National committee collecting fees for helping secure an RFC loan. He said, however, he is convinced that Chairman William M. Boyle, Jr., has not done so.

The President told a news conference he thinks members of the committee and voluntary workers should do everything they can to help get introductions to those seeking government contacts.

But none of them has any business taking any fees for doing that, he said.

Mr. Truman said he has Boyle's word that the national chairman did not accept fees for any thing

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is giving you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 40 years. It's amazing how many times Doan's give happy relief from these discomforts—help the millions of kidney tubes and filters flush out waste. Get Doan's Pills today!

CHRISTMAS DECORATIONS FOR PAMPA

It is entirely new, glittering streamer hung at Cuyler and Kingsmill Wednesday to give local merchants a sample effect of the decoration. Today a business men met with a representative of the Hughes Decorating service of Vernon and decided to use the aluminum streamers here during the Christmas holidays. Similar Christmas decorations have been used in Elverdale, Calif., Tulsa, Okla., Vernon and Wichita Falls. (News Photo)

Bicycles Stolen At Grade School

Two bicycles have been reported stolen from Sam Houston school one Tuesday and the other yesterday. Chief of Police John Wilkinson said this morning.

He added that two bicycles had been found abandoned yesterday, one in front of the Grange courts and the second in front of 826 E. Craven, but did not fit descriptions of those stolen.

The two abandoned bicycles, now at police headquarters, have not been claimed.

Smoke Eaters Learn About Organized Fire Training

BUTTONS AND BEAUX SHARON SMITH

"I wouldn't mind suffering in silence if everyone knew about it."

The object of organized fire training was stressed in one of the last of a series of meetings being held this month in the Pampa Fire Dept.

L. O. Bynum, field instructor of the Texas A&M Fireman's Training school, in stressing organization and team work, pointed out that the fireman's job is one of the most vital in civil life.

"A fireman must fight a fire three times," he said, "which means they must fight it before, when and after it happens."

Among the organized methods stressed during the Tuesday session were minor fire extinguishing practices, forcible entry practices, rope and ladder work, hose and apparatus work, salvage, overhaul and rescue work.

Bynum suggested the local department incorporate ventilation and inspection practices. Each fireman, he explained, should make an inspection of all public buildings here. That is carrying out the practice of fighting a fire before it happens.

Another important factor to know is the water system and its distribution, Bynum said.

All special apparatus and where it is kept on the truck should be known to facilitate actual fire fighting.

The school was held here under the sponsorship of the state Firemen and Fire Marshals Assn., and was held at no cost to the local department.

The service is offered to improve fire fighting techniques in Texas, Bynum said.

EVERYTHING IN ITS PLACE — During the last week of a training school, local firemen brush up on location of fire-fighting equipment on one of the department's trucks. L. O. Bynum, field instructor for Texas A&M, points out the necessity of knowing where special apparatus is. Regular firemen pictured left to right holding fire-fighting tools are Paul Skidmore, pike pole; A. W. Ferguson, hose clamp; Ed Cox, spinner wrench; Bynum, Fire Chief Ernest Winborne, pikeaxe; John Skelly, hose chain; Albert Fuller, hydrant wrench; and Roy Ables, clawbar. (News Photo)

Combination Given For New Farmers

LEXINGTON, Ky. — (AP) — To bacco with cows or chickens has proved the best combination for beginning farmers who have small acreage, says a University of Kentucky bulletin.

The fact that the small farmers could do most of their own work and trade work with neighbors in the harvest season was found to be an advantage.

The survey on which the bulletin is based reached the conclusion, however, that farmers who make a success of small places would try to enlarge their holdings.

Dog To Inherit Owner's Estate

PERTH — (AP) — A 70-year-old blind man, whose dog had led him about for the greater part of his life, has left his estate for the upkeep of the animal until he dies.

"For many years I have been totally blind and Toby has been a faithful companion to me," Howard Hope Hills wrote in his will.

Ten-year-old Toby has now been provided with enough money per week for his expensive tastes in rump steak, crayfish, pies and cakes.

Holcombe Inks 10-Year Pact

LAFAYETTE, Ind. — (AP) — Purdue has come up with one answer to the problem of over-emphasizing intercollegiate athletics.

Take the heat off the coaches, Dr. Frederick L. Hovde, Purdue president, said the university has extended head football Coach Stuart K. (Stu) Holcomb's contract for ten years.

Dr. Hovde said Holcomb's original five-year contract was extended more than a year ago. The extension assures him a 13-year tenure at Purdue.

Purdue gave Holcomb his long-term contract before his team defeated Notre Dame last year, ending an unbeaten string of 39 games for the Irish. The Bollers lost six straight after that but bounced back to beat Indiana in the big state game ending the season.

Missouri Deer Herd Has Child Bride

JEFFERSON CITY, Mo. — (AP) — Missouri's whitetail deer herd has been growing fast. And biologists of the state conservation commission have discovered one reason.

A 14-month-old doe was killed accidentally near here and it was found to have horns and nursed a fawn even at that tender age. She had become a mother when only a year old. At that rate she could have been a grandmother at two.

Previously, biologist Robert Dumberson said, it had been generally agreed that does do not produce young until they are around two years old.

Searchers Find Plane Wreckage

VANCOUVER, Canada — (AP) — A search party expects to reach late today the wreckage of a plane on a northern Vancouver island mountain slope near here.

The Royal Canadian Air Force said there is a possibility the wreckage may be one of two United States Navy planes. R.C.A.F. search planes confirmed yesterday the wreckage is that of a plane.

One U. S. Navy plane disappeared in the area three years ago with nine men aboard. A U. S. Navy bomber was lost last December with a crew of 11. The plane left Whidbey island, Wash., on a routine flight and was not heard from again.

Philly Detectives Get Gold Badges

PHILADELPHIA — (AP) — The next time a Philadelphia detective flashes his badge he's not likely to get the reply, "Aw, who ya trying to kid, Bud?"

This reportedly had been a frequent response when plainclothesmen pulled out their cheap-looking, silver-plated badges of authority that, at quick glance, resembled breakfast cereal premiums.

Public Safety Director Samuel S. Rosenberg has distributed 315 badges to the city's detective force. They're heavy, gold-filled, imprinted with the city seal.

"And they pack authority," Rosenberg added.

Foreign Aid Hits \$31,000,000,000

WASHINGTON — (AP) — Post-war aid from the United States to foreign countries totaled \$31,400,000,000 through last March 31, the National Advisory Council on International Monetary Problems told Congress.

The council, headed by Secretary of the Treasury Snyder, submitted its report through President Truman.

It placed foreign aid to March 31 at \$2,400,000,000, and noted a big shift from economic to arms aid in this period, after the start of the Korean fighting.

Things Are Tough For Wise Bookie

PHILADELPHIA — (AP) — There's a Philadelphia bookmaker named "Joe" who's convinced that police here are pretty fast workers.

Detective Theodore Mitchell recently raided Joe's gambling headquarters, then advised the telephone company to disconnect the phones.

Mitchell kept his eyes open. The other day he spotted "Joe" driving a new car, stopped it to take a better look inside. There he saw a radio-telephone handset dangling from the dash.

"You got a phone in your car," said Mitchell.

"Yeah," replied Joe. "Had it a week and already you're wise." The telephone company was notified, and Joe's radio phone is gone.

Fain Boosts AL Batting Lead

CHICAGO — (AP) — Philadelphia's Ferris Fain has picked up fine percentage points to boost his batting average to .341 for the widest lead in the American League hitting race in a month.

Falling 19 points behind in second place was George Kell of Detroit with .322. In other averages computed through Sunday's games, Chicago's Minnie Minoso had .321 and Boston's Ted Williams .319.

Completing the top ten batting list were Gil Coan, Washington, .316; Johnny Pesky, Boston, and Gil McDougald, New York, with .314 each; Larry Doby, Cleveland, .312; Bob Avila, Cleveland, .309, and Nellie Fox, Chicago, .305.

Increase Reported in U. S. Colleges And Universities

WASHINGTON — (AP) — The number of colleges and universities in the United States increased 9.4 percent in the past decade, from 1708 to 1868, the office of education said.

In the same period student bodies have increased 78 percent — from 1,494,203 to 2,659,021 — and faculty staffs have increased 67.9 percent, from 146,929 to 246,722.

The increase in male students has been 107.4 percent — from 893,250 to 1,853,968 — and in women 34.1 percent, from 600,953 to 805,953.

Use Common Sense to Take Off That Ugly Fat

Overweight can be a menace to health, but common sense should be the watchword to get rid of the extra poundage. A rigid diet over a protracted period of time, can also do harm.

Why not try the Barconrate way as countless others have done, with remarkable results? Barconrate contains no harmful drugs. In fact, it contains ingredients to make you feel better. Just go to your drugist and get 4 ounces of liquid Barconrate. Pour into a pint bottle and add 12 ounces of natural grapefruit juice. Then take 2 tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show you the way to take off bulky fat, just return the empty bottle for your money back.

Here is the Proof

"I have taken Barconrate and gotten wonderful results," writes Mrs. B. L. Peavy, 724 E. 41st St., San Antonio, Texas. "I have lost 14 pounds and I feel so much better. I get rid of all my heart and gas and now get a good night's sleep. I ate anything I wanted."

Last 13 Pounds

"Barconrate not only made me lose weight, but it made me feel so much better," says Mrs. Ida C. Johnson, 782 South St., Dabart, Texas. "I have already lost 13 pounds taking Barconrate."

10 Pounds Lost

"I am very grateful to Barconrate," writes Opal McKelvey, 205 W. 9th, Bonham, Texas. "I have lost 10 pounds taking this wonderful medicine."

Ten Die In Crash Of Transport Plane

RIO DE JANEIRO — (AP) — All 10 persons aboard a Brazilian air-

liner died in a crash 300 miles southwest of Rio De Janeiro Monday night. The plane burned after going down in rough country.

The Real Transportes Aereos, owners of the plane, said the six passengers and four crew members were Brazilians.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their false dropped, slipped or wobbled at just the wrong time. Do not let it be in front of this happening to you. Just sprinkle a little FAS-FEITZIL, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate down" (denture breath). Get FAS-FEITZIL at any drug store.

Coldest Camp

OTTAWA — (AP) — Men with service at the Canadian army base in Fort Churchill, Man., can claim to have trained at the coldest camp in Canada.

The Canadian Defense Department has compiled figures on climatic conditions in 33 military camps and training areas. They

contained surprises for many servicemen.

Fort Churchill, with a mean annual temperature of 18 degrees, was shown as the coldest camp. The average temperature for December at the camp was 11 degrees below zero. January is 19 below, February is 17 below and March is six below.

Try this for thrills!

TIME-PROVED POWERglide
AUTOMATIC TRANSMISSION

CHEVROLET

See how different driving can be... how easy, smooth and enjoyable... and you'll never want to drive any other way

If you haven't taken your "Discovery Drive" in a new Powerglide Chevrolet, we envy you the thrill you have in store.

Here's how Powerglide works. Just set the lever to "drive," touch the accelerator—and you're off! No clutch pedal. No gearshifting. And what power! What satin-smooth pick-up as you thread your way through traffic! No wonder it's the sensation of the low-price field!

What's more, Powerglide automatic transmission has proved dependability and owner satisfaction—proved by more than 500,000 owners in over a billion miles of driving.

But, only Chevrolet can offer you the thrills of Powerglide. So come in and see us soon for your "Discovery Drive." Get set for the smoothest, easiest, most enjoyable way yet found to drive an automobile. And, remember, no-shift driving is yours at lowest cost in Chevrolet!

Take Your "DISCOVERY DRIVE"

More people buy Chevrolets than any other car!

*Combination of Powerglide Automatic Transmission and 105-h.p. Valve-in-Head Engine optional on De Luxe models at extra cost.

Chevrolet alone offers this complete Power Team!

POWERglide Automatic Transmission*
Gives you simplest, smoothest, safest no-shift driving at lowest cost. No clutch pedal—no gearshifting—not even a hint of gear changes in forward driving!

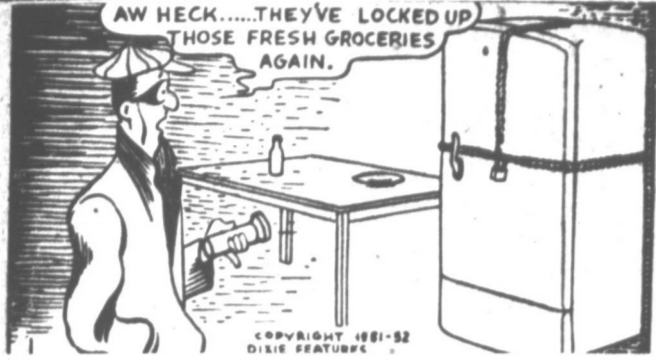

Extra-Powerful 105-h.p. Valve-in-Head Engine
Powerglide is coupled with the most powerful engine in the low-price field—Chevrolet's extra-efficient 105-h.p. Valve-in-Head Engine—the trend leader for the industry.

Rear Axle Economy Drive
Rear wheels travel farther at each engine revolution... fewer engine revolutions and less gas at highway speeds. Result: traditional Chevrolet economy in over-all driving.

Oil Does It All!
Oil replaces gears in the Powerglide Transmission. No direct mechanical connection between engine and rear axle. You have an infinite number of drive ratios.

Many Problems Face NATO As Ottawa Meet Underway

By JAMES MARLOW
WASHINGTON — (AP) — This is an ABC on the meeting of the 12 Atlantic pact nations this week in Ottawa.

The 12 are the United States, Britain, France, Canada, Belgium, Denmark, Luxembourg, Iceland, Italy, The Netherlands, Norway and Portugal.

In 1949 they signed an agreement, the North Atlantic pact, to help one another in mutual defense.

To make the pact work they set up the North Atlantic Treaty organization (NATO) and began to re-arm.

While all are taking some part in this, the United States, with arms and money, is shouldering the biggest part of the re-arming program.

They have reached the point where they are building a European army for their common defense, with Gen. Dwight D. Eisenhower in command.

Taking part in the Ottawa talks are the foreign, defense and finance ministers of the 12 NATO nations.

Not everything they discuss will be settled at Ottawa. But here are the main problems facing them:

1. Admitting Greece and Turkey to NATO. The United States proposed it. This would add two more allies, with troops to NATO in strategic spots on Russia's southeastern flank. The 12 nations may approve this at Ottawa.

2. Trying to keep the economies of NATO's 12 nations balanced some way. It's easier for the more prosperous United States to re-arm and at the same time retain its high standard of living than it is for some others.

The more some of them use their factories to turn out guns and bullets, the less goods there'll be for civilians. And inflation always stares them in the face in this kind of war, or defense, economy.

They're afraid of the progress communism will make from the inside, without need of outside attack, if their economies get badly damaged. The United States takes the position it's already giving all the economic help it can.

3. Taking off some of the handoffs placed on Italy, one of the NATO nations, by the peace treaty made with her.

The treaty limits the Italian Army to 250,000 men. Yet Italy's Premier Alcide de Gasperi, pledging Italy's fullest cooperation with NATO, can point out:

His country, with 2,000,000 unemployed, can form a manpower reserve either for the Western armies or for defense industry needs.

4. Truly ticklish is the problem of rearming Germany and

making a peace treaty with her. This applies only to the West German republic, occupied by Russia.

NATO needs Germany, which is one of the great workshops, plus a great manpower pool which could be called upon to fill out NATO's European army.

France is afraid of what may happen eventually if Germany is allowed to re-arm all by itself, with a blank check. It may end in future German aggression or even a military tie-up with Russia.

So the thinking goes like this: Don't let Germany have an army of its own, under its own general staff which could plot future mischief. Instead, NATO should train a limited number of German troops to be fitted into the European army whose commander will be from some other nation. At the present time it's Eisenhower.

But the West German republic, which just saw the Allies sign a generous peace treaty with Japan, wants a peace treaty of its own so it can run itself.

Last week the foreign ministers of the three big occupying powers — United States, Britain, France — met in Washington and agreed on a kind of limited peace treaty for Germany.

She could run herself pretty much but the Allies could step in any time they thought Germany was endangered by Communism or Fascism. The Germans, knowing NATO wants them, will try to strike a tight bargain before agreeing to any part in NATO.

Some juke box operators boosted the price to a dime last June.

A spokesman for the OPS says that operators who boosted the price "were working under the misapprehension that their business did not come under OPS regulations."

Hal Sherry, business manager of the International Brotherhood of Electrical Workers, Local 1052, said a return to five cents a record would cause many operators to fold up their businesses "because they raised wages when they raised prices, and cannot cut wages now because of living costs."

Read The News Classified Ads.

Heads VFW—Frank C. Hillon, 12, of Reading, Pa., above, is the new commander-in-chief of the Veterans of Foreign Wars. Hillon, a brokerage salesman and Army veteran, was elected at the VFW convention in New York.

Several Communist-led trade unions challenged the constitutionality of the anti-Red act. The Australian high court found last March that the federal parliament lacked the constitutional power to implement the measure.

The R. G. Menzies Liberal government seeking to give effect to its mandate, introduced the Communist Party Dissolution bill.

They will vote "yes" if they are in favor of having the constitution altered so as to give the Menzies government power to ban the Communists, or "no" if they are against it.

Australians To Vote On Anti-Red

SYDNEY — (AP) — The Australian people will decide in a nationwide referendum Sept. 22 whether they want the Australian Communist party and all its subsidiaries outlawed or not.

They will vote "yes" if they are in favor of having the constitution altered so as to give the Menzies government power to ban the Communists, or "no" if they are against it.

The R. G. Menzies Liberal government seeking to give effect to its mandate, introduced the Communist Party Dissolution bill.

Several Communist-led trade unions challenged the constitutionality of the anti-Red act. The Australian high court found last March that the federal parliament lacked the constitutional power to implement the measure.

They will vote "yes" if they are in favor of having the constitution altered so as to give the Menzies government power to ban the Communists, or "no" if they are against it.

Shortage In Auto Output Is Forecast

DETROIT — (AP) — Some auto industry experts are saying the car makers cannot build 1,100,000 passenger cars in this year's final quarter.

That's the maximum output total set by the National Production Authority (NPA) for the sections. The sales chiefs say

October-December quarter. Rumor has it the NPA figure will be further reduced because of materials shortage.

Industry authorities say, however, that regardless of NPA action, the car companies will not be able to find enough material to build more than 800,000 passenger cars in the final three months.

U.S. Troops To Learn About Atomic War In Nevada Tests

WASHINGTON — (AP) — Five thousand U. S. fighting men are going to learn by the actual explosions of live ammunition how to operate when a battlefield is blasted and seared under atomic barrage.

These men and officers drawn from the Army, Navy and Air Force, and including an Army battalion combat team, will get their atomic warfare indoctrination during a new series of nuclear tests at the Frenchman Flats, Nev., atomic weapons proving ground.

The military has designed as "Exercise Desert Rock" this first atomic warfare troop maneuver.

The combat team will establish a battle position, dig trenches and dugouts and string wire before each explosion. Then they will move to safe positions as the explosion comes, an official Army announcement yesterday explained.

Presumably, their places in the trenches and foxholes will be taken by blast and heat recorders and Geiger counters to record what would happen to them as the detonation occurs and for the period of radiation danger immediately after.

If the explosions occur in the air (as they would in the case of bombs dropped or shells fired for maximum effect against troops deployed in the field) the troops will be able to resume their positions within a few minutes because there will be no dangerous residual radioactivity.

But if an explosion occurs on the ground or beneath it, the area can be dangerously radioactive for some time.

The announcement said that "supporting service troops" will operate with the combat team. This indicates that the tests also are designed to show how much damage to food, clothing, communications systems and other material used by a combat unit in the field might occur from blast, heat and radiation.

Presumably, training will involve the recovery and rehabilitation for immediate use of such equipment.

Another important factor will be psychological to convince the foot soldier that he can live and fight through atomic attack if he follows instructions and remembers his training.

What types of nuclear detonations would be used while the troops are undergoing training was not disclosed.

However, the Atomic Energy commission and the Defense Dept. have been working for more than a year at development of atomic weapons suitable for battlefield use, of a force less than the mass destruction weapons used for strategic bomb attacks on enemy cities. These new tactical weapons reportedly have taken the form of both reduced sized bombs and atomic "artillery."

Reds Make Effort To Build Power

OTTAWA — (AP) — British Defense Minister Emmanuel Shinwell declared yesterday he has "solid evidence" that Russia has 315 divisions, 300 submarines and 19,000 aircraft and is making great efforts to build its power further.

"They are making great efforts," Shinwell said, "and their forces are growing in power and numbers every day."

"Weakness is a temptation to the would-be aggressor."

Meyer Charges Grid Editorial

FORT WORTH — (AP) — "Damnable lie" was the term Coach L. R. Meyer of TCU applied yesterday to a major national magazine's recent editorial, "Football Is a Farce."

Addressing the TCU Quarterback club, Meyer said: "In the first place anyone who has no more faith in our colleges and youth than that should be thrown into the ash can."

He said 75 percent of his squad would not be able to obtain a college education if it were not for football.

"The cheaters (referring to the West Point scandal) and bribed basketball players are in the minority."

Trap Backfires
KUALA LUMPUR — (AP) — A long-wanted Chinese Communist terrorist died in his own trap. Choo Ah Kong and his gang, operating in Negri Sembilan state, planned to wipe out a rubber estate's armored car by laying a land mine. But it exploded just a little before the car arrived, its guard opened fire, killing Choo Ah Kong. A large reward had been offered for his arrest.

When PILE TORMENT Wrecks Your Sleep!

See How Formula of Famous Hospital Helps Soothe Your Aches!
Thanks to experience with more than 70,000 cases at their famous Clinic, Thornton Minor doctors have developed a really effective soothing pile medication. Now you can buy that formula at your drug store. True "comfort" means relieving thousands of sufferers. Don't let pile misery rob you of sleep and pep! Relieve that nerve-racking itch, pain and burning, this hospital-proved way. Ask for Thornton Minor ointment or come at drugstore—today!

Ceremonies Held To Dedicate New Canadian Baptist Church

CANADIAN (Special) Top 10 Texas fellowship arrived in Canadian Thursday and were church conducted ceremonies Friday afternoon in their new local congregation church on Sixth St. Rev. Frank A. Godson, Amarillo, preached, and by Dr. Maurice Hutcheson, pastor of the Bible Baptist church, Lubbock, spoke. Other ministers attending the dedication were: Porton McDougal, Amarillo; Bruce E. Powell, Childress; George Shoss and Jack Young, Wellington; George Cummings, Tulsa; H. C. Owenby, Oklahoma City; Bill Jones, Sunray; and Clarence Bishop, Dallas.

Work on the new church was started by Pastor H. A. Webb and members of his congregation more than two years ago. While some finishing touches are lacking, the building has been used for services more than a year. Newest feature of the building is a Baptist scene, painted by Wayne Carter of Canadian. A grand piano also has been installed.

Officers of the church are Joe Fish, treasurer; Bryan Eckles, clerk; Joann Webb, pianist; and Alvin Steen, song leader.

Ceramic clay floor tiles of various shapes used by architects during the Roman Empire period are frequently found not only in the Roman Empire, but also in the hazy lands of the farthest-flung provinces that once men.—Psalms 118:16.

McCORMICK TEA

Search For Utopia Coal Bonanza

MELBOURNE — AP — John Greenston, a 57-year-old bachelor, who is tired of Melbourne's "frustrations," is recruiting men and women to go with him to an island Utopia. He plans to "escape the city jungle" and establish a cooperative village at a site probably in New Guinea or the Torres Islands, north of Queensland.

"There are hundreds of people," he explained, "who are fed up with the pinpricks, frustrations, and repressions of a big city. They are looking for an escape, and this is their chance."

Greenston is a stained-glass artisan who came from England to Australia 38 years ago. He emphasizes that members of his group will have to be adventurous, hard-minded, and of "harmonious" disposition.

Gets Bronze Star Lots Of Tomatoes

MUNSAN, Korea — AP — A Texan received a bronze star yesterday for valor in Korean fighting. He is Capt. R. F. Loughry of Tyler.

It will not do to be saints at meeting and sinners everywhere else.—Henry Ward Beecher.

WHERE MANPOWER SHORTAGES THREATEN—The Newsmap above shows six critical defense areas where actual or expected manpower shortages threaten to "impede essential activities," according to a survey by the Bureau of Employment Security. Booming aircraft production contributed to the shortage in four cities (indicated by aircraft symbols). Shortage in the Aiken-Augusta area is caused by "tremendous demand" for labor at the new Savannah River atomic plant, while workers are needed in the Davenport-Rock Island-Moline area for the machine industry and government arsenal. The bureau's survey showed a tighter labor supply in two-thirds of the nation's major production centers, resulting from bigger defense hiring and seasonal spurts in construction and agriculture.

Marines, Infantry Give Most Memorable Performances

By HENRY McLEMORE

In the current issue of a national magazine, Mrs. Charlie MacArthur, known on the stage as Miss Helen Hayes, selects the ten most memorable performances she has witnessed in her many years in the theater.

Mrs. MacArthur should be slapped gently on the wrist, or a ruler should be applied to the palm of her hands, for a modesty that is ridiculous. She doesn't mention her performance in "Victoria Regina." Such an omission is akin to Ty Cobb not naming himself on the all-time baseball outfield, or General MacArthur saying he should go back to Fort Benning and take a refresher course as an officer.

The selections by Miss Hayes have prompted me to select some outstanding performances not necessarily of the theater. However, I can name the greatest performance I ever saw an actor give. I was the actor and the play was "The Three Fatals," produced in the basement of a Methodist church in Atlanta, Ga. I was 18, and my leading lady was 15, and we were in love. After the show we had to drink three malted milks and share a banana split to cool off.

In the realm of politics, the best performance I ever saw was that given by Huey Long at the 1932 Democratic convention. Everyone in the English to rant and rave and prove himself a Louisiana. Coon Shouter. He made far and away the most impressive speech of the convention. He was quiet and scholarly, and there was more erudition in his

speech than there was in all the hundreds of others that were made during the convention.

In sports, no one ever matched Jesse Owens in Berlin. Jesse is one of the few champions this country has ever produced. There was no betting against him.

Movies bore me to death. Hollywood still works on the theory that for every intelligent, sensitive person in this country there are a million who are not. The best movie I ever saw was Robert Montgomery in "Night Must Fall," and I'll bet you that picture hasn't earned one-twentieth as much as any juvenile production with Martin and Lewis. If Martin and Lewis are funny, then where does that leave Thurber and Perelman?

To list another memorable performance, let me mention a few cities. Peking before the Reds came in. What a shame to have such a gentle, lovely city spoiled by Moscow-trained outlaws.

I don't believe it's possible for any human performance mentioned by Miss Hayes to match God's handiwork at sundown and sunrise in Hong Kong, San Francisco or Rio de Janeiro.

Getting back to human performances, I'll agree with Miss Hayes that Barrymore was great as "Hamlet," W. C. Fields was delightful in "Poppy," and Frank Fay was nearly perfect in "Harvey."

But I have seen marines and infantry soldiers charge up hills with death all around them. To my mind, these are the greatest performances of all.

No spotlight for the infantryman or the marine. No critics to tell them how well they did. No raise in pay, no name in lights.

Just day-in-and-out performances that make all other kinds of performances look easy.

Nudist Fired As Church School Prof

MCKENZIE, Tenn. — (AP) — A church college zoology professor, fired for being a nudist, is waiting today for any reply to his feelers for a new job.

Dr. John E. Bauman, a 59-year-old bachelor who has taught in church schools since 1918, said he hoped he will find a school that "stands up for academic freedom."

But the man who fired him—President Roy N. Baker of the Cumberland Presbyterian Church Bethel college here — doesn't think he's got a chance.

"I don't think another church school in the country will employ him," he said.

Bauman's contract was not renewed at the end of the summer term when college officials learned he was a member of the American Sunbathing Assn.

He had been a faculty member three years, and a nudist 10.

"I never propagandized the movement in my teaching," Bauman said. "I criticized excessive sunbathing in my classes. Baker and the board seemed to be more afraid of what people might think instead of holding it (nudism) against me."

Baker said the policy of the Sunbathing Assn. "does not fit in with our church program. We don't fool with that kind of business."

The president said the dismissal was upheld by the church board of education and an appeal was denied by the church general assembly's committee on education.

Commented Bauman: They've brought up that old question about why did God make a fig leaf for Eve if God wanted man to be in the nude. That is not even historically true.

The Sunbathing Assn.'s nude assemblies are confined to private camps.

Bethel is a school of 480 students 24 teachers. It's four-year liberal arts college with a theological seminary on the campus.

ORDINANCE AMENDING ORDINANCE NO. 235 PASSED AND APPROVED BY THE CITY COMMISSION OF THE CITY OF PAMPA, TEXAS, ON THE 18TH DAY OF JANUARY, 1944, FIXING THE RATE OF TAX ON CERTAIN COIN OPERATED MACHINES, DEFINING CERTAIN TERMS, PROVIDING A CITY TAX COLLECTOR TO SEAL UNLICENSED MACHINES, MAKING IT UNLAWFUL TO REMOVE FROM LOCATION A COIN OPERATED MACHINE, SEALING BY SAID TAX COLLECTOR, PROVIDING A FEE FOR RELEASE OF SEALED MACHINES, REPEALING ALL LAWS OR PARTS OF LAWS IN CONFLICT WITH THIS ACT AND DECLARING AN EMERGENCY: BE IT ORDAINED BY THE CITY OF PAMPA, TEXAS:

SECTION 2. Ordinance No. 235 as passed and approved by the City Commission of the City of Pampa, Texas, on the 18th day of January, 1944, be amended to read as follows:

"(a) For each music coin operated machine, the term as hereinabove defined, a fee of \$2.00 where the coin fee or token used or which may be used in the operation of the machine is of the value of 50 or more or represents the value of 50 or more."

Part (b) of Section 2 of said ordinance is hereby repealed.

SECTION 3. Section 3 of said Ordinance No. 235 passed and approved by the City Commission of the City of Pampa, Texas, on the 18th day of January, 1944, is hereby amended so that said section shall hereafter read as follows:

"Every coin operated machine subject to the payment of the tax levy herein and upon which said taxes have not been paid, provided herein, is hereby declared to be a public nuisance and may be seized and destroyed by the City Police and his agents in such cases made and provided by law for the seizure and destruction of common nuisances. The City Tax Collector of the City of Pampa, Texas, shall place a suitable seal on every coin operated machine on which the tax provided for in this ordinance has not been paid, and a charge of \$5.00 shall be made by the City Tax Collector for the release of any machine sealed as provided herein for nonpayment of tax."

SECTION 4. That Section 5 of said Ordinance No. 235 as passed and approved by the City Commission of the City of Pampa, Texas, on the 18th day of January, 1944, is hereby repealed so that hereafter said Section 5 shall read as follows:

"The occupation tax levied herein shall be paid to the City Tax Collector who shall issue the occupation tax receipt. Said occupation tax receipt shall be attached to coin operated machine rendered and the receipt shall bear the serial number of the particular machine."

SECTION 5. In the event any taxpayer paying the tax as provided for herein pays the same after October 1st of any year, he may pay for the same on a prorated per diem basis to August 31 following. All other payments shall be on an annual basis and no refund for short term cancellation or surrender shall be made.

SECTION 6. If any portion of this act shall be held unconstitutional by any court of competent jurisdiction the remaining portions hereof shall nevertheless be valid the same as if the portion held unconstitutional had not been adopted by the City Commission of the City of Pampa, Texas, as a part of this ordinance.

SECTION 7. All ordinances conflicting with the reading of this ordinance are hereby repealed.

SECTION 8. Projection of the public interest required by the law relating to the levy of the taxes on certain coin operated machines creates an emergency and an imperative public necessity that the rule requiring ordinance be read on three separate occasions should be suspended and such rule is hereby suspended and emergency is declared, and this act shall take effect and be in force from and after its passage and it is so enacted.

PASSED AND APPROVED this 25 day of August, 1951.

"WHA HOPPEN?"—Whatever is happening off to the left seems to have sparked startled stares from crooner Frank Sinatra and his girl friend, Ava Gardner. Frankie is appearing at a Las Vegas, night club while arranging for a quickie divorce from his wife, Nancy, that will free him to marry Ava.

Astronomer Says Comets Made Of Ice

By JOHN B. KNOX
CAMBRIDGE, Mass. — (AP) — A Harvard astronomer's curiosity about two celestial mysteries—the hurrying comet and the tardy comet—has led him to conclude comets aren't very big and are made largely of ice.

Fred L. Whipple, Harvard professor of astronomy, reported the speed-up or the slow-down can be attributed to gas jet-propulsion, or to gas jet-braking.

Here's how the comet slows down, or speeds up. Comets have egg-shaped orbits. The sun is at one end. Near the sun, the warm rays turn some of the ices to gas. The expanding gas departs at great speed. As it leaves, it delivers a push. It leaves at perhaps half-mile-a-second velocity.

The researchers of Prof. Whipple and colleagues seem to have whittled the comets down to size from the fearsome things that used to frighten the superstitious. The diameter of Halley's comet was variously measured up to 315,000 miles. But recent computations place the actual diameter of the head of about only 15 miles. Encke's comet now has a head shrunken to about a mile in diameter.

It was the curious behavior of comets like Encke's in curving their orbits too far or of comets like Wolf 1, in slowing down, that excited Prof. Whipple's curiosity.

Where did comets come from, Dr. Whipple leans to the theory that they coalesced and their gases condensed in great, cold, gaseous dust clouds at vast distance from the center of our solar system.

Comets don't live long compared with planets and asteroids. Short-period comets may last 2,000 to 60,000 years.

Singapore Is Seen As Cultural Center

SINGAPORE — (AP) — Malcolm MacDonald, British Commissioner-General for Southeast Asia, says he hopes Singapore will become one of the world's great cultural centers.

Praising Indian and other foreign artists who have given performances here, MacDonald

Britons Face Two Meat Ration Cuts

LONDON — (AP) — Two more meat ration cuts face Britons. The Food Ministry said a decline in home-killed meat supplies will reduce each ration book share to 28 cents worth weekly on Sept. 23, and to 22 cents worth on Oct. 7.

Under the present ration, at British prices, the housewife gets a smallish piece of beef or two small lamb chops a week. She may be able to get enough cheap stew beef for four small portions.

Reception Held By Canadian PTA

CANADIAN — (Special) — The Hospitality committee of the Parent-Teacher Assn. held a reception and coffee immediately following the football game Friday, when new members of the Canadian school faculty were introduced.

The coffee was held in the high school building. New on the faculty this year are Coach George Austin, Leo Cockrell, Mr. and Mrs. Ward Alexander, Mrs. Johnnie Ashworth, Miss Elizabeth Crow and Mrs. Gracie Harris.

Husky Stevedore Is Champ Tatter

POMONA, Calif. — (AP) — A 200-pound stevedore with muscles bulging the seams of his jacket won blue ribbons at the Los Angeles County fair yesterday—for tatter.

George L. Nance of San Pedro, Calif., got first prize for his tattered collar and cuffs set and for a pillowcase with tattered edges and insets.

Nance first entered the domestic arts competition three years ago. His husky friends ribbed him so much that he had to use his fists on a few to prove that a man can tatter if he wants to, and no back talk.

said in a speech at Victoria theatre: "Singapore is a crossroads where several civilizations meet. Here, the culture of Europe and India, China and Malaysia all mingle and mix."

"That is one reason why we hope, in due time, to make this city more than the valuable and famous commercial center it is today."

Boyle Says Two-Pants Suit Essential For A Columnist

By HAL BOYLE
 NEW YORK — (AP) — Confessions of a columnist:
 "They say a man ought to rear back every few years and take a look at his life — just to see if he's learned anything or is headed anywhere.
 It is my turn to do that today. I have just finished eight years in the same old chair — writing a daily newspaper column.
 That is the longest I have spent at one task since a successful eight-year hitch I served in grammar school, some time ago.
 The thing I have found a man needs most to be a columnist is a two-pants suit. I don't know of any industry that, over a period of years, requires so much sitting-down. Most of your mental traveling is done in a chair.
 A second essential a wise columnist acquires as soon as possible is a thoughtful expression — a good grey look of wisdom. After eight years of steady effort I still can't report complete success in this direction. Copy boys, passing my desk, nudge each other and ask: "Is he thinking or sleeping?"
 The third thing a columnist ought to try for is an open mind, the ability always to see fresh woods and pastures new in the human soul. This is the only real adventure in columning.
 The rewards of the job have been completely unexpected. I had the idea eight years ago that a columnist spent his mornings giving consultations to anxious statesmen, his afternoons at the racetrack, and his evenings in a nightclub, being witty and wise. Naturally, he went home to a 15-room penthouse.
 Well, bless us, it didn't turn out that way at all. President Truman has never solicited my advice, and if the government hasn't turned out the way some people hope, my conscience is clear.
 The real reward of columning for me has been the perpetual discovery of interesting people. Far from contributing anything

to them, I have myself gained an education from them.
 The biggest danger a columnist faces is the danger of feeling he is important.
 The prayer of most columnists is to make their deadline every day. But I think another good silent prayer might go something like this:
 "Dear Lord, please don't let me get pontifical. Keep me from taking the easy way out and writing to please people's prejudices. Let me gain again the wisdom of a child, and keep what mind I have open and free."
 Let's see what the next eight years will bring.

Drop In Use Of Newsprint Is Reported

NEW YORK — (AP) — Daily newspapers reporting to the American Newspaper Publishers Assn. used 34,470 tons of newsprint in August, the ANPA said yesterday.
 This was a decrease from the 34,795 tons used in Aug. 1950 and an increase over the 33,046 tons consumed in August 1949. It was the third consecutive month and the fourth time this year consumption had been below the corresponding month of last year.
 Stocks of newsprint on hand and in transit at the end of August averaged 49 days' supply, an increase of three days' supply over the end of July and the highest since the end of July 1949 when the figure also was 49. There were 41 days' supply at the end of August 1950.
 Estimated consumption of all kinds of uses of newsprint for August was 450,288 tons and for the first eight months of this year was 3,834,898 tons. The reporting newspapers used 293,697 tons in the first eight months of the year or two-tenths of one percent less than for the corresponding period last year and 6.7 percent more than in the first eight months of 1949.

FBI Seizes Carload Of 'Bandits'

NEW ORLEANS — (AP) — The FBI seized a railroad box car load of slot machines shipped from Dallas, Agent-in-Charge J. J. Lopez said yesterday.
 Lopez said 64 console type slot machines and seven crates of slot machine parts were taken in the raid at a railroad yard yesterday.
 A shipment of 1600 machines and 100 crates of parts was confiscated here last week. Both shipments were made by the General Distributing Co. of Dallas.
 Like the 1600, the slot machines confiscated in yesterday's raid were sent here for reshipment to Latin-American countries, Lopez said.
 Lopez said the machines were in the custody of the U. S. marshal.
 Texas' law prohibiting the possession of slot machines went into effect recently. The FBI has been watching the state's borders closely for interstate shipment of the gambling devices.
 The FBI recently confiscated two van loads of machines at Lake Charles, across the Louisiana-Texas line from Orange.

Weevils Can Hasten Spoilage Of Grain

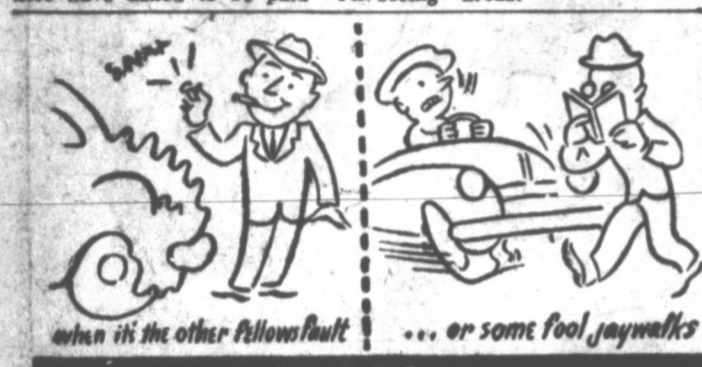

WASHINGTON — (AP) — Grain spoilage due to weevils can develop very rapidly, the U. S. Department of Agriculture says.
 Five generations of rice weevils can develop in 120 days, the department says. If conditions were ideal, one pair of weevils might produce 131,878,000,000 weevils in that time. Department men say that ideal conditions are virtually impossible. But they and grain storage men should point to the mathematical computation to show that farmers watch closely for infestation.
 They estimate that five to 10 destroyed by pests.

Machine Age Note
 JEFFERSON CITY, Mo. — (AP) — P. G. Barwick, fisheries man for the State Conservation commission, says the sparrows in his yard have adapted themselves to the modern age.
 They used to follow the horses around. Now, he says, they retrieve insects from the grilles of automobiles parked across the way.

WHEEL WITHIN A WHEEL—Round and round he goes, and when he stops, this workman will have finished inspecting a series of large stator frames for electric motors listed up at General Electric plant in Schenectady, N. Y. Stator frames are the stationary part of motors. These range from 100 to 500 horsepower.

CANOES ASKED FOR PAY
 KHARTOUM, Anglo-Egyptian Sudan — (AP) — Government officials report that the Nile tribesmen in Upper Nile province have asked to be paid in

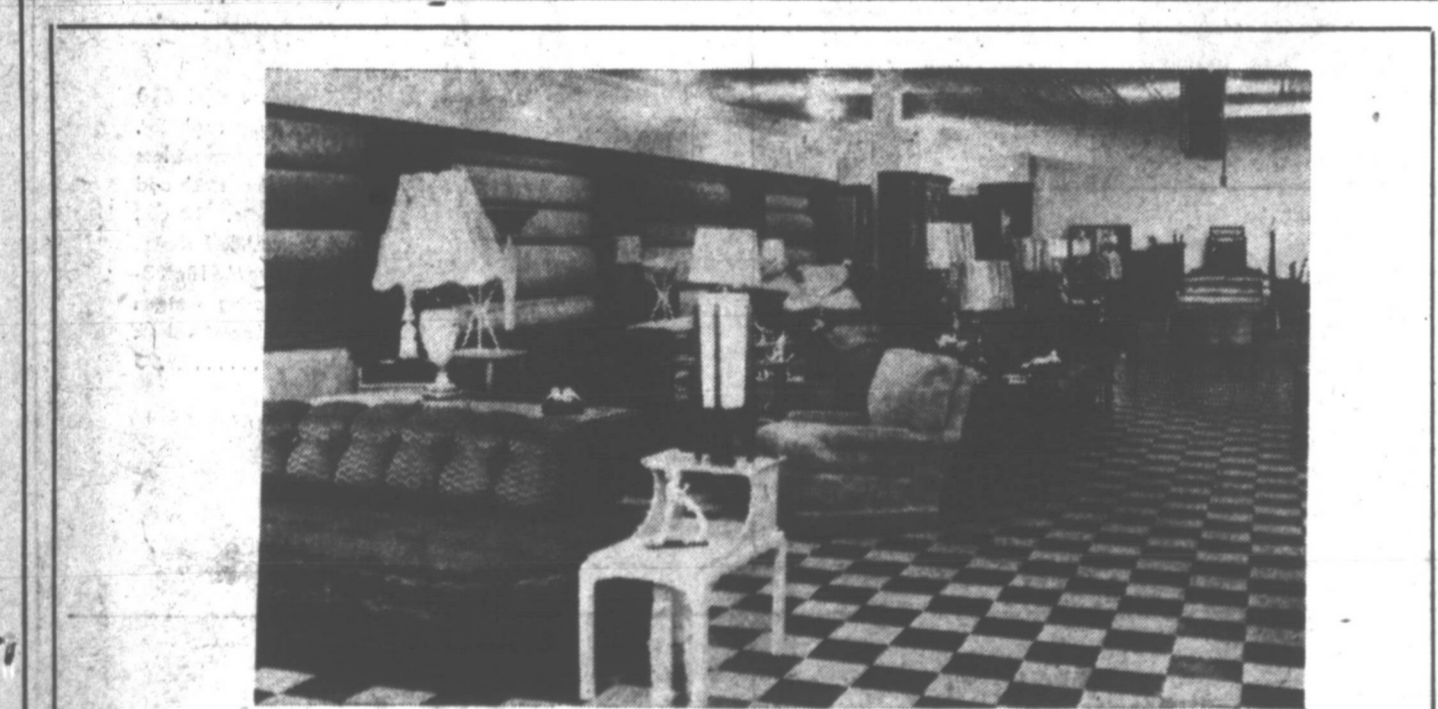

You'll BLESS the new Financial Responsibility Law

PIA offers the right policy!

The new Law is a good one—it protects YOU in case the accident's due to someone else's carelessness. But, by the same token, you must have resources in case it's YOUR fault! You can do this most easily through insurance. Six months' protection costs only \$13.75 from us. Budget terms, if you wish. Call us today and get the coverage you need!

SOMETHING NEW IS ADDED—Curved ribs of a radical design lift this German racing boat clear of the water at bow and stern as it makes its maiden run on Weser River.

Primitive Tribe Recently Found By Dutch Patrol

DARWIN — (AP) — A completely walled-in village inhabited by primitive tribesmen, was had never seen a white man before, has been discovered by a Dutch patrol deep in the Dutch New Guinea jungle.
 The story of the discovery was told by the chief justice of Dutch New Guinea, Dr. Bernard Damen, who visited Darwin recently. Damen said the village had been built into a fortress against hostile tribesmen, and the patrolmen had to crawl singly through a small hole in the wall.
 The astonished tribesmen advanced on them in a threatening manner with spears and bows and arrows. Patrol leader Dem Haam calmed the villagers by singing them some native peace songs, and then gradually won their confidence by giving them presents.

"GEHIMI" TO THE RESCUE—An outlandish looking steel contraption that its operators call "Gehimi" goes to work refloating a small landing craft during "Operation Camid" at Virginia Beach, Va. Note huge dual wheels on the monster, which is moved by bulldozer at left. Navy cadets and midshipmen, engaged in beach landing under simulated war conditions, watch the operation.

Turkey Seen As Key Country In Mid-East Defense System

OTTAWA (AP)—Creation of a new Middle Eastern defense system on Russia's flank, with Turkey as the pivotal nation, was reported authoritatively today to be under discussion by the Atlantic alliance.

Top military leaders count on Turkey becoming the key country in such a setup after Turkey is linked to the United States and its allies by a mutual security treaty.

The Atlantic council meeting here is discussing a proposal to admit Turkey and Greece to the North Atlantic Treaty organization. Even if Turkey is not accepted by NATO, tentative plans call for other countries in its strategic area to join it in a new Middle East command.

Military and defense officials of the 12 NATO nations opened discussions yesterday on command problems which would be created by the admission of Greece and Turkey.

The U.S. proposal to enlarge the Atlantic treaty to include them has won the outright support of NATO governments. A final decision has been delayed until Danish Foreign Minister Ole Bjorn Kraft gets new instructions from his government, probably today.

Norwegian Foreign Minister Halvard Lange also has withheld

approval, but has indicated that Norway will go along if Denmark accepts the proposal.

Denmark has opposed extension of the pact into the Eastern Mediterranean region but reconsidered its position in view of the almost solid lineup of allied countries in favor.

Executions Soar In Red Shanghai

HONG KONG (AP)—Shanghai's wave of September executions soared to 185 Friday with the public killing of 119 more "counter-revolutionaries."

The city's liberation daily reported the executions. It said 66 persons were executed Sept. 9 and 11.

A Canton dispatch to the Independent Wah Kiu Yat Po quoted Kuo Tat-Sun, vice chairman of the Kwangtung Peoples' (Communist) government as reporting that 28,332 persons were executed between Oct. 1, 1950 and Aug. 10. He also was reported to have said that government troops annihilated 82,820 guerrillas in the southern province of Kwangtung.

Brains Sharpened In Institute Where Secrecy A Passion

KINGSTON, Ont. (AP)—Brains that would run vital jobs in any new Canadian war effort are being sharpened and broadened here in a school where secrecy is a passion and nobody gets marks, good or bad, for anything. It is the national defense college. Since 1947, it has been turning out men who would go to senior jobs not only in the armed forces but in government and industry if war came.

Behind the towering walls of old Ft. Frontenac, they come for a year at a time to study and consider not one particular realm of Canadian defense but the whole broad picture—strategically, politically, economically and otherwise. The school is an important effort to find the answers to the complexities of modern war. It is Canada's parallel of the United Kingdom's War college in the United States. The students are near the top of the ladder in the forces, departments of government and occasionally, industry. All are marked as "comers." When they leave, they get no report, no marks, nothing but the right to put the initials N. D. C. after their name. That is coming to mean more and more when it counts most.

India Grants Loan

NEW DELHI (AP)—The government of India will give disputed Kashmir a \$1,050,000 loan this year to help finance its development plans, it was officially stated here. Kashmir has always been a deficit state and its funds, even before partition, were replenished from central revenues.

NOTICE

On June 6, 1951 a tornado damaged the White Deer High School Building, White Deer, Texas, beyond repair.

An enormous amount of good materials can be salvaged from this building.

Bids on salvaging this building may be made in the Superintendent's office at White Deer.

Specifications and requirements can be obtained in the Superintendent's office in White Deer, Texas or from Macon O. Carder, Architect, 418 Fisk Building, Amarillo, Texas.

Bids must be in the Superintendent's office by 28, 1951, at 8:00 p.m.

McLemore Says New York Has Worst Traffic In The World

By HENRY McLEMORE
 New York traffic must be the worst in the world. I am not exaggerating when I tell you that I have gotten into a cab at 88th St., where I live, with a clean-shaven driver and wound up in the Times Square section with a man with a beard. Any healthy small can get around town faster than a New York cab.
 In the hope of alleviating traffic conditions New York has installed parking meters, those upright slot machines which never pay off. The first time I ever ran into a parking meter I paid \$3 into it looking for three peaches, three pears, or enough plums to get my money back. Talk about fixed devices in Reno or Las Vegas! Parking meters don't even have a handle to pull. I confidently predict that the installation of parking meters in New York City will result in a traffic turmoil much worse than it was without parking meters. The meters give you an hour for 10 cents. When the hour has run out a red signal flashes and you are subject to a fine for exceeding the limit. In almost every town in the United States except New York 10 minutes is enough. Buildings are low, elevators are plentiful, and people are considerate of a man in a hurry.
 Not in New York. Most people work on the 50th or the 60th floor. Elevator starters are proud men who won't click their little cricket-sounding starters until they get good and ready. So most men who park their automobiles in front of the meters will barely have time to check in the office before they have to run back down and put more money in the meter.
 Of course, there's a sunny side to parking meters. They will provide New Yorkers with a new and exciting game, much like fox-hunting. Automoblists will drive blocks and blocks and blocks looking for meters which still have 15 or 20 minutes to go on them. Sporting drivers will cry, "Tally-ho, tally-ho!" when they see such a meter, and Chevrolets, Pontiacs, Buicks and Fords will tangle like horses over a Grand National fence, trying to save two or three cents. Men will lose their tempers, cars will lose their fenders, but New York City will gather in the dime.
 I wonder if any of us will ever live in a world where city, state, and national governments will quit trying to extract all the money possible from the taxpayers. Have you ever thought that something must be wrong with this world when a man has to work almost for nothing to guarantee that he won't be reduced by war to nothing? If what we have today is civilization, I don't think it's too important that it exist.

Brownies, Mothers Hold Meeting In Andis Home

For the first meeting of this season, members of the Blue Birds, a Brownie troop, gathered in the home of their leader, Mrs. Bob Andis...

According to the annual custom, Brownies served tea to the mothers.

This year's troop committee includes Mrs. E. E. Leland, Mrs. W. S. Marsh, Mrs. Addie Lea Hopkins, Mrs. H. B. Taylor, Jr., and Mrs. Bob Triplehorn.

The Blue Birds' accomplishments for last year include these activities: They met with the mothers to elect officers each six weeks...

The girls made several short inspection trips to the business places in Pampa; went on a hay-ride to the Taylor ranch; shopped for groceries to make up a Thanksgiving basket...

This year the Blue Birds will be busy preparing for their "fly-up" into the Girl Scouts, as this is their last year as Brownies. The Blue Birds are 10 years of age.

The troop includes Virginia Worrell, Bobbie Lee Andis, Rebecca Oden, Carol Triplehorn, Paula Jo Cumberledge, Norma Jean Fatheree, Judith Letland, Betty Jo Barnes, Virginia Hopkins, Martha Marsh, Marianna Perkins, Sherry Rhoads, Lou Ann Taylor, Gloria Wier and Patti Frick.

The next meeting will be in the home of Mrs. Elmer Darnell, 938 E. Campbell, Sept. 27, when secret gift gifts will be exchanged.

Those present were Mrs. Oscar Brothers, Mrs. Carl Summers, Mrs. Ernest Winborne, Mrs. Roy Franke, Mrs. Vernon Pirkle, Mrs. Paul Skidmore, Mrs. Eddie Cox, Mrs. Elmer Darnell, Mrs. Al Ferguson, Mrs. Albert Fuller, Mrs. W. A. Claunch and the hostess.

BLUE BIRDS' MOTHERS — Mothers gathered in the home of Mrs. Bob Andis to help make plans for the Brownie troop, the Blue Birds, Monday afternoon. Mothers, left to right, are Mrs. T. J. Worrell (seated), Mrs. R. N. Rhoten, Mrs. James A. Hopkins, Mrs. Gene Fatheree, Mrs. W. S. Marsh, Mrs. P. Triplehorn, Mrs. Bob Andis (troop leader), Mrs. Bud Cumberledge, Mrs. Ed Barnes, Mrs. John H. Frick, Mrs. Farris C. Oden and Mrs. M. N. Weir. The Blue Birds are in the foreground. Also shown are Doug Frick and Leonard Ray Taylor (seated on the lap of his mother, Mrs. H. B. Taylor, Jr.).

Legion Auxiliary To Install Tonight

The American Legion auxiliary will install officers at a meeting at 8 o'clock tonight in the City Club room.

Mrs. Al Lawson will distribute new year books. Mrs. J. M. Turner and Mrs. Frank Lard will serve refreshments.

Dick Jones of Duquesne, Pa., is the lightest player on the Brandeis football team. He weighs only 160 pounds.

Service For Crows

PLYMOUTH, N. C. — (AP) — Do crows read newspapers? W. V. Hays, Washington County farm agent for the State College Extension service, thinks perhaps they do.

Hays says the county wildlife club recently arranged a "crow shoot" for one afternoon at 5 o'clock, when the crows came in to roost — or were supposed to.

The event, based on a successful shoot held last year, was well publicized in the local paper.

"The crows," says the county agent, "must have read the paper, since only one crow made his appearance. It is thought he was just passing through — which he did in a hurry."

Halo For 'Angel'

SINGAPORE — (AP) — The "Singapore Standard" says the "Swedish Angel" has earned a halo.

It reported Swedish wrestler Man Mountain Tor, billed in his bouts here as the "Angel," had showed up at a blood bank and surrendered a pint.

The "Angel" said he had often given two pints of blood at a time in the United States.

Bargain Weddings

SINGAPORE — (AP) — It's going to be cheaper to get married in this British crown colony.

The Singapore Chinese Y.M.C.A. is sponsoring a series of mass weddings in Victoria hall as a part of its drive against costly marriage ceremonies and celebrations.

Each couple will be charged \$10, including hall decorations, flowers for the bridal car, music, marriage certificates, tea for the couple and their parents, photographs and a round-the-town parade.

Wesleyan Guild Meets In Mrs. Harrah's Home

The Wesleyan Service guild met Tuesday night in the home of Mrs. Lee Harrah.

Miss Inez Clubb, president, was in charge and stressed the supply work for the year. The devotional was given by Mrs. Mildred Hill. Mrs. Harrah presented the first lesson in the home mission book "Mission to America."

Refreshments were served by the hostess to the following: Misses Inez Clubb, Lillian Mullinax, Minnie Allen, Janie Branson and Ila Pool and Meses Malcolu Denson, Irl Smith, J. M. Turner, Diamia Wood, Nina Williams, Mildred Hill, Roy Klugore and W. B. Fountain.

WE, THE WOMEN. BY RUTH MILLET. NEA Staff Writer.

Take a test, Teen-Agers: If your parents have protested that you monopolize the family telephone, have you tried to limit your conversations to a reasonable time?

Do you show appreciation for all the things your family gives you and does for you, instead of making them feel that you regard yourself as underprivileged? Do you accept without rebellion the fact that your parents have a right to want to know where you are going and with whom when you start out in the evening?

Do you do all the things for yourself that you are fully capable of doing instead of expecting your mother to be sort of lady's maid or valet to you? Do you take pride in having your friends meet your parents, taking the attitude that it is as important for your parents to like your friends as for your friends to think your parents are okay?

Do you do what you are asked to do about the house without acting put out or having to be reminded over and over? TRY TO SEE PARENTS' VIEW Do you ever try to see your parents' point of view, instead of expecting them always to see yours?

Do you treat your parents' friends with courteous respect? Do you give your parents credit for knowing a little more than you do? Do you try to give your parents some pleasure in your company, instead of acting bored if you have to spend an evening in their company?

Test yourselves, Teen-Agers. It will give you a good idea of how grown-up you really are.

Junior High Slates Open House Tonight

Junior High school Parent-Teacher Assn. will hold open house from 7 to 9 p. m. Thursday at the school house.

Purpose of the event is to acquaint parents with the teachers in the school and the school officials. Doughnuts and coffee will be served in the cafeteria and tours of the building will be conducted.

New Peak Reached In Line Installation

WASHINGTON — (AP) — The Rural Electrification administration thinks it is over one hump, but expects another shortly. It thinks the peak has been reached in the installation of new lines. Last fiscal year 117,000 miles were put into use. This was a drop of 25 percent from the previous year.

Guerillas, Pirates Tangle Tonight In Harvester Park

Tonight at 8 o'clock, a pair of one-time losers, the Pampa Guerillas and the Lefors Pirates, will tangle at Harvester Park to see which is going to be the first to pick up its initial win of the year at the expense of the other.

The Guerillas were stamped by the Wheeler Mustangs last Thursday night in their opener, 4-15, while the Shamrock Irishmen downed the Pirates, 2-0 at Lefors.

Tonight's game will be broadcast by Radio Station KPDM at 7.55.

The Guerillas have spent most of their week's work on defensive assignments in an attempt to bottle up some of the leaks that permitted the Mustangs to score so easily last week.

The Pirates have been trying to keep their full team on the field as injuries and ailments overtook them.

Definitely out of action tonight will be one of their co-captains, center Bob Clemmons, who suffered a case of bronchial pneumonia and was just released from the hospital Tuesday. He will be replaced in the lineup by freshman Franklin Hankins.

Another injury case, fullback Bob Newsum, will be playing with a mask job, protected six stitches taken over his right eye acquired during the Irish melee last weekend.

The probably starting lineup for Lefors will see Russell Herring and Jimmy Doom at the ends; Gordon Rutledge and Melvin Pichard at the corners; Joe Atty and Edward Wiggins at guards; Hankins at center; Billy Dickerson at quarterback; Billy Watson, Joe David Martin and Newsum filling out the back field.

For the Guerillas it will probably be James Phippen and Travis Taylor at ends; Bob Prignore and Ronnie Elliott at tackles; Alton Flynn and Eugene Beatty at guards; Bill Phippen at center; John Embo quarterbacking; and Bobby Wilhelm, Jean Martindale and Billy Edwards filling out the backfield.

John Morelli, Brandeis University football guard, has the hobby of upholstering.

Dear Mrs. Crawford: Why are you letting that nice furnished bedroom stand vacant when for only a few cents per day you can hire me to tell hundreds of people you have one for rent.

Each day your rooms and apartments stand idle, it is costing you money. The cost of hiring me to rent them for you is only a fraction compared to the loss of a week's rental. Who am I? I'm a champion.

Put me to work for you by calling to the PAMPA NEWS WANT AD section.

Lobos Tangle With Blue Sox

ABILENE — (AP) — For the first time in its history, the West Texas-New Mexico Baseball League features in its final and championship playoff series the Abilene Blue Sox and the Lamesa Lobos.

The Shaugnessy system championship gets under way at 5 o'clock tonight at Blue Sox Stadium — which constitutes another "first" in league history.

Jim Melton, winner of 22 games for the Blue Sox through the straight through season which Abilene won with some ten games to spare, is Manager Hack Miller's choice for pitching duties tonight against the Lobos.

Harry Pitarski, a righthander who joined the club late but who has been very effective in the stretch drive which saw Lamesa finish the regular season in third place, is nominated by Manager Jay Haney to pitch the opener of the championship series for the Lobos.

Lamesa is the only club in the league which held a margin of victories over the Blue Sox during the regular season. The Lobos' "fix" held at both ball parks to result in 11 victories for Lamesa, nine for Abilene in the 20-game scheduled season.

Lamesa owns the league's leading hitter for the 1951 season — Glen Burns, who is also an outfielder of considerable renown. Burns surpassed Abilene's Ralph Rahmes for the batting leadership during the late weeks of the championship season and Rahmes dropped to seventh place.

In the first round of the playoffs, Burns came back strong to demonstrate his true courage and ability, hitting well over .400 to lead all hitters in the Abilene-Lubbock series.

With Wynn (20-12), Mike Garcia (20-12) and Bobby Feller (22-8) in the select circle, Cleveland is in an enviable position. No big league team has made three 20-game winners since the Athletics of 1931. They won the pennant.

The odds of the Cleveland situation is that Bob Lemon, regarded a sure fire bet to cop 20 or more, isn't going to make it. He has only 17 and can't take more than two more turns.

The Yanks didn't bruise the ball in beating the White Sox. They hit only three hits but two of them, Lou Gehrig and Ted Williams, were enough to win with the help of walks. Gil McDougald's homer with nobody on tied the score at 2-2 in the third and Mickey Vernon's homer with two on won the game in the fourth.

Lefty Bob Kutava, who replaced starter Tom Morgan in the third, earned his 11th victory with a fine relief performance. Gus Niarhos' first homer of the year in the ninth inning was the only run off the husky blond.

Preacher Roe took charge of pulling Brooklyn out of its tailspin by shutting out the St. Louis Cardinals with five hits. The crafty lefty's record now is a phenomenal 21-2 for the season including seven wins over St. Louis.

Given a two-run edge in the fourth on Mickey Livingston's bases loaded single, Roe had only one thing to do — pitch. The Brooks' three doubleplays helped him out of it. Max Lanier was knocked out in the eighth when the Dodgers added their third run.

Brooklyn ends its last western swing today at St. Louis while the Giants finish up at Cincinnati.

Bubba Church whipped Chicago for the sixth time, 5-1 as the Phillies took advantage of four Cub errors. It was his 15th win, making his lifetime record against Chicago, 10-1.

Willie Jones' 20th homer helped the Cubs elbow the Cubs back into the cellar.

Murry Dickson's 19th win let Pittsburgh out of last place at the expense of Boston's young Chet Nichols. Dick Cole and Gus Bell homered for the Pirates.

The hustling Philadelphia A's, struggling to catch fifth place Detroit, knocked off the Tigers 8-1, on a seven-run spurt in the fourth inning. Little Bobby Shantz pitched a four-hitter for his 17th win, five over Detroit.

Cass Michaels singled with the bases loaded to tie the eighth to score two runs for Washington's 4-3 edge over St. Louis, breaking the Senators' four-game losing streak. Bob Porterfield won his seventh since he was acquired from the Yanks.

Joey Maxim won the American light-heavyweight championship from Gus Lesnevich on May 22, 1948.

The first two hits of the year at the Polo Grounds for Phil's Andy Seminick were home runs. Both were off Jim Hearn.

At least 2,000 Buff fans will follow the Herd into Lubbock.

Hutchens May Be Lost For Season To Ailing Harvesters

The Pampa Harvesters received a hard blow yesterday when it was revealed the senior letterman center and defensive tackle, Tolle Hutchens, was suffering a broken cartilage in his right knee. The injury might keep the hustling veteran out of action all season.

The injury was received early in last Friday's game, but Hutchens didn't think much of it. It was further aggravated Tuesday causing him to stay out of action. Replacing him at center will be Tommy Sells.

Also added to the ailing list was Oscar Sargent, second team back, who received a bruised hip and was kept out of pads yesterday. He along with Hutchens and Jimmy Cook, letterman end with a broken blood vessel in the right thigh, watched yesterday's hard drill from the sidelines.

The Harvesters were out through a lengthy defensive and precision timing workout by the coaches as they prepared for Friday night's encounter with the Austin High School Panthers of 321 Paso. The game will start at 8 p. m. tomorrow.

The Panthers, who are expected to run from the T formation, will be opening their season with the Harvesters. The 30-man club they will bring to Pampa will see 21 returnees from last season's championship squad. Of these 21 veterans, seven are lettermen and two are 2-year lettermen.

The Panther forward wall will be heavy and fast while the backfield is expected to be speedy. Fred Kriss, 172-pound right halfback, is a returning 2-year letterman and expected to spark the visitors' attack.

It will be a full weekend for District 4A-I. All of the teams will see action and the Odessa Bronchos, who last weekend defeated Reagan of Houston, will have a chance to move into the

Longhorns to Face Greatest College Passer

AUSTIN — (AP) — University of Texas fans have it on excellent authority that the greatest passer ever to tread college grids in the Southwest will be here Saturday. That's why the university anticipates its largest opening day crowd in history when Texas tries to handle Vito (Babe) Parrilli and his playmates from Kentucky.

Coach Ed Price, making his start as headman of the Longhorns, has heard with considerable alarm from Ed Dubose, assistant coach and scout, that Parrilli is the "best passer I ever saw outside of pro football."

Dubose has viewed such fellows as Sam Baugh, Davey O'Brien, Bobby Layne, Gil Johnson and Fred Benner through the years.

Parrilli has worked all week on pass defense — more than normal this time of the year, according to Price. "Parrilli is tough to handle anytime but especially well he be against a team that hasn't had the opportunity to fully organize its defense," said the Texas coach.

But Price, unlike most coaches, refused to use the crying towel. "We have a chance against any of them," he commented. "We won't be as good offensively as we were last season because I do not have a passer to compare with Ben Tompkins. We are as good defensively but I am having to use my defensive men on offense, too. They won't have the rest they got last season when they could sit on the bench and wait until the other side had the ball. But we intend to win this game just like we intend to win all of them if we can. It will be a fine game and we're not ready to foretell."

Charros Must Win Or Else

(By The Associated Press) It's win or else for the Brownsville Charros as they return to their home park tonight for the final two games of the Gulf Coast League championship series. The Charros are down three games to two after losing three straight in Corpus Christi.

The Corpus Christi Aces went ahead in the series with a 7-5 win last night for their third straight in their home park. An eighth inning rally that netted four runs pulled them out of the red and left them just one game shy of the title.

Brownsville won the first two in their home park.

NOBLITT-COFFEY'S FOOTBALL FORECASTS Texas Over Kentucky In A Close Battle

By Pitts Smith

KENTUCKY at TEXAS—King-size sparks will fly when these dynamo start churning in the big game of the day. Ole Kaintuck's green linemen must taw-pup pronto to stay in this brawl. Those new T-splitting Longhorns get a weak nod on a devastating ground attack.

SOUTHERN METHODIST at GEORGIA TECH—And a good time was had by all. That could well be the headline for this scrap via the airways, plus some plain and fancy swivel-hipping by all concerned. Both squads lost heavily via the diploma route, but the Mustangs still have their ace pitcher Fred Benner. 'Nuff said.

WARREN'S ARM UP

By Warren Howe—News Sports Editor

SURELY HAD A good time at the Civic Club golf tournament this past weekend. The Kiwanis Club showed the aging Rotarians, upstairs Jaycees and the noisy Lions where the athletic ability lies.

Old Ed Ethridge is trying to get me to pay a couple of bucks just because we had Clare Freeman, city champ, playing on the Kiwanis team. Actually it wasn't Clare that hurt the other clubs.

Some of the boys like Jack Nimmo and John McFall got hot and really added the K-Club cause.

Ivan Noblitt, that great Pampa Harvester booster, claimed his score was so high (126) because the fellows made him count 20 strokes he took while trying to kill a snake. If he could have produced the snake the fellows would have forgiven his free-swinging exhibition.

The boys all enjoyed a mighty fine banquet Tuesday night during which the prizes were distributed to the various winners. Biggest surprise of all were the beautiful, expensive golf bags given by club pro Johnny Austin to the four club golf champions.

I got to play with old Doc Donaldson, the president of the Pampa Quarterback Club, and boy, is he a load to lug around the course. But get him on the putting green and he's rough. He's the new city putting champion, replacing D. M. Dickey, the old left-hander.

But I want a little credit for those two guys being champs the last two years. Both times I've been playing and putting in their group, applying just enough pressure to them to make them

champs. Also playing in our group, from the Rotarians, was Dallas Bowsher. He's another that wears you out. But he does it by hitting that ball straight down the fairway, shot after shot.

The Quarterback Club had another huge turnout for their meeting last Monday night. Looks like the Harvesters are going to get fine support for the season.

Already the club is looking for a larger place in which to hold the meetings. The Cabot auditorium, where the meetings are being held, will hold about 200 with ease, but it isn't large enough. The meetings may be shifted to the Junior High School auditorium.

The fine films being shown, the Sun Bowl and Cotton Bowl games of 1951, have aided greatly in bringing out the crowd and stimulating interest in the club.

Now the Quarterbacks are planning on getting enough fans together to charter a special train to the Lubbock game on Nov. 2. The teacher asked him to name one of America's leading authors. Ex-friend Jerry replied: "Putt Powell."

Jerry, incidentally, is reported as selling out his sporting goods store now that he has been elected co-captain. This will be good news to the athletic budget.

Another prime answer came from one of the Green and Gold's veteran ends, with the initials Roy Pool. He was asked who Alexander Hamilton was. The answer came out, "He invented the telephone."

At least it doesn't look like there will be any cribbing scandal at Pampa High School, with two wrong answers like that.

Still in that argument over who is the greater ball player, DIMaggio or Williams.

Had a fellow phone me the other day who had seen both play, and also Tris Speaker and Ty Cobb. He said that DIMaggio could outshine any of them through his ease to make any play in the outfield. The fellow also claimed that the Bomber was as good a hitter as Williams, although of a different type.

Looking at the five best years of each we find that Joltin' Joe hit .381 in '39, .387 in '41, .392 in '40, and .346 in '37 and '49. DIMaggio's career in the majors began in 1938, with three years out for military service.

Williams' five best years so far have been .394, with 406 runs in '48, .356 in '42, .344 in '40, and .343 in '47. He started in the majors in 1939 with three years out for military service.

Now, as far as batting averages are concerned, Williams' five best years would average out higher, but add to DIMaggio's good average his extreme worth as a team man, a morale builder and then add his acknowledged fielding superiority.

I'll still take DIMaggio.

Radio station KPND will carry the final playoff games of the West Texas-New Mexico League between Lamesa and Abilene starting Saturday night. The playoffs start tonight but due to Guerrilla football, it will be impossible to broadcast the opening game tonight. The teams are scheduled to play Friday night due to conflicting with Lamesa and Abilene high school football but will resume play Saturday night.

Saw the West Texas State Buffaloes lose to Trinity's Tigers last Saturday night in the rain at Amarillo Stadium. The Buffs have a long way to go to get up to last year's brilliant ball club that led the nation in offense.

Joe Ogeson of Leton will be one of the main cogs in the backfield for Kimbrough's Border Conference defending champions, and his speed will make him a definite long-run threat at all times.

Buffis Take 2-0 Lead On SA

By The Associated Press

The San Antonio Missions return to their home park tonight trailing the Houston Buffs two games to none and in poor condition to stage a comeback. Three Mission players are on the injured list.

The Padres fell behind the straight away leaders last night by dropping a 4-3 decision for their second straight loss.

Jack O'Donnell, Mission first baseman, was sidelined in the first game of the series with a broken ankle; Bob Turley, ace pitcher, is suffering with a sore elbow and Don Robertson, starting pitcher last night, was hit in the face with a ball.

The Padres have chosen Pete Taylor (5-3) to work tonight as they try to get back into the picture. The Buffs will counter with Wilmer (Vinegar Bend) Mizell (16-14), the fabulous rookie who will be making his first playoff appearance.

Jack Crimian, Houston relief pitcher, singled with two out in the eighth inning to drive in the winning run in the second game. The Buffs had taken a lead with three runs in the first frame only to have the Padres tie the count with three of their own in the sixth.

Crimian also figured in the injury to Robertson, it being one of his pitches that struck the Mission hurler in the face. Umpire Frenchy Arceneaux ruled that the pitch hit Robertson's bat before hitting him. The ruling resulted in a lengthy rhab.

Turpin was listed as the outstanding boxer in the middleweight division before he lifted the title from Robinson in an amazing upset on July 10.

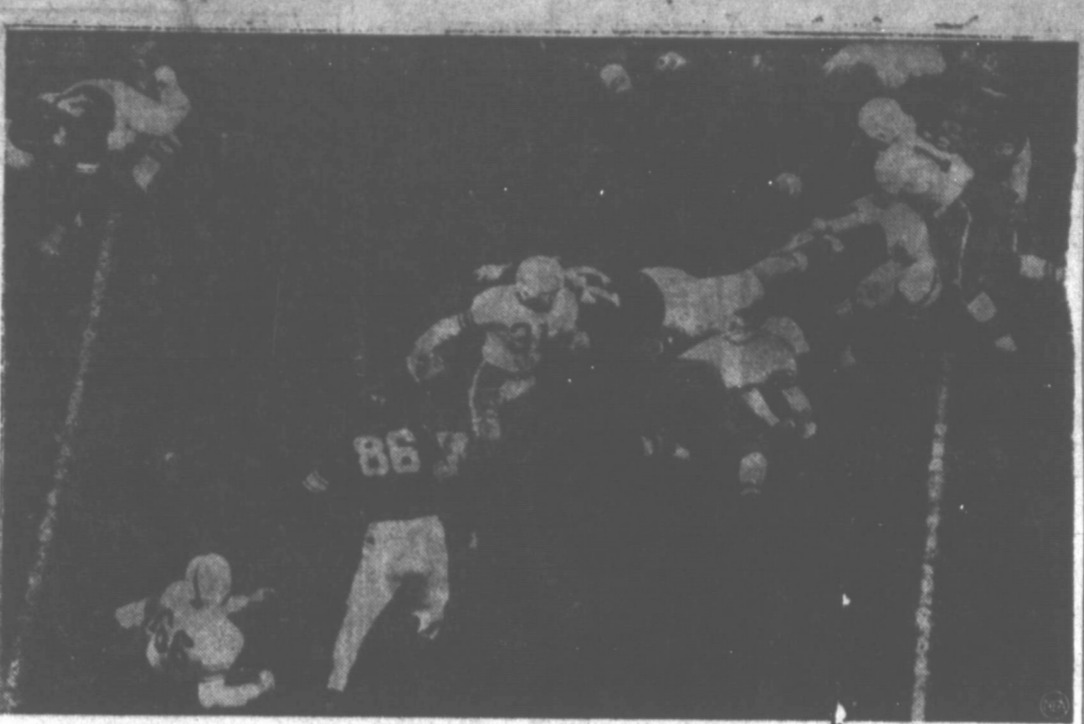

His rating has sagged to third in the outstanding boxer group after his Sept. 21 defeat by Robinson in the 31-year history of National Boxing Association ratings system to lose and regain his title in a three month period between NBA announcements of last standings.

Turpin was listed as the outstanding boxer in the middleweight division before he lifted the title from Robinson in an amazing upset on July 10.

BUCKEYE BEAUTIES—Ohio State's Vic Janowicz (31) gets off on one of his frequent long runs of last season. With Janowicz and 24 other lettermen returning, experienced personnel is plentiful in Columbus. The Buckeyes have the inside track on the Big 10 title. (NEA)

Sugar Stands Alone Again

WASHINGTON (AP)—Sugar Ray Robinson today is the first boxer in the 31-year history of National Boxing Association ratings system to lose and regain his title in a three month period between NBA announcements of last standings.

Turpin was listed as the outstanding boxer in the middleweight division before he lifted the title from Robinson in an amazing upset on July 10.

State Baseball Attendance Down

DALLAS (AP)—The West Texas-New Mexico League drew \$38,700 in attendance this year, a decrease of 43,574, or 7-1-2 percent, from 1950.

League President Milton Price announced that Abilene, Albuquerque and Lubbock gained but all other clubs lost.

Abilene, which led the race, had the biggest gain. The Blue Sox played before 94,945 this year compared to 87,755 last year.

Abilene drew 93,177 this year, 85,605 last year. Other figures included: Clovis 37,69 compared to 45,801.

SWC Elevens Ready For State Of Intersectional Grid Tills

Team strategy was given final touches yesterday as tough Southwest Conference football squads announced "ready" for six season-opening intersectional games in four states.

Only Rice of Houston will not be in action.

Texas, conference winner last year, concentrated on his pass defense yesterday after spending the earlier part of the week working on split-T formations.

The Longhorns meet Kentucky, last year's Southeastern Conference champ, on home ground at 2 p. m. Saturday with Texas favored.

Some forecasters see a clean sweep for all SWC teams this week.

At College Station last night the Texas Aggies drilled for an hour and a half in preparation for tomorrow night's battle with UCLA in Los Angeles. (Game time, 8:30 p. m., PST).

The 45-man Aggie squad flies to California today.

The Baylor Bears, topped up with the Aggies for top conference contender, spent yesterday polishing its aerial game for University of Houston Saturday night (8:00 p. m.).

At Fort Worth, Texas Christian University took it easy. Coach L. R. (Dutch) Meyer said light work today will wind up practice for the season opener against Kansas University in Fort Worth at 8:00 p. m. Saturday.

The University of Arkansas Razorbacks got the good news yesterday that first string full-back Lewis Carpenter would be ready for Oklahoma A&M at Stillwater Saturday (1:30 p. m.). Carpenter had been sidelined with a severe collarbone bruise. Coach Otis Douglas sent the Porkers through contact drills that stressed all phases of defense and offense.

Coach Rusty Russell's Mustangs at Dallas went through their last rough workout before their game Saturday in Atlanta, Ga., with the Georgia Tech Yellow Jackets (2:30 p. m.). Punting and kicking under pressure took up most of the session with stress laid on punt returns by the defense.

The 43-man SMU squad leaves by plane for Atlanta tomorrow morning.

Upton Sets Record Sale Scheduled

FORT WORTH (AP)—Gainesville pitcher Bob Upton of the Big State League set the circuit's only record this year with his appearance in 62 games.

Upton, eclipsed by one the record shared by Joe Elliot of Austin and Al Leedy of Sherman-Denison in 1947.

Upton also led the league in strike-outs with 208. He had 14 victories against 11 losses and saved ten games in relief.

Mac Taylor To Rice

HOUSTON (AP)—Mac Taylor, Lubbock High School's star back last year, was one of 33 football players to register as freshmen at Rice Institute last night.

Others in the bumper crop of freshmen to arrive at the institute last night.

A total of 44 athletes registered as freshmen at the institute last night.

Jackson Twins

SO IT WAS JUST A TRICK, HUH? YER A REAL, HUMIN BEIN' MAYBE HER TWIN SISTER, HUH?

OF COURSE I'M REAL! THIS ISN'T MY CONSCIENCE! THIS IS ANOTHER ONE WHO'S MAKING COFFEE!

I CAME OVER AND WENT INSIDE MY CONSCIENCE TO COMFORT IT WHEN YOU HURT IT'S ARM!

YEA DID CHEE. EXCUSE ME!

I HOPE YER CONSHUNCE ANTY SORE AT ME!

IT GIVES ME DA WILLIES! KIN IT DO TINGS? I MEAN KIN IT HOIT ME LIKE BEAN ME ON DA HEAD?

OH, DEAR! YOU SHOULDN'T PUT DEARS LIKE THAT IN MY HEAD CAUSE MY CONSCIENCE GETS THEM TOO? BEE?

9-20

Blondie

I WONDER IF I COULD JUGGLE THREE AT A TIME

DAGWOOD!

ALL I SAID WAS "DAGWOOD"

IT WAS THE WAY YOU SAID IT

9-20

Alley Oop

THERE, TAKE, PAL, SIGNED UP I SAY TO GRAB MORE GLORY IN TOMORROW'S AFFRAY!

THINKIN' WALLY, YOU'RE A NICE GUY AN' I LIKE YOU, BUT...

HEY, NOW, OOP, AM I OUTA TH' GROOVE? HAVE I DONE SUMPIN' YOU DON'T APPROVE?

NAW, IT'S JUST THAT YOU MAKE EVERY THING SO DADGUM COMPLICATED!

Y'SIGN ME TO FIGHT IN TH' ARENA, ONLY I GOTTA PULL MY PUNCHES SO TH' OTHER GUY'LL LOOK GOOD!

I DON'T GIVE A WHOOP FOR TH' OTHER LAD, IT'S JUST I WANT YOU TO LOOK REAL BAD.

ONE SORRY PERFORMANCE AN' THEN WE CAN GET GENERAL COUNCILS TO CALL OUR BET!

9-20

Little Doc

I'M GETTING AWFULLY FORGETFUL, CINDY!

NOW WHAT, LIL DOC?

I DON'T REMEMBER WHETHER Y' SAID 'YES' OR 'NO' YESTERDAY WHEN I ASKED YA T'BE MY GIRL!

I SAID 'NO' TO SOMEBODY YESTERDAY.

BUT I'VE FORGOTTEN WHO IT WAS!

9-20

Bo

I'VE WAITED OUT HERE FOR HOURS WHILE THAT DOUBLE-CROSSER STAYED INSIDE STUFFING HIMSELF, BUT HE'LL HAVE TO COME OUT SOMETIME.

TRIX IS STILL WAITING AT THE BACK DOOR... I DREAD GOING HOME... HE'LL NEVER BELIEVE I WAS DRAGGED IN HERE... AND DIDN'T INTEND TO DITCH HIM.

I'M FLATTERED THAT YOU WANT TO STAY, BO, BUT YOUR FOLKS WILL BE WORRYING ABOUT YOU... COME ON.

GO OUT THE FRONT DOOR, BO. IT'S NEARER TO YOUR HOME... AND ENJOY THAT NICE BIG BONE...

9-20

Bo

HOW YA SPOSE GOT HERE TO THIS JERANT? I BOUGHT ALL THAT STOCK IN IT?

HE GOT INTERESTED, ONCT, WHEN HE WAS HIDIN' OUT DOWN HERE WID 'IS UNCLE OLV.

'AT REMINDS ME! I ORDER LOOK UP UNCLE OLV, AN' GIVE 'EM HIS SHARE O' DA STOCK, WE CAN HOLE UP WID HIM!

HEY, BUS! WHERE IS COLONEL OLEANDER KALLHAK'S PLACE?

NEVER HEARD OF HIM! AND I'VE LINED HERE ALL MY LIFE.

DIDN'T YOU ANDY'S THAT'S WHAT THE OLD S'CREWYALL WHO'S BEEN SQUATTING ON THE HANCOCK PLACE FOR YEARS CALLS HIMSELF!

9-20

Wash Tubbs

AND YOU MEAN I CAN TAKE ALL THIS AND MODERN HISTORY, ENGLISH COMPOSITION AND MUSIC APPRECIATION, BESIDES?

THAT IS CORRECT!

HM-MM: GOOD DEAL! GEE WHIZZ - WHATTA Y'KNOW!

DORY, I'M SO WORRIED AND ANXIOUS ABOUT PUG!

YES! ME, TOO, MA'AM! I'M PRACTICALLY SCREAMING DOWN TO A SHADOW!

9-20

Wash Tubbs

I'M PLAYING TERRIBLY, HAZEL! HOW ARE YOU DOING?

I'VE NEVER BEEN WORSE! AND IT'S SO EMBARRASSING, BECAUSE WE HAVE TWO WONDERFUL PLAYERS WITH US!

WHO ARE THEY?

A MRS. DUBLISTER FROM WITCH HOLLOW - AND A MRS. MC SQUILLAN FROM WICKY WACKY!

THEY'RE BOTH JUST TWO OVER PAR?

THAT'S RIGHT! THEY BOTH GOT BIRDS ON THE FIFTH!

ON THE FIFTH? I HAD A NINE THERE! THEY MUST BE GOOD!

I'LL SAY THEY'RE! I'M SURE ONE OR THE OTHER WILL BE THE WINNER!

9-20

Mutt & Jeff

ARE YOU NUTS GOIN ALL THE WAY OUT TO ENDEE'S HOUSE ON A NIGHT LIKE THIS?

SHE WANTS TO SEE ME RIGHT AWAY!

I'M SORRY I KEPT YOU WAITING, JEFF!

OH, THAT'S O.K., SUGAR! WHAT DID YOU WANT?

HOLD STILL A MINUTE!

SMACK!

NO, IT DOESN'T COME OFF!

WHAT ENCEE?

THE NEW LIPSTICK I BOUGHT! I GOT A DATE WITH JOE TONIGHT! HE'S SO FUSSY! 'BYE NOW!

9-20

Mutt & Jeff

WHERE ARE YOU GOING?

JUST OUT, MOTHER.

BUT I THOUGHT YOU SAID YOU FELT JUST LIKE TEARING INTO YOUR HOMEWORK AND DOING SOME IN ADVANCE.

WELL, I DO BUT I THINK IF I DROP IN AT THE CHOCOLATE BAR...

SOMEBODY MAY TALK ME OUT OF IT.

9-20

After framing civil liberties in a workable constitution, SCAP followed through with an effective one-two punch, a civil education and information program. Movies spearheaded the information campaign's war on Japan's ways of old. By 1950, audiences totaling 300,000,000 had viewed films encouraging them to meet their postwar problems squarely.

Newspapers, magazines and radio stations were freed from government control and familiarized with the responsibilities and opportunities of a free press. In 1945 there were 52 general daily newspapers; a year later, 132. SCAP guidance also resulted in adoption by the Japanese press of a code of ethics modeled after that of the American Newspaper Publishers' Association.

At the war's end, millions of Japanese school children received their lessons in abandoned barracks, shrines and out of doors. Though lacking funds to create adequate facilities for Japan's 19,000,000 pupils and 650,000 students, SCAP has made tremendous progress in completely reorganizing Japanese education. Aggressive nationalism has been removed from curriculums and replaced by democratic ideals and principles.

In addition to forming Parent-Teachers Associations, modernizing textbooks and reducing Japan's jumbled-up education system to four levels (elementary school, secondary school, high school and college), SCAP has enabled a large number of teachers to visit the U.S.A. and learn first hand the lesson of democracy.

Book Tells Of Flying Saucer That Passed Scientific Test

NEW YORK (AP) — A "flying saucer" that passed a scientific test is described in "2000 Miles Up," a book on conquest of the upper air.

The author is J. Gordon Vaeth, U. S. Navy aeronautical engineer. He does not claim the thing was a saucer, but he does not know what it was. It happened April 24, 1949. This is the first time the details have been published.

He describes the flying saucers which foisted thousands — namely the new skyhook balloons. The skyhook's even foisted aviators.

"Balloon personnel," he writes, "had more or less to the conclusion that their Skyhooks were the primary source of saucer sightings. They accordingly placed little stick in these reported sightings; that is to say, they

Some distance from White Sands, N. M., Skyhooks are instrument-carrying balloons, for observations at about 18 miles altitude.

Moore sent up a weather balloon, watching it with a 25-power telescope, a ML-47 theodolite, to track balloons. After 10 minutes, he took his eye from the telescope on it and saw an object at his balloon.

He saw a white object which was not his balloon. He turned the telescope, for a naked-eye ellipsoid about two-and-a-half times as long as it was wide. It was gleaming white. It did not have a metallic shine. Toward the underside, near the tail, the gleaming white became a lighter yellow.

The sky was cloudless. There was no haze. There was no vapor trail or exhaust from the thing; nor any noise of any kind.

Yet it was traveling too fast to get a hard, clear focus in the telescope to see details.

The amazing fact developed later, namely that this thing probably came up. It could not have been a balloon moving on the course it followed, unless it was higher than 17 miles; for the lower winds were not blowing in the direction this thing traveled.

"It represents," Vaeth writes,

Union Asks Workers Get Free Carfare

PITTSBURGH (AP) — Here's a union that's going to ask the employer to provide workers with free carfare.

Charles C. Levey, international vice president of the AFL-Building Service Employees union, says the union's 2000 Pittsburgh members are entitled to trolley or bus fare, while going to and from work, because they'll get only a small pay boost under the Wage Stabilization board formula. Wage rates were not disclosed.

The workers are employed in the steel city's biggest office buildings.

Levey told a union meeting yesterday the free carfare proposal would be submitted to management within the next few weeks.

Carfare tokens sell at three for 50 cents.

Changes In Constitution To Be Decided In State Election

AUSTIN (AP) — Texas voters have eight weeks to ponder five proposed changes in the state's constitution.

A statewide election is set for Nov. 13.

Drawing most attention is the amendment to raise the ceiling on public welfare from \$38,000 to \$42,000,000.

That would mean a little more money in the checks for old age pensioners.

The maximum payment would be increased from \$50 to \$60, John H. Winters, director of the State Dept. of Public Welfare, says the average check would be increased about \$3 or \$4. Checks will still be written in accordance with need and rationed in accordance with the total money available and number of recipients on the old age rolls. Winters said.

Should the amendment pass, the legislature would have to appropriate the money before it could go to the pensioners. Gov. Shivers has indicated he will call a special session early next year if the amendment is adopted.

Pension organizations are expected to back the proposal. The East Texas Chamber of Commerce will oppose it.

The American Legion is campaigning for another amendment that would add \$75,000,000 in bonds to the State Veterans Land program to finance long-term, low-interest loans for farms and ranches for Korean and World War II veterans. A \$25,000,000 program voted several years ago for World War II veterans has long been used.

Hundreds of unfiled applications are on file and more are expected if the voters approve the amendment.

Infrared film, without a filter, can be used in a camera the same as ordinary fast film.
